PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I speak firmly today, but lovingly.

There is so little sincerity regarding what prayer is all about, and the necessity of it. There is so little understanding that logically there has to be a Creator, else how could all of what we have upon the earth and surrounding the earth, exist? There had to be a Creator for All of this.

Today as I speak, though My voice sounds harsh to some, I speak with deep sensitivity and Love for human beings of all ages. You live in a time where there is little respect for The Divine. Yes, We see attention to It, but most of the attention is placed on the one who is leading others to see what is going on. There is very little indepthness to the purpose regarding the importance of recognition to Divine Love, and All that Heaven has within It.

There are millions of Souls in Heaven. Many, who at one time were related to some of these Souls, have no

idea of the Representation of Them in a Place Greater than the human mind can comprehend Heaven to be.

Children are not being instructed that there is a Goal to life. First of all, let us discuss, the important factor in human life to most human beings is to reach a goal of some sort, some kind, some dimension that is outstanding, thus giving credit to the one who partakes in it, and supposedly excels in it.

So much has been delivered through This Gift of Divine Love, with very few individuals fully understanding the Blessing it is to recognize the hope there is in life, the Goal there is in life, and that there is a way to return to The Creator of All Things, That Portion of human life, the Soul.

I know I speak harshly in some ways, but I want to impress in the minds of the doubters, and those who believe in a minute way, that there is a Purpose and a Goal for the Soul that, though you never see It, It is obviously present through your understanding of morality over immorality. Do not forget this. Without the Soul there

would be no Connecting Link to The Creator.

Too little is understood on This Gift of Divine Love that speaks so firmly, so encouraging to the human minds of millions of human beings. The Father, in His Love for human life, has allowed This Gift of Instruction in so many areas to be delivered at this time, for all ages, all colors, all races, all creeds, to be aware there is a Goal to reach for that Important Part of human life, the Soul. Though you do not see It, It is obviously present in your understanding of what is morally pure, or immoral in some way, degree or facet of life.

I beseech all who read These Words, do not ignore Them. They are important for your Future, but also for this time in your life.”

GOD THE FATHER

“The little one I continue to use to prepare What I Will through *one small body*, for much to be delivered, giving help to all ages of human life, all wills and all types of personalities.

I have Blessed the world abundantly with All that has thus far been delivered and will be delivered, for those yet to read My Words and to understand that My Love for human life is more than man’s love can possibly be. My Love is different, because My Love is for the Souls, for all to one day live other than they live now, in a different Manner, Degree and Way.

Though it is difficult for human beings of all ages, backgrounds, degrees of understanding, to fully understand why I have given to the world a Gift as This One is, putting My Words through *one small voice*, requesting that They be put into script, so that millions will one day have the opportunity to read What Once Happened through *one small body, small voice, one individual*.

Today as I speak, throughout the world there is much occurring, basically needless, but those who are participating are responding to what they feel is important to them. Some is brutality, some are major lies regarding issues that are important; some based on strictly egotism, and some just what man would term 'impish' to gather attention for no reasonable purpose, goal.

My Words are different today, but My Love the same. It is sad when I hear any individual find it difficult to believe, or even sense that they were created for a Great Purpose, with a Great Goal for the Soul that is a Portion of Me. The Soul is My Generosity and Divine Love for human life, because when I created human life it had a Purpose beyond anything else created.

As I close My Words at this time, My Will is that all of human life know that within them they have a Portion of Me. They cannot see It, they cannot feel It, but it is innate for human beings of all ages, all intellects, to feel there is more to life than what they are living it in the human way.

I smile when I say My next Words: I bless all of human life with My Divine Love, through All I have spoken through *one small voice*. Some might say, ‘Would it not travel further, my God, if You used many voices?’ I smile at this. I am using what man calls ‘an indelible form of Communication’, the written Words.”

NOVEMBER 25, 2002 AT 11:56 A.M.

GOD THE FATHER

“*The little one* knows that her ‘Preparation’ for This Gift of Divine Love to be able to be spread in the manner I Decree It to be, this ‘Preparation’ is to aid her and to give her the strength physically, mentally, so she will not be weak when obstacles through the enemy are evident, calculating, and oftentimes unscrupulous in their manner and meaning.

We hold her tightly, because her body is close to collapse in a physical way, due to so much in-depth consideration she must be involved in, regarding the importance of What must be accomplished for the benefit of Souls of thousands, or even millions, at a later date.

As each day opens, her Tasks multiply in a manner and degree inconceivable to the human minds of other human beings. It may be difficult for some to believe that I would allow so much, not just aggravation to *one small body*, but for *one small body*

to have to persevere against what the enemy tries to weaken her with physically.

Today, as each day is, is an important day for the Future of human life, because All that will be put into script, plus All that has been put into script, is meant to be the Guidance for the mental understanding for millions of human beings at a later date, time.

What mankind calls 'progress' is based totally on physical situations that have little participation or closeness in reality to the importance of the mentality and morality that will be the foundation, that will be the focal point, because of the Importance of This Gift of Divine Love that, in many ways, is the Strengthening Factor for human beings, over and above what the human activities of life cover in their daily manner of doing things.

I speak differently, but I speak with Honor and Care for this *little one* that is used in ways not understandable to the human minds of others, but time will show the Value of What We pass through her, for others to be aware of, conscious of, and be grateful for. Each day that We deliver important Words

through her has a physical weakening effect that cannot be seen, and what is possible to be seen, she has the ability to cover in many ways, because of her love for those who surround her.

Right now there are thousands of children being born throughout the world. They will not be given the proper or necessary help, unless there is a great change in the morality and the innate caring of how these children will live morally.

As I close My Words, I bless those with her and those who will read My Words. They are not to be ignored, dismissed or cast aside. They are Words Greater than the human mind can perceive Them to be.”

NOVEMBER 25, 2002 AT 12:47 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

I come on this day, partly to comfort, and partly to encourage you to ask The Father to allow only His Will for things to be accepted in the manner He decrees best. He is not a negative Father, He is a Positive Father, and loves all human beings created.

The little one We speak through looks for lightness, not darkness, hopefulness not despair, because her innate love for The Father’s Will is beyond what the human mind can perceive it to be.

We All smile, because she says to Him, ‘*Your Will, my God,*’ and yet We hear her whisper, ‘*Please be kind because, do not forget, we are human beings and have no Power of Greatness such as Yours.*’

The world has been Blessed by This Gift of Divine Love, in which The Father has given to the world so many Words, directed for human beings

of all ages to fully understand the Importance and Love of Divine Will for man.

I close My Words with a short prayer:

*Father, in my love for You,
I want Your Will to be
done in all matters, in all
conditions that occur in
the human way of life, but
I cannot help but ask You
to be generous because, do
not forget, we have many
weaknesses that need to be
considered in our way of
life, our love for life, and
the will to live.”*

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Every Saint Here in the Heavens is eager to participate in The Father’s Love for human life, through This Gift of His Divine Love, allowing so much to be delivered by so Many Saints Here in the Heavens, but also the privilege that The Father Himself speaks at different times. This gives Each of Us Here a thankfulness for His Love Divine.

My Words, to some, may not be understood in the Love They are given, but All of Us Saints Here in the Heavens feel the Importance, the Beauty, the Love, the Caring, and the Hope in The Divine.

The Father has given to the world a Gift through *one small voice*. So Many Saints speak at different times. It is the Greatest Miracle since the time The Son of God walked the earth because, do not forget, He eventually chose men to walk with Him to spread the Words of great importance, instructing on The Divine, and also on

the Importance of human life, and that it had a Goal beyond what the human mind could comprehend It to be, a Goal Greater than the human mind could understand at that time.

Many, many Stories have been written on those times, wherein the Apostles walked with The Son of God, where the Apostles taught other human beings on the Importance of The Divine, and that there was a Goal to life and they should not forget the Goal, because the Goal was Greater than the human mind could comprehend It to be.

Communication with The Divine is oftentimes limited to formal prayers. I am not saying this is not a good practice, but I do add some other Words to this Statement: You have the privilege to say what you want to say regarding your own personal life, and your own personal way. Prayer is a communication, but it can be a private prayer also, allowing oneself to speak like no Other Saint spoke, basically using words of the present time.

The Father listens to all prayers, rejects none, because the Will to create human life was Greater than just a

Will; it was an Innate Feeling to create individuals who would one day return That Portion of themselves to The Creator, that is placed at the moment of conception of every living human being, called 'the Soul'; That Portion not understandable in Its full degree of Greatness, but the Soul is what gives to human life the understanding that there is a Greater Entity of Living Matter, Greater than the human way, or anything else created.

The Soul many times asks The Father to help the one in whom They are, to understand that as They Exist, it is because of The Father's Love for human life, and the ability for the Soul to guide and guard, ensure certain facets of human life, that without It human life would be like all other living matter or thing.

I will close My Words, because there are endless ways to describe the Magnitude of human life, and what a Blessing it is, and of course, the Goal Sublime.

My final Words are always to remember: every act you perform, every thought that you have, The Father knows. Nothing is hidden,

because The Father is All-Powerful, and your Soul is dedicated to serving Him in every way. It has been designed to do so.”

DECEMBER 2, 2002 AT 12:04 P.M.

GOD THE FATHER

“This *little one* I have chosen for such a Major Task for all of mankind who not only live at this time, but for a long time to come. She is faced with ridiculous obstacles because of humanistic egotism, self-righteousness, and in many ways, the desire of possessiveness in a manner, degree and way that will give others authority in how she works, how she walks, and how she uses her time in every day.

Jealousy contains many forms, possessiveness in many forms and degrees. She is a victim of both of these in a degree greater than the human mind can perceive it to be. I oftentimes smile at her strength to be kind, but obviously strong against those who try to challenge her, defy her, imitate her, or use their time with her to their own advantage.

The love *this child* has for Me is unsinkable, because she refuses for herself to be what mankind would call

‘drowned with affection, popularity, possessiveness and control’.

I use Words difficult for some to understand that I, The Father, would use Them in My Description of men, but *the little one* I have used for a very long time, basically since her birth, is usually always aware of the intentions of those who are with her.

I will close My Words because if I were to continue on, no human being could write All I have to say at one time. I have given to the whole world of human life a Personal Divine Gift of My Love. Someday It will be seen for the Worth It is, but at this point in time, to many, What they read is oftentimes difficult for them to perceive a Blessing of This Magnitude for all of mankind, through *one voice, one body, one mind*, that I use continuously.

As I close My Words I bless those who have the courage, the sincerity and the understanding that My Love is a Love beyond what human love is capable of extensive similarity. My Blessings are to give strength for the Souls of those who hear the Words, who read the Words, and who are instructed regarding the Words.

I smile when I say, ‘I bless those who take part in This Personal Gift of My Divine Love through *one voice, one human body, and one heart.*’”

DECEMBER 2, 2002 AT 1:10 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

At this time that I speak Words that I have requested to be put into script, there are millions of men, women and children throughout the world who have no concept; some, no initiative to even remember to pray words My Way.

I have put upon the world a Blessing clearly understood by all who read It. Nothing can be mistaken because of the Words being so obviously clear in meaning, description.

It is easy for human life of all ages to remember many things about materialistic values, monetary values, but most, when they feel it should be a time of Spiritual understanding, communication in some ways, they shy away from it, or say they will do it at a later time. This, of course, in a word that human beings use regularly, this statement is ‘ridiculous’. It is only their idea that communication with The Divine would cause a heavier burden on them, within them.

So many prayers that have thus far been given to human life are being ignored, even when they are known in a repetitive format easy to say, and fully understand that they are communicating with Divine Plan.

Children are not being instructed on using prayer as a communication, yet there are thousands or even millions of children and adults who spend much useless time on thinking of ridiculous association with others of their own kind.

I ask you to think about My next Statement. Human life at all ages, many times thrives on the success they feel they will reach or want to reach, whether it is on a subject matter or an association with someone else. Why does not this initiative, this desire, also pertain to when the human life ends? Is it not understandable that the Soul has a Goal, because the Soul is Part of human life, and of course, Part of The Creator of human life?

Listening to different ages speak, the greatest point of interest is on monetary measures, but then there are those who feel they are following a Spiritual form of life, but many times

or most times, the repetitiveness of the prayers, or the vows, or the willingness to speak, requesting help to better understand the Importance of the Soul they are the custodian of, the moments are oftentimes minute in time, meaning, sincerity or value.

All of Heaven wants This Gift of The Father's Love to not just instruct human life of all ages, but to encourage all ages to understand indepthly that there is a Goal for life that, in reality, is the Highest Goal anyone could ever desire to reach, and that is for the Soul. Now, We hear individuals say: 'How do I know I have a Soul? I never see It, I never hear It.' This statement, of course, is ridiculous. It justifies what they want It to be like, not what It is truly like.

Without the Soul, a human being of any age would not be able to understand what morality is, what justice is, what love is, and what purity in actions, in thoughts are capable in doing for the emotion that an individual is involved in, or the justice that is frequent in many lives, to be able to be just rather than unjust; and what about charity in the right vein of what charity means, and how charity in all its facets can

give hope, enlightenment, and save another individual's inability to fully understand the value of living each day, the privilege to be a human being, and have a Goal for the Soul that nothing, no other living thing is the custodian of.

I beseech you to allow These Words to reach many, because to some it will awaken their mentality to facets of life they never think about. It is important that children be instructed in a generous way, but in the right way, so they can grow up understanding how close The Creator is to every human life through That Portion of it — the Soul.

As I close My Words I say, 'Don't waste the Gift of human life by ignoring What it was created for, and The Divine Love Who Created it.'"

DECEMBER 3, 2002 AT 12:46 P.M.

SAINT ANNE

“I am Saint Anne. It is a privilege for Me to partake in This Gift of Divine Love for all of human life. Thus far much has been revealed on the Importance of human life, but there is much more The Father Wills for men, women and children to more fully, indepthly feel that to be born in the human way is a Gift beyond what the human mentality can fully comprehend.

So many men, women and children find birth difficult and not something to be happy about, due to the responsibility that it places on those who are responsible for protecting the one or more birth that is either close to them or known by them in some way.

As We Here in the Heavens look at human life, and see all the various practices, mentalities, abilities, We would like to say to each one, ‘Be thankful you were born in the human way, because within you, you have the Presence of a Portion of The Creator

of All Things that nothing else created is the custodian of, or responsible for, or has a Goal to live in the human way, to attain the Goal that in man's terms would be called "priceless".'

Children of all ages are not being instructed on what a Gift of Divine Love for their birth was to them. Every birth, no matter what concern is connected to it, is created by The Father's Will, because of the Soul that He places within it at the moment of conception.

I could speak hours and hours and hours on the privilege it is to be created, born, and to live in the human way of life. The Importance, of course, has a Goal, and that is to return a Portion of it to The Father. That Portion is the Soul.

Some people of all ages ignore the fact that each Soul has an identity to whom It was placed at the moment of conception. It is not just an ordinary entity that can be compared to anything materialistic in the world.

Needless to say, I could speak hours on the Beauty, the Divine Love that is involved in every human birth, and it must be remembered as a Gift

Greater than what the human form shows it to be, because the Soul is immediately the beneficiary of all that an individual practices, learns, is involved in, and uses his or her mentality, his or her will, his or her manner of understanding that to be created in the human way is the Greatest Blessing anyone can receive from The Divine.

The Father proved this when He placed a Son upon the earth, Who stood in His Place as Example for all reasons for which human life was capable of; and also, the Goal was Greater than any human mind could perceive It to be, and that was and is, to return the Soul, That Portion of The Creator, a Saint.”

DECEMBER 4, 2002 AT 12:09 P.M.

GOD THE FATHER

“The pain *the child* is showing is due to the fact that her little body has been forced to walk a Road different than the human minds of human people could understand.

So much has been delivered verbally regarding the Importance of why I created human life, the Love I have for it, the Purpose and Goal that I designed for it to one day be able to practice and be a part of the Goal.

Many times the bodies of human life become ill, due to the condition of what is occurring in its structure. *The little one* I use knows that when she is in pain like she is now, it is due to My Love for human life, using *one small body* for things if I were to describe, would be impossible for human beings to perceive it for, of, or regarding it.

Time, to this *little one*, is of great importance, because so much has been given to mankind that is not being accepted in the proper order or reasonability of Its purpose. There is less and less and less attention to Me,

understanding that I Exist, because humanism has become a popular subject of what is acceptable, just because it is human, thus disregarding My Existence, My Love for human life, My Purpose for creating it, and how I Will the Souls of all human beings to be returned to Me in Purity.

I could speak hours on this subject, because there are so many individuals throughout the world who do not even try to see that human life is limited, and I Exist and it is I Who Created All Things, even human life.

I bless this *little one*, and of course, those who accept This Gift of My Divine Love in which I speak openly, trustingly, truthfully, so that each one hearing It or reading It will understand they are gifted with a Portion of Who I Am; It is called 'the Soul'. I am always ready to listen when My Name is called or mentioned."

DECEMBER 4, 2002 AT 12:30 P.M.

GOD THE FATHER

“I am God The Father.

The little one is only partly with you. She is more with Me. Though this is difficult for the human mind to understand, it is important that you know it, because the latest ‘Preparations’ have brought her closer to Me in a way not understandable to the human mind.

She fears for others who do not accept All that is delivered, because of the Souls that in many ways are not being helped to the degree the one in whom They are, is capable of.

I created humanism for a Great Purpose, and a Beautiful Goal for the Soul that is a Portion of Me.

It is sad for Me when I have had to put *one small body* in a position of so much obedience to My Will, but she says, ‘*I love You, God; whatever is Important to You, I accept willingly.*’ How many individuals who claim to love Me could earnestly, sincerely, make this statement?

You live in a time wherein there is so much contradiction amongst human beings regarding what morals are, what truth is, and little emphasis on the Goal of the Soul at a given time; in fact, it is one of the most misunderstood Facets, Gifts of human life.

I could speak hours through this *little one*, but those who read the Words could not handle All the Facts, because the human mind, in so many ways, looks for what would be more practical, possible, understanding and feasible.

I close My Words with a Blessing, because through This Gift of My Divine Love, I have willingly, generously, put into script more than a human being could ever learn from another human being regarding My Love for this Gift of human life, My Purpose for it, My Goal that awaits it, at a special time.”

DECEMBER 4, 2002 AT 1:28 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile at *the little one's* words when she speaks of description of certain things.

The Father, in His Love for human life, wants all ages to understand that there are so many Gifts available to the mentalities, to the abilities that each human being is born with.

Oftentimes We hear individuals claim that the reason why they practice certain things is because they inherited it from others. Oftentimes, what they are discussing is only because they accepted either a talent or an ambition, or a manner of doing things, because they feel or felt more comfortable with it, in it, about it.

Today, in the time in which you live, there are so many individuals who, when they feel doubtful about themselves in how they think, how they feel their degree of talent is not comparable to others, there is a word for this, called ‘excuses’.

Many children are raised in families wherein each individual in the family has a different version of what is right, what is wrong; also, the personalities bring out so many negatives, and sometimes too many positives, thus causing individuals to use their way, their time, their energy, pacing themselves on what they individually feel is attractive to others, or pleases themselves more, not realizing that mentally they have made decisions that could give to them a happier way of life, and not cause themselves to be vulnerable to what others think, speak, or use.

My Words, I know, are different today, but oftentimes it is necessary to deliver Words to awaken the minds of many human beings to more factual situations, because men, women and children, daily, are not always available to the full degree of what would be good for them to understand, to believe, to follow, and to use, according to The Father's Divine Plan.

My Words are different, I know, but Divine Love is in Each One of Them, because each human being has a Portion of The Creator, that he or she will one day have to commit to having

been responsible for all that occurred in the physical way of life.

I smile when I end These Words, because I know They are different for some to understand, but with Each Word Any Saint Here in the Heavens speaks, It is based on Divine Plan. Remember this.”

DECEMBER 5, 2002 AT 12:31 P.M.

GOD THE FATHER

“I hold her deeply because of the Power I used a little before this time.

The world has been Blessed by Me, and through This Miracle I have given Ultimate Reasoning, and purposely spoke many times, so that human beings of all ages would know that it is not a human ability that is occurring.

I am only using the human love for Me, and for All I Will human life to know, to realize that I created human life, using a Portion of Me, thus giving it a Strength, a Goal, that nothing else created is the recipient of.

That is one of the reasons I put This Gift of My Divine Love through *a human being*, so that there could be no mistaking My Will, My Way, My Purpose, My Reasoning, and of course, that I Will all Souls to be returned to Me, from Where They came originally.

Though it is difficult for the human mentality to fathom such a manner of doing things, I speak in

Ultimate Truth and Divine Love for all human life, because through human life Many Saints can return to Me in the proper manner, proper way, that I Decreed this Creation of Mine to accomplish at a given time.

I bless those who work with this *little one*, because it is through their participation they have and will grow deeper in love with Me and the Goal I have waiting for them, so that one day I will be able to call them ‘My Saint’.”

GOD THE FATHER

“*The little one* is in what is termed ‘deep ecstasy’. This is not a common understanding or condition for the average human being.

I have given to the world, through *one voice, one body, one human love* for Me, the Responsibilities to follow for the sake of Souls, in a multiple degree.

It is important that All that has thus far been delivered be spread throughout the world, in spite of the language barrier, or the indiscretions of those who have the vocation of instructing regarding spirituality, morality, purity of the mind and the body, for the sake of the Soul that is one day to be returned to Me.

If human life did not have a personal close Association with What I Am, Who I Am, human life would not have the understanding of what would be moral, what would be important regarding their Association, personal and otherwise, with Me. There are so many individuals who reject the

responsibilities of purity morally, mentally, consciously and verbally.

I have given to the world a Blessing, in which and through which, I am constantly encouraging through My Directions, reminding all of human life that they were created with a Portion of Me, even though they cannot see It. It is called ‘the Soul’.

Some individuals, when they feel close to another one, they use the common expression of being ‘soul mates’. Many times this means much to their closeness. This statement was automatically, unknowingly, taken from what I have told human life, that as they are a Part of Me, I am within them constantly.

I hold *the little one* deeply. She has no choice at these times, but her love for Me shows, through not just her desire to please Me but to obey Me, because it is important, What I have to say to others, using her voice as ‘a connecting link’ to them. I will release her slowly, for the Power I have used on her today is stronger than her small body and her physical strength usually feels.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is oftentimes much emphasis put on what mankind terms ‘nobility’ in heritage, also in knowledge.

