## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## **PLEASE READ**

**In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.**

**This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.**

**Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.**

**For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.**

**In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.**

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

**SAINT ANNA MARIA GORETTI**

**“I am Saint Anna Maria Goretti.**

**The Gift The Father has given to the world is beyond what the human mentality can perceive It to be. All of Us Saints ask permission to help those who are yet in the living state to be mindful of the Fact that they have a Portion of The Creator that they must protect under all circumstances, due to the fact that human life is oftentimes encouraged to accept something that is not pure, logical, or that the Soul would not be happy to receive.**

**Children of all ages are not being instructed that as they are gifted with human life, and with all that is necessary to give to their life progress, interests in many things, but mainly to use all they are to please The Creator, so He will one day make them ‘a Saint’.**

**As human beings thrive on reaching goals, it encourages them, and it instills in them an eagerness, a sensitivity, a pleasure to be able to accomplish something beyond what is**

ordinary in their life, or that will give to their living a human being, special notice, and of course, experience beyond what it would ordinarily have. Challenges to human life give strength, interest, encouragement, making human life happier in many, many ways.

Today as I speak, it is to enlighten the mentalities of those who read the Words, that human beings were not created to act like other things created. Human life was designed with many things that The Father uses, such as the mentality, the love, the hope, the interest, the enthusiasm, and the courage to face challenges, thus giving to life more advantages, and also, more ways to better understand, more fully comprehend, that when there is a goal, it encourages the mentality to reach the goal, giving something to life that many other things do not possess, or do they have the ability to even reach for, to one day have the responsibility to face The Creator of All Things, and The Creator smiling and saying, 'Today I can call you "Saint".'

This, of course, should be everyone's Goal, and it can happen, it is possible, and with some people

**it is probable, and so worthwhile to reasonably use human life in every facet possible that will give you the opportunity to one day be called 'a Saint'. It is not difficult. It is not impossible, but the Goal is what you were created to reach after the human way is no longer capable of breathing or thinking or being active in any way.**

**I close These Words with deep Love for all human lives, because What I speak is logical and also so worthwhile."**

## SAINT ANTHONY MARY CLARET

**“I am Saint Anthony Mary Claret. I oftentimes hear My Name, requesting for prayers to help another individual in either a moral situation or a physical situation, or a situation in which memory is the important issue.**

**Prayer is an important part of human life. It is what We sometimes call a ‘silent communication’ between a living human being and The Divine. More children should learn this expression, this understanding, because it would help them to know that any time of day or night, when they are alone or with someone else, they can pray, using the words they will to be heard through a ‘silence way’.**

**So many times, We see all ages of human life want something important to be accomplished. They do all the physical things necessary, but the one thing that they oftentimes omit, and that is to ask aid through a communication, silent and yet always heard, and that is with The Divine.**

Perhaps the answer will not be what they will it to be, but I assure you, if it is not exactly what it should be, the Blessing that the individual receives is far greater than they know.

Sadness comes easy to a lot of individuals. I use the word 'individual', because most times a subject matter is not spoken out loud, but the prayer between the individual and the One to Whom they are speaking, is heard immediately, and recognized for its worth.

This may be difficult for some to understand, to comprehend, but it is fact; also, there are certain times during a day that if an individual would pray, privately of course, this communication would be remembered by Whomever they are praying to, and may be answered at a later date in a degree not requested, but to a fuller degree, helping the individual to become 'a Saint'.

It is sad for Me to say what I am about to say. The next lines might frighten some, and yet give others strength. Unlike the human way of living, The Divine never forgets a prayer, a request, the importance

of it, and the real necessity that is requested, but if the prayer is not answered in the degree, manner and way, it could be more reasonable and it will be found out at another time, in another way.

**C**hildren are not being instructed on how their memory, how their mind can speak to All Here in the Heavens. Granted, it is not a two-way conversation, but the words are always heard in their full dimension.

**I** beseech all who read These Words to never forget, though a prayer may not be answered as it is requested to be, the prayer has been heard, and it will be treated according to some other facet of how an individual lives or is in need.

**A**s I close My Words today, I do it with much Love for human life, because all that an individual has to live for is greater than any human thought, act or desire to have something personal, physical, that they can see, feel, hold. No prayer is never not answered. It is always answered because it is heard, and The Father is never out of reach, because the human mind, the human

**body is the custodian of a Portion of The Creator that nothing else has.**

**Now let Me speak a Word of logic: There is One Creator and He has created All things. This, though it is difficult for some to understand, the Existence is obvious in all things that live on the land, or the whole universe as it stands in place, so your prayers are heard, and perhaps will be answered at a better time or in another place.”**

OCTOBER 28, 2003 AT 12:36 P.M.

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine.**

**Human beings of all ages of life many times get absorbed in reading books, not realizing that the subject matter is important to their memory, or even sometimes how they discern it to be interesting and practical for them to learn more about a subject; but, in reality, the subject may be suggestive to all that is indecent, impure, immoral, and yes, abusive to the Soul.**

**So many ages of human lives tend to read whatever they feel interests their mentality, even though they know the subject matter is degrading to their thinking and their sound understanding of how displeasing this could be to their Soul.**

**I speak in a different way because the average individual, and by average, I mean in mentality, understanding, and how they live daily, is oftentimes misled into reading subject matter that is vile in some ways, contemptible, only being used to arouse in those who**

read it, another manner of interest and less concern for what is best for their mental to respond to, to speak of, and to find interest in.

I say These Words today, because through many years of The Father's allowing so much to be put into script, the nature, the mentality, the interest, and even the personal impurities of certain individuals found and find now, that to write, to have put into print for others to read, can make money for them through books, or even short pamphlets that draw attention to more of a foulness regarding human life, than what would be natural to see as interesting and something to be remembered that would leave within the mentality a decency in understanding, rather than a foulness that was intended by the word.

I know My Wording may displease some individuals, but My Wording is to encourage all who read, to avoid foulness, because it is not a pleasing subject or descriptive meaning. It only pleases the enemy of The Creator and of the Souls of those who partake in this form, formal manner of using what they feel is entertaining.

**I will close My Words at this time, but there is much more to be spoken on this matter, condition, situation, that in many ways has grown, multiplied, and to some people, is an essential daily habit for their minds.**

**As I close My Words now, I know that some who read Them will find Them difficult to handle, but as I close My Words, I say one more thing: Evil did not create the world, or is it beneficial to the mind and the body or the Soul, so would it not be wise to cast it out in every facet that you are open to, because do not forget, every word you say, every thought you have, everything you do, your Soul is the recipient of, and your Soul is That Portion of you that is a Portion of The Creator.**

**My Words may not be pleasing to some, but My Words are hopefully Words that will give the necessary respect The Father is due.”**

OCTOBER 29, 2003 AT 1:03 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. Many of Us are present wherever this *little one* is. We call her ‘*the little one*’ because her time with The Father was from the beginning of her birth.**

**There are many, many Lessons passed through This Gift that are not just Means of advice to those who read the Words, but They are Directions for the individual to learn more about becoming ‘a Saint’, to better understand the Purpose for life, and the Beauty of the Goal that awaits the Soul at a given time.**

**Children throughout the world, of all ages, are not being instructed properly. So much humanism is involved, thus using humanistic versions above and beyond what the necessity for Spiritual activities, actions, thoughts, words and deeds, mean to the Soul.**

**Ask yourself: ‘How many times today have I thought about my Soul?’ Have you spoken to It in words of communication or requests, by asking**

**the Soul to give you the strength to act as The Father would want you to? What example are you to others you meet, you associate with? Do they see purity in how you talk, what you speak, and how you think through your actions, your mannerisms in how you approach others like yourself, human beings?**

**I will not speak long, because there are so Many Here in the Heavens Who are in many ways devoted to This Gift of Divine Love, that The Father has so lovingly bestowed upon the human beings that hear the Words or read the Words.**

**Today as I leave you, I have one thing to say: Never allow a day to pass that you do not remember to say:**

***‘Father, forgive me for my sins today. I love You and I pray that my Soul will not be harmed by me in any way.’***

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Every second in human life has an importance in it, for it, due to the Fact that I am present in every human life. There is not one moment that My Presence is not within who you are, what you are. This Statement may be difficult for some to understand, but That Portion of Me, called ‘the Soul’, should be logical as My Presence to be.**

**This *little one* I use for so much to be delivered, understands Each Word I speak, and as I speak the Words it gives her a happiness knowing that it is a Gift of My Divine Love, constantly helping human beings of all ages to be aware that I am with them at all times.**

**My Presence is not evident to their sight, but the fact that I have announced, so many times, the Importance of the Soul instilled in human life at the moment of conception, verifies My Presence, and should be remembered in how an**

**individual understands how close they are, how close I am to everything they do, they think, they say, they partake in.**

**I have allowed so much Instruction to be delivered in such a Personal Way through this *little one* I use, requesting she put so much in print, so what the Messages say are not just Word of mouth, but put into script to be read, helping It to be more fully understood as being from Me.**

**Human beings of all ages, all degrees of intellect, form their own personality and their own degree of intellect, thus giving to human life the fact, the reality and the purpose to be able for human beings not to be able to be called ‘clones’, a human description I dislike intensely.**

**I have given this time, through *one small voice*, so much for all ages of human life to fully understand the Importance of being an individual in how one thinks, acts, and uses what they are, according to how they respond to the Gifts of human mentality, and the ability to physically use many parts of their body to be able to follow what is necessary in different facets of human**

life. Without these things, human beings would not be able to use the free will to be an individual regarding decisions, values, and the understanding of the responsibilities that they, as human beings, are responsible for.

I speak These Words to help some men, women and children to rationalize the beauty of the free will and a fuller understanding of the responsibilities of this free will that nothing else is the custodian of.

My Existence as The Creator of All Things is not a hidden Fact. It is open to the mentalities of all human beings. This alone should help all degrees of understanding human life as a Gift of My Divine Love, in that it does give the mentalities a freedom to choose. I did not create human beings to be prisoners in how they live. I created human beings to be free, to be able to make choices, and more fully understand that each human being is created by Me and I have placed in each human being a Soul, a Portion of Me, but I also give them the opportunities to be able to choose what they understand is valuable to My Purpose for instilling in human

**life a Soul, for the Future Life of the Soul for All Eternity.**

**As I close These Words at this time, I have given to the world a Gift of My Divine Love, but also of My Divine Purpose for human life: to share with Me the birth and each step of the way, to give them the strength to earn the privilege of returning to Me, and My calling them ‘a Saint’.**

**I could speak hours and hours, because My Love for human life is endless in how I feel so close to it. It is so much a Part of Me. That is why I have given to the world at this time, Words, put into script so They can be remembered as My having had spoken openly the Importance of this Creation of Mine, and that in My Love for it, it is to return to Me, at a given time, That Portion within it, a Portion of Me.”**

OCTOBER 30, 2003 AT 12:43 P.M.

SAINT ATHANASIUS

**“I am Saint Athanasius.**

**When The Father beckons for One of Us to speak in This Special Gift He has given to the whole world of human life, it is a privilege to Us Saints to become a Part of The Father’s Will to deliver Words of Hope, Instruction, that will automatically give an individual strength, more understanding, and participation in delivering Words to thousands of other individuals, thus giving them Guidance on Divine Will through the written Word delivered by Heaven.**

**Even though you might hear an individual say, ‘It is difficult for me to believe that The Father would choose *a voice*, a human voice to deliver so much Instruction, ordering The Saints to give Instructions to those who are yet alive in the physical role,’ it is important to realize that What passes through The Father’s Love is of Divine Purpose, due to the fact that the Souls of millions of human beings could be saved by What He allows so Many**

**Saints Here in the Heavens to have put into script for others to read, to learn from, because there is so little human understanding regarding the close Association human lives have to The Creator of All Things, and that He innately, earnestly, lovingly, does all things practical to help save Souls.**

**It is a difficult subject for some to understand, because their remarks are: ‘What I have just heard sounds right, practical for my human mind, but I cannot see my Soul, I cannot feel my Soul. How will I know that my Soul will share the Benefits of All that The Father gives, with other Souls Who do not have the one They are in, to help them in the same measure, degree and way?’**

**I smile at this, because Souls in some form do communicate in a degree and manner not understandable to the human mind, but there is much hope in a Soul when the physical it has been in no longer exists.**

**As I close These Words, I ask those who take Them and those who will read Them, to remember: You are never alone from the moment of your conception, because you are gifted**

**with a Portion of The Creator, called ‘the Soul’, and the Soul is ever ready to give to a small child attention that is never seen, but sometimes it is felt by those around.**

**As I close These Words, I close Them to allow you to share What has just been said, because all through time, there have been times when The Creator shared His Sensitivities, His Love for human life, by giving to certain individuals Words they did not understand from Where They were coming; they thought they were thinking it. This was a Gift of Divine Love, as This Gift today, and all the other days that Words have been delivered for all who read Them, to never forget they are the custodian of a Portion of The Creator, their Soul.”**

OCTOBER 31, 2003 AT 12:48 P.M.

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**The Father, in His Love for human lives, has given to the world a Gift beyond what the human mind can perceive It to be, because in This Gift of His Divine Love, He has allowed so much to be dictated, put into script for others to read. All of The Saints Here in the Heavens request to speak. He has allowed Many to do so because, due to the weaknesses that to many individuals is ordinary, natural, and a way of life.**

**Today as I speak, it is to encourage those who more fully understand the Importance of bearing a Soul, a Portion of The Creator, that is to be returned to Him, Pure in every facet of It.**

**So little is thought about on what a human being consists of. So much emphasis is put on how they think, what they want, who they are, and what they will their lives to be like. Disorder is rampant throughout the world. Sin is not sin to the minds of**

many. It is humanistic in its presence, and what it causes to be accepted, whether it is right or wrong, good or evil, negative or positive, just or unjust, pure or impure.

This Gift of Divine Love has allowed so much to be put into script to awaken the mentalities of all ages to understand that as being given the privilege to be a human being, they were also given the responsibilities attached to this Gift of life, because it is the only living matter or thing that contains a Portion of The Creator, called 'the Soul'.

To hear individuals openly say that they are 'soul mates' with another individual, or more than one individual, most of the time all they really mean is that they are on agreeable terms, interests, values, understanding, irregardless of what immoralities could be included in their ways, their thinking, or how they live.

I speak strongly through this *little one*, because What I have spoken, along with the Others Here with Me, is far more important than the human minds of those who read the Words will understand, only because it is

innate in thousands and thousands and thousands of human beings to be irrational on what is important for their Soul according to The Father's Plan.

So Many Saints Here in the Heavens are saddened, because so many individuals of all ages find their free will refuses to look at purity, justice, and pleasing to The Father's Love for them.

I close These Words. I could speak hours on end, on every subject matter that, at this time in which you live, the enemy uses human beings to strengthen all that is wrong so that others will find it interesting, acceptable, because it is the way human life is at this time, irregardless of how The Father Willed it to be, because of the Soul that is a Portion of Him, that each human being is the custodian of.

All that is evil is based on humanism, humanism's love for what they call 'interesting', 'exciting', or 'monetary gain'. This, of course, is ridiculous, because the Beauty of purity of the mind, joins the human being with The Father's Love, the

**Hope in His Love, the Justice in His Love, the Purpose in His Love, and of course, the Future, to be returned to Him and His calling the One returned to Him, ‘a Saint’.”**

NOVEMBER 4, 2003 AT 12:43 P.M.

**SAINT ANNA MARIA GORETTI**

**“There are Several of Us present. I am Saint Anna Maria Goretti. When I hear My Name mentioned, I am immediately alert, even when My Name is thought about in a casual manner or a specific word.**

*The little one* I speak through is more with Us than with you, because The Father’s Will has Declared it to be, because of the Importance of All that is delivered for the Souls of thousands and thousands and thousands of human beings.

**Prayer, to most who speak in the natural way of living, say prayers by the words, not always because of their meaning.**

**Today as I speak, I speak Words to draw your attention to the fact that as you live in the human world, All The Saints Here in the Heavens are aware of you, and in many ways participate in certain things you do, you accomplish, and you are pleased about.**

***The little instrument*** that is used by All Who are Here, speaks Our Words clearly, in the exact manner We deliver Them to be read, to be followed, and to be understood. Two worlds to be in so constantly is more than the human mind can perceive it to be, because one World speaks silently yet intentionally on subject matter for the good of the Souls of more than one individual. That is why so much is requested to be put into script, because the ones for whom the Messages are meant, are not always present, able to hear the importance of the Message that is for them.

We hold *the little one* tightly, because the body is many times weary, due to the fact that so much is spoken through her that is not put into script.

The world has been Blessed in so many ways, instructing all ages of human beings regarding The Father's Will and the necessity in how individuals should live, constantly aware that everything they think, say and do, is heard, seen, regarding the intention, the purpose, and/or the goal.

**I will close My Words, because what I have spoken is important for those who read the Words, to more fully understand what a close Association every human being has to The Divine King.**

**So many individuals say: ‘I believe in God, but I do not pray. I know He reads my thoughts, sees what I do each day.’ This, of course, is an excuse, disregarding the importance of prayer and how important it is to communicate in a way that draws attention to the facts, the figures, the subject matter, and the purpose for the communication to be seen to the degree that is necessary for it, in case there is any help needed.**

**As I close These Words, I close Them with great Love for human life, because human life has a Goal beyond and above anything else created. The Goal is for That Portion of human life that is a Portion of The Creator, called ‘the Soul’.”**

NOVEMBER 6, 2003 AT 1:14 P.M.

OUR HEAVENLY FATHER  
SAINT PEREGRINE  
SAINT ATHANASIUS  
SAINT IGNATIUS LOYOLA

**T**here are Three of Them present.

**“I** am Saint Peregrine. I am Saint Athanasius.” And the Third One is telling Me His Name. He smiles and He says, “Saint Ignatius Loyola.”

**“I** am your Heavenly Father. I smile when this *little one* tries so hard to repeat What her body does not hear, but to repeat the Words that are implanted in her mind, capable for her to understand the Wording she is receiving from a Higher Plane. The sound of Voices would be disturbing, is that not so? But the Way We deliver All that is to be read, understood as being Gifts from Heaven, are the important Words.

**T**oday as I speak, and so Many Here with Me are present and able to intercept if They Will it to be done, the world has been bestowed upon with a Gift greater than the human mind

could imitate or fully understand, because the Souls of millions of human beings must realize that They are a Portion of The Creator, and the ones in whom They were placed at the moment of conception is important to Them.

Though an individual does not see the Soul or even feel Its Presence, there is an innate sensitivity to the privilege of human life, based on all it has been gifted with, to walk in many roles of living, understanding so many things that nothing else created has the privilege of doing or being.

As This Gift touches human beings through the written Words, it is done this way so that What is delivered through her that is of such Great Importance, is not only trusted to the human memory, but given the privilege to be able to read It many times, thus observing more indepthness in It, more realization of It, and that is the Gift of the closeness human life has with The Divine.

Many Saints Here in the Heavens are saddened by the fact that when so much important Wording is delivered in one place, all places throughout the world do not hear It, but they have

**the ability and the privilege to read  
It because of those who will take the  
time to be a part of the delivery, and  
then take the privilege it is to scatter  
It to all the other lands in the world,  
and outside the world.**

**Children are not being instructed  
enough on how important it is for  
them to greet each day in The Father's  
Name, even if it is a short prayer, but  
the important thing is that the child  
associates the day with the Kingdom  
of Heaven, and the child's place, the  
child's importance, and the child's  
realization that there is a Goal to life,  
Greater than the ones they ordinarily  
respond to, or accept as being natural  
to human life, ordinary.**

**This Gift that gives so much to  
all who will take the Words and all  
who will have the privilege to read the  
Words, must travel beyond from where  
It passes through, because there are  
millions of human beings who have  
no idea that I am this close to you, no  
matter where you come from, no matter  
how you live, no matter what age you  
are, no matter what your intellect has  
been instructed on.**

**I could speak hours on end, but I promise you that as These Words pass to millions of individual human beings, They will leave a Mark, not seen, but innately felt when it is requested to be, or when the need is necessary for Us to remind them that human life is a Gift of Divine Love, not human love as so many see it to be.**

**As I close My Words at this time, I have spoken differently, but I have done it to open the way so that the reality and the Purpose for human life is Greater than the human mind perceives it to be.**

**As I bless those who take My Words and those who will read Them, I ask you all to remember to do one thing more times than you ordinarily do it, and that is to remember what gives Me happiness: when you say, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'***

NOVEMBER 7, 2003 AT 12:05 P.M.

