PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

JULY 29, 2002 AT 1:04 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

You live in a time wherein so much diabolical sources and forces are available in many actions, many directions, many theories and many practices.

It is sad for Me to say, it is so difficult for many to fully understand what a privilege it is to be born as a human being, because it has a Goal that nothing else has.

When some individuals hear this Statement they try to ignore it, and yet in their daily way of life they want success monetarily, emotionally, mentally. Few think of it spiritually, very few. The excuse is that they cannot see what the Future has to offer. There are no evidences that those they loved who have gone before them, are seen to them as Saints. There are no messages, so doubt is evident, and of course, doubt causes rejection.

I speak differently today, but My Words are clearly spoken. The

Father has given so much Instruction through time on the Importance of That Portion of Him that is Divine, that every human being is gifted with at the moment of conception. Even when a conception does not reach the full point of being born in the human way, it would be wise to bless what must be taken from the body, because the Soul is present, but that is never thought about, never questioned in a proper way.

This Gift The Father has given wherein so much Instruction is presented regarding so many areas of human life, so many Gifts that human life should realize is for a Future time, and that is to return to The Father, a Saint.

We hear some individuals say, ‘I know no one who would think of me as a Saint if I die in the human way.’ It is sad for someone to say this, but logic should tell them that there are millions of Souls Who arrived in the Heavens, returned to The Father, without any words regarding Them when They returned to from Where They came.

I speak differently today, but it is important that men, women and children awaken to the fact that they are not alone, because That Portion of The Creator that is within them is gifted with so much Love, concern, interest and hope. This should be spread throughout the world for all men, women and children to realize that they are never alone from the moment of conception on.

As I close My Words, I would like to remind you to thank The Father in your own way, for the Gift of human life He allowed you the privilege of, because of That Portion of Him that is called ‘your Soul’.”

JULY 30, 2002 AT 12:51 P.M.

SAINT MALACHI MARTIN

“I am Saint Malachi Martin. All there is about Me is not fully known.

The Father, in His Will and His Love, has given to Me openly, an understanding of the importance that all of human life truly realize, truly understand, and truly follow All that The Father Wills, because of the Souls that are present in human life.

Human beings should understand that as they reach for success upon the earth, and in everything they do, there is a Higher Goal for human life, and that is for That Portion of them called ‘the Soul’.

I will not talk long on this subject, but I assure you, the privilege I have just been allowed is one alone.

As I close My Words, I beseech those who write Them, who will read Them, to keep on instilling in others the Importance of having been born, because the Goal for human life is difficult to describe to those who are yet alive, but the Souls that are left,

not behind, but are the recipients of all that an individual partakes in during human life.

Many Blessings have been delivered through This Gift of The Father's Love, and there are many, perhaps even millions of more Blessings, because those who will read All the script, All that has thus far been delivered, should help them understand there is a Goal to human life."

JULY 31, 2002 AT 12:38 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I speak on this day to let you know that each Title that I am known for, or about, pleases Me beyond what I can describe to you. Titles are important because they awaken in some individuals, certain ideas, facets, points of interest, that help the individuals to a greater degree of Faith in the prayers that they offered to that Particular Name. Even though that Name represents One Individual, human nature has a way of feeling strength in certain facets of life, certain areas in which they feel a closeness, because of what the Name signifies to them.

The Father has given to the world a Beautiful Gift of His Divine Love. It bears the Name of The One Who was The Foster Father of His Son, and you all know Who that is. He is Saint Joseph. The Responsibilities He bore in this position of life were far greater than anyone knows, for He walked in Protection of The Heavenly

Queen, and of course, The Son of The Creator.

At that time people recognized the Importance of this Family, but never realized the Greatness in the Importance.

This Time in the History of human life, so much has been revealed regarding things that at one time, situations that at one time, were taken for granted.

Today as I speak, I speak with Great Love for all of human life, because it has the privilege, the opportunity, and the Goal to one day return to The Father their Soul, That Portion of The Creator of All Things that will represent the one in whom It was placed at the moment of his or her conception.

The world has been Blessed many times through particular individuals that The Father encouraged Someone Here in the Heavens to instruct on many issues, for the Purpose of strengthening the love, the hope, the knowledge, and the realization of so many things, mainly that they have a Portion within them that one day has the privilege to become ‘a Saint’.

The Soul is the gifted One of every human being, and the Soul is constantly present from the moment of conception until The Father has It returned to Him at a given time.

I could speak endlessly on this subject, but We find it is easier for others to learn to a greater degree, the importance of what is spoken when We shorten Our Words on different subjects at a given time.

As I close My Words with you, I bless you with My Love and with the Hope that you will one day return to The Father, and you will be a Saint.”

AUGUST 1, 2002 AT 12:23 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene. I smile because *the little one* says to Me, ‘Do not The Saints speak after we eat?’ and I say to her, ‘We speak all day, all night, whenever The Father Wills it to be.’

I come on this day for a very important reason, with a very important Message. You live in a time of much immorality, thus abusing the Souls of millions of human beings. Granted, you cannot see the Soul, but you innately feel Something within you, that you oftentimes make excuses, because of the sensitivity you have, to the feeling you have.

Throughout the world at this moment, many men, women and children are ignoring the Fact that they have within them a Portion of The Creator. They act, they speak, and they suggest immoralities by the dozens, ignoring totally that as a human being, they have responsibilities for how they think, how they act, and what example they are to other human beings.

I will close My Words with a Blessing, because you see, human life is a Blessing beyond what it understands a Blessing to be, and The Father, through This Gift of His Divine Love, has addressed so many subjects, encouraging to everyone who reads Them, who hears Them, that they have a Goal Higher than they can imagine a Goal to be, and that is to become ‘a Saint’.

The Blessing I said I would say, are the Words I just spoke, because you see, you heard Them firsthand from Me. So be it.”

AUGUST 1, 2002 AT 1:24 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Throughout the world there is too little emphasis on human behavior and the importance of it. Morality is important for the body and the Soul. Immorality is dangerous to both the body and the Soul.

Whenever We hear intimacy spoken about, it is oftentimes put in a context in which all things are innocent and everything is acceptable.

You do live in a time worse than Sodom and Gomorrah. Whenever Any of Us say this, We hear many remarks when others read What We have spoken. Immorality is more than what the average mentality understands. Immorality has many diversifying practices, that to some are logical, acceptable and human; to others it is immoral, and yet their weakness allows them to partake, or to be active in what they know is total impurity to their Soul.

Children are not being instructed on the morals of human life. Everything is accepted, because of the conditions of the time in which they live. We hear so many excuses for all that is wrong. This is sadness to Us, because We know the Soul yearns, pleads, begs for help for the one in whom It is, to see the reality of what is occurring and to ask help from The Divine, from Any Saint They can think of, to help them not commit an impure action, impure thought, because it truly pleases no one.

So many places throughout the world are dedicated to encouraging all ages to ignore what is morally pure, and accept what is impure.

The Father has given to the world a Miracle of Divine Love in which so Many Saints have spoken regarding the importance of how an individual should be, should act, should think, should behave. There are no excuses for human beings of all ages, because it is innate in human beings, even the very young, to know when they are committing wrong, whether it be through an ugly act, or just an act that is expected of them because of their closeness to someone else.

I have spoken differently at this time, but it is important that All that has thus far been delivered for several years now, be seen as Direction for the mentality of all ages of human beings, and the young should be instructed that every act they perform is heard by The Creator, seen by The Creator.

It is so difficult for human beings to not want to be what they should be. Their weaknesses respond, and logically speaking, they have within them the reality that they have the ability to choose right over wrong, purity over impurity. They also innately know that within them they have Something, of course, not always seeing It as a Portion of The Creator called 'the Soul', but it is innate for them to feel that they are being seen.

I could speak hours on this subject, because it is a subject that is worthwhile to think about. Each human being has a different manner of approach, also a different sensitivity to what morality is to them.

I will close My Words, for I could speak endlessly on this subject. Every Saint Here in the Heavens wants everyone who is alive at this time,

and the time to come, to more fully understand there is a Goal for every living human being to strive to reach, and that is to return their Soul to The Creator, a Saint.”

AUGUST 2, 2002 AT 12:42 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

I smile when I say My next Words. This *little one* The Father has chosen for such an Important Task, at one time attended the school that bore My Name. She often asked those in charge what I was like. It was innate in her to want to know these things.

The world has been Blessed through The Father’s Will regarding the Souls of human beings throughout the world. No human life is created without bearing That Portion of The Creator that gives to human life a Special Meaning above and beyond all other living matter or things.

Throughout the world, it is sad for Me to say, there is so much irreverence, indifference, casualness, and a lack of understanding or belief, that for human life to be created there has to be a Supreme Power.

Today as I speak, there are thousands of men, women and children who have no Faith in a Higher Power.

They concentrate only on what they see as the manner in which human beings are born, and that each human being is subject to the ones in whom they were physically created.

Each day Hundreds, or even Thousands of Saints, are aware of This Miracle of The Father's Love for human life. Many have spoken at the request of The Father, because it is so important for all ages of human life to fully understand that to be born the human way has a Special Gift of Divine Plan; also, the Goal for which it is gifted to receive at a given time is the Highest Goal, too high for anyone to truly perceive the fullness of, the Greatness of.

All that has thus far been delivered, put into script, has been put in this manner to awaken the minds of millions of human beings of the True Existence of a Creator, and that human life has a Goal for a Portion of it that cannot be seen, but It is daily a Part of each human life, in everything a human being participates, practices, endures.

All of The Saints Here in the Heavens love This Miracle of The

Father's Love for human life, because there is such great purpose for It, giving to those who are yet to live it, a chance to better understand, more fully comprehend, that life goes on, even after the human part of it ends.

As I close My Words, I bless those who put Them into script for millions to be able to read What The Father Wills for human life of all ages, all backgrounds, all degrees of understanding, to more fully want to please Him, because of the Soul that the individual is gifted with, that is to be returned to The Creator, hopefully in the Love It was first presented at another time.

All of The Saints Here in the Heavens love This Miracle of Divine Love, This Gift in which so much is delivered. It is The Father's Will that This Gift be spread throughout the world because of the Souls that need the one in whom They were placed at the moment of conception, to more fully understand there is a Goal for the Soul to return to from Where It came, for a Life different than the human way of life, but Greater in many ways than the human mind can perceive It to be.

It is nice to hear one human being say to another one, ‘*God bless you.*’ You could say it quietly, without anyone hearing, but the Soul enjoys hearing it being spoken, because of the closeness the Soul is to The Creator in all facets of life.”

AUGUST 5, 2002 AT 12:38 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

It is important that This Gift of The Father’s Divine Love be spread more quickly throughout the world.

In so many places it is difficult for human beings of all degrees of intellect to see, to feel, to understand the Greatness of The Divine, and Divine Plan. This Miracle has been given to the world to awaken the minds of all nationalities, all degrees of intellect, all personalities, that to be born a human being is a Blessing, and this Blessing gives to each human being a Gift, a Goal Greater than the human mind can comprehend It to be.

There are so many facets of human life, Gifts for human life, in human life, that are ignored, because all ages of human life do not see the Gifts in their full degree. The very fact that hearing is a Gift, sight is a great Gift, to be able to speak words that others understand is a Gift beyond what animals have, and any other living thing.

All these things should be understood as coming from a Divine Being, Entity of Living beyond human understanding. *The small voice* that is used to deliver the Words so others can put them into print, is a Miracle unto Itself.

I could speak hours on this subject, with unlimited Direction for the good of the human lives that The Father creates for a Goal Greater than the human mind can perceive It to be. The very fact that it is innate in human beings to reach for more than they have, whether it be mental, physical, monetary, should say to everyone born, ‘There has to be a Goal The Father Wills me to reach for, else why would I have all these other Gifts to give me the strength, the understanding, the ability, the perseverance, to endure what it takes to reach goals that are important to me?’

I will close These Words now, because to some who will read Them, it will be difficult for them to fully understand that human life is different than any other living matter or thing.

As I close My Words, I say, ‘Be aware, and use each day as a Blessing

for the Goal you were created for, and that is to one day return to The Father, your Soul.’”

AUGUST 6, 2002 AT 12:53 P.M.

JESUS

“My Name as you know it to be, is ‘Jesus’.

I have rarely spoken in this way regarding My Name, but when you bow your head and say a prayer, asking for My Intercession on any issue that is important to you, I care.

The world has been Blessed abundantly. This Statement has been made over and over again, because at this time so much is being delivered and has been, regarding the Importance of human life and the Goal for which it is and was created, having a Portion of It within it, of Divine Love, Divine Will, called ‘the Soul’.

Children are not being instructed properly on the Importance of being a human being. There is so much laxness on this subject, and so much reluctance to bring this subject up, making the excuse of the ages that individuals feel are too young to understand. This, of course, in the language of man, is ‘ridiculous to use’.

Today as I speak, I speak with Deep Love for human life because within it, it has a Portion of The Creator of All Things. The beat of the heart is important to human ways, the importance of food is important to human ways. The list is endless, because human life, as it was designed to be, has a Portion of The Creator that is to be returned at a given time.

Now, this Portion is not like the flesh of life or any other physical portion of life. This Gift of Divine Love is Greater than the human mind can perceive It to be, because It is a Portion of The Creator of All Things: the world, the atmosphere, also the air you breathe, and do not forget, all that exists that looks important, such as other planets, and also the sun and the moon, protecting human life in a Heavenly Way, important to human life.

I could speak hours on All The Father Wills for human life, because this creation has a Soul, and the Soul within each human being wants to return to The Creator Pure in how It was first placed at the moment of conception.

My Words are different today, but I beseech those who read Them to remember: When the time comes and The Father Wills your physical to stop, always remember the Spiritual returns to Him. It is your Soul, and in this manner of movement, the mind of the human way is thankful for having been born a human being.”

AUGUST 7, 2002 AT 12:30 P.M.

SAINT ANDREW

“I am Saint Andrew.

It is sad for Me to say that the time in which you live, the world of human beings does not, do not, are not, fully aware of the importance of All that was instructed at the Time The Son of The Creator walked the earth. Granted, He spoke in a different manner, way, degree, on the Importance of human life, that if He were to speak now in the same way, it would be more understandable to thousands of people. The value of Truth, the importance of Truth, is very important to the lives and the Souls of human life.

Children are not being instructed to the privilege it is for them to be born a human being. Those in charge of children feel that the little ones would not understand the fullness, the greatness, the importance of their not being born at another time.

I am speaking differently through this *little one* today. The exactness in All that is delivered is not always

understood in Its full measure, reality or degree. Human life is a Gift of Divine Love, because through the mentality of human life, an individual has the ability to learn so many important Facts regarding the Gift given to them at the moment of their conception to human life.

We All smile at this *little one* We use, because it is important to her that Every Word put into script, Every Word spoken, is totally The Father's Will.

I will close now, but I will return. It is important that every living human being be introduced to This Miracle of Divine Love that explains so much, and puts It into print so It can be remembered in content for the purpose It was given, thus allowing very few mistakes in understanding the Value of human life, and what a Precious Gift it is.

I close My Words and I say, '*In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*'"

AUGUST 8, 2002 AT 12:20 P.M.

SAINT SEBASTIAN

“I am Saint Sebastian.

The world is gifted with The Father’s Love through This Miracle that bears the Name of The Beloved Saint Joseph. Throughout the world there is much confusion on the understanding of The Heavenly Father’s Love for human life, and the Justice that each human being must face at a given time.

This Statement may be difficult for some who read These Words to fully understand, but logic should tell to human beings, in order for all to exist, that exists, there had to be a Supreme Power Capable, Able, Willing to do it, to allow it to be. The Power that We speak of is beyond human identity, human ability to ever truly comprehend the Greatness It is, and the Love, Divine Love that exists in It.

Children are not being instructed on the importance of prayer. Prayer is a communication, special in many ways, because a prayer calls to a

Heavenly One to hear what one wants to say. The Father instituted prayer as a communication so that all human beings could have a communication they would understand, felt comfortable with, and innately knew that it was a way to speak to The Divine in ways other than they could ever see this communication between themselves and mankind; it had to be a Superior Way.

All the prayers that are answered every day, are answered in the manner and the degree The Father Wills it best for it to be. No day should go by that a human being of any age, the very small and the older ones, forget to pray. Prayer is a personal communication, and it is heard no matter where the human individual lives, or is taking part in other things in life. The communication is unbelievable, but definitely there.

Thousands of Words have been spoken through This Gift, from so Many Here in the Heavens. To millions of people, in reading Them, it should be an awakening to the communication they have, the closeness they have with The Divine.

Today as I speak to you, I look at others throughout the world. Many are in prayer, but there are many who do not feel the necessity to pray; and there are many who used prayer at another time, but then decided it was not giving them all they requested, all they asked for, so they stopped the praying, thus ignoring The Divine.

As I close My Words, I beseech you to remind others, in the right way of course, to remember to say, *'I love You, God; thank You for this day,'* and if you have a request on some issue, problem, or something you feel innately is important to your way of life, say a prayer. It may not receive the answer that you would like, but always remember, the prayer was heard, it is never rejected, but also, aid comes in a way you may not recognize, but no prayer is ever set aside, dismissed, because it is the communication man has with The Creator of All Things.

Those who read These Words, I beseech you, remember this.”

AUGUST 9, 2002 AT 12:18 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Each time The Father requests One of Us to speak, We immediately thank Him for the privilege, because it is so important for human beings of all ages to learn to know about the closeness they are to The Divine, via their Soul that is a Portion of The Creator.

I smile when I use the word ‘via’, but one day when someone reads These Words, that Word will draw their attention, because it is a word they enjoy using.

Through This Gift of Divine Love that The Father has so generously given at this time, is a Blessing beyond human understanding, and it is a Rare Gift of Divine Love.

You live in a time in which there is little understanding of the Importance of human life, and that it truly has a Future for a Portion of it that nothing else created has the privilege to have. Granted, you cannot

see It, but you innately know It's there, else you would not have the ability of judgment of purity over impurity, justice over injustice, love over hate.

Human life, when it was created, was created for a Special Reason, Goal. It is a privilege to be a human being. Hopefully, These Words will make some who read Them more grateful for being a human being than they ever thought of before.

At this time The Father has given so much Information, Direction, Hope, and Divine Love, through a Miracle that bears the Name of The Beloved Saint Joseph. It is a Miracle that will go on for perpetuity, because so much has been delivered through It, instructing in many ways the Importance of The Divine, and the closeness human life is connected to The Divine, through That Portion of them called 'the Soul'.

I could speak hours on this subject, but The Father Wills that the Words not be too long, so that reading Them, individuals of all degrees of intellect will see the strength in the Words, the importance in the Words, and the Divine Love that only The Creator could give to human life.

As I close My Words I say: ‘Ask The Father’s Blessing every day. He is constantly aware of everything you do and say.’”

AUGUST 12, 2002 AT 12:47 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Wherever this *little one* is, Many of Us are present because of the Magnitude for which The Father created This Great Gift to all of human life, for this time in which you live and the times to come.

Much History of the past is available to be read and to be understood, but do not forget, it is and was the past that the writers wrote about. At this time, the privilege is to write about what is present, and what is important for human beings of all ages, all backgrounds, all intellects, to more fully understand more about human life according to Divine Plan.

To many, These Words will not be easy to handle, because mentally they feel well-informed, but nonetheless, with All that has been delivered and is being delivered for a very long time now, is to awaken the mental of all ages of human life to more fully understand that in the Creation of human life, Divine Love had a Particular Plan.

In many areas throughout the world, only humanism and materialism are the main facts for caring, thus ignoring totally the Beauty for which human life has the privilege to earn, living in the human form, way, intellect, and manner it was created for.

Every age group, every degree of intellect, and every bit of understanding regarding sound Spiritual Facts should never be cast aside or discarded, because of the importance of what They say, and the strength They give to the human minds of all ages of human life.

The world of human beings constantly seeking new ideas, new ways to success, must also realize being born a human being has a Goal Greater than any invention of the human mind, because within human life there is a Portion of The Creator, called 'the Soul'. That is what must be stressed by all ages, and must be seen in a positive manner, because the Soul is What will remain Forever and ever and ever.

As I close These Words with you at this time, I beseech you to not

discard What was just spoken, but keep It in mind every moment of every day, that in human life there is a Goal; no Greater Thing could the human mind ever receive, because in this Goal there is to return to The Creator for All Eternity.”

AUGUST 13, 2002 AT 1:18 P.M.

SAINT MARGARET MARY ALACOQUE

“Human beings of all ages do not fully understand what a Precious Gift human life is to man. It is gifted with a Promise, a Goal. It is gifted with much Love for the Soul. The human mind has many abilities to use, and many areas in which The Father has given them to be able to accomplish many goals.

Throughout the world, The Father gave to human beings the understanding that human life was created with a Special Gift of Divine Love called ‘the Soul’. We hear some say, ‘It is sad I cannot see my Soul; perhaps if I could, I would be a better human being mentally, morally.’

This statement, in many ways, doubts The Father’s Will. The human mind is a Gift unto itself. The human understanding of what is right over what is wrong is a Gift unto itself. The ability to conquer many things is a Gift unto itself that animals and other creatures do not have; so the logic in the Fact that human life is

gifted because there is a Purpose to human life, to achieve the Goal that The Father has promised to be, and that is to one day return a Portion of human life to The Creator. It is That Portion of Him, the Soul.

All ages are not learning enough about what human life has been gifted with, or that human life has more Gifts, because The Father, in giving to human life the ability to fully understand the logic in how a human being thinks, understands, and is capable of learning indepthly on major subjects that nothing else created has.

