PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

We many times, in asking this *little one* to put what We Will to speak in print, she always smiles and says, ‘Why do You ask?’ and We say, ‘Because We want to be sure it is welcome to you, and you say “Yes.”’

Throughout the world there are so many different personalities, natures, and people who even if they learned the same characteristics in how they should think, should act, should speak, should follow through and/or see personally what the value of what they are doing is important enough to do it.

I know My Words are different than you are used to hearing, but Everyone Here in the Heavens desires so much for all human beings yet in the living state to feel that the Goal for their life in the human way is to one day come to Heaven.

There are millions of human beings alive throughout the world. So

many of them have no idea what their prayers mean to The Divine. It brings their life, their will, their body closer to The Saints, because Most of The Saints walked the human role.

The Words I speak are not quite what you would have expected Them to be. I know this, but is it not so that in the Creation of human life, The Heavenly Father, in His Love for this creation, instilled in it so many different abilities, so many different understandings, and so many different ways to speak, to adjust, and to think? Wouldn't it have been sad if none of this was like it is, and there was only one sound and definitely only three, four or five words that were acceptable?

Every human being should thank The Heavenly Father every day for the Generosity and the obvious Divine Love that was used to give to human life many things, many ways to do things, and yes, many degrees of how to think, what to say, how to live, and yes, to see that there were Gifts for enjoyment and happiness. Some Gifts were to be very serious, conscientious. The list is endless.

Every night, every human being should say:

*‘Thank You, Heavenly Father;
thank You, Heavenly Mother,
for helping me be a Saint,
because it is the only Goal
I see that will return me to
from Where I came, and that
is to return as a Saint.’”*

SEVERAL SAINTS

“Yes, there are Four of Us. Many times We come in Groups, because of the importance of what is delivered through this *little one*, that was designed to create Messages that would aid those who heard about Them, learned from Them, many important steps in becoming ‘a Saint’.

Children instinctively know that there is something important to their being created. It does not always come out in terms understandable, but their actions sometimes, or their adopted habits in how they practice certain things they do, often alert those present to a need that gives them strength or a desire to accomplish something not always present to them.

So many times things like these are overlooked, most of the time thinking that the child does not know what he or she is doing, or what the purpose would be for him or her, because they do not know all the acts, actions of human life, the necessities

of human life, and what they pertain to.

It is always pleasant to listen to a child who is trying very hard to instill in the older individuals, that the child sees something in a more personal mode of what it would do for him or her.

We are saying these things to awaken someone who will read them, that maybe if they look into what is obviously open in front of them at given times, they will be able to aid the individual when nothing else can, or no one knows what to deliver regarding a specific idea or plan.

I speak differently, but I do this on this day just to help you be alert, that you might be present when something occurs that needs some attention for the good of the person, or even their Soul.

All of The Saints want so much to have This Gift give to the world not just ideas, but aid, because it is not always seen when it is requested to be. Aiding someone, many times is ignored.”

APRIL 10, 2006 AT 11:45 A.M.

OUR HEAVENLY FATHER

“In the beginning of the Creation of human life, much had to be considered because of how human life was instilled with the ability of sound, the ability of action, the ability to hear, thus allowing each age in time to be more indepthly filled with the necessary abilities that each human life would need; of course, the mentality also had much to be helped with, directed in, and encouraged by. I could speak hours on this Gift that supersedes what is oftentimes seen as, or understood as.

Today as I speak, it is Divine Love that I extend to those present and to those who will read These Words, because in the Creation there had to be different degrees of instruction or intention to certain parts of the human mind and body to be able to fulfill what was to come, to be able to be used, giving to human life the background to extend all the Gifts that would be necessary to help human beings achieve the goals that would give to each one, as an individual,

abilities that other things do not have in the same degree of dignity, honor, and respect and ability.

I will close, but as I do, I want to thank this *little one* that We use, but I extend a ‘Thank you’ to those who assist her, because All that is put into script is to aid all who hear It and read It, helping them to more fully understand how close human life is connected to Divine Existence and Practice.

I could speak hours, and I would, but I know that will come at a later time. Do not forget.

I will bless you as I leave because of your patience and your generosity to Me.”

APRIL 10, 2006 AT 12:43 P.M.

SEVERAL SAINTS

“There are Several of Us present. We All enjoy speaking Words to those of you who usually take Our Words, because We feel you are supporting a Gift of This Measure for the sake of Souls of millions of human beings.

There are so many things We would like to address, hoping to give you a fuller understanding of how much We appreciate you and your dedication to service to The Creator, to All of Us, and this *little one* We speak through.

Today is a special day to hundreds or perhaps thousands of human beings, thus celebrating something personal to them. We enjoy those days, because oftentimes it gives an open satisfaction to how some of them use prayer, and use perhaps going to a Church to celebrate. All the good that can come from being happy over something, even a day in time, We use it as important to the mind and the body of a human being.

We oftentimes speak differently through this *little one*, because We

want you to know how close We are to your presence, your thinking, and your possible exposure of thanksgiving to God. The Heavenly Father is always aware of every thought you have of Him, and every word you show cares. When He mentions it to Some of Us regarding a specific fact, that We should, or We could, or We are able to perhaps aid in some portion of it, We always smile and say, *'Thank You.'*

Most of Us, or I should say, All of Us Here in the Heavens could speak hours on how much We care about every Soul that is in existence, because the Souls are Something to be thankful for. It is that Gift given to the human body that is to remain Forever and ever and ever.

So, as I close These Words at this time, I must say: 'Never think you are all alone. Your Soul is always with you, and many times We too, in Our Own Way, could be there for awhile, or for as long as The Father Wills it to be.'"

APRIL 10, 2006 AT 1:22 P.M.

SEVERAL SAINTS

“The little one We use, in listening to Us speak to Each Other, thought it was very humorous in what We spoke. First of all, it was Our Way of saying: ‘Thank You, Heavenly Father, for putting Us in a Place in Heaven, because it gives Us the Courage and the Strength, the Purpose and the Goal to help others achieve this Role. By this Role, We mean showing Our Love for You, The Heavenly King, and All The Others There with You. Heavenly Father, give Us the Strength to perpetuate Your Love, because It is what gives all human beings hope, a deeper understanding of what Divine Love is all about.’

We know *the little one* is crying as We repeat her words, but it is time that thousands and thousands of human beings get to know how close We are to Heaven and to earth.”

APRIL 10, 2006 AT 4:10 P.M.

OUR HEAVENLY FATHER

“It is with much Love that I speak at this time because of the importance that human caring is of a Special Grace in My Thinking.

I am your Heavenly Father.

In the design of aiding adults, and even younger ages in a caring mode of displaying to someone else a warm interest, allowing words to be spoken that could and would and will unite two or more people in a respectful time of communication, of association, and of being able to be together and not feel any displeasure in what was occurring. My Words are not usual when I speak, because there are different conditions and situations that unite two or more people in a close association of sharing time for a happier manner of living than is ordinary when it is not based on concern.

I speak differently, because very often words that are needed sometimes are not always available because of the quiet manner in which they are thought to be.

I know you do not expect Me to speak this way, but My Love for all of you is Greater than you know love to be. Never think It to not be this way.

Too much good has been practiced, remembered and continued for a very long time, and sometimes when this occurs, the time together should be extended, not cut off.

I bless those who look to Me for what I would probably speak regarding a manner of communication.

***The little one* finds it so difficult to speak My Words, because I have used Them so differently than what is ordinary between Us.**

I love those who love Me and I love them beyond what they could expect It to be.”

APRIL 11, 2006 AT 12:00 NOON

OUR HEAVENLY FATHER

“There are Three of Us present with this *little one*.

We always like being close to her, and We are so happy when she is with you to reveal and/or to address and to deliver My Communication with you, because I want you to know that when you were created, I Was Present, and what is not understood about certain things is that the reason human lives are gifted with a Soul, it is not always understood for the Love that Divine Love was created for.

I hold her tightly, because her life and her timing is not natural to her. There are so many things that she is involved in for Me, but it does not always show.

I like to speak to you in this way, because it is important that your relationship with Me has a foundation based on consideration, and My Love for your existence in the human way.

The Creation of human life is a Gift of Mine, not always seen this

way, but definitely based on My Love for human living, human life, human practices, human methods, but also, the continuation of human life through human lives that is so important, because it develops the number of human beings that will be able to one day become 'Saints' Here with Me, not always seen in this manner of degree or this privilege it is; but I tell you these things at this time to help you more indepthly understand that to be created a human being has a Goal far greater than It is seen or recognized to be.

There is a Portion of it that will be a Living Portion Forever and ever and ever, because the Soul is a Gift far greater than It is ever seen or known to be. It is and always has been, a Gift of Divine Love from The Holy Trinity."

APRIL 11, 2006 AT 12:42 P.M.

MANY SAINTS

“Many of Us are always happy when We see you gathered with this *little one* that We deliver so much of importance through her, always hoping that what We are speaking will serve the needs mentally, morally, psychologically and physically of those who hear the Words, because the Words are always meant to be a Gift of Divine Love from The Holy Trinity.

We could speak twenty-four hours every day. There are that Many Individuals in the Heavens Who are willing to take the time and serve The Divine with the Words and the Instruction, and what is delivered to aid the Souls of thousands of human beings that never hear such important Words, helping them to better understand, more fully comprehend the Importance of human life, even at the point it began.

I will close because there is so much more that so Many of Us Here could deliver to you, so that those outside the place where you are would

learn the beauty of understanding the Importance of Divine Will, Divine Love, Divine Hope, and other things that give to human life a higher standard of spirituality.

I will close, but as I do, I bless you from the Heavens and I say, ‘Your gift, your accountability through what you have accepted here, you can be sure you will receive Blessings for, another time, perhaps another year.’”

APRIL 11, 2006 AT 1:08 P.M.

“This Gift that has been given to the world for a very long time, is far greater in content than It is seen to be. Every Word delivered is to strengthen, to aid, and to instill a logical understanding of why something like This would even occur for the benefit of the Souls of millions of human beings.

In the average daily way of living, how many individuals awaken in the morning and say ‘*Good morning*’ to their Soul? The list is far less than you can even guess it to be, because there are always very important things an individual wants to accomplish or practice or see.

Up to this time in the History of human life, so many things were not spoken or requested or instilled, because the human manner of living very often cast aside the Soul because the Soul cannot be seen, but logic should say Its evidence is available if you pray, because you would automatically want to say to the Soul,

***‘Thank You for being with me today.’
Is that not so?***

I could speak hours. There are so Many Here in the Heavens Who want human lives to become more adept at their communication with What is a Very Important Part of The Divine, and that is the Spiritual Gift of Divine Love, given a long time ago, for a reason easily understood.

I am adding this together to alert you to a Foundation for your Spiritual manner of thinking, to give you, to give others, the respect that should be automatic.

I will close, but I assure you there is more that I will speak at a later time, but always remember: the creation of a human life is a Gift far greater than it is seen to be or understood to be.

It is time that human lives begin to realize that to be created a human being, they have within them a Soul, a Portion of The Divine.”

APRIL 11, 2006 AT 1:24 P.M.

“As you are several in number gathered together, We All smile, because many times We are in hundreds of Souls that want to be Part of what We are about to speak, and how you are going to notice the Wording in support of, or in lieu of, or to help you more readily understand how close We are, in giving to you definitions or Wording to aid you, to support you in a stronger manner and way, because your Souls are the recipients of all you think, do and say.”

APRIL 11, 2006 AT 1:45 P.M.

SEVERAL SAINTS

“There are Seven of Us present.

We smile with happiness when We have been accepted to speak to all of you at this time. There are Many of Us Saints Here in the Heavens, and We find your communication with This Manner of doing things is not just enjoyable but a privilege, to know that The Heavenly Father would allow so many Individuals Who just made ‘Sainthood’, allowing Them to talk regarding This Gift that is evidently so Precious in many ways.

We asked permission if We could announce that We were able to listen to what was spoken here, because of the importance of everything We hear or We are Part of, is guided and guarded by The Divine, and each time We ask to share the happiness that is obvious, We are not always told ‘Yes,’ because there is very often a reason for Us to wait for another time.

This may sound different or difficult or impossible even, but it is Fact, because Here in the Heavens,

respect is of the utmost importance, due to the fact that there are Souls involved, and Souls Who are hearing what is occurring that is of great worth, and sincerely a Gift of Divine Love for Them.

So, as We close at this time, We are happy to share what We just did, because We know as you walk the human way, the human role, you have many things that are not just acceptable, but happy to see.

So, as We got permission to say what We saw, We stand back and say, *'Thank You'* to The Holy Trinity."

APRIL 12, 2006 AT 11:45 A.M.

“There are Several of Us present because of the Importance of what the Creation of human life gave, and the necessity for so much help to be given in regarding to human behavior, human understanding, human participation, and human responsibilities.

We speak often through this *little one* because Our desire is to enlighten, but also to give strength to those in the living state, but also to remind them that, in their creation there was a Blessing Greater than they can perceive It to be, because the Blessing is to help them return to The Creator, a Saint.

So many individuals reluctantly talk about the Goal for the Soul of human life, human living; men, women and children. It is important to recognize, to realize and to address that being created was a Gift of Divine Love, and all the Gifts of human life had purpose, had reason, and had the Will of The Creator available to it, for

it, in it, on it, because of the necessity for which human life would use it.

I know I speak differently and perhaps harshly to some, but I assure you, nothing in Heaven Here is done that is not to aid an individual who hears It or reads It, to more fully understand that to be created a human being was a Gift far greater than it is seen to be, because every facet of it has a purpose, and in its growth it developed more reasonabilities in how and why it should act mentally, morally, psychologically, physically.

I bless you from the Heavens and I say to you, ‘A Blessing of this Nature, this Greatness, should make you aware that God loves you.’”

APRIL 12, 2006 AT 12:45 P.M.

SEVERAL SAINTS

“There are Seven of Us present.

We are happy to be here with you. A Gift of This Divine Love is always a pleasure to Us Saints, because It gives Us a communication in a personal way that We can hear what is spoken, hear what others say, but We do not have the privilege always to speak Our Words their way; but sometimes, We use the Gifts The Heavenly Father gave Us, and We find ways to instill what We feel or what We felt would be applicable for what We wanted them to be aware of, and perhaps take part in for their sake.

In the Creation of human life, not one thing was not considered. In the Creation of human life so much was instilled, even though in some ways, the communicative manner and degree of conversation, or wanting one to hear a particular definition, has beautifully been put into a manner of allowing it to be, but with no big matter showing.

I hope I have spoken the Words for you to understand. Those Who are with The Heavenly Father and They ask permission on certain facts, interests, concerns, whether the concerns are good or bad, you can be sure The Heavenly Father is aware of what the Soul of that particular individual wanted help for, or aid, to convince of something important.

You rarely hear Me speak this way, but it is to help you cover that as you walk the path of knowing so much as you do, and with the interest you have, and with the Faith that is a part of you, wanting your Soul to return to The Creator, would this not all say that you feel that at a time you will be used through your Soul, to either accommodate or to help, or to instruct something that The Heavenly Father knows would be good?

Communication is a beautiful Gift of Divine Love, and all facts of it are not spread out like when you read a book, or when you have personal feelings about something, because after your Soul has reached The Divine, then things most probably are inclined to work in a different Source, Force, Consideration, Course.

Remember this, but always be thankful for having the privilege to be a human being, with all the assets, the kindnesses, the privileges, and The Divine Love that is with you, now that you are no longer a human being, with all you had to attend to as a human being, a Blessing received, such as It is when The Heavenly Father moves you to another Manner of Life with Him.”

APRIL 12, 2006 AT 1:19 P.M.

SEVERAL SAINTS

“There are Several of Us present.

We are always happy to hear what this *little one* wants Us to know, because in her love for The Divine, she is open to every facet of what she understands to be Words of Divine Love from The Divine.

So many individuals want to know, want to think, want to have, and want to express their feelings, but they become so preoccupied, thus ignoring the communication that they are available to have, which in many ways not only strengthens them, but gives them a closer union with Those Who are Spiritually-oriented and are Deliverers of The Divine Communication, designed by The Creator at another time.

Right now, there are thousands to millions of human beings who are unhappy over so many things, about so many things, because they do not understand that in becoming a human life with the abilities to think, to speak, and to be part of what is available

mentally, morally, psychologically, physically, the human life has so many advantages and so much to be able to reach.

Thousands and thousands of Words could be spoken on this subject delivered verbally. Those who would receive Them would not always see what they look for that would be more humanistic, than how this is spoken, with their whole manner of living in mind.

The human life, in the Creation of it, was designed to be happy, to be productive, and to be able to learn a multiple of things regarding Sainthood, and the nature of human living that was and is and always will be necessary, because it upholds what was created a long time ago.

No human being is created without a Soul. The Father's Will is to instill the Soul, giving to each individual a Gift of Divine Love Greater than It is seen to be; but also, the Soul is the recipient, but also the educator, but also the close-knit Gift that aids human life in a Facet higher in scope than it is realized to be, over

animals and over all other means of creation.

I will close. I could speak hours on this subject, and I must say I would like to, but perhaps at another time, because it is so important that what I have spoken thus far will give more strength, more understanding, and more ability to see why the human attributes are capable of walking hand in hand with The Divine. A Gift No Greater could be given, because eventually the Soul will one day, at a given time, be with That Saint in Heaven.”

APRIL 12, 2006 AT 1:59 P.M.

“There are Many of Us present because of the Importance of This Gift that is capable of giving help to so many Souls inside those who read the Gift, and inside those who write the Gifts.

Today as I speak, it is of great importance. It is necessary for so much that has been delivered through This Gift at this time, be handed out in a very dignified mode of procedure: first to those associated, and then perhaps to a public manner of distribution, refinely done, and very professionally oriented.

Many of Us Here say this, because through All that has thus far been delivered, it is not meant to be competitive to other things in script, subject matters that is; but it is to aid some individuals to more fully understand that everything in human life is not just thought about because it is a subject, but subjects many, many times are necessary to help give to those who read them or practice them,

a stronger understanding of them, and the purpose for them.

I speak this way, because Many of Us Here Where I am, see and hear individuals of all ages look at a subject that could help them in many degrees, but they automatically ignore the goodness, the good points that refer to them, that could aid them in thinking or acting, or using Wording in a different matter of concept, content, or conversation, and for being put into the written script.

I know what I am saying is unusual, but it does have some points of view that could be offered in and distributed regarding the importance, rather than the indifference that is possible to show.”

APRIL 12, 2006 AT 2:24 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I have requested to speak today, because so many times when I listen to you gather, I enjoy hearing what you have to say.

You live in a time when there is so little, where there are so many individuals who have little concern for the ailments of others; I mean other human beings, but sometimes the very same individuals will practice very good attempts to aid someone, or perhaps several others to not have certain problems, certain conditions.

It is sad to say, but it is often innate in some individuals to speak for the ones they hold preferable in condition, in place, and in communication, than they do in others.

Prayer is more than a Gift; it is a communication greater than it is seen to be, because communication says a voice or wording that has importance in it, sometimes for it, and sometimes even with it. Communication with

The Divine may appear as one-sided. Maybe vocally it is this way, but rarely, if ever, is a Saint called upon that does not respond to the call, to the reason, to the purpose, or to the request that is made.

To be a human being has so many advantages, because at each age level there is a deeper understanding of not just conditions, but the value of the age usually gives more understanding to the subject matter, the reason for it, the purpose of it, and the need that it can fulfill in a beautiful way.

So Many of Us Saints Here in the Heavens appreciate and even enjoy being able to request help for other human beings, because oftentimes those who need help do not like to ask for it, because they feel that Those hearing them could not care enough or do not follow a request that They are requested to do.

