## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

## SEVERAL SAINTS

**“There are Several of Us present. We All smile at *the little one* because she wonders which One of Us will speak. We return with an answer that she finds difficult for her, because in a smiling way, We All answered her: ‘We will All speak.’ She says, ‘At one time?’ This, of course, is Our Communication with her, oftentimes making it lighter for her to be able to withstand the Power of The Divine.**

**If human life had no Goal, what reason would there be for human beings to know right from wrong, good from evil; and also, the importance of the intellect, helping the individual to more fully understand that human life has a Reason, and in it, there is Divine Plan?**

**A human being, when he or she is born, has no concept of all there is to face, to learn, and to be a part of. Time makes these things possible and evident for the mind of the individual. The mentality is an important portion of human life. It not only allows**

**an individual to learn about many subjects that could be important, or some not important to them, but the one subject that is important to every human being created; that is, that they have an awareness that they have within them a Portion of The Creator that He wants returned to Him in a State of Purity so the Soul can enjoy All there is in Heaven.**

**Heaven is an unseen understanding to human life, difficult for many to believe, impossible for more than you think, to believe, because it is based on learning all about The Creator, and the Goal for which the Soul has the privilege to return to, at a given time, according to The Father's Will.**

**An individual cannot touch his or her Soul, but they live with the Soul at the moment of conception. The Soul is an Entity of Power, and also an Entity of Divine Will, Way, and Love. Without the Soul, human life would be like all other living matter or thing. It is important that all ages of human life awaken to the Fact that there is a Purpose, a Reason and a Goal for a Portion of human life to return to The Creator, and bear the name of the one**

**in whom It was placed at the moment of his or her conception.**

**I will close My Words, because as I speak Them for others to write Them, the Magnificence of This Gift is more than the human mind can comprehend It to be.**

**All of Us Here in the Heavens want This Message to become a part of what a human mind can remember every moment of every day, so wrong temptation, wrong practices, dwelling on the human so-called 'needs' should be looked into, for not just their practicality, but the reasonability in connection to the Soul that is responsible for everything an individual practices, partakes in, or uses in any way.**

**I close My Words with one last Statement: When you are in doubt, remember, The Father hears all you think and all you say, and He is available at all times of every day."**

### SAINT ANGELA MERICI

**“I** am Saint Angela Merici. I am speaking today because I do have memories of *the little one* through whom We All speak. Her sensitivity, her concern, and her innate love was evident in everything she spoke, suggested or repeated.

**T**he world has been Blessed by The Father’s Love and The Father’s Will. To give to mankind All The Father has given, is a Gift beyond what the human mentality can perceive It to be. As the birth of a child is a Gift, Instructions helping many to learn about The Divine is a Gift beyond what the human mentality can perceive It to be.

**W**hen two people or more exchange gifts, either celebrating a situation or a day, it is always a joy because the sharing makes it a joy, the interest makes it a joy, and the human love makes it a joy.

**W**hen a child is born, it is evident that The Father, in allowing this to occur, has a Happiness within Him,

because through the birth of a child, there is an immediate Portion of The Father instilled in the conception. Not all human beings are aware of this, because they cannot see It, they cannot feel It, but I assure you, It is there.

I would like to say a few Words at this time on the importance of what kindness does when two human beings or more partake in a situation or conditions that give hope, assurance, and a unification of belief in what is to occur. I mention this because This Gift The Father has given to the world is beyond human understanding, but those who use their talents, their time, and their willingness to share, in perhaps what could be called 'burdensome' in some areas, The Father blesses abundantly, but it does not show yet.

As I close These Words today, I do it with much thanksgiving for so much sharing and caring, concern, and also, the comradeship that gives hope in more ways than it is understood to give.

Through This Gift of Divine Love, so much has been addressed for

**those who read the Words, to see in the Words a Greater Goal for life, and definitely happiness.**

**As I close These Words, I cannot help but say: *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'***"

## GOD THE FATHER

**“This *little one* that I use in so many ways, bears the brunt that others are not asked to be committed to, basically, because they would not understand the Importance of submission to Divine Will and Plan.**

**A sacrifice the human way, and mental understanding, are the two things necessary to submit and commit to a close Association in regards to being able to gain the physical strength, the moral strength, and the mental capacity to allow What she endures to be instilled, in a degree and way necessary for the human body to be able to reveal what ordinarily would not be a human trait. Her silence and her quiet manner is oftentimes misunderstood, but it has many reasons because of the physical and mental use of it, due to the fact that ordinary circumstances could and would not allow.**

**A Gift of such Great Measure has been delivered to strengthen the mentality, the wills, and the moral**

**and Spiritual nature of thousands and thousands and thousands who use The Miracle to grow spiritually more in tune with The Divine.**

**Needless to say, I have only spoken briefly at this time, because what I would be able to speak about would take books for many individuals to fully understand what a close Association human life is to The Divine, and that the Goal for human life is Far Greater than It is perceived to be.**

**This, of course, is a sadness, because very little thought is ever spent on That Portion of human life called ‘the Soul’, just because It cannot be seen, but I must add to this: One’s conscience, one’s degree of logic says, ‘There is more to human life than is obvious, so I must try to see it in the degree The Father Wills it, because of its Importance to my Future Life with Him.’”**

AUGUST 18, 2003 AT 12:48 P.M.

## SAINT STANISLAUS

**“I am Saint Stanislaus. I have spoken many times through This Gift of The Father’s Love. I rarely mention My Name, but *the little one* would oftentimes say to Me, ‘Aren’t You Saint Stanislaus?’ Many Here with Me would smile.**

**Today as I speak, it is to encourage human beings of all ages to be more understanding of the Importance of their Soul that is a Portion of The Creator. Without the Soul, human life would be like all other things created. The Soul is a Gift of Divine Love, because the Soul many times is allowed by The Father to instill in the one in whom It is, the correct decisions over and above what were thought to be not as important as the ones that were instilled.**

**Divine Love is a Gift that is heard about, rarely ever thought about in Its full measure, degree, purpose or understanding. Divine Love is based on The Father’s Love for human life, because in this Creation**

of His, He instilled in it a Portion of Himself, thus giving to human life so much more than anything else created has. The mentality alone is a Blessing; the understanding of purity over impurity, a Blessing; the need or desire for justice, a Blessing; also, the perseverance to accomplish what is good over what is evil, what is right over what is wrong, what is feasible over what is infeasible. This list is endless.

When a subject of this dimension is brought up, it many times is difficult for individuals of all degrees of intellect to fully understand what a valuable facet of life this is, in the life of man.

Children are taught the language of those who are close to them. They are not always taught the value of what they say, because those who teach are just happy that the words are being learned.

Today, at this moment there are thousands or millions of human beings using many languages, the language of their way of life, not realizing the full measure of what they are doing to those who are listening. Sometimes

the language is crude, rude, even repulsive. Oftentimes, it is just the fact that people like to talk, so the subject matter they are indifferent to, and really not considerate with or about.

**M**y purpose today is to hopefully awaken the mentalities of all who read These Words, that there are so many important facets to human life. The range is endless from one subject matter to another, but so many times people become adjusted or form a habit of ignoring important issues and just continuously talking what is comfortable for them, and/or what is giving them the power mentally and physically over others.

**I** know what I have spoken is different, but I feel very important for It to be thought about, because out of all that a human mind or body is capable of doing, the mentality and the speech project more things than an individual perceives them to be; affects more lives morally, sensually and personally.

**A**s I close My Words, I sincerely hope that What I have just spoken will be used, giving to an individual or

**several individuals, what a beautiful Gift human mentality and speech has in just being a human being.”**

AUGUST 19, 2003 AT 8:43 A.M.

## GOD THE FATHER

**“*The little one* asks Me, ‘Are You going to speak?’ I smile at this, because she is ever ready to accommodate What I Will for the sake of Souls Who will be helped, aided, encouraged by All, What is said by Me and put into print, for the ones in whom the Souls depend upon, through their obedience to My Will, My Love for human life.**

**Needless to say, I could speak endlessly, repetitively, but *the little one’s* physical can only handle what I decide her strength to be.**

**I have given to the world such a Personal Miracle, constantly repetitive of how close I am to all of human life. Granted, when I speak through *one small voice* there is not a large presence of human beings, but I depend upon My Words that are to be written, put into script, to be sent to all who cannot be present when I speak openly for just a few to hear What I say and want others to understand — the importance of the human will and way.**

**Throughout the world there are millions of men, women and children who beseech Me to help them, to cure them, and to give them the strength to endure all that they need mentally, physically, morally. I hear their prayers, their requests, their conversations and their pleading. I answer them in ways through their will, and how they actively use their wills for the very things they are pleading help for, but so often they expect Miracles instead of using their Gifts of choice, understanding, and moral practices that are the basic functional reasonabilities, logical mentally, physically, morally, spiritually.**

**I love this Creation of Mine because I am a Portion of it. No individual is created without a Soul. That Portion of them is what gives them strength to do many things physically, mentally, emotionally, psychologically, spiritually.**

**I will close My Words now at this time, but I am ever present to the mentality, the will of every human being. I beseech you, remember this.**

**As you have a Portion of Me within you, remember, I put That**

**Portion within you for a very special reason, and that was and is to instill in you, you are not alone; I am always with you.”**

AUGUST 19, 2003 AT 12:20 P.M.

## SAINT ANDREW

**“I am Saint Andrew. I have spoken many times through This Gift of The Father’s Love, rarely mentioning My Name. My Words, when I spoke, usually inferred to a situation or more situations that needed to be observed in a greater degree, before they were acceptable in the right way, for the right purpose.**

**Today as I speak, I speak with deep Love for human beings of all ages, because each age, time, has within it certain responsibilities, not always understood as such, but obviously attached to some action, deed, purpose or reason that basically was above and beyond what could be called ‘purity’ according to The Father’s Way regarding The Commandments that were given a long time ago.**

**Justification is easy to the human minds, personalities, natures, because it is easy for many, many men, women and children to see only satisfaction in what they are thinking, or practicing, or involved in, thus ignoring what**

**personal involvement it could be detrimental to physically, mentally or morally; but also, not allowing the full measure of its worth to be seen as advisable to allow it to happen.**

**I speak differently I know, but it is important that all ages of human life look at what they practice, what they want to be part of, also how they think, because these things cause tremendous activity in an individual's abilities to want to partake in, or be associated with, or connected to something that sounds exciting, interesting, even when it is possibly based on being detrimental to the Soul or Souls of those involved.**

**My Advice is: Think before you act; also, see the value in a moral way, and ignore the immoral way, because it is not good for your Soul.**

**I speak differently today, but for some who will read These Words, it will be like an electric current, awakening their mentalities to see, to think, and to realize that every action in life has an importance to it morally, and also affects the Soul immediately.**

**I could speak hours on this subject, but I will close My Words at**

**this time with a small prayer to The Divine. Perhaps you will want to say it one day:**

*‘Heavenly Father, please give me the courage, the understanding and the will to see things in the manner, way and degree that will not harm my Soul.*

*Thank You, Father, for this day that I have learned to remember to ask Your Advice, even when I do not pray.’”*

AUGUST 20, 2003 AT 12:10 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile when *the little one* I use is so concerned over all things being done exactly to what My Will desires Them to be spoken, and to be practiced. Her time with Me is often, even when I do not speak Words for her to repeat.**

**Throughout the world there are so many individuals of all degrees of Faith in Me, and many times little understanding of My Will for them to more fully understand that in My Love for human life, I placed a Portion of Me within them, thus giving to human life a Gift of My Divine Love, as it is when a child is born in the human way.**

**All things designed have purpose and reasonability. Though I have spoken many times on how close I am to all human life, many do not understand how I mean this, and many say, ‘How can it be, if there is only but One God and there are millions of human beings?’**

**What I give to human life is above and beyond human understanding, because the Soul is different than anything in flesh can be compared to. The mentality in human life bears much association, but also many responsibilities, because the mentality is gifted with Me, through My Ability of Knowing All Things. It is My Sharing with human life the pleasure, and also the ability to recognize what is not always feasible to the eyes, or their associations with others like themselves.**

**I will not speak too long at this time, because *the little one's* physical is spent in the physical form, but not in her Closeness to Me.**

**I have Blessed the world abundantly, because human beings of all areas of life, first of all, the area in which they live, background in which they were born, and the chances they had to grow mentally, morally, spiritually, these things all show to Me, because as the Soul of every human being is a Portion of Me, I fully understand all age groups, all degrees of abilities, and all who feel My Existence has to be, because how else could all things have been**

**created without there being One Who was capable, is capable of being called ‘The Creator of All Things’.”**

AUGUST 21, 2003 AT 12:45 P.M.

**SAINT BARTHOLOMEW  
SAINT CHRISTOPHER  
SAINT IGNATIUS LOYOLA**

**“I am Saint Bartholomew. I am Saint Christopher. And I am Saint Ignatius Loyola.**

**All things were created for a purpose, a reason, and a goal. Human life was created to the Image and Likeness of The Creator, thus giving to human life a special role.**

**The Dignity that human life is instilled with is oftentimes dismissed by the one in whom It is placed, but Dignity has a purpose to all portions of human life, because Dignity allows mentality to grow. Dignity establishes the importance of right over wrong. Dignity instills values that are necessary for the importance of many things in human life to be different than all other things created. Human life is not like anything else, even though many times it is compared to many other forms of creativity.**

**Children are not learning the Importance of human life. They are**

not being instructed on the different facets of how an individual should practice, be example of, and strive for the Goal for which human life was created.

*The little voice* We All speak with, through, listens to Our Words constantly, because We talk more than We request to be put into script, thus allowing her a more close Association to how We think, and how The Father Wills so much to be delivered for human beings of all ages to learn from, to give them the strength to endure the responsibilities that human life is subjected to every day, many times a day.

We hear so many give credit to their mentality, based basically on their pride, for which they feel all things come from them, thus ignoring that every thought, every word, every deed, every bit of intellect basically is a Gift of Divine Love, because all of these have their own degree, reasoning and purpose to men, women and children, because human life, without all these things, would not be what The Father expects the human mentality to bear, due to the fact that the Soul is the recipient of all an individual is

**instilled with, partakes in, is example of, or has the ability to share.**

**I speak this way to help many who will read the Words, to be able to more fully see that they are not alone in the world, they are always accompanied by Someone that can be termed ‘a Higher Being’.**

**As I close These Words, I say with deep Love and thanksgiving to The Father, for allowing so Many of Us Here to partake in This Gift of His Divine Love that does not just encourage Enlightenment into so much, but instills It to be able to be used in all facets of human life.”**

AUGUST 22, 2003 AT 11:46 A.M.

**“There are Many of Us present.**

**The reason We are speaking is to let it be known that this *little one* The Father has chosen for a Task that involves thousands of human beings, is many times put through what looks casual, but is of great importance mentally, physically, spiritually. We do not expect others to understand All that occurs in a Gift of This Greatness for the Souls of millions of human beings.**

**Where The Father Wills, Directs, and Speaks for Messages of Great Importance to be delivered, there always has to be ‘a Victim Soul’. As the Soul is the recipient of so much Responsibility, the human body of the one speaking, in which this Soul is delivering so much Direction, oftentimes is put through not just tiring ‘Preparations’, but ‘Preparations’ that take their toll on the physical and the mental human portions of one human being.**

**Even some of the most learned individuals, or so-called 'learned' individuals, cannot fathom or even consider that for Messages of such great importance there has to be 'a Victim Soul' for the Presentation to take place, due to the fact that the physical is the channel of Communication, and is not used to having such Power that The Divine uses for Communication.**

**As I close My Words, I assure you that All that has thus far been delivered before today, and will be delivered after today, are meant to give strength morally, physically to all who will read Them, because there is no place throughout the world that so much Special Attention is being delivered in this manner, this degree of explanation.**

**I will close My Words, but I will return when I know the time is right."**

AUGUST 22, 2003 AT 12:50 P.M.

PADRE PIO

**“I am Padre Pio. I smile as I deliver My Words through *a very gifted child* of God. So Many Saints Here in the Heavens find This Gift a Blessing, not only for those who receive the Words, but Those Who are privileged to deliver the Words through It, delivering Words of Direction, Instruction, aiding so many individuals to never allow the awareness of a Future to not be what they think about every day, and pray for at all times.**

**The goal of life in the human way uses much energy, talents, hopes, desires. The Goal for Sainthood is different, because the Goal for Sainthood is based on all that The Father Wills an individual to partake in, to be example of, and to encourage others to follow, because being the custodian of a Soul has much responsibility.**

**Human lives learn much just living the human way, especially when it regards protection of something important. The Most Important Part**

of human life is the Soul, thus making morality, justice, kindness, goodness, and purity of the mind at all times, important for this Portion of life that no one sees, no one feels, until a particular time that The Father chooses for the Soul to see all that occurred, and the results of the things, conditions, goals, that the Soul is the custodian of.

I know to speak on this subject is not common for others to hear, but it is an important subject, because human life has many responsibilities, and all responsibilities have purposes, and many of them have goals.

So it is with That Portion of human life that is a Portion of The Creator of human life, called 'the Soul'. Every word that is spoken, every act that is taken, reflects in the Soul.

This may be difficult for some to understand, but nonetheless, it is Fact. The Soul is given to human life. It is Part of Divine Plan. It is The Father's Love, giving Hope and a Future to a human life through a Portion placed within it at the moment of conception.

**It is sad when We hear individuals not understand that the Soul is a Gift of Divine Love, giving to human life a Future Greater than the physical was to man.**

**As I close My Words at this time, I close Them with much Love for human life, because it is through human life and The Father's Love for this way of giving to others a chance to live the human way, and return a Portion to Him in thanksgiving and in love for the privilege that human life gives, allowing the Soul to partake, and when It returns to The Creator, It has lived in a way, a degree, a manner that makes Sainthood Very Important."**

**AUGUST 25, 2003 AT 11:50 A.M.**

## **OUR HEAVENLY FATHER**

**“My Gift of Divine Love is for all of human life, but you live in a time wherein there is much disbelief and also inconsiderateness on All I Am, and All that is important to human life for a Future for the Souls of human life.**

**So many individuals at this time are walking two or three paths of human life, none of them in real concern, understanding or justification regarding their Souls that will one day be Judged by Who I Am.**

**Throughout the world, many different degrees of intellect, of Spiritual understanding, and of course, of human practices, are resisting, rejecting, and in many ways avoiding the Importance of My Divine Plan for human Souls, or I should say, the Souls of human beings that I want returned to Me at a given time.**

**Indifference does not justify one's right or wrong. Indifference only weakens the situation, the conditions, or the rational ability to discern.**

**C**hildren are not being instructed on the importance of The Commandments that were given a long time ago; also, the Importance of their Soul that is a Portion of Me. So much humanism is omitting the basics of morality, and of the Goal for which the Soul desires to reach.

**I** hear so many say: ‘How can I have a Soul? Would I not see It, feel It, or be able to talk to It?’

**I**rregardless of how you determine your association with your Soul, your sensitivity to what is moral over what is immoral, what is just over what is unjust, what is pure over what is impure, also what loyalty is to disloyalty, is prevalent in every human being, even when they disregard their sensitivity to these things.

**Y**ou do live in a time, and it is sad for Me to say, where there is so much irregularity in the logical concepts of the practices of human life. Basically, so much of what is chosen to accept could be termed ‘heresy’, ‘heretical’, ‘unjust’, and ‘mere superstition’, and also ‘ridiculous’ in content, and what it stands for, what it contains.

**Let Me speak a few Words on prayers: How many prayers are spoken with respect, with dignity, and with a deep understanding that the human mentality is speaking to the Soul of a Saint? How many individuals sincerely feel that Sainthood should be honored with dignity, trust, also with respect?**

**Let Me put it another way: If Sainthood was not the Goal for the Souls of human life, would it not be ridiculous to be given The Commandments and all the prayers that are dedicated to so many subjects, allowing so many individuals to understand that the Souls of individuals who lived on the earth were granted the privilege of being called 'a Saint'?**

**Thousands and thousands of children, and thousands and thousands of adults never say a prayer. They just use their daily way of life and how they sense things to be, commonly using the term, 'Well, that's life.'**

**Human life is what you decide it to be, morally active, morally secure, depending upon The Creator of All Things, communicating with The Creator, asking for help for the Soul that you bear.**

**Needless to say, I have only touched on the surface on the Importance of human life. There are thousands and thousands and thousands of human beings, right at this moment, who are active, sinning against every Commandment. Also, the young are not being instructed that they have Guidelines to live by, because of the Purpose for which they were created.**

**Needless to say, I could use this *small voice* twenty-four hours every day with no stops, because of My Concern, because of My Desire for This Gift I have given to the world to awaken the mentalities of millions and millions and millions of human beings, to be reminded, and to begin to realize that within them they have a Portion of Me, called 'the Soul'. This word should not complicate anything, because so many use the word in a common form, emphasizing their closeness to others by saying out loud, 'We are soul mates.'**

**I could speak endlessly, but the human mentality of those who will read These Words must understand that to be created in the human way is a Gift of Divine Plan, and in this Gift,**

**a Greater Gift is instilled. It is called  
‘the Soul’.”**

**AUGUST 25, 2003 AT 12:54 P.M.**

**MANY SAINTS**

**“There are Many of Us present and We are All smiling, because All of Us want to say Words to assure those who write the Words and who will read the Words, that human life is Very Important, and everything a human being partakes in verbally, silently, or as the leader of some project, some circumstance, or some idea that will give strength, hope, and a greater understanding of The Father’s Love for human life, and The Father’s Desire for the Souls that are Portions of Him, that every human being has when they are conceived.**

**Today as I speak, there are thousands of Words that I would love to say out loud and have Them put in print, due to the fact that those who are yet in the human way hear about the Goal for the Soul they are gifted with, but they do not fully understand the magnitude of the privilege The Father gives to mankind, making them a human being, but also the Goal that awaits the Soul at another time.**

**Children are not being instructed on what a Precious Gift human life is. It is taken for granted that each day that they face is a day for them to do as they please, and to accept what they will, will please them.**

**There is very little instruction to the young that the very basic idea that human life is gifted with a Goal, causes the mentality of every human being born, or I should say created, will innately seek goals in life, seek progress, seek success. It is all based on the Foundation of the Soul, not just the mentality as it is considered to be.**

**As I close My Words, it is a privilege for All of Us Here in the Heavens to be allowed to speak Words that ordinarily would not be put into script, because when the desire to write stories in the human way, the basics for the story or stories are usually what an individual has learned about, or some adventure they would like to discuss, giving enjoyment mentally to others.**

**I assure you, All that is delivered through This Gift of Divine Love is to give you who read the Words and**

**who will share the Words with others, the basic logic instilled into human life is special, and of course, the Goal is obvious because, do not forget, sometimes all some individuals have in life is to reach goals materialistically or financially; of course, there are other goals — popularity is one of the highest rated.**

**So as I close My Words, hopefully all who read These Words at some time, will automatically make their Goal ‘Sainthood for their Soul’.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**This *little one* The Father has chosen for such a Major Task is continuously sensitive to what others can be affected by when the Power We use is obvious, and her small body shows that something is occurring, not natural to her manner of use of it.**

**The Magnitude of The Blessing given to the whole world of This Gift of Divine Love, is far greater than the human mind can perceive It to be.**

**A verbal communication is important to human beings of all ages. The Father has designed This Miracle in a degree of this nature, knowing that silence would not be how others would fully understand the meaning of What He Willed spoken, in a degree of hearing if there was no sound attached; thus, this is why so much has been and is being delivered in such an intentional, obvious way, sound, and degree of Communication, thus showing it is not just *one individual* hearing what The Father Wills for all**

to hear who are present, so they can verify how It was delivered.

