## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## **PLEASE READ**

**In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.**

**This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.**

**Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.**

**For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.**

**In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.**

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

**JULY 25, 1995 AT 2:55 P.M.**

**SAINT ATHANASIUS**

**“I am Saint Athanasius. This Gift of The Father’s has come to mankind for Very Important Reasons. You are the victims of much heresy, and I have come today to let you know it will become worse than it is at this time. When it openly appeared, those who noticed its presence ignored it, rejected it, because they felt secure in the authority of the men in charge of Spiritual places, things.**

**We see so much sadness from Where We are, because it is like a thief in the night, stealing, taking, possessing all that is good in human life. Children are not learning the beauty and the importance of purity of mind, of body, of daily life. There is so much dissension amongst all Faiths, all races, all colors, all creeds.**

**We find people of all ages searching for security, hope, honesty, safety, in how they want their Spiritual life to be. The world at this time is in constant turmoil morally. There is no dedication nor responsibility based on**

**The Father's Commandments. We see what man calls 'hit and miss' theory. We see men, women and children stranded on the abyss of immorality, wherein a deep hole waits for each one to fall into. Man has a common expression for this; it's, 'This is hell on earth.' Where there is goodness, man's enemy finds a way to force weakness into the midst.**

**The time was predicted a long time ago, but mankind's obstinacy, rejection, ignored the signs that were showing that indecency, immorality, was evident in all areas of human life. When some would reject, they would be cast aside. When some would just pout over changes, they would be laughed at. When it was said, 'You live in a time worse than Sodom and Gomorrah,' in some areas it rang a bell, but the bell was shattered by so much opposition to truth, to fact.**

**When We speak through This Miracle of Hope, of Love, so many read the Words, and yet in some ways deny the Value of Them, because to accept Truth means one has to stand up against all odds, and many times stand up against those close to them, those they love.**

**Heresy is a terrible scar that remains, getting uglier and uglier and uglier, as it grows in size. The enemy of God and man is determined to make the scar upon the earth so deep that it will go beyond any ability to wipe it out.**

**All that has been spoken through This Gift of The Father's Love must not be ignored and It must pass throughout the world, because there is Power in the written Word, there is forgetfulness in the spoken Word. Every Lesson passed through This Miracle must be seen by thousands, millions of people, because what one Lesson might contain, will benefit more than you can count in number, and then another Lesson will do the same.**

**Those who write What We speak are like the Apostles of a long time ago. All they spoke, All they taught was not fully accepted by everyone, but portions of Them left a Mark that to this day, is in many ways a Guiding Light of Information, of Instruction, to more people than you can count, than you are aware of, that you could possibly know.**

**Remember what I have spoken, because These Words will help you and others see the importance of your part in helping to save Souls. So be it.”**

**JULY 25, 1995 AT 4:05 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. We All wait for The Father to allow Us to speak through This Precious Gift He has given to the world, with so much Detail, Purpose, Information and Love. When mankind talks about love, mankind sees it in a very minute way in comparison to The Father’s Measure of His Love for all of mankind.**

**This Miracle has been handed to the world for so many reasons, instructing all who will read What is spoken on the Importance of the Soul that no human being sees, but there is an innate sensitivity to It, even when a small decision must be made, choosing right, purity, sincerity, over all things that are exactly opposite of these things.**

**Little ones are not being instructed properly. There is so much humanistic liberalism based on risqué immorality. Immorality to some is a way of life. It’s a normal, acceptable manner of living. When it is part of a relationship of two or more people, it**

goes to depths beyond what impurity means. It is such a sadness to Us to see mankind cater to things that are totally based on actions that please the enemy of God and man.

Some men, women and children refuse to accept that there is a devil. It is strange to say this, because it is such an obvious fact that there is an enemy constantly around, evidenced by impurity of mind, actions, speech, activities. Today, so many at this moment have partaken in obscenities beyond what I would dare to describe to you. I could not bring Myself to describe such ugliness, defiant of The Father's Will and basically abusive to the Soul or the Souls of the individuals.

Some men in high places, some women who feel they are knowledgeable in theology, and of course, Bible History, say that the time now is not as bad as it could be, and that too much is being made about the updated practices that are considered immoral, indecent, obscene. Mankind has many excuses for violence, for hate, for obscenities of all description, and of course, all impure actions in daily practices.

**As I speak to you at your time, throughout the world at this moment, there are Souls being trapped into unthinkable demonic practices. The Soul has nothing to say but is the recipient of all the abuse, the horror of being abused by so much immorality. The word 'immorality' is just a word to most people. They do not attach this word to their behavior, their practices, because the flesh to them, the involvement with other people is accepted as a normal way of life. Of course, this is ignoring totally the Soul that is the recipient of the scars that remain until restitution is made.**

**So Many of Us Here could speak, would speak constantly day and night, to save One Soul from total oblivion. If mankind would but see what one sin causes on his or her Soul! We sometimes say this to The Father: 'What if this child saw what has occurred to the Soul?' His answer to Us is: 'The child has a free will. The child knows what displeases Me. The child is aware of My Rules.'**

**This Miracle hopefully will pass through the world quickly, to awaken mankind to all that must be conquered by individuals, so that the Soul given at**

**the moment of conception will return to The Father in a State of Purity. So be it.”**

**JULY 26, 1995 AT 11:28 A.M.**

**SAINT ALOYSIUS**

**“I am Saint Aloysius. There are Many standing Here with Me, smiling at all of you. When We walked the earth, We, too, were confronted with many obstacles, sometimes forced to face tragedies that need not have been done, because decisions were made by those in charge who were the custodians of much authority and acted with this authority unjustly. To be a victim of unjust authority is never a disgrace, but the injustice is intolerable by all who seek truth, sound balance, in the order of practices in Faith in The Father.**

**This Gift The Father has given, in many ways sits on a scale wherein injustice to It, regarding It, weighs so heavy, that on the side of injustice the scale is at rock bottom.**

**You live in a time wherein there is a desire for power, a desire for great wealth, a desire to become known throughout the world. You live in a time that can be termed ‘diabolically oriented’, because you see, satan is**

**in a constant power struggle with The Father, against The Father, using mankind as the means and the manner to diminish all that is good.**

**Mankind must remember that each individual has within their body a Portion of The Father, the Soul. Satan, in his envy of man, struggles to gain power over the Soul. The Father has handed to the world a Miracle of His Divine Love, through His Spirit of Love for all of mankind.**

**All The Saints Here in Heaven recommend to mankind to think about the beauty of purity and the horror of what impurity can do to the mind, to the body, to the Soul. You are the recipients of so much Direction, so much Instruction, so much Personal Love at this time. Also, you must understand that all who claim to declare great Faith in The Father's Will, The Father's Way, are in many ways practicing injustice and false direction.**

**Ask yourself this question: 'If I could see my Soul, would I be proud of It?' It is a question that each one should ask of himself or herself every night before retiring. It is a good**

**examination of how one acted that day.**

**So much has been delivered to help all living human beings. Our concern is that What We have delivered is not being shared with millions who are out of this place. You must see the value of the written Words and see that millions of others have the privilege to read Them, to accept or reject Them, for no matter what their decision is, what an individual reads or is instructed in, is remembered in some degree, some form, for some purpose, maybe at a later time when It is needed.**

**Mankind talks about love. The Greatest Act of Love in the world is The Father's Love, and it is being proven by This Miracle of Divine Love. So be it."**

**JULY 26, 1995 AT 1:29 P.M.**

### **SAINT CHARLES BORROMEIO**

**“I am Saint Charles Borromeo. There is no time in any day One of Us is not present to speak. This *little one* The Father has chosen for this Major Task to be accomplished, is beyond many men’s comprehension, because they do not have the Faith to see how The Father would work in such a controversial time of spirituality, of Faith in The Father.**

**So many men and women gather in groups, depending upon each other for strength in Spiritual matters, all forgetting, of course, the dependence should be on their own structured Faith in God, and also remembering that they are example of their Faith, their beliefs, their understanding of the Importance of the Soul they are responsible for in the human way of life.**

**Ask yourself an important question: If God has created man with a mentality that is capable of covering many subjects over and above any other living matter, manner, would not**

**God use this creation for more than just earthly measures?**

**A child is born, and this child is helpless. The child is totally dependent on other human life. It takes a period of time for this child to be able to take care of itself in all matters, all manner of living. This child, when a feeling of independence appears, there is an innate knowledge of a right and a wrong, instilled automatically, reacted to by the individual.**

**This *Miracle Of The Beloved Saint Joseph*, Who It Has Been Revealed is The Holy Spirit of God, has passed to the world Information that should give strength to every living human being, because in this knowledge that God Himself would come to the world, be a Part of the world, walk amongst men, accept a vocation of mankind, walk in Dignity, Honor, Example, this proves The Father's Generosity and His Love for mankind beyond any love man can think of, in This Magnitude.**

**It is important that the whole world receive the Messages that have been so Divinely Given, so Divinely Structured, for it to be easy for all personalities, all natures, all**

**backgrounds, to learn about the Love The Father has for mankind.**

**When a parent hears the first word or words of a child, there is great excitement, emotion, and a feeling that a goal has been reached. I want you to compare this to All that has been delivered through This Miracle. You will not see the action, but you will be part of the action when an individual or individuals read the Words, and respond to the Lessons in the Words, the Love in the Words, the Importance in the Words, the Truth in the Words, and they will want to use All that they learn for the benefit of their Soul.**

**Each day that We Here take part in This Miracle designed by The Father, We smile with joy, We react to the joy, because it is so important for millions of Souls to learn about This Time, This Miracle, so that they will grow to become ‘Great Saints’ through What they learn, through What they imitate, and through their desire to please God above all things. So be it.”**

**JULY 26, 1995 AT 2:04 P.M.**

## **SAINT BONIFACE**

**“I am Saint Boniface. What I have to say is of Great Importance. No man, woman or child, no activity of any kind, moral or immoral, is not in Our View every day, every night. For some this might be difficult to comprehend, because mankind uses his or her own theory on what Sainthood is all about. To many, Sainthood is of the past, only read about because of the lives of Some Who were named ‘Saints’. There are millions of Souls Here in Heaven Whose Names are never even thought about, because nothing has ever been written about Them, so there is no memory of Them.**

**We hear some men, women and children talk lightly about Sainthood, to the point of indifference. This Miracle has been given to the world. It is the Greatest Gift God could give mankind to learn from, because It is a Miracle of Instruction, Direction, Purpose, Reason, deliberately instructing mankind on the Importance of human life, What it contains, and the Goal The Father has for it.**

**As Each of Us speak through *one small voice* and Our Words are recorded for millions of others to read, to learn from, and to see as a Beautiful Gift of Divine Love, All of Us oftentimes say how lucky mankind is, for it is being done so generously, lovingly, reasonably, allowing no guesswork to enter into the Direction, the Purpose for which mankind was created.**

**It is difficult for some to think of a Life beyond human life, especially in the manner of it relating to the Soul of the individual. Mankind is so used to usually seeing human life in the form it is, but I assure you there is a much greater way to live, and that is through your Soul, That Portion of The Father that He so generously places within your inception, into the physical form.**

**I raise My hand in a Blessing familiar to you, but My Words perhaps will be different than you understand this Blessing to be. As I touch your forehead, I remind you that you have an intellect, and through this intellect you have a will, a Gift from The Father.**

**I draw My hand down to the bone in your chest, and I say: I touch your heart. Remember, this beat that you feel is allowed by The Father, and this beat is a time of life for you, for this beat gives you the time to better understand the Importance of human life and that life is a living thing. No man, woman or child wants life to end. The Father, in giving a Soul, gives a Promise of Life Forever Hereafter.**

**I go to your left shoulder, and here I say: You have been given arms to work with and to use in your daily manner of life. Your arms have an importance in them, for without them you would be disabled. Think of your arms connected to your Soul, because when the arms can no longer move, the Soul remains, and the Soul will carry on to do The Father's Will Forever After.**

**I take you to your right shoulder, and I say to this part of you: Most use this shoulder, this arm, to carry things and to do many other things with this arm. The arms of human life are very important, for you work with your arms in many ways, and through your arms you feed your body. The arms**

are used to cleanse the body. What an important asset of human life.

**All the working areas of human life have definite reason, definite purpose, definite advantage. The Father has not denied human life anything, and He has Blessed human life with a Soul, a Portion of Himself that He requests mankind to return to Him after human life has fulfilled many works amongst mankind. The Soul is a Blessed Gift from The Father, a Generous Gift of Love that nothing can compare to. So be it.”**

**JULY 26, 1995 AT 2:50 P.M.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. This *little one* that is ever conscious of Our Entrance through her Soul, constantly asks, are We going to speak? When We say, ‘Yes,’ she immediately knows that most of the time It is to be recorded. The Father wants All of Our recorded Words to be passed to all areas of the world.**

**Granted, many other languages will want to know What has been spoken, so they will have the Words transcribed into their own language. *The little one* through whom We All speak worries over this in more ways than she ever says, because in translation, there can be error or other interpretation. We know this, We understand this, but the task must be allowed to occur so that no one in other places throughout the world, cannot hear of This Miracle, and cannot know What We have spoken through her.**

**Translators must come forward soon, so that this work can begin. The world is in great need of Instruction,**

**of Direction, of Truth, of Sound Facts, that teach all ages of mankind the Importance of the Soul that is given to each life, to each human life. Remember this.**

**There are so many instructions at this time on accenting immorality, approving of it, demonstrating it, ignoring the danger it is to the Soul. Man says, 'I believe in God, but I have a will and I do not feel that certain things I am doing are so terrible'; a general term, but not always interpreted correctly. Man rarely says: 'I am immoral. I sin against God's Commandments. I must change my way of living.'**

**Many times, some who feel they are serving The Father in special ways are hypocritical, because they are in reality doing their own thing, their own way, for their own reason, and it is not moral, it is not pure, it is not acceptable. As I speak on this day, I see many places throughout the world where many are committing mortal sins, deadly to their Soul, and accepting this as the human way of living. The words are, 'I am human.' This eliminates the importance of The**

**Father's Rules, and All that has ever been spoken regarding purity.**

**I am showing *the child* through whom I speak, a scene that is revolting to her, because it is one that is being repeated many times every day in many ways, and it has the stench of evil in it. She says to Me, 'Do they smell what I smell?' I say to her, 'They are used to it.' She says, 'How can they be used to such a stench when it is so difficult, it has the odor of something burning?' I say to her and to those who will read My Words, 'Evil has a stench in many degrees.'**

**Picture if you will, the stench of burning flesh mingled with all the ugly odors that you are acquainted with. Wouldn't it be a terrible way of living? because to cleanliness there is a feeling of life, living things, happiness, hope, energy, dignity, love, inspiration. The stench she feels, bears down on her shoulders with a weight because of its very presence. She says to Me, 'I feel like my shoulders will break under the burden of even knowing this.'**

**Mankind has certain frailties, no matter how much physical strength is allowed, but I promise you that evil**

**has within it, around it, about it, more than the strongest man in the world could endure.**

**I will have to release her slowly because of what she has just endured, because the body is not used to the pain, the weight, the ugliness, the abuse, that causes such a drain. I have shown you this for a Great Purpose, because What passes through This Gift of The Father's Love is not just for those present here now, but for the whole world to read and to better understand that Precious Gift The Father gives, that must be returned to Him at His Command. So be it."**

**JULY 26, 1995 AT 4:45 P.M.**

**SAINT JOHN VIANNEY**

**“I am Saint John Vianney. Mankind hears very little about sacrifice, about penance, about obedience, about concern, about interest, in one’s Soul. There is very little instruction being delivered to all ages. Rarely is anything spoken about an act of penance, an act of restitution, a request for forgiveness.**

**Many of Us Who walked a Specific Road, instructing men, women and children regarding Spiritual Values, Spiritual Goals, did it with sincerity, love for mankind, and a true desire to instruct each individual regarding the Importance of human life and the Goal The Father intended for it.**

**Many from Here have said, ‘You live in a time worse than Sodom and Gomorrah.’ When We watch the faces of those who hear this, We see indifference, We see casualness, and We see no registering of the full amount of sinfulness that emanated in and from these sinful adulterous places.**

**Idolatry of all the wrong things took place.**

**It is now as it was then. Also, it is as acceptable now as it was then. This Gift of The Father's Love that allows so Many of Us to speak through to reach mankind, is more Important than any human being can perceive or conceive, of Its Full Value. There was much perversion and idolizing of not just idols, but flesh, at Sodom and Gomorrah. We see so much of this and even uglier ways of human living daily. We see indifference to what is right. We see total acceptance of what is wrong.**

**Also, in so many areas where clergymen gather, We see weakness, not strength, in their values. It is not modernization that they concentrate on, but more of what could be termed 'liberation of man's values, integrity, and all that pertains to human communications physically, mentally, morally'.**

**I spoke to this *little one* through whom I now speak, some time back, just before she entered where My Body lays in state, in a city that spoke a different language. As she knelt in this place, I**

remember her words to Me. She was concerned about her obedience to The Father's Will, and confided to Me that she knew her work was different than Mine and that her physical was very weak.

This Miracle is a Gift beyond what mankind can fully comprehend, because it would be impossible for mankind to see, to feel, to understand, this Constant Communication between Heaven and man.

I show *the child* a wall. It is a very shiny wall. The shine is blinding to her eyes and she asks Me why it glitters. She questions everything, because within her being, she wants all things to be clearly clarified as to their purpose, their full meaning. The wall is becoming brighter to her eyes and her eyes are burning. What is causing the brightness that is so intense, is the Light of so Many Souls present.

As I speak to her, through her, They All smile, because They are All aware of the Importance of This Miracle that is to instruct all races, all colors, all creeds, on the Importance of human life, The Father's Love for

it, and that it has a Goal, difficult for man to believe.

**Man** says, 'What is Heaven?' We say, 'It is a Place for your Soul to return to,' but man wants more explanation, more definition. There is but one answer to this: The Father created life in many forms, for many reasons, but the Creation of man was different, because from the beginning of Creation, The Father had a Goal for man different than all other things, and within each conception, He placed a Gift of Divine Love, making mankind different in many ways, for this Gift has a Title, and It's called 'a Soul'.

Along with this Soul, man was given an intellect, but another very important factor in this Design of mankind, man was given a will. And then man was given his or her own Protector. It's called an 'Angel', a Guardian for all. Some men, women and children cannot fathom such a Gift, Something like This constantly with them, because hurts happen, danger occurs, and sometimes an individual is violated in some form by the actions of someone else. Now some may say, 'What happened to that

**Guardian Angel?’ There are always questions.**

**As I speak today, you must understand that human life has many dimensions, human life has Gifts beyond all other creation. Human life is a Personal Gift of Divine Love. Human life has a Goal to reach. It is called ‘Heaven’.**

**My Blessing goes with All My Words, and when others read Them, they can be assured I will be present, for through living through My Soul, I am able to be many places, many times. The Soul is a Special Gift of Divine Love that should be treasured, because It is beyond anything mankind can imitate in creation. Only The Father has this Ability, has this Power. So be it.”**

**JULY 27, 1995 AT 12:45 P.M.**

## **GOD THE FATHER**

**“Mankind is a Special Gift of My Divine Love, for in mankind I have placed many things to give mankind the ability to use human life for the good of their Soul.**

**Throughout the world there is much confusion. Much even goes beyond the state of confusion. I would term it ‘diabolical intercession’ in many areas of man’s mental and physical life.**

**You live in a time of disfigurement. So much is being distorted through moral corruption, through jealousy, and through heretical abuses to things I have given to the world to help mankind. In so many parts of the world there is so much desecration to Spiritual Gifts, human flesh, and to the authority that is placed over children. Mankind is continuously abusing the Gift of life, concentrating on what is comfortable, what is acceptable, rather than using morality as the code of decision.**

**All who read These Words I have just spoken, I ask you to make an examination of your own conscience. First ask yourself, ‘Do I choose morality over immorality?’ Next question, ‘Am I willing to be good example to all those close to me, and all those I meet daily?’ Then ask yourself, ‘Do I spend time communicating with God mentally, physically, or through acts of charity?’ The next question might be, ‘When others see me, do they see in my actions, my appearance, my speech, purity of mind, body and Soul?’**

**Needless to say, I could go on and on with this examination of daily living, but I feel this is a good start, because each of these help an individual dedicate time, energy, and each action physically, plus communication with others, plus personal communication with Me.**

**As I look at so many throughout the world you live in, I cannot but feel a great sadness. It is not just selfishness I see, but degeneracy in all forms, all areas, all practices, all ages, all forms of faith, Spiritual Faith.**

**I have given the world a Miracle of My Love. I have constantly and**

**consistently instructed mankind personally, and through Many Saints Here with Me, wanting My Words to travel, to be read, and to help mankind see what a Beautiful Gift human life is, and the Purpose of it.**

**As you are small in number, those who take My Words in script, never feel that your time is not important, for I picked you because I knew you would serve in the work so necessary to help Souls be returned to Me, who under other circumstances would never know the Importance of human life that bears within it a Portion of Me, the Soul. So be it.”**

JULY 27, 1995 AT 1:50 P.M.

## OUR HEAVENLY MOTHER

**“I** am your Heavenly Mother. We are ever present wherever This Beautiful Gift of The Father’s Love is. Many times We use *the little one* through whom We All speak, in general conversations with many who have no idea the thoughts are not hers, nor is the desire to speak hers. Much Personal attention has been given to thousands of people of all ages, all denominations of Faith, and We use *one voice* to attract their attention.

The Father, in designing This Precious Gift to mankind, designed It in a manner wherein all human beings could converse, or listen to Something being spoken on many subjects. We also supplied Formal Words in Book form so that those far away or beyond where this *little one* is, would have at their fingertips Our Love, Our Direction, Our Personal Interest in their life.

It is sad when We hear negativism regarding This Gift that has allowed so much to be spoken for the benefit

of all Souls, and also helping mankind in the physical ways that would give him strength. It is difficult for some who have studied formal Spiritual ways, theory and practices, to fully understand that The Father, in His Love for mankind, would send such a Gift of Hope, of Direction, that so personally touched human life.

**When We say We love you, We do. Our Love is deeper than you know love to be, more extensive in Its meaning than you know love to be, but in Our Love you feel Strength of Purpose, of Goal, and I add to this, you cannot help but feel personal application.**

Throughout the world, there are millions of people, many different personalities, many degrees of intellect, and of course, many forms of spirituality. This Gift that has so generously been placed in a particular area, must spread throughout the world in lands far beyond this place, so that no human being can ever say they never heard of The Miracle of Divine Will, Divine Grace. All the written Words that have been designated to be passed to all of mankind must never be shelved. They must be spread in areas, in places of all kinds. We can accept

**no excuses, because This Directive must be accomplished for Souls.**

**I bless all children, even those who do not fully accept The Commandments of The Father, because as I bless them, I pray that the Blessing will give them strength to realize that they have a need for The Rules in their daily way of life.**

**It is true there are many forms of religious beliefs, some according to the part of the world that people are in. It is true that many times forms of religious beliefs are not all devoted to The Father, but much humanism is embellished in the thoughts, in the words, in the actions. This is just one reason why All that has been written to be passed out must be done without question.**

**This Miracle has been sent to the world as a Gift beyond human knowledge, human ability, and It must never be desecrated through a lack of obedience, because it is The Father's Will that mankind understand that within each life there is a Soul, and if the human body is desecrated or the human mind never told about the**

**Importance of the Soul, the Soul could be lost to the enemy of God and man.**

**H**umanism is prevalent throughout the world. It is The Father's Will that through All that has been given, many Souls will be returned to Him in What We call 'Heaven'. So be it."

SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux. It was My Privilege, My Honor, to be a Part of This Beautiful Gift of The Father’s Love. I was given the privilege of the timing that This Gift was to be presented to this *little one*, and then after I said what I was to say, The Holy Spirit of The Father took over totally, blessing This Gift to the world with Words so Personal, *the little one* to whom He was speaking did not know the Fullness in What He represented, but I assure you, All of Heaven was present at that Moment of Announcement, that The Saint that she would be working for would be announced to her later.**

**It has been a long period of time in man’s description of time that This Miracle has been given to the whole world, but in The Father’s Time, the number of years is minute. Much has been accomplished, much Love has been delivered, much Instruction regarding the Importance of human life and its Goal. As it has been said before, millions of men, women**

and children must get to know All the things that have been revealed regarding the Soul.

**M**ankind remembers a Special Gift of Love that The Son of The Father gave at a given time, a Sacrifice of Life in the human form. This time in which you live has an Important Parallel to that time. The Father is coming to the world, instructing in many ways the Importance of the Soul. Much sacrifice had to be made to have All the Instruction that has passed through ordinary speech and the written Word, plus much sacrifice to bring to this point the ability to pass so much throughout the world.

**W**hen mankind receives a gift that is special, there is usually a word of thanks, a reaction, showing happiness. The Father has handed a Miracle to the world and We see so much jealousy from those who doubt It, reject It. None of this is based on the Value of The Gift, but based on personal opinion, and in many ways and cases, jealousy. Casting all this aside, This Miracle of Divine Will, Divine Love, Divine Hope, must not be held back for any reason. It must be shared with the whole world.

**Remember what has been spoken and see the importance of Each Word, because if this request is not fulfilled, many Souls will be lost throughout the world. So be it.”**

**JULY 27, 1995 AT 3:55 P.M.**

### **SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. So much has been spoken about since the beginning of This Gift of The Father’s Love for mankind, in some ways simply spoken, and in some ways spoken in ways for all degrees of mental abilities to be able to discern the meaning of What One of Us Here wanted mankind to fully understand.**

**As I speak today, I want those of you who work daily with this *little one*, to fully understand that What you are a part of is more Important than any other written article in existence, because of the Instruction in the Words that point to a Very Important Part of your daily life, your Soul.**

**If you were to go to an auditorium that held thousands of people, and you would ask them to write about their Spiritual feelings, Spiritual values, Spiritual connections, you would be amazed at what you would read from most of them. There would be much etherealism, much imagination, much humanism, and of course, much self-**

love, elaborating on their gifts of Divine Power.

Many times when you hear individuals speak of the Lord, Christ, and their particular personal association with Them, you find much egoism, little tranquillity. You find a drive within them that has persistence, dominance, based on what they want you to believe. There is much of this throughout the world, personal opinion on The Divine, on the humanism in The Divine.

