PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

**OUR HEAVENLY FATHER
MANY SAINTS**

“A long time ago, I assigned a Major Task to this *little one* and she accepted It. I also smiled when she asked Me a question at that time: ‘How long will It last?’ I said to her, ‘You have the time.’ She said, ‘I know, but how many times will You want the Task performed for the Will of God?’

I smile when I say These Words to you today, because the Beauty of This Gift is in The Divine Love of The Holy Trinity for people of all ages, men, women and children, to learn through *one small voice*, many Facts they would have no understanding about because they would be in the world and of the world, with no definite Gift to aid them, to support what would be necessary for their Souls and for the Souls of perhaps millions of human beings that would not have the advantage, the privilege to hear the Words spoken openly with sound. They would have to read the Words, because the Words would be silent in how they see Them, how they understand Them.

Each time We are chosen to speak through This Gift, it is a time that We call ‘a Blessing’, ‘a Gift of Divine Love’, giving Us a Strength to the Purpose in which We live in a different Form, Manner, Way, Surroundings, and Things like This.

I will close My Words, because *the little one* was caught unawares. She thought I was going to wait until later to deliver Words showing how I care, and how important it is, a time such as this for Words to be delivered that otherwise would never be heard, and good thoughts would become remiss.”

SEPTEMBER 29, 2005 AT 12:48 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Each day in the life of a human being is a Gift of Divine Love. Each prayer that is spoken reaches the Saint Who is addressed in this prayer. It is a communicative move, action, and a Beauty to see, especially when those who say the prayer or prayers, do it with love of The Divine, assurance of The Divine, and feel close to The Divine in a personal way.

There are millions of human beings throughout the world who need to understand more indepthly what a Beautiful Gift of Divine Love prayer is to the mentality, to the will, and to the purpose for which the individual prays.

So many children do not, or I should say, are not told enough about the importance of prayer. It is usually a prayer taken for granted that everyone says, but what is the purpose to say a prayer? I ask you this.

The purpose should be the awareness of what one is praying for, praying to, praying about, and what results the individual wants when the prayer becomes a part of how they live, how they think.

Pages could be written on this subject, because the very thought of prayer lightens the heart of more human beings than is ever thought to be; so imagine now, if it lightens the heart of the human being, what does it do to The One Who is addressed in the prayer, requesting strength from Them, hope from Them, Divine Love from Them, and perhaps an Act of Care?

I smile when I end These Words at this time, because the Greatest Gift, besides being a human being, is What was instilled into the mentality, understanding Divine Will, Divine Way, Divine Hope, Divine Courage, and the Force that a prayer has when it is spoken in the words that it was given, to help in some way.

As I close These Words I want you to remember Them, because prayer can be spoken more times than just one, two or three in a day. A silent prayer

is only silent between the individual and the Saint. Remember this. God keeps track of how you pray, because your communication He is always aware of and thanks you for it, because prayer has strength in it, hope in it, and Divine Love loves to hear prayer, because then The One Who is being prayed to, will have the privilege to fulfill what the prayer asks.”

SAINT ALPHONSUS LIGUORI
SAINT MARGARET MARY ALACOQUE
PADRE PIO

“There are Three of Us present. I am Saint Alphonsus Liguori. I am Saint Margaret Mary Alacoque. And I am Padre Pio.

It is joy for All of Us to speak through *one small voice*. You may ask why. Our answer could only be that as We speak, as We have the privilege to use *a voice* yet in the living state, it is a joy that she is given the privilege to communicate based on All Who are speaking, Who are in a different State of what you call ‘living’.

We come on this day to make a point. Too little is spoken in an open manner, way, that does not speak, or I should say, not able to speak as much as We would like it to be said. You live in a time when there is much confusion: some inherited, and some personally used according to how they feel, they think, or they want others to understand them.

This Gift that has been given to the world, the whole world, is Important, because It alerts so many minds to Facts that under ordinary circumstances they would not know about, but the Words are to make them aware sometimes of how they are living, what they are doing, but other times, to make them understand that others besides themselves have ambition, have different ideas, interpretations, and abilities to use and to spread their facts, their interests, in a degree and manner that is not common to how others use such things.

In the Gift of life, so much was addressed as necessities, and as means to allow more to be understood; also, to be learned about because of the importance it meant to one or more individuals physically, mentally, morally, or socially.

Those who put These Words into print and give These Words to others, could be the Greatest Gift you could give them, because It could awaken them to being fortunate instead of just ordinary in how they address other individuals, of all ages of course, and how they can communicate to give strength where it is needed, hope when

it is needed, and yes, the dignity of how they speak gives to those listening, a satisfaction in how they hear or see or will understand the Wording.

Hours could be spoken on this subject because human living has so many Gifts, so many abilities, and so much responsibilities. The number is greater than it is recognized to be.

As I close, I bless those who take These Words, and I request These Words to be put into print to awaken the mentalities to many individuals, that there is, there are things for them to know that they may have to use, or they may be willing to use because of different considerations available: moods of certain individuals, characteristics of some, or I should say, human values that are not always understood.

Needless to say, I could speak hours and I would like to, because Each of Us Here, Where Many of Us are, want so much good to be delivered, so much aid, so much help for those in the living state to see the privilege of being born a human being, but also, to be created to one day return to The Creator and be called 'Saint'."

SEPTEMBER 30, 2005 AT 1:24 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I know that what I am about to say might surprise certain individuals who write the Words and some who will just read the Words.

Few men, women and children could understand how enjoyable it is for All of Us Here in the Heavens to see happiness in several individuals who gather and speak on subjects of all different types that many times include a Saint, or someone who is about to become ‘a Saint’.

One of the most beautiful parts of human life is when subjects can be spoken about and an understanding amongst all present, giving to each one a deeper understanding because of The Saints Who might be present, encouraging things to be spoken that could only be from Heaven.

Human beings have many valuable considerations and communications with each other. This is one of the greatest Gifts instilled into human

life, the ability to communicate and to consider the importance of what one subject may present, thus keeping those who are together, giving them something in common to think about, or to use in some form or other.

The reasons These Words are spoken is to put a foundation regarding This Beautiful Gift you are all a part of, because your communication, though it is on many subjects, it sooner or later draws you together on Some of The Saints you are aware of. The subjects, though confidential, give to each one present something that in daily life can be a Treasure, because when The Saints are discussed, just by Name sometimes, it draws a closeness to those present, due to the fact that mentally you are and you have a common form of communication.

What I have spoken may not mean a lot to many, but I could not resist letting you know how close We are in Heaven.”

OCTOBER 2, 2005 AT 9:45 A.M.

OUR HEAVENLY FATHER

“In the Gift of human living, I share so much, because human beings of all ages are the custodians of a Portion they never see, never feel, because It is a Portion of Who I Am, What I Am, thus basically being a Gift of My Divine Love above and beyond what the human body and mind see, or are capable of feeling physically.

In the creation of human living, human lives, so many Gifts are there, thus giving to individuals the abilities to do so many things in a beautiful manner, as it was Decreed to be.

Just some of these Gifts, are the Gift of speech, the Gift of touch with the hands, the eyes and the senses, the Gift of understanding obligation and many other attributes of human living.

So much is taken for granted and not seen or felt as it should be: the sense of sight, the sense of touch. The list is endless, because human beings have used the sense of speech as their main manner of living.

I will close now because of *the little one's* exhaustion, but I will give her the strength for a length of time needed.”

OCTOBER 3, 2005 AT 9:50 A.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I am your Heavenly Father. And I am your Heavenly Mother. We come together today to aid this *little one* in the Major Responsibilities she is qualified to handle, but her small body feels the weight of the Responsibilities, and We have come to speak on this a little bit, or I should say, somewhat.

There have been many times in the History of human living, human lives, human generations, wherein there was much confusion, misunderstandings, and innate resistance to accept, to follow, to practice what was logical, worthy, in every facet of what morals are.

I could speak hours, All of Us could, on the Importance of This Miracle in which so much is released regarding Facts, Concerns, and Information aiding those who take the Words and those who will read the Words.

***The little one* We use is a Treasure to Us. Her tears are because of her**

love for Us that she does not feel worthy of. We have given to the world *one small body* to deliver, to direct, to encourage, to aid, and be example of the Importance of human life because it has a Gift for That Portion within it, the Soul. Though this Statement is difficult for many to comprehend, to understand or to accept, but nonetheless, it is True, it is Fact.

I could speak hours on this subject alone, but I have delivered to you, for others to know, that a Gift of This Divine Will, Divine Love, has a Major Purpose in It for human beings of all backgrounds, all vocations in life, all personalities, and all who know that human life was created for a Goal for That Portion of it, the Soul. Those who believe in This Gift have the strength of responsibility for themselves and for how they act in the sight of others.

I bless you from the Heavens, and I am grateful for your Faith, because in your Faith, it also is a great worth for the world.”

“I will return her to you when I know the Power within her has

lightened from the Words I have delivered for millions to hear.”

OCTOBER 3, 2005 AT 12:02 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is a joy for Me on this day, because of so much kindness, happiness I see.

This *little one* I use for so many things is always available for My Will to be acted upon, attaching others to the Love I have for them from The Divine.

It is easy for a human being to say to another one, ‘I love you.’ When they do this, they usually mean it according to the manner in which they are associated with the other one, but when you offer a prayer to Me to give aid, hope to someone else, I can assure you I see the charity in you and a deeper understanding in how you communicate through Who I Am, a Gift to someone else, to aid them.

I rarely speak like this, but today I have seen so much kindness, justice, based on ordinary logic, based on caring, one human being to another.

I love this Creation of Mine, because in so many ways it gives hope, strength, joy, even happiness, when it is used in a manner of charity, or just human concern, because it shows love for The Divine.

I will close, but before I do, again I say, ‘In the Creation of human life, be assured it was based on Divine Love for each of you.’”

OCTOBER 3, 2005 AT 12:52 P.M.

“There are always Many of Us present wherever *the chosen one* is.

There are so many things that Many of Us Here in the Heavens want to have put into script so that hundreds or even thousands of men, women and children can become more acquainted with the importance of being close to The Heavenly Ones.

When a prayer is spoken and you call on The Father and The Son, and then The Holy Spirit, you draw attention to Them, and They wait for what you have to speak and what it will be regarding, for the benefit of your Soul, and of course, there are other things thought about, but the first things thought about are what I have just spoken.

The Greatest Gift of human life is an ‘Entity of Living’ that no one sees and every human individual is gifted with It. Oh, there are some times when some individuals feel they see something, or they sense something, or they hear something. I assure you,

many times it is just a desire, or it can be an Act of Love for The Divine. Only The Heavenly Father can decide the real status of how it is received.

You live in a time wherein there is so much opportunity to learn more about the Future, and the Importance of being created a human being.

This description of a human being is endless in many ways, because it captures every part of a human life, Blessed, Designed by The Creator of All Things, and gifted with numerous things that animals do not have, grass does not have, and all other things that have a motion in them do not have what a human being is gifted with.

Every day is a Blessing, because it gives the opportunity to an individual to use the day in recognition, in reference to the Importance of being a human being morally, mentally, psychologically; but put 'spiritually' before all these words, when you think of it yourself.

The recognition of the importance of spirituality is a Gift of Divine Love, because in recognizing the communication that an individual has with so much in the Heavens, so

many things of great importance, there is no greater Blessing, because when you address The Saints, you are never forgotten, even when you forget Them, and when you address an Angel, the Angel is delighted and always remembers you, and perhaps is with you more than you realize.

These are Blessings, Divine Love's Blessings. They are the strengths that keep logic in the desire to become 'a Saint'. Blessings give hope when it is needed, where it is needed. Blessings give a purpose to so many facts, factors in life.

There is No Saint Here in the Heavens that does not want those yet upon the earth to realize and to recognize what a 'treasure' every day is to the Soul of a human being, but the body is the recipient also, because it is through the body that the Soul is always a Part of, because in the Design and Creation of human life, there was an Importance to this act, and logic should tell every human being Who Heaven would put within that Design, body and mentality.

I could speak hours, We All could, on this Gift, because the Gift of human

life is forever, because as the time comes and only the Soul is evident, no one could have a Better Gift than This. I beseech you, remember What I have just spoken, because the Soul is That Portion of The Creator that is a Gift from Heaven.”

OCTOBER 4, 2005 AT 10:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Many Saints present with Me, and Each One is happy to be in knowledge in What is occurring to aid thousands or millions of human beings to physically see and to partake in a Gift that obviously gives strength to understanding more indepthly the Gifts that speak through her, and acknowledge the True Existence of The Saints.

This Gift has been given to the world and is to travel throughout the world, because of The Divine Love that shares with human beings reality, reasoning, communication and association, based on the Importance of The Holy Trinity.

We would All speak hours many times to awaken the mentalities of millions in the living state, reminding them, assuring them, regarding the importance of how they live, how they think, how they speak, and how they associate their lives with The Holy Trinity.

I speak often in a natural manner through this *little one*. What I speak is sometimes to just awaken the minds to begin to see, to value, to appreciate that to be a human being is a Gift far greater than it is understood to be.

I have used this *little one* a very long time, asking her to repeat What I Will others to hear, know about, also to follow in their daily way of living, because in this Creation of human life, it was addressed and designed to be the custodian of a Soul for a period of time, thus giving to human living a Gift from The Divine; thus sharing what human life was created for: to return to The Creator the Precious Gift of the Soul Forever and ever and ever.

No Greater Gift could ever replace what this Gift is all about. It gives to life the Purpose of one day returning to The Creator and be ‘a Saint’, and be in service to Him and be in service to The Heavenly Mother.

What more can I say? There is nothing Greater for human beings to have, a Goal such as This One is.”

OCTOBER 4, 2005 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

If I felt it would be feasible, I could speak many more times every day of your life because of My Love for this Creation of Mine, human life.

So many individuals do not understand what a Precious Gift human life is, in Divine Plan. The very Gift of being a human being is a Gift that has a Goal in Divine Plan. It is not always understood in this manner, this way, or this degree of Association with The Holy Trinity.

I will close My Words because I could speak hours on end, due to the fact that My Communication with *a human being* that will give to others My Words, My Will, My Love, is more Important, because I want all Souls to be returned to Where I Am, at a time when the Soul is released from the body of the one It is in.”

OCTOBER 4, 2005 AT 12:40 P.M.

MANY SAINTS

“Many of Us request those present to put into print What We dictate through this *little one*. That is Our Name for her who is present with you, because she is always available to transmit, transfer the Words We Will you to know because of the importance in What They mean, What They stress for the benefit of the Soul.

You live in a time where so much for a long time has been ignored as being impure, unjust, and only for wrong to be thought, wanting individuals of all ages to say things impure, so others will act with them on all the impurities available in the human way, human mentality.

This is always sad for Us to see, because in the Creation of human lives, all good was meant to be for the Future of the Souls, even at the time that was a long time ago.

You live in a world wherein there is so much confusion on what is morally sound and beneficial for the Soul, and is it pleasing to The Creator

Who is The Judge of All Things, The Distributor of All that is Good?

As We speak today, it is because of Our concern, due to the fact that so many individuals do not see the value in how they speak, or the reasonability in speaking in a dignified, moral way.

Children are not being corrected enough and they are being allowed to hear too many things that are vile, contemptible in meaning, in reasoning and in purpose.

Ask yourself: When you bless yourself, do you do it with dignity? Do you speak the words personally, and do you feel the importance of what you are saying, that it can be heard, seen, and all the facts, factors of communication that are available?

We hold *the little one* deeply, because for so long, so much has been given to her in a responsible manner, way, and purpose.

Each creation of human life is created with a Goal. The Goal is to one day return to from Where It began, Where It was created a long time ago.

So many Sacred Words are not seen for what They mean. They are

oftentimes abused through language that is not necessary to use. It is demeaning, and yet those speaking that way use it in humor, but with much injustice to the Souls.

Every moment of every day is an important day in the lives of those who are living, because the day will come and they will represent only their Soul, whether it is in Heaven, Hell, or Purgatory. Is this not sad to think about? Because the Soul is the recipient, the victim sometimes, it is so sad to see.

As you live each day, never neglect your Soul, because your Soul is your Connecting Link to Heaven, and your Soul has a way, not always seen, but It is That Link that causes you to realize if something is pure over impure, just over injustice, truth over lies, pure over any impurity that doesn't even register in your mind that it is impure.

Think about this. It won't make your life dull, it will give you strength, because the Purpose is Great, and it is The Father's Will to want you in Heaven.

So much is worthwhile for simple kindness, goodness, and purity of the mind, thus giving to the Soul a chance to return to The Creator as It was meant to be.

I could speak hours on this subject. It is of such great importance, because it must be understood that in the Creation of All Things, The Heavenly Father did it, thus giving a design, a way, a purpose for all to be pure and give happiness. That is why it is so important that every human being begin to think about their being the decision-maker on what is going to happen to their Soul and other portions of them when the time comes and the body no longer exists in the human way.

It is important that to live life as a human being is a Gift of Divine Love, but every human being is created to one day return to The Creator, quietly, but with so much Love and Communication, because of how it was lived in the human way.

It is worth knowing and it is worth thinking about, and it is worth remembering the Goal that awaits you and every other Soul created, because

God, The Creator of All Things, has given you and everyone else created, the chance to return to Him and be called ‘a Saint’.”

OCTOBER 5, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I smile when I speak to this *little one* who I asked to repeat My Words for others to learn about certain Facts that are very important for the Souls.

The Souls are never seen in a physical way through the sight of a human life, but the Souls are in My View every moment of every day.

I say this so others will understand, all ages of human beings should know I am always aware and in contact with them because of the Importance of their Soul.

As I close My Words, I want you to know: in the manner and way you serve Who I Am, and you share What I say to others, you are Blessed abundantly, because Souls many times hunger for those who They are in to know more about Who I Am, and how important it is for them to become ‘Saints’.”

OCTOBER 5, 2005 AT 12:41 P.M.

OUR HEAVENLY FATHER

“Whenever I partake in Script that defines Who I Am, What I Am, How I Act, and Other Conditions, Situations, I do it to help you understand that you live in a time rare, because I have taken This Time through *one small body*, and Each Thing I relate is of Great Importance.

There are some individuals who can handle What the Script speaks of. Then, there are those who ignore other factors, conditions, situations that they were told about, but as long as they feel they do not participate, they ignore *the victim* that is faced with obedience to Will, over and above human nature’s attitudes, conditions, situations, beliefs and practices.

I have spoken this for a reason. I will talk more on it later.”

OCTOBER 6, 2005 AT 8:33 A.M.

OUR HEAVENLY FATHER

“Many would find it difficult to believe that I speak so often through *one small voice*. I do this because of many situations, conditions, understanding and belief in what is important for human beings of all ages to more fully understand, to comprehend, that the Gift of human life is a Sincere Act of Divine Love for That Portion of it that is a Portion of Who I Am, What I Am, and it is That Part that will be returned to Me in a manner and way inconceivable, but It will be seen and thanked for, at a time necessary to unite physically with Me.

I could speak hours on this subject because it is so important to Me. The Gift of human life was endowed with so much that they do not truly see to be, but the Gifts they are aware of, such as purity of the mind, the body, for the Soul, and the Gifts of learning so many subjects that give many Gifts that are necessary for the physical, the moral, the mental, and yes, that One Great Gift that will return them

to Me Forever and ever and ever, the Soul.

If I repeat My Words, it is because human beings of all backgrounds were created for a Reason greater than they know.”

OCTOBER 6, 2005 AT 12:01 P.M.

SAINT ALPHONSUS LIGUORI
SAINT JOHN VIANNEY
SAINT PETER CANISIUS

There's about Three with me. One is Saint Alphonsus Liguori. One is Saint — He's smiling — I said, "Vianney." He said, "Yes." One is Saint Peter Canisius. I know Him. I went to His school.

“We are holding *the little one* tightly, because This Gift of Divine Love is Greater than It is seen to be. It is a Gift of Instruction, of Communication, and of Deliberate Enlightening to other human beings, to help them more readily understand and be prepared for All that awaits the Souls at a given time.

