PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

We All smile when this *little one* recognizes Our Presence. We find it unusual to be possible, but it oftentimes occurs and We enjoy this time with her. There are so many things We would like to discuss, not just to alert those who take the Words and those who will read the Words, but to give strength to those who will see example in others, learn by it, from it, and find in it a manner and degree stronger than they once had in the human way.

Though My Words are different than thought to be necessary for an explanation such as this, I smile at the generosity of those who take Them because of their sincere understanding of how much is delivered that is of great importance through This Gift of The Father’s Love, The Father from Heaven.

Each day to human life is a Gift of Divine Love, because it gives a human life the advantage to grow

more indepthly in understanding that there is a Goal in the life, for the life that they are living with and in, at the present time.

The Goal sometimes is more exciting, more interesting than it is spoken about, but I assure you, to be created a human being, to be born in the manner of flesh and blood and then given the opportunity to use this manner of living to one day return to The Creator, be with Him at all times, and in some ways by the public, those who know this individual, call him or her 'a Saint', referring openly they know she is with Him Who created her or him.

Today so much is given in an open manner and way, helping all mentalities to more indepthly understand that human life is a Treasure, has a Goal, and will return to The Creator and join All Others Who are Saints.

I speak differently, I know, but I assure those who take the Words, Heaven is so pleased with This Gift of Divine Love that shares All the Words with others like themselves."

SAINT ANTHONY
SAINT MARGARET MARY ALACOQUE
MANY SAINTS

“I am Saint Anthony. I am Saint Margaret Mary Alacoque. There are Many of Us present because of the importance of how this *little one* walks a Road, a Way, and in response to All of Us that speak through her every day.

In so many ways, Our desire is to aid those yet in the living state to understand in a more serious manner, the Purpose for human life and The Divine Love that tries in many ways to direct, to instill, to encourage, and to aid the mentality, the eagerness, the sensitivities and the courage of individuals of many backgrounds, many intellects, to be more sensitive to the importance of, and for the importance of what they are faced with to follow, to accept, to identify and/or to be the deliverer of.

I will close My Words, but one Statement before this: In an explanation of how one wants to fulfill an obligation, it is necessary

to pray that sufficient cooperation is necessary for the objective that is openly available to be the necessary means of What is Willed by The Divine King.”

MARCH 6, 2005 AT 12:15 P.M.

GOD THE FATHER

“The importance for which The Commandments were given had many purposes to Them and degrees of Divine Love in Them, for the sake of Souls in human beings that were Divine, to one day return to Where I Am, to Whom I Am.

It is sad that so much indifference is used regarding These Important Rules that were to guide and to guard the Souls that were to be Part of human beings from the moment of conception to life, of life, until the time came and the Soul was That Portion of Who I Am, What I Am, to return to Where I Am and be called ‘a Saint’.

There is so much I Wish and I Will to speak on this Gift of Divine Love, because the average human being has no concept regarding It. What they have read is not a full concept for What the Soul is to human life.

I will speak more on this at a later time.”

MARCH 7, 2005 AT 12:00 NOON

GOD THE FATHER

“I have given to the world a Communicative Evaluation of the importance of their communication with Who I Am. So many times it is thought about just as a prayer that the individual is responsible for. This is not so. This is not the way it is meant to be. In the human way, do you not speak to each other automatically, or on a subject that is of interest and applicable to perhaps some things you share?

Prayers to Me is what I call ‘a sharing’ of what you know that pleases Me, and that I, in turn, will bless you for it, or if you pray to Someone else, you will be blessed by Them for your words.

I speak differently, I know, but through This Gift I have given to the world, it is to share with all of human beings alive at this time, to look at their Association with The Divine as an ability to speak words they feel will give strength to themselves, gaining aid from The Divine.

As I close These Words, I know some will not understand fully What I have just spoken, but I assure you, the time will come and you will see the reasonability of These Words.

I love you, and I have given you a Message that not everyone will be able to understand in the same manner that you will, because of What I have said.”

MARCH 7, 2005 AT 12:39 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

So many things have passed through *one small voice* over several years of human time. All the Words should be scattered throughout the world, but there are so many who do not see the necessity for a task such as this, even from The Divine.

Children are learning about prayer and the importance of it, but not always in a manner and way that gives to them the strength to fully understand that communication is important; also, that their speaking in their own words is heard through their Soul and to their Soul.

Speaking of such situations brings hundreds more to be talked about. The human mind many times wishes to keep it short, keep it in degrees and ways that they feel is understandable.

Ask yourself, when you make ‘*The Sign of The Cross*’, do you not expect Us to see you do it, feel you do

it, and understand why you do it? It is an 'act of respect'. It is an 'act of love', and yes, it is a communication from you to Above.

Granted, you cannot see what Heaven is like, but it is only logical for you to believe that It Exists and All The Saints Exist within It that were once human beings upon the earth.

I have an important subject to bring up:

Was it not a Beautiful Act of Love for human beings, that allowed The Son of The Creator to walk the land, be crucified, and then return to Heaven from Where He came?

Also, was it not a Beautiful Act of Humility and Divine Love that allowed The Heavenly Mother to walk the way of a human being, give birth to a Son that would one day be known in many ways, but it would always return to the Fact that She bore This Living Human Life within Her?

And now, We speak about The One Who was called 'Father'; a privilege, yes, but also a Great Portion of Divine Plan.

Words, in so many ways, could be spoken about This Trio of Living Saints that is the Greatest Lesson for others to be bound to, be aware of, and follow in many ways.

Needless to say, I have only touched, or I should say, We have only touched on what a Great Gift human beings have been given, and that is to know by Name, Those Who opened the Gates of Heaven.”

MARCH 8, 2005 AT 11:10 A.M.

GOD THE FATHER

“This *little one* chosen for such a Great Task is weaker physically, due to the fact that so much is delivered through her for the benefit of Souls now, and for a long time hereafter.

Each human being created is gifted with a Portion of The Creator called ‘the Soul’. The Soul knows every thought, word, deed, action, in the one It has been given for an Important Reason and Goal.

All human beings value what they can accomplish in the human manner of living, but few ever consider they are responsible for the Most Important Part of them, their Soul.

The purpose for learning about the Spiritual aspect of, association with, is far more important than it is perceived to be, because It cannot be seen by the human eye, but logic instills in the human mind there is a Presence within them that alerts them to actions or speech that is moral or immoral, just or unjust, pure or impure; but Divine Love in the

creation of human life gives each one choice in decisions, even decisions of such great importance as the one their Soul depends upon for them to choose, knowing that the Soul is a Portion of Who I Am, What I Am, The Creator of All Things.

So much has been allowed to be spoken through This Gift of Divine Love, done in a manner and way logical, and assuring to the individual that there is a Goal, there is hope for a Future beyond what the human mind perceives It to be.

I use *one small voice*, also those who will put My Words in script for others to read. My Desire is to deliver Words to help those who read Them to better and more fully understand what a Treasure human lives are gifted with, for the Goal for them to return to, and remind them of their Soul. I smile when I say My next Word. ‘Amen.’”

MARCH 8, 2005 AT 12:33 P.M.

MANY SAINTS

“There are Many of Us present on this day, and there are Many of Us happy to speak to those who will take the Words and deliver Them where they are needed.

Every human being created needs some sort, some form, some degree of assistance in several different ways, according to how they live, how they practice each day in their daily way, and what they contribute every day in their association with other human beings.

Many Saints Here in the Heavens appreciate the ability to speak through This Gift of Divine Love, because it gives Them the opportunity to mention things that can help certain individuals obtain a fuller understanding of the Importance of life, by and through being example, and/or able to speak Words of direction, of consideration, and yes, Words that others can be reminded of that will give hope in some ways, some degrees, as Each passes through, giving that day something

to remember that gave hope where it was needed, justice where it was needed, and a Touch of Divine Love for Spiritual strength in being able to uphold What was correctly delivered, as so Many of Us have the privilege to speak Words understandable, to help those who will put Them in script for future use or for others to learn from, plus the fact that logic, as It is being put into script, can be a great asset at a time when it is needed.

Many Saints Here in the Heavens love the chance to speak through *one voice* that will transmit the Words for others to learn from. This is a privilege for The Saints of all denominations in which They lived the human way because, do not forget, having lived as a human being, They know what Words can be spoken or expressed in a final form, thus helping where there is a necessity or a need, or hope where there is despair.

This Gift of Divine Love has benefited many individuals, more than it is seen to have been, but All of Us Here in the Heavens are thankful for This Gift, because *one voice* is all that is needed to speak What We want others to hear about and to learn

about, learn from, and feel stronger in how they live each day, making it a happier day for purposes that are obvious in many ways.

As I close These Words, I beseech those who take Them and those who will read Them, to remember: Each day in human life, you have the privilege and the opportunity to give hope and moral strength in how you speak, how you act, and how you think.”

MARCH 9, 2005 AT 12:08 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak often through this *little one* who has been obedient for a very long time, for My Will to be expressed to hundreds, perhaps thousands of mankind.

So Many Saints Here in the Heavens approve of her in many ways, for They understand the Responsibilities she endures for the Souls of thousands of human beings, the Words I speak for others to know, for others to understand more indepthly, My Will. Through this creation of life that bears hope and much understanding, I have spoken so many times, helping others to understand that I Exist, because of the Importance of the creation called ‘man’.

So much must be seen for the Purpose it was created because, do not forget, every human life has a Portion within it of Me, of Who I Am.

Through this Gift, justice is more readily understood, hope is always available, and love for The Divine goes without question. Remember this.”

MARCH 9, 2005 AT 12:45 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene.

It is a Gift of Divine Love that allows Us to speak so much at this time, Each of Us desiring to partake in aiding those who walk the human path, the human way.

The Father, in His Love for human life, designed it and gave to it all The Rules that would give it strength, courage, and the abilities to more indepthly understand what human life was created for, in Divine Plan.

You live in a time wherein there are thousands and thousands and thousands of human beings, all bearing the tempers of human life, the ideas in human life, the logic in human life, and all the Gifts of human life, thus giving to human life hope, understanding, and the desire to more fully understand that human life, gifted with all it has, was given these things based on the logic necessary for the mentalities to understand there was a Goal awaiting every human being created.

The Soul that is within each human life created, is a Source, a Force, a Gift of Divine Love. The Power in It is to give strength morally, sensually, and integrity in all the facts of human life. Hours could be spent on all this Gift has.

So little has been strictly processed to give to those of a young age, not just permission to understand, but the reality of understanding that will help them perceive what is sound, what is necessary to practice, to appease Those Who watch from the Heavens.

As I sign this I say: ‘Never forget you were created with The Father’s Love, and in this Act of Divine Love, you have the ability and the Goal to return to Him That Portion of you, the Soul. He has deemed it to be this practical, and not too difficult for it to be understood by all.’

Never forget, The Creator loves you as an individual, and that is how you will be Judged at a given time, as an individual creation of Him.”

MARCH 9, 2005 AT 2:10 P.M.

GOD THE FATHER

“I have requested These Words to be put into script because of the importance of Them for not just the knowledgeable goodness They are, but to help those who read Them more fully, more indepthly understand that each human being created has a Goal of Divine Plan, and that is to return to The Creator and be with Him in a Manner and Way different than the human way is used to.

I speak through *one small voice*. I smile when I say this: She has offered Me her life as far back as the time she was created.

At this period in time, there are many things occurring that are detrimental to the Souls of those who succumb to what these things are, openly seen as so much intervention by the enemy. The evil one tries very hard to draw to him, to them, to where they are.

As I begin My Wording in a different manner and way, I want those who read These Words to understand

that being created as a human being, it was the Greatest Blessing life could have, because human lives are of such Great Importance, this being shown at another time, through allowing My Son to be created a 'Man', and The Woman He was created from, by, was in many ways Wholly in Divine Plan.

So many individuals ignore so much that is delivered in Words, instructing their mentalities to be aware of all that is created, and all the good this creation of life was created for, and that is to return to Me, because My Love for human life is far different than the human love, but human love was created to give the foundation for Divine Plan to be understood in the proper manner, way, and degree.

I hold *the little one* tightly, for her Task upon the earth is far more different than she suspected It would be, but through her, I send many Words of Direction, Consideration, Hope, and also, how I intend things to be in a Divine Gift of Love from The Holy Blessed Trinity.

Thousands of Words could be spoken, millions of Words could be put into script, but What I have

just verbally said is to awaken the mentalities to understand there is Hope, there is Divine Love, there is a Reason for human life, and there certainly is a Goal for the Soul that is a Portion of Who I Am, What I Am.

I want These Words to be spread throughout the world. Some might ignore Them, but I assure you many will want the Words to be true, because there is Hope in Them, and obviously Divine Love too.”

MARCH 10, 2005 AT 11:48 A.M.

OUR HEAVENLY FATHER

“I appreciate those who care about Me, because you see, I care about them. I care about many individuals who have no concept of how I feel about them.

Today as I speak These Words, I speak Them through one who has been instructed to do many things. *The little one* I speak through is in many ways a target by those who do not have the Faith in Me as I desire it to be.

So many times I am asked to answer prayers. I do it to the degree I know it will be handled properly.

I have given to the world a Miracle. It is called ‘a Miracle’ because I deliver so many things in script, alerting, announcing, describing and encouraging those who read the Words, to help them understand how close I am to them.

Millions of men, women and children never think of how close I am, because their Faith is sometimes very short in ever thinking of Me. I

am forever present in every human being created, because in My Close Association there can be no question of My Presence. That is why a Soul, a Portion of What I Am, Who I Am, was included into the Creation of human lives, so no individual can say I was not present for those to speak to, or to pray to, any moment of any day.

***The little one* sheds tears at These Words, because you see, she clings to Me and always has, every moment of every day. My Presence she depends upon. My Love for her she depends upon, but do not forget, all human lives are dependent on Me, in Who I Am, and My Divine Way of saying things in My Divine Love for them.”**

MARCH 10, 2005 AT 12:35 P.M.

“All of Us in the Heavens could speak twenty-four hours a day, non-stop, because you see, there are so many important issues, conditions, situations that those in the living state should know about, and many times be very careful about taking part in them or using them, because the Soul could be the recipient of them in a foul, degradable manner and way.

So Many of Us find speaking through This Gift of Divine Love, a Gift greater than It is seen to be by those who put the Words into print, because as We are instructed on what the Words are to mean, it is beyond the usual determination in what They were described as, in the human manner, way, being.

Children should be instructed more indepthly on the importance of prayer; also, on the importance of the meaning of words that sometimes do not sound like what their meaning consists of, so then children, and even adults using the words are not

familiar with the full concept of what is meant.

I have spoken These Words to alert you, because I know that in This Gift of The Father's Love for human lives, many important issues should be taken to task.

I will close, but as I do I remind you: You have been given the privilege to partake in Divine Love for the sake of human beings of all ages, all backgrounds, and all degrees of intellect."

MARCH 10, 2005 AT 1:10 P.M.

MANY SAINTS

There are so Many present, I don't know Who is going to speak, and They are All smiling. There are Five Men and Six or Seven Women. I am not sure.

“Yes, We are All present where this *little one* is looking. Those of Us Who will speak will not announce Our Names at this time.

The world has been gifted by The Divine, to aid all of human lives to more fully understand that the Gift of human life is the ultimate Gift they could receive. All the other important issues that they will accumulate will be because of what they practice, what they represent, and what they accumulate in order of things.

Today, Many of Us Here in the Heavens are happy to have the privilege to speak Words that will be put into script for others to read and to learn that to have the privilege to be ‘a Saint’ is above what the human mind perceives It to be, but We All

assure you, that as human life is gifted with so many advantages and so much interest from The Divine, and also the custodian of a Soul that animals don't have, plants don't have, only the human body and mind, it is sad when We do not hear thanksgiving to The Creator, because you see, all the Gifts of life are to aid, to help, to assure an individual to be able to live in an active manner, way, addressing many subjects and using the mentality to learn about many things; also, the fact that a human being can speak with a voice that uses many words understandable to others like themselves is definitely a Gift beyond what the first people created were capable of.

As These Words close at this time, I assure you that Those of Us Who lived the human way and We are given the privilege to speak Words of encouragement, hope and Divine Love, it is a Gift beyond what is understandable at this time.

We All say: Remember, The Father is present every moment of every day, and The Heavenly Mother, The Queen, is also ready to hear what you have to say.”

MARCH 11, 2005 AT 11:42 A.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are Several of Us present, because it is important in what We relate to this *little one* will be repeated by her so others will have the privilege to understand how close The Heavenly Father is to everyone. Also, Many Saints move in and out, not recognized of course, or seen, but They do this because it is a privilege to Them, The Father’s Will to help others understand that they are not alone in the world, they are never not seen, and they are never not accountable to The Heavenly King.

I hold her tightly because her physical is spent, due to the fact that so much is passed through her, not always spoken about to others she meets or met.

This Gift is far greater in Concept, in Content and in Divine Love than It is seen to be. It is not all spoken or put into script, but a Gift of This Measure has other means, ways of showing what is important morally,

mentally, physically, psychologically, spiritually.

Many of Us are present because *the little one's* exhaustion is more than it shows to be.

This Gift of Divine Love wherein so much is revealed verbally and put into script for others to read, is based on Divine Love from The Holy Trinity to an unlimited amount of human beings.

The world should know of This Miracle, and All that has thus far been put into script should never be kept where It cannot be distributed and read, because every human living individual needs All that is written so human beings of all ages can have a closer, more personal understanding of Divine Love and Will that constantly is present, available to aid in all measure, manners of human life.

My Words are so strong to this *little one*, because she recognizes the Generosity and the Importance that is available to millions of human beings. The Script always speaks of what is requested by The Divine, and that The Divine is always aware who responds

regarding morality, Divine Love, and hope in the human way.”

MARCH 11, 2005 AT 12:33 P.M.

SEVERAL SAINTS

“There are Several of Us present, and We All speak through this *little one*. It is a privilege to be a Part, to be a Portion, and to be able to deliver What The Father Wills many human lives to learn about and to more fully understand how close The Holy Trinity is to man.

Several of Us hold this *little one* now, for her body is spent at the Power We use.

The world has been Blessed, but those close to This Gift have been Blessed in many ways, because to hear the Words direct is a Gift of Divine Love that nothing else has.

When you hear of a Saint appearing to someone and the Saint has expressed a Message of Divine Love for those who hear the Words and those who will read the Words, I ask you now to compare that Gift with What you have. Basically, both are important Gifts of Divine Love, but when so many are allowed to hear the Words at the same time, same way, it

is a Gift greater than It is seen to be, because throughout the world there is much need for This Gift that is to be put into script for many to more fully understand they are never without Heaven.

Many children are not told about the Importance of human life. Some individuals feel they are too young to learn, too young to have the Message remain within them. This is not so.

There is so much to be spoken about, so much to be instructed by thousands and thousands and thousands of human beings, for the benefit of their Souls to partake in the Importance of human life, What it was created for, and of course, Who created it.

I will close, because I could speak hours on end. There is so much to be learned about, understood in more in-depth abilities to follow through, according to the Importance of the Souls of human beings.

You are Loved by the ability and the privilege you have gained. Do not forget, you are responsible to be example to everyone who sees

you, whether they know your name or not.”

MARCH 11, 2005 AT 12:53 P.M.

SEVERAL SAINTS

There's about Five of Them. She says, "No, Six."

"We All smile for a time such as this is, because in enjoying every moment of it, and of course, All that is delivered to give strength, more hope, and definitely more Divine Love for The Holy Trinity. Though All The Saints speak, The Holy Trinity is Who directs much that passes through This Particular Gift of Divine Love.

So Many Saints stand by and want to partake, because They say it is privilege that nothing else can compare to. The Father, in His Love for Saints, smiles at Their eagerness to want to participate in a Gift of This Measure, because It is directed to save Souls that other things would not even bother with, or be good enough in what they are, or who they are.

