PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so Many of Us Who stand watch over This Gift of Divine Love because of the Importance of It, the necessity for It, and the Love in the Place from Where It comes.

The Father stands over This Miracle, watchful, and constantly aware of how much service is being rendered to Divine Care. This Statement may be difficult for many to perceive, but Divine Love is evident in Every Word, Every Phrase, because It is a Gift to protect the Souls of millions of human beings.

We hear some individuals question what a Soul is, just because they cannot feel It, see It, or hear the rustle of Its garment. The Soul is placed within the conception of a human being, and as the physical grows mentally, physically, the Soul is evident in every step of the way, because the Soul is not a creation like man but is a Portion of The Divine, and is capable in every way to be present,

and many times alert the individual in whom It is placed, because the Soul sometimes is what man calls an 'alarm base'.

There are millions and millions of human beings throughout the world who have no concept of the Importance of human life. All things are based on the human mind, the human stress, the human abilities, thus ignoring that the human life would not exist if a Creator had not created it.

So much dependence is placed on the human ability to conceive a child. This is only the act that allows the child to be born. The Real Giver of Life is The Creator of All Things.

So much has been delivered through This Gift of Divine Love, and All has been put in a simple form, allowing everyone who reads It to be capable of understanding the Purpose of the Creation of human life, and the Beauty of the Goal intended for it at a given time.

So much Divine Love passes through *one voice*, giving Direction, Hope; also, constantly encouraging all types of human beings, all degrees of intellect, to be sure when they make

their decisions, to always remember that they were created by a Divine Love, and they are to return to Him, That Portion called 'the Soul'. So be it."

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I come today with a Message of Great Importance.

In so many places throughout the world there are so many diabolical practices. These are not just insulting to The Father, but very dangerous to the Souls of those who partake, those who are victimized by them, but also those who in some way, the acts are made known to them.

The world has been Blessed through what man would call ‘direct contact’ through *one voice, one Soul, one human being.*

It is sad that All that has been given by so Many Here in the Heavens is discarded as not important, not realistic, not logical, not true. The world must awaken to the Importance of the Relationship each human being has with The Creator of All Things.

Children are being fooled in so many ways, lied to and ignored. This must cease. Vulnerability is what the

enemy of The Creator and man uses in so many facets of human life.

As I leave you, I remind you that you are the custodian of a Portion of The Creator, and this causes you to be responsible to protect yourself and all others that you can communicate with, or associate with, regarding the Blessing that The Father has given through script, instructing in such Personal obvious ways, the Importance of human life, and the Importance of the Soul that each human life is the custodian of, and responsible for.

We hear jesting in conversation regarding Hell. Many do not consider it a real place. It is. It is governed by an enemy far worse than a human mind can comprehend. That is why The Father, through This Gift of His Divine Love, The Miracle of His Holy Spirit, constantly releases Messages instructing those who will read the Messages on the Importance of human life, and how much it means to Him, because you see, a Portion of Him is in each human life.

Granted, maybe for the first time These Words will be spoken: That Portion of The Creator will not go to

Hell, but It will be responsible, in so many ways, and will have to use time in ways We cannot reveal at this time.

It is important that human life understand that the mind is not the only important part of human life; the Gift of human life is from The Divine. So be it.”

SEPTEMBER 6, 2000 AT 1:30 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There are Several Who stand Here with Me because of the Importance of This Time in the life of mankind.

It is sad when We hear individuals who say they do not believe in Sainthood for the human way. It is also sad when We hear children being spoken to in a vulgar way. Children are the victims of all adults do and say, because it is through imitation of what they see that can give them strength, hope, understanding, goals.

So many men who have taken the vows of a special way are neglecting the vows openly, because they feel they should be more liberal with those who come to pray, to learn, to partake in understanding the Will of The Father according to His Way.

The Father has given a Gift beyond what mankind of any age can fully comprehend. This Gift, of course, is a Gift of Instruction through *a human voice*, for all human beings to be able to understand the meaning

of the Words, and apply Them to their way of life without hesitation, without question, because it is so logical that What passes through *one voice* is not from the body or the mind of *the one* whose voice is used in this way, at this time.

There are so many individuals who have promised to be dedicated to The Father's Will, The Father's Way, regarding the Soul they were given at another time. The Soul is evident in many ways, not always able to be seen, of course, but the Soul speaks through the voice of the one in whom It is placed, because you see, the Soul, as a Portion of The Creator, is More Powerful than a human mind can perceive.

We hear a question once in awhile, and the question is: 'Why would God choose "this time" to speak so much, and to be obviously present everywhere?' The need was obvious for a time like this, because too many Souls were being abused; also, the time is now for human life to more fully understand that human life was created for a Special Goal, and that Goal, of course, was to return the Soul to The Creator at a given time.

There were so many centuries of human life that did not know the details that have been instructed in at this time, because human life was not ready to accept All that could be spoken, instructed upon, because it had not developed to this point yet. That is why This Gift of Divine Love is so Precious at this time, because It is a Great Time in the History of human life, due to the fact that so much Communication is available from The Divine.

Remember My Words. They are meant to heal, to help, and to give hope to millions of those who will read Them in some place, some language throughout the world. So be it."

SAINT ALPHONSUS LIGUORI

“The power of suggestion is many times mightier than the sword. I am Saint Alphonsus Liguori.

Men, women and children throughout the world are subjected to the suggestions of other individuals many times, in many ways, for many reasons, not always sound in content, but many times said as a form of what man calls ‘whim’ at a given moment.

It is sad for Me to say what I am going to say. Men and women in so-called ‘high positions’ in many areas of life, do not always have the understanding, the ability, the knowledge, or I would also add to this, the moral concern of what they stand so staunch in, on, with, for.

Many, many, many years ago, before time was even counted in the way it is now, human life existed on what was acceptable, practical for the manner in which they lived, and so little understanding was directed to what was to be accepted as morally sound, morally correct. As time moved

forward, much was beginning to show in many facets of human life, giving human beings the ability to have choice. The greatest choice was, of course, to choose what was morally sound, correct, not just what was available.

The Father has given to human life at this time, important subjects to think about and to rationalize what impact certain things would have on their whole life, but also on their Soul.

It may be difficult for some to fully understand that in the beginning of human life the senses of human life were evident, but oftentimes misused, abused, because there was very little direction until The Father gave to the world a man called 'Moses', and he, in his way, was very explicit on the importance of All the subjects that were being delivered to him, and the necessity of human life learning the subject matter because of the Soul that each human life is the custodian of. Before this time, the subject of the Soul was not brought to light in Its full measure.

As I speak These Words today, there is no one who will read Them that will not have the ability to fully understand Them, because they are so logically correct and logically understanding, and logically proof that human life has a distinct ability to make decisions based on what is morally sound, morally acceptable to The Father, benefiting human life, because of the Soul that is a Portion of The Creator, Who is placed in the individual life at the moment of the conception.

So much is to be delivered to the whole world in languages that will be understood. There is much work to be done to touch those who are not here to hear the Words.

Mankind must remember that The Father has always used 'one instrument' so as not to confuse the Content with several voices, or several versions of What He wants mankind of all races, colors and creeds, to see through 'one voice', the Importance of the Directions, the Purpose of the Directions, because human life is Special, and All of Heaven is aware of the Souls that are yet to be returned to The Father at a given time, ready

to share the Greatness of returning to The Father in a State of Purity.

As I speak These Words, I speak Them with deep Love for human life, because through This Gift of Divine Love it is a privilege to be able to share What is important to those who have no other way of learning, no one to turn to, to learn the Importance of That Portion that each one is the custodian of, called ‘the Soul’.

As I leave you, My Love for you is a Love of Divine Way, because your Soul, as a Portion of Our Creator, wants to return to Him a Pure Way. So be it.”

SEPTEMBER 8, 2000 AT 12:53 P.M.

SAINT ELIZABETH OF HUNGARY

“I smile as My Name is announced because of My Presence here with you. *The little one* All of Us use to reach human beings of all degrees of intelligence, all degrees of love for The Divine, is ever aware of Who We are.

Today as I speak, it is to encourage men, women and children of all backgrounds, all ages, and all degrees of intelligence, to take what they are, how they think, and to devote it to the Will of The Creator. It is important that human beings of all ages try to understand the human life in the world of human beings is in The Father’s Special Plan.

Children are not being instructed properly. It is oftentimes thought it is too much for them to understand, but this is not so. It is innate in the mind of human life to be happy with facts, and to feel more secure knowing the reality of things.

As I speak there are so Many Saints Here with Me, because We All

care about every human being. It is important for mankind to know that life Where We are is different, but it is a Gift of Divine Love, because as We live in the Form We do, the Closeness to The Creator would be unbelievable to you.

As We many times speak through This Gift of The Father's Love, it is to encourage those who write the Words, those who will read the Words, and hopefully those who will one day be subjected in some form to All that has been delivered, because The Father has chosen 'this time' to instruct through so Many Here in the Heavens, the Purpose of human life, its Goals.

When We speak, Our desire is to encourage each one who listens, and each one who puts It into script, and of course, those who read the script, to see a Future to life, a Purpose for human life, and a Beautiful Goal that only The Father could give to a Soul.

As I bless you, be assured it is The Father's Love that allows Me to speak, because at no other place throughout the world is there such Teaching as you are the recipients of every week, or I should say every day,

and do not forget, your Faith in The Father's Love gives you strength you do not always recognize, but It also gives you assurance that one day you will see Him and you will be grateful for the time you spent learning to love Him, and serve Him in your way, in your day. So be it."

SEPTEMBER 11, 2000 AT 12:53 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

When a child is born, the child immediately learns through its sight, many things. The ears of a child respond to sound, not fully understanding the meaning of the spoken words. Eventually the child begins to learn through being the subject of much conversation, because it is important, every word the child hears another speak. Every action is meaningful to the child, even though the child does not respond in the manner that an adult would.

A child is the recipient of so many portions of how a human being thinks, speaks, acts, even to the point of how an adult listens to the noises of the child, responding with attention to the child, because of the noises. All through time this has been evident in every birth.

When The Father gave to the world a Gift of Divine Love, a Miracle of Instruction, the world did not accept It at first, yet wanted It to be

true, like a child learning something good and yet not being able to respond fully to it. But much time has passed now, and through the fact that so many Words have been spelled out, put into script, there is little excuse for men, women, even children of all ages, to not be more understanding, more knowledgeable on so many beautiful Facts that the human being is involved in. The physical seems to take precedence over all issues, but there is a Tremendous Fact that must be seen to be closely associated with the physical, giving the physical Reason to be born; that, of course, is that there is a Purpose, a Goal to the physical that nothing else, no other living matter possesses.

When The Father gave to a man called 'Moses', The Commandments to be lived by, to be held in esteem, because through These Directions human life would be guided for the Ultimate Goal of human life to be achieved. Granted, so much has been instructed through This Gift of Divine Love, through The Beloved Holy Spirit of The Creator, because of Who This Beloved Holy Spirit is. The Father has sent Many Saints to assist in the Instruction needed for millions of Souls

to be saved, through the knowledge of the ones in whom They were placed at the moment of their conception.

We hear so many say: 'How do I know I have a Soul? I can't feel It, I can't see It.' Logic does tell the human being, the human mind, that there is an innate understanding in human life when an act performed is pure or impure, right or wrong, pleasing or displeasing to a Higher Form of Life.

When a child is baptized, it is because of what is called 'original sin'. True, that sin was committed a long time ago, but it is important for human beings to understand that any mark on the Soul must be erased, because of the Goal for which human life was created, and that is to return the Soul in a Pure State to The Creator.

So many Lessons have been spoken and deliberately instructed upon indepthly, so that the human minds who read Them could see in Each One how It pertained to them, and the reason they must use self-control, and also to be more understanding of the Importance of their Soul.

I could speak hours on this subject, because of its importance

to every human being, because the Soul, as a Portion of The Father, The Creator, is the Greatest Gift any living matter or thing can be gifted with. It is the Living Portion to remain when the physical time must fade away because of its lack of strength to go on, but also, because it was born to remain only a given time, because this was the way The Father could give Portions of Himself, and then through this Love openly say, 'Return to Me What is Mine, with your name.' So be it."

SEPTEMBER 11, 2000 AT 2:37 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I am so pleased to have so many care about their Soul through This Gift of Divine Love. So much has been instructed by so Many Here in The Heavens regarding the Importance of the Soul that each human being lives with each day.

The Father, in His Love for human life, gave This Miracle of Instruction so that all ages, all backgrounds, could more fully understand the responsibilities that human life gives to each one born.

The Commandments that passed through Moses were in a greater length than you have learned Them. Each Commandment covered various issues, subjects, details, that are not apparent in how They have been shortened because of the inability to learn Them in the order in how They were given at another time.

Through This Gift of so much Wording, it is important for all ages to be aware of how much Love is being

put into script, so that men, women, and even children have the ability to more fully understand that human life is Special, and has within it a Portion that nothing else has a Portion of, the Supreme Power of Divine Love, called 'the Soul'.

The word 'Soul' to many is a Connecting Link of Association, Participation, and each day It must be remembered, because all that an individual partakes in, speaks, the Soul receives the meaning, the purpose, the reason, and many times the results of what is meant by what is spoken or acted out.

Think of it this way: If you put your hand in mud, would it not get soiled? Now, put your hand in something that will give it strength, hope, security, and a meaning that nothing else could do. Would it not be beneficial to your hand? Your Soul is like this. Your Soul is Precious because It is a Portion of the Most Important Thing in the world, the Close Association the Creation of mankind has with The Creator of All Things.

Morality is important because through sound morals the Soul is respected, sometimes even honored by the one in whom It is placed. It is important for human life to be aware that every thought, word, deed, action, motive, reflects in one's Soul and is recorded for that day to come when the Soul faces The Creator. Think about this. It will make every move, every thought more important, because it will give strength, hope, and a purpose to each day you live. So be it."

SEPTEMBER 12, 2000 AT 10:30 A.M.

“Mankind would not or does not expect a Miracle of This Dimension at this time. It is a Rare Gift of Divine Love, but a Very Important Gift to mankind, because at this time The Father is going into much detail on subject matters that human beings would not have the inclination to feel, think, and/or accept as important, because there is so much humanism being accepted, thus ignoring and/or dismissing the Importance of and for human life.

Children must learn to think about Who is The Creator, because so much emphasis is on the humanistic talents and mental abilities, that God is oftentimes overlooked.

Church officials must turn back the clock and remember to see the logic in all there is, and stop taking things for granted, based on only a humanistic version of the Importance of human existence.”

SEPTEMBER 13, 2000 AT 12:56 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas. As I speak today it is with deep Love and deep concern for so many who believe, or say they believe, in a Divine Creator.

Basically, there is so little attention daily paid to the True Full Existence of a Divine Creator, because men, women and children find what they do each day, somehow or other, takes precedence over their attention to perhaps a prayer now and then, even an *Act of Contrition* now and then.

We hear some say, ‘I don’t say an *Act of Contrition* because I do not feel I have committed a sin.’ Basically, very few individuals consider many things that they participate in, that are either on the border of sin or considered a sin, thus ignoring the full concept of what a sin is.

So few children are being instructed on The Commandments of the beloved Moses. Moses did not make These Commandments on his own. He was ‘an instrument’ of The Father’s,

and logic should tell human beings of all ages that as These Commandments were delivered, They were delivered indepthly, with much more meaning than a single word or a single sentence. There is not enough emphasis on the importance of The Commandments.

Today, as Many of Us Saints gather and speak Words of Direction, not just comfort, it is important that All that is spoken out of the context of what you usually hear or speak, should be considered important when it pertains to your Soul, your conscience, your practices, and your dependence on Divine Guidance.

The world has been Blessed with a Miracle, and We hear some say, 'Why is It called "a Miracle"? It is Dictation that is understandable.' It is a Miracle and much 'Preparation' went into The Miracle by Many, Many, Many Saints, and The Father's participation was what man would call 'the ground-laying' for All Else to be put in the Context of Understanding, of Direction, of Concern, of Love.

We hear doubt from some who do not understand too many things, because humanism oftentimes is based

on many issues that do not satisfy the Spiritual needs, only the immature mentalities of those who speak about time, how they spend it, and what is enjoyable to them.

I could speak hours on this subject, but as I close My Words at this time, I beseech you, for the benefit of your Souls, to always remember that ‘Sainthood’ should be your Goal. So be it.”

SEPTEMBER 14, 2000 AT 1:13 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As I speak today, I speak with deep concern for Souls of millions of human beings. At this time in which you live the Soul is rarely, if ever, mentioned as an Entity of Divine Being; in fact, the Soul is ignored because It cannot be seen, and with no mention of Its Existence, it leaves no value to what an individual should think about, be concerned about, or feel close to, in responsibility for It.

The young are not being instructed on the Purpose of human life. There are so many diabolical sources, forces, instructing on miscellaneous things, thus ignoring factual important statements, meaningful to the mind, the body and the Soul of human beings.

We hear so many excuses, doubts, misinterpretations, based on a lack of desire for responsibility, certainly not on fact, certainly not on in-depth knowledge of the logic that a True God Exists.

This Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’, has enlightened mankind on the Importance of The Third Person of The Holy Trinity, The Spirit of God, The Spirit of Light; also, That Spirit that each human being is responsible to, responsible for, through the Soul in which This Spirit Exists in each life.

As I close My Words I am deeply concerned, because there is no place throughout the world that so much is being instructed on the Purpose for human life, the responsibilities for human life, and of course, the Goal that only human life has the privilege to reach through their Soul, at a given time. So be it.”

