PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SEVERAL SAINTS

“There are Several of Us present. It is true, We have moved in and out, waiting for the time to be right to ask you to put into print What is important for the Souls of hopefully millions of human beings.

The world has been Blessed in many ways, but as you put These Words into print, your participation in aiding others to know about This Gift is far greater than you can perceive it to be, because it is important that All that has thus far been delivered, be scattered throughout the world. There are thousands and thousands and thousands of Souls waiting for the ones in whom They are a part of, to learn more ways to please The Creator of All Things, and to constantly remember that within the human life, there is a Gift of Divine Love. It is called ‘the Soul’, and the Soul, as the recipient of all you think, do and say, will be responsible for you in a Holy way.

My Words to some are different, so they say; but today, as all days are, is important for the Souls, because the Souls are the recipients of all you think, do and say. Each time you say a prayer, it is recorded. Each time you share happiness with others, it is recorded. Each time you speak words of comfort, it is recorded, and each time you remember to say prayers to The Father, to The Son, to The Holy Ghost, or to Any Saint Here in the Heavens, you are Blessed. You do not feel the Blessing, but It gives you strength, stronger than you had before.

Each time We deliver Words to enlighten the mentalities of millions of human beings, for them to better understand they are not alone in the world. In the creation of each human life, there is a Soul, and in the Soul there is a Portion of The Creator. Because the Soul is the Connecting Link to all you think, practice, do or speak, it is recorded, according to the concept in what it is meant to be.

As you live the human life, you have the ability to serve The Creator through your example to others, through your love for the prayers that you feel give you strength, hope,

because these prayers remind The Holy Trinity of how close you feel to The Creator in all things you think, say and do.

I will close My Words, but I will return at a later time; but today, I say with sincere Love for human lives, ‘To become a human being is a Great Gift from The Divine.’”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

So Many of Us Saints Here in the Heavens are so pleased when The Father points Our way, or requests Us to take the time to deliver His Love for all of mankind. This Gift, in which, through which, and by which, so much Direction for the sake of Souls, is a Gift beyond what the average mentality can perceive It to be.

Each time a human being says prayers, or talks to The Divine in a loving way, manner, whether it is just a communicative manner of speaking, it is a beautiful gift, because the individual, in putting so much Faith into his or her Faith, is Blessed abundantly.

Though I speak differently on this subject at different times, always remember: Every age of human life has the ability, the privilege to communicate in silence with Anyone Here, because the Soul, as a Portion of human life, is a Portion of The Creator,

not always understood in this degree of Magnitude or of Divine Love.

Though I speak differently on this subject, it is important for all who read it, to see the Divine Love that is in it for the Souls Who will each day to be the day that the one in whom They were placed will realize how close they are to The Holy Trinity.”

AUGUST 17, 2004 AT 12:38 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many things I would like to request that you put into script because of the necessity for others to learn more about What Heaven is all about, because you see, when individuals speak of a Heavenly Way and that there is a Heaven for the Souls, others do not understand the magnitude of Truth in this Statement, because in the Creation of human life, The Father designed a Goal. The Goal was to return His Love, for the love that was shown to Him when the human life of others was in the world.

The Creation of the world is far above what the human mentality can perceive it to be. Every human life, no matter what part of the world it is created in, is a Gift of Divine Love because it has a Goal, thus giving It the desire to return to from Where It came, and be accountable for the privilege of being a Saint.

So many individuals innately, instinctively know that their human

life was created for another Goal, but they do not always act in the correct manner necessary for their Soul to be the recipient of the Goal that the Soul is eager to reach, because the Soul is That Part, That Portion of human life that is left when the human body no longer exists.

I could speak hours on end, but as I close My Words, I say These Words to you: As you walk each day and you live the life the human way, please remember it as being a Gift of Divine Love that was created to have a Purpose to return one day from Where It came, and when this day comes and the Soul feels alone, remember, All of Us Here in the Heavens welcome the Soul with Divine Love.

My Words are different. For some They may be difficult, but nonetheless, They are Words of Truth and Divine Love that nothing else in the world has what you have, when you walk the road of human life devoted to Divine Love.”

AUGUST 17, 2004 AT 1:30 P.M.

SAINT TERESA OF AVILA

“I smile when I say My next Words. Yes, I would like What I am about to speak to be put into script for others to read. I am Saint Teresa of Avila.

The world has been Blessed abundantly by The Father; and the love for The Divine that so many individuals use in a common way, an ordinary manner, and yet with Divine Love, thus causing The Saints a happiness not understandable to the human mind, but happiness, because when They see or hear a prayer, or an act of love delivered in the human way, for a human purpose, but based on love for The Divine.

Today as so Many of Us speak through This Gift, sometimes saying things that help others more fully understand what a Precious Gift human life is, and even more Precious than it is understood to be, because the human mentality and the human perseverance encourages many minds to think of The Divine, think of a prayer, think of a reason to ask for

help, and also, to communicate with The Creator on a need, or a desire to promote something within themselves, even to find within themselves more love for The Divine.

I could speak hours on this, and Many Saints standing Here with Me today smile, because They, too, would like to openly reach through *the voice* so They can be heard, like you who are taking the Words hear the Words spoken. The Communication is Divine.

You do have an opportunity. Never forget this, because as you think the words and you address them to an individual Saint, The Father is aware, and the Saint does understand your prayer.

I smile when I close These Words, and I say, 'Never forget to express your love in an open way, because when you do it this way, you say to The Father:

I love You, and I want all to see that I do. I want to hide nothing about how I feel toward You.'"

AUGUST 18, 2004 AT 12:20 P.M.

MANY SAINTS

“The number of All of Us present at this time would shock you. There are so Many Saints Here in the Heavens that want to speak through This Gift that has been given to human beings to aid them, to encourage them, and to help them more fully understand what a Heavenly Gift it is to be born the human way because of the Soul that every human being is gifted with at the moment of conception.

The Soul is not seen by the human eye, but It is innately felt through the mentality of an individual by the mere fact that a human being feels an Importance to being a human being, and that it has a Purpose, a Goal that nothing else created has. This alone should give to an individual the desire to thank The Father for this creation that has so much to look forward to, and so much Divine Love obviously as Part of it; in fact, a Greater Portion than is understood to be.

In the human role of life, there are many facts, factors, interests and

purposes that give to human life a special stature in human life: first, the way it is created; then as it grows into an adult, the mentality, the hearing, and of course, the sight, but bearing the responsibility in being able to speak with sound that others hear, and sounds that in many ways allow words to describe many things, thousands of subjects that without having all that a human life has, it would be limited like all other things created.

Now, as I speak These Words, some who read Them will say, ‘Why is it so important to know what has just been spoken about, all the facets of human life that are important?’

These last Words some may not understand, but I will explain Them at another time, but always remember, the Gift of human life is a Blessing of Divine Love, Blessed with a Portion of The Creator called ‘the Soul’, thus giving to human life the advantage in a future way, future time, to return the Soul to from Where It came, and live in a Degree, Manner, Condition and Situation that will obviously be Where The Heavenly King is Present at all times.”

AUGUST 19, 2004 AT 12:54 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

We All smile when *the little one* announces Our Presence, because Our Presence to her is as obvious as your presence is to her. I say this with a smile, because she recognizes Us the moment she sees Us. I have the privilege today to speak so that others may read the Words, and hopefully not just be pleased by Them, but They will give strength where it is meant to be.

To face each day in the human way is oftentimes based on gender and age. Many times individuals who feel they have a brilliant mind and can take the time to discuss many important subjects, but they are hurried through, and feel they have not covered what was due to be spoken about.

Today as I speak, it is with deep Love for those who have accepted the responsibility of putting into print What The Father allows Us Saints to speak, hopefully to instruct in some form, some way, some degree, some manner, some purpose, What some

individual will use to strengthen their sensitivity about dealing with a particular subject matter that at the moment they are faced with.

Today as I speak, it is to help those who live in what they call 'the single state'. The single state is a privilege many times, because there is so much to be learned when one must deal on decisions that are of great importance, and will strengthen their abilities for a later time.

Today as I speak to you, in many places throughout the world there is a great need for hope. Hope is not always easy to feel, easy to accept, because it does not always reveal all the facets and all the different decisions that will give it an important stature in daily living. To be in the human way has so many separate decisions on issues, on time, on space, and oftentimes difficult because one is not experienced enough in what would be the right conclusion to accept.

Now, to some My Words may be difficult, but to some They will be a God-given Gift, because every human being has decisions to make, and daily life is oftentimes full of concerns

over different issues, facts, on how to contend with other individuals who are close to them.

My Words to some may be difficult to feel it was timely for such a Statement to make, but as I close My time with you now, I want to add: Never forget, The Heavenly Father is always available to guide you, and to give you the strength to make decisions that will be beneficial in more ways than you have considered in how you think.”

AUGUST 20, 2004 AT 12:38 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius. It is a privilege for Me to speak through This Gift, because some time ago this *little one* went to a school — she attended several grades in it — that bore My Name. She would talk to Me, and she would ask Me to help her because she did not want to make a mistake. Many of Us Saints Here in the Heavens now know her record for being concerned over a mistake.

We All smile at this *little one*, because the Gift that The Father has implanted into her mentality, and her willingness to speak, is a Gift beyond what the nature of human beings can perceive It to be. Her quiet nature allows this to happen. We All smile at this, because sometimes even We have to encourage her to say the Words she will feel but not hear, she will sense but not hear, and she will understand to be the Words We Will to others, for others to know, to share, and to use in the right capacity.

In ‘*The Sign of The Cross*’, many who practice it every day, do not say it in the correct manner. They use their hand or even just their mind, but they ignore the Sacredness of The Divine. Do not forget, when you say the words, ‘*In the Name of The Father,*’ you are not just asking Him to be with you, you are saluting Him in a human way, that you recognize He is The Creator of All Things; and when you lay your hand on your breast, your chest, remember, you speak to The Son Who one day was created to be a Great Portion of This Holy One; and then, when you cross from one shoulder to the next, you ask the Blessing of The Holy Spirit to help you, to give you strength, and to remember you in ways that only The Holy Spirit can see the importance of what you think, do and say.

So, as I close These Words, I say to you: ‘You are so gifted by just knowing that when you raise your hand to your head, you call on The Father and He hears you and wants to know what you are about to say; you put your hand on your chest, you call on The Son Who walked the earth and suffered much for everyone; and then, as you cross from one shoulder to the next, you call

upon The Holy Spirit; and you have the privilege to remember that wherever you are, you can always make this Sign to Them, and They will see it and hear it. Amen.”

AUGUST 21, 2004 AT 11:10 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I could speak continuously through this *little one* because of the sincerity and desire to please What I Will others to know. I have Blessed the whole world through This Gift, wanting What I dictate to be spread, even through other languages for those who do not speak the language you speak.

Many children throughout the world are not being instructed on Who I Am, What I Am, Where I Am. Too many so-called ‘knowledgeable adults’ ignore speaking about Me. Humanism is the main point for them to be acted in.

So much could be spoken on the importance of not committing sin because of the Soul that is within every human being created. This subject is oftentimes ignored.

I will not speak long, but I want to say one more thing: This Gift of My Divine Love, giving to the world

of human lives Information, helping them to realize that in My Love for human life I have given to it a Goal. If I had not given a Goal, this sensitive desire in human beings would not register so many times, desiring a goal that ensures human life in many areas of how they exist, and how they understand that having a goal is a Gift greater for the Soul than if there was no Goal to think about for a Future with Me.

I speak differently, I know, but My Words are lovingly given to give Hope to human beings throughout the world.”

AUGUST 23, 2004 AT 12:44 P.M.

“You live in a time wherein confusion of the human mind, the body, and certain circumstances is oftentimes not seen in the proper degree it should be.

Many times diversion or unusual circumstances are caused by the enemy to cover moralities that are definitely motives of demonic measure, thus allowing no wrong to be seen, but just human frailties, human thinking.

Children are not being instructed as indepthly as should be regarding how they think and what their association is with other people.

All of The Saints Here in the Heavens want to speak through This Gift wherein so much is spoken about to alert those who take the Words and those who will read Them, to the other side of what a situation, condition or evaluation can fully receive, perceive, conceive.

I will close My Words, but it is a thought to be thought about; it is a

condition that should be seen for the several, the many conditions that can occur, sometimes through one human being, one personality, one mentality.

My Words are clear and My Love for human life Greater than It can be perceived to be. Protection is a Gift of Divine Love that is never seen for the greatness It is, because the human mentality lives continuously on human interpretations. Remember this.”

AUGUST 24, 2004 AT 11:46 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Each time a human being speaks to Me, whether it is in a conversational way or through formal words of prayers, I listen intently, because I do not want any communication with a human being to not understand that the Soul that I have placed into it at the moment of conception, is My Communication with the human mentality, understanding, desire, that is obviously there, because I want each human being to understand that I am always in communication with their Soul, and how they pray for Spiritual Grace, because prayer was given to human life as a means of understandability that prayer would alert Me to what was being thought, spoken, requested, or a natural communication of calling on My Divine Love for attention.

As I speak These Words and They are put into print, many may find it difficult to believe or understand what a consistent, constant Communication

I have with the mentality of the Souls of every living human being.

I smile when I say My next Words: *The little one* I use to communicate, thought I was going to say ‘man’ at one point, and not ‘human beings’. I smile so deeply at this, for *the little one* is consistently and constantly aware of Everything I pass through her for the sake of the Souls, and for the strength in the human way to fully understand My Closeness to every human being is every moment of every day.

As I close My Words, I must add: I bless those who trust in This Gift of My Divine Plan, because It is a Gift that is easy to understand. It can be compared to human life with a human goal that has an opportunity in the goal to grow, either mentally, or socially, or physically, or hopefully.

I bless those who take the Words and I bless those who will read the Words, and I smile and say, ‘It is My Love for human life that has given to the world This Gift that bears so much Personal Communication.’”

AUGUST 24, 2004 AT 1:12 P.M.

SAINT MARGARET MARY ALAÇOQUE

“I am Saint Margaret Mary Alacoque.

So Many of Us treasure This Gift of Divine Love, because It has given to Us, in an open manner, the chance to speak, to instruct in many ways to men, women and children who otherwise would not learn What We are able to put into Words understandable in many ways.

You live in a time that can be described as despicable in morality, and many other factors of human life. Even though you walk at a time where and when it is noted progress in so many areas, advancement in so many ways, and human beings more fully understanding that life has a Purpose, a Goal, and the ability to do many things, all this is true; but I beseech you to remember, the enemy of The Creator is still active in many ways. It can be termed, ‘dwelling on human weaknesses, human understanding, human ideals, and human Spiritual beliefs’.

Today, a thousand plus a thousand plus a thousand Words could be spoken on the importance of what human life has the ability to use, to practice, and to be the leader of, regarding morality in its true sense of the word; also, the importance of spirituality and what it was created for, and why so much has been instructed on this Precious Gift for human life that in many ways supersedes everything else a human being has access to.

I could write volumes on this, but We Here in the Heavens find that if We speak too much, too often on one subject, it does not allow other subjects to be learned about in the correct manner of how the subject affects human life.

You do live in a time in which there is so much dissension, plus so much determination to practice what is only humanly acceptable, thus ignoring that purity of the mind, of the body, is important to the Soul that every human being is the custodian of, and the Soul will be What will be left, for atonement, or for a Higher Place in Heaven.

I will close These Words. There are so Many of Us present, but All that has thus far been delivered through This Gift of Divine Love, must spread throughout the world. We know that in different languages, it will be a task not easy to do, but All of Us Here in the Heavens promise you, it will put things in the right place for many who do not read in the language you write, but they, too, have Souls that The Father Wills to be returned to Him, as Saints.”

AUGUST 25, 2004 AT 12:48 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Today, for most human life it is just another day, but in reality, it can be made a special day through accepting more understanding regarding how one prays, how one feels about family, friends, plus how one decides to adjust to things that could be more beneficial in many ways; also, give help where it is needed, hope where it is needed, and a Gift of Divine Love based on Divine Will.

I know What I have spoken will be unusual for some to read, but I beseech you, look at It in Its worth, and how pleased it would make The Father to hear you say words of comfort, sincerity, helping someone who did not expect help, thus giving to them the thought that because of what occurred, the individual was encouraged by The Heavenly Father.

There are so many ways in human life to help others remember, be reminded of the good things in life that many times could be based on

Spiritual understanding, or devotion to The Heavenly King, The Heavenly Mother.

I speak differently today, but it is important, physical measures are important; but to give someone else the sensitive feeling that only God would have encouraged you to do a certain thing, both Souls, yours and the other one's is so pleased.

Rarely are the Souls thought about in the degree, the measure, or their full reasonability for you having a Soul instilled into you at the moment of your conception. That Soul knows everything that occurs, every wish you have, every hurt you suffer, and every gift of love you aid someone else with.

I speak differently, but My Words are to remind those who read These Words: All The Saints Here in the Heavens are Saints because They have the desire to help the Souls act, perform, and use Their Place in Heaven to aid Others — Some on earth, but also Some Who have passed across the Gate of Heaven and have some things yet that must be changed.

I close These Words with Words you all understand: God The Father

sees all things, and blesses those who use time and good acts to give strength, hope, and happiness to another one like themselves, human in every respect.”

AUGUST 25, 2004 AT 1:40 P.M.

**SAINT ATHANASIUS
SAINT ROBERT BELLARMINE
SAINT TERESA OF AVILA
SAINT JOHN OF THE CROSS**

“I am Saint Athanasius. I am Saint Robert Bellarmine. I am Saint Teresa of Avila. I am Saint John of The Cross. There are Many of Us present as usual, even when only One or Two speak on a subject that is to be put into print.

The Father has given to the world a Gift of His Divine Love, far greater than the human mind can perceive It to be. It is a Gift used to encourage, to enlighten, to instruct and to give Hope, due to the fact that the human mentality has so many abilities to learn about many, many things, and it is able to recite, to repeat, to restore subject matter that in its very essence instills a logical, orderly group of Wording that gives strength or purpose to an individual’s thinking, or encouragement to go on and work on certain subjects that are not just appealing, but will be beneficial physically, mentally, morally, psychologically.

I smile as I close My Words, because there are Several of Us Here, but as We All close These Words with Our Love for your Faith in The Holy Trinity, We ask you to remember that as you learn from Us so many things, you have the privilege to teach and to strengthen the Faith in numerous human beings. Remember this. It will give you hope, but it will also grant you Grace from The Holy King.”

AUGUST 26, 2004 AT 11:45 A.M.

THE HEAVENLY FATHER

“I am The Heavenly Father.

As I speak My Words at this time, They are mainly to make you aware that the human mentality oftentimes discerns an important fact, in interpretation of it, by ignoring what the conditions connected to are representative of.

Children, in the learning stage of their language, very often question when they hear the word, what it means. I smile when I say this, because a child very often wants the facts so they do not make a mistake on or in what they are expected to do or participate in.

I speak These Words because so little is understood in the meaning of words, even though they are listed in books describing what they mean.

Today as I speak, I speak It for My Reason for all who read the Words I speak, I put into script.

At one time in the so-called 'beginning' of Christianity, nothing, or very little was put into script. Over time, I allowed What I Willed for all of human life to more fully understand regarding My Existence and My Association with human life.

Today, so much is able to be read, able to be learned about the importance of how human life is to think, to speak, and to follow what is pure mentally, physically, psychologically.

So few lives regard The Commandments I gave for them to follow daily, not just when they thought about Them.

In My Love, My Reason, My Purpose for the Creation of human life, I used every facet openly, and not just for a few individuals, but for all who would be created in this station of life, because every human being born is endowed with Something of Me, and several abilities capable of being able to uphold the dignity I Willed and I Will for human beings to see as rational, dignified and necessary to be able to one day return to Me a Portion of them. That Portion is their Soul that I created in giving to them a

Portion of What I Am, Who I Am, thus instilling into human life a Gift of My Divine Love. Remember this.”

AUGUST 26, 2004 AT 12:50 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

No human being created can say, can feel that they do not sense the Importance of human life. The very fact that human life is surrounded by the sky, and all the different temperatures that occur daily, giving to human life a knowledge, and also something to depend upon to aid them in living the life they were created to have.

Children, and even some much older than children, are not instructed on the Value, the Importance, or the Reason for human life to be created.

In the Creation of the universe, it was step by step, and each portion of it was evaluated by The Creator for the purpose it could be used for, and the importance of what each portion of the earth, the planets, the sun and the moon would give to support physically, mentally, the mental of human lives who basically would not know all about it; but the Gift was given to support, to give strength and

balance to human lives living under these circumstances.