Children are not being instructed properly on why it is important for them to see, to understand that they can do things that are right, and erase or escape doing things that are wrong. So little is being instructed on this Gift of Divine Love. Too much freedom allows many mistakes, many errors, and oftentimes little self-control.

Throughout the world men, women and children are slowly ignoring what a Precious Gift human life is, and that it has a Goal. So much activity and interest is placed on what the human mind and body is able to

do, but at the same time ignoring the Soul.

As I leave you, I beseech you to always remember that your presence, your actions, how you speak, can give to others you meet, how they should think regarding morality, because there are so many factions, factors, conditions available to human life, encouraging all ages to participate in impurities of the mind and the body, thus ignoring the Soul.

As I close My Words, I close Them with deep Love for human life, because you see, I walked the way and saw what it was capable of doing, practicing, and being example of.

A Blessing comes with this Message because Truth is always a Blessing, and a hope that those who hear It or see It, helps them to better know that what they say is important, what they think is important, and what they do affects their Soul.”

AUGUST 14, 2002 AT 12:29 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Many of The Saints Here in the Heavens smile as I draw your attention to Our Presence at a time when perhaps it is inconvenient for you to hear What We have to say.

The Father has Blessed the whole world with This Gift of His Divine Love, and He blesses your obedience to being ready to put into script What will help millions of human beings to better understand the Importance of human life, and the Goal that awaits the Souls that each human being has the privilege to be the custodian of, during human life’s years.

Today as I speak, it is important that more prayers be said for the Souls in Purgatory. Try to remember, when you need help upon the earth, you oftentimes have to go to another individual, one or more, and seek the help you need. The Souls in Purgatory should never be forgotten, because They need your prayers, your love, your attention.

Just because you do not remember them in human life, or have known them in human life, does not matter. It is important that you offer acts of love on their behalf. All the sacrifices you make, your Soul will get credit for at a given time.

I smile as I close with My Words, because you see, obedience and the obedience that you give for others, will be returned to you in a number unbelievable to your human mind.

Please remember this, and also remember I speak with much Love for human life, because when The Father created it, He also gave it a Goal, to be returned to Him bearing the Name 'Saint'.

My Love is extended to those who pray for those who cannot pray, because for some, prayer is difficult. They have not learned the importance of it, the need for it, or the greatness in it."

AUGUST 15, 2002 AT 12:35 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one The Father has chosen to deliver so much from Here goes through periods of exhaustion that the human minds of others cannot understand.

Today as I speak, I speak with Great Love for human life, because of the Importance of human life, due to the fact that it bears a Portion of The Creator within it, from the moment of its conception until the day The Father chooses it to change.

All that has thus far been delivered must travel throughout the world, even though some who will read the Words will find disagreement in Them, fault in Them, and a deep misunderstanding of Them, but eventually the great number in the beginning will fade into a small number at a given time.

Children are not being instructed on the importance of their behavior. How I mean this is, that when behavior

is necessary, those in charge ignore the fact that the child or children should be told that they are displeasing God. For the most part, children think they are just displeasing adults, those they know or those who are present at that time. Very little instruction is being given to the very young. So many adults make the excuse, calling it 'the change in time'.

As I speak to you today, I speak with much Sincerity, much Love, much Care, because throughout the world This Gift The Father has given at this time should be seen by millions of men, women and children. Do not worry about what Faith in The Creator they follow, because many of the things that have been delivered will suit their situations far greater, far deeper, than what they have learned from others.

The Father has chosen 'this time' to awaken the minds of millions of human life, human beings, to more fully understand that to be born the human way is a Gift of Divine Plan, always instructing the Importance of the Soul that every human being is the custodian of, and that That Soul is a Portion of The Creator that no other living matter or thing is gifted with.

I beseech those who take My Words and put Them into print, and those who will deliver Them throughout the world: always remember, you are partaking in a service to The Creator, because you have the opportunity to deliver to millions what they will not receive in their areas of life, or from anyone they are close to.

As I close My Words I say, ‘God bless you for your Faith, because through This Gift of The Father’s Love, you have allowed yourself to be in service in the right way, a way to help millions of human beings more fully understand that to be created as a human being, you were selected by Divine Plan.’”

AUGUST 16, 2002 AT 12:51 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua.

What is the first thought you feel when you awaken after a night’s sleep? Is the thought first that you should say a prayer in thanksgiving, or is the first thought that you must hurry and get ready for what you are to undertake that day? Do you think of the Importance of life? Do you think of excuses for not doing certain things? Are you kind to others if they are present, and does your presence encourage them to look at the day with happiness?

The Father, in the Design of human life, made a very important step, giving to human life the ability to do so many things: to speak, but first be able to think, and then to be able to exercise one’s own abilities through the day.

There are so many ways to fulfill one’s time during the day. There are so many responsibilities in so many areas wherein human beings gather. They do not see the importance of their

association or how they affect others' lives by what they do, what they say, what they think openly. Sometimes little consideration of anyone's presence is obvious.

In the Creation of human life, there were many Gifts instilled: the mentality to be able to accomplish important issues to make life more advantageous in certain fields; then, there is a side of the human way in their personal association with others they come in contact with. Example here is very important. How one talks to another person is very important, because sometimes much help is accomplished to someone an individual doesn't even know, but what they did, what they said, gave strength to the other one, hope, and an accomplishment in energy that would not have been. Every human being is faced every day with different factions, factors of life.

I speak on this subject because of the importance of it. The Father has Blessed human life in many ways: the ability to think and to be able to discern right over wrong, the ability to do so many things, inconceivable in the early times of the creation of

human life; but today, it is as though He opened the Heavens with so much for human beings to understand, to learn about, and to partake in, hoping that they would associate all these Gifts with Him, and the Soul that He gave at the moment of conception, because the Soul, as a Portion of Him, is presently available and conscious of all that the individual partakes in.

We hear some say: ‘I have never seen my Soul. How do I know I have a Soul?’ Now, logic speaks loudly here. Logic should tell a human being that with all the Gifts of human life that nothing else has, would this not make it logical that a human life is Special to The Creator, and logically has a Portion of Him for the human beings to be able to learn about so many things, see the logic in so many things, and be able to choose right over wrong?

Needless to say, I could speak endlessly on this subject because it is important, The Father’s Love for this Creation of His. Always remember, that along with all the Gifts instilled into human life, He put a Portion of Himself, called ‘the Soul’; and also, logic says to even the smallest mind that The Father would want the Soul

**returned to Him in the Purity, the Love,
It was first instilled.**

**As I close These Words today, I
beseech those who put Them into script
and deliver Them to others to read,
that they are Blessed with the ability
and the love to thank The Father for
the Gift of life, and the Goal open and
ready for them to reach.”**

AUGUST 19, 2002 AT 12:49 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

I beseech all who read These Words to remember the importance of Them. You must understand, in the human way, that you are surrounded by heretical views, practices and ideas. Heresy has many forms, and yes, many individuals involved in the different heresies, rarely showing to those who do not have heretical views, how they feel. They are very quick to close out anything that will release to others what they feel is important and what is unimportant; the time of silence, such as this is, regarding what is morally sound, morally pure, immoral. There are many human beings that you would least suspect to be so heretically indoctrinated, and yet not show it to you when they are in your presence.

Throughout the world heresy rings in and out of homes, businesses, and all other aspects of human life. Heresy can be devastating to the Souls of millions of human beings, because they do not recognize it when

it is practiced right in front of them, because those who practice heresy are oftentimes discreet in how they use it, when they are with those who do not see things in this manner of way, practice or ideals.

How I speak is different, I know, but What I have spoken is important to be aware of, because the one thing that is always dismissed by those who are practical in their thinking, logical in their way of doing things, and then those who are opposite to these things, the Soul is the victim, not just the mentality. The Soul is victimized more than you understand It to be, because the Soul is present and wants only purity, goodness, and what The Father Wills, because the Soul is the victim of all an individual practices.

I will close My Words, but as I do, I plead with those who read Them: be aware of your actions, be aware of your decisions, and be aware of those with whom you are with, because sometimes the enemy of The Creator uses so many ways to encourage the good to accept what is basically against The Father's Will.

As I close My Words, I beseech you: be sure that what you think is right, be sure your decisions are pleasing to The Creator, and do not forget, your Soul is the victim of all you do, you think, and you speak.

Millions of Words could be spoken on this subject, but What I have delivered to you thus far is to help you understand, some of the greatest intellectual human beings born make big mistakes in their desire to please people they meet, or people they are close to.

I end My Words in saying, ‘*God bless you,*’ because if you remember These Words, it will be important that feeling the will and the love and the desire for Him to bless you, will give you the strength to overcome what others try to instill into your mentality and your way of life, what is wrong for your Soul that will return to The Creator. The Soul hopefully will be a Saint through how you handled all your actions, your will, and your decisions.”

AUGUST 20, 2002 AT 12:38 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. Many of Us have spoken through This Gift of The Father’s Love without mentioning Our Names. So much Direction has been delivered in Words without having Them written.

The reason I am saying it to you, is to remind you that you have the opportunity, the privilege, to give much love in what you say, much direction in what you say, without others knowing your feelings, or looking at you in a different way.

So much Instruction has been delivered through the years, giving many, many individuals the opportunity to give important Statements to people outside This Miracle. The Love The Father extends, when an individual uses good example, and also sound words to individuals that are not close to them, but in general speech, making it sound casual and yet interesting; also, bearing so much direction.

That is why so much has been delivered through This Gift of Divine

Love, giving all who read the Words the benefit to pass ‘What is spoken’ on to numerous amount of people, without mentioning a Saint’s Name. Always remember: How you act, how you speak, can be of the utmost importance to those close to you, or many times to those you just meet.

I do not mean this in a preaching way, I mean it in general conversational talk. Let those you know get the feeling that your talk with them was important, interesting, encouraging, and had an indepthness in it, yet did not have a preaching tone that was so obvious it was a distraction.

As I close My Words I say, ‘Oftentimes an individual can leave a tremendous mark on someone else through the manner of speech and the care that it is spoken with.’ I smile when I end My Words, because some may say, ‘That’s easy for a Saint.’ Do not forget, in your creation of human life, Sainthood was meant to be your Goal, for the Soul you were endowed with at the moment of your conception.”

AUGUST 20, 2002 AT 1:10 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Even though it is difficult for many so-called ‘learned’ individuals and so-called ‘spiritually-oriented’ to understand the Beauty of The Father’s Will, and why He would come at a time like this to announce so many ways for human beings of all ages to be conscious that they have a Portion of Him within them with the simple name called ‘the Soul’, children are not being instructed on the Importance of human life. Most are being instructed on what is important materially, and of course, mentally, thus ignoring the Soul.

There are so many individuals who take on the role of what is termed ‘preaching’, but I guarantee you, there is very little teaching in their methods, in their subject matter, because so often they are inclined to want themselves to be seen for an important practice of Faith, thus ignoring the full meaning of what they are teaching.

There are Many Saints Here in the Heavens Who are capable of, and willing to do, and that is to teach every moment of every day, how important it is for human beings to understand that life in the human way was created in the Love of Divine Plan. That is why it is important for all ages to understand that the Gifts of human life were great advantages, because through the Gifts of human life, the human mind was made to more fully understand that it was given the Gift of life to one day return a Portion of it according to Divine Plan, and That Portion, of course, is the Soul.

It is sad for Me to say now, but it is difficult for millions of men, women and children to believe that within them they have Something they cannot see, cannot feel, but they are told It is there, because It is a Portion of The Creator of All Things. It is called 'the Soul'.

The word 'Soul' has been brought down to a humanistic evaluation when individuals claim that with someone else or others, they are called 'soul mates'. Of course, this descriptive manner of speech brings it to a truly fully humanistic measure of thinking,

copied from the original words that the Soul is present at the moment of conception and will return to The Father when the life of the human being no longer exists.

I could speak consistently and constantly on this subject matter, but hopefully, what few Words I have spoken will awaken some individuals to the Importance of their being born, and their responsibilities for a Portion of them that is a Portion of The Creator, called 'the Soul'."

AUGUST 21, 2002 AT 12:29 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is too little being done to spread What I Will the whole world of human life to learn about, and to more fully understand the Importance of the Goal that I have waiting for mankind.

In the way of human life, it is innate in all human beings to strive for success, to strive to win whatever they are doing, and to try to be more than what others see them to be.

The world must hear of This Gift of My Divine Love that has and is, in so many ways, delivering Words of encouragement, to be mindful of the Importance for which human life was created, and that is because there is a Portion of Me within it, to give it the strength to return That Portion to Me, a Saint.

Children are allowed too much freedom amidst others who do not use behavior in the proper manner, way, but use it according to their

impurities, injustices, and also, what they call ‘human happiness’.

I have Blessed the world abundantly with Direct Communication through *one small voice*. The Power I Am, and All I have requested to be put into script is basically sufficient for more human lives to more fully understand that human life is a Gift of Divine Plan, and a privilege to be born as man; the Goal, Supreme, and yet I see millions of human beings acting impurely, unjustly, ignoring totally, morality.

I could speak endlessly on this subject, because it is of such great importance to the Souls of millions of human beings. My final Statement at this time is: All that has thus far been delivered by All Those Here with Me, and My Words, must be spread to the far reaches of human life immediately.”

AUGUST 22, 2002 AT 12:40 P.M.

SAINT ALPHONSUS LIGUORI

“War is a terrible tragedy because it takes lives, sometimes for no reason at all. Most of the time, the lives are taken because they are in battle for a particular area necessary to fight the enemy.

Understanding the word ‘war’ is easy for most people, but how many times, how many ways, do individuals think to themselves that when they are facing immorality they are basically at war, because they will have to make decisions on what is best to do, to practice, and to choose, against the enemy?

I speak differently, but every day All of The Saints see human beings of all ages at war, in moral values, moral standards, moral conditions.

I will cut My Words short, because of what They say, but I beseech those who read These Words to look at how many times you must make decisions against what is indecent, impure, unjust, because the enemy of The Creator and you, causes conditions

that you must make decisions on, to choose what is morally sound over immorality, and the list is endless.”

AUGUST 23, 2002 AT 12:00 NOON

GOD THE FATHER

“The little one I have chosen for such a Major Act of Love is beyond human strength, to respond like you understand human beings automatically respond.

My Love for her is Special, but her love for Me, without question. I have given her a Task far greater than anyone recognizes It to be. Her service is one of obedience, because she knows how deeply I feel about human life that I created, bearing a Portion of Me that cannot be seen, cannot be felt, but innately is known to be.

All human life is Important because of this Gift of Me. The world must understand that human life is a Major Part of Divine Plan and not like all other things.

I close My Words with Great Love, Much Hope, because I want all Souls to be returned to Me, even though it is difficult for human beings to understand that this Most Important Part of their being, what they are, is because I am a Portion of it.

My Words, All that has thus far been delivered before These, must also be delivered throughout the world, barring no language barrier. So be it.

It is My Will, because of My Love for this Creation of Mine that I lovingly gave and instilled a mentality.”

AUGUST 23, 2002 AT 12:52 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

What most individuals do not know, or could they understand, that to be called for the Responsibilities *the little one* has, are beyond human comprehension.

Each day, each human being, all ages, takes the day for granted, uses the day according to their whims, their intentions or their necessities, thus ignoring certain responsibilities to The Father Who created them.

Children are not being instructed on the Importance of Divine Plan, Divine Will, Divine Presence. There is too much accent on humanism, materialism, and how important one's self is to all areas of life, in all areas of life, even though the reasoning is not realistic in concept. Routine to human beings oftentimes falls into the category of only personal ways, practices, ideas, ignoring totally that human life is indebted to The Creator of All Things, and it is important to

give thanksgiving for one's abilities, and one's being born a human being.

I could speak hours on this subject, because there are so many important facts, factors involved in human life, but for the most part a human mind, intellect, allows only certain things to be important, things they can adjust to easily, things that they can feel content with, in understanding and in their participation.

As I close My Words, I sincerely hope that all who read These Words will look at how they are in a personal way, how they act with others with their will, their likes, their dislikes, their conscience, and yes, their intentions.

There have been so many Gifts of The Father's Love to each human being, and it is sad to say so much is ignored, because the individual or individuals do not see the Value of being created a human being, and understanding the assets, the Gifts, the opportunities, and the Goal that human life is capable of handling, participating in.

All of The Saints Here in the Heavens participate in This Miracle of The Father's Love, because there is

so much for all people of all races, all colors, all creeds, to learn what they do not learn otherwise, and to better understand that human life is an Important Gift of Divine Plan.”

AUGUST 26, 2002 AT 12:40 P.M.

SAINT ELIZABETH OF HUNGARY

“I am Saint Elizabeth of Hungary. *The little one* wanted to be sure she heard Me correctly on My full Title.

The world has been Blessed abundantly by This Gift of The Father’s Love for human life. All of The Saints Here in the Heavens feel Blessed to be able to instruct those yet living in the human way, because it is so important for the Souls of all of human life to return to from Where They come.

***The little one* is listening intently to My Words, as always, because her concern for All that is delivered is that Every Word be exactly what she understands We are delivering according to The Father’s Plan.**

There are thousands of men, women and children throughout the world who believe totally in all humanistic evaluations, thus ignoring The Divine in all areas of life.

As I speak, there are Several Saints Where I am, All desiring that those who take the Words and put Them

into script, will encourage others to read Them and feel the Direction in Them that can help them become 'a Saint'.

Children are not being instructed on the Importance that The Creator plays in their daily life, because children are not being instilled with the Importance of human life, and that it has a Goal Greater than the human mind has the ability to fully understand.

We allowed this *little one* to experience a situation that showed her how humanism can supersede Divine Presence. This, of course, was sadness, because she is so used to so Many Here in the Heavens instructing on Words of importance for the Souls of human beings, because the Soul is a Portion of The Creator, never seen, but obviously there in the human way, helping the one in whom It was placed at the moment of conception, to more fully understand purity in actions over impurities.

Needless to say, I could speak hours on this subject, because there is so much that men, women and children ignore, because they are so preoccupied

with daily human activities, interests and concerns.

I hold *the little one* tightly, because her body is beyond the exhaustion point, due to the fact that the Power from Here is far stronger than the human way of life could possibly understand It to feel like. As I was speaking earlier, Several Other Saints were present, because This Gift of Divine Love is far greater than the human mind can perceive It to be.

You live in a time wherein so many human minds do not want the responsibility of understanding that every act, thought, word, deed, they are accountable for to a Higher Being. Human life is ignored for its Importance. We see it every day throughout the world.

I beseech you to remember, the human mind is a Gift of Divine Love and has a great Purpose. The human body is what holds the human mind, so the human body is responsible also, for all that reflects in the human mind.

I know the Words are not quite like most times We talk, but it is important that all ages, all mentalities, all backgrounds, all of human life must

begin to more fully understand that to be born the human way is a Gift of Divine Plan, because within each human life there is a Portion of The Creator of All Things, and the Name for It is so simple to say, because the word 'Soul' is not seen for the Greatness It is, in any way.

We hear excuses regarding It. Some even say, 'If you show It to me, I will feel stronger regarding It.' We say, 'Your faith in so many things in the world gives you the opportunity to use your Faith regarding your responsibility that is greater than any other thing you practice, do or say.'"

AUGUST 27, 2002 AT 12:34 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

We All smile when One of Us is chosen to speak, because very often those who are selected to put the Words in print are preoccupied with something they feel serious about, but We still find they stop to write.

The world has been Blessed abundantly with The Father’s Love, through This Gift wherein so much is spoken in an instructive, teaching, formal way, and yet the Words used are personal in Their own way.

This Blessing I talk about, is that The Father has designed a Great Gift of His Divine Love, instructing Himself, and allowing Many Saints Here to instruct those who write the Words and those who will read the Words. The subject, of course, is based on the Importance of human life, and that there is a Goal to human life.

I come today to say that more should be instructed to the young on the Importance of being born the

human way, because of the Soul that gives to human life a Special Place, a Special Goal, that nothing else is the custodian of.

Prayer is important, because in its own way it allows or it causes an individual to remember the important fact that they were created to understand that there is a Higher Source, Force of Entity, and also, that they must see this as a Goal for a Portion of them to one day return the Gift The Father Wills all human life to have for a Portion of it, called 'the Soul'.

I will close My Words, but as I do, I beseech those who put Them into script and those who will one day read the Words, that to be born a human being is a Special Gift of Divine Love, and it has been given many Gifts, such as the abilities common to human life: the mind, the sight, the ability to control one's emotions, and yes, to be able to communicate with others like themselves on all subjects, many of which are on subjects other than the body.

So much Love has been given through This Gift of Divine Love. It is important It be recognized, allowing

one's self to say *'Thank You'* more times to The Creator of All Things, because being a custodian of a Portion of The Creator bears much responsibility, and is That Part of human life that is to be returned to The Creator, a Saint.

To some These Words may sound far-reached, but logic says in the human way, as all individuals seek out goals, materialistically, mentally, socially, causes a human being to have an innate sensitivity, that at one time to come, they have a Goal to reach called 'Sainthood'."

AUGUST 28, 2002 AT 12:28 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

You live in a time wherein there are many diabolical practices causing indifference to what is right over what is wrong, pure over impurities.

Children are being neglected in being instructed on the importance of purity in how they think, what they do, what they become involved in. Some adults, that is, the older gender of human life, many times innately feel that the young cannot fully understand or even should be told about morbid situations, or impure practices of the human body. Granted, these subjects are difficult to speak about, but it can and could be handled in not just a practical way, but a manner of discussion with dignity, assurance, instructing the young so they will not become prey to those who have the ability to speak, act, and cause wrong thinking, actions, ideas and values.