I could write a thousand pages on this beautiful subject and many times not even repeat the name of the subject, because there are so many needs physically, mentally, psychologically, morally, and just personally in how an

individual senses the need for help, and this list can be endless.

I know you do not expect Me to speak this much, this long, this personally, but it is a privilege for Me to do so, because it is innate in All The Saints Here in the Heavens that when They hear a request, They want it to be right, They want it to be followed, but They always have to know that what will be accomplished is actually The Father's Will; but He is never without helping those who request help. He sometimes offers it in a different manner and way.

No prayer is ever not answered, and *Thank You's* are always a definite response of a return '*Thank you*' that cannot be heard."

APRIL 15, 2006 AT 2:45 P.M.

**OUR HEAVENLY MOTHER
SAINT JOSEPH, THE HOLY SPIRIT
SAINT MARGARET MARY ALACOQUE**

“There are Several of Us present. I am Saint Joseph. I am Saint Margaret Mary Alacoque. And I am your Heavenly Mother.

We sometimes ask The Heavenly Father to help Us when We understand there to be discord in thinking and in perseverance in how We feel, in how We address certain subject matter.

***The little one* We All use has talked to Us so many times in how she could help men, women and children more fully understand the Creation of human life and its Divine Plan; of course, as Divine Plan is the Foundation for every human being created and born to this creation, for many things to be able to be expressed or delivered or used, as what should be followed in order of purity of the mind, body and the Soul, and also, the Goal for which human life was basically designed to have as a Goal Greater than the human mentality could design it to be.**

You live in a time wherein so much progress has used many of the talents of the human mind, based on the intentions, based on learning, and based on hereditary human understanding, plus what an individual learned, based on an association with others like themselves.

No one sees their Soul. At the moment they are conceived to live a human moment, a human life, this Gift was designed according to the human mentality and the body. In its Gifts of mentality, of understanding, and other means that give strength mentally, morally, psychologically, are Gifts that fulfill what a human being is capable of.

In this Creation, it is sad for Me to say that jealousy is exposed to, or interested in, or has the capacity to be able to perceive it in a manner and way greater than what would be ordinary.

***The little one* We use is Loved by All of Us, because her Faith in What We Are, Who We Are, and What We speak, she willingly shares with those of an equal mentality with her, and of course, the Gifts of human life are so many that can be used to fulfill the**

mental understanding, the subjects to be fulfilled in a dignified manner and of accepting, Divinely Designed, for what It is and will do.

We will talk more on this later, because it is a subject that some mentalities are misused about, due to the fact that the one in charge of the mentality and use of it, has an innate personality and nature, characteristics, and many times jealousy that has no reason for it, but is what We call ‘the escape for personal understanding’, and sometimes desire for egotism to be met in a format of strange responsibilities, reactions and jealousies, all unnecessary for the reasonability which is fact.”

OUR HEAVENLY FATHER

“As I meet with you today, I am prepared to speak on certain matters that are important to Me.

First of all, in the Creation originally, of human life, lives, it was to bring, in an open manner and way, a means to share with human lives the Importance of the existence that was obvious in wanting things to use and to spread what would be called ‘the Gift of life, of living.’

Granted, other things had been created, but not to the degree that human life would be designed with and for. Human life was to give more living human beings, but also, to have the mentalities that would instruct them in ways and manners that nothing else had the privilege to have.

The first words spoken were slow, and had to be allowed to have sound in them; and then, as this began to be an important thing, the meaning of the words became the important part of what the words were created for. It began a beautiful new way for

human beings to be created, able to be surrounded by a means, a matter, and a way of communication that was not at that time. Then, as it succeeded in growing, the sounds became necessary to define specific items, specific conditions, specific situations, so they would be the purpose for other things to occur.

I am hard on *the little one* today, but I know she will do as I say; difficult for others to understand a Communication such as This is. Some would deny It, but It is factual. It is My Love for human lives, because of the Importance of the Souls that are instilled into every human life created, and the Soul is That Portion that is to be treated well, and always be thought of as a Gift Blessed with Divine Will, Divine Love, Divine Hope, because the Soul is That Part that is the final Part, the Part that will remain when the body and the mind no longer exists.

I have put *the little one* through a torture, but she says: 'It is all right, God. I understand.' Each time I use her to communicate What I Will others to learn about, and to become more steadfast in how they see Me for Who I Am, and that they are close to Me,

because I am ready to direct them through words they say to Me, through the manner in which they do it, and of course, the reason is always evident.

A prayer, though it is sometimes repetitive, it draws Us closer together so I can understand more of what you are trying to say, and you use the prayer to draw Me to better understand what you are about, and that your will is willing to grow in a more in-depth understanding of what it is all about.

I will let *the little one* go now. The Power I use is difficult on her small body.

Remember, I give These Words to strengthen you, and to help you more fully understand: You were created in the way millions and millions and millions of others have been created, but you have been given this understanding of What I am saying, so you will more indepthly follow purity of the mind and the body for the benefit of your Soul.”

APRIL 17, 2006 AT 12:56 P.M.

“There are Several of Us present and We are All happy to be with you on this day.

It is so important for men and women, and children to understand that to pray is a Gift far greater than they realize it to be. It is a Gift that can be spoken twenty-four hours a day because there are always Angels to alert Us and to speak Words that We understand.

I know to some this may sound a little far-fetched, but it is Truth, it is Fact, because as you live a day for twenty-four hours, you expect each hour to be beneficial. Is that not so? Your Soul expects it to be that way, because your Soul is the recipient of everything you think, say and do.

The Soul, when the time comes and you are no longer in the living state, the Soul is That Portion of you that has responsibility, but also, the Gift of Reward for having been with you, and aiding you in so many ways. So little is understood about the full

meaning of a Soul that is expected to be presented at the moment of conception. There are so many things that could be said about one's Soul. The Soul is a Gift of Divine Love, a Gift that is given to an individual for many things, many reasons.

It is so good when We hear all ages of life thank The Heavenly Father for the Soul that He gave them at another time. I beseech you, remember this.”

APRIL 17, 2006 AT 1:05 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

It is with much happiness that when We are told We are able to speak through this *little one*, it gives Us a Gift far greater than it is seen, possible to know about by those who will put the Words into print that We have been so happy to be able to do. It is a Blessing to be able to speak, for others to understand how We might feel or how We think.

Some might say, ‘The Soul can’t think.’ That is not true. The Soul is the recipient of everything we think, say, and do, because the Soul is a Living Portion of Divine Love, Divine Hope, Divine Will. It is a Part of human life that is rarely thought of in Its full measure, full purpose, full reasoning, but It is sometimes kidded about in jest that makes sense, but the individual does not realize that the Soul responds, has the ability to, when The Father requests it to be something important, even when it is something personal.

We will close. We are so happy to be with you. It gives Us a strength, because it helps Us to know We are participating in the Importance of a Soul, or More, and that is the reasonability that gives to What We Are, Hope, Divine Love, and yes, a Goal.”

APRIL 17, 2006 AT 2:39 P.M.

“Yes there are Many of Us present, as We always are, because of the importance that is necessary to be aware of at this time, due to the fact that hundreds or even thousands of human beings do not realize that if they take the time every once in awhile to be examined physically, they will find their patience, their time or their ability to relax more evident to them, knowing they have been given logic in number and in words.

I know that when We speak like this, It does not seem natural to some who hear It, but as you know that when you say a prayer, or you are concerned about a situation or condition or an evaluation, if you pursue it in some way, you will find a conclusion of some sort, or an indication that will be logical for the results you are seeking.

To be created a human being is far greater than it is seen or understood to be, because it is created for many reasons, and of course, a Goal for a Portion of it called ‘the Soul’.

It is not wrong to fear what you think. It is not wrong to ask for aid when you feel it will help whatever you are concerned about. It is not wrong to be able to help someone you know, but always do it to comfort them, but also, only at their will.

In the Creation of human life, all through time human life was gifted with many things: the privilege first, of being one who walked the human way with so many assets to it and wonderful communication in it, for it, with it, making human life a Treasure and a very important factor in how one lives, thinks, or uses time for the betterment of many things.

Be thankful for being created a human being, and as you remember to say prayers, always say *'Thank You'* because, never forget, your Soul is Part of you when you were created a human being, and your Soul is the recipient of everything you think, say and do, so when you are kind, your Soul receives a certain factor of strength, of hope.

There are so many facets to human life that give human living the greatest Purpose over and above what is understood.

So, as I close These Words, I want you to know I walked the human way at another time in life. It was the greatest Gift I could have had, because it gave Me a Gift to My Soul that there is nothing Greater about.”

APRIL 18, 2006 AT 12:15 P.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“We are sure you cannot see Our Faces as We speak through *one small voice*, but she has been put through a difficult time for The Father’s Will to be shown in a straightforward masculine way.

Some individuals feel that walking a Path of human life for Me would be so easy, practical, and Heavenly. I smile at These Words, because it is a Road that leads to Sanctity mentally, morally, psychologically, physically, humanly, and it is a Road wherein there is much more Responsibilities than it is ever perceived to be!

I speak this way to allow you who take the Words and who hear the Words, to realize, to understand, and to see the advantage there is in your part of Divine Plan. The basic responsibility is boundless in logic and responsibility.

We All love This Gift, because It gives a Foundation to those who take the Words, and those who hear

the Words, and those who will read the Words, because so little is done allowing hundreds or thousands of human beings to more fully understand what a privilege it is to be created and to work for the Goal that everyone has, and that is to return the Soul to The Creator at a time when it is requested to be for the betterment of the one in whom It is.

We speak harshly through this *little one*. It would be difficult to not see that Our Presence is not like your presence to her. Our Presence brings much Responsibility, many times much interrogation, and many times must be seen for what It does in giving to others the Words to learn from, learn by, and be able to stand up for the dignity of being a human being.

The little one knows no Word before she speaks. We deliver It spontaneously through her, and as you receive It, We want you to understand that you are not victims. You are gifted with Divine Love when you have the privilege to write Words that are not given to every human being, but They can be delivered Word by Word for others to understand that We, in Our Presence, left a Message firsthand.

We will let *the little one* go, but Those of Us present here want to say to those who are hearing what We have spoken: the privilege you have in hearing Our Words is a Gift of Divine Love from The Holy Trinity.”

APRIL 18, 2006 AT 1:18 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

What so many human beings do not understand is that their Soul oftentimes calls on Us when the Soul feels there is need for intervention, either morally, mentally, physically or socially.

This might be difficult to comprehend, that the Souls would respond through Someone perhaps different than they, but as We hear you talk on subjects every day, We always smile at what concerns you have, and some of what conceals your thinking for, about, with or how.

Ask yourself, ‘What if there had never been a Creator of All Things, openly seen, found, Named, or Evidence of, and yet you are a human being?’ Is it not a Beautiful Gift to be able to understand more about the importance of living a human way, but delivered by Divine Love, allowing so much understandability for being a human being, and that It is a Treasure of Divine Love that aids you, comforts

you, strengthens you, and wants you to return to from Where you came, not in the body of a human life, but to a Place dedicated to Love of The Divine?

So much could be spoken on a subject of this Measure, this Greatness, this Importance, this Divine Love.

Every human being is gifted with so many advantages over and above anything else created.

More will be spoken on this, but as I have laid the Groundwork, I am sure you have and are aware that it is only the Groundwork I have mentioned, because the Gift of human life is a Gift close to The Divine, and has a Portion of The Divine within it, a Soul. Remember this.”

APRIL 18, 2006 AT 1:40 P.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are always Those of Us that you know, because We are always interested in what to be able to talk to you about because of the two Places We are evident in: One Here Where We are, and the one in which millions of human beings live, work, and spend their years earning, We hope, Sainthood.

The little one We use has a voice that We All feel comfortable with, because Each Word that she repeats of Ours is a privilege for Us to hear. Her genteelness, her sincerity, and her innate love for The Divine actually registers in Every Word she speaks, and you hear and We hear because respect is a major factor in human life. Sincerity has its place for many, many, many, many, many, many, many, many, many, a thousand times, because the response gives strength, hope, encouragement, and also fills a sensitivity problem more than it is seen to do.

In the Creation of human life, so much was taken into consideration; the very structure of it, and every facet of what shows it is living: the eyes, the ears, the mouth and the nose, but also the ability of movement in the body. Every facet has a purpose plus a goal, but also, each facet expresses the human role: the sound of the voice, different than any animal, and the languages being able to be spoken, expressing subject matter necessary and/or needed, but even in a light mode, it is pleasant.

The next Word I say is going to surprise many: your teeth, your throat, your nose, your eyes, your mouth, your head, your neck, your chest, your lungs, your heart, your skin, your flesh. Did you design all this, or did I?

There are so many other Gifts in the human way, the human body, the human design. It expresses hope, logic, mentality, interest, understanding, and goal.

Needless to say, thousands of Words can describe one individual, and the Words could be endless in number because of all the attributes, all the Gifts, all the features, the factors.

I know I speak differently, but I was requested today by The Father to remind those who take the Words and those who will read the Words, what a precious Gift it is to be created a human being.

I will speak more on this later. It cannot stop here. There are too many Gifts involved to not be spoken about, or not to be revered.

This Message is a Message of Love and Sincere Sensitivity to the Beauty and Gift that The Heavenly Father allowed to be what human lives would have.”

APRIL 19, 2006 AT 12:00 NOON

MANY SAINTS

“There are Many of Us with this *little one*, because of so many things she has had to endure, but We also are with her to be with you at this time, because sometimes when We realize that it would help you in many ways, or even one way, to hear what We should say or would like to say to guide you for the good of your Soul.

Throughout the world, the genders of living individuals are all in need of what We could possibly deliver to them, to aid them morally, mentally, psychologically, physically. The list is endless.

It is sad for Me to say that so many human beings do not understand Divine Communication is available if they believe in the communication they have with The Saints in Heaven. When you pray for something to occur, sometimes it is for an illness, or a desire for happiness. The list is endless.

There is always Someone Here to hear what you feel you are saying

directly to The Heavenly Creator. He always smiles at this, because very little is understood about The Heavenly Creator, The Heavenly Mother, and All The Saints Who have reached This Degree of being able to answer prayers, and to remember in sympathy when it is requested on a specific issue, or thought, or weakness, or intention would be a good word, too.

In This Gift in which this *little one* has been instructed to respond immediately, We are All happy to be able to be with you in this way because, do not forget, Most of Us lived a human role, and All of Us worked for The Heavenly Creator on everything He requested to be helped, aided, cared about. The list is endless.

As I leave you, I bless you from Above and I say to each one here: ‘Your Faith is a Gift greater than you understand it to be, because you are accepting a Communication with The Divine. You are putting It into print to be able to turn to It when you need help, aid, care, or more understanding. It is a Gift that is so happy to receive. I promise you that.’”

APRIL 19, 2006 AT 12:21 P.M.

SEVERAL SAINTS

“We are always so happy to see you with this *little one*, because when she was chosen to walk the Road she walks, Many of Us Here in the Heavens were delighted to know who it was.

Each day We say to The Heavenly Father, ‘Can We talk to her today?’ He smiles and says, ‘Is it an important issue and is it directed My Way?’ Sometimes We have to say, ‘It is important, but We think it is directed another way,’ and He just smiles and says, ‘Do it then, especially when You know it will serve what I Will others to have for the good of their Souls every day.’

So, as I close this now, We just wanted you to know that there is never, or We should say rarely a moment that We do not have the Souls of all living human beings in mind, or not want to help Them in their present condition or situation.

We have just received a signal saying: ‘That was sufficient. Thank You.’”

APRIL 19, 2006 AT 12:41 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There are always Many of Us where this *little one* is, because of the importance of what Our Communications can help you with, and perhaps give you more thought on the importance of particular items, conditions, and maybe changes, due to the fact that with millions of human beings practicing so many ways to live their lives, it would only be natural for some things to be very necessary to guide them and to guard them, but also, for them to perhaps see the conditions and/or situations in another way.

Some individuals, of all ages now, do not see the value of how they figure, how they understand, how they commit to definite practices in how they live each day. It is sad to say too, that it is not taught much, not encouraged much.

Children should learn that it is important to be truthful, to be kind, and also to be honest in how they

present themselves, and what they feel they like to do.

There are so many human beings of all ages that do not understand the importance of living in the human way and looking at it as a Proper Gift, a Blessed Gift of Divine Love, and that there is a Goal for the Soul. You know, even though people are not Christian, they sense, or they should sense that human life is special and that when they hear there is a Soul within them, logically they would see a conscience and the ability to be pure-minded over impure-minded. The list is endless.

So much can be spoken on this subject matter, because the important thing is that the Soul be returned to The Creator. Nothing makes the Soul happier than to know that the one in whom It is, wants for It to be returned to from Where It came at another time, another way.

I beseech you, remember this.”

APRIL 19, 2006 AT 1:31 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth.

I know you would not expect Me to speak, but it is of such great importance, because in your cooperation with each other, and for the Goal you have decided to reach, it is important that you understand, everything you commit to The Heavenly Father He will aid you on, and sometimes even give you His Hand. By this, I mean He will give you the strength to endure what you must conquer to be able to apply your life to what you are willing to practice, or use your life for.

There are so many Blessings that each day sees go beyond one or the other, or the other, or the other, because it is part of human living, human life, and it is important that with so many things to give you the privilege to grow in a different way, stronger, happier, and the list is endless; but remember, always pray, because prayer is that one thing that will assure you that you have taken

the right road, the right path, and you have accepted Divine Will. Remember this, and never forget that.”

APRIL 19, 2006 AT 2:16 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I smile when I open My Words with this Title.

There are so many things All of Us Here in the Heavens enjoy sharing with you, those of you who are yet upon the earth, because to be created a human being is a Blessing far beyond what it is seen or understood to be.

All the Gifts of human life give to each human life consent to practice, to apply, to learn, to participate, and to learn so much beyond what is natural, because in the human life there was a Gift of Divine Love implanted, so that with all an individual could do, there was That Gift for the Future. It was not concealed. It was made aware of by so many Words and so much Divine Love the way individuals were given to use life, in a degree pleasurable to them, and available for them as an individual.

I smile at These Words, because They are Words of Truth, and Words that will hopefully remind some of you

that to be created a human being has more than a chance to learn, but to exercise value, participations in things maybe inconceivable at a given time, but very personal and interesting at another time.

I want to speak hours, because This Gift is very Personal to Me, but for today, I will close what I began to say: Never forget, to be created a human being is a Gift of Divine Love, and no love can, in any way, be greater than This is.”

APRIL 19, 2006 AT 2:45 P.M.

SAINT ANDREW

“I am Saint Andrew.

We All smile at this *little one*, because We know she is well aware that Our Presence is important because of what We have to deliver verbally, to add to a number of other Words the Importance of being a human being and the Goal it was created for, to one day return to The Creator and be called ‘a Saint’.

Children are not being instructed properly. There is so little spoken to them about Saints, but also, how they should look for the time to be helpful, and to have others think of them in a good way because of their Soul that they are the custodian of, and in this way it would encourage more attention, more love, more interest, more hope, and yes, more times to be with, thus aiding the growth of a better Act of Divine Love for them to more fully understand that there is a Purpose to human life, and that is to more fully believe and more fully understand

that to be a human being is to give to your Soul the Goal of Sainthood.

What more can I say? There is no greater Gift in any way, any day.”

APRIL 19, 2006 AT 2:55 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo.

