## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

**SAINT BERNADETTE**

**“I am Saint Bernadette.**

**Mankind has succeeded to grasp the importance of progress in communication. This progress is necessary in many fields, schools, workplaces, and even private communication. It is important, because it can be termed ‘an immediate program of communication’.**

**The Father, for years, has spoken through *one small voice*, and These Words that were repeated by her took much time for others to receive Them. The delay in communication was sad, because it is and was important for mankind to receive as soon as possible, Messages, Directions and Communication to enlighten mankind, and to aid mankind morally, physically, and spiritually.**

***The little one* through whom I speak was told a long time ago that doors would open for this growth in Communication that The Father would use as Direct Communication, so that there would be no time lapse that**

would interfere with the receiving of What He Commanded to be delivered.

**Through This Gift of The Father's Divine Love, This Miracle of Personal Communication, millions of people throughout the world must receive All that is being delivered and All that has been delivered, because the ordinary means of communication were not making it possible for This Miracle to be delivered throughout the world soon enough for mankind to receive It.**

**Mankind must utilize the updated equipment of communication so that no human being will be denied What The Father Wills mankind to know, to understand, to follow and be example of, for the benefit of Souls that, without This Communication, would not be informed in a full manner of the Importance of human life and the Importance of the Soul that is within each human life.**

**All through time communication between human beings has been an important part of life. There were many areas wherein it was not satisfactory, because of the different languages causing barriers of under-**

standing, but The Father has given to mankind a means of communication that is, without question, important in so many areas of human life, especially the Importance of the individual's Soul that is able to receive spontaneously What The Father Will it to read, and more fully understand what a Precious Gift of Divine Love is in This Communication that under other circumstances was impossible to be executed.

**M**ankind talks about love, what it means to him or her, what strength it is, and in so many ways how it fulfills communication. The Father has now handed to mankind the ability to communicate morally, spiritually, All that has been delivered through This Gift of His Divine Love to the whole world of mankind in a matter of minutes.

**I**n other times in History, Directions and Personal Love could only touch a minimal amount of others at a given time. The Father has opened the doors for millions to be able to read, and grow from All that He is allowing to be sent throughout the world, firsthand and quickly. So be it."

## SAINT FRANCIS OF ASSISI

**“I am Saint Francis of Assisi.**

**In the Design of human life, The Father instilled so many things: first, the Soul, but then mankind must be aware of all the senses mankind has been endowed with, the abilities mankind is capable of, and the intellect to be able to accept, reject, all different areas of learning about so many things. Mankind has been Blessed abundantly, and it is sad when so few Gifts of Divine Love are used beneficially.**

**In the character of each individual there is an abundance of reasons to use the vitality of knowledge, of energy, of hope, of goals, to accomplish so many things, to involve one’s self in areas of life that encourage the mind to see the value of so much that is available to human life.**

**At this time throughout the world there is much confusion in thinking, in direction, on what the mentality of a human being should be used for. They say that at this time mankind is**

**extremely intelligent, more inventive, and that since the beginning of time man has changed in so many ways. To some this statement urges them on to accomplish, in others this statement encourages individuals to feel secure in what they have, a degree of abilities they feel serve their needs.**

**There are no two human beings exactly alike in degrees of mental thoughts, in speech, in the ability to learn, or in the degree of Faith in God. That is what makes human life so interesting to other human beings. Each one is different. The same idea is not always exact, and sometimes We hear different individuals wish they were like someone else because of the character of the individual, the popularity, the energies, the abilities, but mankind must remember that every individual is born as one, and to prove this happens every day, one may be five minutes older than another one, one may be five years older. Human life was not designed just to be different, but mankind was born to be capable of so many mental, physical, and mechanical abilities, favors.**

**Children must be taught that as an individual, their Soul was given to**

them individually, and that Soul will return to God all by Itself, even though thousands of people may at a given moment, no longer be alive. The Souls of each one will be governed by being an individual life created by God.

Let us take a classroom, and everyone in this classroom is being taught to say a particular prayer; or, a step further, they are learning The Commandments of God. How many will remember word for word exactly what was spoken in the delivery of the explanation, and how many, ten years from that time, will they still remember every word exactly as it was spoken?

God did not create mankind without the ability to use the mind and all of its mobile parts that allow mankind to think, to feel, to see, to talk, to walk, to bend, to eat, to read, to accept, or to complain. Mankind is a Special Gift of Divine Love, and in each life there is much diversification in how each one approaches the same subject, the same actions, and of course, the same goal or goals.

This Gift of Divine Love, This Miracle of Divine Will, is constantly

**instructing mankind on what a privilege it is to be human, and the importance it is to know that human life has a Goal beyond anything else that mankind is aware of throughout the whole world. So be it.”**

## SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola.**

**So many who have studied theology find it difficult to believe, to fathom, to understand that The Father would give to the world, at this time, a Miracle of such Great Dimension, mentally and spiritually.**

**In so many ways, so many areas, mankind finds it easier to discount what God would do, or why He would do it, because you see, God is Above all human life, and mankind has a tendency to relate God to human thinking, human values, human intentions, even to human abilities.**

**This Miracle of Divine Love is a Gift beyond what any human being can describe It to be, can determine Its Value, Its Greatness, because mankind is limited in so many areas of intellect and understanding of The Divine. When This Miracle of Divine Love was first Announced, there were some who listened to It that innately knew It was not human thinking, because of the Power that radiated**

throughout the room, but in so many cases, when they were away from this *little one* through whom We All speak, their Faith weakened, and sometimes even withered.

**F**or such a long time, The Father has Blessed mankind with a consistent and constant delivery Himself, or through Many Saints, so that mankind would get used to learning What The Father Willed them to know regarding the Soul that each human life has instilled at the moment of conception.

**N**o living human being has the in-depth knowledge or clarity in Association with The Divine, to be able to dictate so clearly, so many logical, personal associations that man has with God, that man has that mankind cannot see, but they are evident in man's personal feelings about the sensitivity of knowing there is a Greater Source, Force, Being, that holds all things in the proper order, and also has to have the Intellectual Advantage that human life does not have, because This Advantage supersedes all human intellect.

**S**o much has been instructed through This Gift of Divine Love,

and so much more is to come, but mankind must understand that they have innately been given a conscience that tells them what is pure, what is impure, what is just, what is unjust, what is moral, what is immoral.

The world has been Blessed by This Gift of Divine Love, and those who deny Its existence will find themselves struggling at different times to find what they are missing in their life, their thinking, their values, their goals. What has been delivered through This Gift of The Father's Love, has been delivered in degrees that mankind is capable of handling mentally, emotionally, physically, because so much Direction has been spread out over several years, because of the different degrees of Faith in God, different beliefs in human life, different degrees of intelligence, different degrees of moral values and moral standards.

If Everything had been delivered in a shorter length of time and all at once, it would be beyond what mankind could mentally, emotionally handle. When We say mankind has been Blessed, it is more than what you know a Blessing to be, because

**Personal Communication has been so continuous, so clearly stated, that in man's terms, mankind has been 'spoon-fed' the Importance of human life, and what a Precious Gift it is, based on Divine Love."**

## SAINT CHRISTOPHER

**“I am Saint Christopher. It is important that mankind remember All Saints, because Each Saint is constantly available to hear every request, every prayer, every emotion, every concern of any individual who takes the time to pray.**

**Children are not being taught the importance of communication that prayer is to God, to Our Heavenly Mother, to All The Saints. The availability is spontaneous even though it appears one-sided, one-way, one direction.**

**We hear many shouting their interpretations on the Bible, but most who read the Bible interpret it according to their own dimension of understanding the conciseness in which these Words are written.**

**Down through time, mankind has depended upon those who studied theology, or I should say, the interpretation of theology, to instruct others on the definitions that would help individuals be more able to relate**

to the meaning, the directions, the goals that were intended for mankind to seek, to understand.

The world is in many ways chaos, because of the lack of sound logical interpretations of the Importance of the Connection between human life and The Divine.

*This Miracle Of The Beloved Saint Joseph* has in so many ways enlightened mankind on the Importance of the closeness man has to God through the Soul. This Statement is of Great Importance, because there is no other place in the world instructing so precisely, concisely, the full measure of man's Association with God, and in many cases of so-called 'religious practices', humanism is the foundation that is what is instructed on. Humanism in itself is what human life consists of: the mental, the physical, human practices, human needs, human relationships.

The Father, through the Soul of mankind, is what has given mankind the knowledge that God Exists, and that there is a right and a wrong, a purity and an impurity, and mankind must make decisions in choosing what

**is best for the Soul, the physical, the mental, and the Spiritual Goal for which man was created.**

**These Words are to be passed to millions of men, women and children, because of the logic, practicality, necessity, to all areas of life that mankind lives with every day and night. So be it.”**

NOVEMBER 7, 1996 AT 12:35 P.M.

SAINT CATHERINE LABOURE

**“I am Saint Catherine Laboure.**

**The world of mankind must receive All that Heaven has delivered through *one voice, one small individual*, one obvious acting in obedience, because no human being, whether they be aggressive or spiritually associated to an organization, could speak so intelligently, informatively, on the Purpose for human life.**

**The Father has requested that as We speak through this *little one*, We speak with a clarity so that all degrees of intelligence, all degrees of Faith in Him, would be able to understand the meaning of the Content that would be delivered by All The Saints to man.**

**We look at what man terms ‘a professional storyteller’, an individual who feels inclined to entertain, to instruct, and to encourage men, women and children of all ages on an opinion, on a direction for their life, or just what man calls ‘storytelling’, because it is pleasing to individual natures, personalities.**

**This Miracle of Divine Love The Father has designed, is of a Degree and of a Purpose beyond what mankind, on his or her own intelligence or background, could put as Each One from Here has put the Importance of human life, the Reason for which The Father gave This to the world, because no human being understands what the Soul is to man, and for some who feel they understand when they hear It is a Portion of God, it is beyond their comprehension or their ability to associate this Closeness, this Gift of Divine Love, this Precious Portion of life that should be not just held in high esteem, but every human being should be conscious of the Closeness they have with The Divine.**

**When We hear some so-called 'learned' men and women read What has been delivered thus far, We find some searching for errors, contradictions, implications, that in some way would scar the subject matter, and then We hear the opposite; some saying: 'At last it is being explained thoroughly, clearly, and in simple terms, what I feel inside of me, what I have wondered about, because I feel a necessity in me to love God, and that it is important**

for me to be morally good and to want fairness from everyone I know, plus justice from those who in some ways speak against me.'

**This Gift The Father has given to the world is beyond any gift mankind could give to another man. Only God could give so much Direction, so much Information, so much Personal Love, sharing with him a Portion of Him indescribable, but in His Love the Word He speaks of, calling It 'the Soul', makes it simple to understand, and gives to those who believe, security.**

**The word 'Soul' to mankind has different meanings, but the word 'Soul' in connection to God is the Portion of human life that gives a mental, physical and Spiritual strength, because in It there is support in every facet of thinking, of working, and even in the pleasures, because in the pleasures God designed, there is purpose.**

**Mankind has been handed a Gift beyond any gift imaginable, and This Gift is the Personal Contact man now has through *The Miracle Of Saint Joseph*.**

**For some, when they hear 'Saint Joseph', they associate the human part**

**of His Life in an ordinary perception, but there are so many Facts that have never been written about the Magnitude for which His Presence amongst mankind meant. The world is now being instructed, and it is time that the so-called 'learned' men and women respond to reality and cast aside theory, because theory many times has many, many, many loose ends and identifiable associations. So be it."**

NOVEMBER 8, 1996 AT 12:36 P.M.

**SAINT CHARLES BORROMEIO**

**“I am Saint Charles Borromeo. There is no moment in the day or night that We are not present where This Gift of The Father’s has been given at a Special Time, for Important Reasons, because of the needs of all mankind throughout the world, as Each of Us speak Words of Direction, of Instruction, of Consideration, because of the Soul that is within each living human being.**

**There has never been so much Instruction on the Soul since the time of Christ. When He taught about the Soul it was obvious to everyone present that human life was Special, and that in each human life there was a consciousness of what was right, what was wrong, what was truth, what was untruth, what was moral, and what was immoral.**

**Because of the way mankind lived in time past, the accent on the Importance of the Soul was put in the terminology of that day, and that mankind knew that through the**

**Instructions of Christ, that life had an Important Goal and that each life had Purpose, Reason, and The Father was The Giver of this life, and wanted it returned to Him by way of the Soul.**

**In man's thinking, a gift is many times automatically loved by the receiver because of the intent of the giver, the attention that the gift gave, bringing the individuals closer together. When the Soul is placed at the moment of conception, only God has this Power, and each child born to the world has this Gift of Closeness to God that nothing else has.**

**The Soul has many Purposes. It many times registers in the conscience, in the physical abilities, in the mental abilities, and even at times when everything is quiet and there are no decisions to be made, the Soul opens the mind of an individual to think in many areas of life, about many things. The Soul is closely connected to the mind, because through the mind is how human beings act or react, purely or impurely, even though the physical portion of the individual is the part that is participating in the action.**

**C**hildren are not being taught the Importance of being human and what a Divine Gift of Love this is. When God put upon the earth a Son, this was an Important Statement for mankind for all time. Granted, This Birth of a Human Being had many Reasons, but it also had a Specific Association with all other human life, and mankind must understand that This was an Ultimate Gift of Divine Love in so many ways, for so many reasons that are yet applicable to mankind.

**N**o matter what part of the world an individual is born, raised, or reaches adulthood, working, raising a family, and living in the manner that The Holy Family lived, God, in His Love for His human design, thought of everything, and that is why The Holy Family should never be forgotten, and should always be reminded to those who do not act as though This Occurrence of Great Dignity, Presence, and Life occurred.

**M**ankind talks about human love, oftentimes ignoring that all things derived from Divine Love; also, that all human life has within it not just a symbol of God's Love, but a Living Portion of His Love, called 'a Soul', and that this Soul reflects every thought,

**word, deed, action, intention, that an individual practices in daily life. So be it.”**

NOVEMBER 8, 1996 AT 1:23 P.M.

SAINT PIUS V

**“M**ankind says, ‘I will pray for you,’ so We wait for the prayers, because prayer is a communication between mankind and All The Saints. Oftentimes this statement is not carried out, so in Our Love for the individual who needs the prayer, who needs the help, We offer assistance in ways applicable to the situation.

**P**rayer is communication. Prayer is an act of belief. In Sainthood, prayer is in many ways a communication, one-sided, because the individual praying does not hear Our answering, but Faith must tell you that when you pray, you are always heard.

**T**he world at this time lacks humility, understanding, and sound Faith in The Father. The one thing that will bring Faith back to its strength, that is needed for all of mankind, is man’s understanding of The Commandments of The Father in Their detail, not in Their concise manner in which They are being delivered and have been for so long a time.

**I smile through this *little one*, because it is not just her Faith that responds to Me, it is a Gift of Divine Love that The Father has given to all of mankind at ‘this time’ and it is called ‘Communication through *one voice*’, helping mankind to better understand what a Precious Gift of Divine Love human life is. Why? Because human life is closely connected to Divine Love through the Soul that is instilled at the moment of conception.**

**At the moment a birth is accomplished and life shows to all around, each individual there stands in awe of what they are seeing, even when they are experienced in seeing it often. Human life has a distinct Purpose, and in this Purpose there is a Goal. It is important that mankind understand that human life is designed to be returned in some form identifiable, and of course, that is through the Soul that is from the moment of conception, instilled. If this were not so, human life would not have the knowledge of justice over injustice, right over wrong, truth over untruth, love over hate; intellect, not just senses.**

**I** could go on and on, but the Soul makes the difference in human life, because through the Soul, The Father has allowed intellect into the individual that is different than any other living thing, and through the intellect there is the ability of understanding, of courage, of hope, of speech, of communication beyond all other living things. All these things add up to the Fact that there is an Infinite Part in each human life that is unseen, and yet logically, understandably present.

**T**he world has been Blessed by *This Miracle Of The Beloved Saint Joseph*, because This Miracle is a Divine Gift of Instruction, continuously alerting mankind to the Importance of human life, and the Destiny for which it was created: to be returned to The Father in a State called 'Sainthood'.

**W**e hear mankind say, 'Love is blind.' When love is pure, sound, reasonable fact, it cannot be blind, because there can be no darkness where there is so much light throughout, and pure love.

**T**he world must hear of This Miracle of Divine Love and read All

**that has been delivered, because it is a Personal Gift to all of mankind, giving strength to how each day must be lived, and the Goal for which life was created, and the Love that is placed within each life that is beyond human love. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. It is a great sadness when We hear individuals deny ‘this time’ that The Father has given to mankind so much Direction from The Divine. Opposite to this, We see man’s curiosity in so many areas, so many ways, on so many subjects that are useless, even to the point of being useless in material ways.**

**Mankind in general, enjoys receiving gifts, especially gifts that are worthwhile gifts that give to their life fulfillment, whether this fulfillment be monetarily or to exaggerate their position in life. The Father has handed to mankind a Gift beyond any gift mankind could receive from any source, any means, any individual. The Father has given to mankind Direction in a way that mankind can logically follow, and to the simplest mind, the Directions, the Love, the Intentions, the Hope, is obvious.**

**There is much jealousy, intentionally and unintentionally, where**

**This Gift of His Divine Love passes through *obedience, innocence, and love* for Him. The whole world has been Blessed by This Gift of His Divine Love, and as I, your Heavenly Mother see it, it saddens Me as it does Him, to see so much rejection, jealousy, indifference, obstinacy, neglect, even hate, towards *the source* through which The Father gives This Divine Gift of His Love.**

**For the first time since The Son was upon the earth, never has there been so much Personally delivered, elaborated upon, and directed to daily living for all cultures, all ages, all degrees of intelligence.**

**The Father's Creation of mankind had many Important Reasons. He did not make mankind all one color, all one degree of intelligence, all one structure of appearance, degrees of abilities. He gave to mankind varieties of every facet of life. He gave to mankind instincts and He gave to mankind a free will. When We see places wherein this free will is bound by destructive measures, or individuals who do not allow the free will of others to act, to respond, to think, to be constructive, and to learn what is best for them and**

to be able to follow freely, is a sadness beyond human measure.

