PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

SAINT ANNE

“I am Saint Anne. I do not speak often through This Precious Gift of The Father’s Love, obviously giving to mankind Sound Direction, and an awareness of how deeply mankind is Loved, in a manner and in a way different than mankind loves each other.

The world is saturated with so many areas of impurities, indignities, demeaning to the very existence of the individuals. In the Creation of human life, so much was implanted into the senses regarding purity for the mind, protection for the body, and a deep sense of recognition that others should be respected, because of their being human, having a Soul, and bearing that Special Grace that goes with human life, being able to know what is morally right, sound, pure, for all their acts, actions, words, works, accomplishments, and practices in daily life.

At this time there is very little example regarding the importance of

the dignity which The Father instilled for the purpose of good example to one another, and of course, for the young as well as all other ages, and all degrees of intelligence. So much is being instructed in an understandable way; plus, so Many Saints are being requested to speak, openly addressing subjects that are obviously daily practices of human life, and these subjects must be understood as the basis on which human lives will be Judged.

Now I will mention a subject that few ever think of, and that is impurities of the mind, the body, in many ways that are being practiced without any thought of the consequences that these things cause to one's self, or to those with whom they are involved.

Mankind says, 'I know The Commandments of God,' and perhaps he or she can repeat Them word for word, but as mankind knows These Commandments, They have been brought down to such a concise formula of thinking, that much is not considered as being part of the Commandment, as it was when it was first delivered to Moses a long time ago.

I will use only one Commandment in My Description: *Thou Shalt Not Kill.* We so often hear someone say, ‘I have killed no one.’ We say, ‘Perhaps you have, because there are many ways to kill,’ but mankind connects only the physical body to this Commandment. This, of course, is due to the fact that through years of condensing These Commandments, so much of each one of Their worth has been diminished by the excuse that it covers everything, and They would be too lengthy to memorize in Their fullest delivery.

Another Commandment: *Thou Shalt Not Steal.* This covers many portions of human life, but it is humanly accepted in a very light, humanistic evaluation. It is time mankind learn the full meaning of The Commandments of God, because if they do not, many Souls will suffer for all eternity, because of the individual in whom They were placed at the moment of conception.

Ask yourself: Do you truly understand that within you, you carry a Specific Portion of The Father of All Creation? If you say ‘Yes,’ then you must ask yourself, ‘What is this Closeness, this Connection I am the custodian of?’

I say to the whole world: 'Awareness is the first step to understanding that human life has within it a Special Gift of Divine Love that causes human life to have the abilities of understanding, the senses to understand that there is a Greater Force, Source, Entity of Life, that human life is responsible to, because of that One Portion that connects human life to The Divine.' So be it."

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. When the story of My life is put into script, there are many important facts that others do not know about, so what is written oftentimes states situations that are far less important than what the important occurrences consisted of.

In so many ways, this is what occurs so many times in stories of those who have lived in a different time of life, and who practiced obedience to The Father’s Will according to specific rules, regulations, needs and purposes that The Father Decreed must be covered at a given time, so in later years mankind would be cognizant of important issues.

Today as I speak, I speak with a deep Love for This Gift The Father has given to mankind. The allowance of so Many Saints to speak is a Gift of Magnificence beyond human understanding, because with so Many Different Lives involved in presenting to the world of mankind issues, values,

ideals, give to mankind a greater understanding that We All faced many things, and were responsible for many things that mankind is confronted with now.

We hear men, women and children delighted to read the stories that are written about the Lives of The Saints. Granted, so much is not put into script, because no individual would have the capacity or the time or the ability to write in detail all the personal hidden Instructions by The Saints to them.

The world has been given a Great Miracle, and those who doubt find emptiness, and use only humanistic evaluations on how to handle situations that would be more beneficial morally, physically and spiritually, if they were handled with a conscious understanding that they have within them a Portion of The Creator of All Things.

The question that mankind of all ages should never ignore, and that one question is: 'Today, have I pleased God, and is my Soul pleased with me?' Sounds like a simple question, but it is enormously important, because the Soul is the recipient of the Judgment at a given time, that each human being

will be responsible for; also, will be the recipient of in a way, in a manner, in a degree, difficult for mankind to understand now, but as human life consciously reaches for strength to conquer weaknesses, hope to be successful in many areas, mankind should also constantly be cognizant of success for that One Great Portion of human life, to return It to God 'a Saint'. So be it."

JUNE 22, 1998 AT 1:24 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. This Magnificent Gift of Divine Love that allows so Many of Us to speak to mankind of all ages, cultures, creeds, is a Gift beyond what human love can possibly understand.

Man talks about phenomenon, exaggerates its existence when he or she sees the magnitude of an occurrence, a situation. What The Father is allowing at ‘this time’ in which you live, is beyond what any phenomenon can be determined as the greatest thing that could happen.

Ask yourself when you pray: Do you truly believe that the prayer is being heard by the One to Whom you are praying? Though this question is simple, it is an important question, because so few truly understand the closeness that mankind has to All The Saints, because through this close Connection there is a Strength of Hope that nothing else has.

The Father has handed to mankind a Miracle of Communication, allowing

so Many to speak Words of Direction, Words of Consolation, and These Words are oftentimes just looked at, but then passed over because there is no sound to the Words, yet how many individuals will read a story of their choice and remember what was expressed, what was elaborated upon, even down to the characters involved; also, many times, remembering this story in detail years later?

All that has passed through This Gift of The Father's Love must be passed throughout the world in every language, in multiple copies. To some this is a great challenge, but the challenge is the most worthwhile Act of Divine Love that human life can give to the whole world of mankind.

There is no material gift that can equal One Revelation of Direction by One of Us Here, because there is nothing that mankind has that is greater than the Soul that is given at the moment of his or her conception. The Soul has been chosen to exist Forever, bearing the name of the individual in whom It is placed at the moment of conception.

Today as I speak, I speak with a deep Love for mankind, because the

Gift of human life extends far beyond any other living thing or matter. The strength in a human mind is important in daily living, but each human mind has the responsibility of understanding that the mind only remains as long as the living body exists, but the Soul goes on Forever, and the Soul, as the recipient of all that the individual practiced in his or her lifetime, will be what will live in a Form Greater than what human life is all about physically.

Many hours could be spoken, thousands of Words could be written, but What I have just given in a short span of time, considered brief in Content, is more worthwhile than if an individual was able mentally to retain a thousand volumes of any other subject. So be it.”

JUNE 22, 1998 AT 2:11 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It is with Great Joy, Deep Love, and a Mother’s Concern that I come to speak today.

Children throughout the world are not being encouraged to act in a pure state of speech, learning or instruction. Children are being ignored, allowing them the so-called ‘freedom of thought, action’, using their will so that they will be strong amongst others their own age, or even under conditions that involve those of older ages.

The world has not just ignored The Commandments of The Father, but has dismissed Them as the Guidelines for all ages. This is a great sadness to All of Us, because without an individual’s understanding of the importance of the Guidelines set down by The Father, for each human being to more fully understand the necessity to protect the Soul against any dismemberment of Its Being, is a sadness beyond human understanding.

Today as I speak, I speak through *an instrument* of Communication. Just as there are many works in life that call for demonstration of instruction, it is also important regarding what a human life is expected to follow morally, because of The Commandments of The Father, that at this time throughout the world are being totally ignored, even by those who profess to believe they were given the task to instruct mankind on moral values, moral standards, moral intentions, moral guidelines, moral truths.

As I speak today, I speak as a Mother to all of mankind, encouraging everyone to correct all that they are doing that is impure. Erase impurity from your thoughts, your words, your actions, your feelings, your intentions, and replace it with a fuller, deeper, more intense understanding of the value of serving in purity, every facet of life, with your Soul as the recipient of all you do, you say, you act, you think, because your Soul is connected to The Father in a Closeness not understandable to human life, but within the mind of human life there is an understanding of what is pure, what is impure.

So remember, purity in all ways, all degrees, all actions, should be how you respond to everything you participate in, you are associated with, every moment of every day. So be it.”

JUNE 23, 1998 AT 1:02 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. For so many men, women and children, it is difficult for them to believe that All The Saints Who speak through This Gift of The Father’s Love, actually speak through *one voice*, with insurmountable Love for all those who have yet to face that moment of decision for his or her Soul.

Mankind, in a general way, is told that in human life there is a Precious Gift of Divine Love that no other living thing or matter has. We hear some say, ‘If It is truly there, why can I not feel Its Presence?’ You do, in every moment that you speak, you act, you take part in the formalities of daily living, in the pleasures of daily living, and even at those times when the physical feels weak or ill, or even distracted by something, someone, some occasion.

Today as I speak, I know that My Words will not be accepted by some, because it is difficult for human life, human mentality, to comprehend that there is an Important Portion of

human life that is physically, mentally attached, or Part of The Supreme Being.

As God is The Master Planner of All things created, it should be logical for the intellect of human life, to at least try to understand that they were not created by an object that had no power, but logic should tell every human being that there had to be a Supreme Power to create All there is.

We hear men and women argue over how they feel, how they see man was created. Most times they use what We would call ‘a logic based on total imagination’, ignoring the necessity for a Greater Power to Exist.

The world has been Blessed so many times when The Father hands to the world *a voice* that repeats What it is told to say, to speak, and *the voice* dares to speak It in the Name of The Creator of All Things. So Many Saints feel privileged to be a Part of This Great Miracle wherein there is so much Instruction, such Personal Attention, enlightening mankind of all ages, all degrees of intelligence, to more fully understand that human life was created for a Goal.

Daily We see individuals striving for a higher goal in some source, some area that they are interested in. The Father has given to the world a Miracle of His Divine Love. Some say: 'Why is It called "a Miracle"?' I see nothing happening that is unusual to my sight.' Mankind has a way of accusing, abusing some of the Greatest Gifts The Father has given to human life.

The world has been Blessed, whether men of all degrees of intelligence deny It, because through This Blessing, It has awakened the mind, the conscience, the interest, to give to mankind positive Facts, the importance of morality over immorality, and that Divine Love is ever present in all facets of human life; plus, there is no place in the world where mankind exists that cannot read exactly What has been delivered through *one small voice*.

Logic should tell mankind when they feel denial of This Great Miracle, that *one voice* is all The Creator needs to instruct in many areas on the Importance of human life, and the Goal for which it is created. So be it."

JUNE 25, 1998 AT 12:50 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. We hear many discussions, opinions, arguments, on what man refers to as the ‘laws of a nation, of a country’, that all others are to abide by.

The Commandments of God are rarely spoken about, and yet These Commandments cover all facets of human life, thoughts, words, professions, plus every state that an individual calls ‘a vocation’ that they are dedicated to.

Every day We see all these important things dismissed by individuals who pay more attention to the rules that individuals make regarding how things should be taken care of that are physical, such as how to build an edifice, how to control the attitudes, personalities, practices and involvements of individuals who, in some way, are doing things that are not acceptable to the majority of people, or to man’s laws.

Today as I speak, I speak with a deep Understanding, Concern, that

This Gift of The Father's Love is so evident on so many areas of life, deliberately instructing the importance of logical thinking, logical practices, that obviously protect men, women and children in so many areas of daily living.

The world has embraced humanism, and if several individuals are asked to describe how they determine humanism, the importance of it, in many ways they would find themselves not covering important facts, because in looking at humanism they would be so ready to accept laxness, indifferences, weaknesses, all eliminating The Commandments of God that so few now even think of, as they approach decisions that are morally based on what is pure, what is impure, what is right, what is wrong.

The Father has given to the world so much Verbal Descriptive Love, asking for It to be transcribed so that individuals do not have to use their degree of ability to remember issues that are important.

We see thousands, millions, daily throughout the world, bent on reading books that have no value to their way

of life, because the individuals tend to want to be entertained, so according to their personal opinions they choose reading that has no value to it.

I ask you, I ask the whole world of mankind, ‘How many individuals take the time each day to concentrate on the in-depth Value, Reasoning of God’s Commandments, and how in their daily life they are so in tune with The Commandments that they readily know that they have committed an offense small or great?’

It is important that mankind be not just entitled to read what The Commandments of God say, but They should be scattered throughout the world, reminding mankind that the First Rules of life came from The Creator of life. So be it.”

JUNE 26, 1998 AT 1:32 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“As I, Saint Joseph, speak to the world, it is to encourage, enlighten, and to give Hope, in a form and in a manner that is understandable to all degrees of intelligence, and to all who are born in different areas of the world.

The Father has Decreed This Time to be, to instruct mankind of all backgrounds that human life is a Gift of Divine Love that bears within it a Portion never seen, but obvious by Its unseen encouragement to believe in a Creator, and to understand that there is a right and a wrong, a purity and an impurity in thinking, in actions, in words, and in example in all areas of life.

As I speak openly through *a voice*, My Words are My Words, because at this time mankind is walking a tightrope that is not strong enough to carry the impurities that mankind is so involved in, as mankind knows a tightrope to be dangerous to walk, because of the individual having to balance against so

many odds, weight, against one small strip.

Today as I speak, I ask mankind to realize and to understand that the enemy of God and man, knowing the weaknesses of human life, constantly shakes that tightrope with temptations to distract from what is morally strong, morally sound, morally pure, in the individual's belief in the Importance of having a Soul that is the victim, or can be the victim of impure thoughts, words, actions, demonstrations, practices.

The world must hear of This Miracle of Instruction, and too many are reluctant to be the deliverers of It, because of the criticism they can encounter by those who are more apt to deny the True Existence of a Creator, and that purity is not that necessary to an individual's actions, thoughts, words, practices.

I could go on and on, but it is important that mankind of all degrees of intelligence and Spiritual Faith, recognize that they have an obligation to put their Soul above all temptations, protect It from any disgrace. It would not be impossible to do. The Father

**requests mankind to protect the Soul
at all costs. So be it.”**

JUNE 29, 1998 AT 1:21 P.M.

SAINT PETER

“I am Saint Peter.

Only the ‘highlights’ of What was delivered at that Specific Time, when The Son of God Himself spoke Words of Direction, communicating with a handful of men, so that All that would be delivered, would one day be passed to millions of men, women and children throughout the whole world.

Every Word was not put into script, but by mouth. Those who received the Messages were granted the Grace, the moral strength, the intellect, and the ability to be able to transfer to the intellects of others the Magnitude of What was spoken, because of the Importance of human life, and that it was the container of More than what human beings thought it to be.

All of the Instructions were unable to be taken down Word for Word at that time, but the instilling of so much remained, and they logically discussed with each other their determinations on What they had learned, and the

Magnitude of Its Meaning was never lost.

Today in your time, mankind would expect The Father to reach mankind differently than He decided it to be. We hear some say that The Creator would not put Words through *a woman*, but would choose man. I ask you, those who cast this doubt: ‘Was there not a Woman present Who was The Divine Mother of This Deliverer, and She, too, participated in a Great Degree of discussion when All had been spoken?’ Any of us would go to Her and say: ‘Your Son has spoken this way. It is so Magnificent. How can we mere men repeat His Words? How can we mere men encourage mankind to fully understand the Importance of being man, and the Great Gift of Divine Love that human life is the bearer of, a Soul, a Portion of Him?’

We hear human beings say about someone close to them, ‘We’re soul mates.’ They mean it as a compliment, as a strength. At the moment of conception a Portion of The Creator is placed within the conception, joining human life with Divine Life, Divine Love, Divine Hope, so that human life

has a Goal for it, that no other creation has a Gift like It.

As The Father has given to the world This Gift of His Instructions through so Many of Us Here in the Heavens, Who also walked as mankind throughout the world, This Blessing is beyond human imagination, but It should never be not seen for the Magnitude of the Gift It is, for without the Gift, human life would be like all other living matter.

Throughout the world We hear so many men, women and children acting out totally humanistically, ignoring right from wrong, purity from impurity, irrational judgment rather than accepting logic in what is pure, what is impure.

The world at 'this time' has been given a Gift Greater than mankind can accept, but it was similar to the time when The Son walked the earth. It took a particular Faith, and the reality of life, and that without a Supreme Being nothing could exist. Many who walked argued many points of concern over the Facts.

We hear the same arguments today in your time, because they are ignoring

one Very Important Issue: Without a Supreme Being, nothing could have been created. Also, mankind is created with a sense of justice, a sense of what is right, what is wrong, what is decent, what is indecent, what is pure, what is impure, what is safe, what is unsafe.

I speak with a Love beyond human love, but I shout It from the Heavens: ‘All that The Father has allowed to be passed through This Gift of His Divine Love must never cease to be allowed to travel throughout the world, in all languages, to all ages, and yes, to all vocations of life!’ So be it.”

