## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila.**

**The world is saturated with misconceptions regarding why man was created. There are so many diabolical interpretations, acceptances, saying that man, as a creation, is like all other animals. They are ignoring totally the fact and/or logic that man is an intellectual, formal design that has the abilities to do many things: to be able to read and absorb what he or she reads, no matter what the subject; the ability to learn indepthly about so many subjects that no other living thing is capable of doing.**

**I could go on and on with titles; first of all, the practical necessities of life, the ability to design, to create objects, and all the crafts that mankind can become so adept at design, plus the knowledge of knowing the worth of so many things available to mankind. Volumes could be written on everything that mankind is capable of being involved in intellectually, physically, mentally, morally.**

**This Gift of The Father's, called 'The Miracle Of Saint Joseph', is a Miracle because The Father, in His Love for mankind, constantly draws mankind to the advantages of morality, and gives mankind available paths, features, to how an individual can grow spiritually because of the Soul, a Portion of Him, that is within each living human being.**

**Man's conduct physically has many dimensions to it. Mankind uses many of these in a detrimental way to the purity of their Soul. Man's conduct does not always mean speech, but it includes one's physical actions, intentions, and also how these affect the lives of others around them, whether they are close to them or casual meetings.**

**Children are not being instructed properly on how many facets of human life should be treated delicately, and also used for benefits that are pure, necessary, and give to an individual's life advantages morally, that help others to learn from them on the importance of human speech, human actions, human abilities, human intentions, human desires, human capabilities.**

**S**mall children imitate what they see, what they hear, and they learn from those around them. Sometimes there is so little good example on purity of the mind, the body, that the child or children learn firsthand many things that are vile, contemptible, and their Souls become 'the victim'. The children are never taught that they have a Soul that is the recipient of all that he or she does.

**R**espect is one of the assets of mankind that generates hope, sincerity, courage, and in many ways gives strength to others, because they imitate what they learn from watching and absorbing the actions they come in contact with.

**W**e hear so many excuses for paganistic ideas, resisting the Truth; that there is no God, no Supernatural Being Above all things, and that life as they see it, is all there is. What a sadness, because it has such a degenerating effect on not just the morals of others, but on the practices, daily activities, that could be so much greater in respect, practicality, reasoning, and strength.

**Through This Gift The Father has given to mankind, handing to mankind so many obvious subjects of importance, it is important that All of These flow throughout the world in languages understandable to millions and millions and millions of people, because there is no place in the world there is so much Direction being handed verbally, spontaneously, intentionally, for mankind to better understand the Importance of human life, and that it has a Goal because of the Soul, and that Goal is Sainthood.”**

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**T**ime to mankind has an importance. The hours of the day are oftentimes scheduled for specific reasons, and for the things that are necessary for mankind to do at given times.

**W**e oftentimes hear individuals go all day, busy, interested in everything, going about their work, their leisure time, but many do not spend enough time thinking about their Soul; in fact, it is a rare subject for most of mankind.

**H**ow many wake up in the morning and say:

*‘Good morning Soul, help me to remember You in all I do today, all I say, all I accomplish, or all I meet. Do I mention Your Name? No. But remind me to be good example.’*

**These words, if ever are said, We do not hear them; We would, you know.**

**M**ankind falls into habits in many facets of life, but talking to their Soul, remembering their Soul is rare. If I were to pass through the world right now and ask individuals as I go, 'How is your Soul today?' most, if not all, would question My question.

**T**he reason I have spoken this is, This Gift of The Father's has instructed mankind in so many ways, so many times, on the Importance of his or her Soul. It is not just a reminder, it is a constant Instruction on the actual Presence of This Portion of God that is given to every human life at the moment of conception.

**A**fter the human life comes to a close, the Soul remains representative of the individual in whom It was placed at the moment of his or her conception. This Plan of God's is so simple, so logical, and in many ways so assuring just hearing it, because the realization that human life continues on because of the Soul that was Part of an individual life at a given time, for a given time, and the Soul is the Part of that human being that will be destined to spend All Eternity in the Place earned by the individual in

**whom It was placed at the moment of conception.**

**No human being, no matter how scientific their mind is, no matter what form of religion they followed, can fully understand this Magnificent Gift of Divine Love that will represent for All Eternity, the one in whom It was placed at the moment of the individual's conception.**

**It is important that All that has passed through This Miracle of The Father's Love be passed throughout the world, in all languages, so that It is understandable, and that no one near or far from where It was delivered, will not have the opportunity to see the Love God has for human life, and that hope will reign in every life, helping mankind to know that life does not end. It will continue, bearing their name for All Eternity."**

MARCH 11, 1997 AT 1:29 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. We watch many dissenters who, when reading Our Words, make many remarks against the validity of from Where They come.**

**The world is saturated with humanism, based on what an individual or individuals prefer morally, mentally, physically, and in their entertainment. We see so many who chose the path of wanting to help others portray the Will of God, but there were so many distractions, that one can call them ‘dissenters to the beliefs they had’.**

**The world is in a moral chaos. There is so little spoken about a moral code of ethics necessary for the Salvation of one’s Soul. There are so many who feel that they are practicing purity, when in reality they are disgracing what purity is all about, because everything they do is based on selfishness, self-love, and a practice of immoral thoughts, words, actions, thus directing others wrongly.**

**Many who are custodians of children's lives should not be allowed to be alone with these children, because they do not, in their actions, their speech, give sound moral direction to the children. In many ways they are detrimental to a child's behavior morally. This is not meant for all people, but there is a great deal of abuse to children of all races, all colors, all creeds.**

**Throughout the world there is little respect for what is morally sound, and The Father's Commandments are ignored because They tend to be thought of as out of line, out of tune to man's thinking, because They were to have happened so long ago, and because of the modernization in speech, thoughts, views and morality, They do not fit the average life, because of the progress that man has become accustomed to mentally, socially, physically, morally.**

**Everyone who reads These Words, I ask you to take the time to examine what you believe in, what you accept, what you tolerate of others, what example you are to everyone you know, and you meet. Also, how do you practice how you speak to God? Do**

**you read a book and feel that satisfies God because you have read the words, or are you accustomed to examining your own conscience based on His Commandments, and when you see a flaw in your actions, or your thoughts, your whole code of ethics, do you voluntarily open your mind to make changes where they must be made, because of the Soul that is a Portion of The Father within you?**

**We hear so many talk about tradition and the important part tradition plays in one's home life, one's practice of association with other people. Also, is sound tradition for the past, and if so, what would you, as an individual, consider your daily habits? Are they traditionally sound, morally sound, or are they modernized to the point where they are based on liberalism morally, physically and spiritually?**

**Mankind is a Special Design of The Father, designed with senses, intellect, and in the senses there is definitely the knowledge of what is moral, what is immoral.**

**Today if you, as an individual, were to write what you sincerely feel**

could be a book on your own morals, and how you apply these morals to your everyday life, would others who read this book find your thoughts exemplary and want to follow them?

**If human life was not so Important, The Father would never have sent This Miracle of Divine Love that bears so much Instruction, so much Personal Communication, oftentimes asking individuals to look deep within themselves so they will be able to correct what is wrong, continue what is right, always remembering that the Soul for human life was meant to become ‘a Saint’, bearing the name of the individual in whom It was placed at the moment of conception. So be it.”**

MARCH 11, 1997 AT 2:07 P.M.

## SAINT MARY MAGDALENE

**“I am Saint Mary Magdalene. To speak through This Gift of The Father’s is a privilege for All of Us, because The Father’s Love for mankind is a Love Far Greater than mankind can fully understand, or even associate love in the human way like The Father’s Love is for mankind.**

**It is important at this time that young people be instructed on The Commandments of The Father. Too little is being spoken, much is being ignored, and there is so little direction on what morality should mean to the minds of all ages, and little ones should be taught right from wrong, and that God loves purity in all areas of human life.**

**Let us take a child of four. They have begun to learn what is right, what is wrong, and this understanding should develop so that by the age of twelve, they are fully aware of how they think, and if it is the proper way to think. Also, it is important that they understand that obedience to**

**what is right helps the Soul they have in all their future decisions.**

**There are millions of children throughout the world at this moment who are being left to their own decisions, not instructed on the Importance of the Soul they have that is a Portion of God within them, and that this Soul is in Close Association with God every moment of every day and night.**

**Ask yourself: When was the last time you heard about the Importance of your Soul, and how important it is for you to be morally good for the benefit of others' Souls, those close to you, those who you meet casually, and many who just watch your actions and do not know you?**

**The Soul is one of the most forgotten Gifts of Divine Love because mankind cannot see It, but logic should tell mankind: 'I know what is right, I know what is wrong; then logic tells me I must act and make all decisions that are not just proper for the situation, but are pleasing to God because of my Soul that is a Portion of Him.'**

**This Lesson is so easy, so simple, but is obviously based on Truth, Logic,**

**with a clarity of understanding that needs no further definition. Also, mankind has in so many ways ignored or diminished in content, in meaning, the importance of The Father's Commandments. They must once again begin to be spoken in Their fullest degree, fullest measure, and mankind must see Them for the worth They are, the Magnitude that is the Reason for which The Father delivered Them. Nothing The Father has ever done did not have Great Purpose or Reason.**

**So it is time that once again mankind look back so that the Soul will be safe, because at this time the enemy of God and man uses every means to destroy the Beauty of the Souls of all ages, all races, all cultures of mankind.**

**This Miracle has been sent to the world to awaken mankind, so that mankind will one day return his or her Soul to The Father in a State of Purity, because the individual realized that the Goal for human life was Greater than any other living thing. So be it."**

MARCH 12, 1997 AT 12:18 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. With Me stands the beloved Saint John of The Cross.**

**It is so important for mankind to fully understand, that the Gift of human life was designed for mankind to be able to see the value of logic through their mental capabilities, using these abilities to give to human life values, and be able to conquer things that were totally against moral standards, moral acceptances, and moral rights.**

**Even in the courts of your laws there is a laxness in sound values, because the laws that are stated to be obeyed are not just flexible, but obviously not complete in value, in soundness. The Father’s Laws, The Father’s Commandments, cover every portion of human life, with the Goal for which life was intended to reach.**

**When The Father said, ‘*I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me,*’ mankind oftentimes ignores that strange gods**

come in many forms, many degrees. Strange gods do not mean just a physical form, but many other things.

**S**o many who strive for personal attention hold themselves up as important, and use their dominance to control other people of all ages. This is one of the things that mankind was instructed to watch out for, because many times the dominance forces another individual to do all that is wrong, that is contemptible, against moral soundness, moral judgment, moral values, and of course, against God's Commandments.

**T**here will be much more on this subject, because mankind, in many ways, is abusing The Commandments of God, also ignoring Them. There are many who stand in judgment of man's laws, and they, too, ignore God's Laws.

**R**emember What I have spoken. It is important because of the Soul that each human life has within it, and this Soul is subjected to all that an individual partakes in, commits to, is subject to, and allows to be. So be it."

**MARCH 12, 1997 AT 12:50 P.M.**

**SAINT BERNADETTE**

**“I am Saint Bernadette. Many times One of Our Names is announced, and certain individuals immediately associate what they have heard about Us with Our Name.**

**There are millions of small children, all races, all colors, all creeds, who are not learning about the Importance of human life, and that it has a Goal to it beyond any goal that mankind can reach. Children are being told, instructed about winning, about being aggressive in certain areas to help them reach goals that are important to human life, but We hear very few being instructed on the Goal of the Most Importance to them, and that is for them to strive for Sainthood.**

**Some adults resist teaching this, instructing children on this issue, because they feel it will stifle the individual’s imagination on worldly issues, practices, and success. In man’s terminology ‘these are foolish thoughts’. Many Great Saints enjoyed**

life to the fullest, and were highly intelligent on many worldly issues, practices, involvements and goals.

**S**o much Love travels through *one small voice* from so Many Here in the Heavens, openly instructing mankind on the Importance of human life, and the Beautiful Goal for which it was created.

**A**sk yourselves: How many talents of other people do you enjoy? How many subjects can be important to the lives of millions of people and make Saints out of millions of people, because along with the subject matter, they handle all parts of the knowledge with dignity, with love for God, and understanding that what they are capable of doing is guided by a Higher Being?

**M**orality should be an innate understanding in every human being, because in morality there is justice, hope, strength and purpose. Immorality is a destructive force, and in many ways destroys anything valuable, and of course, Truths.

**T**his Miracle has been given to the world to alert mankind of all ages, all cultures, all creeds, to the

**Fact that every human being has the ability to use all they are, in many areas of life, but should always keep one thing in mind: that human life has the Greatest Advantage, greater than any other living thing, and that is to Live Forever through their Soul, in the Company of God, The Creator. So be it.”**

MARCH 12, 1997 AT 1:20 P.M.

SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas.**

**M**ankind, in many ways, refuses to believe that there is a Life after this life, because to most, death in the human form has a finality to it, but what they omit understanding is that human life, because of its very intellect, its sensitivities, its ability to see logic, should understand, should realize that human life was created and is created for a Higher Purpose than all other living matter or things.

**T**he very intellect of human life is superior to all other living things. The innate conscience of human life is above all other living things; the knowledge that human life bears on how to care for the physical, the mental, the moral aspects, above all other living things.

**W**e hear some speak crudely, rudely, denying that there is a God and that man has a Future with Him. This is not just ignorance on man’s part, but in many ways, can be termed ‘fear’

**of The Supreme Being that God Is and Always Has Been.**

**Children are not being instructed on the Importance of human life, and what a Special Gift it is mentally, morally, physically, spiritually, due to so much laxness by millions of people of all races, all colors, all creeds, ignoring the importance of instruction to the young regarding that human life is Special to The Father, created to His Image and Likeness; granted, not in flesh, but in many other aspects of Greatness, of Beauty, of Importance.**

**This Miracle has been given to the world, enlightening mankind in ways no one, or nothing else can or does. This Gift of The Father's Love, called 'The Miracle of The Holy Spirit of God', is giving to mankind, not just Instruction, but defining to the minutest detail what a Great Treasure man consists of, What man is the custodian of, and That is called 'the Soul'.**

**It would be ridiculous for mankind to feel, or desire to return to The Father in the body they used in the human form, for it would not be logical in any way; thus, it is more**

logical for man to understand that there is within each human life a Portion of The Father, indefinable, indescribable, that is above all other living matter.

There is no animal intellectually able to understand all that man understands, and there is no other animal that has the ability to associate mentally, morally, logically, with The God of All Creation. Only man has this Gift of Divine Love.

The world of mankind lacks judgment regarding the Importance of human life, and in the lack of judgment, human life is degraded and dismissed for a lesser value than it was created for.

Volumes of words, descriptions could be written on this Precious Gift of The Father, His Design and Creation of mankind. Mankind must understand that to believe in The Father should be automatic because of the intellect, the senses, that are so much a part of all that man does, over and above all other living things.

Many Blessings go with Every Word that passes through This Gift of His Divine Love, because mankind is a

**Special Gift of Divine Love, and must recognize it as Special, as Important, as having a Future to look forward to, and that is to return to The Father in the Form He designed It to be. So be it.”**

MARCH 14, 1997 AT 1:02 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. There are millions of men, women and children throughout the world that can relate only to a Name, and have no understanding of This Name that they know has a Specific Task for God.**

**We hear children pray. Most times the words are just words. They have learned a prayer, and they rapidly say it, with no understanding or feeling that they are talking to Someone Who is listening.**

**When mankind instructs others on the Existence of God, The Heavenly Mother, The Son of God, The Holy Spirit of God, or on Any Saint, there is much omitted because of the conciseness that mankind places such Great Names.**

**It is important for all of mankind to understand, and be able to relate to all the precious Gifts of life The Father has given to human life, to help human life understand that there is a Purpose to it, for it, in it; perhaps not always understood or seen, but**

**human life is the ultimate of living things, because in human life The Father implanted intellect, hope, fear, energies, understanding, the ability to think on different subjects, to create another life, and know how to do it mentally, emotionally.**

**Human life is Special because it has a Goal that no other living thing has. Some might say, ‘Why does human life have a Goal when nothing else does?’ Let Me address it this way: You plant a seed in the ground and the seed grows, and then most times the seed produces more of what it was gifted to do. And now let us say that all that has been produced by this seed is suddenly cut off at the top of the ground; many times a sprout will show, showing that everything underground is not dead. There is still life in what was first planted as a seed.**

**In a small way, very small, this can be connected to human life, because in human life the seed of life is innate, but the understanding, the logic is evident that this seed of life is greater than any other seed planted, because human life has a mentality, has senses, and has the ability to be**

able to openly instruct others on many issues, in many areas.

**H**uman life is an Ultimate Creation of The Father's. Also, human life has a Goal, and that is the Soul that is within that conception, that never leaves that individual until a given time, and that Soul will forever represent that individual. That is why it is so important for mankind to understand that life in the human way never ends; it carries on through the Soul.

**W**e hear men, women and children discuss heritage, and the importance of what heritage means to them. They associate heritage with having been started a long time ago by God, in a specific way, specific form, natural to human life. Heritage is talked about more than what the Soul is ever, because the Soul cannot be seen, but mankind should understand, that as the Soul is a Portion of The Father, It will live on Forever; no deadline, because the Soul will represent the individual.

**T**his should tell mankind that every birth of human life will represent whomever it is in, that their Soul will

remain for All Time. Nothing is being taught about That Living Portion of human life. Everything is dominated by humanistic values, sources, courses, ignoring the Importance of human life over and above all other living creatures and things.

We hear mankind elated when they find the bones of something that was born a very long time ago. They try to find out everything they can about the bones, and what these bones were connected to. I say to you on this day: 'The most important thing that mankind can concentrate on is not determinations such as this, but the Importance of human life, and the Purpose of its role; also, the Importance of the Soul that is never seen, but represents the individual for everything that individual partook in while the individual was alive in the human form.'

