PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. Mankind looks at the Crucifix and the Wounds are not always as obvious as They should be. Somehow or other, mankind diminishes the real physical agony because of the appearance of the Crucifix, or because the individual does not fully understand that as the nails were driven, Christ felt human pain. When the Crucifix is seen, and the Thorns show Blood pouring from His Head, it is sad to see so little spoken about, that reveals such physical agony applied by men who had to know that such torture was not deserved, and that this Human Life had to be Special to endure and then forgive.

There were many present who heard His Words, also the words of those who hung on either side of Him. Mankind very often practices injustice through selfishness, or by being a bully; and then there are times when it is directed by someone in charge, and the one who has been ordered to

perform inhumane action does it for fear of the one who gave the order.

Historically, mankind has many times shown injustice to one or others, and rarely does it affect the perpetrator as much as it should. Bible History has spoken much about many instances, occurrences, practices, that in different periods of time were elected or associated to the practices of that time.

Mankind, at this time in which you live, is supposed to be living in a civilized world, but sometimes when we see what is occurring, the definition of this particular word seems to be obviously only in imagination. There is so much violence: physical, mental, moral, in all races, all colors, all creeds, all degrees of intelligence. We see greed, monetary and otherwise. We see unkindness, different degrees of immorality that by their very nature would spell out loud, ring out loud, that it is, and would be against the purity of an individual's or several individuals' Souls.

Mankind talks about another Life Hereafter, and very often adds to this, remarks that definitely do not show

that the individual, or individuals, truly see human life having for its Goal a Place beyond any human understanding. Heaven is real. Man's Soul is real. Morals are real. The Commandments were given because of the need for mankind to have These to live by, because of the Importance of what human life was created for.

So much has been written by mankind on the laws of the land, the laws that were to protect mankind against all atrocities, against theft, and of course, every other means wherein mankind would be abused in some form wrongly.

As I speak through This Miracle of The Father's Love, My Words are being written for millions to read. If it was not important for These Words to be written for millions to learn more about the Importance of the Soul, then These Words would only have been spoken as conversation. Nothing that passes through This Miracle of The Father's Love is mere conversation. It is instructive down to the minutest detail, and no living human being should not have All that has been given available to them in some form, in complete detail.

Mankind says, ‘Without water I cannot live.’ That is true. What The Father has done in This Precious Gift is more than just water for life. The Words are in so many ways a Means, Directions, to quench mankind’s thirst for Truth regarding what human life was created for, and also, what will help human life reach the Goal it was intended for.

The next time you read any Words from Any of Us, think of Them as Water and Manna from Heaven; then you will better understand what a parallel This Miracle is to what man must have in the human part of life. Mankind says, ‘I cannot live without bread and water.’ We say, ‘That is true, but the Soul is a Living Part of human life, and each human being is responsible for the Life of That Soul to be returned to The Father for All Eternity.’ So be it.”

SAINT JOAN OF ARC

“I am Saint Joan of Arc. I have been given the privilege to speak many times through This Gift of The Father’s for the Souls of all of mankind.

When man thinks of the word ‘warrior’, it is automatically connected to a battlefield or a specific important subject. You live in a time that can be termed ‘another religious war’. This Statement will be argued by many who will read the Words. There is a tremendous religious war going on daily. There are so many different opinions involved that, in some ways, it is difficult to recognize which side, or which subject is fighting for purity of the mind, the body and the Soul, because there are many who are strongly in favor of all that is diabolical, all that is immoral, all that bespeaks everything that is against The Father’s Commandments.

Anyone who disagrees with This Statement should look at the daily occurrences where people are either gathered or are just walking into

places wherein they are subjected to others acting immorally. For them, there is much more degeneracy of the human mind than mankind dares, or cares to speak about. Why has this happened?

In reality, it is much easier for mankind to think purity because of the clarity in purity, the logic, the beauty, the sensitivity to all that is good, is normal, not abnormal. Impurities, in many ways obscenities, have a totally different effect on the individual's mind, actions, sensitivity.

The Father gave to the world His Rules, and there is so much sadness Here in the Heavens now, because children are not being instructed on how important a Commandment is in their life, just one Commandment. Of course, that One is: *'I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.'* Some, not just through ignorance, but through sarcasm or some other manner of theory, might argue this point, because so many at this time and have for some time, accepted all that was evil, making excuses for everything they took part in or take part in.

It is important for mankind to stop and think more clearly on the advantages of purity over impurity, decency over indecency, morality over immorality. These Words that I have spoken are not all that I would like to say at this time, because in discussing these two sides of living, there are so many ways for mankind to think about, there are so many reasons for mankind to see the Importance of the Goal of life, and to resist vulnerability to anything that is impure in the slightest form, the slightest degree.

Those who sin continuously cannot be called or termed 'happy' by nature or practice, because any favoritism of immorality reacts in the Spirit of Life in a human being. There is so much to be spoken on this subject, and there is so much to be done about it. It is important that as an individual exposed to what is wrong, shows rejection, shows dislike, and this may be the strongest means that will make the other individual, or individuals think, take heed to their actions, and maybe, not at that moment but in a time later, they will resist the wrong and stand firm on what is morally correct. So be it."

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is a great sadness to Many of Us to see so much going on in the lives of mankind that is totally impure, diabolical, and ridiculous in so many ways because, in essence, it is destructive to so many areas of human life.

Mankind does not like to be physically ill, and rightly so. He is frightened of physical illness wherein disease is totally detrimental in serious ways, yet mankind takes chances with the Soul, never even thinking of the Soul that is within the human body; even many learned men and women who structured their Spiritual goals according to a formal way of living, many times totally relentless in their duties, but not always conscious of that Important Portion of life within them that was destined to be Judged by The Father according to the manner of living in which the physical was so much in control.

Children of all ages are not being instructed in the importance of

each decision that they are capable of making when they are alone or in the company of others. There is so much laxness regarding sound moral values, that a decision of choosing right over wrong does not emphasize the importance of the child that is about to take a step, a move, a change to a goal.

There are too many differences of opinions regarding the raising of children to adulthood in this time that We speak to mankind. It did not begin overnight and reach the stage it is in. It has been a steady, progressive march that now can be outwardly spoken, as it was a steady path to sin.

What vocation can a child choose now, look up to, look forward to, that in its very structure points to living what is called 'a life of spirituality', 'a life of dedication to The Father's Will', helping in all different areas, from childhood to those who need their assistance in years, where this assistance will give strength, courage, hope and physical help?

Man talks about modernization and sometimes emphasizes it in physical structures. The lines are

usually clean and clear, not decorative, and this in some ways gives mankind a feeling of strength, modernization, ability. Now let us compare this to how man lives. Is man's daily life clean, clearly structured in all it does, all it says, all it partakes in, or is it just meant for the architecture of your day? We see man's thinking in modernization as so much internal, diabolical configurations, that the Soul is the victim, and mankind in many ways stands in nothing but a confused state of what man terms 'different dimensions'.

I could speak on so many subjects wherein mankind is not, in any way, seeing these subjects as detrimental to sound Spiritual actions, thinking, responsibilities, or what others should imitate.

It is true, We All stand by to speak, because it is The Father's Will that mankind be given so much to think about regarding the protection of the Soul. Monetary measures are of the utmost importance no matter how they are gained, legally, illegally, and some can even be considered poison to the life of a human being, because with monetary measures, logic must enter

the scene, morality must never leave; and mankind must remember that The Father gave to mankind a conscience, and when mankind loses sight of this conscience, mankind automatically forgets the Soul.

When so many who are dedicated to religious ways of living allowed so many areas of confusion to enter wherever they were, it was inevitable that this vocation in life would be destroyed. Granted, it did not guarantee Sainthood; it was like all other vocations of life, the individual in daily life had to be ever conscious of morality over immorality, decency over indecency, sound basic characteristics that emanated only pure goals. So be it.”

SAINT CHARLES BORROMEIO

“I am Saint Charles of Borromeo. Initially This Gift of The Father’s Love for mankind was given to mankind long before It was formally announced to this *little one* through whom We All speak. There were many evidences of What was being spoken that could not have been coming from her personal thinking, her personal ambitions, or her personal feelings. For many years this *little one* was put through much Instruction, because when The Father chose a time, He wanted all things to be sufficiently ready because of the Importance of All that would be passed to mankind from The Divine.

There are many standing outside this place who are desperately trying to ignore All that is going on where she is, but like all Great Truths down through time, there will have to be a place, an area, an opening, that will reveal in a thrust What The Father Wills mankind to more fully understand, and to see the Value of All that has been delivered because of the Importance of the Soul that is present

within each human life. Never before has there been so much revealed on the Importance of the Soul of man that is instilled at the moment of conception.

Many who stand on the outside, who tower over her physically, and who have been trained in particular scientific theological ways, find it impossible to understand why The Father would not have chosen one of them, instead of such *a little one*; little in some ways, but it is obvious, strong, and I would say stronger than the ones who try to deny what she is all about because of their theological background, and their important places that some earned, and some have only because of knowing those who could do favors. Not just one man, but several, in discussing her whereabouts and All that is passing through her, are questioning why they do not form a committee to interrogate her to find out firsthand what she is all about.

We All smile at this, because as those of you who are close to her know, she is strong in her values and standards wherein This Gift of The Father's is of the Utmost Importance. She is also aware of the personal

dispositions of many men and women who she would distrust on sight, because of what she sees and is told by Many of Us.

The world is in a diabolical turmoil. This is a sadness to see, because in so many ways mankind has made many scientific advancements that would be so beneficial, but along with such advancements there is much moral degeneracy.

It is important that those who are acquainted with this *little one* use time and motion for the benefit of their own Souls, and for the Souls of all who This Great Gift of The Father's is intended for. There is no man, woman or child that is not included in The Father's Love, and there is no one He does not want to grow in a greater degree of Spiritual Grace, because of the Soul that must become 'a Saint'. So be it."

SEPTEMBER 6, 1995 AT 1:06 P.M.

SAINT JOHN VIANNEY

“I am Saint John Vianney. This Message that I am about to deliver is important for all the men who walk in the Priesthood to read and understand. There is so much dissension, so much false rhetoric, so little discipline, so much confusion spiritually, mentally, physically, to thousands and thousands and thousands of dedicated Roman Catholics throughout the world.

It is a great sadness to All of Us Here to see so many men deliberately ignoring what is best for the Souls of all of mankind. It is important for men who have accepted the role of instructing others in what sound moral values should be, what sound moral standards should be, and how they should be lived by all individuals.

Men are walking away from the importance of the responsibility they have accepted in wearing particular clothes, holding places that thousands depend upon to be sound in not just definition, but in practice and instruction. There is much sadness

Where I am because of the Importance of so many Souls that are going to be lost because of so much confusion, so much diabolical thinking, and yes, so much pleasing the enemy of God and man to the point where, if it continues, The Father will show His Hand.

It is sad to say that so many who wear the cloth of Spiritual advisor ignore the threat that The Father's Will must be understood in the full measure It is, and that mankind is being drawn from truth and driven into diabolical measures, unorthodox ways of doing things, ignoring the importance of dignity in following what is morally correct for the Soul.

There is so much more to be spoken about this terrible descent of a prayer life, because nothing is being nurtured, nothing is being solidly directed. I will talk more on this later."

SEPTEMBER 6, 1995 AT 1:29 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There are Many Saints Here in the Heavens Whose Names have never become known in any part of the world. There are Many Who walk daily in This Miracle, and are given permission by The Father to speak openly; that is, what you call at times when you know Heaven is speaking but there is no Name attached to It.

It is The Father’s Will that each of you and all other human beings, will walk in the midst of All The Saints, taking part in all They do, and in many ways, acting in specific manner, degrees, to help mankind in human ways. Many times when someone leaves the earth, there is great sadness, of course; but very few close to them truly understood their great worth morally, mentally, sometimes even physically. It is a beautiful thing for mankind to recognize this fact, that even though you are not well-known for all your good acts, your inward love for God, you can become ‘a Great Saint’.

There is so much being delivered through This Miracle to encourage mankind, to instruct mankind, and to embellish what mankind already knows, that human life has a Special Place in The Father's Design, because of that Special Gift, the Soul.

This Miracle has been given to the world for all of mankind, not just for those who are close to It. All the written Messages, Instructions, Love that has been delivered, is for many generations to come, so as you are given the Precious Gift of hearing firsthand so much, remember that you are the instruments of The Father's Love that will pass down through time Important Words, to help many more fully understand what a Precious Gift human life is to man.

It is not necessary to walk a total Spiritual role, because so many facets of human life give strength, instruction, interest, for others to not just see, but to be instructed in many ways in the importance of purity of body, mind and Soul.

Remember My Words, for They come with a deep Love, and with not just hope, but a desire that through

**your work, through your cooperation,
through your will, you will be the
instrument to save Souls. So be it.”**

SEPTEMBER 6, 1995 AT 1:54 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. Whenever stories appear about Me, there is always much written about how I went to battle with many, many men physically involved. I have been requested today by The Father to speak to you regarding the battlefield you stand on in your day. Though it is not considered a battlefield where ugly weapons are being used against the flesh, it is a battlefield of honor, of dignity, of grace, of morals. It is a battlefield in which very little sound instruction is being delivered, being encouraged, being developed, and there is very little of this shown as example.

You live in a time where there is so much diabolical interference, intervention, intercession, causing some of the most intelligent people to reject morality, good intentions, sound values, accepting all that is immoral, all that is what man calls ‘living in a modern generation’.

Do you not think that there have been many times in past History that were thought of as ‘updated’, as ‘modern’? The Father has given This Miracle to instruct mankind of all ages, not just what man would term ‘a vulnerable age of indiscretions’, but all ages are to be alerted to the valuable need for morality in every area of life.

They say that mankind has become highly educated, superior in many ways to any time in the past, and yet much of this education is based on past theories, past motivations, and yes, things that were adopted at one time to be the ultimate in fields that not too many were involved in or understood.

Man says, ‘History has a way of repeating itself.’ These words are true to a degree, but wouldn’t logic say when something is being repetitive, shouldn’t it also be elevated to more sound morality, sound logic, because of what a human being stands for, what a human being is capable of doing, and of course, the Goal of human life that is beyond all other things?

The Father sent This Miracle to the world and it is The Holy Spirit of The Father that is in charge of This Miracle, because if mankind will look into All that has been delivered, only logic would say that All The Father is giving Himself, or through Others, is not just to raise the mentality of man to more spirituality, but to give mankind more understanding of the Value that human life was designed for and in.

It is Important, This Miracle, because All that We speak is to strengthen mankind into better understanding of the Value of human life and the Importance of the Goal that awaits it. So be it.”

SEPTEMBER 6, 1995 AT 3:02 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas. Mankind lives in a time in which educational endeavors are the ultimate goals to be gained in many fields, that before this time, only a small number were attracted to. As this is occurring, there are many who feel that they are able, not just to cope with high theological theories, but become expert in this, on this, in ways that they in turn, use what they feel they have for many public audiences that are not qualified to fully determine what the speaker is trying to impress them with.

In the time of Moses, Everything that was delivered to him by The Father was clearly spoken, clearly defined, and Moses’ time with The Father, to learn All He had to say, was a much longer period of time than it has ever been revealed to be. God instructed Moses deliberately, and in such a degree of understanding so that when Moses was to deliver to others What he had been given, it could All be clearly stated in Its fullest measure.

That time in History is a parallel to this time in which you live. The Father has given to the world of mankind, clearly spoken, to be clearly written, All there is for mankind to clearly understand the Importance of why He created human life, and the Goal He intended for it.

We hear some say, ‘Have you heard about that Miracle wherein Saint Joseph is speaking?’ Others, in hearing this say: ‘Yes, I have, but it is my understanding it is not only Saint Joseph, and He is referred to with a different Name; He is referred to as “The Holy Spirit of The Father”. Could this be true?’ I know this sounds not just questionable, but it is a logical reaction, because it is important for mankind to be able to hear the Instruction, or read What has been spoken, and then think about the Importance of It, and be able to see the reality of What has been taught.

So much has been delivered, and It has not traveled the distances that It was to have traveled. The whole world must be sent All that has been delivered through This Gift of The Father’s Love. This One Subject alone is of Great Importance for mankind to

learn, and to better understand more about Saint Joseph, other than He was mere man. Logic will say to many: ‘It is so reasonable. This Statement makes much sense to me now, for who else would be chosen to be The Foster Father of The Son of God, than The Spirit of God?’

Much must be delivered in a more rapid manner, because mankind is walking in a state of confusion because of so much wrong direction being delivered through so-called ‘homilies and instruction’, ignoring the Importance of the Souls of the individuals that are subjected to the biased, and/or wrong information.”

SEPTEMBER 6, 1995 AT 4:31 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. There is so much for mankind to learn about the Importance of human life and the Goal The Father has for each human being to become ‘a Saint’.

This *little one* We All use to speak Words of Instruction, of Direction, informative so that mankind can better understand what a great loving Gift human life is and always has been to man. Mankind should think of this very important question: If there was not a Goal of Importance for mankind to reach for, what would be the purpose for so much that has been spoken about, instructing on, regarding The Father’s Commandments, and the necessity for mankind to seek purity above all other things? Also, why would there have been so much Instruction regarding the enemy of The Father and of man, and that it is important for mankind to resist having any contact with him, any exposure in dealing in his manner of doing things?

Mankind has been told about the Importance of the Soul, but so few truly feel the need for constantly being conscious of this Important Factor in life. There are so many in your time, as there were in other times, who denied the reality that the enemy was always available, and that mankind should resist catering to him in any manner of living.

There are millions of people throughout the world who have never been instructed on the necessity for purity for human life. There are so many who are falling into the pits of Hell because they are ignoring The Commandments of God and the necessity to protect the Soul from being cast into Hell.

This Gift of The Father's to mankind has not been given for reasons just to give mankind something to read, something to think about, but the Importance of the Messages, Each One of Them, is a constant, consistent Instruction, alerting mankind to the importance of saving their own Soul, plus being good example to all other human beings.

Right now in the world there are so much diabolical practices that no man, woman or child has any distance to travel to find any of these things. It is as close to them as their front door, as a door to a room, because it is a constant means available every moment of every day, not just using the innocence of some, but the greed and immorality of others, totally ignoring the Soul that The Father has given to mankind, to give strength to mankind, to fight off all temptation, and for mankind to be sure to protect the Soul, as the Soul protects mankind. Some might say, 'How can my Soul protect me?' As a Portion of God, where could mankind find a greater protection? It is the will of mankind that submits willingly, sometimes aggressively to the temptations that are available in all forms of entertainment, all needs of some for attention, and of course, all that appears as good, but are in reality deadly temptations.

As I speak at this time, it is important for mankind to know there are hundreds of Us Here with The Father, Who are more than willing to partake in all He desires Us to do, even

if it means just one Soul to be returned to Him for All Eternity. So be it.”

SEPTEMBER 7, 1995 AT 1:07 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Mankind says, ‘I love you.’ Sometimes it is not heard in the fullness it is meant, and there are times it is not meant in the fullness the recipient desires it to be, but when I say, ‘I love you,’ there can be no question in the Degree of Love I have for you, for do not forget, within you there is a Portion that is directly from Heaven, and that, in Its Very Fact, makes Us closer than mankind can possibly, humanly, understand.

The Father gave to the world a Special Gift of Divine Love, and in this Love there is a hope that mankind will begin to understand the closeness in relationship that all men have with The Father, because of the Soul that is within them. As We look at the world and We see so little understanding, so little instruction that has value to it, teaching the Value of human life, the Purpose of it, and the closeness it is with The Divine.

There are millions of books that have been written by all degrees of intellect, but what We are giving to mankind in terms understandable to mankind, through This Miracle of Divine Love, is far more important than all the books throughout the world that mankind places much importance on, and much importance in.

Children of all ages must be instructed on the use of sincere prayer. As a child learns to communicate with other human beings, the child must also be instructed on his or her closeness with All of Us. It, in many ways, is more immediate in attention and response than what occurs in human associations.

Mankind relates tears to sadness, to hurts, or sometimes to a need for attention. A prayer receives much faster, quicker attention. Teach children of this Precious Piece of Information that will give them strength in moments of temptations, and/or hurts from another one like themselves, or even a physical hurt wherein they feel pain, fear.

So much has been written through This Miracle, to give mankind a more solid understanding of the importance of communication that mankind has with All of Us Here. So be it.”

SEPTEMBER 7, 1995 AT 2:37 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“As I speak, I am holding *the child* deeply because so Many of Us, as We instruct others through her, We use physical energy, mental energy, and of course, Spiritual energy beyond human ability or scope.

This Miracle that bears My Name hands to the world a tremendous degree of Instruction bordering on all areas of human life, plus much in-depth Instruction because of the Importance of the Souls that are the recipient and/or the victims of what the individual does, says, practices, or is subjected to.

Many of Us deliver much Instruction wherever this *little one* is. Many ‘Preparations’ for her physical and mental well-being have been a great part of This Miracle, so that men, women and children of all ages, all degrees of intelligence, all temperaments, all backgrounds, would be able to fully understand what is spoken through her to benefit them in many ways, to aid them to be more

acquainted, more acceptable, more learned, more knowledgeable in The Father's Plan of human life.

There is so little spoken about, regarding the importance of how mankind should allow himself or herself to be treated by others, in association with others, whether it is family or friends, or mere acquaintances, or those with whom they work. There are no areas that have not been touched in some form, some degree, some manner, so that mankind would be better able to deal with daily living, because all of what mankind is involved in can affect the individual's Soul in ways and degrees that no human being is aware of or understands.

The Soul of human life is a Portion of The Father, and It is the recipient of more than man realizes, because It has never been spoken about or instructed in such a manner, to such a degree that it has been, and is being done through This Miracle of Mine that bears My Name as The Holy Spirit of The Father.

I hear some say when they hear this Title, 'It cannot be, I do not understand it,' and many other

comments that in many ways only show their degree of understanding of the Importance of man having a Soul, because as The Father Himself has a Holy Spirit within Him, He created mankind to His Image and Likeness, and in this Creation, He placed within human life a Portion of Himself.

What a Blessing man has been given, a Gift greater than man can discern It to be, but hopefully when mankind more fully understands that he or she is the bearer of a Gift of such Great Spiritual Value, perhaps man will become more understanding of the importance of service to God, obedience to God, love for God above all things.

There is so much to be spoken to all of mankind regarding what a Precious Gift human life is. Our reason for making Our times limited in what We say is because Each One is a Lesson, Each Time is timed to allow the individuals who will read Our Words to more fully understand the subject matter to a degree that will help the individual or individuals be able to grow to a higher degree of Spiritual love, and reach for Sanctity when the time comes. So be it.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. The Father uses *a small voice*, one who by nature is quiet, yet sincere, and continuously feels the obligation to All that The Father has Declared necessary to benefit the Soul that she has been instructed, so tenderly, to declare Its Importance and Its place in each human being.

It is sad when We hear so many discuss This Gift of The Father’s Love, This Miracle of Instruction that has repeatedly spoken of the Importance of human life, and What He Himself placed within each human life, called ‘the Soul’.

Repetitiveness in so many areas of This Miracle has been given to mankind, with the same subject, but in a multiple of manners and degrees, for all degrees of understanding, all degrees of knowledge, all degrees of belief in the Importance of Who The Father Is. Mankind must fully understand that a Blessing of This Kind is not often so openly given to

man. Human life is a Special Design, has a Special Purpose. Human life is a privilege because of the Soul that is placed within it at the moment of conception.

We hear children pray in all forms, all manners, all degrees of interpretation. There is not one prayer that We do not accept, but there is a great sadness to Us when We see what is behind what is being spoken: those who walk in deception for attention, for monetary gain, for monetary means, to prove to others they are exceptional in the Eyes of God, and should be in the eyes of man.

This Miracle that has announced to the world the Sacred Place that The Beloved Saint Joseph holds, revealing to mankind that He is The Holy Spirit of The Father, and that He was sent to the world in human form to protect Me and The Son of The Father. Who else would The Father choose? Certainly not merely man. This should be obvious in Its Very Truth, Its Very Logic.

This Miracle has instructed mankind in depth, helping mankind to more fully understand that each moment of life has a Goal to it. Each

act in human life has a responsibility in it. Man talks about phases that individuals go through: phases of human study, human behavior, human morals, human immoralities. So much has been spoken in deliberate ways, extensively teaching, instructing, that every moment of every day, every human being is responsible for the Soul within them, because this Soul has a Purpose, It has a Goal, and the Soul must be protected because of What It is, Who It is, and What It was given for.

So many times when We hear mankind plead ignorance to What We have spoken, there is a sadness We All feel because it is nothing but an excuse boldly given, boldly done to avoid restitution. Mankind should understand that every moment of life from the moment of conception is monitored, and there is no second, no minute that We are not aware of, because of the Importance of human life, because of the Soul that is within it.

We have spoken thousands and thousands and thousands and thousands of Words through *a small voice*, not in any emotional splendor,

excitement, never demonstrative, but only expressing quietly What is passed through her Soul, so that mankind can better understand and be more willing to understand all about the Importance of human life and its Goal, because of the Soul that is a Portion of The Father. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Mankind reads many books, even books wherein the subjects are not subjects the individual would want others to see them read because of the content. There are so many different subjects contained in books of all sizes, the subjects so numerous, and not always the subject matter of interest to the individual who chooses to look at the book and read portions of it.

Along with advertising the books for them to be sold to a multitude of people, the title of the book, the cover on the book, is made to draw attention. Sometimes a very suggestive cover causes an individual to purchase the book because the cover suggests immorality, and in the cover, it portrays a suggestiveness that will initiate a more in-depth learning regarding some form of adultery, promiscuity, permissiveness that the reader finds entertaining, but what the reader does not always delve into is that the subject matter could, in many ways, cause the reader to many acts of impurity.

Now, alongside of this book in the same store, in the same place, there are books with no such covers, but in reality, the subject matter would be entertaining, interesting, have encouragement to act upon an idea, a subject, a course, a goal, that would give the reader many benefits and open doors, sometimes to a new way of thinking, a new form of acting out, acting or encouraging more constructive projects, interests, ideas, ideals.

Mankind has a Gift from The Father, the Gift of sight that in its full concept has unlimited motivation to accomplish many things. Eyesight is a Gift that mankind usually takes for granted, because mankind instructs constantly. Sight is a light to worlds of pleasure, worlds of hope, worlds of progress, and through these worlds, man can enter and grow mentally, morally, physically, spiritually, economically, educationally.

The Father has allowed so much to be written, instructing mankind of all ages on the Importance of what human life is all about, and the advantage of human nature, the human

mind focusing on what the True Goal of life is: Sainthood.

We see some who pick one of These Books up, and find great interest in What has been written. We see another one pick one of These Books up and ignore the Lessons in it. We see another one pick the Book up and We hear what the individual has to say. The remark is: 'This is interesting. I never thought of it this way.'

The written word to mankind is in many ways the path to a door opening, encouraging vision through the words that is not just enlightening to the mind, but to the Soul, and when the Soul is affected by what is written, there is great worth to the words, and these words are never erased from the individual. They are indelibly marked, because as the individual reads what is important to the Soul, the Soul in responding to the subject matter, at different times will draw the thought back to the individual.