I speak differently, I know, and the Words I have used might be embarrassing to some, but oftentimes

it is necessary to speak in a manner to draw attention to the importance of the subject matter that is important for not just the body, but the Soul.

As I close, I will remember My time with you today because, do not forget, as The Father allows All of Us to speak, the subjects He chooses are for the good of Souls.”

AUGUST 29, 2002 AT 12:30 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We are always so happy to be able to communicate in such a Personal Way, since The Father Decreed This Gift of His Divine Love to be available for All He wanted Heaven to say.

Now that This Gift is so available to all ages of human life, it is important that It be spread throughout the world in a happiness, and a loving way. So many important Words have been spoken, putting much emphasis on The Father’s Closeness to human life.

Granted, it has passed down through time that each human being bears a Soul, a Portion of The Creator. This is Truth; but now, since, The Father has Decreed so Many Saints speak in a loving, instructive manner and way, on the importance of every day that a human being lives, and its Purpose, its Goal, and His Will, to have the Soul return to Him bearing the Name ‘Saint’.

I will not speak long, because My Words I have thus far spoken are important Words, and hopefully will be remembered in the Love and the Manner They were spoken, and requested to be put into print for millions not present at this time, to be able to read, giving them strength emotionally, mentally, morally and physically.

As I leave you, I bless you with My Love, The Father's Will, and I say, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

AUGUST 30, 2002 AT 12:40 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

This Gift of Divine Love is True. It is sad when We hear doubt or unreasoning regarding Its existence in the world you live in today. Those who doubt that The Father would give so much Love at this time, are very unsure of many things.

First of all, I question their Faith in all that has been delivered through time. I question their ability to understand that The Son of The Creator was crucified. I question many individuals who feel that the time that The Father was always available, was a long time ago. I question the purpose for sins to be repeated constantly. I question all ages of human life on how they feel The Commandments belong to others and not to them, because their habits, their feelings, their actions, to them, do not offend The Creator, through their disobedience in The Commandments.

I will cut this very short, because I know what I have spoken will be

difficult for some to see the beauty of, the indepthness of, the reason for, and the value in the Words that are meant to help them more fully understand that human life has been gifted with a Portion in it called ‘the Soul’, and The Father has given so many Rules, Regulations, to protect This Portion of Him that each human being is the custodian of.

My next Statement is of great importance. When you have something valuable, no matter what it is, is it not innate in you to protect it from being stolen, or broken or abused? The Father has given to human life a Portion of Himself, called ‘the Soul’. It is rarely thought about in Its Greatness, and in Its Divine Love, but today as I speak, I speak with Words to alert all of human life they are given a Soul, a Portion of The Creator. It is the Greatest Gift in the whole world, and It is a Gift that will be returned to The Father at a particular time.”

SEPTEMBER 3, 2002 AT 1:06 P.M.

SAINT ANNA MARIA GORETTI

“I am Saint Anna Maria Goretti. I have not spoken often through This Precious Gift The Father has given to the world of human life. All of The Saints Here feel very strongly about This Gift that is able to give to so many millions of human beings, Words The Father Wills them to have.

In many ways, at this time, too few men, women and children are making reference to The Saints. So much is based on humanism and humanistic ideals, thus ignoring the Goal for which human life was created, to return to The Father, That Portion of Him in each human being born; It’s called ‘a Soul’.

We hear some individuals say, ‘If I cannot see my Soul, is It a physical item of flesh, or is It a Spirit that The Father has designed that will give to our Souls much strength, and much communication at another time?’

Children are not being instructed in the slightest way, that to be born a human being is a Gift of Divine Love

that has a Soul, bearing the name in whom It is placed, associating a particular Soul with the physical that was once the custodian of the Soul. Without a Soul, human life would be like all other living matter or thing. There would be no purpose, no goal, nothing to look forward to.

The Soul, as a Portion of The Creator, gives strength to the individual in whom It is placed at the moment of conception, but It also gives the rationalization that human life is truly designed for a Purpose, a Goal.

When We hear individuals imagine that other living things, such as a tree or an animal will live on, that is not so. All other things were designed for a purpose to aid the human life in many ways. Ask yourself: If there was no such thing as a tree or a plant, do you realize that there are other things that you could not rely upon in the same way you do a tree or a plant?

I know I speak differently, but it is important, because This Gift The Father has given to the world of human beings, is to help them more fully understand that human life

was created different than all other things created, and that in Divine Plan, The Father created human life with so many things that The Father has: mentality, understanding; the amount is endless. So please, as you read These Words, thank The Father for giving you the privilege to be born with the Gifts of Divine Love that will one day be represented by your Soul in Heaven.

Millions and millions of Words could be spoken on this Magnificent Gift of Divine Love, and The Father, in His Love, at this time is allowing so much emphasis to be put into script. In some ways, it can be described as just a hint of what a Precious Gift human life is, and what a Precious Gift the Soul is, because the Soul is to remain with The Father according to His Plan.”

SEPTEMBER 4, 2002 AT 12:44 P.M.

SEVERAL SAINTS

“There are Several of Us present, due to the fact that *the little one* We All use is beyond what man terms ‘exhaustion’.

In so many ways, All that has been delivered, instructing all ages of human life, is being ignored, even being used by some in the wrong way, not just questioning what It is, how It is spoken, but questioning the validity of the Importance of Who delivers All the Words, the Instructions, and The Divine Love.

At this moment, there are thousands of human beings that need All that has been spoken and is being spoken through This Gift that is more Precious to human life than the human mind can understand It to be.

Children are not being informed about why they were created, and the Beauty of this Gift of Divine Love; also, the Importance of what the Goal is that can be, and will be attained because of how they lived their life. Morality is the basis for all actions of

human life. Spirituality is the closest connection a human being can have to The Divine.

The world has been Blessed abundantly by millions of Words that have been delivered through This Gift of Divine Love. All Words were not written, put into script. Many Words were just openly spoken, appearing like all other forms of communication, thus covering much Information needed to instill, to encourage the importance of human communication as many times being the foundation for communication with The Divine. True, *one body* has been given the Responsibilities that ordinarily would have taken thousands of human beings to accomplish.

It is important that All that has been thus far delivered over a period of time, be cast on the waters of the oceans, so those who are not around where you are, will be able to read What The Father Wills all of human life to know. ‘One place’ has been gifted with a Gift beyond human understanding, but that should not deny It to travel in faraway places.

As I close My Words, I want you to remember: As you want all the good in life to come your way, there can be no Greater Blessing to be part of than The Miracle of Divine Love you have today.”

SEPTEMBER 4, 2002 AT 1:30 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

In the Blessing The Father has given through This Gift of His Divine Love, there is so much to be spoken about regarding The Father’s Protection of human life. Innately, all ages of human life seek protection at one time or another, for some reason or another, or for some purpose.

This Gift of The Father’s Love is a Gift of The Greatest Protection that any human being could receive, because within It, It gives strength, hope, understanding, wrapped in Divine Love, encircled by Divine Love, for human life of all ages.

There are many men and women and children throughout the world who, in saying their prayers, choose the prayers the quickest to say, thus ignoring that special little extra time to speak to The Divine.

I say These Words today with hope, that some suggestion of the purpose for prayer, the usefulness of prayer,

and what a Blessing prayer is to The Divine, will give to those who never thought of it that way, but who will try to spend more time in communication through their mentality, through their actions and through their desire to show more love for The Divine.”

SEPTEMBER 5, 2002 AT 12:51 P.M.

SAINT MARIA GORETTI

“I am Saint Maria Goretti. Many do not know Me as a Saint, but today I speak as a Saint. The Father has allowed it.

The little one, the instrument that is used to repeat Our Words that give hope, strength, courage, perseverance, and more love for The Divine, because it is The Father’s Will that she be used according to His Manner, Degree, Way, instructing clearly what He Wills her to say.

There are Several surrounding Me as I speak, All happy to hear the Words The Father Decrees to be.

Throughout the world there is a great need for This Gift of Divine Love to spread rapidly. There are too many delays, and this must cease. As I speak to you now, there are human beings throughout the world that need to know of This Gift of The Father’s Love wherein so much is instructed, alerting the human minds of so many to more fully understand what a Close Association The Creator is to man.

Ask yourself: Do you each day greet The Father, The Heavenly Mother, in a manner of personal communication, reminding Them you are aware of Their Presence and Divine Way? So many, reading These Words, will not understand the importance They are to man, because throughout the world it is not as you feel it is regarding prayer from human beings, daily recognizing The Divine in Its Importance to the human mind and way. If I were to give you the count on how many human beings of all ages did not for one moment, on awakening, remember to pray, to speak The Father's Name first, or speak to an Angel or a Saint. To the average human life, human being, remembering what a Blessing each day is, is obsolete.

The Father has given a Gift far greater than the human mind can comprehend It to be. He has given them a Gift of Instructions easily understandable, encouraging them to more fully understand the True Existence of Saints that at one time walked the human road as man.

If I were to give you a count on how many human beings of all ages began today with a prayer, the figure

would be so low, because so few greet The Father or The Heavenly Queen the first thing when they awaken.

Children are not being instructed on the importance of thinking about The Creator, The Heavenly Queen, or some Saint that has drawn their attention to Them, trying to help them more fully understand that there is an Existence beyond human life that is Greater, because It is connected to The Creator of All Things.

I will close My Words, because what I have spoken covers many areas of life, important to the mentality, the physical, and of course, the Spiritual needs that are evident. Many Saints request The Father every day to speak, but They want those who are still in the living state to realize the Importance of human life, and that it has a Goal that is important to their Soul for another time.

If We were to take an accounting, and give it to you to put into script, regarding how many men, women and children, upon their greeting a new day, said a prayer of thanks, you would be shocked at the low figure you would hear spoken about. So as

I close My Words, hopefully I have reminded those who will read What has been put into print, the importance of communication every human being has to become ‘a Saint’, and The Father’s Love when someone approaches Him in prayer, because He feels this will strengthen them morally, mentally, psychologically, spiritually, and the Soul they bear will have much more accountability.”

SEPTEMBER 6, 2002 AT 12:30 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

You live in a time in which many heresies are prevalent throughout the world.

The Father, in His Love for human life, has allowed This Gift of His Divine Love that bears the Name of The Beloved Saint Joseph, to speak on many subjects, through Many Saints Here in the Heavens. They speak because of Their Knowledge, Their Circumstances, and Their Abilities. They have earned this through many years of service to The Creator in the human way, and also in the Saintly Way.

It is sad when We hear individuals try to deny This Gift The Father has given to all of mankind. Granted, It is spoken in one language, due to the fact that *the little one* chosen to repeat All Words spoken from Here, knows one language that in many countries is prevalent throughout the world. Oftentimes she fears the translations that will come about. We tell her not

to worry, because her Responsibility is of a Magnitude beyond what others understand it to be, and she is confined in many ways to how We dictate, what We dictate, and the manner in which she must relate It to others.

The Father has given to the world a Gift far greater than any book already put into print; also, to any mind that teaches on Spiritual abilities, actions, emotions.

Children must learn dignity in all areas of life, and to better understand, more fully comprehend that in the human ways they are gifted, because it is through the human way that they have a Soul, a Portion of The Creator that is a Connecting Link to The Divine at all times, and in many ways.

We hear so-called 'nonbelievers' talk pridefully in how they think, but oftentimes the pride is a cover-up, and they innately feel the strength is from a Superior Source, and not just their abilities.

I could speak hours at this time, on so many subjects that are of great importance to human beings of all ages, all degrees of intellect. It is

important that every man, woman and child each day seek the comfort of The Divine through prayer, and through doing what is morally right, sound, correct, and pleasing to The Divine.

As I close My Words, I bless you in My Way, because of the Souls that are subjected to every human being born the human way. As you want to protect important things in your life, always remember: There is nothing more important than your Soul, because It is That Part of you that will return to The Creator of All Things, for All Time.”

SEPTEMBER 9, 2002 AT 12:38 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

You are surrounded by many heresies that have evolved from different places throughout the world.

In the desire for education, so many individuals traveled far and wide to gather more understanding in an educational formula, format, on subjects they were interested in, but innately, found that the other countries’ definitions did not compare to the definitions they understood the importance of, the value of, and the direction in.

I do not say that education, per se, is not correct outside of one’s own residence, but I do say that there are many definitions of great importance on morality, spirituality; also, on what is important for the mind to read on different subjects, giving positive information, factual, and usable in many areas of life.

So Many Saints Here in the Heavens are totally aware of all that

is occurring morally, educationally, mentally, spiritually. The world has not changed so drastically; it has just, in some ways accepted an easier manner of understanding, or a lesser degree of the importance of subjects, especially regarding morality, and what affects the Soul that they are the custodian of.

To learn mathematics, each instructor will speak perhaps in a different manner, addressing the subject from a different point of view. It depends upon the intellect of the instructor, or the ability that the instructor has been endowed with. The average person, in learning how to read words, whether the words be stories someone made up, or the words are important words for subject matter that must be understood in a more in-depth manner, way, for important reasons.

Throughout the world, education has changed for all ages of human life. Too little is spent, many times, on the important purpose for what The Father allows the human mind to learn about. Education is scheduled by those who feel they have the right to do this, the interest to do it, the ability to do it.

Needless to say, I could speak hours on the importance of what the human mind is subjected to morally, mentally, psychologically, and of course, according to the subject matter. At this time, too little is being instructed to the children on what their responsibilities are regarding their behavior, and the Goal for which they were created.

As I close My Words, please know, I do not condemn this in My Way of thinking, but I give My Words to encourage those in charge to look, to see, to understand the Value of a child's life, because one day that child or children, will be responsible for other children, so what they have learned must be strong, important, but also, constantly aware that there is a Higher Source that they will have to one day face for that Gift of Divine Love, their Soul."

SEPTEMBER 10, 2002 AT 12:33 P.M.

**SAINT ANTHONY OF PADUA
SAINT MARIA GORETTI
SAINT ALOYSIUS
SAINT MARGARET MARY**

There are basically Four Saints standing Here: Saint Anthony of Padua, Saint Maria Goretti, Saint Aloysius, Saint Margaret Mary.

“The Father, in His Outward Divine Love, His Obvious Love for human life, has given to the world numerous Words, not too lengthy for the average human being to read and to understand, because at this time, This Gift of His Divine Love has been given to enlighten the minds of all age groups, all backgrounds, all intellects, on the Importance of being created a human being.

As We gather today with you, it is to give you the strength to stand up for what you know is Truth, and is Valuable to That Portion of human life, not just the mentality, but the Soul that you were gifted with, that all human life is gifted with at the moment of conception.

Throughout the world there is a laxness in understanding; sometimes it is on purpose, sometimes it is through what mankind calls 'ignorance to subject matter'; other times, it is just what man would call 'foolish banter' regarding something so serious.

In the Blessing the world received through The Beloved Saint Joseph, it was important that so Many Saints Here in the Heavens would join in participation, enlightening those who in the human way thought only that great books would teach them, instruct them, and give them the truth behind the Magnitude of The Creator, and All The Saints Here in the Heavens, and what human life was created with and for.

At the Announcement that *one voice* would speak, it alarmed many individuals, because without full knowledge of how this can be done, many ignored the Fact that it was accomplished by The Father, and to this day He is delivering through The Saints, and of course, through Himself, Important Messages, not just to brighten the time of the day, but to instruct His Purpose for which He

created human life, and gave to it the senses that nothing else created has.

One small voice delivers the Words, but the Magnitude of the Meaning of All that has been delivered and is being delivered, is beyond human ability. Logic should tell all who read the Words, all who hear the Words, that an Ultimate Source is delivering and has delivered what is important for the Souls and the physicals of millions of human beings. Think of it this way: When something important happens, is it not scattered by word of mouth, and many times by the written word, so that others will know what occurred?

Let us now look at a newborn baby, child, boy or girl, you make the choice. The little one is limited, but there is an obvious alertness to the little one seeing you if you are present, and responding to a certain degree. Now look, as time goes on, the Importance of human life is evident through knowing morality from immorality, kindness from injustice, and hope over hopelessness.

All that has thus far been passed through This Gift of Divine Love that

The Father has not just permitted, but instructed to be put into print, so It could be seen for the Divine Love that is evident in It, instructing all ages on the Importance of human life. We hear some say, ‘All that is revealed seems to be in a particular length of wording.’ Perhaps that is so because, do not forget, The One Who created you is Greater than wisdom that you know wisdom to be, and only He would know what would be best for you to be able to more fully understand that human life called ‘man’ has a Goal, and this Goal is to return to Him a Portion of it, called ‘the Soul’.

The Soul is Greater than the human mind can perceive It to be, because the Soul bears the name of the one in whom It was placed, and it is This Portion of that human life that has the privilege to go on for All Eternity, bearing the name of the one in whom It was given at a specific time.

I close My Words at this time, and ask you to remember a short prayer:

*‘God, bless me every day, and
give me the strength to do
Your Will for my Soul that*

***is a Portion of You, that You
gave to me at another time,
in a Loving Way.’”***

SEPTEMBER 11, 2002 AT 12:52 P.M.

MANY SAINTS

“*The little one’s* Words to you at this time are correct. There are Many of Us present, because All of Us love This Gift of The Father’s Love for mankind. Each Saint Who speaks treasures the time, helping all ages of human life to more fully understand what a Beautiful Gift of Divine Love human life is to each one born in this way, this manner, at all times.

It is sad when We see unhappiness. Very often it is due to misunderstanding, misconceptions of either words or conditions that exist, dwelling on something that is not something to be happy about.

We hold *the little one* deeply, for to hear Us so many times takes a toll on the body and the mentality, far greater than the human mind can fully understand, of such a Great Gift from The Divine.

Each day We hear thousands of human beings, all ages, working, speaking and discussing what they would like to accomplish while they

are still alive. So many times one subject comes up and is pleasing to all concerned, but then doubt comes in and it is a sadness to hear when this happens.

You may ask why I am talking like this. Basically, it is to help you more fully understand what a Precious Gift The Father's Love for human life has given to human beings through This Miracle, wherein so Many of Us speak through *one voice* on multiple amounts of subjects, helping all ages to more fully understand that human life was created for a Goal Greater than the human mind can comprehend It to be.

All of Us want all ages to read the Words that are delivered through *one voice*, because it will awaken in many the real Reason for which human life was created, and that it has a Portion of The Creator within it, called 'the Soul'. No human being is born without It. No human being could live without It.

Today as I speak, and Many are Here with Me, it is to encourage all ages to be grateful for the day, and all

the time in the past, even if all things are not happiness or times of success.

I slow My Words down, because in speaking through *one voice* there are so Many Saints always present, many times adding to what the One Saint is speaking in a manner to be heard, for the Words to be put into script, hoping that thousands will read Them, and be encouraged by Them to use their human way of life for greater things; that is, to one day return the Soul, their Soul, to The Creator, and He will call It ‘a Saint’.

An animal has no future, a flower has no future; remember this, but human life has been gifted. This was proven at the Time The Son of The Creator came to the earth, and so much was able to be written regarding the time He spent with The Heavenly Queen as His Mother, and The Beloved Saint Joseph as His Father. You have since learned the Importance of All This.

As I close My Words today, I beseech you to be thankful for each day, and to remember that to be created a human being, you can one day be called ‘a Saint’.”

SEPTEMBER 12, 2002 AT 12:37 P.M.

SAINT JOSEPH, THE HOLY SPIRIT
SAINT IRENAEUS
SAINT COLUMBKILLE
SAINT BERNARDINE

“I am Saint Irenaeus. I am Saint Columbkille. I am Saint Bernardine. I am Saint Joseph.

We All gather in a group to speak at this time on the Importance of human life, and the Goal for which The Father created it, created That Portion of it that is a Portion of Him, the Soul.

Today, as We take turns speaking, it is a privilege beyond what the human mind can understand a privilege to be. When The Father beckons or calls One of Us to speak, We immediately respond to His Love for human life, because at this time The Father is very active in trying to help in many areas, the Souls of thousands and thousands and thousands of individuals, because there is so much diabolical example, direction and acceptance.

Though it is difficult for human beings of all degrees of intellect to

understand the Importance of human life, why it was created, and of course, the Goal for which the Soul of every human being was given as the Connecting Link of Divine Love for this creation of human life called 'man', throughout the world there are all degrees of intellect, all degrees of what man calls 'personalities, natures, characteristics', and it is important that All that is delivered through This Gift of Divine Love be spread throughout the world. Do not worry about language barriers, for in the very concern of what is being meant in the Words, will find some individuals who will take the time, the responsibility to translate.

There is so little sound direction to the young. The casualness, the indifference is a sadness far beyond what Words can deliver at this time. Human life has an Importance to it because of the Purpose for which it was created, and of course, for That Portion of it, the Soul.

We hear some say: 'I cannot see my Soul. How do I know I have a Soul?' Let Me put it this way: When you understand a pure action over an impure action, a pure thought over

an impure thought, it is not just you and your body and your mind that are affected, it is your Soul that is the recipient of all you think, all you do, all you say, and yes, do not forget your intentions.

Each time One of Us Saints speak through This Gift of Divine Love, We cherish the moment, because to All of Us it is so important that human beings of all ages, all backgrounds, understand a very important Fact, that no matter how intelligent, how popular amongst others an individual is, they are still the custodian of a Portion of The Creator that is to be returned to Him in a Pure State, morally, mentally, psychologically, physically, and of course, spiritually.