SEPTEMBER 15, 2000 AT 1:05 P.M.

SAINT BERNADETTE

“I am Saint Bernadette.

When two human beings greet each other, they oftentimes use a hand holding the other one’s hand, which draws them closer in union, representing friendship, sometimes honor. When an individual blesses himself or herself, it is a union of this nature, this way, that alerts The Father that the man, woman or child is greeting Him in a specific manner, way, calling attention to their presence and the reason for doing this, this particular way.

Today as I speak, mankind is so interested in what is politically correct or gives credence of importance to what they say or do. As a human being to another human being, many acts are to impress another one in some form, some way, some manner. Communication between a human being and The Creator truly set the precedent for mankind to recognize each other out of respect, friendship.

Children are not being instructed on the importance, upon awakening in the morning, to bless themselves immediately, greeting the day with an act of love for The One Who created them, and The One to Whom they are responsible for the day. The same thing goes when nighttime comes; a Blessing, crossing one's forehead, chest and shoulders, requests that The Father in His Love, and their love for Him, They will be together until the morning rings in. So few men, women and children make this a practice of the day.

It is important, What I have just spoken, because it is to alert all ages, all degrees of intelligence, that a simple act proves one's love to The Divine each day. So be it."

SEPTEMBER 18, 2000 AT 1:37 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

When a child is blind in the eyes, the child can be victimized in many ways. It is important that there is a constant protector surrounding this child, to help the child be safe from all that is evil, unkind, impure, indecent. A child who is blind, many times sees many more things in a true light of value, because of the sense of justice, logic, based on what the child is endured to practice.

The world has been Blessed by a Gift of Instruction because of The Father’s Love for all mankind.

The senses of a human being are in many ways protective because, in them, the senses all have reasons, purpose. The sense of sight, touch, smell, oftentimes is a security, because in its obvious use, there is a system that automatically registers in the mind of an individual. Hours could be spoken on the importance of the senses of human life.

Today I would like to mention one Gift that is very important, and that is the Gift that is basic in most individuals — knowing that there is a Divine Being Who created All things. Logic tells that This Being has a Purpose and that human life was created for a Great Purpose, and that is to find a Higher Place for one's Soul that cannot be seen, but in many ways is obviously present through the insight of understanding a pure act from an impure act, a just act from an unjust act, and that there is a Creator Far Superior than human life could ever be.

Children are not being instructed properly on these Facts. So much emphasis is put on the humanism that each day must respond to, and it is sad to say that this is an important factor that is emphasized above and beyond the others I have spoken about. There is too little instruction on what a human being is gifted with, namely 'the Soul'.

We have heard very learned men and women mention Its Existence, but not truly or fully understanding that the Soul is what makes human life be all it is, and have the Goal that nothing

else is created for, because the Soul is the Connecting Link between The Creator and man. All the gifts in the world, all the intelligence that a human being can absorb can never compare to the Soul's association, closeness to the human way, body, mind, goal.

Children are not being instructed on all the facets and Gifts of human life. Everything is spoken in such a general form, way, manner, degree, that nothing seems to show the closeness it has, it is, to The Creator.

We have often heard an individual say, 'Who created me?' and the answer is: 'Your mother and father,' but this is not the full answer, because it is important for a child to understand, to more fully comprehend that human life is gifted with a Divine Creator, and that human life is responsible to This Creator and will be Judged by This Creator at a given time.

Thousands and thousands of Words have been spoken through This Gift of Divine Love. It is important that All that has been put into script be passed throughout the world, so that the Souls of millions of human beings will be recognized as an Important

Portion of human life, and that each human being has a Soul.

It is amazing but it is also sad, even some of the most so-called 'learned' men and women have no concept; either that, or they ignore It, never speaking about the Soul. It does exist, and It is a Portion of The Creator. Logic says It can no longer be ignored. So be it."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Character has several meanings to every man, woman and child. One’s character oftentimes immediately shows what an individual believes in, practices, or condones for others to accept. Character, in its importance, oftentimes gives to others strength, hope, endurance, practicality.

Today is an important day, as every day is in the life of a human being, because as dawn awakens thousands and thousands and thousands of individuals of all ages, what must never be forgotten is the fact that every life has an effect on others’ lives in some way, some degree, for some reason.

Children are not being instructed on what their actions, their attitude does to another human being. So much is taken for granted, and so much sound reasoning is lost, because of the indifference human beings have towards how they affect each other.

My Words reflect The Father's Will, because as each action of a human life affects another one, the Soul is a recipient of what occurs, thus making it two Souls: the One Who is the One of who speaks or acts, and the One of who receives the intentions, the purpose, the subject, or the problem, plus many other things.

We see so many men, women throughout the world studying so many subjects, and so few truly take into consideration all they are responsible for as an individual, and what effect they have on other people's lives through the unwritten words, because much is passed from one to another through appearance, expressions, speech, and of course, just the very actions sometimes affect another one's life more than it shows.

As I bless you, I beseech you to be good example in all you think, say, do, practice, because, do not forget, when two or more individuals are in the same area, one life affects another one in some form, some degree, some way. So be it."

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene.

The Father, in His Love for human life, has given to mankind a Blessing, not just of Encouragement, but of Sound Direction based on all that is good for the Soul, because the Soul, as a Portion of The Father, is to be returned to Him at an appointed time.

Think of this next Statement: When you receive a gift of great monetary measure, the one who gives you the gift expects you to care for it and to hold it as a treasure. If he or she finds out that you have become careless with the gift, or uncaring about it, the giver carries a sadness because of what he or she felt in giving this gift, and of course, the importance of the gift made much difference, because this gift would not have been given to something or someone that would not have appreciated the gift, as you were expected to appreciate the gift.

What I have spoken may sound clinical to some people, just clerical

talk to others, but the in-depth meaning is to remind those who read this, that at the moment of conception the Greatest Gift each life receives is a Soul, a Portion of The Creator, to be returned at a given time so It will be in the Place from Where It came, in a Beauty and a Service to be thankful for.

I speak differently today, because there is so much lack in understanding what a Precious Gift human life is, and the Importance of it, every facet of it, and of course, the Goal for it. I am aware that Hundreds of Saints have spoken on subjects through This Gift of The Father's Love. The Words must reach the far corners of the world, because there is no place as 'this place' is, that so much Love The Divine Way is being handed openly, specifically, to human beings of all ages, all degrees of intellect, all backgrounds.

So Many of Us stand by each day, twenty-four hours a day in man's time, and wait for The Father to nod for One of Us to speak. Sometimes it is not noticeable that It is coming from One of Us, but I add to this: Truth has a way that one could call 'an indelible mark' on the Value of What is spoken.

So many times We see an individual, or several, think of a Statement that has been spoken through This Gift, and they search for what It means to them, their way of life.

As I leave you now, I want you to know ‘Sainthood’ should be your Goal, for any other goal there could never be the Happiness that We All share, in service to The Creator that is always there. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The subject of History has so many facets to it, in it, because there are so many subjects that are important, due to the fact that human life, existing at different times, accomplished many things of importance.

Without the abilities of human life being recognized for what was accomplished, human life would not have the full, true story on important subjects that pertain to so many facets of human life: discoveries, famous statures amongst different phases of human life, the progress that mankind was able to accomplish with the mentalities that were capable of giving physically, mentally, and in scripture, the advancements in detail.

Mankind, at this time, has many practical advantages that could be established for the benefit of millions of human beings. It is sad for Me to say that so many delays occur because of the attitudes, the lack of self-discipline, and the egotistical degrees

of those who feel they have more than the next one, oftentimes eliminates the greatness of what a human being can produce medically, physically, morally.

My Words may sound different at this moment in time, but so Many of Us Here in the Heavens see human beings with great talents, waste what they are morally, mentally, physically, spiritually.

What I have spoken about is perhaps different than Other Revelations, but it is important to awaken the minds of those men, women and children who have the sound moral values, standards, and devotion to The Creator, God Himself, to use what they have, helping others more fully understand the important benefits of human life.

What I have spoken is different, because mankind has a way of standing back and not using all that he or she is capable of using, to give strength where it is needed, hope where it is needed, and belief in the True Value and Existence of a Divine Creator Who is constantly aware of every act,

thought, word, deed, in all human life.

As I leave you, I beseech you to not forget to pray for strength, courage, in what you know is beneficial to the lives and Souls of millions of human beings that you do not know and never will know, but prayer is a lost entity of communication in many ways, even though you have many who publicly pronounce, announce, and constantly reiterate the importance of how they determine many subjects regarding life and the Spiritual aspects of it.

As I leave you, I bless you, to have the strength, the courage, the ability and the initiative to stand strong on what you feel is important to the Souls as well as the human life, because the Soul is not physically evident and is forgotten, rarely thought of, and many times just dismissed as only being a possibility in existence, because It is not seen by the human eye. So be it.”

SEPTEMBER 22, 2000 AT 12:49 P.M.

GOD THE FATHER

“As I speak to you today, I will announce Myself in different ways. As I am The Creator of All Things, I am also The Holy Spirit. By Holy Spirit, I mean Above and Beyond what a human mind, being, is. There is no place throughout the world who can fully decipher Who I Am, What I Am, or the Magnitude of My Being. The world is occupied and preoccupied with personal definitions of My Existence, the Reality of My Existence.

Today as I speak through *one small voice*, I have spoken Words deliberately, so as to help you more fully understand what This Gift of My Divine Love means to the world of man.

Throughout the world there are many degrees of suffering in human life. So much emphasis is put on the physical, thus ignoring the mental. Now when I speak ‘mental’, I mean the fact that the mentality of human life does not reach for more understanding

of Who created it, and Who created All things.

As I speak through *one small voice* that I have used for many, many, many, many years, I speak Words understandable to human life, so that men, women and children will be able to apply All that is given to the Importance of their life that they cannot see, called 'the Soul'. This Gift of My Divine Love is above and beyond human understanding.

I oftentimes wonder, when an individual acknowledges the existence of 'a Saint', how do they really understand the fullness of this word? Is it because they have heard the Soul becomes a Saint, or do they apply this Gift of Divine Love to all that the individual stood for, participated in, and learned to obey, because of his or her understanding the Importance of the Soul that they were the custodian of from the moment of their conception until the present day?

As I close My Words to you, you must remember that within you there is a Portion of Me, never seen, never truly felt, but there is a conscience within each human being that tells

them that what is right, what is wrong, must be seen for what it is; also, that within their understanding that a Supreme Power Exists, it is obvious that This Power is aware of all that is spoken, done, practiced, used by the physical of every living human being.

There is much responsibility to human life, and that is why I have given This Miracle of My Divine Love to man, making them aware of My True Existence and the Purpose of My Plan, to share with Me the Soul I gave, to give strength to human life, and to give it the ability to know that human life had a Goal that no other living matter or thing has or had. So be it.”

**SAINT AUGUSTINE
SAINT ANGELA MERICI
SAINT PETER
SAINT DOMINIC
SAINT CATHERINE OF SIENA**

“There are Five of Us present. I am Saint Augustine. I am Saint Angela Merici. I am Saint Peter. I am Saint Dominic. I am Saint Catherine of Siena.

As so many of you in this past week were privileged for The Father’s Words, it is Our Hope that you will remember All that was spoken, What occurred, and of course, the importance of What you saw.

The world is saturated with so much diabolical pressures on the minds, the natures, the personalities, the ideas, ideals, the egos of millions of human beings.

It is sad for Me to say the next line. If there are not major changes in moral values, standards, views, actions, many will feel the suffering of atonement that The Father does not want to enforce.

***The little one* through whom We All speak openly fears such an occurrence, because she fully understands the Power that man cannot tolerate, humanly speaking, that would have to be evidenced, not in anger, but in Justice from The Father.**

There have been so many Blessings of Words giving Directions on what is not just feasible, not just practical, but necessary, because of the Souls that are at stake by all that an individual uses morally, immorally. It is easy for mankind, or I should say the human mind, to justify punishment as it is practiced in the human way, so then I would suggest, The Father's Justice should be seen in a rational understanding, because through the Gift of human life, of the mentality and physical abilities, the human mind knows what is proper, what is moral.

It is important that All that has been delivered must reach the world of human life before it is too late. All of Us Saints plead with you who walk with this *little one*, to use your abilities to deliver All that has been spoken for the good of Souls of millions of human beings who do not have the privilege to be as close to This Gift of The Father's

**Love as you have been, and you are.
So be it.”**

SEPTEMBER 26, 2000 AT 1:13 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Education is a primary subject, because it is thought to enlighten all minds to a greater degree, on more understanding in several subjects. The one subject bypassed is the most important subject of human life, and that, of course, is one’s belief in a Divine Creator, and the Fact that each human being has a Portion of This Creator within them.

There are so many individuals of all ages who spend much time expounding on personal religious beliefs, thus ignoring the logical prescription for sound religious beliefs.

Today as I speak, there are millions of men, women and children throughout the world who never once during a day think about The Creator, and the same number do not understand the Purpose for which human life was created. There are very few instructors on the sound purpose, reality, of what a human being consists

of. Most dwell on the mentality, rarely discussing or questioning what subject the mentality is, that the individual appears so profound on.

The Father has given to the world a Blessing, not ordinary, in many ways, because of Who The Instructors are in This Gift of Divine Love. No human mind of any age would have the capability, the understanding, the full background, or really the incentive to be able to describe the Importance of human life. That is why This Gift has been given to men, women and children of all ages. The Father Decreed the Time to be wherein mankind of all ages, all backgrounds, would be instructed on a fuller account of certain Entities of human life that are of Great Importance.

Many human beings at this moment would never feel that their moral values, standards, had anything to do with their Soul, because the Soul is rarely thought of as a recipient of what a human being acts out, acts on, acts with, every day, under all circumstances.

As I close, it is important that nothing that has been delivered

through This Gift of The Father's Love be delayed in reaching millions of men, women and children of all ages, because as it was spoken before, many times, 'You do live in a time worse than any other time in the History of human life,' because so little emphasis is placed on the moral importance, the moral necessity that human life is responsible for at a given time.

I could speak hours on this subject; in fact, endlessly, because each human being has the privilege to bear a Portion of The Creator, and is gifted with talents, achievements, and a variety of things that make human life interesting; but I plead with you today: release All that has been given through This Gift of The Father's Love, bearing the Name of The Beloved Saint Joseph, because All of The Saints Here in the Heavens want This Miracle to save Souls. Why? Because the Soul is a Portion of The Creator, not understood by many, but reality must enlighten the mind to know that without a Soul, human life would be like all other animals.

**Remember What I have spoken.
So be it."**

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

Proof of The Father’s Love for human beings of all ages, cultures, is oftentimes obvious because of circumstances that occur, that causes Him to wait for the individual to be able to more fully understand What He wishes to say.

As Each of Us Saints speak, be assured What We speak, the Content is The Father’s Will to be given at that time. Each human being of all ages is Important to The Father, because within each human being there is a Portion of Himself, called ‘the Soul’. No human being is ever born without a Portion of The Creator at the moment of conception.

All of The Saints Here in the Heavens want everyone who is born to become ‘a Saint’. This Gift of Divine Light, Love, is a Gift that is of such Great Importance, and also based on Divine Love.

It is sad when We hear individuals openly ignore what a Gift the Soul is to every human being, because as so many things in human life need a connecting link, the Soul is the Connecting Link between The Creator and every human conception. The Soul is present before the birth. This is a subject that so many individuals do not understand, or really never think about.

The full Greatness of the Soul is evident in human life in many ways, because it is innate in a human being to know what is morally good, sound, correct, right, over what is immoral, because it is void of any purity, and it is often based on greed, lust, anger, hate, or impurities for the Soul.

As I leave you today, I leave you with much Love, because Every Saint Here Where I am enjoys taking part in This Gift of The Father's Love to human life at this time. None of Us want to see a Soul lost because of the negligence of the one in whom It was placed at the moment of his or her conception.

Many stand Here with Me as I speak because, do not forget, as you join other human beings for many

reasons, We Souls are in constant touch and companionship with Each Other. Remember this. So be it.”

SAINT BONAVENTURE

“I am Saint Bonaventure.

Children, from a very young age on, should be instructed on the importance of learning important facts; also, being taught to recognize important situations regarding their thinking, their participation in things, and also, how they discuss others. Very little is touched on this subject.

Too many people of all ages accept so readily what is oftentimes important issues that should be spoken when they are being thought about, not waiting until some other issue is lessened in some form, some degree, some way. That is why The Father has given to mankind of all ages This Beautiful Gift of Divine Love.

So Many Saints have participated in dictating on issues that the average thinking in human beings would not be, on particular subjects that The Saints find important for the mentality, for the consideration of others, and of course, for the Souls of everyone involved.

What I have spoken should be allowed to be seen by many others, because in so many ways, what an individual thinks is important and should be discussed, is passed over because of politeness, or too much discretion on timing.

As I leave you, it is important for you to understand Every Saint Here in the Heavens welcomes The Father's Will for Them to speak, and What They speak be put into script, because if it were not for This Gift of Divine Love, so many men, women and children would not be alert to the importance, I should say, the obvious importance of a human being's actions, thoughts, inner actions with others; also, the knowledge that the Soul in each human being is a Portion of The Creator, thus making human life Special and having a Goal that nothing else is created for.

Hopefully My Words will pass through millions, because you see, time is important and so much time is wasted on unimportant things. So be it."

OCTOBER 2, 2000 AT 12:43 P.M.

