## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

**SAINT THERESE OF LISIEUX**

**“I am Saint Therese of Lisieux. Many of Us Saints continuously work through This Miracle of Divine Love, Divine Hope, because when This Miracle was Formally Presented, *the child* through whom I speak had no understanding of what was to be done in the years to come.**

**All of Heaven has opened many avenues to thousands of people, to help them understand more about what human life was created for, and of course, it has been revealed many times about that Special Gift that each human being received at the moment of conception.**

**This Revelation regarding This Gift of Divine Love, for the most part is misunderstood, because of early interpretations regarding It. Now that It has been revealed in Its True Essence, as being a Portion of The Father, it is difficult for mankind to fathom this Supreme Union because mankind does not understand, cannot understand, the Full Significance**

of What The Father Truly Is. The Father is Far More than the human mind could ever understand, for He is the Power beyond any human belief, understanding, imagination, or interpretation.

When This Miracle was given to the world, needless to say, there was much physical and mental 'Preparation'. The whole body had to be changed, formed, and made to accept Our Intercession at any moment, day or night. The 'Preparation' was one alone, and I add to this: there was no human interpretation or intercession allowed, because of the Magnitude, of the Purpose for which This Miracle was to transmit to the whole world The Father's Will, for the benefit of mankind's Souls.

There are many who stand outside of All that is given, determined to interpret, or I should say misinterpret the Value, the Magnificence and the Supreme Power that is passed for the benefit of Souls.

As I speak today, I speak through *a child, a woman, a Victim Soul*. My Message is of Great Importance because My Message is to the whole

**world. No one has ever been born in the human form that did not have a Soul.**

**It is important for all of mankind to understand that there are degrees in the Heavenly State of Being, of Living, of Existing, and These are what We call 'Rewards', because of the State of the Soul when the last breath is drawn from the human form. What purpose would human life have if there was no Goal for it?**

**Logic should tell mankind that as in the human living portion of life, man instinctively has goals, has ambition, has titles, and many, many times is seeking a source of success, upset with failure, and devastated when there is a hopelessness in daily existence, compare this with that Living Portion of What is instilled that is God-given at the moment of conception, and remember, that as this Soul is in a Pure State of Being at this inception, It is never without the desire, the need to return in the same State It was given.**

**So much has been given to mankind in such a dignified, respectful order. This Miracle must be seen for**

**the Great Purpose It has been given to mankind, and that is to remember that the flesh of a human being is not all the human being is. There is a Greater Portion of life that continually exists under all circumstances. It never leaves the body. It is the recipient of all that the individual does.**

**It is time for mankind, all races, all colors, all creeds, to stop all the sacrilegious acts, all the indecencies, impurities, desecrations, and to turn to that form of life that was the Greatest Direction man could have; no sacrifice attached to it, because no Commandment robs man of life. The obedience to The Commandments assure mankind of a better life, humanly speaking, but also for the individual's Soul.**

**I could speak hours on this subject because it is such an important subject for mankind to not just ponder over, but to see the subject for the value it is, and remember from Where This Lesson Came From. So be it."**

**DECEMBER 15, 1992 AT 9:00 P.M.**

**SAINT ANDREW**

**“There is an urgency for All that We have given to be delivered to mankind, in places throughout the world that most people would not think of. The urgency is because of the desperate need for men of all races, all colors, all creeds, to be informed of why human life was created.**

**In this Creation there was a Divine Purpose, not fully understood by mankind in any era of time, but This Miracle has substantiated and developed the Profound Reasoning of The Father’s Will, and has delivered This Purpose for mankind to read and to find sound reasoning to follow God’s Commandments.**

**Many of Us Saints were born in different areas of the world, but as We join together to work for The Father from Here, it is a privilege beyond human comprehension.**

**The Souls of all human beings want desperately to return from Where They began. Many thousands of men, women and children must learn All**

**We have spoken. The Father, through This Miracle, has Commanded Us to participate and help mankind understand the Importance of why human life was created, and why each human conception was instilled with that Precious Gift of Divine Love. So be it.”**

**DECEMBER 17, 1992 AT 1:57 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. Who is God? There are so many versions regarding His Full Existence, His Correct Identity. There are so many versions of What He Truly Consists Of.**

**Mankind must look around and see all the creations that mankind is incapable of. Mankind must see the values attached to all that is created. Everything has a purpose. Mankind must realize fully that though all of the creations are beyond human ability to create, mankind is the closest creation to God’s Identity, because of the Soul that is given at the moment of conception.**

**There are many forms of religious beliefs, and many who follow each of them. Many of these are totally designed through the imagination of an individual, or individuals.**

**Christianity has a tremendous purpose to It, and mankind must understand that it was God Himself Who Designed Christianity, and gave**

**Important Facts, Information, so that mankind would be able to see the value, the importance, the reason, the purpose, to prove Its identity as being Designed by The Father.**

**This Miracle is controversial, only because there are so many who lack Faith when The Father gives to the world such a Definite, Orderly Means to understand more, and to incorporate This in their Spiritual practices that give strength to their Spiritual Faith in the True Existence of a Living God.**

**When the time came and The Father gave to the world His Commandments, no matter how much has been taught about Them, how much in Them is evident that They all lead to a more Spiritual form of Christian living, some try to ignore the understanding that makes this Part of spirituality, this Gift from God, a Special Gift of Divine Love.**

**The Words that have passed through This Special Specific Gift are explanatory, explicit, and in many ways, bear with Them a sound force beyond human nature.**

**When mankind studies theology, studies words from the past, the interpretations that evolve come from the individual's understanding.**

**This Miracle is direct. If It were not direct, the amount of time that It has been present could not have, not be in the Degree It has been, especially not so directly directed in a Form and Format that has continued, even up to this moment.**

**The world has been Blessed. There are some signs that some want to change. It is important that morality not just be stressed, but be applied to every moment of life. So be it."**

DECEMBER 19, 1992 AT 9:39 P.M.

## SAINT ANNE

**“I am Saint Anne. So many times when prayers come My Way, the one who is praying joins Another with My Name. It is beautiful, for We, too, hear the joining of This Name with Mine, for She is The Heavenly Mother and She is Truly Divine. Many men in the world might find it difficult to speak This Word with Her Name, but I find it difficult to not combine Her Name with Divine.**

**The world is in a disgraceful form of desecrations, impurities, and a definite lack of genuine spirituality. There are so many versions of what is the correct way to honor God, to honor The Heavenly Queen, and of course, to accept The Beloved Saint Joseph in the Full Manner of His Way.**

**Up to this time, mankind resigned themselves to accept what was being taught in the manner others had learned it. You have come to a point of Spiritual Reality that gives more definition, more value, more truth, more understanding, of**

**a deeper Spiritual Reality, through This Beautiful Miracle that has been allowed to deliver so much Information that broadens the Faith and gives strength to more fullness of meaning in it.**

**So many different forms of religious beliefs throughout the world have been designed by individual minds, because of the limited degree of knowledge that mankind understood. A whole new world of understanding, more importance, has been handed to mankind through This Miracle, stressing specific areas for Spiritual understanding, giving more reality to the Individuals Who were not just of normal existence.**

**The world should be standing in thanksgiving for this Knowledge that has been so generously and beautifully delivered, giving to mankind more understanding regarding the Portion of God that is within each human being, the necessity that calls for Our Beloved Mother to be of Divine Origin, to be the Bearer of The Son of God, plus the logical reality that The One known as 'Saint Joseph' had to be The Spirit of God, Holy in Its Very Existence, to be able to accept and live the form**

**and way of life necessary to be the Foundation of the Birth of The Son of God in the structure of the family way, so mankind would be able to relate to the dignity of family life, and to see, not question, the Intellect of The Son, the Perfection of The Mother, and the Protection of The Father.**

**This Family Unit should be what all families imitate. The time in which you live, humanism has replaced so much dignity in the proper intentions for what is correct in the family structure.**

**I speak with a Love for mankind, hopefully in a manner that man can see Great Value to It and be able to respond to the Soundness in All that has been said. So be it.”**

DECEMBER 20, 1992 AT 7:58 P.M.

## THE SACRED HEART

**“I am The Sacred Heart. I am speaking in a manner for you to understand, in a language so that This Message will be understood by millions of people throughout the world.**

**I hold this Soul of *a small instrument* that in your day is termed by Us ‘*a Victim Soul*’ for all of mankind.**

**It is important for all cultures of human life to be alerted to All of the Messages that have been bound together, teaching mankind the Importance of human life and its closeness to The Father every moment in life.**

**It is important for mankind to transcend ordinary teachings that have been adopted as the full structure of spirituality for mankind to follow, and not deviate, even when more Soundness of Truth is passed to the world through *a Victim Soul* that, in reality, gives strength, more understanding and more fullness in**

**the concept of the closeness man is to God and God is to man, at all times.**

**I am saying These Words because man can relate to My Heart because of the understanding attached to this living portion of human life. So many expressions in man's manner of living use the word 'heart', not just dramatically, but referring to a form of living identity.**

**As I am The Sacred Heart, I am ever watchful over the closeness that your heart responds to Mine. Many expressions of love, of charity, of hope, of beliefs, in conversation or in the silence of prayer, use the heart as the connecting link.**

**There is so much for mankind to realize, and This Beautiful Miracle of Divine Love has and is giving mankind so much Direction, so much Instruction, so much Detail, that has never been revealed in this manner before this time.**

**My Love is Boundless, because It is the Love of The Father for mankind. I come on this night in the hope that in reminding you of My Love, all who will read This Message will, in some form, return love to Me when the time comes**

**for a choice to be made regarding a decision on purity or impurity. Do not forget, after a decision is made there is always a consequence and then a Judgment. Mankind oftentimes forgets that the choice is not the final word for the end result to be achieved regarding the Soul, and the effects the individual's choice will have on the Soul. So be it."**

DECEMBER 21, 1992 AT 1:35 P.M.

## GOD THE FATHER

**“Time, to mankind, is important because of the structure designed by The Father, for daylight and then darkness. Time is of the essence now, for the need of millions of Souls throughout the world.**

**It is good that mankind is concerned with physical food because physical food is a necessity to life, but so many throughout the world are not getting nourished with Spiritual Food which, in reality, has tremendous strength in It, and It is a Source for all of the human body, sustaining it morally, physically and spiritually.**

**Man says, ‘I must eat physical food or I cannot live.’ This is truth, but so many place the emphasis on physical food, appearance, habits, and forget that there is complete starvation where I am concerned in their life.**

**So many would say, ‘God would not speak.’ I do, I have, more often than is possible for you to remember, for through This Miracle I have Designed for a Great Purpose, I speak in what**

you would call, you would understand, you would interpret, you would feel, as normal conversation through this *Victim Soul* you are so close to.

It is true, many learn many Lessons in spontaneous meetings with her. There are many who remember a few moments of conversation. I smile at this, for you see, it is My Way of giving strength, sometimes courage, and oftentimes nourishment that in human form would not be termed 'nourishment', only a chance meeting, a conversation, a topic of a particular subject, or a few friendly Words when They are most needed.

The strict obedience *this instrument* is continuously aware of and immediately told to act upon is unusual for mankind, because man is used to doing things either on a personal schedule or when the time seems the most likely to talk, to research, to define, to communicate on many different subjects.

So many throughout the world are starving for What has passed through This Beautiful Miracle I have given with a Love and with a naturalness and with an immediate access to. A

**Victim Soul, to man, is one who must look, in appearance, different than others. That is not My Way.**

**Much is to begin. Many changes will be taking place. Much movement must be forward and no one must stand in her way.**

**Man says, ‘The one who leads the government of a country is the Commander in Chief.’ My Rules are similar, for do not forget that all the Souls throughout the world are within My Reach, and when I want Them to be part of This Great Miracle, I reach out in many ways to give Them access to partake.**

**As the Bound Words are tremendous nourishment for the mind and the Soul, I want you to remember that though many will fight to prevent These Words, they will be stopped by Me.**

**As I speak to you today in such a normal way, how else could you have heard the Words, for if I had approached you in a different way, there is no doubt it could have frightened you, it could have confused you, and you would not be understanding This Important Message**

**that I have given to you in this way.  
So be it.”**

DECEMBER 21, 1992 AT 2:05 P.M.

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. You would expect there would be a formal court hearing for all to understand more about This Miracle that has given so much to mankind. The court is in the process in many areas of making determinations.**

**Some of these so-called court scenes are at a table such as you sit at now. There is food, there is liquid, and many determinations, not all founded on truth, but on interpretation.**

**As We speak through *this instrument* of The Father’s, We speak Words of Sound Direction for the benefit of every individual Soul.**

**Physical life to man is important, because it is what man understands, what man feels, what man relies upon for daily living. I, Saint Alphonsus Liguori, make this next Statement and It is One of Positive Truth: As the physical life to man is so important, the Spiritual Life to man is more important.**

**There are so many ‘doubting Thomases’ throughout the world. It is their manner of disregard for understanding Truth, because as it is Truth, it interferes with their way of life or their own determinations on values, on standards, on ethics, and what is important; of course, judged only by themselves.**

**This Miracle is constantly discussed, and many desire to be close to *this woman*. There are so many times it is Our separating them from her, her from them, because their intent is only to do damage to What is occurring that is so important for Souls.**

**The clerical vocation has dismissed many important practices, issues and fulfillments of what this vocation was formed to uphold, to teach, to instruct, and to be the example of.**

**I have spoken today to give you My Words, not just to enlighten you but to alert you: All is not the same on the outside of ‘this place’ as it is on the inside. Remember this. It is an Important Message. So be it.”**

DECEMBER 21, 1992 AT 2:20 P.M.

## SAINT ANDREW

**“I am Saint Andrew. Many of Us are announced to be the Patron Saint of a church, of a school, or some religious organization. So many times those who belong to these individual places forget to speak to Us. They only remember Our Name.**

**Many of Us Here have particular areas of life that We are dedicated to, and We are always listening for individuals who request certain answers, certain help in these areas. This does not mean that We do not hear all the prayers that are requesting some form of help. The final judgment on, to what degree it can be done, We can be Part of, is determined by The Father.**

**When We speak up and try to help an individual, We must take many things into consideration: the purpose of the request, the reason for the request, and what results will be the most beneficial for not just that moment, but time to come.**

**I, Saint Andrew, say: ‘Your repetitiveness in prayer is good. It is necessary, because it is your sign of Faith, your love for your Faith in the power of prayer, and how you act in your love, your hope, your respect, your attitude, and then your acceptance of The Father’s Will as the results take place.’ Never feel a prayer is not heard. Never feel that you are passed by and We are busy another place.**

**It is difficult for many to feel there can be so many different categories of religious beliefs, and that all who pray through their own belief will be heard. Please remember one very important issue: All children are born with a Soul and the Soul is a continuous communication with The Father. Remember to teach the little ones that they must honor their Soul and they must remember to keep It pure, according to God’s Commandments. So be it.”**

DECEMBER 21, 1992 AT 2:58 P.M.

### SAINT TERESA OF AVILA

**“I am Saint Teresa of Avila. It is a privilege for All of Us Here to be able to speak so direct to those yet able to serve The Father in the human way.**

**When We hear mankind speak of how much interest he or she has in the guidance of the young, the help for the poor, We oftentimes want to say out loud, ‘Do it; don’t just think about it, don’t just discuss it, but remember also that there is starvation for Spiritual guidance, and you might be better at this type of work, occupation, than you realize.’**

**As I speak, I am in Heaven like I was upon the earth, able to be straightforward and able to see things for the strength that must be shown.**

**You live in a time of much moral weakness. You live in a time when mankind speaks of improvement, but does nothing about it. You live in a time of much desecration to Spiritual beliefs, articles, and of course, The Commandments of The Father. You live in a time of humanistic drives,**

forces and involvements, omitting purity of mind, of body, for the benefit of the Soul.

**Y**ou live in a time of many who believe in the enemy of God and of man. You meet them in all stages of life, all occupations of life, but they do not show their true side and it is difficult to recognize them. Evil has a way of disguise, and many disguises are used, because the trickery of the evil one does not allow what is there to show, because of the instant rejection, fear that would occur.

**I** lived in a time when my strength had to show. I had to speak openly, forcefully. I do not regret this manner of life that I instinctively followed, innately felt, because it was within my character, my beliefs, and also, in my Spiritual growth.

**I** come today to speak through *a little one* in the world. I speak because The Father has trained her to listen to Every One of Our Words. A situation like This is oftentimes impossible for learned men to understand because they are on one track or two, and these tracks are usually of self-importance and in a direction that they understand.

**Many times learned men and women read what others have to say and use this pattern for understanding and belief as not just a possible way, but the only way.**

***The little one* through whom I speak is extremely sensitive to more than Those of Us Here, for many things occur. Her awareness is unique.**

**You must understand that This Miracle that has been given to the world is to teach mankind to be strong in moral values and moral standards, the venue for the Goal to be received. Remember this. So be it.”**

**DECEMBER 22, 1992 AT 3:05 P.M.**

**SAINT AGNES**

**“I am Saint Agnes. As We look at all areas of what is occurring in the world, it is difficult for Us to accept so much struggling between the good and the evil. As you know, when you open the door, through conversation or a situation that you are unfamiliar with, many times there is something that you wish you were not looking at, exposed to, in sight or words.**

**Today, in your time of life, there are so many facades that cover up satanic intervention. So many people are not seeing the disguises that are being hidden by what is up-to-date, all right to accept, and a new standard of thinking.**

**If mankind were to see, in every part of the world, the earth release millions of poisonous snakes, it would be impossible for mankind to deal with, to control it, and it would be a very frightening experience.**

**You can compare this with satan’s intervention in many places, with many people’s ideas about what is**

entertainment, what is normal living, what is totally acceptable, because mankind has blinded themselves in a tremendous degree of temptations, of indecencies, of sacrilegious activities.

**Man** says: 'I do not want to believe there is so much wrong in the world. When I read such Words as These I become irritated. I do not see things in this manner.' That's right. Mankind has become so accustomed to thinking lower and lower in the degree of discernment regarding purity versing impurity, that it is becoming easier and easier to adjust, to accept, to partake in all that is disagreeable to God's Commandments.

**Man** says: 'I want the best out of life. I want everything I can get. I want to be rich.' Of course, mankind means material gain, tremendous monetary values, and freedom in every area of life. By freedom, I mean, to interact with all areas, even the most acceptable morbid abuses to the Soul, to God's Commandments.

**When** mankind celebrates a scheduled Holy Time, he does not always remember the Spiritual side, the beneficial tribute regarding the

**part his or her Soul is involved in. This is the last thing on man's mind. I, Saint Agnes say, 'Celebration should be a happy event, one that remembers that dignity must be evident in every area, and that the Soul must never be forgotten.'**

**This Miracle has given so much emphasis on the Importance, the Magnitude of that Precious Gift of Divine Love. Remember, example can be the finest form of teaching, and it can be the most memorable act of love to everyone you come in contact with. So be it."**

DECEMBER 26, 1992 AT 8:33 P.M.

## SAINT BONIFACE

**“I am Saint Boniface. I have not spoken many times in a formal manner through This Beautiful Miracle The Father has given to the whole world. I must say though, I have had the privilege to be instrumental in much of the Instilling in this *little instrument* of The Father’s, wherein Lessons were taught spontaneously and for Specific Purposes.**

**So much has been given regarding man’s responsibility for the Salvation of the Soul. Mankind’s interpretation of this Generous Gift of Divine Love is difficult for mankind to fully understand, or even grasp Its Manner of Being. My sincere request to mankind is not to take the Statement that the Soul is a Portion of God in such a literal association to human flesh, but to respect The Father’s Manner of allowing something beyond man’s comprehension to be What the Soul is.**

**There are so many subjects that have not been properly delivered**

**through all the writings of the past. So many things have been misinterpreted because of the translations. I am not saying that what has been learned is wrong or false, but the full definition is now becoming clearer and more in a concept that mankind can feel closer to.**

**So much has been spoken regarding that Special Gift of Divine Love, because The Father wants mankind to realize and to feel that Personal Association with Him, because man was created for a Specific Reason, Purpose and Union, defined only as Divine Love in Its Full Essence.**

**There are so many things yet to be revealed to give mankind further understanding of the Closeness man is to God, and God to man. So be it.”**

DECEMBER 26, 1992 AT 9:02 P.M.

## SAINT DOMINIC

**“I am Saint Dominic. Mankind relates to a certain type of prayer or request in prayer when he thinks, or she thinks of My Name. At this time All of Us Here in the Heavens feel it is important for mankind to pray in the manner they feel most comfortable with, and also to remember that We hear all prayers that man decides to speak, to think silently with, because We are All in a service to help everyone, in every way The Father Wills it to be done.**

**Prayer is an important communication because prayer says there is Faith in God, there is an understanding between the individual and The Creator of All Things.**

**Prayer is somewhat like conversation. Some might say, ‘It is so one-sided,’ but this is only because man does not hear Our Response, or feel results of requests immediately. All of Us Here, The Saints, passed through the human life and are in full understanding of how mankind feels**

**in all areas of need, hurts, troubled times, and regarding decisions in many issues of daily living.**

**When you pray, speak it as you feel it, and trust that you have been heard. Your prayer is your Act of Faith. Your trust is important, because it means you believe that there is a *union* in your prayer with Divine Love, Divine Intervention. Never forget that as you pray, when you pray, there is always Someone or Many of Us listening.**

**I bless you with a Love not fully understandable to you, but I, Saint Dominic say: ‘Trust this Communication We have, for each time you pray your Soul is closely connected and your Soul finds great happiness in your Act of Faith, your Act of Hope, your Act of Love. There is more strength in prayer because, through prayer, your Soul is definitely involved.’ So be it.”**

DECEMBER 26, 1992 AT 9:28 P.M.

## SAINT STANISLAUS

**“I am Saint Stanislaus. There is so much moral confusion throughout the world. Many people who have held a great importance on The Commandments of God, have suddenly set Them aside because of what they feel is a thing of the past, that the moral code of ethics has developed into more liberal thinking because mankind has changed.**

**This is a tremendous sadness, but even more than sadness, We Here see it as a major destructive attitude and a cause for alarm for all the Souls involved.**

**Mankind says, ‘We live in a modern world,’ and on the other hand, the same ones who say the last statement cannot handle the physical plagues that immorality is the basis of.**

**If the whole world of mankind, for one day, would continuously repeat God’s Commandments, and not enter into any other form or topic of conversation, it might appear or**

sound or feel dull, but there is no doubt, in the memorization of The Commandments, a bell might ring the next time One was to be broken.

**M**ankind justifies all new concepts; he calls it 'modernization'. Let Me remind you, there is nothing in the world more updated, more modern, more logical, more reasonable, more understanding of human life, than God. Mankind forgets that 'creation of all things' came from God, Who is More than any human mind, ability, could ever come close to.

**M**ankind must, for his own good, remember God's Commandments and stop rationalizing, justifying, making excuses for the slightest disobedience to Them.

**T**his Message is for all races, all colors, all creeds, for though mankind comes from different parts of the world, there is no human life that was conceived without a Soul, without God's Intercession, and of course, without being one of God's Creations.

**I** want My Words to travel throughout the world, because even the smallest intellect will be able to understand the Justice of God,

**the Love of God, is written in His  
Commandments. So be it.”**

**DECEMBER 26, 1992 AT 10:33 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“Knowing that the power of suggestion has a very important impact on many areas of mankind’s behavior, goals, interests, and Spiritual life, We have been given the tasks to instruct, to encourage, to renew and to help mankind better understand the Importance of why man was created, and to remind mankind that in God’s Love, He has many times since the time of Moses, drawn attention to His Commandments, so that mankind would be reminded that The Rules that He intended for man to follow were applicable to all the important parts of human life, actions and goals.**

**The power of suggestion is oftentimes ignored, because the individual or individuals have grown apart from the sound reasoning that is so beautifully put in the Wording of God’s Commandments.**

**I am Saint Alphonsus Liguori. We use a very small voice, a small human being, to deliver Words of encouragement, suggesting to mankind**

**sound, logical reasoning that is so beneficial to the Goal of Sainthood.**

**Human life is not always thought of as the Great Gift it is, because mankind does not reflect on its Full Purpose. That is why it is so important at this time, for all races, all colors, all creeds, to read the Bound Words that deliver to man so much, forms of suggestions, to be reminded that there is a Life beyond human life that is Special in so many ways, and is beyond man's understanding of such Beauty, such Happiness, and such Divine Love. So be it."**

DECEMBER 28, 1992 AT 8:50 P.M.

SAINT ATHANASIUS

**“When the Bound Words are passed to a great number of people, at first many will say, ‘Why would so Many Saints take Part in This Miracle that is said to be of such Great Importance?’ At first it might be difficult for many to believe so Many of Us would speak, because it has not been done before this time. I am Saint Athanasius.**

**There are many men, women and children of all races, all colors, all creeds, who want the world to be better morally than it is. All of the Instructions, the Directions that have been given by All Here, is to encourage mankind, to instruct mankind, and to give mankind the manner in which all can partake beneficially, to correct so many wrongs that are being practiced throughout the world.**

**Justification of these wrongs is because mankind has forgotten the value of sound moral values, sound moral standards, and the Importance of human life according to God’s Standards. Though there are many**

who are dedicated to fight for what is right, there are many who do not see These Standards practical, logical, or in keeping with their way of life.

There are so many heresies throughout the world, and it is sad to say that mankind is ignoring important things such as heresies are.

There are so many ways for mankind to make daily living a happier event and in many ways grow in hope, because of the Reason for which life was Instituted by God Himself.

There are many men, women and children who will find the Bound Words not just a delight, but an inner understanding, plus more strength in being able to face obstacles, internal and external. All the things that have been passed through This Miracle are to encourage mankind to see the Value of that Special Gift of Divine Love, the Soul, Its Purpose and Its Goal.