Today you have available to hand to the whole world Truth, full of Direction, full of Love, based totally on Divine Will. Humanism is not part of this in the manner that mankind associates with. You have learned about that Special Portion within you called 'a Soul'.

It is sad to hear so many rave on about their personal power, personal gifts, personal communication, ignoring where Truth truly comes from, and the Purpose for which mankind was created, the Love in which mankind was created.

I will speak more on this at a later time, but These Words today

**were important for Me to say. They are to help you realize more fully the important tasks you have before you, and that is to hand to millions of others All that has been given regarding that One Gift of Divine Love that will remain Forever: the Soul.”**

**JULY 28, 1995 AT 11:28 A.M.**

**THE TWENTY-EIGHTH ANNIVERSARY OF  
THE MIRACLE OF SAINT JOSEPH**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. Much has been written about My way of life, also those I was associated with in certain areas of life. We, too, had many obstacles financially, and within the Order I belonged to in our time, it was difficult for others to fully understand the need in so many areas, for our manner of life to continue in the way it was organized.**

**You must understand that it is important that when The Father delivers a Great Gift of Love to the world, mankind is not always prepared to comprehend the Value of It, the Full Reason for It, or the Magnitude It will serve. This time upon the earth, in many ways, is openly financially alert, conscious continually of more financial gain, possessions, than we were in our time. It is important for mankind to support The Father’s Will in helping saturate the world with All that has been delivered for mankind to**

**become stronger morally, spiritually, in every way.**

**Many times it has been spoken from Here that you live in a time of crises, moral crises, and millions of Souls are at stake because of the deliberateness in impurities of the mind, of the body, scarring the Souls of so many. Mankind says: 'I cannot see my Soul, I only hear about It. What does It look like? What assurance do I have in Its Real Existence?' Let Me assure those who question the Soundness of the True Existence of a Soul, human life is in so many ways distinct from all other living things. The mentality of man, the nature of man, the physical needs of man, the will of man, automatically says: 'There is reason in all I am, and this reason says to me there has to be more to life after the physical no longer exists.'**

**I, Saint Teresa of Avila say, 'The human way is but a shadow compared to the Supernatural Existence that is promised to mankind.' The Father, in justice to man, gave mankind The Rules to live by. He gave Them in full Measure, and down through time man has in many ways shortened Their meaning. That is one of the reasons**

**This Miracle that bears The Father's Love has given so much Instruction regarding the Importance of the Soul in each human life.**

**The Commandments of The Father must be elaborated upon in Their fullest degree, because mankind has purposely set Them aside. Right now throughout the world, there are millions who have never heard about The Commandments of God, because there has been so much heretical practices accepted, always ignoring what should be uppermost as the Guidelines for human living.**

**I add to This Message: There is great sadness Here in the Heavens because of the laxness in sound spirituality. Mankind has become so free minded, deliberately ignoring moral values, moral standards. As We look at what is occurring, We see total desecration to The Father's Will, The Father's Love. There is so much emphasis on humanism, which basically does not exist forever.**

**Mankind should be looking for Life Hereafter, as it was planned by The Father to be. Logic says it is not a human body, but the Soul within each**

human life that has a Goal beyond anything that earth can offer. This Miracle designed by The Father's Love, allowing All of Us to speak, instructing mankind on the Importance of what the Gift of life is all about. Man says, 'No one lives forever, so I will live it each day for pleasure.' There is very little happiness in what mankind refers to as pleasure, so mankind must understand that to reach for the Goal of Heaven is logical, factual, in its fullest measure.

Children are not being taught the importance of daily living. Their weaknesses are not being pointed out in the fullest measure. It is not an act of love from those in charge. It can be termed 'laziness, indifference', or even 'a personal lack of understanding' that the True Treasure of human life is in the Hereafter.

Through This Miracle so much has been stressed regarding the Importance of each human life's Soul. It is difficult for Us when We see mankind ignore This Statement and cater to all that is indecent, impure, unnatural. As We see so much desecration to Holy Things; by Holy Things, I mean Valuable

**Spiritual Objects, times of prayer, and times of learning more about what is important morally, to say to mankind, 'You live in a time worse than Sodom and Gomorrah,' We see no reaction to this historical time, because mankind is ignoring the Importance of the Message.**

**So many Words have been delivered, even by The Father Himself, because of the Importance of the Soul within each human being, and yet We hear negativism, rejection, foul remarks, much jealousy, even irritation, but none of this can stop This Gift that has been given to instruct mankind on the True Purpose for human life, and that is, for one day to arrive Here in Heaven. So be it."**

**JULY 28, 1995 AT 1:10 P.M.**

**THE TWENTY-EIGHTH ANNIVERSARY OF  
THE MIRACLE OF SAINT JOSEPH**

**OUR LORD**

**“I am called ‘The Son of The Father’. I had an earthly name. Man says, ‘Jesus’. In many years past, at the sound of My Name, many were taught to bow their head. It was an action of respect. It is no longer being practiced. My reason for mentioning this is that so much is being erased because of what man calls ‘updating’, or other things were things of the past.**

**Respect is always a current act of love, whether it be to one in the family, an acquaintance, a friend. Respect is being erased from the world. It is a sadness, because in respect there is much advantage. Respect calls attention to the importance of either the individual, the situation, or something that is occurring spontaneously, that calls for honor in response to it.**

**Respect is not in mankind’s vocabulary now. So many who practice**

**leadership in Spiritual Faith, ignore acts of respect to those who come to hear them, and to many physical aspects, where prayer is being or is to be spoken. Mankind calls it 'modernization', but this modernization is causing much tribulation, much confusion.**

**Today is an important day for many reasons. Most throughout the world would not recognize it as such, but it was a Specific Time designed by The Father to be, due to the lack of respect in many ways, that mankind was accepting as reality.**

**At a Specific Time in mankind's hours of the day, a Great Gift was handed to the world, a Responsibility beyond human comprehension, but it was to begin a period of constant Instruction, instructing mankind of all ages to begin to more fully understand why man was created, and in this Creation, The Father placed a Special Gift.**

**As I speak to you today, you must understand that as The Son of The Father, I was sent to the world at a Specific Time and Place. Those who respected What was passing through**

**Me, it was obvious on their face. Those who denied What I was All About, there was sadness within Me.**

**All times through the beginning of mankind, when man was losing sight of the Importance of human life, the Reason for it, The Father would choose 'a child' who He knew would respect His Will, obey His Will, and always show great respect for His Will. This time in which you live, mankind has been granted a Great Gift, a Gift of continuous Instruction on the Purpose of life, and that Special Gift of The Father's Love that each human life has at the moment of conception. It is sad to hear some say: 'If I had a Soul, wouldn't I feel It? Wouldn't I know what It was like?'**

**Mankind has been given the benefit to know what is moral and what is immoral. This knowledge should say to mankind, 'Surely God's Will would only want me to do what is right, what is sound, what is best.' Mankind at this time is accepting all that is evil, all that is wrong, and it is being multiplied throughout the world, not just a hundredfold, but by millions of people.**

**This Gift of Divine Love that We All speak to mankind through, has been designed in such a Perfect Way, because what better way can man learn than from the voice of one they can hear, and in a language that is spreading more than any language throughout the world.**

**When I saw My Mother at the Foot of the Cross, it was difficult to know, and feel, and see the hurt Her Whole Being was going through, because of Her Love for Me; but I add to this: She endured this pain, this agony, because She knew it was for all mankind to come, for mankind to better understand the Importance of loving God above all things.**

**I will speak more about this at a later time, but I want the whole world to read My Words, because My Words are given to encourage mankind, to instruct mankind, in the importance of respect for The Father, for The Mother, for The Spirit of The Father, and for Me.”**

**JULY 28, 1995 AT 3:30 P.M.**

**THE TWENTY-EIGHTH ANNIVERSARY OF  
THE MIRACLE OF SAINT JOSEPH**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. I have spoken much through this *little one* who has been given a monumental Responsibility for the benefit of many Souls. When We Here speak of the necessity for All Messages to reach millions of people throughout the world, it is important that you take heed of Our Words, and the number We suggest as being important.**

**When mankind looks at another human being, he or she sees only a physical form, a personality, a color, and certain manners of dress. The Father, through This Miracle, is reminding mankind that all of human life is Important, because in each human being there is a Portion of Him. That is what makes human life so Important.**

**Some men, women and children cannot comprehend a Place called ‘Heaven’, because It is so beyond their scope of imagination, of ability**

**to believe that such a Place of This Magnitude exists.**

**This Gift of Instruction through This Miracle of Divine Love, must never be set aside for any period of time. It must be an ongoing act of spirituality, act of love for The Father's Will, and there must be dedication to fulfill all the Requests that are spoken about, so many ways, so many times, by so Many Here.**

**We hear mankind jest regarding Heaven. This is upsetting, because in this manner of speech or actions, it is not just impolite, but can be considered desecration. Mankind is a Special Creation that has a Special Purpose, a Special Goal. It must never be treated as something of ordinary nature, but must be seen for the value it is because of the Soul.**

**There has never been so much spoken about the Soul of mankind. There has been much Instruction on the importance of The Commandments of God, the importance of purity of mind and body, but at this time in which you live, it is important that all ages, from the smallest baby to the oldest human being, be made aware of**

**the importance of purity of mind and body.**

**There is so much more to be spoken about to millions of people throughout the world. Remember, when you teach a baby to walk, there is great joy in the first step, and then when this act of balance becomes ordinary, walking is taken for granted, and the individual has the ability to accomplish much through this human ability, natural to life, that can give progress, happiness, and a mode of travel, natural in its very essence.**

**Being example, giving millions of others the written Words We have passed on to you, should become as easy as walking and as important as being able to walk. So much Instruction and so much deep Concern and Love for the Souls of mankind has been continuously given, because of the Importance of that Special Gift that is within each human life, the Soul.**

**Do not forget One Word that has been spoken, for there is much dependence on those of you close to This Miracle, and much responsibility, because you have been chosen to be close to This Miracle. So be it.”**

**JULY 29, 1995 AT 6:39 P.M.**

**“Mankind has been given a mountain of Instruction in how to become ‘a Saint’. In All This Instruction, Everything that has been spoken is without question logical and practical.**

**Mankind seeks success in a lifestyle in the vocation of life he or she chooses to follow. Success is not always eminent, due to problems that arise through situations that the individual cannot control, or sometimes cannot be conquered because of so many difficult obstacles that occur.**

**Man says, ‘That’s life,’ even when there is great disappointment in the outcome, in the results, in the anticipated goal or goals. The Greatest Goal mankind can strive for is to become ‘a Saint’. This, in reality, can be accomplished through one’s own initiative, practices in obedience to The Rules set down by God Himself. Failure to become ‘a Saint’ is only inevitable when a human being denies himself or herself the choice, the**

**personal decision in obedience to God's Commandments.**

**This Gift The Father has given to the world, instructing all races, all colors, all creeds, on the necessity to use one's will and be sure that all decisions are based on purity, soundness, bearing in mind at all times that all actions in human life are related in some way, some degree, to the responsibility man has to The Father's Rules. These Words are put so simply, it is difficult to think anyone could see Them at a disadvantage and not see the logic in Their very clear description.**

**It is sad to hear some men and women deny that This Gift that passes through this *little one* is The Father's Will. There are many learned men and women who ask themselves and others: 'Why was a Miracle such as This so necessary at a time when mankind is so highly educated, so knowledgeable? Also, why would The Father choose such a *little one*? Why not one who was highly learned and gifted with theological knowledge and Spiritual acumen that would supersede an average human being's abilities?'**

**As I speak, I speak with a Love for all mankind, because it is important that all degrees of intelligence, all occupations, all religions, see the Value of holding God above all things that are acted out through human nature. The Father's Generosity is One Alone. As a parent is quick to forgive a child, The Father is quicker, because The Father knows the depth of what occurred, the reasons for why it occurred, the intention, and also the individual's ability to see, to understand, to evaluate, to consider the reasoning behind the act or action.**

**So much has been delivered directly through this *little one*. It is sad to hear so many men and women deny Its Origin, but time will have to be a factor in helping mankind to be more able, better able to see the Value of a Gift of Divine Love that This Miracle is for all generations to come, for all races of people. So be it."**

**JULY 30, 1995 AT 11:34 A.M.**

**SAINT ALPHONSUS LIGUORI**

**“We are with mankind at all times and every place. This *little one* through whom We All speak is constantly aware of Our Presence.**

**My time with you today is to alert you to the many heretical actions that are being practiced by so many men and women in all areas of life. The Father has sent This Miracle as a Warning as well as Personal Instruction, and many, after reading the Words from Here, are denying Their Validity because it would cause them to be more conscious of their moral values and moral standards. Mankind is dismissing the fact that there is a Hell. You have My Word, there is a Hell.**

**This Miracle, from Its Inception, has instructed mankind in the True Purpose of life. We question man’s ignoring this logical Reason for human life. Would not God, in His Love, have a Greater Place for man to look forward**

**to after experiencing the reality of so much evil in the world?**

**I will return.”**

JULY 30, 1995 AT 1:15 P.M.

## OUR HEAVENLY MOTHER

**“I will speak slowly because *the little one* We All use to reach mankind is totally beyond a trace of physical strength. I am your Heavenly Mother.**

**This Miracle is a Blessing to the whole world, because It has been designed by The Father to instruct all races, creeds of mankind on the Importance of human life, and the Precious Goal of the Soul that is given to each human being born, bar none.**

**This *little one* must always be attentive to Our Entrance, because each time One from Here calls her attention to Them she must respond immediately. The Miracle was designed to save Souls. It must travel by the written Words and by the verbal Words to all of mankind.**

**Those who deny This Miracle or belittle It will be chastised by The Father, because of the Importance of the Personal Direction that is constantly being relayed to mankind for Souls. This *little one* battles all obstacles to be sure that none of Our**

**Love through Our Words are lost because of indifference of some, and/or loud sounds aimed to drown out Our Connection to her.**

**Mankind of all vocations must understand that human life has a Purpose beyond what is seen. As mankind works in the world for prime opportunities for success, The Miracle is a parallel to human life, always encouraging mankind to reach for the Highest Goal possible: Sainthood.**

**This continuous listening for Our Entrance is not a normal way of life, and *the child* knows We must come before all other things, so her rest periods from the daily exhaustion must be more often.**

**Men in high places of Spiritual work must stop and think of the Importance of All that has been delivered. Logic is evident in All Messages and anyone trying to ignore the Beauty and Importance of This Miracle are blinding themselves to reality, either out of jealousy, ignorance, or because they themselves are evil and find it difficult to trust such Pure Direction.**

**The Miracle is, as We have said, a Gift of Love beyond any human being's comprehension. I bless all who will read and practice What has been delivered. There is a Heaven, there is a Purgatory, there is a Hell. Remember this."**

**JULY 30, 1995 AT 2:13 P.M.**

**SAINT CHARLES BORROMEIO**

**“I am Saint Charles of Borromeo. It is important for all creeds to look into the importance of what is being instructed in their particular Faith in Spiritual performance and goal.**

**The world is in total chaos where spirituality is the key issue, the focal point of personal preference regarding the practice of beliefs in God, and what is expected of each human being in the direction of understanding of the Soul. Some place so much emphasis on humanism, that humanism is the ultimate point of pleasure and point of importance.**

**We have used This Miracle to instruct mankind on the Importance of a Higher Being, and that through the physical being it is the means to reach for Sainthood, which is the Goal for all mankind. Stubbornness of some people regarding the belief that human life is the ultimate force, source, and goal of all living things, does not make it so.**

**Mankind must go back in time and see the Love, Reason, and Purpose for which mankind was given a free will, and that it is and was, the greatest Gift God could give to mankind other than the Soul, because in God's Love for mankind, He uses this will to allow mankind the privilege to reach for Sainthood. This is likened to man's innate desire to be successful. God says, 'It is a Gift that is based on showing love, appreciation for a Goal that is open to all Souls of all mankind.'**

**To say God is Generous is an understatement, because God's Love has no bounds, but is based on a Love that is instilled at the moment of conception."**

**JULY 30, 1995 AT 2:47 P.M.**

**SAINT JOHN THE BAPTIST**

**“I am Saint John The Baptist. My work when I was upon the earth had a Great Purpose to it. It was the introduction to mankind of the Importance of an open Act of Love to the Soul of man.**

**Baptism has a cleansing, but it also in its very act, expresses a need and a desire for purity of one’s Spirit that is Part of The Father’s. Needless to say, the story that man is born of original sin casts a mark on the Soul of the unborn, but in reality, it relates to the heritage of all living human beings, because the relationship between men and women is not always pure in its act.**

**Baptism has an important Act of Faith within it, and it is beneficial to the Soul of the individual, because it strengthens the human mind and body to reject sin that is devastating to the Soul. There are definite instructions on this Blessing and they should not be ignored, but mankind must understand that all Sacraments have reason**

**and strength to the moral, physical, mental, and Spiritual action of all mankind.”**

**JULY 31, 1995 AT 12:08 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. There is no doubt that My Name is known throughout the world, but My Full Title is not known.**

**Through This Gift that bears My Name, much has been revealed. It is sad to see so many openly reject such Enlightenment, and openly reject the Beauty of the Words that draw mankind closer to The Divine, more knowledgeable about The Divine, allowing mankind to better understand the Love of The Father for mankind. At no time in past History has so much been revealed.**

**As I speak to you, there are men gathered, women too, discussing This Miracle that bears My Name and the Names of Many, Many, Many Others Here in Heaven Where We All Are.**

**Children are not being taught the importance of goodness, the importance of purity of mind and body, the Importance in the Love The Father has for each one, and that because of His Generous Love, He gave mankind**

**Commandments to live by. Granted, The Commandments have been put in such a concise manner, concise degree of importance, even generalities, that when one memorizes Them, they can rattle Them off spontaneously.**

**Through This Miracle that bears My Name, it is important that All that has been given regarding The Father's Commandments must be given out again and again and again, because mankind, by nature, has a record of minimizing important situations, matters, instructions, so consequently, mankind is more apt to repeat God's Commandments in the shortest form available to the mind at that time.**

**The Soul of an individual is always aware of the Souls of others present, and this Soul of an individual is constantly dependent upon the free will of the one to whom It was given at the moment of conception. Many times We are aware of a Soul desperately fighting to encourage the one to whom It is in, to resist anything that is wrong, partially wrong, minutely wrong.**

**A human being makes decisions all the waking hours. A human being instinctively knows right from wrong.**

**A human being treasures this act of the will, but what many do not think about: is the decision beneficial to the Soul, or is it based on ego, jealousy, greed, hate, and all things that cater to the enemy of God and man?**

**Sometimes when I see an individual reading the Words that have passed through This Miracle that bears My Name, and of course, other important words of instruction that are sound, beneficial for the Soul, I see choice of decision a monumental escape to please someone else, to gratify someone else, or to be victimized by human manipulation.**

**If The Father's Commandments are looked into to Their fullest degree by all of mankind, you would find living in the world a beautiful experience, and a time of exceptional worth.**

**The world must know of This Miracle that bears My Name, because in It and through It, many Souls will gain Sainthood.**

**It is important for mankind to understand that the Soul is a Portion of The Father, and that this Soul is contained within each human life. It**

**is a Treasure of Light. Do not forget what I have spoken. So be it.”**

**JULY 31, 1995 AT 1:13 P.M.**

## **OUR HEAVENLY MOTHER**

**“I address what I am about to say to all children throughout the world. I am your Heavenly Mother.**

**We smile at your obedience because through your obedience, millions of children throughout the world will begin to better understand the Importance of human life and the Special Gift The Father placed within it, giving mankind more than just the Dignity that mankind is born to have, but also the understanding that The Father’s Love for mankind was and is so Special, because of the Portion of Himself He placed within each conception.**

**If This Information passes throughout the world as We expect it to, mankind will see the Beauty of human life, the Importance of human life, the Advantage of human life that gives mankind a Dignity, a Purpose, a Goal beyond all other living things. It will not be difficult for many to more fully understand, because mankind has an intellect that is present in many areas**

**of life: mental, mechanical, Spiritual. This is to but name a few.**

**As Each One of Us speaks through *an innocence* based on love for All of Us, We use this love to spread throughout the world Our Love at a time when it is much needed, and at a time when mankind has strayed away from morality to such a tremendous degree.**

**A Mother's Love passes through This Miracle continuously, and you must be assured that My Love is based on The Father's Will, and when His Will is being accomplished there is great joy in the Heavens, because The Father's Will is beyond any human comprehension. So be it."**

**JULY 31, 1995 AT 3:45 P.M.**

## **OUR HEAVENLY MOTHER**

**“Many of Us are present at this time, listening to conversation that is full of human love, full of human naturalness, full of human strength. I am your Heavenly Mother.**

**Mankind in many ways is ignoring prayer, using it only as a secondary means to Us. So much diabolical immorality is taking place throughout the world, replacing personal prayers to All of Us. Mankind must understand that The Father has sent to the world a Special Type of Miracle to instruct mankind, to strengthen mankind, to encourage mankind to more fully understand the importance of communication with The Divine and man.**

**Man walks in clothing that immediately designates a particular vocation of life. The demand for respect is first to the clothing, because the individual is recognized because of it.**

**You live in a time worse than many times in the past wherein so much**

corruption was evident. Immorality is a pastime to many men, women, and children. Immorality is a sadness to All of Us because it desecrates, in so many ways, the Beauty of Souls Who are the recipients of the immorality. A human being, after an impure act, can feel upset or feel regret, but never to the degree that the individual's Soul feels at this time, and perhaps for some time to come, because immorality to the Soul is a scar that is difficult for the Soul to have. Do not forget, the Soul is a Portion of The Father.

If you were to go to a specific place to a group of men, perhaps some women, who had the responsibility of instructing you on the importance of spirituality, ask yourself, how many would mention that in immorality your Soul is the victim of it? I know you would not go into much detail, and most likely they would have answers, even acceptance of how you must feel, and I sincerely feel they would not go into the detail that We do, because you see, they are not familiar with this aspect of what immorality does to the Soul.

Much has been spoken of late on the importance of The Father's

**Commandments. I beseech mankind to look into The Commandments deeply and to see the fullness in each one, in how They were originally meant, not just in the concise manner in which They are delivered at this time to all mankind.**

**Many times We hear differences of opinion regarding things of importance; that is, material things. It is amazing to Us that Spiritual deportment is not always expressed in the same manner, to the same degree. It is important that all of mankind read What has passed through This Miracle, learn from It, and act according to Its Directions on all matters, because the time now, if things do not change, will get to the point where The Father will be forced to raise His Hand as He has done in the past. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. Many who speak to Me call Me *‘Holy Mary, Mother of God’*. Others say, *‘Blessed Mother, I love You, please help me.’* I answer all prayers in the manner I understand, in the way I understand is best for the child at that time.**

**Children are not being instructed in the importance of morality. They are being exposed to satanic measures, morally.**

**I hear you speak. I understand every word you say, and I fully know that you want to see progress in helping others better understand God, All The Saints, and the Goal of life that is so logical when one sees The Father as The Giver of all life.**

**There are so many who stand outside This Gift who resent it when they are handed Our Words, because they instinctively say that This could not be truth, because God would not allow a Personal Communication with ‘a human being’ in this day.**

**You must spread This Miracle of Instruction to all places throughout the world, to individuals who have, in many ways, strayed far from purity in their minds, in their bodies, desecrating the Soul to a limit beyond imagination. Some say, 'I want to believe in All the Words, but it doesn't seem possible that God would take this time, and use any human life to deliver Words of Advice to the whole world.'**

**My, this is always sad to hear, because past History tells of what great lengths The Father went to, to instruct mankind. He sent a Portion of Himself known as 'The Son of God'. There were also Two Others that accompanied His Son in the human form, so that mankind could relate to the structure of family life, the importance of family life, the value of family life.**

**At this time in which you live now, so much is being revealed regarding how The Father worked to give mankind Christianity in an understandable way, knowing that mankind needed to have Example that he could relate to, he could respond to, and that this relationship would**

**dignify human life in a manner and way nothing else could.**

**There have been many times in past History when mankind was unaware of having a Soul, and men, women and children practiced savagery in their daily life, having only a moral code of ethics, of values, determined by those in authority. Of course, these codes of ethics and honor were based on the whims of those who were superior in position, not superior in moral values, moral standards.**

**When We hear a child say, a child of any age: ‘How can This Miracle be true? Why would God go to all this trouble at this time when mankind knows right from wrong, good from evil, truth from untruth?’ what arrogance it would take to make this remark, for The Father has never allowed mankind to be truly alone.**

**Presently there is much diabolical activities that are weakening the Spiritual values based on The Father’s Commandments. Mankind has fallen into the depths of humanistic pleasures that bespeak only immorality. There is no dignity in human life practiced in the manner of openly choosing**

sound moral values and sound moral standards.

Some in high places have accepted degeneracy because it pleased their emotions and it pleased their personality. I could speak a long time on what We see, but it is not necessary. We hear mankind brag about indecency, impurity, immorality. We hear men who have accepted the vocation of instructing others regarding Spiritual matters, failing themselves morally, through emotional weaknesses in many forms.

We use *a small voice*, We use *a small body*, but We are assured of obedience. You must saturate every place with All We have delivered because of the necessity for mankind to better understand the importance of morality.

A Blessing is always given every time We speak, and in this Blessing there is a strength, because in Truth and Sound Values there has to be a Love that goes deeper than any human love can be expressed. Our Love for mankind is exceptional. It is different than mankind knows love to be, else why would We have given the world

**This Gift of Divine Love, instructing in so many areas of human life, the Importance of the Soul that mankind never thinks about, never relates any act or action, thought, word or deed to It, for It, only because mankind cannot see It, but This Miracle has in many ways spoken of It, described What It is, the Importance It plays in human life.**

**You must understand, All that has been handed to mankind must be spread throughout the world, not ignoring one corner where human life is. So be it.”**

## OUR HEAVENLY MOTHER

**“When We walked as a Family, Three in Number, We were greeted by those around Us in a very normal and natural way. We would talk about the events of the day, and when We would go for water in the manner of Our day, We would converse with others that were doing the same thing, needed to sustain Us in many ways.**

**This Miracle The Father has so designed in Detail Unlimited for mankind, is natural and yet Supernatural in many ways, in many areas. There is much jealousy that surrounds this *little one* The Father has chosen to continuously instruct mankind on the Importance of human life, because within it there is a Portion of The Divine.**

**Many will argue over this point: ‘If man has a Portion of The Divine, why is not mankind pure of body, mind and Spirit?’ When We hear such remarks as this it brings a sadness to Us, because mankind has the ability that nothing else has, and that is to**

**understand the importance of morality and its place in the daily life of all human beings.**

**I am your Heavenly Mother. We reach you through *an obedience* of mind and body, also of the will. The Father has chosen ‘this time’ to be, because so many Souls are being lost because of immorality. It is important for mankind to fully understand that life without full understanding of The Commandments of God could in many ways be disastrous to the Soul of millions throughout the world.**

**This Precious Gift of Divine Love is in many ways strengthening Faith in God, giving Hope where it is hopeless, because of All the Instructions repetitively delivered in various ways because of the different personalities, mentalities, and degrees of Faith in Spiritual matters. You live in a troubled time where morality is not just on a decline, but it is obviously not part of man’s thinking, man’s decisions, man’s caring.**

**We could All speak without stopping, continuously delivering Instructions for the benefit of all Souls, but in the human way mankind**

can only listen to Our Words for a degree of time, put Our Words in script to a degree of time, and then mankind seeks rest from the Words so lovingly given from The Divine.

