PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT ATHANASIUS

“I am Saint Athanasius. It is sad for Me to say there are so many heresies in every part of the world. Also, it is difficult to understand why heresies are not seen for what they are, how detrimental they are to everyone’s way of life, way of thinking, way of making decisions. Heresy is at an epidemic point because of so much desecration being allowed to The Blessed Sacrament in Holy Mother Church.

It is sad also, to see the young so misled, not instructed in the same manner that was part of learning about the importance of one’s Spiritual life many years ago. True, human life goes through many changes, and many different opinions on what is morally sound, what is morally unsound, what is morally pure, what is morally impure, but as time goes on things have generated to be likened to what actions were the initial part of Sodom and Gomorrah.

The world has been Blessed in many ways by The Father's Love for human life, in giving to mankind the privilege to be able to read for themselves the Truths, the Lessons that pass through *one voice*, encouraging all who read Them to be aware of the immoral tragedy that is occurring in all generations throughout the world.

It is sad for Me to speak this way, but hopefully it will be an awakening to see that All that has been delivered through This Gift of The Father's Love be put into languages for millions to read and to concentrate on, so that they will be able to change into what is morally sound, not just what is morally practical; also, to be reminded that human life has within it a Gift of Divine Love, rarely thought about, rarely spoken about, but It exists in every human being, and should never be ignored. It is called 'the Soul'.

We hear many individuals make a big issue out of being close to another human being, saying they are 'soul mates'. Does this not mean that they feel a common denominator of likes and dislikes, and also a communication with each other above and beyond what they have with others? Think

about this, because each human being has a Soul, a Living Portion of The Creator that never leaves the body for one second, until at a given time, when the body has no longer the sense of speech, hearing, or heartbeat.

I beseech you, remember My Words, because My Words are given to awaken what so many men, women and children never think about. So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

There are so many Lessons on how to become ‘a Saint’. I smile at this Statement, because rarely does any man, woman or child, at a particular time during one day, remind himself or herself that life was created for a Special Goal, and that was to one day return to The Father, the Soul.

The Father has given to the world a Beautiful Miracle of Love, of Hope, of Instruction, constantly encouraging individuals to be aware of the Importance of human life, and how Special it is in the creation of all living matter or things, because human life is ‘the only creation’ that has been appointed to one day have the privilege to return to from Where It came, to return to from Where It was designed, and that is to return the Soul to The Creator Who designed the Soul, and hands the Soul to every human creation, because It is a Portion of Him that He wants returned to Him, to be with Him Forever.

For some so-called 'learned' men and women this Statement might be difficult to understand, to relate to, or to use in their own human plan, but there is much evidence of Divine Plan in All Things, and the Creation of human life, having been given so many abilities, an intellect, and the cherished Gift of being able to choose right over wrong, good over evil, is oftentimes a Blessing beyond what an individual sees it to be, understands it to be.

The Gift of human life is not a Blessing in disguise, but a Blessing that each human being can relate to, because as a human being has the senses it has, the intellect it has, and all the other natural senses, proves to each living human being how Generous The Creator was and is, and that with all that has been given to human life, chose human life to be different than all other living matter or thing.

So Many of Us Here in the Heavens could speak endlessly. It would be impossible for men or women to put into script All We want them to know, All We desire them to follow, All We plead with The Father to allow Us to express, so that it will draw attention

that nothing else can, to each one who reads Our Words to make it a point of saying to The Creator:

*‘Please allow me to return
to You, and never be
without You.’*

In the human way, human senses, it is difficult to believe, to understand fully that there is a Place called ‘Heaven’, that All of Us Saints, through This Gift of The Father’s Love, This Miracle of Instruction, are so happy to be able to describe the Importance of human life, and that We, in Our Love for them, for you, for human life, want you to return to The Father as We have.

So many Blessings pass through *one voice*, so much Love is allowed to be shown, and addressed as Communication, to instruct, to instill. Many of Us are present at all times, and it is Our Love for The Father, and Our Love for human life, that We urge you to use each day to please The Father, and allow your Soul to become ‘a Saint’. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. This Time in the life of mankind is of the Utmost Importance. It can be compared to the Time when We walked the earth, and a Son was born. We were The Foster Parents, in many ways, because The Son was the result of conception The Father’s Way.

Today as I speak, it is important that those who live at this time in the human way, be aware of all that is evil, destructive to the Soul, and constantly be conscious of the Importance of human life, the Dignity in which it was created, the Purpose for which it was created, and that is to return the Soul to The Creator Himself.

True, though it is difficult for the human mind to truly conceive What The Divine Creator Is, it is important that each human being see how there has to be a Divine Creator for All to exist.

It is sad when an individual, or several men, women, gather to determine in a human way what The

Divine consists of. It is not innate in human beings to know the Ultimate Source of how all things truly began, because in the human mind it would only include what a human mind can conceive. The Creation of the universe, the Creation of life in all forms, obviously has to be beyond what a human mind can understand, perceive, conceive.

Today as I speak, I speak with a Deep Love for human life. It is the only living matter that has the privilege of bearing within it a Soul, a Portion of The Creator. The human mind has an intellect, the innate understanding of purity over impurity, right over wrong, good over evil. This list is endless, and it is sad to see so few truly see the value of how an individual can think, can speak, can instruct, can develop, can learn, can accomplish what appears to be almost impossible things.

Today as I speak to a small group, I speak with a Divine Love. This Gift of The Father's that bears My Name, is a Gift of Divine Love, encouraging human beings to more fully understand the Purpose for which human life was created, and the abilities that human life has been gifted with are

so numerous, that the mind of one individual cannot conceive what a Great Privilege human life is.

The Father, in His Love for this creation, has given to human beings a Gift of Divine Love, by allowing so much to be taught through so Many Here in the Heavens. We hear all ages of human life question: 'What is Heaven? What could It be like? Does It really exist, and if It does, why cannot Those Who are supposed to have gone There tell us more about It?'

The Gift of the human mind is one of the Greatest Gifts human life has, because it gives the individual the ability to choose what is pure over what is impure, what is right over what is wrong, what is just over what is unjust.

It is sad when We hear some men, women and children refuse to accept what a Great Gift human life is, constantly denying the fruits of it, the Beauty of it, the Love in it, the Purpose for it. Without human life the world would have no purpose, no reason, no goal.

As I leave you, I bless you in a form and a manner you understand,

**but I add to this, one Statement:
'Never forget to thank The Father for
creating you as man.' So be it."**

NOVEMBER 4, 1999 AT 12:55 P.M.

SAINT CYPRIAN

“I am Saint Cyprian. So many times a name that is different draws more attention than truth, value, concern. I smile at this Statement, because My Name, when announced, surprises many people, because it is not used many times, at this time.

The world is saturated with so many enemies, mental, moral, physical, psychological, and even in a creative factor of life. Today as I speak, I speak with a deep concern, a sincere interest in all that is occurring amongst men, women and children throughout the world. So much value is put on an individual’s success, their personal possessions, and what others think about them.

The world has been Blessed with a Gift of Divine Love wherein so much Instruction, by way of putting into Words the Importance of human life, what it means, and the Goal for which it was created. As I speak there are Many Saints Who surround Me, because Each One of Us sincerely cares

about the morality, the immorality of all people throughout the world.

If you were to walk up to an individual in your area of life, and ask them what their moral values, standards, understanding was like, you might meet with an irate human being, with them saying it was none of your concern. That is why it is so important that each life, of any age, manages to be good example, rather than ask others' opinions regarding their life. Sound moral values, sound moral standards, sound activities are important, because everything an individual does, says, is more important to those with whom they are, than anything else, because every act, every word, reflects what an individual feels, thinks, accepts, and whether or not they are happy or they are just uncaring in what others think of them.

Children are not being instructed on how their ways reflect in everything they say, everything they do, because it helps others to better understand what is morally sound, morally acceptable, morally pure.

So Many Saints speak through This Gift of Divine Love, and it is sad that All that is revealed by Them does not travel rapidly to all corners of the world, because there is no place throughout the world that so Many Saints have been given the privilege, the honor, to instruct those who are yet to face Judgment.

There are so many different types of personalities, natures, preferences, ideals, talents and abilities, to choose what is pure over what is impure. Ask yourself: How many men, women or children that you are acquainted with or close to, ever say, ‘I want to be a Saint’? Some may think this is being overly pious, or not accepted by others, this type of speech, but nonetheless, it is easy for some to say they want to be successful at what they are doing, they want to be financially secure, they want to understand what others like, what they do, what they are involved in.

As I leave you on this day, I beseech you to not be afraid to stand for what you know is good for the sake of others, not in a preaching way, because it is not your vocation, but in your example, because example is the

greatest gift you can give to another human being when it radiates purity of the mind, the body, and courage to uphold what you feel, what you believe in.

As I leave you, I beseech you to remember one thing: Your Soul wants to become ‘a Saint’. So be it.”

NOVEMBER 5, 1999 AT 1:21 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory The Great.

Holiness is not often seen, thought about, discussed, or understood in its full value, its true meaning, and reason for which it was spoken about regarding the way a human being acted, lived, and carried all responsibilities of human life.

Every day is important to every living human being for the physical, for the mental, and of course, for the Soul. How many individual men, women and children open each day with a prayer, and a ‘Thank You’ to The Father for creating them in the human way? This is a rare thing in the daily life of human life. So many activities, ambitions, practices, obligations, take precedence over what should be a normal thought, a normal moment of thanking The Creator for allowing one to be born, because human life is the only life that has a Goal Superior to all other living things.

As I speak through *one voice*, I sincerely hope that My Words and the

Words of All Who have spoken through This Gift of The Father's Love be cast out into the world, scattered, leaving no one out to learn about This Gift of The Father's Love.

We hear some say, 'Why is It called "a Miracle"?' For *one voice, one mind* to be able to repeat All that is delivered, says only a Miracle Of Divine Love Could Be In Charge Of This Gift.

Children are not being instructed on what is pure of thought, word, deed, action. They are not being instructed on sound moral values, sound moral standards, constantly eliminating purity of the mind and the body. So much impurity is being practiced by all ages, thus ignoring that each human life has a responsibility for the Soul they are the custodian of.

We hear some say: 'I have never seen a Soul. How do I know It exists?' Perhaps My next Words will help you: Do you have a conscience? Do you know right from wrong? Could you create the earth? Could you have the power to hold the waters back? I could go on and on and on.

Human life was created for many Reasons, and the Main Reason was because of the Soul that is instilled at the moment of conception, in only human life. The Soul is the Connecting Link between The Divine and the human existence. The Soul is the recipient of all an individual does, many times victimized by the individual's causing It to be a victim of disgrace, belittling It in many ways.

As children in a family are instructed to be moral and never lie, it is for many reasons; first, for the condition of their Soul, then because immorality, lies, can cause a disgrace beyond what can be repaired in many ways, for many reasons, due to the fact that impurities of the mind and the body leave scars, many times irreplaceable with what is pure, clean, clear, and put back into place in a form, manner, way, degree of purity.

It is sad to hear so much desecration to the body and to the mentalities that were destined to do so many good things, and were destined to be example of purity, because of the Soul or Souls that they would be in contact with.

As I speak to you today, I say: 'It does not take great wisdom to understand what is correct to do, to follow, to practice, to be example of. The intellect you have been gifted with is sufficient. Remember this.' So be it."

NOVEMBER 8, 1999 AT 11:56 A.M.

GOD THE FATHER

“The world must learn of This Great Gift of Divine Love that I am giving to all denominations of Faith in Me.

There are no challenges evident in Its Delivery or in Its Content of Instruction.

It is important that all of human life be aware of My True Existence and My Closeness to human life.

I love all who I have created because within each human life I am Present.”

NOVEMBER 8, 1999 AT 1:38 P.M.

SAINT MARTIN DE PORRES

“I am Saint Martin de Porres.

Throughout the world there are many interpretations of what men, women and children should believe in, should follow, and should look at as a great goal, great purpose for them in the world, and their communication with other human beings.

The Father, in giving to mankind of all ages, all degrees of Spiritual understanding, all degrees of intellect and all degrees of financial belongings, helping everyone to more fully understand what a Precious Value life is to man, and that it has a Purpose beyond any other living matter or thing, but it has also a Goal, not one readily seen by the eye when spoken about, but nevertheless, a Goal that in each human being there is an innate understanding of this Goal.

Some might say, ‘What makes me feel I have a Goal?’ That answer is easy, because the Soul that is a Portion of The Creator, is a Link of Communication, of Understanding,

and of Importance, due to the fact that the Soul, as a Portion of The Creator, The Creator of life in all things, gives to the individual much understanding on many issues that no other living matter or thing is capable of.

As I speak These Words, They are to be understood as Hope for all those who read Them, because within This Wording there is a Distinct Love from The Divine, not just to encourage, but to instill the closeness that human life has to The Divine.

Children are not learning what a Precious Gift human life is, what a Precious Gift the mind is, the intellect, the freedom to speak, and the freedom to use one's life in different facets of life: some to give hope, some to be able to teach others, instruct them on important issues, facts, problems, situations, and of course, some to be able to supply their lives with the needed matter and things necessary to live each day.

My Words are different at this time, but They come with much concern, and yet much Love, because so little is instructed on the Importance of human life, what it is all about,

and the Goal that it is able to reach because of One Portion of it that is closely connected to The Creator, and that is called 'the Soul'.

As I leave you, I bless you in The Father's Way, because it is important to never allow one day to go without saying several times:

'Thank You, God, for giving me life. Thank You, God, for giving me the responsibility to return my Soul to You, because in this responsibility You give me courage, strength, hope, love, that nothing else has the capability to do.'

With Each Word We speak through *one voice*, All Things are important, because there is no place, no way that mankind can learn so much about human life, its Purpose, its Reason, its Goal, other than This Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Creator, 'Saint Joseph'."

NOVEMBER 9, 1999 AT 1:14 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Prayer is a specific form of conversation with The Divine, with a Particular Saint, one who becomes accustomed to what an individual Saint stands for. Today, throughout the world, Sainthood is not recognized in the full Measure of What It is, What It means, What It stands for.

Children are not learning to communicate through their mind, their words, with The Saints. In so many ways men, women and children feel as though they are praying when they repeat the Words they learned in specific prayers, such as ‘*The Our Father*’, ‘*The Hail Mary*’, ‘*The Apostles’ Creed*’, ‘*The Act of Contrition*’. At one time These Prayers were very important to a multitude of individuals who learned them, the purpose of them, the reason for them, but today things have changed. In many cases it is a rarity that one remembers to pray, or even remembers the prayers that

they practiced with when they were of a younger age.

I ask you, ‘Why is prayer time almost a thing of the past?’ This question is important. Adults, men and women, do not instruct children on the importance of their communication with The Divine, with Any Saints, nor do they emphasize that each individual should communicate daily with their Guardian Angel. A Guardian Angel is not thought of. It is a rare conception of Its Importance.

So much has been instructed through This Gift of The Father’s Love, because so little is being instructed outside This Gift of The Father’s Love. It is time that families draw back into their lives the practice of praying together, because it is an important habit, due to the fact that prayer becomes a connecting link to family life and The Divine.

I have never spoken on this subject before, in this manner, but today as The Saints watch over those who have yet to come This Way, very little emphasis is put on the necessity for prayer every day. The Father Wills mankind to speak more openly to The

Saints, because Each Saint is available to hear what an individual has to say. Maybe the prayer does not answer the requests immediately, but every man, woman and child can be assured that no prayer goes totally unanswered.

The Father has designed this communication, because the Connecting Link to The Divine that each human being has the liberty of and the Love of, is the Soul that is in each human life at the moment of his or her conception.

I could speak hours on this subject, but it is important that My Words reach to thousands, to remind them that they are close to The Creator every moment of every day, and they have an obligation to the Soul that He gave them at the moment of their conception. So be it.”

NOVEMBER 9, 1999 AT 2:04 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It is with Great Love I speak to you today, because of the Importance of human life, the Reason for which The Father created it, the Love that is within each life because of the Soul that is placed at the moment of conception.

We hear men, women and children talk about the challenges of life, the hopes in life, and the loves that each one experiences. It is important that every man, woman and child understand indepthly what an Important Gift of Divine Love human life is.

At the moment of conception there is a Gift beyond what human life can understand. That is a Soul placed within it, a Portion of The Creator Himself. The Soul, as a Living Part of each human life, is to be returned to The Father at a given time. Needless to say, This Portion of human life never dies, because of What It is, Who It is a Part of, and the Reason for It.

We hear many men, women and children talk innocently about life hereafter. It is a topic sometimes of conversation, but basically, it is an innate feeling that life goes on in a different pattern, different way.

Today is an important day, because each day to human life much can be accomplished: more Grace, more understanding of a Creator, of a Goal, of a Reason for being born a human being. No other living matter or thing has this Gift of Divine Love. Granted, few men, women and children open each day with a knowledge, the understanding or the mental feeling that within them they carry an Important Portion of The Creator, so each day is busy doing what each one is accustomed to do, living life in the normal, natural way of things.

This Miracle of The Beloved Holy Spirit is a Miracle instructing all ages of human life on the Beauty of human life, the Love in it, the Importance of it, and of course, the Goal for which it was created. The Goal may be difficult for some to understand, but understanding it is not necessary, because each human being looks

forward to something good happening. It is innate in human life.

What better thing can a human being look forward to than to become 'a Saint in Heaven'? This should be the Goal, this should be the Love that makes each day important, because each day is important, and it should be productive in human things, in achieving what is good for the body, the mind and the Soul. It should also be example to others that human life has a Purpose, a Dignity that nothing else has.