All who read This, I ask you to think: If you were to take a picture of your Soul, would you be happy about it when you saw It? By this, I mean the purity that It would show, the degree of love that radiated from It where God was concerned, also the condition of what The Father would consider It

**to be in: Sainthood immediately, or would It have to be put into Purgatory, to be the One to make reparation for all an individual practiced or had partaken in, omitting the importance of purity?**

**These Questions are important, but as They are delivered, The Father knows They are the last things that human beings would consider as important, because mankind has not been instructed to the minutest detail on the Importance of that Soul that is within each life at the moment of conception.**

**As a final Statement: What made mankind so understanding of the importance of Baptism? At this time in which you live, it is not as important to mankind as it was for a very long time. Please, I beseech you, think about this. So be it.”**

**MARCH 14, 1997 AT 1:56 P.M.**

**SAINT COLUMBKILLE**

**“I am Saint Columbkille. My time with you today is My concern over what is being taught, instructed to millions of youngsters throughout the world. First of all, there is so much assumption on what a child already knows, or what a child is more apt to be comfortable with, or what a child will be able to use because of its culture.**

**I ask a very important question: What Part does the individual’s Soul play in all these assumptions? Does the one who instructs an individual child of any age take into consideration the individual’s moral standards, moral values, that at a given age will be important for them to know? Even at the age of one, the first words a child hears most of the time in direction is ‘No.’ The child just eventually ignores the word ‘No’, because that word is negative.**

**The mind of a child has already heard many conversations while in the womb. This is ignored by those who are older in years. More should**

be taught on the physical aspects of the conception, and then how this conception learns so much about human life. Granted, it does not all show at the moment a child is born, but many things are indelibly marked that were stated in casual forms at another time.

**Ask yourself:** When a child is born, does it not radiate the culture from those who were associated with this, and does the learning stage not show that the child automatically relates immediately to those with whom it is being raised?

**We** hear mankind talk about the pedigree of an animal, and then **We** hear a description belittling to some animals, using a slang term. A child is a human being. A child has a Soul immediately assigned to it at the moment of conception. A child is not an animal. Human life differs in many ways, for many reasons, than all other creations.

**If** one plants a rose, they do not expect a dandelion to come forth. **If** one plants a tree, they do not expect a flower to take its place. **If** wood is needed to build something stable,

**strong, one does not use something soft such as the petals of a rose. This is logical. Its very statement says that human life is distinct, and human life has a Purpose beyond what anything else has.**

**Human life is made to the Image and Likeness of God. This does not mean that God looks like man, but all the senses of mankind, the sight, the touch, the ability to think, the ability to produce, the ability of the mind alone is cognizant of the Importance of human life versus all other living things.**

**The personality of a human being has many dimensions and oftentimes gives light, hope, in a treasury of measures to others, because of the personality of the individual, the intelligence, the innate love for other human beings.**

**So much has not been spoken about regarding the Importance of human life, the rights an individual has, the abilities, the conscience, the ability to make decisions, the abilities to learn, using the mind in complicated areas, in simple areas; the ability to**

**show understanding, concern, love, emotions, respect.**

**Volumes could be written on the Value of human life, and the Magnificent Goal The Father has set aside for it. Let no one demean what human life is, and I ask you to see human life as a Gift of Divine Love, and that human life has a Specific Design that gives to it Dignity, Goal, Purpose that nothing else has.**

**Human life has been Blessed by the very fact that the sensitivity mankind has to a Higher Being Existing and Being in Control, is an Important Factor that should never be cast aside as unimportant.**

**All of Us Who speak bless those who read What We say, and We are present when Our Names are discussed, because The Father allows it to be, because of the Soul that mankind is in possession of. This is a constant Connection, Closeness to The Holy Trinity. So be it.”**

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross.**

**Historically, mankind has subjected himself or herself to decisions that were basically unsound, immoral, many times omitting that just in the ability to make a decision, they were obligated to make a moral decision, a sound decision, and one that would not in any way be detrimental to them morally, physically, emotionally.**

**Today, throughout the world mankind of all descriptions is seeking easy roads, easy paths, easy decisions, in how to make his or her life more adventuresome, more idealistic, more worthwhile. Also, in many ways, many times, men, women and children are ignoring the Sound Rules The Father gave for all decisions to depend upon, and These Rules, of course, were The Father’s Commandments.**

**It is a sadness to Me when I have to say that These Commandments of The Father have been so diluted, so condensed, and so thusly making many**

**things wrong appear appropriate, acceptable.**

**Human life is several degrees above all other living things. By degrees, I mean in the structure of human life. The Father instills in each life a Soul, a Portion of Himself, allowing everything an individual does to reflect through the Soul, so that one day when the Soul is Judged, the Soul is the recipient of all an individual partook in, avoided, rejected or accepted, whether it was pure or impure.**

**We hear mankind throughout the world justify all he or she does, putting the blame on their background, the conditions under which they were born or raised. Many times when their decisions are made, they innately know what is correct, what is incorrect, what is purity, what is impure, what is pleasing to God, what is not pleasing to God.**

**This Gift The Father has given to the world, This Miracle, is a Gift Greater than any gift mankind can buy, because This Gift is a Gift of understanding the Purpose for human life, the Love in this Gift that is Divine**

**in All Aspects of It and in All Goals for It.**

**Thousands and thousands and thousands, adding up to millions of Words have been delivered vocally and in the form of Scripture, so that mankind of all races, all colors, all creeds, would be able to use All These Things as Guidelines for daily living, because of the Goal for which mankind was created.**

**We hear so much blasphemy when an individual does not agree with What We say through This Gift of The Father's Love, but to Us this is useless talk, actions, because it solves nothing, it shows reverence to nothing, and there is a hopelessness in it. This Miracle that I speak through now is a Gift of Divine Love, beyond what mankind can comprehend Love to be.**

**Mankind uses Faith in many decisions on personal matters, personal associations, personal commitments. The wisest act of Faith mankind can accept is What passes through This Gift of The Father's Love, because in This Gift there are Directions, there**

**are Warnings, there is Love, Hope, Inspiration, and Sound Logic.**

**We heard a question asked in a very casual way: ‘Why would God, at this time, allow so much to be spoken by so Many from Heaven? One would think that mankind has enough to understand all this. Why would God take the time?’**

**This is a sadness to hear, because mankind, through his or her Soul, is a Connecting Link to The Divine. This Link is consistent and constant, and must be understood as Divine Love for the Soul that is a Portion of The Father, because He wants that Soul returned to Him at the proper given time. So be it.”**

**MARCH 18, 1997 AT 1:17 P.M.**

**SAINT IRENAEUS**

**“I am Saint Irenaeus.**

**When mankind receives a gift that he or she is pleased with, emotion shows, thanksgiving shows, and there is a genuine delight that surrounds the conversation, the attitude.**

**The Father speaks, not just instructing, but presenting to mankind Himself, or through One of Us, His Divine Love, His Reason for creating mankind, reminding mankind of what a Precious Gift human life is, and to treat it as a Precious Gift in every facet of its abilities, beliefs, practices, and means of understanding what a Great Gift it truly is.**

**We hear so much dissension from many who feel that they have a voice to be heard, rejecting This Gift of The Father’s Love. On the other hand, they feel if they just ignore It, it makes a statement of rejection that people of all cultures should understand, or accept as a Heavenly Decree. My, what nonsense mankind submits to!**

**If mankind were to hold an ounce of gold in one hand, and an ounce of tin in another hand, which would an individual choose to save, to cherish, or even use for some purpose?**

**The Father has given This Miracle, at 'this time', a Name. He Announced It as '*The Miracle Of Saint Joseph*'. This was a Very Important Announcement, because in the Wording He brought to the minds of mankind a Name they were familiar with, because of the History that was written about This Particular Saint.**

**The Life Story of This Particular Saint was in many ways a hidden Entity, because it was not the time for mankind to know that This Beloved One was, in reality, The Holy Spirit of The Father. In the early time of years, this Name was connected to a Great Occasion, a Great Purpose, and in many ways a Solution, through The Child that mankind was to understand as This Child being The Son of God. Thousands of years passed, and The Father Declared the time to come to be, that more would be spoken regarding This Silent One, and that was to Announce to the world that, in reality, though He was known in the human**

**form as 'Joseph', and then revered as 'Saint Joseph', He was truly The Holy Spirit of The Father.**

**Mankind should ask themselves: Who else could be announced as The Father of The Son of God but The Holy Spirit of God which eliminates any human being in This Great Miracle of Divine Love? When the time came for The Son to be born, historically the Words read: 'A star shone in the sky. The shepherds and the kings were present.'**

**A human version was allowed to be, because the time was not yet ready. Mankind was not ready for it, but the time is 'now', and the world must understand that The Beloved One called 'Joseph', Was and Is The Holy Spirit of God Himself. So be it."**

## GOD THE FATHER

**“I am God The Father. I have created all there is. Mankind wonders about the past, how things began, the forms that were first made; how things escalated to what they are now, with mankind having more understanding, more ability to see justice according to My Commandments.**

**In the beginning of Creations, there was unwritten rule, law, that mankind instinctively drew up verbally, and then as mankind increased in what mankind calls ‘civilization’, the laws were more adaptable because it was important in many ways for mankind to understand that he or she was not animal, but different. These Lessons, these Instructions, this Knowledge was delivered and instructed in a manner that mankind could grow in, conform to, and understand, because of the Importance of this life that began so simple, for a Great Goal.**

**We hear some men and women ignore the importance of how mankind had to begin, because they, in their**

thinking, cannot see the justice in creating life, forming it from the beginning, so that later in time mankind would be more intellectual, more sensitive, more understanding, and see values in morals.

What mankind does not understand is that each growth of human life had a Purpose, a Design. It's like a child in the womb. There are two seeds, and these seeds develop according to the mentality, the circumstances, and the advantages of the time in which it was conceived.

Today as I speak through *a small voice, an obedient voice* that bears a contract with Me, of obedience, of justice, of concern for fellow human beings, I speak for all of mankind to fully understand what a Treasure human life is, because it is the only thing I have created that has within it a Portion of Me. This Gift of My Divine Love made this Creation of Mine to the Image and Likeness of Me, not in All the Ways I Am, but I designed mankind for a Specific Reason, a Special Purpose.

I designed a tree because the tree was going to be necessary for

many reasons. I designed a flower, and this flower, or many of such designs, have reason, have purpose, not always understandable to human beings. Mankind must understand that through the intellect I have given mankind understanding that there is more in human life to learn about, and to see as being exceptional.

There is a Heaven, there is a Purgatory, and the enemy, in imitation of Me, designed a place of ugliness, of hate, a place of horror, because mankind being what he or she is, is surrounded by much jealousy, hate, from the evil that mankind does not see, but oftentimes acts in accordance with through weaknesses.

The world must hear of This Gift I have given, This Gift of My Love that supersedes all human love. Mankind, in conscience, must understand that as I created all humans, all things have a purpose, and that man has a Specific Purpose, because within man there is a Portion of Me.

I could dictate Volumes at one time, but I have stretched so much Information over several years through This Miracle of My Divine Love, giving

to mankind piecemeal, the Importance of human life, because if I had thrust at mankind all the Reasons I created mankind for, the human mind, faculties, abilities, understanding, would not have adapted to this thrust of Knowledge, Information.

My Love supersedes all love. I speak through *a small voice*. I speak through a very weak *child* physically. Obedience to My Will is for all of mankind, because mankind must understand that there is a Heaven, there is a Purgatory, and satan is the enemy of all.

And do not forget one thing: When you are sad whisper My Name, when you are concerned whisper My Name, when you are in a troubled way whisper My Name, and never forget, I am constantly Present within you in a Form you cannot see, in a Way you cannot feel, but My Love for human life is Special, because within you there is a Portion of Me. So be it.”

**MARCH 19, 1997 AT 1:36 P.M.**

## **SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. I speak today on an important subject. The Father and All of Us Here, hear so many men and women discuss religious avenues of practice, and also participation. Throughout the world there is much talk, but little conscience on the importance of these vocations of life.**

**Many times an individual chooses a way of life that sounds interesting, fulfilling, and automatically will have a direction in it that will lead the individual to a successful solution, or to be successful in the eyes of others. What is success? This question has many areas for an individual to think about for themselves. Success to some is to find each day comfortable, without problems, and a feeling of security. Success to others is to become well-known, respected, looked up to as important. Success to some is being fulfilled in a vocation they enjoy mentally and/or physically.**

**When an individual is asked what their aim is, what their goal in life is, how many will say 'Sainthood'? What holds an individual back from saying that word? Also, how many do not even consider it as important, because the average thought on a goal is to be wealthy, to be popular, to become well-known for a particular talent, and/or to just have a healthy life that's quiet and without any adverse conditions. There are some other things to be added to this, but humanism would be the goal in most of them, if not all.**

**How many children are instructed on the Goal for life should be Sainthood, and that this is the Goal for which they were created, and that God, in His Love for human creation, placed a Portion of Himself within it, and wants That returned to Him in purity, in love?**

**So much humanism has flourished for so long, and of course, this is repetitive throughout the lifetime of mankind, since the beginning. One should ask himself or herself: When The Son of God walked the earth, was everything really transcribed that He thought, that He taught, that He spoke? Was it ever questioned? Did He**

ever write anything Himself? Those who listened to Him automatically knew He was different, because He represented Something beyond what they associated human life to speak about, to think about.

It is important for mankind to receive This Message, plus All the Others that have been delivered through This Gift of The Father's Love, called '*The Miracle Of Saint Joseph*'. Some will say, 'Why do they call It "a Miracle"?' It is a Miracle, because of the use of a human mind to repeat What is delivered so continuously, so automatically, so precisely, without question, without corrections; and, Everything to be so to the advantage of all other living human beings for all time to come, makes It obviously, declares It obviously to be a Miracle, because human life, in its mannerisms, its mentality, its talents, its human applications, would not, could not, be so consistent so constantly, in the Importance of the Wording that is delivered so continuously.

The world has been Blessed, but it is sad to say mankind does not always recognize a Blessing, because of an individual's personal manner of

**thinking, and every individual's habits in daily life. So be it."**

MARCH 21, 1997 AT 3:30 P.M.

## SAINT MARY MAGDALENE

**“I am Saint Mary Magdalene.**

**It is important for mankind of all ages, all cultures, all creeds, to recognize the fact that these times in which you live are in many ways worse than Sodom and Gomorrah.**

**Sodom and Gomorrah are well-known for what occurred there, what was practiced there, and also the evil that was prominent there. There are very many people throughout the world who think practical, logical, and depend on prayer in many ways, but We see so much false idolatry to these practices because of mankind’s falling into the trap of immorality, in all phases of life, all ages of life, and in all practices of life.**

**To say to individuals, ‘You live in a time that is evil, that is diabolical, that is totally satanic in many areas that you become a part of,’ this Statement would be difficult for very, very many to acknowledge as fact, as truth, because so many things appear normal to many ways of life.**

**A**cceptance of immorality is far greater, far more deeply ingrained in mankind's daily life than mankind can admit to, and see as fact. Children are being led into so many areas that are detrimental to their moral values, moral standards, moral practices. So much is being accepted that encourages mankind of all ages to ignore purity of the mind, of the body.

**T**he world is in turmoil, but the emphasis is not on immorality but on politics, and this is sad, because immorality in all its phases, conditions, degrees and power to interfere in the lives of millions of people, is the cause for so much confusion, hate, lust, and children of all ages being instructed on everything that is against The Father's Commandments.

**A**sk a child what he or she considers a sin to be. The answers might surprise you. Another question: Ask someone you know if they have the answer to correcting so much immorality that is in the world today. Another Commandment that is taken for the meaning in a one-categorical way, and that is the Commandment, *Thou Shalt Not Kill*. There are various ways to sin against this Commandment,

but rarely are any of these considered blasphemous against the Souls of the individuals involved.

**You live in what mankind calls 'a time bomb' of social degradation, because what is being practiced by so many must in some way be corrected, be cast out, because of the Souls that are being desecrated in monumental numbers daily.**

**We hear those who preach on what they term 'religious practices'. So much of this escapes truths, due to the fact that the one who is instructing has little ability, or none, to understand the full meaning of the importance of purity because of the Soul that is within each human life.**

**The Soul is never thought of, or if It is, It is put in a category of humanistic understanding, thus not allowing the Greatness of the Soul to be expressed, or to be held in the Dignity in which The Father gave It, because It is a Portion of The Father that is the Sound Basis for mankind to be able to understand the necessity, the reasons for mankind to follow The Commandments of God in Their fullest**

**degree, for the good of the Soul that was implanted in the conception.**

**The world of mankind is going deeper and deeper and deeper into the abyss of total commitment to satanic practice, ignoring the Purity, the Love, the Beauty, in which mankind was made the custodian of, and that is the Soul at the moment of his or her conception. So be it.”**

MARCH 24, 1997 AT 1:27 P.M.

## SAINT CHRYSOSTOM

**“I am Saint Chrysostom. We hear many hundreds of people who hear about This Miracle in a very minute form, and they immediately have an opinion, and reject The Father’s Ability to speak at any given time, through a human being.**

**Many will say, ‘Why do they reject what is so logically factual?’ Much jealousy surrounds This Miracle of The Father’s Sacred Love for mankind. The Father has given to the world This Particular Type of Closeness, Personal Communication, because mankind was and is desperately in need of It, due to the fact that the enemy of God and man has circulated in every avenue of where mankind exists.**

**Mankind forgets that the devil is real. The devil is constantly using every avenue of mankind’s weakness to weaken mankind further, so that the Soul will become a victim of the individual’s weakness. Mankind says: ‘I don’t have a Soul. All I am is flesh and blood, misery, with a lot of**

**responsibilities. What proof do I have that there is a Better Place to go, to be seen, to be a part of? What proof do I have that when I leave the earth there is Another Life, One that can be called “Beautiful”, and another that can be called a “Hell”?”**

**Many times when We hear mankind question logic it saddens Us, because the very life of human beings exposes human life to what is good, what is wrong, what is happiness, what is punishment, what is valuable to the mind, the body, what is degradation to the mind and to the body. The mentality of an individual does not have to be rated genius, or above average understanding, to recognize good from evil, love from hate, purity from impurity.**

**It is instinctive in mankind to not want to be poisoned by what would cause their physical to die. They look for what is best to put into their body. Then is it not logical that the body is also the recipient of all other things that human life is exposed to?**

**When We see an individual whose mind is sick from some serious fear, anger, jealousy, or mental breakdown,**

and the individual either draws a blank of understanding, or becomes so confused about what is best for them as an individual, their thought on cutting life off totally because of weakness, makes Many of Us, Who are at that time seeing it, want to call out and say, 'Please don't take your life, because there is so much for you to accomplish with it, and you are denying your Soul the Gift of Glory for All Eternity.'

**D**aily We hear desperation in many voices, many minds. Much of this is brought on by what an individual calls 'human failure', but there can be no human failure if mankind entrusts his or her life, his or her mind, abilities and love, to The Creator of All Things, because the Soul instantly fights to give the individual moral strength, mental strength, physical strength that is not seen, but it is available to every living human being from childhood on up through many years.