Mankind daily has rules he must adhere to, man-made rules, because these rules give order to work areas, scholastic areas, home life, and every other area of man's life. I do not just suggest but I encourage all of mankind to relearn God's Commandments and

**begin to understand the full meaning meant by each one. Though They appear simple in form, each has a great depth in meaning.**

**When mankind looks in a mirror he sees a physical being. When God looks at mankind He sees the condition of the Soul. So be it.”**

## SAINT PAUL OF THE CROSS

**“I am Saint Paul of The Cross. This Particular and Special Miracle that has been given to the whole world is for the good of all Souls of all of mankind. The Father, in giving This Miracle, had a Special Reason, a Special Purpose, and that was and is for all of mankind to understand and to realize that human life is special, and has a Special Goal for it to continue, through that Divine Gift, the Soul.**

**Man says, ‘I cannot see the Soul I hear about.’ True, but man, in his intellect, in his understanding that human life is a Special form of life and obviously had a Special Goal for it, the more We have taught through This Miracle regarding the Importance of the Soul, the more We see mankind beginning to open up in their thinking regarding this Gift of Divine Love. Human life, to these people, has more Purpose, more Reality for its existence and in its existence.**

**The Soul is not a piece of flesh as man knows flesh to be. The Soul**

is a Special Entity of The Father's, impossible for mankind to fully understand, but not impossible for mankind to believe in Its existence. If there was no Soul attached to human life, man would not have an inward feeling or a belief called 'Faith', that there is more to human life than what mankind sees in the physical form.

Many learned men try, in many ways, to seek forms of modernization to update man's belief in a Supernatural Power, but for the most part, they are what man would call 'grasping at straws' because of their lack of sound Spiritual ability, because through the modernization they omit a very practical understanding regarding the Importance of human life, and because it is so important, and because within the intellect it is innate to believe that human life is a Miracle of Divine Light.

So Many of Us Here have spoken with so much Instruction, so much emphasis on the Existence of the Soul. The Soul is the Foundation of Understanding of a Higher Being. The Soul is the Connecting Link between God and man.

**As it has been said before, ‘We are All ready to speak through This Miracle of Divine Love.’ Millions must receive the Words. The Father is depending on the Bound Words to reach all corners of the earth, to give mankind of all races, all colors, all creeds, what He wants them to understand regarding this Special Gift of His Divine Love, and that the Goal of This Gift is Sainthood for all time to come. So be it.”**

JANUARY 1, 1993 AT 6:01 P.M.

**SAINT THOMAS AQUINAS**

**“I am Saint Thomas Aquinas. Historically, those in high places made rules for others to live by, to live in accord with, and to be ruled by, in many areas of life. Historically, the personalities of those who made laws, their integrity, their opinions, many times their selfishness, and many times to satisfy their own ambitions, the laws were not just submitted but put in such a way that everyone was accountable to those laws, because of from whom those laws were made, as edicts to be followed.**

**I have spoken much through This Miracle called ‘*The Miracle Of Saint Joseph*’. I did not always announce My Name because many times it was not necessary, due to circumstances or due to those with whom the conversation was with. So much has been spoken about the turmoil, the contradictions in the world, where morals are concerned, where man’s laws, in some ways, have become less supportive of God’s Commandments.**

**It is necessary for mankind to make changes, to correct wrongs, or to correct things that need improvement, but there is so much indifference in the past years to sound spirituality, where sound values, sound standards, sound ethics are a subject for concern, consideration, observation, and looked at for better understanding regarding the upholding of the codes related to The Commandments of God.**

**Mankind, in these past years, has become more and more involved in destructive measures that are accepted, because man can find no solutions to eliminate the destruction that is occurring, to eliminate the passages from which so many heresies are passing and being accepted, and where immorality is discussed, and to many, impossible to correct.**

**Man has forgotten a very important issue. He has forgotten that idolatry of wrong, submission to wrong, can be corrected. It just takes looking at a scale that is showing good on one side, evil on the other side, and then looking at all that is involved in the evil, basically to corrupting the mind and the body of human life, and then looking at the scale where the**

good is being weighed and seeing the value of soundness in goodness, in what is right, what moral actions can be used to make this scale weigh so heavy that it goes to the bottom, and without a doubt, outweighs the evil.

All it takes is man's decision to stop the greed, stop the obsession with freedom to act immorally, no matter what the cost, no matter what the price to the Soul. Mankind, for the most part, has become oblivious to being the custodian of a Special Gift of Divine Love, the Soul. I have heard many say, 'If I can't see It, how can I worry about It?' This is not just sadness, it is a disgrace to all that God has given mankind to support the evidence of mankind possessing Something Special.

Why would God have given mankind The Commandments to live by? It was an Act of Love beyond man's understanding, and They have remained consciously, or unconsciously, for what man calls 'three thousand years'. These Commandments are to be spread throughout the world like an alarm going off saying: 'Wake up. God is reminding you to remember what you are all about.' So be it."

## SAINT CHARLES BORROMEIO

**“I am Saint Charles Borromeo. There are so many involved in the education of the young, who concentrate on the system of learning that initially is based on the ability to write, the ability to read, and the ability to count. This basic system is necessary, because it gives the fundamental understanding of necessary ways for communication and for the ability to support the communication. Then the educational system uses other subjects to instruct the young in past historical events and geographical locations.**

**There are many adults who, in their relationship with the very young, ignore the values of more understanding in truth that must be learned, because of the importance these truths will have on many decisions regarding values, standards, and a basic format of what is right, what is wrong, what must be accepted and what must be rejected. Sometimes it is difficult when, in teaching a small child, that the rules that must be**

**obeyed are for more reasons than the incidences occurring at that time.**

**Children must be taught all the aforementioned things, but they must also be instructed in their Closeness with God, and that in this Closeness with Him, He is Ever Present within them, in watching over them, but also in the effects of their actions on Him, how it saddens Him if they do wrong and how it gives Him happiness when they do right.**

**Most people teach the children that this makes them happy, or them sad, and they eliminate teaching the child about this Close Association with God, right from the time of communication. Many times mankind eliminates instructing a small one that there is a Deep Close Association with The One Who Created Everything.**

**As I speak, I speak with a real concern, because there is so much neglect in this area, even when some feel they have covered it well, but in reality, in covering it, they have forgotten some other aspects of life that they have covered more dramatically, more emphatically, and that is the participation in being a**

**part of activities, friendships, and being aware of all the latest interests available.**

**To broaden one's mind, and to be acquainted with, interested in, and to participate in all the so-called action that is enjoyable, interesting, pleasant, and participating where others are involved, has an importance to it, yes, but the little ones must learn that there is a God and He is within their being, for it was through His Love for mankind that this child was created. So be it."**

**JANUARY 4, 1993 1:28 P.M.**

**SAINT ANNE**

**“I am Saint Anne. It is sad to hear so much discouragement where Sacred Issues should be kept in a dignified area of thinking, and of paying honor in the right manner, for the right reasons.**

**As We hear you refer to one area that mankind is using to get attention, first to modernize and to develop a new concept so that it will cause many changes that are not proof of anything but mankind’s power to do such things, this power is weakening the foundation of Faith in what has been taught before this time. Whenever there is confusion, devastating opinions, and cause for dramatic, impulsive change, you can be sure the results will be for wrong.**

**Mankind is unkind in many ways because of the lack of understanding regarding The Holy Trinity. Many Lessons have been taught traditionally, and as you know, when tradition is based on stability, strength, goodness,**

**it has a tremendous effect on the lives of millions of people.**

**The Father's enemy is walking throughout the world and attaching himself and his wickedness to many who are in powerful places, not just the spiritually oriented areas, but in other areas wherein there is a personal need for power to be the governing factor over others' lives.**

**It is sad to see so many attracted to impractical, illogical, improper changes, that History has given so much strength to. Some men stand back and say it's time for a change, and they overwork the word 'renew'. When something is renewed, if it is done the proper way, for the correct reasons, and definitely as beauty, decency, soundness, and of course truth, then there can be no question as to its validity. If this change or any changes were properly directed and correctly done, The Father, you can be sure, would use what you would call 'a direct line to mankind'.**

**There are so many outside this room who do not fully understand This Beautiful Miracle that The Father has given to teach mankind the Purpose of**

life, the Goal of the Soul within each life, and expressing His Love, in some ways delicately, in many ways firmly, but always extensively.

The time in which you live is a time comparable to the time in which Moses lived upon the earth. So much was passed to this individual man. Only The Father has the Power to do this. In your time, This Miracle through which I speak is a Miracle of Divine Love. No man could create what This is. Everything has been given to prepare all races, all colors, all creeds, to better understand the Importance of human life, the Purpose of human life, and the dignity that The Father Wills it to be, in all forms of mankind's living.

Man talks about lifestyle. There are many Great Saints Here in the Heavens Who walked the earth as you, but They felt the need to practice Their Faith in The Father, always in a pure state of being.

The Constitution for life was delivered by The Father, passed through a beloved son, who fought very hard against all odds to make the people understand the Importance

**of These Rules, and They were The Father's Commands.**

**Today in your time, there is so much being taught through one small *Victim Soul*. Everything is to give mankind strength, understanding, and a reasonable belief in the Purpose for which man was created, to understand first that within each man there is a Soul, and this Soul is the extension of human life for all time. This Soul is a Portion of The Father. When someone says to you, 'That can't be, It is not a Portion of The Father,' you can immediately answer, 'If I did not have within me some identifiable Portion of The Father, how could I have the Faith to believe in Him, and in Heaven as His Goal for me?' So be it."**

JANUARY 27, 1993

SAINT ALPHONSUS LIGUORI

**“As I spoke through *this instrument* of The Father’s on this night, it was to not just give you an outline of the Importance of This Place, of This Miracle, but to give you the Correct Information so you, in your way, can extend to others outside this room, the correct attitude. In this, you will find others attracted to you for what you believe in.**

**I am Saint Alphonsus Liguori. As I hold *this instrument* close to Me, time has caused much exhaustion to the body, for the responsibilities placed upon her shoulders have been a weight greater than all the oceans in the world.**

**Your Souls, remember this, are fluid in Their action, because They are constantly involved with everything you do, every prayer you say. Every action you take, your Soul is involved in a very, very ultimate way.**

**Man says, ‘I cannot feel my Soul.’ That is not true, because every act you perform, you know if it is**

**right or wrong. Also, when you are faced with issues that could be moral or immoral, you instinctively know that the decision you make should be a moral one.**

**Right now in the world, there are many who know about This Great Miracle. There are many who disapprove, and yet on the other hand, there is much approval. Many who disapprove would not say it to your face, many who approve would not say it to your face, so you must go your way, believing in what you believe, acting out in the proper way, always keeping in mind that those who see you, those who listen to you, are affected by all the things you say and do.**

**Your life is not something that belongs in one little spot. Your life is a close connection to all mankind, for as you walk, no matter where it is, you are seen by others. As you speak, you are heard by others, and whatever you do, remember that God sees you.**

**There are so many things to be spoken about yet, through This Beautiful Miracle of Divine Love, of Divine Hope, The Father's Will for**

**mankind to better understand the Beauty of the Precious Gift, the Soul.**

**We All stand ready to speak through This Miracle. We All say to The Father, 'Tell Us when.' He says, 'I will.' You see this as a very close connection of Us to Him. This is true, but remember, through your Soul you have a very close connection to The Father, to His Will, to His Love. Never forget this, and when you pray, remember that He listens to every word. Your words are important.**

**So much damage is being done to all ages throughout the world. This Miracle has been given at a time when It was most needed. A time similar to this was three thousand years ago.**

**Let no one discourage your Faith in any form that you have for The Father, because you see, satan tries very hard to discourage love for Him.**

**Do not forget one prayer at night before you lay your head. Pray to the Soul that God gave you, for the Soul is more closely connected to you than your head. So be it."**

FEBRUARY 1, 1993 AT 1:58 P.M.

### SAINT ALPHONSUS LIGUORI

**“We are ever present where This Miracle is present. It is difficult for some to understand Our Presence so often through *a child* such as them.**

**This time in the History of mankind is a Very Important Time of Spiritual enlightenment, Spiritual hope, because so much is being delivered to enrich mankind’s life in more understanding of The Father’s Will, The Father’s Way, The Father’s Communication with man, and The Father’s Gift of Divine Love to man, the Soul.**

**I am Saint Alphonsus Liguori. Many Words of Important Value have been passed through *this instrument’s* way so that people of all ages, all colors, all creeds, could learn more about what the physical life is truly consisted of. There is a full measure of all that is good passed through the Soul to teach the will, alert the intellect, and to teach mankind to embrace the Spiritual and all that is good.**

**Man goes to class to learn about God. Something has encouraged this need for understanding, for knowledge. The Soul is That Portion of human life that encourages mankind to seek more information to better understand more about The Father's Part of living with man.**

**So many who feel interest and an extreme desire to seek, and then to find more about their connection to God Who, in Essence, is more than just Divine, be thankful for what you feel, what you innately desire to find out more about, regarding your Spiritual life. There is a great need in man for continued and more information regarding association with The Father, closeness with The Father, and to ultimately gain Life with Him for all time.**

**So many Blessings have passed through This Beautiful Miracle that was first named '*The Miracle Of Saint Joseph*'. When it was revealed of His Full Position, His Full Place, as A Portion of The Father, some rejected This Information, but as time goes on, the reality of Its Truth, Its Validity, will leave a Mark that could never be erased.**

**Remember what I have spoken, for as you live in this time, your belief, your love in what you have learned, is part of History that will be talked about in future times because of the Important Revelations that have been recorded for all time. So be it.”**

**FEBRUARY 10, 1993**

**OUR HEAVENLY MOTHER**

**“So many times people look at a Crucifix and they do not realize the suffering that came with the Crucifix. The suffering was beyond man’s comprehension. It wasn’t just the nails, it wasn’t just the suffocation in dying, it wasn’t just the fact that the people did not understand; it was because He knew at that time that the people from that point on, would have many times in History that the enemy of God would be prevalent throughout the world, and you live in a time now where the enemy is in every corner, every place, and in many people.**

**Children are not being taught to be cautious, because so many parents are afraid to scare the children, frighten them, but children should be taught the necessity to pray and to see the beauty in prayer, and to recognize that the prayer that they say is received within their Soul, and That Soul takes that prayer right to God, because the Soul does not have to leave the body to get God’s Attention. The Soul remains**

**within the living human being and the Soul is in constant touch with God.**

**This is difficult for some human beings to understand, but it is Fact, it is Truth. As you walk each day, remember that everything you do the Soul is aware of, everything you say the Soul hears, and the Soul is totally aware of whether it was good or bad. The Soul is also prepared to help in areas that you ask for help, because the Soul has this authority, this place, because the Soul is a Portion of God. Do not forget this.**

**I am your Heavenly Mother, and I speak through this one such as you, *a child* in the world, who walks a very difficult Path at this time, with so much to be handed to mankind, for mankind to understand the Importance of that Living Part within them, called 'the Soul'.**

**Much has been revealed regarding This Portion of life, and some refuse to believe, for they do not want to have to go through Another Portion to reach God. This, in many ways, is a ridiculous form of thinking, because they should be thankful to God for that Precious Gift of Divine Love,**

**the Soul, a constant Communication with Divine Love.**

**Be prepared, My children, to stand up for what you know is right, to profess what you believe is correct, and do not dignify wrong by accepting it, for when you do you weaken the one you are talking to or acting with.**

**Prayer is an important part of life, because prayer says to God you are in constant communication with Him.**

**It is difficult for mankind to understand the Greatness of God, for man is limited in his and her own way regarding that ultimate Gift of understanding, but be assured that the Soul you have is truly your Communication with Almighty God. So be it.”**

FEBRUARY 15, 1993 AT 3:15 P.M.

### SAINT ALPHONSUS LIGUORI

**“Common sense says, if the building is falling down get out quickly, if the bridge is collapsing get to safety as quick as possible. Common sense also says, if you are being directed, instructed against what is proper, moral, walk away and do not become subjected to the wrong that could damage you or your Soul in any way.**

**So many times I see people of all ages back down when they are pitted against a situation that instinctively they know is detrimental to their morality, and they do not run away, walk away, or act in defiance to such an intrusion on their moral code of ethics.**

**Mankind oftentimes refuses to stand up for what he or she knows is correct, is proper, is morally sound, because he or she does not want to be called ‘weak’, ‘immature’, or some other adjective that would be belittling to their dignity.**

**I, Saint Alphonsus Liguori, say: ‘It is important that when any type of**

**suggestion, direction, confrontation or edict is forced to be acted upon, that is vital to the safety of one's Soul, there is no excuse, no logic, no reason that it should not be attacked before it attacks the individual who will be victimized if he or she succumbs to the will of the one invading the privacy, the privilege of another's choice, decision, will.'**

**Remember These Words, and in many ways They can be taught to all ages, because you live in a time with so many who are intensely weak morally, are bullies in ways that gives them confidence in sadistic things, demonic pleasures and false power.**

**This Message is, in many ways, not what some people like to hear, but in this time you must learn to stand up for what you know has Value, is Truth, and will affect the purity of your Soul. So be it."**

FEBRUARY 20, 1993 AT 6:25 P.M.

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. There are so many obvious signs being given to mankind, alerting man to the dangers lurking on every street, in every place, in many ways, but mankind is openly ignoring the signs of danger through the moral obligations to The Father, that human life has and always will have, because of the Importance of man’s Creation and what is obviously an extension of God’s Hope and Love for mankind, which has been taught to be the Soul.**

**Man says, ‘I am under tension,’ but when these words are spoken, man is referring to what he is physically involved with, and particular people he is involved with.**

**Let Me make a comparison. The physical body can truly withstand a tremendous amount of burden and difficulties and tension. The important thing here is that man does not allow the Soul to suffer, does not allow the Soul to be inundated with offenses against God.**

**The Soul does not say to man, 'Please do not abuse Me anymore,' but man can say this out loud and be heard. It is important for mankind to understand that as the human body is important, the Soul is also Very Important.**

**You do live in a very sinful time where, no matter where you turn, there is an obvious act or words or some form that can be very tempting, intimidating, and totally diabolical.**

**Man is not a puppet. There are no strings attached to man, because man has intellect, he has the ability to make decisions with a will that God gave every human being. It is important that man must protect this will every day, because it is through this will that the Soul can be scarred, demeaned, or made to suffer. The injustice of this, man would not want the physical to endure.**

**It is time that mankind begin to see that no human being walks alone; where there is one, there is also a Portion of God that never leaves the body. That is a strength beyond what any human love can give or be, and as long as the Soul is present, the**

**companionship, the association is beyond anything man can design, man can create, man can truly fathom.**

**This Lesson should be taught to the whole world, because no one is ever alone day or night, from the moment of conception. So be it.”**

**FEBRUARY 21, 1993 AT 5:07 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. There have been times in the past when an individual child was chosen to bear a great responsibility, a tremendous task, for the Souls of millions of other human beings. This time is present in the world today.**

**This Precious Miracle of Divine Love has been given to the world to instruct mankind in many ways, where mankind has become lax and out of line. The line I speak of is the line of obedience to The Father’s Commandments.**

**There are so many areas of man’s behavior that is detrimental, where the Souls of man have become victimized in many degrees worse than Sodom and Gomorrah. I relate to Sodom and Gomorrah because these places man is familiar with, because much was taught regarding the demonic ways that destroyed these places, because there was no other way to stop all the desecrations.**

**In silent prayer, many are heard to ask for favors. Many favors are given, but there is a thin line sometimes that mankind uses, and does not see the importance of responsibilities where man, too, must practice charity, kindness, love, response to the importance of what is needed where the individual Souls are in jeopardy.**

**I could speak for hours to the world through This Miracle, but as We see things in the state of chaos they are now, We want mankind to take one step today, another one tomorrow, another one the next day, and continue taking steps to correct what is wrong, what is dangerously destroying the good that The Father Wills to be exercised according to His Commandments.**

**I speak through a tired voice, for We work constantly, instructing through her, Important Issues, Important Details, Important Plans, for mankind to see the Value of, and not reject Them.**

**It is My Love for mankind as I bless through This Miracle of Divine Love, Divine Hope, Divine Will, and those who reject What is being taught, instructed, must understand We see**

**the consequences of disobedience, and We ask all to stop, think, and use discipline. So be it.”**

**MARCH 6, 1993 AT 2:40 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“It is with great happiness that We speak today, because your response to Our Entrance was so welcome and We felt the happiness in your hearts because of Our Presence.**

**This Miracle is comparable to the time of Moses, even though mankind walks a more modern way of life. Basically, other things are not different. By this, We mean man has a Soul. This has never changed, and it is now as it was then, Words poured forth, teaching mankind of this Ultimate Gift of Divine Love.**

**There are many who hear of This Beautiful Gift and they try so very hard to put It aside, because they do not want to carry the responsibility that radiates through All the Messages for the Salvation of Souls.**

**If you were to walk down the street and say to someone you know, ‘Hello, how is your Soul today?’ can you imagine the reaction you would receive?**

**The Father has not asked mankind to take such a step communicating with man, because it has never been done and it would be difficult for mankind in any era of time, to partake in such an intrusion on their moral values, standards, and the results that would have to be accountable to their fellowman, because the condition of their Soul is such a personal portion of life.**

**As I go on, another question that could be annoying, upsetting, and raise an aggravated tone of voice, would be, 'Have you said your prayers today?' You might hear, 'It's none of your business.'**

**I am Saint Alphonsus Liguori. Standing with Me is The Mother of God Who, in reality, is The Mother of all mankind.**

**This Miracle was given to the world to not just teach, not just instruct, not just to advise, but to inform mankind that human life is the Most Precious Gift, Design, Creation, that The Father gave as part of the creation of the world.**

**It is sad when it is difficult for men, women and children to not be able**

**to see what a magnificent privilege it is to be born in this form of Creation that is so close to God, because of the Soul that is placed within this conception at the moment of conception.**

**You live in a time where there is so much diabolical intervention, intercession, by so many demons that have been loosed from the pits of Hell because of so much weakness that mankind has allowed to enter into the mind and the body, thinking that this weakness is natural and there is no worry, no matter how intense it becomes.**

**Many times when We speak there are automatic distractions, but through This Miracle, the Power that transcends all types of distractions is Far Greater than any demonic injections, intervention possible.**

**You are Blessed for your Faith, your obedience, and your reaction to what is good over what is evil. This Blessing is strengthening to your Soul, and your Soul shines for the others in ways you cannot see, you cannot feel, but I promise you, It is a Stronger Light Force than anything in the world or in Hell. So be it.”**

**MARCH 12, 1993 AT 11:05 A.M.**

**“Christ had twelve who followed very close, and in them He instilled so much Information, plus in His Presence, He passed to them much responsibility.**

**One of the Greatest Acts of Love was at the time of the Last Supper. In this He shared the continuance of His Place with mankind that was to be carried on for the rest of time.**

**This time in Bible History has not been emphasized in its fullest measure, even though it has been thought to be. That is why satan has so boldly attacked this Precious Gift of Divine Love, the sharing, partaking and understanding that God is Present in a Form of palatability for man to receive Him, in what appears to be a way that mankind can feel, see and respect, but in Its Full Measure, man is receiving More than he will ever understand.**

**The Pentecost, in which The Holy Spirit of God was so obvious to all present, gave them strength to**

**persevere in their work that was laid out for them to follow.**

**In many ways, it is now as it was then. This Miracle began with the Wind of The Holy Spirit, and that is why It must be seen for Its Magnitude, because it is not necessary for mankind to feel there should be thousands, even millions clamoring to reach This Miracle.**

**The Written Word is likened to ‘the Second Coming of Christ’, in that It is a Quiet Miracle, and the thing that has kept It so alive with God’s Will is the Wind of The Holy Spirit.**

**Sometimes people want so much to have the men in the Church condone This Miracle. It is not necessary, but also, they do not have the wisdom nor the strength it would take to openly commend and/or advocate the people throughout the world, to see the Magnitude of what This Miracle truly stands For and Is.**

**The Written Word is the Direction and Instruction that nothing else can surpass in such Truth, that has been so lovingly given by God for the whole world of mankind.”**

**MARCH 16, 1993 AT 12:27 P.M.**

**“Some of the most cherished things in life to human beings is the flesh on their body, the shape of the body, and the total outward appearance that others see. This is ironic, because these are the first things that disintegrate and leave only the bones of the skeleton for the rest of time.**

**Also, all the earthly possessions are meaningless, and either end up belonging to someone else or are lost, stolen and/or cast aside because they seem worthless, or are held in memory of, usually only looked at or thought about occasionally.**

**Man has a saying, ‘Possession is nine-tenths of the law,’ meaning of course, material things. Easily overlooked, dismissed, ignored, or not even considered, is the Soul of the individual. The loss of the individual is a shock to some, a void in the daily living, and yet nothing can change this. What a happy remembrance it would be to remember that the person taken was fully in the Hands of God, by**

**way of his or her Soul being, without question, a Saint in the Realm of Heaven.**

**What a beautiful legacy to be left, because of the goodness, love, hope, respect, example and strength that the individual left as a memory for others to remember and be proud of. Also, for family, friends, and even just acquaintances, to remember that the individual, in their time, was special in moral values, moral standards, moral ethics, and gave hope to everyone they ever came in contact with.”**

GOOD FRIDAY

## OUR HEAVENLY MOTHER

**“It is with a Deep Love I speak on this night. So much Direction and Instruction has passed through This Miracle of Divine Love, to give mankind of all ages Information, Direction, for every path of life that mankind is involved in. There is no vocation, nor is there any form of religious beliefs that This Miracle of Divine Love is not intended to reach.**

**I stand in a Place called ‘Heaven’, and My Words are direct through a voice of *a small one* in the world. As My Words pass through her being, I know it is the method and the means best to reach mankind, for mankind to understand the Importance of human life and the Importance of that Other Life within man, called ‘the Soul’.**

**I am your Heavenly Mother. As I speak on this day in your time, when mankind reminisces on the Sacrifice that had been given for such an Ultimate Purpose, I want the world to know that it is necessary for all of mankind to think deeply and with**

**sincerity, regarding the Importance of the Creation of human life. It did not just happen. It had a Purpose, designed by The Father. It has a Goal of Divine Light and Life.**

**The millions of Words that have passed through this small voice from Here, are to be delivered to all corners of the earth; bar no place, no culture, for all are to read and to understand the Importance of human life, and the Love and Importance of Divine Intercession in human life.**

**I bless the whole world three times, through This Miracle of Divine Love, that has within It a Personal Extension of God's Love for all of mankind. So be it."**

**APRIL 10, 1993 AT 3:50 P.M.  
HOLY SATURDAY**

## **GOD THE FATHER**

**“As I asked one day for My Son to sacrifice openly in My Name for Souls to be saved, again in your time I asked for one such as you to sacrifice in ways different than that time, but in a measure that will bring Hope to the whole world.**

**As it is difficult for many who have little Faith in how I would act, request *a child* born of human way to walk in My Name, with My Words, for My Will to be expressed verbally in a language understandable for all of mankind to see, to feel My Presence in their midst, it is true, there are many men, women, and even children, who willfully express that they are chosen by Me, for others to reflect upon, to obey.**

**This *small one* through whom I speak so constantly, using Many Here in the Heavens to deliver Instructions, Personal Direction, is not a common situation. It is One of My Personal Deliberate Gifts to mankind in this generation, which encompasses several**

**generations, just as it did in the time of My Beloved Moses and My Beloved Son.**

**The small voice I use covers many areas of human life. The body is not one of great physical stamina or strength, but the will was placed at My Feet a long time ago, to be used for whatever manner or degree I chose to be. Such a submission is not characteristic of human life. Granted, there have been many who have, on their own, willingly said it, but I must say, ‘Interferences of human means and kinds caused much personal justification for the will to be sidetracked, or justifiably choosing what appeared to be more realistic to human nature.’**

**I have oftentimes Blessed hundreds through This Miracle I named ‘*The Miracle Of Saint Joseph*’, because as this is and was His human identification, for mankind to respond, to associate with and remember, I have since allowed the Truth of This Part of Me to be seen, to be described as ‘The Holy Spirit’.**

**I chose the time for This Message to be revealed. Before this, I allowed His Existence to be referred to as ‘The**

**Silent Saint'. The time is now for the whole world to know the Truth regarding the Full Greatness of The One Who stood so humbly in the eyes and the minds of all mankind.**

**So many strong Words could be spoken by Me on this Important Issue, but it is best for mankind to first fully see how logical This Announcement was and is, and it is to give strength to the importance of family life, and the Beauty in the Love I gave, the Support I gave to this station of life, for mankind to imitate.**

**I bless all who hear, all who read, and all who see the Value of This Beautiful Miracle that My Love for mankind has given to the world at this time. So be it."**

APRIL 13, 1993 AT 1:15 P.M.