I know I speak differently, but as I do, it is because of the Care that All Here in the Heavens have for you. Many of Them walked a path of human values, circumstances and living conditions. That is why They are so concerned and interested in helping you, because if you have the strength to learn, to follow, to consider, and

to accept that one day you will face Another Role of Life, because your Soul will be the One that stands in Sacred Places for you.

Your body here on earth is a treasure, but your Soul that receives everything you think, say and do, is That Portion that will one day answer by your name when your name is called.

I smile at These Words, because They sound rather far-fetched I am sure, but They are Words to give you a fuller understanding of the importance in how you live now, how you walk, work, and associate with other human beings, because your Soul is the recipient of all you think, speak and do.

I will bless you as I say, ‘God loves you, and in This Love, one day you will be present before Him in a different Way.’”

OCTOBER 6, 2005 AT 12:30 P.M.

OUR HEAVENLY FATHER

“I hold *the little one* so close to Me, because it is natural for her body to be aware of others. What I have instilled in her today is far greater in what It means to Me than she suspects, but I love her and I entrust so much to her and through her, because I know she will fulfill What I Will to be accomplished for Me.

Many of Us Here in the Heavens smile at her, for though she is very human in appearance and her manner of doing things, her love for The Divine supersedes all things, and she worries about this.

Today as I speak, I do it for a reason, because she is *a victim* of circumstances that are never seen. Sometime I will explain this Statement, but not at this time, because she did not like to hear Me say it in front of you.

A warrior, yes, and a lover of The Divine, yes, a consistent purpose for accommodating what is morally sound, beneficial and worthwhile. I hold her

small body because she does not like to speak for it to be heard.

I smile at this. It is necessary for others to understand that a Precious Gift of This Measure should be seen, understood, and valued for how It will help them one day be ‘Saints’.”

OCTOBER 6, 2005 AT 1:05 P.M.

MANY SAINTS

“Yes, there are Many of Us present. We All smile at *the little one*, because Our Presence is always obvious to her. She says, ‘I don’t see You,’ and We thank The Heavenly Father for that.

It is a joy to become Part of This Gift wherein there is so much, so many, so many Special Words to be spoken to give strength, a deeper understanding and hope to those in the living state.

Believe it or not, We All love you because in your Gift when you were born, you were given a Soul. This was a condition The Heavenly Father insisted on for all who were to be born, and put in a state of inability to do anything for themselves. They had to be carried within a womb, and then released in a certain degree, manner, way, for them to be able to claim being a human being, thus having to use one set, one step of how to do things in a safe way, and then in an understanding way.

The Gift of human life is rarely seen for the Beauty in how it was

designed, and the wonder in what it is able to do, because there are so many things a human being needs to know: how to swallow, how to hear, how to cry. The list is endless.

There are so many Gifts given to human life that are rarely thought about in the greatness they are, but there was no better way to create human beings than the way they were designed to be; and when the time comes and they walk as adults, they speak as adults, they think as adults would speak, would think, it is always enjoyable to watch the growth from just a couple of seeds.

What a Beautiful Gift human life has and is, because it is a Gift beyond what it is seen to be.

I could speak hours and express so much Divine Love, but I would like to add to this: Being created a human being has another Great Goal for you to achieve, and that is to return to The Creator and be called ‘a Saint’.”

OCTOBER 6, 2005 AT 1:24 P.M.

MANY SAINTS

“We All smile at this *little one* because her response is always exactly how she thinks. Yes, there are Several of Us present because This Gift of Divine Love is much more Important than It is seen to be.

The Heavenly Father and All The Saints want those in the living state to be aware of what a Treasure it is to be created a human being. It has a Future. It has a Goal, and it has Something awaiting it that nothing else created is gifted with, because every human being created has a Soul, a Portion of The Creator that gives to it that extra privilege of being able to arrive in Heaven and live with The Creator Forever.

I know My Words are spoken, and They mean something of great importance, but I smile when I say My next Words. All of Us Saints Here in the Heavens wish that We could describe to you in great detail what a privilege becoming ‘a Saint’ is to one’s Soul. The Soul is That Portion

that lives and lives and lives and lives. It is given a Gift to return to a Place called 'Heaven'. Most of These become 'Great Saints' and are able to have prayers said to Them by those in the living state, and then the prayers are watched over by the One Who receives them, thus wanting to aid whatever is necessary or needed or requested, because it is a beautiful way in how Heaven was created to communicate, to partake, and to be a Major Part of giving to Others Who arrive There, a Future with The Holy King and The Heavenly Mother.

Divine Love is Greater than It is seen to be. It is a Gift beyond the human mentality. Just as you want something that is good over what is not as good, I assure you, that given the privilege to use human living in the manner and degree to please The Heavenly Father and you become 'a Saint', it is worth every effort you could make. I promise you."

OCTOBER 7, 2005 AT 11:23 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I waited to see if you would remember about Me being with you in a Physical form, way, degree. I smile at your desire to allow ‘a Host’, humanly created, but representing Who I Am, What I Am; also, created to aid those who partake in It, in more understanding of What truly exists to guide, to guard the human needs.

I could speak hours without stop, but I know this *little one* is tired physically.

I have Blessed the world with a Gift of My Divine Love, encouraging all degrees of ages, mentalities, backgrounds, to know that My Love is available to them openly in what would be called ‘a Wafer of Food’ to nourish them, and allow them to see, to feel that My Love for them is real.

I will close at this time, because *the little one* I use has much to do, but this is all the time that I expect her to remember What I Will others to

know, to feel, and to give them What I Will them to have. I hold her tightly, beyond what she expects of Me, but her small body has in many ways been diligent in remembering time with Me.

The world will one day know about the Communication I had with her and how much I spoke, and Others Here with Me spoke, having It put into print in a manner and way that others could read Facts that could give them more understanding of many things.

As I close My Words at this time, I say with Divine Love, ‘When you take the time to remember the importance of communication with Anyone Here in the Heavens, it is a joy and gives much happiness, more than could be spoken.’

The little one does not want to speak more. I accept her because I understand her. Her love for The Divine has always been. Even she does not know the degree of it.

As I leave you in a verbal way, remember, I am always available when you pray, or also at other times in a day.”

OCTOBER 7, 2005 AT 12:34 P.M.

MANY SAINTS

“There are Many of Us present and We would All like to speak on subject matter that We feel is of great importance.

The little one We All use is able and capable of speaking rapidly, and We All smile because We do not want to do this to her.

In This Gift that was designed and created to have these times such as these are, this is with you, much consideration had to be established so that all things necessary to cover would be covered, and allowed to be satisfactory to those who were involved and part of a Gift that speaks so highly, so purely, so justly, and so importantly.

There are Many of Us Who wait for the privilege to be able to speak through This Gift, because human lives of all ages are important to The Creator Who created them, and the Souls of every one of them that is expected to return to from Where It came and be called ‘a Saint’.

I speak differently, perhaps strangely to some, but This Gift is far greater in What It delivers regarding human beings, what is expected of them, and how they should handle daily living.

The little one looks at Us and says, 'I do not see it that way,' and We All smile at this. In many ways, she is much more strict than We are, because We see it in a different, so-called 'vein of understanding' of life.

Each time you desire to aid someone on an important issue, or an issue that is just ordinary, you gain Grace because of your behavioral way of doing things.

Today as I speak to you, I smile, because in My request of The Creator, The Father, to speak through this *little one*, He said, 'What are You going to speak about?' I said, 'Many things.' He said: 'Will You be just with her? Will You be fair with her? Will You be kind to her?' And We smile and say, 'Yes, Your Holiness, yes, Father, We will do it the way We know best.'

The reason that this is being spoken to you today, is to help you more fully understand that when an

individual is chosen to partake in what is called 'Divine Plan', the individual is in many ways 'a victim' to what is decided, or 'a sincere advocate' of what is desired.

As some read These Words, they will say, 'Why was All This spoken?' I will add to this: Because of Our Love for a Gift of This Measure, This Divine Love, All of Us want to share in what It exists in value, goodness, aid and help, mentally, morally, psychologically, physically. The list is endless, but never forget, The Heavenly Father loves every Creation of His, because the Gift is greater, due to the fact that It was designed by Him."

OCTOBER 7, 2005 AT 1:35 P.M.

“The Creation of human life was a Gift far greater than it is seen or known to be. This Gift is the first step to Heaven, because through it, so much will be achieved.

In a Blessing of This Magnitude, oftentimes it is not seen for what It means in a Divine Way, Divine Love for the Soul that each human being is the custodian of.

We speak much through this *little one* because What We have to say is of great importance for all facets of human life. It gives to the human manner strength, hope, courage, a deeper understanding, and the morals that It stands for, gives to each one the necessity to practice what is pure over what is impure, just over unjust. The list is endless. There are so many individuals that are seen in a high standard of association with other human beings. This list, of course, says other things that individuals can become a part of socially, physically, morally, mentally.

To believe in The Creator and want to please Him is a Gift of Divine Love. It is a Gift of Love for The Divine that is beyond what it is understood to be.

All of Us Saints Here in the Heavens could dictate pages of beautiful things for those yet in the living state to think about, and to practice in the Spiritual mode of living because there is a Goal, a Greater Goal than the human mentality can perceive.

I beseech you to remember These Words, because as I speak Them, your Soul looks at Me and says: *'Please help Me when help is needed, and give to Me a Blessing, because It will give Me strength. I know this, because in a Heavenly Memory I had one time, so much was seen regarding the communication of a human being with The Divine, is given Blessings unseen.'*

OCTOBER 10, 2005 AT 11:03 A.M.

He is smiling. He says:

“We All smile at this *little one* We use for so many important issues, conditions, and very important means to accomplishing what We Will, what We understand to give Hope and a deeper Faith in Divine Love.

For many years, We have used this *little one* to present to groups, things We felt would aid them and/or give them more strength, because It was coming from *one* such as they in the world.

Children should learn respect, and that in it, oftentimes it answers many prayers, because when a prayer is spoken, you can be sure it is heard.

So Many of Us Saints would love to speak continuously through this *little one* because We sense in her, We know in her there is a Divine Love for The Divine.

We All smile as We close Our Words with you at this time, but We add

to It: When you work for The Divine in a generous way, a loving way, you are Blessed abundantly, because your Soul shows it to Us when you pray.”

OCTOBER 10, 2005 AT 12:14 P.M.

“There are Many of Us present because of the Importance of The Father’s Love for human lives.

In the Creation of human life, it was a Gift beyond what it is ever understood to be, because in the human way, it is seen in many ways: basically, responsibility; secondly, knowing that there is a Creator of All Things, and through The Creator there must be communication to aid the daily way, the human aspects that are so important morally, mentally, physically.

I know this Message was started in a different manner than you are used to, but sometimes it is important to make a point on issues that are rarely thought about regarding how important they are.

You live in a time wherein ‘progress’ is a big issue. Some people only identify themselves through how much progress they show they have made. Progress has many details and words to show it exists where you live

in a shelter of some kind, some sort, some degree. Your understanding of 'education': at what year did you experience it, and what year did you walk away from it?

The list is endless on what a human being is gifted with and for, because the Gift of life in the human way has a Purpose and a Goal. The Goal is to return that Gift of Divine Love, the Soul, to one day represent in Heaven that you existed, and that the Soul was attached to you in a Beautiful Manner, Way, aiding you, and many times directing you and you didn't even know.

I would love to speak hours on this subject because it is such a beautiful subject regarding the Gift of human life, and all the points of Divine Interest that are involved in it, plus all the Gifts it is capable of using, such as sight, speech, understanding, and a mentality that can become extensive on important issues, facts, beyond what is believable.

I will close, only because there are so Many Saints Here in the Heavens that enjoy One of Us speaking to you, and you putting It into script. God

loves you. We love you, and your will is important to Us, because your will, will be what will give you a Place in Heaven.”

OCTOBER 10, 2005 AT 1:19 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are so many subjects to speak on, important matters, thus giving to everyone present an idea regarding what is morally sound and always available.

Though I speak on a subject not always happy to hear about by many individuals, it is a subject that is very important to the Souls of every human being.

It is not just like a piece of thread or a cut on the finger. The Soul is the recipient of everything that a human being practices, participates in, or is the instigator of, regarding morals, immorality, honesty, dishonesty.

There are so many things that could be covered on this subject, because oftentimes this subject is taken for granted as just being part of life, thus ignoring that the Soul in every human being responds to what the human being acts out, speaks on,

or practices morally, psychologically, physically. The list is endless.

One of the most important subjects in human life is how an individual uses all the Gifts of human life: sight, speech, sound, plus hearing different things. The list of course, as you know, is endless.

Today as I speak These Words, I speak Them not just for those present, but what you are example of in everything you think, say and do. Sometimes in a quiet manner you may act crudely, rudely, or with a touch of immoral attitude that would be noticeable and mentally affect someone there with you, but also tempt someone according to their moral standards or evaluations.

Granted, I speak differently, but it is just because it is important to think of how you act and how you think; also, what you display to others and how they may be in imitation, of thinking you are doing it right, it could be introducing something out of concept of morality.

I will close These Words, but as I do, Many of Us Here in the Heavens want you to be the guide and the

guardian of all the individuals that you meet or you are close to. Also, the chance that you might be available to a group that you know very little about, be cautious, and if you find vulgarity, impurity in any way, never be afraid to walk out.”

OCTOBER 11, 2005 AT 10:40 A.M.

“We All smile at *the little one* because of her innate care about so much, many times proving the Greatness of This Gift that she has been endowed with in such a Beautiful, Meaningful Way, This Gift that has spoken in so many ways the Importance of Heaven, the Importance of being a human being, and of course, the Wonder and Beauty of the Soul that is to return in Glory, in Divine Love and service to The Creator of All Things. It is important that All that has been given, is delivered through This Special Gift, never be cast aside, but presented to millions of human beings that would never under normal circumstances, due to how they live now, would never have a chance to understand All that has been delivered through This Gift that explained how Personal This Gift is to The Divine.

So much has been so openly spoken and put into print for others to read regarding what a Treasure it is, the Care from The Heavenly Father to human beings. Pages could be put

into script on the importance of why and how things bring to the forefront of the closeness human beings of all ages have with The Divine King.

We use *the little one* more than it is known to be, and We always find an enjoyment. Because of her innocence, she is free.”

OCTOBER 11, 2005 AT 11:55 A.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“There are Several of Us present.

At first, *the little one* thought We would not leave a Message, but We told her that We wanted to leave a small Message of the importance of the tasks that have been accepted so willingly by those who copy and who put into print important Words to give strength to others, with a better understanding of how they communicate daily on subject matter that, if It were to be ignored, would not give service to those who will need It, and who will use It to better their mentalities to support This Gift that is to give to the mentalities a deeper understanding of what is expected of them.

We hold her tightly as she concentrates on Our Presence, because she is ever aware of the importance of what We desire others to know, that to do it in a way and degree on an individual form would take a lengthy time, so this way, when We dictate It and It is put into script, it allows

more understanding that gives more indication of how important their attendance is, their participation is, their concerns are, and their love for The Holy Trinity.

These Words may sound different in concept and content, but I know as I speak Them, They will eventually be used to support what is necessary to aid, to encourage, to develop through what is passed on to others who were not here to hear the spoken Word.

In the Creation of human life, so much was instilled in various degrees of subject matter, always pointed to the importance of how an individual should accept what would be feasible in strength, in motivation, and to be able to support what I, The Father, Will them to better understand and to be able to transmit in a proper manner, not in a bold content.

I know My Words are not ordinary, but there will be a time that when you read Them, They will fulfill a certain category of what will cause practicality and a deeper understanding of how human life is capable of a greater understanding that combines with Divine Will.

Never forget your Soul, those who take These Words, and the Souls that will one day read These Words will find a deeper understanding of the importance of following what was presented, to give more value in the human way for the benefit of Souls, because the Souls are That Portion of Who I Am, that use many times a day to give more understanding to the one in whom They were placed, thus strengthening the will to think more of their Goal to Heaven.”

OCTOBER 11, 2005 AT 12:36 P.M.

“Due to the Importance of Souls that are the recipients of everything a human being practices, partakes in, in the human way, should be understood by the one in whom the Soul is, that every act, thought, word and deed responds through the Soul and is gifted with what will aid the Soul in returning to The Creator as He Wills it to be, through passing through the human factors of the living state with others who have been able to use the Souls in many conditions, or motives, or Spiritual necessities.

There are so many things the Soul is the victim of, because rarely does a human being think of what an act, a thought, a reason, or a mode of interpretation, fully understand that their Soul becomes the victim of, the receiver of, due to the fact that human life, in each part of it, each motion of it, each motive of it, each intention of it, the Soul is the recipient without question.

Hours could be spoken on the Importance of human life, and in the Creation of it, it was gifted with the abilities to be responsible through their own methods, practices or purposes, in how they speak or live, that the Soul is ‘the recipient’ of every move, every act, every intention morally, mentally, physically, socially.

I beseech you to remember this. It does not mean you cannot enjoy life, but you do have various changes that can diminish more than you think it to be, if you do not use your Gift of mentality in the proper manner, way, on what is morally sound, morally pure, morally feasible, and morally pleasing to The Holy King.”

OCTOBER 11, 2005 AT 1:24 P.M.

“There are at least Twenty of Us present. It is always a joy when We can be present where you are, because of the importance in how you think, and how you desire sound goodness to be released through This Gift that has so much to be able to deliver for the Souls that need help from those who They are in.

So many men, women and children do not see the importance of prayer and of concern for the Souls that are within themselves, and of course, within all other human beings.

I smile when I say My next Words. The sole that you wear on your feet is a protector, is it not? Could it not have been named after the Soul that protects you every moment of every day, and only wants your life to be safe, contented, and Holy in a scriptural way?

I know What I speak is not what you are used to hearing or reading, but it is important for each time you pray to your Soul, that you understand that

you are praying to an ‘Entity of Divine Love’ that was designed and delivered to all human lives to give strength, and to support purpose when it is good.

There are so many ways in the manner of human living that can be connected to human life, such as thoughts, words, deeds, actions; also, who you associate with in your time with others; also, how you use what is called ‘social time’. It is usually to give relaxation to the body and the mind.

Why I speak These Words is because there is so little thought on the importance of what a human being is associated with every moment of every day. It is important to remember that the Gifts of aid, of support, of instilling hope, were given to aid the human way, and to give to everyone’s strength, the support needed for that day or for that whole time that a human being walks the path of the human way.

I would like to speak so much more, because this subject is of great importance to every human being born, the tiny ones and the older ones. It comes automatically. Remember

this, and never forget, that in the Creation of human life, everything was thought about to give to it reasonable attributes, purpose and goal. The Final Goal, of course, a step in the right direction, to be ‘a Saint’.”

OCTOBER 11, 2005 AT 2:34 P.M.

OUR HEAVENLY FATHER

“I have given to the world an Important Communication that is rarely understood as a Communication that gives Strength, Hope, Purpose, and is instructing in how to accept judgment and the ability to follow Divine Will in Its Proper Order and Way.

The one I speak through to you, was chosen a long time ago to participate and to deliver Words with meanings that would be understandable for the benefits of many, many people.

You live in a time wherein there is so much interest, but not always enough sensitivity to fully understand all the points that are important regarding what a subject matter is.

I have handed to the world *a voice* so that more than one at a time could hear how I feel about certain conditions, times, and what is occurring through others' ambitions.

She is listening for Me, and there are Many with Me, All wanting to speak because of the importance of how judgment is to the human mentality, and then how important justice is, in a different vein of understanding.

I could speak hours on the value of What is occurring where you are at this time, for many reasons. It is to encourage many individuals, of all ages, to practice more moral understanding, more Spiritual sensitivities toward what is beneficial to the mentality of an individual, but also for the Souls that are so Important in every individual.

Rarely do human beings think of their Soul, because they cannot see It, they cannot feel It; but I promise you, you are the custodian of a Portion of Who I Am, What I Am. It is the Soul. The Soul is That Portion within human life that gives courage many times, and the strength to persevere when it is necessary, but the Soul is also That Portion that will be returned to Who I Am at a given time.

