PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

There are many subjects to be covered in an in-depth manner, way, because these subjects are important to not just the physical lives, but to the Spiritual Souls of every living human being alive now, and for those yet to be born.

All that has been dictated through This Miracle of Divine Love is never to be cast aside or hidden from the eyes of mankind. What I have spoken is for the whole world, because the enemy of God and man is eagerly using manifestations of so-called ‘Spiritual greatness’, to attract mankind to false understandings, beliefs, practices, putting humanism above the Importance of the Soul that every human being is endowed with at the moment of conception.

It is a great sadness to All of Us Here to listen, to see so much humanism taking precedence over the Importance of human life, thus ignoring that a human life is a Special

Creation, because it is the only living thing that is the custodian, the recipient, the protector of a Soul.

The Father, through This Miracle of Divine Love, is not just requesting mankind to take heed of the Importance of human life, but to respond to the privilege of human life in a manner, a way, a degree, that bears great respect for what human life was designed for, and that is to return the Soul, That Portion of human life that is also a Portion of Divine Love, instilled at the moment of conception.

When We hear rejection of This Great Gift of Divine Love to the world of mankind, Many of Us ask The Father if We cannot take harsh steps to enlighten those who defame It, and He directs Us at given times to instruct in a way difficult for mankind to fathom, but the manner of reaching an individual is through the conscience, because the conscience is connected to the Soul, and the Soul, having such a close Association with The Father, many times is the Facet of Purity that enables the individual to respond to what is morally sound, morally pure, protecting the Soul in a way that nothing else could.

It is sad when We hear rejection regarding this Gift that every human being is the custodian of. There have been many times since the beginning of human life that particular individuals were endowed with an innate understanding of what would be morally sound, and practice it against all odds, because the enemy of God and man oftentimes tries to discourage purity and instill impurity, negativism, and a boldness that defies what is morally proper, pure.

The world is in a state of confusion because there are so many who desire to be leaders on moral issues, and are not capable of the Grace, purpose, or the proper manner in which the situation should be handled.

There are men, women, and even some children who egotistically feel that they have the power to heal others. This is a sadness to see, because there is an automatic rejection of Who The Real Healer is. Mankind must awaken, and soon, to the diabolical presence that is in every corner of the world.

It is important that even those who cannot read What We dictate, must be given, in a verbal way, the Lessons,

the Instructions, the Reasoning. The Father has given to the world This Personal Contact of Instruction, because there are too few morally sound individuals able or willing to fight against the enemy of God and man for the benefit of the Souls of millions and millions and millions of individuals who, without These Lessons, will never read, hear or sense the Importance of human life, What it was created for, What it contains, that will return to The Father as He Wills it to be, because It is a Portion of Him that man cannot see. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I speak through This Gift of The Father’s today to remind mankind of the Importance of human life, not just for its physical abilities, but because of the Soul that He places within the conception.

It is sad to see so many throughout the world ignore the Value, the Truth, the Reason for every conception that takes place in the human form. Granted, there are many times that the conception is not completed to its fullest degree, but the Soul in these conceptions returns to The Father immediately.

Throughout the world mankind is ignoring the Importance of human life, and in so many ways not seeing the Value it is, and the Purpose for which it was created. Human life is not just accountable for its degree of intellect, but there is a Greater Living Entity in each human life that separates human life from all other living matter or things, and that is a

Gift of The Father's Love, called 'the Soul'.

We hear so many learned individuals discussing their theory, or theories, on whether or not This Portion exists, and if It does, why is It not seen for what It is? Mankind, on many issues, many decisions, acts in Faith in what is involved, making decisions that are important.

The human mind has the ability to learn to great extents, subject matter in all forms of subjects. Why then is it so difficult for mankind to not see the reality that human life is Greater than any other living thing, and that logically it has a Purpose, thus it must have a Goal?

At this moment I am speaking, many individuals are making decisions regarding whether to allow someone's life to go on, or to be stopped. Is this not God's Decision as to when a life will end?

Children are learning many subjects, looking to be intellectually greater than others. Some of these subjects are scientific in varied ways, various degrees. Many times We see individuals clamor to be important

on decisions that must take place regarding the health, the opportunities of other individuals. So much is ignored regarding the free will of an individual. Mankind takes it for granted too often, too many times.

The world has been Blessed with a Great Miracle of Instruction, where so Many of Us speak Word for Word, subject matter that is important to not one person, but to many individuals, because of the Soul that is in human life, in an individual way.

Today as I speak there is sorrow in My voice, because today as I look throughout the world, I see so much jeopardy by those who act out in violent ways against others physically, morally, mentally, spiritually. Every human being should ask himself or herself daily: 'Have I thanked my Creator for this day? Will I respond in every action, every thought, every word, every deed in a pure way, or will I allow greed, injustice to be what I will decide at a given time?'

Mankind says, 'I have a conscience.' All of Us Here in the Heavens say, 'Base your conscience on the full meaning of The Commandments

of God, and do not stray, and allow no one to infiltrate you to thinking differently than what you know is purity in the purest state.'

We use a small voice, for if the voice was harmful to your ears it would distract you. Remember what I have spoken. The sounds you are surrounded by, and the sound of your voice to others has an impact on them that you do not see, but you, through your voice, have the privilege to instruct without preaching, to be example without forcing others to see, to feel, to acknowledge, and to desire to follow what is morally Sacred to the Soul of oneself, and those with whom they come in contact.

This Gift The Father has given to the world is a combination of What the Apostles were instructing mankind on many, many, many years ago. Granted, the language was different, but the Words mean the same thing.

The Father gave to the world The Commandments that He declared would give to mankind strength, hope, assurance, perseverance, and instill in the individual, dignity, always with the sight on the Goal for which human

life was created, and that is to return to The Creator, a Saint.

I could speak endlessly on this subject, but We All are assured that when We speak, and Our Words are written, it is easier for individuals to take Our Direction step by step. Every time We speak it is The Father's Love that radiates through Our Words, because Our Words are a Gift beyond what mankind could ever fathom, to speak in such a formal, loving, giving way. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

Mankind feels spiritually sound because of so many human decisions that are in the process of changing the meanings of many important issues, concepts, interpretations and truths, regarding the Souls of human beings.

The world has become so humanistic mentally, morally, physically, spiritually. There are so many men, women, and even children who feel they have the sound values, sound truths that all others should follow, according to the concept that they say is renewal of past Information, on past Logic, that basically was first delivered by The Son of God.

If every living human being would daily examine their manner of thinking, their actions, their concepts of truths in all they are involved in, they would find that many changes should take place.

As I speak, I speak from the Heavens, because in the time in which

I lived many wrongs were being practiced, and yet millions of men, women and children followed, ignoring the fact of sound reasoning, and the necessity to better understand that the Soul is a recipient of all an individual thinks, speaks, acts.

The world is in chaos morally, emotionally, spiritually, and humanism is a code of living because humanism allows so much freedom, thus ignoring individuals putting emphasis on The Commandments of God in Their fullest measure, meaning, degree.

There are many hypocrites in high places. Hypocrisy is prevalent throughout the world. It is sad that mankind does not see this, but mankind is putting so much emphasis on complying with humanistic ideals, ideas, and imitating what appears to be justifiable and more productive morally, when in truth all these things are elevating immorality to a degree that is destroying the purity of millions of Souls.

It is important for mankind to look to This Gift of Divine Love passed through The Holy Spirit of The Father, bearing the human name 'Joseph'. As

He was The Foster Father of The Son of God, He was also The Spirit of Hope, of Light, for all of mankind at that time and for all time to come. So be it.”

SAINT PATRICK

“I am Saint Patrick.

The world of mankind is going through a whirlwind of imagination, theory, understanding, on so many issues regarding the reality of The Creator of All Things. We hear and We see individuals theorizing mathematically, also with great imagination on how such a Creator exists without some sign of This Existence.

There are thousands of Signs of Supreme Existence. First of all, the creation of the universe, the evolving stages of human abilities, understanding, but before this even, the very Creation of mankind bespeaks a Creator beyond human perception, conception.

Mankind has within his or her being a mental description of what he or she is capable of doing, and this covers thousands of subjects, but individuals, in their daily way of life, become accustomed to a set behavior connected to their understanding of

what they are surrounded by, what they are capable of thinking, doing, practicing, accomplishing.

There are so many human expressions that oftentimes reject the Fact that a Supreme Being Exists, and that This Being has Powers beyond what mankind could ever fathom power to be. The universe, though men are trying to be able to speak audibly, consciously, intelligently about their discoveries regarding it, they oftentimes eliminate that it had to have a Superior Power of Design, of Creation, and they place so much emphasis on facts that the human mind can conceive.

The Father has given to the world a Miracle of Tremendous Strength, never avoiding all concepts in which, for which human life was created to be involved with. The human mentality has many degrees of avenues that have not yet been touched, even though progress is evident in many areas.

There is a sadness in the Heavens when there is a rejection or ignoring of Who The Creator had to be, and that mankind is but a creation of a Supreme Power, never really seen, never really

heard, no one ever able to comprehend such a Power. The Father has given to mankind a Gift of His Divine Love, and it is sad to hear and see so much rejection, so much jealousy, even hate, regarding This Gift, because This Gift is a Gift of Enlightenment, helping the human mind of millions of individuals to understand in a greater degree that there does Exist a Supreme Power, Supreme Means, Supreme Way, and It should not be ignored.

When two human beings speak to each other, oftentimes one is the aggressor. Oftentimes the subject matter is based on an issue, a fact, or something that affects the human element in more than the two who are speaking to each other. Communication has a definite importance between human beings. Even animals have a form of communication between their own form of life.

Today as I speak, it is to encourage mankind to value the communication man has to The Creator. It can be verbal, it can be in actions, or it can be silently. There are other ways, of course, but mankind, in many areas of life, ignores communication that he or she cannot feel physically, see

physically, or hear as he or she hears communication with other human beings.

The Gift of human life is a Gift beyond all other living things, and it is time that mankind awaken mentally, physically, morally, consciously, to the reality that they have the ability to mentally communicate with The Creator of not just human life, but Who gave to them a world to live on, and use this world beneficially, practically, logically, simply.

The Father has given to the world a Gift beyond any Gift He has ever given, except of course, when He gave to the world a Woman, a Man, a Child, for mankind to have as Guides to follow, to learn from, and to see, as the Earthly Creation of These Three were the Greatest Gift of Divine Love that The Creator could allow mankind to be able to comprehend in a greater degree, the Importance of what human life was created for, created by, and created to follow. So be it.”

FEBRUARY 9, 1998 AT 2:17 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

At different times in the History of mankind, The Father appoints ‘one individual’ to work in specific ways, under certain conditions, for many reasons. The Foundation for the reasons, basic reasoning for these Gifts to mankind, are to instruct men, women and children on the Importance of human life, what it was created for, and how each individual can attain the Goal that The Father has waiting for the Soul to be returned to Him.

No human being is or has ever been born without a Soul. I hear individuals, after reading This Statement, say, ‘Well, Our Lady didn’t have a Soul, Our Lord didn’t have a Soul, because They were so close to God.’ Let Me address it this way: The Heavenly Queen, as a Portion of The Creator, was More than human. The Son, as a Portion of The Creator, was also More than just a human being, and what mankind does not wish to believe is that The Husband of The Mother of

God, The Father of The Son, was The Holy Spirit of The Father.

As I see many theologians read These Facts, I hear their rejections of such a Magnificent Revelation at this time. It is very important for mankind to understand that human life in every way is a Gift Greater than any other gift mankind could receive, because this Gift gives to human life a Relationship, a Closeness to The Creator that nothing else has. That is why mankind was given an intellect, a conscience, and many other abilities of discernment, being able to capture with his or her mind, the meaning of so many subjects, and the ability to make choices where they were necessary.

You live in a time Special in many ways, because so much is being revealed regarding the Importance of the Gift of human life, and that it is not just temporary, but has the privilege of living Forever, through the Soul that is received at the moment of conception.

So many men and women who feel they have the distinct ability to understand that there is a Goal for human life, must live their life as

example in every way for others to imitate, because human nature, in its practical practice of understanding and imitation of what they see, what they hear, has the ability to project and instruct others that human life has been given a Gift Greater than any other living thing, and that of course is the Connecting Link of Divine Love, called 'the Soul'.

When two people are given the privilege of being part of the creation of one child or more, no matter what happens, they are a connecting link to everything the child or children belong to, are a part of, and can always relate to.

There are thousands of Revelations yet to be spoken through This Miracle, because there are many, many issues that must be clarified, that in past History were skimmed over, and not written in their full manner or concept of reality.

When We hear any rejection of This Miracle of The Father's Love for all of mankind, it is not a sadness as man knows sadness to be, because We see delay in millions of people more fully understanding what a Precious

Gift human life is, and that it should be held in dignity, because of the Reason for it, and because in it, though It is unseen, has a Portion of The Creator of All Things.

I could speak endlessly on this subject. Mankind must see This Miracle that has given to the world such Personal Reasoning, Instruction, Direction, explaining the Purpose for which it was created. Each time One of Us speaks, with Every Message there is a Divine Love within It because of the Importance of This Communication that is Special, because It is so Direct for the benefit of every living human being, helping each individual to better understand and more fully recognize that human life has a Goal that nothing else has. So be it.”

FEBRUARY 11, 1998 AT 12:58 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. For Me to be so audible at a time in which you live, it is to help all of mankind feel and begin to understand the Reason for which I created human life. I created man so that at a given time so many would return to Me, a Portion of Me that I placed within each of them at a time called ‘conception of human life’, but also, of Me becoming a Part of human life, unseen, unrecognized, but obviously there.

Man is important to Me, because With All I Am, Who All I Am, What All I Am, I Desire to share It with a Special Creation, close to Me.

I have given the world a Miracle of My Divine Love through one of My Creations, human in design, like all other human life. Through *this instrument* of My Divine Love, I am instructing all of mankind to understand, and to be able to comprehend the Value of this Creation that is different than all other creations of Mine.

All other creations surrounding mankind have a purpose, even to what mankind would call ‘the most minute sort, type of living thing’.

I send This Message today so that it will awaken those who find it difficult to believe in This Gift of My Divine Love, and I plead with them to understand that I created mankind for a Purpose, different than all other things I created, and that is because I am a Portion of mankind, and mankind is, in many ways, the custodian of a Portion of Me. So be it.”

FEBRUARY 12, 1998 AT 1:25 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is a great sadness to All of Us Here with The Father when We see men, women and children catering to all that is impure mentally, physically, morally, spiritually. The world has passed through many periods of wrong idolatries, due to the forceful strength of some individuals who base their theories on emotionalism, or personal appeasement in some form, some manner, some way.

Now, the word ‘appeasement’ is used in a general form here. By this, I mean that mankind, until the Time of The Commandments of God, were instructed by those in authority, those who claimed authority, even though purity of mind was instilled in every living human being at the moment of conception.

At the Time when The Holy Family lived upon the earth, it was a Time of Great Importance, because They were the Example of what was to be, morally, physically. At the Time

of the Crucifixion, the unjust anger was based on a rejection of What was so Good, Pure, Decent, Honorable. Needless to say, there are numerous ways to describe why they chose This Particular Individual to hate, to abuse unmercifully.

Granted, civilization had not reached a degree that it now has, but today as We see the world of mankind, We see in so many areas, not just a rejection of immoralities, but an acceptance of all that is immoral, indecent, impure, unjust, yet in man's thinking civilization has grown in mental acumen, also in personal sensitivity to what others feel physically, mentally. Spirituality has taken a turn for the worse. I say this because mankind has become so humanistic in evaluation of what is pure, what is impure, what is right, what is wrong, what is just, what is unjust. Humanly thinking, mankind says, 'We have progressed.' I say, 'Have you?'

The world has been Blessed with a Miracle of Instruction, Divinely Guided in every area. It is obviously not of human origin, but We hear rejections because It does not coincide

with the progress that mankind feels is evident. I ask you to consider one thing: Progress has many paths in a human life. A child is born, it cannot speak, it cannot walk. So this child begins to be able to see progress become an important part of his or her life: the first step, the first word, and so on, and so on, and so on.

So much has been instructed on the Importance of human life and the Precious Gift it is, because it has a Goal that no other living thing has. The Father gave This Miracle of Divine Love to the world, not meant to stay in one spot in which It was placed, but to spread vigorously, intentionally, so that no human life would not be introduced to It, but We see mankind in many ways refusing to spread This Gift of Divine Love to the degree The Father intends It to be.

There are millions of people throughout the world who must have What has already been delivered to awaken within them that The Father has not forgotten them, but wants each one to be reminded of Him in the language of their way, so that they can practice honoring Him every day.

We hear some individuals question: ‘Is there really a Goal for human life?’ That is why This Miracle of Divine Love is so important to spread throughout the world, because there is no one, no place, giving to all areas of the world What is passing through This Miracle that The Father wants to spread, to awaken the living to a way of living Forever.

Mankind reads a catechism. It is concise. Mankind reads a book called ‘the Bible’. It is concise. Mankind hears an individual speak spiritually, but time, place, make it concise. That is why This Gift of Divine Love has been given to all of mankind, telling individuals of all ages, all cultures, all degrees of intelligence, that human life is a Gift of Divine Love, and it has a Goal that is Supreme in many ways, and that is to return, through one’s Soul, to The Creator of All Things. So be it.”

FEBRUARY 13, 1998 AT 12:53 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth.

There are millions of men, women and children who at this moment are begging for help mentally, morally, physically, even spiritually.

It is sad to see so much, not just rejection, but a noncaring attitude of thousands, or even millions of individuals, when it comes to sound Spiritual direction that is necessary for human life to be able to respond in the correct manner, correct degree, correct direction, because spirituality has strength in it, hope in it, guidance in it, Divine Love in it.

Granted, We hear a statement many times about individuals being so fanatical in how they think regarding their own understanding of The Divine, that they, in some way, become overzealous, and those who are with them, or listening to them, in some way are ‘turned off’ because of what they feel is strictly emotionalism, not Spiritual integrity.

Today as I speak, it is important for mankind of all degrees of Faith in The Divine, fully understand that there is a close Association each human being has with The Divine. It is personal, and It responds to what an individual practices physically, mentally, morally, spiritually.

Children are not being instructed in the proper way, helping them to understand that human life is a Gift of Divine Love, has Reason, has Purpose, and has a Goal, for every individual to achieve the Goal for which it was created, and that is to return to The Creator of All Things.

We hear so much misinterpretation of what human life is all about. We hear mankind practice many things that he or she are fully aware of as being impure, unjust, and against all that The Commandments of God were given to mankind, to help mankind understand the Importance of the Soul that is within each conception of human life.

The world, in its motion, has a purpose, and without its gifts to mankind that are numerous in number, mankind could not exist. Everything

has a reason, a purpose, an advantage, and is an aid to individuals for human life to exist, for the mentality of human life to be able to absorb higher degrees of understanding, beneficial to all facets of human life.

Mankind many times is more interested in the physical aspects of scientific knowledge, many thus ignoring that the important design of human life was created, giving mankind all the abilities he or she has, but that human life has a Goal Greater than anything man can create.

My Words today have much Instruction in Them. My Love for mankind, as I speak, is greater than mankind understands love to be. It is important that children be instructed on the Importance of human life, and that it has a Goal for all who are born to human life, and this Goal is not materialistic, nor is it humanistic. It is designed for the Soul, for It to be returned to The Father in a Pure State as It was once placed at the moment of conception.

As some read This Statement, they will automatically respond negatively and say, 'It is impossible

to return my Soul in a State of Purity, for I have experienced so much in the human way.' It is not impossible, and mankind must understand that the negativism in this thought does not make it so, because the Soul, as a Portion of The Father, is never alone in the world without a close Connection to Him in every act, thought, deed, that the individual performs, who is the custodian of this Soul.

For some to hear This Statement regarding the Soul, they will find It out of their understanding, but proof of the Soul is evident every moment of every day, in every human being, because human life was created to know right over wrong, good over evil, love over hate. So be it."

FEBRUARY 17, 1998 AT 1:18 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

It is rare for human beings to fully understand what a terrible time it was at the Crucifixion of The Son of God. Stories passed down through time eliminate the real emotions of the people who attended this Terrible Fate of an Individual that was from Another State of Life, Far Superior than what the human state is all about. All through time, jealousy, violent corruption against others, has been evident in many ways, but the Crucifixion of The Son of God was not supposed to be as so many feel it was predicted to be.

The world at this time suffers in many ways because men, women and children use their whims and their degrees of how they think, how they feel, how they understand a situation to be, many times ignoring that their actions can initiate a volatile reaction of others to the situation, causing chaos, harm and physical abuse.

The Father has given a Great Gift to the world. Once again, He allows mankind to hear firsthand so much Personal Love, Direction, instructing mankind on the Importance of human life and that it has a Goal beyond what mankind can mentally understand. The Goal is to return to Him a Portion of that life that was given at the moment of the individual's conception in the human form.