We hear men speak loudly, some even shout: ‘Why would God choose one such as she is, why not one of us who would have the stamina and knowledge based on all we have learned through our studies, our work habits, subjecting ourselves to a way, a manner of living dedicated to a vocation of life to instruct others of The Father, His place in our life?’

As I walked the earth with a Husband and a Child, We were fully aware of what others thought about Us, and some even questioned openly the passion Our Son had for instructing others. We, too, stood by because We were fully aware that a Great Miracle was occurring, and We did not expect mankind to understand, but We also knew that Our time upon earth was to give mankind Life, based on why mankind was created and the Love in which mankind was designed.

This Miracle of The Divine must be spread throughout the world. Time

**is of the essence in the same way it was when We walked the earth. There was much evil. There is now.**

**Remember what I have spoken and pass My Words throughout the world. So be it.”**

AUGUST 2, 1995 AT 1:03 P.M.

SAINT PATRICK

**“I am Saint Patrick. I watched this *little one* grow in service at a very young age, dedicated to responding consistently and constantly to a child’s love for The Father, for Saint Joseph, and of course, for The Holy Mother. She would kneel before the Altar and promise many things. Innocence was evident, because many things she promised were not ordinary but extraordinary in content, in context. We would All smile and say, ‘The day will come, the time will come, and she will be aware of the urgency for Souls to be saved.’**

**She would pass by My statue, know Who I was, but would go to the Others immediately. We would All smile at this, for in one period of time it was a very small human being, and then at a later time, one who was growing rapidly.**

**We oftentimes take her back to remember the promises she made. We All smile because she does not fully understand. It is never taught to**

mankind, the importance of prayer as a child, and how when one grows to be an adult, We Here remember all incidences, all occurrences, all promises, all the love that is shown.

**This Miracle that has been given to the world is One beyond what mankind terms 'Greatness', because The Father has marked This Time, This Miracle, to instruct all of mankind throughout the world on the Importance of the Soul. There have been other times in past History when the Soul was mentioned as being Important to man and that the Soul was to reach for Heaven.**

**At no time has there ever been so much Instruction, so much emphasis, so much deliberate Wording regarding this Living Part of human life that mankind cannot feel as he or she feels a limb, they cannot hear as they hear other things. They cannot touch It and feel Its Presence, but I, Saint Patrick say to you, 'Within each human life there is an awareness that there is Something more to human life than mankind is fully instructed about or fully made aware of.'**

**M**ankind is aware of mentality, progress, literature, financial areas, and yes, many other things, plus mankind is fully aware of the need of financial means, goal for support of the physical. The greatest support of the physical is each individual's ability to more fully understand that within the physical there is a Living Portion of God. It is a Soul.

**W**hat makes mankind contemptible, sometimes unkind, mean, irritable, angry, sinful? It is a lack of what man calls 'self-control', but how many, in realizing this fact of life, immediately says to himself or herself: 'All these things are against the purity of my Soul. I must change, I must seek purity of my mind, I must seek sound moral values, sound moral standards. I must better understand others like myself who are human. I must stop abusing others through my very manner of doing things'?

**W**e hear some men, women, and even children, say their prayers are never heard. They are looking for a sign of some kind, physical, but prayer sometimes is answered in a very subtle, quiet, beautiful way, because there is no prayer spoken or act of goodness

not responded to. We are always aware of what is occurring, because as Our Soul is the Light through which We stand Here in The Heavens, Our Soul is attracted automatically, immediately, to every prayer that is spoken and all other things that occur in the human way.

So much has been delivered in This Miracle regarding the Soul that, to this point, was a word not truly defined, and I would say little understood, but through the innocence of this *little one*, The Father has handed to the world a Knowledge of the Utmost Importance to all living human beings, that they are the custodians of a Portion of The Father. They have responsibility to return this Soul to Him unscathed, unharmed, Pure in every way, as It was presented at the moment of conception.

We hear mankind say, 'That is an impossibility.' I, Saint Patrick say, 'It very possibly is, but that is why there is a Purgatory.' So little is spoken about Purgatory, but a wise man, woman or child always wants what they are getting to be perfect, the best, important. They have it in their Soul. Why then does not mankind

**cherish this Gift, and be aware of all things that could harm It through the daily actions of the mind and of the body, of one's intentions, one's obligations, one's moral views, one's moral decisions?**

**I bless mankind through This Miracle of The Father's Love and in this Blessing I say, 'All who write What I have spoken, all who will hear What I have spoken, all who will read the Words I have spoken, have the ability to individually reach for Sainthood by just changing some habits and other manner of doing things.' So be it."**

AUGUST 2, 1995 AT 1:57 P.M.

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc. I was a warrior through the Personal Direction of The Father. I was told what to do, when to do it, and how to do it. I was constantly instructed in what to reveal to those who were in battle with me. I was a girl, and in the time in which I lived it was difficult for many to believe that I was the leader of an army of men, men who were considered not just rugged, but rough in manner, warriors in battle.**

**When I first announced to them what my tasks were to be, some laughed; some didn't, because they had Faith in God and understood the manner in how I would speak, that it was not ordinary, it was not that of a girl's opinion. It had to come from a Higher Source of Greatness, because The Father would use terminology that the men respected, understood.**

**As we went to battle, many times they were told that the battle was for a great cause and they must fight it honorably. In man's terminology it was**

**'teamwork' to accomplish the goals. It was difficult for many outside the army to fathom, to even consider accepting my being a girl, my leading an army of men, because of my purity in mind, in control. We were Blessed many times by The Father for obedience to His Will.**

**At this time a *small one* has been chosen, more in years than I was, but there is a parallel to the way of each day, each battle. So much has been delivered by Many Here, consistently, constantly giving strength where it is needed, because mankind is truly at war against the enemy of God and man.**

**The battle is every moment of every day, and The Father has come to the world through This Miracle of His Making, to strengthen mankind, to instruct mankind on the Importance of What the enemy is attacking: the Soul. If mankind will but see the reality of what has just been spoken, mankind will rise to the occasion, join the army, attack the enemy, and not weaken at any point, or allow weakness to interfere with winning the battle.**

If mankind were to see devils walking down the street, riding in cars, going to work, joining in entertainment activities, no human being would be without fear, and want to hide from what was appearing in its ugliness, its hate for mankind, and its constant despair that radiates from its presence. The Father has appointed this *little one*, 'this place', and He has surrounded her with a small army, but one in which He feels will fight the battle that is constantly destroying all that is morally sound, that is valuable to the Souls of millions.

I oftentimes speak and I do not announce My Name, but I was requested to do so at this time. The Father said it would help those who write This Message and who will read This Message, to associate more clearly, more beneficially, more readily, more obviously, to the time in which I lived when the battles were on the fields, against immeasurable odds. You do not see guns blaring openly, but I sincerely say, 'The guns that are surrounding mankind in your day are operated by the enemy of God and man, who in reality has an ugliness, no beauty, no love, no purity, only hate for all who

**follow The Father's Will and desire to become "Saints" one day.'**

**Be aware and beware, for within organizations that are trained to practice Faith in The Father and have the means to save Souls, you could be walking in the midst of the enemy, for you live in a dangerous era of time where human weaknesses are constantly evident, immorality prevalent, sinfulness obvious in every age, and love for The Father not shown, because you see, when love for The Father is shown in an obvious manner of living, the individual has a strength of courage, behavior, energy, that is a weapon that is able to conquer more than the individual knows. So be it."**

AUGUST 2, 1995 AT 3:04 P.M.

## GOD THE FATHER

**“I have designed This Miracle and I call It ‘a Miracle’ because It is My Personal Attention to mankind that is different than mankind has ever openly been exposed to. I speak through a *little one* to transfer My Words as I speak Them, because My Voice, or a Voice I would use, would be too much for mankind to be able to handle physically, mentally, emotionally, even spiritually.**

**In order for This Miracle to take place, I took a *small one*, a *little one*, and molded her mind, her love, her obedience, to be able to repeat All I wanted mankind to hear through her voice, and then through the Words that were to be written for millions to be able to read. Not hundreds, not thousands, but millions of Words have been spoken openly, formally instructing mankind on the Importance of human life, the Love I have designed it for and with.**

**My Gift of human life is a Gift beyond all other living things, because**

a Portion of Me is within this life, difficult for some to understand or to believe. Mankind in many ways is ignoring the Importance of human life, the Purpose for which I created it. There have been many times in the past that many men, through coarseness, through vulgarity, through jealousy, through eagerness for material things, performed many obscenities, desecrations, to Things that were Holy, things that were pure, things that I wanted mankind to be a part of, so that purity of mind, body and Soul would be evident at all times.

I have chosen 'this time', instructing mankind to see the Importance of human life, What it contains, the Goal I have for it. As I speak to you, I speak to *the little one* through whom I allow My Words to be said. Mankind must place in open places My Commandments, for none of These are being obeyed to any degree. Mankind has shelved Them, and in many ways saying They are things of the past, not Instructions adaptable to this time in History.

I will not speak for a long period of time, but you must see in What I have spoken a great necessity, because

**you are fully aware that immorality is prevalent in all ages, in all races, all creeds, all degrees of knowledge, and in all occupations.**

**I will give *the child* a short rest, because there is so much yet to be accomplished through This Miracle of Mine that I have deliberately given at ‘this time’. So be it.”**

AUGUST 2, 1995 AT 4:13 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. When This Miracle was announced to this *little one* through whom I speak, so Many Here in the Heavens saw the fear in her face, and yet We All knew that she would obey all the Commands that would be given because of the Importance of Souls to be returned to Heaven.**

**It is difficult for some to believe that We All speak and use this *one child* in so many ways, so many times, to deliver so much Instruction that in reality is taught no other place. She is fully aware of the importance of obedience, and We recognize how she expects it of you who are close to her. There is a sadness that takes place when she sees anyone stray, walk away, or cast aside the Words We deliver.**

**Through This Gift of Divine Love mankind has a Personal Gift of The Father’s at hand, through All that has been written by those who took the time, and are taking the time to see that What We say will be open for**

inspection, and to learn from and by. When a parent expects truth from a child, the child automatically feels a responsibility, even when the child would prefer to act another way, or resist obedience to the responsibility.

We see thousands who have been instructed in religious matters, Spiritual Truths, walking a tightrope over the abyss of Hell, ignoring all that was learned in the past, and actually tempting God to allow them to fall. It is not just arrogance, but it is a game some play in some places; they call it 'Russian Roulette'.

When some read the Words that We pass through this *little one*, they openly express that they cannot believe that We would speak so practical to mankind, nor would We use one such as they are, of human mind. Mankind has been given a Gift that no man could buy. Mankind has been given a Direct Gift from The Father. Now, logic says a Gift of This Magnitude shows a Deep Caring, a Deep Love, a Deep Concern for some Portion of man that The Father wants to survive.

Ask yourself as you read this: When human life ends, what mark have

**you left upon the earth? What purpose did life have if there was not, if there is not, a Goal for your birth? So much has been instructed regarding the Purpose of life, the Goal of life, and the Treasured Gift The Father gives at the moment of conception: the Soul.**

**Mankind joins all kinds of contests, wanting to win whatever the prize may be. This is instinctive in mankind to reach for a goal, to accomplish, to win, to be a winner. Why then is it so difficult for so many to see that it is instinctive in man to use life for a Higher Goal? So be it.”**

AUGUST 3, 1995 AT 11:51 A.M.

### SAINT JOSEPH, THE HOLY SPIRIT

**“Many of Us are present where this *little one* is, because of the Importance of This Gift of The Father’s for the Souls of all mankind, those who live now, and those who are being born, and for those who will come times after.**

**This *little one* faces many obstacles unseen by those present. Obstacles are many times handed without reason by the enemy of The Father and the enemy of man. Each day in human life decisions are necessary. Some are casual, some have much responsibility, some can be put in an ordinary state according to one’s station in life.**

**This Miracle has been so lovingly given to the world, explaining so many facets of life and so many ways to become ‘Saints’. This Miracle of Divine Love is not a myth, but is truly a Gift beyond any human measure, any human ability, any human understanding.**

**At the Time of the Announcement of This Gift from The Father, so many who heard of Its Presence were overjoyed, and then others were skeptical. Those who were overjoyed had Faith in how The Father would work, could work, through a human being. Those who were skeptical had reasons of their own, not all reasonable.**

**Some feared that This Gift would interfere with their daily life because of what It would be saying, what It would be instructing mankind to follow. In the jealousy of some, it was a sadness to All of Us, because jealousy very often is based on weakness that emanates from one's own obsession with what they think is always right, what they do is always correct, what they feel always has merit, and of course, their opinion of judgment is the final word.**

**Much Love passes to mankind, Divine Love, through the Words to reach mankind in a positive way, giving to mankind of all races, all colors, all creeds, sound reasoning and a fuller understanding of what human life was created for, and this of course, the Goal for the Soul that mankind**

humanly finds it difficult to associate daily life with, because mankind cannot see the Soul and is more acquainted with visual facts, visual matter.

**This Miracle that bears My Name must spread throughout the world fast, because many men, women and children are being led in wrong paths by those who do not have the ability, the character, the true understanding of the importance of moral values that all decisions are based upon.**

**Children are not being taught what the word 'moral' means, what the word 'immorality' means, but a child will understand a word like the back is 'fractured', the arm is 'fractured', because in these two instances there is hurt and disappointment.**

**The children of many sound religious people are not being instructed regarding the Soul, so This Miracle that bears My Name must be not just spread, but instructed in a depth that is understandable, using These Words that a child will understand: 'As God The Father has a Holy Spirit, you have a Soul which is a Portion of The Father's Spirit of Love that He placed within you at the moment of conception.' So be it."**

AUGUST 3, 1995 AT 1:25 P.M.

**OUR LORD**

**“Mankind seeks mercy when there is a serious problem or situation. Mercy to mankind is kindness, caring, and always a search for help, a means of help, a request for help.**

**Mercy to mankind is rarely thought of in daily life, but when illness occurs the word itself does not appear, but what the word means is evident. This Miracle that The Father has so lovingly given, so clearly given to all of mankind, is truly a Gift of Love extending a Gift of Mercy that mankind would not associate with It.**

**The children in this time throughout the world, are not being instructed in gentleness, genteelness, kindness, and making acts of mercy to their fellowman. There is much cruelty occurring, all based on diabolical intervention. There is so little sound instruction on what the Gift of human life is all about, and there is much confusion in all places that advocate spirituality as a special Gift to mankind.**

**I**n the world there are many forms of what man terms ‘religious beliefs’, many supposedly based on the theory that is contained in the Bible. I say, ‘Which Bible?’ and now I say, ‘Do you understand the meaning of all that is spoken about?’ Do you read the Bible, and do you feel that the strength you have received supports what you are all about? It is important to understand that the Bible has a place in man’s life, but it is not always interpreted correctly.

**I** will say no more at this time, because I am One Who lived at the Time the Bible speaks of. I was present. So be it.”

AUGUST 3, 1995 AT 1:53 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“My beloved daughters, you have much responsibility, because at the moment of conception you are handed the importance of purity. Mankind knows the word but refuses to accept the full meaning of it. There are so many things in man’s life that do not call for purity, because they are not associated with the mind, the body or the Soul of human life.**

**The soil that is called ‘land’, the sand that is also of the land, the vegetation, and so many other things, are different than what human life was designed for. There have been many times since the Creation of the world that were times of immorality, wherein mankind refused to act in the dignity in which God created man, and mankind in many ways sunk to the level of animal life.**

**Now, in the animal kingdom there are different species and The Father created them to be closely associated with their own species. Man was created as a higher form of**

being, having intellect, a will that was closely associated with one's nature, personality, and understanding of morality. Mankind has many physical abilities that support several areas of human life.

**H**uman life has a dignity of responsibility. Also, human life has **Something** nothing else has been created with, and that is the Soul that is closely associated with The Father; that is to The Holy Spirit of The Father. The Soul of mankind is a Creation not seen by mankind, but is always obvious by Its Presence through the behavior of mankind, and of course, mankind's choice of what is pure over what is impure.

**T**his Miracle that bears My Name has been given to mankind to better understand, to more fully understand, that life in the human form has a Goal beyond any other living matter, not the flesh of mankind but the Soul of mankind, because the Soul, as a Portion of The Father, gives a higher dignity to human life, an Importance beyond any other thing to human life, plus the Soul has a specific link to The Father.

**It is sad to see so many men, women and children disregard the dignity of human life and cater to a lower level of daily living. Some would term it ‘animalistic’, because it lacks not just dignity, but the Beauty of what human life stands for, and that is, that human life made to the Image and Likeness of The Father, designed with all means of abilities to carry out and carry through functional means and manners, intellectually a Gift of Divine Love, because through the mind mankind has many abilities: the Gift of understanding, the Gift that extends man’s life in many areas for fulfillment to the individual’s degree of need, desire, hope and understanding.**

**It is sad to hear so many who first read about This Gift that This Miracle is, disagreeing violently, objecting to what they feel is not so, impossible, improbable. So much has been handed to mankind to touch many different lives, many degrees of abilities, so that different types of nature that man has, different degrees of spirituality, can more fully understand what a Precious Gift of Divine Love, bearing My Name at This Time.**

**We are All available for those who ask for more understanding, more availability, to see the Value and accept what The Father Wills to be accepted. Many Blessings are passed through This Miracle, because it is so important for all ages, all cultures, all creeds, to look deeply into What has been spoken, What has been written, and not ignore the Values that are so generously being given to enlighten mankind to the Importance of that Gift at the moment of conception to all human life, the Soul. So be it.”**

**AUGUST 3, 1995 AT 2:38 P.M.**

**SAINT ELIZABETH**

**“I am Saint Elizabeth. This Gift of The Father’s is much happiness to All of Us, because It is a Gift to mankind not just of Instruction, of Direction, but of a Love, the Type of Love We Here are All aware of.**

**Human life speaks of love, loving family, loving friends, even loving acquaintances. Each of these are a different degree of love, a different type of love, and some of it is termed just ‘friendship’. But Love Here in Heaven is beyond any type of love, degree of love, that mankind can be aware of, or I say venture into, because This Love radiates from The Father in a Light of Splendor.**

**When We see the birth of a child, We are All fully aware of every birth of every child. The Beauty in the Soul of the child is a Light We All remember.**

**Mankind’s inability sometimes to feel the Importance of human life or to respect human life, is a sadness to Us, because We are All fully aware that human life is a beautiful step to**

**Here. It is a Gift of Divine Love from The Father, unable for mankind to fully understand, because some would say, 'If my Soul is the only Part of me that returns to The Father, why should I be so careful of the physical, what it does, what example it gives?' It is important for mankind to see the advantages in the physical, for there are many Degrees of Sainthood.**

**Mankind must be assured that all good acts, actions in human life are accountable to The Father, and of course, loved by The Father, because everything that mankind does reflects in the Soul. The greater the acts an individual performs, the Soul returns to The Father in a Light that to Him reflects the individual's goodness in all matters and manners of human living.**

**Some who read These Words may find Them difficult to understand, but it is important for mankind to know that all things that occur in human life are recorded in the Soul of the individual, and the Soul is the recipient of all good, all wrong, thus giving that Soul a Specific Place in Heaven. There is sadness Here when We see a Soul as a victim of permissiveness, immorality,**

**indecenty, because the Soul bears a sadness unbelievable.**

**No place in the world is there instruction such as This. That is why All of These Words spoken through this *little one* must be seen throughout the world, for those of you close to her do not realize that many Souls will be lost if mankind does not read the Messages, and see the Value in Them for protection of the Soul that The Father Wills to be returned to Him in a Place called 'Heaven'. So be it."**

AUGUST 3, 1995 AT 4:00 P.M.

### SAINT FRANCIS OF ASSISI

**“I am Saint Francis of Assisi. The whole world has been Blessed by The Father’s Will because of His Love. At different times He hands to mankind a Blessing beyond man’s ability to understand. As He has handed through This Miracle of His Love, millions of Words instructing mankind on the Importance of human life, and His Precious Gift in each life of a Soul, mankind is in great need of This Miracle, because if I were to tell you in descriptive form, manner, the in-depth number of desecrations to the mind, the body of so many millions of people, you would vomit, because of the vileness in all the offenses desecrating human life, thus desecrating the Souls of those involved.**

**When mankind treasures an object, it is difficult mentally, even sometimes physically, to find that this object has been abused, even when the individual is aware that it could be repaired to a degree somewhat satisfactory. So many Souls have been desecrated to a degree impossible for**

mankind to understand, because the Soul, in the language of your time, is 'hanging by a thread', pleading with the individual, saying 'Save Me!'

This description of what I have just spoken would be difficult for some to understand, but I assure you it is happening throughout the world, because mankind has placed all their pleasures, all their desires in practices worse than Sodom and Gomorrah. This applies to all ages, to all cultures.

Homosexuality, lesbianism is not normal to human life. Life was not designed to follow this pattern of living. It is prevalent throughout the world. It is acceptable throughout the world, and there is very little, very few who will stand up against the practice of it. Immorality has reached a peak worse than Sodom and Gomorrah.

It is true, back in time mankind did not practice the same moral values that Christianity has instructed man about, but this time in which We speak, there is so much desecration to human life that it is difficult for All of Us Here to see the sadness in The Father. We have even said, 'Father, take their

free will from them'; He responds and says, 'I never take back My Love.'

Some reading These Words at another time will reject Them, because they cannot see the Personal Communication that The Saints have with The Father. What they do not understand is that We Here in the Heavens originally came from the Heavens, but now We have another identification attached to Our Soul, and that identification is one connected to a human place in the world. Do not be saddened over any disrespect, anger, that might be seen or heard regarding What I am speaking today.

When man is born to the world, man depends upon others who are close to him or her; much dependence comes through the growing years. It is important for mankind to understand another facet of this, that each human life is given a free will and it is endowed with the ability to know right, wrong, truth, untruth, and the individual most times is allowed to make decisions through this will. When a human being is victimized by the strength or power of another one, The Father's Justice in this accountability

is always Reasonable, Understanding, and of course, Just.

We hear mankind say: ‘Why would a Miracle of This Type be needed now? Things such as This are associated with past History, and also, why would God choose a woman for this Task, when a man would be much stronger, more acceptable?’

Mankind does not have the Wisdom of The Father, so mankind should never question The Father in any manner, in any way, in any degree. We are fully aware of this *little one’s* physical and We are fully aware of what it takes to repeat The Father’s Will through Messages of Direction. The Father’s Will must never be questioned, for His Purpose for all things has a Purpose beyond man’s ability to perceive.

When One of Us speaks, Many gather. Sometimes One will hold *the child* because of the strength needed to repeat the Words that are so important for mankind to hear, to read, to remember. Others are also present, aware of all that is occurring, also helping some who are working.

**You are never alone; this should be a comfort.**

**Much Love passes through This Miracle because It is the Greatest Gift that mankind has ever received, except, of course, for the Soul at the moment of conception. So be it.”**

**GOD THE FATHER**

**“You must not be so timid, so selective in handing out All I have given.**

**A Portion of Me, My Son, had to Sacrifice His human life, to show mankind the Importance of Me.**

**Now I have handed the whole world Important Teachings, Instruction, and I see Them being safeguarded. My Son was not safeguarded by the men who walked daily with Him.**

**The Words from Here are to save Souls.**

**I Command It Be Done.”**

SAINT ALPHONSUS LIGUORI

**“M**ankind uses an instrument to accomplish many tasks. Each task very often has a specific type of instrument made to accomplish a special work of art, of necessity, of design, of purpose. The Father also uses an instrument, *an instrument* that is in the human structure of life, so that what has to be accomplished, others in the human way can relate to, adjust to, can understand, and can see the Value of what *the instrument* has been given the Responsibility to accomplish.

You can relate this to a fork in your time of life. The fork has the ability to do several things: to pick something up, to spear something that needs more direct action. And then you have the spoon. The spoon has a manner of using liquid in a more favorable way than the fork for certain things. And then you have a knife. The knife is capable of cutting through obstacles. The knife has the ability to separate things that need to be separated for the end result to be.