So many individuals of all backgrounds ignore the Magnitude of the Creation of all things, basically because they have not accepted that even though there is an in-depth description of each thing, there is One Who Created it all, Above all things. The Creator is only seen in the human way, but The Creator of All Things is Far More Different and Greater than the human mentality can perceive It to be.

Remember this when you say your prayers. Thank The Creator for giving you the place, the conditions, allowing you to be able to use all that is created to help you to one day return to The Creator and be 'a Saint'.

Now, the word 'Saint' has been evaluated by those who feel that the conditions of the individual named 'a Saint', only lived under the conditions that were so-called 'morally sound, morally capable, morally adept at The Rules' in which these things were appointed to be.

I speak this way to awaken those who take the Words and who will read

Them. In the Creation of human life, The Heavenly Father instilled into it much capability to learn many things, to practice useful factors in living the life; but, also, He introduced that there is a Future to human life, and that is to be returned to Him with the Title, 'Saint'.

All the dignity that was implanted into this creation of human life is far greater than the most intellectual individuals were capable of writing about, but you have the basics, you have the will, and you have the hope. These things are of the utmost importance to your returning to from Where you came, from Where you were designed, to partake in the Gift of Life for All Eternity."

AUGUST 27, 2004 AT 12:38 P.M.

OUR HEAVENLY FATHER

“The world has been Blessed abundantly. I have chosen This Time to deliver More than the human mind can perceive It to be. It was important for All to be delivered in print regarding Stories about Me. I am your Heavenly Father.

I say these things to give you strength, and to help you better understand what a Precious Gift human life is to man. It is not always understood in the degree it is meant, but human life is above and beyond all things created, because within human life, I placed a Gift, a Soul, a Portion of Who I Am, What I Am.

The Soul is the recipient of all you think, do and say, but It is also of a great help to you when you need help in any way. The Soul is an active Part of human life, because It hears all you say, all you think, all you practice, and all you use of yourself in every way.

Children should be instructed on the Presence of their Soul that is a Gift of Divine Love they cannot

see, they cannot feel, but their innate knowledge of what is right over what is wrong, what is good over what is evil, what is practical over what is impractical. The list is endless.

Even many adults should use this list to help them feel the strength they are capable of, the Importance of human life, and that there is Great Love devoted to human life, because in the Creation of human life, it was created to endure, to sense, and to be able to speak words of expression and words of intellect; but also, the Gift of speech was to communicate openly, and in many ways be example for others when there could be a slight impurity as the fact, the reason, the emotion, or the sensitivity, speaking in a manner, way and degree that needed to be corrected, according to what the words meant.

In the Creation of human life, there were many Gifts, not always openly spoken about, but the Gift of conscience, the Gift of sincerity, the Gift of hope, and the Gift of innately understanding that without a Goal for life, no human being would be capable of knowing all they know, all they feel, all they sense, and all the beauty, love,

that having a Goal gives one, not just mentally but physically.

The word ‘hope’ is a small word, but it says so much. Hope touches every human being mentally, physically, socially, and many other ways.

I know I speak differently at this time, but in some ways, it is to remind those who read These Words, to remember that human life is a Gift of The Divine, a Gift greater than it is seen to be, because it has a constant Communication through the Soul with All of Heaven, all the time.

I could speak hours, but I say to you now: So Many Saints Here in the Heavens want every human being to join Them at another time.”

AUGUST 28, 2004 AT 9:42 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We are putting *the little one* through a rather severe ‘Preparation’, because of so many Souls that must be alerted and aided in how they feel, think, act, and permit themselves to more indepthly understand that human life was created for a Goal, a Purpose beyond what any thing or living matter was created to achieve.

Sainthood is oftentimes not understood in the Importance of It, or the Divine Love that favors It at given times.

So much Instruction, seriously given, intuitionally explaining the Divine Gift that human life is the recipient of, logic should tell human beings that a Gift of this Measure, of this Greatness, would be based on how the individual used the Gift of human life in the proper order, proper way, proper degree, because of the Magnificence of this Creation. That is because the Creation of human life was and is designed like The Creator

caused His Son to be, That Portion of Himself that was given to the world a long time ago, describing a human mind, human body, and many more things that were instilled to be the Example for all others to feel, to comprehend that This Example was handed to all of human life, explaining openly that those being a human being was of Great Importance.

Many obstacles and many opinions of other human beings would enter the picture, addressing so much controversy, jealousies, angers and abuse.

At this time, I would like to be able to use this *little one* I deliver so much through, but I will have to do it in an order of her strength, because her body is so fragile, but her love for The Divine greater than ever seen or expected by other human beings.

As I close These Words at this time, I remind all of human life that in the Creation of it, all things were created by The Divine, even when individuals thought the jealousy of the enemy intruded, or tried to dismiss What I Willed for the Souls that are a Portion of Who I Am, What I Am.

I bless you in a Personal Way, all who believe in What I am doing in such an open way, not discriminating in every facet of life, but always based on Protection, Hope and Love, because human life has a Gift Greater than It is known to be.

I bless those who believe and trust, and I depend on your example to help others return to Me in a Pure State of Divine Love.

I could speak volumes on My Love for human life. I have, in many ways, encouraged some individuals to try it when they desire to know more, but at this time I have given to the world, through *one small voice*, so much more.

I bless those who try to understand the importance it is to walk in the human role, giving hope and purity for others' example.

I will close My Words by saying, 'I love you because of your love and desire to please Me.' The task is great, but you will never be sorry for participating, I promise you."

AUGUST 30, 2004 AT 11:42 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

What you see Me do is necessary for what this *little one* I chose will be forced to face: the inevitable, because of the jealousy that surrounds her, and the envy for what she is told to do; also, is example of.

Those who find it difficult to believe that when and if I choose someone to walk for Me, I would not hurt them in any way, but consistently and constantly bless them for others to see My Love is Divine, and as I have chosen *a small one* to deliver so much, so many times, for such a long time, would be inconceivable to millions of human beings, even if they were present at these distressful times.

My Love for human life is based on the in-depth Purpose for which human life was created, and that was and is to return to Me, That Portion called ‘the Soul’. The Soul is the Strength in every human life that has the ability to be able to perform what I request to be done.

My Will is always for everyone who is created a human being. Many times through the History that has been put into print regarding the Creation of human life, I have had to use special tactics to instruct, to assure, and to give My Reasoning for What I do regarding the Soul, Which is a Portion of Who I Am, What I Am, in every human being born.

It is sad for Me when I have to use so much on this *little one* that is not easy for her to physically handle, but she promised Me a long time ago, that My Will she would follow without question.

I have so many things available to help all Souls of human lives, but so many sometimes, who walk the human way, depend only on what and how they perceive things to be reasonable, so they oftentimes innately omit My Will.

As I close My Words, I want you to know I could speak thousands and thousands and thousands of Words if I thought I was heard, or I should say, if I was being heard. The sound is not always necessary, because My Will is capable of alerting or instilling in all

human beings what is morally correct, and that My Love for them should be feasible, and return love to Me in that respect.

***The little one* is always concerned about so many things, that she worries regarding the Souls that are innocent victims.**

As I close with Divine Love, I am grateful that this *little one* said ‘Yes’ one day.”

AUGUST 30, 2004 AT 1:50 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The Words just spoken were All based on My Love for human life.

As a human being greets each day, he or she wants the day to be fulfilled with things of hope, happiness, interest, and the ability to remember the day as having been a happy day or a good day, a day to remember. So it is, in many other things in human life. How an individual feels mentally and socially moral are very important factors of daily living.

You do live in a time worse than Sodom and Gomorrah. These Words have been spoken before, but so much is seen for acts, actions, thinking and practices to be physically moral, normal, thus ignoring the full meaning of what the situation or occasion used in words, actions, thoughts, or how it affected the life or lives of others present.

Children are not being warned that there is a right, there is a wrong,

there is a just, and there is an injustice. Even though a child does not respond openly at these words, the words leave an imprint on the memory. Maybe it will occur in an open manner at an important time later on in life.

Sometimes, correcting an individual causes not just distraction, but hurt or anger, but sometimes it causes happiness in the heart of the one corrected, and I assure you, it is best for the Soul, and the Soul might respond at a later time with a favor to the one who was upset over the wording. There will be no written words to this effect when it occurs, but it has a way of shining at a particular time, even a lot later.

‘Morality’ is a word a lot of people of all ages like to use, because it addresses a subject of great importance and of strength, sometimes even courage. It is an expression of understanding something that gives hope.

Needless to say, I could speak endlessly, but I beseech you who take the Words and who will read the Words to always remember: As you were created a human being, you were

Blessed with a Soul that is to one day return to The Creator but with a different title, because the Soul, as the recipient of all you think, say and do, can be the victim of all you are, or It can become 'a Saint'. I ask you now, 'Which do you prefer?'"

AUGUST 31, 2004 AT 8:38 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world many Lessons that bear Direction for My Will to be done because of the Importance I created and implanted within it, everyone, a Portion of Myself called ‘the Soul’. The Soul, as a Portion of What I Am, Who I Am, instills into the mentality of the one in whom It was placed, a logical understanding of the Goal for human race, and also the importance of obedience to The Commandments, due to the fact that the Soul can be the victim of, or be returned to Me, a Saint.

So few human beings can comprehend My Divine Love for them, and the Purpose for which I gave them Rules to live by. As it is innate in human beings to want what they feel is best, or correct, or special, so do I. Only one creation did I give so much advantage to, through My Divine Love for it, in it, with it.

Prayer, to many individuals, is an aid of communication with Me,

even when it is formally stated and is oftentimes quickly made, but I appreciate the communication more than they know, because it says they are remembering their Soul as the Connecting Link of life to Me; to them, of Divine Love.

I will not speak long because What I have said is important for every human being to know. I am close to them in more ways than they can perceive it to be, because this Creation of My Divine Love has a Great Purpose and Goal.”

AUGUST 31, 2004 AT 11:10 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

At no time, day or night, am I not present in This Gift of My Divine Love, because in My Declaration of What This Gift was to return to Me, I have not ever thought of changing It to how a human being would feel the changes would be necessary according to human understanding.

As I speak These Words, They are difficult for *the little one* to repeat, only because she is continuously alert to the reasonability of the Purpose for which This Gift of Divine Love was designed: to save Souls and to enlighten the mentalities of human beings that human life has the privilege to work privately with Me, personally dedicated to My Will, because of the Importance for which I created human life, to be revealed.

So many hours in the day, not one of them incapable of service to Me, service for the betterment of Souls to be able to one day be returned to Me, as Saints.

Though I speak differently, My Divine Love for human life always shows, and always commits to certain associations in which I communicate with human life, and they communicate with Me. Prayers should be seen, understood for what a treasure they are, because prayers can be formal or informal in a communicative manner, way and degree.

No human life have I ever requested to not speak to Me, to not remember Who I Am, and why I created human life, because of My Love for it, My Purpose for it, My Goal for it.

The little one I have chosen to repeat so much, innately wants everyone to hear about My Love for human life. The world has been Blessed abundantly for so much to be put into script, aiding human beings of all ages to more indepthly understand what a close Association Divine Love has given to man.

I could speak endlessly on this subject, but What I have just spoken is to be passed to as many as possible so they, too, can read What I have said. Granted, many will question It, but My In-depth Love for this Creation

of Mine, human life, I am sure will understand.

My Words are My Words of Assurance that though you do not see Me physically, I am aware of everything you think, do and say. My Blessing goes with This Message, too. No human being is not a Gift of My Divine Love. I beseech you, remember this.”

AUGUST 31, 2004 AT 12:35 P.M.

OUR HEAVENLY FATHER

He is smiling.

“I am your Heavenly Father.

This Gift that gives to all of human life so many Messages, not just encouraging individuals, but assuring all who read the Words and/or practice the Words, that there is a time to one day return to The Creator, to The Divine.

So many men, women and children want to believe What We speak, but they say they evidently do not have the full Gift of Faith that is necessary to absorb spiritually, All that is delivered by so Many Saints.

As I say These Words, I speak Them with Deep Love for human beings of all ages. It is natural to question, and it is natural to be concerned in how one thinks, but indepthly, logic wins over when a human being is capable of seeing, thinking and practicing actions, words and deeds that are not ordinary in concept, or for them to act upon so diligently with

a sense of necessity indescribable to their mentality.

Human life has so many assets, Gifts, and abilities. That is why it is able to cope with adversities and then conquer what is right, what is good for the end result to be what The Father Wills.

Needless to say, thousands of Words could be spoken on the Important Relationship The Creator of All Things has with every human being born, no matter what language they speak, what part of the world they come from, because the Souls are active and give strength, encourage hope, and also help the one in whom They were placed to look for what is proper to do for the best results of what will occur.

I could speak hours on this subject, because the Gift of human life has so many facets to it, giving it the strength to conquer all that is wrong, thus seeking all that is right, all that is pure in thought, word and deed.

Remember These Words, and as you pass Them on to others, do not forget, you are example to everyone you meet or you live with.”

SEPTEMBER 1, 2004 AT 11:45 A.M.

GOD THE FATHER

“Would you put into print What I want others to know about, because without This, they will not learn All that I Will their Souls to be recipient of, because there are so many distractions, thus not allowing what is important for the understanding of the Closeness I am to the Souls of every human being.

The Souls are Special, because the Souls have been given the responsibility to direct when it is necessary, to encourage where it is needed, and to keep Me informed of the individual’s status on belief in The Holy Trinity.

The Holy Trinity is not just a figure of speech. It is consistently and constantly with all human beings; oftentimes, The One that is the Strength behind giving to the needed ones, the will, the way and the means to comply with what I Will it to accomplish, or to practice, or to fulfill what is necessary for the Soul.

I am always present in all human lives. This is difficult for some to comprehend or believe, but as The Creator of All Things, I have the capacity to be in many places at the same time.

I speak These Words to remind all ages of human life that they are never without Me. My Presence is in their Soul all day, all night.

As The Creator of All Things, I have the abilities to do What I Will for the sake of the individuals of human life, because their Souls are a Portion of Who I Am, What I Am. Human life is a Gift of My Divine Love. Only time and circumstances will reveal what a Treasure this is, based on My Divine Will.

I bless those who use the correct prayers. When I say ‘correct’, I mean prayers based on the importance and logic that I have allowed to be delivered over many years.

I have chosen *a little one* in the world to speak as I Will it to be, helping all others to receive this Closeness I have with them physically, for I am always present where Souls are, and do not forget, every portion

in a human life is closely connected to Me. That is why the Soul is so much a Part of Our Communication daily.”

SEPTEMBER 1, 2004 AT 12:57 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Many of Us spoke through this *little one* a short time ago. We were in a discussion amongst Ourselves and We drew her into the conversation which, I must say, concerned her much. We All smile at how she responded: a little frightened, very concerned, but willing to hear What We had to say.

Each One of Us took a turn, and she questioned Our Name. She wanted that first, to be sure which One of Us would make the Statements that The Father would want made. I could write pages on what occurred, but All Who were with Me are still smiling at her concern.

This Gift of Divine Love in which The Father has allowed, and participated in delivering Instructions and many subjects to be learned, so that individuals would not feel they were bound by others they knew, they know, who spoke publicly or personally, regarding how they declared different subjects to be.

Now that I have said What I have said, I will tell you what I am here for.

The Father, in giving a Gift of This Dimension through *one voice*, but to a group of earnest, sincere individuals who are entrusted with so much The Father Wills thousands of individuals to learn about, and to become more secure with, because of the Importance of the Soul, their Souls, but also the Souls of millions of other human beings.

When a child is born, the child learns to respond to those who are taking care of the child. The child uses routine as a teaching block for what to expect next, when certain things are practiced. A child responds after a certain time when a routine is now part of the mentality of the child, and it is easier on everyone.

Many reading this might say, 'What has this got to do with The Miracle that teaches so much on moral views, moral concerns, moral responsibilities; but also, pleasant to read on how The Father or The Saints speak, and then have It put into script for It to be remembered, Word by Word?'

No Revelation has been spoken like this before in This Gift; that is, that so much Divine Love is practiced and delivered openly because of the Importance of the Souls in every human being, that gives to the Soul a strengthening factor, knowing that the one in whom It is, has learned an important issue and what to do with it at a given time.

So Many Saints Here in the Heavens constantly worry about those on the earth still alive who do not see the value of everything they do, they speak, because human life was given a privilege, and that was to earn Sainthood by using human life in the order, the context, with the abilities that would be normal for human life to practice, to be a part of, and to use as the stepping stones to be 'a Saint' at another time.

The Father's Love is beyond what a human mind can perceive It to be, but This Gift that has been for some time, in which so Many Here in the Heavens have been directed to deliver Words that would give strength, purpose and hope, with a lot of concern for the Souls that in every way are the victims or the recipients of the individual in

whom They were placed at a given time.

The Father has given so many ways to awaken the mentalities to encourage how an individual uses kindness, gentleness and truths, helping others to understand that Sainthood is the Goal at a time when The Father decides that time to be. It is a Gift of Divine Love above and beyond what It is understood in reality.”

SEPTEMBER 2, 2004 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many so-called ‘learned’ men, and some women, cannot believe in This Personal Gift of Mine wherein I speak so many times, revealing What I Will human life to know about, to better understand My Existence is real, and in My Creation of man, I instilled in it many Gifts, thus helping the mentality to more indepthly understand What I Will for them to know, to practice, and to innately want the Goal I have awaiting them for their Soul.

Human life is a privilege because it has a Purpose, a realism to it, and in My Creation of it, I instilled a Portion of Myself, thus allowing human life many facets of understandability to realize that the Goal awaiting the Souls is a Goal to return to Me at a given time, thus to remain with Me Forever and ever and ever.

My Will is a Blessing to this Creation of Mine. There should never be doubt connected to What I have just spoken, because the Truth in It

and of It is based on My Creation of human life. I Blessed it with many and various means, ways, conditions and purposes that nothing else created is gifted with.

I will close My Words now, at this time, but I am always ready to speak through this *little one* when I know the time is right.”

SEPTEMBER 2, 2004 AT 12:40 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is a privilege The Father allows Us, to speak through This Gift of His Divine Love that gives to all of human life who read It, a fuller understanding of the Beauty, the Purpose and the Divine Gift that is offered to human lives, for the period of time they lived.

The most important thing in human life is to be aware that The Father Exists. All Others Who are close to Him, constantly encourage all degrees of mentality, all backgrounds, to be alert to What is present many times and yet not seen by the eyes of the human life.

Sainthood is not just a Goal, It is a Gift of Divine Love, but It can be compared to the Gift of human life, because human life, with all its Gifts, its abilities, its senses, is and was created for a Divine Purpose. What proves this Fact was when The Son of The Creator became human, walked the paths of human life, lived in the

Family Union, as all human beings do when they are born.

Thousands and thousands of Words could elaborate on the Gift of life in the human way. It is beyond what the mentality can perceive it to be. This was done for a purpose, because in the human mentality, the logic of it, the morals in it, and the ability to learn about so many things, is the foundation for Sainthood when It comes.

Though I speak differently, All the Words I speak are to not just encourage you, but to help you more fully understand how Important human life is in the very creation of it, because it has a Goal for it, a Goal Greater than the human mentality can perceive It to be; so those who read These Words, please remember: When you were a very little one in the womb of another woman, you were designed for a Future to one day return to The Heavenly Mother, and be called ‘a Saint’.”

SEPTEMBER 3, 2004 AT 12:35 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Here in the Heavens there is always so much joy when We see individuals caring for other human lives.

Today as I speak, I do it with much Love for human life, because to be born a human being is Greater than it is seen to be. All the Gifts of human life are given with Divine Love, allowing this way of life to be able to do, to think, and to practice so many things that when the time comes and the individual is taken away from the world, there are so Many Saints Here in the Heavens available to greet the Soul and welcome the Soul to Where They are — Heaven.

I know the word is beautiful, and I also know to some it is a frightening word, because it means that the human body no longer exists, and of course, What remains is not seen.

The creation of human life is more important than it is seen to be.

It is the foundation of Another Life, Another Place, to return to The Holy King.

I speak differently today, but I do it with much Love, because do not forget I, too, walked the human road, and I, too, was concerned about many things; but without being born the human way, there would be no Goal to life, nothing to look forward to: a Place of Dignity, Honor, and Divine Love for the Soul that will always remember the body It was in at another time.