## THE HOLY SPIRIT

**“There is a Strength in one who walks for Me that is different than mankind can fully understand. It is a Strength of Obedience that mankind is incapable of understanding.**

**The ethics that a *chosen instrument* lives with, for and in, is one totally dedicated to Divine Will. *This woman* through whom I speak knows the difference between man’s will and Mine.**

**The work yet to be accomplished, in essence is phenomenal in Its Substance and Its Full Meaning.**

**Mankind is becoming more and more confused by so much misinterpretation of the Spiritual Life, Its Meaning, Its Purpose, and Its Goal.**

**This Miracle that bears My Name that man can relate to, is of Supernatural Origin and Supernatural Information, Direction and Instruction, for I Am The Holy Ghost.**

**Man is using every human determination to not understand the Full Meaning of This Beautiful Informative Revelation that is being given in this time, so that mankind can see more the Importance of Supernatural Existence that is available for man to have more understanding and more Information regarding The Holy Trinity.”**

APRIL 13, 1993 AT 1:43 P.M.

## THE HOLY SPIRIT

**“We All smile today because as We watch this *little one* amidst thousands of people, she still hides her identity from man. We say to her that We understand, but she must not hide Our Words, Our Presence.**

**There are yet so many Words to be put into open areas for men of all races, colors and creeds to learn about the Reason, Purpose, and Importance of human life.**

**So many are shouting instructions for others to follow, but all the instructions are not from Here; they are merely a means for attention, importance, in the eyes of others.**

**This Miracle of Divine Love is giving mankind Information that is stressing the Importance of the Soul, Which is the Connection to God, and the Means by which, with which, and how man can speak, pray, and deliberately feel a closeness to The Father.**

**Mankind must be informed of the Spirit of Divine Love, Divine Hope, Divine Goal, that is placed within each human conception. The Soul is the Living Portion of all human life that is to live forever in the Realm of Heaven.”**

APRIL 13, 1993 AT 2:44 P.M.

## THE HOLY SPIRIT

**“Many men, women and children seek challenge and find it exhilarating, enjoyable, and even exciting. Not always is the challenge something worthwhile. It can be something utterly devastating to one’s Soul.**

**Challenge available to mankind is the availability of choice of right over wrong. The basis for this great challenge is defined in God’s Ten Commandments. He spelled out The Rules He wanted mankind to follow, in spite of all the temptations that would be attractive, encouraging and interesting.**

**The real challenge in life is to fight against all that is wrong, evil, or displeasing to God.**

**The enemy of God and of man constantly attracts mankind to the opposite of all that is good. He, in his jealousy of the Soul that mankind has, does everything to make wrong challenges look appealing, inviting, interesting, and available.**

**Beware and be aware of the temptation of wrong challenges that have only despair, and ugly results to the mind, body and the Soul. When you see or seek challenge, be sure you weigh its course, its reason, its value, its goal.”**

## SAINT ALPHONSUS LIGUORI

**“There were many times when I walked the earth I would say words that, to some, were very profound. I would speak deliberately on subjects that some were very interested in, others did not understand. I am Saint Alphonsus Liguori.**

**What The Father has declared to pass through This Great Miracle are Words for all of mankind to be able to understand the Meaning of, the Purpose for, and the Direction in the Words.**

**There is so much evil throughout the world, so much temptation, so much arrogance, so much diabolical intercession.**

**It is time for man to understand that Sainthood is for all, Sainthood is the Goal of the Soul. Honesty, justice, goodness, hope, and love for The Divine, are the assets that give strength to the Soul.**

**As you are present at this time, you must understand that as you have**

**a physical body, you have within you a Portion of The Father, not seen by you, but in this Portion of Divine Love, It is the Closeness to Him and It is the Portion of you that He desires to have you return to Him.**

**Some men and women in your time, and in other times, could not understand such a Presence in human life, but when the physical ended they found that this was True, they found that this was actually a Fact.**

**You are being told in such an easy manner, soft way, that within you, you have a Portion of The Father, not a portion as you know a portion to be, but a Special Part of His Being that He wants returned to Him for All Eternity.**

**The evil one, the enemy of The Father and your enemy, strives in many ways to part you from That Portion of The Father, through ugliness, through hate, to lying, to committing sins against The Commandments The Father once gave.**

**Be aware, not just on this night, but every day of every day of your life, that you must protect the Soul that was presented to you at the moment**

**of conception, for That is the Portion of life, of Divine Love, that must be returned to The Father at a special time when He Decrees it to be, and He wants That Portion to glow brightly. So be it.”**

**APRIL 15, 1993 AT 10:15 A.M.**

## **OUR HEAVENLY MOTHER**

**“There are so many Messages of Direction to be given through This Beautiful Miracle of Divine Love that has been designed and deigned to be by The Father.**

**Children of all ages must begin to recognize the Value, the Truths, and the Reason for so much to be made available at this time in the life of man.**

**The Father always has Great and Ultimate Reasons for such Phenomena to be delivered and passed to men, women and children, at a time when there is so much diabolical interference in the moral values and moral standards of human life.**

**Danger lurks in every area of life and in every area of the world. Satan does not choose a particular area, he uses every area of man’s existence so he can infiltrate all races, all colors, all creeds, so all will be equally weakened by his presence, and wild corruptive measures to destroy the Souls of all people.**

**Man** always tries to act oblivious to the obvious destructive forces, because innately man is afraid, but also does not want to change the pattern of living he or she has accepted, become accustomed to, or is enjoying, whether or not it is agreeable to God or His Commandments.

**The** time in the human world now is a very ugly defiant fight for self-indulgence, self-identity, self-acclaim, but in reality, it is a dangerous time for the Souls of millions of people.

**Man** says to himself and others, 'We live in a modern world, a world of so much opportunity, so much knowledge, so much progress.' Let Me say this: 'All generations felt they were in a special era of life, wherein progress was evident, and progress justified all the avenues of human endeavors.'

**I**, your Heavenly Mother, want mankind to understand that The Father's Love for His Creation of man is Greater than any Love for all other creations, and in this Love, He gave Special Dignity and a free will, a will to choose right over wrong, a will to address the values over the things

**that had no value, only disgrace and damnation.**

**I love all of mankind, and in this Love, I am constantly doing everything that mankind can relate to normally, so that mankind will choose purity over impurity, and be strengthened to judge what is right for the Soul, so the Soul will be returned to The Father for All Eternity, in a State of Grace that will enable the Soul to enjoy the Presence of the Light of Divine Love, Light and Hope for All Eternity. So be it.”**

APRIL 17, 1993 AT 8:21 P.M.

## SAINT CYPRIAN

**“I am Saint Cyprian. I have not spoken openly very much through This Beautiful Gift of Divine Teaching that The Father has so generously given to the world, for all of mankind to learn more about His Purpose, His Love for all of mankind.**

**Up to this time much has been taught, even elaborated upon, regarding that Precious Gift to every individual man, woman and child, called ‘a Soul’. This Supernatural Gift of Divine Love, though It cannot be seen nor felt, is in many ways a Portion of mankind that is evidenced through man’s ability to recognize what is purity in thinking, in speaking, in acting, and what is impure in these areas.**

**Many Here in the Heavens have spoken much regarding the diabolical interferences that are occurring so obviously in every area of human life. Man says, ‘I see so much wrong going on around me, I see so much temptation**

in so many facets of daily living,' but what man is not saying, is this:

*'God, give me the strength to follow only Your Will in everything I think, I say, I do, and I commit myself to. God, give me the strength to be example so that others will imitate what I represent, because in me they will recognize Your Will.'*

**This is not an impossible task for any man, woman or child, but it is a sure path to Sainthood for the Soul. As We watch the battles that man allows to be the victim of, We want so much to shout: 'Be firm, be strong. Do not allow weakness to control you because you have It within you to fight all moral battles, for them to be conquered by good!'**

**Some who might read These Words might say, 'No Saint would speak that way.' I, Saint Cyprian say: 'I have, many times through This Beautiful Miracle, in what is called "a Teaching form of My Presence", and I repeat on this night, "When The Father is asked for strength to conquer weakness, He has never refused anyone," so it is time for mankind to see the Reality of This**

**and the Love in It, because the Soul is a Portion of The Father given at the moment of conception.'**

**We sometimes hear individuals say, 'This cannot be.' Ask them, if they say it to you, 'If my Soul is not a Portion of God, then what part of me can become a Saint?' So be it."**

VISION  
OUR HEAVENLY MOTHER

**I see Our Lady. I would say She's standing about twelve to fifteen feet off of the ground. She's looking around. She's standing on the Hill, on this land. I cannot recognize the spot. She said that is not necessary because all of this land is watched very closely by All of Them. She said the spot is not important, but Her Appearance is. She's waving Her Hand like this, in other words, like seeing all of it.**

**Her veil is white. There is a design on Her sash. Her gown is white but there's a design on the sash, and it's gold. Her Face is very beautiful. I say to Her, "I am not worthy to see what I am seeing." She says:**

**"Child, this is an Important Vision. It is for mankind to understand that Our Presence is constantly where This Beautiful Miracle has been given to reach the whole world. All the millions of Words that have been given, instructing mankind to better under-**

**stand the Purpose of human life, has been for a great reason.**

**It is important that men, women and children understand the Purpose of The Rules The Father gave to an individual man. These Rules have not passed out of sight, out of reason. These Rules remain in your day, for mankind to be able to have the structure, the means and the way to protect the Soul that was given to return to God one day.**

**As I move My Hand, I want you to know that My Hand moves toward the road. A road goes to many other roads. Men travel the roads for many reasons. Too many do not understand that the road of life is the most important road in the whole world, because men, women and children walk this road every day. This road has stop signs on it. This road has many things that need attention.**

**When Moses walked, he walked along areas that much Instruction had to be given to the people who were with him. It is now as it was then. Mankind must learn the importance of moral decisions. Mankind must understand that within each human**

life there is Something indescribable to man's thinking, but It is a Portion of The Father that must return to Him.

The envy that surrounds mankind, men, women and children, is an envy beyond human comprehension. Though many times mankind can be envious, there is no comparison to the envy of the enemy of God and of man.

Whenever this *little instrument* becomes extremely weak, tired, exhausted, from the pressure of All of Us Who use her so continuously to reach mankind, I speak, for through a Mother's Love the Gentleness gives strength.

That is why I'm here on this night, to pass strength through her to you, to give you the strength to see the importance of purity in everything you do, to surround yourself with goodness, respect, and to be example for all others close to you, or those with whom you come in contact.

As I spread These Words to each of you, through *a child* much like yourself, when you leave this room on this night, remember that as Moses was a messenger of God, so are you. You cannot deny This Gift of Divine Love.

**You cannot deny the responsibility in This Gift, and you must not forget, as you are an instrument of Divine Hope, you have a Soul that, to others, can reflect your goodness, your respect, and your love for The Father's Will to be done, because through your example, through everything you say, you extend hope in a loving way.**

**As I leave, *the little one* through whom I speak will be in some ways unable to respond as quickly that is ordinary to her, for five days. The Power that I hold her with is because the body needs the rest.**

**As I rise, I want you to remember, My time with you was not a test. It was a Mother's Love, instilling within each of you Divine Hope, Divine Guidance, and a reminder that you must remember at all times God's Rules. So be it."**

**"I release her slowly for the body to be able to withstand the Presence of the Power which I extend to hold her so tightly, to reach you and to give her the strength to continue God's Plan."**

APRIL 28, 1993

SAINT ATHANASIUS

**“I am Saint Athanasius. I have spoken much on this night, because it is important for each of you present here to fully understand the importance of prayer, respect, dignity and honor where The Father is concerned, Heavenly Mother concerned, The Beloved Holy Spirit of God, and Many Great Saints.**

**People are forgetting what human life is for, the magnitude of every human life born to the world, the Importance of this Special Gift of Divine Love placed within each human life, called ‘a Soul’. Yes, the Soul is the Deliverer of all things that you think about, that you do, that you work for, that you pray for, that you want. The Soul is the Messenger to God.**

**The Soul is a Special Portion of life. It is a Gift of Divine Love, Divine Hope. The Soul responds immediately to everything you think, every wish you have, every hope, every dream. The Soul is not the decision maker. The Soul is the Messenger. The Soul**

**represents human life of the individual in which It was placed at a given time, for a given Purpose. Do not forget My Words.**

**You must remember that prayer is never ignored. When you think you have not been answered, remember, the prayer was handed to The Father as you prayed it, as you requested it, with the Faith you have that it will be heard.**

**As I bless you on this night through a Miracle of Divine Love, Divine Hope, Ordained by The Father to give to the whole world Instruction, Teaching, Direction, you are Blessed abundantly for the Faith you have and for your desire to fulfill what The Father has intended for you, and that is to become a Saint, bearing your name for All Eternity.**

**As I speak to you, I speak through a Soul. A Soul uses the intellect and a human voice to reach you. *The one* through whom I speak has been in deep ecstasy for five days prior to this. As I leave you tonight, because of the depth of ecstasy necessary because of the exhaustion in the body, the ecstasy will be a full three days.**

**Many, before This Miracle, did not know My Name, but when I was requested to make an appearance to give Words of Instruction, it was a privilege The Father allowed Me, and with Each Message I know that it is not My Name that is important, but the Instruction, the Teaching.**

**I want to leave you with a very important Sentence on this night: There are many wrongs that are being justified because of the personalities involved, because of the personal feelings, interpretations, that men and women want to replace dignity, respect, sound Faith, sound morals and sound standards. You must not weaken under the pressure, but remain staunch in what you know is best for the Salvation of your Soul. So be it.”**

MAY 8, 1993 AT 9:18 P.M.

**SAINT ALPHONSUS LIGUORI**

**“It is important for all races, colors, creeds, to understand and to see in a logical form of thinking, that as man stresses updating many areas of life, striving to modernize thinking, moral values, moral standards, man must look at the decline of human nature, basically imitating in so many ways archaic practices, barbaric practices, feeding a diabolical plan that is so obvious in so many stations of life.**

**Education is a big issue, and yet in several areas education has not, nor will it, rise to its fullest measure allowable by God, because of the sinfulness radiating at all stages of life, in all areas of life. Dignity, respect has fallen by the wayside. Promiscuity, permissiveness, immorality is not just rampant throughout the world, but held in high esteem by so many who practice vulgarity because they feel they must be a part of what is termed ‘modernization’.**

**Thousands and thousands and thousands of people of all ages are involved in everything that is detrimental to the individual's Soul. Mankind must begin to understand that human life was designed for an Ultimate Purpose, and this Purpose was Greater than any other living thing on earth.**

**When man sees the danger of partaking in so many loose diabolical issues, participating in areas of life that are destructive to the mentality, to the physical, to the emotional, man must see what a terrible thing he has allowed to develop, to increase, and to become in many ways, many times, a practice of immorality, desecrating to all the Important Gifts The Father created in man, that are man's standards of practicing daily values, respect, decency, obedience to God's Commandments.**

**This Miracle has taught many Lessons because The Father has designed It for the safety of Souls. Many Saints have been given the privilege to speak, not in such profound ways that They could not be understood, but in a simplicity, a repetitiveness, a consistency, understandable for the**

**intellect to perceive without research, the Beauty, the Importance of These Instructive Directives, not just to be entertained by man, but for mankind to apply through daily living, the Goal of Sainthood which, in reality, through These Instructions, has been so simplified.**

**Many say, 'I have Faith in God and God knows this,' but Faith must be combined with practices, not beyond man's ability, but within man's scope of every vocation of life. No age has been favored because all Souls are equal to God, in Love, Purpose.**

**I am Saint Alphonsus Liguori. My Words must be seen by millions. So be it."**

MAY 12, 1993

**SAINT ALPHONSUS LIGUORI**

**“Tonight I have allowed you to be able to see This Beautiful Miracle from a very human aspect, because Everything that has been delivered through It for the benefit of all of mankind, is understandable, and it is for men, women and children to be able to live a normal human life and yet understand the importance of Faith in God, obedience to God, and understanding the Importance of human life because of that Special Gift of Divine Love within each human life, the Soul.**

**As I speak through one such as you, she repeats My Words exactly as I speak Them. There are so many areas of This Beautiful Miracle that have given mankind a strength that nothing else could give, a Hope, a Purpose. In the Instructions in so many of the Revelations and the Teachings that have passed through This Miracle, it has not cut out one segment of mankind. It has given something for all types of personalities, all areas of work life, all degrees of education,**

**and of course, all areas of Faith in a Higher Being.**

**As the sun stands in the sky, The Father controls the rays of the sun, the degree of light that burns within it. As the moon stands high in the sky, The Father also controls this, as the whole universe is controlled by a Power unknown to man. Man says, 'I want to know what it's like out there, what it's all about, what I can do to learn more about it.' The Father allows a degree of information, a degree of experimentation, because The Father does not hold mankind helpless. It is mankind who holds mankind helpless.**

**The enemy of God works constantly, consistently, to interfere with all that is beautiful, all that is good, all that is directed to The Divine. The enemy is bigger than man knows, but he has no control over the universe.**

**When you see someone become jealous over some incidental happening, it is oftentimes very discouraging to you, it's disrupting to many areas of life. Imagine the jealousy, the hate, the envy of the enemy of God and of man, and yet he cannot control you.**

**Imagine the power that he radiates to get his way, to capture your heart, your will, your life, your Soul, but he cannot do this without your permission.**

**It is important for you to understand this. It is important for you to realize every day of your life that you have control of what you are, who you are, what you're all about, and yes, your destiny, the destiny of your Soul.**

**Man says, 'I think much about what they call "afterlife".' I, Saint Alphonsus Liguori say: 'There is no afterlife, there is Life to look forward to. It's a Life beyond the life you have, a Life beyond the life you know, a Life that has no sickness, no ills, no hate, no despair, no unhappiness. Reach for It as your Goal, because It will be given to you through your Soul.'**

**There is so much man must begin to understand about the human way of life. It is a time of thanksgiving, and returning to God that Precious Gift of Divine Love, the Soul.**

**Man says: 'I work every day, I earn money. I must earn money. It is a way of life. I need it for life.' Man must work every day for the benefit of**

**his or her Soul. It is much easier than working for another human being, because you have control, you have the ability to say 'Yes' or 'No.' You have the ability to accept right or wrong. You are free to make choice.**

**Man cannot know the beauty of human creation because man is too busy living the daily way of life, concerned about so many things surrounding every day: disappointments, unhappiness, the happiness, the joy, the love, the loss of love. I want you to know on this night that the Love The Father has for you, as you are the custodian of a Portion of Him, is a Love beyond what you know love to be. Be aware of all things that you do, you say, you hear, and that you are example of.**

**Many times you are Blessed during the day, a Blessing perhaps that you do not see nor do you hear It, nor do you feel It, but It is there. It's a Blessing The Father allows to give you the strength, to give you the courage to make the right choice, to not feel despair, but to feel hope. You must live every day with hope, and as you do, it will give you strength.**

**It is so sad to see those who feel no hope. They feel only unhappiness, because within them they are void of that beautiful Gift of love for God. It's available to all of mankind. Be sure you cherish it, and be sure that you use each day to develop it to a higher degree, for the benefit of your Soul. So be it."**

MAY 13, 1993 2:25 P.M.

### SAINT ALPHONSUS LIGUORI

**“The devil is the apex of confusion. Mankind looks at confusion in an indifferent, light concept, where the importance of right and wrong decisions are evident.**

**For some time now, confusion has not just *appeared* in many areas throughout the world, but it has become the *focal point* on many important decisions regarding sound morality and sound morals and sound values, based on sound standards.**

**When mankind hears about the possibility of a dangerous wind attacking the earth, there is immediate preparation to bolt things down, to seek safety for lives and for personal belongings. There is a feeling of safety when this possible tragedy does not happen.**

**There is no place in the world that mankind is truly safe from the apex of confusion. This terrible situation appeared a long time ago. It is a destructive force of energy, based totally on diabolical plan. No age can**

escape it. It is a tremendous threat of destruction, based on confusion, by many so-called authorities in the religious areas of vocations, in financial areas wherein greed and monetary control are the basis for many diabolical decisions.

It is sad to see mankind so relaxed against such dominating confusion. Faith in God bears no confusion, unless the instructor is motivated by self-esteem, self-acclaim, self-gain.

There are so many misconceptions in all areas of human life regarding sound moral values, sound moral standards, and the Purpose for which human life was elected to be, by God Himself.

When We see so much acceptance of diabolical confusion, Our immediate response is to shout in Our Way to The Father: 'They are confused by the confusion. What can We do to help?' He sends Many of Us to speak logically, attentively, clearly, through *a small voice*, so that mankind can, not just read the Sincerity, the Reality, the Beauty, but in the Words see for themselves that only God could address a situation bearing such devastation,

so personally, so lovingly, so clearly, alerting man's intellect to the disaster that confusion will cause.

As the moon is seen as round, as the light from the sun reflects in a round form, and the earth has been determined and is seen as a round of water and earth matter, this should alert mankind to the trinity of the safety in so many areas of the earth, the habitat measures of the earth, the importance of the light of the sun, the measured degree of heat of the sun, and the purpose of the moon, so structured, so important. Man depends upon all these things.

There is nothing confusing about these three daily appearances of what man terms 'planets'. Then why cannot man see that man was created with an innate ability to judge right from wrong, and that right belongs to The Creator, wrong to the enemy; that right does not bear confusion, but that wrong is consistently a source of confusion, a source contrary to what is good for the mental, the physical, and the Spiritual life of mankind?

I am Saint Alphonsus Liguori.  
So be it."

## OUR HEAVENLY MOTHER

**“We use *one body*, We use *one Soul*, to alert mankind to a point of urgency throughout the world. The simplicity of manner in speaking Our Words is important, because you see, We want all of mankind to understand the Directions, the Instructions, the importance of All that is said by Us, for the benefit of Souls of all of mankind throughout the world.**

**I am your Heavenly Mother. As I speak through *one* such as you on this night in your time, I want you to be assured that as you pray, all prayers are heard, all prayers are given Our Time. It is a communication to Us from children who were born to the world to one day come Here, to be present visibly before The Father, His Way.**

**No man should doubt that within each human life there is a Portion of The Father. The logic is so right. All other living things have a purpose on the earth. Man’s Purpose is of a greater nature, way, and mankind must learn about this and begin to understand it**

**more, as a Personal Touch of Divine Love for the human life in the world.**

**As I speak through a *small one*, I speak with a Love beyond what you can understand love to be, because through this time with you, much Direction is given, in simplicity, in a form you understand, in a way you can comprehend, and yes, in a manner that you can follow as you walk in the life of man.**

**Let no one draw you from this understanding. Let no one dilute your Faith in prayer. Let no one distract you from what is right. Let no one destroy the Important Portion within you, the Divine Light that to Us is a Precious Gift from The Father Himself.**

**There are so many throughout the world who try to deny so much Truth, because they feel it does not fit in with the way of life that they are following, but if they could but read the Words, perhaps it would change their life, their mood, and they would see the Value, the Importance, the Beauty, the Strength, that would give their life more purpose, yes, and more delight.**

**As I bless you on this night, I have Blessed thousands through this *little one* in the world, *the instrument* who must be obedient to Every Word. You know, obedience to mankind is sometimes a matter of great consideration, but through all the ‘Preparations’, through all the time that has been taken to prepare what This Miracle is all about, as We speak, We speak Direct. As We extend Our Love, It is Personal and Direct.**

**As We instruct you in many areas of life, it is The Father’s Will that you listen, you remember, and then you follow that Divine Light. Never be afraid when you have a decision to make, and you make it as you know He Wishes it to be, for the benefit of the Soul that He gave, and also, the Love that He extends through The Holy Trinity.**

**I bless you with a Mother’s Love, I bless you with Grace, I bless you with Hope, for you see, a Mother is always present when a child is given direction, because a Mother’s Love embraces the child in a way that a child can understand, a child can feel the Grace. So be it.”**

## OUR HEAVENLY MOTHER

**“In a given amount of years so much has been taught, so much Instruction has been delivered through one small voice. These Words are to remain in the form They were given, for hundreds of years.**

**The responsibility of repeating What We have spoken, and continue to say, is a tremendous responsibility for *one small child* in the world. All the Words have Strength, All the Words have Hope, instructing in the Importance of each one’s Soul.**

**Many Saints have come forward with the Permission of The Father, to give in a personal way, Words of encouragement, Words with sound meaning, and Words that could never be blown away.**

**As I speak through a very tired *child*, physical tiredness that can be understood by mankind, the Power that I use and Others use, gives the Strength for the Words to pass through her for the benefit of each one’s Soul, those who hear the Words**

**and those who will read the Words, the Instruction, the Direction.**

**Many, many have listened to the Words. Some have walked away, thinking the Words were not complete, but they did not hear All the Words, they did not see the meaning of Them in the fullness They were, and These Words were given for the benefit of Souls.**

**Children of all ages have been taught. Children of all cultures have been exposed to This Beautiful Miracle. You must understand that This Miracle is a Blessing, a Gift from God Himself. I am your Heavenly Mother.**

**You must stand for what you know is right, what is true, what is best for the Soul The Father gave you. You must not reject the Beauty of Truth, the Justice in Truth, and what It will do for you.**

**As I speak, I speak with a Mother's Love, because as I see all people throughout the world, I constantly in some way try to help them understand the Importance of what it is to be man. There is more to the flesh, there is more to the mind, there is more to the abilities, the talents, because you see,**

the Soul, that Portion of The Father that man tries to reject, is constantly evident in every human life created by Him, born to the world for Reason, for Goal.

