PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is not logical for human beings of all ages to not fully understand that the Creation of human life could only have been in Divine Plan, because before the first ones were created, there were none.

This logic alone should instill in those who are now living, the importance of bearing a child, and knowing that the child is given a Soul, a Portion of Who I Am, at the moment of conception.

So many Blessings are ignored by those who desire to think in a manner, way, more understandable to how they live, how they speak, what they say, but also, how they pray.

I will not speak long at this time, but I will speak later on the importance of understanding that human beings are created by The Divine.”

APRIL 29, 2004 AT 12:57 P.M.

“I was a member of the Priesthood a long time ago. I am not releasing My Name at this time, but I was well-known. My time with you on this day is of great importance to the Souls of those who will read These Words and those who have learned to pray.

Needless to say, throughout the world thousands and thousands of people of all ages, feel they are saying prayers when the only time they talk to The Creator is on particular issues, some very trite, some totally unbelievable. They do not understand that it is important to speak more than they do. Even to just say a prayer gives hope to their Soul and love shines through.

A prayer is very important, but it is oftentimes not seen for the importance it is to the One Whom it is addressed to hear it, and then, of course, what it requests of Them, personal or impersonal sharing, or giving hope or despair on many

subjects that are the only topics that cause some people to say a prayer.

The Father is ever present every day and night. I suggest that speaking as a child, as a human being, would give Him some delight.

Remember What I have spoken. It is important. You may not know it to be that way because you are used to praying in a special way, but your personal communication will bring you closer to understanding your relationship with The Divine.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father, in His Love for human life, is The One Who created the Gift of human life, allowing the Souls of many, many human beings to return to Him and be called ‘Saints’. This subject has always been of interest, concern, but rarely is it fully understood, even though thousands, or even millions of human beings call upon The Saints to aid them, to assist them, to comfort them.

In This Precious Gift that The Beloved Saints are so much a Part of, it is important that This be spread, because there are millions of men, women and children who need more strength in understanding that the Gift of human life is a Gift with a Purpose, a Goal, and most times only through understanding more about The Creator of All Things, and that human life has the privilege to return That Portion of them to a Place not seen, but known.

As I close These Words, I close Them with much Love for human life, because at one time I was part of it, and know what it means to think, to speak, to understand, to cooperate, and to share in Divine Plan.”

MAY 4, 2004 AT 1:02 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

All of the Heavens listen constantly to how people think, speak, and desire to have Blessings that they feel will give them an importance, or more information on The Heavenly Beings.

Today, Many of Us are present because it is important that This Gift of Divine Love be spread for all ages of human life to feel the importance of What is being delivered for That Portion of human life, the Soul.

When a human being is created, born, and is open to the world to grow in, very little is thought about on the importance of their daily way of life, what they think, or what they say, or what they participate in, in a daily way. All ages of human life are important in a particular way.

Today as I speak, it is to give you strength, those who take the Words and those who will read the Words, to always remember: To be created in

the human way of life is a privilege beyond what it is seen to be, because it has a Goal, very seldom talked about, but nonetheless, this Goal begins at the moment of birth, or I should say, at the moment of conception.

In This Gift that was designed to give so much more strength, understanding and hope through so Many of Us Saints speaking, and the Words allowed to be put into script so that there would be a stability to learning more about the privilege of human life. Granted, there are those who live a way and ignore the Goal. There are those who, in many ways, cannot understand why there are different ages that people die in, if everyone is created equal.

So much is to be understood, that prayer oftentimes helps an individual to have more hope, more strength, and more ability to look at the daily way of life as a privilege for the Goal, thus allowing the mentality to give hope on so many things that an individual is exposed to, such as responsibilities, and association with other individuals, human in spirit, appearance, and goals.

I know I speak differently today, but it is to encourage those who read the Words, that in the design of human life, The Father instilled Hope and reasonable Gifts that give to an individual the strength to be able to conquer immoral weaknesses and stand in strength through the hope that they will please their Soul, and their Soul will be returned to from Where It came at another time, all alone.”

MAY 5, 2004 AT 12:27 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There is no time that One of Us, or More of Us, is not present to help you or to hear you.

The time in which you live is saturated with what is called ‘modernism’; thus, in many ways distracting individuals of all ages from the importance of a routine in requesting The Father’s Blessing, plus remembering All The Saints Here in the Heavens Who await your call because They desire to assist you in a degree capable to Them, to aid you in remembering that you are never alone.

For some, this is difficult to believe, to accept, to understand, or to capture the beauty of such a close relationship with Those Who have gone before; first, living a life normal in every aspect of it, but then, the time comes and the human way of living closes, and the Souls of the human beings go on.

Today this may sound difficult for some to believe, but the logic in it is to give you strength, purpose, and an indelible understanding that you are never alone, because you have a Portion of The Creator within you, called 'the Soul'.

As I close this time with you, I beseech you to never omit prayer, a short prayer or a long prayer, but a prayer of any degree keeps you on track, and The Saints are always prepared to aid you because, do not forget, They too walked the human way with all the human distractions, and all the human interpretations of what was correct.

Several are standing Here with Me Where I am, always wanting those who read the Words to remember Them."

MAY 6, 2004 AT 12:53 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is important, All that has thus far been delivered through This Gift of The Father’s Love for human life, because it is important that every human being base their way of life, in a daily way, on The Commandments that they know to be given to the world by The Heavenly King.

So many times when Something is spoken and It is of great importance to the Souls of not just those present, but those with whom those present will associate, because in so many ways it is common for people of all ages to imitate what they see, or how they feel what someone else has will give them the strength they need, the understanding they need, or the knowledge that will give them more of a foundation to understand that human life was Divinely Planned, not planned through the human mentality, which so many individuals base human life on.

The world has been Blessed abundantly many times. Each era of time is given another Important Fact to stabilize human emotions, or human understanding regarding the Goal for which human life was created. Without a Goal, there would be an emptiness, and of course, very much lack of self-control, because a Goal gives all ages of human life a substantial understanding of the basics in which they are capable of using; the basics thus meaning their mental acceptance, or their physical need, and many more other things that human life is associated with.

I know I speak differently, but these points that I bring out at this time are to encourage more thinking regarding decisions to be made, associations with others, to be for the good of the mentality, and of course, the Soul, but also for the good of the youngsters that look on and immediately imitate. This is seldom even thought about when people gather and speak and act, either emotionally or physically, in front of those who are watching the older ones in how they act and how they associate with others present.

Every human being has the opportunity to choose dignity over a lack of dignity, truth over untruth, but also to fully understand that in the association with others that walk the human way, everything they say is heard, and it should be concerned if the words were pure, yet logical and decent.

I know I am speaking differently, but it is important sometimes to think about things such as I have just said, because the memory of every human being is a Gift of Divine Love, and the memory so often can be the greatest key to protection of others, whether it be physical, mental or moral, but also, if spirituality is obviously the subject matter.

I will close My Words. I could speak endlessly on this one factor of human life that is often cast aside because of the humanism that is accepted in any form it is expressed openly, or even in a manner of just how one acts.”

MAY 7, 2004 AT 1:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have come on this day with Deep Love for all those who serve through the human way, All I Will others to know and to be able to practice for the good of their Soul.

All who work for Me in a humble way innately know that I, your Heavenly Father, Willed it to be this way, and you and your love for Me, followed it day by day.

There are so many things I could speak openly that would appease most human beings, but it is important on this day to remember What you were created for: a Goal Supreme in Power, and a Goal designed by Me. So as I close These Words, I bless you with a Love Greater than you know love to be, but do not forget, within you, you carry a Portion of What I Willed to share with you, so you would have the strength and the will to follow My Love for you.”

MAY 10, 2004 AT 12:50 P.M.

SEVERAL SAINTS

“There are Several of Us present, because it is important that all of human life be involved to aid others when they are in need, or need encouragement or help.

Today, as Many of Us hear you speak, your concern for the human part of life is very important, because the human life is a gifted life, and was created for a Goal, a Goal to return to The Creator, That Portion of it that no one sees, but without understanding, they know there is Something more to themselves than what they are aware of through how they look, how they act, and many other factors of human life. Even small children innately know that to be a human being has a Purpose and a Goal.

As I speak today, I speak with a Love for human life, because it is that Gift of Divine Love that bears a Soul. The Soul is never seen, but It is felt from the moment of conception until It is taken from the body at another time and returned to from Where It came,

bearing what It endured through a human being at one time.

I speak differently than you are used to hearing, but your conscious effort to support, to show concern, and desire to aid another human being, is of great interest to Many of Us Here in the Heavens, because a relationship in the human life also includes the morals, the intentions, the duties, and the conditions that a human life copes with during the time it is born, until the time the Soul is taken from it and returned to from Where It came.

My Words are different I know, but as Many of Us are present, We smile when These Words pour forth because, never forget, All The Saints Here in the Heavens walked the human role, but even The One Who was The Son of The Creator walked the same path, giving Strength to those who would come at a later time.”

MAY 12, 2004 AT 1:40 P.M.

SEVERAL SAINTS

“Today, as We All speak through *one small voice*, Each of Us says to The Father, ‘It is a privilege, Holy One, that We are allowed to participate in giving Important Statements to aid those who hear Them, because of the importance of how they walk to serve The Divine.’

Today, as I speak These Words, there are thousands and thousands and thousands of men, women and children throughout the world, who base their lives strictly on what they practice in their occupation in their daily way of life, and in their understanding of what is important for them to do regarding the progress they desire, progress that is physical monetarily, and in communication with others.

Each human life bears a Portion of The Creator. It is called ‘the Soul’. The Soul is the recipient of all things an individual thinks, practices or is responsible for and/or to.

The world has been Blessed abundantly by allowing so much to

be put into script, enlightening the knowledge and the will of human beings to more fully understand that to be created in the human way was a Gift of Divine Plan. Though many do not see It in this Gift that is Greater than anything else a human being can receive, but nonetheless, to be created a human being is a Gift beyond what the human mind can visualize, and that is, to one day return a Portion of the human body to be Blessed by The Divine. That Portion, of course, is 'the Soul' that is implanted at the moment of conception.

So few men, women and children can understand how Blessed they are to be created as man, due to the fact that so little is spoken about regarding the Purpose and the Divine Love in which The Creator of All Things gave to human life Something nothing else has. It is called 'the Soul'. This Portion of human life creates more strength in the will of the human being than it can be seen, recognized, understood, because It is beyond all comparisons that a human mind is capable of.

As These Words are closed at this time, I must add this: It would be a beautiful world for all to live in if all

human beings could understand, that as they were created in the human way and instilled with a Portion of The Creator of All Things, logically it says to them, ‘There is a Goal Greater to become Part of, another day.’”

MAY 13, 2004 AT 12:44 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

You live in a time wherein there is a great deal of progress, and supposedly, a great deal of understanding regarding the progress.

I speak on this subject because it is important as you live in the human way, you acquaint yourself and your mentality to all different versions of things, situations, conditions, innately understanding that at this time in which you live, all those who surround you and that you depend upon, oftentimes appear to have progressed in how they think, how they feel, how they act. In some ways, you live in a time wherein progress has developed a great communication of sensitivity to what progress consists of.

My next Words are important Words: Every mentality, even though they commit to certain factors of life, situations, conditions, each individual does not, is not, or cannot have expertise on what they are willing to be part of. Even understanding of

the importance of Spiritual needs, conditions, proposals, obligations, is and are oftentimes understood, but not in a manner or way that clearly instills in the individuals a logical understanding of the value of this Gift of Divine Life and Love.

I speak differently today, but where there are so many, and when there are such a great dimension of subject matter, conditions, and I add hope to this, many individuals who feel that they are expertise, or experts on the subjects, rarely are capable of mentally absorbing the full degree that the subject consists of.

You live in a time wherein progress is sometimes overrated, because of the in-depth hope you have, to have all things that appear to be excellent in what they can produce, encourage, or help physically, mentally, morally.

I speak with much Love today for all those created in the human way, because this creation is Special. It is never alone, though it appears as being alone, for a Portion of What I have instilled into it at the moment of conception, is What gives strength and

a foundation for knowledge and help in many issues; unseen, but I promise you, It is present.

I have never spoken to you like this before, but as I do, I want you to know, I have given to the world a Gift of My Divine Love for the Souls, but also for the physical of human lives. So as I close My Words today, I bless you, those who take the Words, those who will read the Words, and those who need help, will pray.

Remember, all people of all ages do not believe in many things, but they take many things for granted to suit their mentality or their way.

As I close These Words, I know that some who will read Them will not believe that I Personally spoke the Words.

I give you a Blessing with My Divine Love, and I want you to remember you were created for a Goal Higher than the one you live now.”

MAY 14, 2004 AT 12:35 P.M.

**SAINT ATHANASIUS
SAINT JOHN VIANNEY
SAINT PETER**

**There are Three of Them Here:
Saint Athanasius, Saint John Vianney,
Saint Peter.**

**“As it has been spoken of late,
many times emphatically, and many
times in a very quiet manner, ‘You
live in a time worse than Sodom and
Gomorrah.’**

**To compare these days with
Sodom and Gomorrah would not
fulfill the full meaning of why so
much is being openly dictated at this
time, so that All that is Willed for
human beings of all ages to more fully
understand, comprehend, and value,
because at different times in the
History of human life, some were ugly
as far as moral values were concerned,
but you live now in a time that has
been spoken about as being worse
than Sodom and Gomorrah. The only
reason this terminology used Sodom
and Gomorrah, was because most
individuals have heard about Sodom**

and Gomorrah, but it is not the only comparison that these times could compare to.

There are Several of Us present, due to the fact that a Message such as this is weighs heavy on *the little one's* mind and ability to cope with how We speak, addressing so many subjects that are inconceivable for the mentalities of many human beings.

Today, throughout the world, immorality is prevalent. Those who read These Words might say: 'Why today? Were there not other times that human beings responded and acted the same way?' The answer is, 'Yes, but there was a quiet time, a more conservative time in between, even though there was much immoral acceptance, confusion, and diabolical intervention.'

When We spoke at another time through This Gift of Divine Love, it was said, 'You live in a time worse than Sodom and Gomorrah.' All present at that time were not familiar personally with Sodom and Gomorrah, but they knew of the History that was put into print regarding the vile, contemptuous, and impure actions that Sodom and

Gomorrah eventually revealed to a greater degree outside of where it was performed.

Today, all human lives have the chance to correct what is so immoral, so degrading, so diabolical. No one should refuse to take part in this, because it is not just vile to the individual, but to many innocent victims who do not understand the wrong, because they trust those who are practicing the vile approach, the impure acts, making it appear as though it is timely, natural, conceivable, and definitely acceptable, because of the progress that human life has risen to.

All of Us that are speaking at this time will close for now, but All that has thus far been spoken must be seen for the reality, the impurity and the indignities that are so offensive to the Souls: the Souls, either of the ones practicing it, or those who are learning from it, or those who are present during such degradation to the mentality or physical role.

As These Words are closed at this time, All of Us Here in the Heavens beseech those who put Them into print for others to read, will be sure that

What has been spoken by Us cannot be set aside because of what others might retaliate about or with.

As These Words are closed, I must, and All of Us must say: ‘*God bless you.*’ He will, you know, when you stand for purity of Souls.”

MAY 17, 2004 AT 11:58 A.M.

THE SACRED HEART OF JESUS

“The Name I am going to announce is a Name I treasure when It is spoken. That Name is ‘The Sacred Heart of Jesus’. So many times when It is thought about, or relates something to It, whether it be prayer or a request for help, It is special, because It announces that the individual using It, giving to Whom It is connected, a verification of What The Son of God, Jesus, uses to give aid; thus, meaning that when the words are spoken, such as ‘*Sacred Heart of Jesus, help me to know, help me to be correct, and help me for what is good,*’ it automatically communicates in a personal, loving communication that is very easily heard and responded to.

I come on this day to announce this, hopefully to give many the sense of a close relationship between their personal possession, the Soul, the heart, thus requesting a communication that will render a return that is obvious, regarding that The Sacred Heart of Jesus is close to the heart of the human lives that bear

That Portion of them that is of Great Importance to life.

My Words are different today, but I must add: There are so many close Associations that human life has to The Divine. This, of course, is strengthening to the mentality, to the physical, and to the hope that is requested to be accomplished through the close Association an individual uses, and shows not just belief, but a personal connection to The Divine.

Granted, all prayers are heard, but sometimes when a prayer is spoken in a loving, direct way, the Saint Who receives the prayer obviously enjoys the communication in such a personal way.

As I close These Words at this time, I have something very important to say: This Gift that has been given for such a long time, is a Gift to strengthen what a close Association human life has to The Divine.”

MAY 18, 2004 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one's body is being prepared for a deeper Power to be able to handle, due to the fact that there is so much to be accomplished through All that has thus far been delivered, put into script; also, all she is being prepared to accept verbally, mentally, physically.

So much could be spoken about, but It could not be understood by those who would read the Words or see Them put into script.

It is important that All that has thus far been delivered not be hidden in any degree, because thousands and thousands, millions and millions of individuals must one day be able to read and to more fully understand that being created in the form of man, the human way, has much responsibility, due to the fact that there is a Soul in all living the human manner, way, and the Soul is a Gift based on the fact that It causes human beings to be

created for a Purpose, a Goal Greater than anything else.

As I close These Words, I close Them wanting all who read Them, and who will tell others about Them, that human life is gifted by Me, with a Portion they cannot see, they cannot feel, they cannot hear, but It has a Strength that is always present, available to be used by the individual's understanding of right over wrong, good over evil, love over hate, strength over weakness, in every facet of It.

I hold her deeply, because when I speak, I draw so much strength from her, causing her physical many times to be weak.”

MAY 18, 2004 AT 1:19 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The responsibilities you have accepted are of great importance, because each responsibility has a goal. In living the human life according to The Father’s Will, so many times an individual is generous, kind, due to the fact that their Soul is the recipient of how The Father Wills the Soul to be, due to the fact that the one in whom the Soul is, shares kindness, humility, and sincere love for The Holy Trinity.

As I speak today, it is to encourage those who take the Words and who will read the Words, to be assured that love for The Holy Trinity is always rewarded in a degree, a manner, and a way not always seen at this time, but it will show at another time when the human life no longer exists in how it was created to be.

So much is not instructed in the proper order, way, degree, manner, because so many times an individual, in describing how they feel, express

more of a personal view, and oftentimes ignore the subject matter.

Prayer is an important part of human life. It was designed to give strength, direction, hope, and instill an understanding that without The Father's Love, human life would have nothing to look forward to.

I could speak a hundred hours on this subject, and a hundred more, and a hundred more. It could be endless regarding the importance of a single individual's connection with The Creator's Love, because in allowing one such as you to be created, His Purpose was to one day have you return to Him, be in His Presence, and have a Title, 'Saint'.

As I close These Words at this time, I beseech you to remember: Human life, unto itself, is a Gift of Divine Love, not human love, and the Gift of human life has a Purpose, a Goal, because within it, it has a Portion of The Creator that nothing else created is the custodian of. That is 'the Soul'.

As I close These Words, I know that as you remember Them at different times, and you say a prayer

reminding The Father that you want Him to know that one day when your Soul is in His Control, It is a Gift of Divine Love that nothing else could have replaced It with.

You are Blessed for taking These Words. Always remember, words are important, because words are the connecting link that you have been gifted with, for not just human reasons, but for your ability and way to pray to The One Who created you another day.”

MAY 19, 2004 AT 8:40 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The world has been Blessed abundantly through This Gift in which, through which so much Divine Love speaks openly on important issues, conditions and sound advice for the Souls of human life.

Even though a human being cannot see the Soul, the evidence of Its Presence is obvious, and innately It is known by even those who say, or even think It cannot be, because they cannot see It with their eyes.

This Gift of Divine Love that has enlightened the mentalities of so many men, women and children, encouraging their understanding that they are the recipients of, responsible for, and are guaranteed that human life was created by Divine Love for a Greater Reason than the human mentality wants sometimes to believe.

Though the Soul cannot be seen, no human being, man, woman or child, does not have an innate sensitivity

to the Presence; granted, not always understanding It, but humanly sensing Its Presence. This is important, because without the sense of right over wrong, good over evil, there would be no sense of justice innate in human beings.