We hear so many conversations on what mankind calls ‘modern’, thus using this as an excuse to accept all that is against The Commandments of The Creator, thus being against the Souls of those who are the victims or the recipients of accepting what is impure morally, mentally, physically. There is so much that human life has that other things created do not have, and of course, the Main Portion of human life is the Soul.

We hear some say, ‘I cannot feel my Soul, I cannot see my Soul.’ Yes, you do, in the very fact that you are Blessed with an innate sensitivity that human life is distinct above all other created things. It has a mentality, it has logic, it has the ability to understand, that nothing else created has.

I could speak hours on this subject regarding the Importance of human life, and the Goal for the Soul of human life that nothing else has.

I will close My Words with a very important Statement: Don’t follow what you know is impure, unjust, incorrect to you, physically, mentally, morally, but seek out what will defy all these things, and be accountable for feeling that you are present every moment of every day, to the Eyes and the Will, the Love and The Spirit of The Creator Who created you, and wants your Soul to be returned a Saint.”

SEPTEMBER 13, 2002 AT 12:53 P.M.

SAINT AGNES

“I am Saint Agnes. My time with you today, I feel is of great importance.

Children, and young adults, are not being instructed or corrected or delivered the proper protocol for human behavior. There is so little conversation on the Fact that every thought, every word, every act an individual partakes in, The Father hears, sees. Children should be instructed more on the importance of their obedience to what is morally correct, sound, and in agreement with their Soul, not just their human behavior.

Needless to say, I could speak pages on this subject because of the Importance of all ages of human life, and especially on those years of learning, of following, and that are considered years of behavioral understanding, regarding everything one does, speaks, or becomes a part of.

So Many Saints speak through This Gift, because it is of great importance that all ages of human life be aware that there is a Supreme Power of Divine Love, and This Power is The Giver of the Souls of everyone born in the human way. We hear some say, 'What is a Soul?' A Soul is a Gift beyond what a human mind can comprehend It to be.

When one loses a finger after having ten, the shock is very great to the whole system of their being. Think about this next Statement. The Soul, as a Portion of The Creator, is the One, when something occurs that is impure in any way, It suffers disgrace, but also a mark of impurity that remains until the individual in whom It is a Part of, makes reparation in a positive way. This should not be difficult for anyone to understand, because in the human manner of life, is it not expected when you do something unkind, unjust, or in a way degrading, are you not expected to say how sorry you are for partaking in such a way?

I could speak hours on this subject, because it is of great importance that all ages of human life be aware of how they reflect respect,

concern to another human being, based on the understanding that there is a Creator of All Things Who has given to every living human being, the understanding of what is right over what is wrong, what is pure over what is impure, what is just over what is unjust.

I will close My Words with a prayer:

‘Heavenly Father, please give strength to all who read These Words, and help them to understand that as You created human life, and made it a Part of Divine Plan through living human life, there is a Goal for the Soul of every man, woman and child, and the important thing is to work for this Goal in every day of human life.’

Protecting the Soul is an honor, and also important in many ways, because the Soul will return to The Father, and will be called ‘a Saint’.”

SEPTEMBER 16, 2002 AT 12:48 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. What I am about to say is of great importance to all ages of human life.

Morality is not a thing of the past. It is important for all ages to understand The Commandments of The Creator were given a long time ago, as and for the Foundation for the good of all humans’ Souls.

We hear some say, ‘I cannot see my Soul, I cannot feel It; maybe I was not given a Soul at the moment of my conception.’ This, of course, is a human being using a weak point to defend how they feel regarding the Importance of What they truly have within them, and that this Soul no human being is born without.

In the conception of a human life, the Soul is the First Part, Portion, Gift, that is immediately placed, protecting the little one or little ones from all that they hear, they become a part of, at that time when they begin to grow and will be called ‘a human being’.

My Words to some may be difficult to understand such a Phenomenon as this, but in the Beauty of The Creator of All Things, in the Love for human life, He never allows a child to be conceived under any other circumstances, other than His Love for this creation, His Goal for this creation, to one day be returned to Him Forever and ever and ever.

Throughout the world there is so much immoral confusion amidst and among all ages of human life. We hear so many excuses for the lack of understanding, thus meaning the lack of willingness to comply with the Importance of the Gift of human life, and its Goal at the moment of its conception.

So Many Saints Here in the Heavens plead with The Father to help Them give strength where it is needed for all human life. I am going to add a Statement to this that will surprise many who will read It. Though prayer is understood to be a communication between an individual and The Divine, I would shock you if I were to explain to you how little prayer is used in communication in one day, in one week, any time.

Even though It has been put into print, the importance of communication, it is sad for Me to say it is ignored by millions of human beings of all ages, all backgrounds, every day they live. Granted, there are many activities that must be accomplished in a daily way of life, but there are many ways to pray. The first one is human behavior. Is it moral or is it immoral? Is it behavior that others enjoy being with because of its dignity, sincerity, good example, or is it using each day accepting all that is occurring, no matter what it is, even if it is impure in the slightest suggestion or the slightest condition?

Many excuses are made under these conditions, and accepted readily, because men, women and children have a way of making excuses when they are exposed to conditions that innately they know they could rectify, or make a point that they were displeased with the immorality, indecency, the impurities that were shown to be acted out as natural to the way of life, thus ignoring that every Soul of every human being bears a responsibility for what the one in whom They are placed at a given time; nothing is not

accountable for. You can compare this with two or more individuals in daily life who find it either acceptable or enjoyable or necessary to do something to someone else that is unkind, unjust, impure.

There are so many conditions in life wherein much consideration should be spoken out openly, when it is something that an individual should not accept, and not just stand by and appear as they are unconcerned over the impurities of conversation, actions, or intentions.

As I close These Words at this time, remember: As adults see what can occur, always remember, children can become victims because they do not always see or understand or can they evaluate impurities. I plead with you, protect them, because the enemy of all there is, is constantly using many ways, many things, many situations, to make the Souls of those present disgraced, and rob them of the purity that they were given for the Goal in life The Father Decreed to be, and that is to become ‘a Saint’.”

SEPTEMBER 17, 2002 AT 12:31 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I have spoken many times without mentioning Who I Am.

It is important that all denominations of Faith in Me, must see the Value of believing in Me.

There are millions of men, women and children throughout the world, who have no conception of the importance of believing in a Creator that they cannot see, cannot feel, cannot hear. They have allowed humanistic versions to simplify their way of life, thus ignoring there has to be a Source Greater than the human mind can comprehend, understand, or compare to anything else.

Children are not being instructed on the necessity to believe in a Divine Creator. In some places they get a small version put in a simple form, but it does not cover the whole sphere of Magnitude of All that has been created by a Creator different than they know, or could understand It to be.

Down through time, different versions of What I Am, Who I Am, have in some ways helped individuals to feel the necessity for Someone like Me, but not truly comprehend the Importance.

I speak like this today, because throughout the world I see individuals practice prayer in a very lackadaisical way, their communication with Me simplified, giving them the human assurance that they feel comfortable with, about and for.

I have given to the world a Great Miracle of My Divine Love. I have given It for many reasons. The main one, of course, is because of the Souls that are instilled in human life, that are Portions of Me. This alone should tell all degrees of intellect My Closeness to human life, and that I have a Reason for being Part of every human being.

Today I will cut My Words shorter, but it is important that All that has been thus far delivered never be stopped. It should be scattered throughout the world to awaken the minds of the logic in a Creator Greater than a human being, but also, Who has the Ability and Power and Reason for

creating human beings, human life, giving to human life the abilities to speak, to think, to understand, and to accomplish physical things; also, to learn about being able to one day return a Portion of them to a Higher Place, a Greater Way, returning the Soul in Pure State of Being, to Me.

In the birth of a child, there is a Portion of Me, not as you term ‘a portion’ to be, but there is a Gift of My Divine Love that I want returned to Me. The Reason for this Gift is in My Creation of human life. I made it Special, instilling in it the abilities to think, to speak, to learn, to understand, giving to human life so much Love, more than the human mind understands.

As I close My Words, and I leave you only through These Words, for I am always present wherever you are. As I close, I bless you through a Gift I have given to the whole world, but I have based It in ‘one place’, because I knew It would travel out of respect for Me, love for Me, but also the human ability to share with others the Love I have, the Goal I have for That Portion of Me that is in each human being, the Soul, because you see, I want It back.

You are accountable to Me, to return to Me What belongs to Me.

I bless you, and I request you do not forget.”

SEPTEMBER 18, 2002 AT 12:41 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All that has previously been given, to help men, women and children of all ages more fully understand the Importance of human life, and that it has a Goal Greater than any human mind could plan. The Father Wills This Gift, in which so much is being delivered, to be transported to places throughout the world, not just in what is called ‘Spiritual edifices’.

There are millions of human beings who need to more fully understand that living in the human way is a Gift of Divine Plan, and the mentality of human life knows purity over impurity, justice over injustice, right over wrong, love over hate. These Words are basically so numerous to speak about, because the human mind understands all the diversifications of human behavior, and the manner in which it takes part in all ways of human life, all portions of right over wrong, all goals that the human mind

is capable of using, either for success or for self-gratitude.

In the Creation of human life, there was instilled in it, an innate understanding that it would have a Goal at a given time, but it is sad to say that so many men, women and children see the Goal in such a humanistic manner, degree, way, thus ignoring the Beauty, the Greatness of The Divine Will, making the Goal a Place wherein the Soul can be called ‘a Saint’.

I could speak hours, but the reason for so many of Our times with the written Words, are put into a length that is not inconceivable for the human mind to understand, so as I close My Words, I remind you to be thankful for the Gift of being a human being, because it has a Goal Greater than any human goal that could be reached.”

SEPTEMBER 19, 2002 AT 12:25 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. It is important, what I am about to say.

Human life is a Gift far greater than it has ever been perceived to be, because human life, through The Father’s Will, has many Gifts of Divine Love within it. The Greatest Gift, of course, is the Soul. It is sad when individuals cannot understand or try to understand, that the Soul, as a Portion of The Creator, is what gives human life a Special Role, a Special Goal, a Special Purpose, and all human beings should understand this, be thankful for it, and be aware of how they use their daily way of life with such a Precious Gift of Divine Love within it.

Most emphasis is put on the heart. I do not say this is lesser, but I do say that the heart, as it beats, is the beat of life for the whole being of one human being; also, this Gift of Divine Love was instilled for a purpose, a purpose that speaks, ‘Beware, be careful, be alert, and be conscious that

as you are born with a heart that you can feel beat within you, proves the Greatness of how The Father created human life to be, and to understand.'

Granted, other things created have been given a heart, but not for all the reasons of human life. The way of life is Important, the Purpose for life is Important, the Goal for human life is the Greatest Goal, because within it the Soul is to be returned to The Creator at a given time.

Children are not being instructed properly or indepthly enough on the Importance of the Gift of human life, and that the mentality of human life allows them to know that this way of life must be cared for morally, mentally, physically, because of the Goal that human life has the ability to reach.

This Statement should not be difficult for anyone, because the mentality of human life does not just allow it, but encourages it to use a goal for success; in many ways, a goal for tolerance, for patience, for understanding.

Human life has been Blessed in a way that no human being could

design more than The Father did when He created human life, because The Father, in His Love for this creation, has not just offered it a Goal, but has instilled in it all the reasonable facts, factors, to support how The Father felt and feels about the Soul being returned to Him, representing the one in whom It was placed, and that this Soul can one day be called ‘a Saint’.”

SEPTEMBER 20, 2002 AT 12:56 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so Many of Us always present where this *little one* is, because The Father’s Will is of the Utmost Importance for all ages of human life to more fully understand the Importance of human life, and that within it, it has a Portion of Him called ‘the Soul’.

There is no Gift such as This One throughout the world. Granted, there are other Gifts, many in fact, but This One is a Gift of Instruction, and yet full of Divine Love because of the Souls that need the ones in whom They were placed, to more fully understand that to be created in the human way is a Gift of Divine Plan.

Each human life created has within it a Soul. Though it is difficult for many to understand what a Soul is, the human way of life shows It without any descriptive measures to be had; the fact that human life has a conscience, also an understanding of

what is right or wrong, what is good or bad, what is truth, what is untruthful.

In This Gift that gives so much Direction and Divine Love, nothing in the world, no favor in the world can be greater than This Gift is, because This Gift is from Divine Love, based on the naturalness, the reality that each human life has a close Association with The Divine.

Human life has many qualities, abilities, understandings and beliefs, talents beyond what anything else created has, but it also has what is termed 'a conscience' that is an innate sensitivity to what is moral over immoral, pure over impure, just over injustice, to any situation, any condition, any problem.

So much has been delivered thus far for quite a long time, helping the human minds to more fully understand that there is a Goal to human life, and it can be easily attained if one feels the Beauty and the Love in how The Father instructs the mentality to know what is right over what is wrong, what is just over what is unjust.

As I close My Words, I remind all who read Them and who are example

of Them: It is important that All that has thus far been delivered be spread throughout the world. Do not worry about languages, because oftentimes when one does not understand the language, the print, The Father gives them the Blessing to sense within their being, that What was spoken was important in more ways than they can perceive It to be.

This Gift that bears the Name of The Beloved Saint Joseph, is a Gift far beyond what the human mind can perceive It to be, but I beseech you to see that It is spread throughout the world, irregardless of what some men try to persuade you to believe, that at this time there could not be a Miracle such as This is.”

SEPTEMBER 23, 2002 AT 12:36 P.M.

“The Father has requested This Gift to human life to be presented at this time, because of the necessity of the Souls, for the Souls, of millions of men, women and children who live at this time.

Conversations on many subjects rarely are on the subject of how one individual considers the status of their Soul. Most conversations are on materialistic matters, measures, situations, or on the human opinion of many areas of life.

If you were to walk down the street, go by a church of any dimension and meet someone, would they talk to you about any of the situations, or would it be a humanistic conversation based on someone’s feelings, or what they were about to do physically, mentally, emotionally?

As We see some read These Words, they refer to it in their manner of thinking, that it would be a natural way to speak to another individual. I ask you another question. How many

times, after some communication with another individual, or even an important situation, do you silently call on The Father to bless the individual, or the outcome of what existed between you?

It is so easy for men, women and children of all ages to see the humanistic values to all situations, thus ignoring the fact that the number of individuals present should also include the Souls present, because each one has a Soul. This thought is rare; also, many times impossible for an individual of any religion to say a prayer silently, or even the words '*God bless you*', if these words will give comfort to the other one.

So many important subjects have been passed through This Gift of Divine Love. To be born a human being is a Gift Greater than any human being understands it to be, because to human life there are many Gifts: the Gift of speech, the Gift of sight, the Gift of understanding; the Gift of being able to associate mentally, physically, morally, with other human beings, is a Gift oftentimes dismissed and taken for granted.

You do live in a time where materialism, humanism, and a lack of sensitivity to there having to be a Divine that is aware of all a person or individual does with their mental or their physical association with other individuals.

Needless to say, I could speak endlessly on this subject, but This Gift of The Father's Love has been delivered because of the Importance of the Souls that need the ones in whom They were placed to more fully understand, not just realize, that every moment of every day, they are accountable to The Divine for It.

As I close, I say, "There is so little concentration on What The Father Wills human beings of all ages to see as important to their way of life, and for the Goal He desires: all Souls to be returned to Him, Saints."

SEPTEMBER 24, 2002 AT 12:28 P.M.

SAINT ANTHONY OF PADUA

“A Miracle of This Degree, that The Father has given to the whole world of human life, must not remain in one area, one territory, one place.

In All that has been delivered, there is something important for every human being to read, and to understand that What was said was meant to help them in many ways, for many reasons. First of all, each time the Words come through this *small voice*, it is important that the meaning in Them is recognized as important Statement of Fact for the good of Souls, and even many times for the good of individuals’ behavioral attitude, acceptances, and practices.

A Blessing of This Dimension is far greater than the human mind often perceives It to be, because Words such as These are, are not spoken between two human beings for the Purpose and for the Divine Love that These Words express, and are definitely noticeable to be from a Higher Source than human life.

Children must learn that their behavior is of the utmost importance, because it is what will give others strength, and also, help in many ways. Too often children are not corrected when they speak in the wrong manner, only because they feel their age allows it, but as I say My Words in the way I have, it is to awaken men and women to not only be good example, but to correct what is wrong.

I know how I speak is different, but it is important. There is too much acceptance in every walk of life regarding things that are not acceptable morally, mentally, physically, spiritually.

I will close My Words, but hopefully What I have spoken will be remembered, because of the importance of the content that is not ordinary for most individuals to hear, or to put into script.”

SEPTEMBER 24, 2002 AT 1:17 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Hypocrisy is prevalent throughout the world. So many individuals practice it, feeling that it makes what they speak important to others, thus not realizing that what they speak could be damaging to those who listen, or take the words as serious, as important.

Throughout the world, there are many degrees of hypocrisy, and one would be shocked at how many ages practice it to gain attention, acclaim, or some form of monetary measure.

In This Gift that instructs on so many issues, practices, values, all subjects enter into the content in a very practical, acceptable manner, easy for all ages of mentalities to understand that a point of concern could mean them, to help them change their ways, their morals, or their living conditions with other human beings.

I could speak hours on this subject, because of its importance for not just the minds of human beings, or

the Souls of human beings, but for the effect they have on others that could be detrimental to others, morally, mentally, psychologically.

All The Saints Here in the Heavens use This Gift of The Father's Love, not always mentioning Their Names, but oftentimes in mere speech, subject matter, They allow what They know to be good to be brought up as a subject, so others will see the subject, and if necessary, use it to change their way of thinking, or their manner of doing things.

As I close My Words, I end Them on a very important Statement: Never let a day go by that you do not allow yourself to address all subjects, all things you do, in a moral way, because you are responsible to The Creator for everything you do, and everything you say."

SEPTEMBER 25, 2002 AT 12:28 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

The Blessing The Father has given to human beings of all ages, is beyond what We find understandable: to so many who hear about This Blessing and do not see the Greatness in It.

When one man, woman or child does something to please someone else, there is always much thanks; many times, much happiness because of the thoughtfulness that is obvious.

I speak like this because it is important that This Gift of Divine Love, wherein The Father has allowed so Many Saints Here in the Heavens to address subject matter in a very informative, loving, caring way, to help thousands, even perhaps millions of human beings of all ages, to more fully understand what a Blessing it is to be born a human being, and that it has a Goal that is Far Superior to any goal that the human way is accustomed to.

So Many Saints Here in the Heavens plead daily to awaken the minds, the intentions, the understanding, that all men, women and children should begin to see that The Father, in His Love for human life, has given to the world through Many Saints Here, but first by Himself, so much to be thought about regarding the Importance of why human life was created, and the Beauty of the Goal for which The Father Wills it to reach.

Think about this: It is innate in human life to want to be successful, to want to reach goals, sometimes goals that mean very little to the personal needs or the monetary means of an individual's way of life; but to think, to practice, and to utilize all that is logical and all that pertains to the Goal for which human life was created, most times takes less effort than anything pertaining to the humanistic value or consideration of a human being.

To become 'a Saint' is not impossible, because The Father Wills it to be, and the individual who strives to reach the Goal, is never asked for an impossibility to occur, or be a part of. All it takes is giving one's conscience, attention, habits, and

Gifts of understanding that to become 'a Saint' is a Blessing beyond anything monetary that a human being could receive.

As I speak today, I speak with much Love for human life, because as All of Us Saints Will to do The Father's Will, the most important thing is that We, in Our Way, reach others with the understanding that they were created for a High Goal, the Highest Goal anyone can reach, and that is to return to The Father, a Saint.

***One small voice* is used. The importance is that What is heard, and What is put into script, be seen for 'from Where It comes', and that is from The Heavenly One that you call 'God'. Remember this."**

SEPTEMBER 26, 2002 AT 12:34 P.M.

MANY SAINTS

“There are Many of Us present, because it is so important that those who live at this time in the human way, must understand the Importance of human life, and how The Father has planned the Goal for it, because of His Love that He instills in each child born the human way.

There are so many individuals of all denominations of Faith, all ages, who instinctively ignore the Importance of human life, not accepting or wanting to accept the responsibilities for the Goal for which human life was and is created. So many children are not learning what is expected of them, because there are too many in charge of them who do not see the value in being born a human being.

Today as I speak, there are Many Here with Me. All that is delivered verbally and put into script in This Gift of The Father’s Divine Love for human life, must awaken to the Fact that there is a Goal for a Portion of human life that is basically logical

to understand that It exists in every human being born.

It is a sadness when We hear indifference to what is good over what is evil, what is moral over what is immoral, what is truth over what is untruth, in the daily lives of millions of human beings. We hear so many openly say: 'Ignore the conscience you feel; accept what is occurring in what you feel is good for you, or good for the situation at hand,' thus not looking at the importance or the purity of the proposed act or action.

Children are not being instructed properly. There is too much freedom, thus ignoring what a child can become ignorant to: the fact that he or she is sinning in many ways, because of the impurities that have been ignored by those in charge. We hear so many excuses that are diabolical in character, nature and value.

As I speak to you today, there are Hundreds and Hundreds and Hundreds of Saints, too numerous to mention, All wanting human beings of all ages to understand that there is a Precious Gift of Divine Love, Divine Plan, in everyone born the human way.

I must add to this though, all things created have a purpose, and each one is for a particular aid to helping human life understand the Magnitude of Divine Plan, giving to human life many creations of different things, different living things, that make a human being more fully understand that human life is the ultimate in mentality, and has the Ultimate Goal above all other living matter or thing.