SAINT CHRISTOPHER

“I am Saint Christopher.

When a man, woman or child loses a material item, many times they become very upset, irritable, because the item was important to them. Materialistic values are oftentimes so cherished, so personal, that an individual forfeits any loss to his or her moral values, moral standards, moral rules, moral conditions, because humanistic evaluation of things oftentimes supersedes the Precious Gift of human life, from the moment of conception on.

Why is it difficult for so many human beings to not see the value for which they were created: first of all, the ability to communicate, the ability to achieve certain things in life worthwhile, the ability to learn about multiple ideas, facts, items of great importance?

In the beginning of time, mankind had to go through stages of learning how to speak because of necessity of communication, but words were not as

they are now. The Father has allowed time to give to human life so many advantages, more understanding of the Value of human life, and the Goal for which it was designed to attain at a given time.

There are millions and millions and millions of words yet to be learned, and better understood for the value they are to human life. If changes like this had not taken place thousands of years ago, human life would still be in a state of no understanding.

The reason I have spoken on this today is because there is so little gratitude shown for the very Gift of human life, and all that it is able to do, plus the fact it has a Goal. This Goal doesn't mean great mental achievements, but it does mean that there is in each human life a Very Important Gift that no other living matter or thing has, and that is a Soul. This Soul is a Portion of The Creator. No Greater Gift could anything or anyone be the custodian of, but with this Gift there is a Goal, a Purpose that nothing else could ever achieve, and that is to return to The Father the Soul in a State of Purity.

Human life has been given the ability to understand what is pure over what is impure, what is just over what is unjust, what is right over what is wrong, what is truth over untruth, what is pleasing over what is displeasing, but the main factor to remember is protection of one's Soul under all circumstances, conditions, temptations, because the Soul is to be returned to The Father. It is a Goal for every human being born to the world that nothing else has, and so little is being recognized on this difference between human life and all other living matter or things.

All that I have spoken should be brought before millions of men, women and children, because it is not seen in the sound reality it exists. The human mind very often ignores what is valuable and chooses what is enticing, encouraging, or more apt humanly to please.

What I have spoken is important because it is to awaken the minds of millions of individuals to the importance of what they think, what they do, what they say, and what Goal they truly see their life was created for one day. So be it."

OCTOBER 3, 2000 AT 12:50 P.M.

GOD THE FATHER

“I am God The Father.

You live in a time similar to the Time My Son walked the earth. Men, women and children, in many ways, were void of sound understanding that they were created by a Divine Being, a Divine Entity of Power, Light, Knowledge, Wisdom.

I have given to the world a Gift of My Divine Love, through *one voice* perhaps, but because of the written Words that I Decreed to be necessary, is to give to the whole world of human life, Directions, Understanding, Guidance, that nothing else, or no one else could do.

My Love for human life is beyond what mankind understands love to be. This Gift of My Divine Love puts My Love in many ways, many degrees, so that all manner of human concepts can relate to a Higher Being in control of All Things.

The world is in great turmoil mentally, morally, physically, spiritually,

but it is only due to the fact, to the degree, that the weaknesses in human life allow it to be, basically catering to the enemy.

As I speak to you I can read your thoughts, over and above what you write as My Words. There is no thought in any human mind I do not hear. There is no action in a human being I do not see. To understand the Power I Am would be impossible, but I have given human life a conscience, a mentality, a degree of understanding certain things. I have given hope, and many, many abilities, making human life superior, above and beyond all other matter or things.

The Soul that I have instilled in each conception of human life is an unseen Portion of Me, thus giving to human life what human life was designed to have, and that is the ability to see purity over impurity, love over hate, beauty over ugliness, and truth over untruth.

I repeat many of My Things in different ways, so as to touch the minds of those who do not remember the first way, that hopefully one or two or three Words will spark more

attention, and give to the individual or individuals, a fuller understanding of what is important for the Soul that he or she is the custodian of, and of course, more love for Me.

Rarely does anyone speak about Me in the degree beyond what they instinctively feel, but it is important that This Gift of My Divine Love, bearing the Name of The Beloved Saint Joseph, never be ignored, because through This Holy Spirit of Mine, of Me, I have given to the world of mankind more than I have at any time, so directly.

As I close My Words to you today, or I should say at this moment, remember, you are the custodian of a Portion of Me, and that Portion is called 'a Soul'.

Time is of the essence for all human life to more fully understand it has a Goal.

As I leave you, I bless you in a degree beyond what you understand a Blessing to be, but I beseech you to remember your life is a Gift of Divine Love, My Love, from Me. So be it."

OCTOBER 4, 2000 AT 1:08 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. There are so many subjects that I would like to discuss as I speak through this *little one* that The Father has chosen to be *the instrument* of Communication to the whole world.

So little emphasis is placed on the Importance of why human life was created; much more emphasis is placed on inferior matters, things, reasons, goals, purposes. The Creation of human life is the only living thing that has a Goal beyond what the human mind can even imagine, but in the Creation of human life, many things were made to be of natural understanding, source. Many call it ‘the intellect’. Others call it ‘sensitivity’ to what is right, what is wrong, what is sound, what is unsound. The characteristics of human life vary in each human being, but the one thing that all of human life has, and that is to one day return the Soul to The Creator, God Himself.

So little is being instructed by so-called ‘learned’ men and women

on the importance of daily actions in everyone's human life. Granted, there are many different ways, means, goals, situations that occur, allowing or forcing an individual to make choice or choices; but there is one thing that all human beings have in common, and that is that they are born with a Soul, a Portion of The Creator, that they are responsible for, responsible to, in every decision made by them on every subject they are approached with.

It is sad for Me to say that so little has ever been instructed on the importance of the human mind, human abilities, human characteristics, human strengths, human obligations. Of course, the goals are obvious and yet different to every human being, according to their mentality, their background, capabilities, or personal talents, initiative, desires, and many other things that a human being is the possessor of.

Today as I speak, it is with deep concern, because there is so little emphasis put on the Goal for which human life is responsible. There are so many differences of opinions regarding the Future of the Soul, for the Soul, because it is difficult for a

human mind to fathom or discern just what a Soul is, or is like.

When The Father designed This Gift bearing the Name of The Beloved Saint Joseph, there were many Reasons for This Gift. He made It available, more easily available in Content, Context, Purpose, than people of all ages realize, but at this time throughout the world This Gift was necessary, because all mankind had to really rely on were the books written in past times. There are very few written words that men, women and children can associate what human life was created for, because in the so-called 'progress' that mankind is very interested in, the Purpose of the Creation of human life and the Goal for human life are rarely, if ever, discussed in the full degree or manner of past times.

Granted, there is much imagination, many stories, but as I speak to you today, what I am about to say is very, very important: At the conception of a human being, The Father instills in the conception, a Portion of Himself, giving to this human an identity different than all other living matter or things. Human

life is gifted in so many ways, and the knowledge that there is a Goal for the Soul of human life is basically the most valued Gift any human being possesses.

There are volumes I could dictate at this moment, but what I have spoken thus far is to touch the minds of many who have doubts, uncertainties, and of course, little trust in the Importance of human life, but as I leave you, I request you accept My Blessing to help give you the strength to be strong, sincere, and allow yourself to be example, because all who you meet, you leave a mark, and your Soul, do not forget, bears the responsibility in more ways than you will ever know.

We hear some individuals make a remark at different times, referring to an individual at a sad occurrence, as a 'victim Soul' of what occurred. This statement is, in fact, a beautiful statement, and means more, in fact, than anyone truly understands or knows.

As I leave you, I bless you, those who write My Words and those who will read My Words, for All the Lessons that pass through *one voice* are to help

the Souls of millions of human beings throughout the world. So be it.”

OCTOBER 5, 2000 AT 12:43 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many excuses being used to dismiss This Gift of Divine Love. Those who feel they are in authority and knowledgeable on all Spiritual facts are oftentimes found ignoring Truths of Great Value to the minds, the wills of millions of human beings.

In many walks of life, those who study intensely on a subject feel very authoritative on every angle of it, in all issues of it, and of course, how it affects many circumstances, many lives.

Today as I speak, My Words are important, because through These Words, hopefully many innocent bystanders to so-called ‘highly respected theologians’ will see that in theology, many times the simplicity of a fact is ignored.

The world must understand that This Time in the History of human life, The Father has given a Miracle of His Divine Love, encouraging, requesting,

allowing so Many Saints to speak through *one voice*, instructing to the minutest detail on ordinary subjects that most individuals are accustomed to, or are active in.

There are so few sound theological statements given for the benefit of Souls to be returned to The Father, Saints.

Some who read These Words will deny the Value of Them, the Truth in Them, but that is in some ways a protective screen, because through This Gift of The Father's Divine Love, He has given to all degrees of intelligence, understandable Facts, descriptions, terminology, using Words applicable to all ways of life. Though The Father uses *a small voice*, What passes through this *small voice* is logically realized as coming from a Higher Source of Ability, of Intelligence, of Background, and of course, Knowledge.

Those who have the privilege to put into script for others to read All that has been delivered, or much of What has been delivered through This Gift of Divine Love, must for themselves realize that they have

had a privilege, honorable in many ways, because to be able to instruct to all ages such voluminous Meanings, Values, had to come from a Higher Source, even though much appears to be put into script in a simple format.

My next Words are of an ultimate purpose: All that has been delivered since the beginning of This Gift of Divine Love, must never be stopped for any reason, because it is not just for this time, but for all time to come, that men, women and children must more fully understand the Privilege, the Reason, the Purpose, the Goal for being created man.

So Many of Us Here in the Heavens are so pleased when The Father tells Us that We must instruct those still living, and We must do it in a manner understandable, because of the Soul that is a Portion of Him that is More Important to human life than the beat of a heart, or any other portion of importance of human life.

As I close My Words at this time, I want you to remember that as you take part in This Gift of Divine Love, your Soul is the recipient of your work of labor, and your Soul is Blessed in a

manner, a way, a degree greater than any words that you could be aware of. So be it.”

OCTOBER 6, 2000 AT 12:45 P.M.

**SAINT AUGUSTINE
SAINT ALOYSIUS**

There are Two Saints: Saint Augustine, Saint Aloysius.

“All that passes through This Gift of Divine Love is of Great Importance to all of mankind, all races, all colors, all creeds, because there is so much being delivered, not just in an informative way, but a way of Instruction for the Souls of millions of human beings, irregardless of their background, their age, their mentality, or their heritage.

At different times in the History of human life, a peak would be reached that mankind wouldn't have reached regarding morals, values, educational facts, figures, degrees.

When This Gift for The Beloved Saint Joseph was first announced to some, they stood in awe over the fact that It was possible, It was occurring, but then many fell by the wayside because of the interpretation of those who felt they were capable of

discerning a truthful, or perhaps an imaginative happening.

Today the world is in great need for This Gift, because there is no place throughout the world that The Father has Blessed this abundantly. It is important that All that has been delivered be sent to places unknown to you now, but there are Souls awaiting in Their own way, for Their own reason, what All of Heaven is saying now.

Children are not being instructed properly on what a True Gift human life is. There is so much emphasis on so many other occupations, entertainments, and attention to behavioral acceptances that are just entertaining for a moment or a short time.

It is important that all obstacles be rejected to This Gift of Divine Love being spread throughout the world.

As I speak to you today, it is a request that Every Word not be held back, because the one Word you may decipher to be unimportant may be the one Word, one Subject that will be of great importance to one or more individuals of different backgrounds, different mentalities.

Today as I speak to you openly, I know you are listening, and I also know that through those who are taking This into the written manner, will help to spread This Gift throughout the world. I ask you also to ignore the fact that others do not speak your language, but you have an obligation when you know Truth, especially when the Souls of millions of individuals depend upon Truth, to use every effort you can, mental, physical, to see that These Words enter other lands.

So Many of Us have spoken on different subjects, and The Father has Willed that This Miracle of Divine Love, This Gift of His Divine Love, help millions of men, women and children to more indepthly understand that human life is a Gift of Divine Love, and bears within it a Portion of The One Who created it, because there is a Goal for the Soul.

As I leave you, you cannot see My Blessing to you, for you, but hopefully you will understand that Everything that is delivered through *one voice* is because of the Great Love there is for the Creation The Father gave, called 'man'. So be it."

SAINT PETER

“I am Saint Peter. When My Name is mentioned, the first thing man, woman or child thinks of is My close association with the strength I showed at the time in which I lived. Needless to say, it is very, very, very important that the times I just discussed with you must always be remembered as a Sound Foundation for many things; dedication first to The One Who walked in a Special Role, Manner, Way, Degree, for The One Who Created All Things.

Through this *little one* My voice is strong, and the littleness she is finds My voice difficult to her being. There are so many Lessons delivered by so Many Saints. Each Lesson is important in Its full meaning, because there is no place throughout the world that so much is being allowed by The Father, to be delivered.

Each Gift of Divine Love that uses ‘a particular one at a particular time, for a particular reason’, should be remembered as being ‘the funnel’

for What The Father Wills mankind to more fully understand, because of the Soul that is given to each human being at the moment of conception.

The world has been Blessed abundantly at this time, because This Gift of Divine Love covers many, many facets of human life, and also is directed to all ages, all intellects, all backgrounds, and all abilities, natural, normal, to the minds of those who will read What has been spoken, because of the importance of Each Word.

Today is a day like all other days to those who live at this time: routine, and the abilities to more fully understand, perhaps something that was not understood completely before this time.

What I am about to say is a sadness to Me, but throughout the world the enemy is working diligently to encourage men, women, of all ages, to not agree with This Gift of Divine Love that is Important to everyone now, and all who are yet to come.

I will release *the little one* slowly, for My Power is very difficult on her. I bring tears to her eyes, because I have spoken so harshly.

As I leave you, I want you to remember that you are gifted with a Soul that must be returned to The Father in a Pure State, so that It will remain with Him in a manner and a way not able for you to understand, but one day you will see the importance of today.

I leave you and I say, ‘Remember The Commandments in Their fullest degree, not in the concise manner you have learned Them to be.’ So be it.”

OCTOBER 11, 2000 AT 1:03 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is important that This Gift of Divine Love not just settle in one spot, but be placed in many places wherein men, women and children can read for themselves the Words that All of Us Here in the Heavens speak.

As We hear remarks on the Content of What has been spoken, some of It is logically questioned because of the importance of the subject, but then the individual or individuals openly say to the Saint, ‘There is no one here on earth to answer my questions.’ The One Who they are questioning always smiles at this, because the Saint then goes to The Father and says, ‘Is there some way to instill more indepthly what the subject means to his or her life?’ The Father, in a smiling way, says to the Saint, ‘Do what You must, and then watch over the child in other ways.’

Human life has been gifted with a Guardian Angel. Without this Angel human life would be like all other

living matter, because you see, the Guardian Angel is the Connecting Link between human life and The Giver of Life, The Creator.

There are so many individuals who are interpreting the Bible the wrong way. They are putting so much humanistic evaluation in it, hoping it will explain more thoroughly the meaning, the concept of the subject matter.

The Father, in His Love for human life, has given to the world a Beautiful Miracle, permitting All The Saints to speak through *one voice*, but also allowing the Words to be put into print, because what an individual hears cannot always be retained in Its full concept, meaning. The permission for the script to be, is in many ways confirmation to all who read What is spoken, so there is no question, no room for doubt, and only the Beauty of the Communication that can be remembered as It was given on the subject of importance.

All of The Saints speak through This Gift of The Father's Love, not always announcing Their Names, and

not always making it noticeable that They are present.

Mankind at This Time in life has been presented a Gift Greater than he or she considers It to be, but nevertheless, All that is being learned is of Great Help for the Souls of millions of human beings, because whether an individual remembers the Direction coming from Something they have read, or Something they have felt, the important thing is that they have had It instilled within them, to give them strength, hope, purpose, and more understanding of the Importance of their life, and what they must do with it.

I could speak hours because of the Love that We All have for those who are now in the state of living, but remember, the Soul that you are the recipient of is a Gift from Heaven. So be it.”

OCTOBER 12, 2000 AT 1:02 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. My Words are difficult for Me to speak, because I must open My time with you, saying, ‘You live in a time of great sorrow for The Creator, because of so much disobedience to The Commandments that were given to guide human life to Heaven.’

The Commandments were given in a degree covering the subjects thoroughly, but as time went on and We arrive at this time in which you live, The Commandments barely speak what They are meant to be. Why this has happened is a great sadness, because in so many ways, and so many times, human beings make decisions that cause much question to what they speak, what they write. The sins alone against These Commandments are many, and each Commandment has been diminished to a single act, a single suggestion.

In the beginning of The Commandments that were given to a man a long time ago, each

Commandment was spoken indepthly, allowing no chance to not fully understand its full meaning. As The Father spoke directly, ‘the one’ who heard These Commandments was bound, not just by conscience, but by obedience, to deliver Them in a completeness, that to the first ones who learned Them, they knew, but as time went on they shortened Them, and now They are down to one Word.

This Gift of Divine Love through The Beloved Saint Joseph must become known throughout the world, in All that has been delivered by All Who have spoken Here in the Heavens, because to diminish What has been given to one or two Revelations, expecting the one reading Them to see, feel, understand the full Purpose of This Gift of Divine Love, is ridiculous, because the human mind needs to have It embedded in terms unforgettable.

Children are not being instructed at all, because those who are teaching children The Commandments by The Heavenly King through Moses, are learning Them in a loose manner, watering Them down so They lose the full meaning.

