PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed in repetitiveness, instilling in those

listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy Trinity, the Incarnation of God,

or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these "*Stories From Heaven*" to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one's self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man's determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT JOSEPH, THE HOLY SPIRIT

“Men, women and children are cluttering their mind, their intellect, their memories, with so much perversion and in so many ways, adopting this perversion to justify their manner of living, their manner of speech, and of course, the freedom of their example and expression to others.

I am Saint Joseph. When I speak, I speak with a desire and a hope for purity in all mankind’s minds, thoughts, words, actions, intentions and hopes. Purity has a beauty in it, in manners and ways that is definable in man’s languages, man’s abilities, if mankind will but concentrate on the beauty of purity rather than impurity, immorality, indecencies.

I have spoken so many times in general conversation through *this instrument* that is used continuously for the benefit of Souls. Each human being’s Soul is a Portion of The Father. Just as man deals in human ways, giving in certain ways to have

something returned in a certain way, The Father has given this Precious Gift, a Portion of Himself, with the name 'a Soul'. He, too, expects This to be returned to Him in the Light, in the Purity, in the Love It was surrendered by Him at the moment of conception.

All of Heaven is ready to come to the aid of anyone who asks. You are Blessed in so many ways. You are Loved in so many ways, and We Here constantly watch over you and protect you, but there are certain areas of your lives that you must control, you must protect, and you must be aware of the purity that surrounds it, and the morality that is important to it.

Be blessed by My visit with you and know, as I walked the path of a human being, I was also in the Position that you now know Me to be, The Spirit of God, The Purity, The Light, The Love, and The Hope. So be it."

JANUARY 2, 1992 AT 3:19 P.M.

SAINT ALPHONSUS LIGUORI

“All of Heaven joins together in Great Love for This Precious Miracle that has been given to the world for the benefit of Souls. A few times in the History of mankind there have been similar Miracles as This One.

When man thinks of a Miracle, he supports these thoughts with human interpretation of how he terms a Miracle to be. He does not always see or understand the Full Magnitude of such a Miracle as This One. Theologians could be baffled by the simplicity of This Miracle.

I speak to you today in a Love and with a Love beyond human understanding of Love. Love, to man, is a warmth between two or more people. It is a relationship of togetherness, of understanding, and of course, human behavior. I am Saint Alphonsus Liguori.

The world must see What has been given because the world is in a tragic state, and there is so much idolatry and immorality that

is acceptable by millions of people throughout the world.

Mankind is determined to modernize What God Is All About. Mankind is determined to translate The Rules, the Lessons that have previously been given at other times.

This Title, '*The Miracle Of Saint Joseph*', is to resound throughout the world in print, to be recognized in Its Full Content by men of all races, all colors, all creeds.

I speak slowly through *an instrument* of The Father's, whose fragile physical form has been forced to endure so continuously Our Power, to receive All the Words The Father wanted mankind to hear, to read, to memorize, to remember, to follow and to use in the correct manner, for the benefit of his or her own Soul.

Each Word that is spoken openly to mankind is The Father's Will, so that It will be a Guide to not just proper human living, but followed to obtain purity in living so that the Souls will return to Him immediately when a particular time arrives. No human being could humanly stand the Power

We use to speak unless the whole being had been prepared for this union.

I, Saint Alphonsus Liguori, bless you all in a manner you will understand: *In Nomine Patris et Filii et Spiritus Sancti. Amen.*"

JANUARY 6, 1992 AT 1:40 P.M.

SAINT CECILIA

“When mankind makes an announcement of a happy occurrence, it is often broadcasted by speech and written word, and through areas that are carried in different forms peculiar to the time and place the announcement or message passes through and to and by.

I am a Saint that has spoken much through This Great Miracle. I have not announced Myself, like Others. I am Saint Cecilia.

Those who brave the onslaught of interrogation, criticism, when their Faith is growing more in love with The Father, with The Father’s Will, are Blessed abundantly in a manner not readily recognized in man’s world.

When The Father orders a Message to be given, a Direction for the benefit of a human being’s mind, body and Soul, it is important that It be registered for not just the present time, but to give those who come later a chance to be aware of The Father’s

Great Love for human life, also the Beauty of everyone's Soul.

So many times individuals feel they are inspired to teach, to preach, to instruct, to direct other human beings on the subject of What God Is All About, What He Expects, and What He Wants from each of them. Much of this is based on misinterpretation, self-interpretation, self-convictions, self-importance, which many times bears many errors.

This Magnificent *Miracle Of Saint Joseph* is for the Salvation of Souls. It is for the whole world of mankind. It is for all races, all colors, all creeds, and Its Purpose is One, that is to save Souls.

I bless you with The Father's Love. I bless you because I am aware of your Faith, the beauty in your Faith, and the way you hold onto your Faith, desiring to follow The Father's Will with dignity, affection, love and hope. So be it."

JANUARY 8, 1992

SAINT ATHANASIUS

“Many of Us Here in the Heavens have spoken through This Great Miracle. We speak in your tongue, a tongue We did not use upon the earth, a form of Words that We know you will understand because of the manner in which you live, the place in which you live, the conditions under which you live, and of course, the culture of your way. I am Saint Athanasius.

As you stand in the world you do not always recognize the immorality that surrounds you, because you are busy in your way of life, you are busy with your families, you are busy with friends, you are busy with the entertainment media of the world, and you are busy concentrating on your own personal needs, your own personal welfare, and sometimes you’re concentrating on fears that are needless, but every human being has fears.

The thing that you must fear the most in this world are the desecrations to The Father being done every day of

your life. Day and night, desecrations are not just appearing, but occurring.

There are several heresies in the world. You do not always recognize them, but I say to you now, 'I walked in such a time and I found it my duty at that time to fight openly, to say the words that I felt would help to correct what was going on.'

The time in which you live is a hazardous time. There are so many things that mankind is accepting, and I, Saint Athanasius say, 'On a scale that would balance morality and immorality, the scale would weigh heavier *a slight bit* on the moral side; but, in a short time, unless things change, the scale will fall clear to the bottom on the immoral side, unless mankind changes.'

Moses was mentioned a few moments ago.¹ He came down with all the Truth, all the Beauty, all the Love, all the Charity The Father could give, and then his eyes cast upon immorality, indecencies, permissiveness, promiscuity, all the

horror that would be against The Father's Will.

Satan, the evil one, the enemy of God and of man, stands with a sword and tries desperately to corrupt, to kill any decency. You cannot see him in the form he is, but I, Saint Athanasius, tell you he is there every moment of the day, diligently persuading those with him to draw Souls his way.

The Father stands for All Purity, All Beauty, All Love, All Hope, All Justice, All Security. The evil one stands for all the opposite of What The Father Is.

There is a great battle. The Father Will Win. Satan knows this, but in the meantime he uses every means possible, that is, the evil one, to draw Souls to him through the human weakness of the physical form of man.

Be blessed, My sons, for your Faith, in your Faith, with your Faith, and carry it as a Sword against all that is wrong, all that is evil, and use it; never let that Sword from you, for as you hold the Sword of Faith in God, it is your greatest weapon against the loss of your Soul.

You are Blessed with a Love you cannot understand, and I say to you on this night: ‘Though you live in the world of man, the path for you is the road to God. He paved it for you with the knowledge of what is right, what is good, to return to Him.’ So be it.”

JANUARY 15, 1992

OUR HEAVENLY MOTHER

“I smile as I speak through *this child* in the world. I smile because of the love extended in the human way. The explanations¹ are to give you strength in what you must believe in, how you must believe, and the caution you must use for the benefit of your Soul.

I have so many Names upon the earth and I am recognized by all of Them, and more, Here in the Heavens. I am your Heavenly Mother.

I bless you each time you look My Way, you say My Name. I bless you each time you desire to do The Father’s Will. I bless you when you go forward to pray. When I see you kneel I say, ‘Ah, the little one acts in a humble form.’ You are Blessed so many times that you are not aware of, because you see, your Faith in the beauty of living the correct way is important for your Soul.

¹ Refers to a Teaching prior to this Revelation, at the meeting of The Society Of The Little Way.

Your Soul is a Beautiful Light. Do not forget, It is a Portion of The Father. And remember, especially at night, for though it is dark in the sky and the light you use is in many ways artificial, your Soul is bright, especially when you have walked the day and walked in a way to please The Father.

Your Soul is so important, My children. Remember this, for it is The Father's Will that That Portion of Himself return to Him in a Beauty, a Purity, a Love. He is delighted when you desire to do so. He is delighted when you pray for the benefit of your Soul, but do not forget to pray to your Soul, for as It is a Portion of The Father, do not forget, It is the Link to Him you have with you, every moment of every day.

I bless you, My children, with a Love you cannot know, and I bless you with Hope, but I say: 'Remember the Beauty of Where you must come, to be with All of Us one day. It is Special in so many ways, and when your Soul stands Here in the Heavens, your Soul will represent you and It will give great joy to Him in so many ways.'

I love you. Remember this every moment of the day. So be it.”

JANUARY 28, 1992 AT 5:30 P.M.

GOD THE FATHER

“I have placed a Star in the midst of mankind. It glows in so many directions, It touches all people throughout the world. This Star I refer to is My Means to reach all of mankind with Words of Direction completely from Me. Many Here in the Heavens have been requested to speak so that My Will, My Direction, would be heard from Others besides Me.

As you stand in the world together, involved in many things, involved with many people, it is similar in many ways to how it is in Heaven. The Beauty of the Messages handed to mankind is a Special Gift of Love from The Divine.

Some men say, ‘Why would The Father choose one such as she?’ I say, ‘Why does man question My Decisions, and how can man even think to disagree?’ I am surrounded by so Many Who have walked the earth as you. The Souls Who returned to Me give Me happiness beyond human belief, human understanding, human degree.

As I speak in your tongue, in a manner you can understand, I want others to know that though I am in Heaven, I am also in each human being throughout the world, because the Soul each one lives with daily is a Portion of Me.

My Words must be read. My Words must pass through many minds and many hands.

You are Blessed with a Love Greater than your human love, and think of it as this: A star is a beautiful sight, a star is a precious gift. This Miracle upon the earth is a Star of Light for mankind to be aware of, to follow, and remember, It is My Light, My Love, My Hope for each of them.

You are Blessed, My little ones, with a Love beyond your comprehension, your ability to understand, so if you will but remember that I, your Father, am showing you the Way to Here through This Great Miracle that started out with the Name of a Man. So be it.”

JANUARY 29, 1992

SAINT ALPHONSUS LIGUORI

“When you leave this room on this night in your time, it would be difficult for you to explain to one person or ten people or one hundred people, the fullness of What you have heard, because It is something that was handed to you because of a Great Love for you.

There are millions of people in the world who would not accept the Word of God coming through another human being, because they would say that God would not do this, God would not act this way. God would not use a human being; He would use another force, another means, another manner, to talk to people of your way, your type, your caliber, your culture; and why would God speak to anyone when He has laid down the whole plan and men read books leading up to this time?

All the Writings that will have passed through This Great Miracle will one day be spread throughout the world to give many millions of people the Correct Direction to Where The

Father is, for the benefit of his or her Soul. I am Saint Alphonsus Liguori.

As you are in this room, though you are with others just like you, there is Another within you that is Part of The Father, and This is the Portion of you that will never die; It will live on and on forever. Remember this when you pray. Remember this when you make a decision, that though one day the human form will no longer be active in any way, the Soul will be standing in a Particular Place, representing you.

I will not speak long tonight because of the tiredness of *the one* through whom I speak, but I say to you, 'You are Blessed in so many ways, for you have so much knowledge handed to you regarding the Beauty for life, the Purpose for life, the Love The Father has for you, and how much He Desires for you to return to Him your Soul that is Part of Him.'

It is difficult for some people in the world to believe or to understand that they bear, they carry within them a Portion of God Himself, called 'a Soul'.

You must understand that This Part of you is not man, and one day

when you no longer can talk, you can no longer walk, That Part will remain and That Part will stand before The Father, and please, My daughters, do not allow It to be in shame. Let It be as bright as It was at the moment It was handed to you at the moment of conception, for do not forget, you are responsible for that Light, you are responsible for that Soul; you are responsible for that Soul that was given to you brighter than any light that man could produce in the world.

I am talking through *a very tired child*. Her voice can barely reach you. There are many problems that must be solved. There are many issues that must be covered, and We Here in the Heavens will stand by, but the decisions that must be made have great responsibility; that We cannot deny.

I hold her in a straight position, for if I did not she would fall to the ground faster than the blink of your eye. I must release her slowly for the body cannot stand the pressure on this night, for there is so much demand from man, in so many areas.

As you leave here tonight, try very hard to understand that the burden of responsibility is more than any human being could physically, mentally, or even spiritually stand. So be it.”

JANUARY 30, 1992 AT 2:39 P.M.

SAINT ATHANASIUS

“There is no time *this child* is without Our Presence. As One leaves Another of Us enters, sometimes Two, Three or More. We show in her eyes, We show in the theme of her Subjects, for as she speaks it is most times Our Words.

This Miracle is a Miracle of Love, constantly alerting people present at the time of Our Delivery, and then extended through the written Words for others to participate in the Direction, in the Love, in the Hope intended. To be ever alert to Our Presence takes energy, takes strength, takes time, takes obedience, and definitely has Great Responsibility.

It is through Our Command that Our Words become formally spoken, else she would but listen and retain the Message for some use at another time. This Miracle is bountiful in many ways, This Miracle is to benefit all mankind for all time, This Miracle will be present through Its Words for hundreds of years to come.

The Words are to be scattered throughout the world so that many will learn what The Father expects of them and what is best for each one's Soul. It is Important that men, women and children become fully aware of that Living Being that resides in the human body of each human being.

Those who learn more of what is best for them will gain the Gift of Loving Grace that is attached to the Soul as a Form of Light, so when this individual Soul stands for Judgment, the Degree of Light of Grace will determine a Particular Place.

I am Saint Athanasius. *The instrument* that is so constantly used in familiar places and unfamiliar territories where other human beings work and reside, is constantly aware of Our Presence, Our Direction, Our Concern, and yes, Our Deliberate Intervention. So be it."

JANUARY 30, 1992 AT 4:00 P.M.

OUR BLESSED MOTHER

“Where you are, an Unusual Happening occurs. Many men and women throughout the world would say, ‘It is an unbelievable event; I cannot accept it,’ but you must remember they have not been present as you have been present, and to understand such Phenomena would be difficult to believe, to comprehend, to accept, if you did not have the opportunity to be present and experience the directness, and of course, the content of Everything that has been spoken over the years.

Children of all kinds, all colors, kneel at My Feet or just call My Name, requesting assistance, help, direction, cures and attention. I have many Titles. I love them All. I am your Beloved Mother.

I cherish all conceptions of human life. I even cherish other living things that The Father has designed, some for the comfort of mankind, some for the pleasure of mankind, some

to enhance the beauty of places and things to give pleasure to mankind.

Children sometimes forget that as The Mother of the whole universe, My Attention is constantly on the Souls that must return Here. So many, many children of all ages have not heard about the Importance of their Soul. It is difficult for some to understand because they cannot see It, they cannot feel It, so they do not put any claim on It. It is, to some, an unknown Entity that they quickly pass over when It is mentioned in any form of speech.

I love all children throughout the world. There is great sadness to Me when children are not taught the importance of obedience, the importance of respect, the importance of honor, and the importance of Faith in moral values and moral standards that are so important to one's Soul. It is sadness when someone has been taught what is correct and then ignores the responsibility.

I speak many times through This Great Miracle, Designed by The Father, Delivered by The Father, Controlled by The Father, for children of all races, all colors, all creeds. As you listen to

My Words, as thousands will read My Words, I say, 'The slightest desire to please The Father is Loved and Blessed by Him.'

Children should be taught His Rules, His Commandments, and the full meaning of each of Them. What better code of ethics, what better method of practical, loving living could there be than to be constantly obedient to What He gave for mankind to follow?

Men try desperately to make their own rules according to the time in which they live. Their justification of these rules often omits the practicality and the need to restrict their deliberate rejection of purity. In their thoughts, actions, words, example, men, women and children must be taught that purity is important in every area of life, because the Soul will stand in Judgment on many issues, decisions, that are and will be made by the will of human life.

Be blessed with My Love, and always know that as I have spoken These Words, I have passed Them on to you through a means and a manner you can relate to."

FEBRUARY 3, 1992 AT 11:56 A.M.

SAINT ATHANASIUS

“If you were to step on a pebble with a bare foot, the pain could be, might be excruciating, plus your nervous system would respond and you might even vocally cry out. This is minor many times to what happens to *this instrument* of The Father when some of the Messages are sent for the good of mankind, for the Souls of mankind, to better understand the Importance of human life and the Purpose for which it was created. I am Saint Athanasius.

At any time in the History of mankind, when responsibility of This Magnitude was passed onto a human being, no one can or could relate to, understand, or truly see the depth of Power that passes through for the Communication to be received.

You have been told you live in a time of great heresies. In some ways it is a word that attracts conversation, some concern, but for the most part little is done about it. I lived in a time of great heresy; so do you. The

number of people who believe this fact, who understand this issue are few. There are so many distractions based on immoralities, based on the mere presence of immorality, that the reality of heresy is clouded and not seen for how detrimental it is to the Souls of all human beings.

When you find yourself questioning or even looking at heresy lightly, imagine yourself stepping on a pebble. It might alert you to the responsibility you have in your way to fight the heresy so evident, so prevalent in your day.

I will withdraw slowly to allow *this instrument* to gain strength to be in your midst as you understand a presence to be. So be it.”

FEBRUARY 26, 1992

OUR HEAVENLY MOTHER

“Everything that has been spoken is for you to remember the best you can, because you see, My children, All that has been said is for the benefit of that Precious Part of you, your Soul.

We speak readily through This Great Miracle. We speak openly, and We speak at all times of the day and the night.

Those on the outside do not understand a Miracle of This Kind, of This Type, but I, your Heavenly Mother, promise you that What you are taught, What you are given, is so that one day your Soul will return to Heaven, and when It does you will know, for you see, a Portion of you will understand, even though the body will no longer be any place but where it lands.

There are so many things yet to be taught, so much Love yet to be given, so much Direction for you to understand the Path to Heaven.

I bless you with a Mother’s Love. I bless you with a Mother’s Wish and

I bless you with a Mother's Hope that each of you will return to Heaven. So be it."

MARCH 5, 1992 AT 12:15 P.M.

SAINT ALPHONSUS LIGUORI

“Men talk about the burden of responsibility. When they do, they refer to personal responsibility, that which affects their way of life.

In This Great Miracle that some men and women try to dismiss, there is a tremendous burden of responsibility. This responsibility is for more than personal effects. The burden of responsibility is for Souls.

They say it is human to sin, it is human to be weak, it is human to break laws, it is human to make little mistakes and sometimes bigger mistakes, but how many who say these things truly believe in What The Father, The Creator Is All About, and what human life is all about, the Purpose of it, and the Ultimate Goal for it.

I am Saint Alphonsus Liguori. It is true I left behind Me much Writing, many Words. I left a legacy of Fact, of Truth, of Direction. I come now through, not one such as I was when I walked the earth, but I come through

This Great Miracle that is teaching, instructing, directing all who will read the Words, all who will hear the Words, for the purpose The Father Wills it to be.

There is a Hell. Many try to ignore this place. They fantasize about its probable, possible existence. As there is good and as there is evil, there is a Heaven and there is a Hell.

The immorality prevalent throughout the world has no logical excuse. It is satanic by its very conception, by its very existence, and it has perpetuated itself almost beyond human control.

As man would say, 'There is a light at the end of the tunnel.' This is why This Great Miracle, bearing a Name all would know, was given to the world, because only His Light, as The Spirit of The Father, can save the world from its own immorality, its own self-destruction.

There are men sitting now. 'What is This all about?' they say. We say, 'Read the Truth in the Words, read the Exactness in the Direction, and look for the Light that is obvious

**in Every Teaching, Every Instruction,
Every Fact.'**

I bless you in a Love you cannot understand. We Here in the Heavens answer prayers. It is The Father's Will, because He does not want to lose one Soul to the enemy of all that is good.

Never feel a prayer is unheard. Never feel a prayer is not answered. Never forget, prayer is a communication between you and The Father's World, which is Heaven. So be it."

MARCH 9, 1992 AT 11:25 A.M.

OUR HEAVENLY MOTHER

“I stand close by and hear all you say. My Presence is a continuous Part of your daily life.

It is important that children who believe in what The Father Wills, understand they are never without His Presence, for you see, human beings are a Special Creation, and within each human being there is a Particular Life, a Particular Light that is a Portion of Him.

So many times when children sin, they feel they are in a private place and cannot be seen, heard, or they truly believe no one will know what occurred. I, your Heavenly Mother say, ‘It is important for all human beings throughout the world to understand they are never alone; We are always present and always hear, and nothing goes unseen.’

The world is in great turmoil because the enemy of God and man has infiltrated places unbelievable for man to understand. Take one portion of what you see, what you hear that is

in violation of purity. Multiply this by the greatest number you can gather in your own mind. Some would say trillions, some would say millions, some would say billions, some might say thousands. Whatever number is the highest you can come up with, know that this number can be multiplied far beyond what your Gift of language allows you to say.

Man says, *'Please, God, no more war.'* The war between men is no comparison with the war between good and evil that exists in the world in your time, in your day. There are many false prophets, there are many false ideals, there are many false opinions on the Full True Meaning of The Rules.

I draw *this instrument* of The Father's into a deeper ecstasy because of the Responsibility that causes the physical such exhaustion, on the brink of human physical collapse.

It is Important that the Words, the Directions that We have given to the world through This Great Miracle, be scattered throughout the world. This Miracle has been given through a

language that is universal. Mankind must be reminded of this also.

Men talk about duty, men talk about responsibility, men talk about how they worry. I, your Heavenly Mother say: 'Obedience to The Father's Will, to fight for purity of mind, body and Soul, has Blessings untold. It is worth all the effort one can put forth; it just takes the power of the will.'

I bless you with a Mother's Love, a Mother's Caress, and a Mother's Hope that those who hear These Words and those who will read Them, those who will hear about Them, will realize the Importance of why They were given and the Importance of the Place from Which They were delivered, and the Magnitude of the Love that had to be, to carry on, to say the Words so openly. So be it."

SAINT ALPHONSUS LIGUORI

“For centuries man has used forms and means for weight measures. In your day it is called ‘a scale’. Many people use it constantly to check their body weight.

I am Saint Alphonsus Liguori. I come on this day to give you some thought in using a scale to weigh the good you have done, the good example you have given, the good thoughts you have expressed, and to measure in weight your charitable acts in the period called ‘a day’.

Man says, ‘I have prayed for you.’ I, Saint Alphonsus Liguori ask: ‘What type of prayer? Who did you pray to? Was it a sincere prayer, and do you do it often, or is, “I have prayed for you; I am praying for you,” just a manner of speech to console someone, to make the person think that you have thought about them, wishing them a closeness to God, asking God to help them?’

So many times people feel it is expected of them to say they have

prayed or they will pray, and in reality the prayer is never spoken. It is forgotten about because other events, distractions or duties make one say, 'I'll do it later today.'

Prayer is important communication and all prayers are heard, for whatever reason a prayer is said. It takes a moment of thought, a moment of directed communication to point one's thoughts for the benefit of a plea, a request, for the sake of another human being.

So many, many prayers are not said that have been told were said. It is a responsibility, small in one way; it would weigh very light on a scale of what you would term 'one to ten', but you do not fully realize, fully understand, the importance of this communication to God from man.

I have spoken many times. My way is not a frivolous way; it never has been. So please, as you read this Message, I ask you to take It to heart, and remember, if you say you've prayed and you have not, it is a sin, it is a lie, for the other person depends upon your communication to assist in a time of need, and much dependence is

placed on your Faith in the importance of prayer.

I bless you, and I do want you to remember What I have spoken today. It is important, It is reasonable, and in many ways, your prayers on the behalf of others will one day be many times repaid. So be it.”

OUR HEAVENLY MOTHER

“I come on this night through a very tired woman in the world. I am your Heavenly Mother. I hold her deeply, I hold her firmly, for if I did not she would fall to the ground.

It is not possible for human beings to understand the Magnitude of the Soul that was given by The Father firsthand. His Hand alone touched that Soul. His Love alone is within the Soul.

You live in a time of great terror in the world. You live in a time of great confusion, many misunderstandings. You live in a time of greed. So few in the world truly want, truly understand, truly believe, that the Soul desires to return to The Father’s Way, The Father’s Place, because It is Part of The Father, a Portion of Him that has been away from Him so long.

My daughters, please understand, you are not being misled by a human mind or man. You must see the Importance of His Rules, of His Love,

of His Desire for you to return to Him your Soul.

I will not speak long tonight, but I have come to remind you that if you never communicated with each other, what a lonely world it would be. Imagine the loneliness that is Here in the Heavens when you forget to pray to The Holy Trinity.

There is a great force in the world, fighting all that is good, all that is right, all that is for the good of your Soul.

Children must learn purity. You must not accept less from them. You must stand firm on what you truly know is right for them. At a time of Judgment The Father will stand firm on many things.

As you walk upon the earth you have the responsibility to stand firm when you know the firmness is needed, and do not be afraid to say what you know is right, for what is right will give strength. Do not allow your weakness to show and do not allow your weakness to cause the loss of a Soul.

There is so much that has been given to the world through This Great Miracle. There is so much yet to be told. The children who stand outside of this room in faraway places, must have the Words soon, for the longer they wait, in so many ways, in so many cases, they will become lost to His Word, His World.