Without these other things, human beings would not see the differences in the reasonability of how The Father used so many other creations, allowing human life to more fully understand that they have the ability to one day return to The Father a Portion He gave at the moment of conception, called 'the Soul'.

Millions of Words could be spoken on this important subject, because of the Importance of human life's place, Reason for it, that The Father created for a Special Goal.

I could speak endlessly, but I beseech those who print the Words and those who read the Words, to understand human life is a God-given Gift that is to be returned to The

Father through the Soul that each human being is created with.”

SEPTEMBER 27, 2002 AT 12:54 P.M.

SAINT PETER

“I am Saint Peter.

The Father, in His Love for this Creation of His, human life, instilled into human life a Blessing beyond what anyone living this life can fully perceive It to be. It is a Gift beyond what the human mind can picture It, or discern It to be.

The Gifts of human life are many, the abilities instilled, many; but the Goal, Superior to any goal a human mind can perceive a goal to be.

Today as I speak, there are Thousands of Saints Here with Me Who want This Gift of The Father’s Love to scatter throughout the world, giving Hope; also, giving Purpose to being born a human being.

Children are not being instructed on the importance of how they treat each day. Children oftentimes are being ignored when others feel they would not understand a Gift of This Degree. This, of course, is ridiculous, because a child has the ability to

dream of important things, perhaps not able to describe the dream, but it is there inside their mind, their will, their hope, and their love.

All The Saints Here in the Heavens appreciate speaking through This Gift that delivers so much encouragement, so many Facts, helping human beings of all degrees of intellect to more fully understand the Importance of being born, created in the way of man. It is the only Gift of life that has a Goal such as this one has.

Children must be instructed on the importance of all they think, they do, they speak, and yes, what they learn, because learning is an important part of being a human being.

My Words are different, but My Love, for This Gift that will be for many Souls to be able to be returned to The Creator, a Saint.

I will close My Words, but I promise you, I will have the privilege to once again speak at another time on this important subject, instructing the will and the mind of human lives to more fully understand that one day they will have the privilege to be with The Divine.”

SEPTEMBER 30, 2002 AT 12:20 P.M.

GOD THE FATHER

“I am God The Father.

The little one I have chosen to walk so many paths, is in a ‘Preparation’ again, so that All I Will to be done, other human life will know about and use their abilities to fulfill My Will, because it is important that those who are not present here, learn that human life truly has a Goal for the Soul that is a Portion of Me.

My Generosity to human life is never seen in the human way, but it is truly occurring every moment of every day, in every human life that lives, even when they do not pray.

The Souls are evident, even though They cannot be seen, because the Soul, as a Portion of Who I Am, What I Am, has been given to human life because of My Will, My Love for this Creation of Mine, and it will be through the Soul that the individual will return to Me. I will remember Who It is, Who It was, and all things that occurred by Them, with Them,

when They walked the human role of life.

This Gift I have given to the world through *one small voice*, is a Gift beyond what a human being of any degree of intellect can fully perceive, but nonetheless, it is a Gift of My Love for all of human life.

I want so much for All I have thus far given to be translated properly, so that men, women and children throughout the world will know that at This Time I spoke through *one small voice*, for the good of all Souls, no matter where they live, no matter who they are.

I will close My Words with a Blessing, and I want you to remember It. My Deep Love for human life showed you how much I love human life, when I put a Human Portion of Me, called 'My Son', walking the road at a Given Time. I also showed you through His Crucifixion, the injustices that human life was capable of. This, of course, was a sadness for Me to bear, but I allowed it to be, so all who came after would be consciously aware of the dangers in human life, but also, the Beauty of believing in Me.

I could speak endlessly on My Love for human life, because I created it, and put within it a Portion of Me. No human life is born without It, or created without It, I should say, because My Love for this Creation of Mine is Deeper than the human mind can perceive It to be.

As I close These Words, I bless you, those who take the Words and those who will read the Words, because you must understand, in doing this, you are pleasing Me.”

OCTOBER 1, 2002 AT 12:38 P.M.

“There is no moment in the day that The Father is not present. All of Us Saints Here in the Heavens are aware of His Presence.

We hear so many individuals when they say their prayers. They say it with feeling, but many of them do not truly understand that The One to Whom they are praying is Above all things, even man.

The world has been Blessed by a Gift of Divine Love. Granted, It is in a small place, and yet It delivers All that is spoken from Here to thousands of places, so that men, women and children will be aware of It taking place.

I speak differently today because, in the human way, all ages want things to be in the manner in which they speak.

I am not going to speak long, because there are Several Saints surrounding Me, but I have come to remind you, a small group, that you

live in a time in which many important things are occurring because of the Importance of the Souls that human beings are gifted with at the moment of conception. The Soul is placed at that time, and so many individuals feel that the Soul is placed at the birth. That is not so, because the conception is guided by The Creator of All Things.

My Words are different, but My Love, Divine. More will come on this at a later time.”

OCTOBER 2, 2002 AT 12:23 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

This Gift of The Father’s Love is far greater than any human being can perceive It to be. It is a Gift, not just of Encouragement, but of Direction, implanting strength in the Purpose for which human life was created.

So Many Saints have spoken because it was important for human beings of all ages to understand that Sainthood is not just a story, or a myth; it is Part of Divine Plan.

Each human being created has a Goal. They do not understand it when they are very young, but time does give them, not just the understanding, but the True Purpose for human life, and that it is logical to have a Goal Greater than the human mind could possibly perceive a Goal to be, because of how human life is created, and Why The Father, How The Father, Wills it to be.

I will close My Words. I know I speak rapidly, but more will be spoken on this at a later time. So be it.”

OCTOBER 2, 2002 AT 12:59 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

You live in a time of great importance, because at this time there are so many diversified ideals, ideas, decisions, that in many ways can threaten the Soul of some individuals. Morality is very often ignored; truthfulness, sometimes a thing of the past. Love for others is rare, because supposedly all human beings depend upon a new way, a new order of thinking. Sincerity is oftentimes based on merely opinion, not always the facts.

Today, as All of Us Saints stand close to This Gift of Divine Love, it is so important that All that has thus far been delivered and is being delivered, be more fully understood on the importance of It, and the meaning in It, that The Father Wills the human minds to understand, because of the Souls that are affected by what a human being speaks, practices, partakes in, or thinks.

I speak differently, I know, but it is important that through This Gift of Divine Love that The Father has given to the world, All that is described from the Words must be seen for the Value that is in Them, the Direction that is in Them, and also, the individual must never forget that a Portion within them is dependent on everything they think, do, speak, and partake in. That Portion is called 'the Soul'.

The Father has Blessed the world abundantly with a Gift far beyond what the human mind can perceive It to be. Divine Love is evident in All that has thus far been delivered and is being delivered, but the human mind, the human understanding, tries to ignore such an Event as This is in their time, because the human mind oftentimes becomes what man calls 'stubborn', and refuses to see the indepthness or the Value of what is delivered, because the average human being never considers their Soul in what they think, what they do, what they practice, in their daily way of living.

I will close My Words, and I beseech you that when you read Them, try to understand that All that is

delivered through This Gift of Divine Love is for the Salvation of Souls of mankind, not just the ones who take the Words, but those who will read the Words at another time. So be it.”

OCTOBER 3, 2002 AT 12:28 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

Never dismiss an important thought, especially one that involves a decision that must be made if and when this decision involves your Soul, because the Soul is the recipient of all you think, do and say.

Though you cannot feel the Soul as you feel other portions of your body, the Soul is evident in your understanding of what is pure over what is impure, just over unjust, what is peaceful over what is distracting in an unkind or impure way.

Today as I speak, I speak with great Love for all of human life, because to be human is a privilege granted by The Divine, because of the Soul that is a Portion of every human life created.

If you were to count how many human beings of all ages would understand that they are the custodians of a Portion of The Creator, you would be shocked at the small number that

even think that way, or could possibly understand the Importance of Divine Love, in giving this Gift of Divine Love to man. It is a Gift of Protection against many things, but also the Gift that will remain when the physical ends.

As I close My Words, I close Them with sincere understanding and love of the fact that being a human being is greater than any human being perceives it to be. That is why The Father has given This Gift at This Time, for more understanding of what a Precious Gift life is to man. So many judge all things on just a kind act, a kind thought, but I assure you, The Father's Plan is much deeper than that.

As I close My Words, always remember: each moment of the day The Father is with you in His Loving, Divine Way."

OCTOBER 4, 2002 AT 12:54 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

There are Several present with Me today, because of the importance of All that The Saints Here have to say.

The world has been Blessed abundantly, because of The Father’s Love for human life; also, allowing so Many Saints to speak, thus allowing Their Names to be put into print, bearing the Name of the One Who was talking on important subjects, and in different ways.

It is not only children who are being denied understanding What the Father Wills every human being to understand. All ages of human life, both genders of human life, are in need of reading All that has thus far been delivered, because it is The Father’s Will that Truth and His Directions should be followed to the letter, regarding why human life was created and the Goal for it to strive for, for the Soul that is a Gift at the moment of conception to every living human being.

Now, when I use the word 'living' to an unborn child, there is a Soul in the ones who do not survive the birth. Please remember this. That Soul is returned to The Creator in the manner He Decrees It to be. Also, the Importance of human life is far more in-depth than the human mind cares to understand it to be.

The Gifts of human life are numerous: the ability to think, to learn, to understand; also, to be able to communicate with others — men, women and children created in the same manner, way.

We hear so many questions regarding what the Soul is, and how they can protect It, because they never see It, never feel It. This, of course, they must act with Faith that the Soul does exist within them; because, is it not so, all things are not visible to the human eye, human way, and yet they are of great importance to every human being born?

There are so many subjects to be spoken about, so many details that men, women and children want answers for, but most would not be able to fully understand the complete meaning of

what would be spoken regarding, first of all, the Soul; secondly, the Purpose for which human life is accountable; in what area, and are all human lives comparable in how they act, think, speak, or communicate with other human beings, or The Saints in Heaven?

Needless to say, not just thousands, but millions and millions of Words could be spoken on the subject matter I have just mentioned, but the human mind could not handle the immensity of Communication that The Father has with every human being born. He handles each one a little differently, based on their mentality, their understanding, their Faith in Him, their normal human duties in how they are performed, and also, each one's association with strangers, with relatives, and with people they meet socially, without knowing what the other individual is all about.

I know My Words are different, but what I have spoken is important. My Sincere Love and Advice is to look at The Commandments of The Creator in the Beauty and the Divine Love that each one expresses; also, in the fact that in The Commandments there

is a separation automatically made between the genders of human life, the personalities of human life, the backgrounds of human life, and also, the abilities of human life.

Some will read My Words and say: 'What does this mean? I do not understand it.' I will answer that now, using a term that the human mind often uses, and that word is, see the 'logic' in your questioning, and in what the answer would automatically be, and also, would not The Creator of All that is good, All that has been given to human life to live on, such as a ball in the sky, does this not prove there is a Higher Authority in Existence, and This Authority is willing to share what you call 'the whole world floating in space'?

Many who read My Words will be shocked, but I promise you, if you read Them well, you will see Logic in Them, Love in Them, and Hope."

OCTOBER 7, 2002 AT 12:45 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Father uses *one small body, one small voice*, to instruct millions of men, women and children on the Importance for which they were created in the human life.

So many Gifts are given to individuals, that give to human life not just responsibilities, but abilities to be productive in different fields. Some could be called ‘very artistic’, some could be called ‘unusual in their concept’, but productive in their productivity.

All generations of human life have learned about The Father’s Will. Many ignored what a Gift it was to learn these things, and many who practice following what was morally sound, failed to remember that at one time they would be totally responsible for everything they spoke, they did, or they were involved in.

I hold *the little one* tightly, because the Power that is used is different than

the human minds of human life can perceive It to be. It is first, a Power Blessed by The Holy Trinity, then the Power is used to repeat the Words The Father Wills thousands and thousands and thousands times thousands, to be able to more fully understand what a Precious Gift human life is to man.

Children, in many ways, are being neglected in learning that their birth had a Purpose and a Goal, and that they have within them a Gift of The Father's Love that nothing else living is the custodian of. It is called 'the Soul'.

Throughout the world so much envy is placed on those who are successful, by those who are not. It is sad for Me to say that everyone born the human way has an innate ability to strive for the Highest Goal possible, and that is 'Sainthood for their Soul'.

When certain individuals have what they call 'Visions of different Saints', the Saint appears most times in a human form, but as We All speak through this *little one* for the Gift of Divine Love to be seen in Words, learned through the Words, regarding the Importance of human life, it is *the*

little one's body that takes the toll of This Power that is not ordinary in concept, degree, or understanding in the human way.

Children are not learning the importance of prayer, and yet they are being instructed on how important it is to communicate with other human beings. There is an unknown strength in prayer, because in the communication the individual is Blessed with loving care.

Thousands of pages could be written on the importance of what a human being of any age talks about, thinks about, or practices in the human way. This Gift that instructs on so many facets of human life, must be seen for the value of It, the purpose of It, the importance of It, and that It is to everyone who reads the Words, follows What the Words direct them to follow, will gain much strength morally, mentally, psychologically and physically. Perhaps they will not be aware of it through their human mentality or senses, but I assure you it is definitely there.

I will close My Words with a small prayer; hopefully it will be said at different times:

Heavenly Father, Heavenly Mother, give me the strength to love You in and to the degree that will help me become 'a Saint'."

OCTOBER 8, 2002 AT 12:43 P.M.

SEVERAL SAINTS

“There are Several of Us present at this time. *The little one* We use to speak Our Words so They can be heard and put into script, is available every moment of every day, because of Our Presence being so obvious to her, in her human way.

The Father, in His Divine Love for the Creation of human life, has given at This Time, a Blessing beyond what the human mind can perceive It to be.

When an individual prays, the individual sometimes speaks openly, but many, many times just through the mind, knowing that what is being thought is also being heard by The Divine. This last Statement is of great importance, because the average man, woman or child does not realize that every thought an individual has, it is also heard by The Divine.

Now, when I use the word ‘Divine’, I mean the individual’s Soul, and any Presence of a Saint at that time. Human beings do not under-

stand that the Creation of human life was and is far greater than the human mind can perceive it to be. Every thought, word, deed, action, registers in one's Soul, or Any Saints Who might be present at that particular time.

These Statements, to some when they read Them, will be difficult to comprehend such a close communication human life has to The Divine. A bad thought is a sadness; a good thought can be happiness or productivity in some form. That is why it is so important that human beings of all ages more fully understand that they have a continuous closeness to The Divine, because of the Soul they are the custodian of from the moment of their conception. Granted, certain words are used for the human mind of individuals to understand certain facts, but I must say, in reality, the facts given in the human wording are not as great in reality as what is really happening at any time.

The Father designed human life to speak, to think, to have feelings, to have interests, and of course, many other things, but the real Connecting Link between the human being and The Divine is indescribable to the human

mind in Its full measure of closeness, compatibility, understanding.

All I have spoken is to help those who read These Words to more fully comprehend what a privilege it is to be born as a human being, because there is a Goal for the Soul that is not comprehensible to the human mind, but It exists, and is in many ways That Part of each human life that will be Judged by The Creator at a given time, and all things will be remembered by The Creator regarding what occurred, the circumstances, and how the individual responded morally, purely, for the Soul they are the custodian of, that was implanted at their conception at another time.

As I close My Words, I beseech you to always remember: You are never alone; you are always accompanied by your Soul, and many times the Soul is accompanied by The Saints.”

OCTOBER 9, 2002 AT 12:26 P.M.

SAINT AGNES

“I am Saint Agnes. Whenever My Name is used, there is always a statement made by someone present regarding the age they know Me to have been.

The world, at this point, has been given the Greatest Miracle since the Time that The Son of God walked the earth. Some may say, ‘How can that be?’ The logic in All that has been delivered by The Heavenly King, by The Son of The Father, and so Many Saints, in delivering What They feel is needed by millions of men, women and children, to encourage all ages, all mentalities, to more fully understand that there is a Heavenly Creator, different than man, and that human life was created for a Goal.

We hear some individuals use the word ‘goal’ in a rather abusive way. If you think about this, in all of human life there is an innate goal of some sort, for some reason, some kind, for some purpose, so the word ‘goal’ is an important factor in human life.

Naturally, The Father gives this Goal to all of human life, but it is to return to Him a Portion that He placed within them, a Portion of Himself, called 'the Soul'.

So many times individuals, in discussing The Divine, make many errors in their interpretation of what The Divine is truly like, or all about. Many times it is minimized to a human standard of life, because some say: 'Why not? Do not forget, Several of Them, Important Ones, walked the earth as man.' What is lost here is that The Father, in His Love for human life, gave many Stories for men, women and children to be able to associate the closeness that every living human being has to The Divine: The Heavenly Father, The Heavenly Mother, The Heavenly Son, and of course, All The Saints.

My next Statement is sad. At this time in which you live, there is little understanding of the Importance of human life, What it was created for, because in so much intervention of the enemy of The Creator and human life, many human beings have resisted the Importance of the Soul that they are the custodian of, that is to return

to The Father and be named ‘a Saint’. Sainthood should be the Goal, because the Soul will bear the name of the one in whom It was placed at a given time.

The Blessings for human life are multiple. There are so many Gifts, helping all of human life use their logic, their mentality, and all the abilities physically, mentally, socially. The list is endless, because all of these things affect the Souls of the individuals born the human way.

Human life is a Gift of Divine Love, above and beyond all other living matter or things, because it has a Goal, a Future, and that is to return to The Creator, bearing the name that It was given when It walked the human way; but The Creator, in His Love for human life, automatically adds the Word ‘Saint’.

Hours could be spoken on this Gift of human life, because it is a Gift that is to be returned to The Creator. There is nothing else created that has this privilege. Remember this.”

OCTOBER 10, 2002 AT 12:02 P.M.

GOD THE FATHER

“The little one I use is in a ‘Preparation’ that is and will be difficult for her to endure, because of so many other circumstances, obligations that are necessary, due to the fact that This Gift of My Divine Love must save Souls, close to here and in faraway places.

All that has thus far been delivered must spread more rapidly to all natures and Spiritual understandings of millions of human beings who, at this time, automatically ignore The Divine. So much humanism takes precedence over any understanding regarding why I created human life, What I have instilled in it, and the Goal that I have prepared for it through That Portion of every living human being, the Soul.

I hear so many say, ‘I cannot see my Soul.’ That perhaps is true in the physical eye, but the Soul is obviously present through one’s innate understanding of what is moral, what is immoral, what is pure, what is impure,

what is just, what is unjust, what is logical, what is illogical.

As I close My Words, I want all mankind to read These Words. Some will believe, many won't, but they cannot say I did not, through print, give them My Will for them, because of That Portion of them that is a Portion of Me, their Soul."

OCTOBER 10, 2002 AT 1:03 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

We All smile when this *little one* senses Our Presence, and she is with others. She oftentimes pleads for Us not to speak. This, of course, must be Our choice at different times.

The world has been Blessed abundantly, in many ways, through the Faith of thousands of individual men, women and children. When I say ‘Faith’, I mean Faith in The Divine, Faith in the Importance of life, and Faith in the Goal that human life is gifted with.

As I speak now, there are millions of human beings, all ages, all backgrounds, all with different interests in how they act each day. Some ignore respect for others who feel the importance of prayer. Others use prayer to give themselves strength.

Children throughout the world need This Miracle, because through This Gift of Divine Love there are so many things spoken regarding the

validity of the Existence of The Divine. It would be shocking to many people if they were present at some of the ugliness that is occurring throughout the world, based on not just immorality but demonic pleasures.

Prayer should be spoken every day, asking The Father to bless one's way of life, and help should be requested that a Saint will come if temptation arises, and the Saint will help the individual resist the sinfulness that could occur in times of weakness.

The world must hear of All that has been delivered thus far through This Gift of Divine Love, but It must also be spread through the written Words, because it is easy for the human way to forget what they hear, especially if it is meant for them to change their manner of life for a better way.

All of The Saints Here in the Heavens request The Father many times for permission to speak through This Gift of Divine Love, because The Saints All understand that the Souls of millions of human beings need help, because the ones in whom They

were placed do not see purity, but see pleasure in the enemy's way.

As I close These Words, I will ask you again to accept your responsibility, your strength, your morals, to be the example, and to never resist giving the correct advice where you know it is needed, because of the Souls that are being abused by so many things, in so many ways.

In closing I say, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

OCTOBER 11, 2002 AT 12:49 P.M.

SAINT IGNATIUS LOYOLA

“I will hold *the little one* tightly, because at this time her strength to receive such a Power as We All are, has used *the little one’s* physical to a greater degree than it shows to others.

A Blessing of This Magnitude takes insurmountable strength on what We would call ‘*the victim of the receiver*’ that is chosen for such a tremendously Important Task. So much is taken for granted by all those who do not endure what the physical must endure through *the one*, by *the one who is the receiver* of What The Father Wills millions of other human beings to learn about, because of the Importance of human life, and the Soul that every human being is the custodian of.

When two or more individuals speak, the sound of the voices who speak make the listening easier on those who listen, but in a Gift of This Dimension, that is to prepare people of all ages, backgrounds, intellects

and Spiritual understanding, *the one chosen* to speak The Father's Will, Way, Words, takes much more strength than those who hear the Words understand it to be.

I speak differently, I know, but I come on this day to help those present and those who will read the Words, to better understand that the Power used through a Gift of This Kind, This Dimension, This Purpose, takes a toll indescribable to man, but nonetheless, it occurs.