The body has a Gift beyond the beauty and the magnitude it is understood to be. The body is a capsule of Divine Love, giving the Soul the privilege to one day return to The Father in a Greater Way than when It was placed into the body of a human being. The Soul now can be listed among The Saints.

Much Love comes with This Miracle in which so much is instructed, and so much is brought into a manner of more understanding of what a privilege human life is, and that it has a Goal Greater than it is ever thought to have, because the Goal can

be compared to the birth of a human being.

Today as I speak, it is with much more Love, because as you live each moment of life, you are privileged to be the custodian of a Soul that will one day bear your name, called ‘Saint’.”

SEPTEMBER 3, 2004 AT 2:40 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

It is important that All that has thus far been delivered, be scattered in areas that you would not expect Them to be needed, but the importance of the Wording is necessary to so many individuals who never think of Spiritual actions or practices, because of their worldly practices in areas where they feel they are entitled to use their knowledge for a higher position, and a greater understanding from those who they associate with.

My Words are not quite what you would expect Me to speak, but basically They are only a lead to what I want you to understand, because as you live in the human way, so many things that occur are not seen for the worth they produce, or instruct, or cause greater aims to occur.

By the word ‘aim’, I mean progress in daily practices mentally, physically, for the benefit of so many who read the Words, but also who need the Words to see human life as a Gift,

rather than just based on practices with it, with what they enjoy doing, what they enjoy being thought about for themselves in the eyes of others.

As so Many of Us speak through This Gift of Divine Love, it is for many reasons that so much is delivered on different subjects, because human life, in many ways, is offered the exposure in all areas in which human life can participate, be part of, and act in a manner and way, not just feasible but practical for the usefulness that an individual portrays.

What I am about to speak will be unusual for some to read, but it is important sometimes to, in changing the subject, it will give strength in a broader sense of understanding, and a broader scope of what the human mind and body can produce, be part of, or instruct others regarding the Importance of being a human being.

As I speak differently, I speak with Deep Understanding of the Importance for which human life has been gifted with.

Now, I would like to say some Words in another area in which all human minds should be aware of.

As there is a Divine Creator that designed so many places, things, thus giving to human life the abilities to cover many subjects that life would be capable of using, practicing, and fulfill the needs of other human beings in a greater way, design and purpose, than would be expected to be.

As I speak differently at this time, it is to encourage more steps of diversion in what you have begun to make a practice of. The Blessings are abundant when you serve with such deep love, for the Souls of millions of people to learn more about the closeness every human being has with The Divine.”

SEPTEMBER 4, 2004 AT 10:10 A.M.

OUR HEAVENLY FATHER

“It is sad for Me, your Heavenly Father, to have to put this *little one* through so many things that give her the strength to persevere in My Name, for My Will to be accomplished for the Souls of millions of human beings. Human beings would say they would feel I would choose one as strong as I Am, for the mind and the body to have to endure so many things.

As I speak through this *little one*, the tears are not for herself, but she does not like others to see all that occurs to fulfill My Will, for the benefits necessary for others to read My Words, and of course, those who hear Them, who put Them in print. Her tears are not for herself, but because of all that had to be endured for This Gift of My Divine Love to save the Souls of millions of human beings.

Needless to say, I could dictate volumes on the Importance of the Souls that few, or even if one human being truly sees the value of What I speak, for the purpose for which I speak It,

in the language that human beings are used to.

Prayer is not always repeated in the manner or way it was meant to be. It has become a habit of words that in many ways omit the meaning. When someone says, *'Our Father Who art in Heaven, hallowed be Thy Name, Thy Kingdom come, Thy Will be done on earth as it is in Heaven,'* to most who speak these words is because they learned them and they remembered them, but do they really mean what they say? Do they truly believe in Me, in Who I Am, What I Am, beyond the moment of how they speak?

Prayer is an important thing to Me when it is spoken with sincerity, not just a repetitive memory in the wording.

I hold *the little one* deeply, for when I chose her for This Task, she complied completely. I remember her saying, *'I love You, God, thank You for the privilege.'* Her association with others is never domineering or is there a sense of superiority. She says, *'God, I am a human being and I, too, am dependent on Your Love and All You Will to be done for all Souls.'*

I smile at this, because she wants so much to have every human being aware that their Soul is a Portion of Who I Am, What I Am, and I am never without knowing what is occurring in the human way of all of human life, every moment of every day. I smile, because as I speak These Words, she worries for the Souls that are neglected in this way.

Before I close with an ‘Amen’, it should be spoken openly: My Love for human life is not understood in the Importance It is. That is why I have given This Gift through *one small voice*, hoping everyone who hears the Words or reads the Words, will spiritually grow in a deeper way, a more loving way of Who I Am, What I Am, in everything they do or say.

***The little one* uses her hand to follow Mine with three crosses, four, five, six, repeating My Blessing in the human way.”**

SEPTEMBER 6, 2004 AT 9:09 A.M.

OUR HEAVENLY FATHER

“I have given to the world of human lives so much Direction because of the Importance within them that I Exist.

Today there are fewer people throughout the world that understand that the Creation of human life is a Great Part of Divine Plan, not an afterthought that came to be done.

Throughout the world there is so little understanding of My True Reality and Who I Am. Morality is being ignored as it always has been, but nonetheless, I Exist and pursue many individuals to at least try to understand the Foundation and the Reasonability of My Creation of human man.

This Creation is a Gift of My Divine Love, and I have always placed in it a Portion of What I Am, thus giving to this Gift a mentality that, because of responsibilities, aided man in My Gift of Divine Love for That Portion within them called ‘the Soul’, that is to be returned to Me with the individual’s

background and how the individual lived the human way, according to the one that It was placed at a particular time one day.

Oftentimes this is ignored, because it is easier for many individuals to not base their actions, thoughts and deeds, bearing a responsibility accountable to Me.

I have delivered so much through *one small voice, one small individual* who at the Announcement of My Presence a long time ago, accepted It with earnest obligation and personal responsibility, not in the least way feeling a great importance against others, but obligated to fulfill My Will, My Way for the Souls that I want returned to Me.

As I close My Words, I do it with much Love and thanksgiving to those who accept My Presence in such a personal, loving way, plus helping others to understand that human life is a Gift of Divine Plan, for a Goal for That Portion of it to be returned a Saint.

As I close My Words, I must add: Needless to say, I could speak endlessly on My Love for human life. That is why

I give it so many ways to remember the responsibilities that are instilled in each one individually for a Purpose, a Goal to return to Me Forever, their Soul.

The Soul is more than It is understood to be. The Soul is basically What could be determined ‘a Portion of The Holy Trinity’.

The little one bows her head in respect for Who I Am, and the willingness to help Souls more fully understand the Goal is Sainthood for them.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a *small body*, never innately argumentative on any subject, but an advocate of reasonability, especially when it is based on My Love for human life. *The little one* I use listens for My Presence daily. Hours do not enter the picture of how she waits. She is upset now for What I have spoken. I smile at this, because her love for Me is beyond what she even understands her love to be.

You live in a time as most times in the History of human life, wherein the mentalities of all ages cater to what they feel comfortable with, or necessary to express to others.

The human mind was designed for many things, other than to just see with, because the human eye has the ability to sense others’ feelings, others’ appearance, others’ conditions of how they act, how they understand what is being spoken. The list is endless, but I have come to speak today on another subject.

You live in a time like other times in the History of human life, a time wherein there is much confusion on what to believe, what to accept, what to follow, what to practice, what to share with others mentally, morally, physically, even psychologically.

In the Creation of human life, it was to share the Magnificence of All there is to share, because the word 'Heaven' has more of an in-depth meaning than It is seen to have, felt to have.

Human life was created in a loving manner and way, because human life gave the chance to share so many facets of so many things that would give to human life knowledge, more understanding, and the ability to see value in temperament, in belief, in hope, and even in chastisement.

Human life is so much more than it is understood to be, because it was designed to share All there is in The Divine with human beings, because within each human being The Creator has placed and always places a Portion of What The Creator is All About. It is a Living Matter, indiscernible, yet Exists through every human being.

I could speak endlessly on this subject. There is so much that has not been revealed in such a Personal Conception of The Divine Love that is the Foundation for human life. That is why it is so important for all of human life, every one born, to realize that there is a Future to human life. The Father put a Portion of Himself into this Creation, called It ‘a Soul’.

Thousands of pages could be written on All the Reasonabilities and the Divine Love that was in what would be called ‘the Full Measure of Divine Love’ that is beyond what It can be spoken to be.

I could speak endlessly on this subject, but today I have just opened a small door to The Divine Thinking and Abilities.”

SEPTEMBER 8, 2004 AT 11:34 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I always feel sad when the time comes for Me to prepare this *little one* to a degree, to give her more strength to persevere in What I Will for all of human life to more indepthly understand My Love, but also, My Will for them to return to Me, That Portion within them, their Soul.

It is rarely thought about in the human way, but I oftentimes make it a point for it to be understood that when I choose a human being to serve in a degree and manner that I will use beyond the human senses and strength, is caused to be not a victim, but a Source of My Divine Love to be able to strengthen a multiple number of human beings.

There is so much I Will for the Soul to return to Me so I can call It ‘a Saint’.”

SEPTEMBER 8, 2004 AT 12:32 P.M.

**OUR HEAVENLY MOTHER
SEVERAL SAINTS**

“There are Several of Us present. I will name Some. I am Saint Margaret Mary Alacoque. I am Saint Bernadette. I am Saint Anastasia. I am your Heavenly Mother.

The child is upset because I spoke My Name last. The tears in her eyes are out of respect. We All smile at this.

This Gift of Divine Love that has been delivered according to The Father’s Will, is a Blessing beyond what It is seen to be, because It has made a point of speaking in a direct way, yet a loving way, hoping that the Words would touch thousands of men, women and children, not only at this point on the earth, but far away also.

To put *one voice* upon the earth with so many important Words would be impossible to understand such an act, because it would take forever for *the voice* to be heard, but one great Gift in This Gift of Divine Love, is that those who put the Words in print are

servicing The Father's Way diligently, lovingly, and pleasing Him to a degree not fully understandable to the human way.

Remember, as you listen to All that is delivered, you partake in It to give strength to those who could not be here. You will be blessed for your work and the purpose for which you took the Words and put Them into print.

I smile at *the little one* as I speak These Words. She cries, saying, *'Thank You, Blessed Mother, for how You have spoken about This Gift, because it is important for all of us to share What The Father Wills thousands, even millions of human beings to know about, to learn about, and to be able to follow Divine Words.'*

The little one recalls a time she first read about the suffering that The Son of The Creator had to go through for the sake of Souls, because there is always sacrifice, due to the fact that everyone does not receive the full meaning of What is occurring; and those who use their talents, abilities, and understanding in sharing the importance of What is delivered on Spiritual Matters, Intentions,

Directions and Love, it is important to know that everything you do has a purpose and a reasonability beyond what is natural to some individuals.

I speak differently. We All do in This Miracle, because there is so much more for human beings of all ages, all backgrounds to learn about and to see what a Treasure human life is, plus the Soul that will one day be the recipient of all the good, morality, and love that was extended to the one in whom the Soul lived from the moment of conception.

I could speak hours on this subject, because All of the Heavens has Blessed This Gift beyond what It is seen to be, known to be; but as you are a portion of This Gift, remember one thing: Your love for The Divine is Blessed in more ways than you could understand it to be, and you are Loved for your generosity to aid those who cannot be present where you are, to hear.”

SEPTEMBER 9, 2004 AT 12:33 P.M.

SEVERAL SAINTS
SAINT ATHANASIUS

“We All smile when We announce to *the little one* there are Seven of Us present where you are. We smile because she was shocked to have to listen to Seven speak. Her first words were, ‘I am afraid I will not hear It right.’ We All smile and say, ‘Our Words will be heard, as They are Decreed to be a Major Aid to the Souls of thousands of human beings.’

I am Saint Athanasius. The Father has Blessed human life abundantly by giving to it the written Words to be able to be read, so that individuals reading What He Wills them to know will have more strength in how they act, and how they will appreciate the Knowledge, the Direction, and the Divine Caring that the Words express.

In The Father’s Love for human life, a long time ago He instilled in those who lived, the Words that would ring on for years to come. They were called ‘prayers’. The one prayer that is so often spoken is the ‘Our

Father', because it gives strength to the individuals writing it or speaking it, because the very fact that it says, *'Our Father Who art in Heaven, hallowed be Thy Name; Thy Kingdom come, Thy Will be done, on earth as it is in Heaven.'* Though these Words are common to most human beings, they should be remembered that they bear an Important Statement of Fact, of Reality and of Divine Love, because Heaven is a Place not fully understood, but It is a Goal far greater than the human mind can perceive It to be, because the Soul of every human being is aware that there is a Place for Them to go to, to return to, to be Part of, at another time, Another Way.

I could speak hours on end on this subject, because The Father's Love for human life also gave it a Gift of Divine Love: a Place to go when human life no longer is considered to be human in thoughts, words, deeds and actions. The Soul is consistently and constantly aware that one day It will be That Portion of human life that will return to The Creator of All Things."

SEPTEMBER 9, 2004 AT 1:13 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Beautiful Gift The Father has designed to give so much Hope, Divine Love and Understanding, is a Gift that all of human life should be able to participate in, and learn from.

All of Us Saints Here in the Heavens are concerned about the Souls, because the Souls are Portions of The Creator, and They are to be returned to The Creator at a time that The Father feels is right for the one in whom the Soul lived for a certain length of time. So much could be spoken on this Gift of Divine Love that is a Gift beyond what the human mentality can perceive It to be.

It is important that children of all ages be instilled with the knowledge, the understanding that they have a responsibility as a human being to be protective of how they think, how they speak, how they live, how they respond to everything when they are with others, or when they are alone, and they have the options to think

spiritually, or just regarding human sensitivities.

I will close, but as I do, I say: Those who have participated in circulating All that has thus far been delivered through This Gift of Divine Love are Blessed, because the Souls of those who have been the receivers, oftentimes say: *‘Thank You, Father, for allowing What you want to be known. It has given Me hope and more understanding in the human role of life, of living, of Hope, of Direction.’*”

SEPTEMBER 10, 2004 AT 12:45 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Each time I speak through This Gift of My Divine Love, it is important that What I speak is never taken for granted, but seen and practiced for what the Words I use, mean.

Human lives have been gifted with so many talents, so many abilities, so many ideas, and so many ways to practice morality over immorality, justice over injustice, hope over despair. The list is endless, because in the creation of human life, there are so many things instilled into the conception alone, not seen by the human eye, thus making the conception human in every way, for the present and for the future time that this Gift of Divine Love will walk in, on, and for, all that the world contains and is used for.

Though I speak differently, I speak with Deep Concern for the lives, the Souls of every living human being. That is why, for a long time now, I have used *one small voice* to instruct, and

to give to others, through the written Word, What I Will them to know, to feel, to speak, to practice, and to value as Gifts from Me, for them to use the human life as an entity of My Divine Love, for others to be.

I will not speak long at this time. My Words, as I see Them to be, are complete in the Foundation necessary for you to understand and to believe.

I bless those who use My Words, because when they do, they carry on What I Will others to know for the good of their Soul that is to be returned to Me, and be called ‘a Saint’.”

SEPTEMBER 11, 2004 AT 11:32 A.M.

SEVERAL SAINTS

“There are Several of Us present. The Father Wills it to be.

Throughout the world there is no Gift as great as This Gift is, because This Gift is increasing the knowledge, the mentalities of many human beings to more fully, more indepthly understand that the Gift of human life is above and beyond what is understood to be. It is taken for granted in so many ways, so many times, but it is important that more be spoken openly on the Magnitude of Divine Love that human beings should more fully understand.

Children are not being instructed on what they are responsible for and to. They are allowed to think so much on the human advantages, actions and capabilities, thus ignoring that in the Creation of human life, Divine Love was Who designed it and created it for the protection of the Souls that human lives would one day be responsible for.

So little is ever thought about, regarding the Fact that human life is the custodian of and responsible for the Gift of life, because it is the only living matter or thing in the human way that bears within it a Soul, a Portion of The Creator, thus giving to each human life the privilege of a Goal; even when individuals of all ages are reminded that they possess within them a Gift of Divine Love that nothing else created is gifted with.

The Father oftentimes says: ‘Remember, child, I am within you, and have Blessed you so that one day you will return to Me in a different way. Your Soul will represent you in My Kingdom of My Divine Love.’

I will close now, but it is important that What I have spoken not just be remembered, but taken care of, for the day and the time We meet again in a Personal Way.”

SEPTEMBER 13, 2004 AT 11:41 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* is close to collapse. She asks Me for the strength she needs. I have given her a certain degree of it. Part of what she is going through is based on the necessity for courage to walk as she walks, to speak as she speaks. She tries so hard to have everything to look natural, but the Power We Are is not natural. It is of The Divine.

As I am talking to you, she is talking to Me, because she is so careful and concerned What is revealed through her from Me. Responsibilities are many, and sometimes very difficult, especially when They come from One of Us.

Human life has been Blessed by and through This Gift wherein so much is openly spoken and put into print.

You live in a time that is addressed as bearing much intellect, much progress, plus many changes in thinking, words, deeds and actions.

We All smile when she is given the Task to speak What We Will her to speak, and others to know. The cautious attitude she projects is one alone. This Gift of Divine Love is a Gift greater than It is seemed to be, but nonetheless, the Importance of This Gift is loved by all Souls that hear It.

I smile when I say These Words, but I also have hope that All that has thus far been delivered will be Protection for thousands and thousands of Souls. Do not forget, each Soul is a Portion of The Creator of All Things.”

SEPTEMBER 13, 2004 AT 12:35 P.M.

SAINT ATHANASIUS

There are so Many here: Saint Bernadette, Saint Athanasius, Saint Veronica.

“What has just been spoken is solid Truth. Each time The Father beckons Someone Here to speak, Many of Us ask if We are the One, and He smiles and says, ‘We will take One at a time.’ I am Saint Athanasius.

You live in a time that will record History in a degree different in many ways. Each time in History of human life, the men, women and children present at these times are different than the next generation coming. Advancements in learning, in understanding, in motivation, and in the ability to recognize progress, gives strength to what an individual feels, thinks, and desires to specify in an order of conversations, and in the manner in which they live each day.

My Words may seem odd to some who will read Them, but time is a tremendous facet of the availability

for many things to change: some of it is progress; some of it is to maintain the Spirit that is innately accepted; and the next one is to just take each day at a time and combine how one thinks with what one owns, or senses, or feels, or is close to.

How I am speaking is not usual, but it is to awaken many individuals to the importance of time, how it is accepted, and what is important in the timing that they are acquainted with.

If I take you back two thousand years, three thousand years, would I not be describing something different than you are used to, that you understand, or that you feel comfortable with?

My Words, to some who will read Them, will be different, but it is important to remember: In the time the Apostles walked the earth and they talked to The Heavenly One, their clothing was different, their thoughts were different, and their human practices were different than how you are, but they can have a comparison in some way, some form, some degree.

I say These Words, because it is important for those who live now to

fully understand that the progress in time still bears much of what it was like a long time ago. Human natures have grown in different ways. Talents have multiplied in many individuals. The likes and the differences in how an individual speaks is called 'updated' now.

So, as This Gift is and has been delivering so much, because in Divine Love there is a Love for human life Above and Beyond what It is understood as.

Everything has a growth to it. Everything has a purpose to it. Everything has a reason for it, and everything is done differently by human measures, human acceptances, and human intellects.

Many might wonder why I would talk like this, but it is to help all ages understand that to be created the human way is a Gift of Divine Plan, and in it there is Purpose, there is Goal; more fully spoken about now than years before, more readily understood now, than time before, because the mentalities of human lives, in being able to look to what occurred before they were created, it gave purpose to

changes, it gave more hope in being able to do things a little different perhaps, but they call it 'progress'.

Just think about this next Statement I will make: When Adam and Eve were created, could they have stood how you live now? Do not forget, they were alone. How could they respond to all the modernization? Time gives Light and Enlightenment into what is available, and always remember: Progress is good when it is properly handled."

SEPTEMBER 14, 2004 AT 12:26 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one We All use to deliver a Love indescribable to all of human life through the Words spoken by Many of Us, not just encouraging men, women and children to learn, but to realize how close human life is to The Divine.

From the beginning of time, it was important to teach those who walked the earth to know that all that was created was from The Divine, and it was important for human beings to understand that as they were created to live the life as man, there was a Source, a Force, a Power in charge, directing all actions, all facets of necessities for the human way to walk, to think, to live.