Today, We see so many who claim to be of high intelligence, a deep degree of belief in the Supreme Power of God, ignoring This Gift of Divine Love that is constantly instructing mankind to be aware, to be conscious of what a Treasured Gift human life is, because it has a Goal that nothing else has.

The time 'now' is somewhat repetitive of the Time that a Holy Family walked the earth, because it is important for mankind to see the Generosity The Father so many times offers, to instruct millions of human beings on the Importance of human life and that it was created with Divine Love, with a Goal for it that nothing else has.

The world must know of This Miracle of Divine Love. As We speak today, We understand fully on how mankind resists what is important, because of so much distraction on worldly measures, pastimes, credentials and gain.

Today as I speak, it is important that All that has been delivered saturate the whole world, because there is no place that The Father is delivering so much Personal Love, Instruction, Direction, Hope.

No matter how an individual's intentions are directed to giving assistance to another individual mentally, physically, no individual is capable of What This Gift of The Father's Love is capable of doing, because humanism very often confuses an issue that is close to them or one they depend upon, thus most times ignoring that the human mind, intentions, do not fully understand that the Soul is the recipient of all an individual does, says, thinks, practices, and devotes all energies, moral and physical, on and to.

This Gift of Divine Love through *a small voice*, is instructing human beings of all natures, all cultures,

all mentalities, to be conscious of an Inner Light that they cannot see, they cannot feel, because this Form of Light is a Reflection of The Father's Love, called 'the Soul'. So be it."

SAINT JOAN OF ARC

“I am Saint Joan of Arc. The history of My life on earth has been written for many reasons. It is important that mankind fully understand the importance of fighting for what is right, what is moral, what is beneficial to the physical and the Spiritual of human life today, at this time in which millions of men, women and children are involved in so many different vocations of life; also, who are using immoral codes of ethics, practices, because of the humanism that they are subjected to, and are reluctant to give it up because it is satisfying to their moods and their weaknesses.

When the word ‘immorality’ is spoken, it is rarely seen for what it really means. It is rarely taken as being against sound values, sound standards, purity of the mind and the body. Mankind says, ‘These times are modern, these times are different.’ Perhaps those who say this are not just reluctant to see the value of morality, but are walking a tightrope that will

eventually cast them into Purgatory or even Hell. Too much leniency is being practiced in the guidance of the young. Mankind calls it 'modernization' in thinking and in values, due to the progress that mankind has been made available to all areas of life.

Today as I speak, it would be impossible for those who write What I say to fully comprehend the number of sins against the flesh that are being practiced at this very time. Mankind's liberalism is in so many ways destroying the Most Important Part of human life, because what humanism is doing is debasing in so many ways to what human life was created for, and that is to return the Soul to The Father at a given time.

Innately, human beings know that human life is superior to all other living things because of knowledge and sensitivity to what is right, what is wrong, what is practical, what is impractical, for the human flesh to be exposed to. Immorality is evident and yet it is acceptable, even though it is degrading to human life, because immorality automatically caters to what is demonic, using the flesh or the mentality to ignore the Soul that

is within each human life, that is a Portion of The Father that was given for a Specific Reason, making human life above all other creations and giving human life a Goal, to return to The Creator in a state that will give the Soul the opportunity to once again be close to The Father for All Eternity.

We speak constantly on the subjects that mankind can relate to and that mankind can understand, because it is important that at this time mankind see, feel, and desire to reach for Sainthood, through the Gift of human life that was given at a time when The Father Willed it to be. No human life is a mistake. God makes no mistakes, because in the conception of a human life He is present through the Soul that is placed at the moment of conception of a human life. The world must understand the Closeness God is to man. So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

The world has been saturated with so many items, situations, conditions, that are totally against what is morally sound for mankind of all ages, all degrees of intellect.

The Father has given to the world a Gift of His Divine Love, allowing and appointing Many Saints to speak Words of Direction, Confirmation, so that mankind can become more accustomed to understanding why The Father gave to mankind The Commandments to live by, in every practice, duty, performance, action of human life.

We hear some individuals say that they feel The Commandments are for those who lived before, and that the time in which they live The Commandments are not adaptable to their way of life. Of course, the decision is based on the conciseness in which they have learned The Father’s Commandments.

It is important that The Commandments be instructed in Their full measure, in what They fully mean regarding the importance of behavior, that mankind must understand as being recorded constantly. Men, women and children find human behavior, even when it is obscene, normal for them. They blame their background, their current situation, or situations that occurred, causing them to think differently regarding their moral practices.

It is sad for Me to say that there is very little thorough instruction for all ages, the very young, and those who have reached the adult stage, on the in-depth meaning of The Commandments of God that were deliberately given so that human life would be able to understand the importance of sound moral values, sound moral standards, and that These they would be Judged by at a given time.

Ask yourself: Would you question fifty people that you know well, on their explanation of The Commandments of God, and if they felt they were upholding Them according to the Law They were designed in, by, for? First of all, the one being questioned would

very possibly resist answering, saying that you were invading their privacy and insulting their moral code of ethics and practices.

The reason that The Beloved Son of The Father was given to the world in the manner and way that mankind could relate to, had a Great Importance to it. In allowing This to happen, it gave to mankind a Gift Greater than mankind has ever appreciated.

The Father formally gave to the world a Son in a human form so that mankind in general would understand a Relationship, a Closeness, not just depending on Stories from Heaven that they could not make a connection to. The physical family is far more important because mankind can relate to Our Heavenly Mother, The Father Who, in Essence, was Far Greater than the degree He was pronounced to be in the human form, because logic tells mankind He could not have been ordinary in structure, in design, but it was done this way in the History of The Holy Family so that mankind could relate to man in a position of protection.

Logic says The Son that was born had to be of Divine Will, Nature, because if This had not occurred as it is told that It had, mankind would have nothing to base the natural relationship between human life and Divine Love, Divine Nature.

The world many times has passed through ugliness of all kinds, and when this occurs in such an open manner, a Great Blessing is given to the world. In your time, the Blessing is obviously called *'The Miracle Of Saint Joseph'*, because through This Gift, so much has been instructed, encouraged, and put into writing, some would call it 'script', so that mankind would have Something to refer to again and again and again, because the written Word remains. Vocal instruction is many times forgotten immediately.

This Miracle of Divine Love has been given to enlighten mankind on the seriousness of every individual living human being, because human life has a Goal Greater than anything in the human way can offer, and the Goal is to return to God, the Soul that is instilled at the moment of all human conceptions, unseen but obviously and logically felt because of

the individual's ability to instinctively know what is right, what is wrong, what is moral, what is immoral.

During your lifetime there are so many attractive goals for individuals to reach for. This Miracle of The Father's Divine Love is saying to all of mankind, 'Return My Soul to Me, and you will be represented through It, by It, for All Eternity.' So be it."

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

The second Greatest Gift The Father has given to mankind is a Gift mankind depends upon every day. The Gift is the heart that beats, announcing to individuals the Gift of life.

The Greatest Gift of course is the Soul, unseen, never heard, but every human being is conscious of Something they have that is of Great Importance. The sensitivity of human life announces to individuals openly, that human life is the Greatest living creation The Father has given.

It is sad to hear so much desecration, degradation to human life, justified by individuals who are insensitive to the Importance of human life, and do not understand in any degree what a Treasured Gift of Divine Love human life has within it, concealed.

Children are not being instructed on the importance of truth and untruths, the Gift of understanding

what is moral, casting aside what is immoral. So little instruction is given on why mankind was created with so much, and so many areas in which a human being has talents, memory, intellect, and the productivity in so many ways, using the physical and the mental, engaging it in great projects that supersede all other living things.

Today as I speak, it is with a Love for The Divine, because mankind rarely thinks of The Divine as being in existence. There is so much emphasis on humanism, whether it is pure or impure, strong or weak.

Today as I speak, I speak with The Father's Will, because you do live in a time where immorality is prevalent in all ages of living human beings, and there is very little understanding of the importance of purity of mind and body because of the Soul, though unseen, is evident through the intellect, because the intellect says to every individual: 'Life is important, and I must understand that I have the ability, with my will, to do what is pure or act impurely. My will registers in every thought, every move, every interaction, and also through my intellect I am aware of being able to

make decisions, and to correct my actions when they are improperly used.'

This Message I give to you on this day must reach the very young, but also other ages, because the world is going through an immoral state of acceptance, justifying all that is impure in thoughts, words, practices, followings, and demonstrations of personal associations with other human beings.

As I close My Words, I close Them with a Blessing. It is important for mankind to fully understand that each human being has a Gift beyond all other living things, and that is to be able to choose purity over impurity, right over wrong, truth over untruth, justice over injustice, love over hate, 'Sainthood' over Purgatory or Hell. So be it."

SAINT JOACHIM

“I am Saint Joachim.

When a man, woman or child receives a gift from another individual, it is a communication of respect, love, or sometimes concern over an issue.

The world has for some time been receiving Gifts of Communication beyond any parallel of human communication. The Communication passing through This Gift of Divine Love is Superior and Supreme in every facet of Its Wording, Its Instructions, and Its Closeness to mankind.

It is difficult to understand such great resistance mentally, physically, to This Gift that is so obviously of Divine Origin, not human nature, human ability. We hear many discussions, rejecting the certainty of This Gift of Divine Love. We hear negativism, that in its very practice, obviously can be based on human jealousy, human fear, or a lack of Spiritual understanding of the closeness human life has to The Creator, to God Himself. We hear so

many argue points against the chance of such a Miracle as This.

All the negativism must not stand in the way of All that has been delivered, because it is The Father's Will that All the Words be passed through millions of minds of human beings. He does not expect every subject, every Direction to be remembered Word for Word, but He does expect and intend for mankind to see the Value of What is delivered, and that every living human being has a Contact with Him, within their being. They cannot see It, they cannot feel It, but logic commands them, demands them, to use the sensitivity of what is right, what is wrong, to feel in their intellects, in their ability to fear wrong, want right, that a Supreme Being is in Control and close to them.

The free will of human life is a Gift of Divine Love, the intellect of human life, a Gift of Divine Love. The mentality was given to give individuals the freedom of their wills to be able to do many things, to learn many things, and to use the talents, the senses, the mentality, to be higher than any other living thing created. The Object of what mankind is the custodian of is

Superior to all other living matter or things.

This Miracle of Divine Love that is handing to mankind, through *a human being*, so much Instruction, Direction, Attention, Interest, Help, Love, must be seen coming from an Ultimate Source of Being. All that has been delivered must be scattered throughout the world, no matter what rejections, no matter what obstinate opinions arise, because This Gift of Divine Love is for that Inner Being in human life that is a Portion of The Creator of All Things, and that must be properly displayed, described, and deliberately handed, whether It is rejected or not, because it is an obligation given to a handful of individuals to see that The Father's Will is obeyed abundantly. So be it."

MARCH 2, 1998 AT 1:45 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

This Special Gift of Communication that The Father has designed through *a human voice* is a Gift beyond human understanding, but a Gift of Ultimate Magnitude because of Its Divine Love that is obviously evident in All that is delivered through *one small voice*.

Mankind uses communication of sound, sound in words, directions, love, instructions. It is the greatest communication, because it in many ways can, through sound, be demonstrative or have clarity in meaning, in a quiet manner. Without communication of speech, actions, mankind would not be able to have an intellect that would be so beneficial in every facet of human life.

In the Creation of human life, The Father designed so many ways for mankind to feel the Importance of human life: the mind, the sight, the sensitivity of touch, of understanding communication in a verbal form, and the ability to know right over wrong,

truth over untruths, and understand mentally with a brain that would be able to be like a bank of knowledge, giving to an individual support on so many subjects, in so many areas of human adaptability to different ways, purposes, obligations, reasons and goals.

It is sad when We hear men, women and children abuse all that The Father has given internally, externally, because human life was created superior to all other creations, and was created to return a Portion of it at a given time, that would live on Forever. This very Fact should encourage all human beings to value human life, and to treat it with respect, and to use all the senses, its mentality, for a Goal beyond what human life has available until a given time, and that is to one day return a Portion of human life, the Soul, to The Father for All Eternity.

So much of All that has been delivered through this Specific, Special Gift of The Father's Love through *one voice*, is oftentimes not understood for the Greatness in the Value It is. It is important that All that has been delivered be given to all races, all colors, all creeds, for

the individuals to be able to read and to use whatever Portion they can, to help them more fully understand that human life is Greater than all other living matter or things.

There are so many so-called 'instructors' on what men, women and children should do, should accept. It is important to understand that a small number of this direction has in it a sound reasoning and meaning, but not all is valuable, because much is based on humanism, which automatically eliminates Divine Love, Reasoning, Purpose, Goal.

The world has been Blessed abundantly, and it is sad to hear so much rejection of Truths that basically are sound, reasonable, and should be accepted without question, because of the rational reasoning in each Thing. So Many of Us have spoken through This Gift of The Father's Love, through the acceptable, understandable, Beloved Name 'Saint Joseph', Who in reality is The Holy Spirit of The Creator of All Things. This should not be difficult for anyone to understand.

It is important that This Miracle that has delivered so much

Logic, Truths, Sound Direction and Instruction, that has never before been taught in the manner it is being done at this time, because The Father has Decreed 'this time' to be, so that mankind would feel more intimacy, more understanding of the closeness human life is and has, to The Creator.

When the word 'Creator' is mentioned, it is difficult for all degrees of Spiritual understanding to fully understand the Magnitude of The Creator of All Things. That is the Reason This *Miracle Of The Beloved Saint Joseph* was given to the world, with a Name that mankind could associate with The Father of The Son of God, The Spouse of The Mother of God. This was spoken in a manner that all ages, all degrees of Faith could relate to, could respond to, and could understand as having happened a long time ago, but at this time now, so much more has been delivered through *one small voice*, using the dedication and the Divine Love of Others to put in writing All the Revelings that give Strength, Love, Hope, Understanding of the closeness human life has with The Creator of All Things.

Logic should tell mankind that an Ultimate Power Exists, and that All Things are created by The Ultimate Power. Also, that human life was Blessed with ‘a freedom of a will’, because with the freedom of a will, it gave to mankind the abilities to see beyond what was available physically, morally, mentally, and this mankind must know is a Blessing of a Greater Degree than any other living thing or matter. So be it.”

MARCH 3, 1998 AT 1:08 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. For many years in the life of this *little one* through whom We All speak, Many of Us spoke without announcing Who We Were, but she would question Us in her own human way saying, ‘I know the thought is not mine, where did it come from?’

We All knew the time would be that We would begin to announce Who would be speaking, and We also knew that alone would be the basis of her happiness each time. We smile at many of her questions, because they are always pointed to the importance of What is spoken, and how can she be *the instrument* of giving the strength to individuals to fully understand that the real Message of Conversation is not from her or with her, but from One of Us from Here?

The world has been Blessed abundantly by so Many Who have spoken, deliberately instructing, encouraging all who were present, and

all who will read the Messages from Here.

It is sad when it is difficult to hear rejection of This Gift of Divine Love that is so Personal to all human beings from Heaven Above. There are so many men and women who doubt all things, and yet will accept many impractical ideas, ideals, because in some way they please them physically, mentally, or even support their personal moral views, intentions, practices that, in reality, are not truly pure in their full capacity or practice. Mankind has a way of justifying wrong, because of the free will that takes precedence over the importance of purity of mind, of body, and of Soul.

The Father has given to the world a Gift of His Divine Love, filled with Instructions that would not be difficult for any individual to practice, and to be example of. It is sadness when We hear rejection of All that Many Here with Me deliver for the benefit of the Souls of all human beings. It is important that though there is rejection of This Gift in which The Beloved Saint Joseph is The One Who is in charge of This Gift, mankind must refrain from doubt, and see

the Positive Enlightenment that is obvious, even to the least intelligent human being.

You live in a time wherein there is so much diabolical influence, and mankind is ignoring what a tragedy this is to their Soul, because you see, rarely does the enemy of God and man mention the Soul. He only mentions what appeases or pleases the human instincts, and mankind ignores the practicality, the reasonability, the importance of moral values, moral standards.

Children are not being instructed in the correct manner on the Importance of What they are the possessors of, and that is the Soul that will remain Forever. Humanism flourishes, only pleasing the enemy of God and man. This Miracle has been given to the world to encourage human beings to more fully understand that the Gift of human life had Reason, Purpose and Goal, because human life is the only Creation of The Father that has a Soul.

***The Miracle Of Saint Joseph* is Important in many, many ways, because It is a Miracle of Encouragement to**

men, women and children, to help them better understand and to more fully recognize that to be created as man is Special, is Important, and has a Goal. Human life instinctively reaches for success; then is it not natural for every living human being to recognize that human life, because of its intellect, its senses, its understanding of Spiritual intercession, gives to human life more than any other living matter or thing?

The Father gave to the world a Gift of Hope. It was not present in Its full measure before this time. Now there is so much diabolical intercession, doing many things to encourage human beings to not see what a Gift of Strength, Hope, Magnificence is being handed to them in script through the written Word. Many Blessings have been passed daily to those who see inwardly that human life has been Blessed, and that it has the Greatest Goal above and beyond all other living things, and that is to return the Soul to from Where It came, at a time Decreed by The Father to be. The birth of a child is the Presence of a Soul at the moment of conception. So be it.”

MARCH 4, 1998 AT 1:25 P.M.

SAINT JOHN VIANNEY

“I am Saint John Vianney.

The whole world of mankind is ever alert to men, women, and even children who are discussed or written about to be exceptional in some form, manner, matter, way. Sometimes it is because they are known in many circles of talents. Sometimes it is because they are excellent in how they portray a subject that others are interested in. Sometimes it is because they have chosen a vocation that has a distinction to it, that encourages others to look at them as not just being different, but having abilities that are beneficial to progress, to spirituality and to morality, in some form, some manner, some way.

The world has been Blessed with a Miracle that consistently and constantly allows Many Saints to speak. If the Messages were titled with and by what mankind terms ‘individuals who are interested in particular subjects, and are more adept at explaining the

subjects', this would be reasonable to understand.

There are Many of Us standing Here as I speak today. *The little one* through whom We speak is looking at Our Faces, and what it appears We are dressed in.

The Creation of human life had and has so many beautiful advantages, because in human life The Creator gave the abilities to give to human life vocations that had meaning. If mankind was created like all other living things, there would be no distinction between human life and animals, plus vegetation, and what man calls 'butterflies', 'ants', and numerous other such entities of life.

We hear so many discussions regarding This Gift of The Father's Love that has been given to the whole world, instructing on the Importance of human life being the 'ultimate creation' because of the Soul that is placed at the moment of conception. The Soul, as a Portion of The Creator, was given so that the individuals could return, through their Soul, to live with The Creator for All Time, and beyond human understanding of time.

Many Here with Me smile as *this child* speaks Our Words, because They are fully aware that the responsibilities are so numerous when Instruction is given on the Importance of That Portion of human life that is never seen, and few, if any, fully understand the Presence of this Entity at the moment, or since the moment of conception.

She watches Our Faces, and she is blinded by the Light around Each of Us. The Light is to close out her giving Individual attention, because in the human way it is natural to look for detail, and it is also natural under these circumstances, to desire to see clearly All Who are present.

I have spoken today so that you will understand more clearly that how you walk, how you live, is far more important than you realize, because as The Saints once walked the earth, they too had to be conscious, considerate, and aware that what they practiced, spoke, or instructed others about would leave a mark within the mind, attitudes, practices, that would affect the Souls of not just those present, but those who would be the beneficiaries of what they learned from them.

I cannot speak longer at this time, because *the little one* We All use is obviously beyond human exhaustion, but before I leave, Many of Us raise Our Hands in a Blessing. Our Words are speaking: Remember, you have been Blessed with a Soul. This Soul is a Portion of The Creator. This Soul is what made you a human being, and instilled in you the understanding that your birth was a Blessing because it had a Goal. This Goal was to return the Soul in the Beauty and the Light as It was first placed within your conception. So be it.”

MARCH 5, 1998 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

When man receives a gift from another individual and the gift is special, giving much pleasure to the one receiving it, it causes a bond between the giver and the receiver.

At ‘this time’ The Father has given to mankind a Gift beyond any gift man could give another man, a Gift of Instruction, a Gift of Love, a Gift of Hope, a Gift of Assurance that when the life man is used to changes, there is a Greater Life for everyone to become a Part of.

Individuals who do not believe in the logic that human life was created for a Great Purpose is always a sadness to Us, because logic says to mankind that as you look for success in life, it is innate in you; as you look for nicer belongings, personal in every way, it gives happiness to you, makes daily living more interesting, and in some ways you enjoy something that is obviously comfortable, or gives more visual pleasure.

Today as I speak, I speak with a deep Love for mankind, and to assure every man, woman and child that human life was created by Divine Love to eventually share with everyone a Place for All Time, through the Soul that was given at the moment of conception.

