## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

MAY 24, 2006 AT 11:50 A.M.

## SEVERAL SAINTS

**“There are Several of Us present. We would like to give you all of Our Names, but the list would take a long time because of how Many of Us gathered around this *little one* earlier today.**

**You live in a time when there are many advantages to being a human being, because human life has been endowed with many Gifts, many talents and many understandings that give to every human being the ability to share so many things.**

**It is sad when We hear someone mention they feel sorry for themselves because they have no communication that they need, that they want, that they feel they would be good at, with, for, in.**

**Many of Us Saints speak through this *little one*. We do not always ask her to repeat All Our Words, but today We are, because you see, it is important that those close to her, those who know her, realize that you live in a time when more understanding should**

be available to you, because there are so many individuals living at the same time that do not see values in the right perspective for which they were created to be; and then, you have mentalities that want so much to be understood, to be recognized, but oftentimes what they want to talk about is how they see things, not as things are to all other people.

**You might ask why I would talk like this on this day. It is because We Here in the Heavens care about you and We understand that you are dedicated to Some Saints Here in the Heavens, and that you, in some ways, perhaps many, are obeying the Suggestions transmitted to you through the written Words.**

**I will close at this time, but I assure you I enjoy being here with you, because We Here in the Heavens know that This Gift that you work in, for, with, has many advantages to It, for yourselves, but also perhaps thousands of others who you reach through the written Word, through the fact that you represent what This is all about.**

**Remember, God loves you, and  
All of Us Saints Here send Our Love,  
too.”**

MAY 24, 2006 AT 1:05 P.M.

**“There are Several of Us present as usual.**

**It is always so pleasant to be a Part of what all of you are set out to do, and that is to give to a countless number of human beings, Words to give them strength, hope and so many other things.**

**There are Many of Us Here in the Heavens Who look forward to every time this *little one* is made to hear and/or to make a point of what must be accomplished, what must be done for the good of Souls.**

**There are so many Souls Who depend upon This Gift in more ways than those present here understand it to be. Each time a Soul hears Words They feel are meant for Them, the joy is unbelievable, the happiness is beyond what it can be perceived to be, because when a Soul is recommended or appointed and given a Blessing to bless someone, no matter what the Blessing is for, it is announced throughout Where We Are and Many**

**join in, because They know the Soul is advancing to a greater soar of Living in the human Divine Love that awaits all human beings.**

**I could speak hours on this subject, because it is a subject that is associated with every human being created. It is a Goal for walking the human role. No Greater Goal could there be, because the human body in so many ways, serves in so many ways, The Holy Trinity, so the Gift of Divine Love based on what The Holy Trinity knows has been accomplished, the Soul is Blessed abundantly. Remember this.”**

MAY 24, 2006 AT 1:31 P.M.

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**I remember My days when I was first given the privilege to speak in a vocal, loud voice, giving My Words to those who would write the Words for the Message to be understood, that I was told should be.**

**To be blessed in life as a human being is far greater than it is ever seen or understood to be, because there are so many different Gifts that a human being is not just entitled to, but these Gifts are given to encourage the individual to think more indepthly on the importance of why they were chosen to walk this way and to speak this way, and to be beneficial to those who would see them and be aware of them and would like to imitate them.**

**You live in a time when it is so logical to be able to do so many different things with your life mentally, physically, socially, financially. The list is totally endless from this point on, because to be able to speak words that give hope, knowledge, logic,**

**sincerity and so many other things, how can you even think that it is not necessary for you to use what you have, basically mentally, thus giving to those you meet socially maybe, the strength they need to walk the path to Sainthood because of you.**

**I could speak millions of Words, because conversation in the human way of living is a communication that in so many ways has strength in it, hope in it, logic in it, and also the ability to instruct personally, physically, morally, psychologically, mentally. Remember this. It is a Gift of Divine Love from The Holy Trinity.”**

MAY 24, 2006 AT 2:37 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**So many times when We know that you will accept what We would like to have put into print, it is a delight to Us, and We want to thank you for it. When I say ‘We’, I mean your Heavenly Mother and Myself, and Many Other Saints along with Us.**

**Today as I speak, there are so many subjects I would like to discuss because you do live in a time wherein there is much confusion of the minds and of the values that so many individuals are exposed with, by, for, in.**

**Each day of human life it would be better if it was greeted with a prayer, because that prayer would find some time to alert the individual of perhaps something else, maybe not the prayer, but attention to something that would take the present subject matter and set it aside.**

**You live in a time wherein there are so many excuses by thousands of**

human beings every day. Oftentimes it is blamed on a lack of information, a lack of remembrance, and a lack of really being interested in what was spoken.

**E**ach day when prayers come My Way, I am happy to hear the prayers, because it says there is communication, thus allowing Me to be able to return perhaps a Gift of Blessing, or a Gift of helping in some form, some way, some degree for the good of the mind and the Soul.

**Y**ou do not hear Me speak often this way, but I am doing it because I understand so much more about all of you than I did before. Your conscious effort to do what is correct, to do it right and to please Me, I thank you for, also the fact that in each day you have the interest, the energy, and the will to be present, so if Something occurs you will have a record of It, due to the fact that the basic interest is of Me and Mine for the good of Souls.

**I** could speak hours and hours, but as I close at this time, I want you to know, I speak My Words with My Love from The Divine.”

MAY 24, 2006 AT 3:30 P.M.

## SAINT ANGELA MERICI

**“I am Saint Angela Merici.**

**I know *the little one* very well. She attended a school that I was very close to. My Words may shock some of you, because I am a nun and you are in the world in a different way than I, but My time with this *little one* was spent in an enjoyable manner and way, and it was some time ago, but I remember all that was shared and all that was accomplished each time I entrusted My concern to her, and she would put words into the definition she felt was necessary for the situation.**

**It is a long time since I have spoken through her this way, but I assure you, her love for The Creator is much more than it is seen to be. Her love to do The Father’s Will is immediate, and always in the first degree of humility, hope, desire and love.**

**I assure you These Words are not directly from her. I put These Words into her mind so she could repeat Them from The Divine.**

**I** knew her very well for some time, and each time she would approach Me with a concern, I would try very hard to help her. That is why I have come on this day, because she does not deserve what she is faced with that causes her much concern for the benefit she feels is necessary because of the Rules that were laid down by Others, naming her as the caretaker of them. She does not remember, but she will be obedient We know.

**T**he time in which you live is a time of much concern by All of Us Here in the Heavens, because there are so many differences in opinions, in logic, and in monetary means, but the basics are even harder, such as living in a way and degree new, but not based on happiness or joy or contentment or the Gift of sharing with those she loves.

**I** will close, but as I do, My Words are to help you also, because to live at this time in the world is not as easy as it used to be, because this is based on theory, knowledge, also opinions of those who feel they know what is best. Opinions sometimes can be wrong. I do not say these are all definitely wrong, but I do say: 'Do not stop praying for help. Sometimes it is a long way away,

**but then there are times that The Heavenly Father has the Reasonability to cause it to happen in a very quick way.'**

**God loves you all. Remember this, because you love Him for what you are doing, what you are sharing, and your sincere effort in trying to protect what is right for His Best Interest. He is fully aware of your love of Him, for Him, to Him, in Him. He loves you immensely. Remember this."**

MAY 25, 2006 AT 8:28 A.M.

**“We oftentimes want to discuss, in print, how We feel, how We consider, and how much We care regarding the importance of receiving a Small Wafer that basically means a World of Gifts to the one receiving It, an ‘act of acceptance’ when it is based on love, belief, understanding and hope. It is difficult for some individuals who see it done but do not participate in what It means, what It delivers, what It projects and/or the purpose of It.**

**Many times We speak differently through this *little one*. When We say ‘differently’, It is Our Wording that stresses or instills or is meant to encourage others to not just believe, but to earn the Graces, the intentions, the values of what this Gift portrays, but is also The Deliverer of much Grace. The Words are endless.**

**As I close These Words, I say to those present: Each time you accept What you have just accepted, do not forget to say:**

***‘I love You, God. Thank You  
for What You have given me  
today.’”***

MAY 25, 2006 AT 11:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There are Several with Me, All capable of negotiating on particular issues, concerns, valuables, intentions and many other things.**

**Each day to every living human being has an importance in it, for it, because in the length of time a day is considered to be, much can be accomplished, much can be done morally, mentally, physically, and much can be used to attest to the necessity for what is morally sound, morally correct, morally pure.**

**I know These Words may be difficult for some to even think about. Many who read Them might say, ‘Why so extensive in such manner of delivering things that perhaps we would understand if They were put more simply?’**

**You live in a time of greatness, because in this time there are so many diversified abilities that can make things so right, so feasible, so**

justifiable and so necessary, but also, so pleasing to The Creator, of Who I Am.

I speak this way through this *little one*, because in her timidity and her consistent goal for quietness, she does not like to speak so openly. She, by nature, was chosen a long time ago, and she has been trained extensively on how to repeat what We want others to know, but We chose her and We have continued to be with her in this Role, and of course, because We love her, as We love you also. You have within you a Portion of The Creator, and you were created to one day face not just Judgment, but the Importance of being called 'a Saint'.

I could speak hours on end on this subject and I would, and *the little one* says 'Go ahead.' I smile at the timidity in which she says it, but I know that what I have spoken could be lengthy to some, but also very difficult for some to see the full value of, because you say, 'I am only a human being and I love my way of life.' This is good, this is true, but do not forget, since the moment you were conceived, you had a Goal to reach, in Heaven with Me."

MAY 25, 2006 AT 12:49 P.M.

**“There are Several of Us present. We have always enjoyed being where this *little one* is, because for many, many years she was able to discern that Our Presence was evident to her, and what We spoke she would wait to see, wait to hear if It was to be revealed to others or only be with her.**

**You live in a time in which there are many, many human beings that need attention and also need help in what they think, say and do. It is important sometimes for the nervous system and sometimes for the ego and sometimes just to feel part of what is going on, to feel acquainted and to feel that one is liked by others like themselves.**

**Being created a human being has many Gifts. First of all, all the parts of the human way, the human body have a purpose, a goal, a reason. Some are usable. Some are there to aid you when certain things occur.**

**It is a Beautiful Gift of Divine Love being a human being, because it**

**has hope in it, it has reality in it, it has fact in it, it has truth behind it and in it that you do exist, and you do exist because of a Higher Spiritual Entity that helped you become a human being.**

**I could speak hours in thanksgiving for the privilege, because in the human way of life, everything that is made, used, to make the body and the mind what it is, took a Great Intellect and a Great Sensitivity, and logically, a Divine Manner of Thinking. Never forget this.**

**You are subjected many times to things you feel you may not be able to submit to, to care about, or to use with what you are like, what you feel you have, but always remember that in the creation, yours, you were given what was logically capable, necessary and helpful to what you were going to live like, live for, and be a part of.**

**I could speak fifty hours on this subject and love every moment of it, because the greatest Gift in the world is to be created a human being and be able to use that time in life to one day return to The Heavenly King and be called ‘a Saint’.”**

**MAY 25, 2006 AT 2:00 P.M.**

**“I will not announce My Name. It is well-known, but what I have to speak, I would like to say It so It will be remembered. If I speak My Name, sometimes the Name remains in one’s mind but the Message fades away.**

**There are so many things that many of you are asked to think about, to participate in, and to stand firm for. Is this not so? When you realized that what you were asked to stand for: the strength of It, the purpose for It, the reasonability in It, and what It would do to others, is what gave you the knowledge, the strength, to stand up for what It meant, in spite of what others thought It could be.**

**It is This Miracle of Divine Love I speak about, because you see, in a Gift of This Measure, This Divine Love, This encouragement to see things in a realistic, orderly way, gives strength to the purpose for which It is created.**

**So many men, women, and even children desire to know something that they hear about, that they feel will**

**give them some credibility. Granted, this does not always stand in the way they want it to in the eyes and the ears of others, because in the human mind, the human basics of how an individual sees conditions, situations, motives and goals are very different in every human being's desire to fulfill something that they can use to give them either more attention, or more understanding, or more capabilities to be able to commit to more advantageous situations. Be mindful of the full scope of what you are thinking about under these conditions, and what would be feasible for you to even submit to mentally, morally, physically, psychologically.**

**I speak These Words because All of Us Here in the Heavens innately want to aid and to help in some way everyone who requests help or who We feel needs something to give them what is suitable to their mental, their psychological, their physical and/or their capability, because We want all who We are in contact with to be able to stand firm with dignity, honor, and of course, thanksgiving to The Heavenly Father for giving them the privilege, the honor and also the understanding that so many subjects are capable of**

**enforcing that are not always seen for the indepthness they consist of.**

**Some may say, ‘Why would You even talk this way?’**

**I smile when I say, ‘It is important for Us to do everything We can to give Strength, Hope, and Divine Love when We see so much care being practiced and concerned about when there is a definite structure of need, of capability, of concern. The list is endless.’**

**Thank you for listening to Me.”**

MAY 25, 2006 AT 2:50 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There are so many subjects that are forced on men, women, and even children, because an individual, or more than one, likes to hear what could be something they would be interested in, and/or extremely sensitive to them because of how they live and how they think of many things, not always in a proper manner, way, or category of dignity.**

**We speak slowly through this *little one*, because We began a few hours before this time to get her attention on subjects We felt would be necessary to speak more insight into them, understanding of them, and the concern for them, because of what they mean to all degrees of intellect, all degrees of moral considerations, and all facets of emotional sensitivities that should not be executed in the full measure they often are.**

**I know this subject matter is not ordinary, but so many times it comes to pass that We are requested by a**

**Supreme Power to relate to what so many individuals can be exposed to and yet not be aware of what it means to them mentally, sensitively, or even beyond this.**

**Orderly conduct is sometimes not seen for what it is meant to be, because conduct sometimes is used differently than what is termed 'speaking' or 'speech' or 'conversation' or 'discussion'.**

**You live in a time wherein so much is acceptable because it is so readily spoken in subject ways that put much emphasis on what the subject matter consists of, but it is not always clear or clean in wording, that to some individuals is more of a fanatical disposition of what they willed to say.**

**All These Words may mean nothing to many who read Them, but They are being spoken to make you who take the Words in print, to be aware that you do live in a time wherein there is so little respect and so little belief in what is morally correct, and what is based on an individual's willingness to speak in wording that the individual gains attention by and because of.**

**I know what I have just spoken is not interesting to many, but I sincerely feel that conversation should be looked at for what it is worth and what it is based on, more than what is just attention getting, receiving.**

**Many might ask, ‘Why would You mention this to us?’ Well, because more and more you are being exposed to vulgarity and blasphemous conversation and subject matter that is oftentimes nothing but foul enjoyment for the one using it, the one speaking it, to get your attention.**

**I know what I have just spoken is not pleasing and not entertaining, but it is something that is becoming greater in how it is used, and some of the last people you would expect to use this type, have begun to use it just to get attention, or to show how they feel about the present situation of what human lives are exposed to.**

**I know to some this will be dull, but I want you to know It was given only to make you aware that there are many individuals in the world who find an enjoyment in just speaking off-color, and it would be better if you just ignored this, ignored them, and in**

**your way, allowed them to see it was not your manner of wanting to hear.**

**You say: ‘I must be polite if I am angry. Is that not so?’ Politeness has many degrees to it. Only you can determine what would be best for your communication, and how long you want to be close to the one who exposed you to the words.”**

MAY 26, 2006 AT 1:07 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I requested *the little one* to come to see you. She, before I requested this, didn't quite know what to do. She said, 'Am I supposed to be there, Heavenly Father?' and I said, 'Well, it is up to you.' And then she said, 'Well, maybe they don't want to see me,' so then We allowed her to have a few bites of food, but we interrupted her in a very nice way because We knew that her concern was for you. We All smile when this occurs, because her love for other human beings is far beyond what love is known to be, and also, hers is so indepthly in every moment of every day.**

**I have come today because there is so much occurring in many places throughout the world. There are so many sins being cast aside and openly accepted, too. Throughout the world there should be more understanding that every human being has a Soul that reports to Me in ways not understandable to the human mind,**

but I do get reports every day, many times a day, because of the Importance of the Soul of every human being is to return to from Where I am.

Every body suffers when it is not treated good, moral, or with kindness, because the body is the recipient of everything a human being thinks, says, does and values. Don't forget this.

So many times, when I feel I should be speaking through this *little one*, allowing this *small voice* to deliver what is properly right for people to think about, not just to follow a daily system of what is going on, but to follow the logic in the Fact that every human being has a Soul, and the Soul is the recipient of everything that is spoken, that is practiced, that is touched.

I love human beings. I have always loved this Gift of life. I have loved it beyond what it could ever be understood to be, because in the Creation of human life, the Beauty that was selected to be the Representative of every human being was the Soul that was created and put into place, because the human life depends upon the Soul more than anyone thinks, and the Soul, believe it or not, depends

upon that individual in whom It was placed at the moment of his or her conception.

**I could speak hours on this and I would like to, because with each human being I meet, I want them to know that they are not alone in the world. They have a Soul. The Soul is a Portion of Who I Am, What I Am, and the Soul is That Portion that is to return to The Creator of All Things.**

**I know I have spoken rapidly, but I have done it with My Feeling for the Words. To be created a human being is a Gift far greater than it is seen or understood to be, because you represent a Portion of Something Greater than the body, that within you Exists. Remember this.**

**I sign off and say, ‘I know I have spoken rapidly, but I want you to know I could not have spoken It slowly; there was too much to say.’”**

**MAY 26, 2006 AT 1:35 P.M.**

**“There are so many times this *little one* does not know whether to choose one thing or the other thing, because both of them are attached to: will We speak, or do We just want her to speak? Her seriousness is a joy, because it says so much on her sensitive understanding of the human way.**

**You live in a time that has so many Gifts within it, by it, that it is important that you follow The Rules of The Divine, because They are the Ones that will make you walk into Heaven.**

**What I have just spoken is to awaken some individuals to the importance of choosing what perhaps would not be feasible for them, but All of Us Here in the Heavens assure you, it would be a choice of wisdom to one day help you be better acquainted and be able to enjoy more, Those Who surround you in the Place called ‘Heaven’.**

**Children are not being instructed. So many adults are concerned over the**

children not being able to handle the Magnitude, the Purpose, the Beauty, the Hope and the Divine Love that Heaven not just extends, but causes the Souls to more fully believe and be able to handle when the time comes for their Souls to be in Heaven.

So many times We enjoy speaking through this *little one*, because it allows Us to speak of places We know, things We know about that are beyond what the human mentality could possibly draw attention to, because it is a Place of Divine Will, Divine Love, Divine Hope, and it is the Final Step when One gets to Heaven. Every portion of the body is available, not just to sense what things are all about, but to be Part of Everything Blessed, and the Soul radiates with more love for The Divine than it can be perceived to ever have before this time.

I will close, but as I do, never forget, you were created for the Greatest Gift in the world, and that Gift is called 'Heaven'. Your Soul knows about It and your Soul looks forward to It. That Soul is a Portion of you, and do not forget, everything you think, say and do, the Soul is touched with it, and many times the Soul is the

**recipient of so much love that the Soul  
can't wait to get to Heaven.”**

MAY 26, 2006 AT 3:19 P.M.

**SAINT MARGARET MARY ALACOQUE  
SEVERAL SAINTS**

**“I will tell you Who is here: Saint Maria Goretti, Saint Alphonsus Liguori, Saint Pius, Saint Rose of Lima, Saint Andrew, Saint Bartholomew, Saint Valentino. I am Saint Margaret Mary Alacoque. (Oh, my God, there are so Many.)**

**Yes, there are Many of Us. There are Several of Us present because, believe it or not, We feel very much a Part of what all of you present represent, also partake in, also serve to a degree greater than it is seen to be. Your service to The Heavenly Father is welcomed in many ways, because He knows how much you want this love to show, to help others more fully understand Him, walk for Him in The Divine.**

***The little one* We speak through is constantly aware of the Presence of so Many Here in the Heavens. We have come on this day to assure you that everything you think, you do, you say, is welcomed by Us in a very**

loving way, because as you walk the human role and yet each knows that the day will come and you will be Here in Heaven, it is beautiful to see how you act and how comfortable you are about all these things.