I will close, but sometimes when We Here in the Heavens hear something of this interest, and it pertains yet to those in the living state, We eagerly

want to participate because it is a privilege, but it is also based on Divine Will.”

MARCH 11, 2005 AT 1:13 P.M.

MANY SAINTS

“Yes, there are Many of Us. We All smile as she looks to see how Many there are of Us, and What We are doing. Some of Us are talking to Each Other, trying very hard to help those who are yet in the living state.

This may be difficult for some to understand, but The Father allows Us to sometimes participate in a degree, manner and way unseen, but helpful in some ways.

Prayers are important to all ages of life, from little ones on to those who have many years in count.

At the moment of conception The Father is present, and at the time it is needed, The Father is present.

It is sad when We hear some individuals cannot believe in The Holy Trinity, cannot believe in many things that in so many ways are helpful to a human being.

We have spoken These Words today, to remind those who will read

Them: Never think, never feel that your request, or what you desire to know is not heard in its full measure by All of Us. The Father sees to it, I promise you, because the Souls of those who are here are very Important, because They have a place of importance in many ways that does not show.”

MARCH 12, 2005 AT 9:45 A.M.

OUR HEAVENLY FATHER

“There are several people who despise this *little one* I use. It is based on jealousy, not good. I have given to the world My Love in the manner of using *one* such as other human beings, thus allowing them to see that My Love for human lives is Greater than It is known to be.

Today as I speak, I speak with not just Divine Love, but My Personal Love for the creation of human lives, because each one of them represents a Soul that I am interested in or that I want returned to Me, because you see, Souls in many ways are of Great Importance, because you see that within them they have the privilege to be returned to Me and be called ‘a Saint’.

Most likely it would not have been thought about by those close to them, but I, your Heavenly Father, I, The Creator of All Things, am aware of not just the willingness of human lives, but the Importance of the Souls that are so much a Part of what a

human being practices and uses in the daily way of life.

I smile when I say My next Words. I love this *little one* I use, but I also love those who accept how she walks, because you see, it is important for the Souls of thousands, of millions of people to follow My Will for That Portion of them that is a Portion of The Creator of All Things.”

MARCH 12, 2005 AT 1:45 P.M.

SEVERAL SAINTS

“Yes, there are Several of Us present as usual.

So much is expected of this *little one*. It is a sadness for Us to see and to hear, the human terminology would be ‘jealousy’, but the sad Spiritual term would be ‘envy’. For a very long time, much has been spoken through this *little one*, giving strength where it is needed, morally, mentally, even sometimes physically, but many times in a manner and way that would express love for The Divine above all things.

This *little one* was chosen a long time ago, before she was of the age to know. Her Path is not easy, but it is worthwhile because it instills into others important Words, helping them to see what is better than what they perceive it to be, helping them to change, even if they do not want to. Her genteelness bothers some. This is sad to see, but her method of continuing to act as it is Decreed to

be is a challenge to many, but innately gives strength where it is needed.

Needless to say, hours could be spent on just one portion of how she wills her time with others to show concern for them.

I will close, but as I do I must say, ‘The Father, in His Love for human life, instilled into her how she stands, What she stands for, helping things to be understood in a proper manner, proper way, proper light.’”

MARCH 12, 2005 AT 5:05 P.M.

MANY SAINTS

“There are Many of Us present wherever this *little one* is. There is so much to be learned by thousands of human beings regarding the Value of human life, and the Goal for which it is to one day be Where it is.

The role of human lives differs in each individual’s mode of living, and of accepting morality over immorality, justice over envy, hope over despair, love over hate.

The human creation is Blessed with the understanding that there is hope, and there is a manner of doing things that is not just practical but logical.

Speech to the human way of life has many sounds, much purpose, and allows so many privileges to be used, giving to human life advantages that everything else created does not have in the same way, the same manner and the same reasonability and/or the same purpose.

As I close My Words today, All Here in the Heavens smile at What I have just spoken, because you see, in the human manner of living, it is important for things to be seen pure in thought, deed and action, because human life was designed with a Portion of The Creator, to one day be returned to Him bearing the name of whom It was placed at another time; but also, to share all that there is for a Soul that was an Important Part of a human body at a given time, because the Soul is That Portion of The Creator that looks forward to returning to from Where It came one time, or at another time.”

MARCH 13, 2005 AT 10:10 A.M.

GOD THE FATHER

“This *little one* I use for such important needs that are necessary for others, sometimes to see, but always to be understood.

My Love is Divine, not just human. My Love is Above all things. So much is taken for granted, even though it is Extraordinary in the eyes of other people.

Today, like all days, has a special purpose, a reason, because each day is used to support what the Divine Reason for human beings is able to do, to reach the Goal of Sainthood.

I could speak endlessly on this subject, because the creation of human lives has a Divine Goal, Reason, plus Purpose.

If you think about this, you will find more understanding for the purpose of prayer, morality, goodness, and do not forget, the creation of human lives that bear a Soul in each one, automatically expressing the reasonability for human lives living,

**to one day return to Me their Soul,
That Portion of Who I Am, What I Am.**

**As I close My Words at this time,
I beseech all of human life to practice
morality over immorality, and all good
things that give human life purity in
their Souls.**

**I could speak endlessly on this
subject. Time and human under-
standing could not handle All I could
speak at one time.**

**Divine Love is a Gift Greater than
It is known to be in the human way,
but I assure you, It is present every
moment of every day, capable to be
thought about and act accordingly.”**

MARCH 13, 2005 AT 11:37 A.M.

OUR HEAVENLY FATHER

“Many of Us are present. It is good to hear so much logic in how I work. I am so happy to have it recognized, because it gives strength, courage, but also, the advantage of it progressing to a degree greater than it can be anticipated.

Human life was created for a Special Gift of Divine Love, because through human life many Souls will be more active throughout the world. The Soul of a human being has a different Force than the ‘Soul’ that others speak of intermittently.

I could speak hours on the Gifts that are given, for the Love for human lives is Greater than It is known to be.

When I tell this *little one* what I Will her to do, she obeys immediately. I smile at this and say to her, ‘I love you for the time you take to help others get to know the privilege of human life, and the Gift for which it was created — to return to Me and be

called and be named “a Saint” for All Eternity.’”

MARCH 13, 2005 AT 5:20 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so Many of Us Saints Who have so much to speak about regarding This Special Gift of Divine Love that this *little one* We use has been given the privilege to hear, to be able to deliver to others, copies of the written Script, Words, because of the importance of Them for the benefit of other human beings.

Many times We speak Words that are of such great importance regarding subjects that can aid, or will help important subjects to be learned about, so those hearing Them or reading Them, will be able to learn from Them.

As We Saints speak to The Father and He directs Us in areas that He Wills others besides Us to learn, regarding the importance of What He Wills them to read about, so they will be able to cope with, should a discussion on the importance either spoken through, or displayed by what the subject matter was in print, or for the knowledge

They were appointed for, at a given time.

The little one is many times the only one that will be used, because all who take the Words do not always understand the value, the purpose, or the need that the Words point to, or explain about, regarding Facts that would be helpful to maybe hundreds or thousands of human beings who would not have the ability any other way, in being able to have the Words available to them.

This Gift is so important, because in so many ways in what It speaks of, is beneficial to several areas of human life.

As I speak These Words, I bless who partake in putting Them into print. What is sad for Me to speak about is injustice, the unfairness, and the jealousy that surrounds The Gift, that being able to dictate What can't be seen or heard by *the little one*, in a manner and way that makes much understanding possible, due to the importance of the Words.

So many will wonder when they read These Words, why I have spoken Them. It is because there are so many

individuals who do not read about, or practice acts that are beneficial to their way of communication with others. My Words may be difficult for some to understand, but My Words are said, are spoken clearly, to alert others to the importance of What is put into print must be seen for the value It is, and not cast aside and forgotten, because It could have a great meaning in It, based on Divine Power for one's thinking, aiding them to better understand the full concept of what the Words mean.

The list is endless on this subject. Many who read These Words should not ignore what is so clearly stated. There is so much egotism, self-righteousness, arrogance that, to some, important subjects are cast aside ruthlessly.

I will close because My Words are full, helping certain individuals to value more the meaning of what certain Words mean that will aid them in future choices in how they use Them.

I will close My Words now at this time, but I assure you, the time will come and These Words will help you understand what They will mean

to you. Perhaps eventually, you will have the courage to say, ‘*Thank You for Them.*’”

MARCH 14, 2005 AT 11:35 A.M.

OUR HEAVENLY FATHER

“What I have given to the world at this time is far greater than It is seen to be, because It is based on My Love and The Holy Trinity.

Human beings of all ages have the privilege to partake in, and to more fully understand the Close Association I have to them. I am not far away at any time because, do not forget, they bear a Portion of Who I Am at all times.

My Love for human life is Blessed in many ways, because of the Importance of it that was delivered in the Design of human life, in the Creation of human life. The Importance of a Portion of it had to be evident, allowing all who were created to more fully understand their closeness to The Divine. All things created are not in this degree, this way, this manner of their way of being used for other things.

The Soul of every living human being is evident twenty-four hours a day. Though It is not seen, the human

mentality senses Its presence, based on more things than they realize it to be.

I will close These Words at this time, because the Power I use is more than *the little one* can stand. I will return when I know the time is right because, do not forget, the more I can instruct and help to be understood, the Gift of life in the human way is above and beyond what the human mentality can judge it to be, perceive it to be, understand it to be.

I close These Words when I say, ‘You are Blessed in many ways with a knowledge greater than it is thought to be.’”

MARCH 14, 2005 AT 12:17 P.M.

“There are Many of Us always present where this *little one* is. Her presence gives Us the opportunity to repeat What The Father Wills of them for the sake of their Soul and the Future Life for them to be in Heaven.

Children are not being instructed indepthly on the importance of what is good over what is wrong, what is love over what is hate, what is hurt over what is help, what is valuable over something that is wrong, not valuable; could be it was stolen, could be a gift that would be detrimental because of its ugliness, or its foulness.

So much is not thought of daily. So much is overlooked, thus ignoring the importance of what the mind contains, and how the mind many times causes the body to be sinful.

I could speak hours on this subject, or I should say, subjects. I will return when I know it is right.”

MARCH 14, 2005 AT 12:40 P.M.

“May I speak?

Heaven has been so generous to All of Us, allowing Us to use This Gift that permits Our Words to be spoken and put into script. We All smile each time We approach *the little one* with What We are to say to others who are yet alive and have the responsibilities to walk the human path with the Goal to one day become ‘a Saint’.

All of Us Here in the Heavens find This Gift a Treasure to be able to be Part of It, with The Father’s Permission for Us to speak, allowing Us time to be able to help others more fully understand the Importance of human life and the Precious Goal that awaits each one.

Think of My next Words. Is it not a privilege to be instructed on how you are instructed for your chance to have an awareness that there is a Goal for you, for a Future Life?

All of Us Saints Here treasure This Gift. That is why We like to

partake in This Gift, and that is to help yet those who are in the living state to be reminded: Every day is important. Everything you think, say and do and are example of, is of great importance because of your Soul and the Souls of all others you know, you are friends with, and you are oftentimes able to hold conversations with them, or to speak of what you are doing in the human way, maybe helping them in a way you did not understand to be, but the personal association gives you the chance to what is called ‘friendship’, ‘kindness’, being able to communicate in a very important way.

Many of Us are present, and We All love This Gift, because It gives Us the chance to transmit What We feel, What We know about becoming ‘a Saint’.”

MARCH 14, 2005 AT 1:24 P.M.

“There are Many of Us present because of the importance of what We are about to say.

You live in a time where there is very little self-control, but also, little logic in not just decisions, but in how individuals speak to each other, always trying to show importance in how they think, how they establish what is logical, and how they introduce to others their opinions, their points of view, many times making it costly in what The Commandments would call ‘sins of the flesh’.

Today there are Many of Us present, because there are so many false retributions to what is morally correct, morally acceptable by The Divine.

I will close, but there is much more I desire to speak, because this delivery of My Words is difficult on *the little one* I use for such important Statements, due to the fact that the Souls are never thought about

on physical situations, conditions, permissions and/or acceptances.”

MARCH 15, 2005 AT 12:10 P.M.

GOD THE FATHER

“You have been given a degree of manners understandable to how others automatically respond to.

You live in a time wherein so much is different than it was meant to be. The early times in Human History followed their human understanding, but closed out Divine Will.

I could speak hours on this subject, and I will at another time.”

MARCH 15, 2005 AT 12:54 P.M.

MANY SAINTS

“There are always Many of Us present where this *little one* is, because We are All aware how The Heavenly Father works through her to give some informative understanding to those who take Words and will be able to read the importance of What is spoken, but also, to help others who are not close to her, gain more knowledge regarding the Importance of human life and all that surrounds it, intentionally giving strength to it, purpose to it, and a Goal for a Portion of it, called ‘the Soul’.

Thousands and thousands of Words have been put into script regarding This One Single Gift of Divine Love. That is why it is so important for all who take the Words and all who will read Them, to be aware of The Divine Love that is evident openly, plus spiritually.

Children are not being instructed in the proper manner, way, and/or through the words that elders say to them. The children are available in many ways, because they desire to

hear happiness, words of security and direction that they fully understand, to guide them in ways they are aware of, but do not always plan.

The world of human beings has been given so much to aid them, to give them strength and to give them knowledge on what is important to The Divine, by them.

Let us take ten adults. They are at a social affair. How many present will think of one word directed to Divine Way? Not many, if any.

It is important that human beings of all ages be aware of what a privilege it is to be created a human being, because within the human body, mind or abilities, there is always a Connecting Link to The Divine, to The Creator first of all, and the Soul of the individual is ever alert to all that occurs.

The human mind has the ability to think of many things, but sometimes ignores the importance of recognizing or accepting that a Saint could possibly be close to them, trying to encourage them to practice what they are doing in a more moral manner of action, or being example to others around them.

Needless to say, hours and thousands of Words could be spent on this one subject, because to be created a human being is the highest goal for one's Soul that They could ever reach. The Soul is constantly alert to everything They are exposed to, and when an individual cares openly regarding the Importance of his or her Soul, the Soul thanks The Creator for having been put in that place.

Thousands of Words could speak so much on what has already been learned, so I beseech those who write These Words for others to read, along with them of course, remember: You are not a piece of wood or all other imitations of strength, but you have been Blessed with a will greater than it is known to be, in strength, purpose and goal. Would you not say that this Blessing alone should encourage you to force yourself to accept all things pleasing to The Creator, for in His Love for your birth, He gave you what He knew would give you the strength to endure many things."

MARCH 15, 2005 AT 1:26 P.M.

MANY SAINTS

“There are Many of Us present. We All smile as *the little one* speaks about Our Presence. She has counted Us but she has counted Us wrong. There are Many More than she has counted Us to be.

This Gift that has such Great Importance is a Blessing beyond what It is seen to be. So much time has been given by The Father, alerting and encouraging those who read the Words, to find within Them what will aid them, what will give them strength in the fact of remembering something regarding one’s Soul and the Goal for Heaven.

Many individuals look at this subject matter in too casual of a way. They do not see It for what a Gift of Divine Love It is shown to be, plus being told about It for individuals to look forward to It at another time, another way.

Just think if there was nothing to look forward to, no reason for your behavior in the human way, and

no Gifts of Divine Love to encourage you to more fully understand how to pray, how to see the Future mentally, physically, another way than is evident in the human way.

Today as I speak, there are so Many Here with Me. As I say this, *the little one* relaxes because she knows that if I have Words, Others also will have Words to say.

The Soul of a human being is Special. As you live each day, you know It to be a Portion of The Creator. That alone should tell you that you are being protected in a very important way.

Children are not being instructed regarding their Soul. Everything is pointed at just the human way, thus ignoring the help a child can ask for through using prayer, because the Soul will respond immediately when an individual says a prayer, because the Soul is so closely connected to The Divine in more ways than It is known to be.

As I close These Words, I say to all present and all who participate in This Gift of Divine Love, ‘Because you are Blessed for your time, your efforts

and your way, and when the time comes this will all be remembered in a Divine Manner and Way by Many you do not know, but I assure you the Souls, your Souls, will quickly get united with Others like Themselves a long time away.’”

MARCH 16, 2005 AT 8:30 A.M.

OUR HEAVENLY FATHER

“I smile as I say My next Words. To walk bearing My Name for Messages to be delivered to hopefully thousands of human beings, it would not be an easy path, but a difficult way to live because of the different degrees of belief there is about Me, there are about Me, and there always will be about Me.

I have given to the world *one small body* to deliver so much that I Will others to think about, to learn about, and to use for the betterment of their manner of living amongst other people of all ages.

Today as I speak, I smile at *the little one* because of her human abilities, intentions, participations, ideas, but also her vulnerability, because others do not see her as I see her.

I could speak hours on this subject, but some would call it ‘preference’ or other words similar to this.

Every creation of human life is Important, because within it I have a Portion of What I Am, not understandable to the human mind, but I assure you, one day It will be seen in a Manner and Sign that will give more hope to the Soul that at one time was deprived of thinking of Me.

I close My Words, and I bless those who work in their manner of living to deliver to others more about Me, but also about All The Saints Here in the Heavens Who have earned the Love and the Responsibility of being ‘a Saint’ Where I Am, and Where Others are expected to one day be seen.”

MARCH 16, 2005 AT 11:00 A.M.

OUR HEAVENLY FATHER

“If the results were to be logical, it would then be feasible to utilize the logic, but not if it were illogical in any facet of its presence.

There are so many individuals reticent in support of This Great Gift I have given to the world. Their lack of support is based on egotism, indifference, and a basic jealousy of Something that openly speaks that It is what is morally sound and approved by Me.”

MARCH 16, 2005 AT 11:45 A.M.

OUR HEAVENLY FATHER

“When I give to the world a Gift of My Divine Love, it many times has much responsibility, because what I request to be accomplished is of Great Importance, and in My Love for human lives, I do this more often than it is understood to be.

I am sure that you will understand the meaning of What I am speaking, because many times you, too, might have what you call ‘duties’ that you are responsible for, thus wanting to accomplish for what the results automatically say to you is necessary for some good will, for some good purpose.

I speak through this *little one* and My Words are always meant to aid human lives in the degree and way that they do not expect. I love this Creation of Mine, and it has been for a very long time in existence.

I know that certain things cause the responsibilities to change, but I have Faith in you to understand that this is life, and you will participate as

you know it to be worth My Will to be accomplished in you upon the earth.”

MARCH 16, 2005 AT 12:40 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

The essential conditions, situations for human lives is of more importance than it is seen to be. In the design of human living, it was instilled into the human mentality that time was of great importance, and that it should be honored, but also understood for the worth it would be to human living.

Some individuals do not understand it in this degree, but it is to be learned about and then taught to others, thus instructing the mentalities to further understand the Value of Divine Plan.

We speak so much through this *little one*, even when it is not announced publicly to be understood Who is speaking through her.

One thing I would like to add to this time with you, is that What you have accepted and where you participate in a Gift greater than the human mentalities of millions of human beings could not, or do not understand

that in the creation of human life there is always a communication with The Divine, not openly understood as such, but many times obvious by what is requested to be, or shown to be, or helped to be for a short time. The human mentality does not always respond to important measures of knowledge, or safety of the mind.

There are Several of Us at this time standing together, smiling as you take the Words to give strength to how you are, how you feel, and to the task that you have accepted for the Souls of millions of human beings.”

MARCH 16, 2005 AT 1:10 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Due to the circumstances that have occurred in so many various understandings regarding what is morally sound, morally correct, morally acceptable, it is important that it is also understood, that a long time ago Rules were set down, helping human mentalities to understand that they were being given what is called ‘The Commandments of God’, ‘The Commandments of The Holy One’, ‘The Commandments of The Almighty’.

Each Commandment describes what it is for or against. These Rules are greater indepthly than They are fully understood to be.

I will speak more on this later, because there is much more to alert millions of human beings on what they should be seeing, understanding, and practicing because of the Importance of The Holy Trinity.”

