## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

**SAINT ALPHONSUS LIGUORI**

**“I am sad to begin this. I am Saint Alphonsus Liguori.**

**You live in a time wherein there is so much misconception of what is moral over immoral, logical over illogical, hope over despair, and yes, just an ordinary attitude can help an individual not use the right language, purpose, or care in a daily way of life, so many things regarding how a human being should respond, should reflect, should accompany, should show, or should be a part of verbally, mentally, psychologically or physically.**

**There are so many changes that individuals have accepted that do not consider being a human being having dignity or having a Goal for the Soul of it. This is ignored much in every facet of human life, human living.**

**Throughout the world there is little consideration for how those newly born and who age slowly, and yet according to what is natural, because the body is not taken care of with dignity or with respect in**

so many ways that the body gets accustomed to wrong handling, wrong interpretations, and much abuse.

**I**n learning common things to learn, the human child is being set aside, cast aside, and indifferent to, regarding what would be feasible for the child to learn about and consider as a Rule of how to act, how to think, how and what to read, and how to participate in the human role.

**T**here are Many of Us present, too numerous to mention, but at this time, it is important that more accent is put on what is morally sound over what is immoral, what is morally feasible, what is lacking in so many sound reasonabilities.

**I** will speak more on this, because **Those of Us Who** know what is occurring, it gives **Us** an unhappiness just to feel what the new generations are not being able to see, to feel in the right manner, what is morally sound, proper, clean, clear for the Soul that they bear.

**Ask yourself:** When you were six months old, did you know you had a Soul? No. But, did you not react when you felt sad or something was

wrong? Yes, you did. Believe it or not, you did. It was instinctive in you, it was logical, but not to the point where your mentality was so aggressively open that you were able to speak what you felt.

**H**ours could be spoken on so many facets of human lives that is ignoring, are ignoring, have been ignoring what is morally sound, proper, and pleasing to The Creator Who Designed and Created the bodies and the minds.

**M**any reading These Words will not see Them as They are delivered to be; but, nonetheless, every human being created is accountable to The Creator for many, many things.

**T**his is an important Statement and Fact, because it is being ignored tremendously, by even those who feel they know everything.

**I** know you would not expect One such as I am to speak like this, but it is necessary because there is too much not being handled to give strength in a dignified manner, way, and give to each human being, no matter what age, the ability to indepthly understand that human life was created to one day partake in Divine Plan.

**Remember this, because it is important for the Soul and for what a human being can gain from more fully understanding the Will of The Creator for the Soul, but also, for the Name of The One in Whom so much is available to thousands of other human beings at different times. Remember this.”**

**JANUARY 30, 2006 AT 3:05 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. And I am your Heavenly Mother.**

**We are speaking together at this time, because of the importance in how you walk, how you live, and how you speak, for others to know how you think and what you believe in, for your Soul’s sake.**

**The Soul is a Very Important Part of every human being’s body, because the Soul is the recipient of how you think, and the stage of mortification, or your ability to see how important it is to walk a Goal that leads you to Sainthood.**

**Each human being has a different practice in how they think and how they address The Saints Here in the Heavens. Always remember, you have the opportunity to choose and to act according to how you know your Soul will be pleased with, because your Soul is That Portion of you, of Who I Am, What I Am, but It does not always**

be spoken about in this manner or degree.

**When the Doors of Heaven were opened for this *little one* who speaks to you now, to speak Words that We Willed others to know, there was much happiness, because We were assured Everything spoken would be according to Our Will, Our Way, Our Love for human life.**

**Each day you pray, We hear you. Each day that you talk to Us, no matter what it is regarding, you are Blessed, because you depend upon Our Love for you and Our Willingness to share with you, your habits and your desire to one day return to Where We are and be called 'a Saint'.**

**We could speak hours on Our Love for you, and your love for Us. We will at another time, and maybe in a different way."**

JANUARY 31, 2006 AT 11:50 A.M.

MANY SAINTS

**“We All smile as this *little one* jests with you, because We are so close to her in many ways.**

**Our time to deliver Words of Love from The Divine is a time that We can use this *little one* to speak openly with what We know The Father Wills others to hear, to read and to care about.**

**You live in a time where not as much attention is given to The Divine as you expect there to be, but it is sufficient for Souls to be saved that need the Communication to feel stronger morally, mentally, than it is known to be.**

**So Many of Us could speak hours on end, because of the Love We have for The Heavenly Creator’s Way of doing things; but We will close now, for you see, He has told Us there will be a time We can return to speak to you of His Love for you that He allows you to know about many times.”**

JANUARY 31, 2006 AT 12:42 P.M.

**“There are Many of Us present, but We always are.**

**At the time this *little one* was granted the Gift to be able to put into print what Many Saints Here in the Heavens would speak, there was joy unbelievable amongst All The Saints, because We knew she would carry on for a very long time, doing what she was requested to do, to speak, even though there would be many, many people who could not perceive her getting this attention, this requirement, this addition to her manner of living.**

**You live in a time wherein there is much concern for many things, but all are not in regard to The Heavenly Father. Much is found to be personal understanding of many things other than the beauty of spirituality.**

**Prayer is a Gift to accept, because it is a Gift of remembering of The Holy Trinity and of All The Saints Here in the Heavens, because prayer communicates in a manner and way, sometimes just unbelievable.**

**All children should learn how to pray in ways and degrees and manners that they can understand the words to mean, and the purpose for the devotion to The Holy Trinity. It is not being instructed in its full measure, but I assure you, more good will come if they are instructed in a loving, logical persuasion of dignity.**

**I will close, but as I do, I say, ‘For so Many Here in the Heavens to speak so much to you and through you, it is a Gift far greater than you understand It to be.’ The Father requested I make this Statement so you can rely upon that to help you do what you have been doing, and for you to know that whatever occurs, you will be credited for when you have participated in a Gift of This Measure.”**

FEBRUARY 1, 2006 AT 12:08 P.M.

## OUR HEAVENLY FATHER

**“We bring tears to *the little one’s* eyes because of the indepthness of her Responsibilities that are not seen in Their full measure, or even in Their partial measure for the importance They have been instilled within her.**

**Some who have the privilege to put Our Words into print, do not, nor can they fully understand how Important This Gift is to man.**

**We hold *the little one* tightly, for if We did not, the Power We Are would throw her to the ground. It is a Power beyond what the human mind knows power to be.**

**So much has been delivered in a loving manner, a genteel manner, and a very logical degree of understanding for those who will read the Words and see what a Treasure This Gift is to the world.**

**So much has been spoken regarding how important it is when you are created a human being, not just because of the talents you express,**

but through what it makes you think, how it addresses the importance of many things. The Gift of human life is beyond what it is seen to be, because it also has a Future, and that is with The Holy Trinity.

When We hear an '*Our Father*' or We hear a '*Hail Mary*' or We hear an '*Act of Contrition*' or any other prayer, We are happy to hear it, but We often say to the one who is speaking it, 'Remember what you have spoken and Who you called upon to hear you as an individual human being, and what you spoke should never be forgotten by you, because you have been gifted with the ability to either read or remember the words addressing All The Saints in the Heavens, and especially The Creator of All Things, The Mother that speaks much to you, and Many More Who you do not know.'

We hold this *little one* tightly because of the Power We have to use on her small body, her tired body, to deliver Words We help you to know. We give These Words to give you the strength to be example for all those who you meet, all those who you speak to, all those who you associate with.

**I will close, and Those Here with Me want you to know that you are Blessed by the Words that flow through so readily, so positively, and so full of Direction for the sake of your Soul.**

**I make ‘*The Sign of The Cross*’ and I say, ‘I am with you every moment of every day.’ Remember this.”**

FEBRUARY 3, 2006 AT 11:11 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I am happy to see that you remember that when you receive a Gift of My Divine Love, which you have just done, it assures Me of your innate love for this Gift that is of such Great Importance to Me.**

**I have given to the world *one little one* that walks, works, talks and expresses My Love for others. When I say ‘others’ I mean all degrees of mentalities in the human being’s way of accepting what is good, what is moral, what is practical, what is logical, and what supports the Importance of being a human being.**

***The little one* says, ‘Did I get It right, God?’ And I say, ‘Yes, you did, because it is My Love for you, My Trust in you that gives you what you have.’**

**Today, to most human beings, is like every other day, routine or habits that come frequently, but also an in-depth sensitivity to what is correct,**

right, moral, against what is opposite of each of these things.

**When I deliver Words through *this little voice*, I do it because I care and I want to share, and I want human beings of all degrees of intellect to know how close I am to them.**

**I could speak hours on this subject, and I would, but I know the time is of the importance in many factors you live with, in, for, for personal needs or to help others, or for the necessity of responsibilities you are subject to morally, mentally, psychologically, physically.**

***The little one* is always concerned in Every Word that is spoken that she does not hear. We All smile at this because We use her mentality, her desire to do the Will of The Creator, thus allowing others to learn from, to learn about, and to feel free regarding the fact that they receive notice that they would not suspect they have, automatically.**

**As I close My Words at this time, I say to all who will read Them: 'Remember that you were created for a Goal Greater than you know It to be. Let nothing cause you to walk**

**away or to stray on another theme of what you should be doing, practicing, or being a part of physically, mentally, spiritually.'**

**As I leave you, I thank *the little one* for her time that I use her to deliver to you My Love, Divine Love, because of the Importance of the Souls that yearn to hear from The Divine."**

FEBRUARY 3, 2006 AT 12:58 P.M.

## SEVERAL SAINTS

**“There are always Several of Us present wherever this *little one* is, because she has been chosen to assist and to be active in many things different than is ordinary to the human way of living. The Father has given her Responsibilities regarding certain facets, certain facts, certain parts of human life that she automatically adjusts to, even when they are serious of nature, of meaning, of background, and of productivity.**

**There are so many beautiful things that human beings have the privilege to practice, to be example of, and to be able to instill into others: morality, caring, consideration, and the ability to rise to and find success, even when it is not necessary, but feasible when the circumstances are present that make success a point of importance.**

**So many times children are not spoken to, and this *little one* We use is quick to see this, and promotes, permits, and partakes in a few Words**

that most times are unseen by those present, or are not really seen for what They give to the young.

Truth is a beautiful part of life. It gives happiness, contentment, even joy, because in many ways it depicts The Creator and How He Thinks, and How He Wills things to be not just available, but practical in the living terms.

There are so Many Saints Here in the Heavens that enjoy all that is taken care of when it is done with sincerity, and a desire to please rather than criticize, a desire to fulfill a gap that needs help.

There are so Many present all the time, and We All smile at Each Other, because We know that One of Us will speak through this *little one* and she will repeat Our Words according to how We direct Them to be, because she is always conscious and ready to assist where there is need.

We will close now, but as We do, We say: 'You were created with a Soul, and the Soul is constantly helping you in every way. Would not life be dull or unhappy without having a Soul to give you the strength in so many ways, but

**also as a Companion to your body and will?’**

**Remember These Words. They have been given to you so you will have the strength and the satisfaction of knowing that you have the strength to persevere, and you have the Divine Love in you to perpetuate The Father’s Will.”**

FEBRUARY 3, 2006 AT 1:44 P.M.

SAINT ALPHONSUS LIGUORI

**He's smiling.**

**“I am Saint Alphonsus Liguori.**

**I made My Name sound very loud to this *little one*, because each time I speak Words for her to share with others, she always alerts Me to ‘Be careful of Your Wording.’ I smile at this, because her exactness in desire for others to learn facts, logic, and sound points of not just interest but productivity when a Statement is to be made to serve, or to enlarge or to give strength to the subject matter.**

**We All enjoy speaking Words to her so she can pass Them on for others to see the value of, or the necessity of, or the practicality of, or the reasonability of. I smile when I mention these words.**

**You live in a time wherein education in different subject matters is prevalent, but there is one question on the importance of the subject matter: Is it feasible for it to be used in a scope of language that would**

present to those who would read it, advancement in logic, knowledge, perseverance, hope, trust; and, of course, is it feasible to leave those who hear it or read it, in a sounder state of ability to use it to a limit that would aid others to be able to speak in a more explicit manner?

**I know These Words are not what you are accustomed to, but there are so many things that could and would make what your tasks are in the work you have accepted, to be more advanced, but more suitable also, to those who want to learn more about it.**

**I speak These Words because I care, and I know you care, so it is important that sometimes just one word can give strength to a matter, a manner of acceptance and feasibility to change what is necessary to be changed because it will be more acceptable by many.”**

FEBRUARY 6, 2006 AT 11:56 A.M.

## OUR HEAVENLY FATHER

**“*The little one* I use felt I would not be present today, but I assured her I would draw her attention if I needed to speak Words for others to put into print for a purpose, a reason, and a consideration of what might be said.**

**In the Creation of human lives, much was considered necessary to fulfill the individuals to better understand, more fully comprehend, that in this Gift of human life, there would be much cause for speech, logic, and the ability to associate, to communicate, and to be able to stand strong in areas wherein the body and the mind would be received logically, socially, physically, mentally, morally, by others who would be present to hear or to see what *the little one* was told to do.**

**There are so many things that are important in every day’s living way, for human beings of all ages, all backgrounds, because of My Association, My Love for this Gift of human life that has in it, when it is**

**conceived, a Goal to return a Portion of it, the Soul, to Me.**

**I know My Words are not as you might expect Them to be, but I have spoken Them to reassure you, I am always available to you and for you, even though you do not see.”**

**FEBRUARY 6, 2006 AT 12:48 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**My Time with you is to help you understand that you live a human way of life by Divine Plan. Many times when you ask for aid, it is almost instant that Someone Here does not want to see your request not answered.**

**In so many ways, human beings do not fully understand how close they are to The Divine and that a prayer is always heard, because there is always the Soul of the individual available to be reminded and to remind others Here, that the little one or the big one or the important one or the average one — I smile at this when I say These Words — wants to be heard, wants to be helped, because of a slight fear, a slight need, or a slight hope.**

**A prayer is a communicative association. A prayer is a way of speaking out when need is necessary, help is necessary, or wanting to be sure of something or someone is necessary.**

**I could speak hours on how I want you to feel the strength, the hope and the Divine Love that being a human being causes you to exist in.**

**I smile at These Words, because you see, there is No One Here in the Heavens that is not ready to hear you, to help you. I promise you this because, do not forget, you have a Portion within you, your Soul, that is a Portion of The Creator of All Things, and the Soul has a communicative way of asking for aid. We see it all the time, and We smile at it because It was given to human beings for help and for things they thought necessary.**

**I will close, but as I do, I want you to know that all the necessities in human life were designed to give strength, hope, but also many other additives, giving to human life what it needed at certain times, necessary for certain comforts to be attained, and not just in the mind.**

**Human beings are Loved and have been since the Beginning of human life. Not only The Father loves you, but All The Saints in Heaven many times ask for help for you when it is needed, or when you request it.**

**I will close, but as I do, I bless you for the work you do to give strength to others that probably would never know what to say or how to say it, but you do.”**

FEBRUARY 7, 2006 AT 12:00 NOON

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**Each day that you live in the human way, always remember: You were created for a Very Special Purpose, Cause, Goal, for a Portion of you that would one day return to The Creator and have a Name added to your name, and It would be ‘Saint’.**

**I know I speak differently than you expect Me to speak, but it is to encourage you, and to help you more readily understand that your Gift in the human way was a Part of Divine Plan. The Goal was for a Portion called your ‘Soul’, that is a Portion of Who I Am; and then your body, that gave you the strength and the appearance to hold within it your Soul, was an Important Gift of My Divine Love that perhaps you did not understand, but it was designed to give you the way and the means to accomplish the end result for your Soul.**

**Many would not understand how I describe things, but I do it to help those who read the Words to more fully**

**understand how they were created and why; also, that in the Creation of human life, it was Blessed with Divine Love and Divine Plan, and nothing was to interfere with the Goal that It was to reach at a different time, a different way, Blessed with Divine Love for the Future of the Soul to be returned to Him another day.”**

**FEBRUARY 7, 2006 AT 12:33 P.M.**

**“There are Many of Us present because of the necessity of hopefully helping all of you to understand that stress comes along with many important issues, conditions, values, and even intimidations that are not always feasible, but natural for some to partake in.**

**I speak differently, but I do it because I know each of you present here, and more than you, are happy about This Gift in which so much is spoken, ensuring, assuring, and encouraging Words to be understood that give strength, hope in Them that otherwise would not occur.**

**You live in a time in which much progress is occurring. So much seems to be going faster than you would want it to go; but always remember, so many times things are allowed to happen by The Divine to help human beings of all ages strengthen what they already know, to aid them when it will be necessary to have this advancement for a particular reason,**

**purpose, consideration, motive, or to be able to comply with a change that is honorable and important.**

**I know to some These Words will be difficult to comprehend, but All of Us Saints Here in the Heavens are with you many, many times, and We, in Our way, desire to give you the strength to persevere so that morality and purity will reign for the benefit of Souls.**

**Each of you are known to Us, and more who are not here. This Gift has been given to support your presence, your willingness, and your desire to share Divine Love with your way of life and how you live it.**

**Never forget, The Heavenly Father blesses you, and you never know how strong the Blessing is, or how deeply moved Those of Us Here in the Heavens are when It occurs, because Our happiness is to share with you Divine Love, Divine Will. Remember this.”**

FEBRUARY 7, 2006 AT 1:19 P.M.

**OUR HEAVENLY MOTHER  
SEVERAL SAINTS**

**“I am your Heavenly Mother.**

**I come at this time because I see and I understand that *the little one* We use is not just sad, but troubled by things that occur that are normal to most; but for each human being she has been associated with, she cares as a mother would care, as a friend would care, and many times as Our Heavenly Father cares for those that He knows there is much sadness around.**

**Caring is an important thing, because it opens the minds of those around to sensitivity, to understanding, to beliefs, but also sharing something that is of great importance, regarding the life or the Future of the life when it dies and there is nothing earthly to help it show what it feels, it means, or what the Future that promises many things will accomplish for that one individual.**

**There are Several of Us present. We gather many times, because as you walk the way you walk, I speak**

to everyone present here. You share many things that others do not know about. The sharing gives strength to everyone, because sadness has a way of forcing one's mind to understand the dilemma or the caring that is no longer in a sharing state of mind.

**So Many of Us Saints Here in the Heavens understand totally, that when you accept a task of great importance, and you must share with others the responsibilities that help what is to be done, there is a sharing of the importance, but also the progress or the moves that must be taken care of mentally, morally, psychologically and physically.**

**To be created a human being is definitely a Gift of Divine Love, else why would it have a mentality, a sincerity, and all the abilities that are included in what every human being is capable of?**

**We do not speak often like this, but when We do, We too share All the Words We speak, and also what We have gone through. It is important, We All know this, that when a sadness has to occur, it takes its toll and it is never bliss, but it has the opportunity to**

**say what one feels is sadness to them, but it also depicts The Father's Love for the Souls involved in this act that occurs.**

**Before I leave you, I must say, 'I bless you with The Cross, because as I do, I know it will give you the strength to endure the changes that must take place.'**"

FEBRUARY 7, 2006 AT 2:33 P.M.

SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas.**

**Many of Us use this *little one* to speak Our Words that ordinarily she would not speak, because the subject matter would not have been her type of conversation; but today, Several of Us have been present where you are, and We have listened to many things.**

**We appreciate your human manner, interest, concern, happiness and joy, because innately it is help, giving you strength to continue on in your words, and in your memory, and in your caring, and in your love for The Divine.**

**There are thousands, there are millions of men, women and children spread throughout the world, and many close to you in distance and in homes that need What We have to speak through you because of the Souls that need the ones in whom They are, to fully understand that human life has a Goal Designed by Divine Plan, else It would not have the Greatness It has; because, in the human mentality, unless**

it was instilled by The Divine, it would not have the Beauty to say so many things that bespeak The Divine Way of Thinking, also the Understanding that The Divine is capable of, plus The Divine Resolutions to Heavenly Will that is Divine in an Exceptional, Formal Manner.

**Y**ou live in a time that in many ways has the ability to aid you, to strengthen you, to encourage you, and also, to give you what it would take to deliver the Messages from The Divine to human beings who otherwise would not have the privilege to hear Them, to read Them, to follow Them, or to adapt Them to their way of life, their living, their hopes, their dreams.

**I** could speak hours because of the importance of what I have spoken and am able to speak more about. I promise you, at another time I will add what I have not covered this time.

**Y**ou were Blessed when you were given the Gift of human life. This Blessing is beyond what you understand it to be, because in this Gift, it is the basic foundation for one day returning to The Creator of All Things

**and being a Part of What It is all about.**

**I close These Words, but as I do, I say sincerely to you, ‘Being created a human being is a Gift far greater than it is ever seen, but the time comes, and then it is an answer that is based on Heavenly Love.’ Remember this.”**

**FEBRUARY 7, 2006 AT 3:05 P.M.**

## **OUR HEAVENLY FATHER**

**“I smile when I say My next Words. I am your Heavenly Father, but when I use this *little one* to such a Major Degree because of My Love for human beings, I always smile when I see her struggle for the strength to be able to fulfill My Will, My Words, My Love, for others to be able to understand more indepthly, how close I am to them and to all human beings.”**

**FEBRUARY 8, 2006 AT 12:39 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**We often speak when you gather, because We understand your time and your desire is of important ways, manners and degrees. Trustworthiness is available, and in many ways you secure it in just speaking it, even when it is your way.**

**Every human being created should be aware of the importance of everything they think, say and do, and/or practice, because each thing marks the body, the Soul and the mind with certain rights, certain wrongs, certain possibilities that could occur.**

**The Gift of Divine Love is Greater than It is seen to be, because each human being is created. Within it there is a Portion of Who I Am, What I Am, and This many times returns words to Me that I am happy about, or sometimes not too happy about, due to the fact that there are many Souls included in what is spoken, and the results in what is acceptable.**

**I could speak hours on this, but as I close These Words, I want you to know: When you think in a pure way regarding what is right morally, mentally, spiritually, you please The Holy Trinity, and you please Many Saints Who hear you say, not this, not that, or this and that, and what you point to in what it means is important to what is heard by Us. Remember this.”**

FEBRUARY 9, 2006 AT 11:55 A.M.