We hear many doubts about what a Soul is. A Soul is a Gift beyond human knowledge, because the Soul is What will remain from every human life for All Eternity. The Soul, as a Portion of The Father, is inconceivable to the mind of human beings, but logic says, as every human life cherishes what is good, what is beautiful, what is special, there is more to life than what is in evidence materially or physically.

The Father has given to the world of mankind a ‘special place’ through *a voice*, using *this voice* to speak All that He desires mankind to learn, to know about, and to understand that human life is Important and that it has a Future, that all things do not end when the heart stops, because this heart will shine in the Soul and be present when The Father is evidenced to It in Another Form, Another Way.

All of Us Saints could dictate continuously on what a Precious Gift human life is, and that it has a Goal Greater than mankind can conceive a goal to be. That is why This Miracle of Divine Love, through The Spirit of God, has dictated so much logical Truths to give Strength to all who will see what a Precious Gift human life is, because within it, it has a Portion unseen, yet is evident by the knowledge of an individual who knows right from wrong, good from evil.

I could speak hours on this subject, but mankind could only handle a Portion of this informative Lesson, because it is beyond what the human mind can conceive. Many Blessings pass through This Gift of The Father's Love, through so many Lessons through a Numerous Amount of Saints. No man has the knowledge to deliver what This Gift of Divine Love has given in such detail, such clarity, such Love. So be it."

MARCH 9, 1998 AT 1:43 P.M.

OUR LORD

“Mankind calls Me ‘Jesus’ because that was the Title I had when I walked upon the earth.

As it is now, it was then. Every man, woman and child had a name. There were only Two Who were fully aware of Who I Was, What I Was, and the Reason for which I was born as man. These Two were The Mother, and The Father was, as you have now learned, ‘The Holy Spirit’.

This Statement will be difficult for many so-called ‘learned’ men and women to accept in the Value It is, the Truth It is, because in human life mankind can mentally adjust to what is normal to their thinking, their practices, and how they see, know and understand lineage of human life to be.

It is important that This Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’, be spread throughout the world, because it is the first time in the History of human life that so much has been described in detail on

what human life consists of, and its Association with The Creator of All Things.

Logic should tell mankind that human imagination could not so intelligently deliver All that has been passed through *one small voice, one small child*, because human nature, human intelligence, human understanding, would be unable to conceive the Greatness in What has been delivered regarding the Importance of What human life is the custodian of.

It is easy for an instructor to say: 'There is a Heaven, a Purgatory and a Hell. It is important that you understand The Commandments of God.' These statements make a statement, but do not identify the importance of the statement, because human life, up to this time, has not been instructed in such a volume of ways on the Importance of the Soul that is instilled at every human conception.

We hear some individuals desperately deny that This Gift of Divine Love is All Truth. Why? Because in many men there is jealousy, and they become angry to have something openly spoken that they themselves

did not hear from what they would term 'a Higher Source'.

Today as I speak, I speak with a Deep Love for *the little one* through whom so much is delivered, but I also include in this Love, those who have encouraged their Faith to accept the logical answer to what differs human life from all other living things.

So much has been instructed in a deliberate manner, way, degree. Logic should say no human being would dare to even think of speaking as a Saint, so let it be obvious to those who feel learned on Spiritual matters, that they must recognize and then see the Value of Truth, the Importance of What is spoken, and use the logic in All that is new to them, and instruct others in a loving, understanding way.

So many Volumes have been written on the Importance of the Soul, and the responsibilities individuals have regarding this Soul. It is sad when We hear rejection, even total abandonment of the Knowledge that has been delivered, because they have not heard it or read it from a source they feel is ultimate in its knowledge.

Mankind should think about one thing: When The Son of God was very young, He was sent forth into many areas, instructing so-called 'learned men' on the Importance of human life. Today it is happening once again, through perhaps *a child* of different age, but Truth can never be denied, because of the Logic in It, the Value of It, the Purpose for It, and the Goal that is obvious in understanding that human life is more than flesh and blood, memory, or astuteness at understanding things. Human life has a Purpose and a Goal, because within each human being The Father instills at the moment of conception, a Portion of Himself, called 'the Soul'. So be it."

MARCH 10, 1998 AT 1:02 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. The Father Decreed This Time to be, because of the many Souls that would be subjected to false ideals.

It is sad for Me to speak today on this matter, because as I speak, I fear that My Message and the Other Messages that so Many from Here have spoken, will not be scattered throughout the world. If They are not, many Souls will be lost, because of the multitude of impurities that so many human beings are not just attracted to, but participants of.

So many times when One of Us Here speaks, We see the Words read, but We also see the lack of sincere understanding in the individuals who read each Word, and then are attracted to many ways, many areas, defaming, ridiculing, ignoring, the Importance of What they read to be from Here.

Children are not being instructed on the Importance of What human life contains. There is so much emphasis on worldliness, humanism,

participation in what is attractive to the physical, instead of understanding more about the Spiritual that every human being should automatically understand as the Most Important Area of life, because of the Soul they are responsible for.

Today as I speak, and My Eyes gaze on many areas, I see blasphemous acts against all that is pure, moral, and pleasing to The Father. Granted, everyone who reads Our Words does not have the background, the enthusiasm, the interest, or the desire to look into the Importance of What is delivered, because they have structured their thinking, their morals, their actions to what is acceptable humanistically, thus ignoring that they are the custodian of an Important Part of Divine Love, called 'the Soul'.

We hear much distress over an organ of the body being affected by something that creates pain, fear, but We rarely, if ever, hear an individual cry over an impurity that pleases only the enemy of God and man.

So much has been instructed through This Gift of The Father's Love, bearing the Name of a Beloved Portion

of The Father, 'The Holy Spirit'. This Title alone should encourage human beings to see that there is a constant, consistent Association of human life with The Divine.

Mankind brags about his or her mentality, physical abilities, and much pride is shown in what man calls 'achievement', even when the achievement can be attributed at a time when the individual was called 'lucky', and did not have the success because of his or her fairness or purity.

The world has been Blessed with This Gift of The Father's Personal Love. Any rejection of belief in It brings sadness to the Soul or Souls of those who deny This Gift, that at this time has a Value beyond what mankind knows value to be.

We see and hear individuals daily struggle for success in many areas of life. Oftentimes when they feel they have not reached it in the manner, way or degree they desired, they blaspheme or they fall into a manner of discouragement, saying that their actions were futile, why bother?

The human mind has many advantages for success, for prominence, but what so many forget is that as these things give strength, prestige, happiness in some way, some form, the Greatest Success for an individual to strive for is 'Sainthood'. We hear some say, 'I don't understand Sainthood; I never see Saints, I only see people,' and yet these very same ones who make such statements are not aware of what real success in life is all about, even where materialism is concerned, wealth, popularity, or becoming known by thousands or millions of people.

I speak today in a Love beyond what human life knows love to be, but the Love is a Lasting Love, and the Love of Strength, because My Words are to encourage every living human being to reach for that Possible Goal, without having to be famous in the eyes of mankind, and that Goal is to return to The Father, a Saint. So be it."

SAINT JOSAPHAT

“I am Saint Josaphat.

Though it is difficult for many human beings to fathom a Miracle of This Magnitude, This Grandeur, This Value, does not make It untrue.

We hear many discuss What is occurring, and they feel justified in encouraging others to ignore What The Father has Decreed for so Many Here to speak openly, instructively, giving Strength to the moral ethics, codes, practices of human beings.

At this moment I am aware of a discussion taking place. The discussion is clearly stated on both sides, and yet one of the individuals is grossly wrong, because they are encouraging a topic of discussion to be spread throughout the world that is spiritually unsound, unreasonable, openly denying that human life is created with a Portion of The Father, called ‘the Soul’.

Many times a battlefield is chosen between two countries, and the battlefield is expected to decide

who the conqueror is. Justice is not always the winner. Today you stand on 'a battlefield', and this battlefield is one on which and in which there is much diabolical intercession, interpretation, application, and total evil manipulation. On the other side is Justice, according to The Father's Commandments. There is truth, balance, courage, also obedience, because of the Soul that is given to human life, but is representative of a Higher Being, and a Higher Goal for human life to reach.

I know I speak in a manner different than Many you have heard before, but the time has come for mankind of all races, all colors, all creeds, to not just rationalize in a human way, but to balance what is just against what is unjust, what is pure against what is impure, what is Godlike against what is evil.

Today as I speak, I speak with a sincere effort, hoping that mankind will be awakened by This Miracle of Divine Love that faces obstacles every day, because of so many enemies that are being used by the enemy of God and man.

As I close My time with you, I warn you: ‘Many will deny This Gift of The Father’s Love, some out of jealousy, some out of a lack of understanding that to create All that there is, there has to be a Supreme Being, and The Supreme Being is The One that all living human beings must see as The One they should turn to under all circumstances, because human life was created for a Special Reason, and that was The Father’s Love and Will to share with a creation, Greater Things, a Greater Place, a Greater Goal.’ So be it.”

SAINT ANNE

“I am Saint Anne.

The world is in great turmoil, due to the fact that men, women and children avoid understanding the importance of a sound moral code of ethics in everything they say, they do, they practice, or they are example of. Many times We hear discussions that are based on what an individual determines, because the issue demonstrates his or her own understanding of what is ethical, what is logical, what is practical.

What children of all ages should be instructed upon is to base their values, their practices, their goals, on the importance of The Commandments of God. In doing this, all ages would find more strength in all decisions, but also would find that daily living would have a soundness in responsibilities, associations with others, also a contentment in their decisions on moral values, moral standards.

We hold *the little one* deeply. What I am about to say may be difficult

for some to accept, but it is important that I speak It, so when It is written, I can be sure that It will remain longer than if I just spoke It, and there was no means of confirmation of My Words.

There is too much laxness in moral ethics, moral standards, moral practices, moral obligations, moral understanding. The world is saturated with diabolical acceptances, and all ages of human beings ignore what is purity in their abilities to speak, to act, to communicate with others, thus allowing human life to be more consistent with what is impure, thus ignoring the Soul that every human being is the custodian of.

As We see many read the Revelations that pass through this *small voice*, We hear rejections of Our Wording, because individuals find it easier to reject what is morally sound; also, few individuals are consistently conscious of being the custodian of a Soul that they are responsible for, responsible to, because this Soul is truly a Part of The Creator of All that exists.

Mankind struggles to deny what is important. We hear many say, 'I

have a free will.' They should not deny they also have the responsibility to a Supreme Power in a human way. Man has been allowed to have situations in life that cause them to be responsible, accountable to an individual, or individuals. Then why cannot they see that this is but a manner of instructing human beings to more fully understand that this system of life had reason? In some ways it was a training period, allowing mankind to know, to understand, to accept, and to realize that human life had a pattern, and this pattern gave each one the logic of there being a Supreme Power that they would be responsible to.

So much has been instructed, and so much more yet to be, because of the Souls that are the recipients of all that men, women and children are accountable for in their way of life, because life in the human way has a Goal Superior to any goal an individual can desire to reach. So be it."

MARCH 16, 1998 AT 1:52 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. There are Many Saints standing Here with Me now. We are always present. As We listen to your discussions on how to aid others, prepare others to more fully understand the Importance of This Gift of Divine Love The Father has handed to man through His Holy Spirit, it must and will be obvious to millions of men, women and children at a given time, because All of the Words so Many from Here have delivered, must never be cast aside or be destroyed, because All of the Words have been given to mankind to instruct, to encourage, to develop, to aid, to ensure every human being of the Importance of human life, and that it has a Goal, no matter what race, color or creed an individual is born from.

We see so much diabolical pressure on individuals who feel they have, through their vocation of a religious source, diminished what human life was created for, and that each human life has a Goal, not always understood, but innately felt because

of the nature all human beings have, and that is to be successful, and to have a goal to look forward to.

We hear children wonder what life is all about. We see them misled by those older than they are, some their own age, and sometimes even some younger than they are.

This Miracle The Father has given to the world is a Miracle of Direction for the mental, the physical, and the Spiritual of every human life. As an individual accepts the personal reality that a Creator Exists, he or she has the responsibility to see that The Creator had a Purpose for his or her life, and this Purpose had a Goal that was above and beyond the natural aspects of life an individual partakes in, in living in the world, being a part of human mentality, nature, practices, and goals.

As I speak today, I speak in a manner that some who will read These Words will find of Great Value. Every One Who has before this time, and will again speak, uses a manner of subjects that will appeal to different individuals, thus allowing different natures, personalities, Spiritual under-

standing, to in some way be able to more readily understand what a Treasure human life is to man. If all things were said in the exact Wording, there is a possibility that the innate nature, character, understanding, beliefs, and human ideals, practices, goals, would be not acceptable.

This Miracle of Divine Love is a Gift beyond human understanding but, do not forget, mankind of all ages could not, does not, fully understand all the facets of human life that are available to them because of the Soul that is the recipient, and this Soul is the Greatest Portion of human life, because the Soul is What will be returned to The Father at a given time.

It is sad when We hear those in clerical garb or clerical writings speak only what they feel, understand or believe, in why human life was created, and that it is in so many ways the recipient of a Portion of The Creator that nothing else has. We hear arguments over many of the things We have already spoken. Many of the arguments are based only on humanistic values, interpretations, understandings, eliminating that human life, through intellect, through the

knowledge of right over wrong, truths over untruths, is instilled to a greater measure of knowledge, so many areas that cover the understanding that life in itself is Greater than any other living thing.

We also want mankind to know that the enemy is not just jealous of human life, nor just envious, but in many ways does many things to destroy moral concepts in which the Soul is the recipient, and constantly encourages what is so freely spoken as ‘freedom to do what an individual wants to do’, thus ignoring the Soul that has been instilled since the moment of conception. The Soul is a Gift from The Creator so that all human life has a continuous Connection to The Creator all through life, and after this life is over.

I bless all who will read What I have spoken, because as individuals read the Words that have been delivered through This Gift of The Father’s Love, Many of Us are present. No one is ever alone, because of the Soul that is ever in the Presence of The Father. This may be difficult for man to understand, but it is Truth. So be it.”

MARCH 18, 1998 AT 2:02 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. The Magnificent Beauty of This Gift of The Father’s Love is how He is allowing so Many Saints to speak, allowing Their Words to be written, but even Greater than this is that He Himself has spoken to mankind, allowing His Words to be written, plus the Divine Love of The Heavenly Mother Who so Graciously, Lovingly, speaks to all children of all ages, gently yet firmly, giving moral strength, mental strength, Spiritual strength, hope.

It is sad to hear negativism from those who speak against This Special Gift of Divine Love. Reasons for this response cast a shadow on those who make the response more than the subject they are speaking against, or belittling, or diminishing.

Children vary in ages. Some are very, very young, some are passing through years of more advanced learning, experiencing having to make decisions over what is right, what would be wrong for them. This Gift

of The Father's Love, with so much Instruction, through His allowing so Many of Us to speak in such a natural, personal, communicative way, should be seen for the Greatness It is, and never questioned through jealousies or immature doubts.

Whenever The Father has sent to the world a Miracle, it is a Blessing that is obvious, because however He declares the Blessing to be, whether It is verbal, or It is put into script, those who are the recipients of It should never deny What they have heard, or seen, and logic should tell them to respond to the Importance of the Message or Messages, because such Messages would not be the manner in which human life would be capable of delivering, because of the indepthness of Logic, Instruction and Love.

So Many of Us have spoken many, many times in a conversational way, not addressing the format with Our Name, and individuals listening or observing, We would see wondering how this conversation started. Many times, through the mentality of an individual, based on an individual's Faith in Divine Love, they are encouraged to speak openly on issues that are morally

sound, morally advantageous. Some individuals would say, 'I think I have done this at different times.'

It is important for mankind to know that the Soul that is instilled at the moment of conception has an Effect on the life of whom It is instilled, and this is important for mankind to know, that never is a human being without a Soul, never is a human being totally alone.

So much has been instructed on the Importance of human life, and the Goal for which it was created. At 'this time', in the time in which you live, The Father has given to the world a similar situation, as it was when The Son of God walked the earth. He taught, He instructed, because of the Souls that human life was responsible for. Today, now All of Heaven is speaking, because of the necessity for mankind to realize and to fully understand that human life has a Purpose, a Goal beyond all other living things.

As I hand you My Blessing, I hand you God's Love for each of you. So be it."

MARCH 19, 1998 AT 1:15 P.M.

PADRE PIO

“I am Padre Pio. I have been requested to speak, and I say it is a privilege for this time, because of This Great Miracle The Father has given to mankind, bearing the Name of a Beloved Saint, Who in reality was More than a Saint when He walked the earth as man.

Today as I speak, I speak with a deep Love for human life, because human life has the privilege for a Higher Goal because of the Soul that it is endowed with by The Father Himself.

Mankind has been Blessed abundantly through This Gift of The Father’s that bears the Name of His Holy Spirit. All that has been delivered, has been delivered to give to mankind not just more Knowledge, but to encourage human beings to fully understand that human life is the custodian of a Portion of Divine Life, Love, that is inconceivable to the human mind, but nevertheless, factual. At the moment of conception

the Soul is immediately placed within the conception, thus defining human life above all other forms of life.

As I have been given permission to speak, it is important for all men, women and children to fulfill The Father's Will, by understanding that they are the custodian of a Soul which is That Portion of them that will one day become 'a Saint', representing their time in life in the human form, a Goal all of mankind should reach for.

It is normal, it is natural for human life to not want to die. This Gift of The Father's, that The Beloved Saint Joseph is being Honored, is the Connection of God's Love to the world of mankind, addressing the Fact that human life is Special, and has a Goal that nothing else has.

As I send My Blessing, I send My Love, because as I walked the earth, I was in many ways rejected because of the manner in which I was used by The Father, for reasons that seemed difficult for some to understand, and yet each day, each act was for the benefit of the Salvation of Souls.

It is sad to hear criticism by those who just understand what is termed

‘book learning’. There is a Higher learning available, and this is through a Miracle such as This One is, in which so much is instructed, described, instilled in detail by so Many Who have walked the path of human life.

I bless you with a Blessing you will understand I used when I was on the earth as you: *In Nomine Patris, Filii, Spiritus Sancti. Amen.*”

MARCH 19, 1998 AT 2:41 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. Today as I speak, I speak with a Deep Love for all those who honor Me in ways of respect, and also those who request My Attention to a need, personal or otherwise.

The world has been Blessed in an Ultimate Way through This Gift of The Father’s, because so much Instruction, Direction, has been delivered through so Many Saints; also, through The Heavenly Father, The Beloved Heavenly Mother, and Others Who see the necessity to deliver to mankind the Importance of human life, and the Goal for which it has been created.

When We hear derogatory remarks, acts of condemnation against This Gift, there is a sadness Here, because actions such as these diminish the Faith of those who sometimes are easily convinced when there is a negative approach.

Today as I speak, I speak with a Love beyond human love, and I speak with a Divine Wish that all who read

What has already been delivered will see the Value in It, the Purpose for It, and It will give them Strength to treasure the Soul within them, helping them to ignore any desecration that could in some way harm the Soul that is, in reality, a Portion of The Creator, given at the moment of conception.

We hear so many doubts about the Importance of human life; also, We see so many individuals practice offenses that please only the enemy of God and man. This Gift of Divine Love, of Instruction, is a Gift The Father designed at this time in which you live, because of the necessity for all of mankind, all races, all colors, all creeds, to be informed, enlightened on the Importance of human life, and the Goal for which it was created.

Granted, it is difficult to understand a life to continue in Another Form, Another Way, Higher than what human life is like, but mankind must understand that everything that is created has reason, purpose, and in many ways there is a need for it, but human life has a Goal, and that is to return to The Father the Soul that is That Portion of Him, to be with Him Forever.

It is sad when We hear rejection or any foul interpretation of What is delivered through This Gift of The Father's Love for His Creation that in many ways is endowed with intellect, special abilities, a free will, and a mind to be able to make decisions on many issues; plus, to help an individual develop talents that give pleasure to life, give reason and hope.

As I speak today, I speak with a Love beyond human love, but I also speak to those who are in service to My Way, and I say, 'Each time you act in a manner, a degree that is pure, remember, it is recorded in your Soul for all time, and one day it will be opened, and you will see what you have recorded in your lifetime in the human way.' So be it."

MARCH 20, 1998 AT 2:13 P.M.

THE SACRED HEART

“I am The Sacred Heart. A heart says to mankind love, action, hope, closeness, life. A heart speaks in words and ways that oftentimes an intellect cannot speak, because the words are difficult to express the same way the heart speaks with love, hope, courage, life.

This Gift of The Father’s Love each day beats with the Love of His Heart, because of the necessity for all of mankind to know that each day of his or her life they are in close contact with God Himself because of the Soul presented to them, instilled in them, at the moment of conception.

We hear some say: ‘What is a Soul? I cannot see It, I cannot feel It. I have no concept of what to picture It like or as.’ The Soul is, in many ways, a Gift of Divine Light, a Gift that draws an individual to The Creator in a way, in a manner, in a degree that allows human life to understand goodness over evil, morality over immorality,

truth over untruth, right over what could be deceitful, evil.

