## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

**SAINT ELIZABETH**

**“I am Saint Elizabeth.**

**It is important for This Miracle The Father has designed for all races, all colors, all creeds, all religions, to be delivered throughout the world to basically instruct all of mankind on the Truths that mankind should see in the human way of living.**

**Life is a Treasured Gift, but many times ignored because of differences of opinions, differences in moral values, moral standards, differences in Spiritual beliefs, practices, differences in dress codes, educational values, differences in monetary measures, differences in characters and how these characters are practiced in daily living.**

**We hear many discuss the character of an individual, and how this individual's character is responsive, is undesirable, evil, immature, ignorant, abrasive, or encouraging to better a situation. I could go on and on with how mankind can affect one another through things, through areas that**

are not always seen as something that should be ignored.

Now let us look at the mentality of individuals. Some are considered highly intelligent, some are considered average, others more worldly, more practical, more individualistic. Then We hear some pay much attention to the artistic abilities and find these things beneficial to them.

Human life has a multiple of distinguishing characteristics which, in reality, makes human life tolerable, not dull. Mankind must see the value in what The Father has designed mankind with: abilities, various areas wherein each individual can excel, can portray interest to others, can give daily living motives, motivation.

Many times We hear individuals speak of other things that make life special, and these things usually revolve around the spirituality an individual practices, is example of, and the benefits of what the individual extends to others in his or her very presence: the example that is evident, and how it is expressed through the individual's personality, behavior,

**understanding, values, standards of many areas of daily living.**

**Some might ask why I would speak on these subjects. I answer this in a very simple way: Mankind is designed to have many variations in human life. These variations make life interesting, challenging. It would be sad to say that mankind was designed as a clone, and in this format of living there was nothing to encourage others, to help others see, feel the Generosity of The Father in all the things He placed within human life, because mankind should understand that human life, in its various areas of design, knowledge, views, practices, interests, talents, make life a very interesting, even exciting experience; plus, all these things have a purpose, allowing every living human being to use what The Father instills in them, to realize, to understand, that human life is Important and it has a Goal, else there would be no reason for it being created.**

**Human life is different than all other living things, because human life with all it is, all it has been given, the Gift of the Soul, a Personal Gift of Divine Love that has been promised to**

**be able to remain as a remembrance of the individual in whom It was placed at a given time. The Soul is a Portion of The Father. It is a Light that can be referred to as the Light of Divine Love. As The Father has a Holy Spirit, He designed mankind with a Soul that is given to every human creation, because mankind was designed as a Special Creation of The Divine.”**

MARCH 14, 1996 AT 12:27 P.M.

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine.**

**So much has been delivered through This Gift of The Father’s Love, and there is yet so much more He Wills for mankind to hear, to read, and to understand the Importance of human life, the Dignity of human life, and that in human life He placed a Portion of Himself, the two assets in human life that give it and put it in a different category of existence than any other living thing.**

**We hear many speak now about what is titled ‘religion’, and We see through so many, ideas, ideals, interpretations, definitions, and various degrees of full understanding of the importance of what Faith in God is to every living human being.**

**Mankind in many ways likes to make changes, update, and loses sight in these things many times, of the importance of what they are casting aside, eliminating, elevating man’s mind, imagination, curiosity, to a**

higher level of existence than what Sound Christianity is based on.

**M**orality has a special place for human life to see dignity, purpose, goal, practicality, reasonability in moral actions, views, participations, because morality is based on God's Commandments. It is a sadness to All of Us, because God's Commandments have been put in such a concise manner, causing obedience to These Commandments to diminish to the point where They mean so little, and there is so little for mankind to understand that he or she is disobedient to a Commandment that in its full essence, full delivery, meaning, had much more definition, and a greater degree of a need to follow, due to all the things that one Commandment covered for the safety, the protection for the Soul of every living human being.

**T**his Miracle of The Father's Love was designed by Him, and so Many of Us have been given the Privilege, the Honor, to deliver Instruction, Direction, Hope, Understanding, through *one voice* that bears the Responsibility of the act of obedience, but mankind must understand that a chosen number were picked to write

what was important for mankind to learn about, to practice, to follow, to understand, no matter what language they spoke. The written Word must pass throughout the world. This task is important. How else could *one voice* gather the attention worldwide without the written Word?

**The Father has Blessed ‘this time’ through This Gift of His, by All the Instruction that He has directed to be delivered, because without It, mankind was walking in a darkness, accepting in every way ‘the conciseness’ in All Direction, Soundness, in description of The Father’s Commandments, and this was turning into an abomination of facts, of truths.**

**It is important that the Words reach all areas of the world, and no obstacles should not be conquered because, remember, the obstacles are merely man-made and they can be conquered by Faith in what one is a part of, love for God, because of the Soul that you are the custodian of. So be it.”**

MARCH 15, 1996 AT 11:04 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. When We hear rejection of Our Presence in This Gift of Divine Love, it is a great sadness, because mankind innately knows that all that is happening throughout the world is in many ways diabolical in source, force, enticement, and practice.**

**The world is saturated with humanism, much denial of the importance of purity, of morality, and there is little sincerity on any of these issues. Mankind has accepted a form of freedom that in many ways deletes, bypasses, or ignores totally, the importance of the need to follow to the letter, The Commandments of The Father.**

**We hear some say, ‘The Commandments are simple.’ I, your Heavenly Mother, want you to be alert to the fact that mankind, in general, has a way of making all things concise, automatically eliminating the importance of important facts that are necessary for the full meaning to**

be evident, understood, and also, for individuals to see the reality of why The Father gave to mankind subjects that mankind would understand because of the mentality, the sensitivity, and the daily practices that were part of human life.

Mankind must understand that excuses to justify immorality are abominations against The Father. The reasoning is diabolical. We hear some who speak in discussions with others say, 'Times have changed.' The Father's Commandments were complete when They were given to Moses. All detailing was necessary so that each Commandment would be fully understood, and These Commandments were upheld by Moses because of the importance of each one of Them.

All degrees of spirituality, all degrees of human understanding, have in many ways deleted from God's Commandments much of the important areas, because mankind has the habit of making things so concise. It is called 'speeding the information up' so that it will not take so much time from other things.

**In This Gift of The Father's, This Miracle of Divine Love, so much Instruction has been delivered because of The Father's Love for mankind, and the Greatness of the Soul that is within each human life. Every time The Father gives to the world a Miracle of Great Magnitude, Instruction, obviously showing His Personal Love for mankind, the enemy of God and man uses man's weaknesses, man's personal interpretation that is comfortable to his or her daily thinking, manner of living.**

**It is difficult at this time in the world, because so many so-called 'highly educated people' in all vocations of life, mechanical, Spiritual, and those who instruct others on the basics, automatically bring all subjects to a conciseness.**

**This Gift of The Father's must be passed throughout the world, so that all people now and in years to come, will be able to read All that has been given through *a small instrument*, whose obedience was to serve at a moment's notice, All that The Father wanted to be revealed to mankind of all ages, of all Spiritual beliefs and**

**understanding, and to all vocations of life. So be it.”**

MARCH 15, 1996 AT 12:23 P.M.

### SAINT TERESA OF AVILA

**“I am Saint Teresa of Avila.**

**When man receives a gift, he or she is expected to say ‘Thank you.’ It is the custom that man has decreed to be. It is called ‘politeness’, and it expresses a certain amount of happiness between those who are the giver and those who are the recipient.**

**The Father has given human life for a Great Purpose, to share with a Creation of His Own the Wonders of what else He created. Human life is not always treated as a Gift of Divine Love, because mankind does not always fully understand that within a human life there is an intellect, and a will to use this intellect properly, beneficially, for mundane things, and for important things.**

**Mankind has also been taught about an Inner Portion that cannot be seen, but that This is a Gift of Divine Love that has Special Meaning, Special Purpose, because in It there is a Strength that guides morality, and in many ways, instructs in Its Very**

**Presence, the importance of good over evil. This Gift, of course, is the Soul; this Gift, never seen by any human being, but Its Presence is obvious, because It reflects in an inner understanding of what is moral over what is immoral, what is just over what is unjust.**

**This Gift of This Miracle of The Father's Love, called '*The Miracle Of Saint Joseph*', has penetrated into a given amount of human life, human beings, a new understanding of the Importance of life, and the Importance of the Soul that is within each life, thus making life more important and logically having a Goal for it to continue on somehow, somewhere, in some way.**

**The Soul of every individual is more closely associated to the individual than is possible for mankind to know, but This Time in the History of mankind there has been so much delivered from Here, allowing, instructing mankind to know and to appreciate the freedom of will and the intensity of its meaning, because it has also been instructed that each individual has a specific responsibility to return to God, That Portion of Him,**

**That Light of Purity, when the time comes to meet Him Face to face.**

**It is sad to not hear enough spoken about this, but This Miracle of The Father's Love is alerting, instructing all of mankind that human life has a Beautiful Purpose, a Beautiful Goal, and that human life is a Special Gift of Love that must never be looked upon or abused, because human life truly has a Soul.**

**The world of mankind is clouded with so many different understandings of what life is all about. So much attention is stressed on the intelligence, the preferences, the needs, which definitely are important to human life, but rarely is it truly spoken that all goals should lead to an individual striving to become 'a Saint in Heaven'.**

**Sainthood should be taught as the Goal over and above all other goals. More emphasis should be stressed on the privilege of human life, the dignity, because God Himself gave to the world a human life, called 'The Son of God', because He wanted mankind to know that He shared with mankind this Gift of His Divine Love, but in this Gift He**

also alerted mankind to the possibility of becoming 'a victim' unnecessarily.

**The world has been waiting for This Miracle, just as the world was waiting for the Time Moses was given The Commandments of God, the Foundation of Christianity; and then the Time of The Holy Family, in man's time one thousand years later, instructing mankind in various ways on the importance of purity, dignity.**

**And now, two thousand years later, The Father has handed to the world a Miracle of Great Value, because as the Other Two were Miracles of Simple yet Profound Instruction, it is once again taking place at This Time, and it is important for the whole world to be saturated with This Information, and soon. So be it."**

MARCH 15, 1996 AT 1:20 P.M.

## SAINT STANISLAUS

**“I am Saint Stanislaus. We oftentimes smile when We hear learned men and women deny This Miracle because of their inability to understand the True Love God has for mankind. God’s Love is Endless, Boundless, and at no time is God out of the lives of mankind, because in the creation of each human life, He places a Portion of Himself. We call It ‘a Light’, a Light that can only be recognized as a Light of His Divine Love, radiating from Him, because there is no other light of this Great Measure, Importance, in the whole world.**

**At this time that mankind is just beginning to hear more in a personal way, about the Importance of human life and the Treasure that each life has within it, the Soul, mankind must read All that has been given through This Miracle of Divine Love, because It will give much strength, moral and physical, and enlighten mankind on the importance of loving God above all things; also, realizing that the ‘freedom of will’ instilled into each**

**birth is a Gift of Divine Love, and has great responsibility to the freedom of this will.**

**We hear men, women and children throughout the world cherish the freedom they have, and be concerned over a lack of freedom that they are forced with. The Father has handed to each living human being ‘a will’, and this will has the ability, the freedom to choose, not blindly but with logic, common sense, choices, decisions, and mankind has been endowed with the ability to know that purity is the best choice in all matters, for all things, in all occasions, over impurity, because of the innate knowledge, degree of understanding that is in the mind, also radiates in the actions, the intentions, the decisions in everyday living.**

**Sometimes We hear derogatory remarks about this *little one* through whom We All speak, disbelief in What is occurring through her. This is a sadness, because those who express such doubt are insecure in their understanding of the Generosity of God, in the Love He has for His Creation of human life.**

**Human life is an extension of The Father in many ways, because in the conception of life it is creativity, and in each life a Portion of Him is placed; It's called 'the Soul'. A union that mankind has with God is truly a Union of Divine Love that nothing else created has within it, because you see, though everything has a purpose, the Creation of human life has a Goal Designed by God Himself, because of the Soul that He places within each human creation. So be it."**

**MARCH 15, 1996 AT 2:54 P.M.**

## **THE SACRED HEART**

**“I am The Sacred Heart. Mankind understands the importance of the beat of a heart. Mankind is aware of the perpetual beat of his or her own heart. I am The Sacred Heart, and I am aware of all hearts that beat in union with The Father’s Love for mankind. The heart is important, because the heart depicts love, life, action, hope, interest, understanding, perpetuation, and many other things.**

**When a picture of My Heart is placed in an open place, I watch those who feel that the Love in My Heart will respond to their wishes, their requests, and that My Heart will answer immediately, because My Heart depicts a Sincere, Active, Immediate Love of Response to those who ask, those who respond to Me.**

**There are so many values that are being tossed around, valuable understandings, valuable words, valuable beliefs, that give to mankind strength, hope, and in many ways**

**encouragement, because man has an instinctive love for all of these things.**

**As My Heart beats, It beats with The Father's Love for mankind. Those who read My Words must understand that a prayer My Way is never gone unheard. It is never ignored, because a prayer to Me says, *'I love You because of Who You Are.'***

**Children must learn to say a prayer to My Sacred Heart, because if they begin to understand that love is known to be connected to the heart, they will feel more comfortable in saying a silent prayer at any time when they are in need, or just when they want to talk to Me. My Heart should be seen to remind all of mankind that My Heart responds to all needs. So be it."**

MARCH 19, 1996 AT 10:50 A.M.

**SAINT CATHERINE LABOURE**

**“I am Saint Catherine Laboure.**

**Children throughout the world will benefit by What you write today, the Revealing that mankind has received in such a personal, loving way, that The Beloved Saint Joseph is truly More than a Saint. He is The Holy Spirit of The Father. This should never be denied, because the logic in It is obvious, for so many reasons, in so many ways.**

**The Fact of His being The Holy Spirit of The Father, gives soundness to the Birth of The Son of God through a small Girl, young in age, Pure in every way. The Unity of The Three is obviously of Divine Way, Divine Will, Divine Direction, Divine Intercession, and needless to say, totally Divine in Its Full Existence.**

**The Father has given to the world a Valuable Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’. So much has been revealed regarding the true meaning of not just What He**

stands for, but Who He really is, as The Holy Spirit of God Himself.

**We** hear some who hear This or read It, automatically refuse to accept This Statement of Fact, but it is man's inability to see, feel, or comprehend the Full Magnitude of how God works. Everything He creates or created has a reason in it, for it, and He has always put everything into a concept of human understanding so that mankind can accept it in the human mind, and not imagine many things that would cause the reality of what and how The Father's Love automatically uses what mankind can, in conscience, in understanding, see what is logical in definition, in purpose.

**The** Magnitude of God and All that He has given to mankind, has an inability for mankind to fully understand because of mankind's limited understanding of The Divine, as This Gift of The Beloved Saint Joseph has instructed in so many ways, so many things, enlightening mankind to see more value to what man is all about, and the Goal for which mankind was created.

**There have been many writings in the past, written by many who deeply felt there was more to the Creation of man than was ever revealed, and also that it was impossible for mankind to fully understand the Magnitude of God, and the Greatness in The Holy Family, because all that was obviously written had loopholes of many areas in the description of things. The excuse for these things was because everything was not written at that particular time, so in theory, in imagination and in human capabilities, much was written to tie things together to make things logical, more obvious to understand.**

**This Miracle that I speak through today has deliberately given to the world much Information, to give mankind more understanding, more Spiritual strength, and more knowledge of why God's Commandments must be obeyed, and must be seen for the Magnitude in which They were delivered, not the conciseness that mankind has made Them out to be for so long, diminishing the fullness of Their meaning.**

**Today, throughout the world there are different degrees of recognition of The Beloved Saint Joseph, but there is no place other than 'this one', that**

so much has been given regarding the reality of His Existence being More than human. It is important that those who have accepted the tasks of being close to This Miracle, see that the whole world be enlightened with All that has been taught, instructed, regarding the Magnitude of What Saint Joseph truly stands for, besides the Title as a Saint in Heaven, as The Foster Father of The Son of God. This last Statement alone should make Who He really is more reasonable, because who would be more suited to be The Foster Father of The Son of God? Logic says only The Holy Spirit of God would be able to cope with the Responsibility of such a Purpose in the world of mankind.

Through *a small voice*, The Father has delivered so much Information to help mankind better understand, that the time now is likened to the time when The Son of God walked the earth. Millions did not believe Who He Was, and yet instinctively they felt He was More than an ordinary man. You are privileged at this time to hear firsthand that The Beloved Saint Joseph is truly The Holy Spirit of God.”

MARCH 19, 1996 AT 11:40 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. Today We are All fully aware that this day was chosen to pay Honor to The Beloved Holy Spirit of The Father, called ‘Saint Joseph’.**

**The time has come that mankind fully understand the Magnitude of His Place Here in the Heavens. To be known for such a long time as ‘Saint Joseph’ was necessary, because of mankind’s resistance to learning of such a High Position in Heaven, connected to the Stories they learned that did not contain the Full Magnitude, to what Degree He truly stands with The Father in Heaven.**

**‘What is Heaven?’ We hear some ask this question. Heaven is beyond what mankind can fully comprehend, because Heaven is more than mankind can visualize a place to be. As each human life has a Soul, and this Soul is a Portion of The Father, this Soul is to return to from Where It came, representing the one in whom It was placed at the moment of conception.**

**In the human way, mankind finds it difficult to comprehend such a Magnificent Occurrence, Blessing. This Miracle of The Beloved One, The Holy Spirit of The Father, Whose human Name was 'Saint Joseph', is giving to the world Information, more Instruction, helping mankind to know the Importance of human life, and the Blessing The Father instilled in each one, and continues to do so.**

**Human life has so many beautiful facets to it. It has the capacity to learn many things, about many things. It has the ability to understand the importance of Spiritual values, rules, growths, goal. It is sad when We hear individuals belittle, down, or cast unkind reactions, versions, untruths, regarding the magnitude of human life, and its definite closeness to The Father.**

**We hear so many enjoy plant life and trees that bear fruit, many times because of the beauty; but also, the purpose of the fruit, to give mankind strength in the form of food. There are so many things that mankind can relate to that The Father has given for a purpose, and many enjoy the gifts from the things The Father has given**

**for the physical health of mankind, and for mankind to enjoy the beauty of certain things. With all this in mind, how could it be difficult for mankind to believe that God, in His Love for mankind, would not have a Personal Closeness to man?**

**This Beloved *Miracle Of Saint Joseph* has been deliberately given to mankind, to help mankind see the Magnitude of The Father's Love in His sharing a Gift of Himself to each living human being. It is important for mankind to see the reality of This, appreciate It, care for It, and always remember that the Soul, in many ways, is an individual's Key to remain with God Forever. So be it."**

MARCH 19, 1996 AT 12:09 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. It is with Great Love I speak today, because those who honor Me, honor God.**

**I am The Holy Spirit, and All Things that pass through This Miracle that bears My earthly Name, are being given to encourage mankind of all races, all creeds, all degrees of mentality, to be able to understand the Importance of human life that is a Special Gift of Divine Love, because it was created with a Portion of God Himself within it, so that mankind would better understand the need for a conscience, and the ability to understand right over wrong, good over evil, due to the fact that within human life there is an innate, built-in understanding, because of the Soul that is placed at the moment of conception.**

**If an infant dies through some physical problem with the human body, the Soul immediately returns to The Father, and without man knowing it, there is a deep Blessing that goes**

to the individual carrying this Soul, a Blessing that gives strength to endure, to go on, because humanly speaking, mankind could not handle many disappointments such as this, nor could mankind be able to return to a normal way of life, unless there were Blessings from The Father, deliberately helping the mind and the body of individuals over such dramatic disappointments or physical pain.