JUNE 30, 1998 AT 1:10 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

Learned men throughout the world, are finding themselves dictating their opinions on so much of what they are determining to be exceptional in oratory, and in description of The Father’s Will for human life.

There is much chaos throughout the world morally, mentally, physically, spiritually. There is a sadness to Me when I must speak These Words. The sadness is within Me, even though I am a Saint.

Mankind’s definition of what is morally sound, morally correct, morally pure, morally Sacred, is oftentimes based on the individual’s experience and own impressions that appeal to them, regarding the nature, the personality, the mentality of those with whom they associate, and many who they admire because of their works.

Today as I speak, I want mankind of all ages, all degrees of intelligence, all backgrounds, to use sound logic in

how they express their love for The Creator of All Things. These words 'Creator of All Things' are words of the past, because mankind has become so egotistical and possessive of what he or she terms a 'greater psychological opinion on Spiritual matters that human life is obligated to follow, to accept, and to be example of'.

Mankind, in scientific ways, knowledge, has in some ways been allowed to advance, but mankind, in putting all things physical, mental and personal, is basically ignoring some of the greatest facts, features that The Creator put into human life, and that is basically, first to understand that mankind is limited; there is only One Creator. Mankind, in so many times of historical changes, has dismissed Who the Real Intellect is where mankind is concerned.

Let us take a simple prayer that is spoken many times every day. The words are: *'God bless you,' 'God love you,' 'God be with you.'*

Today as I speak, I know that My Words must be limited, because Here in the Heavens We are not limited, but when We deal closely to mankind,

the relationship of communication is limited.

It is important that men, women and children throughout the world understand that human life is Special, because in all the creations of living matter, human life is of the highest level, because human life is endowed with a Soul, a Portion unseen, that is a Portion men cannot feel, but intellect, sensitivity, in a special way, allows human life to feel that human life is Special in several ways.

The One Who discloses this to an individual is the Soul of the individual, and the Soul participates in everything an individual does every day. The Soul is not seen, but in some ways, at some times, the Soul is called or referred to as the ‘conscience’, or that ‘realization’ of what is right over what is wrong.

The Father’s Design of this Miracle of Divine Love is a Miracle Far Greater than anyone has been able to comprehend to Its fullest degree, and that is why so much has been instructed by so Many that The Father directs to speak, because human life could not handle All there is to know, to understand, or even to believe.

A Gift such as This Miracle of Divine Love that instructs in different ways, on different points in which human life is involved, rarely, if ever, does not instruct on the importance of purity of mind, of body, of Soul, and the closeness that human life has to The Creator of All Things.

We hear some individuals say, ‘All that is given seems to be somewhat close in length of words.’ We smile at this, because it is The Father’s Will that too much at one time not be given, because so much is important for mankind to fully understand the Close Relationship God is to man. So be it.”

JULY 1, 1998 AT 1:11 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

At this time, this year in which you live, it is a difficult time in many ways. We hear mankind talk about financial problems, marital problems, but rarely do We hear anyone say that they are very concerned over their moral code of ethics, and the so-called ‘Judgment Day’.

We many times get requests to aid when someone is ill, to use a Higher Power of Love to heal, to give strength, and to assure the individual or individuals that We, in Our Love for mankind, will aid them to feel physically stronger, and return them to good health.

Many times when We see so much immorality, practicing desecration to the body, to the Soul, We want to return the request to them and say, ‘You are defacing the Most Important Part of your body, That Portion of you that is a Portion of The Creator.’

Mankind's excuse is that they cannot hear Us in a physical way, but this thought, these words are mere excuses, because men, women and children are mentally, physically, morally aware in what they are doing, and the category of its decency is evident at the time they are doing something they are involved in that is desecrating to the Sanctity of their Soul.

It is sad when We hear excuses, because no matter what country a human being is born, there is an innate understanding in human life that one's actions, one's thoughts, immediately lets an individual know whether it is pure or impure. Some never use the word 'morality'. To them it is not how they would term their actions.

Many times so many excuses are made when there is a failure to act according to The Commandments of God. 'Excuse' is oftentimes the only terminology that can be attached to immorality.

The time has come for mankind of all races, all colors, all creeds, all backgrounds, to acknowledge that there is a Supreme Being, and each one born as a human being must one day be

responsible in a manner, a form, a way, a degree, for how they live the human way, because within human life there is an innate knowledge that an individual is constantly conscious of, in all he or she partakes in.

I close My Words with a deep Love for those who use every chance to pray to The Creator to give them the strength to conquer all weaknesses that can affect their Soul in becoming ‘a Saint’.”

JULY 2, 1998 AT 1:14 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Wherever *this child* is, Many of Us are present. That is why it is so important for her to understand that at any moment One of Us Here will want to speak with Words of Importance, of Direction, for others to be able to have the Knowledge, the Direction, to give to their way of life more moral strength, more understanding of the Reality of The Divine.

We hear so many question This Gift of The Father’s Love, This Gift of Divine Love that has been and is still dictating through *a human voice*, logic in Direction for others to more fully understand that human life was created for a Higher Goal, and that it is through the human way that human life will one day have the privilege, through his or her Soul, to be in a Place, in a Way and Degree, that mankind refers to as ‘Heaven’.

There have been so many times since the beginning of the Creation of mankind, that The Father, in His

Love for this Creation of His, delivered through 'individuals' chosen for this position in time, to deliver Words of Wisdom beyond human understanding in the human mind, but yet understandable in the conscious ability for mankind to be able to see right from wrong, good from evil.

Today as I speak, I speak with a Deep Love for all human life. We hear some say, 'If This Gift of Communication is Truth, why is It limited to *one individual*?' This is the way The Father Decrees such a Magnitude of His Love to be expressed, because if It were delivered to many at one time, there would be much confusion because of the languages throughout the world that would differ. In this way that it is being done, there can be only one logical Foundation understandable to be translated in the proper form, degree, manner, way.

Today as I speak, I speak with a Deep Concern that All that has been given to mankind is not being delivered in the degree that It should be, It must be, It has to be.

I speak now about the Time when The Father gave to a man called

‘Moses’, The Commandments that mankind, from that time on, was to hold as The Laws of Obedience. This obedience was to be in the conscious understanding of a human being that purity in one’s thinking, one’s actions, one’s associations with all other human beings, had Rules to live by, so that the enemy of God and man could not interfere and enforce his jealousies, hate, encouraging individuals to say they did not know what The Creator expected of them.

We have heard some questioning on the length of Our time speaking, that It is so similar, no matter which One of Us are delivering Words of Direction, Concern. It is done this way because of the ability for mankind to absorb important Facts that are not too lengthy to remember. It is Our repetitiveness in so many Messages that gives the strength to the minds of those who read What is spoken, the ability to remember the importance of purity in all areas of life, because of the Soul that mankind is the custodian of.

This Soul, as a Portion of The Creator, must be protected, and that is why This Gift of The Father’s Love

that so Many Here in the Heavens are privileged to deliver Facts on, Instruction, based on every human being understanding that human life is exceptional because it bears within it a Portion of The Creator that man refers to as 'the Soul'. With each Message that is delivered there is an important Factor, Fact within It.

We hear some question, 'Why are there so Many different Ones speaking on the same subject?' We smile at this, because repetitiveness in different forms aids different degrees of intellect, different moral standards of individuals to understand more indepthly than if the Words were exactly the same. There would be no need then, for so Many Here to speak, but as in human life, each individual has a different appearance, different mentality, different likes, different dislikes, different hopes, different goals. I could go on and on here.

It is important that all of human life understand that there is One Goal for human life, and that is to return to The Father, to His Realm that all human beings are created to return to, through the Soul that they are given at

the moment of their conception. So be it.”

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. All of The Saints are requested by The Father to participate in This Special Gift of His to mankind throughout the world. No one is to be eliminated from being able to read what is so Divinely Directed, because of the Importance of the Soul.

When a child is born, there is no child born without This Portion of The Father instilled at the moment of conception. This Gift of Divine Love is Special to human life, above all other living things or matter.

Today as I speak through *one small voice*, as so Many Others Here do, it is important that all races, all colors, all creeds, all degrees of intelligence, learn to respect human life because of the Importance of it, the fact being that it is constantly in close union with The Creator, The Father, The True Giver of life. Mankind never stands alone. The loneliness is only in the mentality. Never is a human being separated from The Divine.

The Father has Decreed This Miracle of Instruction to be, through many thousands of times, that One of Us speaks through This Gift of Divine Love. It is due to The Father's Will and Divine Love for human life.

The Soul is the Communicator and the Soul is instructed to instill into the individual what is right, what is evil. This very fact is proven thousands of times a day, because there is no time during the day that a Soul sleeps, so with this knowledge mankind must understand that he or she is never alone, and that all things are recorded in a manner and a way not conceivable to an individual, but to The Father of All Things.

Many Blessings pass through *one voice*. It was meant to be this way so that mankind would have *one focal point* to be able to accept, to receive, and to follow *the one point* of Instruction so there would be no confusion to the mind, or the intentions, the weaknesses of an individual, forcing them to choose at an important time, on an important decision, practice.

So much has been handed mankind through *one small voice*.

The voice is momentary, the Words are permanently recorded so nothing will be lost to misinterpretation, as so Many of Us have the privilege to speak at the time when the world is in great need of so much Instruction regarding the Importance of human life, and the importance of decisions that human life is faced with morally, every moment of every day.

The Gift of This Magnitude is not man-made but Divinely Controlled, because mankind is in great need of This Communication, and the ability to read It again and again and again, indelibly marking It in the brain so that decision can be substantiated by what an individual has learned through This Gift of The Father's Love for all of mankind throughout the world. So be it."

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret.

It is a natural reaction to human beings to fear harm to one’s body. It is natural to reject what is unpleasant in different areas of one’s way of life.

Today as I speak, I speak with a deep Love for human life, because in such Closeness to The Divine, there is a constant, consistent feeling, urge, to want to help others who are still alive to more fully understand what a Great Gift human life is to man.

Granted, when one is active in the world, humanly speaking, there are many distractions. Many are of sound value, but there are just as many that are detrimental to the purity of the Souls of those who partake in them. Mankind says, ‘I know right from wrong.’ It is a natural ability instilled into human life, what is right physically, mentally, and what is wrong, harmful to one’s self or others.

Today as I speak, I speak with a great affection for human life,

because human life is the foundation for the Greatest Life that mankind can achieve; that, of course, is Sainthood for the Soul. Having walked the earth in the human form, having practiced a particular vocation in life, the responsibilities of the vocation I chose were far greater than perhaps I realized at the time.

Human life is a Gift of Divine Love because it is the only living matter that has a Goal that is Superior to its birthright in the human form. So much emphasis is placed on success, or becoming well-known for a particular facet of talent, or degree of abilities in certain areas that others are interested in, or are helpful to the lives of others.

Today as I speak, I speak with a sincere, deep Spiritual Hope that mankind will not ignore All that has been delivered through This Precious Ultimate Gift of Divine Love, properly named 'a Miracle of Teaching, of Instruction', devoted to all natures of mankind, all degrees of intellect, all backgrounds.

The world has been Blessed in a Formal Gift through The Holy Spirit of The Creator. Mankind oftentimes

refers to the spirit of something, such as an occupation, a recreation, and they will use the expression 'The spirits are all high,' meaning that there is, or was great interest in what was going on.

The Father, in the Design of human life, gave to it, instilled in it so many different abilities, also degrees of intelligence, also different talents. Each of these listed cover many areas of life. Throughout the world there are men, and some women who feel they have the ability to lead what they term 'lives of Spiritual example'. This number in count may be many, but in sound practice, few.

Many times, when an individual feels the urge to participate in something that is pleasurable, and also beneficial to others, they put much of their own thinking and degree of understanding into what they want others to imitate, or to understand, or to follow, or to see as a greater act to follow. This is man's terminology we hear so often: 'a better act to follow'. Now, would not 'the best act to follow' be through the Lives of so Many Saints?

Today as I speak, I speak differently than I have before, because

there are so many millions of human beings throughout the world that must be touched, to alert them, to awaken them, to stimulate their Spiritual understanding, and not just read what's in a book, but to use what is spiritually necessary for their own Soul.

I would like to say that The Commandments of God, down through time, have remained in the same full degree of terminology They were given. They have not, because man tends in every way to minimize important subjects with the excuse 'making it more understandable'. I am sorry to say, conciseness omits so much of the importance of an important subject.

No human being is born without a Portion of The Father within it at the moment of conception. Why so many ignore this Fact is a great sadness to All of Us, because it is innate in human life to want success. The most successful act that a human being can arrive at, and that is to one day become 'a Saint', not just in the eyes of man, for there are Many Saints Here in the Heavens Who have not been pronounced by man to be 'Saints'.

I could speak for hours on this important subject, but I know that sometimes it is easier as human beings just to read Facts. So be it.”

MOSES

“I am Moses.

I oftentimes hear My Name regarding the recorded time that mankind has on My life. Mankind looks at the Name, and immediately connects it to the most important part of My life, and that, of course, was when The Father delivered to Me in full Content, Concept, His Commandments that all of mankind, from that point on, was to understand coming from The Creator, directing mankind to the Importance of human life, and that the will of human life had many responsibilities, the most important of course, living life as man, using one’s conscience and ability to make decisions in the right manner, for the right reason, for the sake of his or her Soul.

Mankind tries to ignore that ‘Inner Being’ that is a Portion of Him, because they do not feel It; BUT they do feel It. It is the innate knowledge instilled into mankind that human life has a Purpose, a Goal, and an Inner Closeness to The Creator that nothing

else created has, this Connecting Link, this Gift of Divine Love, this Portion of human life that will be Judged on all that an individual is, in which this Gift of Divine Love was placed.

It is important for mankind to understand and stop ignoring that human life has been gifted with a Special, Personal Part of The Creator, and It must be protected beyond all human weaknesses.

As I speak through *one voice*, it is important for mankind to know, to understand, to be fully aware that every thought, every word, every association in human life in which an individual must take action, or must speak openly, secretly, personally to someone else, or to several others, his or her Soul is the recipient of the subject matter's importance, but also the purity of the subject matter, because of the individual's Soul that is the recipient of all an individual thinks, speaks, partakes in, develops, encourages, and many other human actions that an individual feels bound to, or feels he or she wants to act out, act on, act in, act for, act with.

It is sad when We hear rejection of so much Dialogue through This Gift of The Father's Love, in the Name of The Beloved Holy Spirit of The Father, 'Saint Joseph'. Mankind must wake up to the Importance of human life, and think that instinctively man wants to be important in life, so mankind must stop ignoring the Most Important Part of human life, the Soul, That Portion of The Creator that is the recipient of all thoughts, words, deeds, actions, goals, that an individual is capable of. So be it."

JULY 9, 1998 AT 12:55 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

So many areas, facets of human life would be void without sound. Sound is important to mankind. It is a communicator, it is a developer, and in its very essence gives to human life a force, a source in living each day.

The world without sound would be intolerable, because human life would have a difficult time existing. All other living things would also find it dangerous and without reason. As one individual speaks to another one, this communication, most times, has hope in it, strength in it, information, because communication between human beings has so many facets of giving to life more energy, more interest, more hope.

In the Creation of human life, The Father gave to mankind a particular form of communication, and this has proven to be one of the greatest Blessings that mankind uses every day from childhood on up to many years. The learning process, the ability to

read, the communication of expression is important to all ages, all cultures, all creeds. The ability to put into writing what one thinks, what one wants to share, is a form of communication that other living things do not have.

All through time there have been individuals dedicated to scientific explorations. Some have been very successful, and through their adaptability to understand such areas of learning, they have given to mankind progress in many ways, progress to help mentally, spiritually, physically.

Today as I speak through *one small voice*, This Communication that We have with mankind is Important, because through the voice of human life, it gives to human life much learning, and also enjoyment, that without this Gift of voice, human life would be, in man's terms 'dull', because communication between individuals gives much hope, interest, ideas, ideals, and supplements in many ways, the knowledge of one or the other.

There are so many things I could speak about on this subject, but today I will only touch on what a great Gift human life has with the ability to

communicate verbally, physically, but the greatest part of this Gift is when mankind communicates with The Creator in a loving way, depending upon The Creator for so many things, requesting for help in so many areas of life.

As I end what I am saying with you, I ask you to remember one small Statement that you oftentimes forget. It need not be said verbally, but it would be favorable to The Father, if silently, when you part from someone that you have been with, you secretly say, ‘*God bless you.*’ So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

The History of mankind has not been fully described in the many eras in which mankind walked with different beliefs, different ideals. Some of them have been written about, but not in the full context of all the facets that mankind used or learned about, or practiced in daily life.