This Blessing is thousands of years old, but today as We speak through *one small body*, it confirms the Divine Love for the human race of living. Children should be instructed on the Importance of being a human

being, and how it all began through the Love of The Divine Will, Way.

I could speak endlessly on this close Association human life has with The Divine. It is as close as you are with your communication abilities to those you love and are with daily, and at all times.

As I close These Words, I want you to know, My Love for this Gift of Divine Love, human life, is a Love that never grows cold, and each time you ask for a Blessing, I hear you. Each time you communicate with a Saint Here, I hear you, and each time you make a wish, I hear you, and each time you say you love Me, I say it back to you, but you do not hear Me. Innately you sense I hear you. Innately you know I respond. I do, because My Creation of human life is a Gift of Divine Love for you.”

SEPTEMBER 14, 2004 AT 1:15 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is indeed a Blessing Here in the Heavens when We see so many individuals trust in what is a Gift of Divine Love from The Heavenly King, the Souls of millions of individuals, all human of course, in birth and way of life, but to see that they are getting, receiving the Words that are delivered to strengthen their wills, their mentalities, their Faith, and encourage them to be example of what they feel, what they understand, what they believe in, and what they see as a remarkable foundation to become ‘a Saint’.

Thousands and thousands of Words could be spoken on the Importance of human life, especially the Goal for which it was created to reach at another time.

Children should learn prayer and what it means, but also, that prayer is a communication between them and Whomever they are talking to, Whomever they are speaking

to. Do not forget, there is always Someone waiting Here in the Heavens to be beckoned to hear something to be requested, to know and spread the word on something important for the Soul.

Prayer is an important asset to life. Many times it is just for a particular point of view, or a particular act that is important to the individual.

Prayer has so many Blessings, and prayer is a Gift that calls on The One in Whom it is called by Name, to help in the act, or the action, or the fact.

When you pray, remember, you are heard, and when you pray you are Blessed when the act of communication is for the betterment of yourself, or others that you know; and always remember, that when you say ‘*God bless you*’ to someone, even if you say it quietly, The Father responds and says, ‘Thank you for telling Me.’ You are heard at all times, every moment of the day. Remember this.

The Father’s Love for human life is Above and Beyond the human way.”

SEPTEMBER 15, 2004 AT 12:32 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Many of Us hear what you have to talk about. I smile when I say My next Words.

So much Love has been delivered by The Heavenly Father, so much Direction for the sake of Souls of millions of human beings. The enemy tries very hard to dismiss What is put into script through This Gift of Divine Love. The enemy cannot win, but catering to the enemy has its way of appeasing him. Remember that.

Today, throughout the world there are millions of human beings, all ages, all sizes, all backgrounds, all heritages different in most cases, but every human being at the moment of birth has the ability to learn, to act, and to one day speak openly on the importance of what is pure over impure, just over unjust, and all the words that bespeak these things.

This Gift of Divine Love has transmitted through those who have accepted the tasks, the basic knowledge

of what is morally correct, morally sound, morally stable, according to Divine Will.

As Each of Us Saints Here in the Heavens speak out and request Our Words to be put into script, it is for a purpose beyond what it is seen to be because, do not forget, the written Word can last a very long time, even when It is tossed around or omitted by those who are present when It is spoken. The Father sees to it that All Things put into script have a way of returning, or turning up to important spots, places, when The Father knows it is beneficial to the Souls of those who will read It.

I could speak hours on end. It would be a wonderful thing for Me to be able to do, but sometimes We are limited in What We may say, because there are so Many of Us Here Where The Creator is, and He appoints Us personally, day by day, hour by hour; so, as I close These Words, I beseech you to remember: No moment of any day is not open for you to pray, for you to follow The Commandments that were given another day, and for you to concentrate on what is morally sound, practical, and pleasing to The Creator

that designed human life, created human life, and wants it to return to the Goal awaiting it, awaiting That Portion of it, the Soul.

As I leave you, I bless you for your courage and for your understanding in wanting to be part of This Gift of Divine Love wherein so Many of Us have the privilege to speak, to respond, and to give Hope where it is needed.

As I close, I say, ‘God blesses you every day.’ All of Us Saints know this because, do not forget, He is with Us every moment, and We know What He says and What He Wills to have done in His Loving Way.”

SEPTEMBER 16, 2004 AT 11:45 A.M.

OUR HEAVENLY FATHER

“Many times I have dictated important Words through This Gift of My Divine Love.

It is My Love and My Will to help all ages, and human beings of all backgrounds, to more fully understand the Importance of human life and My Love for it, because I place within it a Portion of Who I Am, What I Am, thus giving to human life the Gifts of Divine Love to aid them in returning to Me another way, at a later time.”

SEPTEMBER 16, 2004 AT 12:25 P.M.

MANY SAINTS

“There are Many of Us present at this time, because This Gift of The Father’s Love is a Gift far greater than It is seen to be. This Gift is based on instructing thousands of human beings to be more better able mentally, morally, spiritually, to understand and to follow what is logically Divine Plan.

The world has been Blessed; human life has been Blessed, even when they are not called ‘Christians’ in a formal way. It is innate in a human being to know purity over impurity, morally. It is innate in a human being to realize that there is a Divine Creator, else why would the Soul have a Place to return to and become ‘a Saint’, if there was not already a Waiting Place for this Gift to be given to, for the Souls of millions of human beings?

As I speak These Words, They are to be understood thoroughly, because in the average manner of human life, human living, so many individuals cause themselves to ignore that in the

human Gift of life, there are promises to the Souls, and the Souls depend upon the promises, and want the one in whom They are placed to remember What The Father dictated a long time ago: 'Purity of the mind, purity of the body, gives purity to the Soul that is That Portion of human life that is to return to The Creator Forever and ever and ever.'

We hold *the little one* deeply because her body is spent. It is to give her strength because, do not forget, to walk a Path of Responsibility such as she has, is a Path heavy in many ways, and is sometimes extremely difficult due to the fact that as We speak for Our Words to be put into print, This Gift of Divine Love is heavier in weight, heavier than any human being could think.

You live in a time when so many individuals feel that much more, many more indiscretions of human behavior are acceptable. Not so! The human mind has the ability to know more than some individuals practice, because they allow their weaknesses to show, in accepting the obvious corruption of their Soul.

Many of Us stand Here at this time, because *the small voice* We use is in a body of human life, and Our Words are a weight to her. I will release her slowly to protect her from the weight of Divine Truth that passes through her consistently, constantly, in such a strong manner, way, that the human body is too frail to handle, even when the Power We stand in is used to help her.”

SEPTEMBER 16, 2004 AT 1:21 P.M.

OUR HEAVENLY FATHER

“Yes, We are present in an open manner and a way that *the little one* We use can feel Our Presence. I am your Heavenly Father.

I have given to the world a Gift beyond what a Gift of Mine would be expected to be. It is a Gift of Communication, giving you the option to accept or reject What I Will you to know, to feel, to understand. My Love for human life is beyond what the human mentality can even sense It to be.

In the Creation of human life, everything possible was thought about, to give to human life the ability and the means to one day return to Me and be called ‘a Saint’. The body was designed to give activity, to understanding the importance of a manner of living to be used to gain the State of Sanctity, the way to become ‘a Saint’.

Without the human way of life, The Saints Here in the Heavens would be different than They are. Just as The Angels were not human, Their manner

of living and way is totally in service and love, the Divine Way.

I smile as I speak These Words, because They are so factual in description, allowing those who read the Words to value being born a human way; and in entering at another time, a Place called 'Heaven', They will understand the difference between Themselves and The Other Saints Who walked the path as Angels.

I smile at These Words, because some will read Them and deny Them, due to the fact that if you have not experienced being with The Angels, it is different in a beautiful way; so remember What I have said: The Gift of human life is a Gift beyond what it is understood to be. It is a Gift as the foundation to one day, for the Soul to return to Me, a Saint."

SEPTEMBER 17, 2004 AT 12:39 P.M.

MANY SAINTS

“There are Many of Us present at this time, because of the importance that this *little one* had to endure on this day. The importance was to speak for The Father in a special way. She waited for His Decision. He smiled at this, and when she would see the smile, He would say, ‘What would be the right thing to do, to say?’

In This Gift of Divine Love wherein so many individuals have been requested to participate in many ways, the loneliness that this *little one* has is beyond a descriptive order of logical words that would suit many other cases.

You live in a time wherein education is a prominent factor, giving to all who will take part in it, to be sure that they choose subjects of order, of dignity, of strength, allowing them to more fully understand that in the written word and in the spoken word, there is a great degree of communication.

So Many of Us Saints want This Gift The Father has given to the world, to instruct those who would not otherwise learn about the importance of the human relationship, its purpose and its goal, but also, the importance of the mental attitudes, abilities, and logic in choosing, in choice of speech, the written word, and all the other facets of communication.

Hundreds of Words could be spoken describing what a Gift of Divine Love human life is the custodian of. No other living matter or thing can equal this. Also, in the Creation of human life, there was much concern over the difference in appearance physically that would give human lives a greater width of means, to give to human life more strength, more purpose, more understanding, and more help in how one human being would see in another human being.

I speak differently, but it is with Divine Love I do this. Be grateful for all you have in all that has been created, because each facet of living matter or mental acumen has an ability unto its own, thus giving to human lives a broader scope, helping human lives to

more fully understand the Divine Love for this creation of man.

I will close, but there is so much more to be said, to help human beings of all ages more fully comprehend what a Divine Gift of Love did, for human beings to live.”

SEPTEMBER 20, 2004 AT 12:25 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I am using a *small voice* to deliver What I Will thousands of human beings to know and to see the importance of, for their personal way of living, and for their Soul that will one day return to Me. I want to make the Soul ‘a Saint’.

My Divine Love for human lives is far greater than It is even suspected to be. It is based on My Divine Love for sharing What I Am with human beings.

Today as I speak, there are Many present Here with Me, never seen, but They share the responsibilities of helping those who live and are yet upon the earth, helping them in ways not seen.

In the Creation of human life, there was a Great Desire, Plan. It was to be able to one day share All the Beauty and the Divine Love of The Holy Trinity.

As I close My Words, I say, ‘At this time in which you live, you are the recipients, firsthand, of Divine Will that you are sharing in by taking the Words to be read, by not just thousands of human beings, but millions, because These Words are to be put into print and scattered throughout the world.’

I smile when I say My next Words: Amen, and I bless you with My Love. Remember this.”

SEPTEMBER 21, 2004 AT 8:35 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I am putting this *little one* through a very serious ‘Preparation’, to fulfill My Will that I deem necessary for the Souls I want returned to Me in My Manner of Way, Purpose and Reasonability.

I use *one small body* to accept My Will. It is important, because the Souls that are victims of immorality, plus a lack of understanding that in each human life there is a Soul, a Portion of Who I Am, What I Am, so each time a human being of any age acts impurely, unjust, or strictly opposite to what they know I would Will them to do, think, practice, or act, the Soul is the victim.

***The little one* I speak through is saddened to hear this. She says to Me, ‘It is difficult to hold back the tears that others would see.’**

I could speak hours on end through this *little one*, but her small

body could not stand the Power I could use, and would use.

I will close My Words at this time, but it is important that All that has thus far been delivered, be scattered for the benefit of Souls of other areas in the world who do not have the privilege to be properly instructed by those close to them.

My Love for human life is above what the human mentality could understand. It is oftentimes forgotten that My Will, My Purpose, My Desire for this Gift of Mine to live a life, and then return to Me That Portion of it that I Am. It is the Soul.”

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret.

Today, throughout the world there are many moral changes to be made because of the immorality that is so prevalent.

Human beings of all ages ignore any subject on this matter, because too much of what is wrong morally is acceptable, and that is why there are so many Souls not ready to enter the Kingdom of Heaven.

As I speak it is with a sadness, because it has been instructed, taught, and spoken about many, many, many years, regarding that human beings of all ages have the privilege when they die, to go to Heaven. The privilege is beyond what they have accepted it to be. It is talked about, and it is in many ways subject matter that is not taken seriously.

I will not speak long, for as I do at this time, it is sadness for Me to say the Words I have said.

‘Morality’ is a Gift of Divine Love and should be seen for the importance it is to a human life. ‘Immorality’ is like poison. It is beyond any other wrong decision a human being can make.”

SEPTEMBER 22, 2004 AT 12:41 P.M.

SAINT BARTHOLOMEW

“There are Many of Us present, perhaps too Many to mention, but Those with Me have requested I mention My Name, because I have spoken through This Gift but rarely have I identified Who I am. I am Saint Bartholomew.

This Gift of The Father’s Love for human lives is greater than It is recognized to be. It is a Gift instilling into human beings of all ages, the Purpose for human life and the Love that is instilled in it, giving to human life a Goal, ‘Sainthood’. It is not often that prayers are heard responding to this Gift, because in the human manner, human way, prayers are spoken in a way that the individual feels comfortable with, positive in, and expecting the communication to be blessed physically, morally, mentally, personally.

I speak differently on this day, because I have come to announce that much love and pride is shown to those who walk in this path, based on The Miracle that was given to give strength,

understanding, hope, and more love for The Divine.

Children should be instructed on the importance of prayer so it becomes a natural act of daily care; privately, will help the little ones because they will feel the response of Divine Care.

As I close These Words, I know They will be understood, because those who are putting Them into print are aware of their part in partaking in a Gift of Divine Love for millions of Souls everywhere.”

SEPTEMBER 22, 2004 AT 1:09 P.M.

SAINT ELIZABETH
SAINT CLARE

“I am Saint Elizabeth. I am Saint Clare. We All smile as *the little one* automatically discusses Our Presence. We make Ourselves known, drawing her attention in case We want to speak Words of Direction, of Love, of Hope.

This Gift is The Father’s Love for human life. It is a Love beyond what It is seen to be, understood to be, because so much previously through time has been designed by The Divine to draw attention to the importance of Faith in prayer, and definitely in The Divine, The Holy Trinity, and All The Saints There.

So much has been given straightforwardly, without any stop, in addressing the Importance of human life and what will help human life grow mentally, spiritually, morally, and in their conscience that they have every moment of every day, as a living human being that walks each day with the privilege to pray, to remember The Divine, The Holy Trinity, and to give

thanks for being a human being with the Goal that awaits the Soul one day.

I know Many of Us speak rapidly, but I ask you to please understand Our Manner of Living is a Gift of Divine Love, and in Our wanting to help all of human life when We deliver Words of Direction, Love, Hope, it is not through the wording as you know wording to be; it is through Our Presence, instilling This in *one small human being*.

As I close These Words on this day, I smile at each one who takes the Words, and you must know that as you take These Words, The Holy Father, The Divine King, blesses you for your love of sharing.”

SEPTEMBER 22, 2004 AT 1:46 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Gift of My Divine Love in which I am sharing so much, not just Information, but My Opinion, My Will, and My Love for human life.

Children are not being instructed properly. Too much is being emphasized on humanism, materialism, and possession of many things that basically are not of such great nature that they will give strength where it is needed, hope where it is needed, understanding where it is needed, and Faith in Me where it is needed, Faith in The Holy Trinity; Faith in how to accept, how to reject, how to dismiss what is justifiable in its concept, but wrong in its worth.

I speak rapidly, because My Words pour forth based on Divine Love. All things you are prepared to do, you are Blessed for. All things you accept in the way of Spiritual growth, you are Blessed for.

I will close My Words. I have spoken so rapidly. Always remember, you are Loved by The Holy Trinity when you serve willingly to give strength to yourself and to others for the Goal you were created to reach for your Soul.”

SEPTEMBER 23, 2004 AT 12:39 P.M.

MANY SAINTS

“Many of Us are present. The Father Wills it to be this way, because Our Presence gives you strength and a feeling that Someone is close, but you have no concept of which One of Us it would be.

Human life is gifted with a Gift far greater than It is seen to be. It is a Gift understood, because It, too, has a Goal, and that is to return to The Heavenly Father, The Heavenly Queen.

We hold *the little one* tightly, for Our Presence is stronger than It is known to be, understood to be.

The world has been Blessed abundantly by a Gift greater than It can be seen.

Remember, within you, you have a Portion of What The Creator Wills you to have. It is a Gift of Divine Plan, and is constantly present wherever you are; so as you live each day, always remember, you are never alone, not for one minute in the day. Even though you

feel that you do not feel the Presence, many times you are more aware of It than you dare to think or feel.

Always remember, you have a Portion of you, within you, called 'a Soul'. A Soul is What communicates with Those Who have passed away, sometimes a long time ago. Time to the Heavenly Ones is very large, very long, very encouraging, and gives help, hope where It should.

As you hear *one small voice* with Words you would not think of, you also, when you hear *the voice*, participate in a Gift of Divine Love in an open manner, open way, through Words you understand the meaning of.

This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, actually stands for All Here in the Heavens in a Very Prominent Way. Those who do not want to believe Our Presence is a natural way of serving The Creator every day, please be sure that you listen well, and you will gain strength by what you hear in What We say.

I know this time that I have spent with you now is different than usual, but the Words are to be remembered,

because They are Words to give you the chance to realize you are never alone, any portion of any day.”

SEPTEMBER 24, 2004 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many times I request Others Here with Me to speak Words that those who will be hearing Them through this one voice of *the little one* I have chosen, will find in the Words not a form of mystery, but a Form of Divine Love spoken intentionally.

I have given to the world a Gift, not One that appears to sound or to act or to project All I deliver as coming from her, for as I announce My Name, and Others Here with Me do the same, it is logical for those listening and/or putting into print What I say, What I want said, What I want understood for the Protection of not only the Souls, but for the individuals connected in an order of understanding that I do speak openly, allowing human minds to understand I am continuously present and aware of all human life throughout the world, and all things that are occurring throughout the world.

My Love for human life was openly stated when I, as The Creator, took part in the Birth of a Child that was Named to be My Son, and for My Closeness to a Woman Who was presented the Gift to be able to be The Mother of This Child.

Throughout the world, there has always been discord or resistance to the full meaning and conception of all the Groundwork I laid and lovingly presented for human lives to more fully understand what a Close Association I have to them. I did this as part of My Plan, so that the creation of human lives would have the abilities to recognize My Purpose, practiced in a logical format for it to be easy for understanding how I would do things in accordance with what would be logical and easy to understand.

I hold *the little one* tightly, for as I speak, the Power I Am and use is not weak. So each time I speak to her, it takes a certain degree of mental and moral and physical strength.

My Love for human life is far greater than It is seen to be, because I have a Portion of What I Am, Who I Am, within human life, thus giving to

human life the Means to strengthen them in more understanding of My True Existence and My Closeness to them.

I could speak endlessly with My Divine Love. I smile when I say My next Words. I am always tempted to speak lengthy, because I want so much to be understood and to be used in What I decide to speak through My Will to give strength, understanding, and hope for human beings of all ages to return to Me.

When you say to someone else, ‘*God bless you,*’ I do, even though I do it because of your generosity and the need of the one you requested to be addressed to.

As I close My Words I openly say, ‘I love this Creation of Mine that I communicate with silently or verbally every day in many ways, sometimes through their mentality, alerting them to what would be pure over impure, just over unjust, fact over fiction, or love over hate.’

I end My Words and I say, ‘*In Nomine Patris, et Filii, et Spiritus Sancti.*’”

SEPTEMBER 24, 2004 AT 12:47 P.M.

SAINT AGNES

“I am Saint Agnes.

This Gift of Divine Love is a Treasure to All of Us Who are requested to speak, giving hope, understanding, and value to living the life of a human being.

The world has been Blessed in many ways. The Father has Decreed it to be so, because in His Creation of human life, He Willed it to practice good things, practical things, loving things, and definitely things that would speak of morality.

The human minds of the human way of life sometimes do not always look at the logic, the spirituality, the necessity, that in designing a situation that would involve many individuals, or designing a product that many individuals would be exposed to and want to own.

In human life’s daily living, there are so many things that are attractive, interesting, and available. The Father made it this way to give

human lives the benefit of decision, of choice, and using their mentalities to make the decisions that would not be just practical or logical, but also Spiritual.

A piece of material laying all by itself can be looked at in many ways: suggestive as far as what it would look like if it was created in a particular form of wearing apparel, but there are other ways also, that some would look at it and innately sense a spirit of impurity in the color, or the type of material, or the design they would expect it to be created in.

I know I have never spoken like this before, not to this degree, but you do live in a time in which so much of the enemy awaits your attention, encourages your attention, and enjoys your attention, especially when it is demeaning to your purity.