Those of you who read These Words can relate to different prayers you might have memorized. Perhaps the prayer was learned a long time ago, or it was a prayer that became a

habit, or it was a prayer that was seen as bringing the mind and the body and the Soul closer to the Reality of God. If the prayer was never written, never read, and it was just learned, it too could have an effect all through one's life, because when mankind feels that something within them relates to The Divine, it has an indelible mark.

Today in the time in which you live, and of course, for some time now, there have been many false, so-called 'prophets' using this means, this method, to attract others' attention to them, because of the power that they recognize in the association of God with man. The reason the word 'false' is used is because the individual or individuals using this method, this means for financial reasons, for personal attention, for ego, or whatever other reason they might feel they need to expound, to deliver, must be seen for the value it is, the truth it is, in spite of all that is dramatically shown, expressed, initiated, to gain attention.

When The Son of The Father walked the earth and instructed thousands, His Voice was not always heard, but those who passed His Words

on through crowds saw the necessity to repeat, as best they could, His Words that were spoken, so that those who were listening to Them would gain the Knowledge, the Strength, the Hope, the Love that was in Whatever was spoken by Him.

In those days, the words were not in script. Verbal instruction was the way it was done. In the time now, that mankind has the ability to read for himself or herself, so much of What has been delivered by so Many, even The Father Himself, are fortunate beyond what they can realize, because there is nothing more direct being handed to mankind than What This *Miracle Of The Beloved Saint Joseph*, The Holy Spirit of God, has been able to do in so many years, for the benefit of Souls.

When The Father truly hands to the world a Portion of Himself, He has Great Reason, Great Purpose, a Great Goal, and those who have been exposed physically, mentally, and through the written Words, have been given a Gift of Divine Love beyond any human ability, human intention, human words. So be it.”

SEPTEMBER 11, 1995 AT 1:25 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are so many things in the world that were designed in the same concept in which so many, so much that Heaven instructed mankind on, such as: there is a Heaven, there is also a Purgatory, and then there is truly a Hell.

Mankind goes in an order comparable to this, when mankind makes decisions: truth, when all things are totally proper, sound, good, and have a special value to them. Then there is a territory of understanding wherein mankind can evaluate what is said, what is done, on these terms: lies, biased and totally false, untrue.

This Miracle is All Truth, instructing mankind on the Importance of how The Father designed Guidelines for mankind to follow. These Guidelines are not past History. Since Their inception, They are the most Valuable Guidelines for man to follow, because of the importance of Them and from Whom They were delivered. Mankind in learning These Guidelines,

knows Them by the title that was given to Them: God's Commandments. It is always sad for All of Us Here in the Heavens to hear These Commandments diminished to such a concise manner, concise degree, concise evaluation, concise value, eliminating the importance of the meaning of each one.

Mankind has a way of ignoring a full description of a subject, always with the intention of making it easier for others to understand, but All of Us find this lacking in so many ways in the instruction of so many important issues, because the Soul of each individual is Who will be Judged. Now, remember, I did not say what or all of the individual, in whom that Soul was an Important Part.

Mankind is not always aware of the Presence within himself or herself of a Portion of Divine Love, Divine Will. In fact, there is no valuable instruction on this Gift of The Father's Love at the moment of conception, except, of course, through This Miracle of The Holy Spirit of God, Saint Joseph.

As it has been explained, perhaps in a different manner, you have a name given to you by another living

human being, and this name carries you through life. Your physical is associated with this name, and many times when individuals use many ways to change their name to something else, more liked by them, the original name is indelibly marked somewhere, in some manner, for some reason.

The Soul within each human being is identifiable by the name of the human being; thus, when the human life is no longer a part of mankind, the Soul exists and lives on forever, and the Soul is Judged by The Father for all that was passed through the Soul by the human life in which It was placed at the moment of conception.

This subject is difficult for many learned men and women to comprehend, to fathom, or to understand, but This Miracle through The Spirit of God is likened to the Soul that is in mankind. It will go on forever, and forever, and forever, because the Soul can never be eliminated; the Soul is a Portion of The Father.

Mankind has been taught in a very straightforward logical manner regarding this Special Gift, and logic should tell all who hear about It,

read about It, that human life has responsibility above and beyond all other living things. Each individual has the responsibility to seek Heaven for the Soul, so the Soul will be in Its Proper Place, will become 'a Saint'. It is wrong for mankind to say, 'Mine will be lucky if It gets to Purgatory.' What right does mankind have, because this same individual or individuals, could or would strive to have the most, the best, the greatest that physical life has to offer, and yet We see every moment of every day, not just a laxness, but a determination to allow human life to supersede all things, ignoring That Portion within the human life that The Father Wills to be returned to Him, a Saint in Heaven.

We could teach, We could instruct, We could deliver every moment of every day on the Importance of the Soul of mankind, but *the little body, the little one* that The Father has chosen for This Miracle of constant Instruction, could not survive physically, the inability for the physical rest, and all the other needs of the physical way.

I say these things, because in What I have just said, What I have just spoken, is that once the Soul is

released from the body, the Soul is totally in The Father's Control, and each human being should understand that This Miracle of Divine Love has been given to mankind so that mankind can fully understand Sainthood is the Goal of the Soul, and that human life is a Gift of Divine Love, and should be understood as a Special Gift of Love designed by The Father, created by The Father, to become 'a Saint in Heaven'. So be it."

SEPTEMBER 11, 1995 AT 2:40 P.M.

THE SACRED HEART

“I Am The Sacred Heart. What do I mean when I say, ‘I Am The Sacred Heart’? Some who read These Words take Them lightly, or just refer to a picture of The Sacred Heart of Jesus. The word ‘Sacred’ is Important, because it says above and beyond what a normal heart responds to, and Who It belongs to.

Mankind refers to a feeling or an act of love that automatically suggests one’s heart. The Beat of My Heart is constant, for through It I initiate a love for All that is Here in the Heavens. My Heart depicts life, and in this life it says morality, hope, conscience, closeness to The Father, because as My Heart beats for mankind, and the picture of My Heart is seen as The Son of The Father, My Heart says to mankind, ‘As you look at My Heart, know that This Heart can be associated with your heart, to your Soul.’

There has been so much spoken about, instructed to mankind on the

Importance of the Soul that each human life has within it. It is difficult for some to fully understand how Important this Soul is to the daily life of man, but It is the Closeness to The Father that never ends.

Mankind writes books about Spiritual gifts, Spiritual facts, Spiritual growth, Spiritual goals. Very often the books are written by those who base what they are speaking about on what they have heard, what they believe, what they understand.

This Miracle of The Father's Love is reaching mankind on what mankind would call 'a direct line'. It is important that mankind understand that for so much to be spoken about, instructed on, helping mankind to more fully understand the Importance of human life, the Goal of human life, and that each life has a Soul; also, at the sight of My Heart on a picture, or on a statue, or a prayer in My Direction, brings immediate attention to the child or children who are speaking to My Heart for attention, for help, for understanding, for growth in some form or manner, for instruction.

Mankind oftentimes speaks casually about his or her heart, because the heart to mankind means love, expresses love, because of all the reasons I gave above. No home should be without a picture of My Heart, because even in passing and just looking at It, there is an immediate sensitivity to It. There is also a bond, not understandable, but obvious many times in what I hear some think, because mankind is very conscious of the beat of his or her heart, the importance of it.

So do not forget, though I do not stand in your midst as other men do, My Sacred Heart is always available to you. I hear all prayers, I listen at all times, and I am fully aware that My Sacred Heart truly loves you. So be it.”

SEPTEMBER 13, 1995

OUR HEAVENLY MOTHER
VISION

“The little one will tell you what she sees.”

It’s Our Heavenly Mother, and She’s sitting. She’s all in green, the most beautiful green I have ever seen, and I’ve seen Her in green before. The green is brilliant, and She’s smiling. And the Crown on Her Head is all green. They’re very large emeralds. She’s smiling.

There’s gold on Her gown, but the gold crosses and then hangs down to the left side of Her. There is gold on the bottom of the gown, I would say about that wide, and it is the same width here.

Her hair is very long, very beautiful, and She’s smiling and She’s telling me that all the work that has been passed thus far, is only a foundation for the important things that are to be cultivated from All that has been spoken, All that has been delivered through This Miracle of The Father’s Love.

“Throughout the world We see so much desecration, so much diabolical actions, practices, acceptances, disregarding the Importance of All that The Father has given to help mankind fully understand that human life has a Special Purpose.

It is sad to hear anyone speak in a derogatory manner, way, with accusations that are based on untruths, deliberately directing thousands of men, women and children away from This Gift of The Father’s Love, This Miracle of Divine Truth, that has released to the world the Important Place in which The Spirit of The Father is such an Important Factor, releasing the Information to the whole world that as He walked the human way, and mankind thought Him to be normal, natural in all ways, He was basically, actually The Holy Spirit of The Father.

Logically speaking, man should find this easy to understand, because who else would The Father have chosen to be the Father of His Son and walk by My Side, for the public to fully understand We were a Family? It could not have been done any other way. It was important for mankind

to see Us, understand Our position socially likened to the way they were, so that We would not stand out in a manner that would cause a lack of approvement by all who lived in that day.

This *little one* through whom We All speak, stands against odds difficult for mankind to fully understand or to even comprehend, because if you think about it, at this time mankind is using all means, all measures of looking for Signs from Here, and as they are doing this, they are accepting all that is make-believe.

There are so many Important Lessons for mankind to read, to give mankind a fuller understanding of the Importance of what human life was designed for, the Importance of the Soul that is within each human life.

As I speak to you now, there are some who have gathered in small groups, making big plans for things that are not designed by The Father's Will, but they are feeling the emotionalism in them.

But when I see you, I am with you, for the most part I feel only tranquillity within your being. In some I see an

earnestness to truly see the Value of All that is presented. And in some, I say, 'The day will come and you will more fully understand the Greatness of the time in which you lived, and the Importance of All the Direction that was passed to you firsthand.' The world is in chaos because of so much diabolical activities, pleasing the enemy of The Father in many ways.

You must remember that at different times during the day, when you are busy, when you are with others, you have the privilege to say a silent prayer, just calling Our Name and secretly saying a few words mentally to Us, because your Soul will be sure that that prayer, that thought, that act of love, will reach Us immediately.

It is sad for Us to know that millions of people do not understand this Great Gift The Father has given to mankind. Mankind places so much emphasis on the physical. That is natural, that is understandable, but there is so little emphasis on the Closeness, the Connection that man has with The Father Himself.

As the child sees Me sitting on this Throne, she sees all Light behind

Me, all Light around Me. It is a Vision that one day, hopefully will be put in picture form, so that mankind will see Me in a slightly different way than the pictures that have come before.

My Very Presence blesses you. My Love for you is a Blessing to you, and All that I have spoken Personally will register into each one of you, perhaps a little differently, but I want you to remember that We wait for that prayer to reach Us through your Soul. So be it.”

“*The child* will be in three days because of the Power I Am, and that I have extended through her to speak to you. It takes time to be released slowly, because of her little physical. Do not forget the prayer to Me. I will wait for it.”

She’s smiling, and She said, “This Gift of The Father’s Love is so Magnanimous that it will take some time for men of Spiritual endeavors to even minutely understand the Magnitude of It.”

SEPTEMBER 14, 1995

OUR HEAVENLY MOTHER

“For the last thirty-six hours We have held this *little one* very tightly, because of the extreme exhaustion in which the body has surpassed any strength, physical. As We deliver much through her so many hours of the day and night, Our Presence, the Power of Our Presence, absorbs a strength beyond what mankind could not, can not, and is unable to understand.

There have been many issues that this *little one* has been approached with, wherein major decisions had to be made. It is difficult to walk completely drawn to Our Attention, Our Presence, Our Words, because of the Importance of All Things delivered through her, for the good of all mankind.

From the beginning of this Responsibility, this *little one* through whom so Many of Us speak, has been instructed on many subjects, for many reasons, for all different types of human beings, to help them understand the Importance of human life,

and learn more about The Father's Plan.

We have spoken slowly, We have spoken quickly, and she is more with Us than with you, difficult for you to understand, but sometimes when We want her to fully understand an important issue, and you are with her, you are fully aware that she is more with Us than with you. I could say, 'Is that not so?' and I would hear 'Yes' from many.

The Father has Blessed the whole world with This Miracle, because it is the first time that so much Instruction has been given regarding that Important Part of human life that is present in all human beings, and always has been. So little attention was given to It, and now This Miracle has been given to the world to stress Its Importance. It is the Soul.

So many who walk a fine line across a deep crevice, would find safety on that line if they more fully understood the Importance of the Soul, because they would not take the chance of endangering the Soul. But mankind is not being instructed in this form, in this manner, by men and

some women who find that they are theologically alert, aware of so much, that in their self-importance, ignore the Most Important Part of human life, the Soul.

In many discussions of late, We have instructed this *little one* that every human life born to the world has a Soul, and the Soul cannot be judged by anyone but God.

Through time, there have been many men chosen as leaders to instruct thousands, sometimes even millions, regarding the Goal of human life. In some of their so-called 'instruction', they had definite personal rules that they would use as guidelines. Some of these rules were not correct.

There is no child born to the world that, if he or she leads a life of purity, a life based on sound rules, a life sensitive to all others, no matter what religion they have accepted, or if no religion is involved, cannot become 'a Great Saint in Heaven'.

The Soul is the recipient of all an individual does, all an individual thinks, all an individual accepts, all that an individual is example of. It is important for mankind to understand

that goodness is very important, because through goodness, the Soul reflects it to The Father.

When you say your prayers, whenever you say your prayers, perhaps you mention a Particular Saint. As you say the prayer, the Soul immediately transmits this prayer to The Father, because the Soul is a Portion of Him. I did not say the Saint is not alert to this, but the Soul immediately is in contact with The Father. Never forget this.

Teach the children, when they say a prayer, that the prayer immediately reaches God. Tell them that there is no in-between because of the Soul that is within them, is the Contact between themselves and God.

Mankind says, 'How can this be?' Mankind asks that question because mankind cannot fathom the Magnitude of That Portion that is within him or her, that Closeness to The Father that never leaves until the moment the physical no longer exists.

It is important for mankind to fully understand, every act, every thought, every word, every mood, every example, is registered within

the Soul, and the Soul, as a Portion of The Father, is always the Contact.

Now, if you explain this to some outside this room, it may help them greatly, or it could make them wonder, because they were taught differently, they were instructed in a different manner. But it is important for you to understand that as example of this Direct Truth, Direct Act of Love, you are as close to God as your hand. Remember what I have spoken.

As I spoke on the night before this, to others like you, it was Important, Everything I said. I want you to read Those Words also. The reason you are handed so much of the written Word is so you will not forget the Importance of what human life is, and the Love that is instilled within it at the moment of conception.

You know instinctively that you are different than anything else that lives upon the earth. You know that you have a will to accept sound moral values, sound moral standards, or you have the will to reject. This is a Blessing, because both things were given so if something is wrong you can reject it, something is right you

can accept it. The Father, in His Love for mankind, has given mankind the option, the ability, the sensitivity, and the sense to act accordingly.

So much has been instructed today through this *little one*, so that as she gathers with others on the morrow, or even later today, We hand to them what We have already passed through her, perhaps on other subjects.

This is difficult for mankind to understand, impossible for mankind to understand, but it is Fact, it is Truth, because We are in Constant Control of her love for you, of her love for mankind, of her obedience to The Father's Will, and of course, the Importance of This Great Miracle that bears the Name of The Holy Spirit of The Father.

Many of you are mothers, and every one of you had a mother. This is important for you to understand, that as you stand in human life, you have the responsibility to instruct those close to you regarding What they hold within them, a Portion of God, and in this Gift of His Divine Love, it makes mankind the highest, most intelligent design that has ever been created,

because it is the closest thing to The Divine, because of the Soul that is within it.

Through *this child* I bless all of you, for your Faith, and because you have taken the time to be present, and because of your love, your understanding, your hope; also, for your innate Goal, whether you are aware of it or not, to become ‘a Saint in Heaven’. So be it.”

SEPTEMBER 15, 1995 AT 1:57 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Children must learn the importance that all that is done by them, through their emotions, their tempers, their anxieties, their problems, can be learning stages of conquering weaknesses and gaining strength regarding all they must make decisions on, later on in life.

We have spoken millions of Words through This Miracle, not All written, but Many in general conversation, Many quite descriptive regarding moral values, moral standards, truths and untruths, facts, and/or just stories that have a point to them. This Miracle was designed by The Father to help mankind more fully understand the Important Reason for human life, and of course, the Goal for which it was created.

Mankind writes a play; there are many versions of one subject. One individual would think of one way to display what the story was all about, and skim over some facts that would

exaggerate the subject. Then another one would write in excessive detail about unimportant things that would leave the audience wondering. This Miracle that The Father has handed to the world, the whole world, is instructive to the minutest detail, leaving no room for misinterpretation, leaving no opening for the enemy of God and man to inject a subject, a point of view that would distract the one reading It from What The Father wanted the Message to reveal.

Everything that passes through this *little one* is to strengthen someone, or a few, because every individual is different in nature, beliefs, moral practices, and personal views. The Father has sent a Blessing, and it is important for all of mankind to see This Miracle in the Magnitude It is, for the Purpose It is, for all types, all personalities, all natures, all occupations, in all areas of human life. So be it.”

SEPTEMBER 15, 1995 AT 3:14 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. It is important that mankind fully understand that This Gift of The Father’s Love is a Gift of Instruction, giving to mankind What has never been given before, especially in the detail that it is being done now. When it was first announced that My Title was as The Holy Spirit of God, We heard much rejection, none based on knowledge, and it was sad to hear so much rejection of this Truth.

So many times when We say to this *little one* through whom We All speak, ‘We want you to announce to others to take Our Words in script, so that What We have to say will be able to be passed on to many, many others throughout the world, and for many years.’ The spoken Word is many times forgotten, or on the other hand, it is easy for It to not be remembered in the exactness It was given, but the written Word is long lasting and has an affirmative confirmation to It. It is valuable, because it specifies or denotes Facts that, in some ways,

would not have the impact of Truth if the Words were just spoken verbally.

In the time that We All walked the earth, and The Son of The Father would teach, instruct, We would look at Him, knowing Who He Really Was, and of course, Our True Relationship with Him. We also knew that because of Who He Was, His Words would be more indelibly instilled than the average, ordinary human being would be capable of. His Mother and I would smile, because We would watch the faces. We would listen to some who were in the crowds, telling others who did not hear the Messages, the Instructions that were being given. He would passively walk with people, talking on a one-to-one basis many times, and they would be intrigued by the Stories He would unfold, regarding the Importance of human life and its Goal. They had never heard such instructive Direction before this, especially in this manner or mode.

At this time it is All being repeated through *one voice*, because in many of the books that have been translated, there is such an impersonal relationship because the wording is describing issues, practices,

associations, purpose, and what mankind should follow for the Goal of life. It is not always suggested that the Goal be mentioned as Sainthood, and that is why, in so many countries, there is so little understanding of the Importance of human life, the Reason for its Design, its Creation, its Goal.

We see confusion, misunderstanding, a lack of communication, but also mankind not being able to see the Importance of human life in relationship to the God-given Gift of life, Sainthood. Most never even really think about the Connecting Link that would make mankind 'a Saint'. They can only associate with human abilities, talents, human understanding, most times totally unaware that The Father, in His Full Design of mankind, placed within mankind a Special Ingredient, giving mankind the Means, the Reason, in how mankind can associate one day returning to The Father in a Form different than human life, and yet It was one day a Portion of human life, never seen, never fully understood, and that no human being could implant in any life.

So much has been instructed through This Miracle of Mine, on the

Soul that can be described as the Light that is above all other things in the world, and that this Light is more than just a light man knows light to be, but it is the easiest and most understandable way to instruct mankind in, for mankind to be able to associate in, with.

The Soul, as a Portion of The Father, is indefinable in man's concept, man's ability to understand, but as mankind senses that there is more to human life than what he or she is used to recognizing, it gives mankind a Special Goal, a Gift beyond all human understanding.

As I speak through *a small one*, to you and to all who will read These Words, I, Saint Joseph, Am The Holy Spirit of The Father, and it is The Father's Will that each child born to the world will one day be a Light Here in Heaven, recognizable by name, because of the Light in the Soul that was within their human body since the moment of conception."

SEPTEMBER 18, 1995 AT 11:01 A.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. The Father deliberately gave a Personal Message to this *little one* on this day, to give her the strength to endure, and also to capitalize on her littleness. I smile at this remark ‘capitalize’, because it is through the littleness she is, the genteelness that is always obvious, that she will win the war, maybe not in the eyes of those who live at this time, but Our Words will live on forever. Our Directions are clear and have much substance within Them. The Father chose a small voice, a small form, because in this type that *this child* is, her willingness to absorb, to accept His Will was evident.

It is important for mankind to understand that all through time there have been many types of wars, some political, some financial, and needless to say, there have been many religious wars. There are so many sacrilegious practices being enforced, encouraged by men who have accepted vocations that were designed to be dedicated to

follow The Father, His Commandments, for the good of Souls.

Many, at this time in which you live, are ignoring the sound reality that mankind is different than all other creations, and in this difference there is Something Special; It's called 'a Soul'. Since there has been so much delivered through This Gift of The Father's, instructing continuously on the Importance of human life, the Purpose of human life, and that in each human life The Father has placed a Portion of Himself, not just dignifying human life, but separating it from all other creations.

It is natural for mankind to fear a war because there is always a right side and a wrong side. At this time, the war that is being fought has on one side the enemy of God and of man; on the other side, *a small voice* delivering to mankind The Father's Way, The Father's Will, The Father's Love, The Father's Hope, The Father's Direction.

Man will say, 'Why such a small voice for such a Big Task?' This is not just an ignorant statement, not just a foolish statement, not just a ridiculous

accusation. Mankind is ignoring the Power of God, because all The Father needs is one thought to destroy the whole world, but this is not His Wish at this time, so He has given a small voice, *a little one* who walks the human role, to be *the instrument* of His Love, warning mankind, and yet instructing mankind on the Importance of human life and its Goal.

Sometimes when mankind thinks of a battle they picture a battlefield, or a particular area of the world wherein this battle is occurring, and there is much chaos, much harm, mental and physical.

What is occurring through *a small voice* cannot be misconstrued as being her will, because it is too Magnanimous in Its Concept, Its Courage, Its Truth, Its Value, Its Goal. Thus far, in many ways The Father has been gentle, but it is important for mankind to understand that because there are so many Souls being abducted into wrong thinking by egotistical men and women, All that has been delivered through this *little one* must saturate the world, and there can be no question as to the importance of This Statement. Every avenue of

communication must be used before it is too late. Granted, the enemy will not win the war, but if action is not taken quickly, many Souls will pay a price, and this must not occur. I will talk more on this later, and Others will also. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Each time One of Us speaks through This Gift of The Father’s, it is a happiness to Each of Us Here, because This Communication between All of Us and mankind is Special in so many ways. There is not One Present Here that is ever reticent to speak; in fact, I smile as I say this, ‘Mankind would term it like this: “I feel They stand in line to deliver us Words from The Divine.””

One voice, one body, that’s all The Father needs to hand to the whole world of mankind His Love, His Direction, His Concern, and This Magnificent Gift of Communication. It is sad where We hear those who doubt What is really occurring. It is sad when We see rejection, because that means the individual or individuals are closing Heaven out. Satan uses many distractions so that mankind will not be able to hear What passes through this *little one* so clear.

The envy of This Miracle is a million times a millionfold, because

of the Greatness of It, because of the Intention in It, and because of the Importance of Each Word passing through *one small voice, one small body*. Many men, some women argue against This Occurrence. In some ways it is jealousy, and in other ways We can call it 'the inability of Spiritual discernment' in one's way of living, one's belief in how The Father would so generously work.

Mankind finds enjoyment in taking a small stone and throwing it in a pool of water. The ripples are sometimes more than what are expected. We can compare This Miracle to seeing something like this, for Each Word of Direction that pours forth through this small voice, this *little one*, should generate a multiple of ripples, alerting mankind to the Action, to the Beauty, to the Reality, of how Important This Miracle is to the whole world of mankind, for though the Words are given here where you are, They will be read throughout the world. This must begin immediately. No avenue must be overlooked to allow this to happen.

So much Love passes through This Gift that The Father has given to

mankind, because of the Importance of the Soul that is within each human life. We hear some say, ‘How can so much be talked about regarding a Soul no one has seen, and It cannot be felt?’ I, your Heavenly Mother say, ‘At this point, at this time, is it not logical to understand that human life was designed, created for an Ultimate Purpose, with an Ultimate Reasoning?’

Today as I speak, I see millions of mankind, all ages, deliberately searching for something to direct them, to give them strength, to give them something to cling to. You have It here at your fingertips. Use every means to see how It can be passed to the whole world, not necessarily quietly, but obviously. So be it.”

SEPTEMBER 18, 1995 AT 2:40 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am The Holy Spirit of The Father. When you talk about the spirit of man, ask yourself, what do you mean by this? Do you not mean action, accomplishment, drive, force, initiative? I could dictate many Words regarding this particular part of human life.

Mankind talks about the spirit of teamwork, the spirit that so many act in where there is competition. Today I speak to you through The Spirit, in The Spirit of The Father’s Love for you and all of mankind.

In the Creation of human life, The Father embraced this creation in a very special way, through placing within each creation at the moment of conception, a Portion of Himself. In this handing to mankind what is called ‘a Soul’, it automatically says to mankind that within each life, there is a Spirit of Love for God because the Soul is a Portion of God. The Soul is also the drive for mankind to want truth, purity, and seek the Goal Higher

than human life, and that, of course, is Sainthood.

Now, it is true, all men, women and children do not think daily regarding the Facts I have just spoken, but it is innate in mankind, in so many ways to understand truth over untruth, sound values over unsound values, right over wrong, balance over imbalance, morality over immorality, success over a lack of success, or what could be termed 'failure'. So few times does mankind truly look into what human life is all about, the magnitude of its very existence, and of course, the Purpose for which it was created.

Mankind is aware of prayer, and prayer, to many denominations of different Faiths in a Higher Being, differs in content, in practice, and it is obvious that when prayer is for good, whether it just be for the body, for the mind, or for the Soul, it is important for mankind to see that prayer was given to mankind to balance things that were meant to be just physical or just mental, through morals, moral values, moral standards, obviously because of an innate understanding in mankind of the Importance of human life.

Children are being exposed to all degrees of immoralities, making many insensitive to the necessity of purity of mind and body. We see so much indifference to what is important for the Souls of all ages, all cultures. There have been many times in past History wherein mankind could be addressed as totally insensitive to God, because immorality was prevalent, acceptable.

This Miracle that bears My Name must be heard throughout the world, because mankind is subjecting themselves to so much diabolical pressure and intercession that it is affecting the Souls tremendously. We hear some say, 'If I had a Soul, I most certainly would have seen It, or feel It.' This is a sadness for Us to hear, because as long as mankind is aware of what is right morally, mankind must innately feel that judgment in all actions, all ways, all words, is a privilege, and not just something that should be ignored. Personal judgment of right over wrong has a special part in each human life, and this includes all ages.