We hear mankind reject This Gift of Divine Love, not just because It comes through *a small individual*, and not just because it is of the same gender as Our Heavenly Mother, but the jealousy that surrounds this *little one*, even the hate, is an abomination to why mankind was created. For many years now, mankind has been given so much Direction, and in the Direction there is Hope, there is Love, there is Instruction, and the Goal for which life was created is an Ultimate Goal for every living human being.

Many times We see *the child* through whom We All speak shed tears over those who do not accept, will not believe in What The Father Decrees to be given. She openly says, 'They think It is just coming from a human being.' We say: 'They could not handle This Great Miracle if The Father's Voice was heard, because their human bodies could not stand His Power, and that is why *a little one*, a physically weak one, but a mentally, morally, strong, brave one, willing to fight like others have fought down through time, irregardless of what remarks

are made, because the Responsibility is beyond human capability and can only be served because of The Father's Will, through Which, from Which, by Which, the Source of All that is given is totally His.'

No matter what it takes, the world must hear of This Miracle of Divine Love, and All that has been given must reach every corner of the world, no matter what the obstacles are, because there are Souls out there screaming: 'Is there no one to help me? I live in terror every moment of the day, because of the obscenities I am forced to partake in, and I know they affect me mentally, physically, morally, and they are destroying me piece by piece, inch by inch. I have no one to go to.'

This Message on this day has been given for many Reasons because This Gift of The Father's Love cannot stand where It is, cannot stay in one place, and no matter what the circumstances, no matter what the denials, no matter what the obstructions, This Gift of The Father's Love is for every human being throughout the world.

*The little one* through whom We All talk is *the voice* that was chosen, because The Father knew obedience would be without question, and no human being would stand in the way.

Let us take now all the so-called 'religions'. They are evident throughout the world. Many are based on monetary gain. Many are based on the superiority of an individual or individuals who feel that they have been gifted in a special way, but if you look at it straight on, you will find nothing but egotism, self-righteousness, and an inner need to be important because of their own inadequacies, and the humanism that is more important to them because of their denial of their limitations.

Sometimes when this *little one* calls for help, We say, 'You will get it when The Father knows it is necessary for mankind.' Not much satisfaction to one's own needs, but nonetheless, the desire to please only The Father gives survivorship to the will, to the way, that nothing else can.

The world has been Blessed, and it is sadness to see that mankind's arrogance, lack of sound belief, causes

so much deprivation to the Soul of so many living human beings.

**N**ow I would like to talk about Hell. It is a place, a place of restitution beyond what mankind could bear to see. And let us take what mankind calls 'Purgatory', and connects it only to a step below the Ultimate Goal for which man was created. How come mankind, in disappointments, discouragements, can boldly say, 'It's Hell on earth what I'm enduring,' and yet turn around and sin in so many ways, so many areas, jeopardizing their Soul?

**M**ankind has been given a Blessing and it is important the world know, and everyone who professes to preach the Word of God should never be eliminated from receiving All that God gives and has given through This Gift of His Divine Love. So be it."

**NOVEMBER 13, 1996 AT 11:20 A.M.**

**SAINT MARY MAGDALENE**

**“I am Saint Mary Magdalene. We see so much opposition, so much lack of understanding. Some is purposely intended, because of the interference of so much jealousy attached to This Gift of The Father’s Love for mankind.**

**T**Truth is difficult for the enemy of God and man to handle. He and his legions find many avenues to distract, to disturb, to destroy what is beneficial for mankind to know regarding the Soul that mankind is the custodian of.

**W**e hear mankind saying: ‘There is so much being revealed. It is difficult to understand why The Father would find this much to be necessary, because truth is important to mankind, so why does not mankind accept it in a shorter version?’

**T**he world has not been denied any Information, any Direction, in reference to the Importance of human life. The Father has always used ‘an individual’, or sometimes ‘several’ at one time, to instruct mankind on

**the Importance of human life that is different than any other living thing, because human life has a Soul. We even hear theologians differ in this point of view, because they cannot see the reality of the Presence of a Portion of God in each living human being.**

**I ask you a simple question, ‘What is Faith?’ Some of you may only determine Faith to be connected to the Spiritual values of life, but faith is a common practice, because you have the faith in so many people, so many ideals, and you have Faith in prayer. Faith is a strength because through Faith there is hope, and in hope there is a feeling of security.**

**As We have delivered so much through This Miracle of Divine Love, Divine Hope, Divine Instruction, We see so few who see in It the Greatness of Its Worth.**

**When an individual has an idea, and feels that the idea has merit when this idea is shared with others, there is a great chance of skepticism being a deterrent, but the individual must conquer this obstacle and believe in what is rational to believe,**

**what is logical, and reject all that is pessimistic.**

**The world has been Blessed through so much having been delivered, informing mankind, alerting mankind, instructing mankind, in a clear manner, in a logical form, the Importance of human life, and the Goal for which it was created. There has never been so much delivered on this subject as there has been in This Gift at ‘this time’, to the world of mankind.**

**Translations must begin at a rapid pace, so that All that has been delivered does not remain in one small area, because it will be a terrible neglect to the whole world if mankind cannot read in their own tongue what has been spoken through *one small voice.*”**

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. This *little one* through whom I speak carries a burden beyond what mankind can possibly conceive.**

**There is a saying, ‘Mankind has the burden of truth’; of course, some reading this might say it is meant differently. There is a burden to truth, a burden to sound facts, a burden to sound morals, a burden to obedience to God’s Commandments. Why is it called ‘a burden’? Because it makes an individual stand firm against all odds, all accusations, all intimidations. Also, sometimes it is a burden to stand up for what one believes is truth, against those who they love that do not recognize the value of truth, the importance of truth, or truth when it is obvious.**

**This Miracle of Divine Love has a Value to It beyond human understanding; I might add, even appreciation. *The little one* The Father chose for This Task upon the earth faces obstacles that are never seen,**

because mankind sometimes through jealousy, sometimes through a lack of sound reasoning, cannot reasonably understand the Value of What pours forth through her for the good of all mankind.

Sometimes, when We hear an individual praying for guidance on a particular subject, or even many subjects, they, through their own inability to accept truth, do not respond to the answers that are given to them in answer to their prayers. When I say 'inability', I mean it in a form of their lack of understanding the importance of what a subject is all about, and sometimes their own lack of integrity, or their lack of conscience regarding what the subject fully contains.

There is not a moment of the day that One of Us Here is not ready to speak, and mankind does not realize, or I should say, care to realize, what a Monumental Gift of Divine Love God has given to mankind through so much being delivered in a consistence of human understanding.

There is so much for mankind to stop being jealous about, and to look straight at the reality that exists

**before their eyes when they read All the Words of Direction that have passed through This Gift of Divine Love. Resistance to This Gift denies the individual or individuals, of so much understanding on subjects that are able to be accomplished in an acceptable profile of human understanding.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I reach you today with a Love beyond what you can understand love to be.**

**A mother’s love is a love difficult to determine just what makes it so special. All mothers, on this subject, will agree. My Love for mankind is because within each human being there is a Portion of God designed by Him, to give strength in all moral values, all moral standards, all moral views, moral integrities.**

**Mankind today is drifting from what is morally sound to what is distressing to The Father, because the Soul, as a Portion of Him, feels what pleases the enemy, because the enemy only knows jealousy, hate, and the enemy uses every instance to encourage mankind, to distract mankind from practicing purity.**

**Children are not being taught what it means to think purely, because they are being subjected to so much impurity by the means of entertainment they are surrounded by,**

and by the immoralities of those with whom they are closely associated. We hear children say, 'Others do it, why can't I?' There is very little restriction regarding what mankind of all ages clings to, practices, encourages in others, and is committed to.

When We hear a prayer silently spoken or verbally spoken, asking for help to support the individual or individuals, on making a moral decision, rejecting the immoral decision, We do, in many ways, everything We can to help the individual or individuals, make the right decision or decisions, but so often human weakness, aggressiveness, boldness, lack of love for God, causes them to accept what is impure.

At the words 'lack of love for God', I can already hear some individuals who will read These Words defend themselves by saying: 'I love God, but I cannot help my weaknesses. It is human to have weaknesses.' That statement is totally wrong. It is not human to have weaknesses, because human beings know right from wrong, and human beings know that The Father is Ever Present where they are.

**Also, human beings using excuses, make the rejection of purity even worse, because human beings have intellect, conscience, memory, and human beings must understand that to be a human being has responsibilities that nothing else created has, so why would not conscience be an important issue, and a point wherein it would instantly make an individual be concerned over offending God?**

**Volumes could be written on this subject because human life is a Gift of Divine Love, and it has a Purpose that nothing else has, so the next time you feel like making an excuse, think of What I have said and it will help you reject offending God, and thank Him for helping you. So be it.”**

## SAINT BERNADETTE

**“I am Saint Bernadette.**

**It is important for mankind to see the reality of what occurs in so many areas of life that attacks sound moralities, sound understandings of what God created life to be like.**

**Children are not being taught, nor are they being shown the importance of how they should see in their companions, and also in places they are prone to go to, that they must look for decency, and be watchful of the practices of those who are present at the time they are there.**

**To speak to all adolescents at this time is an impossibility, because there has been for such a long time so little emphasis on morality. Mankind must remember that children imitate, children accept, children participate, most of the time allowing those older than they are to be the example of what is acceptable. There is so little good example in many homes, many places of learning, many medical areas, that when We see such low standards**

being set as what is expected others to partake in, to be a part of, the very sight of this is devastating.

**Ask yourselves, those who read These Words: ‘What can I do to help in these areas? Should I disagree openly, or should I just say it’s right for one, but not the other?’ Many of Us, when We see children of all ages trapped into situations that make them vulnerable to every form of indecency, improper actions, We want to shout, ‘Leave the place!’ but this is not the way We can do it. It is up to those who are yet physically able, to make this a practice and a moral obligation to speak openly when it is necessary, and to ignore all contradictions to this stand, because the Souls of the children are also ‘the victims’ of all the moral disgrace. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I come to you today to encourage you to stand strong in areas you know are important to your Soul and the Souls of all you love, and even those you do not know.**

**It is sad when We hear any rejection regarding What is being delivered through This Gift of The Father’s Love, wherein The Father has allowed a Great Announcement to take place, and that Announcement that: ‘The Beloved Saint Joseph is More than a Saint. He is The Holy Spirit of God.’ When We hear rejection of This Statement, We understand that for some, such an Announcement of This Magnitude would be difficult to accept, but then is it not reasonable, logical, that only a Portion of God could be The Father of The Son of God?**

**Logic does not always register in man’s mind, because mankind places so much truth in writings that were based on what mankind could handle at another time. So much has been**

revealed regarding the Importance of human life, and it is necessary for This Information to be spread throughout the world almost immediately, because there is so much diabolical interference being practiced by well-meaning people who feel they have the knowledge, the abilities, to instruct others on Spiritual matters.

The world is in a tremendous Spiritual chaotic situation. There is turmoil everywhere, even where there are learned men and women who have followed religiously what they feel and felt were sound religious beliefs, practices, and all truths.

The Father has allowed This Miracle of His Divine Love to be given at 'this time', because He was aware of what men, women and children were going to be urged into practicing, and that these freedoms would lead many to Hell. Very little, if any, is being instructed on the Soul, because so much humanism has superseded That Portion of life that is connected to God, not just closely associated.

*The little one* through whom We All speak is a warrior similar to Joan of Arc, but different in the area of

**fighting for what is Truth. An army has been called together for This Miracle to be spread throughout the world, but the time in which you live, mankind has so many distractions that they are putting This Gift of The Father's Love aside, because of the distractions that appeal to their human ideas and entertainment. This is the major difference between the time of Saint Joan and this time in which you live.**

**The Words are, in many ways, to be considered the Weapons, the Armor, the Means to conquer all that is diabolical, and all that must be seen to be totally destructive to the Purpose for which mankind was created. So much has been written, instructing mankind on so many factors for which This Gift of The Father's Love was given at 'this time', to fight the enemy that is ever evident in all the wrong that is occurring morally, physically, spiritually, mentally, throughout the world.**

**So Many Saints continuously ask The Father, 'When will mankind understand that there is "a great war" in their midst, a war between good and**

**evil, God and the enemy of mankind?’  
So be it.”**

NOVEMBER 15, 1996 AT 1:58 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius.**

**You live in a time in which many heresies are acceptable by all degrees of intelligence, by all types of individuals. Heresy is many times not identifiable, because it is spoken about or practiced as a two-sided or three-sided, or four-sided manipulative manner of discussion, of promotion, of decision, of interpretation.**

**There are many times that conversation on the importance of Spiritual values bears a resemblance to what mankind would refer to as ‘debate’, or ‘opinions’ that should be heard, no matter how indiscreet, confusing, or strictly humanistic the subject matter is.**

**Mankind many times vows to reach high educational levels. This in many ways has much merit, but one should practice the ability to discern the value of each thing learned. Discernment is not always an important part of an individual’s thinking or practice, because**

**discernment sometimes involves much more concentration on the value of a particular subject or practice of an individual.**

**There are billions of books written on all subjects, and not all these books are pointed to the protection of individuals' Souls; in fact, it is a rarity to find one dedicated to that particular subject, that bears the Importance of this subject, and how an individual should practice holding his or her Soul in great esteem, always protecting It, because the Soul is a Portion of God, and if God were to come to your home for a visit, would you not want everything to look just right for The Creator of All Things?**

**If each man, woman and child would address each day with the idea that their Soul, a Portion of God, would be present every moment of that day, logic says purity would reign, and love for God would be in every heart of every human being. So be it."**

NOVEMBER 18, 1996 AT 12:43 P.M.

PADRE PIO

**“I am Padre Pio.**

**So much has been left for the world to more fully understand the sacrifices, the love that mankind receives through individuals who sacrifice much, so that The Father’s Will can be instructed personally, formally, casually, intentionally, hopefully, for the sake of the Soul that is within each human being.**

**Mankind is being stubborn, unethical, indifferent, ungracious, humanistic, and in many ways totally barbaric in how the human lives are intentionally insulting Divine Grace, Divine Hope, Divine Love, Divine Intention, Divine Direction.**

**It is sad when We see mankind reject a Gift of Divine Love using a *human source, human voice, human obedience*, to transmit What The Father Wills mankind to know, to follow, and to more fully understand what a Precious Gift human life is to man.**

**The world is in tremendous ugly, undisciplined Spiritual order. It is not just sadness to see, but in this disgrace, of why mankind was born, why mankind has such a Precious Goal to reach, it shatters the Souls of Those Here with Me. It saddens Everyone, because The Father has given to mankind a Miracle of Direction, with full Interpretation, and yet We hear hundreds denying This Gift of Divine Love.**

**Man forgets that the enemy of every human being is the archenemy of God also, and he travels throughout the world with his legions, encouraging mankind of all ages to follow him, to follow them.**

**You do live in a time of great sadness, but somehow, ‘this time’ wherein The Father is speaking so distinctly through *one small voice*, and allowing so Many Saints to instruct, is being cast aside because of so much patronization to weaknesses that are totally based on what Hell is all about.”**

NOVEMBER 18, 1996 AT 1:12 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. This Title I have given you is an Important Title to Me, because it is likened to a particular point of view, point of decision, point of position.**

**When mankind receives a title of responsibility, many times he takes it serious, but then many times he uses it for personal purposes and ignores the responsibilities attached to it.**

**Here in the Heavens We All recognize Each Other with the One Title that We are given at a particular time. Many of Us are called ‘Saint’, and then there are Other Titles Higher than this. I could go on for pages of writing in the Magnitude, the Beauty, the Orderly Manner in which All Things in Heaven are held in place.**

**Throughout the world mankind seeks order to many parts of life, recognizing order as a place of control or a place of position. Today, throughout the world mankind refuses to follow the order of truth, balance, regarding God’s Commandments.**

**The Commandments were given to mankind so that mankind would have order to every facet of life, every communication, every association, every degree in how an individual used his or her profession in life. Today, throughout the world there is much disorder, based on mankind's lack of obedience to God's Commandments.**

**Children are not being taught the importance of an orderly way of living, or are they being taught that when something is done in an orderly way, it is based on strength, self-control, and always gives a stronger application to whatever is being done, and through order there is the ability to more readily accept sound moral values, sound moral standards, sound reasoning.**

**There have been so many Revelings through This Miracle, instructing mankind of all ages on the Importance of human life and the Love The Father has for it, because within it He placed a Portion of Himself to give Purpose to it, Love in it, Hope, and to help mankind recognize that human life had a Future, a Goal beyond any other creation of His.**

**Today as I speak to you, I am in the room with you, and yet My Soul is in Heaven. This may be difficult for you to understand, but as The Father allows My Words to be presented to you, this is how My Presence is with you.**

**The world must understand that The Father has never allowed mankind to be alone. That is why He placed within each human conception a Portion of Himself, called ‘a Soul’. There is no other living thing that possesses such a Personal Portion of God, and All of Us Saints want mankind to understand that no one is alone in the world, and that it is The Father’s Will that because of the Soul and through the Soul, mankind will return to God That Portion of Him that assures mankind of a Precious Goal. So be it.”**

**NOVEMBER 18, 1996 AT 2:03 P.M.**

**SAINT BERNADETTE**

**“I am Saint Bernadette.**

**Children are not being instructed on the Importance of the dignity of human life, or the Goal that The Father intended for every human being to arrive at.**

**Little ones are not being taught the Importance of God and that God is aware of everything they do, everything they say. Children are not being instructed that they have a direct Communication with God through their Soul that He gave to them, to protect them, to guide them, and in many ways this Soul is What they are to return to Him to live with Him once again for All Time.**

**Children are being instructed in so much immorality, abnormalities, because those in charge of them lack the understanding of the Importance human life has in its Close Association with God.**

**Ask one thousand people what is the most important part of their life.**

**It is unlikely they will say, 'My Soul.' Most will have either an individual as the subject, or something material.**

**Mankind has not been instructed properly by those in charge of Spiritual guidance, regarding the fact that each individual human being is given at the moment of conception a Soul, a Portion of God, that they are responsible for, and yes, responsible to, because of Its Importance.**

**Without a Soul, mankind would be like all other animals, animal life. Logic would not be available, the ability to learn all the sciences, learn the ordinary necessities that mankind takes for granted, nor would mankind have the conscious effort to understand the importance of cleanliness, and the ability to use physical cleanliness the way mankind has been allowed, because of The Father's Love for this Creation of His.**

**Along with human cleanliness, mankind innately knows that there is a cleanliness based on morality, how one practices right from wrong, good from evil, truth from untruths.**

**Mankind has been Blessed in so many ways, in the ability to learn so**

many subjects through the mentality, and then the practice of these subjects physically. Mankind should understand automatically that with so much logic, so many different degrees of mental responses to what is right over what is wrong, mankind should understand automatically that human life is a higher degree of creation than any other living things, and that human life must have a Specific Special Goal because of all these things that mankind is aware of within himself or herself; also, the very in-depth insight, feeling, emotion, regarding spirituality is in itself a Gift of Divine Love.