MARCH 16, 2005 AT 2:16 P.M.

“I smile when I say My next Words. Yes, there are Several of Us present, because The Father has given to the world a Gift to those living in the world, but This Gift also includes All of Us, giving to Us the pleasure of correspondence with those yet in the living state, sharing what We know to be valuable in Words, concept, and many other things.

Today as I speak, it is because of the importance of how you walk and how you live, and how you talk and how you include others in what you are instructed in and about.

Sharing The Father’s Love is a Great Gift of His Divine Love, because in sharing you are giving to others a more positive, factual understanding of what a Great Gift human life is, and in many ways. Even though it appears as though it ends at a certain time, it does not. It appears in a different Manner and Way. Nothing is wasted in Divine Love. Remember this.”

MARCH 17, 2005 AT 12:40 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“Many of Us are present and desire you to know that the importance of how you live is for the good of your Soul.

The Soul is a Gift Greater than It is thought to be, because, do not forget, It is a Portion of Me.

Without the Soul, you would be like a stick, able to have things done to your arms and your legs, your head and your cheeks, your mentality, but it is important for you to understand, that in the Creation of human man, it was designed for a Purpose and a Goal.

Children are not being instructed enough on the Importance of their Soul or the Fact that there is a Divine Creator that created them for a Goal. The Goal is to reach the Heavenly Way and to be able to be surrounded by not just The Angels, but The Souls that walked the human way of living in a body designed to give them the strength to do many things; but

then, when the time came, the body was detached and the Soul was left to return to The Creator and be 'a Saint'.

This is difficult for some to understand, but it gives to human life a special role, a special Purpose for why it was created, because you see, no human being is created without being given a Soul.

The Soul, as a Portion of The Creator, is a necessity and an Act of Love from The Divine, because the Soul will live on and on and on, for a very, very, very long time, in a different Manner and Way, but It will always represent the one in whom It was placed at another time and another way.

Be mindful of What you possess, and always remember that in this Gift of Divine Love, The Creator of All Things shared with you the Beauty of one day being 'a Saint'.

When you say to someone, '*God bless you,*' do you not feel the importance of the Words? I do, when I hear them, because you see, I walk with The Souls every moment of every day. I live with The Saints in the same

way. If you act as you should, and I hope you will, you too will have the privilege as I do.”

MARCH 17, 2005 AT 1:23 P.M.

“So Many of Us gather, as you gather to fulfill what you have chosen to accept, to use what is called ‘working time’ for a Project to help others learn What you know about, while many a times We Saints Here in the Heavens stop and gather to speak, discussing with Each Other what We are doing and what We feel is accomplishing to aid many people in a deeper understanding in how they should live according to The Father’s Will, The Father’s Rules, The Father’s Love, and of course, all the things that Heaven permits Them to do in the Salvation of Souls They are appointed to.

I speak differently, I know, as All of Us do when We give Words through This Gift that The Father Wills to be read, instructing others who do not have the privilege to hear the Words or see Them in print.

Each day of human life is a special day. Remember this. It gives you the privilege to honor your Souls and give strength to others you know

by your good will, by your happiness, and your desire to walk the road of service in a form of the written Words, thus helping others who read the Words to learn more than they would if you did not do what you are doing, if you did not think the way you are thinking. So many could be lost.

Remember, as you were created a human being, that is the first privilege that you are given, but then you are to take upon yourself, your motivation to return to Heaven.”

MARCH 18, 2005 AT 10:35 A.M.

OUR HEAVENLY FATHER

“I have Blessed *one small body* for My Will to help many, perhaps thousands to understand My Care never ceases for every human being created by Me.

I allow *one small voice* to speak What I Will her to speak, bearing the Responsibility for My Will to be expressed in a more in-depth understanding for the Souls that she will be seen by, belonging to Me.

The Gift I gave is far greater than It is seen to be, because the human mind could not perceive such Generosity.

I hold *the little one* tightly, for though she is small in stature, her love, since she was very, very young, was directed to Me. Her mother is Blessed also, and knew that this *little one* would one day be the recipient of what you know her to be today.

I have delivered These Words I feel as a necessity to awaken those close to her that they have in their

reach, a Gift greater than they see It to be, because through her I deliver so much to be learned, to be practiced, and to be accepted for the Souls that need such a Gift at this time in which you live.

Since the beginning of human life, there has always been a period of time that I had to partake in openly.

I could speak hours describing how important This Time is, but I will when I know that she will be over a period of Instruction that she now has, and is in the Presence of learning, of seeing, of using for Me.”

MARCH 18, 2005 AT 11:40 A.M.

OUR HEAVENLY FATHER
MANY SAINTS

“There are Many of Us present, too numerous for *the little one* to count, but as We speak, she sees Some of Us smiling, and Those Who are seated, she says, ‘Are You weak?’ We All smile at this, for she is so sensitive to so many things. Others do not understand such a sensitivity as she brings to their attention many times when We speak about the actions and how they should be.

We hold her tightly, for Our Love for her is different than it could be seen or known to be.

My Words, as I speak at this time, are important Words, because each day of human life is a day greater than it is seen to be, because it is being recorded for the sake of the Soul that is within it, that is anxious to one day be returned to from Where It began and Where It stood when It was chosen to walk with a human being.

Needless to say, the Soul is rarely, if ever, thought about in the

degree of Its consistent, constant accompaniment to daily living.

This Gift of Divine Love is different than Any Other One ever given to the world. It has enlightened individuals into a more in-depth understanding of the closeness they are to Me.

She stares at My Face and wants you to see Me. I said, 'Not at this time, My *little one*.'

This Gift that has been given for such a long time now — I am showing her Souls going to Heaven — so much has been put into script, getting individuals of all ages to see the benefits of living life, understanding that there is a Heaven and there are Souls in It.

I could speak hours through her, but *the little one*, after so many years of listening to Us and putting obedience to Us above all things, her little body is spent, but that does not mean the end of Our time with her, because there is yet so much to be learned about The Holy Trinity, and the Importance of the Goal for which human lives were created to reach.

I close at this time, but I assure you We are always present within her every moment of every day.

As I say These Words I sign you with '*The Cross*', giving you the strength, hopefully to understand: to be the recipient of All that is spoken vocally, you have the privilege to follow more indepthly, Divine Plan."

MARCH 18, 2005 AT 12:15 P.M.

SEVERAL SAINTS

“There are always Several of Us wherever this *little one* is, because Our Presence is felt by her and within her, and she is always ready to respond to What We seek her to speak openly.

Human life to most who live it, do not understand the Value of it, the Purpose for it, and the Goal for which it has been created to reach.

Human life is Blessed abundantly, thus giving to it the strength to endure what other things created cannot endure psychologically, emotionally, physically, mentally.

I will not speak long, because she has endured much on this day already, so as I close These Words at the present time, I remind you: Never forget, your Goal should be Heaven.”

MARCH 18, 2005 AT 12:59 P.M.

MANY SAINTS

“There are Many of Us present. We love this *little one* and the privilege she has been endowed with, to speak What We Will her, to help others about and with and for.

The Father, in His Divine Love for the Creation of human life, has never forgotten His Love for it or the Purpose for which it was created.

So Many Saints Here in the Heavens enjoy being a Saint, because it gives Us the privilege to aid where it is needed, to help where it is needed, and to pray for what is needed in the human way.

The human design of life was created, giving to a human life so many means to live a full understanding of other things created that they could assist on, help with, and also, be part of the creation of what The Father Willed to be created, meaning human life as you know it to be.

I will not speak long. There are Many of Us present, and We All are

grateful for This Gift that allows Us to communicate with those who take the Words and those who will read The Words, because you see, in the Creation of human life, it was endowed with a Great Goal for a Portion of it called 'the Soul', and each time a Soul hears Their Name, happiness reigns above and beyond what you, in the human way, could know.

As I close These Words at this time, I remind you that as you face each day and you say prayers to The Heavenly Ones in your own way, remember: The Father gave you the chance to live in the way you live, and to use every factor of human life to one day be a Saint in Heaven with Him."

OUR HEAVENLY FATHER

“This *little one* I am preparing in several ways, any time, in order for others to more indepthly understand My Presence is evident daily, for others to understand the necessity and the privilege of human life as man.

Though I use *one small voice*, do not forget, when My Son walked the earth I used His Voice also, to instruct other men and women on the Importance of Who I Am and What I Am.

In the Creation of human life, much was considered by Divine Plan. If there was no Goal, then it would not be necessary to instill a Soul, a Living Portion of Who I Am, What I Am, though it is not fully understood by the creation of human lives, human living, human mentalities, and/or human abilities.

What I speak is to give Strength, Hope and a Purpose for the Soul of each human living matter connected to human living.

I hear so many speak on the purpose of biological existence, biological values. I come to the world many times to awaken mentalities of human beings on the Importance of which they were created, because at the moment of their conception in the human way, I instilled into it My Part of this creation. It is called 'the Soul', because without the Soul, it would not go to, come to, or be a Part of Me at a later time.

So much has been delivered by Me, by Who I Am, because human existence is an Important Part of Divine Plan.

I could speak a long time on this subject of What I have just said. It is important for human beings of all ages to know what an Important Part they are of My Divine Plan."

MARCH 21, 2005 AT 2:20 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is only one Sacred Dimension that bears This Gift of Divine Love. It is important that All that has thus far been delivered never to be cast aside, but to be shared with millions and millions of human beings, never questioning what the human being is capable of, because every human being has a different amount of Divine Understanding, Divine Love. No two human beings are the same or alike on all issues, all conditions, and all subject matter.

I come on this day because it is important for not only those close to her, but those in outer places, to be reminded that human life was created for a Goal. The body is important to the mentalities of human beings, but the Soul is rarely thought about because It cannot be seen, and for the most part, cannot be felt, but the Soul is That Portion of Who I Am, What I Am, that I want returned to Me; of course, representing the one in whom

They were placed at the moment of his or her conception.

As I speak These Words, I speak Them with much Love for human life and much Desire to guide it in a proper way, degree, manner, force, because throughout the world there is too much occurring that is diabolical-oriented, due to the fact that the enemy of all there is uses every means to attract, because of the Souls that are the victims of the ones in whom They are. This must change.

I plead with you, when you can, to be example of all that is pure, that is good, that is sound. When you feel you are put in the position of the opposite of this, pray, and you will be heard.”

MARCH 22, 2005 AT 11:40 A.M.

OUR HEAVENLY FATHER

“Because of My Divine Love for the creation of human life, I constantly want all things to be as I designed them to be, because in this creation, My Love has increased abundantly, due to the fact that along with the physical creation, there was a Great Purpose for it, to it, in it.

The Soul, as the recipient of all that an individual absorbs, practices, uses, and basically through it, instills into others My Divine Love for it, this Gift is greater than it is recognized. Even when those have mention of it, they cannot fathom the importance it bears for them to live conscious of how this Gift aids their Souls, their mentalities, their human understanding of the Importance of possessing the Soul as a Connecting Link to Divine Love that one day will Judge the Soul as to whether It was growing in a more in-depth aid to Who I Am, What I Am.

I use your Soul many times when others need the strength on subject

matter, on physical conditions, and even on mental disorder or incomplete abilities to aid what the Words should be able to give: strength rather than weakness, hope rather than despair, love rather than dislike or hate.

The human mentality has many capabilities, not always understood, because there are so many versions in how an individual can participate in such a numerous amount of associations, understandings and moods of human acceptance.

I have given to the world a Blessing wherein I speak more than it is understood in the human way. I use *one small voice, one small body*, because of how I see this Association able to play an Important Part in what is called 'human association', thus helping it to be more acceptable by human beings of all backgrounds and degrees of potential in more indepthly understanding The Commandments that are the Guidelines for the mentalities to see the various forms, conditions, situations, and personal views on how they think, how they live, how they associate with other human beings morally, mentally, socially, personally.

Though I use a *small voice* to deliver Facts of in-depth understanding, and hopefully Directions that will aid more thinking in how one practices daily communication, also daily Direction when others are close to *the one* I use so personally.

The tears in her eyes are tears that My Words have brought, because she says, ‘My Father, I do not like What You have spoken, because It bears too much Responsibility, and I am not sure if I am the one You should have chosen for such a Major Aid, Condition, for others to think about.’

I add to this: I chose her for her humility and for all that she was, in contact with Me from the moment of her conception.

I extend My Divine Love to those who take What I have spoken, and I beseech you to see the value of Them, the importance of Them, and how They can aid millions of human beings to one day join Me in Heaven Forever and ever and ever.”

MARCH 22, 2005 AT 12:26 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

All of Us Saints are so pleased because The Father gave to the world, through *one small voice*, a Personal Communication, obviously heard and able to be heard.

The Words are not just put into script to be read, but those who are capable and able to put into script the Words spoken directly by Heaven, is a Gift beyond what It is seen to be: communication with The Divine through prayer and through words to express that the individual is associating the time with the Individual Divine Personality and Nature.

Those who take These Words are in the Presence of what We would call ‘continuous delivery’ to enlighten the mentalities, and to encourage the nature and practicality of those who will read the Words, imitate the Words, and be example of the Words to all others that they know.

Divine Will is evident in All that passes through *one small voice*, because Divine Will shows Who is saying It, and announces Themselves verbally so there can be no mistaking from Whom the Words come.

This Precious Gift through *one small voice* has more in It than It is seen to be, but I assure you, All that is spoken, requested to be put into script, is done by Divine Will for the Souls to be more understood as being in each human life, representing The King of Creation.

Do not forget, nothing in the human life was forgotten to be present: first at the moment of conception, then at the time of growth, and many now at the time when they are capable of and needed, to use What is delivered regarding what The Divine feels they should know to give them strength, hope and purpose to how they live, how they feel, thus sharing with Him, Help for perhaps hundreds or thousands of Souls.

As I close My Words at this time, I assure you I am never any distance away at any time.”

MARCH 22, 2005 AT 1:48 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

I smile when I speak My next Words. As We listen to what this *little one* speaks, We All smile, because in her innocence and in her desire to please The Heavenly King, it was why she was chosen to walk a Path, a Way that would give hope, understanding and help to many human beings, but also all ages of human life.

Children are easily attracted to her, but they do not know why. We do, because her kindness generates to what she expects of them, from them, in how she delivers her manner of living, way, to them.

In the beginning of This Gift of Divine Love, The Father, in His Understanding of how she would be, chose her for the Tasks, the Responsibilities, and the Means that would be evident for others to see, to believe, and to possibly join her to accommodate The Will of The Creator of All Things.

We All smile when she speaks of what has been a long time ago, but What is occurring now is The Father's Love to give to others of all ages, the privilege of more understanding regarding the fact that there are so many things in life capable of sharing all facets of life that are good, that are interesting, and applicable to how an individual faces each day, morning, noon and night.

As These Words are closed, They have brought tears to *the little one's* eyes, because she says, *'Thank You for the privilege of all I have been allowed to do, and to live my life in such a manner and way, pleasing to You.'*

MARCH 23, 2005 AT 8:33 A.M.

OUR HEAVENLY FATHER

“Mankind says, ‘Times have changed.’ I, your Heavenly Father say, ‘Who changed times to be what they are today?’

The earth has not changed. The sky has not changed. Sound has not changed in the physical way. Would it not be logical to say that it was human beings that changed the pattern of life in many ways?

Each human being should ask, ‘Did I participate or activate how things are today?’ Each one might be surprised by what was affected by their actions, their thinking, their ways.

As I speak today, it was to give strength to enlighten the human minds of many individuals, that as they have the power to speak, to think, to sight, would it not be understandable that they also had the power, the initiative and the manner and way to cause changes according to their own interpretation, evaluation, and desire in how things should be, especially

things that affected many different manners, ways of living?

Yes, I have given to the world a Blessing beyond what It is understood to be, because human life has a privilege — to return to Me.”

MARCH 23, 2005 AT 11:00 A.M.

MANY SAINTS

“There are Many of Us present at all times where this *little one* is. Some might question why We call her ‘*the little one*’. I smile when I say, ‘She also questions this.’ The word ‘little’ here means that her personality, nature and character is not what it is expected to be like, with the Burden and The Gift she has been used for, for such a long time.

Her love is consistent in how she accepts the Responsibilities that are evident in how she walks, speaks and accepts what in many ways would be difficult.

Today, every moment is important to her. Tomorrow will be the same. Each day has an important factor and a necessity for obedience in how she accepts what The Father uses her for: to help Souls that plead with Him many times for an individual to be held responsible for what He Wills is not just kindness, but obedience for a reason unseen.

So Many of Us request many times to be able to speak through her, thus delivering help for those who are yet upon the earth.

I will speak at another time on this subject, because as she is given the privilege to communicate, We Here in the Heavens have the privilege to be able to communicate with her.”

“She has requested if the time will be short before We speak again. We smile at this, because Our Presence basically never ends because of the Importance of What she has been not just gifted with, but Responsible for.

It might take her awhile at this time to be released from the Power she is subjected to. It is what We Here in the Heavens call a ‘Line of Communication’ based totally on The Father’s Will.”

MARCH 23, 2005 AT 12:36 P.M.

SAINT AGNES

“I am Saint Agnes.

We All smile when We hear this *little one* We All speak through. Her interest is always amazing and sometimes amusing. In Our Presence, her respect is something to talk about, something to think about, because she knows Us immediately, and We entrust so much Information to her because of this.

The Father has given to the world a Very Generous, Loving, Caring Miracle, a Miracle that exceeds so many Things in Divine Love, because some individuals feel that if they pray, they are pleasing The Creator abundantly. That could be true or factual to a degree, because in the birth of a child, a Soul is put into the body by The Holy Trinity. No Greater Gift could be given to anyone who has given birth and then receives a Gift of this Nature and this Divine Love.

What individuals do not understand is that the child, the infant does not know what occurred, but by

nature and by how they respond when they smile or they act happy about a situation, a condition, that most standing by would say it stems from their presence, rarely thinking that it could be The Heavenly Manner and Way of allowing the infant to get used to them, and to be better able to see the importance of gentleness, genteelness, kindness and admiration.

Though I speak differently, I speak with much Love for human life, much Love for The Divine, because there is so much in the world that is overlooked, not even thought about in what a Gift of Divine Love is available, or visible, or needed by others who are in the living state, who walk the earth projecting how they feel, how they know things, and yes, the sensitivity to others they meet.

I will close My Words, but as I do, I beseech those who will read Them: remember, you were created for a Reason, a Purpose, a Goal. Nothing created is greater than this, because you see, you bear a Portion of The Creator within you called ‘a Soul’.”

MARCH 23, 2005 AT 1:03 P.M.

SAINT MICHAEL THE ARCHANGEL

“I am Saint Michael The Archangel.

Perhaps it would not be expected of most that I would speak, but I assure you The Father, in His Divine Love, honors Many of Us with the privileges that would not be adjusted to an acceptance by those in the living state, the human state.

Today as I speak, it is on a subject matter that is different than you would expect of Me.

There are so many things The Father Wills those in the living state to understand more indepthly, so they can associate in a more personal way, what The Father Wills them to follow correctly.

Sometimes, even when a condition is clearly stated, it is not accepted in its full measure of cooperation or ability to guide an individual in the human facts, or conditions of human way of living.

I say These Words, because there is so little understood about the communication that human beings have, and how the conditions they live in are not always feasible for them.

I will close These Words, because there is much more I would like to speak about, and even reiterate on things that were spoken a long time ago, because communication between human beings is a very important rule in life, but do not forget, how the wording is delivered can mean different things in how it is meant.

So, as I close These Words, I beseech those who take Them and those who will read Them: when you desire to make an important point, be sure you are aware of its full meaning and the reason for it, because the meaning may be different to all who hear it. Remember this.”

MARCH 24, 2005 AT 11:35 A.M.

OUR HEAVENLY FATHER

“There are no Words I speak or deliver in a quiet manner that are not important to the Souls of human beings.