If you were to walk through the world today and question everyone you would meet and say, ‘Would you please tell me The Commandments of God that were given to Moses one day?’ you would be shocked, because you would be responded to, sometimes in a very ugly way, due to the fact that the individual could not repeat These Precious, Perfect Rules for life because of the Soul of each human being that is at stake.

I could speak hours on this subject, and in many ways repeat the meaning in ways that most individuals never think of, because through the human mind an individual becomes more apt to think in terms, ways, that they are accustomed to, not looking at the in-depth meaning, value, purpose, for the importance of What is being said.

As I leave you, I beseech you: hand The Commandments out and allow others to look at Them. Encourage others to look at Them in a way, a degree, that nothing else is apt to do at this time.

***The little one through whom We
All speak, knows what I am referring
to indepthly. So be it.”***

SAINT ATHANASIUS

“I am Saint Athanasius.

The heresies in your time are numerous in all dimensions of life. So many times the characteristics showing the full definition in a heresy is ignored, because of an individual’s indifference, lack of interest, or wanting to observe, partake, not questioning it to its fullest degree, or not concerned with what effect it will have on his or her life.

Not many intelligent or partially intelligent individuals would consider looking into the possibility, the probability, or the fact that many types of religious orientation are heretical in substance, practice, background, purpose.

My Words will be short to you today, because What I have mentioned so openly, hopefully will make all degrees of intelligent people look further into their associations, what they accept morally, physically, mentally, even legally.

As I close I give you a Blessing, and I beseech The Father to help you not be blinded by what morally occurs during the day, but be more cautious in how you respond to what others include you in, to do or say. So be it.”

OCTOBER 13, 2000 AT 1:36 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus.

When The Father gave to the world a Precious Gift of His Divine Love, He gave This Gift because of the Importance of human life. This Gift beholds the Name of The Beloved Saint Joseph, The Holy Spirit. So many, in hearing the Fact that He is The Holy Spirit, find it difficult, because as they learned about Him, they learned only the Name of the human side, ‘Joseph’.

Today as I speak, I speak with deep Love for human life, much concern, because with all of the intellectual advancements, men, women and children are oftentimes besieged by doubts, indifferences, thus giving them a lack of sincere understanding of the Importance of human life. So much is blamed on the need for humor, the need to be like everyone else, to not be different, because it will cause criticism, to be different. What about truth, facts, logic?

Human life was born for a Special Reason, a Special Goal, and within

human life, it was presented a Soul at the moment of conception. Some might say, 'What purpose is a Soul if you cannot see It, cannot feel It?' Logic says, the Soul, as a Portion of The Creator, instilled into the conception an intellect, understanding, the ability to not just sense the Importance of human life, but to be able to deal with human life being Special, Important, having a Purpose, and the Soul giving it a Goal to return to The Father for All Eternity.

It is sad to hear doubters, because doubt oftentimes destroys logic and sound reality in a purpose, a reason, that something has taken place, or can take place, if the individual will but see the value of it.

Human life has been gifted with a Goal because it has a Soul, else there would be no reason for human life to have sound logic, and the ability to understand a pure act over an impure act.

Today is an important day for every living human being, because it has given time to alert the mind to the Importance of being alive, having an intellect, and the ability to use

one's intentions, one's concerns, one's knowledge of what is right, protective logically, naturally, for the body and for an Inner Source that is inexplicable.

As I leave you, I leave you with much Love, because The Father has given to the world so much at this time, for human beings of all dimensions of mentality to see, to feel, and to better understand that human life has a Purpose and definitely a Goal. My Love for you says: 'Look to The Commandments, obey The Commandments, and remember that your Soul depends upon everything you do, you say, you think, you promote, you encourage, you follow, you are example of.'

As I leave you, I cannot tell you the deep concern I have for the millions of individual men, women and children who have the right to know about This Gift of The Father's Love, also the need to read All that has been given. Let nothing stop you from sharing What has been given to you to use to help others return to Heaven. So be it."

OCTOBER 16, 2000 AT 12:40 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time in which many heresies are practiced openly. To look at a heresy, to become part of a heresy, is a sadness to see so-called ‘logical’, ‘intelligent’ human beings accepting what a heresy causes mentally, morally, physically, spiritually.

As We look at so many educational systems being developed, and so many men, women and children of all ages latching on to all that is being instructed, but also, a lack of seeing the value in all that is available or the lack of value in all that is available.

I know to many men, women and children the word ‘satan’ or ‘demonic’ is something not relative to how they live, how they think, how they feel. It obviously was a thing of the past, because to the minds of all degrees of intelligence, there is what is called ‘a personal view, a personal acceptance, a personal understanding, a personal agreement’ in the obvious that is perhaps something that they are

interested in, or they see the purpose for the reason of it.

So little is looked into the in-depth value of what men, women and children are exposed to. The enemy of God and man uses every avenue, every entity of encouragement, on subjects that basically are derived from vile contempt for The Commandments of God.

I could speak hours, but I have found that the subject matter must be dealt with on an individual's reality of perception, because if too much is spoken, the mind wanders off into areas of acceptance, or 'too much to think about right now', or 'it's a little deeper than I can comprehend it'.

As I leave you today, I beseech you to look at The Commandments of What The Father delivered through a man one day, but it took longer than a day for Those Commandments to be delivered in Their full Concept, full Power of Reasoning, and of course, the important purpose for all living human beings at that time and for all time to come.

I beseech you, as a prayer to help your Soul, make it a point to repeat to

yourself The Commandments once a day, preferably at a time when you feel you need to remember Them the most.

As I leave you, you must understand, the Creation of human life is a privilege, because as you live each moment of every day, you have within you a Portion that is to be returned to The Father, called 'a Soul', that will bear your name. So be it."

**SAINT TERESA OF AVILA
SAINT THERESE OF LISIEUX
OUR HEAVENLY MOTHER**

There's Three of Them: Saint Teresa of Avila, Saint Therese of Lisieux; Our Lady is smiling. She says:

“I am also present, for What is about to be said is of the Greatest Importance to all human beings. The world has been Blessed through *one voice*, but Hundreds of Saints have spoken, not always identifying Themselves by Name.

It is important that human beings of all races, cultures, creeds, and degrees of logic, knowledge, be fully aware, that from the moment of conception until the Judgment Time comes for the Soul, that is present at the moment of conception until The Father takes It back, It is Judged by all that took place regarding the one in whom It was placed at the moment of his or her conception.

It is a great sadness to All of Us when men, women and children of all ages reject understanding that within them they have a Portion of The Creator. Logic should tell them that all the human abilities they possess, all the human sensitivities of understanding things, and being able to do things that no other living matter or thing is capable of, openly bespeaks of human life as Greater in every facet of it.

Intentions, understanding, sensitivities, human abilities, and of course, the ability to learn subjects of all dimension on things not available, but the understanding of their presence alone, makes human life Special, because with all these attributes, these Gifts of Divine Love, it is important that every human being reach for the Goal of Sainthood.

A sadness, too, is when there is no thought of a Goal for the Soul, because too much emphasis is placed on human capabilities, goals, and many other things.

This Gift of Divine Love in which, through which, The Beloved Holy Spirit of The Creator Exists and

is The One through Whom All Things pass through this *little one*, the world of human life must learn This, and understand it as a Time of such Greatness, in many ways equal to the Time, to a degree only now, that The Son of The Creator was given to the world, because human life in all its Gifts has a Goal, never to be rejected, ignored, because in each human being there is a deep sensitivity to success, and to be able to reach a goal of some sort, some manner, some degree, giving credence to efforts, knowledge, concern, hope.

There is so much that This Gift of Divine Love has instructed, and it is important that It be passed throughout the world, no stops regarding translations, because This Gift of Divine Love is a Gift of and in a Magnitude inconceivable to the human mind.

As I leave you, I beseech you: make a great effort to pass throughout the world All that is possible that has passed through This Gift of The Father's Love for human life. Let no one of any dimension of so-called 'intelligence' stop you. So be it."

OCTOBER 18, 2000 AT 12:35 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

There are so many different types of living matter and things present upon the earth. The Most Precious of these, of course, is human life, because human life is gifted with a Soul. Many cannot understand the value, the truth, the reality, having a Soul, because they cannot see It nor can they feel It, nor can they sense Its Existence in any degree.

We hear some say: ‘I understand I have a Soul, and It is the Portion of me that will be returned to The Father, The Creator, at a given time, but my physical must die first. This is frightening. Why does not my physical remain existing because it is a portion I see, I feel, I use, I understand, and in many ways represents me?’

The Father has given to the world a Gift bearing so many Lessons, so many degrees of Instruction on the Importance of human life, what it consists of, and of course, the Goal for which it is created. Very little

instruction is emphasizing all there is to know regarding the human being's Purpose or Goal. Many learned men and women stress facts they feel are necessary for individuals to think about, to more fully understand, but most of this is around the human values, practices, limits, as man.

When This Gift of Divine Love bearing the Name of The Beloved Saint Joseph was first given, and so Many Saints joined in speaking through It, encouraging those who would one day read the Words to more fully understand that life as a human being, as man, was the Greatest Gift, because in its full matter, means, goal, it was instilled with the hope, the practicality of understanding that there was more to life as a human being than showed.

Children are not being instructed on the importance of everything they do, say, think, partake in, and very little is spoken against sins of the flesh, causing impurities to the Soul.

The Father chose 'this time' to use only *one voice*, but for This to be imitated by millions used to spread All that would be delivered and was delivered for the sake of Souls.

We hear individuals say that when something occurs that is not nice to see, or it has a tragic ending, they feel the impact of what occurred. This thought should enter everyone's head when they are the participant in a sinful act that in some way damages their Soul, because the Soul is an innocent victim of all that a human being speaks, practices, and relays to others, that could be detrimental to all the Souls of everyone involved.

This subject matter is important, because it is not a common subject matter, due to the fact that even the greatest theologians, in their concepts of what they have read, do not always see the importance of every word that a human being partakes in, or is the recipient of, regarding certain acts.

I could speak hours on this subject because of the importance of it, but it is important that what little I have spoken is brought to the attention of many, many who have no access when We speak through *one voice*. It is important that the Words that have been put into script be delivered throughout the world, in spite of any verbal or written attack.

As I leave you, I beseech you: let nothing stand in your way in delivering All that has been spoken and put into script, because there are many Souls at stake. Think of this also, what sadness it is in your daily life to become a victim of what someone says, someone does. Your Soul and Souls of others are the victims of many things that occur through a human act, actions, or expression that is impure. So be it.”

OCTOBER 19, 2000 AT 12:53 P.M.

SAINT BERNADETTE

“I am Saint Bernadette. It is a privilege for Me to speak at this time, because there are so many inconceivable wrongs being practiced by so-called ‘religious-oriented’ individuals.

Loving The Creator has a simplicity in it, a love in it, and an innate desire to become closer, perhaps for more courage in life, or for the assurance that one day you will be accepted in a loving, open, visible way.

Human beings, in their association with other human beings, enjoy being accepted, being included, and being a participant in what is good, and what is many times entertaining.

Human loneliness is a sadness, but oftentimes an individual only senses a loneliness when not invited to all that is occurring, not included in all that is occurring with other human beings. Logic should be stressed here, and each human being should understand they are never

alone. Maybe the loneliness is only seen because there is no one else's body, human body that is involved with them, speaking to them.

No human being is ever alone, because the Soul, as a Portion of The Creator Himself, is presented at the moment of conception, because in this Gift of Divine Love, should show human beings that human life is created with a Portion of The Creator, thus giving life and all that a human being will need to be able to handle all human aspects of life.

Animals and other entities of life do not have this assurance, because human life has been gifted with more than intellect. There is an innate understanding in human life that encourages progress, interest, success in all the things available to make human life more useful, and more intellectually understanding of the Fact that there is a Supreme Power in control. No other living matter or thing has this knowledge. It is a Gift of Divine Love.

I could speak many hours on this subject, but The Father has requested I close My Statement here with but

a few Words from Me. Be constantly aware that you have a Soul, and the Soul is a Living Portion of you, because It is a Portion of The Creator that you are Blessed with, called 'the Soul'. So be it."

OCTOBER 23, 2000 AT 12:49 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. As you read My Words, I would appreciate your counting the number of things that you are subjected to each day, when you awaken to a new day of what you are used to practicing, doing.

How many individuals of all ages open the day, thanking The Father for the opportunity to use the day for the betterment of his or her Soul? Does this question ever arise? If it does, it is a rare thing to happen.

So Many of Us Saints speak through This Gift that is truly a Gift of Divine Love, to have so Many Here in the Heavens speak so openly, using terminology understandable, and always offering Sound Advice to those who write the Words, and also for the benefit of those who will read the Words.

A Gift such as This One is, is truly a Gift beyond what anyone present could fully comprehend, because the human mind does not fully value the Goal for which human life

is created, nor does any human being fully understand the importance of every thought, word, deed, action or communication that takes place and affects the Soul or Souls involved.

The simplicity in loving The Creator is open to the mind, the willingness of every man, woman and child, because there are moral issues and immoral issues. There are issues that demand many things of other people, such as obedience, also cooperation, also dependence on monetary measures, social measures, communication, and countless other things that men, women and children are part of every moment of every day.

What I am saying is so simple in content, because it is natural for human life to be able to make decisions, to communicate in many ways with others, and also there are responsibilities that must be adapted to, for earning one's living or doing one's share of the necessary responsibilities.

Ask yourself: Would not human life be dull if it was like animals, because an animal is a creature of

habit, and does not have all the goals that are available to human life? Also, say to yourself: When a fish swims in the water, does the fish think about who it is meeting, and does it communicate with all the others like themselves, or different backgrounds coming from a different type of this sort of life?

What I am saying may sound foolish to some, but it is to make human beings be grateful for all the advantages of human life, and of course, the Goal for which it is created. Nothing else has a Soul. The most beautiful flower in the world has no say in how it will live. It lives according to the structure in which it was built, created, and then it dies with no place else to go.

All things outside of human life are vulnerable to an existence that has no goal. Human life has a Goal because of the Soul that each human being is the custodian of from the moment of conception; truly a Gift of Divine Love, and It must be protected. That is why The Commandments were given, alerting mankind of all dimensions of intellect and understanding, of a Supreme Power, because human life

unto itself is Special, and so little at this time is being instructed on this subject. In fact, it is sad to hear so much desecration, ignoring the Importance of each human life from the moment of its conception.

Human life has opportunities to do so many things, to partake in the great needs of millions of other human beings, and also, the ability to understand the Purpose for human life, that when the flesh no longer exists there is a Soul Who remains, bearing the name of the one in whom It was placed at the moment of conception.

Needless to say, this subject is so important I could speak hours on it, because each portion of human life has an importance in it, for it, and because of it.

Awaken each morning remembering that you are Blessed with a day, not of surprises but of responsibility, because of the Soul you are the custodian of, and each act, each thought is important, because everything you do reflects in the Soul. When you lay your head at night, remember to thank The Father for that Gift that is a Portion of Him, that

gives you the opportunity to return to Him, a Saint. So be it.”

OCTOBER 24, 2000 AT 12:54 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

The word ‘heresy’ is oftentimes overlooked as a past practice. This is not so. You live at a time wherein many heresies are practiced by many, many, many so-called ‘intelligent’ human beings of all ages.

To some, heresy is a way of life. It is acceptable, especially when it is pleasing to the individual or individuals who are using heresy to gain benefits for themselves, mostly monetarily, or to promote their name on some subject, for some reason.

The sadness in this has multiple errors, because in heresy there is discrimination against what is morally sound, and so much is wasted on what is important for many facets of life, important to the extent that it can mean a lack of mental reality, or it can mean a tremendous degree of social injustice to others. It can also mean it is demeaning to the mentality or the Spiritual natures of thousands, if not millions who take for granted what

they are supposed to judge as human or important in some facet of life.

So many times spirituality is mistaken for its full measure of worth. It becomes a tool for personal gain, personal praise, personal advantages; of course, this list is endless.

You do live in a time worse than Sodom and Gomorrah, and the only reason Sodom and Gomorrah is mentioned in this way is because Sodom and Gomorrah was made known to be one of the ugliest, most demeaning, most demoralizing times in the History of human life.

Granted, much diabolical factors are evident every day, but oftentimes dismissed as being a weakness or not important because of the circumstances that surround it.

The Father, in His Divine Love for human life, has given to all mentalities, all degrees of intellect, a Miracle that announces Important Facts, basically All easy to understand, and basically to great advantage to moral values of all ages, thus benefiting them physically, spiritually, emotionally.

In This Gift of Divine Love, openly instructing in writing so nothing can be dismissed as not having been heard, The Father has allowed It to be Announced that The Father of His Son was and is, His Holy Spirit.

This was the Greatest Announcement in thousands of years, giving Logic to so much History, and giving Facts that gives to the human minds who will read Them, would read Them, did read Them, a strength beyond what a normal human being could, with the greatest mind, be able to come up with, because It was not ordinary, It was sublime in Its Meaning, and do not forget, Divine in Its Concept, Logic.

Through This Gift of Divine Love, called '*The Miracle Of Saint Joseph*', the so-called 'subject of theology' is in many ways gifted with This Direct Description of the Perfection in how The Creator put all things in a Context, in Content of pure basic Spiritual Logic.

I could speak hours on the Love that passes through This Miracle of The Holy Spirit of The Creator, but it is important that as individual men,

women and children learn facts, they learn them in the degree they are capable of understanding each one's closeness to The Creator, through his or her birth, and that birth for the human way had Great Purpose, Great Reason, and Divine Goal. So be it."