This Miracle of Divine Love that has the Title of The Beloved Saint Joseph, is in reality a Gift of The Holy Spirit, because It hands to all who hear of It, read about It, partake in It, a greater understanding of the Purpose of human life, the Goal for human life, and what a Precious Gift human life is, because it is the only living matter created that bears a Portion of The Father within it.

You walk in a world with so many different degrees of humanity, colors, backgrounds. This list is endless, but no human being is not the recipient of a Soul. That is why, when one person, man or woman, looks at another one, there is an immediate communication because of the structure and because of the senses that are available to see and communicate with: a sense of speech, sight, sound, smell, touch; communicate.

We hear so many who question a Great Miracle of This Dimension. Their questioning is only many times to feed their own egos, or their own inabilities to conceive such a Gift of

Divine Love that draws together in a close union, human life with The Divine.

This Gift of Divine Love, called *'The Miracle Of Saint Joseph'*, perhaps is criticized by those who feel that they have theological knowledge that, to them, denies such a Happening, but what they are omitting is that in their lack of understanding, they are robbing themselves of enjoying learning, and being able to value more What they have within themselves that is an Instant Communicator to The Creator, and of course, That is their Soul that they cannot see, they cannot feel, and many would deny they have It, because they would say, 'If It is there, I should be aware of It, conscious of Its Presence.' This, of course, is just human rationalization, based on a lack of understanding that everything in the body, in the mind, is not physically felt, but is present because of the necessity for it, for life to exist.

The Father has given to the world a Miracle of Divine Love, but a Miracle that has so generously enlightened mankind on the Importance of human

life, and the closeness it has with The Divine.

We hear men, women and children shout when they recognize some unusual occurrence that gives them information of some sort that pleases them. What This Miracle of Divine Love has given to the world of mankind is the Greatest Gift of Divine Love that mankind could ever have, and that is to tell each one that they have a Portion of God within them. It is called 'a Soul'. So be it."

MARCH 20, 1998 AT 3:50 P.M.

SAINT PHILOMENA

“I am Saint Philomena. It is indeed a Gift of Divine Love to Me, allowing Me to speak to those who are yet walking in the human way.

There is so much for mankind to understand about what a Precious Gift human life is for man. Rarely is it thought about for the Greatness it is, because in human life there is a Divine Will constantly present. Mankind is born with the knowledge of right from wrong, good from evil, truth from untruth. Mankind is Blessed with a sense of judgment, with a conscience, so that decisions should be moral, never immoral; pure, not impure, just over injustice.

Children are not being instructed in a manner or a way that they can fully understand about human life, and all the Blessings that have been bestowed upon it through the human ability of the mind, and the capabilities in the arms, the hands, the legs, the feet; also, to understand that all these things radiate from the beat of their

heart, plus their mentality to use these things the proper way for the purposes at hand.

We see small children not being instructed in a detailed formal way. This many times allows the individual or individuals to practice actions, movements harmful to them or to others. Man was born with an intellect, the ability to learn many things. Without this Gift mankind would be without action, without purpose, because mankind has been given talents and the abilities to use these talents in many ways. Talents are a Blessing when they are practiced for what is good, proper, beneficial.

When The Son of The Father walked the earth, many of His Teachings were instructing those much older than He on the importance of the abilities of human life, the Purpose for human life, and of course, the Goal. Time gives to mankind many chances to develop in many areas of life; also, a chance to more fully understand the importance of justice over injustice, and to practice being example, because of the Soul that each human being has, that no other matter or thing is the custodian of.

The world has been taught for a long time through This Miracle of The Father's Love, so many simple, understandable Reasonings why mankind should seek purity over impurity, love over hate, justice over injustice, and recognize that human life has a Goal Greater than what man experiences in the human way. Without this Goal, there would be no need for pure reasoning, or acknowledging right over wrong.

Through This Miracle of Divine Love, The Father has allowed so Many of Us to speak in an instructive way, always with much Love in It, basically His Love, because you live at a time that there is much impurity, immorality being practiced, totally ignoring that human life was born to have dignity, and also a Goal. We see men and women ignore a pure thought, and justify rash impurities. This is always a sadness, because the victim of these things is always the Soul.

I am grateful for this time to speak These Words, because All of The Saints gather around This Miracle of Divine Love, and desire It to be spread throughout the world so that mankind will not accept immorality, impurities,

and always make decisions pleasing to God. So be it.”

MARCH 23, 1998 AT 1:44 P.M.

THE SACRED HEART

“I am The Second Person of The Holy Trinity. I am The Heart that bleeds, showing to mankind the importance of purity each one must have mentally, physically, spiritually, morally.

There are many throughout the world who scoff at This Miracle of My Divine Love, because they feel that an Occurrence such as This could not be at this time, but it is understandable to them that perhaps previously, a long time ago, it was feasible.

When I see a picture of My Sacred Heart placed in an open way for others to feel the Importance, and thus, then give attention to how they act, how they pray, because My Heart oftentimes alerts men, women and children to the Fact that, though I am Divine, I walked the human role so that mankind could associate physically with Me, in a form, a manner, and a degree that the human mind can openly see a human Portion of Me, closely associated to every human being.

As The Father has Decreed This Miracle of Love to be, It is a Miracle of Strength, morally, physically. It instructs mankind of all ages, all degrees of intellect, to more fully understand that human life is above all other living things, because human life is the possessor of a Soul, a Portion of The Creator of All Things.

We hear much dilemma over a Soul, over the idea of everyone having a Soul that they cannot see, cannot feel, cannot talk to, so they think, but the Soul in every human being is a Communicator of Divine Love with human behavior, human love. Without a Soul, there would be no sensitive reality to there being a Creator of All Things.

The world has been Blessed through This Miracle that bears the Name of The Beloved Saint Joseph. The Miracle was given This Name to draw mankind of all races, all colors, all creeds, to what they could associate a Miracle of This Dimension to what they could understand was once 'a human being'. Mankind cannot fathom the Magnitude of This Gift of Divine Love, This Miracle that constantly instructs all ages.

It is sad to see those denying themselves reading What We deliver, because they resist for some personal indifference or a lack of Faith, What would help them individually, more fully understand what a Close Association God is to man. Without a Soul, mankind would be like all other living matter, but the Soul is the Protector, the Guide, the Instructor, the Connection between human life and The Creator.

The Soul is never seen, but It is evident in many ways, because the Soul makes a human being conscious of right over wrong, what is moral over what is immoral, what is kind over what is a lack of kindness, what is pure over what is impure. All these things have a particular association and connection to the human ability to think, to respond, to learn, to act, to associate.

As I speak on this day at this time, when throughout the world there is so much diabolical practice, involvement, destroying the purity of so many lives of men, women and children, plus affecting the Souls in a manner, in a way that diminishes in the individual the understanding that

human life is the closest Creation to Divine Life ever created, I bless those who try to understand the Importance of human life, what a Treasure it is, because it has a Goal, and in this Goal there is a continuous Life waiting for the Soul of the individual, individuals that understand the importance of obedience to God, and protecting their Soul from any sort of evil dimension. So be it.”

MARCH 26, 1998 AT 2:00 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

It is important that All that has been delivered through This Precious Gift of Divine Love, be delivered in a manner representing to all who receive It, the Importance of the Content, because of the Souls of millions and millions of people throughout the world.

As We watch individuals read the Words new to them, and yet familiar to them, especially when they have the Gift of Faith in The Creator, it is necessary for mankind to become a part of This Precious Gift, because it is a Time Important to the lives of all races, all colors, all creeds of human life. At no other time in the History of the Creation of human life has there been so much Direction verbally given, and then requested to be put into script so that the Words would not be forgotten.

We hear men and some women disagree with some of the important Facts, but as it has been said before,

the human mind cannot always absorb to the fullest degree, the Exactness, the Importance, the Value of a subject of This Greatness, because the human intellect that practices instruction to others, would not have the capacity of being able to deliver such Words of Knowledge that in reality can only pertain, or be contained through the Soul in Its Union with The Saints, and of course, with The Father.

Children are not being instructed on the Importance of human life. So many are being ignored, because others feel they will not understand that human life, as an Important Creation, has a Goal that nothing else has. Mutilation of the body is a sadness. To see corruption of the mind is oftentimes in Our sight, solely the work of the enemy of God and man.

Today as I speak, I speak with a sincere Love for human life, because human life has various duties, but also, has an Ultimate Goal, and that is to return to The Father that Portion of Him, named 'the Soul'.

We hear learned men and women say to each other: 'I cannot comprehend what a Soul could

possibly be for. If It was Important, why couldn't I see It, why couldn't I feel It? I do all other parts of me.' This statement, of course, is obviously the statement of an individual that truly does not understand that until a portion of the body has a hurt, a pain, or a definite blow of some sort, the individual is not conscious of that portion. The Soul is a Living Portion within human life, and the Soul, as It is a Portion of The Father, also gives to human life responsibility, and yes, a definite Union that an individual feels an inner strength from, indescribable.

The world has been Blessed in many ways by This Gift of The Father's Love, This Miracle of His Divine Love. It has alerted mankind to a Portion of life, a Gift to human life that there was little awareness of before 'this time'. Some people attributed it to their feeling of knowledge of right and wrong, strictly with their mentality or the mood they were in, or the circumstances in which they were a part of.

Today as I speak, I speak with a Divine Love, Divine Hope, and My Words are to give Divine Courage, because you see, human life is Special,

and through human life mankind is joined with The Creator of All Things.

Children must be instructed, become aware that they have responsibilities, not just for the life they feel, but for the Soul that is to return to The Father at a given time, hopefully in a State of Purity, because all actions, all thoughts, all intentions reflect in the Soul and remain forever. So be it.”

MARCH 30, 1998 AT 1:40 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. There are always so Many Saints gathered around This Gift, because of the Importance of This Gift of Communication that is so direct, and so clearly stated on Facts that mankind is not familiar with, because it is not a human instinct or understanding to be mindful of such a Closeness to The Creator, The Father.

The world has been Blessed abundantly through This Gift that is so easily rejected, because it is difficult for human beings to fully understand a Closeness of Communication that is impossible to hear, impossible to fathom, because of the human mind’s lack of understanding that human life individually is the custodian of a Soul. The Soul, as a Portion of The Creator, It is in every instance of human life, present to absorb, to help, and to encourage through the moral values, moral standards of human beings that nothing else created has.

This Gift of instructing on so many areas of the human life's Connection to Divine Love is not seen for the Magnitude that It is. Every human being should ask himself or herself why they were given the ability to know right over wrong, good over evil, purity over impurity. These areas of understanding are connected to every avenue, every feature of human life.

Around the world there are many men, women and children who need to know their closeness to The Creator, because it has an advantage for them morally, physically, psychologically, spiritually. We hear so many say: 'This would take the knowledge of so many languages. We don't have it.' True, but it can be eventually spread when the attraction to This Miracle becomes adapted to all manner of background, no matter what part of the world an individual is from.

We see men, women and children accepting so many radical ideas, ideals, practices, that logically could not be for the good of the physical, the mental, the moral, or the Spiritual of any age of life. Mankind was created for the Highest Goal, over and above

anything else created, and that Goal is to return to The Creator, That Portion of The Creator called 'the Soul'.

In historical writings much was omitted because of the lack of knowledge in being able to put into script what was being taught, what was so understandable to believe by those who had the knowledge, and those who were closely connected in some form mentally, with The Creator. We hear some say: 'Who is The Creator? They say It is God, but we never see Him, we never hear Him. Then is it not hearsay He Exists?' This, of course, is nothing but resisting, rejecting the importance of sound reasoning, sound facts, responsibilities.

It is important that This Gift of The Father's Love, This Miracle of Instruction be spread throughout the world. The Words must never stop where They are delivered, because it would rob so many of the awareness that is important to their Souls, in such obvious, deliberate Knowledge of Sound Faith that passes through This Gift of The Father's Love: Faith in how The Father would reach mankind, Faith in the Purpose for human life, and Faith in the Fact that there is

a Goal for human life to arrive at, because human life is the only creation that has so many abilities, so much understanding regarding sound moral values, sound moral standards, and that there is more to human life than what occurs in the daily way of living.

It is a natural drive for human beings to be successful in many forms of life. It is instinctive in human beings to want the most, the best. The Father, in His Love for human life, has given to mankind a Miracle of Divine Love, using His Spirit to reach mankind in a written form, but Everything delivered is to strengthen, to encourage, to embellish the Spiritual Faith, Understanding, and Goal, that nothing else has the ability to do.

I bless you with a Mother's Love, a Mother's Hope, and I beseech you to share what you know will help the Souls of millions of others who, without It, will be lost, or deprived of the Knowledge that has been delivered at this time, making you the recipients of It so that others will, in many ways, better understand that the Purpose of human life is to return the Soul to The Father, representing the individual in

whom It was given at the moment of his or her conception. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is a tremendous current throughout the world of misconception regarding Spiritual understanding. It is important that mankind recognize and understand that Spiritual practices have a pattern that is logical, necessary, and understandable. Mankind should begin with questioning himself or herself: Who created the universe? Logic says no human being did, or could ever be capable of such an ultimate goal, force, source, place.

Throughout the world We hear men, women and children discussing the legalities, the importance, the necessity of Spiritual growth, Spiritual understanding, Spiritual goals. There are many, many misconceptions regarding what is moral, what is immoral, what is logical in human behavior, because human life, being different than all other living things, logically has a Goal beyond what other life has.

The Purpose of This Gift of Divine Love, This Miracle in which, through which so Many of Us speak, has an Importance to every life, no matter what culture, color, or creed. Human life has a Soul, and this Soul is the recipient of all an individual thinks, speaks, practices, partakes in.

It is important that mankind understand that This Time in the History of mankind, The Father has given to the world a Gift Greater than any time before, except of course when The Son walked the Earth, instructing in a Personal Way the Magnitude of Who Created All Things, and why mankind in the human form, was the closest creation to God, because of the Soul that each living human being is given at the moment of conception.

As We hear so many question in a negative format, a Miracle of This Magnitude, We want This Gift of Divine Love to be spread in all tongues of speech, even when It is rejected, because one Soul, as a Portion of The Creator, must be helped to be returned to Him at a given time, in a Pure State of Light. Mankind looks for light, sometimes sunlight, sometimes a form of light that is created by mankind,

because it gives hope, strength, comfort.

Today as I speak, I speak with a Purpose, a Request for This Gift of Hope to be passed throughout the world. Mankind must understand why there have been so many different Revelations from so Many of Us Here. The Reason of course being, that in the different presentations of the same subject matter, it will be helpful to all types of individuals because of backgrounds, degrees of intellect, and that internal understanding, that logic says there is a Greater Creator than mankind has available in sight, and This Creator is The One to Whom all Souls must return, because each Soul is connected to His Light. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is sad to see so many organizations throughout the world based on theory, totally humanistic, avoiding, resisting, declining Who they should look to for advice, protection.

You live in a time worse than Sodom and Gomorrah. This Statement has been frequently spoken by One of Us Here, because of mankind ignoring the fact, the situation, the practices that are so indifferent to what mankind should follow, such as The Commandments of God, and ignore totally such vulnerability to what the enemy of God encourages, offers, and constantly plagues mankind with desertion of These Commandments.

We hear general conversations on what is moral, what is immoral, and it is always amazing to hear the differences in opinion, and of course, the acceptances of immorality, because it is human to practice, because of the necessity to belong to a culture that such a practice is acceptable in.

Today as I speak, it is with great concern, because each day for a very long time, years in fact, mankind has been accepting, adjusting, and openly participating in more of satanic practices, ignoring morality, purity of mind and body, for the sake of the Soul. We hear some say: 'Times have changed, people are different. We live in a modern age.' The word 'modern' has nothing to do with the purpose, the reason, the practice of every individual following The Commandments of The Father to the minutest detail.

There are several Commandments totally ignored, multiple excuses for this. One of course, is: *I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.* There are numerous strange gods, all favoring humanism of the mind, the body, desecrating the Soul unmercifully.

Another Commandment: *Thou Shalt Not Commit Adultery.* This word is being totally ignored. It is thought of as being for another time in History, but this must not remain the way mankind is practicing this sin that lowers the standards of the mind, the body, abusing the Soul in a formal fashion of disgrace.

I could go on and on, taking each Commandment, and discuss what and how it is being ignored, or excuses made to disobey it because of the time. The time is only measured by the year, and of course, the so-called ‘updating educationally’ that mankind places much emphasis on.

Men, women and children fear disasters that affect the physical. We hear them cry out for safety, but rarely do We hear a cry for help morally. So much is taken for granted, so much acceptable, totally ignoring that within each human life there is a Portion of God placed at the moment of conception, giving to human life the reasonability that this form of life is different than any other living thing or matter, because this form of life has the ability to learn extensively on many issues, many subjects; also, has the ability to see what is pure, what is impure, what is right, what is wrong, what is vile, for the body, the mind of one’s self or someone with whom they are present.

We hear so much disagreement against This Gift of The Father’s Love that bears the Name of The Beloved Saint Joseph, Who in reality

is The Holy Spirit, The Giver of Life to human life. It is important for mankind to stop for one moment and question himself or herself on what they practice that is pleasing, what is moral, what they would say to God Face to face at a moment's notice.

Many Blessings have been passed on to mankind through so much Personal Instruction; first, through a *voice*, then through the written Word, writing What *the voice* delivered. No Better Instruction, no Greater Love could men, women and children of all degrees of intelligence receive in such a loving manner, in such a short period of time. So be it.”

GOD THE FATHER

“A *child* of years has much Responsibility to accomplish My Will for mankind. Throughout the world doubts are superseded by envy of thousands who desire to serve Me, but what they do not recognize is that My Will cannot be tampered with through their jealousies, temptations, arrogance, and lack of Faith in Who I Am, What I Am.

I have handed to the world a Gift Greater than any gift mankind can accomplish, receive or design. My Will must be accomplished as I Will it to be, and the weaknesses of envy, hate, jealousy, must be cast aside because of the Souls that are being lost through this egotism that is damaging to the purity of Souls.

When I gave My Commandments, I gave Them to guide mankind, to instruct mankind in how I wanted mankind to live, because of the Soul that is a Portion of Me in each human life I create through My Order of Creation.

It is important that This Miracle of My Divine Love, This Gift of Hope, Instruction, penetrate the whole world, all languages, all colors, all creeds. I use *one voice*. As I have in the past done it this way, I do it again, because *one voice* to be heard in My Way, with My Words, allows little distraction to the repetitiveness in how I instruct, teach human beings.

My Love in This Miracle is a Greater Love than mankind can conceive, but My Words are handed to mankind through *one* in whom they can associate, because it is easier for mankind to understand, rather than to have it done or accomplished in another way. My Love passes through this *little one*, and It is a Love different than mankind knows a love to be. Nothing is to distract This Love of Mine or be misconstrued as not being factual.

Mankind, in trying to ignore This Great Gift I have given, tries to refuse all the Instructions, but I come today with an Important Message: My Will Must Be Done, My Rules Must Be Followed, because of the Portion of Me that every living human being

is responsible for: the Soul that is a Portion of Me.

I do not close this with the words ‘So be it,’ because those words to mankind, appear as though it is the end of how I want man to be, or how I feel towards this Creation of Mine.

As the Soul of every living human being is a Portion of Me, I am always a Portion of every human being. So be it.”

APRIL 6, 1998 AT 1:48 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. It is important that This Gift that bears My Name spread to all areas of the world. There are men, women and children hungering for Truths, Facts, and how to accept what is morally sound, casting out all that is detrimental to the Soul.

The world has been Blessed by This Miracle of The Father’s Love. I know it is difficult for so-called ‘learned’ men and women to accept, to believe that I, as The Foster Father of The Son of God, logically took this role because it was the most natural place for The Protector of These Two to be evident in a human role. Without My Presence, They would have been victimized unmercifully by those who at that time were not just impure, but scandalously evil in their moral values, moral standards, moral views, moral acceptances.

The hierarchy of the governments during those times were not men that believed in sound moral values,

sound moral standards. They believed they had the power to address every situation on their own terms, pleasing them, and them alone. Brutality was rampant, physical abuse in many forms, respect for other human beings was not always what occurred.

Since The Father Decreed This Gift bearing My Name, to be a continuous Gift of Instruction, Direction, helping all human beings, all races, all colors, all creeds, to readily accept that human life was more Special than any other living thing, because in the Creation of human life, The Father placed within this Creation a Portion of Himself, giving a Greater Dimension of mentality, understanding, sensitivity, knowledge, wisdom, and many other manner of individuals being able to see right over wrong, good over evil.

Granted, there are so many through time who have deliberately denied their responsibilities to the Soul that they were given at the moment of their conception. Innately, human life knows that there is more than the physical, the mental, but so many try to ignore this Fact, thus allowing the enemy of God and man

to interfere and cause them to act impurely, unjustly.