**The Father uses a *small child* as an *instrument* to penetrate many obstacles that mankind uses out of selfishness, out of disbelief, out of anger, and stubbornness is a very important factor here. Also, the human mind sometimes resists what is different to them, what is not in their daily practice, so The Father uses an *instrument* to not just attract the mind, but to instruct the mind, cutting through the already implanted obstinacies that are detrimental to the human life, or even others associated with this individual.**

**Mankind strives for intellectual endeavors. Some cases, mankind is attracted by many things that can destroy all the good that is already absorbed in the mind. This is called, in some cases, ‘venial sins, mortal sins, very grievous sins’. Through the mind come habits, and habits can be beneficial to a point, detrimental to the Soul, and cater to the enemy of God in every way, direction.**

**The Father has sent to the world an *instrument*, and through *this instrument* there have been many uses that automatically one would say was used to spoon-feed The Father’s Love.**

**Others were used as a fork, to either blend what was there, or to separate in some ways, the personality, the actions, the motives, the intentions, and the unacceptable results of these. The knife was used to cut through, to open the way to more understanding of the Beauty and the Precious Gift that human life is to mankind.**

**This is an unusual manner to speak in, but to some it might be more understandable, because so many men, women and children learn more by descriptive analogy than by any other means.**

**Mankind rarely thanks The Father for a Blessing handed, because so much is taken for granted, but the time has come for mankind of all ages, all cultures, all creeds, to see The Father's Love that has been handed so many times so openly. So much sadness is in the world, due to a lack of understanding, bitterness, and also acts of aggressiveness by some.**

**Mankind was created with a Soul, but the Soul is not being spoken about in the manner It should be. It is only being done through This Miracle that The Father has so lovingly given,**

**delivering Words that are not difficult to understand, but easy for mankind to comprehend Their full meaning.**

**I am Saint Alphonsus Liguori. We have All spoken in so many ways, so many different degrees of topics. With Everything that passes through This Miracle, there is a Lesson, a Directive, a Purpose, for one or many each time. Do not forget this. So be it.”**

## OUR LORD

**“I know what it is to suffer physically, mentally, tortured by the insults of mankind. I know what it is to be rejected. I know what it is to be cast aside by those who openly expressed concern, love, understanding, companionship for My Way.**

**As I walked the earth, I had a Name. I was recognized every place I went to because of those who followed, exclaiming to others the meaning of the Words that would pour forth from Me. At times there were thousands listening. Of course, they could not all hear My Voice, but sometimes the hills surrounding Us would echo sounds audible far greater than an ordinary voice would allow to be heard. Some would sit and listen to What I had to say. Some would stand and keep trying to move closer. Some had traveled distances because they wanted to hear what no one else could tell them.**

**As I would watch some in the crowd relay My Words to those behind them, I would smile, because I knew**

**this is how it would be for many hundreds or thousands of years to come. My Voice would not be evident, but What I would teach, instruct, would be passed down through time by way of mankind, in written Words and audibly spoken.**

**At this time, there is much dissension throughout the world, much misrepresentation regarding all the instruction that mankind received. The same words written in different languages do not always mean the same thing. This Precious Gift of The Father's Love, This Miracle of Divine Love that is being given to the world so directly, so personally, is a Gift beyond man's full understanding. There was Great Reason for This to occur; in fact, many Reasons. Mankind was beginning to misinterpret much of what had been written, over and above what the writer had written.**

**This Miracle is also to trigger mankind into thinking more about the Purpose of human life, the Reason for its Creation, and the Goal that only man has, because of the Soul that is within mankind at the moment of conception. Some men read the Words. We see this. They toss Them aside.**

**There are many excuses that We hear, but none of the excuses justify the act of ignoring What is spoken, What is written, What they hear in such a personal way.**

**We hear mankind speak of importance. It is important for mankind to be important in the eyes of others, but I ask you, ‘Does being important make one a Saint?’ No way. It’s not the way Sainthood is gained.**

**We hear many say This Miracle is repetitive. These are the majority. We hear this even from learned men and women, and yet when some of these same individuals kneel, or stand, or sit, or are in a lying position, the words in the prayerful manner spoken are many times repetitive of the way they learned prayer to be, ignoring totally the advantage they have of speaking personally, their thoughts, their love, their needs, their intentions, and also, asking for forgiveness of the wrongs they have committed, the disgrace they have placed upon their Soul.**

**Mankind has excuses for everything. Those who tortured Me beyond human understanding said they were told to do it, an act of**

**obedience, but some of them did it so vehemently to prove their acceptance of that authority.**

**Mankind is now faced with authority. Mankind has also been presented the Beauty of Truth in how to become ‘a Saint’, the importance of this. Mankind has been instructed in many ways through This Miracle, on The Father’s Commandments in detail. It is important for mankind to personally and fully understand the Values of immortality, living with The Father in a Manner indescribable, but Ultimate in Goal and Reality, all because of that Precious Gift, the Soul, a Portion of The Father given at the moment of conception, which automatically makes human life the greatest, most advantageous form of living matter.**

**This Gift of so much Direction must never be wasted, must never be cast aside, must never be ignored. So be it.”**

AUGUST 7, 1995 AT 2:20 P.M.

## SAINT ALOYSIUS

**“I am Saint Aloysius. It is difficult for mankind to understand This Gift of The Father’s Love that permits Many of Us Here to instruct mankind on the Importance of the Soul. It is true you have many in your time who openly speak in reference to the Importance of man, and the Importance in man going to Jesus.**

**The Father has sent This Miracle to the whole world, not just to America where you live. The whole world is in need of a greater Spiritual understanding because of so much emphasis being put on humanism, making humanism likened to God, actually in some cases, speaking of it in a superior manner, diminishing The Holy Trinity.**

**Some reading This might say: ‘I do not see it this way. Humanism is important. It is how we think, how we speak, how we live. Our intellect is trained in all facets, all dimensions of education wherein human life responds, is a part of, and human life**

has the ability to absorb all that is offered. Spiritual matters are in some way secondary to human life, because it is but a part of the human way of living.'

I could write pages on this diabolical interpretation, because without God there would be no human life, there would be no living things upon the earth. Everything would be obliterated. It is not just nonsensical, but diabolical for mankind to not see the value, the importance, the reality to the importance of Spiritual beliefs, response, in everyday living.

You live in a time wherein so much immorality is accepted, dismissing purity of the mind, the body, totally ignoring the recipient of all that is practiced daily, the Soul.

If human life was not Special, did not have a Goal, it would be like all other animals created, but it is not this way, and it is time for mankind to revolt against all that is diabolical, cast it out, and see the Beauty in All that The Father gives and All that The Father has to give.

The Soul is a Living Portion within mankind, and It is Distinct in

**Its Being. It is a reflection of all that the individual says and does, because of It being a Living Portion of The Father. It is not an inanimate object.**

**My Words are important, because in the time in which you live there is so much desecration to the human minds, the physical bodies all over the world, that Souls are being desecrated every moment of every day.**

**The Words spoken through This Miracle that bears the Name of The Holy Spirit of The Father must be handed to all people, no exceptions. Remember what I have spoken. So be it.”**

**AUGUST 9, 1995 AT 10:28 A.M.**

**OUR LORD**

**“As in the time I walked the earth, it is now in many ways. The Father has chosen ‘this time’ to alert mankind, to instruct mankind on the Importance of human life. Denial of this does not change the Purpose for which The Father designed This Miracle of Divine Love.**

**As The Son of The Father, I walked with men. Sometimes there were hundreds. Some would have to leave, but while they were with Me, they were instructed in how to live the human way, the Purpose for it, and the Goal of it.**

**Some would walk away muttering to themselves: ‘How can I approach those with whom I live and get them to understand, to believe in What This Man said? It is impossible for me to use His exact Words, Definitions. I know I will fail, but I must try to give others the Messages that are so logical and so full of hope. I must not abuse this time or allow it to be useless, because my time spent with This Man**

was beyond any other experience I could ever encounter.'

It is true, those who listened to My Words, feeling the Love that passed through Them regarding the Importance of human life, the Goal for which it was intended, gave strength, and I was quite sure, positive in some ways, that much of What they heard from Me they would remember.

Today in this time, in this year that so much is being delivered, is a parallel to that time. This time, *a little one* bound to obedience is *the deliverer*. Mankind must understand that human life has an Important Goal. Man searches out for treasure, and what mankind does not understand is that within each human life there is a Treasure that must be protected against all evil, because this Gift of Divine Love is to be returned to The Father, to remain with The Father for endless time.

Man says, 'I cannot see my Soul, I cannot feel It; how can I be sure It's really there?' I assure you, your ability to know right from wrong, moral from immoral, justice from injustice, love from hate, gives you

**the basic foundation, the assurance that through these abilities, you have within you the understanding that there is more to your human life than just the physical.**

**So many Blessings have passed through This Gift that mankind, when reading the Words, sees the reality to the Importance of human life. It is only reasonable, because mankind has been gifted with a sense of judgment, an understanding of what is pure, what is impure. Also, mankind is constantly aware of the will that is his or her own, and when there is dominance from some other faction or individual, there is automatic rebellion because of the importance of the individual's will.**

**A will is a Blessing, because it is a Gift wherein choice can be made. Hopefully the choice will always be purity of mind and body, because of one's Soul. So be it."**

AUGUST 9, 1995 AT 12:04 P.M.

SAINT JOHN VIANNEY

**“Mankind is causing much disgrace to certain Sacraments and all of The Commandments. A Sacrament was designed, each one for a specific reason, a specific purpose.**

**Baptism was designed to give a child or an adult a strength, also a Blessing that was termed ‘cleansing’. Mankind has used many words in discussing the Sacraments, because many say the Sacraments are man-made.**

**The Sacrament of Baptism is from a long time ago. It is an open Sign of giving Love, Strength. The Sacrament that some partake in, called ‘Holy Communion’, is a Sacrament of Union with The Father in a Special Form. The Sacrament of Extreme Unction is a Blessing, giving Strength at a moment when the physical needs hope, help, encouragement, love, and of course, draws attention to God to be present.**

**More will be spoken on what is termed ‘Sacraments’, because**

**mankind is in many ways diluting the meaning, the full significance and the purpose. There is much turmoil in the world, diminishing so much that at one time gave extreme moral strength to everyday living.**

**You live in a time when The Commandments of The Father are no longer accepted in many ways, in many areas. Much has been diminished in Their meaning.**

**I will talk more on this later. I am Saint John Vianney.”**

**AUGUST 9, 1995 AT 1:32 P.M.**

### **SAINT MARY MAGDALENE**

**“I am Saint Mary Magdalene. This Gift of The Father’s is not just a reflection of His Love but a Personal Gift of His Love, because in the Creation of mankind there was Great Love.**

**At one time a man was chosen. This man was physically strong, morally strong, and yet highly sensitive. His name was ‘Moses’. Many stories have been written regarding His way of life, His physical strength, His moral strength, and His deep inner understanding regarding the True Presence of God.**

**This Miracle that has spoken the Words of so Many from Here in the Heavens, is a Treasury of Truths, a Gift of Divine Love, and for millions of Souls, Direction to Heaven. Mankind must understand that The Father would never have allowed mankind to be totally on his or her own. All through time, specific children from many walks of life were chosen to**

**instruct millions regarding certain areas of life that had to be controlled.**

**Mankind connects My Name with a sinful past. This is always a sadness to Me, because mankind, desiring to describe emotionalism, sometimes overplays, overdoes many things that occurred in past History. You live in a time that is so beneficial to your mind, to your body and to your Soul. You have the benefits of learning in so much detail, the full meaning of The Father's Commandments to the world, plus you have been given so much understanding regarding that Precious Gift of Divine Love, the Soul.**

**As I speak to you today, My mission at this time is to encourage you to scatter throughout the world all you can, All you have, in respect to The Commandments in detail, so that mankind cannot put Them in such a concise manner like they have learned Them, thus eliminating Their full content, Their full meaning.**

**The Father gave mankind a Great Gift of His Love when He handed to mankind The Rules of life, for life, in life, because without Them the guidelines were weak**

because They were not expressed in detail, so mankind would, in common language, 'slough Them off', showing and registering very little importance on Them. We sometimes use words common to mankind, to emphasize or just to alert mankind to a form or fact for better understanding.

Here in the Heavens All of Us have tasks. The tasks are a Gift of The Father's, because the Souls that He has allowed to be placed within human lives must be returned to Him in a State of Purity. Mankind cannot draw what a Soul looks like. Mankind cannot fully understand what a sorrow it is to The Father to see a Soul put in jeopardy, or to see a Soul tormented by so much evil being acted out by the individual in whom this Soul was placed in Total Purity.

Ask yourself: 'Have I learned more about life in the last years regarding the Importance of what life was created for?' Now ask yourself: 'Am I committed to change all the wrongs I am in the habit of doing because of what it does to my Soul? Also, if I were to stand before The Father today or tomorrow, would He say to my Soul, "Welcome back, My

**Saint, you have returned to your Place of Honor”?’**

**Mankind says, ‘Live each day, don’t worry about tomorrow.’ This is a sadness to All of Us because there may not be a tomorrow for the Soul. Also, when you weigh good against evil, be sure the scale weighs heavy on the side of good. When you are attracted to impurities, never forget the Soul that is within you. When temptation that is obviously the stench of evil bears down on you, causing you to make a quick decision, do not forget, in human life a horrible stench is too much to bear. Imagine the stench of Hell and perhaps it will cause you to make the right decision.**

**Mankind innately treasures cleanliness, purity in many areas of life, but sometimes immorality seeps in and then there is more attention to what is occurring, allowing wrong decisions to take place, dangerous in many ways to the mind, to the body, and of course, the Soul. There are many learned men and women who desire only high positions of importance, to become well-known. That is their goal, and that causes them to ignore all that is morally sound, morally good.**

**The world is full, it is saturated with deplorable desecrations of the body, of the mind, of the Soul. Be alert to temptations and do not play ignorance to what they are, for logic tells you what is right, what is good, and what The Father would prefer you choose.**

**A baby is not born immoral. Remember All that I have spoken, and remember the last Words I spoke. Also, remember that immorality is not contagious; it is based on one's own decisions regarding one's own worth. So be it."**

**AUGUST 9, 1995 AT 2:35 P.M.**

**SAINT ANASTASIA  
SAINT ATHANASIUS**

**“We wish We could gather the whole world where This Miracle is taking place, because of the Beauty of It, the Importance of It, the Love in It, and of course, the Goal that is so beautifully expressed through It for all Souls, not just those who hear what We have to say firsthand.**

**As We look at the world Where We are, We see heavily populated areas, thousands of people, some alone, some in large groups. In other places We see people scattered, smaller groups; and then We see people traveling in small numbers, moving along with destinations.**

**When a child is conceived, there is an immediate Destination to this conception. As the child travels through life, through all the steps of human living, many are not taught about the Reason for human life and its Destination. This Miracle, This Gift of The Father’s Love has been sent to the world to remind mankind**

throughout the world that human life has a Goal, a Destination. Human life has a Soul, human life has a nature, a personality, a will, a Goal. Human life was designed according to The Father's Love, Purpose, and in a way that mankind would be Special above all other life, all living things, any other matter.

There are Two of Us Here, speaking as if in conversation with *this child*. One of Us is named 'Saint Anastasia', the Other 'Saint Athanasius'. We smile, listening to *this child* repeat Our Words.

Mankind has been Blessed at different times through time. This Blessing that bears the Name of The Holy Spirit of The Father is totally addressed to the Importance of every living human being's Soul. We have heard some say, 'If the Soul is so Important, why was not more spoken about It by men who have chosen active Spiritual clerical roles?' I, Saint Athanasius, say that many would respond to this in this manner: There were so many things to cover spiritually, that so much detail regarding Souls was not able, in ordinary instruction, to be deliberated upon so extensively.

**This Miracle began in such a quiet way, but *the little one* through whom We All speak found that The Father opened many doors, many gates, many minds, to What could be occurring in the world in their time. Some feared the results of the meetings with her because of the changes that would have to take place, and they did not see it feasible in this year, at this time, because of the set rules that were so strictly enforced by men in the clerical field. There were many who stopped others from believing, others accepting This Gift of Divine Love, because of personal reasons, and because they could not handle so much strictness in What was being delivered, due to the fact that it was a time of leniency morally, physically, emotionally.**

**The world of mankind accepts a war between nations, between countries, between people, and they feel that this is a war they can accept, because they feel they understand the circumstances. You are in the greatest war, the biggest battle that mankind could possibly ever be in. It is not a war of nerves; it is a war between The**

**Father and the enemy of God and man, satan.**

**Sometimes when We hear remarks after someone reads What We have spoken, it is a sadness to Us, because the individual or individuals are biased in their thinking, because they can see a war between nations; but, in reality, the world is in a war that one could describe as: on one side is morality, on the other side is immorality. On the side of morality there is truth, soundness, obedience to The Father's Will, and Heaven as the Goal for the Soul. On the other side, immorality, there is the stench of immorality evident and prevalent in all stages, vocations and places throughout the world.**

**This Gift of The Father's is because of the need of Souls. You do not hear your Soul screaming to The Father, shouting for help, begging for intercession to what is occurring within the human life They are a part of.**

**Many, as they read These Words will say, 'This is difficult to believe, difficult for me to cope with, understanding this type of occurrence,' but**

**We Here in the Heavens assure you, it is important for mankind to take the time to see that human life is different than all other living things, and that human life has a Goal different than all other living things, and that is, to return the Soul to The Father in a Glorified State.**

**Mankind does not understand nor does he want to understand, that as the Soul is placed at the moment of conception, the Soul is eager to be a Part of this conception, because this conception will give to the Soul a 'specific name' in Heaven. So be it."**

AUGUST 11, 1995 AT 6:17 P.M.

## GOD THE FATHER

**“There is no reason for mankind to not believe All that has been delivered through This Miracle of My Love for mankind. My Words to the world at this time have Specific and Special Meaning, because so much diabolical practice in many forms have jeopardized the Souls of millions.**

**I know that when some read the Words delivered by Me, or Others Here with Me, find it difficult to understand that I would speak through one such as them in such a Personal Way, using a voice like theirs to repeat What I want mankind to value because of Its Content, and the Important Reason that is evident in All Its Direction, All that It implies, and All that It solidly, clearly covers.**

**I hear men, women, and even little ones question: ‘How can This be true? Why would God pick one like her, to send so much Direction, Information, and Personal Love, through a human being? Why would He not do it in a different manner,**

like through one or more who stand in high Spiritual places, who have learned through much schooling, much practice working with people on the importance of Faith in God, prayer to God, dependence upon God, and the importance of purity, that they would be so qualified to instruct in?’

**I**f mankind will but look into past History, My Way is not man’s way. How I determine to reach mankind is in the manner and way I know is best for mankind.

**M**an crosses himself and calls My Name at the top. This is a big step for some, because it is their way of alerting Me to their presence. All ages are children to Me. All degrees of Faith in How I Am, Who I Am, are important to Me.

**I** have given the world a Blessing, a Sign of My Love for all human life; plus, I have alerted mankind that they are the holders of a Gift of Mine that they received at the moment of conception, a Portion of My Light, My Love, combined with the knowledge of what is good, what is evil, what is right, what is wrong. It can be termed ‘instinctive’ in human beings.

**There are so many who struggle to determine How I Exist, in What Manner I Exist, and of course, in many ways they dare to humanize My Existence in comparing Me with human existence, physically, mentally.**

**When mankind gives a gift and it is a gift that is personal, most times there is a love attached to this gift, an importance attached to it, and a significance obvious in it that identifies this gift, either in what this gift means personally between them, or a reminder of something that occurred that was special to them, and when they are assured mentally that this gift has a special meaning, it becomes more important.**

**I could speak endlessly on this, because mankind feels strength in communication when it is either verbal, or through a means or a matter that can be associated to remembrance, closeness, and/or love.**

**This Miracle that I have given to the world is beyond anything mankind can imitate, because My Love for mankind is above and beyond what mankind can in any way fully understand.**

**I want All I have given through This Miracle, instructing mankind to more fully understand what a Treasure human life is, the Importance of it, and its Association with Me that must never be questioned.”**

AUGUST 12, 1995 AT 6:01 P.M.

## SAINT PETER

**“Mankind many times experiences thunderstorms, earthquakes, tornadoes, hurricanes, floods, and tremendous degrees of the power in which wind can pass over the earth. To many it is a frightening experience because of the possible dangers that could occur, affecting the lives of many people. The uncontrollable factor in all of these times has a definite effect that is remembered.**

**Mankind ignores the terrible effect impurity of mind, body, actions, have on the Soul. There is a parallel to these two things. The only difference is, the first one man cannot make decisions on the intensity of the actions taking place, but on the second one mankind has a will that has ability to resist, reject, or to submit, accept.**

**So much has been instructed regarding the importance of the necessity of purity of an individual’s mind, actions, because of the effect that impurity has on That Portion within mankind that is Greater than**

the human flesh; It is the Soul that is a Portion of The Father. It is sad to see so little fear, so little care, so little resistance, so little denial, participation in vulgar immoralities that express only impurities, acting out against The Father's Commandments.

Mankind reads stories, some regarding historical events dramatizing heresies, vulgarities, and all types of immoralities. The more explicit some of these are, the more encouraging they become for some to read more about. Those who react this way do not fully understand The Commandments of The Father, and sound instruction is not being stressed on the importance of God's Commandments. It is as though They no longer exist. It is as though They were only meant for a period of time.

There is not enough emphasis on sound moral values, on sound moral standards, sound moral reasoning, because mankind has sunken to the depths of pleasures of the flesh that are being emphasized by all ages, all degrees of human life.

I come through *this child*, not just to alert mankind, but to wake

mankind up to the fact that The Father will have to show His Hand like He has done in the past. By this time some are saying, 'Who is speaking?' I am Saint Peter.

Instead of the world, with all its advantages, becoming a more pure state of thinking, it is worse than times past. There are excuses for everything, all types of desecrations to the mind, body, of all ages. Mankind was not born an animal, but most animals are more sound in their activities with one another than mankind is, yet mankind has been endowed with logic in what is right physically, morally.

I ask you, those who will read These Words, what category would you place yourself in as you read These Words, and would you say that if the time came and you were to face The Father in a short time, what would your Judgment be by Him — immediate, or would He have to say: 'Much reparation must be to help the Soul I gave you to return to Me. It must be in a Pure State. You have marred It, you have desecrated It. It is a great sadness to Me'? So many excuses of the past are not applicable

**at this moment of Judgment. Truth is all that counts.**

**These Words to you are Words of concern, because mankind is ignoring truth, sound values, sound standards, and making only acts that please the enemy of God and man. My Words today must be added to the millions of Words that have already been spoken through This Gift of The Father's Love.**

**Mankind must realize that when a Blessing such as This is given to mankind, It is a Gift beyond any other gift can be, because It assures mankind of the closeness of human life with The God Who Created All Things. So be it."**

AUGUST 14, 1995 AT 11:47 A.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. The Father has chosen This Time to instruct mankind on the Importance of human life, and that Important Part of mankind that is a Portion of Himself. We see many in groups, discussing their theory regarding This Special Gift that is instructing all of mankind in Absolute Truth regarding the dignity that man has over and above all other living things.**

**Mankind has learned that man was created to the Image and Likeness of God. This is truth. This is fact. Man’s intellect, though developed in different degrees in each human being, has a specific closeness to The Father’s Greatness, because The Father is The Creator of All Things.**

**Mankind many times is given a degree of talent, and it is up to the individual to develop the talent, hopefully for the best results to be used for specific reasons, and in many ways to encourage others to develop**

**their Gifts and use them to benefit others.**

**Within man, The Father placed a nature. There are many facets to a nature. Sometimes a nature depicts in strength, practices according to the culture in which the individual was born. Nature, to an individual, can be the focal point to become 'a Great Saint', because through the nature an individual stands out through the expressions that are from within the individual, based on knowledge, integrity, disciplines, talents, energies, beliefs, goals.**

**The Father has given mankind a will. The will, in its very essence, speaks strength, courage, understanding, abilities to make decisions, and the will from the moment of conception is very important, because the will is joined with the Soul in ways not understandable to man, but it is instinctive for the child to be born to be able to exercise all that is within it, and the Soul is ever present, because through the Soul, The Father is Present.**

**Mankind can dissect a body physically, mentally, morally, but no**

one can dissect a Soul, because the Soul, to the human eye, cannot be seen, but there is no human life that does not feel an inward expression of Something more than the physical role.

Even when one is sinning in the ugliest form, blaspheming, there is a knowledge that passes through the mind, the intellect, that the decision is corruption or corrupting to an inner portion of the mind, of the body, even though We hear some say: 'That's life. I intend to fulfill it in every way possible. I intend to enjoy everything I want to enjoy.' When We hear this, it is a sadness, because We are fully aware that the Soul of the individual is the victim of the immorality, blasphemy, indecency, based on a lack of gratitude to The Father, for the Gift of life first of all, but then also for the Gift of knowing that purity is the most beneficial choice in all decisions.

So Many of Us Here have spoken openly in great detail, instructing in all degrees that mankind is capable of handling, of understanding, regarding not just reasonable reactions, but reactions that would be pure because of the Importance of what human life

was created for. There is a dignity to human life that should be obvious, but some men, women, and even children, do all things that put human life on the level that can be spoken about as being lower than any breed of animal.

The Father has allowed so much Instruction to be put in descriptive forms to mankind through This Gift of His Love, because mankind has intentionally dismissed, ignored the dignity that human life has that nothing else is created with.

An animal has instincts. Man has a will. Each animal has a purpose. Man has a Goal. It is sad to hear some men, women, and even children not even try to understand the Importance of what their individual life was created for. This Miracle that has instructed so deeply, so intensely, must be seen throughout the world as a Gift of Divine Love, and not just a sermon of instruction based on the intellect, ambition, vocation of a human being. So be it.”

**AUGUST 14, 1995 AT 12:45 P.M.**

**SAINT PETER CANISIUS**

**“This Miracle that The Father has given to the world is a happiness to All of Us Here with Him, because We All know that those who will accept All the Instruction that is passed through It verbally and through the written Word, will grow spiritually, morally, mentally, and even physically in many cases.**

**When man says, ‘I have found a treasure; it is a treasure that will help me live a better life, it is worth a great deal of money,’ it is innate in man to want to find a treasure and to delight in it. God has handed the whole world a Treasure, and in This Treasure there is a Goal beyond any goal money could buy.**

**I am Saint Peter Canisius. We see so much in the world of a desire for monetary progress, because man feels with monetary progress, through so much material gain, it will bring happiness unlimited. This is not reality. Mankind associates material things**

**with wealth, happiness, control, as the ultimate measure in life.**

**This Miracle that The Father has designed, instructing mankind in the Greatest Treasure mankind can reach for, find, is through the Soul mankind was given at the moment of conception. Children are not being instructed on This Treasure within their being. Children are basically being instructed in competitive things, monetary measures, ignoring the importance of God's Commandments.**

**Ask yourself, those who will read These Words: 'When was the last time that I truly pondered over God's Commandments? When was the last time I deliberately took an accounting of my life, my actions, my thinking, my moral views, my moral standards, plus the company I associated with, and what influence they had on me or I had on them?'**

**Mankind rarely delves into his or her practices in daily life. It is important that mankind begin to see all the destructiveness that is occurring because of so much immorality, so little regard for purity of mind and body, so**

little direction, example being shown, not just to the young but to all ages.