**M**ankind is a Special Design and has an Ultimate Goal. It is obvious in everyday life when an individual faces the reality of the day, the happenings of a day, the decisions in many of the days that are made on what is right over what is wrong, what is correct over what is incorrect, what is pleasing to God over what is displeasing to God, what would be wrong if one shows evil over good, hate over love, untruth over truth.

**T**here is so much for mankind to think about, and it is important

**for mankind to never let a day go by that he or she does not remember in some way, some degree, The One Who created them as an individual human being, able to make decisions, able to think right over wrong, able to strive to become ‘a Saint’ that is above all other created things. So be it.”**

**NOVEMBER 18, 1996 AT 3:35 P.M.**

**SAINT JOACHIM**

**“I am Saint Joachim.**

**Too few are reading Bible History and interpreting it in the full dimension of its meaning. Mankind has a way of diminishing what he or she does not fully agree with, or understand in its correct concept.**

**So long ago, when Important Stories, Directions, had to be translated into different languages or English, many times the interpretations were not fully discerned by the individual or individuals who were in charge of this project.**

**Today in your time, as so Many of Us speak, instructing mankind on the Importance of human life and the Treasure that The Father has instilled in it, called ‘the Soul’, mankind ignores the Magnitude of This Statement, because mankind cannot conceive The Father handing to mere man such a Precious Portion of Himself.**

**Humanism is based on the degree that human minds, intentions,**

**understandings, capabilities, are capable of, but when a Miracle of This Magnitude is presented to the world, because of Its Important Content that is over and above what mankind is used to hearing, learning, or taught to understand, is oftentimes rejected, and this is a sadness, because What passes through a Miracle of This Dimension is totally God-given, God-allowed, to aid mankind in better understanding that human life is unlike all other living things, and human life is truly made to the Image and Likeness of God: intellect, understanding, abilities, and of course, the ability to create another human being that is the custodian of a Soul that is a Portion of God, with the Goal to one day be returned to Him, a Saint for All Time.**

**We hear some argue this Point and say: ‘What does it mean to become “a Saint”? Wouldn’t I be born a Saint if that’s what God wanted me to be?’ The Creation of human life is a Gift beyond what mankind can understand, the Most Precious Gift God can give to man, because logic should say to mankind: Wouldn’t there be a Special Meaning to human life, because God instills within it a Portion of Himself, making human life beyond any other**

**creation, giving individuals the opportunity to reach for a Higher Goal than any other living thing, and this Goal being to be constantly in the Company of God, and All Other Divine Things for All Time?**

**Time is an important issue to mankind. He or she places much emphasis on time. Then, would not logic say to mankind that to return the Soul to God for All Time would be the Greatest Gift mankind could achieve, to be a Portion of the Existence, in the Presence constantly of The Holy Trinity?"**

NOVEMBER 21, 1996 AT 9:07 A.M.

## GOD THE FATHER

**“M**ankind places much importance on the strength of his or her body, many times avoiding the recognition of the other strengths that exist within each human being:

**Moral Strengths**

**Physical Strengths**

**Spiritual Strengths**

**Tolerance Strengths**

**Mental Strengths**

**N**ow let us look at man’s daily occupation, no matter what it is. It takes much emotional strength that, in many instances, affects all the other strengths man has been gifted with.

**W**hen I am Present in the mind and actions of a human life, I will help all who ask, and many times those who do not have the Spiritual understanding to ask things of Me, I will encourage them, introduce to them, and instruct them silently in what is

**morally sound to do at that particular time.**

***The little one* I use goes through many ‘dark nights of the Soul’ because she is so aware of how others need to be dependent on Me, and not just their human values and instincts.**

**I created mankind to My Image and Likeness in many areas, but so often mankind forgets, ignores, or totally dismisses My Continual Presence within them, and they use violence, hate, and/or self-pity to get their way, even when it is totally unjust.**

**This Miracle is Mine for all of mankind. There are no favorites, because I am Present within each life via the Soul that is a Portion of Me.”**

NOVEMBER 21, 1996 AT 12:20 P.M.

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc.**

**Again The Father has given to mankind a Great Miracle of Direction, using *a small voice* to speak, to dictate The Father’s Love for mankind, helping mankind to better understand what an Important Gift human life is to all types of human beings.**

**It is sad when We know that individuals have been instructed on the Importance of life, What it contains, and the Goal for which it was created, because so many ignore the Greatness of the Gift and allow all forms of impurities be acted out, be responded to, and be acceptable as being justifiable because they are human in nature and in practice.**

**The world is in great turmoil morally. It is as though mankind has rejected morality and acts in animalistic ways, addressing them as humanistic pleasures. It is difficult for The Saints to have to deliver on subjects that stress the degree of**

**impurity that mankind has accepted as normal.**

**The Father has given to the world This Gift of His Divine Love and the world must be saturated with All that has been delivered, and when We say 'All', We mean 'the Full Amount', because what one Statement will help in some areas, another Statement will cover the practices of people in other areas, and so on, and so on, and so on.**

**It is sad when mankind cannot rationalize that there is more to human life than human instincts, talents, morals, values, intellect. These things are all applicable to the decisions that mankind has to make in many areas of life, but the Importance should be put on the Soul that each human being has, so all that man says, does, thinks, participates in, should always have the Soul in mind as the recipient of what the individual participates in, leads others to do, and the results that automatically show whether the individual or individuals have acted morally, soundly, with God's Commandments in mind, because of the Soul that is a Portion of God within each one of them.**

**M**ankind is not being instructed any other place throughout the world on the Importance of the Soul within each human life. Oh, there are many lessons being taught and many subjects being spoken about, but the Soul is being left out, cast aside, ignored, or really never mentioned.

**W**e oftentimes, when talking to Each Other Here in the Heavens, listen to conversations regarding Spiritual growth, values, importance, but it is rare that We ever hear that the Soul is to return to God in a State of Purity, and that all sinfulness, all impurities reflect in the Soul, by and through the actions of the individual in whom the Soul is present.

**W**e can already hear comments, or I should say, anticipate comments from some who will read This Message. One might very well be: 'If my Soul is so Important, why does not God show It to me? Then I might change many of my ways, much of my thinking, and practice more purity.'

**A** bold remark? Yes. But one that should not be passed aside or ignored, because the remark says openly that the individual or individuals who

**believe this way lack a certain degree of humility, plus a certain degree of sincere love for The One Who created them as a human being.**

**Human life is Special because of all that it contains: the knowledge, the abilities, and the inward understanding that they are aware of what is right, what is wrong, what is truth, what is untruth, what is good, what is evil, what is vile, what is contemptible.**

**The world must be delivered All that has been delivered through This Miracle, and there must be no place that does not have access to It, because there is no one or nothing that is giving to mankind, of all races, all colors, all creeds, all degrees of intelligence, What This Miracle is addressing in such a logical, easy to understand format, for mankind to understand.”**

NOVEMBER 21, 1996 AT 1:26 P.M.

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. I am speaking today for several reasons. First, I know it is difficult for many men, women and children to believe that so Many Saints would speak at a time they live in, because they only relate to the Presence of Saints in years gone past.**

**This Gift The Father has given to the whole world is a Gift of Divine Love beyond man’s human comprehension, but the Words plainly show that a human mind would not think in This Format, or for such a long time.**

**Throughout the world, the enemy of God and man is present, working in so many areas, and has convinced millions of people that what they are doing impurely, immorally, is satisfactory because they are human, and they should not be concerned over them being out of the context that would be termed ‘unsatisfactory by The Holy Trinity’.**

**Now I ask you a question: If you were to describe The Holy Trinity, how**

**complete would your words be, your description? Would it not be concise, and would not this conciseness practically put it in a humanistic version of what The Holy Trinity suggests, refers to?**

**Throughout the world there have been so many men and women who, in reading the Bible, felt that they were capable of discerning, and had the ability to preach what the words meant, but in reality, logic should say to mankind the verses in the Bible cannot be understood in their full content because conciseness has a way of eliminating the full meaning of any subject, no matter what the subject may be.**

**Throughout the world We hear many declarations of instruction regarding interpretations on different verses in the Bible. Usually, the personal opinions lack the full meaning; so, consequently, those who are listening become sound advocates of what they feel the instructor was able to determine the meanings of what was so deliberately given as factual in content, formation, and meaning.**

**As I speak, I show *the one* through whom I speak, a verse. She says to Me: 'There is much left out in description and in content. I am not quite sure of its full meaning.' This admission of fact, of truth, is honesty, because for such a long time *the little one* through whom We speak has been *the voice* We use to instruct mankind on the full concept, the full meaning of the subject matter in which The Father wanted mankind to more fully understand its value, its purpose, and that through this, mankind would not flounder for understanding the full meaning of what was meant.**

**Mankind has a way of shortening everything, finding the quickest way to accomplish, and so many times important details are left out, leaving a subject or discussion open for imagination to take over.**

**Let Me put it in a human sense: An adult tells a child, 'Stop,' but oftentimes the full reason for this word is not discussed, so the word 'stop' may mean 'right now', or it may mean that 'it is annoying at that time', or it may mean that 'it is interfering with a more important subject to be spoken'. When an individual hears**

**‘Stop,’ the human mind immediately interprets from their own conscience, abilities or interest, how they should handle the command.**

**We hear so many outside This Miracle tell others to stop reading All that has been delivered through *one small voice*. We do not always hear the reasoning because the individual who says ‘Stop,’ really does not have sound reasoning behind the command.**

**The world is saturated with a lack of understanding of how Generous The Father is, how Complete The Father speaks, because He knows that the human mind must have a continuous description, definition, reason, purpose for what is spoken about a subject, and through this reasoning He has allowed This Gift of His Divine Love to be delivered in so much detail, repetitiveness in different ways, so that if one mind could pick It up one way, another mind could pick It up another way, and yet understand It as meaning the same thing.**

**The Importance of This Miracle is beyond what mankind has yet realized. Through The Father’s Love, mankind has been and is yet being**

**given Personal Direction, Counsel, Information, because of the Importance of the Soul that each human being is the custodian of.**

**There is no other living matter or means that has this Gift of Divine Love instilled at the moment of conception. Also, mankind must understand that ‘communication through prayer’ is like using a sword to defend oneself, to protect oneself against the enemy of God and man. So be it.”**

NOVEMBER 22, 1996 AT 2:04 P.M.

SAINT PEREGRINE

**“I am Saint Peregrine.**

**The whole world is in need of reading the Material, the Messages that pass through This Miracle of The Father’s Love, for all of mankind.**

**We hear some say, ‘What do you mean, Miracle?’ By this word ‘Miracle’, man must understand that to hear as this *little one* hears, and to repeat What is spoken to be written, is definitely a Miracle of Divine Love for all of mankind.**

**Much ‘Preparation’ had to be endured, sometimes not understanding the reason for certain occurrences, but the submission of an individual’s mind, body, to listening, without question, to Divine Guidance, is a Miracle beyond human ability, to be able to take credit for humanly.**

**I am surrounded by Many Saints, and in Our discussions with Each Other, *the child* is listening to Our discussions. This may be difficult for**

the human mind to understand, but nonetheless, it is Fact, it is Truth.

This *little one* through whom so much is given verbally, mentally, is constantly alert to the Commands when Our Presence is made aware to her conscious understanding of Our wanting to speak, to help others understand the Importance of human life, and the necessity for each human being to be aware of the Precious Gift they hold within them, called 'the Soul'.

Sometimes *the child* is surrounded by Twelve, Fourteen, Nineteen or more, because of the Magnitude of This Gift of Divine Love. It is important for mankind to receive All that The Father Wills mankind to learn about, to practice, and to use in daily life, because of the Importance of the Soul that is within each human being.

Mankind must understand the Communication is important. Just as it is important for man to talk to man, it is important for man to understand that his or her Soul is in constant Communication to The Father, and every act, every thought,

**every intention has an immediate Connection of Communication that mankind finds it difficult to accept, to believe, or to understand.**

**I will say no more at this time, but *the little one* through whom We All speak knows I will return for more to be spoken. So be it.”**

## GOD THE FATHER

**“The world of mankind is constantly working in areas of moral destruction, not based on ignorance to sound moral values and standards, but defiance based on egoism, jealousies, and a deliberate attraction and continuous practice of everything that is termed ‘moral decay’. All the organized definitions of Spiritual logic and order to what mankind should base every thought, word, deed and action, are being cast into indefinable changes, excuses, and rejection of God’s Commandments, Which are Mine.**

**Mankind accepts the laws of society because there is a punishment of some sort or degree if a law is broken and/or some crime against the flesh, or properties are abused, destroyed and/or stolen.**

**What about the Precious Gift of human life that is worth more than any other thing in the entire world? Why is this not seen as the Most, the Greatest Treasure mankind has, irregardless**

**of what obscenities, and/or diabolical practices others are involved in?**

**Let us take a look at what a Great Gift My Commandments are, and how important They are to every facet of human life.**

**First, just knowing that there is a Divine Being that controls the whole universe should be the basis for wanting to not just please This Controller that obviously has such Great Power, but to automatically obey The Laws out of an innate fear of being punished.**

**Man's laws are based on God's Laws, and man's laws are fortunate to have such a Foundation for life as a human being. Mankind ignores These Commandments such as:**

***Thou Shalt Not Kill***

***Thou Shalt Not Steal***

***Thou Shalt Not Commit  
Adultery***

***Thou Shalt Not Bear False  
Witness Against Thy Neighbor***

***Remember, Keep Holy The  
Sabbath Day***

**I speak many times through This Gift of My Personal Love for mankind. There has been so much Instruction, not just in a Teaching Format, but to instill in mankind the logic of moral values and standards in which I have lovingly given in many forms, so that mankind can realize the privilege it is to be conceived and born into a world wherein mankind has the opportunity to one day return his and/or her Soul to Me, to be with Me Forever. By this very togetherness, it means that mankind will share so much Beauty, Love and Special Privileges for All Eternity.”**

**JANUARY 4, 1997 AT 9:35 A.M.**

**GOD THE FATHER**

**“The enemy of Mine and man’s refuses to accept the Magnitude of This Miracle as an Archenemy to him, because throughout the world he is not just encouraging men, women and children to act and follow all that is against Me, but deliberately using all sources and forces to encourage mankind of all degrees of intelligence to be unjust, uncaring, and follow what pleases their deepest feelings of impure thoughts, words and actions, because he is after their Souls that are subjected to what the human side acts in and for.**

**This Miracle is a Miracle of My Love and My Direction. I will not allow It to be cast aside as so many are doing. It must become a Prominent Figure of Instruction to awaken mankind before many are lost to the evil enemy that is jealous of all that is good, pure, and dedicated to Me.**

**The world of mankind is in turmoil because of so much evil that**

**mankind is becoming accustomed to in high places of positions.**

**There are many men, even women, who at one time used purity as their way of thinking, acting, living, but they have succumbed to the enticement of a so-called ‘freethinking’ acting, attitude, and way of life.**

**This Miracle is not designed by this *little one* I use. It is Mine and I am in Full Control.”**

JANUARY 9, 1997 AT 12:50 P.M.

## GOD THE FATHER

**“M**ankind constantly searches for a higher life, a greater reason for mankind’s desire for knowledge, progress, good health and personal happiness. Through This Miracle of Divine Love, I have Personally given to mankind an Exorbitant Gift of the Importance of human life and the Goal I have for it. I use *a small voice, a small figure*, a nature dedicated to The Divine, not always obvious to all people, but all through *this life*, I created men, women and children who many times questioned her attitude regarding Me, because to them, this emphasized what was spoken, shown, or obvious, as a point of conversation automatically would reflect more about Me than the subject matter contained.

The world has been Blessed and it is obvious, but I see so many, through jealousy, human indifference, disregard the Content, What is spoken by her, through her, and What is written to learn more about Me and

**the Importance I place on human life I created.**

**I have given mankind many senses, many talents, many degrees of intelligence, and the ability to recognize that The Designer of all these things is a Higher Source of not just Knowledge, but with the Ability to create beyond what mankind is capable of doing.**

**I hold the universe in place, for I have created it for reasons. I see mankind using different degrees of intellect to more fully understand this magnificent Gift that is beyond human ability.**

**I love mankind above all things, and in My Love, I have placed a Portion of Me. Through This Gift through *a small child* in the world, I have instructed mankind in so many ways, to fully understand that mankind is a Design of Mine that I Will to return to Me, because I Will That Portion of Me, the Soul, to one day again be with Me, bearing the name of the individual in which the Soul will one day represent that individual for All Eternity.”**

JANUARY 10, 1997 AT 8:45 A.M.