**The world has been Blessed in a degree, a manner, and with the Wording that is basically a Gift of Divine Love.**

**We hear some say, ‘If This Gift is The Father’s Way of speaking, why cannot we all hear the Words?’ Now logically, would this not be confusion, and also a lack of sound reasoning, when all individuals hearing the same thing, at the same time, would not hear It in the same way, or understand the meaning in the same degree?**

**This *little one* is used more often than it is understood to be. Her quietness is natural to her, but What We speak is also natural to her, because she was trained to say What she cannot hear or think on her own, thus allowing the sound not be what sound is to the normal sensitivity that the human mind is used to.**

**All Things spoken are Blessings, giving to all ages of human life the reality that they are not alone, that Divine Presence is always present and aware of all that every individual is involved in, every moment of every day.**

**The Souls of millions of human beings should hear of This Gift of Divine Love that allows Them to more fully understand They are ever present in The Father's Sight and Plan.**

**I will close My Words, but I will return. Our Presence is much stronger in many ways, and *the little one* that We use to speak Our Words, Our Way, is always considered in how much We say."**

AUGUST 27, 2003 AT 12:00 NOON

**GOD THE FATHER  
SEVERAL SAINTS**

**“There are Several of Us present, because *the little one* We All use is close to physical collapse.**

**The Father, in His Love for human life and His Desire for Souls to be returned to Him is of the Greatest Importance, necessary for millions of individuals to read All that We speak to alert them to the Importance of their Souls; of course, The Father’s Will for all Souls to be returned to Him, Saints.**

**We speak differently today, because there are so Many of Us present at this time. We gather around this *little one*, giving her the strength to be able to speak the Words that will give strength, hope, more understanding to hopefully millions of human beings, not just where you live, but throughout the world.**

**Humanism is natural to human life, but due to the fact that human beings are instilled with the desire for success, for progress, and also for**

advancement in their way of life, there should be no doubt that there is a Goal Greater for them to not just seek, but one day be a Part of, and be called 'a Saint'.

**R**ight at this moment, if I were to ask one thousand individuals what they would want to be successful at, in, for, and I allowed their answers to be heard, it would be shocking, because most of the answers would be favorable to monetary measures, or physical acclaim.

**S**ainthood is rarely instructed by those who are so-called 'ministers of the Faith'. Humanism is more evident in what they speak about. If humanism is the highest goal to be remembered for, would it not be sad, because humanism has many weaknesses, and is only flesh and blood, ignoring the Soul that is a Portion of The Creator of All Things, that will remain for all time to be.

**T**he length of time is The Creator's Time. When human beings time themselves by what is so-called 'a clock', it is limited in many ways; but, when an individual seeks timing to become 'a Saint', and works in every

**area of life to arrive at this successful Goal, it is a Promise that this Goal is a Goal Forever, with no limited time on It, or in It.**

**There are many roads, paths to Sainthood, more roads than there are in human success in any field. Sainthood is guided and guarded by The Divine, not just encouraged to follow a fine line.**

**Through This Gift of Divine Love, wherein so much is instructed in a very logical degree of understanding for all ages, all backgrounds of human beings, it is important for them to be reminded that the Goal they are created for is a Gift of Divine Plan, because of The Creator's Love for human man.**

**The abilities that have been and still are being instilled into the mentalities of human beings, is far deeper, far greater, more logical, because human life is gifted in more ways than anything else created is the recipient of.**

**When My Son walked the earth, He walked it for the benefit of human beings, openly showing them that personalities, natures, and different**

degrees of kindness would always remain in human life, because of the generosity instilled in human life, the energy, the courage, the understanding, the abilities, and the desire to reach successfully, a goal. Granted, the Goal for the Soul is Greater than any goal that a human being can understand It to be, but It is the Highest Goal that a human being should desire to reach.

**As I close My Words, I would like to add a Personal Note, so all who read the Words that have been spoken will read Them, understand Them, and draw from Them My Love for human life, My Willingness to share with human life a Portion of Me, called ‘a Soul’.**”

AUGUST 27, 2003 AT 12:29 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**This *little one* The Father has chosen to speak openly, Word by Word, using Words that We are allowed to instill in her because of the Importance of The Father’s Will for human beings of all ages to more fully understand what a Precious Gift human life is to man.**

**Children are not being instructed properly, fully, clearly, in their manner of speech or in their degree of attention to how they pray. So much is being allowed that does not give purpose, strength for the importance of prayer more than once a day.**

**Throughout the world as I speak, prayer is not being fully understood in why it was designed, what it was designed for. Prayer was designed as a personal communication with The Divine, speaking words of honor, respect, dignity and purpose; plus, many times asking aid for requests that are needed in the human form, way.**

**Today as I speak, it is shocking to see how few prayers are addressed to The Holy Trinity. Some individuals use prayer almost as casually and indifferently as if they were talking to an inanimate object with no human mentality.**

**The world has been Blessed abundantly, but it is sad for Me to say, 'The human mentalities of millions of human beings ignore prayer for what it is, for how it should be spoken, and to Whom the words should be directed.'**

**Throughout the world there is so much disbelief in Truths and responsibilities. Excuses every hour of the day could be added up to thousands and thousands, regarding why prayers were not spoken, or remembrances regarding The Father Who created All things. It is as though these things do not exist at this time; they are of the past. Of course, this is not so.**

**All things that The Father Wills human beings of all ages to gain strength from, courage in, on, for, is helped by prayers, whether the words are personal, or the words were written by someone else, but they cover the**

subject needed to specify a particular matter or thing.

**We** hear so many individuals want changes, want to more fully understand the True Existence of a Creator; also, 'Are there really Saints?' because so little is taught by learned individuals regarding the Spiritual that truly Exists every moment of every day, just waiting for those who live, to pray, requesting help or just remembering to say, '*I love You; thank You for the day.*'

**Sainthood** should be the Goal and it should be spoken about much more than it has been for a very long time. Humanism has its place, but it can never replace 'Sainthood' as a Goal.

**As** I close the Words at this time, it is because The Father requests Us Who speak, to keep What We are speaking about in a degree easy to understand the importance of; and also, helping individuals realize that the Goal for life is Sainthood, and it should not be ignored, because one day when the time comes, those who have taken the Notes We say, may be the very Saints Who will be asked for

**help through someone's prayers Their way."**

AUGUST 28, 2003 AT 11:47 A.M.

**GOD THE FATHER**

**“There are Many Saints present. I, your Father, allow this to be.**

**It is difficult for many men, women and children to believe that I would speak openly and request My Words to be put into print for others to read.**

***The little one* I use is constantly aware of whether I am openly present for her to hear What I Will her to say, or just My Presence at different times, letting her know to not forget to listen if I Will Words to be spoken from The Divine.**

**I hold her tightly on this day. By the word ‘tightly’, I mean more physical strength than I use at other times, because her physical is spent, due to so many Responsibilities that are never seen, heard or noticed, even though they are occurring in the sight of others with her, close to her, around her.**

**I hear many individuals say that I would not speak in the way the Words**

delivered have to say. I assure you, no measure or degree of human life knows Me this well, or is totally aware of how I would use My Will, My Way, My Presence.

She listens for My Words continuously, but she does not hear It physically. I instill in her What I Will her to know, or to repeat. This is logical, because as I am The Creator of All Things, I am aware of the Importance of My Presence to all of human life every moment of every day, in every way.

I have Blessed the world many times. I am blessing human life through My delivering Words understandable, and also, allowing so Many Saints Here in the Heavens to speak Words of hope, direction, consolation, and situations for them to learn more about, giving them strength to more fully understand what a Close Presence I am to human life every moment of day and night.

My next Words are on a subject important for the Souls of millions of human beings, because it is detrimental in many degrees; and the word is 'hypocrisy' in how people think, speak,

**practice and express love spiritually and morally in their manner of life.**

**Throughout the world there is much immorality that is justified because of human gender in life. Excuses are multiple in number and ridiculous in fact.**

**I use *a small voice* for many reasons. It is because a small voice oftentimes acquires, not requires, more attention.**

**I have Blessed human life since the time I created it. I have allowed the wills of human beings the respect to be able to think and to act physically, mentally, morally. I have given the intellect to learn more about so many things that I have created, giving to human life the advantages of learning how much there is for them to see and to think about as avenues of using their talents, their abilities, their wills, eliminating that human life would be a clone only to do as I Will it to do. This would be a sadness to Me, because in giving to human life abilities multiple in number, I have given them the opportunity to use many areas of life that will give them the foundation for Sainthood. This should be understood**

easily. When there is a need for help on many multiple issues, it is rational to pray to a Saint for help.

**What I could speak at this time, alerting human beings of all ages to be aware of what a Gift human life is, it is not just something to please Me, but it is a sharing of many things I Am, and to give to life the energy, the hope, the understanding, the abilities to use human life to not just support Me, but be aware of the importance of usefulness in the human way, and of course, in The Divine Way.**

**As I close My Words at this time, many who read Them might be shocked, but hopefully it will awaken them to My In-depth Caring of My Creation of human life.”**

AUGUST 28, 2003 AT 12:45 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**The word ‘sin’ is rarely used at this time. It is a word that, at one time, drew much attention to it, because it openly stated a fact to be concerned about, to be alert to, and to question what it contained.**

**At this time in which there is so much spirituality being stressed by different organizations, the word ‘sin’ is rarely, if ever, mentioned. Sermons’, speeches’ subject matter are more apt to be the subject regarding what occurs in daily living, but sin or the possibility of it, is stricken from the records.**

**Children are not being instructed when they do something that could be termed ‘an impure’ thought, act, word or deed.**

**I will use a word to emphasize this situation. I do not like the word, but the word is ‘updated sophistication’; thus, not using or practicing what is termed ‘a natural sensitivity to the**

**reality of the meaning of words', thus allowing the words to speak what the situation really is, or consists of, or refers to.**

**I will close My Words at this time, but I sincerely hope that What I have spoken will alert many who read Them to be aware of the importance of how they word things, whether the words be the meaning of what they are saying, or useful to the purpose they are referring to.**

**Of late, many ideas have changed on the definition of how individuals word what they think, or how they feel, or also how they understand their association with those close to them, or those they meet."**

**AUGUST 29, 2003 AT 12:48 P.M.**

**“The Words just spoken were Words of Truth, because the Words revealed to those present and who will read These Words, that at all times through This Gift of Divine Love, Several of Us are present at one time. One may be chosen to speak, or sometimes Two, but the Others All stand listening and praying that those who hear the Words and those who will read the Words, will grow stronger morally, spiritually, psychologically, emotionally, beneficially.**

**A Gift of This Measure, This Degree, This Closeness to The Holy Trinity, is a Gift obviously seen as being a Gift, because of All that is spoken regarding many issues on the Importance of Divine Love, and the Goal for the Souls of all living human beings.**

**Children are not being instructed on the importance of prayer, the fact that prayer strengthens one’s thinking, attitude and goals. Prayer is oftentimes omitted because of**

**interference on and with other subjects that seem more appealing, more interesting.**

**This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, is a Gift beyond what the human mentalities perceive It to be, or want It to be, because humanism dwells on their individual emotions, senses, and need for attention according to how they think, feel, and want things to be.**

**Throughout the world, if pictures were taken of every act practiced by every human being, and these pictures were developed for millions of human beings to see, you would be shocked at how much desecration is captured, immoral desecration, to all parts of human beings.**

**We hear many say, ‘Sin is common, practical, useful, and part of being a human being.’ How many say: ‘When this physical life is over, where will my Soul be admitted — in Purgatory? Well, that is only temporary, I understand, because then one expects after a certain degree of time there, one is entitled to go to Heaven.’**

**Human thoughts, human practices, human interpretations are oftentimes not developed to the degree of logical understanding, or reasoning, or belief in The Holy Trinity.**

**Every move an individual partakes in, whether it is small, as with a finger, or with the whole body active, The One Who created All things is aware of All things, and all things are recorded in a manner, a degree, a way, far beyond what the human mentality is capable of understanding.**

**Needless to say, I could speak hours on this subject, because there are so many portions of it that need to be changed, because of the Souls that are being abused by the ones in whom They were placed at the moment of the human conception. The Soul was given to protect and to instill That Portion of The Creator to give strength, and also, in many ways to encourage the one in whom They were placed, to think before they act.**

**Oftentimes an individual will say: 'I do not know what is making me think this way, but something tells me not to do something, not to act. Perhaps it is my imagination.' Not so.**

**Guardian Angels are busy twenty-four hours a day.**

**As I close My Words at this time, I close Them because it is important that all human minds more fully understand that to be created a human being is a Gift of Divine Plan, has a Purpose, but has an Ultimate Goal for That Portion of it that is a Portion of The Creator of all human life, and all other things created.**

**Remember the Words, because They are Words of sincerity, and with deep hope that not just the conscience of thousands and thousands and thousands and thousands of individuals will feel necessity to more fully understand that human life is a Gift of Divine Plan, and bears within it a Portion of The Creator, called 'the Soul'.**

**After These Words, I say, 'Amen.'"**

AUGUST 30, 2003 AT 11:15 A.M.

## OUR HEAVENLY FATHER

**“This *little one* I have chosen for such a Major Task uses every ounce of energy to comply with My Will, My Wishes and My Divine Love. I have Blessed the world through *one small voice*. Some might ask how could I say ‘the world’; ‘*The instrument* You use is only in one place.’ The Words I use and Who I Am, have and has the Power to spread in a degree, way, condition, not understandable to human life, but as I Am Who I Am, I have More Power to do many things not understandable to man, to the human mentality of man, to the human values that human life depends upon, to the degree I Declare it to be.**

**I speak often through this *little one*. To many, it is understood to be her ideas, her manner of conversation, or how she would see things. This, of course, is how I want it to be. Each day has many questionable decisions that come up in different manners of ways, but I assist her, I direct her, because of the importance of the Words that are**

to be spoken, to be understood in how I Will Them to be understood.

She listens for Me but she does not hear a sound. I transmit All I Will her to know, to feel, and to share with others. I do this without one second, moment, that it could be physically heard, because I instill in her in a silent degree and manner, a form of Communication that bears an indepthness inconceivable to what would be called 'necessary to be done' to the mentalities of human life.

Many times the burden of this Responsibility bears a weight greater than any human mind can perceive it to be, due to the fact that her relationship with Me is based on obedience to My Will and What I Desire to use her to fulfill certain situations, conditions and communications that are accepted as normal in the way of man.

My Presence within her and through her is never seen, but there is a weight in the burden of repeating or accepting My Will, because I have chosen this *little one* to be in some ways, in many ways, a *spokesman* for Me.

**Thousands of individuals reading These Words will not be able to handle the in-depth meaning, but it is How I Will My Communication to occur between this *small human body* for Me. Thousands of Words could be delivered daily, but it would be too much for human mentalities to be able to handle, due to the fact that each human being has their own interpretation of what most words make them think and feel. Interpretation would always be based on their degree of understanding wording that would satisfy how they would recognize, evaluate, or understand what they mean.**

**I will close My time now because *the little one* is close to collapse, because of the Power I have to use in this *small body* for so much to be spoken to help others more fully understand what a gifted Treasure human life is to man.”**

AUGUST 30, 2003 AT 2:30 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**The Father’s Love for human life is beyond what a human mentality can perceive It to be. Love is more than an emotion, because it radiates from one’s conscious understanding regarding another human being. The word ‘love’ is oftentimes dismissed because of the wrong connotation on it, and it is looked at as something different, mainly only a personal connotation on behavioral patterns, thus losing sight, clarity and full understanding regarding a word such as this is.**

**Today as I speak These Words, hopefully They will be passed on to others in a manner and degree and way that describes loving someone else as a natural manner of human understanding.**

**When an individual prays to The Creator, the word ‘love’ is oftentimes used: *‘I love You, God, thank You for this day,’* or *‘I love You, God, please remember me today,’* or *‘I love You,***

***God, please give me the strength to do Your Will, Your Way.'***

**There have been so many Words spoken through This Gift of Divine Love, based on The Holy Spirit of The Creator and His Love for human life, by creating it and putting a Portion of Himself in it, called 'the Soul'. Whether human beings feel that they possess Something within them other than how they were created, is oftentimes a mental understanding, giving to them a sense of mental security that The Father's Love is within them.**

**As I close My Words now, it is important that human beings of all ages understand that Divine Love is what gives them strength, hope, love, caring, plus the privilege to one day return the Portion of them, the Soul, to their Creator.**

**Divine Love can be expressed with a '*Thank You*' and a willingness to request help when it is needed mentally, physically, and morally.**

**Remember What I have spoken at this time, to help you to remember to depend upon Divine Love with everything you say and do."**

SEPTEMBER 1, 2003  
AT APPROXIMATELY 12:00 NOON

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I am asking you at this time, to take Words and put Them in print because of the importance of Them for the sake of Souls, perhaps millions of human beings. When I request *the little one* to speak on subject matter that is not commonly spoken, she is ever obedient.**

**You walk in a time wherein there is so much disfiguration of what is normal to the human mind. In My Creation of human life, I instilled in it sensitivities to give each human being strength to understand and to be able to regard My Way as Important to their life span.**

**I use *a small voice, a small body,* but *an obedient mind,* because there is so much I Will human life to know at this time, due to the fact that throughout the whole universe there is much resistance to what is morally sound, rational, or pleasing to Me, thus wanting the Souls of millions of human beings to not be returned to Me in the**

way that I can promote Them, because of My Love for what I have created My Way.

When human beings become ill, many find it a tragedy and are fearful for what it can reveal to them or take from them.

My Love for human life is to strengthen the mentalities, and to give hope that there is a Future, a Goal to return to Me, because within each human being there is a Portion of Me. It is described by a very small word, 'the Soul'.

Through This Gift in which I take Part, it is because of the importance of All that is spoken by Many Saints Here in the Heavens. They All want to participate in This Gift of My Divine Love, because They know what Heaven is like.

Though I speak only this way through *one small voice*, those who believe in Me, who love Me, are the ones I am depending on to spread My Presence at this time.

I have walked on the earth times before this, but this time is Special, because It is instilling what

other times did not instill. It is also encouraging to all backgrounds of human beings to remember that they have a Portion of Me within them, no matter what background they can relate to physically.

I smile when I say My next Words. I love this *little one* I use, and through her obedience and her love for Me, thousands of Souls will be given the opportunity to more indepthly understand there is a Heaven, I Am Real, and that All Souls are Part of Me.”

SEPTEMBER 2, 2003 AT 8:42 A.M.

## GOD THE FATHER

**“This *little one* I use as an *instrument* of My Communication with other human beings, is in an excessive degree and amount of ‘Preparations’ for many things. She cries for My Help and I say to her: ‘What I am doing is necessary for My Will to accomplish what I Will it to do, and to be helpful to millions of human beings. I know you are small but your love for Me is great, big, and necessary, because I use it to transmit to the world My Love for human life, and My Will to give it the Correct Direction, for them to better understand what an Important state human life is for all mankind.’**

**The little ones are not being talked to or instructed on what a Special Gift they are the custodians of. There is so much lack of rational instruction, teaching, because most who even know what should be done, do not take the time, or see the necessity of.**

**Though I use *one voice*, I have since the beginning of this time with**

her, requested that All I speak and direct her to put into print, she does willingly. All that has and is being delivered is not just to instruct other human beings on the Importance of life, but the Goal for which I bless human life, for That Portion of them, the Soul.

My Words today are heavy, but of great importance, because there are thousands who read Them, and they must see that My Will is dedicated to their Souls being returned to Me.

I will close My Words, because the Power I use on What I have just spoken is difficult on *the little one's* body, even though she is willing to continue for Me."

SEPTEMBER 2, 2003 AT 11:53 A.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. The Father has requested I speak on an important subject matter.**

**So little understanding exists on the importance of prayer. What all ages of human life should understand is that their communication with other human beings gives to their lives, not just informative subjects, but a closeness of unification in their thoughts, ideas, circumstances and availabilities in many different interesting facts of life. Prayer is comparable to this, but basically gives to human beings a personal strength, talking to The Heavenly Father, to The Heavenly Mother, to The Beloved Saint Joseph, and the list is endless regarding The Saints.**

**Children are not being instructed that they are never alone. They are always accompanied personally by their Guardian Angel, or One or More Saints. That is why it is so important for all ages of human life to be mindful that human life is gifted with**

**a constant communication with The Divine that nothing else created has the privilege of.**

**Today as I speak, there are a numerous Number of Saints with Me, because through This Special Gift of Divine Love, wherein so Many Saints are able to communicate in ways, degrees, on subjects to aid the Souls of those in whom They are placed at the moment of the human conception of a life, the Souls are dependent on what the individual practices, participates in, is example of; plus, whether the actions are pure or impure, because the Soul is the recipient of every thought, word, deed, action that an individual partakes in.**

**Throughout the world, the basics for daily life, living, are not always beneficial to the Souls. Oftentimes the enemy injects, partakes, or encourages sinfulness, thus causing the Soul more than sadness, but deprivation of Its Closeness to The Heavenly King, The Father of all.**

**We hear so many questionable misunderstandings regarding the importance of human life to be able to partake in what it is exposed to.**

**The human mentality oftentimes feels that it should be a decision due to the freedom of thought instilled in them, thus ignoring whether something is moral or immoral, just or unjust, pure or impure.**

**Children are not learning the importance of The Commandments that were given a long time ago. These important, sound Directions were given to give aid, logic, and sound understanding to the various facts that would be available for an individual to choose right over wrong, purity over impurity, based on indifference and irrational judgment.**

**I could speak endlessly on this subject, but what I have thus far given is sufficient to learn from, by those who will read the Words and see the logic in choosing what would be beneficial for the sake of their Souls.”**

SEPTEMBER 2, 2003 AT 12:56 P.M.