This Miracle that bears My Name has been designed to give to the world, the whole world, an Informative List of

Instructions detailing to the minutest point of decision, that man was created for a Special Reason, in a Special Way, for a Special Goal. We sometimes hear men, women, and even children use all terms, all means, all manipulative measures to ignore practicing purity over impurity, justice over injustice. The enemy of God and man can be cast aside by any human being, can be ignored by a small prayer, a decision that makes the choice right over wrong.

The Father has Blessed the whole world with This Miracle. The Father has given mankind a Gift beyond any gift man can receive from another man. Mankind should be rejoicing at the mere hearing of This Miracle. All opposition to This Miracle is being recorded by The Father. It is important for mankind to know that no act, no thought, no word, no deed, is not recorded for each individual that The Father allows to be born. So be it.”

SEPTEMBER 19, 1995 AT 1:53 P.M.

SAINT ANDREW

“I am Saint Andrew. When The Father gives One of Us permission to speak through This Gift of His, Blessed by Him, it is a privilege and an honor, because in It We can express to mankind the Love there is in the practice of duty that serves a Special Purpose for the good of mankind.

When We hear mankind not just disagree, but argue over the validity of This Gift designed by The Father, instructing mankind the Importance of the Soul that is a Portion of Him, there are many areas in man’s life that call for respect, and in each of these areas, the response that is dignified extends the subject matter, and the importance of it, to a greater degree sometimes than what the subject could possibly have done, if those involved in the subject were not respectful, caring, and yes, dignified. Mankind has for some time ignored the necessity for dignity in human life.

We have often asked The Father, why has He allowed this, and He has

openly spoken These Words: ‘I have given man a free will, an intellect, the use of respect on all issues that deserved respect. I have given mankind values, and the format in how to use valuable information, valuable actions that covers the body, the mind, and the Soul.’

There has been so much disrespect at different times, regarding the Importance of human life and what it was created for. Human life was created out of, and because of a Supreme Love, that if mankind truly looks at what human life is all about, no one can deny the value of it, the greatness of it, the Love that is in it, because mankind has been designed to do many things; first of all, to be able to create more human life, to be able to counsel what human life is all about, to be able to share human life through all the senses, through all the abilities, for all the goals.

There is no other life as human life is, because human life covers so many areas of personal Gifts designed by The Father to work hand in hand with The Father’s Will, and then to one day be Judged by Him, returning the Soul to Him in a different role.

This, as most of mankind knows, is called 'Sainthood'. There is nothing else created by The Father that has this Goal. Through This Miracle of Divine Love, and It is called 'a Miracle' because The Father has designed It to pass through *one small child*, All He wanted mankind to learn about, to see the Value of, and to be personally instructed regarding the Soul.

Those who have been able to be present, have and had, an obligation to pass All This Information to those who could not be present, because it is important that no one throughout the world not hear of This Gift of The Father's Love that He designed with such Personal Attention.

When We hear many men, women, and even children expounding on what they call 'religious instruction', there is so much of themselves in the forefront, in the concepts that they instruct on and in, that much of what they are saying is false in interpretation, and demonstrates egotistical self-appraisal.

This Gift, called '*The Miracle Of Saint Joseph*', is in every way established and perpetuated so that

mankind of all races, all creeds, will find the Importance of human life, the Reason for it, and the Goal that awaits it at a given time. All that We have been directed by The Father to instruct mankind in and on, has been given in a form, a manner, and a length that no human being would find too difficult to understand and too long to read.

Everything that is spoken has Reason, has Purpose, and must travel throughout the world, because there is no living human being that has the ability, the strength, or the understanding of so much Divine Love. That is why that it is important for mankind to realize, that all the books throughout the world written by mankind can in no way be equated to What The Father delivers through This Miracle for the Souls of all mankind, in all places throughout the world. So be it.”

SEPTEMBER 19, 1995 AT 2:48 P.M.

SAINT AGNES

“I am Saint Agnes. Whenever We are requested to speak through this *little one*, it is in what mankind would call ‘a Gift of The Father’s Love’, handing to mankind a Treasury of Love. It is sad to see so much diabolical dissension, depravities taking place in all areas, amongst all types of people, all ages.

Children imitate what they see, and are oftentimes victims of what they hear. Children are not being instructed properly. Many of Us Who speak through This Gift of The Father’s Love, ask Him why the Words are not harsher, because it appears as though mankind is avoiding to make changes, not fully understanding the abuses to the Soul, the indignities to the Soul, that are not just being practiced, but are becoming habits that will definitely be difficult to stop. The Father always reminds Us of the will He has given to each human life. He also reminds Us that He has given the world in-depth Instruction many times through others like themselves, so they

could understand and relate to human language, and what was written in the language they would understand.

We All hear mankind shout 'Freedom of thought, freedom of action; I want my freedom.' Does mankind truly understand the responsibility that is automatically connected to freedom of any nature, any degree?

This Time of This Beautiful Miracle will go down historically as being a Time of Great Instruction, with no part of human life not spoken about; that is, regarding the mental, the physical, the moral, and also the personal weaknesses and strengths that mankind has been gifted with for important decisions.

Mankind many times refuses to recognize his or her own attitude, example, practices, in what can be termed 'corruptive to the Soul'. Mankind is used to making excuses, or more than excuses, absolving himself or herself from any wrong, saying that it was not meant to be immoral, to be indecent, or to be boldly acted out against any one of The Father's Commandments.

The word ‘purity’ is almost extinct when it addresses anything regarding human actions, human thoughts, human ideas, human ideals, human relationships, human occupations, or human preoccupations. Mankind must begin to see that throughout the world there are evidences of many diabolical practices that must cease, because of the Souls that will be lost.

It is sad to not hear mankind refer to the enemy of God and man. It is as though satanism, satanic warfare, satanic involvement has been totally eliminated and is no longer a threat to the Souls of mankind. It is true, mankind goes through many periods of taking firmer stands on moral issues, moral values, but at this time in the world immorality is accepted in all degrees, physical, mental, even Spiritual.

Mankind must learn to think before acting, speaking, accepting, acknowledging things that are dubious in their meaning. You do live in a time that is a great sadness to The Father, but you have the privilege, the ability, the Source, the Means, to change many things, and represent outwardly, express and demand others with whom

you are acquainted, and in everything you do openly, for others to see that morality is what you stand for in all things.

There is no price tag on goodness. There is a terrible price tag on impurity. There is a Hell. Let no man tell you there is not, and it is not a terrible place. So be it."

SEPTEMBER 19, 1995 AT 3:21 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. So much has been handed to mankind in the form of Direction, helping mankind to more fully understand the Importance of human life, The Father’s Great Love for human life, and the Goal of human life.

Let us stand in a courtroom, and the Judgment is to be made regarding your Soul. Naturally, The Father is The Judge, but you have a jury of Souls Who at one time walked with other human beings, and these Souls in Their very knowledge of what it means to be subjected to human weaknesses, human loves, human dislikes, human pressures, human talents, human excuses, human abilities, human decisions, human values, will be judging on how accountable you are, you were, for all you participated in, how you reacted to right over wrong, good over evil, purity over impurity, self-love over love for God.

The trial has begun. Now, you must remember that all the true

records of your whole life are indelibly marked on your Soul. All that you have accepted, whether it was pure or impure, is evident in the different lighting of your Soul. What action do you feel will be taken? What justice will you expect? Will it not be an important moment? As I speak of these things to you, it is for you to better understand that there will be a Day of Judgment, and you will depend upon The Father's Love, and your Soul will automatically want to be with Him.

Mankind is ignoring the Importance of human life, the dignity in which it was created, the Love of The Father that was placed within it. All ages should be instructed in every area of human behavior, and then it should be categorized whether it is acceptable morally or unacceptable, because no man knows the time Judgment will take place, nor the full circumstances surrounding this time, but through This Miracle of The Father's Love, mankind is being reminded that Judgment will be faced. So be it."

SEPTEMBER 20, 1995 AT 11:25 A.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. This *little one* through whom We All speak is a voice to the whole world, helping mankind better understand that moral weaknesses are detrimental to the Soul. Throughout the world, there are so many diabolical practices, issues, showing evidences that are against all purities connected to the body, to the mind, to the Soul.

This Gift of The Father’s Love is beyond man’s ability to understand Its Greatness, Its Value, Its Hope, because mankind walks in the midst of mankind, accepting as normal, as natural, all that occurs.

The Father, in choosing this *little one* at a very young age, prepared her continuously for ‘this time’ to be able to take place, for her to be able to receive instantaneously Our Presence, Our Words, never questioning, because through questioning, it would delay What We must say.

When We hear different men, women, and even children question

This Gift of The Father's Love, it is a sadness to Us, because All Things that are handed to mankind verbally or written, contain only Logical Facts, and should only be conducive to all individuals to see what is right, what is good, for the benefit of the Direction, in the Direction, that is the subject of What is spoken, written.

We address all ages as children, because all ages are children of The Father. Mankind uses different terms because of the age factor, but no living human being is not a child to The Father.

Mankind must renew their interpretations on what The Father's Commandments are all about, because so much permissiveness, promiscuity, and diabolical intervention has taken place, has been accepted, that it is rare to hear, to see mankind's full, sound interpretation of what These Guidelines, These Rules, truly mean.

There is so much more to be spoken about These Commandments to all religious Faiths, because there is so much sacrilegious behavior occurring, through ignoring the full meaning of The Father's Commandments. Some

just say, and some just obey the concise form in which They have been brought to this time, but They are to be spoken about, instructed on, to Their fullest degree, just as They were in the beginning, when They were first revealed.”

SEPTEMBER 20, 1995 AT 12:28 P.M.

SAINT ELIZABETH OF HUNGARY

“I am Saint Elizabeth of Hungary. We are ever Present in great numbers where This Miracle of The Father’s is available for Each of Us to address mankind in and on, the Importance of that Special Gift from The Divine, the Soul.

Nowhere in the world has there ever been, or is there now, so much Personal Instruction on that Particular Portion of human life that is definitely, truly, positively, Part of The Divine. This may be difficult for some very strong-willed minded people to accept, to understand, to believe, but nonetheless, it is Fact, it is Truth; else what part of mankind would become a Saint — the body that automatically no longer exists as a body? Is not the head of the individual part of this body? Would not logic say it had to be Something beyond what mankind can relate to as human, as part of the living human body? Logic would say it had to be Something beyond, from the Beyond.

This Gift to the world of mankind, instructing all races, all creeds, on the Beauty of this Special Gift of Love from The Father, should give to mankind a security for life to be above all other things, and that through this Gift of The Father's, a human identity will remain forever.

The Soul, as a Personal Gift of Divine Love because It is a Portion of The Father, is most difficult for many to understand. But how many go to a physical doctor? He listens for a sound in the body, or a beat that the individual is not aware of. It is there. It is some portion or something that gives the human doctor the information. The Soul is constantly evident, because the Soul is a recipient of all that a human being does, says, reacts to, permits, and/or accepts, that in some way the mind, the nature, the conscience, the will, or the physical is evident.

So many Blessings have passed through This Miracle, so much Divine Love. What a Gift mankind has at this time in which you live, because The Father has chosen 'this time' to instruct mankind on so much that mankind at one time might have heard of, but never in the detail that The

Father has been, and is still giving through This Miracle of His Loving Holy Spirit.

This Miracle must be announced throughout the world. It must be kept from no one, for no reason, because there is no human being that does exist in the physical form, that does not have a Portion of God within it. So be it.”

SEPTEMBER 20, 1995 AT 12:50 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is sad when We hear that so much is occurring that eliminates the beauty and the purpose of service to God, through the Priesthood, and through those dedicated to many works of mercy, education, in the convents that once existed, housing women of all ages dedicated to lives, helping to give strength, courage, hope and Spiritual guidance where it was needed.

The world now can be compared to an empty shell, because of so much that has been drawn from it, taken away, eliminated, where strength was once hope, energy, sincere love, dedication to the service of God, in serving mankind in all areas of life, and being example of service to The Father, automatically helping those even of other Faiths to find comfort, strength, hope, in just the appearance of a uniform that spoke love, mercy, sincerity, and definitely devotion to God. What a void there is, and in this void We see nothing but turmoil, anxiety, a lack of hope, a lack of

strength, because in the absence of so much evidence of spirituality, it has in many ways caused many weaknesses and many deliberate open offenses against The Father's Commandments.

I know it would be difficult to pick up the pieces of all that was, and put the whole thing together and expect it to be like it was, but if mankind will but take the time and read What The Father has delivered through This Gift of His Divine Love, there will be a growth in spirituality, purity, and mankind will begin to see that human actions, feelings, practices, must begin to thank The Father for allowing This Message, and All Other of These Messages, because of so much Instruction that has been revealed regarding the Gift that The Father has given to mankind at the moment of conception, a Portion of Himself.

This alone says: Do not desecrate the body in any way, because within it The Father exists, and it is important that purity of mind and body must protect the Soul from any desecration. So be it."

SEPTEMBER 20, 1995 AT 1:13 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. As We listen to men, women and children of all ages, We understand the interest that many of them have on going into what they call ‘outer space’, and finding what exists out there, and finding what chance man has to exist out there. They call it ‘discovering what is beyond the earth, what is in the universe’, yet in many ways they also know, that to mankind, there is no place for mankind to live a normal life out there.

The experience is obviously dangerous but has an excitement to it, even much envy attached to it, because mankind is instinctively looking for the unusual, the different, and wanting to be the first to know about it, to be remembered by it, and to go down in History as the discoverer.

There is nothing wrong morally with this, but in some ways, if mankind would look around himself or herself, and see all the advantages in making the world a better place, a purer place

for all of mankind to partake in, to be able to eliminate all that is wrong, all that is diabolical, this would be a tremendous start for the greatest adventure mankind could be a part of.

Mankind is inclined to make a habit of certain things. Some habits are good, and some habits detrimental to the individual or individuals' mental, physical and/or Spiritual. For instance, a parent teaches a child to pray, but the parent is not example in other ways, because the prayer that is spoken does not coordinate with how the prayer says one thing, and the parent or parents live in a manner and a way that can be termed 'totally immoral, indecent', causing a confusion in a child or children. The question is then: 'The prayer means nothing? Does not those who love us believe in what they have taught us to say?' words such as simple words:

God bless me today. Help me to be good, help me to know that what I am doing is right or wrong. Help me to understand if I offend You, God, in my lack of purity.

Parents should understand, and relatives of the child should understand, that children are imitators. It is how they learn. It is important for families to make a point of purity as a joint venture, a joint practice, and live the life together, so there are no questions to interfere with the rhythm, the hope, and the purity that registers in the Soul of each living member.

Man calls it ‘modern times’. This is man’s way of making excuses for his or her own lack of proper identification to what is morally sound, morally truthful. Many changes must be made through example given to children, because the children are confused, and in this We see much disaster to the Souls of millions Who are the victims of what is immorally practiced. So be it.”

SEPTEMBER 20, 1995 AT 2:20 P.M.

GOD THE FATHER

“Mankind would not expect Me to speak, and many will deny that My Words are Truly Mine. I ask mankind, ‘Why is My Existence not always available?’ As The Father, I Am Forever, and I am everywhere at all times. Mankind can be in only one place at one time, but as The Creator of All Things, I am everywhere at all times.

This Miracle of Communication with mankind that I have designed, and I have addressed It to human life, so that mankind can more fully understand My Purpose for the Creation of man.

Mankind talks about Bible History, historical events addressing subjects that were evident by what occurred, and the importance of that time, also sometimes mentioning names that were present, even those when I created the world. Mankind learns through stories, and then the stories are put into script. I am The Designer of All Communications

between man and Myself, and also all the communications that are between men with other men.

It is Important, This Miracle I have handed to the world, because in It and through It, I have spoken to mankind Firsthand, and I have allowed Many Others to give mankind Direction, Instruction, and also, the benefits of being spoken to, regarding many personal issues.

In times past, there were times when I was forced to show My Anger, My Wrath. I have handed through *a little one*, the Responsibility of listening to All Here with Me, Words of Direction, Words of Consolation, and Descriptive Words, instructing mankind on valuable areas wherein mankind must understand that there is an Important Goal for every human being.

I have given descriptions easy for man to understand. I have allowed many things to be said so simply, so that there could be no doubt as to What I meant. The Greatness of My Love is beyond any human measure.

The Reason for This Miracle is beyond any gift, any love that man

could possibly measure. This *little one is an instrument* in which I, in many ways, pass to mankind subjects for mankind to think about, Goals for mankind to use the human life to reach for.

I accept no excuses based on disbelief of This Gift of My Divine Love, because the time now is important, due to the fact that there is so much diabolical acceptance. I see no rejection, not even in what others think are Holy places, Holy men and women.

I speak These Words Strongly, Firmly, Openly, and I want Them delivered throughout the world. You will find a way, I assure you, and I will give you the strength, the energy, the Direction, because 'I Will It To Be Done, And Soon.'"

SEPTEMBER 21, 1995 AT 10:47 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I Am Saint Joseph, The Holy Spirit of The Father. This Announcement has been the subject of conversation in many places, because mankind finds it difficult to understand this Title connected to My Name. I ask all who question It: ‘Where was I at the time of the Crucifixion? Where was I at the time of the Conception?’ Mankind parallels Our Lives with how mankind understands human life to be created, and to be lived. The Mystery that surrounded Our Way of Life was The Father’s Will, His Design, because of the importance of family life for all time.

This Miracle that bears My Name was designed to be at ‘this time’. It is a Miracle of Instruction, and a Miracle giving to all who will read the Words, Important Facts on the Importance of human life. You live in a time like many other times, wherein the enemy of The Father and man is constantly prodding mankind to make changes, that in true essence are not in the order designed by The Father.

Children are being misled in so many ways. They are not being instructed in the importance of Spiritual values based on Spiritual truths. They are being exposed to so much diabolical practice, intercession, informing them that human life was meant for many things, and that the human mind can do whatever pleases the individual. After all, man has a will. The will in many men, women and children is not acting on its own, but is being told what to do by either those in authority, or those in the same area or stage of life they are in.

Youngsters, for the most part, instinctively know truth, know values, and inwardly, instinctively know when something is impure, but yet at this time there is so much open to their eyes, to their ears, that in multiple ways is bad for their Soul, because they are exposed to so many impurities by others, or what they see, what they hear, and it is sad for Me to say that it is leaving a mark that may not show up at the present time, but one day they will base a decision, hopefully uncomfortably, but yet the decision will be made on immorality.

We hear some men, women, say: ‘Life is full of experiences. We have a free will. We are supposed to use it. We can’t go through life not accepting what others close to us are doing. We will be cast aside, we will be laughed at.’ In reality, this is not something new, but before this time, mankind was instructed more firmly on the Importance of the Soul. It is sad for Me to say that for the most part, this type of instruction or caring is thought of as a thing of the past. It is not of the past. It is important for all ages to understand that purity of mind, body and Soul are the ingredients for Sainthood.

Also, ask yourself: Do you daily, weekly, monthly, renew what you believe in The Father’s Commandments that pertain to your daily way of life? Can you honestly stand before God and say, ‘I follow to the letter what You taught’? These are things that mankind should not allow to be past History, but should allow themselves, and instruct others, to make it a habit to examine one’s conscience, one’s practices, one’s attitude, one’s manner of association with friends, relatives, and acquaintances.

Some men and women reading This might say, 'Life goes on, and it is not part of this modern way of living.' In other words, they are saying they could become outcasts if they do practice moral values, moral standards, and base them on God's Commandments. We have heard some who have read What We have dictated through this *little one*, and some of the remarks are only excuses for their bad habits, their lack of understanding the Importance of human life, and the Goal for which it is intended.

As I close this time with you, I want you to know that in Each Word I have dictated to be written, to be read, My Love for you is The Father's Love for you. So be it."

SAINT JOAN OF ARC

“I am Saint Joan of Arc. Many stories have been written regarding My life as a girl, as a soldier, and as a victim of men who considered themselves Holy. I come through This Miracle on this day at the request of The Father.

Many stories regarding My life were never written, because all details were not documented as they occurred. As it has been told, I did hear Messages of Direction that I knew were important, and from Where these Messages truly came. When the time came for me to be with men who were soldiers, at first they could not understand, but it was obviously the Hand of God, the Power of God, that instilled within each of them the Value of What was told to them, and the importance of each Direction. It was difficult at first to walk side by side with an army of men that I barely knew, and yet I knew I had to deliver All that I was commanded to deliver, so they would be able to fight for what was good.

When the time came and we parted, the loneliness I felt was unbelievable to me because I had grown so close to them, because of the strength between us, and the remembrance of every victory. As we parted, they too had tears, because I was told at that time that without them, I would have to fight a battle greater than the ones I had fought with them, side by side. I have to say, I questioned this Message, for I could not comprehend any battle being worse than the ones we had already been in.

Since This Miracle of The Father's Love was first handed to this *little one* through whom I speak, I have been given permission to be present during many of the Messages, and also when her physical body reached total exhaustion because of the pressure, the Responsibility that I could relate to.

As I speak so openly now, I must say what I am going to say. The physical battles on the battlefield were beyond human ability to withstand so much devastation, so much unhappiness, and so much physical strength that it took, but as I faced those who lied

about me, those who denied me, those who tricked me, those who caused me personal harm, immorality beyond what mankind could describe, in a prison of all men, it was a horror the whole time.

As this *little one* through whom I speak, gentle and genteel, quiet by nature, is fighting a battle unseen by others who surround her, because she is instructed constantly on what the enemy thinks, what the enemy is doing to discredit her, The Father has requested that These Words be written to help you better understand that a love for those who walk with you, stand beside you, is a binding love when you walk a Path of service to The Father so firsthand, but you must be aware that jealousy, envy, unjust hate, is very often prevalent, and it must be seen, not ignored, because it is dangerous. Mankind has a false opinion of what some who walk in particular robes truly are in their nature, in their habits, or in their drive for personal success, titles. Much unfairness can radiate from them, total injustice, arrogance, not always seen.

It is important that This Miracle be spread throughout the world as

quickly as possible, allowing no one, or several, to stand in Its way, because there are too many Souls that need This Miracle, that will be able to become ‘Great Saints’ because of It. Without It, they will not be instructed properly, and it will deny them a Greater Glory that The Father Wills for their Soul.

Do not forget what I have spoken. It is Important because of the Value of Truth in It, and the Importance of *this child’s* Role. So be it.”

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. I have not spoken openly for some time, but there are many times, when there appears to be silence, I am speaking to *the child*. We always smile when she repeats Our Words to others, as though she is in conversation normal to the human way of life.

When We All hear prayers addressed to Us individually, it brings a happiness that would be difficult for you to understand, because The Father allows prayers to be answered through Many Here according to His Plan.

Small children must begin to learn more about Sainthood, through learning about Saints, for there are Many, Many, Many Saints Here. True, Some are not publicly known, but They are ready to serve, ready to help in every way The Father Wills. Also, children are not being instructed on the importance of small prayers during the day, secretly made between themselves, The Father, The Beloved Mother, Saint Joseph, or One of Us.

Sometimes a child has never been taught about the full, true existence of Sainthood. In the later years, it has become more a forgotten practice, rather than a practice of having Someone to be able to speak to silently, Someone they cannot see, but the Faith in Their being present and hearing is important to all ages, and people in all manner of living. Children should be taught that prayers need not be spoken openly, loudly, or dramatically. They should be taught that a silent prayer, asking for help, asking for some hope on some issue, is immediately heard through the Soul that they have, since the moment of their conception.

Think of it this way: When a baby cries and the mother and/or father are in another room, the baby's cry is not always loud enough to be heard, but suddenly there is a need for one or the other of the parents, or those in charge, to feel the necessity of checking on the little one, or little ones. The Soul is many times That Portion of God that alerts the need for action or reaction.

Much Love goes with My Message to you today, and needless to say, much

hope that more children will be taught about Sainthood, the Beauty of It, the Importance of It, the Closeness of It, the Truth. So be it.”

SAINT ROSE OF LIMA

“I am Saint Rose of Lima. I announce Myself, because The Father instructed Me to begin My Words to you this way.

The world is in great turmoil because of so much unrest, so much immorality. The unrest is mostly due to the immorality.

It is important for mankind to instruct those close to them through their actions, through what they believe in, not necessarily through preaching or making big issues out of how they feel certain things should be done.

Mankind has a saying: ‘Actions speak louder than words.’ These are basically important words. If one would but look at The Commandments thoroughly, I would say each Commandment instructs about ‘actions’, and this is important for mankind to understand. The Father says, ‘*Thou Shalt Not Have strange gods Before Me.*’ That is an action. The Father says, ‘*Thou Shalt Not Take The Name Of*

The Lord Thy God In Vain. That is an action. Then there is a Commandment that says, ***Remember, Keep Holy The Sabbath Day***; the next, ***Honor Thy Father And Thy Mother.*** I do not need to go any further.

The Commandments of The Father must be taught thoroughly, and in a manner and way easily understood, easily applicable to everyday living. *Thou Shalt Not Kill,* *Thou Shalt Not Steal,* and so on, and so on, and so on. This is a beautiful way to instruct others on these important Lessons that say so much, and are so easy to learn, because They apply to all actions in human life. So be it."

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. There are so many areas of instruction, for instruction, needed by all of mankind at this time, because there are so many areas in daily living, whether an individual is at home all day, or out working in the world, or going to school. Exposure to the habits, the interests and the degrees of morality that is part of everyday living, has a tremendous effect on the morals, the values, the standards, the intentions, the habits, and even the daily practices, because many people imitate everything they see, and everything they see others do, when it is attractive to them.

It is important that the whole world be given copies of All that has passed through This Miracle of The Father’s Love. When This Miracle first began, there was much curiosity when some heard about It. In others there was much animosity, and in others there was a feeling of wanting to attack What was being spoken, wanting proof of Everything that was

being said, they themselves unable to discern the Magnitude of What was being given Firsthand.

Jealousy is a very serious weakness, because it many times robs an individual of important understanding of what is right, what is wrong, what is good, what is evil. Jealousy penetrates human nature, human ego, human abilities, human anxieties, human intentions, because of the personality of the individual or individuals, and of course, numerous other facets pertaining to upbringing or particular characteristics of an individual or individuals.

Many times We hear what mankind calls 'arguing', regarding the importance of what prayer is like, how it should be said, and comparing it to those of other religions, other Faiths, other backgrounds. Many times the one who has the strongest degree of Faith falls short of being able to explain clearly the value of what they believe, because of the bombardment of so much animosity, ignorance, and even cruelty on matters of Faith and morals. Then there are those who, in arguing so strongly, are basically the weakest in sound belief, because they

are fighting inwardly for answers, and in their lack of understanding, their lack of capacity to fulfill their own needs, they strike out in a total lack of clarity and confuse issues that, if they would but listen instead of overreacting, they would find peace.