I know I speak differently, but The Father has allowed this to be. It is important to remember: In every way, every day, you have the chance to make opinions, decisions; you also have the advantage to pray, asking help in many ways; but as I close These Words, I do it because I could speak

hours on end and, believe it or not, I would want to, because I would want you to understand the Importance of your Soul and how The Father Wills It to return to Him, a Saint.”

SEPTEMBER 27, 2004 AT 12:00 NOON

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There are Many of Us present wherever This Gift of Divine Love is placed, and draws Our Attention so We can speak through her for the benefit of millions of human beings.

I speak in this manner because it is important for all human beings to understand, a Gift of This Degree for the Souls of millions of human beings is a Gift beyond what the human mind is capable of perceiving. If I am repetitive in what I speak, It has purpose of great importance for the Souls of millions of people.

To walk a Path of This Dimension, created to give strength, hope, perseverance, mentally, morally, physically, consciously, it is only justifiable to follow the Path designed by The Creator to last into several generations of human beings.

***The little one* chosen to be the recipient of Major Responsibilities, repeats What is spoken, Word for Word,**

and yet not heard but instilled into the mentality, for the importance of Them to aid others in learning more about what The Father Wills them to know, and to hold dearly to Them, closely to Them, for the sake of their Souls.

In This Gift that delivers so much logical, descriptive Wording, it is sad when there is any form of rejection or sarcasm, because every human being has the obligation to act, to think, to project, and to use what is logical for the Souls they possess, but also, for the Souls of other human beings that they know.

I will close, but I close with a firmness, unusually needed but important, due to the circumstances that sometimes occur.”

SEPTEMBER 27, 2004 AT 1:00 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

In your daily way of living, do you adopt all logical measures in everything you do, so that your actions will show complete respect for others?

When you speak, do you speak with care, sincerity and purpose, or do you speak for attention, not caring what you speak?

When you make an appointment to meet someone, do you practice what you will speak about? Do you think about the subject matter and how it will connect you mentally, physically, morally with the one you are speaking to?

Politeness is a Gift developed by the human mind, according to the manner in which one lives or is part of, regarding others who walk the human path.

Is time to you of such great importance that you ignore what it is to others?

Do you feel the closeness your Soul is to you when you have a special statement to make regarding your views on subjects that, in some ways, could be taken wrongly?

I know I speak differently, but these are things helpful to how you live your daily way of living: to be aware of how you act, how you think, and what you say, because it is important by your example that those with whom you are oftentimes with, know that within your mind, you care in a moral, decent way, thus pointing to your morals giving strength to those who see what you do, hear what you say, and imitate the foundation that you display.”

SEPTEMBER 27, 2004 AT 1:50 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I come on this day, because for All of Us Here in the Heavens to be able to use *one voice, one body*, allowing Us to deliver so much Divine Love through and for the benefit of millions of human beings.

Today as I speak, there are Many Who surround Me, All smiling and All willing to participate in This Gift of Divine Love for the benefit of millions of Souls Who without This Gift would not be treated properly at another time.

Children are not being instructed in a sincere, genuine, formal way, helping them to understand that they were created to one day return to The Father and be called ‘a Saint’.

So little is spoken on this subject, because human beings of all ages have resisted the conversation, finding it difficult to explain Something for the Future, and of course, totally in

God's Determination in how it will be expressed.

You do live in a time worse than all the bad, wrong, impure times in the History of human life. The world has accepted so much, thus ignoring The Divine. That is why This Gift has been delivered through *one small voice, one small body, and one mind.*

When so much is spoken to a crowd of people, It is not heard in the degree, the way It is meant to be. There are so many determinations on how an individual determines What was spoken, why It was spoken, and Who spoke the Words, thus oftentimes denying the reality that the Words were spoken through *one voice*, but delivered by a Heavenly Source.

Hours could be spent on speaking in detail on the Importance of human life, and the Purpose for which it was created and is created.

My next Words may be new to some, but They are Words of confirmation.

The Creator Himself took a human way by walking the earth in the human form, thus openly giving the

Gift of Divine Life to those who were present. This Gift has never dwindled or died away; in fact, this Gift has grown through the acknowledgement that many human beings have become ‘Saints’ openly, lovingly, and purposely, thus giving to those who would read or those who would pray, the importance of seeking Sainthood for themselves at a given time, a given way.

As I close These Words, and All Here with Me, say: If you will but remember to cross yourself every day, many times, it is a prayer of recognition, a prayer We love to see, because as you touch your forehead, you salute *The Father*. You go to your chest and you say, ‘*The Son.*’ He waits for you to do this, and then you say, ‘*to The Holy Ghost.*’ This prayer means more than you understand it to mean. It is a communicative Salute to The Holy Trinity.”

SEPTEMBER 28, 2004 AT 12:36 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. It is a privilege for Me to speak through This Gift of Divine Love that The Father has allowed so much to be revealed, so much to be learned, and so much to understand some of the most Beautiful Gifts of Divine Love for man.

Time is of the greatest importance to every human life, but do not forget, it is also important to The Creator of human life, for in time the Souls will one day return to Him. He wants it to be ‘All Saints’. He wants Them to respond in a manner, degree and way that only a Saint could see Him, know Him, and understand what a privilege it was to be in a man.

Today I will speak in a short manner and way, because there is so much more for human beings of all ages to learn about, and to understand what a Gift of Divine Love human life is to man.”

SEPTEMBER 29, 2004 AT 12:36 P.M.

MANY SAINTS

“There are Several of Us present. *The little one* is trying to see Who We are.

We have come today to speak on a subject matter of great importance, because the subject is regarding the Soul that every human being is the custodian of.

Some have been instructed on the possibilities of what the Soul looks like, and the Importance of Its Presence. Is It to guide an individual, to guard an individual, or to instruct an individual, or to give to an individual human being strength to persevere in acceptability of The Rules of The Creator of All Things?

They are called ‘Commandments’, and in These Commandments, there are obvious Words spoken, depicting a certain subject. I will mention a few: *bear false witness; strange gods*. The list is endless as I look at it through The Father’s Will.

That is why so much has been delivered at this time to give to all human beings a fuller understanding regarding what the creation of human life has awaiting it; that is, That Portion of it that is given at the moment of conception: a Soul.

We hear men, women and children say that they are 'soul mates' with another individual. Of course, this statement is in many ways helpful to their personal communication and how they live at different times, doing many things together.

In the Creation of human life a long time ago, everyone was created with a Soul. Lessons had to come through authority, instructing about the Soul, that It was a Portion of The Creator, and must be kept clean from any wrong, any sin, any bad thought, word or deed.

I know that Many of Us, when We speak from Where We are, and We request the Words to be put into script, it is to share with hopefully millions of other human beings what a Treasure human life is, and that it has a Purpose greater than any other

thing created, and that is to one day become 'a Saint'.

So much has been delivered in Words understandable, and I assure you that Those Here in the Heavens Who have the privilege to speak and have Their Words put into script, had no idea that one day They would work for The Father in a manner and way describing the Importance of human life and what He expects of it.

We hear some say: 'You would think that The Father Himself would talk. They are His Words, and What He Wills us to know, to follow.' The Father always smiles at this because through His Divine Love, He has in many ways touched the human way of living Personally.

The Reason I have spoken this way is to strengthen the understanding of how close The Creator is to every living human being created by Him. I beseech you, remember this."

SEPTEMBER 30, 2004 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Today as I speak, I speak for a reason that will aid thousands, if they will but read the Words in the correct manner I Decree Them to be.

In My Creation of human life, I instilled in it many things. As it was accepted in the human minds of those who were with Me, it was accepted on the Importance of what I meant it to be.

You live in a time wherein many of the things I spoke about can be read in print, passed down through time, but it is oftentimes ignored because there is so much desire and willingness at this time for thousands of human beings to read more than What I passed down, thus more learning is being done on things that can be vile, contemptible, misleading, and a sadness to the Souls of those who partake in this pattern of living.

I have given to the world *one small voice* that repeats and repeats

and repeats What I deliver for the Souls of millions of human beings.

The world of human lives must be alerted to This Gift of Mine, because It is for the benefit of their Souls, That Portion of human life that must be returned to Me to one day be called ‘a Saint’.

As I close These Words, I smile when I say, ‘I bless those who use This Gift of Mine, and I bless them in the Name of The Divine, but with the Cross that was suffered one day at another time: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*’”

SEPTEMBER 30, 2004 AT 12:48 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I smile when *the little one* mentions My Name, because in the beginning of This Time with her, The Father smiled. She told Him she did not know much about Me. He told her not to worry, He would deliver the Words He Willed her to have, and others to have. Her retaliation to this was, ‘*Thank You, because I couldn’t do it.*’

So here We are at this time, still talking to Each Other and still delivering through her, Words of Great Importance for the Souls of not just thousands of human beings, but millions of human beings. Never forget, when one counts in number, the number is oftentimes far reaching and greater than it is thought to be.

As We speak today through this *small voice*, it is to give hope, more understanding, and more ability to feel that as a human being and you have the capability to speak, to think on subject matter that you do not

ordinarily think about, you have the privilege to learn from Words very important things about life, about the Salvation of life, the Purpose for life, and the reasonability that human life was created for a Goal for the Soul. Remember this.

The whole body will be remembered, but the Soul is That Living Part that will give to many others the strength, the reasonability, through what the Soul does for others to see, to feel, and to capture spirituality of the mind, the body, to further one's abilities to understand The Divine.

I could speak hours on the Importance of This Gift at This Time that The Father, in His Divine Love, is delivering in such a matter-of-fact way, a logical way, the Words, All pointing to the Importance of human life.

As These Words are closed, They are always ready to speak more on the subjects that give strength physically, mentally, socially, and in all ways in which human life is seen, felt, active and present.

I close the Words with a Blessing. Use This Gift to strengthen your will,

your actions, your understanding, and all that you are in life, so one day at a given time, The Father will say to you, ‘Welcome to The Divine.’”

OCTOBER 1, 2004 AT 11:58 A.M.

OUR HEAVENLY FATHER

“This *little one* I have delivered so many Responsibilities through, is beyond what the human mentality can perceive.

The world has been Blessed by All that has been delivered verbally. There are no secrets to or in My Love for human lives.

Though there are many times My Words are ignored, I always hold Them in an evident manner, to one day have Them remembered as I Will Them to be: strengthening, and of Spiritual help when and where it is needed.

***The little one* I use is beyond what the human body can permit it to be. My Words are Words of Direction, but the weight of the Words in her body bear the weight of concentration, plus the importance of Them to be repeated, for Them to be seen as coming from Me.**

All that I speak through her voice is to strengthen, to encourage, and to instruct What I Will to be important

for the benefit of each human being who bears a Portion of What I Am, that is to be returned to Me in a Pure State of living.

I have spoken so much, so directly, and it saddens Me to see It ignored, due to the individual that innately knows the Words are meant for everyone. My Words are to give strength, understanding. Each Word has a purpose to It, in It, for It, not to be denied that It ever existed.

My Divine Love for human lives is Above and Beyond the human mentality, because the human mentality does not have the In-depth Power of Discernment that I Am, that I deliver for the Souls of millions to learn from, and to understand the reasonability for which I give These Words; to make the human mind understand My Presence, My Communications, My Purpose for These Things is to awaken the mentalities to more fully comprehend the Closeness that I am to human lives of all dimensions of understanding.

I will close for now, but as I do I say, 'It is wise in many ways for all who read These Words, and even those who just know Me by Name, to be assured

that in the Creation of human life, I would never have not been a Portion of it, because My Presence is Vital to it.’”

OCTOBER 1, 2004 AT 1:09 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

Many of Us are always present where this *little one* is, because The Father, in His Love for human lives, uses Many of Us Here in the Heavens to dictate through one such as she, Messages to give Informative Understanding and Direction to those who need whatever the subject matter speaks of, speaks in, speaks for.

The world has been Blessed abundantly: first, by the knowledge that there is a Creator, a Controller, and a Divine Love that every human being is connected to, no matter what form of spirituality they choose to follow.

It is sad when some do not realize or want to accept the Gift of Divine Love so close to them, always at their beck and call when needed.

So Many of Us Here in the Heavens ask The Father if We might, We may, We can speak on a subject to those We know have the privilege to

hear, to write, to better understand the Real Presence of The Divine is always available to the human mind. I could speak hours on end on this Beautiful Association The Divine is to human beings of all ages.

Today as I close These Words, it is with a smile on My Face, because you see, your act of love in partaking in a Gift of This Dimension, and you're using It to the benefit of your Soul, and the importance of your understanding what a Beautiful Gift human life is, because it has a Purpose, a Reasonability and a Divine Goal."

OCTOBER 2, 2004 AT 12:40 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. There are Many Saints present with Me as I speak Words to you.

Jealousy is not one of My Gifts to human life, because jealousy can cause many sins. Jealousy, in many ways, disposes of a natural communication that can serve in a beautiful way.

Jealousy bears doubt, even hate. Jealousy contributes to ugliness, thus supporting the ugliness against all that is good, sound, truthful, and necessary. Jealousy oftentimes bears only what is ugly, doubtful and mean. Jealousy is not what the human mind should perceive, should claim to have, or claim to be.

There are many degrees of sinfulness caused by jealousy that has no apparent purpose to aid a situation, a condition, or an evaluation.

I could speak endlessly on this subject matter. The enemy of What I Am and Who I Am, is the victim of jealousy.

As you live each day, remember, your Soul is a Gift of My Divine Love that you were created with. There is no time or place for jealousy to exist. I will speak more on this subject at a later time.

Yes, I am your Heavenly Father. I always have been and I always will be, and I, God, bless you.”

OCTOBER 3, 2004 AT 9:38 A.M.

JESUS

“When I walked the earth in a human way, it was to be Example for those who would see Me, know Me, to understand that My Presence was Important for more reasons than they could comprehend.

As I walked, I bore the name of a human way, but as I stand Here in the Heavens, My Name is The Son of The Creator, called ‘Jesus’.

When those who need help address My Attention, I answer them in more ways than they know, because the Creation of human life is a Treasure beyond what it is known to be. It is that link of closeness of human life to The Holy Trinity.

Prayer is important. It is what speech is between human lives to communicate with each other. Prayers said in communication with Me are answered in many ways, because prayer has a way of drawing attention.

My Love for human life has a Foundation unbelievable to human

lives, but I assure you, every prayer is heard and answered.”

OCTOBER 4, 2004 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

When I organized what time would be for the lives of those who would be created, dependent on what time was for them, and what time would signify to be accepted as: a formal plan for the human mentalities to understand that time was of the greatest essence in their planning and in their manner of doing things. Even the birth of human beings is based on timing, but there is always an understanding that to be born, sometimes takes longer for this Gift of Divine Love to be realized.

When The Son of Mine was brought to the Cross to be crucified, it was timed according to those who were evil, overbearing, and unkind in how they thought or willed things to be.

As I close These Words, I do it with Love for the human lives that I created that bear a Portion of Who I Am, called ‘the Soul’; the timing of how They are born, when They are born,

and the time I ask Them to return to Me.

Time is a Gift of My Divine Love, and should be respected as being the foundation for human lives to practice and use this method of time to be beneficial for the manner in which they live; also, their activities in which they use time, and their actions based on timing.

Time spent in prayer to Me is of the greatest importance, because I use it for the Soul of the human being.”

OCTOBER 4, 2004 AT 12:47 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Blessing beyond what the human mentality can perceive, because at this time it is important that all of human life, all ages, all backgrounds, all intellects and all manner of judgments, should listen to What I speak, and remember It in Its full degree of Wording and Truth.

In My Presence at this time, *the little one* sighs at the Power I Am, but it must be obvious to all who take the Words, that you live in a time wherein and in which so many individuals do not understand the important facts of living human life and the Goal for which it is to one day reach; that is, to return to from Where It came.

Granted, some say, ‘I understand this, but if it is only a seed that causes someone to live, what were They like when They were with The Heavenly King?’ This, of course, is sometimes almost diabolical when it is spoken. It

is questioning something far beyond what the mentality can perceive.

Innocence, at this time in which you live, is not like it should be, dignity is not like it should be, and following a Gift of Faith, helping one's Soul to one day be returned to from Where It came, is not a constant or consistent thought by very many, if at all. The number is so low it would shatter your mentalities, due to the fact that thousands and thousands and thousands of individuals are created in the human form, way, and abilities.

I know I speak differently, but I speak it to awaken those who sometimes resist understanding the Importance of human life and that it has a Goal Greater than what the human mentality can perceive It to be; yet, I hear the very same people looking for material things that they feel are worthwhile, but ignoring the Spiritual Things that are Part of Me.

As I close These Words, I say it with My Love for human beings of all ages. Remember to pray, and remember that in your prayers, you must feel what you say, understand what you say, and also, that you are

asking for aid from Someone Who is Here with Me.”

OCTOBER 5, 2004 AT 8:37 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I hold *the little one* indepthly, for she is alone with Me in a manner and degree not understood by the human mentality. I use her obedience to fulfill My Desire for Words to be scattered throughout the world, drawing attention to the importance of living as a human being.

I use *one small sacrifice* for This Great Venture, because others could not handle It in another way. They would expect loud verses of conversation and physical emotions and dramatization. She is not of this caliber of association with anyone, even those she loves intensely.

This Special Gift I use her for, is to instill in thousands, hopefully millions of human beings, that My Presence is always evident. They are never, never without Me. The common understanding for when they understand Me to be present is only when they see or hear Me, but

generally, it is on their manner of being active and human.

My last Words are not as full as I would like Them to be, but I will continue Them on more definition at a later time.

The little one is in many ways a prisoner of The Divine. This Statement is inconceivable to the minds of so-called 'highly religious' human beings, but nonetheless, as I speak Truth I am allowing all to know she is more with Me than with them, continuously.

She says to Me, 'I would rather be like them, God, because it would be more natural, and then they would understand more indepthly.' I smile at this because of her innocence and desire to be correct in all issues, all facts, all practices and all communications, but in her innate love for The Holy Trinity, she accepts My World in a pleasant manner, degree and way. She does not want others to see her when she is with Me. I understand this, but sometimes I feel it is necessary.

All who read These Words will not interpret Them in the degree, manner and way They describe how much I want human lives to understand they

are never without My Presence, My Divine Love, and My Will to give them a more personal Association in how I want them to be.

When I hear different individuals ask why she would see Me or speak for Me, why would it not be them, to instill in them a personal, closer relationship with What I Am, Who I Am, every prayer that is spoken My Way is heard, and sometimes it is just given help without it being openly spoke about. In fact, most times this occurs, but sometimes in a little different manner than they would expect it to be, because I would see it in a different degree of necessity.

As I close These Words, remember, I am as close to you as your heart is to you, every moment of every day.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Many of Us Saints thank The Father for allowing Us to be able to speak to human beings of all ages, giving them, enlightening them, and encouraging them to be sure and follow a path ‘pure’ in every way.

Human nature is a Gift of Divine Love, but human nature has the ability to speak in many degrees of terminology. It also has the ability to understand that when others speak, it is a Gift of Divine Plan, so that subject matter can be understood in the degree it is important to be understood, in the manner that gives to it what is called ‘communication’.

Without this Gift that is so much of human beings’ manner of communication, human lives would have a very difficult time, because it is innate in the human mentality to want to learn, to want to speak, to want to share, and to want to gain progress on situations, ideas, circumstances that in many ways are beneficial to their

mentality and their body, their way of life, and what they learn about to make life, living the human way, more adaptable to so many Gifts of Divine Love.

When We hear individuals ignore some of the Gifts of what they are open to and are available for them to learn, it is sad to see them reject Gifts of this Divine Love, designed by The Creator of All Things.

Daily life is a Blessing and should be treated thusly. It is a Blessing, giving knowledge and helping the Spirit of human life to enjoy human life, and to share it with others. It is also a Gift that instills what a monumental Gift human life is every moment of every day, when it is recognized as being a Gift of Divine Love.

I could speak hours on this. All of The Saints Here, in requesting The Father if They could but add to the lives of those who are yet in the living state, They would like to do it.

As I close These Words, I will make one Statement: When you pray, be sure that you, in your own way, ask The Father's Love, because He loves to hear it when you say:

***‘I love You, God. Thank You
for the day.’”***

OCTOBER 6, 2004 AT 12:24 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

All the facts in human life have a purpose and many have a goal. The Gift of human life is above and beyond what the human mentality can perceive it to be, because human life has within it a Portion of Who I Am, What I Am.

Today as I speak, *the little one* is ready to hear What I Will to talk about and to describe as important to Me and this Gift of My Divine Love, creating human life to one day return a Portion of it, that is a Portion of Who I Am, What I Am.