**SAINT ALOYSIUS  
SAINT JOHN OF THE CROSS  
SAINT JOHN VIANNEY**

**There are Three of Them here: Saint Aloysius, Saint John of The Cross, and Saint John Vianney.**

**“Our time today is of great importance as all times that Someone from Here speaks.**

**Human life is gifted in many degrees, forms, giving to it advantages, understanding, and abilities to conquer many wrongs. The mentality of a human being is oftentimes based on the individual’s likes or dislikes, or a lack of desire to want to share what they think, they feel, they care about, or they understand.**

**What I have just spoken, in many ways complicates human life, does it not?**

**Throughout the world there are multi-millions in number of human beings, all with certain degrees of speech, certain degrees of mentalities, certain degrees of patience, and a**

certain degree of moral understanding regarding how they live, what they think, and how they desire to think as a human being. Needless to say, this is a very short description, or an analyzation of human life.

**As The Father has given to the world a Gift of Divine Love, allowing so Many Saints in the Heavens to speak on subjects that those who read the Words will gain much from, if they read the Words in the correct manner in which They were put into script.**

**Human life is gifted with the ability to associate with other human beings; also, to be able to learn subjects that give them an importance in their way of life.**

**Children are not always instructed in how to cope with all they are capable of handling or understanding, because the words are, 'They are too young to know,' but when a child is slapped on the hand because of something the child did, the child knows that there is such a thing as 'anger' and also 'control'.**

**My Words I know are different today, but so many individuals, when they know a Saint is speaking or One of**

**The Holy Trinity is delivering Words, oftentimes the individuals begin to think ahead on what will be said, the subject matter, what It will cover, expecting many times a Lesson beyond what the human mind is capable of.**

**Let us go back two thousand years or more. The learning process at that time was based on where the people were born, and what advantages they were exposed to; also, the degree of knowledge that they were able to comprehend or become part of, participate in, so they could grow to a higher standard of understanding or living.**

**So often the past is seen in a greater glory of understanding than the future. This, of course, depends upon how an individual lives, what their background is, and the progress they are surrounded with that is far above what was talked about a long time ago.**

**I know I speak differently, but I have spoken These Words purposely.**

**The world has been Blessed by a Gift of Divine Love that in full essence of Its Desire to give to those who are now living, a greater understanding of**

**the Purpose of human life and its Goal, but also the necessity for decency, honesty, self-control, and definitely purity morally, because of the Soul.**

**I will close My Words because there is so much more I would like to add to this, due to the fact that though you live in what is called ‘modern times’, human beings have not based their lives on The Commandments that were given a long time ago, or the purity that was necessary mentally, physically, morally, sensually, spoken about so much in Spiritual words regarding the importance of these things.**

**As I close My Words, I know some who will read Them will say, ‘I don’t understand.’ Others will have different opinions, but hopefully It will increase in many the availability there is for the Goal The Father Wills All Souls to reach, and that is to be returned to Him and have the privilege to be ‘a Saint’.”**

## SAINT MARGARET MARY ALACOQUE

**“I am Saint Margaret Mary Alacoque. There are Several of Us present as I speak to you today. If you and all the other people throughout the world could see the Happiness in Heaven, especially when The Father allows One of Us to speak Words understandable to the human minds of many ages.**

**Every individual born begins to learn different things. Many are about just being a human being, and then there are many on what there is that the world is offering to help them enjoy being a human being.**

**So many things have been invented, allowing so many talents to be used, and so many products available to the rest of the world to help them in different ways. The products can be materialistic, or they can be medical, but never forget, they can be Spiritual also. Sometimes individuals who learn this way, grow stronger mentally, morally, psychologically, spiritually.**

**There are so many beautiful facets in human life; first of all, the birth of a child; then, the growth of the child, and so on and so on and so on, up the line.**

**There are so many talents in the mentalities of thousands of individuals, and when these talents are used productively, there is progress in some facet, some phase, some area; also, in the degree that gives strength, hope, that nothing else could.**

**The one Gift that is very important besides the body of a human being, that Gift is the mentality, and how it is used morally, psychologically, mentally, spiritually.**

**There are so many Gifts to human life. There is an abundance of Divine Love in all that human life has to live with, by, for, on account of also, because in human life it is openly logical that nothing else created has what human life has. Granted, It does not allow Itself to be seen, but Its Presence is and bears a sensitivity to everyone an individual meets, and that is 'the Soul'.**

**We hear some say, 'My Soul does not speak; I speak.' Your Soul does**

**speak openly, through your actions, your emotions, your curiosity, your participation, and the manner in which you use all these things.**

**I could write volumes on this subject, because of the Importance of human life. Nothing has the Goal that human life is created to reach, and that is, to return to The Father, That Portion called ‘the Soul’, and that Soul having earned, through the one in whom It was placed, the Title ‘Sainthood’, not always well-known by millions of people, but nonetheless, Where The Father is, you will find the Soul close to Him.”**

SEPTEMBER 3, 2003 AT 1:25 P.M.

SAINT AGNES

**“I am Saint Agnes. I have not spoken often through This Gift that is so Precious to the lives and for the lives of millions of human beings who live in a world where there is much chaos and much misinterpretation on what is morally sound, correct, right, over what is evil, even in a small degree, and few words.**

**Today is a happy day for Me, because when I hear so Many of The Heavenly Ones speak through This Gift of The Father’s Love, it gives All of Us Here in the Heavens a joy unbelievable to the human mind.**

**Divine Love always has a Great Purpose, and when It shows, It shows with a glow beyond what the human mentality can picture It. Divine Love is a Love not truly, fully understood by the human mentalities of human lives, but Divine Love has a Strength in It, a Hope in It, and a Goal for It.**

**Human beings of all ages like to speak the word ‘love’, especially when it is connected to an individual**

or situation they are close to. 'Divine Love' is everywhere, and It is evident everywhere. The only thing that does not show are the people who innately believe in It, thus making their mentality one that they are content with, happy with, sincere about, and It gives them a strength for many things they partake in.

I will close My Words, because I could speak hours on the Importance of what it means to All of Us Saints Here in the Heavens to see This Gift of The Father's Love being spread in many ways, but also His allowing The Saints to add Words of encouragement, thus giving to others the reality that 'Sainthood' is the Goal for human life."

SEPTEMBER 4, 2003 AT 12:41 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The Father, in His Creation of human life, chose to give to those who would yet come, a Special Group, to be able to imitate and learn about The Creator, giving them Strength, Hope, Understanding and Divine Love.**

**My Birth to the world was Important, because The Father Willed it to be this way so that those who would follow would have Someone to lead them in many ways.**

**The Son, Who was born through Me, was to give Strength, Hope and Understanding for others to realize that human life was Special to The Creator of All Things, because in this way, in the Creation of human life, so much that The Creator wanted to have accomplished could be done, giving to the world many Acts of Divine Love.**

**I hold *the little one* tightly, because of the strength it takes to repeat the Words that are important for others to know regarding the Love**

The Father has for human life, and also, the Importance of the Soul He places within each human life at the moment of conception.

The Soul is not seen, but It is felt. The Soul is That Portion of The Creator that not only gives physical strength, moral strength, but aids in the mentality, thus helping human beings to be able to be more intellectually aware of more than any other thing created.

We All smile as this *little one* repeats the Words, because she just said to Me: 'You have never put it that way before. It sounds so right, and is in many ways, so much more explanatory.'

There are Several of Us present where this *little one* is, because there are millions of Souls Who are the victims of the ones in whom They were placed at the moment of their conception.

We hear some individuals say, 'The Father would not choose *one small woman* to speak in so many ways, using so many subjects, reminding others of the subjects and the importance they play in human life.'

**P**rayer is an important portion to every human being born. It is not necessary for it to be formal, because oftentimes just a discussion with Whoever is present at that time, is passed on immediately to Others in the Heavens. All words are heard, all requests are heard and answered in more ways than an individual understands it to be, because The Father, in His Love for human life, is a Portion of human life that cannot be seen.

**C**hildren are not being fully instructed on how they should depend upon prayer to aid them, to comfort them, and to give them help and/or hope at particular times.

**I** will close My Words, but as I do, I bless you with The Father's Will, because The Father has given to the world of human life His Love in so much Instruction, not only here where you are, but in other ways, places, and on situations that gave strength when it was needed, and definitely purpose, because of the Soul that is the recipient of all an individual is accompanied by, every moment of every day.

**I could speak hours, but I will close Them now with a short prayer, hopefully that you will remember:**

*‘Heavenly Father, grant me the Grace and the strength to always feel Your Presence, because when I do, it is through my understanding purity over impurity, hope over hate, truth over untruth, and an awareness of Your Presence in my Soul that never leaves me any moment of the day or night.’”*

SEPTEMBER 5, 2003 AT 12:00 NOON

## GOD THE FATHER

**“Human justice, judgments, are based on what an individual is capable of understanding, or is in the process of learning. Justice is not always the concern, because the subject matter is oftentimes of a different nature or way that the individual is not fully associated with. The natures of human beings have much to do regarding how an individual understands judgments regarding morals and immorality.**

**Children are not being advised on how important their mentalities are to their Souls, because the Soul is the recipient of all an individual speaks, thinks, does or practices.**

**The word ‘Soul’ to many of all ages, is merely a word that defines what they have heard is Something within them, unseen, but defined to be ‘a Portion of The Creator of All Things’, which logically, in fact, should never be questioned, due to the fact that The Creator of human life would only use things to give strength, understanding, hope and usefulness to**

**human mentality as it lives each day, exposed to a multiple number, degree of occurrences that involve their personal decisions, and the decisions of others who live as human beings.**

**I know What I have spoken will be different for some to read, but it is important for the human minds of all ages, to awaken to the fact that in the Creation of human life, all facets of abilities were taken into consideration, thus giving to human life knowledge, responsibilities, and goals for many facets of human behavior, to fully understand that human life was and is gifted by Divine Plan.**

**There is so much more to be spoken on this subject, not just to alert those who live at this time to the importance of the human mind and practices available to them, but those who will come in the future, more fully understanding that the human design and Goal of human life includes a Portion of The Creator. It is called 'the Soul'. Also, as the Soul is more than It is seen to be, felt to be, understood to be, it is important that It be thought about as being a Reality in human life, of Great Importance**

**to human life, and the Goal for which human life was created.”**

SEPTEMBER 5, 2003 AT 1:33 P.M.

## SAINT BERNADETTE

**“I am Saint Bernadette.**

**The Father, in His Love for human life, has given to it a means and a way for individuals of all degrees of Faith in Him, in all ages of life, to understand more indepthly the True Existence of a Creator, because of all that the earth contains; first of all, the symmetry of all things, the strength in all things created, the purpose in all things in the basic Creation of the earth, the planets, of the stars, and of the weather that human beings are dependent upon, because these things are helpful to their lives in a personal way, and yet in a very ultimate source of relationship to human beings.**

**The world has been Blessed abundantly, and since the beginning of the Creation of human life, many different changes have been made to satisfy human life mentally, physically, morally, spiritually.**

**Children are not being instructed on all the wonderful things they have to depend upon that were created by**

**The Creator, to give their lives more strength, more fulfillment, and a Goal one day for That Portion of them, the Soul.**

**We hear so many say: ‘I hear so much about a Soul. What is It? I cannot see It. I cannot feel It.’ The Soul of human life is within the human life, not something that stands out like a protective weapon of some sort, but It is in the mentality, the physical, and the rational understanding that to be able to do all that a human being can do, proves that there is a consistent Protective Source, Force that aids them in every facet of human life.**

**Each day, every human being created sees their own body, their own way of life, and their own limitations on what they believe in, and what they feel they believe in.**

**I could speak endlessly on this subject, because human life is gifted with Blessings from The Divine, thus giving to human life strengths, hope, and an obvious understanding that human life is gifted with a closeness to a Greater Entity than it knows to be. It is basically called ‘The Divine’.**

**As I close These Words with you today, I close Them with deep Love for the privilege it is that The Father gives to Some of Us to be able to help those who are in the human state, because you see, the Soul, as We know It to be, is What We are connected to in a degree, a manner, a way, unseen, but it is The Father's Love that keeps Us in touch on many things."**

SEPTEMBER 6, 2003 AT 10:40 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. Yes, there are Many Others present Here with Me at this time, because All The Saints want those who are yet in the state of human life to not just desire Sainthood, but to strive for It through their manner of living, and how they practice their moral actions, attitudes, and example to others.**

**Many men, women and children despise the word ‘morality’ because they feel it puts pressure on how they live the human way, thus ignoring that the word should give them strength, direction, hope, and assurance that they are obeying The Commandments delivered for the Ground Rules of all of human life to follow. Without Sound Direction such as This, These are, human lives would have nothing to guide them and to help them realize that the human way of living, without a Goal, would cause human beings to be in the same category of many other things.**

**Today as I speak, it is to awaken the human mentalities to realize and to see the importance of how they think, how they speak, and what example they are to all other human beings.**

**This Gift of My Divine Love that has allowed, and is allowing so much to be understood, giving to human beings a more in-depth logical understanding, that the future for living has a Goal for a Future to continue living for their Soul.**

**I could speak hours continuously on this subject that is of such great importance for human beings of all ages to be instructed on, due to the fact that very little is understood regarding the Importance of That Portion of human life that is a Portion of Me, that I want returned to Me at a given time. Would it not be sad to not have something to look forward to? Would it not diminish human life to a flower or a piece of wood?**

**I speak so plainly through This Gift of My Divine Love, because of My Love for this Creation of Mine. If this creation was not of Great Importance to Me, ask yourself, would I have put into it a Soul that is to be returned to**

**Me, representing the one I chose to live a human life, learning all physical matters and degrees of mental understanding, and with the free will to choose, to make choices, if human life was not Important to Me? Remember, I am within each human life to give it the strength to endure, and the ability to know, and the love to remember it has a Goal for the Soul.”**

SEPTEMBER 6, 2003 AT 2:00 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. It is with much happiness I speak today. This Gift of The Father’s Love for human life is, in so many ways, allowing Itself to be spread for millions of Souls to be helped by hearing about It.**

**Some, in their own way, are saying, ‘It is difficult to believe that This is being done at this time that we live,’ due to the fact that so-called ‘modernization’ of so-called ‘Christianity’ has changed so indepthly.**

**The continued delivery of All that has thus far been put into print, and yet more to be put into print, will in many ways be the Armor against the evil in many ways.**

**It is sad for Me to say that evil is not recognized in its true existence, full measure of devastation to how individuals of all ages think, act, and allow themselves to be used, not just improperly, but satanically.**

**The father, the mother of many families do not respond to the wrongs,**

immoralities that they witness in those close to them. Immorality has always been totally abusive to the Souls of millions who, in their actions, practices, thoughts, and even their imaginations, catered to what was not normal thinking, that life was provided to accept all that was available to it.

Sinfulness, in many ways, is not seen for what it does to a human life, because sinfulness is usually practiced in a manner, a way, a degree, that it is not seen for what it is, but is oftentimes spoken as being natural to human beings, human life, human needs.

I will close My Words, but as I do, I must add one Statement: The Father, in His Love for human life, has openly, obviously given to human life the chance and the ability, through *one small voice* in which written Words are printed for others to read, the reality of so much. Satan's intercession is part of human lives that do not reject it, even though they know it displeases The Father, because of what it does to the Souls that are the victim of it."

SEPTEMBER 8, 2003 AT 12:04 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. All things that I have created were done for a purpose, but also had much reasoning in what they were available for, how they would be available to the future of human life, when it would be created, to have the foundation for many things to be accomplished, to be used, and to be understood for the reasonability of their existence.**

**There is so much I would like to speak about, enlightening human life of all degrees of intelligence to the importance of what they exist in, that has in many ways an effect on their lives.**

**The Creation of human life was and is Special to Me, because I have instilled in it Gifts that nothing else created is the recipient of. The Most Important Thing is a Portion of Myself, called ‘the Soul’. Without the Soul, human life would not have that closeness to Me that at some time will be returned to Me, be with Me Forever and ever and ever.**

**In the design of human life, My Will was to make it above and beyond what anything else created would contain, because as I designed human life, I instilled in it many facets of human life that would resemble an acceptable vision and aid, to help human life understand that in My Design, I placed certain facets that would give to human life an obvious appearance, plus abilities that nothing else created would have.**

**Though the Soul in each human life is a Portion of Who I Am, What I Am, It is Greater than anything created, because the Soul, as a Portion of Who I Am, What I Am, is What will remain of human beings after they no longer exist in the human way.**

**The number of years counted by human beings that separate My Existence to the time I began to create human life, is never really spoken about, because when I decided to begin to create human life, it was for many reasons. My Divine Love was the Foundation for this, and still is.**

**No human being has the ability to understand What I Am, Who I Am, or All that I Am, but since the Creation**

**of human life, I have allowed human life the privilege of a Special Entity of My Divine Love, giving it a Purpose, giving it an intellect, and giving it goals to reach, thus allowing the Goal for the Soul not to be something new to the mentalities of human life, but a Logical Gift of My Divine Love.**

**I bless those who use prayers with dignity, honor, because in this communication with Me, or Any of Those Who have become Saints, it is an ideal communicative association, giving strength, a deeper understanding, and a strong will to accomplish, to become ‘a Saint’.”**

SEPTEMBER 8, 2003 AT 1:15 P.M.

SAINT ATHANASIUS

**“I am Saint Athanasius. It pleases Me so much to be allowed to speak openly through This Gift of The Father’s Love for all of human life. So Many of Us Saints want to speak to encourage, to give strength, hope, energies, and the abilities to more deeply understand what a privilege it is to be born in the human way in God’s Plan.**

**So many times We see individuals drop to their knees for a Blessing, because they sincerely feel that when they are Blessed with ‘*The Sign of The Cross*’, the Crucifix that The Son died upon a long time ago, there will be strength in the Blessing, hope, and a rejuvenation of understanding, and the abilities to find hope, where oftentimes they only find despair or a lack of encouragement, that they feel should be there.**

**Prayer alone is a Gift of Divine Love, because it has encouraged communication that, without this communication, human beings of all**

ages would be dependent only on each other, not feeling the strength, the love, and the closeness to The Divine.

Too often We hear, 'I meant to pray today, but I didn't have time.' This is not just sadness to Us, but totally out of line with the reality that prayer can be said any time, even when one is busy working on something else, or in the company of others, even strangers, because prayer can be thought and communicated without a sound.

The Father hears everything and everyone, and All The Saints in the Heavens listen for the slightest word to be spoken, because in Their Gift of being Where He is, it is an automatic thing for The Saints to hear all that human beings act out, think about, practice, and become part of. Nothing is hidden. Nothing is a secret. The Father sees to this.

It is sad for Me to say My next Words. When an individual decides that prayer cannot be the answer, only action will accomplish what they want to be accomplished, this of course is foolishness, because there is always aid, always help, never interference, but always the willingness to give hope

**when it is requested, help in all phases of life. Even when the individual cannot see it as such, it is present, I assure you.**

**As I close These Words at this time, do not forget, in your human way you have learned so much regarding so many facets of life. Never forget, you have the ability to communicate twenty-four hours a day with The Divine.”**

SEPTEMBER 9, 2003 AT 12:00 NOON

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This time that you live in, is a Time I have chosen to instill in all of human lives My Divine Love, My Divine Will, and how I feel about many areas of life that are dangerous to the Souls of those who partake in what can be impure, unjust, and basically vile to the Soul, attacking Its Purity and Its way of participation in things difficult for It to handle because of the foulness, degradation the Soul is aware of being used as, used for, used in.**

**I have given to the world a Blessing, *one small voice*; also, requesting Many of The Saints Here in the Heavens to join Me in instructing all ages of human life, the value of being born a human being, but also the Importance of the Goal that awaits human life, perhaps not the body, but definitely the Soul.**

**The children are wandering the streets in all places, being abused, abducted, and instructed impurely.**

Too little, or I should say, nothing is being corrected here.

**As I speak through This Gift of My Divine Love, I speak with a firmness because of the Importance of the Souls that are the victims of what every man, woman and child bears from the moment of conception until the last breath is taken.**

**Needless to say, I have chosen a *small one* to repeat What I Will all ages, all sizes of human lives, all backgrounds, all degrees of intellects, to more fully understand that This Time in the life of human beings is a life gifted with My Being Present so much, and relaying so much that I Will human beings to understand as important, to be for that creation they are, a human life, able to speak, to act, to see, and to follow what is morally correct for the Soul that is within them, that is a Portion of Me, Who I Am, What I Am.**

**As I close My Words, I do it because if I were to speak as long as I am capable of speaking, no human being could keep the Words flowing.”**

SEPTEMBER 9, 2003 AT 12:53 P.M.

## SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. I oftentimes speak through this *little one*, but I do not announce Who I am.**

**It is important that This Gift of The Father’s Love for human life be spread in many areas of the world. Translation is important, but so is the language you have, you know, you speak.**

**The world has been Blessed abundantly since This Gift of The Father’s Love took *one small body* and prepared it mentally, physically, and Spiritually, to be able to transmit spontaneously Anything, or as much as a Saint would like to speak, giving to human life a Close Association, understandable and yet Divine.**

**Children should be instructed, based on What has passed through This Gift, because children are only learning all about The Creator in short terms of instruction, and in very few books that stress the importance of each day of human life, and the Importance of the Soul that each human being is not only**

**the custodian of, but the protector of; also, That Portion of human life that is to be returned to The Creator of All Things at a given time, thus wanting It to be Pure in everything about It.**

**It is so easy for men, women and children to speak on many subjects, interesting, because they update their thinking, or they are materialistic in value, in understanding, thus making it humanistic in its communication.**

**I assure you, though, that a Spiritual mode of action can be made to be seen as interesting, and also beneficial mentally, physically and morally to all ages of human life, even the little ones who are just learning how to live the human life.**

**So much emphasis is put on entertainment and on progress in different fields in which human beings are attracted, or are earning the money to use so they can live in a proper manner, way, degree, necessary for the human mind and body.**

**So often it is difficult for some individuals to use several subjects at the same time. All of the subjects combined give facts on different portions of daily living, combining**

**one avenue of thinking with another avenue of thinking, thus allowing more information to be released, and more understanding of more things than one subject that is usually made to look like the important subject of the time, the circumstances, or the way.**

**As I close My Words now, I say to you, ‘You have the privilege of your mentality, your interests, and the logic of the importance of using many areas of how you are capable of discussions, thus many times offering a note regarding something connected to the Spiritual, not overpowering now, but merely awakening the thought in someone that perhaps needs that one or two statements, more than you will ever know it by how they act, how they will remember when they are no longer with you.’”**

SEPTEMBER 9, 2003 AT 1:25 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. Each time The Father requests I speak in This Gift of His Divine Love, for not only the Souls of millions of human beings, but for their abilities to more deeply understand the importance of every word they speak, every place they go, everything they do, and how they practice morality.**

**You do live in a time wherein so little is acceptable by all ages of human beings when it comes to sound Spiritual Faith in The Divine. Men, women and children have a way, many a habit, of following what to others is practical, logical, feasible, and interesting, thus ignoring the purity in these things, or the impurity they either suggest or introduce, or cause someone to be vulnerable to physically.**

**In so many ways, so many times, a human man, woman or child has the ability to make excuses when they know what they have done or are doing is a sinful act, impure physically, mentally, morally, in every facet of it.**

**Many claim that, 'If others are doing it, it cannot be as wrong as I sometimes sense it to be, because the others are good people that I know them to be.'**

**I will make one more Statement to add to this. No matter how deeply you understand another human being, you are not capable of reading his or her mentality in every facet of its ability, or its interest, or its theory. The value of imitating someone else is not a value unless you know all the facts involved in what the value consists of.**

**Remember, there are many hidden aspects to the value that appears so right, because most of it can be used by the enemy of The Creator and of you, to cover what is morally unsound, impure, unjust, and pleases only the enemy when it is practiced with a full lack of assurance of its sound reasonability.**

**As I close My Words, I know I have spoken different than many will perceive It to be, but They are meant to help you think that what you hear, what you participate in, what you become part of, or what remains in**

**your Soul, you are responsible for the rest of your life.”**

SEPTEMBER 9, 2003 AT 3:30 P.M.

## GOD THE FATHER

**“I have given to the world a Blessing that gives Strength, physical and mental; Hope that is sound, advisable, and gives courage, plus Strength to all who come in contact with It.**

**I have given time to those born in the physical way to utilize all that is instilled in them, physically, mentally, morally, psychologically; also, I have given them hope to achieve goals that would give to them physical and mental opportunities to address and accomplish greater measures of abilities.**

**To human life I have shared the creation of human life, by the ability to give birth to other human beings, thus in one way working with Me to achieve growth in human lives that nothing else is capable of doing.**

**Human life has many Gifts mentally, morally, physiologically, and through the physical strengths of many portions of how they were designed. The heart of human life is**

a Gift greater than it is known to be, because within it, it is the obvious fact that human life exists because of the beat that is consistent with all other facts of human life.

I have surrounded human life with many things, abilities beyond what anything else created is capable of. The mentalities are unlimited, and are guarded and guided by My Divine Love. The beat of the heart is more than it appears to be. It verifies life in a living way, thus verifying all the other Gifts that are active consistently.

The human mentality, with all that it knows, understands and practices, oftentimes omits all the Gifts that, combined, give to human life superiority in a living form I designed to be.

Each portion of human life has a purpose, but also it contains a union with all other human lives created, because of the abilities to understand major issues that in many ways allow progress physically, mentally, morally, psychologically and spiritually.

My Gift of human life is far greater than it is perceived to be. So

much is taken for granted, but this is natural to the human mentality.

**I** have come to the world at This Time for many reasons, not just for human life to get acquainted with Me, but for Me to be able to engage with human abilities the Importance of what each one stands for and Its Importance in the life, in the one It is placed in a manner unseen.

**I** have Blessed so many through many years of doing what I have just spoken. It is important that human beings of all ages begin to see what they are and have, are Gifts in My Design of human life, to give more to it than other things created.

**I** have Blessed so many men, women and children through This Time that I have spent speaking through this *little one*. So much must be seen for It being a Gift of Divine Love, to be able to have all I have placed within human life, and it is to be used in a degree and a manner and a way, aiding all the other factors in human life, never disgracing one Blessing, one Gift that pays honor to the life of being a human being.

**Dignity must be seen. Human life was created for many things that were to be recognized with dignity, honor. Why else would I have put Myself upon the earth, if it was any other thing? I put a Portion of Myself, called 'My Son'. It was to forever be respected and seen as a Gift of Divine Love, to encourage all human life to realize that human life was created by Me, to be recognized in dignity for the Purpose for which it was created, and that was and is because I Willed this creation to be Special, to be dignified, to be knowledgeable, and to be superior in fully understanding it was created to be returned to Me in Glory and Thanksgiving."**

SEPTEMBER 10, 2003 AT 1:01 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius. I come today to encourage those who are earnest, sincere, regarding the Importance of life, to remember that oftentimes there is much enticement, encouragement to practice something that seems so innocent, and yet basically would be forbidden by The Father.**

**The human body is a Gift of Divine Love, but many times is the source for the enemy of all created, to use it in a degree and manner displeasing, because the body, in its creation, was to give a foundation bearing a Portion of The Creator, a Soul. That is why so often the body is tempted by the evil one, and encouraged to be weak at the same time.**

**I know I speak quite openly, but it is important for all ages of human life to think before they act, and to question whether an act is pure or evil. So many times an evil act is termed ‘humorous’ and causes people to laugh, but in the foundation of it,**

**the basic understanding of it, it affects the Soul, and the Soul, in many ways is the penitent of evil acts.**

**I will not talk long on this because What is already spoken should be read and seen for the Purpose of It and the need of It in so many lives of thousands and thousands of human beings.**

**As I close, I say one thing: The body should be remembered as a Gift of Divine Love, having a purpose, but also capable of serving in the proper manner, helping others to realize that purity of the body, the mind and the Soul, are the Goals to Heaven.”**

SEPTEMBER 11, 2003 AT 12:53 P.M.

## SEVERAL SAINTS

**“There are Several of Us present to help you at a time when you see so much desecration and obvious immorality used as a humanistic value to individuals, at a time when the Souls, or the Soul of one individual, should be the point of consideration.**

**Throughout the world there is so little understanding of the Importance of human life, because all things are based on human ideas, practices, and ideals that basically have no Spiritual understanding that it should be thought about, regarding Who The Creator of human life Is, and the Purpose for the Creation of human life, thus the Goal for That Portion of human life that must be protected, guarded, aided, and in returning to The Father, Pure.**

**We hear some individuals contradict this last Statement by saying, ‘If Spiritual Purity is so important, why was I born with a mark on my Soul that I had nothing to do with?’ At this time, My explanation**

could be endless on this subject, because so much more is involved than is understood. I will go on with another subject.

Children are not being taught regarding the importance of their actions, their example to others, and that basically they were created with a Portion of God Himself within them, thus giving them the strength and the innate understanding that purity of the mind, and one's actions, one's goals, one's decisions, should never be not seen for what they were given for, and that was and is for the Soul to remain Pure, to be returned to The Creator based on love for The Creator, obligation to The Creator, duty to The Creator, and a desire to return to The Creator, a Saint.

As I make My point on another subject, perhaps it will help some who read These Words, relate to the importance of how they act, how they treat others, how they commit themselves to purity over impurity, justice over injustice; also, to be ever mindful of what part of the human body is based on more than any other part of the body, for morality to be exercised continuously, so no impurities will

**interfere with the Standards of Divine Love for the Soul that awaits to return to The Creator, not necessarily being called 'a Saint' by all other people, but becoming 'a Saint' in the Eyes and the Love of The Creator.**

**As I close These Words, I beseech those who write Them and who pass Them on to others, never forget: When a human being is created, it is a Gift of Divine Love, because it is through human life that the Souls are an Important Part; also, that even The Son of God was a Portion of Greatness, because He was created to be 'The Example of the family way' to one day, for all of human life to see that the Importance of human creation has a Purpose beyond human understanding or imagination.**

**All things spoken through This Gift, and All things put into script through This Gift of so much Instruction, have a Divine Reasoning that nothing else has, because It is being done at This Time, in a year far from the year that The Son of The Father was born, but the Meaning carried on to allow those who were to come at a later time, to understand that the Gift of human life is more**

**than a body, a brain, or a set of limbs. It has within it a Soul that nothing else created is gifted with.**

**As I close These Words today, I beseech those who read Them, to read Them with an open mind, but a mind that will remember what a Precious Gift human life is, and it is to be remembered as the Greatest Gift of Divine Love ever created by The Creator, so it will be returned to Him at another time.”**

## SAINT MARY MAGDALENE

**“I am Saint Mary Magdalene. I seldom speak openly mentioning My Name in This Beautiful Gift of The Father’s Love. The reason for this is, there are so Many of Us Saints Who request to speak, to aid and to help those yet living to fully understand that human life is a Gift of Divine Love with a Purpose, a Goal Greater than anything else created is the custodian of.**

**For a countless number of years, Heaven has been speaking on the Importance of the Soul. When this time first began, it did not have a date on it as human life knows a date to be, but The Father, in His Love for human life, has always been close, because as the Soul in human life is a Portion of Him, would it not be unnatural for Him to not be close to the human lives, even though in count there are millions upon millions upon millions who have been born, and who are still in number, greater than the human mind understands?**

**When Words are spoken regarding the Soul, it is sometimes a shock to some who hear It or who are asked to put It in print, because the Soul is not often thought about as a Living Portion in the body of a human life. It is basically understood as a subject or an object of conversation, thus eliminating the reality of What It is, due to the fact also, that it is impossible for the human mentality to understand All The Creator Is.**

**Today as I speak, I speak with deep concern for those who do not realize that every act they perform in the human way, every response verbally in the human way, every thought in the human way is heard by The Divine, seen by The Divine, because all these things reflect in the Soul of the individual for a Future Consideration of how the individual used the act, action or words.**

**So much has been instructed through This Gift of Divine Love that basically is governed by The Holy Spirit of The Creator of All Things.**

**It is important that all ages of life, all backgrounds, all degrees of intellect more fully understand that**

**to be created a human being is greater than anything else in Divine Plan.**

**The whole universe was created, but there is no human being that can innately understand how the universe could ever be created, because The Father, in His Greatness and His Abilities, is not like an ordinary man. That is why it is so important that prayers to The Creator of All Things be said with earnestness, sincerity, appreciation and an innate love, because they are praying to What they cannot physically associate with, and yet are entitled to understand It Exists.**

**So remember These Words, because each time you pray, each act you perform, every move you make is important to your Soul. One day the Soul will be seen by you, and your Soul will be What represents you at a given time, in a given way, not understandable to the human mind, but the Soul is with you every moment since the moment you were conceived until the day The Father Wills otherwise to be.”**

SEPTEMBER 12, 2003 AT 1:00 P.M.

**SAINT BERNADETTE**

**“I am Saint Bernadette.**

**Too little is being spoken or instructed regarding the Importance of what an individual is created for. So much emphasis is put on the physical. This, of course, is natural, necessary, and good to a point.**

**At this time throughout the world, there is less spoken regarding that each human being is born with a responsibility, and that responsibility, though unseen, is understandable to be present because of the innate sensitivity a human being is Blessed with, but also knowledge and many other assets that innately tell a human being that they are responsible, and must adhere to the responsibilities or else there will be difficult problems for them to face.**

**No human being is born without the Gift of Divine Love, the Soul. The Soul is not seen, but It is innately felt, because of the innate understanding of the human mind that there is a right and a wrong to things, a good**

and an evil, a just and an unjust, a truth and an untruth. Granted, these developed through time, but even a newborn baby sometimes will respond to something it does not want near its face, or near its body. It will move to remove it, but those taking care of the infant do not see it for the magnitude of relationship human life has at this particular time.

There are thousands and there are millions of human beings of all ages at this very moment who are purposely committing vile, contemptible sins, thinking it is all right for them to do because they are human and have the right to decide what is all right for them to do.

The Commandments of The Creator of All Things were delivered a long time ago for the purpose to instruct all generations of the importance of What The Father Willed them to see as right over wrong, pure over impure, just over unjust. We hear so many argue this point and say, 'But it is so natural many times to choose what is more appealing, more applicable to the situation, even when it is something that is not totally pure, as we are instructed purity to be.'

**Today, throughout the world at this moment, there are millions of human beings living lonely lives. There are also millions of human beings living according to how they feel it is acceptable to be impure physically, because their bodies are telling them so.**

**We hear so many excuses, and so many excuses are demonically encouraged. The human will, the human in-depth understanding knows when something is wrong. Even if it is just an unkindness, there is an in-depth awareness of it.**

**Needless to say, you live in a Time chosen for so much to be instructed upon, helping the Souls of those who take the Words and those who will read the Words, because this time was at a point of becoming totally demonic in every facet of life.**

**Since This Gift of The Father's Love, My Love has opened the way to more understanding of the importance of purity of the mind, of the actions, also of the example. There are many who stand and pray, but do not know what they are praying for. It has just become a habit with them, but in The**

**Father's Way, He many times instills in them that what they are doing is to give them the strength they need to help them think His Way.**

**My Words are different I know, at this time, but as I speak Them, They are to remind those who read Them to think clearly on how you would respond if you were The Father, and you were seeing all that was going on throughout the world. How would you respond? I guarantee you, you may not be as kind as He Shows to be, because the Souls of millions of human beings are Portions of The Creator of All Things.”**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. My Personal Words to and through this *little one* I use are oftentimes a great sadness to her, because she understands that there are so many who supposedly ignore Who I Am, What I Am, but ignore My Presence most of the time.**

**Within each human life, I instill a Gift of My Divine Love. It is called ‘the Soul’. Without this Gift, human life would be void of so many talents, abilities, understanding.**

**The mentality is a Gift of My Divine Love, because it is a necessary factor for human beings to understand the importance of all that occurs around them, within them, for them, by them.**

**The intellect is different in each human life. This is according to how they personally adjust, accept, or make it a point to learn different subjects, allowing them to personally commit outwardly or inwardly, to fulfilling**

what is to be done, or what has been requested to be accomplished.

**I**n the beginning of the Creation of human life, I used many Gifts to help the mentalities to be able to understand different factors they would be approached with, by, for, and the reasonability of these situations that would give them more understanding of all that had to be learned because of what they would use to live a more formal, or a more practical, or a more feasible manner of doing things that would lead them to a higher understanding of the value that was obviously present, that would aid them to a higher degree of using the advancement of learning.

**I** speak differently today, because throughout the world there is a need for more understanding of how I want all of human life to see the value of human life, and that within it there is a Portion of Me, always ready to strengthen them to accomplish what is morally sound, real, and compatible to helping them further their understanding on many things.

**S**ince the beginning of the first Creation of human life, I have allowed

**so much to be learned, giving to human life a greater understanding of the Importance of human life, and that within it there is a Portion of Me.**

**I could speak endlessly on this subject, but I have spoken today to hopefully awaken the mentalities of certain individuals to more fully understand that birth of a human life has a Goal based in Divine Plan, giving to each birth, boy or girl, a Soul that is to be returned to Me at a given time. This Gift alone is a continuous Gift of My Divine Love to each human being born.**

**I plead with all men, women and children, the Soul is the recipient of all you do, you think, you speak, you practice, but also, it is that Gift that you use through your lifetime that will be Judged by Me, because It will be returned to Me in the ‘state’ you caused It to be. I plead with you: remember this.”**

SEPTEMBER 15, 2003 AT 1:09 P.M.

**“Yes, there are Five of Us present. This occurs most times when One of Us is going to speak, for Our Words to be put into script for thousands of men, women, and even children to learn from and to learn about important Spiritual aspects of human life.**

**To use *one small voice* would sound odd or ridiculous to those who feel the power of the voice is important, but We Here All agree that it is not the power of the voice that is important, but the Words that are spoken that are important.**

**You live in a time truly worse than all the horrible times in the History of human life. In the time of the Crucifixion, there was jealousy, hate, little understanding of what a Gift of Divine Love they were abusing, but oftentimes the egotism of a human being surpasses what is correct, what is just, what is logical. The Words are endless on this.**

**Through *one small voice*, so much has been delivered, logically seen that**

the Words could not be hers, but had to come from Heaven. Imagination, to some individuals, erases Truths, thus ignoring Facts that have within them strength, hope, understanding, and goals. These goals are not just extraordinary, but they are goals that fulfill a Great Portion of The Father's Will for the Souls of millions of human beings.

We All stand by as These Words are spoken. We smile at *the little one*, because Our Presence affects her sensitivity to Who We are; but, as We close These Words now, We appeal to those who take Them and who will read Them: do not allow yourselves to ignore Truth over imagination or other individuals' perception, conception or irrationalization of What is delivered through This Gift of Divine Love that has been given to aid All Souls of all individuals born to the world, to return to Heaven.

We All smile as These Words come forth, because We know what the difference is like when you speak of a Goal being for Heaven, rather than the Soul being forced to go to a place that only satan is made happy.

**I close These Words and We All say in unison: ‘As The Father blesses you, We bless you for your Faith in This Gift of Divine Love that delivers so much Beautiful Direction.’”**

SEPTEMBER 16, 2003 AT 12:37 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have just personally put tears in *the child's* eyes for a specific reason. Tears are oftentimes important because they have the purpose to explain to others present that there is either happiness or sadness going on, either personally or with someone else, or for someone else, or the need of someone else.**

**I am about to ask you an important question: When you sin against one of The Commandments, do you cry, or do you ignore what you have done that hurt Me, because of your Soul that is the victim of all you think, say, do, practice or commit to?**

**I have given human beings so many traits, allowing them to express how they feel emotionally, mentally, psychologically. The list is endless.**

**When a child cries and there are tears that are shed, whatever occurred was hurtful in some form, manner, way, degree, perhaps even based on**

someone's darkened idea of what the word 'humility' stands for in the language of your time.

I have given to the world a Blessing far greater than It is understood to be. If I did not love this Creation of Mine so intensely, I would not care about many things.

I have never spoken to anyone such as I speak today through this *little one*, but you do live in a time of great importance. I must add to this, all times of human life from the beginning were of great importance, but due to the characteristics, the understanding and the training on moralistic values, differences and indifferences, all times were held differently in the mentalities of those who lived in those times.

I speak differently today, because I feel it is time that My Words express more indepthly how I understand all things that occur in the mentalities, in the physical actions, and in the minds of all who are born in the human form, way, degree, manner, bearing a Soul, a Portion of Me.

I will close My Words, because What I have spoken to some will be

harsh, but the time sometimes calls for more in-depth Wording.

**As I close My Words, I want you to know, not just those who take These Words, but those who will read These Words and pass Them on to others, that in My Creation of human life, I instilled within it Something nothing else was gifted with. It is called ‘the Soul’, and it is That Portion of human life I listen to each day, because the Soul, in Its Close Relationship with Me, is Greater than the human mentality can perceive It to be.**

**I plead with all who walk the human role, to practice what you know is pure in thoughts, words, deeds. The list is endless on this; but I have come today to speak These Words, because I feel it is time for Them to be spoken in a manner, a way, to instill into the human mentalities who will read Them, and who will pass Them on to others to be read, will eventually feel that My Divine Love for all I have created, and All I Am, wants All Souls to be returned to Where I Am.”**

SEPTEMBER 16, 2003 AT 1:00 P.M.

## OUR HEAVENLY FATHER

**“This *little one* is obedient to My Will, and it is important that All that has thus far been delivered, be constantly delivered, because in the human weaknesses of human life, it is so much a habit of when an important Message is heard and It is not to an individual’s liking or real concern, It is passed off and even thrown away. This Cannot Be Done To What I Have Just Delivered.”**

SEPTEMBER 17, 2003 AT 12:58 P.M.

MANY SAINTS

**“There are Twelve of Us present as We speak through *one small voice*.**

**It is important that The Father’s Love for human life never be set aside, because of the Importance of human life and What it is created with.**

**The Soul is an Entity of Beauty because the Soul was created to be That Portion of human life that would return at a given time to Heaven. The word ‘Heaven’, to most individuals, is just a Spiritual word, or a word that explains a Particular Place Wherein the Souls go when They are no longer Part of the human portion of life.**

**So much has been delivered through This Gift of The Father’s Love, so much instilling into the mentalities of many regarding the Importance of being created a human being. The Goal for human life is Far Greater than It has ever been understood to be, because the Role and the Goal are placing the Soul with The Holy Trinity.**

**I could speak hours on this subject, but it is important that What I have just spoken be passed on to others, even if they appear as though they do not believe It, because it is innate in human life to want success, to want progress, and to want their lives to be special, even when life is no longer active or able to do the things it had done for years.**

**Though I speak differently, I speak with deep Love for human life, and This Gift The Father has given for so much to be put into script, print, legible to be able to be read, thought about, and more fully understood about what a Treasure human life is and always has been since the first ones were born.**

**As I close My Words at this time, I remind all who read Them: Live each day for the Goal. It will give you happiness, joy, and instill in you hope that you never had before, because the Future has a Promise in it. It will be a Place, a Way, that the human way could never compare to. The Father's Love for the Souls of all who are born the human way, can count on being Blessed totally in Divine Will, Divine Love, Divine Way, and used for many**

**things to help others want to become 'Saints'. Do not forget, that is the Goal for your Soul one day."**

SEPTEMBER 18, 2003 AT 12:47 P.M.