**W**e hear one individual say to another, 'I love you.' Many times it is an expression of what can be compared to 'Hello,' because it becomes a habit of speech. God's Love for mankind is not like this, because God placed within every living human being an

**innate desire to achieve, to be happy, to be loved, even when an individual does not appear as though they are cognizant of such a relationship.**

**The world has been Blessed by The Father Himself, by His giving to mankind of all races, all colors, all creeds, This Miracle that draws man close to God, and God close to man, by learning what an Intimate Relationship every living human being has through the Soul that is a Portion of The Father, for all time.”**

MARCH 25, 1997 AT 12:50 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. Picture a statue of Me with water flowing from My Eyes. How many thousands of men, women and children would flock to the sight, some out of curiosity, some out of emotionalism, some just to prove a point, to satisfy their own doubts, their own interests?**

**Today, and for some time now, The Father has given to the world more Instruction on the Importance of human life, because in it He placed a Portion of Himself, namely ‘a Soul’, yet We do not see, nor do We hear loud exclamations of happiness, hope, regarding the spoken, the written Words that pass through *a small voice*, instructing mankind on the Beauty of human life, What it contains, a Portion of The Father.**

**No Greater Gift could mankind claim to have. Mankind depends much on the interpretation of what those in charge express, deliver, and/or consider as valuable. Now, this consideration is oftentimes based on mere human**

**opinion, or even personal idolatry of what human life is, disregarding of course, in all dimensions, that human life is the custodian of a Portion of The Father, and is the only creation, the only living thing that can claim this Gift of Divine Love.**

**When there is physical abuse to any human being, oftentimes there is much sadness, because it is innate in mankind to have a certain degree of empathy when someone is hurt or disappointed, mistreated, or unjustly scoffed at.**

**This Gift of Divine Love was given to the world, not just ‘this place’ from where We All speak through a *small voice, a small child* who acts obediently the moment We request it to be.**

**Today as My Eyes scan the world, I see so much desecration to human life, some practiced out of personal sinfulness, some practiced out of hate, envy, injustice, and also scores of it being practiced namely just for lust. How do We reach these who are so lost to what is moral, what is conscience, regarding the Soul that they are responsible for?**

**Every human being is aware of there being a difference between human life and all other living things. Then why does not mankind capture the Beauty of human life, protect it in every way, and use what is logical for every human body, instead of desecration? Of course, 'desecration' to some is not the word they would use. They call it 'human nature'.**

**There are so many men, women and children throughout the whole world who, at this moment, are ignoring the Precious Gift of human life, and using their lives, and others' lives, in ways only pleasing to the enemy of God and man.**

**This Miracle of Divine Love must be spread throughout the world to awaken all degrees of intellect, all degrees of senses, because mankind is truly living in a time that can be termed 'worse, much worse than Sodom and Gomorrah'.**

**This Gift of The Father's Love, telling mankind, instructing mankind, is a Gift beyond human ability, but also a Gift of Protection that mankind can understand without having to be learned in so many ways, but common**

**sense decrees the logic in All that is spoken, and shows What passes through this *little one* is obviously God's Love, God's Will, because of His Love for mankind. So be it."**

MARCH 25, 1997 AT 1:40 P.M.

## SAINT CECILIA

**“I am Saint Cecilia. Many of Us wait for The Father to allow Us to deliver His Love to all of mankind.**

**It is sad when We hear rejection of so much Beautiful Direction, given in a manner understandable, and in a way that mankind can readily see the Importance of human life, that it is Special, and has a Goal that no other living thing possesses.**

**There is so much dissension throughout the world, none of it justifiable, because it is based on jealousies, hate, envy, immorality, and biased likes, dislikes, thus affecting a hopelessness in so many ways. Where there is hopelessness there is fear, anger, and an increase in injustice.**

**The world has been given a Gift beyond what any human being could ever give it, and that is This Miracle of The Father’s Love, This Miracle of constant Instruction, Direction, instilling Hope, helping mankind to understand what a Precious Gift human life is. This is one of the**

reasons it is so sad to see so many abortions, based on so many wrong opinions and/or weaknesses that an individual or individuals conclude as the only solution.

**When a human being gets hurt physically, there is fear, there are tears, and many times even screams, according to the situation and/or the depth of the situation. Let Me ask you a question: If you were an infant, newly formed in certain ways, would you not have a certain degree of senses, because senses are a major part of human life, and if physical abuse was given to these senses, would you not feel the pain, the agony? And yet, your development would not show, because you would not have developed in the lung capacity for sound, in the vocal capacity for sound, and of course, other reasons attached to this.**

**There are millions of words that could be dictated on this subject, and all justifiable because of the Importance of a conception of a living human being, and yet We see thousands of these conceptions tortured daily.**

**The world must change. Mankind talks about civilization, all the great**

**facets that mankind consists of, and is capable of applying or complying with or to. Mankind should ask himself and herself: Is justice a priority in daily living? Is conscience a priority? Are moral values and moral standards always a concern of every day's actions, deeds, practices and obligations?**

**The world is saturated with so much diabolical intervention, so little understanding of the full degree, the full meaning of God's Commandments. Many times We hear men and women carry on major discussions on what is practical, what is professional, what is monetarily gainful, but We rarely, if ever, hear about justice in its full measure, morality in its full concept, truth in the fullness that describes obedience to God's Commandments in every facet of every one of Them, in one's conscience, and in one's personal demeanor, and obvious example. So be it."**

**MARCH 25, 1997 AT 3:20 P.M.**

**SAINT ANDREW**

**“I am Saint Andrew.**

**In many ways mankind does not understand when The Father sends a Gift of His Divine Love, because a Love of This Kind, This Degree, This Personal Attention, is a rarity to mankind.**

**When a parent instructs a child on an important subject of life, the parent uses choice words. When a mathematician teaches a particular type of mathematics, he or she uses solid foundation, facts, rules, for the answers to be correct, also many times, takes the time to explain the theory behind the facts.**

**This Gift of The Father’s Love to mankind is likened to the instructor of mathematics. The Father starts with the basics, and then in time, is able to speak in a more advanced manner, so that the Truths will be more logically seen, understood, and accepted.**

**This Gift of The Father’s, This Miracle of Divine Love, is never to be**

cast aside, abused, or rejected, because He has chosen ‘this time’, ‘*this child*’, ‘this place’, for all of mankind to learn from, and to become more aware of the Purpose for which He created human life.

To some, when they read about the Soul, they immediately say, ‘I suppose I have to accept it, but I cannot feel It.’ This is a sadness to hear, because in sound theory, man’s individual understanding of what is right, what is wrong, what is pure, what is impure, is the basis for which mankind should base truth on, rather than trying to use his or her own capabilities that in many ways are not sufficient or efficient enough to evaluate the Importance of what the Soul means to human life.

More will be spoken later on this subject, but at this time mankind must stop ignoring the Importance of what human life consists of, and its closeness in reality to The Father Who created all things, and yet creates all things. So be it.”

MARCH 26, 1997 AT 12:54 P.M.

**SAINT POLYCARP**

**“I am Saint Polycarp. It is sad when We listen to many learned men and women who bear the vocations of Spiritual life, so ready to disagree, so adamant in their attitude, concern for This Gift of The Father’s Love, bearing the Name of The Beloved Joseph, why it is so impossible, causing so many argumentative issues that He cannot be The Spirit of God.**

**What a sadness mankind is confronted with when Truth is given, and men, women and children are instructed, commanded, demanded to not believe It, to not accept It, and not just to ignore It, but to condemn It. Many Saints speak through This Gift. Much Love passes through This Gift. An abundant amount of Information, Direction, Instruction is passed through This Gift.**

**We hear some say, ‘A Gift of This Magnitude would use more than one individual.’ How ridiculous can mankind be? When an individual makes ‘*The Sign of The Cross*’, what**

does he say? Does he not say, *'In the Name of The Father, and of The Son, and of The Holy Spirit'*? This should say much to those disbelievers.

Why some men and women, even children make a mockery of *'The Sign of The Cross'* is not just sadness to see, but it is blasphemous in its lack of respect, honor, dignity, and understanding of Whom they are calling at that time, to gain attention to them as an individual human being.

The world is in chaos morally, physically, spiritually, mentally, because mankind does not use reasoning behind all that The Father has instilled, for mankind to be able to value such a Gift of This Miracle Wherein so Many have been able to participate, showing mankind the Great Dimension of Heavenly Beings that once were human in body, walked with sensitivities, with the senses, with the abilities to learn many things, to express love, concern, and be a part of many human talents, interests, hopes, dreams.

Needless to say, The Father watches over This Miracle in a manner and way not understandable to human life, because human life is a Creation of His, and He has endowed mankind

**with so much understanding, so many interests, talents, ambitions, goals, but the Greatest Goal man can reach for is to return to Him, his or her Soul. So be it.”**

MARCH 26, 1997 AT 1:29 P.M.

SAINT AGNES

**“I am Saint Agnes.**

**Children of all ages should be instructed on This Gift of The Father’s, This Gift that draws everyone closer to the Importance of human life, because of All that is being spoken about the One Precious Gift of Divine Love that every human being is instilled with, born with, and is a Part of life from that moment on. The Soul does not walk away for periods at a time. The Soul is within the life, the body, until the body comes to a close, and then the Soul receives the further instructions from The Father on where It will go.**

**Think of a situation wherein you or someone else is constantly, brutally abused, mentally and/or physically, and/or emotionally. Does this abuse not remain in the mind or in the character of an individual, or also in the habits of the individual in some form, some degree? Also, does not this oftentimes encourage an individual to cling to what they feel is stronger, more appealing, safer?**

**M**ankind must understand the Soul of every living human being is a Gift of Divine Love, and is the recipient of everything an individual participates in, thinks, acts, does. There is no real instruction on the Importance of the Soul because It is not seen, and mankind most times believes what he or she sees, and does not always recognize the Importance of What he or she cannot see that they are closely connected to. Another factor mankind should think about in the Creation of human life and all other living things: The Father enclosed all the important parts of human life and others, so they would be protected, also more attractive, more understandable in many ways.

**T**oday in your time, The Father is allowing Hundreds of Saints to speak through *one voice*. All do not announce Themselves, but *the child* was from conception on, destined to be *the channel of delivery* for This Great Miracle that was to instruct mankind in a Personal Form, Manner, Means, so that mankind could associate with a human being speaking, participating, because through this form of contact there was understanding.

**The Father uses a voice to speak, to have Many Here speak, because mankind needs this Personal Communication, this Personal Advice, this personal feeling of association to Him, on all things. The Importance of the Soul is, in reality, not difficult to understand, because through the Soul an individual innately knows, and receives a sensitivity to a Higher Being. The Soul is like a link in a long chain. Without the Soul, man would be like a tree, an animal, the water, the sky, the soil, and many other such things.**

**This Gift The Father has handed is spreading throughout the world, but it is sad to say jealousy, egotism is interfering with so many who need This Miracle to live each day stronger morally, mentally, physically, spiritually. That is why The Father announced for so much to be written, so that mankind would not have to try to remember.**

**There are so many distractions in human life, and the written word allows the mind of an individual to retain, for maybe a future date, a decision that has to be made, but also what one reads has an effect on one's memory,**

**and it is important that All that has been delivered be passed throughout the world, never saying that certain individuals will not understand, will not comprehend, because The Father will intercept, intercede, and in many ways use These Words, and Personally help an individual, many individuals see the Importance of Them, the Rationalization of Them, giving Strength, Hope, reminding them that they are not alone in the world because they have a Portion of God within them, called ‘a Soul’.”**

SAINT FRANCIS DE SALES

**“I am Saint Francis de Sales.**

**This Gift of Instruction is Important to every living human being throughout the world, but We see men and women blocking It from spreading, and when We listen to their reasonings, none of it is logical, none of it can possibly make sense to a human mind, other than to be judged ‘diabolical’, and a lighter statement, ‘fictional’.**

**Throughout the world there are so many vile sins being practiced, accepted, advocated, even including the very young who do not know what they are involved in, but because of those in charge of them, they feel it is acceptable.**

**Some children innately know, feel, resist, when they are told to perform impurities, but they are controlled by those in charge, and this is a terrible sadness for Us, to see so many men of high intelligence, and women with degrees of not just intelligence, but with the sensitivity**

to innately know what is purity, what is impure, what is sinful when the body is abused.

**T**his subject is difficult for many to discuss because it, in its very essence, causes facts to be spoken that are embarrassing to some, and should never be spoken in a way, in a manner, or a degree that makes others who listen vulnerable to such impure conversation.

**T**ime is important to mankind because time gives every individual the ability to act, to think, and to be example to everyone they know, they meet, or they are seen by. At different times, down through time, there have been many violent eras that mankind openly debased human virtues, talents, abilities and moral standards.

**T**oday children are not being taught the importance of purity of mind, of body, because they are being subjected to not just words, but visual actions in pictures that they should never be exposed to, because of the innocence in which a child is born.

**A** child learns from whatever it sees, whatever it hears, and children are being ignored and allowed to be

present in so many diabolical places wherein there is much desecration morally, physically, spiritually. Children are vulnerable, because in their learning years they are quick to capture, to follow, to repeat whatever they see others do, and even when they feel that something inwardly violates a part of them, they are yet victimized, and these times in a child's life are remembered in many ways, and sometimes never is anything ever totally erased.

It is sad to hear those of years not take into consideration the vulnerability that children are being exposed to, through so many areas of so-called 'modernized means' of sight, hearing, and children are not being protected from other areas, that their bodies are becoming addicted to what adults are accepting because of immorality, weakness, and so-called 'blaming the modernization' that is taking place in all areas of life.

It is sad for Many of Us Saints to have to speak so openly, so directly, not just warning, but deliberately using Words that others should see the Importance of, and use These Words as a state of logical human protection

**against all that is evil, because the enemy of God and man walks in the midst of all degrees of mentalities. So be it.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Why it is difficult for mankind to believe, to accept This Great Gift of Divine Love, is difficult for Many of Us Here, because The Gift in Its Greatness openly bespeaks Truth, Divine Love, Divine Hope, giving to mankind Personal Instruction on the Importance of human life, and on the dignity that The Father expects human life to act in.**

**Mankind automatically enjoys hearing a story, and looking for important facts in the story. This Gift of Divine Love is the Greatest Story ever told, because in It The Father has allowed so many Truths to be explained, so much Direction to be given in a manner easy for mankind of all intellects to be able to follow easily, comfortably, and innately feel the Importance of each Portion of Them.**

**The world has been Blessed. Mankind has been Blessed, and it is sad to hear so few able to accept, without question, the important Information**

dealing with all that mankind is about, and that mankind is the custodian of, such as a Portion of The Father, that He Wills for mankind to return to Him in a State of Purity, at a specific time.

So little is being instructed by so-called 'learned men' on the Spiritual Importance that is within each human life, called 'the Soul'. We hear men and women expounding on their interpretations, their personal insights, opinions, ideas, ideals, regarding human life.

It is time that mankind look at This Gift, This Miracle of Divine Love, in which, through which, so Many in Heaven with The Father are permitted to speak openly, clearly, with an obvious Direction for individuals of all degrees of intellect to be able to understand that human life was designed, created, for a Special Reason, with a Gift of The Father's Personal Love instilled with it, making human life different than any other living thing.

It is true that since the beginning of Creation there have been many changes, developing many areas of the earth, plus in each generation of

human life there have been changes, and very likely will be many more changes in the time to come; but at 'this moment in time' so much has been revealed, instructing individuals of all degrees of intellect, on the Value, the Importance, and the Goal for which human life was created, and how Special it is because it has a Soul, All individual to every living human being, because as The Father designed the Creation of human life, He designed how a Portion of Him would be implanted so that mankind would be close to Him, and would return to Him in a manner different than human life could understand fully, but through This Miracle of Divine Love, much has been instructed on what a Special Gift human life bears at the moment of conception.

This Miracle was to give mankind Hope, Strength, and more understanding of the Importance of human life, and the dignity in which it is held because of That Portion of The Father that is so closely associated with Him, never leaving the individual alone at any time, and that will represent the individual at a given time.

**H**eaven exists. No man has truly been able to describe It. Purgatory exists; it is a place of restitution. And the enemy of God and man constantly uses every means, moral, physical, mental, to draw mankind through weakness in many forms, to where he is, and this is called 'Hell'.

**S**o much has been spoken through *a small voice*, and I ask each one who reads This, and all the Other Things that have been delivered: Can you consciously admit to yourself that you are a warrior against all odds, all wrongs, for the Salvation of your Soul, or do you question your own strength and allow weakness mentally, morally, physically, to cause you to ignore The Father's Love, The Father's Gift of Divine Love, and not care how you act morally, physically, spiritually, ignoring totally that there is a Purgatory, there is a Hell, thus using laxness, weakness, insolence, and not striving to be 'a Saint' through your Soul?"

## OUR HEAVENLY MOTHER

**“There is a great sadness Here Where We are when We hear and/or see mankind reject an obvious Gift of His Divine Love. There is no comparison to a Gift of This Magnitude with the greatest gift man can give or receive with another man. This Miracle of The Father’s Love is beyond human ability to achieve on mere human abilities and/or mental genius.**

**All that is delivered has a Great Goal for the Soul and/or Souls of not just millions of individual human beings, but billions and billions, because This Miracle will be felt throughout the world for a longer time than man can understand time to be.**

**Every conception of human life has instilled in it a Soul at the moment of conception. This Truth is beyond most mentalities to perceive, but mankind must remember that God is Above all human abilities and has the Power to do All Things.**

**Mankind must stop ignoring and/or insulting This Gift of His Divine**

**Love, because there is much at stake for the Souls of all of mankind.**

**We hear men, women, and even children question, ‘What is a Soul?’ A Soul is a Portion of God that is indestructible and will live Forever. This is what makes mankind so Special, because it is the only Creation that has this Great Gift placed within it at the moment of conception. The Soul is ever present from that moment on, and is the recipient of all an individual partakes in, achieves, or does mentally, physically, morally.**

**Mankind has passed through many stages of human experiences: mental, physical, moral and Spiritual. Mankind must remember that though so much is delivered so deliberately, so clearly, so full of Facts, Truths and Knowledge of human behavior, It has also been an Important Factor in the uplifting of man’s mental, moral, and physical growths, helping mankind to more fully understand the importance of everything one does and the Goal that God has assigned to human life as More Important than any human being can fathom and/or fully understand.**

**This Miracle of Divine Love is for all of mankind, and it is wise for mankind to see the Importance of how The Father, in His Magnitude of Love for mankind, can use a small drop of human life to be *an instrument* of His Great Power.**

**The world exists because of His Power. So logic says This Miracle that He has designed, using *a small creature* of human origin, has to be True, because no human being has any power near or close to This Ability and/or Creativity.”**

APRIL 1, 1997 AT 2:35 P.M.