We hear individuals say how interested they are in the History of mankind. Sometimes they research in books, portions of what they feel will give to their thinking some knowledge on the practices that others before them used, developed, or made as a way of life, according to the era of time in which they lived.

Mankind, in thinking of Christianity, learns through others' writings the approximate dates in which there were major occurrences, changes. For instance, let us go back, in man's terms, 'two thousand years ago'. The History of this time, up to this time, has many vacant spaces.

Much of it was described by memory, not all was put into script. Man's memory is a magnificent Gift, because through living in different ways, man can remember occurrences that stood out: some happy, some unhappy, some of major importance to the lives of millions of people.

From the beginning of the Creation of mankind, there has been a multitude of changes in the mentalities, in the abilities, in the practices of human beings. Man stresses progress, how important it is, how interesting it is. These statements are true, but there is one portion of progress that mankind does not always take into account, and that is the Importance of That Portion of human life that belongs to The Father, The Creator. It is a rare subject of conversation, of understanding, of true belief, because being unseen, man has learned Its Presence through writings, through speeches; so, consequently, it is up to the individual to accept, reject, or deny that human life is accompanied constantly by a Living Portion of The Creator, called in a simple way, 'the Soul'.

In discussing this subject with very learned men and women, it tends

to become a short discussion, because the Soul is not a visible Portion of human life, and true belief in It is in the individual's innate love and understanding and belief that the Justice of The Creator of All Things would be present, and never leave mankind, in whom He endowed so much logic, so many abilities, and such a strong understanding of morality over immorality in many areas of human life.

It is sad when there is so little instruction on the importance of how human life exists, and what a Valuable Companion it has from the moment of its conception. There are so many degrees of intellects in different subjects that mankind is involved in every day, in many ways, but so few of these are bent on individuals more fully understanding that human life is graced with the privilege of knowing right over wrong, purity over impurity, that little is spoken about.

There are so many subjects that have little worth, that mankind goes into great detail on believing, and urging others to believe in. So much has been given in script through *one small voice*, mainly to alert mankind of the

Importance of What each human being is the custodian of, and that no human being is without this responsibility, but besides It being a responsibility, It is the Greatest Gift of Divine Love that mankind can be the custodian of. In a simple way, a simple word, mankind should mention this word many times:

*My 'Soul' yearns one day to
be returned to The Father.
Please, God, allow me to have
the strength to do this as You
Will it to be done. So be it."*

SAINT ATHANASIUS

“I am Saint Athanasius. You, too, live in a time wherein much heresy is prevalent throughout the world. For some to read This Line they would say, ‘I would not call it “heresy”, I would call it “moral confusion”.’

There are many degrees, many types, and many vocations that use heresy, and those who become close to it do not have the ability to understand it, how it affects so many areas of human lives.

There are many areas throughout the world that there are cults of men, women and children using their own imagination, and/or likes and dislikes of human behavior, thus standing strong in favor of how they feel about things, and would never concede to the Fact, to the Truth that their actions are heretical in many ways, and are detrimental to the Salvation of their Souls.

The Father designed a Gift of Instruction, bearing the Name of The Beloved Saint Joseph. Daily We hear

rejections, much animosity, much jealousy attached to what This Gift of Divine Love is all about, alerting mankind to the Importance of the Purpose for which human life was created.

When We hear discussions from individuals, regarding This Gift that is instructing for the benefit of an individual's Soul, We see so much rejection because the Soul is a forgotten Item, point of Importance, that very little is spoken about at this time.

It is important for mankind to understand that All that has passed through This Gift of The Father's Love is to give to mankind a Sound Reasoning for human life, and that human life has a Goal. Not a day goes by that We do not hear requests for help, for an individual or individuals to reach a goal physically in some form, or monetarily to some degree. Those We do not hear from have lost Faith in The Creator of All Things hearing anything that they might think, say, desire or do.

Heresy is evident throughout the world, heretical opinions throughout the world. It is time that mankind awaken to the importance of Spiritual

growth, understanding, giving balance to human life, value to human life, and concentrate on the Goal for which human life was created. So be it.”

JULY 14, 1998 AT 12:20 P.M.

OUR LORD

“I am The Second Person of The Holy Trinity.

It is difficult for many to believe that so Many speak at ‘this time’ in the life of mankind, but We do, and All that is spoken is of Great Importance for human life, and for the Souls of human life, because the Souls are a Portion of The Creator that must be cared for, cared about, and kept in a Pure State of Being.

All that an individual does reflects in his or her Soul. You can compare this to the sight through the eyes of a human being, the memory in the brain. These two facets of human life, these two features, remember all that they come in contact with, but also are attracted immediately to what is right, what is wrong, what is good, what is evil.

We hear so much rejection regarding This Gift of The Father’s Love, only because mankind must, in conscience and truth, make decisions of what is right over what is wrong,

what is good over what is evil. Human life has abilities that no other living matter or things have; first of all, an inner understanding, connected to the Soul, of what is right, what is wrong.

This Gift of Divine Love placed into human life, is far more Important than mankind understands It to be. If mankind would place as much Importance on this Particular Gift of Divine Love, instead of basing so much importance on the abilities that each one feels they are capable of, or the importance of how others think about them.

There are so many Gifts to human life that have great advantages to man's abilities, but the most important part of human life is how an individual respects, honors what his or her Soul is the recipient of, never ignoring that everything in speech, actions, thoughts, reflect in the Soul that is the One Portion that will return to The Father, and is the Greatest Gift that human life has, that no other living matter or thing is the recipient of. So be it."

JULY 14, 1998 AT 1:40 P.M.

SAINT FRANCIS XAVIER

“I am Saint Francis Xavier. Many of Us oftentimes speak in a conversational manner through This Gift of The Father’s Love, not announcing Our Presence or Who We are.

This Fact may be difficult for many to understand, but it is logical if mankind will but see the importance of just hearing a subject that bears in it much detail, much Spiritual Direction, much concern on moral values, physical conditions, and the importance of how every type of personality, nature, character, can become closer to The Creator mentally, physically, morally, spiritually.

Very often Our Names are not mentioned, because it oftentimes causes others to suspect that What is being spoken could be imagination on the part of *the one* speaking. This Gift that has so generously been given, instructing continuously on the Importance of What mankind is the custodian of, mankind must remember that the Most Important Portion of

human life is its Connection to The Creator of All Things, the Soul.

Many learned men and women find this difficult to believe, yet many of them will believe topics of conversation that are useless to them mentally, morally, physically.

Today as I speak, I speak in a manner that there can be no doubt that what is being spoken has Fact in It, Logic in It. The Father has given to mankind a Communication that is Personal, and yet meant for all of mankind to read and find the Instruction that gives Sound Reasoning to what mankind truly consists of, and the Benefits that mankind is the custodian of.

So many times, so much emphasis is placed on the talents of an individual. When these are of sound moral values, and sound moral standards, it is advantageous to the Soul, but there are times when so much energy, talent, interest, capabilities, are lost in what is impure in so many areas, pleasing only the enemy of The Creator and man.

If there was a poll taken, and every human being throughout the world had the ability to answer all

the questions, it would be difficult for many to understand that the most important facts for them to understand would be on their moral values, their understanding that these are the basic fundamental requirements to reach for the Highest Goal of Sainthood possible, when the physical life no longer exists.

So much reasonable, understandable, logical subject matter has been delivered through This Gift of The Holy Spirit of The Creator of All Things, and We do not understand how there can be so much rejection of a Miracle of such voluminous Intentions, that cover every portion of what mankind is created with and for.

There is but One Creator, and just because mankind cannot see This Ultimate Force, Source, does not mean It does not exist. There are too many evidences of a Superior Being that has created so much, and there has never been a time in the History of human life that the full understanding or description of This Creator has been allowed to be revealed on man's terms.

So much Love passes through *one small voice*, and is requested to be recorded so that millions of human

beings can have the advantage of understanding more than the human mind is capable of conceiving on its own.

The world has been Blessed by This Gift of The Father's, and when We hear rejection of It, it is not just sadness, it can be compared to the Time The Son of The Creator walked the earth. There was much jealousy, much disbelief, and of course, along with these things, a lack of human understanding that no human being has the Power that This Supreme Source is capable of.

As I close, I say to all who will read What I have spoken: 'A wise human being accepts what is good. A foolish human being rejects what is sound, reasonable, special, important and obvious, protective in a manner, a way, that nothing else can be.' So be it."

JULY 15, 1998 AT 1:15 P.M.

OUR HEAVENLY MOTHER

“My time with you today is to encourage you to protect the purity of the young, through instruction and through caring in ways that are important. Use your communication as a symbol of strength, concern and love.

There are millions of children throughout the world desperately in need of someone to care, because there is so little good example, and instruction on what is morally sound, correct, good. Children are not being exposed to good example; in fact, it is sad for Me to say that because of so much modern inventions, children of all ages are being exposed to improper use of the body, of the mind, with no conscious effort or reminder that human life is the custodian of a Divine Gift, called ‘the Soul’. Children are basically interested in learning, partaking, and being knowledgeable on what they term ‘growing up’, being ‘an adult’.

In the Creation of human life, The Father instilled into the minds of human life a Blessing called ‘intellect’, and through the intellect every human being is the custodian of what they practice morally, physically, spiritually, consciously, deliberately.

When We hear an adult in charge of innocent ones, We always, in Our Way, try to stimulate encouragement for the adult to speak in a form, in a manner, in a degree, that the child or children will automatically reach for purity in their association with what the subject matter is. Purity comes in many degrees, many forms, many areas of life. It comes in the mental, it’s active in the physical, and it is always example when it is openly shared with one or more individuals.

All ages must understand that purity of the mind and the body has a strength in it that impurity denies them of. Also, in purity there is hope, because in the senses of human life, it is innate in human life to rely on justice, and to rely on what The Commandments of God are all about.

As I close My Words with you today, I close Them with a Blessing that

is, perhaps in some way, different than you are used to a Blessing to be, but as you are part of This Great Miracle of Divine Love, your responsibilities are far greater than you may understand them to be, because others who know your beliefs, and how you practice your time in daily life has merit to it, so the responsibility on you is far greater than some who have never heard What you have heard, who have never had the privilege to partake in Our Words firsthand, because through your work in this manner, you are an extension of All of Us. Remember this.”

JULY 16, 1998 AT 9:00 A.M.

GOD THE FATHER

“If a man says, ‘I believe,’ do you not ask him what he believes?”

There are so many different organizations in this day that completely eliminate Me from their beliefs. Not enough men, women and children are stressing their belief in Me, and the necessity for their behavior regarding My Commandments.

Mankind has become very, even extremely relaxed, in his or her understanding that human life is the only life I created that is responsible to Me, because of their Soul Which is a Part of Me.

This Fact of Truth is being eliminated in a great degree because mankind, in eliminating this Fact, finds his or her so-called ‘freedom’ more advantageous, ignoring completely that this is what the enemy depends upon, because the enemy desires the Soul that is a Portion of Me, and that the human part of man is really very unimportant to him.

Remember These Words. They must be released for others to think about and see the Importance of.”

JULY 17, 1998 AT 1:09 P.M.

SAINT PEREGRINE

“I am Saint Peregrine. We hear many so-called ‘learned’ men and women discuss wrongly in their interpretations of All that is delivered through This Miracle of The Father’s Love.

When The Son of The Father came to the earth, it was because of The Father’s Love, Greater than mankind can understand Love to be. The Son, in His Instructions to those close to Him, and to the multitudes who would listen, much was directed to ensure men, women and children that they were created for a Great Goal, higher than any goal they could strive to reach in the human element of learning, of abilities, of their degree of speech.

This Goal, of course, was to one day spend Eternity with The Creator in a Form, in a Manner, in a Way not visible to the human eye, but obviously open to the sense of Importance of human life. It took some time for those who walked with The Son to more clearly understand that this Creation

of human life had within it a Gift of Divine Love, because of the innate understanding in human life that there was a Goal, a Purpose, and a deep sense of Communication with an unseen Creator that was obvious in so many ways, and yet unable to be described in a physical form.

Today as I speak, I speak with a deep Love for human life. There are so many times since the beginning of human life, that mankind has gone through periods of rejection of the Importance of human life, based on an insolence of egotism, human rejection, and an innate lack of using what they see, what they feel, what they understand as human life, had to be created for a Greater Purpose than any other living thing created.

Mankind talks about many subjects, even to the point where they become involved in the subjects, and sometimes very adept at analyzing the importance of the subject matter. Scientific advancement since the time that the Apostles walked with The Son of God, has in many ways been a development in more areas than mankind realizes, because all the advancement that mankind has been

able to commit to, submit to, and learn to practice, allows mankind to use the intellect for something beyond just being born a man.

Today as I speak, I speak with a deep Concern, and a deep Love for human life, because at 'this time' The Father has given openly so much Instruction Himself, and through so Many Here in the Heavens, allowing All of Us to address the subject matter with Our Name attached to It, thus confirming to human life there is a Goal for the Souls that gives individuals the reasoning for sound moral values, sound moral standards, and of course, the practice of looking to The Father for help in all things, encouragement, and also through The Saints Who have lived before this time.

Ask yourself a very important question: Did man make man a Saint? Did this Title not have to come from a Supreme Power, a Supreme Being, for such a Statement to be so important? This Miracle of Divine Love that The Father directs to be so much spoken about, using All of Us to speak in so many ways, thus giving to human beings Our Names, confirming to mankind

that there is such a Place in existence. It is not fiction. It is Fact.

I beseech all who read My Message and All that has gone before, please do not take your Soul for granted. Protect It with your life, your intentions, your practices, your beliefs, and your love for The Creator of All Things. So be it.”

JULY 22, 1998 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Commandments of The Father, for mankind to live by, abide by, be governed by, are of the utmost importance in every facet of human life.

In the conciseness that mankind has learned These Commandments, it is important that What has been delivered before this time, this date in your time, should be researched. As to What came through This Great Gift of Divine Love, called *‘The Miracle Of Saint Joseph’*, We hear many say, ‘I know The Commandments.’ This is true to a degree, but not to the fullest degree of what each Commandment consists of.

When mankind empties a great big can of garbage, he or she empties it into a place where it will be out of the way of contamination to the lives of others. Today as I speak, I speak in a form and a manner with Words, perhaps to some, would not be coming from a Saint, but They are. Sins against The

Commandments of God are worse than the foulest garbage that mankind can encounter any place throughout the world.

There are sins of the mind, sins of the flesh, sins in communication with others, sins that cast doubt on anything that is pure, sins that are abominations against the Souls of one or more. Rarely does an individual speak of sin connected to their actions, their thoughts, their deeds, their communications, or do they feel that their senses are in many ways used to sin in ways disgraceful, leaving permanent damage on the Soul or Souls involved.

Though it may be difficult for thousands of individuals to read All that is delivered through This Gift of The Father's Love, it is understandable to believe that some will be so grateful for the Information that they instinctively know is important to a Portion of them they cannot see, they cannot feel, and that This Portion of them is connected to a Creator that no human being can describe, or has ever really seen.

Children are not being instructed on sound reasoning regarding their

actions, their intentions, their capabilities, and the need for these things to be based on purity, morally, physically, spiritually, mentally, emotionally.

In All that has been delivered for such a long time through This Gift of The Father's Love, has been delivered in a degree and format that all mentalities of all ages will be capable of using their wills, their talents, their daily acts of communication, because nothing has been delivered that is impossible for mankind to not be able to associate with their daily course of life. So be it."

**SAINT GREGORY THE GREAT
SAINT ALPHONSUS LIGUORI**

“There are Two of Us present. I am Saint Gregory The Great. I am Saint Alphonsus Liguori.

What may be difficult for some men, women and children to understand is that Those of Us Here in the Heavens Who are called ‘Saints’, do communicate with Each Other, because We work to help All Souls Who are yet Part of a human life.

The Father has given to the world a Gift beyond human understanding, a Portion of Divine Love, called ‘the Soul’. We hear men, women and children say of each other, ‘We are soul mates.’ This is always in regard to the same thinking on a subject, on the same purpose, or because they feel they can identify with each other in many areas, friendship, and in their attitude toward what is right for many situations.

The world has been Blessed abundantly by so much Instruction, Personal to human life, encouraging men, women and children to value What

they have within them that is unseen and yet a Major Part, Portion, of their being a human being.

At this time, throughout the world there is so little spoken about mankind's close Association to The Creator. Humanism in many ways is not just tolerated but acceptable, no matter what comes from it, what it is involved in, because so many excuses are made regarding it. Mankind depends much on excuses for his or her behavior, and most of the time excuses are cover-ups, because the individual or individuals do not take the time to evaluate their actions, their intentions on the importance that what they are doing is affecting the Soul within them.