OCTOBER 25, 2000 AT 12:54 P.M.

GOD THE FATHER

“In the Creation of the world, I created it step by step. By each step, I mean I created first the foundation, and then within and on the foundation, I created necessary things for future plans.

As the Creation began to be accomplished, it took a very long time before I created man. Human life was a Gift of My Divine Love, above and beyond all other things I had planned to live upon this portion called ‘the world’. It was not called ‘the world’ at that time, but I instilled into human minds the names that were to be used, and the purpose for which each thing that I would create to begin all things to occur, up to this time.

My Plans continue, but I give a length of time for Each Plan to become seen for what it is worth, and of course, for it to be adjusted for the next Plan to take place.

The first human beings did not have the advantages that those who live now have been given, because

time is necessary for the mentalities of human beings to adjust, to accept, and to be able to utilize and use important things regarding their mentalities, their physical needs, and all they have to cope with in great changes for each of these things.

Today as I speak, I speak through *a small voice, a small body* that I have used for many, many, many years, going back to the birth, going back in time, giving this *little one* the abilities to achieve, step by step, for ‘this time’ to come, so that so much of What I Desire for mankind, of all degrees of intellect, to be able to more fully understand what a Precious Gift human life is to man.

There are so many definitions that have been applied to different abilities of human life. Basically they are called ‘nature, personalities, intellect, imagination’, and abilities to see the right and the wrong of situations; also, to have an in-depth understanding of what is pure over what is impure, what is right over what is wrong, what is just over what is unjust, what is safe over what is unsafe. This list is endless.

As I speak These Words on this day in your time, it is important for you to understand that as I have given to human life a Particular Gift of My Divine Love, allowing so Many Saints Here with Me to speak openly, instructing on many subjects, always for the Purpose of returning their Soul to Me.

I will not speak long at this time, because the Power I am using is difficult on *the little one*, but you can expect much more to help you understand that life in the human way is an Important Part of My Divine Plan. So be it.”

OCTOBER 26, 2000 AT 1:03 P.M.

GOD THE FATHER

“I use a *small body, an obedient mind and character*, to fulfill My Will for millions of Souls who without My Words, without My Directions, without My Participation at this time, would lose their Souls to the enemy because of so much diabolical influence, persistence, and demonic involvement.

Why it is so difficult for the minds of so many human beings to understand, or to fathom the enemy’s participation in evil based on jealousy, hate, is difficult to understand, because innately I have placed into human beings a sense of justice over injustice, truth over untruth, love over hate.

You do live in a time worse than many past times in the History of human life, that were named for the period in which they lived.

I have given to the world *a voice*, and through *this voice* I have delivered millions of Words, Directions, encouraging the wills of those who hear Them, read Them, to more fully

understand that human life has a Goal Greater than a human mind can perceive, because It is Far Greater than any human has been able to see in Its full Concept, full Dimension, full Meaning.

I will not speak long at this time, because *the little one* I use needs more time for receiving subjects to be passed on, because of the need of the Souls of millions of human beings, who basically delight in doing all that is impure, obscene, thus ignoring the importance of pure thoughts, pure actions, for Spiritual needs. The Souls of human beings are the victims of all that an individual partakes in, uses.

Today as I speak, I speak through *a tired child*, but *an obedient one*. Of late, there has been so many delays in What has been delivered through her, because there are millions of Souls who need help desperately.

As I leave you today, I beseech you to be sure that you accept no obstacles for All the Revelations of My Divine Love, All the Simple Instructions of My Divine Love to be delayed for any human reason.

As I leave you I bless you, because your Soul, as a Portion of Me, is what urges you on to know purity over impurity, love over hate, and the desire to reach a Goal to return to Me for All Eternity. So be it.”

**SAINT CATHERINE OF SIENA
SAINT ROSE OF LIMA
SAINT BARBARA
SAINT THERESE OF LISIEUX**

**“I am Saint Catherine of Siena.
I am Saint Rose of Lima. I am Saint
Barbara. I am Saint Therese of
Lisieux.**

**All of Us join in delivering to you
The Father’s Love for human life, for all
nationalities, all degrees of intellect,
all personalities, all backgrounds that
denote a country, a place.**

**The world has been Blessed with
so much Divine Love through This Gift
of The Father’s for human life. It has
been a very long time in the History
of human life that so much has been
delivered, intentionally instructing on
the Importance of human life, because
of the Soul that each human life is the
custodian of.**

**Though many individuals
brazenly speak: ‘I do not believe I have
a Soul. I never see It, I never feel It.
It’s just someone’s word that has been
handed down through time,’ the Soul**

is obvious through the fact that each human being knows what is morally sound, pure, what is immoral, and in many ways is detrimental to an inner portion of the mind, of the body, that obviously shows, but is rarely spoken of.

This Gift of Divine Love is of such Great Importance because It is so clearly stating so many beautiful Facts about human life, and the responsibilities attached to human life that no other living matter or thing obviously has.

Today as We gather here with you, it is with The Father's Love sending All of Us in a group, because as you sit with each other there are many facets of what you say, what you do, that affect the others with you. You cannot see it nor can you feel it, nor is it an obvious thing in your midst, but think about it. What you radiate causes another individual to respond in some source, force, manner, degree.

Let us take one thing: If you smile at someone, isn't it rare that they do not smile back at you? If you call attention to yourself by saying 'Hello,' does not the other individual usually

respond, even if they are surprised at your communication?

All dimensions of human beings, by dimensions I mean mentality, age, characteristics, abilities, and many other things, are obviously noted, remembered, and oftentimes imitated to the point where the individual does not realize they are imitating you, but it was something that attracted them, and unknowingly they use it.

When children gather and they are happy, one note from one child can cause an unhappiness in the group, because the nature of human life responds immediately, most times, to what it is presented with.

In The Father's Design of This Gift of His Divine Love, He has designed It to be *one voice*, but He has in many ways encouraged many individuals to partake in It, to be a part of It, and to be the deliverers of It through the written Words; but also, a very important point: example transfers to other people quicker, stronger than most individuals realize, because by nature people imitate what pleases them, what they feel is encouraging to them.

This Gift of The Father's Love has included so many individuals in a personal way, because through all who are involved in It, example will spread, but also the Importance of What has been spoken, written, will have a greater chance to be seen by millions of human beings who, without those who are close to This Miracle of Divine Love, *one voice* could not penetrate like the sound of others' belief, practices, initiative, hope, understanding; and never underestimate the written Word.

That is why it is so important that so much be put into script, for millions who did not have the advantage of being present, will be able to read What The Father Wills them to know. He uses *one instrument*, but then He uses all of those who have the Faith to understand the Power of such a Gift, because each one who walks with this *little one* is an extension of Divine Love for the sake of the Souls of millions of men, women and children presently, and yet to come. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

There are many heresies throughout the world, and it is sad to say that most men, women, of all intellects, all backgrounds, do not recognize what they are being requested to accept, or sometimes even become a big part of.

It is difficult for many so-called ‘learned’ men and women to open their minds to the many practices, subjects that families are attracted to, and so-called ‘big business’ is involved in. This Statement will be rejected by many, but that is not important to Us, because rejection is part of human nature when one resists the responsibility that is obviously open, to accept what is incorrect.

We speak slowly through this *little one*, and more quietly than she is used to, because of the tiredness within her being that no human being could fully understand.

Throughout the world satan is using every weakness available to destroy sound moral values, sound moral standards, and yes, highly intellectual individuals who weaken on subjects they know are impractical, impure, or totally out of sync with what is important in daily life, because of the Soul that each human being is the custodian of.

Today is a very important day for millions of people not present here, because each of them must face decisions of morality over immorality, truth over untruth, and in many things, on many subjects, God's Will over the enemy's temptations.

As I leave you, it is sad for Me to say: 'You do live in a very important delicate time, because there is so much the enemy of all things is extremely active in, to destroy the Souls of millions of human beings. It is a rare thing for an individual to first think of their Soul before they make a decision on any subject.'

All of Us Saints beseech you: think about this Statement, and remember that when you are open to make a decision, look at every aspect

of it, because there could be many portions of it that could be dangerous to your Soul.

As We leave you, We would like to leave you with strength to decide on accepting only what you know is important for your Soul. So be it.”

OCTOBER 31, 2000 AT 12:05 P.M.

GOD THE FATHER

“At the time I decided to create human life, I had already prepared it to be more than all other things.

Human life was designed to be more like certain areas, facets and meaning than all other creations, so I placed into this creation a Portion of Me, and called It ‘a Soul’.

This Soul is More Special than any other portion of human life because within It, as It has a Portion of Me, It also has a Goal and a Future to living.

Though it is difficult for human beings to fully understand such an Entity of Divine Power, Divine Love, it is Fact and has a Purpose to all it is gifted with.

I will speak more on this at a later time, because it is important that human life realize the purpose of so many things that it is capable of doing, or understanding as the Foundation of My Will to enlighten the human mind

to a Higher Privilege, Reason, Purpose and Goal.

Through time I have allowed so many steps of progress to be seen as human life being superior and having a Reason.

Much more will come on this soon.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. So Many Saints Here in the Heavens look forward to being a Part of This Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Father.

The word ‘Father’ is a common word amongst human beings, but Here in the Heavens It is a Word of Devotion, of Love. It is a Word that in one way unites Us, yet also means that The Authority We are bound to is a Gift of Divine Love.

It is sad for Me to say My next Words. There should be thousands listening to All that is spoken through This Gift The Father has openly given, because of the Souls of human beings. The Importance of the Souls is beyond what a human being fully understands, because the Soul is a Portion of The Creator, never to be abused, ignored.

Though it is difficult for many individuals of all degrees of understanding that there has to be a Divine Source from which everything is

created, evidence of all this being Fact, Truth, Logic, is obvious every moment of every day, because human life does not have the power to do all the things that The Beloved Holy Family has the possibility of creating, of directing, in such an important, logical way.

We hear so many individuals talk about Bible History. True, they talk about it, but most do not see the indepthness of what it is saying. The human mind finds it difficult to perceive the Full Magnitude of Who created them, and how the Creation of all things came about. So much is taken for granted.

There are so many men, women and children who at this very moment are committing ugly sins, what they know is wrong for them to do, ugly sins of participation in actions that only please the enemy of The Creator. Because of his jealousy for human life, he oftentimes uses the senses to get all ages to act in sinful ways, because the enemy wants to mar the Souls because of Who the Souls basically are a Portion of.

The Father, in His Power, could wipe out all that is evil, but His

Reasoning is Important, because as He gave to human life a will and the freedom to use it, it is a Gift of Generosity, of Love, also a Gift allowing the mind, the will, to more fully understand responsibility. Without understanding responsibility, human beings of all ages could not exist in the world of human life. There would be constant chaos, and of course, a lack of a sense of Importance to what human life really has been gifted with: a free will, the ability to choose what is right over what is wrong, what is just over what is unjust, what is fact over what is fiction.

There are so many words that could be used in this context, giving so many reasons why a human being of all backgrounds has been gifted with the freedom of a will. It is one of the Greatest Gifts human life has been endowed with. Volumes could be written on this subject alone.

The Father has given to the world a Gift of Instruction, allowing All of Us Here in the Heavens to speak on issues important for the Souls of human beings, and constantly instructing on the Goal for which human life was

created: to return to The Father, a Saint. So be it.”

NOVEMBER 1, 2000 AT 12:58 P.M.

**SAINT ELIZABETH
SAINT ANASTASIA
SAINT BERNADETTE**

There are Three Saints: Saint Elizabeth, Saint Anastasia, Saint Bernadette.

“As We approach this *little instrument* of The Father’s, We approach her with much Love, because This Gift that He has appointed to her way of life is for all human life, and for Each of Us Saints to speak is Special, because it gives Us a chance, an opportunity to speak on the Importance of human life, the necessities of behavior in human life, and of course, the Goal for the Soul of human life.

As We speak, We smile through her, because it is not often that We get to speak so openly and have Our Words put in print immediately. This Miracle of Divine Love is a Gift to human beings of all races, colors and creeds, Greater than any individual can perceive.

Children are not being instructed on the Goal of human life. True, they are being taught prayers and areas where obedience is necessary, and how important their attitude is because it affects everyone who they meet, who they are associated with.

How We speak today through *one small voice*, is different than most Others Who speak through *this voice* The Father uses for so many important Lessons regarding human life. It is Our desire today for everyone who reads Our Words to be more inclined to teach the young about The Divine, and how Important human life is because of the Soul it is the custodian of. The Soul, as the recipient of all that an individual does, speaks, partakes in, is of the utmost importance at the time of Judgment for the Soul.

As each human being greets each day, they anticipate it being a good day, or they anticipate it being like all the other days, perhaps not happy, not truly enjoyable, but a day they must pass through until the next day.

We are speaking so differently at this time than all the other times The Saints speak through This Gift of

The Father's Love, because there are many children who never hear about The Saints, and rarely are told to say some prayers.

As We speak today, We smile at Each Other, for Each of Us is more apt to want to speak in a very direct manner, but This Lesson today is to encourage those present to talk to the young about Saints, and how the Souls can become 'Saints'; that is, through the intentions, the actions, the thoughts, the words, the deeds that an individual is used to.

We All smile at *the little one* through whom We speak because, believe it or not, she questions Us, why We come in like We are today, different than Any Others before this time. She is ever conscious of Every Word spoken, and Every Intention of the One speaking; so as she returns through her mind in answer to Us, We smile. Our Words pour through her mouth, and her intellect speaks to Us on the side.

Today is a very important day in the lives of most people, because today is a day of decisions, and to many, a day of courage; others, a day of learning,

and to some, a day of apologizing for what they have done.

As We leave you, We are All smiling, because Our Words are different today, but be mindful of Them because They are meant to help you understand more about individuals who do not see This Gift of Divine Love your way. So be it.”

NOVEMBER 1, 2000 AT 1:50 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so many areas in human life that are not being seen for what they truly stand for: some are of great importance, some are very dangerous to the Soul, and some to the body.

So-called ‘learned’ men and women are ignoring open signs that are important to the Salvation of their Soul and the Souls of others. A child of very young years is oftentimes more aware of what he or she is about to do as being right or wrong. It is instinctive in human life to recognize within one’s self the right or the wrong, the pure or the impure of an act or intention.

The Father has given to the world a Gift beyond what the human mind can comprehend, and that is to be able to respond to what is morally sound over what is immoral and dangerous in certain facets of it. If I were to take you throughout the world at this moment, you would find many

excuses in thousands of individuals in how they were acting, why they were acting in the manner and/or degree of impurities.

Today as I speak, at this moment there are thousands, if not millions throughout the world who are openly practicing impure actions, deeds, with no conscience of who will be, what will be affected by their indiscretions, by their indifferences to what is morally sound, pleasing to The Father. There is rarely a question if they are pleasing The Father, The Creator.

Emotions have a lot to do with impure acts, actions, participations, indulgences. You do live in a time where, though the human mind has become more apt to see things with greater knowledge, greater understanding, more perception, this does not mean that the individual is bound to performing in a way or accepting what is morally sound and pure over what is immoral and unsound.

We hear so much bragging about intellectual prowess now: 'People are more intelligent.' Basically that is not so. From the beginning of time, the intellects of human beings was

available. The only thing that stood in the way of them showing what they knew, what they felt, what they desired to expound on, were the surrounding situations that could not handle it, or the timing was not yet right.

So much has been spoken through *one voice*, and there are millions of men, women and children begging for help, pleading with The Father to send something, send someone to give them more strength, more reasoning in how they should live, how they should act, how they should interpret what they already know so it will better satisfy the Judgment for their Soul.

So much has been delivered through *one small voice*. Some ask: 'Why was it not a loud voice? Maybe it would have left more of an impression.' The Content is what counts and the full understanding of the Content and how the individual reading It or hearing It, will apply It to his or her own way of life.

When a parent holds a child's hand at times when it is necessary, it is to safeguard the child because of circumstances that perhaps the child would not see, but men, women

and even some children of older years obviously see and know when something is impure, unjust, or detrimental to a Portion within them called 'the Soul'.

So much has been delivered, awakening the minds to think on the Important Portion within them that will be Judged at a given time. So few now in the time in which you live ever think of this. The moment counts, the idea counts, the purpose counts, the result counts, but not the Final Judgment, because humanism has replaced Spiritual logic in many portions of human life.

Today as I speak to you, I speak to you with much Love, much Concern, because it is sad to know that so much time is wasted on pleasing only the enemy, thus abusing the Soul that is a Portion of The Creator. No Greater Gift could have been given to human life, because without It, human life would not have a conscience or the ability to understand that human life has a Goal through a Portion of it, called 'the Soul'.

Mankind wants justice. Be sure that in everything you do, you say,

**that your Soul can reflect the justice
of your way. So be it.”**

NOVEMBER 2, 2000 AT 1:07 P.M.

SAINT ANASTASIA

“I am Saint Anastasia.

There is much Spiritual dilemma throughout the world. Needless to say, the enemy is using every avenue of human sensitivity to disrupt what a human being understands regarding the Power of The Creator. The word ‘power’, amongst human beings, has many meanings, and refers to many facets of what human life is involved in.

What I am about to say is of great importance for all who read These Words to understand. The Power of The Creator is on all things, for multiple reasons, and used appropriately each time there is a cause or purpose needed for His Intercession.

Children are not being instructed on the Greatness of The Creator. So much emphasis is put on humanistic evaluations, values, perceptions, understandings. Children are not being taught the power of communication through formal words or conversation with The Divine.

