PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure.

The Father, in giving to the world a Miracle of His Divine Love, constantly encourages all of human life to remember that each life is important to Him. That is why He put into each life, instilled into the conception, a Portion of Himself, and It’s called ‘the Soul’.

We hear so many men, women and children use an expression that has a beauty in it, a meaning in it, when they call each other ‘soul mates’, thus meaning the relationship is close, important, and in many ways the ultimate of connecting two human lives as one in thoughts, in words, in deeds, in actions, and in morality.

Today as I speak, I deliver Words of Deep Love, because as One of Us speak through This Gift of Divine Love, it is The Father’s Will that the Words He Decrees to be spoken are to not just comfort all who read Them, but give moral strength, moral courage, and a sincere desire to follow The Father’s

Will on all decisions regarding the human actions, the human decisions that each individual is confronted with every day, every hour, on all different occasions.

The world has been Blessed with a Gift of Divine Love, instant Closeness through Words that are to be written so that men, women and children will not have to try to remember the Content, the Reason, the Purpose, the Divine Love, because the memory of an individual most times omits important facts, content and purpose. Why? Because the human mind becomes attracted or distracted, because of other subjects that occur in the daily practices, the daily associations with others.

That is why it is so important for millions of men, women and children to receive Our Words in script and not just hear Them, because it would be too difficult to remember the exactness, the Purpose, the Divine Love that is obvious in All that The Father Wills mankind to hear, to be instructed by, so that they can follow in the footsteps of Those Who walked before and became Great Saints because of Their obedience to Divine Love that

was passed on to Them for the same reason This Miracle of Divine Love was sent at 'this time', delivered through *one voice*, but scattered throughout the world for all ages, all mentalities, all personalities, all degrees of moral understanding.

We hear many questions sincerely requested. That is why This Gift of Divine Love is so important to be written and passed throughout the world, because of the Souls that are dependent upon the one in whom They have been instilled at the moment of conception, who will have the opportunity to be knowledgeable on the Importance of what it means to be a human being, holding within themselves an unseen Portion of Divine Love that no other living matter or thing has the privilege of.

I bless you with The Father's Love, and the Hope of All The Saints Here with Me, that through This Gift of Divine Love, love for The Creator will increase abundantly, because of the Souls that are dependent on the individual in whom They were placed at the moment of conception.

Human life is truly a Gift of Divine Love. There are so many portions of it that nothing else is the custodian of, and through This Gift, bearing the Name of The Beloved Holy Spirit of God, mankind is learning what a Treasured Gift he or she has been allowed to be closely associated his or her whole life. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are many troubled times during Great Occurrences. I say ‘troubled’ because of so much jealousy, hate, speculation, doubts, and a lack of Faith in the importance of Truth based on what The Creator would want mankind to follow, to use, to practice, to instruct, and to be example of.

You do live in a time worse than many ugly demonic times before this time, and you must understand that the ugliness will not fade away on its own merit, so it will take strength morally, physically, psychologically, spiritually, to wipe out all the disadvantages; also, those who constantly instruct wrongly, totally ignoring what a Precious Gift human life is, and the Ultimate Goal for which it was designed for.

We hear men, women and children wish for many things, many material things, many wanting to be superior on different facets of knowledge; some wanting only to be known in a popular sort of way, giving their egos

attention, ignoring totally the Reason for which they were born, and that within them they have the Greatest Gift of Divine Love that human life can be the custodian of. It's called 'a Soul'.

Today as I speak, it is with deep concern for all ages, all cultures, all degrees of intellect, reminding them that human life is Special, and was designed and created to one day return to The Creator in a Manner, in a Form represented by the Soul of the individual, that was instilled at the moment of his or her conception.

For some to read this, to think about it is out of their context of understanding, because they see, feel only the human values, abilities, concerns, and what human life is involved in mentally, morally. This Gift of The Father's Love, *The Miracle Of Saint Joseph*, is a Gift beyond what mankind can understand Greatness to be.

It is sad for Me to say this next Statement: To many who pride themselves on being spiritually wise, spiritually correct, it is many times based only on their abilities connected

to humanistic pleasures, material things. Human life, in many ways, has been instructed on the Importance of, in the Creation of human life there is a Portion of The Creator instilled, never seen, never heard from, but obviously present, because of the in-depth knowledge, sensitivity to each man, woman or child, instinctively knowing they are being watched by Someone, Some Thing, even when they hide themselves from worldly measures, places, people, objects.

The world has been Blessed, mankind has been Blessed, because at 'this time', The Father once again openly speaks to mankind through *one voice*, on the Purpose for human life, and the Goal for which it was created.

Today is a good day for mankind, because today the Lesson I have just spoken is a Gift of Divine Love for all who will read the Words, obey the importance of understanding that The Commandments of God are The Rules by which each human being can understand, that in These Rules the Goal is obvious for Divine Plan. So be it."

JULY 26, 1999 AT 1:10 P.M.

SAINT JOHN THE BAPTIST

“I am John The Baptist. Many unknown Saints speak through This Gift of Divine Love. They do not mention Their Names but oftentimes join in conversations wherever this *little one* through whom We All speak is present.

The world of mankind, all degrees of intellect, all backgrounds, all ages, have been given a Gift beyond what they truly understand a Gift of Divine to be.

So many times, in a quiet conversation, or a conversation that has for it a subject that is worldly in nature, context and description, no one present understands it to be Someone such as a Saint adding ideas, even Their personality.

The Father, in His Love for mankind, has Blessed the world at ‘this time’ with a Gift, using *a voice* or script to encourage men, women and children to more fully comprehend what a Great Gift of Divine Love human life is to man.

Granted, throughout the world there are so many desecrations daily against The Commandments of The Father, and these desecrations are looked upon as normal thinking, actions, activities, beliefs, forgetting that sometimes in the vile intentions or subject matter of the enemy of The Father, the Souls of all of human life become 'victims' at this time.

Some men, women and children cannot fathom that within themselves they have a Portion of The Creator. They know right from wrong, they know what is pure from impure, whether it be physical, conversation, thoughts or actions. If they can honestly say they know right from wrong, should they not ask themselves: 'How do I know this? It is so deeply ingrained in me, this knowledge, this understanding.'

The question needs some looking into, using the logic of what the human life was created for, and how in human life it is innate to know what is pure for the body, or impure, also how speech enters into what would be pleasing to The Father or displeasing to Him. The reason, of course, has to be that human life has and is a close Connecting Link, unseen, but innately felt because of

an individual knowing when they are acting, speaking something impure.

Today as I speak to a small group, it is My Hope, My Love for human life that pleads with These Words: Please use your energies, your love for God, to spread All the Words that have been delivered through This Gift of His Divine Love. Do it with love, and do it in a generous way. So be it.”

JULY 27, 1999 AT 1:20 P.M.

“Since the Creation of time, since the Creation of the world, since the Creation of human life, The Father Was Always In Control.

Today as I speak, I speak with a deep Love for this time in which you live, because not one individual is the point of direction, but several men and women have been chosen to walk in a form, in a manner, for a Purpose beyond what is ordinary to the human way of life.

True, We speak openly through *one*, but those who are close to this *little one* are also the representatives of The Father’s Will, and they have a great task to perform, because it is through their willingness, their love for The Creator, that they will be the messengers for so much to be delivered for all time to come, regarding the Importance of human life, why it was created, and the Goal for which it was created.

Today as I speak, there are thousands, or I should say millions

of men, women and children in great need for All that has been explained, delivered and requested to be put into script so It is not lost in the memories of those who were present when These Messages were delivered for not just this time, but for all time to come, for all human life to learn from, and to realize that the Importance of human life is the Goal for which it was created, and that is to return to The Father.

Today as I speak, there are Many Here with Me now, praying that All that has been delivered through *one voice* will be seen for the Greatness It is, the Purpose It is, the Reason for It, and the Love of The Creator in It.

The Father did not choose a booming sound in the voice of a human life. He passes All Things through *a quiet voice, a small voice, a small body*, and has surrounded *this child, this woman* with others who have the Spirit of hope, of love, to work in the degree The Father Decrees to be, and that is to spread throughout the world His Will, His Messages, His Teachings, as He allows Them to pour through Many Saints Here in the Heavens.

When The Father announces Himself as The One Who is speaking at

that time, it may be difficult for many to believe, comprehend, or understand that He would take Part in a Gift of This Nature, This Source, This Degree, but nonetheless, it is Fact and Truth.

It is sad to see so many hear about This Gift and do many things to ignore It, and of course, deny the possibility of It. Each man, woman and child should ask themselves: 'If my life has no purpose, then what am I all about? What awaits me when I no longer walk in a living form?'

This question should be answered honestly, and then each one asking it should say, 'I must seek out the Directions, the Divine Love that The Father would not deny me of, or not enlighten me by, because then I would be lost to a strictly humanistic evaluation for which I was created.'

As We speak through this *little one*, it is important for mankind to know she does not hear Our Voice. Our Words are instilled in her momentarily, and she must repeat Them as We speak Them, because of the Importance of All that is delivered, because of What human life is the custodian of — the Soul.

The Soul must be protected from all that is evil. Remember My Words, and be sure that others are able to read Them. Do not allow Them to remain hidden from the world. So be it.”

JULY 29, 1999 AT 1:28 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many fields needing particular knowledge wherein mankind’s life and abilities are important.

Today as I speak, I speak with deep Love for One Portion of life that to Me is the Greatest Gift of Divine Love that human life is the custodian of, and that, of course, is the Soul, a Special Portion, Connection to The Father’s Love and Will.

There are many, or I should say millions of men, women and children who have no concept of what human life was created for, the Importance of human life, and the Special Purpose for which it was created, because it is ‘the only creation’ that is instilled with a Soul.

The word ‘Soul’ is oftentimes casually used in regard to another individual’s personality, nature, character, talents, abilities; and then there is another use for the word ‘Soul’, and that is that for some reason

an individual chooses, makes a choice to accomplish something for the 'sole' purpose of gaining much attention. Of course, this latter word 'sole' is spelled differently. It has the same sound, but it is differentiated by the spelling used in reference to it.

The Father's Creation of human life had a Great Purpose; first, the desire to share many things with human life, giving human life the advantage over all other living matter or things, through one's ability to use the mind on many different subjects, some great, some small, some interesting, and some just for the purpose of communication with others.

Today as I speak to a small group, My Words are being put into script for others to read, and for others to better understand that the Gift of human life is a Special Gift of Divine Love to man, because of the abilities, the intellect, the senses, that tell an individual what is pure, what is impure, what is right, what is wrong, what has purpose, what has no purpose. Also, the human mind instinctively understands that daily life has a strength in it, and gives to the human mind understanding that

it was created for more than it is involved in at this particular time.

In This *Miracle Of The Beloved Saint Joseph*, so much has been instructed upon, that mankind should place the Importance of Its Presence in what The Father uses so many talents or knowledge of different things to help the individual grow mentally, spiritually, because of the Ultimate Goal for which human life was created.

Remember to say at the end of every day, or more times if you wish, *'God, Sainthood is my Goal.'*"

AUGUST 2, 1999 AT 12:58 P.M.

GOD THE FATHER

“At the moment of conception of a human life, there is a Purpose, a Reason, and a Destiny attached to the individual.

It is important for mankind to more fully understand, that as human life has practical independent purposes in each phase of human life, it naturally tells each one that there is more to what they see, they feel, they practice, they are capable of.

There are all different degrees of human intelligence, all degrees of physical abilities, all degrees of being able to communicate to each other, but also using the faculties, the mentalities they are instilled with.

Today as I speak, I speak with a Divine Love for all who are created, because I have given them many practical Gifts of My Divine Love: the ability to rationalize, to make decisions, to work in many different areas of knowledge, and to use their minds, their hands, their feet, to establish in each one a practical

source of movement, understanding, abilities, that otherwise, without these things human life would not have the advantages of being able to be example regarding the physical, the mental, the moral.

It is important for every man, woman and child to understand what a Great Gift human life is, and that these facts alone tell openly that human life has a Purpose beyond and above what all other living matter and things are born with, born for.

Today as I speak, I speak with Direction, because in every era of time there have been all different types of characteristics that mankind would cling to. Some were not moral, some were based more on animalistic values, because of the personal intentions that superseded the purity, the dignity, and of course, the values that human life was instilled with.

I have given to the world a Gift Greater than mankind has accepted It to be. It is sad for Me to hear a lack of interest, or a deliberate rejection of This Miracle of My Divine Love. All that has been delivered must pass throughout the world, because

mankind is in great need of This Closeness to The Divine.

There are so many men, women and children who, through their most emotional feelings, make many mistakes, most out of pride, followed by impurities.

The world has been given a Gift. It is My Gift to human life, to all ages, all cultures, all degrees of intelligence, all backgrounds, and yes, the innate knowledge of what is just, what is unjust, what is dignified, what is not dignified, what is moral, what is immoral.

***As the little one* knows, through whom I speak, I could talk endlessly, but the human body is not capable to perform to this degree, nor is anyone in the human way capable of how much I would be able to rapidly instill at an endless degree, but as I created human life, I instilled in it limitations for the safety of it, and for the abilities to be able to handle all facets of human life.**

As I speak, I speak with a Deep Love for this Creation of Mine, but I also request that no human being ignore the Soul that they have within

them that is a Portion of Me. So be it.”

AUGUST 3, 1999 AT 1:25 P.M.

SAINT PHILIP NERI

“I am Saint Philip Neri. I smile as I mention My Name through this *little one* that so much Love from The Creator is delivered, for not just those who write the Words, but for millions to be able to read and capture the Indelible Love of The Creator for all of mankind.

A Blessing such as This One is, is far beyond any human love, because in It, through It, and instilled in the Words, is a Love beyond what any human being can show to another human being.

I speak today with great Love for human life, respect for human life, and of course, an understanding of human life, because I, too, once walked the road.

Today as I speak, it is important for all who will read These Words, or even hear about These Words, to recognize that the Gift of human life is Precious and Greater than gold. The reason I say ‘gold’ is because men, women and children hold gold as a

precious item. They must remember it is only a material substance that has been credited to have monetary means.

Let us look at each human being we know and ask ourselves: ‘Are we good example to everyone we meet, we speak to, we live with?’ Measure your degree of how you affect other lives by how you feel them change in your presence, change for the better, become more God-conscious instead of human- or material-conscious.

It is with Great Love for The Creator that I speak today, and it is His Love that allows Me to speak, because My Words hopefully will be scattered throughout the world, drawing attention to the Importance of human life, and that it has a Goal beyond what mankind understands a Goal to be.

As I leave at this time, I would like you to remember My Words, because These Words are allowed to be given by The Holy Trinity. So be it.”

AUGUST 4, 1999 AT 1:07 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

Logic must tell that the full life of The Saints could never have been recorded, because of the indepthness of the reality of such a communication of an individual human life with The Divine.

The writings thus far on the Lives of the Very Holy Ones, The Beloved Mother, The Beloved Son, and The Beloved Holy Saint Joseph, were never written in full concept, but placed in an understandable format of human behavior, life.

Today as I speak, I speak with much sympathy for *the little one* through whom I speak, for the loneliness is beyond what human life could ever perceive.

All that has been delivered to give to mankind of all races, all colors, all creeds, all degrees of intellect, is being absorbed only to a degree of Its Magnitude, and is oftentimes cast aside, putting on Its Delivery a

humanistic evaluation, version. The world must hear of This Gift of Divine Love, in spite of the degree that human life is able to perceive a Gift of This Magnitude and Love.

There is a great sadness Here in the Heavens, because of the rejection of so many so-called 'learned' people denying that a Gift of This Magnitude is possible, probable, or would be permissible by The Creator.

Today as I speak, I speak with a deep concern, but I also speak with a touch of anger within Me, because the enemy of The Creator and man is being catered to, and This Gift of The Father's Love is not being seen, felt, accepted, or realized for the Magnitude of Divine Love that It obviously is.

At other times in the History of human life, when rejection of such Value occurred, The Father would, in some way, use signs to allow mankind to find something to fear, something to be concerned about, in order to help them realize that there is a Creator, there is a Controller, there is a Divine Master.

As I speak today, I speak with a deep hope, and a sincere suggestion

that mankind will more fully understand that human life was created for a Great Plan, to be one day a Place for each human life to return to, through the Soul they were gifted with at the moment of his or her conception.

As through life it is natural to enjoy gifts, advancements, and acts of love, there has been no Greater Act of Love to mankind for a very long time, until This Gift bearing the Name of The Beloved Saint Joseph was given to the world, allowing All of The Saints to join in unison to instruct everyone who would read the Words, who would hear about This Gift, to better understand what a Precious Gift human life is to man. So be it.”

AUGUST 6, 1999 AT 1:18 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. Today as I speak to a small group, it is My Wish that All I deliver through *one voice* will be cast throughout the world on the minds of millions of men, women and children.