I could speak endlessly on this subject, but What I have thus far given at this time and also previous times, when I have spoken through *one small voice*, for My Words to be put into script for all of human life to know, My Presence can only be inevitable to their mental understanding. My Words are clearly delivered to aid, to ensure, and to allow My Divine Love, My Divine Presence to cause an awareness of the Importance for which human life was created, and that was to return to Me.

I could speak endlessly on this subject, but I know that some who read Them could not handle All I could say.”

SAINT ATHANASIUS

“I am Saint Athanasius. I have chosen to speak at this time, because of there being so much heretical practice throughout the world, based on different subjects, of course, but mainly one’s attitude, consideration, understanding, and belief in The Divine. This, of course, is in a condition, a way, a manner that is degrading, and also, based on an impulsive attitude of arrogance and insufficient Faith in The Divine.

In so many ways, individuals of all ages do not understand, nor do they care to understand, the full meaning of there being a Creator of All Things, a Just Creator in all dimensions of life, divisions of life, and concerns regarding human life.

Prayer at this time is oftentimes based on humanism, or various understandings of how an individual assumes spirituality in its closeness to The Creator.

You do live in a time worse than Sodom and Gomorrah, and it is

difficult for even Any of Us Here in the Heavens to say These Words, because human life has been gifted with so much logical intelligence, and so many different values that, in reality, can only be based on the fact that human life is incapable of what The Creator has the Ability to Practice, to Deliver, to Encourage and to Judge all things available for the benefit of human beings, but mainly, for the Souls of millions of human beings, because the Soul is a Portion of The Creator, a Gift of Divine Love beyond what anything else a human being can say is theirs, and is beyond what anything else is.

Granted, you cannot see your Soul, but your Soul is evident to you every moment of every day. Many times it is easier to ignore What is present, and assume or accept or believe in something you can associate with materialistically, mentally, socially. The list is endless.

Prayer should be a very important part of everyday life. No one should be remiss in not saying prayers that were designed a long time ago by those who were close to The Divine, thus giving to the prayers a substantial, beneficial Gift, that if it were totally

of the human mind, it would be remiss in Its greatness, in Its importance, and of course, in what It truly is.

As These Words close at this time, hopefully They will awaken the minds of millions of people, because you do live in a time wherein there is so much diabolical acceptance, preference, and idealistic values attached to them.

I beseech you to remember What I have just spoken, and to share It with others.”

OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER
SAINT JOSEPH, THE HOLY SPIRIT

“Yes, there are Three of Us present. We have not given *the little one* Our Names as yet. She is staring at Us and trying to remember if she has seen Us at another time.

I am your Heavenly Father. I am your Heavenly Mother. I am Saint Joseph. We All smile when this *little one* questions Who will be speaking. We come on this day in Union with Each Other to give Hope, and also to give thanksgiving to those who walk a Divine Way.

To walk this path does not mean you have to be part of a Spiritual organization based on the Church of your way. Holiness is for all human life, all ages, all backgrounds, and all degrees of intellect.

As We speak through this *little one*, Our Presence is oftentimes a weight to her, because of the importance she feels in What We are about to say.

You live in a time wherein there is much confusion; also, misunderstandings on the importance of purity over impurity in all judgments one makes, justice over injustice on all the actions one must take. The list is endless.

The little one was asked recently, ‘What makes you know it is truly The Divine speaking?’ She said, ‘My Faith in God’s Love for all of mankind, all human life, all who have the necessary love to realize that a Presence such as This gives hope to a way of life.’

I will close this as I speak at this time, because What has just been spoken should be remembered.

Every human being born has the privilege to believe in The Divine, and basically, has the logic in its perception of Truth, giving hope where it is needed, when it is needed.

Prayer is a Gift greater than it is seen to be, but just as human lives communicate with each other, all ages of human life have the privilege to communicate with The Divine, any time of the day or night.

As These Words are so important, remember one thing: Words of Direction, Divine Love and Divine Hope, gives strength to your Soul, hope to your mind, and helps you walk a purer role.”

MAY 20, 2004 AT 1:08 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

There are many men and women questioning This Gift, of The Divine Love that is spoken through It in such a logical, loving, caring way. When there is questioning on This Gift, it does not bring sadness, but much concern for the Souls of those who question what is so logically correct, meaningful, and gives hope for the Souls of those who hear the Words, and those who try to adapt the role to their way of life.

As I speak, I add: There are thousands and thousands and thousands of Words that could be spoken to all intellects, all backgrounds and all ages of human life, but it is sad to say that interpretation of a Gift of This Measure, This Degree, This Purpose, is not always seen for the indepthness that It displays, giving hope, instructing on what would be beneficial to their Soul, and also to remind human beings of The Divine, of The Creator, and that there is a Goal

to life Greater than the one they bear at this time.

I spoke These Words to give hope, but also assurance to those who find communication with The Divine strengthening to their way of life, and to their mind.

As I close These Words I bless you, those who take Them and those who will read Them, but I bless you with a Divine Desire that you will grow in many ways spiritually, because of the Importance of your Soul that is held in Great Love at the moment It is passed into your being, which is the moment of your conception to human life.”

MAY 21, 2004 AT APPROXIMATELY 11:50 A.M.

JESUS

“I am The One called ‘Jesus’. I am known to be The Son of The Heavenly Father. In reality, We are One. Just as you live what is called a human life and you have an intellect and much understanding on important things to guide you, even drive you to follow Rules of your life, that in many ways is protection for what you are, how you were created to be in every thought, word and deed, you are Blessed in this manner of Creation of Mine, because in this creation, I placed an Important Portion of Who I Am, What I Am.

There is Great Purpose to human life, not always understood, but through This Gift that I speak so many things and so many times, I do it to give you the courage, the understanding, the ability to see the Greatness of the Goal that awaits your Soul, to be returned to Me for All Eternity.

I bless those who accept My Time at this time, and use It in protection of their Soul that is a Portion of Who I Am, What I Am. Always remember, as

**you desire to be protected from wrong,
I desire to be protected by you when
there is injustice pointed My Way.**

**I bless all who are created,
because I am, in many ways, happy to
see them return That Portion of Who I
Am within them, when that time comes
to be.”**

MAY 21, 2004 AT 12:41 P.M.

OUR MOTHER OF PERPETUAL HELP

“You call Me ‘*The Mother of Perpetual Help*’. This Title is pleasing to Me because I do care, and I am present many, many times when you pray, or even at times when you are not praying.

As many know, to be the ‘Mother’ has many responsibilities, some different than being the Father.

It is important for the young to learn the dignity, the respect and its necessity in daily life, because it allows human life to act and to project what comes naturally.

It is innate in the female gender to want to be protected, to want to be respected, and to want to see things in a perfect light, a light of truth, a light of understanding, a light of communication, a light of association, a light of in-depth hope for all things that occur, to be according to Divine Will, Divine Love.

So many times mothers do not speak, because in their way, it is their

protection of what is occurring, but I assure you, when you are silent, We always know why, and We always try to help you, because the responsibilities are so numerous when you are dealing in situations that others act out, that are in many ways indecent, impure, unjust, or diminishing to human life.

As I close My Words on this day, I want you to know, your prayers to Me are always heard, and in My Divine Love for you, I do remember your will, your way, your desire for something you feel is what you want to have. I try to help you understand if it is truly good for you. It is a Mother's Way of showing Love and being close whenever She can.

I bless you with My Love on this day, and want you to know, that as I walked the earth a long time ago, I walked as you do: a Wife, a Mother, and Friend."

MAY 24, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Creation of All Things, I designed and created everything to have a purpose. The purpose is not always carried out in the manner, the degree I created it for, but the human mentality has a way of discerning his or her own logic or need.

Today as I speak These Words, I do it in the degree of desiring all who read Them to more fully understand the dignity I instilled into man, and the Purpose of the Goal of every Soul that I placed within the conception, because the Soul is a Portion of Who I Am, What I Am.

Just as the human mentality, and/or the human desires in life to have things be important to how the individual needs them, wants them, or has a use for them, in the human mind there is a natural order to things, a natural respect for things, a natural mentality for logic, and for what is feasible for their way of life.

That is why it is so important that This Gift that I have given to the world, through *one voice*, be seen and recognized for the Logic of My Divine Will, accenting how Important human life is, and that it has a Portion of Who I Am, What I Am, that I want returned to Me in a degree, a manner, a way, respectful and clean.

As I close These Words, I close Them with Deep Love for all human life, and also, that more understanding will be seen through All I have thus far given to all ages, to read What I Will them to know by putting It into print, in script, helping them to better understand My Love for this creation called 'human life'.

As I close My Words, I also remind you to remember Who I Am, What I Am, and that I Am Ever Present where you are."

MAY 24, 2004 AT 12:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is so reassuring and a delight to hear the Words spoken to you on this day in your time. The importance of your participation in This Gift of Divine Love is far greater than you perceive it to be, far more important than you perceive it to be, because you have the privilege to assist in One of The Greatest Gifts The Father has revealed. This Gift is to save Souls that nothing else could.

Yes, you do live in a time worse than Sodom and Gomorrah, and yet you are aware of so much diabolical intrusion in the lives of thousands, or even millions of human beings. Knowing What you know, understanding What you hear delivered through This Gift, It has given you strength in many ways, perhaps different than you could speak about It, or deliberate to others what It has done to your mental, physical, that clings to your Faith in a beautiful way.

There are so Many Saints Here in the Heavens that truly love This Gift, because They see in It the importance of how many individuals partake physically, mentally, socially, and definitely morally.

I have come today to speak These Words, because as you follow in a loving way, you give courage to others to more fully understand, to better understand the Importance of being a human being.

As I close These Words, always remember: Though My Words may stop, I am always with you in every move you make, every place you go, because as you work in such great love for This Miracle, you are always remembered in a way, not that you see, but I have come to ask you: ‘Please pray for others to believe like you believe, because through It, your Souls are so pleased. The Soul is ever conscious of the Goal that awaits It at a given time, in a given way, because of how you acted in the human way.’”

MAY 24, 2004 AT 1:50 P.M.

PADRE PIO

“I am Padre Pio.

It is so important for all ages of human life, all backgrounds, to learn about This Gift of Divine Love that, in so many ways, speaks openly, directly, delivering positive issues on how the Soul should be taken care of.

The world has been Blessed abundantly by This Gift that The Father allows so much to be spoken through.

I will close. Though My Message is short, It is given with Divine Love for those who read It, and many who will read It for the first time, It will help them be reminded of The Divine.”

MAY 25, 2004 AT 1:06 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The world has been Blessed abundantly by The Father’s Will and His Divine Love.

In the Creation of human life, He gave many Blessings. Not all of them are adhered to in the daily lives of many individuals. The human mind is a Gift that gives to life energy, hope, satisfaction, and many purposes, aiding the individual in what to follow, what to accept, and areas that would be very profitable morally, mentally, psychologically, physically, to look into and to make the most of what they are capable of not just enduring, but to use to give to human life the Goal for which it was created for.

There are thousands and thousands of different ideas, giving to human life not just challenge, but the advantage of looking at how many Gifts one can choose to make life in a greater state than it would be if there was nothing to learn about, or nothing to grow into participation, in giving to

life more understanding regarding the Beauty of this Gift called 'life'.

I will close, because there is so much to be spoken on this Gift that is rarely thought about, and is rarely said to The Father:

'Thank You for allowing me to be created and having the Goal for a Portion of me that is Part of You, my Soul.'

MAY 26, 2004 AT 12:01 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

You live in a time wherein there is much confusion regarding sound, factual standards of life, for life, in life.

Human beings have the privilege of learning so much about so many things, but oftentimes they become confused when they favor one format of life over what would be more pleasing to The Creator Who designed life for a Purpose and a Goal.

As human beings desire to be respected in their daily way of living, this can be traced down through time, that this desire began with The King and The Beloved Holy Mother of Heaven.

Some will find These Words not difficult, but having not heard Them before in this manner, this degree, this way, hopefully they will understand the full meaning of what It means.

I will close My Words at this time, but before I do, I will remind all who read Them, or are example of Them, to be sure that as you live each day in the living way, you have the duty and the Gift of responsibilities to be ‘example’ in everything you think, do and say.”

MAY 27, 2004 AT 12:45 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I speak many times through this *little one* The Father has chosen for a Major Task for men, women and children throughout the world, designed to help them in many ways: first, respecting The Divine; next, respecting human minds and bodies and Souls; and next, controlling their emotions when they are dangerous to others.

Today as I speak, I speak with much concern for all ages of human life, all backgrounds, and all degrees of understanding, because even though human beings speak the same language, they do not always control the method in how they speak, or the words they use to make a point and/or to deliver something that can be of great advantage if it is told or spoken in the proper manner, degree, way.

This *little one's voice* that We All use, is oftentimes tempered to respond where individuals are concerned, and We speak to them in a manner and way that sounds like the

Words, the situation comes from her, because it would be difficult for many to know that a Saint is present and is instructing *the little one* in what to observe, to respond to, to repeat, and to be committed to the results.

There are Several of Us Here, but I will close My Words, because so often the Beauty of believing in The Creator, The Heavenly Mother, is ignored because of human circumstances, ideas and understanding.

I will close now, but as I do, hopefully I am making you aware that as you are created in the human way, All of Us Saints walked the same path another day.”

MAY 28, 2004 AT 12:28 P.M.

OUR LORD

“It is true, there are Seven of Us present. I am Saint Anthony of Padua. I am Saint Josaphat. I am Saint Robert Bellarmine. I am Saint Francis of Assisi. And Our Lord saying, ‘I am your Father.’ The Others will not speak Their Names at this time.

This Gift that has been delivered, that is so important to the lives of thousands of human beings, due to the fact that each time a Saint speaks, it is to give strength, more understanding, and Direction to those who hear the Words and to those who read the Words, due to the fact that it is so important, for at this time in which you live there are many who discern incorrectly the Importance of human life, why it was created, and the Goal for which it is created.

***The little one* We All use to transfer Our Thoughts, Our Words to be put into script, so that thousands and thousands and thousands of human beings of all ages will have the privilege to more fully understand**

more about The Creator, Who I Am, and about All Who walk with Me at a time when men, women and children do not feel a closeness to The Divine.

Prayer is important when it is spoken openly or silently, because prayer gives strength to the mind, the body and the Soul that nothing else can. A '*Sign of The Cross*' with one's own hand has a strength in it. It is not always felt, but most of the time there is a sense of advancement in the mentality, but also, it gives strength where it is needed in the body.

Thousands and thousands of Words could speak on and on, regarding the Importance of human life and that it has been Blessed by Almighty God in a way, a degree, not always understandable to the human mind, but nonetheless, it is felt in a way that will last until the next prayer is said.

As I close These Words at this time, there are Many, Many of Us Here. It is always a joy to be able to deliver Words of Encouragement, of Instruction, and of Divine Love, giving help wherever It can reach the mentality to give strength how an individual faces each day, always

**remembering that all that need be said
is:**

***‘I love You, God. Thank You
for this day.’”***

MAY 29, 2004 AT 5:00 P.M.

MANY SAINTS

“There are Many of Us present. *The little one* is never without One or More of Us.

On this day there was much more accomplished than was seen to be or expected to be. So Many of Us are always present, due to the fact that situations can occur where this *little one* is, and the situations can be detrimental and/or morally and physically acceptable.

***The little one* We All talk through carries a weight greater than it is seen to be, because when We speak she does not hear a voice, but Our Presence is consistently and closely felt by her. Oftentimes, there are Several of Us present because of the weight that she bears for The Father’s Love to be delivered.**

The human way of life is dependent on many things. One such is this, and that is to feel a comfortable association and hope in what is occurring, even though what is occurring is the average manner of

living. Even though a particular day has been chosen for specific prayers, it does not always happen, because there are differences in opinions and how one must celebrate the Birth and the True Existence that is obviously based on The Father in the Heavens.

Heaven, to most individuals, is a Word that is not often thought about in the daily way of living, but nonetheless, It is available for all ages to feel Its Presence and feel how important it is to be aware of mentally, morally, and for one's security in daily living.

My next Words are to give hope, because hope is in the creation of human life, that nothing else is conscious of when it is given a living way of life. There are Hundreds of Saints Here in the Heavens Who All enjoy delivering Words of encouragement and giving hope to those who are living upon the earth in a human manner, way of life. There is a great distinction between the human mentality and other things, such as animals, flowers; plus, other things, too, are considered in a manner or other living state.

The reason for My speaking this way is to give hope and help when

it is needed. Every day of life has something specific in it that needs encouragement, or the ability to make decisions, or a conscious effort to act or practice or become part of something that ordinarily would not even be thought about.

I have spoken much, but in These Words there is much concern, much interest, and much hope, that The Gift of Divine Love that so much has been delivered to aid those who read the Words, to more fully understand what a Wonderful Gift of Divine Love human life is to man.”

JUNE 1, 2004 AT 12:24 P.M.

OUR HEAVENLY FATHER

“There are Many of Us present. The Heavenly Father will speak.”

“The Gift of human life is far greater than it is ever supposed to be. Each individual has their own perception or concern over how they look physically if this much attention were outside of themselves, regarding their actions, their determinations, their acceptances of what is moral over what is immoral, truth over untruth, good over evil, hope over despair.

I know What I have just spoken is not the way that most people think. All things come natural to their way of life and what they concentrate on regarding their personality, their nature, their habits and/or their way of life.

Today is an ordinary day in the lives of millions of human beings, but ordinary does not always say they are happy or contented or satisfied.

Let us now take the reason for today, tomorrow and every day to come.

Is there not a purpose for how one lives, how one thinks, how one acts, and how one causes the day, each day, to be a day of purity of mind, of body, thus giving to the Soul, joy, happiness?

How many human beings think of their Soul three times a day? How many think two times a day? How many think one time in a day?

You would be shocked if you knew how few human beings, of all ages, think of the condition of their Soul, and yet they want everything that they partake in, they are surrounded by, to be not just comfortable but enjoyable, beneficial, adding happiness to their life, their way of life; yet, if a human being is told that they must have a major surgery, removing one arm, the one they use, it is a horrible thought to them. It brings much sadness, much caring.

Would it not be more beneficial for all human beings to think of their Soul at least once a day, and then, look at the conditions that their Soul could be in by all they practice, and those with whom they spent the day?

I know you do not expect Me to speak this way, but it is important for

all men, women and children to think of how they live each day, and how their morals and their prayers that they should say, but totally ignore because they are so busy in the worldly ways, and yet just talking to a Saint or The Holy Trinity in a gentle way, would give an innate communication that would bear much strength, because this small act of communication would make an individual think.

As I close These Words, I want you to know I am not trying to call fanaticism your goal, but a personal communication in a manner and way that should be normal to almost all ages of life, and that is to think of the Importance of being created a human being, and remembering that the Creation of human life was designed in Divine Plan. No greater thing in life could bear, could handle, or could make claim to a Gift of this Greatness to man.”

JUNE 2, 2004 AT 12:47 P.M.

**SAINT ANDREW
SAINT GREGORY THE GREAT
SAINT PHILOMENA
SAINT PEREGRINE
SAINT ATHANASIUS**

“We All gather as We often do, because of the need for Souls to be helped in so many ways that is not understood by human beings. The Father, in His Love for His Creation of human life, has given to the world *one voice* at this time, to speak What He Wills All to be heard, All to be put into script, and All to be remembered for Their worth.

The human way of life is gifted with many facets to it, in it, designed to aid it, to give it strength, and also to give it courage. Courage is not an impossible Gift to be handled by the one in whom it is placed. It is oftentimes based on logic and human interest, understanding, and realization that The Father would give such a Gift to the human way of life, encouraging all ages to understand more readily, how important it is to be able to speak, to be able to think, to be able to have sight

with the eyes, and to have a sensitivity within them for all things to be seen necessary, to either change situations, conditions, or to be soothing to what is occurring, and what is right.

I speak differently on this day, but I speak with much concern and Divine Love for those who walk to follow The Father's Will, even when they do not pray.

Prayer is a communication between the Individual and the one who prays, but to use one's mentality to offer aid where it is needed, is beyond what it is understood to be because, do not forget, when you need help on many things, do you not pray to The Heavenly King and to All The Saints that you are acquainted with?

Hope is a Gift of Divine Love, but it is also a gift of one human being to another where it is seen needed, and where it will give strength, opportunity, perseverance, and cause only what is right, what is applicable to the necessity available.

You are Blessed in many ways, those who take These Words, but always remember, you are also Blessed when you take the time to give hope to

one of your kind that walks the human way.”