**Y**ou live in a time as are similar to other times, that mankind refuses to see that the nature of mankind automatically desires and thrives on balance of all things. This, too, is in the Spiritual life, Spiritual beliefs, understanding. It is important for every living human being to see that beyond the physical there is a Greater Source of help, for help, to assist the mind, the body, to be able to cope with problems, disappointments, and needs.

**A** prayer goes a long way. It travels from the mind or the lips to God. When I say long way, I do not mean distance as man knows distance to be, because through the Soul, God is as close as every thought, every word, every deed, every need, every hurt,

every problem, every fear, immediately. There is no distance between God and man. There is no length of time between God and man, and the sooner mankind understands this, believes this, it will give to every living human being an inner feeling of security that nothing else could give. Love for The Father has peace in it, acknowledges the unity of it, and through this relationship there is strength morally, physically, spiritually.

All that has been delivered through This Miracle should never be questioned, as to who, or whom It should go to. There should never be a reluctance or a preconceived idea as to the reception of It. Only God would know this, so spread the Words without question, without anxiety, without deliberation, because you can only base these decisions on your own concept. You do not know what another needs, what another can absorb, and grow more deeply in love with God.

Look at each day as a day of working with God Hand in hand, respecting God's relationship with mankind, and not your concern over who will be able to accept It, and do not fear rejection, because it is between

**God and the individuals to whom It is given.**

**This Miracle is a Blessing beyond human comprehension, and It has been given for Reasons beyond what human beings could possibly determine. Remember My Words. They are important. So be it.”**

**MARCH 19, 1996 AT 1:10 P.M.**

### **SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. It is sad for All of Us to see so much confusion in Spiritual matters. Mankind has made a mockery of so many areas that gave strength, hope, dignity, purpose, to a degree, to a form of Spiritual practice.**

**The world of mankind must take heed of what is occurring and begin to see things logically, and stop the confusion, basing everything on humanism and diabolical practices. Mankind does not believe in the devil. Many feel this word is myth. This is not a mythical subject. It is a diabolical matter.**

**Children are not being instructed on the proper need or practice of prayer. We hear so much ridicule, sarcasm, regarding a time for prayer, respect for prayer, and the proper attitude in saying prayers. We see so many throughout the world who accepted religious vocations as their way of life, and they are in many ways disgracing what this life is all about.**

**We see youngsters not being instructed properly, and sometimes when they are, we see some around them who diminish what they have just learned.**

**You truly live in a time where satan is controlling and in plain language, ‘upstaging’ purity of the mind and the body, with a great deal of aggressiveness in impurities that automatically supersede purities of the mind and the body. If you were to ask some people close to you, ‘Do you believe in the devil?’ some would say, ‘I’ve never seen him; I’ve heard about him,’ but you would not find as many fearful of him as in some times past.**

**We are oftentimes amazed at how little mankind thinks about the necessity for prayer to God, to Our Heavenly Mother, and The Saints. We hear some who shout loudly that they have gifts of The Holy Spirit, but if you watch them in these gifts, they deliberately ignore the dignity and the purity that should go hand in hand with such a relationship.**

**The little ones are eager to learn what is special, important, because inwardly a little one innately feels a dependence, and they want it to be on**

something good. Many questions are unanswered, because the individuals who are asked the questions find themselves diminished in sound Faith, in morals, values, trust, in the Beauty of What God Is, Who God Is, and the Importance of Those Who are known to be with Him.

We hear men and women who hold high places in different areas of life ignore purity, and use everything that is impure to help their status amongst others. There are so many things occurring in the world today that can easily relate back to the well-known Sodom and Gomorrah of those days.

*This Miracle Of The Beloved Saint Joseph* has been presented to mankind to instruct mankind on the Importance of human life, and to give mankind the strength to not just ignore what is wrong, but to fight what is wrong, morally wrong.

There have been books written regarding past History, and these books were written about religious wars. Let us take one individual, Joan of Arc. The stories about her are true, and children should be alerted to how

she lived. She fought diligently side by side with great warriors, but when they felt that there was no more need to walk side by side, they left her, went their way, and truly did not realize she was the victim of many diabolical men who strutted with high Spiritual titles.

**It is important for mankind to understand that mankind has, for a long time, ignored God's Commandments. The main reason is the conciseness in which They were brought down through History. Man has a way of relating to things that do not make him or her think too deeply. The time has come for The Commandments of God to be spread throughout the world deliberately, in the fullest Concept, in the fullest Measure, leaving no stone unturned in any area, for mankind to be able to see Them for Their fullest.**

**This Miracle The Father has given, is a Miracle of Truth, Justice, Hope, Divine Love. So be it."**

### SAINT JUDE THADDEUS

**“I am Saint Jude Thaddeus. It is a privilege The Father gives Us to take part in This Gift of His Divine Love to the whole world of mankind. Allowing All of Us Saints to speak gives Each of Us a happiness, because It is The Father’s Love that directs Us in what the subject should be.**

**Children should be taught about the importance of everything they do, they think, they accept, they practice, they become a part of, because each of these things gives them a responsibility to make the right decisions over the wrong decisions, and to participate gives them the opportunity to share in helping others more fully understand what a privilege it is to be man, and that they have the opportunity to become ‘a Saint’.**

**There are so many different forms of religious beliefs, not all ethical, not all really instructing truthfully, properly, on what one would expect religion would automatically be. The enemy of God and man oftentimes**

uses the zealousness, the eagerness of all ages, encouraging them to believe that they can have leadership on Spiritual values for others to learn from, to follow. There are so many false prophets throughout the world, using ego over and above what is sound spiritually. Many people engage in their need to instruct others, because they feel that in this practice it will give them some degree of attention, and they do not see it as ego but as others seeing them, because of the attention they personally need.

I hear many prayers, not as many as I used to. People are not praying as much as they used to. There are so many distractions throughout the world, due to the modernization of what is available, updating the human being to many different types of interest, thus allowing prayer to diminish in many areas, many ways, ignoring the necessity of it and for it. Statues are being cast aside into hidden places. Prayers are not being spoken as generously as they used to be, and also, prayers are not being spoken as devoutly as they should be.

It is sad to see so much Spiritual dissension throughout the world,

**humanistic ideas playing an important part, diminishing what prayer should be. In fact, another aspect of this, is that few kneel in respect, in dignity, in a conscious effort to make the prayers more obvious, special, thus allowing fewer distractions to the time set aside for prayer.**

**Children are not being taught to kneel, because of so much confusion. Children are being allowed to see prayer in a different way, eliminating the importance of it. There is so much casualness, indifference, portrayed in every part of human life.**

**Adultery is evident throughout the world in every age group, and taken for granted that it is acceptable, not against one of God's Commandments. In fact, it is so acceptable that it has taken on many other aspects, wherein it has integrated with other abnormal behaviors.**

**The world of mankind has put so much emphasis on updating everything, calling it 'progress'. While there may be progress in certain areas, there has been a tremendous demeaning force to Spiritual practices, beliefs. It is time that mankind stop and look**

**at what each one is accepting, and reevaluate what is morally sound, morally valuable, and make a decision to eliminate what pleases only the enemy of God and man.**

**It is true, All of Us Here in the Heavens request The Father to allow Us to speak, because it is important for mankind to more fully understand that God is The Commander of All Things, and the enemy of God is using the weaknesses of mankind to disregard what is morally sound for the Souls of all living human beings. So be it.”**

## SAINT BONAVENTURE

**“I am Saint Bonaventure. When The Father hands to the world a Gift of the Magnitude of *The Miracle Of Saint Joseph*, there is Great Purpose for It, in It, and mankind must understand that a Miracle of This Magnitude, delivering so many important subjects, issues, conditions, must never be cast aside or diminished by anyone.**

**As each day begins for every living human being, it is logical to say that there will be activities, responsibilities, occurrences, and communications that will involve the mental, many times the moral, the personal, and yes, even the Spiritual. Mankind has put all things in a modernistic evaluation, thus feeling allowed to ignore the practical side of morality in all areas of daily living.**

**As I have just spoken about the day in the life of man, the hours when darkness is evident encourages many to see this time as a time wherein their actions, activities, responsibilities, take on a different**

aspect of values, standards. Morality is not spoken about like it should be, because mankind has a tendency to face each day, each night, according to the habits they have chosen to follow, and it is difficult for some to place an important factor in everything they do, called 'morality'.

Throughout the world there are cultures, and mankind, through the culture of his or her way of life, has no difficulty in blaming the culture for their improprieties. It is important that morality be seen in every hour of daily living, and morality be based on God's Commandments. We hear so many weak excuses, blaming age, workplaces, family conditions, and social companions, for encouraging weaknesses, dependencies, always using excuses for one's behavior, one's problems, one's indiscretions, one's choices in values, physical, mental, Spiritual, moral.

What I have just delivered is important for mankind to read, and to apply Portions of This to themselves, to their way of life, how they think, what they practice, and also to what degree they would grade themselves in their moral values,

moral standards, their associations with family, acquaintances, friends, people they work with, people they are responsible for, and/or responsible to. Also, everyone should ask themselves a personal question, 'Do I think for myself, or do I imitate others, or do I allow others to influence me on how I think, how I dress, how I associate with others?'

The world has been given a Great Miracle and when We watch some who read What has been delivered, We many times see gratitude, interest. Sometimes We see uncertainties, and also misinterpretation because of the personality of the individual, or the habits, or the lack of Spiritual responsibility.

As I leave, I want My last Words to be Words that many will remember: Never forget to open your day with a prayer to The Father to guide you, to strengthen you morally, physically, spiritually. By doing this, it will automatically make you aware that His Presence will be Evident in times of decisions, choice.

It is important to remember What I have just said, because in making

**this a habit, you will find each day stronger in many ways, hope, giving you strength that nothing else can give, because in this close association, your inner love will grow to a dependence, based on your closeness with The One to Whom you greet each day, The Father Who created you.”**

## SAINT BONIFACE

**“I am Saint Boniface. There are Three of Us, All smiling at the love that radiates toward All of Heaven from all of you. Saint Bonaventure stands Here, and all through the time He was delivering His Words He was smiling, because where you are He felt a deep, sincere understanding of His Presence, and the Words He was speaking.**

**Saint Bernadette was also present. She, too, felt a deep love from each one as they wrote the Words being dictated to help millions of people more fully understand the importance of man’s communication, man’s love for The Father. Each of Us could feel in your presence a desire to fulfill The Father’s Will in the best way you were capable of, and this pleased All of Us in a way greater than words could possibly tell.**

**We hear some men say, ‘What is the goal for This *Miracle Of Saint Joseph*?’ Some even are bold enough to say, ‘What is the need?’ We also hear**

many disagree, because of the times in which This Miracle is being delivered.

It is sad when We see men who have taken the vocation to lead others in prayer, to guide the thoughts, the directions, the intentions of not just a few people, but hundreds of people, deliberately deny that This Miracle could possibly be from God. Much jealousy surrounds this *little one*, much aggravation, denial. Jealousy is a sadness when in its abusiveness destroys what is good, what is pure, what is right, beneficial.

Hundreds of Saints have spoken through This Miracle, not All announcing Themselves because what They were about to speak about, They wanted It to be seen in a natural terminology, a normal communication that would leave an Indelible Mark on a subject, about a subject, that would be beneficial to the Souls of those present, and whomever they would repeat some of the Messages to.

If man would but think of being in a mist of rain coming down on him or her gently, and yet obviously being something that would have an effect on them mentally, emotionally, sometimes

also affecting the clothing they would be wearing. This is just one perception on how The Father has designed This Gift of His Divine Love. Instead of water, He has directed Words to drop like raindrops so that mankind can be aware, yet not overpowered; also, the written Word to remain so that It can be picked up at a later time, thought about, and leaving the Mark The Father instructed to be left.

There have been some Messages from Here that could be termed 'a heavier form of Direction', because each human being has a different degree of sensitivity to what they hear, what they see, what they read, what they acknowledge, what they absorb, what they imitate. These Words could go on pages, lined up, because mankind, through the senses, through likes, the dislikes, the backgrounds, the degrees of tolerances, different degrees of needs, different aptitudes of wanting to learn, should see in All that has been revealed through This Miracle that The Father has designed so delicately, and yet with so much diversity in Instruction, that there is no life, no living human being, that cannot find something of great importance to them, to help them more

fully understand what a Precious Gift human life is above all other living things, because of the Soul and the closeness to God that each life is.

The world has been Blessed by The Father's Love. True, it has been at other times in the History of mankind, but 'this time' has a Personal Communication through *one voice*, available to millions who, if they will but allow themselves to read What has been delivered, not close their mind to anything, will find a strength, a hope, to fulfill many of their personal, private needs.

There is so much more that This Miracle has been delegated for mankind to more fully understand what a Precious Gift human life is, and what a Divine Gift of Love surrounds it. There will be more spoken about this at another time. The Father will designate the time, because for each living human being, The Father is giving to the world a Personal, Instructive Miracle, leaving no personality out, no degree of intelligence out. So be it."

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**The whole world, no place excluded, must hear of This Miracle of The Father’s Love. So much Sound Direction has been given to mankind through *a small voice*, because of the Importance of the Soul of every living human being that must be returned to The Father at a given time.**

**We hear much controversy over This Miracle of Divine Love. Many who speak of It find much Information, Sound Direction, no errors, but they do not have the strength, the forcefulness, to be able to convince others of the Magnitude of the Truths that are so plainly delivered.**

**Truth is sometimes so simple, bearing a clarity of understanding, that certain individuals find themselves using much effort to find fault where there is no fault, error where there is no error. They claim to have a personal need to verify everything they feel compelled to believe. This is nonsensical and bears**

only jealousy, egotism, and a lack of sound reasoning.

**It is important for those who are close to This Miracle, or who read What has been delivered and see the Values in It, the Importance of It, to make it a point, a practice, a goal, that millions of people throughout the world will share What has been delivered by so Many Who have experienced the human way and are now Saints.**

**When We hear an instructor of small children talk about Heaven, Purgatory, it is oftentimes difficult for them to speak of Hell. They skim over it as if it does not exist, because of their personal opinion that there can be no place so horrible.**

**The Father has given through This Miracle so much Direction, and has allowed so Many from Here to speak in many different ways to attract all different mentalities, nationalities, colors and creeds of mankind, to help them further understand what a Gift of Divine Love it is to be man, and what a Gift awaits when the time of human living ends. Everyone Who has ever spoken through This Miracle has done it first with permission from The**

**Father, and then, in a manner and way that Each One would know who They would reach, the type They would reach, because of the subject, because of the delivery of the subject.**

**As human life bears a personality, a nature, and different ways of doing things, so it is with All The Saints, because as the Soul was for a period of time a Portion of an individual, the Soul was the recipient of all that the individual thought about, was active in, and all the moral issues that the individual acted upon, so when a Soul becomes 'a Saint' there are so many beautiful characteristics, advantages that Each Saint is able to portray, to use, and This Miracle is definitely a Lesson to mankind to see firsthand the Truth of what has just been spoken. The character of an individual many times is strong, many times weak, but the character is balanced out by the nature, the will, and the personal practices in the physical form that each individual performed in the human role.**

**The world has been Blessed by This Gift of Divine Love, because It is a Personal Gift to every individual. There is and never has been so**

**much delivered or instructed, on the relationship man has with the Soul that is given at the moment of conception.”**

MARCH 25, 1996 AT 1:01 P.M.

## SAINT COLUMBKILLE

**“I** am Saint Columbkille. *This child* through whom We All speak is never without One or More of Us. We are fully aware of all that is taking place around her.

**W**hat mankind should understand more about is that every individual’s Soul, as a Portion of The Father, is constantly in contact with Him under all circumstances, all conditions, in every place, and mankind should be aware of this. Each prayer that is thought or spoken is immediately heard, because of the Soul that is within the individual. There is nothing happening upon the earth, or any place else, that The Father is not aware of.

**M**ankind must understand that human life was a Divine Creation, and is closely associated with The Divine through the Soul that is given at the moment of conception. It is difficult for many to understand the Magnitude of this happening, but when an individual looks at the logic in it, it

**gives security beyond what anything else can give.**

**In many places throughout the world, men, women and children are shouting ‘Praise The Lord!’ and of course, other statements that make them feel that they are more in tune with a Spiritual closeness than others. Every human being is closely associated every moment of every day, because of the Soul that is constantly present and never leaves the individual for even one second.**

**There is too little taught, too little instruction on the Gifts The Father has given, because of the Importance of human life. We hear mankind prideful over the acceptance of situations that are strictly human designed, human associations. That is why it is so important mankind learn more about the Close Connection, and the Importance of It, that mankind has with The Creator of All Things. I do not say that it is not important to feel secure regarding other things in life. What I do say is, ‘It is important to be conscious at all times of the Soul within your life, that there is nothing greater than, in the life of any human man, woman, or child.’**

**W**e many times speak through this *little one*, and the receiver of What is spoken automatically associates What is spoken as coming directly from her. This is normal, natural understanding. Today, throughout the world, We hear much instruction being passed to others regarding personal affairs, business decisions, and ideas for progress. The subject matter is unlimited. We hear little about the Souls that are the recipients of everything an individual does. When I said 'little', I could have said 'nothing'.

**T**oday is an important day. Yesterday was an important day. All the days to come are important days, because every day in the life of mankind is important because of the Soul that is within, that is the recipient of all that takes place mentally, morally, physically, spiritually.

**A**s I end My time with you, it is important for you to understand that everything you do that is pleasing to The Father, is more important than you can possibly comprehend, so all I ask is that from this moment forward, you keep in mind that your Goal of

**life is to return your Soul to God, The Divine.”**

MARCH 25, 1996 AT 1:50 P.M.