**Y**ou have been Blessed abundantly and it shows, because your love for The Divine grows and grows and grows. It is welcomed much and used more than you know, because once something like This occurs and the dependence becomes great on It, the whole subject matter, the whole fact of Its Truth, Its Beauty, helps those on the outside of this group to strengthen their belief in The Saints that exist for millions of people to learn more about, and to share with others the importance of one day being ‘a Saint’.”

MAY 26, 2006 AT 4:44 P.M.

## SAINT MARGARET MARY ALACOQUE

**“I am Saint Margaret Mary Alacoque.**

**So Many of Us Saints are so very pleased to be with all of you, because what We hear you say, how We see you act and how We know how you think, gives Us a certain degree of help, because there are so many incidences or circumstances or considerations that need help in different ways; so, when We see how you adjust, how you consider, and how you concentrate logically, hospitably, earnestly and sincerely, We are so happy to see these credibilities in life worked on so efficiently for the betterment of things to take place and to be.**

**You live in a time wherein there is so much concern, indiscretions and material misunderstandings; plus, you live in an era of mental confusion that coordinates so many different opinions that it does not always appear as logical, but it does appear fictional to those who are concerned.**

**As We speak through this *little one*, she is shocked at what I have just spoken, but sometimes Those of Us Who give these types of understanding, are concerned with the multiple degrees, ways, that discernment can follow through, follow in, follow up, and be the main link for corrective practice or moves, making it feasible for what has to be considered and/or finalized.**

**Though I speak differently, it is with deep Love for human beings that I speak at all, because I am fully aware of what can occur to make things questionable in what step to take, to make it correct for the individual entitled to help in this way.**

**So Many of Us Saints speak through this *little one*, but always to deliver credibility to what the decisions should be. We care for her, and We care for all of you who she works with and you work with her, because of your credibility being as important to Us as hers. Remember this.**

**In the time that you have spent elaborating on so much that must be adjusted, or taken care of for the purpose of reaching what is correct,**

**what is feasible, what is necessary, it has been wonderful to see because of your considerations being obviously caring.**

**So Many of Us Saints could speak hours on how happy We are to be present to you, with you, when you are confronted with the necessity for reliability to be necessarily used. We thank you for your patronage and your concern and your way of doing things. We love those who are willing to please for the betterment of solutions to be the answer for all facts in human living, human life, human way of doing things.”**

MAY 30, 2006 AT 11:06 A.M.

## OUR HEAVENLY FATHER

**“I have requested this *little one* to have put the necessary means for My Words to be able to be read because of the exemplary meaning They refer to, speak about, and hopefully direct others to understand the value of Them, because These are meant to aid, to assist and to help develop the logic in what They speak, because of the Importance They bear in their Soul that they cannot see, but is always present physically.**

**In choosing this *little one* a long time ago, I am aware of so many things she has allowed to grow. By this, I mean the Words that have been delivered for the protection of Souls. Ask yourself: Would you, on your own, thought of this to be done? Also, would you have recorded the Words, or just heard Them?**

**Through This Gift that has been Blessed abundantly, and has served as immaculately as can be, was designed to aid the Souls of thousands of human beings, if not millions. *One small voice***

could never be heard. That is why it is so important and always has been, that the Words We request to be put into script be available for many, many, many human beings.

**Do not forget, the young will live to be older, and those who are in a larger state, longer state of living, have the privilege to surrender to obedience regarding the things that were requested to be beneficial to them for the sake of their Soul.**

**Ask yourself: Without some Advice regarding the Soul you have, would you know you have a Soul that is to be returned to from Where It came? No. Remember this, because only Divine Love could have been so generous to give those who can read the Words and then follow Them, have been Blessed abundantly, because their Soul is more secure when the one in whom It is has the knowledge or the capability or the logic of why It even is present, and the beauty of the necessity of giving to the Soul what will aid the Soul at a time when it is needed.**

**I could speak hours on the Love for the Souls that so many times is**

**never even thought about. Those who take These Words are fortunate, because in this descriptive Wording, It brought to light what a Gift the Soul is, day and night.”**

MAY 30, 2006 AT 12:17 P.M.

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**Heaven said to tell you:**

**“You live in a time worse than Sodom and Gomorrah. There were many times in the History of human life that were times of impurities of the mind, the body, thus destroying the Souls because of the improper methods used for people to live each day with other people.**

**There are many conditions, situations and ideas that are prevalent now that in many ways are being used by satan himself, because he wants to control what human life is established for; he wants to control the Souls, and the Souls are What you are responsible for, and the Soul is the victim of how you think, you speak, and what you practice. This is a difficult Statement for many to understand or to accept.**

***The little one* finds My Words heavy and difficult, because by nature she does not think this way or speak this way, or is she accountable for**

participating in any way such as I have just spoken.

**This *little one* has walked a Path longer and deeper than is perceived. She was chosen in a very young age to be aware of many, many things. Many of Us Saints grew up with her, and We were entitled to aid her, but also to free her when We felt it was needed. At the time she was selected to take on the Responsibilities that she has dealt with for some time now, she at first refused, because she said she was not capable of understanding wrong things. We All smiled at this and said, 'That is why We have chosen you, so then you will stamp out what you know is impure, unjust, and wrong for the Souls of everyone else, even you.'**

**What I have just spoken was to alert you to a few things, because this *little one*, in her gentleness, does not like to be demanding to others.**

**We will allow her now to close what she has been requested to speak, because her little body is frightened that maybe you are frightened of what she spoke. We told her you were not frightened. We even told her you were pleased."**

**MAY 30, 2006 AT 12:58 P.M.**

**“Though you do not see it or feel it or comprehend in any degree that each day you live, every hour you count by, there are always so many things occurring that you have no concept of, because it is not occurring in front of your eyes, but it could be occurring behind walls and behind curtains, perhaps in business places, or in streets where others live. I promise you, the list is endless in what you are not seeing or able to see every day of your life.**

**To some, this Statement will be odd, to others feasible, and to others upsetting; but nonetheless, I request that you face the truth of possibility that is hopefully not the way you live, because it is vulgar and totally against Divine Will.**

**These Words may seem harsh. They are not meant to be harsh. They are meant to be feasible to more fully understand the world you live on, the place where you live in, and the time of the day is very important, and so**

many times it is amazing that even Roman Catholics like you most are, do not remember a prayer or two because of being busy, being occupied, and having more on the mind than is logical to have.

**My Words are not friendly, and to some They are not nice, but They are spoken to make you aware that every moment of every day should be thought about in the right way, and should be seen that it is a privilege of Divine Love when you live the human way.**

**I close, and as I do, I say, ‘I meant no hurt, no harm to anyone, but if there is some reason for you to think about this Statement I made, please remember you were created. It was a Gift of Divine Love. This Gift is greater than Words can say.’”**

MAY 30, 2006 AT 1:09 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

*The little one* just asked Me, ‘Who is going to speak?’ When I told her I was, she enjoyed the Words I spoke.

There are so many things in this world, on the world that are of great importance to the mentalities and to the physical bodies of all human beings. You live in a time wherein there is confusion though, based on personalities, natures, characteristics and personal endeavors.

Now, All These Words I have just spoken will probably mean nothing to you as far as what I am going to say, but it is important for you to think about how you live each day and what each day gives you: the strength, the motivation, the logic and the intentions that are necessary for one day for you to become ‘a Saint’. Sainthood is not always thought about by any or all individuals who are human, but once in awhile it comes about and encourages an individual to try certain things.

**Now let Me go to the important things in life: the manner of prayer, the manner of duty to prayer, the reason for prayer, and what prayer can give to the whole mind and to the body. All these things I have just mentioned are important to how you live, how you act, how you share, and how you, in your way, practice ways to become 'a Saint'.**

**I could speak hours, but I will stop now because of the importance of the Statement I just made."**

**MAY 30, 2006 AT 1:29 P.M.**

**“In the Creation of human life, so many Gifts were requested to be, because of the importance of individuals being able to understand what stood for what in the minds of other people.**

**I want to write many pages on this, but at this point, I will stop for now, because I want to know if you have understood My first Statement, because then I will continue later on.”**

**MAY 30, 2006 AT 1:39 P.M.**

**MANY SAINTS**

**“Each time you gather as two or more, We are always aware that it could be the time to speak to you from The Divine.**

**There are Many of Us Saints Here in the Heavens Who want so much to communicate with those yet in the living state upon the earth, because in Our daily way of living, there are so many things We learn about Here in Heaven.**

**This Statement may be new to you in a written way, but it is an important thing We want you to know, and to more fully understand that Heaven is more than just a Godsend. He is present Here twenty-four hours a day, so when you speak to Heaven and you request One of Us to hear what you say or you ask a favor, you can be sure it is heard more than one way.**

**To be created a human being is a Blessing far greater than it is seen or known to be because, first of all, it has a Gift within it, a Gift from The Holy Trinity. This Gift is far greater**

**in concept than it would appear to be if you were to see It in person.**

**Heaven is saturated with so many Beautiful Things, and that is why We enjoy hearing those in the living state upon the earth. We want to hear them say the prayers and look upward to The Holy King, but also to All The Others present, because a prayer like this is many times Blessed and Blessed and Blessed abundantly.**

**I know I speak differently, but it is to help those in the living state more indepthly understand how close they are to communicating with The Divine, even though The Divine is usually shown in another Way, another Place than they.**

**So, as I close These Words, there are Many, Many of Us present and We All smile and say: ‘Never forget, The Heavenly Father loves you and The Heavenly Mother does too, but also, All of Us Saints are happy when you pray and use Our Name, because We love to help you to one day become a Saint.’”**

MAY 30, 2006 AT 2:28 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have given shock to *the little one* when I mentioned My Name, but I assure you, My Love for her is ever present because of the service she has endeavored to make in spite of any condition or situation that was not suitable in her manner of doing things. She talked to Me, so then I would immediately take over.**

**You live in a time when there are so many, where there are so many confusions in what is right over what is wrong, what is acceptable over what is unacceptable. The list is beyond, but the important thing is that as you prepare to make a decision, think it over, think it to its fullest degree, and then of course ask for help if you need it, because so many times all ages of human life prepare to make decisions on things they feel are of deep or great importance regarding their manner of living, or even their Soul could be at stake; but also, are they destroying friendships they hold dear?**

**O**f course, decisions sometimes do cause certain questionable stops on whether you should or should not, you will or you will not, you have or you have not, you are ready to give or you are ready to take, or you are really ready to apologize for what you might have done, because you cannot stand to bear a mistake.

**I** know I speak differently, but there are so many things that human beings are gifted with, gifted about, that take much of their manner of doing things or their practice of communication with other human beings, or the stand they take and want to be strong when they feel it is right, good, and will be effective in the best place.

**N**eedless to say, These Words are very few in comparison to what an individual must use time with, time for, time in, and of course, all that goes with time, and the reasons for which there is something that must be accomplished or passed over or apologized for, or just rejected.

**E**ach time We talk to this *little one* who speaks Our Words that We request to be spoken, We always smile,

**because she is ready to stop talking; in fact, sometimes too soon after We just start. We smile at this, because her conscience is much stronger than anything that can be compared to.**

**Now, why would I talk like this? Because those close to her she cares about. Those close to her she wills to one day become ‘Great Saints’. No better thing could she ask for you, but there are so many things that have been accomplished and are yet more to be accomplished, because it is important that in this time that you all live, it is a time of progress, but a time also of learning, but also a time of standing for what you believe in, and always remember, The Heavenly Father must come First.”**

MAY 30, 2006 AT 3:03 P.M.

**“*The little one* We use is always at Our beck and call. We use her to transfer, transmit what We feel others should know. So many times she is with individuals who do not understand how Many of Us talk to her, so they do not fully understand the Words could be from Us, giving them strength, hope, and a deeper understanding of what they are able to do or encouraged to do.**

**You live in a time wherein there is much progress in the world. You live with a lot of individuals that are in the living state of life, but then, there are also yet The Saints Who We use and They use Us to alert Us to certain things that would be of interest to Us in how We live, how We think, how We act, and in what We do.**

**There are so many beautiful facets to human living, because human living was created for many things. Is not the creation of a child through a human life, thus taking two human lives to create a child? In many ways,**

**think of this once in awhile, because so often a prayer allows more attention to what you are doing, than you would care otherwise about the conclusions of.**

**I bless you from the Heavens and I say: Your association with The Divine has promise to it, in it, for it, because All of The Saints in the Heavens love to hear from you, even when you just say, ‘Good morning’ or ‘Hello’, and also when you say:**

***‘Help me with my prayers today. I love You. Please help me. I do not want to stray in any way, any form, any time. Thank You for all You give to me each day.’***

**MAY 31, 2006 AT 11:45 A.M.**

**“We are always happy to be able to receive the Words of encouragement that will give to Us the strength We need.**

**In This Gift of a Treasure in which the Goal is of such a Meaning, We consistently say to The Creator, ‘Should not all human beings understand about This, plus regarding This for the benefit of their Souls and for how they think?’**

**Ordinarily, so much could be spoken on the necessity for more logic to be seen, felt, regarding the Wafer, the Gift that represents The Holy Trinity.**

**I could speak hours, but I know that My Words thus far can be remembered for what They truly are.”**

MAY 31, 2006 AT 11:56 A.M.

## OUR HEAVENLY FATHER

**“Whenever I request this *little one* to talk to you for Me, I always smile because she immediately responds physically and then emotionally, but it all ends up showing her love for you, as well as Who I Am.**

**I have wanted to speak on a subject that you are probably all aware of, because the subject is one you live with and one you speak with. It is your love for The Divine, and your understanding that as you love human beings and you love your way of life, you know there is Something that Created All Things, and you are prone to want to include It in how you think. This is good, because when you do this, you alert Us to your presence, also your understanding, but also your love for The Divine.**

**It is so important to see in your way of thinking that to be a human being was not all you were created to be. You had a Purpose. You had a Goal, but you also had a beautiful, beautiful Reason, and that was for you to learn**

**that within you, you had a Portion of Who I Am, called ‘the Soul’, and the Soul would be the recipient of all you think, say and do, because the Soul will also be That Portion of you that would one day walk a different road, a road totally based on Heavenly Words, Heavenly Ways, Heavenly Structure, and yes, helping you to become ‘a Saint’ with The Holy Trinity in Which The Heavenly Mother is always present, and All The Saints await those who one day will come Where They are and stay.**

**I bless you with a Love you cannot see or feel, but It is a Love of Divine Love, from The Holy Trinity.”**

**MAY 31, 2006 AT 12:28 P.M.**

**“We are so happy to be a Part of This Gift that shows so much Divine Love in It. This is a rare thing nowadays to see, especially when it is seriously performed, accepted, and respectfully taken into consideration for what It means.**

**You live in a time wherein so many human beings of all ages, felt that the time coming was to be more aggressively faced, understood, and used in a slightly different way than it had been. In so many ways, dignity seems to have to be considered to be part of what certain people use when they are with other people.**

**Now I say, ‘Let Me start over on this Conversation.’**

**You live in a time that is a beautiful time, because progress is seen wherever you go. Progress gives to many areas, goals. The goals are oftentimes methods of accomplishing medical or personal identifications, or schooling for the young and the older, and also the personal association that**

basically, when it is done correctly, can be a big advantage to the human element of living.

For a while, individuals were thinking not just casually but indifferently, but We have come on this day to share with you what We see, and the Words I have just spoken are the Words We speak to Each Other regarding what We see that has changed.

I know you do not know Us, but We are in service to an area of living that does not show. It does not express all things openly, but always remember, The Creator of All Things loves you more than He Wills to say, because He figures if He just gives you some changes to think about, it will aid you in many ways.

You are all Loved because of how you think and how you want things to be in an honorary manner to The Holy Trinity. We know this about you. We care about it, and We care about you.”

**MAY 31, 2006 AT 12:46 P.M.**

**“There are Several of Us present because of the importance of what you are going through mentally at this time. It is always sad for Us Here in the Heavens to hear about the loss that certain individuals are confronted with, but We come on this day to assure you that Heaven takes care of their Souls and many of their ways.**

**The life of a human being is gifted in several ways, very often just to please the individual, giving them strength, purpose, enjoyment, hope and obvious Love from The Divine, or from a friend who gives a gift.**

**Today there are other things to talk about, because All of Us Here know what a difficult time you are living. It is not ordinary in its present role. It is sad to lose someone you care about and sometimes that hurt doesn't leave, but All of Us Here want you to know that We, too, have periods such as these, but always remember, The Heavenly King, The Heavenly Father, The Creator of All Things, He**

**too suffered many times and still does when certain things occur that cannot please the love of a human or a Divine Being.**

**Some may not think what I have just spoken is feasible at this time, or logically aiding the hurt and the feeling of loneliness, but time is important, and a continued understanding of why, how all things occurred, gives strength when you see the reality of how it occurred, the purpose, and the way.**

**So, now as I say, ‘Never forget, The Heavenly Father, The Heavenly Mother, and All Saints Here in the Heavens share with you a time where prayer and love are combined, and it gives strength to those who do it.’ Remember this. Take what you are, take what you have, and always remember, there are Many that are with you all the time.”**

**JUNE 3, 2006 AT 11:22 A.M.**

**“It is important that We remind you that everything you partake in is recorded on your Soul. This Statement, to many, may sound ridiculous, but it is actually a Gift to remind you of the importance of everything you think, say and do.**

**The Soul is either the One Who gains much from your actions, your thoughts, what you participate in, and how you address your association with The Divine. The Soul is That Portion of human life that was instilled, giving to your way of life, hope for a Future with The Divine.**

**So many human beings of all ages do not connect their Soul to such an important Goal, because so much is based on sheer humanism, avoiding The Divine Will, Divine Love, The Divine Understanding, and The Divine Direction that you are gifted with every moment of every day you live.**

**We hear some individuals make remarks that they do not stress important facts to others they know,**

but We say to you, ‘Are the facts moral or immoral?’ I could speak endlessly on this subject, because it is important that human beings of all ages should stress to themselves first, what is morally sound or acceptable in its manner of word and what it means to one’s self and others.

I could speak on and on, not to satisfy Myself, but to alert those that use time, energy, and a way of life on so many things.

Never forget, you are gifted with a Soul, a Portion of Divine Love that nothing else has in the same category as you.

Time is a Gift of Divine Love, and how you use it can be used in your manner of doing things morally for the good of your Soul.

I bless you from the Heavens and I say, ‘All of Us want every human being to one day be able to call their Soul “a Saint in Heaven”.’”

JUNE 4, 2006 AT 11:04 A.M.

## OUR HEAVENLY FATHER

**“I use this *little one* for important Messages because I Will others to understand that My Presence is realistic and I am close to them. It is difficult for many to believe that I am so close physically, mentally. This all began when groups of people of all ages said prayers, sang songs together, thus getting used to louder sounds for what was being used for Me to hear.**

**I promise you, I am aware of your thoughts without sound. I am aware of your presence, and I do not have to see you. I am aware of your Soul at all times.**

**There are so many things not understood about Me and Who I Am, but I assure you, I am aware of everything you think, you speak, you do, and also your intentions are never lost to Me. It is One of the Beautiful Gifts from The Holy Trinity.”**

**JUNE 5, 2006 AT 11:01 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**As usual there are Several Here with Me Who always enjoy what you ask Me to do, and I do it with much happiness because I love you. My Love is different than you know love to be. It is a Love based on spirituality, not just a human acquaintance.**

**Each time you ask to receive a Gift<sup>1</sup> that will give to you a Touch of Who I Am, What I Am, because of what you have heard so much about Me; each time We are requested to accept an act your way, causing It to be a Connecting Link of Divine Love, and of course, a promise of obedience, it is a beautiful way, because it gives to Those of Us Here with you, a Connecting Link that shares what One Gift can mean to the mind, the body and the willingness of sharing, caring, and remembering other things.**

---

**1 Refers to The Holy Eucharist.**

**I will close These Words at this time, but I assure you I am looking forward to the next time We share again what We just did, because It gives strength in Divine Love, Divine Way.”**

JUNE 5, 2006 AT 12:07 P.M.