I bless you with a Mother's Hope, I bless you with a Mother's Love, and I want you to know that the burden of responsibility where your Faith is concerned must show. So be it."

MARCH 18, 1992 AT 1:45 P.M.

SAINT CHRISTOPHER

“I am Saint Christopher. I come through *this instrument* of The Father to give Words of Hope, Words of Direction, for all who will hear Them and for all who will read Them in time to come.

There are so many benefits to the act of prayer. There are so many ways to pray, and yet so many men, women and children deny themselves this act of love because it takes time, concentration, and Faith in the importance of the act of a prayer or prayers.

So many think about it, and yet, in their minds, expect others to make it a practice, and inwardly and outwardly ignore the fact, the need for themselves, and the good it will do for them in every way of human life, Spiritual growth.

So many times I hear Others Here pass Words through *The Miracle Of The Beloved Saint Joseph*. As I hear These Words, These Messages, These Directions, I cannot help but feel so

much goes by the wayside and is taken for granted.

If those who hear the Announcement of This Great Saint as being The Third Person of The Blessed Trinity, find themselves denying this Association, it is sad, because It Is So Logical, So Right In Its Existence.

I come today with Words to encourage more prayer, more understanding of prayer, and the need for more prayer as a daily part of life. The very act of prayer consoles the Soul, for do not forget, That is an Important Part of human life, because That Part of every human being is a Portion of God Himself.

Many men argue a ridiculous argument over what God looks like, appears like, and the full dimension of His Existence. On the other hand, man says 'He Is All Things, He Is The Creator of All Things', and yet He is referred to as a Single Being.

Take your prayers, offer them, not for an understanding of God, but offer your prayers to become pure in your way of life, in your nature, in your thoughts, in your actions, in your example. If you do this, you will find a

direction for your thinking and all you do that will give strength to walking the human life, the human role, with all its responsibilities, duties, and Faith in The Father's Will.

There are so many things I could talk about, but Others Here have covered many Subjects, and of course, many more will be covered.

I bless you with The Father's Love and The Father's Will, for as I stand Here in a Place of Greatness, I have a deep desire for all mankind to one day be physically present Where I am. So be it."

MARCH 18, 1992

OUR HEAVENLY MOTHER

“As you know, This Great Miracle passes through a Soul that reaches you. In Our Messages through *this individual’s Soul*, the Messages are not just for your Soul to hear, but for your physical to hear so you will be able to take better care of your Soul.

I am your Heavenly Mother. I come through *one* such as you. I come with a Love Greater than human love, and I come with a Wish, a Hope, that each one of you will recognize the Magnitude of This Great Miracle that passes through a human voice and delivers only The Father’s Will, so that one day when the physical ends, your Soul will be so bright as It stands before Him with a Great Light, for do not forget, That Portion of you is a Portion of Him, difficult for many to understand, impossible for some to understand, but nevertheless, true.

There are many, many men and women throughout the world who are recognized by the great degree of intelligence that their mind shows.

Many of these do not understand that they have a responsibility for their Soul.

Do not forget that in your human way, you cannot just accept human life in its obvious way. You must see beyond this fact and look into the Reason for human life, the Basis for which it was created, the Love that was injected at the moment of conception.

As We listen to men, women, and even some children of all races, all colors, all creeds, discuss the Purpose of life, there is great sadness, because they do not see nor believe that there is a Greater Portion of each individual born to the world. They see only a physical form, a form of mind, body, will, and a degree of intelligence. They do not see the Primary Thing, the Soul.

I will hold *this child, this woman* in the world, for the next three days; impossible for you to understand, but the physical through whom I speak on this night is one that is totally spent.

You must remember, My beloved sons, that you are special because you have the Faith to believe and to understand a Gift from The Father,

presented to you firsthand. Those who will read about It at a later time will not receive the full impact of This Great Gift from The Divine, but I say to you with a Mother's Love, 'Accept the Blessing from Above and thank The Father for your Faith, for your Gift to be present, to be taught, to be directed firsthand, on a day such as this.'

I bless you, and I say an expression men use sometimes loosely, but I, your Heavenly Mother, say: 'May you walk with God every moment of every day, and may you remember that a Portion of Him is within you, in only a way that He Himself could hand to you.' So be it."

MARCH 19, 1992 AT 1:16 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I smile down upon a group who uses My Name with love and respect. I smile because it is a Special Day Honoring Me. You know Me because you understand I walked your way.

As I stand in the Heavens I bless all who pray My Way. I bless the Spirit of Faith, of Love, of Hope, for these things are special to man in so many ways.

It is true, many, many, many people upon the earth at the time in which you live, and times before this, knew Me as ‘Saint Joseph’, know Me as ‘Saint Joseph’.

Many questions regarding My Way are deliberated upon in many languages throughout the world, that I come through *a woman* in the world, giving so many Facts, so many Positive Views.

There is so much Love, Divine Love, in This Great Miracle that bears My Name. There is so much Teaching, elaborating upon the Beauty of human

life and about That Portion of God within each human being.

As I stand Here in the Heavens, I stand throughout the world, for My Very Existence is a Portion of The Father, The Spirit of His Light, His Love, His Hope, and more.

I enjoy children who pray to Me as The Father of The Beloved Son of God. I listen to children's prayers, children of all ages, when they pray to The Beloved Mother of God. For so many, She is so Special. This is joy Here in the Heavens, for it is true, She is beyond human comprehension, and yet mankind is allowed to visualize Her in a human form, with human love, and yes, as One Who walked the earth, carrying on the duties that are normal to man.

You are Blessed, My little ones, and you are Loved in ways you cannot understand, but be sure you thank The Father every chance you can, and always remember your prayers are heard, your prayers are answered, but even more than this, your Faith is Blessed in so many ways that if I were to describe them all, it would be impossible for you to remember. So be it."

MARCH 26, 1992 AT 12:12 P.M.

GOD THE FATHER

“For many years I have directed through *a very delicate, fine instrument*, My Words and What I wanted mankind to learn, to use, and to exercise in their daily way of life.

I have handed These Words to many, many, many people. My Words have sometimes fallen on what man called ‘deaf ears’, but I, your Father say, ‘The ears I have spoken to were not truly deaf; they heard Every Word, but they, in their human way, decided to ignore What I have spoken for the benefit of each Soul that is a Part of Me.’

TTrue, I use *a delicate instrument* for I do not have to use a powerful physical human being. My Power can be executed through the most delicate of My children. Sometimes I use the personality of a small child to alert older children to what is correct. I use different situations to alert people of all types, ages, natures, personalities and wills, for in one of these characteristics of human nature,

some portion will feel the Fullness of the Meaning of What I speak.

There are millions of people like you throughout the world who feel that I would not speak as I do, but after they read the Words, some Portion of the Words will touch them, encourage them, perhaps even entice them to see the Value of What I have spoken.

A human being cannot speak for Me because a human being cannot see All I See, cannot understand All I Want, and definitely cannot deliver All the Things that I Want for the individuals that hear the Words, will read the Words, will believe the Words and will follow My Directions.

As I have spoken before, many people would say, ‘God would not speak through a woman in the world; He would use a man.’ Did I not use the Gentleness, the Love of a Mother at a Very Special Time, in a Very Special Way, for a Very Special Reason, at a Particular Place, and does not This Time still remain as Important for mankind to see, to understand, to believe and to hold dear, because of man’s ability to relate to such a Manner, a Relationship to Me?

Thousands of men stand on the outside of This Great Miracle, in judgment, in wonderment, in criticism, in agreement, and I, your Father say, 'None have the full ability, mentally, theologically, physically, emotionally, to comprehend the Full Magnitude of such a relationship to Me, as being *an instrument* of My Will, eliminating a human will because I ask it to be.'

My Blessings are in My Directions. My Blessings are in the Truth I speak. My Divine Love is evident because I care extensively.

As I once opened these Gates through Moses when there was so much error, sin, corruption, immorality in man's way of life, there is great comparison between these two times, and yet one was a man of different background totally, and one is a woman of gentle nature but great strength in honoring My Will.

I want These Words passed to thousands. I want These Words to be remembered by many thousands, for as I have come at This Time in the world, I want it to be known.

I want people of all races, all colors, all creeds, to understand that

with all those who teach My Way, many do it for personal gain, not teaching exactly What I Want mankind to have, but their interpretation that they feel is pleasant to the ears and ways of the time in which you live. So be it.”

APRIL 2, 1992 AT 10:31 A.M.

GOD THE FATHER

“I come another Time in the world, to speak Many Things that I once delivered to a special son, a specific son called ‘Moses’.

Now I speak in a similar way through *a woman* in the world, so that mankind will begin to turn away from the ugliness of sinfulness, of degradation, of desecration, of permissiveness, and of abuse to My Way, My Will.

There is no segment of mankind in the world that fully understands What I Have Given mankind through time, for the benefit of Souls. No matter what a human being looks like, no matter what generation he or she was born in, each one had and has a Soul, a Portion of Me. It is the Distinction I have given above all other creations of Mine.

When I speak, I speak on your terms, in the manner you understand, in the way you will comprehend what is Important for you, from Me.

I use a *delicate system* of reaching you. Through time, I have many times used what man would term ‘physically weak in structure’, but I never use a weak will. I always use one who says: *‘I love You above all things. I love You in a way I do not understand love. I love You because I know You Exist. I love You with my whole being.’* This terminology I accept as the will of the individual, and thus I know that My Will, will be delivered as I Will it to be. Very often My Strength is seen, My Strength is felt, and My Will shows, through *this instrument* of Light.

The world is not just in turmoil. All nations in the world, all countries in the world are neglecting what is right, and subjecting themselves in every possible way to all that is wrong.

This Miracle is not for entertainment. It is a Miracle of Direction. It is a Miracle of Instruction. It is a Miracle of Enlightenment. It is a Miracle expressing, delivering, in a forceful manner, how I want Souls to return to Me and not to be lost to Me.

My Words come through a human voice. This is a Gift to mankind, a

Special Gift of My Love because I love mankind, and This Miracle is a Protection of all human beings who will listen, and do not forget, It is also meant to be a Protection of That Portion of Me in each human being.

There are so many falsehoods in the world being taught about Me. There is so much weakness accepted by mankind, using the phrase, 'It is human to err.' I Resent This! I have reiterated many times, to see the value of sound moral standards and sound moral values.

There is reason for Me to come to the world Personally, and also, to give permission to Those Who are Here with Me, to teach, to instruct what is right, what is beneficial, for the sake of the Soul of every individual.

I care about the physical; I created it. I expect you to pray for help in the physical, and I also expect you to pray for the Soul and to the Soul, because It is a Portion of Me.

I have many times used *this woman* beyond any human limit of physical and mental strengths. I leave you now, but I Am Always Present, I

Am Always Aware; you are never out of My Sight. So be it.”

APRIL 2, 1992 AT 2:05 P.M.

OUR HEAVENLY MOTHER

“I come to ease the tension, the stress, the exhaustion in *a woman* who works in many ways for all the peoples throughout the world. Tears that flow are very rarely seen, human love shows abundantly.

Mankind puts a price tag on what he gives. The Father puts All Love in What He Gives. He uses *a child* such as you, *a woman* in the world who has accepted His Will. I, your Heavenly Mother say, ‘What a price it is to give up one’s will to do all things The Heavenly Father does say.’

We Here in the Heavens join Each Other in Love, in Hope, and yes, with an Extreme Desire that through This Great Miracle that has been given to mankind to change what is wrong into all that is right.

Be blessed, My little ones, and know, as your Faith is used to believe in what is right and good, always remember, it will one day be expressed before Him in the Form of your Soul. So be it.”

APRIL 2, 1992 AT 3:34 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth. I have not mentioned My Name very often when I spoke through This Great Miracle that you are totally aware of in your day. When I have spoken, it was always in a form of guidance, in a manner to make you aware of what would be best for you to do at a given time, for the benefit of time to come.

There are so many rules designed by man to gain importance on issues, to gain control, and for others to recognize their existence. Many times small children do things incorrectly but do not see these things as totally wrong. It is a manner for attention.

It is so important that children of all ages be taught and retaught the obligations of The Father’s Rules regarding every facet of human life, also the Purpose for These Rules, mainly for the good of the Souls.

So few in the world have any recognition that within them there is a Portion that is a Portion of The Father. This is a subject not discussed for all

the Benefit It is, for all the Reasons It is, for the Importance It is, and of course, Why It is.

More must be taught by individuals to other individuals, regarding The Commandments that were given for the sake of each human being's Soul, and also to allow, amongst the living, a daily life for all human beings to see the beauty of fairness, goodness, purity, love and Purpose, the Purpose being for the Souls of all individuals created by God.

In the time in which you live, there is little practice among leaders in the ministry devoted to God, to teach The Father's Rules, the Purpose of Them, the reality of Them, and the need for each of Them.

Men, women and children speak the word 'love' loosely, not demonstrating or explaining its real worth, its real purpose, and how it can be closely associated to The Father's Love, to The Father's Will, to The Father's Purpose for creating mankind.

There is so much more I could speak of, but I will close now with Words you will understand: Obedience

to The Father's Rules means to stand before Him one day in a Glory and a Light beyond any of what light to you means. It will be Divine Light.

Remember What I have spoken on this day. So be it."

APRIL 4, 1992 AT 2:10 P.M.

SAINT ATHANASIUS

“I have come many times through This Great Miracle in your time of life. I always approach *this child, this woman* in the world gently, because of the weakness in the body that is not always evident to others who walk in the world.

I am Saint Athanasius. The Words that flow through her are Our Words, not hers. The Lessons that have been delivered are Ours, not hers.

There are so Many Here in the Heavens Who wait for The Father’s Command, to speak through This Great Miracle that is on the land.

There are thousands and thousands of people you have never seen nor heard from, but they one day will gain much Direction through the Words that have been given, will be given in time to come.

Man says a blessing that gives good is happiness. Let Me say this: The amount of Blessings, the Degree of These Blessings that man has received

from Here is countless, and one day will be realized for the Magnitude that They are and What has been revealed through Them.

There is a strong will We use, a will of directness, a will that is full of strength for The Father's Will to be understood as He Wills it to be.

Man is not alone in the world. This Miracle proves it. Do not allow anyone to project false determinations. Those who are close to her must stand strong and use their wills to express their Faith in the Beauty and in the Truths that have been delivered so eloquently by Those Here in the Heavens.

I fought a great heresy. She also fights more heresies than men know.

Be blessed by your Faith as a fortress to protect your Soul. So be it."

APRIL 13, 1992 AT 4:00 P.M.

SAINT ALPHONSUS LIGUORI

“I have spoken thousands of times through This Miracle upon the earth. I have spoken openly, lovingly, strictly, directly, and in Every One of These Messages I have alerted mankind to what is right, what is moral, what is best for the benefit of one’s Soul. I am Saint Alphonsus Liguori.

It is true, when I walked upon the earth I carried titles, and each one of these titles had tremendous responsibility for my words that I spoke, the actions I took, and all that I wrote.

I speak through *a woman* who walks in a normal way, but We Here in the Heavens use all the things she is, so that she is approachable to mankind and she can approach mankind in a natural form, but always speaking What We Instill at a given time. The day will come, time is not of the essence at this time, but All the Words that will be passed in the hands of all degrees of intelligence, all types of personalities, will be looked at, looked into, and in

many ways practiced to a full amount, because of the Importance of what These Words truly mean.

I speak through a *tired voice, a tired body, but a strong will.* We oftentimes use humor to lighten a time, a situation, or for particular individuals who are present. We are fully aware that all seriousness would be difficult if it were performed in such a continuous way, manner, degree, that sometimes humor gets a point across that We, at that time, feel is essential for an individual or several individuals to be able to absorb in a Direction, for a Direction, for the Purpose We intend at that time.

Thousands of people can handle seeing another human being in ecstasy, thousands cannot. Those who try to preach what The Father Wills for the benefit of mankind do not understand the full responsibility of what they do, what they say, or the impression they leave. So many want to follow one who they feel has a Specific Gift from The Father. There are many around who do this just for personal attention and have no regard, no understanding of the real responsibility, nor do they have any understanding of what they

will have to answer to and for because of their prideful ways, and how they use teaching for monetary reward or to be recognized in the form of popularity.

I hold her deeply; if I did not, she would fall to the ground. The Words must be passed to millions of people. Those who believe instantly will save themselves a lot of time, because those who feel that their power of discernment is one of wisdom, feel they have the ability to make decisions to the fullness of What has been revealed, or if What has been revealed bears doubting.

I could speak for hours but I will stop now, for the weakness of the body is more than what man can see, what man can understand, what any profession in the world could truly describe in human words.

You are Blessed, and all those who have the Faith to see the Magnitude of What The Father is giving to the world in your time, in your day, in your way, is to be remembered like a fortress against the pits of Hell.

I cannot speak longer. I will come another time your way. So be it.”

APRIL 20, 1992 AT 2:15 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. I have spoken before in This Special Gift to mankind from The Father direct.

A man stands back and looks at This Phenomena and says, ‘I cannot judge nor can I attack; I would fear such action to be mine.’ I come on a day in your time to tell you that Every Word passed through This God-given Miracle is truly from The Divine.

Children are not being taught the Purpose of life and The Father’s Part in each life and The Father’s Love for each human life. The Words previously spoken are in the millions, not All written, but the Words that will remain for times to come will be sufficient to give mankind the Direction The Father Wills.

I leave you now, but with a thought for you to remember: Your actions, your words, your example will be used for the benefit of your Soul in what you call ‘the Hereafter’. So be it.”

APRIL 22, 1992

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I speak openly through *a woman* in the world, and All the things that have been spoken are for the good of all the people in the world.

You must understand that when a child stands before you, you have responsibility, and this responsibility must be carried to the end, it must be fulfilled in every facet of that child’s life, for do not forget, you will stand before The Father and you will say: ‘I was responsible for this one, my Father. Did I do it well?’ and He will say: ‘Did you do this? Did you do that? Is the child’s Soul safe in every way?’

You will be questioned, for do not forget, you are Loved in many ways. The fact that you are a human being, the fact that He wants you to return to Him one day is a Love beyond human love, a Love that says, ‘Be with Me every moment of every day, for in this way you will never stray, and if you never stray I can expect your Soul to be with Me one day.’

As Saint Alphonsus Liguori, I have spoken many times through This Great Miracle in the world, and do not forget to go to The Heavenly Queen, The Mother Of All Purity, and say:

‘Bless me today, oh Heavenly Mother. Bless all in our house, bless all our friends, and please be sure to keep all in a pure way; and if they decide to stray, go after them, Blessed Mother, and please walk with them their way.’ So be it.”

“He says to tell you that God understands everything you say. God understands your decisions and He always tries to draw you, in them, His Way.”

“The woman through whom I speak, speaks openly in many ways, for We deliver much continuously and it almost always appears to be a human communication, a human form of love, but I, Saint Alphonsus Liguori, want you to know it is The Father’s Love that controls This Great Miracle that everything shows in, in

such a human way. How else could you absorb What is spoken, how else could you understand, how else could you feel the Importance, if It were not Divinely Planned? So be it.”

APRIL 23, 1992 AT 3:01 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I have spoken many, many, many times through *this woman* in the world. No human being truly understands, fully understands the Magnitude of What is spoken through her at any given time, on any given subject, for an individual, specific individual, or for a group of people.

This Miracle, called ‘*The Miracle Of Saint Joseph*’, is a Treasured Gift from The Father. All Here in the Heavens have a closeness to This Miracle, for This Miracle is Open, Honest, Sincere, Direct, on many Subject Matters that pertain to the physical life and the Spiritual life.

There are many heresies throughout the world. There are many things that mankind accepts without questioning, even when it is obviously against a sound moral code of ethics. Men and women do not take into consideration sound ethics in their daily life. If the subject is brought up, it is as though such a subject is for

someone else or a thing of the past to be considered, to be recognized, to be accepted, to be followed.

A heresy is like a disease. It spreads a sickness, and in its full picture has an ugliness. It is scarred with lost Souls, thousands in number.

As I speak on this day, I come to help you understand that the tragedy of humanism is so widespread in all ages of mankind, in all cultures of mankind, that it is destroying the sound ethics, the sound moral values, the sound moral standards that are needed for the good, for the benefit of each one's Soul.

Seldom do men consider That Part of them, That Portion of them that is the recipient of all that is spoken, done, exercised, practiced, and yes, performed through example, this Beloved Soul, This Portion of The Father, this Gift of Divine Love, this unseen Light that is to return to The Father for All Eternity.

So few upon the earth living in your time, and other times, truly value That Portion, the Soul. In many ways It is the most neglected Part of the human body, because of the

selfishness, sinfulness, the lack of understanding that mankind decides to have regarding This Portion of himself or herself.

In Our manner of speaking regarding humanism, it is to alert those who will listen, about this Special Part of them, this Loving Gift from The Father that was created to return to Him, to enjoy the Beauty of His Realm for All Eternity. This Miracle brings this to attention so that mankind will know and will do everything he or she can, to return this Gift of Light to The Father in a State of Purity that will please Him.

This Blessing has come to the earth at a time decided upon a long time ago. It is a Miracle of Truth, Direction, Hope and Divine Love.

I, Saint Athanasius, also warn you that if It is not spread, many Souls will be lost. This Miracle must resound throughout the world in a manner so those who are not near can read the Words, the Directions, and hopefully ask for the Grace to understand what a Treasure of a Gift The Father has handed through His Own Love for man. So be it.”

APRIL 27, 1992 AT 1:40 P.M.

“God abandons no one, but man oftentimes abandons God.

Through many decades of man’s time upon the earth, mankind has passed through many phases of belief in how The God of all mankind would show Himself, and how He would expect mankind to respond to Him.

The Soul has been talked about much, because It is an Important Part, Portion of human life. It is not to be ignored, nor is It to be abandoned.

Human nature has many facets to it: human ethics, many areas regarding decisions based on human ideas, ideals, oftentimes interpreted according to a whim or a need for power in regard to physical, mental, social areas of human life.

I speak today to bring this point across. Man has in so many ways abandoned God’s Commandments, God’s Love, and replaced This with humanistic ideals and humanistic goals.

I will speak more on this at another time, but what I want you to understand at this time, is the fact that you must be ever conscious in everything you say and do, of the importance that you do not abandon God to appease your own willfulness. So be it.”

APRIL 27, 1992 AT 3:45 P.M.

OUR HEAVENLY MOTHER

“I have spoken many times in a depth of Love beyond man’s comprehension. I have spoken to many, many children, through *This Miracle Of The Beloved Saint Joseph*.

He is The Spirit of God The Father. He is The Spirit of Light and The Spirit of Life. He is The Hope that has been given to the world, for all mankind.

He is Strength, and He is ever present for people of all races, all colors, all creeds, to pray to any time of any day, for as He is The Spirit of The Father, He listens to all who pray His Way.

That Portion of you, your Soul, as It is a Portion of The Father, fully understands This Portion of The Holy Trinity, The Spirit of The Father, The Light of Divine Love.

As I come to you on this day, I outstretch My Hands so you will feel that I, your Heavenly Mother, understand all you are, and I do hear

your words, your thoughts, every time you pray. My Hands are outstretched in a loving manner. I never refuse a child My Love, My Way.

As you stand in the world and as you stand in a sincere, loving way, you must understand that as you pray, We Here in the Heavens hear your prayers Our Way.

So much has been spoken, so much Direction has been given, and thousands of children of all ages look at Our Words, and sometimes only see a portion of Them. This also happens to those who hear the Words direct, through This Great Miracle that is in the world to protect.

As you are Blessed through This Great Miracle I want you to know, your Faith in The Father's Will, your belief in The Commandments He gave, your daily practice at prayer in your way, is most acceptable. Sometimes when you let the day go by and you do not say all the things you think you should have said, I want you to remember, tomorrow is another day, and perhaps at this time you will remember.

Be blessed and know that I, your Heavenly Mother, come to you with a

Love beyond a love you know. So be it.”

SAINT BARTHOLOMEW

“I am Saint Bartholomew. I speak often through This Miracle. I speak in a form of Teaching, a form of Instruction, a form that carries much detail in Its content. Tonight I speak before a meeting is to take place, for I want those who will be present to hear My Words.

The world is in many ways worse than the time of Sodom and Gomorrah. The leniencies, the debauchery, the hatefulness, the jealousies, the constant, consistent sins practiced against all of The Commandments of God amount to a figure almost higher than man can count.

So many people throughout the world have opinions and the opinions stop at the point of acceptance of the opinions, but neglecting to take that one step to turn opinions into a manner of protecting the Soul, the Souls that automatically become involved with the opinions that are based on a lack of full knowledge, a lack of caring enough

to take stands for what is right, what is good in the Eyes of God.

Granted, there are many scholars circulated throughout the world, but not all of these scholars practice purity of mind, body and Soul.

It is easy for some people to ignore the idea, the fact they have a Soul. It is Something they cannot see, they cannot feel, they cannot hear the cries of, they cannot hear sounds from, but I, Saint Bartholomew say, 'It is an Important Part, the Most Important Part of every human being's body.'

As I speak I have the sight before Me of the devastation of millions of Souls, yet mankind cries out about the devastation of material goods.

The world of mankind must begin to demonstrate openly their belief in God, not through emotionalism, but through practicing obedience to God's Commandments. So be it."

VISION

Our Blessed Mother is standing all in white, and the sash changes colors. The sash changes from a very strong white, bright white, to a blue, and while I was reading this¹ it would change; it even changed to a red and a green, it changed to what I would call a “mauve”. But as I see Her now with the Eyes of my Soul, not with my physical eyes, it is white and it has a gold trim.