The Father gave This Gift of Divine Love to the world, bearing the Name of His Holy Spirit, humanly known as 'Saint Joseph', so mankind could relate to the human element, the side, the dignity of human life, and yet realize that as Saint Joseph, He was different, He was a Being given to give mankind reasonable understanding of The Holy Family's Way, and also of the Importance that human life has a Goal. It is not destined to just die away, and never live again.

So little is spoken about what human life has, as an Important Entity of Divine Love, that is a Soul. We hear

so many say, 'Why can I not feel my Soul?' You do, every time you make a judgment call, every time you have to make a decision on what is pure, what is impure, what is right, what is wrong, what is just, what is unjust.

The ability for human life to make decisions of great importance says to every living human being, 'You were created Special, created for a Purpose, to one day achieve the Purpose, and that is to one day become "a Saint" Here in the Heavens.'

So much has been given to the world through This Miracle of Divine Love. We hear some say: 'Why would you call It "a Miracle"? I see nothing unusual.' Let Me say this: Instruction is the greatest gift a parent can give a child when it is for the good of the child.

Today is an important day, for what I have spoken is Instruction on the Importance of each life, and the Gift of Divine Love each life is, because of that unseen Portion that only The Giver of Life is a Part of, The Custodian of, and The Love of. So be it."

NOVEMBER 10, 1999 AT 12:55 P.M.

SAINT ANASTASIA

“I am Saint Anastasia.

Human life, as it exists today, oftentimes expounds on materialistic values, practices. Very little is spoken about the Purpose for which human life was designed and created. There is little talk, little instruction, little understanding, little conversation on the Purpose for which human life was designed, created, and for its Goal.

We hear some degrees of speech in a belligerent manner saying: ‘I cannot see my body in the hereafter. When I die everything stops, nothing moves, there is no thought power left.’ This, of course, is based on strictly a humanistic evaluation of the human body. That is why The Father designed This Miracle to be: to give Hope, Instruction, and to encourage men, women and children of all ages to see the Value of being born a human being, having an intellect of understanding, and of course, of learning many subjects that pertain to many areas of

life, showing mankind that human life has a Reason, a Purpose, and a Goal.

Little ones are not being instructed on the full Purpose for human life. In so many ways, this subject is being ignored, excuses made to not relate to the young how Important human life is in every facet of it, and for the Goal for which it was created.

I speak strongly through this *small voice*, because My Words are important to be understood and to be able to be passed on to not just thousands of other human beings, but hopefully millions. There is no place in the world so much is being delivered by The Saints, but also by The Creator Himself.

Mankind at this time approaches spirituality with a negativism, a doubt, and many times a superior attitude because of human knowledge that they feel superior in, thus ignoring the importance of Spiritual Knowledge that is the Foundation for which human life was created.

The Father did not say: ‘I will create human life so they will be important, they will be able to build

many big buildings, they will be able to communicate with each other, they will be important in the eyes of all others.' This is sad to hear and to see daily in the mannerisms, the practices, the involvements, and of course, the attitudes of human beings. So little respect is given to from Where human life was initiated, and the Reason for which it was created.

You live in a time that is a sorrow to Many of Us, because little is ever thought of regarding the Purpose for which human life was created. Children are being left out on this conversation when others of older ages discuss important matters regarding the Soul, the Purpose of the Soul, the Reason for the Soul, and Who the Soul is a Portion of.

As I leave you, I beseech you: Take the responsibility on yourself to deliver throughout the world All that has passed through This Gift of Divine Love that has been put into print, to encourage others to see the Value of human life and the Importance of human life, because you see, the enemy of The Father works diligently to attract people to all that is humanistic in value, in concept, in

practice. Through This Miracle of Divine Love, you have the privilege of responsibility, through All the Words that have been passed with Direction, with Hope, with Love. So be it.”

SAINT ELIZABETH

“I am Saint Elizabeth.

Men, women and children know some prayer, but many never say a prayer, not on their own volition, because they are more accustomed to praying with a group of people, and that is how they understand prayer should be, but also that it is more adapted to their way of life. This of course is sad, because personal prayer has a definite, positive delight to The One to Whom they are praying.

So Many Saints are delighted to hear a prayer in Their Name, no matter what the reason, the purpose, the request, because the recognition of being ‘a Saint’, makes Them understand that the one praying believes in this Gift of Divine Love that human life was created for, and that is to one day return the Soul as ‘a Saint’ to The Father. Very few conversations speak about The Saints, or what Sainthood is all about.

Children are not being instructed that the Goal of life is to become ‘a

Saint', and yet so many humanistic ideas, values, are placed on success as a human being, success in one's endeavor to be first, to be best, to accomplish more than others.

As I speak, I see thousands of young children not being instructed in the proper form, way, manner, degree, on what their life consists of, what it was created for. Most things spoken are on humanistic ideas, ideals, practices, goals, information on subject matter that is perhaps interesting, but not connected in any way to the Values of life, or Sainthood.

Many learned men and women enjoy ridiculous pastimes, amusing times that they feel are important to their way of life. If any one of them were asked about their Soul they could not answer the question intelligently, because to some of them it's impractical, also out of their context of thinking, and something they have read about but cannot fathom the reality of.

Humanism, in its practice, puts all things in a manner, a way, a degree, a value, that covers only material things, ideas, and personal practices

in association with other men, women, oftentimes even omitting children.

The world is in great need of All the Instruction that The Father has allowed to be passed through This Gift of His Divine Love. To some, when they read It, It is passed off as just Spiritual, but in reality, they should see It as an in-depth Love of Divine for human beings, because human love is special because of the Soul that each human being is the custodian of, and it is the Soul that will be Judged at a given time. So be it.”

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

Many Saints stand where this *little one* is every day. The strength needed to accomplish The Father’s Will is beyond what a human mind can perceive.

Strength in love for The Father is what helps one chosen by Him to accomplish His Will to the degree satisfactory to Him. Each time an individual human being is chosen to speak, to act, to project What The Father Wills others to know, the one chosen is basically ‘a Victim Soul’.

So much has been delivered of late regarding the importance of several things. When this is accomplished as The Father Wills It to be, It must be passed throughout the world, because through What He has delivered and has requested to be put into script, is beyond what a human mind could achieve.

So many men who are referred to as having ‘great minds’, do not always

achieve the standards of spirituality that they do in other facets of life. Women can be recorded as being in this same category, because men, women and children have so many distractions that lead them into areas that are not based on the Importance of the Soul that every human being receives at the moment of conception.

When The Father gave This Gift of His Divine Love to the world some time back, and It was Named after The Holy Spirit of The Creator, using a Name for Him that men, women and children could associate with; the Name, of course, 'Saint Joseph'. History depicted Him as The Foster Father of The Son of God. This Statement alone should give proof to the whole world, and especially those so-called 'learned' men and women who feel they have much knowledge on Spiritual facts, that no other one could have been associated with such a Holy Act, Design by The Creator, carried out by The Creator, and given to mankind to face the Importance of the Existence of a Divine Creator.

So much has been delivered of late on important subjects, regarding types of sins that human life practice, and

oftentimes ignore the responsibility of them. The Father has given to the world Instruction on so many Facts, and yet We see men, women and children seeking a human interpretation of an important situation, when What has been delivered through This Gift of The Father's Divine Love has in many ways explained the value of so many situations that the Soul becomes responsible for needlessly, because of the lack of the human understanding of what is pure in thoughts, words, deeds, actions.

Needless to say, Each Saint Who speaks through This Gift of The Father's Love does so at His Approval, because of the necessity of more understanding for the Soul that each human being is the custodian of.

There is much being delivered, and will be released at a given time, and It is to be passed throughout the world without question, because even some of the most learned theologians do not fully understand the Significance of the Soul, and how the Soul is affected by what an individual practices morally, immorally. It is so easy for men, women and children to laugh and say that an act is sinful,

but there seems to be no demand for correction of it.

As I leave you, My Words are to alert you that the time will come and much will be released on the importance of responsibility for the Soul that each human being is the custodian of. So be it.”

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

It is important that all degrees of intellect, all backgrounds of human life, learn about This Gift The Father has so lovingly given to the world. This Gift of His Divine Love is a Gift of Instruction in many, many ways, allowing so Many Saints Here in the Heavens to participate and be Instruments of His, to give help to millions of individuals, beyond what any other evidence of truth could perceive, conceive or deliver.

Today as I speak, it is important that All that has been delivered thus far, be continuously delivered without stop, because of the need for It throughout the world. All of human life, no matter what culture, is in need of What The Father Wills mankind to not just believe, but to perpetuate in his or her own way of life, but also to be continuously aware that human life is ‘the only creation of life’ that has a Soul.

For mankind to understand this Statement, that they are the custodian of a Soul should be obvious, because of the knowledge innately known, understood, that human life has a free will, and is able to make decisions based on what is right, what is wrong, what is pure, what is impure, what is good, what is evil, what is just, what is unjust.

More Love has passed through This Gift of The Father's Love to mankind, 'a different Love' you can call It, because It is Divine Love, instructing continuously so that human beings of all degrees of intellect can more fully understand that at the moment of conception they are gifted with a Portion of The Creator. Logic should tell mankind that no other living matter or thing has the intellect, the power to understand the reasoning, or the abilities to permit themselves to do so many things that nothing else can.

So many times when We speak, the length of Our Words on a subject are limited, because the human mind who reads Them is better able to gather the Content, see the Value of It, remember It for what It's Worth.

In This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, Wisdom, Direction, Hope, Instruction, has been delivered in so many ways, All to encourage those who will respond to It, to desire through their actions, their thoughts, their will, to please The Creator and to become ‘a Saint’.

What Greater Goal could The Father give to mankind? There is none. There never will be another one like This. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. As I speak today it is with Deep Love and Thanksgiving, because of the Importance of This Gift of Divine Love that The Father designed to be spread throughout the world to enlighten mankind on many facets for which He created human life. Much has been delivered verbally and put into script, much more yet to come.

It is sad for Me to say that The Rules The Father gave have been diminished extensively, leaving out important parts, eliminating what They were created for.

At this time, throughout the world there are many different opinions on what is good, what is evil, what is moral, what is immoral, what is just, what is unjust, what is pure, what is impure. Different opinions sometimes erase the sound values of what a subject was prepared to speak about, thus eliminating the importance of the subject matter.

This Gift The Father designed that bears My Name, is truly a Gift of Divine Love, because All of the Heavens have joined in, in wanting to share What They feel, What They know, with millions of people throughout the world, because of the Importance of the Souls that need the one in whom They are to change, and to practice more purely in every facet of life that they are engaged in, participating in, or a part of.

All of Heaven has joined in This Gift of The Father's Love, Each Saint hoping that as the Words pass through *one voice*, are put into script for millions to read, millions will begin to better understand what they are practicing in their daily life and question: Is it a mortal sin, is it a venial sin, or is it an act of love, based on what The Father Wills them to speak about, to participate in, to be full example, because of the Soul of everyone they meet and the Soul they are the custodian of?

Children are not being instructed fully on what a Precious Gift human life is, and that through this Gift they have the chance, the Goal to become 'a Great Saint'. If This Statement were

made out loud in an auditorium, you would be surprised at how few would understand the Statement, how many would ignore the Statement, because it is not spoken about by those who have chosen to walk as the teachers of spirituality, as example of spirituality, as instructors to all they meet, they associate with, or they have been chosen to lead in certain areas of Spiritual life.

As I leave you, I beseech you to spread throughout the world All that has been given through This Gift of Divine Love, to awaken those who have no one to instruct them, and to help those who have accepted the task of instructing others, but have weakened in their enthusiasm in doing this.

Those who write the Words, it is no mistake or accident that they are a part of This Gift of Divine Love. Each one is a special portion of partaking in one of the Greatest Tasks since the Time of The Holy Family, since the Time when The Son walked the earth, spoke openly, instructed, and then led men to understand that His Way of Life, Who He Was, was to be announced openly from that time on. So be it.”

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. This Gift of Divine Love The Father has so generously given at ‘this time’, instructing in so many ways on the Beauty of Sainthood, the Importance of Sainthood, and the Love in the Goal for which human life was created, to one day become ‘a Saint’ and be with The Father Forever, in a Manner and in a Way different than the earthly way, but a Way of Beauty, a Way different than any human can conceive, perceive in the human way.

Today as I speak, I speak with a deep Love for human life, for as I walked that way, I was privileged to be able to understand in an in-depth manner, degree, that as a human man I had a Goal to reach of a Greater Degree.

It is sad to not hear those who are yet in the human living way, ever think of what is to come, and the importance of how to pray for strength in moral ways, giving hope, trust in the Future that, though It is different, It is of the

Highest Degree for the Soul that any human being can reach for.

Death is not the end. The human body was not destined to live forever in the human form, but the human body and mind were given insight, intellect, and an innate understanding about so many things: the desire first of all to live in a healthy manner, way; another desire, to reach a Goal not able to be seen, and yet an innate understanding of the presence of the Goal, because intellectually, no matter what degree an individual is able to obtain, basically each human life understands there to be a Goal for life other than what they practice daily.

When The Father permits One of Us to speak, it is a privilege beyond what I can tell you, because as a Saint, it is Our desire to instruct those yet to become Saints, to better understand, to more fully comprehend that human life is the beginning, not the end, and human life has the privilege to one day reside with The Father in a Manner, a Way different, but the Ultimate Goal for the Soul, that is evident in human life knowing there is a right, there is a wrong, there is truth, there is untruth, there is Something that constantly

says there is a Creator that Exists that is beyond human understanding.

This Miracle The Father has given to the world constantly instructs on the Importance of the Soul, and that each human being has the privilege to be given a Soul at the moment of his or her conception, thus assuring the individual that human life has a Purpose, and through human life there is a Goal. This should be understandable, because even the smallest child desires to achieve in some way, some form, some manner, something other than what he or she has or wants.

Today as I speak, it is with deep Love for human life, for I, too, once walked the role, and it is through The Father's Love I am able to speak in Words understandable, encouraging those who are yet in the first stage of learning what a privilege human life is, that one day they will be Judged by their conduct, their purity, their love for the Soul.

I could speak endlessly on this subject, but it is important that I stay within the limits of what Others have given on the Importance of human

life, the Purpose for its creation, and the Goal for which it was created. So be it.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father has given to the world a Gift of His Divine Love in a time of need, when there is so much diabolical acceptance.

Today as I speak, I speak with Deep Love for all human life, because of the Soul that each one born is given at the moment of conception, not one moment later.

This may be difficult for many to understand, to accept, because the human mind, the human eye cannot see the Soul or perceive It in the Greatness It is, the Beauty, and what a Precious Gift the Soul is, because the Soul, as a Portion of The Father’s Love, is a Protector in many ways, never allowing the free will of the individual to not be a part of all decisions, but always there to protect in a way, a manner, a degree, that the individual in whom It is placed, in whom It is a Part of, does not realize that The Father’s Love for human life, presented to human life a Personal Protector, but not One that

would take away the free will of the individual in whom It was placed.

Many very learned men and women who have studied theology thoroughly, so they say, would not fully comprehend this Gift of Divine Love being so privately handled by The One giving It, because though the Words are clear, the human mind oftentimes perceives the meaning in the more humanistic evaluation, and ignores how each step in human life is guarded, is guided, yet allowing the free will of the individual to have the privilege to speak, to act, to perform, to accept, because it is through this Gift of Divine Love that the Soul of the man, woman or child is Blessed abundantly by Its very Presence, and the free will of the individual is not taken away.

It is sad to see dominance of one human being over another human being, because in this dominance much evil can penetrate the mind, and cause the victim soul to do many things of impure results.

Today as I speak, it is because I heard you speak a while back, and also I encourage you, through My Words, to

be example to all you meet. Example is the greatest gift you can give to others, whether it be through your speech, your openness on subjects, your behavior in different ways.

I beseech you to remember this, because each human being has been gifted with a Soul, a Portion of The Creator, and it is the Soul that you must always remember is present.

Theologians are not instructing those with whom they are associated physically, morally, mentally, spiritually, because oftentimes they do not see the need for intercepting a condition, a conversation, with words of correction. They rely too much on the other's will, freedom of the will, to do as he or she pleases. They omit the fact that as they have accepted regulations, responsibilities, they have committed their life to serve, but humanism supersedes what is obviously their task.

As I leave you, I beseech you to see that the Revelations that have previously been given, will pass throughout the world to awaken the minds of millions of others, that human life was created with many

more talents, Gifts, senses, than any other living matter or thing.

So many times when Someone from Here speaks, it is important that the Words be passed endlessly amongst those who ask for Them, or those who do not request Them, because you see, there is no place throughout the world so much Love from The Divine is delivered in such a normal, natural, understanding way.

As I close My Words, I want you to know that though you have vocations that you chose, remember you have a Soul that The Father chose for you. So be it.”

NOVEMBER 18, 1999 AT 1:46 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I come today to beseech those who will read My Words to pray for the Souls in Purgatory. This subject is rarely thought about, because these Souls are never seen by the human eye, but mankind must understand that there is a Purgatory, because of the necessity of the Soul to be cleansed before It enters the Kingdom of Heaven.

We hear men, women and children discuss their way of life, what they believe in. It is sad to hear so few who understand or can conceive the Soul that they were given at the moment of conception, to be That Portion of them that will remain Forever, and that That Soul will be the Judgment that the individual receives at a particular time.