JUNE 4, 2004 AT 12:31 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

There are Several of Us present, and Each of Us are so grateful to The Father for allowing Us to participate in This Gift of His Divine Love. This Gift is a Gift of Strength, but logical Communication, dealing only with what is conceivable to be able to follow, to practice, and to aid one’s Soul in becoming ‘a Saint’.

Human beings of all ages know that Truth is important, Faith in The Creator is important, and the necessity for following All that has been put into script that aids everyone who reads It, to more indepthly understand what a close Association human life has to The One Who created All things: the earth, the moon, the sun, the clouds, and yes, all that surrounds all these things to give it strength, hope, and a positive security in being surrounded by the sky, that only The Creator knew would help the human mentality have a security that they could see, that they could feel, and that they could

use, giving them strength in their understanding that only a Creator of Divine Way could have addressed so many means, helping human beings to feel secure in their daily manner of living.

As I speak to you today, there is so much occurring throughout the whole universe, and there are millions of human beings going about their daily way, not concentrating on the sky or the earth, or all the things that surround them the way I have just spoken before this time, but I assure you, it is innate in human life to feel the Protection of The Divine in more ways than just hearing about it, or seeing pictures of it, because the Soul of each human life has the ability to strengthen the mentality and the senses regarding the Importance of human life, and that it is controlled by a Higher Source.

Children should be enlightened more indepthly on The One Who created All things, and that though they cannot see This Creator as they know human life to be, they will, through their senses, feel strength, hope, and the ability to remember that

there is a Higher Authority controlling All things that surround them.

As I speak differently on this day, I speak to give those who take the Words and those who will read the Words, to find happiness in being created a human being, because there is a Goal for That Portion of human life, the Soul.

We hear some say, ‘If my Soul is so Important to The Creator, why can I not see It, or feel It, or talk to It, and be heard in what It has to reply?’ The Creation of human life is a Gift of Divine Love, and is cared for every moment of every day by The One Who created it, Who designed it, and Who, in giving it life, gave it the means, the way, and the place to live the human life.

As I close These Words, I beseech you to always remember: You have a Soul, and your Soul, being with you every moment of every day of your life, is That Portion of you that is guided by Divine Light, Divine Love, and Divine Hope.”

JUNE 5, 2004 AT 10:42 A.M.

“There are Many of Us present with you, and desiring to please The Father by giving to you Words to encourage you, some to enlighten you, some for you to more fully understand the Purpose of This Gift of Divine Love for all of mankind.

The Logic of This Gift should be evident, because at no time has human life been left alone without some aid understandable to their mentalities, for the good of their Souls.

The Father has Willed so much to be understood and to be handled in an honest, direct, loving manner. There is no one in the living state that should not be aware of This Gift of Divine Love that openly speaks the Words of Divine Love, to encourage the mentalities of human beings to more deeply feel that their closeness to The Divine is evident.

Thousands and thousands of Words could be written on the Importance for which human life was created, is created, because The

Father Wills it to be known, due to His Closeness, His Desire, and His Love for human lives, because within them He places a Portion of Himself, called ‘the Soul’.

Even though the Soul cannot be seen by the human eye, It is always felt through the human sensitivity to The Divine. Even though individuals ignore what they sometimes feel, every human being has a Portion of The Divine within them, called ‘the Soul’.

I speak this way on this day to remind human beings of all ages, all backgrounds, all degrees of Faith in The Divine, to always remember, within them, in their creation, there is a Gift Greater than they can imagine a gift to be. The Holy Father smiles at These Words, because it is His Love that He shares through the Soul of every human being.”

JUNE 8, 2004 AT 8:43 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many times there are things that occur that are basically of emergency purposes, necessities. Today as I speak, I speak on this subject because of the importance of how human nature, human lives were given so many Gifts to learn more about so much morally, or immorally, physical necessities, and also, the importance of association with other human beings.

I speak many times on many subjects, not always subjects that men, women or children think I would speak on.

In the Creation of human life, many things were not implanted in the very beginning, but as time went on, I added what I felt were necessities, due to the importance of human beings being able to communicate verbally, physically, mentally with other human beings.

I have given to human life all that I feel will give them the strength

and the courage and the abilities to adhere to the facts regarding what they personally will be confronted with, by, or for, either in a daily way, or a periodical way.

My Gift of This Gift, of which I speak so many times through *one small voice*, I use it to cover millions through the written Words. To some this may sound odd, or it might sound impossible, of My putting *one small voice* to speak to so many others. That is why I have chosen what is called 'the written Word'. This makes it more feasible, more logical, more possible, and definitely more evident for My Will to be spread throughout the world.

Many wonder why I would choose *one small voice* when there are so many things spoken that all of human life is accountable for. That is, of course, easy to explain. The Words, put into a script, will last longer than a voice, and They will be more explanatory for millions to read and digest.

I hold *the little one* tightly. Her small body I use is close to collapse.

I have Blessed the whole world in many ways, for many reasons, for

many purposes, giving to human lives My Divine Love, Direction and Hopes.

When you pray to Me, I hear it. When you speak to Me on personal measures of description, what you want to share with Me, I understand all the words.

I use *one voice*, and some ask Me, ‘Why not more?’ I smile at this. If I were to deliver the same Words to several individuals, you can be assured, there would be confusion, and I’m going to use a word you often use, ‘galore’.

I bless you with My Love for you, and I am grateful for all you do, bearing My Name for the Souls of others that without your love and your submission of what you do every day, many others would not have the Importance of how I feel, how deeply I love this Creation of Mine called ‘the human way’.”

SAINT ANGELA MERICI

“I am Saint Angela Merici.

I smile at this *little one* who repeats My Words, for there was a time when she would question My Name and wondered what Merici meant for her.

The world has been Blessed abundantly, I must say, through those who have accepted Spiritual Identity with strength, hope, and the ability to have courage in how they act, in how they aid others to learn.

In so many places throughout the world, there are many who cannot accept there being a Holy Trinity. Then there are those who cannot understand why the Soul of an individual has to suffer to gain Sainthood. Now, the suffering is not as it is expected to be. It is what The Father places within the Soul, so the Soul will be Pure in every aspect of It when He meets with the Soul Personally.

You live in a time when and where there are so many different ideas on what is morally sound, what

is morally clean, and what is morally acceptable to The Divine.

Today, as so Many of Us speak through This Gift, Our desire, Our aim is to awaken the mentalities of millions of human beings for the good of Souls of the ones who believe in this Gift of life, but also, those who need to more fully understand the Beauty of being created a human being.

I speak differently, but it is important that the aim to become 'a Saint' should always be in the mentality, not necessarily expounded upon formally or intimately with others. It can be that close Association with The Holy Trinity that will give it more strength, more endurance, and more capability.

As I close My Words at this time, I smile, for those who take My Words are always, in Many of Us Here, watched daily. So as I close These Words, I say, 'The Father blesses you for your Faith, and the beauty in which you have the ability to spread the Words, to encourage thousands or millions to start to think more indepthly on what a Beautiful Goal human life has in the privilege to become a Saint.'"

JUNE 9, 2004 AT 12:22 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one The Father has chosen, for so much to be delivered in Words to the whole world at this time. All that is being delivered is for the benefit of the Soul of those who will see the Beauty, and then practice the Divine Love that is evident in What is spoken verbally.

Many times *the little one* We use fears not hearing exactly What We speak. We All smile at this, because basically it is not a Voice she hears. She has been made sensitive to Our Presence, and What We speak when We want her to know and request the Words to be put into script.

You live in a beautiful time, because The Father, in His Love for human life, decided to send so Many Saints to speak, to give strength physically, morally, mentally, to all degrees of intellect and all degrees of understanding The Divine.

Many times One Here Where I am will request to speak. The Father will just nod His Head in response, happy to know that The Saints care so much about those who yet live in the world, and have time to live a life of purity, logic, and understanding of The Divine.

I know that many will read These Words, and I also know that many will doubt that it was I Who spoke, but I promise you, as you have been given the privilege, and have accepted the privilege to deliver to others who are not here with you, the Words that mean so much for the Souls of others, you will be blessed abundantly. I promise you.

As I close My Words at this time, never forget, you were picked to work in this manner, way, helping to give hope for the Souls that are the recipients of All that you put into script, based on The Divine Way.

As I leave, I bless you for your work, and for your desire to do it right. The Father blesses you. Remember this, because as you walk the human way, you walk as a soldier, The Father's Way."

JUNE 9, 2004 AT 1:14 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I have come on this day to speak Words to give you strength, courage, hope, and My Divine Love.

You live in a time in which there is much unconcern for the Beauty of human life, the Value of human life, and the Purpose for human life, plus the Goal for human life that is obviously More than what the human mind can perceive It to be.

Many historical Words have been put into script, describing the necessity for morality, for truth, and for love of The Divine, but so many individuals find it easier for themselves to do, practice, and excel in things that they become prominent in. They want themselves to show, so they automatically make changes that others are subject to, thus ignoring the fact that the important goals for human life are based on Divine Will.

That is why so much is delivered when you as a human being say definite words called ‘prayers’, because whether

you know it or not, you are heard, and many times there is aid delivered, assuring you of the importance of how you think, how you act, and what you see as being important for human beings of all dimensions of life.

I will close now, and I sincerely hope you will put justice and purity of the mind above all things. I bless you with My Love from The Divine.”

JUNE 10, 2004 AT 12:52 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

This Gift of The Father’s Love is beyond the scope of understanding in the human way, what a Great Gift Divine Love is for more than the Soul, also for the body and the mind of those who partake in learning and questioning important situations, conditions, reasonability and purpose.

Today, as Many of Us Saints see children learning subject matter, in the lower grades even, the subject matter is not always, or I should say, does not always register in its full meaning, because the young ears absorb only what is feasible to their mentality.

Each day One of Us speak Here in the Heavens, Our Voice is heard through *a human voice*. This should tell all who take the Words and read the Words, what an Important Great Power The Father allows, to help those in the living state learn more, understand more, and realize more regarding the Purpose for human life,

and the reasonability in all that it contains.

The Father, in His Love, does not show the Greatness, because as He speaks to the human way, human minds, He puts All Things in a logical, understandable force for all who hear the Words, read the Words, to better understand the Presence, His Presence first, and then the logic in what is spoken, informative in every way, in helping those who hear the Words, write the Words, have a more personal, logical perception of what is not just pleasing to The Father, but more beneficial to the human way.

I will close for I know I speak rapidly, but This Gift of The Father's Love, based on Divine Hope, Divine Guidance, is more than the average human being understands It to be.

As I leave you, I say, 'God will bless you for your participation in This Gift of Divine Way.'"

JUNE 11, 2004 AT 12:42 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Today as I speak, I speak with Deep Love for the human way of life, because you see, I, too, walked it another day, another time, with the responsibilities that Many Here with Me now, had the same kind.

To live amongst other human beings is a privilege, because it gives strength, purpose, cause, reasoning, and a greater understanding of the Love of The Divine, because with all that a human being is able to address every day of life, such as preparing one’s self to face the day personally, psychologically, physically, morally.

So many times it has been said, ‘You live in a time worse than Sodom and Gomorrah.’ Today as I speak, I want you to know that in This Time, where so much has been delivered by The Divine, there have been changes for the benefit of many Souls.

We Here in the Heavens All smile at this, because there is Hope and there

is Divine Love, able to cope with the Purity that has, in many ways, alerted human beings of all ages to recognize that there is a Goal to life, a Gift of Divine Love that nothing else created is the recipient of.

So, as I close My Words today, remember, I am never far away. If you desire to say a prayer, I hear it. If you call My Name, I hear it. The Father sees that this occurs.

As I close These Words, I say with Deep Love for human life, ‘You are gifted with the Love of The Divine through your birth.’”

JUNE 12, 2004 AT 11:21 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Creation of All Things, I used each for a particular reason. I also did this in My Creation of human life, because I created human life to be subject to Me in an open manner, open way, to be seen for each purpose I created it to be.

I also made the decision that human life would be the instrument to create more of human life, and that I would place a Portion of Me in each extension of Me conceived.

For some individuals, My Manner of doing things is not always understood in Its full degree of Purpose, but I instill in their mentality a reasonable understanding that in human life they have the privilege of creating other human beings, thus giving to them a Goal for their Soul that nothing else could give them if they had not been created the human way, My Way.

I know I speak differently than it would be expected of Me, but I have

chosen *one small voice* to deliver My Reasonability through My Efforts, beneficial to the human way of life, and to Me.

I will not speak long at this time, because *the little one* I use is spent physically, but What I have spoken is of great importance for others to know that in the creation of human life, I am The One Who decides it to be.”

JUNE 15, 2004 AT 12:36 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time wherein there are so many unusual situations that take place, not ordinary to what most individuals are accustomed to.

The human mentalities of all ages of human life are critiqued in different issues, thus allowing so many differences of opinions, or I should say, encouraging different opinions to result on important points that many times do not make the point as important as it was originally meant to be.

One such as this is called ‘religion’, based on Spiritual understanding, growth, discipline, and a reasonable understanding that human life has a Goal, logically saying that there has to be Rules to be understood in a manner and way ‘suitable’ to the Goal that one is desiring to reach.

So Many Here in the Heavens desire to speak through This Gift The Father has designed to give aid, to

give strength, to give Purpose to the Creation of human life. The word 'hope' is rarely mentioned, unless it is on something personal, but there is so much hope that all Souls created, based in a human body, would one day be called 'a Saint'.

I will close These Words at this time, but so Many Saints Here in the Heavens, in desiring to speak through This Gift of The Father's Love for mankind, They would speak hours on end if it were feasible to *the one* who repeats What is said.

As These Words close, I assure you, The Father blesses abundantly those who abide by His Rules, and who are example to others for the Souls that are at stake in many ways because, do not forget, the Soul is a Portion of The One Who created the human life.

There is time for much to be learned, and there is time for much to be served, and there is time for many to feel the responsibilities attached to walking the human road."

JUNE 16, 2004 AT 12:44 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

I open My Words to you with a particular subject: Hypocrisy, jealousy, immorality, plus an unacceptability to believe in The Divine is prevalent, but most individuals of all ages, all backgrounds, do not recognize this catastrophe in the ways, the wills, the conditions, and the practices of millions of human beings.

You live in a time where injustice, indifference, ignorance and a lack of responsibility reign, regarding the Importance of the Soul that each human being is gifted with at his or her conception.

These Words to some may not be understood in Their full meaning, because so many things that are impure, improper, unjustifiable and/or based on diabolical pleasures, reign in many places where human beings live or practice their way of life.

Belief in The Divine is oftentimes practiced when it is convenient for

the individual to take the time, due to the fact that so many men, women and children are preoccupied with things they favor to do, become a part of, and address as being modern, practical, necessary, and logical in the new way of life.

Needless to say, I could spend hours on this subject, not in a demeaning way, but I fear for all the things that are practiced by a lack of understanding, yet commitment is evident that is in many ways sadness to the Soul.

What I am going to speak about now is: Ask yourself, what makes you know right from wrong, good over evil, love over hate, justice over injustice, purity of the mind and the body over what is impure in this same state?

Many of Us speak openly through This Gift of Divine Love, because The Father, in His Will to save Souls and to be able to address the Souls as 'Saints', which They were created for originally.

Today is a day for all who take the Words and who read the Words, to rationalize their manner of what is right over what is wrong, what is

morally sound over what is morally satanic or bedlam in their lives, abusing their Soul in a great measure.

Children are not being instructed on the importance of the words they use, the actions they partake in, or how they permit their wills to do things they intensely know through their senses, are diabolical. Maybe some do not use the word 'diabolical', but what they do appeases, pleases what is immoral, indecent, impure, and saddens the Soul immensely.

All of Us Here in the Heavens know that as We dictate Words not always used in the worldly way, but the Direction has meaning, purpose, alerting the mentalities to see the importance of pleasing The Creator, rather than their emotions for the sake of what they feel is human to do. In This Gift of Divine Love, This Miracle, that in so many ways has delivered hundreds and hundreds and hundreds of personal Messages, and many Messages put into script so They cannot be denied by the reader, the Words are complete, logical, and bear a Direction of Divine Love for the benefit of Souls.

I could speak hours, days, weeks continuously, but those listening to Me could not handle All there is to understand regarding the importance a human being has to accept or reject, to give or collect, to obey or deny steps available to mankind.

As I close These Words, I know those who take Them and those who will abide by Them, will be blessed abundantly.

Always remember, you are the custodian of a Portion of The Creator of All Things. What more could you ask in return for what you follow in His Divine Plan?"

JUNE 17, 2004 AT 1:01 P.M.

OUR HEAVENLY MOTHER
SAINT MARGARET MARY ALACOQUE
SAINT JOHN THE BAPTIST
SAINT PEREGRINE
SAINT ALPHONSUS LIGUORI

“Our Presence is always evident to this *little one* that is used to repeat Our Words to those who are present with her at given times. I am Saint Margaret Mary Alacoque; Saint John The Baptist; Saint Peregrine; Saint Alphonsus Liguori; Our Heavenly Mother.”

“I am your Heavenly Mother. I come to be with you today, because of the importance of what you are doing to aid thousands of men, women and children to more fully, more readily understand the importance that they are gifted with, and that is to know that in their creation, they are a member of Divine Plan.

So many Blessings have been distributed in every area where This Gift of Divine Love shows through *the little one's* presence, or in the Wording, for in her, with her, she walks a Road

in which All of Us Here in the Heavens are active, interested, and innately feel that All that is delivered through her will help Souls from here on in, to All Eternity.

A Miracle of This Dimension, This Logic, and This Interception into the lives of those who are present, is a Gift beyond what the human mentality knows. All of the Heavens want to speak to give strength, hope, and additional love for The Divine, because you see, Those Who are Here in the Heavens have already gotten used to the Presence of The Holy Trinity, and All that is available for the Souls. Yes, it is a different Type of Living, but It has much Purpose to It, much Reason for It, and much Love in It.

As I close My Words today, or I should say, at this time, because you see, We never know when The Father will request Us to speak the Words He Wills human beings to know. Time is important, obedience to The Father's Will, important, and yes, living the life as a human being respectful, and desiring to one day look at The Father Personally, because it can happen, it will happen, if you decide so in your daily way of doing things, and in

your participation with others, other human beings you meet, you know, or you desire to be with, according to the role they play each day.”

JUNE 18, 2004 AT 12:55 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

It is important to understand, to realize, and to participate in all that is morally sound, morally good, morally protective, morally honest, because you see, ‘morality’ is the foundation, the basis for becoming ‘a Saint’.

Even though this word is seldom used, it is a word that depicts what every human being should use as the means, the manner, and the way to act, to think, and to serve whatever position they are in, in the world, because each time an individual must say something, or make a decision, The Father listens to what they have accepted to think, to participate in, and to react to.

Morality is not thought about enough. Immorality is practiced in many ways, many times, because it appears more attractive to one’s thinking, motivations, and/or abilities to cope with human life.

I know I have spoken rapidly, but My Words are clear. I bless you from the Heavens, for you see, it is important that All that has been put into script be read by millions and millions and millions of human beings.”

JUNE 18, 2004 AT 1:25 P.M.

**GOD THE FATHER
MANY SAINTS**

“Human life and other living things have within them a means that is important to be alive under terms not like paper, or other things such as woods or particular decorations, or material things of any nature.

I say These Words to help you more fully understand what a great difference there is in living the human way, over and above what is created to be used in the human way for material things.

I speak slowly through this *little one*, because she is concentrating on My View, the View of Who I Am. We All smile at a time like this, because when she was chosen for This Great Task, she did not know the Responsibilities and/or the time that she would walk for The Divine.

So much occurs, difficult for others to understand, but as she listens to Our Words and repeats many of Them to those who are present with her, she knows that The Father has allowed this

to be, so that human beings of all ages, all backgrounds, will one day, through What is put into print, recognize what a Close Association The Creator has to human life, by giving Words of Direction, Instruction and Description of so many things.

There are many who envy this *little one*. This is wrong to be, because the amount of Responsibilities are beyond what the human mind can perceive. She often asks if The Father is pleased with what has been accomplished with What has already been put into script. He smiles at this, because she has no idea of the magnitude that This Gift of Divine Love is capable of spreading What The Father Wills to be learned by thousands in the world.

I know the Words are different, My Manner of speaking different, but it is important for those with her know when We speak, she does not respond in just a politeness, but a desire to only fulfill what The Father Wills in His giving to those who are present and those who will read the Words, more strength morally, mentally, psychologically, physically, emotionally, and there are more Words that could cover this Statement.