OUR HEAVENLY FATHER  
MANY SAINTS

**“I** am your Heavenly Father.

**I** hold *the little one* tightly because of so many conditions and situations that occur, allowing her body to feel the brunt of responsibilities that others do not even consider as such.

**M**any of Us Saints speak today, due to the fact that the time in which you live is not always seen for what it consists of in full, deep measures of practicality or based on people’s personalities or on monetary measures.

**Y**ou live in a time wherein there is little caution, little care, little concern, and sincerely and truly little sharing of what is feasible, logical, beneficial, considerate, and based on Divine Love like it should be.

**I**f I were to come to the earth and say ‘Hello’ to you, you would say ‘Hello’ back to Me, would you not? How many people at the time in which you live share just a comment, a word.

Does it not seem sometimes that they are too busy or they lack concern?

**You** live in a time where not enough is spoken on the importance of kindness, generosity, giving to communication a worthwhile time, motion, mood, mode, and the ability to develop in a stronger way what is good, logical, sensible for the mentality or for everyone concerned.

**I** hold *the little one* tightly, because her days are not what you expect them to be. When she speaks My Words, the Power I use is sometimes more than the average human being could handle physically, mentally, psychologically. She is looking at Me and asking Me if she has done something wrong. I say to her, 'No, *little one*, I am just describing a Fact, and it is not unkind.'

**I** will release her slowly, because to the average human being, what this *little one* goes through would be inconceivable to others to endure what her body and her mind is put through.

Some might say, 'Well, the Saint is talking,' but you do not hear the Saint, do you? You hear *one* like yourself repeating what the Saint wants you to

**hear. Remember this. It is not an easy Path, but it is a very important one.”**

**JUNE 5, 2006 AT 12:53 P.M.**

**“This *little one* that most of you know quite well, she is ever alert to what you might need. We All smile at this.**

**You live in a time when human beings of all ages do not look at all the facets of human living that can give help, hope, energy, stability and sincerity in the lives of others, over just something simple to give them the strength to pursue, to carry on, and to abide by what would be necessary to cover, to control, and to correct whatever is necessary to be corrected.**

**We always smile when We speak like this, because those who listen to Our Words sometimes wonder where We even got the Words and what the subject really is.**

**You live in a time wherein there is so much progress for everyone to reach, whether it be mentally, morally, socially, confidentially attached to someone one likes or feels good with.**

**Children are not being instructed as they should. Much is taken for granted when they appear as though they understand, because sometimes impatience with a child is due to the adult's lack of patience, not the child's.**

**Some may say, 'Why would You speak like this?' Well, sometimes Words like this are a great help to those who put Them into script, because when They are in script, They can be remembered and They also remind the one who wrote Them of the considerations that could take place.**

**I bless you from the Heavens and I say, 'God will be with you every time you ask for His Will to give you strength to help others, in many ways or even one way, that will assist that individual to find happiness, even joy, safety and care.' Remember, God loves you."**

**JUNE 5, 2006 AT 1:08 P.M.**

## **SEVERAL SAINTS**

**“Yes, there are Several of Us present because This Gift of Divine Love attracts so Many Angels Here in the Heavens, and yes, so Many Saints, because in so many ways It demonstrates Hope and how Important The Heavenly Creator Is and All Those Who assist Him, and how They are and how They carry on Their daily responsibilities to aid the Souls that have waited to be called ‘a Saint’. To the average person, this does not always register to them as a human being, the Fact that their way of life should one day help them be called ‘a Saint’.**

**Many of Us Here in the Heavens smile when an individual Saint will say, ‘Wait a minute, am I a Saint yet?’ and of course, very often the answer might be from The Heavenly Father, ‘Yes, You have the privilege to walk this Role, but do not forget, as “a Saint” You must serve in a way, a manner, a degree, and in conditions that are important in everything You think, do and say.’**

**We have released this today to remind those yet who are not sure whether they desire to become ‘a Saint’ or not. The Role is Beautiful, the Way Divine, and the Love of The Holy Trinity is Far Beyond what any human being or Saint could define, because It is a Place of Honor and of Joy, of Happiness, and has different degrees of Love, due to the fact that Love for The Divine would be one thing; Love for the Souls, another way; Love for the humans that speak and pray, another way. Wouldn’t that be a Wonderful Place to walk in Divine Grace?”**

**JUNE 5, 2006 AT 1:40 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I am requesting this time, because I feel what I want to say is of the Greatest Importance that the human mentality could partake in and help others more fully understand what a Beautiful Gift human life is to the world of human beings.**

**There are so many beautiful things to be learned, to be followed, and to be accepted in aiding the human way of life to not just fulfill it with important wording, or practices or abilities to aid it to serve in a great degree, also to follow and aid others to better understand that to live each moment of human life is a Gift of Divine Love, based on Divine Plan for the Soul of every human life created.**

**I could speak hours on this subject, because each time a child is created, a child is a Gift beyond what it is seen to be, because those in the living state cannot see the Soul that is within the child, and willing to**

**commit to the child responsibilities unbelievable.**

**The human mind, the human manner of doing things is gifted with a Goal Greater than the mentality can perceive It to be. That is why it is so important that every human being be instructed to more fully understand the necessity to value first, becoming a human being, because it is gifted with all the means to return to The Heavenly Father Forever and ever and ever. That is why it is so important that children be instructed on what is right over what is wrong, what is pure over what is impure, what is just over what is unjust, what is kind over what is unkind.**

**Do not forget, as you live each day, you have the privilege to be good example in everything you think, do and say. I plead with you: be example, because there are so many individuals of all ages who need the help you are capable of giving, because they do not receive it from others who are living, even when some are close to them physically, mentally, morally, psychologically.**

**I come on this day, because I am happy with how you have taken on this responsibility of putting into print for others to see, to read, and to follow for the sake of Souls of other people, plus their own, but also to be able to spread the Words that have purpose in Them, meaning of Them, and Words to give Sound Direction to the mentalities that nothing else has the privilege to do.**

**I bless you from the Heavens and I say: The Heavenly Father smiles at These Words and He says to Me, ‘Mother Mary, thank You for participating, because I know You will be remembered and followed for the sake of the Souls. I love You for this time you have taken to help in many ways, others to think of the Goal of Heaven.’”**

**JUNE 6, 2006 AT 12:55 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**In the Creation of human life, much had to be considered, thus making human life sufficient to be able to support a manner of living, a cause for living, and how it would look to others at a given time.**

**In the Creation of human life, it was decided by The Heavenly Father to give to every human being created, a manner of communication that could be received on many subjects and many differences of opinion; plus, there are so many Gifts in human life that are not spoken about in an ordinary, logical manner and way.**

**Human life has many Gifts. All have a purpose, but also, all have a distinction within them, thus being able to be judged in/to how they speak, think, walk, see, act, move, or communicate in a way that causes them to be acceptable before they are rejected.**

**I know These Words are difficult for some to understand, but the logic that is expressed in describing These Words is sufficient to aid even the most helpless man or woman, because actions speak by actions.**

**There are many things in human life that create action: the face, the eyes, the nose, the mouth, the chin, the shoulders, the arms, the hands, the fingers, but also in the lower extremity, how an individual can stand, can walk, can use each leg at a different momentum, a different degree of stretch, movement, and many other things.**

**The reason I am giving this at this time is because there is so much confusion in some individuals who are in many ways ignoring the facts, and trying to include mental assertions of what should be, rather than what is there.**

**I want to speak more on this, because it is important for all human beings to be reminded that in the Creation of human life, it was designed to be able to cope with, to handle and to use what instruments would be necessary for them to act and not be**

**helpless, but be assertive and be able to act to a greater measure, a fuller degree for the sake of many things; but also, do not forget, the human life was created with a Portion of The Creator in it.**

**I will talk more on this at a later time.”**

**JUNE 6, 2006 AT 1:30 P.M.**

**SEVERAL SAINTS**

**“There are Several of Us present. We are always so happy when We see you gather, because since the first time We did this, We found that what you speak on subject matter has much benefit in it for Us to follow; also, to see that you, in your way, have the ability to project, not just to indicate, but to project important issues, conditions, methods, ways, and also, giving to what is spoken spiritually, is addressed lovingly and respectfully.**

**These Words may be a surprise to you, but We could not help but let you know how much We feel regarding what you do so easily and so respectfully. Thank you.”**

**JUNE 6, 2006 AT 1:52 P.M.**

## **MANY SAINTS**

**“There are Many of Us present.**

**It is always a pleasure to meet people like you all are, because it gives Us the opportunity to transmit certain things, conditions, values that We feel are of great importance, but because they are never spoken about, many human beings never hear about them.**

**Each thing in life has a reason, a purpose. Everything a human being speaks about has a purpose, even when it seems insufficient to even be spoken about, but every habit of human beings has a reason for it, and the reason is for what can be done, what can be spoken, what can be achieved; and what can be made a Gift of being more logical, more reasonable, more valuable and more help to others, is always thought about as an extensive Beautiful Gift of Divine Love.**

**I know you do not expect Us to talk about this, because there are so many other things that you might feel would give more understanding to it, but these are things that you**

are not oftentimes approached with, whether it be something material, or conversation, or association, or even Spiritual sensitivity to different prayers, or to those who use the Altar to deliver to crowds of individuals, messages that will aid them in seeing the importance of more prayer and more association with The Divine.

**I** know Our Words are not natural everyday words to you, but sometime We do this to refresh your thinking, or to let you know how We think and how helpful We might be to your manner of living.

**We** do not want to close, but We feel We will, and We will arrive at another time. Thank you for listening to Us.”

**JUNE 7, 2006 AT 12:00 NOON**

## **OUR HEAVENLY FATHER**

**Heaven says:**

**“You live in a time wherein so much is thought to be ordinary and yet extensively logical in other ways.**

**I am your Heavenly Father.**

**Each hour you live is to be recorded regarding how you performed morally, mentally, physically, psychologically, but also emotionally. Would you not be concerned at recording, that would put into script every move you make, every thought you have, and every decision you decide is feasible for your Soul and for all those with whom you partake in what you do, you practice, you use, and you visualize?**

**I know These Words are not what you are used to hearing in this format, but I beseech you to always remember that in your manner of doing things, your way of thinking about things, your ability in how you project what you know, and are able capably to handle everything you are surrounded by, surrounded with, or is introduced**

**to you for you to respond to it, how can you guide yourself, how can you account for yourself in these measures in your way of living?**

**I do not want to sound different or odd or difficult. I just want you to remember that when you were created a human being, it was the greatest Gift you could receive. That is why I do not like to see anyone abused or misused, or do other things to their manner of life, of living, because the Soul that you are the custodian of, is That Portion of you that is to one day return to The Kingdom of God and be There Forever and ever and ever.**

**I could speak and direct thousands of Words on this subject, because it is a subject so little thought about in one's daily manner of living. I beseech you to remember that when you were created, it was for a Higher Goal for That Portion of you that is a Portion of Who I Am. It is called 'the Soul'."**

**JUNE 7, 2006 AT 12:56 P.M.**

## **SEVERAL SAINTS**

**There are Three of Them here.**

**“We have come together because of the importance in how you live, how you respect and how you understand, but also, your impression means a lot more to All of Us than you can perceive it to be.**

**As Many of Us Saints walked the human path as you presently do, at the time We were taken from the earth and found Ourselves accountable for so many things We forgot about, and some We did not have the ability to understand at the time We were on the land.**

**There are so many different descriptions, perceptions, indications and valid understandable techniques for how people at your time, in your time, now live. So much is misunderstood, so much is overrated, and so much has in it only personal view, personal identification.**

**I know I am speaking different than you are used to hearing, but**

**occasions such as you are speaking about are important for those who are the victims of certain things, such as having their life taken, and now they are standing by watching others take care of their body that once was alive. Think about this.**

**I know I sound different, but I am saying it as I see it, and how I see the difference in so many things regarding what is morally right over what is not right, and yet only anticipated to be morally right because of a human being's lack of full understanding over the importance of tactics and personal decisions on how things should be handled, whether the subject matter is when people are alive or when they have passed away and The Father has taken them.**

**There are thousands of Words Many of Us would like to speak, but We were told that it would be a lot of confusion on what would be correct, and what would be impossible for some to understand because of the indepthness of how situations can appeal or be rejected.**

**I will talk later on this, but I will close for now because I feel I have**

**spoken the Words perhaps to open a door, perhaps to open a window, but also, a chance to know that We, on the Other Side of what is called 'living', We welcome all you know."**

**JUNE 7, 2006 AT 1:18 P.M.**

**“There are Many of Us present, but We always are, because through This Gift of Divine Love, We have the privilege to speak on subjects and on conditions that We feel are necessary for thousands of human beings to be able to learn more about the ‘Entity of Divine Love’ and how It works.**

**You live in a time wherein so much has been allowed to be spoken about and addressed as important, thus keeping to the mentalities an obvious understanding of what is occurring beyond what the human mind can hear or the human mentality can perceive.**

**I want to speak so much more on this subject, because it is a subject that you should know about personally, you should think about every once in awhile as being present where you are.**

**Many Angels use These Words to aid others. I know there is so much more to be spoken, but It will come to you in different ways, different times, but today I was requested by**

**The Father to give you this First Announcement for you to think about and to more fully understand, your association with The Divine is based on Divine Plan. Remember this.”**

JUNE 7, 2006 AT 1:56 P.M.

**“There are Several of Us present. We are always Several wherever this *little one* is.**

**You live in a time wherein so little is understood on the fact, on the importance, and of the value that each day a human being is alive, it is a Gift of Divine Love, and it can be made into a tremendous Gift if one but does what is important and what aids other situations, conditions, values, into being of a greater degree than ordinary.**

**Now I know what I speak is difficult to understand the values and the purpose, and also, even the Words; but, if individuals would awaken in the morning, hopefully say their prayers, and then work to open a day that is not just comfortable but valuable in what you think, do and say, because at night then, it will be a feeling of accomplishment, a feeling of having served in some form, some degree, some way, whether it be physical or mental. Sometimes the mental is far**

**more important than the physical, because as you communicate what you think, say and do, how you act, the words with you can leave a method of care, of concern, and even of communication that gives to the time something to remember.**

**I know this subject is not exciting, but it does have merit to it. Remember this. Make every day a day of merit, a day of concern that aids others on simple things and/or important things, but reminding others that you, as a human being, cared.”**

JUNE 8, 2006 AT 11:37 A.M.

**“Excessive leniency in matters that can be abusive or destructive, or incomplete in their concept, content, and thus, not allowing logic to be an important fact, it should be watched for and cared about so it does identify the subject matter in its proper scope of purpose and/or meaning.**

**I speak through this *little one* so many times, and her sincere concern for All Words she hears is always amazing to Me because of her nature being what it is, sensitive, and yet based on truth, logic, hope and caring. The list is even greater than this. She does not like to be seen or heard, but in order for This Gift that has so many important considerations for the Souls involved, and even for the mentalities that learn so much more than they would, it is beautiful to see a Gift of This Divine Love cover so many facets of sound reasonability.**

**We hold her tightly, because her body is spent when the Power We have uses her to speak what she does not**

hear, but what We tell her to say that she repeats.

**Our Love is always available to this *little one*, and also to those who use This Gift of Spiritual Grace, because It has within It the desire to please The Divine in every way.”**

**JUNE 8, 2006 AT 12:03 P.M.**

**“Even though this *little one* We use for so many things appears available, We always try to intercept what We know she is capable of doing, but We are always concerned for her safety.**

**This Gift of Divine Love is different because of the necessity for It to be different, due to the fact that so many times when We delivered things through her, It is taken for granted and this is not good, because each individual has a different manner of discerning actions, words, conditions, situations and interests that oftentimes are great Gifts of Divine Love, and are given verbally to not just interest others, but to give them the meaning that will aid them mentally, psychologically, morally, even sometimes physically.**

**We use this *little one* so much more than it is seen to be. We smile at her because of her love for The Holy Trinity and her desire only for obedience from her, because she does not want to displease The Heavenly**

**Father in any way, and she is always concerned over what takes place between herself and you, and also others who are not always present but are sometimes, according to their timing and their abilities to recognize This Gift is for all human beings.**

**I will close at this time, but I add just a few Words: Remember, to allow a Gift of This Measure, It has to be recognized as a Gift of Divine Love, not human adventure.”**

**JUNE 8, 2006 AT 12:55 P.M.**

**“There are Several of Us present.**

**We are very interested, concerned, and yes, worried over the conditions that thousands, or even millions of human beings have a choice to make that bears their Soul’s progress, or their personal decisions on what they will allow to be, how they will follow or act or be a part of, when a Relic of The Divine is present to them, maybe even Two or More at one time.**

**You live in a time wherein there are many wrong decisions, wrong understandings, wrong determinations, also wills, human wills, in how they will choose to do what they feel is correct or pleasing or practical, or adapting to a code of ethics on certain subjects.**

**These Words are not sufficient for All that We would like to speak, because the time in which you live is many times based on human version, or human need for attention, or human errors because of the individual’s**

**background or inability to perceive what is proper or improper; proper, plus is it pleasing to The Creator, that there are so many facets of discussions that are inconceivable in logic based on the inability of human beings to not be able to interpret properly what is correct morally, mentally, psychologically, spiritually.**

**I want to talk more on this. I will ask at another time, perhaps soon even, but I feel you should look at what I have just requested of you, because this is an important foundation for how you think and what you will to be done.”**

**JUNE 8, 2006 AT 1:26 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It pleases Me so much to be able to talk to you in a manner and way wherein there are several of you able to hear what I have to say.**

**In the Creation of human life, so much Divine Love was instilled in this Gift that bears so much value and truth to the fact that, in Its very existence, It takes a place in the life of others, for others to see what is important mentally, physically, morally, psychologically, spiritually.**

**Always remember, you have been Blessed abundantly in being created a human being. The senses you have are Gifts of Divine Love. The abilities you have, to use so much of what you are, is a Gift of Divine Love; also, when you associate with others like yourself, it is meant to be a Gift of communication, feasible in ways and manner to aid your manner of life, and for you to more fully enjoy life, because it gives to you diversion.**

**I do not want to close, but I feel I should at this time, because My Love for you is more than you know It to be, and each time that you do something kind, I see it and I thank you for it, because The Heavenly Father, in His Love for human life, often gives Gifts that are not noticeable, but in some way evident in how they help the individual do things that give them pleasure, hope, and automatically Love of The Divine.”**

JUNE 9, 2006 AT 11:50 A.M.

## GOD THE FATHER

**“We always smile at this *little one*, because she is always ready to submit or commit to what We Desire, because of how she senses the Importance of what human life is all about, and the necessity that is needed so many times to support or to substantiate or to give hope in ways, in manners, and for purposes not conceivable to some at the time, but nonetheless, beneficial for the sake of how they think or what they represent.**

**We see her tears and We smile at her tears, because each time she shows tears We thank her, because she does not want to disappoint Us in what We have to say to others like yourself, and many times to you.**

**There are so many things in everyday life that need concern. Remember this when you pray, because We are often present and We are willing and happy to help you when you request help. We also know that everything is not accomplished in a few Words, because sometimes circumstances or**

**situations or conditions or personal behaviors cause problems, or partake in certain things that must be done.**

**Now you may wonder why I would speak like this, in such an almost formal tone, but I care about every one of you, because you were created to one day be in Heaven, and that is an Important Deal if you think about it, because as you enjoy all nice things, happy things upon the earth, I promise you that Heaven will give you Joy, and yes, give you more than Hope. It will give you the ability to be ‘a Saint’, and do not forget, Every One Here in the Heavens loves every one of you.”**

JUNE 9, 2006 AT 12:11 P.M.