## GOD THE FATHER

**“I am God The Father. I use a *small voice*, because if I were to use one fraction of the Power I Am, mankind could not stand the Power.**

***A little one* has been given much Responsibility. This Responsibility is based on obedience, and of course, love for Me. The world must hear of This Miracle in which so much has been delivered, so much Instruction. There is no place in the world that any human being is capable of delivering What I Will to be delivered. That is why It is done as I do it. I use a *small, obedient child*, frail, but willing to repeat All the Words because of the Importance of What This Miracle is all about.**

**Mankind must understand that My Will must be obeyed, and that My Will for mankind is because of the Soul which I place in each Creation of Mine. The human way is of an Importance that mankind does not realize, even though many Lessons have gone forth to the world, instructing mankind on**

**the Importance of human life because of the Soul I place within each conception.**

**I hear mankind many times deny My Existence, the possibility of My Existence, and the impossibility, because man's mind cannot realize the Phenomena of All that I am Capable of.**

**I have handed to mankind a long time ago, Rules that were to give mankind courage, moral strength, understanding, that human life was different than any other living matter or thing. Human life is a Blessing above all of My Creations, because I created human life to spend Eternity with Me.**

**Some say, 'I cannot fathom walking around Heaven; it's impossible, because Heaven obviously is much different than what the earth is all about.' These remarks eliminate that in My Creation of all things, in My Creation of mankind, I created it differently. I gave to mankind the senses, the mind, the nature, the ability to make decisions. Why would I have done this if mankind was not**

**different, and had a different Goal than all other things I created?**

**I do not expect mankind to understand one billionth of What I Am All About, one zillionth of What I Am All About. It is impossible, but I have created mankind for a Purpose beyond all other Creations of Mine, because I gave mankind an in-depth knowledge, perception, understanding, that human life has not just a challenge but a Goal, and that human life is exceptional, in that it has a reasonability. It has an individual personal sense of moral control.**

**As I speak through this *little one*, I hold My Power to a degree that her physical can withstand, because the human body, as I have created it, could never stand the Power that I can extend when I Will it to be.**

**I bless those who understand that there is a Greater Way for mankind than any other thing I have created, and that is because of the Soul that is within. That Soul is a Portion of Me. Remember this; be example of it.**

**Let others read What I have spoken, and be assured each day that everything that any individual does,**

**says, practices, I am aware of, and all things are accountable through the Soul of the individual, individuals, because of the in-depth logic that says to mankind that human life has an Importance beyond all other things.**

**I bless those who take My Words, and I bless those who will read My Words, and I bless those who will see the Importance of My Words, because of the Soul that is within each living human being.”**

MARCH 27, 1996 AT 11:38 A.M.

**SAINT ANTHONY OF PADUA**

**“I am Saint Anthony of Padua.**

**We see so much sadness in so many places throughout the world, sadness created by many things, personal disagreements, a lack of understanding on many issues. We see so much commercialism, even on religion.**

**Everyone should ask himself or herself: ‘What does religion mean to me? What part does it play in my life? Do I use it properly? Do I recognize it as my only closeness to God? Do I understand what prayer means? Do I see the importance of what God’s Commandments are to my daily living? Do I ever think of Them as The Rules to live by, or do I just remember Them as having learned Them? Do I regard personal prayer as beneficial to how I think, what I do, how I practice my moral views? Do I criticize others when I see them pray, judging the manner in which they pray? Do I ever think of how close I am united with God, or do I only connect what I have**

**learned about God to how I should practice loving Him?’**

**There are a million questions that mankind could conjure up regarding his or her personal attitude, acceptance, understanding, in connection to their individual manner of what prayer means to them personally, and what power the prayer has in helping their decisions on moral issues, mental issues, physical issues.**

**Mankind seeks a religion that is comfortable. Some find a religion that restrains them in many areas, gives them a superior form of understanding. Others find that freedom of decision, based on sound understanding of why mankind was created, and the necessity for moral values, moral standards, is a strength beyond what anything else can be to them.**

**The world is in great turmoil morally, physically, spiritually. There are so many excuses for every fact of human life. We see so many searching for positive direction that will give them the answers that will be beneficial to how they think, how they feel, how they act. We hear those who think of prayer in a manner that**

one would term 'high winds on the ocean', difficult to control, dangerous, because of its lack of protection.

**A**s each human being faces each day, each one faces it with a different point of view, even though many could be headed to the same place, speak the same language, and have been instructed in the same format of personal, physical and moral behavior. A multiple of different decisions occur. It is always amazing to two or more people when the same thought registers openly at the same time.

**N**ow just imagine the whole world of mankind reading at one time, All that The Father has instructed to be given. Though What is given is beneficial to the mind, the body, and the Soul, the different interpretations would be beyond what anyone could even phantomize, because The Father, in creating mankind, gave to mankind a will, a nature, a personality, and the ability to discern according to individual abilities. It is sad that mankind does not thank God for all that He has given to make human life not just a great experience, but the freedom of the will to make personal decisions.

**Sainthood is available for all Souls. This Miracle The Father has given to the world has openly spoken many times on the opportunity that mankind has, as individuals, and that is to aim in all areas of life, to return to God his or her Soul as ‘a Saint’. It is not impossible. It is more possible than man understands it to be, because logic says purity of mind, body and Soul comes from the decision of every individual born to the world. So be it.”**

MARCH 27, 1996 AT 12:54 P.M.

## SAINT PATRICK

**“I am Saint Patrick.**

**The whole world must be given, in the language of their way, All that has been delivered through This Gift of The Father’s Love, allowing and appointing All Saints Here in the Heavens to instruct, to encourage mankind of all races, all colors, all creeds, all manner of living, the Importance of human life, the Reason for which it was created, and the Goal that awaits each Soul of every human being.**

**We hear some who read Our Words question the Validity of the Source from which These Words are delivered. We do not smile at this, because when many question such Valuable Truths, it is done by and through the human way of finding excuse or excuses, because in so many ways mankind does not like to be reminded of a sound moral code of ethics, of standards, and more than this, that there is a God, a Creator of All Things, Who is The Judge that each human life will have to stand**

before, based on all the moralities, immoralities, that were practiced during the time the individual was responsible for his or her moral code of ethics, moral standards, values.

The world has been Blessed by a Great Miracle, but like so many other times in the History of mankind, it is easier for some to doubt than to change their ways. It is easier to request proof than to accept the logic in the Directions that are so obviously, openly made.

It would be difficult for mankind to imagine to the fullest, Heaven. There have been many words given to mankind telling of This Place wherein The Father dwells. In order for mankind to be able to see things in a view, in a sight, in an understanding, much of what has been previously taught, spoken about, uses words relative to what mankind can understand.

Heaven is beyond any human ability to understand, as God is in the same category of understanding, but the human mind is able to imagine, and to physically design things that cause more understanding to a story, a situation, a designed belief in

something, thus in understanding, or 'visualizing' as a better word, mankind must see Heaven as something beyond what anything created by man, designed by man could possibly be, because Heaven is not a material thing. It is out of the concept of the design of man, by man. It is beyond human comprehension.

So much has been delivered to mankind through *This Miracle Of The Beloved Saint Joseph*, so much more than man has ever received firsthand, and it has been made possible so that mankind can forfeit accepting all that is humanistic, and set one's Goal on being with God Forever in a Place, in a Way, in a Degree Higher, Greater than mankind could possibly conceive.

So many Blessings have been handed through *This Miracle*, so much Love, Personal in many ways, and those who read the Words must ask for the Faith, the understanding to be given the strength to strive for what the Words explain. This is an 'important time' in mankind's existence. It is a step to better understand, more fully comprehend the privilege of human life, the Greatness for which it was designed and created.

**As man says to each other, ‘I love you,’ this love, though it is meant, is only a small dot in comparison to the Love The Father has for every living human being because, do not forget, His Love placed within each conception ‘a Living Portion’ of Himself, so that mankind would be able to understand that human life has a Greater Goal than anything earthly could be planned. So be it.”**

MARCH 27, 1996 AT 1:20 P.M.

### SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. There is not One of Us Here that does not request to speak through This Miracle of The Father’s Love, because We are in full understanding of the importance of mankind seeking in every way, taking every opportunity to become ‘a Saint’.**

**When man says something is beautiful, something peaceful, something beyond being able to describe fully, it is man’s mind, man’s human understanding of these things, but when We Here in the Heavens say, ‘Do everything you can morally, mentally, spiritually, physically, to become a Saint,’ it is because We are fully aware of the Beauty, the Importance, the Magnitude of What Heaven truly is.**

**We hear some in discussion, or We understand some who are in deep thought, looking at Heaven as something man designed that is the ultimate of what man can physically produce. That is not Heaven. Heaven**

**is so Far Beyond the human ability of understanding what is Beautiful, what is a Source, a Means, a Place of Peace, Love, in so many ways.**

**This Gift of The Father's, called *'The Miracle Of Saint Joseph'*, should never be denied to be a Miracle of Truth, because through It The Father has allowed Numerous Saints to instruct mankind in many ways, to encourage mankind in different terminologies, because of the different degrees of mentalities that exist among men, women and children.**

**So many Revelations The Father has allowed, because What is spoken in One will touch the minds, the Faith of certain individuals, and then Others have spoken in a manner and a way that will encourage another group to see the Value of What is being spoken, What is being expressed openly, and this goes on and on.**

**God The Father has spoken Himself. We have heard some say, 'It's hard to believe He'd speak.' What foolishness, because this person or this group would believe other things that were nonsensical, or the imagination**

of someone or others, and in essence could be called 'fairy tales'.

**The Design of This Miracle is for the Souls of every living human being now and for all time to come, and that is why it is important for all the translations to become evident, clearly stated, because This Miracle is for all of mankind, and for all time to come.**

**It does not take courage to speak truth, because truth is based on reality, logic, soundness, value, importance. Truth has strength in it, untruth has only weakness in it. Truth has hope, untruth is based on lies and all that is wrong.**

**This Gift of The Father's is a Gift beyond what mankind is capable of personally constructing, because mankind's mind very often becomes cluttered because of obstacles, indecisions also, because mankind very often coordinates one's thinking with what is realistic, physically, emotionally, morally.**

**The Father, in designing This Miracle, has what mankind would say 'left no stone unturned' to allow Truth to be seen, learned, practiced. This**

**Gift of The Father's is a Gift of Divine Love beyond any human love that man is capable of. So be it."**

MARCH 29, 1996 AT 11:27 A.M.

## SAINT MARTIN DE PORRES

**“I am Saint Martin de Porres.**

**Christianity had and has a Great Purpose, because Christianity gave instruction to the minutest detail possible, on the importance of what spirituality was to life.**

**Christianity, as a Foundation of everyday living, not only encouraged mankind, but gave strength to the understanding of God’s Commandments, which are basically the Rules that mankind must understand for the importance They are to the mind, the body, and the Soul. The Commandments of God have strength in Them morally, physically, consciously, intentionally, purposely, because mankind, in understanding God’s Commandments, has a firm Foundation of facts, balance, values, in all that human life is involved in.**

**Mankind understands the meaning of the purpose for which rules must be followed, and that Rules, when They are meant to give strength, hope, and sound reasoning to all that**

**mankind is involved in, obviously give human life an Importance beyond any other living thing.**

**Today in your time there is very little constructive instruction on the importance of God's Commandments. In many ways They have been passed over, cast aside, and are being ignored, because mankind has opened a door to what man calls 'modernism and changes' that make life not just freer, but give more credence to mankind's abilities of the nature, of talents, of sensitivities, of personal values, personal standards, and of course, making the will of an individual a very important factor to be recognized.**

**Now I would like to speak about the fact that a lack of order in morals, in values, in obedience to God's Commandments, opens many avenues to following impractical, indecent, immoral ideas, ideals. This Miracle The Father has given to the world is a Miracle of Protection, constructively organized to encourage mankind to value what God's Commandments contain.**

**It is important for mankind to not cast Them aside for the so-called**

**‘modernization of moral values and moral standards’ that basically can be termed ‘totally humanistic’ or ‘dangerous to the Soul’, because of their almost freakish definitions that mankind is vulnerable to and appears to be accepting because of the so-called ‘freedom of mind’, using the will wrongly. I could speak endlessly on the subject, because it is of the utmost importance that all of mankind realize that human life is to practice, follow, and hold as important, in and on all issues, God’s Commandments. So be it.”**

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola.**

**At this time in the world, The Father is giving to mankind Personal Love, Personal Direction, Personal Hope, Personal Instruction. He is using Many of Us Here to pass on to mankind What He Wills mankind to more fully understand regarding the Importance of human life, because of the Soul He places within each human life.**

**It is important for all of mankind, no matter what they practice spiritually, to understand that This Miracle is given for every human being at this time, and all time to come.**

**This Time can be compared to two other Great Times in History. The time The Father gave to Moses, a man, The Commandments in great detail, allowing nothing to be left out, so that mankind could realize and accept that every thought, every act was important to be done according to The Father’s Will, because in the full meaning of These Commandments, every act**

that mankind could perform, every thought that mankind could have, was supported by the importance of purity, the reason for it, and of course, the Goal for which mankind was created.

The next unforgettable Great Gift of Love from God to man was the time He took a Portion of Himself, placed this Situation in a totally Family Way, and through This Son much Instruction was given, much Example, and much Divine Love.

You live in a time that the enemy of God and man is openly trying to destroy All that The Father has given. Mankind is acting unorderly, without concern for the importance of morality, purity of mind and body. Mankind in many ways is bragging about being human, and that this form of humanistic expression is important, acceptable, but what mankind is ignoring is the Importance of the Soul that is the recipient of all that an individual partakes in, speaks, acts, and is totally example of.

At This Time, The Father has given mankind another Great Opportunity to read openly, personally, All that He wants mankind to understand as an

**individual, because of the Importance of the Soul that is a Portion of God Himself. There is no Greater Gift.**

**The world has been Blessed through This Miracle, by This Miracle, because The Father cannot bear to see the Soul of any human being abused because of ignorance to Truth, because of a lack of understanding of Truth, and because of demonic pleasure dominating an individual's will, through the individual accepting impurities of any kind, from any source, for any reason.**

**Mankind must understand that human life is a Gift of Divine Love. There is no Greater Gift that mankind could reach for, be a part of. This Miracle of The Father's Love has delivered a countless number of Directions, personal, and in a general form. Those who have read Any of the Messages given have no excuse to deny the Generosity of Them, the Beauty in Them, or the Love that obviously radiates in Every Word. So be it."**

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**Though it is difficult for some to understand, The Father at this time allowing so much to be given to mankind on the purpose for each one to look within his or her own manner of living, their degree of understanding God’s Commandments, and how they deliberately make decisions as to their own manner of obedience to Them, practice of Them, and full understanding in why They were given to mankind.**

**The values of truth have definite purposes, many goals. Truth between two people gives strength to the relationship, security, and cements a deep understanding of not just the profile of each one to the other, but a means of unity morally, mentally, that in many ways can help each one benefit spiritually through the example of the other one.**

**Right now, throughout the world there are so many weak excuses, attitudes, causing a permissiveness**

**in actions, communications, personal associations, that automatically cause and induce acceptances of impure ideas, ideals.**

**As I show this *little one* a crowd of people, all walking as individuals, all with their own strengths, abilities, goals, preferences, degrees of morality, immorality, she is shattered by how many of these never think of God, never think of the consequences of their actions, thoughts, motives, purposes, goals, intentions. As I show her their faces, she recognizes that each of them are of different age groups, nationalities, backgrounds, sense of loyalties, sense of justice, and that every one, if they were on the same subject of discussion, would differ intently.**

**I show her each of these now being handed a Book. The Books are open. Each one has opened their Book to the same page. She sees a laxness in some, indifference in some, a tone that man would call, described as ‘So what?’ She says to Me: ‘Because I know they all read differently, could the difference be in their educational backgrounds, in how they were raised, in their home life as it is now, or is it in**

their moral preferences? What makes them all see These Words so differently, when the Message is simple, concise, and obvious as to Its Content?' We remind her that in the simplest form of conversation there can be many interpretations of the words. That is why The Father has Decreed so much would be written, for all personalities, nationalities, degrees of acceptance were taken into consideration so openly.

Let us take the word 'Yes'. When someone says 'Yes,' it many times means 'maybe, possibly, I think so, it could be, I might'. Of course, there are a multiple amount of understandings to the slightest phrase, word, sentence. All that has been passed through This Miracle is for all different types of individuals to find some Area, some Direction, some Phrase, Sentence, Paragraph, to give them the motivation, the background, the ability to see in the Words a form of help, a reason to change, a personal understanding that will give them the motive to feel more deeply the Goal for human life as it is and was meant to be, and that is to work at becoming 'a Saint'.

**As all people are different in what they will accept, what they will reject, what they will allow to stimulate their interest in growing more devout, more understanding of their close association with God, the Words that were written are definitely worth all the time it took for Any of Us Here in Heaven to say, and then those who wrote the Words, those who passed Them on to others, worked hand in hand for the Souls that will benefit from What occurred, because of God's Love for every living human being ever born to the world. So be it."**

MOSES

**“I am Moses. I have spoken many times through This Precious Gift of The Father’s Love for mankind.**

**It is important that All that has been given be passed throughout the world as quickly as possible. Conquer all obstacles, because the enemy of God and man will interfere, because of his desperate desire for Souls. He knows, or I should say, ‘it knows,’ because the enemy has no real gender, that mankind is being given so much Information, Direction, Help, Understanding, regarding the Importance of the Soul that is within each human life born to the world.**

**Mankind is putting so much attention on inventions that have nothing to do with the Souls of human beings; also, on so many distractions that cause individuals to thrive in areas of life that have no real connection to the Soul that is within each human life. Mankind is ignoring the Purpose for which human life was created, and is falling prey to so much diabolical**

intervention, also all the disguises that diabolical interferences use to trick mankind, to divert mankind, automatically encouraging mankind to seek either frivolous goals or humanistic ventures, ignoring the Soul that is within each human life, that is to return to The Father Forever.

**M**ankind says: 'Life is short. I intend to live it to the fullest.' This comment alone says that mankind should understand that 'the fullest' means 'Sainthood as the Goal'. There is nothing Greater, nothing more Important.

**T**here is so very little being instructed on what human life is all about. There is nothing wrong about intellectual learning or advancement in technology, helping mankind to understand, to experience greater degrees of interests, goals, practices, that lead to advancement in many areas. Man's intellect is a treasured Gift, because through the intellect, The Father has allowed many things, to encourage mankind to do things that at one time were impossible to do, impossible to understand.

**You live in a time of great challenges on many subjects, in many areas, giving to human life a greater scope of advancement for the mind and the body, but The Father has given to mankind a Miracle of His Divine Love, not just announcing to mankind, but instructing mankind to use all that is available in technology, human abilities, but also never to ignore the Goal of every living human being, and that is to become 'a Saint' to live with God Forever.**

**We hear foolish talk, all materialistic, all profitable, all egotistical, all measured on humanism. This Miracle has been given to the world to awaken mankind to the Importance of human life, why it was created, and the beauty in the Gift of decision. It is sad to hear mankind dwell so much on everything except becoming a Saint Here in Heaven.**

**The Commandments have been shortened to such a brief degree, and They now must be elaborated upon in the fullest measure possible, because of the importance of each one of Them. There is not one Commandment that should ever be ignored. Each one was**

**elaborated upon when It was passed through Me.**

**With What has already been delivered through This Gift of The Father's Love regarding His Rules, Will, at a given time will be elaborated to a greater degree. This is necessary because mankind automatically has a way of making everything concise, not just because of memory, but because mankind automatically shortens what is important so there is time for other things to be thought about, to be practiced, and most times these are of very little importance.**

**You live in a time of much immorality practiced intentionally. There are many terms that could be used regarding This Statement: stubbornness, egoism, and moments of what man would call 'insanity', because there is no logic that is greater than The Commandments of God. They are the Foundation for everyday living. No excuse is capable of making This Statement untrue, unrealistic.**

**You must remember, The Father's Love for every living human being is a Love beyond what mankind can fully imitate, but He has given**

**mankind the reasoning, the abilities to understand the Value of Direction that is beneficial, to not just a moral code of living, but to the physical way of every day in the human way. So be it.”**

APRIL 1, 1996 AT 1:06 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**It is difficult many times to instruct mankind on what is important, necessary, because there are so many diversified acceptances, attitudes, interests, and personal opinions.**

**In many ways, mankind is oblivious to the satanism that is surrounding all ages, all degrees of mentality, all vocations. There have been many times in the History of mankind that immorality was vile, and even agonizing to many who participated, forced to participate, encouraged to participate. The enemy of God and man thrives on what is dangerous to the purity of the mind, the body, and always the Soul is included when one of these others is included.**

**Mankind thrives on educational matters, degrees, not always for useful or beneficial reasons. Many times the ego of an individual feels that to gain academically gives them status above others, and even though what they**

have learned is useless to them as an individual, they feel an importance in being the recipient of a piece of paper that defines them as having accomplished something to a degree, for a degree, in a degree.