**OUR HEAVENLY FATHER  
AND SEVERAL SAINTS**

**“There are Several of Us present, too Many to mention. The list would be that long. We All speak The Father’s Will for the Souls of millions of human beings. Every human being born to the world is more Important than it is perceived to be.**

**In the early days of Christianity, many things released regarding Its Importance was new to those who lived at that time. Many could handle it mentally, and many wanted things to be shown to them as being factual.**

**At this time, many hundreds of years later, All that is being delivered verbally has a purpose, allowing What The Father Wills to be necessary for the Souls of human beings, is Divine Love for human life, more than It is seen to be by human beings of all ages.**

**When The Commandments were requested to be put into script by ‘the first one’ who received Them, it was an important stage of helping**

**the mentalities of those yet to come, helping them to more fully understand that The Creator of All Things had given to the world of human life, the way of human life, His Will and His Plans in a Personal degree, manner, way, so that all ages could understand that within them they had a Portion of The Creator, and they should use this Portion to return It to Him in Purity, and in purities of how they lived in the way of man.**

**There is always so much for human lives to learn about, and to understand more indepthly, that human life has within it a Portion of The Creator that nothing else has, and It must be respected and remembered that It is That Portion that The Father Wills to be returned to Him, and be called 'a Saint'.**

**I could go on for hours, not repeating one Word, but continuously instructing, teaching, and making human beings aware of the Importance of human life, because there are so many who are born to this way who ignore that it has a Special Goal, that nothing else created is the custodian of.**

**I have given to the world *one voice* that I desire to be heard; also, I have requested that All that I speak, and All that I request Those Here with Me to deliver, not just encouragement but Facts, beneficial to the time when they are to face Me, perhaps not in the living state, but to return to Me That Portion of Me, their Soul.**

**Many who read These Words may find Them difficult, but time will help them, I'm sure."**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**In spite of all that is being acted out, thought about, and practiced through the human way of life in so many areas, The Father wants all individuals, no matter what religion they follow, to understand that they have within them a Portion of Him they cannot see, but It is evident through their abilities to speak, to learn, to hear, and to be able to discern what is pure over what is impure, just over unjust, right over wrong.**

**I know I speak rapidly, but These Words are important, because throughout the world there is so little emphasis, resisting the reality of the Importance of human life. So much is based on human interpretation, human error, yet accepting it as right.**

**As I close These Words, I desire Them to travel far and wide; hopefully They will alert millions of all ages, to think in a different degree of attitude, perception, understanding, and what they follow in their daily way of life.”**

## MANY SAINTS

**“There are Many of Us present so We will not deliver all the Names. As Each One of Us speaks, it is the Will of The Father that allows this to be, and directs Us in What to say, because the Souls of every human being are Important to Him in a special way. The human sight cannot see Us, nor can they hear Us, but We are ever present wherever The Father directs Us to be.**

**Human life is Important, but rarely seen for the indepthness this Importance is, or it means. The flesh of a human body and all that it takes for a human being to live: the heart, the lungs, and other portions of human life’s body are important, because they were designed to give to human life the means to be able to exist.**

**Today is a special day in many ways, because as each day is special, today, in The Father’s Love for human life, He wants more emphasis put on not just morality, but an individual’s Spiritual understanding in the mentality of all actions that a human being**

partakes in, that were designed at another time to give purpose in how the human body would be used, greater than a tree or a plant or a machine.

The human body has a Goal because it possesses a Soul. That is the 'only thing' created like this. The Goal for the human body is difficult for some to understand. That is why it is so important that more be taught, instructed, regarding how the human body is different, because it has a Portion of The Creator within it, making it different regarding the fact that the human body and mentality have the responsibility to protect That Portion of The Father, the Soul. Without This, the human body, mentality, would be likened to the animal life, to a tree, to a mechanical instrument designed by a human being.

All that has thus far been delivered previously, that has thus far been spoken, at this time should be unlimited in how many men, women and children are instructed on the Importance of being a human being.

As I close My Words, I close Them with great concern, because so little is truly understood by all degrees of

**mentalities. Materialism, self-acclaim and personal gain supersede. I do not say this should not be part of life, as a living thing, but I do say more should be understood on the Importance of human life because it was designed and created for a Goal: to return to from Where It came, That Portion of human life called 'the Soul'."**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The Father, in His Love for His Creation of human life, oftentimes encourages a human being in a manner and way not conceivable to the human being, Who is directing him or her, but The Father silently reminds them to remember the importance of morality. By morality, I mean the body’s activities, how it is used by the one in whom it is placed, and the importance that it was created for.**

**The world has been Blessed by so much being delivered, encouraging all who will read the written Words to think more indepthly on the Importance of human life and that it has an innate Gift of Divine Love in it, the Soul.**

**The Soul is the recipient of all that an individual practices mentally, physically, morally, in all areas of life. The Soul oftentimes pleads with The Father to be allowed to show an instance, a fact, a situation, to awaken the mind of the one in whom it is, that**

**human life is a Gift and should be honored, not demeaned, not cast into evil situations that not only belittle this Soul, but destroy It immensely, because It is the recipient of all that the human mind and body partakes in.**

**Let Me put it in a different way. When you have something and you paid a big price for it, or it was a gift to you and its worth is immeasurable monetarily, socially, and it gives you a strength, a happiness and a feeling of owning something of great value, this feeling rarely leaves you, and you do not want to lose it; you protect it.**

**Now let us refer to that Important Portion within each human being that is worth more than anything else in the world, and that is a Portion of The Creator. It is called ‘the Soul’.**

**The Soul is a victim many times of what an individual practices that is demonic and pleases only the enemy, but the personality, the nature of the individual, or the weakness of the individual abuses the Soul unmercifully, giving to the Soul distress, placing the Soul in a manner and way that will cause It to one day have to suffer to**

pay for what occurred to It, due to the one in whom It was placed as a Gift of Divine Love, because the Soul is That Portion of human life that is a Portion of The Creator of All Things.

I could speak endlessly on this subject, and I know many who read It will deliberately not want to understand It, but I assure you, every human being born has placed within it, a Soul. The Soul is a Portion of The Creator of All Things, and the Soul is the recipient of all an individual practices mentally, physically, morally.

Before I close, I would like to ask one question. Perhaps it will help you understand What I have just spoken a little deeper in your mentality. Is it worth the chance you take to destroy something that is Greater than anything that you could ever purchase in the human way? Do not forget, the Soul is a Portion of The Creator, and It is He Who created All things.”

NOVEMBER 11, 2003 AT 12:28 P.M.

**SAINT JOSAPHAT**

**“I am Saint Josaphat. I come on this day to remind those present and those who will read These Words: You live in a time of Great Importance, due to the fact that The Father, in His Love for human life, has and is allowing so Many Saints Here in the Heavens to speak openly on subject matter not usually of much concern to the average human way of life.**

**Spirituality has many facets to it, within it, and for it. It was designed by The Father to draw human beings to an important subject for the sake of their Souls, because without Spiritual understanding or dedication, the human mind would be on all subjects that basically would have no understanding, no consideration, regarding the Most Important Part of human life, that human beings bear within them a Portion of The Creator called ‘the Soul’.**

**Though It cannot be seen, It is felt by the very sensitivity of an individual knowing right from wrong,**

**purity from impurity, justice from injustice, and of course, peace before chaotic confusion of mixed ideas, ideals, or patronization.**

**As I close These Words, I bless those who take Them, but hopefully the Words will be passed on to allow others who will read Them, to see what a Great Treasure human life is, and that each human being has within them a Portion of The Creator, called ‘the Soul’.**”

NOVEMBER 11, 2003 AT 1:05 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. There are Several of Us present as there always are where This Gift of Divine Love, displaying The Father’s Love for human life, and teaching the important Facts that aid the Soul of each human being.**

**The Soul is never thought about because It cannot be seen, but the Soul is evident through one’s ability to know purity over impurity, justice over injustice, love over hate, truth over untruth.**

**Millions of human beings live each day never thinking of Who created them, Who instilled in them the abilities they have, or the capabilities that they are the custodians of. So many men, women and children place more importance on their own opinion of themselves than what they actually follow, practice, or realize the importance of.**

**Children are not being instructed on the senses and how important the senses are to them, because it**

is through the senses, that much immorality can be resisted, rejected, not accepted.

Needless to say, pages could be put into script on how many unimportant facts human beings of all ages use, due to what they feel and what appeals to them, more than the reality of rational discrimination on the subject matter.

So many excuses are made when an individual, or several individuals, act impurely through immoral actions, using their bodies in foul degrees, manners, ways, sometimes to the degree where it is totally satanic, thus pleasing only the enemy that uses the weaknesses of human lives, always trying to destroy the Soul that is a Portion of The Creator that is evident in human life.

Today as I say These Words, I know that They could be put into a system where millions of individuals could hear Them, but it would lose, in some way, the Personal Touch, because when One of Us speaks the Words, it is a One-to-one Fact, Basis that is felt by those who take the Words and who will read the Words at another

time. When something is put in a publicity mode to attract attention, it oftentimes becomes what they call 'a classic situation', and thus making it more satisfactory to the mentalities involved.

I could speak hours on this subject, but I am sure what I have just spoken will awaken some individuals, hopefully several individuals to rationalize their method of subjects that they concentrate on. Are they pure for moral assistance, or are they impure to satisfy the enemy of human life and The Creator of human life? The subject should be easy to answer.

As I close My Words, I have one thing to say: As human beings feel the necessity for responsibility in so many areas of life, and they demand so much of others associated with them, or close to them in some way, form, means or manner, then is it not logical that it would be impossible to be remiss in saying one does not understand certain immoral acts, actions, as immoral, when it does not feel that way to man?

As I close My Words, I beseech those who take Them and those who

**will receive Them, to look at human life as a Gift of Divine Love that has a Goal Greater than anything else created or designed by man. It will pay dividends at a given time, and it will have made human life pleasing to The Father, because each human being is a Gift of Divine Love, even when the conception is not accepted in a happy way.”**

NOVEMBER 12, 2003 AT 12:39 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**So many times We Saints hear different discussions using the words regarding responsibilities, tiredness, exhaustion, regarding their feelings, not just about materialistic items, but the burden of believing in God, the burden of responsibilities that must be seen regarding their activities, and how they think in many areas of life. The word ‘burden’ is oftentimes amusing, because there is no burden to a prayer, there is no burden to responsibilities that are necessary regarding one’s life morally.**

**As I speak today, I speak openly. The Words I use are different than ordinary. The human mentality oftentimes allows so much to be thought about, thus tending, pretending, or exaggerating on different responsibilities in life; yet the very same individuals will use their free time to commit many sins morally, physically, using their senses and justifying them completely, no**

matter what the conditions are causing to their Souls.

The human mentality is a Gift of Divine Love, and it should be used for all that is good for the individual in whom it is placed at the moment of conception, but also, for everything that the individual learns as a child, and learns in the growing years to adulthood.

If I were to show you a picture at this moment, one in which you could see so many things being practiced openly, using immorality, impurities, injustices, and all that is what I would call 'rancid' in what it contains.

I know you desire a Saint to speak on pure things, on things you are acquainted with that come natural to you, but so much is overlooked on how many individuals born to the human way of life, think impurely day and night.

A lot of The Commandments do not speak the Words in an open manner; so then, to many, it is not a sin. First of all, let us say, '*Thou Shalt Not Commit Adultery.*' How many forms, ways, degrees, does this cover in one human being? The number is

insurmountable, because there are so many ways to act out an impure act, deed, practice, condition, situation, that basically is worthless to all the other senses of a human being.

Needless to say, I could speak hours on this subject, possibly I will at a later time; but it is time for human beings of all ages to stop thinking only of what pleases them, but to realize that they live in a world wherein their example is important to everyone they meet, they see, they talk to, or they become friends with, or are part of a family with them. Example is the greatest gift: example of how one thinks, speaks, walks. Needless to say, the Words are endless on this.

As I close this short time with you today, I assure you I will speak on this subject another time, but it is just to awaken the mentalities of those who will read the Words, to more fully understand that nothing is hidden from The Divine, and that you live in a time wherein there is so much occurring that is demeaning to the Souls Who are 'the innocent victims' of those in whom They were placed at the moment of the individual's conception."

NOVEMBER 13, 2003 AT 12:47 P.M.

## SAINT AGNES

**“I am Saint Agnes. I smile as I mention My Name to *the little one* who has been chosen for such a Major Task, Responsibility, inconceivable to the human minds to understand the Importance of a Gift, not just to *the one* through whom We speak, but to all who will hear the Words, put Them into print and be able to deliver Them to thousands of others, helping them to know how close The Father is, and how close All The Saints are to human beings who yet walk the path of what is called ‘life’.**

**Children are not always instructed on the importance of what they speak, how they speak it, or to the degree that their behavior is very important; also, their knowledge in the words that they feel so positive in, sometimes even superior about.**

**Throughout the world there are millions of men, women and children who talk on any subject, not questioning to themselves, ‘Is it a subject that is moral in content, productivity, or is it**

**pleasing to the enemy of the Souls of millions of human beings?’**

**Conversation is a natural act of human life, but I come today to make many hundreds, or hopefully thousands who will read These Words, to more indepthly understand that the Gift of speech has many responsibilities, just as great in number as the actions of a human being.**

**Today, throughout the world there is very little emphasis, if any, put on the importance of human association: what is right, what is wrong; what would please The Father, what would not please The Father. People do not think of this aspect, this portion of the importance in all they do, all they practice in the human form of living.**

**Prayer is important, but oftentimes the full meaning of the prayer is ignored because the individual does not concentrate on the indepthness of what the prayer means, or how it was meant to give strength, and more understanding on the One Who the prayer is to.**

**As I close My Words, I beseech those who take Them and those who**

**will read Them: Never lose sight of the privilege it is to be a human being. A human life bears many responsibilities, but also above all other things created, human life has a Goal for That Portion of it, the Soul. The Father's Creation of human life had a Gift of Divine Love in it, thus giving to it a reason in how the life would act, think, and become a part of service to The Creator just through living daily life in the manner and way pleasing to The Creator, because human life with the Gift of a Soul, says more to an individual than most care to think, or to respond at times that they make the wrong moves."**

**NOVEMBER 14, 2003 AT 12:44 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I come on this day  
to deliver some explanation of  
My Love for human life.”**

**“To begin with, I will go back to the first Creation of human life. In the beginning of it only certain abilities were able to be put into place, because logically this Gift of life had to take stages in developing that were at this time they began, there was nothing before them as ‘man’.**

**I go back so far in time, but it is My Love for human life that I Will and Desire to understand: As each step was chosen to develop this type of life, there was much Divine Love that was the Basis for all it began to be, and of course, the end results.**

**I speak in this manner today, not just to instruct, but to express My Deep Love for this Gift of Divine Love. Granted, many who read These Words will not understand the Type of Love that was the Foundation, the Basis, the Basics for human life to one day be created and implanted within it, a Portion of Me called ‘the Soul’.**

**No living man knows the full story, nor did they at the time it all began, because as each step was taken, it was done with Divine Love,**

**Hope, Concern, and a Goal that nothing else had.**

**At this time, a long time after ‘The Beginning of Human Life’, there are so many areas of human abilities, human mentalities, human Gifts, that must change for the benefit of the Soul that is a Portion of every living human being. The Portion I talk about, I AM.**

**For some so-called ‘learned’ individuals, this might be difficult for them to comprehend, but as I began this Gift in design and the talents that were to give to human life abilities that animals did not have: the Gift of speech, the Gift of learning, the Gift that gave to human life balance, understanding. The list is endless in content, in concept, and in My Love.**

**Of course, this was a long time ago, ‘The Beginning of Human Life’, but today as I speak My Words, I am using human life to take the Words, and mentally be able to understand the importance of the Gifts, the reasonability of the Gifts, and the Love I have for human beings.**

**I will close My Words now and speak more on this at a later time, but I have just opened the way in My Desire to help all human beings realize that human life was created in Divine Plan, and given even at the beginning, a ‘Soul’, a Portion of Me, to give it strength, hope, reality, making it different than all other things created.**

**As I close My Words, I say, ‘There Is Not A Moment In A Day That I Do Not Look At Human Life In A Loving Way.’”**

NOVEMBER 17, 2003 AT 12:45 P.M.

**SAINT ATHANASIUS**

**“Some time ago, much was delivered from Many Saints Here in the Heavens. I am Saint Athanasius.**

**There are Many standing Here with Me now, All willing and even desiring to help those who are yet in the living state, because of the diabolical confusion that exists amongst human life of all degrees of intellect, all areas of mentality, all backgrounds.**

**Each day I hear thousands or even more than this number, ask for help on an issue, a situation, a condition, or regarding their personal views, plans, ideas, regarding subjects that automatically should be understood, not just in the value of their thinking the subject matter, but practicing how they will practice it, how they will take it for granted and ignore the wrong in it.**

**As All of The Saints Here see so much confusion on every subject concerning the values of life, and what life should accept or deny, or be part**

of, confusion reigns in more ways than I would want to discuss at this time.

**W**e see all ages read the Bible. Many say it is confusing, but interpretation confuses the mentalities, because the nature, the attitude and the moral values of an individual oftentimes find confusion in the most easily understood subject matter, because confusion does not just limit, but allows them to ignore Truths.

**Y**ou live in a time that has been spoken about many times. The Words are: 'You live in a time worse than Sodom and Gomorrah.' These Words are easily accepted, but not fully understood for the full intention regarding the modern understanding, or I should say, the so-called 'modern understanding' of what is sound in clarity regarding a subject that is important for the whole being of an individual, not just the mentality, but the actions, the usefulness of all they have been granted with; also, their communication with others like themselves.

**I**n many ways, places, confusion reigns louder than the sound of

**lightning striking in the air, thunder, and all the things that the earth has. Gossip is not the real culprit. The real demonic influence is in the mentalities of how an individual or individuals desire to practice what they think about, or what they desire to be part of amongst others they know, they are close to, and also that they feel comfortable with socially, morally, physically.**

**Life to most people at this time, is much like the time of Sodom and Gomorrah. The wrongs, perhaps practiced differently, but nonetheless, purity of the mind and the Soul are not thought about to the degree necessary for the Salvation of one's Soul.**

**This Gift that has instructed so much in a very common, calm way, is oftentimes ignored once It is put into script; set aside, because the human mind oftentimes intentionally understands what is not acceptable, but makes excuses when they use whatever it is, and I should say, consciously use it to appease, or be part of what is present for them to make choices on.**

**As I close My Words, hopefully They have left a Mark, and will leave**

**a Mark awakening the mentalities of thousands of people on the necessity to use life as a Gift of Divine Love, practicing all that is moral and would be pleasing to The Creator if He were standing in Person, rather than just being present, but not seen. He is present, every moment of every day, to every human being born the human way. An explanation of this Greatness would be impossible to give, but human life has been given the senses of sight, touch, feel, understanding, and the abilities to project acceptance or rejection, hope or denial of it, love or hate.**

**I could speak hours unlimited, but I beseech those who take the Words and who will read the Words, to never forget: you are not just a human being, you are a Gift, bearing the responsibilities of a Soul that you must return to The Creator, a Saint.”**

NOVEMBER 18, 2003 AT 1:02 P.M.

**SAINT ELIZABETH**

**“I am Saint Elizabeth. I do not speak often, but when I do, I thank The Father for allowing it to be, because it is so important for All of Us Saints to share in This Beautiful Gift The Father has given to the world, allowing so much to be instructed, learned, and all ages to become aware of the necessity to more fully understand what a Gracious Gift of Divine Love human life is to man, and the very sound knowledge, understanding, that The Father’s Love for human life in Divine Plan has a Purpose, a Goal that nothing else created has.**

*The little one* We All use to transmit to others so many important issues, helping others to more fully understand that life has a Purpose, a Reason and a Goal. We hear some individuals ask why they cannot feel the Presence. Truthfully, they do, because their mentality tells them what is pure over what is impure, what is just over what is unjust, and what is pleasing to The Creator. This alone is

**factual in Its very concept and obvious Love from The Divine.**

**We hear some individuals say, ‘I love my statue of The Sacred Heart, I love my statue of Our Heavenly Mother, but I often wonder, do They really look like that?’ We All smile at this and inwardly try to encourage them to understand that the time will come and they will have the privilege to see It firsthand.**

**It is important that all human beings understand the Fact that there is a Goal for human life, and that is the Soul that they were created with at another time. The Soul is the Recipient, the Soul is a Teacher, the Soul is a Companion, and the Soul is That Portion of The Creator that gives to human life the innate understanding when something is pure or impure that they are practicing or part of.**

**Children are not being instructed in the logical human course of things. Many times when there is a teaching or an instruction on The Father or on a Saint, the exaggeration is difficult for the one listening to understand, so My next Words will perhaps help a**

lot of individuals to be able to speak in a way that the one listening can use their sense of what is being heard by them to fit their way of life, that will suit their understanding regarding the appearance of a Saint, and what the Saint can speak to them about; of course, at another time, but the basic belief has to be instilled. The basic reality of it being normal, natural, is easy to understand if the words spoken are said with respect, sincerity, easy for the individual, or more if they are there, to visualize that at all times the Soul is in close Association with The Divine. The Soul, as a Portion of The Creator, is never out of the body in which It is placed at the moment of conception.

Needless to say, hours could be spent on this beautiful subject of how close human life is to Divine Will and Way, how easy it is to feel the Presence of The Creator when you pray.”

NOVEMBER 19, 2003 AT 11:43 A.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius.**

**Heresies are present throughout the world. It is not a subject that is discussed for what it stands for and how much danger it is to many portions of human life.**

**The value of what is good, sound, logical, and bears in it a consistent cause for justice, truth, is available, but not always sought after.**

**Today as I speak, I speak from a Realm different than the one human life lives in, but it is important that all ages of human life understand and value the Beauty of a Goal that is talked about in many ways; that is, a Goal for the Future of the Souls of those who lived in the human way.**

**It is sad to hear a lack of understanding regarding that Gift of Divine Love that cannot be seen, cannot be heard, but It is, in Its Own Way sensed, through the sensitivity that a human being is born with, that is the natural instinct to feel a Presence**

you cannot see; also, an innate feeling regarding the importance of truths, values, and what Life was created to one day receive.