I could speak hours through this *little one* in the world. So much Truth has passed through her mouth, through her lips, through her voice. Men try to deny this Truth because if they believe It, they will have to change their manner of life, their own direction. They will have to better understand that they, too, have a Soul that must be returned to God. They, too, must understand that they are destined to be Judged by Him.

Man says, 'I know there are Angels because I feel I have One with me at all times.' That is true. This One guards you. It is not myth; it is Fact.

You must understand that everything you do registers within your Soul. Everything you think registers within your Soul. That is the Communication each one has.

The will is a powerful part of human life. The will is the decision maker. The will is the hope, the

**will is the strength, the will is the determination. The will, in many ways, expresses all you are, all you feel, and the Goal you will reach for all eternity.**

**There are so many throughout the world who cannot believe in such a Great Power that the Soul truly is in every human life. Men study animals, men study all forms of technology, but there is no man alive who can truly draw what a Soul is, because the Soul, as a Portion of The Father, is Special in every way, different, and It is, within every living human being, the Communication, the Life, the Hope, and It has a Goal.**

**Never dismiss This from your being, never try to ignore It, for you see, the Soul can be victimized by your will. Don't allow this to happen. It is a Precious Gift, the Greatest Gift that God could give every human life, because It is to be returned to Him in a State of Beauty, a State of Light, with a love for Him that you and you alone can give. So be it."**

**JULY 24, 1993 AT 1:13 P.M.**

## **OUR HEAVENLY MOTHER**

**“Man concentrates on success and financial security.**

**Man says, ‘*I believe in God,*’ but this thought is limited because man does not see beyond the words, the meaning, nor the Greatness of this Particular Belief; that is, the degree of power, truth, reality and purpose such a statement means to the whole life of a human being.**

**So many, many times the thought stops short of the Greatness that ‘*I believe in God*’ truly means. There are so many areas of human life that are involved in this statement.**

**This Miracle to the whole world is the Greatest Teacher to mankind since the time The Son of God walked the earth, taught, instructed, and was Example of the reason for human life to return to God for all time. ‘Eternity’ is a word man is acquainted with but pays little attention to.**

**This Miracle is teaching mankind about the Real Connection man has**

**with God, the Soul. The Soul is evident in all moral decisions, and must begin to be recognized for Its Real Presence, Purpose, and Who It is a Portion of.**

**I bless the world through This Miracle, and it is sad when so many reject, refuse or deny Its Validity, Purpose and Truth.**

**I am your Heavenly Mother. I have many Titles but I hold the Words ‘Heavenly Mother’ close to My Heart. So be it.”**

**JULY 26, 1993 AT 1:35 P.M.**

## **SAINT IGNATIUS LOYOLA**

**“The word ‘heresy’ is difficult for men of all cultures to fully understand. They put this word and what it means into the category of past History. I, Saint Ignatius Loyola say, ‘In this time in which you live, heresy has reached a peak that no other time in History can be compared with.’**

**The word ‘heresy’ to many is not understood. Heresy is an angry word, a word that carries within it many terrible facets against All that God Is, all that The Father wants mankind to believe in, to practice, to understand, and to reach Him in the manner He has planned.**

**In this time, many who talk about the troubles of the time, never mention heresy. They mention the morality, insecurity, problems, and that it is a troubled time in History. What they do not think about is that ‘heresy is developed untruth’, and in this meaning, mankind should be looking for the solutions to correct the terrible effect that heresy has on the**

**lives of every human being in every culture of life.**

**Men who wear a religious cloth of any denomination do not consider the horror that surrounds the whole world at this time, and that horror has a name; it is called 'heresy'.**

**There is much more to be said on this subject, but at this time I will leave you with one point, and that is for you to not hold the word 'heresy' in a secret place, but in certain instances of conversation, use it to describe what is occurring throughout the world that is so detrimental to human life and Spiritual living. So be it."**

**JULY 27, 1993 AT 11:00 A.M.**

**“What caused the cutoff point of many Gifts of Spiritual Phenomena that God allowed to be, for people to see His Love for mankind?**

**The most obvious and most dangerous act was when the so-called believers interfered and began to demonstrate humanism, rather than see the Greatness in the Phenomena.**

**Human beings, all through time, have interfered with the Fullness of so many Beautiful Acts of Divine Love God gave to mankind, showing His True Presence through Visions of Our Lady, and countless other Phenomena that gave strength to mankind’s Faith in the Power of God, the Existence of God, and the importance of man’s obedience, respect, reverence, and belief in why God created human life: to be with Him for All Eternity.**

**Satan does everything to destroy a Beautiful God-given Phenomenon. He uses the aggressiveness, willfulness, arrogance, imagination, and desire to participate, project and determine**

**the Whys and the Purposes. Usually such arrogance bolsters only the individual's etherealism, imagination and aggressiveness, causing misinterpretation of the Phenomena God Designs, or Designed, to help mankind in many ways.**

**Even in the time of Our Lord, satan used envy, jealousy, hate, arrogance and power, to shorten the Life of Christ; and even though the Apostles were taught well, how many times did they falter, through fear for their life, or because the demands on them were from human beings who judged, and acted out unjustly, jealously and/or in fear?**

**Moses had to be strong against all the anger, jealousy, misinterpretation, because he knew what the people could *kill* that God had given him to teach, and see, was and would be passed on through time.**

**The responsibility of a Miracle is far greater than any responsibility man could encounter, and also the importance of obedience to God must come first, before anyone's request, reasoning and/or doubt(s).**

**In The Miracle there has always been a peace, a feeling of inner strength, in spite of all the outside disruptive negative thinking of some people, many people.**

**It has always been sad when people openly ignore God's Participation Himself, or through allowing Others in Heaven to speak with such simple elegance, eloquence. So be it."**

**JULY 29, 1993 AT 4:21 P.M.**

## **GOD THE FATHER**

**“It is not as often as mankind thinks, that I choose ‘an individual’ to speak what I want mankind to hear, to understand, and to follow.**

**Many individuals want to feel exceptional, and they do many things to encourage other people to feel they have a gift of communication that gives them the means to speak for Me, in My Name, with information that to their thinking has great merit in it, regarding the direction of Spiritual growth, control, and guidance for others to follow. When this occurs, there is always a great void in the soundness and in the words, because it is difficult for a human being to be so in tune with Divine Guidance.**

**This Miracle that I speak through is Special, because in Every Facet of It, It is guided and guarded by Divine Hope, Divine Love, and Divine Intervention.**

**Many, who at this time have very little understanding, who have very little Faith in My Existence,**

will one day use What has been given through this *small instrument*, and will be awakened to a new manner of life, having more understanding why they were created, the Goal of their creation, and of course, the Love of Mine that was a Great Part of this creation.

**M**any areas of communication must be used to transmit, to transport All of the Teachings, All of the Formal Revelations to people throughout the world. As man would say, 'No stone should be left unturned,' to provide the whole world with What I want mankind to learn, to understand, to believe and to follow.

**I**t is not important to concentrate on those who feel This Beautiful Miracle is not true. You must understand that My Love for mankind, and All the different forms that I have used to instruct mankind, have not always been seen for the fullness that Each One provided, but it is because mankind, with the human mind, has many distractions and is inclined to follow the beliefs of those close, or things they feel comfortable with. Many times the most simple Lesson I have given is ignored because It is not

**thought to be Profound, and It is cast aside, putting It in a human category.**

**When I created mankind, it was a special time in the History of the world. I wanted to share My Love and What I Had, What I Was. There is so much more to be delivered regarding My Plan. I have given so much through This Precious Miracle of Divine Love. It is to be passed into many areas for the benefit of Souls of millions of children throughout the world. So be it.”**

AUGUST 5, 1993 AT 3:58 P.M.

## GOD THE FATHER

**“For every bit of Divine Love that I have extended to the world for the benefit of mankind, I have used a *Victim Soul* as My deliverer, to take My Words, Directions, that I Will for mankind to use, to protect, and to follow.**

**It is important that This Miracle of Divine Love, Hope and Guidance be distributed everywhere man exists throughout the world. Any rejection of It must be overlooked and must not be dwelled upon, because of the opinion, the interpretation that so many might use verbally, aggressively, denying the Value of What Comes From Me, through a human being.**

**The world is in great turmoil, and this turmoil is demonstrated through so many diabolical ideas, practices, intentions, beliefs, determinations, and habits.**

**I speak through a very small, tired *child* to mankind, because of the Souls that are being lost, mutilated by so much immorality, indecency,**

impurities, prevalent in all races, all colors, all creeds of mankind throughout the world.

**M**ankind tries to ignore This Lesson I have given to help mankind realize and understand that human life has Great Purpose in its very existence. It is unlike any other creation of Mine. Even though all things have reason and purpose, nothing else has a Portion of Me within it, that is to return to Me because from Where It came.

**A**s each day passes in different time zones throughout the world, so much desecration is being allowed, so much desertion of What is handed you, appointed, and is necessary, because My Reasons for human life should be addressed constantly, and not ignored the way it is being done throughout the world.

**I** will hold this *little one* in a degree of ecstasy until I feel the time is right for her to be released slowly. So be it.”

AUGUST 8, 1993 AT 2:46 P.M.

## GOD THE FATHER

**“As I said a short time ago, I have given the world a Miracle of My Love, by speaking through a *small child* in the world who has been prepared by Me to receive Personal Messages for the benefit of all mankind.**

**This Miracle is One in which mankind is being instilled with Sound Direction for every facet of life. This Miracle is a Miracle that is to help mankind better understand what human life has been created for, and is destined for.**

**Sometimes it is difficult for some to understand the Magnitude of This Phenomenon I have given, because mankind is used to acting and reacting to strictly humanistic ideas, ideals, and structured means of observing forms of attention My Way.**

**Through This Miracle I have substantiated the Soundness of the necessity of sound moral values and sound moral standards. I also have deliberately reported in many Versions, how mankind can visually see My**

**Directions and readily reread Them so They can be readily available for more understanding. All the Written Words are to be delivered without question, throughout the world.**

**The Commandments I gave to a son a long time ago must be reiterated upon and be brought back into practice, because the Souls of mankind are being desecrated by impurities that, to so many, have become habitual.**

**This Message must be seen by many. So be it.”**

**AUGUST 11, 1993**

- 1. “Are The Ten Commandments obsolete because the men in the Church are not emphasizing Them?**
- 2. What Spiritual responsibilities are being stressed by the men in the Church? Are they designed and adequate to encourage and help people to strive for Sainthood, or has so much emphasis been put on humanism that Sainthood is a thing of the past?**
- 3. Is the Sign of Peace at this time in History as meaningful as in the time of Our Lord, and isn't it replacing a time where solemnity, dignity, and concentration on receiving Holy Communion should be what we are thinking about?**
- 4. Is Confession treated as a step to Sanctity, or is it being rushed through as a duty to perform, not dwelling on the seriousness**

**of this Sacrament, or the real importance of all people recognizing the necessity to use this time to remember what God's Commandments were and are for? Shouldn't Confession cover all the sins, small and big?**

- 5. Has removing The Tabernacle enabled the people to feel more love for God, more dependence on God, more desire to pray, more feeling of His True Existence, more consciousness of what the Church is for, what Holy Mass is for? What has it really done?**
- 6. Has removing the Altar Railing encouraged more dignity, solemnity, and serious thought on the importance of receiving the Beautiful Sacrament of Holy Communion?**

**Didn't the railing also emphasize the Importance of The Tabernacle, separating It from the body of the Church?**

- 7. Do fewer or no statues help people of all ages to feel they are in the House of God?**

**Does the absence of statues encourage more private prayer or encourage more private visits to the church?**

- 8. The constant exposure to all ages of all the improprieties basic in teaching, instructing, advocating and encouraging all ages, even the very, very young to be aware of, is diabolic.**

**People have eliminated the existence of who satan is, from where he came, and his constant interference of human dignity, thus affecting the purity of the Soul that each human being is presented at the moment of conception, A PORTION OF GOD.**

**If mankind did not have this Precious Gift of Divine Love, there would be no Goal to life, no Purpose in it unlike animal life.**

- 9. During the time of Moses, and God's Great Gift of The Commandments, people did not have what they have today: modernization of facilities, choices, and a Hierarchy to condone or reject such**

**Phenomena. They were held together by necessity, and other forms of safety, plus other areas of cultural habits and conformities.**

**THE COMMANDMENTS MUST BE STRESSED IN THIS TIME WE LIVE.**

- 10. Through *The Miracle Of Saint Joseph*, God has emphasized These Commandments, elaborated into Their meaning, and reminding mankind **THEY STILL EXIST.**”**

---

**SAINT ALPHONSUS LIGUORI**

**“So many times I have spoken through *a small one* in the world, instructing, delivering and presenting ways for you to better understand the Importance of human life, the Importance of life as man.**

**When I walked the earth, everything I did, everything I wrote, everything I said, I felt an importance in it, because within me something drove me on to articulate many areas of life, so that one day when I would no longer be upon the earth, mankind would better understand what human life was all about, the Purpose of it,**

the Reason for it, the necessity to understand it.

It does not always take great courage to stand up and say, 'What you are doing is wrong.' Sometimes all it takes is the ability to speak the words. You cannot worry about what others feel. You must see the value of truth in all you are and all you do, all you express.

In the time in which you live, moral issues are many times abused, moral issues are laughed at. Why is it so difficult for mankind to accept what is good and right, and so easy for mankind to allow themselves to be weakened by lesser values of another one's direction, thinking, or encouragement?

I will not speak long on this night, because *the one* The Father uses for so much to be passed to the world, is not just physically tired, but the constant strain on the physical of Our Presence, all hours of every day, takes a tremendous toll not understandable to man.

Before I leave, I do want you to remember the Important Statements that were passed to you at this time.

**The Commandments must be a constant way of life to ensure Sainthood for your Soul.**

**No one in the human way likes to fail. Sometimes there is a tremendous feeling, a degrading feeling, when failure feels so obvious, but the greatest failure in the world is losing one's Soul.**

**Remember what I have spoken, and remember to pass to those you love The Commandments that will give strength, foundation, and a basis for all decisions to be made so the Soul will not be lost; It will rise like Christ did, to be with God for All Time. So be it."**

**"I know that sometimes when you speak to someone about The Miracle, it is impossible for them to fully understand the Magnitude of It, but your example is the greatest form of proving the Beauty of The Miracle that no man could design, or no man could pass to the world."**

**AUGUST 13, 1993 AT 1:07 P.M.**

## **SAINT ELIZABETH**

**“I am Saint Elizabeth. I have not spoken many times through This Beautiful Miracle of Divine Love, but each time that I have been given permission, or I am requested to speak, I treasure these times, because it allows Me to help mankind better understand the Beauty and the Purpose that it is to be man.**

**Mankind has been handed a Precious Gift, a Gift that no one can see, no one can feel, because It is a Gift of Divine Will. It has a Title, It is called ‘a Soul’.**

**As We stand Here in the Heavens and see the Purpose for This Great Miracle, it gives Us All a joy beyond man’s ability to know joy, for to Us This Miracle is paving the Gate to Heaven for millions of Souls that would, under other circumstances, spend much more time in Purgatory, delaying Their entrance into Heaven; or, to even make This Statement stronger, not even make it to Purgatory, but**

to be captured by the enemy for all eternity.

**I**n the world there is so much moral destruction, moral decay that is so obvious in its appearance and results, due to diabolical interferences that We Here in the Heavens find it 'so horrible to see that', to put it in man's way. When We are asked to speak, to direct, to teach, to instruct in any amount of Words through This Miracle of Divine Love, Divine Hope, it is an additional Blessing, because We know that The Father's Will must be accomplished for the Souls that are the victims of all the diabolical abuse.

**T**here are so many things to be spoken, giving mankind the way that is important to live, to work, and it is always sad when someone hears of This Beautiful Miracle and denies It because of some foolish reason or lack of reason.

**E**very time One of Us is permitted to speak, The Father's Presence is evident, and with the Words, man can be sure His Blessing, His Love is in Every One of Them. So be it."

AUGUST 13, 1993 AT 1:45 P.M.

### SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. The importance of this Beautiful Act (Baptism) that has been given to mankind is in many ways being lost to indifference, to a lack of understanding of why it should be an important part of a child’s beginning, or even in later years, because this Sacrament is directly connected to, associated with the individual’s Soul, thus giving a strength to fight for what is pure, and a strength to correct evil advances, situations and/or presence.**

**In the Act of Baptism, in the very beginning it was important, else why would The Son of The Father have allowed it to be done to Him? He was Example of all that was Good, all that was Right, all that was Pure, all that was Necessary, all that would give man the Direction to lead a more pure life.**

**It is so necessary for This Miracle of Divine Love to be spread throughout the world, to be passed verbally also, in every way conceivable, so that in some form, some manner, some degree,**

**children of all ages, all colors, all creeds, will benefit by This Time in History.**

**This Time is so important because it is similar to the Time in which Moses walked the earth, and in the Time when The Son of God walked the earth. The Father chose this Time, this Manner, this Means, this Way, for mankind to be awakened to The Father's Will, The Father's Love, and the necessity for mankind to understand regarding that Precious Gift of Divine Love, the Soul.**

**Satan walks throughout the earth. There is no place that is not available to him, so no place can be unavailable to This Miracle of Divine Love. So be it."**

AUGUST 13, 1993 AT 2:07 P.M.

### SAINT ANTHONY OF PADUA

**“I am Saint Anthony of Padua. So many pray to Me at different times asking favors, asking for My attention for their needs. I hear the prayers, and many times I am permitted to help in the manner of the request, but if the prayers are not answered in the exact manner they are presented, I assure you there is always a favor given, a Blessing bestowed, because of the Faith that was shown at the time of the request.**

**I have a purpose in telling you this, and that is, so many times pleas, requests, sometimes almost a command comes This Way. If you receive an answer, or it is answered in a way different than you expect, My request is for you to say ‘*Thank You,*’ because it is always The Father Who is involved with every prayer that is said in the human way.**

**You like to hear someone say ‘Thank you’ for your favor, your time, your gift, or whatever is evident that they received. This should also apply**

to prayers, because for every prayer spoken, The Father is the receiver of it; do not forget this. Sometimes We hear, 'I prayed so hard for this or that, I guess No One hears my need, my request.' Not so. Every word you speak, every act you do or make, is recorded within your Soul, so be assured that there are no mistakes.

It is important that mankind become aware of more than the human way, but to learn about That Part of The Father that walks with all human beings, from the moment of conception until It is separated at a specific time, in a specific way, because the Soul then stands alone, responsible for all things that occurred while It was present in the human form. So be it."

**AUGUST 13, 1993 AT 3:43 P.M.**

**SAINT AGATHA**

**“I am Saint Agatha. You have not heard from Me often. Many times when I spoke I did not mention or call attention to My Name. This Miracle is a Special Blessing, a Blessing difficult for mankind to understand, because It is an Unusual Event The Father has allowed, letting so Many from Here speak with Direction for the benefit of mankind’s Soul.**

**No Miracle has ever spoken so openly, so generously, so directed to That Portion of mankind, that is a Portion of The Father, that is to be returned to The Father at a given time. The Soul is a Portion of man that no one can see, and yet It is More Important to man than any human part of man, and It is the recipient of all that man does morally in many ways. It is victimized many times because of mankind’s weakness, indifference to purity.**

**When the Soul is mentioned, It is oftentimes ignored because man is not fully aware of Its Presence mentally or**

physically. It takes Spiritual understanding. It takes a specific Faith in God to see, to understand, to recognize that The Father would use Something of This Way, because of the Goal He has for mankind to return to Him one day.

This Miracle of Divine Love has given so much Information, Instruction, alerting mankind to this Special Act of Generosity. It is the Portion of man that will be allowed to return to God, bearing the name of the individual in which It was placed at the moment of conception. Mankind has a special place in the creation of all things, a specific Purpose, a definite Goal.

This Miracle has been given to the whole world to enlighten mankind of this Divine Love that was placed within each human life. It is not difficult to understand if mankind will but allow the reality to be seen through eyes of Faith.

The Father placed a Portion of Himself upon the earth in the form of man called 'The Son of God'. There were more reasons for this than have ever been explained. Many men have

**calculated Its Reason, Its Reality, but This Miracle has been given for all of mankind, regardless of color, race or creed, to better understand the Purpose, the Dignity, that is obvious when man realizes it is the Soul that makes mankind different than all other creations.**

**Animals do not have Faith in God; man should, or does. Animals do not have reason; man does. Man has intellect. The intellect combined with Faith in God is an important combination because, basically, in the world many men are driven by ambition for success. The greatest success for mankind is for the Soul to return to God ‘a Saint’. So be it.”**

AUGUST 18, 1993

SAINT CLARE

**“I am Saint Clare. I have not mentioned My Name often through This Beautiful Miracle that has been presented to the world, the whole world, for the benefit of Souls. I speak through *a small one* in the world. This is how The Father works. He says that He wants mankind, all races, all colors, all creeds, all degrees of intellect, to be able to better understand the Purpose of life, the Beauty of human life, and What He intended it for.**

**Mankind dismisses the fact that a Generous Gift was given at the moment of conception. Man says, ‘I have not seen It, I cannot see It, so how can it be true?’ and I, Saint Clare, say to you: ‘When you kneel by your bed at night, which most of you do not, ask The Father to give you the strength to understand the Importance of this Portion of Him that is within you. Ask to see some Light in your mental capacity that gives you the understanding that there has to be a Special Portion of Him within you, for you to understand that Faith is not**

**just a Delicate Gift of Divine Love, but should be a Treasured Gift of Divine Love because It separates you from all animal life, all vegetable life, and all other forms of every dimension in the world.'**

**H**eaven has been so articulate in All the Messages handed to you and all who will read Them. Granted, you do not hear My Voice, but We pass the Words through the voice of one such as you, and as These Words pass, there is no question that These Words are not Ours because of the manner in which They are directed, given; the Content, the Purpose, the Reason and the Way.

**M**any learned men find it difficult to understand a Miracle of This Magnitude. They say, 'Yes, the Words are beautiful to read; perhaps They were prepared.' Not so. There is no preparation. There is no need for preparation, for as They are given, Our Presence is evident to *the little one's* Soul, and through this Soul the intellect responds, and the whole of her being passes to you, through a vocal manner, or a written manner, what The Father desires mankind to know.

**M**ankind is not fully aware of the importance of the Gift of Faith. He knows the word, but he does not fully understand what an effect Faith in The Father's Will has on the whole of his life, or her life.

**I**t is important that all ages begin to concentrate on What has been given to the world through This Beautiful Miracle that has taught continuously for so long. It is true, all things have not been written. It is true that there have been days that twenty hours a day, or more, were used to teach to the listener or listeners, Instruction for the benefit of all individuals' Souls.

**T**here is no physical rest for this *little one* through whom I speak. This is difficult for man to understand, but as her whole being is directed to be attentive to Us at all times, it is difficult for man to understand such a way of life. So Many Saints have spoken in a very direct way. Many of renowned degrees of tutelage have spoken profoundly, articulately, and These Words have been put down for History.

**I** will take her into the funnel for three days, because to release her

quickly would be difficult for the body, even for the strongest human being in the world.

**You must see that people throughout the world are presented the opportunity for What has been delivered that has been written, because it is The Father's Will that mankind better understand the Importance of human life, because there is a great enemy trying to draw mankind the other way. Sometimes mankind laughs at this because he cannot, or she cannot see the diabolical encouragement, infestation of all that is wrong.**

**The little ones must be protected. It is a tremendous task. But you do live in a time worse than Sodom and Gomorrah, which was spoken many, many, many years ago through This Miracle of Divine Love, Divine Hope. Your tasks are many, your responsibilities many, because in these you will not only guard your Faith, but the Faith of hundreds or thousands of others.**

**The Father blesses you when One of Us speaks, because it is The Father's Will that so Many of Us take this time,**

**share it with you, speak with you, to you, because of the Importance of your Soul, not only to The Father, but to you, for Eternal Life. So be it.”**

### SAINT TERESA OF AVILA

**“I am Saint Teresa of Avila. A Great Blessing has been given to the whole world. It has been placed in a particular spot, and Every Word that has been put in print must travel throughout the world. When man hears about This Miracle, it is oftentimes thought out and then passed over because of a lack of personal association.**

**So much has been dictated Word for Word, Phrase after Phrase, Sentence after Sentence, Paragraph after Paragraph, on subjects that are beneficial to the Spiritual Life, for the benefit of Souls of every human being in the world, no matter what degree or type of Faith, belief, or manner chosen, to follow purity of mind, body and Soul.**

**I have spoken often through This Gift of Divine Love, Divine Hope, Divine Will. It is sad when We hear criticism interrupt, interfere with someone who is listening to the Words or reading the Words, because**

**All Direction has been given through the Will of God, for mankind to fully understand the Importance of human life and the Importance of its Goal, no matter what color, what culture, what degree of intellect an individual has.**

**There is a great sadness, when those who have been instructed to instruct others, regarding the importance of Faith in God, the importance of The Commandments He gave for mankind to follow, and the importance of All that was given for mankind to see as important Information, Instruction, designed for mankind to strive for purity, for mankind to understand that an enemy lurks every moment of the day, to draw one or many at a time, to total desecration of the Soul of each individual.**

**In the time in which I lived there were many who needed such a Miracle as This One is. Your time is Blessed, and the whole world must recognize from Where This Blessing comes, and the purpose for which It was given.**

**Mankind must understand that human life would be worthless if there was no Goal intended for it. This**

**Miracle has defined the Goal, and mankind must not ignore What has been given in such an understandable way.**

**I bless the world in the hope that mankind will see the value in All that has been given, but mankind should understand it is The Father's Blessing of This Gift that must be considered and remembered, for it is His Will that has so generously granted This Gift of Divine Love to mankind, in All the Instruction, Definitions, and simplicity of Words. No man can say, 'It is too much for me to understand.' So be it."**

SAINT ALPHONSUS LIGUORI

**“At this moment there are many men in discussion regarding the valuation of the legitimacy of This Beautiful Miracle.**

**They are not fully informed, so their conclusions will be only according to their practicality of such an Occurrence being legitimate, logical and unquestionable.**

**If man would only read the Words and stop looking into the possibilities, impossibilities, of such an undertaking by this *small human being*, they would find in All that has been given, Soundness beyond human ability. The timing alone would show the impossibility of so much to come from personal opinion.**

**I am Saint Alphonsus Liguori.”**

**AUGUST 25, 1993 AT 8:25 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“Even though it is difficult for some to believe in This Beautiful Gift, nonetheless the Truth of It will one day be understood by millions.**

**The very Content, the Wording will be a major factor in helping mankind to see the Value, the Beauty, that is in Each Revelation and/or Teaching.**

**Many stand on the outside and have not had the opportunity to be present when the Words are given.**

**The Writings must be passed to all corners of the world.**

**I am Saint Alphonsus Liguori.”**

VISION OF THREE SAINTS  
SAINT ALPHONSUS LIGUORI

**I'll tell you what I am seeing. There are Three Saints, and don't forget, I see with the Eyes of my Soul.**

**One is Saint Alphonsus Liguori, One is Saint Benedict and One is Saint Robert Bellarmine. They're All dressed differently. Saint Alphonsus Liguori is smiling and He says:**

**“I know that when I speak through this *small one* in the world, the Power that I extend, that I pass through her body to reach you, is difficult on every bit of her mental and physical life. The way We speak, the manner in which it has been chosen to reach you, took much preparation. There was much in the beginning, of human suffering beyond man's ability to understand, because in the preparation of the human body the physical senses had to be taught, trained, prepared, to accept All of Us Here. There were many times that The Father would intercept and say, ‘We must be easier now, for the littleness through which We work is**

having a difficult time because of the strength it takes and it will take in the future.’”