We hear individuals say, 'I feel it inside of me, that I must act a certain way on certain issues.' Rarely, if ever, do We hear an individual say, 'I must not allow myself to act impurely, unjustly, because of the Soul that will one day represent me in a Judgment that The Father will be The Judge of.'

Now let us look at a human family. There is usually one or more in charge, and the authority of judgment

is in their manner of thinking. How many though, ask themselves: 'If The Creator was standing right here with me, would I choose what would be just, pure, in how I speak, how I direct others?'

It is important that human life more fully understand that no human being is ever totally alone, because of the Soul that is present from the moment of conception until The Father removes It Himself at a given time.

Today there are so many self-made authorities, not all pure in their thinking, or do they even mention that there is a Soul as the recipient of all decisions to be made. Granted, the Soul cannot be seen, but the Soul is always felt, whether mankind wants to admit to this or not. There is an innate sensitivity in human life that allows every human being to know they are not alone. So many times this is called 'conscience', or 'an inner feeling', or 'a sensitivity', but few, if any say, 'It is my Soul.'

I beseech you, allow This Revelation to be passed throughout the world, and if you touch only a few individuals, you will never know how

many will be able to count it down throughout time, that This Revelation helped to think about that Inner Closeness to The Creator, called ‘the Soul’. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is so much sadness when We hear individuals of all races, all colors, all creeds, all degrees of intelligence, ignore the existence of the enemy of God and man. Throughout the world men, women and children ignore this fact that has so much evidence in it, that there is an existing force, source, opposite to all that is pure.

Today as I speak, I speak with a determination to encourage mankind of all degrees of intelligence and Faith in a Creator, to never ignore that the enemy is evident, because of so much envy, jealousy, hate, regarding the fact that mankind has the opportunity to return to The Father at a given time. The enemy is totally without this opportunity.

There are so many different manners and ways that All of Us Saints could speak through This Gift of The Father’s Love. It is time that mankind evaluate the Greatness of What is delivered against what others try to

encourage mankind to believe, based on total humanistic versions, evaluations, considerations, and weak information full of weak facts.

Today as I speak, there is a deep Love within Me that mankind cannot find in what I speak, because I speak in a practical, logical format, that to mankind's mentality is understandable. It is important that All that is delivered through *This Miracle Of The Beloved Saint Joseph*, be seen for what It means to the lives and to the Souls of mankind throughout the world.

Human life is a Blessing, a Gift of Divine Love, because within it there are so many facets of understanding, and the ability to learn about so much; also, to know that human life has a Goal that no other living matter or thing has the privilege of.

When We hear ridicule of This Gift of Our Communication through *one voice*, it is more than sadness, because for those who accept It, and share It, there is much Grace. Those who deny It become closer to the enemy of God and man.

Today as I speak, I speak in a tone, soft, yet My Words have much meaning.

The world has been given a Gift, and All of The Saints desire mankind to understand that at different times in the History of human life, The Father has given to mankind a Personal Communication through ‘a voice’ understandable, and yet the Words obviously Divine. So be it.”

AUGUST 3, 1998 AT 1:46 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

The word ‘heresy’ is being ignored in many areas of man’s understanding of what this can mean to the mentality, to the physical, and to the moral standards, behavior of human beings.

Heresy comes in many terms, attacking many forms of mankind’s personality, nature, Spiritual understanding and moral behavior. Many who read These Words will automatically cast Them aside, and in a personal, formal way, will ignore how These Words can be much a part of their daily life.

Since the beginning of human life, mankind has used rejection on situations that were in many ways detrimental to human conscience, human behavior, human acceptance, human understanding of sound moral values, sound moral standards, and the importance of what morality meant to human life in all stages of human life, and for the benefits of the Soul of every human life.

Today as I speak, I know that it will take a long time before My Words pass through thousands of individuals of all races, all colors, all creeds. Mankind many times ignores important Writings that give Advice that affects the standards of human life, the values of human life, the actions of human life, the intellect of human life, and of course, the Purpose for which human life was created.

Today as I speak through *one small voice*, My Words should travel throughout the world so that mankind will have the benefits of reading What I have spoken, and be able to use what they understand from My Words to be beneficial, because of the Soul that every human life is gifted with at the moment of his or her conception.

The Father has allowed so much Direction, Encouragement and Valued Understanding of what human life was created for. It is so sad to see rejection of One Small Portion of This Gift of His Divine Love to a world of mankind that needs All the Direction possible to fully understand that human life, created as man, has a Portion of The Creator within them. If there was no Purpose for human life, why would

mankind be Blessed with an intellect, a conscience, hope, understanding, and an innate desire to reach goals that would be beneficial to many facets of human life?

The Greatest Goal is for each human life to return the Soul, given at the moment of conception, back to The Father when the human part of life no longer exists. This Soul is far more Important than mankind wants to recognize It being, because responsibility is, in many ways, important to the Soul of the human being in which It was placed at the moment of conception.

My Words should not be wasted or set aside or cast into a place where no one will ever read Them, because My Words are The Father's Will because of the Importance of Them. So be it."

AUGUST 4, 1998 AT 1:25 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Historically, mankind has been, at different times, told about the Importance of human life, and the Goal for which human life was created.

Today as I speak, I speak with a deep Love for human life, for I too walked the human role, understanding to the degree that was being spoken regarding the Importance of human life, and the Goal that The Father intended for it at another time.

It is sad when We hear desecration of All the Words that have passed through This Miracle of The Father’s Love, This Gift of Great Importance, instructing mankind on so many areas that mankind is not familiar with, because of the change in how man thinks at different eras in time.

Today We come to a time when This Blessing of The Father’s, through The Beloved Saint Joseph, is instructing in such a gentle manner, and yet in a firmness, regarding the

Importance of the Soul of every living human, and that human life is Special because of this Soul that is to return to The Father at a given time.

The Soul is a Reflection, an Entity, a Source and a Force of Communication, encouraging the human minds to understand what is morally sound, morally truthful, with moral obligations regarding the Gift of human life.

It is important, that though there may be some rejections to what This Gift of The Father's is all about, it must be understood that All that has been spoken, has been allowed to be put into script, must be scattered throughout the world in a dignified manner, showing the Importance of the Communication that The Creator has with man. Do not allow doubts of individuals to terminate Anything that has been spoken through This Gift of The Father's Love, but let their doubts be cast aside, and extra importance be placed on the Importance of the subject matter that The Father has allowed so Many of Us to instruct human life on and for.

You live in a time that can be termed ‘a Time of Divine Love for human life’, because of so much that has been allowed to be put into script, never too much for mankind to read, never too much for mankind to see the value of, never too much for mankind to not be able to apply to one’s own thinking, actions and communication.

The world has been Blessed abundantly. Perhaps These Words are repetitive, but as mankind is aware, repetitiveness is a great source of learning, of remembering. So be it.”

AUGUST 5, 1998 AT 10:10 A.M.

GOD THE FATHER

“No man expects Me to speak at this time. Mankind can relate only to a past History of how I presented My Existence to man. I have never been out of touch with human life. I created All things.

At ‘this time’ I use a specific form of Communication to man, and that is through *one small voice*, not a voice of a learned theologian, but *a simple child* of years who instantly accepts My Presence as Real, and asks no questions of Me.

The world is saturated with paganism, atheism, and weakness of the flesh.

This Gift I have given to mankind is a Gift of True Sound Enlightenment, giving to mankind the Beauty of being human, the responsibility of being human, but also the Great Gift for which I created human life, because as I am Present in each human life, I am constantly aware of the condition of the Soul that is That Portion of Me in each human life.”

AUGUST 5, 1998 AT 1:55 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. Whenever *this child, this woman, this instrument* of Communication that We use to give to mankind Instructions to more fully understand what a Precious Gift human life is to man, it is important that mankind not just learn the important Facts, but live by them and be example of them to everyone they come in contact with.

This does not mean that an individual has to express in a demonstrative way, an important issue, fact, belief, or understanding, but it is important that in one’s ability to communicate, there should always be an effort to be good example of sound reasoning and sound moral facts. Oftentimes one’s actions say many things that can be construed as good example and/or worthwhile to be imitated.

The world at this point in time is in great need of so much learning. In so many ways, mankind feels that their degree of knowledge is the epitome of

understanding so many things about life, behavior, and example to others. Needless to say, they omit the important value of the moral issues over the immoral practices that might be more openly given, allowing the meeting to be misunderstood.

Today as I speak, I speak with a deep interest in all human life, because of the Importance of what human life was created for. It is sad that so many men, women and children do not value their nature, their personality, their intellect, their association with others in the importance it is, because there are many facets of human life that, in imitation of them, can very easily lead someone else to wrong thinking, wrongdoing.

This Gift of The Father's is a Blessing beyond what human nature or mentality can fully understand, because It is Personal to everyone who reads the Words, and in this way, It is constantly encouraging human life, human beings, human individuals to remember one important facet, and that is, that what they leave as an individual for others to imitate, can affect the Soul of themselves and the one or more others they have communication with.

Hours could be spoken on this subject, but mankind must take one step at a time and remember one important Fact: Example in one's behavior is never not seen by another human being. So be it."

AUGUST 6, 1998 AT 1:12 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. We know it is difficult for so many so-called ‘learned, highly educated’ individuals to fathom the reality of a Miracle of This Magnitude at this time, in a world that is called ‘modern’ in structure, abilities, ideas, ideals, and determinations that please the physical.

It is important that mankind understand that since the beginning of the Creation of man, The Father has allowed advancements in technology, in the science of many things that mankind uses daily.

As I speak today, I will speak now in reference to human behavior at the present time. Granted, it can be compared to some forms practiced in other times, but at this time mankind should be more aware of the logic of a Supreme Being’s Power and True Existence, else how could so much be accomplished in areas of extraordinary value? The Father has allowed progress to the degree that mankind is capable of physically, mentally and emotionally

able to handle, able to use, able to practice, able to benefit by.

Mankind talks about Bible History and bases so much Spiritual Faith on what past Writings speak about, instruct upon, and encourage. But today as I speak, I say to mankind, 'Awaken to the reality of morality in its finest degree, because morality covers and is involved in many portions of daily life of all individuals, of all ages, of all cultures, all degrees of knowledge, all degrees of physical abilities.'

Today as I speak, I speak with a sincere Love based on The Father's Will to encourage mankind of all ages, all backgrounds, all degrees of intellect, all colors, that mankind has been given the opportunity, the benefit, to more fully understand what a Precious Gift human life is to man, and it should be cared for, respected, and never abused, because within it, it bears the responsibility of The Creator of All Things. Man knows It as 'a Soul'.

Sometimes We hear individuals speaking on a subject, use a statement common to many, that: 'They have to do a lot of Soul-searching to make a decision that will be the best decision

for the subject matter.' This statement is used in a manner and a way strictly based on what an individual terms 'Soul-searching', but in reality, it is far greater in logic than mankind perceives it to be, because the Soul is evident, involved in every thought, word, deed, action, mankind has the advantage of participating in, every moment of every day.

As The Father Decreed This Miracle to be a Miracle dedicated to the Souls of mankind, a Gift beyond what mankind was capable of giving to himself or herself, the world has been Blessed, but This Blessing has not traveled in the form, in the manner, in the degree The Father Declared It to be.

As I close My Words with you now, I end Them with one thing: You have the opportunity to work with all you have, all you are, to save Souls of all races, all colors, all creeds. So be it."

AUGUST 7, 1998 AT 1:45 P.M.

OUR HEAVENLY MOTHER

“My beloved children, I am your Heavenly Mother. I speak openly on this day because of the Importance of your Soul that you have learned is a Portion of The Creator of All Things, and that when you were born, when you were conceived, a Portion of This Creator was placed within you.

This Statement may be difficult to comprehend, but if you look at it in the Greatness it is, and the in-depth Love that it means to be born in the human way and have within you a Portion of The Creator, it should give you strength against all that is impure, all that is vile to your Soul.

As I speak through *one small voice*, I speak through one like you. This is an Important Statement, because in the human way, in the natural form of communication between one human being to another, knowing that The Father, in His Love for human life, communicates through an individual’s Soul many times, and at ‘this time’ it has become obvious, because of so

Many of Us Here being allowed to speak through *one voice*, and yet *one Soul* is the recipient of All that is spoken, to draw attention to millions of Souls to more fully understand what a Precious Gift of Divine Love human life is to man.

Small children should be instructed that they are the custodians of a Great Gift of Divine Love that they are responsible for, and that is why it is so important for them to act good in every action of life, to never be impure in their thoughts or their words, their feelings, their emotions, because their Soul knows everything they say, think, participate in, every moment of their lives.

So much has been instructed in a simple way, helping human life to more fully understand that no human being is ever alone. When We hear an individual say, 'I am so lonely,' remember to mention to them that God is with them every moment of every day, and He is fully aware of how they feel, and they can talk to Him and be assured that He hears them, because through their Soul there is a Connecting Link of Divine Love no human being is without. So many times when a child feels lonely,

it is important that the child be told about their Soul, and how this Soul is connected to God.

To some, All I have spoken may be criticized, because of their lack of understanding of how close each human being is to The Father. Mankind should think about an Important Factor: Human life is created in a definite pattern, and in this pattern of creation, there is always a Soul immediately placed within the conception, giving to human life more meaning, more logic, and an assurance that is evident, because of the intellect of human life being able to know instinctively what is right, what is wrong, what is evil, even in a very young child.

When a human being is physically ill, they seek medical help, and they depend upon this vocation of life to give them strength, and cure the illness that is devastating sometimes to their body. Mankind must remember that the Soul protects all parts of human life, all areas of human life, because through the Soul there is a strength for physical, mental, moral weakness that supersedes all other areas of aid to the body.

Mankind has been Blessed by This Divine Gift of The Father's Love, called '*The Miracle Of Saint Joseph*', and mankind must understand that though some hearing about This Gift doubt Its Existence, All that has been delivered verbally and allowed to be written, verifies the Beauty, the Love that The Father extends to mankind through *one small voice*, because of His Love for human life, and His Desire for mankind to more fully understand that He is Ever Present within them, wherever they are, and is aware of every action, every thought, every word, and it is His Desire that mankind more fully understand the Beauty of The Divine Plan that The Creator has for man. So be it."

AUGUST 7, 1998 AT 2:55 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. At ‘this time’ in the world, there have been many Revelations regarding so many ways for mankind to better understand the Importance of human life, and the necessity for mankind to abide by the Laws given to mankind a long time ago.

It is sad to say that These Laws have been abbreviated in such a way that the full meaning of each Law cannot be seen for its full worth, full meaning, full reasoning, full measure of importance.

We know it is difficult for so many men, women and children to fully fathom a Miracle of This Great Dimension, because through many years of abbreviation of The Rules The Father gave a long time ago, mankind allows himself or herself to rely upon the abbreviations, and not look beyond the full measure of what The Commandments meant, according to the degree They were handed to a man called ‘Moses’.

Even in this time in which you live, mankind finds abbreviations for important issues, facts, and desires to rely upon fewer words rather than to see the indepthness that more words would explain, to a fuller degree, the real meaning of what was meant. Mankind, in abbreviating The Commandments, has lost much understanding of the importance of human behavior, and of course, the Goal for which human life was created.

When a child learns to speak, it is usually one word at a time, and great joy comes from those close to the child, but oftentimes in later years, when the child can be more responsive to more detail, more reasoning, there is no one willing or able to encourage a deeper understanding of the subject matter.

Today you live in a time when mankind shortens all things to a format, sometimes out of a lack of understanding of the importance of the subject matter, or other times when the individual does not want to accept the full measure of meaning that the subject contains.

This Miracle of The Father's Love has generously given to human

life in a simple form, in a language clearly spoken, so much for mankind to understand the Importance of human life, the Reason for which it was created, and the Divine Love that each human being is the custodian of, that no other time in the History of mankind has so much been so Personally delivered, instructing mankind on what an Important Gift human life is, and that it has a Goal no other living thing or matter has.

Today as I speak, I know there are hundreds, if not thousands, of so-called 'learned' individuals who feel they have reached the epitome of understanding all there is to know, all that is necessary to know, and that human life has the right to be materialistic, humanistic, socialistic, with the right to make decisions communistic on many subjects in which human life is daily involved in.

To speak in such a clear manner at this day, in this year, will most certainly not be accepted by all mentalities, backgrounds, or psychological characteristics of human life. It is important that This Miracle be passed throughout the world, allowing no human interference, irregardless

of what state in life they walk in, because This Gift of Divine Love is to strengthen human life, men, women and children, on the Importance for which human life was created, and that is to see The Commandments in Their fullest measure, be bound by obedience to Them for the sake of the Soul that every living human being is the custodian of.