**“There are Several of Us present. We do not always leave when We finish a time with this *little one*. Many of Us enjoy being with her just quietly, because We enjoy seeing how she deals with people that she works with on important issues for others to learn about.**

**Many Saints Here in the Heavens, All Saints Here in the Heavens like to be noticed by this *little one* because of her love that she talks about to Them, and her interests in how she deals with helping others to feel about becoming ‘Saints’.**

**If you were to get a figure of how many human beings are living upon the earth, you might be shocked at the number that would be released to you, but let us take another thought on this. If all of a sudden the earth became a flame of fire, what would happen, what would be? Something to think about would be that the Souls of the people would be removed from the bodies by The Heavenly King, and**

**the bodies would be placed where they had been directed to one day be.**

**The bodies are great Gifts, but never forget, how one uses the mentality and the body is recorded in another Part of a human life, and that is ‘the Soul’ that will remain at an important time, so that is why it is so important that the Soul be protected every morning, noon and night, physically, morally, mentally, and in ways inconceivable to the human mind.**

**I bless you from the Heavens and I say at this point in time: A Gift of This Dimension, This Divine Power, This Divine Love, is a Gift of Divine Hope for all Souls at another time to be returned to from Where They were created. Remember this.”**

**JUNE 9, 2006 AT 12:53 P.M.**

**“There are Several of Us with you all on this day.**

**It is important that so much be understood regarding the values, the initiative and how an individual asserts one’s self in the sight of others, either to get attention or to cause an accomplishment.**

**There are so many things in words that give to every human life not just a presence, but a meaning, and also, a very strong idea on how an individual has the perception to do so many things that others do not see, do not think about, or feel they do not need.**

**What I have just spoken may not mean much to anyone, but it has some facts in it that need help, but also need to be used to help certain individuals’ lives be more assertive, be more understanding, be more direct, or be calm, be useful, or useless.**

**Many reading These Words will wonder why They were used, what the**

**purpose was, and what was the need for Them?**

**Every human being has several abilities to face living as a human being in several ways. Some choose athletics. Some choose all the other things that athletics do not cover, but what I am about to say may not sound reasonable or factual or necessary, but each time you look at yourself in what you feel like doing, what you are interested in doing, and what you are capable of doing, do you not just sever all the things that do not count and then you go on to do what you will to be done?**

**This is logical. This is more than logical. It gives satisfaction to your mind, your body and to your Soul. It gives strength where it is needed, and it gives a certain amount of concern for those who do not see you in this manner of thinking, actions, and words.**

**What I have just spoken may mean nothing to many who take the Words, but it is something to think about, because you have reached a time in life you have experienced many things, and now that Many of**

**Us Saints Here in the Heavens want to help you, We are interested in what you do morally, but mainly spiritually, because spirituality is a great asset for living the human way of life. Spirituality gives hope, strength, security. It also gives an initiative that otherwise the individual would not have, and that is to be successful in the Eyes of The Creator and be able to feel good when He speaks the Final Words that will one day say, ‘Heaven’, ‘Hell’, or ‘Purgatory’.”**

**JUNE 9, 2006 AT 3:07 P.M.**

**OUR HEAVENLY FATHER  
SEVERAL SAINTS**

**“There are Several of Us present and We will do all We can to help you to know Us in a manner and way that you will remember Us when you pray.**

**I am your Heavenly Father, and there are Many Saints Here with Me today, All happy to see you together and in a very loving, friendly way.**

**The time in which you live is a time that so many individuals could grow closer to The Holy Trinity if they would but take the time to offer words about themselves, and perhaps what they would like to do, to be, and where they would like to serve, so others would gain Grace above and beyond what they do, where they are, and how they think.**

**We talk in a manner, because We are familiar with those who live the life you live in service to The Creator and bound by what you have followed in the earthly lives you have lived.**

**T**hroughout the world there are millions of human beings, all with the Goal to one day return to The Holy Trinity, because in the Creation of human life, there are so many ways for the individual to follow a manner, a way of doing things.

**A**s you live in a manner and way at this time, it can be, or could be the beginning of what one day you will use and call it something that would draw attention to you by The Saints Here in Heaven, and of course, by The Holy Trinity.

**R**ight as We talk to you at this moment, there are thousands or millions of human beings throughout the world who have not thought to say a prayer, and who really are, in some ways, walking a tightrope because they are not understanding the beauty of how an individual human being can think what a prayer is, the meaning of it, and/or can feel the Presence of a Saint; also, can innately want to form a pattern of remembering to ask Certain Saints to help where you feel it is needed.

**Y**ou live in a world where so much can be good or it can be evil, and

**it is so sad to see human beings of all ages uncaring, indifferent, and almost obstinate in their feeling about Who they will choose to say prayers to, or request help from when they choose Someone they never talked to before.**

**I know I speak differently, because Those Who are Here with Me now, tell Me to say more about the Importance of your Soul, and how It desires for you to talk to It and to give It help in many ways, because the Soul is That Portion of you that wants to one day be called ‘a Saint’.**

**Before I leave, I sincerely want you to know that this time with all of you has given All of Us present here, hope. Remember what I have spoken, because All of The Saints Here in the Heavens think of all you who are upon the earth in a living state, and Our desire and hope is that one day all of you will be called ‘Saints’.**

**It can be, you know, if you allow it to be, and We here now, want you to ask The Father Who created you, to help you do what He Wills for you to do, and to please help you become ‘a Saint’.”**

**JUNE 9, 2006 AT 3:31 P.M.**

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross.**

**There are Several of Us present because We feel that at this time This Gift of Divine Love is a Gift for all ages of human life and all genders of human life, human living, human perceptions, and human abilities.**

**Throughout the world so many men, women and children ignore the Gift of being able to pray, and/or to obey the Rules of The Commandments. This is a great sadness to All of Us, because They were given to give strength morally, psychologically, physically, humanly, mentally.**

**The Father, in His Love for human life, gave all the assets for truth to be, honor to be, and direct communication to fulfill all the needs so that the association between the human life and The Divine had a Connecting Link of understanding and of capability to use facts, thus giving what would be called ‘a code of ethics’ between Them.**

**So much could be spoken to awaken those who are yet not quite able to fathom that a Gift of This Measure is greater than It is seen to be or understood to be or felt to be, but do not forget, It will be a strength when It is needed, and a hope when It is seen to help in any way.**

**The Heavenly Father will always give hope and strength that is necessary to support sound belief in every fact of belief and/or understanding of Divine Will. Remember this.”**

**JUNE 9, 2006 AT 4:29 P.M.**

*This Revelation was delivered to everyone involved in the history and distribution of what has been revealed through The Miracle Of Saint Joseph.*

**“You have given to All of Us a gift, greater than you even suspect it to be, because in your response and your caring, you have told Us how you feel, and your gratitude for what We have revealed to you on important subject matter that, to thousands and thousands of human beings who have taken part silently, in a Gift of This Measure.**

**Though it is difficult for some to understand that to be part of addressing important Facts and delivering Them to possibly thousands of human beings, We know it would be unusual for this to occur, but you have given Us encouragement, even hope to accomplish doing what We felt and We feel is important for the Souls Who will be alerted to the copies that**

so elegantly address a subject of great importance.

**We could speak hours in thanksgiving on this gift of time, energy, and participation, and We thank you for it, because it has given Us a feeling that helps Us to better understand that This Gift has so much Merit to It and so much human love in It, that It gives hope and care. Thank you again.”**

**JUNE 9, 2006 AT 5:29 P.M.**

**OUR HEAVENLY MOTHER  
SAINT MARGARET MARY ALA COQUE  
SAINT PETER CANISIUS**

**“I am Saint Margaret Mary Alacoque.**

**I am Saint Peter Canisius.**

**I am your Heavenly Mother.**

**As We gather on this day, it is because of Our Love for what you have accepted to do, to help others more fully understand and to more indepthly acknowledge their participation in the plan of spreading the Words that give so much Information to a great number of men, women, and even some children.**

**Time is important to every human being. It would be foolish to think otherwise, because time gives the Soul of a human being the chance to do things for The Father that only the Soul has the ability or the communication or the understanding to do, because It is capable of things to be heard, to be seen, and to be**

followed that do not have to be seen in paper form.

**This Gift of Divine Love is not just to encourage but to instill the importance of all that is accomplished to those who have time and are chosen to partake in Divine Will.**

**Hours could be spoken on This Gift that not only enlightens the mentalities but instills in the mentalities the importance of what they are requested to practice, to follow, and to perpetuate Divine Will.**

**I could speak hours on what an important mission this could be for those who are willing to follow quietly, and in learning the ways, the importance of what has been delivered by Many Saints.**

**There are Many Saints Here in the Heavens Who find working for The Creator more than a privilege, because They realize that to pay honor and become a Part of helping morally, psychologically, so much that has passed through to be exceptional in Its meaning and Its Divine Love, only the Blessings are sometimes understood in Their fullest degree.**

**I could speak hours, as All Here in the Heavens could, but We know your time. You have accomplished much on this day and other days close to this time.**

**I will close with a Blessing that you all know: *‘In Nomine Patris, et Filii, et Spiritus Sancti. Amen.’***

**JUNE 12, 2006 AT 11:28 A.M.**

## **OUR HEAVENLY FATHER**

**“In My Creation of so many things, it was great joy to Me to create human life, because there was so much to be thought about in what it would represent, and also, that there would be a Goal for it, thus instilling it with a Purpose that would give to individuals not just a Sign of Divine Love, but the Gift of Divine Love that would have a Goal Greater than anything else ever created.**

**A Gift of this Measure, this Purpose, this Degree is the Greatest Gift that a human mind could possibly understand a gift to be. Today, though, so much is being taken for granted where This Gift is available, or even thought about.**

**I come on this day to make a point of great concern, because The Trinity of Divine Love wherein so much Divine Hope for the sake of Souls is evident, for a Goal greater than the human mentality could make up, could design to be like the One is at this time, not just a communication**

**about a Gift bearing the Strength It is, the Importance It is and what It contains, giving to human life more than anything the human mentality could design to be.**

**I speak differently, I know, but I find it an important time to make These Words understandable, necessary, and encouraging to each human being understanding what a Precious Gift it is to be able to partake in The Holy Eucharist and the Blessings of Divine Love. Is that not so?"**

JUNE 12, 2006 AT 12:41 P.M.

## MANY SAINTS

**“There are so Many of Us present, because We want to speak to those close to this *little one*, due to the fact that for many, many years she has spoken to Us for the sake of others, for the benefits of others, and for others to be able to be called ‘Saints’.**

**You live in a time wherein so many individuals are not just one person, but they take on the advantages, the personalities, and also the characteristics of being understanding in many areas wherein they are not, or could not be as understanding as they are making a claim to at this time, or many other times also.**

**In the Creation of human life, each human being is created to be able to be an individual in appearance, in size, and in how they respond to others. Each human being has the privilege to learn how to speak to some they know personally, and also to others they may meet casually. Even when the languages seem to be separate, there is oftentimes a Blessing to be understood**

**that is helpful or give pleasure in what is said.**

**In the Creation of human life, so much was looked into regarding what an individual would be capable of doing, of handling, of practicing in all the facets that human life is gifted with.**

**Let us take from the top: one's eyes give them help, hope, understanding. The other features, the ears and the nose, have a tendency to give other tendencies to what they are all about and how well they are for an individual; and then, you have the sound of speech that everyone seems to learn a different degree of, but also, are able to communicate physically and even morally. Now let us take the throat. The throat is that passage that is helpful in so many ways for swallowing and many other things. The details are so much on every portion of the human body.**

**As so much can be taken as natural, logical, beneficial, do not forget that the mentality has abilities also, and the mentality can increase all the Gifts a human life has, and do it in many areas of how an individual**

**thinks, speaks, acts, and/or follows Spiritual needs, messages, hope and love for The Divine. Gifts of all this type are priceless. There is nothing that could be used that would say 'no problem', because these Gifts are given out of Divine Love, helping every human being to more fully comprehend, more indepthly understand that they have the ability to practice, to act, to portray, to speak. The list is endless.**

**Some taking These Notes may wonder why I would speak this way, and Others Here with Me adding to what I say. First of all, because the sound of speech, even though it is the most obvious part of human life, is not always seen or understood as what a great Gift it is, because the Gift of sound, of distinction, has a Blessing in it, giving to the human being it is in, the valid permission, chance, opportunity, and use for so many things.**

**I would like to speak on every Gift a human being is presented with. I will at a later time, but always remember: In the Gift of speech, you are given the opportunity to say words, but also to not say words that could be wrong for you to say. The decision is**

**yours, but the ability to do this is from  
The Divine.”**

**JUNE 12, 2006 AT 2:18 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I am so pleased with everyone present, because it is a beautiful gift of love My Way when you share a gift of hope, of service, in such a gentle way.**

**Each day a human being of any age decides to create an act of love for someone they know or someone they have just met, it always pleases Me, because in the Creation of human beings, it was meant to give to life a human degree of understanding based on the Purpose for which life was created, and that is to one day walk as a Saint, be named as a Saint, and yes, act like a Saint. Now, this does not mean you have to walk stiff, straight, without any action in your mind, or your body or your way.**

**In the Creation of human life, it was gifted with so many ways to accomplish things, to support things, to recognize things, and to be able to participate in the growth and the**

**manner of what things would be used for properly and caringly.**

**I know I do not speak many times, but I am always present. You are never without Me no matter where you are, who you are with. Remember this.**

**I bless you with My Heart and I remind you that as you were created a human being, you have a Goal to reach, and return your Soul to Where I am, and be ‘a Saint’.”**

**JUNE 12, 2006 AT 2:57 P.M.**

## **MANY SAINTS**

**“There are Many of Us here with you because We sincerely enjoy hearing you speak, and are so pleased with your consideration for each other and those whom you talk about that are present with you at what you call ‘work’.**

**Throughout the world there are thousands of human beings that would be happy if they could but feel like you feel, look like you look, and think like you think, because so many individuals become happy over situations and conditions that do not even pass through their time, their lives. It is a sadness for All of Us to see this occur, because a happiness would give so much strength, purpose, and something to look forward to that would give hope in what they think, how they think, what they do in their daily way of life.**

**Sometimes even the mildest human being has more strength logically than some of those who just find life difficult. Pray for them,**

please, because they do not have the intellect to see that they are dismissing from their lives hope that always gives energy, instruction, and even happiness when it is treated properly.

Another thing We would like to add to this is: When you say a prayer, do it with concern in your mind, not fear, and when you feel that Those Who hear what you say will answer you in some way, thank Them for it, because as you do, They will feel more like being with you than you would even think. Remember, when you say, *'I love You, God,'* He hears every word you say, but He also hears how you say it. Remember, He created All Things. This is a difficult Statement for some to understand, but it is logical once you have really and truly learned Divine Plan."

JUNE 13, 2006 AT 11:55 A.M.

## OUR HEAVENLY MOTHER

**“*The little one* asked Us not to talk today, because she feels it is too much for you.**

**I am your Heavenly Mother.**

**We love this *little one* because she is always more considerate for everyone, every other human being than it is seen to be. A long time ago, when The Father decided that she would have privileges to be able to take some things into consideration that would help others learn more about their Soul, the Importance of why they were created, and the goals that they are capable of reaching on many subjects for many reasons, and for it to be done with dignity and care, she stands before you now, and We All smile at this, because she worries about each human being separately.**

**When she was chosen a long time ago to walk a Path different, and this Path would show to certain individuals that she would be either told to meet or to meet them in just a normal way. So much has been allowed to be passed**

through her to help individuals of many ages be more indepthly tactful, understanding, and help for their abilities to associate with others like themselves in a more feasible manner of communication.

**I** hold her tightly, because her small body is not as strong as it may look, but her mentality is something else, because it follows what We Will it to, and there is always a purpose, a reason, a condition, a situation, and yes, hopefully a Gift from Us to you.

**You** may wonder why I have spoken the way I have. It is to help you more fully understand what you are acquainted with and what you have the privilege for, and that is to more indepthly feel the closeness of Divine Love, Divine Plan, thus giving you the strength to do more things that you know will give help where it is needed, hope where it is needed, justice where it is needed; but also, through doing this, your Soul will be blessed because of obedience of this importance, you stood strong.

**I** bless you from the Heavens and I want you to know, every moment of every day is accountable to The

**Creator, and by what you do and what you think and what you say, it adds up to a big A+. That is what We wanted always to say.”**

**JUNE 13, 2006 AT 12:40 P.M.**

**“We are so happy to be with you each time, because We find you interesting, but also understanding, which We know pleases The Divine.**

**To walk a path that one had to learn how to speak, how to put in print, is sometimes very difficult, especially when others they are surrounded by have a totally different manner of being able to participate in exactly what We initiate.**

**You live in a country with so much power, a country that Many of Us do not live in, but We visit it at different times. You may wonder Who I am, speaking in this manner. I will announce it at another time. The one thing We All have in common is the Importance of Our Souls. Our Souls are Gifts of Divine Love in which, through which, and from which Heaven glows.**

**I would like to talk hours on this subject, because it describes what human life has been gifted with, the purpose for it, and the goal which draws individuals together, and this includes**

**the Souls. The Souls oftentimes are the recipients. The Souls can be the victims, too.**

**I know I speak differently on this day, but I requested the time today. Sometimes a time like this gives Us in a privileged way to be able to communicate with people We would like to know personally, and in a very personal way.**

**All is different that I said, but I assure you, it has been a joy to be with you.”**

**JUNE 13, 2006 AT 1:10 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I am so pleased to be able to speak to you in a personal way, because My Love for human beings is so in-depth in Me because of the Importance of human lives that were created for a Purpose, a Goal, and the Soul is to return to The Creator. Never forget this, because as long as you remember that within you, you have a Portion of The Creator, and That Portion of Divine Love is What will remain within your body, and very hopefully become ‘a Great Saint’.**

**Children are not being instructed enough on what they are capable of having within their frame, their body. Granted, a lot is spoken on the words they speak, but not enough is spoken about what a treasure their body is and why it was created, because if you think about it, without the body, there would be no mentality to talk and to be the one representing the individual.**

**I would like to speak lengthy on this subject, because it is a subject I**

walked through life in. Do not forget that I, too, was gifted with a Body a long time ago, but in My Body, I knew I had a Soul, a Portion of The Creator of All Things, but also, a Gift of Divine Love to give Me the strength, the knowledge, the concern, and the ability to give to My Soul a Special Place at a given time.

Children are not being instructed on the Gifts that will give to them a Greater Gift than they can even suppose It could be. Granted, so many children are told about their flesh getting harmed and many things occurring to it, but it is important that they learn about their Soul because, without the Soul, they would not be a human being. The Soul is a Gift of Love from The Creator of All Things.

I will close, because I could speak hours on what I have just spoken thusly. I bless you with The Father's Love, and I bless you with the Gift of Divine Love, because your Soul is the recipient of all you think, say and do. Never forget this."