All that has thus far been delivered through This Gift should be spread throughout the world, irregardless of what language they speak.

She looks for Our Faces. We smile, but she cannot see the whole situation, because What was spoken is of the greatest importance, more than anyone can perceive it to be.

Those who walk with her are privileged in many ways, because All that is delivered at these times, receive the Words for them to take the Words, not just into consideration, but to use Them in ways and degrees as example to those with whom they come in contact personally, or physically by sight.

I will close My Words, for My Power is heavy on her small body, and there are Many of Us present, adding to the weight of What We Are, Who We Are.

As These Words are closed, We All say with a smile, 'God bless you all for your participation that is a rarity in human life, and know that what you practice, what you are part of, and how you address your appearance and

speech to others, is of the greatest importance, because to be a living example of belief in a Gift of This Dimension is a Blessing, beyond what it is understood to be.'

As We close These Words, be assured that human life has a Goal. It was created for a Special Reason, and in a Gift of This Dimension, where so much has been instructed, there is hope always, when Divine Way is made the focal point of your way. Remember this."

JUNE 21, 2004 AT 11:51 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

A common expression amongst human lives is to refer to a condition, a situation, ‘a status of necessity’ to commit to a certain manner of thinking.

As I speak through *one small individual*, I express many of My Feelings, Wishes and Hopes for millions of human beings living in a state of what is called ‘human life’, will be sure to follow The Commandments I gave through ‘a particular one’ at another time. For the most part, I see These Commandments being cast aside as not important at this time, anywhere in the world.

As I speak many times through *one small voice*, not always addressing the subject matter as I have just done, but speaking Words I know that they should understand, because All I speak about is based on the Soul that, in the creation of human life, is a Gift of My Love for human life, because without It, human life would not have the

distinctions of being different than all other living matter or things.

Those who read These Words and understand the importance of Them should pass Them on, not necessarily in a manner that would be displeasing, but a manner of dignity, respect and personal feeling.

You live in a time wherein so much is set aside, not wanting to disturb a friendship or a relationship that is in many ways a comfort to have, but the time will come and every human being will have to face Who I Am.

I ask you now: ‘How will you address Me? Will you be happy to report to Me that you followed what I Willed you to do, even though it was only a gesture of kindness, and belief of a Gift I have given to the world?’

This Gift is far greater than It is accepted to be, because All the Words are to encourage My Love for humanity, letting them know of My True Existence that they cannot see.

I will close now, because I could speak hours on end due to My Love for human life, and how I want their

Souls to be returned to Me in a Pure State, giving to the Soul a Place Where I Am.”

JUNE 21, 2004 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many times it is sad for Me to speak when I find injustice, uncaring, and a deliberate act of inconsideration to one another.

The world has been Blessed abundantly because of My Love for human life, and All I declare it to one day be a Part of, and that is to return to Me That Portion of it that I implanted in it at the moment of conception, the Soul. Other living matter and things do not have a Soul.

I have given to the world of human life a Soul, because the Soul is That Portion of human life that gives it the strength to more fully understand that it is different than other things created, and that it has a Purpose; also, a strength to withstand the impact of ruthlessness verbally, physically, mentally, socially.

I have given to the world *one voice*. *The voice* belongs to Me, and yet it sounds like it comes from another

human being — dedication to My Will, My Love for human life, and My Desire for all human beings to return their Soul to Where I Am, to Who I Am, because the Soul is a Gift of Divine Love, and will not be happy at any other place.

The Soul cannot be seen, but It is felt in many ways, but so many times the Soul is ignored because of another person's nature, personality, or understanding.

I will not speak long today, because My Words are of great importance, and I do not want Them to be too many to be remembered.

In My Creation of human life, I instilled a Portion of Who I Am, What I Am, thus giving to human life an in-depth understanding that every day, every act, every thought was to be a help, rather than a hindrance, and within it bear a hope that nothing else created was the recipient of.

I close My Words, and I say to all here present and to all who will read My Words: For you to have the Gift to believe in Who I Am, What I Am, is a Gift of great responsibility, but a Gift greater than anything you can think

of, become part of, or choose to follow the human way.”

JUNE 22, 2004 AT 11:59 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Special Gift of My Divine Love, putting Myself in an open way to show My Love for mankind, because in My Creation of human life, I used many individuals to give aid, hope, instruction, based on My Divine Love for them, constantly reminding them that My Existence is One of Truth, One in which they could depend upon at any time.

Today as I speak, I speak through *one small voice*, but My Words are to travel throughout the world to awaken the mentalities of all backgrounds and all dimensions of life to better understand there is Hope, there is Love the Divine Way to aid every human being born, because the Goal intended for the Soul awaits them. The Goal, of course, is to return to Me silently and yet Purely.

My Gift is a Gift Greater than the human mentality perceives It to be, but I assure you I will, I am, and I always shall be accountable to the

Souls, to give Them the Place They have earned for All Eternity.

As I close My Words through this *little one* that repeats What I Will her to speak, it is important that others begin to feel how close I am at all times, to the earth and all places throughout the whole hemisphere of action, light, motion and necessity.

I bless those who depend on Me, and I give in return, more energy to serve, because the more that is served in a loving way, is the recipient of My Love that has no limit to It in any way.”

JUNE 22, 2004 AT 12:49 P.M.

SAINT FRANCIS OF ASSISI

He's smiling. He says:

“I am Saint Francis of Assisi. My time with you now is of great importance to you and to Me, for as I speak to you through *a voice* that you understand the Words through, I can speak clearly, giving you points of Direction, and perhaps a fuller understanding of how close All of Heaven is to you.

As you live each day in the human way, it is The Father's Will that you prepare to one day return to Him with all the acts of hope, guidance, sincerity and love that you shared through all you did, all you felt, and all you wanted to do, to give strength to others like yourself.

Though there is a close out, a stop of the living way you have, your Soul lives on and on and on, and remembers everything you spoke, you did and say. How else could The Saints All speak and deliver Great Messages

of Direction, of Instruction, of Hope, of all who are yet in the living state?

Divine Love has designed a beautiful way to learn, and that is entrusting The Saints to give you hope, encouragement, and even serve what you desire to have done, maybe in a personal way.

Remember What I have spoken. It is said with the Love of The Divine, because as you are a human being, you bear the responsibilities that your Soul is the recipient of.

When the body no longer exists, and the time comes and you live in Another World, Another Way, Greater than the one you were born in, because in the birth of human life, it is to prepare you for the Goal of Sainthood. I beseech you, remember this.”

JUNE 23, 2004 AT 12:00 NOON

GOD THE FATHER

“This *little one* I use, I am putting her through a ‘Preparation’ to be able to more fully understand the importance of sacrifice for the Souls of other men.

So few individuals ever look at the Crucifix as a Gift of Divine Love for the Souls that were yet to come at that time, now at this time.

The Soul of a human being is never truly thought about because It can never be seen by the eye, but the human sensitivity to Something innate that is evident in certain ways, is what I use for hundreds, even thousands to mentally sense My Presence. It is to alert the mentality to either change their way of acting or thinking to a better, more pure mode of action, of concern, and of truth, because the Soul is the victim when evil or impurities register in the mentalities, or the actions of all involved.

Today as I speak, I speak with concern because of the laxness that is practiced in every facet of human life,

thus ignoring The Commandments I had delivered a very long time ago.

I could speak hours defining All that I have just spoken, and I promise you, it will be in full measure of All I Will the human and mental abilities to comprehend and fully realize I see all things, I hear all things. There are no secrets I do not see.

I will speak more on this later. It is a very serious address to what I Will all human life to not just recognize, but to understand that no human being is exempt from My Will for them.”

JUNE 23, 2004 AT 1:08 P.M.

MANY SAINTS

“Our Presence is overpowering to this *little one* that We All use to give Words to thousands of people, Words that instruct in a clear manner, way, the importance of Christianity in how It was meant to be, what It was meant to follow, and the purpose to one’s human life, giving it strength and understanding regarding The Creator that created All things.

Children are not being instructed on the full necessity for their prayers, not just honoring different Saints, but their learning about the Gift of Sainthood to aid them, to urge them on to follow a path of unity with All Who are now Saints.

If there was not a Goal to human life, why would human life have been gifted with so many challenges to reach higher things, more things, and value the reasonability of progress, unification, and the abilities to see, to feel, to honor, to practice goals higher than the ones they were born with?

There is a Beauty in human life that is rarely seen. It has goals, it has challenges, it has responsibilities, it has purpose, and it has meaning beyond what is often noticeable in the daily way of living.

Human beings have the choice to respond to The Holy Trinity, to believe in The Holy Trinity, and to request from The Father Who created All things, something they feel will give their life hope, more understanding, and a Goal that otherwise would be unreachable; that is, to become ‘a Saint’.

So many individuals ignore this Gift The Father has Declared would be based on how an individual would walk the human way morally, psychologically, physically, emotionally, and yes, spiritually in depth in what was important for one’s own self, and for example to everyone they would meet.

As I close These Words, I close Them with much Love, because Love has a bonding to it that nothing else created knows of.

Please, I beseech you, remember My Words. They are delivered with much Divine Love for your Souls that

yearn to return to The Creator at a time not known, but important to the Soul that you are the custodian of, morally, mentally, physically, psychologically.

Repeating Words is important sometimes. Hopefully it leaves more understanding and a realization that you are Loved, and will respond to the Act of Love each time you read the Words from Here.”

JUNE 24, 2004 AT 12:39 P.M.

OUR HEAVENLY FATHER

“*The child* has come upon Who I am. I am your Heavenly Father.

This Gift of My Divine Love is a Gift far greater than It is understood to be. It is a Gift of My Divine Love, giving strength, deeper understanding, and hope for a Future Time that the human way of living will not be present, but the Soul that is within each human being that is in Heaven, will be treasured openly.

Though Many will not be called ‘Saints’ because They did not come from a source that used such a Title, but in My Divine Love for every Soul that I created in the beginning, and has returned to Me because of the one in whom It was placed at the moment of conception, there are no nationalities or degrees of learning that come into My Decision on how I will address the Soul that one day will appear before Me and wait for My Direction, and where to go and what will be expected of It from this point on.

Human life was created out of Divine Love, because human beings of all ages have the ability to fully understand the importance of everything they think, say and do, thus automatically being able to fathom, to understand in a beautiful manner and way, that there is a Goal for human life another way.

Today, as Many Saints are Here with Me now, I smile at this, because Sainthood is a Goal for every human being created.

Children are not being instructed indepthly. So many important words are just in some way thrown out to be understood, and to be seen for the magnitude they represent morally, mentally, physically, psychologically, spiritually.

My Love for this Creation of Mine is above and beyond what the human mentality can perceive Love to be, but It is a Love that is endless. It is Forever and ever and ever, because the Soul, as a Portion of The Creator, has this privilege.

Closing My Words is sometimes difficult, because I must confess, to have the privilege to speak like I

speak, and give Words of Advice that no other place has the ability to do, remember, as you have accepted This Gift of Divine Love by putting the Words in print that Many of Us would speak, is a Blessing that one day you will be remembered by, when you enter the Kingdom, the Heavenly Way.”

SAINT AGNES

“I am Saint Agnes.

It is true, Many of Us are present. This Gift of Divine Love is a Treasure to All of Us Here in the Heavens, because It has given Us the ability to participate in helping Souls to a more stable setting regarding the fact that when the Soul becomes evident, it gives much happiness Here in the Heavens, because you see, the Soul is almost the last to be heard, to be spoken about, and to be allowed to become evident in the mentalities that human beings are gifted with.

I speak differently, I know, but The Father, in His Manner of doing things, has given to All of Us Saints a joy to be able to be so openly obvious and participate in helping other human beings see the Beauty and the Justice in being created a human being.

The word ‘Sainthood’ to some is just a word that belongs to Someone Who is gone, not present, but I assure you that Our Presence is consistently wherever you are, because it is

important that when you ask for help and The Father gives Us permission to aid you, to comfort you, to guide you, it gives Us much happiness, more than the human way would understand it to be.

Heaven is a Gift of Divine Love, and serving The Creator is a Gift, Greater than it is ever spoken about, because you see, All of Us Here want all who are yet in the living state, to one day enter the Kingdom of Heaven and share What We have, in every way.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I hold *the little one* tightly because of the Power I use for My Will to be delivered for the sake of millions of Souls.

As I speak These Words, only One besides herself hears What I have to say. That is why I request so many others to put into print What they hear Me deliver through her, because My Love for human life is beyond what It is understood to be.

In All My Words that I speak through her with, it is to help others more fully comprehend that I am present in a degree, a way sometimes difficult to be understood by them, but My Words are to deliver in a Personal way, My Love for this Creation of Mine, human life; the Goal for the Souls that each human being is the custodian of, because the Soul is a Gift of My Divine Love that nothing else created has.

What the Soul does is more than is understood to be, but It gives

to human life the knowledge that I Will them to know because of the Importance of human life in regard to the Soul. So many find it difficult to understand because they cannot see the Soul, but they innately know that human life is in a category of Beauty and Divine Love that nothing else has.

I will close at this time, but I Will you to understand My Divine Love is in every human being born, and it is My Will for the Soul to be returned to Me in the Beauty and Love of being called ‘a Saint’.”

JUNE 25, 2004 AT 1:25 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Many of Us are present, because This Gift of The Father’s Love is a Gift above and beyond what most individuals see It to be. It is a Gift of Divine Love based on Divine Theory, Divine Understanding, Divine Purpose, and Divine Goals for the Souls of millions and millions and millions of human beings.

Though it is difficult for many to comprehend or even sense the Beauty, the Value, and the Purpose for a Gift of This Measure, This Degree, This Divine Love, to many it sounds impossible, but it is not impossible, because the human mentality was designed to look for what is important, what is valuable, what is truth, what is necessary, and what gives strength, hope, understanding to the mentality of the individual who understands that This Time in the History of human life is as Special as the Time when The Son of The Creator was crucified. It is a time to enlighten those who should

know that human life has a Goal, not understandable to some because It is beyond what the human mentality can perceive It to be.

All that has thus far been delivered must never remain in one place, but must travel throughout the world. No matter what language others speak, let them see, let them learn to read what These Words of great importance mean to their understanding that they are a creation of Divine Love, and that there is a Goal for their Soul instilled at the moment of their conception into human life.

We hold *the little one* tightly because Our Power is so extreme, but it is important for All that is Decreed for human beings to learn, to more fully understand, and to follow Divine Plan because the Soul yearns for the one in whom It was placed at conception of the body.

Time is of the greatest importance, and the willingness to follow Divine Will is obvious by so much being given in an understandable form. There is so much to be spoken on this Gift of Divine Love, because so few people seem to let it

register within them. There is Hope and there is a Goal for the Soul that was instilled in each human life at the moment of conception.

The Soul waits for All We have to say, because the Soul will be the recipient of changes that will give more hope, more ability to fully understand there is a Goal for every human being to not just reach, but to live in a very different way, through their Soul that is a Portion of The Creator of All Things.

I will close, but as I do, I say: ‘Remember, you were gifted with the way of human life, and in this Gift you have a Goal that is Greater than anything you could ever want it to be. It is a Gift that will never change, because of The One that is in control.’”

JUNE 26, 2004 AT 11:42 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is important that All that has thus far been delivered must be spread throughout the world. Notice must be taken regarding how I have used this *little one* to repeat My Words, for others to better understand the role they play as being a Gift of My Divine Love, so that My Will will spread wherever there is need, caring, or the desire to follow What I speak, because all human beings, as you call it ‘human life’, has a Portion of Me within it, thus separating human life from all other living matter or things.

Communication verbally, physically, has an in-depth meaning to it, and it must never be regarded as not important, except of course, if it is impure, unjust, or not what I Will it to be, thus using it to appease all wrong, all impure things, ways, intentions.

I speak differently, because there are so many subjects that need to be covered, due to the fact that all mentalities have different acceptances

of what appeals to them, or what they are interested in, or how they will things to be.

All I have just spoken is different than I usually speak, but it is important for all ages of human life to be aware of their human behavior, wanting others to imitate them.

I have spoken differently today, but I promise you the Words are important, even if They only are used for one individual or two, to be mindful that everything they do, everything they say, everything they are example of, can be imitated either the right or the wrong way.

I beseech you to remember My Words, because each human being is a reflection to all others that they meet, and example is one of the greatest sources of communication that can be helpful, instructive, and/or impure.

Remember this, I beseech you.”

JUNE 28, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Gift greater than the human mentality can perceive It to be. I have spoken These Words before, but those who hear Them do not understand the Value, the Greatness, the Love that I deliver to mankind at a time when it is needed, because there is so much diabolical interference, intercession that is taking place in what is called ‘natural’ to human beings.

Each one who practices these sins knows indepthly they are sinning, but they use excuses to diminish what I have told them about many times. Impurities of the mind that attack the human body are only of the enemy’s persuasion, not Mine.

I have spoken this at this time, to alert many who will read It to think before they act, and to make the correct decision on how they will act. Remember What I have spoken.

Do not make excuses. The time in which you live, your mentality knows what is right, what is pure, what is just, what is logical, what is truth.

I close These Words with a Blessing, and I say, ‘I bless those who follow what I Will them to do, and one day, they will see the results of what they have earned, I promise you.’”

JUNE 29, 2004 AT 8:43 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Since I have given to the world My Love for human life through *one small individual*, it does not mean I do not care for all of human life, because I do care, thus giving *one* who would speak My Words openly, to awaken the mentalities through the printed Word on how I feel about this creation that has a Purpose, a Goal, a Reason, to fully understand I did not create human life without a Purpose and a Goal, because I placed within it a Portion of Who I Am, What I Am. It is called ‘the Soul’.

I am often repetitive on this subject, because I want the importance of it to be so deeply imbedded that no human being cannot understand the Closeness I have with every human being created, according to My Divine Plan.

I hear so many individuals say: ‘There has to be a God. How could all this have been done without One such as He?’ This statement is rational, logical, but oftentimes it is

forgotten when circumstances cause the individual to partake in some act, some venture, some idea, some purpose that basically is illogical to follow if one understands the close Association they have with Me.

I use This Gift of My Divine Love through *one small voice* to attract attention to Me, trying to instill into their mentalities My In-depth Love for this Creation of Mine, human beings.

As I close My Words on this day, I assure you, I am never far away.”

JUNE 29, 2004 AT 12:35 P.M.

MANY SAINTS

“Yes, there are Many of Us present. All The Saints Here in the Heavens are so happy when They can become Part of what This Gift of Divine Love is all about.

The Father, in His Love for mankind, instituted This Gift, did not just design It for the Beauty and the Love and the Hope He has, but to aid human beings of all ages when they request for help to give them hope, strength, and to accomplish being close to The Creator, like so Many speak openly about.

We All speak different when We speak through this *little one* that is present with you, because her sensitivity in What We say is many times of a great concern to her, because of her innate desire to have all things helped in a manner and way, with no blemishes in any way.

In This Gift of Divine Love, there are more Facets to It than are seen, or are expected to be. All of The Saints Here in the Heavens contribute time

to become a Part of giving Hope and Direction where it will strengthen the physical, the mental, the moral, and the Spiritual lives of those who are committed to serving in this aspect of delivering Messages to others.

The little one We speak through and use is always conscious of Our Presence, but always humble enough to wait for Us to make the first step. Those who are present and receiving These Words at this time, are Blessed in a degree and manner for your Faith in The Divine.

As you have become dedicated to This Gift of The Father's Love, your time is important to Him, because as you serve, He remembers this as you show care, caring, in a sincere understanding of wanting to be part of This Gift, that without the Communication you would not know of all the things you have learned about. This is important, because your Faith has given you the strength, the purpose, and the background for being not just humble, but consistently desiring to serve in a manner and way that many thousands of individuals would not feel it was up to them to offer prayers, service, giving hope

through the written Words that are delivered almost every day.

I close My Words today, or at least at this time, but I want you to remember: Each time you take the time to serve in a Spiritual, loving manner and way, you please The Father and The Holy Mother more than words can say.”

JUNE 30, 2004 AT 1:03 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Many of Us Here in the Heavens request The Father if We could speak important Words through This Gift of His Love for all of mankind. The Father smiles at this request, and He says, ‘Yes, and what do You have to say through her?’