## SAINT BERNADETTE

**“I am Saint Bernadette.**

**We have spoken much through this *little one* that We All use, because The Father wants much to be released regarding the importance of morality over immorality, justice over injustice.**

**Today, throughout the world at this moment, there are hundreds, if not thousands of sins being used, each one having a different purpose, or a so-called ‘reasonability’ due to circumstances or practicality. Throughout the world there is little emphasis being instructed on immorality in its full concept of what it is, what it is all about, and that there is no need for it to exist at all.**

**Children are learning religion, adults are learning religion, but not always in the true manner in which the Apostles heard the Importance of the Soul that each human being is the custodian of. If a human being did not have a Soul, what would be the Goal for the human life through the purity,**

**chastity that is obviously an innate sensitivity in human life?**

**When the Apostles walked with The Son of The Creator, their sensitivity to what was important was drawn up by The Son of God Who walked with them in a manly state of life, masculine, not feminine, but constantly teaching, instructing in many ways that human life was created for more than a purpose than it is talked about; but The Father, in His Love for this Creation of His, continued to create more human beings, giving them a Goal to strive for, because the Goal would return them to Him.**

**It is difficult for the human mind to understand why The Heavenly Father would even think about this subject, because logically He was not lonely. The human mentality cannot perceive the Greatness of The Divine. They can learn about It, but they cannot perceive All It contains, or All It is about. So, for many, many years after the Birth of The Son of God, The Creator of All Things gave to the world human beings, human lives, thus giving a Special Gift beyond the natural reality, that in the end would one day be returned and cause Heaven**

**to be more than It was in number, in Happiness, and in a fuller degree of Understanding of The Divine.**

**To many, These Words may be found difficult to understand, but The Father, in His Love for All He has to be able to accomplish, His Generosity is Greater than the human mentality can perceive It to be. So those who read These Words, bear in mind, that to be created a human being is more than a Gift of Divine Love, because it is The Father's Manner of Sharing All He Is."**

SEPTEMBER 19, 2003 AT 11:43 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**As I speak on this day, I have a very important question to make. All human beings become aware that the very instincts in them are from Me. The ones I speak of are the instincts, the caring that would give to their Souls a Blessing, and an opportunity to gain more Blessings.**

**What I have instilled is the desire to accomplish certain things, some quite measurable in their degrees, their indepthness, and their goals.**

**In My Creation of this Gift of My Divine Love, I placed a Portion of Myself, called ‘the Soul’. I have not changed My Way in regard to this. The Soul is the recipient of all an individual thinks, speaks, does, or practices in their daily way of living in human life’s way.**

**I speak on this at this time, because in the human manner of thinking, little emphasis is put on the Importance of human life and the Goal**

**for which it is intended to strive for; that is, to return to Me, That Portion of What I Am, Who I Am, their Soul.**

**I will close My Words, but I desire What I have just spoken to be able to be seen in many, many places throughout the world, to give a stronger, more important understanding that human life is Special to Me, because it has That Portion of It within it, that is a Portion of Me.**

**As I close These Words at this time, I bless you who take Them and who will read Them, and who will follow My Will, My Love, My Hope for the Soul that is within you.**

**I could bless you in a manner you know, because all things done in My Name, and in the Name of The Son, and in the Name of The Holy Spirit, are never forgotten but are constantly with Us at all times.”**

SEPTEMBER 19, 2003 AT 12:47 P.M.

## SEVERAL SAINTS

**“There are Several of Us present because of the importance of What The Father Wills to be heard.**

**Throughout the world, all the immorality is devastating to more than just the adults, but to children of all ages. They are learning to follow what is called ‘nature’; it is rarely, if ever, called ‘a sin’ against a Commandment, or The Creator of All Things.**

**The solution to all this is not just instruction, or condemnation, or restrictions, but it is important that moral logic be exercised more in every avenue of human life, because there is so much diabolical acceptance, making it appear as though it is a ‘natural’ act, thinking, profession or idea, to do all the things that are basically immoral to the flesh, to the mentalities, and to the Souls that are the recipients of all an individual practices, is part of, or indulges in.**

**The Commandments of The Creator were given through supposedly ‘one voice’, but These Commandments**

were then transferred to millions of human beings, in more of a rapid manner than perceived to be. Granted, when The Commandments were delivered, They were lengthier in how They described what each Commandment consisted of.

The one Commandment that is oftentimes used is: *Thou Shalt Not Kill*. This, of course, says to many people, all ages: 'I would not think of killing a human being,' but this Commandment, in its full essence of the meaning, does not mean exactly killing a human life. Some individuals can kill the spirit of another one, or the integrity, the honesty, or even understanding of what is moral over what is immoral, chaste over what is unchaste, and of course, right over wrong.

I speak differently today, but you do live in a time wherein there is so much immorality, indecency, injustice and demonic acceptance, but it is all being justified by the time, the year that is more up-to-date, or the year in which more people understand things in a different mode, code, measure, reality.

**A Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, gives to human lives straightforwardly, many times using a shorter method of Words for those who like to receive warnings, or reasonings, or idealistic measures in terminology they feel more equipped to understand. So much has been delivered, alerting human beings of all ages of life, all backgrounds, all mentalities, and yes, all habits of how they live, how they accept, and how they, in some ways, ignore what is important to them, to their Souls.**

**Needless to say, I could speak hours on end, because things throughout the world have become so, not just humanistic, and definitely not idealistic, but immorally corruptive to many mentalities that by others are considered brilliant in logic, values, abilities and reality.**

**I close These Words, because there are thousands more to be spoken to awaken the mentalities of all human lives that you have a Goal to reach for the Soul you are the custodian of that will represent you at another time, but you can be assured, the Judgment will be Divine.”**

SEPTEMBER 19, 2003 AT 1:28 P.M.

## MANY SAINTS

**“There are so Many of Us present most of the time where this *little one* has been chosen to give Words of Hope, Direction, and Spiritual Understanding from The Divine.**

**Today, as We stand Where We are, and speaking to you where you are, is basically a condition of Divine Power allowing this to occur, permitting it to occur, and giving it the Help and Direction for Our Words to reach you as you live upon the world.**

**When an individual receives a gift that they either wished for, or is pleasant for them to receive, there is much happiness, joy, and it does not leave the individual in a short time, because the gift will always remind the individual of the time that it occurred.**

**So much is spoken from The Divine through This Gift that is greater than the human mentality can perceive It to be, because This Gift draws an individual close to the Goal for which human life was created for,**

**the Soul. It, in many ways, is a Gift of Divine Love greater than can be seen.**

**Many stories are written regarding spirituality. They are good for many to read. There is a difference between those books and What occurs in your presence so Personally. You are the recipients in a direct manner, way and degree of being an instrument with responsibility, thus this responsibility gives you an obligation to see that All that is delivered through This Gift, thousands and thousands and thousands and more of other human beings will have the privilege to read, and to more fully understand how close man is to The Creator, and The Creator to man.**

**Remember What I have spoken, because it is important that All that has been delivered never be held, but be spread throughout the world. No matter what obstacles occur, there is always another path that can be used for These Divine Words to reach thousands and millions of men, women and children, maybe not the next day, but only The Creator of All Things uses the way for Them to be received for others to read and to learn from.**

**We hear individuals say every once in awhile to another human being, ‘*God bless you,*’ or even ‘*God love you,*’ in a very light way, but those who take These Words must remember, and those who read All that has thus far been delivered should know, that by seeing to it that others receive All that has been delivered, is like The Heavenly King saying, The Heavenly Father saying, ‘I love you.’”**

SEPTEMBER 22, 2003 AT 12:45 P.M.

## SEVERAL SAINTS

**“There are Several of Us present at this time. The Father has requested We speak the next Words to create more understanding for the benefit of millions of Souls.**

**Throughout the world there is so little emphasis on the importance of human life’s responsibilities morally, psychologically, mentally, spiritually. Subject matter reigns throughout the world, mostly on situations, conditions and subjects that in many ways tend to emphasize more the opinions based on humanism, many times practically denying the importance and value of what spirituality can give them for strength, but also more understanding of the Goal for which human life is created.**

**Children are being ignored on what is important, thus tending to make unimportant things the note of conversation and interest, in areas wherein spirituality is totally remiss in every way.**

**The churches, or so-called ‘churches’ throughout the world, are basically buildings, supposedly places to give moral strength, Spiritual strength, and more understanding of the Goal for which human life should strive to arrive at, and that is called ‘Sainthood’.**

**Humanism is so prevalent in every area, even to the point where children are not being instructed on what is morally correct or that there is an importance to prayer in their private way, not necessarily just when they are with a number of other people.**

**Today as I speak, there are Several of Us Here. Each One of Us takes turns, because the responsibilities of Sainthood are far more in-depth and in number that the human lives of men, women and children do not see, do not feel, or do not comprehend.**

***One small voice* has been given to the world. Some may say, ‘Why do You call it “small”?’ There was a reason for this, because if the voice were harsh, loud and condemning, either it would be ignored or there would be more competitiveness in the Wording.**

**From Where We are, and sometimes We are in your midst, it is sad to hear contradictions of sound morality or sound reasoning for the life that will one day be reporting to The Heavenly Father in a personal way, regarding the 'state' that the Soul is in, because few individuals truly understand the logic that there is a Goal to every human life created, and that Goal is Greater than any humanistic version of what a goal is.**

**We hear so many individuals want to be important in the eyes of others, or they want to be financially wealthy. These are goals they strive to reach, but ask yourself one question: Every day, do you ask The Father to give you the strength, the power to more fully understand and to accomplish His Will, and that is for you to one day return to Him, a Saint?**

**'Sainthood' is not just a word. It is a 'Goal', but It is even more than a Goal. It is a Condition for living with The Creator of All Things, in His Presence at all times, and serve Him for the sake of others to be able to become 'Saints' that otherwise would not have the chance, due to how they live, how they think.**

**Needless to say, many will read These Words and many will question, 'Is there a special religion I must belong to, to become a Saint?' The answer is 'No,' because each human being is born with an understanding of what is right over what is wrong, pure over impure, just over unjust, and yes, spiritually correct over what the enemy wants them to follow.**

**Awareness of what is right and what is wrong is basically based on the Spiritual understanding that is innate in every human being; whether they understand it or think about it, or use it openly, it is innate. The course of life is Blessed with an innate sensitivity beyond what any other thing created is gifted with.**

**As I close These Words at this time, I plead with you, but I also remind you to make your Goal for your Soul, 'a Saint'. You have that privilege, also the means. It is up to you, because The Father's Will is behind every Soul that is placed within a human life at the moment of conception."**

**SEPTEMBER 23, 2003 AT 12:38 P.M.**

**SAINT JOSEPH OF ARIMATHEA**

**“I come on this day with The Father’s Permission, because of the Importance of This Gift of His Divine Love, in which so Many of Us Saints are aware of every moment, every day.**

**This Gift is different than Many, than Most that have ever been given by The Father. This Gift is to enlighten the mentalities of millions of human beings, plus encouraging these same people and more, to fully understand that to walk the human road as a human being is a Great Blessing from Divine Plan.**

**The Creation of human life passed through stages, wherein the time gave so much more opportunity for so much to be instructed, discussed and more readily understood, connecting Those Who became ‘Saints’ with those who yet walk in the way of life, able to hear, able to speak, able to understand, and able to see the Value of, the Importance of human life in comparison to all other living matter or things.**

**This Gift of The Father's Love is a Gift beyond what the human mentality perceives It to be. Oh, granted, many believe; then there are many who are interested, but do not value the Gift in What they receive. Children could be taught an immense amount of knowledge by hearing Stories in how The Creator of All Things uses 'individuals', through The Saints, and many times Himself, making learning about what human life is created for, and has the Purpose and the Goal to reach.**

**I speak differently today, but so much has been delivered that has not passed into the amount of individuals that need What is spoken, put into print, giving individuals the capability to remember Facts of great importance, and also, each human life's Association with The Divine. If it were not this way, human life would be like all other things created, void of a close Association that nothing else has.**

**If you take the time and you think about the privilege it is as a human being to be able to say words that are called 'a prayer', directing it to the One to Whom you are praying, that**

alone tells you that you are speaking to Another Realm of Living Individuals. The Souls await every word you speak. The Souls are alert to the content you speak, and the Souls are so close to The Father, that the Souls oftentimes communicate what They feel is needed on many issues, helping certain individuals to grow stronger morally, mentally, psychologically, and of course, spiritually.

Through This Gift that bears the Name of The Beloved Saint Joseph Who at one time walked the earth as The Foster Father of The Son of God, this alone should awaken the mentalities to the reality of the closeness human life has with The Divine, and that each human life has a Goal for the Soul that is a Portion of The Creator.

There is nothing complicated in this reasonability, in this factual manner of Association that every human life has the privilege of, awakening in the morning or whenever it is, according to the time you are responsible for; thus, this time allowing you to thank The Heavenly Ones for the privilege you are capable of not just practicing in your daily way, but being example, and encouraging

**others to think more indepthly that human life is not just like a robot. There are so many factors in it that awaken the mentalities to more fully understand that there has to be a Goal of Greatness in Divine Plan, because of all that a human life should stand for, be example of, and teach others by, how they, too, can please The Creator of All Things, morally, mentally, psychologically, physically.**

**As I close These Words on this day, I do it with a Great Happiness, because through the written Words, more individual men, women and children can learn not just through Story form that is spoken verbally, but the written Word that is in print for a very long time.**

**Please remember, human life is Special, because it is example for everyone it comes in contact with, under all circumstances.”**

SAINT TERESA OF AVILA

**“I am Saint Teresa of Avila.**

**We All smile when *the little one*, not always recognizing Who We are, asks the question when she sees Us, ‘Are You going to speak?’ So Many of Us love to hear her say these words, because Our Communication through This Gift of Divine Love is above and beyond what the human mentality or nature of human beings can understand It to be. Her oneness with Us is not recognizable, because her appearance is as all other human beings are.**

**Today, there are so many throughout the world who need to read All that is spoken by so Many of Us Who have already walked the human path, and are now in service for The Father’s Will regarding the Souls of millions of humans’ lives.**

**My next Statement may be difficult for some to understand or agree with, but rarely does a human being use any part of a day and think of their Soul. All of the thoughts, understandings and communications,**

spiritually and physically, rarely mention the Soul. The Soul is a Real Part, Portion, a Living Portion of human life not seen, not really felt.

We smile when people refer to their conscience. Conscience to human life means how they respond to different situations that occur in their daily way of life, but I must add here: The Creator, The Father, is aware of everyone's conscience, because through the conscience, a human being responds, reacts to what is comfortable for them, understandable to them, but not always pure in its full concept the conscience has, its good area of understanding so many things, but a conscience is a very important part of every human being's life. It should never be ignored.

Needless to say, a human being is conscious of having a heart, lungs, a brain, and many portions of living matter that are called other things, but are very important to the life, the living portions of human beings.

The Father, in His Creation of human life, instilled into it more than is ever thought about, because for some it would be too difficult to handle;

for others it could mean egotism, superiority; but as I speak today, all the Gifts of Divine Love have reasoning, purpose, and the ability to respond in a pure way. We hear some individuals say that their responsibility is based on their personality. Personality is oftentimes just based on their likes and dislikes, or their desires that bear only their own interest at a given time.

I could speak hours on this subject, but what I want all who read It to remember, is that being created a human being has a Goal for a Portion of it called 'the Soul', that nothing else is gifted with, and the Soul is the recipient of all that is practiced, spoken, thought, and used in every day of living.

I close My Words at this time, because The Father's Love for human lives is Divine, and in His Love, nothing else created is the recipient of.

As I close, I make '*The Sign of The Cross*' on those who read These Words, and I say, 'Remember, The Creator of All Things is with you every moment of every day through That Portion of you that is a Portion of Him, the Soul

**that you cannot see, but the Soul is the bearer of all you say, think, do, practice and uphold as you live each day.’”**

**SAINT ALOYSIUS**

**“I am Saint Aloysius.**

**There are so Many Here in the Heavens Who desire to speak, to instruct those who are yet living upon the earth, because the Importance of the Goal of human life for the Soul that each human being is the bearer of, is a Gift of Divine Love, above and beyond what the human mentality can perceive It to be.**

**What I am about to say will surprise some individuals who will read the Words.**

**Is it not innate in human beings to desire to have the best of everything, and to reach goals of the highest degree possible? This basically is a fact, and is natural to human life. That is why it is so important that truth be the foundation for all things, every area of life, even the least that individuals feel it would mean nothing to.**

**In This Gift that instructs on so many areas, issues, factors, truths, reasonings and goals, it is important**

that nothing that is ever written that is entitled What This Gift is all about, should be cast aside and not looked at and to, indepthly, because it is The Father's Way of instilling into the mentalities, issues, conditions and truths that are not available in ordinary living conditions.

Some may wonder, in reading These Words, why there is so much emphasis stressed on Them. The Reasoning is logical, due to the fact that throughout the world there are so many different languages used, that in their very wording, would not reveal What I have just spoken before this, because the mentalities of the individuals and the degree of understanding they are capable of, would not use the Words in the formality of indepthness that makes Them understandable to the degree of reasonability, and perhaps help for what they are doing, rather than their causing something incomplete in protection, and/or satisfaction.

As I speak so differently on this day, My Words will be important for certain individuals to understand more of the Reasoning regarding that the Gifts of human life in each human

being could and can be rated in a different degree of understanding.

**Being born a human being is a Gift far greater than the human mind can perceive it to be, because the human mentality or senses cannot see the Soul that is the Portion of The Creator that each human being is gifted with, and it is this Gift that will be What will remain with the individual's name, background and Goal, at a living time that is Decreed to be, according to The Creator's Will.**

**I know I have spoken differently, but for some It will give strength; for others It will give hope, and for some, It is Information that under ordinary circumstances, they would not have known.**

**I bless you as I leave, and I say as My last Words at this time: Remember, you were created, and your creation was The Father's Will and Love, thus putting a Portion of Himself within you, to give your way of life what He could help you through."**

OUR HEAVENLY FATHER  
 SAINT ROSE OF LIMA  
 SAINT CLARE  
 SAINT MARGARET MARY ALACOQUE

**“Yes, My *little one*, there are Three present Here with Me. I am your Heavenly Father. There is Saint Rose of Lima, Saint Clare, and Saint Margaret Mary Alacoque. They ask if I could join in this Act that pleases so Many.**

**Today is a day to remember, because there was so much sincerity and real concern in many, many mentalities, regarding the time that one who follows the Spiritual road was going to serve The Creator, to a group that were looking forward to just being present in this personal honoring, learning, and also, giving of their time to hear the written Word.**

**Though I speak differently, I speak with deep sincerity, because through This Gift of The Father’s Love, that bears the Name of The Foster Father of The Son of God, so much has been delivered from so**

**Many Saints Here in the Heavens, thus paying Honor in Their Way to This Gift that passes through *one small voice*, but obedient to God's Will. True, thousands of voices could be heard if they were to speak, but a rational understanding of This Occurrence would not be as private, or personal, or spiritually deep.**

**When the Souls of human beings are thought about, and given the opportunity to be Part of, partake in prayer, respect, and an open understanding that in Their presence is The Creator of All Things, there is more joy, more love than the human mind can perceive it to be.**

**As I close My Words, with Me are Several Saints, All smiling in agreement with What I have spoken, because All The Saints Here in the Heavens partake when there is Honor being paid to The Heavenly King.**

**Those who use This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, share a privilege beyond what they understand or even think.**

**I will close My Words, because I could speak hours without stopping on the importance of times like today,**

**when different human beings gather to honor, show respect, and feel the Presence of The Divine King.”**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. In My Design of human life, I took many things into consideration, because in My readiness to instill in it a Gift of this Measure, based on My Divine Love, the Soul that was to be the recipient in human life of My Closeness to each human life, was meant to be That Portion of human life that would be returned to Me and be named ‘Saint’.**

**Throughout the world there is little, or really no full understanding of the Importance of human life, because the human mentality could not, or cannot perceive the Power I am Capable of, even though they believe I Exist in a Place called ‘Above’.**

**I am present many places at one time. That is why it is so important that men, women and children understand that I am never away from them, or they from Me.**

**The Soul, at the moment of conception, that is a Portion of What I Am, Who I Am, is connected to Me in**

degrees and ways inconceivable to the human mind.

**When an individual makes what is called *'The Sign of The Cross'*, mentioning the words, *'In the Name of The Father and of The Son and of The Holy Spirit, Who are Three in One'*, this is an important way of recognizing much more than they understand it to be.**

**I have given at This Time, and am having It put into print, script, the Importance of being a human being and its close Association with Me. Nothing else created is the recipient of all that a human being consists of, even though there are many things created to surround human life with necessities. Human life is a creation unto itself, unlike any other thing.**

**I have given to the world at This Time, Words to help all of human life more fully understand not just the privilege, but the Honor and the Goal for this Creation of Mine, called 'man'.**

**I have much more to speak on this issue, but at this time I will close My Words with a Blessing. As The Father and The Creator of All there**

**is, I gave to human life, and still do, a Portion of What I Am, because I want That Portion of Me to be returned to Me, Pure in every way, so I can greet It in a Form of My Divine Love for It.**

**Those who read These Words must understand, that human life has a Future and a Goal that nothing else created has.”**

SEPTEMBER 26, 2003 AT 12:48 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius.**

**What I am about to speak about may be difficult for some to accept or handle, because in so many adults, when a subject is regarding spirituality or cleanliness or habits, they tend to become stiffened physically by the subject, for fear they will be in a position where they cannot agree with the subject matter, due to the fact that they innately feel that their manner of living the human way is unlike how others live this way.**

**You live in a time wherein there is much so-called ‘sophistication’. Basically, it is far from sophistication; it is only called that because of the individual’s sensitivity to what they feel is more proper, more feasible.**

**What I have just spoken may be difficult for many to understand why I would speak in this manner, way. My Reasoning is thus: Human beings of all ages, especially in the world you live in, has what they call ‘casual’, and another word used is ‘sophisticated’,**

but most who feel they live a certain way, ignore a Very Important Fact; that is, that Part of them that has a Portion of The Father within them that they ignore totally, and allow all the emphasis to be put on what is called 'humanistic manners, ideals', and of course, many other words could be added to this.

The very same people who make great claims for how they act each day or use each manner of living properly, should be asked a very important question: 'Do you believe in God?' 'What church do you belong to?' 'Do you pray before you go to bed, or in the morning?'

I know what I have just spoken sounds what man would term 'facetious' in corresponding with another human being, but throughout the world there are so many improvements that should be responded to. The first one is the Importance of what an individual was created for, and what Portion of that human being is More Important than how they speak regarding personal situations, conditions, values, understanding.