**JUNE 13, 2006 AT 1:49 P.M.**

**“There are Several of Us present. It is a pleasure to be here on this day with all of you. There are Several of Us so happy to hear and so happy to know that you have the Gift of encouraging others to believe in what is called ‘Spiritual Truths’, ‘Spiritual Love, Necessities and Hope’.**

**Throughout the world there are millions of human beings that need so indepthly within themselves to have more of an in-depth understanding of what prayer to The Saints can help them with, or encourage them to have, or to bless them to help them in facts, situations or conditions, or permanent problems, because sometimes a prayer, though it is not seen in a great magnitude of applause or speech, it is seen in a quiet manner that no one recognizes it, but it serves a condition, it serves a problem, it serves so many areas, helping the mentality to respond in a way comfortable for the one in whom it is, not always just as it was explained it would be by someone else.**

**When you say, ‘God, I love You,’ just think of how Many Saints in Heaven hear you say that. A prayer has so many facets to it, abilities to it, because in communication on a one-to-one basis, the communication awakens sometimes something in-between, because The Heavenly Father allows it to be, and that part in-between can cover a monumental condition or situation. Never think that everything is just as you plan it to be. When it is for good, there is usually One or More Saints Who will take action with it, on it, for it, to help it be successful because of what the results could be.**

**I could speak hours. I love you for your time, and I love you because in your mentality you want to help The Divine. Thank you from My Heart to you.”**

**JUNE 13, 2006 AT 2:29 P.M.**

**“Yes, there are Several of Us present. We All are so happy that This Gift is available to Us, so We can relate to you how We feel, also what We are requested to do, but also the fact that Our Work is so important, according to how you treat It in respect to what It speaks for others to read.**

**Throughout the world there are millions of human beings who rarely look at script on subjects that addresses points of view that would be entertaining or encouraging or interesting or beneficial, but too few people care to look at it, because they feel there are no pictures in it for them to see. The written word is oftentimes very, very important, because it specifies or it can dignify, or it can use words to give strength, hope, understanding, and sometimes a new lease on life because of what it speaks of, or addresses as. The list is endless.**

**You may ask why I am speaking this way. Well, so Many of Us Here in**

the Heavens have so many things We like to share with those yet in the living state, because We see in what We have, things that might give hope or more understanding in the subject matter, especially if what We are pointing to is different than what We know them to have. Also, it is a pleasure to hear people read to children on subjects they receive from Us. These children sometimes are very alert to what is described to them, especially if it is something they would be interested in, such as toys and personal gifts and things to look forward to, and the list goes on and on.

You may ask why I would write like this. Well, as We are in the Places We are, We find so many subjects informative for those who are not in what We are in, so it is a privilege for Us to share with you subjects or subject matter that might draw your attention to something you would not have the privilege to see.

We love those who take Our Words and We thank you for doing it, because it gives Us the privilege to address subjects that perhaps The Heavenly Father has requested Us to do.”

**JUNE 14, 2006 AT 11:40 A.M.**

## **GOD THE FATHER**

**“There is nothing created that does not have a purpose or a reason or a distinct value in it. Remember These Words.**

**Even though you live in a time when millions of human beings do not understand the value of the Words I have just spoken, it does not make These Words incorrect, because it is a manner of what human beings personally associate things with, or use their mentalities to value the credibility of so many things that sometimes, or many times cannot be attributed to how it is done by them. A star in the sky does not drop down to the man who enjoys it. It stays mostly where it is, or where I put it.**

**Hours could be spoken on all that is created for the benefits, the beneficial use, also to give to human beings the value of so many things created that have purpose. I could speak hours on everything: the sky alone, the clouds, the moon, the sun. Just as every human being is**

created for an important thing in life, everything else is important for what it was created for, to be what it was, to aid and to be seen having within it something that human lives should understand indepthly.

I know My Words to some will be difficult, but My Words are to make you aware that in all things created I was There, and in every human life created I am Aware, because the Importance of human lives is different than the stars, than the clouds, than the sky and all the other things that make up so many important facts.

I hold *the little one* tightly, because the Power I have used is far stronger than it is conceivable to understand in the human mentality. We use this *little one* more times than it shows to others, because We depend upon her translations, her interrogations, and what she delivers pertaining to every facet of human life; also, all that exists physically that is taken for granted, because the human mentality cannot always understand the full meaning of why certain things are created, due to the fact that in an obvious way, the human mind cannot perceive the importance of them.

**I will close, but I have many more things to say, because there are so many Gifts of Divine Love that are cast aside and not received in the value They are to the human mind, the human personality, the human intentions.**

**I will close now. I have used her small body to a degree greater than it is seen to be.”**

**JUNE 14, 2006 AT 1:37 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I have been listening to the words you speak with each other. It is important that I tell you this, because ordinarily I would have let you know I was present immediately, or almost immediately.**

**You live in a time wherein there is so much lack of understanding the importance of facts, and what they do to how you respond to things morally or immorally, just or unjust, truthful or untruthful.**

**In the human way there are so many advantages to be able to follow, to give to each one's life happiness, joy, progress, based on sincerity and understandability to what would be feasible for the best of one's Soul.**

**If each human being, upon awakening in the morning, would say that one prayer that they would get accustomed to saying in a personal way to Our Heavenly Mother:**

*‘Heavenly Mother, please give me the courage, the ability to do what I must do and not make mistakes. If I am to be pure in certain directions, please help me, and if I am to make my life more available in a manner of living as the mother of a family, please let me know. I am concerned about this, because if I choose to be the mother, I want those who are with me to know how I feel in this task regarding my Soul, so they will learn that they, too, must be aware of their Soul.’*

**I could speak hours on this subject, because it has so much to its advantage in so many ways. The time has come for thousands of human beings to start looking at how they feel their way of life should be in close association with Divine Will, to give them the strength to persevere, and to be ‘just’ in everything they think, say and do, so they will be good example and will not falter in any way, thus giving to their Soul happiness in a very loving way.”**

JUNE 15, 2006 AT 11:26 A.M.

## OUR HEAVENLY FATHER

**“I have requested *the little one* to repeat Words I want you to understand for the benefit of your Souls, plus all those who will read These Words, to one day more fully comprehend that I, your Heavenly Father, would not have made Appearance on the land, the world, if there not had been a Reason for This Entrance of Mine, to be able to show you Who I Am, and that through My Love for you, I planned many things, many ways, many conditions, many situations, that would inform you of things I Willed you to know for the sake of your Soul.**

**The Souls are so Important, and without telling you, reminding you, encouraging you about Them, you would not understand how close They are to you in your human manner of living, but also, in all the things you partake in that sometimes have moral issues; sometimes have issues that satan is trying to instill in you, and yet, without what you have been given, you would not have the strength to cast him aside, and give you the strength**

to not appease him. He is not right for you.

I use *one small voice, a small body*, but one that will and always has allowed My Words, My Hope, My Willingness to aid all human beings to be able to not just fathom but to know that the enemy wants the Souls, and We cannot let him have Them.

I love you. That is why I try always to assure you of what is right over what is possibly wrong, because your Soul is a Gift of Divine Love, and the Soul wants so much to return from Where It came, because the Soul could not bear to ever be near to the evil that was available because of the horror that occurred a long time ago.

I will help *the little one* release from My Strength, My Power, because her small body cannot stand how I talk. The Power hurts her body, and yet she knows I want her to talk until I say to her, 'I am through.' Her throat is as hot as a candle. She didn't know what was wrong. It is the Power I use when I use her to talk.

I love this *little one* and I love all of you, but I beseech you, don't take chances. Nothing is worth it,

because your Soul cries to Me, *‘Help me, Heavenly Father, so I will not have to be someplace wrong for all eternity.’* I promise Them They will not suffer, but do not forget, as I use *one small voice*, I also use you, all of you, to act in the proper way, because if you follow what is impure, immoral, unjust, just because it is available, it is sad for Me to say, *‘You will suffer in a manner and way inconceivable to you and to all others who practice it.’*

**I love you and I sincerely feel you will address this request with Divine Will.”**

**JUNE 15, 2006 AT 12:26 P.M.**

**OUR HEAVENLY MOTHER  
MANY SAINTS**

**“There are Many of Us Who, when We know the time is right, We are happy to partake in your time because We care. We care about all the things that will give to you something more in-depth to think about, and/or something that will give you a Gift of Divine Love that you will automatically respond to, and sometimes not even be aware of it.**

**I am your Heavenly Mother. Each time The Heavenly Father requests Someone to speak, All of Us Saints Here in the Heavens enjoy it immensely because, do not forget We, too, at one time walked the earth and hoped that Our Souls would one day return to Heaven. The very fact that many men, women, and even children have This to look forward to, gives All of Us Here in the Heavens much happiness, because is it not natural for the human mind to enjoy being successful at certain things, in certain ways at times? No Greater Gift can a human being receive than to return to**

**The Creator and have the privilege to be pronounced ‘a Saint’.**

**There is one thing to add to this of great importance: All Saints do not have Someone in Heaven announcing Their Name to those who are yet upon the earth, so when you reach that Spot, be assured that even though you may be the only one, and of course, Those with you at this time, They will know you have been pronounced ‘a Saint’. Those yet upon the earth will just have to wait until the time they arrive at that Very Wonderful Gate.”**

**JUNE 19, 2006 AT 11:55 A.M.**

**OUR LORD**

**“All the physical aspects of human life were designed and created to aid, to comfort, and to sustain what human life was created for. It is difficult for some to understand the differences in what human life was given the privilege of, over what other things that only different living matters were given, to aid them also, but for different features of how they lived.**

***The little one* I speak through is in many ways a deliverer of what I Will others to learn about and to more fully understand. In the Design of human life many things were designed in ways, areas, and designs that would not have been chosen to be by the ordinary human being, but the results were to give reasonability and advantages, plus success.**

**I know I speak differently, but perhaps it will aid in some way, any time it is beneficial for what It delivers to say.”**

JUNE 19, 2006 AT 12:00 NOON

## OUR HEAVENLY FATHER

**“In My Creation of human life, it was to give to the creation of human life so many Gifts that would give purpose, reasonability, and a manner of, a way of the Soul of every human being involved in human life to one day return to Where I Am, and in many ways be called ‘a Saint’.**

**I speak differently, I know, but it is to share with you the Importance of why you were created and that within you, you do have a Portion of What I Am. It is called ‘a Soul’.**

***The little one* looks for My Face. I stand before her in Full Form and I say, ‘*Little one*, I was as I chose you a long time ago, to serve in ways you would not always find happiness or joy, but you would find help in the world, giving to others reasonabilities, understanding, and the Facts of why they were born.’**

**My Words I know can be difficult for some, but My Words are to strengthen what you know you are able to do, and the reason for it is close in**

**realization that, without My Presence, you would not have known.**

**I hold *the little one* tightly, because as I speak, I feel you should know: She does not hear a Sound of My Voice; I instill in her My Words. This way, when I close My Time with you, My Words do not linger for her to remember, because there are more Words to come at a time I choose.”**

**JUNE 19, 2006 AT 12:39 P.M.**

**“Many of Us speak to and through this *little one* on many subjects, due to the fact that she was chosen by The Heavenly Father for the work she was to accomplish for the sake of Souls.**

**You live in a time wherein so many human beings are ignoring the Power of The Divine, the Reasonability of The Divine, and the Closeness of The Divine to human lives.**

**In the beginning, when human beings gathered to find different phases of life important, but also adding to each one they thought of, talked about, and felt good about, they appointed several conditions or situations that they felt would be feasible, not just to acknowledge but to be able to address as something they could use mentally, psychologically or physically. Is that not so?**

**Now let us go to the time We call ‘now’. In the changes that appear to take place, do you ever ask yourself: ‘Will I progress mentally, socially, if I copy what others are doing that I see**

they're seeming to enjoy indepthly in how they act, or should I assign different ideas I have, and should I try these out?' such as when you communicate with another human being, or you are associated in some form of business that you know some parts of, but you are still learning; or if it is a case of educational means, what and who are you going to choose as the instructive area, constructive for you in how it is assigned to be, prepared to be, or logical in what it covers in meaning, in sound, and of course, every portion of it that a human life would need or feel better with or learn more from?

I know it may be difficult to understand why I would question or why I would even speak to you on this form of how you live at this time regarding certain facets of not just learning, but understanding for the betterment of how you live.

Now let us take a little attention on the Soul that every human being is the custodian of. Just your own manner of living, your Soul will be accountable for. Is that not so? If you were to meet your Soul within the next half hour, would you be prepared to

meet your Soul, and would your Soul be happy to be able to be one-on-one with you openly?

**W**e hear some say, ‘This would certainly be different, even in my own thinking,’ but just for the purpose of looking at one’s self, how would you end up feeling the results would be, if you took this, read it, and thought about it personally?

**T**he human being is a Gift of Divine Love, is given the privilege to one day have the Soul that is within it return to The Creator, and hopefully be named ‘a Saint’. Ask yourself: Do you realize this Statement to be fact, and does it coincide with what was spoken in print before this question and fact?

**N**ever forget, you were created by The Heavenly Father, and He has opened Heaven for every human being created. It’s a Fact.”

**JUNE 19, 2006 AT 1:32 P.M.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila.**

**It is with much happiness I join you today, because I have been given permission to speak Words that I sincerely feel are Words to give strength, hope, energy, but also an innate understanding, deeper, regarding Divine Will, Divine Love, Divine Intercession.**

**Ask yourself: ‘When I awaken in the morning, do I think of The Heavenly Father first and above all things, or do I do things that I feel are necessary physically?’ The next thought: ‘Do I have an urge to receive Holy Communion today? Am I in a state of Grace, or should I have gone to confession to help my Soul have Grace? How many people, in the last days I was with them, did I leave a feeling that I was going to say prayers for them, or did I let them know I would say them at Mass on Sunday?’**

**There are so many things that help remind others of the time that one has to remember the Importance of**

**Divine Grace, Divine Love, Divine Hope,  
Divine Interest, Divine Intercession.**

**I will close for now, but I felt by speaking These Words, it may give the sensitivity or even the urge to put more emphasis on remembering the importance it is to connect one's thinking on Spiritual words at different times.**

**The world has been Blessed in so many ways, and it is sad to see so many human beings cast aside the Spiritual way, the closeness with The Heavenly King, The Heavenly Mother, and All The Others Who, when we pray They hear our words and They are happy to know that we have a habit of doing it for our Soul's sake.**

**As I close, I say: 'God you are never without. It is up to you to remember Him.'**"

JUNE 20, 2006 AT 12:05 P.M.

**“I am holding *the little one* tightly, because oftentimes the Type of Power I am in when I am with her, is not the human power you know about, you are aware of, or that you walk through and in, in the human manner, way. The reason the Power is different than It is perceived to be, it is because when We enter her mentality to inform her or to speak openly to you or any others that We choose, the Power is different, because different organs of the body absorb the Power necessary to be used. Some individuals will feel very smug in how they would discern It to be, but I assure you, it is all done for the sake of Souls, and from The Holy Trinity.**

**As you accept each time you do, to commit yourself to being concerned over the fact that One of Us might speak, thus giving Words to you or through you, Facts that you would not ordinarily have in your mind to do, to speak and/or to deliver Words in a more generous way to help others who read Them, to more innately understand that to be in the physical life of**

mankind it would not be seen in how It really is, if it were not done in the manner We do it with you, and for you.

In the Spiritual practice of human life, there is a direction that is very beautiful, because it reminds all ages of human beings to pray, to think in a Spiritual way, thus encouraging them to not set this aside, because it is what guides the human lives mentally, socially, physically, morally. The line goes on and on and on.

Some might ask why I am speaking this way on this day. It is to refresh your thinking, to remind you that you live in a time wherein Heaven was happy to speak to you and help you to know things that otherwise you would not be told. *The little one* We use speaks Our Words to you. Remember this.

I will not keep you long, but I want you to know These Facts, but I also want you to more fully understand that every moment you live in the human way, you are accompanied by Saints.”

**JUNE 20, 2006 AT 1:00 P.M.**

**“Due to the fact that words are of great importance in every human being’s life, because words distinguish right from wrong in many areas of how they are put in script, or how they are based openly on something that has to be either given credit for or cast aside, a word, to many people, is more important than most words are seen to be, because a word can change an important statement. Much depends upon what the individual wants it to be heard speaking, subject matter that gives balance, purpose and logic to those who will read it.**

**I speak differently, I know, because Many of Us Here in the Heavens are always present when We have the ability to be present, but the one thing that is difficult is that when We hear either conversation or remarks that speak of specific important individuals, or the word ‘credibility’ in respect to what an individual feels is worth standing up for, no matter who is not happy about it.**

**I could speak hours on end on what I have just stated here. The reason I am doing this is to alert those who have such a serious responsibility that one day they may have to stand up and be counted for.**

**I sincerely feel that words should not just be cast out as evidence in what some individuals use the meanings that they feel are the right meanings for others to see, to hear, and to use.**

**Wording in every language throughout the world is a Godsend, because it gives to human living, human life, information that can give to the mentalities hearing it and those reading it, a generous amount of knowledge, consideration, hope, advantage, and sometimes even a higher station in life because of how the individual can perceive openly what wording means.**

**Now some reading These Words will find Them either uncomfortable or just Words, thus not feeling the Wording is suitable to their manner of living; but the basics for wording, designed by The Creator Himself, appoint and point out a deeper meaning sometimes**

for the same words that could be spoken in many directions.

I hope you will believe and understand what I am saying, but also the reason, because as you have all accepted a responsibility to The Heavenly Father Himself, you must understand that sometimes people would like to correct you if they can, so remember, when you speak, or when you put something into print that others will see, be aware of how you say it, how you think it, and how you prove all this in the words you use.

All of this may sound odd, but there is something about words and in how they are used, that oftentimes can create a magnificent gesture of so many areas of life, of just plain living the human way. Remember this.