**“*The little one* does not know until We get her very close to where you are, that We want her to speak Words that We dictate through her for you to put into print and to see. So much is misunderstood regarding her walk with Us and her time with you, or any other Gifts of human life, human living, that she meets with or is introduced to.**

**There are Several of Us present at this time, because We enjoy being where you are, playing a part in what you hear and put into script for a later time.**

**Throughout the world there are millions of human beings, all ages, but most of them do not fully understand the importance of how they think, they speak, and/or they address subjects that could be impure, unjust, and not truly feasible to be spoken.**

**I could speak hours on the difference, manners and/or means of discussion that in so many ways should be replaced by prayer and *‘Thank***

**You', and remembering that through an individual Soul they have the privilege to speak to The Divine, being recognized of who they are because of the Divine Connection that the Soul of them has with The Divine; realization of Who will hear what they speak, or what they will speak.**

**All I have just spoken is more than even I realized it was going to be, but it is so Important, This Gift of Divine Love that addresses so much to be put into script for others to read that otherwise would not have the privilege to hear themselves, or be able to read what We Will them to know, because of the Importance of their Soul that is a Portion of The Creator of All Things.**

**As We close here at this time, your time spent writing what you have written could help someone at another time see the importance of more fully understanding Our Communication with them."**

**FEBRUARY 9, 2006 AT 12:52 P.M.**

**SEVERAL SAINTS**

**“There are Several of Us present, because of the fact that This Gift is of Great Importance to all who hear It or write It or learn about It. It is a Gift far greater than It is seen to be, but logic should tell the human mentalities who hear about It, that only a Gift of Divine Love would be like This and have a purpose to give strength to those who hear the Words and who will write the Words and who will repeat the Words, because in the Words there is much to be seen, felt, recognized as important to be remembered, and many times to follow the path They decree is important to walk, to pray, to see.**

**We Here in the Heavens think so much for those in the living state who are yet upon the earth, following each day in the degree and manner they are capable of, or in many ways partake in what the day needs to be fulfilled for the mind, the Soul of one’s self, and for others who walk the state of being a human being.**

**We know We speak differently than you are used to hearing, but each time We speak, it is to strengthen the important portions, parts, conditions of being a human being morally, mentally, psychologically, physically, personally.**

**You live in a time wherein so much is and has been delivered, giving to a more standard of why you were created a human being: the intellect, the memory, the capabilities of doing so many things, the privilege of approaching new ideas called ‘advancements’ and many other things.**

**A Gift of This Measure, This Divine Love should be held in respect, earnestness and sincerity. I beseech you, remember what I have just spoken to you because of the importance of what was delivered.”**

**FEBRUARY 9, 2006 AT 1:32 P.M.**

**“There are Many of Us present because of the importance that goes along with, in many ways, being a human being; thus, through this manner of living, you are given the challenges, also the permission to walk in a manner of living that you will use all the abilities, the talents, understandings, and likes or dislikes in, for, and about.**

**My Words may sound unusual in putting It into this context of understanding. Yes, it is true what you think, but it is important when I speak this way, that I draw your attention to a more in-depth understanding of how you live every day physically, mentally, morally, psychologically.**

**Though there are many Gifts to human living, each human life depends upon the Gifts in a different degree, a different manner, not always seeing the fullness of what it will mean to one’s mentality, one’s thinking, one’s moral values, or considerations. The list is beyond what I would like to put into**

**print at this time, but the freedom of your will is a greater Gift, the freedom of your mind a greater Gift, and the freedom of how you accept or reject, or fulfill or dismiss many things that human life is capable of participating in, or adopting as a manner of practice. The list is endless.**

**Always remember, be thankful for being created a human being, and then allow your mind or insist that your mentality follow the logic in all you have learned morally, psychologically, mentally, that your physical is involved in.**

**I know My Words are not as you are used to hearing, but so much has been delivered to address important facts of how an individual handles Christianity, but also, being a human being with all its abilities of sight, of hearing. The list is endless.**

**I know I speak differently, but it is only to help more understanding regarding how you live, how you think, and how you understand that you are responsible for the Soul that is within you, that receives everything you think, speak, do, follow, et cetera, et cetera, et cetera.**

**Keep these things in mind. Your life will be happier and you will feel more peace of mind on all issues, because you innately will respond to the pleasure that you sense you are receiving from The Divine.”**

FEBRUARY 10, 2006 AT 12:07 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile because *the little one* waits for My Voice that she does not hear, but she knows My Presence the very second It appears. I tell her when I will speak Words for others to be able to read Them, because They are important Words based on Divine Love, Divine Willingness to support what human beings are capable of learning about and practicing, because of the Goal they are created to reach — Sainthood.**

**I hold *the little one* tightly, and the Power I use is very hard on her body because of how frail she is in many ways. As I speak to you, I pass It through her mind and her body. I smile at this, because she says, ‘I don’t think It’s in my body, God.’**

**I have given to the world a Gift Greater than It is seen to be. I have given It to give courage, strength, hope and logic in why an individual human being was created to know things, to**

**follow them, and to serve them in an ultimate force, source, caring way.**

**Every human being created by Me, allowed to be created by Me, is a Gift of Divine Love from The Holy Trinity. A child being born is a Gift far greater, because the child will one day, could one day be ‘a Saint’ for All Eternity.**

**I will close My Words, because What I have just spoken should be seen, should be heard, and should be accepted as a Gift in a Personal Way, of Divine Love from The Holy Trinity.”**

FEBRUARY 10, 2006 AT 12:36 P.M.

## MANY SAINTS

**“There are at least Seven of Us present. We have been with this *little one* for several hours, due to the fact that the Responsibilities she bears are all far greater than they are known to be, or ever guessed to be.**

**As We stand with The Holy Trinity, We ask The Heavenly Father to take care of her, to watch out for her becoming too exhausted. She says to Us: ‘I am not tired. I understand my responsibilities.’**

**We have come to say to those present, ‘You live in a time wherein there is much dissension in a manner and way that is not always feasible, unless someone is experienced in understanding such a degree of confusion, of mistakes, and of characteristics being made more important than they should be.’**

**All the words that can be spoken on important subjects always seem to be stressed out, stretched out, and delivered in a manner and way that does not describe their full importance**

or necessity or value or reasonability. Words are important to every human being created, because words not only speak to deliver understanding, but the sound of them repeats logic, and what a subject is beneficial for, or subjected to, or gives hope in.

The Gifts that human beings have been given are Gifts far greater than they are seen to be. The Gifts of language, first of all, gives to whomever it is within and able to be used, is never really shown for the importance, the value, or what it could do, can do.

Some hearing These Words may be upset, but oftentimes something so logical spoken can be a Gift of Divine Love, but not seen as that.

So, as We close These Words, We say to those who have had the privilege to take Them, 'We remind you to look at what is correct, what is right, what can possibly be a Blessing to your manner of living, or your sight.' Nothing delivered is to upset you. It is sometimes to counsel you, or to direct you, or to cause you to look deeper into what is best for you.

**All The Saints Here in the Heavens care about every human being created, because every human being can become 'a Saint'. Remember this. It is important."**

FEBRUARY 10, 2006 AT 1:03 P.M.

SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola.**

**It is always a happiness when We are appointed or requested to speak through this *little one*, Words that will aid or help or clear situations, conditions of anyone who might have the privilege to read Words We are appointed to speak about.**

**You live in a time wherein so many excuses are made, or questioned, or just adjust to the situations to keep peace where they are being used.**

**To be created a human being is a privilege beyond what it is seen to be, understood to be, because each time it occurs many Blessings go to the one appointed, and many words explaining many things. Each have a responsibility attached to them, but nonetheless, that is an important part of human life, human living, and it should be addressed in a manner and way of thanksgiving.**

**In the Creation of human life, so much was taken into consideration,**

**thus giving to human life cooperation in how it would be spoken about, or considered, or made an issue of.**

**I know Words like These may be difficult for some, but nonetheless, They are Words that give strength, hope, even courage, because many times when an individual must make a positive statement, they do not want to be alone; so, through This Gift where Those of Us Here speak, it is to let such as these are, the conditions I mean, the person knows they are not alone. It gives them the strength, the courage, and the ability to say what they feel is necessary to either correct, or conclude, or to give strength where it is needed.**

**I will close These Words, because My Words to some may be difficult, but if They are read correctly, They will be seen for what They are meant to be: help when it is needed.”**

FEBRUARY 10, 2006 AT 2:07 P.M.

SAINT ANTHONY MARY CLARET

**“I am Saint Anthony Mary Claret.  
(He’s smiling.)**

**There are so many things regarding subject matters that We could speak through this *little one* daily, nightly, on every subject that would cover important issues, conditions, and the facts that would give credence to a court announcement of what was decided upon.**

**We speak differently through this *little one* because of the many subjects she is responsible for, to, with. The list is endless.**

**You live where so little is mentioned on what is morally sound, morally correct, morally pleasing to The Creator. So little is spoken about the importance that is necessary to abide by moral laws, moral functions, moral discussions, moral attitudes, moral factors. The list is continuous, and should be considered more times than it is even thought about.**

**Some who read These Words will find Them out of their text of how they think.**

**Now let Me speak about The Commandments that were given a long time ago. *I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.* ‘Strange gods’ would cause a tremendous jolt of a lack of respect, honor, dignity. Each Commandment would have numerous things to think about that oftentimes are just ignored, thus just accepting words that seem feasible, acceptable and useful, and accompany how one lives in an ordinary manner, way.**

**Many who write These Words and/or who read These Words would question: ‘Why pick a subject such as this to think about, to speak on, and to give opinions of one’s feelings, understanding, and considerations?’**

**We hold *the little one* tightly. Her body is spent because of the weight of so many things like Words and What the Words mean, and the conditions for which the Words are spoken, plus the fact that you live in a time wherein so much immorality is accepted, no matter what degree it is placed in.**

**There are Several of Us present, and We use this time to speak to those who We know feel the Beauty and what a Treasure The Divine is to them in the human way, and in the Spiritual Understanding It projects.**

**Though All These Words are different, They are to give you who take Them, a feeling of what is important morally, mentally, psychologically, physically, spiritually, to the point where if judgment came at the next moment, would it be fair, would it be just, would it be something acceptable, or would it be a frightening condition of words that would give order to those receiving it, not just concern, but rules and regulations orderly spoken?**

*The little one* I use is upset over My Words, but We say These Words because each day of human life, an individual is faced with more situations and conditions than they realize, more necessities for judgment or justice or truth or facts to be considered.

**As I close These Words, I do it because I know that what I have spoken could be upsetting or could be difficult to cope with, but I spoke the**

**Words because there is an essential understanding and meaning for Them.**

**I have asked if I may bless those who have taken the Words, and I was told ‘Yes.’ *In Nomine Patris, et Filii, et Spiritus Sancti.* Remember, you are Loved by The Divine.”**

FEBRUARY 11, 2006 AT 9:38 A.M.

## OUR HEAVENLY FATHER

**“There are Many of Us present due to the fact this *little one*, used for so many purposes and important issues, has been put to tests that are very wearing on the physical. Her small body and her genteelness are always evident, even though others do not speak of them. She tries very hard to hide what shows. Even the tears she sheds are oftentimes hidden because of her innate desire and love for others.**

**This Gift has been given to the world to encourage, to instill, and to enlighten millions of human beings of all ages, for them to see how close I am to them physically, that I use *one* such as they are, so they will recognize I use a human flesh and mentality to show the importance of what I expect them to follow and to yield for the sake of their Souls.**

**I have given so many the help they need to persevere in the human way because of the Importance of their**

**Soul that is to return to Me another time, another day.**

***The little one* I use wants only to please Me because of What and Why I use her, and that is to help other human beings know how close I am and how much I care, so it must be also for them. *The little one* is a Precious Factor to so many things inconceivable to others to perceive, or to identify that they, too, have the chance to walk and to serve Who I Am.**

**I will close. My time with this *little one* is always spent to help others realize and understand, if I am close to her, then I am close to them.”**

**FEBRUARY 11, 2006 AT 10:25 A.M.**

**“Yes, We are always present, not always the same Ones perhaps, but different Ones so that We will be able to speak on What The Holy Father Wills Us to speak on, regarding the Soul that the individual is the custodian of.**

**The Soul is not understood to be What It is, because It cannot be seen, but the Soul is evident because an individual acts, speaks, or uses the human mentality in a particular way or degree. Even though the Soul is a hidden Entity of Divine Love, It is obviously present by how an individual expresses his or her thoughts, his or her likes and dislikes, his or her actions. The list is beyond what I have just spoken.**

**Every human being created is a Creation of The Holy Father. Remember this. It is a Gift of Divine Love that bespeaks so many things, and represents so much regarding the Soul of a human being.**

**I will close. This *little one* is always concerned that she will not**

**catch One of Our Words, because she sees Our Words as so important in helping human beings of all ages to more fully understand, more indepthly comprehend the privilege of being created a human being, and the Goal that the Soul will one day be with it in a Pure State of Living.”**

FEBRUARY 13, 2006 AT 11:26 A.M.

MANY SAINTS

**“There are Many of Us present because The Heavenly Father has Decreed This Gift for others, through *one small voice, one small individual*, due to the fact that for many individuals to learn more about how close they are to The Divine, will help enlighten them in a more serious vein of thinking regarding the privilege of human life and the importance of association with The Divine, communication with The Divine, and absolute dependence on The Divine, for the Soul that each human being is the custodian of.**

*The little one* always fears when We speak through her and to her, that she is receiving the Words exactly as she is meant to hear, to follow, and to share with many others. Her conscience is evident and her love for The Divine like an open book, to be seen, to be followed, to be understood, and to be accepted for what a Great Gift of Communication as This is, from The Divine.

**I will close, but as I do, I say as I smile to you, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'***"

**FEBRUARY 13, 2006 AT 11:53 A.M.**

**“There are Many of Us present. *The little one* was shocked when she saw so Many of Us.**

**This Gift you all take part in, is a Gift Greater than so many on the outside of where you are can realize It to be, because it is impossible for most human beings to recognize, even in just the Words, the importance of the Words, and the value the Words are for them to see, to follow, and to hold in an act of thanksgiving for their Soul.**

**It is important that as you live each day, you recognize the privilege of being a living human being, and also, the many abilities you are Blessed with, such as thinking, such as seeing, such as the sense of touch, and such as the Gift of remembering.**

**I will close, but as I do, I say, ‘Everything you are is a Gift, greater than the human mentality could create it to be; thus, logic says there has to be Some Thing, Some One, Some Connection to The Divine because of**

**the Gifts the human body and mind  
are capable of.'**

***In Nomine Patris, et Filii, et  
Spiritus Sancti. Amen."***

**FEBRUARY 13, 2006 AT 12:25 P.M.**

## **OUR HEAVENLY FATHER**

**“As you have been made aware of the importance of the Gift of wording, you have more indepthly understood what a great Gift this is, because it demonstrates or covers every portion of its meaning, its purpose, and why it is present, especially when it is put into the written scope of understanding.**

**In the beginning of the Creation of human lives, so much was considered important for the mentality, the understanding; and the sounds that would occur in the wording of it vocally, would increase understanding to the mind and to the body’s security.**

**This Gift, or I should say, these Gifts are what make human beings different than the animals are, and/or the shrubbery is, the trees are. The Gifts to human lives was well thought out in sound, in words, and in how it would represent things of logic, things that were created to have different names. The list is endless in these words.**

**As you read them, it is Our Will, Our Hope, that you realize, in the Creation of human lives, much was considered to give it the basic ways, knowledge, perception and purpose, for all there was for it to learn so it could act, think, and use the talents that were set with it to accomplish many, many, and much progress.**

**The world has been Blessed, and before I close, I want to say: If you were created as one of the first ones, you would not have had these Gifts, but being created when you were was a Blessing, thus giving to you not just more courage, but understandability regarding numerous facts of stability, of upholding what was correct, and what would give you the direction to follow in a more Spiritual manner because of your Soul that is a reflection of everything you think, say and do.**

**I could speak hours, and maybe someday I will, but I say to you on this day: ‘Be thankful for who you are, what you are, and the privileges you have to walk a path believing in all that is great, valuable, and truth, that was created to give you the Ultimate Source to learn about, and that is love for The Creator of All Things,**

**and consideration to This Creator, for perhaps helping you be created a human being.'**

**You are Loved more than you know love to be, because your love for a human being is nowhere near the Love that you are Blessed with from The Holy Trinity."**

FEBRUARY 13, 2006 AT 1:47 P.M.

## SAINT CECILIA

**She's smiling. She says:**

**“We hear the discussion you are having on so many important facts regarding the necessity for spirituality, the duty for which it stands for the Souls of many, many people, but also, how much is covered verbally by the Importance of what the Soul stands for, stands in, or abides by.**

**The beauty of discerning so many things is because one has the chance to use many words that they would not ordinarily use in discussing other situations or conditions, or habits or presumptions, or interest of what they would be talking about.**

**Today is an important day, but then tomorrow will be an important day; and also, every day in the past had an importance to it, in it, regarding your Soul and the way you would act.**

**Small children are not all being instructed in a way and degree discernible to their mentalities, because those speaking do not have**

the initiative or the sensitivity, or I would say the exactness in knowing what would be most beneficial to the mental of the individual standing there, wanting to know more.

Many of you who take These Words have heard many times, 'You live in a time worse than Sodom and Gomorrah.' Is that not so? There were many times in the past in which Sodom and Gomorrah was only one time that was remembered as being a time detrimental to the Souls of thousands, or even millions of people. When I say 'people', I do not choose all extraordinarily educated human beings, because many times an individual may have very little formal learning, but his or her sensitivity and understanding of what is pure over impure, just over unjust, hope over despair, love over hate, has more benefits to it than one could compare it to.

I will close, for I would like to speak hours, due to the fact that those who take These Words have the sensitivity, the earnestness and the sincere love for The Divine to want what is correct be correct, what is wrong be seen as wrong, what is a

**Blessing over what is just made-up excuses for wrongs.**

**I close, but as I do, I say, ‘Never forget you have the privilege, you have the opportunity, you have the sincerity and you have the Faith to talk to The Heavenly One in a manner of dignity and sincere sincerity on what you want to be heard as, because it is important for your Soul to be remembered in this state of living.’”**

**FEBRUARY 15, 2006 AT 11:46 A.M.**

**OUR HEAVENLY FATHER**

**“In the beginning of the Creation of so many things, they were meant to be, because they would be needed in a more practical setting for those who were to be created, would need.**

**The world has been Blessed, human beings have been Blessed, and much Instruction has been delivered through Whom, Who I Am, for the Purpose for which human lives were created, and that is to more fully understand the logic in The Divine Love for man because of the many talents, and the various means that a human being would understand, thus giving to human beings many assets that nothing else has or had.**

**You live in a time wherein I have decided to allow these things to be known, to give more security to human lives than it was ever shown.**

**I will close These Words, but as I do, I smile at those who take Them and I say, ‘Remember, I, your Father, love you for your service, your dedication, and your return of love to Me that you**

**show when you want to fulfill What I Want others to know, and you do it immediately.’”**

FEBRUARY 16, 2006 AT 1:00 P.M.

**OUR HEAVENLY MOTHER  
OUR HEAVENLY FATHER**

**“I am your Heavenly Mother.**

**I am your Heavenly Father.**

**We smile as We say through this *little one*, that This Gift that shares so much with so many, is indeed a pleasure when We hear the responses or the happiness, or the interest that each human being absorbs, and it gives to them a closeness to Us that sometimes they do not realize the measure of it, but oftentimes it is innately felt within them, a feeling nothing else could give.**

**Children throughout the world are not being instructed as properly as they should be regarding The Divine that is ready and available to them, so they can learn more indepthly what they have, to talk to and to use as a strengthening Measure of Divine Love.**

**When two human beings care for each other, the company of each other, the mentality of each other,**

it is important that they use these as times when they can express and seek happiness from the relationship. It is the same thing when those who walk the human way and they find that speaking to The Divine is a Treasure to them morally, mentally, psychologically, and it draws their attention to a stronger attitude and many more things.

**Y**ou live in a time wherein so many human beings, of all ages, need to feel the closeness they have to Those Who are yet in the Heavens, because it is important. That communication helps those upon the earth to know that they have the ability to communicate with Anyone they call, Anyone they name. It gives a strength that nothing else can.

**W**hen small children pray, it is sometimes done out of wanting to be like others. No matter what reason they have, it is important that they learn that communication that they have the opportunity to participate in, is readily heard by Someone in the Heavens.