The world has been Blessed by This Gift of Divine Love, a Blessing Greater than the human mind can perceive It to be. Each human being born is associated with the Highest Nobility that mankind can perceive nobility to be.

Each birth is The Father’s Will, Love, Intention and Goal for the individual born at any time, in any way. So much could be spoken on the Importance of human life, the Purpose for which it was created, and the Ultimate Goal, for the Soul to return to from Where It came.

I will close My Words, but within Them I hope that the understanding of human life is more obvious, more logical, and understood to be the

Greatest Gift for human beings that anything else would compare to.”

DECEMBER 9, 2002 AT 1:04 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. *The little one* I speak through, I use to deliver so much necessary Information for all of human life, because each human being is the custodian of a Portion of Me that I want returned to Me, in Purity.

I know it is difficult for some to understand, to accept, that I speak at this time through *one small voice*, constantly instilling in those who will read the Words, the Importance for which I created human life, and that I have placed within human life a Portion of Me, called ‘the Soul’.

That Portion, in returning to Me, will not have bones like the body has, will not have flesh like the body has; there will be much difference in what the Soul appears like, than how the body appears as it is created to be.

There are so many times I have spoken in a gentle way, a loving way, with Words of Great Importance for the minds of those who would write

the Words, and for those who will read the Words at a given time.

I have given This Gift of so much Instruction because of the Importance for which I created human life, sharing with human life so much, so many Gifts to give human life the ability to understand that speech, mentality, action of the human limbs, and be able to see with the eyes all that has been available physically. These things automatically say to every human being born, ‘It is logical to realize there is a Goal for my life that I must reach through all the Gifts I have been given in so many areas, so many ways, all reasonable in their meaning.’

There are many important facts, factors in human life. Even if the mentality does not understand certain things, other portions of human life respond in ways that they are capable of using at different times.

I will close My Words, but I close Them with a smile and with My Love for human life because, do not forget, the Soul I have placed within you is a Portion of Me, and when It is returned to Me, I want It in the condition I gave It to you: a Saint.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are Many of Us present at this time, due to the fact that *the little one's* physical is spent because of so much Power that is passed through her every moment of every day.

Though This Power is not understood by human beings of all ages, the Power is of the Greatest Love The Father can give, because it is through the Power that so many Words are delivered, giving Hope, Direction, and the necessity for perseverance because of the Souls that are at stake, because They are the recipients of all the one does; that is, the one in whom They were placed at the moment of conception of the individual.

The Father, in His Love for human life, did not leave it alone. He instilled in it a Portion of Divine Love that would be ever ready to assist, to direct and to accompany every move the individual would take, also what the individual would speak in the earthly manner of life.

So little is truly understood regarding what a Great Gift human life is to those who participate in it. It is gifted with a Goal beyond what the human mind can perceive a Goal to be. That Goal is to return to The Creator of All Things for perpetuity.

***One voice* has been used for a long time, *one body*; that is all The Father needed, because of the importance of All that was to be delivered, enlightening human life to what a privilege it was to be born a human being.**

Time, to individuals of all ages, is the greatest necessity, love and hope that the human mind can perceive it to be. So much has been directed intentionally to awaken the mental, what man would call the 'mentalities' of thousands and thousands and thousands, up to a million and more of human beings, through What has been put into script for them to read, to understand, and to be thankful for, because It is the Foundation, the Basics for them to more fully understand that the privilege of human life was gifted with the privilege of returning the Soul to The Father in a State of Purity, because as the Soul was given

at the moment of conception, It gave a different Form, Manner, Way, Purpose for human life, than anything else created.

I could speak hours on this Gift of Divine Love that no other living matter or thing is the recipient of, but it would be impossible for so much to be remembered, because It is so much, there is so much, always has been so much Divine Love, giving to human life the reasonability of what would be right over what would be wrong, pure over what would be impure, just over what would be injustice.

As I close My Words, it is important that All that has thus far been delivered, be delivered throughout the world. Do not worry about language barrier; let others' conscience, their abilities, and their innate understanding of the True Existence of a Divine Being cause them to research, and to help them better understand that This Gift of Divine Love is for all races, all colors, all creeds, to more fully understand that human life is privileged as no other matter or thing is or ever has been. There is a Future for it, and there is a Divine Love, The Creator of it.

Remember what I have said, because at a later time it will give strength where it is needed, it will give hope, it will give assurance, and it will entitle the individual to return to The Father and be called ‘a Saint’.”

DECEMBER 10, 2002 AT 12:25 P.M.

GOD THE FATHER

“It is obvious that through My Love for this Creation of Mine, called ‘human life’, I instilled many Gifts similar to What I am All About: the Gift of learning, but first the Gift of speech, the mentality to be able to discern subject matter to a fuller degree than it appears when it is spoken or put into script.

My Love is beyond what human life knows love to be. Each day I hear individuals tell others casually or emotionally or earnestly, that they have an innate love for the other person, but oftentimes, the person pointed at or to or about, rarely experiences kindness, generosity, or all the things that would pertain to being the receiver, the receptionist of what love really is all about. Love, to many, has different degrees of expression, participation and action.

Today, the world has been Blessed by so much Divine Love. Granted, it has been openly spoken in many generations of time, but through

This Gift of The Divine, the Love for human life has been addressed through Instructions regarding the Importance of human life and the Goal that awaits the Soul of each human being.

Human life, to many, has no sense of understanding, no reality of greatness, and many times little care as to how it is treated mentally, emotionally, physically.

I will close My Words, but I assure you, human life learned how to love, how to care, how to appreciate, and many other Words could be added to this list regarding the in-depth reality that so much is shrugged off because of it, and that is, that human life has been instilled with a Love to share, to give strength, and definitely to help others cope with the necessity of showing an in-depth hope, that what is occurring will be favorable, and will have given much moral strength, but most of all, much Spiritual strength by Its very existence.”

DECEMBER 11, 2002 AT 12:35 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use to communicate with all ages of human life, all degrees of mentality, all backgrounds, fully understands that This Gift of My Divine Love is of the Utmost Importance to all of mankind.

During the time The Son walked the earth, He was greeted by many, but also insulted by many; but also, there was much jealousy regarding His Abilities, His Understanding, and All that He could speak that showed Honor, Truth, Direction, giving to those who would listen, a greater evaluation regarding how they should respond to all that was occurring; also, what each thing that was practiced or spoken would do to the Soul that they were the custodian of.

At this time, in your time, the conditions are the same. There is so much looseness, laxness practiced, accepted, sometimes to be heard, recognized or greeted, not wanting to be ignored for how they felt about

themselves, always wanting others to see them in a different light, thinking it was a brighter light, even when it was something that catered totally to the demonic venue of actions, participation, direction and loose morality, thus causing the Soul to suffer in areas, ways, degrees, that were harmful, because the Soul desires to return to from Where It came, and the marks made by human beings caused delays, and do to this day.

There are so many men, women and children throughout the world who cannot accept there is a Heaven, a Purgatory, and a Hell. They think it is a thing of the past, a lesson once given that someone thought about, made up to get attention perhaps, or just being used by the devil to ignore the Importance of human life, and what a Great Gift it is, above and beyond all other things created.

There are so many aspects of human life that loudly speak out that human life was created with Gifts inconceivable to other things created, and that human life was Blessed with a Portion of The Creator, to constantly give each creation the strength to better understand the necessity for

self-control, and to never forget that the True Creator of All Things is constantly aware of a Portion of human life that nothing else has the power to have.

It is Important, This Gift The Father — Me, I say, as The Father — gave to the world, because It has instructed in so many ways. There are so many individuals who find themselves more comfortable disbelieving in the magnitude, the beauty, the reality of Truth.

Thousands of pages could be written, put into script, but the human minds of so many individuals find it easier to ignore the magnificence in Truth, and that it has a purpose undeniable because of its protectiveness regarding the human actions, thoughts, abilities of human life.

I speak differently, I know, but the time has come that human beings of all ages must awaken to the Truth, the values of the Truth, the importance of the Truth, and recognize that as a human being, there is strength in this Gift of Divine Love because of the Soul that is within each human life, and

the Soul is constantly, consistently supporting all that is proper, pure, according to the will that human life is instilled with by The One Who created it.

I have spoken many times through this *little voice*. Some seemed casual conversations, but today I speak firmly, because you live in a time wherein so much disregard for what is pure, just, and beneficial to not just the mind of human life, but to the whole being of human life, the whole existence of human life.

My Words are Words of Divine Love. Remember this.”

DECEMBER 12, 2002 AT 11:37 A.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

There are Many Here with Me now because of the Magnitude of What is being delivered through This Gift of The Father’s Love, to awaken all of human life to the Importance of human life, that it was not created in the manner and way that men, women and children are supposing it to have been done.

The Importance of human life has been and is a Gift of Divine Love, beyond what the human mentality can perceive it to be. The Father’s Intention for this Gift of sharing All He Is, What He Is, is beyond what the human mind perceives it to be, but in His Creation of human life, He instilled into it a Portion of Himself that He wants returned to Him in a State of Purity, due to the fact that That Portion of Him is a Gift beyond what the human mentality can perceive It to be. Granted, the design of the human body and mind was dealt with Great

Love, for this to become the tabernacle for the Soul in the human life.

There are so many Words that could be spoken about the Importance of human life, the Gifts of human life, and the Love The Father has for it. Children are not being instructed on what a Precious Gift human life is, because it has a Goal Greater than the human mind can perceive It to be.

When the word ‘goal’ is mentioned, it was meant to be a state of reaching to something worthwhile that would give strength, love, understanding, making human life above all other things. Each time there is an episode of competition amongst human beings, or a mental desire to accomplish something unusual, or something to be able to gain credit for because it is outstanding in purpose, it is called the ‘goal’. Each individual conceived has a Goal, and that is to return to The Father, That Portion of Him, the Soul, the Soul thus being the Gift of Accomplishment, because the Soul, as a Portion of The Creator, is the Greatest Gift a human being can achieve.

I will speak more on this at another time, or Many Others might also use Their Love, Their Understanding, Their Thanksgiving to The Father for allowing Them to reach the Goal that He created human life for, and that is, to be returned to Him bearing the Name ‘Saint’.”

DECEMBER 12, 2002 AT 12:42 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father has Blessed the whole world with This Gift of Communication, of Association, requesting so Many Saints Here in the Heavens speak, so human beings of all ages will understand that there is a Goal to being born man.

Children are not being instructed in the proper way. So many things are based on humanism: the human way, human talents, human abilities, human concerns; thus, ignoring that every human being is gifted with the ability to use what The Father Wills them to know, to practice, to understand, and to be able to communicate in a very beautiful way with other men, women and children who are human, yet different ages in the human way.

This Gift that is a Gift of so much learning, so much Divine Love, is a Gift beyond what the human mind can perceive It to be.

After One from Here speaks, All of The Saints enjoy listening to the human communication regarding What was spoken, and how It was perceived to be.

I will make this time short with you, but I assure you This Gift of The Father's Love will go on until He deems it the time to either change, or that human beings of all ages have a sufficient amount that will help them become 'Saints'."

DECEMBER 13, 2002 AT 11:50 A.M.

GOD THE FATHER

“I use a *small body, a little voice* that follows What I Will to be accomplished for millions of Souls Who, at this time, are being ignored due to so much laxness in morality and in understanding the Goal I have created for human life, because the Soul of each human being is the recipient of all an individual does physically, emotionally, and through the manner of speech that is used for communication.

I have Blessed the world through this *little one*, but she has no concept of the Magnitude that she is practicing with My Will, for My Will, for the benefit of millions of Souls. Her relationship with Me is that of a Father to a daughter and she realizes this through her desire to please Me. Her innocence in Spiritual Responsibilities is never seen by anyone, not even herself.

All that has thus far been delivered is to enlighten all ages, all backgrounds, all intellects of human life to begin to fully understand that

human life was always created to return the Soul that is a Portion of Me, from Where It came.

Though the word ‘Soul’ is oftentimes abused in Its concept, it is necessary for all ages of human life to understand that in My instilling a Soul, a Portion of Me, into every conception of human life, It has always, and always will be, the strength of logic, morality and purity that should never be overlooked by any human being.

So little is being instructed on why I created human life. So much is taken for granted, as if human life was created as the soil on the earth, but this is not so, in logic even. It dismisses, omits the Fact that human life was designed and given the privilege to bear a Portion of Me, to give it the strength, the courage, and a Goal that only human life is the recipient of.

I have Blessed the world, using *one small voice* of obedience. *The little one* is always conscious of My Presence when I allow it to be evidenced in some manner, way, degree, and for a particular purpose.

I close My Words with a small prayer. This, of course, is unusual for Me.

‘My Will is for all of human life, and I beseech all the Souls in human life to remember that They are to be the strength, give the courage to help the one in whom They were placed to cast out all impurities, and remember that the one in whom You are must return to Me, called “a Saint”.’

I add to this, an important point of understanding. The Soul, in Its Love to return, always wants the one in whom It was placed, to remember the Importance of Divine Grace, Divine Love, and to ignore any impurities, injustices, or moral disgrace.

I could speak hours on this subject, but I find that it would be more than could be mentally handled by those who would read It, because there are so many distractions available for them to see.”

DECEMBER 13, 2002 AT 1:10 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

**There are Many present with Me,
All Saints that dearly love This Gift
The Father has given to the world for
the Salvation of Souls.**

**It is important that more be
instructed on the Fact and the Reason
The Father instilled into human
life from its beginning, a Portion of
Himself, called ‘the Soul’.**

**Though it is difficult to fully
understand the Power of The Divine,
it is not like man’s. Man’s powers
are limited to the degree that they
are capable of using what they are,
but The Father’s Powers are Ultimate
in Source, Force. There is no end
or no particular way His Powers can
be explained as The Creator of All
Things.**

**Children are not being instructed
properly, or even minutely, that they
are the custodians of a Precious
Gift that bears the name ‘Soul’. The
Father instilled this Gift into every**

human life that was created, and is being created at this time. The Soul is responsible for all an individual does, because the Soul is the recipient of how an individual thinks, acts, and uses human life.

This may sound strange to some, but the Soul is the recipient far beyond what a human mind can comprehend. It is to be because, do not forget, the Soul is a Portion of The Creator, so all things that the Soul is a Part of, reflects within The Creator of All Things.

You may hear that this last Statement will be difficult for many so-called 'learned' men and women to fully understand, but logic must tell you that all the Magnificent Things The Creator is capable of, cannot be known by any degree of intellect in the human form.

Certain facts of life, actions of life, give to human life a sense of justice, a sense of truth, a sense of having abilities to do many things. Their mentality gives them the background for accomplishments.

Needless to say, I could speak hours on this, but I come today to help all who will read These Words, to be

aware of what a Gift of Divine Love human life is. It has a Purpose, it has a Goal. What more could a human being ask? because these things give life hope, interest, and of course, an instilled Gift of the knowledge that The Creator of All Things is ever present through the Soul of human life. The second there is a conception, He puts a Portion of Himself in this conception, basically giving it the strength to be born a human being.

As I close My Words, I remind you: You have been Blessed in many ways, and you have a Goal to return to The Father, That Portion of Him that you carry through your life, the Soul.”

**DECEMBER 15, 2002
AT APPROXIMATELY 11:15 A.M.**

“There are Many of Us present at all times because This Gift of The Father’s Love can be titled ‘Divine Love’. The world has been Blessed and it is important that much of What has thus far been delivered by so Many of Us Here in the Heavens be passed throughout the world in a casual way.

Some will read Them and see the Value of Them. Some will wonder why they found Them, but do not worry about the situation that We will help in the manner, degree and the way that is feasible for human beings of all ages to cope with This Gift of The Father’s Love that was given to the world The Father’s Way, using human beings to more fully understand the Importance of human life, and that there is a Goal for each life of mankind. The Goal is for That Portion within them, called ‘a Soul’.

***The little one* that is used must always be aware and observant of those who are with her or near her, because of the Importance of The Gift she is**

responsible for and to, because of the Magnitude of Its purpose for the Souls, for without This, mankind will not have the chance or the ability to fulfill The Father's Will for That Portion of them that The Father instills in each human life, the Soul.

Throughout the world there are so many maladjusted human beings thriving on what is immoral, indecent, impure. This Gift of Divine Love that has allowed so much to be put into script, must be delivered throughout the part of the world you live in, and also to other parts of other countries wherein so little is being instructed regarding the Importance of the Soul that each human being is the custodian of.

So much thus far has been delivered through *one small voice*. A strong voice was not necessary because of the importance of the written Word that basically would and could be able to reach more individuals than the burdening-sounding voice in the world, because it is instinctive in human life to read and to remember important issues, Facts that are logical, beneficial and appropriate to their way of living.

Hundreds of Saints desire to speak through this *one small voice*. The Father smiles at this, because *the little one* He uses has a small voice. That is why it is important that All that thus far has been delivered and will be delivered, be put into script so It can never be lost. It must always be available for all time to come, because human beings must learn and fully understand the Importance of human life, and that it has a Goal for the Soul that they are the custodian of.

We hear some say, 'I cannot see my Soul.' I smile when I say My next Words. Is it not true, is it not so, that you cannot see your heart that beats because it is that portion of you that keeps life within you?

So Many Saints Here in the Heavens join in This Gift of Divine Love, because They are aware indepthly on the Importance of the Goal The Father has chosen for a Portion of human life, called 'the Soul'. The Soul is a reflection to Him of all that an individual partakes in as they live the human way of life.

I hold *the little one* deeply, because as I spoke We showed her a

picture of the heart, the beat of the heart, and why the heart was chosen as a sign of life a long time ago.”

DECEMBER 16, 2002 AT 12:37 P.M.

There are Several Saints present.

“*The little one* We All use according to The Father’s Will for human beings of all degrees of intellect, all backgrounds, to more fully understand, to better understand the Importance of human life, that The Father Wills for the Soul of each one to be returned to Him, a Saint.

Though it is difficult for many individuals of all degrees of intellect to understand that *one* such as they are, the human way, has been given such an Important Task, I say to you now: ‘How could it have been another way? Would you have listened if it was a piece of wood talking to you, a brick, a stone, a piece of rope?’ No. The answer is definitely, ‘No.’

Throughout the world many individuals say prayers. Oftentimes they do not fully understand the full measure of meaning of the prayers they say. Many times it is out of habit, many times for other reasons, but I

must add that it is rare that prayers are spoken in the manner and respect due Them.

The world has been Blessed abundantly many years ago when This Gift was first given, immediately speaking What The Father Willed to be said, to be spoken, so that those present would understand the full meaning of the Messages. It is sad for Me to say so much is taken for granted, and has been taken for granted, because so many of all ages ignore what a privilege it is for These Messages to be delivered through *a human voice*, not a voice that is just being heard with no body attached to it.

The Father Wills This Gift of His Divine Love to be seen as a logical Communication of Divine Love, understandable to the mental of all ages of human life, all backgrounds. Needless to say, so much more could be spoken on The Father's Intentions regarding This Gift of His Divine Love, and yet We hear resistance to It, mockery of It, and jealousy abounds because of It, many times by so-called 'learned' individuals who innately feel that they know how The Father would

reveal What He Willed human life to understand on all subjects.

Today I will close My Words with a prayer, because you do live in a time of much immorality, much greed, much jealousy, and much inadequacy on understanding the Beauty of what human life is all about, and that it has a Goal Greater than the human mind can perceive It to be.

I will add one thing: It is sad when All of Us Here in the Heavens hear individuals using prayer in a tone of mockery, with very little sensitivity to what the prayer means, and of course, the One to Whom they are praying. Never let it be said that Saints do not cry. They do, when so much dishonor and disgrace is shown verbally, physically, mentally, immorally, to The Divine.”

DECEMBER 17, 2002 AT 12:24 P.M.

SAINT BERNADETTE

“I am Saint Bernadette.

The Father has Blessed the world with This Gift of His Divine Love for human life. So many men, women and children ignore the fact that in the Creation of human life there were many Gifts instilled, many abilities, so that human life would have the privilege, the advantages that nothing else created was gifted with, or would be gifted with in the same degree or reasons.

There are so many individuals, men, women and children, who take all things for granted, and ignore things that are unusual or beyond their comprehension, or that they are incapable of using through their own mentality, or their own physical abilities.

Through This Gift of Instilling so much to the world of human life, helping men, women and children more fully understand that human life is a Great Portion of Divine Plan, there are many things that human life is

capable of doing that nothing else has the capacity or mentality to handle, to use, or to be a part of.

There is one other Special Gift that human life is gifted with, and that is a Portion of The Creator. The word 'Soul' to many people of all ages does not, cannot be seen for the Soul having to be a Greater Gift than anything else they possess, they are capable of, because the Soul in Its quiet manner, and yet Its ability to help the mentality of a human being understand more about what is greater, what is lesser, what is natural, what is not natural, what is good over what is evil. The list is endless.

I will close My Words. I could speak hours on the Precious Gift of human life, and that in The Father's Love of this Creation of His, He has openly spoken and addressed the Goal that a Portion of human life is capable of reaching, that nothing else created has the privilege of, for, with, because the Soul, as a Portion of The Creator, openly separates human creation from all other things created, and it is instinctive in the human mind to feel, to sense the difference in how actions speak, words speak, causing the human

mind to more fully understand that no animal, and nothing created in or on the earth, is equal to the Creation of human life.

I beseech you, think about this, and be thankful for the Gift of human life, because it has a Goal because it is gifted with a Soul, a Portion of The Creator, that nothing else has.”

DECEMBER 18, 2002 AT 1:08 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile at this *little one* in which so much is delivered according to The Father’s Will and His Love for human life.

All that has thus far been given is of the utmost importance to all degrees of intellect, all backgrounds, because All that has been delivered is to aid each one in the Direction for which they were created, and that is to return to The Father, That Portion of them that is a Portion of Him, called ‘the Soul’.

Much jealousy surrounds this *little one*, in some ways even hate, but she casts all of this off because of the importance of What We All have to say. Hundreds and Hundreds of Saints Here in the Heavens enjoy just hearing Another One speak through This Gift of The Father’s Love, because through What is spoken, the open awareness that It is for the benefit of Souls is of the Greatest Importance, because the Souls are oftentimes neglected

through the human personalities, natures, understanding and abilities of the ones in whom They were placed at the moment of his or her conception.