**S**aint Bellarmine is smiling. Saint Alphonsus said that you must understand that it was not your idea to come to This Miracle; it was directed by Them. Your time, They knew, would be spent in desiring to learn more about not just the Spiritual Life, but human life, and the strength you have gained through This Miracle must be shared with hundreds or thousands of others.

“**Y**ou must work as We worked when We were upon the earth, delivering the Messages verbally, physically, and by Our very presence We stood for a specific reason. You, too, must be this way with everyone you meet. You must not be afraid to release the Words that have been passed through this *little one*, for the whole world to read.

**M**any Souls will be saved because of the Words that We were able to give at different times, structured in a manner that would not be difficult to understand, but structured for man to feel Security in, to see the Truth in, and to feel that These Words were

not humanly designed, but Heavenly Designed for a Specific Purpose, Reason, and to direct thinking in a Higher Being.

The Father says to tell His sons that when you feel physically tired and feel that you cannot do one more thing, make it a point to make *The Sign of The Cross*, and you will find a strength in this prayer of recognition of The Holy Trinity.

I have sometimes spoken with such a speed through this *small one* that it was difficult for man to absorb the full meaning, but then when It was written, sometimes I would hear, 'Ah yes, now I remember what He said.'

Share These Words with others throughout the world and you will be blessed in many ways for, see, if We had allowed the Words just to be in your memory you would have forgotten Them.

Remember These Words on this night. Remember *The Sign of The Cross*. Remember the strength you will receive from It, because in a particular way you are saying: '*In the Name of The Father, and of The Son, and of The Holy Ghost,*' or '*Spirit.*' Whichever you

**choose to say, you are recognizing The Divinity, The Holy Trinity, in a very personal way. God hears you, because your Soul responds immediately every time you pray, every thought you have, every wish you make, every kind gesture that you do. Your Soul knows too, when you make a mistake.**

**I bless you with The Father's Will and I say, 'Do not ignore the Words that have been written in the past or the Ones that will be written in the future. Share Them, not only with those you know, but share Them with the whole world, because it is God's Will you do so.' So be it."**

SEPTEMBER 8, 1993

SAINT ANNE

**“I am Saint Anne. All the things that were spoken to you on this night in your time, were delivered to give you Instruction, Something for you to think about to help you better understand the importance of many issues. You are not expected to remember Every Word, but the subject matter is very important because it will guide you to understanding more about what the physical life for you is all about.**

**A *child*, such as you, stands before you with total attention to My Presence, difficult for many in the world to understand. They read the Words when They are in print, and yet it is incomprehensible for them, because they say, ‘If I were present, maybe I would better understand.’**

**I, Saint Anne, say: ‘The Words are meant for all people throughout the world, all races, all colors, all creeds. All ages must read These Words, must be taught What has been spoken. There has never been a time in the History of mankind, since the time that The Son**

of God walked the earth, that so much has been delivered through one Soul, for the benefit of millions of Souls throughout the world.'

When We see the Words passed to another, We are present. Granted, all reception of the Words are not greeted with great pleasure, but the Words one day will be found by another who will glance at It, read It, maybe one Phrase, and then will find a deeper understanding of what Divine Love is All About, what the physical life was meant to rise to, what the physical life was to do, to be aware constantly of The Father's Will. The Gift of a will to man was a Gift of Divine Love.

Man prays for many things, prays for health, prays for earthly things, prays to be loved. The important thing is that man understand all prayers are heard, are answered to the degree The Father Wills them to be answered.

When a child says, *'God, please help me save my Soul, so one day It will be returned to You in a state of purity that will please You,'* The Father, in His Joy at this request, blesses the child abundantly and says, *'I will do all I can to give you the strength.'*

**It is difficult for some in the world to understand that so Many Here would speak through a *little one*. We say '*little one*' because it is true, every human life is little compared to Where We are, and to the Soul that is a Portion of The Father.**

**You must understand that as you say, 'Isn't that a beautiful child,' 'Isn't that little one that you look at a beauty to behold,' the child may be a small infant, it may be one, two, three, four, five, but you respond to the child. Remember this, what I have said, because The Father responds to you in the same manner, the same way. You are never out of His Sight.**

**It is difficult for mankind to understand the Magnitude of The Father, but do not allow that to interfere with your love for Him. Your love is small but it is important, for your love for Him will one day be the love that your Soul will depend upon when a time for Judgment comes Its way. So be it."**

SEPTEMBER 25, 1993 AT 2:18 P.M.

## GOD THE FATHER

**“I have given to the world a Gift of Divine Love, a Gift of Divine Hope. I do not give such Major Gifts as This, as often as man thinks I do.**

**A Gift from Me bears much responsibility and victimizes a child totally. Ordinary thinking instinctively says man wants to be free. One who walks for Me loses the freedom they are used to, or the freedom they feel they need.**

**Millions of people throughout every nation in the world, every country, must hear about This Blessing that I have given for the benefit of Souls to be returned to Me.**

**It is difficult for many to understand, even many who have joined groups, using these areas to practice in ways they feel will spread My Will to all mankind. When I Direct a Blessing of the Magnitude of This Beautiful Miracle, I Am In Charge of Every Facet of It, Every Degree of Its Delivery, Every Subject It Covers, and Every Place I Want It to be.**

**Sometimes, when an individual sees This Beautiful Miracle that bears so much Love from Me, the individual tries in many ways to imitate, to replace the individual through whom I speak, I act, I deliver My Will. Only I can work in this manner. Only I have the Power to not just request submission of one's will, one's time, one's presence, one's submission, for a Miracle of this Proportion, this Magnitude, this Purpose.**

**Many men and many women want to understand how this comes about so spontaneously, so directly, so profoundly. Better they listen, read and follow the Directions, than to spend so much time trying to imitate or figure out how it is accomplished.**

**Every time I come to the world to instruct, as I have this time, My Reasoning is for the benefit of a Multitude of Souls that are in great need for this to happen.**

**You live in a time of much diabolical intervention, most of it only being recognized in a humanistic frame of acceptance. It is diabolical in its inception, and there is a great battle every moment of every day**

taking place that man cannot see with his or her eyes, but it should be recognized by what is occurring, and it could be called 'brainwashing', 'brain damaging', 'moral abomination', with total ignorance to what My enemy is trying to do so that many, many, many Souls will fall to the wayside because of the weaknesses of the flesh, based on immorality in vulgar, ugly, despicable forms of impurities of the mind, of the body, of the pleasures that are based on the enemy of all mankind.

**I Am The Father.** Man says I would not speak, especially through such *a little one* in the world. I Would, I Do, I Am, and I Will Continue to do so, for I will not give up as long as there is One Soul that could be lost to Me, by the enemy. So be it."

OCTOBER 3, 1993

SAINT ALPHONSUS LIGUORI

**“I speak through a *very delicate child* in the world. Everything that I have ever spoken has been directed for the benefit of mankind to fully understand what a privilege human life truly is to man.**

**Sometimes when you are about to do something of importance, you use an instrument, you use some form of mechanism, and you use it for the purpose for which it was invented, it was made, and when you use it, you expect results.**

**I show Myself to *the child*; I’m writing script. I have written many thousands of words for man to read. They no longer read My words. Now I come to the world to speak in a manner that mankind in your day understands.**

**The Father has allowed Many of Us to speak through This Beautiful Miracle that bears the Name of The Beloved One which We call ‘The Light’, ‘The Hope’. Man has been given the Words to read for a long time, not just**

spoken Words, but Words that man can refer back to, to be able to study and to use as a method of Direction.

The body through whom I speak is not a strong body as you know strength to be, but The Father, in preparing this body, uses the strength in the Soul, the responsibility of the will, and the Faith in what has been requested to be.

Ask yourself at this moment, 'Would you change places with *this child*?' Some might say, 'Yes.' Some might say, 'Never.' Some might say, 'How could it be?' Some might even feel it would be a drudgery.

Let Me put it in These Words: Total submission of the human will is beyond any man's understanding, because it is not like living in the human form, seeing something that you can touch, you can feel. Seeing with the Eyes of the Soul is Pure Vision. It is Vision man is not used to, because as you were given a mirror,<sup>1</sup> if

---

<sup>1</sup> Each man attending the Retreat and Installation of The Society Of Saint John Vianney was presented a small standing mirror, emphasizing that the condition of the Soul can never be physically seen when one looks into a mirror.

**you change the color of your hair, you change what you are wearing, you see a change in how you appear.**

**This Miracle that has a Purity in It beyond man's ability to understand purity, sees all things in the state The Father Wills it to be: the Clarity, the Purity, the Understanding, the Oneness of Reality. This can only happen through one's Soul. It cannot happen with the human eye.**

**There is so much that is Willed for you to be aware of today. I am speaking slowly so you can absorb what I have said.**

**The whole world stands outside this room, men, women and children of all denominations, all colors, all creeds, and yet I, Saint Alphonsus Liguori, say to you, 'Ask yourself when *this child* leaves the room, how you got here; under what conditions, do you know that We speak?'**

**Many times Something is spoken and the one to whom It is spoken does not know from Where It truly came. Many times We direct many things through her, making It look so natural, because it is how mankind can handle Direction, Concern, because human**

love in words has meaning to man. It is difficult for man sometimes, to understand the Pure Love, the Pure Care, the Pure Concern The Father has for the individual's Soul. The matter can be very light, but The Father still cares.

Ask others sometime, casually, 'Have you ever thought about your Soul?' You might find a blank look, you might find that they don't want to talk about It. Why? Because, you see, they don't think about It, they cannot comprehend It, and that is why *This Miracle Of The Beloved Saint Joseph, The Spirit Of God*, has come to the world at this time, because it is so necessary for mankind to understand.

At the time of Moses, The Father deliberately passed through a man What He wanted all of mankind to learn, to understand. It took a long time for the preparation, but do not forget, the Words, the Directions have lasted three thousand years.

So it will be with This Important Miracle of Light that has been given to the world through *a very small one*. The Words will stay, They will remain, because They must teach mankind in a deliberate form, a deliberate way,

**about that Important Part of man, that Living Part that cannot be seen, the Soul.**

**I will release her slowly for if I did not, the body could not take the Power that would, could break the bones. Even the strongest man in the world would find it difficult to stand with what *this child* endures for All Souls' sake. So be it."**

OCTOBER 20, 1993

## OUR BLESSED MOTHER VISION

**“When God gives a Miracle like This to the world, It is for the benefit of millions of people. The individual is *the instrument*. The individual is the one through whom the Words are spoken, the Lessons taught, and there’s an obedience to it that is unlike any other obedience, and there’s a submission of will to a Higher Being.**

**It is not self-inflicted, it is not something that the person wished. It is something that bears much responsibility and much time.”**

**I’ll tell you what I see. It’s Our Blessed Mother and She’s standing high on my right, very high, and She’s smiling down and She says:**

**“As these sons know, I walked with a Son that was My Son, and as a mother wishes for her children all good things, I wish for those present here with you, *My child*, on this night, all good things.**

**I want them to understand they have responsibilities for the Gifts The Father gave when they were born to the world, the Gifts they can use to do many things, the Gifts they can express to others through acts of love, acts of hope, concern.**

**I bless each child in My Presence, for I want each child present to know that a mother's love is precious; My Love is More than Precious, It is a Divine Love of Hope, because one day I want to receive each one Face to face through their Soul. Each one present here has a name. I will know the Soul when It stands Where I am one day.**

**My talk, what I say tonight, is personal to each one here, for you see, a son who comes, who has the Faith to believe, to understand that The Father's Love is so Great, so Deep, that He would allow a Miracle such as This for mankind to better understand the dignity of being man, is a Beauty to behold.**

**My sons, I speak through *a child* as you, one who walks in total obedience to The Father's Will, one who cannot deny what is Truth, one**

who cannot say 'No' when He says, 'One will speak, I use you.'

*The little one* through whom I speak has spoken millions of Our Words. The exhaustion in the body is beyond man's comprehension, for you see, the Power that surges through her is Ours, for the littleness of human life would not have the strength to project what We would want spoken in plain Words.

I bless each in a special way and I want you to know, though Faith is a Gift of Divine Love, when you express your Faith Our Way, it is Blessed abundantly because of the Soul that walks with you. As It is a Portion of The Father, It rejoices in the communication you are unaware of, but We use. So be it."

OCTOBER 23, 1993 AT 2:38 P.M.

**“Man has abandoned the beauty of truth, of logic, of what God has given through time, for the benefit of Souls.**

**Mankind is constantly ignoring what the Soul consists of, from Where It Originates, and Its True and Full Purpose.**

**There are so many Christian followers following what pleases their whims and their time.**

**Mankind, in eliminating the Importance, the Reason of God’s Commandments, has put Souls in jeopardy, because of the tremendous diabolical surge dedicated to destroying sound moral values and sound moral standards that are the basic values to Sainthood.**

**Millions of Words, written and unwritten, have passed through This Beautiful, once in a lifetime Miracle that is in so many ways giving mankind of all ages, all colors, all creeds, a direct, positive, personal**

description, and thorough knowledge of the Importance of human life and the Purpose for which it was created.

The Father, in putting This Miracle upon the earth, placing It within a human life, not only Blessed mankind, but consistently instructed mankind to observe a logical path, to understand the value of life and how it is being protected, plus the Purpose of the Infinite Gift of Divine Love, the Soul, so man would live on in The Father's Way for Unending Time.

Blessings like This are Special and not frequently delivered in the degree that This One is.

It is time that men of book learning and of degrees of desire to teach about the real spirituality, that mankind innately has the Presence within.

This time is 'special' and one day will be recognized in conjunction with other 'special times' in History.

*The instrument* The Father uses knows fully the importance of obedience to His Will, and is never without the knowledge of the responsibility connected to the

**importance of Every Word spoken or written, that can or does affect the life or lives of those present, or those who read or will read the written Words. So be it.”**

OCTOBER 30, 1993 AT 2:50 P.M.

**“A soldier has a specific purpose. A soldier belongs in the service of a country, a division of a named group dedicated for the benefit to protect.**

**This Miracle is in many ways passed through *a soldier* of human way, for protection of millions, perhaps billions of Souls. This *Miracle Of The Beloved Saint Joseph* is a Miracle stressing protection of the Souls of all mankind, all races, all colors, all creeds.**

**This Miracle is never to be diminished by any authority, any individual, any discussion putting This Miracle in a category unworthy of Its True Existence.**

**As The Beloved Saint Joseph was obviously a Protector, The Protector of a Great Time in Human History, The Miracle has been given to the world with further Instruction on the Magnitude of His human purpose, that so obviously was of Divine Origin.**

**Men of all types have and will try to ignore and also dismiss the reality of His True Presence as The Holy Spirit of God. Who else would God have put upon the earth for such a Great Responsibility, Purpose?**

**Through this *little one* Words flow, teaching mankind the Great Gift of human life, and how it has been protected, to persevere in the Goal that God intended.**

**Man automatically rejoices in a Blessing or the thought of being blessed. This Miracle has been given to all of mankind as a Blessing, for mankind to understand the closeness, the intimacy that each human life has with such direct, personal way, through the God-given Gift of the Soul handed at the moment of conception, to every human life born to the world.**

**Truth has a way of becoming obvious, sometimes in a manner and a way for some men, women and children to not fully understand on its first introduction, but This Miracle has in many ways allowed mankind to learn firsthand the closeness man has with God, and that through The Spirit of God, the Soul of man is in communion**

**with the Divine Love of God. So be it.”**

**NOVEMBER 3, 1993 AT 1:20 P.M.**

**GOD THE FATHER**

**“Man has many forms of communication. The main one is called ‘speech’, the spoken word, a communication that is prompt, immediate, and can be heard. There are many forms of communication other than speech.**

**In My Creation of man, giving man so many forms of communication, would I not have a Communication understandable to man? The Communication I have is through the sound Faith in My Existence, the inner feeling of My Existence, and of course, through those I have chosen to give My Directions so that others would better understand the Purpose, the Reason I created man.**

**Through This Beautiful Miracle that bears the Name of One that man can relate to, that man can see is close to Me, This Miracle is a Teaching Miracle, a Miracle of Communication, for man to better understand the Importance of human life, what I**

created it for, and the closeness that man has with Me.

When the Words were written, first spoken, through This Beautiful Gift of My Love, called 'a Miracle' because of from Where so much Teaching was delivered, is delivered, and will be delivered for a very, very long time, the Love I have extended through this Communication has been One easy for man to understand and easy for man to be able to follow, because of the closeness that has been instructed to be, through the Soul that I instill at the moment of conception.

When I hand to the world a Special, Specific Form of Communication through *a child* in the world, It should automatically be seen for What It truly is, and from Where It comes. There are so many Facets of It that breathe Supernatural, not humanly designed, and that no human being would be capable of such a Phenomenon that speaks for Me.

I have used this *little instrument* for many of man's years, a personal Communication, so that mankind could understand the importance of All of the Direction, the Reason for It,

**and of course, the Genuineness of the Content for the benefit of all men.**

**Some men say, 'It is difficult to believe.' I say, 'This is a ridiculous statement, for no man born to the world could teach so much, could deliver so much Reason, so much Direction, in such an understandable form of Communication.'**

**When a child prays, a child of any age, I am aware of all the intentions, the time, the conditions, and the need or the purpose for which the prayer or prayers are spoken. Nothing in the world escapes Me.**

**I have Blessed thousands through This Miracle, and through the written Communication I will bless millions more.**

**Remember, when you speak, never be afraid to speak in My Name, because the Soul of the individual or individuals who listen to your words, find nourishment, hope in what you speak. Let no man, woman or child tell you I do not come personally through This Beautiful Miracle that I have placed in the world at a time that man is so desperately in need. So be it."**

NOVEMBER 9, 1993 (EXCERPT)

SAINT ALPHONSUS LIGUORI

**“This Miracle has been passed into the world through *a very little one*. This Miracle has given so much Information, so much Direction, so much Love, in Words understandable to all degrees of intellect, and in the Words a Supernatural Love extended, touching the Soul of every individual, the mind of every individual, who has ever been present.**

**Ask yourselves, when you pray, do you feel you are heard? If you say, ‘Yes,’ then your Faith is a very treasured part of you, because you see, your Soul is a receiver of all things that you ask The Father, or ask Any One of Us.**

**The Father is aware of all things. Our Presence is consistent and constant through This Great Miracle. We would not dare to leave *this child* alone, even in the most desolate hours.**

**When the Books, all of Them, are scattered throughout the world one by one, you will find that more will**

be drawn to better understand the Gift of Divine Love, the Soul. There are millions of people upon the earth in your time, who have no concept of what they are all about, why they were created, and that Precious Gift of Divine Love, the Soul that is within each human life.

There is so much dissension in the world. There is so much jealousy. There is so much untruth in so many areas. There is so much poor leadership in all areas. There is so much dependence upon one who is more outspoken, one who is more able to talk on any subject. There is so much hurt in the world by those in power over other men, women and children. I could go down a long list.

I am Saint Alphonsus Liguori. Men who walk in the same station of life that I walked, are not all doing the things or saying the things appropriate for the time in which you live.

Through this *small instrument* in the world, We pass Words sometimes uncomfortable for some to hear, but nonetheless, always a reason behind Them, a purpose for Them, and a great need for many to hear or read Them.

**As I speak at this time in your time, it is The Father's Will that These Words do not fall by the wayside or be cast aside by indifference, misunderstanding. They are to be passed throughout the world so that mankind, all races, all colors, all creeds, will know that The Father's Presence is Ever Present, and that We Who are Here with Him are Blessed with the Grace to be able to serve Him, for the Salvation of Souls.**

**All of Us Here bless you, in ways other than the One you understand, because you see, you are important to God. Everything you do, everything you say, every action you take, is example in how you believe, what you believe, and the desire you have to come Here.**

**Some men say, 'No One from Heaven would speak.' I am speaking through the Soul of *a child* such as you. My Words pass through her Soul, into her intellect, and into her acceptance of The Father's Will, to be *the small instrument* at this time, because of the necessity to save Souls. So be it."**

NOVEMBER 17, 1993

## OUR HEAVENLY MOTHER

**“There are Many standing with *this child* in your presence, in this time of your life. There are Six in number.**

**Some men, women and children would find it impossible to believe, to understand, to accept such a Phenomenon as This, but I, your Heavenly Mother say, ‘Look to Each Word spoken that gives you the Strength, the Advice, the Hope, the Direction, the Love and the Words to help you better understand the Importance of human life, the Purpose of it, the Goal The Father intended for it, for every human being born to the world.’ Each of you present here, and every human life outside this room is important to The Father.**

**As I speak through this *little one*, I speak with a Love beyond your comprehension, your understanding; a Love that is not a normal love, It is a Supernatural Love. It is a Love of Divine Hope. It is a Divine Greeting, helping you to better understand the importance of every hour of your day,**

every minute of your day, every year of your life, in all things you do and all things you say.

I want you to know that as I speak there is a happiness within Me, because those who express Faith, express love, We see it.

As I speak to you, I am speaking to *the child* through whom I speak. The Words are from her to you as she listens to Other Words, so the Words might become slower, My sons, for in reality there are two things occurring at this moment in your life and in hers.

You must remember that you have been given so many things to give you the strength to be strong in the world of mankind. You have been addressed in loving ways, supportive ways, teaching you from Here what the human life is all about, the Importance of it, the strength in it, the wrongs that can occur through it, but We have always encouraged you to find strength in what you know is Fact, is Right, is Truth, is Logical.

You have the opportunity to give your Soul back to The Father in a State of Pure Grace, Pure Love. You have

**the opportunity, because every day of your life you can hand to Him every act you do, and say to Him, *'It is for You, my God.'***

**Every word you say, say it in His Name. As you go about your way, your day, with people you love and people you really may not care about, your example is important, for as you stand in sound moral values, with sound moral standards, you are example in many, many ways.**

**I bless you, My sons, with a Blessing beyond your understanding, but in This Blessing there is Strength, there is Hope, there is Love, there is Sincerity, and yes, a wish that you will use All you have learned, All you know is Truth, and be directed by It when you are alone, when you are with others you love, or even those you dislike in some way, for your example, what you radiate, your attitude, your Acts of Faith, are Blessed abundantly in ways you cannot understand, in ways you cannot truly comprehend.**

**Others Here with Me have raised Their hands in Blessings for you, of you. I smile at this, for the Blessings that have come to you on this night are**

**from Men Who walked the priestly life, for there is so much needed for your strength to be shown in this area that has been attacked in so many ways.**

**I bless you with Love, a Mother's Love, and I say, 'When you feel distressed during the day, remember I am Ever Present, for never forget, a son to Me is an important love, for you were born to be a special part, have a special place Here with Us Above.' So be it."**

NOVEMBER 20, 1993 AT 2:10 P.M.

## GOD THE FATHER

**“I am in constant control of This Blessing I have handed to the world to guide mankind My Way, for My Purpose for which I created man.**

**All of the Lessons, the Teachings, the Directions are simple in content, distinct in Their meaning, and in no way could They be difficult for any man, woman or child to follow or to be guided by. I have taken much time delivering support to man’s ability to be able to better understand the Purpose for which I created man, the Goal I have waiting for man.**

**There are so many areas of rejection to My Will, through the enemy that fights desperately to control man’s thinking, man’s actions, man’s intentions, man’s goals. All I have given is sufficient for mankind to see, to follow, to understand My Plan over the enemy’s.**

**I speak constantly, instantly, distinctly, through *a small child* in the world. I have allowed My Words to be written, giving mankind a Permanent**

**Source instead of man depending upon his or her memory.**

**Let These Words that I now have spoken be delivered to many. I feel it is a necessity to remind mankind that My Presence is Constant and Consistent. I am always present where every life is concerned.**

**My Love is Unlimited, and I want all to be aware of the Words, no matter what little Faith they might have in how I would openly express why I created man, and how much I stay close to man's physical life constantly. So be it."**

**SAINT MARGARET MARY ALACOQUE**

**“Our Entrance through this *small instrument* in the world is always spontaneous and she has been prepared for Our Words at a moment’s notice. This would be difficult for most human beings to understand, but nonetheless, This Phenomenon is in their midst for the sake of all men, women and children, of all cultures, of all degrees of heritage throughout the world.**

**This Miracle is oftentimes the Subject of discussion, for It, against It. There’s also much envy from some, because they do not have the Faith, nor the ability to understand how The Father would work for the benefit of Souls of all mankind.**

**Mankind is aware, if he throws a drop of ink on a blotter, the mark left will automatically be much larger than the drop, because the blotter will absorb the discoloration, or color, to a greater degree. The Words that pass through This Great Miracle, This Gift of Divine Love, can in some ways be**

compared to a small drop, that once It is read, once It is heard, It expands in meaning many times different to each individual exposed to It.