When I say 'Life', I do not mean the body. I mean That Portion of life that is a Portion of The Creator, called 'the Soul'. The Soul, in daily communication with the body, is consistently present, and is many times the victim of what an individual wrongly practices in immoral actions or conditions of the flesh or the mind.

I could speak endlessly on this important subject, but My Words here today are meant to remind those who live the human life, to never forget that in the creation of human life, The Creator of All Things places a Portion of Himself. It is a Protective Measure in many ways. It is called 'the Soul'."

NOVEMBER 19, 2003 AT 12:24 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Many times I bless the whole world with My Divine Love, because upon the world I have put Portions of Myself, called ‘Souls’.**

**All ages of human life are the recipients of a Portion of Me. This may be difficult to understand, but My Love for human life shows in the ability of sensitivity, in the understanding of hope, and in the cautiousness of danger to the physical, but also to the mind, the memory.**

**Today as I speak, I speak because of This Gift I have given to the world. It is not seen for the Greatness It is, but it would not be able to be, because you see, My Divine Love for human life is beyond any mentality.**

**I come with These Words to assure you of My Divine Love for you, and I want you to remember ‘That Love’ is Something that should be returned in a degree, manner, way, possible.**

**So, as I close My Words with you today, or I should say, at this moment, I thank you for your kindnesses, your love, and your willingness to use your talent to put into script for others to read All that will help their Souls one day return to Me, and I can call Them ‘Saint’.**”

NOVEMBER 19, 2003 AT 1:15 P.M.

PADRE PIO

**“I am Padre Pio. I smile at this *little one* as she makes things in a spoken manner, way, easy to understand, easy to believe, and also easy to follow.**

**The Father, in His Love for human life of all ages, has given to the world many times, an individual chosen to provide necessary manifestations of Sainthood, because the average human being cannot picture what Sainthood would appear like, or how It would show to those yet living. Logic would say It would not always be a physical appearance, but logically a Message, helping others to understand what a privilege it is in the Beauty of a Goal that every human being is capable of, and that is to, at a given time, return their Soul to Heaven.**

**The Soul is not understood in the Magnitude It is, because the Soul represents a human life that at one time walked the earth in a human form with human capabilities in a way of life.**

**Those who read These Words hopefully will understand to a greater degree of love for The Divine, because in These Words there is a Message greater than a human mind can perceive It to be, because for an individual living in the world, it is difficult to think of being a Saint, living in a different Realm of Living Life.**

**As I close These Words, I bless you with The Father's Love, but also with the Desire of All The Saints Here in the Heavens, to be able to one day share with you Where They are, in a Place called 'Heaven'."**

NOVEMBER 20, 2003 AT 12:39 P.M.

## SAINT AGNES

**“I am Saint Agnes.**

**The Number surrounding This Miracle of The Father’s Love is unbelievable, Here in the Heavens. Every Saint wants to participate. Every Saint sees the Beauty and the Value in What is delivered for the benefit of the Souls of hopefully millions of human beings.**

**Granted, the world has many things to be interested in, many things to be able to practice that are good for men, women and children. We are not denying this, but it is so important for all ages of human life to see beyond what is present to them, see the Future, and see a purpose, a cause, a reasonability to practice more interest in What The Father Wills a human life to be all about — goodness, because of the Soul. The Soul is the recipient of everything you do, everything you say, everything you think.**

**We hear some say, ‘All these things pass through my mentality.’ That is true, which causes the mentality**

to realize that What is also present, is a Gift of Divine Love, recording, remembering all that an individual practices, because they understand that there is a Purpose to human life: first, obedience to The Creator of it, respect for All The Creator resembles, thus automatically saying:

*‘Thank You, my Father, for allowing me to walk the way designed by You, and thank You for the Gift for me to understand how to pray, otherwise I would not know how to commute with You.’*

To many individuals, prayer is a formal act of communication. Perhaps that is true to a degree, but it is also the reality that a child, no matter what age it may be, very young or of a later age in life, understands that there is respect for a Creator, The Creator of All Things. This respect should be automatic, never questioned, because This Creator is Who the Soul is in contact with steadily, and This Creator is The One Who will decide just where the Soul of that individual, all individuals, will reside.

**If human life was not created with the knowledge, the understanding, plus the Gift of Faith in The Creator, human life would not be able to handle all the facets of life, all ‘the highs and the lows’, the pure and the impurities, the justice over injustice in all facets. I could speak hours on this subject.**

**As I close My Words at this time, I close Them with a Blessing from The Divine, because through this manner of living, this form of understanding reality over guesswork, over imagination, is based on The Divine’s Love for human life, because The Father, in His Love for this creation, did not walk away from it and say: ‘Everything is up to you now. Do what you will, say what you want.’**

**In no way would The Father reject the important features, factors, understanding that preparation for What is to come, would not need all that He could give through one’s life the human way, preparing the individual promptly, politely, lovingly, to remember that as He gave life through the means He created life to be created, He Blessed it and continues to bless it, to remember that He is The Creator of All Things, and His Love for**

**human life He wants returned to Him,  
That Portion within human life that is  
a Portion of Him called ‘the Soul’.”**

## GOD THE FATHER

**“I have given to the world a Gift beyond what the human minds can perceive It to be. I have spoken many times through This Gift of My Divine Love, for the benefit of the Souls that must be seen for the Purpose for which each human being is Blessed with, because each Soul is a Portion of Who I Am, is What will be returned to Me at a specific time.**

**This Statement is Important to Me. Children are not being instructed on all there is in becoming a human being: all the Gifts of senses, of understanding, more than anything else created is capable of having; plus, the Goal is Greater than the human mind knows a goal to be. To Me, this Goal should be essential, beyond any desire for human entities of materialism, popularity, and/or mental greatness on subjects that are only temporary, because when the time comes and the Soul is that Only Part of human life that will return to Me, I desire It to be ‘a Saint’ immediately.**

**Sainthood is not understood in the Greatness It is, but I assure those who desire to become ‘Saints’, that the time that they are up for their Decision to be made, is a time greater than it can be perceivable to the human mind.**

**I designed and created human life for a Special Reward. First of all, I gave to human life many abilities, deepening their understanding of more than anything else I created. The human mentality can be termed ‘a bank of responsibility’, plus ‘a Gift’ that nothing else has the privilege of.**

**As I close My Words, I know for some They will be difficult to fully understand, but the Beauty of being a human being, the Gifts of human life and the Goal designed for it to be returned to Me, is far beyond what anything else I created is gifted.”**

## SAINT SEBASTIAN

**“I am Saint Sebastian.**

**I take this time first in thanksgiving to The Father for allowing Me to become Part of This Gift of His Divine Love. Joined with Him are so Many Saints Here in the Heavens, to render what is important for millions of human beings to more fully understand the Importance of human life. This Gift is beyond human understanding, because within It, It instructs, It teaches, and It blesses those who read the Words, those who hear the Words, and of course, those who obey what the Messages say.**

**There are millions of human beings throughout the world who casually say they believe in a Creator, but they still live their human life in a different way, more humanistic in what it practices, and of course, more involved in their association with other human beings, thus ignoring, or not allowing, or not feeling the necessity to use prayer to The Divine**

to give them strength in the human way of living.

**I**t is not always egotism or self-righteousness that they are the custodians of, or do they practice these because they feel it is just as good as anything else, thus ignoring the importance of communication with The Creator.

Some say, 'I do not hear Him speak.' That is true for the most part, but nonetheless, most of them know morality over immorality, kindness over unkindness, justice over injustice; but also, they are aware of the sins that can be seen as sins, not just to The Creator, but to those they associate with.

**A**s I speak These Words, I speak Them with deep Love for human life, much concern, because humanism is justified to the degree necessary, but there is a Greater Realm of Spirituality in the Heavens.

**D**eath is not the end of life. Death of a living human being is only the physical. There is a Portion of human life that lives on, that is the Soul that is never seen, but obviously always present.

**Without the Soul, a human life would not have the understanding that there is a Divine God Who created All things. This God is Greater than anything the human mind or ability can perceive It to be, but God is The Creator, The Judge, and also The One, that as each Soul is returned to Him, It is a Portion of Him and He knows who It belonged to, and He knows exactly how to help the Soul, sometimes to renew Its way of life, living with Him. It is beautiful to see a Soul Pure and returned to The Creator, because this Soul that is Pure, joins in to help Those Others Who need help.**

**This may sound strange to many individuals, but oftentimes, and human beings know this for a fact: logic, reality, are some things that show themselves at the right time, at the perfect moment, and yes, give strength where and when it is needed.**

**As I close My Words, I close Them not like a door slamming, but with a deep Love and a remembering, that when They are read, They will be seen as Guidelines for individuals of all backgrounds, natures, characters, to be thankful for having been created a human being.”**

NOVEMBER 25, 2003 AT 12:58 P.M.

SAINT ATHANASIUS

**“I am Saint Athanasius.**

**You live in a time wherein The Father has given so much Instruction, Direction, and the Desire for more ability to more clearly understand what a privilege it is to be created man.**

**This Gift of Divine Love is unusual to the human mentality. We hear many who say, ‘It is difficult for me to understand that The Father and All The Saints would speak to *one human being*, allowing All that is spoken to be put into script for thousands and thousands and thousands of others to read and learn regarding situations, conditions, purposes and Facts that were never before delivered in such a proper manner by *one small voice*.’**

**Divine Love is a Love beyond what a human being can understand It to be, because Divine Love is The Entity of Divine Power, unseen.**

**Today as I speak, I speak with much concern for those who find it**

**difficult to believe in a Gift of This Magnitude, Nature and Divine Love that is obvious in Facts and Sincere Teachings.**

**As I close These Words, I want you to know there are Several Other Saints present with Me at this time. This Gift has been a Gift to All of Us Here in the Heavens, because It is a sharing of Divine Love that is rarely ever poured forth in the degree This One has been allowed to be.**

**We All smile as We close the Words, but We also ask The Father to bless all who write Them and who will read Them and who will follow Them, because you see, Divine Love is Greater than the human mentality can perceive It to be.”**

NOVEMBER 25, 2003 AT 1:52 P.M.

**SAINT ROSE OF LIMA**

**“I am Saint Rose of Lima. It is indeed a privilege to be permitted to speak through This Gift of Divine Love.**

**So Many of Us Here in the Heavens talk much about This Gift, because The Heavenly Father, in His Love for all of human life, consistently and constantly expresses His Love for human life to All of Us Here. This is always a delight to hear, because His Love for the Creation of human life, as a Gift of His Divine Plan, and in His Gift of Divine Plan, is always included in how He speaks to Us regarding how many who are yet in the world living the human way of life, are not being instructed on the Importance of human life.**

**So much materialism, humanism, are the focal points of every move, every thought, every action that seems to give hope in some form, but as I come to you today through The Father’s Will, I come to request that more be spoken in a more in-depth manner, degree, of**

**describing that human life has a Goal, and the Goal is to one day return the Soul to The Creator, because the Soul is a Portion of The Creator.**

**To those who cannot understand this Statement, remind them that when they have something precious that they own that they do not want to give up for any reason, remind them that The Heavenly Father feels that way about their Souls. Hopefully, it will help many to better understand, to more fully comprehend, that there is a Special Gift in human life designed by The Father, helping the mentality, the energies, and the goals, to have Something to reach for, Greater than what human life expresses to them in a humanistic role.**

**As I close These Words, I know I speak differently, but sometimes Words like I have just said will give strength to an individual, hope, more understanding regarding what a Gracious Gift, what a Wonderful Gift it was to be born a human being, because it does not all end when the body closes up, but when the Soul is left alone, the Soul has a Place to go, and that is to return to The Creator and hopefully be called 'a Saint', due to the fact that**

**while this Soul was upon the earth, the one in whom It was placed acted not just normally, but acted in a manner, degree, way, that gave to the Soul many Blessings, due to the fact that the Soul was the recipient of all that happens while They are in the human body in another way. So be it.”**

NOVEMBER 26, 2003 AT 8:42 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Message today is to encourage all ages, all backgrounds, all degrees of intellect, to understand that in My Creation of human life, I made each human being have different talents, abilities, and the capabilities to make decisions concerning his or her own method of living the life I gave, because I felt the responsibility would give strength, more understanding and hope in being an individual on all issues of life, in all circumstances that would arise.**

**This to Me was a Blessing, because in each human being I instilled a Portion of Myself, That Portion thus allowing human beings to have the Gifts of understanding, of learning, and of practicing many facets of life that nothing else created has the ability to do, to have the freedom of; but also, as I Blessed human life with these Gifts, My Purpose was for them to have the Gift of choice, so that when they were confronted with what was**

**pure or what was impure, what was just or what was unjust, what was logical or what was illogical, the freedom to be and have the ability of My Love for them to choose right over wrong, love over hate, truth over untruth, justice over injustice, was more than a Gift of My Divine Love. It made all human life more like I Willed it to be, because the Goal for it was important for the Soul that is a Portion of Me within each human life created by Me.”**

NOVEMBER 29, 2003 AT 11:15 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I smile at what I am about to say, because My Love for human life is based on My Closeness to it, My Purpose for it, My Love in it.**

**I created human life to be exceptional to all other living matter or things that would be needed to assist human mentalities’ understanding, aiding it to follow My Plan because of the Souls that are innately placed at the moment of a conception of a human being.**

**At this time I have chosen to release more Information regarding My Close Association and My Reason for creating human life. Though there are millions of men, women and children created, they do not fully understand My Closeness to them. That is why I have given to the world so many Personal Messages, hopefully aiding them to more fully understand My Love for this Creation of Mine bearing the word ‘humanism’, or ‘a human understanding’ of all things,**

above and beyond what anything else created has the ability to understand or to recognize, because they do not have implanted in them What I have given to man.

**All things created have a purpose. All different types of lives, or I should say, living matters of things other than the human way, were created to assist human life to realize that human life was designed with Gifts different, so that human life could associate with more of How I Am, and My Desire for human life to feel the Closeness, the Connecting Link of My Divine Love through the Soul they are the custodian of, that is a Portion of Me that nothing else created has the capacity or the capability to compare with.**

**As I speak through this *little one*, I always smile at her concern that All Things I speak be Word for Word.**

**As I close My Words here at this time, I want all who read Them to realize: no moment in the day am I ever not present through their Soul that is a Portion of Who I Am, What I Am. This is My Gift of Divine Love that I desire to be understood,**

**due to the fact that so many times a distraction might cause interference, but nevertheless, it does not cut out What I Will to be said, because the Soul of the living human being works consistently day and night with Me, under all circumstances, all concerns, and all needs.”**

DECEMBER 1, 2003 AT 10:45 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In My Creation of human life, I instilled in it a form of beginning to learn many things, and about many things that human life had not had the advantage to know, to understand up to this time. I chose to instill into what is called ‘mankind’, more knowledge and more ability to grow in a greater, broader sense of judgment, of terminology, of growth.**

**Today, as I use *one small voice*, I smile each time I do this, because I have chosen *a small funnel, a little voice*, and yet one understandable to My Presence each time I choose to use her to help others grow in a greater degree, for a fuller purpose of living than they would have known.**

**Oftentimes My Presence is of such Great Importance that she fears she will fail Me. I assure her she will not, but I smile because she says, ‘I fear my intellect is not great enough, wise enough.’ I tell her it is My Intellect**

**that she will have to repeat, so do not worry.**

**I created human life for many reasons, some to share so much of Who I Am, What I Am. In the Creation of all things, I became aware of what a Precious Gift a human life would have, to exist in All I was capable of doing, because of that One Precious Gift that human life would have, and that would be the Soul that would linger on and be with Me after the human part no longer existed visibly, physically.**

**Her tears come more often than others realize, because My Words, My Will, My Divine Love is Far Greater than the human mentality can fathom, even when they hear her speak My Words, and they have the privilege to read Them in print.**

**I have Blessed the world before, through a Son, a Part of Me. The word 'Son' was of Great Importance, because it passed on to the future that each human being could share with Me, giving life to more human beings, thus using more Souls to one day be returned to Me, representing one individual that I created, thus using two individuals, allowing this Gift of**

**life to be seen as a Treasure beyond what the human mentality could ever perceive It to be.**

**As I close My Words with this *little one*, she knows I want Them delivered far and wide, because there is nothing else in the world greater than My Love for human life.”**

DECEMBER 1, 2003 AT 12:34 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**It is important that much be taken and put into script that passes through This Gift of Divine Love for the Souls of millions of human beings; plus, handing to human life more understanding of human behavior, what it should be, and how it affects the Soul of every human being.**

**All The Saints Here in the Heavens love This Miracle of The Father’s Love, because in It, It is teaching firsthand how close human life is to All Above. The Father’s Love for human life is above and beyond what the human mentality can comprehend It to be, because Divine Love is The Father’s Love, and do not forget, He was The Creator of All Things.**

**Children are not all being instructed on the importance of how they speak, how the words are to be spoken when they pray. It is oftentimes made light of, due to the child’s so-called ‘inability’ to not truly fathom what a Precious Gift human**

life is, and that in creating human life, The Father did not ignore this Gift of His Divine Love, but has consistently and constantly spoken about it, and instructed some to teach about it so it would not be a lost Gift of His Divine Love.

To so many individuals, prayer is not seen in the true measure and manner it was created to be. Just as human life has communication in several sources, means, ways, so it is with one's personal communication with The Creator of All Things.

One's actions, one's mentality, one's speech, one's example, and one's determination to reach for purity over impurity, justice over injustice, right over wrong, are important things for all ages to learn about and to understand as important to their whole being, and especially to their Soul; but also, more important because The Creator sees and hears everything, all things; nothing is missed, or is it passed over in a casual way.

Today, as all days are, is special, because logically it is wise for those who understand the importance of goodness, morality, and the Goal for

which they were created to one day reach. Each day is a step toward that goal, a reason for it, a purpose to it, and a Divine Love Who is totally aware of every move, thought, act, that an individual partakes in.

**W**e hear so many of all ages choose what they call ‘worldliness’ over what is more logical, and that is to be close to The Creator in everything you think, do and say. It automatically registers happiness, joy, and more Divine Love than the human mentality can perceive it to be.

**I** will close These Words now, but there is always so much more to be spoken about, to help millions of human beings understand that there is a Future to life, to living; there is a Goal that is Greater than any goal the human way can handle.

**A**s I close These Words, I say, ‘Be mindful of what a Precious Gift human life is, because in the human life, there is a Goal Greater than anyone can truly say It to be.’”

DECEMBER 2, 2003 AT 11:48 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though it is difficult to understand that I have chosen this time to reach all of human life by My speaking Words through *one small voice*, I will continue to do it according to My Plan. If I were to just speak through this *little one* I use, the human understanding of What they would hear would not fully comprehend the importance of the Words.**

**The time has come for more to learn about the Part I play in helping human beings of all ages, all backgrounds, to better and more fully understand The True and Full Existence of Who I Am, and that in My Love for this Creation of Mine, I have designed a Gift that was and is capable to reach thousands and thousands and thousands of human minds, helping them to know, to understand that in My Creation of human life, there was All Divine Plan, nothing earthly, and nothing from the enemy.**

**In each human life, I have placed a Portion of Myself, not understandable, not with the ability to be seen, but it is important that all ages, all backgrounds, realize that I Exist Above all things, and that no human being has the capacity to fulfill a Place such as I Am.**

**I have come to the world through *one small body, one small voice*, proving the Power I Am, because All I have to speak is more than logical, it is obviously Great or Greater, because of the Promises I have made that the Souls of human beings are to be returned to Me, to be with Me Forever and ever and ever.**

**I have Blessed the world abundantly through This Gift at this time, but I must add to this: A long time ago, when a Portion of Who I Am was placed upon the earth, the human minds could not handle What a Great Gift He was, so they destroyed Him physically, but not mentally.**

**Now even though there will be those who will read What I have spoken and question perhaps a Word or Two or More, My Love for human life says in This Gift I have given to the world,**

**I have given It because of My Love for the Souls that I have placed in each human being born, no matter what country they lived in, what background they came from. Human life is Special because I am Part of it.**

**As I close this short time with you, I want you to remember What I have spoken; but also, I am always present.”**

DECEMBER 2, 2003 AT 12:40 P.M.