I bless those who walk in honor of Who I Am, What I Am, but I also

**bleſs thoſe who try very hard to

**I will cloſe My Words, but I aſſure
you I am never a great diſtance away
from any of you. I promiſe you that.”**

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with much Love and much pleasure to Me when I hear you request to be able to receive the Important Gift of Divine Love that is strengthening to the will, to the mind, and to the way in how you live, how you think, and how you want things to be done.

I know I speak differently at this time, but at all times My Words are Blessed with Divine Love, because you see, This Type of Gift is Greater than It is known to be, but We Here in the Heavens see the result immediately.

I love those who practice understanding, because it is in one's nature automatically.

I bless you with My Love for being part of This Gift that The Heavenly Father has given to the world for the benefit of Souls of millions of human beings, not just for this time in which you live, but for the time to come for the Words put into script.

Always remember, The Heavenly Father uses every means to spread What is best for the Souls, that were sent from Heaven to assist.”

OUR HEAVENLY FATHER

**“I smile
when I say,
‘Even when you
do not hear
My Words,
I am always
with you.’”**

OCTOBER 12, 2005 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Several present with Me because of the Importance of This Situation, Condition and Goal that is to give, hopefully to millions of human beings, more understanding of The Holy Trinity.

This may be difficult for some to understand, but as I speak It so openly, it is a fact you live in a time wherein it is not just confusion of thinking, in thinking, about thinking. So much is based on personal opinion that can be based on different individuals, due to their concern in what and how things will affect them, thus ignoring What I Will to be accepted, fulfilled, and made the Focal Point for how things should be accomplished because of the importance of Them in Their final scope of being seen, followed, understood and/or practical in the minds of perhaps thousands of human beings.

I hold *the little one* tightly, because I must put so much through her to be able to reach the distance

I Will others to know about, the importance in how they should think and/or how they should accomplish My Will for the good of Souls, plus the value of accomplishing what is totally right for the Goal to be accomplished for millions of Souls Who would have no other way to do things on Their own.

I hold *the little one* tightly. She asks Me questions. She says, ‘I want to know, my God, so we do not fail in any way by not understanding the Full Measure of Your Will for the benefits of others that depend on You.’ I am always ready to enlighten her when she requests it so.

Today as I speak, and I speak through her Soul, I will tell you It is a Beautiful Sight, because her Soul delights in being able to be Part of so much for others to know, to learn, to follow, and to be the recipients of a Beautiful Goal for the Souls of many, many, many human beings.”

OCTOBER 12, 2005 AT 12:31 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I smile when I say My next Words. *The little one* is so close to Me, thus she fears leaving My Side.

There are so many things that human beings do not understand about, and this worries *the little one* I use for so many things.

To be created a human being has many assets, many Gifts, and so much Love of The Divine. It is not always felt this way by the human mind, but as you are created to be a human life, living in crowds of other human beings, you have much to practice, much to fulfill, and definitely a Soul to be returned to Me.

As your human body speaks so much to others by its appearance, its cleanliness, and many other Gifts it received, the Soul is also the recipient of so much that the Soul wants to return to Me.

The Soul has the ability to walk through the life of another human being, but the Soul is sometimes the victim in circumstances and envy, but the Soul acts in the manner It should. Sometimes, that is even to save the life of the one in whom It was placed at another time.

The Soul is a Gift of Divine Love because It can protect, It can direct, and It can give hope when it is needed. The Soul can be the victim of many things.

I could speak hours on this subject, but I will make it another time. I smile when I say this, because *the little one* was shocked when I said it. She said, 'All right.' She never disagrees with how We Want things to be.

Always remember, you were created to one day reach a State of Life wherein you would be 'a Saint' Here in the Heavens. You have the chance, you have the choice, and you have the ability; also, you have Divine Love ready to guide you every moment of your living state. Remember this."

OCTOBER 12, 2005 AT 1:05 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“I am your Heavenly Father.

I know it is difficult for many to understand what a close association We Saints have to man. Our Love is far greater than It is seen or known to be. It is important that you, too, who are yet upon the earth, understand that to be created a human being has a Purpose beyond what and how it is seen, because at certain times, The Heavenly Father removes the life from the man, for that time to be served in a Heavenly Manner and Way with Him. When I say, ‘man’, I mean both genders of life, a male and a female.

Divine Plan is Greater than It is seen or expected or known to be, but never forget, It is a Gift of Divine Love from The Holy Trinity, and It has a Reason, for the benefit of the Souls that are the recipients of all that occurs from The Divine to them; most times, blessing Them for being created to one day return to from Where They came.

**I bless those who take My Words,
and I bless those Who hear My Words,
and I bless those who will read My
Words, because you see, once you are
conceived as a human being, you are
a Great Part, Portion of The Holy
Trinity. Remember this.”**

OCTOBER 12, 2005 AT 1:22 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is a delight to be able to communicate with all of you, because there are so many serious points in human life that sometimes do not allow humor to occur.

It may be odd to hear Me say this, but I sincerely know that when you were created, all of you present here now, and of course, there are more, that you walked according to the rules you were raised in, and then of course the rules you were instructed in; but the time that you accepted to walk the path of service to The Creator at this time is one alone, because you have made a point of sharing What He Wills others to know, to learn about, not just to sense, but to partake in, because It involves the whole scope of Communication with The Saints, and of course, with The Heavenly Ones that you speak to many times on your own.

Divine Love is a Beautiful Love, because It is based on Divine Figures

of all kinds, foundations of all kinds, in the life They had before They became 'Saints'.

Today as I speak, it is to alert you to how close We feel to you, all who are constantly meeting to aid conditions, situations, purposes, and necessities to help This Gift be seen throughout the world so that those not here will get to know that love for The Divine can spread on its own, especially when it is loved and dealt with in a manner of circulating, sharing so much, and so many Words.

Never doubt that the Words you pass through for others to read, many of them are sharing with others they know. You may not see the transition of things, but I promise you, What you are involved in will one day be openly spoken in ways, degrees, and manners that would be impossible before.

God loves you. Remember this, and when you care so much for others like yourself, He blesses you whether you know it or not, giving you Grace based on His Love for you; also, the strength to persevere when you can, how you can, to help the Souls that

**could amount to millions in time,
about This.”**

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is much happiness when We see or hear kind remarks about how this *little one* must work, must walk, must accept, and must have the Responsibilities to lead others in a Project that is to develop more understanding, more interest in Divine Love; recognizing, of course, the need to have more Explanations, more Directions, more interesting Facts available for so many individuals to read, giving them a firmer Foundation of how We, Here in the Heavens, use them and direct them to develop certain facets of Wording, but also, Structures; thus, giving to those that are not available at times when so much is spoken about, but when things are accomplished, they are the recipients of What there is to strengthen their Spiritual motives, ideas, giving to them a stronger understanding of how close human beings are to Divine Love, Divine Direction, and Divine Willingness to associate willingly with them.

I would like to speak hours on subjects that would intrigue and give to all that would hear them, a more beautiful understanding how The Creator of All Things yearns to bring all Souls to Heaven.

I will close. I could speak hours on end, but I will speak more when I know that the timing is important to them, for them; also, that they, all human life, is Loved in a Manner and Way inconceivable to their mentality, but there is no time in the Heavens that this is not taken into consideration. Remember this.”

**OUR HEAVENLY MOTHER
SEVERAL SAINTS**

“There are Several of Us present because of the importance of how this *little one* is able to receive so much at one time. The Value and Importance of a Miracle of This Kind is never seen for What It is: to aid human lives of all ages, all backgrounds, all degrees of intellect, regarding the Importance of what it means to be created a human being, the privilege it is, and the Purpose for it, and the Goal that it is able to, capable of, encouraged for, and that is to become ‘a Saint’.

No place besides This Place knows the Importance of such a Goal. Some human beings of different backgrounds speak in jest that they are ‘living Saints’.

It is important for all ages to understand that to be born a human being is based on Divine Love, Divine Purpose, Divine Goal, because when this was established to be Part of human living, it had so much Love in how it was designed for human beings

to be able to be conceived in the lives of other human beings, and then they had the privilege to one day be able to participate in this Gift of Divine Love for Souls to be able to one day return to Heaven, in a Manner, a Degree and Way, different than they were created in the first place.

When you put your name as a signature on something, do you not always want your signature to be important to whatever the subject matter is? It gives you sometimes a feeling of not just importance, but dignity, purpose, and within you, you feel good that you have that signature to put into print so others would recognize that you exist.

So many times when We speak like this, it is to awaken the mentalities to more indepthly understand that human life is gifted in Divine Plan, and it has a Goal Greater than anything else created. The Goal is to return to The Creator with a Name, so It can be distinguished amongst All Other Saints. All Saints are privileged, because identification is important, and it gives strength, but it allows people to put together a Name with a human being. The Saints in Heaven

have Names and that is what you recognize Them by.

Our Heavenly Mother smiles at you on this day, and She says, 'Do not forget, your name is a Gift of Divine Love, because then all who say it, and if they pray for you, it is recognized Here in the Heavens.'

The list is endless on the Treasures that human life has been endowed with and for. Remember this.

The little one We All use is of Importance to Us and to you, but to give one's life to serve an Ultimate Source has an Importance in it that nothing else can compare to.

When a child is created, a child is born, that child is a Gift far greater than it is seen to be many times, and the child has a future and eventually a Goal.

All of Us could speak hours on end through this *little one* We use. As a small child, she listened for Us, she looked for Us, and she told those close to her We were there; and now, today, What We pass through her lets you know that We are here, and We are

ready to aid you, to comfort you, but also to encourage you to understand that being a human being is totally the Gift of Divine Plan.

I bless you from the Heavens and I say, ‘Never forget, you are never alone any time, any day.’”

OCTOBER 13, 2005 AT 12:55 P.M.

“There are Many of Us present, as We are many, many times, because We know that when We dictate for this *little one* to speak Words We feel are necessary and important for others to have, We are assured that she will abide by what is important to be taken in the manner and degree she knows We will do it, because all things We do are based on The Holy Trinity.

Today, as We gather with you, there are so many things We have discussed and would like to talk about. Of course, We will limit It in Our first venture toward this, but We want you to know that We do care about how you think, how you act, and the Goal for which you desire to reach for The Holy Trinity.

In so many places throughout the world, there is little thought regarding the Fact that every human being created has a Soul. We hear many say: ‘It cannot be. I never see a Soul on anyone I meet.’ The Soul is within you, and It is not a piece of metal or

a material thing. It is within your conscience. It is within your heart. It is within your mind. It is also Part of what gives you the strength to live a human life.

I could speak endless on this subject, and it would all be of great truth, sound truth, but today I would like to add to what I have already spoken.

In the Creation of human life, Important Lessons were instructed, due to the fact that a human being was created with a mentality that would register if an act or a thought was pleasing to The Creator, The Heavenly Father of All Things.

The mentality in how you live as a human being is one of the most important factors in your daily way of life: how you think, how you speak, and what subjects please you. Also, in your association with other human beings, do you see the value of the type of communication you venture to take?

Many might wonder why I would speak in this manner, this way, at this time. It is because at this time in which you live, there is little emphasis

on the importance of purity in how one thinks, speaks, acts. The list is much longer than this. Also, temptations are evident, because all individuals do not think of how they dress, how they act, how they speak, or how they try to encourage an indecent act, an impure thought. The list is endless.

You do live in a time worse than Sodom and Gomorrah. Remember this, and each human being lives in a different background and different associations with different types of people.

Always remember, you were created to one day become 'a Saint'. You can do it. All you have to do is cast aside wrong, immorality, impurities, injustices; and remember, you are the victim that some people use when they want to show what they know, they think, they do.

I know what I speak is not what you expected It to be, but believe it or not, there is not a Saint Here in the Heavens that does not care about you. They do not know you in a personal way, but the caring is greater and deeper than it would be perhaps if you were human in Their day.

Never forget, each day you live is a Gift of Divine Love, and you have the privilege to choose how you are going to live it: in respect, or some other way, just to please people you know and what they say. It will not give you happiness unless it is favorable to The Creator that created you, and wants you to be returned to Him, a Saint.”

OCTOBER 14, 2005 AT 11:28 A.M.

OUR HEAVENLY FATHER

“I smile at *the little one’s* delight when I mention to her I will speak today. As I speak, I could spend hours, but I won’t, I promise you.

I love it when human beings desire to receive ‘a Wafer’ that was created and designed to be a Gift of My Love for the Souls of human beings. Though it is difficult for some to understand why I would choose this way of showing My Love and My Desire to help human beings more fully understand that in the Creation of human life, it is and was designed to have a Goal Greater than human life would have understood such a Goal to be.

In the Creation of human life, Divine Love, Love for The Divine, has been accepted as a Great Portion of Strength, Hope and a Purpose for human life, by sharing with it the manner of using ‘a Wafer’ that gives a Blessing, gives strength physically, mentally, morally, to those who receive

It for Which and for What It was designed a long time ago.

In the first Creation of It, It had the Purpose It has now: to physically and openly speak about It being a Spiritual Gift of Divine Love, giving to human beings ‘a Personal Association’ that gives each one strength, and a deeper understanding of sharing such a Small Gift, but doing it with an innate desire to show love to The Divine, and caring.

This Gift is Far Greater than It is seen or understood to be. Always remember, when you share your love in this manner, I accept it with My Love for you.”

OCTOBER 16, 2005 AT 9:45 A.M.

OUR HEAVENLY FATHER

“I have given to the world much Information because of the Importance of the Reason of which they were created human beings. The format and the foundation of What I Willed them to know about was to give them the knowledge, the understanding, the purpose for their ability to understand more than any other creature to understand.

In My choosing *the one* I have that I speak through, was because I knew her love for Me could withstand the obstacles she would be confronted with by man.

I smile when I say These Words, because This Gift of My Divine Love is to give to human beings of all ages, backgrounds, the knowledge, the understanding and the logic to My being so close to them in everything they think, say and do.

I could write pages. I could dictate spontaneously every day and night on the Importance of each human being's life to Me. The Soul, not seen,

but is a Portion of What I Am. This should never be thought differently.”

OCTOBER 17, 2005 AT 10:02 A.M.

“We always smile when the time comes for this *little one* and others, of course, to receive an open, visible ‘Piece of Divine Love’ due to the Love of The Holy Trinity.

For many, many years this *little one* We All use, or Many of Us use, to give to others the importance of their communication, or I should say, personal communication through the reception of the Gift that is so Special, so Important. It is called ‘The Holy Eucharist’.

A long time ago, when it was brought to light that this Gift from The Heavenly Father had Meaning and Personal Communication, plus Personal Association that would be an in-depth feeling, understanding, and love for The Divine. This Act, in Its simplicity, reflects Divine Love in many ways, not just Communication, but an inward understanding when It is put on the tongue and passed down the throat, it shows Faith, Hope, and Divine Love, allowing the receiver the

privilege to feel that they have been given a Gift Greater than anything else they could receive.

There is no Love Greater than the Love of The Divine. Remember this, all the time.”

OCTOBER 17, 2005 AT 11:16 A.M.

OUR HEAVENLY FATHER

“We are always happy to speak Words that will be understood as Our Close Association with those in the living state of human life.

Love is a very important word, but also an important factor in human life. The word ‘love’ has an indepthness to it that is not forgettable quickly, because it has a Touch of Divine Love in its very act in how it speaks, or features certain good points in a communication, or in an association. Remember this.

I have more to say. It is because of the importance in how those who take These Words also follow These Words in a human format every day.

All of Us Here in the Heavens could speak hours in how We feel about those who in their own way pray, requesting strength to endure what they must face, what they must feel, what they must use, and what they must pray to have in their communication with Who I Am, What I Am, every moment of every day.

I will close These Words. I could speak hours through this *little one*. I have done it so many times, but what I have just spoken, I want the Words to be remembered, because you see, though you cannot see Me in the physical sight as a Figure in the manner you know a figure to be, but I assure you, My Love for you is of The Divine Manner of Association, Communication, and Caring. Remember this.”

OCTOBER 17, 2005 AT 12:35 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius. I smile when I speak My Words, mentioning My Name to this *little one*. She went to a school one time in which I was considered important in. Many, many children were attendants at this school, but My Name always, when it was spoken, she would say it again and again and again; so today, as I speak through this *little one*, I remind her, ‘I am Saint Peter Canisius, the One you used to hear so much from.’

It is amazing how many individuals, when praying or even thinking about Someone Who is pronounced ‘a Saint’, it seems to gather so much more attention, especially when they have had some association at a time when it was just the Name they sensed in a particular place.

Let Us talk about Heaven. There are so Many Saints Here, it is a delight to be amongst Them, because Each of Us want to serve The Creator through Our aiding those who are in the living state to more fully understand the

privilege of human life, and that it was created for a Goal such as This One is, not just to have the Title, but to have the responsibilities in service the way it was designed to be, thus giving to those yet in the living state the ability to understand that there is a Goal to the human way of life, and this Goal is remarkable in what It stands for. By this, I mean service to The Creator, and answering requests of those yet in the living state.

I know you do not hear These Words often, but I requested permission to say Them today, because when the time comes and you become ‘a Saint’, it is the Greatest Gift of Divine Love that you could ever experience, because it makes how you lived, and what service you can be to The Creator, because now you can answer prayers and give hope where it is needed.

I will bless you when I say: Make your Goal ‘Sainthood’. It is a Beautiful Way to walk, as ‘a Saint’.”

OCTOBER 17, 2005 AT 1:20 P.M.

OUR HEAVENLY FATHER

There are Three Saints Here.

“I am your Heavenly Father. Yes, there are Three Saints present. Sometimes We do gather when One of Us wants to speak through this *little one*.

It is important that all ages of human life be aware and understand that to be created a human being is a Great Gift of Divine Plan, though a human life is a recipient of the ability to give birth to another human being, but never forget, every human being is a Gift of Divine Love, because it is allowed to happen, to be a human being according to Divine Purpose, Goal, and of course, Participation in this to occur.

You live in a time of great progress in so many different parts of different Gifts; some are even animals; some are from the mentality, in the mentality of so many human beings; some are in great in-depth understanding medically, thus being able

to assist when something physical is necessary. Also, you live in a time that is a little different than it used to be, but based on the same abilities and practices, and that is when a child is born, the child walks into a world of progress that in the first creations, it was not exactly like it is now.

Granted, in the first creations, there was a beautiful association of learning, giving purpose and goals that were not seen before this, thus allowing for this time now to have developed so many areas wherein progress has become the main point of assisting in great adventures, great inventions, and a deeper understanding of the Beauty and Wonder of being a human being for a Goal of the Soul they were created with, and the Soul is more obvious now, because that portion of human life, the body, at one time was that creation that gained all the praise and promise, but now you live in a time where so much more is able to be given because, do not forget, there is more understanding now of the Soul, more attention to the Soul, than was shown for a long period of time.

I could speak hours, and you, I know would enjoy listening, because it is a Beautiful Revealing, hoping to give more insight, more value, and more caring about human living as a human being.

I will close, but I will return at another time, because All that was just spoken has so much more, so many other Words to express the greatness of what is important to the Gift of human living, of life; but also, because the life, the body, is the custodian of the Soul to be returned to The Creator, a Great Saint.”

OCTOBER 18, 2005 AT 11:21 A.M.

OUR HEAVENLY FATHER

“You live in a type, a time of living that there are so many wrong qualifications basing friendship on, leadership on, and much interrogation.

My Words are not in the usual form, meaning, but as I have given so much Sound Direction through this *small voice*, I gave It because I am very concerned over all that is occurring morally, mentally, socially, even personally to many human beings, because they are ignoring the Gift of human life being what it is.

Just as human beings search for progress, human beings are to search for the Gift to return to Me the Soul that is a Portion of Who I Am, What I Am, but this Soul will always be known in regards to who It belonged to at another time. That is why Heaven is the Greatest Gift a human being can reach.