A Soul is reality, even though It cannot be seen, but the Soul is innately felt, but many times misunderstood as It being something else. The Soul is a Blessing to each human creation, because It is a Portion of The Creator, due to the fact that each human being has a Soul that is a Gift of Divine Love above and beyond human understanding, perception.

So much has been delivered through this *little one*, and so much is for the good of millions of Souls, if they will but read the Words, and understand the Words to be of great help to them regarding how they think, how they act, how they speak, and how they, in their way, can give hope, direction to others in the human way.

Millions of Words have been spoken, even just in a verbal way, not always put into script, because each human being has the ability to understand the importance of the spoken Word, and be able to remember what

effect It had at a particular time on them.

All of The Saints Here in the Heavens take part in This Gift of The Father's Love, because it is through This Gift that millions of Souls will be given a greater chance to return to The Father in a State of Purity based on Divine Love.

As I close My Words, I beseech those who put Them into script, to pass All that has thus far been delivered, because All of Us Here in the Heavens see such a great need for others to read the Words that will give them hope and more ability to value having been born a human being.

I bless those who take My Words, because what you are doing is what The Father Wills for the Souls of millions of human beings to one day return to Him, a Saint. Without the written Word, there is very little being presented in instruction, in logic, in purpose, for others to see, feel, understand, that the birth of human life is The Father's Love for human life, and has an Important Part in His Divine Plan."

DECEMBER 19, 2002 AT 12:24 P.M.

THE SACRED HEART

“I am The Sacred Heart.

The Father, in His Love for this Creation of His, has instilled in it the wonder of being able to understand facts that are important to the lives of man.

Children are not being instructed thoroughly on the importance of what they say, do, or even on their emotional thinking, because it is important for them to understand that every act a human being, every thought a human being, every word a human being is part of, reflects in the Soul of the human being.

In so many places throughout the world, important papers, identifications and legal matters are put into print and copied because of the importance of them, and the purpose for them to be ready, to be seen because of a situation, a condition, or certain matters that are important for the livelihood of human life of particular individuals, or for a large number of human beings.

Today as I speak, I speak with Deep Love for human life, because human life is the bearer of a Portion of The Creator of All Things. This Gift should never be ignored or dismissed, should never be set aside as It being impractical, illogical.

The world has been Blessed, human life has been Blessed, because in human life there is instilled a memory which could be called a ‘Capsule of Divine Love’, never to be misplaced, set aside or destroyed.

All of The Saints Here in the Heavens love This Miracle, because logic should tell human beings that no human mind could speak for The Divine.

As We All join in here and close the Words with Love and Hope, We say together, ‘Always remember you have a Soul that is a Portion of The Creator, that He Wills to be returned to Him in a degree, in a manner, and be called Saint.’”

SAINT ALPHONSUS LIGUORI
SAINT ALOYSIUS
PADRE PIO

There are Three Here: Saint Alphonsus Liguori, Saint Aloysius; and He's smiling and He says, "Yes, I am Padre Pio."

"The Father, in His Love for this *little one* He uses, allows so much to be spoken, giving to those who will read the Words, Information that they could receive no other place. How I mean this is: What is delivered through This Gift of Divine Love is spoken in a manner, way and degree, understandable to many, many individuals who have no concept of what The Divine is like, because when they learned about The Saints, and of course, The Creator of All Things, it was delivered in a practical, and many times, indifferent manner, thus not allowing the Beauty, the Greatness and the Divine Love that exists between The Divine and human life to be seen for the close Association, and yet for the Goal that

each human being has the ability to reach for, and attain at a given time.

The little one through whom We All speak is ever conscious of Every Word, wanting all things to be exactly as The Father Wills the Words to be, and never be one iota out of His Context, His Meaning, His Love, because of the Importance of the Communication that is available at this time so openly between The Heavenly Father, The Heavenly King, and human life.

So Many Saints Here in the Heavens treasure the time that is spoken through *one small voice*, reiterating All the Words chosen that the Father Wills human life to know, to think about, to remember, because the Communication is Divine Love for human life, Greater than anyone perceives It to be, understands It to be.

Divine Love is evident in All that has thus far been delivered and will be delivered, until a given time when All that has been said will have been spoken and put into print as The Father Wills it to be.

My next Words are sad. So many individuals of all ages, in their way of

prayer, they are lax in their sincerity and their realization regarding the One they are speaking to. So much is taken for granted, and put in a way as though there is no difference between themselves and the One to Whom they are speaking. So much respect is lost. Communication with The Divine is not practiced, or seen for the magnitude of privilege that is associated with it, or should be associated with it.

Children are not being instructed on the dignity that is necessary when they say a prayer. They are not being instructed on the Importance of Who they are communicating with. They are being allowed to be casual, indifferent and disrespectful, as though they are talking to one of their own kind, their own age, on and in a normal situation. Prayer must be a respectful time, because you are talking to The Divine.

We hold *the little one* tightly, because when We speak she realizes the importance of the Communication that is not ordinary.

The world has been Blessed abundantly by This Gift of The Father's Love that bears the Name of The

Beloved Saint Joseph, Who in reality is only known as ‘The Foster Father of The Son of God’. Do you not wonder why this Title was made so simple, why human beings did not see the Greatness in this Title, and see that The Father’s Will had to be His Love for This Individual Who, according to so many writings, supposedly lived a very natural way of life? Logic should tell all who see or read or hear, the logic is evident that to be named ‘The Foster Father of The Son of God’ was a Higher and Greater Position than the average human being understands it to be, or to have been.

Saint Joseph deserves Honor in an Ultimate Way, because of the Importance of Who He Is, What He Stands For.

I hold *the little one* tightly. So much has been delivered through her that the Power We have to use for her small body is a Power unknown to the human minds of those who are told about This Gift of The Father’s Love, that has given to all walks of life the importance of mankind’s understanding regarding what is called ‘The Foster Father of The Son of God’. This alone should tell how Important This

Individual Saint is, was, and always will be.

I hold *the little one* tightly. Even though her body is used to hearing so Many, and so much, the Power that We use is far stronger than the human mind of human life can perceive It to be.

As I close My Words, I ask you to remember: As you awaken each day, remember to make '*The Sign of The Cross*', and before you decide it is time to close your eyes at night, you repeat this Act of Recognition to The Holy Trinity."

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Human nature of all degrees of intellect automatically have times when they look for happiness. Each individual has a different degree of what happiness means to them, but also, the type or what causes the happiness has a multiple number of ways, because each human being’s mentality enjoys a different format, form of what pleases them, and/or what gives them a happiness to be a part of, or to hear with their ears.

Hearing is a tremendous Gift of Divine Love. It has many, many assets to it. Hearing allows an individual to partake in what others are thinking, speaking, acting out; or hearing can be a private thing. There are many ways that this can come about.

Human life has been Blessed with so many Gifts. Sight is a Gift that nothing else can compare to, because sight shows what is obviously there.

Another Blessing and Gift is the sense of touch, sensitivity to the flesh that many times is very informative to the mentality, whether it be something physical or whether it be something that an individual remembers as having been exposed to: different types of leather, different materials, different things that they work with that give them the abilities to understand what they can do with what they work with.

These subjects are different I know, but then there is the sensitivity of hearing a voice, remembering who it is, and remembering that the living part of that person helps happiness to reign, or sadness even, but it is a communicative Gift of Divine Love; most would say ‘communication’.

When children first begin to hear a voice when they are born, they hear a voice and it draws their attention. It is a connecting link beyond what the average adult understands it to be, because it is often thought, ‘The child is too young to perceive, to understand who I am, what I am.’ Do not be too sure about this. Do not forget, before the birth of a child, the child hears many voices, many sounds that adults

do not even think about. In some ways it's a learning period. It does not just happen when the child is born.

Many will disagree with My Wording, and feel that it is not quite that way, but never forget, when you speak to The Creator of All Things, do you see His Presence, or do you depend upon His Ability to hear your voice, or to read your mind?

The senses of human life are Gifts beyond what has ever truly been understandable, but I speak like this today because of the importance of this Gift of Divine Love.

The little one who delivers the Words does not hear the voice, but as the Words are spoken, it is in a manner and way just like a voice. It gives strength, assurance, understanding, and the ability to transmit the Words so others will have the chance, the privilege to put Them in writing.

What I have just spoken is of great importance, because the mentality of human life has responsibilities above and beyond what it realizes. Every act, action, thought, word, deed, has Someone or Something that knows it is occurring.

As I close the Words, I bless those who take Them, and I sincerely pray with the Will of The Creator that much will be learned, understood and remembered.”

DECEMBER 22, 2002
AT APPROXIMATELY 10:45 A.M.

GOD THE FATHER

“The little one I use is more with Me than with you. It is important that the world know of This Gift I have delivered so willingly, so sincerely, for human beings of all ages to better understand Me.

Though there are many throughout the world who feel they are teaching My Way, My Will, it is not so. They are giving their interpretation of how they feel and how they understand other verbal language, written language to appeal to them because they feel it is more simple to understand.

The little one I use every moment of every day bears a loneliness inconceivable because, do not forget, she cannot hear My Voice, she cannot see My Face, but she knows My Presence immediately. There is never a doubt within her. Her obedience is beyond what the human race of life can perceive obedience to be.

Though all looks natural outwardly, it is I Who chose *a human being* to walk for Me and to deliver My Will according to how I Will it to be learned, to be understood, to be followed, giving Hope to a Future for the Soul that each human being is the custodian of.

If human life were created without That Portion of Me, human life would be like all other things: a tree, an animal, a bush, and many other things. It is difficult for thousands of individuals who read These Words and All before These, to fully understand the Magnitude of how I feel about human life.

***The little one* is many times embarrassed when I desire to speak with others present. I smile at this. She is more sensitive and more modest than anyone can perceive it to be. She worries much about the Souls who ignore what I have thus far given, because they do not want it to be that I would speak through *one woman*. They would expect Me to shout so loud, be firm. This way would not be My Way, because My Love for human life is a Blessing beyond what man knows It to be.**

I will close My Words at this time, but I assure you I will speak again when I know the time is right, because the Souls I have placed within human beings are a Portion of Me. I have come to the world to protect Them in My Way, because human beings of all different intellects, favor material things or humanistic ideas, pleasures.

As I close My Words, I bless those with *the little one*, and I bless those who, after they read These Words, will more fully understand that I created human life, instilled a Portion of Me within it, thus giving help to every human being to understand: I, The Father, have a Portion of them as they have a Portion of Me. So be it.”

DECEMBER 24, 2002 AT 8:50 A.M.

GOD THE FATHER

“*The little one* I have chosen for a Very Important Task, Duty for Me, for not just thousands of human beings, but the number will eventually be millions, due to the fact the Words I have requested to be put into print will cause a multiple of number to understand how close I Am and how much I love human beings that are called, is called, has been called ‘man’.

***The little one* I use is not fully understood by other human beings because of her immediate reaction to This Gift of My Divine Love for all human beings. Her tiredness, her exhaustion is not like other human beings. It would be difficult for others to understand the Power, and the strength it takes for All that is delivered through *one small body, one small voice*. Many times it is never thought about. It is all understood to be casual, normal, and without the body being able to handle a Power Greater than human beings understand.**

All that has thus far been delivered must be seen by millions of human beings, to awaken their mentality to more fully understand that human life was created for a Greater Plan than the human mind normally can understand.

As I close My Words, but not My Presence through this *little one*, I bless her with thanksgiving for her obedience to My Will, because My Will oftentimes has a Power in It beyond what the human mind can perceive It to be.

I hear many say, 'I wish I was her.' That is because they do not fully see or understand that life, walking the Path she walks, is like walking on two planets at one time. One feels natural and the other beyond human understanding, and it is not always mild because it takes a strength mentally, morally and physically, that nothing else can be compared to in the way of man.

As I close My Words, I bless those with her and those who will, through their trust, love and desire, help others. I'm seeing to it that All that I

have thus far given will spread more rapidly than It has.

My Love is Greater than man knows Love to be, but My Goal for the Souls of human life is to return to Me.”

DECEMBER 25, 2002 AT 2:50 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The little one We All use because The Father has chosen this *little one* to walk a Path of delivering to all of human life The Father’s Will, but also All Messages for different Saints Here in the Heavens to be able to relay to those who are yet walking in the way of human life, to more fully understand what a privilege it is to be born as a human being, the ability to understand The Father’s Will and What He Wants human beings of all ages to be able to see the reality of, the purpose for, and the need of how they act, speak, and relate to each other, because within them they have a Portion of The Creator. It is called ‘a Soul’. It is the Connecting Link of Divine Love that enables human beings of all ages to sense, to feel, to understand that human life was created by and for Divine Plan.

This Gift of This Miracle in which so much has been requested to be put into script, is the Greatest Gift The

Father can give to human life, because it is a constant awareness of what human life has the ability to reach for at a given time, a Place for the Soul to return to The Father as a Saint.

Throughout the world there is so much discrepancy and so many who feel they have the answers to why human life has been given.

***The little one* I use is actually listening to Four of Us speak. We All smile at this, because We are letting her see Us as she has never seen it before, thus appearing to her in a conversational way, displaying that We Saints do communicate with Each Other. It is The Father's Will because of the Souls of millions of human beings. What I have just said is important, because it must be known that all actions, all words, all associations that a human being uses, is recorded for specific reasons because of the Souls Who are the recipients of all an individual does, says, thinks, practices.**

I have spoken differently, I know, but My Words are to help all present and all who will read Them, to see how

close human life is to Divine Will, Way, constantly.

We hold *the little one* deeply because her body, her mentality has been used so much, and her will to please what The Father Wills is beyond human understanding or mentality. She worries over disbelievers, innately feeling that if they do not read What has been spoken, and be able to practice what is directed best for their Souls, they will be lost and not be able to enter The Kingdom of Heaven. This *little one* worries much over what is wrong because of the Souls that are ‘the victims’ and will pay greatly for all that has occurred through the one in whom They were placed at the moment of conception. She pleads with The Father, ‘Please be easy on Them.’ The Father smiles.

All that has thus far been delivered, over a long period of time, has given to the world so much Direction and the realism that human life has a Portion of The Creator within them, called ‘the Soul’.

As I close My Words, I close Them with Deep Concern for so many who are rejecting This Gift of Divine Love:

some out of contempt for It, some out of jealousy of It, and some because they prefer to not think about It because it puts a burden of responsibility on their body, and also how they want to live each day morally; thus, in reality saying, if they are so concerned over their accountability, then it will cause them to think more strongly on how they act and not allow them some of the pleasures they find in immoral actions, thoughts, associations, and what they term 'benefits'.

I will close My Words, because *the little one* through whom We All speak, has in many ways today fulfilled a Great Responsibility, not noticeable to others, but morally, physically, psychologically and humanly, because of her love for human life.”

DECEMBER 30, 2002 AT 12:40 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one The Father has chosen to repeat What He Wills delivered from so Many Here in the Heavens, for the benefit of the Souls of millions of human beings. He uses *one voice*. It is sufficient, because through *the one voice* there is only *one mentality* accepting What is delivered, thus keeping any interference away from interrupting What The Father Wills All the Words to say.

As each day arises with what is called ‘early morning’, individuals of all ages, all backgrounds, all intellects, approach each day with a different idea, a different goal. Even when the goals are on one subject, the mentalities differ many times in how to approach and how to fulfill the meaning.

Prayer is a very important part of human life, because prayer comes from another Source, not just the intellect. Prayer is definitely instilled, even when the prayer is known to be word

for word, because it is the prayer that will suffice, give strength, and will be appropriate for the subject matter that the individual will be forced to, or introduced to, that day or in a coming time.

The mind is taken for granted. The subjects in the mind are taken for granted. Very rarely is it thought to be a subject that The Father Wills to have spread for the benefit of Souls that an individual will meet at that time, or some time soon.

The mentality of human life has the ability to serve in a dignified, logical way. Egotism does not help the subject, only sincere, honest, careful ability. The average human being does not realize the importance of communication, even on a daily basis.

So much can be accomplished morally, physically, emotionally, mentally, but subject matter oftentimes is brought about by a subject that has no logic to it, no sensitivity in it, no direction for it, but it is a case wherein the human mentality does not look at what a Gift speech is, understanding is, or the importance of subject matter that is healthful, and sometimes even

healing to the other individual to whom they are speaking. The Gift of speech is not always seen for the greatness it is, and what can result from it.

I could speak hours on this subject, but it is time that it be seen as one of the most important Gifts human life has, because it can register in the minds of others, purity, insolence, courage, stability, or important words that give strength, hope, direction, that enables the one hearing the words to accomplish something that was not a subject openly, but it was an inward need that needed help.

All of the Words The Father allows to be delivered through This Gift are Gifts of Divine Love, because it is a Miracle encouraging all degrees of intellects to see the Importance of life, and that it was created for a Purpose other than they understand it to be, and it has a Goal to be able to one day bear the Name 'Saint'."

JANUARY 2, 2003 AT 12:08 P.M.

GOD THE FATHER

“The ‘Preparations’ for more to be accomplished are continuing in a slightly different mode or way, because of the necessity for this *little one’s* body to be able to adjust to All I have to say.

I could speak hours on all that has yet to be accomplished to aid, help, and ensure men, women and children of all ages, that I Will them to be constantly aware of the Importance of human life, and the Goal for the Soul that constantly pleads for Me to instruct the human beings of their responsibilities for That Portion of them that I Am.”

JANUARY 2, 2003 AT 1:00 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

Divine Love is openly expressed in so many ways, allowing so Many of Us Saints to speak on subjects very meaningful, encouraging, and very direct in the context that is usually regarding the Importance of the Creation of human life, the importance of how one lives when he or she is born as a human being.

So many times it has been spoken through This Gift of Divine Love, regarding the fact that you do live in a time worse than Sodom and Gomorrah. We hear so many individuals say that they do not understand all that is spoken against Sodom and Gomorrah, because they did not live at that time and all they hear is what others determine it to have been.

Let Me take you back thousands of years ago. Refinement was not spoken about in the manner you know it to be today. A way of life was not as you know it to be today. There are so many things that, through time, The

Father has given as Direction, because of the Soul that each individual is the custodian of.

In the beginning of civilization, many things were not spoken about, because the learning had to be done through The Father's Way of attracting human beings to more fully understand what a privilege it was to be born as man, and that it had responsibilities. It was not to be treated in an animalistic mode of life; it was superior to this life, so it had to be treated with more logic and more purity in actions, thoughts, goals, ideals, and of course, purpose.

You do live in a time that has become less understanding regarding the privilege of human life, and that human life bears a Portion of The Creator. We hear so many say, 'I do not see what You talk about, what You speak about.' That is true to a degree, but human intellect allows an individual to innately sense what is pure in actions over what is impure, what is just over what is unjust, what is correct over what is incorrect.

Thousands, even millions of Words could be spoken on the Importance of the Gift of human life. No human

mind can perceive the fullness of it, because there are so many distractions, and there is so much vulnerability available for all ages of human life to accept or to imitate all that is undignified, impure, causing human life to be less than animalistic in decisions pertaining to what they do, what they practice, what they accept, not by accident, but intentionally.

These Words I am going to say have been spoken before. The reason I say Them this way is because at one time the Words had much meaning in Them, due to the circumstances that were evident. You do live in a time worse than Sodom and Gomorrah, but even more than this, you live in a time when human life was just beginning to understand what a Precious Gift human life was, because of all that was given to the mentality in knowing and understanding that some things were wrong; not just displeasing, but disgraceful to be a part of.

Impurities in any form, degree, manner, or excuseful in allowing it to happen, should be more fully understood and not ignored by thousands of individual people of all ages, every day.

I speak differently today, but if I were a human being living the human way of life, I assure you, I would fear the Words that have just been spoken, because so much wrong has become prevalent in how human beings of all ages abuse the Soul that they are the custodian of, not accepting the Fact that their Soul is a Portion of The Creator, and must be returned to The Creator, Pure in every aspect.

It is sad for All of Us Here in the Heavens to hear so many excuses. In truth, they aren't even excuses; it is basically what the enemy of The Creator of All Things, and all human life, encourages weakness to be acceptable in all ways where the body is concerned, because when the body is abused, the Soul is the recipient of all you do.

As I close My Words, I beseech those who put Them into print and those who read Them, the very fact that They have been put into print with so much detail should make everyone see The Father's Love for human life, and that human life has a Goal that nothing else created is Blessed with."

JANUARY 3, 2003 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father. Standing alongside of Me is your Heavenly Mother. We are surrounded by Many Saints, because there is so much Love for This Gift that is not just to encourage human beings, but to give them the strength to persevere in what is sound morally, and what is according to The Commandments that were given a long time ago.

True, The Commandments were shortened with the purpose for others to be able to learn the important facts of each one, because for some individuals lengthy verses are difficult to remember the content of.

I have put this *little one* through another ‘Preparation’, not easy for the human body or mind, but it is important that all those who believe in This Gift of Mine, never forget, the Importance of human life is greater than any other living matter or thing, because human life is gifted with a Portion of Me, called ‘the Soul’.

There are so many errors by humanism, by individuals who feel they have the power to instruct others on What I Am, Who I Am, All I Am, and of course, what Communication I have with human life.

I have given to the world a Gift far greater than the human mind can perceive It to be. There have been Others in previous times Who also suffered for the benefit of Souls to be returned to Me, Saints. You live in a time wherein I chose *one small body*, but do not forget, I surrounded her with others I knew would feel the importance of What would be delivered through her for the benefit of millions of Souls throughout the world.

We hear some say, ‘All do not speak our language, Father.’ I smile at this. Language is not a problem, because language is many times based on understanding, attitude, and abilities to perceive what is morally right, sound, what is morally what I would Will mankind to practice in all areas of life.

I hold *the little one* tightly, for she is close to collapse. The Power I use is Greater than any power human life

can compare It to, because My Power is not just Light but Enlightenment, and within It, It speaks of the Purpose and the Divine Love for which I created human life.

I could speak hours and hours and hours to give strength to those who find little belief in how I would come to the earth in the manner I do, and speak the way I do, through *one small voice*.

The world has been Blessed abundantly, and All that has thus far been delivered by Me or Any Others Here in the Heavens, must never be stopped from being sent to where others live, because do not forget they, too, need the understanding of All that is spoken, and the reasonability of so much being delivered, instructing them on What I Will for them, and that is to one day be returned to Me, a Saint.