The Father, in His Love for human life, oftentimes must use 'a Victim Soul', but the body also tends to be a major factor in the necessity to be able to speak Our Words.

At this time, throughout the world there is so much diabolical acceptance, because it is given in such a light manner so it will be more attractive to participate in and ignore the importance of it.

I hold *the little one* tightly because I have more to say.

This Gift The Father has given to the world must be scattered, spread almost relentlessly, because It is needed

for the Souls of millions of human beings. It is important that the Words thus far given and Those yet to come, be seen by millions of all ages, because there is no place as 'this place' is, and there are no important things being spoken that can give the strength, the purpose, the reasonability that reading All that is delivered here is giving to the minds and the morality, and the learning of the True Existence of a Divine Creator.

All of Us could speak hours, but there is no way this *little body* could stand the weight of Our Presence. Some might say, 'Then why do You not use many bodies?' This, of course, is a humanistic version of the strength needed for a Task so close to The Creator.

I come on this day to remind all of human life that to be born the human way is a Gift beyond what any human mind perceives it to be.

All that has thus far been delivered must move more rapidly and in more directions than some think it possible to be.

I could speak hours, but *the small body* We use could not stand the Power,

when What We Will others to know, the body, do not forget, is human, and We speak from the Heavenly Realm Where Strength is different and more Complete.

I will close My Words with a Blessing, because your time, though it is important to you, you must remember that it is important to The Father, because of the Souls that need to have those in whom They were placed at the moment of conception, to realize that human life is gifted with a Magnificent Goal, and that is to return to The Creator, That Portion of it, the Soul.”

OCTOBER 14, 2002 AT 12:28 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

There are many heresies active today in this time in which you live. Heresies are detrimental to the mentality, even the physical, let alone to the Spiritual.

Ignoring what is obviously wrong does not aid or help or cure the situation. Ignoring it only allows it to develop to a monstrosity of being wrong for the good of millions of Souls. The Souls are victims of the human beings They are part of.

Something the human mind rarely understands, if ever, is that the Soul many times tries to encourage the right over the wrong in a simple form, but so many individuals ignore what they feel is a thought, and thus deny what they truly, innately feel is how they should respond morally, physically, emotionally, sensitively, openly, not questioning the possibility that what they are enticed to do is what they should do.

The word ‘entice’ is used in many ways humanly, but most sins are encouraged by enticement, giving interest to what is wrong, so because enticement is important to the mentality of human life, sometimes for something important to be practiced or realized, enticement is used to encourage an individual to think several ways on what they are about to decide to do.

Human life has so many Gifts, too many to count. The mentality of human life is in so many ways, the promoter for the individual to value the mentality, because it registers what is advisable over what is unadvisable.

I know I speak differently, but Many of Us Here in the Heavens try different methods in What We speak, because what will draw one’s attention to an important subject, may not be attractive or draw attention to the full meaning of the subject to someone else.

As I close My Words, I plead with those who take the Words and those who will read Them, to think clearly, because you are aware of what is moral over what is immoral, good over evil.

Hesitate sometimes before you speak or accept.

I'll close My Words now, because My time with you is important for your Souls, and perhaps the Souls of all you communicate with every day of your life, but I also close with a Blessing, hopefully to give you the strength to see how Important it is to be a human being, and that as a human being you have responsibilities in every area of life."

OCTOBER 15, 2002 AT 12:27 P.M.

SAINT MATTHIAS

“I am Saint Matthias.

In Gifts such as This Miracle of Divine Love, is not common to be a part of, but it is important that This Gift of Divine Love wherein so much is being delivered, instructing, encouraging, and basically alerting all ages of human life to more fully understand what a Precious Gift human life is to man.

It is sad for Me to say thousands and thousands and thousands of human beings ignore what a Gift being born the human way has for a Future Way, a Future Life, because men, women and children dwell so much on humanistic advantages, values, occurrences, they ignore that human life has a Future through a Portion of it that is also Part of The Divine. It is called ‘the Soul’.

Logic should tell all degrees of intellect that in instilling a Gift of this Magnitude, The Father could have given It a Name difficult to say, but He gave It a Name even children could

remember, because of the Importance of It.

The world has been Blessed, human life has been Blessed, all degrees of mentality have been Blessed, and those who are yet to be born will be the recipients of the Blessing that is occurring at This Time, because This Gift will be remembered through Its scriptful Writings on so Many Saints participating in instructing in a natural format, natural understanding, logical meaning, that The Father Blessed human life with so much Information put in a manner easy to understand, and a privilege to learn how close human life is to The Divine, and that there is a Goal for human life in which the Soul will represent the individual in a very personal way.

I will not speak long, but I want My Words to travel, because it is important that human beings of all backgrounds, all degrees of learning, understand that to be born in the human way is a Gift of Divine Plan.”

OCTOBER 16, 2002 AT 12:34 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

So few men, women and children truly, fully understand what a privilege it is to be born as man. It is a Blessing beyond what the human mind can perceive it to be, because human life has a Goal that nothing else created has the ability to achieve.

So many children are not being instructed on purities that are necessary, to more fully understand the purities that are necessary to avoid many ugly sins when they become adults at a later date in time.

We hear so many excuses, but the excuses do not fulfill the obligations that the older individuals automatically have, because of what they understand in so many ways, and so many things of importance to the body, to the mind, and the Soul. We hear so many say, ‘I will tell the child when he or she is older.’ It could be too late because, do not forget, habits are formed, acceptances are automatic, and the reality is not indelibly sealed

on the fact that one day they will have to atone for the wrong, the impurities that they are accountable for, even in the slightest manner, way, degree.

I will close My Words, because I could speak endlessly on this subject. It has so many important Facts that should be seen, understood, and valued for what they do to one's Soul. The Soul is ignored totally by most individuals, because they cannot see It, they cannot feel It. They are only going on the fact that they are told that they have within them a Portion of The Creator, making human life different than any other creation, and also, responsible for That Portion within them, called 'the Soul'.

I will close My Words now, but with a Deep Mother's Love, I beseech those who read These Words to speak on the subjects that are important for the Soul that has no control over Itself. It is always subjected to an individual's nature, personality, character, habits, abilities. The list is endless.

As I close, I say, 'Remember, every human being born is responsible for a Portion of themselves they cannot see, they cannot feel, but they know

through their intellect, that there has to be a Goal more important than any goal in the human way of life.”

OCTOBER 17, 2002 AT 1:00 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

We announce Ourselves for many reasons. Some of these reasons are to help you understand that Many Who walked the way of the human way were privileged to become ‘Saints’.

So many individuals do not understand how Generous The Father is to human life, giving to human life a Goal beyond what the human mind could even pretend.

Today as I speak, it is sad that My Words cannot reach thousands or millions of all ages. It is sad that important Words put into script are held back, because those who have These Words do not share Them, for some reason or other do not feel that the Words would be of such great importance that they should take the time to reveal Them to many, many other human beings, even sometimes, clerically-oriented individuals who have great responsibilities in instructing others of what is important for others to know, giving them help morally,

mentally, spiritually, and also, to remind them that they have a Soul, a Portion of The Creator within them that is to be returned, bearing the name of the one that was chosen for It at a given time in the world.

So much is being instructed on awakening the human minds through Script, regarding the Importance of human life, and though the body can no longer be active or a participant, the Soul takes over, and in representing the one in whom It was placed, becomes active in areas too difficult for the human mind to understand, too great for the human mind of others to understand. So as you face each day, and participate in many things that are necessities, or other things that are just comfortable for your human nature, Everything you remember and put into script will help someone else; but also, your Soul, when It comes in contact with the other Souls, It will represent all you were, all you did, and how you were.

I could speak hours on end over the Importance of human life, and the privilege it is. Sometimes even those who spend many hours on Spiritual understanding become remiss when

their actions speak to others, because they forget the importance of morality, but also, how The Father wants them to represent goodness, decency, and all that is important morally, because of the Soul that is the recipient.

I will close My Words. There is so much on this subject, because all those who live in the human way do not realize their physical was given out of Divine Love, but along with the Divine Love, each human being is the custodian of a Portion of The Creator that is a Gift beyond what the human mentality or understanding can ever perceive It to be.

I beseech you, remember this.”

OCTOBER 18, 2002 AT 12:05 P.M.

GOD THE FATHER

“The little one I use is in a ‘Preparation’ far greater than she realizes. There are many obstacles awaiting her because of the lack of sincere understanding of so many thousands of men, women and children, who find it difficult to believe I would choose a human body, a human mind, to represent All I Want and Will for mankind of all degrees of intellect, all backgrounds, all ages, to be able to spread The Will that is Important for all human life.

My Will is Far Greater than any human mind can perceive It to be, for do not forget, I created All things, and through this creation I implanted the ability, or I should say abilities, to handle all degrees of human actions, thinking, and understanding What I Will for human life to accept personally.

As I close My Words, I want the world to know of This Gift I have given for the Souls, not just here where the Words are delivered, but Those

throughout the world Who need What I have to say, and What I Will the ones in whom They were placed to follow accordingly.

As I close with Great Love for this Creation of Mine, I close with a Blessing from The Divine.”

OCTOBER 18, 2002 AT 1:30 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

You live in a time wherein much courage is necessary, because of there being so many individuals practicing diabolical actions, in ways that would be difficult for you to perceive any human being acting in this way, this manner, even if they were not this type to understand that they possessed a Portion of The Creator, the Soul.

Throughout the world there is so little being instructed on the Importance of human life at all ages, because in many ways, many cases, those who have accepted the role of being the leaders, oftentimes neglect what is morally sound, pure, just, and appease only the humanistic values of those with whom they speak.

Immorality is prevalent throughout the world, and this word means nothing to all age groups. The common response is, ‘We live in a different time, we live in a modern world.’ When you speak of ‘modern’, it is a word attributable to inventions

of all degrees, not the Souls of human beings. The Souls are The Father's Love for human life. It is That Portion of human life that is to be returned to Him. The Soul is never seen by the human eye, because the Soul is not this type of entity.

I could speak hours and hours and hours on the Importance of the privilege it is to be born a human being, the privilege it is to have The Rules, The Commandments of The Creator as Guidelines; also, that innate understanding that each human being is born with, and that is called 'morality'. Purity of the mind is often victimized by what an individual hears that is so impure.

I beseech all who read My Words, and All the Other Words that have been delivered, look to the purity in how you enjoy things to be, how you want them to be, how you see the justifiable logic in purity. If you think this about what you eat, then why would you not think about this in your actions, and how you treat all subject matter?

Much is passed through This Miracle of Divine Love. Perhaps the Type of Love is not understandable to

some, but It is a Divine Love, Greater than human love, and Divine Love is What will make the Decision on the Soul at another time. The Father wants all Souls returned to Him, Pure.

This Gift of Divine Love is far beyond what any human mind can fully perceive It to be, but It is a Love that will live Forever and ever and ever. I beseech you to remember this.

Our Words are so simple, but Our Love truly Divine, because once you truly feel The Father's Will is your responsibility, you will find courage, hope, and you will desire to please Him above and beyond any doubt you could possibly have regarding other situations that you are given to make in the human way.

As I close My Words, I want all who read These Words to remember: The Father has given to the world a *Channel of His Love*, using all different Words appealing to all degrees of background, knowledge, hope, understanding, and yes, the ability to love Something that is going to one day give happiness that nothing earthly has the ability, in any way."

OCTOBER 22, 2002 AT 12:23 P.M.

“Today is a very important day. Tomorrow will be important, because as you live in the human life, you have the privilege every day to be in close connection to The Creator of All Things.

Divine Love is not always recognized, but Divine Love, as The Creator of All Things, is always present. I speak this way, because of the importance in the tasks that you have accepted as a way of life for you, as being important for the Souls of thousands and thousands and thousands of other human beings.

Your Soul is very cognizant of how you think, how you do things, what your intentions are, and what you strive to be productive in, helping others more fully understand what a Precious Gift human life is to man.

As We speak through This Gift of Divine Love, those who put Our Words into script do not always realize the importance of what they are doing, or the time they are giving for the Souls

of millions of human beings that have yet the time to read All the important Messages of Direction, Concern and Divine Love, that automatically concentrate on the Soul that no human individual can see, but Its Presence is constantly there.

The awareness of the Soul is in your ability to know what is pure over what is impure, regarding your body, your mind, and how you deal with things; also, the Soul, as the Connecting Link to The Creator, wants you to be obedient to The Father's Will through The Commandments that were given, but you must remember, the conciseness in The Commandments must be seen in a more lengthy manner, in how They were given on more issues than Their conciseness lets you believe.

I will close My Words at this time, but I thank The Father for allowing Me to speak, because All of Heaven loves This Miracle in which The Father has allowed so much to be spoken, giving more understanding to millions of human beings on the Purpose for which human life was created, and The Father's Will to have the Soul, That Portion of human life to be returned

to Him in thanksgiving for the Gift of life at another time.”

OCTOBER 22, 2002 AT 12:56 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Since The Father has Blessed the world with the Knowledge, Understanding, that He put upon the earth, at a Given Time, a Portion of Himself called ‘The Son to The Father’, in one way, this was to address a very important subject to all of mankind, and that was that ‘family life’ was what He Willed human life to be named, so the birth of a child would have a heritage to remember, and to be remembered by.

So many important Statements are taken for granted, thus not realizing the purpose behind Them, the reason for Them, and The Father’s Love in Them.

Innately, a birthday to an individual is important, because it gives a point of time that is important for the rest of their life, and to those who are close to them. There are many other important days, but I will speak only on the birth of human life and the Birth of The Son of The Creator.

So much happiness surrounds these times, so much love that is not displayed on other issues, other important situations.

I am speaking this way today to remind human beings of all ages, that the Plan for human life, The Father shows it, and showed it in many loving ways.

As I close My Words, I beseech you to look at This Gift of Divine Love in which, and through which, so much has been given to help human beings of all backgrounds, the Importance of being a human being, and the importance of that Gift to human life, the mentality.

I will close now with a Mother's Love, because there is so much more to be spoken about, but each subject has an in-depth importance to it, thus showing the Importance of human life that most individuals take for granted."

OCTOBER 23, 2002 AT 1:10 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father, in His Love for men, women and children, has given to the world a Gift, allowing so much to be spoken on the Importance of human life and the Goal He has for it. Without a Goal there would be no reason to follow certain rules, ideas. There would be no purpose to having talents, or having a mind, a mentality that was able to think many subjects, sometimes almost at the same time.

Throughout the world, it is rare that We hear men, women or children discussing how they feel about being born, and the Goal that they learned about for the Soul that each one is the custodian of. So little is spoken by so-called ‘learned’ people of all ages when they are instructing on what human life is all about, what is important to human life, and the necessity for every human being to understand that a Portion within them has a Goal.

Oftentimes, when We hear all ages, men, women and children, discuss

what they want to achieve, We find Ourselves whispering, 'Do not forget your Soul.' True, they do not hear Us, but by Our saying the Words, We hope that their mentality will pick up the thought, and urge them to be reminded regarding That Portion of them that The Father Wills them to return, and be called 'a Saint'.

As I speak These Words, and I know that some who will read Them will find it difficult to believe What I have just spoken, but I assure you, human life is gifted with so many things, so many abilities, and is the 'only living thing' created that has a Soul for the Future, such as one day returning to The Father and being a Saint.

I could speak hours on the Love that passes through and is delivered in All that is put into script, for human beings of all ages to awaken to the fact that it is important to live according to The Commandments that were given, and to always remember: though you are born in the human way, you have a Portion of The Creator that will be returned to Him according to how you lived. Do not forget, hopefully It will be 'a Saint'.

Ignore those who read These Words and find Them difficult to understand, because so many times even the most intelligent human being cannot fathom Divine Plan.”

OCTOBER 24, 2002 AT 12:24 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. There are Several of Us present at this time. We All smile, because We have interrupted a get-together of several individuals who, in service to God, eagerly take Our Words as We request Them to be done.

The whole world has been Blessed by This Gift of The Father’s Love, wherein so much Instruction, Information is being delivered regarding the Importance of human life, because of it having the Gift of a Portion of The Creator, plus the ability to understand so much on different subjects that give strength, hope, regarding the Fact that human beings are created with a Portion of The Creator, called ‘the Soul’.

I know My Words are lengthy at this time, but it is important for All These Things to be repeated in different ways, so that more and more and more individuals will have access to Them, and perhaps be able to more fully understand one presentation

over the other presentation of the importance of the subject matter.

Throughout the world there are millions of men, women and children who need All that has thus far been delivered. Granted, It will have to be put into a language of their knowledge, their way of living, their backgrounds, but The Father Wills them to know about This Particular Gift of His Divine Love, because of the Importance of the human beings' Souls.

There has been so much delivered, instructing on the closeness human life has to The Divine Will, bearing That Portion of The Creator, the Soul.

I could speak hours on this subject, but as I close My Words at this time, I want you to know, What you take part in, in repeating the Words that are delivered by Some One of Us, you are working for The Creator in a greater degree, and you are earning Grace in service to Him for All Eternity.”

OCTOBER 25, 2002 AT 1:00 P.M.

MANY SAINTS

“There are Many of Us present, even when We do not announce to *the little one, the instrument* that The Father uses for so much to be delivered to the whole world of human life.

As I speak to you now, there are thousands and thousands and thousands of children that are being neglected in many ways; first, in the morals of how they live, and in the kindness that they should be instructed in, how to use it in all areas of life. So little attention is being stressed on what would make human life happier in many areas of it.

Some might ask why I would open My Words with what I have just spoken. It is important, all the mannerisms of human life, how they use their association with other human beings, and of course, their intentions in all their communications with those close to them, and with those who are just friends.

Throughout the world, each generation, each background has

different modes of life, different ideas on how they will things to be handled, or to be accomplished.

Through This Gift of Divine Love there has been so much Instruction, in general terms, on the importance of mankind's Association with The Creator, and ability to perceive what is important to be followed, not just according to The Commandments, but to the personal moral issues that human beings are faced with every day. Even the children are faced with moral issues; oftentimes immorality seems to be the acceptable association.

To put into print the amount of Words that have been spoken through This Gift of Divine Love, would be impossible to capture in its correct degree of instruction, and also, in conversation that would be enlightening to the minds of more than one, regarding the importance of how they live, and of course, the Importance of the Soul they have, and the Souls that can become the victim of the wrong kind of speech, due to the fact that association with others very often can be immoral, indecent, impure, and be harmful to the Souls of those involved.

Let Me give you an example. You have something materialistic that you treasure. It is worth very much to you, either because of who gave it to you, or what it would cost monetarily to replace. Do you not protect these things quickly, and oftentimes without caring what the other individual or individuals think?

The Greatest Gift human life has is the Soul, That Portion within human life that is a Portion of The Creator of All Things. There is nothing that should be protected as much as, as often as, your Soul.

As I speak differently today, it is hopefully to awaken the minds to the difference between materialistic values and Divine Love. Also, it is important that all ages of human life remember that they have the privilege, the opportunity to communicate with The Divine every moment of every day. There are no special times that The Father is not waiting for someone to speak, someone to pray.”

OCTOBER 27, 2002 AT 1:48 P.M.

GOD THE FATHER

“Today is a very important day, a day that you will always remember, because I am speaking to you in a very open way.

Most may not believe if you tell them that I use *one small body, one voice*, for thousands and thousands of Words, to give to all of human life My Will and What I Will them to do, because I have a Portion of Me within them. It is called ‘the Soul’.

Thus far I have allowed several million Words to be delivered through *one small voice, small body*, but one who knows, when I speak or Any Saint Here speaks, it is Important for millions of Souls.

Today is a day of great importance because there are some present who I want to know that within them, That Portion of Me, the Soul, is a Gift of My Divine Love, and must be cared for against all that is immoral, impure, unjust.

The Soul each human being is born with is gifted with so much Love, Divine in every way, and must never be forgotten that It is present every moment of every day.

As I close My Words I bless you, and I beseech you to communicate with Me through your own voice, your own mentality, and always remember, you have a Portion of Me within you that is constantly with Me every moment of every day.”

OCTOBER 28, 2002 AT 12:10 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. The Father requested I speak on this day, because of the Importance of so many Souls that are being led astray.

There is so much indifference to what is morally sound, correct, proper, right, that the human mind does not understand that they are the custodian of Divine Plan, that each human being born bears a Portion of The Creator. It is called ‘the Soul’.

So much has been delivered regarding this Entity of human life that is so Important for the Future of human life. Most human beings do not see that human life has a Future to look forward to, because of The Father’s Divine Love for this Creation of His. Human life, with all its Gifts, the Gift of speech, the Gift of sight, the Gift of understanding, the Gift of using the mentality in very great ways, helping human life to more fully understand that The Father, in His Love for this Creation of His, endowed human life with abilities that nothing else has.

I could speak hours and hours and hours on this subject regarding the Importance of human life, the Gifts that are given to it, to help human life make What The Father places within it, 'a Saint'.

Today as I speak, I speak with deep Love for human life, because do not forget, I, too, lived in that way for a Purpose that is still spoken about in your time, because The Father Willed My life to be responsible and example. He also created all who read These Words, to remember that they, too, were created for the same reason."

OCTOBER 29, 2002 AT 12:25 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

The Father, in His Love for human life, has allowed This Gift of His Divine Love to be available to all ages of human beings at this time. The privilege to human life is beyond what the human mentality can perceive it to be.

All that has thus far been delivered by so Many Here in the Heavens, is to spread to other places, even those far away. Do not worry about translation, because those who believe will find a way for the Words to mean something to them, the right way.

