PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

**SAINT ANTHONY OF PADUA
SAINT ATHANASIUS
SAINT ANDREW**

There are Three Saints. One is Saint Anthony of Padua. One is Saint Athanasius. One is Saint Andrew.

“Many of Us are gathered, because We All enjoy partaking in This Gift of The Father’s Love that gives to human life of all ages, all backgrounds, all nationalities, important Facts on what He expects them to understand, because of the Importance of being born as man.

Thousands or millions of Words could elaborate on All the Facets of Divine Love that are involved in this Creation of human life, this Divine Love for human life, this Divine Goal for human life that nothing else has.

Children are not being instructed on the importance of prayer. It is being used as a duty, rather than a desire of communication that gives it more of a closeness to The Divine, more understanding of The Divine. Also,

children are not being instructed that there is a Future to life for a Portion of them that they cannot see, but they are innately conscious of, because they know what is right over what is wrong, what is good over evil, what is truthful over what is untruths.

There are so Many Saints Here in the Heavens Who want all who are born to the world as human beings, to return that Soul, That Portion of The Creator, to Where It belongs, returning It to The Father in a manner and way inconceivable to the human mentality, but nonetheless factual.

Ask yourself: ‘When I pray, do I pray with reverence, also understanding what I am saying, and that I am directing it to the Soul or Souls that I have never met in the human way, and yet I believe that They are with The Father, and They hear what I have to say?’ Too many prayers are spoken with no sensitivity, no understanding of Who they are communicating with. They speak the words, but they have no sensitivity to the words being heard. It is almost like a machine doing what it is told to do. This must cease!

In the human way of life, and one human being talks to another, it is logical and has a reasonable understanding to it, but even at this time individuals do not value or understand all that is spoken, and yet different individuals will continue speaking, irregardless of what the conversation will reveal, or make it applicable to a specific incident or situation that is important. The list is endless.

I beseech you to remember: When you say a prayer to an individual Saint, keep the Saint in mind as if the Saint were right there with you and you are talking to the Saint in a personal way. The Saint appreciates this, I promise you. How many times do individuals say the '*Our Father*', or the '*Hail Mary*', or the '*Glory Be*', never thinking of Who they are addressing, or even imagining that Their Presence hears what they say?

The Father has given to the world a Miracle of His Divine Love wherein so much is delivered, awakening the mentalities of human beings of all ages, all degrees of understanding, and all backgrounds of living, because in What He is giving, He is enlightening them to better understand that they

are not alone, talking to an imaginary man or woman. They are heard for the reason for which they are praying.

I could speak endlessly on this subject, but hopefully it will be an awakening situation to the minds of many who read These Words, because so often prayer is not spoken properly. It is rattled off with no feeling in it, expecting the One to Whom it is addressed to respond immediately.

I will close These Words now, but I beseech those who have taken Them and those who will read Them: never forget that human life was Blessed with a mentality and the abilities necessary to address life as The Father Decreed it to be, to be able to see, hear, speak, and use the body for mobility.

The Creation of human life had a Purpose, but so many living at this time ignore the Purpose and accept all that is humanistic because it is easier to handle, they think, but this is not so because The Father, as The Creator of All Things, hears everything that is spoken, every thought that is thought, every move that is taken part in, by every individual born to the world.”

MAY 24, 2003 AT 11:47 A.M.

“There are Many of Us present because of the Miracle of This Gift of The Father’s Love for human life. This Creation was accomplished with much good in mind, much Divine Love, based on all issues of what mankind, human life, would have the benefits for, and the abilities to practice.

Human life was created with many Gifts. The Gifts were to give to human life the foundation, the basics of what would give human life the Goal for which it was created. Logic should tell to all degrees of intellect that as this creation was endowed with so many Gifts to be able to do, practice, and follow all The Father Willed, because of the ‘Souls’ that basically are the recipients of all that an individual produces, practices and instructs others to better understand, to more fully comprehend how Important it is for the privilege of being created human.

Throughout the world, there are millions of individuals who do

not know the Greatness of this Gift, because they are not instructed to fully understand that they have the ability to return to their Creator, Forever and ever and ever; nor is it the logic of how they practice their daily ways of life, understanding that morality is of the utmost importance, because their Soul is the recipient of all they think, say, do, partake in.

I speak differently, I know, but human logic says that the basis of Truths is the foundation for the Purpose that gives hope, strength, and allows the individual to reach the Goal they were created for: Sainthood.

I speak differently today, because there are so many individuals who are never instructed, or even introduced to what a Divine Gift of Love they walk with every moment of every day. Needless to say, there are so many ways to describe why The Father created human life and the goals for which He encourages human life to reach for. Most human beings, in fact very few, realize or fully understand that the Greatest Goal for human life is the Goal least understood by man. It is called 'Sainthood'.

The mentality cannot always innately feel that what they say, they think, they do, they feel, is evidence, or evident in how they walk each day, but that is why the Gift of Divine Love has been given to the world, repetitively speaking on why human life should accept all that is morally sound, practical, logical, and valuable, because their Soul is the recipient, and will one day be given a Place close to The Father for having practiced purity in a degree that gives to the Soul, the Soul's desire to return to The Father, be close to Him, even if It is not declared 'Sainthood' by particular men.

As I close My Words, I do it with much Love. Some say, 'Why does He use the word 'love' so much?' Because love draws together a feeling of security and of meaning, and that in its own way gives strength, hope and assurance that it will not end momentarily, but will live on and on and on, beyond human understanding or imagination."

MAY 27, 2003 AT 8:40 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Time, to all of human life, is constantly an important issue, because in time, they associate what they have to do, what they want to do, and what they would like to do, plus many other words describing how man thinks of time.

As I speak today, I speak using My Time because of the importance of what ‘time’ is, but My Time is to give to human beings of all ages, all backgrounds, all degrees of intellect, the understanding and the encouragement to use time in a worthwhile degree, for a worthwhile reason, purpose, goal.

Some will say, who read this, ‘I must sleep, I must work, I have responsibilities.’ This is truth, fact, logical, but innately you know I speak of time in the manner, the degree and way, regarding morality, responsibilities, and how you morally expect your actions to be, or project them to be, or will them to be.

I have given to the world a Communicable Miracle. As I speak Words, never forget, I also hear you speak to Me at any time of day or night. I am available at all times.

Children are not being instructed on morality, and what immorality does to That Portion of them, their Soul, but also, their mentality and their abilities to use right over wrong.

I know I am not expected to speak in the manner I have been or do now, but nonetheless, it is due to the fact I want human life of all ages to awaken to how they think, how they act, how they use their senses, and to question themselves: Are they morally intact, or do they just allow others to entice them, encourage them, or be example, thus following an immoral manner of living that is abusive to the Soul that is a Portion of Me, What I Am, Who I Am.

I hear many who, after hearing or reading What I have directed to be, say to themselves and to others, that God would not speak this way: 'We have a free will,' 'We were born,' 'We were created human.' The list of responses, reactions are numerous, because too

often an individual knows that he or she is acting impurely physically, mentally, and yet they ignore the results, also the hurt it places on their Soul that is a Portion of Me.

I always dictate My Words in a manner understandable, but not always pleasant to read, but I have come to the world at this time to awaken the minds of millions upon millions upon millions of human beings, that their body, their mentality, is not all they exist of. I am a Portion of, Part of, the Receiver of everything an individual does, thinks, acts out, partakes in. The list is endless.

I love this Creation of Mine, human life. I designed it and instill in it a Soul, a Portion of What I Am, thus giving to human life a mentality, an understanding and the ability to make choices.

I could speak endlessly on this subject, perhaps at a later time though; but with Each Message I deliver, I deliver It with My Divine Love for this Creation of Mine, because I designed it and created it with My Love for it, and My Goal that will one day return to Me the Soul, a Saint.”

MAY 27, 2003 AT 12:37 P.M.

SAINT ANNA MARIA GORETTI

“I am Saint Anna Maria Goretti. I smile as I begin to talk to you, because I ask *the one* who will speak to request an answer from all of you about Me.

As I reach you today through *one small voice*, I know that All I will speak will be put into script for many, many others to read. The Beauty, the Privilege it is when you become announced ‘a Saint’, it gives You the Strength for the Purpose for which you were created, and the Strength to carry on for The Creator, because of the Importance human life is and the Beauty for which it is gifted with, after the physical no longer exists.

I know I speak differently, but to serve The Creator is a Blessing beyond what can be described. It is far more in-depth, and also, a Greater Gift than the human mind can perceive It to be. The Words that could be used are so numerous in count that I could speak hours on end, on trying to encourage human beings of all ages to reach for the Goal of Sainthood, because it is

a Privilege, an Honor, and a Way of representing how you walked the path of humanism.

Our Heavenly Mother smiles when a Saint is proclaimed, because within the Heavens there is a communication different than what the human way is, but I must add: In the human manner of living, the desire to be successful should be earned in a very loving way; also, it should be constantly seen as a Goal Greater than any human goal that can be reached.

Children are not being instructed on the Importance of human life, or are they being told that one day they can become ‘a Saint’.

Today as I speak, I thank The Father for all who helped Me along the way, because in the very natural act that one human being expects of another, it is not always seen in its full importance or its purpose. That is why The Father, in His Love for human life, has allowed so Many of Us new Saints Here in the Heavens to speak, sometimes in very short Words, but to draw the attention to the Fact that there is a Goal to reach for every

human being, not those supposedly favored by others in charge.

But I beseech you to each night as you bid the day that you walked in your way, do not forget to thank The Creator for blessing you with the day, but also with your ability to make the day one closer because of your actions, your thoughts, your participations with others that you were good example to, and hopefully that you left them with a brighter, greater outlook on the Importance of being a human being, and remembering the Goal: Sainthood.”

MAY 28, 2003 AT 12:10 P.M.

“We are always present, even when We cannot be heard or felt.

It is important that This Gift of Divine Love be seen for Its Great Worth, Its Purpose, and what aid It gives to all of human life: a better understanding of the Importance of life, because in The Father’s Love for this Creation of His, He designed all human life to have a Portion of Him within them, that nothing else created has.

The Father has given to the world a Gift beyond what the human minds want to see It as, or with some, they ignore what they feel could be just their thinking, and they do not want the responsibility of What the Words speak.

At this moment that I speak, there are thousands, even millions of human beings that have no thought of there being a Creator. They are involved in humanistic duties, accomplishments and abilities that suit their talents

according to how they feel and/or think.

Throughout the world there are millions of men, women and children who need to know about This Gift that passes through *one Soul, one body*, because This Gift includes all of human life in What It speaks on all subjects, because each human being reacts to a different subject matter. That is why so much is being delivered, and so many things are oftentimes spoken in a manner and way that will touch the mentalities and/or the heart of certain individuals, whether it be in person, or after the Words are put into script.

As I close My time now, I beseech The Father to bless those who walk in the Gift of Divine Love that bears the Name of The Beloved Holy One, The Holy Spirit of The Creator, but humanly known as ‘Saint Joseph’.”

MAY 28, 2003 AT 12:52 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is a privilege to partake in This Gift of Divine Love in which The Father allows so much to be spoken, based on many portions of Instructions for the Souls of millions of human beings.

You live in a time wherein This Gift of Divine Love that The Father allows so much to be spoken openly and put into script for others to read, allows so many individuals to think more indepthly that there is a Future to life, a Goal to life, that for a very long time was forgotten.

Children should be instructed on the importance of daily life, that through all they experience, practice, partake in, affects the Soul within them, that is a Portion of The Creator of All Things. This Lesson is rarely, if ever instructed, because men, women, and even older children do not teach the young the importance of purity of the mind, and the importance of honesty in all that they practice physically.

Hours could be spoken on all that should be done, because many individuals feel that when they speak, they are controlling the lives of the other one to whom they are speaking and they do not feel it is right, but they are ignoring the fact that it can be done in a beautiful way, and give hope where perhaps there is none in some mentalities.

I will not speak long on this subject, because it is one that those who read it, I sincerely hope will see it for the benefits in it, and see it as a new thinking on how to speak, instruct, just on daily language, in a daily way, to and with everyone they meet.”

MAY 29, 2003 AT 12:42 P.M.

SAINT CATHERINE LABOURE

The Saint is smiling because I am saying “Saint Catherine Laboure?” and She says, “Yes.”

“I am Saint Catherine Laboure. The world has been Blessed abundantly, in more ways than the human minds can perceive it to be. Children have been Blessed beyond what those in charge of them can see.

These Words may seem difficult for you to understand, but They are Words of Truth, because oftentimes when men, women and children are subjected physically, morally, verbally, to so many ways of and manners of impurities, they grow through fighting what is wrong, wanting what is right, pure, just, and truthful. Eventually, the beauty of what is pleasing to The Father shows. The enemy of all there is, and all who live, is oftentimes subjected to what is spiritually sound in every facet of it, thus diminishing the role the enemy can use.

My Words are different, but I feel that it is important for human beings of all ages to not lose sight, not lose their innate understanding that though there is much evil present, there is also a Tremendous Force of Purity from Heaven.

My Words are different, but They are Words of great value to many individuals who oftentimes do not see things from both sides. They become so involved in what is called a 'mood', a 'mode' of attack or impurities, that they ignore that within them, their Souls are fighting for them to be able to see, to understand that The Father, in His Love for human life, uses Many Here in the Heavens to fight the evil off firsthand.

I will close My Words, because volumes could be written on this subject, but what has thus far been spoken is to give strength and hope, but also, understanding that The Heavenly King, The Creator of All Things, is always ready to protect when there is the least request for protection. Remember this."

MAY 30, 2003 AT 12:40 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time of many heresies. Not one of them helps you in any way, because it causes you to respond, partake in, and act against what is morally sound, correct and advisable for your Soul.

The world at this time is in much more turmoil psychologically, emotionally, mentally, based on weakness that is often based on a lack of values in what life has to offer; also, personal abilities that give to life many Gifts of understanding.

My Words can be endless on what We Here in the Heavens see: human beings of all degrees of intellect ignoring the fact that they have a Soul, and the Soul is the recipient of all they think, do, or speak.

Throughout the world there are millions of men, women and children who have no concept of what is logical in their manner of living, sharing and goals. There is so much

confusion amongst all ages of human life, but there is much egotism also, that weakens the logic, that a human being misses the soundness of what the reasonability is all about.

I will close My Words, because I could speak hours on many subjects that human life has been endowed with, and the purpose each one has, and is capable of giving to human life many advantages morally, mentally, psychologically and spiritually.

A Blessing comes in many ways, sometimes just asking for forgiveness, but sometimes in just making *'The Sign of The Cross'*, requesting The Creator to give you the strength to practice and to be part of all that is morally sound and right."

JUNE 2, 2003 AT 10:12 A.M.

GOD THE FATHER

“I have Blessed human life with many Gifts of My Divine Love, because in human life I have placed a Portion of What I Am, Who I Am, and My Purpose for this Act of Mine, thus to share one day All I Am, and Where I Am.

So much Information on My True Existence I have allowed through other human beings, to learn about. At this time I have delivered more personal understanding to all ages, so more can be seen of My True Existence and My Love for this Creation of Mine.

I use *one small voice* at this time, but I assure you, that along with My allowing so much to be put into print along with *this voice*, I have allowed all ages of human life to more fully understand that human life has a Goal like nothing else created has.

I will talk more on this later because *the little one* I use is so frightened, and/or I should say nervous, because of the Power and Persistence I Am, and have used to deliver These Words to all of human life.

There are millions of Words that have been already spoken through This Gift of Mine — Some in script, Some just as conversation.

The little one I use is always so concerned over All Things of Mine and All Saints Here in the Heavens be quoted exactly as delivered.

I close My Words now with a Blessing for those who partake in This Gift of My Divine Love, because more is being learned from It than is obvious to those who pass It on to others. I bless you with My Love and I repeat: Souls Are Portions Of Me And I Want Them Returned To Me, Saints.”

JUNE 2, 2003 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Logic in the human mentality should instill into human beings, human life, human ways, that a Supreme Power of Light, Life, Direction and Hope is evident because of all that occurs, has occurred, showing that no human life could do all the things that have thus far been created or yet being created.

I created human life with limitations, but within human life, I gave the privilege to be able to be the creator of other lives, so that life could continue on until the time I decided for a change.

In each human life there are different degrees of understanding, of knowledge, of interpretation, of acceptance, of cooperation, and also of need, plus the fact that human life has a will. My giving this to human life was to allow them the privilege of justice in judgments, hope in despair, and the understanding of what would be morally sound and please Me in

their way of actions, thinking, and all the other facets that human life is capable of.

I have given to human life My Divine Love, based on how I designed things to be, all because within human life there is a Portion of Me. The name is simple, the description simple: It is called ‘the Soul’.

I could speak hours without stop on the necessity for human beings of all ages to recognize and to adopt a more rational understanding of the Importance of human life, Why I created it, and the Goal I have waiting for it at a given time.

I speak through *one small voice* and I hear some say, ‘If it truly is The Father speaking, why would He use *one small voice* to speak All These Important Statements of Fact?’ My Reasoning is simple, logical, and based on Divine Love, because I have given to human beings the ability to see purity over impurity, justice over injustice, truth over fact.

So many individuals use their personal understanding to determine what is logical in fact, disregarding that fact has many meanings, not always

understandable to the individual, but fact can be false. It could be untruth. It could be truth. The list is endless.

I have given *one small voice* to say openly All I Desire for human beings of all ages to more fully understand My Closeness to human life, because without this, it would be left up to much imagination, much wrong interpretation, and much less understanding on Who I Am, What I Am.

As I close My Words at this time, I give a Blessing to those that take the time to reveal to all of mankind My Words, describing so much more than individuals understand.

I bless those who believe in All I Am, but I must add: I bless many who try to understand, always hoping that not just their intellect but their conscience and their desire to see the rational order in which I created all things, and that I left no stone unturned without using some purpose for its position, its place, and its chance to be worthwhile for the Souls that oftentimes are the recipients of how an individual uses the strength in their way of thinking, thus making a choice of the right or the wrong, the

good or the evil, or the love or the hate.”

JUNE 3, 2003 AT 3:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

So many important issues pertinent to the lives of individuals, are held in abeyance and not put out in the open where the individual or individuals can be pre-warned on particular situations, or regarding the prospect of situations that could be detrimental to their way of life, or in how they understand important issues to be acceptable where they are needed, in the degree they are needed.

So little understanding is accepted, because it is easier to not accept than to practice or project what is logical information on subjects pertinent to how an individual should be informed against what could be detrimental to how they live, or what they propose to do, thinking it is logical or necessary.

I know My Words may be difficult for some to understand, but many times situations or conditions appear so simple, whether they are practical,

or possibly difficult in nature to accomplish in a satisfactory way.

Human beings of all ages tend to be misled by their inability to look indepthly into what they are requested to do, to partake in, to practice or to adopt, as a way for them to adapt to a thinking different than they were used to.

I speak in this manner because of the Importance of human life, and how oftentimes what an individual is exposed to, is not as beneficial to them morally, physically or spiritually, because so many individuals have a way and an innate ability to use a subject matter that sounds acceptable, but it is based on demonic intervention.

I speak differently but My Words are Warnings, because there are so many cases, incidences and/or directions that are not acceptable morally. Morality has taken what mankind could call 'a backseat' to all that he or she is exposed to, thus making them feel that 'modernization' or 'updating their thinking' is realistic and obviously acceptable.

I apologize for All I have just spoken because I know to some who

read It, it will be difficult for them to handle, but it is important for them to see and to understand that many sins can be committed unknowingly because of the modernization time in which you live.

I could speak hours on this subject, but as I close My Words, I remind human life of all ages to remember: Morality is a strength, immorality a weakness; truth is logical and pleases The Father; untruths are illogical and please only the enemy of The Holy Trinity.”

JUNE 4, 2003 AT 12:48 P.M.

GOD THE FATHER

“In the Creation of human life, The Father, in His Love for this creation, began it in a very small way so that those yet to come would have a foundation for learning, but the first who were created, were used in all their abilities at that time to be able to openly express what human life consisted of.

This Line, to some, may not sound understandable, but the Creation of human life began with so much logic, thus giving a small number of human lives to begin what would become monumental.

The full Story of this beginning would be difficult for many to understand, or many to be able to cope with, what and how, The Father used a Divine Plan, giving to human life things that nothing else consisted of.

Artists and writers of History have tried to put into print how they thought things occurred piece by piece.

You live in a time now when this does not come into conversation. The mentality of human beings has risen to a different understanding of what life, human life, consists of.

First of all, the human form, the human body, has changed in many ways, thus giving to human life growth in a degree and way that human life's mentality could handle what they were created to be.

It would be difficult even for the wisest of men or women, to be able to write the full Story on the beginning of human life. Only The Creator of All Things could do this. Though some have tried, some have had great imaginative sensitivities, but all areas of human life, all stages, all abilities, all necessities, were given in a manner, degree, way, different than the human minds can perceive the full concept of how things began.

So now we come to a time, let us say, two thousand years ago. Much History surrounds this time, but all is not written.

Now, let us go to one thousand years ago. All is not written regarding this period of time, not in the reality

of the way things really were, because imagination, or personal assumption, or a personal understanding of how all things came about, would be impossible to write about, even though there are some individuals who feel they have not just the intellect, but the insight, the understanding, and also, the Gift of knowing each step of The Father's Plan.

Now, let us take this time in which you all live. There is much progress, and yet much more progress to be gained as time moves on, because of the advancement of knowledge, the advancement of being able to foresee that with what is stable now, can be put in a gradual growth, beyond what is natural now. It is called 'scientifically'.

Those who read These Words may not fully understand why They were put into script, but basically it is a privilege for human life to read how The Father, in His Love, in His Divine Plan, began It with a rational manner and degree, giving to human life step by step, a chance to grow physically, mentally, morally, scientifically.

Oh, there have been many who have researched many things about the beginning of human life, but personal opinion had to be part of how they felt, how they saw things to be, and in how they felt it was the step to progress physically.