It is important that all races, all colors, all creeds, be introduced to Every Word that has been put in script, because there is so much Meaning, so much Direction, so much Love, so much Proof of the existence of All That Heaven Is About, all that mankind is about, and the Importance of the Connecting Link between God and man, the unseen Portion of Divine Love, the Soul.

I am Saint Margaret Mary Alacoque. The Heart of The Beloved Son is constantly in the midst of mankind. It is a Part of mankind that says 'life, energy, hope, and a unity with God through The Son of God'.

Those who will read These Words must understand They have been passed through *a Victim Soul* for the benefit of all men living now, and those who will yet be born, because These Words, and All that have preceded this time, will live forever. So be it."

**NOVEMBER 25, 1993 AT 4:25 P.M.

**SAINT ALPHONSUS LIGUORI**

**“M**ankind constantly looks for the results of many areas of life, such as raising a family, the work areas of life, in their accomplishments and/or their disappointments. I, Saint Alphonsus Liguori respectfully say to man to be totally and fully aware of every day’s moral issues, moral results. Sometimes human life tries to imitate others who appear successful, or others who appear to have reached goals that are inconceivable; hence, many times envy or jealousy results, things become complicated, unreasonable, and to no advantage.

**I** come to you through This Miracle, on this day you celebrate, called ‘Thanksgiving’. Man celebrates many times, just because it is pronounced and announced because of past occurrences, happenings. As I speak on this day to all who will read My Words, men, women and children should be taught and also understand the Important Gift of Faith in God is a constant Blessing to be thankful for.

**F**amily unity, pure love from others, a dependable love, an unquestionable love, is something to be thankful for. The ability to use each day in a togetherness that brings happiness, sharing, closeness, assured that tomorrow will be the same, is a Blessing to be thankful for.

**T**his Miracle The Father has given to the world is a Constant Instruction, delivering Direction that is capable for all ages to observe, all ages to grow deeper in understanding of the Precious Gift of human life, directed to the Divine Gift of Divine Light.

**I** bless all present that hear what I have to say, and a Blessing goes to all who will read the Words, see the Worth in Them, and be thankful for Every One of Them. So be it.”

## GOD THE FATHER

**“There are so many people throughout the world who kneel in prayer and request many things. There are so many people who just request many things and never think of kneeling in prayer. There are so many areas of life available to mankind that can be so beneficial to every individual’s Soul.**

**As I speak through this *little one* in the world, I speak with a Love beyond your comprehension, because This Blessing that I have passed to the world is One Alone in many ways. It hands to mankind of all ages, all degrees of Faith, all types, a way to better understand the Importance of That Portion of Me that walks with man, called ‘the Soul’.**

**You have in many ways heard speeches, talking about what is expected of you, and how much prayer means in your life. Remember this, My sons: Prayer is many things. Prayer is how you think, what you think. Prayer is how you act, what you do in**

**your actions. Prayer is in your speech, how you talk. Everything you say is important, because many times in a casual conversation, your words can give strength to the one, or those who are listening. Your words can draw their attention to a more moral way of life.**

**You do not have to preach. You do not have to make the announcement that you are teaching, but your very presence in how you say things can attract much attention, and the one or ones listening will find great worth in what you have spoken, and in their own way, not yours, will remember at different times in their life. Your words could mean the Salvation of their Soul, because of your kindness, your generosity, your love, your respect, your decency, your moral values, that radiated from you in a very short conversation; your smile, your intention.**

**You do not have to walk around with your hands folded, but make your lives example in everything you do, in everything you say, everything you think, every expression in your face. It can be done.**

**It is amazing what I have allowed in the facial structure of mankind. There are so many things that show. Sometimes terror shows, arrogance shows, immorality, indecency, gratitude, hope, understanding. Your face, to many people, says more than your words, because you see, every face in the world is different. In appearance, there is some slight difference, even in those who look alike. So remember, your appearance and how you use it can be a great message to everyone you meet, because sometimes it says so much when it is needed.**

**I speak so many Words through This Miracle of My Love, My Hope, My Desire, for mankind to better understand the Importance of why I created mankind, the Goal I have set for mankind. It is important for you to better understand from this moment on, that human life is a privilege and should be treated thusly.**

**Everything you are, I have given you. It is a privilege, for you can use it to its fullest degree, to help someone close to you or someone that you just meet, to become a better person, a more loving person, a person more**

**dedicated to Me. Sometimes you don't even have to say a word; a kind act will speak.**

**I bless you with My Love, through This Beautiful Miracle of Divine Love, and I say, '*The little one* through whom I speak is *a messenger* to the whole world with My Love, because of the Soul of every living human being.' So be it."**

**DECEMBER 8, 1993**

**OUR HEAVENLY MOTHER**

**“It is true that We are constantly around, in This Beautiful Miracle The Father has given to the world. This Miracle must live on through the Words for a number of years, in ways too many for man to count. All the Messages are of Great Importance to the time and to every human being living now, and will be Important in all the years to come. All Teachings, All Formal Messages have been and are being given for the Purpose of the Souls.**

**Your Soul is a Special Portion of God. You cannot see It, you cannot touch It, but It is evident to you many times. It gives you strength many times when you need strength beyond human ability. It is there for you. It carries messages when you speak, when you pray, when you request special attention for one reason or another.**

**It is sad for Us to see so many in the world who do not understand What they have within their being. They just look at themselves as man. They feel**

that all they do and all they say, they are capable of doing, and there is no one there to help them. That is not so. No human being born to the world is born without a Soul. No matter what race, color or creed, a Soul is handed at that moment of conception.

My children, All the Words that We have spoken through This Great Miracle, This Gift of Divine Love, have not been written, because it would fill many libraries, many buildings. Man would say, 'It is too much to read,' so We have allowed a specific portion of Them to be put in the language of your way, your time, your day, a language understandable to many throughout the world, a language that will remain in a positive way.

I speak so much through this *little one* in the world, giving her Direction to pass on to you. Many times We speak when it is not convenient, but We say, 'Write It, and you will remember the fullness of It when We decide to pick the Subject up and relay It to others.'

So many Blessings have been passed through This Beautiful Miracle to encourage men, women and children to better understand the Beauty of

**human life, the Importance of human life, the Dignity of human life, and of course, the Great Love The Father has for human life. He created it with a Great Purpose in mind. He shares His Love every day with mankind.**

**When a child prays, asking for a special favor, requesting it immediately, He smiles because He says: ‘The impatience of the child, I gave the child the impatience. The child is using it at the right time. I will answer the prayer when I know it is the best time.’**

**So many times you talk during the day to those you love and those you just know casually. When you do, you do not understand the magnitude of your presence, what your presence can do to another individual, when you say words of comfort, words of understanding.**

**I know that you say you wish others could understand This Beautiful Miracle as you do. Well, perhaps if the Words were passed in an act of love, with a love, understanding, to the other individual, the criticism would soon leave, rejection would soon leave, but remember this: if there is any rejection**

**to your love for This Miracle, it is important that one day that rejection might be remembered, and it will be a moment that will give the other individual time to remember to pray. So be it.”**

DECEMBER 10, 1993 AT 2:15 P.M.

SAINT ALPHONSUS LIGUORI

**“It is so necessary to pass All that We have given Formally and Informally to men, women and children of other cultures throughout the world.**

**We are fully aware of the rejection of many close to where you live. Much of this rejection is based on total misconception, also jealousy, also the inability to understand in this time of man, that God would be so Generous, so Loving, so Close, so Personal.**

**All ages need to know, need to understand, need to absorb, need to follow, the Directions that have been passed through a human voice, human hands.**

**It truly is not impossible for mankind to understand The Father’s Way, in reaching through *a small one* in the world, all of mankind, continuously teaching on important codes of moral values, moral standards.**

**Many learned men and women openly argue against this Special**

**Time in the History of mankind that The Father has chosen to teach so abundantly, instruct so precisely, in so many ways, for so many of different cultures to fully understand the Beauty of the Gift of life, the Importance of what it was created for, and the Purpose for which He intended it to be.**

**As I speak through this *small instrument*, who walks in the manner of human life, it is logical that it be done this way because of the communication. Mankind can understand the language that is prevalent, and of course, the personal manner in which all things are said.**

**As We hear opinions of All that has been given, or opinions on small areas on What has been given, it is sad to hear so much envy, so much jealousy, so much indifference, so much doubt, but in all these things, when there is a moment of logic in some thinking, a question arises: ‘Could This be true, God, that You would act so Personal through someone human like myself?’**

**I am Saint Alphonsus Liguori. Millions of theological instructions have passed to the world through**

learned people, and theologically many were correct; and many, in the theory expressed, had differences in opinion.

**I**n your time, The Father has delivered so direct, so plain, leaving no question of what He wanted mankind to understand, to see the value of, and to fully comprehend the Importance of His Love for man, and how mankind can lead his or her Soul to Sainthood in a simple form, simple way, by understanding the Beauty of the Goal of Sainthood.

**I** raise My hand in a Blessing you understand, for in the words you are familiar with, the Blessing is one in which The Father's Name, The Son's Name, and The Spirit of God, joins in a Special Way to help you remember Who is at The Head, Who loves you without question, Who listens to your every word, your every prayer, Who waits for your Soul to return to Him, when the human side of life ends. So be it."

## SAINT JOAN OF ARC

**“As I speak through this *little one* in your time, I will speak slowly because of the physical exhaustion that I am fully aware of. I am Saint Joan.**

**Many stories have been written about My life, some of it correct, some of it incorrect. There were so many times that I was physically abused by the men in charge, because I was a woman, a child to them, but I was also a threat in many ways, for I stood strong for what I knew was correct, what was right, in what I knew God wanted me to stand strong in and for.**

**The time in which you live a *child* is upon the earth, one that in years, older than I, but the obstacles in many ways are the same, but the ever awareness of Solid Truth, bearing no stain, is always evident when Words are spoken, time is taken, and strength needed.**

**There are so many areas in your lifetime that need all people to stand up against, because the evil one,**

**God's enemy, is working constantly, consistently, to destroy moral values, moral standards. That is why there is so much emphasis through This Beautiful Miracle on sound moral values, sound moral standards.**

**This Gift from God to the world is a Gift of Teaching, a Gift of Instruction, a Gift of Light, a Gift of Enlightenment, a Treasure in the form of Hope. It is teaching men, women and children of all ages, all cultures, the importance of purity of mind, body and Soul.**

***The little one* through whom I speak will tell you of the Vision she sees, where I stand alone."**

**She's standing on a very large piece of land. It appears flat, and She's all alone. She's smiling, and She says:**

**"Tell them, though I appear alone, in reality I am surrounded by Many Saints. I am appearing alone so you will better understand that as you stand in the world you can lean on no one, and allow no one to lean on you, because of the Importance of the**

**Souls involved. You must stand for what you know is important for the Soul within you. You must not allow anyone to detour you so that when the time comes, that one detour could cause you to be assigned to Purgatory or Hell.**

**It is important for mankind to see the value of the soundness in moral views, moral stands, moral conversations, moral actions. The time in which you live is a time of horror to watch from Where We are. The sins are not small sins. They are sins of great degrees, heavy burdens to carry around, but the deeper the sin, the more difficult it is to correct it, because it is like a physical sore that is loaded with the ugly stench of pus, poison, and it is eating at the whole body.**

**Purity of mind, body and Soul is an important goal for all to think about, strive for, and not accept less, because you must remember you control your own decisions, you control your will, you control what direction you will take, and you must not allow anyone to interfere, because if you do, you will find yourself on a path of no return.**

**It is Important, This Miracle of The Beloved One, for the whole world, for as He walked in the human form for the benefit of man and for a Specific Purpose, He stands in the Heavens in a Mighty Way. His Power is unlimited, and it is His Will, His Wish, His Desire, to reach as many Souls as possible before it is too late.**

**That is why This Beautiful Miracle that looks so natural has been given to the world, for mankind to understand the Beauty of the Gift of human life, and the Magnitude of the Goal God intended for each Soul.**

**I leave you now, but as I do I say, 'Let no one's words or voice make you do things, make you say things, make you accept things that you feel are wrong for you.' All the rules in the world, all the regulations in the world, all the interpretations, man-made, must be ignored, because when you stand before The Father you will stand alone, and none of those who try to encourage you to think their way, act their way, will stand there with you.**

**You are Blessed through This Beautiful Miracle that has been given**

**to the whole world, and the whole world must hear of It as quickly as possible, for there are many out there, far from you, that plead with The Father to help them better understand what they should do. So be it.”**

FEBRUARY 10, 1994

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I come to you on this night through this *very small instrument*, and I come to you in the Name that I used when I walked as man. I am Saint Joseph. You are aware that My Place in the Heavens is different than mankind cares to agree with, so I come at this time as The Saint.**

**There are so many issues that must be faced regarding improper actions of so many men, women, and even children throughout the world. There has been so much wrong in instruction regarding what is acceptable, what is proper, what is necessary, and what is correct in the manner of how every individual should act where the Soul will be affected.**

**Mankind says: ‘I understand that I have Something within me that is different than what I recognize as a physical form, because I know Something alerts me to whether I have done something right or something wrong. It is not always my conscience,**

my intellect, it is beyond this, so it has to be my Soul.'

**As I speak through this *little one*, *this woman* in the world, I come to you to inform you that prayer is important, because prayer makes an individual think of something beyond the human actions in life, the responsibilities. Prayer gives attention to the necessity to respond to A Higher Being.**

**There are so many things that were talked about on this night, some not very pleasant, some very enlightening, some to make you think more deeply about what human life has been designed for, and of course, that is to return to The Father as a Saint.**

**At this moment that I speak, there are thousands of men, women and children throughout the world engaged in violent acts of immorality. Some of them have never heard of The Commandments. Some of them live like animals. Some of them do not ever think of saying one prayer. They are totally enveloped in horror, in sinfulness, in ugliness, not just of the flesh, but of the mind, and so many use sin as an occupation. They say, 'It is**

right for me, because I am comfortable in what I am doing.’ When I see such an attitude, a sadness comes over Me, because somewhere there should be direction for human beings that they can find close to them.

There are so many out there in the world, bragging about how much they accomplish in their charities. How many truly know what pure charity is? There are so many teaching on Spiritual issues, because they are gaining from these teachings monetarily. They take this practice up for attention. They develop it to impress many, many other people to look at them, and hold them in high esteem because they appear so well-informed and so ready to give direction momentarily.

Let Us together, you and Me, take a walk down a path. We are now passing by a tree. The tree has just been planted. We look at the tree, and you might say, ‘Is it a fruit tree, or is it just a tree for decoration, or is it a tree that will give shade?’ These are three good questions, solid in thinking, because these three questions give that tree a purpose, a reason why it was planted in the first place, but so many people walk on a path of life, and

never question anything to seek out the logic. They just follow whatever is around, whoever is around, and join without any concern of what will come from this association.

Now, We are walking further down this path. Now We come to a place in the road, a 'fork' as you know it to be. On the right, it will take Us to a house. There are lights in the house. And now, the one to the left will take Us to the ocean. But the one ahead, We cannot see what awaits there. If We go to the house We will meet people, because We know there must be people there; there are lights on. If We go to the ocean, how are We prepared to accept what could be at the sea? A decision must be made for you and for Me.

I promise you that one day I will finish this time with you and We will walk further together, but My Reason for being with you tonight is to alert you that you have decisions to make every day, and you must look into the depth of every one of them, not be fickle, not be careless, but see the reality and the purpose.

**I hold *the little one* tightly, for as she speaks she is looking beyond. I smile at this, for this is innate in her, and those of you who have been with her for some time know this to be a trait of hers; few words, but it is the look in the eyes that tells you she is looking beyond what is occurring between you, around you.**

**There are Many Here with Us at this moment, but she has been focused on Me, because in every move I have made she has listened, and in her mind has asked Me questions as I speak. I have read her mind, and I smile at this, for though she is in full attention, she has in her own way communicated regarding important issues that answers must be found immediately.**

**This Miracle that bears My Name is a Miracle of Communication. It is a Miracle that is Enlightening to the minds of many. It is alerting men, women and children to the Future that God has planned. It is a Miracle of Hope. It is a Miracle Designed by The Father. It has been placed in the world in your time, because of the many, many wrongs that men are accepting because of the times.**

**I give My Blessing to each one, because My Blessing is to give you the strength to conquer all weaknesses that you might have morally, physically, spiritually. This Blessing, when you accept It in the manner It is given, you will feel strength, hope, and yes, more Spiritual satisfaction.**

**I will release her slowly. It will be at least three days before she is released fully, because the body could not be released in a quick manner; it would be a tremendous jolt to her whole being. So be it.”**

MARCH 2, 1994 (EXCERPT)

## OUR HEAVENLY MOTHER

**“We pass through this *small child* in the world, millions of Words daily. You say that your day is twenty-four hours long. That is true, but a day in This Miracle of Divine Love is not counted by the hour. This Miracle of Divine Love is responsible for every minute of every hour of every day, to extend to mankind the Importance of human life, the Importance of every individual’s Soul, the Importance of the Goal of the Soul.**

**Man says, ‘I can give you fifteen minutes of my time.’ Fifteen minutes of man’s time could be useless in many ways, because it could be based on self-love, self-advantage, self-improvement, and many other areas that would put self first. God uses time for the benefit of every individual’s Soul.**

**The importance of purity of mind and body is the foundation and the basis for the Goal of life. The time in which mankind is living now is saturated with evil, with diabolical excuses, intervention, possession, and**

in many ways has a cover of excuses used by thousands of men, women and children daily, because of the lack of understanding of what life is all about, the Purpose for it, and the Goal for which it was created: to return to The Father that Precious Gift of Divine Light, the Soul.

It is easy for mankind to talk about something being evil, but it is oftentimes spoken in a manner of lightness or knowledge or guesswork. It is rarely spoken in the full meaning of what it depicts, expresses, and the danger it is to Souls.

As I speak through this *little one*, I say Words that you understand. When you leave My Presence tonight I want you, as an individual, not as a group but as an individual, respond to What God Wills for you, What God Wills for your Soul. I want you, if there are to be any changes made, make a promise to your Soul you will make those changes, so one day you will be assured that your Soul will stand before The Father, a Saint. That is not a ridiculous thought. It is a thought that is practical, logical, sensible. It is a thought that you must, within your own being, feel and understand as the

**Purpose for which you were born to human life.**

**There are so many in the world now, teaching, preaching about Spiritual matters, but many of them do not fully understand that as they are saying it out loud, they are not using the proper words, the proper meaning, to fully explain the Divine Origin, Divine Love, Divine Hope. They shout, and some even use words they themselves do not understand, but to them it sounds good, because they want to convince others that they have a blessing to teach. Much of it is not the way it should be. They are gathering people of all cultures to hear them expound on things, using their own interpretation.**

**There is great sadness Where I Am, because it is important for all of mankind, it is important for small children, to understand the importance of right from wrong, good from evil, and not to accept all that is passed before them as acceptable because someone said so, someone expressed a thought about it, an action.**

**I hold this *little one* through whom I speak very tightly, because the**

**body is very weak. The hours We spend speaking through her, to her, as I said, are constant; there is no break.”**

MARCH 3, 1994

SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. I know it is difficult for many who hear of This Beautiful Miracle that has been placed amidst mankind at this time, that We Saints Here in the Heavens speak openly, directly, with many Words, giving mankind a strength that nothing else can give, a direct hope, for the benefit of every individual’s Soul to one day come Here.**

***A little one* through whom We All speak, in many ways has been trained to listen for Us above all things, not always understandable to many who hear this, but that is not the issue here. It is important that those who, even for one time, hear One of Us speak, are brought to better understand the Importance of what human life is all about, the necessity for purity in mind, body and Soul.**

**In the beginning of This Beautiful Miracle, Many of Us Who spoke realized that many would come to test, to see. Some came to try to believe. They had to walk away because they did not have**

the degree of Faith within themselves to understand such an Occurrence as This, in this time, in this place, in this order, for the Reason It was given: to allow mankind to fully understand the Importance of all that man is, and of course, the Importance of the Soul that was placed within each human being at the moment of conception.

There are many ways for mankind to better understand the Beauty of such a Miracle as This, and that is to look within his or her individual being, individual degree of Faith in belief in God, the belief in why He would do things, and then pray to understand.

There are so many things that have passed through This Beautiful Miracle, called *'The Miracle Of Saint Joseph'*. A lot of men on the outside say, 'He is not The Holy Spirit of God.' I, Saint John The Baptist say: 'What proof do you have? Did you live in His time? Did you walk the road with Him? Did you hear Him speak? Or, have you only heard stories about how He was, how He acted, what He did? Do you believe that it was possible for this Man Who walked the earth, to be Special?' Many would say, 'Yes, but in a human way.' I, Saint John The

**Baptist say, ‘It was more than human, because there is no evidence of many things attached to this Man, Who has been named down through time as the “*Foster Father*” of The Son of God.’**

**We do not expect you to fully understand, but We do say, ‘Try to understand the Importance of what you are all about, the Beauty of human life, and all the ways that you can become a Saint.’**

**You understand at the end of a day, that you expect to be tired, you expect sleep to take the tiredness away. Before you take this time, I ask each one to remember to say a prayer for the benefit of your Soul, and do not forget that God’s Love is Never-ending. Remember to use your love for life for a Great Purpose, the Purpose it was intended for, and that was to become a Saint. So be it.”**

MARCH 12, 1994 AT 2:40 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius. Many of Us make Entrance through This Special Gift from The Father, in and at a time that It is so desperately needed to better understand the responsibilities the human life has, because of the Importance of the Soul that is in each man.**

**Many people do not care to recognize the reality that a heresy of great magnitude is present throughout the world. Man does not understand the real horror, the real disaster that such a heresy can be to the mental, physical, and moral life of human living.**

**Heresy is untruth, and when it appears, it develops and encourages acceptance of it. Heresy is diabolical, and is aimed at the Soul of millions of individuals, degrading to the Soul, and also in many ways obviously, in the degrading, is aimed at destroying the Goal of the Soul.**

**There are millions of people who have been alerted to This Miracle, that**

appears in so many ways as a natural means of communication through a human being. I, Saint Athanasius say, 'It is not a natural phenomenon, but a God-given Phenomenon for mankind to better understand more than what books can tell, teach, or instruct.'

It is a Personal Miracle that favors no race, no color, no creed. It is an Alert that can be compared to 'One', the 'Greatest Light' that mankind can stand, because in this 'Light', in the Words, in the Content, there is a Consistency of Hope, of Instruction, of Deliberate Avenues, for mankind to better understand the Value of God's Commandments in Their fullest degree, not in Their abbreviated forms. Also, it is important that man recognize the dignity in human life, and also, the dignity in man's ability to perceive right from wrong, good from evil.

'Heresy' is not a word of the past. It is a word that is comfortable in a diabolical source of encouraging mankind to look at the human likes, rather than evaluate the moral facts that in so many ways give mankind a position of respect, intelligence, and ability to discern moral over immoral tendencies, values and standards.

**I could talk hours continuously, but what I have just spoken covers a very Important Fact. Man should fear heresy, and not be complacent where it is obviously there as choice. Heresy is detrimental to one's Soul. So be it."**

MARCH 16, 1994

SAINT ALPHONSUS LIGUORI

**“As it was spoken when this *little one* entered the room, it is difficult for mankind to fully understand what obedience to The Father is, because it is a rare thing happening in the world in your time, and for a very long time. I am Saint Alphonsus Liguori.**

**Our Entrance is noticeable to her, and Each of Us has a distinct manner of reaching her. That is why it is sometimes easy for her to recognize Who We are before We announce Ourselves.**

**A mind, a human mind truly has imagination, but this *little one* does not speak through an imaginative mind. We deliver the Words in order, in a consistency, and in a manner different than man can truly fathom, understand, realize, or be able to imitate.**

**As I speak through her now, I slowly begin to hold her in a different mode of listening than you experience when you hear someone talk. The body I speak through, use, is a very**

tired human life, difficult for others to understand.

**A**s many books have been written on individuals through whom The Father has directed Important Issues to be handed, these books, in your time, are not read like they used to be. Somehow or other, people of this generation feel they are books of the past. That is not so.

**T**here are so many liberal thinking people throughout the world who are making great changes, calling it 'updating', calling it 'a way for mankind to better understand about God, an easier understanding of what God expects, and more openness regarding services in Honoring The Father'.

**I** come to warn you to be very careful, very conscious of what you partake in, and how you follow what you are told to do. The enemy of The Father works constantly and consistently in many areas of life.

**S**he stares at Me because she is watching My movements, waiting for Me to move closer so she can tell you what I have on. I smile at this, because *the little one* through whom I speak is

always conscious of Our garb, and of course, We appear in this manner and way for her to recognize Our Presence. She just questioned Me and asked Me, what do I usually wear? We All Here smile at *this child*. She is very logical, and it is not inquisitiveness, it is the need for logic that moves her to ask such questions.”

He’s coming closer. He has a bent neck, it looks bent.

“I come on this night through a *little one* in the world, one who must be obedient at all hours of your time, because We make Entrance whenever The Father Wills it to be. He is in Total Control of This Miracle, a Divine Love for the Souls to be returned to Him Here when the time must be.

It is sad to see so many who have come close to this *little one* and walked away, because they would have grown in many ways had they stayed to listen, and not have been so critical in their determinations regarding This Great Gift from The Father for the benefit of the Souls of every living human being.

Millions upon millions upon millions of Words have been spoken, in

casual talk, in formal, and of course, in a manner that was given to individuals as a way for them to accomplish what The Father Willed them to accomplish. Things have been said so naturally and yet so distinctly, that if an individual had the Faith to see, and to hear the Words as They were presented, the individual would have to understand that it was One of Us Here speaking, and not *the little one* through whom We speak.

Another joins Me. It is Saint Augustine. Another joins to My left and it is Saint Thomas Aquinas, and They are smiling.