Today there is so little spoken on the importance of sound moral values, sound moral standards, decency in daily actions, whether one is alone or with others. There is very little spoken about the neglect of prayer. So many men, women and children feel that the only time they should pray is when they are in a church. There are so many wasted moments in a day when so much communication could occur with an individual asking for help on issues, on conditions, to improve themselves and to help others improve the moral values, conditions, practices of his or her daily life.

To ask an individual, ‘Was your day a moral day?’ the response would be a sadness to hear. Many might laugh out loud at such a question. Others

would say that 'It was not to be of your concern what my day was like morally.' People do not ask this question of each other, yet in many areas of communication, such as magazines, books, radio, television, movies and other entertainment skills, there are so many diabolical values accentuated, calling it 'entertainment', never using the word that 'abusiveness' causes because of the subject matter.

Some individuals never use the word 'abusive' and yet they many times are victims of it through the media that they are associated with; also, to the company of other individuals that they are with at some time during one day; plus, it is difficult for some individuals to realize that what they are being subjected to is vile to their Soul and a disgrace to their morality.

I know I am speaking in a different format than so Many Here with Me speak, but you must become aware that you do live in a time worse than Sodom and Gomorrah, and just as it was all accepted at that time, it is being accepted now as being normal to human thinking, actions, ideas, abilities.

The next word I use is ‘et cetera’, a word commonly used by many when there are so many subjects to be added to what they are speaking about.

The Father, in His Love for human life, has given to the world of human life, a Gift of His Divine Love, with so Many Saints speaking openly the Words being written, encouraging mankind of all ages, all temperaments, all degrees of knowledge, to stop and think of their actions, their associations, their practices, and their degree of how they understand that human life was created to return to The Father in Glory Forever.

As I leave you today, I beseech all who will read My Words to stop and think of how each day is, where your participation is example to others; also, what mark does it leave on your Soul when the day is done and you are alone, resting the physical for the next day to come? So be it.”

AUGUST 9, 1999 AT 12:50 P.M.

PADRE PIO

“I am Padre Pio. In some ways it is a sadness to Me, and yet I fully understand the privilege to be able to speak to mankind of all ages, all cultures, all creeds, at this time in the world.

There are so many devious conceptions on what is important for human life. Most of these things felt are more prone to cater to the evil one, and not The Divine, The Creator of All Things.

As I stand Where I am, I am able to see what is occurring throughout the world, and it is a great sadness, because mankind ignores what is good for the Soul, and caters to what is demonically evidenced by the subject matter, the conditions, the purpose.

I speak firmly, because it is important that human beings of all ages, all degrees of intelligence, all backgrounds, become aware of the privilege of human life, and that it has the Most Precious Goal that any object or animal life could possibly

give to human life, and that is to one day become 'a Saint'.

Throughout the world so much is seen as being totally in a conception of sin, arrogance, and a blindness to what a Great Gift 'Sainthood' is, offered to all human life.

As I leave, I leave you in Words only, for many times I am present where *this child* is, and watch what ridiculous cunningness the so-called 'superior educational' men and women are doing to demean This Gift of The Father's Holy Love.

As I leave you, I bless those who are with *this child* at this moment, for you need this Blessing to give you the strength, and I say it with deep concern, '*In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*'"

AUGUST 10, 1999 AT 1:05 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

It is important that the whole world be alerted to This Great Gift of Divine Love that The Father has so generously put into writing, so All He Desires for mankind to know is not limited to one mentality, one background, one age.

A Blessing of This Nature, This Purpose, should never be doubted, because of the Importance of What is spoken, not just to encourage men, women and children to more fully understand the True Existence of a Divine Creator, but to obey The Rules that were given so that the Guidelines for human behavior could never be questioned. These Guidelines are for a Future Life, a Life to return to The Creator for an endless period of time, called ‘Eternity’.

So Many of Us speak through *one voice*. We hear some say, ‘Why one voice?’ This question can be answered easily: ‘One voice’ allows for no

confusion. ‘One place’ delivering the Words from *the voice*, place security that is needed on a Gift of This Divine Nature, Divine Love, Divine Blessing.

Throughout the world there are very, very, very, very few individuals who are capable of seeing the Importance for which human life was designed, and of course, the Goal for which it was designed is beyond human understanding, for the most part. The Gift of Faith, in believing in a Divine Creator, not questioning the logic of an Entity of This Power, gives to an individual human being the strength to more fully understand so many Gifts of Divine Love that have been allowed over a lengthy period of time.

One sad note is that so many individual men, women and children tend to shorten Powerful Words of Instruction in which the Beloved Gift of Divine Love, The Commandments, have been brought down to. In Their full length, each Commandment explains fully a particular purpose for it, the importance of it for the Goal of the Soul of every human being.

Today as I speak, there are Several Saints surrounding Me, All

pleading with The Father because of the Words that have passed through This Gift for such a long time, This Gift bearing the Name of The Beloved Holy Spirit of The Father; the human name, of course, easy for many to relate to, is and was 'Saint Joseph'.

So many times when a favor is given to an individual, they feel the responsibility of saying 'Thank you.' I remind you, all who will read These Words, to thank The Father for giving you the Gift of human life, because it is the only Gift of life that bears a Portion of Him, called 'the Soul'.

As I leave you, All of Us raise Our Hand in a Blessing and say, 'Remember, God is always with you.' So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. At this time throughout the world, men, women and children are ignoring the Precious Gift of human life, the Connecting Link to The Creator, called ‘the Soul’.

It is important that all ages, all denominations of Spiritual Faith, all degrees of intelligence, practice learning more about human life, not just the physical or the mental, but the Importance it is in its Association, its Connection to Divine Love and The Creator.

It is so easy for men, women and children to believe stories about other people, so easy for them to practice what others preach, thus ignoring the most important Lesson that any man, woman or child should every day look into, look at, and associate the subject matter to their way of life. This, of course, are The Commandments of God. They are not The Commandments of Moses. He was ‘the instrument’.

The Wording of each Commandment can be associated

closely to how a human being thinks, acts on every subject, with all the senses of human life. The Commandments are truly a Gift of Divine Love. It is logical for mankind to understand that the Wording, in its conciseness, is not the full indepthness in which These Commandments were delivered, but it is important at this time for These Commandments to become obvious to the whole world in Their full meaning that They were first delivered through that man called 'Moses'.

As I speak to you today, it is with a Greater Love than you know love to be, because you see, as you have a Soul, a Portion of The Creator, I am well-acquainted with how a Soul acts, reacts, because I Am The Holy Spirit of The Creator. This Statement, difficult for some to understand, but the logic in It is obvious in a Higher Plan, for as I walked in the human form, I was The Guardian of The Queen of Heaven, and of course, The Beloved Son of The Father.

Today as I speak, it is to enlighten mankind on the seriousness of each day of life, because of the will that human life is endowed with. The will sometimes follows a weakness,

rather than what would be considered morally sound.

It is important that children learn that the Gift of free decision has much responsibility, and in this responsibility there is a Creator Who asks, and will ask for an accounting at a given time, through the Blessing that He gave to human life, called ‘the free will’, to accept or reject all that passes before them, and for all they practice morally, physically, spiritually.

I could speak volumes on these subjects, but I beseech you to take the responsibility, accept it with love, and deliver to the world What so Many Here in the Heavens have requested of What They spoke, attaching Their Name to Their Time, Their Words, so that anyone reading Them would know Who spoke in this Manner, this Way, this Caring.

As I bless you, I bless you with Deep Love, because as your Soul is responsible for all you do, It is also a victim in all your indiscretions. Remember What I have said. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

***A child* of years sits in your midst, oftentimes listening to Conversation other than what is appearing, or being heard as it is being spoken by those surrounding her. For many, many years this *little one* has listened to What she cannot hear, but is able to repeat the Words in a continuous form, manner, way, because the Words are being delivered through a Power beyond what mankind knows Power to be.**

The world has been given a Gift beyond what mankind realizes It to be. There have been other times in the History of human life that Occurrences of Great Worth, such as This One is, poured forth Directions, Some in a story way, Some in a form of authority.

Today as I speak, I speak with much concern, because of so many diabolical actions that individuals are practicing in their daily way of life. Impurities are acceptable, indecencies

are acceptable. It is a sadness to see, because there are so few who deny the temptations, reject the temptations, and pray for help when they know they are being tempted with many sins, each of these sins causing much harm to their Soul, even to their bodies.

The Father has given to the world a Gift of Instruction, alerting all ages, all denominations, all degrees of intellect to be alert, but understand also, that self-control, self-discipline must be used defending one's own Soul.

I hear someone say, 'How can I defend my Soul, I have never seen It?' Logic tells every human being that human life is Special, because of its abilities in the intellect, and the will. Excuses are inexcusable.

Today as I speak, I speak with a Great Love for The Divine, and I desire only to help in every way possible that I am given permission for at this time, and in speaking These Words it is one privilege that I sincerely hope will awaken one or more Souls to the Importance of human life.

In every human life the Soul is the recipient of what the individual

partakes in. It is important to understand the privilege of human life, and to realize that the Goal for which it is created, is a Goal of Everlasting Beauty and Divine Love.

I could speak hours on this subject, but oftentimes when a Message is delivered, One of importance, It must be shortened so that It is remembered.

I beseech everyone who reads My Words to see in Them strength, encouragement, hope, understanding, and the ability to cultivate the willingness to always remember the Soul that you are gifted with at the moment of your conception. So be it.”

SAINT PHILIP NERI

“I am Saint Philip Neri.

Each day in the life of a human being is an important day because of all the individual’s responsibilities, participations in others’ lives, and of course, the fulfillment of one’s own occupation.

Today as I speak through a *small voice*, I speak delivering a Message of great importance. The term ‘charity’ is so loosely used and defined according to an individual’s understanding of what it means. There are so many degrees, ways, that charity gives hope, consolation, strength.

This Miracle of The Father’s Love is an Ultimate Act of Charity to all of mankind. The only fact that mankind is burdened by is the differences in languages in which This Gift of Divine Love must be translated, so that no one who does not speak the language of *the instrument* is denied the Content, and the Importance of what the Revelations mean, contain and/or direct.

So Many Saints have spoken through This Gift of The Father's Love, All from different backgrounds, All with different degrees of interests in Their daily way of life, but Here in the Heavens We act in the Degree, the Manner, and the Way that The Father directs Our Souls to help others gain Sainthood, because It is the Goal for which He created human life.

This Gift of The Father's Love, This Communication must travel more quickly than It has, and more indepthly, because without It, millions of individual human beings will not be able to fully understand many important Facts about the responsibility of being created a human being, bearing a Portion of The Creator that is to be returned to Him at a given time.

Blessings are abundant to those who desire to help others, who take the time to give to others What has been delivered through This Gift of Divine Love. Granted, Blessings are not always felt at a particular time, but I promise you that there will be a time that each individual will face, and will be assured that through their efforts, obedience and love for The Divine, they were nourished, and all

accounts will be seen for what was accomplished in obedience to God's Will for another human being. So be it."

AUGUST 17, 1999 AT 1:36 P.M.

SAINT CLARE

“I am Saint Clare. It is The Father’s Permission that I speak today on a very important subject that faces every living human being born to the world.

First, one must remember that there is a right and there is a wrong, there is truth and there are untruths. Many times children are not spoken to in a clear manner regarding the distinction that each of these words carry. A child is told ‘No,’ but rarely is there an explanation why the child is not permitted to do what he or she is doing. In some cases, a child instinctively knows, but does not have the logic of decision.

Now let us go to another degree in which those who participate are of an older age. It is automatically understood by everyone they meet that they are capable of the right answers, the correct actions, whether the subject matter is moral or immoral, or in some cases just suggestive of one or the other.

The Father has given to the world of mankind the privilege of so much to be learned. He did not just speak the Words, nor did He just allow Them to be in one place. His Direction was for All to be written, put into script so no one would ever not be able to read the Words and allow the Words to be indelibly marked within them in Their full concept.

I am speaking differently than at other times because of the subject matter, but it is important that all of men, women and children learn from What has been spoken for many years, delivered according to The Father's Will, through *one voice*, on the Importance of what a human being is gifted with, and that is an unseen Portion of The Creator, called 'the Soul'. The Soul is the recipient of all an individual speaks, acts out, promotes, encourages, and is example of.

My Words, though different than I usually speak, are Words I sincerely want everyone to fully understand, that as an individual born to the world in the human form, the responsibilities, though simple in nature, are important because of the Soul that is the recipient

of every act, thought, word, deed, that one individual is responsible for.

Today I extend much Love through What I have spoken, because it is important that the whole world hear of This Gift The Father has given to the world, has Demanded to be put into script, not relying on the memory, but instilling It indepthly through the written Word so that the human mind will be able to absorb It, see the Value of It and the rationalization of what It means.

Today as I speak, I speak with a Sincerity and with a Hope that All that has been delivered from All Here in the Heavens will scatter throughout the world in haste, because of the need for It in so many ways, so many places, for millions of men, women and children. So be it.”

AUGUST 18, 1999 AT 1:05 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I speak today to the whole world, all religions and all nationalities, all degrees of intelligence, with a Message important to all of human life.

In so many ways, so many times, men, women and children speak in a way, manner, degree, termed ‘vulgar, indecent, impure’, and make many excuses for it. Some have admitted it is a habit with them and they see no wrong in it.

I say to all who speak this way, that though you are entitled to choice, you are also recommended to be pure in all the things you partake in, listen to, speak about, and are example of.

Mankind has been Blessed with a Soul, unseen, but no living human being has the insight of a greater knowledge than The Creator, thinking that he or she has the right to speak, act, perform, participate, instigate total humanistic values in everything they do, say, speak, encourage or involve themselves with, in.

When an individual says a prayer to a favorite Saint or to The Creator, they should ask themselves if they truly believe in what they feel on this communication. Do they believe it is a communication that is heard?

The world is saturated with demonic pleasures, practices, encouragements, and a vile, contemptible ignorance of the Importance of what human life truly stands for and was created to accomplish, because of the free will, free Spirit, and abilities to learn morality over immorality. Also, the conscience of a human life has responsibility to fully understand that human life is unlike any other creation or living matter, due to the fact that human beings instinctively know that human life is different in many ways than all other living matter or thing.

So Many of Us Saints plead with The Father to give Us a chance to help in every way possible, through This Miracle of His Divine Love, because of the Souls that are being abused by so-called 'human nature'.

Today My Words are sincerely meant to give moral strength, moral

courage, moral understanding, moral hope, that when All that is written through This Gift of Divine Love, called '*The Miracle Of Saint Joseph*', It will awaken millions of human beings to conquer what is immoral and strive to please The Creator, plus desire to return their Soul to The Creator, from Where It came. So be it."

AUGUST 19, 1999 AT 1:10 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

In daily living, when certain events take place that give joy to one or more men, women or children, it is a memorable occasion, oftentimes temporary because of the changes in the lives of all human beings that take place constantly.

Today as I speak, My Words are directed to all who will read Them, encouraging them to see the Beauty of human life, and the wonderful Gifts it is endowed with at different ages, at different times, for many reasons.

One of the greatest Gifts that mankind has, and it is belief in a Creator and belief in The Rules for which human life was endowed with, because without The Rules, there would be no standards of right over wrong, purity over impurities, love over hate, wisdom over indifference, and a lack of rational thinking.

The Father, in His Divine Love for human life, has allowed so many

privileges for individuals of all natures, all degrees of intelligence, and many other factors in life that give to an individual's life, energy, hope, and a beauty of reality, purpose, because the goal of one's abilities satisfies an inner desire and gives strength to one's moral code of ethics, thus allowing an individual to see the value of performing in a pleasing way for the benefit of one's self and others.

There has been so much given to mankind through This Gift of The Holy Spirit of The Creator. It is unending in Volume, Purpose, Content and Goal.

As I leave you, I smile as I say, 'God has Blessed mankind, and God has Blessed the world in which mankind is gifted with the Greatest Goal of any living matter or thing, and that is, to return one's Soul to from Where It came.' So be it."

AUGUST 19, 1999 AT 1:55 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. When My Name is mentioned, the first thought is that I went to battle and wore the costume of a warrior.

Ask yourself: Are you not faced with formal moral conditions each day of your life? What is your armor? Does it show to others what you stand for, how you will react to a misconception of your moral values, your moral standards, your moral integrity?

Have you ever asked yourself, ‘What type of armor will reveal my moral character to all whom I meet and am associated with in my daily way of life?’ Granted, it is not natural to walk speaking openly in a prayerful way, so this portion of how you feel, how you think, never shows. What does your countenance show? What do others see in your walk, your speech, your clothing, your attitude?