**SAINT PATRICK**

**“This Miracle is More Important to the whole world than mankind wants to believe and/or accept. Why mankind is resisting It in such a violent manner and way is because mankind does not want to change all that is immoral to all that is moral.**

**If the subject of morality is brought up, few people of all ages, all degrees of intelligence, want to admit that a change is necessary and/or even beneficial in any way. Many men, women, and even children declare that progress is based on change, and that the world needs everyone to comply to progress; of course, thus ignoring that human life has more to its Reason and Meaning than physical, mental or immoral pleasures.**

**The world of mankind is advancing in some areas, but also is returning to what Sodom and Gomorrah were guilty of, and that is total immorality in every phase of human behavior, thus ignoring the fact that human life is responsible for**

**a Soul that each human conception is the custodian of and responsible for.**

**This Gift of The Father's Love was given a Specific Title. This Title bears the Name of The Holy Spirit of God, and man knows It as '*The Miracle Of Saint Joseph*'.**

**We hear much anger, jealousy, even hate where This Miracle is heard and/or spoken about. Men in so-called 'high Spiritual positions' are jealous and do not really see their reaction as such. These men should be using This Great Miracle to aid themselves and all their time with other men, women and children as the Example to express all that mankind is responsible for and to, because of the Precious Gift each one possesses, and that is their Soul.**

**More should be expounded on What human life is the custodian of, and no excuses should be acceptable for weaknesses. So be it."**

APRIL 2, 1997 AT 4:33 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**When The Father hands a Gift to mankind, it is a sadness when mankind requests proof of What the Gift consists.**

**When man gives to man a gift, it is for a particular reason or in thanksgiving. Sometimes the most beloved gifts that are given are those in thanksgiving. Every human being should receive This Gift of The Father’s Love in thanksgiving, because The Father has already instilled a Gift of Personal Love, the Soul, that no one ever thanks Him for because they cannot see It, nor can they feel It, but one day they will find that the Soul was the closest Thing to The Father that they could have had.**

**There is little teaching throughout the world, sound teaching, because mankind has become so humanistic, putting values of great worth on material measures. Children are not learning the Importance of human life, but are being abused in so many ways**

where their physicals are concerned, and their mentalities are learning many things.

When a child is born, everyone expects a child to respond, and oftentimes there is a reaction when a child appears to be responding to an act of attention, a word of love, or is being protected in some form, some way, for some reason, whether it be clothing or being mishandled by another individual.

The world must know of This Miracle for many reasons. It is important that mankind recognize that The Spirit of God is Loving and Giving, and that mankind, in The Father's Design, responds to kindness, goodness, love, concern, and also respect. When violence appears, anger, harm, personal abuse, great fear is obvious. This is what mankind should see when evil is taking place, because evil says the enemy of God and man is present and causing the afflictions to the mind, to the body, and also to the Soul.

Children are not being instructed properly. They are being allowed to see impurities of all types, in all phases of

how they can be practiced. Children are not being instructed on the importance of The Commandments of God, because mankind does not fully understand Them himself or herself, so they omit These Instructions and use only two words for all actions: right or wrong, good or bad. This is a sadness for All of Us Here, because in so much desecration there will be a penance of obligation to every individual. This is an important Statement.

Today if I were to go throughout the world, dressed in the garb of your day, I would ask individuals questions on what they termed 'moral' or 'immoral'. Many would not find a great difference in the definitions because immorality is so prevalent, is taken for granted, and practiced without question.

If you were to be invited to a feast that would have many foods for you to taste, to enjoy, you would find that you could in some ways become physically ill, due to the fact that perhaps many of the things might not agree with your physical makeup. What about the times that you are asked or invited to look at things, to participate at events that are debasing to your mentality,

**your physical, your Spiritual beliefs? I promise you that these would be far worse for your whole being than the food.**

**Mankind is ignoring so many areas of life that in small ways are destroying them emotionally, morally, physically, spiritually, mentally.**

**The Father has handed to the world a Great Miracle, One of Personal Instruction, giving to mankind His Love, and in a simple way telling mankind to be careful, be cautious, and do not accept what you know is mentally, physically or morally detrimental to you in any part of your being, because you have a Soul that is a Portion of Him, and this Soul was given to you in Total Purity, and The Father Wills It to be returned, representing you in a State of Purity. So be it.”**

APRIL 4, 1997 AT 1:50 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**There is a critical time throughout the world regarding men and women who are ignoring This Gift of Divine Love that The Father has so generously given, not just to inspire mankind, but to alert and instruct mankind on the Importance of human life.**

**It is sad when We hear rejection of All We are delivering through a *small voice, an obedient voice*, because of mankind’s jealousy, confusion, and so much erratic behavior on moral values and moral standards. This Miracle was necessary, and given in a manner where all could be instructed, all could read It for themselves, and feel security that The Father is this close to every living human being.**

**We hear so many say, ‘I do not believe that God would speak through a human.’ All The Saints say, ‘He has down through time worked like this.’ Let us take one man in particular that existed a long time ago. His Name was**

**‘Moses’.** This man was called many things, and in many ways abused by those who loved him, and when he was punished, rejected, cast aside, The Father used his abilities in the way The Father had Decreed he would one day be: a Messenger for the Souls for all of mankind, at that time and for all time to come.

**One voice is all The Father needs,** but The Father knows that the voice does not remain, so the written Word is necessary, and that is how He designed This Gift of His Divine Love, not for mankind to remember a voice, but to be able to read the Words for all time, so that the Meaning will not be lost, the Love will not be forgotten, and the Direction immediately available.

**Mankind at this time argues over This Gift of Divine Love.** Many cast much jealousy in their words, and I use the word ‘cast’ in the meaning that their arrogance, their ignorance, their jealousies, are written so that others will read their opinions.

*The little one* through whom We All speak, speaks Our Words, not hers, and is obedient at the moment of Our Entrance, because she has been

trained by The Father to listen at all times. Our Voices are not heard, Our Presence is felt. Our Words pass through her intellect, and she speaks What They say immediately. They are not always written. Many times They are only heard.

Mankind has been Blessed, but mankind is ignoring the Blessing. Mankind wants to see a Miracle. Mankind is able to read The Miracle once Our Words are written. The world must receive These Words that started a long time ago, and are yet passing through *a small voice, a small figure*, because These Words will one day All go down in History.

Mankind must understand The Father has never left mankind alone, and this time He has used extra caution, because He gives the Words in script Word by Word, so that mankind will not be able to not understand the full Meaning, the full Concept, the full Direction, His Motive.

Also, We hear some say, 'God would not speak this way.' God does, and He is giving It through a Miracle of Divine Love bearing the Name of a Special One Who was More than

**human, but the Name ‘Saint Joseph’ must ring out throughout the world for mankind to know Who He Really Was, and Who He Truly Is, as The Holy Spirit of The Father.**

**No argument can justify otherwise, for no human being has the wisdom, the knowledge, the power, to know the Importance of This Great Miracle that has been given to the whole world at ‘this time’. So be it.”**

APRIL 6, 1997 AT 1:23 P.M.

## SAINT CHRISTOPHER

**“I am Saint Christopher.**

**Mankind does not realize that every act, move, word, thought, desire, hope, is heard by The Father. To ignore such a phenomenon is in many ways sheer foolishness. I hear some who will read the word ‘foolishness’ say that a Saint would not use such a word. I say it is a good word for many things, in many areas of life.**

**Mankind, through This Miracle, has been instructed in so many ways and in so many areas, plus on so many important subjects that mankind personally would not see so in depth. Mankind talks about love and portrays it as the ultimate feeling for another person, persons, even for a physical item of any kind, so the word ‘love’ is common to man’s ways of thinking, and gives a definite description of personal feeling.**

**Today, as always, where *this instrument* of The Father’s is, she is aware of more that is occurring than others are even aware of. As she sees**

these things, she oftentimes requests One of Us Here to help in some way to change the situation.

This Gift of The Father's, through *a small child* of His, has Great In-depth Meaning, and instant, constant Instruction to address many subjects. She is never without Us at any time, in any place, for any reason.

This Blessing is for the whole world of mankind and must never be abused. This *little one* is ready to obey instantly, and there are many times her just anger is evident when she sees abusiveness and/or arrogance that will be obstructive to This Miracle helping an individual or individuals, of any age, any degree of manner of living.

The Father uses *a small instrument*, but mankind should realize that though something is so small, there is a Power of Greatness behind it that is Greater than mankind can imagine or fathom in the human mind.

Much Love passes through her Words and her presence, and We use everything she is.”

APRIL 7, 1997 AT 11:20 A.M.

SAINT DOMINIC

**“I am Saint Dominic.**

**There are so many versions of what prayer consists of. Many of these versions are because of the country, the heritage, the mentalities, that use prayer for many purposes and many reasons. Prayer is communication to a Higher Being. Many say, ‘What is a Higher Being?’ because they all have different concepts of this Entity of Supreme Power.**

**Logic should tell mankind that all things that mankind is able to see, to feel, to understand, also all things that mankind is able to produce, to accept as practical, logical, helpful, necessary to daily living, or for future use, future needs, prayer is a practical association for mankind to use, that mankind can depend upon for help, for assurance, for assistance, even for security in many avenues of human life, such as daily practices, talents, and areas wherein mankind must use physical labor to be able to sustain himself or herself.**

**M**ankind must understand that This Miracle with the Title of 'Saint Joseph', is a Miracle of Reality, not human interpretation; also, a Miracle of Divine Love, Direction, giving to mankind so many Facts, so many Ways to strengthen all areas of human life.

**T**his Miracle has not just introduced a new concept of What The Beloved Saint Joseph Truly Is, but through This Miracle of His, so much has been delivered instantaneously when Anyone from Here, Heaven that is, was directed to reach mankind in a manner of understandable nature, abilities, so mankind would not be able to misconstrue, or feel tricked by big words not understandable, because of the languages that so many would not understand if It were to be delivered in a way other than the language wherein This Miracle was chosen to be delivered.

**H**uman love is special. It draws people together, men, women, children. It gives strength to human life, honor, dignity, and hope. The world must hear of This Miracle, and allow no rejection to interfere, because mankind has a way of registering jealousy, rejection, denial, and yes, even to the point of

**allowing demonic measures to enter so they will get their way, because of all that they personally cannot feel is Fact, Truth.**

**Much Love passes through This Miracle. It is a Love that mankind is incapable of understanding the Magnitude of, but nonetheless, Faith is an important factor in every individual, and Faith in This Miracle should only be described as boundless in all areas of human understanding, human beliefs. So be it.”**

APRIL 7, 1997 AT 1:45 P.M.

## SAINT ELIZABETH

**“I am Saint Elizabeth. It is a wonderful, delightful communication that The Father has given to so Many of Us Here with Him. It gives to human life a two-way communication that is not ordinary, but Exceptional, because We are now able to instruct mankind Personally, Lovingly, in so many areas, on so many subjects that mankind of all ages can understand.**

**This Gift that has given mankind an awareness of Our Presence is Special, because to millions of people before this, they had to read what came through an individual, but nothing was as Complete, as Personal, as Direct, as This Gift that The Beloved Saint Joseph gives to mankind, allowing Hundreds of Us to speak openly, making mankind aware of the Importance of human life, and the Goal that The Father has for the Gift of Life in a Greater State.**

**It is sad when We hear rejection of This Gift. Sometimes it is because of a lack of Spiritual understanding,**

sometimes it is jealousy, and of course, this list could be endless, but those who serve in readiness to take down What We speak for the benefit of millions of others, We say one thing: 'Every Word you write shares All of Heaven with everyone who will read and believe, and practice All the Direction that is given.'

We see hundreds, if not thousands of all different types of people, writing books, writing stories, writing the facts as they know them, but there is no comparison to What you are a part of, and that is to help mankind more fully understand the Closeness of the Presence of God and All The Saints daily, in a way that every human being should thank The Father for.

The Soul is the Connecting Link. The Soul radiates a love to Everything We say, because the Soul is a Portion of The Father, indescribable to what mankind can say, think, or do. A Blessing is oftentimes small, but it gives strength. This Blessing is of a Magnitude that gives Hope, Understanding, Clarity, and Personal Communication, helping the physical, the mental, the moral and the Spiritual practices of every living human being

**who will read the Words and accept Them for the Love, in the Love, They are delivered.**

**I would speak more at this time, but what I have already spoken, hopefully will fill the hearts of millions of mankind, and awaken their understanding to What they are the custodian of: a Portion of The Father, called 'the Soul'. So be it."**

APRIL 8, 1997 AT 12:40 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**The most common understanding regarding God and All the Named Saints with Him, is that They are at such a distance, and are not relative in any way to mankind being able to contact Them, pray to Them, speak to Them, request things of Them, for help in time of need.**

**The Father has given to the world a Communication openly, to deliver to mankind Facts, Truths, helping mankind of all ages, all types, all characters, all backgrounds, to see, to understand and to benefit, the importance of being able to call upon God personally, Our Heavenly Mother, The Beloved Holy Spirit of God, Saint Joseph, and of course, The Son of God Who was the First Great Instructor of Christianity.**

**The Father has openly sacrificed in ways that mankind can relate to, can remember, and mankind at this time, as in other times, places so much on humanism, the abilities of humanism,**

**ignoring that mankind has a different Association with The Divine than any other living item, thing, or life.**

**As the universe surrounding the earth is so immense, this should tell mankind the Magnitude of The Controller of this universe, and that This should be The One relied upon for all things, in all ways, at all times. When mankind ignores that there is a God, there is a Goal for human life, mankind does not just make a big mistake or error, but robs himself or herself of the Protection that is available, the Help that is available, the Love that is Divine, that is available.**

**It is so important to mankind to learn about so many subjects that they feel they depend upon, and these subjects are taught in the schools of learning. These are important subjects, because they help mankind exist in the physical actions, participations of human life, but it is sad when mankind of all ages, all cultures, all creeds, ignores The Creator of All Things, The One Who allows all things to exist, and The One Who offers a Goal for human life to reach for.**

**We** hear so many instructing others on what they call 'religion', but We also see so much of what is taught, instructed, as sheer human speculation, interpretation, evaluation, ignoring the Importance of the Closeness mankind has with The Father that no other living thing has, and that is the Soul. The Soul is ignored.

**Mankind** connects prayer to the mentality, how they think, how they see things, how they feel about things, humanly speaking that is, but how many throughout the world, all through time, have said 'Good morning' to their Soul, 'Good night' to their Soul, or in essence related to the Soul on many subjects, important subjects, decisions. The Soul is the most ignored Entity, Divine Entity in existence.

**Mankind** says: 'I went to church and I prayed, and in the prayers I felt nothing. If only God would speak to me, and let me know. I guess I have to depend upon my Faith in God, and hope that my prayers will be answered.' My, what a sadness to hear.

**Every** moment of every day, every individual has a Personal Contact

with God, called 'the Soul'. The Soul is Important, and it is time that mankind of all races, all colors, all creeds, understand that no one is ever alone, because God created mankind, human life, different than all other living things. He places within the conception a Portion of Himself. If this were not true, how could mankind believe in God, believe in prayer, believe in goals, and especially that human life has a Particular Goal?

The Soul is the Instigator of giving moral strength. The Soul participates in every action, every word, every moment of every day, and yet the Soul is the most ignored Part of human life, even by the great theologians who feel they have the knowledge to base so much emphasis on the Existence of God.

The Father has Blessed the world again and again, by giving to mankind at different times, 'individuals' to instruct, helping mankind to understand that no one is ever alone, that mankind continuously has a Personal Contact, through their Soul, with The Creator of All Things.

**Many Saints have passed through This Miracle instructing, Some gently, Some more powerfully, Some emphatically, because This Miracle is to reach all of mankind, and many times has said that This Miracle must pass throughout the world, be translated into other languages, because The Father wants no one to be left out.**

**The Magnitude of This Miracle is beyond any human comprehension, and It is delivered with a Love beyond any human love, and the Souls of millions and millions of individuals want the one in whom They are, to hear of This Miracle, because It will draw the individual closer to God, giving more understanding of what a Precious Gift human life is.**

**When it is said that mankind is made in the Image and Likeness of God, The Spirit of God is more than mankind can comprehend, but It is forever close to the Souls of every living human being, and mankind must read These Words, because there is no place in the world that such Instruction is being delivered, so personally, so gently, so directly, so lovingly. So be it.”**

APRIL 8, 1997 AT 1:47 P.M.

## SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux.**

**More is being accomplished through This Gift of The Father’s than is openly realized. Many of the written Words are reaching individuals who, in reading the Material, do not just suspect Its Truths, but find It a Gift of Divine Love.**

**Everyone who comes in contact with This Miracle of Divine Love is not always capable of expressing the innermost thoughts, thanksgivings, in what they have learned, what they have felt, and the strength the Words have given them. We smile at those who find Truth and more understanding regarding Faith in The Father, and that The Father, as God, is aware of all things at all times.**

**Children of all ages are learning much from This Miracle. It is sad when We hear, ‘Why is It called a Miracle?’ because the individual is responding not just negatively, but in some ways, bears a jealousy that is uncalled for, unnecessary. We hear some men and**

some women question everything that they read. It is the manner in which they want to interpret, rather than to feel the Greatness in the Words, the Importance in the Words, the Truth in how the Words explain so explicitly the closeness mankind has to God.

Rarely, throughout the world, does one hear someone else say, 'God, Who is The Creator of All Things is present at all times, everywhere throughout the world.' This Statement should give strength, but it should also not be necessary for it to be spoken out loud. It should be accepted innately because mankind, as man, is incapable of all things, and this should be the basis for much recognition of God, and His Presence everywhere at all times. The Supernatural could not be understood by mankind, because mankind is in a form of life that was created by The Supernatural.

Children should be taught all there is to be taught about God, and all there is to be taught about the Soul that every human being is born with. Everyone should ask themselves, 'When was the last time someone spoke to me about the condition of their Soul, their concern for their Soul?'