We are always so happy when We know that this *little one* is ready to speak, because she has been given the privilege to deliver important Words that are based on giving not just interest to a conversation or statement, but the Wording to make it feasible and stronger in some ways when it is needed for particular ones who will read what the Words speak of, or instruct on.

I know that this *little one* that We have used for many years, is able to and capable of repeating what she hears Us say, or what actions We project when We are in her presence, her way, her mood, her understanding, and her manner of welcoming Us, because she knows We are doing what The Father Wills Us to have done.

Right now, there are thousands of human beings throughout the world, all races, all colors, all creeds, who want attention to make themselves believe they are important and have

something to say that is beyond what the average human being could say, but it is only based on self-importance or self-relief of a mood, or a desire, or a condition, or a way to get attention.

We have never known this *little one* to need attention, even when We first saw her a very long time ago as a very little, little, little girl. I speak These Words to help you better understand the situations, the conditions, but also the Company you are in for such an important task you have, and that is to release Words of importance that will aid others to follow Them, and be able to express in Them, important Statements, or how They discern things should be, or could be better.

We hold *the little one* tightly because her body is spent. There is no time during the day in its full time, that she is not aware of Our Presence, and she is concerned over whether We will want to speak, because she knows Our speaking is only to clarify, or to instill, or to spread important Messages that are not ordinary to the average hour of every day.

I will close, but as I do, I must release her to a degree that will give her the ability to go all the way. I want you to know also, every one of you that participates in all you do to spread what you spread to aid others in more fully understanding Divine Will, you can be assured you are Blessed in ways not revealed at this time, but the time will come and It will be spoken or instilled in another way, according to the will of those you worked for, worked with, and aided them in being able to pursue what they willed would be profitable physically, mentally to others they knew.”

APRIL 20, 2006 AT 11:45 A.M.

SEVERAL SAINTS

“There are Several of Us present as We always are, because a long time ago *this one* We speak through, with, and even for, was requested to be mindful regarding the importance of prayer and the necessity that it is called upon to be used for individuals who have a difficult time physically, and many other ways as they walk the human role.

We are working very hard to ease this *little one's* sorrow at hearing what she heard today. It was a blow, and yet she says, ‘*Please, God, let there be hope.*’

You live in a time of Great Importance to all of human life. Each human being has a different factor, condition or situation, that aid from The Divine is necessary to give to the one who bears these things, the advantage to see that they will not last but will eventually be replaced by something more comfortable, and less strain on the physical and the mental.

Delivering Words on a Fact as this is, is more difficult to express than it could be understood to be, because in the human mentality, when there is the slightest sorrow, it oftentimes blocks out hope and sincere love, based on what could occur that nothing else could help with, only Faith in The Creator, and Faith in prayer, Faith in hope, wiping out despair.

You have never heard Any of Us speak like this, but it is important for you to put into your manner of response, all the factors of understandability and of strength in hope are available when you look at it, for it, in it, using The Divine as a Guideline and as That Portion of Living Matter that will help you in what you are requesting to be.

I know it is difficult in reading the Words I have just delivered, but They are meant to give you a fuller and a more sensitive feeling that prayer does in what it is requested, and that is to give hope where and when it is needed, but I add to this: Sometimes the human mind sees hope on only one fraction of concern. I assure you, hope can be from other directions, but also, hope can be what will encourage the

strength to fulfill Heavenly Will and, plus, the Love of The Holy Trinity is always available to give strength and perseverance that is not seen.

Trust in The Holy Father will be your love for Him, but never forget, His Wisdom is Greater than It is known to be.”

APRIL 20, 2006 AT 1:54 P.M.

**OUR HEAVENLY MOTHER
MANY SAINTS**

“I am your Heavenly Mother.

What is not always understood to be, I want to speak to you about today.

As you know, for every thought you have, for every word you speak, for every act you take, really, whatever move you make is recorded by your Soul for Me, but also for The Holy Father and Others Here with Him and Me.

Just to be a human being is a privilege that is rarely understood in why it is called ‘a privilege’; but never forget, when a Gift is special and a Gift is important and you are Blessed with it, whether it is through how you listen, how you speak, or if it is instilled in your mentality and you speak it on terms and ways that make a statement for you, or as a request to The Heavenly Divine Will of Those Who are Saints, to be created a human being is a far greater Blessing than it is seen to be.

That is why so much of what you do, you think and say, is heard and seen by your Soul in every way, because your actions tell many things regarding your behavior, but also how you respect things you do not know but you hear about; but then, those things you know, you are fully aware of their meaning and these things are important to your Soul.

As We Saints know many things about every human being, it is a different situation than you can understand it to be, because as your body is upon the earth, your Soul is the recipient to What We think and How We speak, so the Soul is the Connecting Link, giving to Us what you would call 'information', which gives to Us the reasonability to grant what is necessary to enable the Soul to be 'a Saint'.

So much could be spoken because of the Love of The Divine that is in so many areas, too many to mention at this time; but, without The Divine, ask yourself: How would all you do and how pure your actions are, if there was not a Connecting Link aware of everything you think, say and do?

The Heavenly Father's Love abounds in every way protective of you, because He created you and instilled in you a sort of Purity of Love, of Hope. It is called 'the Soul' and the Soul, as the recipient, is able to communicate in perhaps a different form than you do; but, nonetheless, everything you think say and do, the Soul responds to a Higher Authority because of the Gift of Purity and the Gift of Sainthood that awaits every human being created.

What more can you ask, because the privileges that are encased in every human life are to give hope, strength, and a chance to return to from Where It came. No matter how many years count up, the desire is the same.

I will close, but as I do, I say, 'Never forget, human life has a Purpose and a Goal, and that has many facets to it, because in the continuation of human lives, human living, there are millions of Souls, perhaps waiting for someone to be able to be with Them for All Eternity.'"

OUR HEAVENLY FATHER
MANY SAINTS

“I am your Heavenly Father.

I have requested this *little one* to speak My Words for you to hear, and also put Them into script for others to learn Facts and many other things that ordinarily you would not be in awareness of.

I hold her so tightly. She feels like she is not with you, but I tell her she is.

There are Thousands of Saints Here in the Heavens Who every day of human time, They want to discuss with the minds of individuals to help them better understand or comprehend or even notice that there is in many ways the fact, the possibility, the necessity, or the reasonability that human life was designed to be more than a statue.

That is why, when a Saint dies, the Saint’s body is concealed but a statue is revealed to remind those present on what the individual looked like and the purpose the individual

had: to walk in the world in a manner and way to aid those yet in the living state to more fully understand that in the Creation much was necessary, because it gave to the Souls of those in the physical state, a Goal. What more can I say? But, this Goal is rarely seen as a Goal. In some ways, it is seen as reflection of imagination. Why would We Saints bother then, if it was just imagination?

As you were created a human being and you were taught the facts of human life, human living, and you were given so many opportunities to follow what had been presented for you to see, to understand, and to use what you were like, for the reasons you were created, based on Divine Love for the Souls of human lives. What more can We say?

You were not created for nothing. You were not created for just a better existence to show who you were. No. You were created for a Future to one day be called ‘a Saint’. Remember this.

I beseech you, remember this.”

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are Several of Us present and We feel you should be aware, in a very personal way, of What you have been gifted with because of My allowing this *little one* to respond to so much Heavenly Grace and Divine Will that she is always aware of when It occurs, where she can see, hear, or even evaluate what is going on.

She was chosen a very long time ago, and her parents knew it because of so many things that occurred that she would not have in any way referred to. Many of Us Saints were present at that time. That is why We assumed that We would continue Our Way with her, Our Time with her, and who We would expect to deliver to others what We initially and faithfully knew would be Information and/or description of important issues, conditions, and/or increase understanding in regard to an individual’s human relationship with The Creator of All Things; plus, many things based on the Soul of *the one chosen*, with the Souls of Those

Here in the Heavens Who were able to respond, or to repeat, or to instill what They knew was feasible, logical, truthful, and of great importance for conditions or situations, or many other things that would be of importance for the Souls.

We close now, because *the little one* is spent. She has been and is at this time used by All of Us. Logic should tell those who hear Us and those who read Our Words, that it would only be logical that *one voice, one body*, would be chosen for a Task of This Nature, This Importance, This Greatness, because of the millions of Souls that are the recipients of Our Love for Them.

Never forget, The Heavenly Father, as The Creator of All Things, created This Union, This Way, because of Its Importance.”

SEVERAL SAINTS

“We All smile. There are Seven of Us present because of the importance in how those who will be writing what We speak, are and have taken responsibility for many things. One, of course, is to put into print what The Father Wills for hundreds or even thousands of human beings to see, to read, and many times to practice physically, mentally, morally, what the Words are to be followed for particular reasons that will give hope, strength, perseverance and progress.

Thousands of Words could be written on this subject, because all mentalities do not think exactly alike.

Each time We are called upon by this *little one* to put Our Words into print so They can remain, not just as subjects but as important methods or means or ideas in how to accomplish a Gift of human responsibilities.

So much is enjoyed when We are accepted in delivering Words that will be written, because These Words are to instill or to give strength to those

who put Them into print, and will use Them on subject matter maybe not necessary at this time, but in the time to come.

This *little one* We All use is Our Love for you, because We are assured she wants all things that are best for you to be able to practice, or to do, or to associate with, that will give you what you want to accomplish for a subject or a material matter of fulfillment in a certain form or way.

You live in a time when you understand to be so much progress available. That is true, but also, since the beginning of time, there was so much to be learned about, to give to human living Gifts that would make each day be more feasible in how an individual or family would use the time, and what could be done with what was available, such as the woods, and the very strong parts that would be made from another matter of strengths, such as cement; but also, the list is endless as you know it to be.

In This Gift that so much care has been delivered for all of you, because even though you do not know Us personally, partaking in certain

things with you has been a delight, and has given to All of Us a wonderful feeling of communication, and Our desire to always to be able to deliver to you what you will be able to use for whatever is good for you.

We do not speak often like this, but We have grown so accustomed to, and so happy to be with you when you want to fulfill what you want to know will be good for you.

In closing this, We All smile and say, ‘Even though We walk the Path We do, We know that you are gifted with a love for The Divine that cannot be seen, but it registers from you in many ways.’”

SEVERAL SAINTS

“There are Several of Us present.

When We find this necessary, We always feel sad for *the little one* because it is difficult for her to walk in a manner and way, repeating Words she does not hear normally, but We tell her We love her and We want her to please speak the Words We Will others to know for the sake of their Souls, for the sake of their habits, for the sake of their interest in Divine Love, and for the Goal that they desire to reach, called ‘Heaven’.

We smile at *the little one*. Her obedience is beyond what any human nature could perceive it to be. Our Love for human life is different than what human beings feel for each other. Our Life is of The Divine Will, Divine Nature, and Divine Love that would be difficult for those in the living state to understand a Love of This Manner, Way, Consideration, and Willingness to help it grow to a state of communication, giving strength to the will and the Spiritual desire to

fulfill all that is necessary to one day be called 'a Saint'.

The Words just spoken are to give you who take Them and any who will read Them, a way to see the Beauty in Them, and the Divine Gift of Love that the Words speaking to The Creator would have to be, would have to have, would have to reach a Higher Authority.

I will close *the little one's* Words now. My Words, Our Words are always so different to the manner in which she learned words to be, but never forget, as you take These Words, It is a Gift of encouragement, and a sincere Love for you, helping you to more fully understand that the life that you have been trained to live has within it more Guidance to Divine Plan."

APRIL 24, 2006 AT 12:50 P.M.

“There are Many of Us present.

It is truly a Gift from The Father when He allows Us to deliver Words to give those yet in the living state more understanding of the True Presence of The Divine, but also the importance of every human being learning about the ability to speak openly, but also to put into script Words of Communication, plus more interest in saying prayers that were delivered through other people, always remembering that the Communication from The Divine bears evidence sublime.

I will close. I could speak hours, but I know that if I stop now, I will have a chance to begin again and I smile at this, because when We Saints know that We have people such as you people are, and that We have the privilege to deliver what We know will be helpful to many human lives, it is a joy beyond what you can understand joy to be, because, do not forget, it is speaking what Heaven wants, and it is urging Souls to be understandable

of that next step for Them to one day be ‘a Saint in Heaven’, having been a Saint upon the earth.”

APRIL 24, 2006 AT 12:59 P.M.

SEVERAL SAINTS

“There are Several of Us present.

It is a privilege when The Father allows Us to be able to take this time to be with you because We, too, once walked the earth, but He allows Us to speak in a way that gave Us the strength to more fully understand His Existence is basically the Foundation for all things. Remember that.

I smile when I say the next Words. Remember this, because as We walk as We walk and We contact certain people, it is always a Gift of Divine Love, allowing Us to see the Greatness in what it is to become ‘a Saint’ after living the human way for a given time.

Many of Us Saints say to you and you do not hear Us: ‘Be a Saint. Make your mind up to be One, because only you have the privilege to direct everything you think, say and do, and then the privilege to follow what you know is best for your Soul.’

This does not mean you cannot enjoy life. It does mean though, to keep life in the manner, the category, and the willingness to do it the way The Creator Wants it done, because in the Gift of human life, the most important thing is always to one day after walking the earth and doing all the things earthly way, the Gift of becoming ‘a Saint’ is far greater than you can assume or guess It to be, because Divine Love is Superior to anything you might have been aware of, or appointed to, or the giver of, when you were living the role of a human being.”

APRIL 24, 2006 AT 1:15 P.M.

“Ask yourself: If it were not Our Communication with you, would you feel what you feel now, regarding the important issues that you are allowed to hear about or read about regarding Spiritual works, Spiritual time, addressing you at different times to awaken you to the fact that The Presence is so close, and you have the ability to respond where it is necessary, when it is necessary, and for reasons that otherwise you would not know anything about?”

One of the greatest Gifts given to human life was based on the ability to read Words that They delivered, but then, eventually it showed that the Words were passed through other human beings many times, thus allowing the Communication to be able to be a personal association with Divine Lives, Divine Will, Divine Understanding, and all the things that would give to human life an in-depth ability to conceive what a close Association was given at a time when

perhaps it was not seen for Its full measure, full reasonability.

We know that These Words may seem passé to some, or totally logical to some, because of what a Gift it was for it to proceed to the fact that a human mind was given what at one time was not thought about, even the very close association with Facts about going to Heaven.

I could speak hours and I will address this subject more, but I feel I have given you enough to think about at this time.

You are Loved by The Divine, and there is always the desire, wanting you to more fully understand that though you are in the human way and The Divine are in a different Manner of Life, of Living, of Communication, you have something in common that will never stray, because when it was first given, it was a Gift of Divine Love all the way. The human life is Blessed because it is given the privilege to think, to speak and to pray.”

APRIL 24, 2006 AT 2:05 P.M.

“Many times We speak in a very efficient way through this *little one* that so much is passed through daily, enlightening her to the possibility of much to be spoken about in a very natural format in living. She has questioned Us on this many times, and the only reasonability that We offer her is that to many human beings, Facts that appear new to them, or they are interested in, even though they have heard them before, have the possibility of ensuring into their minds, steps forward, steps that have more logic in them, more value to them, and more reasonability about them because of the value that they stand for.

The reason We speak this way is because the human mentality, in so many ways, has the ability and the advantage to be able to retain logical facts that give to them a higher course of understanding, but also of retention in the mental order of things.

We speak differently today, but so many times We want to address

through her, valuable Information that We feel will enlighten, encourage, and instill Facts of value that will one day be necessary to reveal, most likely to people one does not know personally.

I know We All speak differently at times, but so much is drawn through this *little one* that is used for so many things, because she has accepted Our entrance and Our willingness, plus Our desire to aid This Gift that is to enlighten many, many, many people of all ages.

Human life is a Gift of Divine Love, and human life has many abilities to be able to use, but the individual must have the initiative to learn and/or to gather what is feasible in different areas of understandability.

These Words I know may not be happy to read, but They are practical in measure and They have been delivered just to make you aware that everything isn't just simple, or isn't just easy to know, or isn't just something you should know, because oftentimes there are things for you to learn that give to your life more outside valuable understandabilities outside where you live, outside where you walk, outside

where you maybe eat all the time. The world is big. The world has much area to learn in, from, about.

I close this with a sincere desire to want to help progress in the right manner, way, subject, situation, condition, but also to aid the mentalities to look to the broader side, and to see the multiple areas wherein the mentality can reach and be successful in what is right over what is wrong, what is good over what is evil, what is strong over what is weak, what is hope over what is despair.

I close These Words and I say, ‘The Words were to give you Hope in so many ways, and Divine Love in how you practice everything you think, do and say.’”

APRIL 25, 2006 AT 12:07 P.M.

GOD THE FATHER

“We use this *little one* for many things, but when We do it for the sake of others, We sometimes have to put her in a very strong Association with Us, which affects her body and her sight and her lungs, because We point her to a degree, a manner, a way that allows her to only use the Words We want others to hear, and use if it is necessary or feasible or logical or Our Will. Her small body has been used for hundreds or thousands of hours, beyond what the human mentality could ever perceive it to be. We will help her now in a little stronger way, so she will know the importance of how These Words should affect other human beings in a very definite way.

The Gift of human life is a Gift far greater than it is seen to be. It is a Gift of Honor. It is a Gift that many times is not seen for it being more than just a Gift, a communication alone, that this Gift allows every human being possible to communicate and to understand more volume of words than anything else could.

It is sad for Us to see that a human being oftentimes is not held in the strength it is, or the dignity or the purpose or the Divine Love that surrounds it. A human being oftentimes says: 'I am a human being. I can do what I will.' Could be, but what is your will? Is your will just to do what you want to do, or is your will feasible, acceptable to follow the Will of a Creator of All Things?

I speak differently today, I know, but it is to awaken the minds of even a few, showing the Importance of human life, human living, human responsibilities and human abilities to do The Father's Will along with their own will.

Hours could be spent. Hours sometimes, to some, are such a long time, but how many hours have you lived from the moment you were born? Did you not accept the hours then? I beseech you, accept the hours with This Gift that the Words speak much on, in, for, with, how.

You are cared for more than you know, spiritually, mentally, psychologically, and when you were given This Gift that you have now, you

did not realize, I know, at the beginning that you would be the deliverer of Words for others to think about and to see the importance of; not a demand, but a result of listening perhaps to The Holy Trinity, because oftentimes there are Three of Us in one meeting, because Each of Us wants the world of human living to have the privilege to more indepthly understand that God does not leave human beings alone. He is always ready to help you when you ask. Maybe it isn't the way you want the answer, but it is an answer that He sees that will suit the condition, the situation, the value, and the mode of the plan.

As I leave you, I say, 'You are Loved because every human being created is given a Soul, a Portion of Who I Am.' Would That not be the Major Gift of life? It is and I Am.'

APRIL 25, 2006 AT 12:47 P.M.

“There are Many Saints present here. We All smile. It is such a pleasure for All of Us to know that We have the chance, the privilege to speak to a group of human beings and they will put into a print what Words We will use.

What I am about to say many may disagree with, but what if you were a Saint in Heaven, and you only talked, with no one putting anything into print that you spoke. Would not you wonder if the subject matter and the Words you used would not remain for them to remember? That is why print of important subjects is of the utmost importance.

Many of Us Saints appreciate what you have given to others, because the Books you have put into print helps others more fully understand the importance of what We wanted spoken for others to learn about, for, from, and to whatever way They Willed the repetitiveness to help.

Our Words are, ‘Thank you.’”

APRIL 25, 2006 AT 1:00 P.M.

SEVERAL SAINTS

“There are always Several with Any of Us that desire to speak regarding This Gift of The Father’s Love at This Time in time, due to the fact that it is so important for all ages to learn more about the Foundation, the Basics, the Truth of Divine Love that was granted a long time ago for those who were to be born in the human form, way, future of life.