Mankind talks about war, its disastrous effect on everything, everyone, and then mankind discusses how peaceful things are. Loving God within one's own self, living daily, personally dedicated to this communication, to this oneness with God, has a peace beyond any other peace man can become aware of or participate in.

Children of all ages, some can be very young, and some can be of a much higher age group, but innately where there is happiness, agreement, peace of mind, respect, and different signs of Spiritual meaning, whether they be paintings, sculptures or readings, there is a tranquillity.

When We hear some so-called 'preachers of the Faith' expound loudly, deliberately on various issues, We hear no point of direction valuable to those who are present. It is the

individual seeking attention, seeking recognition, and very often monetary measures.

When Our Lord walked the earth, His Instructions were sound, quiet, deliberate, and were full of spirituality that had Direction, had Purpose, had Goal. He very often spoke plainly, in a sincerity that was never mistaken, like hammering His Hand on a table or a bench, because His Words were so full of Worth that His Presence, the Strength in His Voice, the Direction that All Words were spoken in, had Peace in Them, because they were directed to the Souls of the individuals present.

As the Apostles gathered along the way, they were individuals. They latched on to His Method of Instruction, because It was personal and yet strengthening. It had within Each Word understanding, based on the Direction of what life had been created for. That is what This Miracle is all about, giving to mankind of all ages, not just a sensible approach to the Importance of life, but a practical, logical approach to the Goal of life; not threatening, but instructing.

It is important for mankind to understand that This Gift of The Father's Love traces back to when Our Lord walked the earth with the Apostles, and other men. Men were instructed in how to instruct others. Women were spoken about with respect, and they, too, learned the importance of their place that God had planned. This Miracle is a Gift of Divine Love. It is now as it was then. So be it."

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Many of Us are present as this *little one* through whom We All speak, describes to you the importance of mankind understanding that the Soul is a separate Entity of Divine Life, placed within each human life at the moment of conception.

There is so little attention being given by men who have accepted positions in Spiritual roles in the Roman Catholic Church, in reference to what the Soul in each human life is all about.

Mankind has the ability, the conscience, the will, the understanding, to discern what is morally correct, what is morally wrong.

The Soul, as a separate Entity in each human being, is a Portion of The Father. That is difficult for mankind to fully understand but, nonetheless, it is Fact, it is Truth, that the Soul exists, and is the Portion of that individual human life that will be Judged; but

mankind must remember, will also be destined to become ‘a Saint’.

I will speak more on this later.”

SEPTEMBER 22, 1995 AT 11:47 A.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. This is the only place throughout the world that so much is being handed to mankind on the Importance of that Special Gift of Love from The Divine, a Portion of The Father, called ‘a Soul’. It is impossible for mankind to imagine or comprehend what a Magnificent Gift of Love the Soul is, and mankind cannot relate to anything upon the earth that could in any way be as Special, as Magnificent as the Soul.

Man treasures gifts such as jewelry, artifacts, clothing, and many other things that give comfort to life, enjoyment, but no human being realizes the True, Full Importance of what the Soul is. The Soul is the Gift of Enlightenment regarding the fact that mankind is Special, above all living things, that mankind is more important than any other living animal, plant, or any other thing.

Mankind very often looks at life as a struggle, because of what it takes

to live financially, but there is much more to human life. There is a Goal beyond what any financial progress could possibly compare to. Though the Soul is a Portion of The Father, It is, in Its True Essence, the recipient of all that an individual acts upon, speaks, does physically, morally or immorally. The Soul cannot be considered in any comparison to an organ of the body, because the Soul, as a Portion of God, is beyond any human description or understanding. It is in many ways a Mystery, just as The Father is a Mystery.

Man's conscience, sensitivity, abilities, duties, knowledge, characteristics, temperament, educational degrees, are not connected to the Soul, but the Soul, in Its Oneness, Its Difference in Matter, Meaning, will be Judged in ways mankind cannot understand, because you must understand that the Soul is a Portion of God, not a portion of man, but a Gift to mankind, giving to mankind the ability to see Justice, Honesty, Truth, Holiness, as the Goal for which man was created.

The Soul, as a Special Gift of The Father's Love, instills in mankind

the importance of truth, and the logic of The Father's Existence. The Soul can never be seen, but is many times felt, because through the human mind there are many areas in which the very Presence of the Soul encourages an individual to choose purity over impurity, right over wrong, truth over untruth. The Presence of a Soul in human life is a Divine Light that no other creation in the world has, or has ever had. The Soul is a Companion to man, always there, so that mankind will recognize that human life is distinct in its Creation, different than all other things, and has a Goal to reach for that nothing else has.

When man says a prayer, the Soul, as the recipient also of this prayer, is the Messenger to The Father immediately. It is sad to know and to see, that mankind is once again going through a time wherein there is so much diabolical-based sensitivity to so many areas of human life. Mankind must begin to understand that purity of mind and body does not make life less happy, but in many ways gives to every day an inner feeling of hope, love, that is beyond what mankind can fully understand.

We speak so much, so continuously through this *little one*, and have done so for more years than the figure given openly. It is important for mankind to see that This Gift of The Father's Love, of Instruction, must be recognized for the Good that It is, and that It will give.

There is so much more to be spoken about the Soul, because the Soul, as a Portion of The Father, is beyond any human comprehension, and there is no human design for It, because the Light that radiates through the Soul, in the Soul, is The Father's Light. Remember this."

SEPTEMBER 22, 1995 AT 1:50 P.M.

SAINT CECILIA

“I am Saint Cecilia. Whenever One of Us Here is allowed to speak through This Precious Gift of The Father’s to mankind, there is a joy in Our midst beyond what We can describe to you.

As We lived at another time, Our way was different; but as We are allowed to speak, We are unified in so many ways, because This Gift of The Father’s Love was given to the world, the whole world, to teach mankind the Importance of human life and to instruct mankind on how to protect the Soul.

So much has been spoken about regarding the Soul, and many who have read All of the Words delivered might say, ‘We’ve heard so much about the Soul; how could we possibly hear any more?’ The Soul, as a Portion of The Father, is unlimited in Its Value, Its Purpose, and mankind must understand that through This Miracle of The Father’s Love, All that has been spoken regarding the Soul does not cover all the Soul is truly like,

because The Father is indescribable in man's words, in words that mankind can understand.

Mankind is using a more liberal act of prayer at this time in which you live; in fact, it is based on insufficient wording, not allowing the magnitude of what prayer truly is in connection to The Father. Prayer is a communication, identifying an individual with The Supreme Being. Even when a prayer is addressed to One of Us, it first passes through The Father, for He is in knowledge of all things, and constantly aware of all things at all times.

Not only children should be instructed on the importance of this communication that can be so private, so complete, and of such great help to the human being that is requesting, or is just even speaking on any subject in a prayerful way. Mankind has eluded the importance of what prayer truly is, because there is not much instruction on the importance of it, the need for it, and of course, The Father's Love to hear it at all times.

As man talks to man, woman talks to woman, a child talks to a

child, it is a form of communication. In many ways, it strengthens one or the other, or both. It confirms what one is thinking. It brings people close. A prayer does the same thing, because the Soul of the individual is in instant contact with this prayer, and The Father is aware. This should not be difficult for anyone to understand. It is an important part of human life for mankind to remember. There does not have to be a special occasion, request, or time, but a slight response of Love gives strength beyond what anything on earth can give.

Man says, ‘Companionship gives life more joy.’ If mankind will but remember, no one is ever alone because of the Soul that is within each human life, and This Soul, as a Portion of The Father, is closer than any two humans can be, so communication through thoughts, words, actions, is something to think about, something to be aware of, something to practice, because in its very essence it gives a strength morally, physically, and a deeper love.

The Father listens to every thought, every word, every action, because the Soul is that Perfect Communication. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius. It is so important for mankind to read All that has been given through This Miracle that has been designed by The Father, instructing mankind Directly, on the Importance of the Soul.

Mankind must understand that as The Father revealed why this Soul is so Important, is a Blessing to all who are living now, and all who will come after, because there has never been so much delivered on this Closeness human life has with The Creator.

There is so much demonic intervention causing so much dissension between men, women and children. It is public knowledge that so much harm, so little care for other human beings is constantly being practiced. Mankind calls it ‘the time in which we live’. These words possibly fit more times in History than man could count. The important factor here is that mankind change all that is wrong and make it right. It may be difficult for some to understand that

a Saint would speak like I am going to speak, but it is necessary.

Mankind now has so much information, knowledge immediately given through modern inventions, and yet all these inventions are not stopping the ugliness of so much sinfulness, so much diabolical actions amongst mankind. Man talks openly about children being abused, about narcotics, about crime, about diabolical actions that include incest, abortion, and all forms of physical abuses, mental abuses, based on total immorality.

When mankind finds a physical illness that he or she is subjected to, there is much fear, but why does not mankind fear the Justice that will have to be taken without question, when the time comes for Judgment regarding all the abuses that were morally offensive, and in a vulgar word, disgusting diabolical actions, that were openly seen as abominations against the Soul? We find sadness in man's deliberateness in acting out such depraved abnormal means of association with others.

So Many of Us, when We see what is occurring, it is a sadness to Us, because when the Words are spoken by One of Us that you live in a time worse than Sodom and Gomorrah, We see These Words read over very casually, not truly viewing the tremendous amount of diabolical intercession that pleased the enemy of God and of man. This Gift of This Miracle delivers to mankind Truth, in a way and a manner that mankind can easily understand, easily accept, and also, easily can change if he or she wills it to be.

This *little one* We All use asks Us oftentimes, ‘Has there not been enough given by now so that mankind will realize that change must take place, because I fear if it does not happen, God will take Action, and it will be devastating to those who are in what we would call “the line of fire”?’ As she speaks these sentiments to Us, they are real, and she is aware that there are limits to everything, and there have been many times that The Father has taken Action.

It is important for all ages to better understand, more fully understand, that the dignity of human life has in many ways diminished. All

the excuses man could think of are unsatisfactory. The Father has given the world so much, and yet mankind struggles against what is right, what is good, what is logical, what is sound, what is pure, and is determined to act against His Will.

Prayers must be spoken about more often, and attention must be placed on what mankind must do, what mankind must change. It is time for this to occur before it is too late. So be it.”

SEPTEMBER 25, 1995 AT 11:55 A.M.

SAINT BONAVENTURE

“I am Saint Bonaventure. There is so much for mankind to understand about what human life was designed for, and the importance of everything that is done by mankind, especially when it speaks morality, dignity, kindness, true love.

Throughout the world there are many differences in opinions regarding what children should be taught, how they should be taught, and the limits in what they are being taught. Subject matter is endless, because there are so many subjects mankind can learn about, and in many areas use what they know to help them financially, materially and socially.

This Gift of The Father’s has been given to the world, the whole world, because it is important for all of mankind to know, to understand, that above and beyond all other types, degrees, and subjects in knowledge, the Most Important Subject that mankind should be aware of is the one in which, for which, the Soul is taken

into consideration in every degree of human understanding.

Some say: ‘I can read a book; I learn the subject and I feel good about it. I read the Bible and I cannot fully understand it, and yet I am told to read scripture, but I know that in many areas of it, I need someone to instruct me on its full meaning.’ This is true, and it is sad to say that all instruction on scripture, regarding scripture, is not properly done.

That is one of the reasons This Gift of The Father’s Love has been given to the world, because It has been so simply given in Words understandable, so that mankind can fully understand what a Magnificent Gift human life is, and What human life contains that makes it above and beyond all other earthly gains, gifts.

It is important for mankind to fully realize that within each human life there is a Soul, a Portion of The Father, that no one can cut out or kill. The individual within whom that particular Soul is, has the rights, and in many ways, the constant association with an Entity beyond human knowledge, understanding. The Soul

is the recipient of all works, all words, all talents, all energies, all actions, all degrees of morality. The Soul is a subject beyond human understanding.

At the moment human life ends, the Soul stands before The Father. In some ways, this can be spoken of as, 'It can be returned to from Where It came.' In The Father's receiving of this Soul, The Father's Judgment of this Soul carries the name of the one in whom this Soul was originally placed, at the moment of conception.

All the theories regarding scripture cannot surpass This Lesson, because with all that has been instructed upon throughout the centuries, This Miracle of The Father's Love has been instructing mankind continuously on what the Soul is, how It was given, Its Purpose and Its Goal: to be a Saint in Heaven.

We see so much diabolical practicing in all ages, in all cultures, that it is not just a sadness to Us, but many times We shout to The Father, 'Is there not some way to stop what they are doing, desecrating the Soul in so many ways?' The Father responds:

‘I have given them freedom to choose right. I have given them the freedom to choose vocations. I have given them Instruction in The Commandments of Mine. I have in many ways, Personally instructed them down through time, on the importance of moral values, moral stability, moral consciousness. I have given mankind a will, a Generous Gift from Me, so as to not stifle the intelligence of mankind, thus allowing man to venture into many areas wherein life would be interesting, because there are so many advantages in what human life has in its intellect, its physical abilities, mental abilities, and the privilege of individual choice.

‘Human life is a Special Design, because it interacts with all other creations of Mine. I have given mankind the earth for many reasons, to live off of physically, and in some cases to find adventure in all that is available to them. The Blessings I have handed to each human life are My Gifts of Love, because as The Creator of All Things, through human life I have shared in so many areas, for so many reasons, what I have created, but My Greatest Gift to mankind was

**the Soul at the moment of conception.’
So be it.”**

SEPTEMBER 25, 1995 AT 1:39 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I have requested at this time that My Words be written because of the importance of what I have to speak about.

Mankind speaks of problems in many countries throughout the world, and this is a fact. There are many problems, but mankind is not speaking about the heresies throughout the world. This subject in some ways, in many ways, is held second to the political problems, and of course, problems that involve countries throughout the world.

There are many heresies, but they are not called this. They are called ‘changes, updating a church, a religion, or the fundamental practices of some Spiritual source’. Sometimes a word describes something very important, something very in-depth in meaning, but it is difficult to openly call it by its right name because it offends some people, and these people are not to be offended because of their

high places that they hold in Spiritual leadership.

When We see men, women and children being forced into accepting changes in practices that were comfortable, and beyond being comfortable, they were based on soundness to a degree understandable, to a degree that was logical, because they had a steadfastness in them, a strength, a purpose; and then We find men and women who feel an urgency to update, or I should say, use reverse reasons, practices, calling it all kinds of names that truly do not identify what is happening that is so wrong.

There is a saying that man has: 'If it's practical let it alone, if it's logical stay out of it, if it's comfortable don't change it.' So much updating in Spiritual practices has in many ways created a confusion that has destroyed the beauty, the serenity, the practicality, the hope in so many Roman Catholics throughout the world. Confusion is not just a trick of satan, it is a practice of his way, because through confusion, it has a moral destructiveness that is difficult to return to the moral values, the

moral standards, and the dignity of solid moral practices.

The world now is in turmoil. I do not speak just of the frustration of certain individuals, but I speak of the innocence of so many that have become lost to sound practices honoring The Father, The Beloved Heavenly Mother, The Holy Spirit of God, Saint Joseph, and of course, have belittled the Life of The Son of God, because there is so little respect honoring Him in religious services.

When a human being loses sight of their eyes, it is a tragedy unbelievable, and causes mental anguish beyond what words can describe. We, All of Us Here, want mankind to realize that sound Faith, sound practices in Spiritual Faith no longer exists in many areas, because mankind has been blinded by men and women who have falsely instructed, demanded, and practiced so-called 'Spiritual actions' that have in many ways devastated the innocence of millions of people. Such leadership in these abominations should be stopped, because this leadership is like a plague, destructive in every word, act and deed, deliberately using pressure,

arrogance, and their positions, against the innocence of those who practiced Faith in God with love, admiration, respect, hope, decency, honor.

This Miracle through whom I speak is to travel throughout the world, to wake mankind up before it is too late, because through what has happened, so much diabolical intervention has made progress unbelievable in many areas, not all religious, not all Spiritual, but in what mankind calls 'the entertainment' that mankind depends upon.

Many books could be written on the subjects I have just spoken, because it is not a subject to be covered in a short period of time. Souls are being lost because they are being innocently driven to not accept the importance of dignity, not holding The Father above all things, and not using times during the day to remember that the Soul is the victim of all that the individual accepts that is wrong. Needless to say, much more will be spoken on these issues, but mankind must wake up to the devastation that is occurring, called 'updating, modernizing the Church'. So be it."

SEPTEMBER 27, 1995 AT 10:16 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It would be difficult for many to believe that I would speak so personally, so openly at this time, in this year that mankind emphasizes new thinking, and calls it ‘modern’.

I do speak many times through this *small instrument* that The Father has designated as a focal point of communication, for mankind to more fully understand the True Closeness He has with man, and that His Closeness to man is not a thing of the past, but is obviously being stressed, through giving to mankind Instruction through Many of The Saints Here in Heaven.

We are All aware of the Responsibility that this *little one* is the object of, for Souls throughout the world. Logic should tell mankind, no human being could speak in such a manner, to such a degree of Importance, using the Names of so Many Who have walked the human role and have become ‘Saints’.

There is so little being instructed on how mankind must see, must follow purity in the mind, in the body, and for the benefit of their Soul.

If you were to take a questionnaire, and hand it to mankind throughout the world, asking each one in their sincere belief in what the Goal of human life truly is, and What Portion of them will attain the Goal of life, or is meant to attain the Goal of life, the answers you would receive for the most part would be ridiculous, because mankind understands humanism; that is, what the mind is capable of doing, thinking, expressing, learning, and then what the physical is capable of doing.

Physical strength is important. Here again, though, humanism is superseding the more Important Facet of human life, and that is the Soul. You would not hear sound understanding on this Portion of human life, because this time in the History of mankind is totally supported by humanistic values and intellectual goals.

As I announced Myself in the beginning, I can hear many who will read These Words, saying, ‘Our Blessed Mother would not talk in this way,

especially through a human being.' This is a sadness for All of Us Here, because this statement would prove that mankind does not realize, that through the Soul The Father instilled at the moment of conception, there is no human being who has ever existed, or exists, that We are not available to, or present at all times. The Soul is the Communication that is constantly how We can fully describe the Fact of Our Constant Presence with all human beings.

Humanism has its place in man's life. Humanism is an important part of human life. First of all, the birth of a child is through two human beings. This is an important part of humanism; and then, of course, the obligation of human life, that as long as there is life, mankind must respond, react, develop, employ all areas that are pertinent to taking care of the human life.

The Father, through time, has given mankind, through the written Word, the importance of mankind's understanding that human life has a Goal, and the Goal is to return to God the Soul, in a measure of purity, that is due to the manner in which an individual lived morally. The

Father gave to mankind Rules to live by, so that mankind would not have to struggle to find what The Father expected him or her to live by, so that the Goal for the Soul would be taken care of in an obvious way.

When mankind has a physical illness, he or she does many things to help the physical in many ways, to correct what is wrong. So it is with that Important Portion of The Father, through His Commandments, and through All the Lessons He has allowed to pass down through time, many based on the lives of other human beings that were chosen for Specific Roles.

The Father has never allowed mankind to be left without the proper instruction for the benefit of his or her Soul. As your Heavenly Mother, I beseech all of mankind to take a mental examination of what you are practicing, what you are involved in, how you are using your time, and then question yourself: ‘Are my morals sound and pleasing to The Father, or do I tend to use immorality that is destructive to my Soul?’

This Gift of Love of The Father, that I speak through and in, is because

there is so much turmoil and diabolical heretical practices that must cease, because of the Importance of what the Gift of human life was created for. Sainthood must be understood as the Goal. So be it.”

SEPTEMBER 27, 1995 AT 11:20 A.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. When We are permitted, requested, to deliver Words through This *Miracle Of The Beloved Saint Joseph*, The Holy Spirit of The Father, We immediately respond, because Our Words are to help mankind be totally aware of that Precious Gift from The Divine, the Soul within each human life that is different than any other part of human life, because it is a Portion of The Father, called ‘the Soul’.

Through time there have been many interpretations, misconceptions, on what the Soul consisted of, and/or exactly what It truly was. Through This Miracle, so much detail, so much Love, has given mankind a pure, logical definition of this Important Portion of human life that is beyond anything else that is in mankind’s human body. It is difficult for many to accept, because of an in-depth practice of thinking of the Soul as something humanistic in essence.

Mankind is a Special Creation, and in this Creation, The Father has given so many valuable means for mankind to live the human life, totally different than animal or plant life. Mankind has intelligence, and the ability to use this intelligence in many ways, to many degrees. Mankind has sensitivity, and in this sensitivity the ability to understand what is moral, what is immoral; also, to comprehend that there has to be a Higher Being than what human life is.

Mankind has been given the sense of touch, able to use this in many ways. The sense of touch alerts mankind to all types of things that are available, so numerous in number. Mankind has the ability to taste, to smell, to see. Mankind has the ability to use every one of these things to make human life happier, more interesting.

Mankind has the ability to walk, and in this ability there is a freedom of movement, a freedom that when this is disturbed by an illness, it can be devastating to an individual, because there are so many things that are available to man through this Gift of movement, that in many ways can be closely associated to the mental

abilities of mankind, and to the physical.

It is sad when We hear mankind doubt in any degree, that with all that The Father has given, The Father would not give mankind Something as Great as the Soul. Now, when man thinks of a Soul, his or her Soul, it should automatically be connected to Something beyond and above what mankind uses in everyday life. Mankind should look at this extravagant Gift of Love that no child is not born with, because This Portion of life has a Goal beyond all other goals, a Love beyond what mankind can truly understand love to be. Human life is special in so many ways, and that is why the enemy of God and man does everything to destroy the Soul, because the Soul will be the Living Factor when the physical life ends.

Children of all ages should understand The Father's Love for mankind is above and beyond any love they can compare love to be. It is above all human love, and when it is spoken in a way and a manner, and a degree that will impress the child that God loves him or her, and This Love never fails them, never will fail

them, but they must remember that it is important for them to see in His Love, a Dignity, a Respect, and that these things are important in everyday living.

The world has been Blessed in many ways by This Miracle that has instructed so extensively on the Importance of the Gift of life, and the Soul that is within it. The whole world must receive What has been given, because this is not being instructed on, in the manner it is through This Miracle, and many Souls are being victimized by humanism, because of the heresies that are being accepted as normal to human life, as acceptable in all phases of man's existence.

Needless to say, mankind must once again be instructed on The Commandments in Their fullest measure, not in Their abbreviated form, because in Their conciseness, Their in-depth meaning of instruction is not being seen. This must change. So be it."

SAINT PETER

“I am Saint Peter. Though it is difficult for men to accept This Miracle of The Father’s Love, this does not make This Gift of The Father lack Truth.

Mankind has been given the Gift of ability to think, to read, and to use the Gifts of the senses in many ways; but the Gift of discernment is many times structured on personal views, personal background, personal talents, personal interpretations, and many other personal involvements which include categories that do not always fall into areas that are above and beyond what the individuals have been fully instructed in or about.

This Magnificent Gift of Divine Love that has been given to *a little one* in the world who, if her background was different than it has been, and her educational feats were extended in theological facts, some would feel that This Miracle of The Father’s could possibly have merit to It. We smile at this, because logic should tell them

that the innocence of this *little one* is what makes This Miracle able to deliver so much, in so few Words, instructing mankind on the Importance of human life, and the Importance of the Soul within each human life.

Each Lesson, Revelation, Instruction, that passes through her being, is delivered by One of Us, or The Father Himself, The Heavenly Mother, Saint Joseph, The Holy Spirit of God. Men of much theological learning would have instinctively used what they would have read, would have learned, and/or what would have impressed them. *This child* is incapable of doing this.

The Father has taken a *small spoon*, and through this *little spoon*, He allows, He instructs, He permits millions of Words to flow from this *small spoon* onto paper, and be handed out to the whole world, because of the necessity to instruct all of mankind on the Importance of The Soul, and to alert mankind to the abominations that are being allowed, being practiced, being accepted, that in every way are attacking the Soul's purity, and allowing the enemy of God and man to interfere with, interrupt

the Soul's Personal Love for The Father, through the victimizing the Soul with ungodliness, and all means and sources of diabolical practices.

***This child* through whom I speak, stands alone, even in the presence of millions of other people, because as that *small spoon* that The Father uses, there is much jealousy, and in many ways, many false accusations that are deliberately cast on anything that is brought up regarding This Blessing of The Father's Will, for the Souls of all of mankind throughout the world. So be it."**

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. The Father appoints One of Us to deliver to mankind Instruction, combined with Sound Reasoning, Sound Logic in how to become ‘a Saint’.

This Miracle is of a Magnitude that no man could design or possibly deliver. All Things delivered through This Miracle are The Father’s Will, so that mankind of all races, all creeds, will more fully understand the Importance of human life, and that it was created for a Special Purpose. The Purpose was The Father’s Will to share Heaven. This is difficult for some to understand, because some would say: ‘If God is All Things, why would He have to share Heaven? It is all there for Him now.’

There is no human life before this time, or at this time, or from this time on, that will ever fully, truly understand what God The Father is All About. It is not for mankind to even suggest this, because The Father is The Creator of All Things and must be

accepted in this manner, this way. The earth, as man finds it, is historically written as having been in existence for a longer time than mankind can fully understand, but The Father, in His Design of man, created all things for specific reasons, leading up to the time that He designed human life.

Mankind has intellect, sensitivity, and the Gift of procreation of more human life. If mankind did not have a Soul, mankind would be like all other animal life; but the Soul dignifies human life, and it associates in a closer means, way, with The Father, because of the Soul that is a Portion of Him. The Soul gives an Inner Hope, an Inner Light. The Soul is like a Connecting Link to Something beyond the earth, inexplicable, but is evidenced by man's ability to understand right from wrong, good from evil.

The very structure of man's life, born to the world, first dependent on others to be nourished with food, strengthened in many ways by those who take care physically, emotionally, mentally, preparing the individual in many ways. One very important one is morality, purity of mind, body and Soul. Granted, all children are not

equally taught, equally instructed, but it is innate in an individual to see goodness, to see wrong. Many times, if those who are in charge do not fulfill their obligation, their responsibility to instruct, in detail, the Importance of human life, a child in many ways must learn from outsiders. Even though there are those who instruct an individual child, the Soul within that small body is evidenced by the little one's actions in so many areas, instinctively, most of the time wanting right over wrong, and knowing when he or she is not complying in the proper way.

Human life is truly a Gift of Divine Love, because it has a Goal above and beyond everything else. If all children throughout the world were taught simultaneously the same thing, it is true, they would not all react in the same responsive way, but I assure you that somewhere in the human brain, they themselves would see a difference and would innately question it, but not to the point where it would perhaps change the situation. Mankind, as the bearer of the Gift of The Father's Love, must understand that human life is a Precious Gift

and must be treated as such, and not demoralized by satan's intervention.

Sometimes We hear these words spoken: 'I wish I could instruct all people on how important it is for children to understand the importance of doing what is right over what is wrong.' The thought is a beautiful thought. That is why it is important for mankind to spread This Miracle throughout the world, because in so many areas there are many who are instructing thousands of people at a time, who are instructing these people only for self-identification for himself or herself.