So many men, women and children either ignore what an impact they have on others or they don’t care, but every man, woman and child should be

aware that their very presence can be conducive to the moral values, moral standards, moral conduct of everyone they come in contact with.

I am saying these things because at this time in which you live, there is so much carelessness regarding how one individual reflects openly how they are inwardly, morally, psychologically, or immoral in some formal way.

There have been so many Blessings through so Many of The Saints Who have spoken through This Gift of Communication that The Father has allowed important subjects to be thought about, to draw attention to an individual's behavior, and how an individual can affect the lives of everyone they meet, everyone they live with, and everyone they work with.

There is so much loose conduct in all ages, so much casual reflection of how one feels about important situations, about his or her moral code of ethics; also, purity on all moral issues that obviously affect any association, any conversation with one or more people.

When some hear of This *Miracle Of The Beloved Saint Joseph*, their

thoughts rarely go to the practicality of the Teachings in which so Many Saints partake. We hear some say, ‘Why would so Many Saints speak when It is called *“The Miracle Of Saint Joseph”*?’

Logic says, as ‘The Holy Spirit’, He is The Reflection of The Creator, and that all people do not have the same personality, nature, or desires to become ‘a Saint’. That is why it is so important for so Many Saints to speak, because of different backgrounds, and Their different approach to important subjects, giving all types of personalities, degrees of intelligence, and degrees of belief in a Creator, and the Purpose for which human life was created.

To be born a human being is a Blessing. It is not a Blessing in disguise, but is like an open book because of an individual’s intellect and a sense of knowing what is pure, what is impure, and many, many other characteristics that give human life a dignity unto itself, above all other living things or matter.

Through This Gift of *The Miracle Of Saint Joseph*, mankind has been Blessed abundantly. Today as I speak,

it is to encourage all who read the Words to be example of what they know to be the way to become ‘a Saint’.”

AUGUST 23, 1999 AT 1:15 P.M.

SAINT AGNES

“I am Saint Agnes. My first Words I am sad to say, because They depict, describe and speak out openly on the intenseness of immorality of all ages, all degrees of intelligence, and yes, sometimes very learned individuals that have been trained to more fully understand that human life is gifted in Divine Plan with a Soul.

As I speak with you today, My Desire is to have not only What I speak, What I say, to be delivered throughout the world, but I plead with you, those who know of This Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’, to accept the responsibility to deliver All that has been put into script. Do not keep It hidden; It is important for the Souls of millions of men, women and children, with all degrees of intellect, all beliefs in particular types of Faith in a Creator.

As I speak through *a small voice*, it is important that as the Words be put into script, They travel throughout the world, because without This Miracle

of Divine Love that bears the Name of The Beloved Holy Spirit of The Creator, 'Saint Joseph', millions of Souls will be lost.

The world is in an immoral turmoil, much like Sodom and Gomorrah. Children are not being instructed on the Importance of what human life was created for. So much pressure is being instilled into them on physical things, ignoring the moral values, standards that they should be aware of in every facet of what they think, what they speak, what they wear, and who they are in the company of every day.

There is very little accent on morality throughout the world. So many vile, vulgar impurities are acceptable, based on human theory, human association.

Today as I speak My Words, Many Saints stand Here with Me. We are never alone, and when The Father declares One of Us to speak and requests Our Words to be written, it is important that These Words travel beyond Their point of acceptance by those close to this *little one* through whom We All speak.

We many times hear all ages openly express annoyance at This Gift of Divine Love, and speak openly that It should not be accepted, because their interpretation of how The Father works would not include *a small voice* with the Words that We implant to be put into script for millions to read and to see the Value of, in, for the Protection of the Souls that are in great need.

Many Saints are with this *little one* daily, and if All of Them spoke, it would be impossible for her to be able to be aware twenty-four hours of your day, so that dictation could be twenty-four hours in your day. The Father oftentimes distracts *the child* so that the exhaustion goes away.

It is important that All that has been delivered and put into script, not be held back from the millions who are not close to 'this place' where All is being delivered. All the Souls throughout the world plead with The Father to help in some way, that people will accept the Beauty of being a human being and the Importance of human life, because of the Soul that is within each human being.

As human life reaches for success in many areas, is it not wise to understand that life does not stop totally when life ends? In truth, there is a New Beginning, and of course, that is through the Soul of every human being.

As I leave you, I bless you and I say: ‘The Father allowed you to be created. His Gift was a Portion of Himself placed within the conception and never leaves you until an appointed day.’ So be it.”

AUGUST 24, 1999 AT 1:46 P.M.

SAINT BENEDICT

“I am Saint Benedict. I smile as I speak My Name because *the little one* through whom I speak always listens intently to the sound of the Name of the One Who is speaking. Her reaction is always different and yet the same.

We hear men, women and children discuss their anxieties, their concerns, their problems, their wishes, their dreams and their goals. Rarely do they speak about their moral code of ethics, how they handle their relationships with those close to them or with those who they call ‘friends’.

There are so many distractions to the human eye, human way, that every man, woman and child should offer each day requesting The Father to give them the strength to think first, before any decision is made, about what the subject matter contains, and if it will give strength, hope, good example, or will it be destructive to their Soul in any way.

All of Us Saints know that for every man, woman and child to think

this way so consistently, would be out of line with how human life uses every moment of every day, every act, every intention, every relationship, every goal, and most certainly, every move in how they live, how they speak spontaneously to those with whom they are, or who they meet.

We see happiness when there is gain financially or in some form of a human endeavor to be successful. I beseech you, look for what is good, what is beneficial for the Glory of your Soul, because this Soul that was given to you at the moment of your conception, is destined to live Forever because of Who It is a Portion of — The Creator.

Purity of the mind is not impossible; purity in actions, not impossible; purity in responsibilities, not impossible; purity in how one acts in one day, not impossible, because within each human life there is a Soul that constantly encourages, instructs, reminds the individual in whom It is, to look for good, see the moral, and concentrate on what is beneficial to Something within the being that they cannot feel, they cannot touch, they cannot see. It is an Innate Living

Matter that never leaves the human body until the body no longer has a breath to take.

So Many of Us Saints desire to speak through This Precious Gift of Divine Love, because What is spoken, at most times, is put into script for others to read and to see a Beautiful Gift that should be cared for, because It is a Portion of The Creator that they are the custodian of in the human way of life.

When you say ‘Good morning,’ you accept another day, and when you say ‘Good night,’ you close out what has been done, what you accomplished, what you practiced, and you look forward to a new beginning, another time. The Father, through This Gift of The Beloved Saint Joseph, with All the Revelations that have been clearly spoken, clearly written, are to encourage mankind for all time to come, to better understand what a Precious Gift human life is to man, and that in These Revelations, there is a Promise that every act, thought, word, deed, has a responsibility in it, and is accountable at a given time.

As I speak, I request, I beseech that All the Words that have been given through This Gift of Divine Love be passed throughout the world for others to better understand, to more fully comprehend what a Precious Gift human life is to man, and that it has a Goal Greater than what the human life was ever able to give, and that is to return to The Father the Soul, a Portion of Him. So be it.”

AUGUST 25, 1999 AT 1:45 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. As I speak today through *one small voice*, I speak with a great Love and deep Hope that those who have the privilege of learning about This Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’, begin to more fully understand what a Precious Gift human life is to man.

Today, as in many, many, many days past, little attention is cast on The Commandments The Father gave to a man a long time ago. It is sad for All of Us Saints to hear These Commandments remembered in such a concise format, eliminating the importance of each Commandment because of the lack of detail. It is very important that this be looked into by every human being.

For instance, if someone says to you, ‘Go there,’ would not your first response be, ‘Where?’ So it is when mankind looks at The Commandments in such a concise way, because in Their Greatness, Their fullness, the

explanation makes all things clearer, more understandable, logical.

Let us take the one Commandment that is sinned against thousands of times in one day. You call it the 'Sixth Commandment': *Thou Shalt Not Commit Adultery*. This Commandment many times appears to be the only Commandment that was made obvious because of what it said. What about: *Thou Shalt Not Kill; Thou Shalt Not Steal; Thou Shalt Not Bear False Witness Against Thy Neighbor?*

Needless to say, each Commandment has a particular importance to it, in it, for it, and the conciseness They are learned in must cease, because throughout the world those who claim to be believers in These Commandments, fail to recognize what each one means.

If an adult commands a child to do something that is normal for the child to do, it is usually spoken in a form of command, expecting the child to respond to the strength in what is spoken. No matter what age a human being is, what background they bear, what intelligence they can claim is theirs, simple logic must come into vision when one is told, even in

the conciseness, that the words are important because of one's Soul.

All of The Saints Here in the Heavens could speak volumes on every important point of what men, women and children should take serious in their daily life. Morality is spoken about in such a light manner. Immorality is many times interesting conversation among all ages.

Today it is important that though the work to follow through on what has been requested of those close to This Miracle, your Soul can be a victim if you ignore the plea, because your Soul has a responsibility, and many times urges you to remember that The Commandments given to a man one day are to be followed through in Their fullest degree, and each human being must remember not the concise form, but the indepthness, the importance, the reality, that each Commandment was given for, in, with, and how.

I beseech those who read the Words to stand up for Truth, and most of all, stand strong in your Faith for The Creator. So be it."

AUGUST 26, 1999 AT 1:32 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Time is important because it is through time that mankind uses all talents, abilities, and his or her own characteristics, to accomplish sometimes great events.

Today as I speak, it is important for human life to fully understand that life in the human way has a Goal. It was not created for just the length of time it would be considered capable of doing human practices and using human abilities. It was created for a Goal, and that is for the Soul that was presented to it at the moment of conception. The Soul is never seen because It being a Portion of The Creator, It could not be seen in the State of Being, because the human eye would not understand It or comprehend the Greatness of It.

From the beginning of time, human life was not given a clean, clear picture of Heaven, because it would be impossible for the human mind to

be able to handle the Greatness, the Beauty that Heaven is.

Today as I speak, it is to encourage those who believe in a Creator's Existence, do not always understand where a belief like this began, but I am here today to tell you it is because of the Connecting Link you have with The Creator, the Soul, that is to return to The Creator at a given time.

Ask yourself, 'What is a Saint?' Logic tells you that the Saint at one time was a living human being, and was declared to be worthy of the Title 'Saint'. If there was no Special, Specific Purpose to become 'a Saint', The Father would not have allowed this Gift of understanding to ever be spoken about, because it would be misrepresentation in the Purpose for life; but the very fact that away back in the History of human life, it was allowed to be known that human life was gifted with a Soul, a Portion of The Creator, that was to be returned to Him at a given time.

The Father is using a *human voice* to dictate so much Information, Direction from Himself and from so

Many Saints Here in the Heavens, so that mankind will know that there is an Important Part, Portion, Direction for human life, and it is not meant for it just to end when the physical is no longer able to respond, to speak, to act, to be in the midst of others.

To some, What I say may sound sad, and yet there is a Great Lesson helping those who read this, to help others to more fully understand that human life has a Greater Purpose than anyone can perceive, accept, or reach while in a living way.

Today as I speak, I speak with much Love, Consideration, Concern and Hope that the whole world will hear of This Gift of Divine Love through The Holy Spirit of God, because It is a Miracle in which so much is being instructed, and the importance for human life to more fully understand the Goal is ‘Sainthood’. So be it.”

AUGUST 26, 1999 AT 2:26 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. So Many Saints request to speak through this *little instrument* who receives All of Us immediately on Our Approach to her manner of living.

So many men, women and children throughout the world take lightly their communication with The Beloved Father, The Beloved Son. It is important that This Gift of The Father’s Love, bearing the Name of The Beloved Saint Joseph, be heard throughout the world because as it has been said, ‘He is The Holy Spirit of The Creator.’

Today, as We All speak at different times, not All of Our Words are put into script, because it would be too much for mankind to be able to cope with. There are so Many Here in the Heavens Who, in requesting permission to speak Words of Direction to those who will read the Words and hopefully pass Them on, so that many, many other men, women and children will become aware of the constant,

consistent closeness that they have with The Creator, with The Beloved Holy Mother, and of course, All of The Saints Here.

We oftentimes hear someone ask, ‘I wonder what Heaven is like?’ Some even say, ‘I hope it’s not like earth.’ We smile at this because Heaven is definitely a Place of consistent, constant service to The Creator.

Mankind, in understanding human nature, human intelligence, human perception, human talents, has very little understanding of how these Gifts are utilized when one becomes ‘a Saint’, because Sainthood oftentimes has a way of helping individuals accomplish many Gifts they have been endowed with.

Also, it is important that when one prays, they fully understand that what they are praying for is never dismissed when the prayer is heard, but sometimes the timing is not quite right, and another time would be better.

As men, women and children gather to enjoy each other’s company, All of The Saints Here in the Heavens gather, always doing The Father’s Will

in many areas, in many directions, to aid those yet alive in the physical way. No human being is ever alone, even when they are all by themselves, because their Soul is in constant communication with The Father, because the Soul, as a Portion of Him, is the Connecting Link of Divine Love.

It is important that mankind begin to better understand they are not alone in the world, but they have a constant Companion that never leaves, and This, of course, is called ‘the Soul’. So be it.”

AUGUST 31, 1999 AT 12:56 P.M.

SAINT ALPHONSUS LIGUORI

“Human life has been gifted with many talents, many different energies, to accomplish physical tasks. Human life has the ability to learn many subjects, and through this ability many men, women and children find human life to a great advantage over all other living matter or things.

Many times the Greatest Gift human life is the possessor of is ignored because It cannot be seen, nor can It be physically felt, but the intellect is aware of a Power of understanding that gives the individual the ability to feel and adapt his or her actions, thoughts, concerns, practices and learning, to make daily living different than any other living matter or thing. Why does this Gift that is different than all other things, not instinctively show human beings that they have a responsibility greater than any other living matter or thing?

Today as I speak, I speak with a deep hope that human beings will be attracted to All that has been given

in script through This Special Gift of The Father's Love, because in All that has been spoken by so Many Here in the Heavens there is a Tremendous Instruction of the closeness human life has with The Divine, but also, that with this Gift of closeness the responsibilities are great, and the Goal for human life Greater than any other living matter or thing.

I am Saint Alphonsus Liguori. It does not take brilliant minds to understand the Meaning, the Concept, the Love that has passed through This Miracle of Divine Love, because This Gift has been given to the world so that all human beings will better understand, more fully comprehend the Purpose for which human life was designed, created, and given a Goal.

We hear some say, 'I do not understand having a Goal for life.' This statement, of course, in many ways is ridiculous and belittling to their conscience, and the reality that through daily living, human life is approached with goals of all kinds, all degrees, and directed to the intellect or the innate intentions of an individual man, woman or child.

Today as I speak, I speak with encouragement to constantly bear in mind that the Gift of human life is a Blessing, has a Purpose, and has the privilege of a Goal that no other living matter or thing is the possessor of.

We hear many deliberate rejections of All We have given through This Gift of Divine Love. This, of course, is nothing but ego, pride, or a lack of Faith in The Divine. There is no one in the world more Generous, more Loving than The One Who Created All Things.

Human beings of all dimensions of intellect must awaken to the reality of what a Precious Gift human life is, and also be aware that it has a Goal that no other living matter or thing possesses.

As I bless those who take My Words, I plead with those who will read Them: Look at The Commandments of The Father in the detail that They were delivered, because the conciseness They are in now leaves out much of what each Commandment has reason for, and the Purpose for which it was given.

Many Blessings pass through This Miracle of Divine Love that bears the Name of The Beloved Holy Spirit of God, commonly known as ‘Saint Joseph’. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius.

At this time throughout the world there are many heresies, and many practices of occult groups who, in reality, can be said practice many things worse than what occurred in Sodom and Gomorrah.

It is so easy for so many who hear about these immoral practices, ignore the true significance of them, and act as though they’re natural occurrences, acceptable because they do not affect their lives. Man says, ‘Live and let live,’ a common phrase, but it is the same phrase that was used in Sodom and Gomorrah.

This Statement may be difficult for some to believe, some to understand, but I promise you it is very easy for many to follow all that is wrong in a daily pattern of everyday life. Children of all ages are not being given the right example, moral example. They are being allowed to, in many ways, be animalistic in their behavioral patterns.

What I say is practiced more than you will understand it to be. Those who will read My Words I speak on this day, ask yourself: If you were to interrogate in a gentle way, one hundred, two hundred, three hundred, four hundred, five hundred men, women and children of all ages, and you asked them what their moral views were, what their moral standards were, and do they live according to The Commandments of God, rarely, if ever, would you hear they do not practice following These Commandments.

First of all, The Commandments have been made so concise that They leave much room in Their meaning for acceptable immoral practices. Let us take the Sixth Commandment; briefly it says, *'Thou Shalt Not Commit Adultery.'* Too many, if not most who read These Words, would find Them out of their way of life, and yet these very same people could be practicing foul moral habits, and multiple sins against the flesh, by themselves, or with other people.