Although there are millions, and will be more, each Soul is identifiable because of how They lived in the life of a human being at a time when it

was recorded, all that occurred for the Soul to be the recipient of. No Greater Gift can there be.

I could speak hours on this subject. It is important that all human beings understand this Statement I have just made, because it is not seen or recognized or innately felt, the privilege of having a Soul, such as each one receives at the moment of his or her conception, inception.”

OCTOBER 18, 2005 AT 12:15 P.M.

SEVERAL SAINTS

“There are Several of Us present. It is a joy to see that this *little one* has the ability to act regarding The Father’s Will and Way under all circumstances, even when she directed herself in another way that would be more applicable to how she feels, how she felt, how she thinks, and how she wills things to be.

Several of Us are present. We speak These Words to help you more fully understand that to walk a Path, a Road quite opposite to what a human being is created to live in, to some this Statement may not be rational, but it is Sound Fact.

You live in a time wherein a Gift Greater than you know It to be, is evident to aid, to comfort, to encourage, to instruct, and to establish hope for the life you live, the way you live it, because you want the Goal that you feel awaits you in Heaven.

I bless all of you with These Words, because This is a Rare Occurrence you are used to occurring where you are;

basically, It has more than assisted you in understanding The Divine Will and Way. It has strengthened you in many ways, because you feel the Love that The Father Wills you to know is yours from Him every moment of every day.”

OCTOBER 18, 2005 AT 12:37 P.M.

“So many times there are Several of Us ready to speak through this *little one*, because We have talked through her for a very long time, and We know that What We say is held in dignity by those who take the Words and use the Words when it is necessary.

Today as I speak, it is because with a Gift of This Degree, This Nature, This Background, This Purpose, there is much Help from The Holy Trinity to guide, to guard, and to instill in others who will listen or read the Words, the Importance of being created a human being.

To some, this may be the first time they hear It or read It, but it is important that It be spread, thus allowing other human beings to realize that to be a human being has many, many good things within it, able to give hope, understanding to others who do not understand that they, too, may have this within them, but they do not recognize it; so it is good for This Gift that puts into script, Words

that are not usually spoken verbally. Remember this.

What you put into print and others have the privilege to read, could give them a new lease on life, living the human way, and give them the important steps to have others remember what they, too, could pass on that would give hope, strength, sound morality in many areas, and yes, that Gift of Divine Love to make them ‘a Saint’.”

OCTOBER 18, 2005 AT 12:58 P.M.

“Many of Us gather because of the Importance of This Gift that The Father has so lovingly kept Words through It for individuals who care of What He speaks, in What He speaks, to share with others His Words that would never be put into script if it were not done this way.

When The Heavenly Father walked the earth and He greeted people, He did it with dignity, honor, and concern, but always with the purpose for them to see within Him, Love for human lives, that one day He wanted them to return to from Where they came, because He, in His Creation of human life, also gave it a Goal, thus not leaving anyone all by themselves in the world.

I know I speak differently, but I speak in truth, because without All that was given spiritually, and the Instructions in how each one served The Heavenly King, The Heavenly Mother, is indescribable in the Beauty and the Divine Love that was basic

in every factor of association or concern.

So Many Saints Here in the Heavens would like to speak hours on end, on the importance of communication with Them, because when a human being says prayers — now, let Me explain what a prayer is. It is a communication of words, of sense of understanding that it is being heard, but also, it is a communication to support what is good for the Soul, and the Soul enjoys every communication a human being has, because it gives strength, purpose, hope, understanding, and it is based on Divine Love and love for The Divine. Remember this.”

OCTOBER 18, 2005 AT 1:45 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Gift The Father has given to the world is such a Beautiful Gift for All of Us Here in the Heavens, because It allows Us to speak in many ways to those who are in attendance, because you see, prayer to The Divine is not always understood in how personal it is, how close it is to The Heavenly Ones. Granted, it would be difficult to understand it, in its fullest measure of how close it can be, when nothing can be seen of it.

In so many ways, The Heavenly Father, in His Love for this creation, human life, has thought of everything possible to instill in it, not just a Future Goal, which is of the utmost meaning, but also the means to speak momentarily day and night to a Soul of choice. ‘Which One?’ We always smile and say, because just to know that Some Soul of a Heavenly One is available to hear what you have to say, no matter what it is, it will be heard

in a Holy way, in a loving way, and in a thankful way.

Just as communication is so important to the living, it is important to the Souls in ways not understandable perhaps, but possible, because the Souls have a way of understanding closeness that is rather impossible to understand in the human mentality.

Prayer is an important factor of life, because it communicates either a subject or a message or a request or an act of love that is greeted in a beautiful way, and the One receiving it is very thankful, because it gives to Him or Her that communication that They once had in the living state.

Always remember: As you have a Soul every moment of every day you are alive, you have the privilege and the benefits to communicate with The Divine.”

OCTOBER 19, 2005 AT 11:30 A.M.

“*The little one* We use for so many conditions, situations, and associations with many other human beings; sometimes, of all different ages, all different backgrounds, all different intentions, all different understandings on the same subjects, all desiring to find Truth, all begging for their lives to be what The Father Wills: in happiness, in joy, in service; thus, to reach the Goal of Sainthood and be with The Heavenly King Forever and ever and ever.

This is not impossible. All it takes is the ability to accept what is morally sound, pure, just, in the Eyes of The Creator, in the Hope of The Creator, and in the Desire of The Creator for the Souls that are the victims of what a human being follows, or treats a condition that can be of great importance, and yet sadly, put into a situation unnecessary that is only displeasing to The Divine.

***One small voice*, but the written Words can spread These Words from**

***this voice*, millions of miles, on a piece of paper or a telephone call.**

I know I speak differently, but My Words are to aid, to ensure, to give a foundation for what can be practical logically, legitimately, in honor and love for The Divine.

Prayer is an asset. It is a Gift. Remember this.”

OCTOBER 19, 2005 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I stopped this *little one* on purpose, to be able to deliver to all of you present here, the Importance of What you are active in, and the Love from The Divine that appreciates every move you make, and Every Word you take. Oftentimes, a task such as you have accepted is not happiness to most who take it for granted It is a natural evidence of The Divine.

The world has been Blessed abundantly in more ways conceivable to the mentalities alive.

I have spoken These Words that are different than My Words usually are, but I felt I should address Them in this manner and way to share with you how deeply I feel about those who want to please Me through writing My Words and giving My Words to others, to let them know that I was present at a Time that Words from The Divine were easy to understand, because They were so closely delivered through My Love and Will for the Benefits and Thanksgiving to man.”

OCTOBER 19, 2005 AT 12:40 P.M.

MANY SAINTS

“There are Many, Many of Us present here today. This is not new to Us, because each time We enter where you are, where this *little one* is ready to speak What The Father Wills her to speak, is of Great Importance to All of Us. What she has been made accountable for is far greater than It is seen to be.

Let Us take a walk. Let Us go by each building. We look at the door and We see people standing inside. It happens to be a church in God’s Name. The people are talking, most with their backs to the wall that is the wall that bears the figurines of The Saints, and of course, The Heavenly Lord.

You live in a time wherein so little is understood on the Importance of what human life is, and what it was created for, and even though it has all the assets, the benefits, never forget, it has the Goal for a Portion of it you never see, but, you have been instructed, is present in every being. It is called ‘the Soul’.

We speak so many times through this *little one*, because We know she sees It as We design It to be, as We declare It to be, for the sake of others to be able to understand that the Presence of What The Father gives to man has an Identity to It, and in It.

I could speak hours on this subject, but there is so much for so many individuals of all ages to learn; first, that there is a Creator of All Things, and there are Others Who work along with Him in many ways to help save Souls of those who are yet upon the earth in the human manner of living.

As We close These Words, We All want you to know, you are always in Our thoughts and Our prayers because We want you to one day come Here Where We are, with The Heavenly King, The Heavenly Mother, and Thousands of Saints.”

OCTOBER 19, 2005 AT 1:48 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth.

There are so many things I would love to speak about regarding the Importance of what it is to become ‘a Saint’.

The time in which I arrived in This Station of Life, I found things so familiar, and yet I was much concerned for what I was going to be expected of.

Today as I speak, I do it with much kindness and sincerity. Sainthood is a Beautiful Goal, because there is more regarding what you will be doing and what will be expected of you than it is ever considered when you are alive.

So much Divine Love is evident in what you are expected to achieve as a Saint Here in the Heavens. Granted, it is a Goal not fully understood, but the Soul that is a Portion of human life is That Portion of the body that is what is the recipient of so much that is requested of, from those yet in the living state.

I speak differently, but I speak with much Love for those who take the time to serve The Divine. This is more than a Gift. It is a Treasure, because what occurs and what is beneficial, can be compared to the greatest diamond that could ever exist. Things sometimes shine because they are of such importance, and many things you become involved in have so much merit to them, that they give strength and more hope for others who are yet to find this Path in Heaven.

I speak These Words, and I know They are different than what you are used to, but I promise you, the Greatest Gift a human being can achieve is to become ‘a Saint’ Here in the Heavens Where I am.”

OCTOBER 21, 2005 AT 11:38 A.M.

OUR HEAVENLY FATHER

“The purpose for All I have requested to be made known, and for others to become aware of, that as they live each day, all that they think, say and do has the privilege to be a growth for them morally, psychologically, mentally, with a more Spiritual understanding that others before them had the privilege to become ‘Saints’. That is why I have given to the world *one small woman*, able to deliver All I Will others to learn about, and to value as a Foundation for more deliberate understanding of the Importance of human life, giving to it a foundation acceptable to Divine Plan.

I could speak hours on All that I would like to encourage all ages to understand, that the Gift of life in the human way was beautifully spoken when it was put into print regarding that The Son of Who I Am was to be born again, and was to live a life in a human manner, but for Divine Will to be learned by those who would hear about It, or read important Lessons on

the Value of human life, and the Goal it was created for.

I could speak hours. It is such a joy to be able to use *one voice* and yet touch millions of Souls. All of The Saints Here in the Heavens want This Gift to be spread throughout the world because of Its Personal Association in relaying the Facts for all human beings to more fully, indepthly understand that human life is totally a Gift of Divine Plan.”

OCTOBER 21, 2005 AT 12:04 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Love for human life, I am inclined to encourage all who will hear Me, and hopefully all who will read What I speak. It is important that each human being understand that as there is a Portion within them that is unable to design, or to speak about in the manner of human form, way, understanding, because it is an innate Implantation of What human life has, giving human life a close Connection to The Divine.

As you think in words to speak and other things to put into print, you do not understand the privilege you have been given. It comes natural to you. It is logical to you, and it is, as you feel, something that you should have.

I smile at this, because you see, I gave It to you. I gave It to human living, human lives for a reason, so I could communicate with you in a Personal way, and you could communicate with Me in a personal

way. We are like One. Whatever you speak, whatever you think, I am aware of it through your Soul that is a Gift Greater than you know, but you cannot see It, but you sometimes sense the ability, and it is the Soul encouraging you, not just your mentality. Your Soul gives you thoughts in ways you do not understand.

I will close My Words at this time, but when I do and as I do, I know that you are never alone or unable to communicate with Me.”

OCTOBER 21, 2005 AT 12:37 P.M.

“There are Many of Us present wherever this *little one* is. There are so many subjects We could speak that would enhance the volumes of interesting considerations that a Gift of This Measure is capable of.

Some would wonder why *one small voice* would be chosen for such a Major Project. First of all, it is sometimes easier for others to comprehend the value of, or the full meaning of Words when They are spoken in a simple form, and in a manner understandable in concept, in content, and in whether It is written clearly or spoken distinctly.

We All smile at what a Beautiful Gesture of Divine Love We see, when there are so many interested in becoming a part of This Gift that deals with so many different Names, and degrees of Information on different subjects.

You are Blessed, I assure you, but the happiness We find in how you

partake in This, is far greater than you could understand it to be.

In the Heavens there is so much communication, so much interest, so much caring, and so much feeling for those who are yet in the living state.

I could speak hours on so many things, but as I close at this time, always remember: For What you partake in, What you assist to be occurred, you are Blessed by The Heavenly Father for Every Word.”

OCTOBER 21, 2005 AT 1:10 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. It is a privilege that I have been given the permission to speak.

There are so many things, subjects, conditions and evaluations that are of the utmost importance when you walk the human way, but as all of you who take These Words walk that path to serve The Creator, your responsibilities are tripled, or even quadrupled in many ways. You have accepted the responsibilities to give help to others who do not have the ability to be present when so Many Here speak Words of importance for your Soul, and for the Souls of an uncountable number of individuals; I could even say in the thousands or more.

As you put Words into script, it is the best way to be able for others far away from you to learn What We have to say. The written Word is a necessity, even in The Father’s Will, for others to know, to understand, and to believe in what is morally sound, morally good,

morally feasible, morally practical, and morally pure in every way.

My Words are not always spoken like this, but so Many of Us Here feel that if These Words can reach others like yourselves, It will awaken them to the importance of how they live, how they think, and how they associate with others like themselves.

You are Blessed abundantly for all you serve in This Gift of Divine Love. Your efforts are never resisted or cast aside. Remember this because of the importance of how you act, and how you deliver so much to those who never receive Beautiful Things such as you have the privilege to give. It is a Gift of Divine Love from The Holy Trinity.

I know What I have spoken is different than you are used to taking and putting into print, but I assure you, It will be in service for a very, very long time, and aid many, many human beings to think before they speak.”

SEVERAL SAINTS

“There are Several of Us present.

Each time We see all of you gather, We enjoy being with you, because it reminds Us of Our Communication and how important it is, giving to Each of Us the ability to understand what others in Our midst feel, think, and are particular about.

You live in a time wherein so many human lives have so much personal knowledge and so much ability to read indepthly on subjects they would have no concept of, on ordinary circumstances.

The Father has Blessed the world with knowledge, with integrity, with understanding, with hope, and with abilities to grow morally, psychologically, with a desire to more fully understand that the Purpose for living as a human being is a Goal. There could be no greater goal than This One, because This One is to return one’s Soul to from Where It came, to The One Who created It for this to be,

a Gift of Divine Love from The Holy Trinity.

You have been given so much to think about, knowledgeable in many ways. You have been given the Gifts of patience, and the Gift of cooperation that gives to each day a communion with others.

All of Us Here in the Heavens smile when We tell through this *little one* how important prayer is and that it is advisable to use it, because in this communication you speak words that your mentality gives to you to strengthen yourself, or subject matter that you are concerned with, but never forget, it always gives you insight into the importance of wording and how to speak it, and what it says means much to your mentality and to your growth in Association with The Divine.

I will close, but as I do and All Those Here with Me, We smile and say, 'Never forget, The One Who Created All Things loves you, and so do All of Us Here with Him.'"

OCTOBER 24, 2005 AT 1:29 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

So many times when I am in your presence, I am happy to be where you are, because of your in-depth understanding and Faith in The Divine.

The world has been Blessed in many ways, because it is important that every human being created has within it a Portion of The Creator, called ‘the Soul’; thus, automatically understanding that the Soul is a Blessing inconceivable to the human mind, but also, just the Soul Itself should be recognized as a Gift of Greatness of The Divine, for The Divine, in The Divine.

I use connecting Words to prove a point, because so many times so little is fully understood on the importance of these Gifts to human life, to give it the strength to persevere for that Goal to be ‘a Saint in Heaven’ at another time.

Human creation was not created just for what you see it to be, or feel it

to be. Human creation is a Gift that is to one day represent the Soul and the human body of someone in whom It was placed at a given time, a Gift Greater than It is seen or thought to be. It is a Portion of The Divine.

AsK yourself sometimes: With all you understand, with all you are capable of handling, and with all you know regarding that the Creation of human life has a Purpose and an in-depth sensitivity to all that is right, good, blocking out evil in every word or inch of it, because the human mind, the human body is as close to The Divine than could be designed in the human way. The human body, the human mind was designed by The Divine, because it has a Goal for it, and that is why It has a Soul within it, to give it the strength, the understanding, and the ability to associate so intimately with a Higher Source in every facet of life.

I will close. I could speak hours willingly, but I promise you, when you practice Spiritual love, devotion, kindness, sincerity and hope that what you feel you are a Portion of, and have within you a Portion of It, you will be

able to handle anything questionable. I promise you that.

You are Loved by The Divine, and within you, you have a Portion of It; and within The Divine, you are a Portion of It. Remember this.”

OCTOBER 25, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“I have come on this day to remind you that it is important for you to remember, that as you walk as a human being, you are gifted with a Portion of Who I Am, What I Am. I am known as ‘The Father’. Just as in the human way, human family, in accordance with the one who has been given the responsibilities and the caring as the father, you must see Me in this manner of how you live each day.

There are so many things I would like to speak about regarding the Importance of the Creation of human beings; different, of course, than other things that were created by Me.

I hold *the little one* tightly. She has been through much more than others see, but for My Words and My Intentions to be transferred from her to you, takes more mental and physical energy than it can be perceived.

In the Creation of human beings, it has always been important to make them aware that there is a right and a wrong, a pure and an impure manner

of living, not always thought about by an individual as they partake in living in ways, manners that are not all pure in what they consist of.

I know *the little one* is having a difficult time saying My Words on this day, but it is because of so many important things on different subjects that preceded My Time with you on this day. It is a beautiful sight when this *little one* speaks My Words so faithfully, willingly, and I would say, courageously.

Throughout the world, All that has thus far been delivered by Myself and Others Here with Me, it is important that thousands and thousands and thousands have the privilege to read, allowing them to more indepthly understand how close they are to Who I Am, What I Am, and how Important their Soul is to Me.

I will close My Words. I could speak hours on end, but I have spoken These Words through this *little one* to aid you, and to give you Facts that are important, thus helping you to look at things in a more appropriate manner and way.”

OCTOBER 25, 2005 AT 1:15 P.M.

“There are Many of Us present, because what you are in the process of doing has an order to it and a manner of service in its own way.

You live in a time wherein there are many different vocations, some not reliable, and some that are only temporary in what they are subjected to, or feel important for something that they feel will be beneficial.

I am not questioning what I have just spoken, but I am saying one thing: When you address your time and your willingness to serve where the subject matter has much reliability in it, much purpose, and definitely a goal, you will never fail. That is a promise.

As you have accepted a personal life according to how you live or want to live, and then you have accepted a life to serve in a manner of Script, thus giving to millions of human beings some Very Beautiful Wording, capable of aiding them in understanding more indepthly how important it is to never ignore The Creator of All Things,

service in helping others understand that dignity in what is right, what is good, what is Spiritual, and what is feasible to give strength, purpose and hope; thus, also giving to you a Blessing beyond words, helping others to learn more regarding Spiritual Grace, understanding, and the many ways available to practice spirituality.

I could speak hours, so could All The Saints Here with Me, because We truly love what you are doing, and your attitude in what you are doing is beautiful to see. God blesses you for it, because it is to give to others Truth, and perhaps more strength to follow what is good for the Soul that you are the custodian of.

Remember, there is time to do things that help others, and give you the dignity and Divine Love that you deserve.”

OCTOBER 25, 2005 AT 2:00 P.M.

“There are Several of Us present. Very often We come in a Group to this *little one* and We enjoy her deciding Who We are, and then We All smile when she says, ‘I don’t know Your Name,’ so We give her the Name.

You are probably wondering why We would come like this today. It is because in Our ability to share the Gift The Father has given to all of you, is truly a Gift of Divine Love when those yet in the living state are paid so much attention to in an open manner, open way, and through Words dictated specifying particular conditions, situations, or manners of human living that show an importance to Them, especially when We hear the Messages say how you should act when a Saint is in your presence openly, and you are aware of it physically, and with your eyes seeing what is occurring.

We do not speak often in this manner, but so Many of Us are so happy that so many of you enjoy the importance of communicating

with The Divine in an open manner, with no concern of something being wrong or not feasible, but your assurance is a beauty to see, because in your assurance, We know you will profit in many ways morally, mentally, psychologically, physically, emotionally, spiritually.