Now, as I go on, time now is of the greatest importance, because human life has learned so much about what is psychologically correct, and of course, all the Gifts of human life enter into each one's life in some form, some manner, for some purpose, and to some degree.

Needless to say, thousands and thousands and thousands of Words could describe what human life would speak about, regarding The Creator's Timing regarding the Gifts of human life, the progress of human life, because of the Importance of human life bearing a Portion of The Creator, that The Creator wants returned to Him. 'That Portion' of human life is called 'the Soul'.

The Soul was not an afterthought, but the Soul, as a Portion of The Creator of All Things, now has the knowledge, the background, to see the feasibility

in all that has previously been given, stage by stage, word by word, act by act, thus giving to human life more than growth physically, mentally, but instructing more on the Goal for which human life was originally created, and that is That Portion of human life that cannot be seen, but there is a constant awareness of It within the mentality, and also the physical. It is called 'the Soul'.

In the Creation of human life, the Gifts were multiple, leading up to human beings understanding that they were created to one day return a Portion of themselves to live with The Creator for All Time.

I feel I have delivered a Foundation for you to look at, learn from, and feel that within you, you were gifted with human life by The Creator of All Things, and that you have a Goal to return to The Creator the Soul that you carried within you from the moment of your conception, not always knowing the Soul is the recipient of all you practiced in the human way, but innately knowing that a Portion of you was to be returned to The Creator, and be called 'a Saint'.

As I close These Words, I say, ‘Be Blessed by My Love and My Hope in you, because you were created out of My Love, in the way I designed you to be created, with a Portion of Me, your Soul.’”

“There are Several of Us present in such a degree, thus taking the strength from *the little one’s* body, due to how We stand, What We are, because the human body handling this much Divine Intercession, causes the human portion to be weakened, especially under the circumstances for which We come today.

Throughout the world human beings of all ages are searching for what they term to be ‘beneficial’ to their daily life, thus covering many portions in which and for which, human life has been created.

I know My beginning Words are different but of great importance, to help others who read the Words to more fully or indepthly understand, that through The Father’s Love for human life, He felt the necessity to choose *one small body* to deliver informative understanding of facets of human life that are often unrecognized and unseen.

I speak differently today, hoping that My Words will awaken the understanding of the importance The Father Wills for human life to partake in, and to use degrees of standards that aid others in growing more readily to understand, that The Father has created human life as a Gift with many facts of different degrees, means and advantages, not all to be seen at the same time.

Human life goes through periods where there are hours of happiness, hours of concern, hours of participating in things that are natural to human ways, in the human degree necessary to be seen for how worthwhile they are in areas that an individual was not conscious of, due to all the other aspects occurring that cause distraction oftentimes from important issues that need attention immediately.

I speak differently, because there are so many subjects that We want human beings of all ages to be conscious of, aware of how they participate in what their mentality encourages them to see as good or evil, right or wrong, valuable or detrimental to their physical, their mental, their Soul.

I know My Words are not natural to how They are usually spoken, but you live in a time wherein so much sin is acceptable, corruption in many facets regarded as being acceptable. Also, each day Here in the Heavens as We see so many Souls being used, not just in mistreatment of Them, but abusiveness to Them because of the ones in whom They are, not concerned, but basically a lack of awareness that is devastating to the Soul, but also to the whole mentality of how an individual addresses important issues, values, necessities, and belief in how The Father Wills what should be considered above all things.

I know All I have spoken may be difficult for many to comprehend the full necessity of being reminded that human life has many facets to it, but very few are considered important, even when they are standing in an open way to be seen for their importance for the mentality of the Souls of the ones using them, or for the Souls Who are present and could be abused by them.

I have spoken so differently, but My Words one day, perhaps at a later time, will be understood as a Gift from The Divine.”

GOD THE FATHER

“In the Creation of human life, I instilled into human life several things, thus giving to human life abilities to use the physical and the mental in various degrees, manner and way, thus giving to human life a close Association with Me.

The world has been Blessed abundantly, but there are so many individuals who find it difficult to be expected to follow The Commandments I gave through others, to be obeyed for the sake of the Souls that are the victims of what human beings practice, many times in ugly ways, spiteful ways, demonic ways, not seeing the Importance of the Soul that is a Portion of Me, thus ignoring Its Association completely.

I say to all human beings: You have many things within your frame of flesh that are of great importance to you, but you cannot see them; yet, when something becomes disturbing regarding any part of this, you oftentimes become alarmed and want

it to be corrected immediately. My Response is the same way when you sin in any form or act immorally, because within you That Portion of Me is hurt in a degree not understandable to you, but the Soul is ‘a victim’ and should not be.

I could speak hours on this subject because of the importance of it, but I will at a later time.

As I close My Words with you today, I close Them with a Blessing, those who will read These Words, because the Soul is Important for this time in your life, and for when this time in your life no longer exists, the Soul will be returned to Me, hopefully a Saint.”

MANY SAINTS

“There are Many of Us Saints present, too Many to mention, because We will speak intermittently on what We have come to speak about.

Throughout the world, human beings of all ages base all they do, they think, they practice, they speak about, on their own opinions, their own degree of understanding, and also, oftentimes due to their backgrounds in how they were instructed since childhood on. Even though many may be of a higher age, much is left in their memories, and so consequently, they oftentimes can be remiss in how they associate time now, because of what occurred before this.

You live in a time in which there are so many different ideals, characteristics in humans’ mentality, and also, so many variations of what they feel is beneficial to not just the morals, but the financial areas of life.

I speak differently today, because The Father, in His Divine Love, has given to the world a Blessing beyond

what human beings know a blessing to be. So much acceptance of humanistic understanding is more available to all ages, than rational or Spiritual understanding is spoken about, spoken of. So much is to be spoken to people of all ages, but so many individuals are reticent to speak what they feel is more moral; moral injustice also, along with just morality in daily life.

As I speak to you now, I count Ten of Us standing Here, All sincerely interested, concerned, regarding what people of all ages fully comprehend regarding That Portion of them that is a Portion of The Creator that they are created with, and will remain with them until the time comes that they no longer live.

I know that What I have spoken may be confusing to some, but all things in human life now tend to have a certain degree of need for explanation, even though speech on many subjects sounds justifiable, or of the utmost importance.

I will not speak long, but I sincerely feel that All that has thus far been delivered through This Gift of Divine Love, should be delivered

throughout the world. Do not worry about the language barrier, because oftentimes a book in another language draws more attention than is understood the possibility of.

As I close These Words, I am fully aware that I have spoken in a degree, a way, a manner, that some will say, ‘I do not understand,’ but I assure you, you will if you take the effort to look at What has been spoken, and see the purpose of It, in It, for It, instead of the usual manner in which you expect things to be delivered.”

JUNE 7, 2003 AT 11:27 A.M.

GOD THE FATHER

“I am your Heavenly Father. What I am about to speak is of the utmost importance for millions of the Souls throughout the world.

Many individuals do not understand that in the creation of human life, I always place a Portion of Myself within them; not Something they can see or can they feel It physically, but oftentimes, through their conscience, their will, they innately sense they are responsible for whatever they do.

The world has been Blessed abundantly by this Creation of Mine. For some individuals, it may be difficult to understand, because there are thousands and thousands of human beings that for the mentality of human life, it is far greater to understand than they perceive such a Gift of Divine Love of Mine to be. Granted, there are many living things for reasons that, in most ways, are far different than the human lives of mankind, but there are purposes for these things; but they do not have the Soul, That Portion of Me

within them, that only human life is the custodian of.

So many times, when an individual questions the Soul, I very often try to awaken their mentality to the Fact that as they are created in the human way, I have instilled in them a Gift of My Divine Love, for them to be able to return to Me at a later time, representing them in The Divine.

There are so many explanations that help certain individuals more fully understand the Importance of being created human, and yet so many refuse to understand that as a human being, they have a Goal that nothing else created has. It is not the body, it is not the mentality, it is their Soul that is a Portion of Me, that in reality is the Greatest Gift I could give to human life, because the Soul, as a Portion of Me, wants to return to from Where It came.

Ask yourself a question: ‘What makes me know right from wrong, good from evil, justice from injustice, hope from despair, honesty from dishonesty?’ But even more, that innately knowing there is a Goal Greater than anything on earth,

should this not give you the strength, the hope, the endurance, and also, the Purpose for reaching What is Greater than anything that the human way could ever have reached physically, psychologically, financially?

My Words are put in this manner, perhaps sounding very humanistic in detail, but I assure you that the birth of a human being is a Gift of My Divine Love that most times is never seen in this way. Granted, there many times is a certain degree of happiness, but then there are times that to respond and to overcome with the individuals in charge, because they find challenge, and perhaps innately in themselves, the lack of ability to cope physically, mentally, morally with their responsibilities.

Human life has a Goal, and that is to return to Me, That Portion of it, the Soul. Without this Gift, life would be empty. It would only be based on human advantages, also human disgraces and many other adverse situations.

As I close My Words, My Divine Wish and Will is that all of human life begins to see there is a Goal for

them to reach. All is not lost when an individual dies, but there is a Good Goal for the Soul to be returned to Me, bearing the name of the one in whom It was placed, and the Soul will be assured of being Part, once again, of Me.”

JUNE 9, 2003 AT 12:43 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

So much has been delivered through This Gift of Divine Love, encouraging all ages to more fully understand that the Gift of human life has a Purpose Greater than anything else created. True, water was created and has a purpose, but the purpose is not as great as human life. The mountains were created; they, too, have a purpose — nothing like human life. Divine Love for human life is above and beyond what the human life can understand, because it is so natural to man.

Today as I speak, I speak with much human love as well as Divine Love, because for human beings to understand caring, and a certain amount of belief in the Importance of human life, and the Goal for which The Father Wills it to reach.

Children are not being instructed on kindness, on respect. So much emphasis is put on what others feel pleases them more, or there's the

excuse, 'They are too young to understand.' That is not so. When you smile at a baby, the baby automatically wants to smile back. When you hold a baby, very often it automatically clings to where you are at.

The Gifts of human life are multiple, but in so many ways, this is not thought about. So much humanism, so much progress, and so much ignoring that what a child sees, hears, or is instructed in that is good for the child, basically remains within that mentality for a very, very long time, most times even until the child is an adult. The legend is carried on instinctively, and I smile when I say 'unknowingly', because human life is gifted with reaction that can appear at any time. Even when they first responded, there were many years previously from the first time it happened.

I speak like this today, because you walk in a world where there is so much diabolical interference in every area of life, and it is important that you recognize it and reject it, not politely but emphatically, either verbally or through your open reaction to it. Sometimes I want to say: 'Stop

patronizing the situation, and see it for what it is. Stand up against it in a manner and way that the individual or individuals will understand your reaction.' You do not have to be unkind or belligerent, just respond physically, mentally, morally. The morally one is usually the one caught immediately.

Children live in a time of what they call 'progress'. All through time there has been progress, but this progress is one of competitiveness beyond what the normal understanding of it should be. Egotism is prevalent, anger is prevalent, superiority is present, but also there are so many injustices present. All this causes you to live in a time of what is called, 'worse than Sodom and Gomorrah'.

Now, when My Words are read, many may not understand Them as I have delivered Them, but it is important, because time sometimes helps the mentalities to see, to feel, and to instinctively recognize that situations, human contact, human conduct, is not really or should not be acceptable.

The best way to attack most of these things, and I mean ‘attack’, is to act in the opposite degree and manner that the other or others will recognize how you feel. Do not be afraid of not being liked, because when you instruct important situations, measures of honesty, you have the privilege to aid others in a more logical manner of thinking than if you just go along to appease them in what they are doing that is not just undignified, but can be immoral and be used to corrupt many innocent individuals who do not have the knowledge or the strength to stand up for, or to situations that are not compatible to what they know is pleasing to The Creator, for the benefit of the Souls of all concerned.”

JUNE 10, 2003 AT 12:47 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The Heavenly Father’s Love for human life has been expressed Personally and through Many Saints Here in the Heavens, regarding the Importance for which human life was created, because within it The Father has instilled a Portion of Himself, called ‘the Soul’. No Greater Gift can a human being have within them, thus giving them the strength, the rational perception of what is important for the mental, the physical, the moral, plus above all these things, The Divine.

There are so many differences of opinion at this time throughout the world. The Miracle of Divine Love entered the world of human life to instruct, encourage, define, and give to human beings of all ages a Gift Greater than any human being could deliver, and that is to be aware that within your body, as a human being, you have a Portion of The Creator, the Soul.

Without It, you would not have the privilege to more fully understand All that the Soul partakes in, and gives you the strength to understand and obey morality over immorality, love over hate, and that the Soul is That Portion of human life that promises each human being that there is a Goal to attain, to reach, that is Far Greater than any human mind can perceive It to be.

Today as I speak, in many places there is so much diabolical practice, interference, and of course, many, many sins against those who are partaking in it, even when it is not willingly acceptable.

The human mind has been gifted with the ability to reject what is wrong, accept what is right, but at this time in which you live, it is worse than Sodom and Gomorrah, because at this time so much more has been instructed than had been at Sodom and Gomorrah, telling all ages of human life that there is a Creator, there is a Goal for human life, and that every human life at the moment of conception, participates in many ways, and that is to one day return that Soul to The Creator that places the Soul in every conception

that occurs, not just the child being born, but in the conception.

At this time in which you live, in many ways there is very little respect for the conception. It is either taken for granted or dismissed as an accident, but rarely is there an innate love and desire to thank The Creator for allowing this to happen. Basically, a child being born has a Goal, and that is to one day return to The Father in a Glory, and in a Place Greater than the human mentality can discern It to be.

Individuals do not ask anymore: Why was this particular birth such a wonderful thing, and why was there a man called 'Moses' that was given The Commandments for human life to live by, with? The why's are endless, because it is easier for so many to ignore knowing the Truth, and realizing the Truth calls for respect, honor, dignity, and it has a purpose.

I could speak hours and hours and hours on this subject of what a Precious Gift human life is, and what an Honor of Divine Love is placed into every human conception; also, that as the Soul lives on, always recognized by the one in whom It was placed, is

a privilege beyond what the human mind can perceive it to be.

So many times, when We hear how individuals perceive the birth of a child, almost as if it was a demonic act, unhappy occurrence, an accident, the accident is ridiculous, and so are the other things that pertain to it. People use words to help themselves make excuses.

I repeat: In many ways, Holiness at this time is not like it should be. There is so much diabolical interception being allowed amongst all people, all ages, all backgrounds, all theories and all degrees of education.

I could speak on and on, but I assure you, things must change. Morality must be used in its right sense of meaning, in the importance for which The Father gave it to human life, but throughout the world many human beings have become more animalistic than humanistic. If I could show you the sadness that occurs when so much idolatry of the evil is evident, you would vomit automatically.

The reason for This Gift to the world is to enlighten the human minds of all ages, that The Father's Love for

human life sent *one small voice* with Many Saints speaking.

As I walked the earth, I was The Foster Father of The Son of The Creator, because in the Creation of The Son, He was Conceived Immaculately, and My Privilege was Far Greater than any human mind can perceive it to be, because it was to be Example for the future, regarding the importance of decency, morality, and obedience to The Divine Will according to how He planned conception to be: with Dignity and Purpose, not lust, or at the enemy's will or encouragement in the act of sin.

I bless those who take My Words, and I bless *the little one* who has the courage to repeat What We speak, because she does not fear criticism. She denies to accept any weakness where The Father Wills Hope to be.”

JUNE 11, 2003 AT 1:01 P.M.

SAINT MALACHI MARTIN

“I smile as this *little one* through whom We All speak mentions My Name in a loving way.

This Gift of Divine Love that The Father has so willingly given, allowing so Many of Us Saints to speak, drawing attention to the Importance of being a human being, and the Goal for which human life is created. When Any of Us Saints speak of a Blessing, it is sometimes questioned by those who feel that We would not speak this way, that only The Father would use the word ‘Blessing’ in What He speaks.

When you, as a human being, raise your hand in a blessing, or when you speak in a loving manner, way, calling upon The Saints to bless you or another individual, it is natural and should be accepted as that. It is an in-depth love for Divine Love to be spread through your words, your manner of action, and many other things you might be interested in. To call on The Father is an act of respect, along with

an Act of Grace that you feel He will bless you with.

So much has been delivered verbally and in script through This Gift of Divine Love, that in no place throughout the world is This being given by another individual. This area in which you live has been Blessed by The Father, using this area to spread His Divine Love in a Personal Way. Granted, the Words must travel throughout the world so They will be able to be spread in other areas, alerting men, women and children of This Great Gift of Divine Love.

I will not speak long on this, because What I have just spoken is of great importance. I beseech you to remember that All that has thus far been delivered is more Precious to the aid of Souls than you can assume It, or presume It to be.

Souls throughout the world know of This Miracle, and know of the Greatness The Father has allowed, alerting human beings of all ages, backgrounds, intellects, to take part in spreading All that He Wills delivered in writing. Remember this.

I will close My Words now but I will return at another time, because it is important that What I have just spoken be practiced immediately.”

JUNE 12, 2003 AT 11:40 A.M.

GOD THE FATHER

“Time in human life is a Gift of My Divine Love.

It is My Way to use Souls, hopefully millions of Souls, to return to Me as Saints.

Granted, the reasonability of this may not be understandable to most human beings, but to Me it is Important, because a Soul, being given the privilege to become ‘a Saint’, gives It a Goal Greater than What a Soul is.”

JUNE 12, 2003 AT 1:12 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. When The Father allows One of Us to speak, it is a joy to Us Greater than you can perceive it to be, because as We, too, walked the human road at another time, We lived in the family way. When the time came for Us to leave the earth, granted, there had to be a sorrowfulness indescribable to those who loved Us and were close to Us.

The average saying by most individuals then, and now, is the term ‘That’s life.’ I would like to add something to this: It is life, but in reality there is another area to life wherein the Soul of a human life is guided and guarded by The Divine. It is not like the human life the individual was used to, because This Time is Special in Another Way.

One of the first things We recognize is that there is a Goal for how We lived at another time. That Goal is for a Portion of Us, namely ‘the Soul’. To describe the whole picture

would be difficult for some to handle, but it is important that human beings realize and understand that to be born a human being is a Gift of Divine Love, Greater than the mind can perceive it to be.

Try to think of it in this manner, way. Ask yourself: How many times, and how many different ways in the human way of life, did you strive to be successful, and feel that everything was happiness? Now think of your Soul Who experienced all this with you, and remember, your Soul was a Participant in all you thought, you said, you accomplished, you practiced, and you made decisions on.

The Soul is a Gift of Divine Love, and the Soul is, through The Father's Love, guided, and put into an area wherein the Soul returns to The Father and is Part of an entirely different Mode of Existence.

Death to human beings is a tragedy; that is, to think about it, because no one can fully understand that within them they have a Portion of The Creator that returns to The Creator when the human part of life no longer lives. That is why it is so

important to live every day not just cognizant of being the possessor of a Soul, but being careful about how the Soul can be abused through your actions, your thoughts, and how you practice daily life.

Always remember: The Soul, as It returns to The Creator, lives in a different Format, different Manner, but the Important thing is that the Soul does have a Place to return to, representing the one in whom It was placed at the moment of conception. Though there is no living actions as in the human way, it is important to understand that the Soul began from Where It was just returned. The Soul was a Gift of Divine Love from Heaven, so it is up to the individual to use all days of one's life to promise one's Soul that They will not have to pay in a sad way, but will have the opportunity to return to The Creator as a Saint."

JUNE 13, 2003 AT 9:20 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Gift I have given to the world of human life is a Blessing beyond what human mentalities can understand because I speak from The Divine, and My Words are to encourage, but more to instruct on what is not being done and, in many ways, cannot be done by those who study My Way; and things that have been spoken about are in a natural format of degree.

So much is to be learned because as I am within each human life, That Portion of Me gives to human life a greater meaning of Greater Things, but also, a Goal that nothing else is gifted with, due to the fact that I have a Portion of Me within each human life that I allow to be created in the manner I Decree.

There are millions of Souls, since the beginning of the Creation of human life, that I am close to. The Soul is not understandable to human life because It is a Portion of Me.

I could speak lengthy on every Gift of My Divine Love, that I have given to show human beings of all dimensions of human life that I have to Exist, because there is nothing or no one else that can do what has already been done in the creation of so many things.

I could speak hours on end on every facet that human life is affected by in a good way: helping them to breathe, to walk, and to use a sound within them called a 'voice'; also, a Gift of sight to recognize all there is.

I have spoken sparingly at this time, because All I would be able to talk about would be an endless list of what I am a Part of, and why it is so important for human beings of all backgrounds, all ages, to recognize My Existence, even though it is beyond their ability to see Me; but everything that exists tells them 'I Exist.'

As I speak These Words through *one small voice*, for It to be put into script for others to read, I give My Blessing that is different than you know a Blessing to be. It is My Innate Love for human life, that I have given so much to human life to use, to one

day return to Me the Soul that is a Portion of Me within them; to one day, also to be called by others who yet live in the living state, ‘a Saint’.”

JUNE 13, 2003 AT 11:38 A.M.

GOD THE FATHER

As this Revelation was being delivered through Frances Marie Klug in a Chapel, God appeared to her and directed her to light ten candles in one straight row, to signify each Commandment as being a Light of His Divine Love, thus making the ten lights lit to represent His Ten Commandments that He Wills all of human life to remember as His Rules to be followed and obeyed because of the Soul that will be protected by this act of human life.

“Each human being is created with the Light of My Heart, My Love for human life, and My Desire for each human being to return to Me their Soul, glowing in a degree of Light for Me. My Love for this Creation of Mine is above and beyond human understanding. Human beings resist sharing this Love of Mine with Me.

I created Love to join human life in the understanding that a human being has a Goal to reach for That Portion of them that is a Portion of Me. It is called 'the Soul'.

So little is understood, or I should say, deliberately misunderstood, regarding My Closeness to human life, but mainly My Creation of it, deliberately creating a Place called 'Heaven' for the Soul to be returned to Me Where I am for Them, when the time comes and the Soul is no longer in the body.