**I know what I have spoken will be difficult for some to understand, but I have spoken These Words for a reason. There is so little sincere understanding or communication regarding Divine Plan. So much is taken for granted, that the human mentality and actions is what counts the most in the daily way of life.**

**If you ask yourself, if you were to talk to a neighbor and say, ‘Have you opened your day with prayers to The Father?’ how would you be treated after this time? Would you be ignored, or insulted, or recognized that the association was quite different than previously had?**

**I know All that has just been spoken will be difficult for individuals to handle. Why would a conversation like this even be mentioned? My Reasoning is this: There is very little reference to Spiritual understanding between people. They talk lightly once in awhile, but it is a subject that is rarely discussed maturely, or with enthusiasm, interest, concern; and also, learning more about the other individual, because if you think about it, how an individual acts on humanistic measures, and how they**

**act on Spiritual measures, can make a big difference in how your relationship with them should be.**

**I do not say that humanism is raw and ignorant. No way. Humanism is important, because it is the foundation for all an individual thinks, practices, partakes in, every moment of every day.**

**In speaking These Words, I know that some will think They are far different than they would expect One of Us to speak, but sometimes, along with learning the importance of one's Spiritual acceptance, understanding, it is important to look at all facets of one's life.**

**As I close My Words, I beseech you to read What I have requested you to write, but look at It from the point of view, It does have an awakening Point of Love for you, based on the Importance of the Soul that you are the custodian of, every moment you live the human life."**

SEPTEMBER 27, 2003 AT 11:20 A.M.

## MANY SAINTS

**“There are Many of Us present, and We are All always happy when We are requested or allowed to speak Words of importance through This Gift of The Father’s Love for human beings, helping them to more fully understand what a privilege it is, what a Gift of Divine Plan it is when a human being is created and The Father embraces it and instills in it a Portion of Himself, unseen but obviously present. It is called ‘the Soul’.**

**We hold her tightly, in a physical manner of description, because Our Presence, though it cannot be seen by the human eye, bears a Responsibility, thus causing a weight unusual in manner and degree when We speak What The Father Wills human beings of all ages to learn about and to understand more about What they contain, What they are gifted with. It is called ‘the Soul’.**

**The Soul is a Portion of The Creator, never seen by the human eye, but definitely felt through the**

conscience and the sensitivities of a human being, telling them when they are doing, acting purity over impurity, justice over injustice, right over wrong. In the human manner of understanding, though it is oftentimes only connected to a moment of justice in their mentality, or injustice, but it is easily forgotten after a short while.

There are Several of Us present. We hold *the little one* tightly, because Our Presence bears a weight called 'Responsibility'. Today there are millions of individual people who are acting in what they call 'a normal human way', but I assure you, the thought of what they are doing is understood by them as natural to them, thus ignoring whether it is a pure act or an impure action, a just action or an unjust action. So much is based on human understanding, thus ignoring truth that should be the first for them to think before they act.

Sainthood for the Souls of human life is a Goal far greater than the human mind perceives It to be, because in the daily living of a human being, most things are spontaneous in how they are valued, rejected, understood or cared about. I do not

say that human life should not enjoy all it is capable of practicing. My concern and the concern of All Here in the Heavens, is that the human mind sees morality over immorality, justice over injustice, remembering that the Soul of every human being is the recipient, and will be Judged by what The Father sees recorded in this Gift, the Soul, when the time comes for Him to make a Decision according to whether the Soul can be returned to Him immediately, or will have to spend time in restitution before It can enter the Kingdom of Heaven.

As I close These Words with a deep Love for all who have been created, I must add: The Father, in His Love for this Gift of human life, gave to human life a Portion of Himself, inconceivable to the human mind, but nonetheless factual, to be Judged at a given time.”

SEPTEMBER 29, 2003 AT 11:55 A.M.

## GOD THE FATHER

**“As the Words flow through *one voice*, because of The Father’s Will for so much to be instructed, requested, and learned by millions of human beings of all ages, He uses *one voice*. This, to the human mind, cannot be fully understood, but in His Logic of a Gift of This Dimension is why It is put into script, never to be erased, or changed in concept in any way, because All that is delivered is not just for one individual’s intellect to understand, but for millions of human beings to read and to be able to discern the importance of the Directions, the Requests, and The Rules, beneficial to the Souls of millions of human beings.**

**When Words are requested to be put into script, They are also to be scattered as far away from where They came in that it is possible to send Them, because there is no place in the world that so much has been delivered to enlighten the mentalities of human beings of all ages, to fully understand that as their being a custodian of a Portion of The Creator, no average**

**book reading, studying, can give them the full concept of how their Soul must be understood to be a Portion of The Creator that nothing else has.**

**F**ormal prayers are important in the life of every human being, because it keeps them mentally understanding that there is this Factor in human life that is of the greatest importance to not only their will, their physical, but to their Soul that is a Portion of The Creator that cannot be seen, but is felt in some portion of their sensitivity that does not show, but It is felt in a distinct manner, degree, force, from a Source Greater than what the human body consists of.

**C**hildren are not being taught about the importance of prayer. It has become a negligent degree of training in many areas of human life. Humanism and its goals take precedence over what prayer is meant to be, to consist of, and to what it gives to life, greater than one's own mentality.

**I** could speak hours and hours on the importance of human life's responsibilities to That Portion within them they cannot see, but It is evident through their innate sensitivities of

knowing what is pure over impure, morally; what is just over what is unjust, morally. The list is endless. That is why I have given to the world This Close Communication, put into script, to aid every human being born in the logic, the feasible logic, that human life has a Goal, not the body per se, that is logical to take care of in the human way, but there is a Portion of What I Am in every human being born. No gender is without it. It is called 'the Soul'.

The word 'Soul' has become a common word amongst many individuals. They call themselves 'soul mates'. This alone depicts an innate understanding that they do not realize the degree of, but they term it as 'close friendship', 'close association' that is worthwhile.

I know I speak in a way and manner and degree at this time, that is different than I am used to being heard speak, but This Gift of My Divine Love, allowing so much to be instructed, helping individuals of all ages to become more aware of what human life consists of, thus having a Soul, separating human life from anything else.

**I could speak endlessly on this subject, but I have given to the world This Time to awaken the mentalities that each human life born bears a Portion of Me, to make it a human being, to give it all that it can absorb, understand, and to realize that all does not end when the human part is no longer termed 'living', but there is a Portion that returns to Me that can bear the Title 'Saint'."**

SEPTEMBER 29, 2003 AT 1:10 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. It is sad for Me to say, but it would be wrong if I did not put These Words in a manner and way for individuals of belief in The Creator, would never think to say.**

**The enemy is constantly debating and using human ideas, ideals to get his way. The Father stands by and sees all this, but The Father, in His Love for human life, wants the individuals who are tempted to do what is immoral, impure, unjust, to speak with the Spirit of understanding that what is moral is more important than what the evil is trying to encourage the individual or several individuals to partake in.**

**In the Gift of the ‘free will’ to human life, it was intentionally given, to give human beings the ability to stand for what would be pure, morally logical, and never allow the will to be destroyed or distracted by what would be tempting to say, to practice, to partake in. To some individuals, it is important that The Father choose**

**everything they do, but they ignore the fact that the free will is what will earn the Graces for them to go to Heaven.**

**In daily life, men, women and children take on different tasks to get paid for them, because of the justice in the recipient's manner of thinking. This, of course, began with The Father's Love in teaching: 'When there is right, it is recognized; and when it is wrong, wrongly exercised, it must be seen for what it is, and rejected totally.'**

**I speak differently I know, but there are so many ways, so many excuses, and so many who want others to make the decisions for them, even though they know that what they are approached with is of great importance morally, spiritually, or even fairly. It is according to the subject matter that is incurred.**

**I will not speak long on this, because I feel, as Many Saints Here in the Heavens feel, a subject matter of this degree that is so consistently practiced, it is better when We shorten What We have to say, because then the mentality of more will be able to see, sense, and use what is logical,**

**rather than sometimes what is called  
'practical'."**

SEPTEMBER 30, 2003 AT 8:40 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though it is difficult for many men, women, and children to understand how close I am to them, and I am proving to them this Fact through This Gift of My Divine Love in which and through which I speak frequently, also allowing so Many Saints Here to also deliver What I Will human beings of all ages, all backgrounds, to understand, that My Love for human life is realistic, Personal, and I am always present to them.**

**Though I use *one small voice*, I have given an additional proof of My Words that pass through her, by allowing Them to be put into script for thousands or millions of human beings of all ages to read What I Will them to know.**

**My Creation of human life is beyond the understanding that men, women and children want to know, because if I am this close to them at all times, the responsibility they feel would be too much for them. I am close,**

**and a Portion of Me, a Part, is within human beings. It is called 'the Soul'. I hear some say: 'Why can I not see It? Why can I not feel It?' Your Faith in My Existence, and the fact that I have told you, should be enough for you to understand that I would not deliver an untruth for such an Important Fact of Where I Am, What I Am.**

**There is so much for human beings of all ages, backgrounds, intellects, to believe that they were created for a Reason. They were designed to be able to follow through their senses, their knowledge, that in their way of life, living each day faced with realities, using all that they have to use to partake in the human manner of living, bespeaks loudly What I have given.**

**I will close My Words at this time, but I will speak on this later; but as I leave you, I do not plead with you to understand What I have spoken, nor do I command you, because, do not forget, I have also given you a free will. To Me, that was a Gift of My Divine Love, because you have the ability, the privilege to choose. You are not prisoners of Mine or My Will. You are Gifts of My Divine Love, because**

**within you, you have a Portion of Me,  
your Soul.”**

**SEPTEMBER 30, 2003  
AT APPROXIMATELY 11:00 A.M.**

**“*The little one* listens day and night for sounds she cannot hear. When We speak, What We say is implanted in her memory. She is ever conscious when it is being done. We All smile at this, because she knows They are not her thoughts, but are Words to give strength to others to accept, to more fully understand that the Presence of The Creator is always at hand.**

**The Words that We speak are called ‘understandable to man’, because They are Words to encourage, and to give Spiritual Hope in different ways, according to God’s Plan.**

**The innocence she walks in is not familiar to man, because there is only one mentality, one mind, one body in which All that is delivered is planned.**

**These Words will be different to some who will read Them; nonetheless, They are Words of Information, helping those who hear the Words or those who read the Words, know that They**

**are not the Words from them, but The Father's Love, based on Divine Plan."**

**SEPTEMBER 30, 2003 AT 1:20 P.M.**

**SAINT ATHANASIUS  
SAINT PEREGRINE  
SAINT ANTHONY OF PADUA  
SAINT ANTHONY MARY CLARET  
MANY SAINTS**

**“I am Saint Athanasius. I am Saint Peregrine. I am Saint Anthony of Padua. I am Saint Anthony Mary Claret. The list is endless. If We were to dictate each Name, you would be writing for hours. There are that Many Saints Who speak through This Gift of The Father’s Love for the Souls of millions of human beings.**

**There is so little understanding amongst human beings, that each human being is gifted with not just the knowledge of a Creator, but a Gift from The Creator at the moment of his or her conception into the human way of life. There is so little throughout the world being spoken about regarding what human life is gifted with, above and beyond even what the Soul is. Faith in The Creator of All Things has more meaning in it, more logic in it, than what an individual can perceive anything important to be.**

**C**hildren are not being instructed in that they are the recipients of, the custodians of, a Gift of The Father's Love called 'the Soul'. Granted, the Soul cannot be seen in a mirror, or It cannot be felt by the touch of a hand, but the Soul exists in the mentality of human life, giving hope wherever It can. The Soul oftentimes intervenes when an individual is about to commit a sin, but the individual, whether it be young or old, does not always pay attention to what it senses, what it feels, what draws them to understand that the situation is questionable, and should be thought about before they partake in it or become part of it, according to how they sense it to be natural for them.

**T**housands of Saints desire to speak through This Gift of The Father's Love, because within the Words, so much is simply put for the mentality of all ages to understand the Importance of human life, and that human life is different than anything else created, because it should be stressed more often that human life was designed by The Father, wanting human life to look a certain way, think, and be able to use a mentality that would give strength,

hope, and the ability to see right over wrong, good over evil, and that human life had to have a Goal because of all that was instilled into it, regarding that Portion of it, bearing a Soul.

I could speak hours on end, so could Everyone Here in the Heavens with Me, but as I close My Words at this time, I beseech those who take the Words and those who read the Words, to never forget there is a Goal to life, a Goal Greater than the human mind can perceive It to be. It is to return to The Creator, That Portion of The Creator, bearing the name, a name of human life that walked the earth, or perhaps died at a very young age, but the name will live Forever and ever, because The Father will see to it that the Creation of human life will have the Goal He Promised a very long time ago.”

SEPTEMBER 30, 2003 AT 3:25 P.M.

## GOD THE FATHER

**“Prayer is more than it is seen or thought to be, because basically it is an intimate relationship with The Divine, whether it is addressed to The Father, Son, or Holy Ghost.**

**When any prayer is said, quietly or openly, it is heard by Heaven, because Those Who are in Heaven are aware of everything that occurs on earth. Heaven is more present than It is known to be, because all lives and all things on earth are not hidden from Heaven, due to the fact that God The Father has allowed all things to be seen, heard, and acknowledged as it occurs on earth. Nothing is hidden or unseen.”**

OCTOBER 1, 2003 AT 11:53 A.M.

## THE IMMACULATE CONCEPTION

**“I am ‘The Immaculate Conception’. I open My Words with this Title that speaks of The Divine Love for life. At another time in the History in which so much occurred, such as I began My Words with here, it was the beginning of a tremendous amount of Information that was to leave for all of human life, the Importance of what a human life meant, stood for, and its closeness to The Creator that nothing else has or had.**

**So much factual Information is passed over in a casual manner, thus ignoring the Importance of human life, and that it had a beginning of Greatness, due to the fact that The Creator of All Things partook in Openly, Lovingly, Personally, thus giving to those who would come at a later time, to more fully understand that the birth of a human life has an ultimate meaning and was designed to be seen as that.**

**Too little is being spoken, instructed, on so many Important**

**Historical Facts that elevate human life to a greater degree that The Father Willed it to be seen as, and of course used, because of how it first was created, and then was slowly given the abilities to use a will, a conscience, abilities, and also the understanding that its creation, from the beginning, was to be seen for what The Father Willed it to become intellectually, morally, and that there was and is a Goal for it to return to The Creator, That Portion of it that is a Portion of The Creator, called 'the Soul'.**

**Nothing is being instructed on this Foundation that was so obviously not just spoken about at another time, but should be constantly instructed on this Gift of the Love of The Divine.**

**All human beings are Special, because within them they are the custodian of a Gift that only human lives have within them; that is 'the Soul'.**

**I will close My Words because the Power I use to reveal What I have spoken is so strong in Its delivery through her, because a Revelation in This Degree of Spiritual Love for**

**human life is so Powerful, due to the fact It is for the whole world to see.”**

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. Many of Us are present wherever and whenever this *little one* that The Father has chosen for such a Major Task.**

**Throughout the world, men, women and children plead to understand more about what life is all about. They do not always mention the Goal for life, because they have never been instructed that the Goal for life is a Gift of Divine Love that, without It, human life would not have the capacity to be morally strong and to know that anything that was not moral could be immoral, and be damaging to their Soul.**

**Even though, through time, Stories have been written regarding the Fact that human life bears a Portion of The Creator within it called ‘the Soul’, it is rarely thought about of what Great Importance this Gift is to the mentality and to the moral understanding that a human being**

**must practice daily, due to the fact that all things affect the Soul.**

**When an individual of any age cuts themselves and causes themselves to bleed, they become emotional or fearful because of the danger they feel attached to an occurrence such as this, even when they know the cut will repair itself; it is not forever to be where it is. Let us go back over two thousand years ago, when and where human beings did not know what they know today, but even then, a cut hurt them physically and gave them fear of what it could be.**

**Today as I speak, I know It is different, but the human mind is ever conscious of what is right, what is wrong, what is pure, what is impure, what is just, what is unjust, and many more things.**

**The Love that was given at the Time that The Son of The Creator walked the earth, was a Love for the future. It is read about a lot, but not fully seen in regards to why The Creator would give a Son and then have Him crucified. The reason, of course, is to let those who followed know that the mentalities of every**

human being are not always pure in how they think, how they respond, and how they answer to The Creator in all they do.

This Gift, based on so much more than It is understood to those who read the Words, must see that This Gift, being put into print, is to awaken the mentalities to the reality of The Divine; and also, that when The Rules, The Laws, The Commandments were given, there was much more to Them. They have been stripped down through time for better learning, for more individuals to be able to remember the important points that They consisted of.

Let Me point out One: *Thou Shalt Not Commit Adultery*. This Commandment is abused in many, many ways, because this Commandment is not seen for the multiple number of ways it can be abused, causing a lack of purity of the mind, the body, and abusing the Soul.

Another Commandment, of course, is: *Thou Shalt Not Kill*. Everyone thinks, when they read this, it means to use a knife or an instrument of the time that is brutal to the body, thus destroying

the mind also; but, there are many ways to kill, some easier than others: scandal that destroys the reputation of an individual; or lies that cause an individual to do things that they know they should not do, but are talked into because of the one talking, diminishing what it is all about.

Needless to say, every Commandment is more than it is written to be. There is more indepthness in the meaning, more reality to what could occur, besides that one word that speaks of only one thing.

Needless to say, this is only the beginning of helping there to be more understanding of What is verbally spoken and/or put into print regarding what a human being should understand more indepthly than it is ever encouraged to do. They say, 'It is a sign of the times.' Not so. It is innate in the human mind to want to know indepthly many things, but there are those around who try very hard to shorten the important Facts because of what the Facts could reveal.

Needless to say, I could spend hours on this subject, because the

**Gifts of the human mind, the Gifts of the human body, should all be looked at as the means, the way, the help that is used for the benefit of one's Soul, not just the ordinary occurrences, or responsibilities of the day.**

**I know I have spoken differently, but it is just the beginning of All there is to be said, hopefully to give strength to the mentalities of millions of human beings to stop taking things for granted, to stop not wanting to know what the Future can be for the Soul they are created with, and That Portion of it that is to return to The Father, a Saint.**

**As I close My Words, The Father wants Me to say that in His Love for human life, He has given to it more understanding to help it be returned to Him, a Saint."**

OCTOBER 4, 2003 AT 11:10 A.M.

**GOD THE FATHER  
MANY SAINTS**

**“There are Many of Us present, due to the fact that there are many decisions to be accomplished regarding the importance of All that has thus far and is being delivered to help the Souls of millions of human beings.**

**This Gift, placed in one spot on the world, is to be spread throughout the world as quickly as possible. There is too little effort in distributing All that is being spoken about, instructed, regarding the Importance of human life, the Goal for the Soul. The Soul, being a Portion of The Creator, must never be left off, left out, ignored, regarding how close The Creator is within each human life created.**

**Very little is understood on the Importance of the Soul, only because the human nature, understanding, oftentimes resists speaking about something important, because to them it is only wording, not seeing what the word refers to.**

**As I speak today, there are thousands of Words that could describe the Importance of human life. If it was not Important, it would not have the Gifts that give to it more than anything else created, as the custodian of the senses, the mentality, to be able to learn about so many Facets of Divine Love through the creation of so many things that give to human life advantages that nothing else living has the privilege of. The mentality is far beyond what the human mentality realizes the intent to be, because the mentality has the ability to memorize and to perform many talents, and also the logic of innumerable facts, that to human life gives Blessings to be able to perform, to create, to teach, and to use human life for the betterment of so many things.**

**My list could be endless on this subject alone, the subject that human life has been Blessed, which gives to the mentality information, Blessing, to be able to accomplish what nothing else created can even attempt to see the value of. So many things of great importance can be established and used, because in the mentality of human life, The Father has allowed it**

to see so much, so many changes, to aid, to accomplish, to inject, to supply more things to be understood in the value they were created to be.

**N**o important information is humanly made. It is basically a Gift of understanding, allowing it to spread into a greater degree of importance for its usability to be part of areas that, under ordinary circumstances, the human mind would not have perceived the necessity for, or understanding what could be accomplished, giving not just strength, but hope in many ways, many areas, many improvements, but different goals unthinkable to the human mind.

**O**nly human life is Blessed with these advantages, because The Creator, in the Creation of the foundations of all things, knew that time would have to be used for so much to be learned, and it would take a long time; but, in the meantime, the Importance of human life was based on and is yet based on, the Importance of each human life, called 'the Soul'.

**W**e always smile when the greatness of a mentality is mentioned, because human life has a way of

**claiming all advancements, to be mentally gifted with the beauty of doing so much, but I smile when I say My next Words: The Soul in each human being is the Portion of a human being that knows what degree of knowledge, of abilities, of assurance, that an individual is capable mentally, morally, psychologically, to reach for the betterment of the future ones who will come, be born, and be able to carry on psychologically, mentally. That is why there have been so many generations of human life created.**

**Now I add: You live in a time wherein The Creator, Who I Am, expects the Souls of those who are present in this time of life, to see that though much has been accomplished and more to come, the Soul, as a Portion of The Creator, will return to The Creator at the time He Wills it to be.**

**I could speak so long. This is only My Introduction at this time, because it is important that those living be reminded they are not alone; their Soul never leaves their body until The Father Decrees the time.”**

OCTOBER 5, 2003 AT 1:40 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**In the design of human life, The Father created it in an orderly manner, using each change in how the life would be able to be capable of using many Gifts, thus making human life not just desirable, but a privilege.**

**‘The birth of a child has a Soul, a Portion of Who I Am, What I Am’; The Father Declares this in the way, manner, thus giving Information, allowing human lives to understand that they are created different than any other creation, because within it, The Father also places a Portion of Himself called ‘the Soul’, thus allowing this form of life to innately understand there is a Goal for it that nothing else has.**

**For thousands of years, human beings did not fully understand that in their creation of human life, there were many Gifts that, in time, would develop into greater degrees of learning, greater degrees of ability physically, morally, scientifically. The**

list is endless. 'I have given to the world,' He says, 'many, many Words that were never before delivered in the manner They are this time, but I never left human life alone.'

Today as all days are, special, because each day allows the Soul of the human life to grow to a Higher State for Its Goal, but also, to consistently and constantly aid the one in whom It is placed at the moment of conception, to be able to one day be returned to The Creator after experiencing many areas of human life, but always in a manner, degree, and reasonability that the Soul would very probably be chosen by The Father to work in a manner and way to aid other Souls to see the Future that awaits Them at a given time, at a given way. The Soul has a Future, and the one in whom It was placed will be who the Soul will be connected to in a different way.

We All smile at What was just spoken, because to some it will open a door that will give them more understanding of why they were given The Rules to live by, and the Divine Love to support all their actions in the human way, because as the Soul is Judged at a given time, it will be due to The

**Father's Way and Divine Love for This Portion of Him that He so generously gave to a human life when it was only what would be called 'a seed' that He wanted to grow to be 'a Saint'."**

OCTOBER 6, 2003 AT 12:09 P.M.