My Will is to enlighten or encourage all degrees of human nature and of Spiritual belief, because when I speak, or when Others Here speak, it has a goal based on a purpose, aiding those who read the Words, in a manner to encourage them to remember how close I am to them every moment of every day.

As it has been indepthly instructed regarding how close I am to every human being created, it is a Gift greater than It is seen to be or expected to be, but nonetheless, All that I participate in for the protection of Souls must never be omitted for others to read, hear about, to understand that only Divine Love could have created All there is, thus instilling into it a close Association and an understanding that human life was created by Divine Love to one day

return to The Creator and be called ‘a Saint’.

As I close These Words, I do it with Divine Love, because no human being created was not created for the Reason spoken above, and no human created is Loved more than another.”

MARCH 24, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“You are and have been Blessed through *one Soul* and *one human being*. Remember this.

Each human being has a Gift of Divine Love instilled into it at the moment of his or her conception. Though this Gift is not seen, It is automatically felt physically, because It is a Portion of Who I Am, What I Am, and I allow what you think is only conscience or understanding, to help you indepthly know that what human life consists of, is a Gift of a Soul.

No human being of any background, of any nationality, or intelligence or value, is not gifted with what I instill for the benefits of their Soul, because the Souls are What will return to Me, bearing the names of the ones in whom They were placed at the moment of their conception in the human form, way.

I hold *the little one* tightly, because My Words I speak many times, pass through her physical and into her

mental, and she has no control over this use of Mine.

I bless those who follow My Will, because My Love for their Souls is Far Greater than they know love to be. A Soul is a Living Entity of Divine Love, never seen as This, but created as This at another time.

Each day of human life is a Gift greater than it is seen or known to be, because I exist within it, in a quiet manner, but My Love for the human being, because in the beginning of the Creation of human life, of lives, there was much Love, Greater than It is known to be.

I created human life in a manner and way to walk My Path, My Way with Me. I did not want to be alone. This may sound strange to a lot of people, but all beautiful things in the History of All that is created, has a purpose, a goal, a reason, and yes, a place that automatically exists; because, do not forget, all the attributes of human life give to human life so many versions of many things, and so much interest in being a human being, thus knowing that one day their Soul will return to Me.”

MARCH 24, 2005 AT 1:10 P.M.

“Yes, We always listen to wherever this *little one* is present.

All that The Father has given through her, within her, for This Gift to be spread throughout the world, at this point things are slow, but with All that has been delivered, hopefully those who receive the written Words will more indepthly visualize the importance of what passes through her in Words, in Kindness, in Seriousness, and in Generosity.

She does not have to repeat All that is delivered through her because It is in such an extensive, excessive manner, degree of importance, but she continues to deliver what she feels and even knows is beneficial for the Souls of those who are with her in the body form, in the mental form and in the humanistic association.

At this moment, there are millions of human beings throughout the world who are using their time on minor incidences and in hours of loneliness, wherein they could be spending

much time growing and gaining more understanding and Divine Love if they would but use the time in a necessity of this nature.

So many times when an individual thinks of visiting a place called 'church', they enter with good intentions, but as they leave, they are content with only a small degree of their participation. The Father, and All The Saints visited at this time, appreciate the human way of doing things, but it is important for all human beings to understand that a visit is a personal address, a desire to personally be counted, or be accountable for what they are there for.

So much prayer and communication with The Divine is passed over as though it is just a natural association and not as great as it is, only because they cannot hear Those Who they are praying to. I am not in a critical situation Here, because it is important that human beings understand that wherever they are, and Whoever they address in prayer, They are available to what you have to say, in a degree you cannot understand.

Prayers are answered when They are requested a particular thing, but oftentimes what they request cannot be discussed in the manner and way they requested it to be; but no prayer is ever cast aside, ever ignored, ever dismissed, or never not heard. The Father has designed it to be this way because of the importance of prayer for the benefit of the Soul, the physical, and the mental of every human being.

I could speak hours on this subject. Granted, much of it would be repetitive, but every human being has the privilege to communicate with The Divine in any manner of time necessary to the individual. This should be remembered.”

MARCH 25, 2005 AT 11:30 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We All smile when this *little one* accepts so many Responsibilities that are unlike her natural temperament or thinking or practice.

This Gift she has been endowed with is far greater than she understands It to be. Her gentleness, her genteelness accepts what she feels is necessary to help others more fully understand the Close Association I have with them.

To speak These Words from her is a smile for Us to see, because her innocence and sense of justice acts immediately.

So many who meet her, see her as a human being, but in many ways there is much more within her and about her We many times wish they would see, because then they would more readily understand how she thinks, how she responds to The Holy Trinity.

She does not want to say My next Words, but she will. Her genteelness is difficult for many to accept because of their jealousies; they do not understand, because they do not think or feel the same way she does.

She wants Me to stop talking, not out of rudeness, but it makes her nervous when We compliment her.

So as I close These Words at this time, We ask her to remember that all she is asked to do for the sake of others, is based on Divine Plan, and she needs to realize in her service this way, her Soul is the receiver and We want it that way.”

MARCH 25, 2005 AT 12:01 P.M.

OUR HEAVENLY FATHER
SAINT ATHANASIUS
SAINT PEREGRINE
SAINT STANISLAUS

“I am Saint Athanasius. I am Saint Peregrine. I am Saint Stanislaus. I am your Heavenly Father.

Though it is difficult for many to understand or to accept how so Many of Us use this *one small body* to address so many subjects based on the Importance of human life and the Importance that each human life is the custodian of a Portion of The Creator, thousands of Words have so far been put into print explaining many issues, conditions and circumstances that so Many Saints use or direct for others to use for essential items of situations that are important for the mentality of all involved, plus the knowledge that gives strength, hope and an understanding of the importance of the Gifts of human life.

Though there are thousands and thousands and thousands of human beings living, the amount that speak

in the correct manner, way and degree is minute to the number that exist.

Throughout the world, prayer is not seen for its greatness in communication with The Divine. So many individuals say words, but so rapidly because of the time that they do not want to spend on emphasizing the words in a degree and way more pleasing, more honorable to The Heavenly King, The Heavenly Mother and All The Saints. Some individuals would say ‘The time does not allow me to do it the way You suggest,’ but I say to them: ‘You take time in a frivolous manner when it is something you are enjoying. Why do you ignore a communication between The Ones I mentioned that are of the Greatest Importance to your living, to your daily needs?’

We hold *the little one* tightly for she is concentrating on Our Faces, watching Us in her way, speak as We speak through her for others to be able to learn from Us the Importance of the human way and how The Heavenly King, The Father, wants all men, women and children to recognize Him above all things, for in the Creation of All Things, His Concern was for all things

to become adaptable in a manner and degree capable for those who received it, to be better able to use it physically, mentally, socially, morally, and yes, intentionally on different things.

We All smile at *the little one*, for as We speak, her body shakes with Our Power. As We release the Power, she says, *'Thank You, God bless You,'* and We smile at this.

To walk a Road as she walks every moment of every day is not the same road you walk. Yours is easier in every way.

As I close These Words, I want you to remember that The Father's Will is the Greatest Gift that human life can use, can be part of, and It has Hope in It, beyond what the human mentality knows hope to be. Remember this."

MARCH 25, 2005 AT 1:13 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

So Many of Us stand by ready to speak Words of importance through this *one little voice* that The Father has chosen for a Major Task.

We All love her very much, because she responds to Our Presence first of all, and when she is alert to Our Words, We try to use Words comfortable for her to repeat, and when We hear her say, ‘I will get my father for You,’ We All smile, because We know Curly¹ is not close to her at that point.

Today as I speak, it is to initiate in those who work for This Gift of Divine Love, work for It and work because of It, so much is able to be given that without It being presented verbally, physically, others would never hear what a Treasure The Father gives through instructing Words, not just of comfort, but Words to give aid, mental and physical strength, and Direction

¹ Refers to Frances’ physical father.

that nothing else would have the power to give, the knowledge to give, or the right to give in some ways.

I will close My Words, but I have spoken in a manner and way to encourage those who participate, who partake in taking the Words from Those of Us Who are requested to speak Them, because each Message has a purpose to It, a reason for It, and a Divine Love in It. Remember this.”

MARCH 25, 2005 AT 1:41 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

There are Many of Us present wherever this *little one* is, because We All enjoy how she responds to Our Presence and to what We are possibly going to speak through her for others to learn different things necessary to give them Information that will guide them spiritually, or sometimes morally or physically.

It has been a great pleasure for Those of Us chosen to speak The Father’s Words, for Us to be able to deliver Them for Them to be read, thought about, and given to others in how things will be spoken, acted out, or stopped.

So much is in the human language, allowing an individual to have a broad scope of being able to communicate on many subjects, subjects they sense, they feel are up-to-date on subject matter that bears the brunt of human behavior at different times.

When This Particular Gift was given to the world, so much was brought into conversation regarding what a Blessing it would be for others at this time, to be able to have Personal Script enlighten them, or give them strength on different subject matter that otherwise would only be practiced in communication verbally. Granted, this does not always work, because the sound of the voice fades, and the Words do not always have the same meaning when there is no sound that was originally there.

Today is an important day in the lives of millions of human beings. First, a day that they will be accountable for when the time comes and the human side of life no longer exists, but the day has a lot of what We call 'energy' in it, because through association with others, it gives to human life interest, communication, and sometimes a better understanding of what their association means to them; of course, communication is possibly always available, but sometimes it is the sound of a voice, or just being together that gives a stronger sensitivity to judgment and to communication.

I know I speak differently, but it is so important for those who are yet in the living state, look to this privilege in many ways, because it bears so much help, hope, interest and memory.

As I close These Words, I assure you that each day of life is a Blessing, and each time you practice using it for some source or interest, it gives you a new lease on life, or a better understanding in knowledge of conditions, situations, friendships, and yes, hope in the future.

I will close My Words. I could speak endlessly on this subject, because when a human being is created and the birth is ready, the little one has no concept of all that it has to look forward to. This is a Blessing beyond what it is seen to be, but then, as time goes and there are so many experiences that give to human life hope, but interest also, in how it is lived amongst other individuals, and there is so much to be learned by just participating in something that is not practiced all the time.

I know All of Us speak differently, but there are Several of Us present because, do not forget, We too walked

the road of living a human life using the talents we had, and other people we knew, but never forget, when you leave someone else and you are walking away, silently say to yourself, ‘*God bless, and thank You for the day.*’”

MARCH 25, 2005 AT 5:12 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is very little known about the personality, nature, circumstances that this *little one* I use is instilled with, based on the Importance of how she walks in the Spiritual Role.

So much could be spoken on what is expected of her by others like her in the human role. She begs Me now not to make what she sounds like, different than others. I understand this, because do not forget I, too, walked a Role, a Way, difficult for others to understand.

She asks Me to stop speaking because she cannot compare Me with her. This, too, is one of the sadnesses faced, because the human mentality of individuals does not always see the practicality or the sacrifice of It, within It, for It, the Role for the Goal that is many times opposite of what they practice in the human role.

Her tears are expected, even when We try to console, but she walks

a Role with dignity that many others could not function in, because of the Importance of It, within It, for It. The Role she walks is not conceivable to the human mind of most, because it is a Role of loneliness, dignity, and purpose, greater than It is seen to be by the human mentalities.

Her tears are not recognizable, but they are not tears as tears are known to be.

There are thousands, there are millions of human beings that desperately need What I Will them to have, through this *one small body*, and All that is passed through in Words for others to be helped by, learn from, and understand the value of personally.

Hours could be spent on one subject, because of the importance of how so many individuals need to change from how they respond, to how they should respond to the Soul they were Blessed with.

The Soul is not recognized for the Part It plays in the human manner of living, but the Soul, as a Gift of Divine Love, is That Part of human life that is to be returned, representing the one in whom It was placed.

Some individuals, when thinking about a Place in the Heavens, they think only of their physical, thus ignoring the Gift that was given to one day be returned to Where I Am, bearing the background and the name of the one They were placed another time, another way.

I could speak hours on the Importance of human life, but for some it is difficult to comprehend. Some say, ‘I feel like I have to live two lives: one the human and one to please only Him; “The Creator”, they call Him.’

So much must be remembered by so many, because human existence is a Gift far greater than it is expected to be. It should be recognized as Important, and not just ordinary like many other things.

I hold *the little one* tightly, and I say to her: ‘Though I ask you to talk and to walk in a Special manner and way, I also ask you to remember every step is worth what it costs in the physical way. Today, tomorrow and the rest of time will be a Blessing, and Blessed by The Divine, because those who listened to What We had to say through you, hopefully will be helped

to remember the Goal for human life is for the Soul in each living human being. It is a privilege to walk this life. Remember, the Goal is Greater than It is seen to be, because within it, It is totally dedicated to The Holy Trinity.’”

MARCH 28, 2005 AT 11:59 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Statement may be difficult for some to believe, but What I speak is Truth, never any other thing or any wrong version of It.

Today I have treated this *little one* roughly, but it is to help her observe the scrutiny and the unkindnesses she is subjected to, even when she is not heard.

The world has been Blessed abundantly through My Will for the Souls of millions of human beings who are not even capable of feeling their Soul, My Will, and My Hope for them to return to Me and be called ‘a Saint’.

So much is spoken in so many ways, thus allowing those who will take the Words to be able to share What I Will to be known, and those yet living in the world.

So many times I have spoken just to give strength where it is needed, hope where it is needed, and

aid to give to the human mentalities a deeper sensitivity to what human life is capable of; but also, the Reason for it is to one day return to Me.

Without some Advice, some Direction, and a fuller understanding of Me, from Me, it would be difficult for many to understand that there is a Goal for the Soul. This does not eliminate the body. The body is important to Me, because I created it for a purpose greater than it is seen to be.

I will close My Words now, for My Weight, My Strength is difficult on *the little one*, but I assure you I will speak again when I decide the time is right.”

MANY SAINTS

“There are Many of Us oftentimes present where this *little one* is. We call her ‘*the little one*’ because of the Importance in how she walks for The Heavenly King, The Heavenly Mother and All of Us. We do not mean little by mentality or service, We mean little in structure, but it is said in a complimentary way.

So much in the human portion of life is not understood by those who are instructed in it, or are an active part of it, or are interested in the importance of what they are responsible for. Children are not being instructed on the Gifts of human life. They should be cherished, held in respect, and looked upon as a Gift greater than anything else created has, is capable of, or has the ability to serve The Divine.

I will not speak long on this subject, because it is a subject that is based on personal understanding, personal acceptance, and of course, based on Divine Love for how it should

be used when one is taking part in the lives of others.

As I close, but I must say there are Several of Us Here, wanting What was just spoken to be remembered, because those who walk and work for The Divine in any way, should be able to more fully understand that the privilege they would bear is the greatest privilege they could have.”

MARCH 28, 2005 AT 1:11 P.M.

MANY SAINTS

“There are Many of Us present wherever this *little one* is, because We are fully aware that Many Saints Here in the Heavens would want to use what she has accepted, and that is to repeat the Words delivered to aid those yet in the living state to be mindful, to be aware, be cautious of, and be interested in subject matter that is good for the mentality or understanding, or for the Soul that they are the custodian of.

Children of all ages should be aware that the Gift of speech, the Gift of understanding, the Gift of hope, the Gift of perseverance has many areas within it, have many ways to be used for communication, or for putting things into print that will be read by others, either instructing or encouraging or putting words to give strength morally, mentally, socially and physically.

Thousands of Words could be spoken on the importance of how human beings of all ages could make

living each day not just happier, but more fulfilling.

I close These Words, but as I do I smile, because so much has been given through This Gift of Divine Love that The Father Wills others to learn from because of the Importance of human life, and in some ways the shortness of it, because one day everyone's Soul stands before The Creator and is Judged."

MARCH 28, 2005 AT 1:50 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“There are Many Saints standing with Me. I am your Heavenly Father.

This Gift you partake in, is a Gift Greater than you understand It to be, because you see, your communication with The Divine accelerates when you use color. I say this because, do not forget, in the Creation of flowers, color was always the attractive sight.

Now let us take your way of life. If it was cold, dull, and had no color, it could not give you happiness, but when you were created, was not the word ‘pink’ instilled into your being? Perhaps it was slightly different than the color originally, but the blood you were given and many other things, showed pink.

It may be difficult for you to hear My Words, but the Love of creation of human life is a Love far beyond what It is seen to be. It is a Gift that is to one day return a Portion of it, the Soul, and be with All of Us Forever and ever and ever.

The foundation of becoming ‘a Saint’ is not too difficult for anyone, because in the very Gift of life, color adds many subjects to life. Think about this, but also remember, when you practice obedience to all you know is right for your Soul and for yourself in the human way, do you not think of the happiness it will bring when one day We are Face to face?”

MARCH 29, 2005 AT 12:48 P.M.

**OUR HEAVENLY MOTHER
OUR HEAVENLY FATHER**

“I am your Heavenly Mother. I am your Heavenly Father. As We speak together, you will find that We think very much alike.

The world has been Blessed abundantly through Our giving to *one voice* Words, not just to instill, but to instruct others on the importance of human behavior, human goals.

Today We speak through this *little one* again, which We do often, because you see, the time came for Divine Will to allow so much to be instructed and cause individuals to read the Words for what They mean, not just to read the Words to entertain one’s self.

In the human Creation, much was delivered, instilled, not just suggested, because every human being bears a Portion of The Creator of All Things, not really difficult to understand, but logic says that it was the Greatest Gift that human beings could receive, the Soul, a Portion of The Creator that

would one day return to The Creator, hopefully 'a Saint'.

Thousands of Words could be written on this subject alone, because it is a Goal for every human being to one day reach, and use every day to that time, willing to do The Father's Will, because in the human mentality there is much place, much means for a human being to think purely, justly, and with hope.

I will speak more on this later, because it is an important subject for every human being to not just read, but adapt their way of life to following it, because one day they will be Judged by it, by The Holy Trinity."

MARCH 30, 2005 AT 11:00 A.M.

OUR HEAVENLY FATHER
MANY SAINTS

“There are Several, or I should say Many of Us present at this time, but I must add another Statement. Many times when We seek the privilege to speak, We move in and out of the Soul, of the mind of this *little one* that is used to repeat Words that are intended to give strength, hope and an in-depth understanding of Divine Love that is constantly available all the time.

Prayer is many times not just words spoken or thought, but prayer is also loved when it is an active action for what is good, what is moral, what is to aid another human being to accept or reject whichever is the most important act to do.

This *little one* We speak through so often, is constantly aware of Our Presence and how We desire and wish to communicate through her, either verbally or through the written script.

So few human beings understand how close The Father is daily, to man.

It is inconceivable to their mentality, because they have practiced in other ways, other forms, other types of considering their communication with The Divine.

Many Saints stand by this *little one* at all times. She listens, she observes, but she also practices the human role. We smile at this, because The Father, when He chose her to walk the Path, she accepted it, and she does not want to betray Him in any way, and she won't.

There is so much Divine Love in This Gift of Divine Love, encouraging, instructing and delivering Words, Directions, that no other place in the world is receiving at this time.

Today is a special day in the lives of many people, but I add to this: If they would but communicate with The Divine in a more personal manner and way, they would find happiness and a sincere understanding of the Importance of being born a human being, having a Goal Greater than anything else created has the privilege of.

I smile when I say, ‘I am always present,’ and this *little one* knows it instinctively.”

“I smile when I say, ‘I will add one more step regarding this *little one*.’ Her love for The Divine is far greater than it is seen or known to be. The Tasks that look minor to many are never minor to Me, because in the human design created a long time ago, it was intended to be exceptional and above what it would be understood to be. That is why, when there are Words passed through, delivered through *one small voice*, the clarity in Them is precise and clean, and always has merit to the Words, because They came from Me.

This Gift is greater than It is seen to be. It is a Gift of Instruction from The Holy Trinity. It has purpose and is dictated to her and through her, for others to more fully understand what a privilege they were given to be a human being, created by Divine Plan.”