As I close These Words at this time, it is important that What I have spoken be spread to all of human life. No one is to not know What I speak, because they must understand I created human life with Divine Love for it, and instilled in it more Gifts than they care to understand, but they are responsible for these Gifts, due to the Soul that is within them, that is That Portion of them that is a Portion of Me, and is the Connecting Link between all of human life and Who I Am, What I Am.

My Love for human life is above what the human mentality can

perceive It to be, but you have My Word that My Love for human life exists continuously. I will speak more on this at another time.”

JUNE 13, 2003 AT 12:55 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. It is a privilege as I speak to you today, and you put My Words into script for Them to be read by many, many other people, hopefully to encourage them to more fully understand what a privilege it is to be born as ‘man’.

The world has been Blessed by The Father’s Will to allow so Many of Us Saints to speak Words giving strength, hope, and of course, sharing The Father’s Love for you.

Today as I speak, it is important for thousands and thousands and thousands of individuals, all ages, all backgrounds, to understand that at this time in your lives, The Father has allowed a Gift of His Divine Love to be shared by many, many men, women and children, who otherwise would not be informed as to how close The Father is to a human being’s life while they are alive and able to speak, to think, to learn, and to share with others, in a daily way, all that the human life takes part in.

My next thought is to talk about the young ones who are just learning regarding the Fact that they have a Portion within them of The Creator of All Things; the Name, simple to speak. It is called 'the Soul'.

As We hear youngsters speak to each other and call each other 'soul mates', We know that they have no idea how important that word is, but they use it in a terminology, a manner, a degree, that openly says 'a closeness' in how they think, how they act, and how they will things to be.

Throughout the world, there is so little understanding regarding the importance of all the Gifts of human life. Even the so-called 'highly learned' men and women do not have the innate ability to describe in its fullest concept, the Beauty and the Importance of life, and the necessity for so many things to be accomplished.

First, let us look at human life in a Greater Vision of Divine Love than it is usually thought about. Divine Love is The Father's Love, but His Love was to such a degree that He decided at one time to place within each human

being, a Portion of Himself, and call It 'a Soul'.

Each time when someone says to another, 'We are soul mates,' they mean in the human way, and there is a warmth to what they say; but if they truly realized that they have a Portion of The Creator within themselves, imagine how they would feel every moment of every day, and how much more respect they would have to how they thought, how they spoke, and Who they were with.

As I close My Words, I close Them with deep Love for human life, because human life has a privilege above and beyond what anything else created has, and that is to one day return that Soul to The Creator, and He makes It 'a Saint'."

JUNE 16, 2003 AT 11:53 A.M.

“There are Many of Us present all the time, wherever this *little one* is. We wait for The Father to instruct Us if We are to speak, and also to direct Us to the subject matter He Wills human beings to read about, so they can more fully understand the privilege it is to be born as a human being.”

GOD THE FATHER

“Each human being’s Soul is a Portion of Me. The Soul is My Connecting Link to all an individual is part of, in the human way.

***One small voice* is used to deliver the most important Messages that human life can receive. *The little one* has tears, because it is difficult for her to see any injustices, harmful to the Souls or the mentalities of other human beings. I hold her tears back, because What I have to say is of the utmost importance to the lives of**

millions of men, women and children of all ages.

Human life must be seen for what I created it to be: an entity of My Divine Love, bearing a Portion of Me. I know My next Description might be difficult for some to understand, but I will speak it because I feel it will be more applicable regarding this subject I have just spoken about.

Man says, ‘Blood is thicker than water.’ Why? Because human life understands the difference in the content, the meaning, and also the usefulness of each one. It is how I planned things to be, putting all things in a natural state of understanding My Divine Love for human beings.

The little one that I use suffers more inwardly, in and on All that is delivered because of the importance of the Words, because innately she feels, senses the reality that many human beings will not read the Words in Their full measure of how I mean Them, and that is to enlighten their mentalities, and to give them strength morally, and to remind them that I Am The Controller of All Things.

Though it is difficult for most individuals to truly understand My Existence, it does not change the Truth of Who I Am, What I Am. I have delivered so much Personal Information through This Gift of My Divine Love.

The little one I use is ‘a Victim Soul’, but not seen that way because so much jealousy surrounds her, even in faraway places. She says to Me, ‘I fear I will make a mistake, My Father; I do not want this to occur.’ My response to her is: ‘Do not worry, I would not allow this to happen, because This Gift of Mine to human life is a Gift of My Divine Love. It is a cup filled with All I Will human life to taste the beauty of, the worthwhileness of, because human life without This Gift, many would not know the Closeness I Am to all of human life throughout the world, in more ways than can be perceived by the human mind to be.’

As I close My Words with you today, or I should say at this time, I am always available to hear you speak to Me. Remember, I am not of the ordinary way; I Am Divine.”

MOSES

“I am Moses. I smile when I say My next Words: I have heard many men, women and children question the fact that I am not called ‘Saint Moses’. I smile at this because of the interest in the word ‘Saint’, and the innate understanding that it bears Importance in it.

There is so much to be spoken about, regarding The Rules The Father allowed to be put into script for all ages of human life, all backgrounds, because of the importance of what These Rules mean to the life of every living human being.

The Commandments were given to assist, to direct, and also to encourage human beings of all ages to realize that there had to be Words in, of, and for directing the mentality of human life, so that Guidelines were given as a Gift of Divine Love, as The Father directed Them to be.

Today as I speak These Words, I speak Them with much concern, but much thanksgiving, because They were

allowed to be given as the Foundation for human beings to live by, because of the Importance of human life and the Goal that it was created to reach.

The world has been Blessed through This Miracle of Divine Love, in Which and through Which so Many Saints Here in the Heavens have been given the privilege to speak openly, directly, clearly, on the importance of how human beings of all ages should understand that when they sin, it is against The Father's Rules, The Father's Love for man.

Needless to say, I could speak hours, but at this time as I close These Words, I want you to remember: Human life is a Gift of Divine Plan and was Blessed by The Rules to live by, not just cast out into the world with nothing to guide them, help them live a life that was based on returning to The Creator a Portion of Him, to one day return to Him, a Saint."

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have chosen this gathering to reassure you of the Importance of What you have agreed to partake in, because of the Importance of the Souls of millions of human beings that will at last be able to read much that I have delivered for the benefit of their way of life, and That Portion of them that is a Portion of Me, namely ‘the Soul’.

I speak stronger through a *small voice*, because of the importance of What I speak must be heard, and when It is put into script, It must be read, showing the Importance of why I created human life. In My Love for it, I gave it a Goal, Something to reach for, Something to work for, Something based on Hope for the Future.

It is true, no one sees their Soul until a given time that I Decree to be, but the Soul is more a Portion of you than any other organ in your physical body, because it is the Soul that keeps all your abilities working, giving aid when it is needed, strength when it is

needed, values when they are needed, and also, the abilities to understand that the human body is not like any other thing created, because it is a Portion of Who I Am. That is why I have given it a Portion of Me, so human beings would realize the Importance of their closeness to What I Am, Who I Am; and My Daily Association with them never ceases until the time comes that I Decree to be, and then the Soul is returned to Me.

I will not speak longer at this time, because the Power I have spoken with is very difficult to repeat in a *small body*, but I assure you, there is much more for you to understand and for you to follow, and to always remember, being born the human way is a Greater Gift in My Divine Plan than you understand it to be. So, take each day and remember These Words, because human life has a Goal that nothing else created is the custodian of; that is, That Portion of Me, namely, 'the Soul'."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Since the beginning of time, I speak of the time that the first human beings were born, because do not forget, all things had to be prepared for human life to exist.

The world has been Blessed abundantly by The Father at this time in which you live, because He has given to the world the chance for all of human life to more fully understand that there is a Goal for a Portion of human life that is rarely spoken about, and at one time was not even thought about, but this Goal is for That Portion of human life, the Soul.

Though This Portion of human life is not seen by the human eye, Its Presence is evident through the ability of men, women and children to innately sense that there is a Presence that they are aware of, and they feel It within themselves, oftentimes stronger at some times than others. The Presence, of course, is That Part of The Father’s that gives to human life

the Gifts for so many things in human life, to be able to use for various other things that have been created for them to see, to feel, to understand, and to be able to use in several manners of ways, giving to human life what nothing else created has.

Let us take first, the mentality at the birth of a child. It is a very short time, and then the child responds to others. By this, I mean the child cries, the child sees. There are various reactions that one would think the child was experienced before it was given birth to the world.

So much of the Greatness of the Gift of life is ignored, or not realized, but human life is designed, was designed, has many facets of individual Gifts: the sight of through the eyes, the ability to move the mouth, and the wonder of the ears; plus, also the covering of the head with a growth natural to human life. The list is endless, but so many times ignored by those who look at the child and take so much for granted, thus ignoring that in the creation of this life, there was Purpose for this life, and what this life had to look forward to, and that is, to

one day return to The Creator through a Portion of it, called ‘the Soul’.

If I were to speak Every Word I desire to speak regarding what the Gift of life is all about, it would take a human being not just months, but years, to be able to note every facet of human life that has a purpose, a reason, a practicality to it, that gives to human life more than what the human mind could ever design with so much, not just beauty, but abilities from the inside out and the outside in.

Human life is taken for granted, even ignored, because most human beings of higher ages do not want to become involved in what a Great Gift human life is in its very existence, how The Father designed it for more than what the human mind can perceive about it.

I could speak pages on this subject, but this is where I must close for now, because What I have just spoken is to help human beings of all ages to just get a touch of the Importance of what human life basically has that is so Important, because also, the Portion that will be returned to The Creator, will register

in It all that that individual human life was gifted with, participated in, and was instructed for.”

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time of much confusion, due to the fact that so many who have accepted leadership on spirituality are void of understanding the full measure of what the Words written mean.

There is so much personal injection, so much personal preference on subject matter. Subject matter in one’s daily life has a big effect on how they think, and how their mentality can adjust to someone else’s opinion, even when the opinion is on the edge of insult to The Creator of All Things.

Laxness in morality must cease, because it is destructive on many issues, and for many ages of human beings.

***The little instrument* used for All that is spoken through This Gift, has been allowed to experience firsthand how Important life is to man; also, how Important understanding The Creator**

is to how an individual perceives all subject matter.

We hear so many individuals say, 'I have said my prayers today.' That is true; they have spoken words that someone else wrote, but in reality, the meaning that they understand it to be is far from what they felt when they said the prayers so quickly.

So much is taken out of context where spirituality is concerned. The importance of sound spirituality is based on one's belief in The Creator, and belief in the Goal in which human life was promised, and that is for the Soul to one day be returned to The Father and become 'a Saint'.

If you walk throughout eight blocks, and you speak to eighty people in these blocks, all on the same subject, all with the same words, and all for the same purpose, you will find many resist your appearance, even reject what you have to say, because of their lack of personal understanding regarding that their beliefs are rare, and they do not want to attach themselves to anything that disagrees.

I speak differently, I know, but so much could be put into script in

the solid twenty-four hours of your day, because there is so much that you are exposed to mentally, physically, spiritually, and through the written word.

I know I speak differently today, but it is to awaken the minds of those who read These Words that in the Creation of human life, the mentality was a very important part of the Divine Love, because in the mentality there is the ability to see, to feel, to understand the purity over impurity, the right over wrong, the justice over injustice. This list is endless.

I will close My Words now, because as I have spoken Them I have Blessed you with My Love for you, in a degree, a manner, a way, not seen, not felt perhaps, but in the Words I have delivered.”

JUNE 21, 2003 AT 11:10 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I have given to the world a Gift Greater than the human mentality can perceive It to be.

For some to not believe or understand that I deliver Words Personally, is in many ways not rational to their thinking, for do I not hear them when they pray to Me in their own way?

You live in a time of much confusion, and also much disregard for the Importance of life, human life that is.

In My Creation of human life, I instilled more things, more ways, more abilities, and more logical understanding than is understood to be, because many want to discern things for the value they think it is, the purpose they want it to be, according to their emotion and how they choose to live their life, human life, in ways they decide to be more preferable for them.

Though My Presence is obvious, My Existence obvious, millions do not understand that in My Love for human life, I have given human life the ability to recognize that above and beyond what human life is, there is obviously a Greater, Higher Plane of Knowledge in existence, planned to give human life Aid, also Sound Direction. There is so little spoken on the Logic of My Existence, the Importance of My Existence.

Today as I speak, I speak with Deep Love, but also Concern for the Souls of millions of human beings because, do not forget, the Soul is a Portion of Me and is That Portion of human life that will remain in an existing state Where I am, at a given time.

You do live in a time difficult, but each generation of life has used time, preferably to choose what they partake in, practice what they chose to ignore that can possibly be opposite what they prefer for their way of life, that they are the custodian of a Portion of Me, called 'the Soul'.

In My Creation of human life, it was My Love in wanting to share What

I Am, and How I Will things to be done, for the betterment of the Creation that was created in imitation of How I Am, What I Am.

Some reading These Words will find it difficult to handle, but time will have to help them, and when they ask for help, I will be willing to help them according to how they will be able to help themselves.

I created human life with a free will, but first with the ability to learn many things, and to be able to speak with the sounds that others could hear and understand. I also gave to life the desire for a Goal Greater than the Gift of life.

So much has been allowed to be instructed, and in so many different ways, to give to the mentality of human life a fuller, greater understanding of My Love for this Creation of Mine.

It is sad when I hear some say: 'How do I know there is a God? I cannot see Him, I cannot hear Him.' My answer to that is: Follow what you have learned that bears so much logic, helping all of human life to understand that there had to be a Creator Greater than they can acknowledge or under-

stand; thus, also letting them more fully realize that the logic in their statement includes their chance, their reasonability, that no human life compares to The Divine Creator's Existence or Greatness.

I know I have spoken differently. I also know that many who read These Words will not fully accept Them. Some will cast Them aside, due to them not wanting to understand the Love I have for human life, that shows in all the Gifts I have delivered to human life, sharing with them their ability to learn so many aspects of what they can be capable of doing, participating in.

Let Me take a simple one first: the knowledge of putting a cover over them, keeping them from the rain that I allow to shed; also, in some ways, giving them the knowledge, putting more worth when it is needed. The list is endless, but there is more I could say.

The sun gives light to the world, warmth to the world, and a great sign to the world that a Greater Existence lives. The sun protects so many things,

and helps them grow in a manner and way understandable to most.

In the Creation of the moon, it has its purpose. No one can create a moon. I did, to give light at night when it was needed, and to help men, women and children more fully understand that the moon didn't just happen, and it was not created by man. I created the moon to give light, but also, to show My Power that gave to human life a reminder of My Presence.

The stars are important. They have a purpose, in many ways, giving to human beings of all ages a Fact of My Existence that should never be questioned, where the star comes from.

I could speak hours through this *one small voice*, on all I created to give human life an understanding that My Existence is Fact, and It should be honored every day and every night, not ignoring, as for being taken for granted, because all things created have a purpose, even the stars at night.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

You live in a time worse than many other times in the History of human life. The word ‘worst’ or ‘worse’ is difficult for some to understand, especially when there is so much progress, so many advantages, and such a different association, closer in many ways, from man to man.

All this is justifiable in your thinking, but the portion of time that I am referring to is where so much evil is being practiced continuously. The word ‘evil’ has many definitions. It includes impurities of the mind, of the body. It also includes many ages of human life, not just what is called ‘adulthood’, but it is prevalent amongst the very young also. It is acceptable in every facet of it and every form used. There is little, if any, denial to it. There are many foolish words in acceptance of it. They call it ‘progress’, or they refer to it as ‘time when human beings are advanced in how they feel, how they use their emotions, their mentalities,

their sensitivities, making human life better than it used to be’.

Granted, much of the thought also is that, in the past, sinfulness was more hidden and the times now do not feel that is necessary, because of the growth of human life being so much more knowledgeable in thinking, in practice, in abilities, and in their straightforwardness in how they use time, their talents, and what they feel is human in its manner, way, and acceptable because human life was created that way.

I will stop now, for as I speak it gives Me a sadness. I oftentimes ask The Father, ‘How can this be corrected, when so many do not see the evil where it is, how it is being practiced, and so many thrive on being what they call, “up-to-date” in life, ignoring totally that part of life is the Goal of Sainthood for the Soul they receive at the moment of their conception?’

Much more will be spoken on this subject, because it is a subject totally necessary to be seen for all the wrong in it, and yet all the justification that is practiced in every act of it.”

JUNE 23, 2003 AT 1:36 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I have been requested to speak at this time by The Heavenly Father. It is important that human beings of all ages more fully understand the Existence of a Divine Being other than man.

Today as I speak, I will add one thing you will be surprised at, because you would not expect a Saint to say it: I have tears in My Eyes because of all that is occurring that is devastating to the Souls of millions of human beings. Here in the Heavens the Souls are Important, because They are a Portion of the ones in whom They are placed at the moment of their conception.

It is understandable that human beings of all ages find it difficult to be able to understand that there is a Goal to life different than the goal for which each human being spent their time of life on earth, but the Goal is Far Greater than the human mind can perceive It to be, because it is being Where The Father is, for All Time.

Today every human being's life is Important, and it is important how they spend each moment of the day, hopefully remembering that when human life ends, they will find a different World to be in, Greater in many ways, because the Portion of them that will be in this new World is their Soul.

The body on earth is the important part of human life for most men, women and children, because it is that portion that is a mental, physical, and a moveable body to be used for many things. The Soul is in this body at the moment of conception, but the Soul, as a Portion of The Creator, looks forward to that one day when It is returned to The Father, desiring inwardly to become 'a Saint'.

For many so-called 'religious' human beings, or I should say, those who feel renowned in their understanding of what Sainthood is all about, that when they reach this point, will one day see how different their mentality showed them the Beauty, the Glory, the Divine Love, as It is Here with Me.

I know that many find it difficult to see beyond what the human mind can relate to, but I beseech everyone who lives the human way, to look forward to when the time comes and they will face The Father, listening to What He has to say in a Personal Way. Granted, the Soul is not as the body is, that would be foolish to think; but the Soul, as a Portion of The Creator of All Things, will return to from Where It came, after living upon the earth in a human being.

Many will read These Words, many will question These Words, many will elaborate on what they can or cannot believe, but I beseech all who read the Words, to never forget that The Creator of All Things also created you, in a way and manner to give you the chance to one day return to Him and be called ‘a Saint’.”

JUNE 24, 2003 AT 12:53 P.M.

SAINT ROBERT BELLARMINE

He is smiling. He says:

“I am Saint Robert Bellarmine. I have spoken many times in This Gift of Divine Love. It is a Gift far beyond what the human mentality can perceive It to be. It is a Gift closely associated to All that is Divine Will for the lives of all human beings.

Children are not being instructed on the reality of the ability for Saints to speak through *a chosen one* The Father Wills to be the recipient. Children are used to being told what someone wills them to know, but it is also important that children learn to understand that oftentimes Our Presence is close at hand.

It is so important for all ages to realize that they do have a Guardian Angel, and the Angel, in knowing what aids the one in whom They are, oftentimes requests The Father’s Intervention to help in areas, ways, degrees, purposes and time, to give where there is no hope, to strengthen

where there is no love, and to instruct where there is great need for words to be spoken to enlighten the mind to a new degree of thinking, thus casting out what is disturbing an individual that is not necessary for the individual to be thinking in that manner, form, degree, way, because the human mind, in all its versatility, has the ability to change what it is thinking, and accept what is more reasonable or more beneficial at a particular time.

The Father, in His Divine Love for human life, has given to human beings of all backgrounds, an innate understanding of a Higher Existence of Living Matter or Personage available to them, when their thinking reflects within them that they do have Someone to talk to, to pray to, and to accept as being close to the Divine Way.

I speak differently, as Most of Us do, through This Gift of so much being allowed to be delivered, instructing the mentalities of all ages to more fully understand that The Father, in His Love for this Creation of His, has covered every area of what an individual is capable of practicing mentally, morally, psychologically, emotionally and spiritually.

I could speak hours on this subject, but My Words will cease here, but My final Words are My Words requesting The Divine to bless you and the work you are doing that is to strengthen the Faith in Divine Love and of Divine Love for the benefit of Souls, because the Souls are dependent on human beings for how They will be placed in Heaven.”

JUNE 25, 2003 AT 12:45 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

What I am about to say is of great importance, because what most human beings do not realize, is that the manner, the way, the degree of how they use human life will register into their Soul many things that will be applicable to how they will practice Sainthood.

This Statement is of great importance. That is why it is so important that the human manner of living does not always end totally on the death of a human being. The Soul that was a Part of the human life, is now That Portion of them that The Father uses regarding many, many things, oftentimes what an individual was remembered by, either characteristically, materially, humanistically, or also financially.

These Words, to some, will cause them to feel anger, but oftentimes, Truth has its way of opening the mentalities of the living to realize that there are many factors, facets,

areas and portions of human life that at a given time the Soul will reflect in another way, and of course, in a different atmosphere.

When an individual dies in the human way, the Soul lives on. It is returned to from Where It came. Logic should say the Soul has adapted to what the physical acted out, acted upon, so the Soul will reflect certain things that The Father Wills to be practiced and allowed.

I speak differently today, but human life is gifted with so many areas of logic, learning about so many subjects that oftentimes are impractical, but the individual has a mentality capable of so many versions, definitions, and abilities to understand more than is realized in the living manner, way.

Today as I speak, I speak differently I know, but so many things are important through This Gift of The Father's Love for human life, because so little is understood about the Soul.

Individuals feel they have a Portion of The Creator within them, but they do not realize in their human mentality, that the Soul is a reflection

of all they thought, they practiced, they were a part of, and many times when they are beneficial to helping the Soul through a means different than the human mentality understands, that give Light, energy, where it is never really noticeably seen.

Human beings of all ages take life for granted. They have certain degrees of habits, understanding, and different degrees of mentalities regarding different subject matters.

All that a human being is created for is not seen for the Greatness The Father created human life, because the Soul is the recipient of more than the practical subject matters, and the Soul is That Portion of each human life that will return to The Father, and He will use the Soul in the degree He Wills it to be.