Many who read the Words that are delivered through This Gift, find it difficult to understand how I would talk like this. Also, they try very hard to see the Wording in comparison to the wording they are accustomed to in their daily way of life.

Human nature is a Gift, because within it there are many things instilled mentally, morally, physically

and spiritually. Those who become accustomed to saying certain prayers, there is nothing wrong with this, as long as the prayers are understood in the capacity of subject matter, and how it affects the mentality, the morality, and the interest of who is saying it.

In closing These Words, I must add: In the Creation of human life, every facet of what it would be able to do physically, mentally, spiritually, was taken into deep consideration, so that all things would be covered when the Soul stood before Who I Am, What I Am, and We would understand the value of what occurred.”

OCTOBER 6, 2004 AT 1:16 P.M.

THE SACRED HEART

“Yes, We have been present for a very long time. You know Me as ‘The Sacred Heart’.

There are so many things that must be considered of great importance, that are actually being cast aside because of the lack of understanding in the importance of Faith in The Divine.

Children are not being instructed to a degree that will aid them at a necessary time. So much is being practiced on just the humanistic version of what the mentality decides it to be.

A Gift has been given to the world wherein so much has been spoken on Facts, giving to situations inconceivable for their worth, because the human mentality cannot see the value of purity over impurity, justice over injustice, Faith over the neglect of Spiritual understanding. Faith is a Gift, but It should be based on what is morally sound, morally feasible, morally logical, and morally

acceptable to what The Creator of All Things would describe it to be.

So many individuals feel they have the Faith to believe in The Holy Trinity, but oftentimes they are remiss in how they pray, and how they expect things to occur, because in their thinking, their casual understanding omits what would be logically, spiritually acceptable to The Divine.

Thousands of Words could be spoken and put into script, hopefully to enlighten many mentalities into more fully understanding what a close Association human life has to The Divine. Do not forget, the Connecting Link is the Soul, a Soul that cannot be seen but It is felt through the knowledge, the understanding, and the value of what human life is all about.

Several of Us are present. We have gathered More than at the beginning of What has been spoken, but I assure you, the path you walk now in service to Spiritual strength, happiness, hope and accomplishment, is a Gift to be proud of, and a Gift that will be remembered at an important time.”

OCTOBER 7, 2004 AT 11:47 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

All that I deliver through This Gift of My Divine Love is to enlighten the mentalities of all degrees of human intelligence to more fully understand, it is My Love for mankind that I have given so many the privilege to walk for My Will to be done for the Souls Who otherwise would not be cared for according to My Plan.

This *little one* bears a burden of Communication with What she does not hear physically. She talks to Me and I say to her, ‘My Will must be accomplished for the sake of Souls Who are being mistreated by so many ages, so many degrees of understanding the Importance for which I created human life, and the Precious Goal I have for it.’

Her body shakes with My Love, with her devotion to My Will. She does not like to hear Me say these things openly, or even personally.

Throughout the world there are men, women and children of all backgrounds of inheritance. This Plan of Mine was designed to give the ability to know many things, and to understand others that were not born like the individual was born; also, that My Love for mankind was Superior to what could be understood fully.

The little one I use is obedient to My Will, no matter what I ask her to do. It is sad when I see jealousy toward This Gift of My Divine Love. It is wrong in its very concept, because I have created all human lives with a Soul, a Portion of Who I Am, What I Am, and I desire the Soul to be returned to Me in Purity.

Please remember My Words, the meaning of Them, and My Love for those who honor the Gift of human life, because it has a Goal to return to Me in another Form. Remember this.”

OCTOBER 7, 2004 AT 12:40 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene.

It is such a privilege for All of Us Here to speak through *one small voice* that has always been dedicated in love of God.

Today, at this moment there are thousands of men, women and children acting unjustly, impurely, ignoring what would be correct, not just for their Soul, but their personality, their nature, and how others see them.

Prayer is an important part of human life, because it has the advantage over normal conversation. The moment a Saint is called upon to hear the words related to the Saint, the Saint blesses the place, sometimes abundantly.

Prayer is oftentimes ignored. It is not spoken unless there is an obvious attention to the thought, ‘prayer’. Prayer should be a daily practice, recognizing that no day should not be spoken remembering some Saint or, of course, The Heavenly Father, The

Heavenly Mother, and All Who are with Them in the manner They are recognized to be.

The world has been given a Gift that at this time is kept only locally. Many Saints speak through This Gift, not to gain attention, but to instruct, and to help those who are yet living to remember there is a Beautiful Goal to life, worth thinking about and worth practicing, to accumulate many hours doing it.

Prayer was not meant to just be heard about, because prayer is a communication designed by The Creator to give strength mentally, morally, emotionally, physically, and many other practices of human life.

As I close These Words, I do it with great thanks to The Heavenly Father for allowing Me to partake in helping, in encouraging those who are yet in the living state, to keep prayer as a personal communication, never to be forgotten by the Saint, because do not forget, Each Saint lived the human life and understands all that the human way consists of and needs to help it return to The Creator, a Saint.”

OCTOBER 8, 2004 AT 12:35 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are Several Here with Me, All smiling because They know that My Words, My Love will be accepted in a very beautiful manner, way, and with dignity.

As We hear others talk about what a privilege it is to be the mother of one child or more, We All smile at this, because a mother is very important, due to the fact that in bearing the child for birth and then waiting for it to arrive to live a human life, is always seen as a Gift of Divine Love, even when circumstances do not seem to register the thanksgiving, the hope, the concern, and the will to direct a child.

As I speak today, I speak for All of the Heavens, because do not forget, Many, Many, Many of Us walked the human way, learning all there was to be learned, and now, Here in the Heavens, We hear many individuals pray for strength, for help, for hope, and for the ability to do what The

Father Wills in Our Station of Life, in their station of life, because of the Importance of the Soul.

I will close at this time. I am speaking rapidly, I know, but be assured that as you were created in the role, the manner, the way that you walk in the world, you are never alone. Many of Us are always present.”

OCTOBER 11, 2004 AT 12:30 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have addressed so many subjects to those who are present here with Me now. I do this because of My Love for human life, My Allegiance to it, My Hope in it, because within it there is a Portion of What I Am, Who I Am.

I have given to the world a Blessing not seen by all, but It exists through My Time, through this *little one* I use, who I deliver Words of My Divine Love for many to more fully understand that though I do not walk on the land as they do, My Will and My Love radiates from Me to them.

Children are not being instructed on the important Facts regarding in the Creation of human life, it was designed by Who I Am.

In This Gift in which I speak so much, hoping to instill My Divine Love, because within each human life there is a Portion of Who I Am, What I Am. It is called ‘the Soul’. That is why human life has so many Gifts that

nothing else created is the custodian of.

Today as I speak, I speak because My Love for human life is Above and Beyond what and how It is understood to be. Every moment of every day, I am present through the Souls of millions of human beings. In the Creation of human life, there was a Gift to be present every moment of that individual living human being. It is called 'the Soul'.

I want to speak hours on this subject because of My Love for human life, but I know speaking hours would be difficult and exhausting on those I love for participating in 'this place' with Me, for Me. It is a gift to Me, showing love for Me in your way, so as I close at this time, you can be assured, I will return when the time is right and I will want to be heard."

OCTOBER 12, 2004 AT 8:40 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I bless those who honor Me, because it tells Me that they understand My Love for human life is beyond what each day of life is to them.

I speak through *one small voice*, have been for a long time, *an instrument*, to share human beings of all ages with The Divine. Children should be alerted to This Gift of My Divine Love. So many individuals do not discuss This Gift, because it is difficult for them to understand how I might choose one such as they are for My Love to be expressed, My Desire to have them know how close I am to them.

I hold *the little one* deeply, because as she listens to Me, it is innate in her not to want to miss a Word I might say.

Throughout the world, I desire This Gift of My Divine Love to be spread, whether It is accepted or not, because there will always be some

who will innately feel how important the Messages are that I reveal them to know, to give them Strength, Hope, and Purpose for their Souls.

I have used this *little one* so many years, to give strength for the benefit of their Souls.

As I speak today, it is My Love for human life I say the Words. Granted, some may not believe or understand I would act this way, but the important thing to know is: Faith in the Closeness I am to them, will help them in ways they may not understand, but nonetheless, I Am Who I Am, The Creator of All there is.”

OCTOBER 12, 2004 AT 12:20 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

There are Many of Us present at all times through this *little one* that The Father has given so much work, allowing All of Us Saints to speak, because it is a Gift to those yet in the living life to learn more about the Importance of it, because it has a Goal Greater than the individual can perceive It to be.

Children must learn the importance of prayer, because this is their communication between them and Whomever they are praying to. Granted, many men, women and children only pray when they are in need, but if you think about this, every moment of every day could call for a prayer under these circumstances. Even when you sleep, many things could happen and a prayer might help you conquer what is occurring, or what has occurred.

I know, to some, My Words may sound cruel or not adaptable to their way of life, but All of Us Saints Here

in the Heavens have been given the privilege to speak, helping those who are yet alive to think past their state of daily concerns, daily practices, or daily associations. Every moment of every day The Heavenly Father, The Heavenly Mother and All The Saints Here with Them are available to hear what you have to say.

Prayer is an important part of human life, not always seen in this degree, but never forget, your communication through prayers, or just the words you want to discuss on an important issue for you, it is heard, because do not forget you are the custodian of a Soul that you never see, you never hear, but That Portion of you can talk for you in many ways. The close Association with All that is Here in the Heavens, the Soul can reach in some form, some degree. Remember this.”

OCTOBER 13, 2004 AT 12:15 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

We All smile at this *little one* that We All use to deliver Words of importance to those who are present, but also to those who receive the printed Words, to be able to better understand how close The Creator is to man daily and every moment of the day.

A Blessing of This Degree may be difficult for some to believe, others to understand, but I say to all who print the Words and read the Words, ‘The Father, in allowing All of Us to speak and request Our Words to be put into print, has a very Personal, Important Reasonability.’

In the time in which you live, so much has been given that many generations were not the recipients of. This Gift of Communication is boundless in what It is to help human lives of all ages on: how they should think, how they should practice daily living, and how they should treat others like themselves.

Prayers are spoken daily from many individuals, all perhaps for different reasons, but through This Gift of Divine Love in which the Words are put into script, returning to the human mentalities, reasonable Facts, They are truly Gifts of Divine Love for the mental, the physical, and the Spiritual growth and practice of all who read Them, and all who practice what the Words preach, teach.

As The Father points to One of Us Here and says, 'Speak now,' it is important, because the subject matter will give strength, hope and encouragement in the way of life of those who will read the Words and see the meaning within Them that will strengthen their mental, their physical, and their moral beliefs.

I could speak hours on this subject, but as I close at this time, I remind you: When you are created in the human way, you are gifted with a mentality to respond to The Creator, and to remember that being created as a human being has a Purpose, a Goal, and is gifted with a Soul, a Portion of The Creator nothing else is gifted with.

Closing These Words is difficult for Me, because so Many of Us Here in the Heavens constantly or consistently request The Holy King if We can speak, to give those who are yet upon the earth alive and have the abilities to think and to grow spiritually.”

OCTOBER 14, 2004 AT 11:22 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is important that I speak at this time, because and due to the fact there is so little recognition of the true reasonability for human lives to think, to act, and to realize that responsibility in many forms should be how human beings of all ages recognize purities of the mind, the body, register in their Souls continuously, and cause them to be responsible morally, physically, due to the fact that each one’s Soul is the recipient of all an individual participates in, practices, and uses as a manner of personal judgment regarding their manner of living as a human being.

Children are not being instructed thoroughly or even morally on the importance of how they practice using human mentality, physical abilities, and more obligations to their Soul that is to return to Me in Purity.

These Words may bother some individuals because These Words are from Me Personally, and there can

be no doubt in how I would list or deliver some Means that would not be impossible to follow, and would be beneficial how an individual recognizes the fact that in My Creation of human life, I was and am willing to draw attention to what is beneficial to their Souls that are to be returned to Me in a Pure State, thus making it possible for the Souls to be the Guidelines, the Guardians of the Souls that are All to become 'a Saint'.

Though it is difficult for some individuals to fully understand What I Am, Who I Am, it must be seen for the Purpose and the Responsibility I always show when there is a need, where there is a need for That Portion of human life to be protected from even the slightest impurity, because the Souls are to return from Where They were created and have the privilege to be known as 'Saints'.

Needless to say, the importance of what I have just spoken is greater and more worthy than It is expected to be, but I come at this time to alert, to remind, and to instill My Divine Love for human life, and What it is the custodian of, because it is always to be remembered What I Am, Who I Am,

thus alerting every human being to know that as The Creator of All there is, I want their Souls to represent them and return to Me in what is called ‘a Saint’.”

OCTOBER 14, 2004 AT 12:05 P.M.

OUR HEAVENLY FATHER

“Many would doubt that I would use one such as this *little one* that I have used for many, many years and many, many times. As a child, I prepared her many times. Those around her were always amazed at the changes in her that were so obviously not her will, but Mine.

In her innate desire to not let things look different to others, of course, it is an impossible situation, but I depend on her stability, honor and love for Me to not let anything or anyone, not even powerful individuals, to distract what she was created to do, to fulfill, and be subject to My Will, My Love for millions of human beings to be able for them to see through *one body, one voice*, My Divine Love in how I speak, thus instructing all who hear the Words to be able to bear more strength on Spiritual things.

As I close These Words, I add to Them: My Presence is a Blessing, and when I speak, it is to give strength

**and a deeper understanding how close
I am to human beings.”**

OCTOBER 14, 2004 AT 1:05 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

The average human being does not recognize the privilege The Father has presented, given, and bestowed in different ways, a Gift greater than a human mind could perceive It to be. This Gift is to understand the Purpose for life, not just the duties in life.

There are so many advantages in how an individual accepts human life. Some are talented in many ways, able to better understand the different facets of what the Soul can be part of, and grow in a greater degree of Sanctity through being able to participate in all an individual partakes in, because the results of the actions, activities of a human body, human mind, have the ability, has the opportunity to give a deeper understanding, more motivation for certain manners of living when it is based on Spiritual growth, Spiritual acceptance, Spiritual understanding, and Spiritual happiness.

I do not talk like this often, but when I do, it is indeed a pleasure, but it is based on a Gift of Divine Love, giving the strength to more fully understand that human life has many Gifts of Divine Love within it, to be used to help the Soul of the individual to more fully grasp, fully partake in, and fully base so much in a favorable way, allowing the Soul to be seen by The Heavenly King in a manner of helping other Souls that do not have the opportunity to grow, because the ones in whom They are placed, either resent or back away from something they do not fully comprehend as an aid to giving to their Soul more spirituality in favoring The Father's Will above all things.

The Commandments were given to give strength, hope, and to give to the human mind the chance to resist what would be impure, unjust, immoral, and please only the devil.

As I close These Words, I know I have spoken differently, but hopefully the Words will give you more ways to base your decisions on, and more facts of justification to give you the strength to choose what The Father Wills your Soul to be the victim of, or

have all the benefits that will help the Soul in a Pure State of existence.”

OCTOBER 15, 2004 AT 11:44 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Throughout the world, there is only One Miracle such as This One is. That is why it is important for All that is delivered be passed, sent, delivered to all areas possible, for others to hear about It and to learn from It.

The little one is constantly and consistently aware of My Presence, but It is not difficult on her in the manner some human beings would suspect. The form of pressure is not what others know pressure to be.

My next Words may not be understood, but her time with Me is a time of constant consideration, so that What I speak will be able for others to understand: As I am close to her, I am close to them. I am present everywhere.

I use *one small body, one small voice*, but the Words are Mine, and the Time is Mine that I use her to deliver What I Will others to know, to learn, to appreciate and to follow because of

the Goal of their Souls that one day will be returned to Me. I want Them All to be called 'Saints'.

Sainthood is more than It is understood to be. It is a Communication mentally, physically in many ways, rarely ever seen, but sometimes an individual, in determining what is right over what is wrong, is encouraged to practice what is right over what is wrong because of the rational logic in the reasoning.

The Gift of Sainthood is a Gift of serving to aid others' Souls to be Part of what is so important in life, for life, and that is to escape the enemy's place called 'Hell', or even Purgatory for a given time. The Soul oftentimes pleads with the one in whom They were placed to never be impure in thought, word or deed.

These Words, to most human beings, are not fully understood in the importance of Them, for Them, and the reality of What They represent.

So much has been delivered through *one small voice* for millions of men, women and children to read the Words, see the value in Them, the purpose for Them, helping them to

understand that in the Creation of human life, there is more than a body, there is more than a mind, there is a Goal for the Soul; and the Soul pleads with The Father to help, to help the one They are in to more fully understand that though human life is a Gift with so many assets, it is also That Portion of human life that one day will be accountable for a Higher Plan.

I close My Words, for *the little one* I use understands indepthly, when I speak, I speak for the benefit of Souls, That Portion of Who I Am that I instill in every human being, to be returned to Me Forever and ever and ever. Amen.”

OCTOBER 15, 2004 AT 12:29 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

What I have to say is of great importance, because in many ways it is prevalent throughout the world. So many men, women and children lie about everything, make excuses for everything that should be practiced or securely made to be used properly for what they demonstrate, what they represent.

This Gift of Divine Love in which, through which, by which, so Many Here in the Heavens have the privilege to speak openly to awaken the minds of those who read the Words, of what all there is to know for the sake of their Souls, and for the reality of the Full Existence of a Creator of All Things.

Many Saints Here in the Heavens have spoken through This Gift through *one small voice*. Some have not announced Their Names. It is all done in a practical manner of taking part in a Conversation or a Direction that has multiple purposes to It, in It, for It.

In the Creation of human life, the voice was an important Gift. It gave the opportunity to speak, to communicate, and to give strength to the mind, the body and the Soul of human beings.

Children are not being instructed on the importance of their abilities to speak on subjects, to speak in truth, and to speak in a manner of friendship that is strengthening to all concerned.

The subject I speak on is of great importance, because human life was created for a Goal. The Goal, of course, is to return to The Creator a Portion of it that is a Portion of The Creator, the Soul.

Ask yourself one question: Is it not natural to want returned to You Something someone else used, but You want It returned clean, orderly, and with a *'Thank You'*, a meaningful manner of thanksgiving for the cherished time that It existed within them?

Though I speak differently, My Words are to enlighten, to instill, and to prepare all who read Them, that in the Gift of human life, so much is

given from the birth on, but so many forget that to be created by The Divine was not just an ordinary human act, it was an Act of Divine Love, above and beyond what anything else created has the privilege to accept.

As I close These Words, I close Them because there are so Many of Us Here in the Heavens Who want This Gift of Divine Love that instructs in so many ways, on so many subjects, to be heard throughout the world, and the Words delivered throughout the world, because the Souls are crying for It.”

OCTOBER 16, 2004 AT 11:47 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* I speak through is a target and a victim of jealousy and hate. It is sad for Me to say These Words, because she is innocent of any discrepancies or the willingness to discredit others by words that they speak, action they perform, and jealousies that they excel in for no reasonability.

I hold her tightly for her body is spent, due to the fact that in her quiet manner she allows the hurts she receives from many injustices and wrong thinking of other human beings. She repeatedly tells Me she loves Me and does not want to displease Me. She hasn't, she doesn't, and I know it will never be.

I placed her in an open, visional place where others could see her, to help them more fully understand the genuineness of Divine Love that radiates within her. She pleads with Me to not allow her to be unkind or to have a lack of understanding

that would in any way mentally or physically discredit another human being. I tell her she must stand strong against all that wrongly is spoken or acted out. Her sensitivity in this act is oftentimes not seen, because of her understanding that the human nature of other human beings may respond in such an unjust way that they would hurt Me.

Today as I speak, it is for there to be more understanding in the privilege I have given for so many things I have spoken and continue to speak, that are All meant to help human beings of all ages to more fully understand that as The Creator of All Things, I have given them abilities that abound in understanding, in perseverance, and in their desire to become 'a Saint'. Logically, all these things are based on how they use what they have in their manner of addressing what is good, what is feasible, what is justifiable, what is kind, when they deal with other human beings with suitable matter.

Needless to say, I have only touched on the subject of how human lives should respond to other human lives, but also, to erase jealousy in how they speak, act, or address wording or

manners of knowing how to do things, or in their relationships with others of different natures, personalities, and mentalities.

I have instilled in human life capabilities that are based on hope. It is sad when I see hope cast aside and only despair reeks from their manners, their speech, and/or their communication with others they meet, they know, or they are close to in their daily manner of living life as a human being.