**Think about this. Isn't it most times only about the physical or something worldly that man is concerned with? True, some can be concerned over the illness of someone in the family, or they know, but it is rarely heard, if ever, any concern about the Soul.**

**Many Blessings have passed through This Miracle of Divine Love, and multiple Lessons on the Importance of the will of mankind, the Soul of mankind, the Goal for mankind. That is why it is important that All that has been delivered be passed throughout the world.**

**If I were to show you at this moment what is occurring in many places, some even close to where you are, you would vomit to the point where you would not be able to stop. The physical could not stand, nor could the mental: sights, scenes, actions. They would be unbearable. Why? Because there are so many men, women and children subjecting themselves and others to actions that are abominations to human life, and that there seems to be no control over this, because the common word for accepting it is, 'It's their business to**

**do what they will, what they want, just so it doesn't affect me.'**

**This Miracle of Divine Love must be passed into all segments of human behavior, because it is important for the Souls of those who are leading, living lives that are based on totally animalistic behavior and/or what man would call 'degenerating values' of physical means. There are many words, 'vile' and 'contemptible' to describe what is occurring.**

**Just remember, helping Souls is what This Miracle is all about, and the Words must pass through areas, not just for the learned, but for those who are catering to weaknesses beyond what mankind could understand weakness to be.**

**Immorality is prevalent throughout the world, but it can be said also, there are steps lower than immorality, that are totally diabolical in every meaning of the lowest form of human degradation that mankind can succumb to. So much more could be spoken on this, because it is an area that should not be ignored, should not be forgotten, but should be, in some form, some way, able to see the Words**

**that have been delivered through  
This Miracle of The Father's Love for  
mankind. So be it."**

**SAINT PEREGRINE**

**“I am Saint Peregrine.**

**Why it is so difficult for so many men and women to believe in This Gift of The Father’s Love is a great sadness to All of The Saints in Heaven, because you see, Everyone Here understands the Great Love The Father has for all of mankind.**

**We hear men and women using their educational understanding to disbelieve This Gift of such Greatness. Mankind’s discernment of what is right, what is wrong, is not always based on sound facts, sound truths, nor is it based on the Greatness of The Creator of All Things.**

**As The Father has created the whole universe, mankind cannot understand such a Magnitude of Abilities, and all through time, in the progress of man’s mentalities, God has given to mankind structured Facts, Directions, to help each degree of mentality, of growth, of abilities, to understand His Existence more and in a greater degree and reasoning.**

**T**oday I have the privilege, as a Saint, to speak through *a small instrument*. There are many demands when such an Occurrence happens in the world of mankind. First, there is *the instrument* that must be trained in many areas, not just instructed. Then, what has been developed to such a degree that it is able to be shared, The Father allows It to be given in a manner of understandability.

**W**hen We hear rejection of values morally, physically, spiritually, All of The Saints Here say: 'Father can I speak? Perhaps I can help them so they will more readily understand the Importance of human life, that it is unlike any other living thing.' But then, needless to say, Each Saint stands back and awaits His Decree as to Who will be the Messenger, because if All Saints spoke at once, it would be impossible for human life to hear, to feel, to understand, and to be able to repeat in an instructive manner, All that is given.

**G**ranted, mankind has a will, and in essence this is a Treasure, because without it man would be like all other things: plants, animals, things that have no ability to use instruction, and

**understand that there is a Purpose to life beyond what life is while it is yet human in structure, motives, ideas, mental abilities.**

**The Father has Blessed the world and He sees rejection, whether this rejection be a lack of Faith in Him, or based on an inability to realize that for human life and for all other creations there had to be a Supreme Factor, and that, of course, is The Creator of All Things.**

**For Me to deliver This Great Message to all of mankind is a privilege, as Each Message We are allowed to deliver is a great privilege, because We walked the road of human life in a different era of time, different circumstances, different backgrounds, but since The Father has allowed This Great Miracle of His Divine Love, through His Holy Spirit, mankind has been Blessed abundantly, not secretly, but openly.**

**Mankind uses prayer requesting help. The Father has given to mankind a Blessing beyond what mankind could ever think of asking for, because This Blessing is constantly instructive for all of mankind, and It must be**

translated into languages throughout the world.

**We hear resistance but it can be done. It will take perseverance, it will take obedience, it will take love for mankind, human love, and it will take a personal love for The Father, to accept this as a privilege, because to help another human being in any way is Blessed by The Father, and I assure you that when This Gift, This Blessing, This monumental amount of Information is able to be passed to all races, all colors, all creeds, all degrees of mentalities, The Father's Love will show abundantly.**

**If I were to speak more, what I would say could not possibly add to what I have already spoken. The privilege that mankind has been granted through This Gift of The Father's Love is a Gift beyond any human measure. So be it."**

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**What mankind does not fully comprehend, that man was given a heart, and in this heart is the beat of life. As the heart beats, there is a living sign of a living matter, and this has Reason, Purpose, and even more than that, it has a closeness to The Father that nothing else has.**

**As I speak to the whole of mankind, I speak with Love for His Heart, yours and Mine, because the beat of the heart is a sign of a living thing, and it is important for mankind to understand that the heart is a Gift of Divine Love from God to man.**

**Although throughout the world there are many languages spoken, different dialects spoken, every human life has a closeness to The Divine that nothing else has. Man says, ‘Look at that beautiful tree,’ and yet man knows that the tree is not comparable to human life. This Miracle of Divine Love is a Monumental Gift of Divine**

**Love, because It is sharing with mankind the Importance of human life, and the Goal for which human life can reach for All Eternity.**

**When man becomes ill, many times the first thing he or she thinks of is the heart within them; of course, at that time, not relating this heart to the Heart of The Creator, but to their own personal concern.**

**Today I speak on the Importance of all of mankind, no matter what race, what color, what Faith, what understanding, what degree of intellect an individual has. It is important for mankind to thank The Father for the Gift of human life, because it was designed for a Specific Reason, Purpose, and in a Divine Love, to share with The Father so much more than human life can comprehend, and that is Eternity with Him.**

**No human being can comprehend the Fullness, the Importance, the Greatness of this Divine Love, because mankind is limited in his or her degree of understanding the Magnitude of Who God Is, What God Is, and the Love that He has given to mankind by allowing mankind to be conscious of**

**The Holy Trinity, giving to mankind a relationship, helping mankind to better understand human life close to Him, and in some ways, a slight comparison to Him.**

**An animal, a plant, a piece of wood does not have this opportunity that mankind has been given. The world has been Blessed in such a Direct Manner of Instruction.**

**This Miracle has many enemies. Much jealousy surrounds This Miracle of Divine Love, but this does not lessen the Importance of This Communication, This Divine Love that is so often expressed in different ways, so that all individuals in their own degree of understanding, will find some Spark of Hope, Assurance, Strength, giving to them the desire to reach for Sainthood.**

**The Father has often said to Us, 'It is sad that so many men, women and children find it difficult to see the Importance of human life, and that it has a Goal for it Greater than any goal mankind can accomplish, attain, or receive.'**

**The Father has delivered so many Words of Encouragement, Instruction**

**Himself, and through Many Saints, and when We hear rejection of These Words, it is not just a sadness but a disgrace, because mankind has the ability to understand so many things, and many refuse to believe that The Father's Love could be so Personal, so Direct, so Complete, so Clear in meaning. Many Souls will be saved through This Miracle of The Father's Love.**

**As a Saint Here in the Heavens, I speak for All of Us when I say: 'All Souls have the opportunity to return from Where They came. Don't rob Them of this, because it is the individual's responsibility to protect all they are, all they have, and it is important that mankind throughout the world hear of This Great Miracle for the benefit of Souls of millions upon millions upon millions, times millions more.'**

**Think about this: The Crucifixion of The Son of God is not just a story. It was a reality. We do not want This Miracle destroyed, neglected, betrayed, or cast aside, allowing the enemy of God and man to act violently, robbing Souls, destroying What is Important, because it is important for every human being throughout**

**the world to receive All that has been delivered through This Gift of Divine Love bearing the Name of The Holy Spirit of God, humanly known as ‘The Quiet One, Saint Joseph’. So be it.”**

## SAINT ANASTASIA

**“I am Saint Anastasia.**

**Why is it so difficult for mankind of all degrees of Faith, sound reasoning regarding the Gift of Faith, unable to see the Magnitude of This Divine Gift for the benefit of mankind of all ages, all denominations of Faith? Much jealousy interferes many times with individuals who cannot accept another having a talent, an ability, a responsibility that is beyond what those outside of What is Occurring find possible to accept, and there is an eagerness to reject.**

**What I have spoken may sound complicated to some, but nonetheless, Piece by Piece, Part by Part, Issue by Issue, It is Factual. Mankind must understand that human life, because of All The Father has implanted in it, is Special, and even more Special in Content than mankind is available to see with the human eye, understand with the human mind.**

**So Many have been requested by The Father to speak in ways, degrees,**

manners, that will be understandable to different mentalities, different backgrounds, different abilities, connected to Spiritual understanding. When We speak, *the one* through whom We speak does not hear Our Voice as she knows a voice to be. Our Presence is all she needs because as We speak, We speak through her Soul, and the Soul through the intellect, delivers The Father's Way, The Father's Will, The Father's Gift of Instruction on many subjects, and in different ways, so that different degrees of mentalities, different degrees of Faith, understanding, will be able to comprehend the Value of What is spoken; also, the ability to practice the Direction that is obvious in What is put into Words.

We have heard many speak amongst themselves, and make decisions as to the validity of This Miracle of This Magnitude, and say, 'Why is it called "a Miracle"?' It is a Miracle because It is beyond human intellect, human understanding, human ability; also, whenever The Father indulges in such Great Help to Souls of men, women and children, it is beyond what human nature could possibly speak so thoroughly, on so

many issues, protecting the Soul in such a Personal Way.

**Those who read These Words, I ask them, ‘Would you put your hand in flaming fire purposely and not expect to be harmed to a degree of pain, even to the point where the hand would be useless from that point on?’ And yet mankind ignores the Value of the Soul and does not protect the Soul from the ugliness of sins, impurities of the mind, the body, catering totally to all that is evil, all that is detrimental to the purity of the Soul.**

**What I have spoken may sound complicated to some, but after it is read several times, I am sure that logic will be evident and give to those who care, an Important Message. Let no time during the day allow you to forget that the enemy of God and man is available to cause not just dissension, but harm through one’s actions, one’s speech, one’s decisions, one’s determinations, one’s jealousies, one’s not caring what effect the words have on those who hear what has been spoken.**

**This Gift of The Father’s has been given to all of mankind, and there should be no time wasted for It**

**to be received throughout the world. Time is an important issue here. Time is valuable for many reasons, and time allows every individual born, the ability to one day become ‘a Saint’.**

**Everyone should ask themselves, ‘Is there not a Great Purpose for why I was born?’ We say to all who ask this question, ‘Human life is a privilege, and through human life it gives all individuals a chance to return to The Father, and be with Him in a way far beyond what mankind can understand Happiness or a Blessing to be.’ So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**This Beautiful Gift of The Father’s Love must travel throughout the world, never allowing It to be stopped, and always helping It to travel amidst all kinds of people, all nationalities, all degrees of intelligence, all ages.**

**Mankind must understand that the world has been Blessed at ‘this time’ because of The Father’s Love for this Special Creation of His, human life, because human life has so many areas in which it is close to The Father in many details, various ways.**

**Mankind has been instilled with an intellect, a sensitivity to what is right, what is wrong, what is pure, what is impure. Mankind has also been instilled with, not just the ability to succeed, but the understanding of the importance for success in many fields, in many areas, and of course, the main one being to return the Soul to The Father because It is a Portion of Him. Though it is difficult for many throughout the world to fathom**

such a Living Portion within them that they cannot feel, they cannot see, It must be seen in a manner and way that mankind can associate what a Blessing human life is, and that The Father would not leave such a Gift of His Divine Love without a Protection from Him, without Something that was close to Him.

We hear so many interpretations throughout the world of a God, or a symbol of what God might be. In many places throughout the world there is much ignorance attached to the Values that are instilled in human life, Special to human life, and that is why This Miracle is Important, to reach to the furthest corners of the world, All that has been delivered, because there is no Miracle as This One is at 'this time', and that is why your responsibility is major, is monumental, is serious, and is important. It is not just for who you are, what you are, at this place at this time. It is to travel throughout the world, and of course, it will take time, more time than you can realize, also more energy, more Faith.

When a Gift of This Magnitude is given to the world, It can be compared to the time that We walked the earth.

**Our Presence was not important to many people, most people, but Our Work was to be accomplished at that time, so it would leave a Mark of Great Benefit for all time.**

**Very little down through time has been instructed on the Importance of the Soul in human life. In fact, in many ways, It is an unknown Factor, and due to the fact that the Soul is not felt physically, makes It less important, but This Miracle of The Father's Love is giving to mankind a great responsibility to uphold, to carry on in full measure, helping all languages throughout the world become aware of the Importance of That Personal Gift The Father instills in every living human being.**

**Mankind should ask himself or herself: 'What makes me feel the Importance of human life? What makes me feel it has so many responsibilities? What makes me feel it is different than all other living things?' This Gift The Father has given to the world at 'this time' is Personal in Its Instruction, and It is instructing mankind regarding that human life has a Divine Reason because of the Soul that is within each human life. No matter what**

area, what background, what degree of intelligence an individual has, the Soul is a Major Portion of what sets mankind aside from all things.

Though it has never been spoken in quite this manner, the intellect of mankind is so diversified and so capable in so many areas, greater than any other living thing. Nothing is created with all that mankind is capable of doing, experiencing, practicing, or being example of.

We hear men, women, read What has been passed through This Gift of Divine Love. They cannot disagree, nor are they agreeing fully, some out of jealousy, some out of the inability to understand such a Personal Association, some merely because It is too much for them to think about, and It does not fit into their lives, as they know their lives to be.

There is no one in the world that should be left out of hearing about This Gift of The Father's Love, because This Gift is beyond any human understanding, and yet is the Foundation for which life was created. Mankind instinctively knows right from wrong. This will help man, woman or child

to be able to better understand the possibility that What they are reading is Factual, is Something to think about. Also, It will leave a Mark of Importance when it is needed at different times when decisions are necessary to make.

**M**an talks about love. There is no Greater Love than the Love The Father has for mankind, because mankind must understand that a Portion of Him is within the conception, making mankind Special, making mankind have Something that nothing else has, and that is the Soul that is rarely spoken about, even by the most learned men and women through all time.

**T**ruth must be deliberately handed to millions of people throughout the world, and they in turn will have the ability to make a decision regarding what they will practice, what they will do with What they know they are the custodian of. So be it.”

APRIL 15, 1997 AT 12:54 P.M.

## THE SACRED HEART

**“I am The Sacred Heart. Life, human and in other ways, depends upon the beat of a heart. The heart is a signal of a living thing the action of the heart is dependent upon. That is why when I speak, it is to encourage mankind, to enlighten mankind, to assure mankind that My Heart constantly beats with Divine Love for all of mankind.**

**When man looks at a picture of Me, and My Heart shows in a bleeding way, it is to remind mankind that all that every human being does affects My Heart, either in a way of sadness or in happiness, because My Heart, as It beats with man’s heart, makes it a Union of Love, tying together the Importance of life, and that as the hearts beat together they beat as one, because of the Soul that is in each human life.**

**Children of all ages should be able to picture My Sacred Heart, to remind them that It is a demonstration of Importance, linking My Heart with**

theirs. Divine Love is Special, and it is sad to say that so many men, women and children have no concept of Its Existence, of Its Value, of Its Importance, of what It means: to strengthen mankind in times of sadness, worry, hurts, depression of any kind.

This Miracle that bears the Name of The Beloved Saint Joseph, is a Greater Miracle than mankind can fathom It to be, can realize It to be, can even consider It to be, because men, women and children are prone to consider love under the conditions they observe it, they feel it, they understand it, but This Miracle that The Father has given, instructing mankind on the closeness man has with The Divine, and the Union that is obvious through the heart which is the action of life, it causes a living response to The Divine.

So little is being instructed throughout the world in all forms of Faith in God. Much imagination in many ways eliminates the Greatness that man has in the closeness to God, from the moment of conception until the individual is no longer a living matter.

**Children should be taught more about the existence of the values that they contain within them: the ability to pray, the ability to know right from wrong, the ability to speak silently, openly, when in trouble or need, to The Father, The Creator of All Things.**

**I say, ‘Speak silently to your heart, because within you, you have a Portion of The Holy Trinity, and you will be heard, you will be understood, and you will find help in the way it is best for you.’**

**All who will read These Words will automatically find that their Faith in These Words has a Blessing in it, because through the heart, sometimes one speaks more openly, more freely. Remember this. So be it.”**

APRIL 15, 1997 AT 1:20 P.M.

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**Nowhere in the world is there a Miracle like *The Miracle Of The Beloved Saint Joseph*.**

**Mankind should understand and be aware totally, that Saint Joseph is not just a Saint, but He is The Holy Spirit of The Father. How can I say this? Logic should tell mankind that for a mere man to be chosen as The Husband of Mary, and The Foster Father of The Son of God, could not be an ordinary man, because no ordinary man would be able or sufficient in all degrees needed to be The Father of The Son of God, The Husband of The Beloved Mother of God.**

**We Saints All say to human beings, ‘Stop ignoring the Magnitude of All that Heaven consists of and the reality that Heaven does exist; also, that human life was created in imitation of so many things that The Father has, and these things are the abilities of the senses: touch, see,**

**feel, speak, hear; also, that human life is used to create other human life.'**

**The world is in moral chaos because of so many demonic avenues in which so many human beings find not pleasure, but a feeling of belonging to a position different, allowing their weaknesses to be prevalent, ignoring the True Existence of God. I could speak hours on this subject because it is endless in its definition and content.**

**It is important that mankind see what a Great Gift human life is, and that human life is a Design of The Father's that holds human life in a Closeness to Him that nothing else has. So be it."**

APRIL 15, 1997 AT 1:47 P.M.