A child learns from the older lessons that have been practiced down through time, but when the child reaches a certain age, the child begins to accept advancement in knowledge, advancement in understanding, and it is what you call, 'a mind of their own'.

I have spoken These Words to alert those who take Them, those who will read Them, that there is so much to human life that is never thought about, never talked about, or is it seen for what it means, or what it will mean one day when the Soul is with The Father in another State of Living.

I could speak hours and hours on this subject, but I know as I say These Words, some who read Them will find it difficult to understand, but I appeal to you because of the importance of the Words, do not allow yourself to abuse the Gift that you have just experienced, and that is and was and will be, to read the Words, because They are Gifts of Divine Love, enlightening the mentality to realize that there are so many things to look forward to, so much to be seen, so much to be accomplished for another time.”

JUNE 27, 2003 AT 11:57 A.M.

GOD THE FATHER

“Through This Gift of My Divine Love, thousands of men, women and children are gifted with My Love for them through All I deliver, and Others Here with Me deliver, in Words understandable to the mentality, to the reasonability of the logic that These Words always mean.

The little one is ‘a Victim Soul’. To many this means nothing, but it is important that All that is passed through her in the written manner of understanding, they will benefit by This Gift of My Divine Love through *one small body, one small voice*, but obedience to My Will that is above all other things in her way of life.

Though it is difficult for many who hear the Words, who read the Words, to see the value in Them, they cannot, at different times, ignore the meaning, because as I deliver and Others Here with Me deliver such Sound Understanding, helping the human minds of all ages to see the indepthness, the logic, the value and

the hope that the Words automatically deliver.

Today, as I speak Words that are of such great importance for the Souls of millions of human beings, I am aware of how much hypocrisy, through self-righteousness, through denial of what is morally sound, right, correct, based on My Commandments, for the benefit of Souls.

When the word ‘Holiness’ is mentioned, it is rarely thought about in what it means. To many, it is just a descriptive word that implies something is greater than other things.

I will close My Words at this time, because when I speak on such important issues, *the little one* I use is subjected to a Power in My Delivery, that in many ways is difficult on her physical.

I have one more thing to say: Those who honor My Way, My Existence, will one day be the recipients of how they used their will, their intellect and their sensitivity to All that I wanted them to understand, because within them there is a Portion of Me. It is called ‘the Soul’.”

JUNE 27, 2003 AT 1:03 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

The Father has given to the world a Gift Greater than human beings understand It to be. To some, it is like ‘Stories’; to some, it is a ‘Realism’ of What The Father is speaking regarding Who He Is, and What He is saying is for the benefit of the Souls of millions of people.

Children are not being instructed properly on the importance of becoming ‘a Saint’, or are they being introduced to the value of prayer, the reason for prayer, and Who was The Beginner of prayer.

The world has passed through many stages. Each generation of human life adapts, adopts, and follows particular means of living, of understanding, of conversation, and of goals, oftentimes ignoring that their creation of human life was a Gift beyond what they think it to be. The Gift of life has a Purpose, but also it has a past.

Human life was created to give more strength in knowledge regarding The Divine, and All that The Divine is Example of, but also, encouraging human life to live it, so a Portion of them, the Soul, will return to The Creator Forever.

The word 'Forever' to some individuals is difficult for them to handle, and yet they innately want to live Forever, close to The Heavenly One.

Children are not being instructed on how important it is, in what they speak, how they speak it, how they react to others' reactions, and also to subject matter. They are instructed only on what those close to them feel will be natural for them, to them, but this, in some ways, has to cease, not because of the modernization, or I should say so-called 'modernization' of human life, but this was from the beginning of time.

Children are important in many ways, because many of them innately sense there is a Goal that they do not know about, but it is obvious to them that life has a Purpose. They do not speak about this openly, because of

their lack of being able to word things in all the ways they think, all the degrees they want to learn about; but, so many times, those in charge do not associate children with the abilities they are endowed with, and that is to understand more indepthly what is right over what is wrong, and the Beauty that they were created for, a Goal; to reach that Goal one day, and be with The Creator Forever.

I will close My Words, because All I have spoken may be difficult for some to understand, but in reality, each subject is of great importance, because children, in their human thinking, oftentimes think ahead of what those in charge of them understand they are doing. They wonder about certain things, but do not approach the subject to the older ones.

I speak differently today, but I speak with much Love for human life, because it is created with a Gift beyond what the human mentality can understand It to be, and that is, to return to The Father more than being ‘a Saint’, but to return to The Father Forever.”

JUNE 28, 2003 AT 11:04 A.M.

GOD THE FATHER

“I am God The Father. I have given to the world a Blessing beyond what the world has experienced before. The Blessing is a constant Instruction on the Importance of human life, but I add more to this Statement: The Importance for the Goal of human life is Greater than it is understood to be.

There are millions of men, women and children who accept daily life as just a natural form of living, thus ignoring that within human life I have given many privileges for them to understand that in the human way, logic is evident that I have a Purpose for human life for Another Time, Another Way. By this, I mean My Love for this Creation of Mine is gifted with a Portion of Me. It is called ‘the Soul’.

Though it is difficult for many to want to place their future on something they cannot see, My Words to them are important, because as My Son walked the earth, He walked in a human way, basically conducting

a Message of Importance for all who were to come through the human life at another time, and that was and still is, to remember that human life has a Goal because human life bears a Portion of Me. It is called 'the Soul'.

Now, if human life was not of so much Importance, would I have allowed The One called 'My Son' to be Crucified on a Cross for the Souls of millions of human beings? but also to help future generations of human life to more fully understand I took a Portion of Myself, made It 'Man', and then through all that occurred, I showed a Lesson of how many others would respond: ugly, incorrectly, unjustifiably, even demonic.

The world has been Blessed abundantly since that time. I could speak consistently on All that I Will human life to understand, but I give instances for human beings to read and to more fully realize that human life was created and has a Goal to reach, because within it there is a Portion of Me that cannot be seen, heard, felt physically; but, I use the mental spontaneity of human life, the human logic, to more fully understand that how I gave to human life the will,

the logic, to see and to never forget, that all human beings, though created equally, do not use their mental understanding that is innate in them, that there is wrong accomplished many times by their manner of thinking, their form of jealousy, but also their lack of compassion; plus, they do not read What they were given that I have allowed to be put into script, even picture form, to show them how many times the ‘human mentality’ can cater more to the enemy of Who I Am, What I Am, also be the enemy to human beings, who allow weaknesses to occur, that are basically what is morally correct, sound, honorable, just and pure.

As I close My Words at this time, I remind all of human life that I have given to the world a Gift to enlighten the mentalities of all backgrounds of human life, to more fully understand My Purpose for the Creation of mankind was a Gift and is a Gift, because within each human life conceived, there is a Portion of Me called ‘the Soul’. No one is ever created without It, because in My Creation of human life, I did it out of My Divine Love.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It was spoken openly a long time ago that: ‘You do live in a time worse than Sodom and Gomorrah.’

We encouraged your conversation today so when My Words were to be spoken, They would make you understand more indepthly, the value of what your ‘morality’ and your understanding of what is ‘morally sound’, is of the greatest importance in your whole life, greater than anything else you are, you have.

Today, throughout the world there are thousands of individuals who disgrace the gender they were created in, because that is no longer an issue of importance throughout the world like it once was a long time ago.

Children in educational places are learning, in so many ways, a ‘more acceptable’ idea than is logically valuable to their Souls and their mentalities.

Hundreds, if not Thousands of Saints Here in the Heavens want to address the subject to the degree, not just understandable, but in a degree that will awaken the mentalities of why The Father created the two genders in human life: female, male, or male, female. I reverse these in case, when you read the Words, you will see that these are the only two genders in human life, whether you call or announce one before the other.

They are separated in many ways and for a great purpose. Basically, the purpose is a Gift of Divine Love, a Gift giving to human life worthwhile understanding of the Importance of human life, and the rationalization that The Father uses in two separate entities, because of His Design in which human life was to be further conceived.

Today is a very important day, but it will only be as important as you deliver the Words openly, because there are very few individuals throughout the world who fully understand the gender of human life in both areas in which it was created; first, of course, to further the amount created according to the physical aspect of how a child

can be conceived to further the lives of more human beings.

As I close My Words, I know those who take Them and many who will read Them, will understand Them in the right degree, but there will be some who will find many excuses regarding their understanding of the subject, 'morality'.

I will speak more later, but for now, be sure that All the Words that have thus far been delivered through This Gift of Divine Love, never stop traveling throughout the world."

**SAINT ATHANASIUS
SAINT THOMAS AQUINAS
SAINT ROSE OF LIMA**

One is Saint Athanasius. One is Saint Thomas Aquinas, and One is Saint Rose of Lima.

“It is with great happiness that The Father gives Us the privilege to speak through This Gift of His Divine Love that He designed to help millions of Souls be returned to Him, Saints.

It is sad when We hear human beings of all backgrounds, all degrees of spirituality, some with no Gift of spirituality, make reference to ‘what life is all about’, many times ignoring that the Soul of human life is a Portion of The Creator, a Gift Greater than the human mentality can understand It to be.

When a human being buys a diamond, they oftentimes want it to shine. They want it to be obvious to them and to others, thus making it feel important, and it gives to their life something of value, something they

enjoy looking at because the diamond reflects back to them, thus showing its importance in a special way, manner, degree, and yet the diamond is only a piece of the earth.

If human beings would look in a mirror and ask themselves what they see in how they look, and how they would respond if they were someone else looking at the same view that they were, would each individual see a light of happiness, joy, contentment, or would egotism, vanity, self-love be what would be seen the most?

In the Creation of human life, and The Father instilled a mentality, He did this so that human beings would be more able to understand the value of things, the greatness of many things, and also, that in seeing something interesting or that would bring happiness, would give to them gratitude for the ability of sight, the gratitude, of course, going to The Father, but oftentimes that is not the case. They forget it is He Who created the Gift of sight so that an individual would see everything possible to be seen, giving to human life so many advantages, so many interests, and allowing the mentality to be honored

by the goals that the sight can reveal for a human mind.

I could speak books on this subject, but I will close now, only because there will be more on this at a later time, but hopefully, What has been spoken will be remembered and also be a reminder of the Generosity of The Giver of Life, The Father of All, Who in reality is Divine, thus showing, alerting and encouraging all who see the beauties in human life, know that they had to come from a Higher Source of Living Matter.

As I close My Words, I say to you today, those who read the Words, never forget to say to God:

‘Thank You, God, for giving me the privilege of human life, because through it, I can become a Saint and be with You for All Eternity.’”

JULY 3, 2003 AT 11:40 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. Each time I speak, it is because of My Divine Love for this Creation of Mine, called ‘human life’.

It is necessary that this time I spend through *one small voice* be transmitted throughout the world, allowing All the Words I speak, and Others Here with Me speak, to be read, understood and followed, because as I have a Portion of Me in all living human beings, I have a right to request that they understand the importance of purity mentally, physically and spiritually.

I speak of wrong, based on impurity of the mind, of one’s actions, or one’s indifference to follow The Commandments that were given a long time ago. I assure you, restitution must be remembered, because it will be My Love that will request it at a given time.

In My Creation of human life, I have Blessed it with My Divine Love, because there is a Portion of Me within

it that cannot be seen, but It is always felt, due to the fact that human beings of all ages know what is right, what is wrong, what is impure, what is unjust, in how they act, how they think, and how they allow weaknesses in their motives, and also in the company they keep.

I could speak endlessly on What I have given, for it is My First Step in opening the minds of those who try to ignore These Facts in Their full meaning, justifying all they do as a human ability, disability, or way of life.

I close now, but I say before I close, ‘I have given *one small voice*, but I have seen to it that thousands and thousands and thousands of Words have been put into print so that those in faraway places would read What I have to say because of the Importance of human life that I created, bearing a Portion of Me, the Soul.’”

JULY 7, 2003 AT 12:20 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I come on this day with an Announcement of Importance. Many will not feel it is an Announcement, but I Personally want to say These Words so you will know that I care Deeply, Sincerely about your physical and your Soul.

The world is in turmoil, the world of human lives. Needless to say, many are inwardly and outwardly attracted by all that is impure, unjust, ignoring totally that I Exist, and I have allowed to be delivered to the world of human life, My Rules for them to live by, and many, many Writings so no one can read and say, ‘I did not know The Father was this close to us, or He still spoke to us the human way.’

I have millions of Words to speak on, with, for, but today, as I speak the Ones I have, it is to alert you that My Presence is constantly wherever you are, and hears whatever you say.

I will close now, but I will return when I know it is feasible, practical, logical for you to learn and better understand that I Exist and each of you is a Portion in My Divine Plan.”

JULY 8, 2003 AT 8:50 A.M.

GOD THE FATHER

“As she accepts a Portion of Me physically, I have chosen her and gifted her with a Major Task for the benefit of many Souls Who are at this time and for later times.

The little one I use is not understood, because it would be impossible for the mentalities of human beings to fully understand how I, many times, have used a human being to stand firm, direct, and reveal My Will according to My Plan for the Souls of mankind.

The Soul is never seen but is always present, and is constantly the recipient of all the actions, words and deeds of the ones in whom They are placed at a given time.

The world, as human beings see it, is a world that gives the Souls of human beings the path to Me. I created human life to learn many things because their Souls, when They come to Me, will be close to all I have allowed them to see, to learn about, and to more fully understand the

Glory, the Privilege, and the Love that I have for man.

I speak differently, perhaps troublesome to believe or understand, but through this *little one* I have chosen, she has accepted How I Am on all facets of subjects that I put through her to instruct others, so they will be able to better understand that life, in the human way, is the foundation of Life with Me, the Divine Way.

The Saints are busy helping many human beings over obstacles, and many impurities of the mind, the body, causing their Souls to be victimized because of the impurities.

I hold her deeply. She says to Me: ‘I cannot stop crying, God. It is sad for me to hear that Your dependence of human life is not happiness because of Your Love for it by instilling in it a Portion of Yourself, because without the Soul, human life would be like all other living matter or things. I beseech You, my Father, to give us the strength to not just endure the obstacles but to help correct them, so more human beings will become “Saints”.’

I smile at this *little one*, for it is never seen how she feels about every minute thing.

As I close My Words at this time, I bless Those Here with Me now, giving Strength of The Divine.”

JULY 8, 2003 AT 12:47 P.M.

SEVERAL SAINTS

“There are Several of Us present at this time. The Father has Willed it so.

This Gift of Divine Love is Greater than It is thought to be, understood to be, because what is so difficult for individual human beings to understand is that The Father, in His Divine Love, has given to the world a Gift Greater than the human mentality can perceive It to be. In some ways this is a sadness, because so many ages of human life do not look for the importance of Messages, just what pleases them momentarily.

The Blessing that human beings of all degrees of intellect, all backgrounds, all natures, all cultures have received through This Gift of Divine Love would be impossible to write in a short way, the Greatness It is for the future of human life, and also the Goal for which human life should strive to reach.

Children are not being instructed on the Importance of being born a

human being. When it is attempted to describe it to a child, too much emphasis is usually placed on the importance of the background of the family, rather than the importance of what the child needs to know regarding its future that it will be in control of, and of course, the Fact that it is responsible to The Father for the Soul that is placed within it at the moment of conception.

I am keeping My Words close together, because there is so much to be spoken and understood on the Importance of human life, and the Goal The Father has promised for it. Human life has a Portion within it, Divine in Origin, and this is That Portion of human life that The Father holds close to it, close to Him, in a way, a degree, a manner that every human being should cherish, because nothing else is created with this Connecting Link, the Soul.

There are so many words to describe what a Precious Gift human life is, because so many Gifts have been instilled, and more as time goes on, than an individual recognizes. The intellect is a Gift far greater than it is thought to be, because it is endless

in its capabilities, but the average person, individual, chooses when the learning will stop.

Each individual has the privilege of the free will, to use it in a degree higher than any animal created, but also, to more fully understand that with so much available to the mentality, and the abilities to reach for the Greatest Goal possible for the Soul, is to accept The Father's Will to the degree He Wills it to be, but there are so many interferences, distractions, and personal ideas that interfere with What the Soul is all about. Oh, It is remembered to be present, but because It cannot be seen per se, It is ignored, allowing all materialistic values, goals, to supersede.

Thousands of Words could be spoken on how much more the Soul is to every human being born, but the nature of human life, the freedom of the will, and the ability to make choices, gives to human life a Gift Greater than it is seen to be, but as This Gift of so much Instruction, also giving through Words in script the Importance of the Soul, there is very little excuse for anyone to just look at the monetary or the physical or the emotional facts

that they feel comfortable with, about, and for.

If I were to speak on, the Words would be endless and could not be put into script, because the physical strengths would soon not be able to write.

***The little one* through whom We All speak is watching Me go through the actions to show her the indepthness of What I have just spoken about.**

It is important that when you read Words and the Words contain important information to help you on specific areas of your life, do not dismiss This Gift, because there is no place that can give you so indepthly a Personal Degree of Direction based on Divine Love.”

JULY 9, 2003 AT 12:58 P.M.

“It is true, there are Several of Us present because of the Magnitude of This Gift of The Father’s Love. All Saints Here in the Heavens want to participate, because it is Their desire to help those who are yet in the human way, to more fully understand, more deeply understand, more spiritually understand, the Importance of human life, why it was created, and the Goal for which it was created.

An animal does not have this privilege, a Heaven to look forward to, but human life has been gifted with the Proof that there is a Heaven, and that is to be the Goal for the Soul of each human being.

We hear individuals say, ‘I cannot see my Soul; I cannot even feel my Soul.’ All of The Saints Here in the Heavens say, ‘You do feel It, because of your sensitivity to what is right over what is wrong, what is pure over what is impure, what is just over what is unjust, and the in-depth sensitivity to not want to give human life up.’

The real in-depth feeling that is practical, logical, feasible, is for an individual of any age to understand that as human life is created with so many Gifts, would not The Father have a Goal awaiting the Soul of all human beings?

The Father, in His Love and Justice, is not just Generous but, as The Creator, wants That Portion of Him that He puts into a human life at the moment of conception, is Precious to Him, and He wants It returned in a State of Purity, because it is returning the Love that He gave at one time to an individual human being.

As I close These Words, I sincerely hope that all who read Them will understand that human life is Special in Divine Plan. The Father has proven this many, many times. It is logical that That Portion of Him within the human body is to be returned to a Place Where He is.

Do not forget My Words, because They are Words of Love for human life, and Justice to The Creator of human life.

You sometimes close your prayers with an ‘*Amen*’. I will close My time with you with that Word: *Amen*.”

JULY 9, 2003 AT 2:07 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father has given to the world a Gift of His Divine Love to enlighten the mentalities of many human beings to more fully understand that the Creation of human life was a Gift of Divine Love, plus giving to life a Future, to be returned to The Father at a given time.

So many individuals, at this time, do not understand ‘that time that so much was different’: so much Genuine Love extended to those who would accept It in the right way, for the right reason, and to give them strength in better understanding of The Divine.

***The little one* The Father uses to instruct so much, His Words and the Words of All The Saints, oftentimes asks Him to release her because of exhaustion, due to the Responsibilities attached to a Gift of This Greatness, This Divine Love. The Father, in control of How He Wills things to be done, says: ‘*Child*, I will be The One to decide how I want things to be**

accomplished because of so many Souls that, without This Gift, will suffer in Purgatory for their sins.'

As I close My Words on this day, I beseech those who read Them, to force themselves to fully understand that there could be no life in anything if The Father was not Who He Is, and also The Creator of Divine Plan.

As I bless you with '*The Sign of The Cross*', I bless you with the Love that is Willed for your Soul to be returned to the Above. So be it."

JULY 10, 2003 AT 10:32 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* I use in so many ways, and for so much for others to read, is in a state of what human lives call ‘exhaustion’. She has asked for My Help. I smile at this, because her meaning of help is to take away what disturbs her, what distracts her, and causes her what she feels is a lack of strength.

I hold her deeply and with Sincere Divine Love, for in many ways she is *a victim*, caused by so much that has to be done to give to as many human beings as possible, My Love and My Will for them to understand that I have come at this time, through *one small voice*, to help all degrees of intellect to see, to recognize, and to be better equipped to become ‘a Saint’.

All that I have thus far spoken has been of Great Importance for the Souls of millions of human beings, even though many who read the Words pass Them off as temporary communications with Me.

Human life is a Special Gift of My Divine Love. It proves Itself in many ways, because It has given to human life sensitivities of the mental and the physical, also insight into avoiding certain things that would be more to please the enemy, than Me.

I will close My Words and I bless all those who read the Words and take Them seriously, because I have given to the world like no other time in the History of human life; I have given endless amounts of Degrees of My Love continuously, alerting human minds to My Love for this Creation of Mine, human life, that has a Goal to return to Me, That Portion of Me that they are the custodians of, the Soul.

I bless those who request My Help and I bless those who pray to have more strength to obey Me and My Will, but I also bless those who struggle to find the path to Sainthood, desiring to one day return to Me, a Saint.”

JULY 10, 2003 AT 1:03 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici. I am not as well-known as Many Other Saints Here in the Heavens, but *the little one* through whom We All speak, attended a place named after Me. She oftentimes would seek My personal aid, help, and I would always smile at this, because the Faith she placed in Me was a recognition that I would have the privilege to aid her when it was needed.

As I speak to you today, there are Many, Many Saints present. Many of Us Saints say to The Father, ‘Holy One, would it not help if they were to see Us in person, in a personal form, way?’ He always smiles at this and says, ‘They will one day.’

Throughout the world there are so many men, women and children who never pray. They depend on only the physical part of their life, sometimes even when there is great sorrow or a great need for help in many ways.

I will not speak long, because there is so much to be spoken to help

millions of men, women and children to more fully, deeply understand that it is a privilege to be born a human being and there is a Goal for it in Divine Plan.

We speak of the Goal, because it is innate in human lives to be anxious to reach goals, even when the goals are not important enough for all they have to do to accept the challenges it takes to reach a goal that someone decides is important.