Many children are not being instructed on the communication with The Divine. Sometimes it is just said in a very fast way, but all children should learn that they have a Soul within them, created by The Father Who is Divine, Who was Divine, and Who is in service to all that is important. Sometimes children are only handed one prayer with a story that does not compare to the full value of how a human being should live each day, thankful for being created a human being.

I know some who will read These Words may not feel They are necessary

to the very, very young, because sometimes those who give birth to a child find their importance in the act more important than what the child is told about, and the child does not see it as the parent might like it to be seen.

Just to tell a child that God put her or him upon the earth, and tell a Story of Greatness connected to The Creator of All Things, needless to say, so many children never really hear the value of a Story based on Divine Love, Divine Will, and that every human being created is a Gift of God's Love first. There are always words that can be defined along with this, like: 'God knew we wanted a baby just like you,' so He said, 'All right, I will send you a baby just like that.' Would not that be more comforting to hear for a child, than some of the other things talked about?

I will close. There is so much Love in the Heavens, wanting to help everyone created to realize that to become a human being has so many advantages and a Wonderful Goal, and that is to one day return to The Creator of All Things, one's Soul."

APRIL 25, 2006 AT 1:58 P.M.

SEVERAL SAINTS

“So many times when One or More of Us are with this *little one*, We find so many things We would like her to use to spread Information, also Direction, also personal help for conditions and situations that she is approached by, with, every day.

Throughout the world there are so many men, women and children, of all ages, who ignore the sensitivities of those they know or are closely associated with, because they do not want to become part of their living habits. In some ways, this is difficult to understand.

Let us take The Heavenly Father, when He walked the land talking to people, and with Him He had all His Apostles. Is it not logical that conversation took place, and that certain situations or customs or ideas suddenly were part of a conversation? This would be natural at that time, and at the time in which we all live.

The reason I mention this, or I should say, Several of Us Here mention

it, it is to make you aware that you live in a time wherein The Heavenly Father has encouraged so much to be released regarding Divine Will in the subjects that could make other people's lives more logical, more suitable in how they live, thus using The Divine as a Means to communicate vocally, spiritually, with Words that Those in The Divine could help them understand in how They were to be meant.

Now We hear some say, 'But Those in the Divine do not talk.' Ah, yes, that Fact is Fact; but what about the aid that can occur, instilling into one's troubled mind, Facts that are logical, feasible, even simple to be able to use These Words to give you a stronger, better attitude?

The reason I speak These Words, is so many times a human being has the ability to rationalize how they are thinking, and to look upon it in a more rational attitude, evaluation, consideration, hope, and a deeper understanding in how they would assume things should be. Sometimes, and I use Myself as One of them, We could speak in a very understandable mode that would make peace occur very easily.

Some reading These Words will say, 'I don't understand the subject.' The subject is that when you think, think in the degree feasible, logical, and think of it in a personal mode of understandability. Make life easier. Become part of the life you live. Don't depend upon everyone else to supply you with what you feel you need. Talk to The Angels. Talk to The Saints. It is amazing how many times They are present, and Their Presence can affect you in a way and a degree, putting you right on the line that you need.

We All smile at These Words; that is, All of Us Here in the Heavens, because We, too, walked the earth as human beings."

APRIL 25, 2006 AT 3:03 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is so much happiness Here in the Heavens when We get to speak through this *little one* to all of you who work with her as you do.

A Communication of This Measure is a delight to All of Us Here in the Heavens, because in This Communicative Help, it gives Us more security in how We are able to deal with those who walk and work in the Church ways and We have something of importance to speak about; also, it has drawn Us closer to individuals regarding their own understanding of service to The Creator.

Throughout the world there is such a need for communication to be spoken in a manner, way, that those who are the subjects of the communication can find it a pleasantry, not an awkwardness, or a sense of discussion that is not even in its way, not polite in its way, and definitely not necessary for something rational to be understood.

We could speak hours on end, because when We become associated with an Organization that is made to use what We have to give and help Us to do it, it is basically a Gift of Divine Love. This We know.

We always thank those who take Our Words, because it is a beautiful part of Our Communication with you. Another Word We'd like to say before We leave: *God bless you.*"

APRIL 26, 2006 AT 11:28 A.M.

“It is always a pleasure when We are present when those in the living state receive a Gift of Divine Will, Divine Love¹ to aid them through the day, hopefully giving strength to everything they think, do and say. It is a pleasure to see a Gift of This Measure so respectfully made a part of living a day.

Our Words may not be common, but We assure you They are sincere, because each time an ‘act of love’ bears a move in any way to receiving in a personal way, a Gift that says It has an Importance through The One that is delivering It, and there is a Blessing of Divine Will with It. What more can I say?”

¹ Refers to The Holy Eucharist.

APRIL 26, 2006 AT 11:44 A.M.

OUR HEAVENLY FATHER

“Today I have requested *the little one* to meet with you again. She says, ‘All right, God, I will, but I don’t know what to say to them.’ I always smile at her remarks to Me, because they are always of great respect and sincerity, but also honesty.

I come today to encourage those present here. I wish there were many, many more, to remember that as you were created a human being, much was instilled into you automatically, for you to be able to perceive the Importance of being a human being, and that it was to draw you to a deeper understanding regarding Who created you, and all things. A basic knowledge is not always fully sufficient, only enlightening to what you are to understand it to be.

When I first began to communicate with this *little one*, she would look My Way and say, ‘Why did You say that?’ and I said, ‘Because it is the groundwork for things you must take upon yourself at a later time, because

service to Me is always Important from The Divine, and you must understand that as you were chosen to learn from Me, it was for a Greater Plan than you would ordinarily be.'

Now, I will speak on another subject.

When you became a human being and you had to learn how to walk, to speak, and to listen to words you did not know from other people, these were the basics for how you would live life, how you would have to take what you knew, such as walking and speaking and eating and listening, because they would be what would give you the skills to follow My Will that I Willed human beings to have; that was, to be able to understand many things, to be able to use logic in the manner of living, but then to apply it to My Communication, My Existence that was so Important from the very Beginning of Time, because through Me, I taught others regarding the Goal for which they were created, and that was to return to from Where I came from, and Who I Was.

I know I speak differently, but it is My Love for human beings of all

ages, to more indepthly understand that in the Creation of human lives, it was based on Divine Plan. That is why the Soul is so Important, because the Soul will be That Living Portion at a time when the physical can no longer exist on the strength it was created with, because walking the human road was the foundation for Sainthood.

I beseech you, remember this.”

APRIL 26, 2006 AT 12:16 P.M.

MANY SAINTS

“There are Many of Us present. We do not like to interrupt a time such as this is, but it is important to use the Words that We feel will give benefits for what We speak.

You live in a time wherein there is so much understanding of the physical necessities, needs and problems, but you also reside in a time when much indifference is shown, even when Something is Extraordinary in what It shows Itself to be.

I know My next Words are going to be difficult for some who read Them, but nonetheless, They are Words of great importance based on The Holy Trinity.

You do live in a time wherein nonchalance is available immediately, thus causing a lack of concern for many things. *The little one* We speak through is concerned with what We are appointed to say to you, but We must do it because We were requested to do it by The Holy Trinity.

You live in a time wherein there are many differences of opinions, many differences in how a certain factor is considered to be, even when it is either violent, or causes illness mentally, morally, psychologically, physically.

Casualness is an indifference to what is properly or to be properly seen, based on respect for the mind and the body of human beings.

I speak differently, and in some ways, it hurts Me to do it this way, but as We have spoken through this *little one* before many times, she is well aware of what We feel the necessity to speak. Her manners are like Ours and her desires much like Ours, and that is for the goodness to be spoken, understood and followed for its moral worth, its worth in kindness to others in the human way.

You do live in a time where there is so much confusion, but as We speak today to you, it is to let you know We have been with you for some time, following how you think, speak, and are accustomed to how you treat others you know, and even some you just meet.

It is a privilege to talk to you because you think kindly and you think in a concerned way, but you also think beneficially. When We say to The Father what you think, say and do, He says: ‘I know, I will bless them for it. Thank You for Your time with them that I know You share quietly, almost silently.’”

APRIL 26, 2006 AT 12:53 P.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are always Several of Us wherever this *little one* is. It is this way because We have worked with her so long; in fact, for many years, and it is a joy to Us to read after We put into script the meaning of so much she instills into the Words, even when the Words seem common to others.

As all of you know, there are so many Gifts to human living, human life, that in some ways are not feasible for you to practice in, or use in a profitable manner or way, but proper is not always money-wise; it is many times mentally alert, practiced by a mental alert system of an individual.

I speak differently, but it is to encourage those who love This Gift, of being able to write and then read the Messages that give hope, fuller understanding, or enlightenment to how they live.

I will close, but I assure you there is much more I desire to speak with you about today, perhaps tomorrow,

and whenever you have the time to submit the time to Me.”

APRIL 26, 2006 AT 1:43 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There are Many of Us gathered at this time because of how We understand a condition you are involved in is of great sadness, due to the fact of its degree that certain individuals could suffer with, in an intense way, even though it is not always spoken about in this wording.

There are Many of Us Here in the Heavens Who each time We hear the name of an individual, you would be surprised how many We are able to know who they are, because of when We walked the earth, We knew them then, and it is a sadness to Us to hear what they have gone through since We saw them last.

I know My Speech on this may not be understandable to some, but it is to help you know that even as We are in the Heavens now, We still feel sad when someone We were not just acquainted with, but familiar with in their way of life, their temperament, their mood, their condition, and all

the things they acted with, upon and for.

It is a beautiful act when you care. It is a beautiful feeling for Us when We are around people who care so intensely about someone else, because many times, in the human mind of living, people take much for granted and they are not really caring to the degree that would aid or secure or put a friendship above all things.

I know the Words are different, but They are to help you at a time when sorrow is evident. Always remember, The Heavenly Father is present with them, as well as you.”

APRIL 28, 2006 AT 11:55 A.M.

SEVERAL SAINTS

“There are Several of Us present with this *little one* on this day because of the stress she is enduring because of her love for a human way, a human manner of living that she understands to its greatest degree.

There are so many times that We use this *little one* to spread Information regarding conditions, situations that others may not see in their full dimension of how it is mentally, morally, psychologically or physically.

I will speak differently now, because My time with you is important in many ways. You have accepted the tasks of putting into print, Words and important issues that is necessary for Them to take place, to aid the lives of thousands of human beings. What you do not always understand is that you have accepted the task, the responsibility of putting into Words for others to be able to read, to follow, to adjust their way of living to, because of the importance in what the Words

speaking openly regarding life, in many facets of it, many degrees of it, many purposes for it, in how it is used.

This Gift is beyond what many understand It to be. It is a Gift of not just Instruction, but It identifies purpose for certain things morally, mentally, psychologically, physically. The list is endless.

We have spoken and still speak through *one small voice*, delivering Messages that are not always seen for the value They are, the purpose They are, and the Love in The Divine that is within Them.

This *little one* was chosen a long time ago; as a child, in fact. She had parents that knew. She had family of older ones in the family that knew, and now she stands with you. You did not know her twenty, thirty, forty years ago, but We have given this *little one* the responsibilities to follow Our Will, because It is a Will of Direction, instilling courage, and also giving strength to follow what is morally sound, pure, just, kind, for the benefit of not just their own Soul, but the Souls of all they come in contact with.

I will close, but as I do, I say, 'Never forget, for every Word you take that is spoken by this *little one*, you are offering a Gift of Divine Love for their Souls' sake.'"

APRIL 28, 2006 AT 12:45 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

All The Saints Here in the Heavens like to feel They can be of help to many human beings yet in the living state upon the earth. Prayer is a very important part of human life, but so many times it is ignored, thus ignoring the fact that prayer is a communication in which much can be observed, catered to, aided, and/or given the privilege to support, in a very big way, what is needed morally, mentally, physically, and yes, psychologically.

There are so many beautiful Gifts designed for human beings to use, and to be able to lean upon for what good they are associated with, giving to human beings of all ages, a support based on Divine Will, but Divine Love.

So many times it is sad to see all ages of human beings ignore prayer, ignore communication with The Divine. Many just allow themselves to have whatever they have, and feel

there is no help, no aid, no concern, no purpose even, to try and give to themselves strength, strength that gives hope, strength that gives happiness, strength that helps others to aid them in support.

The Gift of human life is far greater than it is perceived to be. It is taken for granted, but not always shown with dignity. Many individuals ignore the fact that they have available to them, a way to pray to Given Individual Saints, a way to ask for help to the degree that will aid them mentally, physically, emotionally. Human beings need Saints, but so few understand that factor in this Association.

Children are not being taught enough about prayer giving them a stable grounds for seeking help from The Divine, or just to give them strength to fulfill a wish, or a time, or a day, or a will. What else can I say?

As you can speak openly to those you know or those you just meet, do you not feel that your words are acceptable and have meaning? Then, why would you not think that prayers to The Saints or just talking to Them

would be a happiness to Them, and They would do what They could to help you if you requested help for any need? It may not be the way you thought, or would like it to be, but help is always available in some form, some manner, some degree.”

SEVEN CHILDREN SAINTS

“There are Seven of Us Children standing here with you. We All want to talk through you, so that many, many mothers and daddies can tell others that We spoke on this day through you, because God gave Us permission to do so.

My Name is Mary. My Name is Catherine. My Name is Joyce. My Name is Bill. My Name is Everett. My Name is Philomena. And My Name is John. (He’s standing right here.)

Many of Us Here in the Heavens have never been allowed to do what We are today, but We were told We could if We did it the right way.

Children of all ages should understand that when they were created to walk, to talk, to play, and to learn, they were told they had to obey The Father’s Will in every way.

So, as We gather today, and We have been given permission for the first time to say what We just said to you today, He said We could also say a

few more Words to help you know that though We are so young, and though there are Many of Us, too, We have the privilege to talk to God in a very quiet way, because Our Souls love Him dearly, and Our Love for Him shows in everything We think, do and say.

We were told to leave you at this time, but as We do, We want you to know We thank you for the privilege you have allowed to be, because you have let Us speak openly, which is rare, if ever given to Us.”

APRIL 28, 2006 AT 1:50 P.M.

SEVERAL SAINTS

“There are Several of Us present. We All smile at this *little one*. Her seriousness is truly what We depend upon in so many ways, for so many things, and for service to The Heavenly King.

So many times Blessings are given to some people, and they do not see it as a Blessing, because they are too preoccupied with other things.

We knew what this *little one's* response would be when We took her by surprise. Her respect for everything Spiritual and sensitive, and that has a purpose to it that is good, there was no question in Our Minds she would not respond adequately or with dignity.

We were happy to see all of you who were present, and We enjoyed being there with you at the time, because there is so much that is important wherever there is a necessity or a reason for those who walk the road of love for The Divine, take every moment of their day, all the time.

To be a Christian is a Blessing, and to live a life pleasing to The Divine, is Blessed abundantly all the time.

I know you are used to hearing different Words, but I promise you there is nothing you think, say or do, that your Soul is not responsible for, or to. You have a Soul just as you have a heart, and sometimes your heart speaks out loud to you.

The reason for what I am saying is to help you know that the awareness of all that is human, all that is right, all that is pure, also all that is wrong, is always seen by Those Here in Heaven because, do not forget, They expect your Soul to be Part of Them at a given time.

Hours could be spent on the Innate Love of The Divine for all that is good for the Soul, and for the mind of every human being given the privilege to be created and have the Goal that is a return to The Divine Forever and ever and ever.”

APRIL 28, 2006 AT 2:20 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

I come to speak today because of the importance of communication that is more necessary than it is seen to be, or understood to be.

You live in a time when there are several versions or ideas about Spiritual life, Spiritual living, Spiritual habits, Spiritual integrity, Spiritual truths.

It is a privilege to visit with you today, because so much has been discussed about what you will things to be. The Souls of millions of human beings are waiting for more Spiritual guidance to be evident where human beings are so large in number, but not in how they think about their Spiritual progress or necessities.

In this group that you are part of, it is a privilege for All of Us to give you what We think on particular issues that are made to make Souls have more advantage than They do in hundreds or thousands of other places.

So very many human beings ignore the privilege or the reasonability in what prayer does for the Soul. Prayer gives an uplift to the Soul, a purpose deeper than It is used to, and it gives the Soul strength to persevere, due to the fact the Soul is the recipient of right or wrong, good or evil, pride or something that is vulgar.

The Soul, as the recipient, cannot talk to you because of What the Soul consists of. It is a Portion of The Creator, and is the receiver of all that an individual thinks, says, does and partakes in.

The Commandments were given a long time ago. They have a reason, just as They did then, because The Commandments are Words of Instruction in how an individual should live according to what it is expected to see as right or wrong, pure or impure, just or unjust.

Those who listen to These requests on what should be printed and held in respect, are actually very fortunate, because it is better to know what is right, what is exceptional to your Soul, than to just stand back and

follow what others do, think, speak or laugh at.

Today, it is important that more logic is spent. This does not mean do not enjoy life, but it does mean, ‘Look at the logic, and logic has purpose to it, and many times can serve many angles, helping the individual to fulfill the Will of The Creator much more, than if logic was dismissed.’

I know I have spoken very much, but All of The Saints Here in the Heavens want all Souls to be helped in all ages of human life, because the Soul is the recipient of, or the victim of the important things that an individual lives by, lives in, lives for.

I will close, but as I do, I want you to know you are spoken to like this because Everyone Here in the Heavens wants you and your Soul to one day be ‘a Saint’.”

MAY 1, 2006 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I hold *the little one* tightly, because The Power I Am is beyond the imagination of human life. It is beyond anything known in human life.

When it was designed that human beings would be created, there were many things that had to be taken into consideration, and those were: the sight, so they could see all that they would be involved in, part of, and use in their manner of living; and then, there were the ears that were very, very important so that communication in sound was possible, because of the importance of it.

There are so many things I would like to discuss today and perhaps aid all present and all who would know of the Words, that every facet of human life, for human living in the correct manner, was designed especially for what was to come: the fact of learning, the fact of knowing so much that, at that time, nothing knew, nothing physical. A rock does not teach. A rock stands there strong, but is used for

other things; but, when human life was created, it was to sustain the human mind, body, giving to it the abilities that would one day suit every facet of it: progress morally, physically, logically, mentally, emotionally.

I hold *the little one* tightly. She does not know when We start out, what I am going to cover verbally. It is always firsthand. At this moment she is looking at Me, saying, ‘Why did You not say this before?’ We All smile at this *little one* because of her love for The Holy Trinity, but also because of her innate desire to be Part of, to be what is Willed by The Divine for the Souls, but also for the bodies that were created to one day make it to Heaven.

I will stop talking now. I feel I have told you important things.”

MAY 1, 2006 AT 12:58 P.M.

“There are Many of Us present because of the importance The Heavenly Father has shown to this *little one* regarding All the things He has requested of her and for her to deliver to others. What is a beautiful sight to All of Us Here in the Heavens is when she is able or dedicated or requested to deliver Words she is not aware of, or conscious of the full meaning because, as They are delivered, It is All new to her, but the seriousness causes her a great Responsibility, and she walks this way every day.

Today, as We speak at this time, it is a pleasure for All of Us to talk to those who are putting the Words into print, because We understand your devotion to The Holy Trinity, and it is with much Love that We enjoy participating in what you all stand for and are willing to participate in for the sake of Souls to return to Heaven from Where They came.