## GOD THE FATHER

**“Man offers no sound reasoning for his dismissal of This Miracle of My Divine Love. Why? Because it sounds too simple, too much like a human being would think and/or instruct others.**

**Why would I speak in a demeanor or words that would not be understandable to all of mankind? It would not be realistic to speak in terms that only The Saints would understand or be able to cope with.**

**This Miracle of My Divine Love must be scattered throughout the world, not just sent to individuals who feel they have the insight, intellect and/or Spiritual knowledge to discern All I Am, All I Am About, and How I Would Speak to mankind through *a small voice*, but *an obedient human voice*.**

**All this negativism regarding This Gift of My Divine Love must cease, and mankind must stop allowing the humanism so acceptable by My enemy and man’s enemy, to interfere with My**

**Love for My Souls. They are My Souls  
because They are a Part, a Portion of  
What I Am, Who I Am.**

**Let This Lesson Go  
Throughout The World.”**

**JANUARY 13, 1997 AT 2:36 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. What I have to say is of the utmost importance.**

**So many men and women who at one time dedicated their lifestyle to a particular Order under the Name of a Saint or some religious organization, no longer follow the rules of these organizations because of personal despair or personal reasons, in which they felt their life in this group, in this Order, was not being fulfilled to the degree spiritually that they were so sure would happen to them.**

**It is important for the world to understand that dedication to God can be in many walks of life, because the best and most fruitful dedication is practiced by being constantly aware of the necessity for purity of mind and body, with the Soul in mind at all times.**

**It is sad there is so little spoken or instructed on the Soul that is in each human life. There are so few who understand this Divine Gift that each**

**human life is entrusted with, and that each one does not understand that the Soul is many times the Portion of human life that helps the individual mentally, physically, emotionally, spiritually.**

**So many men, women and children reject, ignore and/or doubt that God would instill at the moment of conception a Living Portion of Himself, so that human life would have a constant awareness of sound moral values, sound moral standards, and have a personal dedication to belief and practice of what God's Commandments gave, so that mankind would have the Ground Rules for the Soul that is within each human being. If there were no Commandments, mankind would only have the opinions of other human beings, and these opinions would change as generations would come about.**

**The Father left no open space for mankind to not understand that He is present at all times, and all down through time He would instruct some form of Enlightenment, so that generations would not be left without some type of Instruction, Information,**

**that would show He was Ever Present at that time.**

**Children are not being taught the importance of communication at least once a day. We hear excuses that time is so filled with this or that situation, practice, constantly eliminating the necessity for communication with The Divine. If you were to take a count at this moment and ask one thousand people if they practiced that day, some form of remembering to say a prayer, you would find many who would have to say: 'I'm out of practice. I know I should do it, but life is so hectic, I forget.'**

**The world is in much chaos, because so many who are fanatical are shouting prayers for attention, for monetary means. It is important that mankind of all ages be reminded that the Soul within each life is Personal to The Father, and that the individual is responsible for this Soul presented at the moment of conception, because this Soul is the Guide, the Guardian, the Connection between an individual and God. So be it."**

JANUARY 13, 1997 AT 3:30 P.M.

## GOD THE FATHER

**“I am God The Father. I have given to mankind a Blessing of Mine. By This Blessing, I mean that I deliver Personally, Directly, through *a small voice*, My Love to mankind. All I have thus far given is to make mankind aware of My Presence, My Love, and the Importance mankind is to Me, the Love I have for it, because as I have said, I designed mankind to be the custodian of a Portion of Me. It is called ‘a Soul’.**

**I hear many learned men and women discussing What I deliver through This Gift of Mine. I hear doubts, I hear anger, I hear jealousy in a form that displeases Me. I sent a Portion of Me to the earth a long time ago. He was called ‘The Son of God’. Down through time millions have believed in This Gift of Mine, This Love I shared with mankind.**

**I have at other times given to mankind certain Messages to enlighten them, to encourage them, to more fully understand that human life is Special,**

**it is Important, it has a Goal beyond what human life can fully understand.**

**Think about this: In some of My Creations, I created them for reasons that were to give life, strength, food, to help the human life that bears a Portion of Me, the Soul. Most things I have created need a substance to gain strength from; some may call it 'food'. Everything I have created has reason, purpose.**

**Mankind, the human life that I hold so dear is Special, because I give each human life abilities, encouragement, understanding, degrees of intelligence, so that each one will feel that they were created for a Reason, a Purpose by Me, and if they were created by Me, then they are a Special Creation to My Image and Likeness. I hear some say, 'God does not look like a man.' This is true, but My Love for mankind sent to the earth a Portion of Myself, called 'The Son of God', so that mankind could relate more closely to What I Am, Who I Am, and that My Love is within mankind by way of the Soul, a Portion of Me that I desire all of mankind to return to Me in a State of Purity.**

**Since the beginning of Creation, mankind has developed in stages. Today as I speak through *a small one* in the world, mankind must understand that I use *a voice* so that mankind can feel the Association, a Connection, allowing What I am saying to give Strength, Hope, Understanding, Instruction, Direction, for mankind to be able to follow in a logical way, and understand morally, mentally, that they are closely connected to Me through the Soul that must return to Me one day.**

**It is sad to say that some men, women and even children find being so closely associated with Me is difficult, because they are limited in their actions, thoughts, mentalities. It is important that This Miracle of Mine alert mankind to what a Precious Gift human life is, the Importance of it, the Reason for it, and that it is a Gift of My Divine Love that I share so much with every human being.**

**I share intellect, understanding, motivation, interest, others' lives. I share Love that I share with no other living thing. I share the Goal for which I created human life, and that is to return the Soul, a Portion of Me,**

**at the time I request it to be done. I want mankind to see what a Great Gift of Divine Love human life is, and how this can be used in so many ways for happiness, joy, and time to practice all that is good, so that when the Soul is returned to Me, the Soul will respond openly as representing the individual in whom I placed It at the moment of conception.**

**My Love is Boundless, Endless, and no one is aware of All I Am, What I Am, but mankind has been given so much to be able to relate to Me, the Importance of human life and the Goal for which I created it. I add one thing: I, your Father, your Creator, enjoy all communication you take time to have with Me.”**

JANUARY 13, 1997 AT 4:21 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. I oftentimes speak in a very natural conversational manner through this *little one* The Father has chosen to reach mankind in a Personal Way, a Loving Way, and a manner in which so much can be taught, instructed, through the Words that are written for mankind to read and to follow.**

**Throughout the world mankind finds little sound instruction on the Importance of human life. True, much emphasis is placed on the physical, and there is much placed on the mental, dealing with certain subject matter, but there is very little spoken about the Soul. In some ways the Soul is not recognized as being a Portion of human life. In some ways mankind has modernized communication with The Father, making it a one-to-one basis of communication, ignoring Who he or she is speaking to, or requesting something of.**

**Mankind has lost respect for sound Spiritual facts, reasoning.**

**Mankind is practicing humanism, placing so much emphasis on human ideas, interpretations, and facts that he or she can relate to. Dignity in loving God has in many ways been ignored. Humanism has a transparency in it that makes man's belief and understanding in The Divine, 'common' to how mankind relates to God. There is little emphasis on moral values, moral standards, moral truths, moral practices. Immorality is so acceptable. Immorality is to so many men, women and children a way of life, totally ignoring The Commandments of The Father.**

**Now, as it has been written down through the centuries, a man named 'Moses' was given The Father's Commandments firsthand. These Commandments were not concise. They were given in a form of explanation, in an in-depth meaning to each one, covering many areas of human life, human behavior, human intentions, human practices, human integrity, human morality and immoralities.**

**This Gift that so much is being spoken through, so much Instruction deliberately emphasizing the Importance of human life, the**

**Importance of the Soul in each human life, must never be cast aside, ignored, or forgotten.**

**This Miracle of Divine Love is a Miracle of Instruction for the benefit of every living human being's Soul throughout the world. Language must never be a barrier, rejection must never be a barrier, foul play must never be a barrier, ignorance must never be a barrier, immorality must never be a barrier.**

**Today if you were to question one hundred people and ask their interpretation of The Father's Commandments, you would find personal opinions, interpretations that suited their way of life, or in many cases, a total lack of knowledge of what God's Commandments were truly all about, Their full definition, and the importance of These Commandments to the Soul of every living human being.**

**We hear so many improper accusations against This Gift that bears My Name, This Gift of Divine Love. We hear deliberate ignorance to how and why These Commandments are not for this time; They were for the times in the**

**past. When We say the world has been Blessed by This Miracle, We hear many doubt that It is true, sometimes out of jealousy, sometimes out of ignorance, sometimes out of social practices that defy All that The Commandments are about. God's Commandments were not given for just the time in which They were first given, and They were given to a man called 'Moses' in an In-depth Measure of Meaning of Each One.**

**At 'this time', This Miracle of Divine Love has been given to the whole world, to reiterate All of the Important Events in the past that meant for each human being to more fully understand what a Precious Gift human life is to man.**

**Ignoring All that has been written does not mean that an individual or individuals are excused because of their rejection. It is important for mankind to value 'this time', absorb All that is given, and share It with millions of others, because of the Importance of the Souls that have no way of being present when These Messages are delivered. Everyone who has the privilege of hearing Them firsthand, and being a portion of spreading Them**

**throughout the world, will be Blessed in ways inconceivable.**

**Let Me put it this way: You are hungry and someone gives you food to nourish your body, and suddenly someone approaches who you see visibly are in much need of food. How could you refuse them the sharing? So it is with This Miracle of Divine Love. It must be shared, because throughout the world there are millions of men, women and children starving for What is being given here firsthand, through This Miracle of Divine Love. So be it.”**

**JANUARY 14, 1997 AT 2:34 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**The Father has given a Gift of Instruction to all of mankind. The Father has given to mankind as The Instructor, The Beloved Saint Joseph, Who in reality is The Holy Spirit of The Father.**

**Mankind finds it difficult to conceive that The Holy Spirit of The Father would also bear a human name, but what mankind often forgets is that mankind can more easily associate a human name with such an Event, such an Occurrence. To just say to mankind, ‘The Holy Spirit of The Father will talk to you now,’ would put a different manner of acceptance, because mankind is realistic, and can only associate a conversation or words coming from one such as he knows. Only a human role would be acceptable.**

**The Father has handed to mankind a Miracle of Great Distinction, a Miracle of Importance beyond what**

**mankind is used to participating in or hearing from.**

**Mankind is a Special Design, because mankind is the only species of life that has been gifted with intellect, sensitivities, senses, communication, and more.**

**The world has been given a Gift beyond what human life can fully understand, and This Gift is The Father's Personal Communication through *a human voice* that extends to mankind only What The Father Wills mankind to learn, to better understand, and to be able to use for the benefit of the Soul that every human life has at the moment of conception.**

**We hear men and women arguing defensively that This Miracle cannot be what The Father says It is, because The Father would not choose a mere human being to relay to mankind so many Important Facts. The world is saturated with so many men, women and children who are not receiving the proper instruction regarding the Importance of human life, the Goal for which it was designed, and the Love in which it was designed.**

**Let us go now and board a vessel, a ship, and as we are far out in the waters, many aboard this ship have lived lives of total desecration to the Soul, and yet they have the same fears as others aboard this ship who have used prayer as a strength, and even some who have dedicated their lives to service to God by using what they know to help others better understand, more fully understand that human life has a Goal.**

**We see men, women and children studying, practicing in many talents that they possess, striving to become proficient, exceptional for their own pleasures, own satisfaction, and/or use it to please others. Mankind's thoughts, ideas, ideals, goals are numerous, and granted, failure sometimes devastates an individual, but courage to strive to accomplish something else, or even the same thing they failed at, bespeaks a healthy attitude.**

**The ship, the vessel, is not always a way of being moved from one place to another. Many times just the human faculties of being able to walk is oftentimes the most expedient means used to remove one's self from an area, a place, a situation that causes the**

**individual or individuals to partake in what is impure for the Soul.**

**There are so many subjects, so many avenues in which mankind is involved, so many areas of life that every individual is subjected to voluntarily or involuntarily, but the one thing that every human being must understand, must never forget, is that man was born with 'a will'. Man was born with the ability to choose right over wrong, purity over impurity, love over hate.**

**So Many Saints have spoken through This Gift of The Father's, called '*The Miracle Of Saint Joseph*'. This Title is Very Important because It automatically gives Strength to What is spoken, Courage, Hope, and It also allows everyone to recognize that as He was pictured as a human being, The Father of The Son of God, The Husband of The Mother of God, This Miracle was meant to give Strength, because of the Importance in which Saint Joseph was so obviously a Tower of Strength in many areas of Importance."**

JANUARY 17, 1997 AT 12:48 P.M.

SAINT COLUMBKILLE

**“I am Saint Columbkille.**

**When The Son of The Father walked the earth, He was not immediately recognized for Who He was, or was He accepted by many. When He began to teach as a young man, some came to hear Him out of curiosity, others were totally dismayed by What He said, how He said it.**

**As He gathered more and more, listening to the Lessons pour forth that related to their lives, the Purpose for their lives, and the Goal for which they were born, many found it difficult to believe, to accept, and yet, within them they said: ‘It is not a normal way of life as I know normal to be, but what makes Him different? I hear what He says as Wisdom, not just speech. I see the Countenance on His Face, the behavior of His Actions, the mood of His Intentions, and all these things make me separate Him from all other men.’**

**Today The Father has chosen another Time such as This, a Time**

of Instruction, making, encouraging mankind to be aware of the Importance that human life is and has; also, that human life has a dignity beyond all other creations, a sense of judgment, but also an in-depth understanding that to have all these qualities is evidenced by These Words: that mankind will face a Judgment. The Judgment will obviously be Just, and have a definite reason for it, because Judgment says there is a right and a wrong to be looked at indepthly, and that Judgment says there will be a definite purpose in mind, also an active Judgment that mankind must see as the result of his or her moral values, moral standards, and belief in a Higher Authority.

If there were no Higher Authority to be responsible to, mankind would have no reason to be just, honest, sincere, because there would be no Goal to human life, no Reason to use reason on all subjects, all decisions, all areas.

The Father Blessed mankind many times down through time with Specific Events, and with Specific Individuals Who were given the Responsibilities necessary to be able

to hand to others the Importance of human life, and how closely it was associated with The Father; also, His Love for it, and the Goal for which He would one day Judge every individual because of the Soul that is within each human life as a Portion of Him.

Many times We hear man say to another one, '*God bless you.*' It is a happiness to Us when We hear this, because even though it is said in the form of a habit, it is an open statement of belief that registers to everyone who hears it. It creates a link of recognition, a link of commitment, and a link that reminds each one who hears it that God is present, and God hears every word every individual says, practices.

It is important for mankind to read All that has passed through This Special Gift, called '*The Miracle Of Saint Joseph*', because in reading, it registers in the human mind the importance of a subject. And that is why it is important for mankind to eliminate all that is evil, impure, immoral in whatever they read, because reading a subject leaves an indelible mark, just as hearing it spoken leaves an indelible mark.

**It is important that mankind never reject what is logical, beneficial, for the purity of their mind, their body, because of the Soul that is within each human life that belongs to The Father, because It is a Portion of Him.”**

**JANUARY 17, 1997 AT 2:15 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. Today I am coming to speak in a Personal Way to all of mankind, all ages, all cultures, all creeds, and all those who claim that they do not believe in The Creator of All Things.**

**My Love radiates to you in a Manner and a Way that no man, woman or child could fully understand, because My Love is Divine, and in this Manner of Close Association, It is Deeper, Greater than human love can possibly comprehend or understand.**

**The Father has given to mankind This Gift of Divine Love, This Miracle of Instruction that speaks to mankind on important subjects, important issues, in a Personal Form, Way. Mankind must understand that human life was designed by The Father, and that human life bears within it a Personal Gift of His Divine Love, the Soul.**

**We hear some say, ‘What is a Soul?’ The easiest explanation for this is to express it thusly: God’s Soul is a**

**Divine Love, that when It is instilled in a human life, It never allows the life to be alone. There can be no desolation because the Soul is Divine, and the Soul is to be returned to Him at a given time, bearing the name of the one in whom It was given at the moment of conception.**

**The world is in great need of learning more about sound Spiritual reality, and the closeness that mankind has to The Divine, because of the Soul that never leaves the individual in whom It is placed at the moment of conception, until it is time. The world does not understand the Magnitude of human life, the Greatness that this Gift is to everyone who is born as man or woman, because you see, it is the only life, the only living thing that bears a Portion of The Father for the lifetime of that individual, and then It returns to The Father, representing the one in whom It was given at a special moment in time.**

**Small children are not being instructed on this Gift they have that is Special, because this Gift is so close to The Creator of All Things, that there can be no Greater Gift than This is, to be protected all the time. We hear men,**

women and children of all ages cry over a lost item, or a disappointment on something material, but We never hear tears of sadness regarding the Soul that has been neglected or deprived of being treated with love.

The world is in chaos, because mankind has and is ignoring the Importance of human life, and the Goal for which it was first created. The Goal must be remembered and spoken about, so that this will trigger more understanding for the reasons mankind must be more aware of the Importance of human life, and follow God's Commandments to the letter, not in Their brief form.

This Gift of Divine Love that is giving to mankind so much Instruction, must help others to understand the detail in God's Commandments, and help them to avoid sinning in any way, because of the Soul that is the recipient of every act, every thought, every word an individual performs.