I draw her in very deep, because of the exhaustion in the body. Many Lessons have been taught, much Instruction given. Many Warnings have been spoken, openly alerting mankind to the presence of the enemy of God and of man. The enemy is the enemy against the Souls. The enemy uses the human weaknesses, because of the Importance of the individual's Soul that is placed within the living conception.

Life begins in a very small way, but it has been designed by The Father

**to be this way. The Father's Gift to each life is a Living Portion of Himself, to be returned to Him at a particular time, in a particular way. Be aware of this every day you are alive in the world.**

**I plead with you to work to become a Saint. Make every step you take in life, in the direction of becoming a Saint. That does not mean you cannot enjoy life, become active in life, but it does mean that what you do, what you say, what you represent, can be great example to others, and strengthen you morally, physically, spiritually, in many ways.**

**Think of this: One day when you stand before The Father, your Soul is standing There, and The Father says to you, 'You have brought Others along the way, you have returned Them to Me because of your example, because of your love, because of your attention and intention when you dealt with Them; I love you for this.' Imagine what a union it will be when you pass by these other Souls and you know that you had a part in Their arrival Where He Is.**

**The Words I have just spoken are for you to remember, for you to hold close to you, and for you to teach others by how you speak, how you act, and how you pray. Never deny your Soul the practice of prayer that you can make, because for every prayer you say you grow stronger. You become more aware of a Presence beyond your presence, and you become more aware that there is a Goal to life, that is Sainthood, in a special form of life's way.**

**I bless you, My little ones, with a Love beyond what you know love to be, with the Words that were spoken on this night, reminding you to say Them with perfection, with dignity, with understanding for what They mean: *'In the Name of The Father and of The Son and of The Holy Spirit. Amen.'* Remember, My sons, They are All One. So be it."**

**"I will hold her for five days and release her very slowly. It is a long time to be held, but it is necessary at this point because of the physical, what it has gone through for Us to speak to you."**

SAINT LAWRENCE

**“I am Saint Lawrence. I have not openly made My appearance through This Beautiful Miracle that The Father has given to the world, as a Precious Gift of and from Divine Love.**

**There is a sadness when mankind hears of This Miracle and immediately rejects It because of personal opinion. This Miracle is so obviously of Divine Origin, Divine Delivery, Divine Intervention, that in spite of human rejection, It will be passed down through time, because of Its Importance to the Souls of those living in this time and Those Who will live in time to come.**

**As I speak, I am fully aware of all *this child* endures for This Miracle to be recorded. It is difficult for so many at this time to see the Magnitude and the Personal Love radiating from The Father, instructing mankind in the Importance of human life and the Importance of the Soul given at the moment of human life.**

**Man says: ‘I am told I have a Soul. What effect can I feel supporting the knowledge of This Portion within me that is so Important?’ I, Saint Lawrence, want you to know there are so many facets, physical, mental and Spiritual, that in a very positive way point to the Reality of a Soul being present.**

**Take one day and ask yourself: ‘How many times today did I recognize something that was right or something that was wrong? If I were an animal, would I record these things mentally? If I were vegetation, would I see the right from the wrong?’**

**Does it not take more than intellect to discern sound moral values, sound moral standards, from immorality, indecencies, and diabolical pleasures, diabolical intercession? Look at the mind God gave a human being. This is obviously a great Gift, because the mind has the capability of learning so much, is also involved in all the actions, habits, abilities of human life.**

**Awareness is in many ways a Gift, because through awareness mankind can grow mentally, physically, morally,**

**spiritually. Mankind should always remember to thank God for the Gift of human life. It has the Greatest Goal of anything on earth — Sainthood.”**

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc. I walk many times with this *little one* in the world, who stands in an aloneness that can be considered a lonely road, a delicate road, a responsible road, a road that has many rugged areas, because of man’s lack of understanding of such a Phenomenon.**

**When I was committed to lead an army I was not immediately accepted, nor did others outside of the army understand such an undertaking for one of my age, or my being considered a young girl.**

**The Father uses time and the Correct Direction to accomplish what He Wills to be done, when He uses one such as *this instrument* and one such as I was in My time. The Magnitude of Truth, of Logic, of Spiritual Direction, has a way of showing The Father’s Power, The Father’s Will, The Father’s Intercession, and is destined to win against all odds.**

**Sometimes it is difficult for some to understand such Phenomenon, but**

oftentimes the lack of understanding can be because of jealousy and/or indifference, because of a lack of Faith in how God would work to help mankind better understand the Importance of what life is all about, and its Goal.

As I speak, I am fully aware of what lies ahead to be accomplished, and the difficulties it will take to conquer all the obstacles, oppositions, criticisms, jealousies, and foul play.

We are always present and ready to speak. Sometimes We hold back because of circumstances and those who are around where *the instrument* is.

Sometimes when I speak, I do not announce Myself, because the Importance of the subject is what is necessary. I could speak for hours at one time, but I am fully aware, man's ability to listen, to write, is sometimes a great hardship when too much is to be absorbed.

I bless in The Father's Name, all who read what I have spoken, because in the Words many will find something not just of interest, but something to rely upon to guide them to a stronger

**Faith, in their behavior morally,  
physically, spiritually. So be it.”**

MARCH 23, 1994

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. I have spoken so many times through a *little one* in the world. So much Truth has been extended to mankind Verbally and in the Written Word. I speak through a tired voice, a tired body, one that in many ways bears much physical suffering. When We approach her to speak or to write, it is a burden beyond human understanding.**

**So many times when a man, woman, or even a child picks the Words up to read, there is a definite feeling that We were truly present when These Words were delivered. So many times much suffering must occur for These Words to reach all the areas They must reach.**

**When We walked the earth, Our tasks were serious, Our tasks were deliberate, and We had, in many ways, a path to walk that had a definite direction.**

***The little one* through whom I speak is guided in every way by Us, and she is ever alert of the importance**

**of responsibility, and the necessity for obedience at a given moment.**

**Ask yourself, when you leave this room, will you have the freedom to walk in the manner you want to walk, to speak in the manner you desire to speak, to make decisions of which direction you will take, also decide what purpose you will use what you heard spoken and the manner in which you will use it, or if you will not use it? This *little one* through whom I speak does not have that choice.**

**Man says, 'I have the freedom of my will.' That is a Beautiful Act of Love from The Father, to give mankind a will to use, always hopefully for purity, morality, and all that is good. Sometimes mankind abuses this Great Gift of Love, this Gift that was given so generously, and had so much purpose to it, in it, because when you walk with a free will, you can make the decisions to follow all that is correct, all that is right, no one to force you into a state of immorality. When you accept immorality, you accept it with your own will unless, of course, it is forced upon you, and then the situation is quite different.**

**But** ask yourself, when you awaken in the morning, what direction do you take, what direction do you make, what decisions do you decide will give you more strength, more purpose to your life, and also more Grace to your Soul? Can you say before you lay your head at night, *'I've walked for You today, my God, in every step I took, every thought I had, every act I performed, and yes, every word I said'*? It is important for you to make this examination of conscience, examination of your way of life, every night before you lay your head.

**Man** says: 'I have said my prayers, and I've performed what I feel that I was supposed to perform. I said my night prayers.' How did you say them? Did you think about them when you said them, and did you talk in a personal way in any part of these prayers, or did you say them so quickly, so repetitively, because you knew them so well by heart?

**I** want you on this night to remember one thing, that as you talk to others every day, and as you look at someone that you do not know, what do you say in the look you give, in the way you act? Do you, in your own

way, make them see a person who has dignity, composure, and has a direction that is important for human life, or do they see someone lackadaisical, indifferent, careless, rude, blustery? Remember that your presence is of great importance.

**The Father's Love is a Love of Perfection. The Father's Love is a Love for the Soul that He gave every human life at the moment of conception. It is the Greatest Love anyone can bestow upon another human life. It is from The Father, His Love for His Creation of mankind.**

**So on the morrow, or even yet tonight, when you arrive at a place where perhaps it is quiet, and you are ready to say 'Good night' to those with you, how will you say it to God, and will you remind Him that on the morrow you will act differently and you will see Him in every ray of light, because you will express to others your feeling about Him, your understanding of Him, and the happiness you feel because you were born to be free, to have a will, and above all things, you have a Portion of God within you that is to be returned to Him as a Bright Light?**

**There are so many avenues for mankind to think about, and there is so much Love in This Beautiful Miracle of Divine Hope, Divine Love, for mankind to learn from, to one day become a Great Saint.**

**The word ‘Saint’, to man, is oftentimes applied to someone else that died a long time ago, but as you are present on this night, I, Saint Alphonsus Liguori, want to say: ‘You have the opportunity to become a Saint. It is not important that the whole world knows that you have become a Saint. The important thing is for you to know that you have led an exemplary life and that you have done everything for the benefit of your Soul, to please God First above all things, and then to reach that Ultimate Goal.’ So be it.”**

**MARCH 26, 1994 AT 2:02 P.M.**

**SAINT PAUL**

**“I am Saint Paul. I have spoken many times, but I have not always announced Myself.**

**The changes that mankind is making regarding the proper manner to respect, love, honor The Father, is not fully acceptable because of its lack of dignity and its manner in which it is using more humanism through words, directions, eliminating the Magnitude and the Importance of The Father’s Purpose in the Creation and for the Creation of mankind.**

**In human life, when too much attention is focused on improper familiarity, little dignity, and so much is taken for granted, it breaks down a solid relationship and causes a lack of sincerity.**

**Man says: ‘I hear there are Saints in Heaven. I am told I should go to Them in prayer. There have been many stories written about the lives They led in the human way, but I cannot relate to the perfection that the stories imply.’ I, Saint Paul say, ‘The reality**

**of there being a Heaven, a Purgatory and a Hell, should make mankind see in a realistic way, the importance of learning more about why man was created and The Father's Reasoning behind mankind's existence.'**

**You live in a time worse, in many ways, than the times in past History. You say, 'Why worse?' I say, 'Because the time in which you live mankind has been educated and instructed to better understand the importance of the living life, than the Life that comes after this.' It is not just information, it is Fact, it is Truth. It is because The Father's Love for mankind is so Extraordinary, Extra Special, and has in It a Divine Purpose, a Divine Hope, a Divine Reason, a Divine Love, a Divine Goal.**

**Volumes could be written on why mankind was created. I, Saint Paul say, 'Because The Father, in the design of man, gave a Special Love, a Special Purpose, and instilled Something of Himself that He did not put in any other living matter.'**

**I bless you through This Miracle that bears the Name of a Special**

**Portion of The Father, The Spirit, The Love, The Hope. So be it.”**

**MARCH 26, 1994 AT 8:50 P.M.**

**SAINT STANISLAUS**

**“I am Saint Stanislaus. There is a veritable disaster with the appearance of a hurricane, driven by a force of confusion that can be described as diabolical intercession, possession.**

**It is difficult for so many men, women and children to see the force of evil that they are constantly being encircled with, in the areas of entertainment, friendships, acquaintances, and even in certain family circumstances.**

**So many Warnings have been given, so much Direction simply stated, through This Miracle at this time. There is a sadness in Our midst when We see and hear rejection of Our Words, because it is obvious that much jealousy is the cause. The enemy uses jealousy as an interference, as a source of confusion, misinterpretation, so that the sound evidence regarding the importance of sound moral standards and sound moral values are relaxed, and not made an important issue.**

**Granted, so much confusion, distractions, and various means of occupying man's time with diversions is tempting, because time is not being used purposely looking for sound values and sound standards.**

**Mankind fears a volcanic eruption, a physical disaster that is earth shattering, but I come on this night to remind mankind that to lose one's Soul is far worse, more devastating, than any such disaster. My Words are not just Words of Warning, but Words to remind mankind that human life is a Gift to be treasured, never to be cast aside for diabolical pleasures. So be it."**

MARCH 27, 1994 AT 4:55 P.M.

## GOD THE FATHER

**“I listen to *a child* in My Way struggle to find the Words that are comfortable for mankind to deal with, to accept, to act upon, and to accomplish important things with.**

**I have spoken many times through this *little one* who stands in such a human form, in such a human way, delivering to thousands upon thousands of all types of individuals, Words of Direction for the benefit of their Souls to be returned My Way.**

**Many men stand aside and ridicule, making determinations on the Practicality of how she speaks, the Reasonability in the Words spoken, and yes, the Purpose for These Words in the life of other men, other women and other children.**

**So many of the Words are so simply put by Me because I want mankind to understand that when I designed and created the human way, I did it with Divine Plan. My Purpose was an Ultimate Purpose, My Love a Divine Love, My Reasoning was**

because I wanted to share so much that I Was, I Have, I Am, in a manner and a way understandable.

**When I designed human life, I did it for a Reason beyond human comprehension. It is true, I have used others through time, but in this time in which you live I have used no boundaries in My Love, because I have spoken so many times in mere conversation, instructing, forgiving, describing, and encouraging someone, or many, to better understand the Importance of what it means to be born man.**

**Some men say I would not speak. This is a ridiculous statement. I use man's terminology because it is what man can understand.**

**The millions and millions and millions of Words that I have allowed to be given, the many Instructions that were addressed by different Ones Here are Important Statements for all of mankind to look to, look at, follow and remember, because through the Directions I am assured, and each little human life is assured, that the Soul will be returned to Me Here in Heaven.**

**Some will read These Words and say I did not speak on this day, but I assure you, I am speaking in a form and in a manner understandable to the ears of mankind, and when the Words are written, the eyes and the mind will absorb Them as I Determine the Meaning of Them to be remembered.**

**It is true I use *a small one, a tiny one*, but I assure you, obedience to My Will is never questioned, and I use this time to give My Love through This Miracle that is so easy to understand, so Important for the life and the Souls of every man, woman and child.**

**I will hold *this child* for three days, because the Power I extend is a Power different than man knows power to be.**

**I will release her slowly, for I intend to use this small body, this small voice, this love for Me, later. So be it.”**

**“The Power I Was, I Am, as I used her voice, will remain behind her eyes the three full days. Others may not understand the Words that will pour forth from her because she will still be with Me in a manner not understandable by man.”**

APRIL 5, 1994 AT 1:41 P.M.

## SAINT ATHANASIUS

**“*Attention Please.* These words are called out to gather others to hear an announcement, a message, or an important statement.**

**Here in the Heavens We gently whisper to *a child* in the world who has the Gift, the responsibility and the assurance that she must receive What We want others to know, to learn about, and to live by, because of the Importance of their Soul. I am Saint Athanasius.**

**The world of men is in great turmoil, but so many are not listening to the Words, the Messages of Great Wisdom, pouring through *a little one* in the world, who walks a human path and yet is totally held in obedience to the Will of The Father.**

**Some men say: ‘Why would she be chosen for such a Major Role for so many people? She is not known publicly like others.’ We smile at this and say, ‘Her presence is Our Presence; her smile, Ours; her direction, Ours; her obedience to The Father’s Will and**

her responsibilities, one alone in the world.'

**It is time for all men to be aware of The Miracle of Divine Truth, Divine Guidance, Divine Intercession, Divine Design. To some who walk in Spiritual roles among mankind, it is difficult to see This Miracle of Divine Hope, Divine Love, as Truth, but the Context, Content, and Subject Matter, should and does speak for Itself.**

**'Attention Please,' I say, 'because It is the most obvious, Important Gift of The Father's in the world to mankind.'**

*It Teaches*

*It Instructs*

*It Explains*

**It is delivered to not just attract attention to this *little one*, but for all mankind to see the Exactness and Truth that is not in man's realm of constant thinking. Logic says the Delivery is not man-made, the Content not man's ability to think out so fluently, so spontaneously, so correctly.**

**I come often through This Gift of Divine Love because of The Father's Will, and Each of Us Here stand ready at all times to obey at given moments in time, to speak what He wants to be spoken.**

**The world has been Blessed a million-fold by This Miracle, and no objection by any man could, can, or will be allowed to erase the Lessons so deliberately given for the Souls of millions now, and millions yet to be born. So be it."**

APRIL 5, 1994 AT 2:30 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I speak many times to many children of all ages, through this beautiful voice of this *little one* who walks in a subservient manner every hour of every day, constantly listening for Our Presence and constantly alert to the Importance of her obedience to Us.**

**The world of mankind is ignoring the importance of purity through sound morals that emanate in their mind, their actions, their speech, and all areas of human communication.**

**It is important that All Our Messages be distributed in all areas of man’s cultures, vocations, and entertainment medias.**

**It is important also, that no denomination of religious belief be ignored and not given Our Messages.**

**It is also important that small children be taught to recognize the importance of right from wrong, good from evil, moral from immoral, and the dignity that response to God’s**

**Commandments gives to daily living, at all times of day and night.**

**Sometimes those of more years are ignored because others feel they do not need to learn more, or do not need to be taught about This Miracle, because they are set in their manner of life. All ages need This Beautiful Miracle because It suits and fits all areas of life, and no one, no matter how successful they are, or how positive they are or appear in their Spiritual practices, can be thought to be beyond the Directions handed through This Gift of Divine Love.**

**I have spoken many times and will many more, but I do not always announce Myself formally.**

**Be aware of your moral responsibilities, and your own Spiritual behavior, because you are many times the catalyst to inspire others to be kinder, be more understanding of the Purpose of human life, to one day become a Saint.”**

APRIL 5, 1994 AT 3:03 P.M.

SAINT ALPHONSUS LIGUORI

**“Advance notice is rarely given to this *little one* through whom I speak, because she is constantly alert to the possibility of Our Entrance, so there is no need for an advance announcement.**

**I am Saint Alphonsus Liguori. My Name is known by many because of My time and works when I was on the earth.**

**This time in man’s time is important, because The Father has sent This Beautiful Gift of His Love to awaken mankind, to alert mankind to the Importance of human life, its Goal, and its Value to All Time Hereafter.**

**Mankind sees a day at a time, but he forgets to use the time to fulfill the reason he or she was born. Selfishness, greed, ego, ambition, immoral judgments, and many wrong acts, give others the example that is opposite of what The Father Wills for mankind to follow.**

**The Commandments of God are not for only those who lived in the past, but are for all ages to come, all time to come. Mankind is ignoring the Importance of These Special Directions because man says, ‘Our times are more updated and changes are expected of me.’ Wrong! Nothing that God gave to instruct mankind is or was just for that time. God, His Rules, and all He wants of man will always be based on The Commandments He gave because of the Importance of the Souls involved.**

**Excuses are not acceptable to God, because in excuses there is selfishness and a lack of sincerity, plus obvious disobedience to God, based on self-love, a lack of self-discipline, and a diabolical influence that is evident.**

**All must remember that human life is a Gift of Divine Love and must be acknowledged for its Importance; thus, all actions, ideals, intentions and motives must be based on following without question God’s Commandments in Their fullest context. So be it.”**

APRIL 6, 1994

SAINT ALPHONSUS LIGUORI

**“We smile with happiness because We know you fully understand what has been spoken through this *small instrument* of The Father’s. It does not take a great intellect to understand when something is right or something is wrong, something is pure or something is impure. It does not take a great education to understand something of this nature.**

**This Miracle has announced to the world that *‘The Beloved Saint Joseph is The Spirit of The Father.’* This Statement is being denied because of man’s inability to understand the logic in such a Statement, the reality of such a Statement, yet mankind will accept something obscene, disgraceful, and in many ways, deliberately destructive to their Soul, and they call it ‘accepting temptation’. I, Saint Alphonsus Liguori say, ‘It is wiser to accept truth, reality, and ignore temptation.’**

**Mankind speaks of love, and he determines love in a manner he understands: a close association, an**

understanding or a desire to know, to be close to an individual, or some other manner of life. Man says, 'I love to work, I love to do this, I love to do that.' How does man really determine that type of love? And then in the next breath he says to another human being, 'I love you.' There has to be a distinction.

**B**ut when The Father says, 'I love you,' it is a Love beyond man's ability to understand the Perfection of His Love, the Beauty of His Love. The Father uses the word 'love' because man can associate a closeness, a reality in this form, but The Father's Feeling for mankind is far greater than what man understands as love.

**I** speak through *a very small one* in the world. I have spoken thousands of times, not always announcing My Name, but in a general conversation when she talks to others, always One or More of Us is present. She is aware of Our Presence, and others, when they look into her eyes, see Something they do not understand. They would term it 'friendliness, outgoingness, an ability to speak, an ability to be part of what is going on'.

**There have been so many times through This Beautiful Miracle, that many men who have taken the time to speak with her, have found themselves when they left her, stronger in many ways, more deliberate to find the right way to do something. They also feel Something they do not, cannot describe. They feel a Strength, they feel a Direction, and innately they feel a Hope, but they cannot determine the manner in which it occurred.**

**You are Blessed in many ways through *an obedient child* of The Father's. The Blessing is His, for as you listen to All that is given, it gives you a strength, a purpose in life, that nothing else could, would, or can. So be it."**

**"As I release her slowly, on the morrow, even though We are present at all times, it will not show to others. I say this to you so you will remember that This Miracle is not One that comes and goes. It is One that is permanently Present, because of the needs in the world. So be it."**

APRIL 9, 1994 AT 2:25 P.M.

## SAINT ALPHONSUS LIGUORI

**“We speak through a silence unknown to man’s thinking. By this, I mean We speak through the Soul that passes to the intellect Our Words, even to Our manner of speaking.**

**Many Saints speak through this *little one* that stands attentive to Our Presence day and night. I am Saint Alphonsus Liguori. Our time in delivering Messages is designed by The Father. The subject matter is His Choice, His Will, and We act immediately when We are requested to speak.**

**The world is in great diabolical disaster. Mankind is refusing to judge the importance of right over wrong, purity over impurity, justice over injustice. There are so many areas wherein mankind is deliberately rejecting, resenting the correct manner of life, for the benefit of his or her Soul. Just because man cannot recognize the appearance, the existence of an Entity called ‘a Soul’, does not mean It is nonexistent.**

**It is innate in mankind to see that there is more to life than what daily life brings, but there is not enough instruction by those who walk in the Priesthood, to instruct all of mankind regarding the importance of the Spiritual necessities, guidelines, and goals, for that particular unseen yet Logical Part that is ever present in all living human beings.**

**If this were not a Fact, there would have been no need for The Father to have given to the world a man called 'Moses', a man who held great responsibility before his time as the recipient of God's Commandments, and after he received the Direction he was to walk, because of the Living Portion of God that is present in every human life, received at the moment of conception. Also, it is not just a historical writing regarding the Birth of The Son of God, It is Fact.**

**There have been so many different determinations, interpretations, theories, surrounding this Important Event, but mankind must realize and understand that because of The Father's Constant Overseeing these Important Facts of Man's History, there is yet much being taught, accepted**

**and believed, that historically these Episodes had a Distinct Importance for the benefit of mankind to understand The Father's Love had an Obvious Purpose, Design, Creditability, that shows in the continued Information describing these Two Major Events, what They contained, why They took place, and the Purpose and Goal for Each of Them.**

**All through time The Father has used an obedient child to transmit, transfer and deliver what He feels necessary to give strength to what has already been given. The time in which you live is important. It can be judged in the manner of its prescribed continuity of how The Father works through 'a human life', for Divine Reason, Divine Hope, Divine Love, to be experienced by children of all ages, all cultures, all degrees of learning, and all degrees of Faith in God, and the Soundness, the Reasonability and the Evidences of His Existence. So be it."**

APRIL 10, 1994 AT 2:30 P.M.

**SAINT ALPHONSUS LIGUORI**

**“A microscope is an important instrument in many areas, for man to be able to see things that the human eye cannot see. The Father’s ability to see all things never has to use a microscope as man knows one to be.**

**All of the evil in the world is evident to The Father, and it is His Love for mankind allowing the free will of man to make decisions to determine the right action against the wrong. The free will is a Gift of Divine Love, and should be understood by all men as a Gift that no other living thing has, so it is special in many ways.**

**Deceit amongst mankind that diminishes the dignity of human life in any way, and/or robs others of the dignity to stand firm on free choice regarding good from evil, right from wrong, purity from impurity, is based on satanic influence, because it automatically supersedes or consumes the freedom of use of an individual’s free will.**

**Dominance, superficial authority, jealousy, and a desire to supersede one's good character, is based on the actions of possessiveness to control. The Father angers at such situations because it is not His Way.**

**This Miracle of Divine Love that is called '*The Miracle Of Saint Joseph*', is oftentimes the victim of jealous conversation, criticism, and ugly, demeaning, uncouth characters who feel they want to chastise, and/or eliminate the competition.**

**Much is happening behind this *little one's* presence. She is aware of its activity, and is totally dependent upon Us Here to give her the strength to do what she must do, stand up to all that is wrong, and conquer the enemy before he or it excels in destroying much good in others' beliefs and ways of life.**

**I am Saint Alphonsus Liguori."**

APRIL 10, 1994 AT 3:10 P.M.