The world is in the throes of great change morally, mentally, emotionally, spiritually. The enemy is using every venue and avenue to draw attention to weaknesses of the flesh, of the mind, of the intentions, of the Goal for which human life should be structured to reach for, above all things.

I will make My Words shortened because of the importance of What I have spoken. If I were to go on, it could become so complicated, and I want Everything I have said to be seen for the Value of It, and the Divine Love in It, for the benefit of Souls of all ages, all denominations of Faith in The Creator.

There is one last Word I would like to add to What I have spoken, and that is to remember you have within you a Portion of The Creator, and It must never be marred or abused in any way. So be it.”

NOVEMBER 3, 2000 AT 12:57 P.M.

SAINT PETER

“I am Saint Peter. I have not spoken often through This Gift of The Father’s Love for human life.

It is important that all denominations of Spiritual understanding fully comprehend the Importance of the Supernatural, and Its True Existence.

It is sad for Me to say that Spiritual understanding is almost passe. By this, I mean men, women and children have become so humanistic oriented, that this causes a priority in their thinking, acting, indulgences, and participations.

I do not speak often, openly, through This Gift of The Father’s Love at this time, but as He requested I speak today, it is to remind mankind of all ages that as The Rules were laid down, They were laid down in a lengthier degree than mankind knows Them to be.

Every morning, every day, man, woman and child should look at what

they accomplished according to the Will of The Creator, not just to appease their own manner of living. There is so little instruction on the Sound, True Value of The Commandments of God, The Creator of All Things.

This Gift through which I speak to you, is a Gift Far Greater than you understand It to be, because It is a Gift of Enlightenment and a consistent Order of Instruction, opening all avenues of enlightenment to What The Father Wills each life to be, using The Rules laid down a long time ago as The Rules for daily practice, obedience, always understanding that the Soul is the recipient of all an individual partakes in every day of his or her life.

As I leave you, I would like you to remember to each day go through The Commandments one by one, and ask yourself: Have you respected Them? Have you used Them in the proper way? So be it.”

NOVEMBER 6, 2000 AT 12:45 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. As I speak to you, I am surrounded by Many, Many Saints, All Participants in This Gift of The Father’s Love for human life.

Since the Creation of human life, there had to be many stages instilled into the minds of those who were born, regarding what was right, what was wrong, what was good, what was evil, what was acceptable, what was not acceptable.

Naturally, the terminology was not as clear then as Mine is in talking to you today. Ever since the Creation of human life, stages of development had to take place. If those living in your day were to see the stages, it would be impossible for them to believe, to fathom, to truly understand, because human life was not created in the manner that compares to a child being born. It is far more in-depth, and truly a Great Miracle of Divine Love in every facet, every degree, because it has an

Ultimate Purpose for the Soul of each human being.

The Father has given to men, women and children a degree of Instruction, many times according to the period of time in which they lived, so they would be capable of understanding the Important Facts, Reasons, Purposes, and of course, the Goal for which human life was created.

You live in a very important time, because the knowledge of human life, the sensitivities of human life, the abilities of human life are more able to discern the values of human life. All that an individual at this time learns, bears much responsibility, because so much has been instructed on the development of the Importance of the Soul that each human being is the custodian of.

In the beginning, at the time this Word was even spoken, It was not understandable to those who at that time were living, because the Foundation for such a Gift they did not have, to associate with a Gift of this Magnitude, and the responsibility It is and has, to each individual.

As each human being is responsible to conduct his or her own actions, thoughts, it is important that they also understand that the responsibilities to The Creator of life can never be ignored, because in the Creation of human life, the Purpose is ultimate in Importance, in Reason, and definitely a Gift beyond what any other living thing has, because of the Soul that The Father instills in every human conception.

You live in a time of great turmoil, but this does not mean the turmoil should control you. It is up to your will, your intelligence, your understanding of a Greater Creator that should cause you to stand firm, strong, on what is important to the Soul, yours as well as others.

As I speak to you today, it is with a Love not understandable to you, because It is a Divine Love. Divine Love is based on the Importance of human life's Gift from The Father, a Portion of Him called 'the Soul'.

Human life has been given an innate understanding of what is purity over impurity, and should examine his or her conscience every day as to how

he or she is performing: pleasing to The Father, or pleasing to the enemy.

My list could go on endlessly, but it is important that All the Words that have been thus far delivered, be scattered throughout the world. Do Not Worry About Rejection. Allow the individual to see the Value of All that has been delivered, because one Sentence, one Paragraph, one Statement, could be the Salvation for one Soul. So be it.”

NOVEMBER 7, 2000 AT 12:57 P.M.

SAINT EDWARD

“I am Saint Edward.

The word ‘sacrifice’ has many more meanings than it is understood to have. Sacrifice comes easy on some subjects to certain individuals, thus making the sacrifices less important to whatever the individual is offering it up for, or because of.

Sometimes to just be pleasant is a sacrifice, because of so many circumstances in the dealing with another human being that is irritating or difficult because of background, or many times because of jealousy over something insignificant.

The Father has Blessed mankind with a Gift Greater than human life’s mentality can fully understand. The word ‘sacrifice’ to some says doing without something that they would most likely like to participate in, practice, or become a part of.

Another meaning would be an extended time for prayer that would be difficult for an individual, due to

the time it would take. Time to human beings is oftentimes more important than necessary to accept, believe, because time has a way of allowing many things to occur that should not be in one's thinking, actions.

Today as I speak, I speak differently than Others, because The Father has requested the word 'time' to be seen for what it is. Time to the human life helps an individual to practice sound moral acts that others will be able to see as important. Prayer takes time, and it is always sad when We hear an individual say, 'I don't have time to pray like I wish I could.' What the individual is dismissing from his or her thinking is that time is allowable. It's only a personal preference of how to use it.

I have spoken at another time, a long time ago, and I did not ask for My Words to be put into script, because when I think of the time a human being has to act in so many ways advantageous to the Soul, I cannot help but think of how much time is wasted in a twenty-four hour day.

As I close My Words, I want you to fully understand, the Gift of life is a

**Precious Gift of time to earn Sainthood
as your Goal. So be it.”**

NOVEMBER 8, 2000 AT 1:01 P.M.

THE SACRED HEART

“The Name that pleases Me so much is when I am called ‘The Sacred Heart’.

Children are not being instructed on the importance of purity of the mind and the body. Too many allowances are acceptable when a child acts impurely. So many excuses in favor of a child’s age are dangerous to how the child will one day see what is right over what is wrong, what is pure over what is impure, even to the point where justice will not be seen for the importance of the value it is on so many subjects, and so many degrees of human behavior.

As I speak to you today, it is through *one small voice*. Some hearing Me say This, or reading What I have spoken, will say, ‘Why do You not show Yourself openly to all of us?’ This is not necessary, because within each human being Faith in The Divine should be the most important factor in one’s thinking, one’s actions, one’s purpose for knowing, for doing, and

for practicing self-control, defying the enemy on every issue.

You do live in a time worse than Sodom and Gomorrah. These Words, to most, do not mean too much, because they did not see the horrors morally, mentally, physically in Sodom and Gomorrah, but even though human beings have reached a point of understanding logic in a more thorough degree, so many still ignore the Purpose for the God-given Gift of understanding what is correct, what is incorrect, what is truth, what is untruth, what is pure over impurity.

Justice is an important factor in human life, but it is not always practiced. Thousands and thousands and thousands and thousands of Words have passed through *one voice*, not to instruct *the one* whose voice is being used, but to alert millions of human beings, through the script of *the voice* that is used, to more fully understand that human life is an Important Part of Divine Plan, a gifted Portion beyond all other things.

It is sad when this Gift is demeaned in any way, because there are so many Gifts to human life, in

human life, that give a Purpose to human life beyond what anything else has.

The world is in chaos, but it is not always seen, because sometimes turbulence in how people act, think, speak, causes men, women and children to be so distracted that they do not look beyond the distraction, and look for the right over what is wrong, the pure over what is impure, mentally, morally, physically, spiritually.

As I leave you, I beseech you to make it a habit, at different times in the course of a day, ask your Soul to alert you if you are looking or speaking or thinking the wrong way. Your Soul will, you know, because It is a Living Portion within you, and It is alert at all times, and many times protects you without you knowing that your Soul intercepted what you were going to say, what you were going to do, how you were going to act, and helped you do it the right way.

As I leave you, I beseech you to thank The Father for allowing you the freedom of how you think and what you do, because through your freedom, you have been gifted to be the protector

of your Soul, allowing no one else to cause harm to It.

You are Blessed in many ways, and when you say a prayer, a request, or a *'Thank You'*, it is heard in a beautiful way. So be it."

NOVEMBER 9, 2000 AT 1:17 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

At this time throughout the world there is more paganism being practiced than people recognize. Paganism involves a false idol in one’s thinking, actions, and attitude.

Throughout the world men, women and children of all backgrounds talk about different religions; some in a superior way, some in a casual manner, and some act as though religion is almost like something that you have to have, and you can decide to what degree, but many times those who believe in a formal religion, are in many ways pagans at heart.

What I have just spoken will be controversial when certain individuals read it. The reason I say These Words is because there is so much egotism in so-called ‘ministers’ of all denominations, superiority, and yet the Day of Judgment will come for the Souls of those who entrusted their beliefs to one of these individuals, who

in many ways took the vocation on to control others.

The world is in chaos spiritually. That is why This Gift of Divine Love was presented at The Time It was. That is why so Many Saints Here in the Heavens have spoken out with such clarity in Instruction.

All that has been delivered through This Gift that bears the Name of The Beloved Holy Spirit of The Creator must never cease being sent to every place possible, because It is to alert the minds, the ways, the beliefs and the wills of millions of human beings who have been the victims of so much wrong teaching, so many wrong teachings, because of the egotism of some individuals.

My next Words are: Believe it or not, but throughout the world God does not come First to all denominations of men, women and children, even when they belong to an organization that practices so-called 'religious beliefs'. Hours could be spent on this subject, and for some who would read It, they would become frantic, angry, and feel they were being abused by such logic in thinking.

The Father has given to the world a Very Beautiful Gift of His Divine Love, allowing Everyone Here in The Heavens to give some strength, hope, encouragement through the Words delivered spontaneously through *one voice*. The reason for the Words is because the human mind remembers more of what is in script than what they hear.

This Gift of Divine Love, though It's being ignored by many so-called 'knowledgeable' individuals, It is the Foundation of Value, Truths, Benefits, Instruction and Purpose, for the Soul of everyone born in the human form, way, intellect, for the Goal intended for human life: to return the Soul, a Saint. So be it."

NOVEMBER 10, 2000 AT 1:03 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In the initial Creation of human life, The Father took one step at a time. By this, I mean in the Creation of mankind, the human mind had to be trained by Him to learn certain facts regarding the Importance of human life: first the physical, then the mental, then the moral. The human mind has been an important factor in every facet of life, because it has the freedom to choose, the freedom to become a part of necessary avenues of value.

***The little one* We All use to speak, awaits for Our Presence that no one else can feel. The Presence is different than a human life could fully understand, because if it was not this way, there would be no division between Sainthood and man.**

You live in a time of great turmoil, much unrest, and so many important measures regarding human life are put to many tests. The young and the very young learn from those

who have grown older and have been exposed to learning the facts of life, and I add to this, the importance of life in many areas, because the knowledge that a human being has gives strength to everything they partake in, and also instills in the mental the Importance of a Future for human life, and that they have learned that It is 'Sainthood' to be the Goal.

To say this Word to the average person who has never been instructed on the Soul that human life is given, they cannot understand something beyond what they practice day in and day out, and they can be very easily led into accepting undesirable actions, goals, and a manner of doing things that are totally opposite of The Commandments The Father gave to a man a long, long, long time ago. These Commandments are important, because They do not justify the wrong, but point out what is morally unsound, impure, and also instruct the individual to protect a Future Life for the Soul.

The world has been Blessed by This Gift through The Beloved Saint Joseph, because you see, even though much has been instructed before this

time, mankind has much more to learn on the Gift of the physical, the purpose for the mind of the physical, and the Importance of the Goal for the Soul that is placed at the moment of conception.

As I leave you, I beseech you: allow All that has been delivered to travel throughout the world, even when It is rejected, because you see, for some it will be difficult to understand that at 'this time' so much is being given to mankind through *one Soul, one voice*, and asked to be written. So be it."

SAINT THOMAS AQUINAS
 SAINT GREGORY THE GREAT
 SAINT ANASTASIA
 SAINT PAUL OF THE CROSS
 SAINT JOHN

“I am Saint Thomas Aquinas. I am Saint Gregory the Great. I am Saint Anastasia. I am Saint Paul of The Cross. I am Saint John.”

There’s a whole group of Them. They’re smiling. There are so Many of Them.

“*Child*, there are Many More of Us present than you could account for at this moment. The world has been Blessed abundantly by This Gift of Divine Love in which so Many Saints desire to speak, encouraging those who are still alive in human life.”

There are so Many of Them I can’t keep track. They are All smiling.

“*The child* is overpowered by so Many of Us being present at one time, but We want you to think about this: Heaven is this way all the time. There

are Thousands and Thousands and Thousands of Saints available to serve The Father. We are not in body form as you see, as you know body form to be, but Our Presence does take space.

You live in a time wherein so little Faith in The Divine shows or is expressed openly. The Value of human life is indescribable because there are so many facets in human life that are Gifts of Divine Love: the ability to think, the ability to speak, the ability to understand what is right over what is wrong, what is pure over what is impure in thoughts, actions, understanding.

Many of Us are present here today and it is difficult for *the little one* through whom We speak, because the Weight of Our Presence is demanding to her in a way and understanding inconceivable to the human mind. When a human being speaks of weight, they speak of body weight. Our Weight is Supernatural Weight, different in many ways.

Some of Us will walk away to make this time lighter on *the little one* and less of a distraction to her, for the Words to be spoken that will give

Aid, Instruction, Hope, to millions of people throughout the world.

The Father has given to the world a Gift Greater than mankind understands a Gift as This is to be. A Gift of This Measure is to encourage the minds of millions of men, women and children to more fully understand the Plan for which human life was created, and that is to share Eternity with The Holy Three.

There are so many reasons for This Miracle that began a very, very long time ago in a very quiet manner, using *one Soul, one body*, to deliver to millions, The Father's Will, helping all ages to more fully understand that they are the custodian of a Portion of The Creator, that no one human could fully understand.

We hear human beings say, 'My heart is beating.' That is true. The beat of the heart says life exists, and in this life there are responsibilities mentally, morally, physically and spiritually. Without the beat of a heart, all things end in a physical way, but the Soul is the recipient of all that occurred, and the Soul goes on to live in the Spiritual Way.

The Father gave to human life a Soul, a Portion of Himself, indescribable but obviously there, because logic says to human beings of all ages, all cultures, that human life has a Purpose, a Goal, and on a particular day at a particular time, the Soul will be the only Living Part left.

We are All speaking differently today, but it is important for you to understand that human life was created for a Purpose different than other things that mankind would have to depend upon, such as animal life, vegetable life, air, and all the things pertaining to what air is all about. There are so many things that a human being is dependent upon, and takes everything for granted.

There are millions of Words We could deliver at one time, describing the whole universe, describing so many Reasons for human life, but the human minds of all individuals could not comprehend what is beyond human life, because of living as a human being, everything was to assist the human life to exist, to carry on. Many things were very important, and some things very enlightening,

interesting, giving to human life an energy of understanding, and an energy of commitment, and an energy of enjoyment.

As I leave you, it is important for you to know: Human life has Purpose, because within it, it gives hope. Its very existence says that there is Something to live for, not just success in the human way, but Greater in an unknown form. Human life is a Blessing Greater than anyone understands, but be assured, it is a Special Gift of Divine Plan. So be it.”

“The Books must go out to all dimensions of Faith in God; also, to all degrees of moral views and acceptances.

God is for all Souls, because all Souls are a Portion of Him.

Stop nowhere.”

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

Faith comes in many degrees, hope comes in many degrees, sorrow comes in many degrees, love comes in many degrees. Each human being differs in how they accept things, and the degree or the dimension in which they feel responsible for what they accept.

Throughout the world human beings of all different intellects accept Spiritual life in a different format, different degree, different responsibility, and of course, according to how they were trained to believe, or how they found a particular way to believe, pleasing to who they are, what they are, how they live, and how they feel about a Supreme Power in charge of All Things.

In so many ways, it is important for human beings of all degrees of intellect to more fully understand that there is One Creator, One God, and it is important for their Soul, to not fully understand God, but to believe

in His Presence, and the Magnitude of Who He Is, What He can do, What He has done, and that He is The Judge of their Soul at a given time.

I will make this short, because What I have spoken is of great importance. So many individuals study what they call ‘a religion’, and they feel bound by what the written word tells them regarding The Supreme Powers, such as a Creator, and All The Saints. Oftentimes they omit The Heavenly Queen, and of course, other facets of What is important for the Soul.

I will speak more on this later. So be it.”

NOVEMBER 15, 2000 AT 12:48 P.M.

SAINT PATRICK

“I am Saint Patrick. I am standing in a nursery where there are many children just beginning a way of life that brings them in contact with possibly thousands of other people. I look at these children and I know within them they have a Soul, a Portion of The One Who created them. I also know that This Portion of Divine Love will be responsible for everything the little one does throughout its life.

Maybe the word is not ‘responsible’; perhaps the word is ‘the victim’, ‘the recipient’. Now, these two words do not cover everything, because there are so many words to cover all that a human being says, learns, practices, and uses morally, mentally, physically, spiritually.