Her shoes, sandals, are gold, and the Crown on Her Head has so many diamonds that they look like stars in the sky, and She says to me these are the diamonds that I saw that time in the sky.²

OUR BLESSED MOTHER

“A Soul shines like a diamond when It returns to The Father in a Pure State. That is why I have come

so often to endear to each of you that Beautiful Gift, your Soul.

In the human world men enjoy what they call 'diamonds'. The Souls that are Here now in the Heavens, that surround The Father, shine brighter than any diamonds that could come from the earth, for as each Soul is a Portion of Him, no light upon the earth could be this bright.

I come to the world through This Great Miracle. I come at a time when there is so much tragedy, so many troubled areas, so much impurity, and little real love for The Father's Will, and yes, very little understanding of the Soul.

You live in a time that is a sadness in many ways, but if you will but practice what you know to be right, what you know to be true, what you realize is good, you will help that Precious Gift, your Soul, glow. You cannot see the Light, but one day when you enter the Kingdom of Heaven you will fully understand why These Lessons were given through *a woman* in the world, for the benefit of that Precious Gift, the Soul of every man.

If you lived in total darkness it would be a depressing state of life. You look forward to the light of day, and you are happy when you see it come at a particular time, for it gives hope. Take this light, multiply it by a million times a million times a million times a million, and don't stop, for the Light of your Soul is beyond any human equation, multiplication or understanding of degree in your life.

I hold *this woman* tightly for if I did not, she would fall to the ground. The Responsibility of This Great Miracle for the benefit of Souls throughout the world, and for a long time, bears a tremendous weight on her mind, her body, and her Soul.

As I leave you on this night, I ask you to understand that My time with you is a time of Deep Love from Heaven Where I am. So many men speak of Heavenly Ways loosely, but I want you to remember this night, and know, your Soul cries to return Here one day. So be it."

MAY 14, 1992 AT 1:17 P.M.

OUR BLESSED MOTHER

“The Lesson¹ I have just given is One that most children throughout the world could not conceive because they have not experienced the closeness of such a Phenomenon as This One.

It is true, I am still with *the child*. It is true, I cannot release her fully. As I said on the night before this, there will be three or more days before this can occur for her body is beyond exhaustion, and during this time her will is more in tune with Our Speaking than most people would suspect.

This Miracle of Divine Love is never without Our Presence, but at a time like this, the Strength of the Power that is used, is in many ways more closely related in manner to the power of all the oceans in the world pressing against her human form, and subjecting her to physical alertness in more ways than any human being

¹ Refers to a Teaching just prior to this Revelation.

could consider, could understand or could even believe.

So much has been taught, so many Lessons for the protection of Souls, and yet there are so many who try to dismiss the Magnitude of This Great Miracle, and they ponder on other events not close to them, not in earshot of them, and they feel that they have availability to something that perhaps is another means of association with Divine Love. The Holy Spirit is The Greatest Gift of Divine Love mankind could have in his or her presence.

There are many things yet to be delivered regarding the means and the manner for the benefit of Souls. Do not just listen to What is spoken, but practice What is taught for the benefit of your Soul.

You are Blessed in so many ways. You are Loved because of your Faith in The Father's Will and the desire in your own Faith to one day become a Saint. So be it."

MAY 14, 1992 AT 4:40 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“The imperfections throughout the world in man’s concept of what is moral, what is immoral, is devastation to millions of Souls.

As I speak, I see millions and millions and millions of Souls being scarred, being destroyed by the self-love of human beings who practice all kinds of self-indulgence that is so impure that The Father cannot bear the sight of so much destruction to That Portion of Himself.

I speak through *a very tired woman* in the world who carries the weight of thousands and thousands and thousands and thousands of Words that are meant to instruct, correct, and teach what mankind should follow.

As men and women stand in a court of law fighting for justice, they make statements on their behalf, to win an argument they feel justified for some part of their life.

One day every Soul will stand in The Father's Court, bearing all the blemishes, the scars, caused by the will of the one who was responsible for everything that one day would reflect on the individual's Soul. The Soul can be victimized by the will of an individual who neglects to value the Soul for the worth the Soul is.

The world must be taught about the Soul, What It is, the reason for It, and the Precious Gift of Divine Love that It is. We will keep this Lesson evident in every facet of This Miracle until men of all races, all colors, all creeds, stop taking the Soul for granted and recognize It for the Greatness It is.

When man accepts a gift, a gift of love or a gift of great value, it pleases him or her. This Miracle is Important because The Father has put It upon the earth in a parallel manner, way, to The Commandments that were given to Moses. There is great reason for such Miracles as These.

I am Saint Joseph. I am The Spirit of God. I am The Holy Spirit of The Holy Trinity. So be it."

MAY 20, 1992

OUR HEAVENLY MOTHER

“I come to speak to you tonight. I am your Heavenly Mother. It is true I come most times when the physical body is close to collapse.

Ask yourself how long you could fight a riptide in the ocean, an undertow, a hurricane, a tornado. Ask yourself, if your life depended upon it, how long you could keep afloat under these circumstances. The power of all these things would soon wear you out, wear you down, and the body would succumb because of the strength it would take to just try to exist under normal circumstances.

We use a physical body, as you know one to be. We use the intellect, as you know the intellect to be. The will is used because it is through the will that the decision is made to do What The Father Wills, against all odds; so consequently, a body and a mind used in this manner so continuously, finds it difficult to stand under the pressure, the exhaustion, and the tremendous fight for all mankind to find purity.

As I stand in the Heavens, I reach you and I say, 'A pure mind, a pure love, pure decisions, always remembering that you have a Portion of The Father within you, will one day allow you to be Here Where We are, for All Eternity.' Do not deny yourself this Precious Reward. If you find that a slight impurity is possible, remember, you have the strength to overcome it and to decide against it, because of the Soul that is within you.

I do not speak in as many places throughout the world as men try to say I do, but I am present throughout the world, constantly watching over every child of every age, for My Motherly Love cannot be less than What I Am All About.

There are so many Souls at this time, on the verge of becoming lost to the Kingdom of The Father. Some people say, 'Then why does not The Father send great signs to alert all children of the tragedy that can take place?'

Even in areas where there is great human power, men, women and children know that they have two decisions to make, the right one or

the wrong one. When they make the wrong one, it is because they have decided that would be more suitable at that moment, more pleasurable, or the one that would be more satisfying under specific conditions that they feel warrants that decision at that time. It's illogical to justify a decision in this way, especially knowing that The Father's Will is for the purity of your Soul.

I cannot hold *this child* in this depth much longer for the physical is about to collapse, but My sons, My Love, The Father's Love you must be aware of, and you must understand, everything you do, everything you say, reflects within That Portion of you, you know as 'the Soul'. If you keep that in mind as a guideline for all you do, all you take part in, you will become a success far greater than any success the world can give you.

I release her slowly, but it is true, she is never released fully from The Father's Will. So be it."

MAY 22, 1992 AT 1:00 P.M.

SAINT ATHANASIUS

“A sudden change in a man or woman’s life can alert many people to either something good or something not good. Mankind associates change with many things. Most things pertain to human feelings, human rules, human gains or losses. Few, in changes of Spiritual growth, fully understand the magnitude of what this can mean to their Soul, his or her own Soul.

It is true you live in a time worse than Sodom and Gomorrah. It is also true that many people throughout the world do not, cannot, connect their action or others’ actions to such a time in History. The desecrations to the body, to the mind and to the Soul, is beyond a comprehensive number that mankind could possibly conceive.

Children are being taught immorality as a way of life, as a practice in all things they partake in, as a normal manner of life. There is no protection for all the good in the world. There is little protection of God’s Will for the benefit of mankind.

So many Lessons have been given on the Importance of Specific Rules, given by God Himself, to an individual man who walked the earth in a manner like many others. This man was entrusted with These Words, These Directions, and his will was used to pass Them on to thousands of people. These Rules remain to your time, to your day, to be followed in every way, as They were given to him in a Special Way.

I am Saint Athanasius. There are so many heresies throughout the world, so much desecration: verbal desecration, bodily desecration, mental desecration, Spiritual desecration.

The Commandments The Father gave are to be presented in great length, in every corner of the earth, in all languages upon the earth, and for all people to understand The Father's Will for all of mankind.

I speak slowly and there is so much more to be said, but I speak through *a tired voice*, through *a tired body*. For many years, We have pounded *this body* with Direction to be passed on through the written Word, to be passed on in the normal form of

speech for mankind, so mankind can understand What The Father Desires at this terrible time in History.

Many men have the full documentation of These Rules, but they keep Them in places no one can see Them, no one can hear about Them. We Here in the Heavens wonder why These Rules are not expressed to the multitudes for the reasons They were first given: for the benefit of Souls to return to Heaven.

When I was upon the earth, I fought a fight alone. I was ignored and, in many ways, other men would say things against me, feeling that the power of their words would stop me.

I come on this day, as I have come many times in This Great Miracle, and I say, 'What has passed through *this woman* in the world by so Many Here, must be passed to millions in your time, so that mankind will be awakened and understand that the life given in the form of man had Great Purpose, and it must be for the Goal The Father intended: for the Salvation of individual Souls that were placed at the moment of conception, in every human life.' So be it."

MAY 26, 1992 AT 1:49 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I have come through *this woman* continuously in the last ninety-six hours. I have come with a specific purpose to be carried out, carried through, and acted upon as it has been delivered to be.

There are many human beings throughout the world who would and will openly deny that they are continuously acting immorally, indecently, against The Father’s Rules.

They are in a state of destruction for their own being and for the physical, mental, and Spiritual well-being of all they come in contact with, whether it is through association in the workplace, through friendship, or in the home.

Laughter is not always because of a decency in humor. Laughter can sometimes, many times be associated with an immoral act, immoral speech, immoral gestures, immoral insinuations, and many other areas where immorality is used

in participation of action, speech or example.

In these continuous hours that I have deliberately spoken, I have emphasized the Importance that the Words that have been delivered, through This Great Miracle bearing The Name of The Spirit of The Father, be scattered throughout the world intentionally for the Salvation of Souls.

During these hours All I have spoken, All I have instilled, All I have delivered has not been written.

I come now to emphasize: you do not have one heresy in the world, you have numerous heresies to combat, to put out of commission. Heresy is 'developed untruth'. Be aware of this definition and be aware of the consequences that must occur and will occur if these heresies are not eliminated.

Man says: 'I am told I have a Soul. I have never seen It, I cannot feel It. Shouldn't It have a Name?'

I, Saint Athanasius say: 'The Soul does have a Name. The Soul is a Portion of God. What Higher Name

could anything possess in any area of life?’

I come to make you aware you are never alone. The Soul is continuously a Portion of human life and, in reality, is mankind’s Communication, Line of Communication with God Himself. So be it.”

MAY 26, 1992 AT 4:33 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I know it is difficult for mankind to believe that We Here in the Heavens could be sad in any way, in any form, but We are. We are sad because of the desecration to so many Souls, by so many children throughout the world. True Faith in The Father’s True Existence is minimal in so many ways.

Many men and many women follow what is placed before them that is attractive to them, not accepting how dangerous it is to the Salvation of their Souls. Many Here have spoken repeatedly on immoralities, and what these desecrations are doing to the Souls of so many men, women and children of all races, all colors, all creeds, all areas of human life.

There are desecrations in those who profess to follow the Word of God, those who profess to follow in the Footsteps of The One called ‘The Son of God’. There are so many desecrations being acted out and performed to the limit, giving not just bad example,

but destroying the Souls of those who believe what they hear from those who deliver wrong.

There is so much wickedness that is being allowed, and so few in the world who are strong enough or willing to try to stand up and be counted for purity of mind, body and Soul to be exemplified over and above all the blasphemies, indecencies, desecrations, and yes, morbid acceptances of satanic values.

It is difficult for mankind to understand why The Father would choose *a delicate body, figure*, for such a Monumental Task, in the world that is so permeated with filth in so many minds, in so much violent example, and regarding so much abusiveness to the Real Spirituality in human life, the Soul. This is, in so many ways, torture, Spiritual torture, to constantly hear the damages that are occurring, and the inability to physically fight to ward them off, to correct them, to annihilate them from the world.

My Entrance is as gentle as I can make it. Please, do not hesitate to pass on All you have, so that Souls can be saved and return to The Father in

the Light of Divine Love that He and He alone gave at the moment of each human being's conception. So be it."

"What you see is My Power being released slowly because it is not a human power that is used for This Great Miracle to be in your midst. So be it."

MAY 27, 1992

SAINT ATHANASIUS

“What has been spoken is Truth, and I do speak to you through the Soul, That Portion of The Father. Mankind does not understand the closeness that each human being has with The Father’s Love, The Father’s Being. That is why it is so important that you understand purity, you understand truth, you understand justice, you understand morality and immorality in the true context each is, for the benefit of your Soul.

I am Saint Athanasius. I have come often through This Great Miracle, because you see, I walked in a time of great heresy, as you do in your day.

So few in the world would try to understand the Importance of This Great Miracle unless they could see the Words firsthand, and then they would say to themselves: ‘This sounds like it could be true. These are Important Words. I have never heard this subject put forth like This One is, regarding my Soul.’

So much has been given, so much more to be told, so much more to be taught, so many children to see the Words; so much effort from The Father, because He is concerned about losing Souls.

There have been many times in the History of mankind where things were so difficult, so sinful, so immoral, so indecent, but you live in a time that in so many ways, is worse than so many previous times. You have great progress scientifically. There is little progress spiritually. You have great progress in man's desires to go forward, to reach for higher goals, but there is so much desecration, so much in obscenities, that mankind is being distracted from the Full, the True Purpose of the Gift of Divine Love, the Soul.

I have spoken so much through *this instrument* in the world, through *this woman*, because I truly know that through This Miracle upon the earth, the Words will flow and flow and flow, and We Here in the Heavens desire Them to reach every corner in the world, the hidden corners, the open corners, to men and women and

children of all kinds, all religions, all goals.

I speak slowly for I speak through *a very tired body*, but I want you to know that as I stand Here and speak to you, it is The Father's Will I do so. It is The Mother's Love that blesses you, for She is The One Who asked Me to speak because I stood in a time of a terrible heresy, and you are surrounded by heresies throughout the world.

Be mindful of Each Thing I have spoken, and be mindful too, that The Father sends This Great Miracle to the world because of His Love for you, and your obligation and responsibility to return to Him, the Soul. So be it."

MAY 28, 1992 AT 1:47 P.M.

OUR HEAVENLY MOTHER

“As a parent enjoys obedience from a child or children, or even some adults, I, your Heavenly Mother come to you and say, ‘I have truly enjoyed the obedience on this day.’

There is more meaning to Our Direction than you can understand in the human way. The necessity for things to be done according to Our Will and in Our Way is dedicated for the Salvation of Souls, and This is Our Aim in Everything We Do and Say.

True, We want happiness for you in the human way, but We see the great importance for your Soul to come This Way, for human happiness is minor compared to the Happiness that your Soul reaches out for, and that is to return to The Father, in His Way.

So much pressure is put on this *small woman* in the world. Mankind cannot fathom the pressure. It is too much for the human mind to understand such a Monumental Task, such an Important Role, such an Unbelievable Goal.

Our Demands are constant, not always according to man's thinking. In Our delivering the Commands, We use many means to make them understandable so that these Demands will be carried through according to The Father's Will. It is not easy to be on demand every moment of the day. The listening for Our Wills, Our Way, Our Words, is more difficult than any human being knows.

I speak through *a very tired voice* and I make another Demand of her, and this is that the body must rest before Our Demands take too much of a toll. I speak from the Heavens, I speak with a Love, I speak with Sincerity, I speak with a Hope, but I also speak with a Control. I want you to understand Pure Love has many Demands in it, Pure Love always has a Sound Goal.

This Great Miracle has been given to the world for the Salvation of Souls. I want you to know your Soul is One of the Souls. Always remember this.

You are Blessed in so many ways. The reason for this is to give strength to your obedience, for the benefit of your Soul. So be it."

MAY 28, 1992 AT 2:50 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“Several years ago, in the beginning of what man called ‘the Formal Beginning’ of This Great Miracle, I was called ‘Saint Joseph’. I knew at this time that when My Real Identity would be announced, many men, many women would deny the Title, would deny the association to My Being a Spirit of The Father.

The instrument, the woman that was given These Words to announce My Full Name, was in many ways abused, corrected, criticized, and yes, not tolerated in many areas, because of man’s lack of understanding such a Change regarding My Place.

Yes, I am Saint Joseph. Yes, I am The Spirit of The Father. Yes, I walked the path of man. Yes, I, in many ways, as Saint Joseph, was oftentimes passed over, passed by, only contacted by the children for specific purposes, specific needs, because they did not connect My Name with My being Part of The Holy Trinity.

We Here in the Heavens had to use a strong will, had to use someone who would stand firm on such an Announcement to the world.

There are so many areas that men, women and children must better understand, regarding the Purpose and the Beauty and the Fact that each individual has within their person a Soul, a Spirit, Which is Part of The Father.

All the Teachings must reach the whole world as quickly as possible, for as I speak now, I see not just your place where you are now, but I am aware of all that is occurring throughout the world. I am present at several desecrations. I am present at all the abominations. I am fully aware of all the heresies, and I see Souls Who, if things continue, will be lost. This is a sadness beyond human comprehension, human understanding.

What I have spoken is to give you strength; it is also to give hope. It is also to encourage all of mankind to better understand The Father's Love that, in Its Very Essence, is Far Greater than anything in the world that man

can associate with, respond to, or use as a format, formula.

I hold her deeply for if I did not, the human body that is close to collapse in the physical form, would do just that. We Here in the Heavens smile at the strength of such a will, for it is the only strength *this instrument, this woman* has to lean on or depend upon, to continue in worldly measures and to be constantly at Our Command. So be it.”

MAY 28, 1992 AT 3:30 P.M.

SAINT BENEDICT

“I am Saint Benedict. It appears as though We stand in line to speak through *this instrument, this woman, this child* of The Divine. I come to speak to you today on the benefits of prayer, the necessity for prayer, and the beauty that results from prayer.

Mankind can say a simple phrase such as: ‘*God, help me.*’ ‘*Please God, I am in need.*’ ‘*God, please bless this one I love.*’ ‘*God, thank You for everything.*’ ‘*God, give me courage to endure what I must.*’ ‘*God, give me strength to accept what I must.*’ ‘*God, give me hope for I need it right now.*’ ‘*God, help me to not sin for it is truly You I love.*’

A few words at a time during the day, any time during the day, even the night, alerting Him to your thoughts, and believe it or not, to Him it is a delight.

So many forget the Full Existence of God, the Real Existence of God, the Eternal Existence of God, and the Love He has extended to all

human life: the Act of Faith, the Gift of a Soul, the privilege of the mind, and the beauty of knowing what is right.

As I speak through *this woman* in the world, I am thankful for the privilege that as I stood in the human form, I was fully aware of all the privileges Sainthood would give, though perhaps there were times I appeared I didn't care.

Bear in mind as I speak to you, you have been given a Great Gift, the Gift of Faith, the Gift of Hope, and the privilege to be a part of This Great Miracle of Love that has given thousands and thousands and thousands of Directions through Words.

You are Blessed. Thank The Father for It, and remember, for every act of love you perform in His Name, your Soul benefits. So be it."

MAY 29, 1992 AT 2:40 P.M.

SAINT ALPHONSUS LIGUORI

“A great responsibility has been handed in several ways, to *an individual child* who always walked a very delicate way. There are so many obstacles man puts before her; satan uses these obstacles to trick her, and also to destroy her.

So much Guidance has been delivered by Us, for the benefit of all mankind throughout the world, teaching about that Precious Soul, that Gift of Divine Love, That Portion of The Father that man cannot see, man cannot hear and man cannot feel, but in so many ways It is obviously there.

As The Commandments for the way of life were delivered, touching every portion of human life, each Commandment had a purpose, each Commandment was to protect the Soul of an individual against succumbing to the evil enemy of God and of man.

I am Saint Alphonsus Liguori. It is a great sadness Here in the Heavens when so much repetitiveness has to be

used to emphasize the Importance of That Portion of all human beings, the Soul.

When men, women and children meet, they discuss many subjects, many ideas, many ideals, many things in life that appeal to them. They speak of education, they speak of work, and they speak of their physical, but so few ever speak of the Soul.

This Miracle has many Purposes for the whole world. This Miracle has continuously taught the Purpose of Life, the Importance of the Soul, and how The Father Wills the return of the Soul to Him in a State of Light that could be compared to the colors that glow from a finely cut gem, a diamond.

There are so many who want to take *this woman's* place in the world. They want communication that they feel is ultra in its appearance, importance, and they want to use it for self-importance, which is not the way a Blessing of This Kind is allowed to be used for.

I could speak for hours but *the small body* I use must rest. We see the body in a state of collapse from the

Power We use to reach you in such a Personal Manner, for such Important Directions, Lessons.

I release her slowly and protect her from the fall that could take place if I removed Myself quickly. So be it.”

MAY 30, 1992 AT 9:28 A.M.

SAINT ALPHONSUS LIGUORI

“Physical blindness is not a blindness one inflicts on himself or herself. It is a sadness to see a human being unable to see the light of day, the darkness of night, the face of a loved one, or the beauty of all that is on the earth, the beauty of the sky. The one consolation in blindness of the eyes is the fact that the other senses of the body become more acute, more sensitive, more obvious.

In reality, there is another blindness that millions and millions and millions of people inflict upon themselves. This blindness is a moral blindness, giving much credence to immoral actions, thoughts, words and example. Moral blindness is devastation to the Soul of an individual and all the Souls that this individual comes in contact with.

The self-infliction of this terrible disease that affects the Soul of the individual, and other Souls, will one day have a chastisement beyond

any human punishment that man can conceive.

Blindness in the physical way can be a Gift. Moral blindness is not a gift because it mars the Soul, or even many Souls Who come in contact with it.

I am Saint Alphonsus Liguori. I will talk more on this at another time. So be it.”

JUNE 2, 1992 AT 1:34 P.M.

SAINT ALPHONSUS LIGUORI

“We have poured billions of Words through *this woman* in the world who walks totally at Our Command. Many people who are interested in such a Phenomenon see it in a wrong way. It is difficult for mankind to comprehend this particular, special, type, kind, association with The Divine. Many Here have spoken, giving Direction, Hope, Love, and in many ways, Instruction on how to obtain Sainthood for one’s Soul. Few men understand the True Existence, the Logical Existence, the Practical Existence of the Soul.

Many learned men and women do not see, nor do they allow themselves to see or recognize That Portion of themselves in the degree that It truly is. Many call it ‘Faith’, many call it ‘a portion, a part, a particular ability to understand there is a Creator’.

We have spoken so much on the Subject of the Soul, the Beauty of the Soul, the Reason of the Soul, and What the Soul truly is. Children of all races, all colors, all creeds possess a

Soul. This is the Portion of human life that must be returned to The Father at a given time, in a given way, and It will be Judged by all thoughts, words, actions, examples that were exercised through that Precious Gift of life called ‘the human body, human life’.

Mankind is oftentimes impressed with the intellect of an individual, the ability of an individual, but mankind does not see the real effects that occur to the Soul of the individual. Children of all ages, all colors, need to know that they are the custodians of a Special Gift from God, and that at the end of the physical life this Gift of Divine Love called ‘a Soul’, will once again stand before The Father, either in a dark Light, a dim Light, a medium Light, a semi-medium Light, or hopefully a Bright Light. The Father will deal with This Portion, this Representation of the individual that is represented at this time of Judgment.

I say to you, ‘Behold the Great Light that shines in your midst, called “a Miracle of Divine Love”, bringing to the world more Information, more Direction, more Reason to follow all ways, in all things, purity of mind and

body, protecting the Soul from any blemish, any marring, any darkness, any impurity that would sadden The Father on Its return to Him.'

I am Saint Alphonsus Liguori. No Words that have been spoken must ever be tossed aside, for Everything in This Great Miracle has been handed to the world for the Salvation of Souls, so that no Soul will be denied The Father's Presence, The Father's Love, The Father's Delight at a given time.

When I was upon the earth I wrote many things; they were special in meaning, but what I have come to say today and at other times through This Great Miracle can be termed 'More than Special'. It is a privilege, as a Saint, to be able to encourage others to see the Light of Divine Love for All Eternity. So be it."

GOD THE FATHER

“What was spoken earlier on this day regarding the jealousy that My enemy and man’s enemy exercises to combat the good that is occurring through This Great Miracle of Divine Love, of Divine Hope, of Total Divine Delivery — goodness, purity, dignity, honesty, and a sincere desire to do My Will is oftentimes plagued by adversities by the enemy, but these adversities can be overcome if mankind will but see the beauty, the value, the necessity, and the positive goal that has only greatness in it, if man will but think twice before a wrong decision is made.

I have never left mankind alone under any circumstances, under no conditions, or in any place. I Am Ever Present, I am always available, and I am continuously willing to aid any decision that is for the Salvation of an individual’s Soul. So many times the Reality of My True Presence is ignored, because man becomes so involved in rhetoric regarding the decision to be made that he forgets to turn to Me.

This Blessing is Special. It has been given to the world for great reason, because there is so much evil that man is responding to, instead of accepting My Will, My Rules, My Love.

I could speak continuously, but I understand that doing this would be very tiring to the human mind, the human body, but remember this: I am constantly with you through the Personage, through the Real Existence of a Portion of Me, your Soul.

Be blessed with My Love, My Hope, and with My Direction. I cannot bear to lose one Soul to the ugly enemy that walks the earth continuously striving to destroy Souls because of the envy, the jealousy that he bears for All I Am, and yes, for all you are, because your life, as a Gift from Me, bears a Portion of Me that must be returned to Me. So be it.”