It is important that mankind realize that The Commandments of God are for all people, and should be instructed in a greater degree than what They have been presented in: one line, one phrase. There is so much more to These Commandments, and it is sad when We hear those who are learning Them, be restricted to such a conciseness, when this conciseness only diminishes what each one is all about. The small children that are told, 'You cannot do this; it is wrong,' instinctively know when they are wrong. This is the beginning of where

the instruction should be, to a point where they can understand. It is more than 'Yes' or 'No.' There is a reason behind the correction, and it should be in the degree they will be able to handle.

The world at this time is in chaos morally, and logic says, if those who are beyond the age of reason cannot see the importance of morality, then changes must be made immediately.

I could speak on and on, because there is no limit to what can be said regarding the Importance of what human life was created for. Many will not accept it, because they were not instructed in that manner, but Sainthood is the Goal, and there is nothing greater. So be it."

SAINT JUSTIN

“I am Saint Justin. Mankind believes in Christmas, Easter, and when a New Year begins. These three things I mention, because in many ways they are celebrated by men, women and children, and in the celebration there is always much festivity, and much concern for the very young and for those close to them. These days I point out are small in number, and yet important to mankind because mankind makes them officially important.

All of Us Here in the Heavens, when We speak, there is a tremendous desire that mankind begin to feel the importance of every day in life, because each day has an importance in it that is above and beyond celebration. It is important, because for every act, for every thought, for every deed, for every mood of each day, a Soul of the individual will be accountable to God. To some, This Statement will not register in its full impact, but it is important for mankind to begin to see each day as being a day

of responsibility, and a day that will be accountable to God for every act that was performed. It is important for mankind to see human life as the privilege it is, because human life has a Goal beyond any other goal.

Men, women and children are told to read scripture, or some form of prayers drawing their attention to God, or some Particular Saint, or even to someone who they know who has died.

Materialism is most times of the utmost importance in mankind's thinking or desire to obtain. Many grievous sins are committed against one's Soul because of the manner in which mankind achieves materialistic values. Also, from little on, some children are taught that education is the most important thing to their welfare, because through education they will be able to strive for higher places; but what is left out many times, is any conversation regarding what the real Goal of life should be, and that is Sainthood.

At this time throughout the world, there are many forms of religious beliefs, most of them man-made,

because through religion, many times there can be much financial gain, so when an individual, or individuals feel they have the knowledge, the ability, the personality, to instruct thousands of others on scripture, on believing in themselves, on the importance of learning to spread God's Words, it is sad to see so much diabolical practices thrive in this manner of so-called 'Spiritual beliefs, practices', encouraging more and more and more to become involved.

At the time Our Lord walked the earth, and much of What He spoke was not heard in distant places, the Words were passed on through crowds, and it was difficult for the exactness to be transmitted, sometimes because of the different dialects, sometimes because of the beliefs that the individuals had, sometimes because there was so much interference. That is what is happening today in your time. There is much misinterpretation, much personal manipulation, and many preaching and teaching because they want attention, and of course, financial gain.

This Miracle has been given to the world, Most of which has

been written, so that there can be no misinterpretation, no personal gratification, and so that all people reading the Words, no matter what religion they are, It is to instruct mankind on the Importance of their Soul.

It is sad to say, many times when The Father hands a Precious Gift to the world, It is abused. All of Us Here in the Heavens constantly do all We are able to do, to protect This Miracle in many ways, in many areas. Sometimes when We see someone, or more than one, not just speak out against This Gift of The Father's Love, not just mistreat It, but who diabolically misinterpret It, it is difficult, because Each Word handed to mankind is like a Diamond of great worth, and for These Diamonds to be abused physically, morally, ungraciously, it is a sadness, because All that is given is beyond human ability to give; and also, if all men who were instructed in sound religious Factors, Truths, had been doing what they agreed to do, This Miracle would not have been necessary, but satan has so many devious methods to use, and many times will go to the highest places, to either confuse with his hate, his jealousy, or infuse wrong

interpretation with his hate and/or jealousy.

I could speak hours on this subject, because it is a subject that mankind should not reject or resist thinking about. It is important for mankind to look to the value of what a Precious Gift human life is, and to see beyond this value, as having a particular place above all other creations The Father has given. Human life has abilities, mentality. Human life has the power to decide on decisions available, choosing right over wrong, truth over untruth. These Words have been spoken before. Repetitiveness, as man knows, is the best instructor in the world.

As mankind learns to repeatedly learn more about The Father's Commandments, mankind can become 'a Great Saint', because the more one learns, the more one applies the good in what they have learned, there are obviously great benefits. Remember this. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. Each time I tell *the child* I am going to speak, there is a happiness that radiates from her that is obvious to Me.

The Responsibility of This Miracle that bears My Name is beyond what any human mind can conceive. When it was to be announced that I was The Holy Spirit of The Father, *the little one* said: ‘If You say so, Saint Joseph, I know It is True. It is such an Important Place in Heaven, that I always knew You were more than just a Saint when I heard about You as a child, and I knelt before You and told You not to worry, I would never forget You, and I would tell others about You.’

This *little one* had no idea what was to be, or the degree it was to be at a later time in life. I am saying these things so that mankind will understand that prayers are heard at any time of day or night, in any place, because of the Soul that is within you. The Soul immediately responds to the

communication, so there is no delay in your words to Any of Us.

Many times people say, ‘I know if you pray it will get answered.’ What they must understand is that no human being is ever ignored when a prayer is delivered, whether the prayer is a request, or just an act of love, or a quick thought, remembering One of Us. All prayers are Blessed as they pass through the Soul, because the Soul, as a Portion of The Father, lets no child wait. Perhaps the answer on a request does not seem to come immediately, but all ages, all cultures, must realize that human life was designed for a Specific, Special Purpose, and in this design The Father gave a Gift of Divine Love, called ‘the Soul’.

The Soul is a Real Portion of Divine Light. There is nothing imaginary about It. The next time you are in darkness and you feel the need for light, so you use some form, some means, to create light where you are, it is immediate. So it is this way when you say a prayer to One of Us. The Light of your Soul immediately shines to The Father, for a Special Reason, in a Special Way. You are never alone.

It is important for children to understand that they are as close to God as if He were standing right there holding their hand, but in reality, He is even closer, because the Soul is within every human life at the moment of conception. It is important for children of all ages to realize this, so they can better understand that any impurity in their mind, with their body, is immediately seen by The Father, and it saddens Him.

Mankind has been given the Greatest Gift in the whole world, the Soul, the Immediate Connection to The Father. This is a Gift of Divine Love that all races, all creeds, all colors, all Faiths should understand, and should feel the Strength in It, the Importance of It, the Love that nothing else in the world has.

I speak constantly through this *little one*, formally, informally. It is important for mankind to learn about This Miracle of Mine, because through It mankind is being instructed on not just an association of verbal communication, but that mankind has within himself and herself a Portion of The Father, the Soul. So be it.”

SEPTEMBER 28, 1995 AT 11:07 A.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. As so Many of Us speak through This Gift of The Father’s to men, women and children, regarding the Importance of human life, the Goal of human life, Each of Us speaks in a personal way, because We see all of mankind in this way, not in masses of people, not in what mankind would call ‘groups’. Some might say, ‘How can this be?’ The answer to this is very easy to explain.

As each human being has a Soul, It is My Soul united with All Souls yet upon the earth, and Those Who are Here with Me now. We are identifiable to Each Other, but what mankind does not fully understand, that as the Soul is a Portion of The Father, each Soul is recognized in a union beyond what mankind can understand a union to be.

In human life mankind refers to others as relatives, and in this manner of connection, it is evident that one relative can recognize another relative easily, and quicker than they might

recognize the relatives of others they know, because there is a lack of bond that does not unify the relationship.

As We speak, Any of Us Here, it is important for mankind to understand it is not a human being that speaks. It is the 'Soul' of an individual human being that is being allowed to communicate to help others to understand the Importance of the Gift of God to man, Special, and of course, as a Portion of The Father.

Some very learned, highly educated people might find what I have just spoken not comfortable, or I might add somewhat difficult to understand, but this is a sadness to hear, because that automatically says that they do not understand the Importance of an individual's Soul, and Its True Existence before It became Part of man.

Man is the ultimate Creation of The Father, and there are so many things that The Father instilled into mankind that nothing else created by Him has the ability, or advantage of having. God created the earth. The earth cannot speak; the earth does not have an education, a mind, a will,

a nature. God created animals, and it is natural for mankind to say, 'It is the nature of the animal,' because of something the animal does as a form of communication, or through its existence it has what man would term 'habits, sensitivities'. Mankind's Creation has a Great Purpose, Great Goal, because of the Soul.

When some hear that a Saint has appeared some place and has delivered a Message, it is natural for the individual or group of people to visualize the human form of the Saint, and logic says that The Father would allow the Saint to be seen in this form, else man could not recognize what It was.

This Miracle has been delivered to the world, and It is More Precious than mankind can truly understand, because It is a constant, continuous delivering to mankind, the Importance of each one's Soul. There has never been another Miracle such as This One is. No human mind would have this degree of understanding, or the ability to elaborate in such detail, because the Soul is beyond what human minds can comprehend.

The Soul is a Portion of The Father, a Light that is Beyond and Different than any light mankind can compare It to. It is More than light. Mankind talks about The Holy Spirit of God, and then perhaps in the same discussion confuses What The Holy Spirit of God Is, because mankind, in all the writings, has never been able to truly describe the full Union that a Soul has with God Himself.

You tell a child: ‘That was not a nice thing you just did. It was unkind, and it was in many ways bad. I do not want you to do that again.’ Instinctively mankind responds to what is wrong, so mankind many times openly has to correct the individual. This Miracle has handed to the world so much Personal Direction, helping all of mankind to correct the wrongs, instructing mankind in a loving way, to see the Beauty of What The Father has given, a Personal Portion of Himself to live with Him for All Eternity.

A man or a woman does not have to be full of wisdom to understand what I have just spoken. The logic in It rings Truth, and there can be very little evidence against It. So be it.”

SEPTEMBER 28, 1995 AT 1:15 P.M.

SAINT FRANCES CABRINI

“I am Saint Frances Cabrini. To Each One of Us Who The Father allows to speak through This Miracle of His Divine Love, it brings a happiness deeper than We can truly define to mankind; This Miracle that gives Each of Us the privilege to talk to mankind in terms that are understandable, are instructive, and definitely full of Love beyond man’s comprehension.

The Soul of every human being is a Special Gift of The Father’s, because there is no other creation that has this Gift. The Soul has a Purpose, and that is to become ‘a Saint in Heaven’. So much has been instructed on the importance of purity of mind and body, through This Gift of The Father’s Love that bears the Name of The Beloved Holy Spirit of God, Saint Joseph.

All that is spoken through This Miracle is to encourage mankind of all ages, all personalities, that mankind has a Special Goal, designed by The Father, and that is to spend with Him All Eternity.

Some might read These Words and say, 'These Words are words that a human being has been taught, has learned, through instruction from some religious form of belief.' Perhaps the Words have been heard before, but not in the Context They are delivered through This Gift of The Father's Love, enlightening mankind to the Importance of what human life was created for. Human life is not just another creation that was meant to exist for a given time, and when that time ends there is nothing more for it to be a part of.

The Father's Love is so Magnanimous in Its Very Existence, and His Love is beyond any human comprehension, so mankind has been instructed to the degree mankind can logically understand, but at 'this point in time', The Father has deliberately given so much more understanding of the Soul that is a Portion of God, and at the moment of conception is placed into the conception, to make that distinct difference between man and all other creations.

So Many of Us Here in the Heavens feel the privilege of speaking through This Miracle, because there are so

many places and people throughout the world who do not fully understand the Importance of human life, and so when they instruct others, and develop their own way of expounding on the Bible, or other areas wherein scripture has been printed, they do not have the capability, the background, or the soundness, in the 'full reason' for which The Father holds human life in such a Special way, form, manner.

Children, and some adults do not fully understand the obligations mankind has to morality, because through sound moral values, sound moral standards, the Soul of the individual will be Judged. It is important for mankind to understand that human life is not just for a period of time, and then it ends. It has a Goal, and in this Goal there is nothing on earth that can compare to It.

Man oftentimes plays games, takes challenges, and many times enjoys taking chances. It gives to man in some ways, entertainment; but also, in some ways there is a slight challenge to it, an inward desire to win whatever is being placed as the prize or gift. In daily life man has the chance to meet all challenges, and to be totally aware

of the importance of honesty, truth, moral values, in all that is said, done, exercised, participated in, because the reason is far greater, because the Goal is Far More Important than any human challenge, gain, that mankind can become a part of.

Heaven is sometimes spoken about in such a general form, almost as if It exists, but, it is more or less not necessary to dwell on It, because It is a Goal that is out of sight, almost out of reason, because no one has ever seen It.

This Miracle is a Gift of Divine Love, constantly and consistently alerting mankind how to become ‘a Saint’; the Greatest Goal, the Greatest Achievement, and It is available to every living human being, no exceptions here, no winners through a drawing, or through chances, but an individual’s opportunity, ability, and It is available to every living human being. Knowing this, why would mankind do one thing to lose sight of attaining the Goal that is available to all human life? So be it.”

SEPTEMBER 29, 1995 AT 1:22 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. It is important for all, What has been delivered through This Gift of The Father’s, instructing mankind on the Value of the Soul that is within each human life.

Mankind many times is so taken by what is spoken, delivered, expounded on, in a speech, in a sermon, or an opinion, that the individual or individuals, do not fully see the truth in what was delivered, or do they associate the words to sound instruction regarding their manner of living, the way they speak, or the company they keep.

So many times people who are generally pure in thoughts, in actions, in speech, are forced into areas where everyone they meet is immoral, indecent, and full of deceit. This is tragedy for Us to see, for sometimes, no matter how strongly one fights to not be made a part of ugliness, the enemy of God and man forces the individual or individuals, to be not just exposed

to everything, but to be forced into partaking in all that is wrong, all that is unacceptable by God.

The world is in chaos, moral chaos at this point in time. It is being encouraged by thousands, and those who are encouraging it to generate more immorality will be held liable at a future time, but in the meantime, there are not enough men or women who feel they have the strength, or the power, or the human capacity to stop what they see occurring that is so vile, so contemptible, so ugly.

There are many areas called 'Spiritual' wherein the instructor reads words from a book, and then either he or she elaborates on the meaning of these words, throwing back into the minds of those listening, confusion and misinterpretation. The innocence in so many are abominations, because they are being led into paths that are not realistic, but imaginary.

The Father has given to the world, in understandable Words, Important Lessons, written for mankind to read what a Generous God man has, and mankind does not truly see the Value of What is being taught, instructed,

delivered, because mankind is hearing, and has heard, so much self-importance coming from human beings, so much wrong regarding where to place one's efforts on daily living.

It is sad for so Many of Us Here, or I should say All of Us, to see so much moral corruption prevalent, constantly being acted out, accepted as normal for human beings. Immorality is not normal and should never be acceptable, because immorality shouts loudly, 'It is wrong,' and it reeks of a stench of evil that is obvious, even to those who have adjusted to its practice.

As We see people of all ages making excuses for what they are doing wrong, what they are accepting that is wrong, and what they are practicing with others that is wrong, it is difficult to have to stand back and not shout for all to hear: 'Stop! You have a Soul within you that is in tears.'

The Father has spoken so much through This Specific, Special, Important Gift for some time now, and yet there are those who openly deny that It exists, and many times these denials come from those who are so humanistic, and hold as more

important to them the financial gain that they are accumulating from the innocent, because of their positions, their so-called 'status' regarding Spiritual endeavors, instructions and position.

The world must see the importance of obedience to God's Commandments, and all of mankind must begin to look at each Commandment in its fullest, not in its conciseness, as it is so openly delivered.

The Father has granted mankind a Gift beyond what mankind understands This Gift to be, a Blessing of Instruction that is logical to all minds and bears within It common sense, pointing to the reality that life was created for a Goal unlike all other things, and that this Goal is being ignored because of so much diabolical interference.

We All shout for mankind to wake up, be alert, stop closing your mind to what is sound in Reason, sound in Purpose, because the Goal for life is the Highest Goal that anything could compare to, because Sainthood is only for human life, and Sainthood is the Goal mankind should strive for. This

does not mean to stop all enjoyment, to stop all that is normal, natural.

The Soul is a Living Portion in each human life. The Soul is the recipient of all that man thinks, says, does. The Soul is a Gift of Divine Light, and is to be returned to God at the moment of His Decision. So be it.”

OCTOBER 2, 1995 AT 10:57 A.M.

SAINT PETER

“I am Saint Peter. Mankind has been instructed through script, regarding the time that we walked with The Son of God. It would have been difficult, and of course, men would have been unable to describe fully, all the details that embraced our relationship with Him, because at that time records were not kept like mankind keeps them now.

As we walked with Him, we learned how to instruct others, and on what subjects to instruct others. We learned about the Importance of why human life was created, and that after we would be gone, others would carry on, so that this time that The Son of God was Truly Present amongst mankind would not be wasted. It had a Purpose, It had a Goal. It was truly preparation in so many ways, instructing on the importance of mankind learning that human life had a Goal that nothing else created had, or would ever have.

As we all walked with Him and He would instruct on this subject, we would constantly ask questions on: 'Where is This Part of us? Can we see It? Will we ever see It? Why don't we feel It?' He would always smile about that one part because He said, 'Your ability to understand what I speak regarding the Importance of the Soul, that must be Greater than any other living thing, logically has a Place that is beyond human understanding.'

He would tell us that no man could create a Soul. We questioned Him on this: 'If we can create human beings, then why do we not have the ability to create a Soul?' After much, much Instruction regarding this Factor of human life, we felt an inward ability to understand that the Soul was totally The Father's Will, The Father's Gift to human life.

When we saw Him suffering violently at the hands of others, and we knew it was beyond our ability to control the savagery, the abominations to His human life, our whole being felt as though it were crumbling under the weight of the Responsibility that He had handed to us, and now, as we knew He was leaving us, we would no longer

be able to gather His Strength within us, and to confirm all we felt, what we must instruct others on.

This full time in History was not recorded, but Christianity has the Foundation of recognizing the Value of that Gift of Divine Love instilled at the moment of conception. The Father, once again, is handing to the world much Instruction, Direction, intentionally, openly, in written Words, so there will be no question as to the Importance of the Soul that each human life is gifted with, and the Purpose of the Soul is to return to Heaven.

Agnostics, and others in this category, find little understanding, and yet they are searching, constantly searching for answers. It is instinctive in mankind to want Hope, Sound Direction, and a Higher Goal.

All These Things have been passed through *a small instrument* for the whole world to read, and to more fully understand the Importance of human life, the dignity in which it was created, and for which it was destined to return to The Father, a

Select Portion of human life that is in nothing else created.

Mankind picks up a handful of dirt, and in this dirt he may find stones, he may find silver, rock, gold. He may find small creatures, but he will not find a Soul. This Statement was very important, because at the end of human life, the human part is no longer able to be productive, or to be associated with in a logical manner, so the body is without a doubt unable to communicate or to be communicated with, but there is one Portion that is yet alive, and that is the Soul.

Mankind must understand, in all design of all things, The Father has control, control over the earth, the sky, the mountains, the water. Does this not say that The Controller of all these things is Superior in every way, and that logically has a Particular Reason for the Creation of man, above and beyond all other creations? How else could Christianity have been endowed with such Logic, as telling mankind about the Soul?

Mankind receives a gift. It can be valuable or it can be something of little worth. Sometimes the gift of

little worth is given with a deep love. The valuable gift can also be given in this manner, but there is more inclination to treasure the greater gift because of its worth. The Soul is the Greatest Gift that God could have given any human being, and It should be treasured, morally, physically, mentally, emotionally, because It is a Gift that will remain, bearing the name of the individual in whom It was placed at the moment of conception. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. When mankind wants to be heard he speaks loudly, firmly. When God wants to be heard He very often uses ‘a child, a voice’ that mankind can understand.

These times are more rare than mankind would like to accept, because many who preach and shout their words of direction, make themselves the instruments, which in reality is not ideal, nor truly what The Father Wills to be spoken.

The Father uses at this time, *a little one* whose voice is not powerful, not dramatic, because What is spoken through her is to direct all of mankind to the importance of understanding the Value of human life, why it was created, the Love The Father has for it, and the Goal He has designed, and that is, to become ‘a Saint’.

It is innate in most men, women and children to feel comfortable with goodness. It is unnerving in many ways to be attacked, or just be with

someone that is abrasive, cunning, liar, and/or abusive.

The Love The Father projects through This Miracle is a Gift that mankind should not find difficult to believe or understand, because Everything is so Sound, so Logical, and in reality, so Foolproof.

Mankind many times joins in conversations of all degrees of morality, and when a subject or a condition or a matter is totally morally sound, it is uplifting to all present. It has hope in it, strength, purpose; but, when it is based on abrasive conditions that can be termed 'ugly, cunning, immoral', everyone present is affected, sometimes even emotionally, or arrogantly, or submissively, negatively, and whatever else would describe an uncomfortable moral attitude.

This Miracle of Divine Light is, in every way, not just suggesting to mankind, but instructing mankind of all races, all creeds, on the importance of purity of mind and body, because what man does, what man says, reflects in the Soul of the individual, and automatically affects the Souls of everyone else present.

It is a sadness to Us to see Souls victimized by any sign, any degree of impurity. A Soul, as a Portion of The Father, registers all that occurs, and in this very reaction to any blasphemy, anything that can be slightly impure is truly difficult on the Soul. This is not just sensitivity; this is because the Soul was and is Pure in all ways, all areas, all degrees. It could be nothing else but, because It is a Portion of The Father.

Mankind says: ‘I learned The Commandments of God a long time ago. I see people break Them all the time. The world doesn’t end when this happens.’ This type of humanism is devastating, because it ignores the importance of dignity and a strong consciousness of purity.

So much has been instructed on human behavior through This Miracle, because The Father wants mankind to understand that the Soul, as a Portion of Him, must return to Him when human life ends. The privilege of human life is beyond what mankind fully understands, because mankind ignores so much Instruction dealing with this Gift of The Father’s.

Mankind must stop, think, and change, because there is too much humanism, allowing diabolical patterns to be acceptable; not only acceptable, but practiced.

God's Commandments must be placed in every open place, in every place where man dwells, to remind mankind that These Commands of The Father must be upheld. He did not give Them for any weak reason or just to be talking to man. These are Laws. These are Rules. These are His Commands. So be it."

SAINT MATTHEW

“I am Saint Matthew. The Father hands to mankind a Gift, Direct Communication of Instruction, deliberately explaining to mankind in a language understandable, the Importance of the Soul that mankind is the custodian of, the recipient of, in charge of, responsible for. These Words are not just Words for something to say. They have meaning of Instruction, deliberately giving to mankind Words of explanation, describing in full how Important the Soul is to man and to God.

When mankind says, ‘My feelings are hurt over a remark that was just said against me,’ this remark, no matter how small it might be, can cause an individual a feeling of depression, anxiety, and also a feeling of rejection. Now compare this to the Importance of a Soul that basically is a Portion of The Father. Why does not man feel the seriousness of a sin, of an act of immorality, or a sense of injustice, knowing that the Soul has been scandalized, belittled or disgraced?

Ask yourself: Why is there not more concern over that Precious Gift of The Father's Love that is the recipient of all that an individual does, thinks, speaks and participates in? If mankind does realize that the Importance of human life automatically says dignity, respect, honor, then should not mankind instinctively feel there has to be Something of Great Importance connected in this Gift of human life?

You live in a time like many other times in History, wherein there is so much satanism actively present in all areas of life throughout the world; the very fact that there is so much obvious, spoken about, regarding infidelity, impurities of all kinds, and that mankind is ignoring God's Commandments, thus basically degrading what man was born to be like, and the Goal mankind was to reach for automatically.

It is not the world in turmoil. It is mankind's manner of living, degrees of purity, degrees of morality, basing so much on humanism, rather than on what humanism does to the dignity of human life. Adults want children to be truthful, and many do not tolerate lies, but I say: 'One should look at himself

or herself, and question what example is evident, and how much is truly being shown openly as purity in moral values and moral standards, and how much is physically being addressed as dignified, honorable, and something that could be termed “outstanding morally”?’

We could speak in every moment of every day, through this *little one*, on what mankind should do to examine one’s own way of life, one’s own conscience, one’s own capabilities, one’s own behavior, and then say, ‘Am I example that should be followed for the good of others’ Souls as well as my own?’ Self-examination of one’s conscience, practices, thoughts, words, actions, should be a daily act, so that when there is any question it can be corrected immediately. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. This Gift of The Father’s is a Gift beyond what any man could write about, dream about, because This Gift is a Personal Gift of The Father’s Love for all of mankind.

There is no place in the world that such Personal Instruction is being delivered to men, women and children of all ages, all cultures, all creeds, all degrees of Faith in God. The Father has given This Miracle in such a Manner of delivery that It is understandable, It is explicit, and there can be no doubt to Its validity. As We are requested to speak, We All consider it a privilege, because of the Souls that hopefully will be helped by the Words The Father tells Us to speak.

At this time in the world there are so many different means in which mankind expresses Faith. Some of it is designed directly to The Father. Sometimes there are those who direct it to Our Heavenly Mother. Then there are those who speak to Saint

Joseph, because they feel a closeness to Him, an association with Him, due to the Way He walked as man upon the earth.

The Saints, Many of Them, have particular children who go to Them for everything, because they feel a relationship with the Saint, because the Saint was once a human being and had particular tasks to perform, and stories have been written, saying that the individual Saint rose above all temptations, and stood strong against all odds.

Every prayer is heard, every act of love received, every devotion, whether it is in thanksgiving or a plea, is responded to. Nothing is ever left without some form of response. Why? Because human life was designed as a privilege to mankind, and a Goal was given to this privilege, giving mankind the availability to become 'a Saint'.

When We hear questions being asked about, 'How can one become a Saint?' the answer should be very clearly given: At the moment of your conception you were given the 'means'. You have been given a Soul, which is basically a Portion of God Himself.

You have been given the foundation for Eternal Life, you have been given values, standards. You have been instructed in different ways, on what is right, what is wrong. You have a sensitivity that is innate, and you have the ability to say 'Yes' or 'No.'

All these things do not depend totally on your upbringing by those in charge of you, or the conditions under which you lived, because in many ways, to be good is logical; to be wrong, to be evil, generates something opposite of what is good, and it is felt by the individual, whether the individual wants to accept it or not.

There are so few leaders of Spiritual growth that are instructing others on what comes after human life no longer exists. This *Miracle Of The Beloved Saint Joseph* has allowed extensive Instruction to be given, that there can be no doubt about, because if man doubts It, man does this knowingly.

Children of all ages have been Blessed through This Miracle, and many who read the Words, it makes them think. Hopefully, they will grow spiritually to the degree that they will

strive in every way to become ‘Great Saints’. So be it.”

OCTOBER 4, 1995 AT 5:20 P.M.

GOD THE FATHER

“I use one *little one* to instruct all of mankind of how Important human life is, and also about ‘That Portion of Me’ that each human being is given at the moment of conception.