The world has been Blessed, and when We hear rejection of This Gift of Divine Love, *the little one* through whom We speak is *a Victim Soul* in ways mankind cannot conceive. So be it.”

AUGUST 12, 1998 AT 12:50 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

Ask yourself: When was the last time that you said to yourself, ‘I have just committed a sin’? Did you ask yourself another question: ‘Why did I commit this sin?’

A sin is an offense against one or more of The Commandments of God. Sometimes a sin can cover more than one Commandment, sometimes up to three or four. Mankind has lost sight of what determines a sin. Oftentimes an immediate excuse is made because an individual is compelled to do something violent, disgraceful to the human body, or abuse to someone else, covering many sins, and of course, many offenses against The Commandments of God.

We hear some men, women and children ask others: ‘How can I sin? The way I live, I do not consider in any way am I offending God’; yet this very same individual takes no time to Keep Holy The Sabbath Day, or respect or honor his or her parents, or superiors, oftentimes killing the spirit of another

individual. Needless to say, the word 'adultery' is cast off as belonging to others, and to them they have excuses for every one of these offenses, due to the way they live, or the people they are involved with.

We hear many say, 'I've never killed anyone,' obviously using the word 'kill' as to take one's life intentionally. There are many professions that mankind is involved in that use some form of killing. One could be called 'the reputation' of an individual. One should ask himself or herself: 'How do I show respect for other people? Do I speak kindly when I should say nothing at all, or do I openly cause slander, gossip, creating an aura of critical mystique so that others do not see the goodness in an individual?'

An Examination of Conscience rarely is complete, because most of it is based on an individual's interpretation, personal opinion, of what could be vile to another person's reputation, or a deep sadness to their own Soul, because of the impurities that the Soul must absorb because of whom It is in.

Today as I speak, I speak with a deep, sincere Concern that there is no

sound value to what mankind is using in every day's activities, in his or her association with others. How many men, women and children awaken in the morning, and immediately make *'The Sign of The Cross'*, with a silent prayer that The Father will give them the strength to use that day not just productively but spiritually, moral, loving, giving, and serving in many ways?

I could speak hours on this subject, because mankind is in great need of becoming aware of what an opportunity a day makes in the life of every human being, and that is to seek Sainthood through one's thoughts, actions, intentions, abilities, concerns, based on love for God in all things. So be it."

AUGUST 14, 1998 AT 1:30 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

Since the beginning of the Creation of mankind, known as ‘human life’, mankind learned many things through the thought mechanism of the human mind, in how to take care of oneself under all circumstances, how to accommodate one’s immediate needs.

Granted, many times there was a great struggle to accomplish what was necessary to take care of the physical body. Human needs today are of a great importance, as they were in the beginning of human life, but mankind, with so much advancement in material things, physical matters, and extensive learning in so many fields, mankind sometimes ignores the basic rules, the basic understandings of what human life truly consists of.

There is so much emphasis on progress, being successful, and being well-known publicly, that mankind has lost much of the art in moral behavior, much of the sound reality of what moral behavior means to every part

of the physical body. We rarely hear a conversation based on sound moral views, standards, acceptances, resisting of course the responsibilities of them, because morality is an extension of intellect, of human behavior, and human decisions on many subjects, for many reasons.

Today as I speak, I speak with a deep Understanding of the importance of what occurs on major decisions in the human mind, and that the human mind does not always respond morally correct, or morally acceptable to The Commandments of God. When The Commandments were first given, those who listened to Them being delivered, realized that These Commandments were not for them alone, but for all generations to come. Needless to say, each Commandment was so indepthly spoken, and left no option out regarding the necessity of obedience to it.

Today as I speak, the legacy of fully understanding The Commandments of God has diminished to such a concise, orderly form, that They cover very little of what the human mind or body is capable of, or practices in daily life.

When We hear individuals examine their conscience, very little time is spent on the in-depth meaning of each Commandment, and this is sad, because it is necessary for mankind to fully understand that These Commandments were given to mankind to fulfill the acts of respect for the mind, for the body, and for the Soul of themselves, and to be example to all others. We never hear a sermon, a talk, or any subject matter that goes indepthly on the Greatest Guides for human life that mankind was personally, is personally the recipient of. Conciseness very often omits the soundness in a subject, the greatness in a subject, the full meaning of the subject.

The Father has given to the world at ‘this time’, a Miracle of His Divine Love, and has allowed and instructed so Many of Us to take part in This Gift of His Divine Love, delivering to all races, all cultures, all creeds of human life, the Importance for which human life was created, and reminding mankind that within each human life, no matter what part of the world the individual is born, no matter what degree of intelligence an individual has absorbed, the Most Important Factor

is for each human life to be aware of That Portion of life that belongs to The Father. The word for This Portion of life is not difficult for man to speak or to remember. The word is called 'Soul'.

We hear men, women and children discuss their relationship with others like themselves that they feel close to, and they call themselves 'soul mates'. These words have a strength in them to the individuals who speak them. Mankind must remember there is no Greater Gift of Divine Love than the Soul that unites man with The Creator."

AUGUST 17, 1998 AT 2:23 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. Many times We hear cries, pleas, hope for personal attention from The Father. Individuals fear illness, fear failure, fear disaster, and many other things. We rarely hear a plea for help from someone who fears their Soul being marked by their personal impurities that the Soul is the recipient of.

For such a long time now, The Father has been giving to mankind Words that in many ways give Hope to human life, through One of Us Here speaking Words understandable, due to certain situations that individuals have great concern over.

The time in the world is Special, because at ‘this time’ The Father has given a Gift of Help, Hope, in Words that mankind can associate with, because These Words pertain to human needs, human causes, human fears.

Today as I speak, it is The Father’s Love for mankind that passes from Me to mankind. Mankind is in many ways an extension of Divine Love, through

That Portion in human life that is a Portion of The Father. If this were not a Fact, human life would have no one to go to, no bond of association, and would be in a case of total loss for help.

Today as I speak, I speak in an understandable format of Words that must be spread throughout the world. There are very few times in the History of human life that so much Direction, Correction, Divine Love, has been expressed in such detail. It is sad to see millions of men, women and children not searching out where to find What is spoken here. Of course, some of the reason for this is because they are not being told by the so-called 'authority' that they depend upon for help morally, physically, spiritually.

It is important to conquer all avenues of communication with All that has been delivered through This Gift of The Father's Love. It must be passed throughout the world without question of how it is to be done, because mankind has the facility or facilities, mankind has the abilities; also, mankind has the reasoning for such Important Messages to be given to those who would have no access to Them, except through the generosity, morally, physically,

spiritually, financially, of those who are part of This Gift of The Father's Love.

We hear some individuals say, 'I received another rejection,' but I say, 'In that rejection a Mark was left that may be picked up at a later date, or possibly passed on in anger to someone else who would automatically take It as a Blessing and not reject It as the one before did.' It is important that All that has been delivered be delivered to all races, all colors, all creeds, all denominations of Spiritual understanding.

When two people can say to each other, 'I love you,' it draws them closer in understanding each other and gives confidence in their association. A parent says to a child, 'I love you.' The child never forgets those words because these words are security that is not always recognized in the degree it is, but it does remain for a long time. Many times, even after a situation arises that seems to weaken those words, the words are always present.

Mankind puts so much value on monetary or materialistic gifts. Through This Gift of The Father's Love, He has instructed All of Us to

give mankind the Most Valuable Gift any human being can receive, and that Gift is to instruct human beings on the Importance of their Soul that is a Portion of The Father; plus, that this Soul will live on Forever in a state, a degree, according to the individual in whom It was placed at the moment of conception; of course, according to the moral values, the moral standards, and how much the individual used human life to one day return the Soul 'a Saint' in the Eyes of God.

We hear some say, 'If the Soul is a Portion of God, why is it so important to take so much care of It?' Let Me put it this way: The Father desires the Soul to be returned to Him, representing the individual, as a Great Saint in Heaven with Him.

So much can be spoken on this subject and none of it is being instructed upon by men, women and children, because mankind is too busy concentrating, too preoccupied with humanistic values, to remember what a Precious Gift human life is, and what a Gift of Divine Love the Soul is. So be it."

AUGUST 18, 1998 AT 2:09 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so many things that mankind is capable of doing in a very natural way, to aid men, women and children on the Importance of why they were created, why The Commandments are so important, and the moral rights of human life; also, how important it is in following The Commandments in the proper form, manner, way, thus eliminating any act, any thought, any venture, any association that might lead one astray.

At this time in the world of mankind, there is very little attention on The Commandments that The Father gave to mankind as Rules of life, because of the Soul that each human being is the custodian of. We hear so many men, women, and even children, say openly: ‘The Commandments of God are not for the time in which I live. They were given such a long time ago and They do not apply to the modernization, to the practices in how human life has become so adjusted.’

Today as I speak, it is with much sorrow, due to the fact that there are so few men and women who stand in high places of authority, use their personal opinions on the full meaning, the full intention of each Commandment of God. God is rarely announced when a point is necessary to be proven. Today, throughout the world there are millions of men, women and children who have no concept of The Commandments of God.

Many excuses are made, wiping out the obligation of this obedience to the First Rules that mankind was given, to save the Soul of the individual human lives that would be lost if the custodian of this Soul thought only rash judgments on the Importance of This Portion of human life, that will one day be the Judgment Point for the Soul, for every human being.

Mankind talks about the changes in so many places, thus permitting improper actions, improper behavior, and of course, making many excuses for mental, physical impurities of the mind, the body.

As I speak today, it is important that All that has been passed before this

time, through This Gift of The Father's Love, saturate the world with What has been delivered for mankind to read and to be able to see the Value in It, the Importance of It, and that It is the Criteria for human behavior because of the Soul that is a Portion of The Father, to be returned to Him in a Pure State, no blemish of any description.

We hear so many excuses on the necessity to act impurely, speak impurely. Logic must tell mankind that this is impractical to even think about because of the innate sense mankind has of protecting one's self, thus this also includes protecting That Portion unseen, that an individual understands as being present in the conscience of human life, that must, does, and should have purity in a form, in a degree, in a manner that will not allow It to be harmed, misjudged or punished in any way.

I speak through *a voice* that can only be described as having little strength to cope with so much continuous adversities, based on so much hate from the enemy of The Father and man. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“Mankind has only known My Status in human life as The Foster Father of The Son of God. It is just recently that The Father Decreed This Time to be, for mankind to more fully understand that I Am The Holy Spirit.

Logic is evident to those who understand, and for them to believe that, as being named ‘The Foster Father of The Beloved Son of The Holy Father’, I was not just chosen because I was a good man.

A long time has passed for This Announcement to be made, that I Was and I Am The Spirit of The Father, and it is important for mankind to see, through My Way of Human Life, that a family has many responsibilities, such as the father, in essence, as the protector and the provider; the mother as the teacher, holding a special place, distinguishable because of being a woman. The child or children from this union in human life must have protection, direction, in all areas in which human life is involved.

So many Important Facts have been delivered through This Precious Gift bearing My Name, at this time. It is sad when We hear disagreement, rejection, due to the fact that it was not fully revealed before this time.

When We speak through *one small voice*, All that is delivered is to give mankind a full Description of the Importance of family life, also the Importance of individual lives, because human life is gifted by The Father with a Portion of Himself, indiscernible by mankind, but without the Soul, human life would be like all other living things and matter.

Today is a special day, an important day, because in What has been spoken, It was given to strengthen mankind's understanding of the importance of Faith in God, and what a close union man has with All of Us, because of their Soul that is a Gift that no other living matter or thing is the recipient of.

As I leave you, I bless you for your Faith to grow, because within you, you carry a Portion of The Father that no other living thing or matter shares or is the custodian of. So be it."

SAINT ALPHONSUS LIGUORI

“Mankind places much emphasis on items, situations and temporary experiences, because of the content of which, in which, the subject matter either concerns or interests them.

Today as I speak — I am Saint Alphonsus Liguori — at this time, this very moment, there are many decisions throughout the world by individuals that involve the lives of other people. Not all those in charge understand that what they are about to speak about should be based on soundness in morality, plus honesty, plus fairness in its full degree. Many men, women and children make decisions that please only themselves, perhaps because they are not well-informed on the full content, full meaning, full purpose, full impact that what they speak will affect the lives of hundreds, thousands, or millions of other people.

We hear many men of great stature in the eyes of mankind speak in a very volatile manner. We hear women who stand in this same degree of how

they feel decisions should be made, and oftentimes these individuals have what mankind refers to as 'one-track minds', totally based on their own experiences, own preferences, own ideals, own perception of what the goal intended is.

Mankind has been given a Great Blessing through *one voice, one woman, one obedient child*; a child because of the obedience, a woman because of years.

It is important that mankind of all Faiths in God more fully understand that human life was created for a Purpose beyond what mankind understands vocation to be. There is a Goal for this Creation of The Father's, and the Goal is a Higher Goal than mankind can fully understand, but must believe it to be, because of the intellect, the sensitivities, the responsibilities, and the innate sense of success that is instilled at the moment of conception.

We hear some say, 'At the moment of conception there are no thoughts, there is no understanding available to the conception.' Let Me remind you of an important Fact. It is an innate sense given at the moment of conception that

is never seen, never openly spoken about, but sound logic says that at that moment there is life, though it does not seem possible to those involved, but the conception is immediately a living matter that is given a Soul, a Portion of The Father, and will have this Soul within it until The Father decides, at a given time, that this Soul will be returned to Him.

It is sad when We hear mankind of all ages, all degrees of intelligence, ignore the Magnificence of a human conception, because they do not understand that it is at this moment that a Soul, a Portion of The Father, is implanted into the conception. We know the great medical minds would disagree with this because they cannot see the Soul, but mankind must understand that as human life has a Purpose for it, to it, in it, that no other living thing created has, mankind must understand that a conception of human life is a Gift of Divine Love, and should be treated with respect, honor, and never destroyed by anyone.

Today as I talk, there is a sadness in Me, because mankind so frequently ignores a Great Gift that The Father gives at different times, such as This

Miracle Of The Beloved Saint Joseph. There are so many Facts of Great Importance that have been spoken about, allowing mankind to more fully understand that human life is a Gift of Divine Love above and beyond all other things created, because in human life a Portion of The Father is placed, unseen, but logic tells an individual that human life is Special, because it has the ability to address many subjects, and it has the Important Goal for which it was created as an individual, and that is because it is the custodian of a Portion of The Creator.

Today as I speak, I speak with great concern because of so much improper rejection of All that has been delivered and is being delivered, instructing men, women and children to see the Importance of human life, and that it has a Goal Greater than mankind could possibly design, and that is to return to The Father in a state different than it was conceived, but represented by the Soul, thus returning to The Father a Portion of The Father, in thanksgiving for the human life that He gave at a particular time, so the individual will be represented for All Time to come by the Soul Who bears the name of the one in whom It was placed

**at that important time of conception.
So be it.”**

AUGUST 24, 1998 AT 1:01 P.M.

GOD THE FATHER

“I hear men, women and even children doubting My Existence. It is sad to hear, and in many cases ridiculous for mankind to even utter the words, or think them. Without My Existence as a Reality, nothing else would exist. I am not man as man knows man to be. I am in All Ways different.

Throughout the world there are many who try to use so-called ‘Spiritual powers’, thrusting their imaginations in many directions so that men, women and children will follow their pattern of how they discuss human life, the purpose for it, and of course, always emphasizing the humanism that mankind has the privilege of acting with on all issues.

Today as I speak, I speak through *a small voice, a small body*, but one that is totally in My Control. I hear thousands of men, women and children deny this Relationship, this Closeness, even when they read, or some who hear What I have to speak, for mankind to more fully understand the Purpose

for which I created man, and all other things.

There have been a small number of times in the History of the world, and of mankind, that I used the mentality of 'individuals' so that My Existence would be evident to thousands or millions of others who would see the logic of My Reality. Mankind, at this time, walks in a form of hysteria, pleasing only the enemy that in so many ways is jealous of human life, because human life has the opportunity to return a Portion of it to Me at a given time.

So many stories in the past have been deliberately exaggerated, so that mankind would see so much based on humanistic values, relationships, ignoring The Supreme Power of All Things. I hear thousands, if not millions of human beings base their turmoil, their human problems on strictly humanistic evaluations.