Thousands of pages could be put into print, because of the

insurmountable amount of Words that We could use, thus entitling millions of human beings to learn more than they do, because We would teach more indepthly on the Gift of human life, thus allowing much to be spoken on what human life is capable of using, of practicing, of participating in, and of course, able to deliver in Words, many, many aspects, many of Their Visions at another time, showing The Holy Trinity and how They live in the Manner They do, as Principal Characters, aiding all who read about Them, to give a stronger understanding on what a Treasure it is to one day become 'a Saint in Heaven'.

I could speak hours, as We All would like to do, but We treasure Our time with those who take the Words We say, because We know They will be accepted in a loving way.

We love you. Remember this. Never feel you are alone. You are not, but always remember, for every moment you accept what you have done, We thank you for it and ask The Father to bless you. Remember this."

MAY 1, 2006 AT 1:19 P.M.

SEVERAL SAINTS

“There are Several of Us present as We always are, because it is Our privilege to be able to participate when The Father directs it to be so. To participate in a Gift of This Measure, This Benefit for the Souls of millions of human beings is far beyond what it is understood to be. It is easier for the human mind to think or accept a smaller understanding of Something so important, because to see It for Its full worth is frightening to some, even a Mystery at times.

Let us take just an example. All of you are active in many ways, but if something occurs that alerts you to an important issue, you are bound just by your own conscience to check on what it consists of, and who may be in danger or active in it, because it is a natural reflection of human mentality to look at the fullness in an act, or an excuse, or the meaning of something.

Every day, We Saints Here in the Heavens are with you, and We are always ready to aid you regarding

a situation or a condition when it is necessary for your time or your ability or your conscience.

Ask yourself: When you pray to a Saint just out of communication or a request on a particular item or situation, you innately want that Saint to follow through. Is that not so? All of Us Here in the Heavens are with you all the time, because the Project you work in, for, on, with, is Greater and More Important than it is understood to be, because within It, it is to serve The Holy Trinity for the Souls that will be involved in any activity related to This Gift of The Divinity.

We know as We speak, you understand Our motives, Our intentions, Our faith in you.

I am going to make one more Statement: A human being has the privilege to follow the Will of The Creator, or to reject the Will of The Creator; also, it is important that what you accept, you are happy with It, and It serves something within you that gives you a fuller understanding, but also the ability to act accordingly, so you know what needs to be done and/or practiced because of The Saints

Here in the Heavens Who ask you to do things, that provide you with the means to do it, but always remember, too, everything you think, say and do, when it is in your association with The Divine, you are Blessed abundantly for your time and your willingness to abide by the Rules.”

MAY 1, 2006 AT 1:45 P.M.

MANY SAINTS

“There are always Many of Us present wherever this *little one* is. We call her ‘*the little one*’ because of her quiet manner in so many ways, and that when We seek her out, she sometimes disappears. She senses Our Presence and does not want to interfere with Us.

In one way, you are lucky to be born at a time such as this is. Most of you were born earlier than this date you walk in now, or perhaps all of you, but time has an important effect on every human being, due to the fact that time, not only the weather in time but the experience that certain ones are exposed to, causes them to think somewhat differently on human associations, and/or many other things that human beings work with or practice or become involved in and/or with.

Let us take now, the human mind. There are no two exactly alike. This may sound odd to you because of the number of human beings that live

at this time, or any other time with human beings.

We smile when We say it is like that time in Heaven, when many who have had their last breath are now up to Where they will be taken for their Soul. No two are very often alike; in fact, sometimes the difference is beyond comparison even, because no two human beings look exactly alike, think exactly alike, act exactly alike, understand everything exactly alike, or do their brains respond exactly alike on the same issues, same conditions, same spot. Is that not so? Yes, it is so. In one way, it is a Blessing, and in another way, it can be frustrating, because some feel it would be easier if everything was in time, up-to-date in the way and manner that those they are associated with, would rate.

The world has been Blessed abundantly by All that has passed through This Miracle of Divine Love, because All The Saints in Heaven want to help everyone in the living state to realize what a Precious Gift human life is, what a responsibility it adds up to by just being a human being.

Hours could be spent on many subjects, but as We close at this time, We remind you, those of you present here, that your belief in a Creator, The Creator, is a Gift beyond what some individuals are capable of. Belief is a Gift, and it is developed by the one in whom it is, by the degree of their mentality, their desire, their hopes, their actions, their conscience, and their view of what is morally sound, morally correct, morally feasible, and their choice to make at any time.

I could speak hours, because few individuals ever think of how important their life is because it has the Greatest Goal that they could ever reach, and that is to return to The Creator and be remembered as ‘a Saint’.”

MAY 2, 2006 AT 12:00 NOON

SAINT JOHN OF THE CROSS
SAINT MARY MAGDALENE
SAINT PETER
MANY SAINTS

“I smile, because My time with you was a sudden Direction from Me to this *little one*. Her time is always spent with sometimes difficult situations or conditions, but she is always available for Me to speak, so as I request you present here today to put My Words into print, I smile and I say, ‘You can thank her for the Words in a personal way, but the Words are Mine.’ Remember this.

As you walk a path of putting into print Words you had not thought about, but now you are putting Them One by One in a row for others to read and others to think about, but also for others to learn how important it is to understand that your Soul is available to you every moment of the day that you live.

I am showing her a Soul. She is surprised to see It the way I show It, but the Soul is smiling at her, because

the Soul says, 'We use you often, even when We do not use Our Name, because you have been given a Task greater than It is seen to be, or really, in many ways more than a human mind would want to convey to others they know, and to have It put into print to be read by even thousands more who will one day read It and say: "Where did This come from? It is not human by Name. I think It is a Saint."'

We smile at this. This happens more times than you know. As she sees Us in Vision, she has raised her hands in adoration to how We look to her, because she says to Us, 'You are not just man.' No, We are not, for We have been with you a long time. We walk in The Divine to give strength to those yet in the living state.

I am Saint John of The Cross. I am Saint Mary Magdalene. I am Saint Peter. There are so Many of Us Here, too Many to mention Our Names. We do this for a reason, but that, in many ways, is a Blessing to those who take the Words, and also assurance that what they put into script was correct, because We were heard to speak the Words in the human way.

The little one walks a tightrope for the Gifts of The Creator of All Things. There are Many Here in the Heavens Who feel sorry for her, and when she hears this, she says, 'It is all right; it is God's Way.'

I have given you this small amount, but it was and is to give you a better understanding of how close you are to The Divine every moment of every day and in many ways.

The little one walks a tightrope. Be thankful that you do not, because the tightrope is responsibility in many, many ways.

You are Loved, and as you are Loved by The Holy Trinity, remember to return the love in everything you think, say and do, because the time will come, the place will come, and you will say, '*Thank You, God, for what I learned in another way, another day.*'"

MAY 2, 2006 AT 12:45 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

I come on this day because Many of Us Here Where I am, feel the importance of how a group of human beings walking together and able to put Words out that aid others in important facts, conditions, situations and abilities. Here in the Heavens, it is beautiful to see and to hear.

So Many Saints are very concerned over individuals who are yet upon the earth in the human way, because distraction is very readily, and concern is sometimes often wiped away, but as We talk today to a group of individuals who have made it a lifestyle for themselves to put into print Words that those yet in the living state, or in the State of Sainthood pass on, to have Them regarding nature, intentions, perseverance, logic, and definitely a mode of how they live and how they address different subjects.

I know what I have spoken thus far may be difficult for some, only in that they do not ordinarily

feel a concern for others other than themselves.

Every time an individual says, 'We live in a time worse than Sodom and Gomorrah,' We Here in the Heavens say: 'Heavenly Father, there were other times worse than that. How do they not mention the other times also?'

These Words that I speak and Others Here with Me, are to awaken the minds of those who read Them regarding the Importance of, first of all, human life and its Goal for That Portion of it that is Part of The Creator, the Soul.

Some individuals pay more attention to their hands or their feet or their hair on their head, never thinking of their Soul, and what condition It is in.

I know I sound harsh and not in the ordinary manner you are used to reading, or saying, or hearing or talking about, but there are so many things in the human way of living that need help, need direction, need strength, but also need that one Line: moral perfection, moral understanding, moral importance in

what they think, do, say and offer in how they treat others every day.

I could speak hours, All of Us like to, because Here in the Heavens We see more necessity for those yet upon the earth in the living state to practice more purity of the mind, the body, but also to see their manner as an important part of everything they think, say, do, or will to be in their honor, in their manner of understanding.

Needless to say, thousands of more Words could be spoken on this subject alone, but always remember, if you begin the day with a prayer to The Heavenly Father and/or to The Saints, you are asking for aid, help, and you will get it if you are capable of making the day a gift to Them, by using the day in honor of being a human being in the dignity of what you think, do, and say, and in the sincere understanding that every move you make, every thought you have, everything you say, should be important according to The Father's Will and Way.

I could write, speak, and do everything every day as I have just done it today with you, but sometimes for certain individuals that say: 'I

have come a long way, how I am. I think I have done pretty well,' We say to that individual, 'Remember, you have a Soul to save, for that Soul to return to The Creator and be Blessed a Saint.'"

MAY 2, 2006 AT 2:00 P.M.

“We are smiling. It is a privilege, it is an honor that We are able to speak through this *little one* on important subjects that most individuals could not relate to on their own discrepancies, their own interests, their own hopes, their own dreams.

The Words I have just used are unusual for a Project such as This One is, but as you, at a given time accepted responsibilities to work where you are today, and to partake in what you do almost every day, helping others more fully understand what a Beautiful Gift The Divine has given to mankind: first of all, Their Presence, and then the Manner in which They dictate important Words for you to be able to put into script and be able to deliver for others to read, to aid them in learning more about The Holy Trinity, and also Many Things in Heaven that otherwise would not be heard about or seen.

Children should learn from These Words. It will give them a

Foundation that they could not have otherwise, because to see the Words in print, and to be told what They mean is important for the mentality of a human being; also, the content of what is said sometimes helps an individual that you would never suspect would be, because so many Words are Blessed by The Holy Trinity at a time, in a place such as this is, and with those who feel they have the strength and the desire to partake in a Gift like This, to be able to hand to the world Something the world would not have, because to put into print what you are available to, will service the mentalities and the Souls of more than you know, because words sometimes make a deep impression, especially when They are Words rarely heard.

The concept of understanding is a Gift of Divine Love. The purpose for understanding is a Gift The Father Wills human lives to have, because in understanding, there is a growth morally, mentally, psychologically, even physically, because the mind is so strong, and the mind gives to each human being the basics, the familiarity of understanding a communicative measure of words.

I could speak hours, and I wish I could at this time, but The Heavenly Father, in His Love for human life, asked Me to put what I Willed would be satisfactory, and then come back at another time.”

MAY 3, 2006 AT 11:50 A.M.

“I smile when I say My next Words. We told *the little one* that she was expected where you are. She became so nervous, because she did not want to disappoint you. This is a happiness to Us, because of the importance in This Gift that some individuals do not find It to be What It is.

You live in a time when so many beautiful previous Lessons should be read again and again and again to refresh the body’s mind for the Importance of The Divine and Divine Plan.

Every day has a number in it. Every day has a way of participating in everything you think, do and say. Does this not show that a Gift of this measure is important for you to remember that as you were created a human being, it had many beautiful advantages in it, for it, with it? Is that not so?

A Blessing is far greater than it is seen to be, understood to be, because one receiving a Blessing such as you

always do, you do not feel the surge through your body, but your response in your mind should tell you so.

I speak like this through this *little one* so you, in your way, your manner of life, will grow and grow and grow with more respect, more honor, more devotion, more understanding to The Heavenly Ones.

I will close at this time, but as I do, I smile and I say:

‘Thank You, God, for this little one, but thank You, God, for the privilege that You use her for, but that You deliver to All of Us to share in the Grace You Are, and the Knowledge You have, and of course, the Purpose in which You serve The Divine for the Souls of every human being because You care.’”

MAY 3, 2006 AT 3:00 P.M.

“We smile because Our time with you is because We care about you, and when We are with you We are assured of your patience, your dedication, and your caring for what you are involved in.

So many years ago, people of all ages would have given practically their whole life for such a beautiful experience as This is giving to you.

It is a privilege to watch you share all the things you are involved in, but We also see in you, caring about Those Who deliver the Words because of the importance of Them.

There are thousands, there are millions of human beings right now, in many places throughout the world that would not know how to handle what you are doing, because they are preoccupied with their own ambitions and their own personal understanding that sometimes are never renewed.

You may ask why I would talk like this. I would answer: Your Gift of

Divine Love shows in everything you think, say and do. Your habits that show here on this Hill are respectful, and always seen as basically caring about your time helping The Father and His Words be passed in many places because of the importance of Them, and of course, who delivers Them: you.

I know no one expects Me to speak like I just did, but I did it because I can sincerely say, ‘The Heavenly Father chose all of you, and in this choosing, He gave Those of Us with Him, the privilege to share what you can do with What We Are, and What We Will.’ By Will, We mean how We All use time on important things to give strength and hope to millions of human beings.

I smile when I say, ‘God loves you, but so do All of Us, The Ones you do not see, but We are aware of who you are, and We appreciate everything you do.’”

MAY 4, 2006 AT 11:45 A.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“Due to the Importance that human life was gifted with, it is important that It be seen as a Gift beyond what anything other than Myself could have given, could have instilled, could have designed, and many other things.

I am your Heavenly Father.

There are so many things Those of Us Here in the Heavens would like to talk with you in a personal manner, but We realize and We understand that you were created out of Divine Plan, and that The Heavenly Father, in this Creation of His, wanted every facet of living matter or conditions or situations to be aided, to be instructed, to be cared for, for a Purpose beyond what would be ordinary at the time in which all this was conceived to be.

My Words I know are different, but My Love for the will to understand that things didn't just happen. The Heavenly Father, The Heavenly Mother, and Many Here in the Heavens designed

things that would be appropriate for what human life was to excel in, or live from, live by, live to one day return That Portion of them to be ‘a Saint’.

Granted, My Words may be confusing to some, but I will request *the little one* to adjust Them if All the Words I Decreed to be are not sufficient for the mind and/or the memory.

I love you. I love all of human life.

***The little one* shakes with My Power, My Love, because sometimes when I address situations or conditions through her, I use Power a little above what her small body can handle.”**

MAY 4, 2006 AT 12:48 P.M.

MANY SAINTS

“There are Seven of Us present. We promise you, We will not All speak, but We do want you to know a very important thing, in how We see how you are dedicated to help others learn more than they would if they just lived like many, or most other people.

We use this *little one*, and have for a long time for many, many things.

It is important to each time We let you know that We are present, and that We are interested in how you think, or what you should be aware of, or conscious of, or interested in, or available to.

We smile at Our Own Words, because We know you do not speak like this to others, but We do it to emphasize subject matter or the purpose for which We are present, hoping each time as We address a subject and you hear about it or you put it into script, it will enlighten you and others like you, to be more obviously aware of things that can occur, and perhaps cause you to learn more about the

Spiritual, which in reality is not just Spiritual. It is a means to safeguard through Wording that is logical to think about for the protection of you and others you know, or others who just read what We have to say.

To some reading this, they may not understand how sincerely We care, and how close We are to you and to them, but it is through your willingness to put into script and/or to just remember Our good intentions, and Our desire to help in any way We could.

I speak differently, I know, but there is so much to be looked upon when you walk the human way, because you have a Soul that is, without question, the Greatest Gift you could receive any time, because the Soul is That Portion of Divine Will, Divine Light that exists in many ways, especially through Sainthood, but also, there are other Words to say.

As We close at this time, it was to assure you that you are not walking alone, and you are not walking a tightrope, because what We say for your benefits and your understanding, giving you an alert understanding so

you can be more aware God loves you, The Saints love you, and you have All This on your side, but that human part of you must use your mentality, your logic, your understanding to protect how you live, because it is sad for Us to say there is always a chance that evil wants to involve itself with your good.

That's it. That's all I have to say, but I hope you will remember it every day."

MAY 4, 2006 AT 1:06 P.M.

SEVERAL SAINTS

“We All smile. There are Several of Us present.

This Blessing that you have been delivered and Blessed with is far greater than perhaps you realize It to be, because Communication such as you have with The Divine is a Gift far greater than It is seen to be. The Beauty in This Gift is that It pleases your Souls immensely, because the Souls ache for help, and the Souls know that They are responsible for everything you think, speak and do. It is a privilege for you. Remember this.

An animal doesn't have a Soul, nor does anything like wood or hundreds of other material things, but the Soul was given to the human life because of the Soul's necessity to help you in many ways, but also to one day stand with your Title, because your Soul will represent you at a time that you do not know when it will be.

The Soul is the recipient of everything you think, you have

thought, everything you do or you have done, everything you say or will say.

Remember what I have just spoken. It will make you understand more indepthly how Important your Gift of Divine Love was for you, because It was given to you to allow your Soul to be returned to The Creator and be called ‘a Saint’.”

MAY 4, 2006 AT 1:45 P.M.

“A Gift of This Dimension is greater than It is known to be or expected to be, for some who would not want It to be, because oftentimes it takes much respect regarding one’s attention to a Gift of Divine Love that specifies important Facts that are physically-oriented, mentally-oriented, psychologically-oriented, but also totally known to be Love of The Divine.

To some, might say, ‘Why would The Divine Entities talk like this, or talk to us, or even mention that They are with us?’ All Things Heavenly, or spiritually-oriented according to Divine Stature, Divine Love, are made to be very respectful on surface and every point within Them, but also the respect is to allow one or more present to see the difference in not just Dialogue, but Stature in Dignity and Divine Love.

Though These Words may be difficult for some, They are Words to aid others, because The Divine does

not always speak as It is requested to do. It is counseled by and directed by Those Who are Higher in Stature and in Divine Will.

It will be difficult for some to fathom a Message of this nature, this meaning, but also this value, because it is important what the Communication can give to those yet in the living human state, thus delivering to them or through them or for them, important Facts that nothing else could.

We speak so often through this *little one* and Our Power is far greater than It is expected or seen to be, for others to understand that what We do to *one small body* when We speak Our Words so readily, so clearly, so fully, it takes a Power different than It is suspected to be.

You are Loved, all of you, and Those Who walk the Path that this *little one* walks, *the one* We use for so many things. Her body and her mentality are what We use to transmit to others important Facts that can be used to aid, to clarify, and to continue to pass on to others, what We know will give strength, hope, and many other things.

You are all Loved by The Divine. Never think you are not, but the Love is Greater than you know love to be, because the Love has many facets to It, many reasons for It, but also, It is a Gift of Divine Love from The Holy Trinity.”

MAY 4, 2006 AT 3:24 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is a privilege to be able to speak openly with you on this day. So Many of Us Saints will find this a pleasure because of the need for it, due to Our capacity of being concerned over what We like to reveal for the Souls of those yet in the living state.

So many individuals talk prayer, talk religion, and talk how they feel about Heaven, but We do not find them anxious in their private lives to fulfill what they have known to be ‘acts of love’ for The Divine. We pray that they will learn what is expected of them for how they speak on this subject.

Please pray for those who want to fulfill their good measures for the sake of Souls, whether they know the individual whose Soul It is or was, but it is important for more prayer to go their way, to give them, to urge them, and to supply them with more instant reaction to what they will do when they are in a position of prayer for the purpose needed regarding a Soul.

**Thank you for taking My Words.
I appreciate your time and your effort.
*God bless you.***

SEVERAL SAINTS

“There are Several of Us present, and We are happy to be with you. *The little one* We use is enjoyable because of her sincere interest in Every Abbreviated Word We speak through her.