This Statement does not mean all will be known as Saints to others who will yet be in the human way, but Sainthood in many ways is a Quiet Place of Divine Love that nothing else can compare to.

In human life, it is innate in most individuals to want to be successful. They will do many things to achieve it. This idea, whether it is known to be or not, was copied because of My Will and the Way I displayed It at another time in Human History.

I will close My Words with a Blessing, and this Blessing is for your Souls and for your way of life, because do not forget your Soul is a Portion of Me, and you, when you were born, was a Gift of My Divine Love making you a human being.”

JANUARY 6, 2003 AT 12:06 P.M.

GOD THE FATHER

“This *little one* has gone through and is finishing now, a ‘Preparation’ to do My Will according to how I Will it to be done for the sake of millions of Souls. It has not been an easy Preparation, due to the fact that I used Power unknown to human life to instill in her My Will above and beyond what is normal to human life. Each time I have had to prepare her for an important issue, fact, or decision, it takes a tremendous toll on her physical and mental strengths because of the Power I must use, that only I have.

I have instructed her to use what I have instilled, even though it will not be understood or accepted by other human beings, but My Will will be accomplished, due to the fact that the Preparations I have put her through were difficult, far beyond what any human mind can perceive Them to be. She must not allow herself to be a victim of others’ ideas. She knows this. My Will is the Important Gift to This Miracle that gives so much Help, Strength, Dignity and Divine Love, to

not just the thinking of other human beings, but the will to follow how I Declare things to be.

Much jealousy surrounds this *little one*. I have instructed her to ignore it because the enemy of all there is, uses jealousy, dominance, and ugly perseverance to fulfill what is not good for the Souls of human beings.

Her exhaustion is not easily tampered with by other human beings, because I am in control of all she is, all she is capable of doing, and her will to do it in My Name because of the necessity of Souls to be returned to Me through This Gift of My Divine Love.

Enemies abound, but only through arrogance, jealousy, jealousies, and indifference to the Importance of what human life was created for and with: a Portion of Me.

At the Time, a long time ago, that the Crucifixion took place, it was allowed only for the future, helping all of human life to fully understand that what is wrong in human life, most times will try to destroy all the good, the pure, the right, and the just.

As I close My Words, I close Them with an important word, 'Justice', because in Justice there is Truth, and in Justice My Love abounds."

JANUARY 6, 2003 AT 1:04 P.M.

PADRE PIO

“I am Padre Pio. I have not spoken often in an open manner, way, in This Gift of Divine Love, but I have spoken many times to encourage *the instrument* of Divine Love to understand that obedience to The Father’s Will is of the utmost importance for millions of Souls.

When I was requested to speak today, I smiled and thanked for the privilege to be able to partake in This Gift of Divine Love for all of human beings’ Souls.

In the human way of life, most men, women and children never think that they have within them a Portion Greater than their imagination or intellect can perceive It to be. It’s what makes human life so Important, so Special, because it is That Portion of human life that will be what represents the individual one day, at a time The Father Wills it to be.

The Soul is not recognized in the human thinking, manner of understanding or sound ability

to comprehend, because to have a Portion of The Divine, to all living matter is unthinkable, due to the human understanding that something materialistic or humanistic has the privilege that the Soul has, giving to human beings of all ages, all ways of life, a close Communication with The Divine at all times.

It is a privilege for Me to talk today, to speak Words of encouragement, due to the fact that it was not long ago that I walked the human way, and now I know that My Soul is What is talking to you today. It bears My Name, The Father's Will, and the Love of The Divine to give strength to those who will read the Words, hear about the Words, after having known that I walked the earth not too long a time from now, and I have the privilege now to communicate through the Soul that was with me through my whole lifetime.

I requested the Father, 'May I bless them the way I used to bless?' He nodded His Head 'Yes.' *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*"

JANUARY 7, 2003 AT 1:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world many subjects, many areas I want them to more fully understand the Importance of human life that I designed and developed as man.

I address this subject with much Love, much Care, and yes, much Concern, due to the fact there are so many different languages of speech throughout the world. Oftentimes when I deliver Words in one language, it is many times misinterpreted in meaning in another manner of speech.

I am addressing a subject now that is to draw your attention to it, because of its importance. I created human life, because within it I felt I would be able to give human beings of all degrees of intellect not just the opportunity, but the will and the desire to more fully understand Me.

Children throughout the world are learning prayer, but so much of it is diluted or cast aside, leaving little

sound meaning to its content regarding Me.

What I have just spoken is because of My Deep Love and Concern for this creation that I cherish, because within it I have placed a Portion of Myself, thus giving it the strength and more abilities than any other thing I created, but I have given human life a Goal, and that is to return to Me, That Portion of Me, the Soul.

I could speak hours on this subject, because of My Deep Love for human life. I oftentimes see individuals cherish a diamond or some other jewel, but they are careless about the Most Important Part of themselves, their Soul.

Needless to say, in This Gift of My Divine Love, allowing so much to be instructed on the Importance of human life, and the Goal that I created for it to be able to have a Special Place to return to, because it would be returning to Me from Where it was created, and that is My Love for human life.

I could speak thousands of Words depicting All I have just spoken, but I sincerely feel My Conciseness states

My Love for this Creation of Mine clearly and sincerely, depicting My Will for each one to be returned to Me in a State of Purity, to be with Me Forever and ever and ever.”

JANUARY 8, 2003 AT 11:54 A.M.

GOD THE FATHER

“*The little one* is now burdened with all the ‘Preparations’ that had to take place to reach this point that is so necessary for This Gift of My Divine Love to achieve all that I Will It to achieve.

Though it is difficult on her physically, mentally, emotionally, I know she will persevere in what has to be accomplished for the sake of a multiple number of Souls.

Though I have Blessed the world, I have used *one small body* to handle all that was necessary to accomplish what had to be done to announce, to hopefully millions of human beings, that as the custodian of a Portion of Me, they must use their wills, their intentions, and their human practices, in means regarding matters that they are confronted with in the daily way of life.

Though it is difficult for millions of human beings to innately understand that human life is gifted with

a Portion of Me that they cannot see, cannot feel, but innately know It is there because of their logic in the reality that as I created them, I instilled in them a Purpose and a Goal that nothing else living has the privilege to have.

Thousands of Words have been spoken through This Gift of My Divine Love. I have given This Gift in a Personal Way, because I could find no human being able or capable to be full example of, or fully knowledgeable in what a Close Relationship I have with them.

Though it may be difficult for so-called 'learned' men and women throughout the world to accept, agree, or understand What I have just spoken, it is important that the Words reach them, helping them to the degree they can handle, and in the manner capable for them to read so it will not just be the spoken Words they hear, but It will be in script for them to evaluate It and recognize It as a Gift of My Divine Love to them, because of That Portion within them that is so Important for Me, to Me, of Me.

I close My Words with a prayer:

*‘As You innately know, Dear
Father in Heaven, I love You.
Please help me to follow
Your Will so that one day
I will be in Your Presence
personally.’”*

“The Reason, the Purpose for This Gift of My Divine Love amounting to so many years of Its existing, to give to all degrees of mentalities a fuller, more in-depth understanding why human life was created, and through the human practices of daily living, there was a Portion, there is a Portion, there always has been a Portion of The Creator evident, even since the beginning of time; even when the mentalities of human life did not have multiplicity of so much intellect, and a fuller understanding of what was moral over what was immoral, just over what was unjust.

You live in a time when so much is being ignored that is beneficial to every facet of life. Sometimes, many times, most times, the only time an individual inwardly admits to himself or herself that there is a Supreme Power is when they are personally in need of help.

So little logic is spoken regarding the impurities of the mind and the

body that accumulate, not due to the weaknesses of human beings, but due to their sinfulness that is instilled with lust and many other such wording as this is.

Though I speak differently, it is time that human beings of all ages begin to correct what is immoral in their way of life. Immorality is an injustice to The Creator, because it only pleases the enemy of The Creator and of human life, due to the fact that the Soul is the recipient of everything an individual thinks, practices or is involved in.

Millions of Words could be spoken on so many subjects that are detrimental to the Souls of human life, but the human part of men, women and children seem to favor lust and personal association that they innately know is harmful to them in many ways, morally, mentally and physically, plus to their Soul.

I could speak hours on end, but I will close My Words at this time, because to even say Them brings tears to My Eyes, because I am forced to put these things out in the open for them to be thought about. Many times

thoughts weaken the minds of those who hear them, or read them. That is why The Father Here in the Heavens delivers and encourages All of Us to deliver things of a positive, moral, healthy, loving, serving way, so as not to trigger anything impure in anyone's mentality, in any way.

I will close now, but I will return at a later time, because What I have just spoken disturbs Me to say.”

JANUARY 9, 2003 AT 11:55 A.M.

GOD THE FATHER

“Due to the sensitivity this *little one* is used to respecting, honoring and understanding, because of how I approach her on all issues in all manner of directions, she is more sensitive to sound and her surroundings than can be or could be understandable to others.

As I speak today, I speak with Deep Love for human life because I created it out of My Love, giving it a Portion of Me to sustain it in many areas of the living way that I designed, giving to human life the abilities that nothing else created has.

I have Blessed the world through *one small voice*, but in so many areas of rejection, it is only due to the fact that jealousy or egotism become the major factor in not wanting to accept My Love in the Great Degree I give It. Logic should tell human beings of all ages that My Communication would be through *one small voice* rather than a loud penetrating sound, because there is more peace in how I do it, and the

ability to learn more when the sound is sensitive, loving and caring.

I will return as soon as *the child* gains some strength to be able to feel My Presence in the fullness to be able to speak What I Will her to speak, so that others will find it beneficial in their way of life and as a Gift to their Soul from Me.”

JANUARY 9, 2003 AT 12:16 P.M.

GOD THE FATHER

“Do not be frightened. I am putting her through an extensive change that she is not totally familiar with. It will be a big adjustment for her, but she will accommodate more of What I Will to be delivered for the sake of Souls of millions of human beings who, under ordinary circumstances, would survive only on the small degree of understanding they have for Me.

The more an individual can consume in understanding all there is for human life to accept, to achieve, and be a personal part of with Me, will give to their Souls a deeper love and ability regarding how Important it is for All that I Will them to one day be a Part of, that is in a Closeness to Me that is Greater than the human mind can perceive.

I will close My Words at this time, but in Them I have spoken with My Love for human life and What I intend for it to be at another time.”

JANUARY 9, 2003 AT 1:05 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Each time We speak through This Gift of The Father’s Love there is happiness, because of the Importance of human life, and that in What We speak, it is capable of, and meant to be Direction from The Holy Trinity, to aid each human being to be reminded that within them they have a Portion of The Creator, called ‘the Soul’.

The Soul is not an organ of the body. The Soul is a Portion of The Creator that does not have what all the other organs consist of. The Soul does not need what the other things have because the Soul, as a Portion of The Father, is an Entity of Divine Love and Supreme Being.

As I close These Words, I close Them with Sincere Hope for all who will read Them to fully understand that to be created a human being is a Gift of Divine Plan, and has a Purpose, a Goal, and definitely a Deep Love that cannot be felt in it, but It is there, because it is logical that as

a Portion of The Creator, the Soul is a Holiness unknown to man, but as a Gift to each human life, It is to return to The Father as He Wills It to be.

Remember this, because it was spoken to remind all of human life that human life is different than any other creation The Father created, because human life is Important in His Divine Plan.”

JANUARY 10, 2003 AT 12:18 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici. I smile when I mention My Name, because at one time *the little one* The Father uses to repeat so many Words that The Saints say, she attended a place that was named after Me. Her remarks to Me were always attentive and interesting.

At this time throughout the world, it is sad for Me to say that The Saints Here in the Heavens are not remembered in the right way; in fact, very rarely is Their Name called upon to help in some way. I do not say, ‘Do not pray to The Holy Father, The Heavenly King, and The Mother of everyone and everything, but do remember that The Saints do enjoy hearing from you, and do want to help you if it is feasible for a betterment in your manner of life, or what you request to be.’

I will close My Words. I know My time is short with you, but when The Father requested I speak today, I said, ‘Thank You, My Holy King, it is a privilege for Me to partake in This Gift

of Your Divine Love for the Souls, but also, the physical aspects of millions of human lives.’”

JANUARY 11, 2003 AT 11:09 A.M.

GOD THE FATHER

“*The little one* I use to give others What I Will others to know, to have more understanding on the Importance of human life and that human life has a Goal Greater than the human mind can perceive It to be.

Those who do not believe that These Words are truth, it is a sadness to Me, because when I created human life, I instilled in it so much Love, so many Gifts, and the endurance to be able to comply to the ways I Willed them to better understand, more fully comprehend, that human life was not just created just to deliver the Gift, for the Soul is a Gift Greater than any human mind can perceive It to be.

As I have Blessed so many individuals with their ability to understand that human life was created for a Goal Greater than any goal that as man they could not reach, I gave a mentality useful on many subjects, thus making My Reasonability more obvious to man.

There are thousands of Words I could speak, but I find that My short Messages are easier for the mentalities who read Them to more easily comprehend the indepthness of Them, and the obvious Love I have for human life above all other things created.

I use *one small voice* to announce to mankind All I desire them to know. The human way would be for Me to shout so all could hear. This would not be My Way, because I hold each human being individually, and each Soul is a Portion of Me.

I could speak with no stops so continuously that it would be difficult for the human minds to see, to understand the Greatness of My Love for man, because the human mentality, though it is an Ultimate Gift of My Divine Love, could never repeat or remember All I would be capable of delivering. That is why I use time, at This Time through *one small voice*, so that All that I deliver has a personal meaning, and that is apt to be more understandable than the so much shorter version, and that's how close I am to human life, and My Will to instruct it, encourage it to

follow All that will give to their Soul My Divine Love, so that their Soul can be returned to Me for what would be called 'All Eternity'.

I close with a Blessing, and I say as The Creator of All Things: 'Remember, I Designed and Created human life, and My Divine Love for this creation bears a Portion of Me. No human being is born without It.' My Divine Love is Greater than the human mind can perceive It to be. I beseech all of human life to remember that as you bear a Portion of Me, then you have the ability to be ever reminded that as you are close to Me, I want That Portion returned to Me, bearing the Name, along with your Name, 'Saint'."

JANUARY 13, 2003 AT 12:38 P.M.

SAINT ANNA MARIA GORETTI

“I am Saint Anna Maria Goretti.

To speak through This Gift of The Father’s Love for human life is not just a privilege, but His Blessing in an open way.

In This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, there is so much to be understood and revealed, regarding All that is being passed through to instruct human beings of all ages on the Importance of human life, and the Love The Father has for it, in giving it a Goal to return to Him at another time.

So Many Saints surround Me at this moment that The Father has requested I speak. It is a privilege for Me, in many ways, because human life of every degree of intellect has the advantage that nothing else created has, and that is to one day become ‘a Saint’.

I will not speak long at this time, but I beseech those who speak

about The Saints to do it with respect, dignity, because it is the Greatest Gift of Divine Love The Father could give to human life. I beseech you to remember this.”

JANUARY 14, 2003 AT 12:35 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth. As I speak Words today, I speak Them with great Love, concern and hope for all children throughout the world. So many issues that are not necessary or good for the young to know, are being spread liberally with a so-called ‘adult inspiration’ to teach the young early about all the facets of human life.

This, of course, is saddening to All of Us Saints, because each human being born should be allowed to go through stages of not just learning, but understanding the reason for all things, the purpose for all things, the value for all things, and what each thing will help them or harm them in their way of life.

It is sad for Us Here in the Heavens to see so much indifference to how children should be spoken to, whether it be in casual talk, in descriptive talk, or in an instructive manner, degree, way, purpose. Even some so-called ‘adults’ find the conversations difficult to understand.

They cannot apply it to how they live, because they were not taught it in that degree, manner, purpose or way.

As I speak These Words, I know how some will read Them, but what I am talking about and trying to explain for the betterment of mentalities of all ages of life, I mentioned the young first, because so much is spoken in front of them, and it is not proper for them to know or to be able to handle the conversations that could be, in some way, suggestive of immorality, impurity, or other such ways of life.

I could speak endlessly on this subject, because this subject is rarely spoken about by those who are close to the younger generations in life. So much is taken for granted, and so much is perceived as being logical, supposedly giving strength, knowledge, and more reasonable facts of life.

I will close My Words, because I have spoken differently than some will understand perhaps, but it is important that human beings think before they speak, and also be aware of the surroundings or those who are present, because oftentimes much harm can be done in improper, suggestive

purposes, goals, and many other things pertaining to life.

I close My Words with deep Love for human life, but also the necessity that whatever language is the prominent one, and is the one being spoken, it should be recognized for its importance, and also, for what it can leave someone else with: a wrong understanding, causing them to see things too casual, too misrepresented, and basically harmful to the Soul at another time when the individual is faced with conditions or situations wherein they will have to make a decision to appease or please one or more other individuals.

I beseech you, when you read These Words, look at the importance of Them, and understand that the Gift of speech has so many facets to it, so much direction in it that the communication alone has an in-depth mark on one or more individuals who hear the exact words in the same format, way, and will understand them entirely different.”

JANUARY 15, 2003 AT 1:12 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

We All listen as *the little one* describes the Importance of what This Gift of The Father’s Love demands, because of the Importance of the Souls that, without This Gift, would not fully understand how Important it is to be born in the human way as man.

Children are not being instructed on the Goal for which human life was created, or are they being instructed on the necessity of communication, in a personal way, with The Divine. So little is spoken regarding how close human life is to The Creator of All Things.

When We use the Words ‘The Creator of All Things’, Each of Us involved feel that the Words do not describe the Magnitude of Being that The Creator truly Is. The Greatness of The Father is Far Beyond what any human mind can perceive It to be.

We call Him ‘Father’ because He protects Us, and asks Us to deliver to

all of human life the importance of human beings in how they live, how they use their life in the human way; and do they understand that there is a Goal for a Portion of them, known as 'the Soul'?

There is a common expression amongst human beings when they want to address the subject, when they are close to someone or someone is close to them in friendship, in activities, in thoughts, they say: 'We are soul mates.' This wording came from the innate understanding, not always thought about, but obviously factual in its manner of use, because the Soul to human life is forever present, eager to help the individual in all circumstances, in all reason of what is being practiced, thought about, or activity that could be detrimental to the Soul in some form, some degree; of course innocently, not understood.

I will close My Words. They are different, but needless to say, there is a Lesson in Them that is important to be remembered, and that is, as you live each day you are never alone, because within you, you have a Soul, a Portion of The Creator of All Things, plus you have Many Saints Who gather around

many times to give you the strength to choose right over wrong, good over evil, love over hate.

I smile as I close My Words, because it is always with great Love when We give Words of comfort, aid, direction and hope.”

JANUARY 16, 2003 AT 11:50 A.M.

GOD THE FATHER

“This *little one* is in a very serious, in-depth ‘Preparation’, not understandable to the human minds of millions of people, but I prepare her in many ways, many degrees, for My Will to be accomplished for the benefit of millions of Souls to be returned to Me in the degree I Will it to be.

There are millions of human beings in all areas of the world who cannot, or are incapable of understanding What I Am, Who I Am, and the reason I have given to the world a Gift of My Divine Love, using several individuals to put into script Words describing, instructing, and allowing so much to be understood that an ordinary human being would never have thought necessary.

I have instilled in millions of human beings, the Gift of My Divine Love, a Portion of Me, and all through time, I have given or allowed ‘specific individuals’ or situations to help human beings understand My True Existence and My Love for mankind.

At this time and for some time now, I have delivered, and Many Here in the Heavens with Me, have delivered so much Divine Love, Encouragement, Instructions, so that human beings would more fully understand and more readily comprehend what a Precious Gift human life is to man.

I use *one small voice* because, in reality, it will be better remembered than the sermons of hundreds or thousands of individuals.

I close My Words with a Blessing, because My Love for this Creation of Mine is Greater than anything else I created or allowed to be created at different times.

I close with My Personal Blessing. I love human life because I have placed within it Gifts that were innate in Me, and in these Gifts, they allow Me to be the recipient of all of human life communicating personally on all subjects with Me.

I close with a Blessing, and want all who read These Words to spread Them amongst millions of human beings, because I find that many are reticent in even mentioning My Name for fear of criticism, or a human lack

of communication that does not come easy to millions of human beings when I am the Subject.

I bless the world through This Gift of My Divine Love that comes through *one small voice* that I use, so human beings of all ages can relate personally to a human sound understandable to them, but the Words are Mine. My Love is for all of human life, even those who cannot understand the full meaning of the word ‘Divine’.”

JANUARY 16, 2003 AT 1:05 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

The whole world has been Blessed with The Father’s Love for human life. The Importance of This Gift of The Father’s Love is to instill in all ages the Importance of having been born a human being for the Goal that awaits the Soul that each human being is the custodian of.

We hear so many say, ‘If I have a Soul, why can I not see It, why can I not feel It?’ The Soul is a logical Part of the mentality of human life, the natural understanding that human life having been created different in many, many ways than all other living matter or things.

As a human being speaks, thinks, has ideas, and is susceptible to understanding right over wrong, good over evil, truth over untruth, automatically tells every human being that they are like no other animal created. They are gifted with a Communication with The Divine that nothing else has.

I know I speak differently. We All do lately, because of the importance of all ages of human life understanding more indepthly what a privilege it is to be born a human being. There are so many facets to human life that nothing else created has. This alone should alert even the young that they are gifted with Something, and should respect It, because the grass doesn't have It, and yet the grass is supposedly a living thing. Small animals do not act like human beings, and yet they have abilities to do many things.

Today as I speak, I speak differently. To some it may be difficult to understand, but logically it is important that when a human being is born, there is a Goal for it, there is an intellect that gives to each human being the privilege to do many things that nothing else has.

Children are not being instructed on the abilities that they have been gifted with. Everything is taken for granted, thus ignoring the fact that there is a difference between human life and all other things created.

Needless to say, I could speak hours on this, but What I have spoken

thus far is to alert some of those who will read My Words to be aware that as they were created in the human way, they were also given responsibilities greater than just the normal way of life. That Portion of human life, the Soul, is obvious in many ways, because It is in one's conscience, and also one's abilities to more fully understand what is pure over what is impure, what is just over what is unjust.