**The time in which We are now speaking can be spoken about as a time of much desecration to the Souls of every living human being. You live in a time of much moral corruption of all walks of life, of all ages of life, of all degrees of education. You live in a time of much injustice, due to so much immorality, so much selfishness, so much self-love, so much self-dedication, so much impurities connected to immoral values and immoral standards.**

**Man speaks about justice, but how does man weigh justice? Does he or she take a scale out each day and weigh one against the other? How many men, women, and even children make a daily examination of conscience, based on their thoughts, their words, their actions? You would be shocked at the lack of number.**

**So much heresy is being practiced and so little is being spoken about when something is so obviously diabolical. Somehow or other it is accepted, associating this acceptance with progress of time, and that things**

are different now than they were when The Commandments of God were given to mankind. What foolish, ridiculous determinations are made, causing mankind to justify all that is wrong, all that is obscene, all that is impure.

All of Us Saints Here in Heaven have been given the opportunity to speak, not always giving Our Name, but wherever this *little one* is, in general conversation One of Us Here can be heard even when there is no identification. This Gift that has been handed to mankind can be compared to Great Times in past History, times that were considered the most instructive, educational, because They All came from Heaven.

The Father has Blessed This Miracle in a way mankind cannot understand, but We All know that The Father has allowed no man to stand in the way of This Miracle, because of the Importance of It, the Reason for It, and the Goal for which He created It. So be it.”

AUGUST 14, 1995 AT 1:43 P.M.

### SAINT JOSEPH, THE HOLY SPIRIT

**“At no time is not One of Us present where This Gift has been delivered for the whole world to better understand the Importance of human life, and that a Portion of The Father is Present within each life.**

**There are so many who are falsely instructing others on what life is all about. They are dwelling on issues, ideas and particulars that they themselves have initiated as important to man’s abilities and Spiritual areas. So much is being mistakenly given as fact, as valuable, as solid truth. Mankind is vulnerable because he or she does not have the courage to respond to all that is wrong. Sometimes it is not a lack of courage only, but the inability to address situations with courage, conviction, and stable facts.**

**So many are vulnerable to the egoism and the self-importance of those who feel that instructing others on religious beliefs will gain them not just attention, but monetary measures to help them live comfortably. There**

is so much deceit amongst all ages at this time, so much conceit, that it is destroying many important, valuable matters of Faith and morals.

**T**his Miracle must be handed out to those you may least suspect would accept It, acknowledge It. You must not make the decision, but allow those who receive It, because you cannot always judge the need of another human being, or their degree of Spiritual Faith and understanding.

**T**here are so many at this time, standing in instructive ways regarding matters of Faith and morals. Most of them base what they are saying on emotionalism, or a feeling they are gifted with what will lead others on a path that mankind is many times vulnerable when hearing certain individuals expound.

**T**here is so much heretical instruction being passed out through millions of people. It must cease, for it is instilling in so many, impractical ideas, ideals that are totally opposite to sound, factual, Spiritual instruction. When some men, women and children hear loud voices expounding, it is attractive to them, and they feel it

**must be fact, it must be truth, and they fear that if they deny it, they will be lost forever.**

**Mankind says: ‘I say prayers. I believe in God. I know He is with me all the time.’ The individual most often does believe this, but does not realize the fullness of what he or she speaks. In many ways, what they say can be termed ‘assuming’. The facts are real; the understanding weak.**

**The Father has given the world Personal Instruction, a great amount of detail through This Miracle that bears My Name, for as I am called ‘Saint Joseph’, mankind must know that I am also The Spirit of The Father, His Love for mankind that no other love can compare to. So be it.”**

AUGUST 14, 1995 AT 2:55 P.M.

## OUR HEAVENLY MOTHER

**“The world in many ways is suffering, due to the satanic plague that travels throughout the world rapidly. Mankind basically knows what is moral, what is immoral, what is evil, what is good. The enemy of God and man has traversed the world with a speed that no human mind can fully grasp, fully understand, fully compete with.**

**I am your Heavenly Mother. Many mothers, many fathers can relate to a sadness in a family when a child is hurt, or they lose a child in death. What is occurring in the world is in many ways a parallel to what I have just said, because so many children of all ages are being destroyed by those who practice obscenities, drawing the victims into cages like trapped animals, instructing them, guiding them, to accept all that is immoral, indecent.**

**We hear some say, ‘Why doesn’t God stop what is occurring?’ Mankind must understand that one of the**

greatest Gifts besides the Soul, at the moment of conception, was a free will that is instilled. There is so much wickedness, so much cruelty, so much deliberate violence, that mankind ignores the fact that these are all against The Father's Will.

There have been times in past History when mankind ignored purity of any dimension, and used every means to what was termed 'human pleasure', denying the importance of sound moral values, sound moral standards, basing things on purity of mind and body in all decisions that have to be made momentarily.

You live in a time that is considered to be intellectually above all other times. You live in a time where there has been so much invented to not just aid mankind physically, but to support mankind's intellect to do many things above and beyond past historical times.

The Father does not send challenges to mankind, giving mankind choice of possibly choosing immorality. The Father, in His Love for mankind, gave mankind Rules, Regulations, Commandments to

support all decisions that mankind would be confronted with.

The Father initially said, *'I Am The Lord Thy God.'* Now let us take That Statement and use it in comparison to human life as you know it to be. When an individual says, 'I am in charge here,' it says to the individual that is hearing these words, there is someone who has the authority over and above anyone else.

The Father does not come to the world each day and physically appear and say to each living human being, 'Remember, I gave you The Rules to live by.' Mankind must understand that the Soul within each living human being constantly makes the individual aware of the moral obligation that human life has.

The Father, in His Love for mankind, gave man a will to be able to do many things with. Unlike an animal, man, through his will, has the ability to use all the talents available, giving life a freedom that nothing else has.

Each individual born to the world is a special design. There are many portions of each individual

that explicitly point out that they are different from each other. One of the most identifiable forms of this are what man calls the 'fingerprints'. It is important for mankind to understand that in this very suggestion of identification, it can be associated with the Soul, because there are no two Souls exactly alike, and as you walk through each day, never forget what I have spoken. You are as different to each other as your fingerprints are to each other.

This can be applied to what you hear. You may hear the same thing. It may sound the same, but it will reflect in your actions through your will differently, and you can be recognized by what they call your 'personality'.

How many really see the value, the importance of a personality? Some personalities bespeak a special love for God, a personal love for God, a caring love for God above all obstacles, and yet they can associate under certain circumstances with others who also have a personality. And yet, if you think about it, no two personalities are exactly alike, because a personality reflects the nature, the will, the intellect, the passions and

**compassions of an individual, the tolerance, the patience, the sensitivity, the emotions, the vulnerabilities, the hopes, the dreams.**

**I have spoken in this way on this day because of My Love for all who are present here now, and for all who will read These Words. A mother expects all children to be different, but a mother wants the safety of the children, goal of the children, to be beneficial to their minds, their bodies and their Souls.**

**I send a Blessing with My Words that only a Mother's Love can reveal. As each child is born to the world, My Hope is that the Soul of that child will be returned to The Father in a 'Blaze of Glory'. So be it."**

AUGUST 14, 1995 AT 5:00 P.M.

SAINT ANNE

**“I am Saint Anne. I have oftentimes spoken through This Gift of The Father’s, not mentioning My Name, but in direct conversation with individuals. The reason I did not mention My Name was because I felt it would be a distraction to the Content of what I was describing, or speaking about at that particular time.**

**So much Sincere Love has passed through This Gift of The Father’s. Mankind is not capable of comprehending or physically understanding the Insurmountable Degree of The Father’s Love, so generously given in so many ways to one or many.**

**Mankind is now learning through This Miracle the Beauty of the Goal of life, the Beauty of the Purpose of life, and the importance of living according to The Father’s Commandments. Undeniably These Rules are not just a cornerstone of Truth, but each Rule has within It instruction for mankind to more fully understand that man must use These Rules in the daily practice**

**of living in the world. In essence, The Rules were to give mankind a means of safety for the Soul.**

**So Many of Us listen to All that is given, and We, in Our love for The Father's Will, in Our desire for mankind to reach the Goal The Father intended, many times whisper Words that a child cannot hear physically, but We automatically alert the child to the importance of choosing right over wrong. Mankind has a close association, communication with All of Us Here. All mankind has to do is say words that to some would be called 'prayers', but to Us it's a personal association, because We hear all that a child says, We see all that a child does, and We are always alert to what the Soul is exposed to, whether it be good or bad.**

**My Love goes in This Message to a degree not understandable by man, but I promise you, if you are in need, We are always available to your words, and many answers come your way that you do not recognize as an answer to your prayers, because you are so involved in so many things that you sometimes forget We truly care. So be it."**

**AUGUST 16, 1995 AT 10:30 A.M.**

## **OUR HEAVENLY MOTHER**

**“As My Words pass through a human voice, My Words are what I want mankind to be able to read, and to read to others who cannot read, because of the importance of What I have to say. I am your Heavenly Mother.**

**When We hear those who doubt This Miracle that The Father has designed in such a meticulous way, covering all facets of human life, it is a sadness to All of Us Here, because the very same ones that criticize what We say, can be found reading many things that are detrimental to their purity of mind, body and Soul.**

**We hear some who gather together, discussing This Gift of The Father’s. We hear them say, ‘God would not work this way; God would not use one who is so natural, so down-to-earth, so much like everyone else in every way.’**

**When We walked the earth as a Family, We were seen in a very normal way. We gathered at the well and We worked for a living, supporting Us**

**in a natural way. It would not have been acceptable had others seen Us in the Manner We Stand Here in the Heavens. Our time upon earth was a time of Great Importance, because of the Purpose for which this time was meant to accomplish.**

**As the Child and Myself would watch Joseph work, and friends would come by, they recognized Us as a Family. We had many visitors, just as everyone else did, and We lived in a time somewhat different than yours. The laws were different, and mankind in many ways followed different forms of prayer, all addressed to the time in which We lived, the manner in which We lived.**

**You live in a time where so much knowledge has been accepted, reviewed, and also you live in a time where Faith in The Father has been designed in different manners and ways, some true to what The Father Wills, some only according to an individual's thinking, ideas, ideals. When a child is born, the child is the recipient of the Faith of those who are in charge of the child.**

**M**ankind must understand one thing. Though there are different forms of belief in God, practices of this belief, it is important that mankind understand one thing: all men, women and children are born with a Portion of The Father within them. This Portion is not seen, but It is evident in many ways. It is the Protector of the moral judgments, the sound reasonings. It is a Living Portion that expresses to all who come in contact with It, of what to expect of the individual of whom It is, of whom It is a Part of.

**T**here is so much for mankind at this time to better understand the Dignity of human life, the Purpose for it. As I speak to you on this day, My Love is extended in Each Word, because of the Importance of That Portion within you that you must constantly be aware of, and you must constantly see that It must be returned to The Father in the manner for which It was Decreed.

**A**s I close My Words now, I hand through *a child* in the world, a Mother's Blessing to all who have heard My Words and will pass My Words on to millions of others who will be able to read Them, and those who will be taught about Them. So be it."

**AUGUST 16, 1995 AT 12:57 P.M.**

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola. It is difficult for many to believe that This Miracle is true, because at no other time has mankind heard so Many of Us speak so directly. It is important for mankind to see the Importance, the Value, and the Truths in This Gift of The Father’s Generosity and His Love.**

**Mankind is faced daily with decisions, many of them totally moral decisions, some based on words, some based on actions, and some based on interactions with other people. An individual can read a book telling the individual what is expected of him or her regarding the protocol that must be followed in particular situations. The protocol that must be followed in daily life is logically to remember Who created you, the Purpose of the creation, and of course, the Goal.**

**So many men, women and children open each day with no thought of recognizing God in any way. So much is taken for granted, thus many times abusive to the Importance of human**

life, and of course, ignoring the Goal of human life. We see millions of people every day, never once giving a thought, a word or an action that reveals that they truly understand that The Father is always present, and that within them they have a Gift from Him that nothing else can be compared to. This Miracle that has been so generously given to man by God, can be compared to nothing else of value in the world.

**M**y speaking to you today is to encourage you to help others better understand that human life is greater than all other living things, for in The Father's Plan it was created to return to Him, a Saint. It is sad to hear so many find it difficult to see this Close Connection, Association with The Creator of All Things, but pure logic should say to mankind: 'There has to be a greater purpose for me than what I am in my eyes, and in the eyes of others.'

**I**t is instinctive in most human beings to desire success, to reach for success, either in the way of popularity or financially. Educationally it is important for many to strive to become academically superior. There is nothing wrong with this. It is in

**the nature of mankind, stimulated through the will of mankind to strive for success. So then, why is it secondary to man's thinking to become 'a Saint' at the end of the human life? It is so important for mankind to fully understand the Gift of human life is not just ordinary. It has a Goal.**

**Hopefully, after some who will read These Words, it will encourage them to reach for the Ultimate Goal intended for human life: to return to God the Soul, a Saint. So be it."**

AUGUST 16, 1995 AT 1:21 P.M.

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. It does not take a legal mind to interpret the True and Full Meaning of All that has passed through in understandable Words, This Miracle of The Father’s Gift to the world of mankind.**

**It is sad to hear so much negativism, and see so many allow the enemy of God and man to interfere with a Magnificent Instruction that is so clearly given because of the Importance of the Soul of all of mankind. Many of Us stand Here and listen to rejection that We see as totally diabolical, because of the envy, jealousy and misinterpretation, guided by demonic intervention.**

**As I speak today, My Words are to spread to millions because This in many ways is not just an Alert, but I am sending an Alarm to be sure that mankind stops ignoring What The Father has so generously allowed to be given.**

**When man feels he or she is dying they want more time, they have**

**deep fear within them. My Message at this time says mankind should not wait for the final hour and shout for time, because this time would only be practiced in a manner and way the individual was used to. Time is important to man. Time is also important to The Father. Mankind must recognize this fact, and I add to this: When man is given life, he or she should always be conscious that after life, Eternity is Forever. So be it.”**

AUGUST 16, 1995 AT 1:43 P.M.

### SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. It is sad when We hear so many excuses being passed from one individual to the next regarding the closure of so many convents throughout the world. In many of these, what occurred could have been corrected without such drastic measures being taken, but the disciplinary factors involved were absent of more clear understanding; also, the enemy of God and man interfered many times in specific vocations, and these vocations automatically interfered with other vocations.**

**Those who lived outside of the communities had very little concept of what was occurring behind the walls, and I add, very few prayed for the vocations to flourish. They took them for granted, which in reality was a sadness to know.**

**Some men and women try to justify so many vocations being lost because of human reasoning, human understanding, human vulnerability;**

but I, Saint Catherine of Siena say, 'In any vocation of life, the marriage state, the single state, there should always be prayer to help each one of these stations in life be held in the proper manner, for the right reason, and of course, for the Goal of each one involved: to become "a Saint".' Mankind has a way of taking so much for granted, casting aside any obvious needed help, allowing all things up to the individuals.

Prayer is a very important part of daily living. It is very often the last thought for refuge that a situation calls for, because the humanistic part of mankind falls prey to the humanism that looks more appealing, more justified, more acceptable, more realistic. Prayer is almost a thing of the past, and yet in prayer there is a strength that will last. Prayer is a personal communication with The Father, with Our Heavenly Mother, and All The Saints Here in Heaven. Heaven is real and Heaven does hear all that is spoken, even when some speak in impolite jest.

The world of mankind places so much emphasis on becoming famous, having power, and gaining monetarily.

All these things are in many ways competitive to all of mankind, but prayer is available instantaneously, and there is no better or greater way to find strength, courage, peace of mind, hope, because in prayer there is a Personal Association undeniable, with a Source Greater than any human being can be compared to, any action in life can fulfill.

As We All speak through this *little one* who has been directed to repeat Our Words One by One in the order We give Them, mankind is being instructed to see more value in what life is all about. And mankind must remember one important factor: The power of prayer, though it passes through the mind, is immediately in the Soul of the individual, which is the closest Contact to The Father mankind could ever have. So be it.”

AUGUST 16, 1995 AT 2:40 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“Mankind automatically fears some who continuously lie about unimportant things, and important things. Mankind fully understands that he or she can become victims of these lies, and some can even become traumatized, because of what these lies could do to their character in the eyes of friends, relatives, and even some strangers.**

**You live in a time that in many ways the number of heretics have increased. It is difficult for many to understand the danger that a heretic can be morally, spiritually, and even physically. To many the word ‘heretic’ is not conceivable in the year in which you now live. It automatically relates to times in the past, something that was written about, talked about as being dangerous. Many times mankind resists words such as this, because he does not, or she does not fully understand what a full-blown heresy can do, how it can affect an individual or individual’s life in so many different ways.**

**The Father, in seeing so many abominations, morally, physically, mentally, has given the world a Miracle of Instruction, using This Miracle to help mankind avoid being swept into any heretical opinions, actions, involvements that are so detrimental to the human part of life and to the Souls of so many.**

**We speak through *a little funnel* that picks Our Words up immediately, in a manner that is difficult for mankind to understand how she receives so much in such a short time, on so many important issues. This Miracle is a Genuine Gift from The Father because of the need of so many Souls that, without This Miracle of Instruction, many Souls could be lost to the enemy of God and man for all eternity.**

**It is sad to say that when some will read All We have given, they will pass over the Words and not see the Meaning, the in-depth Protection that They are automatically meant to be for millions of Souls of all ages, no matter what religion, no matter what nationality, no matter what age, no matter what they may practice in some form of ritual.**

**Many times men look at this *little one*, and cannot feature The Father choosing one so small, one who appears so casual, so normal. There is a great reason for all of this, because one of a different stature, different type of voice, different attitude, different presence, could automatically appear unapproachable.**

***The little one's* genteelness, straightforwardness, love for mankind, and yet obvious Spiritual disciplines, project What The Father wants mankind to see, to feel, to acknowledge as a means similar to the time when The Son walked the earth, because What He projected was in every way an approachable figure, a caring attitude, and in so many ways radiated a Love for mankind that drew mankind to Him automatically.**

**I use this *little one* who walks as I design It to be, for her trust and her Faith in All that has been Revealed would stagger some men's imagination, but also cause some men to reject what her innocence has accepted as reality.**

**When the news was released, the Information that I was The Holy Spirit of The Father, We saw much in**

**the attitude of many. Some could not accept It, because It was unrealistic in Its Essence, Its Reality, but now as I look at many who read the Words, I smile, because you see, repetitiveness and truth are great teachers.**

**So much Instruction has been given through This Miracle that bears My Name. All of Heaven has spoken, not always mentioning Their Name.**

**We find strangers to her wanting to stay more with her, and they do not know why. I smile at this, because you see, she is never without The Spirit I Am, and the Love that so Many Here have for Me. I am to mankind What the Soul is to mankind, a Portion of The Father, a Light that radiates within each human being. It is so important for the whole world to learn of This Miracle, because through It, mankind is learning the closeness man has with The Father in all things.”**

AUGUST 17, 1995 AT 10:55 A.M.

SAINT JOHN VIANNEY

**“I am Saint John Vianney. The Father has Blessed the world by giving the world This Miracle that contains so much Direction, so much Information, so much Love, via the Souls that have been given permission to draw mankind’s attention to the Importance of human life, its Goal.**

**The Father’s Love is a Love beyond any description mankind could give it, because it is a Love that passes through the Soul of every individual. Mankind separates himself or herself from responsibilities that they feel they are not comfortable with, or that they have no real effect on their particular manner of life.**

**You have many different degrees of intelligence in all cultures. You can recognize the culture many times by their manner of dress, how they speak, even their habits, and how they eat, how they address certain situations.**

**No human life is created with just flesh and a mind to think with. This would put mankind in the**

**category of all other living things. This Miracle of Divine Love is in many ways instructing mankind on not just the Importance of human life, but the Importance of what Additive The Father put into it that makes it above all other living things.**

**If you were to discuss with many people the Soul that you innately know is within their being, they would react in many ways. Some would respond negatively, because they cannot associate their life with what they would term an 'organ' they are not aware of; of course, totally dismissing the fact that the Soul is not an organ of the body, It is a Portion of The Father, His Continuous Association with the individual.**

**There would not be so much immorality, heresy, sinfulness, if mankind would take the time to see why The Father would put into human life this Gift of His Divine Love that is beyond any other portion of mankind. People who consider themselves highly educated will possibly not understand that within them they have a Portion of God, and that every act they perform, every thought they have, is accountable to God through the Soul**

that they cannot feel, they cannot see, and in many cases they choose to deny Its possibility.

**So Many of Us Who speak through this *little one*, find that Our Words, though complete to many who read Them, They are taken for granted, because They are only understood to the individual's degree of Faith in how The Father works, and His Divine Love for each human life.**

**So much could be spoken at this time, extensively, but you have received an important mission, and that is to pass to mankind All We have given. This Miracle is to save Souls. The task is not impossible, but sometimes mankind loses sight of the Importance of the Soul, because material things and personal association is more comfortable, more acceptable, more understandable, and much easier to deal with.**

**Whenever We speak to give mankind a Message of The Father's Love, it is to hopefully reach one Soul that will be the recipient of more direct attention, more consideration by the individual of whom that Soul is an Important Part. So be it."**

AUGUST 17, 1995, AT 1:10 P.M.

## SAINT BENEDICT

**“I am Saint Benedict. It is a privilege to speak through This Gift of The Father’s that is so full of Instruction to mankind, not just encouraging mankind to adopt a better manner of living, but to practice sound moral values and sound moral standards. It is a sadness to All of Us Here when We see so little obedience to The Father’s Commandments, so little respect The Father’s Way, in prayer, in time, in actions.**

**Many times when The Father addresses One of Us to speak through This Miracle of His Divine Love, there is a joy in Us and from All Others around Us, because of the importance of mankind to better understand the Beauty of Sainthood. We value the time as Saints, because it is The Father’s Will for all of mankind to return to Him in the Form He chose to be: a Saint for All Eternity.**

**Mankind is alert to a battlefield, two sides: one right, one wrong; a battle, that if right wins it is for the**

good of all, if wrong is the victor, the enemy of God and man will have a happiness beyond what man knows happiness to be. The Souls of mankind are a Portion of The Father, and the enemy is after This Part of man because of his hate, jealousy of The Father. When a battle rages on the earth, and there is a right side and there is a wrong side, there is great happiness when what is right, what is just, what is good, wins the battle and enjoys the glory that is attached to it.

If mankind can but just see the happiness Here in the Heavens, or even imagine it when a Soul returns to The Father. It is beyond anything mankind can experience. It has Beauty beyond any beauty mankind is acquainted with. A Soul is more than mankind can comprehend; a Soul has a Brightness, a Glow. When a child does something that brings happiness to his or her parents, love automatically shows, happiness radiates, and it is a moment of glory for all involved. This is but a small fraction of what it is like Here in The Heavens when a Soul returns to The Father.

**M**ankind misses so much when he or she looks at human life on the

downward side, never looking at what the individual child's Soul is all about, the Importance of It, and the Magnificence of from Where It came, and to Where It must return. It is sad to say parents are not instructed properly, and most of them tend to place so much humanism in the parental role, and the role of the family.

This Miracle has instructed mankind in so many beautiful goals, so many beautiful areas of what the future can hold for each one that belongs to them, and all the others they know. This Miracle of The Holy Spirit of God is a Miracle of Total Instruction, deliberately given to help mankind fully understand the tremendous Value of human life, and the Ultimate Goal it has.

Whenever Any of Us Saints speak, We instinctively want to go on and on and on, because as We know so personally the Beauty of Heaven, We want all of The Father's Souls to return Here for All Eternity. So be it."

AUGUST 17, 1995 AT 1:50 P.M.

**SAINT THERESE OF LISIEUX**

**“I am Saint Therese of Lisieux. It is important for the whole world to hear of This Miracle that so beautifully instructs mankind on What the Soul is, because mankind has never been instructed properly on this Important Part of human life.**

**Children at very young ages should begin to learn that as they learn about parts of their body, they are taught about that Special Portion in them that is Personally a Part of God, and that is the Part that must be taken care of in many ways, through their actions, their thoughts, their words, and in everything they do.**

**It should begin at a very young age, in of course capsule form, so as to not overwhelm the child and cause the child to misunderstand the Soul as being an organ of the body that is seen, or that a doctor can tell what condition It's in, what It's like, what Its function is.**

**The first prayer a child is taught, he or she should be alerted to the Soul**

that connects immediately what is being said to God, and then it should be instructed about all other portions of life, because the Soul is a constant communication to God, and that God is Totally Aware of all things. Unless a child learns in the proper way, right from the beginning, the child when instructed regarding religion, attaches this degree of learning, thus there is an absence of the sound relationship from the beginning.

All of Us want so much for mankind to fully understand that human life has a Divine Purpose, and that The Father created mankind to His Image and Likeness. This is evident because of one's capabilities in life, mentally, physically, and in the act of procreation. But it is important also, that children, and I add of all ages, understand more of the Close Association God is with man.

My Words are Words of a Love that is being given, hopefully in a manner that all will understand. So be it."

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. The Father has granted the world a Gift of Instruction, of Hope, a Gift that gives to mankind Facts, Information, Direction, and in many ways Corrections for behavioral patterns that are not pure in mind, body, interest and actions.**

**There are so many cultures throughout the world who are in many ways confused, thus causing more confusion because of so little strength in sound moral values and sound moral standards. Mankind today can be likened in many ways to Sodom and Gomorrah, two cities that were morally not just unsound, but diabolical. These two cities have been made obvious in many stories because of the diabolical actions that were practiced consistently and constantly by most who lived there.**

**If mankind had a true evaluation documented regarding all that took place in those two cities, there is much comparison to the time now,**

because there is so much diabolical intervention, practices, theory, that can relate word for word for those two cities. It is not a case of the world lacking in religious education that has permitted all this diabolical intervention, integration. Mankind has allowed so much leniency, laxness, and relaxation in The Commandments The Father gave.

**H**ow many men, women and children, as a family now, can explain how their family responds to God's Commandments physically, verbally, emotionally, practicing down to the letter what they know is correct, is the way The Father expects them to act? Mankind has a saying, not always used, but 'Good instruction, sound learning, is the foundation for good living.'