You live in a time when it is necessary for all ages of human lives to more fully, more indepthly understand that to be created a human being is a privilege of Divine Plan, but also, in this privilege there is so much to be shared with others like yourselves, because they, too, walk a path of human understanding, human abilities to be taken care of in a normal, moral condition and situation.

It is always sadness to Us when We are present at any place We might go and see indifference, and sometimes immorality that harms the Soul of the one in whom the act shows.

Prayer is a special Gift, because it is a communicative measure with The Divine, and when it is spoken with love and consideration, the One to

Whom you are speaking cherishes the time. Just as when you communicate with someone you love upon the earth and/or loves you, there is a happiness sometimes indescribable, but it gives inside the mind a feeling of pleasure. Is that not so?

I will close, but as I do, I want all of you who read These Words to know, it is a privilege for Every One of Us Who have been given the privilege to put into print Words that come through Us to you, because it is always something that gives to Us a feeling of consideration, enjoyment, and that We are understood that We, too, are capable of being close to The Divine like you.”

SAINT MARGARET MARY
SAINT JOAN
SAINT PETER
MANY SAINTS

“There are Many of Us present to greet you today. Many of Them are Saints that you pray to when you say prayers your way.

I am Saint Margaret Mary. I am Saint Joan. I am Saint Peter; and you must know you are not alone. The Others are standing by here, smiling at you. I could name Them All, but We want to say some Words to you because of the Importance of your being a human being, and that one day you will stand before The Creator and be told in which direction to go; hopefully it will be in the Upper Place, because then, you see, you will be with Him Face to face.

I know I speak differently through this *little one*, but I do it to let you see and know and understand, that many times when you say a prayer, the Saint Who receives the words you speak is there, but you see no sign or

sound from the Saint, but the Presence is evident because you care.

Throughout the world, The Saints are continuously present from every direction, because They knew when They were created, the Responsibilities of a Saint. They knew They would have to be close to you many times and not be seen, but it wasn't a risk. It was a Gift of Divine Love that caused this to happen, caused this to be.

So many human beings do not know that they have the privilege to one day be Here Where I am and be called 'a Saint'. A Blessing of This Measure is tremendous, because It gives hope and more understanding.

So, as I close My Words at this time, I do it and say, 'Do not forget, you are Loved by The Divine, and it is your way of living that will share many things with Them, and one day the time will come and you will live with Them.'

I bless you from the Heavens and I say, 'I know through this *little one* you may be surprised to hear, but you are Loved in many ways, and your Soul is the recipient of all things you

**are and you will to be, and hopefully
It will be called “a Saint”.’”**

MAY 5, 2006 AT 12:30 P.M.

“This *little one* is bogged down by Responsibilities that are far greater than they are recognized or seen to be. To walk for The Holy Trinity is not an easy Task, because it deals with the conditions, situations of the Souls of human beings. Whenever this occurs, it should be done with respect, but also encouragement to find the greatest, most important way to help, to aid, and also to be concerned about what is exposed to The Saints, what The Saints want to hear, want to feel, and yes, to be sure that They are considered in the condition that They walked the earth in, and that would be Holy in every way.

So many human beings look at Sainthood in a manner and way almost deceiving to what the Saint really stands for. The average human being does not recognize, to become ‘a Saint’ there had to be very important steps that the Saint was considered by and about and for, due to how They walked in the world as a human being.

I would like to write hours on this and hopefully I will, but I will close My Words at this time because what I have delivered is sufficient for now.”

OUR HEAVENLY FATHER

“In the Creation of a human life, much thought goes into what will be the important facts, conditions, and of course, use. This is rarely ever thought about with those who are gifted to become one of these, but also, those related to the bearer of this Gift sometimes find it very difficult to be able to fathom how much will be necessary to give to that life Gifts greater than is ordinary.

I speak differently, but there are so many intentions, facts, ideas, and sensitivities on many subjects, in many ways, that oftentimes connect themselves to the birth of a child, the future of a child, and also, how those having this child will be committed to many things that, at the time, they are not available to their understanding.

We speak so many Words through this *little one*, because We have for a very long time adjusted Ourselves to her presence and abilities, as well as, she has adjusted to Our Way of using her, by putting into her mentality

what We desire to follow according to the purpose of It, the necessity of It and the reasonability for It.

She has come up with a very important statement. She is Blessed by Us with it, but We know it will take much effort for its accountability to those she will have to present it to, that she was instructed to follow by The Heavenly Father, Who I Am.

I will talk more on this, because I sincerely feel a Project of This Degree will at some time be the Gift that will save thousands or hopefully millions of Souls.”

MAY 5, 2006 AT 1:16 P.M.

SEVERAL SAINTS

“In number, one would count twelve, but in number one would count one voice, because the others are listening to what the man would be speaking.

There are Three of Us and We All love This Gift that gives so much, and *the little one* wants to please The Heavenly One in Every Word she speaks that We tell her to, and every moment that We speak to her, she wants The Heavenly Father to know What We speak. So remember this.

You live in a time where intellect has an important place, but so many individuals use this sign of communication in more ways than they should, because the word ‘speak’ means many things, many subjects, many conditions, many purposes, and many individuals capable of and able to speak, so that one or more others will hear what is spoken in a correct way, correct manner, and have respect in it for all things concerned.

We know that you do not hear this often, but the greatest Gift that was given to the human life was the ability to communicate. Yes, all the other Gifts are of the greatest importance, but communication solves many things, and it gives to life more understanding and more abilities to communicate in many ways, for many reasons, for many purposes. It is a Gift of Divine Love, and yet it is not always thought about in the magnitude it is, for the purpose it was designed to be.

I know These Words are different, maybe difficult to even want to read or hear, but They are Words that should be thought about, because of how important They are to your way of life, and to how you can learn more regarding others who speak and/or who want what they have to give, remembered.

I know These Words are not what you thought I would speak, but it is to remind you that to be created a human being is a Gift far greater than it is seen to be, but also, that Gift is That Portion of human life that will one day want to go to Heaven. Remember this. It is important, because if just one portion of the body would be taken

into Heaven, what would that portion do without the rest of the human being?

I love you and I know I speak differently, but it is something to think about in your own time, your own way, for your own life.”

“Yes, there are Several of Us present.

The little one We use is ever evident when We are around, because it was designed this way a long time ago, due to the fact that she had accepted the Responsibilities that were needed to fulfill My Love for human life, My Love for The Divine, and My Love for the Souls of millions of human beings.

I hold *the little one* tightly. Her body is spent because of the Responsibilities that are never seen, but are a consistent way of using her for the Tasks she was requested to make. Her small body does not always stand strong when it is used in a multiple of ways, bearing a burden and the weight of the burden to a degree not understandable to the average human being. Unless you have walked the Path, you cannot bear the weight of not just the appearance of a human life that you might see bringing you a Message from The Holy Trinity.

Some hearing this may not understand that there is a great weight to the mentality, to the body and to the will that is forced to speak, to deliver Word for Word, what a Saint Wills others to hear, to help them better understand the importance of what the Message declares, or proposes, or accommodates, or instills, just so at another time it will be able to validate or to participate where or when it is needed for a specific preference, or a specific purpose, or a specific goal, or a specific reason, or to change a few words.

I will close because the weight of how I am present to this *little one* would be difficult for you to know. The weight is like four or five bodies on her mind and her body and her Soul.”

“We told her We are sorry to hurt her this way, but in reality it was done so you would not underestimate how much of her it takes to put forth what thousands or even millions of human beings feel they, in their way, are producing what is requested, but We wanted you to see the Importance of being in a place like she is, and that

the Responsibilities are far greater than you know them to be.

I could speak hours on this and I would like to. She has requested I don't, because she does not like you to see anything that would make you think differently.

I could speak so long, but it is important I release her because of the pain that she must take to serve in even the smallest way, Divine Love for the sake of Souls.”

MAY 8, 2006 AT 2:25 P.M.

THE HOLY TRINITY

“I am your Heavenly Father.

A long time ago, when it was decided to create human beings, human lives, much was thought about and much interest developed regarding the Importance that human life would be created for, with, and in.

In the first Creation there is very little known about, because it was created by a different degree, mentality of a living situation. When the final decision came to a conclusion, it verified itself by the happiness that Those Present openly caught sight of the Magnitude, of the Value that The Father Willed for this to be: His Love to be spread for All Eternity.

Thousands of Words could be used on this condition, situation that was to express, to share, and to create human life in the manner and way The Heavenly Creator, God Himself, felt would bring happiness in many ways. Granted, the original designs turned out to be a step into the Light that

The Divine Love radiated lovingly, pleasantly, and hopefully.

So many Stories came to pass, and so much work was evident to be needed to fulfill this Gift that would please The Heavenly King, The Heavenly Father, because of His Divine Love for wanting more to be created to share with Him the Goal for a Happiness Greater than it could ever be known.

Much can be spoken on this multiple chapter on the Creation of human life, but always remember, it was created based on Divine Love and Divine Willingness to share All the Gifts of Heaven. No Greater Gift of Love could there be, than to be created what would be designed by The Heavenly King.

Always remember, you are Loved, and you were created to share All the Gifts of Divine Love that have grown to be multiple in number and Gifts far greater than the human mentality can possibly, fully understand. That is why it is so important to pray to The Heavenly King, The Creator of All Things, and then to The Heavenly

Mother for accepting the Responsibility of so many things.

Love of The Divine is consistent and Holy. No human being born to the world of human living could ever not see what a Precious Gift human life is, because it has a Goal for all human lives to return to Heaven That Portion called ‘the Soul’.”

MAY 9, 2006 AT 12:00 NOON

OUR HEAVENLY FATHER

“It is I Who am placing this *little one* with you on this day because of My Love for you in more ways than you understand it to be.

When you were given life as a baby, I think you should know, I was Present, and when you walked your first steps, I was Present, and I have never left you any time since that first moment that I was with you.

To some, this may sound difficult to believe. I promise you, I am your Heavenly Father, and I have been given the privilege to do many, many things.

I use this *little one* to serve what I feel others should think about, learn about, and perhaps do. In many ways, she walks a path just as you do, a path in the way of human life with all the obstacles and all the things that you must stand up to, stand up for, stand up with, and all the things that you speak to others about, or about subjects you decide to speak about because you care, or you are angry, or the subject is

important to how you feel about what it says.

The little one I use never knows what I am going to say when I speak to you. She is always surprised and I love her for her service, and I love you for your Faith. Never forget this, because when you were created a human being, the Blessings I gave this Gift were far greater than you know Blessings to be.

So, always remember, as you walk as a human life with all the tactics you have, with the understandings you have, with the abilities you have, and yes, I am always with you. Never think I am not.

I smile when I say through this *little one*: I bless you with My Love for how you share This Gift that is definitely My Will for others to learn more, and to be able to think more indepthly on the Fact that they were created to one day return to Me and be ‘a Saint’.”

MAY 9, 2006 AT 12:33 P.M.

“God gave This Miracle to the world because so much that was occurring left God out because of the personal interpretations that were, in many ways, ignoring Divine and using human estimations on different facts, factors; also, human beings were becoming so human-oriented that they were eliminating there was a Creator yet in Existence that they could go to and receive much from, but everything was turning into a humanistic venture, even adventure, because people were finding it easier to communicate what they called ‘in more open ways’, thus setting aside the Importance of The Divine, that The Divine always had Someone available to listen to our prayers, our needs, our hopes, and our love.

‘I will speak more on this later,’ He says, ‘because of the importance of the subject.’

So many individuals try to ignore this subject because they do not comprehend the full value of it or the

reasonability in it regarding the Fact that every human being is created with a Soul, and the Soul is That Portion of human life that gives to the rest of human life strength, and the ability to proceed.

I could speak hours on this. I will talk more, I promise you, at a later time.”

MAY 9, 2006 AT 12:55 P.M.

SEVERAL SAINTS

“We are happy to say there are Several of Us right here where you are.

This *little one* that The Father has chosen for a Major Task that deals with religions that are other than what she is part of, and of course, many ages which are far older than she is. We have been making this last Statement about her for years. We smile this time when We said it, because she immediately said, ‘Wait a minute, I am older than that.’ This always pleases Us when she uses facts, truth, honesty, logic, and her way of standing for what is accountable morally and physically.

We have come today, there are Several of Us, to alert you to how many different degrees of logic in how individuals live, what they partake in, and how many find truth, sound facts and personal speaking to always avoid a lie. How many would you say you could speak for on this subject?

It isn’t just imagination with many people. It is them willing or wanting

to make a statement that behooves them to look more important to others. I know the word is different than you might use, but it is a word that so many are using. Now, let us get back to the subject of importance.

You have been Blessed with a Gift greater than It is seen to be, because It is a way, a manner to stand for what is good, what is right, what is moral, and what is being put in print openly to help others, other than yourselves, to more fully understand the importance of standing in truth, bound to aid The Heavenly Father's Plan.

It is so easy for so many to exaggerate a condition, a situation, or a description of a subject matter, because they try very hard to cover up what would displease the one taking the words or hearing the words. You do live in a time when truth is not always evident. Somehow or other, there is more justification in speaking words that please someone rather than the words being correct, beneficial, and express more meaning of logic, Faith and descriptive measures.

Each day, if you say a prayer, one for The Father, He always cares

when you say the prayer, but He wants you to remember that as you ask for His Help, or His Blessing, or His Time with you, many ask for something to help someone else. When you do this, remember, the Saint wants to bless everyone They can, because They want all Saints to arrive in Heaven.

I know as I speak These Words, They are different than you are used to hearing, but you stand in thanksgiving to be able to partake in Divine Plan. Many of Us have come on this day, not just to encourage you, but to support you because of the Importance of the Souls that need to know there are Many Who care about Them, and want Them to be in Heaven.

I know All My Words are different, but hopefully I have reached some, because a prayer at any time of day is heard by Someone in Heaven.”

MAY 9, 2006 AT 2:06 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“We are going to surprise you. A little while ago, there were Two of Us present, and during the time from then till now, We have gained numbers. There are Fourteen of Us present. Each One wants This Gift to be expressed in the manner, degree, way and purpose that is not just private, but It bears Credentials that would say, ‘Honor, Dignity, Fairness, and Love for The Divine’.

Today is an important day in the lives of many people. Sometimes it is in the homes of people that important things occur. Some, I would have to say, is in the business practice that they use every day to earn a living and to find themselves in a position of worth. Then, you have those who are active in a manner of games. Some are just ordinary games for tables to be played on. Others are games physically, that those present would have to walk, or run, or hide, or do something unusual.

Now all these things you all here present with Me are used to seeing or hearing about. It is called ‘natural’ to the human way, because there are so many things human beings have the abilities to partake in.

Someone Else will speak openly to you in a moment.”

“I am your Heavenly Father.

My Love for human lives is Far Greater than It is seen or known to be, because within each life, there is a Portion Greater than anything could be compared to, or spoken about in a beautiful, loving way.

You live in a time like many other times where human beings, of many ages, practice absorbing things that they feel they would enjoy doing, partaking in, or just participating momentarily.

When a human being is created and it passes through the first stages of being an infant, and then the next step is to begin to walk, to talk, and to express what they feel. Needless to put into print every stage, because those

writing These Words or just reading These Words, know that the stages of being a human being are numerous to the mind, to the body, and to the Soul. The Gift of life is greater than it is seen or accepted to be. It is a Living Gift from The Holy Trinity.

Now, The Holy Trinity, Supreme in Power, Justice, Hope, is Far Greater than It is seen or known to be, because in just knowing Their Presence is of The Divine Way, that speaks of Importance, and it also says The Heavenly Father, as The Giver of These Things, knows the Beauty and the Love that They can extend to help others one day be a Part of Them.

I know you do not hear Stories like this many times, but I am saying it in this manner and way, because I care about how you present here, try very hard to see that things are correctly right and that your responsibility is more than just the human body's, but the Spiritual Part of every life, that Life that will one day be with you when you are in Heaven, because as Divine Will has so beautifully designed what the Soul of a human being can earn and can be a Great Part of, is far greater than It is ever really truly seen, until

the time comes for the Spiritual Side to be evident.

I speak These Words because your time, as you spend it at what you do where you are, is to help Souls along with the physical, to see what is not just popular but has proof of Its Dignity, Its Purpose, Its Goal, and that it is important for It, because one day the Soul will leave the body and want to be with The Creator of All Things.

Never forget, you lay the groundwork many times, many ways, and you are Blessed for it.”

MAY 10, 2006 AT 12:00 NOON

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

He's smiling.

“I am your Heavenly Father, and there is Another One present with Me Here that wants to tell you how much She loves you.

I am your Heavenly Mother.

It is always a joy and a pleasure when I can speak in a way that you understand what I am able to say. The Beauty of this Relationship is far greater than It is ever seen to be, because I cannot speak to you person to person in an open manner of living, of life, but I do say, ‘Many times when you talk to Me at night, I say it when I want to return a Gift of your love for Me that you earned.’

There are so many things life is all about, and there is so much yet to be done to give strength to the foundation of what has already been started, because of the Souls of millions of human beings that need help, not just encouragement, but aid

to walk the path of life in a manner and way where sin no longer exists. Sin is a vile contempt against what is good, what is beautiful, what is Blessed.

In the Creation of human life so much was considered, and so much Divine Love entered the Wording, wanting all Souls to be sure They could go to Heaven.

I cause *the little one* I speak through to cry, because she feels she has disturbed Me. I am not crying. She must not cry, because tears only say that something was not right.

You can be assured I love every one of you, because when a human being is created, All of Heaven is alerted to the Soul that is placed within that individual that one day will become ‘a Saint’.”

MAY 10, 2006 AT 12:38 P.M.

SEVERAL SAINTS

“There are Several of Us present. We announced that point of view for you who are going to take the Words, because sometimes individuals fear the number of Lines they are going to be responsible for.

You do live in a time worse than many other times in the History of human life, and yet when many things are seen for what they are, they are ignored, because those seeing it, accept it for ‘a sign of the times’.

We come on this day for a reason because, believe it or not, Most of Us Who speak know all of you, and more than you, because We are with you more than you realize. Many times it is a Gift of Divine Love, allowing Us to more fully understand who We are associating with, and the Importance of Divine Plan.

There are thousands of human beings throughout the world who would treasure what you are capable of doing, or willing to do, because in so many ways it is innate in the human

mentality to want to know, to want to share, and to want to be the custodian of Information that they feel is important throughout the world.

As I speak to you at this time, I wish I could take you with Me for you to see, to hear, and to evaluate all the different moods, considerations and means that many individuals have to face morally, physically, financially.

When We hear that someone will take Our Notes, that means Words We will discuss with them, or speak regarding the Words We use, it is always an interesting thing for Us, but We always hope for the best for all concerned.

It is difficult for some individuals to know how human We are at different times, and how vulnerable We are, and how careful We are, and how concerned We are over certain facts, issues, commitments and goals that some individuals will themselves to have, because they sense an importance in them that they desire to know more about.

Many who write These Words will wonder why would I speak this way. First of all, you were created a human

being with many, many goals that can give to a human life much happiness, much joy, and much progress in many ways; also, even financial gains are known to come when an individual, one or more, decides to take something they hear and make it work in a manner and way that draws financial gain to them.

I know I speak differently, but I do care, because in the human way of living, in being a human being, is a Gift far beyond what it is understood to be, because it has a Goal Greater than a billion dollars could give a Soul. That is why it is so important when We speak through *one voice* and others put into script what We say, it is almost automatic for Us to want good to come, and no evil, and also the Word of The Heavenly King, The Heavenly Father above all things, We want to say, 'He entered the scene and We were told He was pleased what We spoke to those who We were appointed to.'