**“Many of Us stand here with you, All smiling because of your delightful gift of love to *one* We All love. Her response to what is pleasing to her is always a joy for Us to see, because in her love for The Father’s Will, the gifts to her she feels comes from Him.**

**We watched her on this day enjoy something ordinary to human life, but in her way, in her thinking, and in her background, it meant more to her, the sounds of what occurred.**

**There are so many beautiful things in life that are missed by most individuals. So many become so serious, thus ignoring The Father, in His Love for human life, has allowed so many talents to come forward, giving to human life happiness, joy, in an area of lightness, goodness; never in an area that does not dismiss anything impure, unjust, or more pleasing to the enemy.**

**As I speak, I know I speak differently today, but The Father and All of The Saints Here in the Heavens**

**love This Gift of Divine Love that speaks on all subjects of life, not just the importance of Holiness, or Love in a Divine Form, Way, Manner, Degree; but, as I close These Words, I want you to know there are Several Here with Me today, and All of Us want This Gift that The Father has given, instructing hopefully millions of human beings on all the various ways in human life, that give to human life pleasure, Spiritual growth in a closer connecting belief, love and hope to The Holy Trinity.**

**Many Blessings are available. All an individual has to do is ask for Them in the proper manner, proper way, based on proper purpose. Hopefully you will remember as you read These Words, What I had to say.”**

DECEMBER 3, 2003 AT 12:12 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Gift of human life is above and beyond the greatness it is understood to be. Human life I am a Portion of, and I have instilled in it the Gifts that nothing else created is the custodian of; or the custodian of, first of all, the ability, the mentality to understand My Existence, My Love for human man.**

**There are so many Stories that could be put into script regarding My Full Relationship with human life, but I do not speak about it in the degree that I Will to be one day understood, regarding the importance of how a human being thinks, how they act, and the Goal that I have designed for them to reach, a Goal to be far closer to Me than the human way allows them to be.**

**My Love for this Creation of Mine is Far Greater, because I have instilled in it many things I am capable of doing, thus aiding them to see, to understand that only human life has these innate responsibilities**

**that nothing else created has the full concept of participating in.**

**Granted, all living matter or things, I have allowed to possess ways and means for them to live in what I created them to be part of, thus giving to human life more than an empty world that would not have different forms of matter or things. Many of these things are aids to the human life's needs, but they do not have a Soul like the human life is gifted with.**

**As I close My Words at this time, I want My final Words here to be understood. All different forms of life I have created have a purpose, and are for human life to more fully understand facets of living matter and things that give to human life, in some ways, beneficial gifts due to their presence, or the purpose to help human life be nourished physically, mentally, psychologically; and also, all things created have a purpose that is not always understood, but nonetheless, I created it for a reason that one day will be understood when I decide the time to be. It could be only when the Soul is returned to Me, because the Soul is a Portion of Me, thus giving the Soul a Gift of more understanding**

**than the human life would be able to cope with.**

**I love My Gift of human life in more ways than it is known to be. I could put a list that would be endless, too much for anyone to read.**

**As I close My time now, only through My Words, I bless all who read Them and desire to improve their physical way of life, their mental, to seek purity, morality, and love for The Divine.”**

DECEMBER 3, 2003 AT 1:17 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**This Gift that The Father has Willed human life to hear, to read, is a Gift beyond what It is assumed to be. Divine Love is above and beyond what the human mentality can perceive It to be.**

**The Father, in His Love for human life, through time has used certain individuals to walk in a path of instructing others like himself or herself, to more fully understand what The Father Wills human beings of all ages, backgrounds, degrees of intellect and mentalities, to begin to understand what a Precious Gift human life is to man, thus giving it so much more than anything else created has.**

**You live in a time wherein many human beings are involved in not just designing, but creating many things to give to human life help and future items to give them an advantage mentally, mechanically. It is called ‘progress’.**

**Now I take you back several years when these things that are now ordinary, natural, practical, useful, were never thought about, and as I take you back, I also remind you that in these times so far from the later stages of life, were important to those who lived then, because the challenges and the status of learning was addressed step by step, to lead human beings to this time in life, mentally, psychologically.**

**Now I address this subject spiritually. In the time that My Son walked the earth, He spoke in a manner, a way, a degree understandable, constantly instructing on why human life was created and what a Great Gift it was, because it had a Future to it, a Goal to it, a Reason for it, and a Divine Love in it, beyond what the human mind could perceive It to be.**

**Since the Creation of human life, the beginning let us say, step by step was taken, addressing subjects that would be understood, and the individuals living at that time would be capable of using, learning more things about what existed, why they were created. The goals were mentioned**

often, but today you live in a time wherein so much seems to be greater than any other time in the History of human life.

**As I speak now, I am watching some children. The ages, I would say, would be between ten to fifteen. Granted, they have been instructed on subject matter and updated manners of living, but I am going to ask a question. How much is spoken about regarding their Soul, the Future for their lives to one day be a natural way of life for them to remain through their Soul, bearing their name? Should not there be more spoken to all ages, reminding them that though all human life has been created and has advanced physically, mentally, but the important question here is: Has human life become more morally understandable in regard to how it is used, especially in connection to, along with, the Guidelines of The Commandments?**

**Morality is a very important part of human life. Superiority seems to be what most think about, or popularity seems to be advanced to the point where some will do many things just to be popular, ignoring what basic facts were followed.**

**I speak so differently at this time, but hopefully it will awaken the minds of some who are in charge of the young. Example is one of the most important things; also, moral tradition is a great method of giving to the young something to think about, something to more fully understand that life is not something wherein all things practical or impractical, just or unjust, should be practiced until it is looked at for how it affects the Soul of those who are making these decisions, and those who are the recipients of an individual's motives, practices and decisions.**

**I know I have spoken differently, but I promise you, every Soul that is placed where The Father Wills It to be, He wants It returned to Him and for It to be 'a Saint'."**

DECEMBER 4, 2003 AT 11:50 A.M.

## GOD THE FATHER

**“In My Creation of human life, I gave to human life a Purpose and a Goal Greater than anything else I created in the world, or on the world.**

**I also created the world at another time so I would have a place for human life and other things to live in a degree, manner and way for them to be able to serve Me in what I Willed to be accomplished for My Creation of human life and other living things that would accompany what I Will to be, and mainly in My Love of Souls that I instilled in every living human being I created, because My Will is to have the Soul be in My Company with Me in What I Am, Forever and ever and ever.**

**It is probably difficult for human minds of all mentalities to understand My Method of doing things. I assure you, My Reasoning is more than Important. It is based on My Love for All the Souls of all human life that one day will join Me in Heaven.**

**My Words are spoken with Deep Love and Sincerity, because My Will is**

**for the good, never evil, and My Will is to always express it in a manner and way understandable to the human mentality.**

**I always bless those who request a Blessing, to aid them in helping them more fully understand I created human life for the Purpose to one day be able to be with Me Where I Am.”**

**DECEMBER 5, 2003 AT 12:00 NOON**

**GOD THE FATHER**

**“In My Original Design of what I Willed human lives to be like, I designed it to enable the physical and the mental to be combined, so that there would be many facets of human life that would give to human life abilities beyond what would be understood at first, but then refined according to the understandability of the purposes that were obvious, necessary.**

**To create a human life to one day amount to millions or trillions in number had to be designed step by step, enabling not just versatility, but a degree of abilities to give to human life advantages, dignity, that nothing else created had thus far been given.**

**I will talk more on this again.”**

DECEMBER 5, 2003 AT 12:41 P.M.

### SAINT ANTHONY OF PADUA

**“I am Saint Anthony of Padua. I smile when I mention My Name, because in the last few days I have heard My Name to be called many times.**

**The world is saturated with so many individuals who do not believe in the True Existence of a Creator of All Things. They take all things for granted. Nothing is thought about to be exceptionally beautiful in its presence. When I say These Words, They will be difficult for some to understand, but nonetheless, it is Fact.**

**You live in a time when The Son of The Creator is thought about more often than any other time of the year, because of the human celebrations that take place and that gifts are a manner, a matter of exchange. This is not wrong, but there are many times in the year when attention on The Creator of All Things, The Son of The Creator of All Things, is ignored totally. No word is spoken regarding the reality of His Presence at all times.**

**Children are not being instructed properly on the proof, on the reality, that within them they have a Portion of The Creator that they should always remember they represent in everything they think, say and do. If this could happen, a lot more understanding would result, not just one time of celebration or a few days of memory in a year's time, but it would be a daily, a consistent part of the mentality to remember each day of the year, the Importance of one's being chosen to live, and having been given the privilege by The Creator to receive from Him a Portion of Him, called 'a Soul'.**

**The Soul is a Portion of human life made in this way, this manner, this degree, giving strength where it is needed, hope when it is needed, and the inspiration to be moral and conscious of all that is good, all that should be practiced that is good example to others, and also, helping all ages to remember the birth of others, the date, the time, even the way.**

**I know I speak differently today, but It is an important Message I give, because for so many of all ages in human life, they find what they are**

interested in is more important than anything else. They ignore the fact that there are a vast number of things that each day they should be thankful for, and remember to say:

*‘Thank You, Holy Father,  
for allowing me to be born  
and to know all the things  
I have learned that refer to  
You, and that You designed  
to make human life  
worthwhile in all ages that  
exist at this time.’*

Let us return now to a time a long time ago, when The Son of The Creator was hung upon a Cross. There was sadness, yes, but there could have been restraints made, but those present were frightened to be tortured themselves, so they backed off; but today, in your time, you have the reasonability to be able to stand firm on what you know is morally right, sound and valuable to your way of life and to your Soul that you are the custodian of.

I know What I have spoken is different, and I also know that there are some who will read It and not see in It all there is to think about,

**but there are some who will read It and It will awaken their mentality to the beautiful greatness of human life, and that it is not always just as an individual expects it to be; it has its so-called 'ups' and its 'downs', but every individual born has the mentality and the power and the strength to use what they are to give hope to others and to be able to stand as example under all conditions.**

**I have spoken this way today because there are some who will read It and It will help them much. It is important for individuals of all ages to see the value of human life and all it contains as advantageous to their Soul and a Future Life, the Gift of becoming 'a Saint'."**

## SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola.**

**The benefits of being born a human being are beyond what the human mentality fully understands, due to the fact that there are so many distractions in the lives of human beings, thus disallowing individuals to fully perceive that human life was created for a Time Greater than the mind understands to be.**

**In the Creation of human life, it was The Father’s Will and Love for it that instilled into, and still does human life, a Portion of Himself, that in many ways gives to human life a more valuable understanding and a practical understanding that human life is above all other things created.**

**The Gifts in human life are multiple: the mentality, and the ability to learn extensively on many subjects of great importance. The mentality alone allows a human life to more fully comprehend the Goal for which human life was created; basically, in that the**

**Future for human life is for a Portion of it called 'the Soul'.**

**The Soul, as a Portion of The Creator, is to be returned to The Creator; not all reasons known, but logic points to that the Future of the Soul, returning to from Who created It, will have a Life beyond what human life could offer It.**

**That is why it is so important for the personality, the nature, the temperament, the logic and the human understanding of this Gift of Divine Love never be without thinking that there is a Goal to human life worth living for, living in a degree and way to help the Soul return to The Creator in a 'State of Divine Purity'. It is not impossible. It is a Gift that is obviously of the Greatest Measure of Divine Love that a human mind, body, can understand It to be.**

**As humans live in the human way, there is much emphasis on what is called 'love', loving another individual; also, having the privilege to create, through the marriage state, a child who will one day be able to return to The Father, a Saint.**

**What I speak is not an ethereal suggestion of what life is all about. It is a realistic Statement of Fact and should never be dismissed, thinking It was fictional rather than Divine Will, Divine Love and Divine Fact.**

**As I close My Words, I say to all of human life: There is a Goal Greater than you perceive It to be. There is no reasonable ability that a human mentality should ignore what they are capable of achieving as they live in the human Gift of Divine Love as a human being, for a Goal Greater than the human mentality can fully perceive It to be.”**

**DECEMBER 6, 2003 AT 2:05 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father. I have given to the world a Gift of My Divine Love, using This Gift to instruct, to direct, to encourage individuals of all ages on the Importance of being a human being, bearing the Goal I chose for them to reach. It is called ‘Sainthood’.**

**Some say, ‘Father, no one would suspect I would be a Saint if it happened to me.’ I smile at this, because if I Willed it to be known, I would accomplish the Name to be outstanding and memorable for what it stood for.**

**Human life is a Gift of many facets of all I created. Human life, in its mentality, is capable of becoming a portion of so many various Gifts of My Divine Love, thus living in a manner and way, becoming part of different facets that are created to assist Me in guiding and guarding the Souls Who, at some time, will be exposed to what I Will them to see, to be a Part of, and to respond to Me.**

**The world of human life is gifted in many ways, and it is based on what an individual chooses to follow, to become a part of, or to reach for the Goal that awaits the Souls Here with Me.**

**Today is a day wherein millions of men, women and children lived and walked, using their daily habits and their intentions. I must say though, that all did not think that the day could be important in mentioning their love for Me, or just remembering to say a prayer as they think of Me.**

**Human life is Special in so many facets of What I have instilled in it, thus giving it the ability to understand and to focus on improving their time with Me, and/or their time with others like themselves in the human state of living.**

**I close My Words, but not My Love for the Gift of Hope that I instill each time a man, woman or child talks to Me.”**

**DECEMBER 8, 2003 AT 12:38 P.M.**

**SAINT ATHANASIUS**

**“I am Saint Athanasius.**

**So Many of Us Saints are so pleased when The Father requests Us to speak through This Gift of His Divine Love, for the sake of the Souls that He puts into each human life at the moment of a conception of a human being.**

**Today as I speak, it is in thanksgiving for The Father’s Gift because, as a Saint, We learn so much from Him; and also, how important it is to encourage and to aid in ways helpful to those who are yet in the living stage.**

**It is sad when We hear any age of human life not realize that in being created a human being, it is the greatest Gift that anyone can receive. It is a Gift of the present, and a Gift of the Future that will always exist in some Form, some Manner, some Degree, close to The Heavenly King, Our Father.**

**As I close These Words, I close Them with deep Love for those who take Them and those who will pass Them on, because to the human way of living, it is not understandable to mankind, so much Beauty, so much Divine Love that constantly is close to human beings, giving them a Way, a Purpose, a Hope and a Goal for a Future Life with The Holy King.”**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. As I speak, I smile at this *little one’s* concern, because it is so in-depth in meaning, love, and the willingness to do things as I Will the time, place, or those present, to be.**

**The world is a world with many different understandings by those who live as human beings. Human life is gifted with a mentality and with the freedom to speak, to understand, and to choose what directions they feel will be beneficial to what they have the responsibility to accomplish, whether it be materialistic, or humanistic, or Spiritual.**

**I smile at These Words, because in many ways They describe human thinking and feasibility to how they live and in how they sense things to be practical, justifiable, and pleasing to Me.**

**As I close My Words, I know I speak differently than I am expected to speak, but do not forget, I created human life with many facets of abilities**

**to act, walk, work, and use what they recognized as proper for the moment, the time, the situation.**

**As I close My Words, I smile, because human life is Special to Me, and gifted with so many things for it to be able to choose what is pleasing to the individual, each day of their living the human way.”**

DECEMBER 10, 2003 AT 1:00 P.M.

**“I smile as I use My next Words. *The little one* The Father chose for such a Major Task, oftentimes requests the Angels Here Where I am, to help her. She just did.**

**It is difficult for some very learned individuals to believe in the Angels because they do not see Them in action, working in many areas The Father Wills Them to participate, because an Angel cannot be seen by the human eye, unless it is delegated to be by The Creator of All Things; but, today there are Many Here with Me. Many are Saints you are used to hearing from. Many are smiling at My Words.**

**The world has been Blessed abundantly, the whole world, because All that has been delivered, put into script, can travel far and wide, giving hope, understanding, moral and physical strength to those who read What is spoken in the Words that, in print, have the ability to be more**

understandable, more revealing, and more memorable.

**In This Gift The Father has given to the world through *one small voice*, Many Saints Here in the Heavens speak without announcing Themselves. It always sounds like a casual manner, not identifiable as to Who It really is.**

**Throughout the world there is more aid to human life than there is understood to be. The aid, most times, is in the logic of the situation, condition or personal relationship, but personalities enter into it, and do not see it for the purpose it is in content, in concept, in importance.**

**As I speak today, I come with much Love for human life, because human life has the responsibilities, but also the availabilities to strengthen all that is wrong and make it right; to give hope where all things are despair; to give love where there seems to be nothing or no one who cares.**

**This Gift that bears the Name of The Beloved Saint Joseph, plus, of course, The Heavenly Mother and The Heavenly Father, is a Blessing beyond what the human mentality can perceive It to be. It is strengthening,**

not just in concept, but in the manner in which It is given, and the Goal that It consistently directs mental desires to not just sense, but feel the importance of.

Needless to say, All of Us Saints Here in the Heavens speak when it is not mentioned Who is speaking, but look at speech as a communication that can give strength, hope, and more love for what life is all about, because speech has a way of remaining in the mentalities of others, sometimes more than the printed word.

As We close These Words at this time, you can be assured that your efforts and what you practice to live a life closer to The Divine, is being answered each time you say a prayer or look at what life is all about, not in despair, but in hope to one day return to Heaven because, do not forget, Heaven is Part of you, in your Soul, every moment of every day, in every way.”

## MANY SAINTS

**“There are Many of Us present. We All smile when *the little one* questions the possibility We will use a word that she recognizes as not to be used by Us. The word is ‘pagan’.**

**You live in a time where few individuals admit they are pagans. There are many terminologies regarding this word, thus not allowing the word itself to be used because of the dislike of this word that used to be present in many circles of human meanings.**

**Today as I speak, it is important that when an individual speaks on any subject, they think awhile before they say something that could be derogative, negative, or despised by others. A word is a very important thing in the lives of human beings, due to the fact that when the pronunciation and the spelling of certain words were so important, put into print so they could be recognized for their full meaning.**

**Today as I speak, the word ‘pagan’, in most areas of human life, would**

be dreadful for individuals to hear, because there would be an immediate reaction of what kind of person would be a pagan, thus refusing to believe in The Creator of All Things.

I know I speak differently, but you live in a time wherein so many individuals have the temptation or the desire to shock other people, so they use words to draw attention to themselves, whether the word be foul or something that would be not suitable for others to hear, that what the one speaking believed in was far from what they all felt was normal, natural, and pleasing to The Creator.

Speech is one of the most prominent, personal contacts that human beings have. Speech can solve many problems. It can also make friendships deeper in meaning, more interesting; also, speech, unto itself, instructs on so many facets of language that is necessary for human beings to use. Speech is a Gift of The Father's Love, because it is the connecting link of expression, of communication, and of learning about many things.

As I close These Words, it is important that I close Them with The

**Father's Love for human life instilled into it, the ability to recognize what would be proper, pleasant, acceptable, and instill or reflect a communication worthwhile; so as you speak each day of your life, always remember: what you say in words you know, that you feel are comfortable and a communication worthwhile, be aware that you do not use words to cause discomfort or a lack of assurance with those who hear the words you speak.**

**I know this is not the type of Message you expect Me to release, but of late, so many individuals are ignoring the meaning of what they are speaking, and the so-called title of 'slang', or abusive wording is prevalent, causing unhappiness, even injustice. Always remember, too, the children could be listening."**

DECEMBER 13, 2003 AT 12:15 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I am always present in every human life I create. The Soul is a Portion of Me, and I have designed This to be in a way, manner and degree that would not be difficult for any human being I create to have within them This Personal Gift of My Divine Love, constantly.**

**Today as I speak, I speak firmly, because it is important that more human beings of all ages understand I am always within them, giving to them the strength to fulfill My Will. I would not have left mankind alone, because the enemy of all there is, tries constantly to eradicate the individuals’ understanding regarding the Fact that in My Presence, with My Presence within them, it is not reasonable for them to act impurely.**

**To most, this Fact is not understood in its full degree. That is why so many individuals sin in impurities, feeling that they are alone and that they have no one to aid them, to help**

**them, when they know they are doing wrong.**

**No human being is created that I am not a Portion of, no matter what the circumstances regarding the conception is, was. I remember that I have mentioned this before, but the human mentality oftentimes does not lean upon logic or factual reality that is present when circumstances occur that their acceptance or rejection is important to make.**

**No human life is without Me. No human life do I ever turn away from. Hopefully, These Words will give strength where it is needed and be remembered for Its worth.”**

DECEMBER 15, 2003 AT 12:42 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have given the world of human life a Blessing far greater than It is known to be, understood to be, because of My Love for this Creation of Mine was created because of My Love, My Desire to share All I Am, All I Have, with others that would appreciate the Beauty of All I have created.**

**I know it is difficult for many, even thousands of human beings to fully understand that I do Exist, and that I am ever in the presence of man. I am constantly present every moment of every day. That is why I have given so much for human beings of all ages to think about, and to remember that I have created a Goal for human life, different than the human way understands it to be, but the Goal is to return a Portion of them Where I Am, to Me.**

**Much has been spoken on this subject of late, because for a very long time, when the subject was discussed, it was thought to be the imagination of the human mentality. Not so!**

**It is My Direct Love, Communication, and Hope that All the Souls that I have instilled into human beings of all backgrounds of life, will be returned to Me, representing the ones in whom They were placed at the moment of their conception; but, when the Soul is returned to Me, it will be a day and a Forever Love of Mine that will be with Them. This, I promise you, is My Will for My Creation and Design of human life.”**

DECEMBER 15, 2003 AT 1:25 P.M.