I have given the world a Gift Greater than mankind cares to think It to be. I hear some individuals say, 'It is not possible for so Many Saints to speak, nor does God speak.' Where does mankind think all that he or she is capable of came from? The human

mind, the human body, human understanding of purity over impurity, right over wrong, good over evil, is always obvious, but according to the desire, the emotions, the understanding of the necessity of choosing what is morally sound over what is immoral, should be to mankind the obvious understanding of a Supreme Power, and that decisions must be made for a logical purpose.

As I speak through *one small voice*, rather than to shout from the Heavens All the Words that I allow to pass through This Gift of Mine, mankind should understand that to hear Me Direct would be a frightening experience.

As I speak through *one small voice*, I say to the world: 'Read All that has been given through This Specific Gift of Mine, because there is no place throughout the world that I am Present so Openly, so Lovingly as I am here. Also, as Each Saint speaks to mankind through This Gift of Mine, it is to alert mankind to the necessity of understanding that human life has a Goal, and that human life is different than all other living things or matter, and that All Instructions that have passed through This Gift of Mine must

be honored, else mankind will suffer in many ways.'

The time has come when This Gift of Mine cannot be ignored, as many so-called 'learned' men and women are doing. There have been chastisements before, and I do not want to have to allow this. I have given a Warning, and in the Warning I have given My Love to the whole world. So be it."

AUGUST 25, 1998 AT 1:59 P.M.

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure. We oftentimes hear men, women and even children ask about what a Blessing means. Mankind says, ‘*God bless you,*’ at certain times. Then sometimes mankind will say, ‘*May God be with you*’; then there are times, ‘*God sees everything you do.*’ These phrases are not said as often as they used to be, because human life has become so humanistic in thinking, in actions, in beliefs, and in practices.

The Father, in giving to the world of human life a Miracle of Instruction, alerting mankind to the True Existence of there being a Creator, and that mankind is the only creation that carries within it a Portion of The Creator, so when mankind openly says, ‘*God bless you,*’ there is a significance of importance in these words.

A sad note is that few children learn these few words, because mankind has become so humanistic in values, concepts, terminology, and reaction to so many things, that to remember

the Presence of a Creator would give strength, hope, assurance, and an act of love all at one time.

The Purpose for This Gift of The Father's Love that allows My Words to be put into script, is to alert mankind of all ages, all beliefs, all degrees of intelligence, and all degrees of Spiritual understanding, to the Fact that no human life exists by itself, because within it there is a Presence, unseen but evident because of man's ability to understand what is morally sound, correct, important.

Today as I speak, it is not a natural thing for mankind to write My Words, or let alone have Them heard spoken through *someone* such as they are, but as mankind has the insight to believe, to comprehend so much scientific knowledge that they are surrounded by each day, it is logical for them to believe that My Words, and All the Words of Every One Who has yet spoken, have already spoken, is definitely a Part of Divine Plan.

Today you live in a time much worse than Sodom and Gomorrah. This Statement may be difficult for many to believe, because in previous writings

Sodom and Gomorrah was the ugliest, foulest practice of impurities that mankind could possibly partake in, but I repeat: You do live in a time worse than Sodom and Gomorrah.

In The Father's Generosity, He has given to the world a Miracle of Divine Love, instructing, encouraging, and deliberately putting in writing so many Truths regarding His Presence that is evident to mankind every moment of every day, and the availability that mankind has to use any moment of the day to speak to Him, to ask for a Blessing from Him, and to beg forgiveness for any impurity of the mind, the body, that is practiced in any way.

The world has ignored This Great Miracle of Divine Love, and so little has been done to spread It throughout the world. An alarm is ringing, and mankind is refusing to change, because to change would mean to use all of human effort for forgiveness, and the strength to change one's impurities to, and in a way that would give morality a course of life, striking out any immorality that would be a temptation to the mind, to the body, disgracing the Soul of the individual.

So much has been given to mankind, and at this moment mankind has been Blessed again. So be it.”

AUGUST 26, 1998 AT 1:03 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. My Name is not as well-known as Many Other Saints, but My Love for mankind is deep in concern, hope, because mankind is not learning the importance of his or her advantages in how they walk, speak, and are example to everyone they meet.

Example is an important part of human life, because through it many other lives are touched on what is important, what is truth, what is false, what is honest, what is valuable, what is pure, what is impure. The relationship that mankind ignores is sad in many ways, because actions, speech, habits, play an important part on the lives of others, when they encounter so many aspects of behavior in another man, woman or child’s actions.

Today as I speak, I speak with a Love for mankind that mankind perhaps will not realize the full impact of, because mankind is used to reading and absorbing what he or she gathers is important from what is written.

Very often important statements are passed over, ignoring what an impact the statements could have on an individual's course of life, manner of using prayer as a communication, or as a safety measure in times of need.

Mankind is not learning how to become 'a Saint', and oftentimes ignore What passes through This Gift of The Father's that not only encourages men, women and children to fully understand that human life is more than a body, a mentality, or emotions or sensitivities, human life is the custodian of a Portion of The Creator that no living human being does not have. This Union of Life called 'a Soul', is present at the moment of conception of human life, and is That Portion of human life that is returned to The Father at a given time.

We hear men, women and children speak joyfully over progress, sometimes in the workplace, sometimes socially, sometimes monetarily, and of course, several other ways, but We rarely hear an individual of any age put much emphasis on striving to become 'a Saint'. Oh, they read about Them, and very often pray to Them, but it is sad for Me to say they do not associate

becoming One, because they are so bound to what is humanistic, what is materially of great value.

The Greatest Gift a human being can give to oneself is to become 'a Saint'. There is nothing more important, and no Greater Gift, only the Gift of returning to The Father that Soul that walks every moment of every day, whether man is sleeping, talking, walking, reading, learning, or practicing any activity available.

Mankind was designed to spend Eternity with The Creator of All Things. Let These Words be Words spread throughout the world, because there are millions upon millions upon millions, and even more, individual human lives that have no concept of what a great opportunity human life has that nothing else created has. So be it."

AUGUST 27, 1998 AT 12:53 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. My Name is not often spoken by many, but today I speak openly to mankind because of the Importance of human life, and the Love in which it was created, and the Reason for which it was created.

Mankind has choice, right or wrong, good or evil. There are many, many sins spoken deliberately, when an individual ignores that what they are saying is being recorded in a Portion of themselves they cannot see nor feel, because This Portion of human life is concealed because of Whom It is a Portion of. The Father instills into every child conceived, an invisible Important Portion of Himself. It has become to be known, ‘the Soul’.

Mankind rarely talks about his or her Soul, if ever, because mankind does not innately understand, but oftentimes even refuses to understand that he or she is the custodian of a Portion of The Creator, which gives to mankind an Indelible Mark of existence.

Today We hear men, women and children talk about prayer, but make excuses for their indifference to it, in practicing it, using it as a communication between themselves and The Creator of All there is.

When an individual invents an object that is satisfying to himself or herself, and also has a monetary value to it, there is great excitement and hope in what this invention does for the individual mentally, physically, emotionally.

Today as I speak, I speak about many avenues, areas, in which mankind has the opportunity to be reminded that he or she, as the custodian of any talents, any abilities, any degrees of being able to give to human life something for others to be able to use, to practice, is important in many ways.

Today as I speak, I say: ‘When you bless yourself in *‘The Sign of The Cross’*, and you are in public where others recognize your Act of Faith, this small demonstration is perhaps one of the most valuable Gifts that you can give to one or more other human beings. It says so many things, but mainly it says,

“I am requesting a Blessing openly, with no fanfare, just out of love for The One Who created me.” Example is greater than mankind understands it to be, because it has the ability, and a special function of alerting others to one’s belief in a Higher Being.

I could speak hours on this subject, because it is an important subject, and in so many ways has been dismissed, cast aside, ignored for a very, very, very long time. Remembering it could alert one individual in a form, not to praise you, but to make them think for the first time in a long time, about the Existence of a Supreme Power and Being. So be it.”

SEPTEMBER 1, 1998 AT 12:53 P.M.

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret. There were many aspects in My way of life that had major responsibilities and I took each one of them serious, because it was evident to me that what I was to deliver for others to understand had great responsibility, not just a human communication with another human being.

Today as you live at this time, no matter what vocation you follow, you are active in, even if it is a vocation that deals only with communication with those who live close to you, or those who through heritage are called ‘relatives’, your actions, your sensitivities to what is needed, your reliability, how you carry through in all you say is important and desire others to follow, because of your example, your integrity, the words you speak on many conditions, situations or subject matter, you must always remember, that as a human being you have daily responsibilities with whomever you are, whoever you speak to, because conversation is important

between two people or more, because conversation has the ability to implant into others' minds, subject matter that is important, or subject matter that is vile in content.

Today as I speak through *a small voice*, I speak with a volume of strength, because My Words, as well as the Words of All Others Who have spoken through This Gift of The Father's Love, have a Purpose, always Beneficial to men, women and children of all ages, because of the Soul they are the custodian of during their lifetime.

There is so little spoken at this time throughout the world about the responsibilities of human life, other than those responsibilities that deal with the physical. Mankind must understand that human life is a Gift of Divine Love and has benefits beyond what any other living matter, thing, object is capable of having. The word is simple to remember; It is called 'a Soul'.

If human life was not created for a Special Purpose, Greater than all other living things or matter, it would not have been given the intellect or the Gift of conscience, that so many try

to ignore, also the Gift of sensitivity to what is good, what is evil, what is truth, what is false, what is safe, what is unsafe.

We hear some say: ‘It takes a courage to follow the Will of God, that I do not feel inside me. I have weaknesses, turmoil and decisions to make, based on my surroundings and those with whom I associate, and I realize that many things influence my decisions.’

It is time for mankind to realize that human life was created for a Greater Purpose than all other things; also, a Goal that basically should give to mankind the courage, the strength, the innate psychological understanding that there is a Purpose Greater than anything else created, and this Purpose has to be Divinely Oriented, with a Connection to Divine Love that is beyond human nature. So be it.”

SEPTEMBER 2, 1998 AT 1:02 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It is with much delight that I speak today, because though the number is small in those who try to please The Father’s Wishes, in protecting their Soul against the enemy of God and man, to so many throughout the world there is little understanding of the close communication human life has to The Creator of All Things.

Mankind speaks of love for one another because of closeness in family life, or for others who they meet and find enjoyable companionship. The Father’s Love is beyond what men, women and children can fathom Love to be, for His Love is a Purity based on the Gift He has given at the moment of conception, a Portion of Himself, not understandable in the human mind, but innately felt because of the individual sensing the importance of morality over immorality, love over hate, security over insecurity, and a balance of knowledge over a lack of understanding valuable assets of communication, and of protection for

the human body, the human mind, and for those they love.

The world is in turmoil in some ways, but it is only because the enemy deliberately enters to cause confusion, unrest, and a lack of discipline on moral values, moral standards, moral communication.

All that has been delivered by Every One The Father has requested to speak, must be passed throughout the world deliberately, because of the Importance of What has been delivered. Few men, women and children would find within their mind the capacity to understand that there is a Creator that watches over them and is always willing to hold their hand.

A child learns at a very young age the security of the hand of the one in charge, and then eventually the child finds independence, but there is an innate closeness that that first act never leaves the individual. And so it is with men, women and children who hear that The One Who created them is constantly at their beck and call, and that they have a responsibility to respond to all feelings, all concerns, to

Him Who is Part of them, never leaving them alone.

The world has been Blessed abundantly, sufficiently, and there is no excuse for mankind to ignore his or her relationship, closeness, dependence on The One Who created them, and instilled in them a Portion of Protection, a Portion that will be returned to Him at a given time.”

SEPTEMBER 2, 1998 AT 1:27 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

It is important that Every Word spoken through This Gift of The Father’s Love, This Miracle that bears the Name of The Holy Spirit of The Creator, be deliberately passed to areas that you would not choose because of a personal opinion regarding the area, but you must remember that each human life is the bearer of a Soul, a Portion of The Creator, that This Gift of Divine Love was deliberately designed to reach, instruct, and permit the individual or individuals to learn that they have a Soul that is a Portion of The Creator, and is to be returned to The Creator at a given time.

There are so many Biblical interpretations by men and women throughout the world who feel that they have the knowledge, the ability, the understanding, and the Spiritual obligation to instruct in the form and the matter and the manner of enlightening others on the value of life, and that their words must penetrate

the individual's conscience and understanding, so that the individual will reap the benefits of the goodness that the Soul is the recipient of. Their works, their mannerisms, their practices, are many times not guided by Supernatural Power, but their intentions are in many ways a feeling of fully understanding of The Divine.

The world at this time is in great need of great teachings, but all who teach are not qualified. When you say to a child, '*God bless you,*' the simplicity of your words are heard and it remains in the child's intellect forever, as long as that child knows that your words are an act of love on his or her behalf.

As men, women and children walked the earth at the Time of The Son of God, so much dependence was shown when The One Who taught gave strength, hope, energy, and a fuller understanding of the meaning of human life. At 'this time', so much has been delivered by so Many Saints, to help in many ways, all ages to understand that human life has a Bond between The Creator that nothing else has. That Bond is a Soul.

Thousands, and even into the millions, number of Words have been spoken through This Gift of The Father's Love, Some formally, Some informally, Some in script, Others just verbally, but it is time for mankind to awaken to the importance of morality as a consistent, constant association with every thought, every word, every deed, every action, every intention, every communication that mankind is capable of doing. So be it."

SEPTEMBER 3, 1998 AT 12:50 P.M.

SAINT CLARE

“I am Saint Clare.

When mankind feels the need for aid, he or she most times seeks out medical advice, concern, help. At this moment throughout the world there is far greater need for Spiritual advice, understanding, than mankind can possibly conceive.

When a human mind finds great concern for the physical need, most oftentimes ignore the chance for immediate aid if they would but call to The Supernatural for help in some form, some degree, some source, some means.

The world is saturated with so many men, women, and a few children, who feel they have the ability to secure, and to fulfill the physical needs of thousands of human beings, many thus ignoring the Greatest Gift that mankind has, and that is a personal communication through their Soul, for immediate aid, advice and help, in a form, in a way, in a manner and a degree that will suffice.

Mankind, in many ways, has erased personal communication with The Creator, The One Who designed all things, Who holds all things in place, and Who heals all things, mental, moral, physical, psychological. This, of course, includes all self-made weaknesses that human beings subject themselves to, rather than seeing the impact on their Soul as well as their body.

As I speak, I am fully aware of one great, serious rejection of This Gift of The Father's Love, and that is through jealousy from many vocations that are held in high esteem. In many ways mankind has ignored, dismissed, even totally forgotten that the Greatest Communication for all areas of human life are most times not even thought about when there is a need.

As I speak, I speak slowly, confidently, and with much concern for human life because, as you know, I experienced it at another time. Also, as I speak, I must add a note for mankind to stop rejecting communications with The Saints. They're evident in many ways, and are available at all times.

Much Love passes through This Gift of The Father's, much Assurance,

and of course, always Divine Grace. So be it.”

SEPTEMBER 4, 1998 AT 2:40 P.M.

OUR HEAVENLY MOTHER

“My beloved children, the word ‘children’ applies to all ages of human life, because you see, all through life is a time of learning, a time in which the mind absorbs all that an individual sees, speaks about, is taught, or experiences.

The world has been Blessed by This Gift of The Father’s, bearing the Name of The Holy Spirit of The Father. We hear some say, ‘How can Saint Joseph be The Holy Spirit of The Father?’ Logic should automatically remind mankind that as The Foster Father of The Son of God, who else would be chosen, because as The Holy Spirit, it could not have been an ordinary human being, totally based on human nature, understanding, or purpose.

So much has been handed to mankind in This Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Father, Who walked the earth as The Father of The Son of God, and as My Spouse. It is sad when We hear so-called ‘learned’ men

and women resist understanding This Statement of Fact, Logic, Truth, that in so many ways gives more substance, more value, more reality to The Holy Family, and to mankind having a Soul that would respond to the Supernatural in a normal, natural way.

If man had no Soul, man would be like all other living matter. Mankind has been Blessed in so many ways, and it is sad to say, many times ignores how close human life is to The Divine.

There are millions of human beings of all cultures, all denominations throughout the world, who should have All that has been passed through This Special Gift of Divine Love that deliberately hands to human beings not fantasy, but Facts, logical for them to understand, and logical in the degree that the Love that The Father has for human life automatically tells mankind that human life has a close Association that nothing else has.

We hear some individuals who protect a material product that they feel is beneficial to them, and has a worthwhile monetary degree to it. Oftentimes they would give their life to protect this. How many men, women

and children think before they allow an impurity to be practiced, or to be made, used, or committed, to please another human being?