My Words will not be lengthy, but I assure you that All of Us Saints Here in the Heavens, because it is The Father's Will and Love for human beings of all ages, to help them better understand that to be created the human way is Part of Divine Plan; also, there is a Goal for the Soul of human life that nothing else created has. The Rules to live by are really rather simple. The prayers to be spoken to communicate with Heaven, simple to say, and not too much to remember.

I will close My Words with a small prayer, hoping you will remember it:

'Heavenly Father, please give me the strength to become a Saint in Heaven.'"

JULY 11, 2003 AT 12:10 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

A small change in the opinion of a human being can become a great challenge to all that is involved in an individual’s personality, nature, dealings with other individuals, but basically, their belief in The Creator, allowing themselves to, in many ways, mistake the beauty of what they are gifted with in the human way: just to know about The Creator, and just to know that they can pray to Him for many ways, many reasons, for many things.

I use These Words in a manner and way respectful, and yet hopefully allowing those who read the Words to think more indepthly on what a Beautiful Gift human life is from The Divine.

Days pass and millions of men, women and children ignore saying a prayer, or just a ‘*Thank You*’ for the day, not realizing or not allowing themselves to remember that they are the creation of the Greatest Creator,

and this is a Blessing unto itself that is rarely seen as the Greatest Gift a human being can receive.

I will close now, but hopefully My Words will be remembered, because They are to awaken the mentalities of those who read Them, those who hear about Them, that human life is a Special Gift of Divine Love, has a Purpose and a Goal Greater than anything else created.”

JULY 11, 2003 AT 12:41 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

The urgency associated with This Gift of Divine Love is far greater than the average individual understands it to be. The importance of Every Word is to give enlightenment, Spiritual strength, and physical and moral hope to those who read the Words, because it is The Father’s Will that human beings of all ages more fully understand that human life is a Gift of His Divine Plan.

The world has been Blessed abundantly. I cannot say this Statement too many times, because All that is delivered is to give a fuller, deeper, greater understanding of the Importance of human life and the necessities that an individual is responsible for, and that is purity of the mind, of the body, for their Soul that is a Portion of The Creator that He instills at the moment of conception of a human being.

I could speak a long time on this subject, but What I have just spoken must be understood as a Gift of Divine

Love, giving to human lives the means to more fully understand the True Existence of The Creator of All Things, and that there is a Purpose to human life, designed to one day return a Portion of it to The Creator, because It will remain for All Time.

We hear so many excuses weakly stated, unknowingly using their own interpretation of what life is all about.

The Father, in His Love for all of human life, has given a Gift of Divine Love, allowing so Many Saints to speak in Wording understandable, instructing through These Words, the Importance of being a human being.

Blessings are constantly based on The Father's Love for This Gift, and it is important that All that has been delivered through This Gift, *The Miracle Of Saint Joseph*, travel throughout the world, because It is needed by more human beings than anyone can perceive the amount to be."

JULY 12, 2003 AT 1:42 P.M.

GOD THE FATHER

“All through time, since the first Creation of human life, those I have used in a personal way have been victimized by many others, irregardless of how Important Things to occur would be, for the benefit for a few or millions of human beings.

I use *one small voice* for important Messages so that human beings of all ages, all backgrounds, will be able to more fully understand how close I am to human life, irregardless of the mentalities, the backgrounds, the interest, or the abilities that will be touched by All I Declare to be read and to be understood as being important to their physical and mental attitudes, or spoken words.

I have Blessed the world in ‘one spot’, but that is why it is necessary for All that I Declare to be put into print be seen in many, many places where other human beings can be the recipients of What I Will them to know, and also, that they are never out of My Sight at any time.

Children are not being instructed on the Importance of being born a human being. There is so much resistance in This Manner of teaching that could give strength mentally, physically, morally.

If the Words are vocal, it will help many understand Them. If the Words are also put into script, it would automatically instruct those who did not hear Them in the spoken manner, degree, way of the language recognized in the different groups of human life that are numerous throughout the world, as I use *one small voice* to deliver so much Instruction based on My Divine Love of human life, for millions of different degrees of backgrounds, education and moral understanding, thus giving openly My Love for the Creation of Mine, human life.

As I close My Time at this time, I say to all who will read the Words I have just spoken, and those who will be example of Them in their own way: My Will, will be accomplished, because it is only logical for human beings to understand I desire all Souls to return to Me as I gave Them at another time to them, at the moment that their

physical became a life, a living manner of living in a Special form, degree and way.”

JULY 13, 2003 AT 5:40 P.M.

“There are Many of Us Saints present where you are. This may be difficult for some who read These Words to understand that We would put into print a Statement of this nature, this type of open commitment to Our Presence.

Today is a very important day, as most days usually are, but I must say that today, *the little one* We All use was given the Privilege and the Blessing, Greater than it can be told to be, because with so much occurring that appeared normal in speech, actions and ways, All of Us Here in the Heavens Who are very familiar with This Gift of Divine Love, felt that the Importance of This Gift was on the brink of being spread in a greater degree than It has been.

It is important that All that has been delivered be sent throughout the world, based on the Announcement that It exists and that so Many Saints Here have spoken, and are speaking, to give hope, more understanding, and

encourage more Faith in The Divine, because throughout the world, though there seems to be much attention in speech regarding spirituality, it basically is not being lived to the degree that it should be.

You do live in a time wherein morality is most times not even thought about. So much is based on emotions or the anticipation of impure actions that are possible to partake in, with no emphasis placed on how wrong it is. Purity of the mind, purity in physical practices, and purity of direction regarding not just morality but personal ideals, ideas, are cast aside. The world that emphasizes so much wrong is easy for so many to say; they call it 'being normal the human way'.

The Father has given to the world a Gift of His Divine Love through *one small, quiet voice*. The human way of doing it would have been much different, but I assure you, it would not have been as instructive, because along with *the voice* chosen, the descriptive Wording on so many subject matters, situations, conditions and habits, hopefully will be seen for the Basis, the Foundations of individuals,

mentally, morally, psychologically and spiritually, to find that human life is a Gift of The Divine and must be treated with respect at all times; also, that the Goal for human life is of the Greatest Importance, and all human beings should never ignore that as they seek goals for so many things in their daily living, the Greatest Goal, the Most Important Goal, is for their Soul to be returned to Heaven.”

JULY 14, 2003 AT 11:02 A.M.

GOD THE FATHER

“I have given to human life many Gifts, so in the mentality of human life there would be able to be a deep understanding of more about Me and My Love for this Creation of Mine, in which I have instilled so many qualities, benefits, abilities, to be able to perceive what a Great Loving Gift human life is from Me.

Today as I speak, I speak with the Hope and the Will that My Words will help those who do not fully understand what a Precious Gift life is to man.

I use only *one voice*. There is nothing or no more necessary, because *the voice* I use is *the voice* I created to be able to speak for Me, in My Name, My Love for human life.

Sometimes there are different individuals who do not fully comprehend what a wonderful, beautiful Gift human life is to man. They use it in weaknesses that only pleases the enemy of Myself and man.

I could speak hours, weeks, months, years, continuously, on the Importance of being a human being, and the Greatness and the Divine Love that awaits the Soul of every human being.

As I close My Words at this time, I bless those who read My Words, those who will one day hear My Words.

When I say ‘in My Name’, I have shown My Love for you by announcing Who I Am, and in your heart that beats for your human life to be able to act and give you the strength to live, I bless your heart, and as I cross your shoulders, it is to let you know that your whole being of a human way is My Divine Love for you.”

JULY 14, 2003 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is much unseen jealousy over This Gift of My Divine Love. Most questions are, ‘Why can I not be the listener to Who You Are and All You have to say?’ I say to them: ‘I instill in them the realization that I Exist and that I am aware of how they feel, think, act and show their love for Me; also, their manner of doing things in every facet of their life.’

One of the greatest excuses I hear is that, ‘Do not forget, God, I am human.’ That is true, but I also help them remember that human life is a gifted way unto itself, because it bears a Portion of Me, unseen but obviously there, else how could they know or feel that I truly Exist.

Children are not being instructed on the closeness they have or What I Am and Who I Am, and My Love for them. Humanism is so indepthly instilled in most of human life, that though they complain or they request what they feel they want or should have, they do

not change their manner of living or their degree of how they respond to Me.

Human life has a Goal for the Soul. A body that is based in the living of human life, when the time comes, no longer exists, but the Soul is placed from Where It came because It is a Greater Gift, a Personal Gift of My Willingness to share Who I Am, What I Am, with human life that I created for a Purpose and a Goal.

It is a treasure for Me to see devotion to The Holy Trinity, and also to Those Who have been pronounced 'Saints' through time, because The Saints are the Souls of the human beings that once lived the human way. Granted, many times when I allow a Saint to appear to someone in need or for a purpose, I allowed Them in what form to be seen, so the individual recognizes the Presence in a life-like form, but basically, it is the Soul that is there.

I could speak endlessly on My Love of human life, and I have tried to use This Gift of My Divine Love through *one small voice*, to instruct, to enlighten and to assure millions of

human beings of how I feel about them and how I love this Creation of Mine.

I even put a Part of Myself on the land to walk amongst mankind. He is called 'The Son of God'. Most individuals recognize this Sight, this Figure, as being a Part of Who I Am, and it gives strength, hope, because the human mentality responds to what is realistic to the mind in how they understand their Soul in a more in-depth manner, way. I have allowed My Son to be hung on the Cross. It is called in your time, to be a 'Crucifixion', that Part of Me that at one time was killed by mankind unmercifully.

As I close My Words at this time, I want those who read Them to know I created human life with Divine Love, because within it I placed a Part of Myself called 'the Soul'. This is how human beings should realize and feel the Strength My Love showed in placing within a human being's form, a Gift Greater than is possible for the human mind to fully understand, but nonetheless, they should talk to It, because It hears all they have to say and It responds according to My Will."

JULY 14, 2003 AT 1:28 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Every day is an important day in the life of a human being, because in each day there is the privilege for an individual to recognize The Father’s Love and accept It through the reciting of a prayer, or a few words of *‘Thank You, Father, for being there.’*

There are very few individuals throughout the world who genuinely, indepthly, understand the Magnificence of their having a Portion of The Creator within them. It is not just doubt, but it is impossible for many, not just a few, but for many to accept that The Creator of All Things would give to human life a Blessing of This Magnitude, because human life is not always pure in what it does, what it speaks, and who it associates with.

Needless to say, prayer is a Gift delivered by The Father a long time ago, giving the Foundation of communication that an individual can use secretly or openly with The Father, and Anyone Else they choose.

Children are not being instructed on the Importance of their Creation of human life and the purpose that is available to them day and night, and that is, for them to recognize personally or openly, that they recognize there is an Entity of Divine Being that can hear every moment of the day what an individual has to say.

We hear many individual men, women and children question why they cannot hear a return reply when they pray. In reality, it does occur, but not in the human way. No prayer, no request, no act of love is ever ignored, because every move made, every thought an individual human being has, is heard.

The Valuable Gift of life is first to be created a human being, and then all things fall into place: the ability to see right from wrong, the ability to do many things, the ability to associate with other human beings, and the ability to want what is good over what is evil, what is just over what is unjust. This occurs even in the most evil of human beings, believe it or not.

Human life has a Goal. If this was not so, why would The Creator of

All Things have given human life Bible History? Was it not to learn from? Also, the fact that there were Rules to live by, called 'Commandments'. None were impossible to follow; it all depended and depends on the human way, the human mentality of what is pure over what is impure, what is right over what is wrong.

So little is being instructed upon at this time in which you live. So much is laxness in caring, or very often just an indifference, because they cannot see The Creator, they cannot feel The Creator, and they cannot feel their Soul. What they do not want to think about is: In human life, The Father gave to human life a 'free will' and the mentality to use it justly or unjustly, but to use it productively for many ways of how an individual walked the human life.

So often when individuals confess their sins to what is known as the 'Priesthood', they address what they want to speak about in a very humanistic version, but oftentimes in a way that basically does not tell the whole story, the whole reasoning. Of course, this is called 'There's not the time; there are others waiting.'

Human beings have what is called 'excuses' on every area of life, every act of life, but the excuses sometimes are lies and do not fulfill what they are supposed to, because the individual feels comfortable in using the words comfortable for them.

Needless to say, The Father has given to the world a Blessing at this time, Greater than It is understood to be. This is, in many ways, taken for granted, and in other ways, It is diminished, because the Content is not pleasing to certain individuals who find themselves wanting things to be as they feel comfortable with.

Let us now take The Commandments that were given a long time ago. As you read Them now, They are so concise that Their full meaning is not seen in the degree They were delivered a long time ago, but if you will but try something, I know it will give you strength. Make it a practice to, each day, silently and to yourself, go down the list Word by Word, number by number, and then if you find that you are not quite up to par on what the Commandment requests, you have the ability to think about it and then perhaps change.

So the next time you go through The Commandments, you will see Them in a different way, more helpful to your daily way of life, more encouraging in how you speak and how you pray, but also, how you respond to others you know, and how, in your way, you can become better example, not by repeating The Commandments but by how you act, how you speak, how you live and what pleases you; but, always remember to do it in a manner, degree and way that is instructive, not destructive; not commanding, but normal to how you think.

I could speak hours on this subject, because you live in a time when there is so little respect for how people live, how they think, and how they practice their way of wanting to become ‘a Saint’.

I bless you with My Love, and I beseech The Father to give you the strength to grow spiritually strong so that you are example to everyone you meet.”

OUR HEAVENLY FATHER

“I am your Heavenly Father. This Gift that I have been giving to human beings of all ages, all backgrounds, is to travel in faraway places because of the importance of what so many who are not close to here will learn, that My Presence, though It is not seen, is constantly with all human beings.

You live in a time wherein What I have just spoken is not understood or believed by millions of human beings, because they innately feel that their mental, mentality, and their ability to absorb conditions of human beings, human life, feeling that if I was seeing all that is occurring, I would stop it because of so much immorality, indecency and the act of pleasing only the enemy.

Some say to Me: *‘Father, You have the Power to destroy the enemy. Why do You not do that?’* I do in My Own Way, not understandable to the mentality of human ways, lives, but so many men, women and children tempt others and even themselves, into what

they know is not just impractical, but demonic, pleasing only the devil.

I could write millions of Words on this important subject, but human beings of all ages must understand that if I did not give to human life a ‘free will’, they would not be able to enjoy all there is to enjoy and All I Am.

It is important that children be taught that the Gift of decency should be structured on what would please Me, what would show their love for Me, because I created them to one day be with Me in a Place and a Way Greater than the human mind can compare to anything else in describing My Divine Love for human life, as I created it with My Divine Love, allowing a freedom of their will to choose all different facets of life, so they could enjoy life and not be like clones created to just follow a set rule.

I could speak hours, years, on this subject. My Love is Boundless and My Willingness to help all people of all ages for the benefit of them and their Souls.

When My Son was Crucified upon the Cross, it was My Way of showing all of human life that the enemy

will do anything to control what he feels would supersede My Power. I allowed this to happen so the future generations of human lives would be more understandable to the existence that evil exists to tempt them, and to draw them away from Me.

I could speak endlessly on this Gift of My Divine Love, because of That Portion within it that is a Portion of Me.

Remember, as you live each day, I am with you, because in the freedom I have allowed human life to have, it is because I understand freedom in a beautiful degree of hope, love and the ability to make choices, and not be like man would call 'a clone', or something that could not think or sense what is right over what is wrong, good over evil, and it gives to every individual human being the dignity of choosing, and a better understanding of My Trust in how they would choose right over wrong, good over evil, hope over despair, and love over hate, because I promise you, the enemy tries very hard to use weaknesses against human beings' Souls.

The Soul is a Portion of Me; the body was given to be able to see all the facets of life, all the Gifts, and the free will to choose a way of life.

I close My Words with My Blessing that to the human way of thinking, should be My Divine Love for My Design of human life, and My Goal for the Soul that I placed within every human being's form."

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

The vocations that were so prevalent when I walked the earth were truly Divine by Design, and instilled strength in many ways, morally, psychologically, physically, and of course, spiritually.

The world has been Blessed by a Gift of The Father’s Love in which He has permitted so Many Saints to speak, thus passing Historical Knowledge on, in a modern way, to those who are now living at this time.

So many individuals who have brilliant ideas, ignore the beauty in seeing to it that their ideas would be far more beautiful, far greater, more advantageous, if they used these things on subject matter that would give strength morally, hope mentally, and yes, love for The Divine, to give more understanding of why they were created; and the responsibilities that are given to human life, are the foundation for Sainthood.

So many individuals of all ages thrive on the monetary measures, thus most times ignoring how much can be earned spiritually by using their Faith in the right manner, not necessarily demanding of others to believe in what they believe in, or how they believe, but to address the Spiritual in a degree that gives hope and also attention to this Special Gift of Life, other than the physical or the mental that human beings overemphasize to get attention and to feel important about.

I will not speak long, because My subject is of great importance for all ages to think about.

The world has been Blessed abundantly by The Father's Love for human life, and His Willingness to allow so Many Saints to speak in a logical format, understandable to those who read the Words and see within Them that human life is the creation of a Higher Entity than human life can compete with. There is no competition where The Father is concerned, only Direction and Divine Love for the Souls to be returned to Him, to remain with Him, because of what a Magnificent Place It is for

**Them to return to, and that is called
'Heaven'."**

JULY 16, 2003 AT 1:19 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

This Gift The Father has given is far greater than It is understood to be. The Personal Communication is a Gift of Divine Love, the Wording a Gift of Divine Instruction to the Souls of many, many people.

All ages of human life, all backgrounds should be alerted to This Gift, because there is no place throughout the world that is giving such a Personal Attention as This One is. As the Words pass through *one small voice* and They are put into Script, the Script is of Great Importance, because It is to travel in places far away, never questioning if those who will receive It, accept or reject what the Words mean to them.

Children are not being instructed properly on the manner in which they speak, or the degree in how they believe that there is a Creator of All Things, else how could all there be for them to be part of, if The Creator was not Greater in Every Facet of Mentality

and Abilities, to project and to allow to be, such a Great Gift, Greater than the human mentality or physical could ever be accountable for?

***One voice* is all that is needed, but the fact that so many individuals are willing to put into print, for All Words to be put into a manner, a way, a degree, for millions of human beings to read and to learn from, and to more fully understand that at this time in the life and the lives of so many who would not learn What is being instructed, because there is no one who could ever teach as The Creator of All Things does, or allows The Saints to do.**

I will close My Words, because there is so much to be spoken for individuals of all ages to more indepthly understand that they are in the Presence of The Creator of All Things every moment of the day and the night they stand alive, to act in the human way.

Always remember, too, that as every human being is created with a Gift of Divine Love, is a Gift called 'the Soul', and This Portion of human

life is That Portion that can be one day called 'Saint'."

JULY 17, 2003 AT 12:40 P.M.

**SAINT ALOYSIUS
SAINT AUGUSTINE
SAINT ALPHONSUS LIGUORI**

“I am Saint Aloysius; Saint Augustine; Saint Alphonsus Liguori. There are Three of Us present at this moment.

This Gift of The Father’s Love is far greater than the human mentality can perceive It to be. It is a Gift of Direction, helping individuals more fully understand what a privilege it is to be born as ‘man’.

***The little one* used is oftentimes *the victim* of those who do not believe, nor are they capable to comprehend that a Gift of This Divine Love would be so obvious because of the Words that pass through *one small voice*, instructing hundreds and hundreds and hundreds, equaling thousands in number, of the Importance of human life and that The Father, in His Love for human life, has given to the world a Special Gift, enlightening all ages to more fully understand that there is a Goal for the Soul of human beings of all lands.**

Today as I speak through this *little one*, I speak with a Force, because What The Father Wills to be spoken is to give strength to the Words that will be read, hopefully by thousands and thousands and thousands of men, women and children throughout the world.

Daily life to most human beings is a life of routine, a life spent doing things that they are interested in, active in, and necessary for how they live.

In This Gift of Divine Love that speaks on so many subjects, encouraging all the right things of those who will read the Words, giving them strength to more fully understand that The Father never leaves His Existence from being present from man.

The little one We All speak through, listens consistently and constantly for What she cannot hear physically, but she is never without Our Presence that she instinctively feels, and it is more than your presence when you are with her, than she could describe it to be.

This *little one* walks a tightrope of love for The Holy Trinity, because there are so many individuals who try to shake the tightrope because of jealousy and their innate dishonesty toward a Gift of This Greatness that has been given verbally, and ordered to be put into print, so thousands of human beings could read personally the Words, and grow closer to The Divine because of the Strength in the Words, the Wording in the Words, and the Divine Love that is obvious in the Words.

I hold her tightly, because she is asking Me questions while I speak to you. Rarely does she do this, but she fears the wickedness that some try to do to her.

The world has been Blessed abundantly, and All that has thus far been put into script must be seen because of the importance of What the Words speak so openly.

As I close My Words at this time, I want you to know that I have the privilege to bless you with Words you understand: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*"

JULY 18, 2003 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

You do live in a time worse than what is called ‘Sodom and Gomorrah’. I have spoken These Words many times before this. Some individuals enjoy hearing These Words because they are indifferent to how I think, how I want them to be, and My Concern for the Souls that I want returned to Me in a Pure State, as I once gave Them at the moment of conception.

Today as I speak, at this moment there are thousands, or even more than thousands of men, women, and even some children performing acts that are not just a disgrace to them, but are sins against Me.

Throughout the world, there are so many indifferences in understanding of The Commandments that were given a long time ago, by a man I chose to receive Them and then put Them into script, for all that were to be born from that time on, would know The Rules that I gave, to give hope and

sound judgment to the mentalities of all ages of human life.

Once The Commandments are learned, oftentimes They are then ignored with excuses, called 'the sign of the times', 'the time in which we live', or even, 'Weakness comes and I cannot resist.'

Today as I speak, I speak to remind all of human beings alive at this time and to come, that My Way of giving to the world Sound Reasons to live by and to be accountable for, should never be dismissed or cast aside, because I have a Reason for delivering The Guidelines, The Rules, that will help all degrees of intellect to understand that as I create human life, there is a Portion of it that I AM. You usually hear Me say, and Others say, That is a Portion of ME, but I say to you today, 'Remember where I put the accent on.'