Throughout the world children are not being instructed properly, or are they being instructed on the Importance of the Goal The Father has set for the Souls of all human life. Why it is difficult for some individuals to not believe that there is a Goal to human life is based on irresponsibility, because logic says all the things that human life is capable of doing, of

understanding, of practicing openly, says human life has a Goal to reach beyond the human way. This very fact gives courage, strength, direction, and hope.

Today is an important day in every human being's life. It is not necessary for all to belong or believe in what others call 'a formal understanding' of The Creator of All Things. Logic tells the intellect the importance of things, the necessity for many things to be accomplished and accepted, on and in terms different than human habits practice.

I will close My Words, but before I do, never let a day go by that you do not thank The Creator for allowing you to be born the human way. The Gift of life in this manner is greater than the human mind can perceive it to be, because oftentimes the human mind rejects reality.

As I close My Words with you who take Them and who will read Them, I say, 'Let no day pass that you do not ask The Father, The Creator of All Things, for a Blessing to give you the strength to obey The Commandments, and also, to remind you to pray not just

for favors, but in thanksgiving for the Gift of life, and the Goal that awaits it another day.’”

OCTOBER 30, 2002 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are Many of Us gathered, because of the importance of What is to be spoken at this time.

It is important that the Story of Christ The King spreads throughout the world, but also the History behind this Special Event must be seen, described and spoken about in a manner of dignity, sincerity, giving to The Father, The Heavenly King, the Importance of how so much through Bible History was passed through, by Him, so that human life would have a fuller understanding of the background for which human life was created. Even though many historical novels have been put into script, so much has not been put into script, because those present at that time felt they should speak in a more up-to-date time, for those who would be reading the words at a later time.

The beginning of human life, in many ways is a mystery. Every time it is spoken about in print, there are many

facets of it that are missed, because down through time, or I should say, up through time, individuals eliminated many of the facts in order to keep the subject matter shorter and more factual, in the manner they understood such a Gift of Divine Love to be.

The world has been Blessed through This Gift of The Father's Love wherein so much is spoken about and described, helping men, women and children understand more logically, the Importance of Divine Love in the human plan.

I could speak hours on this subject, because there are so many facts of great interest for individuals to more fully understand that human life is definitely a Gift of Divine Plan, and human life has a Purpose, a Goal, according to The Father's Will for the Souls that are to be returned to Him in a Pure State, to live once again Where He is.

So many individuals find it difficult to believe they have a Portion of The Creator within them. This small lack of acceptance oftentimes causes them to cling more to a humanistic

evaluation, ignoring the Importance of Divine Intervention.

As I close My Words, I beseech those who take Them, those who will read Them, to accept the responsibility of sharing Them with thousands of other human beings who need to know the Beauty of Divine Love, and how much It is connected through one Soul, to their way of life in the human form.”

OCTOBER 31, 2002 AT 12:35 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Blessings come in many ways, for many reasons, at many times. They are not always recognized because of the quiet manner in which they are given to individuals who deserve them, and who oftentimes do not recognize the Gift in the magnitude it is.

Human nature has a way of dismissing many things, ignoring many things, or making excuses for many things, even when the conditions surrounding something very important are obvious that the situation is unusual, and beneficial to the individual’s way of living.

So many times The Saints, Many of Them, will attract an individual’s attention, helping the one that They attract to be aware that, at that time, they can receive an important issue, understanding, or valuable idea that will lead them to more fully comprehend Divine Love in Divine Plan.

I speak differently today, because there has been and there is so much delivered, giving to all ages of human life important Directions, and yes, helping individuals to more fully understand that they have a close Association with The Divine, and it is important for their mental, moral and physical in many ways, for the present time, and for the Future Time.

As I speak differently on this day, it is to alert the personalities, the natures, the character of men, women and children who take so much that they experience for granted, saying, 'Well, that's life,' thus ignoring important issues being pointed out for them to more fully understand that human life is oftentimes allowed, favored, to have something occur that will make them think in a different vein of topic, of reason, of goal.

In the human way it is innate for men, women and children of all ages to recognize the probability, possibility of reaching a goal that will help them mentally, socially, physically, monetarily. So much time is wasted when all ages of human life ignore how they think, what they think, that

causes them to think in a different manner, way, than they usually think.

My Words are different, I know, but My Desire — to alert all ages of human life to be aware of all they feel, they see, they partake in, or they think. It could mean a great deal to their Soul.”

NOVEMBER 1, 2002 AT 1:17 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father has Blessed all of human life with so many Beautiful Words of Value, to not just the Soul of an individual, but to the mentality, the ability to understand the Importance of human life, why it was created, and the Goal for which it was created.

Though it is difficult for many individuals to understand the concept of there being a Heaven, Hell and Purgatory, logic should tell them that in their daily life they see things in many ways, and there are many degrees of value to what they think, do and say.

When a child cries, it has a reason. When an adult cries, it is usually a very important reason. All of The Saints Here in the Heavens see tears every day, because of circumstances that so many human beings are victims of, but also, the tears many times are because of the harm or the hurt that others are receiving in a very definite way.

Throughout the world, human life reigns in many degrees of acceptance to what is right over what is wrong, what is logical over what is illogical. Most times decisions are made because of the backgrounds of how they were raised, what they are accustomed to. In the early years of learning, children perceive instructions much more indepthly than they are understood to receive them, because of the sensitivity in their young brains, their senses, and their need for kindness to be spoken, giving them help, hope and security.

As I close These Words, I close Them with much Love for those who speak in honesty and Spiritual understanding, because others who hear Them are not just attracted to Them, but feel the security of the strength in the Wording. There are millions of Words yet to be spoken, to be put into script. The Father's Love for human life is above what the human mind can perceive It to be.

Many Saints bless you, and you are not aware of it, but each time you perform a kind act, speak a kind word, or request hope for someone else, The Father's Love for you generates within you the strength to continue

to care for others, because there is so much need throughout the world for human beings to see the importance of sensitivity that other human beings deeply need.

My Blessing comes with a degree of thanks for your willingness to accept All that has thus far been delivered, and that you, in your way, transmit to others, giving them hope that nothing else could, giving them strength mentally, physically, spiritually. I add a small Note to this: All prayers are heard. Remember this.”

NOVEMBER 5, 2002 AT 11:50 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

You live in a time in which immorality would be described in such an extensive practice, that you possibly might die of shock if you were to see all that is occurring in the way of humanity. Children are being misled by what is claimed to be ‘normal, natural, human and acceptable’.

The Father has given to the world a Gift Greater than the human mind can perceive It to be. The Miracle not only instructs, but directs, and is complete in understanding.

Children are being ignored, not being instructed on behavior that is necessary to guide them to Sainthood. The word ‘Sainthood’ is dismissed. It is no longer the Goal human beings strive for. It is called ‘a thing of the past’.

Life, in many ways, if you were to see it from The Father’s Point of View, is an abomination for what He created it for. The mentality of human

life knows that they are following the wrong path of what is morally correct, sound, and The Father's Will.

I could speak hours on all that is needed for human beings of all ages to correct their way of life and to recognize their wrong behavioral pattern. More prayer is needed, more honesty, more truthfulness, more respect, and definitely more understanding of the Importance of human life, why it was created, and the Divine Love that awaits it at a given time.

The Father, in His Love for His Gift of life, has given a period of time, during in which you live, to make so many important Statements, encouraging all of human life to see the Importance of it and that it has a Goal of Greatness. It would be foolish for a human being to not see that The Father, in creating human life, would not have a Goal for it, to return to Him in a State of Purity.

The sins of Adam and Eve all were told about, because they, too, were expected to be pure, but in the announcement of their sin, and that The Father Wills a Blessing to be made to erase it from an infant, or even

older ages, should be understood as a Gift of Divine Love, Hope and Will.

I will close My Words now, but there is much to be remembered by those who take the Words and those who read the Words, because the Soul is an Important Part of each human life and must be remembered as This, not just a Portion that is not accountable.”

NOVEMBER 5, 2002 AT 1:04 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile when The Father requests Words to be given, understandable to the human mind and the human way of life.

Through This Gift of Divine Love, The Father has requested so Many Saints Here in the Heavens to speak with Sound Direction, giving Hope and more ability to understand that the Gift of human life has a Goal, but a Purpose to give to human life the responsibilities that are important for them to live amongst other human beings, and to be good example because of the Souls of all with whom they come in contact, because the Soul is always the recipient of what is spoken, what is directed, what is accepted.

Today, so Many Saints Here in the Heavens desire to speak, as They do each day since the beginning of This Gift of Divine Love that The Father instilled in *one child* a long time ago.

We hear so many say, ‘Is today going to be a good day?’ We, in Our Way, remind them to pray. Sometimes they accept the reminder that passes through their mind, or sometimes it is ignored with the promise for another time, another day.

Logic should tell every man, woman and child how important communication is between human lives. So why would it not be important between a human life and The Father’s Way, with so Many Saints available to hear what you have to say; also, Their Willingness to aid you, guide you, and help you in the best way? Sometimes it is not the way you request, but it is always for the benefit of your Soul above all things, and then your human will, desire, need.

As I close My Words, please remember: As you read All that The Father has allowed to be delivered, there is always several points of Direction, Consideration and Divine Love for every human being that lives in the world, is part of the world.

Today, as I close My Words with much Divine Love, please remember: No prayer ever goes astray. There is

always a Saint to hear it and to follow it in the best way.”

NOVEMBER 6, 2002 AT 12:42 P.M.

SAINT MARTIN DE PORRES

“I am Saint Martin de Porres.

All races of human life have been gifted with the abilities to speak, to hear, to understand, and be able to learn first about what they were created for as man.

The world has been Blessed in many ways by this Creation of human life, because when the world was first created there was nothing on it except darkness and light.

You live in a time wherein there is much confusion in the way of mankind. So much emphasis is put on humanism, capitalism, and the ability to associate with others of a different nature, mentality, and yes, verbal abilities.

As We stand Here in the Heavens and speak through *one small voice*, it is a privilege to the whole world of human life that The Father allows This Gift to human life, because He also allows It to be put into script, because of the memory it would take

to be able to fully understand All He wishes mankind of all ages to be able to fathom as reality to their way of life, direction and hope. This list is endless.

I could add many more Words, but first I must say what I have to say, because of the Importance of the Soul that each human life is gifted with at the very moment of conception as a human being. There is nothing else created that is gifted with all the abilities that a human being has the ability to learn more about, and to use for the betterment of many subjects, and of course, for the Goal of their Soul at another time.

So Many of Us Here in the Heavens are sad when We must use *one small voice* to deliver so many important issues for the benefit of millions of Souls that are to one day return to The Father in the manner, degree, and way of Purity, and then be called another name. The name, of course, is The Father's Will for them, and 'Sainthood' is the Goal He Wills for them.

You live in a time worse than Sodom and Gomorrah. These Words

have been spoken before, but the average mentality of human life cannot relate to the horror, the degradation that Sodom and Gomorrah was for the Souls of all who took part in the impurities, the injustices, the indecencies, and the wrongs that were abusive to the Souls of those who practiced wrong, those who were example of the wrong, and those who innocently imitated.

So much has been delivered on so many subjects through This Gift of Divine Love. There is never a moment in the day or night that One of Us does not speak, because of the Importance of the Souls that are at stake because of so much diabolical influence in many areas, day and night.

I could speak hours on this subject, but those who take the Words would be unable to hear Me for the length of time I would be able to continue All that I have begun at this time. The Father Wills This Gift of so much being instructed to pass throughout the world, because it is important to awaken the minds of all degrees of intellect to the Importance of being created a human being. There is no Higher Gift in the Creation of

life than the human way is, and was meant to be.

As I close My Words, I beseech those who read Them to understand that the Gift of human life is a Blessing beyond what the human mind understands. The Father's Love for human life instilled in human life a Portion of Himself. What Greater Gift could a human life receive that could be Greater than This, because This is the Portion that will live for All Eternity."

NOVEMBER 7, 2002 AT 12:49 P.M.

“We are pulling *the little one* in deeper, because of the importance of All We have to say.

When the Statement was made, that you who live now, live in a time worse than the History of Sodom and Gomorrah, many were shocked, but there was much indifference because the human mind could only think of the past, and not what the future might bring.

Ask yourself:

Who causes changes in human evaluations, values, perceptions and practices?

Who decides the moral changes, the immoral acceptances?

Who decides what is emotionally correct, or promotionally correct?

Who understands the full concept of The

**Commandments of The
Creator through one man,
and the Power of The
Commandments, used to
bring The Commandments
that were first given,
through thousands of years
of different generations of
human life?**

I speak differently, but I beseech those who take My Words and those who will read Them, to see the Importance that causes The Father to release such Wording to the human minds that can be reached through the printed Word.

Personalities, natures, and humanistic evaluations are primary in everyday life. It is important that morality be the key that opens the door to every portion of human life, because it is through morality that The Commandments of The Creator will be remembered in Their full concept, and not looked upon in a more general updated humanistic manner of thinking.

Children are not being instructed, or are they being given good example by the older individuals they are surrounded by. Too much is spoken

impurely, and though the children do not respond immediately, it can be thought of as a learning process through the ability to hear, and it can be remembered at a later time that could cause vulnerability to the Souls that would hear.

There are so many words in the human way of speaking that are of more importance than those who think about the full meaning of what they say, what they express, what messages they leave for others to remember them by.

I speak differently, but I would want all who read These Words to see the value of the Gift of speech, and what it can do to those who hear, those who will write what is spoken, those who will follow what appeals to them from what is spoken, and those who will follow physically, mentally, morally, what they heard or read, because you see, every day is a learning process, whether it is accepted as that or not, so it is important that how you represent morality should be thought about in every manner of your way, your speech, your actions, how you treat others, how you act in front of others.

I could speak hours on this subject, because it is of the greatest importance for the foundation of Sainthood. I add to this, ‘So be it.’”

NOVEMBER 8, 2002 AT 12:37 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The word ‘promise’ is oftentimes misconstrued regarding the full meaning that it states. The importance of the wording of human life is far greater than the individuals who speak much, understand it to be.

Through the written word, through the spoken word, promises are made, great discoveries are discussed, and emotionalism is definitely seen by the way an individual speaks, or the words that are spoken, as to what they truly mean, what they represent, the importance of them.

The subject matter in human life is of the utmost importance, because many times it leaves a promise that can never be fulfilled. Many times the dignity of human words instill in someone, or others, the importance of a subject that the words reveal.

I could speak in a way that would be more than the human beings taking My Words could handle, because

there is so much meaning expressed in the human words, no matter what language the individual practices, uses, or knows.

The Father, in His Divine Love for human life, showed the importance of the wording that a human being was gifted with, because through so many times that He spoke, or The Saints speak, They use Words understandable to the human mind, not words that are cluttered with just sound.

I will close What I am saying, because it is for those who take the Words and those who will read Them, to remember that no matter what part of the world you are born in, what you speak, what you put into script, is of the utmost importance, because through words the human mind learns subject matter, but also personal opinion, plus many other things.

I have never spoken like this before through This Gift of The Father's Love for human life, but it is to alert those who do not see the Value thus far, of All that has been put into script for them to learn, to recognize and to feel the strength in the meaning of All that is delivered for their Soul, and

for their mentality to use, to practice, and to see the value of how they think, and what they will for themselves and those with whom they speak.

Do not forget, Words are a Gift of Divine Love, and human life has been gifted with a multiple degree of Words that can change the lives of all who hear Them, all who read Them. Remember this.”

NOVEMBER 8, 2002 AT 1:06 P.M.

SAINT ANNE
SAINT ELIZABETH
SAINT PEREGRINE
SAINT ALOYSIUS

“I am Saint Anne. I am Saint Elizabeth. I am Saint Peregrine. I am Saint Aloysius.

We All smile when *the little one* is aware of Our Presence. She oftentimes joins Us in Our Communication with Each Other. Even though she cannot hear Every Word, Our Presence speaks in a manner she understands.

The Father has given to the world a Gift of Great Dimension, a Gift to encourage, enlighten, and help human beings of all ages to have a security in human life that nothing else created has. The security is a Goal for the Soul, and it is important that each human being born understands this.

The Soul, as a Portion of The Creator, is to return to The Father through a human life. Whether the Soul bears the name of the one in whom It was placed, that will remain to be seen at another time.

There is so much diabolical practice amongst human beings of all ages. It is not just sinful, but in many ways, it harms the Souls of those who are involved. Though the Soul cannot be seen, the Soul is felt through your conscience and through your understanding of what is morally sound, pure, over what is opposite of this.

As I close My Words, I beseech those who take Them, to deliver Them throughout the world. Do not question their ability to understand, because sometimes just holding Sacred Words gives strength, hope, and the ability to endure wrong, vile tempers, ignorance of others, because the Words, in the Strength They possess, and because of from Where They came, help in more ways than the human mind can perceive it to be.

Even though you do not remember All that is spoken, you feel an inward strength that nothing else can help you to have. Remember this, because These Words, though spoken through *one human voice*, are The Father's Will to help every human being feel stronger and more apt to believe in Heaven as a Goal."

NOVEMBER 11, 2002 AT 12:40 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use is always listening for What I Will all of human life to learn about, and to be able to more readily understand how Important human life is to man.

I have Blessed the world with a Gift, through *a small voice, small body*, not a huge body and a very loud, outstandingly loud voice. Some might ask why I chose it this way. My First Reasoning is this: More attention would be paid when individuals had to listen more intensely, intently, to the Words that would be given in a very soft way.

Human life innately wants all things to be easy for them to handle, to achieve, to understand. I have given the whole world of mankind a Blessing of My Divine Will, through *a small voice*, that if the logic be seen in It, It would cure so many wrongs throughout the world, so many impurities, and enlighten human beings of all ages to realize, to better understand that I

would want them to see, to feel, and to be able to value the Importance of being born human man.

I speak differently; *the little one* tells Me so. I smile at this, for the littleness she is, she is always aware of All that passes through her by Any of Us Here in the Heavens, and many times elsewhere.

I hold her more tightly because her physical is spent. So much has been forced upon her, and never without relent, because *one small voice* is able to gather more attention than if it were a voice that could be heard around the world. Less would be understood if that were the case.

I hold her tightly. She looks at My Face. She pleads with Me to be easy. She always fears that My Words will be so strong and hard to face.

What I have just spoken is different in many ways, but the world has been Blessed in a multiple number of ways, in the manner I chose for human life to more fully understand that to be born in the way of mankind is a Blessing, a Gift of Divine Love.

I hold her tightly. Her body is close to collapse because of the Power I am using.

I will close My Words now, because there is much more to be told to millions of men, women and children throughout the world, but before I close, I remind those who take the Words and those who will read the Words of All that has thus far been given: You were created with a Goal, and that is to return your Soul to Heaven.”

NOVEMBER 12, 2002 AT 12:24 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come today to describe what has occurred that, in reality, is truly devastating to all ages of human life.

The Commandments that were given a long time ago are being ignored. Very, very little attention is paid on Them, to Them or for Them. You do live in a time that saddens The Creator of All Things, because there is so little dignity, honor and love attached to important things that were given to human life a long time ago.

Let us take The Commandments that, at a given time, were necessary because of what was occurring that was wrongful in many ways, and ignoring God’s Will regarding human life. The time now is as that time was. Very few individuals, or families, start their day with a prayer that includes The Commandments, even in a short form, because so many thousands, or even millions of men, women and children connect The Commandments with another time and ignore the Fact that

They still remain as the Guidelines for the human minds of those who exist at this time.

There is a statement that many use in a very casual form, way: ‘Think about it another day; don’t worry about it today.’ This, of course, includes The Commandments that were given to guide the lives of all human life for the time that the human being lives.

Thousands of Words could be spoken on This Important Message. It is a reminder that human life was created for a Goal, the Most Important Goal that any human being is offered in a lifetime, and that is to return to The Father, the Soul, in a State of Purity. This is not impossible, and it is important that all degrees of intellect be reminded that human life has a Goal Greater than what the daily time in life offers physically, morally, emotionally, and many other ways.

As I close My Words, I want all who read Them to know: As you recognize the laws of the human way, you must always remember the Laws of The Creator, because They are the Laws that will decide the path for your

Soul, the Place for your Soul, that will exist Forever.”

NOVEMBER 12, 2002 AT 12:40 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It is with Deep Love I speak to you today and request My Words be put into script for hopefully millions of other human beings to read Them, and through Them, use what they are to become ‘a Saint’.

The human way of life has many choices. Most of them are to remind the mentality that there is a right and a wrong, a pure or an impure result of what they say, think, do.

Children are not being instructed on what a close Communication they have every moment of every day with The Heavenly Father, The Heavenly Mother, and All The Saints.

You live in a time where so much time is spent on impurities, indulging in what is immoral in many, many ways. Those who read These Words, hopefully will see Them in Their full concept, and associate how they live, according to The Commandments of The Creator.

So many people of all ages ignore the Sixth Commandment. They use excuses for it, and most of the excuses are forms of insolence, self-righteousness, indiscretions, and also, ignoring The Creator regarding His Love for human life, and that when He directed The Commandments to be delivered, They were to be the Guidelines so no one would have an excuse to be immoral, impure, in their thoughts, actions, ideas, ideals; the list is endless.

In This Gift of so much being instructed, helping human beings of all ages to awaken to the Warnings that are being spoken about and through the written Word, in many ways, the written Word on these subjects is a Blessing, because it does not allow the memory to be the only support to individuals who find it difficult to make the correct decisions on personal matters, and also matters connected to many of The Commandments that were given a long time ago.