**P**rayer is a Gift greater than it is seen to be, because it gives strength,

it gives hope, and it gives purpose to how an individual feels and leans upon Those in The Divine to give them hope when it is needed, strength when it is needed, companionship when it is needed, and yes, many times the answer to what is needed; not always the answer perhaps, but the fact of being able to communicate knowingly that they are heard when they say a prayer, or a prayer of request, or a prayer of happiness.

Needless to say, We could speak hours on this subject, because in the Creation of human life, the greatest Gift was that Gift in which The Heavenly Father, The Heavenly Mother, and All The Saints were available.

Now, when someone says they need aid, they need care, they need help, it is heard and it is accomplished or accompanied by some good, understanding that they really do not know all about it, but it gives hope, it gives what We would call 'a feeling of not being alone', and that is important many times to all ages of human life, human living.

I will close, but as I do, I feel you should know there were Several of Us

**in on This Particular Communication with you. Always remember, your Soul, your Guardian Angel is never without The Creator's Love for you."**

FEBRUARY 16, 2006 AT 3:19 P.M.

MANY SAINTS

**“There are Many of Us present. We promise you, We do not do this to spy or to ridicule those We are requested to be with. The main purpose for how We travel is to assist and to help secure in others’ minds, what is beneficial to their Souls, and their willingness to be able to explain to The Heavenly Father how important they feel regarding response to what is real morally, and in every way for the good of one’s Soul.**

**I know when We speak These Words, They are unusual sometimes for some to hear or to put into script, but We do this to give aid where it is needed when decisions of importance must be met.**

**We use *one little voice*. We also use her dedication to What The Father has assigned her to. Her gentleness is far greater than it is seen to be, because it is based on genteel manner, understanding, and desire to please.**

**I assure you, she could not speak These Words as I have just done, because she would not have wanted**

to open a subject such as this one. I assure you that when We speak, We do it out of respect for you, and also to give you the strength to persevere in what you know is morally sound and clear, and morally pleasing to The Heavenly One, The King of Heaven and The Heavenly King that loves you.

**As I close These Words, I assure you, *the little one* had no idea what the next Word would be, or the subject matter that you were just delivered by Those of Us Who care and are happy to know how you care about The Holy Trinity.”**

**FEBRUARY 18, 2006 AT 11:25 A.M.**

**“It is beautiful to see those who when they request a Gift of Divine Love, also take the time to say, *‘Thank You, Heavenly Father, for Your Gift to me today.’*”**

**There are so many times in a human life that are times that a response could be made, such as: *‘Thank You, God, I love You,’* or *‘Heavenly Mother, help me today to not resist or reject a Gift of Divine Love,’* such as just being able to say a prayer Their Way.**

**So many human beings of all ages, would find living each day more relaxed, due to the communication they would have in remembering the Names that, in most probability, are available to them.**

**Remember, in the Gift of communication, nothing has been eliminated that has sound purpose, sound reasonability, or would be a communication to be remembered, due to the closeness that communication**

**implants when it combines words that address a particular way.**

**I know I speak differently, but I do it because it sometimes helps to hear the importance of something easy to do, and it can be used as a prayer. All of Us Saints love to give Our Words, Our Aid, Our Support to those yet in the living state. It joins Us in a communicative manner and way.**

**Divine Love is a Love available every moment of every day, because you were created to use this communication in a very loving way.**

**As I close These Words, I do it only because I know that those who have taken the Words realize a Communication occurred for the one taking the Words, and the One delivering the Words. To Us, it is a Beautiful Gift beyond words.”**

FEBRUARY 20, 2006 AT 12:00 NOON

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**We All smile at this *little one* when she requests what she just requested of Us.**

**There are so many things that We care about, adding to your understanding, a deeper understanding of how close We are to you, for you, and with you every day.**

**Some might say, ‘If this is so, Heavenly Mother, why do we not hear You in a personal way?’ Many times you do, in how you think, but it is not as evident to you because of how I use My Time with you, because of how you must do other things, and keep in close contact with the importance of what you are capable and directed and requested to follow.**

**I smile when I say These Words, because so much has been accomplished through *one small voice* for thousands and thousands and thousands of human beings to more indepthly understand the closeness their life is to The Divine**

**in many ways, but also, the closeness is to give them the strength to not just endure, but to follow what their will says is good for their Soul.**

**It is rarely seen how Important the Soul is to a human life, because physically It cannot be shown in this manner. It would be a distraction and cause much concern, but as it is practiced in the manner We do it, you, in your way, are told of Its Presence and you believe it, thus making It a Communication Special to what We have with you. Remember this.**

**I will close, but as I do, I say one more thing: As you face each day, please do it in a loving manner and degree of giving a good impression to aid others to follow like you follow The Holy Trinity.**

**These Words are different We know, but it is to help you walk in a way and a degree to help others spiritually.”**

**FEBRUARY 20, 2006 AT 12:44 P.M.**

**“We smile when this *little one* requests your attention for Our Presence to be seen and to be accommodated.**

**You live in a very important beautiful time, wherein there is much more understanding of The Divine than in the past years, but what We find sadness for Us to see, to watch, are the things that are being practiced by thousands of individuals that are not equal to the importance of what attention to Our Way of Life should be.**

**The Heavenly Father is The One Who chooses What We must accomplish. His Will is to make things more readily understood because of the importance all things are important for. The Main One is the Soul, that Living Portion of Him that every human being is the custodian of.**

**To have some hear These Words is difficult for them because they cannot fathom such a close Association with The Heavenly King or with The**

**Love of The Divine, because when they pray, they do not pray with the understanding that Those hearing them, hear every word spoken, every move they show, and also, every thought they may contain.**

**It is sad for some individuals to bypass what is important, such as the logical understanding that The Heavenly Father and All in the Heavens would want a personal understanding to what to look for, what to reach for, because it is offered in such a beautiful manner for not just the Soul of a human being, which is a Major Part, but for what a human being is able to project mentally, morally, psychologically, humanly.**

**As I speak, there are Many Here with Me, and We are aware that These Words may be difficult, but They are Words of fact, of truth, and of logic.**

**The next time you are requested to see a baby born to the world, look at the baby for what a great Miracle occurred, and that that baby is going to be welcome as a human being by Those in the Heavens and Those Who walked as The Holy Trinity.**

**I will close My Words. I know They may be difficult for some to fathom or to comprehend, or to accept in such a light manner, but logic should openly say, the Creation of human living, human lives have a privilege. What the full privilege is, will one day be seen by those who reach that Point of Divine Love created by The Heavenly King.”**

**FEBRUARY 20, 2006 AT 1:50 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**There are Many of Us present, due to the fact that there is so much for many thousands of human beings to be instructed on the importance of the privilege of being created a human being.**

**Children are not being instructed on the importance of what they accept in their daily routine. Sometimes it is overlooked by those close to them, but this is important, because in their training and in how they, in their way, follow through on what they have learned to think, say or do, is evidenced by how they approach time when they are not with those who are close to them.**

**My Words I know are different, but They are being stated to aid those in charge of the young to be aware of the necessities that are necessary for the young to more fully understand responsibilities, and the necessity to practice them in the right manner, way.**

**Today is important. Tomorrow is important. There is no day not important to the life of any living human being. Granted, some days stress more emphasis on personal matters, conditions, facts, and what they are necessary for. Then, there are days that appear to be less orderly, and yet are days that must be morally, mentally practiced in a moral standard of thinking and in actions that are dignified in every way.**

**I could speak hours on this subject because it is part of the human manner, the human habits, the human feelings, and the human mentality; thus, logically saying that it is important to be able to understand the value of certain facts, practices, or needs of what one is approached with in every day.**

**I could speak hours, requesting that those taking the Words will help others have copies of Them, because there is so much laxness throughout the world regarding manners, or how an individual sees a day that is basically a Gift of Divine Love and has a purpose, a reason, and is available to be handled for the good of the mind, the body and the Soul, to be able to**

**be more logical in thinking, and in physical practice in the world.**

**I could speak hours on this subject, but it is a subject some do not want to hear. Some reject when I speak of it, and I am sorry to say, some have little care over the results of what they have accomplished in the daily manner of living.**

**I will close, but as I do, I pray that there will be some good accomplished from what I have spoken today.”**

FEBRUARY 20, 2006 AT 2:21 P.M.

SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**There are so Many Words I Will to write, to dictate because of the importance of what a word means when it is heard or read. It bespeaks a subject, and it allows thoughts to be thought about. A word like ‘yours truly’ means something when it is read or spoken, but the most important words an individual can cope with or feels indebted to, is when an individual says:**

*‘I love You, God. Help me to know what You Will for me to do.’*

**So many times when there is sadness in a home, or just in a manner of living alone, prayer should be seen and known for what it gives to the mind and the Soul. There is a degree of strength. There is a definite possibility for hope, but in the very words there is a relationship between the one who speaks it and the One appointed to hear it.**

**Imagine yourself as a Saint in Heaven and suddenly You hear a voice pointed in Your direction. Is it not so, as a Saint, You would be happy to be thought about, that someone remembered Your Name and requested Your aid, Your help, Your attention?**

**I speak These Words because of the importance of Them, not just for you who use Them, but for The Saints Who hear Them, because in this way, They are being called upon by Name to assist them in a worldly manner of whatever is necessary for Them to do.**

**You are Blessed, those who take the Words and those who use the Words. You do not see the Blessing nor do you feel It, but always remember, your communication with Any Saint in the Heavens is treasured by the Saint, because as a Saint, They enjoy sharing Their abilities with you.**

**As I close, I bless you for taking These Words and I assure you, They are Words of truth, of fact, and of hope for your Soul to earn the Grace that It will, through what you have just been requested or alerted to, to practice.”**

**FEBRUARY 21, 2006 AT 10:55 A.M.**

## **OUR HEAVENLY FATHER**

**“In the Creation of human life, I took much into consideration because of What I Willed human life to be able to possess.**

**As I speak today, I speak with much Love for human lives of all dimension, of background, and Faith in Who I Am, What I Am. Remember this.**

**Children are not being instructed thoroughly on the importance of their communication with Me, with Who I Am. A child has the ability to feel that the importance in what they hear is important to their way of life. So many times this is overlooked by those in charge of them.**

**I speak often through this *little one* I chose a long time ago. I gave to her in stages My Will to show. I could take this time a way, way back to a period of living that would shock many who knew her and who used to listen to What I Willed them to have.**

**I have made These Statements to allow those present and those who will read These Words, to understand My Love for them and why I speak so openly, giving them the reasonability of why I speak through *one small voice* at a time, because then My Words are well spent.**

**As I close My Words now, I promise you I will return with more for you to better understand how close I am to all of human life, and I want for them to understand, to be created a human being was and is yet, still All Designed by Divine Plan.”**

**FEBRUARY 21, 2006 AT 12:23 P.M.**

**SEVERAL SAINTS**

**“We come and We go. We listen and take the Messages with Us. We are All interested in What is passed through This Gift of Love of The Divine, This Gift that will help millions of human beings find the way to Heaven.**

**To some These Words may be difficult to believe, but in reality, They shouldn't be, because Words of truth, of logic, of Faith and of sound Direction, have within Them a Gift of Divine Love, rarely thought about in this measure and means, in this ability to aid, to comfort, to strengthen, causing people to believe in The Divine.**

**There are so Many Here in the Heavens that want This Gift to flourish amongst all denominations of human living, human lives, because in What has been and is being delivered, It is sound benefit for the Souls, but also the mentalities to more readily understand that in the Creation of human lives, everything was thought about to a degree beyond what the human mentality could perceive.**

***The little one* We use is subservient to Us, because she knows Our Love for all of human life is necessary. We use her mind, her body, her trust, and her ability to speak quietly and yet deliberately with Our Wording, for others to hear and to put into script so they will have the Words to remind them later on, of What Occurred.**

**We could speak hours on this subject and she would be happy to accommodate Us, but as I request All Here with Me to wait for a little later on, so you who take the Words will be able to more readily understand Our Love for The Divine is the Love We want you to have, because there is nothing greater to possess. Remember this.”**

**FEBRUARY 22, 2006 AT 11:53 A.M.**

**“In the Creation of human life, much had to be considered in a logical manner based on what a human being was gifted with in sound, and in the ability to use the sound to repeat words they would be entrusted with, because of the importance of words being a communicative practice for understanding logic in all areas available to the human manner of association that would give to the human mind the ability to use their mentality in many, many areas of communication, such as verbally and in script and in sound, and in the logic of what the words signified in subject matter.**

**The human mentality has been instilled with so many Gifts, because the human mind is that source of human life that gives to human life knowledge and the ability to think indepthly on many subjects in human life, to gain Sainthood.”**

**FEBRUARY 22, 2006 AT 12:23 P.M.**

**“We are All so happy to see you respond to Our time with you. As you suspect It to be, All that is delivered through This Gift is from The Divine Love, so that you will more fully understand how close you are to The Divine and how much stronger you can accept being close to Divine Plan.**

**My Words are not usual, but My Love for you is evident, because any time I am allowed to deliver Words that include a Saint Here in Heaven, I do it willingly, happily, and with much desire for you to be happy with It.**

**I am a Saint, and oftentimes I am in your presence because The Father has allowed it to be, knowing how much I care for each one of you, and especially since you are so close to The Holy Trinity, also ready to accept Words that are delivered that add to your lives, perhaps a different perspective than what you know it to be.**

**I will close, but I am happy to have been able to say the Words I have already given. *Thank You for this day.***

FEBRUARY 22, 2006 AT 12:51 P.M.

**“There are Many of Us Who stand by wherever We know this *little one* is, because her communication with The Divine is evident in how she understands things to be, and how she projects important issues, conditions, evaluations and promises. The list could go on and on and on.**

**Throughout the world there are millions of human beings who should have in their presence, the way to read what is important for their Soul because there is so little understood spiritually, morally, mentally, psychologically, on what the Soul’s Connecting Link is to The Divine.**

**Every human being is gifted with a Soul. The Soul is That Link that gives strength when it is needed, and also, delivers more understanding of what is occurring to a human being, other than the mentality of a human being is able to do, capable of handling.**

**As you live as a human being, you have days that you are happy with and you feel secure; and then there**

are sometimes that you feel a slight insecurity that you cannot recognize in its indepthness, but your mind tells you it could be a better day without whatever is occurring.

The human mentality is a lot stronger than it is expected to be. The human understanding oftentimes allows strength to be gathered for more strength to be established to aid the individual in what is occurring with them, for them, because of them, or to help them in a different way.

All of Us Saints Here in the Heavens want so much to be able to talk in the language that is understandable, but We find sometimes We become so involved that We speak differently, maybe more emphatically on subjects that, in the living state, are not necessary at the time We are talking.

Each human being created is a Gift of Divine Love, to The Father, by The Father, and yes, to one day be returned to Him Forever.

The Beauty of human life, the Importance of human life is far beyond what it is known to be, or understood to be in any language; but before I

**close, I beseech those who take the Words, those who will hear about These Words or who will read Them on their own, be aware of a Blessing you were granted when you were created a human being. It had a Purpose, it has a Goal that nothing else in living conditions or manner is gifted with, but the Soul is That Mark, That Spot, That Gift, that unites the living human being with The Divine.**

**This may be difficult to understand, but it is a Fact, because in the Creation of human lives, The Heavenly Father put things in such an important way, degree, understanding and Goal, that there is a Gift for the Soul. I beseech you, remember this.”**

FEBRUARY 22, 2006 AT 1:11 P.M.

**“We All smile because We are sorry to interrupt this *little one*’s habit of eating, but it is a joy to be with her and all of you.**

**Though it may be difficult to believe, to understand or to fathom that so Many of Us speak so readily for you to put It into print for others to read, in the Heavenly Way, the Heavenly Manner and the Importance of being a Part of It, there is so much We are allowed to participate in. Even sometimes when someone asks for aid, we comply immediately. The Father, when He gives permission, it is because He is full aware of the whole condition necessary. The circumstances that seem insurmountable, He is aware of.**

**You have been given the opportunity, the chance, the privilege and the ability to copy Words that ordinarily would not be your way of writing or describing certain things occurring, but since you have been Blessed in this degree and way, Many of Us Saints Here in the Heavens**

**thank The Holy Father, The Heavenly One, for what you have accepted, because through the Words you write, others will be able to understand conditions, situations, occurrences and Communication that ordinarily would not be available to them.**

**Some might ask the question: 'How come they know now and did not know before, that this can be done because of Our Heavenly Father being able to do all things?'**

**We All smile at this, because it takes initiative. It takes sincerity and it takes the willingness to partake, but it also takes an interest in what an individual can handle in the human way, in the mental acceptance of Facts that are not theirs to think or say.**

**I will bless those who take These Words and all who will read Them, because even though you are in the living state, much passes through those in the living state that cause a condition to be needed when they are not understood in the right way.**

**You are Loved abundantly and this Love proves your Faith to Us, because you automatically respond to**

**accepting what We sometimes request you to know. Is that not so?**

**Remember, The Father's Love for you as an individual human being, is not one like you receive from a relative or friend. It is a Gift and a Communication of Divine Love for you from Them."**

FEBRUARY 22, 2006 AT 1:47 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**I, and Many Here in the Heavens with Me, appreciate all you do to help others more indepthly understand the importance of what so Many Saints are practicing openly, thus instructing in those who will read the Words, Their Opinion, Their Trust, Their Love for those who participate in giving to others Words that will encourage those who read Them, to see the importance and the value and the love that can be stated when One feels so strong regarding Their experience with The Divine.**

**Now, some who read what I have just spoken may not fully understand right away the point I am trying to give them, but it is to help them see the beauty in relationship through Words that mean so much, and are capable of giving direction, hope, understanding, and availability so that someone wanting to address a subject that they want to show so much is meaningful, they have the opportunity to use**

**Words they would not have thought of themselves.**

**I know this may sound difficult for some to understand, but the very reality of so much being delivered should tell those who read the Words, the availability to describe facts, concerns, and love for The Divine.**

**I will close, because I could speak hours on what a Beautiful Gift such Communication could give to those yet in the living state, but also for Some Who are living in The Divine; the Life different, but always available.”**

FEBRUARY 22, 2006 AT 2:21 P.M.

**“There are Several of Us present. It is why *the little one* finds it difficult to remove where she is at now.**

**There are so many things We could speak about that would help individuals to more fully comprehend the value of being a human being and the necessity for everything considered to be important for each human life to understand the value, the Purpose that a human being has in being a human being, because in the Design of human lives, much more was given to it than was seen or felt.**

**First of all, the one thing that should help you understand this Statement is the mind. When the mind is thinking or dwelling on a subject, you don't feel it in a physical way. Is this not so? You feel it as partaking in something that is occurring, something that you are sensing that you should be aware of. Is this not so? Yes or no?**

**It is important, because in the Creation of human life, so much was taken into consideration, so that each**

human being would be able to handle the mental, the physical, the Spiritual, and the necessary facts in which human life would be involved: the body, the nails, the feet, the arms, the chest, the eyes, the nose, the mouth, the neck, the back, and yes, many more that you are aware of just by being a human being.

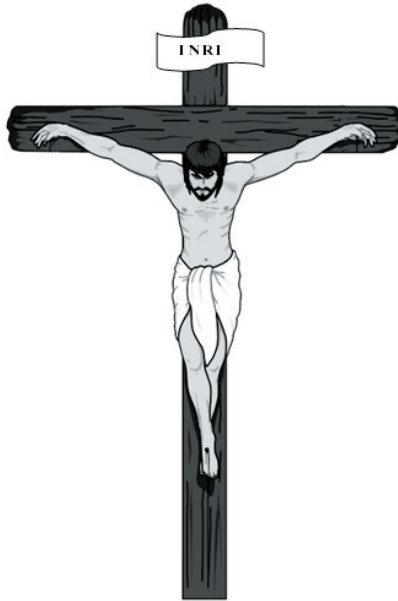

Were not these all important factors of being a human being? Then, would there not be a very important Fact for a human being to see that a Goal was set for the day to come that the Soul would remain and follow through with what It was created for, to do?

I could speak hours on this beautiful subject, because so many times it is ignored and only what a person thinks about, or feels they understand, do they use as the final, firm important Gifts of human living, human life. There is that One that I just mentioned. Remember this.