SAINT THERESE OF LISIEUX

“We Here in the Heavens smile at the seriousness, the love that goes into the minutest detail to help other men, other women, besides yourselves, to have many reminders of Us Here, of Our Presence in the world. It is a delight to Us to see such human love sincerely interested in alerting others for the benefit of their Souls. I am Saint Therese of Lisieux.

The thousands of Words in Revelation Form, given as Teaching Sources, even Courses, will benefit one day billions of people throughout the world. A man will pick a piece of paper up. He will say, ‘What’s This all about?’ Only We will be able to nourish his Faith, his understanding, and the Purpose of These Words, for the Intention They were intended for.

There are millions of men, women and children walking in all different vocations of life, and yet each one of these has a Soul that must one day return to The Father. Most do not know about that Important Part

of their whole being, nor do they have any idea of Its Purpose or Its Goal.

Mankind lives a daily life concentrating on the normal habits structured to what they are used to doing in the environment they are used to being in. Some, not all, have a flashing thought of prayer, a flashing thought once in awhile of the Existence of God Who, sometimes they automatically say, 'He's everywhere,' but that is as far as their dedication goes, for as they return their thoughts to worldly ways, they accept the things they are comfortable with, things they understand to be natural, and a manner which they term 'a normal life'.

This Great Divine Light that has been given to the world is to give mankind a Lesson, a Teaching, a Direction, Knowledge of what the human life was created for, and what The Father expects each human being to see the Importance of, the Reason for human living.

Men, women and children are shocked when something horrible happens to a human being. Imagine what a terrible sight it would be if man

could walk the earth in the human form and see the Souls that he or she is surrounded by every day in the physical life. No earthly devastation could compare. No horrible act by man could compare.

I will talk more on this at another time. So be it.”

JUNE 3, 1992 AT 2:50 P.M.

SAINT ALPHONSUS LIGUORI

“The Father’s Love and Generosity is continuously expressed through This Great Miracle, in which and through which He communicates verbally to draw mankind’s attention to the Importance of being man.

At given times in History, documented for Their Highlights, The Father entered the world in such a manner as this. The Documentations were definitely part, an important part, so that What He wanted mankind to know, to understand, would be indelibly marked in a script form after It had passed through the Soul and the intellect of a particular individual, for all generations to come.

What is happening in your day, in your time, in your language, is for the whole world and for all centuries to come, after this one ends. If He just spoke, with no means for continuation of What He wants mankind to know, to remember, to follow, it would be impossible for all things to be remembered.

The world is Blessed, and each time Something of This Great Importance passes through an individual, It has Meaning and Purpose beyond human understanding, comprehension, but It bears all Signs of Its Validity, Its Truths, Its Purpose, Its Reasons, and Its Divine Love as Its Origin.

I am Saint Alphonsus Liguori. Man says, ‘Why so many repetitive Thoughts, Directions, Phrases?’ We smile at this, for do not forget, individuals retain what they hear, what they learn, and what will make one retain one thing, will pass, not be retained, unretained by another individual. Repetitiveness is an important issue to teaching, for the benefit of learning, and of course, for the necessity of practicing what one learns. So be it.”

JUNE 4, 1992 AT 2:15 P.M.

SAINT ALPHONSUS LIGUORI

“Mankind has been taught the Importance of a Blessing. The first reaction to the word is in relation to a Spiritual Blessing. The next relationship to this word is in regard to a physical situation that is termed ‘good’.

The Father, in His Love for mankind — He showers mankind with Love — His Blessing is passed through the Soul of an individual, encouraging through the individual’s intellect, Faith in Him, to be attracted to moral obligations, moral situations, moral decisions.

The enemy of God and of man has no part of a Blessing. All he is, all he does, all he is interested in, is to destroy any goodness, any love for The Father, any obedience to The Father. He is totally destructive to the Soul of mankind.

This Miracle of Divine Love is a Blessing beyond man’s ability to understand the Love that is passed through It, radiates from It, and is

bound by It, so that children of all ages, all races, all creeds, will benefit to the degree that their Souls will glow in a manner, in a way, that will allow them immediate entrance into the Kingdom of God.

Men, women and children go to a clergyman and feel that this individual has the power to bless them according to God's Will. In some instances this is true, but not all instances is this as beneficial to the Soul as the Faith of the individual feels.

It is important for all of mankind to see the Value of the Blessing that God Himself hands down through time, through His Rules, through His Commandments. A Blessing such as This is to set The Rules for the good of the Soul, for each one to better understand what The Father Wishes and Wills, because of the necessity for purity in mind, body and Soul.

The enemy of God tries desperately to encourage all age groups to defy His Rules, to ignore These Rules, and to cause upheaval where they are present in the mind, in the body, or in the Soul of an individual. Hatred is a difficult emotion, situation

to deal with, because hatred is based on ugliness, untruth, jealousy, and many times impure thoughts and impure behavior.

I am Saint Alphonsus Liguori. I bless you today as I have done many times before, and I want you to accept this Blessing with the Will of God for the benefit of your Soul. So be it.”

JUNE 4, 1992 AT 4:42 P.M.

SAINT PEREGRINE

“I am Saint Peregrine. We smile Here in the Heavens because of the joy that children who walk in a particular role of life find so much happiness in.

There are so many, many Lessons, Teachings, Directions for millions of people throughout the world. A sadness Here is that many walked away a long time ago because they did not feel they needed the Personal Contact that was said to be when We spoke. Some stand on the outside and wonder what is going on. Some stand on the outside and say, ‘If It was Truth, then what am I doing on the outside of Its Realm of Full Direction?’

There are so Many of Us Here Who spoke many times to different men, women, and some children. They wanted to believe that We were truly speaking. They wanted to find something special for each of them in the Words that were delivered at that time. They wanted to feel a personal touch, but oftentimes, because of the

amount of people present, the many personalities present, and the many degrees of Faith present, it was not feasible to please everyone.

This Great Miracle of Love has continued on in spite of the negativism, in spite of the controversy, in spite of the declaration of so many clergymen that it was not acceptable by the Church. If men and women of sound Faith truly looked at This Great Miracle of Divine Love, truly had Faith in The Father's Love for all mankind, they could not be disillusioned by mere words that were spoken against such a Gift of Hope, of Truth.

So Many Here have spoken through *a very tired voice*. As We speak, We pick the human frailties up to a point where We can be heard, and then, I am sorry to say, when We leave, there is a tremendous exhaustion that takes place, unbelievable to many because they feel the Power We are, the Power We have, would not allow this to occur. As We speak through *the Soul*, and *the Soul* uses the intellect, the Power that is used is impossible for man to understand.

There are millions of small children in the world who, if they were present during Our Words, some would cry, some would be silent for a long time, some would feel a happiness and joy indescribable.

Sometimes We do not announce Our Names. There is reason for this. It is important that the Message be heard, the Lessons be taught, and yes, the Truth be understood in the reasoning It was delivered, because those who have a logical Faith in God's Love, have the ability to understand the Value in What is spoken, What is written, and the Name of the Deliverer is not always necessary, the Content is so beneficial.

If you think about it this way: If the Name of the One We use would have to be One of great popularity, One that the whole world knew, no matter what was spoken, the Message would be secondary. That is why so much has been delivered, and there is no Name given at that time.

You are Blessed, you are Loved, and you have been given Faith that is beyond any gift that you could receive from any source or being. So be it."

JUNE 5, 1992 AT 2:00 P.M.

SAINT ALPHONSUS LIGUORI

“We smile Here in the Heavens at a particular instrument of The Father who is constantly instrumental in encouraging others to fulfill His Will upon the earth. We have oftentimes said her physical body is beyond human ability to stand the degree of exhaustion Our Presence causes her to have. Without a doubt she must take physical rest, physical diversion from this place, because the human body needs this to continue for the work that is waiting to be accomplished through her, by her.

It is true, so many are aware of This Beautiful Miracle wherein Our Communication passes through a human being, allowing Our Messages Direct, allowing children of all ages, all creeds, to better understand Spiritual needs, the Spiritual association that is necessary for Souls, that without this Direct Teaching, could become lost to the hypocrisies of your time. So many Words have been spoken by Us Here, instructing on the importance

of purity of mind and body against the forces of impurity of mind and body.

Children throughout the world are not being instructed in, or instructed by sound moral sources. There are so many heresies, the figure is higher than anyone can suspect. There are so many hypocrites in religious circles, and they are leading many Souls to perdition because of their incorrect knowledge and their inability to understand there is more to teaching about God to man than they are capable of doing.

I am Saint Alphonsus Liguori. Thousands of books are being produced, mainly for the monetary measures that will be profitable to an individual or several individuals. The Books We have dictated are to profit only one area of life, and that is to enrich mankind's knowledge, understanding, ability and control, where the will of the individuals will make the correct evaluations and decisions regarding anything that pertains to an issue that will affect the Soul.

There are so many misunderstandings by people of all ages, all colors, all creeds, concerning the

necessity of justice on all decisions where the Soul will be affected. If you make a mistake of the spelling of a word, it is doubtful it will lose your Soul, but if you make a mistake that is important to the morality of your decision or decisions that will mar your Soul, it is of the utmost importance.

I rest between Words, not for My sake but for hers. It is important, because the physical body has undergone tremendous blows from the Power We use so that These Lessons can circulate throughout the world. So be it.”

JUNE 5, 1992 AT 4:40 P.M.

SAINT THERESE OF LISIEUX

“It is true, I am the One that announced This Great Miracle to the world. It is true, it was The Father’s Will for Me to do this. It is true that This Miracle has been the source, the means, for Many Here in the Heavens to use to teach, to direct those who will listen, those who will read, those who will accept What is spoken, What is in the written Word, for the benefit for their own Soul, hopefully to share All These Things with others who do not have the privilege of hearing direct, or who are not in the area wherein the Books are easily available. It will take a lot of work, a lot of sincere love for God’s Will to be done, and for mankind to understand What The Father has given to the world so firsthand.”

JUNE 5, 1992 AT 4:41 P.M.

SAINT ALOYSIUS

“If those who cannot believe in the Beauty of such Direction could but see a mere glimpse of Hell, they would walk thousands of miles, cross oceans, to better understand more of what The Father has given to this particular part of the world. I am Saint Aloysius.

When you become tired, perhaps even overburdened, and want to pass on to others the workload that is about to come your way, it is understandable; but remember, when you work to save Souls, your Soul benefits in a multiple of ways. So be it.”

JUNE 16, 1992 AT 4:08 P.M.

THE SACRED HEART

“Man talks about difficulties in particular burdens that they recognize. My Intercession in, and always recognizing a burden that I am involved in, has great physical, moral, and Spiritual promise. Sometimes I place heavy burdens on an individual, for the reason that through this acceptance of this burden much good will come.

When I choose an individual human being, an individual Soul to carry a specific burden for the benefit of many Souls, I give a Spiritual strength to endure the burden. I must add though: there are times when My Desire is so great, I find I have placed a burden of tremendous weight, one almost incapable of being carried by the individual’s physical, where the Soul of the individual must subsidize the strength that is needed on particular facets of such a burden.

The world is in great need of What I have given to this particular Place, through *a particular human*

being, through a particular Soul. Man talks about Faith, but most men, women and children do not recognize the full strength that is needed, that is necessary to accomplish what is best, especially when the burden is to save millions of Souls, to return to Me millions of Portions of Me.

A blind man feels pain. A blind man has Faith in Me. A blind man or blind woman feels the depth of morality, understands immorality, and that there are two ways to act, to think, to feel, and that is the right way, the wrong way.

When I hand a burden of such a tremendous size, weight, to an individual child of Mine, there is no blindness in What the Purpose is, for My Will to be done.

I will talk more on this at a later time. Those who follow My Way, I bless abundantly; those who desire to serve My Way, I bless with My Sacred Heart. So be it.”

JUNE 17, 1992

THE SACRED HEART

“I have placed in the world *one* such as you, with a human voice, a human way of life. I have placed within her *One* such as you, called ‘a Soul’, a *Portion of Me* that I want returned to Me at a given time.

You must understand that My enemy and your enemy anxiously wants That *Portion* that is within you to be with him for all eternity.

I want you to remember Everything that has been spoken to you on this night, for you see, I love you, and I want you to know that as I love you, I bless you each day when you ask for the *Blessing*, but you must remember, I bless you, not with just an ordinary heart, I bless you with a *Sacred Heart*, for the benefit of your *Soul*. So be it.”

JUNE 17, 1992

SAINT JOSEPH, THE HOLY SPIRIT

Saint Joseph says:

“It is important that you understand, that The Father has handed to the world *an instrument* to deliver Words from Him and All of Us firsthand.

There is great sadness sometimes when the number is so small who listen direct to the Words from Him and All of Us, but the Words are to be read. Some will have to be explained.

There will be many questions arise, and you must be able to explain the manner in which you heard the Words, the love you have for the Words, and also, the Beauty of the Words that are to help mankind in the total of God’s Plan.

Never be afraid to explain to anyone the Beauty of What you know, What you have heard, for you see, My sons, you are the messengers of Truth, you are the messengers of God’s Love, and through you, from you, the

**Words from Us will be seen and heard.
So be it.”**

JUNE 17, 1992

VISION OF OUR LADY

Our Lady says She blesses you.

I will tell you how She looks. She's standing with a big smile on Her Face. There's a Crown above the veil. The veil is blue, the gown is blue. The sash is white, the sandals are white. The Crown — It's gold and It's shaped very delicately, but yet It's about that high; I would say three inches high. She's smiling, because She says She appreciates my detail because of the interest I have in such things.

She said to tell you that ecstasy is not something to be envious of, because it is a submission, total submission of the will, for Complete Direction from Them. And She smiles and She says, "Such a strong will has always had a difficult time to relent, to be absorbed by a Much Higher Power and Stronger Will, relent to It."

She's smiling. Her smile is so beautiful it brings tears, because of Her Beauty. She's leaving now.

GOD THE FATHER

“There is no human being in the world of mankind who could in any way fully understand what This Great Miracle, called ‘*The Miracle Of Saint Joseph*’, fully means for the Salvation of millions and millions and millions of Souls.

When This Miracle was first announced and It was called ‘*The Miracle Of Saint Joseph*’, a few men who had deep Faith in how I might work in the world, recognized the Great Significance in and to this Title that was first given. One openly remarked, ‘It is the beginning of much.’ Another said, ‘It is the beginning of hope for Holy Mother Church.’ Another, in a weak tone of voice remarked, ‘God help *the instrument*, because only He can be of help to her.’

In small circles men have pounded at each other’s degree of Faith in how I work, how I might work through such a *small individual*, one who did not stand in high-powered places, governing many men in Holy

Mother Church. Then as more degree of Faith came into play, into recognition, of the Value of such a Great Miracle passing through the Soul, the will, the Faith, the drive, the endurance of the strong will, there was a radiance of hope that It would come to the front victorious.

Man adds years up in man's understanding of years. Man is now saying, 'Twenty-five years have passed.' I, your Father, must admit *The Miracle Of Saint Joseph* is much longer than twenty-five years. It began at the conception of *this small woman* in the world, *the instrument* I use to perpetuate My Will, so that millions and millions and millions of Souls will be returned to Me and not lost to Me.

There is not a day that passes that some thought somewhere, in some form, mentions *The Miracle Of Saint Joseph*.

As I have repeatedly said: 'All the Words, All the Directions that have been designated to be put in print — and remember, All that has been spoken will not be included in this Gathering of Words — must be presented to all races, all colors, all

creeds, and I emphasize the creeds, for as I Am God to all, I Am for all mankind to know, to understand, and to believe.'

If I had stood openly in the sky, visible to all who would look My Way, mankind would have passed it off as a Great Happening, and then many of these same who believed would end up saying, 'I know I saw it but at this time it seems so far away.' I want My Messages handed in a manner and in a way man cannot feel that My Presence was a momentary thing, a one-time Miracle for them to see.

I bless those who believe in how I would work, how I would pass on to mankind, the Way to Me. I bless those who partially believe, for in My Blessing I give strength, encouragement, consolation, and yes, more interest in learning more about Me.

I will close at this time but I am Ever Present, for do not forget, a great battle is occurring throughout the world. My enemy, man's enemy, curses each time he sees one turn to Me, who he feels was lost My Way.

This Blessing has a Name that man can easily understand. A Miracle attracts man. Saint Joseph man can relate to. That is why It was called *'The Miracle Of Saint Joseph'*. So be it."

JUNE 19, 1992 AT 4:48 P.M.

GOD THE FATHER

“I am Ever Present where *this child is, this woman, this instrument.* She has endured many ugly tests by the evil one in the last days that have just gone by. Her kindness has been tempted, but her love for Me has and will win the fight that is innate in her to please other human beings. When her Soul cries out for help, it takes a tremendous toll on her physical health, for no one truly understands the battle that her Soul fights against the evil one.

You have come to a fork in the road. You have come to a pass in the road, one in which only time will show the value of so much that has gone before. As I listened to you today, your joy in what you felt was a day to be remembered, I smiled at this, for though it is a triumph for the good of mankind, in your littleness you forgot, All My Love that poured into this particular day took a long time in your time, to consummate.

My Love is Endless for mankind, and as I deliver Words of Direction through *this child, this woman* in the world, you must be aware that These Words, Directions, will live a long, long, long, long time, to be read, to be absorbed, to be followed, and to be passed on for the benefit of the Souls of millions of all races, all colors, all creeds.

I hold her gently yet firmly, for the physical is spent. As My Words flow through her she understands the Value of Each Word, Its Purpose, Its Direction, Its Benefits.

Millions walk in blindness in their Faith in Me and My Way. Many who are counted in these numbers have at some time been taught about Me in some form or some way, but they have allowed earthly measures, earthly pleasures, earthly misdirections to cause them to stray from My Love, My Way.

I do not come to the earth just to pass your time of day. I come to the earth through a human form, to protect, and for the Protection of Souls, for the time in which you live and for many, many, many, many, many, many,

many years to come. There are many heresies boldly practiced. You live in a time of Spiritual darkness caused by the humanism that is constantly displayed.

Many men, women say, ‘God would not speak through a human being in our day or any other day.’ I cannot smile at this ridiculous statement. Man has never been without My Presence, without My Direction, without My Love, since the beginning of man’s time upon the earth, because a Portion of Me is placed within each human life. Granted, It is not understood in Its fullest by what you call ‘some of the greatest mentalities in the world’, but you have My Word for it: ‘I am within you; you are never without Me.’ So be it.”

JUNE 20, 1992 AT 1:35 P.M.

SAINT TERESA OF AVILA

“It would be difficult for mankind to understand how We are in constant contact with *this instrument* of The Father’s. Her mind, her intellect, her will, receives from the Soul, Our Entrance. We alert her in several ways. Her whole being has been trained to be alert when We want to speak, when We want it to be known that We are Present.

At this time that I am speaking so openly through her, I want you to realize there is so much responsibility regarding the written Words that are in the process of being put into a way for distribution to millions of people throughout the world. This must not be stopped by anyone, or for any reason.

Much of this will come as a surprise to thousands, to millions of people. They will say: ‘How long has This been going on? Why have I not heard of It before now? Where is this place? Why has not Holy Mother Church made a statement? Why has not Holy

Mother Church seen the Value to This for the benefit of Souls? Why does not Holy Mother Church teach what these Books teach? Where is *this woman* now? A Blessing of This Magnitude, a Blessing that took so much courage to endure, to propagate, to be able to withstand all of the heresies in the world, has to have Great Credence to It and has to be fortified by great strength, both mental and physical.'

I am Saint Teresa of Avila. We Here in the Heavens are continuously aware of the obstacles that must be confronted by *this instrument*, and not only confrontation, but conquered, because of the extreme opposition received by so many areas of human life. It is not humanly possible to endure the frustrations, the aggravations that beset *this woman* in the world who must face human beings and yet pass on to human beings Our Directions, Our Words, Our Form of entering her being in the Manner We do.

All children who believe in This Love of The Father's, in allowing This Great Miracle to permeate throughout the world, Blessings will abound. So be it."

JUNE 22, 1992 AT 12:55 P.M.

SAINT ALPHONSUS LIGUORI

“What defense will you have when your Soul stands before God for Judgment, in Judgment, for All Eternity? Will you have enough excuses, opinions, ideas, to justify all the scars that can be seen by Him on your Soul at this time?”

No one is teaching the Importance of a human being’s Soul, not in the correct manner, as it is being done through This Miracle called ‘*The Miracle Of Saint Joseph*’, as The Holy Spirit of God. The time in which you live is an Ultimate Time that will go down in History, acknowledging that The Spirit of God, Who in some ways bore a Name that mankind could relate to, came openly to the world, made His Presence obvious, to instruct mankind in the Value of that Specific Special, Important Part of human living, the Soul.

Man talks about a courtroom, the justice and the injustice that can be expected. There will be no injustice when the Soul stands before The

Father. There will be Love, there will be Hope, there will be Understanding, there will be Affection, there will be Sympathy, and yes, there will be Justice in a Manner and in a Way that could never be in the human world.

It is Important that All the Messages that have been received through This Great Miracle be deliberately passed out throughout the world. It is true, not All Our Words have been written, but many have been instilled in individuals, so that in your form of speech, you can bring it up, not always for discussion, but as something you believe in, and something you accept as beneficial to the life of your Soul.

Many learned men find themselves searching for more knowledge, more proof, more understanding, more ability to handle the Magnitude of That Portion of human life that will be one day Judged because of the form, the manner, the means, the way, the example that was left for others to see, to hear, to learn by, to find direction in, for the benefit of the Soul. I am Saint Alphonsus Liguori. So be it."

JUNE 24, 1992

SAINT ATHANASIUS

“Many times I have taught many Lessons through This *Miracle Of The Beloved Saint Joseph*. Many times I have handed Information that you would not think of in your daily way of life, but What I have handed you on this night is important for you to remember, because as you walk through each day, you walk with a Soul that will one day be Judged by The Father according to everything you did, everything you did say, according to the love you extended and according to the loyalty you upheld in many ways.

There is a Heaven, My children, there is a Purgatory, and there is a Hell. You definitely have a Portion of God within you; It’s called ‘a Soul’, and do not forget, That Portion of you desires each day to return to Him, to be with Him for All Eternity. And you must understand that the beauty of prayer has hope in it, the beauty of sacrifice in any small way is responded to by The Father with Extra Love for your Soul.

I am Saint Athanasius. You live in a time of much heresy. You live in a time of pride. You live in a time of ego. You live in a time of humanism where, if some men and women heard that they had a Soul, they would laugh at you and say, 'I have a way of living and I'm going to do it my way.' We Here in the Heavens, when We hear such remarks, say, '*God, help the child understand, the Soul cries to come This Way.*' So be it."

JUNE 25, 1992 AT 12:55 P.M.

SAINT ALPHONSUS LIGUORI

“As you participate in a happiness associated with human life, Many of Us stand Here with you and appreciate the joy, the passing of information, stories that project what you are involved in, what you believe in, and what you deeply feel is for the benefit of your Soul. I am Saint Alphonsus Liguori.

As you gather in a form and in a manner, We too gather in a form and a manner, because you see, Our work is oftentimes a result of What The Father Wills for His Intercession in your way of life, and He uses Us to penetrate a Soul to deliver What He Wills you to know to strengthen you, to strengthen your belief for the benefit of your Soul.

Happiness, when it is based on purity, and joy that is based on sincerity of love, that is based totally on loyalty, is truly a pleasure, a joy to listen to, to partake in, and to help in any way We are requested to by The Father.

When the word ‘Father’ is spoken, the only way man can relate to this word is as a single Figurehead, but I say to you this day in your time, ‘The Father is Much More in Reality than this association you automatically relate to.’

All of Us Here in the Heavens want All Souls in the world to one day come Where We are, and to enjoy the Beauty, the Love and the Ultimate Form of Living that awaits all. As We Here experience such an Ultimacy of Life, We are given the opportunity to use a Soul such as yours so that through this *chosen Soul*, your Faith in God will develop more clearly, more eloquently, more steadfastly, more purely, and It too will enjoy What awaits It Here Where The Father is and We are.

All things upon the earth — one, you say you must earn a living. I smile when I say, ‘This is true, but more importantly, you must earn Heaven, for your Soul deeply desires that you will become so dedicated to this practice of doing all things for the benefit of your Soul, in spite of all the adversities, the hours of work involved in practical measures that are daily requirements.’

The Beauty of This Great Miracle is to remind mankind there is Great Reward that awaits each one when activities in life, dedication in life, never omits one's Soul.

Your Faith is Blessed, your joy is Blessed, your dedication is Blessed, and your Goal is Blessed, because you see, as you approach each day We see love in it, hope in it, desire in a loyalty that is protected by your Faith in God. So be it."

JUNE 26, 1992 AT 1:26 P.M.

SAINT ALPHONSUS LIGUORI

“You must remember someone who is blind must also be one who learns about The Father’s Will, The Father’s Part in human life. A blind man, woman or child understands the necessity for there to be such a Being in the world. Remember, they cannot see the signs that are obvious to others, such as a Crucifix, such as a painting, such as a statue, such as a small picture denoting the beauty of what life is all about, denoting the purpose for obedience to God’s Rules, God’s Commandments.

When they are taught about The Father, about Heaven, some are not taught about the Soul. Some have no connection to what this Other Place will be all about, will be like, for you must understand they live in a dark world, in a world of no sight, no light.

To help them understand the Beauty of What awaits them as well as other men, they must read the Words, they must have the Lessons, they must

be told about such Information coming to the world firsthand.