Sometimes a prayer is said with such feeling and it is cut short, but when it is allowed to be a little longer or more communicative in what it expresses verbally, or through one's sight of wanting things to be closer and more personal, it registers happiness that is not seen or felt, but nonetheless, it occurs and We Here in the Heavens are aware of it, just as when you say a prayer, you expect Whoever you are praying to, to hear the prayer. Is this not so?

In the Gift of Faith, there can be so much happiness, so much progress, and so much extra hope, extra belief, extra understanding, and extra communication to take place, just as when you are speaking to someone you know in the world you live.

I speak differently at this time, but I speak It with Love for The Divine

and a certain Love for you that a human being could understand, because to walk in the way in a daily manner, and take care of all there is to take care of mentally, physically, socially, it gives a purpose to the day, and for those who never think of this, it is sad, because communication has a strengthening to it; also, it has a purpose beyond what silence does, because silence sometimes only uses the thought, the thinking, and of course, the purpose intended.

I know I speak differently, but I do because I care, and I do because I want you to know how close you are in how you live, how you act, and what you do. It never goes in a strayful way, but it sometimes has a way of not opening clearly what you think and what you would like to say.”

OCTOBER 26, 2005 AT 12:07 P.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I am your Heavenly Father. And I am your Heavenly Mother.

We are so happy to join today in being with you, even though We are not in a Personal Manner of Position, but it is a privilege to be with you because We know how much you care on all issues that are beneficial to the Soul, to the mind, to the body, and to others you care about.

We beseech you to carry on this desire, this sensitivity, and this value that is not always seen in different ages of human beings; but today as I speak and Others Here with Me, also want you to know, that in your desire to please The Heavenly Father, and your desire to protect your Soul, also your desire to one day return to Heaven and be with Us for All Eternity, It is the Greatest Goal that you can reach for, and it is done in such an easy way. All you have to do is practice in everything you think, say and do.

When I say this, it is not out of scope with how you should live. It is because you have a Soul, and the Soul is with you every moment of every day, and the Soul is so happy when you, in your way, remember the Soul is the recipient of all you think, say and do.”

OCTOBER 26, 2005 AT 1:24 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We All smile Here in the Heavens when We see the respect, the love, the hope, the desire, and your will to satisfy This Gift that is to save Souls and to give to others the ability to more indepthly understand all the good sides, moral sides of being a human being; being able to see prayer as not just a motivation, but a practice that is indelible for the Gift the Soul needs to get to Heaven.

Thousands of human beings walk each day and are never available to hear Words I have just spoken. Prayer oftentimes is set aside as just a night Gift of remembering, but this is not so. As you know, the number in the hours of every day lets you know that there is not one moment in any hour, or all the hours added together, that is not available, are not available, will not be available to your manner of living, and will not hear what you say, what you pray for, and what you hope to be

able to one day be an Important Part of.

Human beings created have the Greatest Goal, because in the Creation of human life, no one is ever conceived without being the custodian of a Portion of The Creator, called ‘the Soul’; so, What you have and cannot see never leaves you, and This Portion of you is a Portion of The Creator that He wants returned to Him so He can say ‘Saint’ by the name He was given at a time when He was with you.”

OCTOBER 27, 2005 AT 8:25 A.M.

OUR HEAVENLY FATHER

“This *little one* I use for so many obvious Gifts of My Divine Love is in many ways *a victim*, but not as you know a victim to be. I use her to deliver Words that I Will others to know and to understand how close I am to them. This *little one* sheds many tears because of the sadness she hears regarding so many different cases, situations, and many more Words could be added here.

This Gift I have given to the world is far greater than It is seen to be. When you hear her speak My Words, it is really I Who is speaking to thee. I use the word ‘thee’ to make a point. She would have said ‘you’. Would she not have said ‘you’? You know she would have.

This Gift I have given is to direct, to instill, to correct, and to interest human beings of all ages in how they can communicate with Me in a personal way, call My Name, and speak or think or feel or sense I am always available every moment of every day.

For some this might be difficult to understand, but I assure you, some period in time will prove Who I Am, and What I Said.

When I stop speaking, always remember, I am aware of where you are, because it is My Way, My Will, My Love for the Soul that is within you that is definitely a Gift of Divine Love. With no Soul, would you truly understand the Importance of human life, and that it is a Gift based on Divine Plan for the Soul of every human being to return to from Where It came, but be ‘a Saint’ when It returns in a physical way?”

OCTOBER 27, 2005 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In the manner in which you live, you are aware of the necessities you are faced with because of your communication with other human beings.

Today as I speak, it is with much Love for human beings of all ages, all colors, all rank, and all love for Me.

You live in a time where progress is of great importance in a manner, a way, not always understandable to everyone who knows of its existence and who sees so much occurring, making it possible to be understood in many ways.

I hold *the little one* deeply because there are so many decisions she is forced to make that to others would be easy, because they would see it in the manner and degree for the purpose that they would understand such an act to be handled.

Today as I speak, it is important, because there are millions of human beings that need to know What I Will them to know, and that It is coming from Me, The Father, The Creator.

There are, at this time, so few who think that every day is a Gift of Divine Love. So much is taken for granted and not perceived as a Gift greater than they could ever personally commit to, giving to others of the human way, the human means, the human backgrounds, or the human daily manner of living.

There is so much to be thought about in the human manner of living. There is so much to be understood for it to be not just logical, but a purpose in it for something to be done, to be shared, or even to be cast out.

Attention is of the greatest importance in daily life, because attention develops intention, hopefully in the modern logic of it.

I could speak hours, because My Love for human life is Greater than It can be perceived to be. It is a Guardian, a Guideline, a Receiver and a Giver to support every human being created to live a life that is to one day

return a Portion of it to from Where It came. This is rarely, if ever, thought about. That is why I have given to the world *one small body, one small voice*, to deliver things I Willed them to know through one of their own, not someone that in all ways looked imaginary in concept, or in communication.

I smile when I say, ‘The Gift of human living is the closest thing that a human being can come to seeing, to experiencing, to understanding that to one day, be “a Saint” Here with Me.’”

OCTOBER 27, 2005 AT 12:59 P.M.

“There are Many of Us present, and We smile at this *little one* who has been requesting Us to let her know when We are ready to deliver What We Will in a subject matter or discussion, to aid those yet in the living state to more indepthly understand the importance in how they live, how they speak, and how they associate with others. Of course, in this last part, it will not always be seen to be as different as it can be when you speak of others.

In the Creation of human life, so much was taken into consideration, because it was not a practice in the mentality, or even in the desire to sense that there was a Saint available to speak to, or to learn from, because sometimes one’s thoughts are different than they would suspect them to be; but the Souls of others who have gone before, many times have the privilege of their Soul reaching someone in what looks like an ordinary thought, word or deed.

I speak differently, I know, but a fact is a fact; a reason, a reason; a purpose, a purpose; a need, a need; and each one of these things I have just quoted have a definite effect on a human being's manner of living or what occurs to them by others they know, or also by what they see that is different than what they are used to or what they are interested in personally.

Thousands and thousands of Words could be spoken, and We smile when We say, 'It would be a delight to speak more than We do,' but The Father knows what is necessary and He also oftentimes says when We are so anxious to fill in when an individual appears as though they are empty, not thinking, and not feeling like a subject matter at all.

It is important that every human being understand that 'time' to the living manner of living, has an importance in it, for it, that nothing else really has, even though many individuals try to address this subject matter with an animal that they know, or with circumstances they feel they have.

I know what I am saying may sound difficult to certain ones reading It, but remember one thing: to be created a human being is greater than it is really seen to be. It has many Gifts, and it has so many things to give hope to life, energy in life, in living, and the desire to accomplish things that they are not even aware of the full measure of. To be created a human being is a Gift greater than it is understood, because it doesn't show to each individual the Goal in an open manner, an open way, or is there ever really a lot of speech attached.

But as I have come today, and I enjoy being with those who walk the path you walk, I say: 'Always remember, The Father, The Heavenly King, knows everything you think, say and do. He also knows that your love for The Divine exists in the degree you will it to. He also knows that the day will come and He will be present when there is Judgment Time for the Soul that you are the custodian of.'

I speak These Words with much Love for human lives, because it is an Important Gift of Divine Love, established a long time ago, but it has

**Purpose to it; it has Goal to it, in it,
for it. Remember this.”**

OCTOBER 28, 2005 AT 12:15 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Many present Here with Me on this day, because This Gift of My Divine Love is of such Great Importance for the Souls of not just a few, but of millions of human beings. That is why I put so much into print, not to encourage, but to insist that My Will be understood as I show It to be.

I speak through *one small voice*. This voice has been obedient to Me for numerous years. I use it because it transmits to others What I Will them to know, not just to hear.

I send a deep desire for those who read These Words and those who have learned about what is important morally, mentally, sensually, physically; and I plead with them not to resist, to reject, but to see the importance of.

I will close but as I do, I beseech all who hear Me and all who put into print the Words, and then all who will read the Words, to remember: I have given to the world *one voice*, but All

that I deliver is My Will for them to more indepthly understand that if I use 'one voice' of a human being, that means I care also for them."

OCTOBER 28, 2005 AT 12:59 P.M.

SEVERAL SAINTS

“There are Several of Us present many times. This is a Fact, but We mention it to you today, so you will remember What We are about to say.

The birth of a human life is a Gift of Divine Love. It has a Great Meaning to it, for it, and in it. A human life is automatically gifted with the senses that mean so much to the mind: the sense of being able to make sounds with your voice, sounds that count for so much communication; the sense of the eyes that address and give hope, but also, the Gift of sight is to help you to know more than you would, if it was not so.

The world has been Blessed, but human lives have been Blessed more than they sense or feel or recognize as a Gift of Divine Love; greater, because in this Gift of sight, an individual can understand more indepthly in how they live, and also the logic that at the time of death where the body can no longer see, feel, or be used, the Soul is evident, because the Soul remembers

everything that occurred; and everything that, what is in existence at this time, the Soul will recall and depend upon The Divine in every way to help the Soul get what It deserves, and that is to return to The Creator Forever, thus being with The One Who created It, and was Part of a human body, mind. This allows the Soul to remain what We would say, would be Forever.

So much Divine Love speaks in This Gift called '*The Miracle Of Saint Joseph*'. He, too, walked the earth at another time, and do you not pray to Him in the Heavens, and would you not say this carries on This Gift that is so important for the Soul?"

OCTOBER 28, 2005 AT 1:35 P.M.

“There are Many of Us present wherever this *little one* is present; not that We do not want to be where you are, it is just that We know how The Father might automatically use her to relate What He Wills Us to know and to spread for others to learn from, learn about, for the good of their Souls.

A Gift of This Measure, This Degree, This Concept, This Content, This Purpose, is Greater than It is recognized by the minds of those who hear It. That is why it is so important to have so much put into print, thus giving to a greater number of individuals, the Content, the Concept, and also the in-depth meaning of Words that are not always used in the human way, or in the human manner of living.

We love this *little one*, but We also love you who take the Words and who spread the Words, because it is important to awaken the minds of men, women and children who have no concept of What is Occurring

here where you are. It gives so much purpose to each day in life, because within the Words, there is a strength that is not always present in a normal, natural way of life.

As I close at this time, I feel you should know, that as each time One of Us speaks, you are surrounded by Many Who love to hear the Words flow through that will help save Souls, that if They did not have the time and They were not present, and you did not write the Words as you do, it would be sadness in Heaven.”

OCTOBER 28, 2005 AT 2:23 P.M.

SAINT CATHERINE OF SIENA

“There are Several of Us present. We would All like to announce Our Names to let you know that We enjoy being with Each Other like you do in your human way. I am Saint Catherine of Siena.

Granted, there are so many things I am involved in, and so many important issues yet come My way. I come on this day to partake in encouraging those who hear Me to more indelibly understand: the way you walk in the human way today is a privilege, because when you come to This Part Where I am, it is so different in every Fact about It and in It, but when you are spoken to by Someone Who has been Here a long time, you find it truly a Blessed Land.

Throughout the world there are millions of human beings that rarely think of ‘the Goal for Sainthood’ as available to them. So much is universally nurtured as only ‘a human plan’, thus ignoring the Future, Wherein you partake in Heavenly

Plan, Heavenly Presence, Heavenly Direction and Divine Love. These things are not thought about because the human role is so important in each step you take, in each word you speak, and in everything you think, say and do.

To be a human being is a privilege all alone, because you are Blessed with understanding and the ability to speak, plus to hear, and also to use all the other strengths of the physical form. It is such a privilege to be a human being, because there is Something to look forward to.

The Heavenly Father, you know, loves you. He allowed you to be created, and He is The One Who designed the Goal for the Soul that you live with every day.

The Beauty of human living is also the Future with The Divine, but I assure you, right now there is quite a bit of time for you to act the way you are and with what you have, but always remember to say a prayer in thanksgiving for what you have been given to live with and for and by, because it is the foundation for the ‘Sainthood’ when you apply.”

OCTOBER 29, 2005 AT 11:10 A.M.

“We have been present for some time, but We knew *the little one* was waiting to get, to receive, and to be able to know that her love for Us We knew would show.

The Gift of The Blessed Sacrament is always a beautiful reminder of The Heavenly King, The Heavenly Father, and The Heavenly Divine Love that oftentimes waits for those yet in the living state to want Them to be with them in what is called ‘a Spiritual role’, ‘a Spiritual communication’ based on a Divine Love and love for The Divine.

Words such as These are rarely spoken, but knowing *the little one’s* love for assurance, We thought it would be an Act of Our Love for her and Our Love for you, if We spoke the Words Personally, to know.”

OCTOBER 30, 2005 AT 9:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As I enter, My Love, My Strength, My Hope in Desire, and My Willingness to share with others the Importance of Divine Love for The Holy Trinity, I am always happy how important It is to them, because It is important to Me. I have Blessed so many human beings, based on how they respond to Who I Am, What I Am.

It is important that the presence of a Soul be understood more indepthly, because the Soul is a Gift of Love, Divine Strength, to give to the one who It is placed within, to follow the Will of The Divine and one day be named ‘a Saint’.

I have delivered so much encouragement and Divine Love to aid those who are created to have the understanding, to fully comprehend that in the Creation of human life, it was also given a Gift Greater than It is seen to be. It is called ‘the Soul’. It is the Portion of human living that

is to return to Me at a time I Will it to be.

My Words are for some to read and to understand how close I am to them. The value of understanding is a Gift of My Divine Love, because when a Fact is understood, it is more evident It will be looked upon as important to the one It was bestowed at another time.

What I have given to human beings from the beginning of this Creation was to give a Future to life that is to be returned to Me because of Who I Am, What I Am.

I love this Creation of Mine because, do not forget, I, too, one day walked it to be Example to those who would one day return to Who I Am and Where I Am, and be known as ‘Saints’.”

OCTOBER 30, 2005 AT 11:15 A.M.

MANY SAINTS

“There are Many of Us present. We oftentimes gather like this when *the little one* is willing to speak What We Will others to hear.

You live in a time wherein there is so much so-called ‘advancement’, ‘progress’, and ‘updating’ of many portions of knowledge, but also characteristics in different human beings.

***The little one* is always available to Our Presence, and there are many times that We are present but We do not announce it to her because of circumstances and situations and conditions that would not call for Words to be delivered.**

There is so much Love, Concern, and Hope for the Souls of every human being created, because the Goal far surpasses any human aspect of human life.

I will close at this time, but it is important for All that has thus far been delivered through her. Do not

forget, We said ‘her’. We have not named anyone else, in that We want it to be what We know is of Great Importance for Souls. That is why We speak so often through her.”

OCTOBER 30, 2005 AT 12:12 P.M.

SEVERAL SAINTS

“There are Several of Us always present where this *little one* is. She has been given more Responsibility than it is understood to be by those who surround her and those who just know her personally.

Sometimes when We speak, We speak rapidly, due to the fact that time is of great importance in a Personal delivery of, concept of what *the little one* receives.

Words are important to all human lives, no matter what language is used, because words address the subject matter, thus being able to increase what is necessary to learn about, or any other means that the subject is delivered for it to be a communication facility.

We hold her tightly, much deeper than usual, because We have something to show her. She wants it to go away. Even We find it distressful.

You live in a time like many other times in the History of human

living, and all things do not give a happy memory. We showed her a scene that instilled in her momentarily a sad picture of so much evil. She says, 'Can You not control it?' We are sad to say, 'The "free will" oftentimes omits the necessity, the reasonability, or the purpose to reject what is obscene, and they ignore what they can do to cast out or dismiss impurities of the mind, or even ruthlessness, or something that they speak, do or practice.'

We hold her extremely, because it is difficult for her to accept such ugliness, even though she knows she is exempt from it mentally, physically, and of course, spiritually.

We spoke on this for a reason, and that is to remind those present and those who will read the Words: You have the right to reject openly what is unjust, demeaning to you in any form, and what makes you fear for your Soul to see, because your Soul is a Portion of The Creator, and it is not ever feasible to expose anything impure to It. Remember this."

OCTOBER 31, 2005 AT 11:32 A.M.

OUR HEAVENLY FATHER

“One of the important reasons for this Gift of The Beloved Holy Eucharist is to help you remember My Close Association with you is of the greatest importance, because just words can be forgotten, but in sharing a Small Item that bears What I Am gives you more of an understanding of how close We can become, and the reasonability It infers to those I created and love.

I have not spoken like this before, but I assure you, My Love for human living, human lives, human beings, is a Love beyond what It is understood to be. It is more than a Gift. It is what I would call ‘My Close Association’ that I attach to each of thee physically, mentally, and in many other ways that are not seen.

I love this creation that gives so much to Souls that are to be returned to Me. I thank you for all the good things you do, and yes, the love you have for Me.”

OCTOBER 31, 2005 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have requested Many Saints Here in the Heavens to be with Me, as I felt I would like very much to speak to all of you on the importance of service in a loving manner, way, considering the Soul of every human being you meet.

Never forget, the Soul is the recipient of everything an individual thinks, speaks and does. The Soul is a Portion of What I Am, Who I Am, and It responds immediately to everything that happens to It. The Soul is a Gift of Divine Love, created for the purpose of giving to a human being strength, understanding, and a deeper feeling for The Divine, because the Soul is not a human being. The Soul is a Portion of Who I Am, What I Am, that I created a long, long, long time ago.

I love human life, human living, and each life that is created, because I have given to the world the privilege of creation for others like themselves, a human, and capable of so much, and

also capable of one day returning to Me as ‘a Saint’.

As I close, I say, ‘My Love for human life is never seen in the manner they are used to seeing love delivered, but I assure you, My Love is of The Divine, and though I show It by the Means I give to you to follow, I promise you, one day We will meet Face to face, and you will not be surprised, because you will have learned how close We were through your whole life, and I was present all the time.’”

OCTOBER 31, 2005 AT 12:37 P.M.

“We have spoken so much through this *little one*. It is important for All We deliver to be seen for the reasonability that We mention certain Words, alerting individuals who read the Words to be drawn attention to specific reasonable conditions they are close to every day, living in the human way.

You live in a time when there is an obvious open expression of how an individual innately feels or cares or doubts or recommends or values. Is this not so? Thus, making association in a personal way with someone you know, even someone you care about, calls for more attention than perhaps it used to.

We hear individuals say, ‘Times have sure changed.’ Of course, everyone blames ‘time’ very quickly, but logic says that time is not the thing that changes certain things, especially personal conditions, situations, boundaries and applications. So, let us put time in its private place, and

let us look at how an individual uses time.

Some individuals are very abusive in many areas of life: in moral abusiveness, psychological abusiveness, and their independence in how they feel, how they think, how they want certain things to be just to suit them. Personality, nature, and human characteristics are major portions of human living, human life, that oftentimes take a different turn on what should be practiced, accomplished, or used, or identified, because there are times in the human way that so much is blamed on what comes quickly to someone: a thought, the manner, or even the place.

You live in a time of much progress. Much of it is beautiful to watch. You live in a time when so many things have changed psychologically, morally, thus causing the physical to adapt to the changes.

Time is a Gift of Divine Love, and all things attached to time have a purpose, a reasonability, a goal, or a future for the body, maybe even the Soul.