**“Yes, We have taken the human sight away, because of the importance of What We Will her to see that is not available to other human beings. As the sight is removed slowly in partials, she knows this, she fears it, but she has been appointed to accept it.**

**It is difficult for hundreds, for so-called ‘spiritually-educated’ individuals, to understand or appreciate a Gift of This Dimension at this time, or I should say, any time in the way of man. This Gift of Divine Love instructs human beings, human lives of all degrees of intellect, all backgrounds, and all degrees of Spiritual understanding, because through This Gift, many are learning much regarding the reality of The Divine, and the reality that human life has the privilege to believe, through Words, important Messages, instructing all ages to more fully understand that human life is not alone, but it is through Divine Plan that human life should see there is a**

**Goal for a Portion, the Soul, that they are the custodian of.**

**Logic speaks loudly here, because in human life there are a variable amount of degrees of the ability to rationalize, and to see that human life is not like all other things created; it is above it mentally, morally, psychologically, and of course, spiritually.**

**I will close My Words, but I Will Them to be remembered, because They are Words of great importance for the Souls that cannot be seen, cannot be heard, but are felt in the human mentality, the human senses, and the reality that The Creator of All Things would never have left human life alone.”**

OCTOBER 6, 2003 AT 1:03 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. As I speak through *one small voice* and I request others to put All I speak into script, it is for the benefit of thousands of other human beings to read and to more fully understand how close I am to the lives of all of human life.**

**I have given to the world a Blessing Greater than It is understood to be. It is My Personal Love for human life through All that is delivered in the written Words, so They cannot be forgotten easily.**

**Throughout the world men, women and children say prayers. I always respond immediately, perhaps not in a sound to them, but mentally, because in each human being I have placed a Portion of What I Am, Who I Am. This is a Connecting Link, until the Soul returns to Me at a given time.**

**I realize I have spoken so much through This Gift of My Divine Love on the Importance of the Soul that cannot be seen, but It is definitely felt, because in My instilling into**

that portion of human life, knowledge and understanding of certain words, in different languages, of course, according to what the individual learned.

**As a prayer is directed My Way or the Way of a Saint, it is heard just as it is spoken. No word to Who I Am, What I Am, or to The Saints, is ever passed over, rejected or not heard.**

**Today, in many places throughout the world, there are many individuals who are ignoring what Closeness I am to them, and they are involved in and accepting sins against their mentality, their reality of understanding what is pure over impure, just over injustice, and there is not one that does not know what is right over what is wrong. They call it 'humanism'.**

**To understand purity over impurity does not take, does not enforce or force an individual to read volumes of books on morality, or on the fact that they are responsible for everything they think, say and do. How else could I have protected human life, if I did not think of all the things that could be instilled into the mentality to give them logic, and the**

**ability to resist what would be impure over purity?**

**I could speak hours on end on this subject, but so little is understood on how close I am to every human being born to the human way of life, because in My Love for this Creation of Mine, I took no chances. I instilled from the beginning, a Gift of My Divine Love, Something that is a Portion of Me, with an easy name to remember. It is called ‘a Soul’.**

**As I leave you at this time, remember one thing: I am always present wherever you are.”**

OCTOBER 8, 2003 AT 12:35 P.M.

**“For hundreds of years, ‘messengers’ were important, are important to the lives of millions of human beings. Many times the written word is a message necessary to be remembered. Then there are times when the spoken word leaves an indelible mark on some important practice or important matter that is to be taken care of financially, materialistically, or through the human mentality.**

**Children are not being instructed on the importance of their mentality. It is being passed over as just a natural means of human life, but as I speak to you today, it is to remind those who take My Words and those who will read Them, that in the Creation of human life, The Father instilled a memory, an intellect, and the ability to understand important things and some not so important, but at this time in which you live, there is so little emphasis on what is to be remembered for its worth or what is to be remembered just because it appealed.**

**T**hroughout the world there are millions of men, women and children suffering morally, financially, socially, due to the fact that their mentality does not allow them to see the importance of remembering.

**I** know what I have spoken is unusual, but it is important for all human beings to be aware of what their conscience repeats to them, what their memory holds in abeyance for them, because a memory is a Gift of Divine Love. The Father created it to aid, to ensure, and of course, to give security for many areas of human life wherein there is so much necessity for things to be repeated, understood, or to be taken care of physically, mentally, emotionally, and other things of this nature.

**I** know I speak differently at this time, but I assure you, it is important for the human mind to be aware and not just pass over what they feel they have no use for, or in, or do they care.

**I** bless you with The Father's Love, because as you take your time to repeat All that has and All that is delivered through This Gift that is far different than any Gift before this

**time, because It has updated what It reveals, what It encourages for the sake of the body, the mind and the Soul of living human beings.**

**As I close My Words, I bless you with The Father's Love, because it is through His Love, with His Love, because of His Love, that This Gift of Divine Love has been given to the world."**

OCTOBER 8, 2003 AT 1:38 P.M.

## SAINT ANGELA MERICI

**“I am Saint Angela Merici. I am well-known to this *little one* through whom I am about to release Words that I feel are of great importance for the benefit of Souls.**

**Very rare is it that a human being takes into consideration that they are not alone as they live their life daily. They are gifted with a Greater Gift of Divine Love than they understand It to be. It is a Portion of The Creator, called ‘the Soul’.**

**The Soul is the recipient of all an individual thinks, practices, becomes part of, in every facet of human life, because it is innate in the Soul to respond to the Purpose for which It has been placed into the life of a human being. The Soul is conscious of every move, every thought, and as the individual grows physically, mentally, the Soul is ever present in the same manner, same degree, same reasonability.**

**Children are rarely told about the Soul that they are the custodian**

of, the protector of, and also, the one that the Soul will represent when the human way of life no longer exists.

Many times, when the Soul feels concerned, worried, regarding the actions of the one in whom It was placed, Many in the Heavens come forward to give aid. This is never heard about to the human way of life; but nonetheless, The Father, in His Love for this creation that bears a Portion of Him, that is to be returned to Him, a Saint, is ever watchful of what occurs to the One He allowed to be born and be gifted with many Gifts of the human way, That Portion of Divine Love, the Soul.

Throughout the world there is very little spoken about what the human lives are gifted with, the importance of honesty over dishonesty, purity over impurity of the mind, the actions.

So much has become so-called 'modernized', which in many ways is a foolish word to use, because it has no meaning in situations regarding the Soul and the body and the mind of human life. Modernization only victimizes, when it can protect, or

there are many things that should be corrected by the human mentality, helping it to better understand that there is a Goal for human life.

If there was no Goal for human life, why would the very, very young, and all ages of human life, innately reach for goals to be achieved, all different kinds, of course, but it is an innate sensitivity that is obvious and rarely not seen.

As I close My Words now, I know I have spoken differently, but it is something for all ages of human beings to think about and to rationalize, and also, to be example to others regarding the sensitivity of understanding that there is more to life than the physical form, or abilities to speak, to walk; there has to be a more in-depth Reason for all that human life consists of.

As I close My Words, I hope that those who read My Words will understand that I speak in this manner, way, to not just enlighten an individual to what they are responsible for, but to make them aware that human life was created and is created for a Goal Greater than It is seen to be, and Greater than the human mentality

**perceives, that when they are no longer in the living state, there is a Portion of them that is to return to The Father, a Saint.”**

OCTOBER 9, 2003 AT 12:15 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Since the beginning of the Creation of human life, I have chosen different periods of time to speak on what I Willed human beings, of all ages, to more fully understand the privilege they were Blessed with, in being born.**

**Throughout the world there are millions of men, women and children that do not understand so much that they are able to use to more fully comprehend, regarding what a Blessing and Gift of My Divine Love human life is and was intended to be, from the moment I conceived the first man.**

**Thousands of interpretations have been deliberately used, many totally in the imagination of human mentality, due to the fact that Who I Am, What I Am was too difficult to fully understand, so the human mentality used imagination that they felt was not just suitable to understanding, but practical and logical. I do not correct them openly, because their intentions**

were sincere and based on love that they were capable of understanding at that time, in their way.

I speak differently at this time, but it is to give to those who presently live, a small degree of insight that hopefully will help them understand there had to be a beginning structure and logical Plan for such a Loving Gift of My Divine Love, because a foundation of basic reasoning helped this Gift be more fully understood, due to the fact that one step at a time was logical, to be able to be the foundation for all that there is at this time.

I beseech you to remember this: My Reasoning, My Divine Love for All I have created, has a purpose beyond what the human mentality can understand, because as I have created All things, I did it in an orderly, understandable method to reach what I would call 'an ultimate condition' for more to be seen, learned, understood, recognized as valuable, in how I used one step at a time to accomplish My Love for this Creation of Mine, and that, through time, I would be able to allow, instruct those living in the human way, to be able to more fully understand that My Love for this

**Creation of Mine, and all it is capable of doing, was based on Divine Plan, and is yet being helped to more fully understand that to be created in the human manner of living is gifted for a Goal, and that is to return to Me one day, That Portion within them that is a Portion of Me, humanly spoken as their ‘Soul’.**

**I will close My Words now, because All I am capable of delivering is beyond what the human mentality can handle, due to the fact that each time I speak, I desire to address and add more Facts, more understanding, more interest, and more reasonability for human beings to realize that their creation, as a human being, is gifted with a Goal Greater than anything else created, and that is to return to Me, That Portion of What I Am within them, their Soul.”**

OCTOBER 9, 2003 AT 1:34 P.M.

**SAINT THERESE OF LISIEUX**

**“I am Saint Therese of Lisieux. Today as I speak through This Gift of The Father’s Love, it is again a privilege to be a Part of This Gift because of the Importance for which, in which This Gift was created, giving to thousands of human beings Words to give them strength, more understanding, not just of the Importance of human life, but how guarded human life is by The Creator, The Father Himself, and All The Saints Here in the Heavens.**

**It is sad when We hear any age of human beings deny that there is a Heaven, because they feel that if there is, there would be more spoken about It openly from people who had visited There. This, of course, is human psychology, understanding and wishes.**

**Today as I speak through *one small voice*, it is a treasure, a pleasure, and definitely a Gift of Divine Love to be able to add to This Gift that The Father has designed to help all ages of human beings, all backgrounds,**

to more fully understand that they have the privilege of returning to The Creator and be called 'a Saint'. Maybe the Title will not come from the earthly decisions, but it will come directly from The Father, at the time He decides to give this privilege to one who walked the earth in a human form, understanding that there was a Goal for them to seek, and to use their way of life to reach, through the manner in which they walked the role of a human being.

Throughout the world there are millions of men, women and children who have no concept of what a Treasure they have to look forward to. So little is being instructed to all ages that human life is gifted with a Goal, and will be Judged by how the individual walked the human path, using whatever they practiced physically, mentally, morally. There are many Words that could be added to this list.

To those who will read These Words, I beseech you to use each day of human life as a Gift of Divine Love to be treasured, and never forget that every thought, word, deed, or act you do, you are a part of, they are recorded,

because The Father, in His Love for human life, wants all things to be in a perfect state, remembering that each thing a human being does, thinks, are Gifts, not just a mere ability of life.

Children are not being instructed to the degree they can fully understand, that to be born a human being is a Gift of Divine Plan. It has Reason. It has Purpose. It has a Promised Goal for That Portion of it that is a Portion of The Creator, the Soul.

Though the Soul is not seen by the human eye, innately a human being of all degrees of intellect, senses that there is more to life than what they are living, how they are living. The Beauty of this is beyond ordinary words.

I could speak pages, hours on the Importance of what an individual human life has to look forward to. Granted, publicly you may not be called 'a Saint' because of how well you were known by others in the world, but when the time comes and The Father greets you, it is He Who will announce your Title, His Concern and Love for you, for your Soul.

**It is sad to hear people deny that they are the custodian of a Portion of The Creator, because they cannot see It. They say they cannot feel It. They do feel It, through their mentality, their conscience, and their innate sensitivity to the senses they have, that there is more to human life than the way they are living.**

**The Beauty of this is that at a given time, particular individuals were chosen to address the subject that certain Souls of certain individuals, through their way of life, would be called ‘Saints’. This, of course, was allowed for a very important reason, not just justifying the fact, but assuring human beings that with so much emphasis on so Many Saints and how They are respected, what They did to become ‘a Saint’, gives strength to the fact that It is a Goal for the Soul of every living human being.**

**I smile when I say My next Words. Remember this, so when you are declared ‘a Saint’, you will be able to help others arrive at the same Goal.”**

OCTOBER 10, 2003 AT 12:03 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Each time I desire Information, Messages, and My Love to be read and to be more fully understood, I deliver the Words through *one small voice*, chosen a long time ago, for My Will to reach millions of human beings to more fully understand what a Close Association I have with man.**

**Each time I beckon her to be aware that I want to speak through the written Words, she innately has an innocent fear that she worries about regarding My Will, My Love and My Words to be taken correctly, because there are so many Souls that must be told about this Association I have with her.**

**The Wording that is delivered by Me is exactly What I Will others to understand and realize that My Love for human life is much closer, much deeper than It is understood to be.**

**Throughout the world the hunger on Spiritual matters, Spiritual**

interpretations are endless, because there are so few who have taken the role to guide others spiritually, do not follow the realization of the importance of speaking on the spirituality in a degree, manner and way that is basically innate in a human's mentality, but it oftentimes needs to hear the Words or read the Words that seal the Foundation of Association, bringing them closer to the realization that I am always present, always available, always willing to hear what they have to say.

If I see, in their manner of association with Me, skepticism, concern, or their lack of understanding that I have a Portion of Me within them, their Soul, that is always immediately ready to aid them, to console them, to counsel them in a manner that they perhaps do not understand in their human way, but they are never without My Presence to speak to, and to request My Help in all they think, do and say.

I could speak endlessly on this subject, because it is so important for human beings of all backgrounds, all stages of living, fully understand they

are never out of My Presence. I am available constantly.

I have given to the world *a small voice, a small instrument*, but what I have designed This Gift to use, and to be used for, is to help all of human life through the Words I speak to those who can be present, but mainly to those who can read What I desire all of human life to read, thus enabling them not to be left out of What I Will them to know, to feel, to understand how close I am to them in their daily lives, their daily living as human beings.

I bless all who read These Words, I bless those who hear These Words, because you live in a time wherein the enemy has tried desperately to eliminate the consciousness of a Soul being present, and only humanism necessary to follow, no matter what condition of morality is being practiced.

As I close My Words at this time, I beseech all who come in contact with All that I have thus far delivered in print and verbally, to spread My Will, My Love, My Purpose for This Gift that is unusual, but obviously available in the degree, the manner, the way, the

**purpose It is meant to give to human beings the desire to see, to feel and to understand, that human life has always been a Gift of Divine Plan, and all of human life, no exceptions, have within them a Portion of Me.**

**As The Creator of All Things, I would never have left human life without a Gift of purpose, strength and ability to stand up against all that is evil, because they are to remember that human life has a Goal for That Portion of Me within it, called ‘the Soul’.”**

OCTOBER 10, 2003 AT 12:57 P.M.

## SAINT FRANCIS OF ASSISI

**“I am Saint Francis of Assisi. We All smile when We ask *the little one* if she will repeat What We have to say. She immediately says, ‘Yes,’ in a very quick manner, too.**

**There are so Many Saints Here in the Heavens that have so much to deliver to those who are living at this time throughout the world. Through The Saints, there is an earnestness and a sincere desire to help all ages understand that they are the custodians of The Creator.**

**I will say some Words that to some they will smile, and others will say, ‘That sounds different to me.’**

**When a child is born to a family, many times the child takes on the appearance or the characteristics or the personality of one or the other of the parents. Many times this is often made an issue, comparing the child in a manner, way, degree that has its good side and its bad side.**

**I smile at These Words, because Here in the Heavens there are so Many Saints desiring to speak through This Gift of The Father's Love. All of Them were born from a different family, and All of Them were made Saints for different reasons perhaps, or different degrees of what They could serve The Creator with, for, and in how They could serve The Creator to aid many individuals to more fully understand, more readily understand, that the human way of life is basically a Divine Blessing, thus saying, with this in mind, there has to be a Goal for the Soul. The Soul will represent the one in whom It was placed at the moment of conception.**

**I must add to this: There is great joy when We are requested by The Father to speak through This Special Gift of His Divine Love, because We innately know that What We say will not stand still or be erased. It will be put into script and encouraged to be read for All that It is worth, to aid some individual who needs the subject matter to enlighten their understanding of the Purpose for which life is created, that is for the benefit of That Portion of human life**

**that is a Portion of The Creator, called 'the Soul'.**

**The word 'Soul' is a common word, so common that it has become a word of depicting individuals who like each other, being 'soul mates', commonly using the word not in a reckless way, but rather in a loving way.**

**As I close My Words today, I have one more thing to say: Whenever you silently or openly say to someone, '*God bless you,*' He hears what you have said. It pleases Him when you remember to use His Name to help another individual for some reason, some purpose, that could be of great importance to the individual. Your act of love is heard whenever it is spoken. Remember this."**

## SAINT AGNES

**“I am Saint Agnes.**

**If those who are in the living state of human life could possibly see the Happiness, the Joy and the Thanksgiving to The Creator when a Revelation is announced to be. So Many of Us Here in the Heavens want to share verbally with those who are yet living upon the earth, but The Father does not Will this to be in the degree We would do.**

**Each time a Saint Here in the Heavens says that They are Here to speak, the Joy abounds, because it is so important for human beings of all ages, all backgrounds, all degrees of intellect, hear the Words or read the Words that The Father Wills human life to know, to understand as Guidelines for their daily way of life.**

**This Blessing that has been given a long time ago, is so Personal to everyone who hears It or reads the Words. It is always sadness when We know or recognize that certain individuals do not want to read the**

**Words. They have their own will, but they innately want to reject the possibility that the Words spoken through This Gift of Divine Love are spoken directly at The Father's Will. His Permission is always necessary.**

**Human beings, when they hear of something interesting, or even exciting to them to learn about, and to feel they have an insight into Something that is not ordinary, it draws much attention; in fact, it even becomes intriguing to their nature.**

**So much has been spoken openly through This Gift designed by The Creator of All Things, for individuals to be able to think about the reason there is prayer, the reason there is the ability to speak to The Creator on one's own means of communication, and the Beauty of a Goal for human life that nothing else is the custodian of.**

**Needless to say, so much could be spoken on the Importance and the Divine Love that has given permission for so much to be put into script, to open the mentalities of human beings yet who live, helping them to become aware that there is a Future for them,**

**Greater than they can perceive It to be; that is, to return to The Creator and be with Him through one's Soul, for All Eternity.**

**Some say, 'How long is Eternity?' The answer to this is: Forever and ever and ever and ever and ever.**

**I will close These Words, because They were given to hopefully give strength where it is needed spiritually, hope where it is needed for one's daily life, to be aware that one day they have the opportunity to return That Portion of them, the Soul, to from Where It came, to be with The Creator Forever.**

**As I close These Words at this time, for Me to be able to speak Them is a Blessing beyond what the human mind can perceive it to be, because what is not understood in the daily way of life is a Very Important Thing, and that is the Closeness of The Creator to every human being."**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. I have not spoken openly for some time, because it is of the greatest importance that all men, women and children understand that there are Many Saints Here in the Heavens, and the Goal for human life is to be one day called ‘a Saint’.**

**We hear some individuals say, ‘I am not well-known here on earth, and if I become “a Saint”, who will know?’ I smile at this, because in the human mind, this is a reality; it is factual and understanding, but eventually The Father, The Heavenly Father, uses some means, some circumstance, sometimes just an individual, to let this information an open subject for others to learn about, to think about, and to realize that ‘Sainthood’ is available to all human beings. Where they live in the world does not destine their ability or whether they will become Saints and known, or just be remembered in the human way.**

**I speak in a manner, a way, a degree, that all who read These Words**

should see the Beauty and the Divine Love that human life is capable to understand; also, capable to participate in at another time, in a different way perhaps, but nonetheless, The Father's Way of giving to an individual the ability to be returned to Him, a Saint.

Many individuals say, 'Is not the beginning of life a "seed" that grows according to how it is initially instilled, and does not this seed then be the one that one day, at a certain time, will go through a birth canal and then be known as a human being?'

What I have spoken may sound different to many who read It, but It is to help many understand that human life has a Purpose and a Goal, and all human beings are created in the same degree, the same way, and for the Goal to be returned, from The One Who created it in the first place.

Ask yourself: You are in an orchard, and the orchard is full of fruit. Suddenly you realize that the fruit is instilled with seeds that one day will grow, and there will be created more of whatever the fruit turned out to be.

**I have spoken differently at this time, but the Beauty of the birth of a human being is beyond what any human being can perceive it to be. It has Reason, Purpose and a Goal, and if you think about it, all that is nourishing, or most things that are nourishing to the physical body, began with a seed.**

**I smile when I say These Words, because many who will read Them might be shocked at how I described the Beauty of the ‘Seed of Birth’ along with the seeds that help life through feed, that automatically is understood to give strength, hope, and a great deal of worth.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**It is important for all of human life to know that the Presence of The Creator is consistent and constant to all human life.**

**When it was first announced that The Creator had the Power to do things, not just unusual, but Great, the mentalities of human beings had to learn more about What existed in them, in their midst, and Who created All things. It was a slow process of being able to adjust to such a Phenomenal Gift; to more understand, to more fully comprehend that human life, in many ways, was gifted with the Greatest Protection they could ever have, and that was the True Existence of The Creator that created All things, and that He allowed Himself to be seen in the form of a ‘Man’, thus giving a closer Association with the human way, the human appearance, the human understanding, and the human ability to see the reasoning that The Creator allowed to be, to give Strength to the**

**human way of life, through allowing human beings to see a human form, This Being called 'The Son of The Creator'.**

**As I speak today, I know What I am speaking is of great importance, because throughout the world there is little, if any at all, of a sound understanding of All that The Creator designed, in how things would be one by one created, so that the human creation would have more of an in-depth ability to rationalize more than they could if there was nothing else created.**

**As some read These Words, they may find Them hard to understand, but there is much more to be released, because there are so many men, women and children that cannot perceive the True Existence of a Creator of All Things.**

**As I close, I close with My Love for those who take the Words, and I beseech those who read the Words to not resist understanding Divine Love, in the Creation of human life, used each step for the results to be that you are a part of, on the day called 'today' in your time of life."**

### SAINT MARGARET MARY ALACOQUE

**“I am Saint Margaret Mary Alacoque. It is with much happiness that The Father allows Me to speak today, because the Closeness All of Us Saints have with men, women and children who are yet in the living state, is a privilege to be able to speak Words of hope, assistance, and Divine Love, encouraging, instilling, and giving Divine Love to help all ages of life more fully understand the True Existence, the Divine Existence of The Creator of man.**

**If the Words could be written in Their full measure on how much The Father, in His Love for human life, has done, has accomplished, and is yet using time to point things out that are not only helpful, but give moral strength and Spiritual understanding of why He created human life, and that the Purpose, the Goal is Far Greater than the human mentality can perceive It to be, but as He has allowed This Gift for the whole world, through *one small voice*, He has given to the world so much understanding**

and so much applicable to how human life can accept different degrees of learning about their Soul.