I could speak hours on these subjects, but hopefully What has thus far been given, will awaken some who read Them to the fact that they must change their ways, their preferences

in what they do, how they do them; and also, they must be reminded to never forget that there is a Goal for human life, that the Soul will live and be the custodian of the Decision The Father will make, regarding behavior patterns and all that an individual used in their lifetime, knowing that their Soul was the recipient, hopefully not the victim.”

NOVEMBER 13, 2002 AT 12:05 P.M.

GOD THE FATHER

“*The little one* is close to physical collapse, due to the Power that she must endure when I Declare for so much to be spoken.

Many might question this Statement, but that cannot be made into a bigger lack of belief in regards to the Purpose I display through her, when I use My Will and Divine Power to help her fully understand the tremendous Responsibilities of her Part in My Divine Plan, for the Souls of millions of people throughout the world to realize that I Am The Creator, The Father of All that exists.

***The little one* fears What I have just spoken, but knows it is important to be told to thousands, even millions throughout the world.**

I close with My Blessing, because I know how difficult it is for this *little one* I use, for so much to be revealed, that no other human being is even slightly aware of.”

NOVEMBER 13, 2002 AT 12:54 P.M.

GOD THE FATHER

“One of the most important words that human life can associate with is the word ‘sign’. This word unto itself speaks more than most other words that mankind is used to using.

When something is advertised, there is one sign or many signs decorated, put into the eyes for others to see. Even silence has its sign. Sometimes it is thinking, sometimes it is listening, sometimes it is meant to be anger, concern, and many other things; the sign of interest in something unusual, like being told about an important event. The list that defines signs are numerous in number.

When I gave to the world a Sign, I gave it in several dimensions and in various ways, Biblically and visibly, and through the written Word.

Today as I speak, it is important that all ages, all degrees of intellect be aware of the signs that they come in contact with every day of their life. Some of the signs are good, some

of them are caused by the enemy to attract individuals to impurities of the mind, the body, always trying to destroy the Soul.

I know what I am speaking today is different, but it is important, because there are so many signs that are detrimental to morality, to one's health, and one's desire to more fully understand what is pure over what is impure, what is right over what is not right, what is just over what is unjust.

My speaking to you today is a Sign that I love you, I care about you, and I want you to understand that I have given many, many Signs of My Love for human life.

I could speak hours on this. I will close now, but I beseech you to be aware of the importance of signs, because there are all degrees of how they are passed to you, for you to be able to think in a particular way, manner, degree.

I close with the Words 'I love you.' It is My Sign to you, because I speak it, and it is put in print that I said it. Remember this."

NOVEMBER 14, 2002 AT 12:35 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

It is important for all of mankind to know, but also to understand, that the time in which you live so very much is expected regarding impurities of the mind, the body. Dignity is passe, understanding there is very little of, because understanding has taken on a new manner of thinking, accepting sources of human life that are abominations to the Souls.

The world has been Blessed by a Gift of Divine Love, a Gift far greater than the human minds can fully comprehend.

I am going to say something now that disturbs Me greatly, and that is when The Father gives to the world a Blessing, the enemy of all there is, and all who are alive are oftentimes plagued by something or someone that the enemy uses to counteract, destroy, eliminate the importance of All that is morally sound, good, important for the Souls, up to the count of a million human beings.

I close My Words now, and I remind you: The Father's Love and Will are directing This Gift of Divine Love, and It will continue this way until He decides it is no longer necessary.

I must add the next Words: The Father has allowed so much to be put into print. This alone should tell everyone that He expects All He has delivered, and All that Others Here in the Heavens have delivered, that the Words will continue to give Strength, Hope, Security, Direction and Protection.”

NOVEMBER 14, 2002 AT 1:18 P.M.

There are Three of Them here.

“*The little one* is in a very serious ‘Preparation’, because thus far All that has been given is not traveling fast enough throughout different areas in the world.

Even though many Revelations are cast into a manner of print, it is difficult for many to comprehend that The Father would give a Gift of This Nature, Degree, at this time when there is so much turmoil in the higher authorities of religion throughout the world.

Though it is difficult for many men, women and even children, to comprehend that The Father is this close every moment of every day, even though they believe they have a Portion of The Creator within them, namely ‘the Soul’, throughout the world there are many stories being thought about, and they are only stories to cover up what is Truly Occurring The Father’s Way, according to His Will, because

of the Importance of Souls that are the victims of what a human being practices, accepts, believes.

We hold *the little one* tightly, because the Power We use is basically an unknown Form of Power to the human minds in the world. We hear many descriptions of It, but it is truly impossible for the human minds to be able to fully describe Divine Love, Divine Communication to and through a human mind, and a human vocation.

So Many Saints Here in the Heavens desire to speak, because of the importance of the subject matter. The average human being has no concept of the responsibility they are endowed with, to be the privileged, to have the privilege of walking the human role, and being able to have so many talents, so many abilities, and so much mental understanding.

Hours and hours and hours could be spoken on the close Association human life has to The Creator of All Things. Logically, it is difficult for the human mind to comprehend the full degree of Association; in fact, the human mind could not be able to walk

the human way if the Association to The Divine was any closer than It is.

The word ‘Divine’ to many is difficult to understand, but when I use It in My Words, it is to place The Heavenly King and Those close to Him, in a concept beyond the human ability to understand.

***The little one* We All use is totally obedient, no matter what occasion occurs, and so much from Others is accepted as natural, as ordinary. This is not so.**

This Gift of Divine Love is above and beyond what the human mind can perceive It to be, but the Gift is The Heavenly King’s Connecting Link of His Divine Love with the human life He designed as a creation that bears a Portion of Him.

We All stand close. This is to give *the child* that is used, the strength to endure the Power We All are.

Today as We speak These Words, We do it to encourage all of human life to see what a privilege it is to be born.

The closing of These Words is very important, because it is done with Divine Love, and in the closing, there is no greater thing to say than to remind you that as you greet each day, never forget to give thanks to The Creator that gives you the privilege to be a human being, because of the Soul that you are gifted with, that is to return to Him bearing your name.”

NOVEMBER 15, 2002 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

At this time that I have designed so much to be given to all of mankind, I use Many Saints Here in the Heavens to speak through *one voice*, and What is spoken to be put into script, so It will remain and not allowed to be washed away by the sins of so many who are ignoring the importance of What I say.

I have Blessed the world, the whole world, in many different ways. Human life was designed, and has continued to be designed, in the manner in which I declared it to be comfortable for the mentality of each human being created, for My Will to be followed, and for That Portion of Me I place in each human life, called ‘the Soul’, to be returned to Me at a given time.

There are so many opinions on what is truth, what is false, what is right, what is wrong. I beseech all who think this way to read All that has been delivered through This Gift of My Divine Love, because All that

were chosen thus far to speak Words of Direction, must be accepted as coming from Me, because of the Importance of the Soul that I place within each conception.

The world, in many ways, has fallen into tragedy, because there is and has been so much infidelity, and ignoring My Will regarding what is important for the Soul, but also for the body, the mentality of each human being.

I will close My Words, because I could speak endless on this important subject. It is important for all people throughout the world to be able to read All that has thus far been delivered by Me, and by Many Here in the Heavens.

I, your Father, bless you as you take the time to put My Words into script. This is a service to Me that I am grateful for, because there are so many Souls that need All that has thus far been put into script. Please do not stop prayers chosen to help thousands, even millions of men, women and children, to be aware that as they were created, they were created with a Soul, a Portion of Me, that is ever present

within them, and that is important to be returned to Me.

I make ‘*The Sign of The Cross*’ your way, and to all who will read These Words, because this Sign says: In My Name, and in the Name of The One Who walked the earth for Me, called ‘The Son’; and then cross yourself with that Special Part of Me, My Spirit, because of My Love for What I have delivered, What I have requested, for all Souls to be returned to Me.”

NOVEMBER 18, 2002 AT 12:00 NOON

GOD THE FATHER

“The little one I use to give so much of What I Will for mankind to better understand the Importance of being a human being, designed by Me, and a Gift from Me, called ‘the Soul’.

So much has been thus far delivered verbally and put into script, so there would be no necessity for the memory of any human being to have to use what they remember was spoken. It would have been an impossibility.

In This Gift of My Divine Love, I have delivered so much Valuable Information, drawing much attention to the closeness human life has to Me.

All that has thus far been delivered is never to be erased. It is for all centuries of human life yet to be born, learn from, and more fully understand that My Love for human life was given at a Particular Time, because of My Love for this Creation of Mine, man.

The little one suffers more, in many ways, than she wants to be

known. In many ways, she is isolated from so many humanistic practices, values, and manner of life.

Today as I speak, it is to awaken the human minds of so many, giving them the privilege, through the written Words, and not just through Speech that can be so easily forgotten, because human life was created bearing a Portion of Me, and I am ever aware of the condition the Souls are in, of every human being born, no matter what year, what time, what place, what reason.

As I close My Words, I bless those who are with *this child* many times, abundantly, because through their belief in This Gift of My Divine Love, it is My Will and My Hope that they will be example in All that I deliver to help millions of human beings more fully understand that human life had and has Divine Plan.

Today, I bless all who believe in What has thus far been delivered, because in It, they will become stronger morally, mentally, and it will help them see the Beauty and the Love in more understanding of the Goal for

That Portion of them that is a Portion of Me, the Soul.

There is so much logic in What I have just spoken, it cannot be misunderstood, because in My Innate Love for human life, I reveal My Will, for It is Special, and My Love for this creation, an Indelible Gift of Hope for the Souls that are to return to Me, Saints.”

NOVEMBER 18, 2002 AT 12:59 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Blessing Greater than any human mind can perceive It to be. It is My Love for human life, because of the Souls that each individual is responsible for; that is, to return It to Me in a Beautiful State of Purity.

When I say to someone, ‘You have a Soul, a Portion of Me,’ I hear some say back to Me: ‘I cannot see It, I cannot feel It. How do I know what It is like?’ The closest thing I can describe It to be, is when you as a human being love someone, whether it is in the family or someone else, you have a feeling of warmth, contentment, joy, understanding, and it gives so much strength to your way of life. Sometimes you do not recognize all these facets that connect you to another individual, or several individuals at one time, but in many ways it gives to your life a strength.

I smile when I say These Words, because I created human life to the

imitation of What I Am, sensitive to all that occurs, but above this, loving and caring for human life. To so many there is a lack of understanding of the Closeness I am to them, and most cannot imagine the Love I have for them. Love is a Connecting Link of hope, strength, perseverance, and a desire to one day be able to see Face to face.

The little one I use is totally innocent in so many facets of how We speak through her, Myself and so Many Saints Here in the Heavens. To her, it is a natural sensitivity to Our Communication.

Throughout the world men, women and children mention the word 'love'. Most feel it is a feeling, a closeness or a personal communication with another individual, or several individuals, but they do not fully understand that when human love is given a feeling of understanding that they care, they're concerned, wouldn't it be nice if every individual could see within themselves how much I care for them, and how I want all things they say, they think, they do, to be pure, to be logical, and to be acted out in the manner that My Love shows.

In the Creation of human life, I put a Soul, a Portion of Me, else a human life would be like all other animals, not having the sensitivity of justice, purity of the mind, morality, kindness, and yes, obedience to The Divine for the privilege of human life, what it stands for, and what its Goal is.

I could speak hours on this subject, because I depend upon this Creation of Mine to be the example to all with whom they communicate that there is a Goal for life, because life is a Gift to express and to be example of all that is morally sound, morally good.

So little is oftentimes thought in this direction, but through This Gift of My Divine Love, in which I have asked so much to be put into script, so many things have been explained clearly for individuals of all ages to see human life as a Privilege, a Blessing, a Purpose, and a Goal for That Portion of them, the Soul, that one day will have to stand before Me as a victim of the one in whom They were placed, and Judgment Time for the Soul will be evident.

Human beings find themselves caring deeply about other individuals. I beseech all who read These Words or who have learned about the closeness the Soul is to human life, and remember What I have just spoken is not something new. It has been instructed upon a long time ago, and it must be remembered that if there was no Goal for human life, why would I have given to human life a conscience, a memory, an intellect, or the logic of what is pure over what is impure, what is just over what is unjust, what is valuable over what is useless, needless?

As I close My Words, I bless those who have taken All My Words, because as you work in this degree for My Will to be scattered to places unknown to you, is a Blessing unto itself that one day you will see.”

NOVEMBER 19, 2002 AT 11:55 A.M.

GOD THE FATHER

“You live in a time of much turmoil, due to the fact that so little attention and understanding is and are based on the Gifts of human life, that basically are strengthening to human life in many ways and degrees.

Human life has many Gifts, thus giving to human life diversion, plus many foundations of understanding and abilities in directions beyond what is thought to be.

I pass These Words on verbally and in script, to help human beings of all ages to treasure the Value of human life, thus giving the understanding that there is a Goal to reach.

I speak through *a small voice*, but *this voice* delivers All I Will to be delivered. Some might ask, if so many things are of such great importance, why do I use only *one voice*? For the delivery I use *one voice*, but that is why I ask so much to be put into print, thus giving to a number of human beings the ability to fulfill what I Will for the Goal of the Souls of millions of

human beings, but also to give others the chance to deliver the Words I dictate to faraway reaches throughout the world.

Distance is not a question, it is a Blessing, because the more distance that My Words can travel, the more Souls will be more personally understood, treated, helped, in many ways.

I hold *the little one* tightly, because she has spoken so many thousands of Words dictated by Me, and so Many Saints Here in the Heavens. The word 'Heaven' to most individuals, is oftentimes ignored or totally forgotten. They say this happens because they cannot see It, feel It, so they try to ignore Its Existence.

I speak differently today, but it is important that All I deliver, and The Saints are requested to deliver, are to give mankind of all intellects, all stations in life, more understanding on what a Precious Gift human life is, because of the Goal that awaits the Souls of every human being born into the physical life.

I could speak hours, but what I have thus far spoken will give Hope, Help, and more understanding to

many individuals who oftentimes busy themselves with the routine of daily life, never thinking of the Goal for their Soul.

I hear so many say, ‘If I have a Soul, why am I not permitted to see It?’ Logic should tell these individuals that the Soul within them, they do feel through their sense of justice, logic, hope, and responsibilities to daily duties of all kinds. Logic tells human life that with all the talents and the Gifts human life is the possessor of, there has to be a Goal for all of this.

As I close My Words, I give a Blessing, because where Truth is, there is honesty, sincerity, and valuable information to aid, to comfort.

Remember My Words. They are Words of Strength, and spoken with a Father’s Love for all of human life. Divine Love is ever present. That is the Ultimate of Hope. Remember this.”

NOVEMBER 19, 2002 AT 12:55 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. My Words today are and will be of great importance, because as you live each day in your human routine regarding matters, situations, and personal ideas, ideals, you must never forget that you live in a time where The Father has given so much Information on the Importance of the Creation of human life.

Many Saints Here in the Heavens have Specific Titles relating to particular portions of human life that must be cared for in a special way, remembered in a special way, and to be honored in a special way.

Throughout the world, as I speak These Words today, there is much hypocrisy and much diabolical acceptance in various ways. As you change your calendar each day, regarding another mark, date, or helping you to remember a special time, way, occurrence, remember also, to say a prayer that the evil will one day be eliminated throughout the world.

The danger of so much evil occurring is beyond the human understanding, because so much emphasis is placed on the individual's plans for the day, with friends, with family, or with the occupations that they have accepted to be productive in, for some reason, whether it be monetary or to fulfill a day with something important.

I speak differently today, but All of The Saints Here in the Heavens are told by The Father that each time They speak, They are to point to something of great importance, plus the necessity for Spiritual understanding in some beneficial way.

My next Words are to remind all who take the Words and who will read the Words: There is so much diabolical mockery throughout the world. Sound Spiritual guidance, acceptance and understanding have been lessened because of the onslaught of so much that is impure, unjust, ridiculous in character, being allowed to be practiced amongst all degrees of intellect, all degrees of professional understanding.

My next Words you have heard often: You live in a time worse than

Sodom and Gomorrah. These Words, of course, have been reiterated many times, because at that time in the History of human life, satan was accepted knowingly and unknowingly by individuals who ignored what was right over what was wrong, what was good over what was evil.

The human minds sometimes change from one venue of belief to another, or circumstances sometimes cause individuals to accept what they call is ‘what is being practiced’, ‘what is being accepted’; what is, in many ways, up to date in manner of thinking, or in the manner of association with other individuals. Imitation has its good side, it also has its blundering side, and then it has its totally diabolical side.

These Words may sound strange to some people reading Them, but They are Words worthwhile to remember. Everyone Here in the Heavens desires to fulfill The Father’s Will for the Souls Who are yet to be granted a return to Him Who is All Holiness and All Divine Love.

Children are not being instructed on how important it is on morality. We

hear some parents say that he or she is not old enough yet to understand the full indepthness of the subject matter. All of The Saints Here in the Heavens repeat at the same time: 'Find a way for them to understand that it is important that they know what is right over what is wrong, and follow what is right, no matter what the conditions are. Also, remind them that they have within them a Gift of The Father's Love for them; first of all, allowing them to become a human being, and then their responsibilities are adjustable to their age, but all ages must see the importance of purity, honesty, and that The Father must be thought about for All He has given them in the way of human life.'

I could write volumes at this moment on many subjects that so many individuals have the capacity to be strong in, strong for, and good example of.

I beseech those who read These Words to make it a point that what you do, what you are example of, how you speak, and what you accept from others, is not demeaning to your Soul but gives happiness to your Soul, because it is your Soul that will one

day return to The Father and want to be ‘a Saint’. As a human being, it is innate to want what is good, what is best. Your Soul, the Soul of every human being desires to return to The Father with the Name of a Saint.”

NOVEMBER 20, 2002 AT 12:34 P.M.

SAINT ANDREW

“I am Saint Andrew. I do not often speak openly through This Gift of The Father’s Love for human life, but there are many times I instill in *the little one* Words of Instruction, giving strength where it is needed, and hope where it is needed.

The world has been Blessed abundantly, more than any human being can fully understand. Blessings are taken for granted to the human mind, way of life. To most, it seems ordinary and acceptable.

***The little one* through whom We All speak is never ready to discipline anyone, because within her being she is fully aware that the sensitivities of human life causes individuals to be vulnerable to hurt, to denial, to correction, giving them a loss of hope in what they think, do, practice, or are involved in.**

So Many Saints Here in the Heavens gather when One of Us is going to speak. So much has been delivered without It being put into

script, but most of This was accepted as human communication, natural to the human way of life.

You live in a time wherein human beings of many ages feel they are accomplishing great acts of productivity in many areas. You also must see that egotism sometimes is stressed more than it should be.

When The Father gave to the world This Particular Gift, bearing the Name of The Beloved Saint Joseph, It was given to not only help all ages understand the Importance of human life, the Goal of human life, but the vulnerability human beings have in so many facets they are involved in, called 'ordinary to human life', 'natural in human life'. There is so much, and so many areas wherein there should be more strictness in the importance of what is spoken, what is practiced, what is accomplished.

Individuals of all ages have been so reticent to stand firm where it is necessary. Needless to say, it would be difficult to change all denominations of human life, all mentalities, all egos and all goals, but All of The Saints Here in the Heavens want everyone

born to the human way to recognize that there is a Goal for a Portion of them that they never see, but It is obviously there because of the innate knowledge that there is a right, there is a wrong, to many decisions in daily life; also, that the close association with others should be handled with discretion, and also, sometimes with a little perception of how to handle what another thinks, and what should be corrected.

I will close My Words, but with the closing I beseech all who read These Words to value What has been spoken previously in All that has been delivered, because The Father has allowed so much Direction and Divine Love to help human beings of all degrees of intelligence to realize that there is a Goal for human life, and That Portion of human life is a Portion of The Creator, the Soul.”

NOVEMBER 20, 2002 AT 1:15 P.M.

SAINT ANDREW

“I am Saint Andrew.

So Many Saints stand ready to speak, waiting for The Father’s Direction. It is so important that human life of all ages, backgrounds, and degrees of understanding, realize that The Father, at This Time, is showing His Divine Love for human life by delivering so much Direction through Many Saints, plus Himself.

You would be amazed at how many men, women and children throughout the world do not understand that The Father is Real, and that He Exists, and He is The Creator of All Things. Children, in many places, are not being instructed because those in charge of them deny His Existence, because they say if there was such a Powerful Being, why are not all things happiness and without problems, without errors.

Today as I speak, I speak with a sadness for these people, because they have not been endowed clearly with the Beauty of Faith in the rationalization

that there has to be a Creator, Higher than any human perception, conception could be, because all things created did not just happen.

I could speak hours on this subject, because throughout the world there are men, women and children who need to know, to understand, to believe that there is a Divine Entity of Life, Greater than the mind can perceive.

I will make My Words close, because What I have spoken should be read, thought about, recognized as a great need for the spirituality of human life, to spread indepthly to aid all who do not have the privilege to know What Truly Exists, because of the Soul that they are gifted with at the moment of their conception.

So many individuals of so-called 'high Spiritual feelings, understanding', ignore the Gift and the power of prayer. Prayer has a power in it beyond what an individual can perceive it to be. Prayer is a direct communication with The Ultimate of All there is. Remember this, not just when you want something, but remember it many times during the day. It will give you

strength, more understanding, and also an in-depth reality that you are not alone in the world, and that you are gifted with a Goal that animals don't have, trees don't have, flowers don't have.

I beseech you, remember My Words. It will give you strength when you need it. It will give you hope, because you will remember to use prayer many times when you would feel the need to have the strength to endure, or to understand reality over fear.”