## SAINT CONSTANTINE

**“I am Saint Constantine.**

**Mankind can be assured Miracles do happen in many degrees, and in many areas of life. One of the greatest Miracles evident in the life of mankind can be an individual dedicating his or her life to a service, helping everyone they meet, everyone they come in contact with, in some form, some way, for some reason; helping others to see goodness, values, truths, respect and love.**

**There are so many ways for an individual to be great example of what God expects mankind to do, to be like, and to be evident of purity in many forms, some through speech, some through instructing others on The Commandments of God, proving the Existence of God, and the importance of recognizing the Fact that mankind is a Creation of God, and God’s Love for this Creation gave The Rules to live by, showing mankind His Closeness, and that He was Ever Watchful of every move, every thought, every deed, and**

**these were all registered in a Particular Portion of every living human being, by way of the Soul that is instilled at the moment of conception by God, making human creation separate from all other living things.**

**Mankind has been given a Miracle of Instruction, not the first time in the History of mankind, but This Divine Gift covers every facet of human life, every degree of mentality, and will go down historically just as the Bible was for so many years a guideline, but in many ways This Miracle of The Father's Love is more clearly stated, so that mankind can relate to the subjects, and find in the subjects topics that mankind is part of, in many ways responsible for, even addicted to, through the mental and physical actions, sensitivities, abilities, and understanding.**

**The Father has given to mankind so much to learn from, learn about, and These Lessons must all be translated so they are understandable to all degrees of mentalities, and of course, all ages.**

**It is sad when We hear someone say, 'I do not understand why the word "kill" in The Commandments was**

**even spoken, because most of us do not kill anyone, so I feel in reminding myself of The Commandments, this one does not mean me.’ This is sad, because in the conciseness that These Commandments have been made to look so short in meaning, there is very little instruction on elaborating on the full meaning that was intended when The Commandments were given.**

**I bless those who take the time to help in This Great Miracle that has been given to mankind, because of the Importance of human life, and the Love The Father has for this Gift of life, because of the Soul that is an Important Part of every living human being. So be it.”**

APRIL 16, 1997 AT 12:14 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. This is the first time since The Son of God was upon the earth that so Many of Us Saints were requested to speak so often. Some may deny This Statement, but it is Fact.**

**This time in man’s life is serious, important, and mankind stands on the brink of moral disaster, because mankind in general, all ages, all creeds, all degrees of understanding, are ignoring the importance of purity of mind, of body and Soul. I can already hear rejection of My Statements, but remember, these statements are based on humanism, human egos, and human misunderstanding of what has occurred in the past and to what degree. The only thing mankind has to relate to are what has already been written by many who do not know the full concept or the full reasoning of what occurred over centuries ago.**

**The Father chose ‘this time’ for so much Direction, Instruction, for mankind to more fully understand that**

human life is a Valuable Gift of Divine Love, and so many times it is being ignored and treated in vile ways, which cater only to the enemy of God and man. Yes, there have been many times in past History when the violation of human dignity, understanding of the Importance of what human life was created for, was cast aside, ignored, and then another generation would adopt and adapt to what was favorable at that particular time.

Sometimes when We see an individual, or several at one time, talk about Holiness, talk about their idea of what Hell is, the differences in opinions are magnanimous in degrees of understanding, of application, and of truths, because mankind oftentimes generalizes, making the subject matter easier to understand, to accept, and to be able to cope with it mentally, physically, morally.

The Father has given to the world a Miracle of Instruction, not violently delivered, but delivered in a Manner that is easy for mankind to judge What is being instructed, because of the Wording being so simple, so adaptable to how man thinks, how man speaks, how man lives, how man feels. Those

who live in the present time have the same thoughts as those who lived thousands of years ago; many, the same opinions on morals, and the belief in a Higher Being, a Superior Being.

All through time mankind has violated purity in many ways, some suggesting that purity was not necessary. My remark to this is, that even animal life has a sense of timing.

The world is saturated with so-called 'cults', organizations who define themselves as acting in a manner and way that is more acceptable to their thinking, their feelings, their goals, and how they interpret human life as it was decreed to be.

This Miracle of Divine Love does not cater to one division of Spiritual beliefs. All of mankind has a Soul, and the Soul, as a Portion of God, is the Important Factor for every living human being to understand, to respect, and to feel that this closeness to The Divine, to The Creator of All Things, has a Purpose beyond what anything else has.

I could speak endlessly on this subject, but time, for those who write what I say and Others Here say, must

**be taken into consideration. Also, the mental capabilities of individuals find it more acceptable to learning, to understanding, when there is a certain degree that is not beyond, so it is mentally tiring, physically tiring. That is why These Revelations have All been delivered in the Manner, in the Degree They have been.**

**Mankind has a Soul, and mankind pays less attention to the Soul than he or she pays to what they wear, the company they keep, and many other human actions, traits, abilities, likes and/or dislikes.**

**My final Words are: ‘Be aware and beware that human life has a Soul, and that Soul is a Portion of The Father. That is what distinguishes human life from all other living things, and the Goal of human life is to return to The Father.’ So be it.”**

APRIL 16, 1997 AT 1:11 P.M.

PADRE PIO

**“I am Padre Pio. I speak many times. Rarely do I announce My Name, because I hear some say, ‘I thought only Saints spoke through This *Miracle Of The Beloved Saint Joseph*.’**

***The little one* through whom I speak I care for deeply, because I am fully aware of the Path called ‘service to The Father’s Will’ that is not always acceptable to men, women or children, because they do not understand such a Task of service, obedience, trust, love, devotion.**

**The world must understand that The Father has not left it alone, nor has He not continued to love mankind. His Love for mankind is executed through This Gift of His Divine Love spontaneously, through All in the Heavens. The world, though in chaos, tempts many to find enjoyment and encourages them to ignore the safety of their Soul.**

**‘What is a Soul?’ We hear men and women ask. The Soul is an unseen Gift of Divine Love. It is a Portion of The**

Father, minute in His Greatness, to His Greatness, but nonetheless, in every human being born as man. This Gift of The Father's Love is for all races of mankind, for all ages of mankind, for all degrees of intellect, and for all who can fully see that they have a task to achieve, and that is to protect the Soul that was given to them to one day become, by name, 'a Saint in Heaven'.

When I walked the earth, I walked in a form of life, a vocation that was not always pleasing to others, because there was much jealousy surrounding me, and the respect many times could not, would not, did not show. When I would ask for help to hide my grief, my pain, my fear, it was oftentimes misunderstood, but today as I speak through *a small child* in the world, I speak to encourage others to be total example, to not just those they love, but everyone they come in contact with, that they believe in God, they believe in The Commandments of God, by their actions, their words, and by what they use to show respect for human life.

My Words are strong, difficult, through *the little one* I speak, but I have promised her there will be a time

that I will approach her in a softer manner, softer degree.

**A**s I speak, I speak with a Father's Love, a Concerned Love, because you do live in a time wherein satan is prevalent throughout the world, actively using every means to corrupt what is good, and to destroy Spiritual strengths, because he is the enemy of God and man, and it is important for mankind to not ignore their weaknesses, their casualness, that causes them to accept what is vile, contemptible, impure.

**I** close with a Blessing, and I say, *'In Nomine Patris, Filii, Spiritus Sancti. Amen.'*

APRIL 16, 1997 AT 1:50 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**M**ankind has no concept of the Magnitude of Love that is being transferred to the whole world of mankind through *a small voice*, at this time in which mankind struggles in so many areas in Faith in God, Faith in The Divine, but is leery of the Truths that he or she do not feel comfortable with in Their fullest degree.

**T**here are so many different religious fanaticisms throughout the world, basing so much on humanism, human knowledge, human interpretation, thus in many ways ignoring The Commandments of The Father and the Importance of The Holy Trinity.

**W**e hear much dialogue amongst learned men and women who, in essence, find it difficult to believe in what they call ‘past knowledge’, ‘past understanding’, desperately trying to update what Faith in God is all about. Of course, in this they many times

**diminish Who God Is, and All that He is About.**

**C**hildren are not being instructed on the Importance of respect to The Creator of All Things. There has been so much laxness by those in charge of Spiritual beliefs, instructions, because they themselves have found humanism more acceptable, more realistic, and easier to project, even when they are supposedly demonstrating or conferring on sound religious facts.

**I**t is important on this day and the days to come, that as individuals read All that has passed through, or even Some that has passed through, of the Revelations that bear so much Instruction, so much Personal Association to God and to All The Saints, time is important, but Truth is more important, because in Truth time is valuable.

**M**ankind, in many areas, is being led to accept humanistic values, humanistic endeavors, humanistic practices, and humanism as the key to salvation. I ask these individuals, and I promise you they are great in number, 'What goal have you set for your life, a goal of wandering the earth

**in the Spiritual Form, or the Goal of reaching to be in the Presence of The Father for All Eternity?’**

**There are so many things being allowed that in value, in truths, place human life secondary to so many practical items, practical values that are only characteristic of what makes human life easier.**

**The world has never been so freely instructed with so many important issues, because of The Father’s Deep Love for human life. Mankind has been Blessed but We see mankind ignoring the Blessing, and going on as if what they practice daily is more important, because it is the humanistic value of life that rings louder than the Goal for which life was created, and that is to become ‘a Saint’ for All Eternity. So be it.”**

APRIL 18, 1997 AT 1:10 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. When We speak, the Messages The Father requests to be revealed are to aid mankind in more understanding, more belief, and to help mankind develop more ways, more areas, more practices, in protecting the Soul that is within each human life.**

**We hear many who shout interpretations of the Bible, and in their way of thinking, they place much emphasis on Scripture, ignoring many times that much was written in a format of another day, and that to fully understand the in-depth meaning of phrases takes an individual to think, not just practical, not just logical, but to think on a Spiritual Foundation of understanding, because if an individual thinks of the meaning in a worldly way, it shadows or shades the spirituality that is spoken.**

**All The Saints speak through This Miracle. The Father just nods to One or the Other. Now, when mankind reads This Statement, he or she puts it**

**in a humanistic sight, meaning, value, concept. The Supernatural is far beyond what mankind can visualize in the human way, and that is why it is so important that mankind, in hearing What is spoken through This Miracle, reading What is spoken, and some who have the privilege of writing What is spoken, see the Greatness in how the Instructions are so obvious, so continuous, so practical, and so logical.**

**Children are not being taught the true value of prayer, and that every prayer is heard. A silent prayer is as practical as a vocal prayer.**

**Since the time The Beloved Son of God walked the earth, mankind has been Blessed with the Reality of the Existence of The Father. We hear so many doubts as to the Relationship. We hear so many interpretations because mankind does not look at life as a Great Miracle, nor does mankind see the elements as Miracles, the world in itself as a Miracle; the stars, the planets, everything is taken for granted.**

**Heaven is real, as human life, but different of course, Greater in**

**Dimension, Greater in Essence. There can be no real comparison to life in the human form, to Life in the Heavenly Form.**

**We hear so many doubt that there is a Hell. I assure you there is a Hell, and The Father uses every possible means of instruction, of conditions mankind is exposed to, showing mankind that it is important to see things realistically.**

**Pages could be spoken, volumes could be spoken on this subject, but it is important for the Words I have just spoken to be passed to others, because These Words were spoken to enlighten some who just do not think about the situations that surround, or mankind are involved in, thus ignoring that mankind was created as a Gift of Divine Love.**

**When you have something that you truly feel is special, and you enjoy sharing it with others, this is a minute comparison to what The Father feels in sharing All He Is and Has with mankind, because mankind is a Special Divine Gift in so many ways. As The Father has the Power to create, He gave to mankind the power**

**to help in the creation of mankind. As The Father enjoys happiness, He has endowed mankind with the desire for happiness. There are so many things The Father has given to mankind with Love, in Love, and because of His Love for this Creation of His.**

**Mankind must remember that when he or she has an enemy, it brings only unhappiness. Mankind rarely thinks of the enemy of God and man, and allows many times to act impurely, unjustly, forgetting the Soul that is within, and this Soul being a Portion of God that must be cared for at all costs, at all times, because of Its Importance, because the Soul is the recipient of all actions that an individual partakes in, and the Soul, as a Portion of The Father, wants to return to Him.**

**As man says, ‘It is good to be back home,’ the Soul says, ‘Return Me to The Father from Where I came.’ So be it.”**

*Saint Michael the Archangel,  
defend us in battle; be our  
protection against the  
wickedness and snares of the  
devil. May God rebuke him,  
we humbly pray, and do Thou,  
oh Prince of the Heavenly  
Host, by the Power of God,  
thrust into Hell, satan and  
all evil spirits who wander  
through the world seeking the  
ruin of Souls. Amen.*

#### SAINT MICHAEL

**“I am Saint Michael. I am always present at all times, because This Miracle is of the Utmost Importance to the world of mankind. It is sad to hear doubts, negativism, resentments, jealousies, from some very learned individuals, where This Gift of The Father’s has such Clarity, such Personal Love.**

**The world of mankind struggles to do the physical actions that man is capable of and expected to do; also, the mentalities of some men and women**

**that others depend upon for guidance, for assurance, for directions, is not always what The Father Wills others to know, to follow, to be a part of.**

**The Father gave to the world, a long time ago, This Miracle instructing mankind, some individually, personally, and others in a formal, general way, touching on many areas of human life, and the Reasons for why human life was created. We hear so many read a few Words, and they immediately become resistive, show rejection, not allowing themselves to understand what Valuable Love, Information, Instruction, Guidance, is so clearly, plainly spoken.**

**In the life of mankind man would call this ‘stubbornness’, but We see it as jealousy, as a lack of belief in the Greatness of The Father’s Love for human life, and of course, that each individual has a Portion of The Father within them that is to return at a given time. Jealousy is more than an opinion; it is in so many ways, a weakness, a lack of self-image, a lack of self-love, because jealousy oftentimes casts aside reality, sound reasoning, hope, and permits a blindness to all that is favorable to human life, enjoyable,**

enduring, making human life more open advantageously to personally seeing what a Great Gift human life is capable of achieving.

The world has been Blessed, as it has been said before, but We do not see enough individuals understanding what a True Blessing is, and what a Great Advantage The Father is allowing mankind, by giving to mankind This Miracle of Divine Love.

At no other time since the beginning of human life has The Father allowed so much to be revealed in a Personal Way, and in a way understandable, not beyond what mankind can see as practical, logical, helpful.

We see a parent asking for a child to be protected and it is important for the prayer to be heard.

Today in the time in which you all live, The Father has given to the world of mankind so much Instruction, so much Love by way of Messages by so Many Saints. Some of These Saints are favorites of individuals. They pray to Them when in need or for special purposes.

**Blessings abound in This Gift of Divine Love, because The Father has instructed so Personally, the Importance of His Being a Part of every human being born. This Statement alone should give mankind something to think about, something to be thankful for, and something to automatically protect from any danger.**

**So much more could be spoken at this time, but as I leave you, I ask you to remember that you have a Guardian Angel and you have a Soul; also, you have responsibility to God to return the Soul to Him in a State of Purity. So be it.”**

## GOD THE FATHER

**“I** am God The Father. Man says I would not speak through a human being. I say, ‘I do, and have many times.’ Many of these were through past times and not all recorded.

**I** speak now through *a little one* and I have directed Many Here with Me to speak, because mankind is in great need of Direction and Help at this time throughout the world.

**Man** shouts being successful in all areas of life, but how many can say they are positive of the Goal for human life, and that is to return their Soul to Me in a Pure State of Being?

**Today** I speak through this *little one* to warn mankind of the Importance for which I created human life, and that was to return to Me for All Eternity. This Statement may be difficult for mankind to understand, but I have also given human life understanding that human life is the highest form of life, because it has a Soul that is a Portion of Me.

**The world is in turmoil and it is pleasing to the enemy of Mine and man's. It is important that all ages respond to All that This Gift of My Divine Love is spreading throughout the world. There is no Miracle as This One is, because it would confuse mankind if he or she had to choose one or the other to follow, to accept, to believe.**

**There is only One of Me. I am The Creator of All mankind and All creation. I am known as being Three in One. That is true, because Each Portion of Me has a Purpose.**

**Love to mankind is personal. My Love for mankind is a Love beyond human comprehension. My Way is to give mankind a Life for All Eternity, to be with Me in a State of Wonder, Beauty and Divine Love."**

APRIL 22, 1997 AT 12:20 P.M.

**SAINT ANTHONY MARY CLARET**

**“I am Saint Anthony Mary Claret. As We Saints watch mankind throughout the world struggle to do many things, not always acts of purity for the mind, the body or the Soul, but many times acts of selfishness, disappointment and disregard for the Soul, We hear mankind praying words that to them express what they feel or that they instinctively use, wanting a Saint or The Holy Trinity to pay special attention to them.**

**Let Me now compare man’s association with man. Many times when there is a need, man will say to man, ‘Excuse me,’ ‘Pardon me,’ ‘I am sorry,’ ‘I have sympathy for you,’ or on the other hand say, ‘Good luck,’ ‘I wish you success,’ ‘Have a nice day.’ Some even say, ‘I’ll pray for you.’ The prayers are not always remembered to be said, but the conditions of difficult situations that others are facing are remembered to a degree.**

**This Miracle of Divine Love has steadily instructed mankind to**

remember what others are about, and that prayer is necessary because in prayer it calls for Divine Assistance, which mankind understands to be the Superior Assistance in all situations.

**This Gift of The Father's, This *Miracle Of The Beloved Saint Joseph* is of a Magnitude Greater than mankind can comprehend, because This Miracle is a Close Association with The Divine, and nothing ever prayed for is denied. It may not be in the full concept of the request, but no prayer is unheard.**

**The Father has given to mankind a Miracle of His Love. He is once again using The Beloved Saint Joseph as a Strength, as a Protection, for mankind to go to for all reasons and for all protection; also, for all types of problems that individuals need assistance with, and innately feel that the Help from Saint Joseph or Any of Us will not be rejected, and the Help will come in some form, perhaps not as mankind would understand it in the human mind.**

**In many ways mankind does not call upon The Saints because of so much confusion in the world, and so much humanism that is more obvious**

to man's thinking, man's closeness, man's dependence. It is important that human means are used for the benefit of certain conditions, certain problems, certain needs, but it is important for mankind to remember that prayer has an immediate connection to Whomever the individual is praying to. Just because there is no vocal response should not be reason to not pray to All of Us because, do not forget, We walked the earth as human beings and We are aware of all facets of human life: moral, physical, Spiritual.

The Father has given to the world a Blessing beyond what mankind can understand a Blessing to be. It is a constant, continuous Communication, helping mankind to more fully understand that everyone's Soul, as a Portion of The Father, is closely connected to All of Us Here. The world has been Blessed by This Miracle because It is so Direct in Its Instruction and Love. Mankind must remember this. So be it."

## SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola.**

**You live in a time where there is much confusion on what is moral, what is immoral, what is just, what is unjust, what is pure, what is impure, what is right, what is wrong, in so many areas of human behavior, human ideals, human understanding of the Spiritual advantages available.**

**Children are not being instructed on the importance of prayer, silent or vocal. Children are being left out of conversations that would help them understand the importance of morality over immorality.**

**Everyone who reads My Words, I ask you, ‘Can you openly say to those close to you, “I love God; I thank God for all I have, all I am, because I want to become a Saint”?’**

**How many conversations even mention the Goal for human life? It is an unheard subject. Oh, it is mentioned in financial circles, and many times in casual manners regarding a form of**

prayer, a manner of prayer and/or a formal way of prayer.

The Father has given to mankind a Gift of His Divine Love, constantly instructing, sometimes formally, sometimes informally, on the Importance of human life, and that man is the custodian of a Gift of Divine Love, called 'the Soul'.

Mankind must receive All that We have delivered. Do not be concerned over the path they have been instructed in spiritually, morally, socially, educationally. The Father's Will is for all of mankind to read What has been delivered through This Gift of Divine Love, called '*The Miracle Of Saint Joseph*'.

Logic should tell mankind that This Name does not belong to a mere man, but This Name signifies the importance of being a man and caring for the responsibilities that human life has: dedication to The Divine, responsibilities in the family way, and of course, in the form of work that mankind is not just entitled to, but responsible for and to.

This Miracle of Divine Love is a Gift beyond what mankind under-

stands It to be. It is the Birth of a More Personal Association given to mankind, because of The Father's Love for this Creation of His. The Father has spoken, The Beloved Heavenly Mother has spoken, a multiple Number of Saints have spoken, gently, firmly, with much Instruction.

There has been no other time in the History of mankind that a Gift as Great as This One has been allowed, because The Father's Will allowed mankind to follow what had already been written, and then as it declined in meaning to mankind, He gave to mankind another form of Instruction, so that mankind could more easily understand the Importance of human life and the Greatness of the Goal for which it was created.

It is true, there were forms of instruction continuing on before This Miracle was given, but in so many areas humanism was creeping in and becoming more acceptable, thus ignoring important issues, such as, that each human being is given a Soul at the moment of conception, and this Soul is a Portion of God, because human life has a distinction beyond all other living things, and human life

**was and is created to the Image and Likeness of God.**

**This Statement, though it was instructed upon in so many ways, mankind allowed humanism to be an important factor, thus losing sight that though mankind was created to the Image and Likeness of God, God is The Creator of All Things, and mankind having a Soul, is not God, but the Soul, as a Precious Gift of Divine Love, is the Connection that mankind has to being made to the Image and Likeness of God.**

**Mankind has an intellect. No two living human beings are exact in sensitivities, in knowledge, or in their daily habits, practices, thinking, ideas, ideals, or their feeling about their Soul. We hear mankind say, ‘All men are created equal.’ This statement has a fact, but the fact is not that all men, women, and children are completely alike in their mentalities, their appearances, their beliefs, their goals, and many other areas of human dignities, appearances and/or Spiritual understandings.**

**The Father has Blessed the world through *a small voice*, not a voice**

**that can be heard for miles and miles and miles. The written Words are so Important in This Miracle of The Father's Love, because as the Words are dictated, They will touch the lives of many Souls in a different degree, for a different reason, and every individual will capture a certain hope, idea, interest, that they can personally associate with and use to a better understanding for their individual needs, practices, and goals.**

**I could speak endlessly on this subject, but it is important that mankind's retention and ability to follow what he or she can morally, psychologically, spiritually handle as an individual, will help them grow deeper in love with God and do all things they are involved in to please Him, because of the Soul they have that is a Portion of Him. So be it."**

APRIL 25, 1997 AT 1:18 P.M.

**SAINT MARTHA**

**“I am Saint Martha.**

**Throughout the world there are men, women and children who choose many ways to honor what they call ‘a Higher Being’. Many times their interpretation neglects certain areas of the Importance of This Being that they refer to.**

**The Father is constantly aware of every living human being and the condition of their Soul, because as the Soul is a Portion of Him, you will better understand if you think of a portion of your body, a finger, even just a nail, that perhaps becomes infected or even cut in the slightest way. Your attention is drawn to the problem, the degree of the problem, and also your concern over how it occurred.**

**Every human being should feel this way about his or her Soul, because the Soul is a reflection of everything an individual thinks, practices or says, and the Soul in some way reflects it through the individual’s actions, personality, ideas, mentality, in some**

**form. At the same time It reflects to a Higher Being.**

**I say These Words in short, because These Words are just a touch of what human life reflects to The Father every moment of every day and night. So be it.”**

APRIL 28, 1997 AT 1:10 P.M.

SAINT LOUIS DE MONTFORT

**“I am Saint Louis de Montfort.**

**M**ankind oftentimes asks another one for a blessing. Usually the blessing is for a need of some kind, some form of help.

**W**hen children are taught to say ‘*God bless you*’, it is because of an age-old belief that when an individual would sneeze, or cough extensively, Spiritual Help was called upon. These two acts were acts of dependence on a Spiritual Source, Help.

**T**oday ask yourself: How many times lately have you heard this statement, ‘*God bless you*’? Is it due to modernization or a lack of Spiritual belief, or just an indifference to an occurrence that an individual is having that could be uncomfortable? You live in a time of not just modernization, but a time where mankind of all ages, races, creeds, have an indifference to publicly calling on a Supreme Being for aid on any situation.

**The Father has given to mankind a Divine Act of Love through This Miracle that is instructing mankind of all denominations about the Importance of what human life consists of, the ability to understand that life did not create itself; it was designed and created by a Supreme Being for a Great Purpose. The Father's Love for mankind, in creating this type of human life, designed it with many abilities, and with a mind that was unlimited in the capabilities of learning much about many things.**

**Let us take, for example, the progress that man has reached medically, academically, in many fields. Why can I not say 'morally', in Spiritual, logical responses to morality and to kindness, in helping others understand that human life has dignity, intellect, understanding, and many abilities that give to human life monumental advantages to reach high goals, and to better understand that human life was designed beyond all other living things in intellect, nature, and sensitivity in so many areas, so many ways, for so many reasons, giving human life a Great Source to**

**understanding that human life has a Goal beyond any living thing?**

**We hear so many blindly walk into places, situations, that are detrimental to their mind, their body and their Soul. It is not just a lack of sensitivity, but there is a boldness, a defiance, that destroys so much that an individual is capable of using to better themselves and the lives of everyone else.**

**Children are being instructed on humanism in so many fashions, factors, and indulgences. Ask yourself also: How many children open the day with a prayer, acknowledging God Who created them? How many times during the day is The Creator of All Things called upon to help an individual make a decision that is proper and free of sin? I could go on and on, asking mankind to look at every facet of daily life, and realize that they have a debt to pay to God for the privilege of human life, ignoring totally what is wrong, what is diabolical, what is destructive to their Soul.**

**The Father gave to the world This Miracle of Instruction, asking Many Saints Here to partake, Each in**

**Their Own Way, so that the differences in approaching what is right, what is moral, what is sound, what is pleasing to God, would give to all different personalities, characteristics, degrees of intelligence, choice in how they would choose, as an individual, to return their Soul to God because of their love for God.**

**Already there has been so much written on the Special Creation mankind is, and We see some who read the Words, find Hope in Them, but when a decision has to be made, many forget What they have read, What they have absorbed in the reading, and make decisions based on who they are with, or how they feel at that moment.**

**The Father's Love is never-ending because of the Soul that every individual is the custodian of. The Soul is a Protective Divine Gift of Love to human life, and the Soul is very evident in the conscience, in the habits, in the decisions that every human being partakes in.**

**There are volumes that could be written on this subject, but The Father has delivered so much, using Many of Us Here in degrees, making it**

**easy for mankind to be able to absorb the Importance of human life and His Divine Gift of Love in it, a Portion of Himself, called 'the Soul'. So be it."**

APRIL 28, 1997 AT 3:12 P.M.

## SAINT ROBERT BELLARMINE

**“I am Saint Robert Bellarmine.**

**In illness mankind chooses advice from a professional source; that is, when it is regarding physical or sometimes a mental disorder or concern. Spiritual dilemmas are oftentimes overlooked, disregarded or ignored, or cast aside as, ‘one will think about it at another time’.**

**I ask you: ‘What is a Spiritual disorder? How would you define it?’ It usually starts with an individual’s lack of understanding of God’s Commandments, not seeing Them for the reality in Their full meaning, in many ways even rejecting the fact that They exist.**

**A Commandment, when it is openly thought about, usually is associated with one’s own way of life, one’s own habits, or the company they keep, or how they practice morals. We hear some dwell on ‘*Thou Shalt Not Kill,*’ and they automatically say, ‘I have never killed anybody, so that Commandment is not for me.’**

**Then We hear others say, ‘The Sixth Commandment, no need to think about that one, because I do not commit adultery in the sense I know adultery to be.’ Let us elaborate a little on this one. Adultery has many facets to it, and can be committed in different ways. It is also a sin that is suggestive by a mere word or two; also, adultery is practiced for monetary measures, totally ignoring how offensive it is to the Soul of the individual or individuals. It is, many times, not considered offensive to God, and accepted as a natural act of human life, need for human life, ignoring totally the moral aspect of this act.**

**There are so many excuses that mankind can conjure up, justifying sins against each Commandment.**

**Another one, very often abused is ‘*Honor Thy Father And Thy Mother.*’ This Commandment is usually thought of regarding the human mother and father, ignoring totally The Divine Mother and Father.**

**We hear some say, ‘I don’t kill anyone, I wouldn’t dare.’ There are many ways to kill another human being. The list is endless, for just a**

few indications of killing: One can be so disrespectful; plus, gossip can kill the name, the respect, and many other facets of human life. Lies about an individual can cause much harm, having others see wrong instead of the truth about man, woman or child, whichever one they are doing these things to.

How many deny they do honor strange gods? Financial gain, very often precedes all truths, honesty, and moral measures, issues, concerns.

The Commandment *'Thou Shalt Not Bear False Witness Against Thy Neighbor,'* jealousy prevails here many times, anger, a lack of understanding, a lack of caring, and this too, like all other Commandments, has a list of wrongdoings by some very self-righteous, dignified men, women and children.

What I have to say is extensive on every Commandment. It is important that mankind remind himself or herself each day that an examination of his or her conscience is not just practical, but a Gift to his or her Soul, especially when the individual makes no excuses for their faults, only declares to be committed

**to change, and to remember God's Commandments as The Cornerstone of human life. So much could be spoken on The Commandments of God.**

**Mankind, in many ways, is ignoring what The Commandments mean and why They were given, and still remain. More will be spoken on this subject, because mankind was given a Great Gift by The Father, and this Gift has never been allowed to be ignored, because God's Commandments are in many ways The Rules for Life Hereafter."**

APRIL 29, 1997 AT 1:07 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**Mankind has become so diversified on so many subjects, some in intelligent ways, some in critical ways, and some in acceptable ways.**

**Mankind was instilled with the Gifts of intelligence, the Gift of being able to converse verbally, and the ability to learn extensively on many subjects. Educational programs have developed throughout the world, many excelling in information, instructing thousands of people of all ages on issues, some important, some not so important, some even, I would say volatile, for the imaginations of those who are learning.**

**We hear mankind talk about progress in so many areas, on so many subjects. All of this the brain of a human being is able to absorb, and sometimes be very useful beneficially, and/or detrimentally. Mankind seeks information, sometimes just out of curiosity, sometimes because an individual or several, want to be**

knowledgeable on different subjects, even if they are not going to use the subject matter that they are so intent on absorbing.

At 'this time', The Father has given to the world a Miracle of His Divine Love, Boundless in Information, and Important for every human being to understand the Purpose is because of the Importance of human life, because the human life is the only living subject that bears within it a Portion of The Father, called 'the Soul'.

The word 'Soul' to many, means very little or nothing, but when We hear the word 'soul' referred to in connection with a character of man's abilities, such as singing or acting, or conversational abilities, this should tell mankind that the Soul has a definite link to Something Greater, and has a definite Importance, because they use it in an important way that satisfies their own mentality, their own ideas on subjects they are interested in.

The word 'Soul' is Precious when It is connected to Its Relationship with The Creator of All Things, because It is a Connecting Link that is unseen

and yet obvious, due to the fact that human life is gifted with the ability to understand truth over untruth, right over wrong, good over evil, and that mankind logically sees human life in so many ways mentally, morally, physically and spiritually.

An animal has no Spiritual responsibilities. A tree has no Spiritual responsibilities, and though flowers are loved by millions upon millions of people, the flower has no responsibilities because it does not have a mentality, nor do these things have a Soul.

The Father has given to the world so many Words that do not just make sense, but They are instructive in a Personal Way, connecting human life with The Divine, openly specifying that mankind has a Connecting Link between The Creator and himself, or herself, from the moment of conception on through life.

Now, logic should tell mankind that this Soul has a Reason and a Goal, because It is a Portion of God, The Creator of All Things. It is sad when We hear some deny that God Exists. We oftentimes wonder how mankind,

**in any age level, with any degree of intelligence, cannot believe that there is a Higher Being as The Creator of All Things, and that mankind is one of these Special Designs of This Creator, and has a Purpose for existence that is Special.**

**The innate sensitivity of what is right, what is wrong, what is real, what is sound, what is reasonable, what is logical, should tell mankind to be aware of the Importance of human life, and that everything about it is greater, and different in many ways, than all other living things. The Connecting Link is the Soul, and it is sad to hear so many throughout the whole world not understand the Greatness of the Gift of human life, because mankind is capable of doing, of learning, of exercising so many great advantageous things based on mentality, discipline, interest, capabilities, and yes, even love that comes in many ways, and is obvious by many open signs.**

**The Father has given to the world a Portion of Himself. Just as it is instinctive in human life to enjoy sharing, This Gift comes from The Father, in many ways to human life.**

**There is so much more to say, but it will be spoken at another time, because each time One of Us Here speaks, the Message, the Instruction, the Love is so Great, so Deep, that it is important that man, as an individual, read It in the amounts They are given, so it is not too much to absorb at one time. So be it.”**

APRIL 29, 1997 AT 2:10 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**This Gift of The Father’s Love is Personal to every human being living at this time, and those who will come at a later time. All that has been delivered is never to be erased or destroyed, because of the Importance of the Messages, the Directions, the Truths, and the Personal Communication from The Divine. This present era of mankind has been Blessed abundantly because of This Gift of The Father’s Love. This Gift has, in many ways, allowed mankind to see what a Personal Association each human being has with The Divine.**

**For many years mankind based much of their understanding on the interpretation of Bible History. Needless to say, it was not as complete in detail, in personal communication, as This Gift of The Father’s Love at ‘this time’ in your time. That is why it is so important that All that has been delivered be available from this time on, because mankind is in great need**

**of the Value of the Instructions that are so Personally given, and in many ways attested to, by so Many of Us Here.**

**Mankind is Special in Purpose, in Design, in Goal. Mankind, in his or her intellect, is different from each other in likes or dislikes, temperaments, abilities, understanding, and moral codes of ethics, moral understanding of the importance of God's Commandments.**

**When The Commandments were first given, They were elaborated in great detail, on every facet in which They affected, or were affected by individuals' nature, sense of justice, personalities, and even just the normal actions of daily life; also, That Portion of human life that says there is a Creator, and that mankind is gifted with a Soul that is a Portion of The Creator of All Things.**

**Mankind in many ways, by nature, is interested in stories of all kinds, some that they can feel comfortable with, can associate with, and even stories that to the individual's thinking are beyond what is normal, what is natural morally, physically and spiritually.**

**When an individual gives another one a gift, it is automatic to expect a 'Thank you.' It is what mankind calls 'social graces'. At this time, with so much that is being delivered by so Many Here in the Heavens, it is important that mankind be thankful for It, because of the Importance of It, but also, the Love that is in It, giving to every living human being the Importance of human life, and the Goal The Father has created for it.**

**We hear some say, 'I cannot believe Heaven would speak in such detail, and also so Personally to mankind in such a general form.' This is only human opinion, because even those who say these things, or some who even deny that it is possible, innately know that What they read, What they are learning, has tremendous Value to What is being spoken so openly, so clearly, and yet so profoundly.**

**The Father, all through time, has given to mankind at different times, What was needed for mankind to learn to understand and to follow, because mankind, as a being of intellect, has been designed to understand the importance of what is best for his or her life.**

**We** hear men and some women, read **Some of the Things** that have already been delivered, and some question the most obviously **Truthful Things**, because they innately are sensitive to **Them**, and yet innately want to reject **Them**, because they will have to change many patterns they have followed morally, physically, and spiritually.

**We** hear mankind say they are not comfortable with hearing new things, with changes that cause them to have to be more conscientious, more deliberately aware of their thoughts, their words, their actions, and of course, their feeling about what is morally sound, morally correct, morally important. In other words, weakness is no longer acceptable in areas they have become adapted to, and feel it is a part of life.

**As** I speak, I speak with a **Love Greater** than mankind knows love to be. It is a **Pure Love**, because it is a **Love** closely associated to the **Soul** of every living human being. The **Soul** is a **Portion of The Father** and should be protected without question, against all that is impure, indecent, scarring **It** in any way.

**With My Words today, I give mankind My Blessing, and I say, 'As you desire love in the human way, Divine Love is Greater than human love can be in any way, and as I say These Words, I want you to remember that every time you say a prayer, no matter what length it is, every word is registered in your name and it is accepted with a Love beyond human compare.' So be it."**

MAY 1, 1997 AT 1:23 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. I have many Titles honoring Me in different ways. Each Title is Important to Me, because It gives to men, women and children, different ways to call on Me and different areas of What I stand for.**

**A child says to Me:**

*‘Immaculate Heart of Mary,  
give me the strength to be  
pure in all I do, all I say, so  
that others will feel the urge  
to imitate me because of how  
I represent my love for You.’*

**So many Titles that should be passed along into areas are not being done openly. My Titles are being limited, because mankind has in many ways diminished the importance of so many ways to honor The Son of God, The Beloved Saint Joseph, and Many Others Here with Me, yet mankind does not ignore the title of a human being that reflects the importance of the human being.**

**C**hildren must begin to learn about the Holy Rosary. It is being ignored or it is being passed through, passed over so quickly, and they are not enunciating the words with meaning or with love.

**A**nother prayer that is being cast aside in many ways is a prayer saying, *'I believe in God, The Father Almighty, Creator of Heaven and earth....'* Everyone who reads These Words that I speak today, should ask themselves how many times they say this short sentence and feel the greatness of it, the strength in it, the dependence on it.