There is so much to the History of mankind, and not all has been revealed through time. Many times individuals who were in charge of large armies, large groups, used demonic pleasure against the individuals, thus encouraging others to ignore purity of the mind, the body, and the Soul, and to practice only impurities and desecration to all moral values, moral standards.

I repeat: The world has been Blessed by This Gift of The Father's Love, for as I stood in the world as Husband and Father, I too was as They, from Another World, but Our personal human appearance allowed mankind to see many areas of human life that were to be honored, respected, not ignored or desecrated.

As the Birth of Our Son appeared a natural thing, it was the Most Important Occurrence that mankind could have received, because through It, in His growing years, He taught men of all different degrees of intelligence why human life was created, and the Goal for which it was intended.

In handing to the world This Miracle that bears My Name, The Father has given a Gift beyond what a gift could ever be, and that Gift is in the Instruction, in the Explanation, in the Personal time that Each Saint has been allowed to speak, and allowed It to be written, giving to all of mankind the Reason for which human life was created, and also enlightening mankind on that Precious Gift that each human being is the bearer of, called 'the Soul', that is a Portion of The Father that mankind cannot see, cannot feel, but It is constantly a Gift of Awareness to what is right, what is wrong, what is pure, what is impure, in the thoughts, the actions, the decisions, the goals.

***A small voice* delivers What We Will it to be delivered, but the Magnitude behind *this voice* is One Alone. So be it."**

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure. Many of Us are present where This Gift of The Father’s is present, because you see, He allows Us, instructs Us, permits Us to speak on subject matter that will help, will aid, will give strength to men, women and children of all ages, all cultures.

There is no place in the world that so much Instruction is being directed to mankind, making mankind aware of That Portion within each human being that is also a Portion of The Father, called ‘a Soul’. This Gift The Father has given to mankind is a Gift beyond human understanding, and mankind must understand that This Gift is to help individuals of all races, all colors, all creeds, recognize and more fully understand what a Precious Gift human life is to man.

A Blessing of This Greatness, instructing all ages to more fully understand that human life has a Goal that no other living thing has, but with this Goal there is responsibility

based on Divine Love, called 'the Soul'. For some who hear These Words, they cannot comprehend such a close union with The Divine that mankind has. That is why This Gift of Divine Love, a Gift of Instruction, Direction, Personally delivered, is to help every human being from this time on, to recognize, to appreciate, and to care for That Portion of them that is Special, and is Personal, and no other living matter or thing has this Special Gift called 'the Soul'.

We hear many times, doubts regarding This Gift of The Father's Love that The Beloved Holy Saint Joseph is responsible for, The Giver of, for as He is The Holy Spirit of The Creator, He is The Protector of all human life, that before this time was not announced in its full measure, but at 'this time' The Father has directed Many of Us to speak openly, and yet concisely, so that mankind would be given Lesson after Lesson after Lesson on the Importance of the responsibility that human life is given at the moment of his or her conception.

If mankind did not have the ability to understand morality over immorality, truth over untruth, justice

over injustice, then why would human life be Blessed with a conscience, and the understanding of what is moral, what is immoral, what is just, what is unjust? It is innate in human life to feel what is good, what is wrong, what is safe, what is unsafe. Also, hope is an important part of human life. The lack of it causes the individual not just sadness, but confusion.

This Miracle of The Father's Love, called '*The Miracle Of Saint Joseph*', is to give to all races, all colors, all creeds, the Foundation to base daily living on, and also to recognize instantly what the proper moral action should be. The Commandments of God, though They are concise, were not given in this conciseness. The manner in which They were given was lengthy, because each one covers so many areas that the human mind is capable of practicing, becoming a part of, standing up for, being example of.

Purity of the mind is a logical factor to human life, but so many times an individual ignores what is logical, and acts in an opposite formula of thinking, either to please someone else, or just rejecting what he or she logically knows is an important issue

and should be handled in the proper way; that is, according to how The Father would want it done, for the good of the Soul that is the recipient of all an individual partakes in, decides upon, practices, and/or is example of.

In one's examination of conscience, there is a simple format to follow, and that is to ask oneself: 'If I were to face The Father suddenly, would I be able to face Him, knowing that I was standing in a pure state, and that He would be pleased with what He saw in my Soul at that moment? Would He pronounce me at that moment, a Saint?'"

SAINT CYPRIAN

“I am Saint Cyprian.

The Father has given a Miracle to the whole world. No human being, of any culture, should be omitted from learning All that has and is being delivered through This Gift of Divine Love.

There are so few human beings throughout the world that fully comprehend what a Precious Gift human life is, because they are not aware of the Gift The Father gave only to human life, was a Portion of Himself that must and is expected to be returned to Him. We see all cultures of human life treasure an animal. This is good, but many times these very same people are careless about how they speak, how they act, oftentimes refusing to believe or to understand that human life has a Higher Status, a Greater Goal than all other living things or matter.

The Father has given to the world This Gift of His Love, called ‘a Miracle of Instruction’, using so Many Saints

Here in the Heavens to participate in encouraging human beings to more fully understand that they have the responsibility greater than all other things, because within them they have a Portion of The Father, called 'the Soul'. Human life was created with not just instincts, but knowledge, understanding, and the ability to learn facts that nothing else has to lean upon, to learn from, and to be able to make decisions with.

So Many have been instructed to speak, encouraging mankind at this time to fully realize the Importance of human life, and the Gift of Divine Love that is within it, because This Portion, unseen, is evident in what mankind understands is purity over impurity, right over wrong, good over evil, hope over despair, and yes, love over hate.

It is sad to see so many, all ages, not even try to value human life, because of what it is, what it stands for, and the Importance of it. Children are not being instructed on what is morally sound, valuable, and innate in human life. The enemy of God and man works diligently to persuade all ages to ignore a Greater Goal, a greater

understanding of what is pure over impure, what is just over injustice.

There have been many 'individuals' before this time, chosen to speak in a manner such as We speak. All had particular reasons, and of course, Purpose for the Blessing that was to be used for the benefit of not just many people, but millions of people; not just one area of location, but for the whole world.

We hear so many use the excuse called 'the language barrier'. That is why it is so important that All that has been passed through This Gift at 'this time', be translated into languages that do not eliminate certain areas from being in touch with This Miracle of This Magnitude, This Reasoning, This Power, This Purpose. It is a great responsibility, but remember one important point: If The Commandments given to the beloved Moses stayed in one territory, concealed from the world, it would have been a terrible tragedy for the Souls of millions upon millions upon millions through time.

A Blessing goes with Each of Us Who speak, and We All say it takes

courage to speak truth openly, but it also takes love for God which should supersede any negative thought, any fear, because one day every Soul will be faced with The Creator of All Things. There will be no Soul that will not be faced with the Judgment of The Creator, based on what It was given by the individual in whom It was placed at the moment of conception. So be it.”

APRIL 10, 1998 AT 1:17 P.M.

GOD THE FATHER

“I Am The Creator of All that is created. I Am The Giver of Life in many ways. I created human life, and within this I placed a Portion of Myself, because this Creation of Mine was to live in a different form, manner, way, degree, than all other living things.

It is difficult for mankind to understand in the human mind, All I Am, What I Am, and also, What I Will others to see the Importance of. First, the human being: life is Special, because as I have placed a Portion of Myself in it, It is in a Form indescribable in the minds of mankind. It is oftentimes spoken of as being ‘a Soul’. This is the finest, fullest definition that mankind can conceive.

I have given to the world a Gift at ‘this time’. I use *a small voice* to instruct others What I Will them to know regarding the Importance of human life, and that each one born has a Portion of Me, called ‘a Soul’.

As I speak slowly through this *little one*, I do it because the Power

I Am, I extend only a small degree of It. If I were to do differently, the littleness she is would not be able to continue in the human way.

I hear so many so-called 'theologians' basing their interpretations on strictly humanistic values, thus ignoring what a Precious Gift human life is, and how it should be protected against all evil, whether it appears minor, natural, or not really harmful to the body, to the mentality of the individual or individuals.

There are millions of words available to mankind, that I could use in all degrees of instructing them on the Importance of their Soul, and what I have awaiting It at a given time. There is so much false theory on Spiritual matters, definitions, and facts.

In giving to the world at 'this time', This Gift of My Love, allowing so Many Here to instruct on the Importance of human life, I find it a sadness when I hear rejection or diminishment of My Words. Very often, when I request One Here with Me to speak, I tell Them to be sure that They speak the Words understandable,

so that None will be wasted or cast aside.

Human life has an Importance to it that no other living thing has. Since the first Creation of human life, there have been many rejections of the Value of it, the Importance of it, from men and some women who chose to accommodate the enemy of mankind. I do not include Myself as a portion of this, or a part of the fiendish, inexcusable, dreadful jealousy of the enemy that I had to cast into Hell a long, long time ago.

I have Power Beyond what power is known to be, for I Am The Creator of All There Is, All There Ever Will Be. It is impossible for mankind of any degree of knowledge to fully understand What I Am, but I come through This Gift of My Divine Love at a time that human beings need Help, because there has been and there is so much demonic interference in areas that are abusive to the Souls that I want returned to Me.

I have Created All Things. No human life can understand such Power, but I Am Different than human life can conceive, but I beseech you to

spread All I have allowed to be given, because there is no place on the world that is instructing in such a Formal Way as I am, because there is no place or anyone capable of doing it.

I use a *small voice*, but an *obedient voice*. I use a *child* of years so all ages can associate to human life, and comprehend that flesh is important to Me. There have been many ugly times in the past History of human life, numerous times. It is important that mankind of all races, all colors, all creeds, be aware that as I come to the world at 'this time', it is an Important Time in the History of mankind.

It is as close to the Time, in Meaning, as when I sent a Portion of Me called 'a Son', but mankind must also understand The Mother and The Father in This Great Event, were also Portions of Me. I Am More than mankind understands Me to be, but I have given to the world a Gift as close to the Time as when I gave what men knew as 'The Holy Family'.

Many times when I hear an individual question an important issue, fact, purpose, goal, that would

be best for his or her Soul, I plead in My Own Way to encourage them to remember Me.

As I close My time with you now, I leave you with These Words: ‘I have Created human life with a Love, because in this Gift of human life, I Am Present Throughout The World.’ So be it.”

APRIL 13, 1998 AT 2:11 P.M.

SAINT CLARE

“I am Saint Clare.

Mankind openly requests The Father, in many ways, to intercede on situations that they fear are detrimental financially, and with their associations with other people. It is not too often a question regarding what will occur in their Soul under circumstances that are not pure in action, thoughts, or words.

This Gift of The Father’s Love at ‘this time’, is constantly making mankind of all ages aware of That Portion within each human life that is called ‘a Soul’. Granted, We hear many words asking for favors, but few, if ever, do We hear an individual request help for their Soul.

It is important that the whole world receive All the Revelations that The Father Decrees to be spread throughout the world, because This Miracle of His Divine Love must be like a Star that shines brightly, and can be seen by everyone, no matter where they are in the world. It is

important that mankind learn to value the knowledge of What has been delivered through This Gift of The Father's Love, because not since the Time of The Beloved Son has there been so much emphasis placed on the Goal for human life, through the Soul that each human being is given at the moment of conception.

Human life without a Soul would be like all other living animal life. Human life has intellect, understanding, and the ability to feel pain, plus the ability to understand that human life has an Ultimate Plan, above and beyond all other living matter or things, because in human life there is an unseen Object that affects the individual in a way, in a manner, in a degree different than the flesh.

It is important for children to understand that they have a responsibility to The Creator to protect That Portion of Him that is within them. They cannot see It, they cannot feel It, but their logic and their conscience that they know when they are right or wrong, is what automatically tells them the importance of their actions, their thoughts, and the purity of these things that no other living thing has.

So Many from Heaven have been allowed to speak to mankind in such a logical manner, easy to understand, easy to accept, easy to follow, because within human life there is an innate realization of what is morally sound, or what is impure, whether it be a thought, an act, or words that are impure in concept, delivery, or meaning.

We hear some individuals say that they obey The Commandments of God. This is very probably factual to their degree of understanding These Commandments, but let us take one Commandment here: *I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.*

How many truly understand the full meaning of this Great Commandment? At this point, I would say very few, because there are so many distractions, immoral acceptances, weak excuses, and so many interpretations of what is right, what is wrong, what is good, what is evil, that individuals do not truly examine their conscience, their actions, their communications, morally, physically, spiritually, that they practice every day and are involved in every day,

so in their thinking, they use human life according to what they feel like doing, saying, interpreting many issues according to the mood they are in, or the company of others who are present.

This Miracle of The Father's Love has been given to the world, not to just a group of individuals, because mankind is in need of Instruction beneficial to the Soul that, though not evident physically, is Part of human conscience, continuously. That is why human life knows good over evil, truth over untruth, love over hate, morality over immorality.

The Father allows so Many of Us Saints to be a Part of This Great Gift He has given to the world, because without It mankind was, and would again be, uninformed.

Today as I speak, I speak with a deep Love for human life, for I, too, once walked the human role. So be it."

APRIL 15, 1998 AT 1:34 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

Human life is different than all other living things, not just because of its mentality, but because of its purpose and its structure, due to the Design The Father created for a Specific Reason and Purpose.

Though it is difficult for mankind at this time to fully understand what a great privilege it is to be human, every man, woman or child instinctively feels that human life is above all other living matter and things. This innate sensitivity should strike at the core of responsibilities that human life is aware of, and practices in duties of all nature: responsibilities regarding the body, the mentality, and way of life that human life was designed to understand as natural to this form of life.

The Creation of mankind had a Greater Purpose, because within this Design of Creation, a mentality of understanding, of learning, gave capability to reasonings that no other

living matter or thing can equal, or really be fully compared to.

We see now in the world so much human destruction mentally, morally, physically, thus using spirituality as a nondescript portion of acceptability or rejection. The Father has delivered to the world, for a long time now, Personal Instruction to human life, through a Gift of His Divine Love, because of the invasion of satanic interference brutally trying to destroy human life's Association with Divine Love, Hope.

A child learns a prayer, and at first the prayer can be a struggle to learn, but oftentimes, if not most, the meaning of the prayer dissolves, and the words, as a repetitive source of human knowledge remain. Everyone who knows a prayer should use their mentality to understand the purpose of the prayer, and the reason for which that particular prayer is so advantageous to portions of that individual's life, whether the prayer be a request to a Higher Authority for help in some way, for some reason, or whether the prayer be to grow stronger morally, physically, mentally, because of That Portion that an individual

knows instinctively is a God-given Gift of His Divine Love, called 'the Soul'.

We see so many cry, feel sad or utterly devastated when something happens to the physical of another individual that they love. The physical is uppermost, but what about the condition of the Soul of the victim? Was It in close association morally, lovingly with The Creator, and at the moment of disaster, is or was This Portion of human life in a State of what man knows as 'Grace'?

When one or more individuals feel a deep love for someone, and suddenly there is a separation that is lasting, they are missed. There is sadness, and many times this sadness returns again and again, because of the separation that was close at one time. It gave two people or more, many benefits, humanly speaking.

Today as I speak, it is to remind all of mankind that if human life has a feeling of despair or loneliness at the loss of a loved one, imagine how The Father feels when a Soul has to be put in Purgatory for a period of time, when this Soul is a Portion of The Father from the beginning of the life

of the individual. And now imagine the sadness when a Soul has been so devastated, made impure, by the actions of the individual in whom It was created.

This Miracle of Divine Love, called *'The Miracle Of Saint Joseph'*, is a Miracle of helping mankind of all races, all colors, all creeds, all ages, all denominations, to better and to more fully understand that human life is a Gift of Divine Love, because within each life He places a Portion of Himself, giving to that human life a Goal Higher than all other living things. No human life is born without That Portion of The Creator, else human life would be like all other living things and matter. So be it."

APRIL 17, 1998 AT 1:26 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. As the history of My life has been written by different individuals, many times much was omitted, because they did not live at the time that I lived, leading an army of men of different degrees of intelligence, different degrees of moral and physical strengths.

As we stood together on the battlefield, it was for a great purpose, a great goal. There were many obstacles humanly, physically, morally, spiritually, but when we gathered and the men close to me repeated What I spoke was to be done, it was an army of men greater than mankind knows such an army to be.

The world has heard My Name, and there have been stories written addressing different points that mankind would understand, but also addressing what would interest the reader. I speak on this day through What The Father has addressed, similar to the way in which I led an army.

It is important that Everything that is delivered through this *small individual* be seen for the Worth It is, the Value It is, the Greatness It is, and what Protection It is, because Every Saint Who speaks, acts as an Armor of Safety for the Souls who will read the Words, Directions, and seek out the Greatness in Them, and encourage their mentalities to never lose sight of the Goal for which human life was created.

The Sword *the little one* carries is a Sword based on Obedience, characterized by speaking All that is delivered through her, instructing mankind of all degrees of intellect to be able to understand the Importance of human life and what a Gift of Divine Love it is, because of the Soul that is placed within it at the moment of conception, but also the conscience that a human being is endowed with, alerting them to what is pure, what is impure, what is just, what is unjust, what is pleasing to The Father, and what displeases Him when it is impure and causes the Soul harm in any degree or way or manner.

As I had the privilege from The Father to lead thousands of men in

battle physically, each man knew that the battle was more than a physical fight; it was a battle for morality in the fullest definition of what it meant. As we formed in lines, knowing that the enemy was close, it was not our desire to kill, but to preserve what The Father Willed for the good of mankind. It is difficult for some men, women, and even children, to fully understand that The Father would send an army to kill other men, but the period of time in which we lived had much immorality, much sin.

Granted, there were many political issues involved, but it is important that The Father was teaching a Great Lesson at this time, and that was to preserve what was moral, what was spiritually sound, and also, that mankind had to fight with the sword because the battle could not be a verbal battle or a battle with the hands alone.

The time was different than now. There have been millions of Words passed through This Miracle of Divine Love through The Holy Spirit of The Creator of All Things. Mankind knows Him as ‘The Foster Father of The Son of God’. This Statement alone says that

The Heavenly Mother was Conceived Immaculately and She then Conceived Immaculately. It also openly speaks out regarding The Foster Father having to be of an Ultimate Source also, to be able to withstand and to perform the Role Saint Joseph was named to be.

Each time One of Us speaks, it is more Instruction to the whole world, because What is being instructed through This Gift of Divine Love is, in great detail, making all things more understandable, for mankind to value human life as the custodian of a Soul that is a Portion of The Father, that is to return to Him at a given time, in a given way. It is a Goal to work for that every human being is given at the moment of conception. There is no Greater Goal that mankind of all races, all colors, all creeds, could possibly achieve as man. So be it.”

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. It is sad to All of Us Saints Who see mankind of all races, all colors, all creeds, deny a Gift of Great Love, Divine Love, from The Creator of All Things.

Mankind has been Blessed abundantly, personally, and indepthly, due to the fact that The Father has and is allowing His Love to be written, put into script for all time to come, so that What He Declares mankind to know will not be lost in man’s memory, but will continue on through centuries, because of the Importance of All He desires mankind to understand as human life’s Closeness to Him, the Connecting Link, a Portion of Him, called ‘the Soul’.

We use a *small voice*, but an *obedient voice*. We hear some say, ‘I could do that.’ We say, ‘No, you could not.’ Mankind finds envy, jealousy for such a Communication, but this is only foolishness, because mankind ignores the Responsibility of such a

Communication as This One is daily, momentarily.

The little one through whom We speak oftentimes sheds tears that do not show on the outside, because mankind would find it weakness; instead, it is a brand of Strength that covers up the sorrow, the hurt, and the anger, when doubt arises against This Gift of The Father's Who created All Things, and Who is The Judge of all that occurs in all human minds, characters, lives, plus all that has been designed by Him to give human life the means, the place, the atmosphere to exist on, and with.

The world has been Blessed, and We see thousands of human beings ignore This Blessing that no human life could be the dispenser of. The world must hear of This Gift in spite of all the rejections because of jealousies, and the inability to perceive such a close Association with The Creator of All Things. Mankind has been Blessed at a time that mankind basically places all things on materialism; also, at a time when mankind permits immorality to be prevalent throughout the world. Mankind must not just resist immorality, but fight a great

fight against what is so destructive to the Soul of all living human beings.

We Saints All know Heaven does exist, Purgatory is not just a temporary place, and Hell is the devil's love for all those who disgrace the Purpose for human life, and the Soul that is within each human life at the moment of his or her conception, because without the Soul, no man or woman would ever understand the importance of purity of mind, actions, goals. The enemy would interfere in every way to make the individual diminish in Grace, in love, in hope to become 'a Saint'. So be it."

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

So few men, women and children understand what a Blessing really means, because Blessings come in many forms, many degrees, many ways.

The world has been Blessed with The Father’s Love, bearing the Name of His Holy Spirit, earthly known as ‘Saint Joseph’, and as The Spouse of The Mother of The Son of God. This definition automatically describes to the whole world of mankind, that the Relationship of All Who were involved in this order had to be of Divine Origin.