MARCH 30, 2005 AT 12:00 NOON

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“Though it is difficult for even many learned individuals, or so-called ‘highly Spiritual’ individuals to fully understand the purpose for, the reason for, and the Divine Love for This Gift I have given to the world to draw all divisions of understanding Spiritual works together, to more fully understand what a Gift I have given to the world for the Souls of millions of human beings who without This Miracle would only have what others felt or used, regarding the Gift of human life as a tool for human accompaniment or activities, and nothing else.

This *little one* I speak through wants perfection on every thought, word, deed and action because of the importance that the Souls depend upon for the ones in whom They were placed to be able to think properly, act properly, and be companions to each other in a proper, orderly, Spiritual manner of thinking and of using.

I smile at this *little one*, because perfection is important, and she dwells on it being done as it is Willed to be done because of the Souls that are the victims or the receivers of what is intended for them to use in the proper degree morally, spiritually, psychologically and physically.

Several of Us are present. We All smile. Her insistence on things being correct has been the foundation for All that has thus far been delivered correctly.”

MARCH 30, 2005 AT 12:45 P.M.

SEVERAL SAINTS

“There are Several of Us present in and with and for This Communication at this time.

All the script, the print that addresses something important to Our Way of Living is definitely a Gift of Divine Love. It means We have not been forgotten totally.

When you say a prayer and you mention Our Name, it gives Us happiness inexplainable, because Where We are, Our Soul is the recipient when you call Our attention regarding what you are thinking, what you are asking for, or what you are using Us for.

Today is an unusual day. That is what We might be saying to you. We know you will understand, because The Heavenly Father has instilled in those here with this *little one* to not just hear the Words, but to use the Words logically, personally, and with deep interest on what the Words mean to their way of life, to how they think, and to how they associate with others like themselves.

Millions of Words could be put into print discussing the Importance of human life. The Goal for human life is Exceptional. No other thing living has the Goal that the Soul of a human being has the privilege of.

Many of Us apply This Gift to the closest step to Sainthood, because It opens the mind, It helps the mentality think, and It gives purpose and strength to the Wording that otherwise would not be seen, felt or used.

There is so much to be discussed regarding the importance of the Goal of human life, and what it takes to arrive at the Goal that is important for the Soul that every human being is created with.

I know I speak differently, but the Words will be found helpful, and give more understanding of the Purpose for human life, and what a Special Gift a human life is granted because of the Goal for the Soul of every human being born to the world of living, of using the human way to learn, to follow, and to arrive Here in the Heavens one day.”

MARCH 30, 2005 AT 1:32 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak today to encourage those who have followed the proper manner and way, the proper circumstances, and yes, the Spiritual growth that is necessary for the Souls of millions of human beings to follow to a degree, the important steps that were taken by others, based on their belief and their desire to one day be returned to be able to live as ‘a Saint’.

All that I speak is different than you are used to hearing, but it is important that an in-depth understanding be a number of Facts feasible to the importance of one day returning to Me and be called ‘a Saint’.

There are so many, what I would call ‘superstitious’, ‘questionable’ delivery of lessons on Spiritual facts, not all being true, not all being what they should be to guide others to follow the value of seeing, of feeling, of hearing, of knowing what the Soul needs: to be treated in a manner and way so that when the Soul knows It

is close to Me, it will give happiness, thanksgiving, and be ready to not just practice, but to administer to others the purpose, the reasonability of what the Goal stands for, and that is 'Sainthood'.

I hold *the little one* deeply. I have shown her a Vision. I will release her, because What I spoke frightened her because of the Strength I used in her small body to speak the Words for others to hear and to remember."

MARCH 31, 2005 AT 12:56 P.M.

**SAINT ALPHONSUS LIGUORI
SAINT MARGARET MARY ALACOQUE
SAINT JOHN OF THE CROSS**

“I am Saint Alphonsus Liguori. I am Saint Margaret Mary Alacoque. I am Saint John of The Cross.

It is rare We gather in this way when We are told by The Heavenly King to speak on certain subjects.

So much is to be released regarding the importance of morality, but also the importance of duty, but also the importance of trust in The Holy Trinity.

So many individuals place much emphasis on their association with other individuals. Some deny that the ones they are associated with are leading them astray morally, psychologically, and many times physically.

You live in a time wherein so much is the same as it was thousands of years ago, but do not forget, the changes, in many ways, were changes that changed the individual's idea of

clothing, of things they own to live with in their home, or their personality in how they adjust to social life, home life, and life in business.

All these things take their toll. That is why it is so important to see logic where it is necessary, and look at things where it is practical for how you live, how you think, and how capable you are to adjust to a manner of living that will in many ways define what you are going to accept in many areas of social life, medical life and Spiritual life.

Living is a Gift of Divine Love for all who have the privilege to be born and to live a life wherein all things are natural: stature, physical bodies, and also, all the additives that give to human life things that others had a long time ago.

I know what I have spoken thus far was not expected to be like this, but there was a reason for it.

In the creation of human life, it was instinctive in human beings to practice certain things that would aid them in how they lived and if they were healthy or sick.

Time moved on, and there were many inventions that occurred. Some were accepted, some were not, because the human mentality was so designed that it had the privilege, the means, and the abilities to see the value, see the purpose, see the need, and see the outcome of what they were doing. The results and the timing was important because of the mentality that would use the Gifts.

All I have spoken may be troublesome to some, but I have only laid the groundwork to be thought about and to refresh the minds of some individuals, that in the living state of life there are so many factors to be considered, and so many ways to practice what is right over what is wrong, what is good over what is evil, what is truth over what is untruth, what is just over what is unjust.

I know I speak differently, but hopefully the Words will give some individuals a stronger understanding on many things, but also the ability to see that in the Creation of human life, so much was instilled because of the different personalities, natures, habits, and yes, physical and mental abilities.

I close, but there is much more to be spoken on this matter in which every living human being is involved in some form, some way, some time.”

APRIL 1, 2005 AT 12:59 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

At this time that so much is occurring regarding important conditions, situations, and possible eliminations to many things that by nature, by logic, and by solid logical information, needs to be seen for the importance it is, and also, what it commits to, submits to, promotes in, and practices for.

So Many Saints Here in the Heavens ask your prayers, because you live in a time where there is much confusion morally, mentally, psychologically, emotionally, and many times out of gender or gesture.

All things that bear important solutions must be seen for all the facts, the indications, the results, and of course, who those are, who are the decision makers. Oftentimes, certain individuals walk in much pride regarding their consideration on solutions, on benefits, and I add to this, capital gain.

I could speak hours and hours and hours on the importance of what you are considered to be part of at this time. I beseech those who think about this condition, and all it contains that will be basically additives to the mentalities of thousands and thousands and thousands of individuals who will not have the mental capacity to understand all the facets of communication that will be necessary.

O yes, there are some individuals who have the mental aggressiveness, background, interest and capacity to resolve, to solve, and to commit to what they feel will be beneficial in the manners and ways they assume will have to be covered, due to the fact that there are so many facets, factors and conditions that will not be seen in their fullest degree of necessity, of purpose, of understanding, and of progress morally, mentally, psychologically, and for the benefit of Souls of millions of human beings.”

APRIL 2, 2005 AT 11:07 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

So much of My Divine Love is passed through this *little one* that I have used and continue to use to have My Words of Communication I desire to have others hear or know about, so they will never forget how close I am to them, because of the Importance of why I created them, even though so many human beings of all ages of life do not comprehend how close I am to them, and that it is My Love for them that I care so much for them.

Though this Statement may be difficult to be understood, it is My Love for human lives that I speak Words understandable to many who do not hear Them, but instinctively associate Me with what they are consciously thinking that is different than what is normal to them.

I have given to the world so much Help, in not just encouraging, but helping those in the human state to know My Presence is close by,

obviously showing My Love from The Divine.

The world has been Blessed, because there is so much for human beings of all ages to connect My Love for them because of their love for Me. I let nothing stand in the way, or no one to cause it to stray.

The world is important to Me because of the importance of so much I have created that was necessary for many conditions, situations, and other things created that needed to depend upon what they themselves could not create.

I hold *the little one* tightly, and I entrust so much to her obedience to My Will and My Way. She walks a Path much wider than she is heard to speak about in any way.

My Love for human life is Far Greater than It is seen to be, but when I hear prayers that mention My Name, I smile with My Love for them.

All things that occur, thousands of books could be written about the subject matter, but mainly the Divine Love that never leaves. It is always present, but do not forget, you have

a Portion within you that is a Part of Me.

As I close These Words at this time, as you already thought, I could speak endlessly, but I know when it is time to close, but never permanently. I bless those who take My Words because it is a service to Me. I cannot speak to thousands at one time and be heard so privately.

A prayer is important. It is communication just as the human manner of living, because it gives strength that is not seen, but it also gives hope to Me that you have not forgotten that in your communication I hear what you speak, and I read what you put into script immediately.”

APRIL 3, 2005 AT 11:10 A.M.

OUR HEAVENLY FATHER

“In the privacy of service to Me, of Who I Am, What I Am, I many times use this *little one* I speak through now, to inform her and those very close to her, even if the number is only one, that This Gift that is so obviously Important, is a Gift beyond what It is understood to be. Though It appears totally private, It passes through this *little one* from Me.

The Blessing that the Words give for others to see are important Words of Advice for not just the mentality, but the communication others have with those they associate physically.

A Miracle of This Dimension is oftentimes overlooked because of a lack of Spiritual communication most individuals cannot perceive to be present in their lifetime, or in their understanding regarding the importance they are subjected to verbally, mentally.

I could speak hours on this subject, but I will close now, reminding those who participate in What I have

just spoken: Be aware you may not be fully understood, but I, your Creator, remind you I will know what you mean, even through what you have thought to think, or to speak.”

APRIL 4, 2005 AT 12:54 P.M.

SAINT CATHERINE OF SIENA
SAINT MARGARET MARY ALACOQUE

**“I am Saint Catherine of Siena.
And I am Saint Margaret Mary Alacoque.**

We All smile at this *little one* who is so sensitive to Everything We speak, even to What We think, and We do not even say that to let her know.

This Gift of Divine Love that has been with you for a very long time, is a Gift far greater than It is seen to be, because time alone gave It so much from so Many Saints Here in the Heavens, for those who would take the Words to learn more about how close they are to the Souls of Those Who at one time walked the path of human life, using each day for what had to be done, for what had to be spoken, and yes, to please The Holy One.

You live in a time wherein Spiritual Understanding is genteel, is gentle, and in many ways explicit in Everything It says, because without It, you could not learn as much as you know there to be. So much is spoken, and so much Divine Love encouraged

for you to understand, because as you live each day, you are example in everything you think, do and say.

This is a privilege beyond what it is understood to be, but Many Saints Here in the Heavens smile and thank The Holy Trinity for blessing you in so many ways, thus giving you the strength, the hope, but the knowledge in giving to your Souls the ability and chance to one day become ‘a Great Saint’.”

APRIL 4, 2005 AT 1:50 P.M.

SAINT BERNARD

“Yes, I am Saint Bernard.

We All enjoy speaking to those who will listen and be able to more further understand what a Precious Gift human life is, and the Goal for which it was planned.

In the Design of human life, there was much thought about, because to just use the body as the important part could only be logically seen for the human part, but it is and was so beautiful when The Spirit of Serving The Creator found out that every human body was the custodian of a Portion of The Creator. This gave a new light on how to use the body of a human being to further more understanding of All The Creator had in Mind for the human being to be able to stand alone and use this structure, a body and mind, to respond for the Soul that each human body is the custodian of.

When you pray, your Soul listens. When you speak, your Soul listens, and when you are angry, never forget,

your Soul can be the recipient of much unhappiness, because the Soul is sensitive to all you think, say and do.

Some might ask why I would speak this way, when all an individual wants to hear is what they are used to, and their sensitivity to understanding that the human body, created by The Heavenly Father, had a Goal.

So much could be put into script, but I have spoken These Words to remind those who read Them and those who remember Them, that only Divine Love for the human way of life would love it so much that They would many times speak Words understandable, encouraging or strengthening, because the human mind needs this many times when it is faced with dissension, sadness, or a lack of accomplishment based on what they can do, what they think, what they say.

Human life is Blessed abundantly, and in so many ways has been given the Means to strengthen weakness or sadness or even thinking the wrong things.

I close and I say: ‘Always remember, as a human being you have

been Blessed abundantly, because you are the custodian, the caretaker and the means for that Gift within you that The Father created to be returned to Him, a Saint. It is called “a Soul”. Remember this.’”

APRIL 5, 2005 AT 11:23 A.M.

OUR HEAVENLY FATHER

“This *little one* I use and Many More of Us Here in the Heavens, have very definitely tried to aid what mankind calls ‘challenges’ or ‘differences of opinion’, due to the progress of time in which so many things have either been diminished or cast aside, or used because they were practical; thus, eliminating the Spiritual aspect and logical reference that should be used to use each one of them, due to the fact that in this communication of human love, understanding and need has been changed totally in a particular source of the individuals, more sensitivity in how they feel, and feel better for it.

So many Blessings physically, mentally, morally, spiritually, have in many ways been thought about in a manner of degree a little less than Holy, regarding The Holy Trinity and All Other Saints Here Who listen constantly to what They are Willed to participate in, due to the fact that the subject of Spiritual communication, or prayerful communication is also, are also, used and accepted in the degree

of association a little more strict than it is oftentimes associated with or how.

If all bodies throughout the world were held as this *little one* is, it would be difficult to be understood, because We speak through her body, or hold her body in what We call 'a mode of communicable understanding' to The Divine, with The Divine, and for the Souls with Whom The Divine are consistently in contact with.

Along with this *small individual*, Those Who partake when it is requested, also have the privilege, the background, and the logic instilled with Them, the furtherance of and in the Communication of Our Deliveries, that They are heard in a different manner and degree than before this dateline.

The little one, though in all appearances of natural consideration, communication, is far more indepthly continued in a deeper association that would be impossible for anyone to be able to permit, promote, or partake in, on their own theory or their basic strength of understanding.

We hold her tightly at a moment's notice. She is aware of the change immediately. I have more to speak.

Progress is essential to every human mentality in existence. The previous Associations with The Divine, though they were exacting, they were given to permit and to promote a more deeply emphatic understanding regarding the Importance of human life, giving it more ability to understand the changes, and also the importance of being example, that they would not have accepted if they were not told of the existence of them, for them, because all individuals cling to what they are used to, or see, or accept, practical to what they have learned, thus ignoring progress to be understood as a necessity, due to the fact that so much more should be seen as a greater degree of understanding that human living is in many ways a greater Goal for one's Soul to return to Heaven.

Heaven is rarely thought about because It cannot be seen, but I assure you It exists and is a Gift of Divine Love, Greater than It is known to be.

Like all things of Great Importance, unless they are given the necessary practicality to see the value of the necessity for progress to reach a Goal of Greatness, it would be time wasted, and in many ways the Goal would have to be lessened, because it could not be understood in Its Full Realm of Divine Love, Divine Hope, and yes, Glory.”

APRIL 5, 2005 AT 12:04 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

What you have been gifted with is above and beyond what you can perceive It to be. In My Creation of human lives, I have instilled many things, many abilities to use human life in ways and degrees to give it purpose, to give it strength, and to give to its mentality energy, and a deeper understanding of things that would give aid mentally, morally, psychologically, physically.

I left no parts undone, but with All I have given, I made a big decision that I feel is important to everyone. There is one word to the definition. It says ‘several’ Gifts. The word ‘several’ has an important factor in it, because it does not affect only one human being. It gives leverage, understanding, abilities and hope.

I could speak hours on end in All I have given to human living. You may say, why do I not say ‘lives’ instead of ‘living’? In some ways it is a good

question, but it does have an answer to it.

I could speak hours on this subject alone, because you see, in the human Gift there are so many Gifts that have so many purposes, so many abilities, so many reasons, to give to human life happiness, diversion, and abilities of such great dimension worldwide. Even if you are born in one spot, you have the privilege to learn what is occurring thousands of miles away. You have the insight to see into the human mentality of speech, of honor, of goal, of hope, if you but just look for it and see the reality of My Gift of Divine Love, that I have shared so much of Mine with you.

I love this Creation of Mine, because through it, I was and I am able to distribute so many powers of not just energy, but truth, and an unlimited degree of talents to give to human living sensitivity, a worthwhileness, and in many ways the privilege to learn many things I am capable of doing. This way it joins Us in a Divine Love that is rarely thought about.

I could speak hours on end, but perhaps at another time We will be

able to discuss more of My Love for you, My Concern for you, and My Goal for you. Amen.”

APRIL 5, 2005 AT 1:13 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. There are Several of Us present wherever this *little one* is.

It is so important for human beings of all ages to fully and indepthly understand the numerous acts of Divine Love that are available to them, so they will be capable of having a deeper, more sensitive association with The Divine, Saints and All Others Who are present There.

I did not eliminate the Titles of The Others, but there are many Titles in Heaven, Titles that human beings do not know at this time, but ascension into Heaven is guided, guarded and loved because of Those Who at a given time are sent There to serve, to honor, and give strength to those yet upon the earth that need aid and many other Gifts of encouragement, of understanding, of hope, and yes, for the Purpose of returning to The Creator, a Saint.

As you celebrate a holiday you do it with service, whether the service

be service for the lives of others or just yourself. Important things in the living state basically are a background: what should be, what will be, what is necessary to encourage one's Soul to go to Heaven.

The Heavenly Way is not known for All that occurs, All It consists of and All that is directed to It, to aid and to help other Souls Who are yet in a stage of penance to one day find the Light open to Them that will give Them the path to The Creator in Another Place.

As These Words are closed at this time, only verbally are They closed, because once Something is put into print, It can be in print until the time comes and It is no longer needed to look at, to follow. Remember this.

The Father loves everyone who is created a human being. The Father's Justice is more capable, more endearing than It is expected to be.

As These Words are closed at this time, on this date, All that has thus far been spoken might aid some you know who are yet in the living state. It is always easy to instruct. It is one of the greatest Gifts We have Where

We are. The Father constantly and consistently reminds Us, though We are Saints, everyone else created the human way has the privilege to also one day be able to enter the Kingdom of Heaven and be ‘a Saint’.”

APRIL 5, 2005 AT 3:24 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak so many times through this *little one* I chose a long time ago, knowing that she would put My Words into the print that others would write, and then she would respond personally to Me, guarding the results of what she found to be advantageous, beneficial, and in many ways a Blessing to those who would read Them as They were written to be.

I often speak through her, but she requests I announce Who I Am. This always pleases Me, because she was chosen a very, very long time ago, to do what she is doing for the sake of Souls.

In the Creation of human life, so many Gifts are instilled, some not ready to be used at an early stage, but eventually prepared at the time necessary for them to be able to share in This Gift of My Divine Love that I use for others to more indepthly speak about, or speak subjects on the value of the Words, because in Words

there is many times Sound Direction, Sound Purpose and definitely Sound Reasoning.

In the Creation of human life, speech was an important fact, memory was an important portion of it, and the ability to repeat word for word, gave strength to what was spoken and what was to be read verbally.

Today I speak with much Love for human life. Do not forget, I was given the privilege to participate and to better understand what an important communication it gives to subjects of all degrees of importance, and then other degrees for other ways, other means, other things to be made known of, or to enjoy what they say.

I could speak hours through this *little one*. I have done it many times, because Our Words penetrate her senses, and her listening is mainly for the emphasis on certain subjects that We request to be made, important for the ears of others to hear.

There are thousands of all ages of human beings that need to know What We speak through her, because of the importance of the subject matter, or the importance of how It will affect

a mind, a mood, a condition, or just an act.

Children throughout the world need to know about This Gift that is for all ages of human life, because It stresses, in a manner and way, what It wants others to learn from or about, maybe not for the present, but for what might be spoken some time in the future, and they will be ready to understand indepthly what the subject matter, how the subject matter pertains to them.

Millions of Words could be dictated on recorders and then transcribed, but the sound of *a voice* puts more importance on the Words than a piece of mechanical device.