Today as I speak, I speak with a Deep Love, a Deep Concern, because All that has been delivered is not passing throughout the world. Excuses must stop, because mankind is in great need of What is only given through ‘this spot’, in ‘this manner’, for the whole world to learn from, and be able to be example of.

Mankind talks about love for another human being, physically, mentally, or supportively. The Father is The Greatest Example of what Love is all about. It is a sharing in many ways, because there is no limit to how He will use the human mind, instructing it so that those who receive It at first, have the written Words to pass It to millions of other human beings.

If each one present here now was given the ability to see what is happening throughout the world morally, the shock would be too much. It would be so vile to one’s sensitivities. That is why This Miracle of The Father’s Love has been and is being delivered in

Words, not Visions, because the Words can travel to every place, and imprint into the minds of others the Importance of human life, and the Greatness of the Soul that each human being is the custodian of.

Each day thousands, if not millions of men, women and children read books, stories, and articles. I beseech you, give them the opportunity to read All that has been delivered through This Gift of The Father's Love for mankind. There is no one that does not need It, because what is being read, practiced and accepted, in many ways is vile in content, and abusive to the Souls of millions of men, women and children throughout the world."

SEPTEMBER 10, 1998 AT 11:10 A.M.

GOD THE FATHER

“It is with a great urgency that I request your attention, whether you are present while I speak, or you read My Words at a later time.

Immorality throughout the world is as it was at the time of Sodom and Gomorrah. Mankind, in this day in which you live, has read about the time I speak of, but few associate it with this time in which you live.

The Father has given to the world a Personal Gift of His Divine Love through One called ‘Saint Joseph’. Logic should tell mankind that This Individual, One Close to Me, is More than a Saint. It is difficult for mankind to see, to understand and appreciate, that though He bears the Title ‘Saint’, He is The Spirit of Me, and has the Obligation and the Love to protect mankind against all obscenities, all impurities, and has the privilege to bless human beings with a Blessing in My Name, because He is The Holy Spirit of Who I Am, What I Am.

As mankind is Blessed with a Soul at the moment of conception, this Soul is connected to Me, and I desire mankind to respect This Portion of human life as a Blessing beyond all that other living things have.

Today as I speak, I speak with a Deep Love for all human life. I oftentimes give to mankind more than he requests in prayer, but he does not always recognize it.

As I pass This Message to you through *another one*, I say, ‘You have a Soul that you cannot see, but this Soul is a Portion of Me.’”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come to you on this day to encourage you to fulfill what was requested on the day before this, regarding a painting that must be accomplished as soon as possible.

For thousands of years mankind has been given the abilities to associate to different advantages that would encourage them to see the beauty in morality, against impurities of all sorts, degrees, types.

This Miracle that bears My Name is Important in more ways than mankind fully understands It to be. So much has been revealed, understandable to the human mind, for all cultures of human beings to become more understanding of what a Great Gift human life is, and that it has a Purpose beyond all other living things.

In so many ways, through many, many years of man’s count of years, sound belief in the reality of The Divine has diminished beyond what mankind understands it to be.

As We speak through This Gift of The Father's Love, it is always to give to all ages of human life, moral strength, moral understanding, moral abilities, moral confidence, to face each day for the benefit of one's Soul.

We oftentimes hear a questioning, 'If I have a Soul, why do I not see It?' My answer to this is: 'It is obvious there is a Creator, and no one sees Him, but This Creator is The Controller of All Things, and in His Love for human life, He has given mankind the ability to know right from wrong, good from evil, purity from impurity, and through this enlightenment, there is an innate Gift of His Divine Love that human life is different than all other living matter, and human life must have a Goal because of the innate feeling man has for success, for advancement.'

It is difficult for some to teach what human life is all about, perhaps because of his or her own insecurity morally, mentally, physically, spiritually, all based on Faith that logic automatically speaks without sound. There is a Creator, there is a Reason for life, there is a Purpose in life, there is a Goal it is destined to reach.

Mankind confuses himself or herself by basing decisions on weak excuses, ignoring the importance of every fact of human life, because it reflects in the mental, the physical, the moral, and needless to say, the Purpose for which human life was created.

Children are not being instructed on the importance of The Commandments of The Father. All things are being made so concise, thus leaving little meaning to what each thing has a purpose for, in, with.

Today as I speak, I speak with a Gift of Divine Love through *one small voice*, but because the Words are Mine, They must be spread throughout the world for the good of all mankind. So be it.”

SEPTEMBER 11, 1998 AT 2:46 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There is no time in any day, that The Father has not requested Several Saints to be present where He placed This Special Gift of His Divine Love for so Many Saints to speak through, regarding the Importance of human life because of the Soul that each life is the custodian of.

Today as I speak Words that are being written, I desire many thousands, even millions of individuals to be able to read All that has been delivered through This Gift that bears the Name of The Beloved Saint Joseph. He is looked upon by so many in a natural way, as The Foster Father of The Son of God, as The Spouse of The Heavenly Mother, as The Provider for The Family.

Logic should be understood that This Individual that so much emphasis has been placed upon, is Far More than He has been depicted as, in the life as The Foster Father of The Son of God.

Children must be instructed on the importance of The Commandments of God, but they are not being instructed in the full degree that each Commandment consists of. If they were, it would be obvious to them, the Importance of human life, and that each life has a Special Meaning, and should see beyond what the human actions, behaviors, understanding, and educational practices show.

The world has been Blessed by a Miracle of Divine Love, allowing so Many Here in the Heavens to speak in degrees that mankind is not overwhelmed with, but that Each Item has a Specific Meaning, Direction, Value, for each one born in the human way. In so many ways, so many are ignoring This Gift of Divine Love, because of so much humanism that mankind has adjusted to, totally ignoring The Commandments of The Father, thus making their own rules replace the importance of what The Father so lovingly gave through a man called 'Moses'.

Through time, mankind has in many ways shortened The Commandments to such a degree that the meaning is lost, because now it is so easy for men,

women and children to be guided only by one factor, one word, thus never really knowing how much more was spoken in the full delivery of each Commandment.

Today as I speak, there are Many Saints Here with Me, and even as I say These Words, I am aware of how many learned men and women will have a contradiction to What I have spoken. It is important that no matter how little acceptance there is of This Miracle of The Father's Love, nothing must stop, no one must be allowed to interfere with All that has been delivered, according to God's Will, from Here.

You do live in a time worse than the so-called 'Sodom and Gomorrah'. I only speak these two words because mankind is familiar with them, but if you were to know how much greater in disobedience to The Father's Commandments are acted out throughout the world, you might vomit with disgust or with fear, because The Commandments were delivered for mankind's understanding that life was created with a Soul, so that there would be a Goal for human life, and that Goal would be to reside with God in Heaven. So be it."

SAINT AGNES

“I am Saint Agnes. Why is it so difficult for mankind to realize that there is a Supreme Power that creates All there is to be created, and has since the beginning of time?

It is sad the children are not learning more respect, more understanding regarding The Supreme Power that Governs All Things. We hear little ones ask their elders, ‘Who is God?’ And to many who are requested to answer this, they find difficulty in describing the Greatness, the Importance, and the Reality of a Supreme Being. Basically, there is no excuse for any human being to not innately understand the Reality of a Supreme Power, Supreme Being that created All Things.

To hear some individuals speak, they oftentimes feel more comfortable being with others who feel the way they do, think the way they do, thus ignoring the Importance of human life, why it was created, and yet these very same people find great joy in some

little object that they find pleasure in using.

Today as I speak, it is important for the whole world to understand that there is but One God, One Creator of All Things, and This Creator is aware of everything that every human being does, thinks, acts out, regarding morals and the physical aspects of human life, plus how the mind of individuals think, respond, and use the intellect in ways, sometimes for great things to be done, but other times only to please the enemy of God and man.

The Father has given to the world a Miracle of Instruction, allowing so much to be spoken about many subjects, mainly of course, the Importance of the Soul that is instilled at the moment of human conception.

Mankind finds it so important to learn about many things and to be able to instruct others on new ideas, new types of inventions that intrigue those interested in many sciences, putting the emphasis on scientific knowledge above and beyond the fact that behind all this The One Who created All things is The Dispenser of the Knowledge.

Sometimes, when We hear so little understanding of the Importance of the True Benefactor for all that mankind has and is capable of having, of doing, there is a sadness, because innately man knows he or she does not have the capacity to fully understand all there is in knowledge available to mankind.

The Father has given to the world a Personal Gift of His Divine Love, openly naming The Saint Who is The One being honored by This Gift of The Father's Love. This Saint has a Name easy for mankind to understand, relate to, respond to, because the Name is well-known, and of course, the Name is 'Joseph'.

We hear individuals speak about This Saint, and up to this time, before This Gift The Father has given, announcing the Greatness of This Saint Above and Beyond just being a Saint; of course, this Announcement that Saint Joseph is The Holy Spirit of The Creator, The Spirit of Love, The Spirit of Sharing, The Spirit of Service, The Spirit of Duty, The Spirit of Purity, Hope, Love, The Spirit of Kindness, Generosity, The Spirit of Life, giving to life the privilege of decision, and the Spirit of sharing the Importance

of human life, and the Love that The Father has for this Creation of His.

We hear many individuals find it difficult to associate The Beloved Foster Father of The Son of God as The Holy Spirit of God Himself. Ask yourself, ‘Who else would you have requested to be The Foster Father of The Son, and The Husband of The Beloved Blessed Mother?’ Her Titles are many, and each Title is greater than the one before, because in The Father’s Love for mankind, and His Reason for creating women as well as men, gives a Gift of Divine Love that is different in some ways, many ways, to the creation of women. The Beloved Heavenly Mother, as The Queen of Heaven, as The Mother of The Son of God, has more Titles, but the Importance of Who She Is, What She Is, mankind should look to as a Blessing beyond what mankind would ever be capable of.”

SAINT JOSEPH, THE HOLY SPIRIT

“As We were Three in The Holy Family, it was a Time in the History of human life that gave to the world more understanding of the importance of

family life, and that the unity of family life has purpose, reason, because human life is different than all other living things.

When The Creator gave to the world a Holy Family, He gave the Greatest Gift of Love and Example, because all through time there has never been a time that The Holy Family does not play some part in all lives created.

Today as I speak, I speak with a Divine Love, and a Divine Will that All that has been delivered through This Gift will be passed throughout the world, for there is nothing like This going on as This is, at this time. Do not worry about those who reject, resist, resent All that has been delivered, or even a Portion of It, but use your efforts to give others strength to believe in the Importance of human life, and that it was designed like no other living matter or thing.

As I leave you today at this time, I bless you with Words of Deep Importance. As your breath is a sign of life, and your words can give hope to others' lives, know that you are instruments of The Father's Love for

mankind, and being an instrument of such Personal Communication is a Gift as We were when We walked the earth in the human life. So be it.”

SEPTEMBER 15, 1998 AT 2:20 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. So Many of Us stand by This Miracle of Divine Love, deliberately giving strength to *the little one* who walks a Path, desolate in many ways, on a treadmill in other ways, darting many shadows from creeping into the Beauty, the Truths, the Divine Love and the Divine Hope that is delivered by so Many of Us.

Granted, there are many obstacles to be eliminated, not just walked over or accepted as natural, normal parts of what Truth must face against all odds.

The Father has given to the world a Gift of His Divine Love, a Gift of Instruction, encouraging hope for the Souls that are bound to millions and millions of individual men, women and children.

The enemy of God and man knows the Importance of the Soul that is given at the moment of conception. This, as a Portion of The Creator, is more than mankind understands It to be. The enemy of God and man uses all sorts of

temptations to distract the Soul from men, women and children that do not fully understand the importance of how temptation on immoral issues can be devastating to his or her Soul.

There have been many times since the Creation of human life that the enemy of God and man is evident in every facet of life. We hear some individuals ask this question: 'How do I know it is the enemy tempting me or my own character in how I use my will?' It is important that mankind understand that the Soul, as a Portion of The Creator, quickly answers this question by encouraging the individual to act purely, so there should be no question, because the enemy would encourage impurity on all subjects in all ways.

Today as I speak through *a small voice* in the world, it is important that This Gift of The Father's be shared with the whole world. Ways must be found for translations, and paths of communication must never be ignored. By communication, I mean more than speech, I mean the written Word in different languages, so no individual is left out or ignored.

Children are not being protected against what is impure mentally, physically, socially, morally. Just the opposite, they are being encouraged. The enemy of God and man is the provider of this because of the Souls that are being tortured by so much evil, so much weakness, totally abandoning the realization that human life has a Soul, a Portion of The Creator.

Ask yourself: ‘If I was not born with two legs, two arms, a brain, two eyes, how could I exist? Would I exist?’ Logic says it would be impossible to exist. Stripping the body of so many necessary parts would not just disfigure the body, but the body would be incomplete.

In the Creation of human life, The Father left nothing out that mankind would need to be able to use all that was necessary to return to The Father when the time was right, so mankind was given a mentality and many body parts to be used for practical, logical purposes. The Creation of human life was designed in a Special form, and it is the only life that is instilled with a Portion of The Creator, to be returned to Him in a Pure State for All Eternity. So be it.”

SEPTEMBER 16, 1998 AT 2:00 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille. I must first address the subject regarding All that has been spoken at ‘this time’.

Mankind wants to be updated and to fully understand what is going on around him or her that could be beneficial to their way of life, or dangerous to their well-being. Curiosity in human life is innate, and many times very, very important to the welfare of the individual or individuals, because to know the importance of a subject matter can many times eliminate harm to one’s self or to others.

The world has been Blessed with a Gift of Communication. This Close Communication, through *one voice*, from so Many of Us Here in the Heavens, is a Gift of Divine Grace, Divine Love, because without This Gift mankind would be open to all the influences that are not supportive of serious moral advantages, that many times attack an individual, and could be destructive to one’s physical life, mentality, or decisions.

So many times We hear men, women and children asking for help. They want it to be direct, as if they are talking to one of their own family, or a friend, or an acquaintance. The Greatness of This Gift of The Father's Love for mankind covers many subjects, also encourages every individual to realize, to recognize the Gift of human decision should be guided by its moral value, its justification, its protection, and also the importance of it to the Soul of the individual.

So many violent instruments are used by many people, violent to the flesh, to the mentality, and to the moral standards, giving to the victim horrible blows of indecencies, plus physical abominations to the flesh.

The Father has allowed so Many of Us to speak openly through This Gift of His Divine Love, through *one small voice, one small body*, bound to obedience because of the Importance of What she has been chosen to be *the instrument* of.

Ask yourself: How many times have you enjoyed responsible obedience that involved communication with others like yourself? Did you oftentimes ignore

what you wanted the other individual to respond to, or did you always have the courage to speak out, speak up, and say what you felt was important? Think about this.

At 'this time', The Father has directed so Many of Us Here to awaken mankind to the Importance of human life, and to the Goal for which it was created; plus, for mankind to stop being weak in decisions that catered to the enemy, thus weakening the individual even more than it was thought to be.

Today Many Saints have spoken in general conversation, as it is each day, at this time in your lifetime. How much have you remembered? How much have you changed? How much have you instructed others on? I could ask many questions here, because human nature has the habit of shortening important measures when it comes to enlightening others that may not accept the subject as it should be accepted.

The Soul becomes 'a victim' more times than mankind can relate to. Human nature very often responds to an important issue, and humanly feels that they should not have been spoken to regarding this particular subject.

Mankind does not fully understand that human life was created not just for success in the human life, but for a Greater Goal than human life can offer, because without the Soul in human life, there would be no Future. The Soul is the recipient, and the Soul is to return to The Creator.

Granted, to some very so-called 'learned' men and women, This Statement is inconceivable, but I assure you, Truth of This Magnitude would be difficult for human life to conceive, attaining a Goal such as Sainthood. Now, Sainthood does not always mean that you will be honored, revered, or remembered, but it does mean that your time will be a Time of Happiness, in immediate Service and Closeness to The Creator. What Greater Glory could mankind reach for than to strive to become 'a Saint'? So be it."

SEPTEMBER 17, 1998 AT 11:07 A.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

A legal document that is acceptable to the authorities must be written in terminology understandable, and should bear the signatures of those present, proving confirmation of this document.

As I speak, and so Many Others speak at the request of The Creator, God Himself, We are told, for What We will say to remain Word for Word, to have It written in the language of those present. There have been so many Lessons, Instructions, and historical backing of These Instructions, plus the Highest Authority mankind can understand authority to be.

When We hear doubt in any degree, it is based on excuses, not knowledge. That is why it is so important that This Gift of Divine Love that The Creator has handed to mankind at ‘this time’, is of an Importance beyond what those present can fully understand, because What is spoken has an Ultimate

Purpose, Reason, Cause, for all to come from this time on.