Mankind has been gifted with mental abilities, technical knowledge, talents, that vary in many degrees, many ways; also, mankind has been Blessed with the Gift of heritage that most connect only to those they feel they can relate to in title, such as mother, father, sister, brother, aunt, uncle, plus a few more areas in which a closeness is felt. So many place so much emphasis on what they term

‘family relationships’ based on a lineage of blood heritage, but through life many become very close to many, many individuals of all ages, that give them enjoyment, happiness, a feeling of worth, a feeling of love.

Human life was created with many Blessings, because in the Creation of life, The Father created human life with all of the things that He is Part of, and that human life can relate to Him.

This Gift of The Father’s Love, This Miracle of Divine Love is a Miracle of Instruction, helping all degrees of intellect, all degrees of Spiritual understanding, that human life was created for a Goal that no other living matter or thing has the privilege of.

As I speak through *a voice* that mankind has the privilege to understand the sounds and the meaning of the Words, I speak to help mankind more fully realize and understand that human life has so many avenues to use to become ‘a Great Saint’.

Without the nature of human life, the intellect, the sensitivities, and the personal love for adventure, and to reach higher goals physically,

mentally, monetarily and morally, life would not have so many areas to progress in, and to see the magnitude, the privilege, the honor, the beauty, but with all these things, individuals have the capabilities to enjoy so much, and to use all they know, all they have, to reach for the Greatest Goal that any one living thing has, and that is 'Sainthood'.

The Privilege of Sainthood is available, and It is through what an individual practices that they have the power to reach for the Highest Goal of Sainthood, using all they are capable of doing, thinking, practicing, no matter what degree of intelligence they have developed within them.

The Father has given so many varied areas, helping individuals to have choice, and to use each area as they deem it possible or applicable to their capabilities. It is a great sadness when We see negligence on the part of an individual, ignoring the right choice and choosing what is evil, what is degrading to the Soul and the mental, plus the physical of an individual, that knows better, knows right from wrong, and has the choice, the free will that is a Gift of Divine Love.

Granted, there are areas in the world where there are many oppressions caused by wrong leadership or demonic overseers, causing individuals to respond for the safety of their lives, against all that they know is moral, pure, sound, reasonable, pleasing to God.

The world has been Blessed abundantly by so much Instruction that has been allowed to be written for millions to read, giving all who will read It, personal understanding of the Beauty of human life. At no other time in the History of mankind has so much Personal Attention, Love, Direction, been delivered through *one voice*.

It is time mankind bend their knees in gratitude for The Father's Love, allowing so Many of Us to speak What He Wills to be spoken, alerting and awakening mankind to the Importance of human life, and the Soul that is within each human life, because It is a Portion of The Creator of All Things. So be it."

SAINT BERNADETTE

“I am Saint Bernadette.

Though there has been much progress physically, educationally, in many areas of man’s life, the Importance of human life, and the Soul that is within human life never changes, because in the Design of human life, since the beginning of time, much is the same.

There were many periods in the History of human life that The Father designated as ‘periods of instruction’ to human life, because of the Soul that each one is responsible for until the time the human part of the life fades into a sleep, never to awaken again.

We see millions of people at this moment reading books of all dimensions, some historical, some geographical, some educational, some speaking of great inventions to come. In each category there are individuals who feel drawn to finding out more information, and/or even being part of any progress regarding one of these subjects.

The Father has given to the world the Most Important Subject Matter that mankind could ever become so close to, knowledgeable in, because It is important to the life and the Hereafter.

Today as I speak, I speak with a deep Love for human beings throughout the world, because at no other time in the History of human life has so much been written in detail for those who are presently alive, and for those who will be born at a later time. Granted, there have been historians before this time, and there have also been individuals who had the responsibility of delivering much subject matter, directed by many who walked the earthly way, and were directed by Sound Spiritual Direction through their Soul.

Today as I speak, I say with deep Truth and great Love, 'There has been no time in the History of human life, that so Many Saints were appointed to be active in a Miracle of Communication between a *human being* and One Who would be chosen to speak at a given time.' We find those who disagree, who find fault, who doubt, who criticize, and who reject such a Phenomenon,

but this does not make their opinions just, or truthful, because the human mind, disposition, ability to choose what they will to believe, or will to not believe, is available to all who have knowledge and the innate ability of understanding truth from untruth.

Today as I speak, I speak with a Love that mankind can relate to, but not fully understand. It is important that All that has been delivered be forced to penetrate the whole world, and no one is to say it cannot be done. The Father says it must be done, because of the Importance of the Soul that each living human being is the custodian of, and whether or not the individual has the capacity, or understands What is so Valuable, they must be exposed to This Gift of Divine Love, and allow their conscience and their sensitivity to truth enable them to make the correct decisions.

Children are being told what is right, what is wrong, but basically the instruction is so cosmetic in essence, so short in detail, and lacks its full meaning, because the individual speaking or instructing does not take the time to explain in detail that human life is a distinct, Personal

Creation, closer to The Creator than anything else in the whole world.

We hear individuals say, ‘I have discussed the subject, but I feel I have been ignored or rejected.’ We say: ‘Try through example. Find ways to do what is best for the Souls, because without this intercession of yours, many Souls are being tortured by the humanism that is taking place throughout the world.’

There is so much neglect to good example being practiced because individuals do not want to interfere, disrupt, or be made to sound fanatical in how they feel, what they say, and what they declare to be factual. Ask yourself: ‘Was not my birth important for a reason? Was it just to live according to the manner in which I learned things, I practiced everything, and I used my relationships with others as just a normal, natural, facet of life?’

I say to you now, ‘Human life has been neglected in many ways, because of the so-called “acceptable, natural format of existence”, depending on what others thought was acceptable,

reasonable, natural, and the way life was meant to be.'

I shout to each one now: 'See the Value of what human life was created for. Its Purpose is Greater than any success story anyone can claim to achieve. Reach for Sainthood, and be the instrument to help others understand that there is a Goal to human life available, because that is what it was created for!'

So much more could be spoken, and there will be Many Saints Who will give you the strength to do what you must do to help you become 'a Saint', and for you to help others to reach for Sainthood, by your example, and how you instruct in a communication that will defend what you stand for. So be it."

SAINT COLUMBKILLE

“I am Saint Columbkille.

The world has been given a Blessing for so many Reasons, in so many ways, helping mankind of all ages, all denominations, all cultures, to better understand the Value of human life, the Greatness it is, and that it is a Blessing to be human, because of the closeness this Gift of life has to The Creator of All Things.

Mankind in different ages of life, has opinions on what he or she likes to do, likes to be involved in, likes to learn. Today as I speak, there is no Greater Gift for all ages, all backgrounds, all denominations of beliefs, than for mankind to receive All that has been given with God’s Love, to make human life more beautiful, and to give so much assurance that human life is worthwhile, because it has a Goal that nothing else has.

Men, women and children look at the moon, the sun, the stars, the sky, and why they do not always ask, ‘Who created all this for me to see, to

be a part of?' We do not know, because the magnitude of this creation to surround human life could be made by no human being, or held in place by a human being.

A child is born, and so much is taken for granted, because mankind looks only at what he or she considers a human course of how things are created, thus eliminating that in each human creation there are Souls involved: the two existing Souls in the two who were prominent in the creation of this new life that automatically bears a Soul. So much attention is given to the human part. Rarely, if ever, is the Soul considered as Part of this Precious Gift of Divine Love that only human beings are the custodians of.

At this moment there are many immoral actions taking place, degrading to the Souls of individuals. Most, if not all, ignore totally that what they are doing when it is wrong, is that they are allowing the Souls of all involved a sadness beyond what a human knows sadness to be, because of the impurities that are evident, because of immorality.

The word ‘immorality’ doesn’t mean a thing to most human beings. Justification of it is evident, thus ignoring that in each conception or in each human act, there are Souls involved, and these Souls are Portions of The Father, unseen, but the Soul is what gives to human life so many Gifts of understanding what no other living thing has the ability to understand.

We hear ridiculous statements saying that, ‘Immorality is acceptable, because we are human.’ Mankind must understand that The Commandments of God, though not as indepthly stated at this time, as They were when They were given a long time ago, still cover the different concepts of actions that mankind indulges in, in many ways, and are not always sound morally, but can be stated as offensive to the Soul, thus denying the Purpose for The Commandments The Father gave, so that mankind would see that within each human life there was a Portion of Himself that is evident through the very knowledge of what is pure, and what is impure, in the human mind, abilities, activities, and/or how others are affected mentally, morally,

physically, spiritually, causing them to respond impurely.

So many Blessings have been handed to mankind through Words, Directions, Instructions, based on Divine Love, for human life to see that human life is the only Creation born to the Image and Likeness of The Creator. So be it.”

APRIL 29, 1998 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As I speak to you today, I speak for the whole world to one day know My Words, and to understand Them in the degree They are intended to be understood fully.

In the Creation of human life, The Father gave to this creation several forms of communication: facial expression, a voice, actions in many forms, many ways. He also gave to mankind a mentality to understand the Importance of human life, and to be able to respond to why human life was created, that it was Special, and it has a Goal that no other living thing or matter has been endowed with.

As I speak, I speak through a *human voice*, not Mine. I implant into *this voice* Words for mankind to learn from, and to be more able to understand what a Precious Gift human life is, and that it should never be demeaned mentally, physically, morally, in any way, any degree, for any reason.

Human life is the custodian, the protector of a Gift of Divine Love that nothing else has the privilege of having. Human life is able to learn many subjects, and the reasons behind the subjects, the purpose for the subjects, because these subjects are important to the moral, mental, physical aspects of the daily life of human life.

Children should be taught at a very, very young age, that everything they do, they say, they practice, they learn, they imitate, reflects within them through their Soul, and then their mentality, and then their practice of what the subject matter consists of.

We hear men, women and children discuss their formal education, their pride in it, and how this makes them feel superior in some ways to others who have not experienced the same things; but what is important is that all of men, women and children born have an Equal Portion of Divine Love within them, and that is the Most Important Thing that they can use in every facet of life.

We hear so much theory from so-called 'very learned' men and women,

oftentimes theory based on their own perception of how it makes them look amidst others of their own kind, how it oftentimes radiates superiority that is useless if it is not properly cared for, or properly understood as having responsibility attached to it, in it, with it.

The world has been handed so much deliberate Information regarding what human life consists of, and has been gifted with, because human life is the only living creation that has a Soul, a Portion of The Creator, from the moment of conception until the end of that particular form of life.

Children are not being instructed. Now, when I say children, I mean all ages of human life, because maturity does not come with age; it comes with understanding, and the reality of usefulness in understanding, of understanding, what a privilege human life is, and that it has a Goal above and beyond all other living matter or thing.

Today as I speak, I speak with a deep Love for human life, because I, too, was once human. It is important for mankind to understand that human

life is the only Gift of Divine Love that has a Goal to reach, the responsibility to reach it, and logic says it should never be ignored, because it is innate in human life to want to be successful, even when it does not show in the personality, nature, background or practice of what an individual says, does, thinks, hopes, dreams about.

The Father has handed to the world a Gift beyond what mankind can describe a Gift to be. He has handed to mankind a Communication allowed to be put into script, so no one is left out of What He Desires all human life to know.

We hear individuals oftentimes say to another, ‘Pray for me.’ We say: ‘Pray for yourself as you ask someone else to pray for you. Do not put the burden on another unless you, too, accept the burden through the means you feel will be beneficial to you.’ So be it.”

APRIL 30, 1998 AT 1:21 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. I smile as I speak on this day in your time, because I know that My Words are being transcribed by individuals who love The Father deeply, and depend upon The Beloved Heavenly Mother in many ways, for many things.

It is important that the world get to know about This Communication We have with mankind through *a voice* like all other human beings, because as *a voice* speaks Our Words, and They are transcribed into a language understandable, this gives a Gift of Personal Divine Love that mankind should rejoice in, because of the Directness in It, and the Gift of It being put into script, so that mankind present at this time will not have to be concerned trying to remember Every Word of What is spoken by The Divine.

It is sad when We hear criticism that is based on arrogance, ignorance, a lack of Faith in how The Father Wills a Gift of This Magnitude to be given, Word for Word.

There are Many of Us present at this moment, smiling, because They, too, desire mankind to more fully understand the privilege of human life, and the Goal for which it was created, through, and in, and with The Father's Unselfish Plan.

As men, women and children enjoy sharing something that makes them happy, it is in many ways the way The Father feels when He shares with mankind of all ages, all races, all creeds, the Importance of the Soul that He placed within each human conception, because through this Soul there is a consistent Communication with The Creator of All Things.

Sometimes We hear a child pray. It is not a formal prayer, but it need not be formal for The Father to receive it. The communication between human life and The Divine is immediate. There is no lag in time. There are many reasons for formal prayers, due to the fact that many times it is difficult for an individual to think of what to say, but then there are other times when the personal conversation, though it appears one way, is far from one way, because The Beloved Heavenly Father is constantly aware of every move,

every thought, every word, all human life has every day.

The Soul is the Communicator, the Transmitter, because the Soul, as a Portion of The Creator, is as close to Him as your flesh is to you, as your heart is to you, beating with the beat of life. Remember this. To speak in a formal prayer is heard, but also, many times an individual feels that the prayer is not saying all he or she desires One of Us to know. Mankind must understand the Soul many times is the Interpreter, so We are All aware of the condition in which the prayer is thought or spoken, also the content that is obvious from where you are to Here.

This Miracle has given to the world the reality of how close human life is to The Father of All Things, to The Creator of All there is, and it is important that children begin to learn that everything they think, do, say, is communicated immediately. There is nothing unseen, unheard, by The Heavenly King.

Many Blessings pass through This Gift of The Father's Love, and there is much sadness Here when We

hear resentment, rejection, or even foul play, saying that This Gift of Divine Love cannot be true, that The Father does not work this way.

The world has been Blessed. Mankind has been instructed in so many Personal Ways regarding the Importance of human life, and its closeness to Divine Grace. So be it.”

MAY 6, 1998 AT 1:32 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Those present who hear My Words as They pour through *a small voice*, but an *obedient voice*, are Blessed abundantly because of their Faith, their sincerity, honesty, hope.

Many times a gift is given in love to please the one receiving it. The gift very often can be considered small, and yet this gift is priceless because the gift represents, generates a type of attention that says only one word, ‘caring’. So few throughout the world understand how important it is to say you care, and say it with simplicity, earnestness.

Today as I speak through *a small voice*, The Father has requested Me to speak so that all who will read These Words will feel the Power of His Love, His Direction, His Hope, in Each One of Them. The Father has given to the world a Gift Greater than mankind can comprehend, because mankind resists the Communication because

of a lack of Faith in how The Father communicates at different times.

Many of Us Saints have been used through This Miracle that bears The Beloved Saint Joseph's Name. It is sad when it is difficult for some to not understand, not accept that Saint Joseph is More than a Saint. At another time in the History of human life, The Holy Spirit of The Father was sent to the world to act as The Father of The Son of God, to be Example of what this Position meant for all of mankind to use as Example.

The Father has given to the world a Miracle beyond mankind's understanding of the closeness human life has with The Divine. Today as I speak, I speak with a Love, that to human life, just reading the Words should in some way, some form, some degree, make mankind think that this Association through This Miracle of Divine Love The Father has so generously given at 'this time', allowing the Words to be written so They would not just be cast aside, forgotten, never remembered.

Mankind talks about the importance of certain beliefs, but

most of them are for humanistic ideals, ideas, pleasures, or the success of another human being. It is important that All that has been delivered through *one small voice, one small body*, be cast on the waters throughout the world, to awaken mankind of all degrees of intellect, all ages, that at 'this time' there is a Great Gift of Divine Love being transcribed, put into script, so that all of mankind can read What is important to human life, and the Reason for which it was created.

Think about this next Statement: Is it not so that a human being instinctively knows a pure act from an impure act? They do, but it is so easy for so many to ignore the fact that the impure act reflects within their being, even when they do not want it to. Human life is gifted with responsibilities, various in number, but human life has a Goal that no other living matter has.

We hear individuals talk about success, growth, improvement, winning, and being lucky. Mankind reaches all of these things, because mankind has the ability to understand the importance of what is right over what is wrong,

morally, physically, spiritually. This Gift of sound reasoning is beyond all other creatures, creations.

Today as I speak, I speak with a Love that I can only describe as a Love radiating from The Creator. It is important that This Miracle of Divine Love be cast on the waters in the world, also be flown on the wings of great power so that no one throughout the world does not have the privilege to become aware of It, to see the Value of It, and what a Great Gift of Divine Love radiates in Every Word.

Today as I speak, I speak to all of mankind, because The Father chooses no one race for His Love, no one degree of intellect, because all of human life has many degrees in both of these things, and is capable of understanding of love as a personal thing, no matter what the subject matter is.

As I leave you today, I leave you with a Blessing, because as you, in your devotion, are part of handing to the world All that is given for all of mankind, The Father Wills that your labors be Blessed in a Form He has designed: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*”

MAY 12, 1998 AT 12:39 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. All of Us Who stand Here with The Father in a form, in a way, in a degree, not understandable to human life, but it is a way of service to The Father that has within it a Greater Love than human life can determine Love to be.

As I speak through a *human voice* to you, I speak with much Love, much Hope for all who will read These Words to more fully understand what a Precious Gift human life is to man. In the human way it is natural for human beings to strive for success, and even when they do not achieve success to the degree they desire, there is an innate satisfaction to know that they tried, and this gives strength to all areas of their life.

Today as I speak through a *voice* that you understand, it is important that mankind learn to more fully appreciate what a Great Gift of Divine Love human beings have. Some place much emphasis on intellectual prowess. Some place much emphasis

on popularity, becoming famous, having others think of them in a very successful frame of life. The Father has given to mankind a Personal Gift of His Divine Love, allowing so Many of Us Here to speak, to encourage mankind to more fully understand that human life is more than flesh; it is the custodian of a Portion of Him. This Portion is called 'a Soul'. This word, of course, in many ways has an anointing factor when one depends upon his or her Association with The Creator of human life.

Today as I speak, I speak in a manner understandable to the human mind, but also to encourage all who will read These Words to more fully understand that human life has a Goal. As mankind reaches for success in so many ways, whether it is to accomplish a definite project or to achieve a difficult role, it is implanted in mankind through the Soul, through the intellect, to reach for a goal. The Father has given to human life the Greatest Goal, and that is to return the Soul at a given time in a State of Purity, after walking through a time with an individual human being.

Through This Gift of The Father's Love, This Miracle that speaks in so many ways on so many subjects, instructing in a Personal Way that human life was designed, created for a Goal Greater than all other creations, and that is to one day return his or her Soul to The Father in a State of Purity, a State of Grace. No other living creature or matter has this responsibility or this Gift of Divine Grace.

So much has been delivered through The Spirit of The Father, Holy beyond man's understanding of Holiness, because mankind automatically wants to achieve success. There is no Greater Achievement that mankind can reach than to become 'a Saint'. So be it."

MAY 14, 1998 AT 10:30 A.M.

GOD THE FATHER

“Through your Soul, that is a Portion of Me, is what makes you oftentimes relaxed in My Presence. Love is a close connection to understanding the Relationship of human life to The Creator of human life. Do not feel sad when you feel that you are familiar with Me and do not act in a demonstrative, orderly manner.

The Soul is Our Relationship of Closeness, and always will be. Use your Soul as a comfort, as a communication. I am always in contact with It.”

MAY 14, 1998 AT 1:22 P.M.

GOD THE FATHER

“The world must be informed regarding the Importance of why I created human life. I hear so many speak wrongly regarding the Creation of human life. It is important that mankind fully understand that human life is a Gift of My Divine Love, and within it I placed a Portion of Me, not discernible to the human mind, but obvious in how mankind thinks morally.

The world has been Blessed in many ways, and the Blessing is obvious in how creation occurs, and how much I have given to mankind to supply creation with the needs that human life constantly has to survive in the physical way, in the moral way, and in the obvious Goal that mankind is the receiver of.

Just as mankind has enemies in some facets of human life because of jealousies, hate, and diabolical interventions, I have given mankind My Commandments that cover all facets of human life, leaving no subject out,

no place for error in the discernment of These Commandments.

Today as I speak, I speak through a *small voice*, and I have requested My Words to be put into script, so that What I speak will remain for thousands upon thousands upon thousands to receive These Words, and more fully understand the Importance of human life, the responsibilities it incurs.

Many Saints Here work constantly through This Gift of Mine, This Gift that allows mankind to write what is necessary for men, women and children to feel the Closeness of The Divine, and to more fully understand that human life is a Gift of My Divine Love, because in human life I placed a Portion of Me to be returned to Me at a given time, representing the individual in whom I placed It at the moment of his or her conception in the human life.

Mankind says, ‘It is difficult for me to understand such a Gift.’ I say to mankind, ‘The Gift that you automatically understand in the form of right over wrong, good over evil, makes this Gift obvious, for I have

allowed nothing to interfere with My Association with man.'