I have chosen *one voice* to deliver at this time, but I have chosen many present here with her, and those who will receive What is delivered, to be reminded that there is a Goal for human life, Greater than the human mind can perceive It to be, and that is

to return to Me, That Portion that is a Portion of Me, the Soul.

It is not an impossible task, because the Soul to human life is a Gift of My Divine Love, wanting human life to live a life that would imitate all that is good, because this Gift of human life from Me is Special in many ways, in many degrees, because I desire It to be returned to Me, and be able to be called ‘a Saint’.

As I close My Words on this day, I close Them with respect for the fact that in your human way you have the ability, the understanding and the privilege to return to Me, That Portion that belongs to Me, your Soul.”

JULY 18, 2003 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All of Us Saints Here in the Heavens find that with Our permission from The Holy One to speak and allow It to be put into writing, is a Gift beyond what can be understood to be.

The Father, in His Love for human life, has been and is blessing human beings in an open degree, manner, way, with Words easy for them to understand.

For so long a time, much that was being understood about Me and All of The Divine was passed through men who learned it out of books, and would teach it in their manner and way, in different services in the churches, first repeating Our Words that were in print, and then using their own discernment of the meaning of the Words to help others understand.

Since This Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’, has been given to the world, It has given thousands and thousands and

thousands of individuals of all ages, understandable Instructions, Ideas and Ways to more fully understand that human life was created and is created for the sake of the Soul that is in each human being created as man.

So little is ever thought about the Generosity of The Divine Way, Divine Will. So much is understood through previous written Words. That is why The Father has given to the world at this time, the privilege for so many to be able to put into script, What The Saints Here in the Heavens feel will give them a stronger understanding, a deeper understanding on the Importance of being created a human being, and that the Goal that awaits the Souls is to be with The Father in a Living State that is not understandable at this time, but it will be when the time comes. It is a Goal beyond what the human mind can perceive It to be.

I could speak thousands of Words on encouragement and go more indepthly, but I plead with you, I beseech you, to read What has just been spoken.

Be aware of the Importance of your Soul, because it is your Soul that gives you strength, hope, and a deeper understanding that human life is a Gift of Divine Love, Greater than it is ever thought to be. Just as you desire to reach goals in the human way, human life is Blessed with the Greatest Goal one can receive, and that is to return to The Father the Soul, allowing It, permitting It to be called ‘a Saint’.”

JULY 18, 2003 AT 2:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I feel it is My privilege to tell you that wherever this *little one* is that We All use to speak Our Words, Many of Us are present because of the Importance of This Gift of Divine Love.

We listen constantly to wherever she is, and oftentimes she speaks unknowingly What We Will others to hear. It All appears as her thoughts. That is how the Words are taken by those who hear Them.

She sometimes says to Us, ‘I didn’t mean to talk that way,’ and We smile and say, ‘We know, but do not forget, the Words were important for the Soul of the individual, and the Words will be remembered years from now, giving strength, sometimes hope, and sometimes will ease the problems.’

I will close My Words now, because it is a privilege to allow those with her to know that there is never a time that One or Many of Us are not present.”

JULY 19, 2003 AT 9:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I come on this day to speak in a manner and way that is simple, easy, and clearly made so that all who hear the Words spoken by Me through *one small voice*, will still have the written Words to help them understand My Will and My Love for human lives, all stages of it, and all degrees of intellect in it.

This Gift I have given some time ago, is never to be set aside or to be ignored, because It is a Gift of My Divine Love that no other entity of life has or can be compared to.

So much has been instructed to help all ages of human life, all backgrounds, to be able to logically understand that What I have spoken and What I always speak, is to protect the Souls of millions of human beings that have no other instructions or lessons in the Importance that each life is gifted with, and that is a Portion of Me, called ‘the Soul’.”

JULY 19, 2003 AT 1:45 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. As I speak today, I speak with deep Love for The Gift of The Father’s Love in which He has and is allowing so Many of Us Here to put into Words, Directions, Hope, and Divine Love for the Souls of millions of human beings. Even though it does not, or I should say, is not recorded, there are hundreds, perhaps even thousands of individuals of all ages learning more about what a Beautiful Gift human life is, because of The Father’s Love for it, and the Goal that awaits it at a specific time.

So Many of Us Saints thank The Father each time He allows Words to be spoken that will help men, women and children to more fully understand that human life is not only in His Divine Plan, but He has a Special Love for it, because He has placed within it a Portion of Himself to give it strength to do what The Father Wills for them: to become ‘Saints’.

Most individuals who hear the word ‘Saint’ cannot or do not realize

the Greatness of this word, because in the humanistic way of thinking, most things are thought about materialistically, monetarily, and for the closeness to be with other human beings; in fact, it is true that the real treasure of human life is only thought in an air of instruction, not evaluating the Greatness that it truly is, and that is to become 'a Saint', to one day be in the Presence of The Creator of All Things.

As I close My Words at this time, I must add one Statement: The Father shows His Love of human life through allowing so much to be instructed regarding His Closeness to human life, His Reason for creating it, and that the Goal that awaits the Soul, with Him at a special time.

Needless to say, All of The Saints Here in the Heavens not only enjoy speaking These Words, but We thank The Father for His Divine Love in wanting to share What He Is, Who He Is, with Those of Us Who once were human beings."

JULY 20, 2003 AT 5:30 P.M.

**SAINT CATHERINE OF SIENA
SAINT ROBERT BELLARMINI
SAINT TERESA OF AVILA
SAINT ANTHONY OF PADUA
MANY SAINTS**

“There are Many of Us present at this time. I am Saint Catherine of Siena. I am Saint Robert Bellarmine. I am Saint Teresa of Avila. I am Saint Anthony of Padua; and so Many Others.

The Father has given to the world a Blessing Greater than the human minds of mankind can perceive It to be. It is somewhat like the times of many years ago when He spoke through the Apostles, so that Souls could be saved by What was heard in the ones the Souls were placed.

Sainthood for human life is a reality. This is oftentimes wondered about, but I assure you, it is the Goal for the Souls that The Father Wills Them to be returned to Him with a Title, not always known to outsiders, but the word ‘Saint’, in many ways the Title, Greater than the human mind can perceive It to be.

Today, as always, is an important day, because when human beings join in conversation and communication, it is a Gift designed by The Creator to give to human life a beautiful way of being able to speak on subjects, or regarding subjects, or learning information pertinent to their lives, and it is done in a loving way. This Gift has been given so many different descriptions of the importance of it regarding human beings.

This Gift is Greater, because It is enlightening to help all ages to realize that every day they are heard, seen by The Divine. This Statement alone should encourage men, women and children of all ages to thank The Father for being created with so much Care, Understanding, and Gifts that no other living matter or thing is capable of having.

As I close My Words, I could speak hours, but it would be too much at one time; so as I leave you, I bless you and remind you: There is no moment in the daytime, or through the night, that you are not accompanied by Someone from Here.”

JULY 21, 2003 AT 12:49 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many facets of life, factors in life, that give to human beings many abilities to understand more indepthly on issues that can be dangerous to their way of life, or just to their mentality.

Each day as We speak Here in the Heavens, it is The Father’s Love for all ages, all backgrounds, all degrees of intellects, but also, all areas in which human beings associate with other people.

There are Several of Us present. We hold *the little one* very strong, because so much has been delivered over the last days that had urgency, direction and personal facts for her to be more aware of things that look natural, and yet are sometimes deficient in their goodness, fairness, justice, and many other words could be used here.

Throughout the world, there are millions of men, women and children

who have no concept of the Importance of human life. All they see is their daily way of living, and do not see all that their friends or associates do that could be dangerous to the Souls of all present. It is not a manner that would be termed 'naïve', it is a degree of accepting what does not call for their response, so they become victimized by ignoring what they should have responded to.

I speak differently, because at this moment that I speak, there are millions of human beings who have no conscious understanding that everything they do, they say, is recorded in their Soul. Many have been instructed on the Importance of their Soul, but the human manner of accepting things can be very relaxed, because they do not take the time to see, to understand the full concept of what is being spoken, practiced, delivered, or being done to them in a very casual way.

I know All I have spoken is different than what you hear at other times, but this has been to awaken the minds of those who read These Words, to not just pass things over, but to absorb and respond according to what

is right and pleasing to The Father, to The Son, and to The Holy Spirit.

All Saints stand by this *little one* day and night, speaking to her so she will remember to listen at all times for What The Father Wills thousands of men, women and children to read What is spoken, to learn from It, in how to conduct their way of life and how to practice morality, rather than just be indifferent in how they respond, not caring whether it is morally sound, morally practical.

I have spoken differently, that is true, but hopefully These Words will awaken the minds of some individuals who will read Them, because All of The Saints Here in the Heavens find those who are in the world indifferent to many things that are basically sufficient to help them lose their Souls. The practicality of What is spoken is ignored.

I will leave you now, but it is important that you read These Words in the concept They were given, and that is, the Importance of human life is Greater than the human mentality perceives it to be, because it has a Goal for a Portion of The Creator that is

within each human being's conception, and remains there until The Father has It returned to Him. Never forget, It is called 'the Soul'."

JULY 22, 2003 AT 8:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* I use to deliver to thousands of human beings, What I Will them to understand and to believe, that at this time I am using *a small voice* to give to millions of men, women and children, Information based on My Love and My Will to encourage all ages to be mindful that they have a Portion within them that is to be protected. It is called ‘the Soul’. The Soul is many times ‘the victim’ of immoral actions, lies, and indifferences to the importance of how an individual acts, or uses impurities that are not just demeaning, but sacrilegious.

The world is in a great need of This Gift of Mine, because It is to encourage all mentalities to understand that I, as The Creator of all mankind and all other things, want the Souls of human beings to be protected, not abused, because the Souls are to be returned to Me in a Pure State as I once gave Them at the moment of conception.

I have not given this *little one* I use an easy task, but I am assured she will stand strong on All Facts that I Declare to be necessary for Souls to be returned to Me in a State of Purity.

I will not speak long at this time, but I assure you, My Words are Words of The Divine. Many try to argue this Point, or resist the reality of It, but I decline to allow it to be the final word. That is why I speak so many times, reassuring human beings that I am not out of their sight or degree of hearing them.

I know All Things, and I have come at this time to assure human beings that I had and have a Purpose for their lives, because within them I have a Portion of Me, even though It is not able to be seen, but It is felt automatically when decisions have to be made on what is right over what is wrong, what is pure over what is evil, what is just over what is unjust. I am Always Aware of All Things.”

JULY 22, 2003 AT 12:25 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. I do not speak often through This Gift that is The Father’s Love for human life.

It is important that All that has thus far been delivered, be passed with dignity throughout the world. Do not worry about the language barrier, and do not worry about who will accept It and who will not. It is a privilege for those who work in This Gift to spread It throughout the world.

I may sound harsh when I say ‘throughout the world’, because some individuals feel that only those who speak English should receive Them. There are many interpreters out there, and always remember, every human being is the custodian of a Portion of The Creator, the Soul.

This Statement is rarely thought about. Why? Because It is not seen, but basically, human beings of all degrees of intellect have a sensitivity within them that there is more to human

life, more to what they are, than they recognize openly.

I speak this way because of the Importance of Divine Love. The Father has given to the world a Gift Greater than the human minds can perceive It to be. The Gift of life is a Gift of His Divine Love, because within it, He places a Portion of Himself, thus giving to human life an understanding, innately felt, that human life is superior than all other things created, and also, to all other things created.

As All the Words are delivered and requested to be put into script, those who do this are acting in response to The Father's Will and Love for human life. It is a Gift Greater than the human mind can perceive It to be, because It is His Love for human life that gives human life pleasure, the responsibility, and His Love each time He requests His Will, His Words, and His Concerns for others outside of this small group, that must be remembered as a Treasure beyond what It is understood to be.

So, as I close My Words at this time, I beseech you to never allow All that has been put into script, remain

hidden in places where no one will see Them, or be able to learn from Them, how close Divine Love is to them, through the Words spoken through *one voice*, but put into script by many who serve diligently to help others more fully understand what a Precious Gift human life is to all who receive it according to God's Plan."

JULY 22, 2003 AT 1:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with Divine Love that so much is spoken for others to learn about the Beauty that This Gift has given to the world, and that is to enlighten the mentalities of millions of human beings, to help them better understand the Beauty, the Love, and the Devotion that Divine Love has for human beings.

The Blessing that This Gift is, is different than any Blessing can be described in its fullest degree, because a Blessing from The Divine is The Father’s Love for human life, and how He wants those who are created to this way of living, to more fully understand that they were created for a Goal, to be returned to Him in a manner and way, just as He Planned.

Though the body is so necessary in the human way, the Soul that is within the body is That Portion of human life that is Divine Love in a Manner, Degree, not understandable

to the human mind, but Greater than the human mind can perceive It to be.

Children are not being instructed indepthly enough on how they should respond to the privilege of prayer. Rarely is it taught to them that as they communicate with other human beings, their greatest communication is when they say prayers, because though they cannot hear The Father's Replies, there is Something inside of them called 'the Soul', that responds in a quiet manner, way, that shows to the individual that something is Special that has occurred, but the individual does not always see it that way.

The world has been Blessed, human life has been Blessed, all dimensions of what the world is, has been Blessed, because The Father, in His Creation of all these things, has Blessed each portion of it for a Reason, for a Goal, to one day be revealed to the Soul of every human being.

I bless you as I leave you at this time, but I remind you: Be thankful for each day, because you have the opportunity in the day to learn more about what life was created for, and you have the time to use your whole

being to please The Father and show Him, in your goodness and the way you practice good example to others, that you, when you return to Him your Soul, He will recognize the Soul as having been yours.”

JULY 23, 2003 AT 1:00 P.M.

“The Statement you so often hear is that ‘You live in a time worse than Sodom and Gomorrah.’ I assure you, there were many times in the History of human life that could be and were worse than Sodom and Gomorrah.

At this time in which you live, there is so much justification of how individuals perceive morality over immorality, but in reality, it is not so. Morality is at a low ebb of practice, understanding, and this is very pleasant to the enemy.

Children are not being instructed on what morality is, and yet many are using loose talk in front of children, not giving them the full meaning of what they are saying. So much is taken for granted that time will teach the children what the older ones feel they will get to know and understand.

Ask yourself: How many forms of immorality are there? For the most times, it is thought of as only one, but there are several forms of immorality that are never considered

anything but normal habits, normal acceptances, normal needs, normal practices, thus ignoring so many of The Commandments that were given a long time ago.

Let us take one Commandment, and logically this Commandment was cut down from Its original, saying: *'I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.'* How many human beings, of all ages now, not just those who have reached what is called 'a logical stage of understanding':

How many individuals hold 'jewelry' as the ultimate source in their life?

How many individuals hold 'monetary measures' as the only thing they want in life?

How many individuals use 'sex' as the greatest gift in life?

How many use 'egotism' as pointing to themselves as important, thus ignoring that egotism is a destructive source against all the logic

that they have learned over the years?

Going down The Commandments, how many individuals, before they commit adultery, remember this Commandment? I would say ‘None,’ because excuses are prevalent in all ages, all degrees of background, all mentalities, and all understandings of what is moral, what is immoral.

Now let us go to one Commandment that is almost being erased, and that Commandment is (He’s showing me) how many so-called ‘learned’ individuals respect those times that they spend in what is called ‘Church’, and they use this means to say prayers they feel are consoling to them, and ignore that these prayers are promises to The Creator that they will not sin, yet many of them will leave where they are and sin within a very short period of time, because of ignoring what they have just spoken with such sincerity for The Divine?

I will close because I have so much more to be spoken about. It will take pages and pages and pages, and I promise you, it will be done to awaken the mentalities of all ages of

human life to Stop, Think and Realize, that to be created a human being has responsibilities to The Creator, and the responsibilities are never to be dismissed or ignored for any reason, any time.

Some might say, ‘Why do You not continue on?’ I intend to, but at this moment, what I feel is just My first step to awakening the mentalities that are so endowed with self, self, self, never thinking that they were created for a Purpose, a Goal, to one day return to The Creator, That Portion of them that is called ‘the Soul’.

Commitments are made many times but are rarely covered by sound response, because mental weakness, physical weakness is accepted on all terms.”

**GOD THE FATHER
SAINT ANTHONY OF PADUA
SAINT ROBERT BELLARMINE**

“There are Three of Us present. I have with Me Two Saints that have spoken many times, delivering My Will, My Love to mankind.

In the early stages of human life there is much attention to certain subjects, due to the fact that they are basic in regards to the human body, and for the human mind to be able to understand a deeper concept of what the subject matter is.

As One of Us speaks, there are usually Several present. Our very Presence is a tremendous weight, burden and Responsibility on *the little one* that is used for This Gift of Divine Love that is a Gift Greater than the human mentality can perceive It to be.

Oftentimes, when she is told to speak openly, We smile at her words to Us because her request for identification is necessary, due to the fact that This Gift to millions of

lives of human beings must be as The Father Wills It to be, with no mistakes, no misinterpretations.

We hear some individuals say, 'If This Miracle is as Great as we see It to be, why are not more individuals chosen to speak?' This statement is in many ways upsetting, because it is Divine Will, Divine Love that is in charge of This Gift, and no human is capable of discerning how things should be delivered.

***The little one* who speaks Our Words is ever conscious of Our Presence and Divine Will. Those who envy This Gift are ignoring what a Responsibility it bears to be the recipient of delivering to all of human life, important Revelations that are basic in Instruction so that those who read What is put into script, will be able to see the value of, the strength in, and the logic in Who would be The Deliverer.**

All Saints Here in the Heavens partake in This Gift in different ways, because of the Importance of the Souls that are being abused, disgraced, and ignored, because the one in whom They were placed practices humanism

in a vile manner, based on egotism, self-righteousness and impurities, too many to describe at this time.

As These Words come to a close, it is important that All that has thus far been delivered, since the beginning of This Gift, must never cease in how It is spread, because there are millions of human beings who need to read and to accept This Gift of Divine Love that has been given through *one small voice*, for a purpose the Father Wills, and that is to protect Souls of millions of human beings from being mistreated and denied the Goal The Father has waiting for It, for the Soul.”

JULY 24, 2003 AT 12:40 P.M.

“There are Several of Us present. We will give you the Names later.

In the Creation of human life, there were so many things The Father Willed, to give to human life more means to be able to be productive, and use life in a more interesting way than if it was limited to such a degree as most animals are.

First, let us look at the eyes of human life, the skin of human life, the ears of human life, and the different shapes of the faces of human life. So many things are designed to instill a reason and a reasonability for all individuals looking different than each other.

Now let us take the heights and the sizes of human beings. Now let us take the mentalities, all different in a different manner, subject, and way of understanding life to them morally, physically, socially, and on different subjects that give to human life a meaning greater than any other animal created.

When I say other animal, I do not compare human life as being an animal, but there are so many things created that give the mentalities of human beings challenges and a greater understanding of the Generosity of The Creator.

Today as I speak, I speak with deep Love for what human life is gifted with regarding That Portion of it called 'the Soul'. No animal is born with a Soul. The Soul is That Portion of The Creator that gives to human life all the facets of making human life not just more interesting, but challenging, energetic, and basically have an innate understanding that human life, as being created by The Divine, has a Purpose, a Goal, at another time.

Children are not being instructed properly or reasonably. It is passed over regarding why they should be obedient to certain rules, and why they should reject certain suggestions.

Needless to say, I could speak volumes on all there is for human life to be thankful for. That is why it is so important to remind one's self and others, that human life has a Goal to return a Portion of it to The Creator,

and hopefully be called ‘a Saint’ by those who are yet in the human way, because Sainthood should be the Goal. It is not more than anyone can handle; in fact, it is easier to handle in concept and in realization of the Purpose for It than all the money in the world.

I will close, but as I do, I beseech those who take the Words and those who will read Them: Thank God each day for placing within you a Portion of Himself called ‘the Soul’, because it is That Portion of human life that has the ability to one day be the Saint that represents you in a Heavenly Way.”

JULY 25, 2003 AT 11:59 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is a limited amount of strength in this *little one's* body, due to the fact that All that has thus far been passed through her, for the benefit of millions of Souls, has in some way taken a physical portion of her strength, or I should say a portion of her physical strength that cannot be understood by the average person; first of all, the Power of My Presence that she bears for the recording of What I Will others to know and to be aware of, and to more fully understand the responsibility they possess for the Soul that is a Portion of Who I Am, What I Am.

The Soul is never thought about, only the physical and the monetary measures take precedence of what the human mind understands it to be.

I hear so many say, ‘I am only a human being.’ That is true, but the human creation of life has a Purpose, a Goal, and the responsibilities are important, due to the fact that each

human being bears a Portion of What I Am, called 'the Soul'.

I have given to the world a Blessing, not seen as a Blessing by all who hear about What is occurring through *one small voice, one small body* in the world.

When human beings of all ages receive gifts that they are happy to have, it gives them much joy. I give to every human being born a Gift of My Divine Love, a Soul, that nothing else created is the custodian of.

I will close My Words, for I feel I have spoken clearly on What I Willed many men, women and children to be more aware of that, as being created in the human form, they are gifted with My Love for this creation with Something they cannot see, but they have the ability to know innately that their actions, their speech, and all the things they partake in, in life, they are responsible for; because of the Soul that is a Portion of Me, Who I Am, What I Am, I want returned to Me Pure, because the Soul is given at the moment of conception of a human life, thus making it different than anything else is created with."

JULY 25, 2003 AT 12:53 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

The little one The Father has chosen for such an Important Way of life, listens to All of Us speak without hearing a physical sound. As These Words will be read, We can hear many deny This could occur, and say, ‘Her thoughts must be what she is repeating, not the Ones she claims to be hearing.’

The Father has Blessed human life in many ways because of the Importance of what human life consists of: a mentality that is capable of learning many things, a conscience that directs the mentality in many ways. This is not often thought about in one’s daily manner of doing all the things they practice in learning, or they use to make the day more to their understanding the way it should be for their physical needs, intentions and values.