**I**f you were to walk down the street and you could see the Souls of all you meet, ask yourself: Would you be happy to be in their company? Would they be happy to be in yours? Would you feel safe being alone with them? Would they be safe being alone with you? Do you feel secure with everyone you know, everyone you meet? Do you have for goals of all you

**do, God's Commandments, and do you obey These Rules?**

**This Miracle has been given to the world at a time when mankind was, and is in great need of All the Instruction that All of The Saints have been allowed to give through what is called 'Revelations'. Some people might say that: 'Revelations are a thing of the past. They were of a different era of time. We now have education, we have laws that we understand, and there is more soundness in man's mind.' My, what a sad statement this is when it applies to the reality that mankind depends upon, that truly doesn't exist.**

**God's Commandments must be learned in more detail than They have been printed in for such a long time, because the whole world of mankind, people of all ages, must begin to see, to understand, and to practice the fullness in which each Commandment covers protection for the Soul, and of course, the way to Heaven. So be it."**

### SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. I have many times spoken through This Gift of The Father’s, rarely announcing My Name to *the little one* through whom I speak.**

**It is difficult for some very learned men to feel that This Miracle of The Father’s Love, that in reality is of a Magnitude of Instruction beyond what any man who wears the clerical garb could give, because of the Name of the One Who is dictating the Message has long left the earth, and is now a Saint in Heaven.**

**The world is in dire need of All the Instruction that has passed through this *small child* who acts only in obedience, because she has been trained by The Father to respond immediately because of the importance of what mankind must learn, must follow, must accept, because of the Importance of the Soul that without proper protection is placed in great jeopardy.**

**We hear so many laugh, ridicule, contradict, even insult This Miracle of The Father's Love for all of mankind. It is not always just ignorance of truth, but much is based on jealousy. Jealousy is a trait of satan, jealousy was the downfall of his place in Heaven. Many names are attached to this fallen angel, and in many ways it is difficult to apply the word 'angel' to him, because the word 'angel' depicts a Heavenly Body, different from The Saints, but nonetheless close to The Father, and of course, close to The Saints.**

**One day when men of sound Spiritual understanding, sound reasoning, sound Faith in how The Father Works, will see the Beauty of This Miracle, Our one hope is it will not be too late, because in the meantime so much is being spoken against the Value of This Miracle, the Importance of It, the Beauty of It, and of course, the Full Meaning that It stands for, and that is to encourage mankind to reach for Sainthood. The Gift of human life, in its very structure, obviously has a Purpose beyond all other living creatures.**

**Past History, relating many of the struggles that mankind had with diabolical measures, means, cannot be ignored, but it is such sound reasoning to understand that The Father's Love for mankind would send to the world a Gift to far surpass anything mankind could do, could think, could produce, to strengthen mankind's understanding, and why The Father would create a human life known to be to His Image and Likeness and not give this life Something More within it to secure its role, its purpose, its safety, its course, that would ultimately return It to The Father.**

**My Blessings go each day to those who accept This Gift of Divine Love, because We All understand that mankind sometimes has to take some time to realize the Magnitude of a Gift of This Size, but My Words to mankind are, 'Do not delay,' because you do not truly know when The Father will choose the day for you to leave the earth and be Judged for all you have done, all you have accepted, in your Love for Him, your obedience to His Will and Way. So be it."**

**AUGUST 17, 1995 AT 3:29 P.M.**

**SAINT BARTHOLOMEW**

**“I am Saint Bartholomew. There is so much The Father wants mankind to think about, to better understand, regarding the Importance of human life, and the Precious Gift of the Soul that is placed within each human life. It is sad to not hear more spoken regarding this Gift that is the Ultimate in Purpose. It is more Precious than any jewel mankind could have.**

**Mankind enjoys beautiful things, material, and also things that appear in the sky that have meaning, and are interesting to the mind and to the eye. Mankind looks for progress, advancement, and many yearn to learn more about what the earth is all about, what the sky is all about, and of course, everything that pertains to the physical, mental role.**

**We see many who are drawn to Spiritual values, Spiritual instructions, positions, enjoying instructing others in their evaluations of Spiritual matters. Sometimes We find that the basis for their knowledge is humanistic, and**

has been corroborated by those who feel they have much Spiritual insight, usually desiring much attention, because it is a field that is very often believed when someone is instructing on what they feel, what they feel they know is helpful to others. There are many, many false leaders in Spiritual roles because of personal application and personal definition, very often ignoring the sound logic that is evident through learned men who walked in very important Spiritual roles.

You live in a time of what many of Us call 'Spiritual chaos, Spiritual dilemma'. So many men and women use spirituality as a dominance, as a control, promoting their own interpretation, and very often this interpretation is based on a diabolical role. The foundation for sound Faith in God is based on God's Commandments, and of course, some other areas in which Spiritual roles were obviously not just practical, not just deliberate, but sound in their practicality according to All that The Son of God stood for, practiced, and eventually suffered and died for.

At this time in the History of mankind, there are many false gods

honored, because some of these gods are human in structure, and they are idolized because of their manner in how they speak, how impressive they are in what they say, and needless to say, they cause some people to be cast into a hypnotic spell of belief. It is important for mankind to be very cautious in accepting all that he or she can read, listen to, and be tempted to follow.

It is important that all ages be reminded that God is above all things, and the beauty in following His Rules is a sound foundation for life, to be able to be seen, to be felt as being on the right track of Sainthood. Saints are being cast aside by many who once used a Saint's Name to get attention, and get others to practice what a particular Saint was known for.

You do live in a time that can be called 'humanistic' in all versions of it, all dimensions of it, in all practices of it, and of course, all goals available to it. This Miracle that bears the Name of Saint Joseph, and also adds to This Name the Announcement that He is The Spirit of The Father, gives mankind assurance that through What is taught in All that is spoken,

**could never be diabolically oriented, because the enemy of God and man could not, or would not, give praise to This Particular Instruction that emphasizes the Importance of The Holy Spirit of God. So be it.”**

### SAINT FRANCIS OF ASSISI

**“I am Saint Francis of Assisi. I have come today to talk about the lack of sincere prayer throughout the world. Many times it can be termed just a ‘gesture connected to a thought’. Sometimes it can just be a slight remembrance of what it used to be like, taking time and communicating personally. The time now is much different, because mankind is so involved in what is occurring politically, or in the entertainment field, that prayer has lessened and lessened and lessened, mentally and verbally.**

**Those in charge of religious vocations and religious services are not instructing properly, nor are they encouraging those who surround them or seeking their advice on the importance of taking a specific time and devoting it totally to a personal communication with The Divine. Granted, times like these seem so one-sided, because there is no interaction with the One that an individual is talking to, thinking about, asking a**

favor or a Blessing. Mankind must begin to see prayer as an important part of daily life, and use this time with dignity, purpose, sincerity, because of the value of it, the strength in it, and the importance it is to the Soul of the individual.

Mankind has so many options to be entertained by. The personal communication, silently or verbal, is being abused, cast aside, ignored, forgotten, because man says there just isn't enough time in the day, yet mankind finds the time to listen to all that is to be said by different forms of media that basically have no direct communication with the individual's Soul. When one talks to God or to One of Us, We are immediately alerted through the Soul of the individual. There is no time delay. Mankind should remember this.

Also, throughout the world there is so much diabolical pictures, books, encouraging people of all ages to seek information that is stimulating, sinfully invigorating, and intentionally detrimental to sound moral values, sound moral standards of all who concentrate on what is contained, or

who even just casually pass over it because of inquisitiveness.

**This Blessing of The Father's that has dictated to mankind a voluminous amount of Direction, has more worth in It than any other subject available to mankind. Through This Gift of The Father's, He has openly explained to mankind that within each human life He placed a Protective Portion of Himself that mankind must be aware of, because of the Importance of what human life is all about.**

**Mankind can be told a story, and no matter how untruthful it is, how diabolical in content it is, how disfiguring it is to man's mind, mankind will spread this through word of mouth, or by handing it to others, sharing it in spite of what it is to the mind, to the body and the Soul of others. It is important that All that has been prepared by The Father, through This Miracle of The Holy Spirit of The Father, be spread throughout the world, because in the Power of It, in the Truth that is contained in It, It is the greatest weapon mankind can use against all that is totally opposite to the truth.**

**This Blessing is a Gift beyond what any human being can fully understand, but that should not stop All of What The Father has given as a weapon against the enemy of God and man. Time is important, action is important, service to God important. Remember All that I have said. So be it.”**

AUGUST 18, 1995 AT 1:18 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. We speak at all times of the day through this *little instrument* that The Father uses to give mankind more understanding regarding that Important Portion of human life, the Soul.**

**We hear many speak on physical issues, legal issues, with great minds, and when We hear some speak on Spiritual issues, they use subjects that do not always touch on important issues that are pertinent to man’s daily life. For the most part, much worldliness comes into what they teach, what they instruct, because they associate humanism in such a way to human life, that the important issue of why human life was created is passed over. Mankind must begin to see, to understand, and believe that human life has an Ultimate Goal for the Soul.**

**Historically, man has spoken about obedience to God’s Commandments, but sometimes it is passed over lightly**

because of the time it would take to elaborate on what connection God's Commandments have to the physical life, the Spiritual Goal for mankind, that in each day of life man is accountable for this Soul at a time, at a later date.

Children are not being taught nor instructed on That Portion of them that is More Important than anything in the whole world. Children are being taught humanism, materialism, totally eliminating sound moral values, sound moral standards. Children are being exposed to demonic pleasures, impurities that automatically affect their mental abilities, acceptances and habits.

This Miracle that I speak through many times, is a Gift beyond all the material gain, control, in the whole world, because This Miracle is indelibly marking Values, Truths, and the Importance of human life beyond the human structure, beyond the human mentality, the Soul. Mankind searches out instruction on how to be more adept in many things that pertain to their close association with other human beings, irregardless of the morality or immorality that is

**involved. This does not even enter the individual's conscience or thinking.**

**Picture yourself standing in a courtroom. The Father is The Judge. You are on trial to be judged according to your way of living, and of course, the degree of purity of your body, your mind and your Soul. The trial will not last long because, do not forget, The Judge is fully aware of everything about you, because within you there is a Portion of Him, and there is no time that He does not know your actions, your thoughts, your intentions, your decisions, and how much in all of these things you have made and practiced more love for Him. So be it."**

## SAINT ANDREW

**“I am Saint Andrew. There have been several Specific Times since the beginning of mankind, when The Father would give to mankind Special Instructions on how He wanted mankind to fully understand the Importance of human life. In some of these times He delivered in great detail, Specific Rules so that mankind would have Guidelines, and fully understand what was expected of him.**

**This Miracle that bears the Name of The Holy Spirit of God is a Special Time of Instruction, because The Father has directed and allowed so Many of Us to participate in helping mankind understand many things that were not elaborated upon at other times.**

**Man calls this time ‘modern’. It is a term that man uses because of physical progress, and of course, because the mentality of mankind has flowed with the progress, in many areas, in many ways, for many reasons. Some of these reasons are**

educational goals, innate in many men, women and children. Then there are goals that some aspire to, called 'Spiritual instructing' that is delivered mechanically to thousands, even millions of people.

Whenever mankind reaches a plateau wherein he or she is stymied by the degree they have reached in what they are interested in, they oftentimes begin to make many repetitive mistakes, but they will not back down for their mistakes, because they are solidly indoctrinated in the limit of their abilities.

The Father is limitless in all areas, in all things that exist, and He has given the world at 'this time', Personal Instruction regarding why He created mankind, what Part He has in mankind's life, the Love He has for mankind as a Special Creation of His.

Mankind has a saying to those he or she loves: 'I love you with all my heart,' because to mankind the heart is the beat of life, the focus of life. Through This Miracle that bespeaks the Greatest Love in the world, The Father says to mankind: 'I have given you a Portion of Me, and all you are,

**all you do, all you have, is registered within That Portion of Me, and the life you live physically will one day be represented before Me by the Soul that I gave you at the moment of conception. Many, many, many times when a child is born, those who look at the child see Something they cannot describe, no words are capable of saying What they see. I always smile at this, for What they truly see in a Light in that small body, is the Soul that is a Portion of Me.' So be it."**

**AUGUST 18, 1995 AT 2:27 P.M.**

**SAINT DOMINIC**

**“I am Saint Dominic. My time with you today is important, because I have come to alert mankind that Devotions to Our Heavenly Mother have subsided to the point where there is very little attention to Her in many ways.**

**Mankind must stop and think regarding Specific Devotions to The Mother of All Mankind. As She stands in The Heavens, She is constantly aware of each child’s presence upon the earth, no matter where they are, no matter what country they live in, even those who do not know Her in any way. All ages are Her children, all denominations are Her children, and She worries for the Souls of each one.**

**Many Visions in which She appeared, each one present would feel something special within them, not only based on their own degree of Faith, but a Grace that would pass from Her to their Soul. Of course, none of this was seen, nor did anyone truly explain what was occurring.**

**Those who practice Devotions to Her are a joy to Her Ears, to Her Heart. It is the most logical way to explain how She is affected by these prayers, because these are places in the human life that mankind can associate with.**

**Children are not being taught on the Magnitude of Her Being. Children are not being instructed on the Degree of Love She has for all human beings. Bible History, in some ways, spoke of Her as 'The Mother of The Son of God'. Also, there have been many Devotions addressed to Her, where children would kneel and pray aloud, some privately, and they would request favors because they knew that Her Love was beyond all human measure, human means.**

**Today as I speak to you through *a little one* in the world, I want you to remember the Importance of The Heavenly Mother's Love for all human life, because She is fully aware that within each man, woman and child, there is a Portion of The Father, and This must never in any way be demeaned, but It must be thought of as a Treasure, a Treasure beyond anything that man can understand, man can comprehend, man can determine.**

**Man** says to those close to him or her, 'I love you.' These are words of assurance between two human beings that give strength to the relationship. The Beloved Heavenly Mother, in Her time upon the earth, left an Indelible Mark all Her Own, because as The Mother of The Son of God, She was the Example for all human life to come, and when She stood at the Foot of the Cross, Her Strength was beyond what human strength could conceive. Though She looked mortal, She was Immortal, and it was Her Presence that gave to this Crucifixion not just a picture of Her Protection, but in essence, how She feels about all children born to the world.

**She Is The Mother Of All Mankind, She Is The Giver Of Life, because you see, She Is United With God In The Divinity. So be it."**

## OUR BLESSED MOTHER

**“False idolatry is not a thing of the past. It is greatly present in many areas wherein mankind chooses this manner of what mankind falsely terms ‘sound belief’ in a Higher One, and also a Hereafter.**

**Mankind has been Blessed in so many ways, especially through learning that within mankind there is a Portion of The Father. This Fact should be the main factor in mankind to never allowing himself or herself to fall into the trap of the enemy of God, and practice false idolatry.**

**This form of so-called ‘Spiritual action’ is spreading to a degree far greater than mankind realizes. Humanism is one of the main factors in this demonic practice. It is demonic because the enemy of God and man uses every avenue that is possible to encourage mankind to bypass the Beauty and Importance of The Father’s Existence and relate to diabolical measures and means.**

**So much Spiritual instruction is based on mankind's ability to talk, to give speeches, to instruct, basically leaving open opinion, open interpretation, for individuals to see humanism as the most important factor, eliminating God.**

**Mankind has been given This Miracle. It is for all ages, and for all men, women and children who are seeking truths, sound values, in the Spiritual matters, goals, of human life. The Commandments of God are the Greatest Outlines for all of mankind to be guided by, and to guide their lives according to each Commandment, because without a doubt, there is great strength, great purpose, sound direction within each one.**

**It is sad to see so many man-made religions cropping up, putting the importance on the individual in charge, promoting his or her abilities in instructing others in the importance of what human life consists of, almost always ignoring the Goal of life as The Father has designed it to be, and of course, eliminating the Soul that is a Portion of Him to be returned to Him for All Eternity.**

**H**umanism, when it is practiced for the good of the physical and in many mental areas of man's thinking, is beneficial to a degree; not when false idolatry is the key expressed so emphatically, so purposely, ignoring All that The Father has given, All that The Father Is.

**M**ankind must in many ways begin to see the Value The Father has given in His Commandments, and through the Crucifixion He endured, showing mankind the Sacrifice, the Love, the Goal, the Purpose, in which mankind must recognize The True God, and not in any way follow a false idolatry.

**M**ankind says: 'I have a free will. I feel I know what to choose. I feel I know what is best for me.' It is difficult sometimes when there is such a strong deliberate hold on the enemy of God and man, for an individual to change the mind, but prayer for them must be said, because the world is saturated with many who follow, many who accept false idolatries. So be it."

AUGUST 28, 1995 AT 11:48 A.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“There are millions of people in many countries throughout the world who are unable to receive any portion of This Gift The Father is delivering at this time, for mankind to better understand, to more fully understand the Importance of human life over and above all other creations of life.**

**This time is a Special Time, because through *one small voice* The Father is instructing mankind on the Importance of human life and the Precious Gift within it, the Goal for which this Gift is to return to The Father, because this Gift is a Portion of Him.**

**When mankind desires to show affection, love, or sometimes just attention to an individual, they present the individual with a gift; this gift is a binding factor of relationship. When a child is conceived, The Father instills within the conception, a Portion of Himself that this individual lives with every moment of every day, and this Gift is to be returned, representing**

**the individual who was chosen at the moment of conception to be with this Gift every moment of every day, because this Gift is a Light of Love and Protection. There is no price for this Gift. It is beyond what mankind can term a gift to be.**

**At no other time in the History of mankind has so much been delivered on the Importance of the Soul that is presented to each human life. It is important for mankind to understand that This is more than any gift, any priceless gift that mankind can receive, because this Gift promises to the one in whom It becomes a Part of, that Life will continue on when human life no longer exists, and in this Life The Father receives this Life, this Light, in a Manner and in a Way that nothing in human life can compare to.**

**We hear some say, ‘No one has ever seen a Soul; how can we be sure that such a Thing exists?’ Has anyone ever seen God? No! Has anyone ever lived with God? No! Then would not mankind understand that the Soul, as a Portion of The Father, is unseen by the human eye, but is obvious by Its Presence, through the intellect, through the Gift of Faith that mankind**

**has. It is sad to hear some reject such a Divine Gift. It is a horror to see so many accept humanism as the ultimate source of life.**

**As I speak through *a little one* in the world, I speak in a manner understandable to man. This is not a common thing. That is why This Miracle should be treated by all as a Gift of Divine Blessing beyond any Blessing man could receive. So be it.”**

AUGUST 28, 1995 AT 1:35 P.M.

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. It is sad to see so much vulnerability in so many areas that bear only humanism, lacking sound belief in The Father and His Way and His Will. It is difficult to understand how mankind can eliminate Truth and follow human plan where their Soul is at stake.**

**Man says, ‘I pray.’ I, Saint Alphonsus Liguori say, ‘Yes, prayer is necessary and it is communication, but it is very important for mankind to practice sound morality, viewing as its foundation, obedience to God’s Commandments.’ Mankind must understand that the conciseness in which mankind has learned What The Father gave to Moses is far beyond the definitions that man is used to accepting. My Words describing this lethargy mankind has developed would be too numerous to dictate.**

**Man says, ‘I live by rules, the law of the land, the laws that mankind has written for my protection, and for**

**others to be protected by physically, mentally, morally.'**

**God's Commandments have been watered down to such a degree that within each one there is very little depth, very little direction, and of course, mankind can repeat Them rapidly, because there is not enough substance in each one for mankind to fully understand the importance that each one was decreed to be. Mankind makes excuses constantly, and excuses are usually denial, rejection, or a means to not practice or do something that is audibly or verbally suggested.**

**This Miracle that The Father has designed, instructing mankind, informing mankind, alerting mankind, is a Miracle of Greatness, is a Miracle of Personal Communication of The Father's with human life. Nowhere has there been so much Instruction on the Importance of What human life contains. This Miracle was designed to give all ages, all degrees of intellect, not just Knowledge but Values, instructing mankind that human life was created for a Greater Glory than mankind can ever reach in human life.**

**Man says: ‘I have joined an organization and I feel it will be good for me. It will help me socially and financially because of the nature of it, and those with whom I will come in contact.’ Mankind is constantly striving for higher social standings, higher financial goals, not taking into consideration that these things are not basically good for their Souls.**

**If you were to walk up to a man or woman on the street and ask them, ‘What condition is your Soul in today?’ even if it was to be one who walks as a priest or a preacher, the reaction would be resentful, and of course, would suggest that you were some kind of a freak.**

**Mankind has been given This Miracle in a straightforwardness, verbally speaking, instructing all who will read the Words on the Importance of That Portion of Life within human life that is basically no secret, but It is rarely discussed openly, because mankind is more prone to discussing mortal understandings of human means, measures, subjects.**

**This Miracle that bears the Name of The Holy Spirit of The Father,**

**gives to mankind through the written Words, the Importance of That Part of Life for which life was created. God in His Generosity created mankind. Mankind has a Portion of The Father, and it is through This Portion that mankind has been given many Gifts in life, many abilities to understand that human life has to have a Goal, not the body, but for the Soul.**

**While upon the earth in living form, the body and the mind are active, interested in many things. Talents flow from many, and they are able to accomplish many what is called 'normal' things, but My Intention for what I have just spoken is to awaken mankind to reality, to alert mankind to a Goal beyond any human goal; that is, to one day return the Soul to The Father with his or her name attached to It, as a Saint Who will be able to recognize immediately that They are returned to from Where They came, but in somewhat of a different status, a different degree, a different means, a different measure; this time, with a name of a human being. So be it."**

**AUGUST 28, 1995 AT 2:13 P.M.**

**SAINT CYPRIAN**

**“I am Saint Cyprian. It is a Gift of The Father’s Love, This Miracle that allows so Many of Us to help mankind better understand, more reasonably understand the Importance of human life, and the Reason for which it was created.**

**It is sad when We hear that so many are not being instructed properly in the Importance of human life and the Goal for which it is intended. When We hear many speak about ‘Live today; tomorrow will take care of itself,’ this is a common phrase of words to many people, only because they do not want to openly accept responsibilities that are important, because these responsibilities will cause them to be accountable one day for their obedience to The Father’s Commandments.**

**It has been said before, perhaps in a different way, that The Commandments of God have Great Purpose, and are necessary to man’s daily life. The degree of each**

**Commandment has been shortened, but instinctively man knows that to obey the basic they have learned, involves much more in a particular area, and that they are responsible for that area that is not spelled out. Don't ever let anyone tell you or even suggest it, that they do not know right from wrong.**

**Many excuses are said to avoid confrontation, and/or to avoid a subject that is not comfortable to speak about, or that the subject involves actions that could be more acceptable because they are not bound by The Rules. Mankind is very quick to justify many things that at that moment he or she wants to react to, because it is more suitable, more acceptable, more convenient.**

**The whole world of mankind, no matter what culture, no matter what Spiritual orientation is available to them, refrain from looking at the in-depth meaning of The Rules of The Father.**

**Right now I could make a list ten feet long and enumerate all the sins that mankind is involved in, and in every way justification is without**

**a doubt the reason for what he or she does.**

**Let Me take a few:**

**Incest — how many means and ways is this practiced in your time? What sin is it against? What Commandment would you rate it under?**

**Pornography — the word alone bespeaks wrong, but how many forms of pornography are there, and how many Commandments are sinned against by each one of these acts or actions?**

**Prostitution — a common word and absolutely acceptable in its worst form. Is there only one Commandment connected to this sin? I would say, ‘No.’**

**Abortion — how many excuses can man make for the killing of a human life, not just excuses, but justification? And do not forget, there are many man-made rules applied to this act.**

**Adultery — I show *the child* a list. She says: ‘Saint Cyprian, it is so long, so involved, and it is so against purity in so many areas. How can they all be covered at this time?’**

**I smile at *this child* who speaks to Me in this manner, because as I speak, I feel from within her, not emotion, but a fear that I will go on and on and on, and it will be very difficult for some to read, because you see, a few days ago when We were with her, We went through the list that would one day have to be put into script, to alert mankind that no sin is hidden from The Father, no form of sin, no manner of sin. Sin is worse than any ugly horrible odor that mankind could possibly come in contact with. It has a stench beyond what man could comprehend.**

**I say These Words for you to compare what Hell would be like, not just fire burning flesh, but the odor of all sins that have been created throughout the world. The scene would be horrible, but the stench totally unbearable, even to the *lost souls* that would be subjected to it continually.**

**Remember what I have said. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I reach you today through one like yourself, but I want you to know that there is no time, no day, that I am not with you.**

**This Miracle that you, in your love for God, love in a way you cannot describe, is important for the whole world, because your part in writing What is dictated to you will be delivered to men, women and children throughout the world.**

**At this time there is so little emphasis on purity of mind, body and Soul. Mankind is deliberately acting against what is pure, and utilizing all human actions against the importance in the Purity of the Soul.**

**There have been thousands and thousands of Words, not All written, but delivered spontaneously through this *little instrument* The Father chose. Mankind many times hears sound Words of Direction, yet ignores Them because of the mood or the manner in which he or she is accustomed to. The**

**Father has allowed so Many Here to speak in great detail on the Importance of the Soul.**

**We hear some say: ‘I know, I read It; I know, I heard It, but I just cannot connect Something I cannot see or feel, as a Link between my Creator and me. How can I be responsible for Something I only hear about?’ These are foolish words, because logic should say to all who hear Our Words, that if the subject was not important, We would not take the time to elaborate in such detail on subject matter that is beneficial to man’s Goal. The Goal of mankind is Sainthood, and yet in the human way man experiences many goals in life, and oftentimes uses much more energy, much more desire to reach the goals, than he or she does in reaching for Sanctity, and yet these very same people, when a problem arises, will choose a Saint to intercede to help. We always smile at this.**

**I have something to add to all of This: The prayers in My Name, the requests for Me to hear what a child has to say, are fewer in number in these days. This is a sadness to Me. I am saying This and asking you to write It, because it is important for a Mother**

**to hear Her children communicate with Her on all issues, from all places, regarding all needs or requests against temptations.**

**As I close These Words with you today, I want you to be aware I am constantly with you, even when I do not hear your prayers calling Me in a loving way, a personal way, for do not forget, I am your Heavenly Mother, and I am always wherever you are. Do not forget this. So be it.”**

**SAINT AGNES**

**“It is important for mankind to learn from This Miracle of Divine Love that human life has a Great Purpose, a Great Goal, and it was designed in a special way, in many ways able to do many things mentally, physically, artistically, to make human life more interesting. Also, mankind must understand that this Design of The Father’s, in its Purpose, is totally above all other living matter or things.**

**With all that The Father has endowed mankind with, mankind has within himself or herself a precious Gift in vocations of life. One human being can have more talents, more advantages, more opportunities, more zeal, but when it comes to looking at human life, there is no human being born who is not gifted with a Soul. In the Design of mankind, The Father thought of so many ways, things, that would give mankind energy, intelligence and abilities that no other living thing had.**

**The Father is All Things. Mankind must remember this, and in His Love for mankind, He instilled a Portion of Himself. Some men would say, 'Why did He do this to only one Creation of His?' The answer is simple. The earth is made up of many things. None of these things are to the Image and Likeness of God. This Special Creation of God's, He made to be able to recreate other human beings. What a Blessing this was. It was given in a Love beyond human understanding, and then within this life He instilled abilities to learn through the mind that could create activities, action, hope, love. Mankind was designed in such a special way for a Greater Purpose than any other creation.**

**This Miracle is a constant Instruction for mankind to better understand what a Valuable Blessing it is to be a human being. This Miracle that has been given to the world is an Ultimate Form of Instruction beyond any other time in the History of man.**

**Children must be taught that they have choices, and in these choices they must choose what is right, what is good, what is moral, what would please God. Many children are not**

being instructed on the importance of loving God, pleasing God.