You may wonder why I speak this way. The Heavenly Father, The Creator, wants to help all human beings, all ages of human life, to see the reality and the proper benefits that they are faced with, and also the moral issues, also those things that can be pure in how an individual thinks, acts, or is attracted to other things or people.

I speak differently, but I speak this way because within each human being there is a Portion of Something they cannot see, but It is the Greatest Gift of Divine Love that anyone or any human being, any age, is gifted with.

How come a million dollars can be put on the table, everyone present wants that million dollars automatically, but the million dollars cannot be used to get to Heaven. There is nothing like this requested to enter the Kingdom of The Creator of All Things; but, how you live, how you think morally, mentally, psychologically, spiritually, is what you have to depend upon to one day become ‘a Great Saint’.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

There are Several of Us present because of the importance of thousands of people of all ages learning the importance of Spiritual understanding, Spiritual preparation, Spiritual cooperation and Spiritual methods, but Spiritual, being able to speak words that depict What The Heavenly King, The Heavenly Father would say openly if He were to stand in our midst and teach us how to pray, how to see the beauty of being in service to The Creator of All Things.

So Many of Us plead with The Creator to give Us the ability and the strength, plus the availability to help those in the human state of living to more indepthly understand that for their existence alone, there had to be an Ultimate Plan in operation to be able to instruct and to put into Words, the Importance of being a human being, and the Goal for which it was created, That Portion of it that cannot be seen, but is evident in how an individual

understands the Full, True Existence of The One Who Created All Things, and that only He could have designed and began or begun, a Plan to instruct, to teach, and to give to human beings in the living state, the reasonability of what human life was created for, and that was and is, is and was, for human beings to use what knowledge they could see was practical and very close to what was personal for them to want to follow, and at that given time when the body was no longer living, there was a Goal and a Place for that Sacred Portion of it to be held and to be used for many, many things.

So much could be spoken, so much could be taught, and so much could be derived from the Truth that exists regarding The Divine, The Divine Way of Living.”

TWELVE SAINTS

There's Twelve People here.

“We smile at *the little one*. She insisted on counting Us, because she felt the room might be too small for Us to be here with you, because there are many of you also.

Each time We use this *little one* to communicate with others We love to communicate with, it is a Blessing for Us and We enjoy every moment, every Word, because We feel that if We have the privilege to give strength, hope, knowledge and aid to those yet in the living state, The Father will bless Us in many ways, because there are times He uses Us to give hope when it is needed, and points of progress that are necessary for the Souls of others to more indepthly understand that they were created by The Divine, and The Divine loves to be close to them. Remember this.

We will unlock *the little one's* hands, because she would walk this way if We commanded it to be.

You live in a time where and in there is so much being given to help all ages of human beings to more fully understand that when they were created to live the life the human way, they were created according to Divine Will, Divine Way, and Divine Love.

Each time We are given the chance to speak openly through this *little one*, The Father smiles and says, ‘Do what You can so they will remember You are close to Me and My Will is delivered through You in how You treat them.’

So much is Personal, and so much has Divine Will in it, because there is no one ever created that is not desired to return to from Where It came, because the Soul in every living human being is created by Divine Plan and is the recipient of all the Gifts, so when the time comes, the Soul returns to Us Forever and ever and ever. Remember this.”

NOVEMBER 1, 2005 AT 12:49 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici. I have spoken many times to and through this *little one* I speak through today. We All smile when We say that We are speaking ‘through’ *someone*, because actually We are also speaking ‘to’ *that individual*, to use what We say for others also to learn what We would like them to know.

When a child is born, the child cannot speak; the child cannot really think, nor can the child walk. Is that not so? Then, through time, step by step, the little one learns many things. All do not show all at once, but one or two at a time, because in the very essence of being a human being, things come naturally to the mentality, to the will, giving the individual something to do that is feasible to their structure, giving them a big step toward the time they will become capable of using the strength, the talent, the ability to walk in a human manner and way, feasible to the condition of being a human being.

Throughout the world, as We Here in the Heavens see so many in this degree of learning how to be an adult, how to use what they are given to walk, to run, to speak, to hear, and able to communicate in some form, some manner with others in the human way.

Some might ask, ‘Why would You speak like this today?’ Sometimes it is good to reminisce on how an individual started life, because the human life is not just a living thing, but it has a Purpose, it has a Goal, and never forget, it bears within it a Soul that is a Portion of The Creator of All Things. The Soul is the recipient in every body It is placed, because the Soul does what everything else in the body is told to do.

Some writing These Words or reading These Words may say or think, ‘I know those things, and yet it really is interesting to hear about it, because as we get older, the importance of what we are, seems to be more apt to talk about higher things in how we live, how we think, and what we do that is more, perhaps feasible to reaching adulthood quicker.’

To be created a human being is far greater than it is seen to be. It gives every portion of human life the abilities that animals don't have, or fish don't have, and that is to be able to learn so much that is important for the mentality, for the body, and for the Soul, of course. So few people of all ages, never think about what they had to go through piece by piece, to arrive at how they think, speak, act, know a lot of things. It is a Great Gift from The Divine, giving to every human life created, things that animals don't have full scope of, full understanding of, or full ability to address a subject matter with.

There are so many things human lives have been gifted to do, to practice, and to understand, but the Greatest Gift in human life, human mentality, is to realize that to be created a human being has a Goal beyond anything else created. The Goal is to return to The Creator, the Soul that is a Portion of The Creator in a Particular Way, but also, to be able to speak and to use life in so many Gifts of many abilities, addressing the Gifts of human living in manner, way, speech, and mental

understanding of the importance of every facet of it.

Some reading This might say, ‘Why would You talk like this?’ Well, because so many times the mentality in human beings does not look at what they have been given as Precious Gifts of Divine Love to use in the human way, to give to human living so many advantages, talents, abilities, thus learning how, when they become ‘a Saint’, they may be able to serve in a manner and way to help others who are yet in that learning stage about becoming ‘a Saint’. No one truly knows how important it will be to teach and to give help to others along the way.

I know what I have spoken, to some will be difficult to understand why I would speak this way, because The Heavenly Father, in His Love for human life, wants human beings to see what great Gifts they are available to achieve just living in the human way; thus, one day becoming ‘a Saint’.”

NOVEMBER 1, 2005 AT 1:29 P.M.

SEVERAL SAINTS

“There are Several of Us present. We say this with a deep sense of humor, because *the little one* We use to speak through tells Us We don’t have to speak again.

The relationship in human beings is in so many ways a treasure, because personalities, natures, characters, ideas, and a deep interest in speaking to pass the time is evident, and very often memorable because of what the subject matter was.

We All smile when We speak about Someone Here going to speak. Sometimes We hear groans and other times We hear happiness, and then there are times We wonder what We are hearing: doubt, confusion, or resistance to hear what We have to say.

All that I have just spoken is of course in jest, because Our being able to pass through those yet in the living state, important Words for others to read and hopefully to learn from, or regarding an important issue, causes

Our time to be a Gift of Divine Love, due to the fact that We, in speaking Words to be put into script, give Us so much joy in the ability to communicate, and leave in a Personal Way sometimes very important Facts.

Many of Us gather and say, *‘Thank You, Heavenly Father, for This Gift of Communication, and please tell those who take the Words, We thank them and We will pray for them.’* Please remember this.”

NOVEMBER 2, 2005 AT 11:20 A.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

It is such a privilege for All of Us when The Father requests We deliver What He Wills you to know, to aid you to become ‘a Saint’.

Without a Goal, human life, human living would have nothing to look forward to, and it would cause more problems, because every individual would have a different perception of what The Creator would be expecting of them, but a Goal always puts a point of not just Direction, but what is feasible for the Soul.

Out of the millions of human beings that are alive at this time, ask yourself: How many, every day, ask The Creator’s Help on what they should act like for the benefit of their Souls? Do you have any idea that this would not even be thought about in more than five hundred human beings, seven hundred human beings, and I would almost doubt it might count to a thousand.

The Soul is a Precious Gift of Divine Love, placed within the human body to give strength, to aid in understanding the important things in life; and, of course, using the Soul to associate with The Heavenly Father in many dimensions of how each day there are different requests and things to face: some crude, some rude, some selfish. Not all would be in the order you would think them to be like, asking The Heavenly Father for Grace to be able to follow His Will every moment of the day.

Though These Words are different than you might have expected, They were given to give you a Lesson, that if you think in a loving, Spiritual direction, you have the chance to help others be guided by this important measure of seeking in The Divine, help, hope, and giving you strength to one day return to The Divine and be ‘a Saint’.”

NOVEMBER 2, 2005 AT 12:27 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There are Many of Us always present where this *little one* is, because there are so many things, when We pass It through her to speak, she is full aware of the concept, the importance, and the reality of what It will mean to those who put the Words into script to read them more later, and more what They are all about.

The Gift of script was one of the most important Gifts The Creator could have given human lives. Granted, speech is eminent and it has a greatness to it, but when something is put into script, it seems to travel a further distance and touch more individuals with what it has to say, to teach, to make aware of, and/or to give strength on particular issues that give the individual reading it a more in-depth understanding of the importance of it.

The world has been Blessed abundantly. The Heavenly Father saw to this, because every human being

created has a Purpose, but also a Goal. The Goal is not thought of as much as it should be, but more and more individuals are preparing themselves to see, to feel, and to be able to understand that the Soul is What they depend upon, and they can speak to, with, and gain progress they might not have had.

I know what I have spoken is different, but it is factual, and to many who read it, it will give strength to how they think and how they are encouraged to follow certain things they are associated with.

Every Saint in Heaven loves all the human beings who have given their time, and now They are Saints. Remember this.

Today as I close These Words, I want you to know: I know I have spoken differently, but somehow or other, I feel that The Father's Love for you in what the Words speak, will help you also have hope on many things, because The Heavenly Father sees everything and all things, and uses them when He knows they are practical and give strength where it is needed."

NOVEMBER 2, 2005 AT 1:49 P.M.

SEVERAL SAINTS

There are about Three of Them here.

“No, there are Four.

We All smile at all of you who take These Words and put so much time in, on helping and hoping and willing to leave the printed Words for others to more fully understand what a Treasure it is to be born a human being. The gender doesn't make the difference really, because both genders have so much within them and for them to be able to give so much service to The Divine; but also, to enjoy being a human being and be able to share all the important things in life with others.

To be a human being, even from the smallest stages on, is a Gift far greater than it is seen to be, because it has a Goal Higher in Value than it is known to be. The Goal is for the Soul, but in the lifestyle and manner of living a human life, so few individuals really understand what a Treasure it is

to be created in the human way and be given time to do so many things, and then, one day, return to The Father and be called 'a Saint'.

'Sainthood' is an automatic Gift, because it blesses those who walked the human way and who did everything to serve to the degree and in the ways it would give to others that they know, they knew, they cared about, help or strength, or also hope when it is needed, was needed.

The lineage of human life is a Gift far greater than it is recognized to be. It does not end when the breath is gone, because the Soul continues on from there.

So, remember This Blessing from the moment you are conceived until you return to from Where you came originally, and you will find living the human way a Greater Gift of Divine Love than ordinary thinking could ever give you the full impact of, because there are so many Gifts and so much to learn, and yes, time to help your Soul earn a Higher Place in Heaven."

NOVEMBER 3, 2005 AT 11:55 A.M.

“There are Many of Us present because of the Importance of This Gift of constant Communication with The Divine for those of you who walk and work to aid others in learning about This Gift that is so Important for the Souls, because the Souls can be victims when They are not cared for, or not allowed to be in the area They were chosen to be by The Heavenly King.

Today, as I speak to you in number that I see, it is important that what I speak is seen, to be helpful for many, many Souls Who have no protection from those They are in from the moment of conception.

I hold *the little one* tightly, for if I did not, she would collapse from the strain, the stress, and the weight of All that she is Responsible for, and All she is Responsible to, for This Gift to be delivered as not just a Warning, but a manner of accepting what is right, what is good, what is moral, what is practical, what is feasible, and what is a consistent and constant Protection

of the Soul of every human being who walks the human role, the human way of life, because in so many areas this is never accepted, never seen, and this is wrong! That is why This Gift is so Important. It is to alert, to remind and to continuously speak on what a Precious Gift human life is.

Today, many things have occurred that *the little one* will be subjected to in a way that We will handle, but I ask you to remember that your part in This Gift of Divine Love is a Greater Gift than you understand it to be, because of the Importance of your Souls, but also the Souls of thousands of human beings.”

NOVEMBER 3, 2005 AT 12:45 P.M.

OUR HEAVENLY FATHER
MANY SAINTS

“I am your Heavenly Father.

There are Many of Us present because of the Importance in how this *little one* in many ways, for many reasons, for many purposes, she sees only what is practical and logical to her, but she was chosen a very long, long, long time ago to fulfill a Place that was to give strength, hope, perseverance, trust, and a sensitivity to progress.

You live in a time where there is so much confusion, and not all good, proper subject matter is thought about or used. Some very intelligent human beings oftentimes misuse words to gather attention for themselves, or they use words that others will notice them and think they are different and of a greater class of living than is ordinary.

There are so many changes that I would say capture the good in different decades of human life. Oftentimes it is caused by repetitiveness in how people

think personally, or emotionally, or psychologically, or devoted to what is called 'satisfying to the mind'.

Thousands of Words could be written, opening many doors of great importance, but sometimes, when something like this even partially occurs, it is not seen for what it is worth.

You live in a time when purity of the mind and the body is, I would say, 'secondary' to it being practiced, or even thought about in a higher state of living. Excuses are made to represent what is thought to be practical and the time being right.

When The Commandments were given to the first ones who received Them, They were not just simple Words. They were elaborated upon according to Their meaning; but, up through time, They have been set aside, and many times just practical ventures into speaking of Something that occurred a long time ago.

All of Us Saints Here in the Heavens want The Commandments to be seen for the Great Worth They are to the human mind, and of course, what results in the human body

regarding These Commandments; also, in individuals looking at human life as a Gift, rather than a challenge, or something that is based on their decisions, how they think, and how they feel things should be.

One hundred, two hundred, three hundred hours could be spoken on just These few Words I have just spoken.

Reasoning is sometimes superficial. Sometimes it is just based on impracticality, but it is easier to accept that way. I know I speak in a manner and way you would not expect Me to speak, but I come on this day because *the little one* We use is very sincere, and worries on so many facets of how things are approved; and also, her care for those who work with her is greater than you know it to be, and sometimes, when someone from the so-called 'outside' speaks on an important subject, she is so happy to hear it has merit to it, and agrees with what We say and do and think.

I will close, but as I do, it is truly a Blessing to be able to speak to all of you on subject matter such as This is, because it is important for the Soul and the Souls that hear about It,

and It gives them time to talk about It, or think more indepthly on It, but this can be a Blessing right out in the open.

You are all Loved for your time and the feeling you have for The Divine. I bless you with *'The Sign of The Cross.'*"

NOVEMBER 4, 2005 AT 11:13 A.M.

OUR HEAVENLY FATHER

“I, your Heavenly Father, want what is occurring where you are to continue on in the respectful manner it is practiced, regarding respect for What I Am All About, and the importance of your service to guide others with respect, but also, with the dignity for which human life should be recognized.

Today as I speak, I speak through *one small voice* that I have used for a very long time. I have requested Words to be put into print so others would know that I do communicate with human beings, not all the same, but I am always aware of the Importance in That Portion of them, their Soul.

I will close These Words, but as I do, I want those who read Them to understand, even though I use *a specific voice* to reach them in an open manner, My Divine Love is equal to all human lives, because human living is a Gift of My Divine Love. I beseech you, remember this.”

NOVEMBER 4, 2005 AT 11:50 A.M.

OUR HEAVENLY FATHER

“Each day that I request this *little one* to speak for Me is because I know in hearing her voice, you will feel What I have to say is more realistic because of the sound.

Each day that you walk in the human way, though it has responsibilities in many ways, never forget, you have Me with you in a manner, degree and way closer than you know it to be, because My Love for you, in the creation of who you are, is important in many ways.

To live in the human manner of progress, of abilities, of standards, of duties, you have so many areas wherein you can reach for ‘Sainthood’, and then one day We will meet Face to face, and you will be accountable for everything you thought, you spoke and you said. It is a Gift of Divine Love Greater than you know a Gift to be. Most individuals feel if something is a gift, it should be a physical thing that they can see and recognize and deal with, in the human way.

Each day you walk the earth, and you practice what you know is Faith in Who I Am, What I Am, and All Those Who surround Me, because one day you will be in the midst of Them.

I send this Message with Love, not just to show you or speak to you Who I Am, but to let you know the Presence that you pray to is always available, so that one day, when the time comes when We see Each Other Face to face, you will remember all the times that you offered prayer My Way.”

NOVEMBER 5, 2005 AT 4:35 P.M.

“There are Many of Us present, due to the fact that This Gift that was designed by The Holy Father is a Gift beyond what It is seen to be. It is ‘a Direct Communication’, revealing what cannot be heard to many at a time, but there is a beautiful side of This Gift, reason for It, because It is put into script and is able to be read by a great number of human beings.

The Wording is always a means of Communication, expressing Words that can give hope, more understanding, and reveal what a close Association human lives can be, and many are, close to The Divine.

Spiritually speaking, It is a Gift that bonds two or more individually, in a greater understanding of the importance of the Association and how It reveals conditions, situations, and sometimes a very close Association.

Hours could be spent on much more detail because a Gift of This Measure, This Purpose, is more than

It is seen to be, and is Blessed in many ways by The Holy Trinity.”

NOVEMBER 6, 2005 AT 9:30 A.M.

“It is difficult for many to believe or understand what this *little one* endures to aid The Divine Plan she is always aware of. Our Decisions regarding her, humanly speaking, would be difficult to hear.

Divine Love is a Gift of Divine Love for human lives, for in It, there is a Personal Association to give aid, strength, hope, and endurance on what is feasible, applicable, and a great aid to accomplish for the results for the Souls that are Part of human lives.

To many, the Soul is evident, but the Soul is always present where the human being is, because the Soul is the recipient, and many times is the victim.

In the Creation of human life, It was a Beautiful Gift for each human being created, because the Soul is more than the recipient of it; many, many times is the Protection of not just the Soul, but the body and mind of the human being.

I smile when I say My next Words, because the Soul, in many ways, is the Protector of the one in whom It was placed at the moment of conception.

Thousands of Words could be elaborated upon what a Beautiful Gift human life is, because there have been so many Blessings for it and within it, to give it the strength of The Divine Love for many things that the Soul could be the victim of.

As I speak through this *little one* who has been chosen for a Major Task, because of the importance she sees in every moment, every day, every time she is aware of, belongs to The Divine.

I close My Words at this time, but as I do, I say: Never let a day go by that you do not say, *‘Thank You for giving me the privilege for being a human being.’*

NOVEMBER 7, 2005 AT 10:51 A.M.

“One of the most important Gifts to the logic of human lives is the word ‘boundaries’. I say this because, without the logic in so many areas of human living, when boundaries are initiated or upheld for safety and many degrees of different purposes, the importance of such a method of judgment is invaluable to many, many things that human beings are subjected to many times in a lifetime.

These Words may not seem important to some, but I assure you, this word is the key to safety many times; to judgment, multiple times; to caring, unlimited amount of times.

The word is part of human life, because it in so many ways is the thought, the condition, the value, or the degree that is permissible to use in whatever area it gives safety or assurance in practicality, or gives to the mentality a logic to support what is pure over impure in many ways, on many subjects.

Hours could be dedicated to practicing how much, how many, and how often this word is used in the lifetime of a human being.”

NOVEMBER 7, 2005 AT 11:28 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I announce Myself so it will be understood that it is I Who will be speaking in the next few minutes, thus giving to those who read My Words a fuller understanding of My Love for them, the Importance of It, and of course, the Goal I created for them to one day have.