Human life was created for a Very Special Purpose, because within the human body there was an intellect placed at a time when the infant could not think for itself, but eventually, when this infant was to be born, there

was Something more than the physical causing it to be forced to be born, in spite of many obstacles present at that time.

Human life has been gifted in many ways, because human life was designed to have a Goal, not fully understood by the human mind, but one day it will come to pass; there is a Judgment Call.

At this time throughout the world there is very little understanding regarding the Importance of human life, the Goal for human life, and the Love The Father has for this Creation of His, because Divine Love is inexplorable, It is beyond human understanding.

Today is a special day throughout the world, as each day is special in many areas, but if I were to tell you a child is being born, and this child was special in its purpose, its reason, you would be ecstatic over wanting to see this child. Let Me take you back a couple of thousand years ago, when such a Child was born into the world. Without This Birth, mankind would not have the Goal that it has been

gifted with, and that is the Goal for the Soul.

To many theologians, What I have just spoken, they would have contradictions of some sort, but do not forget, theologians are individuals who have studied theory, studied the past, and studied indepthly, based on interpretation of what the subject matter was and is.

The world must understand, and when I say 'world', I mean the people throughout the world, all denominations of Faith, all degrees of intellect, all degrees of moral values, standards, the world at This Time has been Blessed with a Miracle of Divine Love, reassuring human life for the Goal it was intended to reach — Sainthood.

To some this is easy to understand, accept, believe. To some, it is what men would call 'far-fetched', because they have not seen the results of the so-called 'Saints'. They have heard about Them, and they have practiced praying to Them, not always feeling that their prayers were answered in the degree they requested them to be. Many times a definite

request for prayer is answered in many, many, many, many different ways, because no prayer is ever not answered.

Though it is difficult for some to understand that the physical they live with each day was created for a Divine Plan, for this physical to leave a mark in the world amongst other men, the physical has a Goal. That is why it is so instinctive in human beings to want to be successful in some way, some form, some degree, even when they do not understand the subject matter.

Today as I speak to you, a small group, My Words are being put into script, and hopefully for thousands upon thousands upon thousands upon thousands to read one day, to give each one Hope, and the Knowledge that We Saints are ever present in the midst of human life, and We are always willing to listen to prayers, to words that an individual speaks, whether they speak it silently or verbally, whether they think it, and beseech The Father to answer the prayer. The Father always answers the prayers in a beneficial form, manner, way, degree. No prayer is ever never not heard, not seen, not accepted.

As I leave you today, I leave you with a Love different than the type of love you understand love to be, because I leave you with The Father's Love that He allows Me the privilege of participating in, to help those who pray to Him. So be it."

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. Many Saints speak through This Gift of The Father’s Love and do not ask for Their Words to be put into print, because oftentimes it is in general conversation with this *little one* that Many of Us speak Words that sound like normal conversation.

Though this may be difficult for many to understand, nonetheless, it is Fact. A Divine Gift of This Dimension, This Purpose, is a Gift beyond what mankind could ever fathom The Father to give. Sad to say, there is much jealousy surrounding this *little one* through whom so Many Voices come, Words spoken, Direction given, with Divine Love included in Each One.

Children are not being instructed on the importance of prayer. Prayer was not meant to just be said in the morning, or before one went to bed. Prayer was meant to be a constant communication, acknowledging that every human being is closely connected to The Divine through their Soul;

consequently, the Soul can be the Line of Communication that no other living matter or thing has.

When The Father decided it was Time for This Gift to be given to the world of mankind, Many of Us Here in the Heavens rejoiced, and said: 'Thank You, Father, for This Time, for We, too, want the Souls of millions of human beings to be Blessed by hearing firsthand, Directions, and also instructing on the Purpose of Divine Plan.'

When This Gift of Divine Love first began, there was much 'Preparation' that the body had to endure, the mind had to endure, the personality had to endure, and yes, love for human beings was even part of This Plan, because it is not natural for human beings to feel so close, in so many ways, to another human being, desiring to help in ways inconceivable, and this can only be accomplished through The Father's Way of instilling in one mind, one personality, one ability, to accept The Father's Will for the benefit of millions of human beings. I say 'millions', because All that has been delivered must be passed through time, so that

others will learn What is important regarding The Father's Divine Plan.

So Many Saints Here in the Heavens are constantly prepared to speak. You must remember this, for sometimes a silent prayer in one human being is answered through This Gift of Divine Love in a manner, a way, a degree that nothing else could be.

As I leave you today, I beseech you to do all you can to encourage others to be able to read What All has been delivered, and also, to give them 'a new lease' on what they are all about, because most individuals think only of the human side, never feeling the close Connection each human being has through his or her Soul, to The Divine.

As I leave you, I bless you, and I encourage you to seek The Father's Will in all you do, and pray that what you do will give courage to others. So be it."

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. Rarely have I spoken through this *little one*, announcing Who I am. The Task The Father has given to *one small child* is a Task Greater than human beings can understand it to be. It is like walking on both sides of the fence at one time. The one side is real, the other side is a place of total acceptance of What The Divine Wills to be.

Today as I speak, I speak with Great Concern for men, women and children, because there is so little real understanding regarding the Importance of What an individual is the custodian of. They hear the word, but they cannot comprehend that they are the custodian of a Spirit of Divine Love, real in every way, yet not able to be seen. Above all creations, human life has the Greatest Gift, and that is, to one day return to The Father through the Soul one is given at the moment of his or her conception.

We oftentimes smile when We hear two people speak affectionately

on their association with another individual. They call themselves 'soul mates'. Ask yourself: Was it logic that brought this statement to the minds of men, women and children, or was it an instinct in human beings to use the word in this manner? The word I refer to is the 'Soul'.

The Father has allowed so much to pass through *one voice* for millions upon millions upon millions upon millions upon millions, to one day understand what a Close Association The Father is to man; human life to God.

Today as I speak, there is a sadness when I see so much outside of this room taking place, allowing Souls to be vulnerable to all that is unchaste, impure, and yes, abnormal. Mankind, though there are many who have been instructed on religious facts, are ignoring all the facts, deliberately not remembering what was beneficial to their way of life, to their Future after life, and the Importance of what human life is responsible for.

Much Love passes through This Gift of The Father's Love for all ages

of human life, for all creeds that men decide to choose.

Today is a special day, because before this time of My Words to you, *the little one* through whom We speak received many Directions, not fully understood by those she spoke to, but to her obviously Directions that must never be passed off, cast aside, or not perpetuated in the degree, the manner, the format, the way, for the purpose They were intended.

Men, women and children do not have the ability to perceive the Importance or the Depth of Divine Love for human life. That is why This Gift of The Father's Love was given a long time ago, instructing constantly, deliberately spoken so that It had to be written, so no one could say they could not remember What was said.

Much Love passes through this *little one* by All of Us because it is The Father's Love that has given to the world of human life, Direction in so many ways, Flawless in every way, because as each human life is the custodian of a Portion of The Creator called 'the Soul', It is a Gift beyond what human life could ever relate

to, but innately it says, 'I am close to The Creator because of His Love for me, and the Reason for which I was created.'

Make each day important through your manner of living, how you think, what you say, how you act, what impression you make on others, because you see, unknowingly, each human being responds to what the other one does, and also imitates. So be it."

NOVEMBER 22, 1999 AT 2:46 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

This Gift of The Father’s is Special; first of all, because The Beloved Saint is More than a Saint. Mankind refers to Him as ‘Saint Joseph’, but He is also The Spirit of The Creator, Holy, All-knowing, and in many ways, aware of all that occurs throughout the world in every way.

Today as I speak about Him, mankind only knows Him as ‘The Foster Father of The Son of God’, and yet they refer to Him in a very relaxed way as ‘The Father of The Son of God’, never wondering if there could be more regarding Him.

The Father has Blessed the world many times with different ‘individuals’, using them as Communication, because it is easier for human life to understand one such as their own when Words pour forth, Words of Logic, Sound Reasoning, Direction.

In many ways, The Father, in His Love for human life, began a long

time ago, presenting to the world a Holy Family. The awareness of the Greatness of This Family was very small, very narrow, because in Their way of life, They associated with others in a normal way, neighborly, and yet in many ways a Strength beyond what others realized, also with The Son that was one day to be known 'Sacred in every way', 'a Sacrifice for human life'.

Today as I speak, it is sad when We hear doubts, a lack of understanding, indifference, casualness, or a closed mind to how The Father formed things in such a natural form, making it easier for human beings to be able to relate to what was human, but also, to relate that to human life there was a Goal, and that all other living things did not have the Goal that human life had; but I add to this: all manner, all forms of creation had purpose, reasoning, love, and were necessary because of what they were created for.

The world has been Blessed in so many ways, because only The Father can hold all of creation together. The whole universe is in the Hands of The Creator. This is obvious, under-

standable, acceptable, reasonable, and mankind lives with this each day. So as The Father has sent to the world a Special Gift of His Divine Love, instructing all human beings to realize that human life, though obviously understanding of all creations, has to know that human life has a Specific Goal, different. The human mind is a Gift of Divine Love, the human conscience a Gift of Divine Love, the human love for all that is good, right, just, necessary, radiates into the understanding that there has to be a Higher Creativity of Knowledge and All Things.

Today as I speak, I speak with a Love for human life, because it is important that the whole world of human life hear about This Gift of Divine Love, the logic in It, the reasoning in It, the purpose in It, the Love in It that is not human love, but obviously Divine Love.

As I leave you I say, 'All The Saints extend Their Love so that you will have the strength to perpetuate what you know is right for the whole world of mankind to learn about, to understand, and use as a Weapon

**against the enemy of God and man.’
So be it.”**

SAINT BONAVENTURE

“I am Saint Bonaventure.

Too few so-called ‘learned’ men and women are capable of instructing others on sound moral values, sound moral standards, along with the importance of The Commandments of God.

If you were to ask ten people of all ages to repeat The Commandments in full, you would only receive a small degree of what each Commandment contained originally. Why? Because through time the instructors of Spiritual ways, conditions, Commandments, many times decided to use the meaning that they determined would be suitable to the conditions, the people they were talking to, or those who would read the Words and use the Words palatable to them, or to the degree they would be able to understand the wording.

When The Father delivered to Moses His Rules, His Commandments, that He Willed for mankind to follow, He instilled into Moses’ mind, some called

it a 'burning bush'; but in essence, The Father burned into Moses' mind the full degree for which He wanted each Commandment to be carried out, carried through, because a few words, so-called 'descriptive words', would not cover the full content, full meaning of each Commandment.

When Moses came down from the mountain, he was so filled with Divine Grace, Divine Love, Divine Hope, Divine Perception, Divine Guidance, Divine Will, that it was difficult for him to fully understand that the lack of his presence for the period of time he was gone, could have encouraged those who were waiting for him, to become so vile, contemptible, impure, and resist totally the Importance of the Reason for which he was taken into the Presence of The Creator, for such an Important Lesson that was to remain forever, because there would be no time in the History of human life that human beings of all ages would not need to have in their minds, in script, so they could use the script to remember what they could not see indepthly, because The Commandments of The Creator covered every facet of human life.

It is sad to say that at this time there is very little understanding, obedience, of what The Commandments of The Creator meant, or mean to human beings.

Each day, as We instill into *the little one* through whom We speak, the Important Words that the generations now and to come must learn, regarding the importance of why The Commandments were given, the full measure of each one, and the importance for which They were given, and that is because of the Soul that is in each human life that should never be disgraced, diminished, or made impurely by the one in whom this Soul was placed at the moment of conception.

As Moses was on the hill, in the mountain, the fire stands for the importance of burning into his mind the in-depth meaning of each Commandment. Everyone who questions What I speak should answer My next question: Would you have the love for The Creator, to be as Moses was, obedient to a degree that would be beyond what human life would understand obedience to be? Would you love your fellowman so much that

you would want each human being to be obedient to The Creator against all odds, against all temptations, never accepting an impurity of the mind, the body and the Soul?

As I leave you today, it is needless to say there is much more to be spoken on this subject and it will be done, because human beings of all ages are not just remiss in obedience to The Commandments of The Creator, but they ignore The Commandments, and at this time in which This Gift of Divine Love is Important for all human beings to learn about The Commandments of The Creator, else the enemy will gain Souls, and this is not just sad, it is intolerable to even think about, because the Soul, as a Portion of The Creator, is to be returned to Him in a State of Purity, Love and Devotion. So be it.”

SAINT ALOYSIUS

“I am Saint Aloysius.

Human life has the ability to learn many things, to adjust to many changes in life, and to perpetuate good will in many areas of life, but human life oftentimes does not see the results of what he or she has done, or is capable of doing.

Today as I speak to you, I speak with a deep Love for human life, for do not forget, I walked the road, experienced many things, many decisions; so as I speak, I understand what every man, woman and child must face, must act upon, and must admit to the results, whether the results be good, impure, or just. Men, women and children instinctively know right from wrong, but they do not always think of the importance of the results in what they say, what they do, what they practice, and what example they are to others.

Many Saints stand Here with Me, and desire only that human beings of all ages read What The Father

has Willed to be read through This Important Gift of His Divine Love, then use to good advantage the proper important actions, thoughts, words, deeds, and emotional input where it is best suited.

All of The Saints, bar none, walk with this *little one* every moment of every day, waiting for the time to be told to speak, giving encouragement to all who will read, all who will listen, all who will imitate the Importance of human life because of the Soul that each one is the custodian of; also, to remember that being the custodian bears a responsibility beyond what any individual realizes they are the one responsible for, in more ways than they truly understand.

The Father has given to the world a Gift Greater than any gift mankind can imagine a gift to be, because This Gift of His Divine Love, The Father has given the responsibility to a small handful of individuals, the right, the ability, the knowledge to use their will to instruct others, to be example to others, and to be able to put into writing the Words of Instruction from Everyone Here Who is requested to dictate These Messages for the whole

of mankind to read, to follow, to accept, and to live by.

As I leave you today, I sincerely desire, hope, pray, that no Word delivered through This Gift of The Father's Love is not seen, not passed out, because of the Importance of Every Word for the benefit of Souls to be returned to The Creator for All Time. So be it."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. The Words I have just spoken¹ are Words of extreme importance for the benefit of the mind, the body, the Soul, and all communications with other human beings.

So many times it is difficult for some to see justice in a contract, in a conversation, in an association, or in mere matters of opinion.

Today as I speak, I speak with a deep concern for the values that men, women and children appreciate at this time in your day. Oftentimes selfishness, self-love, self-concern, is the main form, manner, degree, that individuals cling to. We hear self, self, self, where there is no need or no right connected to this.

As I speak, I speak with deep Love for human life, but also deep concern, because as each human being deserves justice, it is oftentimes the

¹ This refers to the Teaching that was given to those present prior to this Revelation.

most misunderstood act of human love toward another human being, thus causing all things to be unjust in communication.

At the time I lived upon the earth, there were many times of discussion, cause for much discernment on the values, the interpretations, the reasonings, because justice had to be the end result.

As I bless you today I plead with you, I beseech you, as each day passes, that your actions, your feelings, your emotions, your ideas on justice, are acted out with truth, honesty, never omitting your Soul or the Soul of others with whom you are dealing on issues, moral, mental, social, academically or professionally.”

GOD THE FATHER

“I am your Heavenly Father. In My Gift to the whole world of mankind I gave *one voice*, not because of sound, but because of the Words that would pass through *one human voice* for all of mankind to be able to read the Words, see the Value of Them, the Potential in Them, and the necessity for obedience to My Will, My Way, My Hope for human life.

As I speak through *one child* of years, I speak to the whole world, all races, all colors, all creeds, all degrees of intelligence, because as I am a Portion of human life, it is important that human life understand this, and constantly remember this in every act, every thought, every word, every deed, that they are involved in physically, emotionally, consciously.

I speak strongly through this *little one*. My Power is difficult sometimes for her to be able to handle, even when I diminish It to a point where It could be termed ‘fragile’.

Throughout the world My Creation of human life is demeaning to Me, because it caters many times to the enemy. ‘What is an enemy?’ I hear man ask, ‘because if it is an enemy, why do I not see it as an enemy?’ Enemies of truth, of purity, of love, of understanding, of dignity, of purpose, of hope, should be recognized immediately. No selfishness should be allowed, no permissiveness allowed, no indecencies to the body, to the mind, causing the Soul despair, hurt.

My Words today are Words emphasizing what human life should understand regarding the Importance of human life, and the Purpose for which I designed it, the Love in which I designed it, and of course, the Ultimate Goal for the Soul of human life, that even though It is not spoken about in great detail, every human being has an innate understanding, a feeling that there is more to human life than what occurs every day.

As I am speaking in a manner and way that human life of all ages can relate to, it is important that each one reading My Words value the Closeness I am to human life, because I am a Portion of human life,

not understandable to human beings, but important for everyone to sense, because of so many Gifts of My Divine Love instilled from the moment of conception on.

I hear someone say, ‘I have much fear,’ thus thinking, that if they are made to My Image and Likeness, why would they have fear when they feel I would have no fear? Fear comes in many dimensions. I fear losing a Soul to the enemy, because of neglect to the Soul, thus ignoring the Soul’s Presence that is a Portion of Me.

I bless each man, woman and child who partakes in spreading My Love to others through their actions, their thoughts, their words and their deeds, because today in the world the enemy works diligently, because of the Importance of the Soul that human life is endowed with, that is a Portion of Me.