Children are instructed from little on, the importance of certain facets of life, habits, and the importance of

how they handle them for their own welfare.

You live in a time where there is much emphasis on progress in many areas, such as monetary, and also, in how progress has given to the world so many avenues to learn much from, to become part of, and to constantly be aware that the mind is a special Gift, because it helps an individual do many more things than those who do not have an active mind within them.

A child is born, and there is happiness as the child learns to progress physically, mentally. The life alone gives happiness to those who are part of the little one's life, and they know that through time this little one will be responsible for many abilities and all that it has learned through the years.

Today there are Several of Us present, speaking, because This Gift that has been given wherein so Many Saints Here in the Heavens speak willingly, because of Their in-depth knowledge that within each human being there is a Portion of The Creator that allows the individual to be capable of learning and participating in many

things that other creations cannot do; but I have come today to speak on another Portion of human life that other things do not have, and that is 'the Soul'.

The Soul is that Union with The Creator, with The Divine, that oftentimes needs help, because the one in whom It is does not always take into consideration the responsibility that a human being is gifted with, and that is to secure the Soul's Future and return It to The Creator because It is a Portion of Him.

So Many of Us request to speak through this *little one*, because of the Importance of This Gift of The Father's Love for human life. He has given This Miracle in such a Beautiful humanistic understanding for millions of men, women and children to be instructed on a level they can understand, for a Purpose Greater than the human mind would know about, if it was not told that the Soul is That Portion of them that will return to The Creator for all time.

This subject matter I am speaking on now is of such great importance, because as days go by and We watch

human beings of all ages, and We listen to what they say, how they think, We want so much to help them realize that within them they have a Portion of The Creator of All Things. Granted, they cannot see It, but innately they know that human life is Special, because it has the ability to think on many subjects. It has a mentality that no animal has, and it has the eagerness to do many things, but it also has a generosity within it that covers many areas of life. It has a kindness that animals do not have, trees do not have. The list goes on and on and on.

The importance of prayer to The Divine is a Gift of Divine Love. It is immediate, personal communication that can be done silently and gives strength, hope, purpose to an individual who is perhaps concerned over something, or in despair over something that they feel is critical and needs help. Prayer is the communication that animals do not have with The Divine, trees do not have it with The Divine, the sun, the moon does not have it with The Divine, the clouds do not have it with The Divine, but it is through The Father's Will in how He controls all things, His Power, His Way.

Needless to say, if All that I have just spoken is remembered in the context It was given, in the Divine Love It was given, I promise you, It will give you a strength to live each day with more Faith, more sensitivity, more understanding, because of the Divine Love that you are the custodian of, just being created a human being.”

JULY 26, 2003 AT 11:29 A.M.

“To name All of Us Who are present would be numerous in number, because *the little one* The Father has chosen to walk a Path filled with Responsibilities of obedience to His Will, plus a closeness to All of The Saints. This Gift at this time is difficult for man to perceive the Greatness of It, because there is so much humanism that takes precedence over The Commandments that were given a long time ago.

Each Commandment, when it was originally delivered, was more indepthly stated in Facts, Directions, using many Words to describe what The Father Willed human beings to better understand what He meant in each Commandment, but mankind has eliminated so many Words that were important to each Commandment for better understanding in what The Father Willed the mentalities to see indepthly, all actions in human life that were important, not just in a manner of ‘thou shalt not’.

This *little one* is a *victim* of many individuals who do not like to hear What We speak through her because it is lengthy, and they want all things to be covered by one Word instead of the full meaning necessary.

Even the so-called ‘most religious advocates’ of belief in The Father’s Will and Love for human life, fall short regarding the rational necessity that The Commandments were not given in such short terminology, and should be seen for what They fully cover morally, mentally, psychologically, and in how The Father would Will Them to be learned, thus covering every facet of human behavior, human understanding regarding the Purpose of the Soul and the need to protect the Soul from all vile contempt from individuals who discern things to please themselves, but also the greatest enemy to human life.

Some call him ‘satan’. Some call him ‘the devil’, but there are many other names he is addressed by that suit such a demonic situation, place, but it would be difficult for some individuals to see it or accept it as being foul and as an enemy to them.

Weakness has a way of diminishing an individual's mental understanding, because it is easier for them to accept what is improper over what is morally sound, truthful for their Souls.

I will close now, but it is important that there be an awakening in many, many, many areas of human life, that the Creation of human life was gifted by Divine Plan through That Portion of it, called 'the Soul'.

One would think that by now the word 'Soul' would awaken all ages of human life, all backgrounds, to the Importance of being a human being. That is why The Father, in His Love for the Souls and His Gift of human life, must begin to be seen as an outward mode of thinking, speaking, because there is so much at stake.

I could speak endlessly on this subject, but what I have just spoken is a beginning. I close My Words with The Father's Love, for His Creation of human life was and is more than the love a human being understands love to be. His Love is a Blessing continuously, from The Holy Trinity."

JULY 28, 2003 AT 12:32 P.M.

THE THIRTY-SIXTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH

“There are Several of Us present at this time, too Many to mention, but The Father Wills that These Words be spoken.

It would be difficult for men, women and children to fully understand what a Precious Gift This Miracle of Divine Love is to man. A Blessing of This Dimension is Greater than It is perceived to be, because the human mentalities would find it difficult to understand the Magnitude of What is spoken so quietly.

The human mind has a practice of being impatient, and oftentimes mentally going forward on a subject, putting a different factor in it than is necessary. *The little one* We All use speaks Our Words just as We deliver Them. There are always Many of Us present because of the Magnitude of This Gift of Divine Love that *one Soul* is the recipient of, *one human body*.

Those who take the Words and those who read the Words are Blessed beyond what they understand to be,

because of the nature of human life, and its inability to truly see with their eyes or through their mentalities, that human life was created and is created because of The Father's Love, that He designed for the Souls to one day be returned to Him and He would have a Form of Company in Heaven with Him, different, because Each of the Souls would have lived a life using all the Gifts instilled into human life and the ability to speak, to learn, and to be able to better understand that They had a mission in life, and that was to return to The Father and be called 'a Saint'.

The Father's Design has always been Greater than the human mentality can perceive It to be, but This Gift at this time is to awaken the minds of human beings that their birth, their human life, had a Great Goal according to The Father's Willingness to share All He Is.

You are Blessed for your Faith, and you are Blessed for how you use your daily way of life. You are Blessed for your attitude in how you treat others, in how you practice morality over immorality, justice over injustice, and through these things, how others

grow morally in a way that they might not have grown if you had not been good example.

I smile at All These Words, because They are Facts, but I promise you, They are said with much Divine Love, and hopefully will be an awakening factor to many who will read Them at another time, another place, giving them a fuller understanding of what a privilege it is and was, to be born a human being.”

JULY 28, 2003 AT 1:10 P.M.

**THE THIRTY-SIXTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

“There are Many of Us present at this time, too Many to mention the Names. We are gathered to give Strength to *the little one* who walks a tightrope in many ways.

The Father has Blessed the world with This Gift of Divine Love, not just one country, but every area that can be reached by using the written Words. It is important that all languages be alerted and given the opportunity to hear about and to understand that at this time, The Father is delivering Words of Direction to all ages, but also Words of Hope for all ages to more deeply understand, more mentally to understand that human life was designed and created to the Image and Likeness of What The Father Willed it to look like, and with a mentality to understand that through the spoken Word and the written Word, human beings could be instructed to more fully understand what a Precious Gift they have. It is not ordinary, but it was designed with a Portion of The Creator within it that nothing else has.

It is natural for human beings to put all the emphasis on their heart, because that is what beats to assure them of the living degree of life, but human life has been Blessed with an understanding that there is a Greater Presence available to speak to, to learn from, and that is The Divine.

It is sad when We hear so many, of all ages, place all there is on the human version of living. There is a Life Hereafter, and it is important to remember that as a human being enjoys reaching goals that they feel will give them something of importance to have, to reach, or to think about, there is no goal higher than the Goal of Sainthood, and that is to return to The Father with the privilege of the Title, the Place called 'Heaven'."

JULY 29, 2003 AT 12:46 P.M.

SEVERAL SAINTS

“There are Several of Us present, and Each of Us will speak on how We consider situations, conditions, values and perceptions of how men, women and children approach each day of human life.

Very little is ever spoken on the Spiritual needs or responsibilities regarding speech, or how individuals will be involved with others regarding the moralities that are always a portion in which human beings are automatically connected, associated with, or involved with.

Human life has so many variations of what is necessary to accomplish certain things, what is practical to accomplish certain things, what is feasible to account for certain things, what is enjoyable to account for certain things, and the end results, what will be evident to account for what is necessary at a given time.

The amount of subject matter that the human beings of all ages are confronted with each day are numerous

in number, even when they have specific routines, habits, inclinations or associations with others.

Human life, in the creation of it, has a tremendous amount to look forward to; first of all, learning how to speak the correct words to use, even as a child; then the learning process goes into the practicalities that the mental of each human being will be associated with, accountable for, in different stations of life.

Each generation of human life is faced, are faced, and will be faced with their mentality, their understanding, their reliability, and also, their accountability on each facet of life is registered in many ways, some of it by themselves and some of it by those they associate with; also, some by what they use to learn things to become more progressive in the eyes of the world, the ways of the world, the progress of the world, as they see it and then know it to be.

Though I speak differently on this day, it is to alert those who take the Words, those who will read Them, that in human life The Father instilled many Gifts so that time

would give more strength, and more the individuals would learn, would give them more ability to practice what they would discern logically to be morally correct.

Children are taught the basics, but many times they should be instructed on another area of life, and that is to look at things in a degree that would please Who created them, and they should be instructed in a very practical, logical format that one day they will face The Creator of All Things.

Throughout the world, there are so few so-called 'great mentalities', people who have wisdom on so many issues, knowledge in so many ways, but then, do not forget, personal interpretation comes into many decisions, thus changing what has been put into script as morally sound, morally correct, pleasing to The Father.

When a child is born, the child sees only the faces of those they are surrounded by. The child is really not yet at a learning stage, but a sensitive stage of association. The learning stage comes in stages, wherein the

child begins to grow and becomes more responsible for knowing how to speak and how to show when they are in need of help.

Many years ago, This Miracle that bears the Name of The Beloved Saint Joseph, was given to the world of all ages of human life, all degrees of intellect, and the Instructions to help the Souls was evident, were evident, and always have been evident.

When One of Us, or Many of Us Saints speak, The Father's Love for this Creation of His, human life, has never been left alone. He has always consistently sent Someone or Something to speak the Words He Willed to be understood regarding the human role, the Importance of it, and how close it is and was to Him, because in the Creation of the human way, it was Divine Love as the Foundation, Wanting and Willing to share subject matter, plus the creation of All there is, to give to human beings a Goal. He openly instructed on the Importance of the Soul, and that It was a Portion of Him that He Willed to have returned to Him.

Some individuals say, 'Well, I never learned that.' Many Saints Here in the Heavens know that they did learn it, but they refuse to see the way they received it. They ignore the Importance, because they do not want to associate It in a humanistic way. They want It to be Glorified in their sight, but this would be unjust in many ways, because to see It in a practical, logical understanding has a strength of accomplishment in it, and the strength of wanting to please The Creator for giving them the Foundation to learn from, what would give to them and their Soul, a Future, returning to The Creator and be called 'a Saint'.

I could speak hours and hours on this subject. It is important that All that has thus far been delivered in This Gift of Divine Love be scattered throughout the world, irregardless of what language others speak, because there are many present throughout the world who have the ability to translate the Words.

As I close My time with you at this time, Many Saints Here in the Heavens stand by and plead with The Father to help those who are not just indifferent to the Importance of What

has been spoken, but are not inclined to try.”

JULY 30, 2003 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This is One of the few Gifts of My Divine Love in which I have spoken My Name. It is important that This Gift travel throughout the world, because there are millions of men, women and children who walk in what could be termed ‘a confused state of living’, because they do not understand that in the Creation of human life, there had to be a Supreme Power to do all there is in existence. These things did not just happen. All things have a purpose and a reasonability in their purpose for being available for more reasonings than the human mind can or has ever perceived them to be.

Time to mankind is of great importance, but what is oftentimes forgotten is the importance of how the time is used, morally or immorally, right or wrong.

Children are not learning that the Gift of life has a Purpose, a Goal, a Meaning that is answerable to The Divine. The birth of a child should be

seen as not just a Gift of Love, but a Gift of great responsibility, because the child is to fully understand that in the Creation of human life, it is answerable to a Higher Plan.

I could speak hours at this time on this subject, but it would be too lengthy on this *little one* I use. For My Words to be spread throughout the world is important, so I will choose another time to speak more indepthly, because I find that thus far, All that I have put into script is oftentimes not seen for Its Divine Love, and It is passed off, over, cast aside, for the practical things that individuals feel are important to them.

I bless those who spread All I deliver for the sake of millions of Souls, because the Soul, as a Portion of Who I Am, What I Am, is Greater than the human mentality understands It to be.

Human life is a Gift of My Divine Love. This is never to be cast aside or thought of in a light manner.

As I close My Words at this time, it is important that This Miracle of Divine Love in which so much has been spoken to enlighten the mentalities of

all degrees of human beings, to see, feel, that human life was created by Me for a Goal, not just to exist for a given time, but to hold That Portion within them, the Soul, as a responsibility.”

JULY 30, 2003 AT 1:07 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. I have spoken many times through This Gift of The Father’s Love. I did not always mention My Name because, to Me, it was more important What I would say.

Millions of men, women and children throughout the world are desperately in need of All that has thus far been delivered through This Gift of The Father’s Love for the Souls that, without This Miracle and All It instructs individuals to understand, many, many individuals would be walking a tightrope of not just despair, but a lack of understanding how close The Creator of All Things is to them, and all other men, women and children who do not know this, and if they were told, perhaps would not understand.

This Gift that has delivered so much, is not just to encourage the mentalities of all ages, but to instill in them the Importance of being called a ‘human being’, because in Divine Plan, the Souls of human beings are gifted with returning to The Creator in a

Manner, a Way, a Degree, not understood by humanity, but nonetheless, Factual in how it occurs — deliberate and lovingly.

I am cutting this time with you short so that when the Words are read by others, What has just been spoken will remain with them for a longer time than if there were other subjects intermittently put for them to think about.

The Father has Blessed the world with This Gift of His Divine Love. It is never to be cast aside, because It is the Foundation that will assure many, many Souls of returning to The Creator with Divine Love.”

JULY 31, 2003 AT 12:00 NOON

MANY SAINTS

“There are Many of Us present because of the Importance of This Gift that must be heard about by millions of other people in other places on this world you live.

The human mind thinks in so many ways, but oftentimes omits the importance of how they pray, what they say when they feel like they are praying, and the degree of sincerity of what they are saying is oftentimes cast aside, thus not realizing the respect prayer should have at all times.

In This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, so much has been and is yet being opened verbally and through the written Words, how Important human life is, because it is gifted with a Portion of The Creator, called ‘the Soul’.

As We All speak through this *one small human being*, What the Father chooses to have released verbally and put into script, is of an importance that the human mentalities should

know, should value, and adopt the methods, the reasonability of What is spoken, and definitely the importance of the Communication that is a Rare Gift of Divine Love.

We hear so many dismiss the importance of What is spoken and put into print, ignoring what a Great Gift of Divine Love such Direction is for the Future of their Souls, that need to be treated in a more protective manner, degree, because of Who They are a Portion of.

There are always Several of Us present where this *little one* is. She knows this, so when We decide to speak or to instill in her a Fact of importance, she knows It must be put into script to protect Souls that are oftentimes abused, ignored, or just never thought of to be present.

I will close These Words now, but I add to this: A Gift of This Measure should never be ignored by anyone, because every human being is the custodian of a Portion of The Creator, called 'the Soul'.

I smile when I say the next Words: I bless you and I beseech you, follow purity of the mind and the body, and

always concentrate on What is Willed by The Creator for you to reach, and that is to return to Him your Soul, of course, bearing your name. I plead with you, do not forget this.”

JULY 31, 2003 AT 12:45 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It saddens Me to have to use *one small child, a woman*, to use to give to millions of men, women and children, My Purpose for creation, My Intentions for creation, My Love for human creation, and of course, My Goal for all human life created through the natural form of creation. As I designed this manner to be, it was to be able for all human life to participate, to be a part of what would be natural to create other human beings.

Today as I speak, I speak with Deep Love for this Gift of Mine, because I have placed within all human life, a Portion of Me, giving to it a Goal Greater than anything else created has, because within human life I Am Present in a way not understandable, not conceivable, but logically there because of the Gifts of human life, recognizing that what they can participate in, be a great part of, had to come from a Greater Source than human man.

Children throughout the world must see life in the human way as a Gift of Divine Plan, not as a threat, not as a victim of it, but a Love for it that nothing else has.

Each day should be considered important in the human way, because each day allows individuals of all ages to learn more about Me, and to begin to understand that I have the Power to create all things; so, in My Creation of human life, it was to share with others many things.

Be mindful of All This that I have spoken as you face each day and night. Remember, purity of the mind and the body are registered in the Soul, That Portion of Me that you are the custodian of, for a Future Time with Me.

As I close These Words on this day, I bless all present because you have accepted a responsibility, perhaps greater than you understood it to be, but I expect you to fulfill what will give to millions of other human beings, the Beauty of This Gift to the world, that I have designed to instruct all races of human life, all degrees of human life, to be mindful that as I am within

them, they must remember: I want their Souls to return to Me in Purity for All, All, All Future Time to be.”

AUGUST 1, 2003 AT 12:55 P.M.

SAINT BERNADETTE

“I am Saint Bernadette. The Father has allowed Me to speak at this time, because when I told Him what I would like to speak about, He said, ‘Go ahead, Child.’

My Words hopefully will be understood by many so-called ‘young people’ throughout the world. It is so important for them to understand and to follow Divine Plan and not allow themselves to be drawn into what is immoral, indecent, impure, unjust, because these things are based on ugliness and the end results are despair in many ways, many areas; also, they cause impurities — physical, mental and Spiritual.

As I speak on this day, it is difficult for Me to say My next Words, but The Father has and is allowing Me to say what I feel thousands of human beings should know, but be aware of as sinful and against their Souls.

Impurity of the mind is prevalent throughout the world. Impurity of the

physical is more prevalent than people understand it to be.

We hear so many individuals openly and physically consider that in the human way, they have the privilege of doing what they will. They do not see, in their thinking, what is detrimental to their Soul. We hear some say: 'I cannot see my Soul. If it were important to have It, why can I not see It?'

Let us talk now about the mentality of human beings. Sometimes knowledge on many subjects gives a great degree of pride, egotism, even when the subject matter is not worthwhile to them in how they live and how they practice their time with God.

Prayer was given to human life to encourage human beings of all ages to use a form of communication that is directed to The Divine. This alone should tell all ages that there is a great difference between humanism and The Divine.

Children are not being instructed on the importance of morality. So many in charge of the children make excuses: either 'They are too young

to understand,' or 'When the time comes, they will see what is wrong over what is right; what is right over what is wrong.' Too often, too much is left up to the feasibility that all will turn out right, thus ignoring that the human mind does not always prefer what is right over what is wrong; thus, ignoring the importance of right and using a common format of 'That's life; if it's available, it must be there for me to try it, practice it, or become involved in it.'

If I were to give you a figure on one thousand individual men, women and children at this time, and the figure would give you a definite count on how many of these please The Father, and also are important to the Souls of these individuals because of the decency, the love, the concern; if you really and truly innately understood that The Commandments of The Creator were given for a very Important Reason, as the Guidelines for Hope for the Souls of millions of human beings. Granted, The Commandments are not always written out in Their full structure and meaning, but at this time in which you live, The Commandments are ignored more than They are thought about in any form, any degree of meaning.

The world has been Blessed with so many Words, but so many individuals have ignored the Words because of how they live physically, mentally, morally, psychologically.

The Words of a long time ago: ‘You live in a time worse than Sodom and Gomorrah.’ Even though this Statement is mentioned once in awhile, it is rarely, if ever, thought about indepthly, thus causing individuals of all degrees of intellect, all ages, to rationalize the importance of how they live each day, how they permit themselves to accept sinfulness of any degree. I say, ‘Yes, you do live in a time worse than Sodom and Gomorrah.’

As These Words will be read by some, you would be shocked at their indifference to Them, because they sense only another time in the History of human life, not meaningful to the Souls that each human being is the custodian of, that is That Portion that is to return to from Where It came, in Purity, bearing the Goal of Sainthood.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have, at different times, since the Creation of human life, chosen certain individuals to do My Will, My Way, plus reliable in many ways to promote What I Wanted, What I Willed other human beings to more fully understand, that in My Creation of human life, it was in My Divine Plan.

It saddens Me when there are some, sometimes many, who do not see human life in the degree for the Goal I gave to it, a Soul, a Portion of Me.

As I chose this *little one* to walk a Path different than the ordinary human way, I chose one I knew would obey What I Willed other human beings to learn about and more fully understand, that they have the obligation to protect That Portion of them that is a Portion of Me, their Soul.

I hear so many say: ‘How do I know what the Soul is? I cannot see It.’ This, of course, is only a human

excuse. No human being exists that does not innately sense that their creation in human life has, had, and always will have a Goal for the time that will come that the body will no longer be evident.

I could speak endlessly on this Important Communication that I speak about, and in some ways reveal at this time in a very Personal Way.

As I close My Words, those who read Them must remember What I have said. I am aware of every thought, word, deed, and action that every human being practices or is part of, due to the fact that the Soul, as a Portion of Me, is Who I look to, What I look to, regarding the one in whom It exists.

I bless This Gift I have given to the world, wherein I have chosen *one small body, one small voice* to repeat All I Will human life to know, but also, to help them more fully understand they are never alone. The Soul is a constant Companion to them and with Me.”

AUGUST 4, 2003 AT APPROXIMATELY 12:25 P.M.