What I have spoken may be difficult for some to understand, fathom or accept a Saint speaking in this strong way, but it is time that

mankind of all ages awaken to what is pleasing to God. This alone would eliminate sins of the flesh, sins of the mind, and all other sins that, though they appear natural to a way of life, they are abusive to the mind, the body and the Soul.

It is important that All the Words that have been delivered through *one small voice* travel throughout the world. There is no sect of humanism, no denomination, no religious belief, and no degree of intellect that does not need All that has been delivered through This Gift of The Father's, because there is no other place so blunt, so sincere, so explicit in What The Father wants mankind to review and to recognize that impurity of the mind, the body, is detrimental to the Soul. This Soul is an Extension of The Creator, and this Fact must be stressed, never dismissed or ignored. So be it."

SEPTEMBER 2, 1999 AT 2:07 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

It is very important that men, women and children learn more about the importance of Atheism, Communism, and many other facets of so-called ‘supreme powers’, plus the differences between religions that supposedly stress how human beings should practice their Faith in a Creator.

Granted, there are many individuals who feel that they have joined, or are a great part, an important part of instructing others on the Spiritual aspects of human life. So many feel justification in their opinions, and are self-righteous in how they approach their attitude and their delivery in how they think, feel, and support some faction regarding what the Soul to man is, and what human life is to man.

Children are not being instructed properly. There is an extreme degree of leniency based on little instruction regarding purity of mind, and also

on the full degree for which each Commandment of The Father means to decisions that an individual makes; also, how one practices moral values, moral standards.

So little is spoken about that inward Portion of each human life that is a Gift of Divine Love known to be, accepted as, and called 'the Soul'. This word to many is rarely thought about, because men, women and children cater to their emotions, their weaknesses, their intentions, their ideas, also to what they feel will please them at that moment in time.

It is important that all of human life begin to understand that within each human life there is a Gift of Divine Love, a Fact or Factor of Importance beyond human life, because this Particular Gift of Divine Love is the Strength that will cause an individual to remain in some form Forever. The Name given to this, of course, is called 'the Soul'.

So many times when an individual feels a close relationship with one or more other individuals they say, 'We are soul mates.' It would be wiser to put another word there, a more

practical word in association with others, and remember that the Soul within themselves is their Connection to God, not to human beings, not a human source of relationship, making It a common denominator in the human way.

Each man, woman and child is the custodian of an individual Soul presented at the moment of conception. It is the closest Link to The Creator that remains for the full life of the individual, and is That Portion that will be returned to The Creator, representing the individual at an appropriate time chosen by The Creator.

Mankind omits unhappy thoughts such as the fact that in their manner of life their Soul is affected by everything they do, think, say, practice. The Soul is the recipient, but it is important to remember the Soul is a Life-giving Protection of Love by God Himself to human life, because within human life there are many facets of important Gifts such as intellect, sensitivities to what is right, what is wrong, what is pure, what is impure, because of the Soul that is a Portion of The Creator

that no other living matter or thing is the custodian of.

Human life has been Blessed in many ways, and gifted in many ways. It is sad to see One Gift ignored and/or destroyed by impurities in any form, any degree, any way, because the Soul is the recipient of every moment of every day, in what an individual does, speaks, practices, or allows to be. So be it.”

SEPTEMBER 3, 1999 AT 1:07 P.M.

SAINT CHARLES BORROMEIO

“Mankind accepts tradition as a strength in many areas of daily life. Tradition bears pride, especially when it is one matter or subject that brings people close to each other.

I will speak about tradition in its finest form. Prayer should be a traditional act every day in everyone’s life. Speaking to The Creator should be a daily act on one’s own beliefs in the fact that The Creator, as an Ultimate Purpose and Ultimate Being, is evident every moment of every day in everyone’s life.

There is very little being taught by so-called ‘learned religious’ men and women. Children are not being instructed on their personal communication with The Creator of All Things, God Himself.

There is very little respect for This Creator, because mankind has, like another time, become so humanistic in values, in thinking, in actions, in interpretations and in beliefs, that humanism has become

the point of acceptance, using all humanistic ideals, ideas, controls, as the necessary way to live as a human being in the world.

I speak today to alert all who will read My Words, and hopefully those who will hear about Them, that human life has a Divine Creator and This Creator is Powerful Above and Beyond what mankind knows power to be. I have been allowed to put These Words in a different format than the way It is usually spoken, because there are certain individuals who might be able to better understand the importance of prayer, and the True Existence of The Creator of All Things.

I speak with deep Love for human life because I, too, once walked the path, and it is sad to hear individuals ignore All that has been delivered by so Many Here in the Heavens, because they have not been trained spiritually to understand the importance of human communication with The Divine.

Humanism has its place, but The Divine is The Creator and The Judge of all that every living human being practices, adheres to, is example

of, strives for, and hopes to reach Sainthood with.

I could speak hours on this subject, but it is important to put it into a concise format, hoping that it will be remembered for what it truly is and means to men, women and children of all types of personalities, all backgrounds, all degrees of intelligence, and all abilities to fully understand that there is a Divine Creator they must report to at a given time. So be it.”

SEPTEMBER 7, 1999 AT 1:04 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Too little is being spoken about regarding the importance and responsibilities that each human being is the custodian of. By custodian, I mean responsible for.

Today, throughout the world the insolence and the bragging regarding one’s own interpretation of the so-called ‘facts of life’, in many ways are desecrations to the Will of The Father.

Ask yourself: Do you fully understand the full meaning of each Commandment that The Father Decreed for mankind to obey? There are so many throughout the world, men, women and children, who ignore The Rules that were given for the physical, mental and Spiritual portions of human life, covering all facets of human nature, human abilities, human intelligence.

Today as I speak, there is so much disorder amongst all backgrounds. The same question can be asked of

three people, an important question, and all will have an opinion. Rarely will they have an honest conception of value and the full meaning in what the words mean, because excuses are the first step to acknowledging a fact. Moreover, how many men, women and children are cognizant of being able to speak openly to another one about how they feel regarding the importance of The Commandments of God? Rarely is this subject brought up, or even thought about.

The laws of a government are feared when one is apt to be able to be making a mistake that will cost them financial loss, but other laws of the government, when it comes to the life of a human being or the moral values of a human being, are sparse in their full measure, meaning, concept and correction.

So much has been spoken through This Gift of The Father's, enlightening mankind of all ages, encouraging mankind of all ages to realize and to value the Importance of what human life was created for, to reach for Success, a Goal beyond what human life can offer. This Goal is well-known, but little respect or attention

is placed on It, and of course, the Goal is 'Sainthood'.

Throughout the world all ages of human life want attention, want to be important, want to be recognized by others as being above and beyond what is normal. I shout to mankind: 'Think of your Soul, and what a Beloved, Blessed Gift It is! It is above all human abilities.'

Remember What I have spoken, for it is Truth. So be it."

SEPTEMBER 8, 1999 AT 1:11 P.M.

SAINT CATHERINE OF SIENA

“A *child* of years stands in your presence. Very often her presence is quiet and perhaps shows an indifference to what is occurring, but never let what you think not allow you to see that We are present within her constantly.

The whole world has been Blessed with a Gift beyond what mankind could ever read about, could ever hear about, could ever automatically not be a part of.

Today what I say may be difficult for some to understand, because when The Father allows Lessons to be given, Directions to be given, and Personal Conversations to be the deliverer, it is a Blessing beyond human abilities, comprehension or imagination.

Throughout the world at this moment there are millions of human beings practicing impurities, indignities, feeling within themselves they are satisfying the flesh or their own human frailties, but in reality, they are marring the Soul that is a

Portion of The Father, thus ignoring their closeness to Him, which is sad to see.

Oftentimes when a Blessing of This Nature, Magnitude, Degree, Love for human beings is expressed so openly, and at this time put into script so It cannot be forgotten, it is sad to see so much ignoring to the Facts that every individual is a Creation of The Creator, and inwardly has the ability to feel an Importance to this Creation; also, that this Creation of human life has a Goal that no other living matter, object or thing is endowed with.

At this moment, the number of human beings born are too much for a human being to fathom, because throughout the world there is a constancy of births of human life, each bearing a Portion of The Creator. Granted, at the sight of the birth it is automatically seen as a Gift, even when it is not one that was wanted, but human life has a Special Gift within it, an in-depth feeling, understanding, conscious that human life is endowed with so many abilities, and also created for a Special Goal.

Today as I speak, for some who are writing My Words, They do not flow, but you must remember that when important Facts are to be dwelled on, understood and seen for the Magnitude of Each One of Them, the script in describing the full meaning might be difficult to follow at a particular time.

The Father gives so much to mankind through *one voice*, and those who write These Words are Blessed abundantly, and those who deliver These Words one day will see what These Words accomplished triumphantly, because the written Word on any subject travels through time in a way, a manner, a degree, not always guarded by those who wrote the Words, but by human nature of those who read the Words.

Remember What I have spoken. It is important. So be it.”

SEPTEMBER 10, 1999 AT 11:46 A.M.

GOD THE FATHER

“Human life has many facets in its very Creation.

There are so many Gifts of Divine Love taken for granted, because mankind oftentimes ignores the Gifts rather than to recognize their full meaning and value. Logic is a Gift, hope is a Gift, love is a Gift, understanding is a Gift, memory is a Gift. The ability to know good from evil, justice from injustice, hope from despair, are all Gifts that only human life is the custodian of.

We, All Here in the Heavens, through This Gift of Divine Love, have encouraged many to understand that because human life is so gifted, so Special, so close to Me, that no one should ever dismiss, ignore or deny the privilege of the human mind and abilities, and the special ability only to human beings, the logic of the Existence of a Divine Being. So be it.”

SEPTEMBER 10, 1999 AT 1:14 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is solid evidence of the proof of This Gift of Divine Love. So many Directions pertaining to human life have been delivered so that every man, woman and child will have the opportunity to see the importance of their behavior, their attitude, their approach, their decisions in every facet of how they think, act, or share their life with others.

There is no place throughout the whole world that so much Love is being instructed, delivered and put into sound reasoning as there is through This Gift of Divine Love, basically through The Holy Spirit of The Creator.

Today as I speak, it is important that no Words pass through This Gift through *one voice*, be cast aside, and not rendered with understanding how Deeply, how Personal, The Creator’s Love is for the Gift of life to the whole of human life.

Today as I speak, it is important that What I have said be passed through the written script to millions, no matter what language they may speak, what intelligence they claim to have, because you see, the words ‘All men are created equal’ is a Fact, and all men, women and children must know What The Father Wills them to know, because of the Soul that is a Portion of Him within each of them.

As the Soul is That Portion to remain Forever, every living human being should be aware that as the physical closes, Divine Will immediately takes over in an open way, an obvious way. It is sad that human beings of all intelligence do not recognize what a close Connection he or she has with Divine Will.

So much has been spoken about through This Gift of Divine Love, and there is not one Sentence that should not be read many, many times, because each time It is read, It will have an instilling effect on the memory. This, of course, is to help the Soul that in many ways is the Ultimate Portion of human life, and the only Portion of human life that will live Forever. So be it.”

SEPTEMBER 10, 1999 AT 2:13 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I speak with much Love, Hope and Understanding, to men, women and children throughout the whole world.

It is important that all ages, all degrees of intellect, all degrees of Spiritual understanding, begin to practice giving more attention to what is Important in human life, and that is the Soul that each one is the custodian of.

We hear some say: ‘Why is the Soul Important? We never see It, we never feel It, and we have no concept of what It looks like.’ The Soul, as a Portion of The Creator, is a Portion of Divine Origin, not human origin. It is an Entity of Spiritual growth, and It constantly is aware of all an individual participates in, is part of, and/or practices morally or immorally.

To fully describe what an individual’s Soul looks like would be impossible for a human being to comprehend. It is a Spirit of Life, a Spirit of Light, a Spirit of Hope, a

Spirit of Action, and a Spirit that absorbs everything an individual in whom It is, does, thinks, acts, participates in, and all the moralities, immoralities the Soul is the recipient of, comes from the one in whom It was placed at the moment of conception.

Perhaps to be able to better understand such an Entity of closeness that is responsible for all an individual does, and everything reflects within It, the only human association I can give you is this: When you feel pain, you feel something close to you that's touching you, and you are aware of the presence of another human being, the Soul is constantly aware of everything you speak, everything you hear, everything you practice, everything you touch, because the Soul, as a Portion of The Creator, is within you. You are never alone.

I sincerely hope those who read What I have spoken, will understand and remember that this close Association of a Living Thing is a Portion of The Creator that no other matter or thing is gifted with.

Many times We hear an individual say: 'I knew that was going

to happen, I felt it. Something told me that it was going to occur.' This could have reference to a situation, an association, or an accidental occurrence, but instinctively it was felt. There was no touch of the flesh. There was not a lot of instruction that it was going to happen, but you cannot deny that it happened, because inwardly, Something made you know it was there.

Remember your Soul in this context: It is always present, and always vulnerable to everything you say, you touch, you do, you are involved in, or you instigate. The Soul is the recipient, a reflection of all you are morally, physically, spiritually. So be it."

SEPTEMBER 13, 1999 AT 1:06 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

There are so many beautiful true stories that can be revealed to the whole world of human life, if only men, women and children would read the Lives of the stories of The Saints, because they could relate to human life, the problems of human life, the pressures of human life, and the duties of human life.

It is sad for Me to say that We rarely hear individuals discuss the Lives of The Saints at this time, in your time, because so many men, women and children of all races have ignored the Beauty in the Spiritual Lives, that just hearing about it would be instructive, constructive, and give a measure of understanding that the human life of All Saints was like the human life of all living human beings at one time, at a different time, but that as human beings they, too, faced the realities of everyday life, the responsibilities of everyday life, and human relationships that, in many ways, affected daily life.

I give These Words with a deep Love for human life, because it is ‘the only creation’ of The Father’s that has such a Goal to reach for the Soul that is placed at the moment of conception in a human life.

As I close My Words today, I beseech you: Make yourself aware of what an Important Gift human life is, and it does not stop, but it moves into a New Beginning, an Important Beginning, through the Soul that was presented at the moment of conception.

I beseech you to appreciate human life and to allow it to remain in good standing, good example, and remind all who remember you that you played a big, important part on their personality, their thinking, their nature, their Goal to become ‘a Saint’ so they, too, could one day speak as The Father Wills It to be done, to help others understand that the Goal to human life is the Greatest Goal that human life could reach. So be it.”

SEPTEMBER 14, 1999 AT 11:20 A.M.

GOD THE FATHER

“What mankind does not understand is that to walk for Me takes mental, moral and physical strengths above and beyond what a human being understands this strength to be.

I have Blessed the world with an Important Gift of My Divine Love, by instructing mankind on all the Important Facets of Concern for the Soul they are the custodian of.

Few men, women and children can perceive or conceive how close I am to them. That is why I have given the world This Miracle of My Divine Love. There is no human being capable of delivering All I Am, All I want mankind to know, learn or practice.

I ask those who have the Faith to believe in This Gift of Mine to spread It throughout the world. I bless those who do and those who one day will. It is important, because of That Portion of Me that each human being is responsible to and for. So be it.”

SEPTEMBER 14, 1999 AT 1:40 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. In the beginning of This Gift of The Father’s Love I had the privilege to be present.

It is important for men, women and children of all ages to be aware that each day in life is important. It is like a jewel that has great worth to it. So many times, when We hear individuals in anger, in hurt, in despair, We urge them in some way to see that their life has many Gifts, many benefits, and is Very Important.

So many times when a child is scolded, the hurt is deeper than it shows, because it is an innate response to feel a lack of love, a lack of belonging.

The Father has given to the world a Miracle of His Divine Love, and has requested so Many Saints to speak on subjects important for the physical, the mental and the Spiritual welfare of all types of individuals, all degrees of tolerance, all degrees of intellect, and all degrees of personality,

because of background or because of particular ideals, ideas, talents, and/or personalities.

Today as I speak, I speak with deep Love, because This Gift The Father has given through *one voice*, must touch the lives of millions of men, women and children, so that they can learn and personally feel that his or her life in the human way has a Great Goal to it, for it, in it, because of being human and bearing a Soul, a Portion of The Creator Himself.

Today as I speak and My eyes look at different places throughout the world, it is sad for Me to say there is so much desecration to the mind, the body and the Soul, that the individual is not just uncaring, but ignoring the Importance of human life.

If everyone in the world were handed all the major important expensive gifts that mankind considers precious, nothing would compare to the Greatness of the Soul that cannot be seen, but It is felt many times in different ways through the conscience of an individual who instinctively believes that God is present all the time.