I could speak endlessly on All I Will and Desire human lives to change, to practice, and to sense in their very existence that there is a Goal for the Soul that will one day be Judged by Me. I want the Soul to be Pure, and the one in whom It was placed is the one who is responsible for this state of being. Nothing else in the human body is as Precious as the Soul that is More than a Gift from Me. It is what a human life would call ‘a Part of My Family’.”

OCTOBER 18, 2004 AT 11:47 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have Blessed the world of human lives, and many other areas of human understanding that should give strength to the mentalities and the wills in how others live morally, sensually, spiritually, and in more understanding of their close Association with Whom I Am, What I Am.

So little is being instructed regarding the Purpose for the Gift of human life, and the Blessing of the Goal for it when a particular time arises for it to be Where I am for All Eternity.

In the Gift of human life, there are many different Gifts instilled in each human being: one is the understanding of being alive and having all the attributes of living in the main course of human necessities, human advantages, human conclusions, and human abilities to innately sense, if not feel, that there is a Future based on Divine Love, thus giving to human life a Goal Greater than anything

human life is accustomed to, or fully understand the Magnitude of, and the Divine Love that it gives to human life, more than is conceivable, because it is based on Divine Love, Divine Presence and Divine Association.

Little ones are not being instructed on this Gift that logically supersedes anything that can be reached in the human element of what a human being is physically or mentally adjusted to, or partake in.

So little is being instructed on the importance of living in the human way morally, and bearing a close Association with Divine Love in several states of communication: one is prayer, one is an innate desire to fulfill what is morally pleasing, and another one is to use what the human body is capable of doing morally, psychologically, physically, spiritually, because in the design of human life, all that was made a part of it, such as the mental aspects of all things, and the ability to speak openly or quietly on how an individual can openly address for the benefits of themselves and others, not just their opinion, but their understanding that in the human way of living there were Rules adjusted to

it that speak and spoke of morality, based on purity of the mind and the body, in respect for the Soul they are the custodian of.

Children are not being instructed on what a Treasure it is to understand All that I have just delivered; thus, when a child hears about Heaven, Hell or Purgatory, not enough expression on description is pointed as and to and for, how the human mind in these three factors of life will give them the strength to make choices in all areas of life that take into consideration more than their being acceptable to others, but pleasing to The Creator for instilling so much in how an individual, what the individual can use daily to gain Sainthood at the moment of the last breath of life.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We smile as this *little one* speaks Words that are in many ways not addressing the full matter, manner of purpose that she wishes to be able to explain in her manner of speech.

Throughout the world there are millions of human beings who would in many ways feel closer to The Divine if they were to kneel at certain times and speak to The Divine, or call on Any Saint that they choose to prefer over Others, because they feel that that Saint will understand their words, or even their dilemma in what they are about to take part in, or to be the leader of.

So much has been delivered in the written Word so nothing is left to the memory of those who take the Words. This alone is a Gift of Divine Love, not always done by those who feel they are exceptional in how they discuss important projects, important circumstances, and a manner of getting through the mentality of those they

desire to learn about how they feel in a Spiritual avenue of living.

I speak this way today to hopefully draw to an open manner of understanding that you, in your human way, must practice being able to speak to The Creator personally, and speak to Anyone Here in the Heavens that you desire to confide in, or to request help from.

Heaven was given a long, long time ago to human beings of all ages, all degrees of intellect; because Heaven has so Many Souls in It that you are never not heard. There is always Someone to give you the strength, the perseverance, or the ability to feel closer to The Divine in many ways, but you must remember: The Divine is always present and available to hear you. Even though sometimes you do not receive a feeling of security in your human system of understanding, but you can be totally assured you were heard and you were answered in the degree, the way that was best for you.

I smile when I say the next Words: All The Saints Here in the Heavens appreciate any communication that you

call on Them for. It gives happiness, joy, and appreciation. When They see The Father, They say, *'Thank You, Heavenly Father, for this Gift that bestowed upon Me the Strength to appreciate more, being a Saint.'*"

OCTOBER 19, 2004 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I use times such as this is to request someone with her to put into print What I wish to say for others to more fully understand My Presence is always with her, because I use her to repeat What I Will others to know and to learn about, regarding the Importance of their Soul.

In all ways she looks and acts how others do, because it is important for human beings of all backgrounds, all intellects, understand that the human body has a purpose, a goal, due to the fact that within it there is a Portion of What I Am, called ‘the Soul’.

I use *one small voice* to put into script Words that would not remain if They were just spoken.

My Purpose for This Time, This Place, and *the one* I use, does not eliminate in any way those who support her, those who aid her, and those who find It a Gift they would not want to miss because of the importance of

more understanding of how close I am to them, in the Words I speak through her.

Human beings of all ages need to hear about This Gift of Divine Love that has and is permitting so much to be able to be read, to enlighten their mentalities to the fact that I am always present, and their Souls are always the recipients of all they partake in, whether it is physical or mental. The Souls are alert to the communication they possess to record all that occurs for the Soul of an individual human being.

Though it is difficult for many who read the Words to fully understand My Manner of Communication, but I assure you, It is a Gift of Divine Plan. Without It, there would be a void, causing just a human evaluation on all thoughts, all associations with others, and of course, little understanding of Divine Plan, Divine Existence, Divine Participation and Divine Hope for every Soul.

Some, when they are not present, should always be presented the Wording in print, even though they

may appear as though it might be difficult for them to understand.

As I close These Words at this time, My Words should be remembered, because They are given with Divine Love according to the logic that when They are needed, They will give strength, perseverance and hope.”

OCTOBER 21, 2004 AT 8:41 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Gift of My Divine Love through *one* such as they are in the human way, thus being able to give them more understanding that human life, to Me, is a big Portion, Part, a Love of My Divine Plan.

In the Creation of human life, I designed it to be able to understand the Creation of human life was greater than anything else I created, because within it I placed Something of Myself that nothing else had or has.

Each time a human being is born to the world, it is done with Divine Love, because I am a Portion of it that no one sees, and many do not understand it to be. So much emphasis is mentally understood, because the human way of living is based on the degree a human being understands life and many, many other things, but does not understand What I Am, Who I Am. They only know It through wording, either read in print, or by those who practice some Spiritual means of using

My Presence, My Existence in a light manner.

Today as I speak through *one small voice*, I do it in this way because in the littleness she is, it is and it will be easier for them to understand through the human communication of her manner of living, and of course, her Closeness to Who I Am.

Prayer is an important part of human life, oftentimes ignored, and yet many things that are unimportant are catered to and held in high esteem for what satisfaction they give their participation to how an individual thinks, speaks, and many other things.

In many ways I have Blessed the world through the Words I have allowed to be heard and put into print. My Sensitivity to human life is greater than it is known to be, because they say they cannot see Me, but what they forget is, All that is created is from a Higher Source and a much different Degree of Power, Understanding and Divine Love, because in each human being created in the normal manner of how human life is created, it is gifted with My Gift of Divine Love for the human mentality, the human physical.

These Words are important, because in the mentality it is logical to understand that the creation of human lives had to be and has to be greater than what the human abilities understand knowledge, or participation in accountability, regarding the birth of a human life. Each living thing created has a purpose, but also, has a different Source, Force in why it is created, the purpose for the creation of it, and that I, your Heavenly Father, designed it to be for numerous reasonabilities. Without all of this, human life would not see the magnificence of what human life consists of, over and beyond all other things.

I could speak hours at this time on this subject, but it is important that I close at this time, for *the little one* I use fears any error in how she has to deliver My Words to be put into script for others to read and to see the importance of.”

OCTOBER 21, 2004 AT 12:38 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

A long time ago, I announced through *one small voice*, that she was to walk a Path different than she had intended to do, but the Path would be a Path of Greatness for all who would hear the Words passed through her. She questioned Me, ‘How will I know what I must do?’ I said, ‘Just always remember, I am within you, I am Part of you, for This Task is not just Ultimate in Design or My Willingness, it is a Path to strengthen others to act, and allow their will to be conscious of the Importance of being born a human being.’

I have spoken thousands and thousands and thousands of Words through *this one voice*. I continue to do so, because It is based on My Will, her obedience to My Will, that assures all who hear What is spoken and/or read It when It is put into print, will find strength in the Words, Purpose for human life in the Words, and a Beauty

of a Goal for the Soul that nothing else created is the custodian of.

I chose a *small voice, a small body, but an obedient mind.* It is sad when I see jealousy anywhere near her, or the inclination to deny What is spoken because My Words flow through her.

Though it is difficult for many to comprehend a Responsibility of This Degree, and the importance of obedience to What is said for others to learn from, I assure you, It is a Gift of Divine Love greater than the human mentality, or way of life could ever understand.

I repeat many times in different Wording, the subject matter I want others to understand, not just be the recipients of, but to see the value in Them, the purpose for Them, and how It will help them one day stand Face to face Where I Am.

As I close My Words through her, I want those who take the Words to know how pleased I am with them, because your way, your will, and your desire to value Truth is important, because in This Gift of My Divine Love, It has been designed for a Major Reason,

and that is to supply the mentalities of all degrees of human lives to learn how close they are to Me, and that I remember them all the time, but they please Me much when they speak how I want them to speak, when they act how I want them to act, and they offer their time and love for Me.”

OCTOBER 22, 2004 AT 12:17 P.M.

SEVERAL SAINTS

“There are Several of Us present. As We prepare What The Father Wills many, many others, men, women and children, to more fully understand what a Gift of Divine Love has been so generously delivered, aiding human beings of all ages, to not just sense the Closeness The Divine is, but to hear Messages from The Divine that are given to give to the human minds listening and who will read Them, more and deeper understanding of the Importance of human life, that at the moment of death there is more for That Portion of it to return to The Father, or to make up for what was not done to the fullest degree by the one in whom It was placed at another time.

These Words are different than you usually hear Us speak, and These Words are not confidential. They are to help the mentalities of all who read Them, and all who hear about What We have spoken, because it is important; that the human Gifts of Divine Love are far beyond what they are thought

to be, understood to be. Many things could be said on this subject.

You live in a time that is so easy for some to say that it is a time worse than Sodom and Gomorrah, but many times, these very same individuals cater to some of what Sodom and Gomorrah was like.

I hold *the little one's* tears back, for she is taken by what I have just spoken. Her sensitivity is far greater than it is ever seen to be.

Human beings of all ages have the ability to make choices and to follow what is called 'morally sound, safe, pure and clean', but so many ignore the attributes of such a Gift. The benefits are multiple, because of the human mentality that has such a great degree of understanding what is proper, what is beneficial, even when it is a current change in thinking.

So many times people of all ages stand strong in their beliefs, but weak in their practice of following them through, thus not allowing example to be the giver to others who repeat what they see, they sense, they know.

I know These Words are different than the Words usually spoken, but They are meant to alert certain individuals who will read Them, to look deeper into how they think, feel, regarding moral values, moral standards, moral acceptances, and moral views.

As I close, I must add: This subject could be spoken endlessly on what a human being has the privilege to have, to do, to practice, and to be example of. All it takes is purity of the mind and the body, and the willingness to express what others should know.

I close the Words with a Blessing, and I say, ‘As you depend upon so much materialism every day, never forget to speak to The One Who created you, for your Soul to be returned to Him, another way.’”

OCTOBER 22, 2004 AT 1:18 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

We All enjoy speaking through *her voice* for others to hear What The Father Wills them to learn about, to feel stronger about, and to use in their daily way of living their life.

So Many of Us Saints treasure This Gift of Divine Love, because It is a sharing that The Father has allowed Us to do, to be Part of, due to the fact that Our Time Here, under His Direction, We are able to share specific points of view or conditions that give to human beings of all ages a deeper understanding of subject matter that they may not have even had the chance to consider if This were not the case, being able to share It with them.

Today is a special day to many individuals. Some are celebrating birthdays, some are celebrating special affairs. Some are just being happy, because they are able to do things that on other days they could not do because of weather, or monetary conditions, or they would not be with individuals

that they cared to be with, due to the fact that circumstances would cause their time to be with others that were not in the same thought category of living.

Children should be instructed on all the facets of life, the facets that consider kindness, generosity, manners, and association with those with whom they enjoy being, and what category they should think about in how they would celebrate certain things.

I know as I speak today, it is different for you who take the Words, but human life has so many various manners of doing things, ways of enjoyment, but also, ways of responsibilities.

This Gift of Divine Love is and was, or I should say, was and is a Definite Source for individuals to pray for what they will is best for them to partake in, or to accept in the human way.

I know this is different than you are used to, but I must add to It: Never forget, that as you walk each day and you use your personality, your nature, your temperament and your will, The

Father has recorded what is best for you by your past endeavors, your past participations, and yes, according to your will.

As These Words are closed, I know and All of Us Here with Me know, that some will find the Words so different when they read Them, but when They were spoken to you, and you were asked to put Them in print, you did it because you felt it would be worth your while for some reason, some purpose, and perhaps, even ‘the Goal of Sainthood’.”

OCTOBER 22, 2004 AT APPROXIMATELY 4:30 P.M.

SEVERAL SAINTS

I think there are Four of Them here.

“Yes, there are Several of Us here, more than the count that was mentioned.

This *little one* carries a weight greater than it is seen to be. It is a weight that covers much Wording that identify many situations, conditions, people, and The Father’s Will for human life to be seen for what it was created for.

This Gift has been releasing for a long time, without announcing the purpose for It, the detail of It, or the Magnitude that It was Example of.

Many individuals have heard about This Gift, but rarely is It proclaimed or spoken about in what It consists of, or what the goal for It is. Some who hear about It, do not want to speak about It. Some who have been exposed to It, try to cast It off, cast It aside because of the importance that each time Someone from Here

speaks, it is to draw the attention to This Gift of Divine Love that is rare, and yet bears a multiple, a multitude of Information, reasonability that is not often thought about in the human minds of human beings.

Prayer is a recognition that one believes in a Divine Situation, Condition, but prayer is not always followed through by obedience, by what would not just be respectable, but wise to follow.

This *little one* walks a Path that bears much Responsibility. She is concerned over what she is saying at this time, because It does not fit her pattern of what she hears many, many other times.

As I close These Words, I do it with much Love for This Gift that has been given to enlighten, not just Words in all ages of life, but the Goal for human life that gives hope, strength, and a fuller understanding, greater in concept than normal words show.

Her tiredness is acceptable, and I smile when I say 'her wisdom profound', but her quiet manner and her elusive practices are what is seen, more than it would be seen if she

walked another path. There is always much attention that is rarely made an issue of, but it is held secretly by those who see what is occurring and innately see the lack of her wanting it to be important. She says, ‘Importance is one thing, but Direction for Truth and for the Soul should be seen for the asset of The Goal of Sainthood.’”

OCTOBER 23, 2004 AT 12:28 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Blessing for millions of human beings to gather the strength within themselves, so they will better understand the Power I Am.

It is important that All that has thus far been delivered through *one small voice* be sent throughout the world, to give other human beings the knowledge of the Importance of human life and that it has a Goal.

This Statement should not be difficult to understand, because in My Creation of human life I implanted the desire in the mentality to reach for goals, not just appealing, but goals that would have gifts that would give strength to the mentality in the human manner of living.

The Goal I implanted in human life was to return to Me a Portion of it that is a Portion of Who I Am, What I Am. It is called ‘the Soul’.

So little is being spoken on this Gift of Mine to human life. The Soul is the Strength for courage, for hope, and the ability to stand strong, firm when it is necessary. The list is endless for this Gift of Mine.

So many individuals of all ages ignore the Gifts that are bestowed upon them, within them, for them to be able to realize that there is more than the physical existence for life. That is why I instilled a mentality, and a sense of justice, a sense of hope, and an innate desire for protection, manner, ways, conditions and occurrences.

I hold *the little one* close to Me to give her the strength needed to walk This Role that gives to others What I Will them to know: The Importance of human life is above and beyond what it is seen to be.

As I speak These Words, I speak Them with My Love, My Sincerity and My Hope, because human lives have more than a privilege, they have a Goal, and that is to return to Me, That Portion of Me, their Soul.

I could speak endlessly, but I make My Words shorter, because if I were to hand too much at one time, it

would be confusing to the human mind that I created within human life for many reasons, too numerous at this time to repeat all the reasons, for this Gift of My Divine Love.

I bless those who respond to What I Will them to understand. It saddens Me to see others ignore the fact that I have taken the time to give them the Words to aid them regarding Who I Am, and What I am thinking about in favor of them.

As I close These Words at this time, I Will 'All I have delivered' to be passed throughout the world, because so many human beings need to know My Love is of the Divine Nature that gives all of human lives My Divine Reasonability to want them to know how close I am daily because of the Soul that they bear, that is a Portion of Who I Am."

OCTOBER 24, 2004 AT 10:43 A.M.

OUR HEAVENLY FATHER

“Those who accept My Will that I have delivered through This Gift of My Divine Love, called ‘*The Miracle Of Saint Joseph*’, must be seen for My Will to care this much for human beings. I have Blessed many through This Gift that I have given to the world for a long time, because in This Gift of receiving What is called ‘My Body’, ‘My Divine Love’, it is to instill the Importance of Who I Am.

Today, as I speak, I speak with My Will, open to those who hear My Words and put Them into script. You live in a time where there are many wrongs, mostly mentally, that in many ways scar the Soul and the body and the mentality.

I have delivered much through *one small voice* to enlighten those who are present and who hear My Words or read My Words. It is important that all ages of human life, all backgrounds, come to realize that in My Creation, I instilled My Divine Love, My Hope, and the Importance of why and how I

created human life; that is, to return to Me Forever and ever and ever.

I do not speak often through the human body in this manner. I am doing it now. I have given to the world This Blessing to learn All that has passed through this *little one*, hopefully for the Souls of millions of human beings to more indepthly understand My Presence is every moment of every day they live in the human form I designed a long time ago.

The little one I use is obedient to My Will. It is important that others learn this Fact, this Purpose, and also, that the Words must be read by them, because there is very little sound Spiritual direction through the human voices throughout the world.

I close My Words with a final Statement: The Gift I have given must never be used in the wrong manner or way, because It is a Gift of My Divine Love, done in an Open, Spiritual, Loving Manner, in how I use the obvious to be learned by many. The Power I use is not what It is seen to be. No human being could withstand what this *little one* has been subjected to, for the betterment of man.”

OCTOBER 25, 2004 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This *little one* I use to deliver My Words that I speak through her for the benefit of thousands, or even millions of Souls, she is *the victim* of what I would term ‘a devastating respect’, because of the Importance of all she does in obedience to My Will, thus making it difficult to give more attention to man’s will and manner of discretion.

I speak These Words, because They must be spoken to alert and to remind many human beings that ignore a Blessing of This Stature, This Degree, This Divine Love, and This Must Cease!

I will not speak much, because What I have spoken was necessary for others to learn that her obedience to Me is first. She asks Me if I will bless all those close to her. I smile at this, because she always thinks of what is best, not always what is termed ‘right’.

As I close My Words, I do it with happiness because All that is delivered through her, My Love for human life, has been given the opportunity to spread What I Will for human lives to follow according to My Will, My Way, and My Divine Love for this Creation of Mine that bears a Portion of What I Am, Who I Am, their Soul.”

OCTOBER 25, 2004 AT 12:44 P.M.

**OUR HEAVENLY FATHER
AND SEVERAL SAINTS**

“I am your Heavenly Father.

There are Several Here with Me at this time, and All of Them are so happy to be Part of This Gift of Divine Love, because It has been created to instruct all who read the Words or hear the Words, to more fully understand what a Precious Gift human life is to man.

It is innate in human beings of all ages to be happy when they are given a gift from someone they know, someone they care about, or sometimes even a stranger along the road.

Human life is gifted with the Gift of Divine Life, thus beginning this way to one day become ‘a Saint’ through the time that will be needed to recognize more indepthly, that human life is a Gift of Divine Love, designed with a Purpose, to procreate and to give to others a deeper understanding of what human life is all about.

We hear so many individuals speak of their manner of living in such a sad tone of voice, or a critical understanding, but We try very hard to get them to know that life has a Goal worth working for, worth living for.

Hope is a beautiful portion of life, because hope gives strength to the mentality, to the physical, and to the understanding that there is a Purpose greater than anything else has.

As I speak These Words, They are to instill in those who read Them, that the Gift of human life is a Gift of Divine Love, not just human experience.