I speak differently today, but in a more Personal Way. I love this Creation of Mine, because I have given it so many Gifts of My Divine Love. I have given it abilities that no other living thing has: the ability to understand, the ability to accept

or reject; it is called a 'free will'; the ability to succeed in many ways, of an individual's choice. There are so many Gifts of My Divine Love that radiate through every human being. Men, women and children show it when they speak, they listen, or whatever else they may be doing.

I use *a voice* now to communicate, but this is to enlighten others that each human being has the privilege to communicate mentally, physically, morally, spiritually. My Words could be endless, but as I close My Words at this point in time, no human being, no human life is ever without Me. So be it."

DECEMBER 3, 1999 AT 1:36 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

As mankind uses this time for many concerns, mental and physical, very often the moral is forgotten. It is time for men, women and children to begin to practice examining their conscience: how they work with others on all phases of life, in all phases of life, how they attend to detail that is necessary morally, mentally, physically, spiritually.

Children of all ages are not being instructed on the purpose for which morals were instilled in human life. An animal does not understand right over wrong, but an animal understands that he or she or it must protect themselves from a violent act, from someone or some thing. When a human being scolds an animal, the animal does not understand it, but there is an innate feeling in the animal, thus the animal runs away or cowers out of fear.

Human beings have been given the senses, thus giving to human life intellect, understanding to know what

is proper, what is improper, what is pure, what is impure.

Today as I speak, I speak with a deep Love for human life for I, too, walked the path. Human life is a Generous Gift of Divine Love, because in human life there is a Portion of The Creator that nothing else has the privilege to be the custodian of. Children are not being taught, advised, or instructed on their responsibility regarding that Special Portion of Divine Love.

Today in the time in which you live, there is very little instruction on protecting one's Soul; in fact, it is almost an obsolete word, the 'Soul'. It is important for what I have spoken today, it is to alert you that human life, in its special design, included in this design a mentality to learn extensively many subjects, but also to encourage a fuller understanding of moral strength on all subjects. Immorality is prevalent throughout the world, thus it destroys the whole of an individual; that is, the mental, the physical, and an individual's association in every walk of life.

The Father has allowed so Many of Us to speak in a short form, so that What We have to say does not become too lengthy, and cause an inability to retain the subject matter. Many Blessings have been granted through This Special Gift of Divine Love that bears the Name of The Beloved Saint Joseph.

This Gift of Divine Love was given to the world to help all human beings more fully understand that as each human being has a conscience to guide them, then they can associate with The Holy Spirit of God, The Creator, because through The Holy Spirit logic is evident, shown for its importance, and of course, a deep love radiates from logic, because The Spirit of The Creator was in the best interest, and is in the best interest for all men, women and children to live by, to work with, and to apply to every act, action, thought, word or deed.

It is important that All that has been spoken through This Gift of Divine Love travel throughout the world, even though It has to be translated into other languages. Its Importance is far greater than any human mind can conceive It to be.

As I leave you, I offer you one thought: As each day gives light to your way, remember The Father gives you Light in many ways. So be it.”

DECEMBER 6, 1999 AT 1:15 P.M.

GOD THE FATHER

“I am Your Heavenly Father. I use *a small voice* to deliver My Words at this time for all men, women and children throughout the world to more fully understand the Importance of human life, and the Soul that is a Portion of Me, instilled at the moment of conception. All other life is designed for a purpose, a reason, even when different men, women, feel close to an animal of any size, or any type.

I speak slowly through *a small child, a voice*, and yet as I deliver All I Desire to be accomplished, this *little one* is faced with many areas of human aggressiveness that must cease. As I speak through her today, and as I have spoken to her in the past days, she is fully aware that the Responsibilities I have placed within her and on her, must be carried out, allowing no one to question, and no one to cast aspersions on others with whom they work, for the Goal to be attained.

As I speak slowly, it is because of the exhaustion within her, due to

so many obstacles she has faced. It is sad to see, sad for Me to be able to not speak harshly to those who use their desire, their methods, because of their will for attention, for participation, for credit.

The little one through whom I use and allow so many Revelations to pass through, walks in obedience beyond what mankind knows obedience to be. I speak slowly through her today, because of so much I have spoken in the last days that she must carry out, carry through, no matter what the cost will do. I do not mean monetary, I mean the association with human beings that sometimes is far greater to deal with in energy, than if one were to feel hunger for the body and not have food. Her genteelness, some find a means to say what they feel, act harshly against what she speaks. She is totally aware of this, calls to Me for help, and I assure her that she will have to stand up to them, and not care so much for them, because of the necessity for this task to be accomplished for millions of Souls.

It is sad to face egotism, because egotism is self-love, assuring one's self of pride, position, allowing no reality

of the Importance of service to Me for the Souls of millions of human beings.

I speak differently on this day, but *the little one* through whom I speak, *the one* I use to deliver My Will to all of mankind, has requested I intervene. I smile at this for I have no doubt My Will will be accomplished through her, because of her love for Me.

As I say These Words, it is important for others to think about Them, because the Goal for which I have created This Gift of My Divine Love is for the Souls of millions of human beings who without This Gift of My Love, many Souls would be lost, will be lost. The enemy has used every facet of human ego, experience, drive, intelligence, to delay All that is Important for This Miracle of My Divine Love to accomplish All that I intend It to accomplish.

As I leave you, I bless you for strength, for the Purpose that I have given This Gift to the world, and that is the Souls of millions and millions and millions of human beings, because you see, the Soul to a human life is the moral strength in human life, the strength of honesty, hope, love, making

human life different than all other living matter or things. So as I leave a Blessing today, it is to remind all who will read My Words, That Portion of Me that is within you, I want returned to Me, a Saint. So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Throughout the world there are many men, women and children who accept false gods because they have not recognized the full meaning of The True Creator. False gods come in many ways, oftentimes through an individual’s desire to attach himself or herself to a particular form, whether it be material or synthetic, or freedom in a Spiritual activity or following.

Today as I speak, I speak with deep Love for those who will read My Words and a sadness for those who will not, because in The Father’s Gift to mankind, He did not choose one generation, one age group, or one Spiritual acceptance. He chose the whole of mankind throughout the world to be able to better understand the Importance of human life, the Reason for it, and His Love in it.

Some will say, ‘What do You mean by His Love in it?’ He showed His Love by putting into the world a Portion of Himself, and of course, Other Portions

that were known to be Special in many ways, such as The Beloved Blessed Mother, Holy in All Concepts of Life, and The Beloved Saint Joseph, Who was known as 'The Foster Father of The Son of The Father'.

Today as I speak, I speak with a deep Love for human life, because human life has a Goal beyond what any other matter or thing has the ability to reach. This Statement is difficult for many to understand or even anticipate, because they cannot see It, they cannot feel It. That is why Christianity is so important, because through Christianity, the Announcement of so many Spiritual Occurrences, Happenings, gave and give strength to how an individual must live and what they must imitate.

Also, when The Commandments were given, They were given with Sound Reasoning. Nothing was left out, and each Commandment had a purpose, giving to human life strength and sound reasoning for what not to do, and what was allowable. The sad part of this is that The Commandments have diminished over the years in wording, in concept, and in mankind using Them as the Guidelines for

daily living. But through This Gift of The Father's Love, much is being revealed on the importance of The Commandments of The Creator of All Things.

Today as I speak, it is a privilege for Me, because as The Father allows One of Us to speak, it not only reveals Who We are to mankind, but the Messages are Lessons of great in-depth meaning which extends to mankind a Love in the Teachings that nothing else is capable of doing.

As I leave you, I say: 'Never think for one moment you are alone in a day, because by your side, within your being, you have a Guardian. Though you cannot see It, your conscience tells you what is right, what is wrong, what is truth, what is untruth, what is pure, what is impure. It is more than conscience, it is the Guiding Light of your Soul that you are never without.'

As I leave you, These Words are important also: As you were Blessed at the moment of your conception, you are Blessed each time you address The Father, The Beloved Mother and Any Saint Here in the Heavens, because it says your belief has set your standards

for how you live, and the Goal for which you are headed. So be it.”

DECEMBER 8, 1999 AT 1:50 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In so many ways the world of mankind is in chaos, because morality is not being specified as an important part of life.

Children are not being instructed on what is essential to becoming ‘a Saint’. The word ‘Sainthood’, if ever, it is rare to be mentioned amongst the young, because so many who have decided that Sainthood is a thing of the past, do not speak about it at this time, in your time. That is why it is so important that all the Gifts of Divine Love be spoken about, taught about, instructed in a manner for all individuals, all ages, all degrees of Faith, to be able to see the Value, the Truth, the Love, and the Hope in what a Sacrament reveals, extends, instills, and becomes a part of one’s life, at a time when it is needed to give strength, energy, hope.

Today as I speak, I speak with a deep Love for human life, for do not forget, I walked it a long time ago.

When a child is born and the child begins to respond, to become alert, and to begin to learn different things that are right on different issues, or wrong on these issues, it is important that the child be constantly reminded that he or she is Important to The Creator, and that time is important, because through time they can grow in so many ways pleasing to The One Who created them. Children are not taught to protect what they can do, what they can be involved in, and the importance of each thing they do.

Today as I speak, it is different than I usually speak, because We see so many children being neglected on simple issues that are important to how they will think at a later time, how they will act at a later time, regarding their decisions on what is right over what is wrong, what is truth over what is untruth, what is good over what is evil, what is pure over what is impure, what is just over what is unjust.

It is a privilege for All of Us Saints Who speak through This Gift of The Father's Love for mankind at 'this time' in the world, because What We are able to deliver should be passed throughout the world in all languages,

because there is no place throughout the world that so much is being delivered regarding the Importance of human life, of the Soul that is a Portion of The Creator in each human life.

Each of Us Here could speak hours at a time, too much for the human mind to absorb. That is why The Father has designed This Gift of His Divine Love to give, in shorter forms, His Love through Us, and many times His Love in a Personal Way to all who will write the Words, and all who will one day read the Words, because there is no place throughout the world that so much is being given to instruct all ages, all cultures, all creeds, on the Importance of the Soul that each human being is instilled with at the moment of his or her conception.

It is sad when very learned men and women find this Fact difficult to believe, but nonetheless, it is Fact, it is Truth, and it is not just a subject, but it is something that each human being should be aware of: that they are the custodian of a Soul, they are responsible for this Soul, and this Soul is a continuous reflection of all

the individual partakes in, practices, reads, writes, speaks.

As I end this time with you, I beseech you: Do not cast aside All that has been handed through This Gift of The Father's Love, but value It, apply It, spread It throughout the world, so that millions who cannot hear It spoken will be able to read It, learn from It, and yes, live by It. So be it."

DECEMBER 9, 1999 AT 1:25 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Standing Here with Me is the Beloved Saint Therese of Lisieux. As We listen to the conversation We relate to it because We, too, walked the path of charity, the path of love, and of course, hope in every step We took, for Our presence to be able to give to others strength in God, devotion to God, and more love for God.

Today as I speak, I speak hopefully to encourage men, women and children to read the Words, apply the Words, and to use each subject matter through their character, their association with others; also, in their very demeanor, in how they stand, how they look, showing above all things purity of the mind, the body, and the Soul.

***The little one* through whom We All speak, received many Messages long before the Formal Announcement. She questioned those in charge, wondering if they, too, heard or felt what she was associated with at that**

time. Her words were not heard in the format, in the degree that others could associate with, so no answer was truly expressed.

The Father, in giving to the world of human beings This Gift of His Divine Love, has Blessed the world of human life abundantly. All races of human life, all cultures of human life, all denominations of Faith in human life, are included in This Gift of His Divine Love. To believe in a Gift of This Nature, This Dimension, is necessary and truly not difficult, because What is spoken by All Here is logical to the average mind or the brilliant mind.

In so many areas of life, men, women and children rely on education so their lives will fit a certain path. That is why This Gift of The Father's Love is so Important, because no matter what race, what degree of intelligence a human being has, logic tells the individual there is a Supreme Power that Exists, and This Power is Divine.

Throughout the world children are not being instructed on the Importance of The Creator, nor are they being instructed on the

importance of purity of the mind, the body. The world is in chaos, because so little emphasis is thought about, talked about or instructed upon, regarding why human life was created, the Purpose for human life. So much emphasis is put on how important an individual looks in the eyes of others, very often misguided by a title.

Today as I speak, I speak with a deep Love for human life for I, too, walked the path. It is time that every man, woman and child carefully choose what they do, what they participate in, who they associate with, because there is so little understanding on this subject, due to the fact that rarely is an individual's Soul taken into consideration on any act, action, intention of an individual.

As I leave you today, I beseech you to look into your own manner of doing things, your own concept of your intentions, and ask for help, because you see, you were created to become 'a Saint'. So be it."

DECEMBER 10, 1999 AT 1:14 P.M.

SAINT MICHAEL THE ARCHANGEL

“I am Saint Michael The Archangel. It is important that all races, colors, creeds of human life be aware of the Importance of human life, because it is a Special Creation of Divine Love.

Though it is difficult in many ways for all ages of life to understand the full, True Commandments The Father gave to Moses a long time ago, it is important that every man, woman and child learn The Commandments in Their entirety, not just in Their abbreviated form. Children are not being instructed on the necessity to know, to follow The Commandments that were given a long time ago.

As I speak, I speak through The Father’s Will, for He requested Me to speak at this time on this subject matter that is so important for the Souls of millions upon millions upon millions of human beings that are present at this time, and those who are yet to be born of human flesh.

The world, in many ways, finds it difficult to follow The Rules of The

Creator, and yet, the rules made by man are punishable by law if they are not followed in the degree acceptable to human beings. The Father's Rules cover every issue, every intention, every facet of human life.

Today as I speak These Words, it is important for All that has been written before this time, through This Gift of The Father's Love, be spread throughout the world, no matter what country, no matter what language is spoken, because there is not one human being born at this time, or in the future, that does not need What The Father has allowed to be delivered through *one voice, one body, one Soul, one obedient child.*

It is easy for man to criticize, it is easy for man to reject, it is easy for the human mind to replace what is right, what is sound, what is good, what is moral, with their formula, because of the way they live, how they think, and of course, their own basic moral views, practices, intentions, oftentimes ignoring totally the Goal for which human life was created. Human life innately reaches for goals, accomplishments, approval, success; then, is it not a pattern imbedded in

human life, instilled in human life, rather than just a situation that human life designed itself?

As I leave you today, I desire you to all become ‘Saints’, and those who will read the Words hereafter to not just desire to become ‘a Saint’, but to work for It, rejecting all obstacles, all impurities, and abiding by The Laws The Father gave, The Rules, The Commandments, because in These Commandments there is a Goal for the Soul that nothing else can give, to encourage all ages, all degrees of intelligence, the true picture, the reality that human life was created to attain a Gift beyond what any other creation is capable of achieving.

Remember as you write These Words, and those who will read These Words, make ‘Sainthood your Goal’. So be it.”

DECEMBER 13, 1999 AT 1:19 P.M.

SAINT JOHN THE BAPTIST
 SAINT THOMAS AQUINAS
 SAINT CYPRIAN
 SAINT MARGARET MARY
 SAINT THERESE OF LISIEUX
 SAINT PETER

“I am Saint John The Baptist. I am Saint Thomas Aquinas. I am Saint Cyprian. I am Saint Margaret Mary. I am Saint Therese of Lisieux. I am Saint Peter. The list is endless of Those Who stand with this *little one* daily.

This subject is too difficult for most adults in the human way to understand a Miracle of This Dimension, This Act of Love, because in the human way things such as This is, These are, do not happen frequently, due to the manner in which, and reason for which The Father has allowed This Gift to be presented to the whole world, because of the Souls that are in great need of This Gift, due to the fact that so much humanism is catering to only the demonic pleasures, reasoning, that in its very evidence is from the enemy

of The Creator and of all life; human, that is.

Today as I speak, it is important for human beings of all ages, all degrees of intellect, all types of personalities, all backgrounds, to understand that human life is different than any other living matter or thing, because human life has a Connecting Link between The Creator and the body in which the human life exists.

So Many of Us speak, not always mentioning Our Names. This Gift of The Father's Love should travel throughout the world, because of Its Importance to the Souls of millions upon millions upon millions upon millions upon millions present now, and yet to come.

We hear some individuals say: 'I can't have a Soul. I don't see It, I don't feel It. I have never seen One.' These individuals should say, 'Have I seen God in All His Greatness, His Divinity?' No. Because human life has been gifted with so many Gifts of Divine Love: the ability to think logically, purely, clearly, intentionally, lovingly, and to absorb subject matter of great importance, and to be able to

live the human way, different than the animal life, and with a Goal beyond what a human being can comprehend a Goal to be, to be one day with The Creator for All Eternity.

So few individuals, or I should say no individual, no matter what their background is, or how intellectually they stand in the world, can possibly understand the Magnitude of the Soul that is within each human life, basically because they cannot see It, but there is an innate logic in human life that says human life is different than all other living things. Being different is the key to understanding the Connecting Link between human life and The Creator, a Gift of Divine Love beyond what the human mind can comprehend, and yet the innate knowledge of knowing what is pure over what is impure, what is right over what is wrong, what is just over what is unjust, what is love over hate, says to an individual, 'I am different than animals, I am different than shrubbery, flowers, trees, for I have the ability to think, to act, to learn, to speak, and to do many things that no other living thing has the power, the ability, the conscience or the love to do.'

This Blessing of This Gift of Divine Love is as it was in the Time The Son of God walked the earth, deliberate in All Teaching, All Example, and All Hope.