The list is endless, but as I close My Words, I also remind you that the Gift of prayer is beyond what you understand it to be. It is your personal communication; even though it appears one-sided, it is always heard by the One in Whom it is addressed to, in that Other Place called 'Heaven'."

JANUARY 17, 2003 AT 12:28 P.M.

SAINT AUGUSTINE

“There are Several of Us present. They have requested I speak. I am Saint Augustine.

The Father has Blessed all of mankind through This Gift of His Divine Love, not just encouraging all ages to understand that He Exists, but to help them see the Value, the Importance, the Divine Love and Hope, that He gives human life through All He speaks, and through All The Other Saints deliver in Words understandable.

The Word ‘hope’ is important to human life; even the small children generate hope at different times.

This Gift of Divine Love has given to all of human life ‘Hope’; just to be a human being and understanding that there is a Supreme Power in charge of everything; also, All The Saints Here in the Heavens are ready to listen to what everyone speaks to Them.

Today as I speak, I speak with much Love for *the little one* The

Father chose for such a Major Task. I also thank The Father for those who believe in how He would respond, and also encourage through the script they are asked to use, to help them more fully understand that human life is in Divine Plan, has a Purpose, and definitely a Goal.

Children are not being instructed fully, but it is Our Hope Here in the Heavens that more will be explained to the young, and believe it or not, I am going to add a Statement to this: also what you would term ‘the older generations’ who oftentimes forget, or ignore, or become so entangled in how they live that their Soul is not always thought about, and the Beauty of human life they think of as a past, instead of a present.

I will close My Words. I could speak hours on the Importance of human life, and The Divine Love that created it.

Today I will bless you as The Father Wills it to be: *In the Name of The Holy Trinity*. Remember, It is Part of you in everything you think, you do, you say.”

JANUARY 20, 2003 AT 12:01 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“*The little one* smiles when I announce Who I Am. I Am The Holy Spirit of The Creator of All Things. I do not know if anyone has ever remembered Me announcing Myself in this manner, this degree, this way, but I smile with The Father’s Love because *the little one* questioned My announcing My Name.

The world has been Blessed abundantly with thousands of Words, encouraging and introducing to all of human life what a close connection each human being has with The Divine.

Though it is difficult for many to perceive, such a closeness is difficult in many ways, because in the human mind, the mentality refers to closeness as being able to see visibly, feel physically, and have some form of personal open communication. All these things are not eliminated; it is just that the human mind uses all of its faculties on what is realistic to them in nature, practice, and visibility.

Some who will read My Words will not fully understand the indepthness of Them, but time will give them more understanding of what a close Association they have with The Divine.

Each day a prayer should be spoken, recognizing the closeness of human life to The Creator of All Things; also, a prayer of thanksgiving for the privilege of the Goal that awaits the Soul at another time.

I close My Words. I know I speak differently, but clearly, in explanation of what a Divine Gift human life is, and that it carries within, a Portion of The Divine that nothing else created has the privilege of.”

JANUARY 20, 2003 AT 12:52 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Many of Us stand in much happiness, being able to report that much ‘Preparation’ has been accounted for, and *the little one* through whom All things come, will be able to feel for some time that it will not be as heavy on her whole existence.

The time will be short, but All that has thus far been delivered is necessary to reach all areas wherein human beings live each day, but most never think of the Soul that they are the custodian of. Time, to most, is filled with activities, interests, responsibilities, and their own choice in how they want to feel.

So much has been put into script for millions of men, women and children to be able to more readily realize that human life is gifted with a closeness to The Creator that nothing else has.

Throughout the world, it is sad for Me to say there is much hypocrisy,

because many so-called ‘learned’ individuals reject what they feel is for someone else to learn, to understand, to be a part of, especially when it is concentrating on human behavior, and Divine Love connected to every human being of all backgrounds, created with a Portion of The Creator, called ‘the Soul’.

As I close My Words, I beseech you to remember that though you are occupied with many divisions of human life, never forget to speak to The Creator and to The Saints, because They All wait for your communication, helping Them to know that you understand, that as a human being you are part, you are example, and you are gifted in Divine Plan.”

JANUARY 21, 2003 AT 12:40 P.M.

SAINT ANDREW

“I am Saint Andrew. I have come often through This Gift of The Father’s Love, but I do not always announce Who I am, because oftentimes a Name is a distraction, and it is difficult for some individuals to see the Value in the Wording, because too much emphasis is put on which One of Us is speaking.

Think about this: Is not a name in human life important? A name tells someone else much about the individual, because they have read stories regarding Many Saints Who bear the names of average human beings.

How I put this is different than I would ordinarily talk, but it is important that individuals of all ages awaken to the logic that a name bespeaks many things. The Name of a Saint has a History.

Now, let us think of the names of individuals. Does not their name speak much about them: their personality, their nature, their habits, and how

they deal with situations, conditions, and associations?

What I have spoken is of great importance, because when a human being is born they are immediately given a name, irregardless of whether the birth is one of happiness or just acceptance, or unhappiness. As you go through life and you meet many people through conversations, personalities, natures, or through speech, never forget, your innate natural understanding associates an individual to how they think openly, how they act, and many times just by their name.

I smile when I say the next Words. A name is the foundation, many times, for more thoughts, more understanding.

Today as I speak, I speak bearing the Name 'Saint'. Each of Us Here in the Heavens Who are named with that Title, are different in how We answer prayers and how We respond to prayers that bear Our Name, but never forget, We also hear Other Saints' Names, and We stand back and listen. Just because a Name is spoken does not mean that it is not heard by Several of Us Here.

I smile when I say My next Words. Do not forget, in a prayer to The Father, Many of Us Saints know Who the prayer is directed to, and Our Love for Him is Our Respect to Him and for Him, because as The Creator of All Things, He is Our Example also, in how We respond to you when you call Our Name.”

JANUARY 22, 2003 AT 12:41 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Throughout the world there is so much emotional distraction caused by thousands or even millions of individuals who feel that their concept of understanding all that occurs, whether it is moral or immoral, or considered business experience, in so many areas it is easy to distinguish what is right over what is wrong, what is moral over what is immoral, but excuses take the time for the individual to feel more important on the issue, even when the issue does not consider them ‘a victim’.

I speak differently today, because instead of looking at the indepthness of what morality is based on, what immorality is based on, it is easier for all age groups to look at what is more compatible to them, to their thinking, to how they want to think, and to their emotional justifications on many issues that could be considered impure, unjust, even to the point of being ridiculous.

Morality is a word. It is spoken openly many times, but the judgment of the word, according to individuals, has many different options and means of what it truly consists of.

I speak so differently at this time, but We hear so many excuses for so much that is basically logical in its impurity, for not just the mental but the physical aspects of human life. We have heard so many individuals, in reading All of the Revelations that have passed through This Gift of Divine Love, determine the meaning of What is spoken by their moral actions, conditions, or their immoral actions and conditions.

The easiest thing for a human being to do is to justify what they feel inwardly is agreeable for them to practice because of their nature, their manner of living, their background, and also their goals.

I speak so differently on this day, but I speak with Deep Concern for so much liberalism throughout the world. Justification of immorality is never based on fact, but on an individual or several individuals' emotions, desires, or the necessity they feel to act at that

time, never considering that the action is highly immoral. Justification comes in many degrees, but also, many times based on what an individual judgment prefers to consider at that time.

Needless to say, I could speak endlessly on this subject, but it is important that the mere suggestion sometimes leaves a mark greater than a long period of words, so I suggest with My Deep Love for the Souls of millions of human beings: think before you act, be just in what you do, and always remember, all things are recorded in a Spiritual Book because of The Father's Love for you."

JANUARY 23, 2003 AT 12:40 P.M.

SAINT BERNADETTE

“I am Saint Bernadette.

When The Father tells One of Us that He would like Us to associate, communicate with those who are yet to one day face Him, so all that they conquered, accepted, and of course, accumulated in their lifetime, would be brought to open attention because of their Soul that was involved in every act, and all the other human elements of human life.

It is important each day and night for living human beings to see the value of daylight, the importance of using the day in a manner and a way morally, and also, pleasing to The Father spiritually.

These two subjects rarely are felt by all men, women and children. The number that We find thinks of what is important morally, what is important in their Association with The Father, is minute to all the distractions and other things they are interested in.

No One Here in the Heavens says: 'Do not be normal in your way of life. Do not enjoy happiness, whether it be in just normal actions or associations with others.' The important word here is 'morality', and also, understanding that the Soul that you are the custodian of is a receiver of all you do, all you say, all you think, because it is through the Soul that your understanding is evident, and your love for the Goal that you were instructed about regarding your Soul is also thought about openly, in a normal way.

Though I speak very different than I usually speak, it is important that you enjoy life, you be productive in life, and you are example, so everyone you know, you meet, sees in you something that is good, and in some ways is helpful to them through your behavior, through your honesty, through your happiness and through your innate belief in the Importance of life through the dignity that you display, obviously respectful in many ways.

I know to some My Words will be difficult to embrace in their thinking of how they feel on many issues, but in All that The Father requests to be

revealed, It is a Miracle of Teaching, a Miracle of Divine Love, and a Miracle for the human side, but definitely for the Spiritual side, the Soul that you are the custodian of.

I will close These Words. I could speak hours on end, because All of The Saints Here in the Heavens care deeply, because They want you to understand that as you sometimes have goals in life, and you work hard to reach the goals, whether the goals are in workplaces or in your associations with others like yourself, but never forget that One Goal that is the Highest you can reach, and that is for your Soul to return to The Creator, a Saint.”

JANUARY 24, 2003 AT 12:38 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I will open My Words with a few Words that will to some who read Them, find Them interesting or even in a little humor.

When I announce My Name to *the little one*, she always responds in a manner, degree and way that gives happiness to Me in What I am going to say.

This Gift The Father has given to the world, not to just one location in the world, but to the whole world of human life, helping individuals of all ages to more fully, more readily understand that human life is Special in its Creation, and in its Goal that is automatically planned for the Soul that lived with the human body on the earth, available to all degrees of mentalities, understanding, abilities, and different degrees of tolerance and senses of humor.

Today as I speak, My Words must be passed throughout the world, even

to those who do not speak the language that I am speaking in at this time.

The Father has Blessed human life with many degrees of His Divine Love, and His Willingness to share at another time Where He is and What He is Personally All About, because The Father, as The Creator of All Things, is not fully understood for the Greatness He Is. It is not possible for the human mind to perceive such a Great Entity of Love, Power, and The Divine.

Children must be instructed on the Importance of human life, and how they each day are responsible for everything they do, everything they say, because The Father Wills it this way, due to the fact that every human being created is Blessed with a Portion of The Creator. It is called 'the Soul'.

So many times We hear individuals use the word 'Soul' in a casual way, many times just saying, 'We are soul mates,' meaning they are close in how they think, act, and do other things.

It is important that human beings of all ages thank The Creator for being created a human being, because of all the Gifts that human life is gifted with.

They are so numerous, too numerous to mention at this time, but one of the main ones is the mentality that is capable of so many things.

I could go on and on and on, but as I, in My deepest Love for human life, speak My Words today, I beseech all who put Them into script for others to read, be sure to remember, that as you take this task upon yourself to circulate What you have just heard spoken or read, you will become more aware of the closeness human life has to The Creator, to The Divine Love that shows in All that has thus far been delivered through This Gift, wherein so Many Saints Here in the Heavens have become Part of, by, through Their Words that The Father Wills Them to speak. They have given so much Direction, so much Hope, so much Love. Hopefully They will be remembered because of the Soul that is a Portion of The Creator within them, that is the recipient of all an individual thinks, speaks, practices, or is just part of.

As I close My Words at this time, I want you to know that you have been Blessed by The Divine abundantly, because of your participation in This

Gift that is to spread throughout the world The Father's Love, Hope for all of human life, giving them more understanding of the Magnitude of The Divine."

SAINT AGNES

“I am Saint Agnes.

It is a Beautiful Gift of Divine Love when The Father suggests or appoints One of Us Here, to deliver Words of importance for the Souls of human beings who yet live.

It is difficult for the human mentality to understand what the Soul is all about, and how It lives in one's body, never being seen, never being heard, but obviously present at all times, because the human mentality knows what is pure over what is impure, what is just over what is unjust, what is right over what is wrong; but, as two human beings look at each other, neither of them see the other three things on each one of them that is evident in how they speak, how they think, how they feel, and how they communicate morally or immorally, pure or impure, and the conversation tells more to those listening than those who are usually involved in human words.

I know it is difficult for the human mentality to comprehend that they have a Portion of The Creator within them that is constantly present under all conditions, situations, times, and also that there is a Guardian available to help when help is needed, to assure when assurance is needed, but so few individual human beings depend upon The Power, The Divine Power that always Exists in their communication with The Creator of All Things.

I will close My Words, but as I do, I beseech those who read Them to thank The Father for allowing Them to be put into script because, do not forget, the human mind of all human beings many times, if not most times, has to be reminded on important subjects, and there is no greater important subject than the Fact that each man, woman and child has the privilege, the responsibility to aid that Special Soul that is within them, never leaves them until The Father Decrees it to be.

At the end of These Words, I remind you also: Do not wait for one particular time during the day to say a prayer for strength, for courage, and for the good of your Soul that is always there.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

At this time there are thousands of individuals of all backgrounds making requests for many monetary measures that will give them personal happiness. The number of individuals requesting Spiritual guidance is far less than this number.

Spirituality and belief in it could be determined a rare thinking for most human lives. Human beings have developed much need for materialistic values, disregarding that they were created for a Reason, a Purpose, and a Goal Far Greater than any materialistic item could compare to, or condition could compare to, or sensitivity could compare to.

The little ones are not being instructed on why they were born, and the Goal they are to try to reach. So much is based on materialism, and their human abilities regarding how they act with other people, and also how much they are capable of learning

regarding subjects that have no effect on the Beauty of their Soul.

Today as I speak, I speak with great Love for human life, for do not forget, I walked the road. I could speak hours on What The Father Wills human life to recognize as important for their Souls, but also for their mentalities and their physical being, plus the advantage of being example to help others more fully understand that to life there is a Goal Greater than any human mind can perceive It to be. This should not be a surprise, because it is innate in human life to reach for goals that, to them, give them a higher position in life, or a more advantageous position in life.

I beseech you, I beg you: reach for the Goal of Sainthood for your Soul that is a Portion of The Creator of All Things.”

OUR LORD

“As I speak to you today, I ask you to picture Me in a special way, a way that might surprise what I would request of you, but I request that you think of Me as hanging from the Crucifix, bleeding, due to certain individuals who based what they did on what they felt was justified, but in reality it was based on jealousy, but also an in-depth desire to close out All I stood for, to stop What I stood for, because Christianity, to them, would have forced them to change their immoralities to morality, their untruths to truths, their indifferences to logical thinking and dignity in what they felt should be the relationship between themselves and other human lives.

I speak differently, because you do live in a time of great sorrow for The Divine, because with All that has been instructed by The Divine, was to give Hope, Love, Understanding, Dignity, and the ability to see, in many ways, the irrationality of the demonic world, thus resisting it, casting it aside

and wanting it to be dismissed totally from the way of human lives.

Today you live in a time of much despair for All of Us Here in the Heavens, because there is so much impurities of the mind, thus using the body for all things other than what it was created for, ignoring totally what a Gift human life is, and the Goal that awaits it at another time.

Throughout the world there is so much desecration to moral views, moral facts, moral justices, moral integrity, moral logic.

At this time as I speak, there is a sadness in Me greater than you know sadness to be, because the Creation of human life was created for hope, to give strength to the mental, the physical, the moral, and the integrity in which and how human beings would live, work, and enjoy the Gift of human life.

This Gift that bears the Name of The Beloved Saint Joseph could not have a Greater Leader on these subjects than He was when He walked the earth, because in His Purity, Justice, Kindness, and Love for The Creator, He stood for All that every

human man, woman and child should see as the Will of The Creator, and not just the acceptance of all the evil that is practiced very risquely without care, without a thought of what it is doing to the Souls of millions of human beings, destroying what human life was created for, and that is: it was and it is to respect the Soul, and to use the Soul as the Connecting Link to The Creator, through prayer for one thing, and for hope, because in truth, in justice and in purity, there is hope greater than anything else in the human way.

Needless to say, I could speak hours on this subject, but there is much sadness Here in the Heavens, seeing so much desecration to the daily way of life, ignoring The Father's Gift of Divine Love, the beauty and importance of being able to choose through the 'will' that human life is Blessed with, that purity of the mind is more logical than impurity could possibly be.

The list is endless on this subject, but I beseech those who take the Words and those who will read These Words: Stop What You Are Doing, Think Before You Act, Before You Speak, Before You

Agree With Others On Any Subject, because you become 'a victim' of the enemy of All Creation. Remember this."

SEVERAL SAINTS

“Innocence prevails through *the little one* The Father has chosen for such a Major, Important Task. I speak of the innocence not as an immaturity, but due to the fact that her love for The Divine does not question The Divine on any subject, any matter, or in any degree. Due to this fact, that gives All of Us Here in the Heavens the opportunity to speak openly and with much Direction that bears no questioning, because *the little one* sees only innocence in Our Presence; Beauty, Charity, and Divine Favor.

In a Blessing of This Magnitude, the enemy of all things tries in many ways to cause people to ignore What has been delivered thus far, and What is being delivered presently.

Throughout the world there are millions of men, women and children, all degrees of backgrounds, all degrees of intellect, and many with the ambition to be important in the sight of others. Logically speaking, there of course are many, many, many who have

no desire to be important, just to exist as they will themselves to exist, not always choosing what is best for them, but due to their personality, nature, needs, ideas and characters, they oftentimes accept a lesser degree of what would be more of an opportunity of growth for them, growth mentally, morally, physically, psychologically, and internally.

A long time ago, when The Son of The Creator walked the earth, He walked the earth with all degrees of mentalities, encouraging them to see the Beauty of human life, and what a Grand Gift it was to be born a human being.

In this year, present year, so much is taken for granted by most people of all ages, thus ignoring the ability to grow more understanding of the Purpose for human life, and the Importance of the Gift it is to be born a human being, having a Goal Far Greater than any goal the human way is capable of showing, but the Goal is to one day return to The Creator, and be called 'a Saint', not always necessary by those who knew the individual in the earthly way, but all things are not known in the human way that exist for

them to one day realize in a Full State of Understanding, that human life was a Gift of Divine Love with a Goal, a Purpose for All Eternity.

Today as I speak, there are millions of men, women and children throughout the world who rely only on the actions of the day, never looking at the Reason for which they were born, and the Goal that awaits them that is a State of Glory for all time.

So much has been delivered on the Importance of human life, and All of The Saints Here in the Heavens understand that it is not realistic for a human being to look to The Divine Plan that awaits them, because they only rely upon the fact that they were told a Story that God created them, and it is sad to say that the Story seems to end there, because the human mind oftentimes resists looking at the full degree of important subjects. They accept what they understand, but they do not look for the Reasonable Purpose for the Future of The Father's Plan.

I could speak hours and hours, but I beseech all who read These Words to look not just for the Goal that It speaks of, but to work for the Goal to

one day become 'a Saint in Heaven', not necessarily now for others to be able to call upon you, because that could be a rare situation, but as it is innate in human life to find happiness, security, love, hope, there is no one born without it, because there is Love in everyone born a human being. It is first Divine Love, then it is human love from those close to them.

Human love must see the Value of human life, and not cast it off as something they do not understand. Casting it aside does not cause happiness or more of an in-depth understanding of the Importance for which they were created, and there is in every human life, a Gift of Divine Plan.

As I close My Words, I know They are different, but They are to attract individuals to more fully comprehend that in the Gift of human life, it is totally based on God's Plan."

JANUARY 31, 2003 AT 12:32 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

So many characteristics of human life are not seen for the purpose they were created. To some individuals, how they act through their so-called ‘personality’, ‘nature’, or even encouragement from others, oftentimes does not allow their innate sensitivities of what is pure over what is impure, right over wrong, to be noticed or to be expressed by the individual.

Today as I speak, you live in a time that is considered progressive in so many areas of life. To a degree this is true, but every area of life had its point of interest in what the individuals at that time felt were necessary to practice and to be active in, and also very learned about.

In the Creation of human life, it has been said that the first ones created started from just the fact that instincts acted, promoted their actions, and developed the senses they had to different degrees, different ways. For

some, this statement is impossible to handle.

The Father, in His Creation of human life, instilled more than we as human beings understand it to have been. The beginning of human life was a Great Gift from The Divine.

Now let us talk about the time in which we are now. So many of the practices in the beginning of time have carried through time, and are very evident in how people speak, how they walk, and how they use their mentality to develop many areas, such as the talents of usefulness that gave to them reasoning, and then the ability to develop it in practical forms, degrees, manner and ways suitable for their life's existence.

Now let us come to the time that is presently known to all who are alive. There is still progress in many areas, and it is amazing that many individuals are still involved in the practices that were evident in the beginning of human life.

When the time came and a Particular Child was born, it was obvious that This Child brought with Him a Great Purpose that was new to

all who lived at that time, but it was Time for the development for human nature to more fully understand that human life was created according to Divine Plan.

Each period of time from that point on, human mentality was raised to a higher level, and much has been accomplished due to the fact that The Father, in His Love for this Creation of His, continues to give to human life advancement, more understanding, and also a more active mind, allowing individuals to do many phenomenal things that in the beginning of time were not even part of thinking.

As I close My Words to you today, I close Them with much Love; also, to give you the courage to use time for the Greatest Goal of all — for the Goal of your Soul to be returned to The Father in Glory.

So many individuals ignore the progress of human life, because in the beginning it did not have the Gift for the Goal understandable to that time, but those who live and have lived for some time, have the privilege, the ability, the knowledge, and basically

**the will to return to The Father That
Portion of Him, The Soul.”**

SAINT ELIZABETH

“I am Saint Elizabeth.

There are Many of Us present, and as We listen to *the little one's* questions to Us, We All smile. She wants to ask Me, but fears I will laugh at the question. She says, ‘Are you Saint Elizabeth of Hungary?’ Everyone present Here with Me smiles, because the question was of such great innocence.