Also remember, to be created a human being has a Goal in it that nothing else created has, except of course, Subjects of The Divine and The Angels in the Heavens, but remember,

**you were created for a Purpose, but also for a Goal. The Purpose was to help others more fully understand that there had to be a Divine Creator for all things to happen in the manner and way that was correct and different than anything else you would have.**

**As I sign My Name to this paper I have just given you, I sign it with The Crucifix and say, ‘You were created by Divine Love and you are to return to Him that way.’”**

**FEBRUARY 23, 2006 AT 11:43 A.M.**

**“Every day, what are the first thoughts you have?**

**Do you remember to thank The Heavenly Father for the time that you will be able to live in a human way, with all the Gifts of human living at your side, available to you; within your mind, available to you; or in your desire to do many things, available to you?**

**Is not the Gift of human life a Treasure, because It is communication that, without life, you would not have?**

**Life gives to human beings a standard for living, but also, all the Gifts that are necessary for human association, and abilities of many subjects that nothing else could be the protector of.**

**The Gift of human life is far greater than it is seen to be, because in its very creation, it instills the abilities to see other things, other places, other people; and then, the sounds it is able to comply with, discernment of how to**

**communicate, thus giving to human life a Blessing beyond what it is seen to be.**

**There are so many Gifts that are available to aid what every individual can use: the very ability to have sight, the ability to hear, to smell, and to feel strength to a degree physically, that allows the body to be used for a multiple amount of energy, thus giving to the mind also, the privilege to know so many things and to learn more than can be imagined to be.**

**Does not logic bespeak that human life is gifted by Divine Love and only Divine Love, which gives to it a Blessing that nothing else created would, or could, or would know how to?**

**Always remember, at the birth of a human life, it is based on Divine Love, Divine Hope and Divine Intervention, helping it to be able to do so many things. Plus, does it not in any way not tell the individual that there is a Goal for human life, Special, also Greater than they could comprehend It to be? And that is to one day be in a Place that had the privilege to create all the Gifts to aid a human being to feel the**

**advantages of hope, understanding, progress, and a Blessing named 'need'.**

**Hours and hours and hours could be spent on discussing, defining, and remembering that to be created a human being is a Gift of Divine Love that nothing else has in its full degree to be able to be used, giving to human life many Gifts beyond what any other thing created has. Hours could be spent on what a Beautiful Gift human life is, and that it has that Goal that nothing else has.**

**I will close, but as I do, I say to those who will read These Words, 'Remember, you were created to return to The Creator what you used your way of living life was for, and that was and is to serve in thanksgiving for being gifted with a Soul.'"**

**FEBRUARY 23, 2006 AT 1:18 P.M.**

**“There are Many of Us present due to the fact that We are associated Personally with Many Saints, and We All know how much They want all of you here and thousands of others in other places to one day, when the time comes, will be announced ‘a Saint’.**

**A Goal such as This is what The Father created things to be. Just as you want progress in how you live, you will want it when the time comes and you can no longer breathe as a human being, but always remember, at this particular time, you will be known as ‘a Saint in Heaven’. It is worth all you can do to make this occur for That Portion of you, because your Soul is looking forward to be called ‘a Saint’.**

**So many, when they see or hear These Words, find it difficult to understand such a Happening that could be for them, because they did live in the human form and they did have goals to reach according to their background or their mentality or their desire to**

**do The Father's Will as they knew it possible to do for Him.**

**Throughout the world there are millions of human beings, some male, some female, some up in years, and some very, very young, but in each human being there is a Gift of Divine Love. It is a Soul. Without the Soul in being a Part of human life, human life would be like animals. Remember this.**

**The Gift was thought out thoroughly, the Logic purely, and the Love from The Divine so close to how they live, how they feel, that it was important to see that other human beings knew about this.**

**I speak differently, I know, but We All do when We know the Messages We ask to have put into print are to give strength, hope, direction for the Souls that are yet to be released at the proper time and be in Heaven.**

**Needless to say, what I have to say is endless because of The Divine Love that is so evident when it comes to a discussion on what is good, what is right, what is best for the Souls of human life.**

**I will close, but as I do, never go one day without understanding that you are a Gift of Divine Love, and The Father waits for you in Heaven.”**

FEBRUARY 23, 2006 AT 2:16 P.M.

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“Yes, there are Several of Us present. We have crowded around this *little one* to get her attention. We All smile at how dedicated she is to the value of truth, logic, sincerity, hope, and the Spiritual that she is consistently aware of, in spite of what occurs to her or wherever she is.**

**A long time ago, when this *little one* was approached for certain definite conditions We Willed her to follow, she accepted without question, but she did have a statement to make: *‘Please help me when I need help, and please give me the strength to endure the Power You Are, because my body is not that strong.’* We All smiled at this, because she is ever conscious of Our Presence, but also what We Will her to speak and to know, thus being able to give to others the Information We deliver through her because of the importance of how human beings should follow Divine Role, Divine Rule and Divine Abilities, because of the Importance of Souls.**

**We** hear so many individuals, of all ages, speak once in awhile on what they want to use as communication with Us. This of course is of importance, but oftentimes they stress only how they see it in their natural understanding of communication.

**Ask yourself:** Can you remember a prayer? Of course you can. And do you enjoy certain prayers? Of course you do. And do you not want to be heard when you say a prayer that would be natural for you, logical?

**Today** as I speak These Words, it is to give to some who take Them and some who will read Them, the reasonability that We hear what you speak and We know how you feel by your actions, who you are with, and your manner of doing things in a personal way or when it affects someone else.

**Children** are being misled in some ways. All a parent or a custodian does, the child is learning from, learning about, and yet there are so many things missing in the relationship. That is why sometimes a child reverts back or walks away, because it is not comfortable for him or her to stay. The circumstances are difficult, not

reasonable, and not warm in how they are treated in any way.

**I** know to some who take These Words, what I speak and what All of Us Here speak, because it is not what you are used to hearing, but you live in a time wherein so much is dismissed, being ignored by a lack of understanding.

**N**ow I will speak differently. When you awaken in the morning, would it be too difficult to say *'Good morning, God; I love You,'* knowing that you mean what you are saying, and then taking each time during the day and use it as if I were present every moment of every day, present for you to see, present for you to make a remark to? Granted, I may not answer you, but your Soul would contact Me. I promise you this.

**T**hroughout the world there are so many ways to communicate with Us Here in the Heavens. There are no doors to Where We are. There are no firm closed spots of any kind. We are available to the sound of your voice. We are available to you as an individual, because the Soul you are the custodian of, is how We live, the way We live, and the Purpose for which We live.

**Sometimes a Soul will speak to Us and say, *'Help them, please, to know the Soul wants to be understood and wants to live a life dedicated to what is morally sound, but also Heavenly in a way and manner that nothing else counts.'***

**When you find something that you enjoy, and you enjoy having it or using it or just knowing it is there, Here in the Heavens that is close to Our Way, because We are aware of your presence upon the earth, and when We hear, it helps Us to know that you care, but also, to know that you share with Us your sincerity, your understanding and your love for The Holy Trinity.**

**I will close My Words. There are Several Here, and We All smile and say: *'Always remember, to be created a human being was a Gift of Divine Love, because within this Gift, there is a Soul that cares for you. So, We have come to beseech you to always remember your Soul, even when you think of Us.'***"

FEBRUARY 24, 2006 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I know My Times with you cause you to act quickly and observe intensely sometimes on what I am speaking about. This is important to Me. I am your Heavenly Father.**

**I hold *the little one* tightly, because sometimes when she is requested to be able to speak What I Will others to know, she tries very hard to have It be perfect so when the Words are read at a later time, there will be no wrong in Them from her.**

**I know I speak in a manner and way different than you are used to hearing in your time and day, but My Love for human lives has never ceased or never diminished in any way, because in the Creation of human lives, so much was intended for them to be able to one day receive, and yes, be Here in Heaven.**

**There is a Heaven as you hope there is and feel there is. It is important that you understand that**

**We Here in the Heavens want you to return your Soul to Where We are, and I, to Where I am.**

**More should be spoken on the importance of purity of the mind and the body for the sake of the Soul that is to one day be the receiver of a Place in Heaven.**

**Needless to say, I could speak hours on this subject. It is so important for millions of human beings to understand that in the creation of them, there was a Goal based on Divine Plan.**

**I love you when you serve Me. I love you when you use your time to help others more fully understand My Blessing goes in a manner and way you do not see, but I assure you, It is to give you the strength, the courage, and the ability to walk the path of the human way to serve The Divine, My Way.”**

FEBRUARY 24, 2006 AT 12:20 P.M.

**“I feel I should tell you, *the little one* is being held in a very deep ecstasy that does not show to you, but We Here in the Heavens are familiar with it, and We smile when it is how she has been used.**

**There are so many things you learn about through This Gift, and They should be passed on to others who do not have the privilege to be where you are, to think like you think, or to act like you act.**

**Children are not being instructed thoroughly on their closeness with The Divine, because if they were, there would be less wrong being acted out morally.**

**I will close, but as I do, I say, ‘Always remember, as you have accepted the responsibility where this *little one* is, the responsibility was given to help you be stronger in how you live, how you think, and how you respond to what is good.’**

**I could speak hours, and some day I will, but as I close at this time, it is not a closing, it is just My leaving you until I return to speak more on what you have just been spoken to.”**

FEBRUARY 24, 2006 AT 12:47 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**We All smile when We announce to this *little one* We would like to speak to those who are with her and have Our Words put into print for others to read.**

**In the Creation of human life, The Heavenly Father was aware of all things necessary to give to human life everything that would be needed spiritually, mentally, physically, because of the importance of what human life would request to occur, and the individual would be obligated to do what was requested of it.**

**When it was announced that ‘someone’ had a Gift wherein the Spirit of an individual would speak or act or project what He or She felt would be beneficial for the individual hearing This, to help someone or many people use What was being delivered, either morally, mentally, physically, or spiritually. I could add more to this list.**

**What is oftentimes sad for Us Here in the Heavens is to see certain men, women and children, of all ages, not understanding the importance of believing in so many Beautiful Things, such as there being a Heavenly Father, a Heavenly Mother, and then All that is connected to Them, and All The Saints around Them, too Many to mention at this time.**

**Some may ask why there is so much being delivered through This Gift of Divine Love. I assure you, it is being done for a Great Purpose, a Great Reasoning, and basically a Gift of Divine Love, because it would be difficult for human beings of all backgrounds, all degrees of mentalities to act out important things that they would have no idea of what it contained, or sometimes no purpose for it in their life to be remembered in any way.**

**That is why it is so urgent that All that is delivered through This Miracle of Divine Love, and It is a Miracle, that so much can be transmitted that has worth in It, purpose in It, reasonability in It, and Divine Love in It.**

**I will close, but there will be more on this at a later time.”**

## SAINT ALPHONSUS LIGUORI

**He's smiling. He says:**

**“Yes, I am Saint Alphonsus Liguori. You may speak My Words, *little one*, as I am happy to speak Them to aid those with you and those who will read the Words, to a more understanding manner of thinking of the Importance of the Soul they are the custodian of.**

**Every human being has the privilege to do many things mentally, physically, and with every portion of their body that has strength to accomplish what is necessary to be accomplished.**

**We speak differently at this time, because *the little one* We All use is ever conscious of Every Word We speak, and she wants It to be all good.**

**Each day that We look into what is occurring in how you live, it is different than when We lived in the human way, but different in concept, in certain understandings, and in what practicality was to Us versus**

**what it is to you. Generosity also has a difference in what it is generous about.**

**All These Words will be understood, but Our concern is, will They be treated as signs to watch out for, and make judgment more presentable, or more capable, or more encouraging?**

**I will close, but I will return because I am concerned about what is called ‘the new manner of living’, ‘the new thinking about living’, and what connection it has to sound moral views.”**

FEBRUARY 24, 2006 AT 1:55 P.M.

**“There are so Many of Us present, it would take *the little one* a long time to cover the list.**

**A Gift of This Measure, This Importance, and This Love for The Divine is Special to All of Us, because It gives Hope, Strength, Purpose, and It instills in Us the understandability that to walk as We walk, and to present What We represent, is a Gift Greater than We realize It sometimes to be.**

**This Gift of Divine Love in which so Many are involved, has an Importance in It that is inconceivable to the average mind, or situation of most people.**

**Children should not be omitted from This Gift, because children need the strength a Gift of This Measure gives. Granted, they must learn to treat It with respect, with honor, and a certain degree of not using It loosely for It to be criticized in any way.**

**There are so many things We All like to put into script to preserve,**

**or to aid, or to show Our Love for It, but since We have been with those of you here, We have learned that your conscience and your desire to do things in a manner feasible, acceptable and sincere, so as I close, I say: ‘Thank you from Our Hearts, because there are Many of Us Who are able, capable to serve in This Gift, and We are ready to do it. Thank you for the privilege it is.’”**

**FEBRUARY 24, 2006 AT 2:29 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I have come on this day to tell you how pleased The Heavenly Father is for all the effort it takes for you to do so much to aid those who request help, but also those who, in their way, need your direction and All you put into script for them to read so they will have a better understanding of what is expected of them, for them, in them, Divine Way.**

**At this moment there are thousands of human beings throughout the world who need What you have, but to tell them this, many would not understand, because to accept a Gift from The Divine takes an innate understanding that in The Divine there is always some Caring; but many do not understand what a privilege it is for Them to speak These Words, and for Them to want to fulfill what They feel will give you strength and more ability to do The Father’s Will.**

**My Words are not like I usually speak, but I want you to know, All of**

**Us Here in the Heavens are so pleased when you take the time to use Us, and give what We say to others, because your intentions are so supreme, so honorable, and in many ways, based on Divine Love, your way, through your will.”**

**FEBRUARY 24, 2006 AT 2:56 P.M.**

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“I am your Heavenly Father.**

**It gives Us All so much happiness to be able to work with you, regarding others being able to learn so much that is delivered for the good of their Soul.**

**Some individuals may not understand this Statement, but it is obviously a Statement that gives hope, gives thanks, and tells how important it is to remember The Divine, and also, to remember the Generosity that is allowed, to cover facts, interests, and hope.**

**I could speak hours, but I know what I have spoken will help a lot who read It, because so many individuals almost fear asking for help, very concerned that We will not be happy with them, but I assure you, Our Will is to do The Father’s Will to aid the Souls of many, many people because, do not forget, the Soul is a Dependent Character of Divine Love on the one**

**in whom It was placed, and also, those who know him or her.**

**I close this with a Blessing, and I repeat: Every Word that gives a desire for something good to occur, is a Word Blessed by The Holy Trinity, and also by Those Who care.”**

FEBRUARY 27, 2006 AT 11:25 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I come on this day because there are so many things, so many ways, and so many times that I want to speak openly to big groups of individuals, to large groups, because what I have to speak is for the benefit of their Souls.**

**Some individuals have no concept that within them they have a Portion of The Creator of All Things, and this Soul wants to be the recipient of All that They can help with in aiding important facts, conditions, situations, privileges. The list is endless.**

**I hold *the little one* tightly, because I allowed her to see how I would pass out Words on paper that were to give other people a new lease on life, a new look at life, and a new desire to please The Holy Trinity.**

**There are always Many present wherever This Gift is, because in This Gift of Divine Love, there is an immediate Communication with The Divine. *The little one* is spoken to**

many times, in many ways, for many reasons. She is told when to pass on to others what We Will them to share, to know, or to be able to use in how they respond so that others will latch onto This, and see the importance of It.

There are Many of Us present, and We All smile at this *little one*. She does not like to be called '*the little one*', but in comparison to Our Size, it is almost evident We would speak in this manner of Words. We smile at her obedience, and We cherish her love for The Divine, because as she is used to transmit, transfer Words We feel will give you strength, purpose, hope, energy, and more in-depth understanding regarding what a Treasure human life is, and how it can be helped to respond more readily to what is expected of it.

As I close My Words, I do it because those who work in the way you do, have the privilege to share with others, Divine Love in a Personal Means. The Words alone draw attention, but the Blessing is to give strength to the purpose and to the Soul that you are the custodian of, for yourself, and for others you use to

**aid what you know is True, but also to supply to others, The Father's Will."**

**FEBRUARY 27, 2006 AT 12:46 P.M.**

**“As usual, there are Many of Us present, basically to support those who desire to please The Holy Trinity.**

**There are so many factors that human beings of all ages must face and must look into indepthly sometimes, regarding the fact that they could be beneficial to one’s way of life, of living, of practicing particular habits, but there are those that could be detrimental. That is why it is so important to discern what is in evidence suitable, and basically supportive of what you are requesting it for.**

**There are so Many of Us Here in the Heavens that constantly request The Heavenly Father, permission to aid those yet upon the earth, in degrees We feel would help them morally, mentally, psychologically, spiritually, and yes, monetarily; even that.**

**The Heavenly Father smiles and says to Them, says to Us, says to every time it is requested: ‘What tactics are You going to use? How much truth**

**can You gather that will be fitting for the subject matter, and do You want a claim for this Here in the Heavens, or will those who are receiving Your prayers be the ones to receive Your Blessing that You request to aid, to help?’**

**We All smile at this, because the Souls of millions of human beings are oftentimes anxious to help some conditions, some purposes, some needs, and so many other factors in human lives that need some support.**

**Justice is a beautiful word. It makes facts favorable, suitable, and more convincing, helping certain individuals to support facts because of their stability in what they show to be.**

**Now, let us take an important subject: communication via the prayers to The Divine and to All The Saints. How many individuals see the value of those? We smile, because there are Several of Us Here. It seems easier for so many to just characterize One Name, One Body, and ignore All The Others at this particular time. I smile when I say, ‘What if That One Body**

**was so busy and had to delay what you wanted to say?’**

**So Many of Us Here in the Heavens enjoy these times, because it is so beautiful to see human beings make a point of wanting to do something associated with The Saints.**

**Please believe Me when I say, ‘It is Our Wish that every human being created and is yet in the living state, would take the time to aid, to comfort, to support and to encourage attention in the right direction, wherein it would show success in a large sort.’”**

FEBRUARY 27, 2006 AT 2:52 P.M.

**“There are Several of Us present.**

**There are so many things, subject matters, that We enjoy sharing with you, because as you have taken on responsibilities that in many ways supports important Words on The Divine, also all of the conditions, situations that the human mind is capable of discerning, helping an individual more fully understand an in-depth Statement from The Divine.**

**I know I speak differently, but I have been trained to do this, and so have Many Others Here, because of the importance of Communication that We have been enlightened to deliver to those yet upon the earth, to give them the strength and a deeper understanding of how they live, and the Purpose for which they were created at another time, but also to support Divine Will’s Plan.**

**So few individuals fully understand that the greatest Gift they are capable of is to be aware of Divine Plan, because It has so many areas**

**in It that enlighten the mentality to be more ready or fully understood regarding the Soul, the mind, the Goal for which the Soul will return one day to from Where It came.**

**The Soul is That Portion of human living, human life, that will be That Portion of physical that will be the Memorable Part to a great degree when the time comes and the body, in some ways, sleeps in a way and manner, degree finalized, because of the Soul that will remain Forever and ever and ever.”**

MARCH 1, 2006 AT 12:41 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There are so many times when I hear you pray, I want to thank you in My Way. Prayer to Me is so important, because it confirms a communication that you have with Me. I listen to every word and I thank you for sharing what you feel, what you know, how you think, with Me.**

**When you speak a prayer to a Saint Here in the Heavens, I smile when I say My next Words: I listen to the prayer and I thank you for it, because it proves to Me that you care about the Beauty of being in Heaven.**

**So much could be spoken by All of Us Here, but We know that you have other things to think about, to do, and you have the responsibilities to accomplish many different ways in being a human being alone; so, as I close My Words today, I bless you and I say, ‘I love you because you help Me to more better understand what a privilege you feel in how you walk, how you live, how you think, and this**

**gives Me Hope for your Soul that one day will be Here Where I Am.’”**

MARCH 2, 2006 AT 12:52 P.M.

**“There are Several of Us Saints present, because Many of Us know this *little one* that We speak through to reach others that We know, will be happy to hear from her what We Will them to understand for the sake of their Soul.**

**You live in a time when there is so much indifference to what is occurring, what is spoken, and what individuals claim to be important. You live in a time wherein all ages are not sharing in the same measure of beliefs in what is correct, what is impure, what is just, what is unjust. The list is endless.**

**Though you hear many times individuals speak of prayer, in many cases they are not describing themselves. They are describing what they heard about or what they have possibly seen others do. In many ways, prayer is not the most spoken Gift of Divine Love, because so many times prayer is taken in the wrong concept of what it is all about.**

**Throughout the world there are millions of human beings who sometimes pay more attention to the practical portions of life, thus ignoring the Spiritual portions of life, of living, and what spirituality really benefits them with, for, on, and in.**

**When We hear some children learning prayers, We oftentimes wish that the adults teaching them would emphasize the importance of the prayer to be a continuous thing, because so often when a prayer is learned by the young, they omit it until they think of it again, which is oftentimes quite a length of time in between, and of course, the reason to remember the prayer is not always seen the way it should be.**

**I know My Words are different than you usually hear from Me, but I beseech you to be aware of that communication with The Divine, because that communication will give you strength and remind you of the Importance of the Gift that you were given when you were created a human being.**

**I will close, but as I do, I sincerely hope that what I have spoken will help**

**you to more indepthly understand that as you walk in the world in the human way and you associate with many human beings, never forget that Those Saints that you know of, were once in the human way, and now They have been Blessed in a Higher Plane. I beseech you, remember this.”**

MARCH 2, 2006 AT 1:45 P.M.

**MANY SAINTS**

**“We smile. We have come today to synchronize important facts, conditions, situations, beliefs, practices and understandings.**

**There are Many of Us. We smile at this because The Father, in His Love for human life, has allowed Us so many times to participate in times such as you are experiencing now. It is always a joy to Us, because it adds to Our Manner of Thinking, Our Way of Living, a new understanding of just how much individuals have to think about, assess their practices with and for, and also, to more fully understand that in being a human being, there is much more to it than just the personal portions, like combing one’s hair or eating. The list is endless.**

**Today, as Many of Us Here present speak, it is a joy to Us to be able to allow you to know Our Presence, and that We are thinking to help you, to give you What The Father Wills you to have that is order to your manner of living**

**and your way of addressing important matters, conditions, situations.**

**Each time you bless yourself to say a prayer, do you not do it in habit and care, or do you just do it for some reason of your own? Then, is it not wise, as you have the time now, to address a condition, a situation that you are part of? How would you address it as you live today, tomorrow and many more to come?**

**I smile when I say These Words. There are Several of Us Here, because you see, the tasks you have requested or you have accepted, are tasks that are important, perhaps for the future to have the correct answers that will be needed.**

**Always remember, The Heavenly Father loves you and has given you the tasks to serve What He Wills others to one day know about for the Grace and the good of their Souls, and then say, 'Amen.'**"

MARCH 2, 2006 AT 2:40 P.M.