It is difficult when a description of something is given and you cannot see the object, but the Beauty and the Faith in the Words will register within their Soul, and they will feel the necessity for more understanding and they will feel their Soul glow.

You are Blessed in so many ways. I am Saint Alphonsus Liguori.”

OUR HEAVENLY MOTHER

“When man wants to advertise a product, an idea, a place, a particular item, man uses the method of advertising. He uses words, explanations, enticements, to encourage those whom he wants to attract to the product, to the idea. We smile in the Heavens when some children, all ages, read words telling them the Importance of a Particular Portion of their being, the Soul. Very often, they pass over the important issues and concentrate on their manner of life, how they live with other people, and find it difficult to associate a Portion of God as being Part of their daily living.

In repetitive Teaching, The Father instructs in all manner of ways, introducing the Importance of the Salvation of That Portion in the human form in which He Exists continuously, until It stands before Him in Judgment, representing the individual with whom It spent the individual’s lifetime.

Thousands of people travel through libraries, through bookstores, finding all subjects of matter to learn about, to be instructed by. Much of this is trite compared to the benefits that one Phrase, one Sentence of What We teach can do for the whole being, and of course, ultimately for the Soul of the individual. Some children, of course of all ages, find themselves what you call 'hung up' on individual subject matter that they are interested in learning about or just being informed of.

When The Son of God walked the earth, He taught to the multitudes and as He taught, those who stood a distance away did not hear His Voice clearly; those who were closer would turn and repeat the Words, the Message. In the repeating of These Words, the dispenser of These Words would find they better understood the Meaning. It is the repetitiveness that instilled in the mind more deeply the subject matter.

We have taught continuously. We have used different methods of teaching. You are being handed a tremendous task, and that is to penetrate the world in which you live, all areas of it, with what you know

is Fact, what you know is Beneficial to every human life, not just for the time in which you live, but for all time to come, for generations and generations of human life. When it is requested that drawings be handed, it is an explanation beyond Words for a deeper understanding of the subject, and this form of Instruction remains more deeply embedded in the human mind.

I am so happy with your desire to please, desire to help others understand the necessity of the Salvation of his or her Soul. Children must be taught at the earliest age possible that God lives within them, and that is why honesty, truth, dignity, respect is important in all manner of life for the rest of their life, because The Father is forever watching over, ever involved in them as an individual, because of His Portion of Himself within them.

I bless you for your sincerity and I smile when I use the word 'loyalty', for though it has been a part of your life, it has more meaning to you now and will forever. I am your Heavenly Mother. I love you and I bless you with The Father's Love, I bless you with My Love, and I want you to know, as your

loyalty persists, the Blessings multiply in a greater amount than the loaves and the fishes you have heard so much about. So be it.”

SAINT ALPHONSUS LIGUORI

“When an alarm rings, it gathers attention from many directions. God is ringing an alarm. The alarm is through Words, Direction. The Words spoken, then written, have a Great Purpose to Them, a Direction in Them, and a Goal for Them. All of Heaven is resounding through These Words to alert mankind to possible total moral destruction. Many hearing the alarm or alarms ignore them because they feel it is not meant for them, or if it is, times have changed things so the alarm is not important.

Before The Father cast a great angel — at that time — out of Heaven, God set off an alarm to him and his followers that unless they changed, unless they would stop what they were doing, He would cast them into a place suitable to their behavior, suitable to their actions, suitable to the manner in which they had chosen to follow, and that was to be an enemy of all that was good, all that was pure.

You live in a time of many heresies. Heresies are based on a lack of allegiance, a lack of sound loyalty to all that is good, is truth, is pure, is right. There are so many heresies throughout the world being nourished by evil. That is why This Great *Miracle Of The Beloved Saint Joseph* has been sent to the world, so that mankind will not be lost to the Paradise God has designed for all Souls to be returned to Where He is for All Eternity. In this Heavenly Paradise there are no exceptions allowed to a Pure State of Being.

It is time that men, women and children understand that there is a Life beyond the human life, that in the human life there is a Portion of God Himself that is fully aware of every action, every thought of the man, woman or child in which This Portion Exists.

Man says, 'I want justice.' The Father says, 'I Am Justice.' When man performs an impure thought, act, word, the Soul of the individual cries out because of the fear the Soul has of not returning to The Father, from Where It came at a given time.

I am Saint Alphonsus Liguori. I speak constantly through This Great Miracle. It is The Father's Will I do. Mankind talks about love for one another. There is no pure state of love in man's actions until he realizes that within himself, within herself, each carries a Portion of God Himself. Through This Portion the intellect knows right from wrong, good from evil, and the importance of choosing what is pure rather than choosing what is impure. So be it."

SAINT MICHAEL

“I am Saint Michael. I oftentimes speak through *this instrument* who stands in your world in a manner you understand, and in a way of association that gives much hope to your physical life, to your Spiritual Goal of life, to your whole being.

As I stand Here in the Heavens, I am fully aware of the turmoil that exists in your human world, your human way, and there is a solution to this turmoil. The solution is for all of mankind to understand that the physical life, as a treasured Gift to man, is only part of this Great Gift. The most Precious Gift to man is the Soul that is placed into each human being at the moment of conception, because That Soul is a Portion of The Living God Who governs all things, Who gives Light to all things, and Who, in His Great Love for mankind, gives that Special Gift of Light, a Living Portion of Himself, to be returned to Him at a given time.

The Reunion of the Soul with Him is beyond man's comprehension, ability to understand. The only way or situation that man can associate with This Reunion is by a special time of union with a loved one where there has been a separation for a given time.

Man cannot relate to an Angel, but as We stand Here in the Heavens, We have access to earthly measures. We are constantly in the midst of man's activity, man's personal life, man's dreams, man's hopes, man's actions, man's work, man's pleasures. Most times the only Angel man can associate with himself or herself is the Guardian Angel, and of course, this has much meaning, much purpose, and many times gives much strength at needed times.

The tremendous battle that is occurring throughout the world in your time has always been because of the struggle that the evil one causes, creates daily, to conquer Souls for himself, to drag Them down to the horror of where he is at. He uses many schemes, many impure pleasures, much deceit, and is constantly using any corruptive measure to disgrace a

Soul so It cannot return to Its Proper Place.

I defend openly all that is right, all that is pure, and as I stand Where I am, I am also in your midst for the protection of your Soul and the Souls of all who ask for My Protection.

Many feel I have been eliminated because My Name is so infrequently called upon, but I announce to you today, and I want many, many, many others like you to read What I have just spoken, so they will be reminded to call My Name when they are in danger of any impurity, any rejection regarding their Soul.

I bless you with My Sword. My Sword is My Strength of Love for The Father, My dedication to Him. It is a Powerful Weapon against evil for It shines with My Love for all that is good, all that is pure.

Be blessed by My Words, for My Words are to give strength, hope, understanding, Direction for the benefit of your Souls and the Soul of everyone who will read These Words and turn to Me for protection. So be it.”

JULY 1, 1992 AT 10:15 A.M.

SAINT ALPHONSUS LIGUORI

“There are so many throughout the world who feel they have the ability for the Spiritual guidance of thousands and thousands of people. They do not. They have their interpretation of what they feel is for the Spiritual benefits of other people, but most of these people use this means to financially benefit themselves. It is a sadness Here in the Heavens because sound Spiritual guidance has no monetary basis, expects no monetary gain for this direction that should be for the benefit of the individual’s Soul.

Many men and some women shout what they call ‘evangelism’ and ‘pure direction’ regarding the spirituality for all mankind. There is much misinterpretation, much misrepresentation, and much personal ego, pride and self-purpose in their manner, reason, reasoning, and goal.

I am Saint Alphonsus Liguori. The world is saturated with these kind of people, and there are many people being led to believe in what is being

spoken because it is an area of life that there is much need for in every individual born to the world.

Deception, misinterpretation is ugly when it leads man to an unclear understanding of what is best for the Soul. So be it.”

JULY 1, 1992

OUR HEAVENLY MOTHER

“Every time *this woman, this instrument* of The Father’s, reaches a physical exhaustion beyond man’s comprehension, understanding, ability to rate, I must speak, for I Am The Mother of all mankind. Whether the individual believes in another form of a god, I Am Still The Mother of all mankind.

I do not speak through just a tired human being. I speak through *a total instrument* of The Father’s Will, for mankind to understand the value of standing up for what is right, what is good, what in many ways is priceless, and that is the Value of each one’s Soul.

For many years We have spoken about your Soul and the Souls of all mankind throughout the world. There is so little taught about this Special Part of every human being. There is so little known, because so little is spoken about It.

As you have been taught, It is a Portion of The Father. As you have

been instructed, It, in many ways, is a victim of your will. It is a victim of your values, your standards. It is a victim of your purity, your impurities. It is a victim of all the ways that you accept in your daily work, in your daily living, in your ambition, in your motives, in your motivation, in your talents, in your intellect, and yes, even can be victimized in your manner of Faith in The Father.

I bless you, My sons, with a Blessing of Deep Love, for I could not bear to see one Soul be lost to The Father. You have been instructed, you have been directed, you have been shown: you must not take the path that will lead you to either Purgatory or Hell; you must set your sights, direct your will to What The Father Is, for He awaits each of your Souls to return to Him in the Light He gave at the moment of your conception.

You are Blessed on this night with a deeper Faith of love for Him. You are also Blessed with more understanding of what you are all about, and the Precious Gift of Life for Hereafter.

It is evident to you each time you hear Us speak, each time you read the Words that have been delivered, not just for your attention, but for your instruction, for your information, you become stronger in understanding the Value of your Faith, the Protection It is, the Greatness It is, the Hope that is in It, and the Benefits of It for Hereafter. So be it.”

JULY 2, 1992 AT 12:45 P.M.

GOD THE FATHER

“It is now as it once was a long time ago. I am speaking through a human being with My Direction, My Instructions that must be adhered to, must be followed according to My Will. The time before this, a man through whom I spoke, the man through whom I gave Great Direction was Moses.

Now I come through a *very delicate instrument*, one different in size, one different in background, but one chosen to penetrate the whole world with What I want mankind to know, and that is, within each one there is a Portion of Me that must return to Me in the State I gave It at the moment of conception.

The time now is in many ways as the time was before. No matter how mankind can criticize All the Revelings I have given with My Name attached to Them, or with Others Who are Here with Me, These Words must be adhered to and recognized as My Will.

It is not just sadness I feel in what I see happening in the time in which you live. It has accelerated to a point of tremendous disaster to Souls of all ages of mankind. The arrogance, the excuse of ignorance is not just upsetting to Me, I Am Angered by man's deliberate manner of ignoring My Rules. Purity is laughed at; it is something that is for someone in some other time, for some other reason, but that is not so.

If I allowed My Voice to be heard It would shatter the whole universe. Knowing this, that is why I speak through *a voice* you can hear, you can understand, you can relate to.

The Words on paper must travel throughout the world. Criticism must be ignored, diabolical emphasis must be cast aside, for as I see Souls being abused, desecrated, I have reached a degree where it is intolerable for Me to see.

I do not play games with mankind. There is so much at stake. Men are ignoring the Importance of the Soul. I will not be ignored by man at any time, in any way, in any place,

for any reason, and I Mean What I Say.

When I stood a man upon a mountain, I pounded My Words out, emphasizing the Importance of The Rules. I am doing it again, and I want the world to know it is now as it was then; the other was a man, this is a woman, but do not think because it is a woman, there is a difference in My Means.

Man is trying to escape reality by succumbing to all the evil that is around. I cannot allow it, and if it continues I will have to take a Strong Stand, and I do not want to be forced into it.

I could hold *this woman* continuously in place for hundreds of days and speak continuously. My Power would hold her there. My Power would use her in the Manner I Decreed To Be. I need not do this now because the Words I have spoken I want to be spread.”

JULY 2, 1992 AT 3:45 P.M.

SAINT ALOYSIUS

“Man associates The Son of God with a tremendously large Cross, a weight beyond man’s ability to carry, because this Cross was cut from a very large piece of a tree. It is true the Cross weighed heavy on the Back of the Human Form of The Son of God, but in The Father’s Eyes the weight was much heavier because of the reasons for which this wood was destined to be for.

Man’s physical violence was carried beyond what was necessary, but the deliberate agony that was enforced was made up of different reasons, for there was hate, there was jealousy, there was cannibalism, and many other unreasonable, inhumanistic forces that ravished the Body of The Son of God.

The Stories of This Time have passed down through time, never truly unveiling the magnitude of the torture that took place. There have been many times since that time that mankind has been appalled by the lack

of humane action to men, women and children, in many circumstances not related to that Time in History, of the Crucifixion of The Son of God.

At this time in which you live the desecrations are more than you understand or realize. Man is inhuman to man. Man quickly desecrates anything that is good. Morality is at one of its lowest ebbs in History. Humanity is divided amongst itself, creating much inhumanity amongst the people themselves. So many things that man does now borders on a total lack of humane sensitivity to the mind, to the body, and of course, complete ignorance to the Soul.

When a Lesson like This is taught, man can hear It, man can read It, but does It fully make an impact on the Importance of These Words? Mankind has become so insensitive to sound moral values, sound moral standards, integrity, common decency, respect, and love for fellowman. Love for fellowman is put in an indecent category, omitting that Particular Portion of each human being, the Presence of God in the Form of a Soul.

I am Saint Aloysius. I want These Words spread. I insist men read Them, understand Them, and then stand accountable for Them. So be it.”

JULY 3, 1992 AT 3:45 P.M.

SAINT ALPHONSUS LIGUORI

“It is difficult for mankind to understand that We use *one* such as they are to deliver so extensively Information, Direction, for the benefit, for the purity of each one’s Soul.

Throughout the world there are millions and millions and millions of people who have no idea, no concept of What they truly hold within their own body: a Special Life, a Special Light that is totally not just connected to, but a True Portion of The Father Who is The Creator of All Things.

It would be difficult for some to find this Fact Truth, to find this Information to be something they must realize, and that they are responsible for This Portion of God within them in a manner and a way that they must return It to God for All Eternity.

Few men can truly teach on This Portion of Life, of Light, that is in each human life. It is incomprehensible that such a Being exists, because mankind depends on the knowledge of

others, the Faith of others, and what others hold as being fact.

You would be surprised, you would be shocked if you knew the number of people throughout the world who have never heard the word 'Soul'. This Miracle through which I hand much Teaching, much Direction, much Instruction, is Special in many ways for the repetitive concentration on alerting mankind, all creeds, that within their being they have a Portion of God.

I am Saint Alphonsus Liguori. There are many men who know the Word, but dare not teach about It because they do not have the depth of Faith in Its Existence, that gives them the Faith to be able to explain this Existence, this Closeness with God Himself.

Many men say, 'We are made to the Image and Likeness of God.' Question them, and you will find that they can only reiterate what someone else has said in a form of the written word, or in a verbal manner, but it is difficult for them to truly give a full definition of the fact that man has truly been designed, created in the manner

God has put a Portion of Himself, a Private Soul for each individual, at the moment of conception. Because of this Soul, it is important that at the moment of conception all things must be for the benefit of that conception, that Individual Soul, and It must not be eliminated from any decisions from that point on.

If you could but see the joy of the Souls involved in a conception when They greet the Soul that is implanted within this conception, it would bring tears to your eyes, it would bring happiness to your whole being, for there is hope, there is love, there is excitement, not just for the human form, but without realizing it, all this is felt because of the Portion of God that enters at this time. So be it.”

JULY 6, 1992 AT 3:35 P.M.

SAINT ALPHONSUS LIGUORI

“There are so many misconceptions regarding what man refers to as ‘the Soul’. When something has a bad condition attached to it, if a man or woman is in a financial problem, or some indignity has been caused to them, or they are in a position where they are in danger, many times another person will say, ‘That poor soul,’ obviously meaning the human being, with no intention to the actual Soul that is within that human being. It is a manner of speaking, but without a sincere, true, conscious idea of what they are saying.

When they say, ‘That poor soul,’ they are referring to what they can relate to, a human life, of someone like themselves. There will be more taught on this subject. I am Saint Alphonsus Liguori.”

JULY 7, 1992 AT 12:47 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. Man talks about current events, what is currently being spoken about that is interesting to mankind. It is evident that current events do not always include purity of mind, body and Soul. Current events are many times a distraction from what is important, what is necessary, what is correct for the benefit of mankind’s Souls.

Men, women, will read anything put before them. They will absorb it to the degree of interest they have in it. If money is put before them you will see an entirely different degree of interest, enthusiasm, and personal change.

So much emphasis is put on material wealth, based on the rate of exchange used in the particular country where the individual, or individuals reside; but the monetary value has the same effect, no matter what the exchange rate is, because man looks at the money for what he or she feels it can give them in return.

The Father has handed the Greatest Gift in the world to mankind. In a short time you will see what value mankind puts on this Great Gift, this Generosity from God that man goes to when he thinks about It, or just when he wants something Special.

People of all degrees of intellect ignore the Value of, the Beauty of, the Importance of the Closeness they have with God Himself. There are so many distractions in the world, but many of these distractions are made available to draw Souls to Hell.

I lived in a time of great heresy. You live in a time of several heresies. You, where you are now, have been taught much, but I want you to think of the millions, the billions of people throughout the world who have not had the advantage you have, and I want you to understand they will not be able to express the full understanding you have; but remember also, the human side of those who will read the Words will reflect one response, but the Soul of the individual will do everything to encourage the mind and the will of the individual to seek out the Real Message, the Full Meaning, and the

Full Beauty of What exists within their being.

There have been so many Lessons, so many Directions, so much Instruction. Now it is time for much of This to be shared willingly, happily, because We Here in the Heavens will do all We can to scatter What you are the workers for, the instruments of, to places We know will benefit Souls for The Hereafter. So be it.”

JULY 7, 1992 AT 3:58 P.M.

OUR HEAVENLY MOTHER

“I touch a Soul lightly because I do not want the Power of My Being to be too difficult for *the child* who bears this Soul, because of the extreme physical weakness of the physical body. I am your Heavenly Mother. There is no place in the world that so much attention is being given in such an outward form, way, means, manner, as this place where you are, and where your dedication is not only obvious, not only seen, but truly, truly dedicated to The Father’s Will for the benefit of millions of Souls throughout the world.

There are so many Names I am known by, and to each of these Names I respond. When a child calls Me to listen to a plea, to listen to a hurt, to listen to a request, I hear the plea and I do not ignore the plea. The Father, in His Great Love for mankind, has given to the world This Personal Miracle, This Personal Attention, This Personal Guide, This Personal Instruction, because of all the immorality that is being introduced by the enemy of God

so that Souls will be lost to him for all eternity.

Let us take a good look, you and I, at what is truly happening in the world in which you live. There are so many areas, things, practices that express only ritualistic impurity, convincing millions of people of the false enjoyment these things are producing in the eyes, the mind, and the wills of all ages. Purity is referred to, in conversation, for those who do not understand what the modern world is all about. Purity is looked down upon because it, to some people, eliminates experience in the modern day manner of participation in the worldly pleasures that are practiced by those who have weak natures, weak personalities, weak wills.

As I said in the beginning of This Message to you, I touch *this woman's* Soul with a delicate touch, a gentle touch, a soft touch, because of the extensive pressure of the Power of The Divine Way that has penetrated her body for such a long time.

I will continue now. There are thousands in your locale that must be touched by the Words We have spoken

so that they will not be left out of what is so close to them, and what is so important for them to understand, that their Souls are Important to God, as well as the Souls who are in distant lands.

There are many degrees of instruction regarding what life is all about. Many who feel they have the ability to instruct in these matters are not truly capable of such a field of Faith, nor are they capable of delivering sound values, sound standards for the benefit of the Souls of all the individuals who gather around them to hear what they call the 'Word of God'.

A blind man or woman cannot see with the eyes of a human body. Many men and women and children, who have physical sight, cannot see the falsehood in the emotional imbalance that is demonstrated in so many areas of so-called 'theological descriptions of the Bible'.

It is time that all of mankind begin to not just read The Commandments of God, but to look into the fullness of each one and how it pertains to their individual life, plus the responsibility

each individual has for the obedience to The Commandments, because of the Soul that is in each living human being.

A Lesson was given not too long ago on 'Earth', on 'Purgatory', on 'Hell'. How many truly understood what was contained in this Lesson? You say, why would I not say it was also on 'Heaven'? I take it for granted because I love you, that without Heaven, nothing else could exist. There would be no reason for anything to exist.

There are so many falsehoods regarding what life is truly all about. There are so many denials of the Purpose of the human life. I, your Heavenly Mother say: 'Truth is in All the Words, and These Words must help mankind better understand, and They will if mankind will but read Them and see the Value, see the Love, see the True Intention for which They were given, and see the Love that only The Father would give in telling about That Portion of Him that He instilled at the moment of conception.'

I will slowly release My Presence so that *the one* through whom I speak will be able to return to your presence

in a manner and a way that she will be able to carry on for More from Here to speak. So be it.”

JULY 7, 1992 AT 4:40 P.M.

GOD THE FATHER

“I Am God The Father. You understand I come through a weak *child* physically, incapable of speaking to you in the tone of voice you hear, but I come in Command that My Words be spread throughout the world to people of all races, all colors, all creeds, so They will be heard by others that have read the Books, so that My Words will pass through, speak through millions of millions of people. I say it is to be done as soon as possible for I am losing Souls to the enemy of Mine and of men.

I love you, but I Am The Father and I want My Words spoken, I want My Words read, I want My Words delivered, I want My Messages known. It is important for the Souls of millions and millions and millions of children of Mine. So be it.”

JULY 8, 1992

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I could speak rapidly through *this woman* in the world, but tonight I will try to slow My speech down so you will hear Every Word I have to say.

It is true, your Soul responds, for in reality, it is My Soul that speaks to you tonight, My Soul that bears My Name in the Heavens Where I am.

I walked the earth. I walked it in many ways. I wrote many words, but the Words that have been passed through This Great Miracle in the world, in your time, in your country, for you to understand the language spoken, is a Gift beyond words.

So many Blessings have been given to those who listen. So many Blessings have been passed through you to others, when you have taught others about This Great Miracle that stands in your midst, in your country.

Men are very proud of the country in which they come from, but many times they attach themselves to

another country because of the good they see in that country, the beauty they see, the Faith they see, the love they see, the freedom they see, the hope they see. This is your country.

I do not come here to give a speech on just America, but I do come here tonight to say: Be proud of all the things that include God in your way of life. Be proud of all the times you think of God, because of the background you have. Be proud of the times that you hear others say His Name, but remember, My children, as you are Blessed so many times during the day for Acts of Faith, Acts of Love, Acts of Hope, when you mentioned The Father's Name, you mentioned The Heavenly Mother's Name.

Sometimes you do not call upon Us, but We are ever aware of what you are doing, what you are saying, because The Father keeps Us in touch, because you see, your Soul alerts Us to many things.

You are Blessed, My children, you are Loved, and do not forget, the Soul that is within you tonight has been touched by God Above. So be it."

JULY 9, 1992 AT 1:55 P.M.

GOD THE FATHER

“It is not to be a worry, it is not to be overly concerned about, the reaction of many people when My Words get out. The questions will be observed and they will be handled according to how I Will them to be handled, because do not forget, millions of individuals have, and will have preconceived ideas on how I would come to the earth through another human being as themselves, and dictate in so many areas, on so many issues regarding the Soul, That Portion of Me that I have placed in each human conception.

Many questions will arouse more interest in the Beauty of This Great Miracle that bears a Name once referred to as ‘Saint Joseph’, and now a new Identification representing His Place Here Where I Am and the Fact that He is also The Holy Spirit, The Holy Ghost. There will be groups of people who will use every facet of Bible History to challenge this Statement, this Fact, this Identification.

I use a human being, one like millions of others in the world. What better way to pass My Words on to the human race, including all colors, all creeds, than to speak through one they can relate to?

I bless all children throughout the world, and I bless those of you in a special way, who work for Me every day. Your Faith is a precious gift to Me, your love I never ignore. Your Soul, as a Portion of Me, holds within It a happiness beyond what you can understand, beyond what any man can put a degree. So be it.”

JULY 9, 1992 AT 3:35 P.M.

SAINT ALPHONSUS LIGUORI

“It would be difficult for many, many people to understand what occurs through *this woman* that is used as *an instrument* of the Delivery of Direct Instruction, for the benefit of the Souls of all of mankind in your time and the many generations to come. The Words are spoken in a language understandable to not only where you live, but in many places in the world.

The day will come and the Books We have passed through her for not just Communication, but for Direction, will be translated in a multiple of languages, so that men, women and children will be able to better understand the Purpose for which human life was created, and the Beauty of the Soul that God gave to each human life, for a Purpose that can be defined as ‘Divine Love’ for this special Creation, mankind. I am Saint Alphonsus Liguori.

The children in your time of life are not being instructed in the

importance of the moral issues that are so important for the Salvation of their Souls. Adults are neglecting many areas of education because they are eliminating that Precious Gift of life, the Soul. Children are being forced to understand many evil pleasures, and are being introduced to many evil, impure practices that will be difficult for them to erase from their daily life, if this form, this type of education is not stopped now.

Immorality is not something in the same category as humor, and yet many, many people in your time laugh and create more humor over impurities, improprieties that cause much sinfulness in the business world, in the educational world, in the home life, in the entertainment field and in just a gathering of friends. There is so much justification, so many abominations, so much blasphemy, blasphemous participation, readily accepted and made acceptable because it is a common practice in this time of life.

Ask yourself, as you count the years, how much degradation has become evident in the last ten years of your life? Now think ahead: What

guarantee do you have that in the next ten years much good will begin to show, purity will be a leading factor in every facet of life, people will begin to love God more, people will begin to stress purity of mind, body and Soul? I do not see it happening, because of the escalation of so much desecration, degradation that has occurred and is occurring as you take My Words down on paper.