We immediately respond with what We feel would give aid, strength, hope, encouragement for all ages who read the Words, to better understand the Beauty, the Magnitude, and the Gift of Divine Plan, but We also mention at times there are more Gifts from The Divine than are accounted in the minds of human beings.

True, human life is a Gift, and this form of living matter is gifted with so much: a brain, allowing many abilities to travel from the brain, within the brain, to further the knowledge that an individual or several individuals can make claim to.

Our being a Saint is truly a Gift of Divine Love, because Many of Us have the privilege to share what The Father Wills when an individual prays to Us, and We are allowed to transmit, transfer certain facts that would not have been thought about by the individual to the degree that We are allowed to express it.

We hear individuals say, ‘Faith in The Creator, but also, Faith in The Saints is important.’ No words could be truer.

It is sad when individuals ignore The Saints, because The Saints can be related to what human life has: someone to speak to, someone to discuss a situation with, and someone to aid others to learn or to know facts that are important.

This time as I speak, it is to help those who walk a path dedicated to The Divine. As you walk this path, remember, you are gifted with the knowledge of simplicity, of hope, of more understanding what a privilege it is to be created a human being, thus having action verbally to The Higher Ones.

The Heavenly Father is so pleased when those who are yet in the living state depend upon The Saints for help, for aid and for consolation, but also to be able to be close and innately learn the Beauty and privilege of becoming ‘a Saint’, and hoping to become One at another time and have the privileges that Saints are given to be available to aid, to give consolation and hope.”

JUNE 30, 2004 AT 1:52 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

As Many of Us Saints speak oftentimes through This Gift that The Father has given to the world, We often would like to tell those outside of this room, in an open manner of course, to speak prayers of help for the thousands of individuals who are in great need of someone to care.

Many would say, ‘Why this way, when The Father knows who is ill, who needs help?’ Let Me put it this way: When you are in need in any facet of life, does it always get helped by those who surround you, or those who supposedly care deeply about you? Is it not so that you must ask and request in a personal way, when you need prayers for a particular concern, problem, or inability to do something of great importance?

The reason prayers are requested openly is so that there will be more prayers spoken, allowing an individual to communicate with The Divine, even when they do not know

the whole source from where the need is necessary.

Prayer is a common Gift of Divine Love, made common to the average human being to remember to be considerate, concerned and helpful at a time when it is needed.

I know I speak differently at this time, but prayer is an important communication that should be practiced in many ways, many times. As a human being, do you not communicate with those who are alive when you feel you can get aid or help to solve a particular situation, condition?

Remember what I have spoken. It is important to think in a broader scope than it is normally done. The Father, in His Love for human life, tries in many ways to open the mentalities to a greater scope of understanding, that just helping another human being pleases The Father beyond what the human mentality can perceive.

Prayer is a Gift of Divine Love, and it is a privilege for anyone who uses it in every way it is conceivable. Remember this.”

JULY 1, 2004 AT 12:03 P.M.

GOD THE FATHER

“This *little one* is going through another in-depth relationship with Who I Am, for the purpose that will instill in others more understanding, more direction, and hopefully more belief that My Presence to them is available each time they pray to Me.

The act of prayer has become lesser and lesser, due to the excuses that each one’s life is so occupied with necessities they feel interfere with their Spiritual motivation. They also claim that it does not diminish their love for Me, only their time.

This statement is logical to mankind, but illogical; but excusable in their sense of reality, in how they prepare themselves for the time to be called ‘a Saint’.

There are Many Saints Here in the Heavens that are not recognized by those yet living the human way, but My Love for those who have served Me and spoken to Me in private ways, I have not forgotten.

Today as I speak, it is important that millions of minds awaken to the Future, and put less time on the physical practices that please only for the time they are used.

My Goal for the Souls for everyone I have created is Far More Important than the human evaluations of what is important. I also add to this, that when an individual makes *'The Sign of The Cross'* on themselves, I would prefer it be done more spiritually, more respectfully, no matter where they are.

As I close My Time at this time, I am never out of sight. My Presence never leaves. This may sound difficult to understand, but as The Creator of All Things, My Presence is always available.

With My Words at this time, I bless those who take the time to put into script What hopefully will awaken the mentalities of thousands of human beings when they read What I have spoken in My Divine Love for this Creation of Mine that I am a Part of at all times."

JULY 1, 2004 AT 1:01 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come on this day to assure those who accept This Gift of Divine Love to aid themselves in one day becoming ‘a Saint’. So many individuals feel that the Goal of Sainthood is impossible for them, thus eliminating all their pure actions, pure thoughts, and the purity that they use to give others hope, in giving them the strength to believe that there is a Creator, and The Creator is Above all things.

As I speak on this day in your time, it is to reaffirm in your mentalities that in your creation of human life, you were given the Greatest Gift, because in the mentality you have learned to more deeply understand that as there is a purpose to every act you perform in your daily way, that this in many ways gives you the strength to see and to more fully understand that in the Gifts of life, you learned that The Father has a Gift awaiting for you, for all you practice, all you think, and all the kindnesses you do.

Nothing has ever been created in the living state that did not have a reasonable purpose, even the animals, but the animals were created for a different purpose, not human in any way.

As The Son walked the earth and He instructed consistently that there was a Goal for human beings to look forward to and be called ‘a Saint’, a Title in the beginning not known about, but eventually it became an everyday word, because it covered the behavioral patterns of living human beings, urging them to look at what was important morally, mentally, sexually. So much was taken into consideration, and so much Divine Love, helping with interpretations, giving to human lives the Foundation to stand on, stand with, and use as the Goal The Father intended the Soul to reach — Sainthood.

As I close, I bless you from Where I am, and I assure you there are more Blessings than you will ever know about, until the time comes and you face your Creator. He will then tell you, and bless you His Way with His Divine Love, that you will be the recipient of Forever and ever and ever.”

JULY 2, 2004 AT 12:53 P.M.

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret. There are Several of Us present. Each of Us has told The Father it is a privilege to walk the way He allows Us to walk, because in this Gift of Divine Love, We have the privilege to answer prayers, answer questions in a way not conceivable to the human way, but I assure you, it is to aid all human beings, and to encourage them to see the Value of the Generosity of The Heavenly Father.

He has never left human life alone with no one to guide them, no one to care. Granted, it is not in the same manner human beings understand, but there are many ways that are introduced to awaken the mentalities to see the value of What is instilled; thus, not just to ignore the wrong, but to cast it out and stay only with what is rational, logical, and has hope in it morally, physically, and for the Goal for which human life has the assurance for his or her Soul to return to The Creator, in the manner, way, and degree He chose would be best for It

to return to Him, representing the one in whom It was placed at the moment of conception.

So many men, women and children need hope, need in-depth understanding, so they can see the courage that is necessary to stand according to how The Father Wills them to: in protection of their Soul, that even though they cannot see It, they are conscious of a Presence within them that is above and beyond anything they know.

As I close My Words, I bless those who take Them and those who will read Them. I assure you, It will give you strength, courage, and a deeper understanding of the Importance of human life, and the Dignity that has been instilled in it because of The Father's Love for it.

I close These Words and I say, *'God bless you on this day and always.'*"

JULY 3, 2004 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have Blessed the world of human life, because in this Creation of Mine I instilled a Portion of What I Am. That Portion is the mentality to be able to judge what is right over what is wrong, pure over impure, just over unjust.

In My instilling into the mentalities, it was to give human lives the strength to perceive that human life had a Goal. That Goal was not spoken about in detail until I released it in a loving Spiritual understanding.

The first creations of human lives did not have this to help them, but they innately knew that there were things that they should accomplish, things they were given privy to, to aid them in their manner of association with other human beings.

The world has so many things wherein each human being can see that the world is only the beginning of

life, and that there is a Goal Greater for them to reach.

I have based so much on instilling an understanding for the mentalities to recognize My Love, though It is Divine, should be remembered by all who walk the human role that I, at one time, made Myself as a human being.

Many will find it difficult to fully understand on how I have spoken at this time, but I say it to awaken many mentalities that in My Love, I created One such as I Am for others to value human life, as they are the recipients of a Portion of Who I Am.”

JULY 6, 2004 AT 12:18 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come on this day to speak in a manner and way, hopefully that will be helpful to those who take the Words and those who read the Words at another time, another day.

In the Creation of human life, The Father Blessed it by instilling into it the sensitivity to understand what would be moral, what would be immoral, what would be kind, what would be unkind, what would be just, what would be unjust, or injustice in a form and way obvious, thus diminishing the importance of truth and sound facts.

In This Blessing in which so much has been put into script, every Word delivered through *one voice*, but put into script by many, many, many, so It could be remembered for Its worth.

At this time in which what is called ‘education’ that is an enlightening of the mentality on different subject matters, it is important to understand that much of what is learned can give

help, hope, and a deeper ability to cope with unsuspected occurrences that happen, either in a day or a week, a month or a year.

The human mentality has been Blessed, because within it, there is nothing harmful at the time it was placed in a human life. Other things created, animals and other types of living matter, have a different degree of being able to accept, reject, or use what they are permitted to partake in or see.

What I am speaking may be difficult for some to understand why a Revelation from The Divine would cover such a subject, but I assure you, it is to awaken the mentalities of human beings of all ages, to adjust to the different means, degrees and manners of all that the human body, mind, is exposed to and should be protected from, in many ways.

What is being spoken should be read for the importance of It, not just the reminder It is, but the worth It is, because the human mentality is oftentimes the main source of communication, the main source based on all the abilities an individual

possesses, and of course, everything a human being uses in so many areas of just living a human way every day.

The Gifts that human lives are gifted with are numerous, but so many times ignored or passed over as if they are unimportant.

The reason I speak These Words on this day, is to help those who are present and have the ability to transfer All that is given through This Gift of Divine Love, should never allow What has been delivered to just be cast aside, because those who are not present when We speak do not know the importance of many facets of human life. That is why so much has been put into script for others to learn from, learn by.

As I close These Words at this time, those present and those who pass All that has thus far been delivered through This Gift of Divine Love, must understand that they are not just witness to What is being done, but have the responsibility to see that others have the opportunity to more fully understand what The Father Wills them to know, to give them strength

and more understanding that human life has a Goal.

I could speak hours on end, but as I close These Words, always remember: As you were chosen to be the instruments of learning, and of helping others to learn What has thus far been delivered, the Blessing is far beyond what you can comprehend It to be, because to do The Father's Will is never forgotten, only Blessed abundantly."

JULY 7, 2004 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I smile when I say the Words that I just used to her as she knelt at the Altar to receive My Love in what is called ‘The Holy Trinity’. I said, ‘I could speak to you, through you, a thousand Words.’ The littleness she is was shocked at this Wording, but now I have told her to relax. I would not do this to her.

This Gift of My Divine Love is not fully understood for the Greatness It is, the Importance It is, or the Purpose It is.

Human life, in all degrees of mentalities, would find it difficult to fully understand that My Love for human life is incomparable to what human life understands love to be.

In so many ways, human beings think of the word ‘love’ as something beyond what they understand it to be, because the word ‘love’ is used in so many ways, but not in its fullest measure of meaning to so many who

feel the word 'love' is according to their understanding.

Love is a companionship. Love is a communion of understanding what another individual relates to another individual. In many ways, it is an association of communication that has within it a closeness that the word 'love' associates the human mentality with. Love can mean a sincere desire to understand another individual whose mind is in association with extensive learning, extensive communication that is becoming to both individuals; it can be three, four, five people involved.

The word 'love' is oftentimes misunderstood. It oftentimes is associated with just a physical communication.

I, in My Way, love My Creation, human life, because in this creation I have instilled the ability to return love My Way, by understanding more about My Reasonability of creating human lives.

The word also means a desire to have an understanding based on communication.

When I created families, it was to help human beings more indepthly see the value of human life, and that they had a purpose, and that was to create another human being, or more.

I will not speak long at this time, but My Love for human life is the Foundation for why I created human life, and that is to one day return to Me That Portion of human life that is a Portion of Who I Am, What I Am.

Love is often misunderstood in the wrong context of what it means, but Love was My Way of instilling an in-depth feeling for What is instilled in all human beings. The word ‘human’ is very important, because My Love for human life caused Me to instill within it a Portion of What I Am, Who I Am. It is called ‘the Soul’. Remember this.”

JULY 7, 2004 AT 12:55 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

I smile when I say My next Words: Exactness is a prelude to what is logical, good, or perfect.

We All smile each time We speak Our Words through *this small voice* that has received Our Words, not just hundreds of times, but into the thousands of times.

When This Gift began a long time ago, Its purpose was to enlighten, instill and encourage human beings of all ages to more fully understand that to be created in the human manner of living was a Gift of Divine Plan.

All things pertaining to the human way of living are of great importance, because the Soul is the ‘recipient’ of all that is thought, spoken, and declared, no matter what the subject matter ends up being, because only the subjects that relate to an individual more fully understanding, more fully comprehending, more fully observing, being sure that

the subject matter is safe for the Soul, no impurities, no misinterpretations, and all other things that would not be feasible regarding the Soul, because the Soul is Special in every way.

My next Words are to ask you to think on a subject of great importance. What if human life did not bear a Soul? What would it be dependent on, to stand before The Creator at a given time? Just the mind? Just the body? Is it not a Gift of Divine Love to know one has a Soul to speak for it in the correct manner and degree of wording?

I smile at These Words, because those who walk the human role through this closeness to This Gift of Divine Love, bear a responsibility above and beyond what they realize or understand it to be. As you profess to believe in This Gift, I remind you: You have accepted your way of life, and what you do to be example for All that you have learned in All that has been delivered, instructing you on the importance of your way of life, and your responsibility you have on your Soul, for your Soul, within your Soul. I beseech you, remember this.”

JULY 8, 2004 AT 12:35 P.M.

MANY SAINTS

“We All smile as *the little one* addresses Our Entrance, stating what she feels personally.

This Gift of The Father’s Love is a Gift far beyond what the human mentality can concern It, or follow It, or believe It to be, because a Gift of This Measure has rarely been given to the world, all through the History of human beings.

This Gift is not just to enlighten, but to ensure the importance of practicing what is morally sound, correct, but also the value of such a way of living, rather than just using time the way an individual acts, many times in manner and way not suitable to what the human mentality and way was created for.

In all areas of life, there are many living things that are noticed, such as the animals, the flowers, and many other things; but, human life is gifted with Divine Love, because in the human life, there is a Living Portion of The Creator that has a Purpose, a

Goal to one day return to The Creator, That Portion of The Creator, the Soul.

Now, though the Soul is never seen, It is felt in many ways, because it is innate in human living to have different emotions, considerations, evaluations, sensitivities, and desires to practice on certain subjects, certain conditions, certain evaluations, that one's mentality can be right or wrong in how they use this, and of course, all other things.

One of the most used words in the human behavior is 'love', and then the next word is 'like'. It is logical to have the first one 'love', because that is what the human creation is based on — Love of The Divine, and of course, hopefully love of those who conceive a child that will one day be a human being, capable of facing many, many important issues, practices, needs, and attractions to them, by them, for them.

Though These Words are different than They are normally dictated to be put into script, because without script, the memory could not remember all the different facets connected to subjects

that are important, or some that are not important.

In the creation of human life, each individual was gifted with a Soul. Though It is not seen, not felt in a physical manner, It is evident through one's mentality that within them, they have an innate Responsible Living Thing gifted to them, to one day be the remaining Portion of them.

A million Words could be spoken on the Beauty, the Importance, and the Divine Love that a human being is created for, with, and by.

As I close My Words at this time, more will be spoken at a later time, but those who read What is put into print, All of Us Here in the Heavens beseech you: approach each day with a wish that you will use your mentality, your actions and everything about you, for the benefit of your Soul that will be the remaining Portion of you when a certain day comes to separate you from the living state to the Heavenly Way.

As I close These Words, I say, 'God bless you,' and All of The Saints Here in the Heavens want you to remember one thing: There is a Goal for your

Soul. It is a Goal Greater than the human mind can understand It to be, and that The Father's Love for human life is The One Who gave human life this Gift of Divine Love that will be with Him for All Eternity."

OUR HEAVENLY MOTHER

She's smiling.

“I am your Heavenly Mother.

It is so beautiful to hear children of all ages speak kindly, lovingly, and interested in the importance of human living.

This Gift that gives to life that The Father created to share All He Was, All He Has, is a Beautiful Gift of Divine Love.

As you know, in the human way when you share what is good, what is interesting, and what will give happiness, you innately sense something occurring that will have a memory to it because of how you felt, and others perhaps, in the exchange of whether it be wording, or a picture, or a fact, or a sound communication, joining you in how you live, how you feel that gives you a closeness, plus a reality in your living way of living the life of a human being.

I know My Words to some are different, in their manner of thinking, but one day the Souls of those who live at this time will remember the Love The Father has delivered, instructing so much, encouraging so much, and giving so much Hope to a Future to life, to living.

As I close My Words today, I do not close Them forever, just at this time, to give you the time to read What I did say, and to give you the understanding that though you walk a human role, your presence is always with Us every day.”

JULY 12, 2004

“Christianity was founded basically on the reality of the logic that it was the Birth and Adult Existence of a ‘human being’ that walked, talked, and instructed openly, the value of human life, and that it was gifted with a Future of a Portion of it that nothing else created was the custodian of, named ‘the Soul’.

Though the Soul does not speak, or is It open to the sight of other lives, Its True Existence is obvious through Its instillment into human life. It is innately felt through the mentality and physical perception of human beings, not just sensing Its Presence, but Its Purpose, in their in-depth logic of understanding that The Creator of All Things added to human life a Gift Greater than the human senses, mentality, and/or imagination, giving human life a Goal for That Portion in human life, the Soul.

The very concept of having a Soul, innately describes human life as a creation of Divine Love and Divine

**Will for a Goal, thus wanting That
Portion of Him to be the 'Gift' of
human life returning to Him."**

**"In My Creation of human life, I
gave to it Several Things that other
things of living matter do not have."**

JULY 12, 2004 AT 12:37 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

When I choose to speak through This Gift of My Divine Love, I always speak in a manner comfortable for you to be able to take What I say and put It into print, for It to be read another day.

In the human manner of creation, I instilled into it many, many things: the importance of understanding what others would speak, and of course, how an individual would think themselves.

Then I instilled the beauty of color, to add to the eyes something that would bring happiness, joy, and create a different mode or way of seeing things.

In the heart of human life, it was to give an individual so many things. The consciousness of the beat of the heart was to instill the act of living, always to be remembered in one's abilities, and one's understanding of the importance of activity, action, that even in the mentality would be helped

in a greater degree through the beat of the heart, because you see, as I walked the earth in the human way, I had a Heart that responded to everything I did and that I would say.

The heart is an open sign of living, of being able to practice certain things, and to accommodate the mentality in learning that action has within it a Gift of doing many things.

It is important that as you live each day, remember to understand that every portion of your life, your body, has a purpose and a reasonability, because though your mentality has a stationary means, it is active every moment of every day, because within it, I instilled important things to give to human life the ability to think, to say, and use the mind as a means of motion, as a means of undertaking responsibilities, and as a means to respond to everything one is surrounded by.

The mind is an important part, just as the heart is, in your life every day.

Remember What I have just spoken, because Each Word was delivered because of My Love for what I created, called ‘the human being’.”

JULY 12, 2004 AT 1:23 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Many present Here with Me now are smiling at *the little one* through whom We All speak. As she saw more than One present, she questioned how Many would speak. I said: ‘*Child*, I will speak. Will that please you?’ She said, ‘Yes, Holy Mother, very much.’

Through hundreds of years, so much was instructed by those who read facts on the situations, the conditions regarding Heaven. Many times a Saint would inject circumstances, and what was expected of an individual. Of course, The Heavenly Father was The First One to approach this Manner of speaking, thus instructing all who would follow on how it could be done in a very comfortable and reassuring way.

Though it is difficult for many human beings to fully understand The Divine as being a Separate Entity of Living, nonetheless, it is a Fact, because in the Creation of human life, The Father, in His Love for this way of

using the Souls that would be placed within a human life, was an answer to Him that the Souls would be returned to Him, as He Willed it to be.

The Soul, as It is standing all by Itself, is a Portion of The Creator, designed in a manner, way and degree unknown to the human mentality, but nonetheless, factual in Its Design, Means and Manner.