Children at this moment are playing in a park. We see them and We try very hard to help them see something other than what they are doing, to enlighten their mentalities that human life is not just fun, but it is worthwhile and has a Purpose. It is amazing to read their minds, because in their mental discretion over how they use what they are doing, We see their intentions, their happiness, and their feeling of being different, and yet enjoying life as they should.

Thousands of Words could be written on this subject, because to be

created a human being has a Goal that nothing else created is the recipient of; but I plead with those who take the Words and those who will read Them, to always remember: You have a Gift within you, Greater than you know It to be, because It is a Portion of Who created you. It is a Gift of Divine Love beyond anything else you could ever receive.

The word ‘human’ is special Here in the Heavens, because it gives to All The Saints a happy thought knowing that, at some time, others’ Souls will accompany Them Where They are, in Heaven.”

OCTOBER 25, 2004 AT 1:26 P.M.

SEVERAL SAINTS

“Yes, We are present wherever this *little one* is that We All use to transmit Our Words to others, because such a Communication gives Us a pleasure, due to the fact that as We walk Where We walk, it is always to instruct, to encourage, and to give hope to those who are yet in the living state.

Granted, We are not heard, but Our Presence relays a condition, a situation, a sensitivity, and this causes an individual to sense that what they are thinking is not being heard through Words that they can hear, but Words that are being instilled in their manner of living.

So Many of Us Here in the Heavens are so pleased when We have the opportunity to share Words of advice, caring about the Souls of those who are yet living, because the Souls are the recipients of everything an individual thinks, says and does.

The human way of life is oftentimes misunderstood, or not really

thought about in the Purpose for which it was created.

Human life is presented, at the moment of conception, Gifts greater than anything else created by The Father. Human life is gifted with the innate sensitivity to want to communicate with another human life. It is obvious even in babies.

I beseech those who take These Words, to see that others receive All that is delivered through This Gift of Divine Love, because you may be the only one that would have the advantage of communication regarding the Soul of the other one to whom you would share What We are saying.

Just remember, through This Gift of The Father's Love, of Divine Love of All The Saints in the Heavens, you have been given the Introduction to how you can act, or take part in sharing what some individuals would have no way, no one, no place, to receive What you have the privilege to partake in."

OCTOBER 26, 2004 AT 12:50 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I smile as I listen to what is being spoken in favor of what is correct, what is logical, what is good, what is best for not just the mentality of someone, but for their Soul.

The Soul, though It cannot be seen, is oftentimes felt by Its Presence, especially when situations or conditions will mar the Soul, or in another aspect, flatter the Soul and give the Soul the respect due to It.

The Soul, as a Portion of The Divine, is gifted with so much understanding, so much caring, and so much sincerity in all that comes through the one in whom It is placed at the moment of conception. The Soul is a Gift of Divine Love. No other living matter or thing has It.

The Soul is never seen by the human eye, but It is felt by the human sensitivity to what is pure over impure, just over unjust, truth over untruth. The list is totally endless.

I will cut My Words short, but as I do, I promise those who take These Words that I watch you every day you walk in the role of serving The Creator in a Divine Way, for a Divine Reason, and that is for the Soul.”

OCTOBER 27, 2004 AT 9:49 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

A close Connection to My Will in all portions of human life is the Soul. It was placed within the conception of a human life. The Soul is a Portion of What I Am, Who I Am, gives to human life an in-depth understanding of moral judgment of all facets of life. When this is ignored it is sad for Me to see, because then only the enemy is used to partake in what I Will for the Soul of a human being.

A Soul is a Portion of What I Am, Who I Am, and the Soul should not be made a victim of any human being, because each human being has the intellect, the understanding, and the innate logic instilled at the time of conception, until the time the individual no longer lives.

I speak These Words because of the Importance of My Love for human life, and why I gifted it with so much to do, to practice, and to be accountable for, because of That Portion of What I Am, Who I Am, namely, their Soul that

is to return to Me at a given time. The Soul is the remaining Portion, Part, after the body is no longer alive.

Today as I speak, it is to awaken the Importance of human life to What it has to gain because of a Part of it, at a later time.

So much could be spoken on this subject because of the importance of it. That is why I have given This Gift of My Divine Love through *one small body*, human, so that others would feel the necessity of confidentiality in the Words I would speak and Others Here with Me, to aid in a deep understanding of the Importance of human life.

I bless *the little one* and all who follow My Will, because the Portion within them, the Soul, a Gift of My Divine Love that I use in more ways than it is known, the Soul is constantly within the body. Once It has been placed there, It is the recipient of all human life practices, partakes in, and is example of.

When the Words '*God bless you*' are spoken, I always answer, and I thank them for remembering the Importance of human life."

OCTOBER 27, 2004 AT 12:09 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I have never done this before, but I have come for a reason.

The little one called ‘Mother Frances’, is in a state of changing many serious conditions and evaluations, due to the fact that in her desire to have Truth be the focal point, so that others who read the Words will find a definite position of what they should follow and use as their practice in human life.

Granted, some will choose One in which they will have to practice and instill more of what they feel comfortable doing, but what they feel supersedes the other dimension of communication that basically has much zeal and much in-depth interpretation of what is realistic in the purpose of understandability, because there are so many occasions, situations and practices, that though they are important, they do not receive a great amount of concentration of what would be feasible, or could be volatile

in how they think, and how they are in their associations with others who in human life have their own ideas.

What was just spoken is to aid some individuals to learn more about the in-depth evaluation that can very easily give strength to the Wording necessary to be spoken, or they can diminish It through their interpretation that does not radiate from them as extremely knowledgeable, or practical, or feasible, or useful, due to the Importance of the Souls that will receive such a degree of learning, or beginning to practice subject matter that is questionable until it is fully discerned in a higher manner.

I know that much I have just spoken is not conceivable for Its reasonability, but for time, It might be the most useful act of response or reaction that will give hope, understanding, and the value that will strengthen the minds of those who see what the Wording can give to their way of life, not just responsibility, but a full explanation of what is best for all who hear the Words and are capable of using Them for different occasions, circumstances, advantages,

**and personal understanding of why
They were used.”**

OCTOBER 28, 2004 AT 11:52 A.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I am your Heavenly Father.

I am your Heavenly Mother.

There are always Many of Us present, because it is important that men, women and children of all ages understand that We are close to them every moment of every day, not just in their waking hours, but when they sleep to get strong for the next day.

The Beauty of this time is far greater than it is understood to be. It is a time wherein We are communicating Personally. The Value of This Communication and the Divine Love in It, is beyond the human mentality’s ability to understand that though human lives walk each day appearing as one entity of living human life, there is never a time they are alone, without Someone from Here.

The Beauty of This Gift of Divine Love is Extraordinary, beyond what the human mentality can perceive It to be. That is why This Gift, for many years

now, has addressed so many subjects of Guidance, and of allowing so many individuals to understand that though they walk the earth as one, they are never truly alone because of their Soul that they are never without.

Children are helped many times. Adults, as they are called in the grown role of living, are never without the fact that if they call upon a Saint, the Saint hears them. If they say a prayer to The Creator, He hears them. At These Words, some may wonder why They are not able to communicate verbally under these circumstances.

Now let us take the logic of why a Soul was given at the moment of conception to every human life. The Soul's awareness to All that is Divine is not seen for what a Great, Beautiful Gift the Soul is to mankind.

There are millions of Words to describe what a Treasure human life has, to first being created a human being, capable of reaching a Goal for the Soul of him or her to return to The Creator as 'a Saint'.

I will close My Words now, but as I do, I say, 'There is no time during a day that the Soul ever leaves the one

in whom It was placed, because the Soul is in constant communication with The Divine.’”

SAINT ANGELA MERICI

“I am Saint Angela Merici.

When I announced My Name, *the little one* The Father chose for This Gift of His Divine Love was shocked to hear My Voice, My Name, because at one time she attended a school that bore My Name. At that time, Many of Us knew that she was going to be chosen for a Path that had to be seen by millions of human beings, thus in serving The Divine King.

So Many of Us Saints Here in the Heavens see her in acts of obedience that are not fully understood by others she is surrounded by and with. In The Father’s Love for human life, He chose different individuals to be Saints, due to the manner in which they lived and they felt about Him.

You live in a time where Sainthood is not seen in the manner, the degree, or the purpose that it exists. There are many who mention it once in awhile, but even many who practice to be teachers of religion, of Holy Verses in the Bible, do not fully

understand a Gift of This Divine Love for the lives of human man.

Jealousy abounds. Carelessness abounds. All these things are difficult for Us to see, because many times when one of these ways is prevalent, it causes Many Here in the Heavens to not encourage *the little one* to speak, so The Father, in His Divine Love, opens a Bright Light, and He is The One that oftentimes uses *the little one* to say the things We spoke about.

You live in a time in which there is so much diabolical interference. It need not be. It should be stopped. It could be stopped if the mentalities of human beings would rationalize what they practice verbally, physically, mentally, socially.

It is rare that an individual does not know right from wrong, good from evil. It is ridiculous in a wording understanding of things, because at the birth of a human being, it is innate for them to understand if they are hungry, they want to eat; if they are hurt, they cry; and then, when they take their first steps, they fall, they are more careful when they try again,

until they know within themselves they can carry on.

The human mind is a Gift of Divine Love. It says more to the human being it is in than any other part of the body, because the mind is connected to The Divine in a special manner, way and degree. The mind is what teaches a child to talk, and to look at things sometimes practical, sometimes out of fear, sometimes just being a human being, wanting something special to occur.

I could speak endlessly on this subject, but I do this today to remind those who read the Words: The Gift of human life is a Gift for the Future, the Future of a Soul that a human being is gifted with at the moment of his or her conception. The Soul wants to return to The Creator. It is your responsibility to see that this occurs.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is Important, This Time I spend to deliver My Love for human life, giving to it Words of My Direction and how individuals must more fully understand, that as I have given to the world a Personal Communicative Measure of My Time, it is to alert those who hear the Words and those who will read Them, giving strength to what is necessary for human beings of all ages to be aware, to be conscious of the Close Communication I have with them.

I have Blessed the world through *one small voice*. Granted, *the voice* can only be heard for a short time to a mere few individuals, but the Words are to be delivered throughout the world, awakening the minds of millions of human beings to know how close I am to them, and how much I care about them.

Each time I speak through *one small voice*, and What I say is put into script, it is My Way of Communication,

alerting all who listen, all who will read the Words, to be aware that I am Always Present.”

He repeated:

“Remember, the Bibles that are put into script were because of My Will for My Words to be remembered, and also, to give help morally, mentally, spiritually, for one’s personal life and for Spiritual aid, assurance and help.”

OCTOBER 29, 2004 AT 12:53 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many things that All of The Saints Here in the Heavens want to talk about and to give Lessons on the importance of, because in the Gift of human life, there are so many opportunities. Many are never learned, because other things have become such an active portion of how an individual thinks or feels or wonders about, that the beauty of certain facts are never even thought about.

Today, Many are Here with Me as usual, because sometimes We gather due to the understanding We have with The Father that this *little one*, when We speak to her, We are speaking through her for the benefits that human beings of all ages are the recipients of.

There is so much to say, so much to instill because of the importance of the mentality that is capable of absorbing for future use, important Words for actions, for thoughts, for abilities, to project to others what a Gift human life is and has in communication with

other human beings. Animals do not have this Gift in the same context. Animals are not gifted with What a human being is gifted with.

In the birth of a human life, there is immediately a Goal that in many ways can be reached if the individual learns about it, and understands that the goals for human life were created by The Divine so that one time, one way, the Souls can be returned to The Creator for All Time. So many times, nothing is thought about when a decision must be made.

As I speak today, I beseech those who take the Words and who will read Them, to remember that human life was gifted with a Soul. The Soul is a recipient of everything you think, say and do. The Soul is That Portion of you that at a given time will return to The Creator, showing everything you thought, you said, you practiced, you accomplished, as you lived the human way of life.

The Gift of life was created a long, long time ago, and it was put through stages of learning, of accepting the importance of what it was given to do, and to reach for at another time.

Those who live at this time have a Gift beyond what they understand the greatness to be, because they had the privilege to learn so much about The Holy Trinity, so much about the Souls of everyone created, and that the Soul that they bore can go to Heaven.

Think about what I am going to say: As you live each day and you have the abilities of human life, numerous in many ways, but you are Blessed with a Gift for the Future, a Gift for your Soul to return to The Creator Forever and ever and ever. No Greater Gift, no Greater Act of Divine Love could you be the recipient of. I beseech you, remember this.”

OCTOBER 30, 2004 AT 3:25 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I have come on this day to hopefully aid and support *the little one* who walks in My Name, for much to be understood regarding Divine Love, based on the Importance of the Souls of human lives.

I hold her tightly because of the weight of This Task she has been given to aid the intellect of thousands of human beings to better understand, more logically comprehend, that the human mentality and the human way of living is gifted with responsibilities that are to lead them to Sainthood; but as I speak on this day, I must add: So little is being practiced or even used in the correct manner, allowing so many actions and intentions to be based on what is pleasing to the enemy and not The Giver of human life, The Judge of human life, for the Souls of human beings.

It is so easy for human beings to do what is right, to reject what is wrong, and to fully understand the Love of The Creator, and that It would

only be for the good of every human life created, to live the human way.

There is no reasonability in how so-called 'men, women and children' can ignore what a Gift human life is to them, and that they have the privilege to respond for the benefit of their Souls, and for the Goal for the Soul to be returned to The Creator, a Saint.

Volumes could be written on this subject, but for most individuals, it would be too long, because the human mentality likes change, not always Direction, not always Truth. The human mentality is capable of practicing, plus acknowledging that the Gifts of human life were instilled to be practiced for the good they represented, never for the evil that is oftentimes preferred or accepted.

I will close My Words for it is sad to even speak Them, because so many Souls are the victim of what a human mind chooses that is vile in concept, content and practice. All these words are not new in their concept, but I assure you, they are being used in a multiple degree of use at this time that you live.

My Words are sadness to Me and to All Others Here with Me, but Truth must be seen as a lost entity of Divine Love. As each individual chooses how they will speak, how they will act, how they will live as a human being, needless to say, it is a sadness Here in the Heavens because of so many weaknesses that human life uses that are not morally acceptable.”

SAINT COLUMBKILLE

“I am Saint Columbkille.

Many of Us Saints are always present where This Gift of The Father’s Love is able to hear Us and to speak the Words We declare to be important.

Children should learn the importance of how they speak, how they use words to describe how they feel, how they should use a communication that joins them with others, in speaking words that they feel are important for conditions, situations and/or personal commitments.

There are Many of Us present at all times through *this one* The Father has chosen to speak Words understandable, that give strength, hope and realism to the meaning on what is important or what is weak, what is valuable or what is just a form of speech.

Children throughout the world, plus all the adults throughout the world should learn about This Gift The Heavenly Creator has designed,

instructing, but also delivering the Words to be put into script What He Wills to be remembered, not always just for the Soul, but for the innate sensitivity individuals have on subject matter that reveals to them a condition that gives them strength, hope, logic, and in every way, the ability to strive to become 'a Saint'.

I could speak hours on just the Words that everyone could use, strengthening their Faith, their abilities, and their manner of living the human life.

Human beings of all ages have the privilege to pray to The Divine. No animal has this. Human beings should see the importance of every moment of every day, and live it always, at some time feeling that this Gift of human life is constantly available to The Creator of All Things.

I will close These Words at this time, but I assure you, All The Saints Here in the Heavens love This Gift that is to awaken the mentalities of all ages of human beings to be aware that each day can be used as prime time to think of The Divine, in Its Rational, Natural Place.

As I leave you at this time, I will add one thing: You are never out of sight of The Divine.”

NOVEMBER 2, 2004 AT 12:29 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In the Creation of human life so many Gifts were instilled, so that this creation that was to have within it a Portion of The Creator, was given so many Blessings, giving to human life a happiness, a joy, a delight, and a yearning to accomplish what The Father Willed.

Each time One of Us Here in the Heavens has the ability, or requests to speak openly and with sound to those who will listen and put into Words for others to read, is a Blessing beyond what It can be seen to be.

You live in a time wherein so much is taken for granted, and so many decisions on important issues, things, are dismissed, because it is not seen what a particular issue can produce, can project, can instill, and can in many ways be the solution for a great occurrence to be.

All of The Saints Here in the Heavens desire to speak through This

Gift of Divine Love, because They see so much value to being instructed verbally, mentally, on the Importance of the creation of human life, the Goal for human life, and the Wonderment of the human beings at another time.

Today, I know I speak in a manner different than you are used to hearing, but I beseech you to not toss the Words away, but use Them to give you the strength to practice all that is morally sound, morally beneficial, because do not forget, you have a Soul that is to return ‘a Saint’.

I smile when I say the next Words: As you are delivered how to think, what to see as important, It is to give you the strength to endure all the physical angles and meanings, so that one day, when you are ‘a Saint’, you will have the privilege to fully understand the Worth of your Goal.”

NOVEMBER 3, 2004 AT 12:46 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Each time The Father beckons Me to speak to those who are in the living state and have many responsibilities, I smile at Him and thank Him for the privilege to participate in His Will for millions of human beings.

There are so many places throughout the world that need to learn about The Divine, Its Closeness to human life, and that It uses what The Father Wills It to use, to help The Divine give to human beings of all ages the means, the manner, and the way to either support what is good, or to help correct what is vile or contemptible or impure.

So few human beings understand the Importance of the Angels. To most, It is a mythical story, but this is not so. It has an Important Place, Time and Responsibilities that through The Divine Love of The Holy Trinity, much aid is given, and there is much Direction that is automatically directed to help individuals of all ages in situations

that could be harmful, and conditions that could be destructive; but there is another side: to give hope where it is needed, and Divine Love to give strength to support what is good, what is proper, what is pure, and what will give The Father attention, because so much depends upon His Will for every living human being throughout the world.

It is such a Treasure to be able to pass These Things on to those who are yet living. They are to give strength to every portion, every part of human life, because human life has a Goal for That Part within them that is a Part of The Creator called 'the Soul'.

The Soul is the recipient of every act, every thought, every word, every deed, because the Soul is the Protector that so many individuals forget to see and to be thankful for. The Soul is that Line of Divine Love that bears hope, strength, when it is needed.

As I close These Words, I beseech those who read Them, to read Them in the full degree of what They are meant to be: help for everything you do, and an aid to becoming 'a Saint' when the

**time comes for your Soul to be Judged
by The Holy King.”**

NOVEMBER 4, 2004 AT 12:16 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many times We speak to this *little one* We use, based on her, at one time or another, passing on What We speak about, allowing It to sound as It is coming from her. She has questioned this for a very long time, but We do it to be able to let others see that Our Presence is a continuous thing, and Our Desire for others to learn at a given moment, something that will aid them, give them courage, or allow them to see the value of the Words that they use in front of others who ordinarily would not hear the subject matter in that context, concept.

The memory to human life is a Gift beyond what it is seen to be, because in it there is always the chance that an important statement, fact, or point of discernment can be readily used for an incident, a condition, a situation, or someone’s conversation on a subject matter that would not be ordinary and have rules.

So much is important to the human mentality, because it is a guideline to many things that physically will occur. It is sad when we see that so little logic or rational thinking sees the human mind as a Gift of Divine Love. It is one of the greatest Gifts, because the mentality in many ways has the strength and the power to be able to address important facts at many times.

As I close These Words, you must know that there is much to the human mentality, there is much to the human ability to speak, and there is a great help through the human eyes that are often dismissed as not important, not worthy of any attention.

As I close I say, ‘In the design of human life, all things were considered. Remember this.’”

NOVEMBER 8, 2004 AT 12:31 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There is so much The Father wants all who are yet in the living state to learn about, and to acknowledge the Importance of the Future that one day they will be with The Creator and be called ‘a Saint’. Even though those who are close to them will not title them ‘a Saint’, it will be The Heavenly Father’s recognition of them in a Beautiful Manner and Way.

As you face each day remember, there is a Purpose for your life, a logic in everything you do, think and say, because all things you are accountable for to gain the Role, the Way of one day having the privilege to be called ‘a Saint’.

To so many men, women and children, it is difficult to understand the fact that a Saint is a Special Gift of Divine Love, but yet it is felt to have to earn the Way, but also to be active regarding other Souls to be added to the list of Saints.

I speak differently I know, but as you know, it is not always easy to understand the Importance of a Goal that is different than you know goals to be, but I promise you, this Goal of Sainthood is the Highest Degree of Divine Love that you can reach.

Never forget These Words, especially when you are angry or upset. Do not forget, patience will pay off and Love of The Divine is The Gift.”