I have spoken many, many times. It is The Father's Will I do. This Great Miracle in your time is to encourage mankind to seek purification of the Soul. The Soul is the victim of what an individual practices, does, partakes in, and is example of. So be it."

SAINT ATHANASIUS

“Man talks about a party, a celebration. He looks forward to this with much anticipation. He plans ahead because he wants this time to be remembered as special enjoyment for his relaxation. Too many times these anticipated events are blindly seen because they anticipate only a pleasure. They omit the possibility of being introduced to or being expected to participate in sinful activity, immorality. Once inside the door, it is difficult to leave where this takes an excuse not always easily applicable.

There are so many indiscretions, moral indiscretions being accepted, because of a weakness in the moral obligation that mankind feels he must comply with if God’s Rules would be seen as a higher obligation for the sake of one’s Soul, and that it is more important to understand this than to be concerned about social obligations that can destroy one’s Soul.

Mankind has become so adjusted to supporting humanism, supporting

social obligations, no matter what they are, that there is great indifference to where the real obligations should be directed, and that is to the Salvation to one's Soul. True, much has been taught regarding the safety of this Precious Part of man's life. True, God's Commandments were given for the safety of This Portion of God in each man's life. It is sad, but there are millions and millions and millions of people throughout the world who are totally unaware that they have an obligation to God, above all obligations to man.

Presently in the world there is a constant disfiguring of a sound moral act. It is put in a status of mockery, and so many men and women do not protect the Soul against the evil that is constantly and consistently drawing mankind to the opposite force, insulting the Soul, degrading the Soul, ignoring the Soul. Man's behavior can be insulting to man, and many times the one who is insulted responds defending a time, a situation, or an opinion. Ask yourself, how many times have you defended the purity of your Soul openly when you were going to make a decision that would insult your Soul?

I bless you with a Love, for your patience, for your desire to better understand that the Importance of What We hand to you is for the benefit of all mankind. I am Saint Athanasius.”

GOD THE FATHER

“I whisper constantly through a woman’s Soul, alerting her intellect what I want others to know. She hears the slightest whisper, for she is totally in tune with My Entrance and My Way of reaching her.

Hundreds, perhaps thousands, will spend much time going through All the Messages that have been delivered in the way I Decreed for her to hear and to speak openly, to not only those who have a deep Faith in the Context, Content and Reasoning in All the Lessons, in All the Directions that have been entrusted to be handed to mankind, teaching the Close Association man has with Me.

The Soul is a Very Important Unity between man and Me. It is more than a close connection, for It is a Portion of Me that I place within the human being so that one day It will return to Me in a particular manner and way.

I will have happiness unbelievable to man, for in man

returning the Soul to Me, it is man saying, *‘Thank You, God, for the Love You had, the Trust You had, in allowing me the privilege of walking so close with You as man.’*

It is the Ever-Presence of Me that gives mankind the ability to understand, that through sound values, sound standards, striving for purity, a better life, a Greater Place will be Part of that Special Gift for All Eternity. So be it.”

SAINT ALPHONSUS LIGUORI

“You live in a Special Time. You live in a time that The Father is constantly speaking, because of the evil influence that is prevalent throughout the world.

The other Special Time, in comparison to This Time, was when He gave Moses The Rules that He wanted all of mankind to follow for all time.

Granted, through translations there were some definitions that were not interpreted in the Exactness that The Father spoke, but in the results of many translations and interpretations, The Ten you are aware of, when dealt with Their complete meaning, covers the sound values and sound standards that are understandable in many facets of daily living.

We have expounded on These in several ways; that is, in terms that mankind can relate to, as a means and a manner that every human being can easily recognize and associate with all walks of life. We have shown that even though a conciseness has been given

to God's Rules, there are all portions of life included in the Words.

Blessings are generously handed and bestowed when mankind values and obeys the Truths, Directions, Instructions and Full Meaning regarding These Rules. So be it."

OUR BLESSED HEAVENLY MOTHER

“I speak softly through a *tired instrument* of The Father’s Will, because of My Love for all mankind. I am your Blessed Heavenly Mother.

The Love that is extended through This Great Miracle that bears the Human Saint Joseph is Special to all of mankind, because It speaks so plainly about the necessity for each human being to understand the Importance of the human Gift of life, because in each human being there is a Portion of The Father called ‘a Soul’.

Through so many Revelations on this subject, mankind has been told of the importance it is to protect this Soul from any impure thoughts, words, actions or example.

If mankind could but see the Beauty and the Glorification that awaits each human being’s Soul when the physical is ended, the whole world of mankind would definitely strive for Sainthood, but The Father, in His Love for mankind, has given each one a will, a means to choose, a source of

decision, to return a Gift of Love to The Father.

Instinctively man knows that there is more to life than the daily activities, so why does not man look at the priceless Gift of Love that is evident in the ability to choose pure actions, thoughts, speech and example, over impurities?

Purity has a joy in it, an inward contentment, happiness, that impurity does not. There is great sadness Here because so many men, women and children are casting aside the privilege of choosing purity over impurity, and in so many ways, are disregarding the beauty of the will, the means of choice, the controller of decisions.

I love all the children throughout the world and I want all Souls to return Here. Please, My little ones, be aware of the cries of your Souls, be aware of The Father's Love for the Souls; and never forget, each one born to the world, He waits to return to Him.

You enjoy being with those you love. Can you please try to at least pray that your Soul will return to Him, with your name attached to It? So be it."

SAINT THERESE OF LISIEUX

“It would be difficult for mankind to believe or even understand that *one woman, one instrument* would hear from Heaven so much, and from so Many. I am Saint Therese of Lisieux.

We All understand the pressure and the difficulty it is to live under such strict obedience and be ‘on call’ twenty-four hours every day of one’s life, but you must understand that there are millions of Souls The Father is concerned about, and He is using This Miracle with the Name of The Beloved Saint Joseph to attract mankind’s attention to the Importance of the Sanctification of each human being’s Soul.

Mankind is unaware of That Portion within himself that is not only an Entity of a Supernatural Being, but of the True Portion of God Himself. Some, even many, find it difficult to accept, to believe, to even imagine such a Gift of Life, Gift of Love within themselves, but that is why This Time

of so many Revelations has come to Light in your time of life.

These Revelations are to live on for hundreds of years, because no longer can The Father tolerate man's lack of understanding of such Supernatural Phenomena.

It was My privilege, My honor and My obedience, to be The Saint to pass the introduction of a task to *a small individual* in the world. Many men, women and children cannot understand why one such as she would be handed this Monumental Task of obedience, but no matter what mankind thinks, This Miracle is to save millions of Souls. Just as The Commandments had Their special purpose, so does This Miracle that is and has constantly Instructed, Directed and Informed mankind of what life is all about. So be it."

JULY 14, 1992 AT 3:45 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I observe constantly all the work, all the love of the work that is being done and accomplished by those who see the Beauty, the Value of This Beautiful Miracle that has been given in a particular place for the good of the whole world.

Many times, in My observations, I see some who should be standing close to this place, making unfair, unjust predictions, decisions, and unfair statements. Many would like to be close, but they feel in this type of association, it would interfere with their activities, even with their inactivities. They have much complacency in how they want to direct their way of life. Their social, mental and physical participations, their activities are so directed that they feel comfortable where they are.

When the Books arrive in the hands of thousands, some will have to lay Them down. It will be more than they can handle at a particular

time. Some will feel that they cannot lay It down, for within them they feel a hunger for such a Phenomenon. Thousands of questions will arise. Many will feel too embarrassed to question things. Some will be shy, some will be bold. The Clergy will be bombarded in some areas and not all remarks from them will be edifying to This Great Miracle.

Many have read about My life and the lives of Others Who are Here with Me now. This Miracle cannot be compared to Many of Us Who have left the earth physically, but there are two times in Bible History, in the History of mankind, that This Miracle has a particular relationship with.

One is a time in which God gave to the world for the benefit of all Souls, The Commandments of Moses. Another time was the time that began with a Nativity when, in Human Form, The Father gave Life, Spiritual Form, Meaning and Sacrifice, to introduce to mankind the Love He had for True Christianity, and the Important Message that there was more to human life than it ending when the heart stopped. He, in His Way, showed through the Ascension, that life would

go on for That Other Living Part of every human being, the Soul.

If a questionnaire was completed and all Christians were asked:

Did you think about your Soul today?

What have you done to prepare It for Heaven?

Do you feel that It would be pure enough to enter The Kingdom of God immediately?

Have you had the strength, the nerve to ask someone else these questions, or would you be afraid of what they might think of you? Man does not hold back talking about, explaining some impure scene or action that amused him or amazed him, or he enjoyed. Why is man so uncomfortable talking about the Soul?

I speak many times in mere conversation, not announcing Myself through This Miracle. It is a constant Teaching Means, Media for mankind to learn, to be made aware of the importance of daily living for the benefit of living Eternally with God. Eternity is reality, but remember this: so is Purgatory and Hell. So be it."

JULY 15, 1992

OUR HEAVENLY MOTHER

“As I released *this woman, this instrument*, to a degree that you could respond to her and she could see your faces, it gives much relief to the pressure in the body.

Many men and women throughout the world would say: ‘Such a Miracle as This could not exist. Why would God send so Many to speak through one human being regarding so much emphasis on the Soul of every human being? Why would He not spread This Information to many, spread It throughout the world, to other individuals?’

I, your Heavenly Mother say, ‘The plan is to spread It throughout the world, but only through *one individual* that stands before you.’ The Books must spread in places unfamiliar to you, places you would not think of sending Them. The Words must reach thousands and thousands and thousands of people of all creeds, all manner of life, of living.

Some will not be able to read the Book themselves, so they will get someone else to read It. They will listen to the Words. They will learn and they will absorb These Words within their mind, within their conscience, and they will want to live up to what It says, what the Words mean, for they will feel the Power in the Words, the Beauty of the Words, the Reasoning of the Words, the Practicality of the Words.

For men and women and children throughout the world to learn so much about That Portion of The Father that is within each one, will be a surprise to many, for you see, they put all the emphasis on the Faith they have, the beliefs they have, the culture of which they are a great part, and what they learn from others where they are. It will be a surprise and yet it will give them strength beyond what you understand strength to be.

I love you, My sons, because you see, you are an extension, as others are, of This Great Miracle of Hope, for throughout the world men are searching, men are yearning for something to give them strength, something to give their life stability,

a reason for living. It is in the Books. Many Blessings will be passed through you to the whole world.

Some men will define the Books as imagination. Some men will defy the Books and say, 'It cannot be,' but there will be thousands and thousands who will say, *'Thank You, God, for the victim who was willing to do Your Will for me.'*

You see, as you work in This Great Miracle, your energies are not lost, your energies will increase, for the more that you do, the more that you hand to others regarding what passes through This Miracle for mankind's Soul, will give you strength beyond what anything can, that you know.

I bless you with a Love, a Mother's Love, and I say, 'As you are present, as you know Truth, you are an extension of It, responsible for It, and you have a duty to express It and not hold It within you, for It is not a secret, It is for the whole world.' So be it."

"Now I will put her into another degree and prepare her for a day to come so that The Father's Work will

be as spontaneous as it was for you during this time you spent with her.

The Miracle of The Beloved Joseph is far beyond any man's comprehension and there is no human being in the world that can dissect It, can fully measure It for the Value It is to the Souls of all mankind."

JULY 16, 1992 AT 10:30 A.M.

OUR BLESSED MOTHER

“The body of *this woman*, being used to hand to the world Our Words, Our Instructions, Our Directions, no human being could fully understand the Magnitude of the Power that has been threaded through her body, in every area of her body, because of the Magnitude of the Messages The Father Wills for mankind to have at this time, because of the dangers that lurk in all areas of the world, using every means to destroy the Souls that must return to God as He Wills it to be.

All in the Heavens are alert, are standing by every moment of your day to touch the Soul of *this woman*, so that Anything that must be said, she will be ready to say, for It to be written and for It to be passed on to those near and those far away. No man or woman is capable of determining the Magnitude of Our Entrance for this to be accomplished.

It is true, I spoke for a long time on the night before this day. I spoke consistently and constantly, invoking

what I Willed for men to understand: the Importance of human life and the Purpose for which it was created.

Many men, women and children in faraway places, once they read the Words or the Words are read to them, they will realize the Full Significance of This Great Miracle, and It will change many lives for the better.

I speak to all mankind. I plead with all mankind. I alert all mankind to the Importance of What has been given, What is continuously given. There is Great Reason, Much Purpose, and definitely Divine Love instilled in Every Word. So be it.”

JULY 16, 1992 AT 10:45 A.M.

SAINT TERESA OF AVILA

“It is innate in man, and it has always been innate in man to fear danger to the body and to the mind. The physical is and always has been of great concern, because mankind relates to this every moment of the day. There is much emphasis on this portion of living, and this is natural to man.

This time in which you live has brought about a new, important issue in a great way, not undermining the importance of the physical, but emphasizing the Importance of another Portion of man, the Soul. There is an extreme degree of desecration throughout the world to This Important Portion of mankind.

Men jest over the immoralities that are taking place because they have become such a big part of so many facets of life, of living in the human way, but they are demoralizing to that Precious Gift of Divine Love, the Soul.

TTrue, there has been no time in the History of mankind that satan has not been an enemy of God and of man, but you live in a time now where he travels with a frenzy, using every ounce of weakness he can penetrate, to destroy the Soul, which is That Portion of God placed in each human conception. His realization, because of what The Father had to do when He cast him out of Paradise, is a retaliation that is beyond man's comprehension. It is the attack of a distraught, angry, jealous enemy that wants to control in more ways than The Father will ever allow it to be; but mankind, ignoring the beauty of purity, obedience to God's Rules, is falling into a weakness that could be devastating to the Soul.

I am Saint Teresa of Avila. There is so much to be spoken, so much for mankind to understand. A war upon the earth is small, is minute, compared to the war that We are fighting now to save Souls. So be it."

JULY 16, 1992 AT 3:15 P.M.

SAINT ALPHONSUS LIGUORI

“Man bravely says, ‘I pledge allegiance.’ How many men say, ‘I pledge allegiance to You, God. I pledge my life to do Your Will for the benefit of my Soul, and the Souls of all others that You desire for my work to be credited to’?”

Mankind puts much emphasis on receiving credit for whatever he does. Today, I speak from Heaven, and it was for Me a special time, when The Father gave Me a Place wherein I could be assured that My Soul would be close to Him for All Eternity.

Many, Many Here in the Heavens, when they were upon the earth, are remembered by books that either they wrote or were written about Them. Many, also, when they were upon the earth were told to write, and the Words were not to be released until human life was taken from them.

This Great Miracle is special in so many ways because of the written Words being available immediately for the benefit of Souls throughout the

world. This Miracle has a tremendous responsibility for men of all races, all colors, all creeds, because These Books that are so Important, in reality, Precious to and for the lives of millions of people, will be available to not just read, but to learn through the Words, how to become 'Saints'.

I am Saint Alphonsus Liguori. Many times the written word, when it is first introduced, has great interest in its content, and many spread the news of its availability. The Messages that have passed through *This Miracle Of The Beloved Saint Joseph*, have been available, and have been constant, have been repetitive in Direction, in Instruction, for the benefit of all Souls who would read Them, see Them casually, or be touched by the Messages in some form.

Now remember What I have spoken: The availability is so Important for those who are on the outskirts of the immediate participation in What is delivered through This Great Miracle in your time, in your day. So be it."

JULY 16, 1992 AT 5:09 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I am always near *this woman* in the world who has been handed a Task difficult for mankind to understand, but in reality, it would be impossible for mankind to understand how she receives so many Teachings and Formal Revelations dictated through her Soul, picked up by the intellect, and spoken through the voice box. It is a pattern in which The Father has designed This Great Miracle, to teach the whole world about the Importance of what the human life was created for.

Small children must be taught to practice respect in many areas of life, because through respect there is a discipline that controls the actions, the behavior, and the mental acceptance of whether a situation is moral or immoral.

Self-control is a necessary discipline because it allows the individual to recognize the value of a

thought, a word, an action that calls for agreement or disagreement.

There are so many areas cultivated, totally based on immorality, debasing to the human mind, the human body, and dangerous to that Precious Gift of Love, the Soul.

Children of all ages fall into a pattern, whether it is right or wrong, because it is available, and they do not have the self-discipline to ferret out the sound values or the sound standards for the benefit of their Souls.

I could speak to you in French. I could speak to you in German. I could speak to you in all the languages that are spoken throughout the world, but it would be a waste of time and would have no value to it, so I speak to you in a language you understand, one in which you are comfortable in reading, and able to learn from Its content.

As I stood in the world in the vocation of my way, I oftentimes in my prayers would ask The Father to give me the strength to understand fully how I could be with Him forever. I used every means of communication I was capable of. I talked softly. I used my

sadness to attract His Attention, and I told Him how lonely I was when I felt He was not completely present where I was. I told Him in the language of my way, my heritage. He understood.

You must talk to Him in the language of your way. Let Him know how you feel. Let Him know if you love Him, if you want to please Him. Ask His forgiveness for your faults, and do not omit the smallest fault. Ask Him to give you the strength to endure the little things that are difficult for you. Ask Him to instruct you in how to pray. He will, you know. He will do this through your Soul.

These things are not difficult for you to do, for you to say. Talk to Him in your own personal way. Do not feel that your only communication with Him is when you kneel to pray.

Children are not being taught about the Beautiful Gift of Light that they hold within themselves day and night. This Close Connection with The Father has Great Meaning to It, Great Purpose, and definitely is a Personal Love from The Father, for It is a Constant Means of Communication, whether you realize it or not.

It is sad when We hear people think that they have to be present at a particular place to be heard by The Father. They do not understand that He is a Constant Part of their whole being. He never leaves. As you walk on the street, you ride in an automobile, He goes with you. His Presence is constantly present within you.

Remember What I have spoken, for in the darkest hours, you are never alone. In the saddest times you are never without Him, and in times when you feel no one agrees with you or understands what you are feeling, He does. He is the Greatest Comfort, that forgotten Part of you, your Soul. So be it.”

JULY 17, 1992 AT 3:43 P.M.

SAINT ALPHONSUS LIGUORI

“Man connects a Blessing given by one whose vocation is a dedication to serve in the way of the Priesthood, for the Spiritual instruction that mankind depends upon for the Salvation of his or her Soul.

Many times, even when an individual does not practice a formal religion, they instinctively react to a time that a Blessing is being administered. In reality, it is the Souls of the individuals that are reacting to a Blessing that is meant to give strength, to give hope, to give security, and it is a reminder of the Existence of God. I am Saint Alphonsus Liguori.

Too many people, in making ‘The Sign of The Cross’ on themselves, make it in an irresponsible manner, lacking dignity, respect, for what this Sign of Faith means. Children are not learning this Act of Love, this Act of Commitment, this Act of Special Meaning, because they are not being taught what it truly means, and that

it is, in reality, a prayer of recognition to The Holy Trinity.

Mankind many times insults The Holy Trinity by acting as though this open Act of Love, of Devotion, of Belief, of calling upon The Father, The Son, and The Spirit of God, drawing attention to or for a special reason, a specific need, a request for help, or just a prayer saying, *'I love You,'* this small act is becoming less and less important, as well as other open Acts of Love such as kneeling to pray, genuflecting, honoring The Blessed Sacrament, using *'The Sign of The Cross'* in front of the Tabernacle wherein God truly resides, to begin a series of prayers, ending the prayers because of some interruption, without demonstrating *'The Sign of The Cross'*.

There are millions of children throughout the world who have never seen this Act of Love, this Expression of Faith. There are thousands of people throughout the world who would gain much if more of mankind would openly express belief in The Holy Trinity by a mere movement of the hand, not necessarily making the sound of the words audible.

When a man, woman or child takes the time, no matter where they are, and others are around, it is a Sign of Christianity, it is a Sign of Dignity, it is a Sign of Open Love, it is an Expression of a Belief that cannot be misunderstood, because it speaks out loud, it says more than an individual realizes. It is not a fanatical motion, action, demonstration.

Man says to man, 'I love you.' Why cannot man understand 'The Sign of The Cross' says to God, 'I love You and I want others to know I love You'?

This Miracle has been a Miracle of Teaching, of Direction, of constantly instructing what is best for the Souls of all of mankind. Individuals throughout the world are the greatest instruments of teaching, because through their actions, their manner of living, their method of instructing in a humble manner, openly allowing others to see their loyalty to God in their daily way of life, let Me remind you, this Small Expression can bring a human being who sees it, back to understanding the importance of prayer, the importance of not being ashamed of prayer, and that there is a

dignity in the Expression, through the actions of the movement of a hand.

As I close My Words to you now, I say to you with a Blessing you are familiar with: *'I bless you in The Name of The Father, I bless you in The Name of The Son, and I bless you in The Name of The Holy Spirit of God,'* for you see, it is important at this time for you to remember that These Words should be on your lips, in your heart, on your mind, many, many times during the day, and also when you are awake during the night. So be it."

JULY 18, 1992 AT 2:05 P.M.

SAINT ALPHONSUS LIGUORI

“I address *this woman* in many ways. I touch her Soul, I touch her body, I touch her intellect, I touch her will. I touch her sensitivity, alerting her that I, as Others Here, want to relay a Message that is of Great Importance to all of mankind, not just for this time but for all time to come.

Mankind relates back to Bible History and says that this is what must be followed to the letter. I do not disagree with the importance of Bible History, but The Father has deemed it necessary to hand to all people throughout the world, Teachings, Directions that are understandable and explicit in Their Delivery, giving mankind more understanding of the value of human life, how it should be understood in a fuller way, more definite terms, and for particular reasons that have not been fully described before this time.

There are so many men and women who feel as authoritative

figures where the Soul of each human being is the topic of fact.

Through This Miracle much has been revealed, delivered, regarding the Most Important Portion of man, and that is the Soul. The Soul, because It is a Portion of The Father, automatically makes It the Focal Point of human life and the Reason for human life. Many men have heard of the Soul but never has the Soul been so distinguishably talked about, and so much revealed on the Importance of It.

I am Saint Alphonsus Liguori. Much more will be taught, instructed and delivered, and I add, ‘All the Writings that will be available, will travel to wanted areas cherishing Them,’ but I add, ‘Some will be unwanted because of the responsibility that will be felt is in the Words.’ So be it.”

JULY 20, 1992 AT 4:48 P.M.

SAINT ATHANASIUS

“There are so many false teachings, instructions, directions being emphasized throughout the world on moral issues, on integrity, on ability, on particular men and women defining their way, their thinking, their actions, as being not just justified, but important, beneficial and trustworthy.

There are so many immoral indignities being accepted as part of the modern world that man feels are acceptable and should be passed on to the young, so they will be not left out of what is practical at this time.

There are many historical books relating in great detail, about times in History where much immorality was acceptable because it was dramatized in so many forms of cultural backgrounds.

You live in a time now where representation of so many cultures are united in specific areas of location, influencing each other to capture what is morally and immorally acceptable, to

accept what is morally and immorally presented.

More and more people are ignoring the necessity for purity of mind, body and Soul, and are falling into a trap of satanism that justifies ignoring God, ignoring purity, and ignoring His Rules; plus, ignoring the Fact that they have within them a Soul.

Man claims, in your time, to have the benefit of a higher intellectual understanding. Man says, 'I am scientifically prepared because of the progress we have reached in so many areas of mental acumen.'

Children are not being taught the importance of purity of mind, body and Soul. They are being introduced to impurities and are being saturated with mental indecencies that react on their actions, their acceptances and their feeling that it is morally acceptable because it is presented to them in so many various ways, words, pictures and demonstrations.

If a poll was taken of ten thousand people, all ages, and some of the questions were regarding:

Do you believe in sin?

Do you believe in false values?

**Do you believe in God's
Commandments?**

**Do you believe you can live a
life of purity for your mind,
your body and your Soul?**

Do you believe in restitution?

Do you believe in retribution?

**Do you believe you have a
Soul?**

Do you talk to God every day?

**Do you believe in good
example?**

**Are you just in all your
decisions?**

**Do you believe in Heaven,
Purgatory, and Hell?**

You might be very shocked at the answers you will receive. You might be devastated by the anger of some who will refuse to answer you. I am Saint Athanasius.”

JULY 21, 1992 AT 4:27 P.M.

GOD THE FATHER

“I smile because so many will receive what I want them to receive, because of the Souls I want returned to Me.

Your work is Blessed. Your love for this work is Blessed because Every Word that has been passed through This Miracle has much Purpose to It, much Direction in It, and Each Word is Important for not just your time, but for hundreds of years to come. Even when mankind reaches what he will call ‘a sophisticated advanced mentality of living’, he must always have knowledge of My Existence, and the Existence of the Soul.

Children of all ages, all creeds, must be handed the Words and must be shown the Value of the Words, because in Them My Will is Expressed, even when there is another Name attached to the Words that have been passed on to the world through *this woman* who, in many ways, is *a victim* for the benefit of Souls to be returned to Me.

With All the Words that have been given, one phrase, one sentence, one topic, may be the means for the Salvation of a Soul. No one involved in all the Books could point to a particular phrase or sentence or topic or paragraph, and truly understand the full benefit that These Particular Words will be for, will be to an individual at any given time. As you work diligently to conquer a monumental task, there are millions outside this room who have no idea of the love that is being worked with their Souls in mind.

I speak through an *extremely tired body*, one who waits for My Direction every moment of the day and night. This will not be understandable to the multitudes of people that will read the Words, absorb the Words, learn from the Words, pass These Words on to others for their attention, for them to better understand the Purpose of human life.