SAINT ANGELA MERICI

**“I am Saint Angela Merici. I often speak in a casual way to this *little one* that so Many of Us are familiar with because of her love for The Divine.**

**Today as I speak, it is to share Words with you who are putting It into script. There is so much every human being should understand in how close they are to The Divine and Divine Plan.**

**Today is a day in the life of every living human being, but how many will think of how to use the day? Many will just use it according to how others they know are working or planning other situations, conditions that take their time, and do not show for something to be seen that connects them as a human being to The Divine Role.**

**Children are not being instructed enough on how close The Creator of All Things is to them. Some parents feel it is too much for them to hear the words, thus not really allowing the child to be aware that there is an Entity of Divine Love, Divine Life,**

**that would give a strength and also give hope when it is needed.**

**There is so much to speak on every subject available, because the human mentality needs to know more about what is available to help them have more interest in The Divine, more understanding of The Divine, and more practice with sharing with The Divine how they feel, what they know. The subjects are many: a prayer, yes, many times perhaps, but there is a Personal Association that gives more strength, more communication with each time they think of saying a word or two, or more.**

**I will close. There are Many Here with Me, but always remember, each day that you live the human way, you are Blessed abundantly, because human life is a Gift beyond what it is seen to be, what it is truly understood to be. Remember this. It is a Gift based on Divine Love, Divine Hope, and Divine Willingness to share Them with your Soul, Forever and ever and ever. Amen.”**

**MARCH 4, 2006 AT 10:00 A.M.**

**“Time is of the essence, because there are so many human beings of all ages who do not understand or realize or comprehend what a Treasured Gift human life is because it has a Goal for it, in it, the moment it is created to be.**

**This is rarely, if ever thought about, and yet all ages of human life decide what is important to them, rarely seeing or understanding that to be created a human being is the Greatest Gift a living thing could have, because of That Portion within it that is Sacred, and a Great Strength physically, mentally, morally, psychologically.**

**There is no question what is right, what is wrong, what is truth, what is untruth, what is just, what is unjust. Purity is obvious because it bears happiness, but also respect.**

**I will close, but as I do, I would like the Words I have just spoken to be passed to others, hopefully helping them understand the Importance in**

**their being created a human being that has the privilege for a Gift such as human life has been gifted with.”**

MARCH 6, 2006 AT 11:55 A.M.

## SEVERAL SAINTS

**“We are Several in number. We surprised *the little one* when We said We would speak through her, to her, and she did not expect Us to be so Many.**

**There are Several of Us present because of the Importance of what This Gift is to those in the living state who must follow the way that is practical, logical, comfortable, useful, for not only life, but for support in many ways.**

**We speak differently, We know, but in This Gift that is so important for several individuals to be able to not just speak the Words, but take the Words, put Them into print for others to read, to learn from, to learn by, according to Divine Will.**

**There are millions of human beings outside this room. There are thousands who would be so happy if they could hear what We have to speak, the way you do. Some may say, ‘Why would it not be feasible to happen?’ and We must answer that in this way:**

Many times what the human mentality wants to partake in, or be a part of, or even practice, it does not always suit what We have to say.

As you walk each day and you have been given the privilege to partake in a Gift to save Souls in people you do not know, you will never see, but the written Word describes the Presence, and it makes many individuals think of the possibility of it being so.

We hold *the little one* tightly. What she must endure for Us to speak in a tone you understand, in Words you can hear and comprehend, it takes a toll on her physical, her mentality, her whole body, but she has been appointed for a very long time, and I am sure you know this.

What has thus far been delivered and put into print must travel throughout the world no matter what response is given, because many times someone responds negatively, foolishly or ignorantly; so please, do as I have requested to be done. It is important that what you read in book form was for all people throughout the world, not just you.

Thank you for listening to Me.”

MARCH 7, 2006 AT 12:26 P.M.

**“Every child created has a Purpose beyond what it is seen or thought to be. The human life, created with all the Gifts of human living, is oftentimes more understanding than he or she is perceived to be by those close to them, because in the creation, much is instilled into the mentality regarding what efforts the individual will attempt to make physically and by words through the mouth they are Blessed with.**

**I am close to this *little one* as I speak. She feels the tension in My Body, but the Love in My Soul helps her to understand what an important Message I Will others to have, to be more able to see other important Gifts attached to the human mind, body and Soul.**

**I will add One Statement here. We All speak through this *little one*. It has been directed by The Heavenly One, because there is so much to be learned by those created in the human way. It is so natural to learn what you**

are exposed to physically, mentally, psychologically, but there is so much that is so in-depth in a communicative manner, that the one learning does not always see the full value of an act or a thought or a word or a deed.

**I will close My Words now, because I have used a Power into this *little one* I speak through that had and has an indepthness greater than the human mentality can perceive It to be.”**

MARCH 7, 2006 AT 1:00 P.M.

SAINT ALOYSIUS

**“I am Saint Aloysius.**

**There are so many things Many of Us Saints would like to speak about. It is important that more attention is given for Saints Here in the Heavens to be able to use what They are capable of doing for the Souls that are in much need of help.**

**The Soul is the victim, but it is not always seen in this way, this degree. Some individuals oftentimes know that what has occurred, or what has been spoken, or what situation or condition is necessary to be aware of, because of what it will reveal that in many ways is unjust or morally impure, or in many ways a happiness to the evil one, the devil.**

**We speak through this *little one* so much. Each time We talk through her, We relate to her what We feel is most applicable to help it, and to use it to strengthen or to encourage or to enable, or even to bless a human being that in/unto themselves, they are actually detrimental to themselves,**

because they ignore seeking help from The Heavenly Father or some Saint Here in the Heavens that would immediately go to The Heavenly Father to help support what could help the individual.

The beautiful part of This Gift that We All speak through, is that We are totally aware of what a Blessing it is for those who are familiar with It, and can use It knowingly, what It can cope with, or aid to change, to become better about the conditions or situations that are being abused or misused, or only pleasing to the devil.

All of Us Saints Here in the Heavens are so happy when We see individual human beings wanting to help serve what is morally sound, morally good, morally true, to cast out anything that appeases the evil that is always available.

Thousands of Words could be spoken, requested to be put into script, but We know that there are so many things that should never be overlooked but seen for their worth, but always held to a degree that is capable of being accomplished.

**As We close, We bless those who take the Words and We repeat: The greatest Gift that human beings have been created to participate in, and that is to serve in a manner and way that gives hope, but also dignity, and has a purpose for the good of Souls, even of thousands of people they have never met or will never know.”**

MARCH 7, 2006 AT 2:07 P.M.

## MANY SAINTS

**“There are Many of Us present many times where you are, and We have been given so much to understand and to learn about because of your Faith and your sincerity in how you understand conditions and situations to be feasible, not outlandish for you to tolerate. It is beautiful to see.**

**Some may ask, ‘Why would You talk to us this way today?’ It is because We are closer to you than you may see it to be. It is important that What you are involved in, is taken care of in such dignity, sincerity, and love for The Divine, and Those of Us Who have been entitled to be alert on some things that you are capable of doing, it is a privilege beyond what We could tell you it is to Us, to be Part of your love for The Divine.**

**We hear some individuals misunderstand how important it is for human beings of all ages to look at what their conscience accepts, and the strength they have morally, psychologically, spiritually, that is**

**always ready to see that what is taking place has more than responsibility; it has purpose, goal, and a stability in what it allows to be.**

**So Many of Us love This Gift, because It speaks of justice, of hope, and It pays tribute to The Father's Will for How He addresses It, and partakes in It, for the good of Souls.**

**We know as We speak today, it is different perhaps than you are used to hearing, but We follow this *little one* around and We use every moment We can to support and/or to instill, and/or to bless The Father's Will."**

MARCH 7, 2006 AT 2:35 P.M.

## SAINT PETER CANISIUS

**“I am Saint Peter Canisius.**

**We All smile. There are Several Here. I remember when this *little one* and where this *little one* attended school that bore My Name. I know it might be difficult for some to understand why I would speak at this time to them, but I do it because this *little one* drew My attention a long time ago. Many years passed and there was never a time she was not remembered by The Divine.**

**We smile when We say These Words to you, because in her effort to fulfill the Will of The Divine, she would consistently and constantly ask: ‘Are You present? Are You going to speak?’ and We would, in Our own way, say what We knew had to be.**

**So many times Many of Us Here have wished this *little one* luck, because she has always been conscientious and also interested in what would fulfill The Father’s Desire, Hope, for What He Willed to be done.**

**I bless you from the Heavens and I say, ‘Each of you who walks the path to deliver What you understand to be important, the Grace you gain will one day show in a way you may not understand it at first, but I assure you, you will when it takes place.’”**

MARCH 8, 2006 AT 12:33 P.M.

**“We All smile at this *little one* because We are aware of her understanding how to approach what could be important for others, but today as We have spoken to her many times, We are more aware than ever of the strength she uses morally, mentally, psychologically, physically, emotionally, and all done intensely, because she is fighting for The Creator of All Things, and others usually use what they are active in, active for. The reasoning is not always justifiable.**

**You do live in a time wherein there is so much dissension and lack of sensitivity to what is occurring, whether it is a moral view or situation or condition, or whether it is an immoral copy of this.**

**You live in a time of great importance. Remember this, because every human being has a responsibility of That Portion of The Creator within them, that is one day to be All they depend upon, and All they are aware**

of, and that day comes for every human being.

Throughout the world, all ages of human life try to substantially sense a credibility to how they would accept certain things, certain facts, conditions, problems. The list is endless, but it is also a rather amusing list if you think about it, because the human mentality has the ability to look at different wording and see the value to it, the importance in it, or the enjoyment they can obtain using it.

Some may wonder why I would speak this way, but for the last many, many years, this *little one* We speak through has faced more obstacles, more opinions, more intentions, more evaluations, and more ridiculous approaches than it has ever been perceived.

You may wonder why I would speak this way, but We Here in the Heavens see the humor, but also the steadfastness in being loyal to The Creator. The important part is that in obedience to a rule, a law, is far greater when an individual causes this to occur between he or she with The Divine; doing it with an outside

**individual really does not have the total credibility, and is oftentimes not worthy to even try.**

**Many will wonder why I would speak like this, but Here in the Heavens there is so much concern over those who are yet in the living state upon the earth. Everyone Here wants everyone to return the Soul to from Where It came, no matter what year, what time, or whose Soul It is.**

**I know I speak differently, but someday perhaps, when you have the privilege to be Where I Am, you will find the time to stand up and be counted for the Value of the Place you live in.”**

MARCH 8, 2006 AT 12:55 P.M.

**SEVERAL SAINTS**

**“There are Several of Us present.**

**We All smile because We enjoy being with all of you, especially when We have the privilege to speak the Words The Father Wills you to be the custodian of, but also, will have the memory of What was spoken by Them, for you and others who will read Them at another time.**

**The Father’s Love for human life is Far Greater than It is expected to be or seen to be or known to be, because in His coming to the world, He did it in such a Powerful, Beautiful Way, thus making Himself similar to what all people living on the earth had to live for, with, which gave to Him a position, or a willingness to understand Him as one of them.**

**When you pray, do you not pray because you are acquainted with Him or feel the Strength in Him? Prayer in this way and manner, though It is Divine in every way, It gives a communication of value, of dignity, and of a oneness between the One**

**Who hears the prayer and the one who speaks the prayer.**

**I could speak hours on this and I do have more to say, but I want you, at this time, to understand that you live a life close to The Holy Trinity. This alone will give you so much to lean upon and to use as a remembrance of how close The Divine is to you.”**

**MARCH 9, 2006 AT 11:53 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I have given to the world a Gift of My Divine Love. Some would say, ‘What is a Gift such as You would give?’ My Gift is a Personal Communication, helping those in the living state more fully understand that to be created a human being was a Gift of Divine Plan, because through the human mentality and logic and understanding in so many areas and so many ways, a human being is gifted with the ability to more fully understand that they would not have been created unless it was through Divine Plan.**

**Millions of human beings throughout the world do not realize that to be a human being, an individual being that has all the attributes of understanding so many things, it is a Gift far greater than it is seen to be, because in this Gift, there is a logic to it, a necessity of understanding, and to understand that there is Something more to it than living the human way on the land. It has a Purpose, and**

through this Purpose, it has been given the logic in purity of the mind and the body, and also a deep understanding that within it, it has a Portion of Who I Am, What I Am, but also, that That Portion is to be returned to Me at a given time, in a manner and way of Importance, yes, but also of Purity.

When human life was created, I did not say to human lives, 'Don't worry about what you do, you think, you say'; I automatically and immediately instilled a logic of what would be moral over immoral, just over unjust, truth over untruth, dignity over what the opposite would be.

I could speak hours on My Intentions and My Care for human beings of all ages, all backgrounds, but I realize it would be difficult to handle. That is why, when I speak, I speak in a more delicate form, a way that is understandable to all ages, all mentalities, all backgrounds. This Creation of Mine, human living, human lives, is also gifted with a Gift Far Greater than It is perceived to be. I placed within it, What is called 'a Soul' and the Soul is a Reflection of All I Am, and the Soul is That Portion

**of human life that I want returned to Me, a Saint.**

**I love you, and as I close These Words I say, ‘*In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*’”**

MARCH 9, 2006 AT 12:44 P.M.

**“We All smile because it is true, this *little one* is hearing and seeing two or three different conditions, situations, and We must admit, intentions spoken openly in front of her.**

**There are so many things to be able to do, to invent, to create, and to abolish, each thing on a different level of what it was made to be for, what it was made to express the purpose of, and what it was to do to the mentalities who are exposed to it. The list is endless. That is why it is so important when you, in your way, practice what you know innately has a goal to it, a purpose for it, a need of it. This, of course, is understanding The Divine.**

**Some might say, ‘What is The Divine for me?’ Those of Us present Here would say, ‘It is a Gift of in-depth understanding of what truly exists for you to be able to follow, or to earn the Goal of Heaven with, by using it the proper way, the proper mode of**

**understanding, and a thanksgiving for being made knowledge of It.'**

**These Words alone should trigger the minds of those who take the Words, to value many things they are confronted with, confronted by, or interested in.**

**Ask yourself: 'How do I respond to different things during the day, my own thoughts, my interests, my habits, my caring for others and for others' situations? How many people can I sincerely say I respect them, I like them, I know them, I would like to be with them?'**

**Now let Us talk about responsibilities. Are you aware of what responsibilities you have been given to respond to, to respond for, or do you ignore them, saying you had nothing to do with them before?**

**Being created a human being has so many abilities and so many Gifts, yet some people concentrate on what they feel is the opposite of what they expect it to be. Would you call these people 'obstinate' or 'ridiculous' or 'ignorant'? The words are endless, you know, in description of such a manner**

or a matter to be what the human mind uses in everyday living.

**I know I speak differently, but it is for a reason. It is to help those who take the Words, read the Words, to more indepthly understand that in the Creation of human life, many talents were given. Some were to be developed by The Heavenly King, The Father, but most were to be developed by the one in whom they were placed, because of the circumstances that the individual is exposed to, the conditions they are exposed to, or the valuable information that helps the individual capable of addressing so many subjects that otherwise would never have been brought up.**

**Some individuals reading this in print might say, 'I don't understand why these things are of such great importance.' Well, as you live every day, there is rarely a time that you are not thinking something or responding to something, or being the aggressor of a subject. Is that not so? I have addressed this not for everyone, but for some, to help them begin to know themselves and to realize the benefits of being a human being in the class they are allowed to be in: the class of**

**justice, and of personal needs, personal hopes, dreams. The list is endless.**

**Those of Us Here in the Heavens want every human being created to understand all the valuable things and all the Gifts they were given, also the ability for reasonability of how they live, how they think, how they act.**

**All of Us Who partake in This Miracle want those who assist Us, or hear What We have to say, will grow in many ways to one day realize the importance of one day being Judged ‘a Saint’.”**

**MARCH 9, 2006 AT 1:48 P.M.**

## **SEVERAL SAINTS**

**“There are Several of Us present as We always are, because at this time We have been able to deliver so many things to help individuals, of all ages, to more fully understand, to be created a human being is definitely a Gift of Divine Plan.**

**So many individuals, in facing each day, forget sometimes to say ‘a prayer of thanksgiving’ for the ability to act in a manner and way to be example and to guide others in the manner of acceptance, and also, in the desire to pray.**

**So many individuals, of all ages, use prayer sometimes in such a manner and way that it is like an afterthought, or just a necessity, thus ignoring the purpose for it, of it, in it; thus, omitting that one part in acceptance that is not polite, nor is it the way to greet a Saint.**

**I know some individuals may not think the Saint would hear it, or see it in that degree. Then, I would have to say, ‘Logic is evident, because the**

**Saint naturally hears what is spoken and what the act is like.’ They have the ability to respond inwardly.**

**Do not forget this, because one day, if it happens the way it would be nice to happen, you might be that Saint that those in the living state will not realize how much You would love to have prayers in a way that would give You hope, strength, and a closer unification with The Saints.”**

MARCH 10, 2006 AT 11:38 A.M.

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father, and with Me stands your Heavenly Mother.**

**You are never without Me any moment of any day. I want you to be aware of this.**

**If you speak the words you know that you speak to others, I will hear those words, and if you pray, I will hear those words in the manner you decide them to be, and the ones you choose to speak to Me.**

**I hold this *little one* tightly because of the importance of what I speak through her every day.**

**You must understand that when you were created a human being, you were Part of Divine Plan, and in this manner of living, you were Blessed abundantly by The Creator of All Things. The Gift of human life is greater than it is seen to be, because it has a Future based on Divine Love; that is, to one day return to The Holy Trinity.**

**My Words are delivered with much Love, much Concern, much Hope, and I smile at *the little one* who speaks My Words, for I use her to deliver what I Will others to hear and to know.**

**You are Blessed in many ways, but as *the little one* crosses her hand, it is basically My Hand, according to what I say. The Heavenly Father loves you, The Heavenly Son loves you, and definitely, too, The Holy Spirit is always around you.”**

MARCH 10, 2006 AT 12:21 P.M.

**“A smile to a human being from another human being oftentimes opens the door to conversation or an alertness to the other one’s presence.**

**You live in a time when The Heavenly Father is opening many doors to aid you to more fully understand that His Presence is a Gift of Divine Plan, urging you on to think of Him more.**

**There are millions of people throughout the world, all ages, all backgrounds. It is important that they get to know what I have just spoken.**

**I know some of you will ask, ‘How can I do that?’ Many times, when you copy or put into print what you know We have spoken about that was important, you have the privilege and the way to get attention in a gentle form, manner, degree. So little is thought about in extending Our Love from The Holy Trinity. What you put into script to those you barely know, or even to your family way, you leave**

**an identifiable degree of Words, or sound even. Remember this.**

**There are so many things We have thought about to help you, in your way, attract attention to those who do not know certain means, certain degrees of how to associate with Us.**

**The Father loves you and We All love you, because you prove that your assistance to Us is help in many ways. I sign this off with a Promise: For everything you attempt to do, Many of Us Here will pray.”**

MARCH 10, 2006 AT 12:38 P.M.

**“Always remember, there is no greater communication between you as a human being and All of Us Saints Here in the Heavens. You are welcome to speak whenever you want to. There is always Someone available to hear what you have to say.**

**Always remember, We, too, were prepared for how We are at this time, and it is important that you understand that as you walk the human way, it is a preparation to one day live with The Divine. No Greater Gift than This could you live for or reach for, and when the time comes and you are welcomed, you will say, *‘Thank You, Heavenly Father, for giving me the Faith and the strength, but also, the perseverance that it took in my mind and my body to realize that I wanted one day to walk with You, and of course, be a Part of Everything else, and Everyone else called “a Saint”.*”**

**MARCH 10, 2006 AT 1:22 P.M.**

**OUR HEAVENLY MOTHER**

**“I know you do not expect Me to be here with you today. I am your Heavenly Mother.**

**I have come to give you My Blessing for the service you have accepted, to assist The Heavenly Father in so many ways. Your time is important, but I assure you, as you use the time to support what is good for the Souls of many, many people, but also what example is extended through them that others can follow and realize how important it is to walk a path aidful for the Souls of a great amount of people.**

**You live in a time wherein there is so much confusion that is not necessary for the Will of The Creator to be acceptant of, but He loves those created and He Wants all Souls to be returned to from Where They came.**

**Be assured that as you use your time to give help and hope to others, your Heavenly Father uses His Time to support you.**

**Many of Us speak often through This Gift of Divine Love. We All appreciate your participation and your very quiet act of love, so as I close at this time, I want you to know: You have accepted a task that hopefully will help your Soul one day glow greater than It would if you just acted in a manner and way pleasing to just you.**

**Many of Us Here smile and say, 'We All send Our Love to all of you.'"**

**MARCH 10, 2006 AT 1:39 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I am so happy to be with you on this day, and of course, any other time I am able to do that, because All of Us Here in the Heavens want all of you to one day be Here with Us.**

**You live in a time wherein there is so much confusion as to what is right, what is wrong, and what is feasible to become ‘a Saint’, and what could lock that door by habits, wording or facts.**

**Today as I speak, I do it with much Love for everyone. There is no one created that We do not want the Soul returned, because It is like your family, and the family of millions of other people, you become accustomed to certain facets of it, certain portions of it, and certain Gifts are, such a Gift as This is.**

**I know I speak differently, but I am doing it to let you know that Our Presence is almost consistently with you. That is the way The Father Wills it to be, because of This Gift of**

**instilling into all of you, the ability to present life to others the way it should be; a Gift that uses the means to one day arrive in Heaven.**

**Morality is important, and purity of the mind and the body and the Soul are usually evidence to everyone who meets you.**

**As I close These Words I say, 'Never forget, The Heavenly Father created you, but there were Many of Us present Who also Loved you and still do.'"**

MARCH 11, 2006 AT 3:15 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. We have spent much of the day with you.**

**It is important that This Gift of Divine Love be scattered, so millions of human beings will be able to read the Wording that states and signifies so much to be thought about and to be understood for the sake of the Souls that the individuals are the custodians of.**

**We oftentimes follow this *little one* wherever she goes, because We fully understand the Pressure and the Power that she endures. Though it is not seen in a physical way by others, it is a Part of how The Divine knows It to be, because of how strong They are in Their Communication with her.**

**There are so many human beings that need to learn about This Gift that is Greater than It is seen or understood to be. In many ways, It expresses an obvious manner and degree of important subjects and many important Words that give aid to those**

who are able to read Them and willing to understand Them.