**A**lso, when a child says, *'Hail Mary, full of Grace, The Lord is with Thee...'*, does the child of any age understand this in its fullness? I have to say 'No,' because prayers are spoken so rapidly that the meaning of them is no longer an important part of the prayer.

**M**ankind must understand that prayer is an important part of life, because it is a communication that is responded to in several ways when it is spoken. Granted, men, women or children do not hear the response, but

**they do feel a strength that they cannot describe, because it is put in a way not to frighten the individual or to allow the individual to become emotional, but there is no prayer unheard and no prayer not answered.**

**Mankind must know this, because We are available every moment of every day, and through the Soul We hear all that an individual does, says, thinks, practices and allows, whether they are alone or with others.**

**Sometimes when We hear an individual say, ‘I feel so lonely,’ remind them to think of a prayer, and the prayer is a direct communication. That may be difficult for some to feel is true, but I, your Heavenly Mother say: ‘It is true. You can be assured that nothing is left without Our Understanding and without Our Response, many times not exactly as an individual thinks it should be, but no prayer goes unanswered or unheard.’ So be it.”**

## SAINT COLUMBKILLE

**“I am Saint Columbkille. I have come to speak today to alert mankind to the negligence that is being practiced where the young are not being instructed on sound moral values, sound moral standards, and the negligence is due to the fact that so many men and women are tolerating what they call ‘changes in the youngsters because of the time that they live in’.**

**First let Me say: ‘Example is a major factor in instruction; also, surroundings that show acceptable behavioral practices of all ages has a tremendous effect on the mentalities of those who are subjected to it.’**

**In some areas where mankind is, We hear much translation of the Bible, and in the shouting of the phrases, describing what the phrase means is many times only to the degree of how an individual perceives it, and it is usually according to their own background, their own behavioral patterns, or their innate egotism in**

feeling they have innate abilities to instruct others, through explaining to them verbally what the sentences mean and how these should be followed.

Oftentimes such a lesson is based on humanism, egotism, and the desire to be prominent in the field of explaining the History behind and in the Bible. Two people, six people, ten people, a hundred people can read the same paragraph, and each one would be able to describe the full meaning in the terminology that they are used to using, and in their personal perception of what the words mean and how they should be followed. There is so much shouting regarding instructing others on the Importance of what human life consists of, and its priorities.

The Father has given to the world Personal Information, directing so Many Saints to take part in instructing mankind of all ages, all races, all creeds, on why human life was created and the Importance of the Goal for this creation. All of The Saints have put It simply, logically, so that different degrees of intellect are not left out. Everything is expressed so logically, plainly, consistently, in a

**form that gives much essence to the reality of the meaning.**

**Mankind enjoys talking about love, enjoys reminiscing, and enjoys listening to others who feel they have the full concept of love for God, many times ignoring that The Father's Love is a Divine Love, and human love is through obedience to God's Commandments; that human love bears a responsibility to The Father's Will on all subjects, in all areas of life.**

**It is important for all of mankind to see the Value of What I have just spoken, because through thousands of Revelations through This Miracle of The Father's Divine Love, He has elected 'this time' to be, to help mankind better understand, more fully comprehend that human life is a design based on The Father's Love, because in this design He has instilled an innate understanding of a Higher Being."**

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**Sound Spiritual guidance is being left up to the individual person of all ages. Spiritual guidance is important, and has been cast aside with changes that in many ways are abominations to truths, sound facts, sound logic in prayer, and in how mankind should practice spirituality.**

**There are so many diversified interpretations of how mankind should adhere to prayer, and associate with moralities. Ask someone you know about their feelings of what is moral, what is immoral, what is justice, what is unjust. Ask them what they think about the Spiritual directions that so many have taken control of. Ask them if children are being instructed on the Truths of human life, on the Importance of human life, and if spirituality is primary in any of the instructions.**

**Let us now look at the world and say man created the world, man is the controller of the world, man makes**

decisions on all areas of what others must partake in, must believe in, must accept as important. Would not this be ridiculous? Would this not say that humanism was superior to God? The world of mankind has entered a humanistic version, acceptance, on all issues regarding moral values, moral standards, moral acceptances, moral decisions.

So many times when We hear theological conversations on what mankind was created for, and also what religion is to mankind, that covers belief in a god, not The God, but a god.

Another subject should be prayer. What is prayer to mankind? A fleeting moment of, 'I need help, I want this, I want that, I want to change my place where I work, or I live'? How much Spiritual love enters into the prayers that individuals say, either as a habit or just when they are in need?

These questions are important questions, because if they are looked into sincerely, logically, the answers of how an individual practices Spiritual life, Spiritual thinking might shock you, because many times

**We say to The Father, ‘The child is in need of instruction, but Sound Instruction on the importance of Your Commandments, and also on the Goal for which human life was created.’**

**If All of Us Saints were allowed to instruct on All We are willing to help mankind with, it would take more time and more means to produce on paper What We would like mankind to know. That is why This Miracle of Divine Love is so Important and such a Generous Gift of Divine Love, because What is passed through and asked to be written, is to encourage mankind to more fully understand what a Divine Gift of Love human life is, and that it has a Goal beyond what mankind can fathom greatness to be.**

**So much Divine Love is in All Messages delivered through This Miracle The Father has given to the world through The Holy Spirit, called ‘Saint Joseph’.”**

## OUR HEAVENLY MOTHER

**“The Father has given to mankind a Personal Gift of His Divine Love, a Gift allowing mankind to more fully understand what a Precious Gift human life is.**

**In the design of human life there was a Great Purpose. It was to one day share Eternity with Him. The design of mankind was Special, because even when it was first designed, the individual was cognizant of a mind, the ability to communicate, and the ability to take care of the physical through food, exercise, and the desire to learn emanated from the mind.**

**Children are not learning what a Beautiful Gift human life is, because it has so many areas greater than any other living thing, to learn scientific understanding, helping human life to live in a greater degree than any other living thing.**

**In the beginning, human life’s first communication was different than it is today, but today there are so many advantages for mankind to**

more fully understand that human life was not created just for the moment, the time, but within it, it was given the knowledge and the ability to use all that human life was, to be one day returned to The Father for All Eternity. Now this does not say that in the beginning there were no Souls in human life. There were, and each era of advancement instructed mankind on a greater knowledge that the human mind was capable of.

When a child is born, the child does not hold a conversation, but learns to use what is available to them in how to speak, and what an advantage it is of communication.

There are so many different opinions by so many men, women and even children, on what human life was created for. Some feel it was just to be on earth awhile, and then there was no real understanding of what was to come.

When The Son of God first began to teach men of high learning, the Foundation for which human life was created, they were in awe of the Words, and the Hope in the Words, because up to this point there was no such

**explanation, so mankind theorized, and also realized that there was good and there was evil, there was right and there was wrong.**

**Time has given to mankind so much more information, so much to think about and learn to recognize as human life to be Special and have a Great Goal. Think about this: Most human beings recognize success in some form, some way, and it draws their attention to how to gain this success, how to improve what they are mentally, physically. Some are more inclined to want to improve spiritually, because all of human life does not feel the desire to become ‘a Saint’.**

**The Father gives to the world a particular form of encouragement that is through men and some women who feel the need to instruct others on the Goal for which human life was created.**

**Now I take you back in time, when God’s Commandments were introduced. Much preceded this Very Famous, Great Time in the History of mankind. Before this, the rules that mankind followed were rules that they decided were acceptable,**

were applicable, were necessary, and were advantageous to the time that they lived, giving to human life more strength, more understanding, more reason.

**When The Commandments of God were delivered, needless to say, there were many rejections because These Commandments were binding to ways they were not used to. They felt that The Commandments, though logical, robbed them of much of their freedoms. Acceptance of The Commandments of God did not happen overnight, and each time The Father gives to the world an Important Message, Instruction, it takes time for It to be seen as improvement, advantageous, and more understandable, because It has Reasoning that is not ordinary, due to the fact that lifestyles of human life form habits, and these habits become so ingrained that any new format for living takes time for mankind to adjust to.**

**This Beautiful *Miracle Of The Beloved Saint Joseph* hands to mankind a Light that, in so many ways, is enlightening mankind in all races that human life, in the dignity it was created, has a Purpose for its**

creation, and that mankind has the choice to respond, using The Basic Commandments of God as Rules, to not just know, but to follow in Their fullest measure.

We hear so many say, 'The Commandments are binding and I'm used to freedom.' The Commandments do not restrict freedom, but The Commandments do, in many ways, give reason for every individual to see the importance for which They were given, and that is for mankind to follow purity of mind and body, for the sake of the Soul that is to be returned to God as a Saint for All Eternity.

This is not difficult for mankind to understand. It is too logical to not understand, because mankind is constantly aware of the desire, the need, the hope, the concern, to reach goals that are beneficial, and there is no better goal, no greater goal than to accept The Father's Will, practice following in all ways, all manners, The Commandments of God in Their fullest measure, because They were given to help men, women and children to desire to reach the Goal of Sainthood at the time when the human life would reach its end.

**So many, all through their life, struggle to reach goals for success socially, mentally, physically, monetarily. It is important to them. It makes life more interesting. There is No Greater Goal that mankind can reach than to become ‘a Saint with God in Heaven’. So be it.”**

**MAY 5, 1997 AT 1:50 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**So many times men, women and children perform some kind of act that they are extremely proud of, because they feel that this act of kindness or generosity, or instruction, or an act of concern, is so good in its concept, in its manner of helping in some way for something.**

**The world of mankind does not always think about the importance of concern for other people. Most times the majority of people dwell on their particular manner of life, their circumstances, their responsibilities, and those close to them. On the other hand, you have people who are anxious to be publicly known, because they feel they have a particular talent or information to give help, strength, understanding, on issues that others are concerned about or involved in.**

**The Father, in giving to mankind This Gift of Personal Love through so Many of Us Saints, openly expresses to mankind that His Watchful Eye is**

aware of all that is occurring among men, women and children. And that is why He has given to the world so much of His Divine Love, requesting Many Saints Here to speak informatively regarding the Importance of human life, and Instruction on how to personally use everything they have mentally, spiritually, physically, emotionally, to better understand that the Gift of the Soul to human life is undoubtedly the Greatest Gift mankind can be the possessor of, because this Soul, as a Portion of The Father, gives strength physically, mentally, morally, to every facet of human life.

So many times when The Father requests One of Us to speak, the length of what We are to say is appointed by Him; also, many times the subject matter. The Father has given to mankind This Particular Miracle of His Divine Love so that mankind will be able to realize without question, without doubt, that as All These Saints once lived in the human way, They have reached the Goal with Their Soul, for Their Soul, that They were created for in the first place.

We many times hear discussions mentioning Moses, the Apostles,

**and The Son of God. These are all Important Subjects, because they give to mankind Something Important to base things on, things such as standards, values, goals.**

**It is sad when We hear so much misinterpretation of a Miracle of This Dimension, This Character, This Greatness, This Firsthand Showing of Love for mankind. We watch many read the Words that have been written, and when We see little understanding of the Greatness that is in Them, the simplicity in which They are delivered, We ask The Father to help the child or children of all ages recognize Divine Love, and stop concentrating on that festering effect on Truth, denying that The Saints are speaking, and that God would speak through a mere human being.**

**The world has been Blessed, and it is important that All of the Revelations be translated properly for the whole world to read Them. It will be sad if it will take a hundred, two hundred, or a thousand years for This Miracle to be spread throughout the world, because time is of the essence.**

**Many souls throughout the world desperately need to know that God is present at all times through their Soul, and that every individual of every race, color, creed, must realize that God is as close to them as their body is present to them, because the Soul never leaves the body until The Father commands it to be. It is placed at the moment of conception. It is in the life of every human being. So be it.”**

MAY 6, 1997 AT 12:47 P.M.

SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux.**

**This Gift of The Father’s is Greater than mankind is giving It credit to be. The world has been Blessed by The Father, because through This Gift of His Divine Love He has designed a Miracle for mankind to be able to not just hear about, but the Words are being put into script so thousands upon thousands upon thousands, for all time to come, will be able to read What was spoken at a given time for the Souls of millions and millions and millions of people.**

**Mankind has a way, based on humanism, to shed important things when the subject matter is Special, to give them strength, encouragement, hope. Mankind many times ignores such a Miracle of Divine Love, but eventually is curious about the results of what others gather from It, find in It, or are able to use from It.**

**As I spoke to this *little one* through whom I speak, earlier today I spoke in French, but I did not tell her**

**Who was speaking. She smiled and said: 'I cannot repeat what I do not understand. I will not take a chance on an error being handed to man.' We All smiled at this, because This Beautiful Gift of The Father's Love is based on Truths and Divine Hope for the Souls of millions of people of all ages, all talents, all degrees of intelligence, and every degree of Spiritual hopes.**

**Many times an individual says, 'I only know a few prayers.' The individual must be told that the very act of speech in their own words, drawing Our Attention to their words is a prayer, because a prayer is not necessarily a formal flow of words.**

**It is time that This Gift of The Father's Love be passed in places that are most unlikely to hear about a Gift of This Magnitude, or a Gift that represents the Relationship The Father has with mankind individually, because of the Soul that everyone has, separate from other Souls, each Soul responsible for the individual's actions that this Soul was made a Part of at conception.**

**We hear many lament, many times in self-pity, or a lack of under-**

standing the closeness that each human being has with The Creator of All Things. Even some of the most learned men and women find human knowledge superior, thus ignoring that The One Who created them gave them an intellect to use what was good, what was right, what was important, not just for a definite role in life, not just a definite vocation, but in every portion of life, because what an individual expresses is many times important for the one, or the ones who are automatically involved. There is so much to be spoken on this subject.

It is true, Our Messages could run pages and pages and pages at one given time, but it would be difficult for so many men, women and children to absorb mentally and physically and emotionally and spiritually, the in-depth Meaning of what the Messages want them to use not just as Guidelines to live by, but to become a part, a living part of their lives, so each individual will represent The Father's Love for mankind.

It is important that mankind understand that they are the custodians of the Greatest Gift that God could give to man, and that is a Portion of Him

**that is to be returned to Him at a given time, and It does have a Name; It is called 'Soul'."**

**MAY 6, 1997 AT 1:54 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. I am The Holy Spirit of The Father. It is the first time in the History of mankind that so much has been handed to mankind verbally, and written for millions to read, helping mankind of all races, all colors, all creeds, to more fully understand what a Precious Gift life is to man.**

**Mankind must understand the Beauty of another Gift of Life that awaits each human being, and that is the Life that was designed to be for the Soul that represents an individual human being.**

**The Father is Boundless in His Love for mankind, and all of the world should know that human life is Special, and was designed in a way to be able to understand knowledge and Spiritual Love, because through the knowledge mankind has been gifted with the ability to choose what is right, what is good, what is important, and to understand even more that human life**

**has a Soul that will one day represent the individual in Heaven.**

**It is sad when We hear rejection of This Divine Gift of Love. Mankind must understand that The Father gave a Portion of Himself in the Gift of human life. This is undeniable, because mankind, through the Gifts of sensitivity to what is right, what is wrong, automatically tells an individual there is a Source, there is a Force Greater, that is to one day represent the individual life in which It was placed at the moment of conception. So be it.”**

MAY 6, 1997 AT 3:17 P.M.

SAINT JOHN VIANNEY

**“I am Saint John Vianney.**

**The world has been Blessed abundantly, Personally by The Father. The Blessing is more than mankind understands a Blessing to be. Usually a Blessing is performed with specific wording, a *‘Sign of The Cross’*, leaving those present with a feeling that gives a certain amount of well-being.**

**It is important that mankind understand that This *Miracle Of The Beloved Saint Joseph* is a Blessing in many ways, a Blessing not just with *‘The Sign of The Cross’*, but a *‘Blessing of Instruction’* combined with *‘The Sign of The Cross’*, helping mankind of all ages, all cultures, all creeds, to more fully understand that man is not alone in the world, but is constantly in the Company of The Holy Trinity, plus All The Saints are available to talk to in any manner, for any reason that an individual cares to.**

**When a child is baptized, it is a Greater Blessing than mankind realizes, because even The Son of**

**God accepted this in a formal way, as Example to all who would follow, that this practice of the Sacrament of Baptism is a Gift of Divine Love that gives strength that nothing else can.**

**The Sacrifice on The Cross has never been spoken in detail in the way it truly occurred. This, too, was another Sign to mankind for all time, that as The Son of God sacrificed human life, all of mankind to follow were to practice times of sacrifice for the sins that they would have committed, or for the sins that others would commit. It did not mean that individuals had to be nailed to a cross, but they were to remember to take the time and make thanksgiving for the Sacrifice The Son of God performed for them.**

**There were so many things in the beginning of True Christianity that were not just Signs or Stories, but were given for those to follow, to better understand the Importance of what man is to God, and God is to man.**

**Small children should be taught what is right, what is wrong, not just what is tolerable. They should also be**

taught to take the time at different times during the day, to remember the Soul they have within them is their Link between them and The Father, and a word of love, a prayer for help, or perhaps just a small thought of communication would give much strength to the individual that nothing else could give.

We see families not sharing that personal feeling of communication with The Holy Trinity or with The Saints. The sadness is that they know there is a Place Higher than what they are in, but they do not see the Beauty of What they have ready for them to communicate with. We hear some say, 'If I pray, I hear nothing back.' Tell them to ask themselves: Are they always answered when they speak to someone they know, someone like themselves, someone close to them?

Millions of children throughout the world are not learning about the Soul that they have within them that is their Communication between themselves and The God of All Creation. Children are not learning the prayers that have meaning in them, because there are so many in charge of the children who do not feel

it necessary, or do not have the Faith within themselves to care.

**This *Miracle Of The Beloved Saint Joseph*, Who in the human way was called ‘The Foster Father of The Son of God’, is The One to Whom This Great Miracle has been dedicated, because it is time that mankind realizes and understands that as He is called ‘The Foster Father of The Son of God’, He has to be a Portion of God, and hears all that is spoken, all that is requested.**

**It would be wise to have children learn more about Him and help them to feel that He, through their Soul, is a Connecting Link of Love and Devotion, Prayer and Sacrifice, Hope, because children of all ages must pray, must communicate, and must realize they are never alone. God would not allow mankind to be alone because of so many enemies that He is aware of, and His Care for the Soul that He instills at the moment of conception.**

**The Father’s requests are simple, small, but He says for All of Us to remind mankind the Soul is the Connecting Link between God and**

**man, and mankind must never forget this. So be it.”**