Many times when immorality is stressed, and this type of immorality is dangerous to the Soul or Souls, We cannot understand why those who find themselves exposed to such vile actions, intimidations, circumstances, do not openly exclaim and allow others to benefit morally by their sound judgments, opinions, concerns, and to allow others to know that they find such actions disgraceful, diabolical, obscene, and against any moral code of ethics. Also, why do so few men, women and children not want others to see, understand, and be told of moral values, moral standards, that an individual feels strongly about? Immorality is accepted because individuals do not find it ugly, distressing, and that it violates their personal code of morality.

Mankind automatically defends a financial status, financial purpose, financial need. Why then does not mankind defend what is moral,

what is pure, because it is definitely distressful to the Soul? If there was a questionnaire passed around to multitudes of people throughout the world regarding what they felt was moral, what was immoral, you would be amazed at how one-sided the answers would be, because some would not consider the immorality in some stages of its performance, action, evil in any way. You would find some make snide remarks about it being a personal opinion, decision, ignoring totally the fact that morality is based on God's Commandments, and These Commandments were not given for one period of time. They were given for all time, because of the necessity of the Soul of every living human being.

When The Father created mankind, He placed within the conception, into the mind of this conception, the ability to make decisions, to learn about many things, and to be able to understand that some things were right, some things were wrong. The Father's Commandments clearly state what is right, what is wrong.

As mankind has rules to live by, according to what is acceptable

**in dealing with other human beings, these rules are important for the safety of the lives, and many other things of individuals of all races, all colors, all creeds. Mankind understands these rules, and knows if they are disobeyed there's a penalty. Now let us compare man's rules with God's Rules. Should there not be a penalty to God's Commandments, God's Rules, when They are disobeyed? Logic should tell mankind this question speaks for itself. It answers itself. It needs no great planned-out explanation.**

**In the learning stages of life, children are taught what is right, what is wrong, not always in the same manner as those who live next door to them, or those who are related to them, because those who instruct, who are in charge, who have the responsibility to teach, all do it differently, all based on their personalities, natures, backgrounds, and other human ways of doing things.**

**Today is a very important day, because today gives mankind a chance to change for the better, to develop stronger feelings, intentions, regarding his or her moral values, moral standards, but then when**

**nighttime falls these should not be forgotten, because logic should say to every living human being, 'As I protect my body, I must protect my Soul, because my Soul is a Portion of God that will be returned to Him when my body is no longer physically active in any way.'**

**So Many Saints have spoken through This Miracle of The Father's Love, so much Direction. It is important for All that has been written to be delivered throughout the world, because mankind is in desperate need of This Gift of Divine Love, and It must be made available to them without question. So be it."**

## SAINT BERNADETTE

**“I am Saint Bernadette. I have been requested to speak on the importance of the youth throughout the world. It is sad to see so many being neglected because of the lack of example that is obviously present in homes, in schools, and in many workplaces where the young are present, perhaps working at a job or doing some type of social activity that involves them with other people.**

**It is not necessary to have strong disciplinary actions to instruct the young on what is moral, what is immoral, what is important to God, what is important to the enemy of God and man. The educational process that is taking place, so many places, has little evidence of instruction to those who are attending, because so much freedom of speech, impoliteness, a lack of dignity is exercised by so many in schools and other educational places.**

**Freedom of thought, ideas, when it is balanced by morality, has an effect**

on the individual young people that is not always seen immediately, because a youngster learns by imitating, and the reason it is not always seen immediately is because perhaps the occasion for a specific attitude, action is not suited to the place or the time.

It is one thing for a youngster to learn Mathematics, History, English, and all the subjects that will be part of their way of life, but the greatest subject youngsters can be taught is to first see example of, and then the instructions regarding it, and then the application of it, and that is regarding the moral views, acceptances, practices, that will give great strength to everything else they learn, they practice, they are involved in.

Besides the academics, let us look at the physical activities that so many youngsters truly enjoy. In these activities alone, respect for each other, respect for themselves, respect for how they participate, will leave a mark on them for the rest of their lives morally, physically, emotionally, because every act, every thought, everything an individual learns, interacts with each other. All these things make an individual a more respectable,

respected human being, and a happier human being because of the integrity involved, and the respect that it takes to respond to others, and have others respond to them in dignity.

**When a child feels ill, a child of any age, sincerity, concern should register from those around, but always with an attitude that gives hope, strength, purpose, and along with this is a teaching of kindness that reflects in every act, every thought, every word, every deed, every mood, every intention. It is not difficult for those who are close to the child or children; in fact, it gives strength to everyone involved, moral, physical, Spiritual.**

**It is easy to talk about children, it is easy to instruct children when the individual or individuals find compassion with each other, interest in what is being done, respect even when mistakes are made. So much of this unity, or union of communication is being tossed to the side, because everyone seems to think it is not necessary, times have changed. This is not so. Human dignity will always be necessary between two or more human beings. So be it.”**

**SAINT COLUMBKILLE**

**“I am Saint Columbkille. As a Saint, it is a privilege given to Many of Us to speak through This Special Gift of The Father’s, through His Spirit of Love for mankind, because in All the Words there is so much Direction, giving to mankind Hope, and Personal Love from The Divine.**

**Much emphasis has been put on The Father’s Commandments, the Reason for Them, the Greatness of Them, and what a privilege it is for mankind to be able to follow The Father’s Will for the benefit of the Soul that is a Portion of Him.**

**We hear many doubt that the Soul really exists, and that if It does, how can It be a Portion of The Father? Mankind has in many ways lost sight of the Magnitude of All that is created, and All that mankind was created for. You live in a time of not just turmoil, but desecration to the human body, automatically affecting the Importance of the Soul that is within each human body.**

**This Miracle of The Father's Love is called 'a Miracle' because It is not ordinary in any way. It is a Gift of Love from The Divine, helping mankind to better understand that human life has a Specific, Special, Important Purpose. Man was created with an intellect, the ability to learn about many things, understand much about many things, and use many things in the course of daily living.**

**The 'freedom of the will' is a Great Gift. It allows every individual to think for himself or herself, to act or react for himself or herself, to choose right from wrong, good from evil; also, to be aware of the individual personality that each day is practiced by every individual. Some would say: 'Why would a Saint mention personality? What does that have to do with becoming a Saint?' In many ways it can affect the actions, the thoughts, the desires, the will of an individual.**

**Mankind has so many assets, so many Beautiful Gifts of Divine Love, and of course, the Ultimate Goal for human life that nothing else has. That is Sainthood.**

**I truly desire that all who read These Words will see the Value in Them, and perhaps once in awhile reevaluate their way of life, their temperament, their goals, their actions, and everything that touches them mentally, morally, physically, spiritually. I give This Message with much Love, because This Miracle of Divine Love has been given to the world so that mankind will understand that God loves mankind.”**

APRIL 3, 1996 AT 1:03 P.M.

## SAINT PETER CANISIUS

**“I am Saint Peter Canisius.**

**It is important that the news of This Miracle reach every area possible throughout the world. The Spiritual, moral devastation taking place is an abomination beyond what mankind understands this word to mean.**

**Souls are being devastated by so much leniency in moral values, moral standards. This, of course, pleases the enemy of God and man, because all things that are based on ignoring The Father’s Commandments in the slightest degree, pleases satan and all those who have been condemned to Hell under the supervision of this vile enemy.**

**Today in the world it is difficult for some men, women and children to fully understand the importance of morals, because they have so many justifications to practice immorality, due to their financial status, how they were raised as children, plus all that is occurring that is available for them to see, to be a part of. Violence**

is prevalent throughout the world, physical, mental, moral, social. Each day men, women and children throughout the world, according to the time zone they live in, are faced with moral decisions, practices, intentions, goals.

If you were to speak to a stranger where you are, and approach this stranger with a question, 'In what degree would you consider your morals to be?' there is more than one thing that could happen here. Either it would cause an argument or immediate rejection of your presence, or several other noncommittal actions. Now walk up to someone you know, someone with whom you have perhaps gone to school with, open the subject of Spiritual practices. You might be amazed at the cold reception you would receive, because at this time in the world there is so much radical confusion on what is moral, what is immoral, what is Spiritual, what is satanic.

Though what I have just spoken is something for many, many people to think about, I doubt that much conversation will bring people together in what we would say 'a friendly manner'. The world is saturated

with so much diabolical intercession, that We see many who believed in the same Spiritual concepts, attitudes, practices, strangely separated where their thinking is practiced in their daily lives.

What I have just spoken was in some ways a difficult subject to approach, because through This Miracle of The Father's Love, the Foundation of This Miracle, the Reason for It, has given to the world so much to think about, so much Information to digest and reevaluate what a Great Purpose human life has, in spite of all the demonic pressures that are so evident, prevalent, destroying morals, values, standards, even destroying family life in many ways, demeaning to the practices of individuals who, at one time, would never have accepted so much immorality as a daily way of living.

Sometimes it is easy for man to justify impurities, that in many ways casts out all that is good. The Purpose for This Miracle is to make mankind think, to understand, that to violate the purity of one's Soul pleases only the enemy of God, because logic says the individual or individuals cannot

**be happy human beings when they practice such vile actions, motives, intentions, against all that is pure. So be it.”**

APRIL 3, 1996 AT 2:46 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**It is difficult for so many men, women and children, all degrees of intellect, to fully understand This Miracle of The Father’s Love that has been given to the world to instruct mankind, all ages, all colors, all creeds, all degrees of intellect, on the Importance of human life and what a Precious Gift it is.**

**Mankind respects intelligence along with many other favorable Gifts such as monetary, artistic talents, and other abilities that denote a special form that bespeaks that the individual has greater than normal abilities. What is normal to mankind is decided by mankind. The Father created mankind, and in this creation He gave to mankind more abilities than man uses. Mankind limits intellect, talents, abilities, and sources of growing in many, many ways that the individual is capable of expressing to great advantages, not just for attention from**

**others but for personal development for themselves as an individual.**

**All through time The Father has given, at different times, mankind the ability to make changes, and use these changes to develop more interesting avenues, whether they be Spiritual, emotional, artistic, mentally, or in some ways charitable, helping others in many ways to feel incentives, using the talents that they personally have.**

**A Mother's Love is Boundless, Timeless. I speak this way because there is no child born to the world, in no place at any time, that I am not available to see them, hear them, encourage them, or to give them strength where and when it is needed. I see children of all ages look at a statue of Me, and not always realize that this statue is but an interpretation of What I Am All About, Who I Am. Rarely could this statue, if ever, truly depict What I Am.**

**As the world is in great turmoil physically, morally, emotionally, the enemy of God and man works diligently on the weaknesses of whomever he can, because of his desperate desire for mankind of all ages to ignore the**

**Divine Plan, and use misjudgment, catering only to selfishness, egotism, in all areas that cater to humanism rather than Sainthood.**

**It saddens Us to see so few men, women and children fully understand, or try to understand the Goal of human life according to The Father's Plan. There is so little instruction throughout the world today, as there has been in the past, regarding the Importance of human life and the Divine Love that is innate in the birth of every human life.**

**As I leave you at this time, I am only leaving you with My Words, for you must understand My Presence with you is constant. I am never away from you, at any moment, at any time. Remember, I am available to your thoughts, your actions, and your prayers."**

APRIL 3, 1996 AT 3:24 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. This Miracle has been given to mankind to help mankind more fully understand Who I Am, What I Am, and that mankind is to further learn more of the importance regarding their Spiritual life.**

**I Am The Holy Spirit of The Father, and as this is Fact, you must understand that as you were born to the Image and Likeness of The Father, you have within you a Soul. This Soul is a Spirit of The Father’s Love, a Portion of His Integral Part of human life, and you must realize that having This Soul since the moment of conception, gives your life meaning beyond all other creations.**

**The Soul can be explained in many ways, because It is so much a Part of all you are, all you do, all you say, in everything you express to others morally, physically, mentally. This Portion of every living human being sets mankind apart from all other living things, in that This Soul, in Its Closeness to The Father, is a constant**

**Companion morally, physically, mentally, always offering unseen help, unseen courage, never abandoning the individual in which It is a Great Important Part.**

**The Soul has never been spoken about in so many ways, because mankind did not fully understand the Soul as It truly is. This Miracle of The Father's Love has opened a great space of understanding, allowing mankind to see what a Privilege their Soul truly is to them. There is so much to be spoken to mankind on this Connection, Association, this Gift of The Father's Love to human life.**

**Mankind must begin to see that the Soul is a constant Companion, and is constantly aware of all that each individual partakes in, no matter what the activity, the intention, or the outcome. So be it."**

APRIL 9, 1996 AT 1:34 P.M.

SAINT MARTHA

**“I am Saint Martha. So many times I speak through this *little one* in what mankind would call ‘a natural tone of voice’ on the subjects of the day, in terminology of communication, in a very personal way.**

**The Father has been instructing mankind through Many Saints, and of course, He, too, has delivered much Instruction, deliberately, personally directing mankind to see the Greatness of human life for which He created it, the importance of everyday living through the free will of acceptance, rejection, of learning, of instructing. There are so many beautiful facets to human life that mankind rarely takes the time to think about, or to be thankful for, because so much is taken for granted.**

**Much was spoken on this day through this *little one* through whom We All use, regarding what mankind must understand as responsibility, as a privilege to instruct others on the Importance of human life, and the**

**Goal for which it was created. Every day has its responsibilities, personal and otherwise. Every day has the opportunity to grow closer to God spiritually, mentally, recognizing the real Association man has with God in the Union of the Soul that is a Portion of Him, to human life.**

**Men, women and children should never forget that every moment of every day, within them they have a Portion of God Himself, and they are responsible for the dignity that must be upheld in all speech, all actions, all associations, all communications, because This Portion of God, the Soul, is the recipient of every individual's degree of moral values, moral standards, truthfulness; also, any impurities that are practiced that should never have been a part of that day or night.**

**It is easy sometimes, for mankind to make excuses for impurities, automatically blaming others for encouragements, enticements. There is no excuse, because innately mankind knows what is right, what is wrong, what is evil, what is good, what is moral, what is immoral, what is pure, what is impure. As I glance across**

the world and I see men, women and children of all cultures, all living lives of different monetary values, it is rare that I see an overabundance of them not understanding what is right, what is wrong, what is pure, what is impure, what is vile, and what is an act physically, verbally, that is acceptable morally in the Eyes of The Father.

As I speak to you, I am showing *the little one* through whom I speak a large crowd of people. They are gathered at a celebration. Everyone there had to make the decision to attend, or to not attend. Some attended because they felt that the celebration would be invigorating, stimulating, and would be pleasurable in many ways. Others attended because they were looking for a place to practice activities that one would call ‘obscene, immoral’.

This Message of Mine is to alert mankind to be constantly aware of the importance of personal strength in communication, or activities that include one’s decisions on morals, because oftentimes it is easy to get caught up in excitement of the moment, what is expected by many to be enjoyment, when oftentimes, to be a part of what is occurring can

**be devastating to the Soul of every individual involved.**

**To read This some might say, ‘How can I become so conscious of all I can be involved in, that I will find no enjoyment in life?’ There is a very easy answer to this. It takes moral willpower. Don’t stay; walk away. Don’t submit or commit; reject. Don’t make excuses, but excuse yourself, and walk away.**

**Since the beginning of time, that is, time that man was a part of, decisions became part of daily living, and innately mankind knows when something is evil, so common logic tells one, ‘Don’t participate, don’t become vulnerable, stand your ground, walk away, stay away,’ because your Soul will give you the strength that you will need, and I, Saint Martha promise you, you will never regret your decision, because your Soul will shine so brightly within you that It will give you an inner glow, a feeling of strength for your personal decision. So be it.”**

APRIL 9, 1996 AT 2:43 P.M.

SAINT CHRYSOSTOM

**“I am Saint Chrysostom.**

**When mankind receives a letter from a loved one, he or she reads the letter several times, each time finding more information, or love, or concern in the words, and in the very fact that the other person took the time to write the letter, to communicate, to care.**

**The Father has given to mankind thousands of Writings in depth, in many ways, on many subjects, through This Gift of His Divine Love that bears the Name of The Holy Spirit. It is called ‘*The Miracle Of Saint Joseph*’. Everything that has been delivered by The Father, by Our Heavenly Mother, by The Beloved Saint Joseph, and All The Saints that have taken part in instructing mankind, clearly defining the Importance of human life, and the Greatest Gift that mankind can receive, a Portion of The Father, humanly indefinable, and yet It has a name. It’s called ‘the Soul’.**

**Mankind, all ages, should be allowed to read the Words, and then**

if instruction is needed on any of the subjects from Any One of Us Here, there should be someone who cares enough to explain the full definition, because of the importance of every Phrase, every Subject, every Revelation, from the beginning of the time in which This Gift of The Father's was so generously given to mankind. In the beginning, It was given in what one would call 'a simple form', but always with the sincere in-depth Intention of Its full meaning.

There is no human being capable, knowledgeable, in the manner in which This Miracle has instructed mankind so deliberately, so understandably, the Importance of what it is to be a human being, and what a Precious Gift human life is, that it is unlike any other living thing, because in human life there is a Portion of The Father presented, instilled at the moment of conception, that no other living thing has the privilege of.

Mankind's intellect is involved in many subjects, many ways of doing things, many degrees of retention, of activity, of understanding, of communication. Human intellect has reasoning, balance, and the ability to

**choose what is right, what is wrong, what is good, what is evil, what is helpful, what is harmful, what is pure, what is impure, what is Sacred, what is diabolical.**

**The human mind is a Gift of not just talent, but abilities, distinct in so many ways above all other living creatures, living things. A human mind can be instructed on any subject, because what it hears it absorbs, what it absorbs it can use at the proper time, for the proper reason.**

**Mankind has been gifted with sight, giving strength to knowledge, giving help to instincts, understanding. Sight in itself has a purpose of communication. Sight has the ability to design, to create, to inform, to be informed. The reason for sight is endless.**

**Mankind has been given the Gift of hearing sounds, but not just sounds in one tone, but sounds that are educational, sounds that in a time of danger alert the individual. The sounds that mankind is capable of hearing is a Gift beyond what mankind fully understands, because mankind becomes so adjusted to daily**

circumstances, routines, that the Gift of sound is oftentimes overlooked.