Today as I speak These Words, it is to give strength morally, mentally, psychologically, to all who read These Words, because it is a known fact that human life many times is the recipient of what is called 'loneliness'. The Father, in His Love for human life, did not want this to also be a part of Divine Light, Presence and Love. All things were designed for the Soul to be returned to The Divine. Remember this."

JULY 14, 2004 AT 11:47 A.M.

GOD THE FATHER

“She is more with Me in degrees not understandable to the human concept or ability, thus allowing her presence and Words to be as I Will Them in My Divine Way; thus, to instill in millions of human beings that in their so-called ‘relationship with Me’, I give to them the Value of a Relationship not fully understood by the mentality of human beings.

I show her to you in a way and degree to help you better understand that I have chosen *one small human being* to learn more, and adapt more abilities to be able to separate Who I Am, and the physical version of you, what human life has been designed to be.

I show you through her appearance, that her actions and communication is translated for My Will, for It to be seen in a Higher Degree of Communication than the human mentality would be able to imitate, due to the fact that What I speak is an In-depth Proportion of My

Desire to be able to strengthen the human personality, based on how they receive Me.

Though My Power is of Great Importance, I have always submitted and committed a more understandable communication with human beings, thus giving to them the privilege to express their degree of association that is incomparable in how I address all things.

The Divine Power I use to aid all degrees of intellect has a Strength in It, a purpose in It, and an obvious Ability to be able to separate My Gift, My Love, My Strength, My Purpose, helping all of human life to see the rationalization of Communication; thus, in giving to them not just a stronger view on subject matter, but a personal advantage to better understand, to more fully comprehend the differences and the abilities human interpretations oftentimes dismisses or crosses out, imitating what they feel is not their manner of pursuing a closer means, thus repeating All that is delivered by Me in a more close identification to My Willingness to share how I deal with the Importance of the Soul. This is least used in

the human state, because in the human way, there are many personal interpretations that reflect only what the individual indicates to be.

I could write thousands of pages on this subject, but I assure you, I intend to use What I know is best, using time to give strength, more understanding to all who will find what so many human beings have practiced, is based on what the human assumes it to be.

I bless those who take the Words, and I bless those who will read the Words openly, because the human mentality must concentrate more on the Divine Relationship that tends more Concern and Divine Love in all aspects, all participations, all opinions, and all results.

Do not forget, the mind is the channel I use to encourage, to instill what I Will is important, but in My Love for human lives, I want all mentalities to awaken and persevere to do all things to eventually become a High Saint with Me in Heaven.”

JULY 14, 2004 AT 12:58 P.M.

GOD THE FATHER

“In My Creation of human life, each human being created I instilled a Portion of Myself, called ‘the Soul’.

This is not always thought about for what It means to the body. It is many times spoken in a casual manner, in the degree of understanding that does not measure up to the Importance of this Gift, that basically is a Portion of Who I Am, What I Am.

In My Creation of human life, I did many things to give it the strength to be able to absorb, to perceive, to accomplish, and to be able to realize that I wanted It returned to Me.

So many individuals talk about important facts of their degree of living, but so few mention that within them they have Gifts to give to their lives abilities, perseverance, and a conscious knowledge that there is more to life than living it in the form of flesh.

So many men, women and children speak openly on many things,

but rarely innately understand that in My Creation of human life, I used every method, means, that would give to human life special appointments to be able to use, to accomplish all that human life would one day need, or have the need to use.

Let Me take this for an example: tears from the eyes. They are not just a reaction of sadness or joy, but they are important to the eyes.

Let Me take now what is the nose: The nose was designed to give aid for several factors in daily living; breathing was one, and there are other things that will automatically come to the mind.

My List could be endless on every facet of human life. What is seen on the outside is only one part of human life.

All that I designed for the inside of a human body was to give it the abilities to perform physically, mentally, using all that was instilled at the moment of birth, for the individual to live a manner of life that would work with the Soul that was implanted at the moment of conception.

Hours could be spoken on My Divine Love. I have never once decided it to be different, so as I close My Words, I say to all who will read These Words and all who will learn about These Words, to remember: Along with the physical, and all the attributes of the physical, I instilled a mentality that would serve Me, that would in all ways aid the Soul that no one sees, but innately knows that within them they have Something of Great Importance.

As I close My Words, I remind you: The Soul, as a Portion of What I Am, Who I Am, please, return It to Me. That is the Only Thing I request to be returned to Me, in a state of Purity.”

JULY 15, 2004 AT 11:27 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

All who profess to believe in Me, in Who I Am, What I Am, is very important, because you see, Faith in The Divine through time, was put into script; but when I walked the earth at another time, I walked it to give hope, to give strength, and to give to human life the Reality of Who I Am, What I Am, and that in My Creation of this Personal Gift of My Divine Love, it is innate in Me to want all things pure, honest, and beneficial to the Soul of every human being.

Though the Soul cannot be seen, It is felt through one’s mentality of innately understanding that there is a meaning to life that nothing else created is the recipient of.

The Beauty of My Love is unquestionable, because of My Love in My wanting all Souls to return to Me as ‘Saints’.

Heaven is not known in Its full measure in the human way, the human

understanding, or the human belief, yet human beings upon the earth automatically want things that are helpful to them and give them the feeling of beauty surrounding them.

There is hope in beauty. There is love in beauty. There is respect in beauty, because the human mentality has been instructed, by just being human, that there is a right and a wrong, a good and an evil, a beauty and an ugliness to choose from.

I could speak endlessly through *This Gift of My Divine Love*, because I want all denominations of so-called 'religious understanding', to more indepthly sense that I, as The Creator, would have a Purpose and a Goal for a Portion of every human life created, because in this Creation of Mine, it was given reminding human beings of all backgrounds, that the Gift of human life logically came from a Higher Source of Love than the human mind knows love to be.

I could speak endlessly on this subject, because Truth such as I have just spoken is a Gift, wanting all who read It to more indepthly understand, My Love for human life is above and

**beyond what even I planned for this
Creation of Mine, a long time ago.”**

JULY 15, 2004 AT 12:35 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Mary Margaret, Margaret Mary, Mary Margaret, Margaret Mary. I smile when I say this, because you see, sometimes My Name is spoken so many ways, but I always know and hear what they say.

Today as I speak, it is with deep Love for human life, for do not forget I, too, at one time was a human being.

The Father, in His Love for human life, creates it for a Purpose, a Goal, and Sound Reasonability, because you see, the Soul of every human being is a Portion of Who The Father Is, and in His Love for this Creation of His, He has allowed so many to be born, because then this gives to Him many, many Souls that, without the condition children are born, The Father would not have all this to love, to encourage, and to instruct on the importance of the Purpose of human life, and what a great Gift it is.

Human life has a Goal. A goal is innate in human lives. The goal is oftentimes many different ways of

improving one's self, or becoming a part of something, somewhere. The list is endless, but in the Creation of human life, the Goal is to return the Soul to The Creator.

He always smiles when someone says:

'Heavenly Father, I want to live. I know my Soul is with me at all times, but if I die, my Soul will leave what I am.

Please, Heavenly Father, let me live so I can enjoy having more understanding regarding what life has been created for.'

I will close These Words, because in this Message that in many ways gives all the attention to The Father, it is a privilege for All of Us Here in the Heavens to speak What He Wills to be spoken. Remember this."

JULY 16, 2004 AT 12:52 P.M.

MANY SAINTS

“We All smile as this *little one* relates to you the Beauty, the Importance, and the Divine Love that was instilled, to be able to deliver today important Words to give you strength, hope, and a deeper understanding how close human life is to The Divine.

As The Saints are named by those who are yet in the world, it is always a beautiful thing to hear, because when those who walk in the human way accept what The Divine is giving mentally, physically, morally and spiritually, it gives happiness to All of Us, because it is innately strengthening those who speak that way. The strength is in how they will accept what is purity over impurity, justice over injustice, hope over despair, and much will give them the satisfaction that there is a Goal for the human manner, way of life.

I will not speak long at this time, but What I have spoken is important, because I assure you, as I was given the privilege to speak the Words, you can

be assured that you had the privilege of hearing The Divine.”

JULY 17, 2004 AT 11:46 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak often through this *little one*, and it has been a very long time that I hold this Communication with her from The Divine. In This Gift of allowing so much to be talked about, instructed in such a personal communicative manner, should encourage those who read the Words that it would be difficult, or even impossible, for anyone to speak so openly in My Name.

This Gift I have given to the world is oftentimes dismissed by those who feel they have great devotion to Me. Perhaps they do, and I do appreciate it when I hear them.

Today as I speak the Words understandable to men, women and children, it is to give to them the reality that My Existence shows, because My Words are in a manner and way that only I would dare to say and have put into print, bearing My Name.

Each day of living to the human life, is a day that should be held in respect and as a reminder that the day could be a day of dedication, because the Soul is given happiness when the Words from Who I Am, Where I Am, are spoken in a manner and a degree personal; thus, sometimes awakening the one who reads the Words that My Presence is constantly there, all hours of the day.

In My Creation of human life, it was to share a 'Gift' Greater than the human mind could compare It to any other living matter or thing. My Love for this creation is so In-depth, because one day when the Soul is returned to Me, happiness will abound in Heaven Where I Am.

The word 'Heaven' to human life is an unknown Place, but I assure you, It is a Place of Glory, Happiness, Beauty, and sharing with Me so much that the human way of life has never had the privilege of.

I will close My Words, because I could speak endlessly on how much I want all Souls to return to Me, because each human life created is given a Soul, and the Soul is the recipient of a

Portion of What I Am, Who I Am. The Soul I want returned to Me, bearing the name of the one in whom It was placed at the moment of his or her conception.

I could speak more on this. I will at a later time.”

JULY 18, 2004 AT 1:24 P.M.

**GOD THE FATHER
SEVERAL SAINTS**

“There is no moment in the day that One of Us or More, does not request The Father for permission to speak through This Gift of such Great Importance that was given to the world for the benefit of Souls to be returned to The Creator, Saints.

The world has been Blessed abundantly, and Many Saints Here in the Heavens speak constantly, even when They do not mention Their Names, because Each One Here in the Heavens wants all Souls, of all degrees of backgrounds and intellects, to return to The Creator and be called ‘Saints’.

The word ‘Saint’ to many individuals is not understood, because it is taken for granted that it cannot be associated with the human manner of living, because only the human side is thought about, and the word ‘Saint’ is rarely spoken as being a Part of a living portion of a living human being’s manner of life.

Several of Us are present at this moment because of the importance of this Message that all human lives must understand, because It will give them more logic on the reasonability of why they should look at life as a Gift of Divine Love, having a Purpose, a Reason and a Goal.

More will be spoken on this subject because it is of such great importance.

It is sad for Me to make My next Statement, but to think of one's Soul as a Portion of The Father, and understand that you, as a human being, are a custodian of this Gift at the moment of your conception until the day It is removed and returned to The Father when the human life no longer exists, is rare.

So Many of Us Saints plead with The Father to be able for Us to speak more often. He smiles at Us and says, 'I appreciate Your caring for the Souls, and I will tell You when I Will You to pass Words on that will give hope, strength, perseverance, and Divine Love for what You Will to be done, in not just respect for the Souls,

but Your understanding regarding the Importance of the Souls.'

I close My Words and say, 'Since I have given the world so much to learn at this time regarding the Importance of human life, My Blessings abound when I hear individuals and their Souls plead with Me for the sake of the Souls to be able to be thought of as Saints.'"

JULY 20, 2004 AT 12:25 P.M.

“This Gift of Divine Love must be understood by all who read the Words, that The Father has chosen This Time and This Way of reaching human beings of all ages, to more fully understand that the Creation of human lives was totally of Divine Plan, thus giving to human lives a Special Purpose, and a reason for it to walk in dignity, love of The Divine, and more fully comprehend that in their manner of living the human way, they must keep as their goal what The Father created for them to use, so that they, in their way, could honor Him and help others to learn to know the privilege it was to be created a human being.

So many individuals try to initiate how they feel understanding of such a Phenomenon should be seen, but many times they ignore the responsibility, and use It in a manner and way, almost appealing to the enemy that cherishes such an occurrence.

What I have spoken was difficult to say, but it is important to realize,

and to practice communication with The Holy Trinity is a privilege beyond what the human mentality can perceive it to be.

In the human way of life, it is natural to want to be well-known, and to want to be seen as special, or important, or progressive, beyond what others have had the chance to be.

I plead with you, do not be tempted by what would be termed 'ridiculous', but look at the Gift of Divine Love as a Gift beyond what the human mentality could ever decree It to be. It is above and beyond ordinary understanding, but reality says It Exists, and must be seen as a stepping stone to a Future Association with The Holy Trinity, a Gift beyond what the human mind could ever perceive the Greatness to be.

I could speak hours on this subject because it is not just a fleeting thought, but it is what would be called 'Divine History, Divine Love, Divine Hope, and Divine Wish for all of human lives to remember'."

JULY 21, 2004 AT 12:40 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In the Creation of human life, many things came into a reasonable understanding that human life would be subjected to an ultimate amount of subject matter, and also, times that it would be necessary to have the correct answer for the benefit of progress, of knowledge to be seen for what it was, and the innate ability of those who would be chosen to be able to answer above and beyond what most individuals would be able to show, that they were in line with the meanings that were appointed at another time.

As I speak differently, I speak in a manner and way that is far beyond what I can describe, because through This Gift of Divine Love wherein so many subjects become part of What is spoken, What is delivered for others to think about, and for others to realize that the Creation of human life was instilled with a monumental amount of logic, understanding, due to the fact that human lives would be subjected

to other human beings of different degrees of understanding, and also of background.

Backgrounds are important, because in the growth of an individual much of their understanding depends upon where they were born, and the communication they had with a learning of so many subjects that otherwise they could not become part of with individuals that were of a different background, nature, or degree of mental understanding.

Though I speak differently, I speak with Deep Love for human lives, because the very Gift of human life is far greater than it is accepted to be. There are so many facets to it that allow an individual to see beyond what they are associated with personally.

Let us take, for instance, the Gift of light. Sometimes light just occurs during a certain portion of the day, but then there is another Light when an individual begins to learn a subject that they have not understood before, have not been in communication with to learn about, thus giving to human life an advantage, but a Gift of more fully understanding that in the Creation

of human life, so much was open, was available for the human mentality to more fully understand the Gifts of Divine Love were so numerous, not just educationally, but spiritually.

What I have just spoken may be difficult for some to fathom in their manner of living, but I speak These Words to encourage one's ability to see beyond what routine of daytime to them would close up, without being able to further what they can more fully understand, giving to life not just more energy, but the beauty of understanding the value of learning about other things, because throughout the world this is an Endless Entity of Divine Love. It gives hope. It also gives more of an in-depth Faith in The Divine."

JULY 22, 2004 AT 12:32 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There are Many of Us present at this time, because This Gift of The Father’s Love is for all of mankind, all languages, all backgrounds and all degrees of intellect, because within each human being born, there is a Goal to human life, a Goal Greater than anything else can compare to.

Children are not being instructed or encouraged to understand that in the Creation of human life, The Heavenly Father had already designed all the things that would surround human life and the purpose for it, and the Goal for which He wanted it to reach, and that was to return to Him at another time. A Gift of this Magnitude is a Gift of Great Beauty, Divine Love, and based on what it can do, say, or give strength in, for every human being born the human way.

Let us take a list: In the design of human life, it was given a form. It was given arms, legs; plus, all that was encased in the body had a purpose.

Now, let us look at the head that is carried above the body. There is a small area that joins the two together, the body and the head; but in the head there is a tremendous amount of Divine Love instilled, thus giving to the rest of the body, strength, knowledge, courage, and many abilities to more fully understand the Gifts of human life are multiple in Divine Plan.

Other things created have a purpose, always did, for a good reason for their being created, but human life was created for a Goal, because within it there is a Special Gift that nothing else is the custodian of.

At this time, the year in which you live, so much has been instructed by The Creator to be put into print, so those who are yet to come will learn What you are learning now, because in the Creation of human life, The Father's Love, The Father's Will was Far Beyond what anything else created knows, or knew.

So, as I close These Words, I do it to remind those who read the Words, that along with this Gift of human creation, there is a Goal for a Portion of it that The Father instilled at the

moment of conception, called ‘the Soul’. Be mindful of this. Do not pass over It as if It doesn’t exist. It does. Be thankful for It, and remember, That will be the Portion of you that will return to The Father and be called ‘a Saint’.”

JULY 23, 2004 AT 12:12 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Gift I have bestowed upon the world of human lives is far greater than it is willing to be accepted. The negative reactions to It are in many ways abominations to the Importance of only what Divine Love could be so Generous with.

This *little one* walks a tightrope every day of her living life, because in her desire to appease all that is unjust and please all that is spiritually practical, logical, beneficial and based on Divine Will, is oftentimes used in the wrong manner, wrong way. The enemy encourages this, but It Must Cease!

Some individuals innately feel that to walk the road this *little one* walks is easy in all aspects of It, and All Deliveries that they misinterpret on their own human practices and human weaknesses, because it is so difficult to follow what is more obviously Divine in what it perceives the Messages to be.

We hear individuals say, ‘I think my own way, understanding it to be acceptable, meaningful and understandable, because I am a human being.’ So much personal interpretation ignores one’s Soul, thus there being the Soul as a recipient of everything a human being thinks, partakes in and practices as being pleasing to The Holy King.

I have put *the little one* I speak through, in a very strict manner of dictation because of the importance of What is to be revealed according to Divine Will, thus ignoring much human interpretation based on what they fail to believe; so, consequently, they use what is their own evaluation on what the Words, or the actions, or the responsibilities should be in their manner of being able to cope more to their liking, and more to their satisfaction in living the human way.

You live in a time where so much misinterpretation, and a deep, almost retaliation to What The Father Wills for them to more fully understand. Some of this is based on the fact that, the fact in which they feel is their privilege and their responsibility because of how they think, how they

interpret, how they evaluate, and how they consider what they are capable of using in their human way of determining, of what not only pleases them, but gives them the right of what they call 'freedom of speech'.

Needless to say, I could speak multiple amount of pages on these subjects, but My Love for human life is Far Greater than It is known to be, or I should say, cared about, because I am a Voice that speaks, but the fact that I cannot be seen eliminates the importance of the Value that I Will, I Wish, I Pray will be read for the Beauty, the Interest, the Deep Concern, the Hope and My Love as The Creator, will give strength and a deeper understanding that no one is alone in the world at any time, at any place, in any way."

JULY 23, 2004 AT 1:15 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is indeed a pleasure for Me to be able to dictate Words that will give to an innumerable amount of Souls more strength, more understanding, and more hope through My Delivering through *one small voice*, for others to put their Faith in Me, in the Words I dictate for others to read, giving them a way of thinking, a reason to think differently, or more than they are, and It always has a Goal that is not thought about until It passes through My Words to them, thus giving them strength, more knowledge, more perseverance in their willingness to help others who are not present when My Words are put into script.

Many times, when an individual speaks to Me in a personal manner, requesting aid, requesting help, or asking Me to help their decisions that they are about to make, give hope, understanding, and many times growth morally, mentally, psychologically, physically.

So much has been delivered using *one small voice*, yet requesting the Words be put into script, so What I Will others to think about, or to practice, or to spread to others so they can more indepthly understand a subject matter that I feel is beneficial to their mentality, and their will to use some form to help them, or to help others be reminded of what they are missing.

So much has been spoken through This Gift of Divine Love. I assure you, I appreciate all the efforts, the time, the understanding, and the willingness to take What is spoken and share It where It will give more to one or more individuals than can be imaginable to the human mind.

I speak in a different manner today, but oftentimes when Words change, They encourage those who take Them to awaken to the fact that there is so much to human life worthwhile, and helpful to even millions of other human beings.

As These Words are closed at this time, I bless you for taking Them, and I will bless you for sharing Them. Remember this.”

JULY 24, 2004 AT 12:20 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I smile as I speak My next Words. *The little one* I use is so close to Me that she speaks to Me as she would to her parents at another time.

The Love through This Gift of My Life to human life, is a Love comparable to the one I just described. In the Creation of human life, I Blessed it with an inward understanding of its closeness to Who I Am, What I Am, thus giving to human lives the ability to speak to Me at all times.

I will not speak long at this time, but I felt it would be a nice thing for some to read about. Just because you cannot see Me physically, always remember, My Love for human life was in My Creation of it, through the Soul I instilled in it at a given time.”

JULY 26, 2004 AT 11:25 A.M.