SAINT ATHANASIUS  
MANY SAINTS

**“I am Saint Athanasius. There are Many of Us present, because when The Father allows Us to use This Gift of His Divine Love, allowing Us to speak Words to aid, to comfort, to strengthen, and to instill through the printed Word, important Facts for human beings of all ages to more fully understand the True Existence of a Creator that has given to the world all the world is, and all the world has.**

**H**uman life was and is a creation far greater than it is thought to be, understood to be, because human life is the only living matter that holds within it a Personal Portion of The Creator. This Gift of Divine Love had several reasons and is accountable for all an individual practices, indulges in, and is example of.

**T**he logic of reality is instilled in human life. The understanding of the value of truth is instilled in human life, and the ability to reasonably

**understand that there is a Goal to human life.**

**How this is instructed to all who live at this time, came from a long time ago, when The Son of The Creator walked the earth as a human being and used human life as Example, depicting What The Father, The Creator, gave to human life because of His Divine Love for this creation, that He instilled into it a Portion of Himself, called 'the Soul'.**

**Without All This thus far being instructed, human life would be like all other living things, incapable of understanding the Importance of life, the reasonability of its direction in how it should act, think, and practice purity in every facet that it uses to live in the human way, for a degree of time that one day it will be Judged by, by The Divine.**

**As I speak These Words, I know that many who will read Them will say, 'I never heard It delivered that way,' but I assure you that their intellect, when they adjust to the reality in how The Creator would do things, they will find hope and more assurance; plus, they will strive to learn more to**

**attain the Goal that is promised for their Soul, and that is to return to The Creator, a Saint.”**

DECEMBER 16, 2003 AT 8:40 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**More and more will I see to it that This Gift of My Divine Love, will not only be mentioned that It exists, but eventually millions of human beings will understand that at this time I have announced Myself openly through *one voice*, for all ages, styles and backgrounds of human beings to recognize that I Exist in many ways, and I am alert to all things.**

**Some individuals, or most individuals do not capture the Fact that I would be in all places at all times.**

**Today as I speak, I speak differently, because it is important that no human being feels that when they call on Me I may not hear them because I am with others at that time. No moment in the day am I not with all who think of Me, who request things of Me, and who feel I do not hear what they say to Me.**

**I have given to the world *one voice*, but it is evident through All I have allowed to be put into script, verifies My Awareness of all the needs, the help, the directions that exist from millions of humans created, and bear within them a Portion of Me, their Soul.**

**I will close this now, but I will speak on it later in a greater degree.”**

DECEMBER 16, 2003 AT 12:55 P.M.

### SAINT CATHERINE LABOURE

**“I am Saint Catherine Laboure. I have spoken often through This Gift of The Father’s Love for human life. I have not always mentioned My Name. My Words were put in a casual way, so the attention would not be drawn to Me, but to what would be spoken for the Facts, for the importance, and the necessity due to the Words that would be used to discuss in a natural way, on important subjects for individuals of all degrees of intellect, backgrounds, to understand the value of how they spoke, how they speak, what their intentions are in what they say, and what effect what they speak will have on others in an important way.**

**I could speak rapidly now. I would if *the child* were alone with Me, but *the little one* The Father uses for All Messages that He Wills thousands and thousands and thousands of human beings to learn from, learn about, and to be able to understand that being a human being has responsibilities, but the responsibilities are for many areas of life, due to the fact that there are**

so many facets to human life, so many Gifts in human life, that can be used to give hope, strength, assurance, and the ability to seek The Father's Love for not only themselves, but those close to them or those that they meet.

Though I speak differently at this time, My Words are to awaken the minds of all ages of human life, that there are important things that occur that The Father Wills to be practiced or cared for in ways to help the Souls that are eventually the victims of whatever a human being practices himself or herself in a way of life, thus putting the emphasis on kindness, sincerity, motivation, purity; or, that an issue or facts are sinful, and should be dismissed before it affects what is being spoken into an ugly, demonic appeal that pleases only the enemy of The Creator and mankind.

The world has been Blessed in one small area of it, through This Gift of Divine Love wherein so Many speak Words of enlightenment, of encouragement, that give to those who read the Words, help in how they should act, think, and participate with others of all ages.

**As I close My Words now, I must add this: I could speak hours on this subject, but it would be too much for those who read These Words, because there are so many things that should be understood, and there are other things that should be cast out of one's life because they are evil, causing the Souls to be victimized by what the enemy of The Creator and human life would will it to be.**

**I will close now, but by now those who take These Words and those who have read so Many that have been put into script before now, know that there are thousands of more Words The Father Wills to give strength to the mentalities of those who better understand that being born the human way has a Goal Greater than they can imagine a goal to be; that is, to become 'a Saint'."**

DECEMBER 17, 2003 AT 1:05 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The Father, in His Love for human life, has requested that I speak to you today, and all who will read the Words at a later time, to better understand it is important that human beings of all ages, all backgrounds, value first the Gift of life, and then the Gift that there is a Future to a Portion of life, That Portion to be returned to The Father at a given time.**

**Though this Statement may be difficult for some individuals to understand, a lack of understanding oftentimes is an excuse for believing in the reality of what is important for the Soul.**

**Children throughout the world are not being instructed on moral values or on the Goal for which they were created to one day reach, based on that Gift of Divine Love within them, the Soul.**

**In many areas, all ages are walking in total confusion, because in**

trying to understand all that is going on in other places throughout the world, much is being passed over, even ignored, on the rational conditions that should be obvious for one's body and Soul.

**The body in the human life is a Gift far greater than it is known to be, because the body is the custodian of the Soul, The Father's Love for this creation that is to be returned to Him, His Desire to make It 'a Saint' Forever and ever.**

**In so many ways, and in so many places, and so many interpretations regarding the factors of daily living and the Purpose for human life, dwindles down to an irrational understanding because of the confusion that the human minds feel more confident in than the facts.**

**I could speak endlessly, and I know some who read These Words will want further explanations on What I have thus far spoken, but I assure you, when your will is based on the Importance of being a human being and the Goal for which you were created, there is a strength in this greater than you realize, because The**

**Father's Love for human lives is in the Soul that you are the custodian of, every day and every night.**

**As I close These Words, there are Many Here with Me Who share all you think, all you feel, and all you care about, but please remember, human life is a Gift of Divine Love. It isn't just being a human being. It has been given and instilled with an innate sensitivity that one day it will reach a Goal of Greatness that is in Divine Purity."**

DECEMBER 18, 2003 AT 12:34 P.M.

## THE HOLY SPIRIT OF GOD

**“The sins of Adam and Eve, for many years, have been brought to the attention of millions of human beings, alerting and enlightening the minds to the wrong there is against the Souls of those who sin. Whether or not the individual senses the act or actions as a sin, the very act is a sin, because the conscience of individuals releases this message to them in a degree, way, manner, that they know that what they are about to do would not be moral, justifiable, or accepted by The Creator of All Things.**

**Today you live in a time where sin is evident in many areas, in many ages, and in many variations. So many individuals justify their actions are a natural act, not a sin, but the justification comes from the fact they feel that being a human being allows them the so-called ‘privilege of accepting’ what basically has a definite Rule for it, to it, because of the importance of it. This ‘act’ was created as the privilege for human life to be created.**

**All that I have spoken here will cause some who read It to speak out against My Words, but nonetheless, My Words are Words of The Father's Love.**

**Excuses abound in every facet of human life, in every background of human life, because there is little understanding that the human mentality was given for a special purpose, reasonability, to allow the human mind to see purity over impurity, justice over injustice, right over wrong, logic over some act being illogical.**

**What I have just spoken will affect certain individuals, because they do not see it in this order of thinking, but it is necessary for My Words to be open, because throughout the world there is an insurmountable amount of impure thoughts, words, deeds and actions that human beings are calling 'human nature', thus ignoring that human nature has the knowledge that in the Soul that they bear, the Soul will be Judged by The Creator, due to the fact that the Soul is the recipient of all pure acts an individual performs, and all impure acts the individual performs in a daily way of living.**

**I speak differently, but I speak with Words that speak truth, and hopefully encourage those who read the Words, to be mindful that the enemy of The Creator and of human life encourages impurities of the body, the mind, because it pleases him more, due to the fact that it is against what The Father Willed human life to be like.**

**Human life has a Goal for That Portion of it, the Soul. Granted, one cannot see his or her Soul, but they are conscious that within them they have the ability to choose purity over impurity, whether it be in words, in actions, or in thoughts.**

**As I close These Words at this time, there is much more to be spoken regarding this subject at another time, but hopefully What has just been spoken will remind those who know what is pure over what is impure, just over unjust, to use these two main courses of life to live by, understanding, of course, that they have a Soul that one day will be Judged by The Creator, The Giver of human life, and The Giver of all living matter and things, and still does.”**

DECEMBER 19, 2003 AT 11:55 A.M.

## GOD THE FATHER

**“In My Creation of human life, I instilled in it many Gifts. The Gifts were to allow each human life to have the abilities to more fully understand what life was created for, and that it had a Goal for human beings of all ages to learn about, and to use their desire to reach the Goal that would be for their Soul, and the Soul would represent their human way of life. This Gift may be difficult for some to understand, but It is a Gift of Great Love from The Divine.**

**You live in a time wherein human beings of all ages are mindful of the progress available to them on so many subjects, and so many abilities to learn more about what the world contains, regarding how they can use their faculties to utilize for more things to be accomplished than anything else created has.**

**I instruct so much in such few Words through *one small voice*, but What I instruct others to learn about, and to see the value of, is to give them**

**a fuller understanding of the abilities of life in the human way, and that in My Love for human life, I wanted human life to have the Gift of knowledge based on human understanding, necessities, and progress in many areas wherein the mentality would be used, and the physical would be used to grow, giving advancement to what mankind would be capable of doing. The mentality is a treasure not understood. It is taken for granted.**

**Children should learn that they have a Portion of Me within them, and that this Gift is of and from My Divine Love to human life, thus allowing the human way of life to be able to exercise more progress physically, mentally, morally, than if I had not given it All I had, because through the Gifts of human life, it has Blessed human beings abundantly, wherein hope, a deeper understanding of more things, and the realization that all that a human being has within them is a great help for them to fully understand there is a Future to their Soul, there is a Goal for their Soul, and that is to return to Me, for Reasons I do not always speak about, but They are Greater than the human mentality knows.”**

**DECEMBER 19, 2003 AT 12:47 P.M.**

**SAINT ATHANASIUS  
SAINT ANASTASIA  
SAINT BONAVENTURE**

**“There are Three of Us present. I am Saint Athanasius. I smile when I say, ‘I am Saint Anastasia.’ And I am Saint Bonaventure. As We draw attention for Our Words to be put into script, We bless those who will do it at this time when they are busy on important issues, facts.**

**The world has been Blessed abundantly by The Father’s Will, because in the Creation of human life, He instilled so many talents, abilities, understandings, based on ‘a conscience’, because in the conscience there would be an understanding of whether an act was proper or improper, right or wrong.**

**Human life is gifted in a multiple number of ways. Rarely is this subject brought up openly, because so much is taken for granted, and so much accepted as ordinary to the way of human life.**

**One thing that is rarely spoken about, and that is the subject of an individual's conscience on many issues. The conscience is an important part of human life, because through the conscience the individual can justify truth over untruth, right over wrong, justice over injustice, and Faith in The Divine over a lack of understanding that The Divine Exists.**

**Children should be instructed regarding the Importance of being born a human being, and that it is a privilege that animals do not have. The privilege is based on how they think, how they act; but also, their moralities, the foundation that their Future Life is accountable for and accountable to.**

**In This Gift wherein so many Words are spoken, put into a Format of enlightening those who read the Words, to think more indepthly on their daily way of life, what they do, and who they share these days with; also, what condition their morals are in. Do their morals change when they are exposed to acts, or conditions, or situations that would be displeasing for The Creator to see them participate in?**

**So little is thought about in the daily way of living. So much is taken for granted, and so much is acceptable that should be cast out, and also spoken in a manner and way that others will understand it is not pleasing to their relationship in the human way.**

**Children throughout the world in the growing stage, are not all Blessed with learning, with understanding what is morally right, sound, correct. This subject seems to have faded away because of so much so-called 'modernization'.**

**Today as I speak, I speak with much respect for human life, and much desire for human beings of all ages to realize, not just in their own mentality, but to be willing to speak to others at different times about what Goal they would like to reach when they are no longer a living human being. This subject is rarely talked about, because so many do not want to discuss such a so-called 'unpleasant' conversation, but rationally, logically, it is a Fact.**

**There will be a time when the living part of life will no longer be active, but the Soul of every human being has to face one day, that time**

**with The Creator, and it is a Beautiful Time, believe it or not, because it has reached a plateau of love, direction and understanding. It is not to be feared, because there is nothing else created that has this Gift of Divine Love within it, and the Gift of Divine Love is a Treasure beyond what the human mentality understands It to be.**

**I do not mean to sound negative or unhappy. Human life has a Beauty to it that nothing else created has, and those who learn much about what it is all about, must realize that to be created a human being has a Purpose and a Goal Greater than anything on earth can represent.**

**As I close These Words, I say one thing: The Father, in His Love for those who serve Him to help others learn about Him, He blesses them abundantly.”**

DECEMBER 20, 2003 AT 11:04 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

*The little one* I have chosen to use to speak My Words and All Those Here with Me, because of the Importance of the Souls that each human being is the custodian of, the beholder of, and responsible for. To the average mind, they could not comprehend how close I am with My Love for them, and My Willingness to instruct them in a degree, a manner, and a way that is not practiced in full degree of instruction by others who live the human way. Many times the human interpretation omits My Divine Will in the explanation.

**When** human life was created, it was a joy beyond what the human mentality could or can ever understand it to be.

**The** human mind is a Gift of Divine Love because it is the receiver of so much important Direction from The Divine. I could speak hours on end on how important a mentality is to human life, because in this Gift,

it gives strength, understanding, assurance, and the ability to discern what is right over wrong, just over unjust, valuable over what very well may be no value in its concept of what it contains.

I have given and I give so much Divine Love through All I dictate, to help the human element of life fully understand that in My Creation of human life, that I designed it for a Particular Plan, thus instilling in it a Portion of What I Am, Who I Am, because in This Portion, it will instill more strength, understanding, direction and ability to achieve the Goal I Will for all Souls, and that is to be returned to Me, and be called 'a Saint'.

I will close My Words at this time, but I do it with Love from The Divine. As I use *one small voice*, I use another means, so no one will have the excuse to not know What I have Willed them to know, through My Request of What I speak to be put into script, allowing thousands and thousands and thousands plus, of human beings, to not be without the importance of knowing how close their Souls are to Me.

**I bless those who partake in This Gift of My Divine Love by their perseverance in putting into script What I Will all of mankind to learn about, and more fully understand how close I am to them, and My Love for them.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. It is with much happiness I speak to you today, this time of year wherein men, women and children think of The Divine Holy King in a way, a degree and a manner that they rarely think of in a simple way.**

**Needless to say, the so-called ‘Holy Days’ at this time, awaken thousands of mentalities to the Real Sound Existence of The Father’s Love for human life, and that in the Creation of it, He instilled a Portion of Himself, called ‘the Soul’. That is one reason why it is important for this time to be remembered in a loving, serving way, because at all times during a year’s time, thousands of individuals do not even pray, or do they think of The Holy King in a close degree of Association with them, because they are too preoccupied by humanism and materialistic gains.**

**When this time comes and there is so much attention given to where it should be every day of the year,**

**The Holy Father blesses those who remember, but also care for those they love in the human way, those they desire to please in the human way. It is a time wherein the mentalities of human beings think in a more Spiritual degree, manner, not just justifying the Name of the Time, but The Creator of the Time, The Father, The Holy King.**

**As These Words are closed, I must say this: If all were written on the Importance of Divine Love and what prayer is to The Father, it would be a shocking blow to see the Value and the Innate Love by All Here in the Heavens, when thousands remember that The Son of The Creator has a Day here that marks the Time that He was born as The Holy King.”**

DECEMBER 22, 2003 AT 12:55 P.M.

## SAINT ELIZABETH

**“I am Saint Elizabeth. I smile when I speak My Name, because though I speak often through This Gift of The Father’s Love, I do not mention My Name, because oftentimes it is a distraction to What I want passed through *one small voice*.**

**Each day in the life of human beings there are many alarming events, casualties and situations that must be coped with realistically, practically. Some other things occur, based on morality. These things are rarely thought about needing the necessity to be seen for what they are.**

**In the human way of life, there are many Gifts of Divine Love: the Gift of memory, the Gift of speech, the Gift of learning, and the Gifts that give to a human life more moral strength, more physical strength, and more aptitude to accomplish what is logical for the Soul that they are the custodian of.**

**Rarely does a man, woman or child think of the importance of what they are about to speak, because it**

is a natural habit to speak what one thinks at that time, thus ignoring many times the subject matter that is based on a definition of a situation, or a declaration of a situation, that could cause others present to feel differently regarding the subject matter that the one who speaks uses.

Let us take now a subject on morality. Granted, no two individuals feel exactly like each other regarding their moral views, moral acceptances, moral practices, many times or most times ignoring that what they are justifying by what they think or speak about, bears an immorality that only pleases the enemy of The Creator and the Souls of those using conversation or words that are offensive far beyond what they sense them to be.

I speak differently, I know, but so many times it is important to awaken different individuals to think more of the subject matter that could be detrimental to their Soul. This, of course, is not a habit for human lives to even feel a sensitivity regarding it.

Though I speak differently, My Words will help some individuals to think twice before they think or speak,

**just to participate in a conversation that could be abusive, or vile, or contemptible, or be based on all that is impure in the ones in whom they are speaking.**

**My Words are different at this time, because there are so many ways to discuss a subject matter that has an importance in it, for it, because each individual reading the Wording will perceive It in their own degree in how they think, how they feel, and how they handle situations that sometimes they totally ignore what the conversation causes when they are in the company of certain other individuals. Little thought is oftentimes based on not just immaturity in understanding, but impurity that does not always act out, only speaks out in some individuals who think in this format on this subject.**

**I know I have spoken differently, but I speak with much Love for the Souls that are abused by men, women, and even some children, because they say what they think without thinking of the meaning of what they are saying.**

**As I close These Words now, I add to Them: Even if you do not cross yourself openly, if you silently say that short prayer, it will remind you in many ways that you have a Soul that will hear the prayer, and the prayer, of course, is: *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'***"

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I am always present every moment of every day, even when I cannot be seen in the statuary form.**

**It is important that all ages of human life look to Me, pray to Me, speak to Me and remember Me, because in My Design of human life, I instilled Our Communication in more ways than it is perceived to be. Do not forget, your Soul is My Communication with your mentality and your physical every moment of every day. Your Soul is aware of all you do, you think, you say.**

**Though it is impossible for the human mentality to fully understand What I Am, Who I Am, it does not change Our Communication mentally, physically, emotionally, even when It is in a silent degree of understanding.**

**I have Blessed the world in many ways, always in some form, allowing human beings to know of My Existence, My Presence, and My Love for them, because I created them, instilling in**

them a Portion of What I Am, Who I Am. It is called 'the Soul'.

I hear so many individuals use the words that they are 'soul mates' with another human being. This word has more meaning to it than they perceive it to be, but this word was basically copied for What I have given to human life about My Place with all human beings.

I have given to the world *a small voice*, and I have used *this voice* Myself, and Many Here with Me use *this voice*, with Words They want human lives of all ages to understand the closeness that human life has in the living form to The Creator Who made All things, and of course, to The Creator that knows All things.

I have allowed The Saints to be able to communicate, thus giving a more Personal Association with The Divine; also, helping them have the knowledge that there is a Goal to human life, and that is through My Love for them, based on the Soul they are the custodian of since the moment of their conception.

I have much more to speak on this, but it will be at another time. I

**bless all who read My Words and ask for the strength to understand Them, because the Words give hope and more caring for their relationship with Me as they walk the human life, as they reach the Goal to be with Me for All Eternity.”**

DECEMBER 23, 2003 AT 1:15 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**The Father has requested that in the coming time many changes will occur, stipulating more understanding of The Divine.**

**Today as I speak, there are many who say they are Christian and they attend Holy Services urging them on to become more advanced in Spiritual understanding, plus growth in how they will to live the Future Life.**

**As I speak, there are thousands of all ages of human beings with little understanding of the Goal for which human life is gifted. In so many places and in so many ways, there is a magnitude of wrong instruction from all ages of individuals trying to be important, but they are destructive in what they teach; also, what they practice that others imitate, feeling that this is what is up-to-date.**

**Surrounding this *little instrument* there are an innumerable amount of what human life would call**

**‘dangers’ to This Gift of Divine Love, and yet they will not try to protect, not just the Words, but the senses and the thoughts that reveal themselves only as diabolical in nature.**

***The little one* fights battles and confronts more than there is known to be occurring. Her quiet manner is not understood to also be a physical attack on all things against The Holy Trinity. When We hear individuals make remarks regarding her silence at times when they feel she should speak out, All of Us Saints try to, in some way, allow them to see that what she is accomplishing is inconceivable to the human mind, above and beyond what the human mentality is capable of noticing in its fullest measure and degree.**

**What has just been spoken may be different in context and content, but it is Valuable in many ways, because the Words spoken stress important issues, facts, conditions that to most, even those close to her, do not see.**

**In closing, I say, *‘The Sign of The Cross* spoken silently, without a gesture, is a beautiful gesture, asking for aid at difficult times when aid is**

**needed.’ All will not remember What I have spoken, but nonetheless, My Words, when needed, will remain the same in concept, in content and degree.”**

DECEMBER 27, 2003 AT 3:22 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**At this time in which you live, I have delivered and am still delivering, important issues and values that automatically give to human life logic to follow, and also to gain strength from, because in My Creation of human life, I instilled a manner and a way for the human mentality and the physical to be able to follow My Will, My Way, because of That Portion within each human body, that I am available at all times.**

**I could speak hours on this subject, because My Presence alone is a privilege for human life to better understand and to follow My Will, because of That Portion within human life that is a Portion of Me, the Soul.**

**I hear so many individuals use this statement that they are ‘soul mates’ with another individual, thus giving in the human way, a closeness above and beyond the ordinary communication or association that man has to man, woman has to woman,**

and this includes all ages of human life.