As I leave you, I beseech you to face each day thankful for it, with a promise also, to live it in a pure state of mind, of body, protecting the Soul that is a Portion of The Creator that nothing else has. So be it.”

DECEMBER 14, 1999 AT 12:55 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

Time is an important asset to human life, because it is through time that all of human life has the advantage of understanding more on the Presence of a Creator, the Reality of The Creator, the Importance of The Creator of All Things.

What so many men, women and children forget is that the abilities of human life radiate from This Creator. The ability to understand important issues radiate from This Creator. The importance of love in the right concept, the pure concept, radiates from This Creator.

Throughout the world so many important subjects are ignored because of the distractions on humanistic values, concepts, practices, issues, because human life, to mankind, fades into other areas, becomes distracted by what is available physically, monetarily.

So Many Saints Here have spoken through This Gift to the world of human life, gently instructing on the Importance of human life, but deliberately pointing to the important factors of human life, and what a Blessing human life is to be a part of, to be able to have a Goal different than any other living matter or thing. So many times the Goal is ignored, because the Goal, to the human mind, is beyond what the human mind can fathom such a Beautiful State of Life after the physical is over.

The Father has given to the world of human life a Gift called 'a Miracle', bearing the Name of The Beloved Saint Joseph. No Greater Saint exists, because though He bears the Name in a human way, in Truth, in the full Concept of What He stands for, Who He is, He is The Holy Spirit of The Creator. Those who do not believe This Statement should ask themselves: Who else would The Creator of All Things choose as The Foster Father of a Man called 'Jesus'?

Logic has to enter here and be realistic, because at The Immaculate Conception of The Son of The Creator, The Holy Spirit was forever present,

and was called a human Name so as to have all things look ordinary, right, realistic, in a form capable, in a manner understanding to those who surrounded Them All. This Gift was a Beautiful Gift of Divine Love, because It covered all areas of how human life could have a Model to live by, and an understanding of the Importance of human life.

Today as I speak, it is sad for Me to see so much diabolical interference in the minds, the manners, the practices of men, women and children, thus totally ignoring how Important human life is, and that in its very existence it has Purpose, it has Reason, it has a Goal.

Today as I speak These Words, I see throughout the world a need for These Words to be spread in all languages, because there is no place in the world that a Miracle of This Dimension, This Degree of Divine Love exists.

As I leave you I am always present, but I ask you to remember What has been spoken, and to remember the Importance of what your birth was, because your birth in the human way

had Purpose, a Goal, and a Companion called 'your Soul'. Remember this, for in times of need It will give you strength, courage and hope. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is a joy, it is a blessing, it gives much happiness when We hear children of all ages discuss what is morally sound, morally pure, morally just, because you see, the Foundation for The Beautiful Commandments of The Father’s is very important for the Souls of all human beings.

This Gift of so Many of The Beloved Saints speaking, is a Gift of Divine Love and a Gift of Great Importance for the Souls of all human life.

Children are not being instructed on the Fact that they have a Portion of The Beloved Father within them, never seen but obviously there, because they know right from wrong, good from evil, justice from injustice, love over hate, and purity of their mind, their body, over any impurity that they can take part in.

The Father has Blessed the world with a Miracle of Instruction, wherein

so Many Here in the Heavens are given the privilege and the opportunity to speak firsthand, have the Words be written, so that millions upon millions of individual men, women and children of all ages will have the opportunity to more fully understand what a Precious Gift human life is to man.

Daily, when Someone from Here speaks, it is because of The Father's Love for human life, and the Words are His Direction. As He chooses different Ones to speak, it is to allow those who read the Words to become acquainted with the Saint, and see the Value of trying in every way to make Sainthood their Goal for life, as it was intended to be from the beginning of the Creation of human life.

As your Heavenly Mother, My Love is beyond what you know love to be, because the human mind, the human Soul is Important to be returned to from Where It came at a particular time.

As you awaken each day, remember My next Words:

*'Holy Father, please allow me
to obey Your Commandments*

today, and allow me to know that my example will help others grow in more understanding of Your Will each day.' So be it."

GOD THE FATHER

“Man says, ‘Tomorrow is another day.’ I, your Father, say that every day is important because of the Soul that is a Portion of Me, that I placed within you at the moment of your conception.

My Will for human life is Special, because in human life I am present.

Let the whole world of human life know about This Gift of My Divine Love, regarding the Revealing that Saint Joseph, as man, was More than man. He has and always was a Portion of Me.

My allowing The Holy Family to exist in the human way was a Blessing of My Divine Love, for all of mankind to have Example to live by and for.

My Divine Love is evident through This Miracle bearing the Name of The Beloved Saint Joseph, as man knows Him to be, but He is More because He is My Spirit of Life, Love and Hope, plus My Gift to all human

life to follow in the Purity for the benefit of each one's Soul."

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

This time in which you live is a very important time for mankind, because through so much lack of communication between those who have been instructed to know what is important for the Souls, are allowing themselves to be sidetracked by humanistic values, misinterpretations, and yes, diabolical interference.

As you live in a time conceivably worse than Sodom and Gomorrah, there is very little understanding by men of high intelligence, women of high intellectual abilities, pressing what is right, morally sound, spiritually valuable. The reason for this is based on humanistic evaluations, and love for what is humanistically profitable, in many ways ignoring totally what human life was created for, and the necessity for human life to follow, in more ways, The Commandments of The Creator that were given to a human being a long time ago. In many places, in many ways, The Commandments of

God The Father are eliminated, never looked into, never expressed, and rarely followed.

It is difficult to speak this way, because as I speak this way I know that some who read My Words will not be able to see the Value in Them, the reason for Them, or the purpose to read Them as a personal participation that is morally sound for the benefit of his or her Soul. There are millions of Words that can be used to express opinions, ideas, interpretations, and valuable direction, but so many times when one or more read the Words, the application of the meaning is cast aside, and they automatically adjust the meaning to their manner of thinking in how life is for them, and those who surround them, and those who they are responsible for.

As I speak These Words, I speak Them slowly, because the human mind, when reading a subject slowly, has more of a tendency to see the meaning that is meant in the Words, but a fast reader makes quick determinations, and is positive on their interpretation.

So much has been delivered through This Gift of Divine Love,

because of the Importance of human life, but more importantly, that human life is the custodian of a Gift of Divine Love, obviously present because of an individual's ability to know right from wrong, a pure act from an impure act, and what The Father Wills, from false idolatry.

Today as I speak, I speak differently, but those who walk with this *little one* through whom I speak, have been given the privilege to write the Words, put Them into script for others to read, to think about, and to see the Value of pertaining to their own life, because the average human life acts many times in a manner and a way impure for the Soul that he or she is the custodian of. To some, impurity comes easy, ignoring totally the injustice that he or she is doing to the Soul that they are the custodian of.

We hear some say, 'I never see my Soul.' Logic is evident in the intellect that human life has a Purpose, a particular role, obviously then has a Soul, because there is a Goal to human life that nothing else living is the custodian of.

Perhaps to some I speak harshly. Perhaps it is needed in many ways, many cases, because there is so much leniency on what is morally sound, morally good; not only leniency, a word such as 'rejection' is applicable in many areas of human life, because many times men, women and children act according to how they feel, or what they want to be involved in, ignoring totally that they have a responsibility to The Creator, else why would The Commandments of The Creator be so important?

As I speak today, I speak with a Great Love for the Souls of human life, and in some ways I speak with a fear regarding things that are occurring throughout the world, and that is an absolute disregard regarding that human life is the custodian of a Portion of The Creator that is to be returned to Him in Purity.

Human life should think of one thing: There is a remark many times made in a very quick manner of thinking. They say, 'It is payback time.' This remark is made more often than those who will read These Words will ever understand it to be, but nonetheless, it is important to

remember every human being is gifted with Divine Love at the moment of conception, and the Intention, the Intent for this Gift is to be returned to The Father in a State of Purity.

We hear some say, ‘I’ve heard it, but it is hard to believe.’ That is an escape, that what else would human life have to look forward to if Those Words were not Fact, because the Soul is a Gift of Divine Love and The Father wants It back. So be it.”

GOD THE FATHER

“I am God The Father. As My Words flow through *a child* of years, My Words are to reach men, women and children of all backgrounds, all degrees of intellect, from all areas of life.

I speak through *a small voice*, but My Words are Words of Instruction, Words of Direction, Words of Hope, never to be mistaken for human interference, human intellect, or human love.

As I, your Father, speak, I speak with a Deep Concern for every human life throughout the world, because as I am a Portion of each life, I want all races, all colors, all creeds, to read What I have spoken before through This Gift of My Divine Love, and All the Words I am now speaking, to awaken the mind of every intellect, every degree of intellect to the Importance of human life.

As I speak through *one voice*, it is important for all men, women and children to begin to see ‘My Coming to

the world at This Time' is through a *human being* such as they are, because it is easier for them to understand the Importance of human life, because I have chosen *one human life* such as they are.

Many Saints Here in the Heavens have spoken, directing through Deep Spiritual Love the Importance of human life, the Goal for which I have given human life to reach. Nonsense must be eliminated, indifference must be eliminated, because of the Souls, Each One a Part of Me, because They are being desecrated by humanistic weaknesses that are intolerable to Me.

I could speak hours, but What I have spoken now is Important because of the Importance of human life to Me.

Think about one Statement: When you are the possessor of an important object, you fear losing it. Is this not so? You must remember, there is no human being born does not have within them a Portion of Me, a Soul. Nothing in the world, no materialism, no mental acumen is greater than the Soul that you have within you every

moment of every day, because It is a Portion of Me, The Creator of All Mankind, All Through Time. So be it.”

DECEMBER 21, 1999 AT 3:10 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. When I was requested by The Father to be a Part of announcing This Gift of The Father’s Love to *one child, one woman* in the world, I found it a privilege beyond what a human being can understand a privilege to be.

In The Father’s Love for human life, He oftentimes allows so much to be instructed on the Importance of human life, His Reason for creating it, and giving to it so many talents, so many abilities, and so many ways to aid others in becoming ‘a Saint’.

We hear men, women and children automatically say, ‘*God bless you*’ when another one has to cough, sneeze, or is choking on something. This is an immediate reaction, calling on The Creator to help at a time when it is needed.

Today as I speak to you, I desire only what is good for you, helpful to you, and will help you become ‘a Saint’.

The Father is present at every moment, but oftentimes an individual man, woman or child has no concept of the closeness he or she is to the Divine Way, Divine Love, Divine Power that exists within them, because of the Soul they are the custodian of from the moment of his or her conception, until the moment comes when The Father has It returned to Him to be Judged.

So little is being instructed on the facts of life regarding human relationships with The Creator of All Things, The Designer of human life, and The One to which human life must return as 'a Saint' after having the privilege of living with millions of individuals, men, women and children who also are the custodians of a Soul, a Portion of The Creator.

We hear some say, 'If I have a Portion of The Creator, my God, within me, why can I not see Him?' Seeing the Soul would in many ways be an uncomfortable way to live, because it is important that belief in the Importance of human life covers many areas of human life, and the Soul is a constant Companion for someone to understand as a Strength, as a

Communication between one's self and The Creator.

So few theologians truly understand the Magnitude of human life, because in working daily with individuals, they tend to acquaint themselves more with the humanistic values, problems, concerns, initiatives, practices of the human form of life, thus not always thinking about the Spiritual Portion of human life that all are the custodians of, himself included.

There is an expression, 'If you cannot see it, it cannot be there.' That is not always true in the full concept of one's Soul, because the Soul, as a Portion of human life, constantly instills in the individual in whom It was placed at the moment of conception, to remember purity over impurity, justice over injustice, also love for The Father over love for the enemy.

Today as I speak, I speak with deep Love, a sincere Love for human life, because in it there is a Goal that no other living matter or thing has the privilege of, and that is to return to The Father one day, That Portion

of Him that He implanted at a given time, giving to human life a Purpose, a Goal, a Strength, and The Divine Love because of a Soul, a Portion of Himself, to give all that would be needed to one day become 'a Saint'. So be it."

DECEMBER 27, 1999 AT 1:28 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

Today, throughout the world men, women and children are discussing many so-called ‘adventures’ that they have experienced through time. The human mind oftentimes dwells on what occurred in the past, feeling that the experience of certain things made life more interesting, more informative, giving to life substance that no other living matter or thing has.

At ‘this time’ mankind has been Blessed with so many Instructions regarding the Importance of human life, the Values of human life, the Purpose for human life, and the Goal for human life.

Throughout the world men, women and children base many of their experiences on where they live, how they live, what they are taught to respond to; also, vocations such as those dedicated to Spiritual endeavors, practices, are evident, because those who are involved in this facet of a way of life, utilize this time to be more

expressive regarding the Spiritual side of what human life consists of.

Today as I speak through *one small voice*, I feel I must say that today Spiritual hope, practice, love, is somewhat different than it should be, because now so much is based on humanistic evaluations, dismissing, ignoring or bypassing what The Son of The Creator gave as Important Instruction, dealing with the Souls of all human life.

There are so many various interpretations of Spiritual integrity, beliefs, values, understanding, and the innate need for Spiritual practice that puts the Soul of an individual above all other senses that an individual is aware of in every act of daily living.

As I speak on this day, it is My Hope that This Gift I have given to the world will spread like wildfire throughout the world, because so many men, women and children of all backgrounds are in great need of All that has been spoken about regarding the Purpose for which human life was created, what is expected of human life, and the values that are instilled in human life, because of the Soul that

is the recipient of all acts, thoughts, words, deeds, that an individual acts out, partakes in, is example of, or practices.

Millions and millions of Words could be written on the Importance of human life, but mankind would find it distracting from the daily practices of human life that they are accustomed to, thus human activities, goals, interests, habits, come first and are found to be natural to what human life is all about.

As I leave you today, only in writing of course, in openly dictating What I desire all to read, I beseech each human being of any age to look at each day as a day to begin to change certain things that are obviously destructive to the Soul, because the Soul is a hidden Act of Divine Love that is in many ways obvious, because of a human being knowing a pure act over an impure act, justice over injustice, truth over untruth, love over hate.

As I leave you, I bless you and I say, ‘As the Soul is a Portion of Who I Am, What I Am, remember I am Ever Present every day.’ So be it.”

DECEMBER 28, 1999 AT 3:15 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Why it is difficult for mankind to understand the presence of evil, hypocrisy, injustice, hate, must be from the enemy and only the enemy, because logic says that human life, with its intellect, talents, understanding, and ability to know purity over impurity, love over hate, right over wrong, has to be a sensitivity that no other living matter or thing is capable of.

Granted, there is some animal life that appears to have a certain intellect, based on their behavior, but an animal does not have that Gift of Divine Love, called ‘the Soul’. An animal has been put upon the earth for a different purpose than human life. This must be acceptable before mankind tends to apply so much importance on what an animal knows, can do, participate in.

The world is in a revolving state for many reasons, and it is only The Father, The Creator, Who Controls the universe. Mankind, in acknowledging

this, must see the Value of human life, because no other living matter or thing has the innate ability that mankind has, is capable of using to great length.

As I speak today, My Words are not as They are in the usual way, because it is important for human life to recognize that each day carries a responsibility of great worth, and all decisions are important, not just because of the association with other human life, but because of the Association with The Creator Himself, through a Portion of Living Matter called 'a Soul'.

When the Statement is spoken, 'You live in a time worse than Sodom and Gomorrah,' I beseech you to understand that this Statement, though great in meaning, is not put in the complete sentence that it could be, relaying to mankind that though the state of that time in the History of human life was a time of ugliness and devastating to the Souls, today mankind faces much worse, because it is prevalent throughout the world that all ages of human life resist, even reject, that they are the custodian of a Portion of The Creator, are responsible

for It, and will be Judged by Its condition of purity at a given time.

I speak with a deep Love for human life, but I also speak with a deep concern, because it is easy for men, women and children to rely only on the daily happenings, what is produced morally, mentally, physically, emotionally, thus ignoring the Spiritual Portion of human life that cannot be seen, but Its evidence of Presence constantly speaks, in a manner of conscience, to every individual human being.

Why conscience is many times or most times ignored, is based on humanistic weaknesses. That is why This Gift of Divine Love and All that It has been teaching, instructing, alerting human life of all ages, all backgrounds, all intellects, to see an in-depth understanding that the Soul is constantly present, ready to give strength, courage, hope, to all conditions that an individual is exposed to.

Mankind must learn to listen to what cannot be heard, but through the intellect human life has the ability to choose purity over impurity, justice

over injustice, love over hate, when the decision is called for.

As I leave you I bless you, because The Father Wills each Soul to be returned to Him, as He instilled It at the moment of conception. So be it.”

DECEMBER 29, 1999 AT 1:25 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. There are Many Saints standing with Me as I speak through *one small voice* to a group of individuals who, in their respect, their love, their hope, they assist in so many ways in This Gift of The Father’s Love, so that millions of men, women and children will one day be aware of This Time that The Father chose for mankind to not just be reminded of the Purpose for which He created human life, but the Goal that awaits each one’s Soul at a particular time.

Throughout the world men, women, and even children thrive on knowledge they read out of books, and thoroughly enjoy their ability to speak on a subject, to teach a subject, to be knowledgeable beyond what others are on a subject. The most important subject in the world is to more fully understand that human life was created for a Goal in The Father’s Plan.

In the conception of a human being, so many portions of each human life have purpose, reason, and also, give to each human life more than what any other living thing, matter has. The human mind is a Gift of Divine Love, because in its capacity to learn, to understand, and to be able to express what is important, is a Gift beyond what any other living matter or thing is capable of, or endowed with.