GOD THE FATHER

“There will be much more time needed to fulfill What I Will for mankind of all generations and all backgrounds, to more fully and more readily understand the Importance of being a human being, and not just being created because of the ones in whom they were conceived. The Gift of birth is Greater than the human mind perceives it to be.

As I have reiterated many times, that in My Creation of human life, I have instilled in it ‘a Portion of Me’ that is rarely thought about, or rarely, if ever, does an individual say:

‘Thank You, God, for this Gift that I am aware of because of all I am capable of doing, learning, practicing, accomplishing.

Please, God, give me the strength, the courage, to fulfill Your Will for me, so that one day I will have the privilege to be with You for All Eternity.’”

AUGUST 5, 2003 AT 12:19 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. There are Several Saints Here with Me at this time, All smiling because of the time and how We have broken into your time, but always remember, it is with Deep Love for you and your Souls.

The world has been Blessed abundantly by This Gift of The Father’s Love in which so much Divine Love is expressed through the Words delivered, drawing human lives closer, and giving them the strength to more fully understand the privilege of human life to man.

Throughout the world there are thousands, even millions of human beings who do not share the full understanding that they were created to one day return to The Father, Blessed by the way they lived, how they thought, and the Goal that they innately were instilled with for their Soul.

As some individuals read These Words, they will find Them difficult, only because they separate The Divine

from human life in so many degrees, ways, not fully understanding that every human being created has a Specific Portion placed within them that cannot be seen. It is called 'the Soul'.

Throughout the world today, as so Many of Us Here see the confusion and the inabilities that individuals practice, ignoring that they have a responsibility to more fully understand that human life is different than all other things created, because of That Portion of The Creator that is within them, 'the Soul'.

The Soul is Greater in communication with the one in whom It is than the individual perceives it to be, or understands it to be, because the Soul is a Portion of the conscience, a Portion of the abilities an individual is created with, and that is to innately understand human life has a Goal that nothing else created is the custodian of, the receiver of, or the participant responsible for.

Today as I speak, it is in a different manner, but it is to encourage everyone who reads These Words, and all who will receive Them in different

ways, that human life is gifted with so many Gifts that nothing else created is the recipient of: the Gift of understanding, the Gift of kindness, the Gift of humility, the Gift of being able to understand subject matter that has an indepthness to it, and many aids consist in this indepthness, to not just enlighten the mentality, but to give strength to the talents for greater things to occur.

Let us take first, what is prevalent throughout the world in all lives: the word is 'love'. Sometimes it is the most important thing in an individual's life, to feel the love, the compassion, the interest, the closeness of the love from another human being that gives a strength that nothing else could give.

Now that We are on the subject of love, We can compare it to Divine Love. The Father, in His Divine Love, created human life for a Goal, a Purpose. This Love is undeniable, undeniable, because It is obviously present in many ways, too numerous to mention at this time, but if everyone who reads These Words takes the time to look, to feel, to concentrate on all that a human life is capable of doing, achieving, taking part in that is

helpful to others besides themselves, automatically tells every human being that there has to be a Higher Entity of Life that created All things.

As I close My Words, I beseech you to not let a day go by that you do not thank The Heavenly One, The Creator, for giving you the Gift of human life with all the challenges of it, but also with all the goals of it that, without these, it would not give to human life the Beauty of Divine Love that is ever present in every day you live your way.”

AUGUST 6, 2003 AT 12:44 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. It is a privilege for All of Us Here in the Heavens when The Father requests One of Us to speak through *a small voice*, yet one still in the world.

Human beings of all ages have the ability to more fully understand that they have the privilege to one day return to The Creator That Portion of Him, the Soul.

The Soul is a Blessing beyond what the human mentality can perceive It to be. The Soul is a Portion of The Creator and is That Portion that is given to every human being to give strength and logical understanding regarding the Importance of human life, and that it logically has a Goal.

We hear some individuals say, ‘It is so logical, because each of us wants to reach a higher goal in the human way mentally’; and, of course, even when it is not thought about, it is innate to think of the Spiritual Goal, even when some do not think this way.

I will close My Words because I could speak hours on what a Divine Blessing human life is, and what a Divine Love The Father extends in giving to human life the abilities to see ahead, and to understand there is a Future for a Portion of them.

As I bless those who take the Words and those who will read Them, I beseech you to never forget to bless yourself in the morning, remembering The Creator, thanking Him for the night, and then when you lay your head at night, say to Him:

‘Thank You, God, for the privilege of my life.’”

AUGUST 7, 2003 AT 12:45 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is normal to the human mentality to want to see, and many times possess what is not just attractive, but pleasing to some area of their life. A diamond is not always used for what it was designed to be. The word ‘diamond’ is of the utmost importance for human beings to hear about and to see, no matter what degree it is termed ‘expensively’.

As I speak today, each human being born has a Goal. Needless to say, it is rarely spoken about, because the Magnitude of human life is not fully understood.

Let us take now a baby in the womb of a mother. Sometimes it is a happy time, other times unhappy. Different circumstances determine how an individual or two individuals feel about this.

Today as I speak, I know it is different, but it is important that logic be more defined in how people act,

how they speak, how they associate with each other, and how they practice their behavior patterns and their willingness to agree or disagree.

Children are not being instructed on the importance of their mentality. Much more could be done about this at a very young age, because logic is innate in the human mind, and logic has a more definite understanding in how it is spoken or how it is shown to be.

At a given time in growth the human way, a child learns that there is a Heaven, Hell and Purgatory, but all is not described regarding their behavior, or there are Rules that are put into script regarding sin, but These Rules are not always understood according to the age an individual is, or according to what they have been instructed on.

So many youngsters are confused, because those who are in charge of them do not have the mental capacity of seeing, of sensing, or the ability to instruct on the Beauty of all there is, and what a Gift human life is, in how it should be handled according to the right and the wrong, the good and the

evil, the pure and the impure actions that can occur in the human way.

Oh, there are many rules written, but not always translated properly. Sometimes dominance is the factor. This, to some who are hearing the words, causes them to cast out what they feel; some of them, the words are put so lightly that it does not make things realistic, so indifference occurs. Granted, human beings of all ages have personalities, natures, and many ways of how they use these things, but so many times the soundness of morality does not register, and it is cast aside for a very menial description of what things are all about.

I will close My Words. I could speak hours on end, but with all that is known regarding The Commandments of The Creator, The Commandments can be clearly spoken and can be described in a manner, degree and way to the young, giving them the strength to understand that in the Creation of life, The Father and Those close to Him, planted the Seeds of Divine Love and Divine Plan, so there should be no confusion, no distrust, only sound explanation on the Importance of Divine Love.”

AUGUST 8, 2003 AT 12:00 NOON

SEVERAL SAINTS

“There are Several of Us present, due to the fact that This Gift of The Father’s Love was meant and is meant to be for all races, religions of human life.

It is important that All that has been delivered reaches all areas possible, because there are thousands and thousands and thousands of men, women and children who truly never hear All that is spoken through This Gift of Divine Love that instructs so personally, intimately, on the Importance of human life, The Father’s Love for it, and of course, the Goal that awaits the Souls of all human beings born to this life.

In so many ways, individuals do not understand that no matter what religion they are, what so-called ‘religious Faith’ they follow, All that is delivered here will give them the strength, understanding, knowledge, and sincere concern for their way of life, and for what they practice in this life, because no human being is

conceived, in the human way, without a Soul.

I will close My Words, but before I do, I remind all of human life that the Gifts in human life are many. The Goal for human life is to return to The Creator, That Portion of Him, the Soul.”

AUGUST 8, 2003 AT 12:52 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. Many times I have spoken through this *little one*, not announcing Who I was. Today as I speak, I speak with much concern, but deep Love for This Gift of The Father’s Love for human beings of all backgrounds, all ages, all mentalities.

A Gift of This Divine Measure is inconceivable to most human beings. They try desperately to doubt It, to call It ‘imagination’; even many priests join this group, but of course, this is the Story of History.

So little is instructed on the Importance of human life, because every human being has a different evaluation on the responsibilities of human life — morally, mentally, psychologically, and also, in association with those close to them, or those who they just meet, or even those who pass by and a few words are spoken between them.

The Father, in His Divine Love, has given to the world More than human beings of all degrees of intellect

can understand the Greatness in, the Purpose for, or the Beauty of Divine Love that is obvious in Every Word put into script, to aid human beings to more fully understand that human life is a Gift of Divine Love, and basically, it was created for a Portion of it to return to The Creator and be 'a Saint', to live with The Creator in a totally different atmosphere than a human being can perceive It to be. All things created have a purpose, but truly none like the human way.

I could speak endlessly on this Gift of Divine Love, because at this time throughout the world, there is so much diabolical acceptance, following, and even to the point where pride is shown. This is definitely a time when all human beings should look at it and not just see what is occurring, but evaluate what they, as an individual, should dismiss from their lives: things they are doing that are pleasing to the enemy; and to always remember that they were created by The Giver of Life, The Father Himself.

Hours could be spoken on what human beings are ignoring daily and accepting wrongly in other ways. Few, very few, look at what they are

accountable for, to The Creator of All Things.

I will close My Words. I could speak endlessly on this subject, but What I have just spoken must be seen for the importance of It, hopefully to awaken the mentalities of many, many human beings to realize that to be born a human being has not just a privilege within it, but a Goal for it, for a Portion of it that is a Portion of The Creator of All Things.”

AUGUST 9, 2003 AT 10:20 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one pleads with Me to not allow her to ever say a word that is not What I Will others to know, to use, and to understand in the proper order of things, because of the Importance of their Souls.

I speak slowly through her today, because her physical is spent beyond what a human’s mentality could ever understand. As I use My Power for the sake of millions of Souls, I draw from her a strength inconceivable to the human minds of even those who feel they know much about Me.

I smile at her persistence in wanting All Things I speak to be perfect, so that no one who reads Them will not learn that I have given to the world, in a Personal Way, My Love for human life and the Gift that awaits it.

I smile at My next Words, because you see, every human being has a desire to protect what they feel belongs to them, and if it is missing,

they want it back. I, too, feel this way about the Souls of all human beings, because the Souls are the Portions of Me that gives to human life an in-depth knowledge that human life is gifted in a way, manner, that nothing else created can compare to.

Thousands and thousands and thousands of men, women and children should be aware of My Constant Communications to them when they pray, and when they read My Words, because a consistency in this manner of communication is strengthening to the will and the mentality, thus allowing more understanding of the Importance of human life to be continuously felt beyond the physical stress or sensitivities.

As I close My Words, I must add: I put this *little one* through many advancements in how I use her. This will not be understood in the degree it is being done, but the important things for human beings to realize is that I am ever present wherever they are.”

AUGUST 9, 2003 AT 6:30 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come on this day because of My Sincere Gratitude to all who partake in the productivity of taking the time to put into print All that The Father Wills thousands and thousands and thousands of men, women and children throughout the world to more fully understand what a privilege it is to be born a human being, and to one day be able to return their Soul to The Creator of All Things.

This Gift of Divine Love is far greater than It is seen to be. It is a Gift of Divine Love for the Souls of millions of human beings. All Saints Here in the Heavens request The Father’s Permission to speak how They feel about the privilege of Sainthood, and Their desire is to help those still in the living state, to realize and to understand The Father’s Love of human life is beyond what human life can comprehend, because in His Divine Love, He has arranged a further association to continue; thus, This being the Soul that is a Portion of Him

that walked with a human being for a length of time.

There are so many Words to be spoken to instruct those in the state of living a particular manner of life, but it is important that as it is innate in human beings to want to be successful, it is because The Father, in His Love for human life, placed within it an innate desire for success after the human part of life ends.

The word ‘Grace’ is a word of importance, because Grace gives to one’s manner of living, strength, hope, courage, and the ability to strive harder to return to The Father because of the Importance of this Union, to repeat Itself with a Greater Purpose and more understanding of Divine Love.”

AUGUST 11, 2003 AT 12:33 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use is being prepared in several areas, due to the fact that there is so much more I Will to be released for the benefit of many, many, many Souls Who at this moment are at great risk, because of what is occurring in the ones in whom They were placed at another time.

It is easy for human beings to discuss morality, immorality, fatigue and rest, happiness and sorrow, but these things are most oftentimes based on their own opinions in how they feel physically, mentally, emotionally, oftentimes ignoring their Spiritual necessities, to be able to cope with mental and moral changes in their attitude or their physical strengths.

Within the last short period of time, *the little one* I use has been instructed on several issues. She does not question the issues, but she does question how They will be received by the mentalities who read Them and

should change their manner of doing things.

In This Gift that gives so much understanding to millions of human beings who read the Words, it is sad for Me to say, 'They are read, They are understood, but many find it difficult to adhere to what would be practical, logical, and more beneficial to the Soul that they are the custodian of.'

I will close My Words because the subject matter is far lengthier than what I have just spoken. 'This is,' I would say, 'the first step to awakening the mentalities of those who will see the reality in what the Words mean.'

Every Saint Here in the Heavens speaks through This Miracle. Every Saint, in some form, some way, will speak casually, not announcing Themselves, but injecting in a natural format of Communication through *one small voice*. Oftentimes when We see this, We see that the receiver still clings to their own interpretation of what is meant.

Granted, All Saints could say Their Name and speak, but all who take the Words would not be able to accept that, because It is such an Unusual

Gift of Divine Love, but I assure you, All that passes through *one small voice* is a Gift of Divine Love, because of the Importance of the Soul that every human being is the custodian of, but also to help the human side on many issues that otherwise would be dismissed, or practiced differently than they should.

I will close My Words, but before I do, I say, ‘Though you cannot see It and though you cannot feel It, you are surrounded with the Love of The Divine in ways, degrees, that give you the strength to believe first of all, and then the strength to carry on until the next Words are passed to you through *one small voice.*’”

AUGUST 12, 2003 AT 8:48 A.M.

GOD THE FATHER

“In My Creation of human life I instilled many benefits, different, and other than all other things created. My Love for this Creation of Mine is Far Greater than It is understood to be.

The Soul that is a Portion of Me, human life is gifted with, and yet It cannot be seen by the human mind, sight, or mentality. A Blessing of This Greatness is more than the human mentality can perceive It to be, but this Gift I instilled in human life, gives to human life many other things. It allows the mentality to speak, to learn, to communicate; also, to be able to discern morality over immorality, justice over injustice, love over hate, purity over impurity, and of course, the value of being able to discern what is pleasing to Me.

There are so many things that human life ignores. The excuse for this is they have a personality, a nature, and a freedom to speak as they will it to be. They have choice

that nothing else has, and they have the freedom to do it according to their will, their way, many times thus ignoring The Commandments I gave at another time for all of human life to have The Rules to live by, and to understand that within life These had to be, because without Them, many sins would be acceptable when they are only catering to the enemy of All there is.

As I close My Words at this time, it is important that They be passed on deliberately, not only What I have just spoken, but All previous Instructions, Teachings, Communications that I delivered, so that human beings of all ages would have the ability to more fully understand that I, as The Creator of All Things, have also designed what I expect human beings to accept regarding their moralities and their associations with others like themselves, called 'man'.

As I close My Words at this time, I close Them reminding all who will read Them, all who will pass Them on to others, that without My Foundation for the Souls of human beings, I would have neglected to instruct them for the Goal I Will them to have; that is, to

**return to Me That Portion of Me that
is within them, called ‘the Soul’.”**

AUGUST 12, 2003 AT 12:50 P.M.

**GOD THE FATHER
THE TWELVE APOSTLES**

There are Twelve Apostles present and They are discussing many things. They are waiting for The Father to arrive. He says to Them, “I am already Here.” They say, “We cannot see You.” He says, “You will see Me when I decide it to be.”

“At this time in which you live, remember you are always aware of those who are present physically, but The One that you would like to see, to speak to, is invisible to your eyesight, yet you are conscious of His Presence innately. Each day of your life this occurs. You do not always think about it, but it is a constant, consistent part of your life.

As Saints, They have the privilege to be close to those who are yet alive, many times helping an individual make decisions, especially when They are requested to give aid to a situation or matter that is important.

Prayer is a Powerful Gift of Divine Love even though it is silent, because the Soul, as a Portion of The Creator, is oftentimes the Messenger for the individual in whom It was placed at the moment of conception.

The Soul plays a Very Important Part in human life, because there are so many areas of human life that help is needed mentally, morally, psychologically, spiritually. The Soul aids the one who requests help when it is needed, to the degree feasible to The Father's Will.

Now, as I speak, the Presence of Many Here with Me would be unbelievable to the average mentality. Think of it this way: As you believe in having a Guardian Angel, and if there are more human beings present, would there not be more Guardian Angels present?

The human mind has the ability to not just believe in a Gift of Divine Love, but to be a part of It, because the closeness an individual has with The Creator is far greater in reality than it is understood to be. Some individuals refuse to believe It even exists, but this is a sadness in some

ways, because the belief gives strength, hope, assurance, and a definite feeling of what an individual gains, not just moral strength from, not just physical strength, but Spiritual strength, knowing that God would never reject a prayer, or a call for help in some way, some form, some degree.

Throughout the world there are thousands, even millions of men, women and children who daily need help in many ways — mentally, physically, morally; also, for their sensitivity in how they respond to all they are confronted with while they are awake.

Human life is gifted with a Portion of The Creator. This is a known Fact. Without This, a human being would be like all other living matter or things, but That Portion that is instilled at the moment of conception, is close to The Father in every moment of every day.

So little is seen by the naked eye, but human beings have been gifted with Hope. Hope has a tremendous effect on everything a human being partakes in, thinks about, or discusses, because Hope is in The Father's Love,

The Father's Will, The Father's Close Association to the Soul; thus, then to the body of an individual.

I could speak thousands and thousands and thousands of Words on the Importance of human life, the Purpose for which it was created, and The Divine Love that is a Great Part of it, an Important Part, because in the Creation of human life, The Father proved His Love for human life by placing upon the earth a Son, but never forget, The Son had a Mother and a Father. This Family Union was to give strength to all human beings of how Important the union of a family is in every facet of life. It has purpose. It unites the physical, the mental, the moral, the psychological and the goals.

Thousands of Words could be spoken, added to the Ones I have just spoken, because the Creation of human life is a Gift of Divine Love beyond what the human mentality can perceive it to be.

Each Message delivered through This Gift in which so Many speak, is a Gift of Divine Love, giving Hope, and more reality to what Hope is, and

also, that the Foundation in human life is based on Love; of course, this was due to the fact that Love was the Foundation for The Creator to create life. I beseech you, remember this.”

AUGUST 12, 2003 AT 1:40 P.M.

“There are always Several of Us surrounding this *little one* that The Father has given so much Responsibility.

All of The Saints have a great sensitivity to This Miracle of Divine Love because They, too, had to go through so much to serve in the degree They were chosen to serve, and that was for the Souls of Themselves and a multitude number of people.

Without This Gift at this time where you are, it is sad for Me to say that hundreds or even thousands of individuals would not have the privilege, because perhaps they were in the wrong area for a Miracle of This Degree to be so openly, verbally spoken, and put into Words in script for others to read.

This last Statement may sound difficult to understand, but there are so many people of all ages who feel that the time in which they live is acceptable, understandable, and The Father’s Will for it to be like it is. This,

of course, is to please themselves, to assure themselves, even though it is obvious that you live in a time worse in many ways, many places, than Sodom and Gomorrah.

Impurities of the mind and the physical are prevalent, but not always termed that way by those who are present. Actually they call it 'a sign of the times' due to the fact that the year is numbered differently than it was before this. They even go so far as to consider that this time was meant to be, calling it 'modernization' or 'updating' the lives of many human beings to the point where they are ignoring that what they call 'updating' is basically more demonically acceptable because the enemy wills it to be that way, justifying so much immorality and impurities of the mind and the body, thus ignoring the Souls that are the recipients of so many, so much, regarding impurities.

It is easy for some to act ignorant to what is occurring. Their ignorance is based on personal satisfaction rather than morality.

I will close My Words. I could speak endlessly on this subject, but it

is important that the Words be put into script to be read, because basically it is something that thousands of people, with all degrees of intellect, will not fight for purity, but just accept what they call ‘the signs of the times’.”

AUGUST 13, 2003 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. Though it may be difficult for thousands, or even millions of human beings to find it possible that I would speak at this time, this year, and use *one small voice, small body*, to deliver What I want millions of human beings to learn more about: the privilege of human life, and the Goal that awaits it at a given time.

Just as My Son died on the Cross, it was difficult for others to understand why I would cause Sacrifice to show and to fulfill My Plan. I show it in a different way, and of course, at this time for those who believe in Who I Am, What I Am, but do not understand how close I am to them through a Part of them that is Me.

To use thousands of human beings would be useless, because it would be called a ‘common condition’, but as I use only *one voice* speaking the Words I Will human beings to read and to more fully understand, more indepthly proves it is I Who am

speaking, and it is My Will that they understand that What pours forth through *one small voice*, would not be what *the small voice* would think of saying, representing Me.

Truth has a simple way of proving itself. Divine Love does it this way. All that has thus far been delivered from so Many Here in the Heavens, are Important Words, Directions, and Deep Caring, representing My Will for the Souls of millions of human beings.

I do not worry that My Words will not be understood by many, but it brings sadness to Me when I hear so-called 'religious individuals' who practice devotions to Me, ignore What I am passing through to them in print, verbally dictated by Me, for human beings of all ages to understand that I do this, thus not leaving things up to their mentality of what they discern, what they hear, that is not recorded, thus giving to It a Finality of Assurance in My Divine Plan.

I bless many Souls in All I deliver, and I add to this: There is no prayer or request unheard. I answer all prayers, but in a manner and degree I see best.

I will close My Words at this time, but there is much more that I will say at another time, because the Souls of millions of human beings are depending on Me to make all ages of human life aware of My True Existence, My Closeness to them, and My Judgment in all they do.

As I close My Words, I give a Blessing based on My Divine Love, for not just the Souls of human beings, but the lives of human beings who have the privilege to more fully understand My Closeness to human life, because of My Divine Love for all human beings.”