We hear some men, women and children say, ‘What is God like?’ Of course, this question would be impossible to answer, because He is All Things. This, too, is impossible for human life to relate to, to comprehend, or to see evidence of in the human way, but mankind must remember that human life has been gifted with a mind, with the senses of what is right, what is wrong, what is painful, also the Gift of courage at times when it is needed, the Gift to endure problems or physical abuses.

Today as I speak, I speak with deep Love, and I want you to remember that This Gift of Instruction, of constantly bringing up points of helping the mind better understand what a Precious Gift human life is to man, and that it has a Goal beyond what any goal can be in the human way. The physical is a Gift of Divine Love, because as it beats registering life, it also registers Hope, Purpose, Love and a Goal. So be it.”

SEPTEMBER 15, 1999 AT 1:08 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory The Great.

Too few men, women and children believe in the Full Existence, the True Existence of a Divine Creator. This Statement may come as a shock because of the Words used, but I assure you What I speak is full Truth, because of so many human abilities, different mentalities, concentrating on different interests, whether they be morally, physically, academically oriented, or unable to handle facts that they declare to be only for those who believe indepthly in religious words, facts.

Today as I speak, I speak with deep Love for *the little one* through whom I speak, because as *a Victim Soul, a victim human being*, it would be difficult for others to understand, difficult to accept Truths that pour forth through her, and others do not have a Blessing, an ability or a mentality to do these things.

The Father has Blessed the world, and it is important that All that has

passed through *one voice* be translated so that millions of men, women and children of different backgrounds will have the opportunity to read All that has been delivered, put into script through *one voice, one small body, one obedient child* of years.

Today, to some it is a very important day, because in their way of life there is a beginning to something new, something of interest, something uplifting to the personality or their character, or their social obligations, or even their monetary goals.

It is sad to see so few fully understand This Miracle of The Father's Love. It is called 'a Miracle' because It is Special in Its Reception, in Its Facts, in Its Directions, and in Its inability to be a common thing for others to be able to be the receiver of.

I will close with a Blessing, because this is another thing that is rarely spoken about at this time. Blessings are many things. They are acts of kindness, acts of love, acts of concern, acceptance of duties, and yes, a sincere act of purpose to every act in life. As I bless you I will say, 'It is time that mankind stop looking for

faults and depend on the importance of moral values, moral standards; also, thanking The Creator for having been born to the human life, because of its Goal for which it was created.’ So be it.”

SEPTEMBER 16, 1999 AT 1:19 P.M.

SAINT AGNES

“I am Saint Agnes.

Children, and those considered stepping out of the stage of childhood, must be instructed to accept more patience if they were catered to during their earlier years. Catering to personalities has its positive side, but also its negative side. Oftentimes children are reprimanded after the incident that showed disobedience, or uncaring, or even a strength of disorder in their thinking.

Today as I speak, it is with deep concern for all ages of all living human beings throughout the world. So much emphasis is placed on particular rules that an individual believes in, but many times the rules are based on an individual’s own likes or dislikes, personalities, or states of calmness or deliberate anger.

If all individuals, as they learn what is proper, what is morally sound, valuable, also that though their mind determines certain factors, certain decisions to be different than they

would like them to be, they must also understand that The Father, in the Creation of human life, instilled into human life a mentality and many abilities to conquer subject matter that would be discrediting to the Soul, or to someone else, but also instilled an innate, proper code of ethics in which the Soul is a Very Important Part.

I know as I speak, it is different in format than one generally thinks about, but I plead with you to take on the responsibility, in a personal way, that you will deliver to the world All that has been delivered through *one voice, one body, one Soul*, because The Father Wills mankind of all races, all colors, all creeds, all degrees of intelligence, to begin to think more realistically, more consciously, more positively on the Fact that human life is the only life created to the Image and Likeness of The Creator.

Proof of this is, though The Creator was never seen physically, He took a Portion of Himself and created a man, called in real terms to be 'The Son of God'. It is important for all of human life to remember this, not just to accept it and then frivolously ignore it.

As I bless you today, I also request you today to remember the Creation of human life has an Important Factor in it, and that is a Soul that no other living matter or thing is the custodian of, or responsible for. So be it.”

SEPTEMBER 17, 1999 AT 1:11 P.M.

SAINT BONAVENTURE

“I am Saint Bonaventure.

Human life theorizes on all subjects, especially when they are unsure of a definite meaning, purpose, goal, or the subject matter.

Each day through This Gift of The Father’s, allowing mankind to learn so much about The Divine, it is sad to hear doubters, chastisers, and many who feel superiority to the subject matter, defining It unjustly, incorrectly, most times out of jealousy, or who have the habit of demeaning what another individual is capable of.

It is sad for Me to say these unkind Words, but it is time for human life to awaken to the importance of how one thinks, acts, criticizes, empathizes, and question whether it is jealousy, superiority, or an innate negativism, demeaning because it is someone else, not they, who have the courage, the ability, the integrity, or the right to speak What passes through This Miracle, constantly instructing for the Purpose of the Soul of millions of

men, women and children throughout the world.

As I speak, there is a sadness in how I feel, because This Gift of The Father's, allowing so Many Saints to speak on Important Subjects, Reasons, Directions, Clarifications, in so many ways, is being cast aside deliberately, instead of being thankful for What is spoken by Someone chosen by The Father to speak What He Wills mankind to know.

As My Words flow today, I am also seeing in other areas, so much immorality, so much moral corruption, hate and ugliness, deliberately being used against all that is pure, all that is beneficial to one's own Soul or the Souls with whom the individual is close to.

The world is in great turmoil morally, mentally, psychologically and physically, because of the lack of Faith in the Important Realism of the True Belief in a Divine Creator.

The world has been Blessed with This Gift of Instruction, and yet We see thousands deliberately ignoring It, because to accept It would mean they would have to change their behavioral

patterns, their mental thinking on many subjects, and use more care in their moral values and standards, plus express more dignity in their association with other human beings.

I end what I have spoken with a sincere desire, a hope that All that has been delivered through This Gift of The Father's Love never stops traveling, and when I say 'never' I mean 'never', because as human life needs It now, human life will always need This Gift of Divine Love that so Many of Us have the privilege of delivering Word for Word. So be it."

SEPTEMBER 17, 1999 AT 1:41 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is sad for Me to say there is so much illiteracy throughout the world, because mankind rejects so many areas of human life that produce improvement in human life.

There have been other times in the History of human life that men, women and children did not have the advantages that mankind now has, but they would strive in many ways to improve life in general on many issues. It is through those times that mankind was able to reach what is available at this time. But today throughout the world there is a lack of interest in what is sound, moral, and conducive to a greater mental attitude, using the abilities for a greater purpose.

In some ways The Father has allowed this to occur, but in other ways it has occurred because of so much lack of understanding in the Beauty of human life, the Gifts of human life, and the Goal for which human life was created.

Hundreds of Saints have spoken through This Miracle. All did not announce Their Names, because very often a Name draws more attention than the subject matter, and individuals reading the Content of What is spoken, directed, concentrate more on the Deliverer than the subject matter.

Children are not being instructed on the Important Facet of human life that no other living matter or thing is the custodian of. The Importance of the Soul is and has been ignored, and It is becoming less Important in many ways.

The Father has given to the world a Gift, not just with quick Words but with the written Words, so that mankind has no excuse to not remember or to not learn more about the Importance of human life. Sad for Me to say is that you do live in a time worse than Sodom and Gomorrah.

Though mankind has many books to learn from, all the written words, instructions, are not beneficial to the Souls of those who read the books. There is so much emphasis on impurities, immoralities, total

rejection of the possession of each human being having a Soul. This Soul, as a Portion of The Creator, there can be no closer union to The Creator than through the Soul. One can compare it to the closeness of a parent to a child, but the Soul to human life is Far Greater.

It is important that All that has been delivered through This Gift of Divine Love be scattered throughout the world. Do not worry about their degree of understanding or accepting. You have the responsibility to see that It is put into script and passed, without question, to every place throughout the world, because This Gift of Divine Love is not for just the time in which you live, but for all time that human life is in existence. So be it.”

SAINT ROBERT BELLARMINE

“The Father uses *a voice* chosen by Him, not a harsh voice, not a timid voice, but a gentle voice, so the Words that pass through *this voice* will be clearly understood by those present, those who are putting the Words into script, and others who are just listening to *the voice*.

At no time in the History of human life have all human beings been perfect morally, emotionally, physically, spiritually, but each era of human life had its rules that were sound, dignified, along with some individuals who, through their selfishness, their innate habit of disloyalty, their egotism or their imbalance regarding purity over impurity, love over hate.

Today as I speak through *one small voice*, I speak with a sincere Love for human life, because human life is a Gift of Divine Love, a Gift not restricted like animal life, but a life of intelligence capable of learning many, many things, a life capable of physical endeavors that give strength, interest,

purpose in many things. The human mind has the ability to conquer over defeats, over poor examples, and of course, conquer when the decision has to be made, to be moral over immorality, love over hate.

Today as I speak through *one small voice*, The Father allows Me to bless you, those who are writing My Words, because of your love, your understanding, and your desire in This Gift of Divine Love that encourages you to be a part of One of the Greatest Gifts of Divine Love that mankind can share, and that is to serve, to become better morally, mentally, physically, spiritually, but also to be the instrument to help others who do not have the privilege of being present when One of Us speaks.

The group is small, but do not forget, so was the group that walked with The Son of The Father a very long time ago. You walk as they walked, listening, remembering, and being a great part of sharing what you learn, what you are capable of putting into script for thousands of other individual men, women and children to learn so much of the Importance of human life, the Reason for which it

was created, and of course, the Goal that should never be ignored, because it is the Reason for this Gift, it is the Reason for human life to return to The Father through the Soul each human being is born with, different than any other creation. Mankind is destined to live Forever in a Way, in a Manner, in a Degree that nothing else has the privilege to do.

As I bless you, I bless you with the Hope, the Love, that through What you have taken down in so many ways in script, will be passed out endlessly throughout the world, because there are billions of Saints to be made from This Gift of The Father's Love, because of What has been delivered through *one small voice*. I beseech you, remember this. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

Throughout the world mankind practices heresies of all dimension, all subject matter, unreasonable in context, but deliberate in belief in the practicing of them.

When We hear men, women and children speak about their Faith in God, their truths that they believe in, and how they feel about their association with others like themselves, there is much sadness in what they practice, because there is one big elimination of sound beauty and sound reasoning.

First of all, so much is placed on humanistic values, characters, possessions, goals, eliminating the Purpose for which human life was created and gifted with so many abilities, giving to human life a way greater than any other living matter or thing.

We hear so much bragging about mentalities, and how important it is to their stature in life. Let Me

say this: Mentality on subjects that give to an individual understanding regarding the contents in the world, meaning personal things, or things that mankind is able to produce or own, is far less important than what a human being is personally responsible for, called 'the Soul'.

Rarely is this subject of great importance to individuals who tend to brag over what they own, what they know, how they feel, how they live.

There have been so many subjects covered through This Gift of The Father's Love, regarding what human life is all about, the Beauty of human life, and the Goal for which it was created. It is sad for Me to say that This Gift of This Miracle has not touched the lives of millions of men, women and children, because of what a Treasure It is to the Souls that The Father wants returned to Him in Glory, as the Soul was once given at the moment of conception.

We hear so much emphasis on the sin the Soul is born with, thus allowing the individual or individuals to ignore the sins that they practice themselves. If they were born with original sin,

some cannot figure out why their sins are so discrediting. The logic behind the thinking is irrational, ridiculous.

The Number of Saints that have spoken and yet speak through This Gift of The Father's Love, have not All announced Their Names, because oftentimes an individual places much more emphasis on the Name of the Saint than on the subject matter that is given to encourage more purity of mind, of body, for the benefit of the Soul.

The little one We All speak through suffers a great deal more than mankind understands suffering to be, because the Responsibility of Our Words are not often seen for the Importance They are, what a Treasure They are, and what Responsibility Each One is to *the instrument* given the Responsibility to deliver.

I ask you before you lay your head tonight, try to remember all the good thoughts you had during the day, all the good actions you performed, and the reason for them. Also, did you falter in any way? Also, did you feel closer to The Creator at the end of the day? Also, do you remember thanking

Him for the day, and for the privilege of learning more of what pleases Him? Also, have you spoken to your Soul today? Have you prayed for your Soul at the end of day? Have you asked your Soul to excuse you for any sin you might have caused, causing the Soul some form of hurt or some delay?

Before I end what I have to say, you must understand that through This Gift of Divine Love, all the delivering of so much Information that no one else except The Saints would have the privilege of doing, caring, is a Gift of Divine Love beyond what mankind understands The Divine to be, or Pure Love to be. So be it.”

GOD THE FATHER

“Though I speak often through This Gift of Mine to mankind throughout the world, My Words do not reach all I Desire to reach.

There are thousands of men and women, all degrees of intelligence, and many different stations of life, who totally ignore that I Exist, and that I have given to human life Specific, Special Rules to live by, to obey, to follow, and be example of, in every act, word, deed and communication.

Why is it difficult for mankind to understand such an Important Miracle of Divine Love? But it must be sent throughout the world, thus not allowing any individual to say that they have not heard of This Gift of My Divine Love.

Many who are in charge of groups of people of all ages are bent on discussing, encouraging, implanting their own interpretations on what human life is all about, why it was created, thus leaving out the Goal for which it was created by Me.

Human life is ‘the only creation’ that I have instilled so much of Important Issues, Goals, Love, because of this Creation of Mine I Desire to return to Me. Due to the fact that as what mankind calls ‘missionaries’ that have the responsibility to help others, I feel it is a beautiful term, saying that each one born is on a mission for Me, because of the Soul or Souls that are to be returned to Me. There is a great sadness when little respect is paid to this privilege.

Children are not being expected to understand what a Gift of Divine Love life is to mankind. Little sound teaching is being expressed. So much is based on humanistic evaluations, determinations, ignoring the Importance of human life, and the Gifts I implanted in human life, making it Special.

I have given mankind, through *one voice*, not twelve like I did once before, the Importance of human life, and its Goal. At this time mankind has the privilege, the knowledge, the ability to spread All My Words through the Gift of printing What I Say, What I Will to be delivered exactly My Way.

Today is important, tomorrow will be important, and every day a man, woman or child lives they should see the importance of their communication, their abilities to influence others by what they speak, how they act, and everything they do openly or personally.

As I leave you now, I do not leave you totally, for I am always present where you are. No matter where it is, you cannot hide from Me, for as I have created All Things, I am All-knowing.

It is sad when I hear someone say they studied a subject and they feel very adept at its full meaning. Be sure that My Words are never forgotten, because My Words, in many ways, have a Finality to Them because of the Importance of Them.

I bless those who are with this *little one*, because it is through her strength they will have the strength to perpetuate What I Will the whole world to know. So be it.”

SEPTEMBER 28, 1999 AT 12:12 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Too little is being instructed on the Importance of the Soul that each human being is the custodian of. This Gift of Divine Love is far more Precious to human life than any human being has the ability to conceive, perceive, understand, or be thankful for.

We hear many say, ‘If I have a Soul, why can I not see It, if It is a Portion of me and Important to me?’ It is necessary for all human life to begin to understand that human life was created in a special way, different in concept, but greatly different in Purpose and Goal than any other living matter or thing ever created in the world.

The world mankind lives on is special, the elements in it conducive to being important to human life, giving to human life many things that no other planet, at this point, is capable of.

Now, as I speak to you through *one voice*, The Father has Decreed This Miracle to be. The world is an important place, because The Father gave to human life so many things available on the earth to help human life in many ways, for many reasons.

Mankind looks for another planet, and though the other planets are there, the planet Earth had a specific time, purpose for human life to use, to live in a manner and way to one day arrive Where The Father intended human life to reach for. It is called 'Heaven'.

Today as I speak, it is important that All the Words that have been passed through This Gift of The Father's Love saturate the world, so that no human being does not have the opportunity, the privilege to know, to learn, to more fully understand what a Close Association God is to man. So be it."

SEPTEMBER 28, 1999 AT 1:34 P.M.

SAINT DOMINIC

“I am Saint Dominic.

It may be difficult for many men, women and children to understand that at ‘this time’, in this century, The Father has given to the world a Special Gift of His Divine Love. So many, in reading This or hearing It, would visualize This Gift in a physical form that they could associate something solid, something pleasing, in a material form.

Few, if any, would understand the Greatness of The Gift of Divine Love that the written Word is the Connecting Link from The Divine to human life, through *one voice, an obedient voice*, and then to those, one or many, who would take the time to write What was being dictated: Words that no human being would be capable of, because of the Format, the Truth, the Love that is not of a human thinking, or human desire to speak about, nor would any human being dare to make so many Statements, because the human mind

would not register with such Love as The Divine.