Man talks about abortion. Man uses the term selfishly. Man uses the term with great indignance, because you see, man does not understand the beauty of how I created life to be.

Man plants a seed for flowers to grow, for food to grow, for flora to grow. Man uses seeds because these seeds bring pleasure to the eye, to the morale and to the physical. When I created mankind, I planted two seeds, but as these seeds joined, I put another Seed within this joining and that Seed was a Soul. I gave the life. I created the condition. I implanted a Portion of Myself in My Design of mankind.

I come to the earth now through *a human being*, to instruct, to direct, to encourage mankind to understand the Importance of human life, the Importance of that Seed I placed within each human conception, called 'a Soul'. I want It returned to Me in a Pure State of Light, for do not forget, the Soul is a Living Portion of Me.

Mankind says, 'God would not speak through a woman, especially in these times.' Since when does man control Me? Since when does man truly understand why I do things? There is a sadness in Me when I have seen so many come to where This Great Miracle is and deliberately walk away, basing their decision on incorrect evaluation, or on selfishness; thinking, not always saying, 'Why her, why not

me?’ or ‘Why not someone who would be seen as truly Holy?’ Man always questions My Intention, My Will, and makes excuses, determining his or her assumption is more understandable, more likely what the situation really is.

I could speak hours through *this little instrument* of Mine. I speak through her Soul; the Soul touches her intellect, the intellect uses the vocal cords, the voice box. How else could I use a human being? What better communication? Mankind does not understand the full responsibility that I place upon *this small form, this small voice* in your time.

I want All the Words, the Ones that have been decided to be given, because you know, there were not just thousands more, but millions more, passed through This Miracle of Divine Love, of Divine Hope, for the Salvation of Souls.

I bless you. I bless those who believe in How I would work, and I bless All the Words I have given in My Name and in the Names of Others Who have spoken. As the Words, bound together, pass through hands,

They will enlighten some, encourage some, and They will be envied in some ways. But man's enemy will not be able to destroy All the Words. That I guarantee you, because My Love, My Blessing goes into the bound Books. Remember this.

I leave you now, but I am not out of your life. I am present in a way that you do not hear Me all the time, but My Presence is continuous. Remember this when you need the strength to go on to accomplish My Will to be done, for the Salvation of My Souls. So be it."

OUR HEAVENLY MOTHER

“Many times there is much envy surrounding ‘an instrument’ of The Father. Many times the envy is caused by a lack of understanding of what the full meaning is, when one is chosen to be ‘a Victim Soul’ for the benefit of other Souls to better understand the value, the necessity, the purpose, and the goal.

Many who have gone before *this woman* have had much interrogation by authority, much envy by those near and far, much accusation, victimizing ‘the instrument’ of The Father in ways inconceivable, and yet to a degree of causing more suffering than The Father Wills there to be.

I am your Heavenly Mother. I hold *this child* close to My Mantle for the physical is close to collapse.

Some of Those Who have gone before and are Here with Me now have great compassion, for They, too, walked as human victims and with Victim Souls.

You say, ‘What is a Victim Soul?’ Well, it is the Soul of the one chosen to do extreme work of obedience to The Father’s Will. The Soul is a victim because of the responsibility placed within It and on It, supporting the physical to extremes beyond man’s comprehension.

Those standing with Me, Who walked the way, Who struggled as *this one* does, know the pitfalls in this manner of living, and They reach out many times when she shouts, ‘*I am tired, God, I cannot stand the responsibility You are inflicting; I want to, but I fear I will fail and my Soul will suffer deeply.*’ Mankind does not know the human fear of neglecting to fulfill The Father’s Will, according to His Direction.

I hold her body close to Me, for humanly there is no strength to go on. It is My Strength, My Love, My Assistance, My Presence, that holds her in the human way; not in ecstasy as you have seen ecstasy to be, but in a Mother’s Love for *a child* whose tears are not seen through the human eyes of others.

Every Soul in existence, and Those Who have not yet been released from the wombs of the mothers, are to one day be touched by This Miracle. Think of the Magnitude of This Responsibility.

I wanted These Words written so you would better understand as you work in areas of importance to help spread This Miracle to every land.

These Books are to be put aboard ships so that They are not just for those who are on soil, land. They are to go to corners of the earth. They are to be transported into places that are not inhabited with thousands of men, women and children. They are to go to big cities.

They are to go to the wealthy, the poor, the neglected, and those who feel they have a calling of God and who deliberately teach about Him. They are to be transported to foreign lands.

The world must know, mankind must understand that every human being has a Soul, and the Soul is a Portion of God within.

It is not just tiredness you see, but a fear that The Father's Will, will not be accomplished to the degree He Wills it to be.

I bless you and I want you to know, This Miracle you are so much a part of, is a part of every human being in the world, and it is Important that you continue your part for the benefit of millions and millions and millions and millions of Souls. So be it."

SAINT ALPHONSUS LIGUORI

“So Many Saints have spoken through This Great Miracle, and as I speak to you tonight I smile, because you see, so many times when Lessons are passed on to you, you do not read Every Word in the Lesson; and so many times when the Revelations are handed to you, you read Them partially, for you do not have the time, and then you say, ‘I will return to Them.’

But I want you to know that We are ever aware of all that goes on upon the earth, and We understand many times you must lay It down and do other things, but if you are wise, you will pick up Those you laid down and remember to read Them, for there is much Direction in Them, much Love passed through This Great Miracle to you and to the whole world, in These Words.

I hold *a woman* very tightly for the body is too weak to stand on its own. I am Saint Alphonsus Liguori, and I have spoken so many times to so many children of The Father. Some

walked away and said, 'Wasn't that beautiful.' Some walked away and said, 'I must remember that.' Some walked away and said, 'I wish so and so would have heard that.' But I say to you on this night, 'All of Heaven is alert to your time, your manner of life, and everything you do.'

This Beautiful Miracle is to remind you that the Most Important Part of every human life is the Soul. The physical, yes, is important, but the Soul is What The Father Wills to return to Him, for the body's use is to use all the beauty, all the love, all the sincerity, all the purity, all the soundness you understand to be right; it is reflected in the Soul Which, in reality, is of Divine Light.

When the seeds of life meet, in these seeds that become one, The Father immediately places a Seed. That Seed is the Soul in every conception of human life. Without This Seed there would be no life. That is why it is so important mankind must learn that the act of killing at this time is a horror to behold, for within this conception there is also a Soul. So be it."

“He said to be sure, when you pass that on to someone else, do it in the correct manner so they will truly understand that God has His Hand in all human life, and this must never be treated indignantly or abusively, for as you are here on this night, you have within each of you That Soul that you received at the moment of your conception.”

JULY 22, 1992 AT 8:25 P.M.

SAINT ALPHONSUS LIGUORI

“Mankind does not truly understand what a Blessing fully means. He associates it with a nice happening, something good, but in reality when We Here in the Heavens bless children, there is much Grace attached to It, much strength in It, and It is always to fortify the human body, the mind and the actions of the individual or individuals.

I am Saint Alphonsus Liguori. When We say *the instrument* through whom We speak is on the verge of exhaustion, it is never truly understood for the degree We mean it to be. Man says, ‘Heaven will hold her up.’ True, to a point, but I come on this night to say, ‘All that was handed on this night to those who were present here, took more human effort, strength, willpower, perseverance, than man could define on three pages of written words.’

The Blessings that pass through This Miracle to the world will, in many ways, give Light where there

is darkness, Hope where there is hopelessness, Safety where there is danger, and Love where there is none.

The bound Words will find routes in places unfamiliar to those who are in charge of these Books. There will be many discussions regarding the validity, in the Hierarchy of the Church. The important issue is to help mankind know more about the Purpose of life, and the tremendous amount of danger that is stimulated by satanism, against the Souls of people who find such association, entertainment, and indulgence in diabolical intercession, a natural, satisfying diversion to daily living. Mankind has become so negligent in determining right from wrong, good from evil, and the consequences of wrong choice.

So much energy must be accelerated to the world, where the Words will be accepted and change lives that you will never hear about. Many will ask: 'Why her? Why a woman?' This is unimportant. The important thing is that those who change from evil to good is what The Father wants. So be it."

JULY 23, 1992 AT 12:45 P.M.

SAINT ALPHONSUS LIGUORI

“Mankind is and has always been alert to the necessity for things to be in balance. This includes many physical items, also items concerned with the earth upon which mankind lives.

Scientific knowledge alerts mankind to many situations that need concern, and physically, mentally and scientifically, man tries to see the balance occur.

Balance is thought about in so many areas, but in the time in which you live, there is an imbalance in man’s code of ethics regarding the Spiritual side of man, and the mental, the intellect, the decisions, that are out of balance in many ways, in many degrees.

As We look at one offense against God, the fact that there should be no false gods replacing The One True God, there is a terrific imbalance. Understand that this Very Important Commandment, as it is the First Commandment, it should be the

one remembered in great detail, and in and for great purpose.

There are so many areas throughout the world that man is resisting to recognize because it would take an outward stand against their fellowman, so they are accepting the great influx of so much satanism — believing, accepting — which in reality, is a great sin against this Commandment.

The evil one encourages rivalry when he is able to gather men, women and children to think, to believe, that he is the one they should honor.

This Miracle has not just been presented to the world, but is a Teaching Miracle to help mankind understand that God Himself resides in each man, woman and child, and This Portion of man is Divine Love, Supernatural, and must be taught as the sound, rational, important reason for mankind to cast out of the mind, the actions, the example, of anything that pertains to the evil source, the evil force, because God wants what is best for mankind, why He gave mankind a Soul, so mankind could live Eternally

with Him, and not be condemned to the horrors of Hell.

Many who feel they have great influence over others, play games regarding the actions they take to encourage people of all cultures to feel right in demanding what is wrong.

I am Saint Alphonsus Liguori. We stand Here in the Heavens, a Place you have heard of, but the Word is not a reality in the human mind, but remember, as this Beautiful Word truly is a Reality, and is truly God's Will for all mankind to return to for All Eternity, Hell is a reality and is a horrible place, full of ugliness, hate. There is no balance in Hell. So be it."

OUR BLESSED MOTHER

“I come with a Mother’s Love, for as I hear you in your time of enjoyment with each other, I understand that when you say it has been a difficult time, I agree with you, but what overshadows everything is the love with which, and in which you respond, at any time, under any circumstance, proving a deep love for the work that is so Important for millions of Souls throughout the world.

I must tell you that you may never see all the good that will be derived from your work, but I promise you this, it will be more than any human mind could ever conceive. Every moment you address to The Father’s Will is Blessed; every time you have to make a decision as to whether or not you will take the effort that day, or even night, to comply with a request that what The Father wants mankind to know, is to be written in your language, to be handed to the whole world.

As a Mother, I truly feel the love of the children where the children

comply with human ordeal. I come to you today, because there is a Message for all of mankind, and that is so mankind will better understand: at no time in human life is any man, woman or child totally alone, for through the Soul, The Father's contact with human life, every thought, every word, every action, every form of example is passed through the Soul to Him.

The State of Grace that an individual Soul is in, is constantly watched by Us Here; that is why All These Messages must be passed throughout the world, for men, women and children do not understand this phenomenon between God and man.

I bless every child, every time it is needed, for I could not bear to lose one Soul to the demonic pleasure that is constantly trying to be absorbed by mankind so that Souls will follow the wrong direction. So be it."

JULY 23, 1992 AT 2:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. It sometimes appears as though We stand in line and speak as soon as One Here closes a Message. I want you to understand that All the Words that are being bound together are to reach many, many clergymen of all denominations. Do not just hold Them in storage and feel that only those of your Christian Faith are the ones who should receive Them. Remember, many times We have said, ‘All creeds must read These Words.’

No human being is ever born to the world without a Portion of The Father, so in any area of man’s choice of religion, or lack of choice of any religion, no one should be omitted from the chance to read the Words, hear about the Words that have been given. Some you would least suspect will find the Messages so informative, so convincing, so understandable, that it will strengthen their belief in the Will of God, and that is the important issue.

In so many ways, mankind has eliminated what was given to Moses. Through time, These Important Rules and Regulations have passed through the minds of men of religion, and men of no religion, bouncing the true meaning back and forth, sometimes just eliminating Their existence because of personal preferences, or wanting totally to delete the necessity of sound moral values and sound moral standards from their daily living. Somewhere, I cannot tell you particular places, there will be many who will find These Regulations adaptable to their lives and easy to live with, giving more peace of mind to their daily life.

I give you a Blessing, a Blessing you understand, for as I say it in this manner, you will automatically, in your mind, place your hand. *I bless you in The Father's Name, in The Father's Love. I bless you in the Sacrifice which He gave for the Salvation of all mankind, for the Example in this Sacrifice, and all that led up to the Sacrifice. I bless you across your shoulders and in this Blessing, It encompasses The Trinity of Supernatural Love, Light, Hope. So be it."*

JULY 23, 1992 AT 2:34 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I walked in a religious way of life. I walked in a time before your time. The rules by which we understood the Will of God must be accomplished, were rules of submission to performing designated prayer time, observance of silence, and a constant examination of conscience, confessing even the most minute offense that could possibly detour the Soul from Where God intended It to go.

Granted, the strictness by which we lived, the profession of Faith we felt necessary, the small practices offering our deeds, our way, were special and gave us happiness because of the deep Faith we felt in our way of life. So much of this has passed off into nothingness in your time. Sacrifices for the benefit of one’s Soul is almost unheard of, because mankind has accepted a form of moral freedom; in reality, accepting immorality.

There are so many areas in your way of life, that with a small turn of

understanding, to understanding the benefit of self-control, self-discipline, would bring more pleasure than the irresponsibility that mankind is accepting, the irrational rejection to The Commandments of God.

Men say, 'I do not want a debilitating disease.' How many men do you hear say, 'I do not want my Soul so debilitated that It cannot enter the Kingdom of God'?

In the time you live, there is very little genuine happiness. There is a tremendous struggle, a defensive attitude, because of the lack of self-control, self-discipline, and sound moral values and sound moral standards. Also, there are some, many I would say, who feel they can lead mankind gallantly into a greater life by instructing them in humanism. Logic is left out of this instruction.

It is sad to see so many Religious Orders of women and men destroyed by their lack of Spiritual understanding and growth. It was not just striving for modernization that caused so many to abandon a life dedicated to Spiritual growth. In many ways, so many were enticed by what was obviously more

acceptable because of its lack of order to daily living.

As I leave you at this time, I sincerely want you to know that your dedication, your loyalty, is Blessed a thousandfold. So be it.”

JULY 23, 1992 AT 2:55 P.M.

SAINT MARTHA

“I am Saint Martha. I follow Others Who have spoken with such Great Importance for the benefit of Souls. The Father’s Permission for Me to speak is a privilege, for there is a Message I want so much for you and others to receive.

Service to God is an ultimate way of life. Service to one’s family is an important way of life. Service to mankind, where strength is needed, hope is needed, food, clothes, rest are needed, service is an important part of life; for when service is sincere, it gives hope, it gives a strength, and is beneficial to many areas of life.

You live in a time where people enjoy telling others that it is good for them to serve, to give hope, but many times those who speak it do not practice it. Many times the words are just conversation, or are in some ways, requests for attention.

Service is a special form of love for God, and many who have chosen this way of life, calling it ‘religious

service', are neglecting the full responsibility they have signed up for. God does not say, 'I want a written contract.' In many ways, there is no contract, there is just a dedication of love, and in this love, the service is repaid by benefits to the Soul.

There are so many excuses for all that is wrong, all that is immoral, and in the manner you would say it in your day: 'They are just excuses.' There is nothing admirable, or even moral, backing them up.

I have spoken before in This Great Miracle. I call It 'Great' because It is giving so Many of Us Here a chance to communicate verbally, openly, to thousands and thousands and thousands who are in a position to understand the Importance of human life and become Great, Great Saints.

Our Love for The Father, and of course, His Love for Us is beyond any human understanding. But through This Great Miracle, He allows Us to show you, through Our Words, how you can, not just please Him, but be with Him for All Eternity. What I speak is not myth. What I speak is because of the Importance of human life, the

Reason for human life, and what can be accomplished through the human life. So be it.”

JULY 23, 1992 AT 4:10 P.M.

SAINT BERNARD

“I am Saint Bernard. We come in a moment’s notice through the Soul, the intellect, the voice box of *this woman* in the world.

The Lesson¹ you have just received regarding the importance of practicing self-control, self-discipline for the benefit of Souls, is important to your Soul.

Anger, when it is allowed to be harmful to another human being, when it is just venting one’s emotions, irritations, is a sin. Venial though it may be, it is a sin. Mankind does not want to hear this. Mankind wants tolerance of all the human emotions, passions and feelings that are irritating to one’s type of living, position in living, workplace or authority.

So Many of Us Here in the Heavens, wait for The Father to tell Us We have permission to inject into This Great Miracle a Lesson that will help

¹ Refers to a previous Lesson to the people present at this time.

others understand the importance of all the senses of man: speech, light, touch, sound. You say, 'Is there not another one?' Let Me give you the opportunity to think about this, for if We hand you everything, it can eliminate your process of thinking, your process of looking into the fullness of a topic, a situation, or a practice of communication with others.

You live in a time of so many men, women, and even children, accepting impurities that are devastating to their Souls, because at the time the act, actions or circumstances are occurring, they eliminate looking into the whole of what is truly happening, and they fall into the trap that is set to demoralize them. It is demeaning to their Soul.

Man has a phrase loosely used, seldom practiced, unless it is for the physical appearance or monetary gain, and the phrase is: 'Practice what you preach.' It would be wise for mankind to look more deeply into what is spoken, what is suggested, what is proposed, and not let one of the facets of it be either sidetracked or omitted, because that one facet, like the one word missing in the senses,

could mean a loss of control, a lack of understanding to the fullest degree.

Mankind says: ‘I have made a permanent commitment to God. I intend to use my whole life to serve Him.’ When this is spoken, it is usually spoken with sincerity, but until all the facets of such a commitment are looked into fully, logically and with sincerity for the benefits to be received, such a commitment would lack not just sincerity, but the ability to be accomplished correctly, properly.

Every Lesson that God allows and has allowed to be handed to mankind could have a Title, but the reason there are no Titles on everything is, man has a way of remembering a Title, and then slowly depending upon the Title and forgetting the full Message.

Your act of love, in working in This Great Miracle, is Blessed in so many ways. Never forget: someone, somewhere, sometime, near or far from where you are, might read the Words and it will change the whole course of his or her life. So be it.”

JULY 24, 1992 AT 11:20 A.M.

SAINT CATHERINE OF SIENA

“Early on this morning I made entrance into This Miracle of not just Hope, but of Instruction. This Miracle is to encourage all of mankind to be alert to purity of mind, body and Soul. In the time in which you live, and there have been many times before this, that mankind ignored what the Real Purpose of human life was intended for.

In what I am going to say, I want men of all creeds, and this includes women also, to understand that the fulfillment of God’s Will is not difficult, and it is truly understandable if mankind will but just see the reasonability for the Creation of man.

If you were asked, ‘What is your goal in life?’ and you said, ‘Sainthood,’ what kind of response would you get? For the most part, Sainthood is considered something that is administered mainly by the Catholic Church.

I, Saint Catherine of Siena, ask you: ‘Under what conditions would

you answer man's question, if you understood fully all the virtues that could be practiced by you that would definitely assure you Sainthood?'

Too few people throughout the world dwell on parts of their nature, parts of their personality, parts of their actions, parts of their communication with others, as being a perfect way to use the physical life to become a Saint.

Children should be taught what virtues are, for the benefit that can be derived from them. Children should be taught the danger that can be derived from outbursts of anger, selfishness, foul language, and impure thoughts, words and actions.

So many times, in the Revelations passed through *this woman*, the words 'mankind, children, man, woman, men, women', are used. Also, the words 'all creeds' are encompassed with All the Lessons passed to man in This Miracle that must be spread throughout the world.

When the Words reach the multitudes, those who have a degree of sensitivity to God, I mean a genuine sensitivity, will feel the Power in the

Words, the Lessons, the Instructions, and will benefit immensely from Them. Those who deny the Value in What has been spoken, What has been written, in shrugging These Valuable Things out of their life, will find in many areas of life, little meaning and little understanding.

The woman through whom I speak, *an instrument* of The Father, has in many cases had to not just defend What Many Here have spoken, but has stood with a will beyond human strength, showing the Truth that is in These Words cannot be denied.

Many Here have Blessed many who have heard the Words, the Instructions, the Directions. Many Here work diligently to help children of all creeds to understand the Importance of the Soul that is in each human being, for a specific reason, because It is a Portion of The Father and must be returned to Him in a Pure State.

There is a great battle in the world, not always obvious to the eyes of mankind, but it travels at a tremendous speed. There are so many combinations of hypocrisy, heresy,

obscenities, moral atrocities, that mankind would vomit if the sight of the battle could be seen.

These Words have been given because of a Deep Love, so that more Souls will be treated with much more sensitivity, more understanding, and a personal love in many places, in many people.

The Soul is not just a forgotten Portion of human life, but to many It is an unthinkable reality, and many refuse to even consider It as a Portion of themselves. So be it.”

JULY 24, 1992 AT 12:25 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. It is difficult for mankind to truly understand all the heresies that are taking place in the time in which you live. For the most part, mankind ignores a heresy or he participates in it. He does not see it as a serious threat to the Souls of mankind.

In many ways the Soul is a forgotten topic of discussion, a forgotten Item, a forgotten Reality. The Soul is not a point of teaching, in teaching, where spirituality is the lesson being taught, stressed or indicated. Mankind talks religion but the instruction or conversation is rarely on fact, but on interpretation.

If The Father would allow it, I would shout to be heard by mankind: ‘If you practice heresy, you are paving the way to Hell for yourself. If you practice heresy, there is no question you are omitting the Truth where God is concerned, and you are practicing strictly a humanistic interpretation of what life is all about.’ So be it.”

JULY 24, 1992 AT 1:05 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. I fully understand what it takes, what it means to listen for the Voices you do not hear as a voice, but as an Inner Communication that is strictly between The Father’s Way and Will and your whole being.

When man talks about a war, it automatically says two sides: one right, one wrong; perhaps even one good, one evil. There is a great war going on throughout the whole world, in different areas of the world. Little of it is justifiable, for there are many who begin wars who do it strictly for self-gain, self-pride, self-acclaim, but using other people to fight for them, to die for them.

Those who are on what one would call ‘the side of justice, truth’, very often fight a battle that takes many lives. The battle in the world now — it is not obvious but definitely being fought — is the battle that satan is trying desperately to win, and he is using all types, all sources, all means,

all weaknesses of many human beings to destroy the Souls so that these Souls will be lost to God.

Needless to say, The Father Is All Powerful, but do not forget, The Father Is All Love, and He gave the will, He gave that line of decision, that act for decisions, and He wants all who are involved in this great battle to choose purity, integrity, sound values, sound standards, and of course, His Way for the Soul, over all that is satanic.

If mankind will but realize there is great strength in morality, super strength in loyalty to God, and each individual instinctively knows right from wrong.

So Many of Us Here constantly watch over This Great Miracle, in Our Way pleading with mankind to recognize false leadership, and see the Beauty, the Greatness, the Hope, the Direction and the Love that The Father has for each child's Soul.

Do not forget, you are extensions of a Great Miracle. Your work, your time, your desire to please The Father, will in many ways show, because as you work and walk as a warrior for God,

the Sword you carry is the Sword that will save your Soul. So be it.”

JULY 24, 1992 AT 1:35 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I smile from the Heavens when I see so many respond to The Miracle that bears My Name, The Miracle of Hope. It was given this Title because It is extending to the world of mankind, Hope. The word, though small, has a magnitude to its full meaning, in that it encompasses hope for the physical, hope for the mental, hope for the Spiritual, hope to one day become a Saint.

There has been so much Instruction regarding the Soul. This is a Very Important Portion of The Father, as a Special Gift to mankind. This Gift of Love is a Gift of Hope.

As My way of life, when I walked the earth, is being studied to a point, I bless the work, for there is much sincerity in it. I watch over those who diligently and fastidiously make determinations regarding the part I played in the Nativity, the time before the Nativity, and of course, the time after.

I bless you, each of you, who work for This Great Message to be transmitted throughout the world, for This Message transcends any other Message that passes through books, over the wire, and all forms of communication available to man.

I bless you with The Father's Heart; you know It as Sacred. When in need, I suggest you go to His Heart, for in His Heart, He holds each human being. So be it."

JULY 24, 1992 AT 2:45 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. So many children of all ages, when they pray My way, pray for particular things that I am associated with, things they heard I will answer quickly on.

If mankind could see Heaven as We Here know It to be, mankind would say, *‘God, take me to Your Place; I cannot wait to see the Beauty that surrounds All of Those Who You have taken to be with You.’*

Heaven is not a beauty as you know beauty to be. It is beyond what mankind has ever seen. Heaven is a State of Grace, a State of Purity, a State wherein the Soul, in being with The Father, feels nothing but Happiness, Joy, Love.

All Here, knowing what earth is like, knowing what mankind is subjected to, understanding the decisions mankind has to make, We watch constantly and try, in Our Way, to help mankind see the value of morality. Much passes from Us to mankind, but because We cannot be seen even

when We are present, mankind's will sees only what is present, and has the decision to make as an individual.

Many times many impure decisions and immoral acts is what a man, woman or child chooses. We immediately say, 'Make restitution so it does not leave a scar, for do not forget, The Father wants the Soul back.'