So many prayers have been designed by man. They do not all fit a small child's ability to understand. I will give you a prayer for little ones, and I would like this prayer to be spread where little ones are, because you see, in their innocence they will appreciate this prayer, understand this prayer, and say it when they please:

*God, I cannot see You, but I know that Something inside of me tells me I love You. I also know that You created me and when You did, it was through Your Love for me.*

*God, help me to be so good, that one day when I return to You, You will be so happy to see me, because I did everything I could to please You, by being good. So be it."*

## SAINT BARTHOLOMEW

**“It is very important for mankind, no matter what religion he or she follows, has claim to, it is important that all of mankind read All that has been delivered through This *Miracle Of The Beloved Saint Joseph*. It has been designed to instruct all of mankind on the Importance of human life, the Purpose for it, and What life fully contains, besides the human aspects that mankind is used to recognizing as necessary, because of the design of mankind.**

**There is One Very Important Ingredient, a Portion of human life that is rarely spoken about. It is made reference to, but not to Its fullest measure, and that is the Soul. Mankind has been taught to a degree, of what Part the Soul plays in human life, but only through This Miracle has it been so clearly instructed regarding the Importance of the Soul as being a Portion of The Father, thus giving mankind a Special Means in human life that nothing else has been given.**

**M**ankind refers to human life as being united with others in a family, specifying heritage, hereditary factors that are recognizable, sometimes due to parts of the world that some families come from. There's a unity of understanding in heritage. Sometimes it has great significance, other times no significance, but one thing all of mankind has in common, and that is that at the moment of conception, a Portion of The Father is instilled, giving mankind a Union with The Creator of All Things, The Designer of All Things. This is a Blessing beyond what any human mind can fully conceive.

**T**he world of mankind has always had disagreements, disappointments, also changes in many areas of how man lives, how man thinks. Mankind is now in a positive state of learning many things beyond what any other age had the opportunity to do, but in some ways mankind is abusing this privilege. And then there are areas wherein availability to higher learning is becoming less and less valuable, because of mankind's immoralities.

**T**here is much abuse morally, physically and mentally. Even though

mankind has become more educated, he has also become more vulnerable. This Gift of The Father's was given the Name, '*The Miracle Of Saint Joseph*' for Special Reasons, because if It was not so Designated, It would have been cast aside, putting It into the same category as all other instructive, constructive means of education. *The Miracle Of Saint Joseph* is more than education. It is a Gift of Divine Love, delivering to mankind what a privilege human life is, and that all of mankind has the same opportunity through sound moral values, sound moral standards, to become 'Great Saints'.

In the educational fields, academically speaking, men, women and children work for what is called 'a degree', or 'a diploma', or some formal sign of accomplishment. This Miracle has instructed mankind that the Greatest Accomplishment man can reach for is to return the Soul to God, a Saint.

What I have spoken today must be handed out throughout the world, as well as All the other Things that have been spoken through This Gift of The Father's, because mankind must remember that human life is different

**than all other things. It is exceptional in its very birth, because within each human life there is a Portion of The Father. This Statement, this Fact, this Knowledge, must be delivered to all of mankind. So be it.”**

### **SAINT JOHN THE BAPTIST**

**“There have been stories about My life when I was upon the earth. Not all was recorded, because at that time records were not kept on all important occurrences, happenings, or activities. When My life was depicted by mankind through pictures and verbal wording, mankind did not know all the details that took place.**

**This Gift of Life for the Soul that I was instructed to perform is being carried on in your day, but not always the fullness of Its meaning is spoken about, because mankind, through progressive thinking, eliminates much of the basic sound reasoning that was evident in My time. It is true, mankind has carried through much of the detail, and added more up-to-date reasoning.**

**It is important for mankind to more fully understand that this Gift of Cleansing, of Purification, had great intention to It, above and beyond what mankind has been instructing, regarding this Act of Water and acceptance of its reason, because of**

**what mankind believes: that mankind is wiping away, cleansing the original sin of Adam and Eve. In reality, Baptism has much more meaning, because in this Act of Water, there is an in-depth Gift of purification that, in its process, is intentionally telling mankind that it is important to not only cleanse the body, but the mind.**

**Man's mind, man's mental abilities are the means of action, motivation, intention in everyday living, so the Act of Baptism is a reminder throughout life that one must constantly be aware that the Act of Baptism does not stop at that point, but continues on through life, reminding mankind of the importance of purity of mind, body and Soul.**

**It is sad for Me to see Baptisms occurring, and all understanding of this Blessing being past History, with little reminder that Baptism is the forerunner of What the Father Wills for mankind: purity in all things that pertain to thoughts, to the will, to abilities, and of course, to all human associations; and do not forget, the individual's example to others must always be thought to be pure. There are so many Lessons to be taught on**

**this one Gift of The Father's Love, but it is becoming less and less important, and is being taken as a necessity to be done, ignoring the full reason for it.**

**Mankind has no concept of the Magnitude of This Miracle that The Father has given to the world, because of His Love for mankind. When We hear skepticism, ridiculous reasonings, jealousy, pessimistic attitudes, even vulgar remarks made where This Gift of The Father's has been placed among mankind, verbally and scripturally, it brings a sadness beyond what mankind knows sadness to be.**

**We are All available to speak, to have Our Words written, so nothing that is presented cannot be read by millions. I will speak more on this at a later date."**

AUGUST 29, 1995 AT 1:40 P.M.

SAINT JOHN VIANNEY

**“Mankind has no concept of Our Constant Presence wherever man is. Most times man thinks We are in the churches, waiting to hear from them. This is not so. We are in every place where man is. The Father uses Us in many ways. Sainthood is a privilege in many ways. There is always a Presence of a Saint in every place in the world, Many of Us sometimes at one time.**

**It is sad to hear mankind read about the Goal of Sainthood and not realize that it is not just the Title that represents Us, or that We represent, but that We work constantly according to The Father’s Will. This Miracle should prove this because of so many Revelations that bear Our Names. Granted, this Particular Manner of reaching mankind is not the same way throughout the world. Our Presence is silent, but We are aware of all that is going on, and I promise you, We hear all prayers.**

**It is sad to say what I am going to say, but mankind does not pray enough.**

**Mankind does not fully understand that there is always the Presence of The Father, The Son, and The Holy Spirit, and without question, Our Heavenly Mother, but Our Presence is in many places that man would not suspect Us to be. This Miracle is a Gift to the world, because through It The Father has allowed so much to be explained, so much Instruction to be given, so much to be taught for all ages to understand. As you are aware of each other, Our Presence in the world is like this. We are many places, but man cannot see Us.**

**This Gift of The Father's, This Miracle of Divine Love is beyond man's comprehension. The Instruction that has been given so openly, so lovingly, regarding the Importance of the Soul of every living human being, cannot be questioned, for as you are a living human being, your awareness of all that is occurring where you are, and other places, should prove to you the magnitude of human life, and never question it is Special to The Father.**

**An animal cannot write, a flower cannot write, a hill cannot write, water cannot write. You have a mentality that is constantly working within you,**

alert to safety, alert to danger, alert to changes, alert to needs, alert to sorrows. This makes mankind special in many ways, so why would mankind not see the rationale that mankind has a Soul, and that this Soul is beyond any other human ability, belonging? It is logical to understand that this Soul has to be a Portion of The Father in man, because mankind knows right from wrong, good from evil.

The Father's Love for mankind is beyond any human conception of love, full understanding of love, ability to love. This Miracle was designed to instruct mankind on what a great privilege human life is, and the importance of each living day, how it should be treated, how it should be lived.

I raise My hand in a Blessing and I say, 'As you greet each day, never forget to cross yourself and say the words openly:

*In The Name of The Father  
Who Created me,*

*In The Name of my Heavenly  
Mother Who always watches  
over me,*

***In The Name of The Son Who  
was Sacrificed for me, and  
Who Sacrificed much so I  
would live with God for All  
Eternity, and***

***In The Name of The Holy  
Spirit of God, thank  
You for giving me the  
Enlightenment through  
This Miracle that bears  
Your Name, for since I have  
learned so much, I promise  
I will do all I can to lead  
and live a life of purity.'  
So be it."***

**AUGUST 29, 1995 AT 2:30 P.M.**

### **SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. It is important that all of mankind learn of This Miracle, because Souls are being lost for ridiculous reasons; basically, mainly on impurities, activated by mankind’s lack of understanding of The Father’s Commandments.**

**Mankind is abusing little ones in the act of abortion. Mankind is abusing the Souls through pornography. Mankind is deliberately making excuses for all sorts of disobedience to The Father’s Commandments. So many little ones are being subjected to what man calls ‘incest’. There is no excuse for this; it is being done deliberately.**

**Mankind as a whole is sitting back and allowing what is being termed ‘pornography’ to be acceptable even in the home. Whatever happened to dignity in human life, protection of human life against all impurities?**

**Mankind in many ways is not just forgetting God’s Commandments, but provoking many areas of thinking that initiate ugly impurities.**

**I could say much more, and I do not come to the world in a soft manner, because if mankind could but see the futility for the Soul when mankind addresses so much evil, in a manner and a way, willfully accepting the thrill of the human way, the so-called ‘excitement’ that in every degree it is being practiced, is costing Souls Happiness with The Father Forever. So be it.”**

AUGUST 29, 1995 AT 3:50 P.M.

## THE SACRED HEART

**“I am The Sacred Heart. Whenever a picture of My Heart is exposed to children of all ages, there is a Blessing through this picture that automatically is given to all who will say one word of love My Way.**

**I have allowed this picture to be made, and to be present in many places, because mankind can associate with the sight of a Heart, because mankind is fully aware that through his or her own heart, life is evident. The picture of My Heart allows mankind to remember that one day as The Son of God walked the earth, the Heart was human in the way of man. This picture that is allowed for mankind to relate to, to recognize, is important, because it says to mankind: ‘I gave My Heart for you. Can you not allow your heart to beat for Me My Way?’**

**In so many ways love for another person is associated with the heart, and in this association there is much expression, because there is life in the beat of a heart, there is hope, there**

is definitely love. A picture of My Heart should be in every home, even in places where few would expect it to be, because on the very sight of it, in the very existence of its presence, it always makes men, women and children think of Me.

You live in a time where so much desecration is occurring to the minds, the bodies and the Souls, purposely done, because mankind is a precious Gift of life that The Father created, because it was The Father's Love to share with mankind All of Heaven.

Man says to someone else, 'I love you.' Sometimes it is a mere expression of closeness, concern, or love. The Father, in all He has given to the world, human life, human intelligence, human abilities, human understanding of right over wrong, also a sharing of so much through the Lives of Those a long time ago, This Gift through This Miracle of handing to mankind a fuller understanding of the Creation of life, the Love The Father has for it, and of course, the Goal for the Soul of every living human being, cannot be thought of in any other way but Divine Love, Divine Hope, Divine Will.

**There is so much mankind is able to understand regarding the Importance of being man, but the enemy has in many ways caused so much distraction, and mankind is constantly ignoring the Importance of human life, and accepting all vulnerability that the enemy is leading mankind into because of weakness, human, moral. There is much Love that passes through This Miracle. It is shown by so much Direction, so much Instruction.**

**The whole world must hear of This Miracle and in every way possible exposed to It. Let nothing or no one stop this from occurring. It is important for the benefit of Souls of all ages, all creeds, all cultures, for there is no human life that does not have a Soul.**

**Sometimes standing strong on all that is good for others, places one on a battlefield, but remember, as you stand on the battlefield and you are strong in what you know is best, for even the enemy, all you do, all you say, all you give to win the battle will be on a record in Heaven, and your Soul will be the Victor.**

**Remember what I have spoken,  
for Each Word is important to  
remember. So be it.”**

**AUGUST 30, 1995 AT 10:15 A.M.**

## **OUR HEAVENLY MOTHER**

**“Mankind has a closeness to his or her mother. If not a closeness, there is an innate sensitivity, feeling associated with this way of life. I am your Heavenly Mother. All children born to the world are a Portion of Me in many ways. This Statement may be difficult for some to understand. It may even bring criticism in some form, some manner of thinking.**

**This Miracle that The Father has Blessed the whole world with is a Miracle of Instruction, giving to mankind more strength in the Close Connection man has with The Divine. A child gets strength from his or her parents. There is security in the unity of togetherness. Through This Miracle mankind has learned what a Close Association there is between God and the whole universe.**

**At the time of the birth of a child, it is important that much care be considered for the physical, because the child is unable to do for himself or herself, so responsibility of caring**

in many ways is automatically that of the parents, or parent, or other adults who see the importance of the child's needs because it is a human life, and unknowingly to many, this life has an Importance, sometimes to a degree that is impossible to estimate in such a small form.

The world has been given a Treasure, and It can be called 'a Treasury of Instruction' through This Miracle of Divine Love. True, there are many books available to mankind, instructing mankind on Spiritual values and Spiritual avenues to follow, but This Miracle is Personal to all who will read the Words, follow the Directions in Them and absorb the strength that is meant by Them, because This Miracle is giving to the world Direct Attention, Personal Direction, Governed and Guided by a Love of The Divine.

Mankind has received a Blessing, and it is sad to hear anyone belittle This Blessing or deny This Blessing, or in any way weaken Its Beauty, because through This Miracle of Instruction, the Souls of millions are to benefit in more ways than mankind has the ability to know of. Each time One of Us

**from Here speak, it is a Gift of Divine Love. Each time should be recorded, because What We say, What We deliver is for all time to come.**

**This period of time in which you live, is to go down in History as One of the Most Important Spiritual Events that ever took place in the midst of mankind, for the Souls of all of mankind. So be it.”**

AUGUST 30, 1995 AT 10:50 A.M.

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc. Many have read the story regarding My time upon earth. Not all important things were written about. It would have taken many more hundreds of pages to deliberately emphasize all the injustices, all the hate, all the wrong that men did to me in the name of justice. This is the first time I am revealing this in this manner, but The Father has requested it be done, because at this time in the world He has delivered a Specific Form of Instruction that many men, and even women are denying, some because of jealousy, some because of a lack of reasoning, and some because of so little Faith in how The Father would work.**

**There is so much emphasis through This Gift of The Father, on the Importance of that unseen Portion within the body, that in truth, is the Most Important Part of human life. It is called ‘the Soul’. Christianity has had many Martyrs, many of which were not necessary, and only became**

**Martyrs because of the injustices, the jealousies, the untruths of those in charge.**

**Many of Us are involved in This Miracle of The Father's Love. We speak formally, and many times We speak spontaneously in conversation, because to speak formally all the time would be difficult on those who are with this *little one* that The Father has chosen to be *the instrument* of His Direction. All that has been recorded is Important for not just the Souls of those who were present, but for all of mankind who will read What has been written and see the Value in the Instructions that, without a doubt, can be clearly understood. None of Them are complicated.**

**The world has been Blessed at this time in which you live, because of The Father's Love for human life, and because of the Importance of the Soul that is a Portion of Him that is placed within the conception immediately, because of the life that is involved.**

**Some human beings treasure the life of an animal. This is in many ways good, it is natural, and it shows a sensitivity to life. Human life has a**

**Divine Purpose, and it must never be seen as less than what it was created for. At the time in which I lived, mankind was considered civilized, but being civilized did not mean that all who came in contact with me to judge me, were just, were without weaknesses, and of course, had the Faith to understand how God would work.**

**There are so many Important Messages delivered through This Miracle. Some of Them will help some people in many ways. Some of Them have been given to touch the lives of others, because everyone reads words to their own liking, their own capability, and their own personal determinations in what these words mean to them, how they can apply them to their own way of life. There are so many books written on hundreds of items, subjects, that to the reader is entertaining, is enlightening, or the reader will receive a message of encouragement, strength, hope, more understanding of a subject.**

**All that has been delivered through This Miracle of Divine Love, has been given to instruct mankind on the Importance of human life, the**

**Goal of human life. After reading Them, there can be no question that the Goal of life is available to everyone who lives the human life, and that is Sainthood. So be it.”**

**AUGUST 30, 1995 AT 12:00 NOON**

**SAINT FRANCIS OF ASSISI**

**“I am Saint Francis of Assisi. Many things have been written about My time when I lived upon the earth. There were many with whom I was associated that did not always understand my theory on different subjects. We lived a way of life that, in so many ways, had a solitude in it, but also there was activity. As we knelt to pray, we would many times pray for things that others wanted. Our schedule in many ways was strenuous to the human body.**

**In the time you live there have been many changes in Spiritual Orders of men, and Spiritual Orders of women. Mankind refers to these changes in a very off-handed manner of thinking, almost referring to our time in solitude, in prayers, as being past History.**

**In this time in which you live, there are many forms of what is called ‘belief in a freer religion’. Supposedly to some, in this communication with The Father, it is so personal and has**

a freedom to it. I, Saint Francis of Assisi, say: 'It also bears a familiarity with The Divine that lacks respect in many ways, lacks dignity, and lacks the formality that makes prayer so much more sincere, so much more respectful. Granted, it is a good habit, a worthwhile habit, to speak to God casually, informally, personally, but there must be times of respect, honor, and dignity, because of Who He Is, because of What He Is.'

At this time mankind puts much emphasis on freedom, freedom of thought, freedom of actions, basically allowing all forms, all types of permissiveness to enter in, and many sinful acts and actions acceptable. Time does not encourage human beings to be lax or loose in their respect for The Divine. Time is not the criteria for this type of acceptability.

Many times through This Miracle it has been said, 'You live in a time worse than Sodom and Gomorrah.' This should frighten anyone and everyone who has any concept of what a horrible, sinful time and places these were. The Father had to take a strong stand. If The Father had to take a strong stand, then how can

**mankind justify all the things that are so allowable now, when they are worse than what occurred at Sodom and Gomorrah?**

**Those in high religious positions are not instructing mankind in the correct manner. The authority that these men represent is lax in responsibility. We see all that is occurring throughout the world, and very, very little is instructing mankind on the Importance of human life, or on the Soul that human life is responsible for. So much sin is acceptable in all ages, in all stations of life, in all vocations. Does not this mean that there is an alarm ringing to alert mankind, to awaken mankind, to the time of Judgment?**

**In other times, mankind would learn about what Hell was all about, and when it was expressed in its fullest measure, there was something to think about, and it was an alert to those who were responsible, that things had to change, more prayer had to be a part of life, and the Goal for human life could only be reached by changing one's pattern of life from sinfulness to a form of actions, thoughts, words and deeds that contained more purity, more**

**recognition of The Father's Will, and of course, The Father's Commandments.**

**Needless to say, All of Us Here in the Heavens could write Volumes of Instruction for mankind. Each of Us could fill the world with what We know is valuable for mankind to know, to understand, to practice.**

**It is Our wish, Our hope, that what is occurring through This *Miracle Of The Beloved Saint Joseph*, Who Is The Holy Spirit of The Father, that mankind will see the Value, the Practicality in It, the Importance, and begin to practice purity of the mind, of the body, for the Soul. So be it."**

**AUGUST 30, 1995 AT 1:26 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I will talk. I am Saint Alphonsus Liguori. It is important for mankind to fully understand that man was created for a Purpose other than human life. The Gift of life is a preparation for mankind to reach the Goal that The Father designed for the Soul.**

**There are so many men, women and children constantly agonizing over why life is not more profitable, giving them things they desire, they dream of, they hope for, that they see others enjoying. Most of this is innate in some, because they do not see the values of what they already have.**

**Human life is a Gift of Divine Love, and every step, every age, has benefits to it, because as one grows, one progresses mentally, and many times in experiences that help them better understand the Purpose for human life, the Goal of human life, and that basically it is a Treasure. When We hear emotional conversation regarding negative attitudes, feelings, wherein the physical life is not experiencing**

**all the benefits that others have, We want so much to have the individual, or individuals, realize that the Gift of life is Divinely Designed, so that at a given time the Soul of the individual will return to The Father Forever.**

**It is sad to hear mankind want only material gains or recognition above and beyond other human beings. The Goal of life is Sainthood, and what mankind many times forgets is that the practices in human life should be based on moral issues, moral values, moral standards, and in these practices there is an inner happiness, an inner realization that life has a Purpose.**

**Today is perhaps different than other times in History, but mankind has not changed, because mankind makes himself or herself vulnerable to things that are only humanistic. My time with you today, and with all who will read My Words, I want you to realize, and then accept, that the Goal of life is equal to all mankind. There is no race, no creed, that is shut off from the Goal of life. Sainthood is for every human being born.**

**Moral values and moral standards are obviously sound reasonings for**

those who walk each day, living it in the manner of the place wherein they live, they work, and entertain. Man has an expression, 'Self-pity is self-destruction.' In many ways this is fact, because if mankind would use daily living to its full ability and concept, man would not find unhappiness, but it would strengthen the will in many ways to reach for Sainthood, instead of the temporary things that are associated with living.

**M**ankind has the Greatest Gift that God could give, and that is the Soul that is given to each human life, and the Goal is equal, because it is for the Soul to become 'a Saint'. Sometimes men argue this point, and they say, 'Well, aren't Some Saints greater than Others?' My, what a foolish remark! Mankind should strive for Sainthood, because any Judgment that will be termed 'a Saint', is above and beyond any human goal in daily living mankind could attain. So be it."

**AUGUST 30, 1995 AT 2:00 P.M.**

### **SAINT MARTHA**

**“I am Saint Martha. There are so Many of Us Here Who delight in speaking through This Beloved Miracle of The Holy Spirit of God, Saint Joseph. Here in the Heavens, We have many things to do, because of so many Souls of mankind that The Father wants returned to Him in a State of Purity, so there will be no time delay in the Soul entering The Divine.**

**Mankind has many subjects to talk about, to learn about, human life experiences, so many things that can be termed ‘pure or impure’, ‘interesting or not interesting’. Mankind has volumes of areas in which each thing can give great strength to the mind, the body, in favor of helping to make the Soul ‘a Saint’. There are many forms of life upon the earth, but man is the ultimate Creation. No matter how extensively mankind becomes knowledgeable, the Soul of the human life is the Greatest Goal that mankind has to reach.**

**The will of mankind plays a special role, even at the moment of birth, because whether it is seen in its full measure or not, the will of the child is active at this time. Mankind is a special design, because of the senses of mankind, the intellect, the artistic abilities, the human nature, and then, of course, the ability of choice. When choice has to be made of right or wrong, The Father's Generosity in mankind's structure is never truly recognized for how great it is, how special it is, how important it is. This Miracle of Divine Love is handing to mankind verbally, and in written form, the Importance of life and all that is contained in life, plus much regarding the Portion of life that is to return to God, the Soul.**

**We watch happiness in many areas, sound, clean, clear happiness. We're also present where there is nothing but ugliness, sinfulness. Mankind ignores the value of prayer, and many times only says it when it is convenient or not noticeable to others. Prayer should be a constant communication silently, because in this way, in this communication, any human judgments that have to be made, will have the benefit of the**

**strength of that communication to help in many ways.**

**Children should be taught that they can say a silent prayer, constantly keeping their activities in the Sight of God in a personal way. No one has to know, no one has to share these moments that in so many ways will give strength, because God in His Love for all of mankind, all ages, is constantly Present through the Soul of each individual. So be it.”**

## SAINT ATHANASIUS

**“I am Saint Athanasius. It is sad to say that in this time in which you live, there is little conversation regarding the lives of The Saints. It is important for mankind to better understand anything about the lives of The Saints. Of course, all could never be written, because as in your lifetime, every moment, every action, every good deed, could not be recorded, but because This Miracle is to encourage mankind, to enlighten mankind on the Importance of human life and its Goal, it is necessary that men, women and children begin to understand more about the Importance of their Soul.**

**There are many forms of religious beliefs, and in some of them there are degrees of truths. In others there are merely man’s determinations, because in writing about these things, the writer many times would emphasize his or her own interpretation of what took place, what possibly took place, regarding the individual who was being written about.**

**You live in a time of great heresy. It is a sadness to All of Us Here, because heresy is against the beauty of truth, the practicality of truth, the value of truth, the soundness of truth, and heresy in many ways can be termed ‘totally diabolical in its structure, nature, and practices’.**

**This Miracle of Divine Love is continuously instructing mankind on the Importance of the Treasured Gift that human life is, and the Ultimate Gift placed within each human life. There is a common saying amongst mankind when there is doubt in truth, and that is, that those who deliver untruth and instruct others in what could possibly be diabolical, there can be no sound conscience, even though the person or persons appear to act in a very conscientious manner.**

**This Miracle has been given to the world, instructing mankind to follow sound moral values, sound moral standards, and to be ever conscious that human life has a Gift that is designed to live forever; not the physical, of course, but the Soul that is a Portion of The Father. This subject of the Soul is not fully understood, but the Soul is what mankind should**

**strive to protect in every way possible. That is why The Father gave to the world His Commandments to live by, because in These Commandments there is instruction, there is purpose, there is logic. Also, there is an obvious beauty and truth connected to man's conscience that is immediately alerted to what is right, what is wrong, and The Father's Commandments are the verification that should be used as the judgment for all thoughts, all words, all actions.**

**Mankind has the responsibility to control his or her nature, his or her intentions, his or her actions, his or her decisions, and all of these should be guided and guarded by obedience to God's Commandments. So be it."**

### SAINT ANTHONY OF PADUA

**“I am Saint Anthony of Padua. This Miracle of The Father’s Love for mankind is a Gift to mankind beyond any gift man could receive or give to anyone else, because The Father, in His Love for mankind, allows and directs Us to speak openly, Directions, Instructions, so that mankind knows immediately what is right, what is good, what is sound, for the Important Place for the Souls of all of mankind to return to.**

**Mankind speaks only of human flesh, human ideas, abilities, personal efforts to accomplish things. Mankind has been given a Gift beyond all human imagination. This Gift is a Portion of The Father at the moment of conception. There has never been a Miracle to mankind as This One is in your time. There has been so much Direction, explaining the Importance of human life, the Goal that it was created for. It is natural for man to strive for success, it is important for man to understand that success in the eyes of mankind has its place in the**

**life, or lives of mankind, but how many living in this day can say that they will be in Heaven as soon as the human life no longer exists, it is taken away?**

**Mankind many times thrives on goals, and when he or she fails at one, their human nature looks for another one, because it gives energy to life, purpose, hope. This was instilled in mankind by The Father, this desire to reach a goal. Now, This Miracle that has been so deliberately explained in teaching to mankind that the Goal of life should be Sainthood, what more could man ask, and why would any human being ignore striving in daily life to want to reach the Goal that is promised for practicing sound moral values, sound moral standards, because these things will guarantee man Sainthood? There are so many sinful actions, thoughts, words acceptable, because they are referred to as the nature of mankind. This is nothing but an excuse, because man knows better.**

**Children are not being instructed fully on what human life was created for. There is so little direction in any place where children go, even in what is called 'the House of God'. There is**

more humanism, more emphasis on man, man's abilities, man's thinking, man's importance, than there is on God. There is very, very, very little instruction on that Precious Gift within mankind, the Soul. It is not just because it is not able to be seen. It is because humanism depends on only humanistic values, humanistic attention, humanistic goals.