Do not forget What I have spoken. Do not ignore My Words. They are given to mankind not just to instruct, but to encourage mankind to live each moment aware of being the

**custodian of a Portion of God, and that this Soul is the recipient of every act, deed, word, motion, thought, that an individual is capable of doing, partaking in. So be it.”**

**JANUARY 27, 1997 AT 1:50 P.M.**

## **THE SACRED HEART**

**“I am The Sacred Heart. When I hear a child of any age speak to My Heart, My Heart listens, because through My Heart, through My Love, I have created all things.**

**As time goes on, as years are numbered, mankind oftentimes omits the Importance of My Presence, My Intercession, My Love, because mankind says, ‘I cannot see The Heavenly Father, I cannot hear His Heart beat.’ Let Me describe it this way: With every beat of your heart, I am The Controller. With every sense of justice you express, it is similar to My Justice, because I instill justice into every human life I have created, and those to come.**

**I hear mankind say, ‘I love You with all my heart.’ I, your Father say, ‘I love you and My Heart beats with your heart, because I want you to remember that The One Who created you is joined with you through the beat of a heart.’**

**M**ankind puts so much emphasis on expressing what is important in physical ways, material ways, educational ways, but I hear very few speak about the Importance of why I created mankind, and that in mankind I instilled in this Creation of Mine, a noticeable act of living matter, so that mankind could see the responsibility of life and innately understand that the heart, though it is important to the human life, it is important because it alerts mankind to a Higher Being, a Creator, Who I Am, and mankind must understand that though the heart is connected to a word called 'love', there is more to My Sacred Heart than My Love for mankind.

**M**y Heart beats with and for mankind to understand that life does not end, it will continue through the beat of My Heart Forever. So be it."

**JANUARY 28, 1997 AT 12:40 P.M.**

**GOD THE FATHER**

**“Who Am I?**

**What Am I?**

**I Am an Indescribable Entity  
of Power, Knowledge, Love,  
Hope, Direction.**

**I Am The Creator of All  
Things.**

**I Am The Builder of All that I  
Will to share with mankind.**

**Mankind was created by Me. I gave an intellect, senses, and an understanding that human life was created to one day share a Place with Me Above and Beyond what they can imagine, and/or mentally determine, and/or understand in the Greatness It is and how close It is to Me in so many areas, that mankind through his or her Soul will live with Me in a Manner, Degree and Way, that at this time mankind does not have the mental or physical ability to perceive.**

**I desire men, women and children  
of all races, colors and creeds to use**

**what is pure, what is sound, what is logical, and practice it in all walks of life, in all ages of human life, because each individual I allow to be born has the Gift of My Divine Love to cling to, to be protected by, and to one day be represented Here with Me, and that is the Soul I placed at the moment of conception.”**

**JANUARY 29, 1997 AT 1:29 P.M.**

**SAINT FRANCIS OF ASSISI**

**“I am Saint Francis of Assisi.**

**Much jealousy surrounds This Miracle that delivers to the whole world so much Direction, and so much clarification on important issues pertaining to what mankind has been so generously granted by The Father, and that is to have the Gift of His Divine Love in the form of a Soul, because It is a Portion of Him.**

**We find many who cannot accept This Message, This Information, because they are blinded by the fact that it has never been revealed in such a Manner before this time, and many who hear of This Miracle of The Father’s Love tend to defy What is spoken and defend a lesser understanding of the Generosity of The Father.**

**Small children should be taught more about the importance of communication with The Divine through prayer, through acknowledging the Existence of Heaven, Its Purpose,**

and It being the Goal for all human life.

**W**e hear arguments, ridiculous definitions and callous remarks when certain ones hear of This Miracle of The Father's Love, that so clearly states the advantages mankind has over all other matter, means, of other living things. Human life has been gifted with intellect, sight, understanding, and the ability to believe in a Higher Being. Why so many deny that God Exists is a sadness, and a deliberate attack against the Love The Father has for this Creation of His.

**T**his Gift of Divine Love, This Miracle of Instruction, has quietly, deliberately, intentionally been given to mankind so that mankind will be more able to understand that human life is more than mankind thinks it to be. It is beyond what it appears to be, because of the Soul that is within each individual.

**M**any times We hear men, women and children deny the reality that within them there is a Special Being, because they cannot see It, they say they cannot feel It, but this in some ways is not true. The very fact that

mankind has been given the ability to choose right over wrong, good over evil, truth over untruth, fact over fiction, is evidence enough that mankind has within them an innate understanding of being a Special form, Type of creation higher than all other living things, different than all other living things; plus, the very fact that an individual has the ability to make decisions on all subjects they are confronted with, puts mankind in a category greater than all other living things.

**M**ankind has been privileged through This Gift of The Father's to become aware of the importance of justice, truth, decency, purity of mind, body and Soul. No other living thing is capable of making choices on these things.

**T**he world has been Blessed, but mankind has been Blessed with the ability to accept that mankind was made to the Image and Likeness of God.

**I** could speak endlessly on this subject because of the Importance of human life, and the Goal for which The Father has given to it, and that each

**human being should never ignore or reject the Fact, the Truth, the Reality that there is a Goal beyond what human beings can fully comprehend, and this Goal is a Goal that gives to every human being a Place to be with The Holy Trinity Forever.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind must understand that The Father, in His Love for mankind, never allows mankind to be alone. The world at this time is in a great moral chaos. Immorality is prevalent throughout the world, because The Commandments of God have been set aside and are never mentioned.**

**How difficult it must be for mankind not having These Rules for life openly present to their eyes, reminding them the importance of Them, and the Reason for which They were given in lengthy detail to a man a long time ago. True, They are in print and available in some places, but for the most part, the print is not describing the full meaning of each Commandment. The conciseness leaves out the full meaning, the full description in which each Commandment was truly given and instructed at a given time, for all of mankind from that time on.**

**Let us take one of The Commandments: *‘I Am The Lord Thy***

***God; Thou Shalt Not Have strange gods Before Me.*** As you read this, do you fully understand how much, how many things does mankind treat Godlike? If you think in a sound way, you will find that mankind holds material things as not just a necessity, but as a goal for being successful, being happy.

**Another Statement** that should be looked at indepthly, and that is: How many people throughout the world see These Words in the full meaning They were meant to deliver? There are so many areas of life that men, women and children use to replace their feeling about The Father: financial gain, personal importance, and also, immoral values, immoral standards.

**There is another Commandment** that in its brief form says: *'Thou Shalt Not Commit Adultery.'* It is sad that so many ignore the full meaning of this Commandment. It is somehow placed in a oneness of category, when adultery covers many actions of life, many sinful emotions and motions.

**Children** are not being instructed properly on the importance of this Commandment, its full definition, because adults or those in charge

of children sometimes find it embarrassing to speak about this subject, ignoring the fact that this subject covers many areas of life, many abuses in life.

**M**orality is not a subject that is important. For the most part, it is rarely discussed because of so much acceptance of what is immoral. Acceptance does not justify the immorality prevalent in so many areas, in so many ages, that immorality has become a way of life, ignoring the fact that it is abusive in many ways, mentally, physically, spiritually.

*This Miracle Of The Beloved Saint Joseph* has been given to the world to instruct all ages, on all areas of what human life is all about, and the importance of every human being fully understanding that God Himself gave to mankind The Rules to live by, so that mankind would understand his or her closeness to God, and that to displease God would only please the enemy of God and man.

**H**uman life is a Gift of Divine Love. It is logical for mankind to believe this, because The Father Himself gave to mankind a Portion of

**Himself, called ‘The Son of God’, and a Woman, called ‘The Heavenly Mother’, Who it was described as being ‘The Mother of The Son of God’; and then The Spirit of God placed within this Gift — a Foster Father — which openly says that The Father of The Son of God had to be God Himself.**

**Difficult for some theologians to accept openly, but their resistance to seeing It so plainly written, so plainly explained, should not in any way diminish the Facts, or the Great Love The Father had, giving to mankind the importance of family life, and the importance of understanding that every human being is a Creation of The Father, and within them they have a Portion of Him, called ‘the Soul’. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The world has been Blessed with The Father’s Love, because of This Gift of His Divine Love that has been for a long time. As years pass, as time passes, The Father has allowed Many to speak in an instructive manner, way, dialogue, to the whole world of mankind, informing them of the Importance of the Soul that no living human being is without.**

**At the moment of conception a Soul is placed, so the Soul at that moment on gives to human life a distinction that no other living thing has. It is sad when We hear supposedly very learned people of all ages, all backgrounds, openly declare a rejection to This Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’.**

**As Saint Joseph is truly The Holy Spirit of The Father, and mankind is learning This in an in-depth manner, mankind should give thanks for the Confirmation of This Beloved Saint’s**

**True Existence.** There are many men and women who desperately deny that this is a Fact, this is Truth, because in their own way the humanism that they accept puts other things in a category of humanism that do not belong there.

**There** has been so much delivered through This Precious Gift of The Father's Love, so much revealed, enlightening mankind on the Importance of human life, and the Goal for which it was created.

**We** hear so many men, women and children talk about God, but they put this point of conversation into a descriptive form, wherein they do not see what a closeness they have with This Creator of All Things, thus allowing them to practice all sorts, all degrees of actions that allow them to do things that are basically impure, because they do not feel that they are accountable, due to their humanism, thus denying that they have within them a Portion of The Father, justifying all human feelings, actions, interpretations, and so-called 'privileges'.

**The** world at this time is in many ways like it was before Christianity

became well known. There is so much diabolical practice, entertainment, beliefs, indulgence. It is sad, but it is time that mankind learn and then accept firmly, with commitment, that human life is a privilege, and has a Specific Goal of Importance that no other living thing has.

There has been so much Personal Instruction through This Miracle of Divine Love, not just encouraging, but enlightening mankind on the privilege that mankind has, as a Gift from The Father, because through this Gift there is Strength that nothing else could give.

The mentality of man could not compare to what the Soul is, constantly helping an individual to understand what is right, what is good, what is favorable to The Father. The Soul is the Connecting Link between The Creator of All Things and human life.

When an individual says, 'I will pray for you,' it means that that individual is going to seek the aid, the help from The Father, from God Himself, to intercede where nothing else, or no one else could possibly be the strength or the means to, at that

**time, cause what is good, what is helpful, to happen.**

**The world of mankind in many ways ignores Great Blessings because of so much distraction, so much personal opinion, and so much personal weakness morally, mentally, spiritually.**

**Love to mankind means something special. It has a security in it, a closeness. Mankind must understand that there is no Greater Love than the Love that is instilled at the moment of conception, because in the birth there is an immediate sign that human life is Special.**

**It is obvious by the very look into the face of a child who cannot speak, really cannot see or communicate in any way, other than perhaps to show a little disturbance for some unknown reason that the physical responds to, but mankind must always remember the Soul is in a Pure State of Being at every conception of a human being. So be it."**

**FEBRUARY 13, 1997 AT 2:35 P.M.**

**SAINT BARBARA**

**“I am Saint Barbara.**

**The Father has granted a Great Gift to the whole world of mankind, a Gift of Instruction, a Gift of Promise, a Gift of Love. There is no place throughout the whole world that so much Personal Love is dictated at this time.**

**When This Gift of The Father’s began a long time ago according to man’s years, It was to give to mankind a Personal Association, understanding of how The Father loves mankind, and in This Love He was ready to give much Direction, much Information.**

**When mankind hears of something being a Revelation, he or she automatically sees what is going to be done as being out of the ordinary, being something that would have to be understood by highly intellectual minds, because the word ‘Revelation’ sometimes, to some people, would refer to a Great Event beyond human comprehension, allowing only a certain group, type, to understand It. This**

**Gift of The Father's has instructed mankind in such simple language, the Importance of human life, and the Goal for which He created it.**

**It is true, you live in a time wherein much immorality takes place in all age groups, and you live in a time where The Commandments of The Father are not just ignored, but never spoken about, never considered. This Gift of so much Instruction must be passed throughout the world to all races, all creeds of human life.**

**We hear so many who hear about This Gift immediately deny It, and say that a Happening like This is not possible. First of all, It is too simple in Content, and it is not possible for so Many of Us to speak. They insist that if The Father gives to the world a Gift of This Dimension, and for such an Important Purpose, it would be on one subject, one area of man's life, and not cover so many areas in depth.**

**The Purpose of This Specific Gift, This Special Gift of The Father's Love, was to give all personalities, all natures, all degrees of intellect, Information, Instruction that would encourage them to see the Value of**

**human life, the Importance of human life, and the Goal for which it was created.**

**We see children in all places throughout the world, not learning about what their life is to accomplish morally, spiritually and physically. We hear so much emphasis on education, but in many areas the education is directed to subject matter that never mentions the Importance of the Soul that every human being is responsible for, and responsible to.**

**The world is in moral chaos and it is getting worse than ever before, because during the times in past History mankind was adapted to the period of time in which they lived, and their knowledge was according to what was important at that time. This time in which you live there are very few restrictions on what should not be learned, because in reality the world has opened up, mankind has integrated physically, emotionally, verbally, psychologically, medically, educationally.**

**So as We look at the world of mankind now, mankind is not isolated in sections allowing only heritage to be**

the point of acceptance, but as We see mankind integrated throughout the world, it is important that mankind understand that sound moral values, sound moral standards, must be based on God's Commandments in Their fullest degree, because of the Souls that are accountable to The Father for the lives of those in whom They were placed at the moment of conception.

**B**ecause of the major integration, heritage is also an important issue, but each heritage is, at this time, joined in many ways, and the Goal for all of mankind must be more solidly understandable, that no matter what race, what color, mankind is equal in the Importance of reaching for Sainthood.

**W**hat I have just spoken is of Great Importance, because It has been given with a deep Love and Understanding, that as the world has become so one, mankind must understand that this places much Importance on the Goal for which human life was intended to reach.”

**FEBRUARY 14, 1997 AT 1:09 P.M.**

**SAINT CHARLES BORROMEIO**

**“I am Saint Charles Borromeo. It is important that the world be saturated with What The Father has delivered, and allowed Others of Us Here to deliver to mankind for the benefit of Souls that, without Our Words, many Souls could become lost to the enemy of God and man.**

**Never allow rejection to stop the progress of All Words from Here to travel throughout the world, because Our Words are not just Words of Comfort, but Words of Sound Direction because of the Importance of human life and the Goal for which it was created.**

**We see so many small children, not neglected materially, but neglected regarding their understanding of the Importance of human life, and the Goal for which it was created. We hear all ages shout to others to accomplish winning at all kinds of games, sports. We should be hearing much encouragement for children to understand the Importance of life,**

what a Treasure it is, and that it has a Goal beyond any goal that mankind can achieve in the physical form.

We hear much discussion on sportsmanship, and the different degrees in which individuals are capable of. This Miracle of Divine Love was designed by The Father to instruct mankind of all ages on the Importance of human life and the Goal for which it was designed, and that is Sainthood.

Mankind in many religious circles has never been instructed in such a Personal Way, in such a Full Dimension of Meaning as 'this time' in which you live is being done, through What is Titled, *'The Miracle Of Saint Joseph'*.

So much has been written by many men, and some women, regarding the challenges of life, the goals for life, but nothing has ever been written in the Degree that This Gift of Divine Love, that was given to mankind many years back, enlightening mankind on the Goal for which human life was created.

So many times We hear different individuals saying prayers. There is

**no concentration on the meaning of what they are saying, because in the memorization the words have lost the meaning; consequently, prayer is like a duty, rather than taking the time in a personal way, to say things that are personal at that time.**

**Mankind must understand that a formal prayer designed by someone else is good, is necessary, but mankind must understand that every individual has a different association with God, a different degree of understanding. So many times just talking to God is a prayer that is personal, and the individual can be sure that God hears the prayer; also, Anyone Else Here Who is addressed on a subject, a need, hears Their Name and They, too, are ready to respond in a manner that is best at that time for the individual who is taking One of Us in their confidence, and trusting that We are available at any time.**

**Much Divine Love is in This Message, because God has allowed It to be given. So be it.”**

**FEBRUARY 14, 1997 AT 1:56 P.M.**

### **SAINT JOHN THE BAPTIST**

**“I am Saint John The Baptist. I have not openly spoken often mentioning My Name, but I have spoken at different times in what mankind would call ‘personal conversation’.**

**We hear so many throughout the world elaborate on their determinations on the subject ‘doctrine’. It is important for mankind to understand that many things enter the concept of doctrine, due to the fact of language barriers, Spiritual limitations, and the ability to discuss openly, selectively, knowledgeably, on subjects that are not ordinarily discussed in a common form of discussion.**

**The world at this time is in great moral turmoil because of so much that is obviously opposite to what The Commandments of The Father mean in Their full content. Language, of course, helps to play a big difference in interpretation; also, the character of individuals, their background, their interpretation of what they have**

learned and how they individually feel about given subjects.

**We** hear so many different opinions on what a sin consists of, and whether it is a sin or not. A sin often depends upon the background of an individual or individuals, plus the manner in which they were raised; this, of course, meaning their environment. We hear so many very learned people discuss morality, and in each one We do not see just a difference of opinion, but a difference in practice.

**This Gift The Father** has given to the world of so much Personal Association with so Many Saints, and The Father Himself has so generously described to mankind the necessity of purity in the mind, in the speech, in the manner of living, and in association with others.