The Father, in His Love for human life has given, through This Gift of Divine Love, so much Personal Attention, Direction, Hope, and Care, Personally and through Many of The Saints Here in the Heavens. There is always so much sadness when We hear individuals of all ages resist or reject This Gift of Divine Love, not wanting to believe that The Creator allows so Many of Us to participate in speaking Words of Direction, and yet comforting to the minds of those who will read the Words and pass Them on, in many ways.

I will make My visit short, but as I leave I want each one who reads These Words to feel what a Precious Gift the world has been allowed to have, that The Father, in His Love for human life is Part of, for the benefit of millions of Souls that will be helped through All the Words that have so much meaning, understanding, and Divine Love, communicating in a degree and way where millions of human beings could be able to feel the close connection of Divine Love that is available to them, helping them to know that all prayers addressed to Anyone in the Heavens are heard, and there is a response in numerous ways.

As I close My Words, I say: ‘God loves all of human life. That is why He has taken this time in your day to share His Closeness and the Closeness of All The Saints, letting human beings of all ages, backgrounds, know He is not far away.’”

FEBRUARY 3, 2003 AT 12:50 P.M.

“You live in a time wherein there are so many different definitions of Spirituality, Spiritual goals, Spiritual practices, Spiritual beliefs, Spiritual strengths, and sound Spiritual understanding.

There are Many of Us present because of the Importance of This Gift of Divine Love, wherein so much has been delivered, and yet daily We hear differences of opinions on subject matter that is important to the Souls of all of human life. Some individuals feel so well-informed, so well-adjusted, that they argue each point according to their discernment on what it means in its fullest measure.

What I am going to say next might be odd for some to see it in print, but the meaning of the most simple word can be confused by an individual's contempt for the word, disbelief in the word, or their understanding that that word is not compatible to what they are speaking about. There are many, many arguments, oftentimes regarding

the full definition of Spiritual understanding, and basically, to understand Spiritual Facts, Truths, are simple and have much clarity.

The human mind oftentimes is short of discernment on what effect their attitude is taking when they argue ridiculously, thus causing confusion to the basic simplicity of What was spoken, What was meant, What was important, and basically, What was truth in how to handle Spiritual understanding of certain Words, Intentions.

Today is an important day in the life of every human being, not just because of What I have spoken, but because it is a day that will be recorded for what every individual partook in, because the Soul is the recipient of all that an individual practices, partakes in, and/or could be the important factor in a subject on Spiritual rights, Spiritual goals, Spiritual facts.

There are Many of Us standing Here today, because this subject is of great importance, as all subjects spoken through This Gift of Divine Love.

Children are not being instructed on morals. The indepthness of the word 'moral' is rarely spoken about in its full concept, its full measure, and what and how it affects the Soul of the individual.

There is another word, 'immoral', that many individuals of all ages find difficult to even say the word, which in common language is foolishness, because all words have purpose, have meaning, and they can be what is necessary to give strength physically, emotionally, spiritually.

I know My Words are difficult in that They sound so strong as They come in, but the meaning is important for all age groups to more fully understand that every Gift of human life is accountable to The Father at a given time.

I will close. I could speak hours on the importance of how each human being uses each day of life, and how each day of life is accountable to The Creator, because of the Soul that is the recipient of all an individual thinks, does, admits to and practices.

What I have spoken is a serious series of Words. I plead with you, look at

These Words in the manner They were delivered, because there are thousands and thousands and thousands of Souls throughout the world at this moment who are being subjected to impurities unbelievable.”

FEBRUARY 4, 2003 AT 12:49 P.M.

SAINT ATHANASIUS

“There are Several of Us present. I, Saint Athanasius, will speak at this time.

In the Creation of human life, The Father instilled many abilities, giving to mankind more things than any other creation of life had, because in the Creation of human life He instilled a Portion of Himself, thus giving to human life more than anything else created was the recipient of, or is the recipient of, even at this time.

There is so little understanding of the difference of human life to other living matter created. When the first Instructions on What human life was the custodian of, over and above what other forms of life had, it was not fully understood in the Greatness of the Greatest Gift human life could receive that was a Portion of The Creator, and that was to have the privilege that nothing else created would ever possess. All creations have a purpose. All do not have goals.

When the History of The Son of God was first delivered, it was difficult for those participating in this Important News, because up to that time they felt there was something different, but had no conception of the Magnitude that they were the recipients of.

As We go back to the Living Time of The Son of God, just thinking of all that occurred humanistically in all degrees of life, and yet the Very Entrance of The Son of The Creator changed immorality into morality, and despair into hope, also giving to human life a Purpose openly, to the degree that human life would be, and was created for, a Gift beyond what the human mind could perceive It to be, because of That Portion of human life that was a Portion of The Creator of All Things.

Today as I speak These Words, They are Words of great importance, because They give to those now who live in the human way, the ability to more fully understand that as they live in the form of man, with abilities unlimited in so many ways, they also have the understanding that That Portion of them, within them, is a

Portion of The Creator of All Things. It is called 'the Soul'.

The Soul is to be returned to The Creator in Purity, because of What the Soul is, and What the Soul, in being placed into human life, gave to human life — that Goal Greater than anything created, to one day return to The Father, and be called 'a Saint'.

Millions of Words explain this Gift beyond human imagination, understanding, or ability to comprehend such a Gift beyond what the human mind can perceive It to be. When some hear that they have a Portion of The Creator within them, they ignore their manner of living because they cannot perceive a Gift of this Magnitude. They make so many excuses that human life is the greatest creation, but they ignore the Fact, the Truth, the Value, the Importance that human life is gifted with a Soul, Something beyond what the human mind can perceive It to be, but the Soul, as a Portion of The Creator of All Things, is that Connecting Link to return to The Father, and be called 'a Saint'.

Yes, it took time, and many Lessons to precede All that I have

spoken Here today. It took so many Teachings on this Magnificent Gift of Divine Love for It to be able to be understood in Its Greatness, Its Divine Love for human life.

I speak strongly through this *little one*, because My Words are to instill into hopefully millions who read What I have spoken, that human life is above and beyond any other living matter or thing, and should be treated with respect, dignity, because of the Purpose and the Divine Love that exists within it, and existed in the Gift of It, for human life to be of such Great Importance and reasoning, one day to be able to return the Soul to The Creator and be called ‘a Saint’, because in His Presence, the Dignity, the Honor, the Divine Love is the Goal that human life has the privilege to reach.”

FEBRUARY 5, 2003 AT 12:36 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Many of Us Saints, in fact All, plead with you to fully understand: to bear the obedience to The Creator is in many ways difficult, because the love that an individual has for The Creator cannot compare to The Creator’s Love for human life.

The Father has given to the world a Blessing far above and beyond what the human mind can perceive It to be. When individuals bless themselves they call it ‘*The Sign of The Cross*’. It actually means more than it is understood to mean. When you raise your hand to your forehead, it is the highest point of your body, but you are calling upon The Divine King. You say, ‘*In the Name of The Father.*’ And then you say, ‘*In the Name of The Son*’; you cross your chest at this time and say, ‘*In the Name of The Holy Spirit.*’

It is important that you mentally understand what you have spoken, and what the moving of the hands does, because The Father created human

life with a mentality and the ability to think of the Importance of life, and all that an individual does, thinks, practices, and is involved in.

You put your hand to your chest where you can feel the beat of your heart. Never forget that The Father is Part of your heart, for when He designed human life, He gave it a Particular Portion of Himself. The heart is to remind you continuously that He Exists, and He is constantly with you in every moment of life. And when you cross your shoulders you say to Him, *'My whole body is Yours, my God; thank You for the privilege to be born a human being.'*

So many human beings of all ages do not understand what a Precious Sign this is. It is a Communicative Sign to The Creator that you understand the Importance that He gave when He created man.

I could speak hours on this subject, but it is important at this time, that more human beings of all ages remember that *'The Sign of The Cross'* on one's own body is an Act of Love, an Act of Belief in The Creator, and an Open Act that draws His Attention to you as an individual.

As I close My Words, I say: ‘You have been Blessed abundantly by so much that has been delivered for such a long time. Never allow one bit of It to be ignored by you, because one day when you face The Creator, All will be returned to you in what you learned, and you will be able to give thanks in a beautiful way.’”

FEBRUARY 6, 2003 AT 12:34 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Love The Father has for this Creation of His, human life, is beyond what a human mind can perceive It to be.

Human life knows love in a lesser state of existence than what can be compared to the Love of The Creator. That is why it is so important that human beings of all degrees of intellect, all backgrounds, and all who understand the Existence of a Divine Being is of the greatest importance to human life, because without it there is an emptiness mentally, morally, in every portion of human life.

Today as I speak, I speak with Great Love for human life, because it is the foundation, the basis wherein the Soul resides from the moment of the conception of a human life, until The Father releases It at another time.

We hear some say, ‘Why would The Father not want me to see That Portion of me that I understand is

there, and is to return to Him at a given time?’ The human mind, the human mentality is not capable of understanding or observing, or seeing the Magnitude of The Divine, and All that Exists Where The Creator is.

Prayer is an important portion, part, purpose for human life. It’s a communication of understanding that there is This Existence available to talk to, thus realizing that This Divine Existence has Power Unlimited, Unbelievable.

Human life always wants to see progress, always wants to have goals, always wants to be special, always wants to feel that there is more to life than what they’ve got. There is.

Today as I speak, My Words are of Great Importance, because hopefully They will awaken thousands, or even more than thousands of human beings, to understand that human life is gifted with Divine Plan, and that each day of human life has a reality of unity with The Creator of All Things. Ignoring this Fact does not make it go away, or dismiss it as just theory; it is Truth, it is Reality, it is Hope, and it is Divine Love that allows this Gift to be present

at all times, and that human beings of all backgrounds are gifted with the Goal of being able to one day return a Portion of them, the Soul, and spend a Forever Life with The Creator Who created them and all other things.

I speak differently, I know, but hopefully it will awaken the intellects, also the understanding of all ages, that life was created for a Purpose, and has a Goal through a Portion of it that bears a very simple name, called 'the Soul'.

The Father has given to the world a Gift bearing the Name of The Beloved Saint Joseph, Who walked according to The Father's Will in every phase of life.

I beseech you, when you pray, do not forget to ask The Creator of All Things to help you to never stray from the purity of your mind, your body, so your Soul will one day return to Him and have a Title, 'Saint'."

FEBRUARY 7, 2003 AT 12:35 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Many of Us Saints Here in the Heavens plead with The Father to give Us permission to help those who are yet in the living state of life, to more fully understand that there is a Goal for life, and the Goal is Divine Plan.

The world has been Blessed abundantly, using *one small voice* to deliver not just thousands of Words, but millions of Words, describing and encouraging those who do not hear the Words, to more fully understand what a Precious Gift human life is to man, and that it has a Goal, and through the Purpose for which it was created, the Goal is Ultimate in What It is, Where It is, and of course, The Creator Who has designed It for the Souls of millions of human beings, thus giving to human life not just a privilege, but a Purpose, a Reason, a Goal.

At this time in which you live, there is so little being instructed, but in some ways, there is an impossibility to the instruction necessary, because

many times, when individuals have the ability to understand indepthly things about human life, and more understanding of The Saints Here in the Heavens, they do not take advantage of This Gift, and It is oftentimes cast aside as merely being a humanistic version.

We hold *the little one* deeply, because it is important that All that is delivered through This Gift of Divine Love never be cast aside, or ignored or belittled, but seen as the Greatest Gift human life can receive, not just in an instructive way, but in a personal understanding that human life was created for a Purpose different than any other living matter or thing, and there was and is so much instilled in the human mind that helps all human beings understand the Dignity, the Value, and that there has to be a Goal for a Portion of human life called 'the Soul', but the Soul is not the only thing that counts here. The Soul is to return to The Creator in a State of Purity, because Justice and Divine Love walk Hand in Hand, and there is always a reason to see the need for purity of the mind and the body. Excuses denying this only make the individual

more vulnerable to the enemy of The Creator of All Things.

It is a privilege for All of Us Saints Here in the Heavens to partake in This Gift in your time, at the present time delivering Words to instruct, to encourage, to give help, hope to those who walk the human way and line. It is a privilege beyond what the human mind understands it to be, because there are so many distractions that the enemy of The Creator uses, constantly trying to deny the Souls of individuals to more fully understand that within them they carry a Portion of The Creator, and there is a Place for It another time.

I will close My Words because of the Power that is used to deliver All that passes through *one small body, one small voice*, takes a toll greater than the human mind can perceive it to be, but you live in a time in which The Father has allowed so much to be Personally instructed so that human beings of all ages, all degrees of intellect, could see the Value of human life and the Beauty in the Goal that awaits it.”

FEBRUARY 10, 2003 AT 12:34 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one The Father chose is going through a severe ‘Preparation’, has been for some time.

It is important that This Gift of Divine Love not be sheltered, but be spread throughout the world more quickly than It has been since It first began.

There are millions of men, women and children starving spiritually, mentally, psychologically, hopefully, because they do not see the Importance of human life because it is governed by so many individuals who are irrational, and there is no prudence to how they think, respond or discuss important situations regarding the body, the mind and the Soul.

Logic should tell the mentality of all living human beings that human life was created for a Purpose beyond what the natural conditions that are acceptable every day; the very fact that the mentality of human life is

capable of thinking beyond what their surroundings show them; also, that their mentality is capable of understanding extraordinary situations; also, the ability to read script; also, the ability to speak different languages.

Children are not learning all there is to learn about what a Gift human life is. They are being restricted by those in charge of their daily way of life, thus ignoring the full expansion of knowledge, of truths, and the Love that The Creator has for human life.

I could speak hours on this subject. I have only given you particular Words that point to the importance of the necessity for more to be understood, because of the Importance that a human life is gifted with a Portion of The Creator, that nothing else created is privileged to have.

So much has been instructed over the years, allowing It to be put into script, but yet We see people of all ages, all backgrounds, reading materials that are desecrating to their morality, their reasoning, and definitely to their Souls.

I could speak hours on the necessity for All that has thus far been delivered through This Gift be scattered in areas you would not suspect would accept It, or see the Value of It.

It is important that millions outside this area wherein you reside should have the privilege to know that The Father has given to the world a Gift Greater than anything a human mind could conjure up and decide it to be the greatest thing that anyone could know.

It is sad to say there is much jealousy regarding This Gift, but the jealousy is based on the knowledge that *one human being* is delivering It, and yet those who put the Words into script are of the greatest importance to This Gift, because they have the ability to spread throughout the world in every language, All that is delivered through *one small voice*. The privilege is phenomenal and the gratitude of The Father for this, because of this, is greater than the human mind can perceive it to be.

I close My Words, but as I do, I remind those who take the Words: You

have been Blessed abundantly for your Faith in accepting The Father's Love through This Gift He has given to the world, because of the Importance of Souls that, without This Gift, would not have the advantages that the Importance of This Gift delivers with Divine Love."

FEBRUARY 11, 2003 AT 12:30 P.M.

“There is very little understanding regarding the Importance of human life, and the Reason for which it was created.

So many times important issues are looked at, but not considered in the magnitude they represent, they stand for, or are capable of being used for many different facets of human life. It is important that This Gift travel throughout the world, This Gift of Instruction The Father has designed, because of the Importance of human life to The Divine.

Children imitate very readily. That is why it is so important that children see those older than they are use the right words, the right actions, and also, the right understanding of The Divine Love The Father Wills all human life to understand, to relate to, and to remember as being a Plan for the lives of every human being born. The Plan, of course, is to continue each life for a Goal Greater than the human mind can perceive It to be.

If you were to ask one hundred individuals of all ages, ‘Do you have a Soul?’ you would be shocked at many of the answers you would receive. I will not go indepthly on the answers now, but I can assure you, you would be shocked at the different perceptions different human beings have of what life is gifted with, Greater than anything else created.

I speak differently today, because there are so many men, women and children who use each day of their life just in a routine of action they are used to. Thousands and thousands and thousands of them never think of What they are the custodian of, and what a privilege it is to be born a human being.

Children are not instructed and they should be, not giving them the wrong way of pride in the fact that they are human, but a dignity of hope, of Goal that nothing else created has, and the privilege of understanding that The Creator of All Things should be Special to them in their daily way of life, because it is The Creator that will one day be present to them.

I know it is difficult for some to comprehend such a Magnificent Feature, Factor, Gift, but nonetheless, it is Truth and it is Important, because human life with all its abilities, it has been given a conscience, and an innate understanding that there is a Reason, a Purpose, and a Goal for a Portion of human life to one day reach What The Father Wills every human being to do, and that is to return to Him, That Portion of Him, the Soul.

We hear some say, 'I cannot see my Soul,' but if they will but think of all the Gifts of human life, the ability to discern purity over impurity, right over wrong, truth over untruth, success over failure. As these things are innate in human beings of all ages, then do these things not state openly, 'There is a Goal, else why would I know all these other things, and see them so important in my way of life?'

I could speak hours on end on the Gift of human life, and what a Treasure it is. First of all, it gives human life a Goal. Through the senses of human life, it says many things. It instructs on what is right, what is wrong, what is pure, what is impure, what is just, what is unjust. With this constant

understanding in the knowledge of these Words, these Gifts, does it not say openly that human life is a Gift of Divine Love, and there is a Purpose for human life above and beyond anything else created? The reasoning is so simple, so logical, so realistic, and pays honor to this way of life through the senses of human life innately knowing that there is a Higher Goal, but there is a Higher Being of Life, of Living, that Exists without being seen.

Thousands of pages could be written on the Importance of human life, because it is so important for every human being born to not just take each day and treat it like it is worth nothing, but treat it as a step to a Higher Place, a Higher Goal to an Entity of Divine Love, that whether an individual can see the Divine Love or not, it is logical there is a Higher Being, because of all that has thus far been created for a very long time.

I close the Words for I could speak hours and hours and hours, but it is important that every subject matter that comes through This Gift of Divine Love be read many times, and see the Greatness in what It speaks on the importance of so many things,

and especially how It speaks on the Importance of the Soul.”

SAINT AUGUSTINE

“I am Saint Augustine.

The world has been Blessed in a manner, way, degree, that the human mind cannot perceive the Greatness of, because in the human way, most things are what they call ‘practical’, ‘understandable’.

In the Blessing of This Gift of Divine Love, What has been given to all of human life through It, by It, from It, is beyond the human mentality to understand the Closeness that The Divine is to man.

At this time there is so little being spoken by all degrees of intellects, all ages, regarding the Importance of the Goal for which human life was created. There is rarely a topic spoken on the Importance of the Soul that each human life receives at the moment of conception.

In some ways this is sad, because it does not allow this important subject to be understood in the Greatness It is,

in the Power It is, in the Importance It is, regarding the human life in which It is so closely connected to. For those who live strictly a humanistic, idealistic practice of life, in the world of living each day in a system or current of what others do and say, the Soul is not included in any way.

Throughout the world, men, women and children of all ages are attracted to different subjects, different ambitions and different understandings of what pleases them, what encourages them, and what they feel makes them happy. There is so little thought about the Beauty and The Divine Love that is Part of the human conception that each human being began with.

The world has been given a Miracle, and It is a Miracle that I speak through, because of the Importance of All that is spoken, instructed, and the manner in which It can be heard so It can be put into script for the present time and time to come.

The Father's Love for human life is Greater than what the human life understands love to be, but there are many facets of human love basically

copied from Divine Love, and that is the sharing of many areas of life that give strength, hope, and a consistency of what is morally sound, morally pure, morally acceptable.

Throughout the world there is so little instruction that gives strength to the Importance of human life. So much is based on materialistic values, concerns, and the importance of what individuals feel comfortable with physically, mentally, socially, and many other degrees of communication.

There have been so many Blessings delivered through This Gift of Communication that has allowed so much put into script, helping It to be remembered in the Beauty It is, the Indepthness It is, the Value It is, and how the human life is affected by It and within It. All things put into script that give, direct and instill the Importance of human life and all it has, is more important than any human intellect could possibly deliver It in Its full concept, degree and manner.

Human life is taken for granted. This is a sadness because human life is a Gift of Divine Love, designed and instilled with many facets that allow

an individual to more fully understand that the conception and the human way of living is not all there is to think about, but the Goal that is Important for human life is one of the Greatest Goals a human being can reach, and that is to return to The Creator and be a Saint.

As I close My Words, I close Them with much Love, but the Love is not the type of love you know love to be. It is a Love that Wills the Souls in all human life to return to The Creator in Purity, and understand that They were created for a Goal Greater than the life They lived with man.”

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

There are so many facets in human life basically too numerous to mention, because it would take volumes in describing the importance of each Gift to the human body, to the human mind, to fully comprehend the Beauty of human life.

Throughout the world there are so many men, women and children who ignore all the Gifts that they possess. It seems to them that everyone else is gifted but them, thus they are ignoring that they, too, have abilities to address all they are capable of doing in a very personal, loving way.

Some would say it is innate in human life to be jealous of others. Jealousy does not enter into what I have spoken about. Many times it is an innate lack of interest or an indifference that the individual does not see the full value, thus ignoring their own abilities to participate, to cooperate, and to give to their way of living a foundation, a basis to

encourage them, the value of so many things available to them that would give them more interest in daily life, and more interest in being available to participate in the importance of working with others, on developing to a greater degree, subject matter that would give strength to them physically, mentally, morally and spiritually.

The whole world has been Blessed by Divine Love through This Gift that bears the Name of The Beloved One. This Gift is far greater in Content, Direction, Hope and Love than the average individual perceives It to be.

Sometimes when We desire to awaken an individual, man, woman or child to look at what is available to give them hope, also to give them the strength to persevere in accepting what The Father Wills them to be productive in, to be interested in, and to have more fulfillment for their mentality, their will, and their Goal in life.

Each day as We see human beings of all ages, all backgrounds, all degrees of understanding, in Our Way We try to encourage them to see the value they are faced with that will give them more

hope, more interest, more capability, and definitely a better understanding of the Goal for which human life was created.

At this moment there are thousands, more than thousands of human beings of all ages who do not see the importance of daily life, or do they have the willingness to examine their way of life and see how they can improve it in every facet of it, based on their understanding, of course, that The Creator of All Things will help them mentally, physically, psychologically, in a degree greater than they can perceive it to be, because The Father, in His Love for human life, is always willing to aid and to be involved because of the Souls that need so much that a human being is capable of doing that will give hope in a way that nothing material can give.

I speak this way today, because throughout the world there is so much reluctance in human lives to look for the value of everything, the purpose for everything, and The Divine Love that encourages the mentalities to realize that there is hope and there is a Goal.