The Father has given to the world a Precious Gift of Enlightenment, that in so many ways instructs in a simple form, so that What is spoken is easily understood, plus emphasizing to all human beings that within them they

have a Portion of The Creator, called 'the Soul'.

We hear some individuals complain, some even become adamant over the fact, or over some conversation they heard that every human being is born with a scar on It. This, of course, pertains to 'original sin' on the Soul. What I am about to say is very important. This Fact was made obvious so that human life would be alert immediately to the fact that as each commitment is made, it should be looked at as: is it right or wrong, pure or impure for the individual's Soul?

Granted, thousands and thousands and thousands of Words could be spoken about the Importance of human life, the Purpose for it, the Goal for it, and Divine Love for it, because within human life there are so many Gifts of Divine Love; some are obvious, some are not: the Gift of sight, the Gift of smell, the Gift of taste, the Gift to be able to say to others, 'I love you,' or many other important statements. The list is endless.

It is important that All that has been delivered from so Many Here in

the Heavens be passed throughout the world, so others who are not close to This Gift of Divine Love will have the ability to learn, and to understand what a Precious Gift human life is to the Creation of man.

So little is being instructed on the importance of purity of the mind, of the actions, of the words. There are so many excuses that give credence, calling it ‘personality’, ‘nature’, and other human versions, when things are even to the point of being obscene, impure, unjust, and many other such words that fit different situations, predicaments, or personal vengeance even, which is sad for Me to say.

I will close My Words because I could continue on for hours, ending up pleading to more fully understand what a Precious Gift human life is to man.

As I leave you, I ask you to remember: Before you close your eyes tonight, and every other night, say a prayer asking for forgiveness for all you might have been example for that was not helpful to others, and also say a prayer that your Soul will be spared, allowing The Father to know that you

are aware that the Soul is a Portion of Him, and that you care. So be it.”

NOVEMBER 16, 2000 AT 1:12 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I had the privilege to be present when This Gift of Divine Love was announced. At that time there was no concept of the Magnitude The Father intended for This Gift to give to the world so much Information, so much Direction, and so much Hope.

It is important to know facts, but when the facts affect the human way of living, it is more important to fully understand the responsibilities one has regarding carrying out the facts, according to the degree they are beneficial, helpful, important, and needed.

So Many Saints have spoken through This Gift of The Father’s Love, making This Gift One to be remembered as One of the Greatest Gifts human beings could receive, because of so much Direction, so much Instruction, and so much Divine Love involved in each Thing, each Subject, each Word.

Though it is difficult for many to believe or understand or accept without question, the Beauty of This Gift, the Importance of This Gift, and the Divine Love in This Gift, it is necessary for This Gift to travel throughout the world in all languages, because the fact that the physical in a human being does not understand or feel the necessity to know These Things, The Father has given This Gift to all of mankind, because of the Soul that is the recipient of everything a man, woman or child thinks, speaks, acts out, or even portrays in some feature, factor of human life.

Children are not being instructed on the Importance of the Soul that they are the custodian of. There are no teachers, because there are few believers in a Miracle of This Dimension, but you must remember that the written word lasts a lot longer than the spoken word. That is why so much has been requested to be put into script.

Those who write the Words have the benefit of seeing to it that These Words could fall into a very important place that needs Every Word on the piece of paper. You have no idea how

many will read What has already been put into script for the benefit of millions of Souls, not just in this time you live, but in a long time, for a long time to come.

You are always Blessed as you put the Words into script, Blessed by more strength to more fully understand how close The Father is to man, and the Gift of the Soul that each human being is the custodian of, responsible for, and That Portion of human life that will be returned to The Father at a given time. So be it.”

**SAINT CATHERINE OF SIENA
SAINT MICHAEL THE ARCHANGEL
SAINT PETER CANISIUS
SAINT MARGARET MARY ALACOQUE**

There are Four of Them: Saint Catherine of Siena, Saint Michael The Archangel, Saint Peter Canisius, Saint Margaret Mary Alacoque.

“If We were to hand each one present at this time a beautiful diamond ring, We would be remembered in many ways, but What We have come to speak about is Greater than any gem, because the Words The Father desires Us to speak are Words important for the Souls of each one. The word ‘Soul’, in many places, in many ways, is a common word.

What I am about to say is that as each human being is gifted with a Soul, a Portion of The Creator, it is important that This Message be delivered to people throughout the world who have no concept of the Importance of being a human being, because of the Blessing of the Soul that each one is the custodian of.

We hear some say, ‘I cannot see It, I cannot feel It,’ but you do. In every decision you make, every act, action you take, you are aware of the right or the wrong of it, the good or the evil of it. You are also aware that your presence is important to others, because how you look, how you speak, how you act, leaves a mark on everyone present.

It is important that children be instructed on how important it is for them to be aware that how they look affects others mentally, morally, spiritually.

Today as We All gather, it is important that All that has been delivered thus far and All that is yet to come, be seen for the worth of It, because each Message has an important point, due to the fact that each human being is the custodian of a Portion of The Creator, and there is no place in the world that enough is being instructed upon regarding the Goal for human life, because human life is the custodian of a Soul, a Portion of The Creator.

All ages of human life should be aware that though the physical and

the mental are important to each one, there is an unseen Portion, an unheard Portion that is the receiver of all that an individual thinks, does, speaks, uses, partakes in, and is definitely a tremendous, or has a tremendous effect on other human beings.

The Father allows so Many of Us to speak, so that those who write the Words, those who read the Words, will begin to better understand that when human life ends in the living way, it remains in a manner, a degree important for the Soul that each one received at the moment of conception, and this Soul, not human in Spirit or flesh, is a Portion of The Creator of All Things.

This Statement may not be easy to comprehend in Its fullest degree, but allow your imagination to see the Value of such a Gift, the necessity for everything you do to be based on the Importance of this Gift, because whether you think it or feel it, the sensitivities of the mind and the body assure you this Gift is present within you, because human life is different than all other living matter or thing.

The Father, in This Gift of His Divine Love, has instructed in so many ways Personally, or through One of Us Saints, what a Treasured Gift human life is the custodian of, and This Time in the History of human life is gifted in so many ways, by learning more about the Importance of human life.

That is why so much has been allowed to be put into script; also, much accent must be stressed on the importance of The Commandments given to a man a long time ago, because These Commandments are the Foundation for the Protection of Souls of every living human being, and These Commandments must never be set aside, but kept in the open in Their fullest degree, so They are not mistaken for mere words but understood in the importance They were given, to enlighten the minds of human beings to the Importance of human life in the Eyes of The Creator, and the Soul of each human being to be returned to Him in Heaven. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

When a man, woman or child admits ignorance to a situation, it is not always in the context that is feasible, because many times human beings just regret what they’ve said, and yet mean what they’ve said.

Today as I speak through *one small voice*, I speak with deep concern for men, women and children throughout the world. There are so many indifferences to what is morally sound, morally right, morally correct in how people of all ages speak, participate, or control situations, participations with others.

I hold *the little one* deeply because the Power We stand in is inconceivable to the human way of life, and it is important for every time We speak, that this Power is used so there are no mistakes in What is put into script or What is heard without the script.

The Father has given to the world a Gift beyond what human beings can or could understand It to be. Communication of This Nature is different than a human being could possibly understand, partake in, in repeating What We desire to be spoken.

There are many times men, women and children celebrate events. The celebration does not always prove to be in good, sound moral taste, or application, or participation. What I am speaking today is important to be remembered. Oftentimes when festivities become an important practice, many things occur that are not justifiable in purity of action, participation and/or meaning.

Everyone Here in the Heavens is happy to speak through This Gift of The Father's Love at this time, because as the Words flow from Us through *one voice* and They are most times, not all times, put into script, it assures Us that somewhere down through time, What has been spoken will awaken the minds of those reading It, and hopefully will encourage them to think in a more positive way, manner, degree, regarding the Importance of life, and that it has

many responsibilities because of the Soul that it is the custodian of, and this Soul is to be protected from all harm, all disgrace, all impurities.

As I leave you, it is important for you to understand This Gift of Divine Love has been given at a time wherein much need for It was evident. Each Saint Who speaks is requested by The Father to speak only to a degree that a human man, woman or child can understand, because of the Soul each one is the custodian of that must be returned to The Father in a Pure State, because it was The Father Who gave to the individual a Portion of Himself.

Though this may be difficult to fully understand, it is not necessary to understand it, but it is necessary to believe it, to protect It, and to never forget that human life was designed to have a Purpose above and beyond all other living things and matter. So be it.”

NOVEMBER 21, 2000 AT 1:13 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. I have not spoken many times through This Gift of The Father’s Divine Love for all of mankind. Today as I speak, I speak with much Love and concern because of the Importance of human life and the Goal for which it was created.

There is very little spoken or instructed on the Soul of human life, sometimes purposely neglected because it is difficult for some so-called ‘very learned’ men, women, to fathom such a Gift, to realize the Importance of this Gift that The Father gives to human life, because of all that human life is instilled with and responsible for.

When a child is learning to accept certain responsibilities, those in charge of the child or those who are instructing the child, oftentimes lose patience when the child does not respond to their liking. The Father has given to the world a Miracle beyond what human life can fully perceive, but logic says It exists, because All that has been delivered through It is

so beneficial to the mind, the thinking power in all ages of human life.

TTrue, We All speak differently when We address the subject of the Importance of This Gift of Divine Love. This Statement I have just spoken is important, because what one human being will understand thoroughly, could be a complicated situation or matter, and then there are others who would find It very simple. So, in All that is delivered, it is done in a way, a degree, a formula, that all different degrees of learning will be included in understanding what is best for them.

Today as I speak, it is important to Me, because of the Souls of millions of people of all degrees of intellect that will be helped by the Words so Many Here from the Heavens are given the privilege to speak. I could go on and on.

It is important that the written Words be passed throughout the world because one Lesson could save several Souls. The Soul is the Most Important Part of human life because It is a Portion of The Creator of human life and all other things. So be it.”

NOVEMBER 22, 2000 AT 12:55 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The world is saturated with chaos based on selfishness, pride, egotism, jealousy, insecurity, false ideals, false theories, false goals. Why do I say these things, you might be asking at this time. My answer to this is: So much evil is being accepted in what mankind calls ‘humanistic practices’, blaming all things on a human being’s desires, and in many ways, sins of the mind and of the flesh.

As I speak today, I speak with deep concern for the multitude of men, women and children who refuse to see more realization in the Fact that there has to be a Divine Creator; else, where would all things have come from, and how would all things have a purpose, a reason?

Human beings of all degrees of Faith in a Creator must fully understand that this Faith is a Gift of Divine Love, for without it mankind, men, women and children, would have no

reasoning and would be like all other animals, plus all plants.

I speak harshly today, firmly, because there is so much diabolical acceptance in every facet of life, ignoring totally that there is a Divine Way that has the Power to create.

The world of human life must change, because The Father, in Justice, will be forced to correct all that pleases the enemy of His and man's. So be it."

NOVEMBER 27, 2000 AT 1:18 P.M.

SAINT ALPHONSUS LIGUORI

“I will speak. I am Saint Alphonsus Liguori.

The world is saturated with so many false idolatries, and so much immoral humanism. Men, women and children are easily tempted to accept what is called ‘a sign of the times’, ‘the way in which we live’, ‘how things are now’. These acceptances are ridiculous, and in many ways detrimental to an individual’s sound moral values, standards, beliefs, practices, indulgences.

As I speak today it is important that My Words be remembered. The Father has given to the world a Gift of Great Dimension, because at this time it is necessary for human beings of all degrees of intelligence to begin to rationalize the importance of pure actions, thoughts, deeds, over impure actions and all the other things connected to what an individual is capable of doing, being part of, or being example of.

There is so much disgraceful example given to the young, the innocent, and there is so much dominance by those who are in charge, relentless in their desire to be important in the eyes of others, causing fear if they are not listened to, causing admonishment if they are not listened to.

The Father, The Creator, has given to human life a Gift of understanding, a Gift beyond what any other living matter or thing has the ability to have. This Miracle that bears the Name of The Beloved Holy Spirit of The Creator is being ignored, because men, women and children are persistent in doing what they feel they have a right to do, no matter how immoral it is, how wrong it is to themselves and to others.

Needless to say, I could speak hours, but it is important that All the Words that have been thus far delivered by so Many Here in the Heavens be scattered throughout the world in a persistent way, in a dominating way, because without persistence and dominance the weak will not be touched, the sinful will not

be touched by the subject matter that is in All that has been delivered.

Human nature has many facets to it, many degrees of 'ups and downs' in acceptance, in rejection. It is important, no matter what an individual claims they believe, or they have in their favor, use What has been delivered to help them, and you will have to find many different ways, but it is important that you do, because for All of Us Here in the Heavens the greatest sadness to All of Us is to see the sadness of one Soul being mistreated. Now, if you multiply this one Soul by the number that We see, even in your human way, you would be devastated.

My final Words are important. Use your Faith, your will, your conscience, and your belief in having a Soul. Use all what you are to help the Souls of millions of men, women and children that you do not know, you do not see, but you have the Power of the written Word at your fingertips, and you can exercise your will to spread It wherever there are human beings living. So be it."

NOVEMBER 28, 2000 AT 12:58 P.M.

SEVERAL SAINTS

“Oftentimes there are Several of Us present when what is called a ‘Revelation’ is delivered through *one small voice*.

When she sees All of Us or becomes aware of so Many of Us present, she immediately asks: ‘Which One of You will speak? I do not want to confuse this and say the wrong One.’ This, of course, is a pleasure to All of Us, because this *little one* The Father has chosen to repeat What He desires men, women and children to learn and to more fully understand the Importance of human life, and His Divine Plan for it.

In the Creation of the world, one thing was created at a time. As each thing was added, it took a long time for its full requirements, because of the importance of each area that was planned to house the Souls of millions of human life. As each step took place, it had an important factor in it, place, reason. Granted, it took many centuries for the development

of human life because of all that had to be before human life could exist in the proper way, and for the Ultimate Goal for which it was created.

Today there are Many of Us present, and *the little one* through whom We All speak is constantly conscious of the importance of Our Words that are to give purpose, strength, reason and goal for the Souls of millions of men, women and children born, or yet to be born.

Fanaticism on any subject is detrimental in many ways. That is why it is so important that All that has been delivered by so Many Saints Here, directed by The Creator Himself, that All Words be seen for the reasonability in Them, the purpose for which They point to those who read Them, the Beauty, the Goal for the Soul that is a Gift at the moment of conception to each human being.

We hold *the little one* tightly, because as she sees so Many of Us present, she searches for Our Faces to identify Us. We All smile at this, because This Gift of The Father's Divine Love has a Purpose beyond what a human mind can fully under-

stand. It is difficult for the human mind to comprehend a Goal as Great as Sainthood for each one.

When The Father created human life in the beginning, He designed human life for a Special Purpose and Goal. This Statement may be difficult for many to fully understand, but the reasonability of It is logical, and I add to this word 'indepthly' logical.

Human life has been gifted with This Miracle of Instruction, because without It so much diabolical jealousy was prevalent and becoming more so. That is why it is so important that All that has been delivered be sent throughout the world, because It is needed for the Souls of millions of human beings who do not have the advantage of being close to where This Gift is delivered in such a Personal, Direct Way.

Children must be instructed on the Fact that they are a custodian of What is called 'a Soul'. It is a Gift of Divine Love that nothing else has, because It is a Portion of The Creator that allows human life to have an intellect, and the ability to reason beyond what any other living thing

can reason; also, to understand that only an Exceptional Living Matter is in control of All Things, not humanly planned.

As We All leave you, it is important that All that has been delivered be sent to other lands. Prayers are to go with Them, so there will be others who will be able to translate What has been delivered, because in translation millions of Souls in other lands will be able to share in the Beauty and the Divine Love of The Father's Plan.

As I leave you, I beseech you: never deny The Father His Will, because His Will is of the Utmost Importance regarding the Soul to be returned to Him Forever. So be it."

NOVEMBER 29, 2000 AT 1:38 P.M.

SEVERAL SAINTS

“We will announce Our Names at a later time.

The little one is in constant communication with Our Presence. Just as each human being has a Guardian Angel, *the one* through whom We All speak is ever conscious of Our Presence.

The world must understand that The Creator gave to human life a design to be followed, according to Divine Plan. Past History has given many points to be remembered, and it is important that those who are yet able to understand that human life is Divine Plan, and has a Goal for the Soul to return to The Creator in the State of Purity, because of the Importance of the Soul that receives all that an individual participates in, speaks, and/or is responsible for.

In the beginning of time, human life did not have the advantages that it now has. The mentality is able to address more subjects, the senses are more observant to what is right, what

is wrong, what is pure, what is impure, what is just, what is unjust.

The children being born at this time will be instructed more indepthly, or I should say, should be instructed more indepthly on the Purpose for which human life was created. There is so much immorality based on physical abuse, mental abuse, Spiritual abuse. These three things are keys to what is right over what is wrong.

We have never spoken like this before, in this manner, but it is important because human life is taken for granted, the intellect is taken for granted, even impurity of the mind, the body, is taken for granted.

So many men, women and children enjoy joining organizations that they feel give them more opportunities to learn more, to experience more, and to be more a part of the human elements.

The human mind has a distinctness that no other living thing has, but the human mind oftentimes ignores the Importance of the Goal for which human life was created, and at this time there is so little instruction on this subject matter. Mankind pays

more attention to a date marking time in History than a moral decision related to the Soul.