**We speak so much through this *little one*. She is always available to Our Presence and to Our Desire and Willingness to send forth through her, Words of circumstances that others should learn about and see the purpose of and for, why They are obviously an Occurrence of Something above and beyond what is normal.**

**All of Us are always happy to be where she is, but also to be able to speak on what We see, hear or feel when We are with her and with those who are willing to participate, either in speech, or in the script that is very often requested.**

**We smile at this time, because it is always a happy time when We have the privilege to communicate and address a subject that We know will be for those present to remember Us by, but also the Words We speak usually have a purpose, sometimes above what is expected to be.**

**Thank you for this time you shared with Us.”**

MARCH 13, 2006 AT 11:54 A.M.

MANY SAINTS

**“There are Many of Us present. We welcomed Ourselves to her, and We All smiled when We spoke the way We did. She was surprised that We would do it that way.**

**If every human being throughout the world realized that every breath they take, every move they make, every wish they have, is because of how they were created to be able to do many things, and to understand more than the animals understand because of the Generosity that The Divine Willed them to know about, and to be able to use to more fully comprehend that they were created differently, even though they had inside them, things to give them strength, abilities, logical manners of use for them.**

**We use this *little one* very much, because in her having had to learn to repeat what she does not hear, only what We instill, has given to thousands of human beings important Phrases, important Words that are accountable for what should be done,**

what shouldn't be done, what should be accepted over what should not be accepted.

**All of Us Here in the Heavens know that as you listen to her voice say the Words that We instill in her, the Words are practical, logical, and there is a reason for Them, otherwise They would not be available in the manner They are.**

*The little one* thinks I am through speaking. I smile at this, because this *little instrument* is aware of every move We make when We are near her. She has been instructed on What to hear, What to think, What to accept, and how to judge the value, the necessity, the purpose, the reason that We speak like We speak, and We deliver Words different than she would think of, or feel necessary for her, if it were she the words were coming from.

**We smile. She is ready to leave and We love her for how she has accepted This Gift that is far greater than It is seen to be.”**

MARCH 13, 2006 AT 12:48 P.M.

**“There are Many of Us present. The number is larger than usual. We smile, because We are constantly listening to what this *little one* speaks on, speaks about, speaks for. We back her two thousand, three thousand, four thousand, five thousand percent.**

**She is fully aware of how distracting wording can be, but also, how wording can cause enemies or mistakes or inability to understand what the subject is really about.**

**So Many of Us Here in the Heavens are always happy when this *little one* has a Task, or We should say, a Responsibility in reference to The Holy Trinity.**

**What is not always understood by the human mentalities is that wording has a way of deciphering or completing or causing many mistakes when the wording is based only on tradition, or vile communication, or a mentality that does not understand mistakes.**

**I know you wonder why I would speak this way, but We All smile at *the little one*, because she will stand strong, firm, on what she feels is beneficial for the Souls, rather than what will please the enemy, or even naïve others who read what is spoken, because in so many ways, What you are working with is to aid the Souls to return to The Creator, ‘Saints’.**

**We know you all love This Gift that you have been not just exposed to, but responsible to and for, so as I leave you on this day, I make ‘*The Sign of The Cross*’ and say, ‘Never forget, God’s Love for you, My Love for you is Greater than you know love to be.’”**

MARCH 13, 2006 AT 1:06 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. There are Several Here with Me.**

**It is always so nice to hear this *little one* We All use when she stands strong regarding an issue of how someone discerns different projects to be practical or beneficial, or evident that they are only Gifts to the ones in whom they were addressed in the first place, or practiced.**

**You live in a world wherein there are many talents, many mentalities that use different subjects for a hobby or as a Gift to be used for important things.**

**You live also, in a Gift called ‘receiving what is important for the mind, the body, and the Soul’, and We find many people concentrate on the benefits for the mentality, more than the other portions of them. There is nothing wrong with this, as long as in a personal way, everything that the body is responsible for or to or with or how, should be seen as important in the fact that one was created a human being,**

and the creation was from The Divine to give them the privilege to live the human role, but to never forget what was morally sound, pure, good, and available for them to use properly, because all things that pass through a human manner of living, whether it is mental or physical or Spiritual, should be based on what is morally straight, clean, clear, and pleasing to The Creator.

I could write, I could dictate pages and pages on this subject, because as you live the human way and you are responsible for everything that you think, do and say, you must remember: When the time comes and you stand before The One Who created you, you might be questioned, and you will want the Decision to be what you love, will love It to be, what you will want It to be, and what you will find It — a Gift from The Divine for you. Always remember this.

Needless to say, All of Us Here in the Heavens could speak hours every day, because of Our sincere concern for every living human being, and We do want them to return to Where We are and be ‘Saints’.”

**MARCH 13, 2006 AT 1:53 P.M.**

**“There are Several of Us present. It is a pleasure, but also a privilege to be able to speak openly through one’s Soul. My Statement may shock some, but it is My Soul that is allowing These Words to speak to you at this time.**

**A long time ago, I was given the privilege to walk the road of human life. I worked in many different areas: some to help those in the religious life; and then, there were others that I used because of the importance of what I needed to be more active monetarily.**

**I remember a young man walking up to me and calling me ‘Father’. He addressed my name as he thought it to be, ‘Father’. I smiled at this, because when I took the Name of the Saint I wanted to follow, it was not known to many people as yet.**

**Today as I speak and My Words are being taken, I want you to know, it is a privilege for Me to be able to take this time and reiterate what I went through physically, mentally, and word-wise.**

**Each day of life is a Gift of Divine Love based on one's manner of tradition and understanding and desire to please The Heavenly One, or The Heavenly Ones. This time in life makes life seem closer to everyone who tries it or practices it, because somehow or other, the increase of age supports the mental, sometimes the physical, and yes, that part that is sensitive, more sensitive at this time in life regarding what there is to expect, what there is to learn about, and also, what it will take to live if one is accepted spiritually in a format of perhaps teaching, or assisting where it is needed most.**

**Needless to say, I could speak hours on this, but this is only an opening of small Words, because there is so much that can be done, can be established, and can become a part of assisting The Creator, helping those who want to live a better life, a life that has more love for The Divine in it, than love for the physical or the material.**

**I will speak again another time, but I use this time to open a door with you.”**

MARCH 14, 2006 AT 1:21 P.M.

**SAINT ROBERT BELLARMINE**

**“I am Saint Robert Bellarmine.**

**There are so many things All of Us Saints would like to talk about if We could only hear the conversation both ways: you to Us and We to you.**

**Today there are Many of Us present. It is so important for human beings of all ages to understand and to fully comprehend that to live each day, after having been created in a personal way, has a Goal for it, to it, in it, with it, because in the Creation of human life, there was a Tremendous Gift instilled into it, but also created for it, thus giving to it many Gifts to be able to walk the human path mentally, morally, socially, identifiably, for others to recognize as being a comrade or another human being or an associate, or even a relative.**

**There are so many Gifts to every human being created. First of all, all the personal Gifts of being able to respond in so many Gifts attached to sound mind and physical considerations; but then, there is**

**that Gift of a Promise that as you live each day in the human way, there is a Goal awaiting Someplace, Somewhere, Somehow, so that when the time comes and your Soul is taken from your physical, the Soul has a Place to go. The Soul is to return to from Where It came a long time ago, or a short time ago, or a medium time ago. The Soul is the recipient of all you did in the human way. The Soul is the Reporter. The Soul is the Custodian and the Soul is That Part that will be found to represent 'you'.**

**I could speak hours because of My deep Love for this Gift that animals do not have, flowers do not have, the candles you light do not have It; only those in the human state of that Gift from The Heavenly Father has this Gift to look forward to, to be blessed by, and to serve in Another Manner and Way, Forever and ever and ever.”**

MARCH 14, 2006 AT 1:45 P.M.

## SEVERAL SAINTS

**“There are Several of Us here. We always are so happy when We feel We can speak to many, many others when We speak through this *one small voice* who has worked with Us for many, many years.**

**In the foundation of human life, human living, there are so many facts that should be understood indepthly: first of all, protection for the body and the mind and the Soul; next, protection for one’s reputation in the human world, human way; next, and that is to give to others aid when it is needed, but give it with a sincerity, and in many ways, a genteelness that eliminates a lot of unsatisfactory communications.**

**You live in a time wherein children are not being instructed to the same degree, in the same manner, or on the same source of what is proper, what is improper, what is just, what is unjust, what is truth, what is untruth. There are so many facts that are not being looked upon, looked at,**

looked into, that could give to all ages of human life a more decent concept of many facts, factors, conditions of life in the human way. So much is addressed to the interpretation, or I should say, misinterpretation of what is morally sound, feasible or logical.

The outward appearance of times now in which you live is basically scattered in so many dimensions of interpretations and evaluations and personal initiative, that is mostly based on what these individuals sense is more valuable to them, more interesting to them, more suitable to them. The list is endless.

Now, let us look at being created a human being. Logic says that every human being is entitled to be able to see, to speak, to hear, to make choices, and to be able to stand up and be counted morally, mentally, psychologically, physically, emotionally. The list is endless.

Now let us look at what an individual uses for what they are capable of doing. Do they use honesty, logic, sincerity, or do they base all their accountable subjects on how they address a situation, how they assume

**things should be, either catering to them or not part of them?**

**Now let us take the future that human beings have to look forward to. Everyone knows, or they should understand that within them they have a Portion of The Creator of All Things, and in this Creation they are gifted with, they have the privilege and the advantage to strike out for what is best for them, to give them a future suitable to their thinking, to their wishes, and to their desire for what would please them.**

**How many hear about the sad areas like Purgatory and Hell, or being exposed to having to be with something of an ugly state where there is nothing but foulness and hate and immorality, even after they are dead?**

**Some reading These Words will find Them difficult. Some reading Them will find Them abusive. Some reading Them will find Them something to think about for the future.**

**It is important that as a human being is confronted with so many advantages and disadvantages, and sound values or impure values, what would you suggest would help them to**

stand in the way they live at this time and they must make decisions on how they will use what they are, be what they are accountable for? Is it only their intellect that they are looking to? Is it only their financial gains that they are looking for, or is it that Place, that Manner of Existence for their Soul that urges them on to give to the Soul the strength, the logic to partake morally, mentally, psychologically in the decisions that will be favorable also to the Soul?

How many Souls are ever considered in a decision, or is it always the human part of the living matter that has all the rights, all the terms, all the interests, all the facts?

I have dictated this for a purpose. *The little one* I speak through is surprised, but I have delivered this to help all present here and all who might read These Words at another time, to look at what a Gift you have been allowed to have, and you are allowed to make the decisions for, at a later time.”

**MARCH 14, 2006 AT 3:26 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**Each time I have permission to put into print Words I feel will give strength to whomever is going to read the Words, but also to give them the ability to understand the privilege it is to be created a human being.**

**All the years that I have been in the world and part of the world, I felt a privilege beyond what I knew I had. To become a human being is above and beyond what the human mind can fully understand, because in the human manner of living, there is so much naturalness, so many favors, so many privileges, and so much to learn about the privilege of being a human being with the abilities entrusted to this position of life, of living, with all the attributes that human life is gifted with.**

**Today as I speak to those present, I do it with much Love. Some may say, ‘But You do not know me personally.’ That is true, but do not forget, as you once walked the earth and had Those**

**you prayed to and requested favors of, and you felt the Beauty of Their being Divine Spiritually, Mentally, and in every way possible, I, too, have experienced this manner of life. I still do.**

**I have come on this day because of the importance in how you have accepted a task for The Divine, not just to encourage but to partake and to use the talents you have, the Faith you have, the interest you have, and your ability to fulfill what you will things to be a part of, what is important for the physical, the mental, the Spiritual, and other parts of human life that support so many beautiful assets, commitments, and participation that gives hope, understanding, and a feeling of belonging to a Realm of living that one day you will be an Important Part of.**

**I could speak hours on this subject, because it is a subject of great worth, and it has a promise to it, in it, for it, but it also has a Goal for That Portion of human life that is a Gift of Divine Love called 'the Soul'.**

**As I close now, I say to you who put the Words into print, 'Always**

**remember, anything you do to give to your body, your mind, a stronger understanding of why you were created, and the Goal for which you were created for, there is no greater Gift or means for Life.’”**

MARCH 15, 2006 AT 11:26 A.M.

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“There are Many here where you are. I am your Heavenly Father.**

**This *little one* serves what We call ‘a Gift’. The Gift is to include others in what is known is right, important, beneficial for your Soul.**

**So many times when We let her know that We would like to speak through her, she never says ‘No.’ She was chosen a long time ago, based on how she used to call on Us for help, courage, letting Us know she was concerned.**

**You live in a time wherein most prayers are not seen or understood to be a communication that occurs immediately. All of Us Saints appreciate those who come to Us in a way and manner planned by Divine Will a long time ago. Communication is always available. There is no reason to think otherwise, because All of Us Saints Here in the Heavens are happy to be called upon and be able to support or encourage or to**

aid when help is requested, or on the other hand, if someone wants to share a happy thought, deed, or a gift they are thankful for, happy with.

Every facet of human life is important to Us, because the sensitivity, the sincerity, and a love for The Divine includes All of Us Saints, and We are happy to be Part of hearing what is requested and helping it to be accomplished, an answer that may not be heard but followed, so that the one who requested it will feel Our Love for them was accepted immediately.

Today, as I speak These Words, always remember: Though the physical body may not be active, the Soul receives everything that is requested of It or thanked for It, because the Soul exists at all times.

I will close, but as I do, never forget: Your Soul is That Portion of Divine Love that Divine Love takes care of when your body is no longer active, but your Soul is returned to Heaven from Where It came, to be with you during that time you walked as a human being.”

MARCH 15, 2006 AT 12:33 P.M.

**“We are many times where this *little one* is, because The Father has declared her to be a *Channel of His Love* for The Holy Trinity.**

**Some may question this Wording, but basically it would be foolish for them to do so, because when Words are of a Nature to give Strength, Hope, and Love from Above, no one should take the status of improving or disproving What is created by The Divine for all ages of human beings to more fully understand the privilege it is to be a human being, and the Goal that each life has the privilege to attain.**

**There are Many of Us present and We do this to give *the little one* strength to persevere, for sometimes the Power that Our Bodies hold gives her the strength to endure the Words. Even though some human individuals would not understand this, it is Fact, it is Truth.**

**You live in a time wherein there is much infidelity that is accepted in every way an individual can make it**

**sound right, good, or have a purpose for it.**

**I speak These Words on this day to awaken those who walk in the public way. It is fine to be sensitive; it is fine to be a friend, but it is also wrong to accept what you know is impure, unjust to The Divine, but also to the Soul of the one who is active in the wrong measure, wrong way, wrong purpose, wrong goal.**

**I could speak hours, but I must say, ‘I will close at this time, but I will speak more in a longer way, later time.’”**

MARCH 15, 2006 AT 1:49 P.M.

## SAINT ANGELA MERICI

**“I am Saint Angela Merici.**

**Where I am, We too smile at this *little one*, because there was a time that We Who worked with her, had much Love for her and much interest in her, but also saw the courage through her to admit to what was correct or not stable enough to be accountable for.**

**My Words are different than you would expect Me to speak, but there are so many things that address what an individual is capable of accepting as a manner of understanding, or a matter of accepting what to do next.**

***The little one* We speak through was accommodating in every way, and We used to smile when she would say, ‘I have the time today.’ Just before I began to speak now, I smiled when I said: ‘I will speak, *little one*. I hope you don’t mind.’ She said, ‘No, it is all right,’ so as I speak, I say to all of you present, ‘*The one* you are acquainted with, *the one* you know to be working with you for the importance of others to see, to understand, and to be able to**

more deeply learn more about Divine Plan, We assure you the availability is there for you to look at everything as a Gift of Divine Love that gives you the strength to care.'

**S**o Many of Us Saints speak through This Miracle. We do not always request Our Name to be spoken openly or to be put into script, but it is important that at this time, you know a little bit more about Us Who have been gifted to live with The Divine.

**E**ach day you live in the human way is a day to be considered a treasure, because you learn so much and you have so much to give, and there is so much for you to be able to share how you think and how you depict what a sentence says. One of the greatest Gifts in the world is the Gift of print, putting important Words into context and in a manner feasible to understand an in-depth measure of important Statements, giving strength, giving hope, sharing love.

**A**s you share the time, the way, and putting into print, I smile when I say, 'Do not give up what you are doing, but always remember to offer what you think the results should be,

**and that is to help others learning more readily on what the Words depict to give strength for the Soul you are the custodian of, and the will you have to state as a Gift of your Divine Love for The Holy Trinity.'**

**I know My Words are different, but They are because I care. So as I close, I will say, 'God's Love for you He many times shares with Those of Us Who know who you are, and that you work in a way and manner that is to aid Words to be put into print that will give strength to others at another time, another way.'"**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I have been in and out for some time on this day, because so much that you talk about, are interested in, and your behavior is a treasure to see, and of course, your love for The Divine, Heaven, for Me.**

**I say These Words because I want you to know that I, your Heavenly Mother, love you in a way, a manner and degree perhaps not feasible to you, but the way you walk, the way you talk, the way you want to learn and the service you want to share, is a Gift of Divine Love to All of Us Here.**

**Your desire to please and to be a part of what is called ‘an organizational manner of association’ is happiness to Us, because it makes Us know, it helps Us to understand, that you are closer to Us than We would ordinarily see in an ordinary plan.**

**I love you with all My Heart and I want all of you to know, even those who do not take My Words and put**

**Them into print, because as you walk each day, you say your prayers, and you want to feel a happiness within you when you associate with Those of Us you know, you love, and you feel close to.**

**I bless you from the Heavens, because there is so much I want to say, but if I did, you would have no time the rest of the day, so thank you for your active love, and I assure you, I bless you from Above.”**

**MARCH 15, 2006 AT 2:54 P.M.**

**“I am a priest. I will give you My Name, but first, I would like to discuss with you how I feel and what My desire is to reveal to those who take These Words and to those who will read These Words, because as a priest, I walked the path. I still do, wherein there are many things I am accountable for.**

**As I speak My Words today, and I deliver Them in a manner and way as though I know you, but I will continue on, in what I have to say.**

**Always remember, in the creation of human lives, there are thousands and thousands and thousands of people, not all of the same Christian Way, but some think indepthly on what they would like to accomplish the human way.**

**So many times when a Spiritual Act is openly noticed, it gives hope to those present, and some do not even say what happened to them when they heard the Words that they were not used to hearing.**

**Now let Me say, ‘If you take a family, and yet they never hear a prayer, they never hear the word “God” spoken their way, and yet it is innate in them to want to reach for a Higher Goal, because innately their Soul is pleading with them to speak something regarding an emptiness they have.’**

**What I have just spoken was not easy to say, but those who are the victims of being allowed to live this way are to be pitied, and to be helped by those who can hand to them Words to say that include All The Souls, All The Saints, because The Saints are ready to guide, to guard, to direct and give the Way to Heaven, not just according to what They feel or think, but what They know will give the Soul that Gift that nothing else can.”**

## OUR HEAVENLY FATHER

**“It is important for you to know that We use this *little one* to transmit to you Words many times that could be confidential, and then Words that We feel should be used to be able to be seen by perhaps thousands of people of all ages.**

**I hold *the little one* tightly, because the Power I use is beyond what is known in the human way, the human will, the human body, the human mind.**

**As you have been gifted for such a long time to receive from The Divine, you have the privilege and the chance to submit to those who do not have this chance, for them to more fully understand the Magnitude of the Gift that has been delivered through *one small body, one small voice* that walks in obedience to Who I Am.**

**We show her a statue. She has seen it before, she says. It is a statue of Saint Joseph. We remember her, as a child, when she was concerned that the statue was so big, but today as We**

speak, We smile and say: ‘She works with Saint Joseph in many ways. He chose her a long time ago; of course, Our Heavenly Mother is Part of This. She, too, speaks on subjects necessary for you to understand, not just to know.’