**We** hear mankind say, 'It is true, we do live in a time worse than Sodom and Gomorrah.' They base this on what they have read, and what the Stories declared to have occurred at that time. This Miracle of The Father's Love has entered the world to help mankind of all ages, all cultures, all degrees of intellect, all types, manners

**of Spiritual aspirations, conditions, beliefs, understanding.**

**It is important that mankind read What has been delivered. We do not say that they will remember Everything, but there are Some Things that will give a strength to individuals morally, physically, emotionally, intellectually, that will encourage them to think more sincerely, more accurately on the Purpose for which human life was designed, and the Goal for which it is to reach.**

**The Father did not say, ‘Now in this part of the world, all who live here will find happiness with Me in Heaven; now, all who live here will find a certain degree, lower perhaps, but they will find happiness, because of the place they came from, where they were born, and where they learned about Me.’ I could go on and on in many of these steps, but the world of mankind is equal in the Eyes of The Father, and every human being will be Judged according to their personal actions, thinking, practices, moral values, moral standards.**

**It is important for mankind to understand there are no favorite**

**places, no favorite groups of people, no favorite in The Father's Love. Each human being is an individual and will be Judged accordingly. So be it."**

## GOD THE FATHER

**“I use a *small voice* to deliver the Words that are not just words, but They are Words of Direction, of Love, Compassion, Hope, Words for mankind to read and then practice.**

**I give to mankind a Gift of Divine Love. I give to mankind the Way to live a life that is pure, that is sound, and that will be the best example for others to find the Beauty in life, the Hope in human life, and the Love I have for it.**

**I am your Heavenly Father. Man says I would not speak. I say, ‘I do, repeatedly, through this *small voice* who stands in the world obedient to My Commands at all times.’**

**Even though it is difficult for men who have learned many things from books, and feel they have the vocation of life to follow in the Footsteps of My Son, they are forgetting one thing: they should look first to the manner in which they think, they act, they instruct, and they develop what I want mankind to understand.**

**M**ankind must understand that human life is a Special Creation of Mine, because within it I placed a Portion of Myself. It is sad when I hear some men, women, and even children say: ‘This cannot be. Why would The Father give a Portion of Himself to me or to anyone else, when we are weak, we are sinful, we are human?’

**I**t is important for mankind to understand This Gift of My Divine Love is because of the Soul I placed within at the moment of conception, the Soul that is a Portion of Me, unseen, and the only time It will be felt totally is at the time your heart no longer beats in the human way, because you see, then My Soul will become evident, and My Love for you, you will see. So be it.”

**“**He said to tell you that while He spoke All the Apostles stood by, Those Who walked with The Son, and said that They would help you every way They could, to understand, when you’re in need, when you’re hurt, when there is a problem that you feel you cannot solve, because They, too, walked the human role, and They understand what it is to live in the life of man.

**There is always hope. Remember this, and remember to not despair, because despair is the playground for the enemy who is always evident there.**

**And that is why This Miracle was given to the world, to encourage mankind to think of hope, because through hope there is Light, and where there is Light the Soul works best, moves faster, and uses the Light to help you think more clearly, more purely, in all decisions you will make.”**

**FEBRUARY 19, 1997 AT 11:56 A.M.**

**GOD THE FATHER**

**“I have given mankind a Blessing. This Blessing can be summed up thusly: It is a Blessing of Instruction based on Truths, Direction, because men, women and children throughout the world are practicing impurities that please only the enemy.**

**In the time now, that This Gift of Mine is so logically delivering to mankind Important Measures, Values, Truths, mankind must see the Value in Each of Them.**

**I have delivered My Words on many subjects, in many ways, always instructing mankind on the Importance of That Portion of Me that I instilled in mankind at a particular time for a Great Reason.**

**Man has been created by Me, to share with Me the Beauty of All that is Here Where I Am.**

**I watch men, women and children instinctively be attracted to beautiful things. Many of these things**

are material, physical, and of course, things that, what man terms 'earthly'.

**I** have given to mankind many Signs down through time, of the Importance of human life. Why would I hand to a creation so much Love, if I did not want that Creation of Mine to be Special, and to have a Goal Greater than any goal that mankind can reach on earth?

**It** is instinctive in mankind to want what is right, what is good, what is beautiful, what is special, what is important. There is no greater thing or place than the One I have waiting for the Souls of mankind, and that is why it is so important that men, women and children recognize and strive for purity of the mind, the body, so that the Soul will represent them as an individual when It is returned to Me at a given time.

**I** hear mankind, all degrees of intelligence, all degrees of Spiritual Faith, not fully understand what a Gift awaits the Soul, because they say they cannot see It, and if It were real they would feel It.

**Let Me** put it in this category: Do you feel a thought or do you think

**it? Do you recognize an idea through your mind, or do you have to feel it is something you must see?**

**Now let Me say it this way: Prayer is important, because in prayer you do not have to say just formal prayers; you can talk to Me directly through your Soul. I am available every moment of every day. There is no time I am not available to you. There is no place you can be that you are not available to Me, and I add to this: there is no love for you greater than My Love for you, because I created you and within you I instilled a Portion of Me.**

**Remember My Words, and when you are tempted to put a scar on this Soul, remember the scar must be erased immediately. So be it.”**

**FEBRUARY 19, 1997 AT 12:58 P.M.**

**SAINT ANDREW**

**“I am Saint Andrew. The Father has requested that mankind receive the following Message:**

**Allow no denial of This Gift of His Divine Love to stop or eliminate What has been delivered through This Gift, and for All that will be delivered, because It is His Divine Love for mankind that should supersede anything that mankind would speak out and say All that has been talked about, spoken, is erroneous.**

**It is sad when All of Us Here see a Gift of such Magnitude, so much Divine Love, be rejected and be claimed by some that It cannot be true. This very statement is the enemy’s defiance, and desire to encourage mankind to ignore What is spoken, because through This Gift of The Father’s Love there has never been so much Personal Direction, Instruction given since the time The Son of God walked the earth.**

**Enemies abound where This Gift is concerned, because so much Truth, Direction has been encouraged for**

**mankind to become aware of That Portion within each one, called 'a Soul'.**

**We hear men and women say, 'It is difficult to believe that so much could be delivered through *one person* by so Many Saints.' What they should be saying is: 'The Importance of All These Messages should travel throughout the world, because of the Importance of Each One that so boldly speaks out against all the things that could be harmful to a Soul or several Souls.'**

**We hear mankind say: 'How can I have a Soul? I cannot feel It. I cannot see It. I do not recognize anything in anyone else that is different. So what is the Soul like? What does It consist of?'**

**As one innately understands that mankind is incapable of creating the universe, and that mankind is limited in so many areas of knowledge, of practice, of understanding, then should not a rational understanding be suitable to believing that there has to be a Supreme Being, and there has to be a Reason for all that is created, and there has to be logic in the abilities that mankind is capable of? Granted,**

some individuals have more types of ability to produce certain things, to act certain ways, and to be superior in knowledge on certain subjects.

So much Love has passed through This Miracle: Personal, Direct, Instructive, God's Love, for this creation of His must understand that human life is Special and has a Goal that is different than all other life.

Mankind has been instructed much on the fact that there is a Creator of All Things, and This Creator is The Judge of every life, and there is a Goal for the Soul of every human being.

Volumes could be written on this subject, more than mankind could ever read, so The Father, through this *small voice, small child*, has in so many ways allowed Many of The Saints to be Part of This Great Miracle of Instruction, of Love of The Father's, that has given to mankind Hope, Direction, that nothing else, no one else could have done in such a Complete Manner, Degree or Way. So be it."

**FEBRUARY 19, 1997 AT 1:34 P.M.**

**SAINT PETER CANISIUS**

**“I am Saint Peter Canisius.**

**Mankind is involved in so many areas of learning, and many of these areas are not supportive of the individual learning the right subjects.**

**Mankind says, ‘I am going to school; I love education,’ but what he or she many times omits is to look into the subject matter and what it contains; that is, is it not just practical, but is it beneficial to one’s mentality or Spiritual means?**

**Mankind has been Blessed with a desire to learn, to teach, to practice, but mankind has also, in many ways, not restricted his or her learning to what is morally sound, morally pure, morally acceptable to God for the benefit of an individual’s Soul.**

**There is so much casualness practiced by so many men, women and children throughout the world. In this casual acceptance, they omit looking for the in-depth meaning of what they**

are entering into or are being involved in.

**The Father has given to the world a Gift, called *'The Miracle Of Saint Joseph'*, and This Gift is One in which The Father has allowed so Many of Us Saints to speak on many subjects, because there is no place throughout the world that is so thoroughly dedicated to the whole person, which includes the Soul of every individual.**

**There is much education available to mankind that is harmful to the Spiritual advancement of an individual or individuals. It blocks out anything that might put a different inflection on the subject; by this, I mean more moral, more beneficial spiritually to the individual or individuals.**

**The Father has given a Miracle of Instruction, Direction, pointing out what is important to every individual living human being, because life is a Gift of Divine Love, and within it there is a Gift of Divine Love. It is sad that this is 'the only place' that mankind is being instructed so fully, so totally, on the Importance of the Soul that man, as an individual, is accountable for, and that this Soul must be protected**

**at all costs, because this Soul is a Portion of The Father, and will be That Part of an individual life that will be Judged at a given time, representing the individual in whom It was placed at the moment of conception.”**

**FEBRUARY 19, 1997 AT 3:07 P.M.**

## **SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. Today as I speak, I want those who are taking My Words in print, to make a promise that they will do everything they can to help All the Words that have passed through This Miracle to pass through the world, for the benefit of the Souls of millions of people.**

**It is important that This Gift of The Father’s Love become known, and that people will be able to read for themselves what is so important for That Portion of their life, their Soul.**

**Men, women and children see daily life in a practical, ‘must be orderly’ way. The order they relate to is the manner in which they live. That is why it is important that All that has been delivered reach people of all ages, all areas, because These Words will automatically give Strength, Hope and Instruction on the importance of understanding in a clear manner of thinking, the Closeness that God is to mankind, and His Love that radiates through All of the Revelations can**

**give not just a form of reading matter, but the full understanding, the full meaning to the Importance of human life and the Goal for which it was created.**

**When mankind wants to advertise a subject, an item, a situation, much energy goes into displaying it, relaying it openly, continuously, so that it will draw attention to its point that it was originally given for.**

**Today at this time, The Father has given to the world a Miracle of Love. The Miracle has many dimensions, many areas in which It is able to reach millions of lives.**

**This Project is not impossible when there is dedication behind it. The Father and Many, Many Saints have delivered so much Encouragement, Direction, for all races, all colors, all creeds to see the Light that will draw them to what they were created for, and that is to return their Soul to The Father, representing the one in whom It was given at the moment of conception.”**

FEBRUARY 20, 1997

## VISION

**I'll tell you what I see. I see three men and they're walking with the fourth Man. The fourth Man is talking and He's smiling, because what He is saying is very important, and He's trying to encourage them to ask questions, but they are so busy listening to what He is saying that they're not thinking of asking questions. And He said to me, "The questions will come later, I am sure."**

**The one man is quite tall and he is, perhaps by nature, the quietest one, but he smiles a lot. The One Who is talking is Our Lord.**

## OUR LORD

**"Mankind must be more open to the Importance of the Gift that will one day stand before The Father in Judgment, representing the individual in whom It was placed at the moment of conception. It is sad when so many find that they desire to please those who are wrong and reject those who are right.**

**It was in the time when I walked the earth, the same way. As I was carrying the Cross the pain was excruciating, but those who walked by My Side, in back of Me, feared to help Me.**

**At this time in which you live, know that as you stand alone, many times it is like the time I stood alone: people caring, but not able to help; people looking, and though tears could be in their eyes, they cannot say what they want to be done.**

**You live in a time of much sadness to Me, because the time in which you live there is much immorality. Very few throughout the world glance at The Commandments, because if they do, they feel they will have to obey in some form and give up what they are doing. The Commandments are the Guidelines, the Truths, the Foundation for everyone born in the way of man.**

**And as mankind greets each day, We hear some quickly say a prayer; some never think of it, even during the day. But some feel that they have fulfilled their duty by a formality they practice in some form, some way, but sometimes this formality is just to**

please themselves, and not done for the reason to help their Soul so It will not fall away.

**M**ankind does not understand the Importance of an individual's Soul, because the Soul does not speak out loud, the Soul does not cry out loud. The Soul is not apparent, but the very honesty of human life, the Importance of human life, the knowledge that there is a right, there is a wrong, should tell mankind that within each life there is Something Special, because mankind's Creation is Special.

**T**he Father, in His Love for mankind, gave mankind Rules, not just one line; He gave Them in the fullest degree that mankind could use. The world is desecrating These Rules in many ways. Mankind is ignoring These Rules in many ways. Mankind does not care. Mankind looks only for what is pleasurable at that moment, what they feel pleases them. It is not always something great, profitable in any way. It is just something selfish. The motives that man sometimes acts openly with, on, for, are based on self-love, self-importance, personality traits that do not allow the reality of value to be seen.

**So much is going on throughout the world. Mankind shows that mankind does not trust Me.**

**I have spoken many times without announcing Myself, through this *little one*, and the individual with whom she is speaking feels that the Words are not hers, but they do not want to believe that the Words, though simple, are constructive, instructive, and basically for the good, the morality.**

**The world is in chaos, and when you leave this place this night, you are leaving with a responsibility, because in your hands you will be carrying the Messages from Us on the importance of many things that you encounter every day of your life.**

**Small children are not being instructed properly on what soundness is in their decisions, the reality of hope, and that hope has responsibility.**

**It is important that the world recognize This Miracle of My Divine Love, and that the world read All the Words that have passed through a *small voice*, because at this moment in your time, there are many Souls being jeopardized by the one in whom They**

are, because of the sinfulness that is occurring.

I am showing *the little one* through whom I speak a crowd of ten. What she is seeing is a horror to her eyes because there is no purity in anyone's mind. Everything is ugly because it pleases only the enemy of man and Mine.

She says, 'Take it away please, my God.' I will, and as I do she pleads with Me to erase it fully, because you see, when something is so indelibly marked into the brain of mankind, it is difficult to erase it.

It is important for mankind to understand This Statement, because purity is important, and the way to reach purity is to follow The Commandments. They were not given for just that time. They were given for all time, all ages of mankind, because without The Rules, without The Guidelines, mankind would be like animals, and this is not why mankind was created.

Mankind was created with a Soul, a Portion of The Father, a Goal beyond any other living thing, a Goal to be remembered by everyone. Man

**reaches for goals in many places in life. Then is it not logical, is it not wise, for mankind to reach for the Highest Goal possible, Sainthood, to be with The Divine for All Future Time? So be it.”**

**BLESSED JUNIPERO SERRA**

**“I am Blessed Junipero Serra. The Father has allowed Me to speak because of the Importance of mankind in every walk of life.**

**Some will say, ‘He is not a Saint,’ when they read My Words. Some will say, ‘He has to be a Saint because of what I’ve heard about Him.’ I smile at this because it is important for mankind to see the Importance of becoming ‘a Saint’.**

**In the human thinking way of life, men, women, and even children seek abilities that express knowledge, progress. It is important that mankind strive for success in many walks of life, but always to be sure of the morals that are attached to every day’s practice in these morals.**

**We hear so many discuss This Miracle of The Father’s Love, and then We watch so many who want others to prove It to them, vocally, physically. Then We see those who desperately plead for assurance that All of Heaven is speaking at ‘this time’, and that**

**What is being spoken is from What is Divine, and not from some human source.**

**I have spoken many times, not mentioning My Name. It is important that mankind resist all temptations that inflict upon the Soul the slightest speck of impurity. Compare a sin to something you treasure, that if it is harmed in any way it will sadden you. The sadness you feel has no comparison to the sadness your Soul feels when you sin against any Commandment, and you practice immorality in any form, any degree.**

**There is much jealousy that surrounds This Miracle, but the individuals do not consider it jealousy. They feel that they have the right to condemn or condone, even when they inwardly know that What We speak is important for the good of their Soul.**

**When The Father gave to the world This Miracle of His Love, He gave It at a time when It was much needed, and in His Love for mankind, He has allowed so Many to speak through This Miracle in a variety of ways, instructing mankind on the**

## **Importance of human life, and the Reason for which it was created.**

**I beg of you, never turn your back on God. You have everything to help you understand the Importance of human life, and why it was created.**

**A long time ago, The Father passed through 'one human voice' The Commandments to live by, and to be lived by for all time to come. Mankind has a way of shortening the version of so many things, the description, the value, making things so concise for easier learning, thus eliminating Important Words of Direction, of Value. By leaving These Words out, it diminishes the Meaning, the full Concept, the Purpose for which the additional Words add the Greatness in which and for which, They were originally spoken.**

**When We hear questioning, doubt, jealousy, arrogance, on any given Revelation, it brings Us sadness because We know instinctively, immediately, that the enemy of God and man is a source through some weak point in the individual or individuals.**

**We see mankind throughout the world do many things to become**

**physically strong, mentally wise, but there are fewer concerned about being morally perfect, morally alert, morally tuned to God's Commandments.**

**This Miracle was given to mankind because mankind needed Personal Instruction, Direction, because of the Souls that were being cast aside, ignored by so many individuals. This is not the first time in the History of mankind that The Father has so openly given to mankind His Direct Love, through a voice that others would understand.**

**If The Father had Each of Us speak in a foreign language to where you are, to those who are taking the Words down, it would not be logical, nor would it be practical, but putting All that has been given in other languages will be a Blessing to millions of people who do not speak the language in which All These Things have been delivered. It will take much time, much energy, but I promise you, it will please The Father and it will be the means to help millions of Souls of other people. So be it."**

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. I am about to speak about educational areas that are so prevalent at this time, but so many subjects do not cover the basic foundations of moral values, moral standards.**

**Throughout the world there is so much emphasis on laxness in morals, openly taken as a natural way of life and normal to man’s thinking. Some call it ‘like the days of Sodom and Gomorrah’, but those who say this are few in number. Those who are openly involved in this manner of living say it is normal, it’s life, and there is nothing wrong with it.**

**The reason for this laxness is deliberate belief in accepting what is occurring, is because of the resistance those in charge accept, in instructing all ages on The Commandments of God in Their fullest degree of meaning. Mankind finds it so much easier to just call the attention of These Commandments to a numeral number, thus expecting those who**

see it to understand the meaning of what that numeral number alludes to, suggests, or means. This is a ridiculous observation of man's ability to understand the Greatness in the Meaning of what the Wording entails, describes, consists of.

Children are not learning the basic rules of life. Children are being subjected to immoralities of all degrees, and of all physical and moral behaviors. It is sad to see children not being instructed in the Value of The Commandments of God.