At this moment, if one thousand people of all ages were asked a question about something trivial, most of the answers would be spontaneous, but if these same people were asked the condition of their Soul, most would stammer, ignore, reject, or be totally abhorred by the question.

I know a Lesson such as This One is not one pleasing to take down in script, or to read, but it is important for the human minds of all dimensions of intelligence to look at the reality of what human life is faced with every day: decisions regarding other people, sometimes of all ages; also, decisions on what is correct morally, whether it is something that appears truly immoral or just in a casual situation that is almost like an everyday event.

These Words are All quite different than We usually dictate, but it is time for human beings of all ages to begin to look at the varied and various situations that arise, that demand a decision of justice over

injustice, purity over impurity, right over wrong, truth over untruth.

As I leave you, it is important for you to remember that The God Who created you Exists in a Greater Degree than human life can comprehend, so go to This God, ask for help, and never forget that a Supreme Power such as The Creator is, has answers to all questions, and is willing to give Direction whenever it is requested.

I know I speak differently, but it is time for human beings to begin to see the values, the importance of every decision he or she is confronted with, or is just an ordinary decision on ordinary practices in daily life.

As I leave you, and the Others Here with Me, it is important that more than once during the day a prayer short or long would give strength, not just to the moral ethics, gratifications, but to help one's mentality to cope with all that he or she is confronted with, whether it be personal or materialistic, or educational, private or public. Needless to say, Heaven is constantly available, and in remembering this Statement, a request for help is always available. So be it."

NOVEMBER 30, 2000 AT 1:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All ages of men, women and children are being deprived of the important facts that give strength to moral values, moral standards. This deprivation should signal ‘an alarm’ so that all men, women and children will realize that there must be more attention paid to what is morally sound, morally good, morally valuable, and morally in keeping with The Father’s Will.

Let us look at a Time of Judgment. This is a rare thought in the human mind, but it is important that it begin to be seen as a Fact that will one day be inevitable.

I speak differently today, because it is so important that all ages, all backgrounds begin to value morality over immorality, truth over untruth, prayer over what would be termed ‘a new evaluation’ of communication with The Divine. So much of this new communication is based on humanism, not Sainthood.

I will make My Words short, but in Them I have given you something to think about, because the Soul that each human being is gifted with is a Portion of The Creator, and it is time that human beings understand this Point of Divine Love, this Gift of Divine Love that nothing else is the custodian of.

All Revelations that have been delivered through This Gift of The Father's Love must be spread throughout the world. The reason I say 'All' is because each intellect reading Them will find an important Fact that they can acquaint themselves with, in their actions, their thinking, their values, their determinations, and how they use their ability to understand the Importance of human life as man, and the Goal for which it is created. So be it."

DECEMBER 1, 2000 AT 12:58 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist.

Human life has an Importance in its very creation that nothing else has. Human life is a Gift of Divine Love. Human life has a Purpose and a Goal, and it is sad to say that most human beings do not realize this.

As All of Us Saints gather Here in the Heavens, We are constantly aware of the millions of men, women and children who have no concept of the importance of every day they live, everything they do, every word they say, and what reflection they have on others, sometimes outwardly, sometimes just in a quiet way.

In the Creation of human life, it was the Love of The Creator of All Things that designed human life with many Gifts that The Creator was The Designer of, The Custodian of. The Gifts that human life is given have many reasons, many purposes, giving to human life reasoning, values, understanding, and innately to reach

for a Goal beyond what human life can give.

We hear men, women and children of all ages doing many things, practicing many things to be successful, and to have more advantages. The Greatest Gift that a human being can strive for is Sainthood. All of The Saints Here in the Heavens shout with Me, 'Make Sainthood your Goal!'

So little is being taught on this Goal for life. Daily We hear thousands of individuals doing many things to gain attention, to reach goals. This is good in many ways, but it is a rare thing, or I should say almost a never thing, to hear someone say, '*Heavenly Father, please help me to one day return my Soul to You a Saint.*' This is the Greatest Goal that any individual can desire, or use what they are to reach.

Many stories have been written, many interpretations of the stories, but The Father has given to the world a Gift of Divine Love with a constant, consistent, constructive Practice of awakening human beings to the Importance of human life, that it has a Purpose, and that is to return the Soul to The Father, to remain with Him Forever. Granted, it is difficult

for many to visualize a Portion of themselves, unseen at this time, not felt physically, but It having a Goal to return to The Creator Forever.

Prayer is important, but it should be done with a sincerity, not just out of a mood, or just at a time when only something is needed, wanted. It should be a practice in daily living, a communication between a human being and The Divine.

It is important that children be instructed on the Fact that there is a Goal to life. In the Creation of human life, a Gift of striving for success was placed within the human mind. This, of course, was the foundation, because of the Soul that is to be returned to The Father 'a Saint', bearing the name of the individual in whom It was placed at the moment of conception.

I beseech you, those who write These Words, and those who will read These Words, look into the value of Them, the importance of Them, the truth in Them, and strive to become 'a Saint', because you see, at the moment of conception a Soul is placed within the conception, that nothing else, no other living matter has. So be it."

SAINT ANGELA MERICI

“I am Saint Angela Merici.

The time has come for This Gift of Divine Love to be made more public, more noticeable to men, women and children in small towns, big cities and hidden areas wherein men, women and children reside.

***The funnel* that We All use to relay to mankind of all degrees of religious Faiths, all degrees of knowledge, is to be distributed in every place possible because of the Importance of the Messages for the Protection of Souls that are being desecrated by excuses of individuals who constantly use the terminology, ‘Live and let live.’ This statement, of course, gives a freedom, boundless, on every area available. There is no distinction of morality over immorality, Faith in The Creator over no Faith that Any Thing Exists, or Any One Exists, of a Higher Power.**

As I leave you, it is only temporary, because wherever This Gift is in the world, through *one voice, one body*, there are Many of Us present,

even when We do not ask for Our Words to be put into script.

Be aware of the dangers of an inability to follow what is morally sound, morally pure, and never forget that The Commandments of The Creator were passed through 'one man' verbally, put into script. It is being repeated at This Time in the History of human life, and All that has been delivered should be passed throughout the world. Do not worry about language barriers, color or race. The Father will allow All to be seen in the right place.

It is important that those who put All of the Words into script be aware that as The Father Decrees All the Directions, He also Decrees Them to be sent throughout the world. So be it."

GOD THE FATHER

“In the Creation of the foundation for one day to allow human life to exist, I created one thing at a time, so that by the time I allowed this specific Special Gift of My Divine Love to exist, I prepared all things that would be acceptable to the human life that was and is so different than all other things.

Each child born has a distinct Purpose, and that Purpose is to return to Me, That Portion of Me that I instill at the moment of conception.

I have given to the world, not just one place in the world, but to the whole world, This Gift of Communication between Myself and All Others Here with Me, through *one small voice*.

My Power allows so much to be spoken, instructing human life on the advantages of human life, and the Goal I created it for. Though it is difficult for the human mind to understand the Full Concept of What I Am, the very Gift of human life is transparent in its Love of Mine for man.

This Gift is to spread throughout the world a greater understanding of Hope, of Purpose, of Love, because in the Creation of human life, I have attached a Portion of Myself within it, giving to it an understanding of communication, of the need to serve, and the need for purity in all facets of human life.

As I speak, I speak strongly through *one small body*, but it is to show those present that My Power is Beyond a power conceivable to the human way, so I plead with you to understand that as a Creation of Mine, in the way of man, you have a responsibility to return to Me, That Portion of Me you cannot see, you cannot physically feel, but your understanding of what is pure over what is impure in all things, is ‘the key’ to you understanding the Importance of your birth from Me.

As I leave you, I am never away from you, because My Presence is within you. Remember, I created human life for a Special Goal. So be it.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Human life is a Gift of Divine Love. It is important that it be treated with respect, and that all the senses of human life are seen for what they are to be used for. It is important that children of all ages concentrate on what is important for one’s Future Life.

We see so many men and women striving for high places in organizations; also, to have their name become known so that others will recognize them as being important. Men, women and children know the day comes and they will be answerable for all they have done, all they have practiced, all they have been example of; also, all their obedience to The Laws of The Creator, One by One.

The Father has given to the world a Gift of His Divine Love, instructing on many subjects the Importance of human life, because of the Portion of Him that is within each human life, not seen, but presented to each

human conception; a Portion that gives to human life the knowledge, the understanding of what is good, what is evil, what is proper, what is decent, because human life was gifted with what is called 'a Soul', and this Soul is that Connecting Link between The Creator and the conception, and remains within the individual until The Father Decrees It be released, and be returned to Him.

It is important that All that has been delivered through This Miracle of The Beloved Holy Spirit of The Creator, be not just handed to other men, women and children, but spoken about, instructing in a short way perhaps, but with an indepthness so that the one receiving What has been delivered will not be able to say, 'I don't understand This.' These words are common excuses in all age brackets of human life.

You live in a time worse than Sodom and Gomorrah, but you also live in a Time in which The Creator has given to the world a Gift of Divine Love, constantly allowing so Many Here in The Heavens to speak, and for It to be put into a written form to be remembered.

So many Souls are paying tremendous prices of punishment, because of the one in whom They were placed at a given time.

We hear so much disbelief in the fact that a Soul is an Important Part of human life. We hear: ‘I cannot see It, I cannot feel It. I sense no response from It, so how can I be the custodian of It?’ Logic is an important part of many facets of human life. I ask you, ‘Why does it not fit in this role in human life?’ because of the innate understanding that a human being is gifted with, that there is a Divine Being in charge of All Things, and The Designer of All that is created, thus reasonably understanding that human life is gifted with an intellect, a sensitivity to what is right over what is wrong, what is pure over what is impure, what is just over what is unjust. Logic must be seen as the core of so much that a human being is able to reason with his or her actions, participations, intellect, and yes, realization of having to report to a Higher Being at a given time.

I bless you with much Love, and I beseech you to use each day as a step to Sainthood. In the end, it will be Far

Greater than becoming famous in the eyes of man. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius.

Hypocrisy and heresy is prevalent throughout the world. It stands openly amidst all nationalities, all backgrounds, all degrees of intelligence, and all degrees of sensitivities that relate to what is moral, what is immoral, what is truth, what is untruth.

The freedom of the will in the human nature is a Gift of Divine Love, but is oftentimes abused by the personality, eagerness or temperament of an individual.

Let us take one facet of life that children are scolded for, and that is selfishness that is expressed in so many ways.

It is important that These Words reach far and wide to all types of human beings, all backgrounds. It is necessary for all people, no matter what degree of intellect they possess, to fully understand the Purpose for which they were created, the Goal for

their Soul that has been talked about, such as returning to The Father in a Pure State.

Today as I speak, it is with much Love for human beings, and of course, much concern for their Souls, because it is the Soul that will pay the price when the heart stops, and thus will be entering a New Life. So be it.”

SAINT BERNADETTE

“I am Saint Bernadette.

Mankind, men, women and children, must remember My next Statement. A ‘holiday’ is celebrated for many things, in many ways, but it must never be practiced like a ‘Holy Day’ should be practiced, because in a ‘Holy Day’ there should be much understanding for Whom the ‘Holy Day’ is in Honor of, and what the One Whose Day it is, did in the way of human life.

I am not saying that ‘holidays’ should not be enjoyed, but if the ‘holiday’ falls on a ‘Holy Day’, it should be seen for the importance of it to the Soul, to many Souls, because the day was specified to be important to remind human beings the Honor and Dignity that a Soul stands in; this Soul, of course, having once been upon the earth in a human body.

My Words are different than the Words most often delivered, but it is important for all ages to understand

**the difference between a ‘Holy Day’
and a ‘holiday’. So be it.”**

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

So much Information on how to become ‘a Saint’ has been delivered through *one voice* up to this time. This subject was opened only by those who felt they were trained to speak about it.

Children are not being instructed on the Goal of life. They are being taught many subjects based on humanistic values, plans, purposes, goals. Mankind has been Blessed with what can openly be termed, truthfully be termed, ‘*a Communication Line*’ between human life and The Divine.

It is sad to hear rejection, dismissal of such a Gift, because at this time throughout the world human beings of all degrees of intellect are finding communication important, but sad to say, most of it is based on financial distribution and psychological contribution.

Many of Us speak through This One Gift of Divine Love, instructing

constantly, alerting human beings of all ages on what human life consists of, and of course, the Goal for which it is and was created.

It is important that more things be based on The Commandments, because each Commandment opens a door to what a human being must make decisions on, must be responsible for, and must be ever ready to use as the Foundation, the Basis for decisions, because of the Soul each human being is the possessor of, the guardian of, for a Future Living.

As I close My Words to you, it is important that the memory of All that has been delivered through This Gift of Divine Love be used daily, and not allowed to be hidden between the folds of a book for others to one day read. Only The Father knows how Important each human life is, because in His Design of it, He had a Purpose for it, and definitely a Goal for it, to return to Him in a Pure State of Light for All Time that He Desires to be. So be it.”

MANY SAINTS

“There are Many of Us Saints standing here with this *one small instrument*. She listens to Us discussing the beginning of the Creation of life; that is, life in the human form.

There is no way for even great scientists to completely return to how all things visibly began, physically began. As each advancement came about, it was an important mark, value, step, for the next advancement to take place. So many steps had to be taken to arrive at what mankind in the human form, is part of at this time, and all that surrounds human life was developed in stages, too many to explain because of the need or the purpose regarding the goal that human life was to live in, be a part of, and be able to withstand all the facets that would be presented for survival of the body and the mind.

No book has been able to be written on the true beginning of all that now exists. Many scientists work diligently on theory, on assumption,

but without a full understanding of The Invisible Creator, there can be no written words to fully describe how everything came about.

Today as We All speak through *one small voice*, The Father uses *this voice* to give many Instructions to those who are, at this time, advanced to a degree allowed by The Father, to be able to cope with all there is available for the mind and the body of each human life.

There are Many of Us standing around this *small body* as she dictates Our Words. Our Presence is a weight because of the Power that radiates from Us to her and within her.

There have been many historical books put into transcript, allowing a certain degree to be described in how human life has seen the benefits, and also has learned how to cope with certain things, such as atmosphere and physical capabilities and limitations.

When We hear doubt that a Supreme Power has to Exist, it is not sadness We feel, but concern, because it is important for all living human beings to see the Practical Side of The Creator, the Loving and Giving Side

of The Creator, because it would be illogical to dismiss such an Entity of Power.

Each time We speak through this *small voice, small body*, it is weakening in some force and way to her body, but it is also strengthening in another way. Through This Miracle that has revealed so much regarding The Divine Existence, the world has been Blessed, and it is sad to see so much rejection of the Close Relationship human life has with The Divine.

As We leave you now, it is necessary because of the Power We are in *one small body*, but do not forget, your Faith, your love for This Gift is a Strength beyond what anything else could provide you with. Be Blessed by the Gift of understanding The Father's Love through This Gift, because it is sad to see any rejection of It.

As We close Our time now with you, We encourage you to be staunch in how you spread All that is necessary for others to have Hope, to have more understanding of what a Precious Gift human life is, and that it was designed for a Special Goal. So be it."

DECEMBER 12, 2000 AT 10:02 A.M.

GOD THE FATHER

“This Gift of My Divine Love is not being delivered to all areas of human life. Each Message that I have given is to be seen by thousands of men, women and children of all ages. No one is to be ignored because of an individual’s perception of how someone might accept or might reject My Words, My Meaning in Them, and My Purpose for Them.

I have given to the whole world My Love through *one small voice*, and it has the capability of saving millions of Souls because of the importance that Each Word means, to better help human beings more fully understand that this life I created has a Goal, a Future to be with Me Forever.

This Statement will be difficult for many to understand, but nonetheless, It is Fact.”

DECEMBER 12, 2000 AT 12:56 P.M.

GOD THE FATHER

“In the Creation of human life, I prepared all things for its existence, and for its ability to progress in a form, in a manner, and in a way that would give to human life the sensitivity to logic and the realization that each human being was gifted with a mind and an intellect.

In the beginning, the first human Creations of Mine were subjected to a learning stage that to those who live at this time would be astounded by, because of the difference in how the first man, woman and child used sound, and other sensitivities of the mind.

I have revealed so much through This Gift of My Divine Love regarding the Importance of human life. It supersedes all other creations, and each thing I created had a reason, a purpose and a place, because of what it was and the purpose for which it was created.

To go back to the days wherein each step was taken to allow one

more item to be created, it would be impossible for mankind, the human life, to fully understand so much that had to precede each item I found necessary for human life to be able to exist.

That is why the human life called 'man' is so Important to Me. I place within this creation a Portion of Me, an intellect and the ability to learn, even though the first creations of this dimension did not have the full response, the full requirements that those who were created later were given.

In the human way, those who read My Words will understand how something must have a beginning, and then be able to have time to develop what is necessary to give capabilities to do many other things.

At this time I gave 'one voice', 'one Message', and with it I developed many areas, so that What I Willed the world of human life to know would one day be put into script, as I am now doing, because of the Importance of human life, and the Portion of Me called 'a Soul'.

My Words on this subject could be lengthy, but it is important that What I have spoken be passed throughout the world, because the Creation of human life has not been held, is not being held in the Dignity and the Purpose for which I created it, bearing a Portion of Me called 'a Soul'.

As I speak My Words on this day, those who read Them, must see in Them what a Close Relationship human life has with Me.”