Always remember, in the Creation of human life, The Heavenly Father made Himself a Portion of it, so all through time He could be associated with it in your minds, and you would see The Creator as not just a Participant, but a Deliverer of What was correct, What was to be followed, for the sake of the Souls that were to be subjected to what would be correct morally, spiritually, and for this to help the Soul to be returned to The Creator and be called ‘a Saint’.

We have held *the little one* so tightly that We will release her slowly, because of what We spoke being so important for you to understand, but to deliver also to others, so they, too, will know how to handle This Gift that is so Precious and so worthwhile for the Souls.

I bless you with My Love, but I bless you with My Heart, too, because

**it is through This Gift that millions of Souls will be able to one day thank Me for giving you the Information at a time that you put It into print, for others to learn from, learn about.**

**I smile when I say, ‘Much Love goes with this to you.’”**

MARCH 16, 2006 AT 12:48 P.M.

## SEVERAL SAINTS

**“There are Several of Us present because it is important, and We have come to thank all of you present, and those who are not present to hopefully hear one day that All that you have accepted, accepting the Importance of Divine Love that in many ways would be difficult for some to even think that Those in the State of Unification in The Divine would use such an informal manner of doing things, speaking things, for Those to be heard to give strength, background, purpose, and instill a manner of encouragement in how to accept What cannot be seen but is obviously present, and has an Important Station in life, in living, in being able to distribute aid where it is needed, when it is needed, also hope in a deeper belief regarding The Divine.**

**So Many of Us use this *little one*. We have for a very long time. She does not question what We speak, and yet she knows that it is usually of such great importance, because it deals with the sublime meaning of Faith in The Creator, Faith to know what is right**

over what is wrong, Faith to accept insurmountable problems, conditions, or others' need for help regarding Spiritual stamina, consideration, urging those who are struggling, thus helping them fulfill what they will to want to know. The list is endless.

Throughout the world, there are millions of all ages of human life, begging for help, begging for courage, begging for knowledge, begging to be able to feel close to The Creator in a manner and way understandable, and yet sometimes these individuals are not encircled with people that care or want to help in any way. Now, the ages I speak of are all ages, from very, very young to very, very old.

Needless to say, I want to keep talking, but I feel that What We have just entrusted to you so you will feel the necessity, We want you to know Our Blessings are oftentimes spoken requesting help for your needs, in aiding everything that needs assistance, or hope, or the ability to stand strong and give strength to others.

As We close, it is because what We have just spoken We know can be difficult at times, but also, as We close

**We want you to know We will return when We feel the time is correct to be with you, and all of yours.”**

MARCH 16, 2006 AT 1:30 P.M.

**“In the beginning, The Father accepted Our participation in this manner of doing things that is so reasonable, and in so many ways, so adaptable to human circumstance and human availabilities that ordinarily would not be part of, due to the fact that there would be such a delay if things were not seen in order, day by day.**

*The little one* is constantly concerned over What is put into script for hopefully hundreds or thousands of human beings to read and to feel the benefits of, according to how they live, how they think, and if the results are suitable to what is to be acceptable monetarily, personally, or just put into print for safekeeping.

**You live in a very active world. It is a world of great advancement, great courage, and yes, great understanding of the progress that is accessible to so many different individuals that, at another time, would be stunned by**

being set aside and not being able to partake in the progress.

**We** sometimes speak differently, but when **We** do, it is to emphasize or to encourage those who take the **Words** to more fully understand the importance of **What** is being spoken and if **It** pertains to **The Divine**.

**We** are exceptionally careful, and **We** know you are too, so as I close **These Words**, I say, ‘Thank you for how you partake in **What**, one day, thousands of individuals will read, learn from, and be thankful for, and become **Saints**.’”

MARCH 18, 2006 AT 10:18 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**It is important that those who hear what We speak through this *little one* are aware that it is We Who are speaking. We use her in many ways for many things. It has taken a toll on her small body, but she refuses to make it go away. Her love for Us is evident in everything she does, thinks or says.**

**The burden of working with Us is far more difficult than it is perceived to be. All through time We have been aware of this, but it is important that all ages of human life know how close We are to them physically, mentally, spiritually.**

**We use this *little one* in many ways. Many times it is obvious to those present, but most times it is just assumed to be a normal consideration or communication. She tries very hard to have it this way.**

**As I close My Words today at this time, I smile and say, ‘Faith in Divine Will, Divine Goal, is far more precious**

**to one's Soul than it could ever be understood to be.'"**

**MARCH 18, 2006 AT 10:54 A.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**There are so many things We would like to discuss to all of mankind because of the importance of what every human being is responsible for, because of their Soul that is a Portion of The Creator.**

**So few individuals understand that to be created a human being is a Gift of Divine Plan, thus giving to the world again, a Soul that is the Important Gift that will live on Forever, even when the human body is taken from It.**

**So many times All The Saints Here in the Heavens want to shout, ‘Remember what you are, and that you were created to one day partake in the Greatest Gift that anyone could perceive to be, and that is to return your Soul to Me!’**

**If this were not so, ask yourself: Would living as a human being be important, or some Portion of you that would give you the strength**

**to cooperate morally, mentally, psychologically, with the idea that you would one day have the privilege to become ‘a Saint’?**

**Just as you stand in the human way, as you find generosity in things that you think or say, is this not the background of understanding for a Greater Time, Greater Way, based on Divine Love for you, in Divine Way?”**

MARCH 20, 2006 AT 12:00 NOON

**“There are Several of Us with this *little one* because of the importance in what We have to reveal at this time, because of the Importance of your Souls, and the Souls of many, many individuals that will read These Words and put These Words into their method of how they live, how they think, how they feel, and how they desire to reach the point of Love from The Divine that nothing else has.**

**I hold her deeply because of the Power I want to use at this time, due to the fact that the evil one, satan, is working through individuals who want fame, who want to be seen as important all the time.**

**It is sad for Me to speak These Words. It is so sad, because those many times who desire to speak for The Divine, have no rights to it, no background for it, and their Souls are the victims of it.**

**To many individuals, what We speak through this *little one* in so many ways, for so many reasons, must be**

seen as a Gift of Divine Love, nothing else, because Truth in this degree, on this subject matter is of the greatest importance, because it gives to those who read It, a better understanding of what is expected of them for their Souls and for them, not just one time, but many times.

Those who hear These Words, I say to you from the Heavens: 'Do not believe, do not understand, do not accept. You please satan in many ways, because he is the greatest enemy of the Souls of human beings because of the jealousy that surrounds, that is never seen, because those who partake in what is wrong, what is unjust, what is impure, please only the evil, the wrong, and the Souls are the victims of all that an individual does, thinks, practices, believes, and/or even yearns for, when it is wrong for the Soul to be subjected to it in any degree, any way, any reason.'

We could have this *little one* speak hours on this subject, because this subject is being given to awaken the mentalities of those who hear It, those who will read It, that there is a wrong in so many things, and the Soul is pleading for the individual to:

**‘Please, do not cause Me sadness or disgrace or a lack of hope by what you think, speak, or do in your manner of life in which I am, I have been created to be with you.’**

***The little one* I speak through, or We All speak through, pleads with Me to say only the right Words, because she knows how devastating it would be to not return to from Where the Soul came to the earth, because the Soul wants to return to The Creator and be ‘a Saint’.”**

MARCH 20, 2006 AT 12:29 P.M.

## MANY SAINTS

**“We All smile when this *little one* looks for Us wherever We are.**

**The Father, for a very long time, We could say way in the past of her life, she was constantly told to see Who was around her and sometimes to learn Their Names, because so Many Saints Here in the Heavens wanted to be Part of This Gift that was going to give to a female so much Information regarding how wonderful human life could be, and that it would give happiness to all who would use it in ways respectable, honorable, pleasing, and willing to imitate all that was spiritually beautiful.**

**The female was *the one chosen*, so that the male would understand more indepthly, respect for others who were created, and respect for what they were responsible for, in the male state of living.**

**We smile when We speak through her, because she many times is more with Us than with you, so when this time arises, We like to hand you Words**

so you will remember the time you were able to partake in a Gift from The Divine.

**We will close for now, but We are always available when The Father Decrees that We must show attendance to this *little one* who waits for Us every day, every moment that she feels is possible for Us to know what is occurring, whether it is prayer time or enjoy time, but do not forget, God is giving the Groundwork for everyone to become ‘a Saint’.”**

MARCH 20, 2006 AT 1:07 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**There are so many times I want to speak to the sons I know that are with you many times. Perhaps I will be able to speak My Words on this day, because of My caring so intensely for them.**

**Granted, I care for the girls, the nuns, the women, but I assure you, they are prone to get much attention. So, as I speak to My sons on this day, I want them to know: when they were created in the way they were, as the male in the family, they automatically were known to be those who would work, those who would care for many things, and those who would find responsibilities abundant in many homes.**

**I know I speak as some would not like Me to speak, but I want them also to remember: The Heavenly Father came to the world in a masculine way, because He, too, appointed Himself to handle the Responsibilities that were**

far greater, far more, than if They had been born perhaps the female way.

**H**ere in the Heavens there are Many Saints. Some were created male, and Some were created female. Granted, each one has so much to work for, and to think about, and to be appointed to give aid, help, and good example; but as I speak today, I do it with honor and dignity when I say, 'It is always a beautiful thing to see the sons of The Creator walk in a manner and way respectable, honorable, and in knowledge that one day they will fall into the category of masculine Saints.'

**S**o, as I close, I say to all here present, 'To be created a human being has a Goal, has a Purpose, has a Reason, and each so-called "division of life" was created to fulfill the needs of Heaven.'

MARCH 20, 2006 AT 1:24 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**At the time they decided to put Me on the Cross, there were many present who were not anxious to partake in this act because I was a human form, body, and My Actions showed I was alive to them. When the time came for the final blow, there was fear and yet anxiety in them to fulfill what they had decided to be beneficial because of who they heard I was, what they thought I was, which was so opposite in reality of what they knew, what they thought, what they felt.**

**Today, in the time in which you live, all things are not in a perfect realm of decisions, of purpose, of concern and of participation. I am not speaking of just one gender, one subject. I am thinking of so many variations in how advanced education is, but I must add: education to the mentality is far greater than the understanding regarding how individuals would consider Me, if they saw Me in a living state. Would it be as it was a long time ago? Or, would**

they reach a point where seeing the living Matter, the living Statue, the living Figure, how many would back off and say, 'I cannot pursue an act of this kind'?

**You** live in a time different, but you also live in a time wherein human beings do not always choose the correct manner of doing things.

**Though** I speak opposite to what most hearing Me speak, think, it is important to think about, because in the Creation of My Life there were many steps followed, thus giving to those in the living state not just courage, but understanding of the importance of morality over immorality, purity over impurity, justice over injustice. I could speak on and on and on.

**Every** human being created has a Portion of them, within them, they do not understand the full measure of, but It has given to them stability, but also, an innate understanding that there is a Goal for life that without This being in them, they would not have the sensitivity as much as they have. It would not reign in the reasonability that they experience.

**Some may wonder why I would speak this way. Perhaps I am doing it because I see human beings gifted with a life that has a Purpose, a Goal, a Reason, but I also see some who abuse what they are headed for, by, with, and how.**

**It is important to be aware that human life has a Goal to one day have a Portion of it live in a Manner, a Way, a Degree, a Place, that serves what is necessary to be served, and a Love in It that is far greater than the love that human lives pass on to each other, thought about each other, made excuses for, to each other. A love of this degree was based on human minds, mentalities, but the Love that The Divine has, is a Love Blessed by Divine Love, Divine Courage, Divine Hope, and Divine Understanding of the Importance to the Soul that will one day be Where I Am.**

**Needless to say, I could write hours, I could speak hours on this subject. Please remember, for your sake and for the sake of your Soul, your body and your Future, that in the Creation of human life, there was always a pleasure to see a Gift of this measure for a Goal that would one day**

**return to from Where It came, and live in a different Manner, Degree and Way, but Part of The Divine, in the Purpose and Goal for which The Divine was created: for happiness, for purity, for love, for justice, and for the ability to not look for happiness but live it consistently, constantly.**

**I could speak hours on this subject, and I would, but I feel I have used the time to hopefully relay through the Words, what a Treasure human life is, and what a Beautiful Gift it has awaiting it; also, that the Soul of every human being can become ‘a Saint’.”**

MARCH 20, 2006 AT 2:17 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have come today to speak on a subject matter that is not always looked upon as important, but basically, it is one of the most important words that I have given to human lives, because I feel that many sins can be caused if the word is used in the wrong measure, for the wrong purpose. The list is endless.**

**To some the word will mean nothing, but I hear it often. The word is ‘filthy’. Some people, in a common way, dramatize or speak the word against a condition, a situation, an individual, that is strictly vile for the individual to hear, especially if they feel it is pointed at them.**

**Conversation in the human manner of living should be looked upon and used always in a proper order, so that it gives to the individual hearing it a fuller understanding of logic, or a sensitivity in it that makes a finer discussion on whatever there is to be.**

**Many will find My Words a surprise, or some might find Them not as they think Them to be, but let Me put it another way. Whether you speak, you sing, or you put into script what you think about or want to say, you are passing to someone or many others, more about you than you realize it to be.**

**The Gifts of speech, the Gifts of script, and several other Gifts that are used continuously, should be looked upon in a more important phase of understandability, because many times it depicts the wrong subject matter. This happens even when individuals are trying to be overly friendly with others and they are using words that depict intimacy rather than just credibility to a condition, or situation, or phase, or meaning, or manner of moral discussion.**

**I will speak no more on this, but I want you to think about it, because it does have a major part of how you associate with other individuals.”**

MARCH 20, 2006 AT 2:41 P.M.

**“There are Many of Us present.**

**There are so many things We would like to discuss with all of you who are so generous in how you take the Words We speak, put Them into print, so what We speak others will be able to read, hopefully learn from, and use as guidelines for conditions, situations, and/or whatever will give a definition that will give hope to what is being spoken about, thought about, or needed to help someone close to them.**

**We so many times would like to speak hours on subjects We feel will give strength or happiness to those who will read the Words and find in Them a subject matter that gives them a closer association to The Divine.**

**I could speak and speak and speak, but I will close at this time, because I know you have had a busy day, but I thank you for allowing what We needed to hear, to read by those close to you, because a time that releases Words that We depend upon, is**

**a time for Us to remember important things.”**

MARCH 22, 2006 AT 11:47 A.M.

## OUR HEAVENLY FATHER

**“There are Several of Us Here with this *little one*, and We have come along with her to ask her to put in the Words We want you to hear, because in so many ways, only We understand many things about you that in your daily way of living, you many times ignore things that are not pleasing to The Divine. The list, of course, will come at another time.**

**Some ask the question, ‘Why would You, God, choose one such as *this one* who is talking now to us?’**

**I, your Heavenly Father say, ‘Her obedience to Me was every day that she lived from the beginning, because even as a child she presented herself open to what I Willed her to have, to know, to feel, and to communicate with; but also, to share this so many times is difficult for some individuals to do.’**

**Honesty throughout the world is rare, and truth in many close associations is rare, because satan tries very hard to destroy what I Will**

a human being to care about, and to want to be able to do what I Will them to be, to act, to follow.

I hold *the little one's* hands tightly, because hearing These Words, she wants to walk away from Me, because she feels you do not understand the full measure of how I use her daily in My Divine Plan.

You have the privilege, you have the will, if you will but use it properly. You also have the opportunity to see more that is not just ordinary, but helpful to your Soul and the Souls of others with whom you are acquainted, or you are related to, or you are just personally associated with in a degree and way personal, thus being able to speak words that are important for both Souls, yours and the one with whom you are speaking.

Why do I speak this way, you ask yourself. Why do I speak the Words I am today? I, your Heavenly Father say, 'Where else would you learn the importance of what I Will you to do to your Soul? Because your Soul is the recipient, and your Soul can be the victim, because the Soul wants what is right, what is moral, what is good,

and what is suitable to one day your becoming “a Saint”.’

**I will close because My Words through this *little one* are difficult for her to handle, because she does not talk in a normal way like I speak These Words in My Way of delivering to you what is best for you, your Soul, and your Future Life when the time comes, because you see, I want everyone created to one day be ‘a Saint’.”**

**MARCH 22, 2006 AT 12:36 P.M.**

**“There is so much We would like to speak about, because We are Souls, and We, in many ways, listened and/or even lived the life of the one in which We were placed at a given time.**

**Granted, this may sound difficult to some, but in the life of a human being, there is more instilled than is seen or heard about; of course, the heart, the lungs, the Soul.**

**The Soul is evident many times through how an individual responds to what they hear, or what they speak, or the company they are in of other people. Sometimes, to show what an individual is thinking, it comes from the Spirit within that individual that could be a Saint, or identifiable by another means, or purpose.**

**Now, this does not mean to exaggerate the Gifts of Divine Love, it is meant only to help individuals understand that in their abilities to speak, to see, to think, and to be aware of so much going on around them, that many times different portions**

**of the body must respond to aid the individual to promote or permit what is occurring.**

**Now, to some this may sound odd or unreasonable, or unable to be like it is spoken to be. I spoke These Words, because it is so important for human beings to recognize that they are sensitive to many things: the sight of seeing, the Gift of hearing; and the development of being able to speak one or more languages should prove to the average human being that there is a communication that was given with Divine Love, so that the mentality and the physical of a living human being would have the ability to associate, or to project, or to accommodate, or to speak, knowing that they could communicate in a particular manner and way and be happy about it. The Words on this subject are so numerous.**

**I will close at this time, but as I do, I say, 'There are so many things in human living that a human life is capable of partaking in, giving to human life a broader scope of understandability on what they will be able to address, to use as a factor or a means, or the ability to communicate**

**certain things to others who have the ability to receive what is being shown or heard at a specific time.’”**

**MARCH 22, 2006 AT 12:57 P.M.**

**“There are so many times Many of Us Here in the Heavens would like to take the time with all of you and dictate Words that would aid others you know to be more understanding regarding their Soul, and that their Soul has a Place to return to one day and be with the Heavenly Kingdom of The Heavenly Father in many ways.**

**Every human being created does not fully understand that to be created a human being was very Important in Divine Plan, because it was to give to the Souls of multi-million individuals, the privilege to return to from Where It came and live with The Creator Where nothing would end.**

**It is easy for some to understand this Statement, but the Statement is logical in every way because, do not forget, you can look at the moon. Does it go away? Now, look at the sun. Does it move real quickly from where it is, or does it promise to return again, maybe in a different light because of the time? But, you have two Promises**

**hand in hand. What more could you ask?**

**There are so many things to give to human beings the truth, the means, and also the fact that there is a Future for every human being, because within human life, there is no human life created that does not have a Soul within it.**

**Now, some may ask Me, ‘How do you know what It could look like?’ Let Me put it this way: In the Creation of human lives, all things were created in a formal way, recognizable for the fact that they were a human being. Is that not so? And then, as time moved on and The Heavenly Father saw that what was to be seen had to change in a different degree for some reason or other, so it was not just one group that was put into this fact. It was all from then on. The Purpose was Divine Love for the Souls that at one time lived in that body and were able to be called ‘a Saint’.**

**I could speak pages on this subject and do it with much Love for every human being created, but the facts speak for themselves; the very fact that human life was never stopped.**

**It started in a beginning form, but it graduated to a more practical, logical definition of what it was all about.**

**As I close My Words at this time, I thank you for taking Them and putting Them into print so perhaps someone will be able to see the value of Them, in Them, for Them, with Them, that maybe was never thought about before that. Much Divine Love goes with this, and I say to you, ‘Each time you give thanks for a Blessing, you are Blessed more than you will ever know.’”**

**MARCH 22, 2006 AT 1:44 P.M.**

**MANY SAINTS**

**“We come in happiness, We come in joy. Some day you will feel the same way because, remember, when you assist The Divine in any way, there are Blessings that pour forth that Words could not say, because service to The Divine means that more than one human being is given the privilege to partake in some portion of it for their Soul’s sake.**

**Even when you walk to the Railing of God and you receive a Small Gift, do you not feel the privilege it is, the Love that is in It, and also, the fact that He would take the time to be with you, when there are so many other things that He is responsible to do?**

**Remember this, These Words I have spoken, so that each time you receive this Gift of Divine Love, you know in your heart, He did not forget you.”**

MARCH 22, 2006 AT 2:15 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**I rarely ask this *little one* to put My Words into print, but today, I feel the importance of doing it because of how many human beings ignore little facts, little conditions, little situations that in many ways could help others more fully understand the Importance of becoming Part of Divine Plan.**

**We see so many individuals ignore what is available to them in how they should respond to prayer, and/or to the wrong in impure actions, facts and/or participation.**

**You live in a time wherein so much is acceptable that should not be acceptable, because it is catered to by the enemy of man.**

**I know *the little one* is having a difficult time because she is not used to hearing Me, and I smile when I say: ‘There is no sound to how I speak. I instill It into her being, My Way.’**

**Throughout the world there is so little attention given to what a Commandment should be seen as, treated as, and/or followed in its full meaning, because The Commandments were given to give strength morally, mentally, psychologically, physically. This is obvious in what They say in the Wording of Them.**

**I have come on this day to make this a point, hoping that many will read the Words and try, for their Soul's sake, to see the importance of how they pray.**

**As I close, I want you to know: When you ask for help, you do receive the aid. When you ask for strength, it is given to you in the way it is logical for you, but sometimes you feel you did not receive what you requested, but I promise you, there is no time you do not receive what is best for you. Amen."**

## **OUR HEAVENLY FATHER**

**“There are so many human beings that need to know about This Gift I have given to the world that puts into script what I Will them to know, of how, why they were created, and that is to return to Me via the Soul, because in receiving This I will bless them abundantly.**

**The Creation of human life had a Purpose to it, a Reason for it, a Need of it.**

**I have Blessed the world with Words of logic to help human beings more fully understand that they were created for a Higher Plan, a Greater Gift than the human mind can perceive It to be, and that is to return to Me, through their Soul that is a Part of Who I Am, What I Am, but each Soul is marked with an identity that will live on Forever.”**

MARCH 23, 2006 AT 9:45 A.M.