The Gift of taste is a privilege, because basically it develops a nourishment for the whole body, but in this Gift, this part of man is used to communicate in numerous ways, numerous subjects. The Father thought of everything.

The sense of odor, smell, has a definite part, a safety, an alertness. It is also a means wherein a human being, through this power of smell, this portion of the face is used for other things.

Everything that man is part of, or is part of man, has reason, purpose that rings only importance. Mankind's ability to the sense of touch has so many reasons, so many purposes, so many areas in which it is involved in everyday life.

When the sense of hearing is lost, it many times causes much devastation, because it disrupts communication in many ways, so this sense of being able to understand what others say gives to human life a bountiful amount of education, communication, and adds to the personal activities.

**I could go on and on, because mankind was designed to be able to use the human body for practical reasons, to grow in knowledge, to live each day with the ability to communicate mentally, physically. Volumes could be written on the Importance of human life in its practical design, but the one thing that is rarely spoken about is the Soul that every living human being receives at the moment of conception, because That Soul is a Living Portion of The Father, and That Soul is what mankind is able to use as the stability in all moral actions, attitudes, applications, involvements, because the Soul is a Living Portion of The Father's Divine Will, Divine Love, that is to be returned to Him at a given time. So be it."**

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**The Father has chosen *a small voice* to deliver to mankind Directions, Hope, Love.**

**It is important for mankind to understand that every day of human life is involved in sensitivities of individuals close to them, or just in passing by them on a street, in a building, in a church, in a school. Mankind has a built-in desire to be understood and to be able to relate what they feel, what they want, what they understand, what is necessary for them to feel is important to their relationships, their goals, their intentions, their motives.**

**Mankind was created with the ability to see, to hear, to speak, to react, to understand, to learn, to express the thoughts, and to show their will on different subjects, in different areas of life. It is important for mankind to see the physical as it is, because from this foundation mankind will better understand the importance of many**

**things, the reasonability of many things; also, the Goal that The Father has intended for the Soul.**

**We hear some who have read about the Soul want to know more about what It truly looks like, what It consists of. Through This Miracle, so much Information has been delivered to mankind on the Importance of the Soul, and that It is a Portion of The Father, and through All that has been delivered the Soul should be understood not only as Important, but as a Close Connection of understanding that the Soul, as a Portion of God, has within Its Being a sense of right over wrong, a sensitivity to understanding good over evil.**

**The Promise The Father has given to mankind is beyond human comprehension, and yet It has logic in Its Very Words. As a Portion of The Father, It must have within It an understanding of Love that is beyond what mankind is capable of humanly fulfilling. The Soul is obviously present in every living human being, because there are many times an individual must make a decision that without the Soul would be entirely different, because the Love of God is**

**within the Soul, and is constantly a Driving Force of Hope in which the human life reacts to, responds to, on all moral decisions.**

**We hear men, women and children look at human life in such a blunt, undignified manner, because they do not want to feel that human life was created beyond human understanding. Many see human life in such a cold, unrealistic form, only because they themselves have deep fears within them, and a lack of understanding of the Closeness of God to man.**

**You live in a time when there is much barbarism taking place. Some of it is acted out because of fear for themselves. Some of it is a bullishness that they feel is their protective coat of armor. Immorality is prevalent throughout the world, sins against the flesh accepted because of dominance, not because it is right. The whole world is going through a dramatic moral change, allowing immorality to be accepted in every form, in every stage of life, every degree of intelligence. What mankind is not understanding is that the enemy of God and man is at the root of this.**

**There have been other times in the History of mankind that humanism became barbarism, and this was in defiance of all that was moral. Humanism has its place in the world, but not when it uses humanism in union with a diabolical source, force.**

**Ask yourself, those who will read These Words: What reaction do you have when you are confronted with an immoral statement, an immoral scene that in reality is vile to any purity within you? Immorality is being fed to the world in many ways. That is why This Miracle of Divine Guidance, Divine Love, Divine Hope, is so important to travel throughout the world in every possible manner and way, to draw attention to the Fact that God has given to mankind Personal Directions, plus using Many Saints Here in Heaven, instructing, directing the minds of millions of individuals to seek for themselves what they are practicing personally, what they are accepting, because in acceptance it says approval.**

**The world has been Blessed, and yet We hear many doubt This Blessing, because they do not want to change. We have seen many purposely reject**

any sensitivity to morality, because they do not want to be different than those close to them. Mankind has not reread God's Commandments in Their fullest degree in hundreds of years. They have accepted the conciseness that They are written in. This alone should tell mankind that the enemy of God and man had a part in this, and it must change.

This Miracle has Blessed the whole world, and there is no human life that can change What The Father has given to mankind to better understand that Sainthood should be the Goal of every human being, and that The Commandments of God are the Means and the Way to follow, because in These Words it allows mankind to question their next action, their thoughts, and what their Goal for life was intended to be; that is, to become 'a Saint' and return to God in Glory, thanksgiving, through His Love for them and their act of love to Him. So be it."

**SAINT COLUMBKILLE**

**“I am Saint Columbkille.**

**With so many different forms of so-called ‘Christian beliefs’ throughout the world, it is sad for All of Us Here to see that all that is being spoken is not truly the Will of The Father, or is it for the benefit of the Souls that are involved. There are many names for what man calls ‘belief in God’. In some areas the humanism is the god, egotism the god, immorality the god, confusion the god.**

**It is sadness for Me to say These Words, because there are so many throughout the world who are practicing immorality based on immodesty, pornography, humanism, professing diabolical acceptances, and using every insult they can conjure up, disregarding Who God Is, What God Is, and the Importance of God.**

**Mankind has put so much emphasis on what man is capable of doing, totally ignoring that all the Gifts of life are handed to mankind by God at the moment of conception.**

**Mankind strives for importance, to be famous so that others will recognize who they are, but the real importance that mankind should look for, strive for, is pleasing God through constant obedience, reverence, to His Commandments.**

**This Miracle has been given to the world, not just to the place where you live, not just to one country, not just to one area of one country, because throughout the world every human being is important to God, because every human being has a Portion of God within him or her.**

**This may be difficult for some learned men and women to understand, because to them they value everything at the sight of their eyes, their ability to use material things, but there is no human being born that does not have the privilege, the ability to use what is beneficial to their Soul, and that is to live every day of life following God's Commandments to the minutest detail. Now, some might say, 'That would be impossible; I do not even know the full detail of every Commandment.'**

**My answer to this is: ‘Through This Gift of The Father’s Love, This Miracle of The Beloved Holy Spirit of God Himself, has been instructing mankind verbally and through the written Word for a number of years, on what is important, on what The Father Wills man to understand, and that is, that the Soul of every living human being is a Living Portion of The Father, and must be cared for as the Precious Item It is.’**

**We see thousands and thousands and thousands of men, women and children safeguarding a material thing, admiring a material thing, desiring a material thing that appeals to them, but how many personal discussions amongst family, friends, acquaintances, business associates, does the subject ever dare to emphasize the Importance of that unseen Gift of Divine Love?**

**In reading This Message I am now giving, We can hear thousands say, ‘I would sound like a fanatic.’ We All say: ‘Its worth a try, because in one small moment your strength in acknowledging your feelings about your Soul, could be the foundation at a time later, that would be the**

**most important thing you ever spoke, because it would have left a mark that you could not see, perhaps would not remember, but it would be the one factor that would save the Soul of the individual that was the recipient, at another time, of how you felt about the Soul.'**

**Men, women and children oftentimes, most times, afraid to say what they think for fear of being called unkind names, but if mankind will but remember The Son of God Sacrificed much because of the Souls that were to be saved at that time, and for all time to come. The Soul is a Portion of God. It must be protected by mankind's understanding of God's Commandments, not just aware of the Words, but full understanding of what each Commandment contains, and how it is applicable to human life. So be it."**

**SAINT FRANCIS OF ASSISI**

**“I am Saint Francis of Assisi. There are always Many of Us present where This Miracle of The Father’s is present, but you should also understand that because you have a Soul within you, and this Soul is a Portion of The Father, The Father is always present wherever you are and is aware of everything you do and say.**

**When mankind speaks of loneliness, he or she only refers to a physical and/or mental feeling, awareness, but in reality, no human being is ever alone. Children must learn this Fact, this Truth, so they will better understand and be more aware that whatever they do, whatever they think, whatever they say, whether they are alone or with someone else, their Soul has a Close Connection to The Father, and The Father knows All Things.**

**It is sad to see men, women and children of all ages feel they are totally alone, or that if they are doing things that are unkind, impure, the Soul or**

**Souls are present, and always aware of the condition of all situations. That is why human life is so Special. It has an inborn Protection against many things; It's called 'the Soul'.**

**We hear mankind talk about protection from illnesses, and We hear them say that some people have an inborn rejection of certain serious illnesses. That is true, but mankind must learn that because of the Closeness man has to God, every thought, every word, every act, God is aware of, because of the Soul that is within each human life.**

**A baby cries. An immediate reaction says something is wrong, or there's a need of some sort, so those present respond either to take charge of a situation, or to care for a situation, whatever is needed. This is a normal reaction. This can be compared to the reaction of God when a Soul is in danger, when a Soul is put in jeopardy of any kind, but then on the other hand, for both of these times, when there is happiness, goodness, joy, love, the Soul responds just as a human being responds.**

**M**ankind sometimes refuses to understand the Closeness God has with man, because he or she cannot associate the Soul as a Living Portion of God in every human being, but the time has come for all races, all colors, all creeds, to be aware that God is fully aware, because of the Soul that each one has, no matter where they are born, what age they are, or what the situation that surrounds them is involved in.

**M**an has a word: Be ‘cautious.’ This is not only for physical reasons, but it should be a word that is used when there is a possibility of danger to the Soul, unhappiness to the Soul, impurity to the Soul. Caution says ‘alert’. Mankind understands that the mind is constantly working, constantly alert to what is surrounding it, what it hears. The mind reacts to pain, to happiness; so does the Soul. Remember this. So be it.”

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I have many Titles. Each of them pleases Me, because each of these Titles appeals to different children of Mine.**

**I answer all prayers in the manner and to the degree I know is necessary. It is important for children of all ages to more fully understand what a Treasure human life is, what a Gift of Divine Love it is to man.**

**There are many children throughout the world, all ages, who have not been, or are not being taught or instructed on the importance of prayer. Ask yourself: What does prayer mean to you? Do you really see it as communication, verbal, silent, or just a thought? because communication several times a day would automatically give a child of any age strength, courage, and the ability to rationalize obstacles that might occur, or small needs that happen.**

**It is important for mankind to understand there is a Heaven, there**

is a Purgatory, there is a Hell. It is also important for mankind to be thankful for human life, because it is through being born that mankind has the opportunity to personally serve God in many ways, and be able to have a Closeness with Him that no other object or thing in the world has, and that is the Soul. Granted, the Soul cannot be seen, nor can It be felt as a Portion of the body, but logic tells an individual that 'I believe in God, and I could only have this belief, this need, this love, because of the Soul that He gave me at a given time.'

We hear so many throughout the world fear the idea of having within them Something that belongs to God, because mankind associates the senses with human life, and especially what passes through the mentality on many subjects that they feel is life.

As it has been delivered before this time, and is constantly being delivered of late, mankind is being instructed Personally on a continuous basis, on the Importance of the Closeness man has with God, because of the Soul that is immediately placed at the moment of conception. In each conception the child has a

helplessness, and in this helplessness there is a dependence upon those who were involved in the conception of this individual or more, child or children. There is an immediate responsibility, there is a moral obligation, there is a Spiritual obligation, because of the Importance of the conception being what it is, and that it contains one Soul, or two Souls or more.

Mankind, in logic, should automatically understand that for mankind to have the intellect, the knowledge of right over wrong, good over evil, there would have to be Something within each human being other than the human instincts, understanding, to allow every individual to see the Magnitude of conception, the Worth and Importance of every human being. This alone says human life has a Purpose, a Goal, and it is important to be recognized, and not allow anyone to ignore this Gift of Divine Love that The Father has so generously bestowed for a very long time, on human beings, in human beings.

We hear much about the personality, the mentality, the abilities, but rarely do We hear anything about that Beauty that is in each child, that

**is expressed by their very being. This Miracle The Father has Designed is a Gift to mankind beyond what the human mind could ever conceive, because human life has a Goal, a responsibility, and innately in human beings there is a need for respect in all areas of human life.**

**The world has been Blessed by This Miracle because so much has been explained that mankind could not have thought of in the detail that it has been given. Mankind says, 'I want hope for progress, for success.' This Miracle is to remind mankind that each human being has a responsibility, and this involves the Soul that cannot be seen, but logic says It is felt in many ways because of the distinct instinctiveness that man knows right from wrong, good from evil. So be it."**

## SAINT JOSEPH, THE HOLY SPIRIT

**“My beloved children, I call you this because These Words radiate to you what a Deep Love I have for mankind.**

**For a very long time mankind only referred to Me as ‘The Foster Father of The Son of God, Joseph’. The time chosen by The Father for mankind to add to My Name, ‘Saint’, was an important time, because mankind was able then to better understand more about Me, and be able to relate what a Beautiful Title ‘Saint’, meant to One Who was just referred to as ‘The Foster Father of The Son of God’.**

**When This Miracle began in the time in which you live, The Miracle that is called ‘*The Miracle Of Saint Joseph*’, It brought many questions to light, and We heard much negative reaction, because mankind has a way of finding it difficult to accept Truth when it deals with such important Facts.**

**As This Gift of Divine Love progressed over the years, the Title of**

***‘The Miracle Of Saint Joseph’* became more common, but there were and are many yet who find it difficult to see This Gift of The Father’s Love in the Full Spirit of His Divine Love that It is being delivered.**

**Also, mankind, in learning that I Am The Holy Spirit of The Father, in some ways find It logical, factual, understanding, believable, and others who find negativism almost a profile of all they believe in, understand, find it difficult to accept My being The Holy Spirit of God The Father.**

**The world now is being instructed on many important Facts, Issues, Circumstances, Details, regarding The Divine. Also, through This Miracle that bears My Name, mankind is being instructed on the Importance of every human being’s individual Gift of The Father’s Love, called ‘the Soul’, given at the moment of conception. This should not be difficult for mankind to see for Its reality, because as mankind was made, created, developed to the Image and Likeness of The Father, The Holy Spirit of The Father was constantly present, and so The Father, in His Design of mankind, placed**

**within mankind a Portion of Himself. It's called 'the Soul'.**

**The parallel of Love is beyond many men, women and children's comprehension, but if mankind will but see It for what It is, then mankind will awaken to the full fact, truth, realization, that mankind was truly designed to the Image and Likeness of God.**

**There are so many throughout the world who desperately want to tell others, instruct others on Spiritual matters, needs, practices, and they are not capable of the Soundness in the values, in the Spirit of God's Love, to be able to project and/or instruct in all the areas that are necessary regarding the Importance of man, and man's Personal Gift of Divine Love from God Himself, the Soul.**

**The Soul is the recipient of all that an individual partakes in, says, accepts. The Soul is obviously evident when a man, woman or child feels an inner understanding of the need, the purpose, the course, that must be taken on sound moral values and sound moral standards. The Soul, as It is, gives peace to human beings,**

**and many times in this peace there is a moral and physical and Spiritual strength that exceeds any human ability.**

**I deliver This Message with a Divine Love, and with This Message I say to all who read It, ‘Do not reject What you have just read, but see the Beauty of It, the Practicality of It, the Evidence of It in your morality that you are constantly aware of when decisions are presented to you, and you know what is right over wrong, just over injustice, truth over untruth.’ So be it.”**

APRIL 12, 1996 AT 2:29 P.M.

## SAINT ROBERT BELLARMINE

**“I am Saint Robert Bellarmine.**

**The whole world is in great need of Sound Direction, Sound Purpose, and it is important that mankind of all ages look at what they are practicing, whether it be in a social way, moral way, physical way, or Spiritual way.**

**Today if you were to walk up to an individual that you did not know, and ask that individual to repeat to you God’s Commandments, what would they say? Some would say you were a fanatic, some might appease you with remarks to please you. The important thing is not to ask anyone this question, but to practice obedience to God’s Commandments, because there is more taught in example than in any other way.**

**A child, when it is taught to walk, basically, it is based on seeing others walk. When a child begins to talk, it is a natural instinct to imitate this act of communication. When a child learns the importance of touch, the child eventually clings with the**

hand, which has many reasons for it. It is learning to use what the hand was created for. Sight is important to every human being, because through sight there is learning, there's experience, and of course, many other advantages, because sight is communication even when one doesn't speak.

**Y**ou live in a time of much immorality, and this time in many ways is not being corrected, because there is too much leniency, too much acceptance of what another individual practices, no matter how wrong is being practiced. Mankind says, 'Live and let live.' What about the Importance of the Soul that cannot be seen and yet is evident, because what is the main instructor to man's understanding of right over wrong, good over evil?

**I**t should tell mankind that this is a human ability to make decisions that are not just proper, not just important, but that behind the approval or disapproval, there is a moral sensitivity born into mankind's being, and that this in many ways, many times, is what gives the strength to know, to understand what is correct at that time, under those conditions.

**The world is in chaos. It has been said before, and those who are trying to determine how to correct the chaos are not always morally sound in their abilities, capabilities, or their moral values, so it would be difficult for them to take leadership, or to instruct others on the solutions that should be made.**

**Through This Miracle numerous subjects have been approached, spoken about, and many deliberated upon. It is important for mankind of all races, all creeds, to see the Value in God's Commandments and learn Them, not just in Their brief forms, but to see Them in Their fullest measure, in which each one of Them is important for the Salvation of Souls.**

**Without law and order in countries, in states, in cities, in the home, chaos would be so destructive, and there would be no balance, no happiness, because when there is a lack of order, a lack of justice, a lack of peace, there is unhappiness, there is confusion, and at these times it is difficult for anyone to make the proper, correct decisions on many issues: personal, moral, social, or even financial.**

**God has Blessed the world with This Miracle of His Divine Love, and as It spreads throughout the world, It is meant to give Strength in many ways to all people, not just those who are close to This Miracle. That is why the written Word must pass throughout the world, because It is nourishment beyond what any human being can give to nourish the body, mind or Soul of another human being.**

**Each time One of Us speaks it is a Blessing, because each time It is meant to touch the lives of individuals, even if it is just one in a crowd of people. This Gift of The Father's Love is for all of mankind, and those who write the Words, and deliver the Words throughout the world, will never know how important the Messages are, or will be to those who they will never meet, and yet, in accepting the responsibility, The Father will see that the Words will pass before the sight of those to whom He wants to touch with a Thought, with an Idea, with a Personal Message of His Love. So be it."**

APRIL 15, 1996 AT 11:10 A.M.