I know what I said is different, but when you read It, please remember, the time will come and you will face the Greatest Gift, and that is to one day be pronounced 'a Saint'. Don't

**forget, God loves you, so never stop
pleasing Him.”**

MAY 11, 2006 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have requested this *little one* meet with you because of the Importance of your lives and the Goal that The Heavenly Father has awaiting it at another time, perhaps another way, but always understood by Those in the Heavens as being a Special Appointment in every way.

***The little one* is always disturbed when We call her ‘*the little one*’, but We do it because of her nature, her personality, and the importance in how she thinks and how sensitive she is to being with other human beings, even many her own age, but I have requested she speak today on the importance of every day in human life, and that it gives not just permission but addition to one becoming ‘a Saint’ at another time.**

If each day is used in love for The Divine, that is the basic portion of the mind, but also of the service to be rendered at another time. It is important that an individual choose

Heaven as the Goal. It is not Something that does not exist. It is the Highest Role of achievement for the Soul of every human being. Don't forget this.

We could speak hours on the Magnitude of this Gift and the amount of Divine Love that is within It, because in the Heavens there is much to be accomplished by Those Who make the Grade, Who achieve the Top Role for them to be saved, and then to be treated like a Saint, because through Sainthood there is much, not just to learn, but to share, to give, to participate in what is important for Souls, Souls that you have never seen before, never heard from, but there are thousands, there are millions of Souls Who lived before your time and They now are waiting until your time is chosen, but that does not mean today or tomorrow. It means a distance from now. It could mean, and I smile when I say this, a hundred years from now, but do not forget, as you walk each day, you do not walk a tightrope, you walk a path that is clean, clear, serviceable, and happy to have you on it, because your life is dedicated to participation in the Heavenly Way, Heavenly Concern, and All of Heaven

awaits your time to serve at a different time, every day.

All I have spoken is Truth. All I have given to you is Divine Love for you to understand to be created a human being is truly a Gift of Divine Plan.”

MAY 11, 2006 AT 1:00 P.M.

SAINT ANTHONY MARY CLARET

**“I am Saint Anthony Mary Claret.
(He’s smiling.)**

Many of Us Saints are always present where this *little one* is, but also where the rest of you who are here at this time. We are many times with you, but do not make sounds.

You live in a time wherein there is so much progress, so many talents and so much logic, and it is important for the next Line for Me to say. Spiritually is a very high number of Souls that you partake in, with, and you are part of the amount that speak openly, seriously, many words in private and many words in which groups are associated.

I know My Words are different than you might expect Them to be, but I assure you, when We were created human beings, Those of Us Who speak to you in Another Degree of Living Matter and Things, The Father has allowed Us to share Words that could possibly help you more indepthly understand certain Facts that are often

expressed spiritually, because each period of time in the History of human life had different and has different means and manner of associating with different Saints at different times, or even Many Saints at the same time.

Prayer is a very important asset, important Gift, important communication, and is always heard from you when you speak it, you think it, you act it. Those in the living state understand Who you are talking about, Who you are thinking about, and Who you are associated with, in the Spiritual Line of human lives.

So many times We speak differently, and it is to help you understand that Our Presence is allowed by The Creator of All Things, and He likes you to know certain things about Us that hopefully will aid you in matters you may be concerned about, or conditions you may be worried about, or Spiritual hope that you are in need of. The list is so endless, I could go on and on and on.

Never forget one thing: When you think of The Divine you are Blessed, when you speak to The Divine you are Blessed, and when you say prayers to

The Divine, you are heard and Blessed. What more could you ask from a Gift such as this is, because your Soul is constantly available to The Divine, even when your mentality could be on another subject. Something to think about, and something to be thankful for all the time.”

MAY 12, 2006 AT 11:50 A.M.

OUR HEAVENLY FATHER

“There are thousands of people, men, women and children, who have not greeted Me on this day, because they do not all feel that I am present for them to greet Me and offer Me their love. Many times I am only thought about when the time comes for what is called ‘a big service of prayer’ to be.

I would like to be able to announce throughout the world, ‘I Am Always Present, and I Am Always Available to hear your words, and when you pray in a loving, Spiritual way, it is never not heard, because this is a communication based on a Sign of Divine Love that automatically extends Itself in many ways.’

If you put a fire in a candle, does not the candle show the flame? Does not the flame make you know that what occurred is dangerous in some ways, but oftentimes beautiful to see? Without the bright light from the candle, it does not show what the candle is for, was meant to be. Is that not so?

And, remember also, when you awaken in the morning and there is someone in the home with you, do you ignore their presence and just walk through, or do you say ‘Good morning,’ or do you ever say ‘I love you’?

I know this may be different for some who take These Words, but They are Words of importance because they are Words of consideration, Words of caring, and Words that, in Their Communication, say more than the Word or Words do.

You may say, why would One as I Am speak in this manner and way? It is because it is important to make sure that you recognize the value of words, the importance of words in everything you think, do and say.

As I close My Words, I remember I promised Myself, when this time came I would close with: ‘Do not forget, “God loves you.”’ What more can I say?’

MAY 12, 2006 AT 12:38 P.M.

“There are Several of Us present. Our time with you is important, because when We practice or commit or accept or use time when We know you are available to hear what We have to say, We find it important for Us to fulfill what We were created to fulfill for The Heavenly King.

To be created a human being has far more in this creation than it is understood to be. It is given so many important things to use, such as time, such as mentality, such as experience, such as the desire to please The Holy Trinity, but also, to be able to spread Words that ordinarily would not be spoken. I will give you a few of them.

The word ‘serious’ is oftentimes not seen for the magnitude of understanding on different subjects that is important to the word ‘serious’.

Then there are the words ‘Thank you’. These words are oftentimes over-used out of politeness when it is not even needed.

The words that say ‘Have a nice day’ are words of comfort, but also a manner of respect. Is that not so?

Now let us take a meeting with one or two people you know. You know them by name and to a certain degree of association. Do you not wonder what would help this association grow into a greater form of communication, especially if you are capable of addressing subjects interesting, fulfilling, and basically important morally, mentally, psychologically and communicatively?

I know My Words to some will be difficult, only because they will wonder why I would speak this way, but think about something I am about to say. When you are alone and have no one to talk to, no one to listen to you, it may be restful for a while, but the boredom can be a disturbing factor and cause an individual to be weary or disinterested in other things, feeling that everything must be boring.

Let us take the way you pray. Do you do it with sincerity? Are you happy when you pray, or is it just routine?

Now let us take an association with a doctor. You are questioning

your health. Do you not wait for him to fulfill a major subject, alerting you or instructing you or caring about you?

I could dictate pages on many subjects, but what I am trying to do is to now get you to say your prayers. Do you do it with sincerity, with earnestness, with caring, as much as you would all the other things that were spoken to do?

I smile, because We All know that even though We do not see The Creator physically, He Exists, and the very fact that His Existence is available every moment of every day, would it not be wise then to make it a point that when you awaken in the morning or whatever time it is, you open the day by saying:

***‘God, thank You for the night.
Thank You for my being able
to communicate with You in
a manner and way that You
understand I love You.’***

I will close, but as I do, with all you are accustomed to, always remember: A few words with The Divine can make your life do things that give it strength, hope, purpose, and a feeling of security that nothing else can do,

because in this communication you innately remember you are Loved by The Creator of All Things. There is nothing to be concerned about or worried about, because within you, your Soul is always present, and also your Guardian Angel. What more can you ask of Heaven?"

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

There are so many things We would like to speak about and have what We say put into print for others to read and to learn from regarding the Importance of The Holy Trinity. Each time It is discussed, It rings with more Love from The Divine than the average person understands there to be.

The Communication that We have with Each Other is a great aid to distributing Heavenly Father’s Will for all ages of human beings to not just desire a Place in Heaven, but to reach the Goal that Heaven is to the Soul of every human being.

I speak this way to increase the knowledge on the Importance of human life, because human life was created for the Greatest Goal there could ever be, and that is for the Soul to return to The Creator and be formally called ‘a Saint’.

There are so many beautiful attributes to how a person believes or accepts Spiritual growth, Spiritual Faith, Spiritual desire to become ‘a Saint’. No Greater Goal can anyone reach. It is The Highest Goal in Heaven.”

MAY 15, 2006 AT 12:17 P.M.

THE HOLY TRINITY

“I hold *the little one* tightly because of the Importance in how she walks, thinks, speaks, acts, and is available to hear What We Will her to know, to follow, to deliver, and to be able to describe Every Word in It that will give purpose for what she is requested to do, to speak, to follow, to address, and be the dispenser of.

When We chose this *little one* a long time ago, We prepared her in every facet of what she would be responsible for, to, with and how. For several years now, she has been in service to The Divine, for Divine Plan to be able to be delivered to others who would more fully understand the reasonability for certain things to take place and to be planned in the proper manner, way, value, to aid or to consult what would be important for the Souls of millions of human beings.

Granted, she could not face the millions in the human way, but many things were to be put into script so They could be read by those who would have

the privilege to read Them, because as We speak through her, We deliver what is Willed by The Holy Trinity.

As you walk each day, you follow a pattern of how you think and what you say, but you have other things you are prepared to take care of, personal in every way. That is why, in This Gift of Divine Love, so much has been released so others could understand more fully that to be in the human life that you are, to have it as a means to give your mentality, your sight, your manner of living, the privilege to go on, because there is a Future to your life, and that is to one day become ‘a Saint’. Your Soul awaits this time. Your Soul tries very hard to help you more fully understand the Purpose for life is to return to The Creator as a Saint.

Many would not expect Me to speak this way, but I do it to remind you, to alert you, and to give you the strength to persevere to fulfill The Father’s Will for you.

I bless you and I say, ‘Each time I have ever spoken to you, it was always because The Father, in Divine Love, meant it to be that way.’”

MAY 15, 2006 AT 12:51 P.M.

“A Gift of human life is a far greater Gift than it is seen or recognized or accepted to be, because the Gift of life is a step to Sainthood, but rarely seen as such.

Each time a child is created, the child depends upon those who are in charge of it, those who are instructing it on what is right over what is wrong.

Then, there is another step. Sometimes it rises to twenty or twenty-one. Those who are in this state of age have to learn more things than is realized to be necessity. The mentality of the mind sometimes is not instructed on what is morally clean, sound, and adaptable to Divine Will, Divine Way. Sometimes there is too much leniency in what an individual is faced with at that age period.

Now, let us take the older generations. Are they willing to accept the Value of life, the True Purpose of life, and what the life means morally, psychologically, physically, spiritually, because the mentality is oftentimes

a threat to becoming 'a Saint'. The individual should try very hard to understand this segment of living. This Gift of Divine Love is superior in many ways.

Remember, a child learns what is right from older people. When they are taught correctly, it is best; and then, sometimes a child needs to know what time it is. That is oftentimes spoken very plainly, because the older ones, all ages, are quick to hear about that and to learn time is important.

I want to speak hours on this subject and I will at different times, because it is of the Major Gift of Divine Love to understand what is morally sound, proper, and fits the age it is in.

I know some reading this will have something to say, but I assure you, I can cover every facet and more, for the betterment of the Souls of millions of human beings."

MAY 15, 2006 AT 1:20 P.M.

“There are always Several of Us present where this *little one* is because of the Importance that The Father has bestowed upon her in many Words inconceivable for an individual mentality to be able to remember so constantly, so consistently, and with such strength.

You live in what is called ‘the world’. Basically, you live in one portion of it, and yet you are capable of reading many books that are written in other places in the world.

It is important that each time you read, you look at it in a manner and way that it will give you a deeper understanding, especially when it has an important statement that could help you think more readily, more indepthly, more personally on how you could use the suggestion; that is, of course, if it is in the same manner of your code of ethics, of understanding, and of cooperation with The Divine.

I know I speak differently, but so many times a little conversation can

awaken the mentalities that hear it, to think in a more personal degree, and release more understanding of what is meant by the words.

What I am trying to say is: Use words in print first for the benefit of your Soul; then, of course, going along with this, would be how you live in the world, whether you are with one or more people or alone. Then, in your association with others, do you try to be not just leadership but aid to others, because aid has many places for it in an association. It can mean caring, it can mean helping, and it can mean to be very concerned. Sometimes friendships fall apart when caring is eliminated, or sincerity is cast aside, or indifference affects everyone involved.

I know you do not expect Words like this from Me, but I do it because I want you, as an individual, to be ready to understand all the facts that will give you the strength to practice what you realize is necessary to become 'a Saint'. All who go to Heaven are Saints. To become 'a Saint' says it gives hope, but it also gives strength to those you associate with.

Some may read These Words and not agree with Them, but I am speaking Them because it is important that when the human life ends, you have a Goal that will give to your time, to your Soul, a worthwhile understanding of what He or She is capable of handling.

I smile when I say, ‘God loves you and He is happy for all the help He can receive.’”

MAY 16, 2006 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Each time I use time to speak through this *little one*, I enjoy it because of her desire to please Me, and to help you more readily understand what is important for you in what I speak, or Someone Else Here Where I am speaks.

Today, as every day, there are millions of human beings not able to be spoken to in an open manner and way because they are too busy to pray. Prayer is an association of consideration, commitment, evaluation, and yes, time with Me.

I smile, because each time I speak through this *little one* where you are, she always asks Me why didn't I tell her before she got here, what I was going to say. She is ever ready to repeat My Will, My Love, My Hope, My Desire, and yes, My Time with you. She is of a delicate nature, but even more than that, she is ready to repeat what I Will her to say, even though she does not know what the next Word will be.

You live in a time wherein there is so much immorality, impurities, and I add to this, selfishness, arrogance and egotism that is not helpful in any degree, for any purpose, or in any way.

Human beings of all ages should learn that they were created for a Goal of Greatness, a Goal Blessed by The Holy Trinity, and a Goal that will give to them not just Hope, but Happiness Beyond, because of Where they will find their Soul in a Wonderful State of Divine Love Forever and ever and ever.

I could speak hours on this subject, but just the Words I have spoken should give you the strength, you who take the Words, you who put Them into print, with the knowledge that I spoke Them.

You have a Blessing beyond what you know Blessing to be, because when I say What My Love for you speaks out loud, and I request It to be put into script for you to remember, I say It because It is Fact, It is Truth, and that I love you.”

MAY 16, 2006 AT 12:16 P.M.

“We are smiling because We are so happy to have the privilege to speak through this *small voice* that God has directed to help many in the world to more fully or indepthly understand the privilege of human living, human life, having the freedom to do many things, and be concerned about important issues that give a prominent way of enlightenment to those who read the Words. Much of this is for the Souls, and this is a privilege to be Part of.

We always speak with different Words through this *little one*. She was chosen a very long time ago to partake in, and be the benefactor of Our Love for human lives and Our Willingness to help Good be acknowledged, Faith be addressed, and Love of The Divine be more readily understood.

I could speak hours on this subject, or I should say these subjects, because they are part of the living way of human life.

As I close, I say to all who take the Words and all who will read These

Words, ‘To be created a human being was a Gift far greater than the mental understanding could be, but it is the step to Heaven, remember this, the Heaven that The Heavenly Father is always in.’”

MAY 16, 2006 AT 12:45 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Many present each time you are requested to put into script Words from The Divine. We consider it a privilege for you, because it is Our Love that entrusts to you Words of importance, and Words that will give strength where nothing else can.

You live in a time wherein there is much misunderstanding regarding what is spiritually correct or spiritually incorrect.

I have come on this day to encourage you to look for what a prayer does for you, or what an act of respect for The Divine does for you, but also, your association with others like yourself. Do you look at them not just sensing, but understanding that they, too, have a Soul that wants to return to The Kingdom of The Creator of All Things?

I speak so often through this *little one*, and then I say to her, ‘I will talk more on this later.’

There are so many logical conditions, situations, occurrences, and behavioral patterns that should be recognized as being closely associated with Divine Love, Divine Will, Divine Hope, and yes, Divine Purpose for the Soul that you bear every day of your life.

I could speak hours, and hopefully one day I will, because Our Love for you Here in the Heavens is Greater than you can perceive It to be. We want all human beings to understand that there is a Goal that a Blessing will show, if you just act in the manner you know is not just correct, but pleasing to The Heavenly Father for allowing you at one time to be a human being, thus having the privilege to use the human manner of living to become ‘a Saint in Heaven’.”

MAY 16, 2006 AT 1:02 P.M.

SEVERAL SAINTS

“Each time We hear The Holy Father Here in the Heavens speak to you who are upon the earth, We enjoy what is spoken so openly, so fairly. The subject matter is always enjoyable to hear.

To be created a human being is a privilege far beyond what it is understood to be. Ask yourself: How many things have you enjoyed that were called ‘gifts’ and it was such a pleasure to receive them, small or large, inexpensive or expensive? Wasn’t it something that your mind would feel interested in, many times happy about, but also careful regarding it, how you would handle it, and if you would share it?

There are Several of Us present and it is a joy to speak to a group of human beings who have for their Goal in life to return to The Creator, a Saint. You will never know how pleasing it is to partake in some of the things you think, do and say. It causes Many of Us to remember Our previous days,

and also the ones We are faced with now in a different way.

The greatest Gift to the human mind is the knowledge to know that you were created by The Divine, The Creator of All Things, even though you were in another human body, but never forget, the design and the manner in which a child is created were all designed by The Creator of All Things, The Heavenly One. He does all things out of Love.

Never forget, no matter what your age is, what your background is, or how you feel each day is, you are the benefactor of Divine Love, have since you were born, and will have until the day you die; but then, even that has a Future to it, because then it will be time to place you in the Places Where The Saints go. It is a Future of Great Divine Love for the Souls of the human beings that earn it, but also who walked the human line.”

MAY 16, 2006 AT 1:31 P.M.

SEVERAL SAINTS

“There are Several of Us present. We All smile at this *little one* who tries to make everything so simple and yet so complimentary. Her love for The Divine is unmistakable, and that is what We use each time We speak through her for Words of importance to be delivered to a numerous amount of human beings, sometimes all ages.

When an individual says a prayer, they expect a return from the Saint. Is that not so? Well, it is with These Words you speak that are delivered from Us sometimes momentarily. It is always to encourage you to have an in-depth understanding that you are never alone. There is always Someone or More near you, or aware of you, or wanting to make a point for you of something important for you to see, to recognize, or to follow, or to accept.

We smile when We say, ‘That’s life as a human being.’ Many of Us Here in the Heavens walked as human beings at another time, another way, but it was a time that instilled so much

privilege, but also, We learned so much because We were instructed in many ways from The Creator of All Things, because They wanted Us to know the Importance of human life, and that it had a Soul that one day would return to from Where It came, and very possibly We would recognize It because of what It would look like, or speak about, or It could repeat the Words We delivered one day.

The world has been Blessed abundantly, and all those in it have been Blessed in a manner and way inconceivable to the human mind, but All of Us Here in the Heavens constantly thank The Divine for All that was given to give to the world We are in, Love from The Divine, and there is No Greater Love. Remember this.”

MAY 17, 2006 AT 11:49 A.M.

GOD THE FATHER

“I am allowing *the little one* to speak because of My Love for you, and how you think regarding the importance of how you act and what example you are to many, many human beings, whether you know them or not.

To be created and given all the assets, the Gifts, the help, the knowledge and the energy to walk in the human form, human way, acceptable to how things are publicly, I assure you, it is a Gift greater than it is seen to be.

When a Soul arrives in Heaven and the Soul has walked a difficult role, road, time, the Soul is sometimes frightened of what It will face in The Divine, but All Justice and All Truth, All Kindness is evident, because the Soul deserves This for living with the one They lived with, and for yearning to one day return to Heaven. The Soul is Blessed in more ways than one.