GOD THE FATHER

“The Purpose for This Gift of My Divine Love is beyond what the human mind can perceive It to be, because in My Creation of All Things, I have and had a Reason, a Purpose and a Goal, many times unlike the human mind could perceive it to be.

My Love for this Creation of Mine, in which I have instilled so many valuable abilities, and also the Gift of understanding that there has to be a Higher Power than mankind can perceive It to be.

In My Creation of all that I have thus far accomplished, there is much more that I Will to be done. That is why I have given to human life *one small body and a little voice* to distribute a multiple degree of What I Will human life to more fully understand and realize that human life, in My Creation of it, was to be able to learn how to spread My Will, My Love, for all of human life.

I will close now, but I have more to speak on this subject, thus helping

millions and millions of all degrees of intellect to better understand My Love, and My Purpose for creating human life.

I leave These Words with a smile for *the little one* I have chosen for such a Major Task, and she says to Me, ‘*Thank You, God. I love You.*’”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We All smile Here in the Heavens when We are requested to speak, allowing Our Words to be put into print for hopefully thousands to read.

Oftentimes We hear individuals say, ‘Wouldn’t it be nice if we could hear The Saints speak to us every day?’ We often do, but We speak through the Words put into script because, do not forget, They will last longer than most memories.

I smile when I say These Words, because Divine Love has no comparison to It in how it is thought in the human way, but the human manner of hearing, remembering and participating is a Gift of Divine Love in many ways. The sound of *a voice*, What It says, and many times Who says It, leaves a Mark on the mind and the Soul of those who hear It.

As I close My Words at this time, I say to all present here and all who will read My Words, ‘The Father has given to the world of human life a Gift

greater than It is seen to be, because as He speaks and He permits All of Us Here to speak Words of Encouragement, of Direction and of Hope, Many Here Who watch those who take the Words or repeat the Words, smile at This Gift, because within It there is no Greater Hope.’”

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. So Many of Us are present, All wanting to partake in This Gift of The Father’s Love for human life.

It is sad to see each day so little attention or thought, or even a small prayer be spoken The Father’s Way. Individuals find the Gift of communication with all they meet, all they talk to, and all others that they just say ‘Hello’ to, thus ignoring at a silent time, The Father of All of human life can be listening, and hopefully respond to a desire for something to be helped, someone to be helped, or a situation to be brought to being practiced or accomplished for the good of someone’s sake.

Today, as We All stand Here and speak through This Gift, This Gift has been given to the world to give Strength, Hope, Understanding, and a deeper communication with The Divine.

Thousands and thousands and thousands of all ages walk through each day and never even say:

‘Thank You, Father, for the day. Thank You for what was so good for me to be able to think, to say, to partake in, and yes, to help someone else in a better way.’

Thank you’s are far between, because the individuals of all ages rarely think of saying: ‘Thank You, Father, for just being alive today’; or, ‘Thank You, Father, for the favor I just received. I know it isn’t as big as some individuals would like it to be, but I know it will help me, and give me the strength to endure what I must face, or what I must accomplish, or what I must share with others in a particular way.’

‘Thank you’ is many times difficult for some to say, because ‘Thank you’ humbles the individual, but also gives to them a subject to be remembered, because ‘Thank you’ allows more understanding of what the ‘Thank you’ means, what it is meant for.

As I close These Words, I smile, because there are Many of Us present at all times, every day, through This Gift of Divine Love that The Father, in His Divine Love, has allowed so Many of Us Saints to partake in, because do not forget We, too, most of Us anyhow, walked the human way at another time, but We, too, had to face the obstacles, the sadnesses, and then the good things also. We found Our strength when We remembered to pray.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile when *the little one* asks Us if We are going to speak. It is family oriented. We All smile when We say, ‘Yes.’

The time has come for thousands more to understand and to read about This Gift of Divine Love. It is needed throughout the world, because there is so much diabolical influence and acceptance, thus ignoring the Importance of being a human being and having a Goal at a given time, and the Goal being to return to The Creator, bearing the name one walks upon the earth with.

This Statement to some might surprise them, but I assure you, identity is an important fact, factor, even Here in the Heavens, because you see, the Souls, when walking the earth in an individual human being, learned the importance of a name, and also, the realization that through the one in whom They were placed, They will be

identified at another time; of course, in a different way.

Human life was designed to bear within it, to be responsible for, and to one day have their name in Heaven. No human being is created without The Father implanting, or I should say, placing within the conception, a Gift of His Divine Love called 'the Soul'.

I will close My Words now. I could speak endlessly on this beautiful subject, and the Beautiful Reasoning behind it. All of Us Here in the Heavens want so much to have This Gift that says so much, to be spread throughout the world to enlighten all who are not close to what a Precious Gift human life is, no matter what the background is, in the one in whom It was placed; but the Soul was placed by The Heavenly Father to give strength to the physical, the mental, and the moral manner of living, for the privilege to one day return to The Father, and Him calling It 'a Saint'."

JULY 27, 2004 AT 12:35 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As you approach each new day in your life, you have learned to understand and to cooperate with all that would be normal to practice, and to give to your life a degree of learning, a degree of understanding, and a degree of purpose, that without the human structure you would not have this ability.

Today as I speak, I speak in a rather formal manner, because so much has been delivered and put into print regarding the Importance of human life and the Purpose for the Creation of it from the beginning, from the inception of when it was designed, for what it was to partake in at a later time.

Human beings have been endowed with specific understandings of the purpose for which human life stands for, and every portion of it that has a reason for it being part of the human body: the eyes, the eyelids, the arms, the hands, the body that

is the upper part, the portion of the legs giving the legs strength, and the legs giving the body strength, and of course, that portion of the leg that you walk on called 'the foot'.

There are so many portions of the design of human life that are overlooked for the purpose, the reasonability that they were presented in a workable manner, degree, and reason.

Human life to some individuals is taken so much for granted, that much is ignored in what human life is capable of doing.

Now, let us take the head that is separated by a neck from the body, and yet the mentality in a human life is a great source of learning, and is capable of giving so much energy to the way of human life.

What human life has been gifted with is rarely seen for the greatness it is, the importance it is, but also, that all things given to human life were given to be able to be used in the proper manner of course, and for the proper reason of course.

Every facet of human life was created to be able to give to human life experience, abilities, and a deep understanding that human life was different than all other things created because it has a mentality, thus giving to it the ability to rationalize, to understand important situations, values, conditions, reasons.

Repetitiveness, when one speaks about the human way of living can never be ignored, because all parts of human life, in some way there is a repetitiveness to give strength and to aid in the physical, the mental, and never forget, the moral.

Now, as I go on to speak, it is important to understand and to help others understand, that human life is a Gift of Divine Love, thus laying the cornerstone, so to speak, of the Life to come, a Life in a different way, but a Life dedicated to service — morally, mentally, psychologically, physically, because so many Gifts were not just given, but they were to be used to give to the Soul of human life the Importance that the Soul was created for.

The Soul is not seen, so the Soul is the recipient of all facets of human life, but the Soul is That Portion of The Creator of All Things, and that Soul is the Portion that is to return to from Where It came. The Place is called 'Heaven'.

I know that These Words are different than They are usually spoken, but They are Words that are being delivered to several individuals who have been with This Gift of Divine Love for a long time. Much has been spoken, much has been instructed because of the Divine Love that wants all who understand the Beauty, the Purpose of human life, will share It wherever they can.

As I close These Words, I say through *a small one* who delivers Them, 'Bless you for your time, and bless you from The Divine.'"

**THE THIRTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Every once in awhile, I place this *little one's* mentality and body in a closer contact with Me. My Reasoning for this is to allow her to have the mental and physical strength it takes for What I Will others to know, to be helped by, and to grow stronger in; because, as the custodian of a Soul, a Portion of Who I Am, the Soul many times pleads with Me to help human beings to realize that the Presence of The Holy Trinity is constantly available, and oftentimes speaks Words of Encouragement, of Direction, of Strength for the Souls of those that were created bearing a Portion of The Creator, thus helping them return to The Creator What belongs to Him, bearing their name.

It will be difficult for some who read These Words, to understand the consistent Closeness The Heavenly Father is to man.

The Divine Love that has been shown for some time now by delivering Words, not just for Encouragement, but in detail regarding the Blessing that The Father Wills all to understand, because the Blessing of This Gift of Divine Love is in many ways a Treasure that allows the reality of closeness to The Divine to be understood in a personal, close, consistent Association.

We hear some say, ‘Why does not The Father instill openly in more human lives, instead of just *one* that we know of at this time?’

The Wisdom used for This Gift is One Greater, because It points out for all of human life, showing them that each individual has the responsibility and the privilege to act in a personal degree, manner, way, in their association with what is beneficial to them mentally, morally, psychologically; plus, blessing the Soul that they are the custodian of, not seen, but innately felt in a way that is obvious, because the Soul, as a Companion to human life, works consistently to The Father’s Love of every human being born.

I close These Words with a smile, because in the Creation of human life, That Portion of it is to return to from Where It came and be called ‘a Saint in Heaven’, because in returning to The Creator, the Blessing is above and beyond what the human mind alone could not have seen, felt, or understood the Greatness that is open to all human beings because of the Soul, That Portion of the Creator that is to return to Him, a Saint.”

JULY 28, 2004 AT 12:40 P.M.

THE THIRTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are Many of Us present, and We always enjoy *the little one's* reaction to the time We want to speak, because if she is occupied in something she feels is important, she openly asks The Father what to do. He then smiles and says, ‘Follow what you know will be right for you.’

The world has been Blessed abundantly in so many ways, but when This Gift of The Father's Love was Announced, it disturbed many who heard Who would be saying the Words. Of course, the Miracle was Announced as ‘*The Miracle Of Saint Joseph*’, but is it not logical that He would want All of The Saints to speak, reminding all ages of human beings that there is a Goal for the Souls of human beings?

A goal in human life is oftentimes what gives an individual the energy, the desire, and the hope to be able to

arrive at the goal, even if there is not a prize available.

In This Gift of Divine Love, so much has been given, always taking into consideration how many different mentalities would be reading the Words, how many different personalities would be reading the Words, how many different ages would be reading the Words, but along with this, those who would be putting the Words into print would cover many ages of human life.

Many times, Many of Us Saints would say something, alerting The Father of what could happen. He always smiled at this and said: 'Are You not forgetting that it is I Who deliver What You speak? It is the Power I Am, and It is not weak.'

So remember, as you take the Words, those who take Them today, and have in many ways and times, you are always assisted by The Heavenly One. That is why so much has been able to be put into print, to strengthen not just the spirituality of individuals, but to give hope, assurance, and thanks for their participating in a Gift of This Dimension; because, to most living human beings, the Soul is

rarely thought about as the recipient of all that an individual lives in, participates in, or is the deliverer of, regarding subjects that are not always understandable to other individuals.

As I close, I say, ‘For Every Word you take to aid others, you are Blessed abundantly, because just one time reading Something of This Importance, could change the whole course of human life for greater things.’

As The Father blesses you who take Them, All of The Saints Here stand by, and in Their Own Way say, ‘We, too, thank you for helping others learn more, understand the indepthness and the Beauty of the Goal of human life.’”

JULY 30, 2004 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I am putting *the little one* through a severe manner, degree, for a purpose that would not be understandable, even to her.

I have given to the world a Blessing beyond what It is understood to be. Many times It is not seen for the Greatness and the Divine Love that It was created to be.

My *little instrument* walks as I Will her to walk, speaks What I Will her to speak, and performs her duties as I request them to be.

All this Personal Association is logical, due to the fact that in My Desire to associate so Personally with so many human lives, I have had to be more open, and perhaps more aggressive in My Words, but My Love for human life is Above and Beyond what the human mentality is capable of perceiving Its Reasonability, and My Hope for the Souls of all human beings, because as the Soul is a Portion of Who

I Am, What I Am, I want It to be the Strength, the Hope, the Divine Love and that Entity of service to Me, for the Souls of millions of human beings who, without This Gift I have given through *one small body*, human beings would not be as understandable, or understanding in how I feel about them.

I always smile at *the little one*, because her concern for how much I will speak, she fears she might miss a Portion of It, but I assure you, she does not.

Though her body is small, and My Power many times makes it appear weak, her love for Me is much more than she even thinks it to be.

As I have used My Way of reaching thousands of human beings, hopefully it will be millions at a given point, I am so pleased with the love that has worked with Me and for Me in such a loving and giving and serving manner and degree.

I bless all who have partaken in this time that I chose to extend My Love Divine, and My Hopes for the Souls Who, do not forget, are a Part of Me. Though you cannot see

the Soul or hear It verbally, It is in many ways grateful for This Gift that has spoken openly about It, making many individuals aware of Its True Existence.

I will close at this time because *the little one's* body is weak, but it does not stop her. I smile when I say My next Words. It lovingly stops Me.”

JULY 30, 2004 AT 12:50 P.M.

“We All smile at this *little one* that, for such a long time, has obeyed The Father’s Will through Us Saints, plus, when she felt He was directing something personal to her.

Obedience, to many individuals, is rejected because they do not want to be subject to someone else. Under certain circumstances, this would be logical; but, under a Gift of This Dimension, This Importance, and This Divine Love, The Father, in choosing *a voice* and *a body* to submit to All of Us Here in the Heavens, when We desire to speak on issues and important information that We desire those yet in the living state to be able to grow morally, mentally, psychologically and definitely spiritually.

Also, those who take the Words and use the Words to be passed on to others, are Blessed in more ways than they understand it to be, because commitment to accepting What The Heavenly Father desires millions of human beings to more fully under-

stand, that to have those who have the courage, the ability, and the desire to share is of the greatest importance, because oftentimes a human's voice is taken for the degree it is speaking a sharing of Divine Love that is audible, logical, and definitely giving to another human being a close communication on an important issue.

I speak differently today, I know, but hopefully it will be an awakening to some who do not like to read to others or speak to others about what they feel, the importance of the Revelations delivered, because they put human communication and acceptance in a different motive, not basing it on Its reality in how It is meant, but in their personality, worrying if the one they are speaking to will feel differently about them because of the subject being one of Divine Way and Delivery.

I have spoken differently, but it is important. Sometimes It is the greatest Gift another human being can receive, because it oftentimes allows them to see The Giver of the Communication in a closer union than they have ever seen before.”

JULY 30, 2004 AT 1:25 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Father has given to the world a Personal Gift, not always understood by most who hear about It, but there is always a Portion of It that remains within their mentality.

Today as Several of Us speak, you will hear only one sound of voice. (He’s smiling here). If We were to give you the Names, *child*, of the number Who are present at this time, it would not only surprise you, but shock you that so Many of Us would gather through This Gift of Divine Love.

As I say more on this, it is to remind you that a Gift of This Dimension is loved by All Here in the Heavens because of Its purpose, Its reality and Its Divine Love that exists within Every Word spoken.

In human conversation, the human manner of speaking enjoys different subject matter according to who is present at that particular time; so it is with All of Us Here in

the Heavens, because We are aware of the closeness some individuals have to This Gift of The Divine wherein We gather to speak The Father's Love, but also to speak of the Importance of Our Part that We are participating in, sharing This Gift with human beings similar to how We existed at another time.

The world has been Blessed, and it is important that All that is delivered through This Gift of Divine Love be scattered for others to read, even if they say they cannot accept It. You can be sure they will not forget It, in some degree, some manner, at some time that circumstances occur, reminding them of What they once read, and/or heard.

As We close Our Words at this time, We remind all who read What We speak: Remember, when the Apostles walked the earth and they were endowed with much Wording, giving Information and logical confirmation, Those Words remain in your time; so will These that have been spoken through This Gift for a very long time."

JULY 31, 2004 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are various situations and conditions that I do not want this *little one* I use to be the victim of.

Oftentimes things occur that in many ways become maladjustments to how they were created to be, especially when they abuse or portray wrongly What I Will others to see, to hear, and to grow more spiritually because of the Soul that is the victim and should only be the recipient of purity, morality and justice.

I have given to the world a Gift of My Divine Love, a Blessing, because I Will so much to be instructed for the sake of the Souls of millions of human beings that without My Intercession would be cast aside, ignored, and used for all that would be impure, unjust, unkind, thus catering only to those that the enemy uses.

I speak so many times on the Facts, in trying to alert, instill What I Will human beings of all ages to more

fully understand that in My Creation of human life, I had only Divine Plan; thus, causing the Souls to be returned to Me because They are That Portion of Who I Am, and that I want Them returned in Purity for their time to be happily acquainted to My Divine Intercession and Plan.

I could speak endlessly on this subject, because My Love for this Creation of Mine was to create what I felt would increase the number of Souls Here in the Heavens, for All to enjoy the Beauty and the Divine Love that is never-ending.

As I close My Words, I say with a smile, 'Time spent in learning to understand more about the Goal for the Souls of all human life, it pleases Me so much to announce to all who read These Words: As I greet the Souls Who return to Me to be called "Saints", I thank those in whom They were placed at another time.'

AUGUST 2, 2004 AT 11:46 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* I use to reach thousands and thousands and thousands of human beings. My Aim is to encourage them, My Desire is to instruct them that they have a Portion of What I Am, Who I Am, within them. I placed This in each human life created, to give moral strength and desire, understanding that human life was more than anything else created because of My Part of It that is called their ‘Soul’, that nothing else created is the recipient of.

Without the Soul, human life would have no Goal, and also, would not have the abilities necessary to understand that human life was designed, but also instilled totally in Divine Plan.

So little is understood regarding what a close Association human life is gifted with in its Purpose, its Divine Love in it, and the Goal to return to The Divine, That Portion of it that is Mine.

All Gifts of human life have purpose, reality in them, and definitely distinct from all other things created. It is a sadness when human beings use what they call their 'intelligence', to compare human life to all the other species that are based on purposes, but not the same idealistic Gifts in which human life is the custodian of.

I say these things because I want more understanding to be able to help all ages of human life to value the Gift of human life, because within it there is a Portion of Who I Am, What I Am, that nothing else created is gifted with. It is the Soul.

The Soul is a Gift Far Greater than It is seen to be, or expected to be, because too much emphasis is placed on materialism, on human accomplishments, thus disregarding the Divine Link of the Soul that is the Strength morally, physically, spiritually, that nothing else is gifted with.

I have Blessed human life with My Love for it and what I expect of it. I promise you, your Soul is the recipient of all you think, say, and do. That is how I know you in ways you do

not comprehend My True Association through My Divine Plan, to be able one day to Judge how you live.

I want you to remember All that I have spoken, because it is your Soul that will report to Me that what I already know. My Divine Love for human lives is Far Greater than it is understood to be.

I close These Words with a Blessing to remind you: My Love for you as a human being is based on how much you give and how you live, how you speak, and how deeply you use all you are, remembering I created you to return to Me, a Saint.”

AUGUST 3, 2004 AT 1:09 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

A long time ago, after the creation of human life became apparent to so many thousands of individuals, I found that there were many innate factors, features, weaknesses, that made it necessary for morality to be a point of direction, of understanding, and not just a word to be known.

The human mentality was created as a Gift of Divine Love, not just instilling into the mental, wording or remembering, but to designate what would be properly orderly for individuals to speak openly to one another, to be able to handle subjects feasible for the purpose intended, allowing human beings of all degrees of intellect to understand the Purpose for which human life was created, and that within human life there was a Guiding Light called ‘the Soul’.

The Soul, in many ways, is the Protector, and when the Soul was put into a great degree of individuals, morality became an important issue,

thus encouraging all mentalities to understand that morality was the Foundation for Sainthood, along with the moral act, actions, practices; plus, knowledge on many subjects that would not allow immorality to become the key to other things, such as speech, or communication in a personal degree, manner, way, physically.

Needless to say, each time a subject is brought up, it is listened to by those who are close to the ones speaking, or sometimes by the Love of The Divine, bent on encouraging a more important manner of understanding, of delivering, of participating, what could be termed vile in morals, vile in contempt, and vile in what would affect the Souls of those listening at that time.

Many who read These Words will try to ignore the in-depth value of Them, but I must add My Words in a different manner: Every human being, at the moment of his or her conception, is instilled with a Gift of Divine Love called 'the Soul'. The Soul is the recipient of all that one or two people speak, or practice as one.

I could speak hours on end, on What I Will all of human life to understand, but many could not handle the time or the subject matter, because they feel that they have always understood what is good, what is evil, what is moral, what is immoral, what is human, but they sometimes miss out on one factor: the human mind has the freedom to think, to speak, and to have an opinion. This is a Gift, but it can also be that portion of one's thoughts that is attracted to something impure, unjust, immoral, mentally and physically."