The Father has given to the world a Miracle of Instruction that no individual could possibly make up, not even with an imagination of extraordinary means, because human life would be limited in a Love of This Degree.

Throughout the world men, women and children are searching for something to give them strength, something to encourage them to more fully understand in the True Presence of The Divine. The Father, in His allowing This to happen, answered many prayers, because in All that is spoken by so Many Here in the Heavens, there is no human life that can deny the need for the Information, because it is obvious that What is spoken through This Gift of Divine Love has Instruction and has a Particular Type of Direction that the human mind would not be capable of.

Today, throughout the world, the enemy of God and man reigns in every area. He is present to the very young, and basically to every age.

Today as I speak, I speak with a deep concern for These Words and All Others that have been delivered, to be passed to others throughout the world before human life becomes so much a part of what is evil that it will be difficult to change what an individual is doing, because evil will be so deeply imbedded and the Beauty of purity of mind, body and Soul will be rejected.

Mankind of all ages mentions love, sometimes loving someone, sometimes loving to do certain things, but rarely is it spoken about having a deep love for The Creator, and a deep love for All that has been given in Instruction regarding The Rules that were given. Ask yourself, 'Would not it be terrible to not have Rules to live by, Guidelines for one's mental, physical, Spiritual values?'

The world is in chaos because so much diabolical practice is superseding what is morally sound, morally good, morally pure, and the Souls of millions of human beings are being desecrated by so much evil. Sometimes We say to The Father: 'Please shout so they can hear You. Please, Dear Heavenly Father, We feel helpless because no one is listening to the Importance of This

Gift of Divine Love.’ His response is: ‘As I deliver My Will, it is their free will, My Gift of My Divine Love that they must use to accept what is pure of mind, body and Soul. The free will is a Gift, and they must remember this. Also, they must also remember that as I have allowed so Many Saints to speak through *one voice*, All of Them have delivered not just Advice, but Hope in a sincere tone, each Word bearing a meaning understandable. I gave them a free will. It is My Gift of Divine Love, and they are to use that free will, because of the Portion of Me that they have a Part of.’

I beseech you remember These Words, and I beseech you to scatter All that has been delivered throughout the world. Do not allow language to stand in your way, because in the Words there is Hope, and each Revelation that has passed through has a strength in It that can penetrate the most evil places in the world. So be it.”

SEPTEMBER 29, 1999 AT 1:33 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. As I speak at this time, in your time, I desire My Words to allow you the privilege to better understand how Important it is to be born to the life of man.

The world is saturated with so much paganistic ideals, practices, totally ignoring the True Presence of a Divine Creator.

Today as I speak, I speak with much concern for all ages, all denominations, all different degrees of intellect, and all those who feel they have a talent to please others. So many times a talent is misguided, and in many ways causes much disaster to others, especially the talent of writing stories, telling stories, or encouraging others to have different ideals, practices that basically, in many ways are not just paganistic but immoral, indecent, and corruptive to one’s intelligence, one’s dignity, one’s Spiritual growth, practices,

understanding, beliefs in honoring The Creator above all things.

The Father has given to the world a Gift beyond what mankind could possibly create on his or her own initiative, imagination or talent, because This Gift of Divine Love, allowing so Many Saints to speak, and especially The Father Himself taking the time to give Words of Instruction, Direction, Hope, encouraging more understanding of how close human life is to Him, and the Purpose for which it was His Creation, to share with others Portions of Himself, giving to human life a Divine Love of Union that nothing else has the power to do.

The greatest enemy in the world to human life is weakness on moral values, moral standards, and a demonic imagination, ignoring what these things can do to one's participation in every area of life.

So many important issues have been delivered through This Gift of Divine Love. It is important that no matter what the obstacles are, All that has been delivered must pass throughout the world, ignoring rejection of It, and then going to

the next point wherein human life is starving for All that has been delivered and is being delivered, because of the Soul that every human being is the custodian of, and That Portion of human life that will be the remaining Part of what the individual stood for, lived for, was created for. So be it.”

SEPTEMBER 30, 1999 AT 1:34 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

This Gift of Divine Love, a Teaching Miracle of Divine Grace, is above and beyond what any human being understands about the Importance of human life, the Purpose for human life, and its Association with The Creator of All Things.

When The Son of The Father arrived upon the Earth, the History of life has depicted Him to be born in a natural source, form, manner, way. This, of course, is by man’s rules, man’s ability to understand a human life arriving in the world.

Today as I speak, I want all who read My Words and who read All of the Revelations that pass through this *one voice* by Many, Many, Many Saints Here in the Heavens, because This Miracle of Divine Love has been designed by The Creator to give to mankind the Purpose for which they were created, and to remind them of the Goal for this creation as being the Highest Goal for any living matter or thing.

So many Words, meaningful Words, descriptive Words, Words of Direction have been allowed to be written so that millions of human beings will be able to read, and more fully understand what a Precious Gift life is to man. There is no other living matter or thing that has the Purpose, the Goal, as human life is gifted with. All other things have a reason, a purpose, but nothing like human life, because human life has a Soul, a Portion of The Creator.

That is why it is so important for mankind to understand and obey Rules that are obviously important for human life, because They guide the minds, the actions, the intentions, the ideas, the ideals, to a better understanding of human life, and of course, the Important Goal for which it is created.

We hear many individuals pamper other forms of life, and in many ways pay more attention to the way they grow, the way they feel, the way they act, more than they do a human life. It becomes an obsession with them, but they have many other names for this attention.

Today throughout the world there are millions of human beings who never think of The Creator of human life. They take each day either in a hardship way or a way of power for themselves, ignoring the True Purpose for which they were created. They attach their creation to human means, and thus, then it ends the Purpose for which human life was created.

Today as I speak, it is with deep hope, deep concern that all who read What This Gift of The Father's has delivered, will find at least One Direction that will encourage them to use every moment of every day with an awareness that they were created for a Higher Goal. The common name for this is 'Sainthood'.

Ask yourself as you read These Words: Do you remember many times in one day that you have the responsibility of a Portion of The Creator within you, thus making you Special above all other creations, and that there is a Purpose and a Reason for this special privilege?

It is sad for All of Us to hear hate for human life, fear for human life, because it is to be honored, revered,

and held as a God-given Gift of Divine Love, because of the Soul that is a Portion of The Creator instilled at the moment of conception. Conception of human life should never be mistreated, nor should it ever be a case of a sinful act attached to it. It should be seen for the Importance it is, and never demeaned in any way by sinful moves, actions, thoughts, words, deeds.

As I leave you today, I beseech you: be aware of how Important human life is, and what a Generous Gift of Divine Love it is, because within it there is a Gift beyond what mankind could ever receive. It is called ‘the Soul’. I beseech you, remember what you have just read, for Truth is evident in Every Word. So be it.”

OCTOBER 1, 1999 AT 11:17 A.M.

GOD THE FATHER

“Human beings have been instilled with so many Gifts of My Divine Love for this Special Creation of Mine.

Oftentimes it is ignored, because of an individual’s taking for granted important abilities and capabilities to speak, understand, create, and use Gifts of different dimensions of understanding, abilities, and productively helping so much to be developed for greater causes, reasons and purpose.

I have given to the world *one instrument* of contact with Me, that I use constantly for many areas of delivering What I want others to understand, practice, and/or develop for the good of the physical, mental and moral values, standards, abilities, because of That Portion of Me that I have placed into each conception, the Soul.

There are thousands of individuals throughout the world that have no concept of what a Great Gift of My Divine Love they are the

custodian of, sometimes because of their background, sometimes because of the lack of instruction they were able to receive. That is why I have given to the whole world This Gift of My Love bearing the Name of My Holy Spirit. Through This Gift I extend My Sincere Hope, Love and Concern for the Souls of millions of human life. So be it.”

OCTOBER 4, 1999 AT 1:53 P.M.

**SAINT ROBERT BELLARMINE
SAINT CHARLES BORROMEIO**

“All ages of human life are gifted with responsibilities. I hear some say, ‘Gifted is not always how I see things I get, I receive, or I am encouraged to use.’

Today as I speak, I speak with a deep Love for those in service to The Creator. To some this Statement may sound ethereal, because it would be natural for some to say: ‘No human being can be in service to The Creator. Those days are in the past, and we have reached a different point of understanding what we must be responsible for.’

So Many of Us Saints gather at different times at your place where you write My Words. It is in reality a ‘Hill of Hope’, correctly named, and We use ‘this place’, ‘this portion of land’ to deliver Many Words of Instruction regarding practical views on situations, moral obligations, and how necessary it is to relate in every way, on every issue, on the importance

of what the day will contain regarding one's individual love for The Creator, for God, for one's Soul.

It is so easy for men, women and children to speak about many subjects, some important, some in jest, and some just in conversation. I assure you Everything that We speak through *one voice* is of the utmost importance for not only the Souls of those who take the Words and put Them in print, but for those who are not present, and who will read the Words and see the Beauty, the Value, the Purpose, the Need, the Practicality and the Love that the Words used mean, that an individual in the human way is Special in Design, in Purpose, in Goal, that no other living matter or thing is capable of, privileged with.

Though it is difficult for thousands of men, women and children to believe This Gift of The Father's Love, it is now as it was in the Time The Son of The Father walked the earth. So much was delivered, so many important issues elaborated upon, and so many responsibilities delegated to specific individuals, and believe it or not, have carried down two thousand years, and no one knows the Name of

the first one who was given the Fact, the Purpose, the Reason, the Subject that was to mean so much at this time in the lives of millions of human beings.

Your love for The Creator, your love for your Soul is a Connecting Link to All that is important morally, mentally, spiritually, and it is important, as a human being, you remember every day has a meaning to it, and a Gift to help you better understand how Important life is to man. Also, that as each day passes, ask yourself:

‘Have I pleased You today, my God? I hope I have. Please give me the strength, the courage to please You each day that I am allowed to live, because in my love for You I oftentimes forget the Closeness You are to me, so please help me be more watchful in my actions, my thoughts, my deeds.’ So be it.”

OCTOBER 5, 1999 AT 1:50 P.M.

GOD THE FATHER

“Nowhere throughout the world is there a Blessing of This Dimension, This Degree of Love that I express so Sincerely through This Miracle bearing the Name of The Beloved Holy Spirit, called ‘Saint Joseph’.

Today as I speak, it is important that all of human life realize and follow The Commandments I gave a long time ago, but I also want you to be aware that They have not been put into script in Their full meaning that I Declared to be Important, thus covering every facet, every act of human life, because within human life I have placed a Gift of My Divine Love beyond what mankind can comprehend, perceive, or even imagine. Human life has a Purpose that no other living matter or thing is the custodian of.

I have given to the world *one voice* so that human life will be able to readily comprehend the importance of purity over impurity, justice over injustice, right over wrong, truth over untruth, always remembering the

Soul that is a Portion of Me, giving to mankind a Closeness beyond what human life could ever attach itself to on its own merit, strength, ability or interest, because the Soul of human life is beyond human ability to fully understand or to humanly be able to create. It is a Portion of Me and works only on My Command.

Say to yourself: ‘As I stand here all in Light, and I know that the Light will do great things for me, because in It, it is an obvious Purity beyond what I understand purity to be, I instinctively know I must never mar It, because if I do, it could never be erased.’

Mankind looks at humanistic values, concerns, friendships and goals, simply to feel progress, or to feel important, or even to feel special, greater than anyone else, but rarely, if ever, do We hear daily from an individual beseeching to become ‘a Saint’, and not allow anything to tarnish this Gift of Divine Love.

So many men, women and children think of Purgatory as not too bad, because in Purgatory, they are told, it is a time to grow to a purified state. I, your Father, ask you this:

Would it not be wiser to use human life so that when We meet Face to face you will have spent no period of time having to prepare for this Gift of My Divine Love? It is called 'Sainthood'.

As I hear some individuals read These Words, I hear doubt, negativism, and even worse, denial that human life has this privilege. Granted, it will not be the human life, but it is That Portion of Me that human life is given at the moment of conception, instilling into human life the ability, the understanding and the Goal, because human life, as it was designed was Special, for do not forget, the senses of human life are of great importance, the mentality of human life allows an individual to use logic in every form, and to learn about so many things that can contribute to a happier life. Of course, these things are so numerous, and rarely thought about, even in their most minute detail.

I have Blessed human life in many ways, and through My Love for this Creation of Mine, I offer each Soul the privilege of returning to Me in a State of Beauty, Purity, Divine Love and Hope. So be it."

OCTOBER 6, 1999 AT 1:10 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I whisper through a *child* of years that I desire to speak Words that must travel throughout the world, so that millions of others, men, women and children will better understand, become more willing to understand, the Importance of being born human.

Throughout the world there is so little emphasis on the Importance for which human life was created, and the Goal for which The Father created human life. Human life has a special meaning, special Purpose, special Goal, special privileges, special ideals, and the abilities to achieve more than anything else born to the world.

Today as I speak through *one small voice*, I speak with a deep concern for millions of men, women and children throughout the world. It appears openly that there is no one individual that cares to, dares to, or has the ability to stand strong, stand firm, stand knowledgeable on the Gift of human life, because there is so

much confusion, so much materialistic idealization, thus ignoring what a Precious Gift human life is, and that human life in so many ways has a closeness to The Creator, a union of Oneness indescribable, that nothing else is created with.

At this time that mankind is making so important because of a figure, a number, mankind is eliminating that every important date in time has an importance to it, not because of the number it is, but because of all the things that are occurring, making human life more relaxed, more indifferent, weaker morally, emotionally and spiritually.

I could speak thousands of Words at this time, elaborating in great detail on what human life should be doing, should be thinking, should be practicing, should look forward to, should accomplish, and how human life should use every moment of every day being aware of the Purpose for which human life was designed, created, and given so many abilities, talents, understandings, and Gifts that nothing else created is the custodian of.

Since This Gift of Divine Love, bearing the Name of The Beloved Holy Spirit of God, was so generously designed to not just instruct human beings, but to encourage all human beings to see the Value of the Gift of human life, and the Goal for which The Creator designed it to return to: to once again be a Part from Where the Design Originated.

These Words may be difficult to fully comprehend, and though They are Words of Wisdom, They are Words that are uncomplicated, and basically easy to understand.

As I leave you, I bless you and I say, 'The Gift of human life is a Blessing beyond what the human mind can fully understand.' A Blessing goes with Every Revelation, along with a Desire for all human life to read What is delivered through This Gift of Divine Love, because this is a critical time throughout the world, due to the lack of understanding in a Creator Who created human life with a Deep Love, to one day share All that The Divine Is, with a Portion of each human life, namely 'the Soul'. So be it."

OCTOBER 7, 1999 AT 1:04 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

When the Statement is made, that at this time throughout the world all of human life lives in a time worse than Sodom and Gomorrah, it is difficult for many to be able to compare this time with the time of the past, spoken about as ‘a time of horror, immorality, and many desecrations to the Soul’.

As I speak through *one small voice* today, My Words are of the utmost importance, because in so many ways all human beings of different degrees of intelligence, different degrees of moral values, use only their own perception of what human life is actually like regarding truths, morality, sound values, and the importance of the character of every human being, whether it be on Spiritual matters, physical matters, or matters in which the mind is a controlling factor; also, this includes the background of every individual, how it affects their reasoning, their

values, their interpretations, their acceptances, their decisions.

What I have spoken is not complicated. In many ways it points to what a human being is capable of, consists of, and what radiates from their personality, their actions, their nature, their degrees of intellect. Some might say: 'Why would a Saint speak on these subjects? Would not a Saint speak only on Spiritual matters, ideals?' Does not every facet of human life connect with another facet of human life, thus the results of the action of an individual, the speech of an individual, the ideas of an individual, and of course, the decision of an individual, make up what an individual individually accepts morally, immorally?

So many times there is so much contradiction in one's decisions, because as they speak in one way, act in one way, the results are oftentimes immoral, indecent, impure, and negative to what is correct because of the emotionalism or the lack of integrity an individual has, sometimes selfishness, and of course, this list is endless.

Today as I speak, My Love for human life is because of the Soul each human being is the custodian of, and it is important because The Father, in His Love for human life, has given to the world a Miracle such as This One is, constantly speaking in a manner, a way, a degree, on subjects important for the human life of each one, and for the Soul of each one.

All the written Words are never to be kept in one place. They are to be delivered throughout the world because of the Importance of Them, the Need for Them, the Purpose for Them, and the Love The Father instills in each Word because of His Love, His Purpose for human life. So be it.”

OCTOBER 8, 1999 AT 2:00 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I thank The Father for allowing Me to speak to you.

It is important that This Gift of The Father’s Love be passed throughout the world so that millions of men, women and children will have the advantage of learning more about the Soul that each one is the custodian of.