**I** have come at this time to enlighten the reasonability that human life is a Portion of Me. This, of course, when it is spoken in human terms, it oftentimes omits either a certain word or a positive inflection that makes it correct in what is spoken.

**As** I speak, there are millions of men, women and children throughout the world who need to know What I have just said, because to the mentality it is not a possible situation, condition, That What I have just spoken.

**My** Creation of human life was to design it with many of the things I felt and feel at this time, that the Soul I have placed into each birth, or I should say, each conception of human life, is a Portion of Who I Am, What I Am, thus giving to human life intellect, logic, sensitivities, and the understanding of morality over immorality, love over hate, justice over injustice, and purity in all areas of life over the impurities that are oftentimes abusive to the mental, the moral, abusing the Soul that is a Portion of What I Am, Who I Am, in all human beings created, from

**the time of their birth, or I should say conception, because I Am The Creator, above and beyond what the human mentality fully realizes, because human life has a Purpose, a Goal, and yes, a Soul.**

**As I close My Words, I close Them just on These Words, because I will speak more on What I Will all ages to know, at a later time.”**

DECEMBER 29, 2003 AT 12:50 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**This Beautiful Miracle of Divine Love is giving to human lives Blessings, countless in number, and not really understood to be in the Magnitude of Divine Love that They are delivered Personally.**

**It is important that human beings of all ages more fully understand that every word they speak, every step they take, every move they make, are remembered for why and the purpose: was it for good or evil, justice or injustice?**

**I know this sounds difficult for some to understand, but it is important that no matter what age an individual is, it is important that how they walk the human way, how they act, how they speak, what they say, who they are with, what they want out of life, gives a sound basis for their Soul that one day they will see.**

**Today as I speak, I speak with Deep Love for human life, for do**

not forget, I walked the path at another time. Some individuals do not understand, if We were from The Divine, why The Father gave to Us a human role, a human way, human understanding. Well, the reasonability is open to the senses, to the logic of those who read about how We were, and how We are today.

I could speak hours on end regarding this Beautiful Gift of human life that is Special in so many ways, and has a Goal beyond what any other creation has.

As I close My Words at this time, I remind those who take Them and those who will read Them: It is a privilege to live the human way, and it is a greater privilege to become 'a Saint' at another time, according to The Father's Love, and how you walked the human role morally, mentally, physically.

I beseech you to remember These Words. They are Words of Divine Love to give you the strength, the understanding, and the way."

DECEMBER 30, 2003 AT 11:30 A.M.

**“There are Many of Us present wherever *this instrument* of The Father’s Love is present. It is natural to have an instrument to be able to speak, to think, and to act when you are not present, and you need someone to represent what you will others to know, to do, to be a part of, especially if it is for their Soul.**

**I speak in this manner and degree of expression, hoping that it will be understood for the benefit of the Salvation of many Souls.**

**All that has thus far been delivered through This Gift of Divine Love has reason for It and Divine Love in It, because The Father’s Love for human life, and the Love of All The Saints Here in the Heavens innately want to share in encouraging, directing and helping others who live the human way, yet have Souls that were implanted in their conception that is an Important Part of being a human being, thus giving it a Goal to reach Forever and ever.**

**I speak differently, I know, but for some it will be easier to understand how I have placed My Words, not making Them too simple, but human understanding has different degrees of methods, understanding important Messages because of the mentality they have lived with for a number of years; so when someone mentions a Message from Here, saying, ‘I do not understand It,’ you can be assured that Other Messages will give them what they need to know, thus having been put into a matter of Wording, because each mentality oftentimes has the capability of discernment.**

**This may be difficult for some to fathom such a remark, but it is truth, not always spoken.”**

**JANUARY 2, 2004 AT 3:07 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**Today as I speak, it is with Love and Concern that I speak. This Gift I have given to the world is far greater in every aspect of It than the human mentality can perceive It to be.**

**Each time I speak, My Purpose is to allow human beings to more indepthly understand My Closeness to human life, as well as My Will to create human life to be returned to Me and become what is called ‘a Saint’. It is innate in human life to want to reach goals of high levels. I have given this to human life as a foundation, a basis for their understanding that the Highest Goal is to return to Me and be permitted to be called ‘a Saint’.**

**All the human disappointments, disagreements and physical problems should be handled with dignity, because in human life there are many challenges, thus giving to life strength, deeper understanding, and also the abilities to cope with imperfections that can cause great danger to Souls.**

**It is difficult for some to believe or to accept that every human being born is the custodian of a Portion of What I Am, Who I Am, and My Love for this Creation of Mine in which I have instilled an innate understanding of respect of basic abilities, necessary to live in the way of man, but also to prepare themselves to return to Where I Am.**

**My Love for human life, though difficult to understand by the human mentality, is basically and innately obvious, due to how I allowed a Portion of Myself, called 'The Son of God', to live a human way in the human form and be The Victim of so much wrong.**

**What I could speak on this subject would be endless. That is why I have given to the world *one voice* to repeat What I Willed others to know. As I once was upon the earth in a different form, I come now as 'a Voice' through *one small body* who realizes and recognizes that I stand in Truth and Divine Love, instructing openly the Importance of human life and that within it there is a Portion of What I Am, called 'the Soul'.**

**As I close My Words, *the child* cries for fear All I Will to be delivered will not be seen in the Purpose I delivered It, because My Love for human life is Greater than the human mind can perceive It to be. *The little one* cries for fear that All I speak does not travel far enough, because of so many Souls that await the ones in whom They are, to more fully understand that My Creation of human life has a Goal to return to Who I Am, Where I Am.”**

JANUARY 3, 2004 AT 11:56 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. There are Many Saints present with Me as I speak. My next Words to you who will read Them, and hopefully will see in Them My In-depth Understanding of human life, Care for it, and what I Will human life to do, and that is to remember that they have a Portion of Me that will one day want to be returned to Me, Forever and ever and ever.**

**As I speak so many times, and have for a very long time spoken through this *one small voice*, Words that others do not hear until I speak Them and request Them to be put into script, I put What I Will them to know, What I Will to aid them morally, mentally, spiritually, so they will always be able to follow the Gifts that I give for them personally, and of course, for the benefit of their Souls that are Portions of Me, Who I Am, What I Am, to one day spend Eternity with Me, bearing the name in whom They were placed at another time.**

**So much in human life was and is designed for more than it is thought to be: all the sensitivities of human life, all the necessities of human life, for the body and the mentality, designed by Me, beyond what the human mind can perceive My In-depth Love for this way of life, plus allowing a Portion of It to be returned to Me at a given time.**

**It is sad when I see so little understanding of the privilege of human life. I have instilled so many facets of abilities, also courage, Faith in what is morally sound, correct and pleasing to Me. No human is born without this, because I have instilled the Foundation for the Soul to be returned to Me.**

**So much blame is caused on individuals' intentions, personalities and goals. This is practical, logical, but it oftentimes follows a path of impurities, overlooking the beauty of this Gift of being able to choose My Way or the enemy's way. There can be no excuses logically made to choose impurities, indignities, or a lack of understanding that in human life is indelibly instilled, but often ignored, due to an individual's mood or mode**

**of thinking, and choice in how they respond to conditions, situations, daily practices and goals.**

**I will close These Words at this time, but as I do, I remind all who read Them: In the Creation of human life, My Love for this creation instilled many talents, abilities, understanding, that nothing else created has, and also, the knowledge of My True Existence, constantly available to hear what they have to say, and to give aid when they pray to Me or to My Saints Here in the Heavens. No prayer is ever unanswered, but sometime the answer is misused or ignored, based on the individual's condition of thinking with All I deliver through This Gift of My Divine Love.**

**I give a Blessing for strength to more fully understand I truly Exist, and that all human lives created are in My Divine Plan.”**

JANUARY 5, 2004 AT 11:56 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

*The little one* is going through another ‘Preparation’, due to the fact that more men, women and children need This Gift of My Divine Love to awaken their mentalities to My Existence, and that in My Existence I control All things.

I have given to human life a degree of freedom, allowing them to be able to choose, so they would not feel like they were constantly bound by a Force that would not allow them to move unless the Force permitted it. No human life is a prisoner to Me. Because of this, I implanted in each human life created, ‘a Soul’. The Soul is the recipient of all an individual thinks, speaks, acts on, with, for.

I have spoken These Words today to remind human beings of all ages, they are not prisoners of My Love, due to the fact that in the will, and the ability to speak, to hear, and to understand so much necessary to live the human life, automatically should

**tell all human beings of My Justice, My Consideration, and My Divine Love.**

**I will close My Words, because They are in many ways such a Responsibility to *the one* I use, always fearful that she will make a mistake. She has not, and I want her to believe My Words, as she believes All Things I say.”**

**JANUARY 5, 2004 AT 1:40 P.M.**

**SAINT ATHANASIUS**

**“I am Saint Athanasius. Today as I speak, I do it directed by The Father.**

**The world has been Blessed by a Gift of Divine Love. So many individuals do not understand what an Open Sign This is, encouraging and allowing human beings of all ages to more fully realize that human life is not alone in daily living. It is constantly in the Company of Divine Love, Divine Reasoning, Divine Purpose.**

**The Goal for human life is oftentimes not stressed, nor is it discussed in a logical degree, manner, way, by those who were trained to teach the subject for other human beings to fully understand that human life is not ‘a clone’, but human life is based on all The Father Wills it to be, because human life has a Soul that nothing else created has.**

**Even though an individual cannot see their Soul, cannot feel their Soul, they are sensitive to Something that gives them the knowledge to recognize what would be purity over impurity,**

**justice over injustice, hope over despair, love over hate, kindness over unkindness, and belief in Something present that they cannot see, but they feel the Presence of. This, of course, is the Soul.**

**Today, as so Many of Us Saints gather around This Gift of The Father's Love for human life of all dimensions of intelligence, all standards of belief in what is right, what is good, and that there is a Higher Authority they cannot see but they sense the Presence consistently, constantly; no emotion, but obviously a closeness to Something that gives strength, gives hope and encouragement when it is needed.**

**So many things have been delivered, helping human beings of all ages, backgrounds, mentalities, to more fully understand that the human life is a Gift, has a Goal, a Purpose, because in human life there is a degree of logic that makes it different than any other living matter or thing.**

**Needless to say, human life, in all the Gifts it has been designed with, consistently needs the strength to stand firm, strong, on important things. That is why This Gift of**

**Instruction, putting All Words into script so nothing can be dismissed or forgotten, proves that The Divine is assuring human life consistently, that there is a Goal to reach, and there is Someone of Great Importance behind this Goal, because the Goal is more than the human mentality can perceive It to be.**

**As I close These Words, I do it because All that has been put into script at this time is sufficient to help the mental, and give strength to the physical of millions of human beings, if they will but read the Words, seeing Them in the manner and way that only The Divine would want them to understand how close they are to The Creator of All Things.”**

**JANUARY 6, 2004 AT 12:40 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**You live in a time wherein great areas of progress help you to more fully understand more Gifts of human life than the early men, women and children born a long time ago.**

**Today as I speak, I speak with much Love for those who live at this time, because you have the opportunity, the way, and the responsibilities to help you one day return to The Creator as ‘a Saint’, not just as a name of the past who lived in the world for a period of time.**

**Throughout the world, there are millions of human beings constantly distraught at what they feel they are stopped from doing, practicing, being part of. They are caught up in so many areas wherein there is so much demonic pleasures, very sad for the Souls that they bear in the human form they live.**

**Today is an important day for those who live, but oftentimes it is**

ignored as just being a day, natural to how an individual sees life in the living way.

**T**here are Volumes to be written, put into print, on All that has thus far been given to human beings of all ages, regarding the Importance of the Goal for the Soul they are the custodian of.

**M**y next Words are sad for Me to say: So much emphasis is put on the physical and the mental abilities, thus ignoring that all things in human life were designed for a purpose, a strength, to foresee that there is a Goal to human life, designed by The Creator, and that Goal is to return a Portion within them that is a Portion of Him. No Greater Gift could be given at the moment of conception of a human being.

**G**ranted, the Soul is not seen by the human eye, but the mentality describes more to an individual regarding what is important, what is logical, what is truth.

**S**o much has been delivered, not just to encourage human beings of all ages, but to assure them that human life was created for a Goal, to live on in a different Form, but to be Part of

**The Heavenly Manner of Living, along with All The Other Saints Who lived before at another time, and of course, The Creator Who has created All things that nothing or no one created in the human way can perceive the Greatness to be.**

**You live in a time Blessed in many ways, because The Father has Willed This Time to be, to give strength, hope, courage, and instilling the Purpose for a Portion of human life that nothing else created is the custodian of.**

**I close My Words, but hopefully My Words will be remembered to the degree that They will remind millions of individuals, that in the Creation of human life, there was a Purpose. The Purpose was to share with The Creator of All Things, Time, Forever and ever.”**

**JANUARY 8, 2004 AT 11:55 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**The word ‘sin’ is to many individuals, of all ages, something that someone else commits against what is purity, or truth, or logic. This word speaks many things. It announces that something has an impurity in it, a disregard for a situation that is acted out, portrayed, or spoken.**

**At the time My Son walked the earth, His Name was ‘Jesus’. He constantly instructed the difference between what was pure in thought, word, deed and actions, against all the things that caused these things to be impure in some form, some manner, some purpose, some meaning. At this time, throughout the world very few thoughts in the human way are regarded as sinful, even when they are diabolical and impure in every portion of what they stand for.**

**A long time ago, it was said through This Gift of My Divine Love, ‘You live in a time worse than Sodom and Gomorrah.’ Very few hearing**

the Words or reading the Words, felt it meant them, so they dismissed the Statement and went on doing what they wanted, and how they wanted human life to be, thus ignoring the temptations that led them to several, if not many impure acts, thoughts, words and deeds.

Granted, in the human mind there is the privilege to make decisions on one's own understanding of what they want to practice, be seen for, or how they respond to other human beings, many times not looking at the full picture, or the meaning, or what will result due to their actions, their words.

I have given to the world what mankind would call 'an unusual Gift of My Divine Love', speaking through *one small voice*, through *one small individual*, who is in many ways quiet in manner, decisions.

What is spoken by Myself, and Others Here in the Heavens with Me, is to awaken the mentalities to listen and to relate in their mannerisms, their thoughts, their way of life, to how they are responding to daily living, how they partake in association with

**other human beings. Basically, I must say, 'Would they want Me to be present in everything they think, say and do, or would they instinctively feel that there were some impurities that they were a part of?'**

**I am always present through a Portion of human lives they cannot see, feel, but in My Creation of human life, I placed and still place a Portion indescribable to the human being, but I am present in a manner, way, and degree inconceivable to mentalities; but, the Fact that I Announced a long time ago, that within each human life I placed and I place yet, a Soul, the Soul is the Connecting Link of My Divine Love for the human Gift that is never seen, and that is the Soul that is a Portion of Who I Am, What I Am.**

**I could speak endlessly on this subject because of the importance of it: the fact that human life knows purity from impurity, love from hate, justice from injustice. This list is endless in what a human being not only consists of, but is aware of.**

**I close My Words now, but for those who read Them, I beseech you, remember: as I am a Portion of you,**

**you are a Portion of Me, in a manner, way and degree, because one day I want your Soul to return to Me, and for Me to be able to call It 'My Saint'."**

JANUARY 8, 2004 AT 12:55 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**When I gave to the world a Gift that mankind would call a ‘Mission Impossible’, human beings did not see a Gift as It was to be. All they saw was the human side of *the one* through whom the Gift was to be revealed.**

**The world has been Blessed abundantly in a soft, gentle, loving way, enlightening the human mentalities through the written Words, regarding the Importance of being a human being, the responsibilities of it, but also, the Beauty in this Gift of Divine Love that no other living matter or thing is the custodian of.**

**At the time I introduced This Gift to the world, I saw many gather, wanting to know, to hear What I had to say. Some believed instantly. Others were afraid. Then, there were those who knew that they had to walk away, not because of their conscience, but because hearing important Facts, Directions regarding their behavior,**

was more than they could handle in a living way.

**When My Son hung upon the Cross, many cried, but many also did not question the validity of what had occurred, as long as it was Someone Else Who was The Victim of the words.**

**Today as I speak, I speak with Deep Love for human life, because with all the so-called 'assets' I instilled in this Creation of Mine, I also instilled a 'conscience' that should never be ignored, because the conscience is a reminder of what was said, what was done, what was accepted, and also, were the results important for one's way of life, or for the Souls of the individuals involved.**

**As I close My Words at this time, those who take Them know I will return, because through the way of putting Words into print, it lessens the excuses for remembering What I Will them to know, to practice, to understand, and to follow according to Divine Plan and not just the human manner of thinking things, or responding to temptations that are basically sins against their**

**Soul that one day they will have to make amends for, in another way.**

**So, as I close These Words at this time, I beseech those who take Them and those who will read Them, to remember: I have given to the world a Miracle, putting so much in print, so human beings of all ages would not have to use their memory, but would have the Words in print to remind them constantly, consistently, that human life has a Goal for That Portion of it that is a Portion of What I Am, Who I Am, called ‘the Soul’.”**

JANUARY 9, 2004 AT 8:42 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I designed the ‘necessity for timing’ in the lives of all human life, but also, in all that I created that would be subject to My Timing according to what I knew would be the best, or present the best order to things, because in My Creation of human life and all other living things, timing was and is a very important facet, due to the fact that time, in the order, helps the order to be accomplished according to My Will, for the purpose I intended things to be accomplished, practiced, and arrived at.**

**Though it is difficult for thousands of human beings to believe, to accept that I speak through *one body, one mind*, does not mean they are right. It is natural for them to think it cannot, it could not be; but nonetheless, I have appointed This to occur, to spread My Existence and My Love for this Creation of Mine. For Me to have put thousands in the same category would not have been**

**advisable. I need ‘only one’ to spread to others, allowing others to value the Value of What I speak, and to see This Time as a Gift of My Divine Love for human life.**

**In this creation that I care so much about, I placed a Portion of Myself, not able to be seen, but obviously present through many ways that announce openly that a human life has been given a Purpose, a Reason, a Goal that is Special to Me, even though they do not see with their eyes, My Presence as their Soul.**

**Each time I speak, I use Words understandable so there can be no misconception to those who hear Them or those who read Them, because logic openly speaks, ‘No one would speak as I speak.’**

**As I close My Words, I say, ‘I bless those who ask for My Blessing, even though they do not see It, or feel It.’ I am constantly aware of all things.”**

### SAINT ANGELA MERICI

**“I am Saint Angela Merici. *The little one* I use to speak the Words The Father Wills to be delivered to help all ages of human life to remember that the Creation of human life was a Gift of Divine Love, higher than any other thing created, because within human life The Creator put a Portion of Himself. It is called ‘the Soul’.**

**There is a common statement at this time that when individuals want to tell others how close they are in a relationship, they say, ‘We are soul mates,’ thus giving credence to the Importance of having a Companion in life that one day lived the human life and is now a Saint.**

**So much can be instructed regarding what a volatile situation human beings are living in the midst of at this time. Impurities of the mind, the body are multiple in number, thus outwardly showing that there is little belief or understanding that human beings are the custodian of a Portion of The Creator.**

**When We hear scandalous information regarding situations that should be avoided, not allowed into the lifestyle of others, All of Us Here in the Heavens use many ways to try to reach into the mentalities to resist what is wrong, dismiss what is wrong, and be accountable for what is pure morally, mentally, physically, and in all facets of human life.**

**Children are not being alerted, or spoken to on this subject. There are so many excuses, ignoring it because too many adults feel embarrassed to discuss a subject of this means to those who are a lot younger than they are. Another excuse is: 'I learned the hard way. They, too, will have to learn the hard way'; but, what they are missing in this statement is: learning could encourage it, not dismiss it, or see what a threat it is to the Soul that hopefully is pure, because the Soul is That Portion of human life that will return to The Father and be with Him Forever and ever and ever.**

**There are no excuses for what is occurring that is in so many ways diabolical in concept, and in its very practice in how many individuals take the time, using what they feel will be**

**an easier way to practice infidelity, and it will not be seen for how they know others will think about it, or see it in its reality.**

**There are Thousands of Saints Here in the Heavens, All willing to discuss and to instruct and to advise and to aid a prayer requesting help on what an individual should choose, knowing that impurity should be not just ignored, not just rejected, but cast aside in a manner and way that it cannot be even thought about.**

**I know I speak dramatically, but What I have spoken is of great importance to all ages of human life.**

**At this time, the year in which you live, and several years before this time, The Father gave to the world a Gift of Divine Love, consistently and constantly instructing. He named This Miracle after The Beloved Saint Joseph, because Saint Joseph was the Epitome of Purity. Do not forget, He was The Foster Father of The Son of God.”**

**JANUARY 10, 2004 AT 10:50 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father. I speak often through This Gift of My Divine Love, even when I do not announce it is I Who is speaking. It is I Who desire certain things to be accomplished. It is I Who in every Act I perform, desire to attract more Souls to Me because of the Importance of the Souls that are Portions of Me, Who I Am.**

**If it were logical to the mentalities of millions of human beings, I would speak in an open manner, showing Myself and addressing What I Willed them to know, to follow, for the sake of their Souls.**

**A long time ago, I stopped My Physical from showing, due to the fact that it was difficult for some to understand that I could take on a human form and be amongst them. Human reaction to this was not satisfactory in all I desired men, women and children to understand. I found and I find that the written Word is more logical to read with their human mentality and**

**to be able to spread more generously, My Spoken Words, My Love, in the Way I express It through What I say.**

**I have Blessed the world, because every human being I am a Portion of. So many forget that in My Design of this Creation of Mine, I instilled and still instill a mentality, a love for life, and the ability to express openly how individuals perceive the Blessing of My Divine Love, aiding them to recognize My Will is for them to return to Me, That Portion of Me within them, so It will remain with Me, Pure in all areas that It will be expected to be used when the time comes to aid other Souls in My Direction, through My Directions, instilling Hope and My Divine Love for how I designed human life, and how I Will it to be returned to Me.**

**Human life can compare it to not wanting to lose something precious to them. If and when this occurs, there is much sadness at the loss, even when it is something minute.**

**I will close My Words, because I could speak hours on end on how Important human life is, bearing a Portion of Who I Am, What I Am, that I Desire to have returned to Me,**

representing who It was placed in, when that Soul returns to Me and I could see It as ‘a Saint’.