The Father has given to the world through *one voice*, so many Words in a form of implantation, so that Many, Many, Many, Many Saints can use *this funnel* of Divine Love to instruct many forms of what is right, what is just, what is necessary, because of the Soul that every human life is the custodian of.

We hear the question many times: ‘What is a Soul? I cannot feel It, nor can I see It. How can I be sure I have It?’ Your innate sense of what is right, what is wrong, what is pure in thinking, speech, actions, over what is impure in these things, your innate love to use your intellect and communicate with other human beings, in knowledge and in times of need, times of care,

times of respect, times of learning, and in times of sharing what is good, what is right, what is helpful, what is necessary. Human love is based on The Father's Love for human life, and human life, in its Creation, has been given the sense of justice, the sense of injustice, the desire for hope, and the rejection of hopelessness.

This Gift that bears the Name of The Beloved Holy Spirit of The Creator, 'Saint Joseph', is a Gift beyond what mankind can comprehend a Gift to be, but in each mind there is a portion of logic, that when a subject is brought out in the open, the human mind has the ability to see, to examine, and to be able to use a sincere ability of understanding of what would be proper, what would be fair, what would be logical in judgment, in justice.

As I speak to you today, I speak in a Personal Way, and My Love for all of mankind is a Love Totally from The Divine. So be it."

DECEMBER 30, 1999 AT 1:55 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Heresies run rampant throughout the world. So few so-called ‘intelligent’ human beings accept situations, opinions, ideas, ideals, as possibly heretical in nature, in substance, in reality.

When a conversation speaks on moral issues, Spiritual issues, the words are oftentimes seen only in an acceptable, practical use, rather than to look indepthly into them, and see how the words attack what is morally sound, morally pure. In daily conversations the subject matter is based on what is interesting at the time, what is acceptable as far as the individuals speaking to each other are acquainted with, are interested in, or are emotionally involved in.

At this time, throughout the world there are many heresies that are destructive because of the subject matter that, in acceptance of it, destroys the understanding of what is morally sound, morally pure, and what

each individual is morally responsible for.

Needless to say, what I have just spoken could cover volumes of detail, alerting all who would read the Words, on the importance of morality, and the intentions that an individual expresses to others, whether they are close in association or have just met each other, because a physical meeting leaves a mark that nothing else can leave, leaves a memory of what was spoken, what was done.

It is important that children of all ages begin to realize that their very presence to one or more people is a memory to everyone present, that leaves a mark of some degree, some value, or possibly a mark of some disgraceful act.

The Father has allowed so many things to be spoken about in This Gift of His Divine Love, covering many different parts, degrees, of human life. It is important that men, women and children of all ages begin to realize that at no moment during the day or the night are they alone, because of That Portion of them they cannot see, cannot feel, called 'the Soul'.

So few look at their conscience as a connecting link to their Soul, because they do not oftentimes think of their memory as a conscience tugging at them, reminding them of what had occurred.

As I leave you, I leave you with a Blessing through My Words, because as We Saints speak through *one*, such as I am doing, it is a Gift of Divine Love that permits Us to do so. *One voice*, spoken so that thousands and thousands and thousands of Words can be written on issues, on Instructions, on informative Information, is truly a Gift of Divine Love that should never be cast aside or ignored, such as This Gift of Divine Love that bears The Name of The Holy Spirit of The Creator, ‘Saint Joseph’.”

JANUARY 4, 2000 AT 12:57 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

One of the Greatest Gifts of Divine Love has been given to the world in the last number of years that mankind counts up to, a number that gives great interest to the mind of every human being: two thousand, this year, is truly a Gift of Divine Love, but in many ways, mankind is treating it, accepting it, in a different way.

Up to this point, a number of years back The Father gave to mankind a Personal Gift of His Divine Love, not asking human life of any dimension, any degree of intelligence specifically, to accept a Gift of Personal Communication for the Protection of Souls of all living human beings, all ages, all cultures, all creeds.

Today as I speak, My Words are of great importance, because My Words are not just Words of encouragement, but Words dedicated, devoted to The Father’s Will for all of human life, no matter what degree of intelligence an individual is, in his or her own manner

of living, but each human life, as a custodian of a Portion of The Creator, is the object of This Gift of Divine Love.

We hear many differ in opinions on the reality that human life has a Special Purpose. The differences in opinions is most times based on the caliber of a human being, the degree of intelligence of a human being, personality, achievements, most times ignoring the morality that is obvious, because in the morality of one human life, it speaks loudly how an individual thinks, cares, acts, or is motivated by.

There are so many men, women and children throughout the world who place all importance on how they feel, how they react to others, and/or to other occurrences, but few daily say to their Soul:

'I love You. As You are a Portion of The Creator, please help me to be pure in my thoughts, my words, my deeds, my actions, my hopes, my caring, my devotion.'

Today as I speak These Words, I speak Them with a great Love for

human life, but a Desire beyond what human life understands, because as a Saint there is no other Goal for human life Greater, so it is important that as This Gift of Divine Love is allowed by The Father to speak so openly, so Personally regarding the Importance of human life, it is important that mankind understand that for The Creator to come at a time such as this is, when there is so much immorality, humanism, and catering to the enemy of God and man, 'this time' should be thought of, regarded as truly a Gift of Divine Love.

As I leave you, I beseech you to not ignore All that has been delivered, because your Soul, as a Portion of The Creator, desires only one thing: to be returned to Him 'a Saint in Heaven', bearing your name, your love. So be it."

JANUARY 5, 2000 AT 12:45 P.M.

GOD THE FATHER

“I am your Heavenly Father. What I am about to say is of Great Importance, because in the Words, mankind of all degrees of Faith in Me must learn that My Will is Important, because of the Soul I placed within each, and still place within each human life created.

At one time a long time ago, there was a son called ‘Noah’. As the Story was written regarding his life, all points of what he was to follow were not put into script, but the legacy of his life has left to the human world of mankind a lot to be remembered. The first step, of course, ‘obedience to Command’, because without it, Noah would not be ‘a historical figure’ to man.

I come on this day through a Special Gift of My Divine Love, instructing mankind on the Importance of this Creation of Mine that bears within it a Portion of Me, never seen, never heard, but obviously present, because of the innate understanding

that occurs in the human mind that there is a right and there is a wrong, there is a pure and there is an impure result in every action a human being makes on his or her own decision, or partakes in alone.

I have Blessed mankind abundantly through This Gift I now speak through, for do not forget, once I created human life I never left it alone. This Gift of My Divine Love is a Gift beyond what a human mind could speak or make up, because My Gift is of The Divine, and the Purpose for It is for the Soul of each human life that I allow to be created at a special time.

I could speak with no stops, but no one could handle this amount of Communication with Me at one time. I have given to the world a Special Gift, instructing constantly on the Importance of The Beloved Saint Joseph, truly a Gift of My Divine Love, beyond what the human mind can truly understand, but at this time in which you live, I hand you the responsibility to pass All that has been spoken through This Gift, so that no human being alive does not have the opportunity to read All that has been said.

I bless those who write My Words, but I bless you more when you live up to the Words and share the Words, so that others will know that I am obvious through These Words like I was another Time. The other Time was through a Son, Flesh and Blood. I come now through *a child*, obedient to My Will so that millions of Souls will be saved from all the atrocities that are available throughout the world.

I come on this day and I want What I have spoken to be passed throughout the world, because it is important that no man, woman or child does not know that I Exist within them, and I am never away from them, no matter what part of the world they are part of, no matter what language they speak, no matter what age they are. This Miracle of My Divine Love is for all of mankind, because of the Souls that are a Part of Me, and daily, basically exist in a human life to give aid to each life, strength morally and physically.

I bless those who work where This Gift of Mine is, because as I speak through *one voice*, I intend This Message and All Messages in the past and yet to come, to reach every nation,

every country, every human mind. So be it.”

JANUARY 7, 2000 AT 2:10 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

This Gift of The Father’s Love is a Gift Greater than a human mind can discern It to be.

When I walked the earth as a human being, and I was given the guidance, the values, the love for my vocation, I innately did not want to cause any impurity to enter my way of life. I prayed each day for aid, for help to control any wrong thought, impure act, unkind deed, because I feared it would attack my Soul, and I would not be able to repair the damage I had allowed to occur.

So few men, women and children understand that their Soul is a reflection of every word, deed, action, thought, move, that they act in or upon every moment of every day.

The world has been Blessed by This Gift of The Father’s Love, allowing so Many of Us Saints to partake, to encourage those yet to come Here, that human life is the first step to one

day becoming 'a Saint'. Sainthood is through one's Soul, because that is the Portion of human life that The Father gives at the moment of conception, because without a Soul human life would be like all other living matter or things.

The Soul, never seen, is oftentimes felt in different ways, sometimes through one's conscience, other times through one's earnest endeavors to do what is right, what is pure over what is impure, indecent or harmful, in some form indescribable to the human mind.

So Many of Us have been allowed to speak through This Special Gift of The Father's Love for human life. It is important that All Messages thus far delivered and more to come, be spread throughout the world. No matter what reception They get, They receive, never stop, because sometimes an individual human being may feel adverse to hearing What We have to say, but eventually there is a moment, an occasion, a time that Our Words will give hope, strength, and a deeper understanding to an individual who, at that particular time, needs more than another human being's perception

of a situation that in many ways can affect many, many minds and lives. So be it.”

JANUARY 10, 2000 AT 1:25 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

Every moment of every day, Everyone in the Heavens is watchful, are watchful, are listening to what mankind of all ages, all stations in life, all dialects, all backgrounds are active in, and how each one handles what they are subjected to morally, immorally, physically, mentally.

The Father, in the Design of human life, instilled in human life the senses, the mentality, many abilities, a conscience, and the ability to make decisions subjecting human life to the ability of choice on many issues, matters, that each life is accountable for, because of the Soul that is present in each human life.

Children are not being taught about What they are the custodians of. All things pointed out are things that are totally of humanistic enjoyment, involvement, thus ignoring the responsibility of every act, every action, every thought, every word, every deed.

If you were to ask a group of adults to explain what was important to them, and to what degree things were important, you would be shocked, because what you would hear, much would be based on materialism, companionship, mentality, and their association with other human beings. Little would be spoken about sound moral values and sound moral standards, and the interest in their goal in life that they were focused on. Most of the time you would hear a humanistic version, concept, ideal, regarding the physical life.

Today as I speak These Words, it is a sadness to All of Us Saints, because humanism can be vile and cater only to the enemy of The Creator and man. So little emphasis speaks about Hell, its true existence, and that there is a Purgatory. Humanism deletes, ignores what human life should think about, and what Goals human life was created for.

The Father has given to the world a Gift of Divine Love, above and beyond any gift human life could desire, to aid them in responsiveness to what they are confronted with every day.

Much Love passes through This Gift, This Miracle of Divine Love in which The Beloved Saint Joseph is The Deliverer of. Mankind must understand that Saint Joseph is The Holy Spirit of The Creator, and in this High Place, mankind must understand and not ignore This Gift of Divine Love in which so much is delivered, instructing Personally, generously, obviously, on the Importance of human life and what each human being must use, must follow to one day become ‘a Saint’.

Throughout the world We see men, women and children indepthly active in gaining praise from others, financial gain, but We do not see human beings striving for Sainthood, and seeing It as the Goal for which human life was created.

As I bless you, as I leave you, I beseech you: make your Goal ‘Sainthood’. So be it.”

JANUARY 16, 2000 AT 1:25 P.M.

GOD THE FATHER

“I bless others who protect My *Little Instrument* from harm in any way.

So many men and women do not see the Importance of This Gift of My Divine Love. All that I have delivered and All that Others Here with Me have delivered is a Gift of Divine Love that to all of mankind is not seen for the Magnitude of Its Love from Me.

My Love is a Love that only I can give, because all others’ descriptions of love are based on human perception which is but a shadow compared to All I Am.

***The little one* is tired beyond what human lives understand, but I am in control and I will strengthen her as I deem the time and its necessity.”**

JANUARY 17, 2000 AT 1:12 P.M.

GOD THE FATHER

“I am your Heavenly Father.

When physical abuse occurs to oneself or one close to them, there is much hurt because of what it does to the person receiving the abuse.

Today as I speak through *one small voice*, it is important that All that has been delivered and put into script, must never cease being delivered to all who will be able to read Them in the language They are written; and I desire Them All to be put into languages of others who speak a language different than the language I dictate All Messages in.

There is no place in the world, no individual that should not read or even hear about What I am giving to mankind at ‘this time’ Personally, and through All The Saints Here in the Heavens with Me.

Mankind, many times, chooses to write a story pleasing to what they feel others will accept, or even just enjoy. My Words are Words of Great Purpose,

because My Words are to help every individual to more fully understand that human life was created connected to Me through a Soul, not seen, but responsible for every act, every thought, every word, every deed.

Today as I speak, I speak with a Deep Love for *the one* through whom I speak, because it is not easy to declare My Name when there is so much rejection throughout the world of the possibility of My speaking through *one small voice* at this time, or any other time.

Morality is in a chaotic frenzy, totally being ignored, because mankind finds so much pleasure in immorality. This, of course, abuses the Soul that is a Portion of Me, and pleases only the enemy of mankind.

Today as I speak, I speak with a Firmness and a Divine Love, for it is time for human life to awaken mentally, physically, morally, sensually, to the Importance of the Closeness I am to human life, and that the will of human life registers in every act, every thought, every word, every deed, through the Soul that is a Portion of Me.

I hear some say, ‘With such an Important Message, why does The Father not speak through many at one time?’ Mankind oftentimes loses sight of the Power I Am, for I need only *one voice*. I expect What is written, What is put into script, to travel greater distances than *one voice* could possibly travel. I speak with a Divine Love, but also a Divine Reasoning.

It is time that all men, women and children unite in what is right, what is pure, according to My Will, because as I speak, the enemy that stands available at all times does not want human beings of all ages to do as I request them to do, because human life has a Portion of Me within it, namely ‘a Soul’, and this Soul, as a Portion of What I Am, Who I Am, must never be lost to the enemy because It will suffer intensely.

As I pass through *one voice*, All My Words and All the Words I desire to have written from All The Saints Here with Me, I beseech all human beings, all degrees of intelligence, all types of backgrounds, to see My Words as the Most Important Words they could ever receive.

As The Saints Here with Me are requested to deliver Personally, Words of Direction, giving Hope, encouraging individuals to understand the Importance of That Portion within them, the Soul, any individual who refuses to accept or believe in what is best will be lost to the enemy, and that is a sadness to Me.

As I bless those who put My Words into script, and those who will deliver Them, hopefully to millions of individuals, I guarantee My Love, because as the Apostles once walked with My Son, do not forget, Their Names are still evident to millions through time for the way They walked at another time. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

There are Several Here: Saint Bartholomew, Saint Athanasius, Saint Columbkille, Saint Margaret Mary, Saint Alphonsus Liguori, and The One Who will speak is Saint Joseph.

“Many of Us are present through *this child, this woman, this instrument* of The Father’s, and Many of Us speak, oftentimes not announcing Our Name that We are known by.

You live in a difficult time, and why it is difficult is because there has been so much allowance of satanism in the lives of millions of people throughout the world. The Commandments of The Creator covered every aspect of life when They were delivered, and yet do, because mankind, in his knowledge of the meaning of certain words, realizes that though The Commandments have been shortened, the meaning of each one has never been diminished.

Let us take one: *Thou Shalt Not Covet Thy Neighbor’s Spouse.* This Commandment is important because this Commandment stresses openly

the sinfulness of a wrong, fleshly experience, forgetting the duty to morality that each human being must honor, must respect, must obey, under all conditions.

So Many of Us speak through *one voice*, requesting Our Words be put into script, thus not leaving interpretation up to the memory of this important subject matter.

When The Father Blessed mankind with a Gift of This Measure, This Dimension, This Design, it was a Gift beyond what a human mind could perceive, because This Gift of Divine Love covers all aspects of human life.

Today as I speak, I speak with a Deep Concern, because you now live in a time worse than many of the worst times in the History of human life. Immorality is impurity against one's Soul. Impurity scars, even mutilates what one cannot see, but each human being must think before they speak, rationalize before they act, and remember that they are example in everything they say, express or do.

Oftentimes We speak without announcing Our Names, because Our Names are a distraction to the subject

matter, especially when What We speak is not put into script immediately; then all things are left up to the mental acumen of those listening, trying to remember what the subject covered, thus easily forgetting What was spoken, because of the effort it takes to remember in a satisfactory degree what the subject meant.

As All of Us speak according to The Father's Will, it is important that mankind never forget to pray for direction, for help, and that they will be given the strength to stand up for what is fact in purity, love for The Divine, and hope for the Soul that each is the custodian of.

Our Words come with a Blessing, because you must remember: As We speak from the Heavens, it is Our Wish, Our Love for all human life to obey The Commandments of The Creator, and to remember purity of the mind and the body radiate in the Soul of every individual who is born in the human flesh, with the responsibilities of returning to The Creator the Soul that is a Portion of Him, Greater than any other portion of life that human life has to deal with, to use, and to protect. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. As I speak to you on this day, those who work in My Name, I say ‘Thank you,’ because as you spread My Name throughout the world, millions of individual men, women and children are learning more about The Holy Spirit of The Creator than ever before.