Never forget, if The Saints spoke unkindly, would you like it? If The Saints just didn't care about handing to you something that They felt would help you, would you like it? No. The list is endless on the importance of wording alone to every human being, and other things that have the privilege to make sounds that send

**words. Remember, it was created for something important.”**

**JUNE 20, 2006 AT 1:47 P.M.**

**SAINT MARY MAGDALENE**

**“I am Saint Mary Magdalene. The Father has allowed Me to speak today on subjects He knows I have great concern about.**

**All ages of human life need to partake in the experiences that give them a stronger understanding of what association with other human beings does for them, instills in them, and strengthens them by physically, sometimes morally, and yes, sometimes psychologically, but there is one other thing that never should be discounted, and that is to have a sense of humor that accepts sound humor that is meant for enjoyment, caring.**

**Children now days are not learning certain things. Many are left alone too much, because in allowing this to be, there is very little times that sound logic is passed through in conversation, in example, and in the importance of communication that enlightens the mentality of all concerned, but also draws individuals**

**together because of what they have in common with each other.**

**So many excuses are used, but the excuses do not really help in any direction. They only appease the one or ones that do not have the ability or the sensitivity or the knowledge to see things cast correctly, thus allowing moods of different individuals to be more active in a silent way. This may sound a little unusual to speak about, but it is fact.**

**In the Creation of human life, so many things were instilled to give to the human manner of living, so many inclinations, interests, ideas, regarding what an individual would like to do and what kind of individual they would like to be with, plus what are they going to use for a manner of living, a way wherein they are associated automatically with other people. The list is endless, but these things give to life a purpose, a need, and definitely the method to live a life knowingly, also sharing life with others that can very easily give hope and a deep understanding on what life is all about.**

**I know These Words may not help some individuals, but for the most part, it is a beautiful thing to see when you see happiness amidst one, two, three, four, five human beings, and even more when there is a greater number.**

**My next Line is of great importance. Human life was created for a Goal for That Portion of it called 'the Soul'. Also, human life was created to live with others like himself or herself in the human role. Many favors were added, and much enjoyment is possible. Looking at life every day can be help for the future, hope for things to come, and it can cause an individual to care about things they never thought about before.**

**Human life has a Soul, and the Soul is ever active, because the Soul is that Living Part of The Creator that gives to the body of a human life, Faith, understanding, and the beautiful act of learning logic where the human body is necessary, and to help it imitate the bodies that went before it.**

**So much can be spoken on the Creation of human life, and all the things that it is involved with that**

**give to it purpose, happiness, hope, and yes, a lot of learning.**

**All human lives are always Blessed by The Creator of them. Never let yourself not think of this.”**

**JUNE 20, 2006 AT 2:17 P.M.**

**“There are Several of Us present here with you.**

**It is so important that all the things you have made note to do in service to The Heavenly Father, We smile at you and We say to Each Other: ‘It is so nice to see those who follow Us at the beginning way, because so much can be learned in every day. It is so nice to see those who care so much, who feel the responsibility because there are thousands or even millions of human beings that, even though they try to do what they feel will appease The Creator, make Him happy, they do not use what He would like them to do, because they do not see things in a totally Spiritual way. In a totally Spiritual background there is still a lot of happiness, because to enjoy what one does gives the happiness necessary to fulfill one’s love another way.’**

**So many men, women and children do not realize what a beautiful Gift being created a human being is, because even though it appears that it**

takes time to develop so many things in one's way of doing things, but this time is never wasted; thus, the desire to do it gives a strength unseen, and the desire to do it says to All The Saints Here:

*'I hope to be with You one day, and that is why I am doing what I am today. Thank You for the privilege that Your Example gave to me.'*

**These words are a treasure to Us, because they are words of strength, logic, hope and happiness in some ways, so as We Here in the Heavens close, but just in Words, We want you to know how pleased We are to know that some day you will be Here and We will be friends and use Our time in thanks to The Holy Trinity."**

**JUNE 20, 2006 AT 4:22 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**So many times when I speak to The Heavenly Father, and I say to Him: ‘I want to speak to those who are in service to All of Us by looking at Words in print, thus aiding others to learn more in a factual way, the Importance of How We Live, Who We Are, and All The Other Saints Here in the Heavens. It is important, My Dear One, to know, to have others be able to speak in This Manner and Way, so We would have many who thought and who will think the right way.’**

**It is true that I speak in this manner to My Son, because He knows how I feel and the importance I want all things to be in perfection, because of the Divine Love that human lives are saturated with, if they will but look at it in the manner they should.**

**I know I do not speak often, but once in awhile when I do, it is a privilege, a pleasure, and it is in My Tone of Voice, My Love for you. Thank you for talking to Me today in**

**the Script you are putting in print, because I, your Heavenly Mother, am always available when you mention My Name or you say a prayer to Me. I love you. Never forget.”**

**JUNE 21, 2006 AT 11:25 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**We are All so happy when We see consideration for each other in the human way, in the human caring, because in the Creation of human life, it was meant to be this way. Would I have given to human life My Concern, My Love and My Desire to create it, if I did not feel it was special in every way? When I see an act of caring, of consideration, it pleases Me more than I can say because, do not forget, in My Love for human life, I oftentimes see to it that in the Gift instilled in it, I oftentimes remind individuals of what there is to help them, to aid them, and to give them something they would never have thought of on their own.**

**I bless those who use what I do, because it shows response that is in My Way, helpful to Me in what I call ‘a service’, giving help to other human beings that need it for many things.**

**As I close, I want you to know: In the Creation of human life, I placed within it a Soul so that when the time**

**would come and the physical would be spent in all it had been used, so now the Soul, when It is returned to Me, It will be blessed by Me. Remember this.”**

JUNE 21, 2006 AT 11:59 A.M.

**“I have asked *the little one* to speak My Words for you to hear Them, because what I have to say is of great importance due to the fact that in one’s lifetime upon the earth, so many things occur that cause much interference with how an individual prays to The Divine. Does this cause you to think on this subject any time?**

**I am holding *the little one* tightly because the time is difficult for her, due to the fact that so much is being delivered almost continuously, even when she acts as though it is not.**

**In the Creation of human life many Gifts were instilled, thus aiding the mentality to face challenges that at another time could not take place.**

**She is looking at Me and asking Me a question. I smile at this, because every question she requests to be answered has a great importance in it, for it, with it. She wanted to know if what We speak through her should be cast out into the world and, if so, should It be shown in print on the**

paper why It is being cast out. I smile at this. Her preciseness in everything is far greater than it is seen to be.

Now I would like to say why I am speaking to you today. You live in a time wherein so many changes are being sought after, so that time and one's manner of living will speak in a different way. This may be fine if the subject matter is one that will please The Divine. You live in a time not worse than other times in History of human life, but equal to, in many ways, the rights and the wrongs, the good and the evil, the learning, oh yes, the learning of many subjects, and also, on the other hand, of using the subject matter in a different manner of category, or willingness to use it in the simplicity it might occur to you.

I will close, but as I do, each time I speak through this *little one* to you, it is to show you, to allow you to hear that you are never alone. There are always Many Saints in the Heavens Who are willing to listen to what you have to say, and yes, They requested from The Father to whether or not They should repeat physically or spiritually or some other way.

**I bless you from the Heavens, because of your understanding that you hear from The Divine when you take the time. Remember this.”**

JUNE 21, 2006 AT 12:45 P.M.

**OUR HEAVENLY MOTHER  
SEVERAL SAINTS**

**“There are always Several of Us present where this *little one* is, because We are always aware of the importance in what she is capable of delivering to point to important facts, conditions, situations, benefits, even to protocol and other such means of how human beings use their manner of speaking and/or how they would like things to be.**

**You live in a time wherein so much is ignored that is important for the Soul that all human beings are the custodians of. We hear some individuals, of all ages, speak about their age, but rarely do they speak about how they are using their time, unless of course, they are bragging about an important event or a condition that will allow them to have more than they have.**

**There are thousands and thousands of children living upon the earth. Many of them are used; used, too, by adults. This is sad for Me to speak this way. It is important though,**

that prayers be said for this to cease in the degree it is allowed to be. Also, it is time for all ages to be aware that to live a human life is a privilege and should never be considered a time of despair, because there is always something that can instill into one, the benefits and the precious things that can be gathered one by one.

Many, in reading These Words, will wonder why such a way to talk; the subject matter is not ordinary in a means of just thinking about what one has, or what one has the capability to do, or the advantage of knowing about. All These Words may seem different, but it is time sometimes to look at many facets of living human life. It oftentimes awakens the mind to things that were not thought about through time.

I will close, but as I do, I say, ‘Never forget, when you were created, it was a Gift of Divine Love that allowed you to become a human being.’ This Statement is Fact, and never forget, whenever you ask for a Blessing, It occurs.”

JUNE 21, 2006 AT 1:09 P.M.

## SEVERAL SAINTS

**“There are Several of Us present each time The Father wants Words to be put into script that pass through this *little one* regarding subject matter that has a good importance in it, for it, to it. It is necessary to be remembered, just in case it will be needed at a later date for verification of an important statement, an important subject, or important facts that need to be understood in a better degree than they would ordinarily be.**

**We speak through this *little one* so often and she does not always mention Who We are. Sometimes it is as though she is speaking of her own free will. We enjoy this time with her, because she gives to Us a happiness to share what she is addressed by The Heavenly Father to use for the sake of the Souls of perhaps thousands and thousands of human beings.**

**Words in any language bear an importance in them, for them, to them, but all languages are not understood by everyone. That is why,**

when We were told that We would be able to dictate through this *little one*, We were All happy about it because We knew if We put Words in her, it would be satisfactory in what We thought, We said, and We wanted to do.

Messages of this kind are actually fun to release, because in It, it is a sharing with those who take the Words of what We were told to be, how We were told it could be done, or in. Thank you for writing Our Words. Perhaps We will be able to talk to you sooner than Any of Us know.”

**JUNE 21, 2006 AT APPROXIMATELY 1:20 P.M.**

**SAINT ANTHONY MARY CLARET  
SAINT IGNATIUS LOYOLA  
SAINT THOMAS AQUINAS**

**There are Three of Them: Saint Anthony Mary Claret, Saint Ignatius Loyola, and Saint Thomas Aquinas.**

**“We have requested *the little one* to put Our Names into print, because it is Our privilege to partake in what she is all about at this time, in this year, for the sake of Souls of millions of human beings, but also for the sake of many, many human beings to be able to more fully understand that they became a part of what We call ‘Divine Plan’ by being present wherever this *little one* is, and by sharing different Signs that give happiness, prayers, and a thought of Holiness in It.**

**Human life is a Gift of Divine Love, and every human being has the privilege to stand strong in it, for it, and display it to others who are sometimes not sure of what this Sign means, what this Gift is, but then when they are told, they shine in happiness, hope, because there is**

**nothing ever created that does not want to participate in what would be Part of The Divine. Remember this. It is fact, it is truth, it is love that does not show in existence, but it does in how it wants to be part of what is spiritually correct, spiritually happiness, spiritually hope, and yes, that they are in the company of thousands or millions of others sharing this part of how to live a life.”**

**JUNE 21, 2006 AT 2:56 P.M.**

## **SEVERAL SAINTS**

**“Yes, there are Three of Us. We many times are present where this *little one* is, because of there being so many things close to her that We are interested in because of the nature of them, or the real good that many of them are capable of instructing in, or using means to alert those who come to It, to more fully understand that sound religious facts, interest and practice gives more strength to human life than anything else they could approach, or practice to have.**

**In so many ways, there are many benefits to help individuals use time, use their knowledge, use their method of following what sounds spiritually correct, spiritually practical, even spiritually accessible.**

**Now let Me open a door to another side of being a human being. Some individuals enjoy taking upon themselves responsibilities in service to The Divine. It does not always commit to, submit to in a full measure, but it does allow individuals**

to be better able to understand the practice, the initiative and/or the standards that are governed by those who support morally, physically, what the plans consist of.

**I** know I am speaking differently than you would expect Me to speak, but I assure you, sometimes it is more important to learn what I have just spoken, because it gives you time to consider facets of them, consideration of them, and also what these things do to your own life if you look at them in a way that develops in your mind all the good conditions, or the semi-good conditions, or perhaps some even out of the ordinary that you would not want to be troubled with, or even try to understand.

**You** may ask why I have spoken this way. It is because the Creation of the human mind was a Gift of Divine Love, but without the facets, the conditions, the reasonabilities that the human mind would be capable of using, there would be no sense to have this in one's thoughts or a manner of living, but it would be wise to look at the different areas of practicality, of understanding, of motivation, and of course, of how it would help one try to

practice another state of knowledge on a subject matter that would be feasible, practical, enlightening and hopeful, if one put some work into it by logic accepted in it.

We will close with *the little one* now, but Some of the Words may be enlightening, or able to encourage interest in it. Thank you for listening to Me. Thank you much.”

JUNE 21, 2006 AT 3:55 P.M.

## SEVERAL SAINTS

**“There are Several of Us present. We stopped *the little one* because We are so happy with all of you in your sincere togetherness that is allowing so much to be accomplished in ways, and indepthly so, for others to more fully understand that your love for The Divine shows in everything you think, speak and do.**

**I am so happy to be with you today and other days, because you have shown Me so many things about yourselves that give Me a feeling that when The Father requested a gift or a message or words from you, He will be so pleased because of His Love for human life, and His Love for those who walk in a rate of speed according to how they live and how they love The Blessed Trinity.**

**Thank you again for this gift of service that will always be remembered.”**

**JUNE 22, 2006 AT 11:25 A.M.**

**“Every day of living in the human life, it is more than a privilege, it is the ability to speak openly, personally to The Divine, that to many individuals’ thinking, It does not exist in the closeness It is, or even in the degree It sounds like, It appears to be.**

**Logic to human beings is oftentimes more than they can fully comprehend it to be, because the subject matter that is put in a manner of Communication, it is difficult for those who lack Faith in The Divine Existence. This is always sad to hear, to see and to be with, especially when the so-called ‘human nature’ ignores What created it and What instilled into it Gifts greater than the human mentality or skills could do on their own.**

**I pass These Words through *one* who I know will pass Them on. She always has and always will, because her communication with Us is based on Divine Will, and though We become the Receivers of what she says openly,**

**it is All of Us that instill It into her to even think It, and then be able to speak It openly, verbally, seriously, not exchanging one Word or subject that We address It in.**

**Human life is a Gift greater than the human mentality can perceive it to be. It is a Gift of Divine Love from The Holy Trinity.”**

**JUNE 22, 2006 AT 11:54 A.M.**

**“Each time I take this *little one* to support what I Will others to help Me with, in some ways it is a sadness to Me that I use her so strongly, but I know it is the best degree of Communication I can have with others, because when I choose to speak to others, it is always an important issue and/or a necessity that, if left alone, it would not be able to do what it is designed to do.**

**In the Creation of human life, since the beginning of it, human life was instilled with Gifts beyond what anything else created had or would have, for the most part.**

**I come today and I will make My Wording shorter than I would like to make It, but I want you to understand My Love for human life is far beyond what a human mentality can perceive My Love to be. In My Love for human life, I want so much to be understood because of the Goal that the human’s Soul will want to reach at a given time. Without a Goal, what would life be like? It would have no purpose, right?**

**So, as I speak on the subject I have just spoken, I do it because I love the Gift of human life in ways inconceivable to human beings.**

**There is a Soul in every human being created, and it is sad when the one in whom the Soul is, is not in an understanding way to Who I Am. This happens, this occurs in different bodies that are given the Beauty, the Magnitude of a Gift of this Nature, Way and Purpose.**

**To some who take These Words and/or to some who read the Words, I do not expect you to understand every facet of Divine Plan, but I do want you to realize, to recognize that to be created a human being is a Gift far greater than most human beings perceive it to be.**

**So many times I want to talk lengthy on this subject, but I have been spoken to by One Higher than What I Am. I will not mention the Name now, but those who take These Words and are example of These Words and who give to others copies of what I speak, a Blessing will come your way, I promise you, and the day will come and We will talk in a personal way. I**

**love you. Thank you for your time of this day.”**

**JUNE 22, 2006 AT 1:43 P.M.**

**“There are Several of Us present. We are All happy to hear many things from you who are here, because it refreshes Our memories to how life used to be. Some might wonder Who We are now, because of the Words We have just allowed to be.**

**There are Seven of Us present. The Heavenly Father has allowed it to be, because Each of Us, in Our Love for Him, many times walked a tightrope, wanting Him to know Our human service upon the earth was special from Us to Him.**

**‘Now, what would a service do?’ we asked ourselves. So then, we asked Him. Believe it or not, He answered in a manner and way we understood. It was innate in Him to think we might speak because of our mannerisms and how we talked, but also how we looked. One of the remarks left all of us in joy. The remark was, ‘It is nice to see you again.’ Two of us at the table wondered how He could even say that. We didn’t know Him, but after a long**

**conversation, speaking on different versions of how we liked Him, but how, we were wondering. It came to both of us at the same time: We worked for Him in a place that He owned, a building, always kept clean.**

**We could go on and on regarding all the things we did, but the most important statement would be to tell you: His politeness, His stature, His honesty and help, instilled in us a manner and way to be polite, because we automatically sensed that He was a highly intelligent human being, and in our pleasing Him, He will always remember us.”**

**JUNE 22, 2006 AT 2:15 P.M.**

**SEVERAL SAINTS**

**“There are Several of Us present.**

**It is important that Our time with all of you is noted so others will understand that a Communication such as We have with you, cannot be intercepted by outsiders, but those who enjoy speaking about another manner of living, We are capable of aiding them according to their subject matter and/or their desire to express important subjects that when they are written and put into script, they are capable of encouraging, or enlightening or including subject matter that would give help, sometimes hope, and other aids to what is the subject matter.**

**We speak like this today because We have been Blessed with the abilities to do many things that appear as, and are put together as important Words to be handled properly, but needed to aid important Scripture for others to be able to follow It in the correct manner.**

**Your use of words is a Gift of your being able to accept what you**

hear, and in many ways use it. Our Gift of Words that We are able to hear, is important to Us because We live in a different Type of World than you do, and oftentimes when new subject matter becomes evident, We request permission to put It in a manner of print that It can be read and/or heard through one who reads It, because the script is to emphasize the Wording that would be most helpful, understandable, and permitted in a language manner.”

JUNE 23, 2006 AT 11:54 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Believe it or not, this *little one* is being held by Me because of what she has just disclosed to you. I love her very much, and I love you also. Do not forget this.**

**Time to human life is a very important thing, because time allows or directs important segments of life to be considered, to be understood, to be practiced, and to be alerted to. What she says, ‘You speak so loudly and so fast,’ and I smile at this, because My Communication with her is normal. It is as though she is talking with you. This *little one* I use and so Many Here in the Heavens use, is very adept at understanding what concern is, what conscience is, what caring is, and what love is.**

**I speak this way today because of so much that I spoke with her about, due to the fact that her considerations are always of great concern to her, because she realizes the importance of every move in human life, every word**

**in human life, every act in human life; and every time there is a chance to do something, is it right or wrong, good or evil? Does it have Faith in it, or not?**

**My Love for you is different than you understand It to be, because My Love for you is Personally. It is to give you the strength, the importance in how you feel to follow, to save your Soul and give It what The Divine Will wants It to have, and that is to return to Heaven from Where It came. Remember this.”**

**JUNE 23, 2006 AT 12:41 P.M.**

## **SEVERAL SAINTS**

**“There are Several of Us present because of the importance in what We desire you to put into script for the benefit of those who need to remember the Importance of what human life stands for, what human life is, and how many degrees one has to understand regarding how to live with other human beings physically, mentally, morally, spiritually. The list can go on and on and on.**

**To be created a human being is a Gift, a Blessing, and basically the foundation for one day to become ‘a Saint’. There are so many facets to living as a human being that give to an individual strength, hope, deeper understanding, and the motivation to conquer, to accomplish, and to condone what is morally sound, logical, reasonable and good.**

**I know I speak quickly, but there is so much We Here in the Heavens care about those yet upon the earth, due to the fact that sometimes circumstances or progress or necessities do not picture**

**themselves openly, and it is always a shock when one suddenly discovers the conditions need attending.**

**We come on this day to, in some ways, let those putting Our Words into script know that We care, even though We are not in the human way of life at this time, but The Father gives Us the privilege to give hope or strength or purpose, or some Wording to awaken the mentalities that there is an Importance to being a human being. Don't just let it go on and on and on without understanding the Importance of it, the Goal for it, and the Future it has with The Holy Trinity.”**

JUNE 23, 2006 AT 1:31 P.M.

SAINT ALPHONSUS LIGUORI  
SEVERAL SAINTS

**“I am Saint Alphonsus Liguori.**

**We All smile when this *little one* speaks Our Names, because We have been with her a very long time. She is very conscious of Our Presence. We enjoy this, because her dedication is to Divine Will, and this is first in her thoughts, her manner and her way of speaking to others.**

**There are so Many of Us Here in the Heavens Who ask The Heavenly Father if We can have time with her because of her interest in how We received Heaven, but also, what We are doing to help Souls.**

**You live in a time that is spoken to be repeated often, that the time is worse than Sodom and Gomorrah. This Fact is Truth, but even though it is worse, it is covered up by many who serve in this condition, situation, in many ways.**

**It is important that This Miracle travel throughout the world leaving**

**Messages that have been delivered, so that others may be able to read and to more indepthly concentrate on how close We are, how caring We are, and how Important We feel that human life is.**

**All of Us Here enjoy speaking through This Gift that We are assured, in so many ways gives to human beings of all ages, the right perception of what life should be all about. There are so many sinful characteristics, walking, riding, driving, swimming, and all the other things that are natural to human life, it is important that The Commandments be remembered one by one, and looked into for the full measure of what the Words speak one by one.**

**We will close, but as We do, We say: ‘Never forget, there are so many Blessings to being a human being, and there are so many Gifts awaiting the Souls of all human life. Never forget, you were created for a Goal of your Soul, and that is Heaven.’”**

**JUNE 23, 2006 AT 2:10 P.M.**

**SAINT ATHANASIUS  
SAINT PATRICK  
SAINT JOSAPHAT  
SEVERAL SAINTS**

**“There are Several Here. I am Saint Athanasius. I am Saint Patrick. I am Saint Josaphat. There are Several More of Us present, but We have come today to let you know that We are behind you, around you one thousand percent, because of the manner in which you have accepted your responsibilities in service to The Creator of All Things.**

**I sound dramatic on this point, I know, but sometimes it is forgotten to be seen as important as it really is, and that is why Some of Us Here in the Heavens like to give a few Words, to give more of a deep feeling about what occurs between All of Us.**

**To be a Saint in Heaven is a Gift of Divine Love, but it also carries a burden, and that is to give hope to thousands of human beings who are yet in the living state, especially when they pray to One of Us. We try very**

hard to make them think about what they just did, and what they said, how they feel, or what they need help on.