**I**n Bible History, All Saints are not mentioned. It would be impossible, because All Who return to Me are not remembered in the human way, and Many not fully understood as having walked to please Me, and to put Me above all human actions, ideas, ideals and ways.

**M**any who read These Words might find Them difficult to believe, but I assure you, human life was designed and instilled with many Gifts, based on Divine Love, Divine Hope. Remember this.”

OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER  
SAINT ALPHONSUS LIGUORI  
SAINT IGNATIUS LOYOLA  
SAINT CATHERINE OF SIENA

**“**What I am going to say is to assure you that *the little one* We All use, recognizes Each One of Us Who stand within her, around her, to speak Words The Father Wills to be spoken for the Souls of millions of human beings.

**I** am Saint Alphonsus Liguori. I am Saint Ignatius Loyola. I am Saint Catherine of Siena. I am your Heavenly Mother. I am your Heavenly Father.

**W**e All smile at this *little one* as she waits for the Words to be put into script that have been designed to give hope, more understanding, and more love for The Divine.

**T**hough it is difficult for many who live very active human lives to understand that they were created by a Superior, Supreme Source, not seen by the human eye but obviously Exists,

due to All They speak, instructing human beings of all ages that there is a Future to life, One different than the first one, but the One to look forward to is for the Soul that every individual is the custodian of, from the moment of conception until It is directed to be returned to The Creator, Forever and ever and ever.

Time to The Divine is far different than time to the human mind; but, when human life was created in Divine Plan, it was important, all the decisions that had to be made, executed and given, for human beings to understand that human life was for a period of time, and then there would be a Goal for the Soul that they were the custodian of, from the moment they were conceived until they would not be in the human way as they understood it to be.

The world has been Blessed abundantly. Too many individuals find it difficult to understand or perceive that there is a Future to life, different in many ways, but also, Great in Its reality. It gives hope, but it also gives strength to know that as the human life closes from one world it was born into, the Soul as the Living Portion of The Creator, is That Part of human life

that lives with Him Forever and ever and ever.

**I** know at this time These Words may confuse some, but the logic in Them is obvious, also the hope that They contain, because human life is different than all other living matter or thing. Human life has a Future different than the way it lived upon the earth, but the Purpose has an Indepthness, a Beauty that nothing else created is the custodian of.

**R**emember, when you say '*God bless you*' to someone, He always hears the request, because He is ever evident in the presence of every human being.

**S**o much Divine Love exists in the Creation of human life, far greater than the human mentality can perceive it to be. There is hope, there is justice, and there is a very sincere obvious Goal that speaks in a Greater Degree than the human mind can perceive It to be, because it is for the Soul that is never seen when one walks the human role in the daily way of living.

**I** could speak hours on end, but I assure you, each day you live, each word you speak, each act of human life you partake in, is recorded in your

**Soul, and The Father sees it, accepts it, and wants you to know you are accountable to Him at a time that He Decrees it to be, and even though the Soul is the Living Part, the Soul in many ways thanks The Creator for having been a Part of you, as you lived in the human form, human way, as He designed it to be, another day.”**

JANUARY 12, 2004 AT APPROXIMATELY 2:35 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**As All that I deliver is for the benefit of millions of human beings, I always smile when *the little one* tries to read the Words that, at another time, she mentally received.**

**I have Blessed the world with a Gift far greater than the human mind can perceive It to be, because in My Desire to create what I have created, and all the things that each creation is responsible for, in many ways gives to Me a Love greater than the human mind can perceive It to be.**

**I hear some individuals speak and say, ‘With all the problems throughout the world, one would think that no more individual human beings would need to be created to partake in such little happiness, so little understanding.’ When this thought comes, it is a sadness to Me, because My Creation of human life has many Purposes, due to the fact that I place within each human life a Portion of What I Am, Who I Am.**

**This, to Me, is a Gift that should be easily understood by an individual, because the happiness companionship gives to an individual, an individual should be able to understand how much happiness the Souls give to Me. Without a Soul, what would I have, because the human life was created with certain responsibilities. Part of these responsibilities were to give to human life a Goal. The body could not have endured All that the Soul is, so that is why it is so important that it is through the human body I place a Portion of What I Am, Who I Am, and It is called ‘the Soul’; thus, returning to Me a Portion of Me that will be able to live with Me Forever and ever and ever.**

**So much Love is in This Blessing of Mine at this time in which you live, because in explaining All the things that would not be possible for you to know, if it were not for This Gift through *one small voice*, but sharing This Information, This Love with you, in this *human form*, gives Me happiness and allows you to realize that you have within you, a Portion of Me, called ‘the Soul’.”**

**He said This was a Message of Love.**

JANUARY 13, 2004 AT 12:37 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I have spoken so many times on the Importance of human life and the reason for which I created it, thus giving within it a Portion of What I Am, bearing My Name when you cross yourself, to bless yourself in a formal manner, degree, way. As you say, ‘*In the Name of The Father,*’ I hear you; when you touch the center of your body, and you say you call upon *The Son*, and deliberately then move your hands across from the left to the right, calling on *The Holy Spirit*, Who I Am.**

**For many to fully understand what a privilege ‘*The Sign of The Cross*’ is to man, is difficult many times, because they do not understand The Holy Trinity in the manner It was delivered thousands of years ago.**

**When the Words were first spoken, those who listened to Them felt the Greatness in Them, the purpose for Them, and the reasonability for this Sign to go on, always for human lives to carry on a Salute, a manner of**

service, and a degree of remembering that there are Three Entities of Living Matter within this Sign that should always be looked to, because of it covering Important Areas of The Divine.

I hold *the little one* tightly, *the one* in whom I speak, because I have entrusted to her how to walk to give aid, encouragement, hope, understanding, and Divine Love that is consistently available to all who will request It, call upon It for help, or say, *'Thank You for what You have helped me to accomplish, because without Your Aid, it could not have been done.'*

I close the Words, but only the Words, because I am constantly with you, every human being, because of My Love for this Creation of Mine in which I have a Portion of Myself. It is called 'the Soul'.

Remember My Words, and also, I beseech you to walk in dignity, honesty, and continuously saying words that call upon Myself, or Others Here with Me, thus letting Us know you believe in The True Existence of The Divinity."

JANUARY 13, 2004 AT 1:44 P.M.

**SAINT PEREGRINE**

**“I am Saint Peregrine.**

**Many of Us Saints stand by This Gift of The Father’s, waiting for The Father to tell Us He wishes certain Words to be spoken to give aid, strength morally, mentally, psychologically, to thousands of individuals of all ages, helping them to more fully understand that human life, as the creation, is gifted with a multiple amount of Gifts, rarely understood in their true presence, because human beings of all ages oftentimes remain in a certain area of thoughts, understanding, and unwillingness to digress from these particular ones, and look further into what they are capable of participating in, giving to themselves and others, not just more knowledge, but more sensitivity to all that is created that can help them more fully understand the Goal for life.**

**To become ‘a Saint’ is for them to one day be with The Father, and be able to assist in helping others who are yet in the human way, to under-**

**stand more indepthly the Purpose of Divine Love for giving to human life Gifts that nothing else created is the recipient of.**

**I will close My Words, but I beseech you to understand, that as you live each moment of every day, you have the ability to serve The Creator in a multiple of ways.”**

JANUARY 14, 2004 AT 11:53 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have given to the world, the whole world, My Divine Love through *one small voice*, thus allowing *this voice* to verbally put into print, All I Willed all of mankind to more fully understand their closeness to What I Am, Who I Am.**

**Today as I speak, I speak through *one voice*, for if I spoke through *one voice* to thousands at a time, even the mechanical systems could not reach all I desire to reach, because of the Importance of What I have to say from The Divine.**

**I have chosen the written Word so It can be copied and recopied, for millions of individuals of all ages to understand My Presence is available at all times to them, and what they do, practice and say, I am fully aware of in every way.**

**Today as I speak, I speak expressing My Divine Love, and My Divine Way of Communication with**

**all of human life. The world has been Blessed, but more so, all of human life has been Blessed because of the Souls that are involved in all of human life.**

**What is difficult for some to understand is that I can put a Portion of Myself into thousands and thousands, even millions of human beings. This would be difficult to describe, the Power, the Love, and My Manner of doing things, so I beseech all of human life to believe, to accept, and to realize, no human being is ever without Me or My Presence.**

**I will close, but before I do, I want These Words spoken to you: In My Creation of human life, I instilled many things that I am Part of, to be able to help human life be able to serve Me, and to return to Me That Portion of human life that is that Living Portion of Me called ‘the Soul’.**

**Some may find it difficult to understand What I have just spoken, but I assure you, My Closeness to every living human being is Greater than the mentality can perceive It to be.**

**As you recognize a portion of your body as belonging to you, My Love is equal to this portion that is**

**physical, but do not forget, My Divine Love is Greater than anything It can be compared to throughout the whole world. So be it.”**

JANUARY 14, 2004 AT 1:29 P.M.

SAINT ULYSSES S. GRANT

**“I am Ulysses S. Grant. I know it is unusual for One such as you know Me, to be given the privilege to speak the Words of The Holy Trinity.**

**I bring tears to *the little one's* eyes. She says to Me, ‘I know You by Name, no other way.’ This is true, for all My experiences in the human way were of human origin, human command, human purpose, but I was given the strength many, many times from The Holy Trinity.**

**As I understand it to be, I am the First One to speak representing My background and My life in the human form. It is a Gift of Divine Love, because so Many Here in the Heavens have the privilege to express thanksgiving for having been born a human being.**

**Many who read These Words I dictate at this time, will shout at *the little one* who repeats Them, to have Them put into print for others to read. They will shout: ‘He is not a Saint. He was not proclaimed “a Saint”.’**

**All Here in the Heavens have not been proclaimed 'Saints' through the human nature, system, and control that is important to the way Saints are mentioned, spoken about, and recorded in the degree They speak, according to Their being called 'a Saint'.**

**Today as I speak, it is with much Love for The Holy Trinity, and All Here in the Heavens Who walk the Path, the Way, the Love that Sainthood allows the Souls to do, and to be an Important Portion in helping those yet upon the earth to learn about the Soul.**

*The little one* I speak through is so concerned that criticism will be brought out in the open, saying that she heard from One Who was not proclaimed 'a Saint'.

**The Father blesses all who believe His Way, but never forget, there are Many Saints Here in the Heavens Who have never been pronounced 'Saints' by those who have the privilege, the responsibility, and so-called 'knowledge' of Who will be called 'Saint'.**

**I add one thing: As you live in the human way, and the way you perform in your daily way, morally**

**and instinctively caring about others who are alive and live each day in a proper manner, a proper way, taking care of the necessity of all duties and the personal necessity of caring for others living who need help, The Father is always there, and The Father has requested This be spoken today to awaken the minds to the Fact that as you live in a daily way of life, of living, of caring, of sharing, you have the background of one day being called ‘a Saint’, but that does not mean by those who are in control of this method of openly announcing the words.**

**I want you to remember, that to arrive at Sainthood is the Important Factor here, because there are Many Here Where I am Who have not been called ‘Saints’; no special description of Their way of life. I beseech you, remember this.”**

JANUARY 15, 2004 AT 12:37 P.M.

**SAINT BONAVENTURE  
SEVERAL SAINTS**

**“I am Saint Bonaventure. I have spoken many times through this *little one* that The Father has chosen for a Major Task to be accomplished for the benefit of Souls of not just thousands of human lives, but millions. To some reading These Words, it would sound like an impossible fact trying to be pursued by *one individual*.**

**Human beings base much of their spirituality on what they have heard about it; some, what little they’ve learned about it, and others, through the intermedia of communications or speeches that were delivered in their presence by those who followed a Spiritual role, or those who felt they were all-knowing regarding the Spiritual needs, facts, of what would be directed to the Source they were instructed, such as The Heavenly Father, The Heavenly Mother, and All The Saints.**

**There are Several of Us present Here, Each One of Us wanting This**

**Gift of Divine Love to be understood in the Magnitude of Its Purpose and Its Divine Hope for the Souls Who without This Gift would not understand the purpose of so many activities that direct their thinking to Spiritual Souls.**

**It is difficult for many to believe that a Saint is basically the Soul of a particular one that was born at another time.**

**I will not speak longly. I should say, Neither of Us will speak longly on this subject, because for some it will be difficult to fathom the Enormous Gift of Divine Love with so Many Here in the Heavens delivering Words so full of meaning, and rarely heard in the human form.**

**As the Words are closed at this time, We All assure you that This Gift of Divine Love is greater than It is understood to be. I will close the Words with a Cross: *In Nomine Patris, et Filii, et Spiritus Sancti.*"**

JANUARY 16, 2004 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In My Design of human life, I used My Understanding of the importance of many things that human life would live with, and that it would be a part of all the facets of human life, thus it being helpful to human life, due to the fact that My Intentions for human life were for each human being to have the ability of sound coming from them; their hearing, to be able to give them what others would say and do; and of course, their mentality, to understand all the reasonabilities of other features, facts, considerations that would help human life be gifted with regarding understanding; plus, a conscience for how they would feel, know, and be able to practice what would be advantageous to all the senses I would instill. Without all these things, human life would not have the understanding of the Importance of human life.**

**I speak through this *little one* My Words for thousands, or even millions**

of human beings to more deeply understand, logically understand, the Gifts of human life are not man-made, but Divinely designed for human life to be different than other things created, and also, be more capable in understanding that human life was designed by Me with Gifts I knew would allow more communication, understanding, and realization that in this Act of My Divine Love, human life could more easily relate to a closeness with Me, more understanding that I created human life for a Purpose to return to Me, because of My Divine Love through this Act of Mine, giving to human life a Gift that would have Reason, Purpose, Achievement, and a Goal similar to when I created so much in the beginning, thus it being openly shown through what is called 'The Holy Family'.

I will close My Wording at this time because of the Power I have used on this *small body* that speaks My Words, and has been given the Gift of being able to repeat What All The Saints Here reveal in such a Personal manner and degree.

As I close My Words I smile at her, because All that I have spoken, she has

**requested something from Me: *‘Please God, bless me so I will never make an error in This Gift of Your Divine Love for all living human beings.’* I will lift her slowly. Her strength from My Power is greater than It is perceived to be.”**

JANUARY 17, 2004 AT 11:23 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. There are Several Saints present with Me, ready to join in What I have to speak about because, do not forget, They, too, walked the human way at another time, so They are familiar with all the areas of human life that those who are now in the living state are walking in: the responsibility of self-care, many caring for others, but mainly, the caring must be based on That Portion within them that all human life is the custodian of, that is called ‘the Soul’.**

**Some individuals say, ‘I cannot see It.’ I agree with you, but I, your Father in the Heavens, know that you sense within you there is more to your way of living, because you feel the responsibilities have a purpose, and an incentive that no other living matter or thing is accompanied with.**

**The Creation of human life has a Goal for That Portion of it called ‘the Soul’, because in the Creation of human life, there was a Gift of Divine Love instilled, giving to human life**

more value, more reasonability, and a Goal. This automatically registers in the mentality, but is ignored because of the mentality being based on what is acceptable in the mind, in the desires, in the willingness, and the innate practicing of all that an individual is confronted with that in human life are necessities, and the realization that there are many things that are interesting, and also helpful to one's manner of living, financially, socially, and in line with manners and degrees of participation regarding one's desires to be an active human being in the state of human living.

What I have spoken thus far is rational, logical and practical. Today I speak differently, only specifying the basics, but I must add to this: It is innate in human life to reach for goals. The Soul that is within human life is the Most Important Part of human life, but is rarely thought of in the context that the Soul is a Portion of The Creator and is to be returned to The Creator, bearing the Title 'Saint'.

All the human advances in a lifetime are natural in content, concept, but it is important for This Message to reach millions of human

**beings, that they have the privilege to one day return their Soul to The Creator, a Saint; a High Gift, a Beautiful Goal, because The Creator is The One Who placed the Soul within them.”**

**JANUARY 19, 2004 AT 12:18 P.M.**

## **OUR HEAVENLY FATHER**

**“In human life, a small child needs to be guided in every facet of learning, and in obeying those in charge. I smile at My next Words: I am your Heavenly Father. I do not treat you as a child, but My Divine Love for you is beyond what you know love to be. I instill in the mentality what is right, what is wrong, what is pure, what is impure, what is just over what is unjust, and I innately give you the privilege to choose what you know I would want you to follow in your human role.**

**Today is no different than the time the first human beings were born. I placed within them the understanding of how I Willed them to see life, as a Gift of My Divine Love, and that it had a Purpose, a Goal like nothing else created was or would be the custodian of; also, that That Portion of What I Am, called ‘the Soul’, was placed at the moment of conception, giving the physical a different strength, and an innate feeling that human life was different than other means, manners of life, even at the moment of birth.**

**I say These Words today to refresh the minds of hopefully millions of human beings, regarding the Fact that human life was designed by Me, so in My Love for it, I placed a Portion of Myself that would remain and one day be returned to Me at the time the physical no longer existed in an active role.**

**As I close These Words, I close Them with Deep Love for this Creation of Mine, because in so many ways, it is closer to Me than anything else created had ever had. It was an Innate Love of Mine to do what I did a long, long time ago.**

**As I close These Words today, I say to you Personally, those who take Them and those who read Them: Remember, I designed your creation for a Purpose, a Goal. This has never ended where human life is concerned.**

**And now, as you oftentimes bless Me, saying these words: *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen,'* I return My Love to you and say, 'As you live each day, never forget, I am Part of you, always have been.'"**

JANUARY 19, 2004 AT 1:05 P.M.

## MANY SAINTS

**“There are Many of Us present. We All smile at *the little one* when she recognizes Our Presence in a way not conceivable to the ordinary human way of life, but The Father shows her in His Way, Our Presence, because it alerts her to Something We might have to say to give strength, hope, more understanding, and yes, more belief in The Divine Way.**

**The formal manner of one blessing himself or herself is done with the hand; first on the forehead, then on the chest, and then across to each arm, continuing ‘*The Sign of The Cross*’, because the body, as it stands in a lengthy manner, adds to the Cross in many ways.**

**Right now, as These Words are spoken, there are millions of men, women and children who have no thought of what they are created for, and what they are created with. There are so many important Facts that are not relayed, because individuals feel to talk on a Spiritual matter or**

possession, is many times difficult for all ages to understand, that standing as a human being — man, woman, boy, girl — the only thing that is recognized is the presence in a degree or stage of life that would be prone to practice what is feasible at that time of life; thus, most times, just not thinking of the importance of once in awhile recognizing that a prayer, a short one, would be communication with The Divine, with The One Who created them at another time.

Sad for Me to say, some individuals would make fun of someone else if they knew this was occurring. They would call it ‘fanaticism’, or even say they are out of their mind, but I assure you, every human being’s Soul is continuously present. It is the Connecting Link of Divine Love for the benefit of the physical life that exists, because oftentimes the Soul instills a practical notion, idea, or way, that on the individual’s own, would not have thought of. The Soul is this close to how an individual man, woman or child lives. The consistent Presence is always available.

To some who will read These Words, it will not be understandable.