As I close These Words, I close Them with deep Love for human life. It is The Father's Will that All that has thus far been delivered be spread throughout the world, because there is so little encouragement that is logical or based on Divine Hope, Divine Guidance, Divine Participation, Divine Love."

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

The world of human life has been Blessed abundantly through This Gift of Divine Love that uses *a small voice* to do the Will of The Father, according to the manner and degree He Wills so much to be spoken, instructed on the Importance of human life and what He expects of it, due to the fact that It is a Special Blessing, different than other Blessings, based on the fact that He put Part of Himself, called It ‘a Son’, in the midst of thousands and thousands of human beings, instructing as He desired them to learn, and using The Son as Example for others to follow.

If This had not occurred, those living after that time and through the time in which you live, would have very little example to follow, and to help you understand what a Precious Gift human life is to man.

The past is not just made up of Stories. They are Facts, giving strength to the privilege of being born a human being, having a Goal, what a

human mind could perceive to be the Greatest Gift, because it returns the Soul of a living human being to The Father Who created and controls All things.

Children are not being instructed on the importance of prayer. In many ways it is being dismissed, using the excuse, ‘They will learn it when they get older; they are too young now to understand.’ Not enough emphasis is put into the importance of communication daily with The Divine.

The Heavenly Mother loves each one and appreciates every prayer spoken to Her, fully understanding the human way, for She walked it, and how the human way needs help morally, mentally, psychologically, physically, emotionally, emphasizing the Spiritual need for every individual’s way of life and That Portion of them, their Soul, that is a Portion of The Creator, above all things.

I could speak hours. Each time One of Us is requested to speak, it is a privilege beyond what those taking the Words fully understand it to be, because it is so important that those in the living stage of life have no

place to go or really very, very little to read outside of What is spoken in This Gift of Divine Love, because It is so personal, so explicit, and delivered with such good intention that is obvious in All that is given, helping all ages of human life to realize, to more fully understand there is a Goal Greater than human life can speak about, but the Goal is evident, because without the Goal there would be no reason for human beings to have morality, or Spiritual understanding, or love for The Creator.

As I close These Words, I beseech those who take Them and those who will read Them: Let no time or day pass that you do not allow yourself the privilege of recognizing that within you, you have a Portion of The Creator, the Soul. Respect is important. Truth is important. Dignity is important, and also love for The Divine.”

FEBRUARY 14, 2003 AT 12:35 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

The Father has given to the world of human life a Blessing beyond what the human mind can perceive the Greatness of, the advantage of, and the full purpose of.

It is important that All that has thus far been delivered be scattered throughout the world. Do not worry about the language barrier. In some ways, it will help thousands, or even maybe millions of men, women and children understand that The Father wants all races, nationalities, backgrounds of human life to know What He Wills them to know, to help them better understand what a privilege it is to be born a human being.

Today as I speak, there are millions of men, women and children who have not thought for one moment on what a Gift human life is, or do they think about The Creator of All Things. This occurs to some, because they never

really were taught the Importance of The Divine, the Importance of The Creator of All there is, including human life.

Though some individuals appear spiritually oriented, oftentimes they are totally ignorant of many important issues, factors, logical meanings that are obvious to them, put into script by those who had the Faith to understand the necessity for Divine Being, and that This would be the Foundation for all else that would be created.

I will not speak long. There are Many Saints standing Here with Me now, wanting All that has been delivered through This Gift of The Father's Love to be sent over the waters and throughout the lands, to help awaken the mentalities of the 'logic' in there being a Divine Plan. Everything in existence proves this Truth. It is not just a possibility; it is Fact.

Human beings are surrounded by many, many things that prove the Existence of The Creator of All Things.

As I close These Words, it is important that All that has been delivered through This Gift of The Father's Love be scattered throughout

the lands and over the waters, no matter what manner of speech others have, because eventually, one line of translation might be all an individual needs to awaken them to the Fact that there is a Creator, and also, that as a portion of what He created, the individual, is evidence that not just a human being has the capability of the creation of all human life and all that exists, not just on one planet, but all that is out there for human beings to realize, to accept the Blessing of being born a human being, surrounded by not magic, but Greatness in Ability, Divine Love for human life, because it is surrounded by all that is impossible for the human mind to be able to have done.”

FEBRUARY 14, 2003 AT 1:19 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

This Gift of The Father’s Love is far beyond what the human mentality can understand a Love of This Dimension, This Greatness and This Purity.

Throughout the world, men, women and children say prayers. I must add to this: There are many who do not say prayers, but those who do, it gives strength to help, because there is no prayer ever spoken, ever thought, that is not heard. This Statement may be difficult for many to understand because so many prayers are silent, spoken through one’s mind, but I promise you, they are heard in a manner and way inconceivable to the human mind.

Today as I speak, it is a privilege for Me because The Father, in allowing One of Us to deliver Words of encouragement, helping a man, woman or child to more fully understand, to better understand a situation that might be complex or dangerous, or just

too much for an individual to be able to use the proper manner of actions, thoughts, words, is oftentimes one of the greatest problems a human being has, even when they know the prayer is for something valuable to them or someone else, and also, pleasing to The Father because of the manner in which it is done, or the subject matter that it consists of.

No day should be awakened without a prayer; no day should be closed without a prayer, because within each human being there is a Portion of The Creator, the Soul, and through the human life, It is placed at a given time. That Soul is dependent on the one in whom It is placed for more things than can be counted in the human way, because the Soul is the recipient of all that an individual practices morally or immorally; also, how the individual addresses what the Gift of life is all about, and that the Gift is remembered to be a Portion of The Creator. This is part of what should be, but oftentimes is left out.

Children are not being instructed on how to address the beginning of the day, and yet they are instructed with human formalities, such as, 'Good

morning,' and some are told to add, 'I love you,' and then there are others that are told to say, 'Have a happy day.'

There are so many facets in human life that are not thought about, using the excuse, of course, that the distractions are so many and there are so many factors that enter into what a day consists of. The day should always include a recognition to The Creator of All Things. You say, 'Good morning' to others. Would it not be just as easy to greet The Father in a personal way?

I speak differently, I know, but it is time that all ages of human life force themselves to understand that there is a Divine Existence that is ever present and should never be forgotten or dismissed or rejected because, believe it or not, It is close to you every moment of every day to give you the strength to perceive, to accomplish, and use the time to remember that without The Divine, you would not be what you are, where you are, or have the Goal that you are Blessed with, and that is to one day become 'a Saint' through your Soul that you never see, but is obviously the closest Thing to you in all you do, all you feel and all you see."

FEBRUARY 17, 2003 AT 12:42 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

For a long time now, The Father has permitted and requested Many of Us Here in the Heavens to speak openly on the Importance of human life, and His Will for it, because He created human life for many reasons, to share All He Is, All He Has, at another time.

For so many it is difficult to fully understand that there had to be a Creator to build all there is, to create all there is, in an orderly manner, way, that also controls with safety measures inconceivable, regarding the planets; of course, the moon, and definitely the sun.

These things alone should cause the human minds of millions of human beings to believe in a Creator of All Things. It would be illogical not to sense, or to logically feel, that there has to be a Higher Source of Power for this Gift of Divine Love that is Greater than the human minds of human beings can or could perceive It to be.

So many children are not being spoken to about the Greatness it is to be born a human being, the privilege it is, and that it has a Goal. It is logical that there is a Goal to human life, because it is innate in human beings, instilled by The Creator, to seek goals of progress, of hope, and of love. This alone proves that there is an Entity of Power, Greater than the human mind can perceive It to be.

It is important that prayer be spoken in thanksgiving for the privilege of being born, also the privilege of there being a Goal beyond what the human mind can perceive It to be, but It is an available Gift of Divine Love for every human being.

I will close My Words now, but as I do, I beseech you to remember you have the privilege to communicate at all times with The Creator of All Things. There is no time it cannot be passed through, or heard or understood, because The Creator is thankful for those who see the Beauty of this Gift of Divine Love, to be able to live in the human way and have a Goal to live for at another time.”

FEBRUARY 18, 2003 AT 12:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

In The Father’s Love for human life, He gave to the world *a voice of a little individual*. He did not need thousands for What He Willed men, women and children to learn about, because with *the small voice* He allowed All things of importance to be put into print, into script, so that each Point of His Divine Love would be recorded, so individuals could not depend totally upon their imagination or their memory as to what was expected of them, by Him.

So many times the sound of a voice speaks many languages, and many, many important points, but unless the words are put into script, much of what has been spoken can be remembered differently, because it is difficult for the human mind to remember word for word important Lessons such as These have All been, since the beginning of This Gift of Divine Love.

The average person says, ‘Yes, I believe there is a God,’ but the individual does not practice living each day remembering that there is a God, The Creator of All Things, and that every human being is responsible for everything they do, speak, and yes, command others to believe.

Children are not being instructed on the Importance of human life, because to most children human life exists within their way of life that they are bound to, because of those with whom they live, and also by those with whom they associate. This includes all ages of human life.

Throughout the world there are thousands of individuals who feel they have the ability, the knowledge, and all that it takes to be the perfect example in how they live, how they speak, thus being able to be special, not just ordinary in how others will see them.

One of the greatest books ever written were the first books that began to put into writing, the letters that would be used to be able to gather and make words out of them, and then the words were to have a specific purpose,

meaning, understandable in the degree for the memory of those who read them, giving strength to the mentalities of thousands and thousands of human beings of all ages.

Everything started to give the human mind of those at that time, and those who were yet to come, something to fulfill their mentality with understanding, with direction and knowledge that they could not, through the mere ability to speak, be able to retain all that was spoken.

Script gave to the human way of life a boundless degree of mental understanding, helping all ages to learn and be able to apply what they read for important things in their way of life. Always remember, the first individuals who were created a very, very, very long time ago, were not gifted with this Gift of learning, of being able to see the Importance of being a human being, but The Father, in His Love for this creation, took one step at a time.

Every area of life, every human being responds to sound before they responded to reading. Sound is the utmost importance in everyone's daily

life. That is why it is so sad when an individual finds they cannot hear. It cuts off part of their communication with other human beings.

As I speak today, it is to help you more fully understand the Gifts of Divine Love are endless, because every facet in the Creation of human life was given for an important reason, helping human beings to more fully understand, without the Gifts, living every day would be difficult for them to associate with others, to have progress in many different forms, ways, conditions.

Communication was given from The Father with Divine Love, because without it human life would not have all it has today.

I speak on this today, because of the importance of this ability that has, through time, instructed on the Importance of human life, and when The Father decided it was time for human beings to know He Existed, and that there was a Higher Degree, a Higher Goal, a Higher Mentality, there was Hope in this, and it gave to human life energy that in the beginning, it did not exist.

As I speak today, I say: ‘Treasure all you are able to do with all the Gifts in your way of life: your ability to see, your ability to think, your ability to judge right over wrong. Your senses alone are Gifts greater than you know, because your senses help you to see the Importance of human life, and that it obviously has a Goal Greater than is spoken about, but the Goal is to return to The Creator in Thanksgiving for all you have been given.’

The Gift of life is a Gift far greater than the human mind can possibly comprehend it to be, but through time, there have been many examples of the Importance of human life, and now you are at a time living wherein there is much progress, more understanding, and definitely the ability to see inwardly, outwardly, that there is a Goal for a Portion of you, called ‘the Soul’.

The Soul is a Living Portion of The Creator, and it is your Soul that is the Greatest Gift of Divine Love, because your Soul will be What will return to The Creator, according to how you lived the physical role.

As I close My Words, I speak with Deep Love for the privilege The Father has given to the world, because so much is being instructed that has never been so beautifully told. There is Hope in being a human being, because you have a Soul.”

FEBRUARY 19, 2003 AT 12:53 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. When The Father chooses One of Us to speak so Our Words will be put into script, it is a pleasure, a privilege, beyond what I can say at this time.

The world has been Blessed with a Miracle of Greatness, because it is The Father Who Directs All Things through This Gift of His that bears the Name of The Beloved One, Saint Joseph. For a period of time, so many individuals ignored the Name of The Saint that was so close to The Divine, openly giving Direction, Hope, Love.

Today is a very important day, because This Gift has been Blessed abundantly through the will of *one human being*. It is not easy to serve in any place, case, situation, area of human life, but to serve The Creator in a manner, degree, way, not seeing What He speaks about, not hearing His Words directly, but through the mentality He delivers What He Wills thousands of human beings to learn about, to understand more in reference to The

Divine, but also, what a privilege it is to be born a human being, having a Goal Greater than the human mind can perceive It to be.

Children throughout the world are not learning the importance of speaking to The Saints quietly, personally, understanding that The Saints are always evident where they are, not an open way, but in a very Powerful Way, because so often an individual in readiness to make a decision, will be quietly told to change it, sometimes at the last moment, and the new thought is much more advantageous. That is how close you are to The Saints, and The Saints are to you. There is no preference in age or gender.

Today, throughout the world there are so many individuals accepting all that is impure mentally, physically, morally, bound by what they call 'venturing into a new manner of thinking' of worldliness, of understanding a greater degree of humanity, feeling the progress should be seen and accepted readily.

I beseech all who write These Words, who read These Words, and

those who will instruct others on These Words, to remind the mentalities of all concerned that there is a Divine Entity, Greater than the human mind can perceive It to be, and there is a deadly entity of hate, jealousy, that tries in every way to supersede what is morally pure, right, correct, and beneficial to the Soul.

I could speak hours on this subject, but The Father Wills All of Us to just give what the individuals can handle at a particular time, because it is easier to remember when there is not too much spoken, implied, or directed.

Many Divine Blessings have passed through This Gift that bears the Name of The Beloved One. It is important that All that is written be passed in all directions, alerting others to realize that human life is not alone, because each individual bears a Portion of Divine Love, called 'the Soul'. It was placed in human life for a Reason, a Purpose, and a Goal to one day represent that individual in the Kingdom of Heaven.

As I close My Words, I say with deep Love for human life: 'Follow the

Will of The Creator, never forget The Commandments that were given a long time ago, and also bear in mind every moment of the day, that within you, you carry a Portion of The Creator that should be honored with dignity and love, and remember that one day It is to be returned to The Creator, not necessarily known to the world by the word “Saint”, because all human life will not be that notable, but just remember to return to The Father, That Portion of Him that you carried through life, giving you the strength, the courage, the hope of His Divine Love, so you would have the ability to one day be with Him.”

FEBRUARY 20, 2003 AT 1:14 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Christianity is a Gift of Divine Love, because through what It teaches, It not only instructs, but assures those who practice It that they are the custodian of a Soul, a Portion of The Creator, that nothing else created has the knowledge of, in the degree of, or the reason for.

There are millions of men, women and children struggling to be liked by other people, also to be wealthy financially, but basically, morality is not thought of in this state of growth or possession.

Children are not being instructed on the mere subject of politeness, courtesy. Throughout the world there is so much so-called ‘humanism’ that basically is more apt to be acceptable, because it automatically allows the human way of life to act, to think, and to use all there is for enjoyment, or for just appeasement to their whims, their feelings, their moods. You do

live in a time worse than Sodom and Gomorrah.

My next Words are sad for Me to speak, but the fact that I have just spoken means nothing to most human beings, because they feel it is a thing of the past, for another generation of human life to have gone through, thus ignoring that all the indecencies, immoralities, impurities of the mind are prevalent throughout the world.

We hear some individuals say: ‘How can we stop this? How can we improve and practice more The Father’s Will?’ This statement is quickly removed, because most human beings of all ages do not see the reality of what is occurring, and what it is doing to their Souls or their mentalities, or even what example they are giving to everyone they meet or know.

The next statement I make will surprise some; it is just an ordinary statement. When you sneeze, how many people present openly say, ‘*God bless you*’? This, too, is a thing of the past, because the word ‘God’ is not used like It used to be used, to the degree It was used, and for the many

reasons It was needed, requesting help from The Creator of All Things.

I will close My Words at this time, because I could speak hours on the importance of bringing The Creator back to life, daily remembering that your existence depends upon The Creator of All Things, and there will be a time when all you have practiced through life in all forms of material ways, your Soul will be Judged and you will have nothing to say. There will be no time for your protection or love to show, so I, in My Way today would say, ‘Think about how you live, how you respect The Creator of All Things, and how you feel about The Saints; also, ask yourself, when all things stop for you in your living way, will you face The Creator in a Pure Way?’”

FEBRUARY 21, 2003 AT 12:38 P.M.

OUR HEAVENLY MOTHER

She's smiling. She says:

“I am your Heavenly Mother.

So Many Saints Here in the Heavens use *one small voice, small body*, for important Messages to be delivered to human beings of all ages, all degrees of intellect, because each human being is a custodian of a Portion of The Creator; It is known as ‘the Soul’.

The Soul is the recipient of all an individual practices, participates in, and how the individual conducts himself or herself. In some ways, the Soul can be ‘the victim’. This is sad to say, but it is Fact, it is Truth.

In blessing the whole world with This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, The Father Wills that All that will be delivered will give strength morally, mentally, in every facet of life, for those who have the privilege to hear the Words spoken, and to be able to

read at this time, or later, All that will be put into script.

Throughout the world there is so much diabolical acceptance, interference, causing abominations to the Souls of millions of human beings of every degree of intellect, because the human mind oftentimes ignores rationalization of what they are about to speak, to participate in, and to be known for.

Today as I speak, there are Many Saints present Here with Me, All wanting What is delivered for Protection of the Souls that hopefully will be treated not just in a respectful way, but a way that one would call 'dignified' and be grateful for.

The Soul is the recipient of all an individual participates in, acts out, or leads others in many ways to participate physically, morally, sometimes always saying or making excuses for the actions, thus allowing those with them to feel it is a humanistic version or acceptance so it is acceptable, thus ignoring that the Soul of every individual, whatever the human part participates in, the Soul is vulnerable, because the Soul is the

recipient of the scars, of the good, and of course, the pure acts that give to the Soul, hope.

It is sad for Me to say, but one of the most difficult things in human life is for all ages to realize that human life is gifted with a Portion of The Creator that nothing else created has. This alone should be the reason an individual uses morality over immorality in every facet of life, goodness over evil, kindness over unkindness, justice over injustice, and of course, purity over impurity.

Human life was created out of Divine Love and in Divine Love, a Gift Greater than the human mind can perceive it to be. The very sight of human beings tells other human beings that an Ultimate Source of Power had to be, has to be The Creator of this Gift that has so many beautiful parts in it: the ability to speak, the ability to think, the ability to give strength to others. The list is endless.

I will close My Words, but as I do I say: 'Please remember, in human life you automatically accept goals, always looking for the highest goal you can reach. You are Blessed with

the Greatest Goal that anything could compare to. Yours is to one day become ‘a Saint’. It is not impossible; in fact, it is very easy to do. That is why The Commandments were given, and so much delivered on the Importance of human life, and how close it is to The Creator in every facet of it.’

I know I have spoken differently at this time, but We oftentimes do it this way to attract the attention of different individuals who, through their mentality, have the ability to accept important subjects when they are put in a different format than they are usually expected to be.

I bless you with The Father’s Love and with My Love, because human life is a Gift beyond what the human mind can perceive it to be.”

SAINT JUSTUS

“Human life is oftentimes faced with many enemies. Enemies come in different degrees. Some individuals are enemies out of jealousy, some out of hate, some out of egotism, some out of their inability to cope with what others feel comfortable doing. The different ways that enemies accept, put them in a category of injustice, and many times disobedient to The Father’s Will.

Human life has so many attributes, so many advantages, and so many reasons to accomplish good over evil, love over hate.

The world has been Blessed with a Gift of The Father’s Love, based totally on His Love for this Creation of His, human life.

In many ways, even the animals that were designed and created by Him have a type of life that gives them the ability to participate, and the strength to follow when it is necessary. Animals are in many ways a Gift to human life, because they generate the vastness

that The Divine truly has, and the variations in so many things designed by The Divine, give to human life much interest, plus the ability to learn more than they would if just human life was the only living matter or thing in existence.

I speak on a different subject today, but it is an important subject, because in the creations that are different than human life, it gives to human life so much to learn about, and so much more to see in The Father's Love for living matter or things.

The will of the human life has much responsibility because of the innate knowledge it bears over what is pure over what is impure, what is just over what is unjust, what is truth over what is untruth, what is valuable over what is not valuable.

The human mind is like nothing else created, because it is through the human mind that a human being learns so much about so many things, but also has the foundation and the basics for truth over untruth, thus helping them understand in a greater plane of thinking, that to create all these different things, there had to

be a Creator with All the Abilities beyond what the human mind can perceive available for them to learn about, and for them to enjoy, and for them to understand the purpose for all these other creations that are unlike human life in how they do things, and of course, the reason for which they were created.

I know I speak differently, but in man's terms, what I have just spoken is 'food for thought', something to think about, helping an individual human being to more fully understand that to be created a human being has to be Divine Plan, and is obviously gifted with the privilege to one day be a Portion in some Form, some Degree, not understandable at this time, but obviously Important for What The Father Willed it to be.

Thousands of Saints Here in the Heavens love This Gift of The Father's that, though It is named '*The Miracle Of Saint Joseph*', He allows so Many of Us Here to speak, and to deliver Words to help individuals of all degrees of intellect understand what a Great Gift human life is to man, and it should be treated with dignity, honor and thanksgiving, because within

it, it bears a Portion of The Creator that nothing else has. This Portion of Divine Love is above and beyond human imagination, but It does exist. That is why it is so important for human beings of all ages to value how they were created, and that it has a Goal.

Those who read These Words, ask yourself a question: ‘Do not the goals in life give me hope, interest, and many things that nothing else created has, plus the understanding that in using all I am, I can one day be called “a Saint”?’

As I close My Words, I close Them with much Love for human life, because it is a Gift of Divine Love that nothing else has.”

SAINT PEREGRINE

“I am Saint Peregrine.

Logic is evident, because there are so many times that when logic gives hope and draws people together there is logic in prayer, because the words, in their particular manner and way, draw the attention to the Soul that waits for men, women and children to pray.

The Words I use are different than what is normally spoken, regarding the human closeness to The Divine Way.

There are periods in some humans' lives wherein they feel the necessity of prayer, the need for prayer, and the hope they feel is transferred from them to Whomever they are praying to.