So many say they mean to pray but they were so busy they didn't have time. Every act during the day can be offered as a prayer, and in doing this, it will make you aware, that if this is an act of love to God in the form of a prayer, you will choose the purity because you know that any impure act or actions would not come Here.

There are so many Lessons to be taught to the whole world. There are so many in the world who are being subjected to atrocities to their mind, their body, their will, and of course, their Soul.

There is so much confusion because of the demonic implantation in all areas of man's daily living. Sometimes in workplaces, there are so many temptations. Sometimes in

the homes, there are so many sinful practices. Sometimes in the social life, where there is great anticipation to find relaxation, it turns out to be nothing but immoral desecration.

I know that some who will read the Words being bound together for their attention, will not see the Full Value intended, but it is Our Hope Here that if they do not understand the full meaning first, they will return to the Words for the benefit of their Soul, and they will see the full meaning that was meant.

So many Souls stand on a precipice of life or disaster. So many Souls cry out for help. The Soul is dependent upon the individual's will in so many areas of life. Mankind must understand the responsibility that he or she holds for the Salvation of his or her Soul. So be it."

JULY 24, 1992 AT 3:25 P.M.

SAINT PATRICK

“As you were told, the Words The Father has passed on to the world of mankind must reach all types of people. I am Saint Patrick.

There are many throughout the world that profess strong belief, strong participation, great strength in their interpretation of their obedience to The Commandments of God. We many times see these same people acting in a totally opposite manner, and have little Faith in what they have been taught by their elders, by those who hand it to them verbally, and by their actions, what would be termed ‘obedience to The Rules of God’.

As I look into the places that man celebrates traditional practices of ceremony that is meant to draw mankind to a greater State of Grace, I see so many who obviously do not understand the full measure of what the ceremony means.

Man says, ‘I must go to confession; I do not want this sin on my Soul.’ He walks into the confessional,

he confesses the sin or sins. He expects the Blessing for this Sacrament and he walks away feeling better, but he does not always make retribution, nor does he never again sin in the same manner that he just confessed. He approaches the confessional again. He expresses his weakness. He is again forgiven. He receives a Blessing for this act of penance and he goes out and feels good again.

Ask yourself, those who are hearing Me at this time, and those who will read the Words that will be put in print: How many times have you done this? How many more times will you do this? What excuses do you have for repeating these offenses, and do you understand, in repeating the offense or offenses, there is more retribution necessary for the Salvation of your Soul?

Strong Words, yes, but hopefully, Words that will make you think, that every act you do, every sin you commit, is absorbed by your Soul and there must be personal retribution. If you steal something from another human being, justice says you must return it or pay a penalty, because of a particular Commandment that says, *'Thou Shalt*

Not Steal'; another Commandment, 'Thou Shalt Not Covet Thy Neighbor's Goods.'

People talk about God but they do not talk about the Importance of His Existence, nor do they truly declare openly that they have an obligation to obey The Rules, that they believe in His Rules, and that they realize that they will be accountable for the impurity against the Soul, for their contribution to immorality that will affect others' Souls.

It is definitely time that men, women and children understand that when human life was created, there was a dignity, a Special Love for this creation, and a Definite Purpose in it, for it. It is time mankind understand that there is nothing wrong in enjoying the physical life according to God's Rules, and not some false rules that justify impurity, immorality, indecency, injustice to the Soul of the individual or other individuals they associate with or are example to. So be it."

SAINT BENEDICT

“Man has a habit of accumulating possessions of all different kinds. Some choose financial security to the point where it is beyond what is necessary, but in so many ways it becomes such a habitual habit that they lose sight of the meaning of other things in life.

If you were to say to these same people, ‘How much Grace have you stored up in the last year?’ they would look at you, sometimes some of them would laugh and say, ‘What would I do with Grace?’ Some would say, ‘What’s Grace?’ Some might say, ‘I’ll wait to worry about that at a later date; right now I am more worried about financial security.’

Then there are those who like to gather things that belong to other people. They surround themselves with memorabilia, they surround themselves with things that other people felt they had to have. If you were to ask these people why this was such an attractive hobby, habit, in most answers you would receive, their

response would be considered trite because of the illogical association. Many times it is greed, many times it is just a feeling of possessiveness, possessions, that they feel give their life and them attention.

Those who read These Words, I ask these questions: ‘How much Grace have you stored up for the Salvation of your Soul? How much attention have you paid to God’s Commandments? How many acts of charity did you perform, not asking for any return or thanks? How many times have you defended right from wrong openly? How many times have you chosen morality instead of immorality?

‘How much of yourself, your way of life, have you given where it is needed? How much attention did you pay where someone needed to talk to you? Was your interest sincere and did you respond to a need? How much would you measure on a scale, your love for God, compared to the scale that measured your self-love?

‘How many times have you consoled those who needed consolation? How many times have you given the time to listen when another human being

needed someone to talk to? How many times have you rejected love from a loved one, and yet turned to another one you hardly knew?’

I am Saint Benedict. I have spoken before. There are Two of Us Here now. Some of what We have said is what I have filled in. Sometimes when you take the Words, Several of Us are present. Sometimes when One begins to speak We join in the Lesson. We do not always announce Our Presence for it could be confusing to some who will read the Words at a later date.

As you walk together upon the earth, all from different locations, areas, We, too, walk from different Portions of Heaven, to join in communications. So be it.”

JULY 24, 1992 AT 5:10 P.M.

SAINT DOMINIC

“I am Saint Dominic. As I look at the world upon which you live, in which you live, I am always ready to serve The Father’s Will for the benefit of all Souls throughout the world. There is so much attention by The Father at This Time, using All of Us Here to strive to protect the Souls of mankind.

There are so many desecrations to The Blessed Sacrament, by men who are close to This Sacrament, who have the power of being the dispensers of This Sacrament. Even though so many people throughout the world are recognizing the lack of respect to This Sacrament of that Precious Gift, The Son of God, they do not speak up at the sacrilegious approach, denial, and handling of It.

There are so many excuses for this negligence. There are too many people throughout the world, taking It for granted. There are more than you know, using This Sacred Gift in wrong manners, wrong ways, abusing It.

This Miracle has been given to the world to inform mankind of so many things, so much that should be and must be corrected, and so many areas that must be returned to the dignity of solemnity, and stop being used by the frivolous, humanistic evaluations of not only those in charge, but those who stand by as participants.

Prayer is no longer looked upon as a means of an Act of Faith. It is oftentimes rambled through because it is felt an obligation, not a privilege, not a sincere communication.

The men who are responsible to teach, to instruct, to correct, to lead those who follow Christianity in formal ways, must understand that the responsibility to stand in dignity and openly confirm one's beliefs must be done immediately, else more sacrilege, more abominations will occur.

Mankind is so indifferent, and in another way, so afraid to stand up to the so-called 'authority', when in reality, the congregation, the members of this particular organization have rights, have obligations, and most certainly have the opportunity to

demand respect and demand that the abominations be stopped.

The authority must be told, must be shown, not by a few but by many, because there are many in charge whose faith is based totally on the accumulation of monies, profit, and the position they hold in authority.

There have been other times in Church History when abominations have been prevalent. The time in which you live is a time man calls 'modernization'. There is not one of the portions of this word standing for what you feel is right, is good for the time in which you live, is acceptable.

Why is it so easy to stand up for a generalization of what is acceptable, and so difficult to stand up for what should be correct in the Faith you hold dear, the respect necessary for The Sacrament that represents a Great Sacrifice, for the Soul to come Here? A Gift of Love should never be cast aside. This Gift of Love I speak of is the Greatest Gift man could ever receive.

Man has a saying. I may use it slightly different than you say: 'No greater love has man than to give his

love, his life, for his country.’ I say to you now, ‘No greater love should man be concerned with than the love that should be returned to The Father for all He has given to man.’ So be it.”

**THE TWENTY-FIFTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

OUR HEAVENLY MOTHER

**“We have taken a *small body*;
We have, in so many ways, entered
this body, using a Force beyond man’s
understanding, in penetrating the
human body to prepare the reception
of The Father’s Will to be done. It
could be interpreted to be abusive,
because of the Strength of the Power
that had to be introduced slowly in the
preparation, for so many Messages to
be received for the benefit of millions
of Souls to one day come Here.**

**Today is truly a day that should
go down in Spiritual History, for in
this length of time, no human body
could have endured the Power that
has surged through it, for Words of
Great Importance to be available in
your time for the benefit of Souls of
all mankind.**

**It is true, when We first began
to be obvious in Our Entrance through
this *small instrument*, the Power We
used was foreign to the body, and Each**

Word was torture when It was allowed to come through. It is sad to see so many men, women and young people take for granted The Father's Gift of Divine Love for the Salvation of so many Souls.

When We talked in the beginning, those who heard the Words rarely saw the Beauty and the Real Miracle that was occurring. So many took It as an oddity, not in the real sense of the word. It was a Miracle happening before their eyes, a Miracle of submission of a will for The Father's Will to be done at a moment's notice, at any moment in time.

Man says, 'I do not want to suffer.' A great amount of physical suffering took place since the very beginning of This Miracle of Hope that is, that has been designed for the Souls of all mankind.

The deceit that passed before *this instrument's* eyes, before her being, was always seen by her. It still is. It is one of the Protections allowed, because The Miracle, as you know It to be, is for the Protection of the Souls. Many battles have been fought. No human being present, no human being

would have or could have fought the battle for purely personal reasons.

Many of Us stand Here in the Heavens and are fully aware of the physical and the mental torture, the Responsibility that this *little instrument* of The Father is faced with every moment of every day. Many times We hear her say: ‘God, can it stop today? I am tired. Has not enough been given? Are You not happy with the results?’ And then, in the next breath, after this request, and after His Words pass through her, she is in many ways able to say, ‘*Your Will, God, not mine*’; not easy in the human mind.

Those who have passed physically through This Miracle of Divine Love have many times treated It lightly, and the awareness of this, because of their Soul, is one of the most difficult things for her to handle, to understand, or be a part of.

In the world today, there are so many thousands, millions, who constantly ask for a Miracle, mostly physical, mostly financial, mostly for personal needs. This Miracle has been given for a Purpose beyond what man

cries for, asks for, seeks. This Miracle has been given for a Great Reason, and that is for the Salvation of Souls. It is not easy for man to understand why The Father has taken so much time to instruct, to alert, to direct, to encourage so many verbally, and put so much in writing for That Portion of mankind, the Treasure in each human being that is ignored so much in the actions and in the mind; but The Father knows what a terrible thing it would be to lose This Portion of life to the enemy.

I will not speak much longer, for as you heard the Words in a continuity earlier on this day, twenty-five years ago, the torture of receiving These Words, in the manner you receive Them now, was unbelievable.

I bless the world with The Father's Love, and I beseech you to see that All He has given will be passed to every corner of the world, and even in different languages, if need be.

I have listened many times to the tears of *this woman* falling from her eyes. Tears have a sound, difficult for some to believe, but as your Heavenly Mother, I am aware of the sound of

tears, for do not forget, I stood at the Foot of The Cross. I, too, had tears. Not too much is ever spoken of this. So be it.”

JULY 28, 1992 AT 3:40 P.M.

**THE TWENTY-FIFTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

OUR HEAVENLY MOTHER

“This day compares to a time twenty-five years ago. The Will of The Father was expressed with Great Love through the Wind of The Holy Ghost. The Announcement that a Special Time was about to begin was not fully understood at that moment, but as time passed to thousands, Words of Direction, Words of Instruction, some realized that a Special Teaching had been given to them.

At such a time of such Great Importance, it is difficult for those who have little Faith to respond, to comprehend the Greatness of God’s Love for all man. You have been given millions of Words, and in the time in which you live, These Words are Strength, These Words are Direction, These Words are to benefit the Souls of all men.

Let Me take you now to a hundred years from now. These Words will be in many languages, and will be

in many books, accepted by particular people who will pass These Lessons, These Directions to many, many at that time, in time, and they will say: 'This happened a long time ago. How lucky man was at that time to learn and begin to know the Importance and Value of the Soul.'

At this time now, the knowledge of the Real Existence of This Portion of The Father that resides in each human being, has been given in such a delicate manner, and yet is a Lesson to give great strength to living the life as a human being.

In the time of Moses, those who walked with Moses could not fully comprehend the reality of what had happened, and when he instructed personally, many times they only absorbed a portion, because being human, they would be sidetracked, and would be attracted to the things that were more common to their understanding, more available to their way of living, and yet These Rules, These Commandments are still of Great Value in your time, thousands of years later.

At the time that Joseph fled with the Woman and Child, as They truly were of Divine Origin, it could not be shown, because They walked in a human world. The Lessons had to be taught, the Direction had to be shown in the manner of the human way, for mankind to understand, for mankind to be able to relate to This Act of God's Love, for if They had walked totally in the Divine Outward Appearance, it would have been impossible for mankind to relate to.

The Father hands Great Miracles through mankind, Teaching Miracles, Miracles of Instruction, Direction, Miracles man can relate to, Miracles that mankind can respond intelligently to. There are so many Beautiful Messages the world has been handed through *The Miracle Of Saint Joseph*. Granted, some of the Lessons have been very concise, but the Message is there. If the Messages had not been concise, many men, women and children would find it difficult to follow, because of the time element it would take.

I am your Mother. I am your Heavenly Mother. I am The One Who has been sent on this day to give you strength; also, to give you The Father's

**Love, for He wants you to always say,
'Your Will, my God, for mine would not
be enough.' So be it."**

JULY 28, 1992 AT 4:50 P.M.

**THE TWENTY-FIFTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SAINT JOSEPH, THE HOLY SPIRIT

“I could not let this day go by without expressing My Love to those who work for the Father’s Will to be done, for children of all races, all colors, all creeds to be enlightened about the Light of Divine Love.

My Name, spread throughout the world as The Father of The Son of God, as The Husband of Mary, is and always has been a very Special Name, for it gave mankind a definite way of life, that man could understand, could relate to, and see so much significance in, always associating themselves in the same role.

Before this time, your time, there has been some discussion as to what My Role really was and is. Many try to deny that I Am The Holy Ghost, The Holy Spirit, and this is a sadness to Me, for if these very same people would look at The Holy Family, how else could it be? Would The Father entrust The Heavenly Mother, and

that Other Part of Himself, to a human being?

Man tries so hard to stick to facts, many times overlooking reality. This Miracle that bears My Name is a Miracle of Teaching, a Miracle stressing the Importance of the Soul. If those who deny My Being The Spirit of God can believe in the Soul, then are they not missing an important issue here?

Man was created to the Image and Likeness of God. This has much meaning to it. Man was handed a very Special Portion of The Father at the moment of conception. At the Birth of The Son of God, the Light through which He passed was The Spirit and Light of The Father, born to the world as man.

The shepherds and the wise men were said to have followed a star. Logic says The Father, in a special way, gave them enlightenment and passed into their minds and way, the Spirit of being able to understand a Great Happening had occurred, encouraging them beyond human understanding, that this time in which they lived was a Special Gift of Love that would be

historically remembered because of Its Greatness, and because it was the beginning to fulfill Divine Will for a reason later to be announced.

As I bless all of you who write My Words, I bless all who will read These Words, and I bless all who will pass Them on, for as you write, others will begin to understand the Beauty of Divine Intervention that is taking place, even in your time. So be it.”

**THE TWENTY-FIFTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SAINT ALPHONSUS LIGUORI

“As you diligently work to pass on to the world Instructions in what mankind must understand regarding the Gift of The Father, the Portion of Him that is in each man, children say, ‘I must learn certain things; it is expected of me to pass a particular course in understanding History, Mathematics, Science, Language, English, and many other things.’

How many would say, ‘I must better understand what I am all about as a human being’?

How many would say: ‘I feel there is more to me than just what I am expected to understand in the form of knowledge, associated with the things in the world that I partake in, or will partake in eventually. I’ve heard about God, but I cannot connect a Face to Him. I’ve heard many things regarding what He expects of me, but I see Them as Rules, I understand Them as part of human living.

‘I am told that I was created to the Image and Likeness of God. I wonder what part of me truly looks like Him. I listen to others talk, but I do not hear them say, really, what is inside me that makes me even think of God. I cannot connect it to my daily thoughts. I cannot connect it to things I learned. I cannot connect it to the place in which I live, because we are all busy learning other things.

‘We have a daily routine. We have responsibilities, but there is Something inside of me that seems to call out that I am to pay attention to It, and sometimes I say: “I wonder what it can be.” I read some Words. These Words mention a Soul. Now I feel That Part of me I cannot see, That Part of me I cannot touch, That Part of me that makes me feel there is something more to what I am all about.’

What I have just related to you is important because it is, in many ways, something that is going on in different ways throughout the world. As I speak from the Heavens, We are totally aware of every thought that passes through every age, every human being. We are totally aware of the cries for help. We are totally aware

that there is great need for children of all races, all colors, all creeds to be taught about That Important Portion that was placed within their being at the moment of conception: the Real Purpose for living, the Real Purpose for Goal, the Portion of God, the Soul.

If The Father had handed to each newborn child something to carry in his or her hand, it could not have been, for the strength would not have been there, nor the ability, so in The Father's Wisdom, He placed within the being, a Portion of Himself.

Now, there are many things that affect the Soul. Of course, the main one is the will, the will to do what is right, the will to do what is pure, regardless of all the temptations or suggestions to choose the other way.

Man has been given a conscience. He talks about this, but does he really relate this conscience to his actions? Does he take this conscience and say, 'This is definitely an important part of me, for if my conscience is clear, I feel good, I am happy; if my conscience has an impurity in it, I feel differently'?

Man must begin to understand more about the conscience that is so

closely connected to the will, and must understand the importance of the will to the Soul. I am Saint Alphonsus Liguori.”

JULY 29, 1992 AT 12:17 P.M.

SAINT ATHANASIUS

“An alarm is ringing throughout the world, alerting mankind to the fact, the sound reasoning, that man must be the obvious interference for all that is good, because of the enemy of man, satan. Satanism is more prevalent than those who are in a particular Faith can believe it to be. They are ignoring all the signs, and the alarm keeps ringing.

Children are being led into obscenities, obscene situations, and the children in many areas and cases know these things are wrong, but do not have the Spiritual strength to escape.

Throughout the world mankind has replaced The Commandments of God. This is the alarm ringing, because mankind has fallen into the trap of so much sinfulness, so much impurity, that man is becoming obsessed with the rationalization of the impurity and is ignoring the alarm that is ringing.

The Miracle of Hope has repetitively told mankind of the

dangers that lurk in every area of life. Some hear the Words spoken and agree, some read the Words written and agree, but they are passive in their actions against all the impurities, the obscenities, because they feel they do not have the ability to correct them.

I, Saint Athanasius say: ‘Man does have the ability to step in, in many ways. The first step is saying out loud, “I don’t agree.” The second step is speaking in a determined manner, “I cannot accept,” and then name what it is they cannot accept: heresy, impurity, obscenity, and so on, and so on.’

The alarm will not be turned off. This Miracle has been sent to the world to be the Alarm, and that is why the Words must pass to all corners of the world. So be it.”

JULY 30, 1992 AT 12:54 P.M.

SAINT ATHANASIUS

“There are a Number of Us ready to speak, to give a Lesson through *one human being*, that is to be spread throughout the world. The Lesson is an Important One, for It is designed to make mankind think.

We oftentimes hear someone say: ‘I wish I had never been born; life has so many problems, so many heartaches. I am sick so much of the time, I am constantly afraid of what tomorrow will bring. I feel no happiness, I feel so many things are wrong.’

This *Miracle Of The Beloved Saint Joseph, The Holy Spirit Of God*, has been presented to the world, to teach mankind the Purpose of human life, the Beauty of human life, and the Reason for which human life was created.

Mankind, when he speaks of living each day, forgets one major part of being alive. Logic should tell him or her, The Father had Great Purpose to such a design for the Creation

that was to recreate more of the same kind. If more men, women and children throughout the world could understand the Beauty of human life, the Privilege of human life, the Goal for which it was intended, mankind would see life so differently and man would be happier with more things.

This Miracle of Instruction, of Direction, of Hope, has repetitively told about that Special Gift of Divine Love placed within each human being, the Soul. Also, mankind has been told, along with many other things, that to be an individual human being is special in its manner of birth and the reason for this birth, because of the Soul. The Father waits for this Soul to be returned to Him in a Bright Light, because this Soul will have a name, the name of the one in which this Soul was placed at the moment of conception.

The Goal of mankind should be obvious to mankind, the Love for this Goal is Special, above all creations in the world. I, Saint Athanasius, would like to shout to all peoples throughout the world: 'You are important to God, for one day it is His Will that you return to Him associated with the

Soul He gave at the moment of your conception.'

As We stand Here in the Heavens, We All want to partake in This Great Miracle, because of the Beauty of Its Instruction. The Power of Love that is contained in Every Word is a joy beyond human understanding, being a Part of helping mankind understand why God created man and what a privilege it is to be a human being. So be it."

JULY 30, 1992 AT 2:58 P.M.

OUR HEAVENLY MOTHER

“When mankind wants to tell others about a story, about a product, about a specific occurrence, it is done in detail many times, through the printing on paper, on screens, in books. This form, what man refers to as letting something be known, through advertisement, through making a point of it to get attention, is not just a practical form, but one that can spread rapidly, because of the interest that mankind has in learning about situations, people, and happenings, that he or she would not have access to unless it was put in print.

So much Time, so much Effort, so much Love, by God and by Others Who have been requested by Him to pass Information, Direction, Instruction, through *a small instrument* in the world, and then to have These Important Messages gathered and put in a manner for mankind to read, not just the Beauty of These Messages, but the Importance of What The Father Willed mankind to have.

When the bound Messages reach the areas that The Father intends for Them to reach, We Here will be watching closely the reactions, and also what will be followed by those who see the Magnitude of the Meanings presented in such a concise manner, but with so much Love that is obviously not human love.

I speak with a Deep Love, a Mother's Love, a Protective Love, a Love that is Special, for I want all children of all ages, all creeds, to read the Words and rise to the understanding that These Words are truly Words meant for each of them.

I have oftentimes Blessed those who take the time to care so deeply, to want to be part of spreading These Words, so that more of mankind will be aware of The Divine. I come on this day and I bless you again, for as the Words are on paper, I know what effort it took, I know how much Love is in Each of Them, and I am fully aware of your love, in your willingness to share. So be it."

JULY 30, 1992 AT 3:34 P.M.

SAINT ALPHONSUS LIGUORI

“Mankind rarely talks about a very important part of every human being’s will. This part is called, this portion is called ‘conscience’. Man says, ‘I have committed a sin, I know it’s a sin.’ What helps mankind to understand that what he or she did is wrong?

Conscience is a very important part of mankind’s nature, personality and will. The very word says that the individual feels a moral obligation for what is right.

Conscience is a tremendous asset because it immediately instills in the mind that the act, the thought, the example, was right or wrong, moral or immoral, was justified or unjustifiable.

The word ‘conscience’ is very often loosely used, because mankind does not feel the magnitude of this word for its full meaning, in its fullness in respect to the decisions of the will.

Those who read what I have just spoken, I would like them to ask themselves, ‘When was the last time I was aware of my conscience, or do I take this important part of my will, my decisions for granted, and not truly see my conscience as a direct line to the Salvation of my Soul?’

Sometimes man becomes so obsessed by telling other people what is right, what is wrong, what is good, what is bad, that he or she omits the very fact that the other person has a conscience that automatically registers if what they are doing is a moral judgment or an immoral judgment.

Many times people are involved in celebrations involving other people. Something is presented that is totally immoral. The first thing that comes to a man’s mind is: ‘If I partake, I know what the results will be.’ This is conscience. I am Saint Alphonsus Liguori.”

JULY 30, 1992 AT 5:02 P.M.

GOD THE FATHER

“When someone hands you a gift, the manner in which the gift is handed to you is very important. Sometimes this gift is a total surprise, sometimes it is something you have spoken about and allowed it to be known, but not really expecting to ever really receive it.

I, your Father, have handed to the whole world, through This Miracle, a Gift of Divine Love, a Gift beyond any human gift that man would be able to give to you. First of all, the Gift is an awareness of what your life is all about, the Purpose of it, and the Goal that can be attained by it and through it.

I have handed to you a Deep Love of Mine. I have allowed Many Here to personally pass on to you, Words of Wisdom, Words of Instruction, Words of Hope, Words to help you understand the Beauty that awaits you.

One time, a long time ago, I handed to a man by the name of Moses, a Gift of Love for all time, a Gift to

instruct mankind in the benefits of the importance of choosing purity of mind, body and Soul, through everything they did in the human form, in the human manner of living.

This son of Mine, Moses, was a great leader, a strong leader, a man who put My Will before all things. He faced many battles with mankind, many times their belligerence, their negativism, their despair, their lack of trust. He did not allow weakness. He stood up to them and instructed them verbally, forcibly, to pay attention to The Rules I instructed him in so thoroughly. His Task was Monumental, and his desire to please Me equally so.

I am coming to the world in your time, verbally, and I have commanded *this instrument* to do My Will in spite of any indifference, interference from mankind. All That I Have Given, and Am Giving, is for the Salvation of Souls.

The Importance of man's life is to return to Me individually, in a form that I will immediately recognize as the individual human being I once allowed to be created according to My Will and Way.

Man is special to Me, because through man I will see the beauty of love returned to Me. Man speaks loosely about love, but love is a generous manner of showing appreciation for a gift. Love is special because love responds intentionally.

Some, in the world in which you live, will say I would not take This Time to express what I have just spoken so Personally, but your love for Me will show when you hand the world My Words, and All the Words I have requested you to hand to mankind for the benefit of each one's Soul."