I could speak hours on My Love for human lives of all ages, because in this Creation of life there were many things instilled to make human life more deeply understand that it had a Purpose, it had a Goal, and it was given certain ways of thinking, of using, of planning, and of instilling in others the important aspects of being a human being, and able to one day return to Me and be called ‘a Saint’.

When I say, ‘I close My Words,’ I want you to remember it is only for the few I spoke, but there are always times when you communicate with Me, I always communicate with you in a

**different way than I do when I deliver
Words openly.”**

NOVEMBER 7, 2005 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Several Very Important Saints present with Me on this day that I speak to you.

In the Creation of human life, much was considered. The most important asset to human life was felt how it would live, how it would speak, how it would think, and how it would allow others to be example for it. The list is endless.

Another step in the Creation of human life, was the creation of it and what it would consist of physically, mentally, morally, emotionally. Another list is endless here.

The world has been Blessed. Human beings have been Blessed. Just to be created is a Blessing, because it has a Goal Greater than It is seen to be, because the Goal says a Portion of it is to be returned to from Where It came, for All Eternity.

I smile when I say These Words, because as They are spoken, They seem to run into Each Other, so I ask you who take These Words, to separate the Words and put Them into a manner of understanding that everyone reading Them will see the Facts, the importance, the value, and yes, what a Great Gift human life is. There is only One Gift beyond it, and that is to one day return and be called ‘a Saint’.”

NOVEMBER 7, 2005 AT 12:53 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

I smile when I say My Name to this *little one*. She says to Me, ‘I have not heard from You in a long time.’ Those Here with Me smile at her remark, because when she was a student of Mine, she was very frank about everything, very genteel, and wanted all things to be what they should be according to God’s Will.

As you know, there are Thousands of Saints, and in this great amount, and this desire to work for The Holy Trinity, Each Saint loves to hear Their Name called and for Them to be remembered which State that Their Soul is in.

What is a Soul? Do you know? Do you think about It? Has It ever been explained to you in full measure, full detail?

The Soul is What represents you many times, but you only think of your physical or your speech being the connecting link. The Soul is an

Important Factor in every human life, because the Soul is That Portion that is to return to from Where It came, and It is eager to do all that is correct, beneficial and right.

I speak this way because as so many of you here where you are, are willing, even happy to put into script What We Here in the Heavens desire you to know, so others will learn that the Souls are willing to speak, but also, to aid in Wording, the Goal that awaits every human being.

The Soul is not felt or seen when life is available. It is called ‘a Living Thing’, but the Soul is with you every moment of every day. The Soul is That Portion of The Creator that gives you strength, or sometimes the right answers for you to say.

My final Words at this point in time is to tell you: to be created a human being is a Lesson and a Gift far greater than it is seen to be. It has a Purpose. It has a Reason, and it has a Goal for That Portion of it, the Soul, that will be returned to from Where It came at another time, another day, another way.

You are Blessed abundantly each time you take These Words that are spoken to bring you up-to-date how close you are to The Divine Way, The Divine Will, and The Divine Love for you as an individual, male or female. Remember this.”

NOVEMBER 7, 2005 AT 1:50 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I smile at this *little one* when I mention My Name to her. It is true, I rarely speak announcing My Name, but I do speak many times, directing her to things that she is fully aware of, that are necessary for the accomplishment of progress for This Gift of Divine Love that gives to all who read What It speaks, What It delivers, the Importance of being created a human being, and the importance of everything a human being partakes in physically, mentally, psychologically. The list is endless.

You live in a time when so much is being addressed at the importance of communication with The Divine, but also, your participation in acting out what is more important morally, psychologically and mentally, where the human mind is able to control what you think, say and do, for the benefit of logic being addressed in a proper method, mode and understanding to those who are listening for what the

Words will reveal to them, and I add to this, many listening for the good of their Soul.

I could speak hours on this subject, because it is so worthwhile to every portion of human living.

In the Creation of human life, it was given to give to human beings more indelible understood practices, through wording and through addressing what was morally sound, morally acceptable, morally stable, and definitely morally pure for the benefit of one's Soul.

All These Words point to one thing: A Gift of Divine Love has been and is being made a Point, by giving to several at one time, the privilege to read What Someone Here in the Heavens wishes to be put into print to aid individuals in how they think, they practice, they speak, and/or how they accept life in the degree and way that is pure.

I will close, because I know what I have spoken will give strength to many, to follow the Will of Divine Love for the benefit of Souls.”

OUR HEAVENLY FATHER

“The desire for progress is a Gift of My Divine Love. It covers so many things that give to human beings more strength, more understanding, and more intentions to follow through on a subject matter that can be productive or necessary to have, to use.

I smile at These Words, because all the acts and sound intentions of human life do not always register as ‘Gifts’ for the mentality, for the interest, for the purpose, and/or for the concern necessary for certain things to be accomplished, things necessary to support or to build or to create, or to add to one’s life the happiness that often appears, thus giving strength where it is needed, hope, and the innate accomplished attitude of feeling support necessary for the accomplishment to be the result of an individual, or more, that were in agreement with what would be something that would serve, or give to one or more lives a feeling that nothing else could do.

My Words many times are so different, but My Words always have My Love from The Divine for those in the living state who will one day return to Where I Am and be called ‘a Saint’.”

OUR HEAVENLY FATHER
SEVERAL SAINTS

“I have sent *the little one* to speak for Me. She many times does not show herself, because she knows that she feels unimportant to the situations, the conditions, and your communication with Me. We All smile at this, because she has no egotistical spot in her being.

There are Several of Us present, and when We told her We wanted her to go down where you were, she said, ‘But they don’t need me, God.’ All of Us smile at this, because in the human way, the Gift of being together is very important. It gives strength, hope, and it smoothes sensitivity.

Several are present with Me today, because We know this *little one* only wants to serve What We Will her to serve.

I am going to make a Statement: Her love for everyone she works with is a love far greater than it is seen to be, because of her sensitivities in

human thinking, feelings, needs and purposes.

You have learned a lot in the time you have spent with so much delivered through One of Us Here in the Heavens, always to help you more fully understand what a Great Treasure human life is to being created a human being by The Creator of All Things, and being able to use time to help others like yourselves, giving them hope, strength, and yes, what is called 'love'. Love has many meanings. It means companionship, it means caring, and it means association, giving a complete value to many things.

The little one has tears because she feels she was not important, and now the Words make her feel she would have disappointed The Father if she had not spoken the Words He wanted you to feel, to know, and to understand how important it is to do His Will in every way, every measure of life you can.

I will wipe *the little one's* tears away, because she has an innate strength to want to do all things that are right for the Souls of millions of human beings."

NOVEMBER 9, 2005 AT 1:26 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We All stand by because there are so Many Here in the Heavens Who desire to speak through this *little one*, Words to give to others the Importance of being a human being, and the Goal, of course, for this Gift that is unseen, but always made available to be remembered.

Think of this: Each time you feel a challenge and you see the results possible for it, do you not look for something to be comfortable for you, and in many ways helpful to you as an individual? So it is at the time you fall asleep, and you do not awaken to the world, but you are approached by Someone from Here Where I Am. Your Soul hears and your Soul responds, because your Soul is the recipient of all your past: all you thought, you spoke, and you helped others with.

A Gift of Divine Love is available and I speak These Words to say: ‘It is a Gift of Love Divine from The Holy Trinity, and every human being is

the recipient of It.’ That is why it is so important to use everything you think, you speak, you practice, you are part of, because your Soul responds to everything, and your Soul is the recipient of what you should work for: a growth in Divine Will for your Soul, and for the Future in Heaven that you have worked for.

You are Loved. Every human being is born with the Gift of Divine Love. That is why it is so important to use time and all you do, and the time you share with others, you can be help in many ways to them. Remember this.

The Goal is Sainthood. Never let a day go by that you do not remember what a Precious Goal you have lived for, you were created for — Heaven.”

NOVEMBER 10, 2005 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I come here today to be with you because of the importance in how you accept My Will to be done appropriately, and yes, with sincere love.

The little one I use to repeat My Words, I have been with her a very long, long time. I could write indepthly on what I have just spoken, but I will do that another time.

As you have accepted responsibilities to share What I Will others to learn about, to become a Part of, because every human being is gifted with a Portion of What I Am, Who I Am. It is called ‘the Soul’.

When you refer to your friendship with someone you know and you say, ‘We are soul mates,’ it is a beautiful way to say it, but in reality, it just means you think a lot on subjects understandable to both of you; but, when I say What I say, It means a Higher Source, Force of Communication, based on The Divine.

There are so many things that you are active in that are very important to understand fully the full meaning of, the purpose of, and the reason for which it is used in the human manner and way.

If you think of the Heavens, you cannot think of the Heavens as seeing human beings in the state they are where you live, where you are, but you must understand Heaven to be different, and a Holy Place, and a Place that deals with Heavenly Customs, Concerns, and a Willingness to follow Divine Will to the Ultimate Degree.

To many who read These Words in print, they may not all understand the Beauty of what I have just spoken, because It is not ordinary to even think about, but I have for a long time, and I am still instilling into *one small body, one mind*, All that I want others to learn about and see It as part, or an important condition, situation, that one day will give you a Place close to Where I Am. It is important for you to know this, and to understand it.

Human beings rarely see the Glory and the Beauty and The Divine Love that they are capable of achieving

at another time, Another Way. I love you and you know this, and I request you to read My Words in the full meaning They are given to you.

I will bless you as I leave you, and I will do it in the Words you know: *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*"

NOVEMBER 10, 2005 AT 1:03 P.M.

There are Three around.

“No, there are Four of Us.

In the Creation of human life, so many Gifts have been presented, some instilled, thus giving to an individual so many areas of life, of living, that can give a measure of happiness that otherwise would not be capable of having in the Creation of human life: the ability to be able to think in many areas of life, of living, giving purpose to the additives that were invested by The Divine. The additives are those things that give to what you know, additional circumstances and manners of doing things that nothing else created has the benefits of.

Each day you awaken to facing a day you are used to. It is a day of habit, a day of restriction to follow what is necessary for you, or for someone else, or others in number. Just awaking and knowing that you have responsibilities that you are responsible for, and should be thankful

for, because in the Creation of human life so much was instilled, giving options to many, to various conditions, situations, and abilities that can give daily living nothing but happiness and security, because in The Father's Will, Divine Love guides most of what you do, you think, you speak, because you automatically, instinctively feel the necessity to partake in something that ordinarily you may not even address as being present.

I know I speak differently, but it is to awaken so many individuals to the Beautiful Gifts of human life that do not make human life like 'a clone' is described, or an animal that is limited in so many things.

Human living has such a broad scope of various conditions, situations, talents, availabilities of what can be accomplished. The list is endless. Seldom, though, is there thanks to The Creator for giving to an individual all these Gifts. So much is taken for granted, and so little respect to, from Where these things came.

I speak differently, I know, but it is important for some, not all, but some to read These Words to help them

wake up to what a Treasure human life is when you use what it is for, and give your best in thanksgiving by accomplishing what you were created to accomplish, and that is, and it always was, to return your Soul to The Creator for All Time to come.”

NOVEMBER 12, 2005 AT 11:53 A.M.

OUR HEAVENLY FATHER

“*The little one* I use is ever ready to hear what I want her to repeat for the Souls that will read My Words or will be reminded of Who I Am, What I Am, because within them there is a Portion of Our Creator Which gives to them strength far above what anything else can give them, just accepting the Fact that We Exist, and We, in many ways, take the time to instill more Divine Logic, more Logical Hope, and more Value in what it means to be a human being.

Each time We speak through this *little one*, We give her the strength to go on, and also, We have another motive to what We speak: to read the Words, to begin or learn or pray to have more Faith in The Divine, more interest for The Divine, and of course, more love to one day become ‘a Saint’.

In All the Writings that have preceded This One, so much has been instructed, helping those who read the Words to be attracted to one day understand what a Gift of Divine Love

‘Sainthood’ would be: to earn It, to be proud of It, and to find in the Gift, the ability to help others reach for the Goal to return to The Creator, the Soul He implanted some time ago.

I will close My Words, but as I do, never feel that you are overdoing when you help others to learn about The Beloved Holy Trinity, or The Heavenly Mother Who loves to hear words to Her, because She, as The Mother of The Creator, loves human beings.

I will close, but as I do, I say, *‘In Nomine Patris, et Filii, et Spiritus Sancti.’*”

NOVEMBER 13, 2005 AT 1:50 P.M.

“There are Several of Us present, and as We listen to you all, We smile and say, ‘Friendship such as you have is a Gift We enjoy seeing, because it means care, but it also means strength in what you believe, also how you have accepted responsibility.’

There is no time that We are not with this *little one* that The Father has chosen to walk always ready to bare His Name when she is told to do this. It is a favor to Him that He loves her for. She has tears when We mention what He said.

This Gift is Greater than It is seen to be. It is not normal to the average human being, nor is it normal as a Gift given to just anyone. *The little one* works consistently, always ready to address what We Will to be released.

I will close, but as I do, I say, ‘Time to every human being is of the utmost importance.’ Remember this.”

NOVEMBER 14, 2005 AT 11:59 A.M.

OUR HEAVENLY FATHER

“In the Design of human lives, there was so much to be discussed regarding how many Gifts of Divine Love would be instilled into the mentality of each human being, logically stating that each one would have a different degree of what it would take to communicate with those who spoke differently, who thought differently, who practiced differently, their way of life.

The sounds of a voice were not the main factor. The main factor was the fact that the wording would suit or instill or eradicate or make it important to finalize certain words that would give strength, understanding, and the ability to reach goals that otherwise would not have been able to reach.

I speak differently I know, but as I do, it is to awaken those here with this *little one* and those who will read the Words, that speech is an important factor, but speech is used by every entity of the body, designating what is proper, what is correct, what is

feasible to the mentalities who hear the wording.

I could speak endlessly, because the importance of speech gives priority to every Gift, factor, day of human living.

I bless those who take My Words, and I bless *the little one* who speaks Them, because They are Words to awaken some individuals to what is not just practical, but logical and meaningful as a Gift it was created for.”

NOVEMBER 14, 2005 AT 1:31 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is a pleasure to be here with you at this time, because when We Here in the Heavens get a chance to contact you through speaking Words We want you to understand, but to hear first, Direct from Us.

So many beautiful things can occur when people get to know each other, and consider all the facets of what it means to be close in contact, and in mental concerns, interests and habits.

Today is a day that should be remembered, but there are so many of these in a lifetime. That is what gives to life, to living as a human being, the enjoyment that is felt because of the interest, the associations with others like one's self, and the communication that it allows to give to daily living, a sense of not being alone but a definite sensitivity to being close to another human being, one or more at a time.

I speak differently, I know, but in the Creation of human life, Gifts were instilled, allowing communication, association, also friendships with others like one's self.

I could speak hours on end, but I know what I have spoken thus far will be sufficient for what I have spoken at this time.”

NOVEMBER 15, 2005 AT 12:10 P.M.

“Each time a human being is conceived, it is an Important Gift of Divine Love. Some may say, ‘My child died while it was still extremely small and unable to be termed “a living human being”.’ What you may not think is The Heavenly Father had a reason, perhaps not understandable to the human mind, but maybe the Soul with that little one returned to The Creator and is now Part of The Divine.

This may sound strange to some who may read These Words, but it could have been that something occurred wherein the child would not have been what it could have been under ordinary circumstances. Never forget, The Heavenly Father knows what is best, what is correct, what is right.

Sometimes in life some things occur that bring sadness to one’s life, but if the whole story was understood as The Heavenly Father understands it to be, He, too, if It were Part of Him,

He would say, *‘Father, take care of it the way You know it best to be.’*

This may sound difficult to some, but do not forget, The Creator that does so much, knows exactly what is best for all those concerned.

I bless those who take These Words, because I know that when you read back what I have just spoken, you will understand it even more.”

NOVEMBER 16, 2005 AT 8:30 A.M.

SEVERAL SAINTS

“So many things pertaining to important issues, conditions, are needed, for in the human practice of doing things mentally, physically, many times important things are overlooked and not taken care of.

I speak These Words with much Love because I know, and All of Us Here with Me, know the importance of what, where you are, is of great importance, not just for a human need materially.

So Many of Us Here in the Heavens, when We hear or see the innate desire in so many to give thanks to The Creator for the privilege of doing what they are doing, but also for what they feel is being accomplished that is beneficial in different ways We speak through this *little one* with the Responsibilities of so many things, but We know it will be accomplished in a dignified manner and way as it was designed to be. Right now We All smile as We speak These Words, because she

does not like anything delivered about her.

Today is always a special day, as every day in living is. Sometimes it is a day of progress which gives strength, hope, happiness, and assurance.

Right now there are Several of Us present, and We All smile and say: ‘For the Faith you have, for the love of The Divine you have, for the Purpose you have accepted, it is indeed a pleasure to see. You are Loved.’ Remember this.”

NOVEMBER 16, 2005 AT 11:29 A.M.

THE SACRED HEART

“I speak to you today as The Sacred Heart of Jesus.

This Gift The Father has designed is far greater in Importance than It is seen to be, understood to be. A Gift of This Measure, This Personal Communication must be accepted, honored, and followed because of the Importance of It and the reasonability It bears, This Gift of understanding so many important things regarding The Holy Trinity, and Many Other Saints Here in the Heavens Who walked the road, earning Graces untold for Their obedience for what They knew was a Gift of Divine Love above and beyond what It is understood by the human minds of human beings.

So much has been delivered to awaken so many to the proof of Its Existence, giving to the human mentalities not just a Purpose for human life, but a Goal Greater than the human mind can perceive a Goal to be.

Every Word spoken, instructing those who do not or cannot participate in the close association with This Gift, they must understand It is available for them in several ways and manner. This will be taken up at a later time for more emphasis to be understood regarding This Gift in which so much is spoken, delivered, and put into script to be read, giving more of an understanding of how close human life is to The Divine.

All of The Saints Here in the Heavens cherish What They are exposed to, and it is also Their desire for millions of human beings to realize what a privilege it is to use Faith in The Creator, Faith in The Divine, in every thought, word, deed and action they are allowed to make in the human manner of life.

As I close My Words at this time, I do it with Hope and with Love for All that is Sacred, All that is important, and All that gives hope and strength for the Souls Who desire to reach Where We are at the given time.”

NOVEMBER 16, 2005 AT 12:42 P.M.

THE SACRED HEART

“I am The Sacred Heart.

I have come to say and to make you aware that this *little one* is more with you than you understand companionship to be.

A Great Blessing comes with This Gift, because It has the privilege to instill in those who hear what is spoken, the logic that It bears at this time.

Many think only in where they live, but All that is delivered through This Gift of Sacred, Divine Love, must be passed throughout the world, because It will instill more Hope regarding What to expect from The Divine, and more willingness to respond to a closer Association with The Divine; thus, making prayer and private moments of communication more feasible, and giving to the individual a relationship not seen, not felt, but the mentality is happier knowing that that body that it is in, understands the Greatness of The Divine, and the body feels safer,

knowing the Importance of What The Divine stands for.

Thousands of Words could be put into print on the Importance of This Gift that has been given to the world, to a small number of individuals, with some of the Wording being put into a way that some would automatically read, but the human mind sometimes does not respond in the full measure it should; but, All of Us Here in the Heavens want This Particular Gift of Divine Love to be seen for Its worth and what It can do to give strength where it is needed and when it is needed, just by the individual never thinking wrong about what is right for him or her, her or him, to discern as special to them mentally, morally, psychologically and physically.

The Heavenly Father loves every human being created. That is why so much down through time has been openly spoken and written about, because if this had not been allowed, human beings would not be as well-off spiritually as they are, but there are still great valleys to conquer and hills to walk, because the valley closes out and yet leaves a memory, but the hill takes you to the top.”

NOVEMBER 17, 2005 AT 11:19 A.M.

OUR HEAVENLY FATHER

“There are always Many of Us present where this *little one* is, because innately she wants all things to be handled, to be practiced in an honorary manner and degree because of Who I Am and What I Am, and it always pleases Me for the respect it has, and shows, too.