I bless you with These Words, and I say: ‘When you take Words of

This Dimension, This Importance, This Personal Association, it is beautiful to see and to understand that your commitment to The Divine is never forgotten. It is always there awaiting the time.’”

MAY 17, 2006 AT 12:07 P.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“There are Many of Us present because of the Importance of This Gift that is Greater than It is seen to be.

Ask yourself: When you have a friend that you enjoy being with, do you not like their company more than any others you know?

I come through this *little one* many times and when I announce My Presence, I understand who knows Me and who cares about Me, and many times who loves Me because of how they think and/or understand that My Presence is real.

The world has been Blessed abundantly for some time now, because in The Heavenly Father’s Presence there is always sound reasoning released, and always meant to be help for the Souls of those who hear the Words and understand the Words are a Gift of Divine Love.

I love her and I use her much to reach others that I love, helping them

to more fully understand how close I am to them. Remember this.”

MAY 17, 2006 AT 12:36 P.M.

SEVERAL SAINTS

“Several of Us Saints have requested The Heavenly Father to permit Us to speak more often, because there is so much to be more readily understood regarding what life needs, what life possesses, and of course, the Purpose for which life was created.

Perhaps My Words may behoove some to act more interested, because it is sad for Us to see that many individuals do not see hospital care, interest, or service for the worth it is, for the value it is, and for how many things it can cause to be successful if they are considered by someone who is aware of what the conditions are.

Many of Us Saints have so much We want to discuss with those yet upon the living state in the world, because oftentimes We are ignored, and the prayers spoken do not always honor, but request service on many other things that an individual is prone to feel is important.

The Father loves all human life. He understands all of human beings’

problems, concerns, conditions, values, and the list is endless.

We speak These Words to hopefully help those who take Them, to arrive at a deeper understanding of the importance of subjects that they do not often think about. Caring is a very important statement in every facet of life; so is curing. Remember this.”

MAY 17, 2006 AT 12:52 P.M.

SEVERAL SAINTS

“There are always Several of Us present wherever this *little one* is that We use for so much Communication, even Counseling in some degrees, some ways, for certain purposes. She walks a tightrope not seen by the human eye, but the tightrope is evident to Those Here in the Heavens, because Many Here have walked a tightrope such as she does. It is not an easy Path to take, but it does save Souls in more ways than it is conceivable.

Children like to hear stories, and many times a story that is worthwhile instills and increases in a child truth and a deeper understanding of the value of certain facts of life. Sometimes when a person of many years hears the same thing a child hears, the one who is just hearing it, the elder one, does not see the value that the child sees, because too much has passed through the elder; so, consequently, it is not always recognized when it is of a different nature.

There are so Many Saints Here in the Heavens that want to aid, to give help and hope to those yet in the living state, because They walked the path Themselves and They innately want to aid where it is needed.

We hear so many times individuals say, ‘You live in a worse time than the worst time in the History of human life.’ That is true perhaps, but it does not have to be that way. Every human being has the privilege, the opportunity and innately the understanding that there are many things that are available to them, to be able to follow a more intelligent standard, but also a more private one; but also, without question, one that openly states purity of the mind and the body and the Soul must be evident, thus giving to it the strength to persevere and not be weakened by any question or statement or encouragement, or tale of woe.

I know These Words are different, but They are Words of logic, hopefully direction, and yes, Words that will help those who need the strength to follow what is sound direction for their Soul.

To give These Messages, It is a Blessing from The Creator, because in Our Words that We speak, They are meant to give hope where it is needed, but also the background to follow Heavenly Will, Heavenly Participation in a Heavenly Goal.”

MAY 17, 2006 AT 1:23 P.M.

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“There are Several of Us present, because We feel We would like you to understand how important what this *little one* says, is, to thousands of human beings throughout the world. No, you will not see written pages, but I am aware of how many find some of These Writings that you pass through to them, are Writings different than they are used to seeing. Granted, some do not want to accept It as a Treasure, or that the Wording is not just normal, but has to be more of a Higher Plan, Higher Plane, Higher Deliverer, because the Words are not ordinary.

The world has been Blessed abundantly, and it is sad for Me to say that there are thousands and thousands and thousands of human beings who do not feel they need what is being spoken here today, or yesterday, or the day before that, or the other days preceding this day.

We hear some say, why would I, your Heavenly Father, choose *one* to

partake in so much? Let Me put it this way: In the design of important Spiritual things, did not human life decide that to put one priest in the sight of thousands of human beings was sufficient for them to learn from, and to learn about, and to follow?

I could write pages on the logic here that *one child, one woman* also has the privilege to be identified as *the one* who dictates, puts into script, Words of great importance to the Souls of millions of human beings.

On this I say, I end It with, ‘So be it.’”

MAY 18, 2006 AT 10:25 A.M.

“There are so many subjects We enjoy delivering through this *little one* because she understands the validity of them, the importance of them, and the Divine Love in them.

There are so many Words that can fulfill the necessity to aid an individual to desire more intensely, a communication with Divine Way.

Children throughout the world are not being instructed properly, or in a manner designating to them how close The Divine is, in their manner of living, in their communication with Saints, plus, being with The Creator of All Things. So much is not made clear. It is passed over quickly, but there should be more of an in-depth consideration regarding the value mentally, spiritually, physically, that an individual bears for knowledge that automatically does not come quickly, but oftentimes, time is used for the words to be more indepthly understood by the receiver of them.

Hours could be spent on speaking regarding this way or manner to develop more understanding of the importance of communication that an individual automatically has with the Supernatural Divine Way of numerous Saints in Heaven.

I would like to speak more on this, but I will do it when I feel the time is right.”

MAY 18, 2006 AT 11:20 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I have requested Many Here in the Heavens to walk with Me on what I would call ‘a journey’, because within each moment of it, I want to share important things, facts, interests, abilities, values and understanding regarding how, in the Heavens, there are so Many of Us together, able to support, aid and value a Gift of The Divine.

When We listen to those yet upon the earth, We want so much to let them know that to choose a Goal, Heaven, is Greater than the human mentality, the human mind can show. Think of it this way: When you see something worthwhile, let us call it ‘a diamond’, and you look at it and say, ‘It is beautiful to see and it can be used in many ways,’ remember this statement, because you see, as you walk in the human role, you have the Goal for Sainthood, and Sainthood Here in the Heavens is truly many things. It is

more than just a Gift. It is a sharing with The Divine King.

I know I speak a little differently, but it is to encourage those who work so hard to fulfill the Will of The Creator, by sharing what is delivered for others to read and to begin to understand there is a Goal to life, and that is to one day become ‘a Saint’ and be with The Heavenly King Forever.”

MAY 18, 2006 AT 12:21 P.M.

SEVERAL SAINTS

“There are Three of Us present. We are All so happy to be a Part of The Father’s Gift for human beings to more indepthly understand the real privilege of understanding things that ordinarily people would not comprehend.

Each time a Saint speaks through this *little one*, it is a joy for All of Us to hear. We always smile though, because for the average person to be able to say These Words, the Words would sound loud and clear, but *the little one* always makes it quiet out of respect for the One Who delivers the Words, but also for the Names of Those Who appear.

Just as there is difference in human standards and will, just think about this, there are millions of people delivered throughout the world, and as they grow into more adult human beings, they all choose a different method of thinking and of speaking and of participating in the role of life that they perceive theirs to be.

We say these things to remind all of you who put Them into print, that every human being has the privilege and the will and most likely the opportunity to take upon themselves how they want to address a certain circumstance, or obligations, or a fact. We say these things because We, Here in the Heavens, are acquainted with so many different personalities, natures and characteristics, and innate desires to act the way they please.

Now, why would I say These Words? Well, one day you could be a Living Saint and We are smiling when We say, just preparing you for that day, because one's personality, one's nature, one's characteristics and one's understanding has a remarkable method of staying in many facets of human life, the way it does when it is alive and perhaps in Heaven."

MAY 18, 2006 AT 12:54 P.M.

SEVERAL SAINTS

“There are Several of Us Saints present, actually too Many to mention, but We are happy to be with you because of the service to The Divine you are doing in such a beautiful, respectful way, manner, and sincere love for the service They give to The Holy One.

So many individuals do not think this way. They ignore the importance in how things are formulated and made to be seen as important for human beings of all ages to remember Them as standing close to The Divine, with All Love that shares with The Divine, the Souls of many, many, many people.

I know when We speak through this *little one*, We oftentimes speak differently, but Our Love and respect for such an orderly manner of living is a pleasure for Us to recognize and to be Part of, because you see, in the Heavens where We are, It is an Important Place. The Heavenly Father, in His Presence, makes It seem the Most Wonderful Place that We could ever be, because of the Holiness that extends freely.

When you pray to a Saint, please remember this: You are heard, and the Saint feels obligated to return your respect that you presented to, whether It was a Him or a Her, so God will bless you for your communication that you were not forced to make. It was your kindness, your respect, and your Faith.”

MAY 19, 2006 AT 11:45 A.M.

**OUR HEAVENLY FATHER
MANY SAINTS**

“We are All happy to see consideration, caring and an obedience to obligation taken with so much concern and human belief.

The world has been Blessed many times by the Power I Am and how I Will so much human consideration, understanding, belief and courage, because these things are oftentimes the foundation for good to occur, and to win over indifference and/or wrong understanding.

I hold *the little one* tightly because her body responds to the sorrow of others, the hurts of others, and the need for more logical facts to be done.

The human mind was gifted, always has been gifted with an innate understanding that logic in all situations bases the facts on truth, thus allowing it to be easier to follow a path that is Blessed because of the value of truth over other symptoms of communication.

I will close now, but *the little one* knows I must return as I always do, because My Will within her gives her the strength to endure what We, Here in the Heavens, cast upon her to give strength to others in the human way. We All smile because, by passing It through her, It automatically goes to those she cares about, but she is close to comes first.

So Many of Us Saints Here are so thankful for This Gift The Father has instilled into a little one like she is, but It is, has and will serve what the Soul expects It to, because the Soul is That Link between The Divine and you.”

MAY 19, 2006 AT 12:51 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

No human being should not respond to the fact, to the reasonability and/or to the knowledge that logic would say that as every human life is created, there is logically a Supreme Power behind this, that took Part in it, and possibly was involved in the Whole Measure of it, Purpose of it, Goal for it, and the need that it would be used for, by many.

It is so important that a child be talked to and enlightened by the logic of being created by a Supreme Power, thus putting into the mentality the reasonability that a human being is and always has been created because of the difference between the human Gift and someone who fills a jar, or a box and/or many other such things.

I speak differently, but it has Its purpose, Its reason, because too much is ignored by human mentalities regarding not just the purpose for things regarding the human way, but

the logic that should be faced bearing important subjects, important ways.

I have spoken differently. All of Us Here with Me felt that this point should be made open to be read, and to allow some individuals to see more practically, the importance of everything that is created by The Creator of All Things, and that human life, as well as all other living things, should be seen for the importance of it, in it, for it, by it, but also, it has to be exceptional to permit it to be used for what it was designed to be.”

MAY 19, 2006 AT 2:05 P.M.

“There are Several of Us present. We are always happy to be where this *little one* is because she has done so many things that include Us in how she thinks, speaks and/or even considers the necessity for Our Presence when a subject pertains to what We would be capable of partaking in, or using, or even necessary for Our Words to be delivered to aid or to comfort or to settle what is available for some definite decision.

We have spoken many times through her, many times previous to the times in years that she has been with you. That is why, when We were assigned to where she would be, it was a delight to All of Us here, where We are with you.

There are so many facets, conditions, areas and situations in the human manner of living that can be essential to progress, and to a deeper understanding of what would be available, but also beneficial to the point of monetary measures.

There are so many different situations available for human beings to look at the abundance of different ways to give to their life more enjoyment, and yes, more friends, because friendship oftentimes is a Gift greater than it is expected to be. It presents itself as a Gift, but oftentimes it is more than a Gift. It has many abilities.

I would like to speak hours on many subjects, because in the ability We have Where I am and the knowledge to pursue many things, it may be difficult for some to understand, but it is Fact, it is Truth, and it does many times aid, or increase, or affect human beings when We enter the program, the picture, the Communication by way of this *little one* for the betterment of what these things can do, helping some to enjoy time more, some to increase their ambitions in a stronger way, and yet others are given the ability to have intentions and learn more about the value of being a human being.

The Father loves you. The Father is Very Prominent in the creation of you. Always remember this.”

OUR HEAVENLY FATHER

“Of late, less attention has taken place regarding important facts, conditions, situations, and all the things that are necessary for the Souls to be able to more readily feel that the ones They are in care about Me.

In the Creation of human lives, it was first begun to give to the human element of life a Purpose, a Strength, a Goal based on a higher degree of ability, understanding and hope.

I could speak hours, but what I have just mentioned I feel will give you the Foundation for My Love to show.”

MAY 23, 2006 AT 12:09 P.M.

“The little one asked if she could come back later. We hold her tightly, because the Power We use is far greater than It is understood to be, due to the fact that all things that her mentality is able to cope with regarding the different Words We speak. She says, *‘Please, God, help me; I do not want to make a mistake in What Words You want others to know, especially if It is from You.’* We All smile at *the little one*, because her concern is always for the help of the Souls.

You live at a time when there is so much lack of understanding regarding what a Gift human life is, and it has a Goal, a Goal Greater than the human body can obtain in every day’s way of living, because the body is that portion created that bears a Portion of The Creator called ‘a Soul’. The Soul is what you must understand to be a Gift of Divine Love from The Holy Trinity, so each day you live, each hour that passes by, and each thing you do and everything you say, records in This Part of you, the Soul.

I will not talk long, but I beseech you to remember that to be created a human being is a Gift of Divine Love, due to the facts that It is the Gift that is to return at a given time, to be with The Creator in Ways not understandable, but It is a Wonderful Gift beyond human comprehension. Remember this.”

MAY 23, 2006 AT 12:49 P.M.

“There are Several of Us present because of the responsibility you have accepted in helping hundreds or even thousands of people of all ages through your willingness to put into print Words spoken by Individuals Who are granted the Gifts to not just portray but to deliver Wording that gives aid, helping individuals of all ages to more indepthly understand the value of enjoying the privilege to be able to cope with, learn from, and be able to speak in a manner and way not just enticing others or just encouraging them, but many times giving them the ability to understand points of view and many points that help them achieve nice goals for their mind, their body, even their Souls.

I will close. I could speak hours on these subjects, but as I close, I say, ‘In the human way and with your desire to help others understand the enjoyable things in life that do not bind an individual to so much weight, what you give them through what you enjoy is oftentimes thought of more

than you think it to be. God sees to this.’”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I come to you today because it is so important that you take each day and understand, though you have many responsibilities in what you think, do and say, you are always gifted with Divine Love when you pray.

Prayer is a Gift greater than it is seen or understood to be because, in prayer, it is your talking, your speaking, your thinking regarding what the communication has within it, for your communication with The Divine.

The Divine listens. Never are you turned away. There are thousands and thousands of Souls in the Heavens, All available to what you have to say, because each time you pray, each time you offer words that say how you feel, how you think and how you will to others for their sake, for them to be able to learn about The Creator more indepthly, but also to remember the Goal for human life is to become ‘a Saint’.

No Greater Gift is available, or could be available, because when human life was created, the one thing that was so beautiful to see, to feel, and to give help and hope to, was the fact that there was a Goal for the Soul that in an average manner of things would not have been this way, but The Heavenly Father, in His Love for human life, He instilled into it a Soul that was to return to Him in a Beautiful Light, the Ray of Hope, the Ray of Love, and the Ray of Divine Light.

Always remember, every act you perform, every time you speak to someone or speak silently on an issue, you are heard. Your Soul stands by and waits, because your Soul is the recipient of everything you think, do and say. Each time you pass this with dignity, and I would say, perhaps a little sacrifice, you please The Heavenly Father in every way.

I will close, but before I do, I would like to say a prayer to you:

‘Please remember All of Us every day you live, because in doing this you help Us gain Grace by using Us.’

This may be difficult for some to understand, but The Heavenly Father smiles and says, ‘Yes, it is so nice and such a beautiful thing to see those who are yet in the living state speak prayers of Divine Love for the Soul’s sake.’”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is such a joy to hear you speak regarding how you feel about The Saints and what you enjoy with Them when you are allowed to put print out so others can read what your association is with The Saints.

So Many of Us Here in the Heavens enjoy your communication verbally, also when you pray to Us and/or you write a small group of words writing your discussion of how you think about Us, always hoping to help someone else become more interested in Us and pray.

There are so many times when We know how you feel and what you are thinking, that We would like to speak in a voice you would understand, but this of course would not be feasible, due to the fact that thousands or even millions of voices would be used just to be able to speak to Us in this manner and way, hoping to hear Our Voice in return.

We always smile when We hear you speak to others about how you feel about Us, and when you pray.

As I close These Words at this time, I also want to leave a few Words your way. Every moment of every day that you take it in stride, using the stride as a commitment to Divine Love and your service in how you live it every day, it is a treasure to see, and We are All grateful because this also helps others understand Our Existence, and your love for Divine Plan.

God bless you all, one at a time, and God, too, thanks you from The Divine.

SAINT MARGARET MARY ALAÇOQUE

“I am Saint Margaret Mary Alacoque.

I have been present here because in This Gift of Divine Love, so Many of Us Saints are able to talk and to give Hope where We know it is needed. It is a privilege beyond what We could put into print, and We have come to thank you for sharing This Gift, because there are so many times The Heavenly Father requests One of Us to speak, and We know it takes the time for others to put It into print.

We love you and We thank The Heavenly Father for sharing This Gift with Us.”

SEVERAL SAINTS

“There are Several of Us present and We are so happy to be able to say what We are about to say.

Your time used to give Us the privilege to be able to more openly speak so others will have the privilege to read what We Will them to read, to know, to understand and to follow, is a Gift first to Us, and of course, then to those who have the time, the ability and the means to be able to more fully understand the Magnitude of What they are taking part in.

Throughout the world there are millions of human beings, all ages, that want so much to be closer to The Creator, closer to The Saints, and be able to communicate with Them like you do. It is beautiful to see all ages of life wanting to do this. We try so hard to encourage them in manners and ways We feel can be suitable to a degree for their communication to evolve and be able to be heard or seen.

We speak so many times on subjects We see that will help so many human beings to more indepthly profit from the communication they are capable of having with The Divine. Sometimes when someone says a prayer, the prayer is a common prayer that many individuals know, but it is always enjoyable when We hear the words passed through a mouth of an individual with honor, dignity, and Divine Love attached to it, because it says 'sincerity'.

There are so Many of Us always available, and when We are with you who We are speaking to now, We are assured that what is delivered through Us to you will reach other human beings as well. Thank you, because you give to Our Way of Life, the aid, the help, the need and the hope for Souls to return to The Creator as 'Saints'."

OUR HEAVENLY FATHER

“I know that I have given to this *little one* a Major Task. It began a long time ago. It was important in every step It took, every move that was made to accept It, because It was based and is based on Divine Love for human lives.

The purpose for a Gift of This Measure is to instill strength, understanding, and the abilities necessary to walk as a human being, never doubting the Gift that goes with being a human being. Here in the Heavens We call it ‘a Gift of Divine Love to will one’s self into one day arriving in Heaven.’

I speak differently I know, but sometimes it is necessary to remind those I love, that I Will to understand, that they were selected to return one day to Where I Am, for them to be called ‘Saint’. No more Beautiful Thing could anyone wish for, work for, or accept, because It is a Gift of Divine Love for the Souls of every human being. Remember this.”