Just as human beings consider small points in daily life that can be related to communication, helping someone notice they are there, a prayer immediately gains the attention, unseen of course, but obviously there is a close Association when one says

a prayer and chooses the One they desire to hear the prayer.

Each day on awakening, without communication to those around or those with whom you associate, the day would be dull, without reason, without purpose, if there was no communication verbally, mentally.

The reason for My Words is to draw your attention to the important fact that as you are aware that The Holy Father hears everything you do, say, The Heavenly Queen also is fully aware of what you practice as an individual in your daily way. The Saints, though you do not see Them, are also present in a degree and a way, always ready to listen to what you have to say.

When you call upon Saint Elizabeth, She immediately recognizes the communication. If you call on Saint Paul, the same thing occurs, because the Souls of These Saints are constantly aware of all things. The Beauty of Sainthood is to be close to The Heavenly King, to help the Souls of millions of human beings understand that human life, in Divine Plan,

is connected through the Soul to The Heavenly King.

I know What I have spoken may be difficult for some to understand, but just as you whisper something to someone physical, they will hear you, and the Souls of All in the Heavens are always aware when you pray; even if you do not mention a Name, there is always Someone to hear.

The Father, in His Love for this creation, human life, has instilled in it more Gifts than the human mind can perceive to be; but never forget, when you speak to anyone, what you say is heard because of the Soul that you are gifted with at the moment of your conception, and the Soul never loses contact with The Divine, or does The Divine ever lose contact with your Soul.

That is why it is so important for all men, women and children to never feel they are all alone. A prayer is sometimes the greatest thing one can do, because That Portion of human life, the Soul, feels the closeness to The Creator when It is used to help the one in whom It was placed at a given time.

I know what I have spoken is different in how individuals think about, but The Father, in His Love for human life, would never leave you alone. The Soul is the Protector, the Guide, and the Recipient that will be returned to The Father in how you treated It, how you used It your whole life.”

FEBRUARY 26, 2003 AT 12:24 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I will sound firm as I speak today, perhaps because of the importance that I feel should be felt in What you hear, and the Words that you are requested to put into print.

To serve The Father as you do, almost on a daily basis, will be remembered by Him because of the importance of What you put into script, dictated for millions of human beings to one day be able to more fully understand the True Existence of The Creator, and the Importance of The Saints Who have been requested by The Creator to put into print What He Desires human minds to more fully understand, not just the Greatness of being created a human being, but the Important Goal that it is capable of achieving at another time, Greater than the human mind can perceive It to be.

So many facets of life give to the mind, the mentality of human beings, the desire for success, the desire to

reach goals, and the innate desire to find happiness, and to remember it is important for their Soul.

In This Gift of Divine Love that has instructed so many subjects, so many important issues for the human mentalities of millions of men, women and children, helping them to more fully understand that to be created the human way is the Greatest Gift The Father could give to life, giving living in a manner, degree and way, capable of understanding so many factors, so many abilities, and also, the closeness human life has to The Creator of All Things.

Throughout the world, children are not being instructed properly. There is too much laxness in how they are treated, instructed. It is sad for Me to say, because the human mentality has many more capabilities than a human being understands it to have.

A mentality is oftentimes felt that it is just to learn certain things, or to remember certain things, but the reality is greater than this, because the human mentality is to personally connect to one's own self that there is a Higher Gift of Divine Love for them,

Greater than the progress that being alive in the human way is capable of showing openly regarding goals, and of course, the Ultimate Goal to one day become 'a Saint'.

We hear so many individuals find materialism, socialism, the highest goal they can reach. This is sad, because it is only a temporary goal, and it is important that every human being, no matter what age, young or older, bear in their minds that they have a Goal to reach Far Greater than anything earthly can give them.

To be successful in the eyes of others, and for one's own pleasure, is adequate to many, or most human beings, but logic should tell the mentality of every human being, at any age, that there is more to reach for, because of the Importance of human life, and that in human life there is the Mystery of Divine Love assisting every move, every thought, and that this Love is evident, because of the creation of everything that exists that no human being is capable of.

Today as We gather to speak to you, a small group, but Our Words should pass throughout the world to

awaken all age groups, all mentalities, to the Fact, to the reasonability that human life, gifted with so many Gifts of understanding, of mentality, the sense of judgment, and of course, the innate understanding that to be a human being has an Importance that nothing else created has.

As I speak, and Those Here with Me today, All that has been delivered through This Gift of Divine Love is to save Souls.

Now, what is a Soul? Your Soul is a Portion of The Creator of All Things, of The Creator that holds all things in space in the proper order, way; each thing having a purpose beyond what the human mind can perceive it to be.

I could speak endlessly on this subject, but it is important that All that I have just spoken be understood in the importance of what It means to you, and that it is through the Love and the Grace of The Creator that so much is given to awaken the minds of human beings, even though it is a small group, but the written Words are to travel throughout the world to awaken the mentalities to more fully understand that how they exist is not

all there is to life, because as a human being, they are subject to Divine Plan that is Greater than the human mind can perceive It to be.

I could speak hours on end on the Importance of being a human being, and the Greatness for which it was designed and created, but so much has thus far been given to help all who will read These Words, hopefully it will be millions, to better understand, more fully comprehend, that human life has a Purpose, a Goal, and that is to return to The Creator, That Portion of The Creator that you are gifted with at the moment of conception, your Soul.”

**SAINT THOMAS AQUINAS
SAINT ROBERT BELLARMINE**

There's Two of Them Here: Saint Thomas Aquinas and Saint Robert Bellarmine.

“Oftentimes when We hear Our Names spoken, it brings great pleasure to Our Soul, because in remembering the human way of life, the Soul is the recipient of all communication to those who pray to Those Who have been called to The Father, and no longer live the human way.

The Soul of every human being is an Individual. That is why it is important that when you desire to pray to a Saint, or someone you know that has passed away physically, the One, the Portion of, that you refer to, is the Soul of the individual, and not the physical portion, that you talk to.

It is beautiful for All of Us Saints Here in the Heavens to hear men, women and children show respect to those who have passed on, because basically you are showing respect to

what the individual stood for, and also the Soul of the individual that is the recipient, basically of all you talked to others about. The prayers are immediately heard by the Soul. This may be difficult for you to understand, but it is a Part of Divine Plan that is rarely, if ever, described in this degree, this manner.

So much of human life is not understood, because human life is not just flesh and bone; human life has always been created with a Soul, giving to it a Future to live Forever.

The Important Part of human life is to be protected by those who realize that when you speak to someone who has passed on, is no longer alive, it is the Soul of the individual that responds, and never forget, each individual, in Judgment of how they lived, is reflected in the Soul that remains.

The reason I am talking so slowly is because I am showing *the little one* through whom I am speaking, the Soul separated from the physical is important for all human beings to see, to understand what a Beautiful Gift

this is to human life, because It is the Portion of human life that is left.

The Soul is the Portion of The Creator, difficult for many to understand, but in some ways, it can be pictured in the way that as The Son of The Creator was crucified, a Portion still remains, and that is the Portion you pray to when you pray to The Son of The Creator.

This is not difficult to understand. It is basically more insight into the reality and the Importance of how a human being is recognized by The Divine, because the Soul, as a Portion of The Creator, is the remaining Part of human life.

The little one I speak through, sees What I am talking about, and finds it so understandable, so logical, so reasonable, because only The Creator of All Things could be The One Who would use this Plan, thus giving hope for the Souls of mankind, and also giving purpose for the importance of human life to constantly remember that each human being is the custodian of a Portion of Divine Love that nothing else has.”

FEBRUARY 28, 2003 AT 2:52 P.M.

SAINT BARTHOLOMEW

There's Three of Them Here.

“We All smile as *the little one* stares at Our Presence. She says to Us, ‘Who are You?’ I say, ‘I am Saint Bartholomew,’ so she looks at the next One. He is just smiling at her and says, ‘How Many do you want to speak at one time?’ Her response is: ‘It is what You Will to be done, not mine.’

***The little one* The Father has chosen is constantly aware, not just of Our Presence, but of the necessity for all of human life to understand that The Father, in His Love for human life, would never leave human life alone, so at this time He has elected to have Several speak, so that all ages of human life would be better able to understand, more fully comprehend, how close The Heavenly Father is to man.**

So much has been instructed thus far on the Importance of human life, and the Gift of Divine Love that each individual is the custodian of.

Without This Portion of human life, all things would not be as they are.

Animals do not have Souls, nor does anything compare to the privilege human life has the moment it is conceived. When it is born and the physical life begins in an open manner, way, it is obviously Special, and beyond what any other living matter or thing is gifted with, or able to do.

Children are not being instructed on the importance of prayer, or the importance of remembering that as a human being they have the ability to do so many things, and through this ability that covers so much a part of their living each day, they have the privilege to use what they are, what they do, what they say, because it is different than any other living thing.

Intuitively, human life feels there is a Goal for the life they are living, even those who do not believe in the Soul, but the Soul of each human being is That Portion of The Creator that gives to human life so many benefits, and makes human life different, because human life is gifted with a knowledge, with understanding that helps each individual more fully

comprehend that there has to be a Future in God's Plan for this Gift of so many abilities: the Gift of speech alone, the Gift of being able to learn beyond what an individual sees or feels; also, the ability of communication with others give strength to the life, communication that encloses human beings with human beings, helping them in many ways to grow mentally, psychologically, spiritually.

The freedom of a will is beyond what a human being understands it to be. It is a Gift greater than anything else created has, because through the will there is a sensitivity of seeing so many different attributes of life, purposes for life, and human Gifts that nothing else has.

Children must learn the importance of purity, dignity, honesty and hope; also, that there is a Goal for them to reach that will give them a closer Association to The Creator of All Things.

It is easy for Us to speak the Words We speak, and We know that sometimes those who read the Words cannot feel or find within themselves the reality of All that is spoken, but I

assure you, human life is gifted beyond what the human mind can perceive it to be, because the human mind is guided by a Portion of The Creator. It is called 'the Soul'. The word is small, but the meaning is limitless.

As I close These Words, I say to you: I could speak hours on the Importance of human life, but What I have spoken thus far is to hopefully give strength to those who read the Words, strength to more fully understand that there is a Future to human life, designed by Divine Plan, different than what human life has experienced, but a Future with what could be termed 'Divine Presence'."

MARCH 3, 2003 AT 12:38 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

The privilege to speak in This Gift of Divine Love is beyond what the human mind can perceive it to be, but all who read the Words that The Father is allowing to be put into script, instructing on important issues for the mentality of human beings, but basically for the Souls of every living human being, to more fully understand that life in the human way alone, would be minus a Divine Plan.

A flower grows, a flower dies, but the flower in some ways perhaps gave pleasure to those who passed it by. Human life is far greater than the happiness a flower gives, because human life's Goal is to return to The Father, and be with Him Forever and ever and ever.

I hear some individuals say when they read This: ‘If I have no body, what part of me will be with You?’ The little understanding that exists throughout the world regarding What human life is created with, is in many

ways an abomination to the Value of human life, the Importance of human life, the Value of human life, and what a privilege it is to be born a human being, because the Soul is in many ways obvious to every mentality born, but many times it is resisted by the individual in whom It is, because they cannot see It, they cannot feel It, but without It, the human mind would have nothing. It would be like a bone, a nail, or a drop of blood.

As I speak These Words, I speak Them hopefully awakening thousands of human beings to the Fact that human life was created and is created for an Ultimate Goal, because each human being born receives a Portion of The Creator of All Things: a Soul, a Connecting Link to The Divine. This Creation of human life is gifted in an Ultimate Force, Source, and Reasonability.

I could speak hours on this subject, but What I have just spoken is to awaken the minds of human beings of all backgrounds, that in human life there is Hope greater than anything else created is the recipient of. Approach each day knowing that within you, you have the ability to do

many things, and to also keep in your mentality the Beauty of a Goal that The Father has implanted in you, because of the close Association human life has with The Creator of All Things.

The Soul is a Gift of Divine Love, never seen perhaps, but It is always felt, because the human mind knows purity from impurity, justice from injustice, right from wrong, hope from despair. All these factors in human life prove to the human mind that there is a Place, a Goal, and yes, a Purpose, because of That Portion of human life, the Soul.”

MARCH 4, 2003 AT 12:57 P.M.

**SAINT MATTHEW
SAINT JOHN**

“I am Saint Matthew. I am Saint John. We join together today to encourage those who follow This Gift of Divine Love that is instructing all ages of human life on the Importance of, and Purpose for human life to be created in the manner it was and is, and the knowledge that within it, it bears what The Creator wants all of human life to more fully understand, that human life, in the way of man, is a Gift of Divine Love that nothing else has.

The very understanding of what is pure over impure, whether it be in judgment on issues or in personal association with another human being, there are many ways that these words pertain to human beings of all ages. Throughout the world the lack of full understanding regarding the Importance of human life, ignoring totally that within human life there is Something that no other living matter or thing is the custodian of, or

responsible for; that of course, is the Soul.

Animals do not know how to pray to The Creator. They respond in many ways to their abilities in life to do certain things, even when some of it appears like human actions, human understanding, human abilities.

In This Gift wherein so much is spoken about regarding the Importance of human life, it is sad to say that human beings of all degrees of intellect, all degrees of temperament, understanding logical sources, reactions, ignore totally the Fact that human life was created, designed in a Special Way, for a Special Goal.

At this time in which you live, in many ways it is no different than the past times of human life, because it is innate in human beings to oftentimes ignore responsibilities that automatically tell them that something is wrong, or something is right in the Eyes of a Higher Source, but in ignoring the situations, they ignore so much that was delivered and is being delivered, regarding the Fact that human life, in its Creation, was intended to bear within it a Portion of

The Creator that nothing else created is gifted with, thus giving to human life a Bond between The Creator of All Things and human life.

Through time, many words were drawn up through the intellects of those present being able to express openly, facts such as purity: mentally, morally, socially, physically. The line of words is endless regarding this Statement.

Children are not being instructed on the Importance of what they were created for, and that their creation was through the Power and Love of a Divine Being beyond the human mind's comprehension, thus giving to human life an Ultimate Source of background Greater than any other thing in existence; something to be thankful for, and something to help the mentality, the actions and the Goal of human beings to reach for what was designed to give them a Future with The Creator of All Things.

'Purity' is an important word in human life.

'Justice' is an important word in human life.

‘Decency’ is an important word in human life.

‘Love’ is an important word in human life.

I could speak hours on this subject. It is of such great importance to all denominations of human beings, whether they are intelligent or illiterate, and no matter what background they come from. It is time there be an awakening of realization that human life is above and beyond the actions that are forced into it, disregarding its Importance.

This Gift of Divine Love that has been given to the world, with so much from so Many Saints Here in the Heavens, is to enlighten the minds of all ages to be aware of what each human being has the ability to accept or reject, to be example of, in great respect for others besides themselves, because of what human life individually stands for, always remembering that human life was created to one day return that Soul to The Creator that has created All things.

Granted, not understandable to the human mind, but logic is evident

in everyday living, that there is a Greater Portion, a Greater Entity that is Higher than human life, and yet human life is granted the privilege of living in a manner and way different than anything else created. It is a privilege to be created a human being, because within it there are so many Portions of The Creator that allow living to give happiness, hope, strength, and a Goal for the Soul that it is Blessed with at the moment of its conception.”

MARCH 5, 2003 AT 2:15 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are Many of Us standing Here in the Heavens, helping *the little one* through whom We All speak. In Our Word ‘helping’, it means to assure others of the Importance of This Gift of The Father’s Love. It is meant for all ages, all degrees of mentality, and all backgrounds.

Throughout the world there are millions of men, women and children who need to read All that is delivered. This does not mean that We are assured of their understanding the indepthness of This Gift of Divine Love that The Father has given, to not just encourage men, women and children to realize that human life has a Goal, and through human life there are many Gifts that are capable of aiding the individual to a Higher Degree of Sainthood.

***The little one* is used for so many subjects that, in many ways, covers Facts that are rarely thought about**

in the average days of the lives of all ages.

Today as I speak, I speak with Great Concern for the quick reactions of rejection that *the little one* is oftentimes subject to, because it is so unnecessary in manner, in degree, in purpose, thus interfering with someone else present who needed What was being spoken for a particular portion of their personality, nature, character, and ability to understand what a privilege it is to be born in the human way according to God's Plan.

Thousands and thousands and thousands of Words have been delivered, giving Advice and encouraging some individuals to more fully understand that they have a lot to know about their behavior, and how it responds to The Father's Will, according to His Love for the Soul that one day will be returned to Him.

Few individuals can fathom having a Soul, because they are too preoccupied with standing up to situations the human way, oftentimes not understanding that their disposition, or contrariness, or lack of sound understanding, can be like

an atom bomb to some individual, or more than one, because everyone hears words spoken, or reads the written word with their own mentality, and their own ability of discernment on the value and the meaning of the content that is important for them to more fully understand the subject at hand.

I could speak hours on this, and I would, but The Father has requested I give only a portion, because at this point it is enough for most individuals to read and to be able to see the extensive understanding of humility that is needed to give strength to the importance of subject matter that deals with Words.

As I leave you, I leave you in ‘*The Sign of The Cross*’. By ‘The Cross’ I mean the One that The Son of The Creator gave His human life for. This is indeed a privilege to say to you, because it is rarely spoken in These Words.”

MARCH 6, 2003 AT 12:27 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. As I announce My Name, I do this because it is important for Me to be associated with what I am about to speak about.

Throughout the world there is very little access to all that is good, all that is moral, all that is pleasing to God. The Father, in His Love for human life, stops so much evil to be practiced and accomplished, but His Intercession is never physically seen.

You live in a time of much immorality; also, millions of men, women and children ignoring the correct decisions to be made regarding the importance of the results that their decisions will be a great part of.

I show *the little one* what I mean. She says to Me, ‘Why cannot human beings make the correct judgments on issues wherein their Soul is the recipient of all they do, all they think, all they practice, all they accept, all they become involved in?’ We All smile at her selection of wording.

Today as I speak, throughout the world there is much desecration in regards to The Heavenly King and The Heavenly Holy Mother. This did not happen overnight. It has been surfaced for a very long time.

As We speak, We show *the little instrument* a scene difficult for her to handle. She says to Us: 'It is unjust, what they are doing. Why does not The Father stop them?' We say to her: 'The Father, in His Love for this Creation of human life, endowed it with many Gifts. One of the greatest of these Gifts is the ability to choose, to make choices in many areas of life.'

We show her a child. She guesses the age eight or ten years old. She says she fears for the child, because the surroundings are ugly. She said, 'The child can be hurt.' We ask her what she wants Us to do. She says, 'Pick the child up and take it with You,' but We cannot do that, because the child has 'a will' and the privilege to use it.

Being a human being at any age is a recipient of the privilege of bearing a will to make choices, always innately knowing what is right over what is wrong, good over what is evil,

what is truth over what is untruth. *The little one* cries because she is upset at what I spoke. She said, 'You have the right and the privilege and the ability to stop what it is that is going to happen.' We repeat to her, 'There are "wills" involved here.'

At this time We will use what is necessary to stop the evil, but this Lesson is to encourage those who read about it to more fully understand, that as human life is gifted with the 'freedom' to speak out against what is evil, the 'freedom' to stand strong is always present.

Throughout the world there is so little instruction on the importance of what The Commandments mean, and how They are connected to each human being, no matter what Spiritual meaning is to their lives.

As I speak today, it is important all ages of human life understand that they have a choice on many, many subjects, issues, conditions, situations, and logically they know what is right over what is wrong, what is pure over what is impure.

The enemy of all things presents many temptations, causing all ages of

human beings to be vulnerable, and it is sad to say that many times an individual who is strong on justice, truth, becomes vulnerable and weak, accepting what is impure over what is pure, what would be pleasing to The Creator, rather than to just be weak and vulnerable to what is impure for the Soul.

I could speak hours on this subject, weeks, months, years, on the very Statements, and elaborate on every one of them to a degree far beyond what the human mind can perceive it to be, but human beings of all ages allow themselves to ignore what is pure over what is impure. They call it ‘human weakness’.

As I close My Words today, I close Them with much Love for human beings of all ages, all degrees of knowledge, because as The Father has allowed so much to be put into script, helping all ages of human life, All of Us Here in the Heavens want those who are yet in the human way to be aware of the Importance of the Goal you are created to reach, and that is to return your Soul to Heaven.”

MARCH 7, 2003 AT 12:28 P.M.

“We All smile at *the little one* who is about to repeat What The Father Wills all of human life to know. There are Many of Us Saints present, and Each of Us is eager and willing to help those who will take the Words, who will pass Them on, and those who will read Them, because the Words from Here are always instructive in a manner, degree and way that most human beings do not emphasize in how they speak, how they want to be heard, and the importance of what they say.

Many Saints gather many times where this *little one* is, because of What The Father has given to her: the ability to speak Our Words consecutively, giving Instruction, more understanding and hope in What is said.

So many times men, women and children allow the written words of books, or even just individual pages, to give them information or direction that is not desirable for the Soul that they are the custodian of, because

throughout the world, even though some individuals feel they are speaking liturgically, they are basically speaking with their own interpretation of how they feel about certain information they feel they are revealing to others.

The Father has given to the world a Gift of Divine Love, that to some hearing about It, is difficult for them to understand that The Father would speak to man in such a manner, way, at any time, let alone with so much Direction, and also allowing so Many Saints to speak regarding the Importance of human life, and how each individual should apply their daily manner of doing things; and also, the importance of how they think morally, how they speak in a way that is pleasing, beneficial, and sound in content.

There are Several of Us Here, because The Father Wills that This Gift of His Divine Love, that uses only *one voice*, will spread as He desires It to spread. He has given the Words for much learning and better understanding of the Purpose for human life, and His Will that all will understand that His Presence is constant, consistent, and no human being is

ever without The Father's knowing what they partake in, and all portions of how they live.

Needless to say, hours could be spoken on these subjects, but as I close My Words, it is to remind those who take the Words and those who will read the Words: No human being, no matter where they live, or their heritage, is ever without that Gift of Divine Love within them, a Portion called 'the Soul'. The Soul is in constant communication. Just as a human being speaks to another human being and delivers many words, The Father is constantly with every human being through their Soul, and the Souls know everything that a human being is active in, practices, thinks, or partakes in.

I sincerely hope that These Words will be passed to millions of human beings. Of course, it will take time, but nonetheless, it is important."