We hear some say, ‘What is a Soul?’ Well, My children, It is not Something visible to the eye; It is a Gift of Blessing from The Creator, The Heavenly Father, because of the Importance of human life, and the Goal for which He has planned for It to be returned to Him at a specific time.

Many might ask: ‘How can I care for my Soul? It is so Important because It is a Portion of my Creator.’ That is why human beings, human life, was given The Rules to live by, The Commandments of The Creator, given through ‘one voice’ at another time,

and of course, in much greater detail than you have learned Them.

So many times, at different times The Father sends 'one Soul' to work especially in His Honor. The one that carries the Soul is like all other human life, physical, and has all what other physical lives have, just as it was in the Time that The Beloved Holy Family walked the earth, and so Many Saints Here in the Heavens walked the physical role, prepared to act in certain ways, obligated to carry out What The Father Willed, and dedicated to fulfill His Will, because of the Importance of the Souls that would be touched with Directions, Information, Suggestions, and also the Knowledge to understand the Importance of human life, living it as man.

You do live in a time in which so many men, women and children are aloof, indifferent, and many times brash when they are told that they have a Soul that they are responsible for, and that their manner of living is against all the purity of mind, words, actions; plus, their body, in its very existence, oftentimes caters to everything that is immoral.

As I speak through *one small voice*, My Words are carried to you on the Winds of The Holy Spirit, on the Love of The Creator of All Things, and in the Divine Hope that all who read the Words that have passed through This Gift will be reminded that they have a Soul, a Portion of The Creator that He wants returned to Him at a given time, because This Portion, when It returns to from Where It came, will live in Glory for All Time, bearing the name of the one in whom It was given at the moment of conception. So be it."

SAINT BERNADETTE

“I am Saint Bernadette. It is sad for Me to have to say what I am about to say, but it is important, because in the Words, hopefully it will awaken many men, women and children in the necessity of thinking more purely, and using prayer as a communication.

The world in so many ways uses excuses for what does not occur properly, what is not taught, because it is necessary. The word ‘world’ refers to all the human life in every area of the world, every nationality, every degree of intelligence, every background, every form of religious beliefs.

Today as I speak My Words openly, it is to awaken all ages to what is more important to human life than materialism, and that is how an individual uses morality, purity of the mind, obedience to The Commandments of The Creator, over and above all other human intentions, privileges, acceptances, and inner

actions with all types of conditions, many vile, obscene and demonic.

Today as I speak, it is to encourage all who will read These Words to see both sides of a subject, both sides of intentions, both sides of intellect, always bending toward what is morally sound, morally pure, morally beneficial to the intellect, the physical, the moral, and the Spiritual.

So Many Here speak openly and request Their Words be put into script, because there is no place throughout the whole world that is getting instructed on so many subjects, in so many ways, because of the Importance of human life, the Purpose for which it was created, and the Goal that awaits the Soul at a special time.

Today as I speak, it is almost a rare thing when We see sound moral values dictated openly by very learned people, and many priests. Morality is taken for granted, in that it is not a point of concern, nor is it a point of discussion.

Immorality is acted upon, acted out without question, because too many individuals of all ages ignore the importance of sound moral values and

sound moral standards that reflect within the Soul of an individual, according to the purity of mind and body that The Father desires all human life to act on, act with, act out, act for.

As I speak, I speak with deep Love for human life, for I, too, walked the human path, and All The Saints Here in the Heavens cannot bear to see so many desecrations caused by immoral actions, thoughts, words, deeds, because of the Soul that is the victim of weaknesses on these things.

The Father has given to the world a Miracle of Instruction. It is not being passed out to millions of men, women and children who need It, who innately want It, because there is no other form, manner, way, or individual who has the ability to speak as We speak, instruct as We instruct, and love the human way, because of the Soul The Father wants to be returned to Him on a given day. So be it.”

OCTOBER 13, 1999 AT 1:06 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. As The Father declares so Many of Us to be the Instruments of helping, encouraging, directing, and even pleading to all who have yet to live a fuller life, before the time arrives that they will no longer have the physical abilities to carry on, and their Soul will be in a Judgment Place to be Judged for All Time.

I speak in this manner different than other times, because there is a sadness throughout the world, due to the fact that so few human beings appreciate, understand, or believe that human life was created for a Special Purpose, based on a Future for each life to continue through That Portion of life that no other living matter or thing is the custodian of, responsible for, and that is the Soul that, in words not understandable to many men, women and children, is a Portion of The Creator.

The lack of understanding comes from the fact that as the Soul is

unseen, never physically felt, every man, woman or child does not feel a connecting link to such a Living Entity of Purpose, of Love.

Through This Gift of The Father's, through The Beloved Saint Joseph, so much has been instructed upon, and also indepthly described, because of the Importance of It, the Purpose for which human life was given a sense of justice, a sense of hope, a sense of truth, a sense of believing in a Divine Creator. Animals don't have this. No other living thing is conscious of such a close Connecting Link to the Supreme Power, Supreme Being, Supreme Existence.

All of the Words that have passed through This Miracle were and are of Great Importance. The written Words must travel throughout the world because of the Importance of Them. It is the Greatest Living, Learning Tool that mankind has, of assurance that human life is Special, has a Purpose for its existence, and a Goal to reach that no other living matter or thing has the privilege of.

The Father, in His Love for human life, allows so Many of Us Saints to be

the Link of His Love for mankind by allowing Us the privilege to deliver Important Words, Facts, Information, Direction, so that all human life can more fully understand that the Soul, as a Portion of God Himself, must be treated with the utmost care, utmost love, also the desire to return It to Him in a State of Purity.

I could speak endlessly on this subject. It would be incapable to take All I could speak on, because there would be no time to do anything else. This subject is that important.

As I leave you, I say: ‘Remember, as you have been gifted with a closeness to This Gift, share your Gift for the benefit of Souls. You could reach millions of other human beings by your very act of love and concern for the Souls that all human beings are given at the moment of conception.’ So be it.”

SAINT JOSAPHAT

“I am Saint Josaphat.

There is a great sadness amongst All The Saints, because so few prayers are being directed for Their aid, Their help. It is important that human beings begin to understand the Importance of Sainthood, and the Purpose for which Saints are recognized.

Today as I speak, there are Many Here with Me requesting The Father to encourage more men, women and children to be aware of the Goal of human life. Throughout the world there are so many who do not believe in the Beauty of the Goal for the Soul. There is so much emphasis on humanistic values, evaluations, purpose, that many men, women and children are ignoring what a Great Gift human life is, because it is the only living thing that has such a Goal to reach.

True, it is important that The Father gave many things to the world, animals of many kinds, dimensions, reasons, but the only living creation

that has the Goal of Sainthood is human life, because human life, in its design, has many abilities, many purposes, many Gifts, many talents, and in using all of these things, human life instinctively feels that there is a Goal to reach, to work for, and to seek.

Some say, 'Why would human life know this?' The answer is easy. Even a child of very few years shows an innate desire to be praised, and to gather more things, whether they be material things, or just praise from a parent or an elder.

Human life is a Blessing to those who have been given this Gift, and it is sad to hear so much sadness, rejection, misinterpretation, and a lack of understanding that human life is but the channel to live with God Forever.

The Soul is never thought about, because It cannot be seen. Rarely does an individual think of his or her Soul when they are about to make a decision regarding purity over impurity, right over wrong, love over hate.

When The Father requests One of Us to speak through This Gift of His Divine Love, Many of Us stand

by and listen to the Words that are spoken, Each of Us with a Hope and a Desire that some, hopefully many, will recognize the Words as the Greatest Direction ever given.

Human life has many advantages, and in each human life The Father has instilled many beautiful talents, much understanding, and always the ability to hope. Negativism is a sadness, because in it, it ignores what is right, what is good, what is important, what is just.

As I leave you today, I first thank The Father for allowing Me to speak, and then I ask Him to give you the strength to remember ‘Sainthood’ as your Goal. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius. It is sad for Me to say that so few highly intelligent human beings are aware of how much infidelity and other sins are present, even rampant throughout the world.

Many adults do not like to hear this subject spoken in such a deliberate manner, explicit in content, because it disturbs what they are about, in areas of life other than their personal association with others.

The subject matter of immorality is difficult for many to take part in, because instinctively it is a subject that mankind is aware to have many facets to it, many factors in it that are against sound moral values, sound moral standards, purity of the mind and the body, abusing the Soul that, as a Portion of The Creator, is affected by such impure actions, activities, participations, and deliberate assault on another one’s body.

Many men, women and children do not like to hear this subject matter

in their presence, but it is necessary sometimes to alert those who become rather reticent in thinking that what is occurring is just humanly acceptable to some people.

It is sad for Me to speak like I have, but necessary, because in so many places, so many men, women and children openly ignore what is evident in the wrong, impure actions of others. I promise you, as a Saint, it is much easier to talk on the pure side of life than it is to speak regarding what pleases the enemy of God and man.

I bless you as I speak These Words, and I beseech you to never ignore the responsibility you have as a human being, to be alert, to be conscious, to be aware of all that is impure, because satan is constantly active in encouraging human beings to accept what is against the Soul, because in doing this it gives much sadness to The Father, to The Son, and to The Holy Spirit, and do not forget The Heavenly Queen, The Beloved Heavenly Mother. So be it.”

OCTOBER 15, 1999 AT 1:02 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Too little is being done in instructing the young on the importance of The Commandments of God. Too much is being tolerated on impurities, indignities, and all forms of vile speech and contemptible attitude on decency regarding how an individual acts morally. Immorality is acceptable, and so oftentimes practiced under the guise of it being normal, natural.

Today as I speak, I speak with deep Love, great concern and hope, that in many places throughout the world, those who are in charge of instructing others on moral values, moral standards, moral obligations, will find the path of being able to penetrate the mind, the interpretations, the values, the ideals and the will of millions of individuals, because it is important for human beings to not just rationalize what is correct, proper, pure, decent, but to apply all their thoughts, words, deeds, habits, to seek purity and value

what a Gift of Divine Love this can be in one's actions, inner actions, goals.

I could speak hours on this one subject, but it is important that this subject be covered in every age group of human life, because it is necessary to remind, to alert, to speak on what is correct, what is moral, what is acceptable, instead of just allowing one's self to be the recipient of what another individual takes for granted, or is abusive in conduct.

I could speak so many Words, but The Father has requested that as so Many of Us deliver certain subject matter, We keep It to a length where it is not too tedious for some to read, and to understand the full brunt of the subject matter. So be it."

OCTOBER 18, 1999 AT 2:08 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In a court of law in which mankind is a superior power of debate and of decision, it is oftentimes obvious that one or the other will use poor example, because it is the only example they have to describe the testimony that is the foundation for the vile action or invalid activity that is the subject of, for a decision to be decided upon.

Today you live in a time worse than Sodom and Gomorrah, and there are so many vile, contemptible practices, actions, by individuals who believe in these type of tactics to be natural to human life, so they will speak with credibility in defense of what is wrong, what is impure, what is vile, what is contemptible to the human body, mind, of one or more individuals.

Since the beginning of time, human life innately knew what was right, what was wrong, but circumstances oftentimes caused them to take sides, because of what was

occurring that could be difficult on their physical, or on their situation where they lived.

Today you do live in a time that supposedly is gifted with a highly intellectual standard of understanding, of beliefs, of practices and of order, but I am reminding you to be cautious so you do not become a victim of a basic vile, contemptible individual or individuals who practice only what the enemy of God and man controls.

Today as I leave you, I beseech you to look at each day as a Gift, one in which you can become more aware of the Importance of human life, and also, to inwardly strive to practice purity of the mind, of the actions, of the body, for the sake of your Soul. So be it.”

SAINT FRANCIS DE SALES

“I am Saint Francis de Sales.

Many Saints enjoy individual conversations on their trust, their interest, their love for honoring The Saints, in honoring The Saints, believing in The Saints, trusting in The Saints.

Today as I speak through a *voice* such as all other voices are, I speak with a deep Love for human beings, because human life is a Gift of Divine Love, a Gift beyond what any individual can understand, because human life is gifted at the moment of conception with a Gift of Divine Love, called ‘the Soul’.

We hear people of all ages, all degrees of intellect, make a remark regarding another human being they are comfortable with, enjoy being with, and they refer to this individual as a ‘soul mate’. Rarely does anyone ever realize what a compliment this is to the individual they are referring to.

Today as I speak Words through *one small voice*, it is a privilege for Me to be able to be Part of This Great Gift of Divine Love that The Beloved Saint Joseph is to be recognized through, for the benefit of millions of Souls that will one day be returned to The Father by way of the Soul that they were the custodian of all during their time on earth.

You do live in a time of many changes, many diversifications on sound values, sound beliefs, sound truths, and yes, formal performance in honoring The Heavenly Queen and All The Saints. It is sad to know that so little is being instructed or even mentioned regarding that Portion of life, that Important Part of human life that no one sees, and yet It is evidenced by an inner understanding of what is morally right, pure, sound, reasonable, justified, and pleasing to The Heavenly Father.

As I leave you today, I bless each of you who are dedicated in taking the time to put into script All that is delivered, by request, because others have no way of learning what a Beautiful Gift human life is, unless they read about it and better under-

stand that human life is a Gift of Divine Love to man.

The world is in many changes, morally, mentally, physically, spiritually, and that is why This Gift of Divine Love was Decreed to be at ‘this time’, because of the great need mankind has to fully understand that life as man has an Important Goal because of the Soul that each human being is the custodian of, protector of, and has the responsibility to return It to The Creator at a given time. So be it.”

OCTOBER 19, 1999 AT 2:54 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. This Gift of Divine Love is far beyond human comprehension. The Magnitude of All that is received through *one small voice*, is the Greatest Gift that The Father could give mankind at this time.

This Time far surpasses so many other times in the History of Communication between The Father and man, because through This Gift so much Instruction points to every facet of life, deliberately speaking about the Importance of human life, why it was created, and the Goal for which it was created.

It is important that the Words that have been allowed to be written travel throughout the world. Though many may resent Them, resist Them or deny Them, this does not change Them, because They are Words beneficial to the mind, the body, the activities that human beings are presented every day during a lifetime.

This Gift of Divine Love is more Precious than any Gift that mankind can be offered, because It is a Gift of Instruction beyond what human beings could present to each other. The Importance of human life is far greater than any other living matter or thing, in that it is gifted with the abilities to understand what a Valuable Gift human life is, because it has Promise in it, Love in it, and one day will see the Justice for which it was designed and planned.

It is a great sadness when We hear doubt or any form of rejection regarding the Goal for human life. That is why it is important that men, women and children be constantly assured that though the flesh of human life has many valuable reasons, the most valuable reason it was created as it has been, it is because it is the custodian of a Special Gift of Divine Grace, Divine Love, called 'the Soul'.

All human beings, all ages, seek for achievement on issues of what they term 'important', but the most important issue for human life is to be assured that within them they are the custodian of the Greatest Gift, called 'the Soul'.

We smile when We hear individuals say they are ‘soul mates’. They initially mean ‘closely connected’; also, that there is an understanding between themselves and another, or several others. If it will help, it might be worthy to remember that every living human being is associated with The Creator through the Soul that was instilled at the moment of his or her conception. So be it.”

OCTOBER 21, 1999 AT 1:30 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

The Father’s Will is Important to every human being, because through His Will the Soul will return to Him in Total Purity.

It is sad that human life does not fully understand the importance of sound morality, purity of the mind, the body, reflected into the Soul automatically.

When an individual man, woman or child knows that they have the opportunity to make decisions to speak for themselves on a given topic, ask yourself: How many think of the topic’s importance to their Soul? Also, ask yourself: How many topics of discussion, of commitment, tend to be based on impurities of the mind and the body, desecrating the Soul to a point of abusive indifference?

When We hear individuals read What is being delivered through This Gift of The Father’s Love, it is oftentimes a great sadness to Us,

because in so many ways, so many times, there is no conscious effort to keep the subject matter pure in morals, in values, in content, but oftentimes the conversation pleases only the enemy of God and man.

We hear some say: ‘What is God? We never see Him.’ That statement is false. In the Very Creation of All Things, the earth, the universe, and all living matter, it automatically tells an individual that there has to be a Supreme Power beyond what human nature or mentality can understand.

My next Words might bother some who read It, but I must say Them. Sound logic should tell an individual that it is important to make a decision on purity over impurity, over lust, over anger, over hate. Everything that exists in the whole universe logically says to the human mind a Higher Power Exists, and it is important to understand, to believe, to practice what is pure for the mind, the body, and That Portion of the Connecting Link to The Supreme Power, called ‘the Soul’.

It is sad to hear a man of the cloth, of any area of Faith in a Divine

Creature, Creator, Creativity, to ignore the importance of teaching others to be aware of necessity of human life to depend on this unseen Factor that is obvious, Ultimate in all ways.