**SAINT FRANCES CABRINI**

**“I am Saint Frances Cabrini.**

**Mankind plays ignorance when it comes to sound reasoning regarding the Importance of human life, and the Gift of Divine Love that is a Part of human life, a Living Part, an Active Part. It is difficult for some men, women and children to comprehend that a Living Portion of God Himself is a Living Portion of mankind.**

**You live in a time of great progress, mechanical, humanistic, but this progress does not always include the Importance of the Soul that identifies mankind as a different creation than all other things created. At this time there is so much controversy caused by diabolical weaknesses in the minds, actions, morals of men, women and children throughout the world.**

**We hear so much rejection regarding this possibility, even when there are numerous evidences that what is being practiced by millions of people lacks moral soundness, moral obedience to God’s Commandments.**

**The Commandments were given to instruct mankind on the importance of sound reasoning; also, to help mankind readily understand that there are two actions in human life: one is right, one is wrong; and that logic automatically instructs mankind, no matter how highly educated a human being is, or those who have no formal education, right, purity in actions, thoughts, are the important measures by which mankind must act, because of the Importance of the Soul that is within each human life.**

**Approximately 4,000 years ago, God gave to mankind a human life that He chose to walk in different paths, before the Announcement of God's Commandments were made, so that this 'special instrument' of His would have the benefits of balance that it would take to understand the Reason, the Purpose, the Need for These Commandments to be given, to be lived, to be personally practiced and instructed upon so These Commandments would not die when he died, but would live on for the benefits of all who were to follow for all time to come.**

**Before this Great Announcement to Moses, mankind was aware of what was right, what was wrong, but much of this was based on position and the characteristics needed at that time.**

**If there was no Living Part of God within each human life, mankind would be like all other animal life, but there is a Goal for mankind and this Goal is to return to The Father for All Time.**

**We hear some say, 'I believe in God.' This basically is just a statement, because this statement says, 'It pleases others.' It also gives credence to the physical portion of this individual, sometimes financially, sometimes just to be important in the eyes of others.**

**The world is in more than turmoil. The justification of immorality, impurities of all kinds is prevalent, thus ignoring that man was created as a different type of species of human life than any other living thing. Right now in what is called 'religious circles', We see total devastation morally, physically, emotionally, spiritually, because where there is confusion, there is the enemy of God and man. There is no serenity. Human values are**

demeaned, discarded, totally ignored, because humanism is like animalism.

**E**ven though you have many religious Faiths throughout the world, they are not all of sound foundations. So much of these are based on self-importance, self-love, a definite need for attention. The world is saturated with men, women, and even children who feel they have the Gifts of Divine Guidance, Divine Hope, Divine Protection, Divine Love. This is not so. The Father only uses a few when the Task is so Monumental, because it is easier for mankind to focus more intently, more understandably on a given Point, Direction, than it would be if there were hundreds to listen to, read about.

**T**his is how satan uses confusion. When there is confusion in a home, it affects the mental of all concerned, the attitudes. It many times has a destructive force in relationships, even in the love that the individuals feel for each other. Confusion causes jealousy.

**W**hen the beloved Moses was given so much Instruction at a given time, it was beyond any human mind to be

able to remember the minutest detail, the importance of each detail. This can only be appreciated, understood, when the Instructions come from The Father. That is one of the reasons This Miracle is so Magnanimous, contrary to all the doubts, jealousies, rejections of so many so-called 'learned' men and women.

What is spoken through This Miracle has Fact in It, Logic, Sensitivity, Sound Reasoning, and is delivered with a spontaneity that no human mind would so continuously have the power to do. It is sad when We hear jealousy over This Miracle, rejection, personal opinions. They are obviously not just demeaning, but register human opinion that is only based on personal opinion, with no sound reasoning or Supernatural understanding.

This Gift of The Father's Love is more Precious to mankind than mankind is understanding. It is important that *the little one* through whom We All speak does what The Father has directed her to do. It is now as it was in the time of Moses. So be it."

**SAINT PEREGRINE**

**“I am Saint Peregrine. Mankind is being spoon-fed by The Father, using Many of Us Saints to reach mankind, to instruct mankind on the importance of purity based on God’s Commandments, instructing mankind that morality is an important factor in every aspect of human life.**

**The human mind has the ability to learn many things, and to divulge to others what has been learned by the individual in whom this particular mind is an important part of.**

**Throughout the world We see men, women and children of all races, all degrees of intellect, all degrees of moral values, moral standards, talking about everything but important issues. Distractions come easy to the eyes and the ears and all the senses, and We see men, women and children ignoring what is right, what is sound, what is reasonable to choose over what is impure, dishonest, and basically evil in many degrees.**

**What is a mortal sin to you? Ask yourself: Do you base a mortal sin on your own opinion that you associate with your likes, your dislikes, or the importance of what you want, what you reject, what you actively participate in that basically is questionable as to its purity? During the day, do you ever question yourself on how you treated your time with others? Were you kind? Were you critical? Were you oblivious to their needs, their hurts, or the conditions they were troubled by? How often do you spend the time trying to improve your moral values, moral standards, and being good example to others, or do you ever even consider this as an important factor in daily life?**

**Do you ever ask yourself, ‘Did I act out of selfishness or need?’ Also, at the end of the day, do you ever examine your own day and wonder if you performed in any way to be good example to others, give hope when it was needed, strength when it was needed? Mankind rarely examines his or her own manner of living, mode of living, because with all that is occurring, We see mankind taking everything for granted, moods right**

**or wrong, decisions right or wrong, participations right or wrong.**

**One of the rarest things in the world is to hear a man, woman or child examine their conscience, and then desire to improve the next day, grow more conscious, act more conscious of others, and eliminate much of the selfishness that is within. I am not saying that you should concentrate so hard that you become critical to the point that you would be difficult to be with, but do be conscious of your conscience. Be conscious of how you reflect in other people's lives. Be concerned about your sincere concern for others. If mankind would look at these things in the right manner that I have just spoken, the world would be a much happier place, and children of all ages would automatically imitate.**

**One of the things that sometimes is amazing to watch, is that someone designs an item that has no real purpose to it, or will have no real effect on an individual's Soul, but this item will overpower, overtake generations of ages, and everyone will be intrigued by something that is meaningless, has no real purpose.**

**My next Statement should be no surprise: Would an examination of an individual's conscience at a given time every day, for one week, now this would have to be on one's morals, what effect one would have on others' lives, plus how many memorable acts of kindness are involved. To some, This Statement would be impossible, because life is just not tuned that way, but I sincerely feel that an examination of one's habits, how one affects other people on issues in daily life, would most certainly give much meaning to everything that one is faced with, and in many ways place much value on the privilege of being a human being, taking part in the Generosity of God because of so much that mankind has to live for, live with, live by, and to help others in many ways, for many reasons, to enjoy human life in a fuller degree of understanding of the Importance of human life.**

**I could dictate many more Words for you to write, but what I have just spoken covers many areas of life. So be it."**

APRIL 15, 1996 AT 1:55 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. Many of Us each day request to speak through This Gift of The Father’s Love, or We are asked to speak by Him because of the importance of what mankind must be alerted to, informed about, and be conscious of the Reason for which human life was created, the Importance of the Goal for which human life was created. That is why The Father, in different periods of man’s time, chooses to reach mankind with Instructions, with Advice, with Directions, informing mankind of the Great Purpose for which human life was created.**

**This Miracle of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’, is basically a Miracle of Protection for the whole of mankind: the mental, the moral, the physical, the Spiritual.**

**Mankind meets a day, awakens at an hour, and is from that moment on active in several ways, some personal, some in connection to others’ lives morally, physically, socially, and it**

is important that men, women and children realize that every moment of every day has within them decisions to make morally, physically, socially, mentally, and yes, spiritually.

**Why do I say spiritually? Because so many facts of human life deal mainly with humanism, and humanistic responses to physical and mental associations. The word 'Spiritual' is closely associated with the Soul of every individual, the moral issues that pertain to the Soul that is the recipient of all that an individual takes part in, responds to, thinks, acts, and is responsible to what others follow.**

**It is important that This Miracle reach every corner of the world, every avenue that mankind travels in, travels to, resides in, because This Miracle is for every living human being from the time It was presented to the world, and for all time yet to come. It is not a Miracle meant for a period of time, and for just a particular group or number of people. There are many who deny the Greatness of This Gift of The Father's Love. They refuse to accept This Miracle that is so Personal, so Exceptional in Its Relationship to**

**every human being at this time, and who will be born later.**

**This Miracle should be used as an Instructive Source for all ages throughout the world. That is why the Books must be passed without question, because there is no other learning avenue that contains so much important Information on what mankind must understand, and was created for. Mankind has a way of putting all things in a concise manner. The Importance of This Miracle has purposely elaborated on many avenues, areas, in which human life is involved, is a part of, and of course, the Soul of every living human being is definitely the recipient of.**

**We hear learned men and women boldly say, ‘I cannot believe in this idea of a Soul connected to human life and I will be responsible for what happens to It.’ Let Me correct one word: ‘It’ is not connected to human life, ‘It’ is a Part of human life, Greater than any other organ of the human body, because ‘It’ is a Portion of God, and This Portion of God makes mankind, all human life, greater than any other living thing.**

**The very fact that mankind has the ability to think, to correct, to imagine, to understand the importance of obedience, and to see the wrong in disobedience when an issue is important, is moral, this gives mankind an exceptional place in the universe. The Commandments of God were given for Reasons, not one, but many, and They are not past History. They will remain as long as there is one human being in existence in the world, on the world.**

**Children are not being instructed on what the word 'decency' means, 'truth' means, 'conscience' means, 'Faith in God' means. Children are not being instructed properly on the importance of prayer being a direct personal communication, talking to God in their own words, for their own reasons.**

**Communication is important between human beings. It is equally, or more important for mankind to understand that communication with God is more important, because He knows what is in the mind, and the Soul, as a Portion of Him, is in ever contact with Him. There are no secrets between God and man.**

**This Miracle is a Gift beyond what mankind understands a precious gift to be. Nothing human has the Quality or the Greatness that This Miracle has given to mankind, to more fully understand the Closeness man has with God, and God with man. So be it.”**

### SAINT FRANCIS DE SALES

**“I am Saint Francis de Sales. There is no Word spoken through This Miracle that We do not hear; also, most Sentences of Great Worth are Our Injections in conversations this *little one* has with one or more others with whom she is speaking, instructing on different subjects.**

**The world has been Blessed, but at this time in which you live, mankind does not fully understand what a Beautiful Blessing is because of so much humanism, that in many ways bears little substance to its full meaning; and also, mankind must understand that things of little value have a transparency in them that oftentimes affects what is being said, because there is more humanism in its content, opinions, sincerity, purpose.**

**The world is made up of many things. When I say this, I am referring to everything that is connected to mankind. Man has the need for nourishment, not just food, but to help**

**the intellect in many ways, morally, physically, spiritually.**

**The Creation of mankind had a Purpose beyond all other things The Father created, because mankind, Designed to the Image and Likeness of God, bears within each one a Portion of Him, called 'the Soul'. Granted, no human being looks like God physically. That is why He gave to the world a Divine Son, because He, in His Love for mankind, gave to mankind a figure of a man that would give more Strength to understanding 'being made to the Image and Likeness of Him'. There are many reasons, purposes, for all things The Father has created.**

**This Gift of The Father's Love, This Miracle that bears so much Information directed to individuals of all intellect, must be seen for Its Great Worth and not be cast aside like so many are doing. It is sad when We see intelligent human beings ignore a Gift of The Father's Love, either through an innate competitiveness or jealousy, or a rejection of the Great Love The Father has for every living human being.**

**You live in a difficult time, and there were many such times in the past, but with all the so-called 'modernization', the upgrading of intellect that mankind is so proud of, it is sad to see so much arrogance, jealousy, even hate, where This Miracle of Divine Love is so aptly instructing mankind on the Importance of human life, and the Great Goal for which it was created.**

**The Father chose a small voice, one of small stature, but one whom He knew would be obedient at the slightest Instruction, because of the Importance of the Souls of every living human being that is a Portion of The Father, unseen, but That Particular Thing that gives to human life a Special Advantage, Goal, above all other things.**

**Mankind throughout the world must be made aware of All that has been delivered, because no human being should be left out, and not have the ability to understand that he or she is the custodian of a Soul from the moment of conception. So be it."**

**SAINT ALOYSIUS**

**“I am Saint Aloysius.**

**The Father has placed a Great Miracle of His Divine Love on ‘one small spot’, for the whole world to one day learn all about the Importance of the Soul that He places within every living human being. Some might say, ‘One spot for the whole world?’ That is all The Father needs, because His Power, His Wisdom, His Will, His Purpose, is Far Greater than any human being can perceive, can conceive.**

**Think about this: For the creation of a human being, what does it take? It takes a small fraction of life to develop into one human life. This Statement may appear to some a monumental description, and yet the fact is, it is Truth.**

**There are millions of people throughout the world, all created in the same way, the same format. In the beginning of time, when The Father created the universe, He did it in a manner and a way inconceivable to the human mind, and only He had**

**the Power to do it. Granted, through time mankind has studied much about the universe, and much about many other living things, but mankind on his or her own power, could never create What God has created from the beginning of time.**

**This Miracle is a Blessing beyond human understanding, and yet so much has been explained, giving to mankind Words of Information, Direction, that to each living human being, have the Power to give physical strength, moral strength, Spiritual strength, plus the very knowledge that human life has a Goal, and this Goal is for the Soul of each living human being. What a Treasure this Knowledge is to every living man, woman and child, knowing that human life has a Purpose, a Destiny, a Goal beyond what human life can ever do on its own.**

**God is real. Human life is real. The universe is real, but God is Almighty in All Facets of all things, in All Areas of all things. God is beyond human understanding, so mankind has been given an additional Gift of The Father's Love through *This Miracle Of The Beloved Saint Joseph*. The Instructions have in many ways**

**encouraged mankind, and deliberately enlightened mankind as to the Precious Goal of human life that awaits each human being, through the Soul that is present at the moment of conception. This is what is called 'Sainthood for All Time'.**

**Time to mankind has a degree of hours, days, months, years. The Soul does not have this order of time. The Soul is to live Forever, to be returned to The Father in a Degree of Being that is not understandable to the human mind, but it is a Goal that mankind must understand as 'Divine'.**

**We hear many who hear about This Miracle discuss their personal views on the validity of It, and the possibility that It could occur, but there is much doubt as to Its actuality. Those of you who have the Faith to understand that The Father's Love for mankind is beyond human comprehension will find peace, comfort, assurance, and much love, in knowing that human life has the Goal to be successful in an Ultimate Form, Ultimate Way.**

**Every time One from Here speaks there is a Blessing that goes with each**

**Revelation, because in this Closeness to The Father, Truth abounds, and mankind has the ability to see the grandeur, the privilege, the love, the hope that just being human gives to this Gift of Divine Love. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. When I hear you pray My Way I respond immediately, because in My Love for you, I understand that My Love for you is a consolation to you, and helps you in many ways.**

**It is sad when I see so many distracted from what is good, what is beautiful, what is true, what is sound, what is beneficial to their Spiritual life, and their dependence on their Spiritual Gifts of purity of the mind, the body and the Soul.**

**Children are not being taught the importance of dependence on The Divine. There are so many distractions throughout the world blinding all ages to purity of the conscious mind. Mankind talks about whether a situation, an idea, or something material has an importance in it that, in truth, it is totally humanistic in its values, in its goals. This sadness that We All feel is a sadness beyond what mankind could ever feel sadness.**

**J**ustification is easy for mankind when he or she dwells on a sinful situation, a demonic pleasure, an impure act, thought, desire, wish. Mankind is not being instructed on The Commandments of God. These Commandments were created, were designed for all time to come, because mankind must have Rules to depend upon; also, to use These Rules as the Guides to all parts of human life: the moral, the mental, the physical, the active, also on the Spiritual strengths that only God's Rules can give.

**M**ankind, many times, uses his or her own thoughts in writing their opinions on what they call 'judgments' that human life should follow regarding matters based on truth, lies, stability, instabilities, facts, figures. Mankind, in the human mind, draws up laws, and all laws should be based on God's Commandments. Granted, some laws cover many areas of life, and these are the laws by which much, and many things are decided, but it is necessary in these decisions that fairness, justice, are the foundations for which many things are judged.

**L**et us now take a glance into a courtroom. The judge is in his chair

and all things are in an orderly manner. It is up to man, or men, to make the judgment calls of the one who is on trial, or perhaps it could be several on trial. Is justice based on strictly humanistic ideas, ideals, personal opinions, likes and/or dislikes, or is much of it decided on what is contained in God's Commandments? Are These the Foundation for the justice, the judgment? Possibly not, because through time The Commandments of God have in many ways been made so concise, that so much is eliminated from the fullness of each one, that mankind must use personal interpretation of his or her own evaluation of what is the sound justification for the judgment.

If God's Commandments were put back into all areas of life, many things would change. Granted, there would be an increase in leniency in some areas, and in other areas an increase in sound judgment, making justice more realistic. I say These Things because it is sad for Us to see humanism taking such precedence over the Importance of how The Father would want mankind to, first of all, live the daily way of life, and then how man would judge others, hopefully not just critically or without

cause, but use God's Commandments as the Foundation. I can hear many say, 'It wouldn't work.' That is because they see The Commandments in such a concise format, ignoring the full reality in the Meaning of each Commandment.

It is true, much has been delivered through This Gift of The Father's Divine Love on the Definition of God's Commandments, but there is yet so much more to be covered in a lengthier descriptive, orderly way.

Mankind has never been without The Father's Guidance, and at this time in which you live so much is being brought to the attention of men, women and children, so that mankind can begin to see that God's Justice is a Justice of Love. Man's justice can be personal opinion or based on egotism, omitting the value of facts, the importance of facts.

This Miracle that has been given to the world is not a Miracle of human design or origin. It is a Miracle instructing mankind with Valuable Information, helping mankind to conduct each day as a day closer to the Goal of Sainthood, that mankind

**at one time never even thought about.  
So be it.”**

## SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas.**

**Mankind enjoys reading books that cover many subjects, some historical, some on up-to-date inventions, some Biblical, some what man calls ‘mystery novels’.**

**If ten individuals were to read the same story at the same time, and then record the length of time in which it took to read the whole story, the time would very likely be different for each one of them. Much would depend upon the interest in their reading, what they absorbed in what was being spoken about, and of course, last but not least, the subject matter that to each one would mean something different.**

**So it is when mankind reads What is delivered through This Gift of The Father’s Love. Each individual is attracted to a different portion of the subject matter, and many times finds himself or herself, in discussing an opinion afterwards, find that each one who read What was written will**

**have a slightly different version of the Content.**

**Today as This Miracle The Father has so lovingly given to mankind, is in many ways read too quickly, sometimes too slowly, because the full impact of All that is spoken does not register in Its fullest degree of what It means. We have heard some say the simplicity in the Words are remarkable, but We say at this time, ‘Do you fully understand what the Words are giving to you to make you a better man, or woman, whichever the case may be?’**

**We see some read so quickly and become enthralled with What they have read, find It exciting, Something Worthwhile, and We in Our Way say, ‘Because of this, will you change all you do to purity in your actions, your thoughts, your ideas, your intentions, your example? Do you remember the Importance that was placed on the Soul that is within you?’**

**One of the Reasons for thousands of Revelations to be given to mankind is because of the differences in how each human being is able to accept, to follow, to see the importance of certain areas for the benefit of their**

**whole way of living, and the Goal for which life was intended: to become ‘a Saint’.**

**We see some men, women, of all ages, all stations of life, read whatever they can find in stores, or in other people’s homes. Their statement is: ‘I am an avid reader, I love to read. I don’t care what it is, I find it entertaining, I find it fulfilling.’ This Gift of The Father’s Love has been given to the whole world, because The Father’s Love for mankind is Greater than man understands love to be, and through the written Word, if one does not read, others can draw attention to What they have read, and spread the Words personally.**

**If nothing in This Gift of The Father’s had ever been recorded, no human being could be able to remember the important issues that have been approached, elaborated upon, because humanistic ideas, intentions, interpretations would have to be what mankind would depend upon in any discussion, and the importance of the subject matter would in many ways be forgotten, deleted, and/or put in such a minute way that much would**

have been lost on the importance of Everything We have said, or We say.