**I** will close at this time, but there is so much for human beings to begin to see, feel, and understand that The Creator of All Things is with them every moment they live, everything they do, everything they say, every prayer they address in requesting for aid or help in some form, some way, for someone else, asking The Creator to aid them in a manner and way other than what the human mentality or ability is capable of.

**B**lessings abound in This Gift that is so simple and so deliberately spoken to remind all ages of human life that to be alive in the human way is a Gift beyond what the human mentality can perceive it to be, because there is a Goal that is not seen, but it is logical, because The Father has allowed so much to be written, put into script, regarding Those who lived in the human way and are now known to be 'Saints'.

**R**emember, you have that privilege awaiting you at a given time, and that time will be The Father's

**Divine Love for you, and you will turn to Him and say:**

***‘Thank You for creating me.  
Thank You for giving me the  
privilege to be a Saint.’***

OCTOBER 16, 2003 AT 1:24 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**There are Several standing Here with Me Where I am, All listening to things that are being spoken in many areas of the world. This might be difficult for some individuals to understand, but the Soul has Gifts indescribable, and is constantly aware of all that is occurring where human lives are mainly there.**

**In the Gift to the world of rain, snow, and different degrees of weather, it is logical to understand these things, due to the physical beings that human beings are, temperature-wise and many other ways, wherein these things can affect the body, the mentality, or I should say, the weaknesses physically, mentally, morally.**

**You might find it difficult to understand My speaking in the manner I am, but in the design of human life, it was created to sense many things, and to be able to conquer many things, and to have many degrees of intellect and abilities, not always fully understood**

by human beings, because so much can be taken for granted just in the living stage of daily living.

Let us take the 'senses'. Oftentimes they are taken for granted until a certain one of them diminishes in its full ability, or is harmed in a degree, way, difficult for it to be made well again.

Let us take the sense of hearing. Many times an individual uses this sense every moment practically of the day, because their hours depend upon being close to other people consistently, or there are other sounds that are necessary for them to cope with.

The sense of sight is a valuable Gift of Divine Love, because sight is a Blessing in every possible way it can be used. Sight gives life more energy, more understanding, more abilities, and is capable of doing a multiple degree of things that no other part of the human body is capable of.

In the Creation of human life, every facet of human life was thought about. I could speak one thousand hours on the importance of all that human life is gifted with, but it would

**contain all the degrees of every Gift, all the reasonable reasons for the Gift, and also the practicality of the Gifts that are never seen by individuals who use these Gifts continuously. So much is taken for granted.**

**Let Me make one more Statement: The Gift of life, with all its senses, is a Gift beyond what anything else is created with, so The Father, in this Creation of human life, instilled in it a Portion of Himself, giving to human life Strength in so many of its abilities, even though they are not always thought of in their degree of importance.**

**Needless to say, books could be written, many books, detailing all the importance that each fact, factor of human life is endowed with, but before I leave you, I must say this: Human life is Blessed in many ways, because human life has a Portion of The Creator within it, giving to human life a Goal that nothing else is created with, but that Soul that is instilled is not a Portion that is seen, that talks, but It does, in Its Own Way, give hope, assurance, respect, and automatically causes these things, though they are not spoken about. The intellect of**

**human life, knowing that the Soul is present, very often makes the individual aware of what is occurring that could be harmful, or could be beneficial.**

**The Creation of human life is a Gift far greater than the human mentality has the perception to fully understand such a Gift of Divine Love that each human being is born with and carries through life, living human life for the Goal of the Soul within it, that is to one day return to The Creator and be called ‘a Saint’.”**

OCTOBER 17, 2003 AT 12:26 P.M.

**OUR HEAVENLY MOTHER  
SEVERAL SAINTS**

**“I am your Heavenly Mother.**

**There are Several Who stand with Me Where I am, All anxious to have input into This Beautiful Gift of Divine Love that was designed by The Creator for the benefit of Souls of millions of human beings.**

**In the Creation of This Gift, in the Preparation of This Gift, the enemy of all that is right, good, moral, just and pure, fought a battle unbelievable to the human mind, thus determined that no one would ever hear of the Reputation of The Beloved Holy Queen of Heaven. Of course, this was foolish on his part, because The Heavenly Father is The Greatest Power that could ever or will ever Exist, and One so close to Him called ‘His Mother’, She too, was and is a Power beyond the human knowledge or understanding She is thought to be, understood to be.**

**Somehow, the very Name ‘Mother’ softens what is spoken to Her. She**

smiles back and says, 'I will help you to the degree you request, but remember, you then are responsible for carrying on what you know is correct morally, logically, purely, and pleasing to The Creator in all you think, all you want.'

I smile at My Words at this time, because throughout the world there are millions and millions of all ages of human life; rarely do many of them fully understand the Greatness in Divine Plan, and that when they pray, their prayers are heard exactly as they deliver the prayers, but the human nature does not always sense that they are heard, due to the fact that what is or was requested may come in a different form, degree, manner and timing.

As I close These Words at this time, I plead with you: always remember, your Soul is a Portion of The Creator of All Things, and the Soul is never out of contact with The Divine."

OCTOBER 17, 2003 AT 1:12 P.M.

**SAINT ANNA MARIA GORETTI**

**“I am Saint Anna Maria Goretti.**

**The Father has given to the world a Blessing beyond what the human mind can understand It to be, because It is so natural to understand and so lovingly delivered by Whomever Here is requested to deliver It.**

**Human nature talks of the importance of love, how natural it is, how comforting it is, and how it gives to life strength, understanding, assurance, that nothing else has this combination of.**

**Today as I speak, there are thousands and thousands of children throughout the world who innately feel a sensitivity to Something they cannot see. They are told it is their senses; it is how people think, but I say it is more than this, because the closeness of a Soul to a body of a human being is oftentimes the Giver of strength, stability, assurance, and also help where it is needed, when it is needed, and no one else present even suspects such an occurrence to be.**

**Many children are neglected, but not in the manner it is seen to be. They are neglected in a way that cuts them off of caring, and of being able to partake in what would instruct them to be more understanding of the importance of social commitment to others, even others different in age than they are, because to be left out can be damaging to their sensitivity of how to associate with life in reality.**

**Today as I speak, there are so Many present Here with Me, because The Father is giving to the world a Gift that openly dictates and allows Others Here to dictate important subject matters, helping the mental, the physical, and even the social attributes to a more satisfactory way of life.**

**The world has been Blessed abundantly, because so many who think of a Miracle occurring, feel it only involves something unusual to their sight, giving them hope in a way they did not have it; but this is not always the way when a Miracle of This Dimension is entrusted to *one voice* and several others who will put into print, the closeness that human**

**life has in all aspects of life with The Divine.**

**The Father is always present, The Heavenly Mother always present, and Many of The Saints listen for prayers to be spoken, requests to be made, when there is a necessity for help in some manner, some degree, some source. Granted, all prayers are not answered exactly as they are willed to be, but they are always heard, and there is always an answer or help that does not register into the mentality of the one asking, but many times it is a greater Gift, in a different way than the one asking would suspect it to be.**

**As I close These Words, I say to all who will read Them: Always remember, every day of your life, living as a human being, you are closely associated with The Divine in more ways than your mentality can help you to know in your logical thinking, because the human thinking has a way, through habit of course, listening to words and placing the meaning in how they think, or how they will it to be.”**

OCTOBER 19, 2003 AT 11:10 A.M.

**OUR HEAVENLY FATHER  
AND SEVERAL SAINTS**

**“There are Several of Us present. The Father is always present, even when just One of Us speaks.**

**It is time for human life to understand that The Creator is continuously available, and present in a degree unseen by the human eye, but nevertheless, the Presence is continuous day and night.**

**I have come today to speak on the Importance of human life, its Purpose, and the Reasonability for which it was created. I will begin by different steps in how I speak.**

**In the Creation of the universe, no human being participated, or could have participated. All things created from then on had reason, for and which, in the different ways it was necessary for them to be.**

**I will not detail each step of the way at this time, because My Will at this time is to identify how and why I created human life.**

**H**uman beings are very remiss in trying to understand the Importance of being created a human being. So much is ignored, due to the fact that most do not want to understand, because they are more interested and drawn to their immediate standards, participations in their culture they are created; thus, in some ways, resisting the responsibilities of fully understanding the Importance of The One Who created human life in the beginning, thus calling it 'man'.

**D**aily, all ages of human life find that their identification of others like themselves give purpose to life; also, strength in their life, sharing with other human beings created in the same manner, purpose, structure, and ability to use a mentality that gives to human life Reasonability, Purpose and a Goal.

**N**eedless to say, What I am speaking about at this time is much greater than the few Words I have just spoken, but it is a beginning of what I will continue to do in this manner, this way, thus allowing the mentalities of all degrees to more indepthly understand My Purpose, but also My

**Love for this Creation of Mine, called  
'man'."**

SAINT ROSE OF LIMA  
SAINT CATHERINE OF SIENA

**“I am Saint Rose of Lima. I am Saint Catherine of Siena. There are Many standing Here with Us at this time. *The little one* is concerned over how Many will speak. We smile at this, because her earnestness, sincerity, and sense of justice is beyond what is understood.**

**The Father, in His Love for human life, has Blessed the world abundantly. Without these Revelations that have passed through *one voice* for so many years, it would have left a big void in how close The Saints are to every living human being, and how sincere and caring They are for the Souls of those yet who live in the human way, but are not receiving proper instructions, guidance, or reasonability to so many important habits in human life; also, what a Blessing human life is to those who are born in this way, this Divine Love, because it has a Future, it has a Goal that nothing else has it in this Magnificent Way.**

**All living matter and things are not comparable to what the human way of life is all about. First of all, the Gift of how it is born through another human being, human way, and carried until it is able to cope with the world to a degree necessary for it to grow physically, mentally, morally, understandingly, and realize that each and every word, thought and deed gives the Soul attention, so that one day the Soul can be returned to The Creator and hopefully be called 'a Saint'. Though it is difficult for the human mentality to perceive such a Great Gift of Divine Love, nonetheless, it is Fact.**

**I come on this day for many reasons: One is that children are not being instructed on what a Gift of Divine Love human life is. So many excuses boldly blunder the Truth, causing the Truth to be confused and not understood in its full measure, purpose; also, that the Soul is a Portion of The Creator, which makes That Portion of human life above and beyond the human flesh and all the organs of human life, due to the fact that the Soul, as a Portion of The**

**Creator, is beyond what the human mentality can perceive It to be.**

**Children are not learning the respect due to their way of life. There are so many excuses openly stated, thus when they are heard by the child or children, then there is a gap, an opening, that is never available to give help when it is needed.**

**I speak differently, but The Father has Decreed that to speak in all the degrees, ways, that have thus far been given over many, many, many years, needs a small change at times, to alert the mentalities to a more practical reasonability in how they see things, and how they should look at situations, conditions and habits that must change, due to the fact that they are constricting and restricting more understanding of what human life is capable of, and that is, returning to The Creator and be called 'a Saint'.**

**As I close These Words, I do it with great hope that All that has been delivered through This Gift in which The Father designed It to enlighten, to encourage, to instill in millions of human beings of all backgrounds, that there is a Goal for the Soul that**

**nothing else created is gifted with; that Soul, in returning to The Creator, is more than the human mentality perceives It to be.**

**I smile when I say My next Words. As a human being and you love something very much and you lose it, how do you feel?"**

OCTOBER 21, 2003 AT 8:38 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This *little one* I use for so many things I Will other human beings to understand regarding their way of life, the Importance of it, and the reality that there is a Goal for all Souls to return to Me, and then be called ‘Saints’.**

**To many who hear about This Gift that is far beyond the human reality to be occurring, they do not see the Wording in the importance It is.**

**As I speak in a natural form, degree, terminology, I do it this way to be understood by the majority of human beings who will be given the privilege to read the Words, abide by the Words for the good of their Souls.**

**I hear so many say: ‘If I have a Soul, why can I not see It? Why can I not feel It? I only hear that It exists and I am to believe it. The words that tell me this are words of a human voice, or in some form of script.’**

**It is important that all ages of human life realize that I, as The Creator and The Designer of all that life is about, plus the Goal I have awaiting it for the Soul that is a Portion of Me, to be returned to Me at a given time, I feel that this alone should give strength to the Purpose of human life and the Value it is to the individual and to Me.**

**Logic is evident in how I dictate These Words. It is important for all ages of human life, all backgrounds, all mentalities to understand: as The Creator of All Things that I Am, I want all things to be seen for the Greatness that I would design it to be, just as in human life it is natural that when an individual wants something, they want it to be the best. This, of course, is innately a case of imitating Me.**

**I smile at These Words I speak, because My Love for human life and the type of Gift I designed it to be, is of Great Importance to Me. My Love for it is obvious, because I instilled in it a 'free will' to be able to understand things for their personal need, understanding and gratification.**

**As I close These Words now, I bless those who are present, and I bless those who will read Them and use Them, because it is important that All I speak is understood for the benefit of the whole being, and of course, to aid the Soul that is a Portion of human life, that is a Part of Me.”**

OCTOBER 21, 2003 AT 12:58 P.M.

## SAINT ANTHONY MARY CLARET

**“I am Saint Anthony Mary Claret. As I speak through this *little one* I smile, because I came to her attention so quickly and mentioned Who I was.**

**Proof of Divine Love is consistently and constantly delivered through This Gift that is greater than most individuals perceive It to be. The Gift is The Father’s Love for human life, for do not forget, He created human life to His Image and Likeness.**

**Now, These last Words are Special. The Father’s Ability to do so many things, conquer so many wrongs that are being practiced in many ways, The Father’s Love for human life, exemplified by having developed religious understanding in groups of large sizes intentionally, getting human beings to realize that to believe in Spiritual Gifts of Divine Love, are far greater in number, degrees, and basic foundations for the human mind to understand that This Gift is the Foundation for human lives to not just realize, but to follow**

**What is constantly, consistently being instructed on the reality that human life has a Goal for a Portion of it, called 'the Soul'.**

**My Words are spoken to help those who read Them, and those who must teach Them to individuals who do not have the advantages of learning about the Gifts of human life, and the Goal for human life that The Father created, to give strength, understanding, hope, and a belief that would give to individuals of all backgrounds, the knowledge to know that when the human part of life no longer has the abilities of the human way, there is a Goal for the Soul, and that is to return to The Creator and be 'a Saint'.**

**I could speak hours endlessly on this Gift of Divine Love that to many is just hearsay, but to the logical mentalities that can associate with the sensitivity they have that in living the human life, it is natural to look for goals, progress, hope, a future, all these are the basic foundation for the mentality to understand that this continues on into a Different Degree, Manner, Source and Way when the human body no longer breathes air.**

**I have spoken differently, I know, but My Words are to reach many individuals who will be able to more fully understand the Beauty, the Love The Father shows, even to those who do not have a basic foundation of consistency in prayers, or in religion taught to them formally.**

**As I close My Words, I know They are differently in concept, because there are some individuals who read All that has thus far been delivered, but needed these specific explanations for them to take that one step into a deeper understanding that they either resisted, or could not mentally understand.”**

OCTOBER 22, 2003 AT 12:30 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**I have shown *the little one* through whom We All speak, a small child shedding tears of grief. The child is approximately three years old. Those around the child care, but they cannot seem to muster up the gentleness, the sincerity, and their family love for the child, because to them what occurred they could not help, and basically they could not have cared.**

**This story is sad, but it has much importance regarding the personalities, the natures, the characteristics, the sensitivities of millions of human beings who, under certain circumstances, in certain areas that occur in their lives, they have an innate ability to resist sympathy, sharing, and an in-depth understanding that some hurts are not just unhealthy to other individuals, but detrimental to their ability to proceed in what they desire to accomplish or be part of, that was good regarding the one or ones who were the victims.**

**I know I speak differently, but My Words are to enlighten, to encourage, to instill in all who read These Words, that there is a great need for sensitivity to the lives of other human beings.**

**Today, throughout the world so much is based on humanistic values or evaluations, thus ignoring that there are other factors in life that need assistance and need help in ways conceivable, but so many individuals find it interferes with how they feel about how important the situation or situations are.**

**I am speaking differently today, because in so many families there is love, but there is also an indifference. There is concern for different things that occur, but also there is an impersonal view, response, which is sadness, because human life has been endowed with so much knowledge, and the sensitivities of understanding, and the realization that there are many ways that human life can be hurt psychologically, emotionally, physically and spiritually.**

**I know I speak differently today, but Many of Us Here in the Heavens request The Father for Us to be able to**

**speak Words We feel that are needed to awaken, to enlighten, and to encourage human beings to be sensitive, because through sensitivity, there is an innate closeness to The Creator and to All The Saints. If The Creator of All Things, God Himself, was not, did not have the Foundation of Sensitivity, human life would live in a desperate manner, way, condition, that would be unbearable.**

**This Gift that so much is instructed in, for, and on, is to alert, awaken and instill more sensitivity, more understanding that human life is created by The Creator of All Things, and human life is allowed to partake in so many areas of life, giving to the human part, more abilities and more understanding that there is a Goal for human life that nothing else is gifted with.**

**The Goal, of course, is to return to The Father at a given time and be able to feel good about the closeness because of how the individual lived the human way: caring and sensing at all costs, the Importance of human life, and that it had a Goal that one day they would be faced with. Would the Goal be Sainthood, or would the goal be a period of time using what**

**was necessary to erase all the wrongs that one partook in?**

**I know What I have spoken may be difficult for some to realize that such a Message of this nature would be given through a Miracle of Divine Love, but I assure you, Divine Love has a Sensitivity to those who are created the human way, but also has a Sensitive Love for human life that the human mind cannot perceive the Greatness of.**

**As I close These Words, I promise you I am smiling, because I know that at some time, in some place, What I have just spoken will alert certain individuals to be reminded that 'Heaven is the Goal.'"**

OCTOBER 23, 2003 AT 12:36 P.M.

**SAINT JOSAPHAT**

**“I am Saint Josaphat.**

**You live in a time wherein there is little sacrifice regarding accepting what would give more Grace to what one does or should be doing.**

**Humanism has in many ways been more adopted, adapted, included in what an individual thinks regarding the importance of a subject, a duty, or the necessity to see things in a manner, degree and way more pleasing to The Creator than to someone they know, someone they feel would just be interested in what they have to say.**

**Children are not being instructed properly; in fact, they are being neglected. There is a great need for them to be instructed on the importance of how they live and the fact that they were created a human being, and they are the custodians of a Portion of God Himself, and It is called ‘a Soul’.**

**The word ‘Soul’ to many individuals is not understood. It is**

categorized more in a humanistic degree than it should be. The Soul is a Portion of The Creator, based on the Will of The Creator and the Divine Love that The Creator has for the Souls of all human beings born.

So little is understood at this time, because there are so many individuals who feel that when they talk, the subject they desire to speak on is far from Spiritual. It is basically more humanistic in every facet of it.

I speak so differently today, because it is important that those who read the Words The Father Decrees to be released from This Place, should be Words to encourage Holiness, the Purpose for which He created human life, and the Divine Love that is instilled via the Soul that each human being is the custodian of.

Humanism to many individuals helps them to be more popular, more understanding, and in many ways noticed. I will add an important Note to What I have just spoken: At no time in the History of human life, was or were sound Spiritual actions, ideas, ideals not a pleasure to see, a pleasure

to feel, even to the most evil human beings.

I rarely speak like I have now, but it is important, because you do live in a time wherein sound Spiritual Facts are cast aside, and if you were to ask each human being what they enjoy the most, the answer very likely would be foolishness, or out of context in anything Holy or pleasing to the Soul that each human being is the custodian of.

I know All I have spoken is far different than you have ever heard It before, but I requested from The Father what subject I should deal with, and He suggested What you have just heard, and those who read Them will find Them logical in essence, and perhaps awaken them to what is actually occurring that is not just totally humanistic, but it has tinges of what the enemy would want to have heard.”

OCTOBER 24, 2003 AT 11:46 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. There are Many Others present Here with Me Who are called ‘Saints’.**

**I have given to the world a Gift greater than the human mentality can or wants to perceive Its Greatness because of the changes they will have to make in how they live each day, how they act each day personally, and in response to others with whom they are associated or meet.**

**All that has thus far been delivered must never be set aside, ignored, or abused in any form.**

**I use *one small body* to relate to others My Will through Words understandable to the human mentality. Some say: ‘Why do You not use more than one? Would not the so-called “*little one*” be too weak physically and in other ways?’ I many times become angry at this remark, because it is a remark of jealousy, but also a remark belittling Who I Am, What I Am, and the Degrees of Power I have.**

**In all decisions I make, I use each decision to perfection, to either correct what is wrong, or to instill what is right.**

**There are many learned men, and some women who are innately jealous of This Gift of My Divine Love. This is sadness to Me, because jealousy delays, destroys, and always ignores the Facts that should be seen as either helpful, justifiable, or the foundation for what is good in every degree.**

***The little one* never knows what I am going to speak about, so My Words are always spontaneous. The subjects are delivered as I Will them to be delivered.**

**Throughout the world there are millions and millions of human beings who should know about This Gift, because there are so many demonic distractions they are confronted with.**

**I could speak hours, but I know that *the little one* I use hears indepthly What I speak through her, and it takes Its toll on her physically, because her desire is to only please Me, and that is what it should be.**

**The time has come for the mentalities of all degrees of intellect to awaken to Me, My Constant Presence that they cannot see, but also My Willingness to return their Souls to Me. I have placed a Soul, a Portion of Me, within every human being. Nothing else is gifted with This. This should be understandable because only human life has a Soul.**

**As I close These Words at this time, I remind those who read Them: It was a privilege to be born a human being. It is a privilege to live as a human being, and it is important to know that as each day passes in the living state, I am within you, wanting you to become what is called ‘a Saint’.”**