The Father chose ‘this time’ to be, because of the necessity that the Words must be heard, transcribed and delivered throughout the world, due to the fact that the enemy of God and man is present, and using human life as his means to destroy Souls from here on in. The time is important now, and has been since The Announcement of This Gift of The Father’s Love. As We hear individuals reject This Gift of Divine Love, We use many means to counteract what the enemy works to achieve.

This Miracle that bears the Name of The Holy Spirit is the Greatest Weapon mankind has, and that is why so Many Here have been chosen, Saints of all degrees, also backgrounds, to fight the battle that evil is using to destroy the Souls of millions of human beings.

I could speak endlessly on this subject, but We find that mankind is more apt to read, and hopefully understand, shorter Messages that give important Words so that the individual can better adapt to the Importance of what human life was created for, and

that human life has a Soul that is a Portion of The Creator, and only leaves the individual when The Creator deems the time. So be it.”

SEPTEMBER 17, 1998 AT 1:13 P.M.

SAINT MATTHEW

“I am Saint Matthew.

Mankind studies many subjects, historical, geographical, mathematical, works of art, laws that pertain to locations, areas, and personal behavior. The list of subjects that mankind studies, practices, uses, associates with in daily life are numerous, but when an individual studies about The Creator, about Creation, the subject matter is not always complete, because human life is limited on these matters in regard to the subjects that are multiple in number.

At different times, The Father selects an ‘individual’ or ‘individuals’ to lead others to Facts, on Facts regarding the Purpose for which human life was created. No one individual has the full understanding, full concept or ability to know the full degree that’s contained in The Father’s Form of Creativity, Reason for Creativity.

Today as I speak, what I am about to say has an importance in It, for It, to It, because The Father has chosen

‘this time’ for mankind to become more aware, informed, regarding the Value of human life, and what a Special Creation it is, because of its manner in which it is created, and all that is instilled into each creation. The list is endless in human life.

As an individual is conceived, then born, there is a time period of great importance. The formation of the individual, plus the Reason for this human life, is above and beyond all other living matter or things. Historically, mankind was told that human life was created to the Image and Likeness of The Creator, of God. This, of course, gives to the mind of human life a sense of connection, closeness, that instills a feeling of belonging.

Human life has a Purpose, logical in the very mind of human minds, and that is to know right from wrong, good from evil, and the ability to sense certain factors that give to human life an association of abilities, understanding, growth, fear, intelligence, and the capabilities to use what is in human life to function in many fields available, to use one’s mentality, ideas, to create many, many things.

Mankind is gifted with an innate sensitivity to what is pure, what is impure, what is right, what is wrong, what is good, what is evil. This, of course, instills into the mentality the ability to make correct decisions on subjects, in situations that are protective or beneficial, if that is the case.

In giving to the world so much from All The Saints Who spoke previously through This Miracle of The Beloved Holy Spirit, humanly known as 'Saint Joseph', mankind has been informed of an area of human life that gives strength to what human life is all about, always addressing the Purpose for human life, in a manner, a way, that gives hope to a continuance of the life living on after the physical no longer exists.

We hear some individuals make a statement and say that life is like a battlefield, sometimes one wins, sometimes one loses. Mankind, many times, creates his or her own battlefield, because in a battle there is always the right, and there is a wrong, there is good and there is evil, there is truth, there is untruth, there is peace, and then confusion.

This Gift of The Father's Love, This Miracle of The Beloved Holy Spirit of The Father, has delivered through so Many, the Importance of human life, and that human life, in the Goal Intended, is to reach for the Soul to be returned to The Creator for All Eternity.

We hear individuals not quite understand why a Miracle of This Magnitude was created for man. It is sad that mankind does not see what a Valuable Gift of Divine Love This Miracle is, because as Saints, so Many have spoken directly through This Gift, encouraging mankind to see the Importance of human life, and to realize the daily tasks, practices, affect the Soul, and it is important that the Soul be Pure, because the Soul is That Portion of The Creator that is the Strength behind the mental, the moral, the physical aspects of all an individual partakes in, accepts, promotes.

Children are not being taught in the right manner. They are being instructed in a haphazard manner, way, degree, regarding the Importance of human life. Even those who are very learned are not taking the time or the patience to see to it that what is

important is for all ages of human life, even themselves, to strive for purity in daily life, this purity that affects their mind, their sight, their words, their touch, their actions, their abilities to express to others love for God.

There have been thousands and thousands and thousands of Words spoken through This Gift of The Father's Love, and We see so many of Them being cast aside. It is sad, because We see mankind of all ages happy to receive a gift, and many times even happier if the gift is wrapped especially for that individual. They feel the care, no matter what the gift is.

How many individuals of all ages kneel at their bedside at night for a short time and say a prayer in a personal way, thanking God for the day, and perhaps apologizing for some act, some word or words that were unkind that could have affected the life, attitude, or actions of someone else in a very negative, unhappy way? Kindness is not always part of man's day, because there is so much self-love, self-indulgence, self-purpose, self-need, that supersedes what would please or help another individual have a better

thought, encouragement, to practice some deed that would be beneficial. How many human beings of all races, all colors, all creeds, take the time to thank The Creator for the day, for the time?

The world has been Blessed in many ways. Mankind calls it ‘progress’, but here again, if progress is not used for the right reason, that means that mankind has allowed the enemy of God and man to participate, to control, or to be the leading factor. This is a sadness, because human life is the only living thing that is born for a Great Purpose, a Great Goal, and that is to return to The Creator, That Portion of The Creator, the Soul. So be it.”

SEPTEMBER 18, 1998 AT 1:12 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

The Father, in His Love for mankind, His Creation of human life, gave to this Creation many things that He did not implant in other living forms.

First of all, He gave to this life a Portion of Himself, which allows this Creation to understand the logic in a Divine Creator. No other living thing has this Source of Information.

The Father also gave to this Creation of His a Purpose, a Goal, and the Soul that mankind cannot see, but It is evident in Its Presence, because human life has the ability to understand so many things; first of all, the Importance of life, also that there has to be a Goal to this life.

We hear men, women and children talk about education in many fields. The fields of education are numerous for man to learn about, but so many times so much emphasis is put on educating one's self on so many other

forms of life, issues in life, that many forget what his or her life consists of, and the Goal it must reach through its works, abilities, actions, manner of knowing, accepting, practicing truth over untruth, right over wrong.

Today as I speak, I speak with a deep Love for human life for I, too, walked the path.

The Father has given to the world a Miracle of His Divine Love. It is called 'a Miracle' because it is not ordinary for such an Occurrence as This is. So Many Saints Here oftentimes say to The Father: 'What a Blessing You have handed to the world. It is similar to the Time Your Son walked the earth.' He always smiles at this remark, because it is a remark of Love, Concern, and All Saints are a Part of This Gift, because He has instructed Them to teach all about the Purpose of life, and the need for all of mankind to be aware that human life is different, has a Goal, and that human life has a Portion of Him.

This Statement alone should give to every human being a feeling of security, and a deeper love for each day they live. So be it."

SEPTEMBER 21, 1998 AT 2:19 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father, in His Divine Love, has given to the world a Gift beyond what mankind understands a Gift of This Magnitude.

Why do I say mankind misunderstands? It is because mankind, in general, has closed their minds regarding The Commandments that were delivered through ‘one voice’ several thousand years ago. These Commandments were not in the degree that mankind has learned Them to be. At the time They were given, each Commandment was lengthy in detail, covering many subjects that would be accountable for many wrongs that mankind would be active in physically, mentally, spiritually, morally.

The Commandments of God are being ignored intentionally, because mankind, in some ways, feels that they do not offend The Father according to what The Rules called ‘sinful, abusive, impure and immoral’, debasing the

Soul of the individual or individuals who were involved.

If you were to ask twelve people one hour from now, to dictate to you The Commandments of God, you might find that they would be confused on the exact wording. Some would be indifferent to your request, and some might even be angry, wondering why you would ask them a question of this nature.

Children are not being instructed on the full degree of The Commandments of The Father. Some in charge of children feel they are too young to understand, thus omitting their chance of speaking in a manner, a degree, feasible for the age to whom they are speaking.

Those who write My Words would be shocked if they were apprised of how many adults do not understand the full meaning of The Commandments of God.

Today as I speak, My Words have an importance in Them, because This Gift of The Father's, bearing the Name of The Beloved Saint Joseph, is a Gift beyond what human nature can fully comprehend.

When We dictate through those who write, that 'The Beloved Saint Joseph is The Holy Spirit', We find it difficult for some men, women, who are considered highly intellectual, to understand the full meaning of what These Words mean. Sometimes mankind finds himself or herself so formally educated in fields of choice, that what they are humanly all about morally, physically, spiritually, is not part of their concern, because they are more concerned with the knowledge they are interested in, that pertains to subject matter that deals on a given title, which at this time are too many to mention.

The world has been Blessed, mankind has been Blessed at 'this time', because you do live in a time worse than that time in History called 'Sodom and Gomorrah'. When This Statement is read, some will immediately say it is difficult for them to believe, and yet if they would but take note of everything they hear, they read, they participate in, in a short period of time, if they would be honest with themselves, they would begin to recognize that their actions, thoughts, participations, ideals, ideas, could be put in the category of impure,

impurities, arrogance, or complete rejection of the full meaning of The Commandments of God.

The Father has requested that This Miracle of His Divine Love, This Miracle of Instruction, Direction, be passed throughout the world. It should not stay in one place, because It is definitely for all of mankind, all races, all colors, all creeds, all degrees of intelligence, all personalities, all backgrounds.

So many times when One of Us Saints is requested, or has permission to speak through This Gift of The Father's Love, it is important that those who read What is spoken understand that This Gift of Divine Love is a Gift to aid mankind in many ways, because of the Importance of human life, and the Soul that each human life is responsible for, and that is to return the Soul in a State of Grace, a Purity, that is beyond what mankind knows purity to be.

Nothing The Father asks is impossible, because mankind is given the ability to understand that human life has a Goal. Human life is Important, because mankind was designed to the Image and Likeness of

God, giving to mankind an intellect, an understanding of right over wrong, purity over impurity, and abilities to accomplish moral goals, physical goals, and the ability to communicate with each other, giving strength to each other, hope, perseverance, goals, knowing that human life has a Purpose for a Goal Greater than any human goal an individual can accomplish.

So Many of Us Saints stand by at all times, ready to speak through This Gift of The Father's Love, because it is important that mankind fully understand that he or she is the custodian of a Portion of The Creator that He wants returned to Him in a Pure State at a given time. So be it."

SEPTEMBER 22, 1998 AT 1:48 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father has given to mankind a Miracle of His Divine Love. It is called ‘a Miracle’, because It is not a natural phenomenon. It is Supernatural in Content, in Delivery, and in *the little one’s* hearing.

So many times mankind asks for a Blessing when something personal is needed. It can be physical, it can be financial, and some, but not as many as should be, are for moral reasons. Many men, women and children never think of their actions, their thoughts, their associations with others should be based on moral values, moral standards, never immorality.

There are many men and women preaching to others, guiding others, dominating others on their interpretation of what Spiritual guidance they feel is necessary for others to follow. Most of the time this is practiced because of the egos that the individuals are controlled by, wanting to be superior to others, to

dominate in others what they hold to be important, thus in many ways ignoring the Basic Rules of Divine Power, The Commandments of God, The Creator of All Things.

The Commandments were delivered in full content, full meaning, to a man a long time ago. Since that time, They have been condensed to a degree wherein very little is covered in Their meaning, so mankind automatically uses the shorter version to accommodate his or her own feelings about what is applicable to his or her way of life.

It is important that The Commandments The Father gave be put before the eyes of all human life, in the full manner in which They were delivered, because the conciseness in Them that mankind chooses to follow, totally ignores the in-depth meaning that The Commandments were given, for mankind to fully understand the degree that offenses against each Commandment can be associated to every facet of human life.

At this moment there are millions of men, women and children who will never have the advantage of reading

the Words dictated through This Gift of The Holy Spirit of God, This Miracle of Divine Love that explains all facets of human life that mankind is responsible for, to, in, because of the Soul that is a Portion of The Creator of All life. This Portion, placed at the moment of conception, is a continuous Connection that mankind has with The Supreme Power of All that is created.

We hear men, women, and even children exclaim great joy when they look at the moon, at the sun, at the planets; even some do this when they see a cloud. Others become very interested in the power of the rainfall, the snow. Innately, man knows that these things are created by a Supreme Power, a Superior Justice, a Supreme Being.

Today the world is in chaos, and this pleases the enemy of God and man, because in confusion, turmoil, many individuals of all ages ignore the importance of sound moral values, sound moral standards, sound reasoning, and that there is a Creator that all are responsible to, for the Gift of life that has a Purpose, a Goal, and this Goal is to return a Portion of this life to The One Who created it at a

given time, because human life is a Gift of Divine Love.

No matter what obstacles the individual faces, there is a Soul in the individual that, as a Portion of The Creator, is a Strength beyond human understanding, and is That Part of human life that will one day represent the individual standing before The Father, recognized in a manner, a degree, a way, that gives The Creator a Communication that nothing else is capable of, and through this Communication, the individual that bore that Soul since the moment of conception is recognized in many ways; and also, at the time It was placed in an individual human being, to return to The Father after serving for Him through the human way. So be it.”

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist.

Many stories have been put into script regarding what Baptism is all about. When I stood in the water and thousands of people came to where I was, I knew that what I was about to do was not my idea, but was instilled into me to be practiced for a specific reason, purpose.

Many stories have been written about the Baptism of the water. When a Certain Man walked up to me, I knew instantly that He was not in need of this act for purity, but in His Very Countenance there was total humility, for He was addressing this Gift because It was alerting mankind to an Important Feature, Factor in human life.

There are many stories that I could speak at this time, defining many facets of this Gift, that in Its very act, cleanses the Soul of a mark that mankind cannot see, cannot feel, and in reality, is totally unaware of. I could dictate volumes on the Beauty of the Faith in this Gift, that in Its Purpose

cleanses the individual of an act, that alerts the individual to the Importance of the Soul they have that is a Portion of The Creator, and that Soul is never to be tarnished in any way, of impurities, of desecration, of immoralities, based on mental or physical practices.

So much was taught at that time, never written at that time, but the Lesson for Its Purpose passed down through time. No book has ever really covered the Beauty of the Purpose for which Baptism is an Important Practice in human life.

At different times, men, women and children find themselves using water to cleanse their bodies. They feel refreshed, and they feel that the time gives them more energy. When I was in the water, and this Particular Special Human Life walked up to me, I could not help but say to Him: ‘There is no need for You. You are All Purity,’ but He said to me, ‘John, as you know Who I Am, you must also allow Me the privilege of receiving what all of mankind should receive, for as I am Example of all you know Me to be, others will follow down through time, this act that gives to human life a Gift of purity.’

There are so many Lessons that could be spoken about in the Gift of Baptism, and as it was spoken by mankind, that man is born with a mark because of past History, today as I speak through *a small voice*, it is important that mankind fully understand the Act of Baptism is an Act of Faith, an Act of Belief, that mankind is gifted with a Soul, a Portion of The Creator that nothing else has, and this Soul must be protected by pure thoughts, pure actions, pure words, and this Soul is a redeeming Factor that must be obedient to The Laws of The Creator.

There are Laws because of the Soul. If there was nothing in human life that was not a Portion of The Father, there would be no need for The Commandments to be understood as important, because man would be like all other living matter, things.

The Commandments, in Their fullest measure, are in-depth in meaning, wisdom, and not difficult to understand, not difficult to follow, and there have been many times in the History of human life that The Commandments were set aside, as They are at this time in which you live. They are ignored, and not even discussed

as having been important. They have not been erased, They still exist, and mankind at this time refuses to read about Them, to speak about Them, and to initiate Them in religious circles in Their fullest degree, because the common thought amongst all places throughout the world is that The Commandments were for the past and are no longer needed.

Volumes of words could be spoken on this subject, but I add to this: Innately, mankind of all denominations, all backgrounds, are aware that there has to be a Set of Rules for mankind to follow, else mankind would be like all other living animals.

Whenever We hear This Gift of The Father's Love passing through *one voice*, We All say a prayer that mankind will listen and see that sound moral values give happiness to the mind, the body and the Soul, and obedience to The Commandments of God, The Creator, gives assurance, hope, and a fuller understanding, and a Greater Worth for human life to even have been born.

My Words should pass throughout the world, because mankind must begin

to see and to more fully understand the Full Dimension of Love that each Commandment consists of, and not the abbreviated form. So be it.”