To millions at this time, there are very few individuals who actually admit that there is such a thing as sin, or offenses against God and His Commandments. They call it 'street talk, street life, street understanding, street addiction', and other names that they use that they feel does not just put their way of thinking, acting, in a demonic source, course of living, understanding or acceptance, because the individuals are in a state of denial for what they call 'survival' for them.

The world is in a state of diabolical confusion, unrest, and this is due to the fact that so many clerical

men and women have eliminated what they started out as, and have adjusted their manner of thinking to fit what they call 'modernization'.

When rain falls and it comes in a very strong, intensified degree, it is destructive and no human being can stop it. They have to wait for it to stop, due to what is termed 'conditions uncontrollable by man'. This is what has occurred to mankind morally, psychologically, physically, emotionally, spiritually; but My question to mankind is: 'Is The Father going to have to take strong action to make mankind understand that morality must return in every avenue of man's thinking, actions, goals, before the enemy takes full control?'

There is so much to be said on this subject, so much for mankind to think about, relate to, and make changes in. You do not live in a time that could be considered a time of Holiness, a time of Spiritual advancement, due to the fact that mankind has allowed so much moral liberalism, and for some time now has ignored The Commandments of God in many ways, many degrees, thus allowing the enemy of God and man to use all that is impure, unjust,

**to be acceptable by individuals who at one time were staunch in their feelings, actions, and representation of what The Commandments of God were all about; also, that purity of mind and body were important because of the Soul they innately felt was their Link, their Closeness, their Connection to one day becoming ‘a Saint’. So be it.”**

## SAINT ALOYSIUS

**“I am Saint Aloysius.**

**Mankind cries for mercy, for help, for direction, for the correct answers to important questions. Many times he or she directs the request to an Individual Saint, or to God Himself. The requests are heard immediately, and mankind sometimes wonders, when there is no immediate help or answer, if Anyone heard the plea. This is important for men, women and children of all ages to understand, that all prayers are heard, and sometimes when they are answered, it is in a manner, a degree and way that appears normal, natural. God acts this way.**

**At times mankind asks for a sign that God Exists. All any individual has to do is feel the beat of their heart and recognize that no human being created mankind, and that every living human being is created by The Divine.**

**For thousands of years, when children, before they were born, were aborted because of different situations, different ideas, different**

degrees of understanding, and this is always a sadness and always was, because human life is a Gift of Divine Love, and human life has a Goal Divinely Oriented. Mankind must understand that the enemy of God and man many times uses the weaknesses of an individual, or individuals, to act against God's Commandments.

They do not see it as such a major factor, but it is against God's Laws to take the life of any human being. Right now as I speak, these things are occurring, and there will be a mark left unseen, but it will be recorded because of the Soul that was in the abortion, the killing of a human life, that should not have been.

No man, woman or child knows the destiny The Father has planned for a child conceived and has yet to be born. God's Plan for each individual born is to return to Him for All Time. Man says: 'What do You mean by all time? How long is all time?' It is sad to hear these remarks, because so many times mankind puts all human ideas, intentions and answers in a category, in the dimension in which mankind thinks.

**Today as I speak, there are children who are being killed because of the personal reasons by individuals who have no concept of the Importance of human life, other than what they feel is important to them.**

**Mankind says, ‘*I love You, God,*’ but does this individual know that the Greatest Love mankind can receive is the Love of having been born? because through this, the Soul will return to God Forever. So be it.”**

FEBRUARY 26, 1997 AT 3:30 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. Many times I speak through *a small voice* to draw the attention regarding the Importance of human life, and because of the Soul that is placed within each human life.**

**This Soul is not a myth. It is truly a Portion of The Father, not understandable to mankind, but mankind instinctively knows that there is an innate feeling, understanding, that human life has been endowed with a Special Force, Source of understanding purity from impurity, morality from immorality, right from wrong.**

**Children throughout the world, I mean all ages because every human being is a child of God, must read All that has come through This Gift of The Father’s Love, enlightening mankind on the Importance of human life and the Reason for which it was created.**

**Plant life, animal life, does not have a Soul. All these things have reason for them because each of**

**them were designed and created for a specific reason, a specific purpose.**

**Mankind was created with intelligence, with a sense of judgment, with a conscience. This openly speaks to mankind that mankind is different in Design, in Reason, in Purpose. As the Soul is automatically placed within the conception, it is important for all of mankind to see the Logic in this Presentation, the Importance of this Presentation, because it is different from any other living thing.**

**Man's conscience is important, because it tells the individual that what is taking place physically, mentally, spiritually, has a reason, has a definite closeness to The Father's Abilities, Love. Mankind at this time, as in some other times in the History of human life, is in many ways ignoring the Importance of human life, and the Goal for which it is created.**

**The talents of mankind are given to produce many things, using the mentality, plus the abilities. All of mankind are not Blessed with the same talent, the same energies, the same degree of knowledge, but all are created with the same Goal. Mankind**

**has the ability to make decisions. Mankind has the understanding of beauty. Mankind is aware of purity. Mankind is a Special Design with Special Gifts, for a Special Purpose, Goal.**

**This Miracle of The Father's Love, through The Spirit of The Father, is being denied by many, but that does not make It untrue, unreasonable, lacking The Father's Will in any manner or degree.**

**As The Father created the universe, The Father created human life. The Father, in Justice, gave to mankind the abilities to use human life for particular purposes, giving to human life things to strive for, things to use so that, as an individual, each one would feel the Importance of human life, the Dignity for which it was created, and through the ability of the individual's mind, talents, it gives to mankind challenge, and a reason to see the value of things, the purpose for things, and the privilege of being able to make decisions.**

**No one is born and not given a Soul, and there is so little emphasis on the Importance of the Soul. This**

**Miracle has instructed mankind on many important values to human life, but One of the Greatest Ones was on the Goal for the Soul, because the Soul is a Portion of The Father, unseen but there, present constantly.**

**The Soul is in human life, making human life different than all other creations. No animal has a Soul. There is a purpose for all things created. It is important that mankind understand that as it is innate in mankind to reach for progress, to have hope, it is also innate in mankind to understand the Goal is Sainthood. So be it.”**

**FEBRUARY 27, 1997 AT 12:02 P.M.**

**SAINT BARBARA**

**“I am Saint Barbara.**

**Mankind does not realize the Importance of The Father’s Commandments, or the Reason for which They were so deliberately given to an individual human being on top of a great mountain.**

**Few people realize that each Commandment was given to him in the fullest degree of its meaning, so when he walked away from the spot, the place, that part of the mountain, his mind and his Soul was full of Grace. As he walked back to the people, he knew what he had to say would be difficult for some to accept and obey, because in the human mind there is the ability to discern according to the knowledge of the individual, the understanding of the individual, what is meant by what they hear, what they see, what they learn.**

**You live in a time when These Commandments are practically erased in Their full meaning. Even in Their conciseness They are rarely spoken**

about. Through This Gift of The Father's, This Miracle of Divine Love that bears the Name of The Holy Spirit of God, gives to you and all of mankind not just an introduction, but the Definitions in detail, in a complete way, so there can be no misunderstanding, misconstruing what each one was given in its full meaning.

When The Father said to Moses, *'Thou Shalt Not Commit Adultery,'* Moses knew at that time that this was one of the greatest offenses against purity. At this time in which you live, it is yet one of the greatest offenses against the Soul of many men and women, even some children. We hear mankind say, 'It is a natural act of life,' but they omit one very important issue: This act of life had a meaning for life, and mankind must understand that so many sins daily are practiced quietly, and even violently, against this Commandment.

As each Commandment was delivered by The Father, it was talked on extensively, and then the Instruction for Moses to give it to others was defined in such a manner, that all who would be present at that time would understand the full meaning.

**I**t is sad now at your time, that the conciseness of The Commandments of God leave little to understand regarding the Purpose for which They were given, or that part of human life that each one pertains to. The Commandment The Father began with was, of course, the Commandment of Introduction: *'I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.'*

**I** ask those who read These Words to examine their own conscience on what they put before God in their daily life. How many things do they practice that put God last, and their own selfishness, their own egos, their own possessiveness, or their own vile understanding against Purity, Love, Faith and Hope.

**W**hat I am saying to you now is short in content, because it would be difficult for mankind to take down in the written form the voluminous amount of Information, Direction, that God's Commandments deserve, and that each human being should know instinctively without question.

**M**ore will be spoken on this, but This Lesson, Direction, Truth,

**should be observed by hundreds, if not thousands, because it is important for the Souls of human beings to be aware, and also to take care of their Soul, and they have The Rules to use, to practice. There are no excuses available to mankind for sinfulness against the Soul that they are the custodian of from the moment of conception. So be it.”**

FEBRUARY 27, 1997 AT 1:05 P.M.

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola.**

**It is difficult for many to understand that human life was created for a Higher Goal of living. Mankind oftentimes instinctively reaches for success, for greater values in life, material values. Why then is it so difficult for so many to not see that this instinct in human life is innate, and is in many ways because mankind, in this Creation of The Father’s, has instilled in them the desire, the hope to reach goals, whether these goals be physical or monetary?**

**When a child is born, those who are in charge talk to the child and help the child learn to walk, learn words, learn to do things for himself or herself. Then, why does not mankind understand, instinctively understand, that human life has a Goal and this Goal is Greater than what human life represents?**

**The Father has given to mankind a Miracle of Instruction that allows mankind to instinctively feel the**

**Importance of human life, and that it is Special in ways other than what it experiences in the human role, in the role of human life.**

**Mankind reaches for success, monetary, and to become known throughout the world. Some reach for success just to have accomplishments, personal, without any applause or recognition. It is innate in mankind to not want to fail, and yet sometimes to become so complacent with no progress, that he or she accepts what they call their 'luck', their 'situation', that seems to be stagnant in so many ways.**

**Every human being is born with a Soul, and that Soul, as a Portion of The Creator of All Things, wants that individual to return the Soul to God in a way, in a degree, greater than what human life is like or stands for. Morality is a part of human life, sincerity; also, the intellect of mankind has a superior status. Some reach for higher learning, grammatically, mathematically, and this is endless in its directions.**

**Today as I speak, I want mankind to understand that human life has**

**a Goal, and the Goal, of course, is Sainthood. Why this is so difficult for some to understand, when all through life they have challenges and goals; why would God not have a Goal for this Special Creation of His?**

**Mankind should realize that human life is Special because of the Soul, and that everything a human being does, thinks, practices, is involved in, reflects in the life of the Soul. Now, the Soul can be considered a Light because It is a Portion of The Father, and when an individual commits a sin against one of The Commandments, the Light dims, and the Soul immediately pleads to The Father in a way that cannot be heard by the individual in whom It is.**

**The greatest victim to an individual's thinking, acting, is the Soul, because It is a Living Portion of God within each human life. Children are not being instructed on this Gift of Divine Love, this logical explanation for Heaven, Hell and Purgatory. What reason would there be to even think of Heaven, to think of Purgatory, or to be fearful of Hell?**

**It is through one's Soul that all this passes through the intellect to the human being, and yet it is ignored in so many ways, so many times. It is time, through This Miracle of Divine Love, that mankind not just be instructed on the Importance of human life, but to see for himself or herself that The Father created human life, placing within it a Portion of Himself, so that human life would be like no other living thing, and it would have a Goal to reach for because, do not forget, it is innate in mankind to reach for success, to reach for progress, and to have hope.**

**So much Direction has been delivered through This Miracle of Divine Love. It is sad when We hear a negative reaction. It is important that All that has been delivered be passed throughout the world, to awaken the minds of millions of human beings, alerting them to the Importance of human life and that they have a Soul that is a Portion of God Himself, and He wants this Soul returned to Him at a given time; but also, to remember everything an individual partakes in, is part of, says, or thinks, or practices, reflects in the Most Important Part of**

**their body, their mind, and affects the Soul in a positive way or a negative way, a loving way or a way that pleases only the enemy of God and man. So be it.”**

## SAINT STANISLAUS

**“I am Saint Stanislaus.**

**Many times when The Father sends a Special Open Gift to mankind through ‘an individual’, much jealousy, much envy shows from areas that ordinarily cling to only what they believe in, or they administer as truths.**

**This *Miracle Of The Beloved Saint Joseph* has, in so many ways, openly expressed Truths that some very learned men and women find difficult, because they did not hear about it when they were studying theology, Christianity.**

**It is sad for All of Us Here in the Heavens to hear anyone use different methods to deny, or create others to have denial regarding the Truths that This Gift of The Father’s Love have and are so generously being dictated by All of Heaven.**

**Mankind is learning an in-depth knowledge regarding the Soul that is an Important Part of the birth of**

human beings, and this Soul, though unseen, is evident in every human being. Those who deny such an Entity of Divine Love must understand that the very human Gift of speech, of the ability to learn many things, and act on them, in them, proves the intellect of mankind special and above all other living things; thus, is it not reasonable that as The Father has given to human life so much and in so many ways, oftentimes using a Gift of understanding to be able to use this in not just belief in a Supreme Being, but feeling an Association with The Supreme Being through the Soul?

It is difficult for some very learned men and women to fathom the reality of a Living Portion of The Father becoming a Living Portion of every human being. Logic should tell mankind that in The Father's Design of human life, He included Something that would be responsible to Him, for Him, rather than human life just being like all other living things.

Human life has abilities; also, human life has advantages, talents, and also, each individual has a different degree in all of these things. The mentality of human life is, in

many ways, a Treasure and a Treasury of knowledge.

**M**ankind has been Blessed because for so long mankind has taken so much for granted, so The Father, through His Love for mankind, has allowed at 'this time', for mankind to be able to more fully understand what a Special Gift human life is, through *The Miracle Of Saint Joseph*.

Some We hear say that Saint Joseph is not What The Miracle speaks of Him to be. This in many ways is not just a sadness, but as man would put it, 'a ridiculous statement', because all things prove and point to the reality that He was not just human, but was Special in Ways that mankind, through time, has not elaborated upon; so 'this time', for This Gift to be given to mankind, had to be now.

**M**an says, 'I love so and so, I love this, I love that.' How many times do you hear mankind say: 'I love God. I want to be close to Him. I desire to obey all The Rules He has given so that I will understand what He expects of me'? Mankind must understand The Commandments, because in Their in-depth meaning, They cover all facets

**of man's abilities, beliefs, understanding, and in these things man, as an individual, stands alone under all circumstances, in all areas of life, because of the Soul that is within each human being.**

**The Soul is the recipient of all an individual believes in, acts upon, relates to others, and obeys The Father's Will because of the Soul that is Important to them, because of Who It is a Portion of. So be it."**

FEBRUARY 28, 1997 AT 12:37 P.M.

## SAINT BONAVENTURE

**“I am Saint Bonaventure. I hear so many men, women, and even children discussing the problems they are enduring, because of the laxness in sound Spiritual authority.**

**We have heard one child speak out loudly and say: ‘God, help me to love You without having to love others first, because I do not know what I am being told to do is right, is wrong, is true, or not true. My parents tell me that I must love You, God. I know I do, but what about those who walk for You in Your Name?’**

**All The Saints Here in Heaven have given so much Love to millions of people throughout the world, and when We hear cries for help, it is basically the Soul encouraging the individual to speak out loud, say what they feel, because of the need for Direction, Substance, to what they feel is necessary spiritually. We hear so many learned people of all nationalities differ on what is right,**

**what is sound regarding prayer, and honoring The Father openly.**

**You live in a time of much confusion, based on satan's interference in so many areas of Christianity. This interference is ignored by many because they feel helpless under the stress, so they ignore what is best for them, and that is to use private prayer more frequently. There is strength in private prayer, because the individual has a personal closeness to the One to Whom they are praying, because of the Soul that intercedes in more ways than human beings understand.**

**The Soul is not a dormant Part of human life. The Soul is an Active Portion of human life, and in most instances is the most ignored Portion of human life. That is why it is important that all races of mankind, all Faiths that mankind believes in that is religious in structure, order, must understand that the Soul is the Connecting Link between God and man.**

***This Miracle Of The Beloved Saint Joseph* has instructed mankind of all ages on so many areas of human life, and the Beauty of the relationship**

man has with God. It is a closeness beyond human understanding, and yet it is felt in a way difficult for man to speak about.

Logic should tell the whole world of mankind that God Exists, and it is He Who Controls all things, Holds all things in place, and it is He Who mankind is responsible to for all he or she practices, does, is involved in, believes in, because the Goal for human life is Higher than any goal mankind can reach for, and the Soul, This Portion of The Father, is That Important Link that man has to one day be 'a Saint'. So be it."

**FEBRUARY 28, 1997 AT 1:20 P.M.**

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine. We constantly hear mankind make requests for help, whether this be for physical, mental, Spiritual, or monetary means. The prayers are always answered in the manner and the degree that The Father feels is best at that particular time.**

**We hear rejection of This Gift of Divine Love wherein so much Personal Direction is given to mankind, helping mankind to better understand that each individual is evident to The Father at all times, due to the Soul that is a Portion of The Father within that individual life.**

**There are so many dedicated to the formality of religion rather than the practice of it, in it. It is important for mankind to understand, that to know something is available that will give strength to the mind, to one's way of life, and to the Spiritual aspects of everyday living, then ignore the closeness that each human life has to God through the Soul He instilled at**

the moment of conception, why is it difficult for so many to believe that The Father would send to mankind a Miracle of His Divine Love, a Miracle of Instruction at a time when it is much needed because of so much diabolical presence, pressures, interferences? It is difficult to, even as a Saint, understand man's indifference to a Gift of This Magnitude.

*The little one* through whom We All speak, is a *voice* used to deliver What The Father Wills mankind to understand, because there is no place throughout the world that mankind is receiving proper instruction regarding the Soul that is in each human life, and that this Soul is a Portion of The Father.

When We hear mankind offer a unit of a human body to aid another individual, the selflessness in it is similar to the Selflessness The Father has when He instills a Soul into every conception in human life.