Doublers of My Words are their own worst enemies. Those who follow My Words are the caretakers of their Souls, and their Souls are protected by what the individual does to give to the Soul a way, a manner, and hope to return to Me in a State of Purity for All Eternity.

I bless those who work for Me in a loving manner, way, because their obedience gives service for the Souls of many. I bless each child, no matter what age, when they request My Help to walk in purity, through This Gift of My Divine Love, that so many Here have spoken Words of Direction. I beseech mankind to understand that human life is a Gift in My Divine Plan. So be it."

MAY 18, 1998 AT 1:43 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

It is sad when We hear so much discontent in Spiritual circles on Spiritual matters. There are so many opinions being accepted, that in many ways do not consist of the proper understanding regarding the Importance of human life, the Importance of Spiritual practices, and what a Great Gift The Father’s Commandments are to every human being, no matter what age, what degree of intelligence, or what their feelings are regarding The Creator of All that there is.

So Many of Us speak through *one small voice*. It is important for mankind to understand that *one voice* was chosen, so that others would be able to spread the Facts that were and are being delivered through *one voice*. The Father, in allowing the Words to be written, is a Gift beyond what mankind realizes, because through the written Words it allows millions of individual people to read, to concentrate, to learn,

and then be able to live according to the Directions in These Words.

Mankind has been given a Great Gift, a Valuable Gift, a Gift of Personal Instruction that does not cater to one degree of intelligence, one generation of individuals, or one race of individuals, one background of individuals, because every human life has a Soul that no other living thing has, and it is in the Soul, through this Soul, that human life has been given Something to strive for, Greater than anything that mankind can associate materially, physically, monetarily; and that is, that at the moment of conception there is no human life that is not presented a Soul at the moment of his or her conception.

Granted, the area in which different individuals are born, the heritage differs, but the human abilities, conscience, traits, in many ways can relate to each other, whether one speaks one language or another language, whether one is highly educated in the ways of the world or subject matter, or the other ones are not.

Human life is Special, because in human life there is a conscience that allows the individual the privilege of making decisions that are pure over impure, right over wrong, just over injustice.

The Important Reason for This Gift of Instruction to mankind at 'this time', is to give to all ages, all mentalities, Facts that cannot be found in any other way, because if they come through the interpretation of human ideas, interpretations, they do not have the Velocity of Purity that They have in coming through This Gift of Personal Communication The Father designed, to help mankind more fully understand there is a Great Goal for human life that very little attention is spoken about, because the human mind dwells on materialism, humanism, and many times bases so much on the instruction of those who do not have the ability to see beyond materialistic values, hopes, dreams.

Today as I speak, it is another Lesson to the world of mankind, to assure those who will hear These Words, read These Words, that life in the human form has a Distinctness in

it, above and beyond all other matter or things.

Through This Gift of The Father's Love, All The Saints Here with Him feel privileged to be able to be Part of This Gift of His Love, for the whole world to learn more about the Importance of human life, about the Soul that each human being is the custodian of, and that this Soul must be cared for, cherished, and returned in a Pure State, as It was given at the moment of conception. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

So much has been spoken in an instructive formula, format, through This Gift of The Father’s Love. There are very few places in the world, wherein mankind is learning the importance of The Commandments that The Father gave to mankind a long time ago.

We hear so many men, women and children ask, ‘What are The Commandments of God?’ To some, hearing this statement would seem difficult to believe, but I, your Heavenly Mother, speak This Statement in a truthful manner, way, and degree. Humanism, in its practice of accepting all things justifiable when a human man, woman or child declares an act, a statement to be acceptable because it is natural, and they see no manner, way, or degree of it being against purity of the mind or the body.

The world has been gradually encouraging actions, involvements, and forms of impurities, ignoring

totally that human life was designed with a Specific Entity of Divine Love within it, called 'the Soul'. Ask yourself: When an act that you are requested to perform appears in any way to be impure, do you look at the whole situation, and use sound moral judgment in your decision on whether you will partake, disagree, walk away, reject?

We see thousands of individuals every day never anticipate the importance of what they do, what they say, how they act, who they allow to be near. Children are not being instructed on the importance of learning to evaluate participating in events, situations, wherein they could be involved in a dreadful, impure action that could, that would be devastating to their values.

Few children are ever talked to about one day standing before The Creator, and having to make a confession on what they practiced, because there is very, very, very little instruction in spirituality regarding the Soul that is not just an Intimate Part of human life, but is a Living Part of every human life, because this is That Portion that is a Portion of

The Creator of All Things, and That Portion will remain when everything else connected to the human life will be ended.

The Father has Blessed human life with a Gift that is and was meant to live on Forever, marked by the name of the one in whom It was placed at the moment of conception.

Today as I speak, I speak with a Deep Love, a Caring Love, a Hopeful Love, that This Miracle of The Father's Love that has given to the whole world of human life, a Personal, instructive format, reason, obligation to protect the Soul that no human being is born without, but This is the remaining Portion of human life that will be Judged because of the Importance of It, the Reason for It. The Soul is a Gift no other living matter or thing has. Protect It, cherish It, and return It full of Grace. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“My beloved children, in this phrase I include all ages, all cultures, all creeds, because as I am known as ‘The Foster Father of The Son of God’, at ‘this time’ mankind has learned much more about Who I Am.

As I speak as The Holy Spirit of The Father, I speak with a Deep Love for all human life, because each individual is the custodian of a Portion of The Father, given at the moment of his or her conception, called ‘a Soul’.

For Me to explain to mankind at this time, the full measure of the meaning of what the Soul is to every individual, would take many hours of instruction, because through the Soul each human life has the closeness that nothing else created has. This closeness, of course, is to The Creator.

Mankind, in The Father’s Design, has eyes to see with, a mouth to speak, a mind to think on many subjects, for many reasons. Mankind is endowed with the senses that allow each individual to live with so many

practical assets to human life, giving strength where it is needed, hope where it is necessary, and the mentality to be able to absorb, acknowledge, and use beneficially in so many decisions that are not only practical to the mind and body, but also to the Soul.

Today, as I speak in a form, in a manner, unusual for Me to speak, I do it so that those who do not understand the Closeness The Father is to mankind, These Words will help in many ways, because through the senses of sight, touch, smell, a human being is capable of resisting temptations that can be vile to their Soul.

These senses many times are alerts, so that the individual can back off and use logic, so that the results in what he or she is about to do will be based on moral decision. The sense of touch very often is used in many ways, because it brings a closeness that gives an immediate reaction. The sense of sight is oftentimes the trigger to alert or cause an individual to make a decision of right over wrong, good over evil.

Human life is a Gift of Divine Love, with so many Gifts designed by

The Father to give happiness, hope, activity and purpose to individuals, that allow the individuals to be strong, and be good example in what they project to others.

What I have spoken is important, because in so many ways mankind justifies impurities, ignoring purity of mind, body and Soul. So be it.”

MAY 21, 1998 AT 10:20 A.M.

“The Spiritual, moral and personal disturbance that is in all corners of the world, is being encouraged and instigated by the enemy of God and man.

Human beings are refusing to accept the indecency, immorality, for what it is doing to the minds, bodies and Souls of millions of people. Humanism is an excuse to ignore all that is moral and pleasing to God.

As in other times in the History of human life, The Creator, The Father of All Creation, will take a stand at a given time, to awaken mankind to the need for justice, purity, and obedience to His Commandments.

I speak rapidly through this *little one* at this time, because there is so much more to be delivered to the whole world, to awaken all degrees of intelligence and beliefs to the necessity for human life to be more aware of the Purpose for which human life was created, and its Goal for which The Father favored this Creation of His.”

SAINT JOAN OF ARC

“I am Saint Joan of Arc. There are Many Who stand Here with Me; to name a Few: Saint Peter Canisius, Saint Robert Bellarmine, Saint Catherine of Siena, Saint Josaphat, Saint Louis de Montfort, Saint Aloysius, and More.

Many who will read This will automatically deny what I have just spoken, but their denial is based on their personal understanding of how Many Saints are present daily, not seen, not heard from, but Who are present because The Father decides where They should be, due to the conditions in many areas of human life.

Today as I speak, I speak with a deep Love for This Gift of The Father’s Love, that is allowing mankind to be able to personally read on many subject matters, helping mankind to more fully understand the closeness man has to God, to The Saints, every day, all day.

It is sad to hear rejection of This Statement, but logic should tell human beings that because of the Soul in every

human life, Many Saints are available to give strength where decisions are necessary, but also present under normal conditions, because of the Soul that is ever present with every living human being.

When some read What is spoken through This Miracle, it is difficult for them to fathom, to comprehend, to accept such a close relationship that human life has with God and His Saints. Ask yourself: When you feel you need to pray, do you not know that Someone is listening? It is innate to sense a relationship that cannot be seen but is there, else why would a prayer be so important to communicate?

The Father has given to human life a will, but above and beyond the will, He embraces each life with a Soul, a Portion of Himself. This Soul is the Channel of Communication in every living human being. When human life ends, the Soul is the last Portion of human life to leave, and understandably It returns to God.

This Soul that human life is endowed with, represents the individual in whom It was placed at the moment of conception; thus, this

Soul bears the name of the individual, and as It is Judged, due to the behavior of the individual in whom It resides, It will be represented by name for All Eternity; thus, mankind must learn that Life goes on, and will forever represent the individual in whom It was placed at the moment of his or her conception.

The availability for mankind to learn such an Important Statement is not through human knowledge, but through a Miracle of This Magnitude in which so much has been instructed for mankind to more fully understand the Close Connection God is to man.

To some men, women and children, the Soul is never thought about, because they look at the Soul, think about the Soul, as incapable of being so Important, because they cannot see It, they cannot feel It. That is why it is so important that This Gift of The Father's Love be given throughout the world, whether It is rejected or not, because This Gift of The Father's Love is not just Inspirational, but Factual in Content, and must be seen for the Blessing It is, because there is no place in the world that so much has been instructed on

the Importance of human life, and the Goal for which it was created.

As Those of Them Who are standing Here with Me are Part of What I am saying, Each One raises Their hand in a Blessing, hoping that Their participation will give strength to millions of human beings, the insight, the acceptance of knowing that no one walks alone in the human form, and that this Distinct Creation of human life has a Goal that no one should deny, resist, reject, or not accept as Valuable Truth, based on Sound Reasoning, Divine Love. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are so many evidences available to mankind, of Truths that pass through This Gift of The Father’s Love. The Words spoken by All of Us Here, are not words used in ordinary language in the human way.

First of all, the subject matter is to encourage individuals of all ages to concentrate more on the Gift of human life, because it has the Greatest Goal that anything mankind of all ages could attain, could reach for, or could work for, and that is to one day return his or her Soul to be with The Father Forever, and ever, and ever.

We hear individuals say, ‘What is my Soul?’ That question is easy to answer, because the Soul is an unseen Portion of human life, due to the fact that as It is a Portion of The Father, human life will see It at a given time that The Father Decrees will be.

Human life is given for many Reasons, because human life is a Gift of Divine Love with a Goal that nothing

else created has. The Soul is that Gift from The Father that connects human life to The Creator, thus embellishing the Importance of human life, so that human life has a Goal to reach for. It is innate in human life to desire accomplishment in many ways. So many of these ways are addressed to mental progress, physical progress, monetary progress, and in some cases, Spiritual goals.

No human being is born without a Soul, because as the Soul is a Portion of The Father, it is the one Creation of His that is Blessed with this Particular Gift of His Divine Love.

Today as I speak, I speak with a deep Love for human life, and I speak from experience. That is why it is important that All that has been revealed through *one voice*, should be passed throughout the world, because there is no other place in the world delivering What is dictated through This Gift of The Father's Love.

Granted, there have been many Stories, Messages of Great Worth passed down through time. Some have been remembered regarding the importance of Them, but at this time,

you live in a time worse than the worst times in the History of human life, because it is obvious that the enemy of God and man works diligently in every facet of human life, to encourage all ages to ignore This Gift of The Father's Love that passes through *one small voice*, and is Headed by The Holy Spirit of The Creator, that humanly was known as 'Joseph'.

When We see or hear rejection of This Gift, We All, in some form, try to encourage those who believe, to stand strong, stand firm, and pass on to others, regardless of what the reception is, what All These Messages mean for the Souls of all living human beings.

There is no other place in the world at this time, that a Gift of This Measure, This Force, This Source, is so deliberately being spoken in a format understandable to the human mind.

As I leave you on this day, you must understand that through the Soul that each living human being is the custodian of, human life of all ages has the responsibility to value human life, to protect human life, and to obey The Commandments of The Father in

**Their fullest degree, not accepting
Them in the briefness They have been
delivered down through time. So be
it.”**

SAINT COLUMBKILLE

“I am Saint Columbkille.

The Father has given to the world a Gift Greater than mankind can fathom, determine, or understand the Greatness of This Gift, because it is based on His Divine Love which is beyond human comprehension.

When man says to man, ‘I love you,’ it is a security between them, it is a friendship, because security gives strength to a relationship between two people that nothing else can give.

When a child is born, the child depends upon those who will feed him or her, clothe them, and/or instruct them through talking to them, and caring for them in different forms, degrees, ways, that help the child grow to a degree wherein the child will be able to take over on his or her personal needs. The Father, in His Love for His Creation of human life, is ever ready to give Strength, Protection, Hope, Direction, when it is requested, or many times when it is just presented at a time of need.

The world has been Blessed by This Gift of The Father's Love, bearing the Name of The Beloved Saint Joseph. The very fact that This Gift is called by His Name should encourage every human being to feel the Security in All that is given in Direction, in Hope, through This Gift that is allowing All to be written for the present time, and many, many, many, many, many, many, many years to come. Reading one Line can be exactly what an individual needs to strengthen them morally, mentally, physically, spiritually, because oftentimes it is all that an individual needs to give them hope, or the means to make a decision that can change the whole course of his or her life.

Truth is a valuable asset. Reason has a valuable purpose. Divine Love is a Gift beyond what mankind knows Love to be. All of These Things are passed through This Miracle of Hope, because at 'this time' The Father Decreed This Gift to be handed to all races, all colors, all creeds. It is the Greatest Weapon against all that is demonic, satanic, impure, unjust and harmful to the Souls of millions of men, women and children.

When mankind hears of a Miracle of This Greatness, he or she oftentimes tries to use human reasoning to justify his or her understanding, thus ignoring the Meaning of the Wording that is given by One of Us Here.

Many Blessings are handed to the world through This Gift of Divine Love. It is important that mankind accept This Gift, and use It as It is needed, because in so many ways, It instructs human life on the Importance of why human life was created, and the Goal that awaits the Souls of every living human being. So be it.”

MAY 27, 1998 AT 1:57 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In The Father’s Announcement of This Gift that He was giving to mankind, there was much ‘Preparation’ regarding *the child* in whom He was placing this Tremendous Responsibility.

In so many ways This Gift has given to the world Strength, because of the closeness man has to God, to The Saints, through the Words that are being put into script to give to millions upon millions upon millions, Directions, Hope, Love, Encouragement, Courage, to more fully understand how human life is connected to The Creator of All Things.

The Soul is the Connection that gives to human life a Place that nothing else created has. We hear so many individuals, after reading What One of Us has spoken, question, ‘How could this happen?’ Mankind must understand the importance of Faith in his and/or her relationship to The Creator of All Things. This is the most ignored Fact of Truth, because mankind

many times refuses to comprehend, to accept this Gift of Divine Love that nothing else is created with.

The world is in chaos morally, physically, spiritually, because the enemy of God and man uses every facet of weakness in human life, also the arrogance of some individuals, to demean what is so Precious in every human being born, and that is called 'the Soul'.

So Many of Us have spoken in a logical degree of terminology, so that it would be easy for men, women and children to see the Value of what the Words mean, and for them to value the importance of the closeness they have with The Creator of All Things.

Let us stand in a courtroom. The Creator is The Judge. The enemy of God and man is present. As we hear this enemy speak, it is obvious that no human being could stand what this enemy is saying, because it is based on immorality to the lowest, foulest degree, but covered by a synthetic formula of integrity.

The world has been Blessed by This Gift, and there are so many yet to be touched by It. It is sad to see so

many delays, because of the lack of full understanding of how Important This Miracle of Instruction is to the lives of mankind throughout the world, not for just this time in the History of human life, but for all time to come.

I beseech those who are part of This Gift of Divine Love, to use their Faith to spread throughout the world This Blessing of Divine Love that is beyond what any human being could fully describe, because only Those Here Where I am, have This Gift to be able to help others firsthand, on the importance of striving to become ‘a Saint’.

The Commandments of God must be spread in Their fullest Measure, along with All that We have said, because They are the forgotten Measures and Treasures of Direction that mankind must have.

God’s Commandments, when delivered to Moses, covered every facet of human life, human behavior, human morals and human basics of understanding in one’s conscience and intentions, that all thoughts, words, deeds, actions and goals, have and are

responsible for the protection of an individual's Soul.

In the abbreviated form of addressing each Commandment to one line, dismisses, ignores, and eliminates the Greatness in which, and for which God, in His Divine Care and Love for His Creation of human life, would never eliminate.

Logic automatically tells mankind that God, in His Love for mankind, would be extremely thorough in His Wording and Directions, so as to not allow for misinterpretation of such Important Rules that would protect that Important Portion of human life, the Soul, that is obviously the Link between God and man, because without this Link, human life would be like all other living animal life.

Mankind must consciously, intentionally, mentally and morally, remember that in His Delivery of His Commandments, He was thorough and deliberate in the full Meaning of each one of Them. So be it."

MAY 28, 1998 AT 1:25 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Children innately understand what is right, what is wrong, what is truth, what is untruth. They oftentimes are overlooked from those who feel they are the authority in the dwelling, in the school, or even in the church, so the child does not question his or her opinion, constantly dependent upon the authority as they see it, understand it to be.

In giving to the world This Miracle of Divine Love, This Treasure of Hope, on the Importance of what human life was created for, mankind has been Ultimately Blessed, because it is through This Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’, that mankind is beginning to more fully understand what a Closeness God is to man, because of the Soul that every human being is given at the moment of his or her conception.

We hear individuals discuss What We have spoken on different subjects. They innately know that What

is spoken has much value to It, much creditability to It, much logic in It.

A Miracle of This Dimension is a Gift beyond what human minds would have the insight to deliver in the fullness in which so Many Here in the Heavens readily give, in a format easy for all degrees of intellect to understand. Each time One of Us speaks it is a Blessing, and it is sad when We hear someone who denies the value of What is spoken by Us.

It is not always a lack of Faith that there is a God, but many times it is a lack of understanding the closeness human life has to God. There would be much more happiness throughout the world if human beings would be thankful for the closeness they have to The Creator of All Things; also, to use every area of conscience, mentality and Faith to value What is so realistic, unquestionable, because It has so much logic in the descriptive manner in which It is delivered.

We see men, women and children differ on opinions on many subjects, but the Subject of The Creator of All Things should be seen on the logic that is evidenced by what a human being

consists of; also, by the earth that a human being uses for many reasons, such as food for the body, food for the Soul, food for the intellect, food to understand the Purpose for which life was created, and what a natural Gift it is to feel love in so many things.

I will shorten My time with you, because What I have spoken is important to be remembered, because in remembering It, It will give Strength to human life morally, physically, emotionally, spiritually. So be it.”

MAY 29, 1998 AT 12:40 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

You walk and live in a time similar to the time that The Son of God walked as man amongst mankind, speaking, instructing and directing others of all degrees of intellect, regarding the Importance of what human life consisted of: a mental ability to learn, a physical to do many things with, but above all these, too, mankind has a Soul that was the Most Important Part of what man was given at the moment of conception.

Though the Soul cannot be seen, the Soul is obviously felt in the intellect, in the sensitivity of justice over injustice, right over wrong, truth over untruth, balance over imbalance, Faith in The Father based on the logic of the Creation of human life.

As I speak through *a little one*, the Words are Mine. The Father requested Them to be delivered for all time, for all who would come after this time to be taught, to be instructed,

and to be able to understand that in the Creation of man, The Father gave more than life; He gave a conscience, an intellect, and the ability to make decisions of purity over impurity, love over hate.

The world has been Blessed by This Gift of His Divine Love, 'this time' in which He allows so Many Here to instruct men, women and children of all races, all colors, all creeds, on the Truths that mankind should be aware of, and should constantly use These Truths as the Foundation, as the Basis of how he or she accepts all other things.

Mankind chooses to live in groups. Not too many favor living alone. This is the basis that God instills into mankind, because through this need mankind must understand, that as a Soul is placed at the moment of conception, it is the first step to mankind wanting to not be alone. It is sad when We see individuals make excuses against such Truths.

Today as I speak, I speak with The Father's Will that These Words will pass throughout the world, encouraging human life to face the

reality that man was not born to be alone. This applies to the time one is living, but do not forget, man should understand it to also apply to the time when life as man knows it to be, changes into Another Life Greater, promised by The Father, and This Life is for All Eternity. So be it.”