**SAINT ALPHONSUS LIGUORI**

**“The precious Gift of intellect to mankind is special because it enables mankind to see beyond what the eyes behold. The intellect has many chances to develop beyond man’s personal hopes, dreams, and/or physical activities.**

**Man rarely thanks The Father for this Gift but takes it for granted. This is sad, because the intellect is the basis for sound values, sound standards, physical abilities to develop, and the mental acumen to develop to great lengths and degrees.**

**The intellect also is a base for Christianity to develop in and through, which allows the individual to see more the reality of what human life is all about, why it was created, and its obvious Goal.**

**Prayers pass through the intellect, wishes, desires, caring, talents, and abilities to exercise the mind, take care of the physical, and protect all that is necessary to protect.**

**Intellect is a Blessing of Divine Love. Use it well, and with gratitude to The Father, for it is also the basis for decisions, understanding, regarding the Goal of Sainthood.”**

SAINT AGNES

**“Three of Us speak through one who The Father uses every hour of the day, so that mankind will better understand Why life was created, the Purpose for which it was created, and the Dignity in it, through His Form of Creation.**

**My time upon the earth was a long time ago, according to man’s years. It is a privilege for Me to come through This Miracle on this night, because as I spend this time with you, My desire is for you to leave this room in your time, more understanding of how to become a Saint, methods you can adopt for your daily life, and those that you can help better understand purity of mind, body and Soul. Mankind does not understand the importance of purity, because impurity is rampant throughout the world.**

**Many times the word ‘diabolical’ is used through This Beautiful Miracle of Divine Love. It is true, there is so much in your time, in the world today, that is diabolical implemented, and**

**diabolical in every facet of its action, of its direction, of its intercession.**

**You must understand that The Father has placed within every human conception, a Living Portion of Himself, difficult for mankind to understand, but nonetheless true. This Portion of The Father that has been placed, had to have a name so man could relate to Something, and It's called 'a Soul'. Man says, 'I have a Soul,' but rarely does man truly understand the Magnitude of That Portion of human life that is ever evident day and night.**

**I am Saint Agnes. There are Others Here with Me and They smile at what I say, for They say to you also: 'Be aware of everything you do and say, and remember, let no one lead you to perdition, because the evil one is lurking in many places throughout the world, places that appear blessed, places that appear just right for you to be. Do not be afraid to stand up to what you know is not for the benefit of your Soul.'**

**We bless you in a way you are used to being blessed, because in this Blessing a Grace is handed to you, but also a strength, because in the**

**Grace there is a Love of The Father's, for when His Name is mentioned, He smiles and says, 'I hear My Name spoken again. I understand the child's presence.'**

***In the Name of The Father and of The Son and of The Holy Ghost. Amen. So be it."***

### SAINT ALPHONSUS LIGUORI

**“As I walked the earth, I was fully aware that everything I was to do, everything I felt, everything I said, was to be passed down through time, giving mankind in the future, lessons to live by, words that mankind could understand, be able to apply to life.**

**Usually, when I speak through this *little one*, I speak quickly, even rapidly. I am Saint Alphonsus Liguori. I use a voice, I use obedience, I use attention, I use responsibility to speak to you, because I know it is important for you to understand what a privilege it is to be man, and the Goal that awaits each of you.**

**My path in life was not an easy path. It was a path of commitment, a path whereby I had to follow orders. It was a path wherein I knew that the responsibilities were great. I also knew that all things I did were not agreeable to others, for what I did was because I loved God. I wanted to please Him above all things.**

**I**n this way of life, in the way I felt, I used every moment I could to express verbally, facially, through every movement I made, to every place I went, an expression of love, but also teaching mankind to understand the Beauty of the Gift of life, the Direction it was intended for, the Purpose The Father created it for.

**T**here is so much for mankind to learn through This Miracle of Divine Love. There are so many obstacles because mankind is afraid of the Truth. Men of great stature fear This Beautiful Miracle because they do not understand the manner in which It is given, because they would expect It to come through one such as they, but The Father does not always please mankind. The Father does what He knows is correct, what is proper, what will attract more Souls to What He Has Delivered.

**I** hold this *little one* very tightly, because the physical is beyond what mankind knows tiredness to be, but as We drive her on in this Manner of Speaking, it is because of the Importance of each one's Soul, not only those present, but those who are thousands and thousands of miles away

**from where This Beautiful Miracle is stationed, to penetrate the world, for the benefit of Souls to return to The Father one day.**

**As I end My Words, I want you to know that through her I hand a Blessing to each one here and to the whole world. There is no place that so much is being given to instruct mankind, and there is no hour of any day that One of Us Here do not speak through her, getting her attention for Reasons of Our Own. So be it.”**

APRIL 30, 1994 AT 1:17 P.M.

**SAINT ALPHONSUS LIGUORI**

**“Many times men, women and children are confronted with challenges that relate only to human intentions, for human reasons, for human satisfactions.**

**Where the Soul is concerned, it is the enemy of God and man that presents the challenges to man to make choices regarding wrong or right, but always encouraging to comply with and apply what would be pleasing to the enemy of God and man.**

**Man says, ‘How can I understand an enemy I cannot see, I cannot hear, I cannot feel?’ I, Saint Alphonsus Liguori, say: ‘The ingrained sense of good over evil, right over wrong, logic over illogical, is evidence enough, sufficiently instilled, because of The Father’s Reason, Purpose, for instilling a conscience, a sense of judgment, a sense of purity over impurity, a sense of understanding; also, the innate sensitivity to a Spirit within the human body that is called “a Soul”.’**

**Man says, 'I have the right to decision, I have a free will.'**

**My time here now with this Dictation in script agrees with this statement, but what I have spoken earlier (Previous Revelations), since I have begun to talk, is Sufficient Logic, Detailed Information, to have mankind understand the rational importance of using all that is right, good, in every decision of life. So be it."**

VISION  
OUR BLESSED MOTHER

**I** will tell you what I see. When I see, I see with the Eyes of my Soul, and the vision is pure. It is purer than my looking at an individual.

**It is Our Blessed Mother. She has a very beautiful blue gown on. She has gold sandals, gold sash. The veil She has on has a gold trim, and it is blue.**

**She's holding something in Her Hands. Her Hands are beautiful. She's holding a crown. The crown is full of jewels. The crown is gold, very different gold than we see. The jewels, I see emeralds, sapphires. There's another stone I can't determine.**

**She's smiling. She says, "Child, just tell them it is beautiful." She's smiling. She asks me why I am sad. Her Voice I cannot hear, but I hear the Words, and She's smiling.**

**"Tell My sons I love them very much. Tell them they must understand the Importance of All that reaches them from Us, through This Beautiful**

## Miracle of Divine Love, of Divine Hope.

**Tell My sons to never allow anyone, any situation, any cause, to strip them of their dignity, their importance, or their love for The Holy Trinity.**

**Remind My sons to be cautious of how they speak in front of others, how they look. Remind them that they are to use this time upon earth in such a pure state of mind, body and Soul, that when the time comes for them to be Judged, they will be accepted immediately Where We Are.**

**A great sadness is, that in the world in which mankind lives, there is so little decency, purity, being acted out, acted upon. Mankind does live in a time of great turmoil, but the turmoil is caused by mankind allowing the evil one, the enemy of all, to rule, to conquer in weak moments.**

**Man sometimes says, 'I'm jealous of a certain person; I'm upset because I feel this way.' The enemy of God and man is *not just jealous* of The Father and man, but *extremely so*, for do not forget, the story of how he was cast out has been set aside by man, and I**

have come tonight to reiterate some of it, to remind you that jealousy is a terrible thing, hate is a terrible thing, and the enemy uses these two things to make mankind sin.

**B**e cautious of everything you do, everything you say, every place you go, because he is always ready to be present in some way, to draw you from the fold.

**I** speak through *a little one*. I do many times, and not always mention My Name, but I come on this night because there is so much for each one present to do, and that is to stand so others see the Beauty of loving God, and believing in The Holy Trinity.

**E**xample is important in every way, every day, because others see you, many that you do not see. They do not always see your appearance, they see your actions, your behavior, and they hear the words come from you. This is a very beautiful way to be example to others. Be ever conscious of this as you walk your daily way.

**I** bless you with a Mother's Love. I bless you with My Love and I say, 'As you repeat your prayers, remember to do them more than once a day, because

**by doing this it will keep you alert to Divine Love, Divine Hope, and this will assure you of the strength when something impure comes your way.'**

**As I leave at this time I want you to remember the Words I said. It is a Mother's Way of extending a Love, Divine Way. So be it."**

MAY 11, 1994

**VISION  
OUR HEAVENLY MOTHER**

**There are Three present. One is Saint Alphonsus Liguori, One is Saint Athanasius, and Our Lady is in the middle. She's higher, and very Beautiful. They are looking at Her and smiling.**

**“I know it is difficult for many, when they hear of This Great Miracle, to fully understand The Father's Willingness at this time, to pay so much attention to mankind by allowing so Many to speak, instructing men, women and children of all ages, in how to better understand the Beauty of human life, the Reason for it, and the manner in which it should be lived.**

**A Love like The Father's is beyond man's comprehension, man's understanding, because man equates love with his or her personal ability to express love, to devote time to showing love, sharing love, instructing others by example, in how important it is to show what love is all about, the beauty of it, the sincerity in it, the hope in it,**

the graciousness in it, the reason for it, the purpose for which The Father created it.

**I** am your Heavenly Mother. I speak through a very tired *child* on this night to daughters and to sons. I ask you to understand the Importance of being born as man. I ask you to see the magnitude in the Importance of human life, and to recognize that it is not just the physical that exists, but within you there is a Soul, a Portion of The Father that truly exists.

**H**uman life has a Great Purpose to it, a Great Love for it, and the Reason is one alone. Mankind looks for happiness in daily living, does not always feel happiness at the end of day, but if the day was worthwhile, there was much accomplishment, there is a satisfaction. Think about this.

**I**, your Heavenly Mother, want you to better understand that as human life was given as a Gift of Divine Love, there is definitely Divine Hope in each moment of daily living.

**T**hose Who stand with Me on this night in your time, used Their lives in a manner suited to the time in which They lived, and in doing so,

**Their Names, Their Goals, what They accomplished, still lives in your time.**

**I could speak hours through this *little one* who stands at My Attention. There is so much for mankind of all cultures to better understand, and that is why it is so important that the Words that have been spoken, and the Words that are being spoken, and the Words that will be spoken, will be delivered throughout the world for others to read, others to better understand the Importance of human life, the Importance of being man.**

**When one man or woman talks to another, they talk about worldly things, personal things. They do not talk about the Importance of the Soul of each individual. That is why This Miracle is so Important in the world, because The Father has designed It in such a way that mankind of all races, all colors, all creeds, will be taught about that Very Important Portion within human life, called 'the Soul'. That is why it is so important that The Commandments given a long time ago are yet to be obeyed in the present time.**

**Be blessed, My little ones, through this Vision, with My Love, because you see, it is important for you to understand that as I have spoken on this night, it is because I want each one present here, and each one born to the world, to one day share a Special Place in Heaven. A Place waits for everyone.**

**I bless you, My children, with My Love. I bless you with The Father's Love, and I ask you to return the love by becoming Saints. So be it."**

**She's backing off, and Saint Alphonsus Liguori is smiling, Saint Athanasius is smiling. They are not saying it but I know what They're thinking: "Let the Words be imprinted so deeply in your minds, in your ways, in your goals, that Sainthood will become a reality."**

MAY 15, 1994

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I speak often through this *little one* and do not always request that My Words be written. Many times it is done in what looks and sounds like conversation, but the subject matter is always aimed at, and/or on, an important issue or situation that must be handled to accomplish a particular goal. It is not often that such a Miraculous Happening occurs because this is not The Father’s Way.**

**There is so much to be accomplished to offer and encourage thousands, even millions, to understand the Importance of human life, and the Goal for which it was created. There are many areas in life that man becomes so negligent in, and dismisses the Importance of the Reason of the Goal for them.**

**You live in a time of great cynicism, much diabolical intervention, where human beings are ignoring the Greatness for which man was created, and that is to save that Beautiful**

**Soul to be returned to from Where It came.”**

MAY 18, 1994

## SAINT JOSEPH, THE HOLY SPIRIT

**“As I walked the earth, I walked as the Protector of a Woman, and then a Child. The Father Willed that it be done in this manner so that men from that time on, who learned about how I walked in the world, would see the value, the necessity, for protection of a woman, a child, or children. I am Who you call ‘Saint Joseph’. It is true, I am also The Holy Spirit.**

**The Father’s Will must be accomplished in your time upon the earth, because there are too many being led to perdition through falsehoods, and who are following the wrong concepts of what sound love for God is all about.**

**We use *a little one* in the world, strong in nature, because it was and is, so important for mankind to understand the Magnitude of the Purpose for which human life was created. It does not take a strong human life to portray or to receive or to deliver Our Messages. It takes obedience, it takes the acceptance**

of responsibility, and it takes a very deep love for What is Truth, What is Sound Guidance, What is Valuable, for every Soul living now and living in the future.

The world is corrupt. That is because man is doing all the things that are impure, immoral, and against God's Rules. There are so many on this night who are walking in paths and on paths that will lead them to perdition. All the speech in the world will not make them turn. It has to be fed to them through the Words We have already given.

We want to see many reading the Directions, and the consequences that We have spoken of many times, and allowed to be put in writing for all of mankind to learn from and to seek Direction through.

There are so Many Here Who have spoken through this *little one*, and Many wait to be given approval to speak. This Beautiful Miracle that has been handed to the world, is not just for this moment, but It is a day and night Miracle. Every moment of your day We stand with this *little one* and We speak. We tell her when to move,

**We tell her when to talk, We tell her what to say.**

**This is not understandable to many men or women, because It is not ordinary; It is Extraordinary. It is a Blessing that has been given to the world for mankind to better understand the Beauty and Purpose for which life was created.**

**It is important for mankind of all cultures to read these Books, to teach these Books to the young, and to read Them to those who have passed along in many years, who cannot hold the Book. They must be read to, so they will better understand the Importance of the Soul they have, in the life of man.**

**I bless you in many ways tonight, for as I spoke earlier through this *little one*, I spoke firmly, directly, hoping that All the Words spoken would make you think, make you examine your way of life, and make you feel the necessity to make changes perhaps; also, to help the Goal The Father Intended for This Great Miracle, and that is to give to the world What We Have Spoken.**

**I bless you with The Father's Will, with His Love, for you see, it is a**

**privilege for Me to be with you on this night in your time, to help you grow not just spiritually, but to help you seek Heaven as your Goal. So be it.”**

**“She is following My Movements. This is My way of releasing her from the Power that must pass through her for you to receive My Words.**

**No man or woman in the world could understand This Miracle of Divine Love, of Divine Hope. It would be impossible to understand, but the important thing is for mankind to learn from It, see the Value of It, and follow the Teachings that pass through It.”**

MAY 19, 1994 AT 9:10 P.M.

## GOD THE FATHER

**“It would be difficult for many, many human beings to understand that I would come at this time, to speak personally to all of mankind.**

**Because of the turmoil, because of all the anger in the world, due to the enemy of Mine who walks in the midst of mankind, I gave to the world a Jewel, and the Jewel is a Blessing of Mine, specifically to give mankind *Something* to treasure, *Something* to hold dear, *Something* to use, so that mankind could better understand the necessity to see the Purpose for which I created life, and the Reasons.**

**I oftentimes have to make Special Times so that mankind can better understand the Importance of the human life. The Jewel I have handed at this time are Words: Words of Direction, Words of Care, Words of Love, Words of Hope, Words for mankind to see the Value in the Relationship between man and Me.**

**The time has come for mankind to understand that I did not create**

mankind to be like all other things in the world. This Creation of Mine is Special, for there is a Portion of man to return to Me.

Man says, 'I cannot see That Portion, the Soul, but I feel there is Something within me that is different than anything else I know.' Yes, please let the world know that I, in a Special Form, am present in all human life. Do not allow any human being to discourage your belief in this, for This is a Portion of Me that you, and all other children throughout the world, are responsible to return to Me — the Soul.

Be blessed for your work. Be diligent in it. Persevere, for obstacles have been in the past, and you will face many obstacles yet to come, but remember one thing, the Jewel that I have handed to the world will be your security in many ways, because you see, the Jewel is a Gift from Me — My Love, My Words. So be it."

MAY 25, 1994

## OUR HEAVENLY MOTHER

**“When *the child’s* physical is beyond human strength, We oftentimes use the time to speak openly to those present. I speak often, because of a Mother’s Love. *The little one* through whom I speak displays for you a human love, a love to help you relate to This Great Miracle of Divine Guidance, Divine Delivery, Divine Hope.**

**I many times speak in what is called ‘Lessons’. I dictate Them through her, and I do not announce Myself because she knows Who is delivering the Words, and it is *a child’s* love for A Mother that responds.**

**There are millions of men, women and children throughout the world who would be incapable of understanding This Precious Gift from The Father, because they would find it impossible for Me to speak, for The Father to speak of course, and Anyone Else Here, because they would put a practical sense of values before they would see the Generosity and Love that**

radiates from Here for all of mankind, all races, all colors, all creeds.

So much has been delivered through this *little one* in a natural form, in a natural way, else how could mankind understand the Direction, the Words?

Many children throughout the world who speak languages different than yours, need These Words. They need the Hope, they need the Love. It is up to you to see that they receive It as soon as possible.

Mankind is used to authority, authority in government, authority in the religious life, but every human life is special to The Father, because in every human life there is a Portion of Him, a Portion that man cannot see, but the Portion is there. It is a Light, It is Action. It is also Divine in Origin.

Many men who stand in authoritative places would say, 'That is not so.' I, your Heavenly Mother say: 'It is so. It is what makes mankind so special. It is why mankind was given a nature, intellect, the ability to understand what Faith in God is all about.'

**It is important, My children, that you pass on to others What you have learned, What you have read, What you understand, What you know is Important for everyone's Soul throughout the world.**

**A heavy burden has been placed on *one little Soul*, and then The Father said, 'Through her Soul, other Souls will be touched, and they will carry the Words to others so that more Souls will find the Beauty in human life, the Purpose for it, the Love I have for it.'**

**As you are with *this child* in the world, you are touched by more than the physical part. It is because We teach constantly. We teach to strangers when they approach her or she approaches them. They do not know what it is they feel. We smile at this, for she responds the way We decide she must, because she is fully aware that the Soul in the other individual is hungry for the Attention, for the Closeness, for the Love, for the Direction.**

**It is difficult for mankind to understand such a relationship, such a manner of living, such a way to spread Divine Love, but you have the**

**opportunity to spread It in the way you know, through your actions, through your telling others of This Beautiful Miracle that The Father has handed to the whole world.**

**Hand them the Words. Let them decide. Let the hunger in them see that The Father has not left them alone, that He Is Present in their day, their time, His Way. Do not be selfish with the Words, My little ones, but give Them to everyone you can. Do not make judgment whether they will approve or accept. Let them decide, not you for them.**

**I give you a Mother's Blessing and I say, 'Be sure that as you read the Words, read Them again, so you will fully understand Them in the Fullness They are, and understand Them as the Gift of Love from Him.' So be it."**

MAY 27, 1994 AT 2:40 P.M.

SAINT ALPHONSUS LIGUORI

**“There is a great sadness when We hear negative responses to things We say that are Important for the Soul of every human being. Stubbornness is many times at the base of rejection, stubbornness evolved from jealousy and/or self-dedication to what was learned in books or writings, or from leadership dictation that was not totally without error.**

**This *little one* through whom I speak stands alone in the eyes of mankind, but I assure you she is not alone, because she is never without Our Presence.**

**All that has been spoken through her has Obvious Truths in It, because It is not mankind’s degree of thinking, nor is It the manner in which mankind would speak regarding Spiritual Facts, Spiritual Intervention, Spiritual Love.**

**Mankind must be brought to their knees in Honoring The Father, and All that represents the Importance of Spiritual Goals for mankind. There**

is so much heresy in all degrees of vocations that are formed to instruct others in the Goals of the Souls of all human beings.

We listen daily to the lies, snide remarks, regarding what This Great Miracle is all about. I, Saint Alphonsus Liguori say, 'It would be better for those who act so superior regarding the Lessons We Deliver, for them to take up a hobby that would keep them busy constructively, so they would not waste so much time casting doubt on What The Father has given for the benefit of all human life.'

There is so much wasted time by men and women in discussion that resolves nothing, but in its own way distracts, discourages, dismisses the benefit of Truths delivered by Us, for the Souls of all who will hear Our Words, read Our Words, and follow Our Words.

Those who speak against this *little one* who walks in obedience to The Father's Will, are wasting valuable time, valuable information. It is a sadness Here, because what they are doing is delaying the Beauty of Truth, because they seemingly effortlessly

**try to discourage others from seeing the Magnitude of Truth that is being given to mankind, for the Soul of every human being to be returned from Where It came.**

**I raise My hand in a Blessing, and This Blessing is to encourage, enlighten those who are not humble enough to accept This Great Miracle of Divine Love, Divine Hope, Divine Goal, Divine Justice, for every living Soul. So be it.”**

MAY 28, 1994 AT 3:15 P.M.

## SAINT SEBASTIAN

**“I am Saint Sebastian. I have spoken many times through This Gift of Divine Love that hands personally to mankind The Father’s Love, The Father’s Words, His Direction, teaching constantly why He created human life.**

**Mankind must understand that All that has been spoken through this *little one* in the world has Great Purpose and is of Divine Origin.**

**It is not necessary for mankind to openly accept, making an issue out of their belief of This Beautiful Gift. What is necessary is that millions become aware of This Happening, and the Meaning of All that is spoken through her. It is to make mankind aware that human life has a definite Goal, Purpose, and this is to one day be with God for All Eternity.**

**Some men and women question: ‘Why would God work this way, when there is so much in the past History that instructs mankind of the evidence of God’s Existence?’ I, Saint**

**Sebastian, say, ‘Man’s inference of deciding what it should be like at such a Gift as This, is because they do not understand The Father’s Manner, Way, and Ultimate Purpose in why and how He determines what is best for man.’**

***The little one* through whom I speak is in total service to The Father’s Will. Mankind cannot relate to such an ultimate Responsibility, but I add to the above: submission of one’s will in this manner is unheard of in man’s thinking, and it is time that mankind see all the Benefits that The Father has so lovingly given through a human life that mankind can relate to, and in many ways should respect because of the obvious Love for mankind that is given in such an understanding way, guiding, instructing, and Personal. So be it.”**

MAY 28, 1994 AT 4:00 P.M.

## SAINT MARTHA

**“I am Saint Martha. There are so many areas of life in which mankind can set the Goal of Sainthood.**

**Man thinks and acts as though success in the human life is the ultimate goal. Granted, there is much pleasure in success, a feeling of security, a feeling of satisfaction, but if mankind will but concentrate on success *over and above* success in the human way, and seek it for the Life to come. There are so many misconceptions and doubts regarding the Goal for which human life was created.**

**Many of Us Here request to speak through This Beautiful Miracle, because We want mankind to know that success in life after death, they have reached the Ultimate Goal.**

**There are so many denials because of a lack of Faith, a lack of growth in desiring to please God above all things. It is sad when man places all the importance on what is termed ‘a successful life’. We Here say, ‘In your search for success, have you**

remembered the Purpose for which life was created?’

**M**ankind should know that The Father’s Love is beyond any love man can relate to or compare anything to. That is why *This Miracle Of The Beloved Saint Joseph* is so Important. It has enlightened man’s ideas, ideals, perceptions and values, to the benefits of working, planning, practicing in all useful measures, to one day be present as a Saint in the Heavens.

**T**he Souls of mankind are saddened when there is an abundance of impurities acted upon and taken for granted. Satan uses weakness, gullibility, immorality, and all other forms of sinfulness, so that the individual or individuals lose sight of the Goal of life, Sainthood.

**M**any of Us speak and have spoken. The Words, the Directions, the Instructions, are in many ways defined repeatedly, and yet there are men of all walks of life who deliberately deny that We would speak as We do. So be it.”

JUNE 1, 1994

## SAINT JOSEPH, THE HOLY SPIRIT

**“We have elaborated to a great degree on this night. The Father has requested it to be done this way.**

**It is important for each one present here to be able to instruct others at home, or in some places, regarding the Importance of being human, having a Soul, and the Goal of life. When human life was designed by The Father, it had a Great Purpose, it had a Goal. It had a Special Place above all creations.**

**You must understand that as We pour Words of Direction, Love, Hope, through this *little one* in the world, it is The Father’s Love that penetrates All the Words, All the Hope, All the Guidance, All the Truths, for the benefit of each one’s Soul, who sees the Truth, who applies the Truth, who accepts the responsibility of the Truth, and who acts as a catalyst through example, through words, giving others a stronger Faith in God, in ways that are so natural, so helpful, so important.**

**I** am Saint Joseph. All that has been spoken before this night and on this night, is Blessed by The Father, and of course, by The Mother Who loves all children with a Mother's Love beyond what human love knows.

**I**t is important for mankind to grow in humility, in Spiritual Acts of Love, Hope, Faith. It is important for mankind to see that every living day of life has a goal to it, has a purpose in it, and must be respected for what it is, the treasure it is, the responsibility that was given at the moment of conception.

**M**an says, 'I cannot understand that All This was given at the moment of conception.' I, Saint Joseph, say: 'At the moment of conception there is life, and as the body forms into what is recognizable as a human life, much is instilled, and do not forget, the Soul is present at that moment of conception. If it is one child, there is one Soul. If there are two children, there are two Souls. There are as many Souls in the conception as there are human lives involved.'

**M**y sons, All you have been taught on this night has been directed

by Me, for you to better understand that as you walk in the world as man, you must see it in the Light The Father has shown you, the responsibility of protecting That Portion of Him that is within you, and remember to make Sainthood your Goal. So be it.”

“I add to this, for your attention, those who are close to her every day. I repeat what The Beloved Heavenly Mother said: ‘The days that *this child* is and will be more with Us than you, are not numbered.’ Usually We give her and those close to her a figure, to help them better understand what to expect. This Miracle that bears My Name will no longer do that. So be it.”

JUNE 2, 1994 AT 1:35 P.M.

## GOD THE FATHER

**“All through time I have chosen particular times to transmit to mankind the Truth of My Presence, and the Value of human life, its Purpose, its Goal.**

**Presently I come through a small one in the world I call ‘a child’, for this is what she is to Me. I have passed through her directly, thousands and thousands of Words, All Meaningful, All with Great Purpose in Each of Them, instructing mankind personally in why I created mankind, and the Goal I have set, for mankind to return to Me.**

**As I look at the conditions surrounding This Gift of Divine Love, Divine Hope, Divine Purpose, Divine Goal, I raise My Hand in a forceful manner, and want mankind to realize What they are rejecting that comes from Me. Needless to say, I see ego, jealousy, indifference, a lack of True Faith in How I Would Work, and a lack of understanding in the Reality of why I created mankind.**

**This *little voice* through whom I speak is gentle by nature, but mankind must understand an important part: there is great responsibility in Everything that is spoken, Everything that is delivered, bearing My Name or the Names of Others Here with Me.**

**In times past, when I gave to mankind My Messages that were Obvious by Their Nature, Their Content, Their Direction, could never be mistaken as coming from a human desire, a human purpose, a human design, a human love.**

**This *little one* I constantly use, is faced with many issues that have great purpose in each of them. The main purpose is to awaken, alert, and teach mankind what life as man is all about. My time with My Words is consistent, constant, and direct. I allow no man or woman to contradict, diminish or condemn My Words as being false. I speak directly through a voice mankind can understand, can feel comfortable with. This manner of doing things is a Greater Love for mankind than mankind realizes.**

**As I Bless the world with All My Words, I want all mankind throughout**

**the world to hear of This Miracle, and to have All the Words possible for them to have, because different Messages will be read, understood, and applied, according to the dimension of an individual's mind, their background, their degree of Faith in Me, and the manner in which they understand the Importance of human life, to Eternal Life. So be it."**