AUGUST 4, 2004 AT 11:43 A.M.

“There are Many of Us present, witnessing the necessary changes and advancements necessary to be in a Divine Measure of This Magnitude. Times like this are not always witnessed, but there are times of necessities to aid What has to be spoken, and sometimes seen.

You live in a time wherein there is so much hypocrisy, totally based on humanistic versions of the importance of human behavior and living matters.

The reason *one small voice* is chosen, is to avoid any circumstances that would only be what human interpretations would interfere with. Today is another difficult day for this *little one*, but the purpose is necessary, due to the necessary changes she must commit to.

Human life was created for a Higher Entity of Existence. So many individuals will not understand These Words, but eventually, they will respond to Them psychologically, morally and physically.

It is sad for Me to use *one small body* for such a Major Task, but many years ago, Our Communication agreed on what was necessary at a given time.

Thousands of pages could be put into script on the Importance of human life and the Divine Gift of the Soul that is placed in it.

I add to this, the fact that no human being can fully admit that when they partake in a sinful act, based on immoral acts physically and mentally, or so-called 'physical communication' with someone else, does not enter their mind that it is wrong.

There are many degrees of impurities that automatically ignore the Presence of a Soul that is a Portion of Greatness within them.

Many Biblical Stories have been put into print, but They are not always thought about in a personal situation, thus considering Them Words of the past.

I will close My Words at this time, but My Intentions are for Them to be read by thousands of human beings, due to the fact They are meant to

awaken the values and the Importance for which human life was created, thus designing how He Wills human life to have the joy of living the human way, by instilling a Portion of Himself called 'the Soul', and then instilling what would be pure thought, word, deed, over what would be impure, unjust, and displeasing to The Creator of All Things.

As I close These Words, I must add: The Father pleads for all of human lives to be aware that they have within, a Portion of Him. It is called 'the Soul'."

AUGUST 4, 2004 AT 1:15 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Several Saints are standing Here with Me as I speak to you on this day. Many times They request if They might stay with Me when They know the Words are to be handed to human lives throughout the world. Most times I say, ‘Yes,’ because it is important for All Here in the Heavens to know What I Will those upon the earth to more fully understand, because as The Saints are so close to those upon the earth, many times what the Saint is aware of can give aid to the one who is about to make a mistake. There is No One Here in the Heavens that does not desire all Souls to be returned to from Where They came.

Granted, in the Creation of human life, the Soul was not allowed to be seen, because the Soul is the recipient of what a human being consists of, and how the human being practices morals, and how the human being uses the capabilities it is endowed with for many things.

We bring tears to *the little one's* eyes, because Our Love is a Love beyond what the human mentality can ever perceive It to be.

When human beings were created, they were given many Gifts, many talents, but also, the ability to know right from wrong, good from evil, love from hate. In hearing this, some might say, 'Then why do I not say the correct things all the time?' I smile at this remark to Me.

What is called 'the free will' has many divisions to it. The free will is a Gift of Divine Love, giving to every human life the ability to use the mentality, or the morals, or the understanding that confronts every human being every day they live the human way.

The choice is a Gift of Divine Love. It has always been this way, but the important thing is that the human being knows innately what is pure over what is impure, what is just over what is unjust, and what is, in a simple form, right over wrong; but so many times, something or someone, or a condition of situations leaves a deep impression, and the individual chooses what is

comfortable at that time, or what they feel is logical at that time.

In the human way of life, there is a natural instinct to care about others. Now I did not say everyone they meet, but individuals choose other individuals to be closer to, to have more compassion for, and to feel a unification of belonging together. This, of course, is a Gift of Divine Love, not binding individuals to a situation or condition that would not allow freedom of the will.

As I close These Words, I remind you: In your creation, you have the privilege to choose what is moral, what is immoral, what is just, what is unjust, what is truth, what is untruth, but above all this, you have the innate sensitivity to understand that one day you will face The Creator and be Judged for all you practiced, you accepted, you partook in, in the human way. Remember this.”

AUGUST 5, 2004 AT 12:10 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I have come today to speak on a subject of great importance.

In the Creation of human life, there was never a favorite chosen, or a favorite born to live the human life.

All Gifts instilled in the human mentality, human actions, human purposes, are Gifts to aid and to help each human being endure all that they will be faced with in the living state that is so precious to Me, because in this Gift of My Divine Love, I instilled more than is seen, more than is felt, for each individual to partake in the Goal for a Portion of the human life that cannot be seen, but is innately felt every moment of every day, through one’s conscience, one’s mental capacity, and one’s understanding of what is morally right, pure, just and kind, over what all these things would be without the Soul that is so Precious to life, and to Me.

When I hear individuals suddenly learn about the Importance of human

life, the Goal for human life, it brings a happiness beyond what could be spoken about it.

I will close now, for I could speak hours on end regarding My Love for human life, and the Goal that awaits it when the physical portion is no longer there; but always remember: the Soul is That Portion of human life that is the recipient of everything a human being does, thinks, speaks, and all other natural, or so-called 'natural' benefits of human life.

I bless those who say to Me:

'God, please, I want to be a Saint. Give me the strength, the motivation and the understanding, because I want to return to You for what I was created for in the first place. Thank You, God, I love You.'

AUGUST 9, 2004 AT 11:43 A.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

There are Several of Us present, and Each of Us supports All that occurs through This Gift of Divine Love. By ‘support’, We mean that it is Our privilege to agree to serve, to aid All that is delivered verbally, physically and mentally, thus giving to This Gift of The Father’s Love a Word We would not be expected to speak, but We say it with Dignity, Honor and Love, Our allegiance and Our acknowledgment of This Gift, for the lives and the Souls of human beings to better understand, to more fully comprehend, and to adopt what each Rule stands for, thus adapting one’s mental thoughts, decisions, conclusions and human understanding; thus, being able to aid individuals who need help in having more understanding of such a God-given Gift of Divine Love.

We All smile as We use this *little instrument* that repeats Our Words but never hears Them. This Gift of The Father’s Love is far beyond what the

human mentality can perceive It to be, because Divine Will, Divine Love, and Divine Intercession is never seen physically, in the human manner of vision.

I will close at this time, because My Words, though They be different, speak with Divine Love and Desire to please The Holy Trinity.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I have come at this time to give you strength, and to encourage you to understand that The Father’s Will for every human being born is a Love beyond what could be understood in the human mentality, or the human ability, regarding that human life was created to fulfill The Father’s Love, practicing, using, and developing special times regarding the Purpose for human life, the Value of it, and the Divine Love in it that is never seen, never really felt by others, nor is It heard with a voice. Divine Love is Greater than It is understood to be, because It is a Strengthening Factor, a Loving Factor, that the human mentality or senses cannot describe in Their fullest degree.

As I speak to you, there are millions and millions and millions of human lives at this moment who want answers to things that concern them, but the answers they decree or they desire are in a different value of

understanding than the human mind is capable of.

Each day, Thousands of Saints Here in the Heavens, all ages, all backgrounds, answer prayers for those who beseech prayers, and They give aid when it is needed, where it is needed, because They seek The Father's Will, His Justice, and His Divine Love on what the results should be.

In the human state of living, when love is spoken, it is felt in an emotional manner, also has a sensitivity to it, in it; but when you think of The Father's Love, think of It in a manner and way of Great Understanding, and above and beyond what the human mentality could think It to be.

When you pray for a special situation, condition, or purpose, your prayers are heard, your love is considered, but always remember that in the Kingdom of Heaven, the Knowledge of what is best is a deciding factor.

As you pray for things you want to be done, or want to do, or feel serious about, it is natural to have a human perception, conception; but as I speak to you today, I say, 'The Father's Love

and the Love of The Saints knows all things,' so as you pray, remember to say:

***'Father, I accept Your Will,
and I love You, because You,
as The Father of All Things,
know what is best in every
facet of human life, every
degree for the Soul of a
human being.'***

MANY SAINTS

“There are Many of Us present. The Father arranges this to be sure that *the little one* He uses will be alert and follow what He Wills to be spoken, or heard, or shown.

So Many Here in the Heavens see This Gift as One of the Greatest Gifts human lives could become part of, or be the recipients. I must add to this: The moment this *little one* senses Our Presence, sometimes there are Several of Us present; rarely is there just One.

We have come on this day to say a few things of great importance, because each human life created has within it a Gift of Divine Love that each human being is responsible for, but many do not see it or understand it to be this way.

All the Gifts of human life have a purpose, have since the beginning of time. Most times the Gifts are accepted as natural and not Divine in Purpose or Generosity, giving to the one in whom it is placed a variety of abilities to not just cope with life, but

to live it for the Goal it was created for, to arrive at. That Goal is for a Portion of that life that is a Portion of The Creator, not always understood in Its Importance, but nonetheless, Fact.

Children are not being instructed in the degree they should learn about. Most things are materialistic, or based on the mental acumen of what is expected, thus ignoring the Gift of life has a Purpose that no one created is ever without, and that Purpose is based on the Soul, that though It cannot be seen, it is logical to the human mentality that care should be taken in how one lives morally, mentally, psychologically, spiritually.

I could speak hours on end, but I give These Messages in the degree I feel can be understood for the Purpose in which, for which They were instilled at the conception of the birth of a human life.

Today I will close My Words at this time, but as I do, I desire to add one point of importance: No human being should live one day without recognition mentally, physically, morally, that they are the custodian of a Portion of The Creator, called 'the

Soul', and they are responsible for how the Soul is treated in all issues morally, mentally, physically.

The list is endless, but as I close, I say, 'Never forget to thank The Creator for giving you the privilege to be a human being with a Goal.'"

THE APOSTLES

“There are Several of Us with you. We were the Apostles that walked with Christ at another time, another year in time.

As We hear so many written Words regarding the period of time in which We walked the earth with The Beloved One, The Sacred One, The Holy One, all the Stories that have been put into script, print and songs, deliver only a portion of what occurred at that Special Time in History, wherein The Son of The Creator walked a human path of living, constantly instructing in a degree and a manner beyond what many understood the Words to fully mean; but He would take the time and explain the purpose and the need to be able to follow a Set of Rules that would be based on Guidance, Truths, and a fuller understanding of the importance of obedience, because The Heavenly King wanted all who walked the human role, the human path, bearing the human responsibilities in every fact of human life.

Today in your time of life, as you read These Words, The Commandments of The Creator, through ‘one voice’, is not seen for the Greatness, the Importance, and the Purpose of the Instruction that occurred at that time. The foundation for important facts is most often based on the value of the subject matter, the purpose and goal for which it is to be seen — to give strength, hope, and a greater meaning to life in the human way, but also, in one’s understanding for the benefit of the Soul.

So Many Here in the Heavens want to speak to encourage those who are yet in the living state, to realize that to be created a human being is not just a fact of life, but bears much Hope and a Great Goal for it to one day become what is called ‘a Saint’.

A million pages could be spoken and put into print, but the number would be so great that the subject would not be seen for its importance. That is why, when you have the time and you desire to read The Commandments that were given at another time, it will refresh you, give you strength, and a deeper understanding, also a closer union with The Divine.

These Words have been spoken to alert you to try to daily go over the Words that were delivered a long time ago, and see the Words as not just Direction, but Communication with The Divine.

So much has been delivered to all degrees of intellect, all ages of human life. There can be no excuses for anyone to not recognize the Love and the Purpose of Divine Enlightenment in such a pleasant understandable manner and way, than through the mentality that gives to life strength, hope, and the knowledge to know the Will of The Creator, the Divine Love of The Creator, and the Divine Hope that one day you will be in His Sight.”

AUGUST 11, 2004 AT 1:10 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

We All smile with joy when We are requested by The Father or appointed by The Father to speak through This Gift of His Divine Love, that few individuals would understand a Gift of This Manner, This Dimension, This Delivery, deliver so much to give to each one reading It, a strength to understand more fully, more indepthly, how close human life is to The Divine.

Many times We hear a child cry, and We look to the elder with the little one, and wonder why there is not more sympathy, more concern, more innate love. It is sad when We see this, because the physical body, in all its strength and all it has been designed for, sometimes something occurs and aid is needed to correct what is wrong, or disturbing, or painful. All ages of human life have situations that occur that oftentimes are fearsome and not understood.

Today, as Many of Us Saints are present here with you, it is to hopefully

help you understand that as you walk the way you walk, and you practice more understanding on the Spiritual matters, degrees, situations and practices, you have the opportunity to ask in a very simple way, to gain aid for those who are ill physically, mentally and morally.

Now, some who read This may wonder why it would be spoken in this manner of alluding to the importance of so many things, using prayer as an aid, as a help, even as a situation that carries much weight for the mentalities involved, much more concern regarding the Presence of The Holy Ones.

I will close for My Words are different, but I assure you, each time you pray to give hope, strength or aid, you are Blessed more than you understand it to be, because when The Son of The Creator hung on The Cross, those who cried, those who were in deep despair over this, were Blessed by The Holy Trinity.”

AUGUST 12, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Many Saints present with Me as I speak My Words, though it is difficult for many human beings to accept or adjust to the obvious fact that at this time I am openly speaking through *one small voice*, encouraging, and also allowing all degrees of mentalities to more fully understand My Closeness to human life, and in many ways, delivering degrees of My Divine Plans.

At this time in which so much is being delivered by Me to awaken the human understanding that All the Writings that have been put into formal script, there were reasons for this. Granted, Some were not all exactly as They were dictated to be, but it was a learning process for them to partake in, but also for those who would read the Words, helping them to better understand the importance, and the various duties, actions of human beings.

The word ‘mankind’ is oftentimes thought of in only the masculine state of speaking or of hearing, but it is usually delivered to be understood to acknowledge both male and female human beings.

So much has been spoken through This Gift of Communication through *one small voice*, to thousands who, in reality, only partial of them could hear the Words direct, but the written Words were to give them the privilege not to be left out of such important concepts of what would be expected of them, and necessary for them to accommodate Divine Will, for their Souls to one day be returned in a State of Purity, and understanding of the Divine Love for It.

***The little one* We use. We smile when We say this next Statement: In what you call twenty-four hours a day, We oftentimes use them almost to the fullest timing available, thus to give to others either in speech or in script, What We know will go through this *little one* and be addressed according to Our Will because of the necessity for which It is delivered.**

Granted, so much has occurred in Instruction over a period of time, that basically should be strengthening to the mentalities in helping them to better understand how close each human being lives to The Divine.

I could speak hours through this *little one*, but the littleness she is could not accept the Power We Are in such an amount of time, but My last Words do not mean that We do not speak to her in a different manner, way and reasonability. She is so used to Us, that even though she worries when We are about to speak, she knows that she has been given the Task to repeat physically, or through script, because script is usually remembered for a longer span of time, and oftentimes gives strength inconceivable, but not always understood to be as powerful as It is delivered to the human mind.

As I close this today, she is never without Our Presence, but I must add to this: No human being is without Our Presence. That is why it is so important for human lives to understand the Soul is constantly accompanied by Divine Love, Divine Hope, Divine Influence and Divine

Care. I will say, 'Hopefully, this will be remembered.'"

AUGUST 12, 2004 AT 1:00 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It has been awhile since I have spoken openly through This Gift of Divine Love. It is Divine, because The Father, in designing This Gift for the betterment of human lives, He designed It to instill in all living human beings, a Gift that human life is, and in how many ways this Gift can add Grace to the Souls of the human beings who unknowingly when they are gifted, they do not feel It, nor do they see It, but when It is announced to them, It becomes a total part of them, never to be forgotten. It gives strength and instills many sources of desire to please The Father more, to be part of all the good that will be delivered to save Souls.

It is difficult for those who are born to the world, men, women and children, to realize that as they were created, they were allowed to reach for a Goal far greater than they could perceive It to be. That Goal, of course, was to return to The Creator and be

given the Title 'Saint', thus allowing them to see the Greatness of the Gift, but also, that others would pray to Them for help when needed.

If every human being created could, or I should say, would have the ability to understand what a Heavenly Gift human life is. It is never seen until the time comes and The Creator gives the Soul a view and perhaps a full understanding of the Importance of the Soul that was received through becoming a human source at another time.

My Words are different I know, but Here in the Heavens, The Father has requested Us to deliver as many important issues, points of concern, that will give strength to the mentalities of the human lives who have yet to learn so much on what a Great Gift they have within them, called 'the Soul'. It automatically gives strength, just knowing that to be born a human being had a Goal, had a Purpose, and has the privilege to one day return to The Creator in what is called, 'being a Saint'.

As I close These Words, I close Them with much Love for the privilege

of being able to put Them into script, because The Father Wills human beings of all ages to remember: No human being is created or born without a Portion of The Creator, called ‘the Soul’.”

AUGUST 13, 2004 AT APPROXIMATELY 11:47 A.M.

GOD THE FATHER

“I have given to the world a Gift that covers many areas of human life. I have passed This Gift through *one small voice, small body*, knowing that her love for Me, her strength in What she believes in, would give her the ability to transfer Word by Word, Act by Act, so that millions of human beings could read What was directed to be put into print; basically, to give them the strength, understanding and logic why I use *one small body, one small voice*, to accomplish to millions of other human beings to more fully understand more than My Presence, but My Love and Divine Will for human life.

Today as I speak, it is important that All that has thus far been delivered verbally and put into script, go to thousands and thousands of human beings that are in more need of It than they can perceive it to be.

I speak differently, but oftentimes I do it in this manner because, in so many ways, the backgrounds of human

beings can perceive subject matter and what is spoken in a degree that they have practiced, using themselves in their description of many things and ways.

My Love for human life is a Love Far Greater than It is seen to be, but as I close My Words at this time, I remind all who read Them, and hopefully all who will hear others read Them with sound attached to Them, My Love for human life exceeds what any human being can possibly perceive It to be.”

AUGUST 13, 2004 AT 1:52 P.M.

MANY SAINTS

“There are Many of Us Saints present. The Father, in gathering Us at this time, smiles because of the Love that is revealed through so Many at one time.

Love of The Divine is never missed, and those who think of The Divine are heard every moment, every time that they desire to give thanks to The Father Who created All there was, for the beauty of so many areas of life to be seen, to be felt as a strength for individuals to use, encouraging them to see in The Divine, Hope, Love, Understanding and Growth.

As so Many of Us speak through this *little one*, We use a small voice, but a heart that beats with much love for The Divine.

There are so many things every human being can contribute regarding helping others to feel the way they do about The Heavenly King, The Beloved Holy Mother, and yes, All The Saints in the Heavens. Many Who were named a long time ago, and I can honestly say

there are Many present Who no one is aware of Their Presence at this time, because so often the desire, the love, the hope and the wishes for a loved one to be close or with The Divine, for some families, it is not even considered in its full measure, full way, because at this time in which you live, so much materialism, materialistic ideas, and also human accomplishments take precedence over other important things.

As I close These Words, I close Them with much Love and much Hope, because All of Us Here in the Heavens passed through the human role, the human way, and the human 'highs and lows', but We All promise you that as you take the time to give hope where it is needed, love where it is justified, you please The Divine One in a degree greater than you know.

I smile as I say My next Words: *God bless you for your time, and for all you desire to do to please The Divine."*

AUGUST 14, 2004 AT 11:20 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many Saints Who stand Here with Me smile, because They are so happy to see The Divine Love, the love for The Divine, and the hope that those present consistently show by their devotions and their abilities to believe in how love for The Divine would be revealed in such a Personal, yet open manner and degree.

I hold *the little one* in a steady position because of the Power that I use to give her the strength to endure My Time that I Will to deliver to others with her, My Love, My Will, My Way, and that I have chosen This Time to reveal to all who will read the Words, that My Presence is constantly available when they pray, or they even think of Me in some way.

I know it is difficult for some to believe that I would address My Will, My Love, My Way through *one* such as they are, but it should give strength, and a deeper understanding of the

Closeness I have with every human life, every moment of every day.

Today as I speak, *the little one* says, ‘God, maybe they won’t believe because I am not a Saint.’ I say to her: ‘Their innate Faith in Who I Am will give them the strength to believe that in My Presence at this time, I truly stand in the Heavens and speak from Where I Am. This reassures them that as I am present in this way, I am always present when they pray.’

My Blessing goes forth through the Words I will say: *In Nomine Patris, et Filii, et Spiritus Sancti.*”