JUNE 1, 1998 AT 1:26 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Mankind has been Blessed by The Father through This Gift of His Divine Love, in ways, in degrees, that mankind does not truly see.

All The Saints Who have been allowed to speak openly, clearly, and in detail, feel it is a Gift of The Father’s Love allowing Them to be heard at this time, because there is so much diabolical interference in the lives of men, women and children in every part of living human life at this time.

Mankind wishes for a gift, specific appointment that is profitable to him or her, help in their physical health. The Father has sent to the world a Gift of Personal Communication, using *one voice, one body*, with continuous Direction, continuous Instruction, based on Divine Love, Divine Will, Divine Hope. There is no Greater Gift to mankind than This Gift of Communication that is allowed to be put into script so that It will remain until the end of time.

A Blessing of This Magnitude is difficult for many to understand, comprehend or believe, because a Miracle of such Personal Communication is a rarity since the beginning of mankind. True, there have been a small number of ‘others’ who were given the Responsibility to transcribe What The Father Willed mankind to know, but it is sad to say, so much of This was ignored, denied, rejected, cast aside.

All that has been delivered through *one small voice* at ‘this time’ in the world, must never be cast aside. Thousands and thousands and thousands of copies must be scattered throughout the world. All denominations of belief in The Creator of All Things must receive What has been put into script for them to read. Granted, many will have to translate. One Subject, one Line has the ability to touch a mind, that will change all the wrong that it is the victim of.

I hear some say, ‘How can a mind be a victim of what an individual thinks?’ First of all, it is easy to victimize a mind, because human life has been given many areas of communication, based on his or her

own interpretation, or through their senses that many practice, using more than they do what is intellectually correct, morally sound, morally pure.

So Many have been allowed to speak through this *one voice*. The Father has delivered It in this form, format, so that there would be less confusion, because if All that has been delivered was coming from several sources, human behavior would automatically cling and cooperate with what they were most sensitive to.

As It is being done through *one voice*, 'one location', *one individual*, it does not give a choice that individuals would automatically resort to, according to their personality, or their degree of feeling, that they would choose one individual over the other, because they would feel it more advantageous to their beliefs, their practices, and manner of living.

Nothing is ever complicated that comes through this *one voice*, because The Father designed This Gift of Divine Love to instruct, encourage, and in some ways command those who read What is written, to logically understand the full meaning of the Importance of

What is delivered, and with *one voice, one funnel* of His Love, *one channel* of sound, it is easier to follow, avoiding having to make choice.

The world has been Blessed with This Gift of The Father's Love, in more ways than mankind has the ability to fully understand, and it does not take wisdom to comprehend the Importance of Any of the Directions. All it takes is the realization that purity of the mind and the body is important for the life that mankind was born to have.

The world in many ways is suffocated by demonic pleasures that basically are not pleasurable, nor do they bring happiness to the individuals, because of the ugliness that these diabolical ventures cause in the minds, in the temperaments, in the logic, in the senses of those who are easily victims of such a way of life.

I have been given the privilege to speak today, and I have been given the privilege to bless, The Father's Way: *In Nomine Patris et Filii et Spiritus Sancti. Amen.*"

JUNE 3, 1998 AT 1:28 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

The absence of the signs that encourage men, women and children to remember The Commandments of God are obvious by how mankind acts, communicates, and practices moral ethics, moral soundness, morality in its fullest measure.

Today, if mankind were to have The Commandments of God obvious to their eyes wherever they would go, it would have an effect on their memory as to These Rules being important, because it is through These Rules that mankind is able to judge what is right, what is wrong, to a degree in which These Words are written.

Granted, time in many ways has lessened what each Commandment fully means. Mankind has a way of diminishing content that is important, because of his or her necessity to memorize important facts.

Let us take one Commandment of God. When the beloved Moses

spoke of this Commandment, he used much descriptive wording, so that the Commandment would be more fully understood, and give mankind the ability to evaluate the Commandment in a greater degree, helpful to the Soul, because if everything is not declared clearly, much is lost, and it cannot be seen for its fullest measure of obligation, of value, of need.

Today as I speak, it is The Father's Will that The Commandments be more discussed, and put into a greater degree of description, like that Time in which They were first delivered to Moses.

The world has been given a Great Miracle, and though It is denied by millions, Truth is stronger, greater, and more valuable, and will remain in spite of human beings putting Facts in a diluted format for so-called 'better memory'.

When one dilutes an important issue, circumstance, Commandment, it is a great loss in many ways, because the Soul can be the victim if the individual or individuals do not value, cope, or realize that one word is insufficient to describe the importance of something

that will affect the Soul of one or more human beings.

As I speak, I speak with a deep Affection for mankind, but I speak with a Great Love for the Souls of mankind, because the Soul of every human life is That Portion of life that will remain Forever, because That Portion is a Portion of The Creator of All Things, and that Soul will live on Forever. So be it.”

JUNE 8, 1998 AT 1:08 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. So many times when We hear *this instrument* in conversation with others, We smile at how in-depth some subjects become. This type of structure of thinking is ordinary to her. That is why when We speak, What We say is easy for her to repeat, because in Our Words she concentrates on Our Delivery and the in-depth meaning of What We desire others to read, to understand, to follow, to practice, and understand the Worthwhileness of each Phrase, each Word, each Direction, and the Purpose behind each Statement.

It is easy for those who are new to what This Gift of Divine Love is all about, to rationalize in their own terminology, resisting of course the practicality and the Divine Love that All that is spoken is based on. If those who read What We say, that is written Word for Word, they should find in the Content more than human deliberation, human intention, human caring, because Our Words are continuously supported by Divine

Logic, Divine Intervention, Divine Love. This, of course, is different than conversation through the human mind of any individual, even those who are educated on what man terms ‘Spiritual, vocational aspects’.

Today as I speak, My Words will live on longer than mankind realizes, because like all other great writings, All that has been delivered through This Gift of The Father’s Love, will last far longer than mankind supposes It to be able to last.

As I speak, I hold this *little one* through whom We All speak, close to Me, because after so much delivery of Our Words, the human part of the body is physically exhausted and weak. It does not show, but We are All aware of the in-depth physical weakness that is endured for Our Words to be spoken, so They are allowed to be written for this time, and for all time to come.

Just as what man calls ‘the Bible’, the Words, though not as clearly put as They were when They were given, but They have much meaning in Them even in Their conciseness. Through This Precious Gift of The Father’s Love for human life, bearing the Name

of The Beloved Saint Joseph, mankind must understand that though He was spoken about in past History as being 'a quiet man', through Him, men of all degrees of intelligence, all degrees of abilities, were trained in somewhat of the same format as mankind is being trained now through This Gift of The Father's Love, that bears the Name of *'The Miracle Of Saint Joseph'*.

The world once again is saturated with diabolical forces, that in so many ways are acceptable because of so much fear regarding personal rejection of them. It is time for mankind to stand up to the 'Spiritual War' that is being fought throughout the world. There are so many humanistic words making claim to what is going on.

Basically, the world is in a 'Great Spiritual War', because the enemy is ever present, and in his evil forces and sources, encourages men, women and children to use methods, ideas, practices and weaknesses, that ordinarily would be fought against if mankind would face the issues in the proper order, manner, way, seeing openly that all things are not what they appear on the surface, that there is an undercurrent of evil that is shaded by

human weaknesses, and yet this evil is shattering morality in every area of man's conscience, practices, abilities.

No longer has mankind allowed himself or herself to value the Time in which so much was given, instructing human beings on the Importance of human life, and how it was to be practiced morally. It does not take more effort, strength, intelligence, to indulge in what is morally sound. Mankind, through moral weakness, is destroying so much more than he or she sees, feels, understands, comprehends, because humanism has taken over, rejecting totally, purity of the mind, actions, intentions, and Goal for which human life was created.

I could speak continuously with no stop, for a time longer than human beings could handle putting These Things I say in script, but without the Words being put into a form for others to read, it would be a waste of time, so I beseech you, those of you who have been chosen to walk with *this child*, be part of What The Father Wills the whole world to know, do not change your paths, but see that These Words reach every facet of human life throughout the world. So be it."

JUNE 10, 1998 AT 1:25 P.M.

SAINT PATRICK

“I am Saint Patrick. As this *little one* through whom We All speak repeats Our Words that are All to be put into script, the Communication is silent, yet in a form audible to her. When I say audible, I mean as the Words are instilled into her mental, They are repeated by her in a sound manner for others to hear and to be able to understand the Closeness that Heaven is to man.

It is sad to hear many say that it is difficult for them to believe how this Closeness can be when, humanly speaking, mankind depends upon a sound different than when We speak through her.

Today is an important day, because mankind in some way, some form, some manner, is facing a turning point of Spiritual understanding, based on All that has been delivered through This Gift of The Father’s Love. All that has been written must be passed, without question, to those

who do not have the privilege to hear Us in a direct, audible manner.

The world must be saturated with These Truths, helping mankind of all ages, all degrees of intellect, to more fully understand what a Close Relationship God is to man. So many things are yet to be spoken, and yet at this point in time so much has been revealed, logical to the human mind, encouraging to human understanding, and a Gift of Truth that, in Essence, cannot be denied.

As I speak today, I speak to alert mankind that this time, this year in man's time, has an Important Value for all time, because of so much Instruction deliberately given in terminology easy for the human mind to be able to associate with Divine Love, and more fully understand that human life has been singled out to be Important, because of the Soul that each human being is gifted with at the moment of his or her conception. Nothing else, or no living creation, has This to be thankful for. Human life is a Design in the Greatest Closeness that man can know to be, because of the Soul that is the Connecting Link between The Creator and human

life. Nothing else has this Gift that is beyond human sight, based on Divine Love. So be it.”

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret. So Many Saints Here in the Heavens continuously request to speak, because there is a great necessity throughout the whole world of mankind, for mankind to more fully understand that human life has the responsibility Greater than man can conceive, and that is, that in each human being there is a Portion of The Creator of All Things. It is called ‘the Soul’.

Many of Us Who are requested to speak through This Miracle of The Father’s Love, This Gift of His Divine Grace, find it to be more than a privilege, because when We walked the role of human life, We did not realize what an Important Way of Life awaits the Soul when the physical is no longer capable of existence.

As I speak, there are Several Who stand Here with Me now, and They, too, are eager for All Messages that have passed through This Gift of The Father’s Love be delivered throughout the world, because there

is no place, no individual human life that is capable of instructing such Valuable Truths to mankind of all ages, all types of beliefs, and all abilities, to learn what is important for them to reach: a Place Far Beyond what they understand Eternity to be.

Many times, as Several of Us move in and out of This Miracle of The Father's Love, We see so many who have been Personally instructed, take for granted What they have heard.

Today I request that all who are close to This Gift of The Father's Love concentrate mentally, physically, actively, on pursuing the tasks to have the Messages delivered by so Many from Here to be sent throughout the world, irregardless of what man terms 'language barrier'. Allow The Father to use His Methods of creating interest and understanding of His Gift that has been given through *one voice*, to reach those of many tongues, many degrees of intellect. We continually urge those who are close to This Gift of The Father's Love to distribute All that has been thus far delivered. Do not question what others may accept or not accept. We are in control when It reaches their sight.

Granted, the integrity, the mentality, the inner beliefs, the backgrounds, also the importance of how an individual feels, responds to hearing, reading, depends much on them as an individual, and no one can determine this, so it is important to not leave anyone out of the distribution of All that has been delivered, for once It leaves your hands, then many times One of Us Here uses What has been delivered in ways inconceivable by you.

True, *the little one* through whom We speak is in man's terms, 'totally without strength'. That is why it is important that the tasks of distribution be given to those who will abide by The Father's Request, and see that the world of mankind will receive What has been delivered, because of the Souls that each human life is responsible for.

Let Me say this: Man talks about a bomb. This conversation intrigues some, causes others to fear because of the danger. Allow the Words The Father has given Himself, and through Many of Us, to scatter throughout the world, irregardless of race, color, creed, because each human being

is responsible for what they accept, how they accept it, the reason for which they accept it, and how they use it beneficially, especially All that has been delivered to awaken human beings to the Fact, to the Knowledge, that human life is above and beyond all other things, and that human life has a Soul, and this Soul, as a Portion of The Creator, was and is to return to Him, bearing the identification of the one in whom It was placed at the moment of his or her conception.

Remember My Words, because These Words are delivered to encourage, to allow, and to instruct all human beings, all races, colors, creeds, on the Fact that human life is separate from all other living things. So be it."

SAINT AUGUSTINE

“I am Saint Augustine.

We hear so many men, women and children of all ages, requesting favors of others that they know, and then suddenly someone will say, ‘I’ll pray for you to get what you want.’

There is no doubt that prayer is not just a means to a solution, but prayer is obviously reaching out to a Higher Being, because so many times the conditions that are difficult to endure, would also be difficult for men, women or children to find the solutions for.

Mankind has been gifted with intellect, with senses, and with the abilities to use these things instantaneously. So many do not develop the practice of using these senses, these abilities, because they become dependent on leaning on others, or depending on others to do what they should be doing.

A lack of faith in one’s own self, one’s own abilities, is a sadness,

because when mankind was created, The Father instilled so many things to give to mankind more purpose than any other living thing, and the intellect to achieve many things morally, physically, scientifically, humanly.

Today as I speak, My Words are to pass throughout the world, because mankind at this time is in great need of Them, and All the Other Words that Others Here have spoken, instructing human beings on the Precious Gift human life is, and that human life is the Closest Association to The Creator of All Things. There is no closer union with God than mankind has, because of the Soul that is instilled into every individual at the moment of conception.

So many Lessons have been repeatedly spoken through This Gift of The Father's Love, entitled '*The Miracle Of Saint Joseph*'. The world has been Blessed, and it is sad to see so few understand, accept, or cooperate with a Gift of This Greatness, when It offers so much Help, Direction, Consideration, Hope for all of mankind, leaving out no race, no color, no creed.

All that has been delivered must be spread throughout the world, leaving no man, woman or child of another background, without the Words We have spoken and continually speak, because at this time the enemy works diligently to dissuade mankind, and to encourage mankind to practice only self-knowledge, self-intentions, putting all things on humanistic evaluation.

As I close My Words at this time, I repeat: ‘At no place, at no time, should What has been spoken through This Gift of The Father’s Love be cast aside or stopped, because millions of Souls are beseeching The Father daily for the help that is needed through This Gift of Divine Love.’ So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Mankind depends upon so-called ‘great minds’ when an important question arises as to the validity of a subject, condition, or matter. So many men, women and children seek the advice of those who have sought instruction on particular subject matter.

Let us look now to a subject that every living human being should be aware of, and use as a guideline for everything he or she says, participates in, practices, or is example of. The subject, of course, is the recognition, the realization, and the insight to human reality, that a Greater Entity Exists than human life.

Today as I speak, and My Words are put into script, These Words are not to be stopped at the point of Their reception, but are to spread throughout the world, because of the millions of human lives that are in need of These Instructions, plus all who will come from this time to later times,

living in the human form, obligated to understanding the Importance of why human life was created, and the Precious Goal that awaits it for the Soul that no living human being is born without, That Portion, indefinable, that connects each human life to The Creator of All Things.

Today as I speak, I speak with a big interest in human life, and the differences in human life, due to the individual's background, intellect, understanding of so many important subjects, and that each human life is connected to Divine Existence through the Soul that is never seen by the individual, but It is That Part, That Portion of human life that reflects in the intellect, in the morality, in the senses, and in every portion of what human life is capable of practicing.

The Father does not ask all children to choose the same vocation to live with, to live by, to use as a means of human practice, human association, but The Father does say, 'Tell them that purity of the mind and the body reflects in his or her Soul, and this Soul, as a Portion of Me, is ever present in My Sight, My Knowledge, My Company.'

Granted, it is difficult for some to understand a Gift of Divine Love in the Magnitude that this Gift is to mankind, but nevertheless, It has proof in Its very Existence, because man is so closely associated to The Divine that it is innate in human life to feel a Greater Source, an Ultimate Source of Communication, of Control, and These Things give human life an advantage that no other living thing or matter has, because the Soul is the Connecting Link of instilling constantly the Association that is evident to all human life, that human life has a Greater Purpose than any other living matter or thing.

Today as I speak, I speak with The Father's Love, and His Desire that mankind distribute All that is delivered through This Gift of His Divine Love, This Miracle of Truths, Instruction, that is a Connecting Union of Divine Love, Divine Life with human existence. So be it."

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. So many times We are requested to speak on subject matter that is familiar in the manner of life mankind is aware of in daily living.

Today as I speak through *a small voice*, I speak to allow mankind to know that so many Lessons are instructed indepthly, through This Miracle, that sounds so natural as conversation, because in this format of speaking, it is easy for mankind to listen and to be able to associate subject matter to his or her daily life.

The Reason so much is instructed through This Gift of The Father’s Love, not always mentioning One of Our Names, is because it is easier to listen to *a human voice*, and it is more understanding in What is spoken, because those who are present are not distracted by remembering Who a Saint is, when a Saint is announced to be a Presenter of an Important Message.

There are millions of children throughout the world who need to learn about This Gift of The Father's Love to all of mankind, all races, all creeds, all degrees of intelligence, all types of backgrounds. Do not refuse the requests of so many, who are in so many ways pleading to more fully understand This Gift of The Father's Love for man.

At this time in which you live, it is a Time of Great Generosity directed by The Creator of All Things, because there is no human intellect who has the capability of instructing so indepthly, so clearly, the Importance of human life, the advantages of human life, and of course, the Goal for which human life was created.

So many times We speak through *this child* The Father has Decreed to be *the sound* for the Words to be heard, to be written, and through these means, to be understood as coming from Him because of the Content, the Importance, the Value, and the Goal that All of These Words stress in a strong formula of delivery, because without This Gift of Divine Love, mankind relies on human interpretation of the Words from a long time ago.

The world has been Blessed, and through This Blessing, Souls of millions of individuals will be returned to The Father; Who, without These Words will be cast aside, perhaps even wandering, due to the fact that the individual in whom They were placed at the moment of conception, will be the instrument that will be a Gift of Divine Love that The Father uses when such a time is needed, because of the Souls that are not receiving the correct attention.

Volumes of words can be meaningless if the subject matter is not clearly stated.

Today I have stated openly, verbally, the importance of every individual's part in the human way that is the custodian of a Soul, and that this Soul is the Connecting Link between that individual, and all who come in contact with the individual who bears that one Soul Who is the Dispenser of Important Grace, Information, Understanding, and Divine Love. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Whenever *this instrument* of The Father’s, *this funnel*, is with one or more men or women, The Father allows One of Us from Here to speak. Granted, All is not written, but there is much Instruction, in detail, on the importance of particular subjects that human life is involved in.

There are so many living creatures of different degrees of size, different reasons for them born, to give to mankind things that in many ways are helpful to the lives of human beings. Then other things were created, to help serve a purpose to the things that apply to a particular way, aiding what is not helpful to mankind, but in some ways necessary for other reasons.

Mankind, many times, chooses to not see the necessity of human life having Rules, especially for their mentality, their abilities; Rules restricting also, when something is obviously impure, unjust.

The Father has allowed so Many to speak through *one small voice* on so many Issues, so that mankind in all walks of life will have some Source to read and to better understand many portions of human life that he or she would not understand unless The Father delivered Information, Conditions, and Important Events; plus, the importance of what one human life can do to affect another human life, morally, physically, mentally, even spiritually.

Generations of mankind have been several in number. Historically speaking, human life has passed through many eras of advancement and of progress, but each era of time, mankind was aware of sound moral values, sound moral standards, and faced these each day as they lived each day amongst those with whom they were associated in some form, some manner, some way, some degree, for some purpose.

So much has been delivered and allowed to be put into script, because in no way can the human mind remember so much Detail, so much Direction, so much Information, and so many Reasons for which human life

was created. All things created have a purpose, but human life has the Greatest Reason and Goal, because human life, bar no one, has a Soul.

We hear different individuals question, 'Why is a Soul necessary?' They cannot see It, they cannot feel It. All they are aware of is they were told of Its Presence within them. The Soul is the Connecting Link of Divine Love, and through this Link human life differs from all other living things or matter, because this Link beautifies human life, and automatically is the Connecting Link of a Future Life, for a Future Life, for human life to look forward to.

The Father's Will is not always understood, but His Divine Love has given to the world an updated Understanding through so Many Saints Here, and through Myself, His Beloved Son, through His Holy Spirit, and He Himself has participated verbally in This Gift that so many throughout the world find difficult to fathom, to accept, to even conceive such a Phenomenon happening, that they cannot see, they cannot feel, but through the written Words It is

described in a Liberal Source, Force, Manner of understanding.

Divine Love is a Love beyond human understanding, Divine Hope Greater than the human mind can comprehend. Divine Assurance is a Facet in the Soul of human life that will remain Forever. So be it.”