I created mankind for a Special Purpose, and I have given mankind intellect, sensitivity to what is moral and what is immoral. I have instructed mankind in many ways on the importance of dignity, because mankind is the only living thing that has within them a Portion of Me.

No one can fully understand All I Am, Who I Am, and What I Am All About, so Everything that has been delivered regarding Me, through This Miracle, is spoken or written in a manner that man can visualize as being Greater in All Ways than man can compare anything to.

This Miracle of My Love is more Special to mankind than mankind can possibly understand, but innately man knows that I Exist, because mankind is aware of the limitations of human

life, and the incapacibilities of human strengths, abilities, and measure of creativity.

The world of mankind is in great need for This Miracle, and those who have logic in how things can be so perfectly held in order, such as the earth, other planets, the stars, the sun, the moon and atmosphere, plus all other earthly things, could never deny that a Supreme Being holds all things in place.

I have given This Miracle to instruct mankind on the importance of goodness, morality, honesty and purity, so necessary for the protection of Souls. There is no one, or nothing else, giving to mankind the importance of what is necessary for man to reach a Higher State of Living. Death is not the end; it is intended to be a Great Beginning, because of the Soul of each human life.

What is being instructed by some to others is far from what I want mankind to value as the way to Me. My Love is beyond what mankind can extend to others they love, and no man does not want someone or several to love him or her.

**My Words are always a Blessing,
a Direction, and given with Divine
Love.”**

OCTOBER 5, 1995 AT 11:05 A.M.

SAINT CHRISTOPHER

“I am Saint Christopher. Many who once prayed My Way no longer do. It is a sadness to Me, and yet what mankind does not understand is that All of Us Saints Here work together.

Whenever a child of any age says a prayer, the Soul of the child is in immediate contact with All of Us, and though a Name may be mentioned by the child, directing the prayer in a personal way, the child’s Soul, as a Soul, is in Union with All of Us, because Here in the Heavens it is Our Soul that entered Heaven as an Individual Light of The Father, and All Souls are in Union with any prayer. Sainthood is associated to an individual name, because this is how mankind could rationalize an individual becoming ‘a Saint’.

There are so many things that mankind is learning through This Miracle of The Father’s Love. There are so many things that have never been spoken about before, and it is difficult for many who walk as

directors of Spiritual Faith, to fully understand that all they have learned is but a minute portion of the Goal that human life was meant to be for All Eternity. We hear those who accept preaching to others, dominating their sermons with interpretations of written scripture. Some of these who follow this manner of vocation, instruct on what they interpret, what they feel will enlighten others, but in reality, many times humanism is what they base Eternity on.

We hear children of all ages pray for monetary needs; We understand these prayers. We hear children pray for physical help; We understand the importance of these requests. We hear children pray for success; others, at the same time, are praying for happiness. All subjects that mankind is aware of, there is someone praying for it to be allowed in some form. We hear children crying out for food, children of all ages. We hear children asking to get good marks educationally. We hear some people wanting those they know to love them. Many times We are asked to help someone forgive someone else for a hurt, for a disappointment. The list is endless.

If mankind would but allow himself and/or herself to see the Value of that Precious Gift of Divine Love within them, that Soul that is a Portion of The Father, mankind would find less stress and not feel a negative attitude, because this Gift of The Father's Love is a Personal Gift at the moment of conception.

When mankind talks about the Soul, he or she does not realize the Magnitude of Its Existence. Through This Precious Gift The Father has given, instructing mankind on the absolute Fact that the Soul within each human life is a reality, It is what gives mankind conscience; It also instructs mankind on what is right, what is wrong, what is best.

There can be ten people together; each one is the custodian of a Soul. There can be one hundred, one thousand people together; each one has a Soul. The thinking of each one of these people passes through the Soul. Nothing escapes not being seen, not being heard. Mankind must understand this. As it has been said before by One of Us, human life is the only Creation of The Father's that has this Gift Instilled in it at the moment

of conception. There is no other living thing that has this constant Communication with The Father. There is nothing else created that has the Goal of Heaven.

Logic should tell mankind that human life is Special in every degree, every form, every age, and that human life must never be mistreated, abused, because it is Special and has a Purpose for its creation beyond mankind's ability to humanly understand, but the very fact that so much has been given on The Commandments of God, mankind must realize there had to be a Purpose for These to be, so that mankind would have Guidelines to live each day with and by.

It is easy for mankind to read words instructing on different goals, but it is sad when We see anyone ignore The Rules of God, because nothing else is as important as The Rules He gave for mankind to live by. We find a sadness in that These Rules have been minimized in content, in direction, to the point where They are not complete, and They are allowing so many to believe more in the conciseness, than in the true, full meaning that each one was given for.

It is difficult for some men and women to believe that a Miracle of This Magnitude, of so much Instruction, passes through *a small form, a little one*, but logic would tell you and others, that mankind would always find some reason, some excuse, some doubt, so as to see a negativeness that opens the door for a reason to not believe All that has been spoken, All that has been given.

We are ever Present, because though We have gone before you, your Soul is always evident to Us; really not difficult to believe if you see the Value of It, the Importance of It, because if every move, every thought, every act you make is accountable, then does it not make sense to your human mind that there is a close Connection, Communication, that is consistent and constant at all times? So be it.”

OCTOBER 5, 1995 AT 12:40 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici. It is a privilege for Each of Us to be allowed by The Father to give Strength, Hope, Direction, and Spiritual Guidance to those who yet live in the physical role.

It is important for mankind to understand that human life is a Special Gift of Divine Love. All ages, all cultures have this privilege to live daily, using talents, mentality, physical abilities, and of course, using the mind to be able to make decisions, some comfortable, some uncomfortable; to be able to make a choice of morality over immorality, to extend an act of kindness to another human being of any age group. Human life has so many areas that give to it a special place, and in many ways a special honor, because in human life there is a Special Gift from The Father, a Portion of Himself, called ‘the Soul’.

Mankind does not like failure in any way, for any reason, even to the minutest detail or degree. The Father,

through This Miracle that instills into mankind logically, firmly, that mankind is gifted with a Special Gift of Divine Love, unseen, never truly felt, but there is an awareness in each human being that good over evil is the better choice; right over wrong, the correct choice; truth over untruth, sound in its very understanding, and always gives strength when it is done correctly.

The Father has handed to the world at 'this time', His Personal Love. He has done it before, but each time it is done differently. This time, through *a small voice, a small form*, but one that is obedient instantly, constantly to the Will of The Father, at the slightest touch to her Soul.

What mankind does not understand is that there is a relationship between God and man, Personal, because the Soul is a Portion of The Father, and mankind is the custodian of this Soul. This Gift of Divine Love has within It the privilege and the duty to not just profess Faith in The Father, but to use what man calls 'Faith' to reach for a Higher Goal of living, of existing.

Through This Miracle of Divine Love, mankind has learned, and many are still learning from This Miracle, that the Soul, as a Portion of The Father, is the Greatest Connection, Closeness, that The Father could give to mankind, because of this Special Creation.

Some men and women feel they have great blessings, because they have what they call ‘Spiritual connections, closeness’ and are the custodians of psychic phenomena. In dealing with this area of thinking, it is important for mankind to understand that many times a strong desire to be special must be watched carefully, because the enemy of God and man very often uses a desire of some man, woman, or even a child, to a degree beyond what the individual can recognize as not being from The Father, but from a source other than The Father.

When The Father hands to the world a Great Blessing, It is different in many ways. All of the Instruction is dedicated, directed to the benefit of the individual’s Soul, not to personal attention. It is dedicated to the Goal of the Soul, and the instrument is but the instrument, totally dedicated

to obedience beyond what mankind understands such obedience to mean. In reality, this obedience replaces much freedom of action and service to any other physical factor that mankind is used to participating in, used to excelling in, or used to desiring.

Love for The Father is so important because of the Importance of how many Souls will be saved from humanistic values, purely humanistic pleasures, and purely humanistic associations. As I speak, I cannot describe the love, the intensity of dedication that I feel in your midst, but I want you to truly feel that all you do for the benefit of your Soul, and the Souls of others, is never unnoticed or without Blessings a hundredfold. So be it.”

OCTOBER 5, 1995 AT 1:35 P.M.

SAINT DOMINIC

“I am Saint Dominic. We are All aware that there have been many books written on the Lives of The Saints. Naturally, none of these stories could have been written in the fullest degree of the individual’s manner of living. Essential points of interest were highlighted, but the full details would have been too much for the writer or the printer to be able to handle, because a certain amount of conciseness was necessary so the book could be published.

All that has passed through This Miracle is not being published, but The Father said that much had to be published, so that mankind could get a clearer picture, a more in-depth understanding of the Importance of human life, what it consisted of, and the Goal for which it was created.

Many of Us have been directed by The Father to speak at different times, so that mankind could associate Our Lives with previous stories they have heard about, or read, but in most

stories the personal direction was not to those who were reading the material, but was on the individual for whom the book or story was the subject.

When The Father Decreed This Gift of His to be delivered, We were All told that much Instruction was the intention for so much to be written, and also that Many of Us would take part this particular time, so that mankind would better understand that human life was Important, and not just physical matter that had a beginning and an end.

As Each One of Us speaks, Everyone Here listens, because mankind cannot fully understand that Here in Heaven We are Saints. We are The Souls that at one time existed within a human life that had a name, had a place, and of course, some had different talents, different manner of living than others. Some lived very humbly, some lived in what you would call ‘aristocratic backgrounds’, those who followed specific Spiritual paths. The stories are all different.

There are so many things that could be written about All The Souls

that are Here in Heaven. Today, at this time in which you live, it is My Soul delivering This Message; The Father's Permission, The Father's Direction. Some men say, 'How can this be?' We All say, 'Faith in God is innate, and It is not always spelled out in humanistic evaluations.' So it is with Our Souls Here in Heaven.

It is not necessary for Us to describe Our life in the human way, but the Important Part of Our being here with you is to make you aware, help you better understand, that there is a Greater Life after the human way. It is a Life beyond what mankind can compare anything to. Mankind must understand that prayer is a communication that must never be neglected, cast aside, or forgotten, because prayer is a strengthening factor. It is a closeness, because in this closeness, it gives hope, direction, and a sincere feeling that human life has a Goal, and that this Goal is realistic.

This Miracle is so Precious, so beyond any human conversation, it is important for mankind to receive All that has been written, because What will give one strength, hope, sound good intention, attention,

benefiting the Soul beyond human comprehension. Dedication to a Gift of The Father's Love such as This One is, will never be forgotten, because through It, by It, with It, in It, a Soul far from where you are, might one day owe the Glorification of It, to the part you played in seeing that All the Revelations were delivered. So be it."

OCTOBER 6, 1995 AT 11:34 A.M.

SAINT STANISLAUS

“I am Saint Stanislaus. So Many of Us speak through this *little one* in normal conversation with Words that, to anyone listening, are understood as conversation in the human way.

I take you to a time some years back, when this *little one* was presented in person to a man of, in, great authority, a man who was looked up to as the Leader of Holy Mother Church. As this Leader looked into her face, her eyes, he saw nothing but goodness, truth, and a sincere love for his position, his duties, his authority, his love. This man remembered this *little one*, even when he heard doubters in his midst, not just consulting, but saying unkind things against her.

As We All speak through This Gift of The Father’s Love, there are so many areas that We touch on, instructing mankind to the degree that mankind can understand, can learn from, and have the ability to make decisions, based on What has been spoken for the

benefit of the Soul that is within each one.

There is very little true kindness throughout the world. Sincere kindness seems to be lost in so many areas: in governments, in the educational fields, in work areas, and yes, sad to say, where spirituality is the core of sound values, sound standards. There are so many incapable of instructing others in this field of knowledge that is so important to the lives of millions; interpretation, misinterpretation, based on the individual's desire for attention, or how they determine the meaning of something that is a critical point of morality.

This Miracle of The Father's Love has been given to the world, because mankind is in great need of Sound Direction that gives great insight to how Valuable human life is, What it contains. There are Many Saints Here with Me now Who have spoken through This Gift of The Father's Love, and much of What They said has been written, but We see people reading It, and instead of seeing the Sound Value in It, are trying to dissect It, as though It were some kind of animal or being,

that they wanted to find out more about.

Love for God is through the Soul of man, and this penetrates into the mentality of man, the actions of man, logically placing the emphasis on sound reasoning, sound values, sound standards, practicality, of how The Father would act, would give, would instruct mankind on the Value of human life, and that He is always a Living Part of human life, plus the fact That Part of human life never dies. It returns to The Father, representing the individual in whom It was placed at the moment of conception.

We hear some say, ‘I want to become a Saint.’ These are precious words, because the Goal is What The Father Wills, but so many times the individual allows an impurity of some sort, some kind, some nature, some degree, to be acceptable. Why?

This Miracle has been given to the world, and It is the Greatest Gift of Love that mankind could ever receive, because It is a constant, consistent Instruction on The Father’s Degree of Love for mankind, and man’s closeness with God through the Soul,

that nothing else in existence has ever had, or now has.

So Many of Us speak, and it is always on topics that eventually are seen for what they are truly meant to be, even when they are casually spoken, because for Us to speak formally constantly, mankind would find it difficult, because of the seriousness of the subject, the realization of what the subject contains; so The Father Who created human life shows a Divine Sensitivity to man's abilities, capabilities, limitations.

Man says, 'I love God,' and when We hear this, We say, 'That is obvious in many ways, but are you consistent in this love, in the growth of this love, in the purpose of this love, in the Goal of this love?'

The length of Our Messages could be thousands of pages at one time, but logic says mankind can only handle a certain degree at a given time. Even though We do not say it at the end of each time We speak, it is spoken silently by Us, and These Words should be treasured by you: 'The Father's Love resides within you every moment of every day. Take care of It, because

It is the Greatest Treasure. There is no greater treasure in the world today.' So be it."

OCTOBER 6, 1995 AT 1:18 P.M.

SAINT CYPRIAN

“I am Saint Cyprian. It would be difficult for those outside This Miracle to fully understand the Beauty that occurs when Anyone from Heaven speaks. As soon as a Name is announced, or even when it is not announced, there is an awareness, not ordinary to human life. The Father has given to the world a Precious Gift of His Divine Love, because of His Deep Love for mankind.

So many times, when We hear remarks regarding This Gift that an individual or individuals hear is taking place, We automatically want them to believe, to accept, to understand All that is actually occurring, because It is a Gift to all Souls of all of mankind. This Gift is allowing mankind to learn about the Close Association each human being has with The Father every moment of human life, from the moment of conception until the life is taken at a given time.

It does not take a brilliant mind to see the Greatness in This Miracle of

The Father's Love. All it takes is a small drop of human love, believing that The Father's Love is Ultimate, and then the human love, though it be small in size, grows to a greater love, because within the life the Soul encourages the physical part to understand, to accept, to follow, and to realize that This Gift is not of mankind, but It is from The Divine. Those who have heard about This Gift of The Father's, and have either become very close to It, or who stand on the outside with a degree of Faith in It, are Blessed abundantly in many ways.

Mankind uses the word 'faith' regarding many things in life. They have faith in other people, they have faith in achievement, they have faith to reach goals. They have faith in what they read regarding many different situations, that these things have taken place, or are true. They have faith in the justice of others, in the truth of others. They have faith in prayer, that it will be heard. They have faith when someone is ill, that the individual will be well. They have faith in the abilities of those from whom they seek help: teachers, doctors, lawyers, and many other areas

who practice particular services that mankind is in need of.

Faith is in many ways strength. So when an individual man, woman or child has Faith in God, this is the Ultimate of all Faiths, because there is nothing greater, no one greater than God.

It is sad when We hear some say they do not believe in God. We sometimes try to initiate a relationship with someone who is strong in belief in God, with those who need help, but when We see it can be controversial, or not helpful to the one who has Faith, We do all We can to stop the relationship. A lack of Faith in God has an emptiness in it. There is no peace and the individual finds that there is emptiness, and they're always struggling to fill that emptiness with something that is attractive to them, or they can indulge their time in. The Souls of these individuals work diligently to help, in some way, to strengthen the Spiritual factor, so that the individual will not be lost.

Over the years there has been so much Instruction to mankind in so many areas of human life, and on

so much that The Father has given to mankind for the Goal of the Soul of mankind. Needless to say, that as I speak to you now, I can assure you Others will come after Me at different times; of course, until The Father decides that at this time enough will have been given, that a sufficient amount is available for all ages, all intellects, and all who at one time will be able to pick the Words up in many places, and read What has been passed through *a little one* in 'this time'. So be it."

OCTOBER 6, 1995 AT 2:25 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. Mankind has been given a Blessing, not just dictated by The Father, but through All of The Saints that speak, The Father is in Charge, and The Father is constantly Present.

It is sad that mankind thinks that he or she is ever totally alone. There is no possibility of this ever being the case, because of the Soul that is present in each living human being.

Mankind talks about Heaven, and has no conception of the Beauty It is, the Greatness It is, because mankind is limited in what is beautiful. Nothing on earth can compare to the Beauty of Heaven.

Human life innately has been given what is termed ‘senses’: sense of sight, sense of smell, sense of taste, sense of hearing. All of these things give mankind a sense of judgment on all that he or she comes in contact with, is associated with, or in the daily practices of life, whether life is lived in a quiet manner, in the business world,

or in some other form wherein others could be termed 'Spiritual endeavors'.

The talents of mankind are numerous. The abilities to do things physically are numerous, and for the most part, the mentalities of all individuals have different degrees of likes and dislikes, dreams, hopes, and in truth make life interesting. When an individual has a specific talent of being able to help others morally, mentally, spiritually, physically, the one who is doing the instructing has a tremendous responsibility, because of the range of each one of these things that could be beneficial to the morals of the individual, or detrimental to the moral values of the individual.

Human life was created because of The Father's Love, and This Love is different than mankind can understand love to be. When a human being loves another human being, there is a degree of sharing, a degree of understanding, and a degree of personal communication in many ways.

Human life was designed, in some ways based on What God is All About, so that human life being the ultimate Gift of design, could associate, and of

course, be the beneficiary of a Goal beyond any other goal man could reach in the human way. The Father, in His Love for this design, placed within it a Portion of Himself. This Portion is beyond what mankind could possibly, fully understand, because this Portion of The Father, called 'a Soul', is more than mankind could ever realize the Magnitude of, the Reality of, because this Soul participates in everything man does, everything man says, everything man feels, everything man contributes to. The Soul is like a constant Companion Who never interferes, but resides within the individual, that is the One Part of man that totally belongs to God.

No man has ever described a Soul in Its fullest degree. Only God can do this. Through This Miracle of Divine Love, The Father has released more to mankind on the Importance of the Soul than mankind could ever conceive It to be.

As Each of Us speak through This Miracle of The Father's Love, We want each one who hears What We say, who will read What We have said, to pass These Things on to others who are not close, because of the Value of What

is spoken, What is delivered, so that all of mankind throughout the world will have the benefits of knowing, the benefits of participating in the knowledge of the Love The Father has for human life.

The word 'love' to mankind is special, because it gives strength, unity, hope, encouragement, safety, and eliminates what man terms 'loneliness'. This Miracle has, in so many ways, enlightened mankind to what a Treasure human life is, and what a Gift of Divine Love the Soul is to every human being. All that has been given, instructing mankind on what a Treasure human life is, and what a Greater Treasure the Soul is, should automatically give everyone hope, because in All that has been spoken, if It is looked at correctly, seen for Its Worth, openly speaks: The Father, in His Love for mankind, through the Soul He has placed within each life, expresses His Hope, His Love, allowing mankind strength to lean on every day and every night. So be it."

SAINT CECILIA

“I am Saint Cecilia. All of Us enjoy it when We hear a child named after Us, especially when the name is arrived at in Honor of Us.

Mankind is Special in design and in the Goal for which it is created. It is beautiful when We see children of all ages referring to their name, or others’ names, as belonging to a Saint, because when a child uses the name in everyday life, We oftentimes check on the child who bears the name; not that other names are not as important, but it is what man calls ‘a mark’ that is remembered, and time does not erase it.

This Gift of The Father’s Divine Love is Special in a million ways, and mankind will not fully understand the Importance of It until they become ‘Saints’. This Gift was handed to the world at a very ‘special time’, because like other times in History, there are memorable times that were based on much immorality, and these times do not bring happiness to remember,

but usually The Father sent Strength in some form, also Direction, to help those who were living at the time to remember that purity of mind, body and Soul was the most important factor that man should recognize, be aware of, and also practice.

You live in a time of great sadness to The Father, only because there are so many diabolical practices being accepted as natural, as part of human life, living. Some very great leaders that have much impact on the lives of others do not practice purity, but allow themselves to be vulnerable to incest, pornography, adultery, and everything that can be termed 'detrimental' to one's Soul, or Many.

Heaven has given to the world so much Direction, easy for mankind to understand as logical, as sound, as practical, and as a proper understanding, a clear understanding, of the offenses that are being caused against The Father's Commandments.

When two people argue, one is usually right, one is usually misinformed or wrong. The argument can continue on sometimes through a whole lifetime, or the argument can

be dismissed when no agreement can be made that is proper. As We watch mankind, and We are so fully aware of This Great Gift of The Father's Love, constantly instructing through Words understandable, We see so many rejecting the opportunity to act in a pure manner, a just manner. There are so many things mankind is resisting, because of so much interference that is being caused by leniency of morals. Immorality is indicative of Souls being lost to the Goal The Father wants for each One.

It is sad when We hear someone who reads All of Our Messages, or Some of Our Messages, or One of Our Messages, deny the Magnitude of What is spoken, because Everything that passes through This Miracle of The Father's Love is not meant for just one individual, but for millions of men, women and children, for a long time to come. So be it."

SAINT COLUMBKILLE

“I am Saint Columbkille. So much Direction, Love, Concern, has passed through This Gift of The Father’s Love, openly describing to mankind the Importance of human life, the Goal of human life, and What The Father Will because of the Soul that is within each human life.

When mankind, at this time, listens to instruction regarding the Importance of human life, it is rarely said, it is rarely defined in its full concept, because mankind innately talks about humanistic values, pleasures, responsibilities, hopes, goals. All of Us Who speak, deliberately caution mankind about offenses that are dangerous to the purity of the Soul.

We hear some men, women, shout interpretations of a Bible, encouraging those who listen to apply what they have discerned the words to mean to daily life, upgrading their spirituality to a higher level. We see much innocence in the listeners, and We see some who feel closer to The

Divine at these times, because of the deliberateness, the strength, and the sound of the voice of the one who is preaching, teaching dramatically.

It is important that when emotionalism is prominent, is overpowering, much can be lost in the content, but some who preach find emotionalism carries their words more dramatically, and puts much emphasis on their importance, their understanding, their abilities to instruct all who will listen.

When Our Lord walked the earth with the Apostles and other men, He did not shout, He did not scream so loud to impress them. He spoke in a natural tone of voice, with Strength in the Instruction. His Delivery was sound, and in this manner of doing it, everyone who listened felt and respected the Importance of What was spoken. If He had not done it this way, much would have been lost, because shouting does not always allow an individual or individuals to fully understand what is being said. You can compare this to anger, to emotionalism, which in many ways buries the subject matter, and there is

much misconstruing of the facts that were delivered.

This Miracle The Father has given lacks emotionalism, does not interrogate, but is allowed to be written Word for Word at all times, so that mankind can look back at the time, and read Word for Word, What All of Us have spoken in a quiet manner, in a loving way. It is important for children of all ages to be taught, instructed, encouraged, to more fully understand what a Precious Gift it is to be born as man, because it has a Goal beyond any other thing that mankind can plan, can participate in, can accomplish.

Children of all ages know right from wrong, and for the most part, innately know good from evil. When a child is taught a lesson, the one who is instructing the child plays a very important part in what the child will remember, how much will be remembered.

As The Father allows so Many of Us to speak through This Miracle of His Love, Our Mission as a Saint in Heaven is to instruct mankind on the True Goal of life that is above and beyond all other human goals that mankind

sets for himself or herself. Mankind innately wants to win, mankind innately wants to have success. There is no success greater for the Gift of life than Sainthood, and this is not being spoken about in any grand manner, except through This Miracle of The Father's Love for all human life.

The Father does not ask an individual: 'What religion are you?' 'How intelligent are you?' But The Father does ask for everyone born, all ages, to value the Gift of life because of the Goal He has for it.

We listen to children throughout the world. They are being instructed in what mankind would term 'humanistic' ideals, pleasures, practices, emotions, motions, goals. It is important for This Miracle to reach the whole world, in spite of what any men who stand in high positions say against It, because This Gift of The Father's Love is to enlighten mankind, encourage mankind, instruct mankind, to reach for Sainthood. So be it."

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

When man receives a gift from someone close to his way of life, there is a happiness, because of the thoughtfulness in the gift. Mankind has received the Greatest Gift that any human being can receive, and this is the Gift of life, that in its very essence says a Soul is present at the moment of conception. Nothing material can be greater than this Gift, because the Soul is a Portion of God Himself, and human life, as the recipient of this Soul, can never experience anything greater, anything more important, anything equal to It.

Every day of human life is special, because in this day mankind has the privilege of living this day, to one day become ‘a Great Saint’. It is sad when We hear many say that they feel that the most important thing in life is success financially, or to be popular amongst others, such as family and friends, other associates.

This Miracle The Father has handed, instructing mankind in so many ways on the Importance of human life, and the Part He Plays in each life, is a Gift beyond all that mankind can ever gather in the worldly ways, or in personal relationships.

The Soul, though unseen, is present, because mankind is aware of what is right, what is wrong, what is good, what is evil, and mankind, in his and/or her constant struggle to achieve success in some form, whether it be minor in the eyes of others, or a major role in the eyes of others, there is an equality amongst mankind that holds mankind in a place above all other things.

So much Instruction has been simply structured through This Miracle of The Father's Love, giving to all races, all colors, all creeds, all intellects, Words that cannot possibly be misunderstood, Reasoning that can never be doubted, helping every human being seeing human life as a Special Design, for a Special Purpose, that had to be given by The Father Himself, because no other creature, no other inanimate object has a Goal as the one that human life was created

**with, for, giving it the Highest Design
of all living things.”**

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. Each time The Father chooses One of Us Here to speak through This Gift of His Love, We find It a Gift of Divine Love, because it is Our Soul that is chosen by Him to reach you at a particular time, for a particular reason.

This Gift of The Father’s to mankind is not just Special, but is Ultimate in Its Reason, Its Purpose, and in Its Manner of reaching you. So many subjects are covered in a distinct way, instructing all of mankind on the Importance of human life, plus the Importance of the Soul that is the recipient of all the individual does, says, thinks, participates in.

Small children should be instructed on this Important Part of their life, and when they are being taught about what is right, what is possibly wrong, they should be told the importance of choosing what is good over what is bad. They should be given a picture showing themselves making a decision, with Heaven on

one side, and the enemy of God and man on the other side. I assure you they will understand. They say a picture is worth many words. Every living human being cannot deny this, so it is obviously the way to teach children that a pure, proper decision is a happiness to God; a decision that is the opposite of this, is a sadness to God.