**This Miracle has a Strength of Direction, for a Purpose beyond what mankind could possibly inject, so it is important that wherever it is possible, All that has been delivered and is being delivered, must be passed throughout the world, so that men, women and children of all degrees of intelligence will be able to read in their language What The Father Wills mankind to know, to understand, to follow, because of the Importance of His Creation of man, because in man He placed a Portion of Himself for many Reasons, and the one Reason is to remind mankind that mankind, at a given time, is expected to return to The Father, the Soul, representing the physical body in which It was placed at the moment of conception.**

**There is so much logic in This Statement. It must be seen for Its Great Worth and the Deep, Pure Love that is so closely connected to every human life. So be it."**

## SAINT PAUL

**“I am Saint Paul. We know it is difficult for mankind, in general, to believe in This Gift of The Father’s in which so Many of Us speak to mankind, in a manner and a way that mankind, in general, would not fully comprehend this Close Association that We have with man.**

**The Soul of every human being is What We reach mankind through. The Soul is the custodian of an individual’s Faith in God, and all that the individual does registers within the Soul. Mankind is a Special Design, because in The Father’s Design, He instilled a mentality, a sensitivity, a nature, talents, a will, plus many other things that give human life distinction above all other creations.**

**At different times since the Creation of mankind, there have been periods in which mankind passed through stages of physical growth, mental acumen. There are many areas in past History that mankind is searching out because of the innate**

interest in scientific understanding. This, of course, covers thousands of years, and in these thousands of years, the creation of many things took place, many variations, because it was necessary, due to the mentality and the physical strengths that would eventually bring man to this period of time.

**You live in a time, an age, where the mentality, the understanding of the Importance of human life automatically says that human life has a distinct Purpose, and a Goal. There are some men and women who see the magnitude of what a human mind is capable of, above and beyond what a human body is capable of. The human mind absorbs most of what it is exposed to, because the human mind then gives strength, stability, understanding to the physical structure of human life.**

**There were many times in the past, hundreds, perhaps thousands of years ago, that mankind was living according to the time, the situations that took place at that time, and there were many instances, people, that The Father used to help people understand that morality was important, and immorality should be rejected. Of**

course, all who knew this did not practice what was best, and then The Father gave to mankind The Rules for which He wanted mankind to live by, and These Rules were not just Rules, but They were called 'Commands'.

It is important for everyone to understand that each Command of God's was not concise in Its full meaning. He elaborated on each one so that mankind would understand the fullness, the importance, the necessity of purity for the mind and the body, because of man's Close Connection to The Father, called 'the Soul'. To speak on each detail of these things would take volumes of writing, reading, interpretations, so The Father, through This Gift of His Divine Love, through The Holy Spirit of The Father, He gives to the world Instructions on the importance of purity, and the need to practice obedience of The Commandments He gave a long time ago. We hear mankind say, 'I know that.' We say, 'Do you practice it?'

It is important for This Miracle to be spread throughout the world, in spite of all the contradictions, all the obstacles, all the rejections, because mankind must see the Importance of

**not just the human life, but the Goal for which human life was created, and that is, to return to The Father to be with Him Forever. So be it.”**

APRIL 19, 1996 AT 2:10 P.M.

## SAINT MICHAEL

**“I am Saint Michael. I smile as I approach this *little one* whom The Father has chosen to speak Our Words for the benefit of the whole world of mankind.**

**We hear so little about what a Guardian Angel is all about. Children throughout the world are not being taught about the Guardian Angel. It is sad when We see this happening, because you see, the Guardian Angel is Important to every life. The Guardian Angel alerts the individual child or adult to the possibility of danger, harm in some way, or to be aware of an occasion that could cause them to sin. To some this may sound ethereal. It is far from ethereal. It is a reality.**

**The Father has thought of everything to help mankind physically, mentally, morally, spiritually. All facets of human life have a reason, and each of these reasons pertains to helping the mental, the physical, the Spiritual that is in each human being. Even when it is not obvious to others,**

**it is innate in mankind to be aware that within the mind, the body, there is a Protection not understandable, and yet present. Children are not being taught about the degree that mankind consists of. The children see it only as a body, a mind that is affected by what is obvious to them, what surrounds them.**

**As I speak to you today, it is important for you and others who will read This Message of Mine, to be aware of having a Guardian Angel every moment of every day. I can hear some now say, 'That seems so unreal.' It is not unreal, because if you will but ask yourself, how many times were you close to physical danger, moral danger, and suddenly it stopped or you were removed from the place, and this move was not controlled by you, but you responded to what you felt?**

**Love has many facets to it, many degrees, many areas from where it comes, and mankind must understand that the Greatest Love that mankind can experience is God's Love in the Soul He places at the moment of conception, and in addition to this, He appoints a Guardian Angel for every individual He creates. So be it."**

APRIL 22, 1996 AT 1:02 P.M.

## SAINT LAWRENCE

**“I am Saint Lawrence. There are many who are not familiar with Me, My Name, even though I have spoken many times through This Gift of The Father’s Love for the whole being of every living human being. This Miracle is a Miracle giving to mankind Words that speak clearly, define clearly, the Importance of human life, the Love The Father has for it, and the Goal for which it is created.**

**Mankind seeks success in many ways. The greatest success that mankind can reach for is to become ‘a Saint’. It is sad when We hear confusion regarding this subject, because basically there is nothing confusing about it. It is a natural course of events. Why it does not seem natural is difficult to understand, because logically speaking, man innately knows that in the human way, there is a desire for goals to be reached. Why would something so innate in mankind not be recognized in the logic that human life must have a Goal, and that it is within each human being, the**

privilege of choice, choosing right over wrong, good over evil? This very innate understanding of the two choices should automatically alert mankind, remind mankind, that God, in His Love for mankind, would give each one born the ability to accept or reject, because of the will that is within each man, woman and child.

Now some might say: ‘What if there is a problem in the mentality, in the understanding, due to how one is raised, the culture in which one is a part of, the degree of learning that an individual has been exposed to? Is there still this chance for the individual’s choice to be logical, practical, and seen for its worth?’

Mankind throughout the world has the ability to choose right over wrong, no matter what the culture is that they are a part of, because in each culture there is an innate logic of what would be moral, and what would be immoral, what would be sound, what would be unsound. Volumes could be written on this subject, because of mankind’s ability to question and to seek in-depth information on many subjects, in many areas of life, but mankind must look at This Miracle

of Divine Love and rationalize the necessity for sound moral values, sound moral standards as the 'keys' to what is right, what is wrong.

Different languages throughout the world give character to the world, interest, because in reality, if every human being was of the same race, same degree of knowledge, there would be a lack of advantage to mankind in the workplace, through all the learning skills, and it would give less initiative, motivation, interest, plus a lack of the expansion in which The Father designed so much for mankind to be a part of.

This Gift of The Father's, in which not just thousands of Words have passed, but in reality millions, not All written, but many, many through Conversation, through Directions, has been given to the world in a Manner and a Way beyond human ability.

We All smile at this *little one* through whom We All speak, because her obedience is one alone, and it is through her obedience and Oneness with The Father that has given to mankind Reason, Purpose, Goal, that

**nothing else in the world has ever so capably done. So be it.”**

APRIL 22, 1996 AT 2:04 P.M.

## SAINT PHILIP NERI

**“I** am Saint Philip Neri. So many times what others think is mere conversation passing through this *little one* to them, is Our Way of attracting attention, because by nature she would not want to alert you to her presence.

**We** always smile when We are told by The Father to talk, because first of all, it is a privilege as a Saint to be able to encourage mankind, instruct mankind, or just give a small Message that will enable an individual, or more, to think about the importance of what they are doing, what they are not doing.

**In** the Creation of human life, The Father gave to this Gift of life an Importance beyond all other living things. The Father gave the ability to see, to understand that human life with all that it had mentally, physically, had to be destined for more than the living portion that mankind was aware of. That is why it is so important that mankind understand that human

life has a Goal, a continuation in a Living Way, because human life, as it has been Designed according to The Father's Will, is a Gift beyond human understanding.

The words 'to be made to the Image and Likeness of God', are not always understood in their fullest measure. To fully understand All that God is would be impossible, but when it is said that 'Mankind is created in the Image and Likeness of God,' it is because God instilled in this life important measures of mentality that give to human life, not just knowledge, but the ability to use the mentality to understand right over wrong, good over evil, truth over untruth, logic over what is illogical; also, to see reason, purpose in all areas of life, unlike all other living things.

Mankind, in its very existence, fully understands the importance of practicing his or her individual capabilities, and understanding that all human beings have a nature that makes them different in many ways than others with whom they associate, or are related to. Also, the human will has the power of decision, choosing right over wrong, good over evil,

**practicality over impracticality, sound reasoning over unsound reasoning on all moral issues, physical issues, Spiritual issues; also, mankind born dependent upon those who are in charge, and yet inheriting much in looks, talents, nature, characteristics, of those who were involved in this birth.**

**Mankind has talents beyond any other living thing. Mankind has an intellect that can serve many subjects, many areas of human life, also the ability to help in all other areas of creations such as animal life, flowers, and all types of plant life. The list is endless of man's capabilities.**

**Man's structure is important, because the physical structure is able to perform many things. One thing is that man's hands have the ability to perform great medical feats, and endless other things that take skill, dexterity, knowledge, pleasure, and yes, many scientific things in which the hands are the active parts, most times closely associated with the mental capabilities, abilities.**

**What mankind truly is, is truly made to the Image and Likeness of**

**God, because within mankind He gave physical, mental, moral, Spiritual means and ways to accomplish much. He also gave a sensitivity to understanding, but the Greatest Gift that God gave to man was the Soul at the moment of conception. This Soul, unseen, is evident through the moral codes of how each individual acts, thinks, projects kindnesses and delivers to others strength that nothing else can.**

**So Many Saints have spoken through This Gift of The Father's Love, because The Father has Decreed This Time to be, instructing mankind to more fully understand the Importance of human life and what it is capable of doing, and the Goal for which it is intended to reach.**

**You live in a time where there is much moral and immoral imbalance, because there are so many men, women and children who choose what they feel is easy and more pleasurable to them, totally ignoring that the choice is against the purity that reflects in the Soul.**

**Mankind, through This Miracle, is being instructed in a Personal Way**

**on the Importance of human life, why it was created, and why The Father gave to mankind His Commandments to live by, because if He had not, the enemy of God and man would automatically be able to be more corruptive to the Souls, causing the Souls to be lost to Him.**

**The Commandments of God must be brought to the attention of all of mankind, in spite of what any obstacle arises by those who feel superior in knowledge, and feel they have the right to reject This Miracle of Divine Love that The Father has so generously given, because so many men and women have rejected what is right, ignoring totally the Importance of why life was created, and why God gave to mankind His Commandments to live by, because of the importance They are to the Souls of every living human being.**

**Let Me end My Words with you this way: There is a Heaven; make It your Goal. There is a Purgatory; try very hard to not have to spend any time wandering the earth; by this, I mean your Soul. There is a Hell, and the enemy of God and man is standing in every area of it, fighting all that**

**is good, because it was he who was cast out of Heaven for many reasons. This alone should say, 'Protect your Soul, guard It from all things wrong, impure, unjust, evil, so that when the time comes you will be Judged by God and you will be given a Place with Him in Heaven.' So be it."**

APRIL 24, 1996 AT 1:17 P.M.

## SAINT ALOYSIUS

**“I am Saint Aloysius.**

**This Miracle The Father has so lovingly given to mankind is a Miracle beyond man’s ability of discernment. That is why The Father designed This Miracle to explain to mankind the Importance of human life, and Reason for which He created it.**

**We hear some men, women and children ask others, ‘What is a Saint?’ This in some ways is a sadness to Us, because this word should never need extensive explanation. It is an important word. It is a Title to the Soul of particular individuals who have gone before all of you. The word ‘Saint’ shows recognition for a life that was once considered natural, human, and with certain attributes that brought recognition after the life, as man knows life to be, is gone.**

**We hear so many questions from small children on: ‘What is a Saint? Can I be a Saint? What will I do if I’m a Saint? Do I know any Saints?’ The questions are numerous, and**

yet these questions are not always spoken verbally. Many times it is a quiet thought or some type of interest shown.

The world today has many advantages physically, mentally, socially, competitively. There are many who feel very well-endowed in instructing others about what the human life is all about, what it really consists of. Many times when We hear these things, We see so much left out because all the emphasis is on what is natural to man, ignoring the Supernatural that exists within man, and that man should more fully understand more about.

We hear arguments, some friendly, some not so friendly, about the soundness in the belief of God and the soundness in the belief that Sainthood is the Goal for every human being. We hear a very firm statement from some, 'If there is such a thing as Sainthood, how come there is not more proof for me to understand?'

Children of all ages adapt easily to things they are surrounded by, whether these things are good or evil. Sometimes poverty is adapted to very quickly; there is no resistance

to it because of the innate lack of constructive energy in an individual or individuals. There are other words that mankind would use. One would be 'laziness'; another would be 'lack of interest', 'inability to have initiative to reach for a higher form of life'.

The world today claims to be highly educated, highly professional, highly sophisticated, highly learned in many fields, on many subjects, and yet We see so much diabolical influence in all areas of human mentality, human spirituality. It is time for mankind to return to the basics for understanding, and look at, into, God's Commandments, because These Commandments in Their fullest measure, cover every facet of human thinking, human action, human direction, human communication, human learning, and man's personal understanding of his or her personal communication with The Creator of All Things. Many times We want to say, 'Wake up, look around you, and ask yourself what you are doing to become "a Saint".'

We hear men, women and children want the riches of the world, but the Greatest Goal that mankind

**could set his or her sight on is ‘the Goal of Sainthood’. It is not impossible. Life was designed this way, for this Reason, and there are no exceptions to any living human being, no matter what race, what color, what degree of intellect, what profession they are active in, what degree of social activities they’re interested in. Every human being is born to return the Soul to God. It is not an impossible Goal. He even gave The Rules to live by, so no human being would be denied the Title ‘Saint’. So be it.”**

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. I spoke rapidly through this *little one* on this night, because it was important for so much to be covered, to help you better understand the importance of your communication with man.**

**It is difficult for many on the outside to fully understand the Magnitude of This Miracle The Father has given to man. So much has been delivered in Instruction, encouraging mankind to hold his or her life on a higher plane, giving each day the most of what the individual is capable of giving, instead of just ignoring all the personal abilities, talents, ideas, and going at things as if life were a race.**

**Mankind must understand that every human life is important to God. Everything you say to another one, every time you speak, you affect the other individual by the tone of your voice, what you say, how you express what you want to deliver in a business way, in a casual way, in a personal way.**

**If you are in a position where you must communicate a subject matter, be aware that you cover the subject with sincerity, because the individual to whom you are speaking is fully aware of the respect you are showing and the personal feeling that you are extending.**

**Mankind needs This Miracle of The Father's Love, because so much has been instructed in so many areas, on so many subjects, giving firsthand, the importance of communication from one to another. All of Heaven speaks through this *little one* that The Father uses as a *funnel*.**

**There are many dangerous men and women who try desperately to ignore This Gift of The Father's Love. Much jealousy surrounds This Miracle of The Father's because It is so Direct, and it is not humanly possible for an individual to speak Our Words in the Manner in which They are spoken or written. We speak constantly through the day at different times. Many are strangers to her that We are speaking to; many she knows personally.**

**A long time ago, The Father picked a *little one* to do His Will at**

**‘this time’, because He was fully aware that humanism was going to travel throughout the world in many ways, erasing the importance, the soundness, the greatness of an individual’s love for The Father, the Greatness in The Divine.**

**It is so simple for mankind to talk to one another on things that are unimportant, but when you stand before another human being and you speak, you must understand that you must radiate soundness, goodness, morality, because the other individual will feel what you are saying, and are more sensitive to what your expression is, how you say it, and what you are revealing through your actions, your tone of voice, than you will ever suspect.**

**All through time, the communication of one man to another, one woman to another, leaves an indelible mark. Sometimes it is as precious as the greatest diamond in the world, and there are other times that it only pleases the enemy of God and man. Be sure that when you associate with anyone from this time forward, that you represent what you know is best for the Soul of the other**

**one, and of course, what your Soul is in the Eyes of God.**

**It is important that the whole world understand that no human being could speak Our Words so clearly, so meaningful, so direct, with so much Purpose, so much Care, so much Love.**

**The Father has given to mankind a Blessing beyond what human minds could possibly design. Be aware of This Miracle that bears the Name of The Beloved One, for He is truly The Holy Spirit in The Divine. So be it.”**

## SAINT JOSEPH, THE HOLY SPIRIT

**“*The Miracle Of Saint Joseph* is in a category all by Itself. There has never been a Miracle of This Degree, This Type. No two Miracles are exactly alike. The Purpose for an Individual Miracle is for a particular Reason, and *The Miracle Of Saint Joseph* was to Announce to the world that ‘Saint Joseph is The Holy Spirit of God’, and many other Important Factors, Facts, so that mankind could better understand the Importance of His Position, but also, to see the reality of The Holy Trinity, that It truly Exists.**

**If the day ever comes and you and I are going to meet God Face to face, He’s not going to look like you or I or anybody else, because He is totally different. We are made to His Image and Likeness because His Love, to share the world and share All He Is and All He Was at that time, is a Gift of Divine Love beyond human comprehension.**

**When *The Miracle Of Saint Joseph* tells you Something, it is to make your**

**Faith in The Divine stronger. It is to give you the strength to see right from wrong, and to make the right choices. It is also to give you the ability to see that there is a Higher Being, and that That Higher Being has a Close Association with you, and that is through the Soul.**

***The Miracle Of Saint Joseph* is truly a Gift of Divine Love, a Gift beyond any human measure, a Gift beyond any human ability to design. The Gift of *The Miracle Of Saint Joseph* is to enlighten mankind on the True, Pure Love that God has for the Creation of mankind.**

**It is important that as you live each day, you see the importance of everything you do, everything you say. It's important that your goals be sound, not just reasonable, that your goals be pure in every way, and it's also important that as you face each day, you remember that God made you, and God, in His Love for you, is always there, waiting to hear you talk to Him, not to ignore Him.**

**It is important for each of us in this room to love being a human being, but not to put all the emphasis on**

**human life, but to reach for a Higher Goal, and that is Sainthood.**

**As I speak through this *little one*, it is important for mankind to understand that Everything that passes through her is to give to mankind The Father's Love, and to instruct mankind on the Importance of human life because of the Soul that is so closely connected to each human life. God would not have created human life without giving it a Protection of a Special Means, Origin, because human life is to return to Him.**

**God gave to mankind an intellect, gave to mankind the ability to understand right over wrong, good over evil. God gave to mankind the ability to have Faith in His Existence. This is an important thing for mankind to know, to understand, to feel, to recognize, to remember, and thank Him for each day.**

**In a moment a prayer can be said. It's communication. As man communicates with man, man has the privilege, the advantage, the opportunity, to communicate with God any moment of any day.**

**As I speak to you, I speak with a Love beyond your knowledge of love, because it is important that your Faith understand that as you seek out Truth, you must use it to grow closer to God and never let go of His Hand.**

**Children throughout the world are not being instructed, not being taught on the importance of talking to God in a casual way, a loving way. Children are told to say prayers, but they are not told that God is as close to them as their heart is, because as the heart beats with love for life, the Soul beats with Love for the individual in whom the Soul is an Important Part.**

**The whole world has been Blessed by This Miracle through a natural means, one in which mankind can understand, because mankind understands What is spoken in a constructive, instructive, loving way.**

**All of Heaven has come forth in This Miracle, and it is sad to see anyone deny, reject, or object to This Gift of Divine Love that is so Important to every living human being that exists in the world now, and all those who are yet to be born, who will learn from**

**What has been passed through This Miracle.**

**That is why the written Words are so important for mankind to see, to read, and to use for different areas of their lives, because there is Direction, Love and Hope in All that has been delivered through This Gift of The Father's Love for the whole world, no matter what religion an individual follows, no matter what nationality an individual declares to be.**

**This Miracle of Divine Love is for every human being now and hereafter. So be it."**

MAY 8, 1996 AT 11:12 A.M.

SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola.**

**It is difficult for mankind to understand, many to believe, that The Father would bless mankind at this time in the world, with so much Love, so much Direction, so much Personal Attention, delivering His Own Words, and allowing Many, Many, Many Saints Here in Heaven to speak to mankind through *a small voice*, one directed to obedience to His Will every moment of every day. The written Words, instructing mankind, deliberately giving to mankind Sound Reasonable Direction, bearing an obviously Divine Gift of Love, is truly a Treasure for mankind at this time, and for All to be read in all time to come.**

**The Blessings The Father has given through This Gift are beyond human understanding, but the Blessings are to instruct mankind on what a Precious Gift human life is, because of its close association with God in so many facets, beginning with the individual’s mentality, the**

individual's nature, the individual's personal understanding of what is right, what is wrong, what is pure, what is impure; also, enlightening mankind that God's Presence is constant, never ending, through the Soul of every individual, no matter what race, no matter what color, no matter what part of the world the individual is born in.

It is important for mankind to value This Miracle of The Father's Divine Love, because It allows mankind to feel the Closeness of The Creator of All Things, and in All the Words, the Closeness explains the Importance of human life and the Ultimate Goal for which it was created.

It is sad when We hear denial of This Gift of The Father's Love through *a little one*, because in so many ways mankind mentally feels that a Miracle of This Magnitude should be, or would have been passed through an exceptional, well-known individual, most likely a man. The Father, all through time, has given to mankind Great Gifts of His Love, through individuals He knew were strong enough to follow His Will to the degree He intended it to be.

**Any denial of This Miracle is a sadness because it not only restricts the Lessons, the Teachings, the Information, but it causes some to question things that can very easily delay their strength in understanding the Magnitude of human life, and the Generosity of God Who, in so many ways, has given to human life a Goal that nothing else has.**

**In order for this to take place, this Goal, He placed within each human life a Soul, and This Soul is a Portion of What He Is, and It is This Portion that is to be returned to Him, to remain with Him, representing the little one in whom He placed It at a given time.**

**Some might say, ‘If the Soul is truly present, wouldn’t it have been safer to not give mankind a free will?’ The free will is a Gift of Divine Love, because do not forget, The Father, in His Will, has the freedom to do all things, and also, through His Will He will make Judgments for every individual because of the Soul that He placed within them at the moment of their conception. So be it.”**

MAY 8, 1996 AT 1:13 P.M.

## SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux.**

**This Gift of The Father’s is the Most Important Gift that mankind could ever receive, other than the Soul that is given to every living human being at the moment of conception. All the Instruction deliberately given is to help mankind understand the Importance of human life, the privilege it is to be man, and The Father’s Love through the Soul at the moment of conception. There can be no greater Gift of Love in human life than this Gift that no human being is born without.**

**This Miracle of Divine Love is not accepted by all who hear of It, because it is difficult for so many to imagine such a Great Gift being handed to them without them seeing It, without them feeling It. Mankind places so much emphasis on what he or she can touch, can feel, can see.**

**Faith in God is a living Faith, that in reality encompasses the whole being of every living human being. The**

**Gift of the mind, the Gift of speech, the Gift of hearing, the Gift of smell, and the Gift of touch are Gifts to give to every individual a sensitivity to all that life is, and all that is available to mankind to be a part of, to understand, to control, to benefit.**

**It is sad to see so many mistreat human life, not just on immoral issues, but a lack of using all they are to better understand that The Creator of All Things has to be an Ultimate Being, truly not understandable to mankind, but just ordinary human logic would make an individual think, wonder about ‘Who created all there is, and Who created what I am?’**

**This Gift has been given to the world, This Miracle of Divine Love, and It must pass through countries, nations, all races, all colors of people throughout the world. It can be done, it must be done with dignity, caring, simplicity, and yet directness, because through This Miracle of The Father’s Love, it will awaken mankind to the reality of The Divine. So be it.”**

MAY 8, 1996 AT 2:30 P.M.

### SAINT CATHERINE OF SIENA

**“There is a sadness throughout the world because there are so few truly dedicated to understanding what a Gift human life is for mankind. We hear many speak with what man would call ‘elegant wording’ describing what the Gift of Faith in God is truly like, but in spite of the beauty of the words there is little understanding of the real Magnitude of what Faith in The Father consists of.**

**Mankind has become so humanized, and is so humanistic in what life is all about, that there is much resistance to the full definition of Who created life, for what Reason it was created, and the Ultimate Goal that mankind of all ages should understand. There is a Goal for each human being, and that is to become ‘a Saint’.**

**In the human areas of man’s thinking, there are many hopes, dreams, aspirations to become famous, so that others will recognize one’s presence, one’s accomplishments,**

one's existence. Understanding of the True Purpose of human life is rare, because mankind does not fully understand that human life, in many ways, has been designed after The Father, for do not forget, He said He has designed mankind to His Image and Likeness. Of course, this means many things, but it does not mean that God, in His Presence, looks like He has designed mankind to look.

Designing mankind to His Image and Likeness means that He has given mankind the mentality, the ability to think and do many things with the power of this ability. He has designed mankind to speak, and in this way there is communication that gives to the individual and all others with whom there is contact, a verbal communication of understanding, a means of instruction, a means of communication.

Man's mobility, the ability to go places, do things, this too is likened to how The Father can move. Of course, in mankind's way there are definite forms for which this movement makes it capable, that is evident in the design of man. There are so many things that mankind should be thankful

for, because to be told that he or she has been designed to the Image and Likeness of God has far greater meaning than is ever applied to it.

Children are not being taught the Importance of being human, what a Great Gift it is and that it has a Goal. So many people, all ages, picture the Goal of life in only a humanistic way: success, whether it be in the eyes of others, or financially, or scholarly, or for their name to be left as a mark of greatness for some reason, after one is no longer alive.

There is so much to being human, and it must never be dismissed as being a form of saying, a manner of saying, that it gives some type of unity with God. It is more than this. Mankind in many areas of life has the chance to do great things, not just because of being remembered for them, but because of the purpose, the need, the reason, and of course, the importance that the acts will make in different areas in which man is active, responsible, and will be remembered by.

This Miracle The Father has given to the world, gives mankind Direction to think more about the Importance of

**what human life is all about, because God gave to mankind responsibilities, goals, giving to human life a Special Form that can be compared as to being made to the Image and Likeness of Himself. So be it.”**

MAY 13, 1996 AT 12:43 P.M.

## SAINT BERNADETTE

**“I am Saint Bernadette.**

**The young are not being properly instructed on the Gift The Father has given to them in the human way, and of course, the other Portion of themselves, called ‘the Soul’, that is granted to them at the moment of their conception.**

**The enemy of God and man is not just prevalent throughout the world, but active in many ways, many areas, many forms, under many conditions. It is sad when We must tell a child that there is a great enemy that they must resist because of what this enemy can do to them.**

**You live in a time that mankind expresses so many ideas, ideals of modernization; thus, in many ways eliminating the fact, the logic, that in the Creation of human life, things are the same as they were in the beginning, a Portion of The Father placed within each conception, enabling the individual to see right over wrong, good over evil. Without the Soul,**

mankind would be like all other living creatures, lacking many abilities, plus lacking the knowledge that human life is a Gift of Divine Love, and was designed and created to one day return to The Father, bearing the name that the individual used while living upon earth.

**A simple lesson like This taught to the very young would be understandable to them, but so little is instructed on important issues regarding the will, the personality, the nature, the habits, the duties, the likes and the dislikes, the hopes, the dreams, the goals. All of these things are Gifts, making human life not just more interesting, but giving to human life so many advantages, because of the Soul that is a Portion of The Father, and each little one must be instructed that as The Father gives each one life, it is a responsibility each one has, and that is to return to God at a given time, the Soul that is a Portion of Him, to one day be with Him, representing the one in whom He placed It at the moment of conception.”**

MAY 13, 1996 AT 1:26 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross, a Title given to Me that I truly love.**

**This Gift of The Father’s to mankind, instructing mankind on the Importance of the Soul that each human being has that is so closely associated with The Father, must be respected at all times. It is important that mankind understand, the Soul as a Portion of The Father, must never be tarnished by an individual’s impurity in any area of life, because the Soul at a time of this disgrace bears a sadness beyond human understanding.**

**The Soul is real, It is not imagination. Just as the limb of the body, the heart of the body is important to mankind, the Soul is More Important, because It is a Personal Gift of The Father’s, so that mankind will more clearly understand the importance of purity of the mind and the body.**

**The Soul is a Gift of Divine Love, Divine Light. It is beyond human understanding or comprehension, and in**

reality, it is more logical to understand Its Presence because of the sensitivity mankind has to the importance of justice, kindness, hope, truth, love, and personal ideals regarding how one should be treated by others.

The Father has allowed This Miracle to be, so that mankind will be Personally informed by Him, and Many of Us Here with Him, on what God expects mankind to understand human life to be.

A man builds a house. It is a place of great accomplishment, an innate feeling that the mind and the body were capable of doing something that made life happier, more complete. Satisfaction abounds sometimes when mankind achieves a goal that is pleasing, and shows others that the ability to accomplish makes the individual outstanding, sometimes even praised.

The Father has given to mankind a Portion of Himself. The Father's Pride is a Sacred Pride, because This Portion, called 'the Soul', is to be returned to Him at a later time.

This Miracle of Divine Hope, Divine Love, has instructed mankind

**on the Love that is in God's Love that is so Personal, so Intimate, plus allowing mankind to be instructed that there is a Goal for the Soul, a Place for the Soul to return to: Heaven. There is no accomplishment in human life greater.**

**This Miracle The Father has designed in such a normal, natural manner and means, instructing mankind to better understand what a Gift human life is and that it has a Goal, should help all who come in contact with Any of the Revelations that have been delivered. The Father designed This Miracle because so little was being taught or instructed to mankind on the Importance of human life, the Reason for the Importance, assuring mankind that every day man had a Goal to reach for, to attain, and that Goal is Sainthood.**

**Ask yourself: What if there was no Goal to human life? What would each day be like? Would each day have meaning to it, purpose for it? No, because then mankind would be like all other living things, animal life, plant life, the waters upon the earth, and other things that were designed**

**to give to mankind necessities, and pleasures for everyday living.**

**It is important for mankind to understand, that though to some the simplicity in What is written for them to read is oftentimes repetitive, they must remember that repetitiveness is one of the greatest aids in helping an individual to perfection. So be it.”**

MAY 15, 1996 AT 11:23 A.M.

## SAINT AGNES

**“I am Saint Agnes.**

**It is the Love of The Father for mankind, that This Miracle of His Divine Love is able to deliver so much Instruction, so much Love, for all purposes that mankind is involved in, and for all degrees of intelligence that mankind has the ability to use for different reasons, on different occasions, for different purposes.**

**Children are not being instructed in the reality that human life, designed by The Father, has a Purpose, has responsibilities, has a Goal. Little ones are being allowed to express their anger, their weaknesses in so many ways, because those in charge of them are bent on them having freedom to a degree that is dangerous to their Soul. I do not advocate abusive control, but I do advocate constructive, instructive teaching on what is right, what is good, what is best for their mind, their body and their Soul.**

**There are millions of children who are never taught about the**

**Importance of human life. They are raised to see the value of monetary measures, goals, and the importance of learning many subjects that oftentimes ignore, or eliminate the moral aspects that make each subject more important, more beneficial.**

**Some children are taught a prayer and that is the end of the instruction. The child finds himself or herself barren of any real understanding of what it means to be good in the eyes of all other people. They are instructed in what that unit in which they live uses, as what is comfortable for that group.**

**You live in a time wherein higher education of the mind, for the mind is pressured, but the basics of moral values, moral standards are many times ignored, because those in charge are bent on allowing the individual to be left on his or her own instincts, abilities, conscience, understanding, and intentions. Sound guidance is not prevalent. There is too much laxness regarding what is right over what is wrong. Too much is considered allowable. Some of this is because those in charge could be considered lazy in their efforts to correct, to**

**instruct, to direct verbally or through example.**

**We hear so much about freedom. We also see so much that does not designate freedom as having responsibilities.**

**When This Gift of The Father's spoke about mankind living in a time worse than Sodom and Gomorrah, We heard remarks, some partially agreeing, but also some questioning such a strong Statement, because they do not, nor did not see the reality of what was taking place. Morality was not emphasized, thus allowing immorality to be acceptable.**

**At this time children of very young ages are being allowed not just a freedom, but an encouragement to act, think, and use their speech, their sensitivities, to a degree that does not just border on moral destructiveness, but can be seen as an open door to total immorality in many areas of life.**

**It is a sadness Here in the Heavens, because mankind has progressed so much, in so many areas of learning, yet there is one place in many places throughout the world where morality of the mind, the body**

**is cast aside and diminished to what occurred in Sodom and Gomorrah.**

**The Father allows Us to speak, to instruct through This Gift The Father has given to the world, because of the need of all ages to see the importance of God's Commandments, and to more fully understand that God created human life with a Portion of Himself that is to be returned to Him at a given time. It is the Soul, and there is no living human being that does not have a Soul. So be it."**

MAY 15, 1996 AT 12:08 P.M.

## SAINT COLUMBKILLE

**“I am Saint Columbkille.**

**When mankind is aware of an emergency, he or she uses every degree of knowledge or physical strength to correct, to help, to make things in a normal way as soon as possible.**

**This Miracle of The Father’s Love is definitely an Emergency Call to all of mankind. So much has been delivered in an instructive, constructive manner, format, so that mankind of all degrees of mentality and spirituality would become alert to the necessity of promoting, encouraging, and/or acting in ways beneficial to help the Souls that are being tormented by all the immorality that is being accepted in all ages, all nationalities, all degrees of intelligence. Immorality is impurity in many forms, many degrees. Immorality is abusive to the Soul or Souls involved.**

**The Father allows Us the privilege to help mankind through Words understandable, alerting all degrees of intelligence, all manner**

**of living, that morality is important to the Soul, purity of mind and body important to the Soul, because the Soul is a Portion of God that no other living thing has. It is important that all ages read the Words We have given, because The Father has Directed it to be done this way.**

**Mankind talks about loving one another. Love is important, but when it is impure in its actions, it pleases only the enemy of God and man.**

**Much has been delivered verbally and through the written Words, and no human being of any age can logically deny the Value of These Truths, These Directions, because They are All beneficial to all ages, of all walks of life.**

**Remember What I have spoken, and be sure that These Words are passed on, not placed in a corner where They will never be seen. So be it.”**

MAY 15, 1996 AT 3:17 P.M.

## SAINT BONIFACE

**“I am Saint Boniface. Many of Us speak through This Gift of The Father’s that has been given because of His Love for all of mankind.**

**There is not enough attention from those in charge, on the Importance of the Souls of all individuals for whom they are responsible. Many times good intentions are set aside, because an individual or individuals get sidetracked by something humanistic that becomes more personal to them than what their Soul is to them.**

**This Miracle, though denied by many, is a Gift of Divine Love, Divine Hope, Divine Guidance, Divine Goals. This Miracle has no price tag on It, because It is available to the whole world. Mankind oftentimes uses a price tag, a value, a monetary value on what he or she is involved in.**

**The Father, through *a small voice*, hands to mankind, freely delivers to mankind, Words of Direction that mankind can receive in no other way. The Means to deliver These Words are**

from The Father Himself, or Someone else from Here, Whomever He directs at a given time. He uses children of many ages, but ones He knows will truly carry through, carry on, in spite of all the obstacles that will occur, can occur, might occur.

In the world mankind seeks to earn a gratuity for service. This is normal, this is natural, and this is understanding, but through This Miracle of Divine Love, The Father pleads with mankind to be generous with His Love, to pass It on to all peoples throughout the world, not questioning why, not questioning how many, not questioning to what degree. There is no child born that should not receive What This Gift of The Father's Love is giving.

Many of Us Saints Here in the Heavens do not wait to be asked to partake. He is totally aware of Our readiness and knows that Our response will be immediate to His Commands, Demands, because of His Love for every human being He has created.

Though it may be difficult for some to understand a Miracle of This Magnitude, This Directness, it

**is important that this does not stop the Words from passing to all, no matter what language they speak, no matter what nation they live in, no matter what Spiritual Faith they are programmed to live, and be accepted in.**

**The Father's Form, Manner, Way of showing Personal Love to all of mankind, is truly in This Miracle that bears the Name of The Beloved Saint Joseph Who, in reality, is The Holy Spirit of The Father.**

**As man says in conversation, 'The spirit of what we are doing has been exhilarating because everyone is so happy, enthused, interested,' this most likely pertains to an activity, a project, an idea, that humanly speaking, involves human life in something that could be termed 'challenging', 'beneficial', or innately gives pleasure to performing.**

**In comparison to this, This Gift of The Father's Love is The Father's Way of sharing so much with mankind, that He knows will give to all who hear of It, who read What It says, It will give them Hope, and more understanding of the Importance of human life, and its**

**Closeness to God that has never truly been explained so personally before this time.**

**Mankind thinks of love as a feeling toward one or more. The Father's Love is beyond human understanding, because it is the Love of The Creator of All Things.**

**As This Miracle reaches millions and millions and millions of men, women and children throughout the world, those who take the time to distribute the Words will never see the Mark of Divine Love that will remain everywhere This Miracle is seen or shows. So be it."**