Children are not being instructed on the necessity of understanding The Commandments of The Creator, that passed through another human being in great detail, lengthy detail, a long time ago. Moses' mission on earth was to leave for all time What The Father Willed mankind to know about and to be guided by, to live by, and of course, to practice in all acts of life, all intentions representing good over evil, love over hate, purity over impurity.

Today as I deliver These Words through *one small voice*, it will be the written Words that will remain for a long time to come, and These Words will never change in Meaning, in Content, in Direction, because These Words are Words of Divine Love that no human being would have the innate belief in Their Importance, unless they were instructed on Them.

As I leave you, I beseech you to allow no one, or nothing physical

to stop All that has been delivered through This Gift of Divine Love, because without It, millions of others will not know what is important to their way, their Goal, that was Decreed by The Creator for all of human life to know, to follow, to believe, and to return to Him the Soul. So be it.”

OCTOBER 22, 1999 AT 1:07 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The world has in many ways, many times been saturated with the enemy’s radical indifferences to all that is good, pure, important and necessary.

Today as I speak, I speak with a deep concern for all human life throughout the world. In so many ways there is great indifference to what is important to the Soul that every human being is the custodian of.

We hear some say: ‘What is a Soul? I do not see It, I do not feel It. Why should I care about It?’ This lack of understanding, this lack of Faith in a Supreme Power is a sadness to All of Us, because it is important that human beings understand they are never alone, they are always in the company of, and accompanied by, a Portion of Divine Being they cannot see, feel or hear.

This Statement may be difficult for all degrees of intellect to under-

stand, but it should not be impossible. First of all, Who holds All Power over All Things in the world, outside of the world, and this includes all dimensions of human life, and all degrees of other living matter or things? Why it is so difficult for so many to believe in a Supreme Power is a sadness to All of Us, because This Supreme Power is The Creator, The Dispenser of All Things.

Human life, in many ways, was created with some abilities that can and could be compared to The Creator of All Things: the ability to give birth to one like themselves, the ability to teach, instruct on many facets of necessity, many factors of human life that are taken for granted, and yet there has to be an innate belief or ability to rationalize all the factors and facets that human life copes with, tolerates, and is a major part of, because of the lineage of human life that is taken for granted.

A child is told that he or she was created by God, and later they learn that two people were involved in their creation, and it is referred to as 'heritage', 'belonging', and of course, the natural course of human life in its reproduction.

So Many Saints have been allowed to deliver through This Gift of The Beloved Saint Joseph, Information, Direction, regarding human life's responsibilities and what it was created for. Needless to say, Each of Us Who speaks could talk endlessly on given subjects, but it would not be practical, because the human minds and abilities of those who take Our Words, put Them into script for others to read, would not have the strength to continue endlessly.

Let us go back in time to when The Commandments of The Creator of All Things were given to one man on a mountaintop. Many stories have been written, but the full story could never have been written, because the multitude of descriptions regarding each Commandment that were instilled into one mind would be impossible, because of the lengthy descriptions that each Commandment defines.

As I hold *the little one* through whom I speak, as I speak the Words to be written, the Power I am automatically takes a toll on the human body, because the Power that All Saints stand in is beyond what the human mind can comprehend. That is

why This Miracle is so Important to all who live now, and all yet to come.

There is no place throughout the world that so much Information, Direction, Hope, has been given for a very, very, very, very, very, very long time.

Today as I speak, I speak with a deep concern for all who live at this time, and those who will be alive for a great number of years to come. There is so little sound instruction being displayed or directed for the sake of the Purpose for which human life was created.

It is sad for Us to hear so few truly understand the Connecting Link of Divine Love that all human beings are given at the moment of conception, and that is called ‘the Soul’. Without the Soul, human life would have no Goal, and if all who read This will but think how important a goal is to human life on many things, then should they not concentrate on the Goal for which they were created — to become ‘a Saint’?

I beseech those who read These Words to concentrate on the Importance for which they were born:

a Greater Life, a Beautiful Goal to return to The Creator, one's Soul. So be it."

OCTOBER 26, 1999 AT 1:26 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. The subject I am about to speak on is important in many ways, spiritually, psychologically, mentally, morally and humanly.

Today if you and others were going to take a poll throughout the world, or perhaps just locally where you live, making one of the questions, ‘How and what is your belief in a Divine Creator?’ thousands, in listening to the question, would find it difficult to answer in a logical way, because it is a rare thought to men, women and children of all ages, to wonder what the moral conditions throughout the world would look like if they were described in print, to the letter, to the degree, that morals are practiced in this day. Morals are not thought about in a daily manner of thinking, because The Commandments of God are not thought about in a daily manner of consideration.

Many of Us Saints, in hearing different discussions, would like to

encourage human beings to put into complete script the full meaning of each Commandment of The Father, so everyone reading Them could analyze their own practices in their daily life, regarding how they think, how they respond morally, mentally, psychologically, spiritually, physically, to all that occurs to their mental, physical, moral, and psychological understanding.

Today there is so little spoken about reminding human life of the responsibilities, because of a Portion of The Creator that only human life is the custodian of, from the moment of conception. Why this is so difficult for so many to accept is a sadness, because in the Creation of human life there were many Gifts instilled, automatically giving to each human being benefits that no other living matter or thing is the custodian of. First of all, all the talents that reach into many important subjects are not just attractive, but encouraging to many who learn about them, giving to their individual life an in-depth understanding of a subject that creates more interest, more abilities to understand what no other living matter or thing is able to understand.

The few things I have mentioned should never be ignored, because human life obviously has an in-depth dimension of being able to conceive much logic, much information from all that is available to the human mind; thus, this alone should remind human beings that they have a Particular Gift of Divine Love that they are responsible for, and innately know that purity of the mind reflects within an Inner Portion, not seen, not felt, but obviously present, namely 'the Soul' that no one sees, but no human being is not conscious of what is morally correct, morally impure, and that the results of sound morals has to be recorded in a manner and a way not obvious, as does immorality.

If these Facts were not Valuable Facts based on Importance, each human being should ask himself or herself, 'Why, how, do I know why my decisions are pure or impure, right or wrong, pleasing or displeasing to an Entity I have never seen, and yet inwardly I know Exists?'

As I leave you, I beseech you to pass These Words on, to awaken in others the necessity to understand that as human life was given the Gift

of decision, there was an important reason, purpose for this Gift, and each human being is responsible to The Creator for all they do, they think, they say. So be it.”

OCTOBER 27, 1999 AT 1:06 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“This Gift of Divine Love that bears My Name is a Gift handing to mankind Important Degrees of Instruction, because of the Importance of human life.

At This Time The Father Decreed My Name to be announced openly, publicly, because of the Importance of what His Spirit means to human life. Yes, I Am The Holy Spirit, and in My Way I am in all areas of human life.

You live in a time wherein so much attention is being paid to all things that are impure, unjust, immoral, indecent, due to the fact that the enemy of The Creator and of all human life dares to fight to capture the Souls that are so Important, because each Soul is a Portion of The Creator, unseen but obviously present.

My Words are given for many Reasons, because at this time throughout the world, the enemy of all that is Pure, Just, Sacred, Important, is attacking in many, many, many ways. The instrument under

attack is of course human life. I call it 'an instrument', because it is an instrument designed by The Creator to have abilities beyond what any other living matter or thing is the custodian of.

The human mind is a Gift of Divine Love, because through the human mind, an individual has the ability, the privilege to make choice of what is correct, what is incorrect, what is pure over what is vile, what is necessary over what is unnecessary.

I could go on and on and on through This Gift that bears My Name. All that has been delivered must travel to all races, colors, creeds, because this is 'the only place' that is delivering so much Valuable Information and Love for human life.

My Words must be remembered because, do not forget, I Am The Holy Spirit of The Creator. Many will not believe This Fact, This Statement of Truth, but nonetheless, it is important that as each one looks, or says a prayer to a statue that bears My Name, they are speaking to The Holy Spirit of The Creator of All Things. So be it."

OCTOBER 27, 1999 AT 2:41 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The world has been Blessed abundantly, due to The Father’s Love for human life, though it is difficult for some individuals to believe or to fully understand that there is a Supreme Power in charge of Everything.

In the beginning of human life, there were many stages of adjustment, of design, because of the necessity to allow human life to reach a degree that would give to human life the ability to understand knowledge, and arrive at a script that would leave for the future, sound definitions, true descriptions of previous times, and the Importance of human life.

The closeness of this Gift of Divine Love is difficult for some to understand, but the Importance of human life is the closest Gift to The Divine that was designed for much to be accomplished through, and a firm understanding of the closeness that this Gift of life has to The Creator of All Things.

A long time ago, there was not much information regarding the Importance of human life, but today at this time, The Father, through *one small voice*, has allowed Many, Many, Many Saints to speak clearly, pointedly, logically, regarding the Reason for which human life was created; also, that human life is the only living thing that is the custodian of a Portion of The Creator, though unseen, is evident through the human mind regarding what is pure over what is impure, what is just over what is unjust, what is truth over what is untruth, and many other such comparisons innate in human life.

So Many of Us speak in casual ways, not announcing Our Names, because oftentimes when Our Name is announced, to some there is immediate concern, doubt, saying: ‘This is not true, This is unrealistic’; but those who take the Words have been chosen to do so, so that much of What must be taught is in script for others to learn from.

It is sad when We see so many learned people deny This Gift of Divine Love. It is inconceivable to them, based on the fact that they have

not participated or have not been chosen to be the instrument of such an Important Dialogue of Instruction, of Hope.

When one individual human being offers attention, help to another one, the receiver, when in need, finds a great closeness, and a feeling of thanksgiving for the help.

Today at this time, the world has been receiving for some time, a Gift of Closeness, easy to read, easy to understand, and each time helping men, women and children of all ages to be able to relate more closely to The Divine Creator, knowing instinctively that the Words that flowed through *one voice*, could not be attributed to the voice as being from *the one* whose voice was heard.

Many Blessings pass through This Gift of Divine Love, Some to strengthen the moral values of many individuals, Some to give courage where it is needed for the body or for someone close.

It is important that All that has been delivered be passed throughout the world. We know the translation is difficult, but it must be approached

with a positive attitude, and a genuine plea for help from those who have the ability in different areas.

So many Blessings pass through This Gift. It is important to understand this, and remember it when the human body becomes tired, weary.

As I leave you, I bless you because of your Faith, that through your Faith you will give strength to thousands of others who do not have the privilege to be present when Any of Us speak. So be it.”

OCTOBER 28, 1999 AT 1:25 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

So much Instruction has been handed through *one voice* to thousands and thousands and thousands of men, women and children of all ages.

I come on this day to alert, enlighten, encourage those who know the Magnitude of This Gift of Divine Love, should spread It to all corners of the earth. I hear you say, ‘There is a language barrier I cannot cross, I cannot enter.’ Granted, this is a statement of truth, but you are requested to gather those who have the ability, the knowledge, to put into script the full Meaning of what each Message consists of, because The Father does not want any man, woman or child to be ignored regarding This Gift that is for all races, all colors, all creeds.

Sometimes when one hears about the responsibilities attached to a Gift of This Magnitude, they fear it would take so much time, and also cause them to utilize their time in ways that

will eliminate what they are used to doing, practicing, regarding other responsibilities they are adjusted to.

This, of course, is in man's term 'nonsense', because when one uses time beneficial to the mind, the body and the Soul of other human beings, the time is not wasted, and when the time comes to be accountable for one's time, it will add up to much favor for the benefit of one's Soul. Excuses are many, but they are not beneficial, because an excuse lasts only as long as the word sounds.

Today as I speak to a small group, I want you to understand that though you feel you do not have the time to spread This Gift of The Divine, you must look at it in a manner of returning love to The Father for having allowed you to learn of This Gift, being a part of This Gift, thus giving you the responsibility to pass It on to others.

There are millions of men, women and children lost to what is morally sound, morally correct, morally beneficial. Through This Gift of The Father's Love, It will give Hope and sincere understanding that human life was created different than any

other living matter or thing, through the Soul that each human being is the custodian of, from the moment of his or her conception.

The Soul tells an individual many things: sometimes it is called ‘insight’, sometimes it is called ‘understanding’, sometimes it is called ‘intelligence’, sometimes it is called ‘goodness’.

Today as I speak in a simple form, simple manner, with simple Words, I plead with you to deliver throughout the world All that The Father has requested so Many Here to instruct all of human life on, because of the Soul that every living human being is the custodian of.

Today as I leave you, I bless you in a manner, a degree, and a form not seen, but your Faith in This Gift of Divine Love will make you understand that All that is spoken through This Gift of Divine Love is not from man, but totally directed by God Himself, because of His Love for His Creation, man. So be it.”

SAINT STANISLAUS

“I am Saint Stanislaus.

In so many areas of human life much depends upon the nationality, not on moral values, moral standards, moral views, moral actions. Today, throughout the world, all degrees of human life greet each other in harmony, and yet oftentimes disregard the faults, the errors of those with whom they become friends.

When Any Saint Here in the Heavens speaks out, drawing attention to the fact that you live in a time worse than Sodom and Gomorrah, those who read the Words do not see it that way, nor do they feel that the Statement is Sound Fact. The world today is in much turmoil, and so little emphasis is put on sound moral values, sound moral standards, truth, honesty.

There are many men who have chosen the path of a religious vocation, who at this time are neglecting The Rules that were set down a long time ago through a man called ‘Moses’. It is sad for Me to say that when The

Commandments were handed through ‘one body’, They were not as concise in manner, in degree, as They are being learned today. As each Commandment was given to Moses, it was in great detail, lengthy, in its full manner and meaning. It is important that These Commandments be delivered as close to the First Delivery as possible. That is one of the Reasons that This Gift of The Father’s Love was given to the world.

Today as I speak, I know that in many areas there are terrible abuses against the minds and the bodies of many people, because of the innate desire to desecrate what is pure. So many individuals who practice desecration to the bodies know that they are wrong, and yet there is no way for them to be chastised or condemned, because of circumstances that are used to ignore the importance of what has occurred.

When I say ‘important’, I mean impurities, that to put into writing would be too much for some to read. Vile actions are not easy to describe, because of what they can do to some who will read what is spoken. We hear casual conversations on many

impure actions, vile, contemptuous wording, but so rarely do We hear any outward rejection, allowing others to know that they cannot tolerate such vile contempt toward all that is pure, right, just.

It is necessary for all human beings to understand that no matter where they are, who they are with, or if they are totally alone, there is always a Presence connected to The Divine, Part of The Divine, because of the Soul that every human being is the custodian of.

I could speak hours on this subject, but mankind must begin to emphasize in his or her own actions, obedience to The Commandments that were given a long time ago. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Man says, ‘Silence is golden.’ We say, ‘It is important to use one’s ability of speech regarding subject matter that encourages, enlightens, and gives hope on the subject of one’s Future.’ Some say, ‘What do You mean by Future?’ All The Saints Here in the Heavens standing by Me now want Me to say, ‘The Future for every human life is to be returned to The Creator of life, a Saint, because of the Soul that every human being is the custodian of at the moment of his or her conception.’

As it is innate in human life to look for a goal, it is because of the innate feeling that there has to be a goal to work for, to earn, to represent what an individual is, has practiced, and has accomplished. Of course, the Goal for human life is ‘Sainthood’. In so many areas of so-called ‘religious training, Spiritual training’, very little emphasis is put on the Future of one’s life, the Importance of the Future, the Purpose for the Future, the Reality of

the Future, and that is to become ‘a Saint’.

Mankind should look at this subject matter and accept the importance of it, the Love that is in it, because to look forward to nothing would have no hope in it, and yet The Father of All human life, All creations, has given to human life a Future, a Goal, a Responsibility, and a Personal Gift of Divine Love, through the Soul that is to be returned to Him in Purity at a given time.

Everything that is spoken through This Gift of Divine Love is not just a story to be remembered, but an Important Message of Fact, of Value, to encourage men, women and children to seek out the Greatest Gift they can reach for. There is no price tag. It is earned by one’s actions, thoughts, deeds, practices, and how an individual uses the human way, directing everything to becoming ‘a Saint’.

Criticism on this Point is a sadness; also, questioning this Point of Divine Love does not help an individual grow morally, spiritually, because in doubt there is oftentimes

misunderstanding, misinterpretation, misguidance, no hope. All of The Saints Here Where I am speak frequently, and do not ask for the Words to be written, but what They Will to be seen and to be example, passes through the individual who respects what life is all about, and who innately realizes that life in the human form is a Gift of Divine Love.

I do not stand in a courtroom to talk to you, I do not stand on the pulpit to preach to you, I no longer stand in the physical way, but through The Blessing of The Father's Love, I reach you with Words to help you better understand that each day you live you are responsible for. It would be wise to use each day aware of your Soul, and give to your Soul the privilege of returning to The Creator from Whom It came. So be it."