Sometimes adults try to instruct little ones regarding a subject, an action, a thought, a word, and they omit the importance of what each one of these things can be. They omit the fact that the child may not have the ability to see that the same thing can be done right or wrong. So much is given to children verbally, in pictures, and through description, that omits what the child should understand, because the one instructing or speaking does not rationalize the ability of the little listener, and so a lot of explanation is left up to imagination or interpretation.

You live in a time of great degrees of moral degradation. Children of all ages are exposed to what mankind looks at as life, as normal, human, ignoring the fact that so much humanism

can omit purity in its concept, in its description, in its thoroughness. Mankind, all ages, find temptation in many things, actions, words, reading material, friendships, and in every area of life wherein there is contact, or just appearance of something that is vitally wrong, immoral, indecent, impure. Many men and women are not morally strong enough to resist temptation themselves, and they totally ignore the practice of a prayer for help.

It is important that mankind realize that many Souls are in jeopardy because of the laxness in morality. So Many of Us Here speak, wanting Some Part of What We say to protect one or more Souls, because of the Importance of What the Soul truly is. Ask yourself: Do you appreciate abuse from anyone else? Does it make you happy, and do you encourage it to be often? I cannot hear anyone say 'Yes' to this, so My Message to you is: 'Use caution in all you partake in, all you are example of, because of the responsibility you have to protect the Soul that is within you, and the Souls of all others that could be a reflection of all you are, all you do, all you say, every day of your life.' So be it."

GOD THE FATHER

“I know how difficult it is for mankind to understand that I would speak so openly through such a *little one* to mankind. The Words that have been thus far given have a Tremendous Degree of Hope in Them, Strength in Them, Consideration in Them, and yes, My Love within Them.

As The Father, as God, I have delivered so much Direction to mankind, to enable all men, women and children to have hope, in a manner that nothing else could compare to. My Love is beyond human love, My Goal for mankind beyond any ability of understanding.

At this time, men, women and children are drifting away from the Purpose for which life was intended. There is very little sound instruction on the Importance of why I created life, the Goal I have for it. There are so many making great speeches, encouraging others to see a power within them that is beyond what human power is capable of doing.

Some are going to such extremes that in these extremes they are causing much dissension, also belittling the Importance of My Goal for mankind 'to be a Saint Here in Heaven with Me for all time'.

I hear many subjects regarding Spiritual gifts, Spiritual faith, Spiritual goals, and many of them have a disfigurement in them, are truly unrealistic, and are defined as more humanistic than My Meaning of what Sainthood is, and that is to live, through one's Soul, with Me for All Eternity. Confusion is everywhere, dissatisfaction everywhere, humanism in every part of human life. When I say 'humanism', I mean putting all thoughts, words, deeds, actions, goals, on a scale that can only show humanistic evaluations, not Supreme Levels for the Souls.

I have allowed so Many to speak through This Gift of Mine, All of the Directions easily understandable, easy for mankind to follow, logical in concept, and of course, totally directing man's thinking, man's goals, to return the Soul from Where It came.

A blind man says, ‘I cannot see,’ but most times the blind man can hear you talk. The blind man has feelings, understanding, hope. The blind man is very often totally relying on those close by, to help physically, mentally, spiritually, for the safety of the body and the Soul.

Mankind has been gifted with sight, hearing, a sense of smell, a sense of touch, a sense of understanding, mobility. Mankind says something tastes good. I always smile at this, because very often the sense of taste is very important to mankind. I hear some say: ‘This is so good, it soothes my Soul. I feel better for it. It has given me strength.’

This Miracle of My Personal Love to mankind throughout the world is Food for mankind to use, to strengthen moral values, moral standards. This Food, My Words, My Love, My Concern, is to help mankind realize that Another Life waits for the Soul, and through the Soul, the individual will be recognized as to who they were, what they were, how they were.

I do not expect mankind of any degree of knowledge to fully under-

stand All I Am, but This Gift of My Love is truly from Me, and It must be spread throughout the world without any stops, without delays, in spite of any questionable areas that might arise. My Love is beyond mankind's knowledge of love, for sometimes mankind forgets I Am The Creator of All Things.

Through Many of The Saints Here, I have requested They deliver to mankind Words, helping mankind to more fully understand the Importance of human life, and the Importance of the Soul that is a Portion of Me, that I have instilled at the moment of the creation of each living human being. So be it."

OCTOBER 12, 1995 AT 10:55 A.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. The Father has sent to the world Direct Understandable Communication through a *small voice*, telling all who are present to write What He wants mankind throughout the world to know. All the Communication that has been instructive, constructive, is hopefully to be productive in encouraging mankind of all races, all creeds, to understand what a Precious Gift human life is, and the Goal for which it was designed, in a manner above all other creations.

Mankind each day expresses a mental attitude, ability, in everything he or she partakes in, plus a nature, plus abilities. All these things register through the will of an individual, giving strength, courage, personal dedication to talents, whether they be in work areas or in areas that can be termed ‘entertaining’. This, of course, has a tremendous effect on all others with whom an individual associates.

We hear some say, ‘Why would God come to the earth, telling mankind All that we read through This Miracle, when these things we are aware of, we live it each day?’ This question is one that can be termed ‘not fully understanding The Father’s Love’, because His Love is a continuous Gift to daily life.

It is difficult for mankind to understand that man is Special, and within man there is a Special Gift of Divine Love, called ‘the Soul’. The Soul elevates mankind to a higher degree than any other living thing, because the Soul is a Portion of The Father, and this is not as mankind knows a living portion of the physical to be; It is above and beyond human understanding.

This Gift of The Father’s Love, This Miracle of Instruction has so many times told those present, and those who were to write for others to read, that this Gift of Divine Love is what will be the Portion of man that will be Judged. Does not logic say that this Judgment will be based on the individual human life in which It was placed at the moment of conception?

We hear so much about mankind's weaknesses, blaming others for what they do, they become involved in. These sins are numerous, and yet each individual knows that they have a power within them to accept or reject what is wrong, and they have the will to do it.

The Father's Commandments were not given for a time in past History, but for all time to come. It is sad for Us to see the conciseness in which They have been passed down through time, I must say deliberately, because it is not because mankind's mentality has lessened, unable to understand the fullness of each one, but those who made this conciseness, ignored what each Commandment covered.

This Miracle has been given to the world, and it is The Father's Intention that All The Commandments must be delivered in written form, in full measure, so that no living human being of any age can deny any part of Them, because logic says to man, the conciseness does not cover all areas of impurities that mankind accepts in the daily way of living."

OCTOBER 12, 1995 AT 12:06 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

Mankind accepts battles that are considered to be necessary between nations, and many times between religions. This Miracle of The Father’s Divine Love is constantly in what mankind would call ‘an unseen war’, caused by many who are acting out because of jealousy, disbelief, and the inability to see Truth when they hear It so audibly given, so logically stated, so Perfect in Content.

When a war between countries is fought, the ammunition is physical, brutal, and according to the area in which it is being fought. When there is a battle of good over evil, you can be sure that the enemy of God and man uses unreasonable, imperfect words and actions that are as destructive as the ammunition between countries that are at war.

Right now, throughout the world, the enemy of God and man is causing many diversionary actions amongst people who do not fully understand

what is occurring, or why something is occurring that they feel is present, but they cannot determine what it is truly trying to use, change, or advocate. Confusion is definitely the work of the devil, and the world is saturated at this time with so much demonic intervention, that mankind does not see things for what they are, because in the daily routine of living, mankind is preoccupied with responsibilities that are uppermost in their mind.

Mankind looks in a mirror and they see themselves, or whatever else is present that is close enough to the mirror, or in the area of the mirror that allows a reflection to be obvious. Satan constantly is alert to not allow those he is attacking to be able to fully see the reflection, the direction, and/or the results of what he is using to demoralize those in whom, and with whom he feels he can bring to his attention, who he can draw in response to him, and this is more prevalent throughout the world than the obvious wars between nations.

This Miracle has been given to instruct mankind, to warn mankind, on what is Important regarding why life was created, and of course, instructing

mankind on that Special Gift of Personal Love, Personal Association, that is within each human life, the Soul. The Soul is That Portion of life that is to be returned to The Father in a Pure State, with no blemish.

As a parent or a friend gives to a child or someone else, a valuable gift, the giver wants the individual to take care of this gift, enjoy the gift, but when there is a carelessness or ingratitude for the gift, disappointment, and of course, personal sadness enters the picture.

The Gift The Father has given to mankind is beyond any human measure. It is important that mankind understand that This Gift of The Father's Love must never be cast aside, forgotten, abused. Remember this. So be it."

OCTOBER 12, 1995 AT 1:24 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. The Father has given to the world, in a Personal Way, Instruction, Direction, through a *small one* who is obedient to His Will.

This is difficult for some to understand, because they are so entrapped by what is going on throughout the world, that is spiritually humanized by so many who are personally advocating, and encouraging others to see spirituality as emotional, and as a human energy that has the ability to speak for The Father in many ways.

This particular thing that is occurring is demonically based on humanism. It is definitely not the way The Father would use mankind. Satan imitates because he does not have the power, nor the desire, nor the inclination to stress purity of mind, body and Soul. It is sad when We see so many not resisting what is obviously demonic, because they find the attention gives them more attention, and the more attention they

get urges them on to feel they have the Power of God to do many things.

Hell is real; it is not something that was made for people to feel threatened by. It is not imaginary, and mankind should understand that it is in the control of a dark angel, one who was cast out of Heaven. This story of this occurrence may not have been given in its exact factual action, but it is truth. It did happen, and he is the greatest enemy because of it. Jealousy in any form, in any degree, for any reason, is dangerous because it is destructive, and does not allow happiness to enter in any way, any form, any manner.

Mankind, from the beginning, has come through stages of learning; that is, learning about being human, what is involved in the different degrees of human life, such as, from birth to becoming an adult, and then using the higher age to instruct others, and to live according to The Father's Commandments so that the Soul can return to The Father, a Saint. The Logic, the Truth is obvious, because innately mankind wants what is right, what is good, what is favorable,

and resists what is wrong, what is destructive, what is unfavorable.

When This Miracle released to the world that Saint Joseph was The Holy Spirit of The Father, the Reality of What was being given was easy for many to understand, difficult for some, but in the end logic will win out, as Truth will always be the end result.

Human life goes through many stages, some interesting, some technical, some practical, and some very trying, but the Gift in human life of the 'will' is a Treasure, because an individual's will can register strength, hope, change, rejecting all that is unpleasant, all that is wrong, all that is intimidating.

So Many of Us speak through This Miracle, because This Miracle is to give to mankind, all of mankind, Truth, and sensitivity to what human life is all about, not like all other creations. Innately, mankind very often looks for success, is not happy losing in any way.

This Miracle of The Father's is, in many ways, a Gift of Instruction beyond what any human being could give, because It is constantly

instructing mankind on the Goal of Sainthood, and what mankind should reject, so as to avoid anything, anyone, any situation, that could interfere at arriving at the Goal intended for the Soul. So be it.”

OCTOBER 12, 1995 AT 3:10 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It is important for mankind, throughout the world, to learn of This Gift of The Father’s that gives Lessons, Information, Instructions, on the Importance of human life, What it contains, and the Goal The Father has for it.

Children of all ages must learn from This Miracle, because in All that is being given and that has been given, is beyond any volumes of instruction that mankind has put together.

All of the Revelations that have been passed through this *little one*, are Words of Comfort, Direction and Love that no other book or instructor can give to mankind throughout the whole world. Each Lesson is Personal, and yet includes all of mankind. Each Direction is sound, logical, and understandable to even the youngest mind.

The Father includes all ages when He speaks the Words: ‘I direct These Things to all My children. I want them

to understand what a Precious Gift human life is as men, and that I have given a Goal for the Soul that is above all other gifts mankind can compare anything to, even the most precious jewels in the world.'

It is important for all of mankind to read What We have delivered, because there is nothing else in the world that has so much Love, so much Purpose, for every age, every color, every creed. When We hear small children want to know more about God, We find that the one to whom they are asking the question or questions, is inadequate in the subject, We want to whisper in their ear, 'Read What is passing through *The Miracle Of Saint Joseph*, and All Things will be understood in a clarity that is undeniable in Its Worth.'

The whole world is in great moral disaster, and children are not being taught about the Soul they have within them that is the closest Thing to God they could ever imagine. Just knowing about this Soul will give strength to all ages, because so little has been taught about It, instructed on It, and emphasized regarding how Special It is, how Important It is, and

**that It is That Portion of human life
that will remain Forever. So be it.”**

OCTOBER 13, 1995 AT 11:47 A.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. At this time, this year in which you live, there is very little attention, and little or no understanding of the Importance of human life. So much is taken for granted, and along with this, so little meaning to what life was created for, the Purpose of it, the Goal The Father has for it.

Throughout the world there is so much immorality, millions of people ignoring morality in so many ways. As This Gift of The Father’s is One of such Greatness, with so much Instruction on the Importance of human life, and the Reason for which it was created, in the Gift that mankind has, to be able to accept what is good and reject what is wrong, We see so many ignoring this precious Gift of decision that is innate in human life. Mankind should understand that to be able to choose what is right over what is wrong has to have a reason, else what difference would it make to the lives of all mankind?

We hear so many expounding on their abilities to control large groups of people. Some are elected officials, some are what mankind would call 'gangsters'. The world of mankind has gone through many changes, but basically, there is still in all of mankind the privilege of choice. This precious Gift is never looked upon for its greatness, but is acted upon according to the degree of integrity, or lack of integrity of the individual human being.

The Father has given to the world *a small instrument* who is constantly instructed on What to say, When to say It, How to say It. So much has been delivered by Many of Us Here, alerting mankind to This Precious Gift in their midst, because there are so few in religious circles who have the ability, the conscience, and/or the moral strength to fight against all that is wrong, especially within their own groups. Mankind has become so relaxed regarding what is morally sound, that they are ignoring the importance of each decision must be based on what is best for the Soul.

As We look at mankind, We know that mankind has a conscience. The

conscience is a sensitivity. It is a barometer, alerting the individual regarding what choice to make, and of course, the importance of it being right, not wrong. The individual's laxness is a sadness to Us, because the individual is and will be accountable to God, because of the Soul that is the recipient of all actions in which the individual is involved.

To some a lie is necessary, because it covers a situation, an idea that might be uncomfortable if truth were to be spoken out loud. So many times We see mankind's inability to discern the value of so many actions, so many decisions. This inability is most often based on not just the character of the individual, but the moral values of the individual.

The Father has Blessed the world with This Miracle of His Divine Love. It is difficult for Many of Us to see rejection of It; also, many just ignoring It, feeling It will go away. The written Word is a Final Decree that All that has been given will remain for mankind to see. So be it."

OCTOBER 13, 1995 AT 1:04 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. Wherever this *little one* is, We are able to speak openly to instruct mankind, to give mankind hope through Words that The Father desires to be given. It is important that mankind understand that This Miracle of Divine Love has many facets to It, and through All the Instructions that are passed through It, Each One is to gather the attention of people of all cultures, all creeds, throughout the world.

The Father has given to the world at this time, This Gift that is beyond human ability, comprehension, because mankind, in many ways, has a structured life that is practiced in a daily manner, not just with habits, but with many areas in which human life is associated. Daily life to mankind is sometimes routine, but very often this routine can be detrimental in some ways, because the routine involves one’s habits, one’s personal practices, one’s ability to associate with others, and of course, this list is endless. The Father has brought to the world a Gift

of Instruction for every living human being, helping mankind to be aware of more than daily routine, habits, but to also be aware of the Purpose for which human life was created, and that is to one day return to God, a Saint.

After We hear some who have read Our Words that were given through This Gift of The Father's, it is sometimes sad to hear their interpretations, their coldness, and yet know their needs. Then We hear some who automatically, deliberately, have extreme opinions on what This Miracle is all about, and then some say, 'How could it be; why her, why not you or me?' It is important for all who ever have the privilege of This Miracle touching them in any degree, either personally, or through the written Words, for them to see the Value in What they are partaking in, and grow in a personal way from having been touched by This Miracle, even in the slightest degree.

This Miracle can be compared to when The Son of God walked the earth. He found that Instruction had to be consistent, constant, and not have any lengthy period when nothing was said, because human nature needs

a consistent manner of reminders, else something else distracts them. The Father, in His Design of This Gift to mankind, left nothing out, and in each area of This Miracle mankind can be assured that all ages, all degrees of intelligence, all who have different talents, are included somewhere in This Gift. There is always something to get their attention, to remind them that human life has a Purpose, and that human life must be seen for what it truly is.

The Soul of every human life is dependent upon the individual within whom It was placed at the moment of conception, but also, this Soul is an Independent Portion of God, and The Father is constantly aware of Its Presence, and what the Soul is enduring because of the individual in whom It was placed. The Soul is a Purity beyond what mankind knows purity to be, so anything that is impure to the slightest degree affects the Soul, because the Soul in many ways, never before described like this, is on a Mission for God, as Part of a human being.

I will say no more on this. I feel that what has been spoken thus

far is sufficient for mankind of all mentalities to see the Magnitude, the Logic, the Purpose, and of course, the Responsibility. So be it.”

OCTOBER 13, 1995 AT 2:08 P.M.

SAINT JUDE THADDEUS

“I am Saint Jude Thaddeus. In so many areas mankind has stopped taking the time to use prayer to Many of Us Here. Mankind has put so much emphasis on humanism, human associations, human dedication, ignoring the importance of communication to The Father, to Our Heavenly Mother, and to Many Saints Here.

Historically, mankind has experienced paganistic eras of time, but if one were to approach this subject at this time, there would be great debate, because so many feel that they are emotionally, mentally and physically associated with gifts that, in their way of thinking, dramatizes their belief that these actions are a communication beyond silent prayer. True, prayer has many dimensions of communication, many ways to gain attention, but the prayer that We previously mentioned, that is, the prayer that is silent in many ways and yet communicates in such a personal way, must never be ignored by mankind, because mankind needs

to have this communication in Union with All of Us Here.

There are so many who are acting out, dramatically shouting, and using physical energies to express what they feel, they mean, they say, and oftentimes much egoism is shown in these demonstrations, thus putting the emphasis on humanism, not on The Saints nor on God.

Mankind has a saying, 'self-control, self-discipline'; very important for mankind to understand that these two measures of conduct can open much communication to The Divine.

Children are not being taught to speak to The Father or Someone Else Here, in the morning, during the day, or at night before they close their eyes to go to sleep. In many ways, children are being shown that communication with The Father and Others, is in many ways like communication between themselves and friends, openly expressive, domineering and aggressive.

I have put these things in this frame, this form, to help mankind better understand prayer is an important communication between God

and man. Many times its very silence is consoling, and the silence gives much credence to the communication. Mankind has become so obsolete in the dignity of prayer. There is so much dissension, due to so much occurring that has taken the peace out of time for prayer, time for service in a special form.

This Miracle of The Father's Love constantly instructs mankind in such simple forms, ways, degrees, manner, alerting mankind to the importance of communication in a dignified, loving way, no matter what age the individual is. It is important for mankind to understand that communication with God is as close as the Soul that is within each human being. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius. The Father is delivering to the world help for mankind, Instruction, because of His Love for mankind.

This time period which amounts to several years, has in many ways diminished what human life was created for, the Goal it was created for. The enemy of God and man has deliberately, in more ways than mankind realizes, entered into man’s thinking, actions, abilities, conscience, values, standards, integrity, and spirituality. There is no area that the enemy of God and man has not made some type, some kind, some form, to diminish man’s understanding of purity of mind, body and Soul.

Some day mankind will fully understand what a Magnificent Miracle was handed to the world, with Instruction beyond what mankind could give on his or her own talents, abilities, Spiritual acumen, Spiritual practices, Spiritual love. To mankind spirituality is separate from all

other areas of life. This is wrong thinking, because spirituality is in how an individual thinks, acts, and practices morality. Little ones are not being instructed on the safety of moral values, moral standards, and are definitely not being taught God's Commandments.

There is so much humanism practiced, accepted, imitated, and of course, there are many excuses for it, usually marked by the time, the year in which mankind is living. Let us visit Hell and ask those who are there what year it is, what year they were born, and then perhaps ask them: 'What caused you to lose Heaven? What was the main source of your disobedience, your immorality?' One would be quite shocked at the answers, because in many ways they were then as they are now, related to humanism, ignoring purity of mind, body and Soul.

At this time in which you live, there is so much emphasis on academic progress, scientific growth, and using one term often, 'skillfully knowledgeable' in all facets of a given subject. Do these subjects cause the individual to act impurely? Most of the time, no, but sometimes egoism,

self-satisfaction draws men and women to associate themselves with impure measures, that if they were looked at in their full meaning, the individual would see so much impurity in the responses to all that is impure, even diabolical.

There is, in many ways, a happiness to success in physical areas, mental areas, but mankind should never forget that in everyday living there is more to life than these things; there is a Soul that plays an Important Part in everything that is said, seen, acted upon, indulged in, practiced, or example to others.

As Each of Us speak, there are so Many Here Who do speak through This Miracle of The Father's Love. It is to strengthen mankind's abilities, capabilities, moral discernments, to see the Value, the Importance, the Privilege that human life is based on, and designed for. So be it."

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. This Gift that The Father has given to the world is more Precious than mankind can fully understand. The Greatness of It, the Value of It is beyond what mankind could possibly define.

All the Lessons, Instructions, Advice, Information, that has been given in so many different terms, easy for mankind to understand, logical in Concept, and of course, important in Its Very Content, because there is no place in the world where so much Information regarding the Soul is being spoken about, written about. Mankind does not always appreciate a Gift that is so Valuable, that nothing else can compare to It. That is why The Father is requesting so Many of Us to speak openly, candidly, using Words understandable to all ages, all cultures, all creeds.

When a man, woman or child meets an important person, there is always great awe in how they feel,

what they experience. It is important to them as an individual, and they very often speak of this moment of treasure for a very long time. This Miracle that The Father has so deliberately given to mankind, explaining so much about human life and the Purpose for which He created it, is Far Greater than anything mankind can experience in human life. Thousands and thousands and thousands of Words deliberately spoken in detail, full explanation, can never be denied as to Where It was delivered From, because no human being has the ability to know such Important Information without It coming from the Highest Source.

We use a *small voice*, a *strong will*, because through these two areas of human life, We are assured that mankind will be spoken to as It is Directed to be, and All that has been told to be written will be done according to The Father's Will. Some men in high places cannot sincerely question What they read, but their nature, their egos are used to debate This Happening at 'this time', and even more than debate, they make decisions, because they cannot handle the Magnitude of what the Words all mean, and *the littleness* that is used to

deliver These Messages according to The Father's Will.

All that has been instructed must be delivered without question, without concern, to the whole world. Let no doubts stop this from happening, let no jealousies interfere, and do not allow These Words to be stopped for any reason, because These Words are to be carried on for hundreds of years. What I have spoken must never be ignored, because 'this time' is important for all Souls to one day come Here."

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Claret. It is a privilege to speak through This Miracle that The Father has designed to help mankind fully understand the Importance of why human life was created, the Beauty in it, and the Goal of it.

We hear so many speak about their prayer life, and sometimes how unsatisfied they are with it. We also hear many distracted from a sound, logical prayer life by those who preach loudly, according to how they feel prayer should be based on, and what it is all about.

You live in a time wherein mankind is openly talking about evangelization, and many of them, in their desperate need to instruct others, are speaking in a way and a manner that is basically totally humanistic, and they are voicing their own opinions on how they are determining passages to be meant.

The whole world is in a moral chaos, in reality, where immorality is

acceptable because of its humanistic values, abilities, and so-called 'natural' to the nature of mankind. This Gift of The Father's has been available to many hundreds, thousands, for some time, dictating the refinement in which morals should be accepted, practiced, and used in daily living.

Children are not being taught the importance of The Rules The Father gave. They are being subjected to false interpretations that diminish the meaning of each one, to the point wherein the fullness in how The Father Decreed Them to be is cast aside, ignored totally.

Just to remark about a few: *'Thou Shalt Not Commit Adultery.'* There have been many times in the past where this very serious Commandment was abused in many ways. Today in your time, mankind has found more abuses than the previous ones, but to add to this, everything is acceptable as normal to man, and is not considered offensive to God.

Another Commandment that is abused daily, and that is, *'Thou Shalt Not Kill.'* Before this day is over, this Commandment will have been broken

thousands of times, intentionally, and perhaps some unintentionally.

It is important for mankind to trust What We speak, and not ignore All that has been delivered through This Miracle that The Father has so generously, openly, deliberately given to mankind, for the sake of the Souls that are being abused in ugly ways because of the weaknesses men, women, and even children are acting out, deliberately ignoring the horror that is taking place, because they do not feel they have taken the life of an individual, but they have acted according to the personality, nature, circumstances, and even blame much of what they do and say on their surroundings.

This Gift of The Father's is not a passing Gift for just a few, but It is for the whole world of mankind, because of the Importance of the Soul that is a Portion of The Father within each human life. Never is a child born without a Soul, and this Soul is to be returned to The Father in a State of Purity, not disgrace, not dishonor.

**My Words are clear, My Words
are meant to be remembered. So be
it.”**

SAINT JOHN VIANNEY

“I am Saint John Vianney. Mankind must understand that human life is not just a Design of The Father’s, but a Beautiful Gift of The Father’s to each human being born to the world.

Man has intellect, mobility. Man has communication verbally, physically. Man has a Soul that is a Portion of The Father. Man has a Goal for an individual recognition to remain forever when the physical life ends. This Gift of Life Forever is through the Soul of the individual. That is why human life is so Important. That is why it is important for mankind to see the truth, honesty, purity of the mind, the body, has reason, has purpose, and all things register in the Soul.

Mankind has been instructed in many ways on the importance of human abilities, human ideals, human practices. This Miracle that The Father has delivered through *a very small one* must touch all of mankind throughout the whole world. Granted, this sounds like a difficult goal to

reach, but in reality, mankind must understand there has been no time limit put on this goal.

Time to mankind is usually thought of as one day at a time. Time, in its full understanding, is endless, because as a human life lives a number of years, it must be understood that the Soul of the individual goes on forever. Some theologians may not understand This Statement, and some may find it reasonable, acceptable, valuable. Mankind's concept of time is in the degree of how man lives by the day, by the year, from one birthday to the next.

This Gift of The Father's Love, instructing mankind on so much that has never been spoken about in this way, to this degree, must be treasured, because in years to come many who will read the Words will gain strength from Them, and see more Value to Them than those who live at 'this time' that They are being delivered.

There are many changes in Spiritual beliefs, actions, understanding, in what could be termed 'another period of troubled times', because mankind is not fully under-

standing what sound moral values and sound moral standards are to the benefits of human life, and of course, to the Souls of all of mankind.

It is easy for some to pray a quick prayer, almost with an indifference to Whom they are speaking, because there is so much activity in one's life that, for the most part, prayer is short or obsolete. This must change, because mankind must understand that daily communication with The Father gives strength to the mind and the body, in ways mankind cannot visualize, but the Soul many times reminds an individual to thank God for something that occurred, something that perhaps was beneficial physically, morally, personally.