Before I close, I thank those who have taken upon themselves to assist, and also to learn how close The Divine is to the human way of life mentally, morally, physically, and spiritually.

I bless you before I leave you when I say: *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

OUR HEAVENLY FATHER

“Much more is being accomplished than is seen: My Purpose, My Reason for This Gift I have given to the world, and have used Its Presence more times than it is known to be. *The little one* I use is constantly aware of My Presence and it is important it remain this way.

You live in a time wherein so many individuals cast aside The Commandments. There is much leniency and rejection of what They mean. Those who chose the tasks of moral decency and moral necessity ignore The Commandments, addressing all situations on the time or the times they live in; thus, making excuses for sinful measures, indecencies, and basically corruption to the Importance of the Soul they are the custodian of.

Each Soul that is joined with a human body is the recipient of all that an individual accepts, partakes in, or uses for wrong, impure actions of the body, the mind, and of course, the Soul that is the victim Soul.

I could speak hours. It is important that My Words be seen, because though they feel they believe in Who I Am, What I Am, they use My lack of presence as an excuse to do what they feel they have the so-called ‘urge’ or ‘sensitivity’ to practice.

My Words are clearly stated, and yes, They are to be seen. The reasoning behind this is to hopefully awaken the Fact to them, that within them they bear a Portion of Who I Am, What I Am, and That Portion wants purity, and That Portion fears sin.”

APRIL 6, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“Proof that I communicate with you many times, because it is important that you understand that I am Sincere in all that occurs around you, for you and with you, because of That Portion within you that is a Portion of Who I Am, What I Am. It is your Soul.

As I speak in a manner of your understanding, it is to give others also, as you write My Words, the ability for them to read What I have spoken so they are not left out of not hearing My Will for them.

I speak through *one voice*. I have done it for a very, very long time. *This voice, the little one* who has the voice I use, was requested to do what I Willed her to do because of the necessity for others to learn more about Who I Am, What I Am, and how close I am to them in their Soul.

It should not be difficult to understand that I could do, or would do such a Beautiful Gift of Divine Plan, thus being able for others to

understand they are not alone in the world.

When they pray to Me, I hear. When they speak to Me, I hear. When they use a formal manner of kneeling, I see them do it. The list is endless, because My Love for human life has a Reason, a Purpose, a Goal.

I am close to human life in so many ways. Sad for Me to say, in one place or other, they do not believe or understand My Love for them, because they have eliminated My Ability to be with them.

I close These Words, but I always have so much to say to encourage, to embellish, and to give hope where I need it to pave the way for the Soul to one day be returned to Me, and be ‘a Saint’.”

APRIL 6, 2005 AT 12:45 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one that so Many of Us use to deliver Messages of Great Importance, also Messages of Personal Communication that give strength to one or more It is addressed to. We have spoken so many years through this *little one*. We call her ‘*little one*’ because her voice is small compared to many voices that exist in the world. Her genteelness is evident because of the way she treats others, but especially the way she treats Us when We announce We are present.

It is important for every human being to more indepthly understand their Gift of Divine Love was of an Importance that is rarely talked about. Basically, it is because some individuals have no concept, other than the fact that they were given birth from two other human beings, thus ignoring the Fact that their birth was based on Divine Love, and within their being, The Creator placed a Portion of Himself for them to live by,

through, for the Goal that was created for human lives a long time ago.

To be a human being is far greater than it is seen to be. It is a Gift of many areas of what life is all about. It is also a Gift of appearance, greater than other things created: the Gift of sight, the Gift of speech, the Gift of sensitivity of the skin that surrounds the frame, and the Gifts of hair, nails on the fingers and the feet; also, the manner of swallowing what is put into the mouth and allowed to drain through the throat into other areas; the mind allows them to more fully understand not just things of personal nature, but so much to be learned that is occurring throughout the world.

Each day to a human being should be understood as a Gift of Divine Love, greater than anything else created has the privilege of.

Human life has talents. Some use the eyes; some use the throat; some use the tongue; some use the hands, the feet; some use the inside portions; proving that human life has been gifted, unlimited in so many places with so many things.

Now I ask you a question: How can all these Gifts be dismissed so rapidly, thus ignoring the mind that gives so much information momentarily? Every portion of human life, every speck of human life, is and was Designed by The Creator of All Things. The list is endless, but never forget, the Love, Divine.

So, I beseech you, if you remember What I just spoke on two things, you will also automatically remember that one day a Portion of you will return to Him Who created you, and He will call you 'One of His Saints'."

SAINT ANGELA MERICI
SAINT CATHERINE LABOURE
SAINT JOHN OF THE CROSS
SAINT PHILIP

“There are Several of Us present.

I am Saint Angela Merici. I am Saint Catherine Laboure. I am Saint John of The Cross. I am Saint Philip. The list is endless, because there are so Many of Us able to use Our Communication with those in the world in the living state, just by Our using *a voice* who is able and capable of What We Will others to know, to learn, to appreciate; also, be able to spread the Fact that We used *one human being* to repeat What others should know personally.

All the books in the world are not capable of putting into print Words of a Divine Nature that are capable of giving those yet living, a strength, a deeper purpose, and a consistent communication with The Divine. It is rarely thought about, what an advantage human beings have in the

Gift of communication that they have the facilities to practice.

We hold *the little one* tightly. Her body is spent, but she will force herself to have the strength to fulfill The Father's Love, in His Desire to create Many Saints.

There is so much in the human mentalities to give them the knowledge, the reasoning to think more of the Importance of life, and the Beauty of the Gift instilled, to see indepthly the reasonability of why so many things are brought to light, reminding individuals of all ages, the True Existence of The Creator is day and night available for communication, not loudly spoken, but just through the thinking. The Creator welcomes the communication a lot.

We will close These Words at this time. Our Presence is very strong on *the little one's* body, but her mind is always waiting for the Communication from The Divine.”

APRIL 7, 2005 AT 12:49 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“To walk in Honor of Who I Am is a happiness to Me, because it says to Me you recognize the Importance of Service to The Holy Trinity. You, too, have this privilege every day of your life, almost every moment you live. I am Saint Joseph.

In the time I walked the earth, many things were different than they are now. The people were different, the housing was different, the food was different also; but the communication that We used with each other was different to a degree that if it were to be used at this time, it would be a different manner of communication based on what We had; could be called ‘community’.

In the time now, when individuals discuss with each other important facts, issues, many times they are based on how an individual thinks regarding different facets of human life, different determinations, different reasonings regarding the Importance of life, the

Value of life, and the Goal for which life was created.

Children are not learning about this Goal in life as they should be, instructed in a personal manner, way, degree, that they will be able to understand more indepthly, that to be created a human being has many Gifts: first of all, the Gift of life, the Gift of learning, and the strength to persevere in following what is normally and morally correct; but also, learning about the mentality that they are gifted with, to expand it to an unlimited source, force, media of talent, that when life was first created, it was not there.

The steps of one-at-a-time gives to those living at this time a more moral understanding, a more exacting belief in the behavior that is important, of the mind, of the body, but also the understanding of possessing a Portion of The Creator; thus, giving to life the reasonability for purity over impurity, justice over injustice, and yes, hope for a Future that nothing else created has.

I could speak endlessly on this subject, because whenever the

discussion of living the human life is mentioned, there is so much to be talked about, and so many goals await the mentality, the physical, the emotional, and every aspect of how an individual uses what is available; plus, more understanding that a Soul Exists within the body that needs attention, and also should be respected above and beyond anything else.

I could speak endlessly on this subject, but I beseech you, those who put the Words into print and those who will read Them, you are gifted with the intellect, the understanding and the privilege that being a human being gives in so many areas.

I am going to close, but I smile when I say the next Words. When someone sneezes, do not forget, you say '*God bless you.*' This statement could be used so many times in one day, said silently, but said with the meaning of the Words to help, to aid, and to show love for the life of someone you know."

APRIL 7, 2005 AT 1:11 P.M.

SEVERAL SAINTS

“There are Several of Us present, and We All have to admit We love this *little one* that We All use to speak Our Words for the Words to be put into print.

Ask yourselves: As you write These Words, would you remember Every Word if you did not have It in print to remember, to be reminded of, and to feel the importance in It, to give you the strength to follow through on the importance of What is issued for you to understand in a deeper method of knowledge?

The Divine Love is Far Greater than It is seen to be, because Divine Love is a Personal Contribution from The Holy Trinity. Just as you appreciate communication with those you love, The Heavenly Father and All of Us in the Heavens feel this way about Our Communication in serving The Creator, and being able to speak the Words for you to put into script so you will not forget the important Message that maybe one day will give

you the strength to stand up to what is good against what is evil, to give hope where there is despair, and to give light where there is darkness, because you care.

The human mind is a Gift of Divine Love, but the great Gift of learning how to use it, is greater than it is seen to be, because to hear the Words and to realize how important They are to your mentality, but with a purpose that one day might change your whole way of life.

Love from The Divine is always sincere and cares in a deeper way than It is seen to be, a Greater Love for humanity. Remember this.

So when you find yourself thinking of different subjects, incidences, problems or goals, never forget to thank The Father, that He Blessed you with the ability to understand and to remember, but also to practice what is good over what is evil, what is just over what is unjust, what is hope over despair.

You are Loved very much by how you care about This Gift, given at a time to give Strength, Hope and Divine Love when there is so much occurring

that is not like this. There is much greed, much self-love, and many things that are not beneficial to the Soul, but This Gift of Divine Love has a way of standing for what is best. Remember this.”

APRIL 7, 2005 AT 2:20 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The time has come for many changes to be not just approached, but be organized for the worth, for the reasonability, and for the value they represent, they are part of, and what they contain that is strengthening morally, psychologically, physically, emotionally.

Today, as Many of Us are present here now, Twenty-two by count, We smile at those who take These Words. We also thank you for the time you spend on using it to open the way for others, even those you do not know, to alert them to what is morally sound, morally pure, morally just, morally valuable, and morally in keeping with The Father’s Will.

Children are being instructed on what books hold for them to learn. The subjects are not always things spoken about that give energy or a degree of subject matter that is beneficial, but many books are designed to help the mentalities of those who read it, to find

an interest in some form of literature, of personal interest, and/or a subject matter that is intended to support the morals, the values, the thinking, and/or how a person can practice a more interesting life.

The amount of subject matter throughout the world that in many ways just gives subject matter, but does not always give the value to every subject, or the lack of sound value to every subject. The book is put into print to support an individual's idea, but not always morally sound, morally correct, or morally valuable to the mentalities that read these books.

My next Words might surprise you, because you know Them so well. You live in a time worse than Sodom and Gomorrah. This Statement is not always seen for its full worth, its full degree of what it covers, so when it is read, it is passed over as 'It exists, but that's it.' All the questions do not arise or the meanings of it are not permitted, because to scrutinize this subject matter would take time, effort and opinion.

I will close These Words now, but They were spoken to enlighten the

subject matter as to whether it is good for the mentality and the Soul, or if it is just good to know about, and maybe be approached with its meaning at a later date for another reason, but it is a subject matter that should never be cast aside, because in many ways, it is remiss in what it will say to some individuals, and perhaps they will not see it for the full measure it means.

Books are written by the thousands, but they are not all read in the same degree, manner of interpretation. I plead with you and yet I warn you: to accept readily could be a problem, because it might cause you to miss a serious subject that could, in some ways, be harmful to how you think, how you feel regarding moral issues.”

APRIL 8, 2005 AT 11:48 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

More emphasis should be put on the Importance of The Blessed Sacrament, because each time an individual accepts This Gift of My Divine Love, unknowingly the individual is Blessed in a manner and way inconceivable to the human mind.

As human beings greet each other and find the association strengthening, allowing the communication to have purpose helps those involved, sometimes in many ways.

I say these things because of the Importance of the Communication I have with human beings physically.

When the time came a long time ago, and I gave The Holy Eucharist, It was My Sign of Divine Love to each one who received It. It was a Physical Sign, a Generous Sign, a Loving Sign, and a Sign that connected Us as One. The Holy Eucharist is a Gift of My Divine Love, and I treasure

Its practice when It is practiced in a sincere, understandable way, because It connects Us to Each Other in a manner and degree of sharing the Importance that The Creator of All Things named It to be.

This Gift began a long time ago. It is not new in What It stands for, and What It gives to those who receive It with respect, love and honor.

I will speak more on this at a later time. Always remember, The Gift of Divine Love is Greater than It is understood to be, and It is needed to give Hope, the Hope based on The Holy Trinity's Love for human life."

APRIL 8, 2005 AT 12:59 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Gift The Father has given to the world is a Happiness to All of Us Here in the Heavens because It has brought Us closer together in many ways.

When We hear you pray, you must understand Our Love for you grows in many ways, because in the communication it makes Us more of what is called ‘a Oneness’ in thinking, in practice, in understanding The Divine King.

So much could be spoken and put into print on what This Gift has given that nothing else compares to It.

So many individuals go to a Holy Place. They genuflect and then they begin to pray, but sometimes they forget they are in the House of The Creator, and they must understand that as they kneel or as they sit in the bench, He is waiting for them to talk to Him, because of His Divine Love for them.

What I have just spoken may sound very different, but do not forget, the Gift of Divine Love has a Purpose, assisting the individuals to return to The Creator with a Title they did not have before this. The Title is ‘Saint’.

It is a Gift beyond what It is understood to be. It bonds an individual to Holiness, to Purity, and to a Relationship with The Divine that gives strength, communication, and yes, to one day when the time comes and the Soul is the only Thing left, when you talk to the Saint, the Saint will remember who you are and the time that you spent before this time, with Them.”

APRIL 8, 2005 AT 1:28 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I draw *the little one* closer to Me because of her sensitivity to being with Me. I smile at her, because she is constantly aware of My Willingness to speak, and My Love for human lives that were created for a Purpose, based on Divine Love for human life, and that human life has a Goal for That Portion of it, the Soul.

So much has been revealed through This Gift, and there is yet so much more to instruct on so that thousands of human beings will be in touch because of a deeper understanding of how close they are to Me, to All of Us Here, Where We are.

Without having such a close Association, human life would not have the advantages to do so many things, to be alert to so many things, to be conscious of so many things, and have the capabilities to endure for the sake of the Soul that they are working for, to return to from Where It came a long time ago.

Even when a child passes on, the Soul within that little one is grateful for the time It was spent in the human form, but It is always happy when It is returned to from Where It came, because It is willing to perform again to fulfill The Father's Will for hopefully more Saints.

Each time a Soul enters one's body, It takes on a different form, attitude, hope, because of the responsibilities It is endowed with, because the Soul of the individual wants to return to from Where It came, Where The Father was Physically, Mentally, Socially.

I hold *the little one* tightly because My Presence is so heavy on her, due to the Importance of how I speak regarding What The Father pleases to be done.

I could speak hours on end, due to the Deep Love The Creator has for the Souls of living human beings.

She looks at Me and says, 'I see You differently.' I smile at this, because this *little one* was chosen a long time ago, when she was but an infant in the world of human life, living as all others like her lived.

If there was no Connecting Link of such Great Honor and Divine Love like the Soul that human life is the custodian of, what would human life have without This?

Animals do not have Souls, but they share in the love of human beings, the kindness of human beings, and their lives are necessary many times, because they give help in certain dimensions that make human life more interesting and happier because of the companionship, but this is different than human life is gifted with.

Human life is gifted to be able to read, to be able to think, and to be able to understand about so many things that are physical perhaps, but then there are moral issues that are of great importance, because the Soul depends upon the morality of human beings, because the Soul is to return to Where I Am.

I will close. I could speak hours. There is so much Communication that can give hope, understanding, and a fuller desire because of the Goal that the Soul is created to one day have Forever and ever and ever.”

APRIL 8, 2005 AT 2:00 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is a happiness to All of Us when We hear so many things being delivered that will aid others who are not present here, who will read the Wording put into script regarding important subjects, and important reasonabilities evident in daily life.

So many human beings enjoy discussing many subjects, but few ever decide to create a subject that will bring notice to the fact that purity, justice, and love for The Divine could be spoken about in a friendly form, all learning something they had not thought about before.

I do not say preach, but sometimes just the Name of a Saint regarding a situation will draw attention. It does not have to be so indepthly put that one is suggesting spirituality, but All of The Saints Here in the Heavens were once human beings, so a subject bearing Their Name could even give hope in some form, some way.

I do not say preach, and I do not say disturb others, but oftentimes just a suggestion that you are going to take a stop somewhere because of the dedication of a particular Saint, it often wakes up some individual's thought, hopefully hoping that the thought will register something that will make the other person think on a subject you have no regard for, because it is their Association that caused the link.

I smile when I say These Words, because just the thought of saying, 'I am on my way to church; I will see you when I get back,' may not cause the other person to want to be a Saint, but who knows down the line what that one statement could do at another time. I smile when I say These Words, because so many people are very close-mouthed to a subject such as this is."

APRIL 9, 2005 AT 11:23 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I could speak so much on so many areas in which human beings of all ages do not recognize that I depend upon their logic and their purity of their mind, their body, for the benefit of their Souls. Thousands, even millions of human beings know right over wrong, what is morally pure over impure, what is just over unjust, what is pleasing over displeasing.

These words, and many more such comparisons are constantly available, and consistently understandable in what they contain for decisions to be accountable for, in regard to the benefits for the Souls of those acting in a humanistic understanding of what is being processed, or accepted, or revealed, when it comes to decisions that will affect the Soul.

My Words are perhaps different than you would expect Me to speak on this subject, but logic would say that the mentality of every human being, when it registers the full account

of what a subject matter means, the conscience and the response should be seen in the full measure it will mean to the decision necessary.

I will close at this time because I have worked with *the little one* so much, her small body is spent with listening and with serving The Will that must be seen and accountable on all things to be correct.”

APRIL 9, 2005 AT 12:50 P.M.

THE HOLY TRINITY

“It is with Deep Love I speak at this time, because of the Importance of how this *little one* walks in My Name, to help the Souls of more individuals than the number shows. Her appearance bespeaks many times What I Will others to know.

There is so much I have delivered to awaken the mentalities of those who hear the Words or read the Words, to more fully understand, to be a human being is a Gift of Divine Plan, designed by The Creator of All Things. Each Word that is spoken, is delivered, it is not her thought, but her obedience to Divine Will, Divine Way, Divine Interception. She says, *‘It is a privilege, my Father, that You allow me to do what I do in all that You say.’*

As I close These Words, or I should say, We All close the Words, We remind her We will return when it is necessary to deliver What The Heavenly Father Wills to be done through her.”

APRIL 11, 2005 AT 11:59 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I speak because I care about everyone who walks the human way, because in the Creation of human life it was done to share a Future of Happiness, and yes, to return to from Where the Beginning began.

I will speak in a shorter form at this time, but I assure you wherever you are, I am, because of the Connecting Link of Divine Love that is within you that you must protect from wrong, from evil.

Please remember, your Soul is a Portion of Who I Am, What I Am, and the Purpose for which It was joined with you, was to give you the strength to one day return to Heaven, Where I am.”

APRIL 11, 2005 AT 1:55 P.M.

MANY SAINTS

“We All smile when *the little one* asks a question of Us, because We are constantly and consistently aware that her will is to follow Divine Will, and share with others the Beauty and Divine Love that she is confronted by, with, and for, daily.

All of human life is the recipient of Divine Love; first, by the creation of it being created a human being, because there is a Goal for the Soul of every human being created. The body, the form is considered the means by which the Soul can lean upon and use for the physical human actions, for the individual chosen to walk a path and be a human being.

So much is not known that The Divine has the ability to create. This is based on Divine Love because of the importance that a body consists of, because each human being created, The Father gives to it a Portion of Himself to make this creation more important, and important enough to

have a Goal for a Portion of it, called 'the Soul'.

So much is a pleasure to think about and to deliver Words on, when the Words are welcome by those who listen to What We say through this *little one* that has been given the Task of repeating Words from Heaven by The Saints in Heaven.