Thousands of Words have been delivered through her to help all who will read Them because of the importance of Them and how much is dedicated to Me, their respect for That Portion within them that is a Gift of Divine Love to human beings. Granted, all do not partake in what is involved for them, nor do they innately sense the privilege it is and the Love in Who I Am, regarding their way, their protection, their needs, and also, an innate understanding that in This Gift I give Hope, Strength, all based on My Divine Love for them.

I could speak hours for My Love for human life because in the Creation of it, Divine Love was the Basis for it;

no better word could be used, I promise you.

As I close These Words, I bless those who take Them and I bless all who will read Them in the correct manner, understanding and belief. My Love is Greater than It can be perceived to be. I beseech you, remember this.”

NOVEMBER 17, 2005 AT 12:00 NOON

OUR HEAVENLY FATHER

“I smile when I enter with this *little one*, because when you greet Me like this, it in many ways returns My Gift that I use for you.

It is very important that This Miracle I have given to the world gets well-known throughout the world. That is why I am delivering so much in print, so there can be no excuse to not spread My Love for the world of human beings that I treasure with My Divine Love.

Those who do not understand a Love of This Degree, This Background, This Nature, I fear for them, but I am going to ask you to do Me a favor. Please, each time you think of it, say a prayer for them. This will not just please Me, but it will give Me the hope that I hope for them.

The human body, the human mind is a Gift greater than it is seen to be, understood to be, because, do not forget, in the first creations of human life, much had to be thought about, much had to be instilled, and

then followed through in a consistency that you today are the results of.

I love you for how you work in your way for Me, and always remember, I accept your love; in fact, The Holy Trinity accepts your love, because each time you perform an act to help others know what you feel is valuable for a Soul, the Soul responds and says, ‘Thank you,’ even though the Soul may be far away from where you are.”

NOVEMBER 17, 2005 AT 12:20 P.M.

OUR HEAVENLY FATHER

“Religion is a sound basis for the morals, the mentals, the physicals, and the association with other human beings.

Each step is based on not just logic, but the sound definition of what The Heavenly Father Desires human life to be like, to follow, and to be part of, because in all these things, the foundation for Sainthood is important, and it helps to build the Goal as ‘Sainthood’ for one’s Soul to be with Me Forever and ever and ever.

God bless you for taking My Words. They are Words of Great Importance, and Each of Them speaks of strength in What the Goal for life is all about.”

NOVEMBER 17, 2005 AT 12:52 P.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are Several of Us present, male, female, because in Our request to The Holy Father, ‘May We be present, Your Holiness, when Words come to this *little one* that We feel are so beneficial in concept, content, purpose and aid?’ I, your Heavenly Father say: ‘I appreciate Your care, Your caring, and Your questioning. Yes, You may be present, because All of Us Here in the Heavens want the most and the best for all those who are yet to come.’

The Love that We have is not always understood, but It is a Love of Divine Nature, Character, and Insight to the Importance of Communication and the results of What is spoken.

It is sad for Me to say, ‘At this moment there are thousands, up to millions of human beings who have no thought of the realities that are beneficial to them when it comes to Spiritual practice and needs, but also, Spiritual participation, giving strength, hope and balance against

odds that seem natural to human living.'

This Gift you are part of is Blessed abundantly, due to the fact your participation is not bound by fear, it is bound by love of The Holy Trinity and All The Saints Here in the Heavens. Needless to say, We All care to speak. We enjoy what We may say, because It gives help, hope, strength, and an obvious Gift of purpose to so many facets of life in the human way, and Our Life as Saints.

Always remember the Love God has for you, and those who walk His Way in dignity, honor, Faith and Love are Blessed abundantly every moment of the day. Remember this. It is worthwhile to remember, because it assures you of Who you are with, and Who is with you."

NOVEMBER 17, 2005 AT 1:47 P.M.

“There are Several present, because of the importance of what They want to hear Me speak about.

Each human being has a major privilege, and that is to use their own mentality, their own conscience, and their own understanding of what words mean, and how important it is to stand in truth so that when and if one is questioned, they can be assured that only truth will be seen for the value it is to what the question is all about.

Today as I speak, and Others Here with Me speak, though the Message is perhaps One from the past, it is important that It be seen for the worth It is, the value It is, the importance It is, and what It does to the minds of those who are the recipients of It in many ways, many times.

Now I take you to a Very Important Place. You are standing before The Creator, and He is asking you questions. Are you not going to tell the truth, or are you going to speak to

appease Him more? Some individuals would feel they should appease Him, because of Who He Is, What He Is.

Now, let us compare this with daily living. Is it not wiser to be fair in all you do, all you judge, all you participate in for the good of the results to be seen, to be followed, and to be thanked for?

You live in a time wherein much and many excuses are prevalent for everything an individual doesn't do or does, to a degree where it is not important to them.

All I have just spoken may sound useless to some who will read Them Word for Word, but I assure you, it is an important part of life, of living, of communication with others, that what is spoken has logic, truth, and in many ways has a value to it, so it has reasonability to it that gives not just the intellect help or happiness, but how the individual can receive the value of facts that many times have many different views and/or goals.

What I have just spoken may sound not necessary to some, but I speak These Words to hopefully when someone reads Them, It will awaken

them to the importance of the spoken word, the written word, and the word that speaks how you think, act, and approach all other subjects; thus, giving to human living a valuable status based on truth, honesty, and the goal for a productive answer.”

NOVEMBER 18, 2005 AT 12:00 NOON

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are Many with Me as I speak today, because so Many Here in the Heavens like to join together when They know I am going to deliver Words to those yet in the living state who will use These Words to aid them in a more direct way.

It is truly a Treasure to be amongst so much Love for The Divine, so much Caring, and yes, so much Direction, because throughout the world, even those who believe in The Heavenly Father, The Heavenly Mother, and the importance of what they should be doing to earn a Place Here in the Heavens, I want to say a few Words on how human life can compare how they live with the Future they will meet with when they do what they call ‘die’.

Upon the earth, prayers are spoken recognizing the Importance of Who is in Heaven. This is a Beauty to see, especially when the Names are called out and the words are spoken,

and you feel the communication between the ones on earth and The Ones in Heaven.

Needless to say, so much can be spoken and put into print, aiding thousands and thousands and thousands of individuals on what a Great Gift human life is, and that it has a Goal to reach. Animals don't, not really, but human beings have this privilege above and beyond what they suspect It to be, what they realize It can be.

We talk through this *little one* so many times, and We ask her to deliver Our Words to those who will listen to Them, learn from Them, abide by Them, and be thankful for Them.

Always remember, The Heavenly Father Who Created All Things loves you, because He wants you and your Soul to return to Him and be with Him Forever and ever and ever."

NOVEMBER 18, 2005 AT 12:46 P.M.

“The Father has given Many of Us Saints permission to gather where this *little one* is because of the importance she walks, listens, and thinks, regarding the importance of all human beings becoming ‘Saints’. It is possible, and hopefully probable, because in the time of the lifespan when someone is living, they look for so many things to appeal to them, to please them, and appease them. It is not always the same thing.

That is why a Gift such as This One is, of Divine Love, every human being can be assured It is based on Divine Hope, Divine Communication, Divine Association, and yes, Divine Intention to aid everyone who asks for help, because The Divine Entity of Living is a Gift Far Greater than It is known to be.

Children are not being instructed that there is a Future for a Portion of them they cannot see, until the time comes and they are with The Heavenly Beings, either The Heavenly Father or

The Heavenly Mother, or One or More of The Saints. For some individuals, this is hard to believe, hard to accept, because they say they have never seen This, or These Individuals.

You live in a time wherein so much has occurred before this time, that proved over again and again that there are Saints in Heaven, numerous in number, and willing to aid those yet in the living state so they, too, will one day be in Heaven with Them.

For some individuals, it is sad to say they cannot fathom a Gift of This Measure, This Way, but I assure you, becoming 'a Saint' is based on how you live the human way, and becoming 'a Great Saint', for thousands and thousands of human beings yet living, know about You and pray to You for aid.

God loves all who use the way of human life in a manner and way presentable, with kindness, sincerity, and an innate understanding of the Goal that awaits the Soul of a human life to return to Heaven.

We hear some say, 'If my Soul was a Soul before It got to me, why did I not know about it?' We All smile at this,

because at the moment of conception much occurs. The Heavenly Father is in control, and The Heavenly Mother works right along with Him.

Now, when you get to Heaven, It may look a little different to you then, but I promise you there is a point when someone's human manner of living no longer exists, the Soul is a recipient of Divine Love. It is a Promise from Him."

NOVEMBER 18, 2005 AT 2:10 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

We All smile as *the little one* announces Our Presence. There are so Many Saints Here in the Heavens that love This Gift The Heavenly Father has allowed, because in It, through It, We, too, are learning new perceptions of different subjects that, in Our time, would not have been described as they are now.

Here in the Heavens is a Beautiful Gift of Divine Love, but basically far different than It is guessed to be. There are so many privileges, difficult to speak about, and so many ways addressed to do things to aid those yet in the living state.

To be created a human being is a Gift beyond what it is seen to be. The physical, the mental, and all the abilities participate in what is called ‘the living state’, giving to human living so much in activity, in learning, in participating with others; and with the abilities to answer prayers that those who are yet in the living state

have the privilege to work and speak what they would like to occur; all final answers, of course, or commitments, are based on The Divine Word that We are granted with many times.

Each member of human life should know that the Goal is far different than they might deem It to be, but It is a Goal of Respect, of Honor, of Dignity, and of Perseverance to comply with what is expected of One in the Atmosphere of The Divine.

The Father, in His Love for human life, wants those who are yet in it to look at what is morally sound, morally pure, morally correct, and give to morality a standard higher than it has been, because the Souls of those yet upon the earth want this to be, so when their Soul returns to The Creator, It will be blessed abundantly.

I know We speak different than We usually do, but always remember, the desire is innate in human beings to want progress, happiness and hope. Your Soul will also feel that way when the time comes and the human portion of life is no longer necessary, because the Soul is That Living Part that you have depended upon, you have cared

for, and that now is an Important Part of how you use the State of Divine Love you were gifted with at the moment that human life no longer lived.”

OUR HEAVENLY FATHER

“The little one is close to tears because she does not know why she does not understand why she is here. She says, ‘I know them all, God.’ I smile at this, because her gentleness and her genteelness does not want to hurt anyone’s feelings.

I will get a little firm with her now, so I can deliver to you My Love for you, but also for you to be able to more fully understand you are privileged to walk the path you walk, because what you are being trained to understand is that other human lives need What I have to say to them, to direct them in the manner and way I perceive It to be best for their Souls, because without It, throughout the world there are so many individuals who seek help, but in the wrong direction, wrong way, and from the wrong entity of what they call ‘power’. I call it ‘evil’ in many ways.

I hold her tightly, because what I am about to say is important, because each day you live the human way, you have the privilege to speak to Me and

All Others Here in the Heavens Who are with Me, and They, too, want to help more Spiritual understanding because of Me.

In the Creation of human life, there was more at stake than there has ever been seen to be, because in the manner of human life, in how it was directed to be, there were many Gifts put into it, giving option to thinking, to feeling, to sensing, to understanding, and the privilege to use one's mind to direct them in the proper manner, way, purpose, goal. The freedom of thought, the freedom of movement, the freedom of Divine Love was instilled at the moment of conception, helping every human being use what they are capable of using: a mind, a body, a Soul, and the ability to think on subject matter in different degrees, different ways, different goals, different subjects to help them.

***The little one* is frightened. I never speak this harshly through her, but I give My Love in so many different ways. It is important that to be a human being has so many advantages that nothing else created is equal to in any degree, not in the manner I have selected for human beings.**

I love this Creation of Mine, and I do all I can to persuade purity of the mind, the body, because of the Soul that is the victim of all that is created, and the Soul is a Portion of Who I Am, What I Am, and because of the Soul, I come to the land today and other times like this, because the Soul is a Portion of What I Am in a Descriptive Measure not perceivable to the human mind. Remember this.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There is so much Love centered around This Gift that so many of you are participating in. Do not forget this.

As you have accepted a task, a work time regarding Spiritual understanding and the importance of your communication with The Divine, this of course, is something of great importance, because it reflects in your Souls and your mind, due to the fact that these two places are where you perceive so much in abilities, in conscience, and in the desire to project how you feel they should be treated.

Throughout the world there are millions of human beings, all ages, who innately know there is a Supreme Power. This Power is beyond the human mentality, but it is evident that It is present because of so much that occurs, and that so many individuals depend upon It because of Who It Represents in a Higher Place.

So Many of Us Here in the Heavens want so much for millions of human beings, not just a handful but millions, to mentally, psychologically, emotionally, fully understand that to be created a human being is gifted beyond what it is seen or understood to be, due to the fact that there is logically a Higher Entity of Life in a Place and a Way not understandable in Its Full Measure to the human mentality.

To be created a human being, to so many individuals who are the ones who have the capability to be the one who gives birth to a child, this is a station and a place of life Blessed, because it has the capability to serve The Creator with a human life; and in this Gift, it should always be remembered responsibility never ends, but the Purpose has always been in Divine Plan.

I could speak endlessly, but before I close, I say, ‘Never forget at least one prayer a day, because it communicates with The Divine and They love to hear your speaking, your thinking, your communication, showing love for Them.’”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so Many of Us Here in the Heavens that love This Miracle because It is a Gift Greater than what a Miracle usually is.

This Gift that has the ability to enlighten so many minds regarding a deeper understanding of how The Divine uses Its Power, Its Love, and Its Way to instill into human lives Something beyond what the human beings can fully understand. When this Gift of Belief, of Association, of admitting how one understands or feels or senses his or her own communication with The Divine, it is a treasure to watch, because It gives so much that nothing else is capable of doing. It gives Strength, Purpose, and a Close Connection to Superior Supreme Power, not totally based on human association in a daily manner of living.

Throughout the world, there are millions and millions of human beings that need to know All that has been

delivered through This Gift. Granted, many will toss It away, but there will be a number of them that will see the benefits in What the Words speak; also, Where These Words have to be coming from: a Higher Place than ordinary to them.

So much is being instructed. So much is being available to those in the outside world that would never hear of subject matter as is usually passed through here. So much is dedicated to humanism, thus rarely thinking that The Divine has Ways and Means of doing things that are practical, feasible, meaningful, and in many ways a Blessing to the mentality of those who are capable, who are able to absorb the beautiful Facts that give strength to one's Spiritual needs.

I could speak endlessly on this, because there is No One in the Heavens that does not Wish, Will or Hope that those upon the earth yet in the living state cannot have Something given to them to make them think more spiritually, and more in understanding what a Beautiful Gift human life is, and that it is an open subject of progress for the mentalities to cling to, to grow from, and to learn more from."

SAINT ANGELA MERICI

“I am Saint Angela Merici.

Yes, there are Several of Us present, because in Our Communication We are better able to allow others to know what We feel is necessary to be spoken in a Manner and Way to aid those yet in the living state because of the importance of Communication that can make something more explicit, giving Hope rather than despair, Love instead of hate.

So many human beings dictate wording in letter form that is very difficult for the receiver of it, because the wording can be out of line with dignity, purpose, and sincerity and insincerity. Much depends upon the mood or the conditions or the close association one has with one or more others like themselves.

The Gift of handwriting, the Gift of being able to put into print, is a Gift beyond what it is understood to be. It is more than a convenience, but it is accepted in a casual form, manner, something easy for them to use, rarely

thinking of it in Who designed it for the betterment of its use, and to make it easier for those who would have to use it.

My Words may sound odd, and/or others will think unnecessary, but so few individuals understand that the slightest thing in delivering words should be looked at for how the receiver will accept them, what it will do to his or her understanding. It is important to think about this, because much can be determined by how and what words are delivered from one human being to the next.

There are Several Here with Me, and They are All smiling at how I have spoken These Words, but They All nodded Their Head in agreement, because like all other things in the living state of life are used to please or displease, give hope or despair, or generate a lack of interest or care, sometimes it is just in an open remark, sometimes in a story spoken in detail. There are times when it is a communication of personality, nature, and so much is left or instilled or granted when it is finished.

Now I will speak another type of Word. In the Creation of human lives, much was considered: first of all, the senses; there are several of them. And then, the manner of expressing what one feels; very often, difficult to perceive. And then, the one in conversation choosing a subject that was personal. In the reception of this, perhaps it was just too personal to grant any attention that would be feasible for the communication to last.

There are Several of Us present, and We All smile at what was just spoken. Of course, the list is endless, but each day that a human being has this time to do many things, some can be so beautiful and give so much hope, happiness. And then, there are days that things just don't seem to be compatible with others.

So much in the human way is accepted and ignored, and other times just dismissed.

But now, let us take the time of Judgment for Heaven. First, The Father removes or has removed the different features and factors of what consists a person to no longer be alive, be living, and then the mind and the

body goes through stages of things being taken away from the body and allowing the body to not have any more senses, any more abilities that actually saw them through the living states of every month, every year they lived.

And now, We come to the time where, 'Where will the Soul be?' The Soul went through life with the body, and the Soul now is What will be Judged, and also be put into place. The Soul is that 'Living Portion' of life that has so much love for The Divine, and yet the Soul could be the victim of what It went through in that human body for a time.

The reason for how I speak These Words is to never let a day go by that you do not protect your Soul and personally see that the day, in so many ways, gives to the Soul what It should have: A Gift of Divine Love, yes, and some hope that the next day will be better, be happier, and more attention will be delivered to give It the strength to endure if there is a slight misbehavior.

I know you have never heard anyone speak like I have just spoken,

but to be created a human being is a Gift greater than it is seen or recognized to be. It is the foundation to one day live with The Creator and be called 'a Saint'."

NOVEMBER 22, 2005 AT 12:00 NOON

GOD THE FATHER

“I have given to ‘the place’ where you are, an Important Task to perform for Me; that is to encourage many, many more men, women and children to understand My Presence, and All that I speak is available to them to read so they, in their way, can be closer in understanding to the Importance of what human life was created for. It was not created to be like all other things created, because within it there is ‘What I have’ that they also are given.

To those who walk closely with this *little one*, I assure you that everything you think, say and do to aid those on the outside, you will be blessed for abundantly. Even though there are many, many individual human beings who claim to walk totally for Me, sometimes they falter and feel only the honor they walk in, that they feel gives them a specific advantage; but those who I have chosen here are capable through their abilities, and what they are able to share in Words

is a Great Gift of Divine Love, and a pleasure to say, ‘responsibility’.

I will close for this time, but you know that I will return when I know that We can communicate and use the time to feel closer to The Divine as a team.

I love you, and I am always available to you, no matter what time, what day, what year. Remember this.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are so Many Saints Here in the Heavens that pray for you to be able to follow what is necessary to aid Souls to follow the path of Divine Perseverance, but also Divine Standards of how things should be, because the Soul is the recipient of all you think, speak, practice and do, personally, or with others.

There are so many Words to describe the Importance of human life because it was created for a Special Goal, but also, it was created to allow others like one’s self to see the Magnitude, the Importance, and the Innate Divine Love that exists for every human being created.

When you see a child, you say the child is innocent, even if wrong is being done by the child. Excuses are a major part of human life, because very often an excuse eliminates the responsibility due for what was spoken, what was practiced physically, mentally. The list is endless.

In the Creation of human life, it was designed to be created for many things, all good, but sometimes those in charge of a child or an adult, try to extend logic which sometimes fails miserably, because logic sometimes is only to appease one's self, not always the importance of what it is addressed to.

I want to speak hours. I love human lives, because they are the Future Saints Here in the Heavens, and I want so much for them to recognize this Gift, this Advantage, this Treasure of the Future, for the Future, in the Future.

Every human being is created with a Portion of The Creator within them, not seen, not able to be seen, but the very fact that there is a conscience and a logic in knowing what is right over what is wrong, mentally, morally, psychologically, physically. The list is endless.

I want to return later, because there is so much that human beings of all ages should be alerted to and be able to see it firsthand, and be able to cope with what should be done with it, for it, because each human being

is gifted with a Soul. The Soul wants to return to from Where It came. Remember this.”