As I was a Priest, I saw the need of everyone who came to talk to me. The need was usually beyond what the individual expressed; that is to say, a cry for help. 'Father, pray for me,' most oftentimes meant for something personal, something physical, something monetary; a plea for prayers for the Soul was not always a priority.

As I bless the whole world with My Words, I want mankind to under-

stand that This Miracle of The Father's Love, in Every Instruction, must be understood as a Gift beyond any human measure, any human love. All that I have spoken cannot be absorbed in one reading, so I plead with you, 'Take the time to read What has been delivered several times, because it is My hope that after reading the Words, you will feel a more in-depth need to practice humility, honesty, and of course, more concern for your Soul.' So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. We All smile at the reality that this *little one* points out, expressing to all who hear her speak, the logic that is so acceptable in stories during past times in History. Mankind has passed through many stages of spirituality, some heavier in demands than others, some stronger in concept than others.

It is important for mankind to fully understand that the Gift of human life and all other living things, comes from The Creator of All Things. Human life was designated, designed to be Special, because in mankind The Father put an intellect, a nature, a will, but above all these Gifts He placed within them a Portion of Himself, called ‘a Soul’. This Portion of mankind has never been seen as It truly exists. This Portion of mankind is the recipient of all that an individual in whom It is, acts upon, through moral values and moral standards, truths and untruths. The Miracle of life is a Miracle beyond what mankind truly understands, because human life has a

Purpose that is rarely thought about. Mankind places most of the emphasis of life on humanism, and some to a certain degree, on the Life Hereafter.

So Many of The Saints have been given permission to speak through This Miracle, to instruct, to console, and to give mankind a more realistic idea on the Importance of human life versus all other living things. We often hear a man or woman say, ‘The children are growing.’ They mean physically, sometimes mentally, but how many of them truly see beyond the human idea of growth? Not many.

The world of mankind is so enraptured by excitement, entertainment, activities. Whether they are sound in moral values and moral standards does not seem to be in the thinking. Most of it is humanistic, according to what is occurring that is up-to-date at that time. Sainthood is rarely mentioned until someone who lived an unusual life, exemplary in some ways, dies, and then a few people could be quoted as saying that ‘He or she could be a Saint.’

This Miracle has been given to the world to instruct all of mankind on

the Purpose for which human life was created, and in This Miracle there has been an extensive, intensive amount of Instruction, giving to mankind the Goal for human life, why it was created. The Father has Blessed the world at 'this time', and it is a sadness to All of Us to hear sarcasms, ridicule, denial, and petty jealousy where This Miracle is located, and through whom It is transmitted to the whole world.

Mankind has a saying when they want attention to be given to something they feel is important; they say, 'Wake up.' All of Us Here in Heaven are saying to mankind: 'Wake up and see the Treasured Gift of Divine Love, through the Instruction that has been so intensively, extensively given on the Importance of human life, the Goal of human life that The Father has placed in it and for it, a Blessing beyond human understanding, human comprehension, human discernment.' Do not allow these things to stand in the way of seeing the Beauty in the Gift that you walk with each day, and you are responsible for in everything you do and say. So be it."

OCTOBER 18, 1995 AT 2:45 P.M.

PADRE PIO

“I am Padre Pio. I have been given permission to speak through this *small instrument* of The Father’s. It is important for mankind to value human life, and to value even more, Faith in The Father, because through this Faith you will grow to become ‘a Great Saint’.

Mankind does not realize how valuable human life is, because mankind uses it as a daily means of survival, existing to a degree that financially allows mankind to live according to standards that are based on monetary values. Compare This Statement with what I am about to say.

In the physical life man depends upon financial matters, position, and many times knowing certain other people. The Soul is rarely a thought, because the Soul is not Part of the structure in which mankind survives each day; at least, that is what mankind thinks. The Soul of every living human being is as much, or more

than each breath a man takes, each step, each word. The Soul is a Living Portion of human life, and is beyond what anything can be compared to in the living of each day, no matter how important circumstances become, conditions are, or goals reached. The Soul, as a Portion of The Father, must never be set aside, must never be taken for granted, must never be burdened with flaws, with sin. The Soul must be cared for meticulously by the mind and the body of the one in which It resides, because the Soul, as a Portion of The Father, must constantly be protected against all impurities.

When I was upon the earth, it is true, some thought I instructed harshly, but knowing what I knew about the Soul, I had a duty to perform beyond what others felt was necessary. *This child* through whom The Father has given a Monumental Task, fully understands the Responsibility, and many times is saddened by those who deny What they hear, What they read, and act oppositely, ignoring their ability to choose what is right, sound, moral.

It is a privilege for Me to speak through This Gift of The Father's,

because in speaking, it is My hope that those who remember My Name and My Way, will respect What I have spoken, because mankind must understand that the Soul of every living human being is More Important than any other part of human life, and It must be cared for morally, lovingly, because It has a Goal that no other part of human life has.

I am permitted to bless those who will read My Words; and the Blessing I practiced in My daily life was to, ‘Through your mind, remember that you have responsibility to return to The Father His Goal of Divine Love, your Soul.’ So be it.”

OCTOBER 19, 1995 AT 11:27 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. There have been so many Lessons passed through this *little one*’s voice, instructing mankind on the Importance of human life, and how Important to each life is the Soul, the Soul never before explained in the manner it has been explained through This Miracle of The Holy Spirit of The Father, Saint Joseph.

We listen to some people speak after they have read Words from the Directions that pass through this *little one*. It is sad to hear doubt. It is also sad to hear anger from those who are saying, ‘Why would not These Important Words be spoken by a man who has taken the oath of office as a Priest?’ The Father has always used ‘a little one’ to give Important Messages to the whole world, because there is much more involved in the Messages than mankind realizes. First of all, it takes an extreme obedience to Divine Will. It takes courage, perseverance, and the ability to stand strong where Truth is evidenced by what the Content

expresses, means, because the Content is not just Inspirational, but is based on Fact.

Mankind very often enjoys an emotional speech, because in the emotion it emphasizes a human ability to expound on a given subject, but this *little one* through whom We All speak says things quietly, with no emotion, just repeating What she is directed to say, extending to mankind of all races, all ages, Information, Direction, and the benefit of Instruction, so that mankind will see the importance of What is being delivered, and hopefully will use the Direction for the benefit of his or her Soul, and also be example to others, so that other Souls will be given the opportunity to be a Part of What The Father Wills for That Portion of Himself.

I will close now, because *the little one* through whom I speak is beyond what mankind can understand as being more with Us physically, mentally, thus making it difficult for her to speak. So be it.”

OCTOBER 19, 1995 AT 1:07 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. It is obvious to All of Us there are fewer, and fewer, and fewer of men, women and children saying prayers.

Even though much evangelization has taken place, there is so much emphasis on general terms of what mankind calls ‘scripture’. I must say that it is not always translated properly in its full definition, and that for many, it would be better to say prayers, because in prayers an individual calls attention to specific situations, specific matters, specific directions, specific subjects. It makes the communication more personal. I do not say, ‘Stop reading scripture,’ but I do say, ‘Much of the interpretation is not a learning process, and many who thrive on reading it are not fully understanding it.’

Little ones are not being instructed on the importance of truth, the value of truth, and its real communication with God. Children are important, and this must never be

denied, nor should it ever be cast aside, because a child needs the strength that personal communication can give to him or her. It is sad when We see so many adults, older people, ignore what a child needs to feel comfortable with, comfortable about, in communicating in a personal way with The Father, with Our Heavenly Mother, with All The Saints.

There is so little emphasis put on the Goal of human life, the Importance of It, and that It is the Ultimate Gift when human life no longer exists. Small children are told that if they do something right, there will be a reward. This instruction has been put to children all through time. What adults do not realize is that it is innate in mankind to recognize that for goodness there is reward, for wrong there is punishment.

Many times We hear those who are with children a lot, treat the children in a manner and a degree beyond the little one's ability to comprehend, and the little one, the child, can be victimized, because too much is expected of them, and too little instruction given to them.

There have been several times in past History when the time could be considered evil in many ways, obviously showing that men, women and children participated in sinful actions, ignoring the fact, the understanding, the idea, that there was Something Important within the individual that could not endure what was occurring, because of the impurities involved, the immorality, the offenses, against what God created.

It is often spoken that mankind lives in a time worse than Sodom and Gomorrah, but in reality, the only thing that is known about Sodom and Gomorrah were the sins against purity. There were many other dreadful, ugly, sinful actions, that to describe them in detail would be difficult for many to hear about, or read about. Yes, you do live in a time worse than Sodom and Gomorrah, and the ugliness in so much depravity to the human mind and the human body is beyond what anyone would want to write, hear about, or read, because the details are synonymous with what the enemy of God and man stands for: ugliness, filth, hatred, obscene jealousy, and so much more.

As I speak These Words, *the little one* through whom I speak shudders at the in-depth understanding I instill within her as I speak. It is easy for man to say moral or immoral, right or wrong, good or evil, honest or dishonest, pure or impure, decent or indecent, and of course, many more words, but the reality of the full meaning is beyond any ugliness that mankind could possibly conceive, perceive, picture, or even imagine.

This Miracle of The Father's Love is beyond anything that mankind could design, because no human mind would, or could have the sensitivity to such in-depth understanding of the Greatness of The Father, the Importance of the Soul that is within each human life, and the Divine Love that is innately instilled when the Soul is placed at the moment of conception. So be it."

OCTOBER 19, 1995 AT 3:05 P.M.

SAINT BERNARD

“I am Saint Bernard. We All know how difficult it is for some people to readily accept This Gift that is delivering to mankind Important Messages, to strengthen mankind morally, even physically, to combat all the ugliness, sinfulness, and demonic practices prevalent throughout the world.

Man can hear a story from another man, and no matter how outlandish the subject is, the listener can many times see value in the subject, or some reasonable understanding of the subject matter. When The Father gives to the world so much Instruction, with very little need to have a great mind to determine what it means, it is sad to not see mankind revel in the Beauty, the Greatness, the Value of such Direction coming from The Father Himself, or through One of Us, according to His Will and Choice of Which One of Us it will be.

Mankind looks for logic, but many times ignores the logic, and is

attracted only by what appeases his or her nature, personality, way of life. Everything that has been spoken from One Here has been given to strengthen the moral values and moral standards of everyone who could be reached by These Words, because it will be the purity of the individual or individuals that will be the final judge for All Eternity.

We hear men, women, and even some children say, 'How can I be pure in these ways when I am surrounded by so much other types of thinking, other types of amusement, other types who do not see purity, but act, not in conscience, but in going along with whatever is available to their sight, to their thinking, to their companionship?' The world is saturated with so much diabolical intervention, intercession, and yet mankind knows what is right, what is wrong, and is fully aware instinctively that the correct choice is logical, moral, sensible, reasonable, and the most acceptable.

Ask yourself: 'Why would I choose something that would be devastating to my mind, to my will, to my body, to my Soul, when I have the choice to

choose what I know is right, is sound, is good, is correct, because as a human being I should seek respect for all I am, all I do, all I say, all I participate in?" So many times an individual finds himself or herself in a situation that is nothing but an abomination to human dignity, and yet they find they do not have the courage, the will, to walk away.

We hear mankind say: 'I have a free will. I can do as I please, when I please, how I please.' This alone should tell the individual what a Treasure human life is, to be able to make a decision at any given moment that has not just credibility to it but sound reasoning, plus the courage to stand up, honoring God with a purity that is obvious to everyone present, thus giving strength to everyone else, not connected to any applause or a lot of adulation, but an inward strength that has more recognition than shows.

The world is in turmoil, and there is so much emphasis on disobedience to God's Commandments. It is as though They never existed for some. Every home should have Them on a wall for all to read, in print large enough for all to see. Many people

hang pictures that have no meaning at all, many wall decorations that no one looks at, but I promise you, if The Father's Commandments are placed on a wall in detail, much attention will be shown, and if it is not shown, the very suggestion of The Commandments will leave a mark in the mind of those who see Them, and hopefully in the actions at a time when They are needed. So be it."

OCTOBER 20, 1995 AT 12:08 P.M.

**OUR HEAVENLY MOTHER AND
SAINT JOSEPH, THE HOLY SPIRIT**

“What is difficult for mankind to understand is that Heaven is a Real Place, and Heaven is Special in many ways, because The Father’s Presence is Constantly There, and of course, The Beautiful Heavenly Mother, Saint Joseph, The Holy Spirit of The Father, and The Son Who, when He walked the earth, had a human Name, ‘Jesus’.

Mankind cannot fathom a Place like Heaven, because mankind does not fully understand the Purpose for which human life was created. The Importance of human life in its daily life, daily living, is a Design of The Father’s beyond all other things He created. At the moment of conception a life is considered human, but there is more to this conception than mankind is fully aware of, because a Portion of The Father, that could be considered a Divine Light, is placed at the moment of conception, and It has a name understandable to mankind. It is called ‘the Soul’.

Right at this moment there are many children being born throughout the world, and within each child there is a Portion of The Father instilled for many reasons, for many purposes. This Light of the Soul gives to the individual intellect, abilities, talents, nature, and also an understanding that human life is a Gift of Divine Light, and has a Purpose.

Even though it is not general conversation amongst all cultures, each culture has a distinct feeling about the birth of a child, because there is an innate understanding that as a child is conceived, human life goes on, and then through this life, more life will follow. At so many different times since the Creation of mankind, there have been periods wherein there was much sadness to The Father, because men and women did not see the beauty of such lineage that human life was meant to be. They see, and they saw only responsibility, totally ignoring the real wonder in the creation of a human being.

Many times a child born under difficult circumstances finds learning about life difficult, because what mankind does not understand, is that

the hearing of the unborn child is a learning stage, that is active both mentally and physically. It is difficult for some to believe that the child hears, the child feels, and that it is innate in the conception to want to live, to become a part of what it was destined to be. Part of what is playing an Important Part of this is the Soul that is a Part of each conception.

There is a great sadness Here in the Heavens when We see a child, whether the child is in the womb, or is out of the womb, not being treated with kindness, gentleness, love, concern, because right from the beginning, the child is ready to respond to more than those who are older really understand. Granted, there is a period of development, a period of growth, but the child has already gone through a period of development, a period of growth. Now it has advanced to a more openness factor that the little one can relate to, can imitate others, and also, the little one is constantly learning, without saying a word, more about human life, than those who are caring for it really understand. Right now throughout the world there are thousands of human beings in the first stages of life, and each one of them

has a Particular Portion of God within them, a Soul.

There has been much Instruction on what mankind knows as 'The Immaculate Conception', many times difficult for some to understand, but in Its Physical Truth, It is a Fact. If mankind will but look at This Time in History, they will more fully realize the Importance of This Time, and also, that The Son Who was Immaculately Conceived and Immaculately Born to the world, was The Deliverer of the Greatest Lessons for which mankind was to be responsible for and responsible of. What mankind does not connect to All This, is that there were so many things that when spoken about, show the Generosity of God, because through certain other ones leading up to the time of the Birth of Our Son, mankind was given The Commandments of The Father, because mankind in many ways did not understand the importance of purity of the mind, the body, for the Soul.

There have been many Stories written, and of course, many abbreviations of the Stories, but it is important for mankind to understand that through The Commandments of

The Father, morality is the foundation They are based on, and must never be diminished in Their full meaning.

At different times The Father sends to the world ‘a small one, an individual’ that bears the Responsibility of passing to others Confirmation of All that has passed before, because mankind, in modernization, tries to update human life, and basically stretches a point beyond what is morally sound, morally reasonable, morally practical, morally according to purity of the mind, the body, for the Soul.

I bless mankind through This Miracle, because It is a Gift of Divine Love, at a time when mankind is being saturated with so much evil influence, so much immorality. The Father’s Love is beyond any human love, His Generosity beyond what mankind knows generosity to be. It is important that mankind look at daily life as a Gift of Divine Grace, Divine Hope, Divine Love, because of the Soul that is a Portion of The Father, and must never be denied being returned to Him in Grace. So be it.”

OCTOBER 20, 1995 AT 1:50 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. If The Father allowed Us, We would speak every moment of every day, because of the need for so many people throughout the whole world that need Everything We have to say.

Many times when We are aware of a situation, or I should say situations, that should never be occurring, because they are so devastating to the Souls of a few or many. The Soul of every individual is such a Precious Gift of Purity, Divinely given, for each human being to be able to one day be represented in Heaven with the name of the individual within whom that Soul spent a given amount of years on earth.

It is difficult for many to believe, to understand, to accept, that each living human being has such a Special Portion of The Father within them, because mankind stresses certain areas of human life as belonging to them personally, to do with what they want

to do, not wanting any restrictions on them.

We hear many swear ugly words, demanding their rights for how they act, through their nature, their personality, their values, their standards, their abilities, and everything else they connect to being a human being. Sometimes when We hear an individual speak out so strongly about what they are, who they are, We would be happy if The Father would show them the condition of their Soul at that point in time.

The Father gave to mankind Rules that were important for every living human being to obey, and live according to the purpose of each Rule. It is sad when We hear some say, 'I have not sinned against any Commandment.' One of the reasons for the importance of The Commandments to be presented to mankind at this time, is so that no one does not fully understand the full meaning of each of Them, because enough was not spoken about in the learning stages of These Commandments. They are far more in-depth in meaning than mankind would like to recognize. One Commandment, *'Thou Shalt Not Kill,'* is one of the

easiest Commandments for mankind to say that he or she never killed anyone. This Commandment must definitely be elaborated upon in the fullness it was first given, and then there are other Commandments that are so easily passed over, because it is more comfortable for men, women, and even children, to not feel responsible for what the Commandment truly means.

This Miracle of The Father's Love has been given to the whole world. We realize that for some time now, It has been what man would term 'in a local area of distribution', that does not spread to the degree The Father Wills It to, but It must spread quickly, because many Souls are being lost, due to the lack of information, sound Spiritual instruction that they are victimized by.

The Father uses *a small voice*, but through the written Words *this voice* must be heard, because What is spoken through *this voice* is delivered by The Father, by Our Heavenly Mother, and More Saints than mankind could count. Many speak through this *little one* in general conversation, not announcing Their Name, but The Father has chosen a quiet one, and

yet one who is obedient, at times that most would not truly expect to hear Someone from Here; hear Words of Direction, of Hope, of Clarification, of Inspiration.

The world many times in the past has been in desperate need for moral instruction, and The Father would use different means to make it appear to mankind normal, natural. ‘At this time,’ as it has been said before, ‘it is worse than Sodom and Gomorrah.’ This Miracle is the Greatest Instruction that mankind can receive, because It has Clarity, Conciseness, Direction, Logic, and is easily understood, whether It is verbal or in the written Word.”

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. So little attention, direction, emphasis, and prayers are dedicated to The Sacred Heart of Jesus. It is sad that so many see in This Heart of His, just a heart, for if truth is acknowledged, a heart in dedication automatically says: ‘I love you, I care; know this.’

When Our Lord hung upon the Cross, He Suffered in extreme pain. Those standing by stood in fear, and many stood in concern, hoping and saying prayers that He would die, because then the pain would stop, it would be over.

Mankind forgets that in the love that the heart is connected to, is an obvious form of love, because an individual might say to another, ‘I love you with all my heart,’ or, ‘My love comes from my heart.’ Mankind should never forget The Sacred Heart of Jesus, for as He walked in the world as man, instructing many at a very early age, regarding The Father’s

Love for mankind, the Beauty of the Love, and that mankind should realize that the beat of the heart is a lifeline of hope, of sharing, of movement, that gives life to all that occurs between two people, or more than two people.

The Sacred Heart of Jesus should be remembered many times, because It reminds an individual of the constant Love that is available, the constant Availability to answers for prayers when The Heart is spoken to. The reason I say These Things is that mankind looks at a picture, and the picture has a title, *'The Sacred Heart of Jesus'*, but what an individual does not understand or feel, is that within That Heart there is understanding of all pain, all sorrow, all needs, and also the ability to extend Hope where it is needed.

This open Sign of Love, of pictures of The Sacred Heart, are almost considered obsolete, because mankind has become so indifferent to the union man has with The Sacred Heart, because as the heart beats in life, The Sacred Heart Beats in Union with it.

A prayer to The Sacred Heart is easy to say:

*‘Heavenly Father, I love You,
and in this love for You,
please return Your Love to
me through The Heart that
I know is Sacred. Please do
not forget me.’*

A short prayer, but there are many versions of it that an individual can make up in a personal way, extending their own feelings, own words, remembering that the heart is a show of love, a show of union in thinking. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I am also The Holy Spirit of The Father. It is important for This Gift of Divine Love to be spread throughout the world, as quickly and as thoroughly as humanly possible, because so much Direction has been delivered regarding the Importance of each human being’s Soul.

Man says, ‘What is a Soul?’ and for years there were many questions asked about what is meant by the Soul. Heaven has answered these questions in a very complete way. The Soul is a Portion of God that is to be returned to Him when the life of a human being draws to a close.

There is very little instruction delivered by men and women regarding what the Soul truly is, and the Importance of the Soul that mankind should understand, should value, and should always feel as a Gift of Divine Love that no other living creature or any other type of life has. This should not be difficult to under-

stand, because mankind has so many different Gifts, that it should not be impossible to believe that with all the natural Gifts, The Father has given a Special Gift.

Mankind says, 'I have a mind, I have abilities, I have rights, I have intelligence, and I also have a nature and a will, to use all I am any moment of any day, in any year I live.' These words should help mankind better understand, more fully understand, that with all the Gifts The Father endowed man with, human life being what it truly is, would have to have a Factor within it above and beyond all other living things.

We see so much desecration to human beings, sometimes through their own will, or the will of others. Desecration has many forms. Sometimes it is based on jealousy, or it can be based on total immorality.

The world is saturated with so many good, sound, moral avenues that mankind can follow, can act in, with, and find total happiness in the smallest participation in something good. The Soul constantly urges the individual to see right over wrong, good over

evil, and when We see an individual ignore the value of what human life is, has, and is all about, it is a sadness, because in the Design of human life, another Precious Gift that was given was the free will that mankind would have, to experience all the good that was available, all the beauty that was available, and of course, become 'a Saint'.

Sometimes We hear some say: 'What made me do that? I know it was wrong.' But We then see this same individual ignore the understanding that took place, and they become repetitive in the act that is totally detrimental to the Soul. This Gift of The Father's Love, This Miracle that has in so many ways instructed men, women and children of all ages, physically and mentally, is a Gift beyond man's understanding of what a great Gift the 'freedom of the will' was and is in daily living.

At this time in the world, there is little respect for things that are considered Sacred. Prayer has many areas in which it is a Sacred act of love. A kind act can be a Sacred act, because it can be an act that

will benefit another human being or several human beings.

The word ‘Sacred’ is rarely used, but it should be used more, because it defines something to be more valuable, more beautiful. Remember what I have spoken.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. A valuable gift from one man or woman to another man or woman is special in many ways. It has thoughtfulness, and also it says caring, loving, sincerity. There are so many things a gift can depict, and in this gift more can be said than words could say.

The Father, in His Love for the Creation of mankind, gave to mankind the most Treasured Gift that mankind could ever receive. It’s called ‘a Soul’. No one is ever created without It, because this Gift, as a Portion of Him, cannot be identified to anything in the world, even the most precious stone, because the Soul is invaluable. There can be no price on It. The Father’s Love, extended through this Gift of a Soul, a Portion of Him, must be cared for, treasured, so when It is returned to Him, It is in the Same Beauty as It was given at the moment of conception.

Some might say: ‘How could this be? One lives amongst other men, and there is so much deceit, corruption,

sinfulness, lies.’ That is why The Father gave to mankind His Commandments to live by, to be guided by, because His Commandments gave to mankind the means to avoid any temptations, any disrespect to Him, any false actions, any sinfulness. These Words are not strange to hear, to read, to understand, because in mankind God instilled a conscience and a will. The conscience automatically says whether an act, action, words or deeds have the slightest wrong in them.

It is sad for Us to see so many who ignore The Commandments The Father gave, or in some ways use only the diminished version of Them to be guided by, for all actions, all thoughts, all words, all deeds.

This Gift of The Father’s Love, This Miracle that passes through *a little one*, guided, guarded by The Holy Spirit of The Father, is constantly instructing mankind on sound moral values, sound moral standards, decency over indecency, truth over untruth, purity over impurity, in all areas, all facets of human life.

In the past there was much delivered on The Commandments

of The Father's, much detail was instructed upon, and it is Our desire, Our hope, that What has already been given will be added to What I have just spoken, because it is important for mankind to see the full formula of obedience, against all that is allowing anyone to avoid living up to the full meaning of God's Commandments."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. The world of mankind, all nationalities, all cultures, all degrees of intelligence, all religions, must learn of This Miracle, and soon.

Anything that The Father feels is important for one race of people is important for all races of mankind, because mankind is truly born equal to each other, and in this equality, each human life has been given, has been instilled with a Portion of The Father, irregardless of what any man, woman, or child might say, ‘It cannot be,’ because they feel there is a difference in culture, in color, and many other things.

A Soul is not the color of the man or woman or child. The Soul is a Portion of The Father. Mankind must understand that This Soul, as a Portion of The Father, is a Light of Divine Love, a Gift of Divine Love that must be returned to The Father when the human life cannot be considered a living human being.

Through This Miracle of The Father's Love, there has been so much Instruction on the Importance and the Dignity of human life; also, that the human life bears within it a Special Gift of Divine Love, a Living Portion of The Father that is to be returned to Him in a Pure State. That is why The Father gave to mankind Lessons, Instructions, Definitions, and Ways in how to live in a manner so that This Soul would not be in any way marked by the sins of the beholder.

The Commandments that were delivered a long time ago could never, can never be considered outdated, because in the fullness of Their Content, They cover every area of life, every thought an individual has, every act or action an individual performs, every word or words an individual speaks.

This Miracle of Divine Love has been given to the world at a time when men, women and children were being instructed in so much humanism that it was, in many ways, eliminating sound Spiritual behavior in all areas and facets of daily living. Each of Us Who are permitted to speak in Words

understandable to mankind, We find it a privilege and a Gift of Divine Love, to be able to help millions and millions and millions of individuals understand the Beauty of being a human being, because of the Soul that is a Portion of The Father that is present within that life; plus, the Goal of the individual life is to one day spend All Eternity with God, The Creator of All Things.

Mankind refers to love in the manner and way acceptable to their individual understanding of what love is. True love, sound love, is not a love of total possessiveness, possession. The Father is Example of all this, because it is evidenced by the fact that at the moment of conception, His Generosity in placing within the conception a Portion of Himself, is the Greatest Gift of Love that mankind can ever receive.

There are so many sayings in the world that mankind has been known to cling to. I could mention many of them and they would be familiar to you, but I have One that I feel will be important to you, if you will but remember It, and perhaps pass It on to others:

***‘The Soul You gave to me, God,
gave me strength to endure
all obstacles, all weaknesses,
and I thank You for this Gift,
because I want to return It to
You, with the love I have for
You, because of Your Love for
me.’ So be it.”***