Each One of Us thanks The Creator for the privilege, because We, too, once walked the earth. We, too, were Part of many portions of this Gift of Divine Love designed by The Creator, else All that has occurred could not be seen, could not be felt, could not be heard.

In the Gift of Creation of human lives, every facet needed to support this Gift was instilled in it, so that this Gift could be a Divine Gift, Greater than anyone could perceive It to be, and feel that within themselves they were different than other things created; plus, have the privilege of knowing many things and being able to participate in assisting The Creator during their lifetime, to help The Creator help others who would be

born to the world, to give to others the Importance of being a human being.

I could speak endlessly on this subject, but I will close for now, but remember: You have accepted a task that is to help those who are yet to come, giving them the Foundation for what to expect; first, to be a human being, and be given the knowledge to understand so many things, thus being able to innately feel the Purpose has a Goal that nothing else has, through that One Gift called ‘the Soul’, the Connecting Link to The Divine that is Greater than It is seen or known to be. It is a Living Portion of The Divine, and now It is a Living Portion of the one in whom It is placed at the moment of conception in the human form, human way. It is a Bond of Divine Love with The Divine until the time comes and there is a separation that has a Goal Greater than It can be seen or discussed about, at another time.”

APRIL 12, 2005 AT 12:06 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“There are Many of Us present.

This Gift of Divine Love is far more important than individuals perceive It to be. Sometimes human beings of all ages do not understand the moral obligations that others may have regarding Me, Who I Am, because in their Association with Me, they use the Association according to their own perception of how close I am, Who I Am, and the Goal for their Soul that they should try to more fully understand, because It is to return to from Where It came at another time.

So little is thought about this preparation that is a Gift of Divine Love beyond any interpretation. The Soul is the Connecting Link between the human being and The Divine. The Soul can become ‘the victim’ of wrong thinking, and imbalance of what is right over what is wrong, what is pure over what is impure, what is just over what is unjust, what is truth over what is untruth. The Soul absorbs

everything a human being speaks, thinks, says, or initiates what is to be done on matters and situations, not always pure in what they represent.

Human beings do not expect Me to speak in this manner, this way, because so much is based on humanistic versions of all that exists, rather than looking at The Divine Understanding, and Divine Purpose for so much to be evident, to be obvious, to be consistent, to be necessary, based on Divine Will, not human assumption.

I will close These Words, but as I do, I remind all who will read Them: The Gift of being created a human being is a Gift greater than the human mentality can perceive it to be. Even with all the Gifts that are instilled in the mentality, oftentimes these are not looked at in the proper manner, way, purpose, or degree.

To many human beings, a close Association, as it is stressed in a personal way, is rejected because it cannot be seen according to the mentalities of the human way.

I will close, but as I do, What I ask to have put into script is always for the benefit of the Souls, because

it is the Soul that can be the victim of the intellect of the human being in which They were placed at the moment of conception.

I love you, or I would not be speaking These Words, because the human Soul, the Soul of the human being is a Gift of Divine Love Greater than It is seen to be, known to be, or accepted to be.

My Words are because I care. It is important that This Gift that speaks so much be spread far and wide, every place possible, for others to read All that has been delivered. The Creator's Will must be acknowledged for the good of the Souls."

APRIL 13, 2005 AT 8:43 A.M.

OUR HEAVENLY FATHER

“All that has thus far been delivered must be passed as far away as possible for millions to see. It will strengthen many. It will cause some to be jealous, but it is important for the world to know how *one body, one Soul, one human life* can be totally dedicated to Divine Will, and not question why, or how, or when; just follow the Importance of what it is expected to do, and that is to give strength, hope, and a deeper understanding, and the ability to see the importance of obedience to The Holy Trinity.

Human life is a Gift, but it has a Goal Greater than anything else created, because human life, in the human way, has a different appearance physically, but it should be understood that the Soul is the recipient of all a human life partakes in, or displays, giving to others the natural acceptance of the traits, of the meanings, the purpose that human life consists of.

The Soul in many ways is the recipient of, and will one day be returned from Where It came, allowing a Goal, a Purpose, a Reasonability for human beings to look at being a human being a Gift beyond what it is seen to be.”

APRIL 13, 2005 AT 12:51 P.M.

SEVERAL SAINTS

“There are Several of Us present, because so Many of Us have the Sensitivity, the Desire, the Hope and the Love that This Gift that is so Personal, will reach thousands and thousands and thousands of individual people of all backgrounds, all mentalities.

At the time when The Son of The Creator walked the earth, the people gathered in groups, desiring to feel stronger, be happier, and grow more indepthly understanding the Importance of This Human Being that they found through others was Special in every way, was Important in many ways.

You live in a time wherein so many occupations are available for all ages of human life. The occupation may be justifiable to the point where it gives hope in it, and addresses so many subjects that give more of a mental strength and many other things that people are interested in and available to learn from.

You live in a time wherein so little is spoken on The Divine. Granted, you have many areas wherein different individuals speak regarding Spiritual understanding, Spiritual motives, Spiritual benefits, using Spiritual innuendos to gather attention for some project or someone's vocation in life, usually a job, what is called 'work', to be able to receive money for how they speak, how they act, how they permit themselves to be subjected to discussions, not always proper morally or mentally.

There are thousands and thousands and thousands of ways, of means, and of directions for all human beings to see the importance of learning more about The Holy Trinity, or Those Who are called 'Saints'.

I could speak endlessly on this subject, but I dare not do it at this time, because I could speak hours and not want to stop the subject matter that would enlighten the mentalities of so many individuals if they would but listen to the importance of the Words, and what the Words will mean, would mean, can mean to how they live each day in a manner of their own way, whether it be alone in the world, or

whether it be in a professional manner or way, or a charitable endeavor to help others.

I speak differently, but there are so many areas of human life that should be looked into for the worth they are, the importance they are, the help they are, the good they are; and do they exist in a manner and way, a degree that gives the Soul of those using these things, a stronger attitude toward life?

Not many human beings judge their manner of living in the full state of how it exists. So many times the mentality or the innate feeling that they want things to be better than they are, makes them think more readily on continuing what they have done so far.

I know that My Words are different than you are used to hearing, but I assure you, some of the most important directions in the world can be spoken many ways for better understanding, and what will be good for one individual may not be good for the next ten individuals. It all depends upon the background, mentality, and many times that are rarely taken into

account for this important subject that human life lives with every moment of every day and night.”

APRIL 13, 2005 AT 1:45 P.M.

“We All smile, because at one time We, too, walked the human role with subject matter that was important to Us and for Our manner of living.

So many times We see individuals think because they are alone, no one to hear them, that they can speak in a manner they are not used to speaking in, but in reality, it is seen to Us in a way that is harmful to how they will think at other times, because in jest, or in practicing words they know, they use words that are foul in sound and meaning.

Today as you read all the things you read, remember to cast aside what is impure, unjust, and demeaning to what you are, who you are and how you think.

So many individuals become victims of what they feel is up-to-date, and it is satisfying to them to act like others act and think; but always remember, you have a Soul and the Soul is the recipient of everything you think, say and do.

The Soul wants to be Pure; and We do too, because you see, surprises like this are not good for the Soul, and the Soul, in Its love for The Creator, wants all things to be pure, to be justifiable in decency and love for The Divine.

Do not forget, in God's Love for you, you innately have a love for Him that you sometimes forget.

This little Talk I have just given, is to remind you: You are always heard, no matter what time of day or what day it is."

THE HOLY TRINITY

“In the Creation of human lives, much was considered because of the Importance for which human lives were being created, basically to give life as The Father knew it to be, hope because of The Holy Trinity that gave Purpose, Dignity, and Love beyond what could be understood if those to be created would not be close to Those Who were Divine.

So much can be spoken on the Importance of, the Greatness of, the Beauty of how all things were planned, based on Divine Love for human beings to have a purpose and a way to practice reaching the Goal for which it was created, to follow in the footsteps of The Divine.

So many individuals, men, women and children, do not understand what a privilege it is to be created a human being based on Divine Plan. There are so many facets to this Gift that give strength, hope, purpose, and the logical understanding that something

of this nature, this magnitude, could not be designed by anyone else.

I could speak hours on end, because of the importance of this subject matter. Human beings must understand that, as they innately know that they have a Future to look forward to and a Place to go wherein The Creator of All awaits them.

I will talk more on this later, but I beseech those who read These Words to see in Them The Divine Love that all things are based on, such as the human manner of design, and the innate sensitivities that show strength, hope, knowledge, caring, and definitely purpose when they are used properly, sometimes even casually.

There is so much Love in the creation of human lives, that more should be thought about regarding the Goal that The One Who created human life, thought of all things to make this Gift have more than Purpose, but at one time return a Portion of it to The Creator, namely 'the Soul'."

“My Power was so Great,” He says, “that *the little one’s* body, it has taken a toll.”

OUR HEAVENLY FATHER

“My Timing has Purpose for This Gift of Mine.

My Timing has Purpose for All Things Divine.

My Timing is to give strength so others will recommend and remind others to say a prayer at a time destined for Me to be there.

Time is important, because through time, in the manner it was designed, was to give direction, strength, based on the importance of what time would give to the human mind: to be able to handle schedules that were important; but also, always connect My Name to time to remind themselves that I would be present.

I could speak hours on end on ‘time’.

I love this Creation of Mine, human life, and when I decided that it would be created, I specified the ‘time’.”

APRIL 14, 2005 AT 12:14 P.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I beseech you to be sure that how I hold this *little one* has a purpose different than you know. Her life is human, but I am a Portion of human life for All that I desire thousands or millions of other people to learn about things they would not in any other way be subjected to, because in Divine Love, though It is for all individuals, is sometimes in some people to a greater degree, due to their Faith in The Holy Trinity.

This is not a cause to think that only some are preferred over others. It is mainly that some are more capable of handling the responsibilities that have to be incurred.

I will stop here. *The little one* is still with The Father, and she does not want to leave Him alone. We All smile at this, because she says, ‘He’ll be lonely.’ So We will release her slowly, for her love is far greater than the human mind can perceive it to be. She does not want to leave Him alone.

We will hold her slowly. She does not know what is occurring. We love her.”

APRIL 14, 2005 AT 12:50 P.M.

OUR HEAVENLY FATHER

“This *little one* wants to run away from where she is and be with Me. I am your Heavenly Father.

So much has been entrusted to her regarding the Importance of being a human being, and the Goal for which it was created is above and beyond what the human mentality can perceive It to be.

The Ultimate Goal is to arrive Here in the Heavens and be with All The Saints because of the Happiness she understands has to be Where Saints are, not just human beings. We All love her for this, and of course, many other things.

Human beings do not have the Spiritual capacity to see what We see, but it is important that thousands get to know about This Gift at this time, that has been for some time leaving many things to be thought about in the proper manner and way for the Souls that love this *little one* and know how she walks, thinks, speaks and practices

her manner of living and her love for other human beings.

So much goes on that others do not see or hear or expect or feel; also, it would be difficult for them to understand such a Deep Gift of Divine Love for The Holy Trinity.

I could speak hours, days, weeks, months, on this subject, but I will close because I have laid the Groundwork to be thought about, and hopefully to be imitated mentally, morally, psychologically, physically and purely.”

APRIL 14, 2005 AT 1:41 P.M.

SAINT CHRISTOPHER

“Yes, there are Several of Us present. We always smile at her count. I am Saint Christopher. The Others want to speak also, but They are smiling and saying, ‘Saint Chris, You speak.’

One of the Greatest Gifts when One becomes ‘a Saint’: that is to be given permission to help those who are yet in the living state to avoid what could be detrimental to their Soul, by having the ability to, and the permission from The Creator to intercept, to intercede, and to help them avoid marring their Soul, by maybe just an act of getting them to move away from the spot they were standing in.

When someone sins, and others know that the sin could be avoided, it is a sadness to the Souls of more than one. I beseech you to remember this. Through purity of the mind, the habits, and how an individual uses how they think, there is always time to change and remember that there is more than

one way to correct a situation or a prank.

The Soul is so Important and yet never seen, but the very fact of a human being having a conscience and the choice to choose right over wrong, is the greatest Gift a human can have. It gives them the privilege to make the choice.

The Father, in His Love for human life, gives this privilege, allowing the individual to choose what The Father Wills is best for the Soul, because one day the Soul will be in sight.

So much can be spoken on things such as these are, but never forget: You have the privilege to choose and the right to say what you will, but always remember, your Soul depends totally on you.”

APRIL 15, 2005 AT 11:14 A.M.

“Yes, I have requested to have My Words put in a manner, way, so many people will know What I have to say.

The Gift of human life is far greater than it is seen to be. It is a Gift of Purpose, with Purpose, and a Gift designed by The Holy Trinity.

The world has been Blessed so many times when they honor and love, when dignity is active for those who are living the human state.

Children should be instructed more directly on the privilege that human life is, because it is that Gift of Divine Love that uses the Souls of the living human beings to do many things. Some are hidden in a quiet way, such as a Soul will many times alert the one It is in regarding whether the actions or words or thoughts are pleasing to The Creator, or wrong in how they are, for the Soul to be a victim of by them.

So much is available for all human beings to more fully understand what a Precious Gift the Soul is

to them, because when the time comes and all things close with a human being in mind, are a part of, the Soul lingers on and is responsible for what occurred at another time.

So little is taught about this, but through This Gift of Divine Love, much is being instructed on how a human being has the ability to do, or partake in so many things that give life hope, and a Blessing for the Gift of human life, because the Soul within human life will go on and on and on, with The One Who created It.

Human beings are the luckiest creation of living matter, because there is Purpose to it, a Goal for it, and Divine Love constantly blessing it to give it strength, recognition and hope.

I'll close These Words, but as I do, I smile as I say, 'God loves you.'

APRIL 15, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Several Saints standing with Me at this time. We love This Miracle of Divine Love. *The little one* We use is important to Us, because she consistently is available to speak What I Will to have spoken, to be put into print, because of the Importance of human beings of all ages.

As This is a Gift of Divine Love, It is a Gift also to Us for the privilege it is to be able to speak, give Direction for the Souls Who will be the Ones Who will be the receivers of What is Willed for Them to know, to practice and do for the sake of Life Everlasting.

I speak differently, but with much Love, because in This Gift that seems so simple to so many individuals, It is a Gift far greater than Words can speak.

Always remember, when you awaken after sleep, it would be nice if you greeted The Heavenly Mother or Me, because We know your time and

your way, and I assure you, We hear everything you think, do and say.

Remember My Words, because They are meant to let you know: as you were created a human being you were given a Soul, a Gift Greater than It is seen to be, but one day at a given time, you will see the Beauty from The Divine radiate in this Soul that will return to from Where It came another time.”

APRIL 15, 2005 AT 12:45 P.M.

SEVERAL SAINTS

“There are always Several of Us present where this *little one* is seen to be, or not seen to be.

The Communication The Father, The Creator has designed for This Gift of Divine Love, is Greater than It is understood to be. At this time in which you live, it is a Gift of Divine Love. Every Word that is spoken by The One or Ones Who are present, is in a Ray of Divine Permission, Love, Understanding and Guidance, because human beings of all ages see only what their eyesight sees; or they sense the Presence of things that perhaps they are associated with, or are obvious because of the communicative manner in which the Presence wishes things to be known.

So Many Saints in the Heavens love This Gift of Divine Love, because Most of Them were human beings, living a manner and way of human life, learning about The Divine, but also, practicing human manner, way and degree of communication with those

who were close to Them and those They dearly loved.

This Gift is a Gift greater than It is seen to be. The fact that so Many of Us speak and then desire Our Words to be put into script, should tell those who take Them and those who will read Them how close We are to them, but also, that there is a Purpose for Our Presence; that is, to do something, be a Part of something, or instill something into those present that will reveal to them something to help them more fully understand that the Soul that they are the custodian of, will one day be able to speak and enlighten others in the human way.

Many reading These Words may find it difficult to understand, but I assure you that all things created and all reasons for communication with The Divine has a purpose, and is basically a Gift because of the Souls of human beings that are so happy when One of Us gets the attention of the one They are in, and We speak Words of Love, giving strength and a fuller understanding of the closeness human beings have with The Divine, and with All The Saints Who arrived at this Place at different times.”

APRIL 15, 2005 AT 1:14 P.M.

MANY SAINTS

“There are Many of Us present, but this happens many times where this *little one* is, This Gift of Divine Love wherein The Heavenly Father partakes in, and addresses so many things He Wills those who take the Words and those who will one day read the Words, for the benefit of their Souls.

Ask yourself:

Are you constantly aware you have a Soul?

How often do you think about Its Presence?

Do you ever speak personally with your Soul and/or do you lean upon your Soul to give you the strength to accomplish what you understand to be important in your way of life, for yourself and for your communication with other human beings?

**Sometimes, do you just say
a prayer reminding The
Heavenly King that you are
there, thinking of Him in
your own little way, but also
reminding Him how you care?**

**The world has been Blessed
abundantly with so much being
instructed verbally or in print, guiding
individuals who would never think of
such an Act occurring, but reminding
you to say the prayers that will
communicate with Particular Saints;
also, helping you understand that time
is important because the Gift of time
gives you the chance to use it, to one
day be able to claim that you walked in
the desire of returning to The Creator
and be able to be known as ‘a Saint’.”**

APRIL 16, 2005 AT 6:55 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have given to the world a Gift greater than It is seen to be. *The little one* I use is obedient to My Will, My Way, and My Desire for certain things to be addressed as important, because human life has many responsibilities, due to the fact that when it was created, it was gifted with responsibilities.

Some would say, ‘How could it be a Gift when it bears responsibilities?’ I smile at this statement, because oftentimes it is difficult for some men, women and children to understand what a Gift could mean to their manner of thinking, and their manner of obedience to what is pure over impure, just over unjust, love over hate, but I add to this: logic, in their manner of being able in seeing right, purity, and what these words are used for.

I could speak hours on this subject, because it bears with it the necessity for morality over immorality, and love for The Divine over a lack of love. Though I speak differently, it is to

instill the necessity to think regarding what would be morally sound over what would be immoral. This alone should cause the right conclusion to be addressed, because so much is at stake.

I could speak hours, but My Words are sufficient to cause a deeper understanding that so often is ignored in the Gift of human life.

There is so much to be understood because of the Soul that is the victim or the receiver of all that is used that affects the Soul morally.

So much is spoken to remind individuals that a Gift such as the Soul is, It should be protected, because the Soul as a Gift from The Creator has more Reasons, more Purpose than It is seen to have, to be, to cause.”

SAINT COLUMBKILLE
SAINT GREGORY THE GREAT
SAINT PAUL
SAINT BONAVENTURE

“There are Several of Us present. I am Saint Columbkille. I am Saint Gregory the Great. I am Saint Paul. I am Saint Bonaventure. There are so Many of Us present wherever this *little one* is, because it is important that as We use her, to transmit What We feel others will benefit by mentally, morally.

We All smile when Our Words are able to be put into script, thus either signaling or alerting or proposing on a subject of either physical or mental, or Words that explain occurrences that will aid in some way; thus, helping someone or many, to see the advantage of What is being spoken for the benefits that otherwise will not be able to become a portion of progress for the Goal, for the betterment needed.

***The one* through whom so Many of Us speak has been given the Responsibilities to transmit important**

Wording, thus instilling something to aid or to change a condition, an evaluation, or a situation that will prove better for What is spoken, thus improving what would be more necessary to accommodate the condition or situation. So many important Guidelines pass through this *small voice*, because so much can be preserved, or additional characteristics or situations will benefit.

All of Us Who speak through *one small voice*, It has a great impact on the final results, because What is spoken about has either an initial purpose, or a goal that is not thought about without the introduction of Our Presence.

I'll close, and I will return when I know the time is right."

APRIL 18, 2005 AT 11:32 A.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are Several of Us always present where this *little one* is. We smile, because she oftentimes says, ‘Please never let me lie about anything.’ We have at times asked her what a lie means. She goes into detail to the degree she can handle personally.