There are so many diabolical practices that are not seen as diabolical, but only recognized as human behavior. Many times We see such desecration to the Soul of an individual, that We ask The Father, 'What can We do?' He says, with a sadness that human life cannot know, 'I have given mankind a free will and mankind depends upon that free will, because it allows mankind to make decisions in everyday living.'

So much has been delivered, and We see so many resisting the act of reading All We have given. It is a sadness to Us, but as I speak to you on this day, I have a Message for each one here, and all who will read My Words: All that has been written through This Miracle must be passed throughout the world for mankind to read, to learn

**from, so that mankind can use his or her will to make the decision, that what they have read is for the good of their own Soul. The Father decided that to hand to mankind Direction in writing, was the best way to speak to mankind, in a manner that man would understand, could absorb, and would follow. So be it.”**

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. There are many discussions amongst many men and women regarding the legalities of all that has been written. We smile at this, for there is no human being with the total ability to discern The Father’s Way of doing things. This *little one* The Father chose to speak to the whole world, is difficult for some to accept, believe, or understand, but this does not make their attitude valid or acceptable.**

**This Miracle that generates so much Divine Love in Its Very Wording, is beyond any human ability to see in Its Full Authenticity, the Greatness, the Soundness, the Love that is extended for the Souls of all men. Mankind many times is inclined to read stories of History, believing every word inwardly, living every word of expression, of encounter, of decisions, of action. If mankind would but look at What has passed through this *little one*, they will find All that has been written far greater in Value, in**

**Concept, in Hope, than anything that has ever before been written.**

**There is a sadness when We hear deception regarding this *little one*, because deception is a tool of the enemy of God and man. Deception proves nothing, but it expresses jealousy, hate, hopelessness, deceit, corruption in all things, in this course of determinations. Though there has been much revealed thus far, there are yet thousands and thousands and thousands of Words to be delivered, because The Father has Decreed it to be, that enough Words will be spoken so that no man, woman or child will be unable to be touched by One, Two, Three or More Things that The Father Wills them to better understand, more readily accept, for the Soul that He placed within them at the moment of their conception.**

**We could All dictate hours at a time without stopping, because This Miracle of The Father's Will and Love is so Important, so Necessary for every human life in the world. Those who accept without question, the reality, are immediately Blessed because of their sincere Faith in how The Father would express Love so Personally.**

**As I leave you at this time I want you to know, that as this *little one* walks in total obedience to The Father's Will, the enemy works diligently to encourage those who read the Words, hear the Words, to ignore the Words. Remember This Statement, because you see, enemies of all that is good have weaknesses, and good will always win when the final bell rings. So be it."**

AUGUST 31, 1995 AT 2:18 P.M.

**SAINT THOMAS MORE**

**“I am Saint Thomas More. The Father has handed to the whole world a Gift beyond human comprehension, based on His Love for all mankind. There is no price tag on This Gift, no monetary means or measure could buy This Gift, could sell This Gift, could approve of This Gift.**

**Mankind in all stations of life have a need for This Gift, because It is a Gift that is designed to not just encourage mankind, but to direct mankind to the Gates of Heaven. There is no bribery attached, no insulting gimmicks. All that is taught, instructed, spoken, directed, is for the whole world of mankind, helping mankind to see the Value of human life and the Goal of human life.**

**It is important that All that has been given never be questioned, never be doubted, never have a price tag that will eliminate anyone from being able to receive any part of What The Father wants mankind to use, so that the Soul will be returned to Him**

as soon as possible after the physical life no longer lives. Life is Eternal. Mankind must understand this. As the human life serves a Purpose, when this Purpose is no longer available, then the Soul takes over, and the Soul then, in returning to The Father, is used by The Father for the sake of other Souls.

What a beautiful Gift of life and for life The Father has designed. Mankind has mental abilities, physical abilities, superior to any other creation. Mankind has a will for determinations. All things were considered by The Father in this Creation, so it is logical for mankind to understand there has to be more to human life than what man experiences daily.

Children must be taught to exercise their abilities for good, to train themselves to see the value of truth over untruth. The Commandments of God must be instructed to a degree that there is no guesswork in Their full meaning. It is important for all of mankind to value human life because, as you know, it is innate in mankind to want human life to be safe, to be well, and of course, many other things.

**This Gift The Father has handed to the world, This Miracle of Instruction must never be set aside, because It is so practical for mankind to be able to follow. There is so much logic in Everything that is spoken, Everything that is written. This *Miracle Of The Beloved Saint Joseph*, The Holy Spirit of God, cannot realistically be denied, because of the Importance of Everything that has passed through, because of The Father's Love for the Special Creation of His, human life. So be it."**

AUGUST 31, 1995 AT 2:45 P.M.

## SAINT PIUS X

**“I am Saint Pius X. I am speaking to you as a Saint, not as the Vicar of Christ upon the earth. It is important for mankind to see the Value of All that has been taught to mankind through The Gift of The Father’s Love at this time, in this year in which you live.**

**There is so much desecration to moral values, moral standards, to obligations, to responsibilities, regarding Spiritual growth, strengths, practices. You must understand, those who will read These Words, that The Father has sent to the world a Great Message, a Great Miracle, because of the impurities of the mind and the body that mankind is causing, destroying, desecrating the Soul.**

**It is difficult for some to read These Words and to feel that These Words are meant for them, because they are so entrenched in infidelity, impure practices, that their way of life seems as though it is the only natural way for them to live, to follow, to accept, to practice. Mankind was**

destined to become 'a Saint'. Mankind was given the ability to know purity from impurity, right from wrong. Many times the very ones who sin the most want to be treated with dignity, and resent anyone approaching them and acting in an undignified manner to their human life.

Imagine how The Father feels when there is so much sin by an individual that desecrates the whole of the human being, plus automatically desecrating the Soul of the human being. There are so many human laws that mankind is bound to, because of what certain men and some women have appointed as laws to be the rule of life, the rules to live by, the rules that if they are broken, those who break them must pay physically. What about The Rules of God? Each one of These is broken every day by millions of people. Is it not important for mankind to see the injustice, and practice more sound morality?

So many at this moment have become so adjusted to sinning against every Commandment of The Father's, that they do not feel any emotion or any contradiction in the offensiveness of what they are doing. I could speak

a long time, but The Father requested I speak to you on this matter. There is so much for mankind to correct, to eliminate, to ignore, to stop, because if it continues, what is occurring throughout the world, The Father will be forced to not just show His Hand, but take a Firm Stand, and He does not want to do this.

This Miracle was given to give mankind a chance to see the importance of sound morality, and cast out of their lives indecency, immorality, ingratitude. Every time One of Us speaks it is to instruct mankind on what a Treasured Gift of Love human life is, and that it is ignoring The Father's Will, thus disgracing The Father's Personal Gift of Love to each life, a Portion of Himself, the Soul.

All of Us Here in The Heavens say to mankind, 'The time has come to see the Importance of human life, the Goal of human life, and the Love The Father has handed to mankind that no one or nothing else can give.' So be it."

AUGUST 31, 1995 AT 4:29 P.M.

SAINT DOMINIC

**“I am Saint Dominic. I have spoken many times through This Gift of The Father’s that instructs mankind on the Importance of human life, and that Precious Gift, the Soul.**

**It is sad for Me to say that so few in this day are remembering Our Heavenly Mother. So many say, ‘I have prayed the Rosary so much in my lifetime; I have just gotten out of the habit of saying it.’ Also, many who used to pay Homage to Her in Services to Her, honoring Her and making requests of Her, no longer do this. The absence of such attention is a sadness to Her, because mankind is ignoring these precious times that bring The Holy Mother close to the individual, in communication, in association, compared to a child and a mother.**

**So much is occurring throughout the world that is eliminating man’s association with The Divine. There is so much attention on humanism, its abilities, and of course, its progress. None of this is associated**

with answered prayers at given times. Rarely does mankind kneel to pray. Lately it has been a small one on the run, or a fleeting thought, accepting the fact that they will be heard no matter what the conditions. Disrespect is prevalent throughout the world for all that is Holy, all that is Good, all that is Spiritual.

There are many men and women who openly say they have great gifts of power to heal others, and that their power is closely connected to a Higher Power, and that mankind should listen to everything they say, and follow their pattern of prayer because great Miracles are occurring within them, helping others in severe cases of illnesses, and in other ways. When mankind refers to loving someone, caring for someone, there is automatically a certain degree of generosity, charity, sincerity.

In the world at this time there is much paganism, not called this by mankind, but it is obvious because of the tremendous decline in sound spirituality. For some, to hear What was just spoken will be denied intensively, extensively, but nonetheless, it is fact, it is truth. If all who will read These

**Words will but ask themselves the following questions:**

**How much devotion do I practice in honoring Our Heavenly Mother? Do I do it daily, or just when I think about it?**

**How much generosity and example do I show regarding my Spiritual feelings to people close to me, whether they be family or friends?**

**What example am I to the young people that I know, when they see me or they hear my voice? Do they just recognize me in a human way, or do they associate me with my love for God that appears openly, lovingly, sincerely?**

**Do people see morality in me, or do they feel that on many issues I would not be respectable, nor would I show respect for all that is good, all that is Spiritual?**

**To some, do I appear totally trustworthy in what they speak to me about, what they confide in me about?**

**There are so many things that mankind is missing in just using spirituality in a manner that can be termed 'hit or miss'. Is spirituality a daily practice? Is it based on honesty? Some people automatically show spirituality when they want to impress another individual. This is in so many ways disappointing to Many of Us Here, because it is hypocritical and it does not signify strength, loyalty.**

**Many of Us, when We are allowed to speak through This Miracle, find it a privilege to help mankind, because in helping mankind We are making The Father happy. There are so many men, women and children ignoring daily practices of prayer. To many it is a thing of the past, to many it is not necessary, to many they cannot find the time.**

**This Miracle of The Father's Love has touched so many subjects, so many areas of human life that should be attended to, because mankind has not grown closer to Sainthood, but has**

**pulled away because of the humanism that is so evident in every day. It does not take courage to say a prayer. It takes time, it takes love, it takes Faith that prayer will be heard. Prayer is communication and it should be developed into dedication without question.**

**So many Blessings have been handed to mankind, so much attention given to mankind, so that mankind will be touched by what is right, because the Souls must be taken care of morally, physically, spiritually, continuously.**

**We are always present, We are always aware, We are always available, and We want you to remember that We do care. That is why Each of Us Here ask The Father: ‘May I speak? Can I be the One to alert mankind to the Importance of what life is all about and to never allow anything to stand in the way of becoming a Saint?’ So be it.”**

SEPTEMBER 1, 1995 AT 11:54 A.M.

SAINT JOHN VIANNEY

**“I am Saint John Vianney. There are many children throughout the world, of all ages, who are searching for truths, for guidance, for valuable information, because they feel within their way of life something is missing.**

**It is true, there are many books available for mankind to learn from, but in reality, in most all books except one, man’s interpretation, man’s views, man’s personal inclinations, man’s values, man’s likes, dislikes are written about, because mankind cannot write what We say, because We do not dictate to all of mankind.**

**This Miracle that gives to the world Instruction Courses in the Importance of that Gift of Divine Love, the Soul, is a Miracle that mankind should readily see is different than any other written material, and All that is spoken in Words has so much merit beyond any other written stories, lessons, words.**

**Many of Us are constantly present where this *little one* is. She is**

**immediately drawn to Who We are, and waits for Our Manner of getting her to speak what We desire to be written or to be heard. Many Blessings are granted to mankind through This Miracle of Divine Love, because This Miracle is designed to instruct all of mankind regarding the Importance of human life, and the Important Goal The Father designed for it.**

**I will speak more on this at a later time.”**

SEPTEMBER 1, 1995 AT 1:13 P.M.

### SAINT ANDREW

**“I am Saint Andrew. Many people depend much on their imagination in all areas of life, especially the moral, because through their moral actions they find access to all areas of life. Mankind’s imagination is very often revealed through their emotions, or many times through the style of living they choose.**

**All of Us Who deliver Instructions through This Miracle that was designed by The Father for the benefit of the Souls of all races, all creeds of mankind, in many ways eliminates any room for imagination, because All the Instruction that is delivered is for the benefits of the Souls. There is nothing imaginative about Heaven, nor about Souls. It is All reality, and mankind must understand that both of These Things are Factors that must never be set aside, any day, while one is living.**

**At the end of the human life there is a beginning, but it all radiates through the Soul. There is not enough attention, respect, understanding, or**

**information spoken about, or taught, regarding what occurs when human life is over.**

**This Precious Gift of The Father's Love, This Miracle of The Father's Love, is an Important Issue for mankind of all intellects, all creeds, to more fully understand that human life is a Gift of Divine Love, and it would be foolish for mankind not to realize that in this Gift of intelligence, of sensitivity, of hopes, of goals, it would automatically be a Goal of Greatness.**

**With all the instruction that mankind receives from books that are written by the intellects of all who, if you were to truly see the moral values and the immoral values of these individuals, you would be shocked at how little they realize what mankind truly consists of.**

**With What I have spoken today, I hand mankind a Special Blessing, because in All that has been taught, elaborated upon so intensively regarding what a Precious Gift human life is, We find so few truly recognizing what a Magnificent Treasure God has made out of human life, over and above all other creations.**

**My Blessing is this: Wisdom comes in full measure when an individual can say:**

*‘I love You, God, thank You for making me who I am, and the Treasure of the Soul that is within me. Thank You, God, for the Faith that gives me strength to endure all obstacles, and thank You, God, for the time in every day.’ So be it.”*

SEPTEMBER 1, 1995 AT 1:40 P.M.

SAINT ATHANASIUS

**“I am Saint Athanasius. There is so little solemnity in Spiritual practices, devotions. Mankind is in so many ways being openly demonstrative, losing sight of the importance of personal communication with The Father, and Whomever else they are praying to.**

**There is so much egoism, egotistical antics being practiced in prayer and Spiritual commitments. Today throughout the world, respect for each other is almost no longer evident. Respect for prayer and to Whom the prayer is addressed is no longer able to be recognized.**

**Mankind, in many ways, is practicing humanism in all areas of daily living. Immorality is not something that is a thing of the past, or a thing that is thought about to be wrong to the mind, to the body and to the Soul. It is acceptable because it is human to act out, participate in, or indulge profusely in what is going on.**

**It is sad to see so many who walked from decency into indecency,**

**from moral attitudes, actions, determinations, into total immorality. Man is constantly looking for physical cures, new ideas, educational degrees, popularity. We rarely hear anyone searching for Sainthood.**

**You live in a time that basically, openly bespeaks depressive depression, humanity, vulgarity, egoism, selfishness, hate, permissiveness, promiscuity, adultery. We see some who practice all these things voluntarily, and when they are approached with sincere advice regarding the possibilities of physical problems from them, mental problems could arise, and definitely it is against God, the individual addressed regarding these things becomes angry, and sometimes one can almost see not just obsession, but possession of all evil things.**

**It is important that All that We have spoken be delivered to the whole world, because if it does not occur, if the files are not opened, you can expect The Father's Will to show, be acted out, because He says to All of Us, He will not tolerate so much abuse to Souls. So be it."**

SEPTEMBER 1, 1995 AT 2:08 P.M.

SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux. Many books have been written about Many of Us Who were declared ‘Saints’. The books gave many details on Our lives, but all was not written regarding Our true personalities, Our character, the in-depth feelings We had for issues that would arise wherein We had to make decisions that could have been contrary to what others felt they should be.**

**This *little one* through whom We All speak is subjected to the same type of conversation We were. We oftentimes are present when her personality, her nature, her tolerance, her degree of love is expressed openly. Today some of you experienced the in-depth justice that she revealed. Many of Us Here found joy in this.**

**What many learned men do not understand, that to be chosen to walk a very serious Path that is constantly alerted to Our Presence, could be and can be and usually is, one in which**

**justice must show and justice may even attack.**

**The world at this time is in what We call ‘a draft of humanism’, and so many who used to be very concerned over their morals, the company they kept, are now standing in a tunnel wherein the draft they’re standing in is not protecting them, but the confusion they are experiencing is causing them to not know which way to get out of the tunnel.**

**This may sound complicated to some, but if logic is seen in what I have just spoken, some who will read These Words will have to say, ‘That is what I have been walking in for a long time: a tunnel that was in more control of my life, my movement, my thoughts, my actions, my decisions, than I was, because of the confusion that I allowed to draw me from one side to the other side, and then back and forth continuously.’**

**Mankind must understand that the Soul within each human life can become victimized by the intentions, the actions, the purity, the impurity, the selfishness, the dignity or lack of dignity, the generosity, the morality,**

**the immorality that is evident, because of moods, selfishness, egoism, selfish traits, friendships that are not moral, activities that are totally immoral.**

**This Miracle is a wake-up call to the whole world of mankind, because it is important for mankind to remember and then to follow The Commandments of The Father, and not allow any outside interference, outside suggestions, outside dominance to be a distraction. There are so many things All of Us want to instruct mankind in and on, because there is so much desecration to the Souls of millions of people throughout the world.**

**Sometimes We say to Each Other, 'Is man really reading What has been delivered, finding It not just Direction but Protection?' How many children of younger ages will find What We have said, What was written, and see the Value in Every Word, Every Sentence, and use These Things as Direction?**

**Each time The Father sends a Message to mankind that is to be written, so that mankind cannot say, 'I have forgotten what was spoken.' There is great reason for This being written, because this means that**

**the mind cannot be blamed for Its loss. And that is why We have said, 'Books must contain All that has been instructed upon, because One Phrase, One Line, One Word, may be the Key that the individual needs or is looking for.' So be it."**

SEPTEMBER 1, 1995 AT 3:17 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. This Gift of Love that has been given to the world by The Father is a Gift beyond what any gift could be.**

**As We speak, Our True Presence is with you, and so many times when you are discussing what you are doing, your intentions, We are present listening to you, and We are able to understand the sincerity, the joy, the laughter, or sometimes the sorrow that is evident in some form.**

**Mankind does not realize that Our Presence is in many ways all the time, and that is why, when impurities are acted out or even thought about, We know of it, We know of them, and in Our Own Way We try to discourage any of this because of what effect it has on the Soul or Souls involved.**

**There is so much confusion in the world today, so many false ideals, so much disrespect for human life, for morals, and it is not diminishing in any degree, but We see it advancing, growing.**

**This Miracle is a Precious Gift of Divine Love because It is not just instructing mankind, but It has a Personal Closeness to all of mankind that in many ways is difficult for man to understand; but, if belief in The Divine is evident, and if a child of any age is aware of prayer and the prayer is heard as it is spoken, there should never be any doubt of Our Continuous Presence in the midst of mankind.**

**The world is full of activity: politically, mentally, morally, physically, emotionally, competitively, and in so many of these areas personal opinions make many decisions, not all good, not all bad, but many times on the borderline that causes them to be risky to one Soul or to Many. We find that in many workplaces, there is so much activity, so much personal association, that We are rarely thought of, and of course, Our Presence is never even a conscious understanding.**

**There have been many times since the beginning of mankind, that wars and many diabolical interventions developed and enveloped thousands of people, thus causing much immorality, much diabolical intervention, and it is sad to say that rarely does man think**

of morality or Our Presence at these particular times.

**The Father picked a *small form*, and entrusted to this form of human life a Great Responsibility, and to assist this *little one*, The Father hand-picked others, because of the trust they had in Him, the love they had for Many of Us. This Gift of Divine Love is a Treasure beyond any treasure that man could design or cultivate, and so as your Heavenly Mother, I ask you to continue to be a part of handing to the whole world the Directions, the Love, that through The Divine is passed to save mankind from the horror of Hell. So be it.”**

SEPTEMBER 3, 1995 AT 12:15 P.M.

## GOD THE FATHER

**“It is with much Love I have given the world This Miracle of My Love. The Soul of each human being is a Portion of Me because of My Sincere Deep Love for this Special Creation of Mine.**

**This *little one* I use to reach and instruct all of mankind is constantly alert to My Presence and the Presence of All Others Here. Perhaps this is difficult or even impossible for some to believe, but that is due to their personal inability to understand My Love for mankind and how I would choose to give My Love to mankind. The world must hear of My Gift before it is too late, because the enemy is constantly working to distract all ages so they will lose their Soul to him.**

***The little one* I use is stronger verbally and mentally than mankind understands these characteristics of man to be. Many Saints deliberately move in and out to keep her attention to This Way. She is never without One from Here close to her or delivering**

Words through her. Her naturalness is important, else no one could possibly endure the way she would be on all subjects.

Mankind understands what makes wars between men, but also the artillery that is necessary to fight the enemy. This *little one* fights the enemy constantly, because he uses many things to try to interfere with This Gift I have given to mankind. The whole world should and could build the City I designed, but the men in the Church she belongs to have fought, and will continue to fight against this accomplishment. It is sad to see so many fight against something so physical, and yet so Important for millions of Souls to be returned to Me.

The Books must be delivered throughout the world. She is working diligently on this and has been. The Words are on the way of a different means, and We will do all We can to encourage mankind to respond, but you must remember, the free will of man I do not take away.

Time is of the essence, and mankind must be constantly alerted

**to This Gift I have given. Her work in some ways is just beginning; she knows this. Her littleness is on the battlefield of so much egoism, degeneracy, diabolical intervention, but her will is with Me. So be it.”**

SEPTEMBER 3, 1995 AT 12:58 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. This Miracle of The Father’s Love and My Love passes through a *delicate child*, a *delicate instrument* in terms of size and design, but We are fully aware of the strength and the abilities of *this instrument* to perform under all types of encounters, even open battles.**

**All that has been given to mankind through verbal means and through the written Words is important for mankind to value and to respond to, regarding the Importance of the Reason for This Miracle, and that is to save Souls.**

**We hear some say: ‘What is a Soul? No one has ever seen One; how do we know It truly exists?’ It does, and It should be taken care of morally, physically, and through all mankind’s actions, practices, and abilities to recognize right over wrong. Why did My Son give His Physical Life for mankind, when without a doubt, He could have stopped the whole world at any given moment?**

**Mankind's indifference to This Miracle is not just a sadness to Us, but is in many ways allowing diabolic interference through moral weaknesses, worse than any other time in the History of mankind. Granted, civilization has passed through many diabolic periods, but at this time when mankind is so finely tuned academically, it does not make good sense for so much immorality to be prevalent. Man knows better. Mental illnesses, physical illnesses, moral illnesses are being accepted without rationalizing the reason for many of them.**

**I love all children of all nations throughout the world, and We use one *little one* to pass Our Words, to instruct, encourage, and to help mankind in all ways that man can understand, follow, and accomplish what is best for the Soul.”**

SEPTEMBER 3, 1995 AT 1:50 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. This Miracle that is designed by The Father is the Most Important Miracle of Instruction that The Father has ever given to mankind. It is in many ways instructing mankind in all of the past Important Messages that were designed to help mankind understand the Importance of human life, and the need for purity of mind and body, for the benefit of the Soul.**

**Mankind is walking a tightrope over the abyss of Hell, through all the immorality that is being practiced in all ages, all degrees of intelligence, and all manner of life. When Hell is mentioned, mankind just treats it casually, but at sometime later, hopefully will remember some of what was referred to, and the impact of Hell will make an impression worth changing something that they are vulnerable to, that is totally diabolic.**

**I am truly The Holy Spirit of The Father, and as I walked with The Son upon the earth, I now walk with this**

***little instrument* who is instructed to be immediately obedient to Our Presence. So much must be accomplished in a short time, because mankind is catering to all that is selfish, impure, diabolical, and justifying it all as being human nature.**

**We speak in such detail, so there is no excuse for anyone who reads Our Words to say they do not understand what We mean. Man must change, because without more sound moral behavior, the price for Souls to pay will be heavier than anything in the world can compare to.”**

SEPTEMBER 3, 1995 AT 2:55 P.M.

**GOD THE FATHER**

**“The world has been Blessed by Me, because I have given to mankind My Blessing through My Personal Attention that is in much detail, through This Miracle of The Holy Spirit of Mine.**

**Mankind speaks much on the spirit of doing things, and in this wording, man means ‘the enthusiasm, interest, love, worth, and the intentions’ that are the foundation of whatever is the subject. My Love for mankind is constantly encouraging man to resist all temptations that in any way have one speck, one tiny tinge of impurity, because impurity mars the Beauty of the Soul that is Special to man, because It is a Portion of Me.**

**My Commandments must become more obvious, more open to conversation and sight, because as They are now, They are mostly remembered as having been learned a long time ago, or through some picture wherein a human actor portrayed Their Words. I constantly bless those**

**who are good example to others, and who hold as their manner of daily living, that purity of mind and body are the action that all others see as example, in all areas of daily life.**

**I want My Words to be read by millions, so mankind will realize I am always present where they are because of the Soul that is within their being. I never leave, nor does this Soul get distracted by anything or anyone. My Love is beyond what human love is, and My Presence never ending.”**