The world of mankind thrives on education in many fields, in many areas that mankind feels are important, but what We do not understand is how so few fully accept the Magnitude of This

**Gift of Divine Love that has repeatedly instructed in writing, the Importance of the Soul that is within each human being.**

**A human organ to save a life, man says is a Godsend. I say to the whole world of mankind, this generosity of man to man is a precious gift of love. Now compare it to the Precious Gift of a Soul that every living human being is born with.”**

MARCH 3, 1997 AT 2:53 P.M.

## SAINT ROSE OF LIMA

**“I am Saint Rose of Lima.**

**At the time in which you live it will be difficult for so many to fully understand the Magnitude of This Gift of The Father’s Love to mankind.**

**It is important that much distribution be made to all ages, all races, all cultures, with the Words plainly written by so Many Who The Father has requested to deliver so much Love, so much Direction, encouraging mankind to understand the Importance of human life, and to protect the Soul within each life, one’s own Soul, and the Soul of everyone else with whom they come in contact.**

**It is sad to see an individual with one or more people cause so much harm to the Souls of those with whom they are with. Many times a Soul is the victim of suggestions by one individual, because the Soul is the recipient of what the individual or individuals do morally, physically, mentally, that is impure in any form, any manner, any degree.**

**Little ones are not being taught about the Soul. They are being encouraged to be active and learn all they can, but the Soul is really never mentioned, so they are unaware of Its existence within them, and that Soul is a Portion of The Father, The God Who created them.**

**Children look to those close to them for learning things about all different areas of life. They imitate what they learn, and sometimes they are helpless, because there is nothing to compare what they learn to what some other individual might be more apt to show: a different side, a more pure idea.**

**This Lesson is endless, because daily children are affected by everyone they come in contact with, by everything they hear, everything they see, plus everything they are told to obey, and even their discouragements are sometimes deterrents against their becoming wiser in what is good, what is right, what is pure for them to understand.**

**It is sad to see so little responsibility or sincere interest on the importance of what children should**

learn, and to what degree they should learn it, and at what age it should be given. Children are important because there is no newborn infant that thinks for itself, and as it grows, it learns from those whom they are around, with whom they deal with on a daily basis. They learn how to talk, they learn how to walk, they learn how to respond to happiness, sadness, fear, kindness, love.

At this time in the world, in some places there are a few words that describe the conditions, and these words are: 'Times are worse than Sodom and Gomorrah.' There is so much to be revealed on a subject of this nature, because children are being neglected throughout the world, and so much of this neglect is being ignored by those in charge.

It is time that mankind understand that no human being is born without a Soul, and the Soul is the Connecting Link between The Creator and the individual, and this is ignored, because God is left out of so many lives verbally, emotionally, intentionally, putting all things on a humanistic evaluation and value. So be it."

MARCH 3, 1997 AT 3:42 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I come to speak today on some very important issues.**

**Mankind is acting against All that The Father has Decreed to be honored. These are His Commandments, given to mankind to live by in every facet of life. When These Commandments were delivered, it took a lot longer than man has spoken about.**

**When The Father handed to a man at that time The Rules for mankind for all time, They were spoken in great detail, putting much emphasis on the Importance of human life, and the Reason for These Commandments was so that mankind would know what was expected of him or her, and what was right over what was wrong, because of the nature of mankind, and the free will that mankind was born with.**

**It is sad to see such conciseness in each Commandment, leaving out the full Meaning, the full Direction that each one means. At the time They were delivered to Moses, it took**

a great deal of learning, because the deliberateness in how They were delivered showed the importance of each one, and the extent of each one covered many areas that are totally left out as These Commandments are reiterated in your time.

Every home should carry These Commandments as a constant reminder of Their definition, and the Intention for these definitions, because the definitions are of the utmost importance, giving to them a fuller degree of understanding of why it is important to be obedient to Them.

Every Commandment had a specific definition, extensive in its Meaning, leaving no part of human life out of the Direction, because The Father, knowing mankind, the weaknesses of mankind, and how mankind's personality, ego, free will, would interfere with the importance of The Commandments, gave The Father the Reason for the full Meaning to be heard by Moses, remembered by Moses, and delivered by Moses, because of the Souls he was leading at that time.

**Time and man's innate desire to make everything concise has eliminated so much in each Commandment's Wording. It is an important mission to set one's goal on, and that is to see that each of The Commandments are placed in an open place to attract the eyes so They can be read, but remember, the full Content must be shown, because to many who will read Them, it will give strength, courage, stability, understanding, and a desire to follow Them.**

**This is not impossible; this is not something that should be denied being accomplished. To teach mankind the full Meaning of God's Commandments is a mission of love for God that nothing can replace, because obedience to These Commandments is the Foundation for Sainthood. So be it."**

MARCH 4, 1997 AT 1:09 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**There are millions of Christians throughout the world who do not fully understand the Greatness, the Beauty that is in Christianity. Christianity hands to mankind morality, hope and love for the Goal God intended life to be.**

**There are millions of so-called ‘Christians’ throughout the world. Many differ in their basic rules, but The Rules of God are The Rules for all of mankind, Christian or not.**

**When certain men, even women, decide to plan out a new form of religion, they do not always use The Basic Rules for how they approach what they profess to believe. They encourage many people to make an act of profession, an act of sincere commitment to what they are stating are the ground rules for religion, usually omitting The Ground Rules that God placed for mankind to obey, to follow.**

**Bible History is many times determined by the individuals who feel that they are competent in discerning the proper method that mankind should follow spiritually. They often omit important practices, involvements, and also, the Very Important Part of human life that mankind cannot see or feel, but is conscious of there being Something within their mind that drives them on to understanding the full meaning of what is right, what is wrong. This, of course, is the Soul.**

**There has never been so much Information given to mankind since the time the Apostles walked the earth with The Son of God. This Information contains the Importance of human life, and the necessity to strive for purity in all things mental, physical and Spiritual.**

**We hear many men, women, rave on about what they interpret God to be, and how others should feel about Him. They preach with their own ideas and ideals; also, their interpretation of what they have read and translated through what they call 'Scripture'. They feel that if they word it, using Scripture as the foundation, the basis for what they are instructing others**

on, that this very fact of Scripture gives credence to what they are telling others to do, to be, to follow, to practice.

When The Son of The Father walked the earth, and others tried to imitate what He was all about, they, too, oftentimes did not capture the full Meaning of What He projected in What He spoke.

This Precious Gift of The Father's Love, called '*The Miracle Of Saint Joseph*', is in many ways dictating in such a Practical, Logical Form of Words, the importance of man's understanding to practice what is moral, what is pure, so that mankind will use every part of his or her life, always remembering to follow God's Commandments to the letter, and to be example of all that is pure, moral, because in this way others will learn, others will follow, and others will become more God-oriented.

In some places throughout the world there are men and women practicing fanaticism, ignoring the beauty, the strength, the value that logic in practicing love for God allows each human life to be constantly alert

**to the Close Association man has to God.**

**So much has been delivered and spoken in so many ways, so that what one individual can fully understand, another way of understanding the subject is suitable to someone else, practical, and helps all types of intellect to understand, through This Miracle of Divine Love, the Importance of human life and the importance of each individual understanding that human life was designed to have a Goal, and that Goal was to return to God Forever. So be it.”**

**VISION  
SAINT PETER**

**There are Thirteen in the Vision: Our Lord, Twelve Apostles. Peter's angry. He said to tell you the times are now worse than in those days. Because of the advancement of technical technology, man should be more understandable, understanding, and see the obvious logic in that there is a God Who is Above all human nature, all creations of how all things were designed.**

**Saint Peter is angry, and He says:**

**“My anger is because mankind is not united in love for The Father. Mankind is divided in sects, due to so much irrational understanding of what a Great Gift human life is, and the logic that is so obvious in its very existence. If there was no Purpose for human life, God would not have created it.**

**There is much anger amongst All the Apostles because of the distance that men in so-called ‘authority’ are**

separating This Miracle of Value, Truth, between themselves and It.

I hold *the little one* deeply because her physical is spent, due to the obedience necessary to repeat What is delivered so exactly, in every detail, for mankind of all races, colors, creeds, Spiritual denominations, and degrees of intelligence. We hold her up physically every day so that there will be no lag in the Revelations, the Instructions that must pass through her so simply, so instantaneously, with so much Logic. We hear her many times say, 'Be easy on them; they do not hear You like I do.'

The time now is a sadness, because of so much egoism amidst men of so-called 'higher learning'. There is so much competition in positions that rate higher degrees of attention, satisfaction. Fortunately, there is a limit to how far they can go, because of the standards they are subjected to, because of man's limited limitations regarding how far an individual can reach in the eyes of other men.

As We All stand Here in her attention, We plead with The Father to be easy with her, because of the

**Responsibility she bears mentally, physically, emotionally, spiritually, and so conscientiously. She has been prepared since birth for This Great Event that takes place in your time.**

**She is aware immediately of Judases. He, too, is in this Vision We hand her and she feels sorry for him, for his denial because of weakness. This is how she thinks, this is how she reacts to all who deny This Miracle that she knows is Important for the whole world.**

**There are many men who hate her because of jealousy, also because of their own degree of abilities to value such a Gift of The Father's Love so openly handed.**

**Parents expect obedience from their children. The Father expects obedience from all of mankind, for it is He Who created everyone.**

**This Miracle was prophesied a long time ago, but It was ignored because of jealousy, or a resistance to feel, to understand, to agree that The Father would in a so-called 'modern terminology' depicting time in a year man lives, to be presented with so much Prophecy, so much Direction.**

**No matter what resistance comes about in circulating All that has been given thus far, those who see the Value of This Gift of Divine Love must resist the resistance and fight hard not to appease an audience, but to give man Values, Truths, Understanding, regarding what life is all about, and It has already been delivered in a manner mankind can understand.**

**Yes, there is anger in My Voice, because I do not see aggressiveness. I do not feel an understanding of All that has been given is understood to be. I speak in a strong manner because it is important to not allow those who resist, those who reject, to stop What has been delivered, going to places throughout the world. It cannot be held where you are.**

**There is much jealousy that surrounds this *small instrument* and she has been instructed to always ignore it, cast it aside, and become oblivious to it. The Father has picked *a small child*, but *an obedient one*. Any jealousy that surrounds her is for naught, because she does not see it, she does not feel it. We do not allow any distraction to weaken her.**

**The Father blesses those who desire to do His Will in ways not seen, not felt, because sometimes a Blessing, though It gives strength, It makes the individual more complacent.**

**It is important that All Things delivered be forced to enter places, because of the possibility of a Soul that is screaming for help, and This is the only Means to help It. We All raise Our Hand in a Blessing to you and say, ‘Spiritual strength is the greatest strength that any human life can have, because in it The Father’s Will is evident.’ So be it.”**

## SAINT GREGORY THE GREAT

**“I am Saint Gregory The Great. I smile when I mention My Title, because this *little one* through whom I speak paid much homage to Me in many ways when she belonged to a place that was named after Me. She asked Me constantly for particular favors, and as she asked them she would always say, ‘*Please.*’**

**Today I say to her and to all who will read These Words, ‘Please, remember you have a Soul that must return to The Father for All Eternity.’**

**Mankind, when he or she says prayers, do not always say the prayers with sincerity. They rattle them off from memory. Their intention for the prayer is silently there, but the love in the prayer does not show. These Words are to help mankind realize how important it is when an individual speaks to another individual, they show expression, sincerity, and have meaning to what they say; so it should be when a prayer is spoken to Any One of Us Here.**

**Great Love is extended to everyone who says a prayer to Anyone Here in the Heavens, difficult for some to believe or understand, but nonetheless, it is Truth. Just because We cannot be seen, Our Presence is a reality. Whenever you call Our Name, We respond. No matter how many at one time call Our Name, We are aware of all of them. It is one of the Gifts The Father allows Here with Him.**

**Let Me say that at one moment ten thousand people called on The Father at one time, He would hear every one of them. So in His Love for mankind, He allows mankind's prayer to be heard by All of Us. When Our Name is announced, We are immediately aware of it.**

**Heaven is different than what mankind is used to. Heaven is beyond human understanding, and yet Heaven is as close as a word, as a thought, an idea, a hope, a prayer.**

**It is sad when We hear some individuals think they have to be in a church, or in a specific place to be heard. This is not so. Through your Guardian Angel, through your love for God, We are All available every**

**moment of every day, and We do hear any request you make, and any sign of love you show Our Way.**

**Think about this: You are in a crowd of people and your eyes are looking in every direction. Humanly speaking, do you not become aware of many individuals that you see? Well, put this on a Higher Level of Association. No Saint is not available to you twenty-four hours a day. So be it.”**

## THE SACRED HEART

**“I am The Sacred Heart. Man cherishes his heart, because in the heart they understand life. The heart beats and the heart expresses love. It is important for mankind to understand that My Heart beats for all human life, because of the Importance for which man was created.**

**Within mankind there is an Important Portion, a Living Portion that is to one day return unharmed, unscathed, unmarked, because of the individual’s Importance regarding what the Future is for every individual living human being.**

**Mankind reads These Words but does not place the full emphasis of importance on Them. So many other things take precedence, because an individual is emotionally or physically involved with what is going on around them, what they are partaking in, and what they hold as interesting to them.**

**My Heart is an open book to mankind, because It speaks out loud of The Father’s Love for mankind, and**

**The Father's desire for mankind to love Him above all things, and desire to return to Him at a given time.**

**Children are not being taught about My Sacred Heart, for if they were, they would find it difficult to not find a Closeness to them. Man says, 'Let's have a heart-to-heart talk.' I smile at this, because man's interpretation of this remark is that the talk will be honest, truthful, sincere, and draw them closer together with an understanding on a given subject, matter, or reason.**

**Today I say to the world of mankind, 'I bless you with My Sacred Heart, and want you to remember that as My Heart beats in rhythm with your heart, your heart is aware of Mine, and in this Association, this Closeness, My Love radiates through all you say, all you do, all you are.' So be it."**

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**The world has been Blessed, mankind has been Blessed, yet We see so many who are ignoring the importance of being instructed in an in-depth way on how close The Father is to mankind every day.**

**We hear so many who ignore the importance of morality, and the dignity in which morality is based. Oftentimes through This Miracle of The Father’s Love, He has instructed Many of Us to stay close so that what He desires mankind to know, to be aware of, to practice, *the child* through whom He speaks and We All use, will be able to immediately give the Message or Messages without delay, and in full detail on a given subject matter or condition.**

**Without This Gift of The Father’s Love, there would be no Sound Direction, and it is important that All that is delivered be translated into languages understandable for the benefit of those who are not present,**

or who are of another foundation in language, understanding and communication.

We hear many men and women speak unjustly towards so much of What has been delivered, but it is because they do not have the Faith to believe in the Depth, the Degree, that The Father has for mankind. So much is acceptable when it is spoken verbally by someone who is practicing a given subject on Spiritual matters, but what most hearing it do not understand, is that personal interpretation is obvious in the content, in the delivery, and also in the descriptive terminology.

The Father has Blessed the world, and We hear thousands upon thousands ignoring It, resenting It, rejecting It, refusing to believe that *a small voice* would be given such a Major Project.

Children are walking in a state of confusion, because those in charge of them do not take the time to express physically, morally, or in a teaching form of delivery, the Importance of human life and the necessity for each individual to understand and respond to what is pure in thoughts, words,

actions, deeds, presentations of all kinds, physically, morally, mentally. Children are being neglected, and throughout the world are being subjected to all things that, in many ways, rob them of their freedom of understanding the Will of God, and how simple it is to understand It.

**W**e hear short conversations regarding that at one time, a long time ago, The Father delivered to a man His Commandments. Ask yourself, as you remember These Commandments, do you apply Their full meaning in your daily life, and do you associate with others who also apply Them without question, always in honor of Them, and to the fullest degree in which They were delivered?

**A**t this moment We are aware that though some who have heard of This Gift of Divine Love through The Beloved Saint Joseph, are ignoring the Greatness of It, and the Importance of what It means to the lives of mankind throughout the world. It is sad when We feel, when We think that This Gift of The Father's Love will not be appreciated at this time, but it will take a thousand years for It to be remembered, and then thought

about, and then only bits and pieces responded to.

**What a waste of Knowledge, of Love, of Hope, that The Father is The Deliverer of, unless All These Messages that have been delivered pass throughout the world without question, and without a lot of time having to pass, because of the necessity, the need that there is amongst all people of all races, colors, creeds, opinions, mentalities.**

**This Message must be delivered as soon as possible, plus All the Other Messages, because there is no other place in the world where so much Personal Direction of The Father's is being given in such a clearly stated manner, way, degree. So be it."**

MARCH 7, 1997 AT 12:36 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**The Father has appointed ‘this time’ for mankind to be more informed, more able to understand what a Gift mankind truly has, being born as man. There is no other living creature that has within it a Soul.**

**So many learned men who follow the path of the Priesthood only know what they have learned through books, and many of them have read many books that were not of the fullest degree of what human life is accountable for. Men have written stories, using imagination based on their own beliefs, and degree of understanding what human life consists of, is liable for, and if or if not, it has a Specific Goal. Personal opinion enters many areas of teaching, instruction that mankind uses theologically.**

**The word ‘theological’ does not always mean what has been said or written is full proof of the content. Theory sometimes, egotism sometimes, or just human opinion changes what is**

or has been originally meant. Mankind oftentimes stands as in a position of theological importance, but they omit certain practicality, reasonings and truths, because of their own determinations on translations, due to their own interpretations.

**The world has been Blessed by This Miracle that bears My Name, and mankind, in some ways, finds it difficult to accept that as I Am The Holy Spirit of The Father, He chose 'this time' for mankind to learn about Me.**

**It is sad to see so many try to ignore Truth, but it is also sad because in this rejection, they deny themselves Sound Logical Facts, that if they would but see the reality in its true form, they would also see the Beauty, because you see, as I Am The Holy Spirit of The Father, every living human being has within it a Soul. This Statement in many ways is a Statement that should give mankind a deep feeling of closeness to The Divine, that is real. So be it."**