The Baptism in life is of great importance, because when the Soul gets Blessed, it gives the Soul an understanding that allows the Soul to want to be honest, truthful, and faithful to The Divine. The Soul is more Important than It is seen to be. It is rare that the Soul is thought about as much as It should be.

We could speak hours on the Gifts of human life, human living, human responsibilities. That is why it is so important that individuals of all ages be reminded that how they speak, how they think, how they act, they represent what is morally correct,

morally acceptable, rather than the opposite of this.

So much is never spoken when it comes to accepting, or reviewing, or more fully understanding morality over immorality, love over hate, purity over impurity. So many times when One of Us speaks through This Gift, it is to strengthen in others how they must think, how they must remember that within them they have a Portion of Who I Am, What I Am. To many, this is rare to remember. They look at life from strictly a personal understanding of it, thus ignoring the privilege of it, the Goal for it, and Who created it.

I will close My Words, because I could speak hours on end on the Importance of human beings, one at a time, encouraging them to fully understand the path of life is a Gift of Divine Love, a path that has a Goal Greater than any human mind can perceive It to be, and that is, to one day return to The Creator and have Him say, ‘Welcome, Saint.’”

APRIL 18, 2005 AT 12:40 P.M.

MANY SAINTS

“We always smile when this *little one* describes her communication and association with All of Us.

When The Heavenly Father directed Us to deliver through her, What would be beneficial for the Souls that needed certain attentions at a given time, it was indeed a privilege each time it occurred.

I must make another Statement. It seems even to All of Us Saints that it was a very long time ago, and yet We are All still present wherever she is, waiting for The Father to direct her voice, her mannerisms, her time, to certain conditions that aid those yet alive to a very special understanding of the Importance of human life, and the Goal The Creator intends for the Soul to arrive at, at another time.

In so many ways, human beings are Blessed. They do not recognize it as a Blessing, but it is, due to the fact that Anyone Here in the Heavens Who delivers Words of Direction and of Divine Love, oftentimes use one who

is attentive to Them, understanding Them, and will be loyal to What is repeated for Them to give strength, hope, to those who are yet in the living state.

Some may not understand My Wording, but I assure you it is important, All that occurs that The Father Wills those who are yet in the living state to be able to be more assured that the way they walk, and just being a human being is a Gift of Divine Love, greater than any gift that is made to get attention for one's manner of living or manner of knowing something important, above and beyond what others know it to be.

I am speaking differently I know, but there is so much All of The Saints Here in the Heavens want those in the living state to know: the Goal is Supreme in Power; and We All smile when We hear someone point to a particular Saint and ask for aid, help, or assurance on a different subject than What is being spoken at the time.

To be a Saint in Heaven is a privilege beyond what It can be spoken to be, because It gives so much Divine

Love, Understanding, Hope, Aid and Assurance, when One is given a chance to help someone who requests the help through The Divine.

I spoke so differently at this time. There were Many with Me, and as We close this time with you, I assure you We will return when The Father says it is to be, because, do not forget, The Father loves human life. He created it for a Goal.”

APRIL 18, 2005 AT 1:43 P.M.

SAINT ATHANASIUS
SAINT COLUMBKILLE
SAINT BONAVENTURE

“I am Saint Athanasius. I am Saint Columbkille. I am Saint Bonaventure. There are Many of Us present many times or all the time, through this *little one* that has worked with Us and for Us, for a very, very, very long time.

A Blessing of This Dimension that covers all aspects of human life: the mental, the verbal, the conscience, the interest, the ability to not just promote, but to speak the Words in the exact formula, form that They are delivered, it takes a very alert mind, it takes a sincere conscience, and it takes the ability to believe, to understand, to be able to use Gifts that do not just give credit, but are actively instructive in teaching others how to think, how to speak, how to accommodate what is necessary to accommodate. The list is endless in not just characteristics, but in value regarding the meaning that is used to address a condition, situation, motive, understanding, or just the desire to improve one’s mentality on

importance in subject matter. The list is endless.

So many times when this *little one* makes a Statement, We All gather around to see how she is going to define the Statement, or use It for others to be able to use the Statement to more fully understand the nature of what the Statement means, and also, to give strength to the use of Words that give others a stronger identification in the meaning of Them.

We smile because Our Words have struck her deeply. This *little one* We All use has a tremendous Gift of Obedience that to most individuals would not be as strong as she sees it necessary to be.

You live in a time wherein so much is acceptable throughout the world that in many ways should not be acceptable, because it magnifies things to be good when they are not basically moral or mentally efficient in how an individual should practice daily life, or association with other individuals.

Though I speak differently, I speak with much concern for how so many intelligent human beings allow

themselves to partake in subject matter than can be of no benefit to their personality, or their association with others.

I know My Words to some will be difficult, but I speak Them from My experience with the different categories of meaning that words are used for.

I will ask you one question: If you were asked what religion you follow, what do you say — you are ‘Christian’, or you are ‘Catholic’, or you ‘believe in a Divine Power’? The list is endless that can be used on this subject and not pinpoint the full definition of how you really believe.

Some who read These Words will question why They were even spoken, but I assure you there is a reason, but it can mean different things to different people.

Ask yourself:

**How did you learn to love
God?**

**What does your love for God
consist of: ‘service’ mentally,
physically, or does it have**

another means that you could mention?

**Have you seen Him Physically?
Have you heard Him, the
Sound of His Voice? What
does your love depend upon
in your association with Him?**

Needless to say, there are many answers that could occur from this. The Sacred Gift of Spiritual Understanding is a Gift greater than it is seen to be, and sometimes it is abused because there is not enough understanding regarding it.

Obligations such as a Spiritual service — how do you respond to this? Do you go because of obligation, or because of sincere dedication to The Divine, to The Holy Trinity?

I could speak endlessly on this subject, because you see, it is important that all human beings address their Faith in The Creator in a manner and way that is logical, and that they individually sense that they are close to The King, to The Creator, but this also allows them to be close to Those like What is called 'The Trinity'.

I could speak endlessly on this subject, but as I close the Words at this time, I beseech you: as you live the life in the human way, never forget, human life was created by The Divine to give strength, purpose, a Goal for the Soul, That Portion of it that doesn't really age, and It will always exist.

**I smile when I say My next Words:
'God bless you.'"**

APRIL 19, 2005 AT 12:55 P.M.

SEVERAL SAINTS

“There are Several of Us present, and We feel you should know that this occurrence is very prevalent wherever this *little one* shows.

In each way of life there is an importance, not always seen, not always felt, but it is innate in the mentality, even when an individual does not speak openly on many subjects.

These Words may seem strange to some who will read Them, but if you consider your own personal way of thinking, you might find that you, too, follow the pattern of What was just spoken.

Human life is gifted with so many Gifts. Each Gift has a purpose, a meaning, because each human mind, though it understands the same subjects, there is an innate difference in how they think and how they understand certain subjects to be.

Human life was created. It is a Gift of Divine Love greater than most understand it to be. It is a Gift

designed to give to the one in whom It is, abilities that are often unseen.

Each day in a human life's way, there is much to be understood: first of all, regarding all the differences in the world through the appearances of human beings; secondly, in how they think; third, in how they respond to other human beings; fourth, in how they accept right from wrong, good from evil, justice from injustice, hope from hate.

The Gift of human life is beyond what the human mentality ever considers it, or understands it, or appreciates it to be. It is the motivation to do so many things that give strength to the mentality and to the moral aspects, conditions of a human being.

In the Creation of human life, when it first began, it was the foundation for instructing many things, giving to human life logic, projection of what they felt, thought, could speak. Protection is always combined with whatever an individual seeks to do, to have, to plan, or to write.

The Gift of human life is in many ways that Gift that is to return to from Where It came. You have heard These Words before, but to hear Them is a Blessing, because it instills into the mentality what is ‘reality’ in the Gift of being created a human being.”

APRIL 20, 2005 AT 8:34 A.M.

OUR HEAVENLY FATHER

“Each time this *little one*, and the both of you, of course, request to receive a Gift that is different than most individuals understand It to be, because This Gift is My Divine Love for those who accept It with love for Me.

My Presence in the world is Far Greater than It is seen to be, and there are many who feel they serve Me, but I add to this: sometimes the service is not as good as it could be.

Human nature has a Gift in several facets of human life, many things to give strength to the mentality, the physical, and the moral practices of life.

I will not speak long at this time, but I treasure the time that those who stop to use a Gift of ‘a Piece of Bread’, I thank them for it. I smile and say, ‘God blesses you for your conscience, your thoughts, your dedication, and your sincere act of respect, taking the time to make a connection that brings

Us together mentally, and in a small way, physically.’”

APRIL 20, 2005 AT 11:55 A.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“I am your Heavenly Father.

The greater that the distribution of All that is spoken through This Gift of Divine Love will aid thousands, or hopefully millions of human beings to be awakened to how close The Divine is to them mentally, morally and physically.

Today, as Many of Us present speak, it is to alert those who have the privilege to absorb the Gift of Communication with The Divine that is a Rare Gift of Divine Love, but has a purpose in It, for It, because of It, to be able to enlighten those who have no access to hearing It, because the Souls are pleading for the Words to be put into script so that more and more and more human beings, of all degrees of mentalities, will be able to see the importance, the value, and the close association that These Words design Them to be, so that human beings can have the sensitivity of hearing

firsthand, Direct Wording from The Divine.

So many individuals desire to resist such a Gift as This is, but I assure you It is of Great Worthwhile. The Souls of millions of human beings are thankful to The Creator for being so kind to instill, to enforce, through speaking through *one voice*, allowing It to be put into script so It can be read personally, thus allowing individuals of all degrees of nature to find within the Words, Personal Communication and Love of The Divine because of the Soul Who, though It is in a human body, is alone at all times. Even if certain ones disagree with this Statement, it is only their opinion.

What was just delivered must be seen, practiced, accepted, and realized that at This Time in the History of human lives, The Divine Love of The Divine Creator is giving to the world Purpose, Strength morally, physically, and many other Gifts that without This Communication, they cannot absorb a Lesson of such Personal Nature; basically, a Gift of Divine Love addressed to all who will read It, all who will hear It, to more fully comprehend that human life is not,

was not created for what it is using in a casual manner or practice with all the Important Gifts, Directions and Strengths; that is, without question, has the purpose to guide them morally, sensually, sexually, physically, to see the voluminous agreement of What will be the Greatest Aid to Sainthood that anyone could receive.”

APRIL 20, 2005 AT 1:24 P.M.

“The word ‘responsibility’ is oftentimes a word individuals do not like to hear about, because they feel it causes a burden on them that does not make them happy.

Now let us look at the Beauty of human life. It starts out first with the conception for a human being to be born. Those who are portions of this conception have much responsibility, many ways in fact; but the end result is for them to be able, to be able to say they have a child born to them. The child has a Soul, but without the heart the child could not live.

Then We have those who feel that they are the only individuals in the world that bear responsibilities. I ask all of them: ‘At this time, did you create the responsibilities? If so, was it pure in thought? Was it logical in reasoning, and was it good for yourself, or for the Soul also, to be put so close to you and one day be a human being, to live and to earn the Gifts of being a human being?’

This list is endless, but if all human beings would realize openly, consciously, that human lives were designed with a Goal in mind, but the first goal was to live a human way, being able to use all the human Gifts, and then hopefully one day to be successful, whether it be through bearing children, or doing other things of kindness, above and beyond what they ever thought would occur.

There are so many facts and factors in being a human being. All have a purpose, all have a reason, and these use the things that give to life in the human way, interest and decisions to be made, hopefully in the best way for the Soul they are the custodian of.

As I speak These Words, I cannot help but feel gratitude to The Creator Who, in the Design of human life, gave with it so many areas that give hope, interest, purpose, Divine Love and a Goal.

I will close These Words now, but never forget, as you take These Words, your Soul is also the recipient of These Words, because your Soul is a Portion of you that was designed by The Divine.”

SAINT ALPHONSUS LIGUORI
MANY SAINTS

“I am Saint Alphonsus Liguori.

There are Many Saints present with Me at this time, because They All desire to participate in This Gift that is a Treasure to behold and a Treasure to learn from, because It is to aid human beings into desiring to become ‘a Saint’, but also, to live the part that will cleanse the Soul and also be example to others of this part, this station in life that is so worthwhile.

It is a Gift of Divine Love that this *little one* is allowed to speak the Words of so Many Here in the Heavens, because the Words, though They are not always put into print or a form of script, They are Words that in some ways are never forgotten. The subject matter is very often remembered when the Words feel too many to know.

***The little one* is always concerned that what We speak is heard in the proper way. We smile at this, because We often tell her that if We would speak with a loud voice, those listening, some**

would not be able to handle the Power that would exist through the voice. That is one of the reasons, or the main reason We use her *little voice* that you are used to hearing.

Throughout the world there is a great need for more human beings of all ages to learn more indepthly, and to follow more indepthly, the privilege of practicing human life the right way. Human life is a Gift of Divine Love, using it as the foundation for Sainthood for everyone.

We hold her tightly so she will see Some of Us. Her sincerity and her earnestness in All she repeats is not a normal thing for human beings to do.

Love for All that is present Here in the Heavens is important, because it gives more purpose, more strength, more assistance that is not understood in the full manner when It is delivered.

There are millions of human beings throughout the world who should know about What occurs where you are, because some are hungry for such a Gift of Divine Love, but where they are, and what they are surrounded by, and their background,

many times would not allow them to be able to accept personally, All that We pass through *one small body* that is close to you.

We have come today to encourage you who take the Words to remember so many portions, parts, necessities that you are responsible for as you walk through each day of living in the human way, because what you do and you present to others, is imitated more than you suspect it to be. Remember These Words, because They cause you to be responsible for your behavior: what you think, do and speak openly.

This Message today was to help you more fully understand how close We are to you, and that in your way, you have the ability, the privilege, the understanding to be 'example' every moment of every day.

As I bless you and Those Here with Me bless you, I want you to remember We are never far away."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

We are holding *the little one* extremely tight, because her small body has been through a tremendous amount of what would be difficult to speak to you about, but I will address one portion of the subject. Remember, I said ‘one portion’ of the subject.

The weight this *little one* carries is what the average person would call a ‘ton’, due to the fact that there is so much Responsibility attached to how she lives day and night.

Think about What I am about to say: When you shop and you buy a heavy object and you find it is too heavy for you to carry, what do you do? Do you call on others to help you, or do you attack the project alone?

I speak These Words because this *little one* that was chosen for such a Major Task, has also accepted the weight of ‘tons of things’ physical, mental, moral; the weight never

seen, but the progress obviously accomplished.

The reason I speak These Words is to make others aware that a Gift of This Measure, This Degree, This Purpose, This Reasonability, bears a weight not understandable, because a weight of This Measure is not always explained; basically, to cover up the burden it is, not wanting others to see. The weight is beyond what a human mentality or body can perceive.

I ask you to think of the Importance of human life, but first, what was it created to be like? What was it created to practice in daily living? Some, in answering this might say, 'One sin can make it more than I feel I can carry.' This is true. That is why it is so important to not commit sin, but to pray for the strength to never have it; but the weight to carry the burden of other people's manner of living is a weight inconceivable, especially when you know that there is a responsibility attached, thus allowing purity to wait a long time, and resistance to sin not in a strong threshold of acquiring.

This *little one* sees all these things, and beseeches All of Us to help those who need help, to help those who are not seeing what they are doing is hurtful to their Soul.

I could speak hours on this subject because it is of great importance to All of Us and to her. Her genteelness and her love for other human beings is beyond what it is seen to be.

The world has been Blessed abundantly because of All that is passed through her is to encourage individuals to be constantly aware that the Soul they are responsible for is marred by the slightest unfairness, the slightest injustice morally or psychologically or physically.

No one would have expected the Words to be said like this, but I assure you it is to guide people to help other people also, to more fully understand that human life, as a Gift of Divine Love, is also Blessed with the Gift to return to The Creator Pure of mind, body and Soul, and to be accepted that way, with Happiness, Joy, and Thanksgiving.”

**OUR HEAVENLY FATHER
OUR LORD**

“Because ‘sacrifice’ was many times an open subject when I walked the earth, it was one subject that lasted, but so many times in a wrong manner, for a wrong reason, many based on jealousy, many based on seniority of those who felt they were in charge.

When I was sacrificed upon the Crucifix, a Cross, many stood by and cried, but many stood by truly not knowing the full meaning, the full realization of why they joined in the Crucifixion of a Man they did not know; in fact, many did not know His Name.

Needless to say, ‘jealousy’ is the foundation for so many wrongs committed and permitted amongst human beings, but what should be understood is that ‘jealousy’ is a weakness with no basic understanding or reasonability on why it occurs.

At this time, there is so much jealousy where this *little one* is. Some

of it extends far and wide by those who do not even know who she is, what she is, even what she looks like.

Her tears are for those who do not see the Gift is not for her, if one wants to call It 'a Gift'. It is to supply her with the strength to persevere to do My Will and avoid what others think.

I speak These Words today because of the Importance of how this *little one* walks for Me, not her will but Mine; basically, to aid other human beings in how they think and how they determine Who I Am, What I Am, and the Power I walk in, I live in, for them.

These Words will be difficult for some to accept, to comprehend and/or to rationalize the value of Them, and what They All stand for in the lives of millions of human beings to learn about It, some accepting, some ignoring, some resisting, because It is not what is in them.

The little one I speak through fears My Words, but I say to her: 'There is no need for fear when Truth is the basic foundation to hopefully enlighten, or encourage, or develop

in others of all ages, to reminisce how, at a given time, I was Crucified based on jealousy; some, unnecessary hate; but mostly, due to the fact that oftentimes envy is a sadness to hear, to watch, to see, because it is based on what is called “wrong jealousy”, “wrong interpretation”, and “wrong replacement of human nature” regarding such a Monumental, Important Gift of Divine Love, urging those who are free from It to be able to see the Reason for It as a Gift of Divine Love, beyond what the human mentality would be capable of at a time when there are so many differences of opinions, and inconsiderations on the Importance of Divine Will for the Souls of all living human beings.’

I close These Words with a Blessing for *the little one*, and also, another type of Blessing for those who have the ability, the understanding to believe in My Presence at This Time, always giving Words to give Strength, Hope, for others to see the Importance of being created a human being.

I will give her the strength physically to continue what she must accomplish according to how she has been appointed by Me.”

OUR HEAVENLY FATHER

“When I enter *the little one’s* body, it is to give her the strength to endure any and all the obstacles that could occur, due to the fact that others cannot conceal why they question her being the communication of so much Heavenly Concern.

What is not questioned is very important, because the Responsibilities are enormous when she must mention Our Names, relating to others Who is speaking, Who is present, and sometimes the Words We deliver through her.

To walk for Me is a privilege of Greatness, but also Responsibility. Others do not fathom the whole picture. They base all things on favoritism, not logic or safety regarding the subject matter. *The little one* is responsible for so much, and predictable on her own for nothing. This may sound illogical, but is factual in its authenticity.

Her *small body*, when she was even smaller in age and growth, she

oftentimes would talk to Me as though I were in the room.

I have given to the world so much to be able to associate with Me. My Love for human life is endless, because in the Creation of it, it was meant to share Divine Love with all human beings, but also to help them to understand that there was Love in this, of Divine Plan.

In each human birth, I exist through the Soul, and through the body. It is not meant to show physically, but in the Design of human life there was much consideration of all facets of how it would live in what would be termed ‘normal manner’ of all the Gifts that would aid human life because of the Importance of the Soul that would be in it.

Without a Soul, human life could not have or be Blessed with all the sensitivities of purity, of memory, of logic, and what would give to human life the strength of responsibilities, of all natures, all degrees, regarding all facets that would automatically confer that human life was different and had a Goal to reach for, at a time when the human values would no longer exist.

The Goal, of course, would return from Where It was designed in the first place, and the Purpose for which It was created, and to return to The Creator when He had a Title, also called ‘a Saint’.”