**Hopefully, to some, they will not become emotional or dramatic or fanatical, the very knowledge that human life is created for a Goal Greater than anything else created, because human life bears a Portion of The Creator, called 'the Soul'.**

**Needless to say, this is a difficult subject for even the most Scriptural individuals who read Scripture continuously, to fully understand the Beauty, the Love, and the Divine Hope that each human being is Blessed with from the moment of conception.**

**As I close These Words, I close Them with an open understanding that it is logical to understand What I have just spoken, because in the creation of human life, there is a Portion of The Creator which automatically confirms that The Creator is present."**

JANUARY 20, 2004 AT 11:20 A.M.

## SEVERAL SAINTS

**“There are Several of Us present. This is usually necessary when One of Us is about to speak on important issues that are relevant to the nature and the purpose for human lives of all ages to be aware of, because of the Importance of human life, its Purpose and its Goal.**

**As I speak, Many of Us stand together to give to *the little one* more strength, and more ability to understand the Words that The Father Wills to be released for the Souls of millions of human beings, Many yet to be born in the way of human birth.**

**When a human being receives a Gift that will be important to some part of his or her life, the Gift is treasured because of the purpose for it, and perhaps the inability to receive it in the human way from a human being.**

**We hold *the little one* tightly because her physical is spent, due to so much Communication she endures for Our Words to be taken and passed**

to an ultimate number of human beings who the Words are to help them more fully understand, that though they feel their life, as it is, gives them pleasure in many ways, many times not understanding that The Father, in His Love for human life, directs Some of Us Here to deliver Words that support portions of human life that aid the Soul, the mentality and the will, in different degrees and ways than the ordinary manner or practice an individual partakes in every day.

A sacrifice of time, through This Gift from The Divine, is to bless thousands and thousands and thousands of human minds to more fully understand that The Father, in His Love, His Design and Creation of human life, Wills it to be returned to Him, being able to give happiness because of the manner in which human life had the privilege and way to live.

Prayer is an ideal communication, beyond what it is thought to be, and all who are in the living state of human life should realize there is a Goal, and that is to one day return to The Creator and be called 'a Saint'.

**I have spoken slowly because *the little one's* strength and energy is at a weak physical point, due to so many obligations that must be served to give others the strength to more fully understand that there is a Future Divine Plan for the Soul of every human being. Sometimes We Here Where I am, would find it necessary to speak more quickly, but The Father reminds Us that though she hears exactly what We speak, the strength to speak the Words so They can be written, takes an energy beyond what is understood to be.**

**I will close These Words at this time, but I remind you, those who read Them and those who hear about Them, that in human life so many physical and mental Gifts were given with Divine Love, so logic is evident to see and to understand that the next step for human life is to return to The Father, and be called 'a Saint' by Him."**

**JANUARY 20, 2004 AT 1:45 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**We All smile when We hear someone teach others, instruct others on the importance of prayer. So little is understood regarding this personal communication with The Divine.**

**In the early times, when lives were not used to hearing all about prayers, many used to question whether communication could be, how it could be, to allow The Father of all of human life to know that they existed, and they wanted to know more about Him. To some, it was much easier to understand The Heavenly Mother, because She was pictured with a Mother’s Love, Concern.**

**Today I know I speak differently, but This Gift in which those present and many others are important portions of, and feel the Beauty in What is delivered verbally, spiritually, all the way to the written Word.**

**Human beings have the privilege to communicate with The Divine,**

**sometimes through a prayer, sometimes through a thought, and sometimes just looking at a statue, or listening to someone talk.**

**The realization of the Truth that there is a Creator of All Things, there is a Holy Mother Who gave birth to The Son of The Creator a long time ago, and also The One called 'Saint Joseph', Who was an Important Part of This Group — those who live at this time are privileged far beyond what they understand it to be, because there is more in-depth logic being spoken, more interest in What The Divine Consists of, and definitely more love, knowing that in the human life, there is that privilege to follow in the footsteps of The Holy Family.**

**Through time, important information was released slowly so it would not disturb or destroy the soundness of Facts, of Truth, but give it strength and more purpose to life, and the Beauty that human life was designed and created by The Ultimate Source of Divine Power.**

**I could speak hours on this subject, because Truth is unlimited in what It can instruct, teach, and**

**allow others to see what a Valuable Gift human life is, plus the Fact that human life has a Goal for a Portion of it, called 'the Soul'.**

**As I close These Words at this time, I want you who take the Words and you who read the Words, to fully understand what a Magnificent, Wonderful Gift God gave to a human way of living; plus, giving it a Goal that nothing else created is gifted with, and that is for the Soul to one day represent the one in whom It was placed, because the Soul is that Living Part of human life that will understand all things in the Heavens when It is placed There with All Others, and of course, with The Divine."**

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. It is with sadness the Words I am about to speak.**

**There is so little understanding regarding the Importance of human life and the Reason for which I created it. So much is taken for granted, using only a human perception of the reasonabilities of My Existence, and I Being The Creator of All there is.**

**Sound Faith in there being a Divine Entity is not as prevalent as it appears to be. So many human beings ignore the History behind All that has been created, All Who created it, and the Goal for the human way of life that awaits the Souls that are a Portion of Me.**

**Humanism is, in many ways, diabolical in understanding the Basic Truths of the Creation of All Things.**

**I could speak volumes at this time on many facets of living matter and things, plus My Creation of human lives, thus giving to human lives a**

**Touch, a Portion unseen, but with the Power of instilling in human life many facets of being able to do things that nothing else created is capable of.**

**I speak through *one small voice* at this time. I do not use loudspeakers for millions to hear My Words, but What I request to be put into script, I use for the mentalities of human beings to more fully, more indepthly understand. If I just spoke in conversation, It would not remain to be read. That is why I have now given to the world the request for My Words to be put into print, because of the importance of Them and reasonabilities of Them to help millions of all backgrounds, all ages of life, to more fully understand, more indepthly perceive what a great Gift human life is, and that it has a Goal that nothing else created is the recipient of.**

**I close These Words at this time, for I could speak hours and hours and hours, instructing thousands of men, women and children on the importance of every moment of every day of their life.**

**As I created human life, I did it out of My Desire to give a Place, a**

**Goal for the Soul that I placed within each human being, because in Who I Am, What I Am, it was done to give, to share My Love that nothing else can be compared to.**

**As I leave, I bless those who believe These Words, and I use the following Words in the Blessing:**

*In My Name as The Creator, The Father, The Giver of Hope, of Life; then I say, 'I touch My Heart in respect for that Other Portion of What I Am, My Deep Love for womanhood, that in many ways is not seen in the same perception, conception of man'; and then, as I cross the shoulders from the left to the right, I call on The Spirit of My Way of Life, to be in each creation of human life.*

**I could speak hours on end, but I have opened hopefully, the mentalities with These Words I have just spoken, to better understand, to more fully become aware, that every human being created is My Gift to human life, and Part of My Divine Plan."**

JANUARY 21, 2004 AT 12:55 P.M.

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine. The Father’s Permission has been granted for Many of Us Here to speak Words understandable, so those who read Them can understand to the fullest degree, What The Father Wills Us to speak openly.**

**It is easy for human beings of different talents, different stages in life, to read volumes of books that interest them. Not all the script in the books is of the best manner of meaning, but nonetheless, at this moment thousands of people throughout the world are reading in books, foul language, thinking it is acceptable because someone wrote it, and it describes situations, conditions, personal habits, and many other things that morally are pleasing only to the enemy of The Creator of All Things.**

**These Words to some may be difficult to handle, because their first thought is: ‘That’s life, and it is only facts of life that are being spoken about.’ Of course, individuals**

oftentimes ignore what is pure, whether it be in words, in actions, in sensitivities of the flesh and/or in their manner of living, calling all these things 'natural', 'acceptable'; some even use the word 'prudent'.

Today you live in a world wherein much confusion is accepted, immorality, indiscretions and impurity of all nature, design and purpose; but, it is important for the Words I have spoken thus far to be looked upon as a Warning, as an Enlightenment to the Facts that the Soul is evident every moment of every day a human being lives, and impurities of the mind, the body, affect the Soul in more ways than an individual can perceive it to be.

So much emphasis is put on what the human mind can do, can be a part of, can practice, and has the right to participate in because of being an individual, giving evidence of knowing things, learning about things, and participating in what exists in many forms, many degrees and many ways, according to the human mentalities, or human advantages.

**I know What I have just spoken to many who will read It, is logical, natural, but I have come today to hopefully awaken those who accept everything that is not advisable for the good of their Soul, and look at what they think, practice, say, do, as being of great importance, because the Soul is the recipient of all an individual is, accepts, whether it is right or wrong.**

**The Soul, do not forget, is the victim. The Soul was not put into human life for no reason. The Soul is the Communicator between The Creator and the one in whom It was placed at the moment of conception. It is the Protector in many ways, but It is also 'the victim' in many ways.**

**I could speak hours on this subject, but I already know that everyone who reads These Words will have their own opinion on what it means to them, and how it affects their life as an individual. Is it just their mentality that will make what is occurring important, or will it be what The Father Wills them to practice? It is a daily question.**

**It is important for every human being to judge how they think, how**

**they act, and always remember to never justify what would be against the Soul that each human being is the protector of, the custodian of, and connected to The Creator through, from the moment of conception.”**

JANUARY 22, 2004 AT 8:45 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. I smile regarding what I am about to say. As I speak through this *little one*, she returns words to Me. The conversation she knows is for the benefit of millions of human beings. Her time is My Time, even though she shares it with others. The whole world has been Blessed through This Gift of My Divine Love.**

**I remind human life of the Birth that occurred a long time ago. It was a Son that is still called ‘The Son of God’. That is Fact, Truth and Reasonable. So much emphasis through this Birth, allowed and is allowing, also encouraging millions of human life to more fully understand that I did not just create mankind and ignore a Purpose for it; a reasonability that would aid human beings to not just learn, but realize how close I am to them.**

**The value of human life is priceless. The Gift of the Goal for human life, inconceivable to the**

**human mind in what It fully consists of.**

**I will close My Words, but I will speak more on this later.”**

**JANUARY 22, 2004 AT 12:21 P.M.**

## **SEVERAL SAINTS**

**“There are Several of Us present, because This Gift of The Father’s Love is of a Magnitude not understandable to human ways. So Many of Us are constantly present, due to the fact that We must, We are willing, and We are happy when The Father says, ‘I Will You to speak, to aid in the need for the Souls of millions of human beings.’**

**Many men, women and children have no concept of the Enormity of Divine Love that they walk in every day, every moment of their lives. There are always Saints present, and of course, The Father, The Heavenly Mother are also present.**

**This may be difficult for some to believe, to even comprehend such a closeness to The Divine, but do not forget, in your creation into human life, you were instilled with a Gift, a Guardian. It is called ‘a Guardian Angel’ in the terminology you know it to be.**

**Without This, you would be like all other things created, and you**

would not have the understanding or the ability of knowledge, to see things in a degree greater than anything else, because the human mind was and is a Gift of Divine Love, giving to the human mind knowledge to understand, even when it is not formally educated in great places, for many, many hours, many days, many years.

This Gift that speaks to you, to put into print What is Willed for yourselves and many who will read the Words in different places throughout the world, the Words that you put in print, not just urging people to understand, but giving them the Documentary Facts, Truths, to help them more deeply understand that no human being is alone in the world.

The Goal for human life, for the Soul of human life, is to become 'a Saint'. Not All Saints become known, due to the ones who are involved in understanding when a Soul is pronounced 'a Saint', and given the admission to what the Soul is capable of doing.

The world has been Blessed abundantly through This Miracle that bears the Name of The Beloved Saint

**Joseph Who was The Foster Father in real life of The Son of God, as He walked in the human way. He was chosen by The Divine to walk a path that would be seen as a natural human figure, and would be able to be understood as having experienced human life in a natural form and way.**

**Many times men forget that they have This Saint to look to, look at, and see that within The Father's allowing all He did through This One Human Life, giving It the privilege to be The Spouse of Our Heavenly Mother, and being The Father of The Son of The Creator, bear in mind, you have much to think about, much to remember, much to accept, and also much to follow.**

**I will close My Words now, because for some What I have spoken, It will be much for them to learn in a personal form, way, manner, degree, but as I close, I bless you with Divine Love from The Whole Holy Trinity."**

JANUARY 23, 2004 AT 12:41 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though it is difficult for thousands of men, women and children to perceive at this time, to be able to believe at this time, that I would give to all of mankind Words, for them to more fully understand the Importance of human life to man.**

**In the design of what would be most comfortable for such a manner of living, I thought of many ways, because each child born would be the custodian of perhaps another way to bring others into the world, another time. The creation of human life is a Gift of Divine Love, above and beyond what the human mentality fully perceives it to be.**

**Children should know that their being born a human being, that they were born with the abilities to do many things throughout their way of life that would give them happiness, joy, and a Goal to reach, would strengthen their morality, their mentality, their understanding, and the Importance**

**of being a Living Gift of Divine Love, according to The Father's Will and Way, Purpose and Goal, because within each human life there is a Portion of The Creator, called 'a Soul'.**

**The Soul is the Living Part, never seen, never heard, but obviously present in the logic and knowledge that human beings are born with, the innate encouragement of love over hate, truth over untruth.**

**I would like now to speak on communication, verbally, mentally, that I have with all creations of human life, even when the one born is deficient in some manner of hearing, or speaking, or seeing.**

**Human life has a Greater Purpose than it is recognized to have, because human life, as a Gift of My Divine Love, should always remember this: that as I am within them, in the Form of a Portion of Who I Am, What I Am, called 'the Soul', this proves to human life they are not like all other things created that are of a different background, nature, and reasonability.**

**I know I speak differently today, but it is to hopefully draw**

more understanding regarding that as each day one lives the human way, it is a closer time to returning to Me in a Manner, Degree and Way that is far beyond what the human mind can perceive It to be.

**T**he Soul, as It lives in the human form of an individual, is in constant communication with Me, and the Soul is the recipient of all the mind and the body, and all that a human being is capable of doing, registers in the Soul.

**T**hat is why I directed The Commandments to be put into script, so that certain Rules would be advisable, necessary, not allowing the enemy to act, and to cause unhappiness to That Portion that is a Portion of Me, of Who I Am, What I Am, for All Eternity.

**I** have spoken differently at this time and many other times, because the Gift of human life is endless, boundless, in so many ways, situations, and degrees of understanding.

**A**s I close My Words, I want you to remember: Though My Words cease as They are spoken in an open manner for Them to be put into script, you are

**never without Me within you, always urging you on to become ‘a Saint’.”**

JANUARY 24, 2004 AT 11:14 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**You live in a time wherein so much physical progress has been allowed to be practiced by many individuals of all ages of human life, but I add to this, along with this progress, I have given to the world of human life more understanding in a written form so it can be remembered: in the Creation of human life, I Blessed it with many Gifts, many abilities, and a Goal to reach.**

**The Gift, of course, is not understood by all human beings, because of their indifference to the importance of purity of the mind for the benefit of the Soul they are gifted with at the moment of their conception. In doing this, I place a Portion of Myself, thus helping to give to human life respect for human life, and understanding that the Soul is the recipient of all an individual thinks, speaks, or uses in the human way of life.**

**In My Creation of human life, I instilled the Soul, thus giving to human**

life a Goal, through That Portion of What I Am, Who I Am, because I want that Soul returned to Me, bearing the name of whom It was placed in the human way.

It is sad for Me to say My next Words, but millions of men, women and children created with a Portion of Me within them, try to not rationalize the Importance of this Gift, because they want the freedom they feel that human life offers, thus ignoring purity in how they live.

Sins abound throughout the world. They are not just weaknesses of the flesh, but are permitted by the mental attitude. The mentality has a strong reaction, not always moral, not always pleasing to Me.

Many who will read These Words will say, 'I cannot imagine things to be this way.' Their response is based on the lack of understanding that I have a Portion within them that nothing else created is gifted with. I kept the 'word' in small letters so it could be remembered easily. It is called 'the Soul'.

As I close My Time today at this hour, *the little one* through whom

**I speak is constantly aware of My Presence, and My Will to repeat What I Will others to know, because My Words are to give understanding, strength, hope, thus encouraging all the actions in human life to be used, remembering that they have the Gift within them, a Portion of Me, that will give them strength beyond what they understand strength to be.**

**As I close My Words at this time, I want All I have delivered, for a long time, to be passed throughout the world, irregardless of what language other places speak.”**

JANUARY 26, 2004 AT 11:53 A.M.

**OUR HEAVENLY FATHER  
PLUS ONE SAINT**

**“I am your Heavenly Father.**

**Each time *the little one* I chose for such a Major Task is aware of My Physical Presence to her, she asks Me, ‘Are You going to speak?’**

**All of The Saints are happy with This Gift of The Father’s Love, because through It, there are so many men, women, and even children becoming more aware of the Purpose of their having a Soul, but most of all, that they have the privilege, the honor, to speak directly to The Creator, whether it be personal or in a manner of prayer.**

**There are thousands of all ages that need this understanding brought to their attention, because most who pray feel that there is a distance between themselves and to Whom they are praying. All of Heaven is more aware of every human being, also all ages of human life that have the understanding to be able to speak to The Divine.**

**O**f late, there is so little effort on most men, women and children throughout the world, not ignoring prayer, but using it in a lesser manner because of so much that they are involved in physically, verbally and mentally.

**N**eedless to say, hours could be spoken on this subject, speaking regarding every degree that it is used in all ages and mentalities that are aware of the privilege of prayer.

**I** speak differently, I know, but with so much I would like to discuss at this time, speaking more indepthly on so many subjects that all human life has the privilege to speak with, and to use as a strength to their daily manner of life, it would take a multiple degree of hours to speak for all denominations of mentalities, backgrounds, and abilities regarding Spiritual Closeness to The Divine.

**I** will close at this time, because there is so much that I, and Many Others Here with Me, want those who are yet in the living state to more indepthly understand: that they are never alone, no matter where they

**are, who they are with, or what they are doing physically.**

**As I close My time here now, I have asked The Father if I could speak again on this subject. He says: ‘Yes, My Saint, any time. Just call Me and We will set the time most feasible for all concerned.’”**

JANUARY 26, 2004 AT 12:45 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father. You must understand the importance of your communication through prayer, with Me and All The Saints Here in the Heavens.**

**Prayer has an importance in it, with it, for it, because in prayer, it is what I have requested human life to use; this way, being assured that what an individual wanted to speak about, be heard by Me. It would have a definite series of words that ordinary conversation would not consist of.**

**As I speak at this time, I would like to emphasize that as you live in the human way, is it not so, that you want respect from others, and you want your communication to have some value to it, and of course, dignity in it? In the communication of prayer, it too has its definite goal, reasoning and perception in how it is spoken, notifying the One to Whom an individual is praying, that the communication is meant to be based on what is Spiritual between Them. Even when you speak to a very,**

very young Saint, it is important that dignity, respect, honor be expressed.

**At this time that I speak These Words, I speak Them with a Deep Hope that prayer will be more understood than the average person practices it.**

**When a prayer is spoken, it should be said with dignity, not rattled off as if the One to Whom is being prayed to, something requested of, is just ordinary, because Sainthood is not ordinary. It is a Gift of Divine Love that blesses the Soul of the One Who is called 'a Saint' with many Gifts that are not seen, are not spoken about, not elaborated upon, in the degree human conversation has the habit to do.**

**So Many Saints Here in the Heavens want those who are yet upon the earth in the living state, human state, to be aware of what a Precious Gift human life is, and that the Goal that awaits the Soul of every human being is Far Greater than the human mentality can perceive It to be.**

**I oftentimes hear someone say, 'I believe in God.' Yes, they do, but they oftentimes resist what the communication should be, not just a fleeting moment of 'Hello,' 'Good-bye,'**

or 'I love You,' because through the Soul that every human being is the custodian of, I am present, and the Soul, in listening to what is spoken, knows that I am present, and that I will, in My Way, bless the individual speaking to the degree the individual deserves, due to the amount of purpose, dignity, respect, and understanding.

Let us go back now in time, to when a Man walked the earth and He was called 'The Son of God'. How many individuals at that time were moral in their concept, were respectful in how they treated Him? Needless to say, that was a time of great sadness, but it was the foundation for what so many at this time in which you live, follow in a different manner, way; that is, by disrespect, or innately ignoring the Importance of The Divine.

I could speak hours and hours. What I have just spoken is open to be read, but also to be recognized for the importance of It having to be put into script, at a time when there is so much sinfulness acceptable, and misinterpretations of the Importance of human life; plus, so many individuals catering more to the enemy, practicing

**immoralities, unkindnesses, and despicable actions so unnecessary.**

**As I close These Words, for those who read Them, I sincerely hope that it will be an awakening Fact to some who think what they call ‘spirituality’ in everything they say and do, but do not practice it physically or mentally, emotionally or lovingly.**

**Remember, in your human way of life, you depend upon hope for many things, but hope has to be backed many times by strategic planning, and more understanding of what one is hoping for.**

**As I close My Words at this time, I want you to remember What I have spoken, but I also say, ‘I bless you with My Divine Love, because you bear a Portion of Me, that hopefully will be returned to Me one day, ready to be called “a Saint”.’”**