**You** live in a time that in many ways can increase in what is morally correct, morally beneficial and morally pleasing to The Creator. All things are not acceptable when you feel you are in the mode to make failure remarks, motions, and use time in the wrong way.

**So** many times when We see someone walking the earth who could one day be ‘a Great Saint’, it makes Us so happy, but then if the individual suddenly causes something to occur and We see nothing but immorality, impurity, injustice, and a lack of respect for The Holy Trinity, it brings despair unbelievable to All of Us.

**These** Words We want you to know, because They are Words to help you always remember that the Goal of Heaven is the Greatest Gift that you could ever receive, because Here in Heaven you are with The Holy Trinity. Remember this, and Several of Us say It together: ‘Please make Heaven your Goal for All Eternity.’”

**JUNE 23, 2006 AT 2:25 P.M.**

**“Yes, there are Several of Us present.**

**We are so happy to partake in This Gift in which The Heavenly Father wants so many things to be more fully understood so that Saints will receive the Blessings in a greater degree than They have been lately.**

**The Heavenly Father wants All Saints in Heaven, and believe it or not, so do Many of Us Here Where We are, because it is not just a case of happiness, it is a case of pleasing The Heavenly Father in a way, a manner and degree that gives more than happiness. It gives purity a stab at being a necessity to live the human way.**

**It is a beautiful Gift when one wants to please The Creator, because as everyone knows, The Creator is rarely ever seen, by the human eye that is, but The Creator is the recipient of so many good gifts, beautiful gifts that give to lives the privilege to be thanked in Ways Supreme.**

**Each time a human being, the Soul of a human being I should say, reaches Heaven, Happiness surrounds Everything There, because purity is a Gift above and beyond what it is ever thought to be. Remember this. Strive for purity of the mind, the body, thus giving to the Soul Heaven above all things, time with The Heavenly Father, and yes, tasks that will give hope in places unheard of. Remember this.”**

JUNE 26, 2006 AT 12:26 P.M.

**“There are Several of Us present. This is oftentimes the way We are able to discern how many present might be willing to speak words in regards to how they are addressing certain facets of human life, thus giving to their association with conditions that could mean a lot for the benefit of their Souls.**

**Many times, when We speak of the Soul, We are aware of the lack of understanding that most human beings have regarding That Important Portion of them, called ‘the Soul’. Oh, they think of other parts of the body and they dwell on what is occurring there, but not many dwell on what the Soul is being put through, or forced to partake in, or forced to speak openly with words to another, or many others.**

**We speak through this *little one* and have for a very, very, very long time, and it is always sad when We hear criticism, or insensitivities to what they call ‘not understandable’,**

because there is nothing that We deliver through her that is not understandable to the normal mind, the normal manner of consideration, and the normal purpose for human life, human living, to understand as not just feasible for them, but helpful in many degrees, many ways, and also for particular conditions, situations that can occur in some individuals.

I speak differently, I know, but Many of Us Here in the Heavens are concerned over how little is thought of regarding the importance that this *little one* has to deliver and yet can be criticized for the Words; not her doing, but those who are putting Them into script incorrectly.

Today as We face all of you, We do it because We care about you, and We care about the condition of your Souls, but also, it is to aid this *little one* to give you help when it is needed, and We are always assured she will do what The Father Wills to be accomplished. It is sometimes difficult for her to speak Our Words, because she is concentrating on the indepthness in which They will many times speak on subjects, subject matters, thus giving to the individual or individuals, a

**fuller understanding of what they are receiving that is accountable to the one in whom they are listening.**

**I will close, but as I do, I say, ‘You are Loved immensely by The Holy Trinity. I beseech you, do not give that up for anything, and when you are Blessed in allowing the Words you can help others with, it is an extra Blessing that The Holy Trinity enjoys, and enjoys being with you.’”**

**JUNE 26, 2006 AT 12:56 P.M.**

**“I have requested *the little one* that so Many of Us speak through, to take My Words because I feel They might be very helpful to someone that comes in contact with her later on.**

**I was a priest, and walked the life in service to The Heavenly Father. I enjoyed every moment, because I felt His Presence and His Distinct Innate Love for human life. As I walked the path, I sometimes questioned whether I was capable of being someone to hear confessions of others, and also to walk a path that would help Me become ‘a Saint’. Believe it or not, this is a greater, larger point to be concerned about than it is seen when you just speak about it, because suddenly you are aware, or I should say, one is aware of making the right choice, doing the right thing, and submitting perhaps repetitiveness in how you feel you lacked certain things.**

**Some might say, ‘Why would You speak like this today?’ Well, because it is something the Soul kind**

of reminded you of, why you are in a certain place, because the Soul is so clearly understood and so sincerely ready to aid when It can. We see very much of this Where We are, and it is a Blessing that most do not understand it to be, because they do not compare it to other things, and/or they are not in the same Area We are, to learn about what a Treasure it is to the Souls that We are responsible for, and also responsible in, to a degree.

I will close These Words and I say with much Divine Love, ‘Look at daily living as not a challenge, but as a Gift that is ready to be fulfilled when you know that the time for it to be considered in you, Many Souls are with you.’

I know I have spoken differently, but I have done it because I care about every human being created and I know what it is to walk the final way. There is always a Goal, and it is up to you to use it for your sake.”

JUNE 28, 2006 AT 11:50 A.M.

## GOD THE FATHER

**“In the Gifts of human creation, so much was considered to be important, to be justifiable, and to give to human lives benefits that nothing else created would be the recipient of. When the time came for things to be seen in an open manner, open way, it gave to human beings the realization of great importance to the manner in which they lived, and of course, how they approached each day different than anything else created.**

**I could speak hours on this subject matter, but I am aware that as you live each day, you are accustomed to seeing and hearing all that is occurring regarding the Beauty and The Divine Love that is placed into human lives when they are created, thus giving to human life Gifts above and beyond what other things created are capable of having.**

**I speak through this *little one* distinctly, because I want those present to know, in My Love for all of you, I want you to become part of what I feel,**

**what I think, and what I do. That is why I so often speak through this *little one* that you are familiar with, because then I can address subject matter that you understand, and you have the capability to pass on to others through how you act, how you speak, how you consider lives that you meet.**

**As I close at this time with you, I bless you with My Love and I say, ‘As you walk the path the human way, you are serving The Divine in Their Way.’ So be it.”**

JUNE 28, 2006 AT 12:39 P.M.

## SEVERAL SAINTS

**“There are Several of Us present, because many times We instill in *this one* We are speaking through now, things We feel should be met morally, psychologically, and with much honor to the individuals that are present.**

**Many would wonder why We would speak with These Words, but it is important, because when you deal with things that are considered Holy, and you understand that Spiritual Blessing is instilled, it is important that you enter all areas of communication with a specific consideration for what will be spoken because of the dignity necessary for a Saint or a Soul to speak in a manner and way understandable for others to repeat, to follow, and to be guided by.**

**(They are Beautiful. I am looking at Them move.)**

**There are so many times when We make Our Presence available to those who are interested in asking Us to take the words they want to be revealed, and have Us then pass them**

on, is a privilege greater than it is seen or known to be, each time you pray and you ask for help or consideration or the ability to cope with what you are requesting, regarding aid or many other things that allow what you are speaking to be noticed by Those Who listen.

Every day in the way of human life has many assets and many things to give it the strength, the perseverance, and the Spiritual Grace to not just satisfy, but to console what is necessary at that time.

There are Many of Us Saints always present wherever this *little one* is, and We might add: Our Presence could be where you are and you would not even think about that, but We have come today in what you would call 'a Number', because We want you to understand that to be created a human being is a Blessing beyond what it is understood to be. The Soul is present, and the Soul is a Portion of The Creator of All Things. Would that Statement not make you think a little harder? It should, because the Soul that an individual is gifted with is the Greatest Gift, because It is a Gift of strength, a Gift of aid, a Gift of hope,

**and a Gift that will one day be with you when you are a Saint.**

**Speaking many hours on this subject would be difficult and yet easy to take, and yes, perhaps easy to make possible for Us to do, but I wanted to say the Words I have, to let you know that many times We are present when you would least expect Us to be, but do not forget, your Soul one day wants to be ‘a Saint’, and We want It to be that way, too, for your Soul, because the Soul is the recipient of all you think, say and do.**

**As We close this at this time, We want you to know there will be a time that We will return and want to talk to you again.”**

**JUNE 28, 2006 AT 1:44 P.M.**

**“There are Several of Us present because of the importance of what We wish to discuss.**

**Your Faith in The Heavenly Father and all that is good in purity, sincerity, and love for The Divine, you can be assured is Blessed in more ways than one.**

**So many places throughout the world wherein ‘Spiritual Grace’ is obvious, and it is treated to be respectful to The Divine, gives to it a reason for prayer, a reason for the mind to more fully understand the Beauty of being created a human being, and be alert, be aware of, and more fully understand that this is a Gift of Divine Love to the human, but also for how the human being responds to the Grace and the Love of The Divine. It is all in one means to give to one’s Soul a firm grip, a firm standing, allowing the Soul to follow the integrity, the purpose, the reasonability of why The Divine is so close to the human mentality, and is consistently following Spiritual**

**Service wherever it is being practiced, or put into a manner wherein human beings gather to speak words that are important for the Soul, of Which they are the custodians of.**

**We could speak hours on these subjects, because it is important that all ages of human life begin to understand that the very fact that The Creator walked the earth, put Himself amidst the crowds and left within them the purpose, the logic, and the reasonability that He in many ways showed in Words, in the Way He walked, and yes, in the Way He greeted other human beings.**

**I could speak hours on this measure of descriptive understanding that is necessary for human beings to follow and to use in a dignified manner, way, because there must be some form, some way, some individuals who will lead others in what is morally sound, correct, and yes, necessary because of Who the individuals are addressing their time to, and that is, 'Saints'.**

**I will close. I could speak hours on this subject. Please be aware of the importance of how you follow What is Divine and What is to one day guide**

**you to Where you are working to go,  
and that is to be ‘a Saint in Heaven’.”**

**JUNE 28, 2006 AT 2:40 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**It is important that those who understand the Gifts to human life are the greatest Gifts a human being can receive, because in these Gifts, there is a close association unseen but logically felt, because of one’s understanding of The Divine. Even when individuals try to ignore, pass over, or resist what they hear is associated with them, it must be understood that in the Creation of human life, many Gifts were instilled and presented at a time the individual did not have the ability to choose what they felt was right or wrong for them. These Gifts, of course, were given to give strength, security, and many abilities to giving to the mentality and the body of the human being, the ability to do more things than anything else created would have the privilege of.**

**I say these things to remind those present and those who will read the Words, that human life was created for a very Beautiful Purpose,**

and that is why so much was instilled, giving strength morally, physically, psychologically, so that when the necessities were offered to aid the individual to be involved in things other than themselves for what they decided to choose best for them, but also for the things that would be shown to them that would be far outside what they were used to.

The list is endless on this, and hopefully I will give you a list at another time, because it is something for you to think about, something for you to realize that in the Creation of human life, nothing was left out that would be feasible for it to handle and be alert with, because of the purpose for which it was, and also what good it would do for the individual, whether it be the Soul or the body or the mind, and the interest of an individual. The list is beyond These Words.

So, as I close, I just have a few more Words to speak: To be created a human being is logically and openly, a Gift of Divine Love from The Holy Trinity.”

**JUNE 29, 2006 AT 12:35 P.M.**

**“There are a numerous Number of Us to be with you at this time. The reason for this is to aid you, to comfort you, and also to help you be more fully entitled to be closely associated with Those of Us Here in the Heavens Who desire to give you strength, more understanding, and more aid when it comes to speaking to those you meet and those you meet who want to learn more about how you think, how you feel, and how much you are aware of The Heavenly Father’s Divine Love that He shares with every human being that requests the time and the Words.**

**I know I speak differently, but there is so much I want to speak on, for, with, and how, because in the Creation of human life, many abilities, talents, interests and understandings were automatically instilled, thus helping those who were created in the human way to be able to one day fulfill what The Divine was offering for the sake of Souls of millions of human beings, because without the instruction and without the learning about all that is**

**available, human beings would walk in blindness and not be able to support their need of being close to The Holy Trinity and all the things that are so spiritually important for the Souls that need the aid, and the Souls that want the ones in whom They are, to be able to support all that is necessary to help thousands of Souls to walk the Road with The Divine, the Road that is Divine, and the Road that will give strength all the time.”**

JUNE 29, 2006 AT 1:08 P.M.

## MANY SAINTS

**“There are at least Seventeen of Us present. We say this number, because We know how *the little one* will respond to the number, but seriously, there are not Seventeen of Us. We are teasing her to try and brighten her day because of her love for truth and everything to be run the right way.**

**You live in a time wherein a Gift of This Measure is bigger, greater, and more important than you perceive It to be, because It does not furnish just Words, but the purpose for the Words, and especially when They are critical or necessary or Part of The Holy Trinity.**

**When you were created and each step of the way was taken for granted by those who were in charge of you and who loved you. To be created a human being is greater than the average human being understands it to be, because in the state of human life there is a Magnificent Goal available for the Soul, and yes, for the Future Life of the human being, a Life with**

**The Creator, and a Life in service to The Creator, but also to many other important things.**

**We speak in so many ways through this *little one* that was chosen a very long time ago. Each time she worked with Us, We enjoyed it because of her sincerity, her love for The Holy Trinity, and her desire for right would be served, solved, and looked up to, whatever subject it was appointed to.**

**We have spoken many times on other subjects, and it is always a privilege, because it is a sharing and it is a serving to The Divine.**

**The Importance of human life is never seen, or I should say, rarely seen in its full purpose, full role of what it is able to do, practice, think or accomplish.**

**There are Many of Us that want so much for only good to result from This Specific Benefit that The Father has created for Souls to be helped mentally, spiritually, and any way that would give them the means to follow and to arrive at the Highest Goal possible.**

**We could All speak hours through this *little one*, because there are so many subjects that are pertinent, important to the lives of more individuals than it is ever counted to be.**

**I will close, and the Rest of Them also here with Me, because each time We speak, We know that some will feel It a burden, others will be concerned, and yet understand that Our speaking has a purpose, a reasoning, and definitely an innate Love for The Divine.”**

JUNE 29, 2006 AT 2:15 P.M.

SAINT ANTHONY MARY CLARET

**“I am Saint Anthony Mary Claret.**

**When Many of Us heard about what this *little one* was subjected to, being responsible for, We All smiled and were anxious to find out when Everything would begin, and who would be with her in accomplishing what was required to accomplish.**

**There are so many things that human beings are capable of doing, and being able to make them be announced to others like themselves, because of the importance of what they stood for, what they stand for, and what they are capable of drawing to them to make them even more important than they are first seen, many times the one least suspected to be able to be presented a task that would involve many important facts, understandings, and abilities to be productive physically and monetarily.**

**Some may ask why I am even speaking These Words. Basically, it is because Words like These are not often spoken openly, only thought in the**

**privacy of those interested in what is going on.**

**You live in a time when there is so much for human beings of all ages to fulfill a life with things that give to living life so many credits and so much credibility, that it gives every human being the chance to become known for what they can accomplish.**

**Let us take now all the homes that are being built to give help, consideration and privacy to many human beings that are of the age wherein privacy is a great asset to their continuing on in a comfortable manner and way. Then, there are different ages in life that each age seems to have not just a goal, but a condition giving to that age in life, respect, and many different ways to use all the talents they have, giving to them the ability to communicate more personally with others, thus making life happier than it would if the individual had to live alone.**

**Perhaps These Words may sound indifferent to some people, but basically, They are meant to help those who read Them to realize there are so many beautiful ways in human living**

to fulfill the time in a very productive manner, even to being happy above all things, but I add to this, also: Happiness comes from understanding that remembering The Creator of All Things is one of the greatest strengths a human being can use morally, mentally, psychologically, physically. That is why it is so important for all human beings, of all ages, to be able to put into their manner of thinking, of speaking, the importance of Spiritual understanding, thus giving to them an innate productive manner of living that will help them live on and on, longer than they would if they omitted this Gift.

**H**uman life has many advantages, and it should be remembered for all that those who live in the older manner of years, ways, they should see how productive they can be.”

**JUNE 30, 2006 AT 2:18 P.M.**

**OUR HEAVENLY FATHER  
OUR HEAVENLY MOTHER**

**“I am your Heavenly Father. And I am your Heavenly Mother.**

**I have requested this *little one* come to speak to you because of the importance in how you walk in respect and honor to The Holy Trinity.**

**Though you do not fully understand that every move you make, every word you speak, We hear. That is why it is so important that as you walk to aid Those Here in the Heavens, and to help those upon the land more fully understand that the Communication between The Heavenly Ones and human lives is a Gift of Divine Love and is planned, because it is so important that all human beings, of all ages, learn about This Gift that causes thousands or millions to know that The Divine is always available, and that The Divine loves every human being to the same degree, because human life was created for a Specific Purpose. That is why there is always**

**a definite communication between the human and The Divine.**

**Remember this, I beseech you, because I speak with much Love today, due to the fact that the Souls have reported to Us that They walk with you in a manner and way that They are happy with.”**

**JUNE 30, 2006 AT 2:51 P.M.**

**MANY SAINTS**

**“We are always so happy when We can approach this *little one* with Words We like her and others to know.**

**So few human beings throughout the world understand Our Presence and how important it is to Us to aid in any way We can because of the Souls that are available in every human life.**

**We could speak hours on this subject matter, but We will close it with: Never forget,**

**‘YOU were created  
to one day become  
a SAINT.’”**

JULY 5, 2006 AT 1:31 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**We hear you in your understanding regarding the multi-numbered ways to accept or reject or to deny, or to use things that in many ways have several meanings, all for things other than what they should be studied for, practiced on, or used with, because of what they stand for in the eyes of human life, human living, human practices, human intentions. The list, of course, is beyond what I have spoken.**

**I speak through *one small voice*, but I speak Words to encourage those present and who will read Them, to more fully understand you live in a time based on so many different mental conditions, situations, ideas, or values to what life is all about.**

**The human life I speak of is to return to Me Souls that I will bless with Divine Way and enter Them into the Kingdom Where I Am, but so much is not seen for the Beauty and the Magnitude of what human life has to**

**look forward to and to be able to make decisions on, but also to remember that in the Gift of human life, human beings are given a choice. One is to return themselves to Who I Am, Where I Am, or to choose another way opposite All These Things.**

**I bless you from the Heavens and I know I have spoken differently than you expect it to be, but I have done it with My Divine Love, and also the Love of The Holy Trinity.”**

JULY 6, 2006 AT 12:52 P.M.

MANY SAINTS

**“There are Many of Us always with you because of The Father’s Love for what you do to serve His Will for the good of all mankind.**

**To some individuals, it is not understood, the beauty and close association that including The Divine addresses, and/or gives to Gifts the way of importance, a thanks for what has been accomplished, and definitely a reminder that the Words were printed by you, as an individual, to give to others Words they would be able to accept and to aid themselves by the meaning of Them, because of the purpose for Them, and the reality in what They can help you with, under sometimes difficult occupations or activities.**

**When We are requested to speak through this *little one*, it is always a pleasure because The Heavenly Father sees to this, due to the fact that *the little one* He has chosen to address so many subjects to not just comfort others, but to instill in them what a**

privilege human life is, but also how many important Facts are within Them, for Them to not just accommodate situations, but to address situations for betterment of some purpose, some goal, and help the Love addressed in It to make things be important for the benefits of those who will read Them.