I hear some say, ‘How can a man be The Spirit of God?’ I say with a smile, ‘Do you not have a sense within you that lightens the way when there is doubt, hurt, concern?’ Within you, you have a Soul. It is a constant warning about many things, things that you are in contact with every day, that you would have no awareness existed if you did not have a Soul.

So many men, women and children count on their memory bank and how they think, and they give credit to these things when they are alerted to situations that are not all right in their full concept.

I speak today to remind you that your Soul, as a Portion of The Creator,

informs you in many ways what is right, what is wrong, what is true, what is untrue, what is helpful or what is dangerous, what is love over what is hate.

I bless you with These Words, and I beseech you to remember Them, because human life has been gifted with many advantages over all other living matter or things, and this learning process, through which so much is being given, is giving a deeper perception of all that human life is the recipient of: things that are useful in dealing with all situations, and hope that gives strength under the worst conditions.

As I leave you I bless you, and I ask you to pray for The Father's Will to be done by you every moment of every day. So be it."

JANUARY 19, 2000 AT 3:19 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. I come today to have My Words written, because what I have to say is a very important Message for the young.

It is important to recognize each day the Existence of a Supreme Power, Supreme Being, called ‘The Creator’.

All children must learn to say ‘*The Our Father*’, and of course, ‘*The Hail Mary*’, for if they learn no other prayer, these two prayers will help them strengthen their belief in the Importance of The Father and The Mother Who are the Example for all things, and beyond all human understanding in Existence, in Beauty, in Truth, in Fact. There are no instructions on this important Statement.

Too much has been and is being taken for granted, thus ignoring the need of thousands of men, women and children to be reminded that The Heavenly Father and The Heavenly Queen, The Beloved Holy Spirit of The

Creator, truly Exist and must never be forgotten.

There are Thousands of Saints Here Where I am, Many not recognized by the religious who are supposed to be instructing on the importance of Sainthood, but nonetheless, Sainthood is a reality, not just a Lesson being taught to get others to do certain things.

Sainthood should be the Goal. As human life reaches for goals, it is important that more instruction be advised to question one's self on what Goal they desire to gain, to attain, when the life and breath no longer exist.

The world has been Blessed through The Beloved Saint Joseph, because through This Gift of Divine Love, much has been instructed in detail, in Fact, and with Divine Love for human beings of all ages, all degrees of intellect, all backgrounds, to awaken to the Fact of a Future Life to look forward to that Exists and is above and beyond what the human way can offer. This Statement, though difficult for many to fathom in Its reality, it is a Fact.

As each man, woman and child looks forward to success, has hope in success and for success, all this energy should be directed to one day returning the Soul to The Creator, a Saint. So be it.”

JANUARY 20, 2000 AT 1:35 P.M.

SAINT BENEDICT

“I am Saint Benedict. If I were to say all the things that I desire mankind to know about, I would be speaking endlessly for months, for years, in a constant way, stopping for nothing, because there is so much that mankind should cling to regarding moral values, moral truths, moral love, moral decency, moral integrity, because human life is a life with many Gifts: the Gift of understanding, of knowledge, the Gift to be able to know truth from untruth, love from hate, sound spirituality from the wrong kind of love that deals only with the enemy of God and man.

So many times individuals desire to hear what is valuable to hear, what is necessary, and to hear what is helpful to how they think, how they speak, how they should be with others. So little emphasis by the so-called ‘followers of Christ’ at this time, ignore the needs that are obvious, and ignore how valuable it is to bring to light important Messages that in many ways helps the Souls, because of the

behavior of the one in whom the Soul is placed at the moment of his or her conception.

Many times We hear individuals of all degrees of intellect, all degrees of Spiritual understanding, plead for aid on decisions on what they must prepare themselves to do; also, they pray for success, not failure; they pray for hope to eliminate despair. Prayer is an important part of human life, because it is communication that appears only one way, but My Words Here are to tell all of mankind: Though you do not hear a response to your prayers, your prayers are heard in the degree they are spoken or thought.

Many times your prayers are answered, but in a manner and a way that your situation can handle. Also, because of human closeness, it is oftentimes felt that prayers are not being answered, because in the human way, human beings see only a specific way for their prayers to be answered. I assure you all prayers are answered in a manner, a degree, at a time when it is best for all situations, because the human manner of prayer cries out for self-satisfaction, for help in a particular way, but no prayer is

unheard, and many times prayers, in being answered, are later to be found out, or realized that what was best could be called 'the results of what an individual needed'.

It is sad to hear someone say, 'I didn't get what I prayed for.' The Father never dismisses a request, but circumstances, situations, conditions, are all considered in every request a human being makes. So please know that The Father's Will is ever present when you need help, when you need care, when you need hope, because Divine Love is always there. So be it."

JANUARY 21, 2000 AT 1:13 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I smile as I deliver Words of Hope, of Love, because through This Gift of The Father’s Divine Love, so Many of Us Saints have the privilege to speak in Words understandable to all races, all colors, all creeds of human life.

The world has been Blessed by This Gift of Divine Love in numerous ways, for numerous reasons. As Each of Us speak and request Our Words to be put into script, it is to remind mankind to remember how close We are to every living human being.

In the World, the Place Where We Live, We Exist, It is a Place beyond what human life could possibly comprehend, but This Gift of Divine Love that The Beloved Holy Spirit of The Creator is in charge of, and of course, revealing to the world so much Love regarding human life and its close Association with The Divine.

Today as I speak, My Words come to you and all who will read Them, with a hope and a sincere desire that

All that is spoken through This Gift of Divine Love be passed throughout the world in many languages.

It is a Rare Miracle, It is a Magnificent Miracle, because of What It teaches, how It instructs so lovingly, so intently, so thoroughly, so realistically. So much Information regarding human life and its Association with The Divine has been of great importance to all human life, all ages of human life, because without All that has been put into script, just the spoken Word would have erased the fullness of the meaning, and All Things would be but memories, not clearly able to be delivered in Its full measure.

As I speak today it is with Divine Love, because it is The Father's Will that This Gift of His Divine Love, allowing so Many of Us to deliberately speak Words of Instruction, Wisdom, Purpose and Hope, so that individuals of all ages, all degrees of background, all intellects, can feel the necessity to abide by The Commandments of The Creator, because of the Importance of human life.

It is sad when We see so little understanding of why human life was

created, and the lack of respect for it that passes throughout the world by all degrees of intellects and all degrees of Faith in a Supreme Power.

Divine Love is Above and Beyond what human life can perceive It to be, but as I speak, I assure you that to be rich in the world monetarily has no comparison to be rich spiritually, loving The Creator above all things, and obeying The Commandments that in Their full degree mean more than what a human being could possibly make up, as They have been given to mankind to remember the importance of every facet of human life, and the importance of putting The Creator First in all things. So be it.”

JANUARY 24, 2000 AT 1:13 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have been given the privilege, the honor, to speak Words of great importance to men, women and children of all ages, all backgrounds, all degrees of intelligence, because human life is a Gift of Divine Love, and must never fail to see this life as a Gift of Great Dimension, Great Purpose, and a Beautiful Goal, a Goal beyond what human life can reach in the physical role.

There are millions of men, women and children who have heard about This Gift through The Beloved Holy Spirit of The Creator, but they have rejected the Fact, the Purpose, the Logical Reasoning behind such a Gift, so they deny any association with It, and yet these very same people openly accept, devour, many wrong actions in human life: greed, Spiritual abusements, moral degradation to their body, to their will, ultimately to their Soul.

There is no place throughout the world that so much is being delivered, put into script, so that mankind does not have to worry about remembering such Sound Advice, Direction, and the ability to change all actions, all thoughts, all ideas, all ideals, all practices, into what is beautiful for the Soul.

***The little one* We All speak through is ever conscious of Our Presence, ever aware that she is but *an instrument* and must be prepared to admit Us into her mentality, so that What Any of Us Will to speak, will be put into script for millions of individuals to grow more indepthly in understanding regarding the Importance of human life, the Reason for which it was created, and the Goal that it has the privilege to live through, live with, live on Forever in the Presence of The Beloved Creator Himself.**

These Words, though difficult for some to believe, impossible to understand, nonetheless, are Words of great Instruction, because through giving mankind of all ages Words such as These are, gives Hope to human life, and explains the reality for which human life was created,

because of Divine Love and the Goal for which human life has the privilege to reach. The well-known Name for it is ‘Sainthood’, because each Soul Who arrives, Who returns to from Where It came, will enjoy returning, and no human mind could possibly understand the Greatness of this Joy, because in the human mind there are limitations to all things, there are positive degrees of understanding of happiness.

As I bless you, I plead with you: use each day as a stepping stone for the Soul you have been gifted with at the moment of your conception, that will bear your name in the Presence of The Creator at a given time. So be it.”

JANUARY 25, 2000 AT 1:51 P.M.

PADRE PIO

“I am Padre Pio. I have been given permission to speak through this *small instrument* of The Father’s, and what I am about to say is of great importance to all of mankind.

Ask yourself: Who created the world? Who created human life? Who created all other living matter or things? Logic should be your answer. It was a Greater Power than human life knows Power to be.

Though My voice is harsh through *one small voice*, it is because I speak in a more natural form, because I am passing through ‘a Preparedness’ Greater than man knows such a change to be. *The little one* through whom All speak is a *Victim Soul* as I know a Victim Soul to be.

All of mankind throughout the world is in great chaos morally, mentally, emotionally, spiritually, but more emphasis is placed on how the physical feels, ignoring the importance of Spiritual strength, hope, obedience, concerns.

As I have been given this time with you, I beseech you to allow My Words to pass through you to as many individuals as possible, because it is important for them to know that human life has a Destiny, and that is to return to The Father the Soul that is a Portion of Him, and is returned to Him for All Eternity.

My Blessing to all who take My Words is one of deep Love for all human life, but you must remember, only The Father's Will and Love for His Creation of human life, has the Power to instill in the Blessing a greater degree of love for Him than anyone physically could give.

As I leave you, I beseech you to understand 'Sainthood' should be your Goal, because It is Life Eternal that you must be concerned with, and as the Soul leaves the body, It craves to be returned to from Where It came, a Portion of The Creator of All Things. So be it."

JANUARY 26, 2000 AT 12:48 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist.

***One* as you stands before you in Responsibility beyond what the human mind can fully comprehend.**

Human life has an intellect and the ability to discern what is right, what is wrong, what is pure, what is impure, what is just, what is unjust.

Today as I speak, I speak through *a small voice*, but *a voice* that stands in total obedience when told what to do, how to do it, never requesting reason, only understanding there is a Purpose beyond what human nature can evaluate in many areas of what it would mean to be obedient to The Divine, over what is obedience to the human mind.

The world has been granted at different times, Specific Gifts of Divine Love, each One for a Purpose, a Goal, that instructs on the Valuable Reason for human life and the need there is to use human life as a stepping stone

to Honor and Glory, and that is to be with The Father for All Eternity.

Human life constantly strives for success, constantly encourages others to divulge how they think, what they think, and the outcome, the results of different projects, different ideas.

Today as I speak, I speak through *one voice* with a Message important to all human life, all ages of human life, all degrees of intellect, and yet many will dismiss My Words because they do not want the responsibility that My Words would cause them: to think before they act, think before they speak, and to constantly remember the responsibility of human life is for the Soul they are the custodian of, that no other living matter or thing has the privilege to be a part of, or the privilege to one day represent a specific human being in the Glory of The Heavens.

So Many of Us speak, even when We do not announce Our Names. Some might say, ‘Why do You not announce Your Name?’ Logic speaks for itself. So many times Our Name will supersede the importance of what We have to say.

As I leave you, I beseech you and all who will read These Words to be aware that human life has a Purpose, a Goal, and whenever an individual does not use what is regarded pure in thought, word, deed, action, the Soul is victimized, and the Soul is accountable to The Creator at a given time, representing the one in whom It was placed at the moment of his or her conception.

All The Saints speak in some way, some time, through This Gift of The Father's Love, not always announcing Who They are, because many individuals reading the Words spend more time on the Name of the Saint, and little time on the Words, the Direction that is not just implied, but given in a form, a manner, a degree important for the Soul, because you see, the ability to understand, to comprehend, is a Gift of Divine Love to man, and should never be ignored as not being a responsibility. It is, it always has been, and it always will be. So be it."

JANUARY 27, 2000 AT 12:58 P.M.

SAINT AGNES

“I am Saint Agnes.

The young should be instructed on the Importance of This Gift of The Father’s Love for all ages of human life, because of the Importance for which human life was created.

There is little, if any, sound advice, direction, guidance, interest, in how those of the young ages are being instructed verbally or by example. There is too much laxness in this important portion of life because of the Importance of every life the moment it is conceived.

There is a lackadaisical attitude regarding instructing the youth throughout the world, and the excuses are allowing the youth to become more vulnerable to what they are exposed to. It is not just vulgarity, but many facets of impurities, many degrees of ignorance to the Purpose for which human life was created.

We hear so many excuses, thus not wanting to face the excuses and

use logic in instructing all ages of youthful years. It is sad to hear, to see the acceptance of so much destruction, mental, physical, moral, amongst the young.

I hear you say, ‘What age do You term young?’ I would say from the year of one up to the years that individuals begin to act less vulnerable and see the advantages of morality that are important to them as human beings, and then to the dignity of human life.

Catering to weaknesses is, in many ways, mortal sin. Remember What I have spoken, because you will always have many, many young that you will be responsible for, whether it is through your words, your actions, or how you address all situations, because the young automatically learn from you on every subject you can possibly be involved in.

Today as I speak, I want My Words to be passed to all groups of individuals who in any way are active with the young.

As I leave you, I sincerely pray to The Father that you will respect the Words He requested Me to deliver, because many Souls are being hurt by

so many impurities of the mind and the body, the actions of so many young. So be it.”

MOSES

“I am Moses.

Throughout time, human life has been fully aware of the importance of a moral code of ethics versus an immoral code of ethics.

In the beginning of Christianity, The Son of The Father stood upon the earth in the human form, as Example, as Direction, as Hope, so that others would learn about the importance of human actions and human abilities, plus human dignities that were perhaps not just normal, but necessary.

Love for The Divine did not register quickly in many minds, but at the Birth of The Son of The Creator, mankind became aware of a Higher Being, the True Existence that there was a Divine. At this time in which you live, there are numerous evidences that many, many, many, many men, women and children do not recognize the True Existence of a Creator and All that surrounds The Creator as Ultimate in Purpose, Cause, Reason and Reality.

As We Saints try in many ways to enlighten mankind of the importance of purity in the mind, in the body, because of the Soul each one is the custodian of, We find that indifference based on demonic measures is always evident, because the enemy causes interference that, to individuals, give excuses to not abide by The Commandments of The Creator.

As The Father down through time, since the beginning of time, has used human life, human lives, to be Example, to be Instructors, and to act morally sound, The Father at 'this time' has given to mankind an additional Gift of Divine Love, Words of Direction that cannot be dismissed as normal or personal to *the individual* through which They come. I assure you It is strictly Guided, Guarded and Delivered by The Divine, just as it was at another Time.

The Gift of life is a Gift not always seen for the Greatness it is, but there is hope in it, there are Rules that guide it, and there is definitely a Divine Love instilled in it that no other living matter or thing has.

As I speak to you today, I beseech you: look at what is pure, logical, understandable, and has a goal to it, and resist what is obviously more pleasing to what would be impure, unkind, unjust, totally different than what you can visualize The Kingdom of God to be. So be it.”

JANUARY 28, 2000 AT 1:02 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In the formation of an army there are many considerations to be made: first, the purpose for the army; second, a crew to stand up and be counted in the justice for the purpose of an army.

So many times during a battle, some fall short of fighting the enemy, because they allow themselves to be sidetracked by distractions that the enemy hopes will cause them to not be able to fight in the full measure of the battle.

Today, through This Gift of The Father’s Love, a small army fights for the Values of the Truths that pass through *one voice*. All These Truths are delivered by The Divine. It is sad to see this army be considered such a small amount fighting for The Father’s Will to be done for the Souls of millions of human beings throughout the world.

If I were to hand you an application at this moment, and you were to write how you handle being in

the army to serve God's Will, and for the Souls of millions of human beings, how would you address your qualifications, and what would you depend upon to fulfill your obligations?

So many people love to read stories about The Saints, totally eliminating the fact that every human being is born to become 'a Saint'; also, forgetting that each human being has a will, the basis for the 'challenge of choice' on all occasions, in all instances of human life, all decisions that determine how an individual recognizes his or her responsibility to God first.

It is important that This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, be cast upon the water, cast upon the land, in as many languages as possible so that no one is left out.

Throughout the world the enemy of The Creator is constantly using attractive issues, attractive ideas, that only cause individuals to omit the importance of service to The Creator, purity of mind and body, thus ignoring the Soul that is the recipient of all

that an individual partakes in, thinks, practices, or is example of.

As I close My Words, I beseech each one who writes My Words to make it a point that Everything that has passed through This Gift of Divine Love be spread throughout the world, put into languages that will be understood by those who do not have the privilege to be close to where This Gift is transmitted through *one voice, one body, one Soul*. So be it.”

JANUARY 28, 2000 AT 1:43 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

The Father has given to mankind a Gift of His Divine Love to support all of the nature of human life, and the Gifts of knowledge in human life, plus a fuller understanding of the True Existence of His Being.

The world has been Blessed through *one small voice* that All in The Heavens use to explain to men, women and children of all ages about the Gift of Divine Love that no human life is without.