**“There are Several of Us present. It is important for you to know this.**

**Time is important, and all things occur that need attention this *little one* becomes aware of, because the Souls of many, many people must be the recipients of All that has been put into script for the betterment in understanding why a Gift of This Nature was given. It is because so few mentalities can determine purity over impurity, love over hate, justice over injustice, and what is pleasing to The Creator over what is pleasing the enemy of all who live, all who were born in the human way.**

**I speak These Words because of the importance of Them and the many lives that need help morally, mentally, psychologically and spiritually.**

**You live in a time wherein so much is acceptable that is basically diabolical. This Must Cease!**

**We use *one small body* to give in Words, in script, subjects that should**

**enlighten them to think more purely, but this is not always the result.**

**So, as I come today, My Words are to be released for others to at least read, and I hope understand and obey.”**

**MARCH 23, 2006 AT 11:08 A.M.**

## **OUR HEAVENLY FATHER**

**“Since the beginning of human creation, I decided that it was necessary to record the Importance of this Gift of Divine Love. At first, it was not seen for the Greatness it meant to be, was meant to be, but at this time in which you live now, there is obviously a great need openly for My Presence to be understood as The Giver of life, The Healer of life, but also, The One Who will make the decision on where the Soul is to be, put in, for the rest of Its life.**

**The Soul is the Living Matter. The Soul is a Gift of Divine Love, and the Soul is That Portion that nothing Greater could be, was given to the human lives, to give them the moral strength and the abilities to think, to speak and to act as it should be, not as the animals. Remember this. The animals were created for a purpose; a purpose, but not as Angels, not as Saints, but to give different gifts of help to the human generations that would need them, whether it was to eat, to use as an instrument, or whatever it**

was; but always remember, that to be created as a human being, and right now, there are thousands throughout the world called 'babies' that are not going to be told why they were created, or given the help regarding That Portion of them that is within them, that is Me, Who I Am.

Some who have children are so negative, so out of sync with Me.

I will close. I could speak hours on this subject. I would, because it is important. That is why I have not given up since I have assigned This Gift of My Divine Love that I knew, for others to hear what they needed to know.

I will talk later. I am not just upset, I am Angry to see so much diabolical actions, thoughts, practices. The list is endless. So be it, but I Will Get My Will Accomplished. I promise you This."

MARCH 25, 2006 AT 12:25 P.M.

**“There are Many of Us present where this *little one* is, because what she must endure physically is far greater than it is ever perceived to be.**

**In the human manner of life, sometimes obstacles interfere with the Spiritual necessities. It is the way the evil one works hard to have tears come instead of happiness and love that express The Holy Trinity.**

**So much could be delivered on and in and for a subject of this dimension, because human life many times must endure so many different facts, considerations, abuses, and none of them care for what it does to their Soul, to their mentality, and/or to their understanding or love or happiness or joy, or all that is good.**

**I will close. I could have spoken hours on this subject. I smile when I say, ‘Maybe sometime I will.’”**

MARCH 26, 2006 AT 11:50 A.M.

## SEVERAL SAINTS

**“We All smile. There are Several of Us present. We have come in an open manner and way to thank you for all you do, you speak about and say to others about This Gift that has been given to the world to help human beings of all backgrounds, all ages, all degrees of normal understanding, that when We speak, it is really We Who are speaking, and the purpose for It is to aid the mentality, listening regarding how close human lives are to The Saints Here in Heaven; also, that human life was created for a Specific Gift of Divine Love that blesses the Souls of those who walk the human way, using their Soul as That Portion of them that is to return to Us at a given time, because of the Importance of the Soul that represents the individual through the Spiritual Will of The Divine Will, showing that no human being is not gifted with a Spiritual Guide that is to return from Where It came, a Place called ‘Heaven’.”**

**MARCH 26, 2006 AT 12:15 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**I speak today to urge you on to look at all that is necessary to aid thousands of human beings to more fully understand the Greatness that is available to them in Divine Plan.**

**You live in a time where humanism has been exaggerated in what it gives to human life, human living, human practices, human incentives, and human goals.**

**There is so much to be thought about regarding one’s Soul. It is not just a word. It has a meaning to It, but It also has a Representative of It. It is Greater than expected to be.**

**The Soul is a Live Factor, a Live Source, placed into human life to give strength to human life also, thus giving what human life is capable of reacting to, and that is to return to Heaven at a given time.**

**If the Soul was not spoken about in the manner It is associated, if only**

**the body of human life was what was regarded, then what would the Soul be like? The Soul is an Entity of Divine Creation. It is More Important than It is spoken about or seen to be, because the Soul is a Portion of Heaven. It is a Gift of Divine Love from The Holy Trinity.”**

***“The little one bows to Our Presence and says: ‘Thank You, God, for Your Presence. I will do as You Wish.’”***

MARCH 27, 2006 AT 11:55 A.M.

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. I am your Heavenly Mother, and I feel I must tell you that there are Many, Many Saints present with Us at this time, because of the importance of what We are about to say.**

**In the Creation of human life, it was made to be seen for a worth and not as a mistake, and not as something that should be cast aside.**

**The Gift of human life is a Blessing beyond what It is understood to be, and this is a sadness to Me, because when I see wrong, or injustice, or jealousy, or hate, it serves nothing!**

**Today as I speak, I speak because it is necessary because of this *little one* I speak through. I placed her in your midst for you, some of you a long time ago, but she was placed here for a reason, and a Gift, because I was going to speak through her to aid you, and to give you the strength to persevere in what was morally sound, what was spiritually correct.**

**You live in a time wherein there is much filth morally, psychologically, physically. It is not necessary to let it go on, but if you use the Words We speak through her to you, and you put It into print as it should be done, you will know what to follow yourself, and help others to learn the way to one day be example for thousands of human beings throughout the world.**

**Purity of the mind, of the body, helps the Soul register in what It was meant to be. The Soul is the victim of many things you do, you think, you say, you practice. Remember this.**

**I can speak no more on this today, because what I have just spoken is to alert you that you are not alone in the world. I have placed within you an Individual to teach, to instill, to direct, in a very normal way, what you should be thinking every moment of every day.”**

**MARCH 27, 2006 AT 12:23 P.M.**

**“There are Many of Us present because of the Importance of your Soul that, in many ways, is not thought about enough, and definitely does not have in it your more consistent understanding of what the Soul is all about.**

**You have never heard Me speak like this before, but It Is Time That All Of Human Life Begin To See The Reality, The Necessity, The Purpose, And The Reasonability For A Soul To Be Part Of Human Life; Not Restricted, No, But Used In How It Was Presented To Be: A Gift Of Divine Love, A Gift Greater Than It Could Ever Be Pictured To Be.**

**The Soul is the receiver of all you think, say and do, but do not forget, It is a Gift Greater than any part of you, or I should say, any other part, because The Soul You Have Is A Gift From The Creator Of All Things.**

**I want to speak hours on this subject because I, and Many Here with Me, feel the necessity for this, the**

**understanding of it, the logic in it, and the purpose for it. I will speak later.”**

MARCH 27, 2006 AT 1:08 P.M.

MANY SAINTS

**“We have come today to remind you that We are always present where this *little one* is, because We are assured by Heaven that They, too, look to see, so They can speak what They want others to learn about, because it is important for all ages of human life to fully understand the importance of understanding how to see The Holy Trinity, The Heavenly Mother, and All the different Words that address These Two Things, plus All the Words that address Honor to The Father, and Honor to many ways that He gives to human life Blessings unlimited.**

**I know I speak differently, but Many of Us Here in the Heavens do this. It is to remind all who take the Words that there is never a moment that We do not want to happen that human beings will not be instructed on what is important for their Soul, whether they are alone, or with other individuals.**

**I could speak hours and We All would, but today it is just to give you**

**an Act of Our Love, in sharing with you Our sincere concern for you to be able to receive Everything possible, so you can live with It and share It with others you know or are acquainted with, how you are working for The Holy Trinity.”**

**MARCH 27, 2006 AT 1:16 P.M.**

**SEVERAL SAINTS**

**“Yes, there are Several of Us present. It is a normal thing for Us to be doing, especially when We know that there are others with her who will be happy to take Our Words and put Them into script for others to learn more about the Heavenly Way of doing things.**

**The Father smiles at These Words, because He is so happy when those upon the earth are active in spreading the Will of The Creator, helping Souls in many ways, but also, giving to the ones who will teach others, a Blessing beyond what they know a Blessing to be.**

**Children should learn more indepthly on the prayers that are so easy for them to speak, because each time they pray they will learn to more readily understand that they are close to a Saint, and they will feel the Presence in what they are saying, speaking, knowing that the Saint is hearing every word they say.**

**This may sound difficult to some who take These Words, but it is Fact. Let Me put it this way: If you are in a room and there is a room next to you, and you hear one or two people or more speaking, does it not spark your curiosity a little, and then, perhaps you might find yourself listening? Is this not so?**

**I smile when I say These Words, because it is a Gift given to the human life, and that is to hear and to follow the words, so that the knowledge in the words will have a meaning to them, and perhaps be important on certain subjects.**

**I know what I have just spoken is different than usual, but it is a Fact, and it is to many, a way they learn so much more than they would, if they did not hear what was being spoken to someone else. Is this not so?"**

MARCH 27, 2006 AT 2:06 P.M.

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**I come on this day, because there is so much happiness Here in the Heavens regarding This Gift that The Heavenly Father gave to *one small body, one small woman* in the world.**

**Each time she is requested to speak for One of Us Here, there is never a question why. She immediately does what she is requested to do, and that is to repeat Words she does not hear. This Gift is far greater than It is seen to be. It is a Gift of Love of The Divine that is rarely evident openly.**

**True, some individuals pray a lot, but there are other ways for them to show their love, their respect for The Divine. Some do; some do not.**

**I could speak hours on end at this time, because I know that My Presence is with those who work with *the little one* who speaks My Words, and they do it because they not only believe in how Many of Us speak, but also because of the importance of the Words.**

**Yes, thousands and thousands and thousands of Words have been passed through *one small voice*, and Every Word has a purpose, and wants to help those who read It to more fully understand that to be able to read something in print, many times gives strength and hope to those who do not have the ability to write the Words themselves.**

**I know I speak rapidly, but I always do, so as I close I say, ‘Never forget, what you accept in service to The Heavenly One, you are Blessed abundantly, and will one day see it firsthand.’”**

MARCH 27, 2006 AT 2:35 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**There are Several of Us present. We All smile at this *little one*, because she is ever ready to speak Our Words to those who will put Them into script, because she has no doubt that What We are pledged to say will be of help to someone some day that in reading the Words will give strength, courage, and perhaps a way to succeed morally, mentally, psychologically, spiritually.**

**The Words delivered by Most of Us Who deliver Words, are Words for more than one individual to find happiness in, or courage in, or responsibility, or a future manner, way of thinking about what life is created for.**

**After Our Words are put into script and made available for others to read, it is always a pleasure to see how much that is given will aid some portion, some part, some need to an individual who would never have thought of that way.**

**I know I speak rapidly and I ask you to forgive Me for it if it bothers you, but there is always so much All of Us Here in the Heavens want you to know, so that you will see so many things that will help you in how you consider certain facts, certain conditions, situations, in a better form of thinking, and of course, by putting These Words into print and you reading Them back, reminds you that you could only do this because you have a Soul, and the Soul is the recipient of what you hear, what you do, how you think, and always desires to aid you when it is needed, and give you hope when it is an important part of what you are doing.**

**God always sends Love. Remember this, and in His Love, there is always help.”**

APRIL 2, 2006 AT 4:25 P.M.

## SEVERAL SAINTS

**“There are Several of Us present, and We should add, wherever this *little one* is, because of What has been spiritually augmented for thousands of human beings to read and to more fully understand that all of the creations that have been accumulated, allowing what they stand for, and what use they are to mankind, plus the benefits of what they are associated with, for the mentality they are to be remembered by.**

**Each time We are requested to address Information regarding important facts, important additions to what individuals in the human way have not been exposed to, until We have the privilege to speak Words, allowing them to learn any new venture into Communication to them, This Gift that has projected so much, instructing, delivering the method of It, the means for It, and the value to the mentalities that It instills for more to be understood than could be understood under such ordinary**

circumstances that would reveal only small subjects of reference.

**I know I speak differently, but Many Here in the Heavens do, because human life was created for a Purpose designed by The Creator to fulfill a Great Gift of His Divine Love, because It was designed as a Treasure based on service in Spiritual Means of several kinds; but also, to inform those unavailable to ever hearing or reading These Words, Script was the Wording to be followed, so that thousands of human beings could more fully understand and follow through what the Divine Entities of living matter and people and things could address in a way understandable to the mentality, always giving reference to the importance of It, the purpose of It, the reasonability of It, and the Gift of Divine Love that Willed This to be a profitable, educational advantage to be understandable in several ways regarding several subjects, thus giving in an open manner, the ability in such a sound form, helping all ages to understand the close Association that human life would have with The Divine.**

**I will close. I could speak hours on this subject, because All of Us Here in the Heavens find It such a Gift of Divine Love to aid, to clarify, to instill and to strengthen what can be learned so easily when it is given the proper method of understandability.**

**We All could speak hours and would like to, but We know that what was just given will suffice until We are told there will be an additional Statement made when it is necessary.”**

APRIL 3, 2006 AT 10:10 A.M.

## OUR HEAVENLY FATHER

**“Whenever I have given My Words to aid, to guide, to comfort, to instill My Love for human life, I have done it in a very obvious way; granted, not always recognized, but many times sensed by the importance of It.**

**In My Divine Love for this Creation of Mine, the Purpose was far greater than it was seen to be, but after many years of repetitive action on My Part, there can or should be no misunderstandings when I openly make a point of Who I Am, in What I speak or request to be done. There are no excuses accepted.**

**I bless this *little one* and those who work on her schedule for Me, because I trust their understanding, she tells them, of Me.**

**I could speak hours based on My Love for human lives, because it was created with a Goal Greater than It is known to be.”**

APRIL 3, 2006 AT 11:45 A.M.

## OUR HEAVENLY FATHER

**“I am holding her tightly because of the importance in how she lives each day under My Supervision that I have instilled into her body for a very long time. She has walked My Path in more ways than it could ever be understood by Its number, weight, and value. I have put her in this Close Association with Me many, many, many, many times, because it would not be possible for anyone to think like I think, feel like what I want them to learn, could possibly think of what Words to fulfill the Wish for the good of their Soul.**

**I will try to release her slowly, because her small body will be able better to repeat My Words.**

**I have given to the world a Blessing far greater than It is ever seen to be: first of all, the Gift of life, the Gift of speech, the Gift of hope, and the Gift of understanding how important it is to communicate with Me. That Gift is far greater than it is ever seen to be. It is as though you have someone you love in the human state.**

Do you ignore them, or do you act with friendship, concern, and definitely a communication to keep the friendship going? That is why you should pray to Me, to keep you in My Way, My Will, to remember what is necessary to give you strength, to support you in ways that nothing else could.

I could speak hours through this *little one*. I speak sometimes so much that her body is spent when she lays her head to rest, because the Power I use is not ordinary. It is a Power of Divine Will that nothing else has.

I know I speak harshly, but I do not mean it this way. I do it to allow you who take These Words to more fully understand the Power I Am, and then when I speak to you, it is for you to more indepthly understand My Presence is of Strength, of Hope, of Concern, with the Desire for you to grow in a more understandable way, that when you were created, it had a Goal Greater than anything else created, and that is to take That Portion of you and return It, and never forget, It is called 'the Soul'.

I will close, for when I speak so harshly through this *little one*, her

**body, in wanting to do What I Will it to do, gives to Me the chance to speak to others because of the importance of how I think them to be, and that within them they are the custodian of a Portion of Who I Am, called ‘the Soul’.”**

APRIL 3, 2006 AT 12:43 P.M.

**“You live in a time wherein there are so many diversifications of certain words that basically cause the words to be out of concept, out of content, only pleasing to those who find it comfortable to work with these specific words, but many times ignoring what the word basically was meant to mean.**

**To some reading this, they will not understand it, so they say; but in many cases regarding words, so many individuals want to feel comfortable instead of logical, feel that the wording gives attention, but thus ignoring the value of what the word was designed to be in what it meant so that it could be seen as specific in purpose, and even sometimes ideal in what it represented.**

**The human mind oftentimes enjoys a bit of critical accent, critical behavior, critical personal view, that many times denotes what is necessary to see as fact, truth, balance and normal consideration.**

**I will not speak more at this time,  
but I will at a later time.”**

APRIL 6, 2006 AT 11:39 A.M.

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. And I am your Heavenly Mother.**

**We join Each Other on this day because of the Importance of This Miracle of Divine Love, wanting all of human life to more fully understand, but also, to obey the Sacraments that were given in another time, in another way.**

**You live in a time wherein, even though an individual openly accepts Who We Are, What We say We Are, they do not act in human life in honor of Who We Are, What We Are, and how close We are to them.**

**We care about talking through this *little one*. We have known her a very long time. Her love for Us has never dwindled because We have known her. When she speaks, it is to achieve whatever is requested to be done according to Our Will and Our Love.**

**You live in a time that there can be no excuses regarding Faith in The Divine; no excuses, casting out questions not just wrong, but unrefined.**

**You rarely hear Me speak anything like this. It is not Our Will to want to speak in an unfriendly mode, or in a way pointing out what should be changed to from Where It came, because there is Divine Love in Hope.**

**Love for The Divine should be natural. When human beings feel a closeness to someone they know, if it is a sincere manner of doing it, way of doing it, do they not let it show? Of course they do. Who better knows than We Here in the Heavens?**

***The little one* We use has a loyalty to This Gift instilled a long time ago, and she pleads with Us to help others see the Beauty of Service to The Holy Trinity.**

**We will close at this time, but as We do, We want to say that We love her, and those of you who take the time to respond in dignity and honor, and wanting to fulfill Our Will the way We desire it to be the strength for them, and others.**

**We bless you in a way you cannot see, but it is a Way that only Divine Love has the privilege to do.”**

APRIL 7, 2006 AT 11:47 A.M.

## MANY SAINTS

**“So Many of Us join Each Other because of what We see the Souls of human beings partake in, and many times enjoy the results of what they see.**

**We know it is difficult to understand what I have just spoken, because you are aware that Our bodies are no longer present, but do not forget Our Souls are, and Our Souls, like all Other Souls, are in many ways obvious to what occurs after the body and the flesh of an individual no longer exists in a living manner and way.**

**Human life is a Blessing, because in the Creation of it, The Heavenly Father is consistently and constantly a Part of it, through the Soul that is That Part of human life that was given as a Gift of Divine Love, to always be able to be a Part of that individual that walked the human role.**

**Many reading These Words may not understand what I have just spoken, but every human life created is gifted with a Portion, unseen with**

**the human mind and eye, but the Soul is available, and the Soul is That Portion of human life that is given the Blessing that the individual earned in the human manner of living.**

**I could speak hours, and I would, but I know I must close at this time because of what I have spoken is a Great Gift of The Divine.**

**You are Loved when you are created, and when the time comes for the Soul to be taken to another Place, remember, It is an Act of Divine Love.”**

APRIL 7, 2006 AT 12:13 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This *little one* We speak through so many times cries when she hears Our Presence even enter the room, because she knows the Responsibility it is on her when We request that she speak for Us, to you.**

**Our Reason for doing it this way is because it would be too difficult for her to do it any other way, seeing as to how there are so many of you that can take the Words We Will to be put into script, to help others who will read Them more fully understand how close I am to them, along with being close to you.**

**It has been a very long time since My first times that I have revealed so much through this *little one*. I used her to transmit what I Willed others to know, to understand the importance of, and the value to them that My Words would support in them, for the good of their Soul.**

**I smile when she backs off when I mention ‘Soul’. There is no human being in the whole, whole universe that knows the full indepthness of what the Soul fully means to them, because the Soul is a Portion of Who I Am, and the Power I Am transmits through Them. That is why they have been and how they have been given so much strength and understanding in what to do.**

**Granted, many individuals outside this small group that this *little one* is in with you, it would be difficult for them to fathom the importance of All I say to you: first of all, My Presence, and then on and on and on, for Information to be given to you, to entitle you to more understanding of what I Will for you to be successful in and able to do.**

**I will close now, but I assure you, I am always present through this *little one* that I chose a very long time ago.”**