**W**e are All happy when We write, or I should say, when We address subject matter that perhaps will one day be seen as a Great Important Event due to the Meaning of It at that time, that otherwise the time would not be seen for what It was capable of doing for the minds of the people involved.

**H**undreds or even perhaps Thousands of Us Saints are happy when We are requested by The Heavenly Father to address situations and conditions to be understandable on facts, on conditions, on ways, and on means that strengthen and/or fulfill the possibility of what will be met that will have to have Divine Strength addressed to it, or prepared for it, to be able to handle because of the importance of the Words.

**T**hose who accept a Gift of This Measure are Blessed abundantly in

**a manner of thanksgiving, because all times that must be recorded, or responded to, or be reacted because of what they are, is helped, are helped, will be helped by what had been put into script, just mentioning the possibility of It occurring.**

**Those who walk the line of devotion, of sincerity, and a definite sense of wanting to serve The Divine, will always be remembered for what they have participated in or practiced to accomplish, or the response to hold what was requested to be seen or spoken about at a later time.**

**Thank you, and We bless you for your understanding, your confidence, your patience and your love for The Divine.”**

JULY 6, 2006 AT 2:10 P.M.

## SEVERAL SAINTS

**“The number *the little one* spoke is correct. There are Three of Us present due to the fact that there is so much We would like to speak openly to you about, because of the number of changes that you are endured with because of situations, conditions, and different individuals speaking in ways that cause you to think on subjects you ordinarily would not even consider.**

**You live in a time wherein there is much understanding, much deliberation, and yet much that should be taken care of before it gets to be a matter of dissension.**

**So Many of Us Saints Here in the Heavens care indepthly about those like yourselves who walk a path of importance, representing what you think is important for you to discuss, to understand, and to provide for others, giving to them a more in-depth understanding regarding The Divine, plus the human element you live in.**

**Throughout the world, there is so much to be seen for what it is to be**

understood for, the value of it, and also the importance that you were and are capable of wondering about, because of the close association it is possible for you to have, because of the Guests that you might be able to associate with on important conditions. These Guests of Sorts are not ordinary, but are Heavenly, important on how They act, think, and propose important things to be accountable for.

Today, as Those of Us with Me speak, it is important that more understanding is openly spoken about, because it is important to discuss the values, the conditions, the purposes, and also the reality of so many things that are not just ordinary, but are based on Divine Love, Divine Consideration, and Divine Willingness to be able to aid what one questions and to discern what is important to know.

There are so Many of Us able to speak openly in a manner and degree and way, thus giving a stronger identification to what is occurring in your day, your time, and where you live.

So much is spoken, I know, that may not be understandable because it

is not something common to how you live; but before I close My Words, I beseech you to put things in a category that you can associate with, thus giving to your mentality and your way and your manner of living, comfort, understanding, and the ability to partake in what you feel is what The Divine wants you to feel, and that could be and can be a more definite understanding on how close you are to The Divine and The Divine to you.

**Y**ou are never alone. Please do not think you are, and Someone is always ready to aid you because They are that close to not just your mind, but to your physical.

**A**s We close, We add just a few Words: Never forget to pray. Never forget to say *'Thank You,'* and never forget to desire for your communication with The Divine to continue for the sake of your Soul, and the Souls of those close to you. Please remember this."

**JULY 7, 2006 AT 11:12 A.M.**

**“We are constantly being requested by this *little one* to give to those who walk the road of service to The Divine. She feels a close association with every one of them, even though she is not associated personally, physically with many of them.**

**We smile at her conscience, also her desire to aid, to comfort, and to give strength where it is necessary, and at times where it is obviously an Act of Divine Love that will give moral strength, physical strength, but also that strength for the Soul that is necessary for the individual to progress in a stronger way, stronger degree, stronger measure.**

**These Words may not mean much to some who will read Them, but They are Words of importance based on The Holy Trinity and in how The Holy Trinity wants all human lives to remember to pray spiritually, because it gives strength to the Soul and/or Souls that are present when prayers are**

offered, thus giving to the Souls help, hope, and benefits inconceivable.

**The Word 'Holy Communion' is a beautiful statement to make, thus openly recognizing a Gift of This Measure that tells those who hear the Words that a Gift of This Kind is not common in gender, but based on Divine Love whenever it is requested to be used to aid anyone who receives It.**

**I could speak hours on this subject because of the Importance of It, but also the Love of The Divine that exists in It for the sake of the Souls of human beings that use this Sacrament to give them what they need. Many times It is more strength morally, mentally, socially, physically, and yet there are other times It is to fulfill promises that were used, or some that are yet to be used for the sake of the Souls that will be mentioned to The Heavenly Father.**

*The little one* We use listens to Our requests and is ever ready to repeat to others what she finds in the request: help for their Souls.

**As I close at this time, I do it so you will have the time to fulfill other**

**responsibilities that you are required to fulfill.**

**Never forget, when you rely on The Holy Trinity, you rely on The Total Divine.”**

**JULY 7, 2006 AT 11:45 A.M.**

## **GOD THE FATHER**

**“I requested this *little one* to make her presence available to you today because of how I feel about This Gift of My Divine Love for the Souls of millions of human beings. Her work is not easy and her time busily spent on service to Me and The Holy Trinity.**

**There is so much I would like to speak to you on this day, but I know it would take a long time to repeat My Words and put Them into print the Way I Will Them to say.**

**I love you for your time, your caring and the way in which you think of Me. I love you because you accept The Holy Trinity.**

**This *little one* I use is many times the victim of those who walk in jealousy, walk in hate, even for The Holy Trinity, so as I speak These Words today, I speak Them in solid truth and rapidly. Do not forget the word ‘rapidly’. I cannot speak Them slowly, because I could not mean it as much as I do this way.**

**I love you for your patronage and how you think of what you say. Your Souls are Important to Me, and that is why I have set up this System for you to be able to learn more about The Holy Trinity, but also, All The Saints that await your time in prayer, love, hope, and even in sympathy.**

**Remember My Words, because I do care about you every moment of every day. Your Souls are Part of Who I Am, and that is a Gift of My Divine Love to you for Them.**

**God blesses you, for I Am God. My Love is yours, because I care in how you live, how you want things, and how you pray.**

**I will close *the little one's* voice right now, but I hope in every way you will see the Beauty, the Justice, and My Love faced against all obstacles in your day."**

**JULY 7, 2006 AT 12:47 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**I have come today to speak on a subject that I sincerely feel is of the greatest importance than it is seen to be by those yet in the living state.**

**You live in a time wherein so much egotism and false conceptions are scattered around as though everything is what you would call: ‘hunky dory’, ‘sign of the times’, ‘the way we believe now’, ‘the way we learn now’, ‘the way we are inclined to understand more now’.**

**I will add one Statement to this: In the time The Heavenly Father walked the earth as a Layman, there was no Greater Time in the History of human life that so much was revealed, not in a mysterious way, but in an open manner of thinking, of speaking, thus giving to the Words logical interpretations, more than It has been given credit for.**

**I come on this day because there is much unhappiness Here in**

the Heavens, due to the fact that We see things occur that are unkind, unjust and negative, thus taking away the importance of a subject or an individual or a manner of living.

**Y**ou do live in a time worse than Sodom and Gomorrah, because Sodom and Gomorrah was evil in many ways. You live in a time now when so much stress, so much misunderstanding is placed on what an individual senses or uses in a way not sufficient for the full meaning of what was spoken, or what they were inclined to say.

**A**s I am your Heavenly Mother, I speak openly, but I speak with sadness through *one small voice*, because when We Here in the Heavens see unkindness, injustice, and a mood that bespeaks only the wrong way, the wrong thinking, the wrong facts, it hurts Us deeply.

**I** will close My Words, but as I do, I say with My Love from The Holy Trinity, 'I beseech you to look at what you think, say and do in a logical manner of understanding, and never forget, The Heavenly Father is always present, and He wants those He allowed to be created to walk the path

**of dignity, of truth, always in mind of how they want to be treated from The Divine.’”**

**JULY 10, 2006 AT 11:53 A.M.**

**“We All smile at this *little one* because she is forever looking to find some excuse to have a routine changed into something more desirable to follow, to partake in. We All smile at her generosity to those she loves.**

**You live in a time wherein there are so many human beings, of all ages, who find living the human life difficult and sometimes discouraging, because they expect it to be a happier way of life, and a life more able for them to use in preparing things they desire to have, or to help them design things that are different than what they have.**

**Just living in one day helps every individual more fully understand what a privilege it is to be a human being, and the importance in how they use the time of day.**

**I have spoken differently, I know, but I assure you My reasons were Just, because sometimes human beings of all ages ignore the fact, the privilege of being a human being, and having**

**the ability to follow Divine Will as best as they can.**

**Remember what was spoken, because as you live each day, it is to give you a Goal, Heaven's Way."**

**JULY 10, 2006 AT 12:32 P.M.**

**“There are Several of Us present because of Our Love for this *little one* who has given so much to the world, requested by The Father to her, because of the importance in the Words that would aid others into more fully understanding what would be feasible, what would be logical, and what would be socially acceptable.**

**So many times when We announce a Message such as this one is, We get questioned on it, due to the understanding that some individuals want in a more substantial sensitivity to their way of living, or who want to see things in a deeper understanding because they do not agree with so many things.**

**Words to the human life are of great importance, because each word has a way of speaking on a subject. The word ‘that’ is used so often, but the word ‘that’ points to a particular article, or subject, or value that is necessary to be understood.**

*The little one* We use, We love her because she listens to how We pronounce Each Word. She does not want to hear It in a way other than It is meant to be, because her understanding of words is far greater than it is seen to be.

I come with These Words today, hoping that those who hear Them and perhaps put Them into print, will look more intensely the next time you must describe, or are willing to describe a situation, a condition, or a Saint.

I will close, but as I do, I say, ‘Each time you work, you act to protect what you do and say, it is Blessed by The Holy Trinity in a very loving way.’”

**JULY 10, 2006 AT 1:03 P.M.**

**“There are Several of Us present. This is a usual manner of how We associate Our Love, Our Way with this *little one*, because it has been requested to Us to be aware at all times of what she is requested to speak on, speak for, due to the fact that Words in print can aid others who read Them, and put logic in many suggestive things that otherwise would not be understood or even thought about.**

**You live in a time when logic, intellect and hope are rampant throughout the world. It is in some ways beautiful to see, but in some ways sad also, because there are thousands or millions of human beings who never get the privilege to put into print what they feel they have heard or seen.**

**I have said These Words to alert you, because unless We Saints Here in the Heavens and Others Who work for The Holy Trinity do not allow you to know certain things, you may be in a position where you will not be able to serve in a full degree.”**

**JULY 10, 2006 AT 2:02 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**It is important in everything you think, say and do, but it is also the Will of The Creator that within your living days that you do so many things, never forget to offer prayers for yourself, and perhaps for some reason that you feel necessary to give you the strength to continue to walk the path of life and use it with Divine Love in your heart at all times.**

**I speak These Words, because so often I am thought about in a different manner, way. I, in My Time upon the earth, realized the importance of communication with The Divine, because within My Words I felt strength, hope, and a communication that I could never have had if I had just thought about what I wanted to say to anyone.**

**Always remember, at this time in which you live, you have the privilege to remember that as you take each day and use it in the manner you will it to be, you have a Holy Trinity available**

**to you, for you to pray, but you also have Saints Here in the Heavens that love to hear from you, because in remembering Them, you give Them an ‘act of love’ that nothing else can.**

**I speak These Words, because I want you to think about how close you are to The Divine in every moment of every day, and in many ways you are Loved beyond what you know love to be, but The Love is Divine and Heavenly.”**

**JULY 11, 2006 AT 11:04 A.M.**

## **OUR HEAVENLY FATHER**

**“I know it is possibly difficult for many human beings of all ages to understand My Presence when I give to them a Wafer Blessed by Divine Love, using It to strengthen their values, their intentions, their motivations, and of course, their love for The Divine.**

**Though I have chosen Words different than usual, I sometimes do this to draw attention because of My Divine Love for human lives is Far Greater than It is understood or recognized, or perhaps even believed that It exists.**

**I could speak hours on the importance of this time that a Gift of Divine Love is placed into the body and the mind, because of the Love of The Divine wanting to reassure, or instill in a deeper means, manner, way, the Closeness that The Divine unites with the human body, and what That Small Piece represents. It is a Gift Greater than It has ever been understood to be.**

**I will close, but as I do I want you to know, the human creation is a Gift far greater than it is ever seen. That is why We Here in the Heavens use Our Time and Our Small Gifts, reminding those that We will give to them These Things, These Small Tokens of Love from The Divine.”**

**JULY 11, 2006 AT 11:50 A.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**In the first creations of human lives, there were many decisions to be cared about, cared for, because of the Importance of what human life would mean, and what it was being created to live for, not just a short time, but perhaps Forever.**

**Some might say, ‘Forever?’ and, yes, We Saints Here in the Heavens repeat the word, ‘Forever’ because, do not forget, for every human being created, a Gift of Divine Love was placed within the body, telling the mind that It existed, and That Existence was Important, and that It had many Blessings in It, for It, with It, on It.**

**The mentality of human life is a Gift to give to human life means to communicate in directions that before this time, it would not be possible to even conceive it to be.**

**Now We come to the time in which you were created, those of you present. Just think of all that was**

before you, and how many thousands of human beings passed through hours, days, weeks, months, years, learning so much, because in every human life, so many things are revealed to it to give them the strength and the purpose, but also to help every human being to understand that there is a Goal for the Soul that nothing else created has.

I could speak hours and hours and hours, because there is so much background to what you are, those who take These Words. Previous millions of years perhaps were given to learn how to be, how you are at your time in living.

I bless you from the Heavens, and I beseech you to understand that My Words were to give you not an opinion, but a Gift that came through Divine Will and Divine Plan, because every human being is created with a Soul, and the Soul is That Portion that is to return to The Creator of All Things, and bear the name of who It was upon the earth, because the Soul will live Forever. Remember this.”

**JULY 11, 2006 AT 12:28 P.M.**

**“The obvious Gift of prayer was instituted to give to human beings of all ages, the understanding and also the ability to more fully comprehend that in the human way of living, they would have communication with The Divine all the time. He Willed it to be. Because of the Number of Saints in the Heavens, Some are available at all times to be able to hear what requests are made, what words are spoken, and what love is expressed to The Divine. So many times individuals do not understand the importance of all the closeness they have with Divine Saints, and Divine Love.**

**I say These Words not just to encourage you, but to enlighten you on a subject matter that some individuals are concerned about, or even worried about.**

**So, as I close this time with you, remember: Each time you desire to pray, you will be heard. Each time you speak words to The Divine, you are heard.**

**I bless you from the Heavens because your Soul yearns to be heard, because the Blessings that go to the Soul and to you are numbered in ways you cannot know.”**

**JULY 11, 2006 AT 1:46 P.M.**

## **SEVERAL SAINTS**

**“There are Several of Us present.**

**We are so happy to hear what is being delivered by Someone Who knows the circumstances, the situations, the conditions, but also the need for understanding to be present at all times.**

**You live in a time wherein there is so much progress, and progress is only as good as you use it and the subject matter that it serves.**

**As you awaken each morning, you do not know everything that will happen during the day, but in your habits of getting properly ready, you may all of a sudden think of something, but you wash it away. We smile at this, especially when you pray, because Many Saints Here in the Heavens are very concerned over those who walk the road of using every moment of every day to have good, have right, and have what is helpful to the Souls of themselves and other people.**

**We could speak hours on this subject, but We feel at this time, the few**

**Words We have just put into print, will help those who need the reasonability and the time.”**

JULY 11, 2006 AT 2:33 P.M.

**“There are Several of Us present.**

**We have requested *the little one* We All use to deliver some Wording We feel will be beneficial in certain ways, and maybe many times for you to see the value and the reasonability of certain conditions that are not as ordinary as you might like them to be.**

**First of all, one of the most important things is how an individual clothes themselves for the importance of where they are going to go at a given time. Clothing, at this time in which you live, is in many ways not just classed differently, but it is being made differently because of the individuals who are the designers of, and also bear the important part of selling these garments in places they very often are associated.**

**I know I have spoken many Words up to this point, but it was to address the subject in a manner and way that would help you more understand what I am trying to say.**

**As a human being, no matter what gender it is, the clothing that an individual wears is very important, because it either suggests good taste, or a condition of how a person is going to act physically in certain things that are designed for certain manners of how they are going to either walk in special places, or use clothing that is more sports associated, or other clothing that is more formally dignified and noted for how beautiful it is.**

**These Words do not complete the number of issues that are prevalent, but They will cover a few.**

**Every human being is expected to dress in a physical way: clothing, dignity, shoes and the like, for them to be seen by others that they know or they meet or they become associated with.**

**It is important, These Words that Several of Us Here today speak, because 'logic' must be the key, and another Word that must be the key is 'dignity' in how you dress, how you appear to others, but also respect to what you have on, is of a greater importance than it is seen to be.**

**I could speak hours on this subject, but I have been requested to speak the Words I have just spoken. It is to remind those in the living state to be aware of how you look physically to others, because there is a certain amount of dignity in how you dress, but also, a certain degree of respect for wherever you go or whoever you are seen with. Remember this.**

**I love you. I would not have spoken this way if I did not, because I walked the path for a very long time, and it was because of how I respected others that I was able to find success in many ways, many times.**

**I will also add Something else: When you feel you need a prayer, never deny that time, because the prayer may be what will help you be successful in what you want to do.”**

JULY 11, 2006 AT 3:34 P.M.

## SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist.**

**I smile when I greet this *little one* and request her to put into script what I would like to be known. Here in the Heavens there are so many Beautiful Things occurring every day, and in so many ways.**

**The world has been Blessed abundantly, allowing so much to be learned about openly, in a way and a manner understandable regarding what Saints do, what Saints practice, and how Saints are capable of hearing prayers spoken to Them, asking Their help in many ways.**

**Children should always know the availability of Saints, because oftentimes The Saints respond to the need that a child displays or requests it about. A child needs a Saint, needs to know They are available, because oftentimes they do not like to speak to those related to them. They would rather speak to The Saints, because The Saints are in Heaven and They are with The Creator of All Things.**

**So Many of Us** enjoy speaking about these things because it is a communication that is inconceivable to some individuals, talking to a Saint.

**I** could speak hours. I would like to, but I will close for now, but please remember, never let a day go by that you do not talk to a Saint or more than One, because They are happy to hear from you. They walked the path of the human role, and now They are in a Position to be able to keep in touch through your prayers, and through Their desire to please you.”

**JULY 11, 2006 AT 4:03 P.M.**

**“Every living human being has the privilege to do so many things. First of all, to address each day in a manner and way welcoming it, rather than being overly concerned over what it might mean if it does not mean happiness or joy.**

**Imagination is a tremendous asset to human life, but it also can be a lonesome way to walk the path of life.**

**You may wonder why I would speak on these subjects this way, but it is important for individuals of all ages to look at life in a very pleasant way, and see within it a tremendous Gift of Divine Love, based on Divine Hope for the Souls to one day be returned to The Creator as Saints.**

**Each day a human being lives, there is so much to think about, to act upon, and to enjoy, but also perhaps, to stifle unkindness and indifference and sadness.**

**I know I speak differently than you are used to, but as I speak These Words,**

**I do it to awaken your mentalities to understand that as you live each day in the human way, you have the privilege to make it worthwhile, or make it be stale. ‘Stale’, that is not a word you would use, but it does appear that way sometimes, when there is no happiness thought about in a loving way.”**