We hear some say, ‘I know there is a God and I know no one sees Him, but I also wonder why so many wicked things that He is allowing throughout the world, He does not stop, because He has the Power to do so.’

This statement can be covered by just a few words. The Greatest Gift to human life is an individual’s free will. Oftentimes when there is punishment by others who feel they want to control, they immediately remove the

free will, and thus put an individual in bondage mentally, morally, physically, spiritually, leaving an individual hopeless on all facets of life.

The Father, in the Design of human life, instilled many things: the ability to learn, the ability to understand, the ability to make decisions, the ability to choose purity over impurity, right over wrong, good over evil, logic over what would be illogical, sensitivity over insensitivity, love over hate. This list is endless, and it would take pages to write, because in the Design of human life much more was instilled than mankind ever rationalizes; the Gifts of Divine Love in each life, all different perhaps in practice, but basically instilled. Sometimes one individual has the ability to express what is termed 'high intellectual' facts, figures; another individual expresses sensitivity, logic, hope; of course, this list is endless.

There are so many Attributes of Divine Love, because The Father, in His Design of human life, allows human life to use all the Gifts of human life, because as a Saint, the Saint is capable of helping in all facets, an individual who prays for help, because in many

ways, the Saint passed through the gates of experimentation, and of course, having had to use so many facets of life when he or she walked the earth as man.

As I bless you I say, 'Be aware of all the Gifts you are the custodian of. Share them, allow them to spread into others' lives, because as you distribute Gifts such as These are, you are earning Graces that nothing else can give you.' Human life is Important. It is a Gift of Divine Love. Use it well, use it to its fullest, and at one time when you stand before The Father, He will then tell you how pleased He is that you used all you were able to, because of the Souls that were involved.

Do not forget, no human life does not have a Portion of The Creator in them. You are responsible to recognize this, and to be aware that what you say, how you act, causes another individual to respond morally, but also your nature, your personality, your ideas, your ideals, should be equal to the task. So be it."

JANUARY 31, 2000 AT 1:39 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The world is saturated with egotism, immorality, selfishness, permissiveness. None of these things are beneficial to one’s Soul, because each of these uses what is wrong, and also encourages a lack of purity of mind, a lack of generosity, and promotes no Spiritual growth.

Today as I speak, I speak through a *small voice*, but an *obedient voice*. The world is saturated with satanic acceptances, abuses, but mankind as a whole, does not see what this ugliness is doing to the morality of millions of human beings.

When two people talk to each other on a subject, and each has a different opinion, sometimes a subject can be interesting or at other times cause a disturbance in their relationship, allowing them to not feel comfortable with each other.

Imagine what an impurity for the Soul does to one’s communication

with The Father, especially when the individual expresses arrogance, independence, ignoring totally what is occurring to That Portion of Divine Love that becomes 'the victim' of what an individual is involved in.

The little one through whom We All speak has been encouraged to not accept or be vulnerable to what others will to be done, when it eliminates the importance of what effect the Soul will be the victim of if the situation or conditions are not pure, or not according to The Father's Will.

As I leave you, I say, 'Your sound judgment must never be cast aside, because for each statement you make, everything you are committed to, your Soul receives either Blessings or sadness, because your Soul is what will be present at a given time, accountable for all you do, all you have said, regarding moral views, moral standards, moral values, moral agreements, definitely moral decisions.' So be it."

FEBRUARY 1, 2000 AT 12:47 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

So many times mankind, as a whole, believes in making changes, not always seeing changes as being for the better or for the worst.

Today as I speak through *one small voice*, it is important to speak on a subject that many are involved in, and are doing much damage with. Changes in one’s belief on The Beloved Creator of All Things is a sadness for All of Us Here in the Heavens.

Mankind throughout the world has lost sight of the Goal for which human life was created, thus ignoring totally that every human being born is instilled with a Gift of Divine Love, called ‘the Soul’. Just because human life cannot see It, does not mean It does not exist. First of all, the human mind instinctively knowing what is pure over what is impure in actions, in thoughts, in words, says that a human mind has a knowledge, has insight that no other living matter or thing has.

Today as I speak, I speak with a firmness and great concern, because every day of every individual human life there are decisions to make. Some are very light in context, not to be concerned about where the Soul is concerned, but there are other decisions that are of great importance to the Soul of the individual, or individuals, who must face a decision of moral value, moral standard, and make the right decision, never allowing an immoral act, action, thought, word or deed, to interfere with the decision, for the decision to be completed.

Too little is thought about on the Importance of human life. Too much emphasis is on what an individual determines is pleasing to him or her, based on their egotism, on injustice, or on an immoral fact or situation.

I could speak hours on this subject, in lengthy detail on each one, but the Words I have just spoken must alert those who write My Words and those who will read My Words, to the responsibility each human life has in every thought, word, deed or action, because human life, being a Portion of The Creator, has responsibilities beyond what most even think about.

That is one of the Reasons This Gift of Divine Love has been given to the world through *one small voice*. It is to remind mankind of all ages, all degrees of intellect, that he or she is the custodian of a Soul that pleads each day to return to The Father, a Saint.

You say, ‘How do I know my Soul is pleading in this formal way?’ Human life has been given the distinct ability of judgment of what is moral over what is immoral, what is pure over what is impure, what is just over what is unjust, what is truth over what is untruth.

Remember My Words. They can be the Guidelines for how you will make decisions, because if you remember, as you speak, as you think, as you make decisions, you are responsible for each portion of them, and how they affect your life and the lives of others with whom you participate in any actions, thoughts, words, deeds.

As I leave you, I beseech you: never forget your Soul, because It is a Portion of The One Who created you, and human life is a privilege beyond

**what you can imagine it or understand
it to be. So be it.”**

SAINT CHRISTOPHER

“I am Saint Christopher.

We oftentimes hear men, women and children make a statement, calling a situation ‘a sign of the times’. This statement, of course, means they relate to the time, the actions and the situation as a oneness in content, in meaning, in purpose.

At the beginning of the Creation of human life, The Father designed human life with an intellect, allowing the individual to learn many things. Logically, at that time there was nothing for human life to imitate, so human life set the stage for what was to come.

The speech in human life is caused by how human life was created. At first, the sounds were only understood by those around, but then in the advancement of human life, there was meaning put to the sounds, thus you have what you call ‘speech’ today. All things that have an ultimate goal start with a beginning, a foundation, a basis.

Today as I speak through *one small voice*, there are millions of voices throughout the world speaking logically, illogically, some with very strong voices, some with very light voices, but the Creation of human life had a beginning.

At this time, throughout the world human life has reached a degree of intelligence in many fields, on many issues, for many reasons. Time has a way of developing subject matter, particular conditions, and the reality of what human life is capable of, capable of producing, capable of conquering.

The Father has given to the world a Gift of Communication through *one voice*, thus allowing the Words to be put into script, not just educationally, but in a form and manner that everyone can associate with, and feel a part of.

When the first words were announced about a 'Messiah' a very long time ago, human life was in great need of This Occurrence, because of the necessity that human life needed in moral restrictions, moral understanding, moral communication, moral advancement, and the ability

to comprehend a Supreme Power that was The Deliverer of all that human life was about.

All through time, in different areas of human life, men, women and children have advanced mentally, physically, spiritually. There has been one area that human life has always needed to have a Superior Power instruct them in, and that of course is the Spiritual Foundation for which human life is accountable.

As I speak to you today, I speak with a deep Love and yet concern, because there are so many men, women and children of all ages who use their own interpretations regarding what is morally sound, morally correct, morally pure, morally comfortable, oftentimes omitting that in human life there is a Gift of Divine Love that gives to human life a closeness to The Creator that nothing else is created with. It is called 'a Soul', 'the Soul'.

In this very knowledge in this Fact, it gives to human life a Special Gift of Divine Love, separating human life from all other living matter or things. That is why The Beloved Son of The Creator came to the earth

Personally, and spoke openly to those around about what mankind knows as morality, Spiritual strength, and what The Father expects of all humanity to recognize, that ‘this creation’ is made to the Image and Likeness of The Creator, and is above all other creations that add to what human life needs in many ways.

As I leave you today, I beseech you to remember: To be born as a human being is Greater than any other living matter or thing, and that is why it is important that human beings understand The Rules to live by, for man, are The Rules The Creator gave, separating human life from animal life and all other living things.

As I speak to you today, I beseech you to pass These Words on to awaken in others, not the rights they have, but the obligations they have to uphold the Purpose for which they were created, and the Greatness of the Gift for this life that nothing else has, because this is ‘the only creation’ that is to return to The Father a Portion that is a Portion of Himself within each human life, thus giving human life a Divine Love that nothing else is the possessor of; this unity that the Soul, as the

Connecting Link, is the Greatest Gift of Divine Love that mankind is the custodian of daily, physically, mentally, and in each conscience, even when it is not shown openly by the individual in their actions. So be it.”

SAINT IRENAEUS

“I am Saint Irenaeus. This Gift of Divine Love in which The Father gives so Many of Us the opportunity to speak on subjects, helping those yet alive in the world to more fully understand more about what human creation is all about, and the Gifts of Divine Love instilled in this creation that, in many ways, has not been discussed in previous times.

Though it is difficult for many men, women, and even children, to fathom, to understand, to accept a Miracle of This Type of Love, does not make This Gift untrue or false in any dimension of It, any division of It, any subject of It.

There is so little instruction by so-called ‘religious learned’ men and women on the Importance of human life and what it contains beneficial to its ability to see the magnitude of love, trust, hope, that is instilled in each human life.

When We hear conversations based on difficulty in understanding

all the facets of human life, it is a sadness to All of Us, because logic is evident in all that The Father has instilled in human life: the Gifts in the mind, using the mentality to better understand, more fully comprehend a subject that gives hope, strength, ability, understanding, and a goal to whatever an individual thinks, speaks, practices, or is involved in.

Today as I speak, it is with a Deep Love for The Creator, because it is Divine Will that All that is delivered through This Gift of His Love at ‘this time’, that it is important that human life understand the True Existence of The Creator, and the True Values that human life is the possessor of through Divine Gifts, Divine Love.

Today My Words are to instill in everyone who will read Them, a deeper understanding of the Importance of human life that is so closely connected to The Creator, to The Father Himself, because He Wills the Soul to return to Him at a given time.

Perhaps I speak differently in some ways than so Many Others that have spoken through This Gift, but The Father permits Us Each to speak

in a way so that certain individuals will more fully understand the subject matter, because all human beings have the tendency to be able to absorb What is spoken or written in a different degree than others.

It is My Wish today that many will find Hope, Direction, Guidance and Love in What I have spoken, but also, through These Words, the desire to more fully accept The Father's Will and one day become 'a Saint'. So be it."

GOD THE FATHER

“Though it is difficult for many men and women to believe that this *little one* walks in one hundred percent Truth, does not justify their negative reaction, because What they hear and/or read through This Miracle has evidence in It clearly stated that is Truth, and put in a manner and a degree understandable to all mentalities.

Excuses are only excuses and these must cease. My Words are meant to direct the human Creation of Mine to more fully understand the Importance of why I created human life, My Purpose for it, and My Love in it. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius.

Heresies are rampant throughout the world. A heresy is detrimental in many facets of it, not just on one point. Heresies develop and integrate other facets of human life, because basically they are destructive in many forms, many ways, many degrees.

If a heresy enters an organization, or a country, or a situation that is important to the mind, the body, the Souls of human beings, it spreads faster than fire, because of the human minds absorbing it, concentrating on it.

Today as I speak, I speak firmly, yet My Intentions are My Love for human life, because at this time in which you live there are so many heretical factors that dominate the private lives, the work lives, the social lives, of all divisions of human life; also, in all monetary values of human life.

Children do not understand when they partake in a heresy, how detrimental it is to so many portions of their life.

So Many Saints stand Here in the Heavens, and oftentimes when They are present at a group of individuals who are practicing immoral views, actions, even testimonies, the Power of the Saint is superseded by the power of the demonic pressure that is present also.

My Words are spoken strongly, and put into script in the manner I am speaking Them, for you do live in a time worse than Sodom and Gomorrah. But now let us go back to the time of Moses, for when he came down from the mountain, those who were supposedly believing in him, walking with him, were using vile impure actions, because of the timing it took for The Commandments to be instilled into Moses.

At this time in which you live, mankind lives by timing in so many ways, so many areas of life, but it is sad for Me to say, oftentimes is not controlled when heretical actions,

impurities of the mind, the body, are taking place.

As I leave you, I plead with you that the Words I have just spoken be passed to millions of human beings, and though some will question Them, belittle Them, deny Them, They are Words of Truth, of Fact, of Deep Concern for All of Us Saints, because impurities of the mind, the body and the Soul are a sadness to The Creator, because the human mind has the ability to discern what would be pleasing to The Father, and what is purity for the Soul. So be it.”

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. With Me Here is Saint Athanasius, Saint Peregrine, and Many Others.

As *one voice* is used to deliver important Messages, instilling into the human minds the Importance of life, because it is the custodian of a Portion of The Father from the moment of conception on, *the little one* is looking at Our Faces, trying to distinguish which One of Us is speaking, for All of Us appear as though We are talking together, and not just to her. We All smile at this, for she is never without concern for This Communication to be exactly What The Father Wills through her.

Most of you have never heard her speak this slowly, but her concern is more of Our Appearance. We smile at this *little one*, because her Tasks are multiple, her Responsibilities unlimited, and her love for The Father, incomparable.

As I proceed, it is to remind all of mankind that they are never alone,

because each human life is accompanied by a Portion of The Creator, from the moment of conception until the time that this Portion of Divine Life returns to from Where It came.

Today is a Blessing beyond what human life can fully comprehend. As I release her slowly, it is so the Words can become more clearly on the subject matter intended for this Message to be.

The Father has given to the world a Specific Gift of Divine Love, a Gift of Communication, of Direction, that is difficult for many to understand, comprehend, or even to believe. The world is saturated with so many vulgar sins against the Souls. By vulgar, I mean impurities of the mind, the body, the senses.

It is important today for all who write These Words to see that Every Revelation is sent out to the world, whether It is rejected, resisted, or spoken about in a negative way. There is much jealousy that surrounds this *little one*, but no human being, no matter how intelligent, how educated, could handle What is passed through her so quickly, so often, and with the

detail that is so important to the Souls of millions of human beings. Those at the present time who are on the earth, and those yet to come, must one day read All that has been delivered through this *one small voice, one small body*, because of the Importance of This Gift of Divine Love.

I will shorten My time with you, but you must understand there is always the Presence of Many Saints where this *little one* is, because of the Magnitude of the Purpose for which This Miracle of Divine Love was created, presented to mankind at ‘this time’ throughout the world. So be it.”

SAINT MICHAEL

“I am Saint Michael. Throughout the world I am known as ‘a Warrior’, as ‘a Protector’, though it is difficult for many human beings to understand that an Angel such as I am, would be so close to human life, and in so many areas of human life, because I cannot be seen, I am never heard by the human ear.

Today as I speak, I speak with a deep concern for all that is occurring that can be considered vile, contemptible, and catering only to the enemy of The Father, and the enemy of mankind.

As I hear some who will read These Words ponder over the fact, and want to have others describe what they feel when an Angel would speak, it is important that human beings of all races, all colors, all creeds, realize and accept that Angels do Exist for many reasons, and have since the beginning of time.

The world of mankind is in chaos, and many individuals depend upon

warriors of different natures, different degrees, to protect what is good, what is pure, what is right. Mankind, in their understanding of this condition, situation, should easily understand that The Father, in the Creation of All Things, considered every angle, every situation, every purpose for All that was created.

Today as I speak to a small group and My Words are put into script, it is important that These Words travel in different areas, awakening the Reality of The Divine, to The Divine; the Reason The Father has given so many obvious Gifts of Protection to human life, and Purpose for human life.

Today as you look around you, you cannot be sure how many you speak to, or consider close to you, truly believe in The Divine and All that Exists in The Divine. It is sad when We hear so many ignore how The Father has protected human life in so many ways, so many areas.

Many, many individuals do not believe that they do have a Guardian Angel, and the Angel, though not seen, is always present, but the Angel allows the individual the freedom of action,

the freedom of the will, the freedom to respond, because of the Soul that is so Important to every individual human life. As the Guardian Angel knows it would not be 'just' to not allow the free will to be used, so the Guardian Angel is there, many times encouraging an individual to not be impure, but to see the reality of the importance of the right decision.

Today as I speak, it is with Deep Love for The Father, for do not forget, I am a Portion of Him. The Father is not a man as human life knows man to be. He is Beyond and Above all human identity, but the Very Existence of This Living Entity of Power, Strength, Hope, Love, must be seen for Who He Is, What He Is, because it is The Creator of All Things that has designed All that exists, and has given human life a degree of understanding, a degree of intellect, a degree of being able to make decisions to aid human life in many ways, in many areas, regarding all that is involved in human life.

Needless to say, This Gift of The Father's Love for human life is not being understood in the Greatness It is, because human life has a degree of understanding, a degree of

commitment, a degree of acceptance, a degree of perseverance, and a degree that, though it appears greater than all other living things, it is able to close out what it does not want to be involved in, be responsible for, or have the power to make decisions on.

As I leave you at this time, I ask you to be constantly aware that the human way of life has a Purpose, a Goal Greater than any other thing, for do not forget, for as you are told you are made to the Image and Likeness of The Creator, it is in many ways minute to What The Creator is All About, but as children are important to human life, every human being born is Important to The Creator, called 'GOD'. So be it."
